TENDER FOR CATHOLIC REGIONAL SCHOOL ANNOUNCED

CONSTRUCTION MAY START END OF JUNE

SCHOOL READY FOR EARLY 1968

Members of the Régionale Salaberry School Board met last Thursday under the Chairmanship of Mr. Oza Tessier and accepted the tender of J.L. Guay Construction of Montreal in the amount of $2,244,868. for the construction of the Huntingdon Regional school.

A total of seven contractors had submitted their tenders for the erection of the school which should be opened to students at the beginning of 1968.

J.L. Guay was the lowest bidder. The others who had sent tenders were: Aimé Sauvé of Beauharnois, $2,332,300; Percival Hébert of Maple Grove, $2,356,498; Delmont Construction of Three Rivers, $2,366,000; Paul Rolland Construction of Montreal, $2,382,450; J.R. Coté Construction of Montreal, $2,384,424 and Longpré Construction of Chomedey, $2,492,707.

The Commissioners of the Regional Board had opened the tenders on Tuesday, May 23 in presence of a representative of the Minister of Education and another from the Department of Public Works from Ottawa. They then asked for a two day delay before accepting any tender. This acceptance must be submitted for the approval of the Department of Education who will give a final answer within a few days.

It is believed that the construction work will start in the last week of June and that the school should be completed eight to ten months later. 1000 students will attend classes there when it opens.

Plans For Legion Centennial Celebration Are Well In Hand

A Progress Report Meeting of the Special Centennial and Executive Committees of Huntingdon (Que. No. 81) Branch Royal Canadian Legion, was held at the Legion Hall, Tuesday evening, May 23, 1967. Also in attendance were representatives of a considerable number of other organizations which will have, either a Float in the Legion Sponsored July First Parade or a Booth, etc. at the Fairgrounds or both. As had already been intimated, it has been agreed by all concerned that each organization will donate the net profits from the Booth, etc., sales, if any, to the Civic County Centennial Committees Swimming Pool project. That is, of course, on a separate basis, and in the case of The Legion including all its First of July events and the special Friday night event to be held at Notre-Dame School.

Henri Guerin, 1st Vice President of the Branch and General Chairman of the Branch Special Centennial Committee, chaired the meeting, with Mrs. Mary Elliott, Secretary of the Branch as Secretary of the meeting. Mrs. Anne Cameron, President of the Branch, was also in attendance in interpretation of any decisions, etc. made by the Executive Committee of the Branch.

Mrs. Kay H. Williams, an Honourary Member of the Branch, and Convener of the Floats and Booths Sub-Committee, presented a favourable satisfactory report with respect to same. It was agreed that the Floats would be assembled by Parade Marshals, Alderman Douglas McGerrigle Sr. and Legionary J. Mc N. Smellie on Fairview Road, on July 1st, commencing at say 9.30 a.m.;

It was also reported that satisfactory progress has been made towards getting a Band or Bands to lead the Parade. Pipe Major Harrigan also intimated that the Huntingdon Pipe Band would be in attendance.

It was also reported that several convertibles had been generously offered, with same being used for the Mayors of the Town and Townships of Huntingdon County; the Legion's Centennial Queen; the Prince and Princesses, etc., and all the other contestants. The procession will proceed along Lorne Avenue to the Town Square and from thence along such streets as may be later designated, after which it will proceed via Henderson Street and Fairview Road to Huntingdon Fairgrounds. Following the arrival of the Parade there will be an Open Air Religious Service with same being organized by Rev. P. R. Stote and the other Catholic and Protestant Clergymen.

The Booths and Refreshments stands, etc., will be located in the Fair's Industrial Building, while elsewhere there will be several other amusement, etc. stands. The "Magic Tom" Show sponsored by the Branch, will be held in the War Memorial Arena and Convener Reg. Daniel reported that all the necessary preliminary arrangements have been made.

It was originally intended that the "Magic Tom" show be open only to those paying admission fees at the main entrance to the Arena. That is, children, 'teen-agers and adults who still enjoy that type of amusement. However, since this is a rather expensive commitment such procedure would have necessitated quite a substantial admission fee. It has therefore been decided that instead there will a general admission fee of 50 cents each to the Fairgrounds as a whole, with all concerned being given free access to the "Magic Tom" Show.

As General Chairman of the Legion Centennial Ball, Tom Vine reported that satisfactory progress is being made in connection with that event which will be held at the Legion Hall, during the evening of Saturday, July 1st. The net proceeds will, of course, be included in any donation that will be made to the Swimming Pool Project.

In addition to the foregoing projects, the Branch will also be involved in several other events. On Thursday evening, June 8, there will be the election of Officers for the year 1967-68, with same being installed on Saturday evening, June 10. At the same time the new Officers of the Ladies Auxiliary of the Branch will also be installed, with George F. Calver, Secretary Quebec Provincial Command as the Installing Officer.

Next day, Sunday, June 11, will be Huntingdon Branch's day of the National Veterans Week. Commencing at 2 p.m., members of the Branch, the Ladies Auxiliary; Sea Cadets; Scouts etc., will March from the Legion Hall to St. Andrew's Presbyterian Church for a brief interdenominational service to be conducted by the Branch Padre and Honorary Catholic and Protestant Padres. Following the service the Parade will be reformed and will March to the Cenotaph where Mr. Gerald Laniel, M.P. for Beauharnois will deposit, on behalf of same, one of the Centennial Memorial Wreaths which have been donated to Legion Branches across Canada by the Canada Department of Veteran's Affairs.

It is hoped that in addition to those talking part in the Parade, other townspeople, including survivors, relatives etc., of the deceased service men whom the Wreath honours, will attend the Church Service and the Ceremonies at the Cenotaph.

LOCAL TEACHERS HONORED FOR 25 YEARS OF SERVICE

Last Friday at the Vienna Hall of Bowling Venise, Valleyfield, a banquet and social evening was held in honor of eight teachers who have completed 25 years of teaching. This was organized by the Association des Enseignants de Salaberry.

When the guests had taken their seats, Mr. Jacques Robin, president of the Association introduced the guests of honor, Mesdames Béatrice Quevillon, Juliette St-Jacques, Ola Leduc and Annie Quenneville and Messrs. Georges Benoit, Robert Girard, Félicien Poirier and William Stewart. Also at the head table Miss Lavoie who has completed 40 years of service and Mr. J.O. Cabana President of the Association of Directors of the diocese of Valleyfield, the guest speaker. He congratulated the guests of the evening in a few well chosen words and wished them long life and success in their profession.

Mr. Félicien Poirier, assistant to the principal at Ecole Edgar Hébert thanked Mr. Cabana and the Association for the party organized to honor these quarter century members of the teaching profession.

Miss Guylaine Lemieux, Vice-President of the Association presented flowers to Miss Lavoie for her 40 years of service and $25 each to the teachers who have devoted themselves to education.

The Villanelles choir was on hand to sing many numbers of their repertoire. The ball was then opened by the "jubilaires". It was a most enjoyable evening which will be long remembered.

Mrs. Ola Leduc and Mrs. Annie Quenneville are both from Huntingdon, Mrs. Leduc is Principal of the Elementary Department, English Section, and Mrs. Quenneville teaches grade I, Congratulations.

Receives B.A. Degree

Miss SHEILA MYERS, B.A. attended Marianopolis College in Montreal and received her degree at a convocation held at the University of Montreal on May 18. Sheila, the daugter of Mr. and Mrs. John E. Myers of Huntingdon, is returning to college to further her studies.

BUGLE BAND TO PERFORM

We will again hear from the Bugle corps. Mr. Herve Tessier announces that the boys will parade through the streets of the town within a week. They will be known as The Condors.

Please note that there will soon be a drawing for a stereo radio. This instrument will be shown in the window of La Caisse Populaire. The drawing is organized to help defray the cost of the boys' costumes.

Mr. Tessier feels sure that the citizens will want to encourage this group of youngsters who work hard and will be another asset to our town.

THE LAST LOCAL DEDICATION SERVICE IS IMPRESSIVE ONE

Another milestone on the road of life of Huntingdon High School was passed when the last class to graduate from the school attended the Annual Dedication Service which was held this year in the United Church, Huntingdon on Sunday evening, May 28. This service, which is sponsored by the Home and School Association of Huntingdon High School, was started some ten years ago, when Dr. Ken. Willis was the Principal here. This year, Rev. P.R. Stote, of St. John's Anglican Church was in charge of the service, in which Rev. Henry Lowenberger, Rev. Geo. McMichen, and Mr. Charles Carpentier also took part.

This last graduating class of Huntingdon High School pledged themselves to carry out their responsibilities "as brother's keeper among all men, to set high moral standards, to discourage evil, and to thwart injustice." The Principal, Mr. A. M. Brockman, in his charge to the graduates, went on to ask that they defend their country from attacks from within, as well as without, stating that only reliance on a strength far greater than their own can they hope to achieve their goals.

The address to the Graduating Class was given by the Rev. E. C. Royle, of Hudson Heights. He noted that this tenth graduation service marked the end of an era, and hoped that the tradition of this unique service would be carried into the new Regional School. In his address, he spoke of "Signposts". "Beware of the Dog", or Beware of the Bull", "Stop Look, and Listen" at the railway tracks, noting that the young man who paid no attention to the first sign, lost the seat of his pants just the same. Education includes such sign posts as "Thou shalt not kill, steal, or commit adultery." They are not given as killjoys, but for the happiness of this class, and for the happiness of all concerned. Another of the signposts was "Stop, Look, and Listen". We constantly face the crisis of communication, and Rev. Royle reminded the graduates, "If you can listen, you've got it made." He illustrated this by reminding us of James Watt, who saw that everybody else could see, — the lid of the kettle banging up and down with the pressure of the boiling water inside, and by this observation and his own ingenuity, changed the face of industry and society. The last signpost he mentioned was one which we see in many places these days — Expo 67. He told of his experiences in the pavillion concerning Man in His Community, and of the questions man is faced with have all had some encounter in his path through life." We with Jesus Christ," he said, and there was always someone we could ask when in difficulty, if the sign posts did not seem to point the way clearly enough, ending with "This is the way, walk ye in it" "As you listen, He will tell you the way."

Following the service in the church, the graduates, their parents and friends, the staff of the school enjoyed a social hour in the church basement. The graduates were seated at the head table, which was centered with a large cake in the form of a book, with the Huntingdon High School Crest, and the names of the graduates inscribed on it. Mrs. Lowenberber, President of the Home and School Association, welcomed everyone, and pronounced the Grace. Then she thanked all those who had made the service possible, Mr. Stote, who was in charge, Mr. Royle, for his inspiring address, to the Choir of the School, under the direction of Mrs. Beal, to Mr. Gary Blake, organist, and to the Mothers of the preesnt Grade X pupils, who had so capably arranged the decorations and looked after the refreshments.

Another highlight of the evening was the excellent valedictory address given by Martha Chodat, in which she extolled the opportunities that education has made possible to the present generation. She contrasted some of the everyday events of 1867, and those of 1967, and the marvellous opportunities we have this year to learn so much of man's achievements, and of the life and culture of other countries at Expo 67.

To bring the evening to a close, Mr. Brockman spoke briefly of the graduating class, and of the things for which they would long be remembered in the minds of the staff of HHS.

At the close of the social hour, Mrs. Lowenberger read a letter she had received that day from Sister Arsenault of the Congregation of Notre-

Red Cross Assembly Held At Huntingdon High

From left to right those in the above photograph are as follows: Donna Hayter, Kathleen Elliott, Margaret Rennie, Donna Lea Fiset, Bertha Tannahill, Martha Ykema, Anne Hinchcliff, Shelley Herdman, Gail Elliott, Nancy Gunion, Cathy Rottensten.

On Tues. May 23, the Red Cross Youth of Huntingdon High School held an assembly at which caps and crests were given to the Candystripers. Special guest was Miss L. Howe, Quebec Provincial director of Red Cross Youth. Other guests were Mrs. K. Cameron, Miss L. Rankin, and Mr. J. Blake.

The assembly was opened with the singing of "O Canada". Marilyn Leggett, mistress of ceremonies, asked Nancy Gunion to explain the work of the Candystripers. Under the leadership of Elaine Moore, the Candystripers were organized in 1965. Two girls go to the hospital each afternoon after school and work for two hours. They visit patients, help in the kitchen, make beds, and perform many tasks for the staff and patients of Huntingdon County Hospital.

Miss L. Rankin presented caps to the girls who had worked for one year as Candystripers. Ann Hinchcliff, Gail Elliot, and Martha Ykema received caps. On behalf of Mrs. Hawley, matron of the hospital, Miss Rankin expressed thanks to the girls who had worked this year at the hospital.

Miss Howe, who had made the trip from Montreal especially for this occasion, presented the crests to those who have worked as Candystripers for two years. Donna Hayter, Bertha Tannahill, Kathy Rottensten, Shirley Platt, Kathleen Elliot, Margaret Rennie, Nancy Gunion, Donna Leah Fiset, and Shelly Herdman received crests. Miss Howe told the students that fifteen hospitals are now served by Volunteens. These teenagers give time and talent to serve others.

Francis McMichen, Vice-President of the Red Cross Council, summarized the work of the Council this year. The purpose of the Red Cross Youth is to serve others. Through the many projects of the Red Cross the students of Huntingdon High have served others. The elementary grades collected comic books for the Montreal Children's Hospital. These students are now collecting stamps for the stamp exchange. To raise money the Council has held a Hallowe'en Dance, Slave Week and a skating party. With the money rasied, the Council has completed many projects. At Christmas, stockings were filled for children who were in the hospital. Also many students went carolling then. Tickets were sold, the profits going to the County Civic Center. Red Cross calendars were sold and Red Cross Centennial pins are now on sale. Health kits, which go to disaster victims, are being made up. This year representatives were sent to the Inter-High School Conference. This year a conference, Rendez-Vous '67, will be held at Carleton University. Marilyn Leggett has been chosen to go.

Following this, Mark Proudfoot presented Mrs. K.G. Cameron with a $50. cheque toard the new swimming pool. Mrs. Cameron thanked him for the donation and commented that still more money as necessary to build the pool. She also expressed her appreciation for the help of the Candy Stripers at the Blood Donor Clinic at the Legion Hall.

Billy Stewart presented Mr. J. Blake with a $50. cheque toward the Regional High School. Mr. Blake said that the money would go to some personal item in the medical room and that a plaque would be set up with Huntingdon's name on it.

The assembly was adjourned with 'God Save the Queen'.

ROTARY TAKES LOCAL CHILDREN TO THE CIRCUS

Above are the buses which took children to Expo on Saturday afternoon for a show at the Ringling Brothers, Barnum and Bailey Circus in the Autostade. Some of the children may be seen boarding the last bus.

Rain held off on Saturday, May 27th, when one hundred and ninety children were guests of the Huntingdon Rotary Club for a visit to the circus at Expo Autostade, in the afternoon. Four buses started from Huntingdon High School at 2 p.m. for the circus performance between 4 and 6 p.m. It was the last day of the performance given by the Ringling Brothers, Barnum and Bailey Circus at Expo. Of the number, the Rotary Club paid the full cost of admission and transportation for fifty. Twenty in that group were from H.H.S. and 30 from the English and French Catholic Schools. Rotary also paid the cost of transportation for the other 140. There were also 13 chaperons. Several Rotary members contributed individually to the financing of needy cases.

The chaperons were: Mrs. Shirley Leaman, Mrs. Betty Beal, Mrs. H. Bonenberg, Mr. and Mrs. Thomas Brooks, Mrs. Dawn Lang, Mrs. John Cluff, Miss Agnes Howie, Miss Arlene MacIntosh, Mr. Jon Proudfoot, Mr. Mac Brockman, Mrs. Ella Ruddock and Mr. Rejean Blanchette.

The children were from Grades 1 to 9. The bus drivers were Arnold Milne, Cyril Stewart, his brother and Mr. Gordon Tannahill.

Proceeds from the sale of tickets to the Huntingdon group went to the Women's Auxiliary of the Montreal Association for Retarded Children.

Most of the children felt the clowns provided the best entertainment, although everyone gasped as the 8 large Bengal tigers were put through their paces. Horse lovers were also enthralled by the well trained animals seen in the ring — particularly the one that trotted around wih a 600 pound tiger on its back. For most of the youngsters it was the first time that they had seen elephants, tigers, or camels.

The Rotary Club wishes to thank all the public-spirited citizens whose help and co-operation made this venture possible. The children had a lot of fun and the whole undertaking took place without mishap.

Rides, Rides — More Rides — Lots Of Fun At Ormstown Fair

There'll be plenty of zing when you swing with the King at the Ormstown Exhibition where the mighty King Reid Shows again is the midway attraction with fifty roaring rides and sensational shows running from June 7th through June 10th.

The latest rapidly rotating ride to grace King Reid's monster midway is the sensational new Round-Up appearing here for the first time. It has a full capacity of thirty passengers who are held erect against its outer rim by centrifugal force while spinning at unbelievable speed.

Other fun rides include the Skittering Skooter with twenty-five smashing, crashing bumper cars. The Merry-Go-Round, the Terrifying Trabant, the Roaring Roller Coaster, the Rollicking Roll-O-Plane, the Titillating Tilt-A-Whirl, the Riotous Rock-O-Plane, Giant Ferris Wheels, Merry Mixer, the always-popular Octopus, a streamlined Speedway Ride under the World's Largest Multi-Colored Umbrella, clanging fire engines, roaring motorcycles, police patrol cars, and a sleek Bavarian Slide providing breath-taking excitement.

Star-studded attractions in the entertainment area include the Bunny Club featuring a Discotheque a Go-Go Revue with girls direct from leading night clubs in Las Vegas; the Blob, a human mystery; the Club Esquire with a Creole chorus of beauties doing the Watusi, the Mouse and the Jam; the Crazy Fun House with miles and miles of fun and laughter; the world's largest Amusement Arcade housed under a giant tented theatre and Sailor West's Super Circus Sideshow with human oddities from the four corners of the earth.

A FULL HOUSE GREETS LES PETITS CHANTEURS DE LA PAIX FOR ANNUAL CONCERT

Our singing choir "Les Petits Chanteurs de la Paix", staged their fourth annual concert at Huntingdon Theatre, on Saturday evening before a packed house, under the direction of Henry Talbot with Paul Talbot as accompanist.

The program opened right on time and at the outset a large bouquet of roses was presented to Mrs. Talbot, wife of the leader, by two of the smaller members of the group. Each one received a kiss from Mrs. Talbot.

Eleven numbers were rendered in the first half of the program and each one received the hearty applause of the audience. Mr. Talbot took the solo part of the number The Three Bells, while his broher Paul conducted in his stead. This is a number which seems to reach the heart of everyone. When the Canadian Hymn song was sung, the whole group formed up behind two flag bearers and marched right around the ailes, while singing this now popular song. It gave the whole quite an effect.

When the choir had completed these numbers two other vocal artists showed their talent and earned prolonged applause for their efforts. They were: Marcel Tessier, Bass, Therese Guerard, soprano and Thomas Legrady, pianist. It was hard for the audience to let these people go and they had to give several extra numbers before they allow them to stop.

The second half of the program saw the boys give a number of other interesting numbers which included some French folk songs. All were greatly appreciated by the audience and the applause following each number was loud and prolonged. There is no doubt but what the people of Huntingdon do appreciate good music when it is available.

Junior Red Cross Contributes Fifty Dollars Toward Centennial Swimming Pool Project

Members of the County Civic Centre met for a regular meeting at the Legion Hall, on Monday evening, with a fair attendance.

Following the reading of the minutes, Mrs. Anne Cameron reported on a gathering she had attended at Huntingdon High School in connection with a meeting of the Junior Red Cross. She was presented with the sum of $50 from the children on behalf of the Junior Red Cross to be used in connection with Huntingdon County Centennial Project, the Swimming Pool. It was asked that the sum be earmarked for something speciife, not just to become a part of the general fund.

Mrs. Cameron felt that this was a splendid gesture on the part of the children. She expressed her appreciation and to the meeting said she hoped that more groups would come forward and do likewise. She felt that these children were setting an example in showing their faith in the project by working to raise this money in order to make the gift.

At Huntingdon High School a penny race has been going on for some time and it is reported that this effort has collected a sum exceeding $100 and this too will be turned over to the Centennial project. Here again, the children are showing a keen desire to help build the fund. All the school children have worked hard in many ways to build up the fund and again their efforts have been deeply appreciated.

A further report on the funds was given by Mr. R. L. Tinker which showed the fund as standing at $7,425.81 as of May 29th. The following figures were given in the report.

STATEMENT No. 8

COUNTY CIVIC CENTRE

Balance from Statement No. 7	$7,285.81
Further Donations received	140.00
	$7,425.81

Further donations received from:— Stanley D. Murdock, Mrs. A.R. Little, Mrs. Mabel Anderson, Mr. and Mrs. Moore, Mr. Allister Kelly, Mr. J. René Parent, Mr. and Mrs. E.I. Holmes, Fry-Cadbury Ltd.

The general feeling was that the campaign was coming along quite well when it is realized that these are subscriptions coming from local people. Many of the special names have not been contacted yet and a large number of canvassers are still to be heard from. It was remarked that is was hoped that the sum will have reached the $15,000 mark by the time of the July 1st celebrations. It was further remarked that expectations were high for the July 1st program being sponsored by the Canadian Legion in co-operation with many other local societies. The profits from all the events in this connection are to be turned over to the County Civic Centre.

With the great line-up for this celebration the committee feels that this should do much to swell the coffers of the fund. More details of this appear under another heading in this issue of The Gleaner. It will require the wholehearted support of every citizen and there should be something of interest for everyone.

The committee was assured by Alderman Murphy and Mayor Cappiello of the Town Council, that work would begin on making a way to the island as soon as weather permits. Many of those present felt that this would tend to bring more attention to the Centennial Project and thus help to attract further support for same.

Some encouragement was given that a Government grant may be on the way and this was heartening to the committee. Out of town canvassers are to be urged to get their canvassing down so that all reports will be received by July 1st. It is the hope of the County Civic Centre to get the pool going in this Centennial Year. Time is going on, but if the government grant, and a substantial one at that, is forthcoming, it is probable that a start would be made very quickly after that.

Meantime it is the wish of the committee that people keep their donations and pledges coming in as quickly as possible and as often as possible in order that the fund may be built up more quickly. Actual Committee activity has been slowed down at this time in order to give the local organizations who are partaking in the July 1st program, a chance to build up their funds. The committee is concentrating at this time in building the list of sub-

LETTERS TO THE EDITOR

May 29, 1967

The Editor,
Huntingdon Gleaner Inc.,
Huntingdon, Que.
Dear Sir:—

We, in this area are so very fortunate in having Mrs. Keitha MacIntosh, that highly-educated, astute, brilliant, erudite woman of many parts to interpret current events for us. It is to be expected that eventually the CBC will sign her up for news analyses.

This well-balanced, well-adjusted lady seems to infer that Johnny Rennie, Policeman, acted like a man-eating tiger — and thirsting for French-Canadian blood at that.

I have known Johnny Rennie for many years and I would say he more nearly resembles a pleasant, polite bunny-rabbit.

It is a great shame that this woman is trying to make a "cause célèbre" out of a bizarre and most unfortunate accident.

As for making snide remarks about a small-town boy of normal habits and good conduct getting the "shakes" because he has shot someone —I, for one, would probably require psychiatric help had this happened to me. But then, perhaps such a well-balanced person as the writer is made of sterner stuff and would not need a psychiatrist to help her over a situation such as this.

It is my opinion that there are certain people who will espouse any cause, take any side and offer half-baked criticisms on anything for the one hope of seeing their name in print.

You may print my name — or not — personally, I don't give a Tinkers Dam.

Sincerely,
(Mrs.) Ethel Collier
Ormstown, Que.

May 29, 1967.

The Editor,
Huntingdon Gleaner,
Huntingdon, Que.

In reply to your letter to the Editor, Mrs. Keitha K. MacIntosh, we would like to offer the following defence against your unfair and unjust criticism of the Ormstown police constables.

We, the Police of Ormstown deplore the unfortunate incident that caused the death of these two men as much, if not more than anyone. However, we have taken an oath of office and have a duty to perform in protecting the citizens of this area and seeing that the laws of the Province and Municipality are treated with the respect due them.

At the beginning of your letter you state that there are a number of questions not answered. We are sorry that you are not better informed but of course you were not present at the inquest-so how are you to know what questions were asked, answered. Now at the time if you had had any questions, why were you not present at the inquest? If you are so interested in police activities you should obtain the correct information from the Q.P.P. or the R.C.M.P. We refer to the R.C.M.P. because your letter states that there is no highly organized drug traffic in this community or international border incidents. May we ask Mrs. Keitha K. MacIntosh where you received all this classified information? Surely not from the R.C.M.P., or the Q.P.P. files. In other words you just don't know if any organized crime exists in our area or not. We sincerely hope you are right.

Your criticism of Constable Rennie shows how little you know about the facts of this case. We presume that most of your information was gleaned on the "party-line" or at the "corner store". The fact that the Constable had been fighting for his life for some five to eight minutes before the actual shooting took place was given at the inquest and showed very clearly that the victim had shot himself in trying to wrestle the gun from the Constable. Realizing what had happened the Constable knew that these victims needed medical help and left the scene of the accident in order to obtain help. He also knew not to move the injured persons, until medical help arrived-even a hospital "volunteen" would know that this is proper procedure.

The fact that the Constable admitted to having the "shakes" — shows that we are human and have feeling and respect for human life even when carrying out some of the unpleasant duties of a policeman.

You also question the weapons a policeman carries. The weapon that Mr. John Rennie carries is not a cannon but a police 38 special which 95% of all police carry. This calibre has a muzzle velocity of 900F.P.S. with 158 grains of lead. It has been suggested that all police forces change to 22 magnum which has a muzzle force of 2000F.P.S. Now if these bullets strike bone the bullets disintegrate as does the bone. One other fact is if the use of this weapon is established it has three more shots to a load with much more penetrating power. This information should clarify your question concerning the weapons used by our local police force.

You do not seem to be aware of the fact that within the last 20 years we have had at least 6 murders in our peaceful community — 4 bank robberies (these bank robbers carried Thompson fully automatic machine guns — 45 calibre) and many thefts, as well as assaults on females, males and police officers. The overturning of a car driven by an Ormstown Chief of Police who was brutally assaulted to the extent that he had to relinquish his position and finally had to leave our "peaceful community". The Firemen have been called out and told to come armed to run a mad mob out of town as the local police could not cope with the numbers and their rough antics. A number of fires are set every Hallowe'en, a Government bridge was burned which necessitated the building of a new one at Allan's Corners. We stopped a Mr. Jeffreys one night for speeding through the Town and gave him a speeding ticket. Two weeks later this same man shot a policeman in Montreal and after when asked to produce the registration for the car he was driving he was unable to do so as the car he was using was a stolen vehicle. Now, Mrs. MacIntosh, maybe you have other suggestions to offer, other than the way the English Bobbies cope with police duties in subduing unwelcome characters that invade our community from time to time.

You ask that a policeman's background be investigated. We, Constables Rennie and Barrington have no criminal record or records of any kind — that might be of any interest to you. One thing we do know is that we have broad shoulders to receive the insults and criticisms of some people who are misinformed or just don't care whose character they might damage just as long as they can write a letter to the Editor now and then and let their neighbors know that they do exist.

Mrs. MacIntosh you question English policemen on the police force in Ormstown. To show you again how misinformed you are we also have a French Canadian on the O.P.D. and a policeman's job has been open for a French Canadian — by our request for nine months. We have had no applications. A number of French Canadians have been asked and they would not accept. This job is still open.

The very fact that you saw fit to raise the question of racial discrimination or prejudice in this case, shows nothing short of ignorance on your part—even at the inquest that was carried out by qualified and experienced administrators of justice — all of them French speaking as well as an all French speaking Jury — this sort of malice was never thought of. What do you — a member of the minority English speaking population of this area hope to gain by raising this most sensitive question? . . . We assure you that this thought had never entered our minds. We are Canadians and feel that all our fellowmen in Canada are also Canadians and equals regardless of their language or faith.

Your accusation of "discrimination by des anglais" is so false. We work with French Canadians most of our time. We have worked on jobs where we were the only English Canadians. At no time were we ever discriminated against which we appreciate very much. I Constable Jack Barrington, would not be married to a French Canadian if I at any time showed any prejudice.

We are both bilingual and have many French Canadian friends whose friendship we value and appreciate

We too could quote the Scriptures. However we do not feel that these quotations have any place in this discussion.

Mr. Editor our sincere gratitude for allowing us space in your paper to answer Mrs. Keitha K. MacIntosh's letter of last week.

Yours truly,
Constable Jack Barrington,
Constable John Rennie.

News Editor,
Huntingdon Gleaner,
Dear Sir,

I had in my possession a little book issued years ago, by a firm in Montreal, on the making of Liqueurs and Brandies.

The very first page had this title: and I quote: —

"THE TRUTH ABOUT ALCOHOL".

The use, and abuse, especially the abuse of Alcohol should on principle be discouraged.

That is what we said in 1892 in the first edition of this pamphlet. Thirty-six years later this opinion is still unchanged, and its accuracy is nowadays verified by Science. (unquote)

Very soon our [illegible] and friends in the Township of Godmanchester will be asked to vote on whether or not, that a grocery store be issued a permit to sell Alcoholic Beverages.

I hope they will give it serious thought. The Alcoholic beverages are really only just water, sugar, a flavouring essence and a certain proof of Alcohol.

The alcohol damages the brain, and eventually destroys all sense and reason.

The rest of it passes through the body, and finally helps polute our rivers and streams.

We cry out for fresh water so that we can keep healthy.

The County is trying to raise money to build a swimming pool, so that children and adults can swim in safety.

Yet, if you vote in the affirmative, you will be helping the grocer and the brewers to fill their pockets.

The Brewers always remind me of the Nursery Rhyme "Little Jack Horner". The pie is the pocket where the drinkers money goes. Every time the Brewers build a new Sports Area, or pay to other Benefit Projects. They can say "What a good boy am I"

I am,
Yours truly,
Mrs. Emily H. Surette

Dear Sir:

I would like to direct this letter to all those people who are continually questioning the fine work of our local and Quebec Provincial Police Departments. To those who complain, they are the first to find fault. If these people would try and help instead of hindering our police, they could carry out a more efficient job.

After I read (Mrs. K. K. MacIntosh's letter) I was furious. These men risk their lives to help and protect the people of the area and this is the thanks they receive. You talk about the questions that should have been answered. What questions? . . . In every case where death or near death is involved with our police there are always questions that come up later. It is the same as building a new house. After you have finished there are things you should have done before. You people who come up with these questions are the ones who would be of no use at all in the case of an atomic war or of an incident of a different nature.

The sonner you people discover that you are in a modern world, the better it will be. This is not England you are living in. It is Canada. We have proved this with Expo '67 which is turning into a great success.

The caliber of Police Weapons

I suggest that you people check into the caliber of Police weapons which are carried and you will find that the caliber of weapon which the constable was carrying was of regulation size, according to the law. You talk about the British Bobby not carrying a gun. Let me tell you something. In England the people respect the police but here people don't respect their police. A Bobby here in Canada would be kicked around like a football.

Discrimination

Madam, also all you other people who think the same way. Any person who would state such a letter to any paper is inmature. What would have happened if the case had been the other way around? Any man who takes his own law is wrong. A man who takes the law of the country into his own hands whether he is French, English, Italian or of any other origin should be prosecuted — And Drinking is no excuse.

What would happen if a drunken driver hit a child on the streets. All you people yell "Hang him". You yell when cars speed down the street, but when the police try to do their duty you complain. What would have happened if this policeman had lost his life? I leave this for you to answer . . . . . .

Myself, I have served as a Security officer and in the Canadian army. I have been called out in the early morning hours on an investigation. After the arrests were made the people who placed the call were shocked to find that their son was involved. You should have heard these people when they placed the first call. They accused the security of sleeping on the job. It was a different story after the arrest. This happens to our police every day.

As I am a resident of Ormstown I would like to congratulate the Ormstown Police on the fine work of late, along wih other police departments. I will argue on the side of these constables as I believe what they are doing is right. Also, I am proud of the way the town stood up for their constables. If any of you people think it is an easy job to be a police constable, just try it.

I say . . . . Respect your policeman and he will respect you.

Thank-you,
Sincerely,
F. W. Patterson,

Editor, Huntingdon Gleaner,
Huntingdon, Que.
Dear Sir,

I was interested to note in the Gleaner several weeks ago that no letters would be printed if signed by a nom-de-plume. I was interested because such a step does not preclude the use of an alias and I wondered how long it would be before someone signed a letter to the editor with a fictitious name to escape personal identification. Well — I did not have to wait long because in last week's issue this tactic was used by someone who signed herself as Mrs. Keitha K. MacIntosh. This letter had to bear a bogus signature because no one would have the courage to sign their own name to such an inane, idiotic diatribe. One thing however, came through loud and clear about the real author whoever it may be — that is: here is a person devoid of all understanding of the world in which she lives and clearly indicates how naive this person is.

Normally such a letter is better ignored however, this polyuria of words casts some unfair bards at the ability of Messrs. Rennie and Barrington to perform their duties of maintaining law and order in Ormstown. The record must be set straight.

Ormstown has never had and other similar towns do not now have two more serious minded individuals willing and able to undertake the unpopular, underpaid and difficult job of impartially policing a community.

The incident, which caused this person to release her verbal bile, was not initiated by Mr. John Rennie. From the time Mr. Rennie witnessed an committed to take the action infraction of the law he was entrusted to him by his employers — the citizens of Ormstown. That action is to apprehend the violator and issue a summons for the due process of the law. In the pursuit of this duty he followed the offending car and caused it to be halted. This he was required to do. Until this time the two men in the offending car had no way of knowing whether Mr. Rennie was going to give them an admonishment or a summons, however they elected to take the law into their own hands. What followed, Mr. Rennie is not expected to endure, nor is any other policeman. To attack a policeman is one of the most serious of all crimes. Our whole civilized world depends on respect for policemen while discharging their duties. It follows then when anyone attacks a policeman they must be prepared to suffer the consequences even if they evolve accidentally. Mr. Rennie had done all that was expected of him until the events took a turn to a point where he had no alternative other than to defend himself. It was a situation from which he had no escape and one that was not of his own chosing. As regretable as the outcome was, the verdict of accidental death was rendered after hearing all the evidence and not as a result of some amateur philosophic meandering as evident in the letter "signed" by Mrs. MacIntosh.

What I find even more deplorable in the above mentioned letter is the attempt to turn this event into one of racial discrimination. What a ghoulish mind this writer must have! One of the extremely difficult problems we have in this Province is to find some suitable way to deal with our so-called "Do-gooders". We can and will find a happy compatibility of both cultures in this proud land in spite of and not because of those who try to inflame their fellow citizens by reading into any event racist tendencies.

The writer appears to sanction the carrying of firearms by policemen but questions whether they should be of such high caliber. Is a lethal shot less deadly from a small calibre revolver? She also questions the calibre of a policeman who gets the "Shakes" after being attacked by two men and believes he has killed them. How naive can anyone become? Who wouldn't get the "Shakes" in such a case? I even get them when taking a fish-hook out of my daughter's finger.

I must also question something. I questioned the reasoning of the writer when she asks, "Could not some system be devised by which the law would be alerted and could intervene before this final tragic point is reached?". Well Doll, we have such a system and Mr. Rennie was trying to put it into practice. He was trying to intervene before some innocent pedestrian or motorist was needlessly slain. Seems you can't see the forest for the trees.

No one is his right mind would suggest for a moment that our police system is perfect but it is as good as we can make it without infringing on the rights of reasonable, rational, law abiding citizens. We in Ormstown are ever grateful that we have two well motivated, unbiased men capable of seeing what has to be done-then doing it! Ask any of the youth of Ormstown and you will find they have great respect for John and Jack. What more can a police officer ask? Oh yes by the way we have much less trouble in Ormstown than most towns of similar size and you know when we do have trouble it is usually caused by transients.

Ken Aldridge.

Our commissioners needed to be congratulated

In reference to the articles concerning the Catholic School Commission, I wish to congratulate our commissioners for their courage. They have certainly endured a lot of strain from the part of a certain small group of people who call meetings, not to help them solve their problems nor to bring them constructive criticism.

These commissioners have been voted in by us, taxpayers. We have given them our confidence and we must continue to support them.

They receive their orders from Quebec and they must conform themselves according to the instructions they receive. One very important point is that no person should mix politics with education which seems one of the main problems in this conflict.

Three years ago the Commissioners hired Mr. Talbot on condition that he continue his studies to obtain his diploma, but this condition was never fulfilled and furthermore this year he registered at the Vincent Dimdy School and followed music courses on his duty hours and now presents a bill of $507. for course expenses besides his salary being paid. I ssugest as a taxpayer that the commissioners refuse to pay this bill and furthermore a certain amount should be deducted from his salary to compensate for time lost.

Messrs. Commissioners continue your good work, for you are supported by a large majority.

And another taxpayer.

The President of the
Comité de Vigilance
Dear Sir,

Your philosophy on education has proven my point, needless to answer all your remarks, but I must say I particularly like the one about the rotten apple. This is very true indeed just look around you. "The truth very often hurts."

Our Centennial Supplement

THIS week we have published our supplement to mark Canada's Centennial of Confederation. Its content is mainly along agricultural lines because we feel this part of Canada has prospered from the results of agriculture and is still following closely along these lines.

It is well known that the Chateauguay Valley is noted for its dairy farming and that it is one of the most outstanding areas in this regard. It is thus we feel there is no better way of marking Canada's Centennial than to honor the basic foundation of its growth. The fine farms that abound in this area have been hewn out of the forest land that the original settlers found when they arrived here from the various countries of their birth. It took "guts" to do this in the beginning and it took "guts" to keep going until the many problems had been surmounted. The hardship of pioneering, the struggle against privations, want and sickness, the need to continually improvise in order to conquer the problems that persisted in presenting themselves, the business of making roads on which to travel out of the wilderness were some of the problems encountered and overcome. As the years rolled by there was satisfaction in seeing towns and villages spring up as more and more settlers came into the area and set about the task of clearing the land for themselves.

Today you see the result of all this — beautiful farms, fine towns with all kinds of services, manufacturing centres, schools, churches and all the things with which we are equipped today. No, this was not done in one hundred years. The early settlers came a long time before this. Among them were men of foresight and wisdom. Right now there are many who do not think these people had such foresight and wisdom, in fact there are those who would condemn their acts. Confederation came from the minds of men one hundred years ago which resulted in the British North America Act.

It is still impossible to look into the future and that was also so one hundred years ago, but the men who compiled the British North America Act did so in good faith and with the belief it would bring about the unity so desired at that time. As we who are here today see it, there could be some changes made in order to bring it into the terms of this modern day era; however, it has stood the test of one hundred years and Canada has prospered. It is possible it can stand the test of another one hundred years and still make progress. No one living today can visualize that any more than the Fathers of Confederation could in their day. In fact the world is travelling at such a terrific pace that even ten years can bring about rapid changes in many directions.

Our Centennial Supplement is based on that which was the early foundation of our country and speaking in general terms — "farming". Not only is it a salute to Canada, but it is also a salute to the farmer. By reading through the farm histories appearing in this supplement it will soon be learned that the early settlers firmly established themselves and their successors have carried the banner high down through the years.

The Situation In The Middle East

THINGS today happen so quickly that sometimes full realization of what is happening is not always brought home until some time after events. One thing that has puzzled us since the announcement that war was imminent in the Middle East is why it should have come about so quickly.

A United Nation's peace force was in charge in this troubled area and had been responsible for settling several disputes. It was the job of this force to do just that, the same as our policemen cope with troubles here at home. Suddenly a factor demands that this force be removed, it is getting in the way of this factor and others having a little fight on their own and they are tired of it. Get them out of here they said to U. Thant, Secretary-General of the United Nations. Without any referral being made to the United Nations, he promptly acquiesced and the order for withdrawal of all United Nations Forces in the area was sent out.

We had expected this matter would have been under much discussion when the United Nations Assembly met, but if it was, very little report was given of it. It is a serious thing to throw the world into a war as this appears to be doing. It seems that a greater stand should have been made by the United Nations when it was first charged to keep the peace. Apparently it had done a fairly satisfactory job up until this time. With a show of determination it could possibly still have maintained its position. It is hardly likely the United Nations will again be able to control a similar situation and like the old League of Nations it replaced, this might be the beginning of the retirement of the United Nations.

More Flags Requested

NEVER before has Canada had such an opportunity for flag flying and waving as in this Centennial Year. Yet despite this there is a great absence of flags along the routes which are being travelled by thousands and thousands of visitors. Never before has Canada had such an influx of visitors and perhaps never will again. With Expo forming the major attraction of Centennial Year, people are coming into our country from practically every part of the world.

Our flag should be flying all the time to show the world we are really celebrating. Every home should have a flag flying in a spirit of pride of accomplishment. Every business establishment should have at least one flag flying. All of this will show we are really celebrating. There are probably many visitors from far away points who have never seen the Canadian Flag, now is the time to show it to them.

Being located close to so many border points all routes leading from these points should have hundreds of flags flying from farm, homes, towns and other places along them. Don't wait until July 1st, get them up now and keep them up for the rest of the year. If they wear out, so what, get more the next time. Let's advertise ourselves for a change. We are Canadians, and it is our Birthday.

Obituary

Miss Sarah Smythe

Miss Sarah E. Smythe, 94, of Cazaville, Quebec died Thursday evenig, May, 11th., in the Patterson Nursing Home, Huntingdon, Quebec, where she had been a patient for three days. She had been in failing health for the past couple of years.

Her body was in repose at her late home until the Monday morning when last rites were conducted at ten o'clock at the Roman Catholic church, St. Anicet, Quebec. The Rev. P. Deguire was celebrant of the requiem Mass and the Rev. Thomas J. Robillard of Fort Covington, deacon. Interment was in the parish cemetery.

The deceased was born on January 23rd., 1873, at St. Anicet, Quebec, a daughter of John and Margaret Shane Smythe, and spent her life in that area. She made her home with a brother, James, who is 88 years old and the last of a family of eight children. She was a member of St. Anicet Catholic Church.

Surviving besides her brother are seven nephews, Augustus, Levi and Affra Smythe, Fort Covington; Stephen Smythe and Gerald Cahill Massena; James McGarvey, Malone; Harold Smythe, Florida; four nieces, Mrs. Margaret Derouchie, Fort Covington; Mrs. Elsie Strang, Malone; Mrs. Cora Oakes, Springfield, Mass. and Mrs. Catherine Enos, California. All of those in the area attended the funeral.

Pallbearers at the rites were Messrs. Augustus Smythe, Sr.; Augustus Smythe, Jr.; Levi Smythe, James McGarvey, William Smythe and Gerald Cahill.

This and That in Town

✔ **THIS ISSUE OF THE GLEANER contains our special Centennial Farm supplement. Annual subscribers will receive this Centennial Edition as part of their regular Gleaner, as previously stated, but all single copies at newstands will sell for 35 cents, or three for one dollar. Regular subscribers wishing extra copies may order at the above price. The Gleaner will again have a booth at Ormstown Exhibition and the Centennial Edition will be available there; also Sellar Histories of the Counties of Beauharnois, Chateauguay and Huntingdon; The 1967 Ormstown Oracle; Robert McGee's new book on the Fenian Raids and possibly Reverend William Holmes' History of Ormstown Bands. Subscriptions to The Gleaner will also be accepted at the booth.**

✔ ORMSTOWN EX attendance for '67 is expected to far exceed attendance of other years. The Montreal area is literally teeming with people from other nations, many of whom will be anxious to see a first-class horse show. The officials have planned for this greater influx of visitors to this renowned fair which will undoubtedly be the biggest and best yet. In addition to regular attendance, many folks will have out-of-town guests and we suggest they would thoroughly enjoy at least one day at Ormstown Exhibition. (See elsewhere).

✔ **TEXACO ARCHIE was host to a cousin from away downstate over the week-end. The cousin, Chuck and his family, were in town to attend the Lemay-Brunette wedding on Saturday. A burly policeman, Chuck had never been in in Canada before. We don't know for sure if Archie had more fun than Chuck or if it was the other way around, but Chuck swore he expected to be faced with a wall of snow as soon as he crossed the border at Trout River (fact is Chuck, some of the rest of us wouldn't be too surprised to see a little of the stuff one of these mornings) and says he was disappointed that Redcoats weren't linked arm-in-arm along the Canadian border. Archie was dead sober when he told Chuck there had been a bloody war between some cowboys and a tribe of Indians just last week a couple of miles out of town "on the prairie". At the wedding banquet, Chuck was enjoying his chicken until Archie told him he was eating caribou that had been killed with a bow and arrow the night before. On and on the banter went... when we last saw them Chuck was telling Archie his service station would "look more Canadian" if it was built of snow blocks, like igloos.**

✔ SPRAYING to kill Gypsy Moths has been going on in the Franklin area for the past week. Airplanes are used to distribute the spray and the pilots are engaged in a hazardous occupation as they must fly just above the tree tops. One of the planes crashed shortly after 6 p.m. Sunday and the pilot was fortunate to have escaped with only a few facial scratches and a bruised leg. The plane is still wedged between trees, about six feet from the ground, and is a total loss. The Gleaner met Mr. G. S. Brown, Supervisor of Surveys for the Canadian Department of Agriculture, entomologist in charge of the operation, and he has agreed to tell us all about the Gypsy Moth for next week.

✔ **THE LONG WEEK-END for our neighbours to the south accounted for much of the extra traffic on local highways over the week-end.**

✔ ED SID says there's no room for this column this week, so we'll cut it short by saying we hope you enjoy our Centennial Issue.

✔ **JUST THIS: Any of our Ormstown readers recognize the man under the hair dryer? We'll never tell anyone your name Gaston!**

✔ OPEN INVITATION: Parents and friends of Huntingdon High students are invited to visit the auditorium from 3:30 to 5:30 p.m. tomorrow (Thursday) to view displays prepared by pupils of the Home Economics, Arts and Crafts and Industrial Arts classes. Adults who take advantage of this opportunity to see the results of training in these courses will be pleasantly surprised at the fine quality woodwork, etc. May we urge you to attend ... the students will be pleased to know you are interested.

✔ **SATURDAY was an exciting day for some 200 students of Huntingdon who saw the Ringling Bros. Circus at Expo. (See elsewhere)**

✔ THIS FRIDAY Huntingdon High students from Grades 7 to 11 inclusive will travel by school bus to Montreal where they will spend the day seeing the wonders of Expo. This is once we won't have to say we hope you will enjoy the day ... we KNOW you will.

✔ **FRENCH ORALS were held at O.H.S. last week and these tests started at Huntingdon on Monday. Written examinations for senior students start in all schools next Tuesday.**

✔ GARTH STEPHEN AND TOM PASHLEY left Huntingdon with their canoe about mid-morning today headed for Upper Chateaugay Lake, N.Y. As previously stated, their Centennial Project is to paddle from the source of the Chateauguay River to its mouth at Chateauguay, Que. and then on to Expo. Garth expects he and his buddy will paddle through Huntingdon around noon on Friday. (Scrap the swim suits fellows, pack coon coats or long woolies ... it's going to be cold sleeping under the stars).

✔ **CORRECTION in the Southampton, England, Southern Evening Echo: "Due to a misunderstanding over the telephone, we stated that the couple would live at the home of the bridegroom's father. We have been asked to point out that they will, in fact, live at The Old Manse." The Reader's Digest.**

✔ MRS OLA LEDUC and Mrs Annie Quenneville were among the eight teachers honored last Friday evening by the Association des Enseignants de Salaberry for having completed 25 years of teaching. Both are from Huntingdon and at Notre-Dame School, English section of Primary grades.

✔ **WATCH FOR A NEW and Modern, tea room in an antique setting, in Ormstown. Mrs. Eleanor Seggie and Mrs. Jean Anderson will soon open the doors of their establishment which they have named "Wheat and Chaff". The location is in Ormstown's oldest building, the old Walsh Grist Mill. This property has been bought by W. S. Cullen, who plans to restore the old mill to a degree of its original lustre. Mesdames Seggie and Anderson have rented the old "Millers House" as an antique and art centre and tea room. We believe this will be one of the "places to be seen", during the coming months.**

SUGAR AND SPICE

WE GET LETTERS

When you write a column like this, you get some reaction. If you didn't it wouldn't be worth writing, because it wouldn't be worth reading.

A recent column has produced reaction. It dealt with the load we heap on teen-age kids generally, and contained a list of what my 16-year-old, specifically, had to do in the next few weeks.

Two letters arrived smartly, then a third. The first was from K.D., of Owen Sound. "Your column is not up to your usual standard. Not quite so frank. It might have been if you had turned the X-ray on yourself as well as on the critics of the young people of today — whoever they may be."

Critics? K.D., meet L. E. Taylor of Toronto. Admitting that he has met a few decent teen-agers while on summer vacations in a small town, he adds: "But not so in this big city ... A great many of the teen-agers here are the pushing, impolite, immoral bores to be shunned and avoided wherever possible."

K.D. says: "Any sane person would know your daughter is trying to do too much. Result of having two over-ambitious parents ... Each of you wanting to realize in each of your children your own ambitions. Selfish, I'd say."

Now wait a minute, there, K.D. You can say what you like about my wife. But by gorry, you're all wrong about me. All I want if for my daughter to stop driving her mother nuts, pass her school year if possible, get married (preferably by elopement; I'll spring for a 50-foot ladder in lieu of a $1,000 wedding), have about five kids, and get as much fun out of them as we have out of ours.

Back to Mr. Taylor. He doesn't blame the parents, but the kids. They have it too soft. Says they have more advantages than we had but lack initiative and drive. And he lists about 30 things he was doing, while in high school. Come on, L.E., be sensible. Sure, you did them. But how many others of your age did. There was darn little initiative and drive during The Depression.

He goes on: "Matric had to be studied, and written off in sweltering hot June days, with air-conditioning nowhere". It still does, old boy, in most places, and furthermore, it's about three times more difficult than the matric you and I passed. And the universities demand standards far higher, for admission.

Back to K.D. "Bet your mother would have had more sense," (one didn't have time. Ed. note) "Whose fault is it that your daughter and others want to go so much in and out of school? Yours and others like you. What kind of training, advice, guidance have you given her apart from 'strive, strive, strive' and 'achieve, achieve, achieve'?"

K.D., you are hereby invited to give my daughter some of that stuff. But don't blame me if you emerge from the conference bloody and bruised.

There's more of the same from K.D., and a lot of it good sense. It ends: "Baloney to your sex, LSD and drinks — mere red herrings to drag in and show how up-to-date you really are! Not stuffy at all! Ho! Ho!"

Well, ho-ho to you, K.D. You've been reading too many articles about punk parents, and not enough about punk kids. If you think drink and drugs and sex are red herrings, in relation to teen-agers you'd better pull your head out of that sand-pile.

There you are. One correspondent says it's the parents' fault. The other says it's the kids.' They're both wrong. And both right.

And then came the third letter, balm to tortured nerves. It was from an old friend, Edith Rudell of London, Ont. She is not exactly an amateur commentator. Six boys and a girl. I quote: "I will frame it (the column) and amen! The fantastic amount of time and energy and nervous tension expended by my group is not possible to describe. Furious? Anyway, it exhausts me just being an onlooker. So bless you, Bill, for putting the thoughts into words."

And bless you, dear heart. And bless K.D. and L.E.

scriptions in the hope of reaching the $15,000 mark by July 1st. Everyone can help in this by subscribing as much as possible and as often as possible.

A vivid picture was given as to what a splendid recreation centre Russell's Island can be made into once the start has been made. The first part of the project may be starting soon as brush is cleared in order to make a space for the pool. This will probably be done by volunteers until such time as a way to the island is made so that trucks can go onto it. While all of this cannot be done in one year, it is felt that in two or three this will be a centre where families may go to spend an afternoon and evening during the hot summer days. It will be within the reach of everyone and does not require that a family own a car. The pool will be properly looked after and life guards will be on hand to look after any emergency. Classes will be held to teach children and adults to swim and to handle themselves properly in the water. Other facilities will be on hand for the use of the people and eventually the spot will offer a place to have a picnic and play other games. Space will also be available to park cars and all in all it can become a real family playground.

This is what the Huntingdon County Centennial Project involves for the future, not just a swimming pool. Anything that anyone contributes will be used in a worthy way and one that will provide the most for the most people.

Think it over and then get those subscriptions coming in; they may be sent to R. L. Tinker who is in charge of the monies for the project.

MUNICIPALITY OF THE TOWNSHIP OF GODMANCHESTER

At a regular meeting of the Municipal Council of the Township of Godmanchester, held at the usual place and hour of sessions, on Monday the 1st day of the month of May, 1967, in conformity with the provisions of the Municipal Code of the Province of Quebec, and at which were present His Worship Mr. Charles R. Reid, Mayor of the said Municipality, and Coun. Howard McLean; Wallace Rennie; Alderic Leblanc; Real Racine; André Billette and Allan Hunter forming a quorum of the Council under the presidency of the Mayor, the following by-law was passed.

BY-LAW NO. 233

BY-LAW No. 233 to request the Quebec Liquor Board to issue one or more grocery permits for the sale of Alcoholic beverages.

WHEREAS the prescriptions and formalities required by law, in respect to the passing of the present by-law have been fulfilled;

WHEREAS Councillor Racine has duly given notice of motion of the presentation of the present by-law;

WHEREAS no prohibition by-law is in force in this municipality;

WHEREAS this municipality is a rural municipality and of a population of less than five thousand inhabitants;

WHEREFORE the Council of the Township of Godmanchester does by these presents request the Quebec Liquor Board to grant and issue one, or more, grocery permits for the sale of alcoholic beverages in the Township of Godmanchester, the whole in accordance with the law entitled "An Act Respecting the Quebec Liquor Board".

The present by-law will be submitted, according to law to the Municipal electors of the Township of Godmanchester, County of Huntingdon, for ratification.

(Signed) Mrs. M. A. Barrett,

Married At Alexandria

QUENNEVILLE-LEBLANC

The marriage of Marion Leblanc, daughter of Mr. and Mrs. Lester Leblanc of Alexandria, Ont. and Clement Quenneville, son of Mr. and Mrs. Emile Quenneville of Ste. Agnes de Dundee, took place on Saturday, May 13th., 1967, at St. Fininian's Cathedral, Alexandria, Ontario. The Rev. Msgr. Donald A. Kerr officiated at the double ring ceremony and celebrated the Nuptial Mass.

The bride was given away by her father, and chose a floor length sheath gown of white organza and lace with long sleeves, also a cathedral train falling from a bow at the back of the neck. The bouffant illusion tulle veil was held in place with an organza rose and petals. She carried a basket of yellow and white roses, and wore a cultured pearl pendant, a gift from her father.

Miss Simone Sauvé of Lancaster was bridesmaid and wore a floor length yellow linen dress with white lace accenting the Empire waist. Her headpiece was held in place with Shasta daises and tulle of a matching colour. She carried a basket of yellow and white Shasta daisies.

Mr. John Suto of Ste. Agnes de Dundee was bestman. Mr. Lionel Sabourin of Cornwall and Mr. Claude Quenneville of Ste. Agnes de Dundee, were ushers.

Mrs. LeBlanc, mother of the bride, wore a powder blue lace dress and coat with white accessories, and a corsage of pink and white roses.

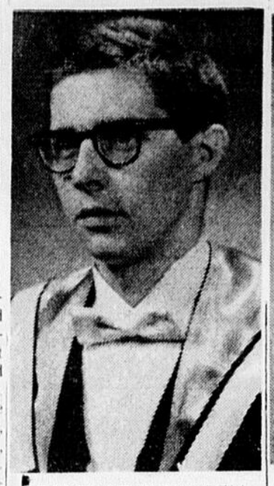

Mrs. Quenneville, mother of the groom, wore a linen and silk dress and coat of green print and matching hat with white accessories. She wore a corsage of white roses.

Following the ceremony a dinner and reception, attended by 80 guests, was held at the Torch Room in Cornwall, Ont.

For travelling, the bride wore a coral wool boucle suit and maching hat with black accessories, and a corsage of white Shasta daisies. The honeymoon was spent travelling around Lake Ontario.

Mr. and Mrs. Quenneville are residing in Alexandria, Ont., where both are employed.

BARBARA ALLEN

LOCAL GIRL IS A WINNER IN CANADA-WIDE CONTEST

Fourteen year old Barbara Allen, daughter of Mr. and Mrs. John Allen of McLeod Avenue was advised recently that she is a grand prize winner in the Dominion Expo 67 Student Essay Contest.

The Contest, sponsored by Dominion Stores Ltd. was open to students all across Canada and we believe there were thousands of essays submitted.

Barbara's prize will be a one week, all expense paid vacation to Expo; travelling with a group of 50— or perhaps we should say 49-other students. They will stay at a Hotel on Decarie Blvd., where there is an indoor pool, all kinds of recreation facilities and all the other amenities of course.

All travel accommodation has been arranged by the sponsoring company, and to make it even nicer — they are giving the students a $50.00 allowance for incidentals.

Barbara is a very accomplished young lady. Besides writing essays, she also writes little plays and is quite an artist. Although she won't be fifteen until Autumn, Barbara already has an ambition to be an artist. A student of Grade nine at Chateauguay High School, she has had her art work on display not only in the school — but also in Montreal. Four years ago Barbara was winner of a transistor radio in a Chateauguay Valley school contest sponsored by the Bible Society. (Gideons). In this she also had quite a lot of competition.

Barbara has her choice of three different dates to go on her trip and has already replied of course — so we will be looking forward to hearing all about this exciting week; all the new firends she will be making and all the places they are from.

Sincere congratulations to you Barbara Allen !

Local Resident Promoted

The Department of National Defence announces the promotion to Flight Sergeant of Kenneth A. Ireland, 37, a bandsman piper with 401 Squadron (Auxiliary) R.C.A.F.

FS Ireland has been serving for 14 years now, and is a machinist in civilian life.

Tom McDade To Open St Andrew Bazaar

Mrs. G. Adams, Chairman of St. Andrew's United Annual Bazaar, announces that Mr. Thomas McDade, Co-Chairman of Chateauguay Centennial Committee will perform the official opening ceremony at the church, next Saturday at 2 p.m. Afternoon Tea and Supper will be served in Memorial Hall, and there will be a carousel for children's rides. Potted plants and flats of plants will be available, and there will be a car wash. There will be a booth with a display of old pictures of Chateauguay, and a short history of St. Andrew's and of Chateauguay will be on sale.

CHATEAUGUAY GIRLS NAMED TO REPRESENT CANADA AT UTICA, NEW YORK JUNE 10

Four girls from Chateauguay have been chosen to represent Canadian young people in Utica, New York, on June 10th, as part of the Salute to Canada Week celebrations.

The girls are band Rangers, members of the Girl Guides of Canada — Misses Pamela Prenovost, Joanne Hanna, Susan Hurst and Debbie Virag.

They will join the official party including the Hon Jean Pierre Cote, personal representative of Prime Minister Pearson and Dr. Leon Lortie, Pro-Mayor of Montreal and Secretary-General of the University of Montreal, representing Mayor Jean Drapeau. Other members of the party are Mr. Ian Watson M.P. and Mrs. Watson, Mayor and Mrs. Bover of Beauharnois, Mayor and Mrs. Richard Sutterlin of Chateauguay Centre, and Mayor and Mrs. Chartier of Lachine.

The Canadian group will travel to Utica on a One Eleven fan-jet built by the British Aircraft Corporation for Mohawk Airlines.

The Centennial Caravan Is Coming

Mr. Ian Watson, M.P. Chateauguay-Huntingdon - Laprairie, announced on Monday evening that Secretary of State Judy LaMarsh has agreed to a two-day extension of the Confederation Caravan to enable it to visit Chateauguay. This is the first extension of the Caravan's schedule granted by the Federal government and was made at the request of Mr. Watson and Mr. Gerald Laniel, M.P. Beauharnois-Salaberry. The two Members acted on behalf of the Town of Chateauguay Centennial Commission's chairman, Mr. Maurice Laberge, and co-chairman Mr. Thomas McDade.

Mr. Watson stated that the eight-unit tractor trailer caravan will visit Chateauguay on Wednesday and Thursday, November 1 and 2, after being on display in 58 centers in the Province of Quebec. Each trailer has a stage which will be available to local groups of entertainers who wish to contribute to the Centennial Celebration.

Inside the Caravan, the progress of Canada from primeval times to the present day is displayed by various exhibits. The Caravan which on will visit Chateauguay is one of eight which are currently touring all of Canada's provinces. The unit to come here the first two days of November started its journey at Huntingdon on May 1st and is currently touring centers south of the St. Lawrence River.

A representative from the Centennial Commission in Ottawa will be in Chateauguay this week to meet with Mayor Richard Sutterlin of the Town of Chateauguay Centre and other members of the Chateauguay Centennial Committee to discuss further plans on the local level.

CATHOLIC SCHOOL BOARD ELECTION THIS SUMMER

Elections will be held in two wards this coming summer in the Catholic Municipality of Chateauguay. The vacant wards are St. Francis D'Anjou, now represented by Dr. Jean-Marc Sauvé, and West End — Ville de Lery, represented by Mr. Faubert.

Each School Board commissioner is elected for a three-year term. There are five wards in all, and elections are held by rotation in each ward, once every three years.

Montreal Mandolin Ensemble Gives Delightful Concert At Mary Gardner Gymnasium

An estimated crowd of two hundred once again heard the Montreal Mandolin Ensemble give a most delightful concert, last Saturday evening in the Mary Gardner School Gymnasium.

Sponsored by the Chateauguay Centre United Church, the group is a most accomplished one, and has quite an extensive repertoire.

The program was a little tardy in starting off — however this was due to the difficulty of tuning some of the instruments — which incidentally are extremely tricky.

A few of the numbers played were the "Overture to Carmen" by Bizet; a symphonic poem by Alexandre Borodin, "Steppes of Central Asia"; a "Pizzicatto Polko" by Strauss; a Spanish "Beguine", a few Russian dances; folk dances from other countries; a special arrangement of a Jewish Folk Song; and some songs sung by the inimitable Dr. Silverman.

The conductor, Mr. Walter Sheper is very accomplished, not only in directing the group, but also on the balalaika. It is quite a feat to both direct and play at the same time, but Mr. Sheper had the eyes of all his group and their response was magnificent, to say the least.

In some of Dr. Silverman's songs, the audience joined in on the choruses and their enthusiasm was quite evident.

Organizers of the event, with Mrs. Rhoda Rowntree at the helm, made a very nice gesture by inviting some of the patients of the Wheeler Convalescent Home to the concert, thereby bringing a little happiness and joy to them. Some remarks overheard were that they hadn't had such a nice time for ages.

Also saw and spoke to many of Vetville's people — and heard they thoroughly enjoyed listening to the Mandolin group also.

Chateauguay Centre United Church deserve a vote of thanks for bringing a little culture to the area — for apart from Church and other choirs, there is a dearth of good music in this area. We have radio and T.V., but there's nothing like seeing a performance as well as hearing it.

Rev. Goold and the Committee of organizers invited the Ensemble over to the Church on Parkview Blvd. for coffee and refreshments after the concert.

Well done! and we know many will look forward to another concert by this group!

GUIDE FLAG PRESENTATION

On Friday, May 26th, the 6th Chateauguawy Co. Our Lady of Perpetual Help Parish, held a social evening to finish the year's activities.

The highlight of the evening was the dedication of the Canadian Flag, which was presented to the colour party by Mrs. Charles Keenan on behalf of the Catholic Women's League.

Rev. John Allan and Rev. Fr. Victor Dionne O.F.M. blessed the flag, after which it was hoisted, in the presence of Mrs. Cooper, district commissioner, Mrs. B. Baudreau Captain, of the 6th Chateauguay Co., Mrs. G. Buggie Lieutenant, and Mrs. P. Royal, Guider.

The Bluebird Patrol were presented with badge scarves for highest Points of the Year.

The Guides entertained their parents and guests, following which refreshments were served.

VOLUNTEER FIRE FORCE IS FORMED

Chief of Police Meloche announced last week that a list of volunteer firemen residing in Chateauguay has been formed.

The volunteers, who have had fire-fighting experience in other towns, will be available in any fire emergency

Ten volunteers have been recruited by Chief Meloche in a stand-by emergency measure.

Normally, the personnel of the Town of Chateauguay Police Force do double duty as the municipal fire brigade.

PERSPECTIVE: JEWISH QUESTION AGAIN

by Russ Faughnan

History has a way of repeating itself in a most unwelcome way. It seems to be the particular destiny of the Jewish people to find themselves fighting for their Promised Land. Make no mistake, the present crisis in the Middle East could be the beginning of World War 3.

We've had local wars before. It is easy to be complacent. It is easy to say it will pass, in time. But, is this the time? Is this the time where someone will go too far? Egypt blocks a port. Israel sends a ship through the blockade. Shots are fired and perhaps a plane attacks the firing position. Armies start to move and the world powers take sides.

Oh yes, We've had these situations before. But this is not Vietnam because here, we are directly involved. There are many in North America who have a direct loyalty to both sides in this conflict. It is beyond nationalism. In fact, this could quickly become a religious war. History has always dictated that no one controls a religious war until victory is won.

Pessimistic? I prefer to think this is a realistic point of view. The fact is that Israel exists by the grace of the United Nations. Although a member of that body, Egypt and other Arab countries have never recognized the legality of the Hebrew nation. President Nasser has repeatedly stated that his aim is to destroy Israel. Unless our Press has been completely wrong, he has been directly quoted as saying that his goal is the complete destruction of a country formed and recognized by the United Nations. Can other members let it be destroyed? I think not.

Is there a solution? Only one. Whether within the community or in the Community of Nations, the law must be upheld. This is not always easy or comfortable but without law we are nothing. Even the United Nations itself will become nothing if they cannot face this challenge to their collective authority. Law enforcement requires police and police must sometimes fight. It is not the fight that is wrong but only the crime it prevents. It will be sad indeed if we ever fear the cost of prevention more than the crime itself.

EDUCATION IN THE VALLEY

We thought that you might be interested in the following excerpt from the The Montreal Star, Saturday, May 20th, 1967.

"60 ONTARIO VISITORS BROUGHT OWN BEDS".

Sixty Boys of Notre Dame Catholic School at Newmarket, Ont., "picked up their beds" and walked right into Maple Protestant School of the Town of Chateauguay, Que for a visit to Expo.

Each carried a sleeping bag. Members of the Maple Home and School Association, under the direction of Centennial Chairman, Mrs. Betty Sutterlin, formerly of Newmarket, rolled out gym mats.

The 60, accompanied by nine teachers, parents and one nun, bedded down each night in the school gymnasium.

The experiment had the blessing of school board members, with the proviso there be plenty of adults on hand.

The students were out by 8 a.m. each day, so that their visit would not conflict with the regular students of the school. They were given breakfast and a lunch, and when they came back in the evening, after a day's fun at Expo, association members served soup or hot drinks.

The experiment was voted a success. The Expo hosting act will be extended by teachers of the town's high school in late August when a mixed group of high school students will be welcomed from Toronto. They will be billeted in homes.

The school, in the interests of inter-provincial goodwill and geography study, has already sent a group of 40 students to Toronto. The August event will be a return visit.

I had one phone call!! With news yet! Such a happy call too — from a neighbor on McLeod. Read details elsewhere in these pages.

As usual I spent a rush rush week last week and another of the same this week.

A group of ladies from our Church went to a Deanery meeting in St. Paul's Church, Greenfield Park last Thursday. We had a lovely day there — with a service first and lunch served — and we didn't have to do the work for a change. After lunch we heard such an interesting speaker. He was Bishop Trapp, former Bishop of Zululand in Africa and now Executive Secretary of the United Societies for the Propagation of the Gospel with offices based in England. Bishop Trapp spoke extensively on Zululand — which is a country I knew nothing about. They grow citrus fruit, sugar and other agricultural products. In the summer it is very hot, and in winter just perfect — no rain, lots of sunshine.

The Bishop told us quite a bit of the history of Zululand of the nineteenth century and the story of "Chaka" who was quite a tyrant — but all for the good of the country.

When I have a little more time at my disposal I am going to write an account of the talk, as I did take a number of notes.

We had another trip to Expo last Saturday. This time we waited in a long, long line to go into the Telephone Pavilion and — it was worth all the waiting. Also went to the British Pavilion, the line-up was not too long and it was kept moving continuously — BUT — we resented the fact that people sidled into line — refusing to go to the end of the line. Three couples did this and they entered the Pavilion long before all those patient and polite ones who took their turn. The Bristish Pavilion is one which should be visited more than once. There is quite a lot to see in a short time, and we do intend to see it again if possible.

Please, oh please call me with your news items! And your comments on Expo too. And your visitors' names and where they've come from!

TENTH BROWNIE PACK CENTENNIAL PROJECT PLAN

Saturday, May 20th, 1967 the tenth Chateauguay Brownie Pack completed their Centennial project.

The Brownies presented the Centennial Almey tree to Father Belanger. At a simple ceremony on the front lawn of the Rectory the tree was planted.

Mrs. T. J. Killaire, past president of the C.W.L. who was responsible for the organization of pack and Mrs. C. Keenan, president of the C.W.L. were present at this ceremony.

PARKS EQUIPMENT IS NOW BEING INSTALLED

Some $8,000 worth of parks and playground equipment has been delivered to the Town of Chateauguay's Parks Committee.

Mr. Phil Depatis, Town of Chateauguay sports Director, told The Gleaner last week-end that installation of equipment in the municipality's ten parks will begin immediately under the supervision of Town consulting engineer Mr. Charles Laberge.

Opening day ceremonies for the three parks scheduled for monitor supervision are slated for June 26th — some four weeks from now. The three parks which will have full, day-time supervision are:— Colonia, Pie XII on Salaberry and Jeanne d'Arc on Jeanne d'Arc Street and Notre Dame.

Mr. Depatis stated that the present difficulty in grass seeding virgin areas is a common problem in parks development. Practically speaking, it is impossible to prevent children (or adults) from interfering in newly planted areas. It is foreseen, based on experience of previous parks development programmes, that it will take up to three years for these areas to become adequately grassed. Successive seedings at the end of each summer are foreseen as necessary for the next three years.

Installation of tables and benches will proceed in the weeks ahead.

CALVARY BAPTIST NOTES

Miss Marjorie Meatherall took part in all services on Sunday, May 21st. Miss Meatherall, who did missionary work in the Congo for many years before coming to Chateauguay, helped form the Baptist Sunday School in Chateauguay in 1961. Miss Meatherall was a special guest at the Ladies' Missionary Fellowship on Monday, May 22nd.

Rev. Roy Lawson, pastor of Central Baptist Church, London, was guest speaker at a rally held in conjunction with the Annual Meeting of the Association of Baptist Churches of Southern Quebec, held at Greenfield Park Church on Wednesday evening, May 24th. The Church appointed four of its members as official delegates to the annual meeting, with voting privileges.

The last Stockade Council meeting of the season was held on Thursday afternoon, May 25th.

Last Sunday the Church welcomed Mr. John McDonald as special guest. Mr. McDonald, the well known singing evangelist, has been touring Quebec in recent weeks, and has evoked a wonderful response all through the Eastern Townships.

The Midweek Prayer Meeting is held in the Church tonight (Wednesday) when a study of II Peter will be held.

Jehovah's Witnesses Planning To Hold A Three-Day Session

A large delegation of families from the Eastern Townships and South Shore areas will attend their semi-annual three-day convention designed to aid them in studying the best methods of teaching the Bible. The program will consist of talks, demonstrations and one very important much-talked-about film.

The event will take place in the Maple Elementary School, 214 McLeod, Chateauguay, Quebec on June 9, 10 and 11. The delegates include more than 600 Jehovah's witnesses who will attend along with the Rockburn-Hemmingford congregation.

Mr. Miro Kowalenko, supervising minister of the Rockburn-Hemmingford congregation, will be sharing on the convention's program. According to Mr. Kowalenko, emphasis will be placed during the study sessions on the importance of directing parents and children to the counsel of the Bible.

"There will also be," he said, "an analyzing of the activity of Jehovah's witnesses over the past six months, interspersed with lively demonstrations depicting various aspects of the public ministry carried on by the witnesses and how this ministry can be improved to be of greater benefit to the persons on which we call."

A highlight of the Saturday afternoon sessions will be a public baptism of persons symbolizing their dedication to do God's will, that of "declaring the good news of His established kingdom" in 1914, thus aiding them to flee now, and others to whom they preach, from the confines of Babylon the Great, the world empire of false religion.

The assembly theme "Add to Our Faith Endurance" will underline the faith destroying influences to which the young are subjected today, such as, materialism, bad companionship and the pursuing of world pleasures. The role of parents will be defined on how to accept their responsibility in spiritually educating their children.

The Sunday program will be highlighted at 3:00 p.m. sharp with a 2-hour technicolour film entitled "GOD CANNOT LIE". The film is produced by the Watch Tower Bible and Tract Society of Brooklyn, New York. Animated "live" commentary of the film aids one on the guided tour of the sites of Biblical events as they appear today, bringing alive the events as they occurred in the Bible.

Mr. Kowalenko remarked concerning the film: "In an age when it is fashionable to say 'God is dead' this film will be highly appreciated by all Christians. It irrefutably shows, "he continued, that God is alive! ... it traces God's purposes from the creation of man 6,000 years ago down to our day and projects into the future to show the realization of God's purposes in a paradise earth."

All interested persons are urged to attend this interesting 2-hour film on Sunday, at 3:00 p.m. There is no collection— it is free!

Chateauguay Centre United Church

At the congregational meeting held Thursday, May 25th, a great deal of time was spent discussing the pros and cons re holding Church Services in a School Auditorium. None really wanted to move into the school as a preference, but due to Church School expansion and a larger congregation — some temporary arrangement must be planned. It was decided by a majority vote to try out this arrangement for the September to December period, and re-evaluate the situation at that time.

The Montreal Madolin Ensemble made their scond appearance in our area Saturday night. The choir members were pleased to have seven residents of the Wheeler Nursing Home as their Guests, and thanks are due Rev. Goold and Miss Dorothy Foss who transported these ladies and gentlemen. A very special Thank you to Mr. E. Splicer of Caughnawaga, who was kind enough to supply the milk and cream used at the reception for the orchestra. Mr. Splicer represents Modern Dairy. Thanks from the choir also to Messrs R. Craig, C. Prest and D. Reid who supplied transportation for the folk from Vetville. To Nelson Weippert who donated Tickets and Advertising Material and last but by no means least to Beryl Millett and Isabel Howie who helped in every way to arrange for the reception after the concert. The choir is grateful to all of these people as well as all those who supported by buying tickets and attending the Concert.

Next Sunday, there will be two services of Worship — One at 9:30 A.M. and one at 11: A.M. — The 9.30 service will be largely attended by the Sunday School students and their parents — and the 11:00 A.M. will be the regular service at which the Junior Choir will lead in music. It is hoped that at least one of the services will be attended by all of the Congregation.

ST. GEORGE'S NOTES

Announcements of Summer Services are as follows: 8 a.m. Holy Eucharist, 9:30 a.m. Mattins, 1st and 3rd Sundays and Choral Eucharist 2nd, 4th and 5th Sundays.

The Bus service will continue for the 9:30 a.m. service.

The next issue of the Parish monthly newsletter, "The Crusader" will be in August. Details of Church School reopening will be available at that time.

The Social Committee advises that there will be NO Church School Picnic again this year. Very few families have indicated their desire for such a function. As there are so many other attractions this year, the picnic has been cancelled. Next year, should enough persons be interested it will be arranged.

The final meeting of the season of the Woman's Auxiliary will be held on Wednesday, June 7th. It will take the form of a social evening. All members are urged to come out for this event.

Valleyfield

VALLEYFIELD — On Thursday evening, May 25th, Mrs. W. Greaber entertained at a kitchen shower in honour of Miss Carol Ann Schuldt. The guest of honour was pleasantly surprised as she was greeted by about 30 of her friends when she entered the room.

The living-room was tastefully decorated in pink and white. The bride-elect was presented with a lovely corsage by her future mother-in-law, Mrs. J. McCracken.

After opening her gifts, which included many useful and attractive kitchen articles, Carol Ann expressed her thanks to everyone present. At the close of a most enjoyable evening, delicious refreshments were served by the hostess, Mrs. W. Graeber and Miss Birgit Graeber.

REFERENDUM FOR CHATEAUGUAY CENTRE

A two-day referendum will be held on June 15th and 16th on the $700,000 By-Law No. 618 for the construction of a sports arena on Haute Rivière Boulevard in Chateauguay Centre.

Polling booths will be set up in the Shopping Centre on D'Anjou Boulevard. The decision will be by majority vote, on the basis of total votes cast plus a majority of valuation votes cast. The complicated voting machinery, which last Fall led to criticism that not all those who wished to vote were given the practical opportunity to do so, necessitates a two-day poll.

By-Law No. 618, for approximately $570,000, was blocked two weeks ago by ratepayers who had become alarmed at the ever-increasing level of the local tax-burden. Cost of the proposed arena would be about $2. per $1000 valuation over 25 years, or approximately $20. per annum per average ratepayer.

COME TO THE FAIR

ONTARIO THAILAND U.A.R. BREWERS

It is becoming apparent that the dominant theme of Expo 67 will be remembered as its innovations in movie production. From wide screens to high screens to multiple screens and even to movies on water, EXPO has them all.

Ontario displays an unusual movie technique. They can take 5 or 6 regular size views on their giant screen and suddenly enlarge one of the views to fill the entire area. The most startling effect is to show a small scene and have it travel from one side of the screen to the other. Quite unusual. Ontario is really dedicated to the young. They have a show which uses 5 robots to discuss career opportunities in that province. Mister Business, Miss Science, Miss Arts, Mr. Labour and a typical Mr. Sports have an amusing and entertaining discussion that is sure to please young and old. In fact, the Ontario Pavilion seems to be evenly divided between old development and young opportunity.

One of the most beautiful pavilions has to be Thailand, on Isle Notre Dame. It is rather small and will probably get a very short visit from most of us. However, don't miss at least an outside view, especially at night.

The United Arab Republic avilion is actually three countries in one. It comprises Egypt, Kuait and Algeria. As expected, Egypt stresses its ancient history and its modern approach to industrial development. There are some interesting displays of ancient masks and artifacts but it is really Algeria that steals this show. For one thing they have the most amazing tile floor you have ever seen. This is highlighted by the fact that their section is in total darkness. Each display is separately lit and exhibits materials up to 100,000 years old. The workmanship is absolutely marvelous.

Hey friends, say friend, want to get your family to the Brewers Pavilion? They'll really enjoy it if you tell them about the excellent Puppet show they will find there. I know it sounds a bit odd but it is there and it is goood. Naturally, Dad will have to try one of the more than one hundred different varieties of brew that is on hand. That's only fair. What?

I was thrilled last week to have as my house guests for one evening my cousin Julie Doyle and her husband Bernie from Victoria, British Columbia. Bernie who is a Superintendent with London Life Insurance in Victoria, was attending a Convention in Montreal and brought his wife along. I hadn't seen my cousin for 20 years, so it was a wonderful reunion and this tired housewife got treated to a night on the town and a wonderful lunch at La Carrignon in Place Ville Marie. They left Thursday morning by Air Canada for Ottawa for a few days visit with Bernie's relatives.

Mr. and Mrs. Moody are thrilled to have as their house guests, Mrs. G. Blades and Mrs. G. Gorham from Woods Harbour, Nova Scotia, who arrived last Thursday. They visited Expo on Friday and plan to go a few more times before they leave for home. A hearty welcome to you Mrs. Blades and Mrs. Gorham, we hope you enjoy your stay in Chateauguay.

I would like to extend my sincere sympathy to Mrs. M. Kornas and family, in the passing of her mother, Mrs. Mary Eustace, who died last Wednesday. I had never met Mrs. Eustace, but had the pleasure of several conversations with her on the phone when we chatted over recipes she shared with me for our Cook's Column and she was a delightful, charming person and I was sorry to learn of her passing.

A special thank you to the staff and parents who acted as guides on Friday for our high school students visit to Expo. They all had a wonderful time and we appreciate your efforts on their behalf.

The Brownies have ceased activities for this year and the Brownies were thrilled on Friday evening to have their Mom's as their guests at the Mother and Daughter banquet. The Brownie picnic will take place in June and you will be notified as to the exact time and place shortly.

Next Sunday evening the Confirmation and Pre-Communion Service will be held at 7.30 p.m. Young people who have been attending the Confirmation Class since last Fall will make their confession of faith and will be received as members in full communion. Some adult members will also be received on Certificate of Transfer.

Next Sunday morning the Sacrament of Holy Communion will be celebrated.

Meetings of the Montreal-Ottawa Conference of the United Church will be held at Macdonald College on June 5th, 6th and 7th. The Ordination Service will be held at Erskine and American Church in Montreal on Tuesday, June 6th, at 8 p.m.

Due to an insufficient number of registrations, the Men's Forum planned for last weekend in Ottawa had to be cancelled.

The Church's Annual Bazaar will be held next Saturday. See details elsewhere in this Gleaner.

Ann Landers Answers Your Questions

Dear Ann Landers: I protest your pedestrian approach to liquor. Your view is based on a middle-class, unsubstantiated premise that anyone who takes a drink will ultimately become a lush.

And then you categorically state, "It is a crime against humanity to give a child a crutch when he has two perfectly good legs." I suggest that you be more careful about what you call a 'crutch, Madame. Through the ages, parents have been encouraged to give their children a hearty dose of organized religion, along with their baby food, thus providing them with mankind's most popular, but least reliable, crutch.

Man obviously needs crutches, and I submit that liquor is as good a crutch as any, if not used to excess. If you consider the excessive drinker a social problem, please evaluate him in relation to the religion fanatic. Speaking strictly for myself, I'll take the drunk any day.

Of course, this letter will never appear in print because you have no answer — and it would be horribly embarrassing to print a letter for which you cannot provide a reponse. — PAUL.

Dear Paul: Equating liquor and religion is interesting, but there are glaring fallacies in your analogy.

It is a demonstrable fact that liquor can be habit-forming and that the habit can do irreparable physical damage. I have never heard of anyone who died from liver trouble because he went to church too often. And now that I think of it, I've never received a letter from a girl who got into trouble while under the influence of religion.

Your statement that organized religion is a crutch rings a familiar bell. A man named Karl Marx made the same statement — only he referred to it as "the opiate of the masses." A crutch is used only when an individual has been deprived of the normal use of a limb. Do you claim that religion is used only by those who have been deprived of the normal use of the brain?

I have no quarrel with you (or anyone) who doesn't believe in God but I am saddened, for you will never know the strength and peace that come with faith.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

A very late flash report from our Loch Ness special correspondent reveals that a small colony of haggis did, after all, survive the ice age. Considerable confusion persisted until mid-day in the future's market, but a re-assuring statement from Edinburg did much to cool speculative fever, and markets closed with a downside rally.

Woodbine Park really became a Park last Monday evening, as a hundred or so adults and children gathered for an impromtu fireworks display to round out the holiday week-end. Homeowners on Lower Woodbine had a grandstand view of all the old favourites — crackers, squibs, Roman candles, rockets and sparklers. But nary a Catherine wheel — how come? A rough count indicated a ratio of adults to children of two to one.

Geoff and Winnie Titherington and family, who left Seigniory Park last Fall for Toronto are back with us again, for which their many friends are truly thankful.

Ken Taylor of Montmorency, who last Fall rescued a man from drowning in Lachine Canal, still has tubes in his ears to prevent infection The tubes are due for removal early next month, after which Ken hopes to resume his normal employment in the construction industry. In the past few months Ken has had to make-do with a variety of jobs. The rescued man is reported as hale, hearty and employed.

A Nursery School outing to Lafontaine Park was scheduled for yesterday (Tuesday). This was the final trip organized by outgoing Field Trip

Some adult members will also be received on Certificate of Transfer.

Next Sunday morning the Sacrament of Holy Communion will be celebrated.

Meetings of the Montreal-Ottawa Conference of the United Church will be held at Macdonald College on June 5th, 6th and 7th. The Ordination Service will be held at Erskine and American Church in Montreal on Tuesday, June 6th, at 8 p.m.

Due to an insufficient number of registrations, the Men's Forum planned for last weekend in Ottawa had to be cancelled.

The Church's Annual Bazaar will be held next Saturday. See details elsewhere in this Gleaner.

ROUND BYRE and RING

By Frank Napier

Seventy Years Ago

It might well be said that the former Huntingdon Dairymens' Association made an invaluable contribution towards the furtherance of agriculture in general in this area before the turn of the century and for a decade or so thereafter. A fact that might well have been mentioned in our other writing anent this area's achievement as a milk producing area.

However, at the time of this writing, we have before us the printed and bound copies of the minutes of meetings of the said Association held, mostly in February, in 1898, 1899, 1901-2-3-4 and 5. All carefully compiled by W. H. Walker, M.L.A., as Secretary of the Association, and printed by The Huntingdon Gleaner.

In his preface to the minutes of the 25th February, 1898 meeting, held at Moirs Hall, Huntingdon, Mr. Walker wrote in part:

"In presenting a report of the proceedings of the 16th annual convention of Huntingdon Dairy Association to the farmers and dairymen of the District of Beauharnois, the directors would state they do so with the purpose of helping to raise the standard of farming and dairying in general.

"In the 16 years of the existence of the association, a great change has taken place. When the association came into existence better prices ruled than they do now, when dairymen, of necessity, must produce food at the smallest cost, in this seemingly over - productive globe. The use of ensilage and the building of silos were first introduced into this district through the meetings of the Association. Twelve years ago there was not a silo in the district, now they can be counted by the score. Milch cows were then generally milked 6 and 7 months out of the 12; at the present time they are milked 9 and 10 months. These instances show the meetings, held annually throughout the district, have been instrumental in raising the standard of farming generally." (end of quote).

The 1898 Meeting

The 16th annual convention of the Association was chaired by Robert Ness, Howick, President of the Association, and says the report: "When the meeting was called to order there were over one hundred present in the Moir Hall, and the number kept increasing until adjournment."

During the course of his opening address the Chairman credited Mr. D.M. Macpherson with being the father, so to speak, of the association. "It was through him", said the chairman, the association was started, and though it was in what I may call a one-horse style it was developed into what we see now. When the first convention was held there were only 6 or 7 dairy factories, and all in the County of Huntingdon. Today there are 108, and scattered all over the district."

During the course of a discussion on ensilage William Greig, late M.L.A. was called upon, and he said, in part: "I came to listen and learn. As long as a farmer admits he has something to learn there is hope for him. The Government is taking a great interest these days in the farmer and it is right for it is by the farmer that all live." He also said, in part: "We do not go into hog-raising enough. On paying a visit to Ontario I saw how farmers do there, and on my return I imitated them and have gone into hog-raising, and it has paid. I keep from 25 to 30 cows, but I find the hogs pay better. I send my milk to the cheese factory but believe a butter factory would be of more advantage. The time is coming when all will be combined factories — making butter to end of May, then cheese and again turning to butter in the fall. The farmer who keeps hogs, will get most profit out of a butter factory."

Special addresses were given by James Alexander, a Montreal butter and cheese exporter; Prof. Van Slyke, N.Y. Agricultural Experiment Station, Geneva, N.Y. and others, including Dr. R. N. Walsh (V.S.) of Huntingdon, who spoke on tuberculosis in cattle.

Similar discussions ensued at the other meetings on record, all of which should be historically of considerable interest. However, the space at our disposal does not permit of giving same here.

Robert Ness, Howick was President of the Association during the five years of which we have record, and the following were elected as directors at the 1898 meeting:

Arch. Muir, Sr., and Thomas White, both of Huntingdon; Thomas Drysdale, Allan's Corners; John Hunter, St. Louis de Gonzague; W. Ogilvie, North Georgetown; Robt. Roy, Ormstown; Edward McGowan, Ste. Martine; William Scott, Valleyfield; George L. Macfarlane, Elgin, and James A. Burke, Corbin. The same directors were also reelected at the 1899 meeting, but D.H. Brown, Elgin succeeded George L. Macfarlane at the 1900 election. The same board was reelected in 1901, 1902, 1903, 1904, but in 1905 George L. Macfarlane was apparently replaced by James Donaldson, Dewittville.

Root of all . . .

While there were numerous amusing, caustic, etc., comments made by the various speakers, we were most intrigued with those of James Alexander. In commenting on that cleanliness had been urged by several speakers, he said, in part: "Well there is need of all that can be said on the subject. Come to my store when the thermometer stands at 90° and you will smell every barnyard in Canada from which the cheese was made — dirt pure and simple. (Laughter). I recollect hearing that the Lord made the earth one third land and two thirds water as a warning to the inhabitants to be clean. Dirt is at the root of the majority of the bad flavors in butter and cheese. Be cleanly, give your factory man pure milk, and you will benefit by it."

Caustically, he also said: "Now I want to say to you that the tendency in Quebec is to lean too much on the government, forgetting that the Lord helps the man who helps himself. Politicians encourage this feeling, but it is bad for the farmers and for all concerned. Government can do very little for you, and I am convinced dairy conventions have done more than all the government has attempted". In discussing government grants to dairy associations, he said: "We would have been better off if we had never got it, for farmers have been leaning on the government ever since, and are leaning yet, instead of relying on themselves. I believe in independence, and have been disgusted, at election times; on hearing politicians say: If you vote on my side we will do so and so for you. Why, it is with your own money they bribe you."

Montreal Milk Producers

While the Dairymens Association existed until the late 1920's, in the meantime the district had become a whole milk, instead of a cheese and butter producer, with this district taking an active part in the operations of the then Montreal Milk Producers Association. As a matter of record the organizer of that association was the late W.L. Carr of Huntingdon, while the late P.D. McArthur of Howick, and John K. Dickson were long time, active and influential directors and presidents of same for a considerable number of years.

Ladies Guild

The monthly meeting of St Andrew's Presbyterian Ladies Guild was held at the home of Mrs. D. Hadley on Thursday, May 17th. Eight members and one visitor were present. Mrs. Napper presided.

Mrs. K. Bachelder, Worship Convener, took as the devotional talk, 'God still lives.' She also read two poems — 'The Faithful Few' and 'I shall not pass again this way,' both having a bearing on her talk. A report was given on the successful Spring Tea. The treasurer reported a healthy bank balance and on several donations which had been received. The bills presented were authorized for payment. Mrs. A. Somerville reported that the Pinky Stamps which were left over had been used to obtain a teapot for the hall.

Mrs. Napper announced that the Baccalaureat service would be in the Presbyterian Church and plans were made for refreshments to be served at the social hour following the service.

Mrs. Harry Davies distributed Centennial literature obtained from the office of the Centennial Commission in Ottawa and has ordered Centennial Pins for the members, these will arrive later. There being no further business the meeting was adjourned. Refreshments were served by the hostess, Mrs. E. Ness.

Congratulations to students

Mr. Wayne English, son of Mr. and Mrs. Arthur English, has successfully completed the basic course of cosmotology at the Max Hue Art Institute of Hairdressing in Montreal and graduates with honours, gaining an average of 86-3%.

Deux institutrices locales fêtées pour 25 ans d'enseignement

Vendredi soir dernier avait lieu à la salle du Bowling Venise de Valleyfield un banquet suivi d'une soirée récreative. Cette fête avait été organisée par l'Association des enseignants de Salaberry pour rendre hommage à huit de leurs membres qui auront complété en juin, vingt-cinq ans d'enseignement.

Quand les invités eurent pris place aux tables magnifiquement décorées pour l'occasion, M. Jacques Robin, Président de l'Association des Enseignants de Salaberry et principal organisateur de la fête, présenta les jubilaires et invités d'honneur. Mmes Beatrice Quevillon, Juliette St-Jacques, Ola Leduc et Annie Quenneville ainsi que Messieurs Georges Benoit, Robert Girard, Felicien Poirier et William Stewart sont les jubilaires. également à la table d'honneur, Mlle Lavoie dont on fetait les 40 années dans l'enseignement et M. J. O. Cabana, Président des Directeurs de l'association du diocese de Valleyfield, l'orateur invité. Il adressa quelques mots de félicitations et souhaita longue vie et succès dans leur profession aux héros de la fête.

M. Félicien Poirier, Principal adjoint à l'Ecole Edgar Hébert remercia M. Cabana pour ses paroles élogieuses à l'égard des enseignants au nom des jubilaires, et l'Association pour la belle fête organisée en leur honneur.

Mlle Guylaine Lemieux, vice-présidente de l'Association des enseignants présenta une gerbe de roses à Mlle Lavoie en souvenir de ses 40 années de service et une bourse de $25 à chacun des professeurs qui se dépensent pour l'éducation depuis vingt-ans.

Le Choeur des Villanelles sous la direction de M. Guy Beauchamp présenta plusieurs pièces de son répertoire. Puis ce fut la Valse des Jubilaires au son d'un très bon orchestre. Une très agréable soirée dont tous garderont un beau souvenir.

Mme Ola eLduc est la directrice au cours primaire à l'école Notre-Dame de Huntingdon, section anglaise et Mme Annie Quenneville est titulaire de la première année du cours anglais à la même école. Félicitations.

Ici et là dans la ville

Les Condors paraderont pour la première fois

Enfin nous entendrons parler du nouveau corps de clairons. M. Hervé Tessier nous annonce que les garçons paraderont dans les rues de la ville d'ici une semaine, sous un nouveau nom "Les Condors".

Notez aussi qu'il y aura prochainement un tirage organisé pour les aider à défrayer le coût de leurs costumes. Un magnifique stéréo que vous pourrez voir dans la vitrine de la Caisse Populaire sera décerné au gagnant.

M. Tessier est confiant que la population voudra encourager ce groupe de jeunes qui travaillent fort et seront un autre avantage pour notre ville.

25 années de service

Félicitations à Mesdames Ola Leduc et Annie Quenneville qui ont été fêtées par l'Association des enseignants de Salaberry vendredi soir dernier. Lire compte-rendu dans une autre colonne.

La Fête-Dieu

C'est vendredi soir que les catholiques feront la procession de la Fête-Dieu si la température le permet. Alors qu'on se demande si la guerre va de nouveau se déclarer, c'est une occasion de prier ensemble pour demander la paix à Celui qui seul peut régler tous les conflits. Rendons-nous nombreux à cette cérémonie pour demander que la Paix revienne partout dans le monde.

Les Majorettes

Nos Etoiles de Notre-Dame se sont rendues vendredi dernier tel que prévu à l'Expo. Sur la Place des Nations elles ont exécuté leurs numéros aux applaudissements des centaines de visiteurs qui se sont arrêtés pour les voir évoluer. Elles ont eu le temps de visiter un peu la Terre des Hommes et bien que fatiguées étaient très heureuses de cette expérience.

A Trout River

Le club de golf de Trout River avait invité samedi dernier les journalistes à se rendre sur le parcours. Fondé il ya quelques années seulement, ce club est en voie de devenir très populaire et sous peu on ajoutera un autre neuf trous pour le compléter. De nombreux adeptes de ce sport s'y rendent régulièrement.

A la régionale

Le contrat pour la construction de l'école régionale de Huntingdon serait accordé d'ici quelques jours et la construction devrait débuter avant la fin de juin. Lire article dans une autre colonne.

Le Comité du Centre Civique confiant

Lundi soir le Comité du Centre Civique se réunissait pour une autre assemblée. Mme Anne Cameron commenta le don fait au fonds par les membres de la Croix-Rouge Junior du Huntingdon High School qui lui remettaient la somme de $50. la semaine dernière, profit d'une organisation de ces jeunes. Leur geste mérite d'être imité par d'autres groupes. Une course aux sous est présentement en marche au même endroit et on rapporte que près de cent dollars sont déjà accumulés. Si des enfants peuvent et veulent contribuer à ce projet, c'est un signe qu'ils le désirent et les adultes devraient les imiter.

Le rapport financier indique qu'à date une somme de $7,425.81 a été souscrite. Des rapports encourageants font espérer qu'un octroi provincial sera versé sous peu. On demande aux solliciteurs bénévoles de faire leur rapport le plus tôt possible car on espère atteindre $15.000 d'ici le 1er juillet.

A propos du 1er juillet, les préparatifs vont bon train et tout indique que cette journée remportera un grand succès. Toutes les organisations locales se doivent d'y prendre part pour aider ce projet communautaire.

M. Cappiello et M. Murphy ont affirmé que dès que la température le permettra on commencera à tracer le chemin qui conduira à l'île et le déblaiement du terrain à l'endroit prévu pour la piscine. On aura sans doute recours à des volontaires pour aider à cette tâche.

Chez les C. de C. Conseil 3957

Les Chevaliers de Colomb du Conseil 3957 de Huntingdon tenaient leur assemblée régulière jeudi le 18 mai.

Les minutes de la précédente rencontre furent lues et acceptées.

Après maintes discussions, le frère Claude Pilon prit la parole et encouragea tous les Chevaliers à partager sa joie au 4e degré.

J'aimerais féliciter le frère René Saumier et ses associés pour le beau travail qu'ils font présentement afin de rénover notre salle. Nous pouvons dire que c'est un de nos projets réalisés pour le Centenaire.

En terminant, il nous fait plaisir de compter parmi nous cinq nouveaux membres qui passèrent le rituel à Valleyfield dimanche le 21 mai. Ces nouveaux frères aideront certainement l'Ordre et avec notre coopération agrandiront notre Conseil de plus en plus pour en faire un des plus actifs du Québec.

La construction de la Régionale de Huntingdon débuterait fin juin

Les membres de la Commission Scolaire Régionale Salaberry, siégeant jeudi soir, sous la présidence de M. Oza Tessier, ont accepté la soumission de la maison J. L. Guay Construction, de Montréal, au montant de $2,244,868. pour la construction de l'école polyvalente de Huntingdon.

Un total de sept contracteurs ont présenté des soumissions pour l'érection de cette école qui devrait accueillir ses élèves au début de 1968.

J.L. Guay Construction a présenté la plus basse soumission. Les autres, par ordre d'importance, sont les suivants: Aimé Sauvé, de Beauharnois, $2,332,300; Percival Hébert, de Maple Grove, $2,356,498; Delmont Construction, de Trois-Rivières, $2,366,000; Paul Rolland Construction, de Montréal, $2,382,450; J.R. Côté Construction, de Montréal, $2,384,424; et Longpré Construction, de Chomedey, $2,492,707.

Les commissaires de la Régionale avaient ouvert les soumissions mardi, le 23 mai, en présence d'un représentant du Ministère de l'Education, et d'un autre du Ministère des Travaux Publics d'Ottawa. Ils avaient alors demandé un délai de deux jours avant d'accepter finalement la soumission qui leur conviendrait. Cette acceptation doit cependant être soumise à l'approbation du Ministère de l'Education qui rendra sa réponse d'ici quelques jours.

On est d'avis que les travaux de construction commenceront pendant la dernière semaine du mois de juin, et l'école devrait être complètement terminée huit ou dix mois plus tard. 1,000 élèves fréquenteront ses classes, laboratoires et ateliers.

VILLE de HUNTINGDON

SOUMISSIONS

On demande des soumissions pour l'installation de 600 pieds de tuyau 8 pouces conducteur d'eau (water main) et de deux valves de 8 pouces sur la rue Cedar, Garden City, matériel et travaux.

Les soumissions doivent être envoyées au bureau du secrétaire-trésorier le ou avant le 2 juin 1967 à 5 p.m. Les soumissionnaires doivent résider dans le district de Beauharnois. La plus basse ni aucune soumission pas nécessairement acceptée.

Des détails additionnels peuvent être obtenus au bureau du secrétaire-trésorier.

Est-il vrai

qu'on peut avoir un pneu 4 plis de qualité supérieure

pour quelques dollars de plus seulement

que le prix des pneus livrés avec les voitures neuves?

Parfaitement. Quelques dollars de plus seulement pour bénéficier de la sécurité, du rendement et de l'élégance des pneus de qualité supérieure. Pas étonnant que le Premium '500' de Firestone soit le pneu de qualité supérieure qui se vende le plus au Canada.

Et pas étonnant non plus qu'on l'appelle le '500'. En effet, ce pneu remarquable a été mis au point grâce à l'expérience acquise en fabriquant des pneus pour la célèbre course des 500 milles d'Indianapolis. Depuis 43 ans, la grande épreuve d'Indianapolis a été remportée sur pneus Firestone, sans manquer une seule année. De plus, l'an dernier, toutes les voitures gagnantes des plus importantes compétitions canadiennes étaient équipées de pneus Firestone. Sans parler des grandes épreuves internationales. La fabrication de ces pneus de course nous a appris à rendre les pneus de votre voiture encore plus sûrs et plus durables, avec la carcasse 4 plis la plus robuste qui existe actuellement. Le Premium '500' de Firestone a été éprouvé à plus de 100 milles à l'heure pour votre sécurité aux vitesses routières. N'est-ce pas cette sécurité que vous exigez pour votre famille?

Liturgie — Mes jours sont comme l'ombre qui décline, et moi comme l'herbe je séche, mais toi, Seigneur, tu règnes à jamais; d'âge en âge, mémoire de toi! (Ps. 102). Où irai-je loin de ton esprit, où fuirai-je loin de ta face? Si j'escalade les cieux, tu es là; qu'aux enfers, je me couche, te voici (Ps. 138). Qui mange ma chair et boit mon sang a la vie éternelle (Jean 6, 54). Et moi, je suis avec vous, pour toujours, jusqu'à la fin du monde (Matth. 28, 20). La photo abolit le temps et l'espace. Elle rend présent et actuels les événements lointains ou passés. La photo fixe le temps qui passe, vit avec ceux qui sont absents ou disparus; rêve qui n'appartient qu'à Dieu. En lui, ni passé, ni futur, ni lointain souvenir: Il est l'éternel présent.

Sunday — 11 — Green — 4th after Pentecost (Dominus)

Liturgy — The average Christian feels a spiritual letdown during the summer months. There are many reasons for this: vacation time is here, with the accompanying urge to "get away from it all": the hot weather makes the effort of Sunday worship or private prayer a real sacrifice; and besides nothing exciting seems to be going on in the church anyway. For now is the time when the great and stirring events of the Christian year are over: Christmas, Lent, Easter, Pentecost; and we once again face the unending monotony of the Sundays after Pentecost. The time after Pentecost is the time to get down to business. The Holy Spirit of Jesus Christ — the Power to love and serve others as He did — is in every one of us as Christians. And we are not restricted; we have complete freedom to choose the way we think we should proceed. All that Christ demands is that we de SOMETHING with our lives, to make His Kingdom come.

Un autre succès pour les Petits Chanteurs de la paix

C'est devant une salle comble que les Petits Chanteurs ont donné samedi soir dernier leur quatrième concert annuel. Le choix des pièces interprétées avec précision a plu à l'auditoire qui a marqué son appréciation par de nombreux applaudissements.

Ce groupe habilement dirigé s'améliore d'année en année pour le plaisir de ceux qui les entendent. Ils se sont fait de nouveaux admirateurs très nombreux parmi les personnes de langue anglaise qui pour la plupart les entendaient pour la première fois.

Les artistes invités interprétant des airs connus ont également beaucoup plu aux personnes présentes. M. Marcel Tessier ayant participé à un concours organisé par le Metropolitain Opera de New York auquel prenaient part 350 artistes du monde entier a réussi à passer en finale et est donc un des dix meilleurs chanteurs au monde. Quant à Mme Thérèse Guérard, elle a été entendue à la Place des Arts au printemps et tiendra la vedette de nouveau à cet endroit en octobre. C'est dire que ces invités sont des chanteurs de marque et nous avons été en mesure d'apprécier leurs talents.

Pour revenir aux Petits Chanteurs, disons qu'on ne se lasse pas de les entendre et que c'est toujours un plaisir renouvelé.

Ils partaient hier matin pour Ottawa où ils représenteront notre ville. Nous sommes assurés qu'une fois de plus nous aurons raison d'être fiers d'eux.

Ormstown vous invite à sa 53e exposition

Dans une semaine exactement débutera la 53e exposition d'Ormstown. Tout semble indiquer que les exhibits seront plus nombreux et plus variés que jamais.

Une parade de chars allégoriques marquera le début des activités. Cette parade est organisée par les écoles locales: y prendront également part les Majorettes et Moppets ainsi que la fanfare de Ormstown.

Après les cérémonies d'ouverture officielle dans l'aréna, il y aura spectacle comme chaque année. Jeudi, vendredi et samedi les juges seront fort occupés à décerner les rubans et prix aux gagnants des nombreuses classes d'animaux (chevaux, vaches, moutons, porcs, etc). Les travaux d'artisanat seront exposés et jugés également (couture, tricot, peintures, produits domestiques, etc). Les entrées sont également nombreuses pour les classes réservées aux enfants. Il y aura donc beaucoup à voir et ceux qui se rendront à Ormstown ces jours-là passeront des heures agréables.

De plus il y aura comme chaque année un Midway toujours très achalandé.

C'est une invitation à toute la population de la région.

Lettre à l'éditeur

Nos Commissaires méritent d'être félicités

En référant aux articles parus récemment dans ce journal, concernant la Commission Scolaire Catholique, je veux féliciter nos commissaires pour leur courage et leur tenacité. Ils ont eu beaucoup à faire pour résister à un petit groupe de personnes qui convoquent des assemblées, non pas pour aider à résoudre les problèmes en cours mais pour tenter de créer plus de confusion.

Ces commissaires ont été élus par nous, payeurs de taxe et nous leur avons fait confiance et nous devons les supporter. Il nous faut admettre qu'ils reçoivent des directives du Ministère de l'Education auquel ils sont soumis et qu'ils doivent respecter.

Un point très important est que personne en aucune circonstance ne devrait mêler la politique et l'éducation; ce qui semble le problème crucial de ce conflit.

Il y a trois ans, les commissaires engageaient M. Talbot comme professeur, et avec condition qu'il continue ses études afin d'obtenir son Brevet. Mais cette condition n'a jamais été remplie. Et de plus cette année il poursuivait des cours en musique à l'école Vincent Dindy. Ceci sur ses heures de cours. Et maintenant il présente un compte de dépense de $507.00 à ce sujet sans compter que durant ces périodes il recevait plein salaire. Comme payeur de taxe je suggère aux commissaires de ne pas payer ce compte et de plus un certain montant devrait être déduit de son salaire pour le temps perdu.

En conclusion, messieurs les commissaires, continuez ce bon travail et soyez assurés que vous avez l'appui de la grande majorité.

Shower To Honor Miss Geraldine Sutton

ORMSTOWN — Mrs. Milton Gartshore and Mrs. John MacGregor were joint hostesses at a tea and presentation, on Saturday afternoon, May 27, in honor of Miss Geraldine Sutton.

Geraldine's neighbours and Mother Sutton's Bridge associates made a most congenial group for this special occasion.

The hostess, Mrs. Gartshore reminisced on behalf of the neighbours and Mrs. R. E. Walsh presented "Tudie" with a gift of sterling silver.

Mrs. Alan Hooker reviewed a few highlights of the Bridge group and Mrs. M. R. Stalker made the presentation of a place setting of Wedgewood china.

Geraldine expressed her thanks to both groups and extended an invitation to visit them when she and Bryan are settled in Shawville.

The tea table was tastefully arranged in rose and white and centered with an attractive shower cake flanked by white tapers.

Dainty refreshments were served by the hostesses assisted by Miss Jane Campbell and Master Fraser MacGregor.

Mrs. R. F. Corkran of Montreal and Mrs. D. C. Munroe of Choisy were in town for this event.

Bridal Shower

On Saturday evening, May 27th Mrs. William Greig and Mrs. Maurene Cook entertained at a miscellaneous shower in honor of Miss Geraldine Sutton.

The Greig home was attractively arranged with cut flowers and decorations in white and yellow.

The bride elect was the recipient of a variety of beautiful gifts. After opening the numerous packages, Geraldine thanked everyone present and invited her friends to visit her in Shawville.

Dainty refreshments were served by the hostesses and a happy evening came to a close.

Mr. Eric MacDougall of Edmonton and Mr. C. MacDougall of Calgary arrived in Ormstown last Wednesday evening to pay a surprise visit to their mother, Mrs. Alice MacDougall at Pleasant Valley Home.

Mr. Michael Skidmore and Miss Joanne Cavers of Delson called on friends and relatives in Ormstown on Sunday.

such was a delegate to the Citizenship Education Conference at Syracuse University. Jean received a letter of commendation for her high performance in the National Merit Scholarship examination and qualifies for a New York State Scholarship but as this award may only be presented to citizens and residents of the U.S.A. she will not be able to accept it. Jean is a Canadian. To both these young students, congratulations and best wishes for the future.

Mrs. J. H. L'Espérance recently attended the three-day Leadership Training Course held at Macdonald College under the auspices of the Quebec Women's Institutes.

Saturday's concert at Huntingdon, given by Les Petits Chanteurs de la Paix and three well known guest artists must surely be the outstanding musical event of the year. The theatre was filled to capacity with late-comers standing at the back. The intricate harmonies which Mr. Talbot draws from these boys speak of hours of patient training. Huntingdon must surely be proud of this dedicated man. Attending the concert from Hemmingford were Mrs. D.B. Woolley, Meg and Nell, Mrs. J.H. L'Espérance, Mrs. A. Genier, with a son and daughter and Mr. Y. Frederick.

Another successful graduation

Miss Susan Deery, daughter of Mr. and Mrs. Frank Deery, has successfully completed the 2-year Diploma Course in Early Childhood Education at Macdonald College. Susan will be teaching at the Cowansville High School this coming year. Congratulations and best wishes for the future, Susan.

Congratulations are in order, also, to Miss Barbara Fraser of Ste. Anne de Bellevue, who has successfully completed her 2-year Diploma Course. Miss Fraser will be teaching Grade 3. at Hemmingford.

C.G.I.T. News

On May 24th, the C.G.I.T. Group in Hemmingford held a closing tea to which were invited the mothers of the girls. Graduating this year were Hilda Orr, Jeanette Robertson and Corrie Van der Voet. Each girl gave a short speech on 'what the C.G.I.T. has meant to me' and then presented their Leader, Mrs. Glen Clark, with a gift to show their appreciation of her leadership. Refreshments were enjoyed at the close of the meeting.

Initiation Ceremony

Miss Joyce Palmer, daughter of Mr. and Mrs. Harold Palmer, was initiated into Alpha Delta Pi Sorority at Syracuse University on May 4th. Joyce is majoring in Liberal Arts. She is also a member of the University Marching Band, the Chapel Choir, the Symphonic Band and the Freshmen Skeptics.

Sympathy

Sympathy is extended to Mr. Halton Kennedy on the loss of his brother, William H. Kennedy who passed away in New York on Tuesday, May 9th. Funeral services were held at the Robert W. Walker Funeral Home, Plattsburg on Saturday, May 13th and members of the Champlain Lodge, No. 237 F & AM and the Plattsburg Lodge of Elks, No. 621 held ritualistic services on Friday evening. Mr. Kennedy was buried in the Maple Hill Cemetery at Rouses Point.

Baptism

On Sunday, May 21st, in St. Andrew's United Church, Hemmingford, the chosen daughter of Elliot and Shirley Whyte was baptized by Rev. Mr. Carmichael and given the names of Cynthia Anne. The little girl wore a smocked white dress handmade by her aunt, Miss Marjorie Whyte. After the baptism Mrs. Grace Whyte and family entertained Mr. and Mrs. Wm. Rice, Miss Marjorie Whyte all of Ormstown and Mr. and Mrs. Elliot Whyte and family to a delicious turkey dinner. In the afternoon Mr. and Mrs. Eric Rice and family of Ormstown were callers at the same home.

HEMMINGFORD — The regular monthly meeting of St. Luke's W.A., was held in the Church Hall, on Wednesday afternoon, May 10th., with eleven members and one visitor present. Mrs. Robert Hadley, president, welcomed our members back who had been in the sunny south for the winter and a special welcome to Mrs. McNiven who has been in hospital for several months. The minutes of the last meeting were read and approved. The president reported the material for the capolets for the Junior Choir had been purchased and were made ready for family Sunday, May 21st.

Our annual Deanery meeting was held in Clarenceville on May 24th., and eight or ten members attended.

At a previous meeting an appeal for dish towels was received from St. Edward's House in Montreal, a home for released prisoners and several members brought dish towels for this appeal. Mr. Brown had kindly offered to deliver these when they were ready. An appeal from "Fellowship of the Arctic" was read by the secretary and a donation was voted on by the members.

The President closed the meeting with a very appropriate reading after which lunch was served and a social hour enjoyed.

New Erin

NEW ERIN — Mrs. Burton Rankin and Miss Mary Van Vliet of Lacolle, visited for a few days with Miss Janette Geymonat at Metcalfe, Ont.

Mrs. Henry Hamilton and baby Jimmy of Montreal are spending a week with her mother, Mrs. C. L. Starr.

Ste. Agnes

STE. AGNES — Mr. Garth MacPherson and son Graham of Chateauguay spent the week-end at the home of Mr. and Mrs. Keith MacPherson and family and also called on other relatives in the district.

Mr. and Mrs. Ronald Fleming of Ottawa spent the week-end in Montreal while Craig and Brent visited their grandparents, Mr. and Mrs. Vernon Elder. Mr. Fleming is attending a conference which is being held this week at the Sheraton-Mount Royal Hotel, (as a delegate for his Department). Dawn and the boys are spending the time with her parents.

Word has been received from Mr. and Mrs. Melvin McCracken and family telling of their safe arrival in Prince George, B.C. They arrived at their destination on Thursday, May 18th, and found excellent accommodation in a housekeeping motel. Their first impression of their new home was most favourable and last week was spent looking for an apartment.

Mr. and Mrs. Lucien Quesne' and family visited on Sunday with Mr. and Mrs. Laurent Leblanc in Cornwall, Ont.
