Additional Light Facilities Being Installed In City

Extra Lamp Standards Being Placed In Conjunction With Regular Paving Program of City — Sidewalks on Roslyn and Argyle Being Renewed — Alderman W. B. Scott Appointed Pro-Mayor

An assessment of \$671 for additional lighting facilities throughout the city was voted the Electric Light department at a meeting of City Council on Monday. Mayor John Jenkins presided over the gathering.

The lighting arrangements provide for increasing the number of lamp standards at certain points throughout Westmount, to be installed in conjunction with the present paving program. Additional lights have already been installed on Burton avenue, Roslyn and Argyle, and plans for elaborate lighting on Hillside Lane, west of the Athletic Grounds, are being drawn up.

The east sidewalks of both Argyle and Roslyn avenues are at present being renewed, and residents of those thoroughfares must reach their homes via long plank bridges over the excavation work. Work is progressing satisfactorily, and it is expected that it will be completed shortly according to schedule.

Progress has been rapid at the Hillside Lane project and on the parking space which is being provided there. Only a few minor details remain to be completed; the parking space is intended to better parking facilities for those using or attending games at The Athletic Grounds.

Work has not yet started on the lot at that corner, as workmen have used it for dumping, storing of tools, etc.; it is expected that landscaping and levelling will be commenced soon, probably on completion of the paving and detail work on Hillside Lane.

An item of \$82,449 covering payment of bills and similar routine expenses for September was approved.

Alderman W. B. Scott, K.C., was appointed pro-mayor for the regular three months' period.

J. McCulley To Address Club Today

Pickering College Principal Is Speaker At Meeting Of Westmount Women's Group

The Westmount Women's Club will meet in Victoria Hall this afternoon at 3 p.m. The guest speaker will be Mr. Joseph McCulley, B.A., Principal of Pickering College, Newmarket, Ont. Mr. McCulley enjoys the reputation of being a good platform speaker. He has chosen to address the club on "Reflections on a European Trip."

Maudie Whitmore will be the visiting soloist, accompanied at the piano by Mrs. E. A. Neville.

The President, Mrs. H. J. Page, will be in the chair, and tea will be served by Mrs. Robert C. Holland and her committee.

The annual bridge party will be held on November 10th, with Mrs. R. M. Macaulay in charge.

Mary Munn's New York Debut Is Fine Success

A tremendous ovation was accorded Mary Munn, Westmount-born blind pianist, at her debut in the Town Hall in New York Wednesday evening. Miss Munn, who recently returned from the Continent where she has acquired an international reputation, played to a large and enthusiastic audience, which well filled the great hall despite its being her first appearance in that city.

Miss Munn, who is the daughter of Mr. and Mrs. Daniel James Munn, of 4273 Dorchester street, played a difficult and exacting program, from which she emerged with honors. She started with a classical group which included compositions by Maurice Greene, an English contemporary of Handel and Bach, and continued with a "Hymn tune Prelude" on a theme of Orlando Gibbons by Vaughan Williams, a "Jigg" by Handel and a Bach fugue. All these were played with an admirable simplicity and understanding.

For her second group Miss Munn chose the Sonata in 'A' flat, opus 110, of Beethoven. This was very definitely a test piece from which the pianist emerged with honors. The applause which greeted the performance was a tribute to her grasp of the music and its implications.

The high light of the recital was a group of pieces by Brahms. Here Miss Munn was in that congenial atmosphere where she is at her best. The poetic and contemplative quality of the music was transmitted and the technical approach, a soft touch and a flexible phrasing, were particularly appropriate. This was noted in the intermezzo in 'E' flat minor and 'E' flat major, as well as in the 'B' minor capriccio and the rhapsody in 'B' minor.

The concert concluded with Vaughan Williams, a "Jigg" by Vaughan Williams, a "Jigg" by Vaughan Williams, a "Jigg" by Vaughan Williams, and two pieces by Tobias Matthay with whom Miss Munn studied in England.

KATHLEEN JENKINS ADDRESSED GROUP

Miss Kathleen R. Jenkins, librarian at the Westmount Public Library, addressed members of the Quebec Library Association at a meeting held Tuesday evening, speaking on the coming "book fair."

Dr. G. R. Lomer, librarian of McGill University, was appointed president of the Association.

Additions To "Y" Staff Announced

Ken Murray and Miss L. Lewis Augment Force Here—Community Work Extended

Additions to the staff at the Westmount Y.M.C.A. and further activity in the community work at Ville St. Pierre are announced this week by Wilf Spearman, executive secretary. Community work among boys in Lachine will also be undertaken this term, it is stated.

Mr. Ken H. Murray, well known physical training expert, has been engaged to instruct the senior and businessmen's gymnasium classes during the coming season. Mr. Murray, a graduate of the Y.M.C.A. College at Springfield, Mass., is well known locally, having been connected for many years with the staff at Westmount High School.

Miss L. Lewis, a graduate of the McGill school of Physical Training has been secured to take charge of the Ladies' gym classes held every Tuesday and Friday mornings at the local branch.

Mr. H. C. Paterson, Director of Physical Training who has been connected with the Westmount 'Y' for about 20 years, is taking complete charge of the extra-mural work in Ville St. Pierre and Lachine this winter, in addition to his regular activities here.

This community work includes such activities as games, recreation, hobby groups, physical training, study classes, etc., for boys, and is carried out in co-operation with the schools, churches, industrial organizations, etc.

Tax Arrears Reduced By \$19,000 Here

Delinquent Payments Owning City Show Considerable Improvement During September

A reduction of \$19,000 in tax arrears owed the City of Westmount was noted during the month of September, according to a report presented to the Montreal Metropolitan Commission this week over the signatures of E. T. Sampson, secretary-treasurer, and J. H. Levesque, chief accountant, of the Commission.

Delinquent taxes at the end of August stood at \$364,000, and at the end of September this amount had been reduced to \$345,000.

Verdun led the solvent municipalities under the jurisdiction of the Commission during September with a reduction in tax arrears of \$20,000, Westmount being second with her \$19,000. In all, the solvent communities brought down their tax arrears from \$1,250,000 to \$1,177,000, a betterment of \$73,000.

Individual Standings. Individual standings in the solvent division on September 30, as compared with August 31, 1937, were:

Town of Mount Royal, \$28,000 against \$30,000; Montreal East, \$24,000 against \$28,000; Verdun, \$169,000 against \$189,000; Hampstead, \$17,000 against \$20,000; Westmount, \$345,000 against \$365,000; Outremont, \$233,000 against \$242,000; Lachine, \$157,000 against \$164,000; Ville St. Pierre, \$27,000 against \$29,000; Montreal West, \$42,000 against \$43,000; Ville LaSalle, \$58,000 against \$60,000; and Ville St. Laurent, \$77,000 against \$81,000.

Insolvent group: Pointe aux Trembles, \$36,000 against \$45,000 and \$43,000 on September 30, 1936; Montreal North, \$50,000 against \$52,000 and \$44,000; and Ville St. Michel, \$19,000, unchanged for the month, as against \$29,000 last year.

ECONOMY AT STEAK IN STRIKE

Employers have turned pickets in the kosher butchers' strike against high meat prices in New York. More than 2,000 Jewish meat stores closed in an effort to break what they called "the packers' monopoly." When pickets like those carrying placards above appeared in front of non-striking stores, the butchers' union was called on for aid to keep stores open, resulting in violent battles.

Edmond McMahon Observed 85th Birthday On Monday

Immediate relatives joined in a family celebration Monday in honour of the eighty-fifth birthday of Edmond McMahon, former coroner for the district of Montreal and former Justice of the Peace for Westmount. In best of health, Mr. McMahon received congratulations at his home, 315 Claremont avenue.

Ex-Coroner McMahon had been fifty five years in the service of Quebec when he retired on pension on September 21st, ten years ago. He had been clerk of the Police Court for twenty years, being chief clerk when he was appointed coroner on October 20th, 1892. He was coroner of the District of Montreal for thirty five years.

During his long career he handled many important cases including the collapse of the Montreal Street Railway building on Craig street, the Montreal Herald fire in 1910, the Grey Nunnery fire in 1918. He also presided over the inquests in the Demers murder, the Malherbe murder, the Delorme murder, the Bank of Hochelaga holdup and murder.

One of the last big cases he investigated was the Laurier Palace theatre fire in which 77 persons, mostly children, lost their lives on January 9, 1927. The disaster occurred on a Sunday afternoon and Coroner McMahon went to his office upon hearing the news and presided at the official identification of the bodies so as to have them released as quickly as possible to the afflicted families. He was several times sent by the Government to hold inquests in special cases in other districts.

Choir Leader

During his career Mr. McMahon has also been choir leader in several Montreal churches, including St. Joseph Church, St. James Cathedral and Notre Dame Church where he remained for eight years. He has contributed to several local reviews and was editor of La Revue Musicale for some years. He has written a book on The Duties of the Coroner which was used some years ago by the Government as a basis for the revision of the laws on the coroner's court.

Mr. McMahon retired as justice of the peace for the City of Westmount in 1930.

Those who gathered at his home to congratulate him were his daughters, Mrs. Charles Senex, of Cranford, N.J., Mrs. Edward Dowden, of Montreal, and his son, Edmond, jr., of Montreal. His son-in-law, Edward Dowden, his nieces, Marguerite and Cecile McMahon, and his nephew, Edward Dowden, jr., were also present.

Last Honors Are Paid To Joseph Wray

Roslyn Avenue Resident Was One of Foremost Figures In Montreal And District

The large gathering of friends, many of them leaders in community, commercial and industrial life, who joined immediate family mourners in paying last tribute Tuesday afternoon to Joseph Wray at the chapel on Mountain street reflected the esteem and genuine respect in which he was held throughout Canada.

One of the leading businessmen of Montreal, Mr. Wray was founder of the undertaking firm of Jos. C. Wray and Brother, on Mountain street, and in many ways during his lengthy years of life had contributed in no mean fashion to the life and progress of the community.

His death occurred on Friday at his home, 304 Roslyn avenue, following a lengthy illness. Ven. Archdeacon John M. Almond, of Trinity Church conducted the service Tuesday, assisted by Rev. Dr. Malcolm Campbell, Interment followed in Mount Royal Cemetery.

Chief mourners were his widow, the former Ellen Louise Gibson; a brother, Frederick Wray, and three sisters, Mrs. A. E. Wilson, Mrs. William Burns, Mrs. F. O. Wray, and seven nephews, Edgar, Douglas, Kenneth, and Robert Wray, Frederick Burns, F. G. Wray and C. P. R. Wray, three-step-sons, Ernest Wray and Clarence Wray, of Hamilton, Ont., and F. O. Wray, of St. Rose-Que., and a son-in-law, Dr. E. E. Robbins, of Montreal.

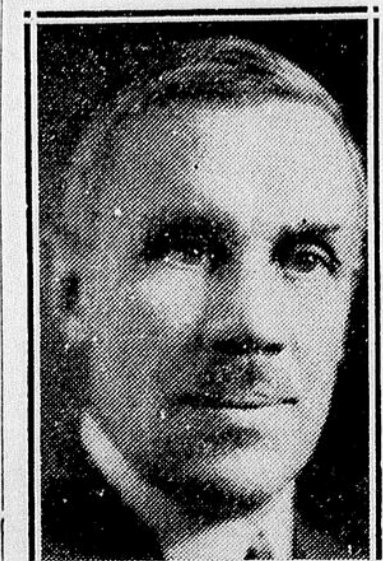

Motorist In Smash Here

Following a mishap Friday afternoon opposite 4378 Western avenue in which a vehicle moving westward collided with a parked car, the driver of the moving auto was stated by Dr. F. M. A. McNaughton, medical health officer of the city, to be intoxicated and unfit to drive a car. Both cars incurred slight damages.

The parked car belonged to John Wilson, of 4378 Western avenue, and was stationed on the north side of the thoroughfare. The moving vehicle came from behind and the driver evidently misjudged his distance, colliding with the rear of the stationary car.

When Constable Baker of the local Police force arrived he found the driver of the westbound car sitting in the front seat, "apparently under the influence of liquor." He took him to Dr. McNaughton, who treated him for a slight laceration of the nose and declared him to be "unfit to drive."

Re-armament Seen As Insurance For Maintaining Peace

Jos. Jenkins K.C. Claims Great Britain Undertaking Vast Program to Insure Security Among Nations and to Promote Democracy—Addressed Westmount Rotary Club at Luncheon Here Wednesday —Traced British History

"The significant factor about Great Britain's re-armament is that she is undertaking this vast program not alone for her own protection; but in order to assure that government of the people, for the people and by the people shall not perish from this earth," declared Jos. Jenkins K.C., in addressing the Westmount Rotary Club's regular weekly luncheon meeting in Victoria Hall yesterday. Mr. Jenkins, who was introduced by George Finlayson and thanked by Leslie Nelson, spoke on "The British Empire."

Evan McCormick spoke briefly on the prowess and objects of the Montreal orchestra, and outlined plans of this organization for the coming year. Rex Wilson sang two songs, accompanied at the piano by Percy French. President Stan Neilson was in the chair.

The term "Empire" was at times a confusing one, declared Mr. Jenkins in launching into his subject. It was first officially applied when the great statesman Disraeli manoeuvred the term "Empress of India" upon Queen Victoria. The nations under the British flag, he went on, present a rather confusing array to the foreign student. The group is an empire; a kingdom; a partnership of countries; a limited monarchy; it is above all the most efficient political machine operating on this planet.

The success with which this vast machine is operated is the result of many long years of experiment, of trial and error and correction, stated the speaker. The great empire is a political and economical growth, he went on, and must be studied as a botanist studies a plant.

Many answers were forthcoming, he declared, to the question, How has this insignificantly small island achieved dominion over fully a quarter of the earth's population? Some have ascribed it to Providential guidance. He briefly mentioned the powerful British Israel doctrine, that the British peoples comprise the famous "lost" ten tribes of Israel. In any case, he added, the existence of so many co-ordinated factors and events would indicate the guidance of a kindly, overseeing Providence.

Not the least of these was the trial and error.

At a recent meeting of the Westmount group drought relief and additional canvassing for members were discussed, as was the forthcoming convention.

Mr. D. M. Kinnear, Grosvenor avenue, is the delegate of the Westmount C.C.F. Club to the Provincial Convention being held tomorrow and Sunday at the organization's downtown headquarters, 1188 Phillips Place. Dave Lewis, of Ottawa, will be one of the speakers.

At a recent meeting of the Westmount group drought relief and additional canvassing for members were discussed, as was the forthcoming convention.

ATTEND CONVENTION

A group of Westmount representatives will attend the Y.M.C.A. conference to be held at Kingston shortly to discuss "Problems The Young Man is Facing Today."

Social Credit Situation Discussed By Col. Aikin

"Social Credit as the major policy of the Aberhart administration recedes into the minor position before the question of the right, legal or expedient, of the federal authority to disallow the three acts passed by the special session of the Alberta Legislature," in the view of Col. J. A. Aikin, who has just returned to Westmount after a trip through Western Canada. He has given particular attention to the subject of Social Credit and the situation in Alberta.

"It will be recalled that the federal election of 1936 turned on the action of the Governor General, Lord Byng, in refusing to accept the advice of the Prime Minister, Rt. Hon. W. L. Mackenzie King, to dissolve parliament and in offering the Leader of the Opposition, Rt. Hon. Arthur Meighen, head of the largest group in the House, an opportunity to form a government. That, as I see it, lends more than ordinary interest to the issue now before the federal ministry. Premier King is a progressive on constitutional questions and it is logical to anticipate that he will not overlook the facts in the development of inter-imperial relations of recent years."

Lucien Maynard, the one remaining lawyer in the Aberhart cabinet, made out a good case against disallowance. It was quite logical for him to argue that since the King has long since ceased to exercise the royal prerogative to veto legislation, and that with recognition of the equal status of the dominions and passage of the Westminster Act, it is no longer correct constitutional procedure for the British government to interfere with or to disallow acts of the Parliament of Canada, similar interpretation will apply to the exercise of federal authority over the provinces of Canada.

"Under the federal system as expressed in the constitutions of the United States, Australia and Canada, sovereignty is divided between the federal authority and

WESTMOUNT, FRIDAY, OCTOBER 22, 1937

"LE JOUR"

Friends of unity in Canada and of moderation and toleration among the various racial and religious elements that make up this country will welcome the success that is greeting the new French weekly newspaper, Le Jour, published in this city. The principal object of the new paper seems to be to convince the French Canadian population that their best interests are served not by cutting themselves off from the rest of Canada, politically and commercially, but by co-operation with and understanding of the rest of the country. An example of the type of editorial the new paper is printing follows:

"In this country we can never know too much English. If any one wants to know why, he can study geography. We are slightly fewer than three million French-Canadians on a continent of 140,000,000 English speaking inhabitants. From Mexico to the North Pole industry is done in English, business is done in English, finance is in English, the professions and various trades are conducted in English, and technical matters are expressed in English. . . . Even in the Province of Quebec, three quarters French, it is impossible for practically all the middle class and even for a large number of workers to earn a decent living without some knowledge of English. . . . The most useful books, the best edited magazines, the most important documents, and the most indispensable textbooks on this continent are in English. From the practical point of view we do not have their equivalent elsewhere, even in France. And French-Canadians need all these to enjoy the civilization which surrounds them and of which, it seems, they have been deliberately cheated. This is hard, but it is true. You and I can do nothing. Our purely sentimental reasons mean nothing. . . ."

DROUGHT RELIEF

Most easterners are aware that for the past nine years large areas of Western Canada have had little or no rain and the land has become wasteland, but few realize the extreme condition of poverty that the people of

southern Saskatchewan have been reduced to. No crops, scanty supplies of drinking water, no fuel, cattle dead or starving, no money to replace the worn out clothing they are compelled to wear. It is true that the government has done what it could, but even a few millions of dollars, large as the sums appear, are spread mighty thin when several hundred thousand are to be taken care of. With these conditions in mind, it is certain that local residents will respond readily to the appeal for discarded but serviceable clothing, food and other supplies, that is being made by a committee of local residents headed by Dr. J. S. Allen. Arrangements have been made with the railways to transport the supplies to the stricken areas, while government distribution agencies have been placed at the disposal of the relief donors to quickly and efficiently distribute the food and clothing where it will do the most good. Local residents who would like to assist are assured that their contributions will be well handled and distributed.

ASKING FOR TROUBLE

A fine of \$20 and \$17 in costs was imposed in an Ontario police court against a motorist whose equipment was labelled with the following faults: "Bad brakes, no muffler, no reflector, no tail light, no red cloth or light on a pole protruding behind the trailer; parked on the pavement without flare or warning light."

In addition to the fine, the owner's driving license was cancelled for six months and a traffic officer was told to recommend to the department of highways that the license plates of the car be taken away for good.

This glaring case apparently came to light when another car crashed into the parked trailer, causing injuries to the wife of the other car's driver and material damages of \$200.

It is really astonishing that people should take to the road with equipment of this kind and more astonishing that there is not a greater number of accidents as a result of the too common use of machines which lack even the fundamental elements of safety.

It is obvious that the time is coming when machines past a certain age will not be permitted on the roads and when there will be compulsory liability insurance, with the Government, of course, conducting the insurance business on a cost basis.

Attendance at political meetings brings home the truth of Lenin's famous remark, One fool can ask more questions in a minute than 12 wise men can answer in an hour."

Other European nations have been taking a voluntary part in the Spanish war, but China and Japan appear to be trying to drag them all into the Asiatic conflict.

The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements:—
Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of the coming week are hidden.
Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.
Contestants must be over 16 years of age.
All answers must be in the office not later than Wednesday, and the names of the winners will be published in Friday's issue.
A convenient coupon will be found elsewhere in the paper.
The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to everyone submitting the right answers.
Winners in the last week's contest are as follows, and they will receive their passes in today's mail.
Miss Françoise Gingras, 218 Redfern Ave., Apt. 16; Ronald K. Morrison, 26 Somerville Ave.; Mrs. F. Boyer, 188a Selby St.; Miss Agnes H. Cooper, 16 Decasson Road; C. M. Bennett, 528 Lansdowne Ave.; Miss H. G. Millen, 468 Victoria Ave.

THE FORUM

In Which Subjects of General Interest Are Discussed

Conducted by Howard S. Ross, K.C.

NOTE—The opinions expressed in these columns are not necessarily those of this newspaper and it does not accept responsibility for them. They are published for their general interest, variety and originality of treatment.

Tuskegee Institute is to be presented with a bronze bust of Dr. George Washington Carver, negro wizard of agricultural chemistry whose genius is now put on a par with that of the great Burbank, who once said, "Hereditry is stored up environment." This remarkable man (Dr. Carver) was born in slavery and was traded as a child for a horse. He helped to pay his way through the agricultural college at Ames, Iowa, by massaging athletes. From that experience he derived great confidence in the health-giving virtues of massage. Out of his experiments with the peanut, from which he has extracted milk, chemistry oils, rubber-paper, ink and about 200 other products, he has been

experimenting with peanut oil and massage as a treatment for infantile paralysis. Of his several thousand experiments, from which many remarkable results have been obtained, he has turned his oils and method over to the medical profession for trial and certification. He had previously had great success in the treatment of a case with his peanut oil and massage.

At a recent chemurgic convention he was the principal speaker. He said in part, "The time is near when we will have to add a new kingdom to the animal, and mineral kingdoms—I mean the synthetic kingdom."

He has derived starch, dye, etc. from the southern yam, discovered the "Egyptian Blue"—lost for centuries—in Alabama clay and worked wonders with the fibres of cotton, grass and weeds. Edison once offered him a laboratory and all the needed funds if he would join him at Menlo Park, but he preferred to stay with his people in the south.

When a dispute arose between Japan and Russia over the ownership of the Amur Islands, the Soviet government again took action contrary to the international precedent, declaring it preferred to withdraw rather than fight.

The State of Wisconsin of which Philip La Follette is governor has appropriated 60,000 dollars a year to enable a new non-profit corporation to develop municipal and rural power co-operatives. The large utility corporation immediately reduced rates in residences.

Physician Killed In Airliner Crash In United States Was Married To Westmount Girl

The death in the airliner crash in Wyoming Monday of Dr. Louis Gross comes as a distinct shock to many residents of Westmount who know him and his wife, formerly Miss Gertrude Giltson, of this city. Mrs. Gross remained in New York with their two children while Dr. Gross flew across the country to meet representatives of the University of Southern California.

The funeral service will be held in Montreal on Sunday from Papernam's chapel, St. Urban St. The body is expected to arrive by train tomorrow. Rev. Dr. H. Abramowitz will conduct the service.

Dr. Gross graduated from McGill in 1916. A brilliant student, he specialized in pathology and heart affections, and at the age of twenty five published "The Blood Supply Of The Heart." He was awarded on graduation a research fellowship to work under Dr. Horst Oertel, director of the Pathological Institute at McGill and with Dr. Maude Abbott, famed authority on congenital heart disease.

In 1922 he was awarded the famous Beit Memorial Fellowship which permitted him to study in Europe, particularly at University College, London, under Professor Starling and Professor Bayling.

Upon return he was appointed pathologist to the Brownsville Hospital in Brooklyn and after two years was appointed pathologist at the Mount Sinai Hospital. In 1928 he was made director of the laboratories at this institution.

In addition to his wife and children he is survived by his parents, Mr. and Mrs. Bernard Gross, of Park Avenue, Montreal, a brother, Dr. Harry Gross of New York and a sister, Mrs. M. Bercovitz, of Montreal.

MELVILLE CHURCH NOTES

Melville church has begun another series of addresses in connection with the aims of the committee for the evangelization of Canadian life. As in the past representatives of the different denominations have agreed to assist in the past week the Rev. C. Ritchie Bell and Lt.-Col. George Smith of the Salvation Army were the speakers. On Monday, Wednesday, and Friday of the coming week those giving the addresses will be: The Rev. Allan Roach, of Montreal West, and the Rev. Prof. Howard of the Diocesan College, Montreal. These meetings are being held in the church hall and visitors are welcome.

The Ladies Aid Society are holding a luncheon, with a programme of music, etc., on Tuesday at 1 p.m. in the church hall.

There will be special services on Wednesday, Nov. 3rd and on Friday, Nov. 5th.

The U.S.A. is planning a naval reserve auxiliary under which yacht owners would turn over their yachts in war-time.

The U.S.A. has just acquired the greatest bombing plane in the world, capable of flying at 300 miles an hour, carrying six machine guns.

The U.S.A. has ordered two new battleships to cost \$74,000,000. Bethlehem and New York shipbuilding concerns were \$40,000,000 higher in their estimates than Government Yards and were rejected.

Professor Harold F. Clark of Columbia University has proved by statistics that the life earnings of a doctor average \$108,000, of a farm labourer \$10,400, though the farm hand works nine years longer. Dentists may count upon \$95,400, journalists and ministers upon \$41,000 and skilled labour upon \$15,200 over a term of 44 years.

War for any purpose is honourable as soon as declared. Peace is only honourable with victory. Anyone may urge war in peace time with impunity, but is arrested if her or she urges peace in war time.

The Theosophical Society, according to its prospectus, is a world wide organization of men and women whose work is devoted to the service and betterment of the race. It has no accepted creeds and its members are at liberty to profess whatever religious beliefs they may have, or none at all. It is, they claim, a system of religious, philosophical and scientific thought.

To Stage Fashion Show On Wednesday

A fashion show and tea will be held in Victoria Hall on Wednesday evening under the auspices of the Westmount Sub-division of the Catholic Women's League, commencing at eight o'clock.
Those modelling include Miss Patricia Pare, Miss Margaret McLean and Miss Henriette Nightingale. The soloists will be the Hon. Ann Shaughnessy and St. Clair Manson, while Miss L. Gaborry will preside at the piano. Mrs. Milloy, Strathcona avenue, is convener.

CALVARY CHURCH NOTES

On Saturday morning in Calvary Church, the Rev. T. W. Jones will continue the series of sermons and Bible studies on the Life and Work of St. Paul, the particular theme this week being: A Prayer Meeting by a riverside; and an earthquake in a prison. This story of Paul contains vital lessons for life and work today, while the record of his faith and courage cannot but prove inspiring to all who are sharers in the great enterprise of the evangelization of mankind.

The Church School will hold regular sessions at 11 o'clock and 3 o'clock. Workers are needed—especially in the boys division of the afternoon school.

At the evening service Mr. Jones will preach the sermon on the theme—"Ancient and Modern Excuses regarding Religion and the Church". The course adopted by Adam as recorded in the story of the Garden of Eden, making excuses for his conduct by blaming another, has been repeated throughout the ages—and holds sway even today. Many an old-time excuse—such as "too much church attendance when I was a boy, is made use of by those trying to escape responsibility: Some folks work overtime making excuses. Young people are invited to attend this service. Why not forget the excuses and bring someone with you to church this Sunday night? A hearty welcome is assured for all who are present.

On Monday at 8.15 p.m. the Young People's Union will meet in the Macaulay Hall. Reports of

day, November 5th. The speakers on these occasions are Rev. B. B. Brown of Wesley United Church, N.D.G. and the Rev. Dr. Miles McCutcheon of First Baptist Church, Montreal.

For HIGH ACHIEVEMENT in Accident Prevention

In 1914 the family of the late Anthony N. Brady, outstanding transit company organizer and executive, established in his memory the annual award of a Medal to be presented to the transportation company which had the best safety record in cities of the United States and Canada of over 300,000 population. The award is decided each year by a select group of judges representing the American Museum of Safety and the American Transit Association.

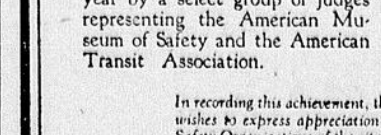

In the competition for 1936, the Brady Medal was won by the Montreal Tramways Company, and was presented at the last annual meeting of the American Transit Association, held in September.

The records of the Company show that in recent years there has been a reduction in collisions of 44.7 per cent, and a reduction in all types of accidents of 35.7 per cent.

In recognition of this achievement, the Montreal Tramways Company wishes to express appreciation of the co-operation received from Safety Organizations of the city and the assistance rendered by the Police in the City of Montreal and adjacent municipalities.

AWARDED TO MONTREAL TRAMWAYS COMPANY FOR HIGH ACHIEVEMENT IN THE PROMOTION OF SAFETY ON THE TRANSIT SYSTEMS OF THE UNITED STATES AND CANADA.

Dr. J. Rollitt Burial Held, Was Aged 68

Prominent Westmount Dentist Succumbed Saturday Morning to Heart Attack

Many friends joined relatives Tuesday at St. Matthias Church in paying final respects to John Fulford Rollitt, L.D.S., prominent Westmount dentist, whose death occurred from a heart attack in his home, 4427 St. Catherine street, Saturday morning. Dr. Rollitt was in his 68th year.

A native of Lakefield, Que., he was the son of the late Canon Rollitt and the late Mary Dixon. His grandfather was the Rev. Charles Rollitt, missionary priest in the diocese of Montreal and Minnesota. Educated at St. John's School, Montreal, and at Bishop's University, he graduated in 1897, and had practised dentistry since that time.

Practising in Huntingdon at the outbreak of the Great War, he joined the Canadian Army Dental Corps with the rank of captain, and served in army camps in Canada. After the war he was engaged in clinical work at Barrie, Ont., under the Department of Soldier Civil Re-establishment and in 1923 returned to Westmount.

Besides his widow, formerly Mary L. Buchanan, he leaves a son, Dr. Buchanan Rollitt, and two daughters, Frances and Cornelia, all of Montreal. There are also four brothers, the Rev. C. G. Rollitt, Irberville, Que.; the Rev. P. G. Rollitt, Ausable Forks, N.Y.; Major A. A. Rollitt, Toronto, as well as a sister, Mrs. H. Godard.

Interment was made in Trinity Church Cemetery, Havelock, P.Q.

FASHION SHOW HELD BY WOMEN'S GROUP

A large group attended the luncheon and fashion show Wednesday staged by the Women's Auxiliary of Shaar Hashomayim Synagogue. Distinctive styles were shown, with comments by Mrs. T. B. Plans Progress For Youth Peace Day

Members of the executive of the Montreal Youth Council are collaborating with the Canadian Youth Congress in plans for the International Youth Peace Day to be held November 10th. Considerable activity has been noted, and a number of prominent persons, including His Honor, the Lieutenant Governor of Ontario, Herbert A. Bruce, Russel T. Kelley, president of the National Council of the Y.M.C.A., Sir Robert Falconer, etc. have voiced their approval of the project.

Miss Mary Harrison, 30 Stanor avenue, and J. Rodolphe Rousseau, are secretaries of the Montreal Youth Council.

A large meeting is planned for November 10th, with Madame Pierre Casgrain, Henri Bourassa, and others as speakers. An international broadcast through the facilities of the Canadian Broadcasting Company is being arranged.

University Flying Club Gets Glider

McGill Group Recipients of Gift From Norman Holland; Ceremony at St. Hubert

Members of the McGill University Flying Club were presented on Sunday at the St. Hubert Airport with a modern glider by Norman Holland, flying enthusiast. Dominion Government flying officials, members of the Montreal Light Aeroplane Club, and other aviation enthusiasts, were present. Mr. Holland flew from Cartierville in a plane piloted by Marshall Foss, the plane leading a flight of three machines of the M.L.A.C. in formation, the others being piloted by Capt. Geoffrey Beck and Capt. Thomas Wrathall.

Taking part in the official ceremony were representatives of the Department of Transport, Ottawa, led by Wing Commander A. T. Cowley, superintendent, Air Regulations of the department; Squadron Leader Alan Ferrier, chief aeronautical engineer; Flight Lieut. A. O. Adams, staff officer, engineering department, department of National Defence, and C. W. Crossland, also of the latter department, all of whom flew down especially for the ceremony in a government plane piloted by Wing Commander Cowley.

In making the presentation Mr. Holland recalled the loss to the club caused by an accident to their glider, which interrupted the club's activities considerably. Accepting the machine, Dr. L. R. Richardson, president of the Club, expressed thanks in the name of the club which, he said, in the last eight years, had been attempting to foster interest in flying.

Rev. W. Scott Addresses St. Andrew's

Congregation Hears of Spread of Christianity in Sermon by Head of Indore College

Christianity is slowly but surely supplanting Hinduism in India, declared Rev. W. Scott, principal of Indore Christian College, India, in addressing the congregation of St. Andrew's Church Sunday evening. While no formal decision regarding the religion which they will adopt has been made, large groups are solving the problem daily by coming into the Christian fold, he stated.

Great changes have taken place in India during the past few years, went on Mr. Scott. The Christian colleges, along with other influences, have been at work and have done much to break down the great social barriers of caste and to remove the curse of untouchability. At the other end of the social scale, said Mr. Scott, metamorphosis had also been seen; it was a very bold thing for a Brahmin to come out openly and become a Christian, but many had already made this step, he said. In the Indore Christian College several high caste men have been baptised, in recent years, he added.

Although the minds of most young educated Indians were occupied with self-government for India there was a seriousness and earnestness visible among the keener minds, which was not present 25 years ago. Everywhere the doors were open but many times clergymen were prevented from entering because of the meagreness of our resources in men and money. Work like this was worthy of whole-hearted support, Mr. Scott said. When the facts were fully known, no other appeal is needed.

Lloyd Smith Preached At Induction

Rev. J. G. Brown Takes Post of Assistant Minister at Erskine and American Church

Rev. Dr. A. Lloyd Smith, of Dominion Douglas Church, preached the sermon Tuesday evening at Erskine and American United Church on the occasion of the induction into office of Rev. J. G. Brown, M.A., B.D., recently called to be assistant minister there. The service was conducted by Rev. DeWitt Scott, chairman of the Presbytery.

Combining in his remarks words of advice to the minister and to the congregation who had just "pledged their troth either to other in the induction service," as Dr. Smith put it, the preacher went on to congratulate Mr. Brown on his being called to the ministry "at a time like the present and in a place like this." He said it was a great day for the church to carry out its mission when by mechanical means the world was being brought so closely together—a time when the world was expressing itself with such violence—when it had disclosed the weakness of the capitalistic system—when there had never been such disillusionment taking possession of people.

Referring to the need of co-operation of the people with their minister he suggested that the church was more likely to fail because it asked too little of people rather than because it asked too much. Declaring that the minister was speaking from a "free pulpit" he appealed to him to disclose all sides of the truth. As to the congregation Dr. Smith said that "loyalty to the minister was secondary to their loyalty to the cause he represented."

Moses Liverman Buried Saturday

The funeral was held on Saturday afternoon from his home, 520 Victoria avenue, of Moses Liverman, furniture merchant, whose death occurred on Thursday in his 69th year.

Mr. Liverman, who was born in Russia, came to Canada 50 years ago. He founded the firm which bears his name.

He is survived by his wife, Fannie Rather Liverman; five sons, Max, Louis, Hyman, Irwin and Nathan; four daughters, May, Esther, Ida and Anne; two brothers, Thomas and Harry, and one sister, Bessie Liverman, all of this city.

RED BOY STORES END SECOND SUCCESSFUL ERA

With the Fall season well advanced, we may well think of the coming social activities that even those of us who do not, from preference or choice, attend large formal functions, do engage in during the winter months. There are the usual evenings at Bridge—Skiz and other winter sports club dances—business men's meetings and luncheons—hockey games—theater and private house parties that most of us enjoy as a relaxation from our everyday

at our best and this is only possible if our appearance is conducive to giving us confidence. Under the management of Norman Cowan, the Red Boy Stores have built up an enviable reputation in the West End, for catering to your needs in this respect. The three Red Boy Stores are designed, equipped and located to provide maximum convenience in their service to the public, giving the finest Dry Cleaning and Laundry service obtainable at the greatest economy possible.

Missionaries Eager To Remain In Far East Despite Dangers

The attraction of the far east is evidenced in the fact that missionaries at present in the danger zone of China have no intention of quitting the country, and those on furlough are anxious to return, declared Rev. Jesse H. Arnup, D.D., who is collaborating with the Rev. A. E. Armstrong in the work of the Foreign Mission Board, discussed at length the effects of the far eastern war on Christian missionary work.

About ninety percent of the missionaries in China have remained at their posts since the war broke out, declared Dr. Arnup, and every educational institution except the University of Shanghai has re-opened its doors. Many missionaries are so eager to remain at their posts that they have asked their respective boards that no compensation be sought for injuries they may receive, said the speaker.

Missionaries are very much needed, the congregation was told, and several protests have been made against the United States Government's policy of trying to persuade all its nationals to evacuate. Foreigners will be needed more than ever before during the next two years, while there is also a dire need for medical assistance, Dr. Arnup asserted.

The preacher presented a brief description of the work being

done by the United Church's three mission stations in China, expressed the hope that the present trouble would not retard missionary work too much, and concluded his sermon with a plea for increased Christian fellowship and co-operation.

Herbert Johnson Joins Alherbreen

At a recent meeting of the Alherbreen Club, Mr. Herbert Johnson was duly inaugurated as a Director of the Club. He is filling the position left vacant by the retirement of Mr. George Brophy, whose business has carried him out of town. Mr. Brophy was the first of the original Directors of the Club to retire and on the occasion was presented with some silverware which carried on it a message of good wishes in his future activities.

Due to the very active season that the Club has planned it was deemed advisable to appoint a successor to Mr. Brophy as soon as possible, and Mr. Johnson was the unanimous choice. He is an ex-student of Westhill High School and is well known and highly regarded by the younger set of Westmount.

The SNAPSHOT GUILD CHILDREN

When taking pictures of children snap them in a natural pose—doing something.

"STAND up straight now and look at me." "Put your hands down, darling, and smile. I want to get a good picture to send to Aunt Minnie."

Haven't you heard these two and many similar expressions on the part of parents when they are taking snapshots of their children? Let's hope you are not numbered among them for unless your child is quite apt at posing the result will be a rather uninteresting snapshot which does not do the child justice. First of all, as you know, youngsters are the cutest when they are perfectly natural. If a lot of fuss is made to get them to stand just so, or an effort is made to get them to do a certain thing, the chances are they will look too posed in the finished print.

There are two types of child pictures, I might say: just plain record pictures and the other kind you should strive to get—story-telling pictures. A little tot standing straight as an arrow with arms stiff and staring at the camera is a good example of a record picture, but snap a picture of that same little rascal making mud pies, or playing traffic policeman, and you have a story-telling picture with real human interest appeal.

Children's pictures should always be taken fairly close up, rarely more than ten feet from the camera. If you have an ordinary box camera don't get closer than six or eight feet unless a portrait attachment is

placed over the lens. With a portrait attachment you can get as close as three and a half feet to your subject and get sharp, distinct pictures that will show every curl and dimple. By moving a lever on the newer type box cameras, however, you can shoot as close as five feet to your subject without a portrait attachment.

With a folding camera of focusing type, the closer the subject is to the lens the more care is required in estimating the distance. Set the pointer on the distance scale at the number of feet between the lens and the child. If you change your position for succeeding pictures, be sure to change the pointer to the proper distance mark.

And watch your backgrounds. A nice, attractive background adds so much to your pictures. Telephone poles, wires, unattractive fences, garages, and what have you, often spoil an otherwise artistic, fascinating human interest picture. In fact, any prominent off-side object in the picture will detract from the interest in what the child is doing.

Here's another tip. Try to avoid having the sun shining directly in the child's eyes, for the poor little fellow can't help squinting under such conditions and neither could you. Let the sun come from the side. This gives an interesting lighting and what professionals call "roundness."

Follow these "tips" and you'll get real joy out of your snapshots. John van Guilder

Jas. C. Steel Publishes Novel Work

"A Descriptive Fantasia" is Latest Effort of Local Composer-Poet

James C. Steel, Westmount's composer-poet who specializes in Scottish songs and verses, has gathered a number of his compositions in both song and story together in the form of a "Descriptive Fantasia," and has dedicated the work to the "Bandmasters and to the old comrades and bandsmen of the Royal Highlanders of Canada, the 17th Duke of York's Canadian Hussars bands in Montreal, Canada, by an old musician and song writer in Scotch and Canadian Bands and Orchestras (formerly of Glasgow, Scotland)."

The "Fantasia" is a neatly multi-titled folder, with music and words covering eleven pages. The cover contains the dedication and a brief synopsis of the contents. The music opens with the sound of soldiers' feet marching to the music of drums, bugles, cornets and bagpipes, and various interludes portray "A Trip to Bonnie Scotland," "A Storm at Sea," "A Lullaby," etc., terminating with "Auld Lang Syne" and the pealing of chimes as a finale.

Mr. Steel has written numerous compositions, and has composed a number of poems. Most of these deal with Scottish subjects, and have a direct appeal to a large number of people on that account.

J. D. Younger Is Interred

Clandebye Avenue Resident Was Formerly Director of Imperial Tobacco Company

The funeral is being held this afternoon from his former home, 135 Clandebye avenue, of James D. Younger, former treasurer and director of the Imperial Tobacco Company who died at his residence on Wednesday aged 76.

A native of Scotland, he came to Canada in 1883. After spending some time in Montreal he went to Texas where he followed cattle ranching for a number of years. He then returned here to join the staff of the Imperial Tobacco Company.

He was appointed treasurer of the firm in 1912 and was made a director in 1921. He retired in May, 1929.

He is survived by four children, Mrs. A. W. Wakefield of Gale, Keswick, Cumberland, Eng. Mrs. J. W. Elliott, of Montreal, Mrs. Herbert F. Rainey of Winnipeg, and George R. Younger of London, Eng. Mrs. Younger predeceased him in 1931.

Interment is being made in the Mount Royal Cemetery.

Advent Junior W.A. Program On Tuesday

On Tuesday evening at 8 p.m. the junior W. A. of the Church of The Advent will present two plays in the Parish Hall, Wood and Western avenues.

The plays, "The King's Quest" and "A Marriage of Convenience" will be followed by "What the Junior Women's Auxiliary Stands For" illustrated by twelve lantern slides. An entertaining evening is promised.

Service For W. P. Slessor Dead At 77

Arlington Avenue Resident Had Been In Poor Health Since Motor Accident Years Ago

The funeral is being held privately this afternoon for W. P. Slessor, who died in his 78th year at his home, 110 Arlington avenue, Tuesday evening. Mr. Slessor had been in failing health since a motor accident some years ago.

He was a native of Montreal, and studied in Galt, Ontario, and at Montreal High School. He entered business with his father's firm of James Johnston and Co., and continued there after it was taken over by W. R. Brock, Co., Ltd.

Besides his business connections, Mr. Slessor was also well known in Montreal sport circles, being a life member of the old M.A.A.A. and a member of the old Britannia Football Club, the former Ku Summer Club at Point Claire and the old Park Toboggan Slide. He also took an active interest in the Boy Scout movement in this city and district.

Mr. Slessor married Miss Isabelle Miller, of Toronto, who survives him, with four sons and daughters, Lieut.-Col. James Eric Slessor, James Torrance Slessor, Miss Dorian Slessor and Mrs. A. R. V. White, the latter of Stanstead, Que.; his brother, James F. Slessor and his sister, Mrs. D. F. Gurd. He was also a brother of the late Mrs. Duncan Stewart.

Keeping Up Appearances

By "GWENNE"

... Something smart in Winter coats is a brown pony with matching hat and gloves made in swag-gery style with square cut shoulders. ... Something different is a black wool featuring sleeves made of silver fox from shoulder to cuff. ... Seen dining and dancing at the beautiful Bond Hotel in Hartford, Connecticut's favourite City, black wool very close fitting worn with hat of same material as dress and sporting a lone gold clip the only ornament. ... Bridesmaids of this season are taking to white velvet and carrying gold muffs made entirely of leaves with matching leaves in the hair. ... Seen at the gay Normandie

Roof, black jacketed frock fitting closely and very short with gold sequins on collar, sleeves and bottom of skirt. ... also short circular skirted dress of black velvet with white lace inserted on neck and shoulder line with black hat very high in crown and veiled to the chinline.

Plenty of hair ornaments this season, birds, feathers, flowers and what have you. ... a smart new note is that flattering wisp of a veil nonchalantly thrown over the hair to keep it in place and looks so very attractive. ... one ostrich plume worn Empress Eugenie style and slanting forward towards the eye is a new note in headgear. ... little veils studded with sequins will be a favorite of the coming season. ... White for evening but definitely. ... the all over fringe cape and fringe skirt evening dress. The candy striped dancing frocks reaching only to the tops of the

instep are winning favourable comment from the young deb. ... The black hooded evening cape lined with royal blue satin and having panels of blue sequins strikes a new note in what's what in outside evening attire. ... also the glamorous ermine cape reaching to the ankles and topped off with a juliet cap of the same fur. ... To sum it all up. ... velvet still leads for dinner and evening wear, sequins are tops for trimming and hair ornaments are in demand. ... Coats have more fur than ever this season. ... Dances again come into its own. ... ing frocks have a raised hemline which adds to comfort and attractiveness. ... stockings are proud of their mesh toes and heels. ... evening shoes are still open and flimsy. ... skirts are short and smart in their new length. ... capes are an outstanding feature. ... and veils are more popular than ever for afternoon and evening wear.

the states or provinces. That being so, it is a question for the courts to decide as to whether the Alberta Legislature exceeded its legislative jurisdiction in the banking, debt control and newspaper acts of 1937.

Professor Eugene Forsey has directed attention to the fact that there are "54 precedents for the action of the Lieut.-Governor of Alberta," and that 96 acts were disallowed prior to 1920. This provides a dramatic background for the Alberta case. It is pertinent to observe that the attitude of the Prime Minister of Canada, and the Minister of Justice, has been conciliatory toward the Alberta government, both as respects reference of the disputed legislation to the Supreme Court of Canada and by keeping an open door for discussion and negotiations between the federal and provincial leaders with a view to adjustment of the difficulty. If, as appears, Mr. Aberhart has abandoned his former truculent attitude, something may transpire which will lead to an understanding.

"With regard to the taxation, there appears to be no doubt of the legislative authority of Alberta to impose taxes on the banks. In 1936 provincial taxes were paid amounting to \$81,150, an average of \$390 per branch, plus \$235,000 municipal taxes, an average of \$1,219 per branch. This year provincial taxes on banks in Alberta will amount to \$141,000 on paid-up capital. It is estimated that in 1938 Alberta taxation of banks will exceed \$2,000,000. It would appear to be inequitable for Alberta to tax the banks on total capital and reserves at a rate which, if imposed by all provinces, would result in impairment of their capital and reserves. Obviously, this offers a highly important legal issue for settlement in the courts. It is a fact worthy of note that federal taxes paid by the Banks of Canada has amounted to an average of \$2,277,000 a year for the past ten years."

Banana trees grow 40 feet tall, but have stems, like plants, instead of trunks.

Mr. Eugene Returns From A Convention

Mr. Eugene, of Eugene Beauty Parlour brings from a recent New York National Hairdressers and Cosmetologist Convention the following interesting facts about hairdressing.

This season there is an upward trend to hair styling, the reddish tinted hair having replaced the blondes. Egyptian and Japanese henna is used to bring out the glint in the darker hair. Sheen is also used to give dull hair a glossy and shining look. Milady can have her hair dressed and lacquered in the afternoon, lie down for a nap and upon rising find her hair undisturbed, ready for the evening.

Crystals and Flirt are also very much in vogue for evening Coiffure, shades being selected to match the gown. These are applied with lacquer and can, the following day, be easily shaken out, without requiring to have the hair redressed. The lacquer is non-injurious to the hair, keeps it in place, while, at the same time it remains soft and beautiful.

Many other features of beauty culture too numerous to mention, were noted but among the foremost were the Oster and Vita-phone facial, neck and arm treatments.

Send us a report of that party, dance, club meeting or social.

The Customers Always Write
It is not unusual for unkind cuts to be taken at this correspondent's bristling countenance or for accusations of self-assumed importance and gross conceit to be hurled in his general direction. Truthfully, these pass in and out of his life like a sausage through a ringer—they are minced and digested and seldom cause any subsequent worry. After all, it's all in the game.

Of late, however, angry mistakes, charged with high verbal explosives, have reached this desk in increasing quantities and your reporter—benevolent as he is—thinks it is high time something was done to stem the tide ere another typewriter ribbon is worn to shreds.
Briefly, several correspondents have submitted puzzling questions and followed these up with fiery notes when no answer was forthcoming. We beg their indulgence and submit our excuse.

A correspondent in Lachine wishes to find the colour of Rudy Vallee's eyes. Another in St. Anne de la Pocatiere writes regarding the mole on Alice Faye's lip. Two girls in Verdun ask whether Tony Martin really curls his hair, and an elderly lady in Notre Dame de Grace asks whether Amos is happy with his new wife.

Don't think us harsh, we beg of you, but these epistles found their immediate destiny in the waste basket, where this column belongs. Truth of the matter is that we don't know the colour of Rudy Vallee's eyes and doubt that even Rudy would unless he looks in a mirror. Secondly, the nearest we got to Alice Faye's lip was twenty feet in a Hollywood studio, and much as we would have cherished closer contact, Miss Faye and Tony Martin thought otherwise.

As for the third question, we did not dare ask young Martin whether he curled his hair—he is rather well-built and we are peacefully-inclined at any rate. As far as the last query is concerned, our truthful nature forces us to admit

ing Amos regarding his wedded bliss, but we suppose his marriage is happy thus far as he was only wed eight weeks ago.

These questions are not as you can see of international import, nor do any lives hang upon their being answered. Moreover, they are signed with such inspired noms de plume as "Goo-Goo-Eyed" and "Anxious." We sincerely sympathize with any creature afflicted with goo-goo of the eyes and are only too anxious to relieve any person's anxiety, but we do ask that folk who wish to pose such queries sign their real names and addresses to the notes so that we may answer them via mail.

Please don't think that this column does not welcome mail. It is the one great dish upon which we feed our ego. Even inimical letters are heartening, for it is in a strange way comforting to dream that someone thinks sufficiently little of you to express their souring opinion by pen and ink. Such is the ego of a typeslinger!

No, on the contrary, this column welcomes mail and is sincerely grateful to those who take the time to write. What is more, it is always a pleasure to receive critical comment, for only thus can we help to suit these lines to your general taste.

Thus endeth our apology. And here is the microphone whirl—

ANNA MOVES ON
More than thrilled by her great reception in Montreal, Anna Neagle entrained for Toronto and Manhattan early this week with subsequent stops in Chicago and Hollywood. . . . Charming and unaffected, she is without doubt the most likeable star it has been this writer's privilege to meet. . . . Walter Downs, who handled the microphone at her premier, has been appointed motion picture chief of the Canada Steamships Lines. . . . Monroe Silver, whose "Cohen at the Telephone" recordings have made him beloved by thousands of Americans, made his first network appearance this week from Chicago and will probably win an NBC contract in the near future. . .

OF HEARTS AND SUCH
Phyllis Jeanne Creore leaves the Mount Royal Hotel this week end, to be replaced Monday by an unnamed singer. . . . The comely vocalist with Lloyd Huntley is said to have heart interest in Boston. . . . William Primrose soon to appear locally with the Montreal orchestra, will share the first desk of the viola section with Carleton Cooley in NBC's new symphony. . . . The Stroud Twins, another discovery of the advertising agency which produces Rudy Valee's variety hours, have become permanent stars of the Sunday evening Big Show, joining Bergen, McCarthy, Lamour, Fields, Ameche, Eddy and Armbruster in the greatest program currently taking the air.

FINALE
The New York Philharmonic Symphony opens its eighth season on the Columbia network Sunday afternoon with John Barbirolli on the podium and Deems Taylor at that laziness prohibited our writ-the commentator's microphone. . . . Phil Brito surprised many pals with his unexpected marriage last week in Maryland, but this column scored a clean scoop on the story

OPENING AT THE WESTMOUNT SUNDAY

William Powell and Luise Rainer who co-star in "The Emperor's Candlesticks," which starts Sunday at the Westmount United Theatre.

EUGENE LIST

Fiery, young California pianist who opens the Wednesday 9 O'Clock concerts at the Ritz Carlton early in December.

MONTREAL LEADER

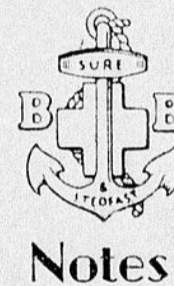

Douglas Clarke will again conduct the Montreal Orchestra when it opens its eighth season November 7 at His Majesty's.

Powell And Rainer At Westmount

William Powell and Luise Rainer are co-starred in another dramatic adventure story of international intrigue, in Metro-Goldwyn-Mayer's adaptation of Baroness Orczy's novel, "The Emperor's Candlesticks," which comes to the Westmount on Sunday for three days. George Fitzmaurice directed. John Considine, Jr., produced.

This romantic novel starts in Vienna after the kidnapping by socialists of Nicholas, last of the Czars, when he was a man of twenty. Powell, as socialist who hates Russia, is commissioned to carry a message offering release of the Czarevitch in exchange for the release of socialist prisoners. He hides his papers in one of a pair of candlesticks once used for this purpose by Marie Antoinette. Miss Rainer as a secret agent for the Russian police conceals papers in the other candlestick. The story then revolves into an exciting race between these two for the candlesticks which are stolen by thieves who do not know of the papers within them.

Boys Brigade

Notes

First Westmount Company Boys of the First Company received greetings from Captain J. Turnbull of the 2nd Winnipeg Company. This Company has been in operation steadily from 1903 and this year is 100 strong. As a boy Mr. Turnbull joined the Company and graduated from the ranks to an Officer, later taking over the Captaincy in 1933. The Company is attached to King Memorial United Church.

It is expected that Mr. Patterson, president of the New Zealand Boys Brigade Society will be in Montreal very shortly, and we hope to have him visit the First Company. He is also Captain of the First Auckland Company.

Battalion Parade
Boys of the First Company will take notice to meet Sunday evening at Melville Church Hall for 6:30, when they will be transported to the First Presbyterian Church in Verdun for the Fall Battalion Church Service, to be conducted by the Brigade in Verdun for the Fall Battalion Church Service, the 2nd Company, and Chairman of the Religious Education Council of Quebec, as Special speaker. Dr. Hill's address will be based upon the Object of the Brigade.

Company Band practice will be

BROTHERHOODS TO HOLD CONFERENCE SATURDAY, SUNDAY

Montreal and District Federation Plan Two-Day Gatherings in St. James United Church

The Montreal and District Brotherhood Federation, with branches throughout the city, are holding a two-day conference in St. James United Church this week end. Members of local brotherhoods will be taking part.

Commencing at 3 p.m. on Saturday an Open Forum will be held, the subject being: "The Promotion of Christian Brotherhood in the Social, Political and Industrial Lives of Men." Discussion will be led by the Rev. A. Patterson of Lachine, G. A. Carswell, of Maisonneuve, and W. A. Lawrie of Verdun.

Supper will be served in the club rooms at 6 p.m. At 7:30 p.m. Miss A. Vail of the Iverley Settlement will give an address on "Leadership." Music will be provided at intervals by the Brotherhood Orchestras.

At 9:30 a.m. on Sunday in the clubrooms of the church a service of dedication will be held, Alex Gordon giving the address. At 3 p.m. in the main Church a mass meeting to which ladies are invited will be held, presided over by the Hon. President T. B. Macaulay, Esq. The speaker is the Rev. Andrew Telford of the Metropolitan Tabernacle, Ottawa, well known for his radio broadcasts and also his meetings in the Scripture Testimony Hall in Montreal.

The Vickers Boy Scout Band will play for 15 minutes previous to the service and also during the service J. P. M. Parkes will sing. An invitation is extended to all men to attend any or all of these meetings.

Edward J. O'Brien rejects a well known city: "New York is too streamlined, too chromium-plated, too busy following the latest fad, too busy making fashions easily and killing them just as quickly."

on Monday nights from now on and will commence at 8 p.m., terminating sharply at 9 o'clock.

The Company will play Rugby tomorrow morning with the seventh Company from Maisonneuve.

KEEPS UP WITH TIMES
Albany, — "Keeping up with times" was the recipe for longevity given by Mrs. Margaret S. Schottenham as she celebrated her ninety-first birthday last month in the company of thirty-eight descendants.

Listening to "modern talk about airplanes and the like" coupled with an interest in newspapers and current events, strengthens the will to live, says Mrs. Schottenham.

She is the mother of nine children, two of whom are dead; has seventeen grandchildren and fourteen great-grandchildren.

SENIOR FOOTBALLERS MEET DESPERATE EASTWARD SQUAD

2-2 Tie With Montrealers Leaves Westmount In Lead

Purple And White Team Still Undefeated After Tough Game With Montreal High Monday — Johnny Swift and McKay Did All Scoring—Meet Strathcona Today for Second to Last Game of Inter-scholastic Schedule

By DOUG LAING

If thrills come a dime a dozen, then the Montreal and Westmount High School Seniors played a million dollar game on the football gridiron at the Westmount Athletic Grounds Monday afternoon. Before a large and excited crowd, they played the best game so far in the interscholastic football league season. From beginning to end the game was packed with spectacular plays and powerful line-plunges.

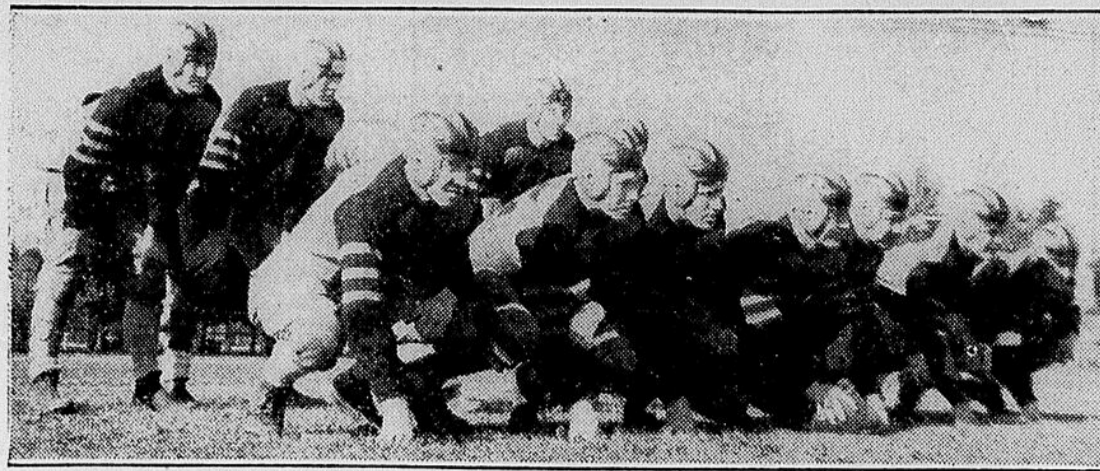

Westmount had all their regular men. The Purple and White squad was a little weak on the scrimmage line, but the kicking was good. However, they showed that when they were hard pressed nothing could get through their scrimmage line. Montreal was excellent on their line plunges, and their kicking was very good.

The score was 2-2, which still leaves Westmount High undefeated and in first place. If they can win the next two games they will be the league champions. The next games are with Strathcona and L.C.C. The Strath game is today. Cohen Smith's wonder squad have played four games and one exhibition, winning four, and tying one.

McKay, M.H.S. half, scored the two rouses for his team, while Kelfas did marvellous line-plunging. Johnny Swift, quarter, scored the two rouses for W.H.S., and Mussels and Buddy Hellyer played

a fine game. Westmount's scoring took place in the first half, while Montreal made their two rouses in the last half of the game. The Purple and White squad started the scoring early when Swift kicked the ball well behind the Montreal goal line and the Montreal team was nicely brought down for a rouse. In the second quarter, the Westmount team were forced back to their goal line and Buddy Hellyer miraculously carried the ball out to his one yard line, when powerful Montreal kicks has bounced behind the goal line. Near the end of the quarter Swift kicked the ball again behind the Montreal goal line, where the M.H.S. team was nailed nicely. At the start of the last half, the M.H.S. squad began to put all they had into the game and during the last half of the third quarter they forced their way up the field making yards, and it seemed as if nothing could stop them. They reached W.H.S.'s one yard line and on their first down they were held. The crowd was wild by this time and as the Montreal squad went into their second down they weren't able to hear anything with all the noise. The spectators saw the Montreal squad go over the W.H.S. goal line. Both

LOCAL GRIDDERS MEET THESE BRUISERS AT ATHLETIC GROUNDS

Here is the starting team that will face the Westmount Seniors on Saturday afternoon in their regular scheduled Q.R.F.U. match. Westmount defeated the Eastward lads in their last meeting, but the crew guided by Johnny Macdonald is much improved and the battle this week-end should be close.

With the Boys at The Westmount 'Y'

Hallow-e-n Party
Next Friday at 7 p.m. the Spooks will walk at the Westmount "Y" Grand Masquerade. Prizes for best costumes, comics and originals. All the old favourite Hallow-e-n Games will be revived for the occasion, including apple dopping, choo-choo and apple ducking, trips to the moon, fortune telling and spooky movies. The Intermediates are preparing dramatic skits. A sing-song and grand Peanut Scramble will be held.

Junior Club Suppers
Tonight at 6, the Seals, Millionaires, Flyers and Speedings will sit down to supper. Sing-song and movies, clubs and hobbies. Wm. Near will meet the boys interested in leatherwork. Ross Seaman and his group made Jiggs and Table Tennis bats in the Fretwork group last week and will conquer new fields tonight.

Swimming Club
Alf. Mander and Eddie De Wit will sit down to supper with the Senior and Intermediate members of the Swimming Club at 6, and plan the program for the coming months. The Preps and Junior members of the Swimming Club will enter the pool at 8.

Life Saving
Doug. Fairbairn and his Life Savers will do their stuff at 11 a.m. tomorrow.

Public Speaking
Mr. A. J. Cullen meets again Tuesday with his Public Speakers. Boris Wallis, one of the group, won the prize for Freshmen at McGill recently. This is a good club for anyone interested in Public Speaking.

Basketball
Senior School Basketball workout tomorrow 2. to 4.

Fencing Club
Forty members of the club sat down to dinner Saturday evening. Dr. Gordon Copping was the guest speaker. His address on "Fencing in Heidelberg" was highly entertaining. Mr. Doug. Reilly acted as Chairman. At the head table were Mr. and Mrs. Geo. Tully, Mr. and Mrs. Max Ford. Dancing brought the evening to a close. Havelock Yates, Jim McNiven and Marshall LeBeau providing the music.

the Montreal football team and the Montreal cheering section went wild with joy. Their joy was short lived when they saw the referee take the ball to the Westmount 25 yard line and declare last down for Montreal. The referee said that he had blown his whistle for rough-playing. The Montreal squad was given a penalty of 25 yards. However, Montreal's halfback, McKay, scored a rouse near the end of the quarter.

During the last quarter both teams fought their hardest, and McKay was able to score another rouse for Montreal, tying the score 2-2.

Your correspondent pays his respects to those hurt on both sides; and there were several, but not badly. Westmount has probably had more hurt on this year's team than in all previous years, and this is one of the facts that makes Coach Smith's team a wonder. With so few unhurt and with the hurt fellows to make the spectacular showing that they have, is nothing short of a miracle.

The teams:
W.H.S.—Mussels, f. wing; Hellyer, Thompson and Mowatt, halves; Swift, quarter; J. L'Abbe and Hanson, outsiders; Charters and Chown, insides; O'Hara and Campbell, middles; Fleet, snap. Subs—M. L'Abbe, Riddell, Stuart, Priestman, Davidson, Brown.

M.H.S.—Vallee, f. wing; McKay, Morrison and McGill, halves; Kelfas, quarter; Lyons and Owen, outsiders; Evans and Bunting, insides; Hood and Eastman, middles; Ross, snap. Subs—Ingils, Robinson, Simatas, Lummus, Tabah.

Dey's Lacrosse Team Playing At Orillia

Fred Dey's Westmount Juniors, Quebec Junior Lacrosse champions, play today at Orillia, Ontario, against the Orillia Baby Terriers, holders of the similar title in the adjoining province.

Dey's team, started late this season and whipped into formidable shape through the efforts of their hard-working coach, went through their league schedule here without losing a single game and in the playoffs lost only one game to Cote St. Paul. They stand an excellent chance of whipping the Terriers.

The winner of today's game wins the right to play the victor of a similar tussle at Winnipeg, also today, between the Vancouver Bluebirds and the Winnipeg Elmood Pats.

The Canadian Junior playoffs for the possession of the Minto Cup will start on Monday either in Montreal or Orillia.

Westmount Gridders Are In Mid-Season Form For Crucial Test Saturday

Eastwards Need Win to Keep Out of Cellar—Were Last Season's Champs—Westmount Lads Won in Last Meeting—Have New Plan of Attack

The Westmount Senior Football team will be up against a tough proposition tomorrow when they meet Johnny Macdonald's Eastwards, for the lads from Royal Avenue will be fighting with their backs right against the wall, and the Eastward aggregation is an outfit that definitely can 'go places' if they are in condition, as they demonstrated last season by taking the Q.R.F.U. championship.

The teams met three weeks ago and on that occasion Westmount won out by a touchdown, but only after a stern struggle, and due in part to the fact that Eastwards had not yet hit their mid-season form. Tomorrow's struggle however should be a very close one, Eastwards are in a lot better shape than when Westmount met them before and, realizing this, the local board of strategy have prepared a plan of attack that leaves nothing to chance.

Progress Seen In Basketball Situation Here

While there has been no definite alignment of teams in the various sections of the Montreal basketball league as yet, the opening of the season is getting close and with that in mind the Westmount entrants in the cage game are stepping up their practices a notch. The Dominion Douglas Church team, prospective senior entrants this year made what may be one of the outstanding captures of the season when "sorrel topped" Buster Allen turned out with them at Wednesday's practice. Allen, a high scoring forward in senior company for the past few seasons would not only give the double D team an added scoring punch but would be of invaluable assistance to a forward line playing in its first year of senior company. Coach Ronnie McKee has been more than satisfied with the showing to date of Bob Darling, the outstanding guard of last year's intermediate squad, if he keeps up to the standard of play he has been showing in practice, Darling will be one of the strongest guards in the loop this year. Among the candidates out for this week's practice were Brunt, Cochrane, Allen, Darling, McIntosh, Parker, Scarffe and Jenkins.

With all arrangements being completed, the Westmount Amicis and Queens Grads will share Queens school floor on Friday nights and in all probability play their schedule games as double headers. Queen's Grads will probably play in the Intermediate B section while the Amicis, last season's B section title holders will of necessity have to move up to A section. The blue shirted Amicis team again piloted by Jimmie McCormick, will floor an even stronger team than last year. The loss of a couple of last year's men will be made up in the addition of Doug. Jonas and Jack Wilkinson if he can be persuaded to take time out from his badminton activities. Among the veterans of last year's squad turning out are Ronnie Blackburn, Clive Leguillette, Ronnie Gibson, Gordie Peacock, Reg. Johnson, Cliff McClay, Earl Carney and Emil Boosamara. Queens Grads will line up most of their old reliables but will sadly miss Solters, their high scoring forward of last season. Nevertheless with a couple of practices under their belt it is expected that this team will resume their high scoring habits of other seasons.

The management of the Westmount 'Y' team here have signified their intention of holding a meeting during the coming week, wherein all their plans will be dis-

Wednesday: St. Lambert High vs. St. Leo's Intermediates.

A 45-mile wind threatened another Florida hurricane, but someone discovered it was just the backfire from another Bolivia-Paraguay tiff.

Followers of rugby-football are realizing more and more that the Q.R.F.U. games are among the best to watch in the week-ends sport calendar. The teams are 'in there' fighting every minute and are fairly well matched.

It'll probably be the best contest of the year.

Close in Shots . . . It would not be terribly surprising to see a well known West end team playing under a French Canadian name this season . . . With the suggestion being brought forth that the Big Six of last year expand itself and become at least a ten team league, the Westmount Amicis would probably move up into major company . . . Bunny Talpis, captain of last year's Y.M.H.A. senior team and a high scorer for the All Stars in last year's Westmount tourney, will probably line up with McGill Grads this season . . . Doug Crawford, prominent Westmount resident re-elected vice president of the Montreal Basketball League.
