

UNIONISTS FEEL MUCH ENCOURAGED.

Position is Improved and They Look for More Gains in Counties—Eighty-One Divisions are Voting To-Day.

London, Jan. 19.—(Special)—Eighty-one constituencies, returning 81 members, voted for members of the new Parliament to-day, but few results will be known before to-morrow.

The county divisions had their first sittings, and these seldom make their returns until the day following the election, but upon this occasion half a dozen departed from their usual custom, and so, with a few boroughs which polled to-day, there will be about a dozen results known to-night.

Of the 81 seats contested to-day, the Liberals held 52 on the last parliament, Unionists 18, Laborites 7, and Irish Nationalists 4.

The Unionists, however, expect to make big inroads upon the counties captured by the Liberals in the landslide of 1906.

Among the interesting personalities standing for election to-day are Sir Edward Grey, secretary of state for foreign affairs, Liberal candidate for Northumberland, north division; Arthur H. Lee, Unionist, Hampshire, south division; Herbert L. Samuel, Liberal, Yorkshire, north riding; Cleveland division; Thomas Mackinnon Wood, Liberal, for Glasgow, Stroll division.

10,000 MINERS OPPOSE LABOR CANDIDATE.

London, Jan. 19.—(Special)—Ten thousand Durham miners marched in to Gateshead to oppose Mr. J. Robinson, Labor candidate for re-election, who has been against them on the eight-hour act. On the way they attacked Marsley Hill colliery, wrecked the offices and threw books and other effects down the shaft. Special police were drafted to prevent another riot at night.

UNIONISTS ARE MORE HOPEFUL.

London, Jan. 19.—(Special)—The Unionists are encouraged by the improved position today and are building hopeful expectations on the counties. There will be polling to-day for 81 seats, lately held by 50 Liberals, 20 Unionists, 7 Laborites and 4 Nationalists.

A large proportion of these are in widespread county divisions, and the result will not be announced until Thursday.

Sir Edward Grey, foreign secretary, is the only man of first rank who will fight for his seat to-day. He will contest his old constituency, Berwick-on-Tweed division of Northumberland. Best known among the other candidates are Hon. Thomas Wood, under-secretary of the foreign office; Hon. Alexander Ure, lord advocate for Scotland; Lieut.-Col. Arthur Lee, formerly military attaché of the British embassy at Washington, and Mr. Jas. K. Hardie.

STANDING OF PARTIES.

London, Jan. 19.—The standing of the parties up to last night was:

Unionists 120
Liberals 98
Laborites 20
Nationalists 25

THE PARTY GAINS.

The party gains now stand as follows:

Unionists 51
Liberals 11
Laborites 2
Irish Nationalists 1

As two of the Liberal gains were from the Laborites and one of the Laborites from the Liberals, this leaves the net Unionist gain at 41.

UNIONIST GAINS.

The following gains were made by the Unionists, yesterday, including the delayed results of Monday's voting:

Midlothian (from Laborites).
Mile End.
Bow and Bromley.
West Southwark.
Chelsea.
Sunderland (two seats).
Newcastle-upon-Tyne.
Kidderminster.
Liverpool (Abercromby division).
Warwick and Leamington.
Boston.
Whitehaven.
Brighton (two seats).
LIBERAL GAINS.

London, Jan. 19.—(Special)—The elections yesterday resulted in the return of the following:

Unionists 21
Liberals 19
Laborites 3
Nationalists 1

LIBERAL GAINS, 12.

RIGHT THROUGH TO THRONE.

London, Jan. 19.—Chancellor Lloyd George, in a speech at Newton last night, said it must be made perfectly clear that if the Lords twice reject the bill sent up by the House of Commons, the measure would be sent straight through to the throne.

PREMIER ASQUITH SPEAKS.

London, Jan. 19.—Premier Asquith, speaking at Leam, asked what would be more remarkable than the verdict given by the great ports and centres of industry. "I wish to put in on record at the earliest possible moment that I draw from it this inference, that whatever may happen in the remainder of the elections, one thing is absolutely certain, and that is that in the new parliament tariff reform in the sense in which the phrase was used that it is the abandonment of free trade and the substitution of a fiscal system more or less disguised as protection is a political impossibility. (Loud cheers). No statesmanship, however ingenious and audacious, can attempt to construct a tariff in defiance of the opinion of so many great industrial representative centres."

Mr. Asquith added that he promised no legislation of any kind until they settled conclusions with the House of Lords.

London, Jan. 19.—(Special)—The Daily Record's Eastern Townships Competition is meeting with approval everywhere. On Saturday several commendatory letters were published. The following from Mr. George G. Foster, K.C., of Montreal, has just come to hand.

MR. GEO. G. FOSTER COMMENTS HISTORICAL COMPETITION.

Dear Sir:—I note with great pleasure, in your issue of January 8th, that you are endeavoring to preserve before it is too late the facts surrounding the lives and struggles of the early settlers of the Eastern Townships.

It gives me great pleasure to assure you of my sincere and earnest co-operation, and I trust you will meet with that enthusiastic appreciation which followed the effort of our good friend, John P. Noyes, K.C., when he so ably served the people of Sherbrooke in his "Lives of Some Sherbrooke Pioneers," and it is also satisfactory to see with what gratitude his friends in Brome appreciate the effort in the same line, made by the Rev. Ernest M. Taylor.

There is an idea abroad that efforts of this kind are not appreciated by the public, but my experience is that not only you have the satisfaction of knowing that you have accomplished good for the Townships and therefore have done your duty, but that the people themselves will appreciate the result of your effort to save, before it is too late, the history of the brave men and women, who made possible the present condition of their children and grandchildren.

I should be glad to think that as one result of your effort the counties of Stanstead, Richmond, Sherbrooke, Compton, Missisquoi and Shefford will follow the example set them by Brome county, and it will be comparatively easy for them if they take advantage of your co-operation, wishing you every success, I remain,

Yours sincerely,
GEO. G. FOSTER.

QUESTION FROM INTENDING COMPETITOR.

The Daily Record has received an enquiry from an intending competitor asking if one writer can submit more than one story.

The answer is: Yes. A writer may send in one or more stories. He should sign to each the same nom-de-plume. All will be taken into consideration by the judge. No writer, however, can win more than one prize. The only advantage of more than one story would be that the writer would have more than one try in the competition.

A FEW POINTERS.

1. Stories must relate to the past of the Eastern Townships. Any incident prior to 1875 will come within the scope of this contest.
2. Stories in Section I., about 2,000 words in length, and in Section II., not over 1,500 words.
3. Three months will be given for preparation of the stories.
4. The manuscripts as finally prepared may be in the writers' own handwriting or typewritten. Writing should be only upon one side of the paper.
5. Directions in detail for the sending in of these manuscripts will be published in the Record before the close of the contest.
6. The publishers of the Record will be pleased to answer any inquiries from intending competitors.

STORY OF THE PAST.

Editor of Record.

Sir:—I note your praiseworthy attempt to preserve the history of the Townships, and would like to ask a question in regard to the essays or stories. As I grasp it, you want the real and actual, with no other embellishments to make it readable than a happy choice of words might succeed in doing. Is it not so?

Sincerely,
E. C. BARNETT.
Highwater, Que., Jan. 17, 1910.

Mr. Barnett raises an important point and is quite correct in his understanding of the purposes of the contest. It is expected that the stories will recount the actual happenings of the past in as readable a form as the authors are able to present them. The incidents of the past, truthfully told, will have for the people of the Eastern Townships an attraction which no other form of local writings could possess. Some of the most interesting stories of the past have been handed down by word of mouth from generation to generation, and some rest largely upon tradition. These will be available in this competition.

NO EPIDEMIC OF FEVER.

An East Chilton correspondent writes that it is an exaggeration to say that there is an epidemic of scarlet fever. The board of health as soon as notified by the doctors placed the afflicted families in quarantine.

PALACE DESTROYED IN CONSTANTINOPLE.

Chamber of Deputies Burned Out and Senate Damaged.

The Chamber of Deputies was burned out and the Senate Hall was so badly damaged that it cannot be occupied.

COATCOOK RATEPAYERS HOLD A MEETING.

Aldermen and Candidates Explained Situation to Electors.

Coaticook, Jan. 19.—(Special)—For some weeks there has been a demand on the part of the ratepayers of Coaticook that a mass meeting should be called by the council to discuss local municipal matters. The meeting was called for Monday evening. The opera house was well filled with ratepayers. The meeting was called to order by Mayor Genereau, who moved that Dr. W. L. Shurtleff, K.C., be requested to take the chair. This motion being carried, Dr. Shurtleff suggested as a programme for the evening that each of the aldermen should be heard in turn, and at the close of their addresses an opportunity should be given to Mr. E. F. Tomkins, a mayoralty candidate, to address the meeting, and also to Mr. C. A. Kennedy, a candidate for alderman in the South Ward.

CONSOLIDATION OF DEBT.

Dr. McCurdy, the chairman of the Finance Committee, was the first speaker. He gave an able resume of what would be required of the council during the next year, such as perfecting the electric light plant, building of a new concrete bridge, the consolidation of the debt of the town, and the borrowing of \$140,000. He was let go without any questioning.

FINANCIAL POSITION OF TOWN.

Mayor Genereau then took the floor and gave one of the best resumes of the financial position of the town that has ever been given to the electors. The present valuation of the town is \$1,077,555. The properties exempt from taxation amount to \$109,800, leaving the taxable property of the town nearly a million dollars, viz., \$967,755. The rate of taxation on farms was 7 1/2 mills, that on other properties is 1 1/2 mills. This rate had not been increased during the past five years. The total receipts for the year 1909, less temporary loans paid during the year, were \$18,262.93. How this money was expended was given in detail by the mayor, except \$562.93 now in the treasury. The present debt of the town was \$83,500.

There had been no increase in the debt during the past five years.

COST OF ELECTRIC LIGHT PLANT.

Speaking of the electric light department, which is kept separate from the ordinary revenues and expenditure of the town, Mayor Genereau said that the original price paid for the plant was \$57,200, and \$14,000 raised under the plan by-law had been expended, and the town owed for further improvements \$5,207 and would probably require to complete the plant \$3,093 more, making its total cost when complete \$83,500. This added to the municipal debt made a total indebtedness against the town of \$143,000.

At the close of his address the mayor received considerable attention from the ratepayers. To the questions asked him by Mr. Kennedy, Mr. H. Barrett and Mr. Tomkins he replied according to his opinions and kept good natured throughout it all.

ALD. SHURTLEFF WILL RETIRE.

Alderman Shurtleff was next called upon. He said that he had represented his ward in the council for sixteen years, and during that time had been mayor some six years. During all this time he had done his duty as councillor as he saw it, and had given much time to the corporation. He felt that he was entitled now to retire, and did not seek re-election. He invited the ratepayers to ask him any questions they might choose. He was asked whether he did not state before the dam was built that it could have been built for \$5,000, whereas it had cost over \$9,000. To this he replied that he had been and was of opinion that it could have been built for \$4,000. He was willing to have undertaken the building of it for the town, but the council had refused to let it be done by day's work and had passed a resolution accordingly. The question was put by Mr. E. W. Akhurst, who attempted to put another, but Alderman Shurtleff continued to speak in answer to the other question. It became a matter then of which could speak the louder, and in the end neither could be heard, so both desisted.

ALD. NORTON FOR MAYOR.

Alderman Norton, the chairman of the Road Committee, who is a candidate this year for mayor, gave an account of the road work done. This account had already been published. Mr. Norton expressed the hope that considering the time that he had given the corporation during his term of office that he might receive the support of the ratepayers for the higher office of mayor.

FREE FROM LAWSUITS.

Alderman Dupuis said that he had but little to say, the mayor having covered the ground so completely. One of the results of the expenditure on roads had been that the town had been free from lawsuits during the past year. Alderman Dupuis was the only one of the city fathers who noticed a sprinkling of ladies in the gallery and to acknowledge their presence.

HAD NO EXCUSES TO MAKE.

Alderman Akhurst spoke about the expenditure on the poor and referred to the fact that inasmuch as he had kept within his appropriation he had

GOOD SHOWING AT PHAROAH PROPERTY.

Thirty Cars Will be Sent to Mill to Get Sample.

DAY AND NIGHT SHIFTS WILL BE CONTINUED DURING THE WINTER.

Eastman, Jan. 19.—(Special)—At a meeting of the directors of the Pharoah Asbestos held at Waterloo, the foreman of the mine reported one hundred and thirty feet of tunnel with good showing of asbestos. It was decided to take out a car of thirty tons of the rock as it came from the tunnel to be shipped to the mill to get an idea of the richness of the mill rock in sight.

It was also decided at this meeting to sink a winze in the tunnel to a depth of fifty feet, to see if longer fiber could be located. The foreman at the mine reported on Saturday last that the fiber was increasing in length as they went down, which should be very satisfactory news to the shareholders.

It was also decided to carry on the work all winter with the day and night shifts, as the company would like to get the mine fully developed this winter in order to start the mill as early as possible in the spring.

THE PAST YEAR HAS BEEN MOST SUCCESSFUL IN HISTORY OF ASSOCIATION.

Kirkdale, Jan. 19.—(Special)—The annual meeting of the members of the Drummond County Fair was held to-day at L'Avenir, where the Fair grounds here. It has had a very successful year. Besides building new horse sheds which cost nearly \$500, they increased prize list over \$50 and also offered over \$150 in prizes in the standing crop competition. Although they have been unable to hold the Fair for more than one day, the gate receipts were sufficient to not only meet the prizes but to leave a balance of between \$200 and \$400 in the bank, as well.

Several of the Directors contemplate making the Fair a district one, embracing several counties, thus adding to the exhibits and raising the general interest of the public in the Association.

A large dining hall will be erected this summer to accommodate the large crowds who come from every direction and whom the limited capacity of the hotels cannot accommodate.

The aim at all the meetings was the strengthening of the faith of the church members. The testimony of many members is that this aim was in some measure accomplished, but more was accomplished, as on Sabbath three were added to the roll of the church, two of them on confession of their faith in Christ, and one by letter. The communion service was held at 11 a.m. on Sabbath, when about 90 gathered round the Lord's Table to remember His dying love.

PULPIT REFERENCE TO MUNICIPAL POLITICS.

Two Coaticook Pastors take Hand In Discussion. REMARKS WERE POINTED TOWARDS GOOD CIVIC GOVERNMENT.

Coaticook, Jan. 19.—(Special)—Municipal politics in Coaticook were touched upon in two pulpits on Sunday. The organization of the Citizens' League has made municipal matters the topic of considerable concern and discussion. The ministers took a hand in the discussions on Sunday. Of course their remarks were not given as pointed nor expressed in the language of the street; still, the meaning of what they said was not less plain.

In the Methodist Church the Rev. A. H. Visser took for his text the words: "Art thou a Roman?" and he answered I am. Mr. Visser referred to the pride of Paul in being a Roman citizen and to the fact that his religion never caused him to put aside the rights and duties of citizenship. The Church and the Christian soul go out into everyday life. The Christian citizen should be intelligent. He had no right to be ignorant. He should familiarize himself with the questions of the day. He should master the problems of the day both as regards his country and his town. The Christian citizen should also be strong and pure in principle. He should be above the petty trickery of cheap politicians. He should consider his principles worth more than the two dollars sometimes offered for his vote. He should be above graft and pure in his patriotism. He should demand for his representatives men of strong character and pure principles. The idea of measures and not men is wrong. According to this speaker we cannot have right measures without the right men. The Christian citizens of the country are responsible for the existing conditions in politics. They have forgotten the force of the ballot in regulating the morals of the country. Where it is a question of party or principle a man should be true to his principles. While a man should take an interest in the larger field of politics, he should also inform himself as to local matters. He should not sit in an arm chair and criticize the actions of the men sitting in the Council of the town. He should inform himself and then knowing the truth should exercise his right as to the selection of the men who should represent him. These men should be clean men and men of pure principles.

AT THE BAPTIST CHURCH. In the Baptist Church, the Rev. D. W. Terry, B.A., took for his subject, the words of Nehemiah, "I rose in the night, I and some few men with me, neither told I any man what my God had put in my heart to do at Jerusalem." Then said I unto them, ye see the distress that we are in, how Jerusalem lieth waste and the gates thereof are burnt with fire. Come and let us build up the wall of Jerusalem that we be no more a reproach."

Mr. Terry referred to the love of Jewish people for their city, Jerusalem. He spoke also of the esteem in which Christ and the Apostle Paul held it. Nehemiah associated himself with a few men and got a personal knowledge of the conditions and needs of the city and then resolved to do away with the desolation and bring back the place to its ancient glory. In this connection he was perhaps in a measure like those who had instituted the Citizens' League of the town. He urged the necessity of every citizen getting at first hand a knowledge of his own town and then acting intelligently upon that knowledge. The men who did this might have opposition. Nehemiah himself was opposed in his good work. Meeting over their wise cups they nudged each other and said: "What is this man Nehemiah going to do? He is acting intelligently upon that knowledge. The man who Nehemiah succeeded in his mission caused the speaker to draw these two lessons: 1st, the obligation to choose true, consecrated leaders, and 2nd, the fact that the majority are right at heart and will respond to right leaders.

British Elections.

Unlike our elections, which are decided in a day, the British elections continue for two weeks, each twenty-four hours of which must be a continual round of recurring hope, discouragement, wearying calculation, and conjecture.

That Tariff

The recent tariff adopted by the Taft administration at Washington has given rise to complications as interesting as they were unnecessary.

The New Provincial Treasurer

The appointment of Mr. Mackenzie, of Richmond, to the office of Provincial Treasurer, although not a

surprise, puts a very satisfactory and conclusive period to the numerous political rumors concerning other possible successors of the Hon. W. A. Weir.

The appointment of Mr. Mackenzie is a recognition of the justice of his claim to cabinet representation. It creates a precedent that can never again be easily ignored.

ACTIVE TRADE IN EGGS.

A fairly active trade continues to be done in eggs, there being a good demand for small lots, and the change in prices to note. Sales of selected new laid were made at 40c to 42c, selected No. 1 stock at 30c to 32c, and No. 1 candled at 27c to 28c per dozen.

DROP IN PRICE OF HOGS.

Montreal, Jan. 19. — The provision market saw some fluctuations Tuesday. The market for live hogs opened strong, with holders asking an advance of 20c per 100 lbs. over those of a week ago, when packers refused to pay. Trade in consequence was quiet during the early hours, as sellers declined to accept an advance of 5c to 10c, which was bid by buyers, but when the former realized that bids of \$9.50 for selected stock from west of Toronto and \$9.25 for the same from east of Toronto were the highest packers intended to pay, some of the drovers accepted them. Drovers who held out were obliged to take much less later in the day, when the market became weak and prices dropped 25c per 100 lbs., with sales at \$9.25 for selected lots from west of Toronto. There was no change in the condition of the market for dressed hogs, prices being steady, with sales of abattoir fresh-killed at \$13 to \$13.25 and country dressed at \$12.75 to \$13 per 100 lbs.
