ANTI-TERRORIST DRIVE IN VIENNA FEATURED BY WHOLESALE ARRESTS

Twelve Hundred Socialists Held in Connection with Alleged Plot to Overthrow Dollfuss Government—Official Circles Claim Anti-Fascists Are Forming United Front with a Common Source of Money and Explosives in Germany—All Closely Watching Outcome of Court Martial of Three Socialist Bombers.

Vienna, July 24.—Twelve hundred Socialists were arrested today in connection with an alleged plot to overthrow the Dollfuss government. It was the biggest round-up of political prisoners since the bloody February civil war.

Political police were picking up threads of evidence which they said indicated Socialists, Communists and Nazis had verged into a common front from a huge campaign of terror against the Fascist government.

Prisoners were herded into a former coach building plant. Police were uncommunicative, but a government spokesman explained most of the arrests were merely "preventative," pending a search of the suspects' homes for explosives and incriminating documents.

A spokesman asserted "lines differentiating Communists, Socialists and Nazi oppositions are gradually being obliterated and they all seem to be working more or less together."

Government circles also suggested that the new "Terroristic Front" has a common source of money and explosives in Germany.

Other quarters closely watching the outcome of the court-martial of three Socialist bombers recently captured in connection with a railway dynamiting expressed belief the wholesale arrests of Socialists means the police are trying to forestall retaliatory actions by radicals in case the bombers are hanged.

Government newspapers are suggesting editorially that Socialists no longer have any reason to oppose the Dollfuss government, claiming the February defeat showed such a procedure to be hopeless and that any Socialists involved in current disorders are risking the gallows merely "as paid agents of Nazi terrorists."

GERMAN VESSEL GROUNDED OVERNIGHT IS REFLOATED

Ship Carrying 1,200 Passengers which Struck Rock During Heavy Fog Last Night, Was Only Cleared During High Tide Today.

Thorshavn, Faroe Islands, July 24.—The German liner Monte Rosa, grounded overnight on a submerged rock off Stromoe Island with 1,200 passengers aboard, was refloated today after an earlier attempt had failed.

Divers began an examination of the extent of the damage to the vessel before it proceeded to Iceland on an excursion tour.

The ship struck the rock last night during a heavy fog. An effort to free her this morning, with local salvage vessels aiding, failed, but the Monte Rosa was cleared when high tide came.

She is owned by the Hamburg-South American Line.

INVADERS CLAIM VICTORY IN AIR ATTACK ON LONDON

Attackers Report Bombing Seven Parts of City and Doing Extensive Damage in Mock Aerial Warfare.

London, July 24.—"Enemy" air raiders who swooped over London last night claimed today to have broken through the city's aerial defences to win a smashing victory.

The attackers reported they successfully bombed seven parts of the city, wrecked the Air Ministry and wrought havoc at docks and other points.

Defenders, on the other hand, claimed to have taken a big toll of the invaders but the full result of the night's combats will not be known until an official report is made.

The mock raids, organized parties charged, served as good propaganda for the government's bigger air force plans.

TWO DIONNE YOUNGSTERS OF NORMAL PROPORTIONS

Callander, Ont., July 24.—Eight weeks old yesterday, the Dionne quintuplets celebrated the occasion by passing their weight above the 19-pound mark. Only Annette, the second largest, showed a loss, dropping half an ounce since yesterday.

Dr. A. R. Dafoe now considers Yvonne and Annette normal babies. The quintuplets, born on May 28th, were premature by two months. It will be another two weeks before Cecile is normal, and probably late in August before Emilie and Marie, the smallest, reach a normal state.

Conditions of the infants was reported satisfactory by Dr. Dafoe. The naevus tumor on Marie's left thigh is causing no trouble, and no treatment has yet been undertaken. Radium treatment may be used as a precautionary measure when she becomes stronger.

Weights in ounces of the babies yesterday with the gain during the previous twenty-four hours:

Name	Weight	Gain
Yvonne	19 1/2	1 1/2
Annette	18 1/2	6/8
Cecile	18 1/2	5/8
Emilie	17 1/2	5/8

FIVE HOSTAGES TAKEN IN BANK HOLD-UP

Oxford, Kas., July 24.—Four machine gunners robbed the Oxford bank here today of an unascertained amount of money and fled with five hostages after shooting up the town.

MUSSOLINI POSTPONES HIS EXPLANATION OF NEED FOR BATTLESHIPS.

London, July 24.—Premier Benito Mussolini, of Italy, has decided to put off until autumn his formal explanation to Great Britain and other powers of Italy's alleged need for two 35,000 ton battleships.

The Anglo-Italian naval conversations have been delayed until October at his request, although they had been scheduled for early in August.

The semi-official journal of the Italian Air Ministry, issued yesterday in Rome, attacked the Italian battleship plans as unnecessary in view of the development of Italian aviation.

Mussolini himself is Minister of Air, certain circles here said they believed the criticism must have been made with his knowledge.

Consequently it was suggested that Il Duce may be hunting for a compromise on his building programme which would be satisfactory to the other powers and his own country as well.

WHEAT DEMAND ESTIMATE IS FAR TOO HIGH

Andrew Cairns, Canadian Wheat Expert, Disagrees with Sir Herbert Robson, Who Believes that World Demand for Wheat Will Take Care of Available Supply.

London, July 24.—Andrew Cairns, Canadian wheat expert who is secretary of the World Wheat Commission, yesterday described as "far too high" the estimate of 350,000,000 bushels in export demand from Canada in the coming crop year starting August 1.

This estimate had been computed by Sir Herbert Robson, president of the London Corn Trade Association who last week figured the world demand for wheat would take care of the available supply in the coming months.

Cairns, in a letter to The Times, declared that if Canadian hopes were built on such a forecast as 350,000,000 bushels, and the serious crop failure in the southern hemisphere can prevent disillusionment.

He pointed out the total world stocks of wheat by August 1 would be around 1,120,000,000 bushels, nearly double the normal supply. He agreed with Sir Herbert that the short crop in the United States would likely reduce that country's stocks to somewhere near normal.

"But Sir Herbert's forecast of the surplus in Canada will also be reduced in the coming crop year," Cairns asserted.

Sir Herbert had figured the probable demand from Europe and extra-European countries would be 350,000,000 bushels, and he computed the available export supply in the coming twelve months as being around this figure.

Cairns, however, declared the latest information available at the Wheat Commission secretariat was that total world stocks of wheat on August 1 would be approximately 1,120,000,000 bushels compared with the 1922-23 average of about 620,000,000 bushels, the normal figure.

POLISH FLOODS CARRY DAMAGE TO WIDER AREA

Eight New Villages on Lower Vistula River Flooded, Although Signs Point to Abatement of Floods Elsewhere.

Warsaw, July 24.—Eight new villages on the lower Vistula River near Torun were flooded today, although there were encouraging signs that waters which have been on a rampage here are abating.

Five new deaths were reported, bringing the total known dead to near the 250 mark. Three persons were drowned at Tarnow and two died at Blioz.

Warsaw the water from the Vistula receded further, despite heavy showers. A fresh impouring was expected, however, from the Swan River.

Conditions along the Upper Vistula were improved, although the river is still nearly five miles wide near Santom. The government continued strenuous efforts to avoid epidemics through a lack of drinking water.

Boton, July 24.—Bishop John W. Hamilton, of Washington, D.C., Dean of the Board of Bishops of the Methodist Episcopal Church and chancellor of American University, Emmitis, died in a hospital here today. He was ninety years old.

Bishop Hamilton was formerly rector of the Massachusetts Institute of Technology and was the oldest living trustee of Boston University.

HAND-CAR AND AUTO COLLIDE NEAR FOSTER

Fred Lacey, of Foster, Sustained Severe Injuries when Hand-Car on which He Was Riding with Two Companions Was Struck by Automobile.

Foster, Que., July 24.—Three residents of this place experienced a miraculous escape when the hand-car on which they were riding collided with an automobile at the Dixon crossing near Foster Station.

Fred Lacey, John Lacey and Joseph Lavallier, employees of the Canadian Pacific Railway, were on their way to work when the mishap occurred. Their hand-car was speeding along the steel rails when an automobile suddenly shot over the crossing and struck them broadside.

The hand-car was overturned and Fred Lacey was pinned underneath, sustaining severe injuries to his arm and back. The other two men escaped uninjured.

Lacey was removed to Dr. Demers' office in Farnham, where his injuries were treated.

HEAT WORRIES POLITICIANS

St. Louis, July 24.—Politicians have been noticing the heat even more than the average citizen.

One hundred and fifty candidates lined up at a picnic to avail themselves of a public address system, but the heat had driven the prospective audience to the shade of a nearby grove—and out of hearing.

SECRECY STILL VEILS IDENTITY OF PERSON WHO GAVE "DEATH TIP"

U.S. Federal Authorities Refuse to Comment on Reports that "Girl in Red" Informed Police of Dillinger's Movements to Collect Reward—Gangster Was Either Broke or Unable to Reach Hidden Loot to Pay to Keep Closed the Lines of Communication to Authorities.

Chicago, July 24.—Gold lured John Dillinger on his career of crime and gold lured him to his death.

Officers found \$7.70 in his pockets, and his body, punctured with bullets, had been picked up in an alley near a north side theatre on Sunday night. Dillinger, private investigators concluded, was broke, or unable to reach any hidden bank robbery loot, and could no longer pay to keep closed the lines of communication to the authorities.

Alive, Dillinger wasn't worth much in dollars. Dead, there was a price of \$15,000 on his head. And that, the investigators concluded, is why someone "put him on the spot."

Who it was, is a secret.

There were reports that a woman, dressed in red, was beside the desperado when the federal agents pumped their deadly bullets into his body, and that it was she who lured him to his end. The same reports said the woman now is hidden away in a hotel, closely guarded by federal agents.

"I won't discuss it," said Melvin Purvis, chief of the federal agents who laid in wait for Dillinger at the theatre.

"Probably," said Purvis, "the persons who gave the tip will never be known."

There was every indication, however, that federal officials knew who supplied the information that ended the Indiana outlaw. Attorney General Homer S. Cummings, who stopped in Chicago last night, briefly while en route to Hawaii, said he knew who furnished the tip, but that he would not direct payment of the reward until after his return from the mid-Pacific.

The "girl in red" and a woman companion were reported by the Chicago police to be held, but the federal agents denied this.

Others who named the names of two convicts who might have given the authorities the "tip of death." From them, the reports said, Sergeant Martin Zarkovich, of the East Chicago, Ind., police might have received the information that Dillinger could be found at the theatre.

In this connection it was regarded as significant that the sergeant and several other East Chicago policemen were on the scene of Dillinger's death.

The cad of Dillinger, federal authorities said, is but the beginning of a new and highly organized drive to capture other members of the Dillinger mob, especially George "Baby Face" Nelson, also known as Lester Gillis.

Detroit police were reported looking for Nelson on the theory that a motor car that figured in a Detroit hold-up was used by him in escaping from Sandusky, Ohio.

While the speculation over the "tip off" was at its height the morbidly curious had their chance to satisfy their longing for a look at Dillinger's body. From early Sunday night on they turned the Cook County morgue into a lively spot, jamming in to see the man who brought terror to the Middle West.

What they saw was a body, tilted on an angle of forty-five degrees in a glass case. On each big toe was a tab, labelled "Dillinger."

There was so much pushing and

RAIL WORKERS FOUND GUILTY OF ESPIONAGE

Eight Condemned to Death by Soviet Court for Part in Alleged Pro-Japanese Spy Plot—Charged with Sabotage Against State Railways.

Moscow, July 24.—The Soviet Government has smashed what it calls a pro-Japanese spy ring by meting out death sentences to eight and long prison terms to fifteen.

A series of train wrecks and sabotage in a locomotive shop were laid to the alleged conspirators.

The military tribunal of the Supreme Court delivered the sentences. It was testified Kim Zayen, a Korean, led the well-organized band which sought information about the movement of troops and supplies to the Far East.

Zayen was among those condemned to death. Efforts to paralyze Soviet railways, involving wrecks at stations at Chernay, Panki and Eudelnaya, and sabotage at Morumsk, were blamed on the defendants.

Workers who received the death sentence were Kozlov, chief of the Moscow freight depot; Michin, an official of the Kazan railway; Alexandrovsky and Slatenin, engineers in the locomotive department of the Peoples' Commissariat of Transport, and a repair shop, believed to be the Morumsk locomotive repair shop; Borovsky, chief of the Moscow station, and Muzanov, a locomotive engineer.

HUNGER MARCH DATE CLASHES WITH PARLEY

Ontario Prime Minister Expresses Regret at Being Unable to Receive Delegation of Unemployed at Toronto Due to Ottawa Interprovincial Conference.

Toronto, July 24.—When the hunger marching unemployed from various Ontario centres reach Toronto on July 30th they will not see Premier Mitchell Hepburn. Neither will they meet Hon. David Croil, Minister of Welfare, who has charge of relief activities.

By a coincidence the hunger march is billed for the same day as the Interprovincial Conference at Ottawa, and both Mr. Hepburn and Mr. Croil will be at the federal capital along with Hon. Paul Leduc, Minister of Mines.

The Premier said it was unfortunate the two events fell on the same day but the rest of the cabinet would have to receive any representations the hunger marchers have to make. It is likely Hon. Arthur Roebuck, Attorney-General and Minister of Labor, will be the senior minister present.

Pending the conference at Ottawa the Ontario Government is making no definite plans with regard to unemployment relief. Prime Minister R. B. Bennett has called the meeting to discuss the continuance of joint federal and provincial relief activities, but has made known the federal government's intention of withdrawing its contributions.

The new Ontario Government will likely have some suggestions to lay before the conference, but as yet they have not been agreed upon. Some members of the Hepburn Government are of the opinion some sort of permanent workable scheme should be adopted for handling relief.

An important cabinet meeting is being held today and further announcements in connection with the government's economy drive and the re-organization of the public service are expected.

HOPES REVIVED FOR QUODDY BAY POWER PROJECT

Construction of Huge Dam Would Give Employment to Six Thousand Men for Period of Two and Half Years.

Augusta, Me., July 24.—Favorable word from President Roosevelt today revived hopes for the long argued Quoddy Bay tidal power project.

Assurance of Mr. Roosevelt's interest in the ambitious plan to generate electric power by harnessing the swift-running tides of Passamaquoddy Bay between Eastport and Lubec was given by Governor Louis J. Brann in an address last night.

The immediate result of the construction of the dam would be the giving the employment to six thousand men for a period of about two and a half years," Governor Brann said.

The Public Works Administration several weeks ago rejected an application for a \$49,000,000 loan for the project, principally on the grounds there was no evidence presented of a market for the power it would develop.

Gov. Brann announced that at the President's request he had named a commission to start this phase of the problem.

The Governor quoted the President as saying in his letter: "With my summer home so near Eastport—on Campobello Island—for so many years, I have been interested in what is known as the Quoddy project for a long time, and

CANADIAN DOLLAR VALUE WAS HIGHER TODAY.

New York, July 24.—The Canadian dollar was quoted at 1 1/2 per cent. premium in the foreign exchange markets today, the highest the Dominion currency has gone in more than a month. The overnight gain was 1-1/8. Sterling was unchanged throughout the forenoon at \$5.04 1/4. The French franc, quoted at 6.59 cents, was off .004 of a cent.

LEAVE TODAY TO ATTEND RELIEF CONFERENCE

Victoria, July 24.—Four members of the British Columbia Government plan to leave for Ottawa today to attend the Dominion-Provincial Relief Conference there July 30. They are Premier T. D. Pattullo, Hon. John Hart, Minister of Finance, Hon. G. S. Pearson, Minister of Mines and Labor, and Attorney-General Gordon Sloan.

Mr. Sloan will speak to the Province's case in respect to "better terms under Confederation," a subject to which he has devoted considerable study.

VETERAN STATESMAN HAS MASTERED WARRING FACTIONS IN HIS CABINET AND IS CONFIDENT HE WILL BE ABLE TO MAINTAIN IT UNIMPAIRED—AGREEMENT REACHED BETWEEN FORMER PREMIERS HERRIOT AND TARDIEU, WHO SPILT OVER STAVISKY SCANDAL CHARGES—UNDERSTOOD RADICAL SOCIALIST MINISTERS ARE TO REMAIN IN CABINET.

Paris, July 24.—Premier Gaston Doumergue appeared to have mastered warring factions in his cabinet today and was confident he could maintain it unimpaired.

Back from an interrupted vacation, Doumergue faced the ministers with the possible fateful consequences of destroying the people's faith in the political truce which the cabinet was created.

He demanded renewed allegiance to the symbol of political peace, represented by the presence of all parties in the cabinet.

Doumergue talked to both Edouard Herriot and Andre Tardieu, ministers who split when Tardieu allegedly charged that the Radical Socialist party, of which Herriot is a leader, knew the late Serge Stavisky was looting France last year.

The Premier attempted to placate both the former premiers, and afterwards Herriot told friends "the difficulty can be smoothed out."

A number of the other ministers were then called into session for five p.m. to attempt to reach a settlement.

A compromise has been based on Tardieu's statement that he defended himself before a commission investigating the Stavisky scandal against charges made by former Premier Camille Chautemps, also a Radical Socialist leader, without mentioning Chautemps' party.

Herriot's acceptance of this view was seen in an unsigned editorial in the Radical Socialist party organ, *Ere Nouvelle*, saying an examination of Tardieu's testimony shows it "is a personal battle, as Tardieu said."

LITTLE RELIEF SEEN AS HEAT DEATHS MOUNT

With Total of 535 Deaths Reported in Record-Smashing Heat Wave, Continued Hot Weather Is Predicted for United States.

Chicago, July 24.—The death toll mounted to 535 today as intense heat blazed down on the United States, smashing records for intensity and duration.

The blanket of heat, as tenacious and oppressive as a mustard plaster, showed signs of lessening at the edges, but in the midst, where its devastating effects are greatest, no relief was sighted.

An unofficial one hundred and twenty degree temperature was recorded at Muscatine, Ia., and above one hundred degree readings were general throughout the Central Western States.

The Atlantic seaboard was cooling, hope for relief was held out for the southern coastal states, and a high pressure area, now over Western Canada, promised relief for the Great Lakes territory.

In Chicago, packers and officials, deluged with record shipments of cattle because of the drought, appealed to government officials to stay the flood of starving animals being bought with federal funds from destitute farmers and shipped there for processing.

Each day added to the hundreds of thousands of dollars of damage to crops and livestock and aggravated human suffering.

Missouri, at the centre of the heat wave, saw 156 perish, and Illinois was second with 129. In Chicago alone, where yesterday the airport thermometer rose to 109 degrees, twenty-five have died from the heat.

COMPLETE ANOTHER LAD IN ALASKAN EXPEDITION

Juneau, Alaska, July 24.—Completing the most difficult day's flight of their Alaskan expedition with successful hops over the Canadian Rockies, the ten United States army bombers landed at 6:35 p.m. P.S.T., last night at White Horse Y.T., a message received here said.

The plans of the expedition called for a take-off this morning for Fairbanks, Alaska, their destination.

It has been my hope that eventually the State of Maine would become not only a great industrial centre, but that its agricultural population would be among the first to enjoy the manifold advantages of cheap electrical power on the farm as well.

Although originally put forth as a private enterprise, planned and sponsored by Dexter P. Cooper, internationally known engineer, proponents of the development recently have envisioned it as a second Tennessee valley project. They have urged its construction as a "yardstick" for electric power throughout the northeastern United States and as a possible source of competition for metallurgical monopolies.

Its development, they have urged, would create an industrial community in northeastern Maine, where sardine packing, blueberry canning and lumbering are now the principal industries.

"Plans for the manufacture of chemical products, aluminum and stainless steel are among the possibilities suggested, and these in no way would damage our factories and mills now in operation," Governor Brann stated.

VETERAN PRIME MINISTER IS ACCLAIMED BY CROWDS

Paris, July 24.—Once again Prime Minister Gaston Doumergue—"Papa Doumergue"—was acclaimed by a cheering crowd as he arrived in Paris today from the quiet of Tournefeuille as a messenger of political peace.

Doumergue came back to straighten out the cabinet crisis aroused by the fight between two of his ministers, Andre Tardieu of the right and Camille Chautemps of the left, and when Doumergue got through it was understood he had removed the threat of an open break by persuading his ministers it was purely a personal battle and involved no parties.

Officials, newspapermen, photographers and the general public packed the platforms of the Gare Du Nord as the sage of Tournefeuille stepped from his train. In a sense it was a repetition of the stirring February days when Doumergue left retirement in response to the call of France and instituted his "National Government" following the repeated crisis and the street uprisings.

But the nervous tension of February was missing, for the man in the street firmly believed Doumergue would completely solve the difficulty and restore calm.

At the same time Paris, which had been entertained to the unique spectacle of a cabinet crisis with the politicians out of town, witnessed an influx. They were all back for today's cabinet.

EX-SOLDIERS ARE TAKING A HAND IN LATEST CRISIS

Paris, July 24.—The French war veterans are taking a hand in the latest cabinet crisis. Billboards of Paris today were plastered with manifestos from the Croix de Feu headed "for the public safety."

Declaring the country demands peace, the manifestos said: "We demand penalties against the responsible parties no matter how high they may be placed; prohibition of secret societies and street attacks; separation of powers; the end of party strife; a fight against speculation and the high cost of living."

"We do not believe in deflation without lower prices; in punishing the guilty without punishing the higher-ups; in constitutional reform with disorder," the manifesto added in demanding a general clean-up of the Stavisky cloud.

NO CHANGE IN CONDITION OF ARCHBISHOP WORRELL

Halifax, July 24.—Little change was observed today in the condition of Archbishop C. L. Worrell, primate of the Church of England in Canada, who has been in hospital here two weeks following an intestinal hemorrhage.

Hospital authorities said the aged primate spent a good night. His condition had improved following a second blood transfusion late last week.

THE WEATHER

MOSTLY FAIR AND WARM.

With the exception of a shower in the Maritimes and thunderstorms north of Lake Huron the weather has been fair throughout the Dominion, rather warm in Manitoba but cool in Alberta with moderate temperature elsewhere. Pressure is high in the Mackenzie Valley and Saskatchewan, also over Quebec and the eastern states but low in the Hudson Bay region.

Forecast: Southerly to western winds; mostly fair and warm today and Wednesday; local thunderstorms.

Temperatures yesterday: Maximum, 75; minimum, 40.

Same day last year: Maximum, 91; minimum, 60.

MONTREAL LIVE STOCK MARKET

Montreal, July 24.—Offerings on the two Montreal livestock markets today totalled 1,434 head. Receipts were composed of 136 cattle, 192 calves, 1,065 hogs and 41 sheep and lambs, including about 60 cattle and 850 hogs held over.

Good cattle were in demand. Calves were steady at prices ranging from \$2 to \$2.50 for grassers and up to \$5.50 for a few good calves.

Good lambs brought \$7, with culls out at \$5.

The hogs were made up of 215 fresh arrivals plus 850 held over from Monday. Included in the run were four hundred or more feeders. Sales were slow at \$9.25 for hogs, with \$1 per hog on premium select. Butchers, lights and heavies were \$8.75 and extra heavies \$8.25. Feeders were not moving. Sows were from \$5.50 to \$7.

Country and Dairy Products Prices

Montreal, July 24.—The local dairy and produce markets were featured yesterday by a firm trend in cheese and carlot eggs. Other prices were generally steady.

For western cheese, prices were fully 1-4c a lb. higher, with dealers quoting a range of 10 1-4c to 10 1-2c per pound, while Quebecs were about 1-4c higher at a range of 9 3-4c to 10c.

In the carlot egg market, dealers quoted A-large in carlots or l.c.l. lots at 21 to 21 1-2c, A-medium at 20 to 21 1-2c, B's at 19 to 19 1-2c, and C's at 18 1-2 to 19c, with trading in the last two grades inclined to be somewhat slower than but-graded fresh eggs. There was no change reported in the level's quoted to the retail trade, these remaining as follows:

VACATION TIME IS BAD LUCK TIME

Dansville, N.Y., July 24.—Vacation time is bad luck time for Edward P. Finn, village American Legion commander.

He was at the Chicago Fair today when he was called home for a funeral. Last year he had pneumonia, preceded annually—all during his vacations—by a fractured collar bone, a fall from a ladder and a relative's funeral.

EX-POSTMASTER OF COATICOOK LAD TO REST

Funeral of A. B. Roy, Who Died Suddenly while on Holiday at Ayer's Cliff, Held at Montreal This Morning.

Montreal, July 24.—The funeral took place in Montreal this morning of Augustus B. Roy, formerly postmaster at Coaticook. Service was held in Notre Dame de Grace Church and interment was in Cote des Neiges Cemetery.

Stricken suddenly while spending his annual holiday at Ayer's Cliff, Mr. Roy passed away on Saturday evening in his seventy-ninth year. An ardent fisherman, he had been pursuing his favorite pastime during the afternoon, and shortly before his death had proudly displayed the largest fish he had taken during fifty years angling in Lake Memphrigoag.

He was born at Coppersville, N. Y., or September 18, 1855, but fifty-five years ago he moved to Coaticook where he operated a general store for nearly forty years. During the last fourteen years of this period he was also postmaster of the town. He was widely-known as one of the leading Liberal stalwarts of the district. On his retirement, fifteen years ago, Mr. Roy came to Montreal, but he spent several weeks of each summer fishing in Lake Memphrigoag. Surviving are one son, William, of Richmond; and six daughters, Mrs. Mary Roy, Mrs. Philippe LeDuc, Mrs. L. L. Luss, Mrs. R. Roussau, Mrs. Albert Maillet, and Mrs. Leo Byette, all of Montreal. His wife predeceased him several years ago.

GOVERNOR AND MAYOR PLAN TO TALK BUSINESS

Two Executives Will Meet Today for a Possible Showdown on Handling of Truck Drivers' Strike in Minneapolis.

Minneapolis, July 24.—Governor Floyd B. Olson and Mayor A. G. Bainbridge planned to meet today for a possible showdown on the handling of the truck drivers' strike.

They agreed to confer at the mayor's office on means of maintaining order, the Governor implying in a formal statement that the National Guard would take control of the situation unless both sides in the dispute moved toward agreement.

Olson has insisted several times that police should convoy trucks while Federal mediators, employers and strikers met in a joint conference. It was during such a convoy that sixty-eight persons were injured, one fatally, in last Friday's violence.

Officials have refused to accede to the strikers' demand. Trucks moved under police convoys yesterday with no interference from strikers although pickets followed them.

Another group of workers, the Launderers and Dry Cleaners Union, voted last night to go on strike to help the truckers.

CAPELTON AND WINDSOR MILLS MAINTAIN PACE

Eustis Miners Downed Bromptonville to Register Ninth Victory and Protect Position at Top of Intermediate Baseball League—Windsor Mills Beat Nationals.

Many things may happen before the Eastern Townships Intermediate Baseball League season finishes, but at the present time the outlook is that Capelton and Windsor Mills will flash down the home stretch almost neck and neck. The Eustis miners hold the rail today, but the Paper Town entry is in the next lane and awaiting an opportunity of closing the gap separating the two leaders. A local squad is berthed alone in third place, while the Sherbrooke Nationals, Bromptonville and Magog are tied for fourth position. Down in the circuit's cellar Richmond and Barnston are quartered, but still have sufficient fight to make matters interesting before the regular programme is concluded the latter part of next month.

Capelton registered its ninth victory of the season against a single loss when the Miners tackled a six to two defeat on Bromptonville on the latter team's diamond. Windsor Mills kept pace by scoring a nine to five triumph over the Nationals in Sherbrooke and today have eight victories out of ten starts. Magog raised itself into a triple tie for fourth place by turning the tables on Sherbrooke's other entry to the tune of eight to one, while Barnston routed Richmond by twenty to four to chalk up its second win.

Luke Lepage pitched well for the Nationals against Windsor Mills, but his support was weak and several of the visitors' runs were attributed to errors in the home team's infield. The Champions, however, outbit their opponents by fourteen to nine and kept the home-esters scoreless until the sixth frame. Godere shaded Lepage on the mound, striking out ten local batters and allowing no free passes to first. Lepage whiffed five and walked one.

The visitors scored twice in the second canto, added a single point in the following chucker and staged a three-run outburst in the sixth round. Two markers in the seventh frame and a lone point in their final appearance at the plate brought the Windsor Mills' total up to nine.

Safeties by Carriere, Blouin, Blais and Lepage accounted for the Nats' two runs in the sixth, while Dion's two-bagger was the principal blow in the home team's ten-run spurge in the seventh inning.

The score by innings was: Windsor Mills . . . 002 103 301-9 Nationals . . . 000 002 300-5

The teams lined up as follows: Windsor Mills: L'Heureux, Bourassa, E. Godere, Longpre, Bailley, Grimaud, Veronneau, Blanchet, and La Godere.

Nationals: Boisvert, Letarte, Dion, Breault, Carriere, Blouin, Guy, Blais and Lepage.

FREER SALE OF BEER AND WINE ALLOWED TODAY

Continued from Page 1. ed but night clubs ran several hours later.

Ontarians sipping their beer and wine in Quebec talked of that day when Ontario would modify the liquor Control Act enough to allow wine with meals or a stein in public. Monsieur only shrugged. That was talk. It would not come, never, never. Quebec had the tradition for hospitality. All this would never change.

But today the blow fell. While in Ontario hotels the carpenter's hammer pounded merrily in making alterations for tap rooms, Hull tavern keepers and their employees mourned.

"It's the swan song of our taverns, tonight," said one last Saturday. "Tonight is Hull's last Saturday night. Nine out of ten of our former customers now have wine and beer on their doorsteps. Some of us will have to close. Unless, that is, Quebec modifies her laws still more."

But so far there is no hint this suggestion is being considered by the Quebec provincial authorities.

CRICKET MATCH HALTED TODAY BY RAIN STORM

England Had Scored 229 for Loss of Six Wickets in Second Innings when Torrential Downpour Halted Fourth Test Match with Australia.

Leeds, England, July 24.—The fourth test cricket match between England and Australia, due to end tonight, was halted late in the morning by torrential rain which had the field covered with pools of water in a short time. Scores before the stoppage were: England 200 and 229 for six wickets; Australia 584.

It began to look as though the elements were going to aid England in getting a draw, after a valiant uphill fight. A draw will leave decision of the entire rubber to the fifth test next month, as the teams are deadlocked so far—each having won a match with the third drawn.

Patsy Hendren and Maurice Leyland were at the wickets when play resumed, the Englishmen concentrating doggedly on defending. Hendren went to forty-two before he lost his wicket, and Leyland was forty-nine when rain forced the stoppage.

The pitch was covered with water in a short time and there were pools all over the field. Play stopped half an hour before lunch and when lunch was taken the rain was still pouring.

It had rained heavily during the night and further showers were forecast at the opening. Just before the play resumed the sun broke through and a wind blew across the pitch, the wicket promising to give spin bowlers every help. It was soft on top and like concrete underneath.

Captain Woodfull went out to inspect the wicket before play began and returned wearing a broad smile. A mechanical roller was sent over the wicket. The attendance was small at the outset, with a threat of more rain any minute.

"We're doomed to see 'funeral' was the way one solemn-faced Yorkshireman greeted the gatekeeper when he paid his half crown to get in.

With the score at 229 the rain, heralded for the last few minutes by rolls of thunder, came down in full force. The players fled from the tropical downpour. Hundreds of the spectators got a drenching.

The rain lightened to a fine drizzle half an hour later as lunch was taken. The pools on the outfield dried up fairly well but the wicket was a small sea and a long, dreary wait was in prospect.

The rain ceased shortly after two o'clock but in twenty minutes another light downpour started. In front of the pavilion there was a pool of water seventy-five feet across.

The rain clouds broke up at half past two and it began to clear. The Aussies eagerly awaited a resumption, only needing to take the remaining four wickets for less than 168 runs to win by a full innings.

The situation was full of possibilities when the rain ceased completely just before three o'clock. The covers were removed and the rival captains inspected the wicket, finding it a sea of mud.

Woodfull after a glance at the pitch rubbed his chin and expressed complete disappointment. It was decided to inspect the wicket again at four o'clock. Under the rules, the match ends at six-thirty o'clock regardless of conditions.

RE-UNION HELD BY FAMILY AT WINDSOR MILLS

Mr. and Mrs. Anthony Ewing Had as Their Guests Three Sisters of Mr. Ewing and a Grandniece.

Windsor Mills, Que., July 24.—An interesting family re-union took place in Windsor Mills when Mr. and Mrs. Anthony Ewing, formerly of Flodden, who now make their home with Mrs. S. Chapman, had as their guests for a couple of days three sisters of Mr. Ewing and a grandniece, Miss Catherine "Kate" Ewing, and Miss Sarah Ewing, of Melbourne, Que., Mrs. Dunn, nee Nancy Ewing, and Miss Mary Thurber, of Montreal. Mr. Ewing and his sisters are the four surviving members of a family of eight children, four boys and four girls, born to Mr. and Mrs. John Ewing, who came to this country from England over twenty years ago and settled in Brompton Gore, afterwards living in Ely and later in Flodden. Miss Kate Ewing, who was the second child, observed her ninety-first birthday in June. Mr. Ewing was eighty-seven in March, Mrs. Dunn was eighty-five in May, and Miss Sarah Ewing was eighty-three last February. They are all strong and active, the Misses Ewing living together in Melbourne, while Mrs. Dunn lives with a daughter and granddaughter in Montreal. Mr. Ewing's wife, nee Agnes Driver, and her sister, Mrs. Chapman, nee Harriet Driver, are also in advanced years, but the great quantity of beautiful flowers in and about the house bear silent evidence to the energetic life they still lead.

General Notes. Mrs. S. McLaren, of Montreal, has been a guest of her sister, Mrs. Francoeur, for a few days. Mr. and Mrs. Charles Varney and Master Dickey and Mr. and Mrs. W. S. Rogers, of Sherbrooke, were recent guests of Mr. and Mrs. G. Crobie. Miss Betty Crobie returned to Sherbrooke with them to spend a week. Mr. and Mrs. S. J. Caswell were in Lennoxville spending the weekend with Mr. and Mrs. H. R. Frizell.

Miss M. A. Poirier is spending her holidays with her parents, Mrs. E. H. Mason and daughter, Catherine, of Montreal, are guests of Mr. and Mrs. J. W. Quinn and Mr. and Mrs. R. Provencher. Miss M. Brown and Mrs. Flint, of Danville, stopped in town on their way to St. Jean.

Messrs. Maurice McDonald and John McCubbin and their families are spending a time at Brompton Lake. Miss Mary Frame and Miss Eunice Moore have returned from the C.G.I.T. Camp, Cedar Lodge, on Lake Memphremagog. Mr. and Mrs. Napoleon Rousseau and guests have gone to Manchester, N.H. Mr. Raoul Bisson and family have left for Old Orchard, Me. Mr. and Mrs. W. H. Morrison are spending a vacation at Old Orchard, Me.

COOKSHIRE Dance Sawyerville, Wed. 25th, 8pc. EATON CORNER Miss May Humphrey, R.N., of Sherbrooke, was calling on Mrs. I. Rogers recently. Mrs. I. Rogers and Mrs. Z. Ward were in Sherbrooke on Friday. Members of the Ladies' Guild of St. Andrew's Church were entertained on Thursday by Mrs. Cecil Jenkin. Considerable business was disposed of. It was decided to hold a lawn social in the near future, and an invitation to give an entertainment at Clifton was accepted. After the business meeting tea was served by the hostess, assisted by Misses Marjorie Winslow and Evelyn Hodge. Mrs. F. Kingsley kindly offered to entertain the next meeting. Mr. and Mrs. Fred Todd were recent guests of Mr. and Mrs. R. B. Parkre, at Bulwer. Miss Florence Kingsley, of Sherbrooke, spent a few days with her parents here recently. Mrs. John Winslow, Miss Marjorie Winslow and Mr. Graydon Winslow recently motored to Montreal. Miss Ceville Gilman, of Camden, N.H., was recently calling on friends here.

MARBLETON Mrs. E. J. Westman and Miss Lela Westman, of Sherbrooke, are house guests of Mr. and Mrs. B. F. Staples for a couple of weeks. Mr. H. S. Gilbert entertained on Wednesday at the noon hour at the Arlington Hotel the following guests: Mrs. Frank Sutton, of Quebec, Mrs. Arthur Gilbert, of Kimberley, B.C., Mrs. Bertram Gilbert and Mrs. Jas. Westman, of Lime Ridge. On Wednesday the members of the Ladies' Guild gave a most success-

MAGOG COUNCIL PLANS TO CURB RELIEF POLICY

Cost of Welfare and Hospitalization Has Been Such, Mayor Kingsland Declared, That Assistance Will Only Be Given in Future to Dire Cases.

Magog, July 24.—A report submitted by Mayor Ed. Kingsland to the complete slate of councillors featured the regular meeting of the local Town Council. His Worship commented on the cost of welfare and hospitalization, pointing out that this phase was developing into an abuse of the town's generosity, and was costing much more than the proportion allowed by the town's budget. Mayor Kingsland stated that relatives of indigents declined to consider their responsibility in the case of sickness, and the burden accordingly fell on the town authorities. Since June, His Worship reminded the council and the many citizens who had gathered at the meeting, the Government had discontinued relief. The consequence, he stated, was that the town was being asked to pay for the relief of those who only in dire cases of persons with no relatives would assistance be given. Otherwise, relatives must come to the aid of their indigent kin and stop the continual drain on the town's resources. It has cost the town \$6,000 for welfare and hospitalization since last November, the citizens were told. The session was brief, including among its items Dr. Cabana's report and a statement prepared by Chief of Police Demers, who reported that his department's activities had resulted in the recovery of two stolen automobiles, a bicycle and a horse. The police, Chief Demers stated, had also co-operated with the provincial police in the investigation into the recent safe-blowing. Before the meeting was adjourned plans were discussed to begin in the near future the much-needed repairs on the Castle Brook and Cherry River bridges.

SCHOOL BOARD MEETING HELD Mr. Ezra Ball was named chairman of the Protestant School Board at a meeting which announced the slate of teachers for the coming year. The staff for the ensuing year, it was divulged, is principal, Miss Magog, and teachers, Mr. Arthur, Miss H. Embury, Mr. Norris, Miss F. Newell, Miss P. Samson and Miss B. Osborne. Many improvements have been made around the school grounds. The newly-graded terrace on the east side has added considerably to the appearance of the property. The terrace was recently tarred and seeded.

General Notes The Memphremagog Band was the recipient recently of a bass horn from Mayor Kingsland. His Worship's contribution is a valuable addition to the bass section and the band has expressed its appreciation of the gift. The lawn social held by the Women's Association of St. Paul's United Church on the church grounds was well attended. Ice cream and light refreshments were served, while music was furnished by the Memphremagog Band under the direction of Bandmaster E. Pothier. Mr. and Mrs. Jim Connors and niece recently motored to "Island Pond" for the week-end. Mr. and Mrs. J. Bice have returned to Pawtucket, R.I. Mr. and Mrs. John Moffatt have returned from a trip to Toronto, Hamilton, Niagara Falls and Rochester, N.Y. Matron of honor Mr. Lucien Bloudeau as best man. After the ceremony a reception was held at the home of Mrs. Bloudeau, Mr. and Mrs. Kelly will reside in Barre, Vt. A very pleasant evening was spent at the home of Miss Eunice Sheldon where a surprise party was held to celebrate her twenty-third birthday. About thirty-five guests were present. The evening was spent in games, dancing and songs. Refreshments were served by the hostess. Miss Thelma Wing, of this place, has returned home after spending several weeks with friends and relatives in Magog. Miss Phyllis Branson was removed to the Sherbrooke Hospital, where she underwent a serious operation. Mrs. J. H. Barber, nee Winnie Felts, of Springfield, Mass., has been visiting her cousin, Mrs. L. B. Pierce, the past week. Mr. and Mrs. Harold Adams have returned from Williamsburg, Ont., where they were guests of Rev. and Mrs. Adey. Dr. and Mrs. Bassow, nee Hannah Leslie, and son, of Athol, Mass., are visiting the former's mother, Mrs. David Henderson. Mr. and Mrs. W. R. Howie have left by motor for Pasadena, Calif., where they will spend a few weeks.

NEW ROCKLAND Among recent visitors in town were Mr. and Mrs. O. E. Spinney, their son, Mr. Harry Spinney, Mrs. Spinney and their young daughter, all of Waterloo; Mr. and Mrs. W. Lussier and family, and niece, Miss C. Normandin, and Mr. L. Marquis, of Granby; Mr. and Mrs. E. Williams and young daughter, Mr. and Mrs. F. Smith and three children, of Melbourne. Mr. and Mrs. Dube, who have been employed by Mr. Donald Davies, have moved to Kingsbury. Mr. and Mrs. William A. Fields, of Montreal, who have been spending a holiday with Mr. and Mrs. E. L. Miller, have returned to their home in the city. Mr. and Mrs. D. M. Lockhart, of Cowansville, Mrs. Tyler P. Streeter, of Springfield, Miss Dorothy Lockhart, and Mr. Aldridge, of Cowansville, spent a day with Mr. and Mrs. Miller. Miss Hilda Pennington, of Montreal, spent a few days with her parents, and has left to enter the teachers' training school at Macdonald College. Dr. H. C. Sutherland called on the members of his congregation at Rockland. Dr. Sutherland, who a short time ago retired from his duties in L'Original, kindly filled the duties of pastor of the United Church at Kingsbury, during the illness of Rev. C. James.

FLANDERS Miss Rita French is spending her vacation here at the home of her parents, Mr. and Mrs. A. E. French, after having spent a few weeks visiting friends at Britannia Bay. EAST FARNHAM

A basket Aid under the auspices of the Women's Association was held in the basement of the United Church on Saturday afternoon. Dr. S. W. Boyd led the devotional exercises. Owing to the absence of the secretary, Miss Grace Shufelt, the minutes were read by Mrs. R. H. Shufelt, and plans were made for the lawn social to be held on the church grounds. Lunch was served at the close. Mr. Dennis Murphy left for Waterville on Friday to spend a few days. Mr. and Mrs. P. W. Taber and Mrs. G. M. Lait spent a recent weekend at Abenakis Springs. Mrs. Levi Shufelt's condition is slightly improved.

ABERCORN Mr. B. P. Spencer lost two cows in Friday night's electric storm. Other cattle standing near were knocked down by the lightning stroke, but suffered no ill effects. The Abercorn Wooden Bowl Co. is now ready to operate as soon as the power company can furnish the current. The two mechanics looking after the installation of the machinery are boasting with Mrs. Joseph Foley. Mr. Arthur Thomas, of New York, was a recent visitor in town. Master Fulford and Miss Peggy Fyles are spending a week at Brome Lake. Gerald Turner was a week-end visitor at his grandparents, Mr. and Mrs. C. M. Willey. Mr. George Layton, Alderman of St. Andrews Ward, Montreal, and Mr. and Mrs. F. J. Fyles were week-end visitors of Mr. and Mrs. F. F. Fyles. Uncle Will, who had sent his little Dorothy a bottle of lavender water, asked: "How did you like the gift, Dorothy?" "It was all right, but I prefer lemonade."

A PROMINENT CITIZEN PASSES AWAY FAR FROM HOME.

They pass away, but they never forget Sherbrooke. Of those who read of the death of R. Dalby Morkill, in his eightieth year, few will recall the face of the energetic young man who departed from Sherbrooke for the West forty-four years ago.

Dalby Morkill was one of the best known mining men in America, his early operations covering many fields in both the United States and Canada. Always he was deeply interested in mining from the prospecting period to the opening and the development.

That his "heart was in the Highland," even unto the day of his death, the subscription rolls of the Record plainly tell, for in all his wanderings he had the "darling dail," as he called it, follow him. That he was loyal to his old friends was proven by the warm reception he always gave to any man from the Eastern Townships whom he ran across in his travels. And he was always posted on the latest news from away back home, even to following the progress of our citizens who had stood by their native counties and cities.

He was thoroughly posted in mining, in oil development and in real estate values, with his two boys, Alan and Dalby, junior, now grown to manhood. The former is married and living in Victoria, and Dalby is in Vancouver. They were both born in Sherbrooke.

The late Dalby Morkill leaves behind him, one brother in Sherbrooke, John T. Morkill, whilst his other two brothers, George H. and William L., live in Vernon, B.C., and the latter in Victoria. The late Mrs. Dalby Morkill, who predeceased Mr. Morkill in 1933, was Georgina Brooks, a daughter of the late Judge Brooks, and she, too, had relatives who still reside in Sherbrooke, Mrs. Hugh Tomlinson and Mrs. Walter Tomlinson.

STRAIGHT, TO EVEN BENDING BACKWARD.

Politicians seldom thank anyone for frank criticism. Indeed, they seem to just hate it, particularly when the ascribed effect follows the cause. Some Liberals got very warm about it when we advised the retirement of Premier Henry immediately after it was discovered that he had benefitted by the sale of the Abitibi power scheme to the Ontario Hydro Commission. It had been better to accept the criticism and act promptly. With fifty years of active study of politics we have some measure of foresight for the causes which provoke the electors.

A Cabinet minister, like a church minister, must walk circumspectly, even where the layman can tell his critics to go jump in the lake.

HAYING AROUNDABOUTS.

The hay waggon in the barn—loaded. When I was a boy they pitched the hay into a mow and tramped it down. Now they dig into a load with a big fork, with a trip on it; the horses hoist it high with pulleys, and a pull of the trip and the hay drops into space—about four to six forkfuls at a load.

The hay crop is spotty, and the price hereabouts is bound to be high. The drought in the United States will do more for the farmers than would ten Marketing Bills passed by legislators, who know as much about farming as they do about political economy.

A fortnight ago Tom Barton on the Glen Iver road, finished a barn without rafters, a capacious and space-saving barn with hewn-log uprights and of bridge-building design. Tom Barton was proud of his new barn, for he built it himself on his own design. Passing by an evening, and seeing the barn well-lighted up, the curious scribe dropped in to see a real old-fashioned barn dance, where the youth and beauty of the township had assembled to do all the waltzes, the square and the round dances of their paternal ancestors. It was both a charming scene and a real occasion. The timothy had not come to maturity for mowing, but the young people were "making hay by moonlight." The host, Mr. Barton, wore a broad smile of welcome and was getting as much joy out of seeing as though he had not undertaken the duties of host. The music by cheery lads from Lennoxville was the sort where the violinists were playing as only real musicians can.

Farming to-day is symbolic of the scene, for in the barnyard the vehicles were all motor cars. The horses were resting up for the morrow's work on the farm, up and down the main road and the concessions, where are located many English farm

families, many of them from farms abandoned a quarter century ago in the Valcartier district. Only a Quebec-trained farmer could make such good crops grow in the near Brompton Lake district.

Perhaps because I worked every vacation and holiday on a farm at a real half dollar a day during my school days I like the farms and the farmers, and am never happier than when making the rounds of a late afternoon or evening. Mayhap a good square meal such as one can only get at the farmer's table is an allure.

Yes, the haying time is the real time on a farm, if you do not get caught by the cable rope which hoists the hay to the mow. The first barn I knew was built of logs, and Tom Barton's new barn is palatial beside it.

EDITOR'S NOTE BOOK.

To-day the beer saloons re-open in Ontario. The people of that province did not ask for any free-and-easy legislation on liquor. They were content. The only objection they had was against the petty exaction of a \$2 license card before a buyer could enter a liquor shop, and without which no one could buy. Non-residents were charged more. There was always a delay whilst the checkers did a little matter of double entry in their books and on the license card. No one wants to tarry in a whiskey shop for longer than they have to, and this fee was a tax on patience.

The railways of the United States are in a worse dilemma than our Canadian railways. They were permitted to increase their freight and passenger rates a year ago but this only served to accentuate their deficits. It was an unsound economic move under government direction of business. Any increase in the necessities of life and living would have a reactionary effect in hard times, and there was a falling off in all haulage. Since government interference in business has grown into a habit there has been demoralization. All such moves should be frowned on by people with the foresight to study cause and effect.

"March! says Mitch." This heading was omitted from the Globe when the Hon. Mitchell Hepburn, Premier of Ontario, invited the Hunger Marchers to disobey the Toronto Police Commissioners. Then he promptly fired two of the Police Commissioners for partisan reasons, thus producing two strong candidates to replace two Liberals at the next general elections. Many other examples of intoxicated elation have been given in a short time, which bring back to memory the first remark of a "pug" who whaled a fading one and announced that he was going to order fifty suits of clothes with his prize money.

Education must go before legislation always. The trouble with the legislation during the last session of the House of Commons was that nearly all the bills introduced and put into the form of an Act were not discussed or understood. Not half the members who voted knew much more than the general public. Members must know that a government should follow public opinion and not try to lead it. An administration which does not know this first problem in the art of government will surely be riding for a fall.

Cabinet Ministers in Ontario will now make some enquiry about the price of bicycles, for Premier Hepburn has taken away all their limousines and consigned them to the used-car yards for prompt sale. The Hon. Mr. Hepburn has an appetite for beer by the glass coupled with a Rolls-Royce opinion of himself. It is to be hoped that Mr. Hepburn is consistent, and does not come under the influence of the bureaucrats by granting an "allowance" for cars.

For every official dismissed in the vindictive spirit of partisanship, and with spleen, the party loses one hundred votes. Multiply that number by seven hundred dismissed postmasters, as in Quebec, and there is a loss of 70,000 votes. We submit these figures to Mr. Sauve, the Postmaster-General in Quebec, and to Mr. Hepburn, who starts in on the Ontario Hydro Power, that they may ponder over the boomerang, and know what injury they do to the party they support. Both should be muzzled by their colleagues until their dog days are over.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record, June 24th, 1904.

Mrs. H. M. Tomlinson and R. H. Fletcher defeated Miss Bradford and Gerald Woodward 6-3, 6-4 in Sher-Tennis Club tournament games. The tea hostesses were Mrs. A. N. Worthington, Mrs. E. C. Fraser and Mrs. Howard.

Teachers engaged for the schools at North Stanbridge and Mystic: Miss Gertrude Gage, Miss Winnie Thompson and Miss Jessie Hall.

Mr. and Mrs. Bert Olney, Castlebar, were entertained by about sixty friends on their wedding anniversary.

Officers elected by St. James' Church Ladies' Guild at Farnham: Mrs. G. F. Slack, Mrs. E. Kennedy, Miss Scarth, Mrs. Brown and Mrs. Bryant.

Fireman Doyle, Richmond, was seriously injured when a G. T. R. passenger train left the rails near Coaticook.

Mr. Robert Pound, Inverness, was seriously injured when he was thrown from his wagon as his horse ran away.

John Wilson, Farnham, left to visit his son at Cranbrook, B.C.

C. A. Kennedy, Coaticook, started erection of a large cottage at Elmwood Park, Ayer's Cliff.

Rev. Mr. Dickson, Minister at Lake Megantic, was named to succeed Rev. Mr. Pye at Scotstown.

Mr. W. R. Blodgett, Sand Hill, was visiting friends in the Northwest Territories.

Rumors of the sale of Anticosti Island to the Salvation Army for a religious colony were denied.

What Editors Say

ECONOMICALLY MINDED

Hepburn undoubtedly has the right idea that the people during this period of deep depression want to save every dollar they can. No economy is too small for them to rejoice over—provided it does not hit them personally. When any proposed economy hits them personally, they are just as unselfish as usual.

ADVISES ACCLAMATIONS.

Announcement is made that the bye-elections for the four vacant seats in the Dominion Parliament will be held on September 24. One of these, of course, is in West Elgin, vacant by the resignation of Mr. Hepburn.

If the bye-elections must be held, it is necessary to hold them next fall, because campaigning would be awkward in the late winter, or early spring before the House meets. Perhaps they will be useful as a test of public opinion, but they can have no effect whatever on the standing of the parties in the House. There is bound to be an election a few months after Parliament meets, and it would not be an injustice to anybody, besides being a saving of expense, if the elections were not held at all.

The government would still have a large majority if every seat went against them, and in our view, unless the parties are spoiling for a fight, or want to throw up trial balloons to see which way the wind is blowing, acclamations might be given in each riding to candidates representing the former party.

PUBLIC LEARNS HOARY SECRETS OF OLD TITLES

English College of Arms for First Time in Five Hundred Years of History Opens for Inspection of Some Ancient Records of Lineage.

London, July 24.—For the first time in its nearly five hundred years of existence the College of Arms is to make an exhibition of itself. The staid old institution, so often associated with the burst of heraldry and the pomp of power, "is to show inner secrets to all and sundry."

Sections of the College's rolls, parchments and other historical treasures, are to be open for public inspection. There will be on view, for instance, the Roll of the Westminster Tournament held in February, 1510, which is sixty feet long, with beautiful script and pictures. There is also a parchment depicting the descent of the Saxon kings. This pedigree goes back through to Adam and Eve.

Among the tragic relics contained in the College of Arms are the turquoise ring and the sword taken from the body of James IV of Scotland when he lay dead on the Field of Flodden.

The building of the College of Arms is on the north side of the city. It is a large and sedate looking structure of red brick, built on three sides of a square. It almost gives the impression of a country residence of the Queen Anne period somehow dropped nonchalantly into the middle of the banking and financial centre of London.

An Englishman, proud of his lineage and wishing to put a coat of arms on his letter paper or upon the panel of his automobile, may come to the College of Arms and consult Rouge Dragon, Blusmeant, Portuculis or Rouge Croix, or some other of the august officials of the Hereditary Earl-Marshal of England.

Probably he will be directed to one of the heralds. Not unnaturally he may imagine a herald to be a personage arrayed something like the Knave of Hearts, and carrying a long trumpet. But the herald at the present day is attired in conventional black coat and waistcoat and striped trousers.

At the present day the college is far from being concerned merely with the records of centuries back. New creations in the peerage, baronetage and knighthood are made every year, which means the granting of so many coats of arms. When one of the many new centres of population which have sprung up in England in recent years is raised to the rank of a borough it must furnish itself with an appropriate coat of arms. All this work is conducted by one or other of the quaintly named officials of the red brick building in Queen Victoria street.

QUEBEC MOTORISTS TAXED MORE THAN HIGHWAY COST

Gasoline Tax and Registrations Netted Government \$9,946,877, while Road Maintenance and Highway Bond Interest Amounted to \$8,767,216.

Montreal, July 24.—Quebec motorists, representing only 5.4 per cent of the population, paid in gasoline taxation and registration last year, more than the province spent on current account for roads, road maintenance and interest charges on bond issues for roads now outstanding, according to official figures obtained today.

In 1933, 5.4 per cent of the population who own motor vehicles, contributed in gasoline tax and registrations, \$9,946,877 or thirty-two per cent of the total current revenue, while in the same period the province, official records show, spent \$8,767,216 on current account for roads, road maintenance and interest charges on road bond issues.

Quebec, in the same year, spent \$4,811,971 on roads charged to capital account, a decline of nearly \$3,500,000 from 1932 in which year motorists in the province paid out \$10,382,585 in gasoline taxes and license fees or 28.1 per cent of the current revenue for that year.

The figures, from the Dominion Bureau of Statistics, show that Quebec had 35,763 miles of road open for highway traffic at the end of 1931 and 35,058 miles at the end of 1932, a decrease of 705 miles.

The Bureau's figures exclude roads in incorporated cities, towns and villages under the jurisdiction of the provincial highway departments, also such roads under local jurisdiction as far as the mileage is ascertainable by the provincial department.

DEATHS RECORDED IN TODAY'S NEWS

The following deaths were recorded in today's press despatches: Sarnia, Ont.—William R. Gemmill, 86, who owned the first newspaper published in Sarnia.

Glacier Park, Mont.—The Rt. Rev. William F. Faber, bishop of the Episcopal diocese of Montana for twenty-four years.

London.—Emily Murray Paterston, noted British woman painter.

Stratford, Ont.—Mrs. Valentin Litt, 100, one of the oldest residents of Perth County.

INDUCTION OF NEW PASTOR AT SAWYERVILLE

Large Congregation Filled United Church to Capacity on Occasion of Induction of Rev. S. J. Pike into Pastoral Charge.

Sawyerille, July 24.—A large congregation filled the United Church to capacity on the occasion of the induction of Rev. S. J. Pike into the pastoral charge of Sawyerille.

The service was conducted by Rev. Albert Johnson, of Coaticook, in the name of the Quebec-Sherbrooke Presbytery, assisted by Rev. Dr. J. H. Philip, of Stanstead, who addressed the minister, and Rev. F. R. Matthews, of Lennoxville, secretary of the Presbytery, who addressed the congregation. Rev. A. Farnsworth, retired minister of Sawyerille, led in prayer, and Rev. J. Hodgins, of Hubbardston, Mass., formerly of East Clifton, read the Scripture lesson. Rev. R. W. Carr, of Cookshire, Rev. W. E. Johnston, of Hawley, and Rev. A. F. Shorten, of Osgoode, Ont., were also present. The latter was Mr. Shorten and family are visiting Mr. Shorten's people in Sawyerille.

The musical part of the service was augmented with a duet by Mrs. S. Smith, of Coaticook, and Rev. Mr. Johnson, and with a solo by Miss B. Odell, also of Coaticook. Mrs. Johnson acted as accompanist.

An interesting part of the service was the reference made by Rev. Mr. Johnson to the fact that both Rev. Mr. Pike and himself were probationers together in the Newfoundland Conference twenty years ago, and that he, Mr. Johnson, was at the same time assistant minister to Rev. Mr. Matthews at Carbon-ear, Nfld., Mr. Pike's home town, where Mr. Pike and Mrs. Johnson had been schoolmates.

Mr. Pike returns to the Eastern Townships where he began his Canadian ministry as a theological student in 1915 at Trenholmville, graduating from Wesleyan College, Montreal, in 1917. Mr. Pike also served as a pastor in Danville.

Following the induction service, refreshments were served in the church hall to visitors and friends, including Mr. and Mrs. F. Boyle, of Malden, Mass., formerly of Carbon-ear, Nfld., and Mr. Charles Ayre, of St. John's, Nfld., now spending the summer months at the Mackay Brothers' Farm at Low Forest.

General Notes.
The pupils of the Sawyerille Anglican Sunday School, together with their parents and friends, held a very enjoyable picnic at Mirror Lake. Swimming, running, jumping and various other sports occupied the day. Those who won in the children's races were Gordon Hunt, Billy McQuin, Florence Davidson, Dorothy Twyman, Margaret Hodgins, Bobby Thomas, Clifford Davidson, Thos. McKeage, Marjorie Twyman, and Phyllis Elliott. Prizes for high jumping were awarded to Thomas McKeage, Margaret Hodgins and Florence Davidson. A "free for all race," in which the competitors were Mrs. A. J. Vibert, Mrs. G. Elliott, the Misses Blanche Woodgate, Ruth Matthew, Hilda Twyman and Muriel Hodgins, was won by the latter two. The older boys, George Hurd, Lincoln Matthew, "Kit" Hodgins and Bernard Templeman, wishing to show their ability, ran a "Backward race," which was won by George Hurd, who was presented with a "big juicy orange" as a prize. The prizes were given out by the future superintendent of the Sunday School, Mr. Lincoln Matthew. A softball game, followed by a rain storm, concluded the picnic.

Mr. and Mrs. H. A. Kirk and Mr. and Mrs. L. Heath and Master Warren Heath, of Colebrook, N.H., attended the Orangemen's picnic in Birchton, and were supper guests of Mr. and Mrs. George Speck, Mr. L. C. Gray, of Canada, Vt.; Mr. and Mrs. E. C. Gray and Miss Leona Howe, of East Hereford, were also guests at the same home.

Pauline Speck has been spending a week with her aunt, Mrs. E. M. Tannahill.

SAFETY SPEED COMFORT SERVICE

CANADIAN NATIONAL RAILWAYS

Increased use of Railways Means Greater Prosperity for all.

During 1933, the Canadian National Railway System, with its 23,750 miles of track and 4,954 stations or depots (386 of which are in the United States), carried 31,000,000 tons of freight and 9,434,000 passengers. Of the freight, 5,000,000 tons consisted of grain. It paid 76,000 employees \$95,000,000 in wages.

These figures clearly demonstrate the important public service rendered by this system—service which continues all the year round under all conditions. In many cases the C.N.R. was the only agency available for its performance, and of course much of the service was of an indispensable nature.

The fidelity of the service provided and its importance are sufficient reasons for Canadians giving the C.N.R. all the patronage possible. There are, however, other inducements, not the least of which is the fact that the welfare of railways is so indissolubly bound up with the prosperity of the country that in using them the whole community is being helped to better times.

The C.N.R. is equipped to provide the maximum in comfort, safety and efficiency. You should use it for all transportation purposes. The present season of the year provides many tempting opportunities for using C.N.R. facilities.

Railways provide special summer fares and excursions. You should enquire about them.

ALDERMEN SAY CITY HAS BEEN SIDE-TRACKED

Believe Immediate Action Should Be Taken to Secure Co-Operation of Tourist Agencies in Making Advantages of Sherbrooke Better Known.

At a brief meeting of the City Council yesterday afternoon Ald. M. T. Armitage told the aldermen that something should be done to induce more tourists to pass through Sherbrooke.

Many tourists on their way to Quebec City took routes which did not pass through Sherbrooke, he said. The aldermen agreed with him, but no one seemed to have any solution to offer.

It was proposed that maps be left at the ports of entry. The suggestion was also made that letters be sent to customs officials and to leading hotels in the United States asking them to put in a kindly word for Sherbrooke. Some of the aldermen thought that circular letters were not effective. The question of placing signs along the highway was also mentioned.

The discussion was not a lengthy one and no final decision was reached. But in all the proposals and suggestions as to the best way of inducing tourists to come to Sherbrooke and making them the beauties of this section no alderman mentioned the only effective means of getting in close touch with the New England tourist.

"The Sherbrooke Record affords the best means of contact possible with the American tourist. Every day the Record travels down through the New England states. It enters every first-class summer hotel along the line. It is a daily visitor from the Eastern Townships and it carries all the news and doings in this district. It tells, as does no other source, of the charm and appeal of this district, and lets the traveller know all about Sherbrooke and why it should be visited," came in the voice of the City Hall reporter.

The Sherbrooke aldermen have at their disposal the most effective means possible of advertising their city and of inducing people to come here. Advertising is not a generic term which can be applied to billboards and other things designed only to influence people who do not read or think. The solution to their problem is "Let the Record Do It." The Province uses the Record. Surely the City could use its own newspapers.

Yesterday's meeting was a brief one. The adoption of a few committees reports provided the only business.

These reports provided for the painting of the exterior of the central portion of Lansdowne Market and the outside woodwork of the City Hall.

Provision was also made for the construction of a new chimney on the Quebec Rayon factory on Frontenac street. This building is the property of the city and is rented to the Quebec Rayon Silk for an annual rental of \$1,800. The new chimney will cost \$1,075.

The Parks committee report recommended that the city decline the offer made by Robert E. Richardson, of this city, to purchase the old Silver Spring Brewery Building on Water street. Mr. Richardson offered to buy this unused building for \$5,000. No explanation was given for declining the offer. Just the unbusinesslike "No!" Not even an idea as to what they expect to do with a building which is like to fall down.

The Health committee recommended that the present wooden steps leading to the Civic Contagious Hospital be replaced by stone steps at an approximate cost of \$400, this work to be executed by the unemployed. The matter has been referred to the Finance committee for further study.

The Road committee recommended that the retaining wall along the east side of the St. Francis river be extended a length of approximately 150 feet, so as to protect the trunk sewer. This was recommended by

NOTE INCREASE IN NUMBER OF U.S. TOURISTS

To Date This Month 3,378 Calls Have Been Made at Local Tourist Bureau, an Increase Over Same Period Last Summer.

American tourists are visiting Sherbrooke and district this summer in greater numbers than has been the case in the past several years according to figures issued by the Eastern Townships Automobile Club. To date this month, 3,378 calls have been made at the local office by tourists seeking information regarding routes, hotels, summer cabins and the like.

Visitors have been coming from distant points—in fact, from every state in the Union. Tourists from other provinces of the Dominion are also including the "Garden of Quebec" in their itinerary. Few other if any places in the Province offer the visitor the scenic beauties which the Townships possess, and this fact is being appreciated more and more every year, with a steady increase in the number of visitors to these parts.

All roads leading to and out of Sherbrooke are now in splendid condition, with work proceeding rapidly on the stretch of highway between Granby and Magog. Good roads are an essential factor in connection with the tourist business, for it is only logical that the traveller who is touring the country merely for the pleasure of it will select those routes which offer the most comfort and the best accommodations.

MARRIAGES

SERGEANT-MAJURY

Inverness, July 24.—The marriage of Miss Winifred Sprague, daughter of the late Mr. and Mrs. Alexander Majury, of Lyander, Que., and Mr. Thomas Everett Sergeant, of Rutland, Mass., son of Mr. Stephen Sergeant and the late Mrs. Sergeant, of New Britain, Conn., took place at the home of the bride's uncle and aunt, Mr. and Mrs. James E. Robinson, at Inverness on Tuesday, July 17th, at high noon. The officiating clergyman was Rev. William Lister, of Kinnear's Mills. The ceremony took place in the living room, the bride standing under an arch of evergreen with white streamers and large wedding bell. The decorations were delphinium and yellow marigolds.

The bride entered the living room leaning on the arm of her uncle, Mr. A. E. Majury, to the strains of the bridal chorus from Lohengrin, played by Miss Lambly, her cousin. The bride was gowned in ice blue suede lace over taffeta and coronet of orange blossoms. She carried an arm-bouquet of sweetheart roses, lily-of-the-valley and maiden-hair fern.

Miss Bernice Majury, the bride's sister, was her only attendant, and wore pale yellow organdy with matching accessories. Her bouquet was an old-fashioned rose gay in pastel shades.

Following the ceremony a buffet luncheon was served and Rev. Lister proposed a toast to the bride, to which she replied very fittingly and proposed a toast to her uncle and aunt, Mr. and Mrs. Robinson. The bride and groom left early in the afternoon for the first part of their journey to Montreal by motor and were accompanied by Miss Bernice Majury, Miss Betty Robinson and Mr. and Mrs. Lloyd Beattie.

The bride's going away gown was an ensemble of navy blue and white crepe georgette, with matching accessories. They plan to visit Boston and other points of interest before taking up residence in their home in Rutland, Mass. The out-of-town guests included Mr. and Mrs. Arthur Sergeant, of Meriden, Conn., brother and sister of the groom; Mr. and Mrs. A. E. Majury, Miss Eva and Master Edward Majury, of Kinnear's Mills, Miss Lillian Churchill, of Gould, and Miss Ida Lambly, of Montreal.

UNITED FARMERS OPPOSE LIVESTOCK BONUS SCHEME

Claim United Kingdom's Action Created Condition of Embargo Against Canadian Cattle as Well as Cattle from Other Countries.

Saskatoon, July 24.—Prepared to debate major problems, delegates to the ninth annual convention of the United Farmers of Canada, Saskatchewan section, opened a three-day gathering here this afternoon.

Emphasizing the depressed plight of farmers, the executive issued a statement that while markets might be found for wheat through credit arrangements, the livestock bonus scheme of the United Kingdom, to all intents and purposes, created a condition of embargo against Canadian cattle as well as cattle from other countries.

The statement declared the relief situation in the Dominion was becoming more acute. It blamed general conditions on the present capitalistic system. "We are opposed to a system which the adherents of these parties—Liberal and Conservative—uphold, and which is responsible for the chaotic conditions that exist today," it declared.

The City Engineer. Prior to the conclusion of yesterday's meeting the Mayor referred to the loss sustained by City Clerk Deslauriers in the death of his mother. Mr. Deslauriers, on behalf of his family, thanked the Mayor and aldermen for the kind expression of sympathy which they had extended to the family at the time of their bereavement.

BEAUTIFICATION PROJECT TO BE DISCUSSED

The dream of a group of public-spirited citizens to have a beautiful river-side drive and restful park along the Magog River will take another step towards realization when the matter will be more fully outlined at a meeting in the City Hall tomorrow night.

The meeting has been called for eight o'clock. No special invitation is needed. It is a citizens' meeting and all are invited. It is hoped that there will be a good attendance so that the importance and necessity of the project may be explained to a large gathering.

It is quite unnecessary to mention that the proposed park, drive and swimming pool, which is intended to provide, will not be for any one section of the city. It will be a community undertaking and something which everyone will be able to enjoy and from which the citizens at large will benefit.

Already a number of interested citizens have rallied to the cause, and it is certain that once the project has been fully explained and its many advantages outlined that the people of Sherbrooke will be behind the scheme one hundred per cent.

By attending tomorrow night's meeting the best opportunity will be afforded of finding out just what it is proposed to do. The sponsors of the meeting anticipate a large attendance and have made it clear that every citizen will be heartily welcome. The undertaking is one which requires co-operation, support and encouragement on the part of the people of Sherbrooke.

IRISH PLAY-OFF HOPE CRIPPLED BY MITCHELL'S

Hardware Store's Victory Over St. Pat's Last Night Reduced Sherbrooke Softball League Play-Off to Five Teams Unless Unexpected Upsets Occur.

Within a fortnight the curtain will be drawn on the Sherbrooke Softball League stage and the platform in front of the spotlight cleared for the final act of the 1934 show—the play-offs. There still remain fifteen scheduled games to be played before final is written to the drama preliminary to the play-offs, but even today a glance at the standing and at the remaining schedule indicates quite clearly what teams will play the parts in the climax for the pennant. At the present moment it looks as though five teams will be in the running for the title. The teams are: St. Pat's, the Hardware Store, the Lennoxville, the Kayser, and the Boisvert. There is a slim chance that seven teams will be bracketed in the play-offs, but the mathematical possibility exists for two of these squads to be eliminated. The Hardware Store, Kayser, Boisvert and Paton's are in "in" unless some of the lower ranking aggregations spring unexpected surprises on the three last-named entries, while Mitchell's and St. Pat's maintain a meagre chance of joining the coveted circle. On the assumption that Paton's, Kayser, Boisvert and Mitchell's win their remaining fixtures, the lone chance St. Pat's and Mitchell's have of reaching the play-offs is that the Irishmen down both Cranes and Lennoxville. This method of reckoning would leave Lennoxville at the top of the ladder, would rank Cranes, Kayser, Paton's and Boisvert in a four-way tie for second place and would place Mitchell's and St. Pat's on even footing for the third play-off berth. According to the constitution the teams finishing in the first three positions are entitled to take part in the post-season programme.

Boisvert dealt a sharp blow to Mitchell's play-off hopes last Wednesday night and the hardware merchants dropped St. Pat's into a similar situation last night when they defeated the Irishmen by a score of seven to three. Lennoxville in the meantime regained their winning stride after having their streak of eight games interrupted by Kayser and took the Sherbrooke Regiment into the turn of eleven to four, while Cranes strengthened their hold on the runner-up position by blanking Blue's by nine to nothing. The third encounter on the Parade Grounds went eight innings before Sherbrooke Cottons pulled out a thirteen to ten decision over Blais.

Mitchell's bunched hits in the second and fifth innings to register their seven tallies. St. Pat's produced single points in the first, second and third frames, but failed to connect in the punches. The Irishmen were fairly hit, and although the setback was in the nature of a "solus plexus" punch to their play-off prospects they had no alibi to offer. True two of Mitchell's markers were inscribed in the meagre column, but the remaining five points were well earned.

The Bakers made the most of the eight safeties and the five free tickets to first base they received from Johnny Hibbard. Three of these bases on balls came in the fifth canto and one in the sixth. An error in the St. Pat's outfield, led to clinch the verdict. The Irishmen entered the scoring column first when Leo Shields, who received the first of the five trips to first base from Armand Filion, reached third base on two passed balls. Dugre's sacrifice fly gave Shields sufficient time to cross the plate.

Mitchell's tallied four times in their half of the second chucker after Rosario Gagne's freak triple had sent Laurent Boisvert home with St. Pat's second marker. Theberg's single, "Sunny" Farrell's base on balls, Ross' triple and Luc Roy's sacrifice fly accounted for the quartette of points. Crocheterie tallied what proved to be St. Pat's third and final point in the third frame when a lapse in the Mitchell infield helped the Irish along. With the bases crowded, however, Mitchell's played airtight ball and nipped in the bud what had the earmarks of a fruitful rally.

Bafoites by Luc Roy, Basil Baker and Theberg mixed with three bases on balls and an error to produce Mitchell's three-run uprising in the fifth inning. Three runs were left stranded when Camire popped a fly in front of the plate to retire the side.

RANKING STARS VICTORIOUS IN CANADIAN PLAY

No Upsets Registered in First Day's Play of Dominion Net Tournament as Favorites Advanced with Little Difficulty—Junior Player Gave Nuns Hard Battle.

Toronto, July 24.—Because last week's Ontario championships were only a dress rehearsal after all, tennis observers wondered today if Marcel Rainville, of Montreal, had the concentration to shoot winning ball for five more days, capping three weeks of unbeaten tournament play with victory in the Canadian singles. For thirteen days Rainville has won at least a match tie to first.

The black-haired little Frenchman, who will go back to his law practice next week and try to forget the outdoor court wars, started yesterday as favorite in the national event. He was seeded second, behind Walter Martin, of Toronto, whom he trounced in straight sets last week.

LENNOXVILLE MAINTAINED EARLY LEAD.

For three innings the Regiment kept pace with Lennoxville at the College Town entry played its last game at its home diamond. At the end of the third frame the score was two to one in favor of the hostess, the pace setters tallying twice in the opening chapter and the Regiment sending a runner home in the second set.

Thereafter Lennoxville revealed that it had fully recovered from the defeat which buried its hopes of finishing the season undefeated. The Harrismen's bats began to connect with Lewis Hatch's slants more frequently and the home team declared its innings an entrenched eleven points. Two scores came in the fourth chucker to be followed by three markers in the sixth and four in the final round.

Soldiers lost four of their "wickets" for no runs after opening their scoring with a single point in the second, but they rallied in their final appearance at the plate to score three times before "Scottie" McLeod and his cohorts could dismisse the side and finish the game. The defeat was Lennoxville's eighth setback in ten starts and entrenched the Soldiers deep in twelfth place with little chance of improving their position before the schedule ends.

The score by innings was— Regiment 010 000 3-4 Lennoxville 000 003 4-11 The teams lined up as follows:— Lennoxville: R. Reid, Pergau, Del. Brundage, Gilby, B. Harris, Brooks, H. Harris, McLeod, Doug. Brundage, Bellum, Johnston and Povey. Regiment: Richards, Slight, Blue, Barford, Barlow, Taylor, Joiner, Stoiles, Hall, Hatch and Wyatt.

COTTONS WON SECOND EXTRA-INNING FIXTURE.

Sherbrooke Cottons seem to take great delight in keeping their supporters in suspense. Of the four victories in ten starts and entrenched games two have been won in extra innings. Several weeks ago the Carriganmen went twelve innings before they turned back Fairbanks and last night eight innings were necessary before "Slim" Dustin and his mates shaded the Blais entry by thirteen to ten in the third round. Overtime game of the season, Rand having gained a ten-inning verdict over Blue's and Boisvert nosing out Paton's in eight chuckers in the other pair of extra-inning engagements.

Home runs, triples and doubles were plentiful as Cottons lifted themselves into a tie with Blais for eighth position. Charpentier's two-bagger earned "no runs for Cottons in the initial canto and Dusseau's triple helped to tie the count in Blais' half of the same round. Three singles and triples by Baker and Riel played the major roles in Cottons' six-run rally in the fourth chapter, while Rousseau's circuit smash was mixed with four singles and Desrusseaux's double to increase Blais' total by five in the same inning. R. Boisvert opened the following canto with a double and completed the circuit on D. Boisvert's four-base blow to give Cotton a three-point lead. Fortier made a non-stop flight in the sixth to whittle Cottons' margin and Morin's double in the seventh accounted for the two runs which deduced the count.

Doubles by R. Boisvert and Riel were responsible for the three points Cottons amassed in the extra frame—a margin which the milk hands protected by retiring their opponents in one-two-three order in their last trip to the plate.

The score by innings was— Cottons 200 620 03-13 Blais 200 501 20-19 The teams lined up as follows:— Cottons: Raymond, Jackson, Baker, Paton, Charpentier, Dustin, R. Boisvert, Hjal and D. Boisvert. Blais: Desrusseaux, Rousseau, Dussault, Mitchell, Berard, Bouchard, Gosselin, Morin and Fortier.

LAST NIGHT'S GAMES

Lennoxville 11, Regiment 4. Cranes 9, Blue's 0. Mitchell's 7, St. Pat's 3. Cottons 13, Blais 10. Eight innings.

THETFORD TEAM PAID VISIT TO LOCAL BOWLERS

Successful Competitive and Social Event Marked Return Visit of Thetford Mines Carpet Bowlers to Local Masonic Club.

The Masonic Hall, Montreal street, was the scene of a very successful competitive and social event Saturday afternoon and evening when Sydney Bateman and his carpet bowlers from Thetford Mines paid a return visit to the Temple Club. The afternoon session was confined to matches between teams representing the two clubs. The visitors brought three men and two ladies' squads to Sherbrooke, while Sherbrooke's prestige was placed in the hands of five men's and four ladies' contingents.

Mrs. T. Johnston's quartette composed of Mrs. U. Vaudry, Mrs. Cooling and Miss Helen Bateman defeated Mrs. V. Mayhew's team by nine to eight to win the first prize in the ladies' events, while Mrs. Mina Bambridge's squad of Mrs. Varney, Miss Kay Thompson and Mrs. C. Gardner conspired. S. LeHurray's aggregation by ten to eight to win the ladies' consolation.

T. Johnston and his mates, P. Hammerick, S. Bateman and W. Cooling, scored a ten to seven victory over T. Smith's roster to capture the men's first honor, and R. T. Whitley's rink of G. Crandell, W. Scott and G. E. Liddell romped away with the men's consolation by downing L. Stevenson and his cohorts to the tune of ten to seven.

Twelve teams composed in the mixed competition and the survivors in the finals were teams skippered by J. McHarg and Tom Bateman. By a score of seven to three the former's troupe of Mrs. Kate Smith, Mrs. Gladys Daniels and T. C. Hurn turned back the Johnston forces of Miss Erma Simons, Mrs. Alice Whitley and C. Smith.

The afternoon concluded with supper served in the hall, and after the games refreshments were served. The presentation of prizes was followed by singing "Auld Lang Syne" and the National Anthem to bring a successful inter-club competition to its conclusion.

CARDINALS ARE WAGING STRONG PENNANT FIGHT

"Dizzy" Dean Hurdled St. Louis to Victory Over Giants to Put Red Birds in Thick of National League Race—Detroit-New York Situation in American League Unchanged.

J. "Dizzy" Dean, a young man who can see so far ahead he's already asking \$18,500 for next season's work, is strutting around the metropolis today looking for an argument on the subject. He won't get it from any of the St. Louis Cardinals who play baseball with him.

The young right-hander, who never got his nickname on the ball field, did a lot of highly important things for the St. Louis Red Birds yesterday. He pitched the Cards to a six to five decision over the world champion Giants, for one thing. It was his tenth straight victory, his eighteenth win of the National League campaign and the seventh straight success for Frankie Frisch's outfit that suddenly has decided to go places.

It seems as though he rates a hearing on this salary situation. With the Chicago Cubs holding grimly to second place, two games back, but looking none too good in general, the Cards all of a sudden have become the team the Giants must beat back immediately, if the orderly procession of the past couple of months is to be maintained. The Cards are now three games from the top.

The Cubs, beaten off recently in hand-to-hand conflict with the Cardinals, are likely to be ousted by the Brooklyn Dodgers by eight to three as Charley Grimm and Gabby Hartnett hit homers and Kiki Cuyler bagged four hits, two of them doubles.

Euel Moore, Indian right-hander, shaded Bill Swift in a pitching duel as the Philadelphia Phillies continued to bid for sixth place with a three to two victory over the Pittsburgh Pirates. The losing trail had no turn for the Boston Braves, who dropped their sixth straight to the Cincinnati Reds by four to two.

Sluggers held a field day in Cleveland and Chicago. Jimmie Fox's pair of homers, for a total of thirty-two four-baggers, helped the Philadelphia Athletics nose out the Indians by eleven to nine, and Joe Cronin's homer, a double and a single bunched large in Washington's eleven to five trouncing of the lowly Chicago White Sox.

TORONTO AND ROCHESTER GAINED GAME ON LEADERS

The Rochester Red Wings were back on the uphill climb in the International League pennant race today after losing six straight games and skidding to third place below the pace-setting Newark Bears and the Toronto Maple Leafs.

From a position on July 17 where they trailed the Bears by only one-half game, the Wings dropped back to where two and a half games now separate them from the league leaders. They trail the Leafs by one game.

The Wings did their right-about-face yesterday against the Montreal Royals, pounding out a four to three decision behind the seven-hit pitching of Pete Appton.

Toronto also gained a game on the leaders by trimming the Buffalo Bisons by seven to three.

STANSTEAD WON COUNTY LEAGUE SECTION TITLE

Victory Over Tomifobia Clinched Pennant in Sunday Section of Stanstead County Baseball League for Border Town—Ayer's Cliff Still Heads Saturday Division.

Stanstead, July 24.—The local baseball nine won the championship of the Sunday section of the Stanstead County Amateur Baseball League by tacking a seventeen to ten defeat on Tomifobia in its last game of the regular schedule. As a result of the victory Stanstead earned the right to meet the winners of the Saturday division in the post-season play-offs, while Rock Island, who nosed out Way's Mills to the tune of nine to eight, grabbed the second play-off berth.

The Stanstead boys hung up their seventh victory against a single loss when they trounced Tomifobia here on Sunday. A victory for the visitors would not have removed the home team from first position, but would have given Tomifobia a chance to capture the other play-off spot. M. P. Dixon, of Beebe, president of the Stanstead County circuit, decided that the protested game between Stanstead and Tomifobia on June 24 would have to be replayed if it had any bearing on the league standing. Now, however, even if the game was replayed and Tomifobia returned victorious they could not oust Rock Island from the coveted runner-up position.

Rock Island needed victory to close Tomifobia out of the picture, and they achieved their objective after a hard battle. Way's Mills gave a good account of themselves before a home crowd but could not send across the runs which would have spelled victory.

The final standing of the Sunday section follows:

W. L. F. A. P.C.	
Stanstead	7 1 137 79 .875
Rock Island	5 4 107 97 .505
Tomifobia	3 5 76 88 .375
Way's Mills	2 7 67 123 .222

AYER'S CLIFF AND COATCOOK CLINCH PLAY-OFF BERTHS

Ayer's Cliff and Coatcook assured themselves of play-off positions, but the problem of the leadership is no nearer solution today with the end of the regular schedule in view. Both teams were victorious in their week-end engagements and both have a chance of winning the Saturday section title. On Saturday Ayer's Cliff travels to Coatcook where the winner will in all probability be determined. Apart from this fixture Coatcook has a postponed game with Magog but this rain-adjourned game will only be played, it is thought, if Coatcook emerges victorious on Saturday against the Cliff entry.

Ayer's Cliff was obliged to go thirteen innings before it downed Beebe in its last home stand. The Granite Town boys scored four tallies by four to three. A double by Johnny Watwood after Melton had walked the first two men in the eighth frame spoiled the Baltimore hurler's shut-out.

The first-place Newark Bears saw their lead shrink to one and a half games when Art Herring, Albany hurler, shut them out with four hits and fanned eight as the Senators scored four to win a fast night game.

The best pitching performance of the day was turned in by Cliff Melton, of Baltimore. He pitched no-hit, no-run ball for seven innings and then allowed only two safe blows in the last two frames as the Orioles beat the Syracuse

THETFORD TEAM PAID VISIT TO LOCAL BOWLERS

Successful Competitive and Social Event Marked Return Visit of Thetford Mines Carpet Bowlers to Local Masonic Club.

The Masonic Hall, Montreal street, was the scene of a very successful competitive and social event Saturday afternoon and evening when Sydney Bateman and his carpet bowlers from Thetford Mines paid a return visit to the Temple Club. The afternoon session was confined to matches between teams representing the two clubs. The visitors brought three men and two ladies' squads to Sherbrooke, while Sherbrooke's prestige was placed in the hands of five men's and four ladies' contingents.

Mrs. T. Johnston's quartette composed of Mrs. U. Vaudry, Mrs. Cooling and Miss Helen Bateman defeated Mrs. V. Mayhew's team by nine to eight to win the first prize in the ladies' events, while Mrs. Mina Bambridge's squad of Mrs. Varney, Miss Kay Thompson and Mrs. C. Gardner conspired. S. LeHurray's aggregation by ten to eight to win the ladies' consolation.

T. Johnston and his mates, P. Hammerick, S. Bateman and W. Cooling, scored a ten to seven victory over T. Smith's roster to capture the men's first honor, and R. T. Whitley's rink of G. Crandell, W. Scott and G. E. Liddell romped away with the men's consolation by downing L. Stevenson and his cohorts to the tune of ten to seven.

Twelve teams composed in the mixed competition and the survivors in the finals were teams skippered by J. McHarg and Tom Bateman. By a score of seven to three the former's troupe of Mrs. Kate Smith, Mrs. Gladys Daniels and T. C. Hurn turned back the Johnston forces of Miss Erma Simons, Mrs. Alice Whitley and C. Smith.

The afternoon concluded with supper served in the hall, and after the games refreshments were served. The presentation of prizes was followed by singing "Auld Lang Syne" and the National Anthem to bring a successful inter-club competition to its conclusion.

STANSTEAD WON COUNTY LEAGUE SECTION TITLE

Victory Over Tomifobia Clinched Pennant in Sunday Section of Stanstead County Baseball League for Border Town—Ayer's Cliff Still Heads Saturday Division.

Stanstead, July 24.—The local baseball nine won the championship of the Sunday section of the Stanstead County Amateur Baseball League by tacking a seventeen to ten defeat on Tomifobia in its last game of the regular schedule. As a result of the victory Stanstead earned the right to meet the winners of the Saturday division in the post-season play-offs, while Rock Island, who nosed out Way's Mills to the tune of nine to eight, grabbed the second play-off berth.

IRISH PLAY-OFF HOPE CRIPPLED BY MITCHELL'S

Hardware Store's Victory Over St. Pat's Last Night Reduced Sherbrooke Softball League Play-Off to Five Teams Unless Unexpected Upsets Occur.

Within a fortnight the curtain will be drawn on the Sherbrooke Softball League stage and the platform in front of the spotlight cleared for the final act of the 1934 show—the play-offs. There still remain fifteen scheduled games to be played before final is written to the drama preliminary to the play-offs, but even today a glance at the standing and at the remaining schedule indicates quite clearly what teams will play the parts in the climax for the pennant. At the present moment it looks as though five teams will be in the running for the title. The teams are: St. Pat's, the Hardware Store, the Lennoxville, the Kayser, and the Boisvert. There is a slim chance that seven teams will be bracketed in the play-offs, but the mathematical possibility exists for two of these squads to be eliminated. The Hardware Store, Kayser, Boisvert and Paton's are in "in" unless some of the lower ranking aggregations spring unexpected surprises on the three last-named entries, while Mitchell's and St. Pat's maintain a meagre chance of joining the coveted circle. On the assumption that Paton's, Kayser, Boisvert and Mitchell's win their remaining fixtures, the lone chance St. Pat's and Mitchell's have of reaching the play-offs is that the Irishmen down both Cranes and Lennoxville. This method of reckoning would leave Lennoxville at the top of the ladder, would rank Cranes, Kayser, Paton's and Boisvert in a four-way tie for second place and would place Mitchell's and St. Pat's on even footing for the third play-off berth. According to the constitution the teams finishing in the first three positions are entitled to take part in the post-season programme.

Boisvert dealt a sharp blow to Mitchell's play-off hopes last Wednesday night and the hardware merchants dropped St. Pat's into a similar situation last night when they defeated the Irishmen by a score of seven to three. Lennoxville in the meantime regained their winning stride after having their streak of eight games interrupted by Kayser and took the Sherbrooke Regiment into the turn of eleven to four, while Cranes strengthened their hold on the runner-up position by blanking Blue's by nine to nothing. The third encounter on the Parade Grounds went eight innings before Sherbrooke Cottons pulled out a thirteen to ten decision over Blais.

Mitchell's bunched hits in the second and fifth innings to register their seven tallies. St. Pat's produced single points in the first, second and third frames, but failed to connect in the punches. The Irishmen were fairly hit, and although the setback was in the nature of a "solus plexus" punch to their play-off prospects they had no alibi to offer. True two of Mitchell's markers were inscribed in the meagre column, but the remaining five points were well earned.

The Bakers made the most of the eight safeties and the five free tickets to first base they received from Johnny Hibbard. Three of these bases on balls came in the fifth canto and one in the sixth. An error in the St. Pat's outfield, led to clinch the verdict. The Irishmen entered the scoring column first when Leo Shields, who received the first of the five trips to first base from Armand Filion, reached third base on two passed balls. Dugre's sacrifice fly gave Shields sufficient time to cross the plate.

Mitchell's tallied four times in their half of the second chucker after Rosario Gagne's freak triple had sent Laurent Boisvert home with St. Pat's second marker. Theberg's single
