DROWNS TRYING
TO SAVE A BOYBRO. OMER GAGNON OF ST.
VINCENT DE PAUL LOSES
LIFE AT ST. HYACINTHE.

The Brothers of St. Vincent de Paul of this city, who are in charge of the Patronage school, received word on Saturday morning last from St. Hyacinthe of a drowning accident which occurred in the Yamaska river on the previous day. The victim was a member of the local community, Brother Omer Gagnon, who is a native of this city and son of Eugene Gagnon, carter, who resides in Latourelle street.

Last Friday a young lad fell into the river while playing on the shore, and Brother Gagnon jumped in to rescue him, but the boy seized him and both went down.

The unfortunate brother entered the novitiate only 2 years ago, and as the authorities had decided to remove it to St. Hyacinthe several brothers, including the victim, had removed to that city about a week ago.

The body of Bro. Gagnon has been recovered and is now at the Patronage in Cote d'Abraham.

TWO THEATRES ARE
BURNED AT OTTAWAFIRE DESTROYS A PICTURE
HOUSE AND OLD GRAND
OPERA HOUSE.

Ottawa, July 6.—Fire which started in the rear of the Nickel Moving Picture Theatre on Albert street shortly before midnight Saturday, completely destroyed that building as well as the Grand Opera House next door, and for a time threatened to assume serious proportions.

Fortunately no lives were lost, but I. S. Jacquith, night watchman at the Nickel Theatre, had a very close call. He had gone into the building after the fire broke out and was found by the firemen at the head of the stairs in an unconscious condition. He was revived. The origin of the fire is unknown.

Damage to the extent of \$115,000, well covered by insurance, was done by the fire. When the first alarm was sent in the audience had just left the Nickel and a performance of Tempest and Sunshine was still in progress at the Grand. The actors continued their speeches and the play finished, the audience being dismissed in orderly manner.

The firemen had a desperate fight, as the water pressure was low. Both buildings were old, the Grand especially, having been built many years ago, and was Ottawa's first playhouse, many artists and actresses who have since gained world-wide fame, having played there, such as the late Sir Wilson Barrett, Thomas Kean, the celebrated tragedian; Madame Modjeska, the late Sir Henry Irving, and others. Lately the house has been occupied by the Roma Reade Stock Company.

The masonic lodges of the city, which had their rooms in the third story of the Nickel building, lost about \$9,000 worth of furniture and regalia. The Carling Brewery and Malting Company's Ottawa plant, on the ground floor of the Nickel building, was also destroyed, the company losing heavily.

SPEEDS IN AUTO
TO DYING CHILDRISKS LIFE IN WILD DASH
FROM TORONTO TO OTTAWA AT NIGHT.

Toronto, July 6.—Flying from Saturday afternoon, in a 300 mile race in a motor to Ottawa, A. G. Marshall, a contractor, hoped to reach the side of his dying son, before death called. The frantic father, impatient for a moment's delay, would not wait for the eleven o'clock night express of the Canadian Pacific Railway, but chose to risk rough roads and darkness, in the hope that he would reach home a few minutes ahead of the train. With loss in time, he might also lose his only chance of seeing his boy while yet alive.

Mr. Marshall came in from Ottawa in the morning train yesterday, and was to have remained at the Prince George several days in connection with a business transaction. About 2 o'clock he received a telegram that his six-year-old son had been killed in an accident, but half an hour later, a despatch arrived that his son still lived but death was but a matter of hours. When he received the second message he became frantic to get home. A journey to Ottawa on a high speed motor car was suggested and Mr. Marshall at once decided to attempt it. After hurriedly telephoning a racing machine, which Bert Smith, a Toronto driver, agreed to drive, was secured and shortly after 3 o'clock the race to the boy's bedside was begun.

It was figured by the driver that maintaining an average speed of a little over 20 miles an hour, he would reach Ottawa about four a.m., beating the Canadian Pacific Railway express by about three hours. Although at night and along dark roadways, it was the intention to attain a speed of about 40 miles an hour over level stretches, but where the road is rough or muddy, the speed would have to be reduced to 10 or 15 miles an hour.

Proposed Railway From Quebec to
Labrador—Newfoundland Legisla-
ture Considering a Land Grant.

The Newfoundland Legislature has been giving consideration to a measure providing a subsidy of 6000 acres of land a mile, with a free right of way, exemption from taxation and some lesser privileges, towards the building of a railway in the Newfoundland Labrador. It is proposed that a contract shall be entered into with the Canadian Atlantic Corporation, the directors of which include Thomas Skinner and J. Foster, London, Eng.

This corporation proposes to build a railway from Quebec to Cape Charles, or between that point and Brador Bay; to operate a train ferry between the Labrador coast and Newfoundland, and a line from the ferry to the Reid Newfoundland Railway, near Bonne Bay. The present proposal covers only the proposed line on the Labrador coast, which would form part of a continuous line from Quebec to the coast.

The corporation represents that it has made a provisional agreement to take a 99-year lease of running powers over the Quebec & Saguenay Railway and its connections, between Quebec & Murray Bay, 86 miles, and has also acquired charter rights to build a railway from Murray Bay to Seven Islands, 380 miles, for which the Canadian Government has already granted a subsidy. Nothing has been arranged as to the route from Seven Islands to the Quebec-Labrador boundary. The company agrees to begin construction in four years, and to have the line completed in ten years.

SOUTH AFRICAN
MINERS STRIKE
ENDS IN BLOODSETTLEMENT REACHED AFTER
SANGUINARY BATTLE IN
JOHANNESBURG STREETS.

Johannesburg, South Africa, July 6.—The strike which involved practically all the gold mines on the Rand ended last night. During its brief existence anarchy reigned in the city. There was much bloodshed and the casualties are estimated at more than one hundred. The authorities were finally compelled to declare martial law, and during several hours yesterday the troops raked the streets with rifle fire.

BLOODY STREET FIGHTS.

The negotiations which brought about a settlement of one of the most serious situations that the mining district has ever encountered were opened this afternoon and brought to a successful conclusion after several hours' discussion, the strike leaders agreeing to the terms proposed. Gen. Louis Botha, ex-Premier of the Union of South Africa; Sir George A. Farrar, chairman of the East Rand Proprietary Mines, and Gen. Smith took part in the negotiations.

Before a settlement was reached there occurred the fiercest and most sanguinary conflicts between the police and the troops and the mobs that had yet taken place. Early in the afternoon crowds gathered in front of the Rand Club and began to stone it. They disregarded orders to disperse, and the troops fired with deadly effect. Near the Union Club another mob was scattered by the dragoons, who charged fiercely.

Some of the principal streets were the scene of sharp engagements. Ambulances were kept busy for the soldiers aimed to kill. Within a comparatively short time and in a comparatively small area about sixty of the rioters were killed or wounded. The fighting in other quarters swelled the casualty list, it is believed, to considerably over a hundred.

Terms of Settlement.
The terms of the settlement are as follows:

1. The strike is to be immediately declared off, the strikers to return to their homes; all further disturbances shall cease and no more property is to be destroyed.

2. The New Kleinfontein strikers are to be reinstated and the government is to grant suitable compensation to the strike breakers, who are in no way to be victimized.

3. The strikers in other mines are to return to their work and are to be taken back as mining operations are resumed. No victimization to take place.

4. Representatives of the workers are at liberty to lay and other grievances before the government who will inquire into them.

MOB REASSEMBLES.

Strike Leaders Say Settlement Will
Be Accepted, But Anarchy Still
Prevails—110 Casualties So Far.

Johannesburg, South Africa, July 6.—The settlement of the strike among the gold miners in the Rand district, which the Government arranged with a committee of the strikers yesterday, has proved ineffective, although comparative order was preserved over night.

The mobs reassembled today. All trains and street cars have suspended service, the crews refusing to work. No newspapers were able to publish today. Additional troops guard the Rand Club, which was the scene of serious encounters Saturday. A great mob assembled outside the building, shouting and jeering the troops.

Up to 3 o'clock Sunday afternoon there had been no further firing, but only a spark was required to start a conflagration.

The opinion is very general that the Government has made serious blunders throughout the present trying situation. When General Louis Botha, the ex-Premier of the Union of South Africa, and General Smuts, Minister of the Interior, Mines and Dedence, arrived at Johannesburg they were amazed at the strikers' organization and the desperate spirit of the leaders.

Unions Flushed With Success.

The Federated Unions are flushed with success and confident that they are complete masters of the situation. The trades unionists are ready to obey any order that is given to them. The leaders have already commanded the newspapers to cease publication until further notice. They count on the government's fear the natives, 200,000 of whom are locked in the compounds at the mines. They might start looting and killing if unloosed.

The terms of the settlement failed to stipulate when the men should return to work, thus leaving matters in a chaotic condition.

The casualties resulting from the fighting Saturday are now estimated at 110. Two officers, three soldiers and several policemen were wounded.

The strike leaders were apparently trying tonight to get the men to accept the terms, but on all sides dissatisfaction is expressed. A spirit of

anarchy has been aroused which it is difficult to control.

A great crowd of strikers wearing red badges surrounded the Carlton Hotel while the terms of settlement were being arranged last night. When the leaders announced from the balcony that a settlement had been agreed to, they were greeted with shouts of: "What about the dead?" "You've been bought."

The uproar brought a platoon of police, who thinking that the hotel had been attacked, started to fire. General Botha and General Smuts, from the balcony, signalled to the police to stop and just averted a tragedy.

Afterwards the mob surrounded a department store owned by Chudleigh Brothers, one of whom is accused of having fired a revolver at the strikers from a window of the Rand Club. The rioters threw three sticks of dynamite into the store and were preparing to loot the place when the dragoons charged and dispersed them.

The editors of the various newspapers conferred with the Federated Union leaders tonight with the result that the Typographical Union will publish a paper giving colorless reports of events, without comment.

A Day of Terror.

Except at the time of the Jameson Raid in 1896, and the outbreak of the war in 1899, this city has not experienced such a day of terrorism as Saturday. The chief difference was that the populace was involved in a larger spirit and with a greater display of bitterness.

The mobs in the business section of the town caused less fear than the desperadoes who were threatening to dynamite the home of the wealthy in the outskirts. All places of business were closed and the troops were depended upon to guard them, while bands of citizens armed with rifles patrolled the residential quarter. Every male resident capable of bearing arms was on duty.

The rioting began when a body of strikers forced their way into the Rand Club, which particularly excited their enmity because its members are the mine owners. They completely demolished everything on the ground floor. Three times a detachment of dragoons rode through the mob to the accompaniment of jeers, broken bricks and stones. Three times the mob was scattered, but it quickly reformed. The troops fired a volley over the heads of the rioters, and then two volleys directly into their ranks. The rioters fled to the side streets, yelling derisively, but leaving behind a large number of killed and wounded.

The dragoons at length withdrew and local troops took command of the four principal streets, which they swept with their rifles whenever the rioters started to return.

In the meantime, from the rooftops the troops were assailed with all sorts of missiles and bullets from revolvers. After almost three hours' fighting, delegates from the strike committee, who had conferred with General Botha and Smuts, marched through the streets under a white flag, announcing that an armistice had been arranged, and ordering the men to return to their homes. Ambulances went about picking up the wounded throughout the fighting.

The strike leaders said at midnight that the terms of settlement were being accepted all along the Reef.

MAJOR DISMISSES HIS
SQUADRON, DIES QUICKLY

Moosemin, Sask., July 6.—Major the Hon. Claude H. Manners of the 16th Light Horse, died here suddenly last night from heart failure, having only returned a few hours previously from Swell Camp. His last act was to dismiss the squadron. He was a member of Boulton Scouts in 1885 in the Northwest rebellion, a veteran of the South African war, and a member of the Imperial Yeomanry of Kent, England.

ATTACKED AND WOUNDED
BY BANDITS NEAR BANFF

Calgary, Alb., July 6.—Jack Wilson, son of Thomas Wilson, the famous Banff guide, is in the Banff Hospital with two bullets in his breast and a gash in his throat as the result of an encounter with bandits on a lonely road in the Banff country Friday night. After the shooting the bandits threw the unconscious man in the bush, covered the inert body over with leaves and got away. The mounted police are scouring the country and several arrests have been made.

DARING PRIEST
SAVES THE HOST
AT RISK OF LIFEFR. PLANTE RUSHES INTO
BURNING MONTREAL
CHURCH—LOSS IN \$200,000.

Montreal, July 6.—St. Charles Roman Catholic Church, situated in Point St. Charles, was totally destroyed by fire yesterday afternoon, the loss amounting to \$200,000. Two firemen were injured, Fireman Albert severely, by a fall from a ladder. St. Gabriel's Church and presbytery on neighboring property were saved from the flames, but the presbytery was severely damaged by a portion of the steeple of St. Charles Church crashing through the roof.

ORNAMENTS ARE SAVED.

The fire started behind the organ loft from an unknown cause. Defective wiring is one theory, while others believe the carelessness of workmen making interior repairs is responsible.

Rev. Father Plante risked his life by dashing into the blazing building in order to bring out the Host. Remi Decarie, one of the decorators, who rang in the alarm, rushed into the church and by almost superhuman effort carried out the statue of the Blessed Virgin. The other ornaments and vestments were saved by the priests.

The Weather

Toronto, July 6.—A disturbance which on Saturday morning was over Lake Superior, has since developed some energy and moved eastward to the Lower St. Lawrence Valley where it is centred tonight. Cooler weather has set in over Ontario and is spreading eastward. Showers and local thunderstorms occurred today in Quebec and the Maritime Provinces but the weather in other parts of Canada has been generally fair.

Minimum and maximum temperatures:

Victoria, 56-68; Vancouver, 58-66; Edmonton, 50-80; Battleford, 50-78; Prince Albert, 42-78; Calgary, 42-82; Moose Jaw, 42-80; Qu'Appelle, 48-74; Winnipeg, 50-78; Parry Sound, 54-64; London, 62-72; Toronto, 54-72; Kingston, 56-74; Ottawa, 60-78; Montreal, 66-84; Quebec, 62-78; Halifax, 58-62.

Forecasts:

Lower Lakes and Georgian Bay: Westerly winds; fine and cool.

Ottawa and Upper Lawrence: Fresh westerly winds; fine and cool.

Lower St. Lawrence and Gulf: Strong winds, and moderate gales, westerly and north-westerly; cooler with occasional showers.

Maritime: Strong winds or moderate gales, south-westerly and westerly; showers and local thunderstorms. Superior: Light variable winds; fine and not much change in temperature.

All West: Fair and warm.

DEATH IN AUTOMOBILE
ACCIDENT AT WINNIPEG

Winnipeg, July 6.—Hurled from his car and dragged forty feet under it, when it collided with the wall of the Water street subway today, Alired Bell, a local real estate man, was instantly killed. The accident took place at a curve in the subway. Bell leaves a wife and seven children.

TERRIBLE SERVIAN LOSS
IN FIGHT WITH BULGARSWar In Balkans Is More Severe And Deadly
Than Anything In The Whole War
With The Turks

London, July 6.—After ten days of fighting, more severe and deadly in character than anything in the last Balkan war, a little light begins to break upon the hitherto obscure operations. In the first place, the Servians have lost more men than in the whole previous campaign, and semi-official statements issued at Belgrade have the appearance of an intention to prepare the public for news of a disaster.

FIGHTING IS DESPERATE.

Desperate fighting, with fluctuating fortunes, is proceeding along the Vardar and Bregalinitza rivers, which seems to be in favor of the Bulgarians. Important news has been received of the Bulgarian invasion of Serbia through Belogradchik, about 45 miles northeast of Nish, Serbia's most important fortified town. No indication is given of the strength of the Bulgarian column at this point, but the Bulgarians claim to have defeated the Servians and captured five guns and a quantity of other war material, and by the occupation of the passes, to have opened the road to Nish.

There is heavy fighting also between the Servians and Bulgarians to the south of Istip and in the neighborhood of Kitchana. About 200,000 men are engaged and the losses on both sides appear to be terrible.

Bulgaria's strength appears to be to hold the Greeks in check, probably with comparatively small forces, while she deals with Serbia. This assumption, if correct, would explain the victorious advance of the Greek army.

Unconfirmed reports credit the Bulgarians with victories near Koprili, giving them the key to Uskup, and with an outflanking movement from the south of Tahynovs Lake, which would cut off the Greek retreat.

Saloniki dispatches continue to report Greek victories. The Greeks are said to have captured sixteen guns at Doiran. Evidence of desperate fighting is given.

STEAMER RESCUES
NOVICE AERONAUT
IN NICK OF TIMEGAY'S DIRIGIBLE WAS JUST
SINKING WHEN SAGAMORE
HOVE IN SIGHT.

New York, July 6.—A dirigible balloon, carrying George M. Gay, a youthful Norwalk, Ohio, aeronaut, that was swept away from the New Jersey shore of the Hudson early last night, and was for six hours unheard of from here, fell on the waters of Long Island Sound at 7:30 o'clock last night, according to definite word received early this morning.

DIRIGIBLE SINKS

Gay was saved by the crew of the steamer Sagamore, which, passing Sands Point on the north shore of Long Island sighted the balloon before it reached the water's surface a mile and a half off shore. The dirigible sank and Gay was picked up after swimming about for five minutes.

The balloon covered a distance of about 25 miles in its uncontrolled flight from the Hudson River. It was without motor or rudder and Gay, a novice, was unable to release the gas.

DROWNING AT SYDNEY.

Sydney, N. S., July 6.—Joseph Parker, a young man aged 24, belonging to St. Clairton, was drowned in Loon Lake near Broughton, today. Parker went in swimming and it is thought he was seized with cramps. The body was recovered.

The Oracle said this morning: "I've been thinking. Take a man who is always surly, disobliging, and unpleasant to everyone; he is never popular, in fact, he is left so much alone that in the end his attitude becomes partially justifiable. But the other man, who is always willing to please, obtains and is deserving of favor. The weather looks bright today. But it's always a hard thing to predict weather for Monday."

We are willing and anxious to oblige you. But we do not seek your favor on these grounds. We have faith in our goods. We know what we have is the very best, we only want you to know it. Take for instance, our PAPER NAPKINS, at 18c PER BOX. These are packed 50 in a box, have four different patterns and are of the best quality. They are all nice patterns, too. You will find that this is the best way to buy your Napkins, and a box will be very handy to have with you in the country.

THE BOARD OF TRADE.

One would think that certain of the more contemptible Liberal organs would have a little more sense of decency and proportion than to make an utterly unjustified attack on the Board of Trade such as was made last Saturday in the columns of a local paper.

Because of the Board of Trade's appreciation of what is being done for this city and district by government members at Ottawa, we are treated to the following partizan balderdash:—

"Under the artful manipulation of Postmaster-General Pelletier and a few Tory members of the Council, abetted by the local Borden organ, it is rapidly being turned into a mere donkey engine to the machine at Ottawa and any prestige that it enjoyed as the nominal mouthpiece of Quebec's business men is fast departing. It evidently exists today only to approve and back up everything the Government does, proposes to do or does not do here and its criticisms are not only few and far between, but generally of the mildest and very tamest kind-grooved order. It is especially careful to never hurt the feelings of the Postmaster-General and the correspondence, which has so abundantly appeared in the local press during the last eighteen months or so, has been always so ordered as to eschew all unpleasantness with the hon. gentleman, to tell him no harsh truths, and to load him with all the congratulations and flattery possible under the circumstances, while maintaining the most discreet silence on many vital questions, which Quebec's business men should be the first to thoroughly ventilate and press home upon the Government in the strongest and most unmistakable terms in their own and the general local interest."

The Board of Trade is strictly a non-partizan body and the charges made against it above are slanders both senseless and ridiculous. When it thought a little while ago that things were not moving as quickly as it would like, it spoke fearlessly and did not hesitate to criticize the government. When, however, it was possessed of more information it frankly appreciated what was being done for the port and said so publicly. That is what is worrying these Liberal scribblers. They cannot bear anyone to have a good word to say for their political opponents, however active and zealous the latter may be for the promotion of the general welfare of this city and its citizens.

But the sting goes deeper than that. It is the accentuation of the fact that the Liberals during their whole regime of fifteen years ignored, neglected and consistently tried to fool the people of Quebec. In praising the Borden Government the Board has made people think of the contrast between the present administration and its predecessors in office. That is why all the fuss is being made by the few lugubrious Jeremiahs who would sooner see the walls falling to ruins and the grass growing on the wharves than have Quebec prosper and advance under the care of their political adversaries.

The Quebec Board of Trade is no tool nor donkey engine of any government and only a donkey would say that it was. These pessimists and carpers who are attacking it to suit their own partizan purposes remind us of the ass that sought to disguise itself in a lion's skin. Their bray betrays them.

THE DUKE'S SPEECH.

The government of Canada and the people of Canada are under a debt of gratitude to the Duke of Connaught for his admirable speech in London recently. The Duke did well to point out that any depression that might be passing over Canada at the present moment was only temporary and that Canada is on a sound basis and has every reason to look forward to a steady advance in prosperity and population. This is absolutely right and the Governor-General might well have added that such depression as may exist here is as nothing compared with what is to be found elsewhere.

The Duke is quite right also in saying that Great Britain need not grow nervous over the immense number of immigrants coming into Canada, inasmuch as while they are leaving England's shores they are not leaving the British Empire and should be as great an asset to it here as in the Mother Country.

LAWYER-POLITICIANS.

An interesting discussion has recently taken place in the correspondence columns of the London Times in connection with the appearance of Sir Edward Carson and Mr. F. E. Smith, both prominent Unionist members, as counsel for Mr. Godfrey Isaacs in his action against a Paris paper with reference to the Marconi stock-jobbing. As the Unionist party were attacking Sir Rufus Isaacs and other Liberal ministers on the Marconi question, the Times suggested that Messrs. Smith and Carson by accepting these briefs had tied their own hands and to a certain extent those of their party.

Sir Harry Poland, a distinguished lawyer, points out that the etiquette of the bar left these gentlemen absolutely free to refuse these briefs "if they thought that appearance in such cases would interfere with their duty in parliament to their constituents." But he also expresses the opinion that most English counsel would act as Sir Edward Carson and Mr. F. E. Smith did "because they feel bound to give their services to any client who requires them."

Mr. Smith on his own behalf made a vigorous defence of his action. Neither he nor Sir Edward Carson were under any delusion as to their right to refuse the briefs offered to them. The relevant considerations before them were "(1) Was it or was it not our duty under the rules of the bar to accept the retainers offered to us or were there in the material words 'special circumstances' entitling or obliging us to refuse those retainers? and, (2) Whatever the rules of the bar may have been, was it or was it not our duty in relation to the general public and the profession to accept the retainers which were offered to us? Mr. Smith has no difficulty in justifying their decision to accept the briefs and invites his critics to indicate with precision the grounds upon which it is suggested that the retainers should have been refused. "How long," he asks, "do you think this state of things will endure if every Conservative case is to be

presented by Conservative advocates and resisted by Liberal advocates, and every Liberal case conversely resisted by Conservative advocates? How long do you think it would be before our law courts reproduced the grotesque travesty of judicial procedure which has disfigured the record of the Marconi committee?" Narrowed down the complaint really means that no practising lawyer should be eligible for election to the House of Commons.

UNCOVERING THE TOWER OF BABEL.

French and German excavations carried on in Asia have resulted in the discovery of long-buried cities. Excavations carried on by the French at Babylon have uncovered ruins that go back 2,100 years before Christ, and it is believed that the site of the Tower of Babel itself has been exposed to view.

German explorers have discovered an ancient library in which there are writings on imperishable tablets. One of these contains an account of the Deluge in which there is a striking similarity to the version given in the old Testament.

How completely the conditions which existed hundreds and thousands of years have been revealed to sight is shown by one statement. The ancient double walls of Babylon have, we are told, been exposed and these have been found in complete preservation.

TOBACCO AND LIQUOR.

If the statistics recently issued by the inland revenue department may be taken as a criterion, the campaign against tobacco and liquor had little if any effect last year on the consumers.

The figures for 1912 show that the consumption of spirits per head of population was 1.112 gallons as against 1.03 gallons in 1911; of beer 7.005 gallons as against 5.98 for 1911; wine, 131 gallons compared with 1.114; tobacco, 3.801 lbs. compared with 3.697 in 1911.

These statistics show upwards of eight gallons of intoxicants consumed per capita. When so many people are total abstainers or very nearly so, it is evident that there is a small percentage of the population that must imbibe pretty freely to get away with nearly fifty millions of gallons of beer and eight million gallons of spirits in twelve months.

Tobacco consumption totals over twenty-five million pounds per year. Included in this are cigarettes and cigars. The increased consumption of cigarettes largely represents the increase in all tobacco sales. In 1911 the number of cigarettes consumed was 782,663,841, and in 1912 sales numbered 975,325,501, a gain of approximately twenty-five per cent.

It may be contended either that the figures represent greater prosperity or that we are becoming more degenerate in our living. At any rate, it would appear that if whiskey and tobacco are to be eliminated, more effective measures will have to be invented.

THE VICTORIES OF A HUNDRED YEARS AGO.

It is probable that American interest in the Hundred Years of Peace is deeper in the celebration of Perry's victory than in anything else. The Washington Post announces that \$300,000 is the government appropriation towards the celebration and that more than \$1,000,000 additional has been raised from the various States or by private subscription. Eleven States will have part in the "festivities commemorating the most spectacular naval battle in American history—a victory that was almost Nelsonic in its aspect." That Canada should have been invited to take part in these celebrations argues pretty poor taste on the part of our neighbors to the south, though there is absolutely no reason why they should not make the most of their victory at Put-In-Bay.

The point, however, is that if America can do so much to commemorate this victory, why is it that Canada is not doing something to commemorate the many victories which the Imperial and Canadian forces won on this continent at the same time?

The Toronto Mail points out that an association named "the Memorial to the Heroes of 1812-1814 Association" was formed some time ago and deputations waited upon the Dominion and other governments with a view of raising a suitable memorial to celebrate the following list of victories won by the British arms in North America during the War of that period:

One would think that a special effort might be made in this Province to celebrate the centenary of Chateaugay which will be due next October.

Three years ago only 1,700 immigrants arrived in Western Australia. Last year the total was 10,000, and of this number only 48 were not British subjects. —Victoria Colonist.

BOOK REVIEW.

GETTING INTO PARLIAMENT AND AFTER, by George W. Ross, Published by William Briggs, Ontario.

Those who make light of the wear-and-tear of parliamentary life that makes for history ought to read this latest production from the facile pen of Sir George Ross, once Premier of Ontario, and at present Liberal leader in the Canadian Senate. By means of his excellent volume, Sir George has given us a delightful series of moving pictures, from the days of Confederation and a little before; and from chapter to chapter the reader glides along, with no hiatus in his entertainment, until he gets to the very last page of the work.

The ascent into parliamentary recognition, after leaving the rostrum of the schoolmaster and the desk of the rural editor, gives as choice a bit of autobiographic realistic writing as one would wish to read. Every chapter of the work is a unit in itself, making up, as they do collectively, the two several units which make up the main body of the volume—the first of these two units bringing us up to the last session Sir George spent as a member of the Commons, and the latter bringing the record up to the present time, when the author was appointed a member of the Senate.

And what a charming, easy way Sir George has in the telling of his experience among the men of the "right" and "left" of the Speaker's chair, with a twinkle in his phrasing as in the eye of a skilful raconteur, prefacing some reminiscence or other as it culminates in a pointed anecdote or appropriate bon mot. The style of the gifted author has a way all its own, to write one away from the disputing of his testimony as to the character of this politician or that politician whom he has met as an ally or opponent.

We have to take, for the time being, all Sir George's statements for facts, as to the relationship between the two great opposing political parties and the right and wrong of it they have been respectively espousing; and right glad we are to do so, in order not to be interrupted in our perusal of what is the finest of writing. When we reach the final chapters on "Electioneering as a Fine Art," the "Political Platform," the "Gifts for Speech-Making," the "French-Canadian in Politics," we feel more or less inclined to think that, in justice, each of these chapters ought to have a review for itself. Altogether the volume cannot but be appreciated by the readers of parliamentary memorabilia, nor will be neglected by those who love an interesting entertaining book that carries with it a philosophic view of current events as they make for history in the political arena.

AN ENTERPRISING FIRM.

Mr. W. Glover, proprietor of the well known dyeing and cleaning works, has just acquired the Quebec Laundry, of 92 St. Coulomb street, and that business will in future be carried on in connection with his St. Valier street dyeing and cleaning establishment. The new laundry is splendidly equipped with all the newest and latest machinery and is up to date in all particulars. The new proprietor is prepared to turn out laundry work, dyeing and cleaning in all their various branches second to no other establishment. Being equipped with long experience, much energy and great business push, it is easy to prophesy that Mr. Glover will meet with the encouragement which his enterprise deserves.

GLIMPSES OF OLD QUEBEC

From the Files of the CHRONICLE, July, 1813 and 1883.

THIRTY YEARS AGO TODAY

Union Bank.

The annual meeting of the shareholders of the above institution was held at noon yesterday, thirty years ago. The chair being occupied by Andrew Thomson, Esq., president. Amongst the stockholders present were the following well known gentlemen of Quebec at that time and some of which are still in our midst at the present time: Hon. T. McGreevy, D. C. Thomson, E. Giroux, W. Sharples, P. A. Shaw, J. S. Berden, R. Bruce, Lt. Col. Pope, J. W. Henry, N. Maheux, W. H. Carter, M. O'Brien, E. H. Pemberton, S. Wilson Drum, J. N. Bureau, F. Girouard, E. Beaudet, Hon. J. Hearn, O. Leger, W. Doran, J. Cantillon, etc. The scrutineers reported the following gentlemen elected directors for the ensuing year: Andrew Thomson, D. C. Thomson, Hon. George Irvine, Hon. Thomas McGreevy, W. Sharples, E. Giroux and E. J. Hale. Amongst those who are still to the fore and quite active in the Lower Town are Messrs W. H. Carter, collector of customs; J. S. Budden and S. Wilson Drum.

Death of Quebec Postmaster.

Mr. Pruneau, the postmaster of this city, died yesterday, thirty years ago. Mr. Pruneau was only 61 years of age. He had been postmaster some nine years, having been one of Mr. MacKenzie's first appointments, after the Liberals succeeded to power in 1873. The deceased gentleman leaves a family and many friends to mourn their loss.

WILL TRY TO GIRDLE

EARTH IN THIRTY DAYS.

New York, N.Y., July 6.—In an effort to break the record for a trip around the earth, John Henry Mears, a theatrical man, sailed from here on the steamer Mauretania.

Mr. Mears plans to journey by way of London, Paris, Berlin, St. Petersburg, Harbin, Vladivostok, and Yokohama to Victoria and Seattle, and thence home by rail, his schedule calling for his return on August 6th.

His total time, should he keep his schedule, will be 35 days, 21 hours and 35 minutes. The present record, made in 1911, by Andre Jaeger-Schmidt, is 39 days, 19 hours, 43 minutes.

A HUNDRED YEARS AGO TODAY

The Events of the War.

The following details of the events of the war on our western frontier, is collected from numerous authentic sources, and will be found in the main to be correct. It will be remembered that the American forces, supposed to consist of 6 or 7 thousand men, under General Dearborn, made a landing at Newark, the British after a short contest retreated to Forty-Mile Creek, about 35 miles distant from Fort George, and that the next day Col. Preston, with a small body of men, entered Fort Erie without resistance. The British had destroyed or removed all the public property at that post, and on their whole line on the river, except a small quantity of flour, which fell into our hands near Queeston, and was destroyed by a party of British, under Col. Thomas Clark, the same night. Our fleet sailed from Newark for Sacket's Harbor, as it is understood to protect that place. General Winder with 2000 American troops, left Fort George, and moved towards the Forty-Mile Creek, where it is now ascertained the British had posted themselves, in formidable entrenchments. Another body of American troops, stated at 2000, under the command of General Chandler, marched to reinforce General Winder in the mediated attack on the British at Forty-Mile Creek. The baggage being sent on by boats. On the approach of the American army under Gen. Winder, the British left their post at Forty-Mile Creek and retired about 20 miles, where they threw up entrenchments on a rising ground.

(To Be Continued.)

RAN NEGRO IN SURF TO ESCAPE LYNCHING MOB

Newport, R. I., July 6.—Ten thousand people, men and women, witnessed a riot on Newport beach when a negro, fleeing from a sailor he had stabbed in the back, shot and killed a 14-year-old boy.

For nearly an hour police reserves battled desperately with the mob, which was determined to get possession of the colored man. Only by carrying him into the surf and holding him in the water up to his neck beyond the reach of the crowd, did the police succeed in retaining him.

ENGLISH SPEAKING PRIESTS NEEDED

SCARCITY OF CANDIDATES IN MONTREAL LEADS TO MANY SUGGESTIONS.

Montreal, July 6.—The call to arms for English-speaking candidates for the priesthood has been again sounded by the different pastors of the various Irish parishes.

At present there are no fewer than ten priests required. Three new English parishes were to have been formed, but owing to the lack of priests they cannot be opened for some time. At present there are only three English candidates studying for the Archdiocese, and of these one will be ready for ordination in about two years' time, and the other two in three years.

The situation is a very grave one, and several of the parishes are badly in need of assistants. It is the first time in the history of the Archdiocese that such a crisis has arisen. In fact, it is a unique case, for even the different Diocese of Ontario have a large number of candidates in the Seminary, and many of the Diocese of the United States have an over supply.

A Grave State of Affairs.

Speaking to a press representative, one of the leading English priests of the Archdiocese stated that it was a lamentable state of affairs, and it was his opinion that many of the candidates thought the obligations imposed by the priesthood were too great. Two other great reasons militated against the work; the first was the long course of twelve years laborious study, and the second was the want of sufficient money to educate candidates for such a course.

Montreal Behind.

In several diocese of Ontario and the States there is an annual offering taken up in the churches for the education of ecclesiastical students, and when they enter Philosophy this fund enables them to obtain the goal of their ambition. In the Archdiocese of Montreal there is no such fund, and for the philosophical and theological courses it would take fully fifteen hundred dollars, and as many parents have not the necessary money then children have to take to some other avocation in life.

Strenuous efforts are to be put forward during the coming September to try and remedy the present state of affairs. Elementary Latin classes will be started in several of the primary schools and the colleges will put forward extra measures to help in the work.

St. Laurent College seems to be the chief recruiting ground, and it has the reputation of giving more English clergy to the diocese than any other. At present, there are fifty English graduates studying in different seminaries in the States, and two who were for American dioceses have thrown in their lot for this Archdiocese. The priests of the College are called into service on Sundays to help in the different parishes where they are short of priests.

PRINCE TAKEHITO OF JAPAN SERIOUSLY ILL

Tokio, July 5.—Prince Takehito, of the House of Arisugawa-No-Miya, who is afflicted with tuberculosis, is critically ill. He is head of a collateral branch of the Imperial family. Prince Takehito was born in 1862 and served with distinction in the Japan-China war.

SAID IT WAS TOO HOT TO GO TO JAIL.

Montreal, July 6.—Five weeks in jail and to be deported, was the sentence handed out to John McKenzie by Magistrate Lanctot in the Arraignment Court today.

McKenzie, who had been arrested by Deputy High Constable Sullivan, while he was threatening and menacing sailors employed on the S.S. Grampian, of the Allan Line, pleaded with the judge not to send him to jail. He said he did not mind being forced out of the country, but he did not want to go to jail during this hot weather.

MAKE IT EASIER FOR FRENCH HOTEL KEEPERS

Paris, July 6.—A new hotel licensing bill giving French hotel proprietors special long credit borrowing facilities was adopted by the French Senate today.

Senator General Auguste Mercier said that the bill would permit Frenchmen to compete in the hotel industry in France, of which 80 per cent was now in the hands of foreigners.

CANADIAN SECURITIES GILT EDGED SAYS SIR WILLIAM.

Winnipeg, July 6.—"I consider that Canadian securities are gilt-edged," said Sir William Mackenzie, president of the C. N. R., speaking here in reference to recent utterances of Mr. Horne-Payne in England.

Sir William arrived in the city on what he termed an administrative trip. He stated that the ever-increasing popularity of towns and cities in Western Canada amply justified any borrowing which they have done in the past.

Asked regarding the reported negotiations for the sale of the C. N. R. to the Government, Sir William said: "It is all rot, the Government has no such intention, and I think that I would know about it if there had."

FIVE YOUTHS IN HORRIBLE CRIME

SHOOT WOMAN TO DEATH BE- CAUSE SHE WOULD NOT LEAVE THEIR FATHER.

Bishopville, S.C., July 6.—Charging her with too great friendship for her father, the five sons of Z. Grantham, a farmer, ordered Mrs. Mattie Grayney, a neighbor, to leave the community. Upon her refusal to do so, the youths shot her to death, according to reports which have reached here from the scene, and then gave her daughter Elizabeth Grayney, a severe beating with a horsewhip, leaving her in a dangerous condition.

When the news reached Bishopville, the coroner went to the scene and held an inquest. The jury declared that Mrs. Grayney had been murdered by the five brothers—Z. A. Grantham, Cloy Grantham, Nicholas Grantham, Brown Grantham and Vance Grantham, and recommended that they be held for trial. They were arrested and brought to jail here. They refused to discuss the tragedy.

PRISONER REFUSED TO BE CHAINED TO COLORED MAN

Montreal, July 6.—Charged with the theft of a large quantity of copper wire, the property of the Great Northern Railway, Luddix Kirkpatrick, colored, was arrested yesterday by Constables Lavoie and De Konnick after exciting chase through lanes and over fences. When brought before Judge Lanctot in the Arraignment Court, he pleaded not guilty and was held for trial. The enquete was fixed for next Thursday and the accused was taken down to jail to await his trial.

When he was leaving the cells for the prison van the big colored man made a break for liberty, but he was seized by the guards who held him until he was chained to three or four other prisoners.

"Tom" Martin, who claims the "honor" of having been in jail more times than any other man of his age in Canada, refused to be chained to the negro, and asked the guard if he could not wait for the second load. In spite of the fact, he declared, that himself he drew the color line and would never, under any circumstances consent to being chained to a "black" man.

Brewed in the oldest brewery in Canada from choice malt and selected hops, Boswell's Ales are considered by connoisseurs to be unequalled in taste and flavour. It's really worth your while to see that you GET BOSWELL'S.

Public notice is hereby given that, under the Quebec Companies' Act, letters patent have been issued by the Lieutenant Governor of the province of Quebec, bearing date the thirty-first day of May, 1913, incorporating Messrs. Joseph Arthur Edgar, Le-mieux, manager, Joseph Alphonse Pare, agent, Joseph Narcisse Turgeon, clerk, Romeo Langlais, advocate, all of Quebec, and John Richard, agent, of Saint Gregoire of Montmorency, for the following purposes:

To write one or more contracts for the investment or loaning of money redeemable by instalments and to solicit and receive applications and issue contracts;

To sell, place, repurchase, resell, exchange or otherwise dispose of any such contracts;

To receive from the holders of such contracts payments of money, either monthly or otherwise, as specified in the contracts and to keep such money in trust until a sufficient amount has been accumulated to meet in turn the application or applications, and to loan to the holders of such contracts such sums of money as they may be entitled to according to the terms and conditions of the contract or contracts held by them, and that on mortgage or other suitable securities in favor of the company;

To receive from the borrowers their instalments, monthly or otherwise, with interest at such rate within legal limits as may be from time to time approved by the directors;

To distribute in cash amongst the shareholders the interests, profits or gains of all kinds realized or acquired as well as the assets of the company whenever it may be deemed expedient by the directors of the company;

For the purpose of promoting the interests of the company or meeting its expenses, to dispose of all sums of money collected to that effect from the holders of contracts;

To invest and engage from time to time the disposable funds or property of the company for its own purposes according as it may be deemed expedient and to make investments of money for any person or company and to guarantee the security of such investments;

To impose fines to the holders of money contracts of the company for neglect or voluntary default in the fulfilment of their obligations towards the company;

To forfeit any contract for the benefit of the company and to confiscate all sums of money paid on such contracts for default in the payment during three consecutive months before the loan and six months in default in the reimbursement of all sums of money loaned by the company and of in the payment of taxes, assessments and insurance premiums;

To take and hold securities from contractors and tenderers, insurance policies and other certificates as may be deemed convenient and guarantee the performance of any contracts or undertakings;

To carry on the business of a real estate company in all its branches and act as real estate dealers, brokers and agents, to acquire by purchase, lease or otherwise and own, utilize, hold, sell, exchange or otherwise dispose of lands, immovable property of all kinds and of any interests and rights therein;

To develop, lay out, improve, exploit and in any other way deal with its own or other property, to divide same into building lots, streets, squares or otherwise and upon such properties to make, construct, build and maintain roads, bridges and other means of communication, sewers, drains, waterworks, houses, mills, manufactories and any structures necessary or suitable for the occupation, use, improvement and sale of any such properties.

To acquire, own and hold any hypothecs, mortgages, liens and charges to secure the payment of the sale price of any property sold by the company or to secure the reimbursement of any sums of money due to the company or to any person or individual on account of the company;

To acquire, hold, develop, exploit or otherwise dispose of water powers, rivers or navigable streams, timber limits and for that purpose to erect the necessary buildings or other works, install the necessary machinery, and apparatuses and operate steam and sailing ships;

To deal wholesale and retail in manufactured and non manufactured wood, and to carry on any manufacturing industry or other business which the company may think profitable to carry in connection with the industry and objects of the company;

To purchase, utilize, convey or dispose of any patents, trade marks, copyrights, grants, licenses and things of the same kind, and to pay for the same or for any property, rights or objects acquired by the company or for services rendered to the company previous or subsequent to its incorporation, or for the preparing of its organization or otherwise, in bonds, debentures or other securities or property of the company or in paid up shares of the capital stock of the company;

To do all or any of the above things in the capacity of principal agents, contractors, administrators or otherwise and either alone or in conjunction with others; the powers in any paragraph not to be limited or restricted by reference to or inference from the terms of any other paragraph whatsoever;

To acquire from any person, firm or company, in whole or in part, the property, business and undertakings which may be deemed suitable for the purposes of the present company and to accept the liabilities thereof;

To acquire, hold, exploit and dispose of any patent of invention, license, trade marks, franchises, privileges and power from any person, firm, company or corporation or from any public authority;

To acquire in any manner which may be deemed convenient from any corporation or company engaged in or authorized to engage in any of the objects for which the present company is constituted, shares, bonds, debentures or other securities, and hold and dispose of same in the manner and on the terms which may be deemed convenient;

To pay in full or in part, for all services rendered, and any acquisition whatsoever made by the company, with paid up shares of the company;

DELOIRIMIER PARK MEETING CLOSES

RACING MOST SUCCESSFUL EVER HELD ON HALF MILE TRACK AT MONTREAL.

Montreal, July 6.—The second meeting of the Montreal Driving Club was brought to a close at Delorimier Park Saturday afternoon with the running of nine races. The meeting was the most successful that has ever been held over a half mile course in the vicinity of Montreal. Jockey Mondon, who has shown considerable rough riding, was not allowed to accept any mounts on closing day. Jockey Dryer gave another of his weak finishes. Knight heads the list of winning riders by a margin of one point.

The summary:

First race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Yankee Lotus, 110, Skirvin, 3 to 1, 6 to 5 and 3 to 5, won; Song of Rocks, 111, Knight, 4 to 1, 3 to 2 and 3 to 5, second; Kietyri, 114, Moore, 3 to 2, 3 to 5 and out, third. Time 1:24 3/5. Agnes May, Horicon and Proclivity ran.

Second race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Jim Milton, 112, Hall, 5 to 2, even and 1 to 2, won; Roseburg IV, 105, Skirvin, 5 to 2, even and 1 to 2, second; Eaton, 111, Knight, 4 to 1, 3 to 4 and 5 to 4, third. Time 1:23 4/5. Kaufman, V. Powers, Dipper and Pheasant ran.

Third race, purse \$300, selling, 4-year-olds and up, mile and a sixteenth.—Lady Rankin, 109, Knight, 5 to 2, 6 to 5 and 3 to 5, won; Star Ashland, 112, Davenport, 2 to 1, even and 1 to 2, second; Fawn, 104, Denner, 15 to 1, 6 to 1 and 3 to 1, third. Time 1:51. Heretic, Mexton, Mirdi Wilfrid, Gerdes, H. M. Sabath, Tackle and Films ran.

Fourth race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Nila, 119, Dryer, 8 to 5, 2 to 3 and 1 to 3, won; Willis, 106, Skirvin, 2 to 1, 1 to 1, even and 1 to 2, second; Baron De Kolb, 114, Knight, 5 to 2, even and 1 to 2, third. Time 1:23. Eva Tanguay, Sicile, Golden Castle, Swift Sure ran.

Fifth race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Isabella Casse, 108, Knight, 5 to 2, even and 3 to 5, won; Miss Menard, 102, Shannon, 4 to 1, 2 to 1 and even, second; Jim O., 110, Franklin, 6 to 1, 2 to 1 and even, third. Time 1:24 4/5. Sally Salvage, Boano Bavell, Lutz, Michael, Rice Court, Belle and Monkey ran.

Sixth race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Fairchild, 110, McIntyre, 8 to 1, 4 to 1 and 2 to 1, won; Yankee Lady, 103, Denner, 2 to 1, 4 to 5 and out, second; Minstra, 103, Adams, 8 to 1, 3 to 1 and 3 to 2, third. Time 1:24 2/5. Tannie, John Marrs, St. Jeanne and Wild Lassie ran.

Seventh race, purse \$300, selling, 3-year-olds and up, six and a half furlongs.—Stellchiff, 110, Hall, 2 to 1, 4 to 5 and out, won; Miss Dulin, 108, Chappell, 4 to 1, 2 to 1 and even, second; Con Carne, 110, Games, 15 to 1, 6 to 1 and 3 to 1, third. Time 1:24 4/5. Refugita, Turkey In The Straw, Senor Hubble, Darkey, St. Agathe, Ovalando and Tiny Tim ran.

Time 1:24 2/5. Sweet Owen, Lily Paxton and Flying Pearl ran.

Ninth race, purse \$300, selling, 3-year-olds and up, five furlongs.—Ugo, 115, Moore, 2 to 1, even and 1 to 2, won; Lord Wells, Knight, 2 to 1, even and 1 to 2, second; Cordova, 115, McIntyre, 5 to 2, even and 1 to 2, third. Time 1:02 2/5. Rusticana, Veno Von, Golden Treasure, Kinder Lou and Racing Belle ran.

NATIONALS BEAT TORONTO

AT LACROSSE, 15 TO 5.

Montreal, July 6.—Nationals won an easy victory in their fixture with Toronto yesterday afternoon, defeating the visitors by 15 goals to 5. During the first period the match was fairly even, and in the second the Toronto twelve continued to put up a good game. In the third and fourth periods, however, they were totally outclassed and the Nationals home scored almost at will.

The Nationals were on the aggressive throughout, and as usual were somewhat too much so, for the majority of the fines fell upon local players. The only serious trouble, however, was a mix-up between Dussault and Stagg in the last quarter, when both were fined and put out of the game.

During the course of the game news was given out that the Toronto team, in an effort to strengthen up will take Barry of the Shamrocks, back to Toronto with them.

The teams: Nationals: L'Heureux, Cattarinch, Duckett, Cadotte, Lachapelle, Degau, Degray, Dulude, Gauthier, Pitre, Lamoureux, Bouliane.

(Substitutes: Dussault for Lachapelle; Dupras for Gauthier; Brault for Lamoureux.)

Toronto: Holmes, Harshaw, Powers, Stagg, Fitzgerald, Danden, Spellen, Donihoe, Barnett, Kalls, and A. Warwick.

Referee: Roddy Finlayson.

Judge of play: T. Humphries.

TERRIBLE SERBIAN LOSS IN FIGHT WITH BULGARS

(Continued from Page One)

ing is found in the arrival of 8,000 wounded at Saloniki, taxing the town's accommodations and resources to the uttermost.

A conservative estimate of the killed or disabled in last week's fighting fixes the number at from 20,000 to 40,000. Thousands of destitute refugees from the scene of the fighting are pouring into Saloniki.

The Greeks have made wholesale charges against the Bulgarians of burning and pillaging all the villages they abandon and of committing murders, mutilations and other horrors. More than 4,000 refugees are concentrated at Nigrita and adjacent villages.

GREEK MINISTER

WITHDRAWS FROM SOFIA.

Sofia, July 6.—The Greek Minister withdrew from here yesterday, after placing the Greek interests in the hands of the French Legation.

ALLIES MAY MAKE COMMON CAUSE AGAINST BULGARIA

St. Petersburg, July 6.—The Reich asserts that pourparlers are passing between Greece, Serbia, Montenegro and Roumania with the objects of forming a new quadruple alliance.

Rumors are persistent that Turkey threatens war unless Bulgaria evacuates Rodosto and the coast of Mar-mora.

KING CONSTANTINE HAS PRAISE FOR HIS ARMY.

Saloniki, July 6.—King Constantine has sent the following message to his divisions:

"To my valiant army, which has shown such heroism during the recent battles, crushing the enemy when ever it met him, I express my admiration and pride at being at its head."

EUROPE'S PROBLEM IS TO LOCALIZE HOSTILITIES

Berlin, July 6.—The official Vord-deutsche Allgemeine Zeitung's account of the recent conference at Kiel between the German and Italian statesmen emphasize the perfect harmony displayed on all points. It concludes:

"All the great powers agree in principle that there shall be no interference with the former Balkan allies. Europe's problem is to localize hostilities."

PORTE WISHES TO KEEP NEUTRALITY.

Constantinople, July 6.—A semi-official statement declares that the government desires to maintain neutrality. It adds significantly that the conflict between the Balkan allies has aroused excitement in Turkish army, "which it will be difficult for the government to check if Turkey does not obtain just the equitable recognition of her rights."

The opinion is general in influential Turkish quarters that Turkey should take prompt advantage of the present splendid opportunity to recover some of her lost territory.

SERBIAN TIMOK DIVISION SURRENDERS TO BULGARS.

London, July 6.—The Bulgarian Legation received last night official confirmation of the surrender of the Serbian Timok division, numbering 4,000. Six machine guns, 27 quick-firers and a complete commissariat train also were captured.

Two Serbian regiments which crossed the frontier into Bulgaria, according to further advices, have been driven back to the north of Egri Palanka.

SERBIA FORMALLY BREAKS RELATIONS WITH BULGARIA

Belgrade, July 6.—The Serbian government has addressed a note to Bulgaria, formally breaking off diplomatic relations and announcing the recall of the minister at Sofia.

The Serbian troops have victoriously entered Kocchana. A semi-official statement, however, describing the military position after five days fighting, makes for the first time the admission that the Serbian arms have not been so uniformly successful as was previously represented. But the claim is made that Serbia has prevented Bulgaria from executing her political plan of gaining by a surprise attack possession of the Macedonian territories which she wished to occupy pending arbitration.

Another semi-official communication says that last week's battles were the longest, the bloodiest and the hardest fought of all the battles in the Balkan war. The Serbians had 15,000 killed and wounded; the Bulgarians 20,000. The Bulgarian losses were increased by the bad organization of their Red Cross service and lack of communications and trans-

SHOW IN TROUBLE NEAR RIMOUSKI

PROVINCIAL POLICE CALLED TO AID IN ENFORCING LAW; ALL ARRESTED.

Saturday morning a telegram was received at the Attorney General's office communicating the fact that a small, old-fashioned road circus, which had pitched its tents at Riviere Blanche, in the County of Rimouski, was causing trouble and terrorizing the inhabitants. Police assistance was requested.

Four provincial police constables and Revenue Officer L'Heureux were sent to the scene, leaving by the intercolonial noon train for Rimouski to reinforce the sheriff and constable force of that district in carrying out the law.

Yesterday Chief McCarthy of the Provincial Police, received a telegram that his men, after their arrival, had placed the entire personnel of the traveling show under arrest, consisting of 17 men, white and colored, and 7 women, and had placed the property under seizure.

Chief McCarthy informed the Chronicle that he presumed that the prisoners were locked up in the Rimouski jail, and would be tried at the court there.

No definite particulars in regard to the cause of the trouble have so far been learned by the authorities at Quebec. It is said, however, that when the show reached Riviere Blanche, an officer from the sheriff attempted to place a seizure on the goods and chattels of the circus for debt, which was resisted by the crew, who drew their revolvers and threatened to shoot if the officer persisted in the performance of his duty.

This travelling show, which is of small value, composed of a few performers and a few animals, and has been travelling over the eastern parts of the south shore, and frightening the farmers, it is alleged by unlawful conduct and frequent display of their weapons, which caused serious alarm among the inhabitants, who called for protection.

Story of Arrest.

Mr. L'Heureux, of the Revenue Department, who accompanied the Provincial Police to Riviere Blanche Saturday noon to aid the Rimouski officers in effecting a seizure on the property and arrest of the parties involved in the trouble, returned to Quebec last night by the L. C. R. and will go back to Rimouski by the mid-night Maritime Express to prosecute the parties under arrest.

In conversation with a Chronicle reporter after his arrival in Quebec last night, Mr. L'Heureux said: "On arrival at Riviere Blanche the whole circus party was placed under arrest. It consisted of 17 men and 7 women, who were taken to St. Flavie. The circus travels under the name of the 'Star Greatest Show.' A. R. Lavoie, manager."

"Five of the principal men were placed in the Rimouski jail, charged with conducting a circus without a provincial license and illegal gambling. The rest of the men and the seven women were released on condition that they would disband and leave for their respective homes."

"The circus property was seized for debt due to the Gulf Terminal Railway for transportation and will be sent to Matane for disposal unless the debt is paid."

"This morning the five men will be tried before Mr. Justice Garon, at Rimouski, on the charges preferred against them by the authorities."

Mr. Mitchell, publicity representative of Howe's London Circus, showing in this city today, requests the Chronicle to say that the "Star Greatest Show" has not the slightest connection with the Howe organization.

Their wounded were left in the battlefield; the dead were unburied.

It is reported that the Greeks from Doiran are advancing toward Krivolak where a desperate battle has been raging for three days.

SERBIANS FEAR CAMPAIGN AGAINST BULGARS HOPELESS

Vienna, July 6.—Private reports from Belgrade indicate that even Serbian official quarters are beginning to fear that the campaign against the Bulgarians is almost hopeless. For Bulgaria the attitude of Roumania constitutes the greatest menace. The Roumanian army has been provisionally mobilized, but the government makes her future attitude dependent upon the course of the negotiations with Bulgaria.

It is hoped that Bulgarian statesmen will perceive the necessity of coming to a speedy and amicable settlement with their neighbor, whose friendship at the present moment is of such vital necessity to Bulgaria.

The Serbian loss of the Timok Division, in addition to the breaking up of the Drina Division, is regarded in well informed circles in Vienna as presaging a speedy conclusion of the war.

KILLED BY FALL DOWN AN ELEVATOR SHAFT.

Toronto, July 6.—Harry Banks, of 662 Yonge street, a drayman employed by the Rawlings Cartage Company fell down the elevator shaft in the new Canadian Pacific Railway building Saturday afternoon and died tonight in St. Michael's Hospital from the injuries he received. He was moving some furniture in to the new building on the second floor. It appears that he backed up along the hall, not noticing that the elevator door was open, and fell backwards a distance of about 20 feet.

IN AND ABOUT TOWN

SHOW PLAYS TODAY ON WALSH'S FIELD

HOWE'S GREAT LONDON CIRCUS IN TOWN FOR TWO PERFORMANCES.

Parade Route: Leave show grounds at 9 a.m. via Maple avenue, Grande Allee, St. Louis, around Post Office, down Fabrique street, up St. John, past Auditorium, down d'Youville and Cote d'Abraham, St. Valier and Joseph, up Du Pont, St. Valier, Cote d'Abraham, St. Eustache, St. John, de Salaberry and back to show grounds.

The Performances: Matinee, commencing at 2 o'clock, and the evening show at 8 o'clock. Doors open one hour earlier.

The Free Attractions: First performance on the return of the parade to the show grounds, and again in the evening at 6.30 o'clock.

Howe's Great London Show arrived in Quebec at an early hour yesterday morning, coming over the C. N. R. in two special trains of 42 cars. The work of erecting the tents, etc., was done quickly and quietly and the demeanor of performers and hands all through the day was most exemplary. Hundreds of people visited the scene during the day to see what they could of the circus. About three hundred of the finest and best-conditioned horses ever seen in this district are travelling with the show and these were an object of much admiration on the part of the crowds who swarmed over Walsh's Field.

In the entire show there are about 600 men and women, the majority of whom participate in the performances. The majority have an unusual clean appearance. Special attention has been paid to the costuming and the persons who attend the show today will be greatly surprised at that part of the show.

Beside the large number of features there will be a cluster of attractions that will interest those persons who attend. There will be about 200 acts, comprising one of the longest circus performances that has ever been produced in this city.

The big menagerie, which includes an unusual number of rare and interesting animals, has for a novel attraction two baby leopards, born a few weeks ago at Montgomery, Ala.

The Howe show is the oldest and largest of the independent circus organizations now on tour. They were the first English circus organization to visit America and were the premiers of the three-ring circus.

CAPTAIN DORION DIES AS RESULT OF ACCIDENT

Captain Philippe Dorion, who was so badly injured by the winch on his boat some days ago while endeavoring to raise the anchor, died at the Hotel Dieu on Saturday morning.

The coroner held an inquest when a verdict of accidental death was returned.

PATRICK SHIELDS IS ONE BUSY TROUBLE SEEKER

Patrick Shields, who was tried here on a charge of murder and acquitted, is again in trouble. Last Saturday in Montreal he was sent to jail for six months for an assault on one Frank Lewis. This is Shields' fourth conviction in Montreal.

BEFORE THE RECORDER.

Seven prisoners, charged with drunkenness, who appeared before the Recorder's Court on Saturday, were condemned to fines ranging from \$3 and costs to \$15 and costs.

A resident of St. Bernard street, arrested on complaint of his wife on a charge of causing disorder in his home, had his trial boxed for today.

BOY SCOUTS.

Through the kindness of Lt. Col. Wm. MacPherson a detachment of the Boy Scouts of this city, some fifteen in number, were brought up to Montreal on the S.S. Laurentic. From thence they proceeded to the Boy Scouts' camp at Lake Tamaracoua in charge of Scout Master C. W. Wiggs. They will return next Saturday by the S.S. Canada.

COW ON TRACK STRUCK BY Q. & L. ST. J. TRAIN.

A cow strayed onto the track of the Quebec and Lake St. John Railway near Charlebourg Station early Saturday morning last just as the passenger train from Lorette came along, and the pilot, catching the animal, threw it from the track. The incident created considerable excitement among the passengers. When the train came to a stop it was found that the cow was so badly injured that the owner was advised to have it shot.

HEAVY SHOWER FLOODS STREETS

YESTERDAY'S STORM MARKED BY RAINFALL OF 1.8 INCHES IN TWO HOURS.

A heavy downpour of rain flooded the streets of Quebec yesterday forenoon. The deluge was accompanied by thunder and lightning. The storm came from the northwest and was marked by showers that started in at 10.30 a.m. followed by a regular old-fashioned thunderstorm at noon. According to the Quebec Observatory measurement, the fall of rain from 10.30 to 2.30 p.m. measured 1.8 inches. The streets were deluged with water that found its way down the hills to the river with a rush that carried all loose stones and gravel with it. A number of cellars were flooded.

LEG CRUSHED.

Arthur Brousseau, who had one of his legs crushed in a mill at Warwick, has been brought to the Hotel Dieu here, where the limb will probably be amputated.

NOMINATED CONSULAR AGENT OF FRANCE

Mr. H. de Saint-Victor, president of the French Benevolent Society of this city, has been officially nominated consular agent of France here, replacing the late Mr. Ed. Roumihac.

ANOTHER CADET CAMP PLANNED FOR LEVIS.

It is learned from Major Hill, Inspector of Cadets, that a cadet camp has been ordered for Levis. The particular object of the camp is to provide training for boys from New Carlisle, but all those cadets from Quebec who could not attend the camp at Farnham will be allowed to take part, as special facilities have been arranged for the shooting of the Lord Roberts matches.

QUEBEC MAN LOSER BY BELLE RIVER FIRE.

Much regret has been occasioned locally by the fact that Mr. A. T. Hill of this city was one of the chief sufferers in the recent bush fire which devastated Belle River. Mr. Hill had recently put something like \$30,000 into the construction of a sawmill in that district and everything looked most hopeful for the future. Now the sawmill, a large number of ties and practically everything there has been destroyed and as there was very little insurance the blow is a heavy one.

At the time that the fire broke out Mr. Hill was on his way to Quebec to visit his parents but heard of the fire when at Montreal and has returned to Belle River.

LORD AND LADY FITZGERALD NOW ON WAY TO WINNIPEG

Lord Edward Fitzgerald, the second son of the Duke of Leinster, who recently caused a flurry of excitement in society circles of Great Britain by marrying the comedy actress May Etherby clandestinely, and who came to Canada by the Empress of Ireland on her last trip to Quebec, left for Winnipeg Saturday afternoon.

Lord Edward Fitzgerald and bride since their arrival in Canada have passed part of their honeymoon at Lake Edward and other places in the vicinity of the Ancient Capital.

The groom is extremely youthful in appearance, and his bride, who is 21 years of age, seems in appearance a trifle older.

AUDITORIUM THIS WEEK.

An acrobatic novelty of the most sensational sort is the feature of the vaudeville bill at the Auditorium this week—the four de Lessors. This quartet has an act so thrilling that it is an unexcitable individual indeed who doesn't feel a thrill go down his spine. It is an aerial act and full of features of the hair-breadth order, all performed so gracefully that the de Lessors are justly ranked as top-notch among performers of this class.

Among the other acts are Bosworth and Stainer, comedians and ventriloquists, Charles Sherman, musical comedian, Carl Zeno, novelty equilibrist and the Scheylers, comedians and musicians.

Pathe's Weekly continues to be the moving picture feature. It is changed, as are the other pictures, in the middle of the week.

STORM UNDERMINES BATTERY WALLS

PART OF STONEMASONRY WASHED AWAY. PLATFORM WITH CANNON STANDS FIRM.

The rushing waters on the roadway of the Grand Battery during the rain storm yesterday afternoon forced their way under the platform on which stand three mounted cannon, and caused a part of the wall facing the Lemesurier Tobacco factory to fall out and the stones to roll down the cliff into the vacant ground below.

The platform on which the three guns are mounted, remained firm, but no doubt the cannon will have to be removed and the wall, which is the property of the Militia Department, rebuilt.

WED IN SHADOW OF THE BIG TOP

CHIEF CLOWN MARRIED TO ONE OF LADIES OF HOWE'S CIRCUS YESTERDAY.

A unique event in the form of a most pretty and interesting wedding took place on Walsh's Field yesterday in one of the large sideshows belonging to Howe's Great London Circus, which is performing here today.

The bride was Miss Gladys Sarah Bradbury, daughter of Mr. and Mrs. James Bradbury, who forms one of a musical quartet with her parents and younger sister. The groom was Mr. William J. Langer, the chief clown of the circus.

The ceremony was performed by the Rev. Andrew Love, D. D., and was most impressive. The best man was Mr. L. Raymond and the bridesmaid was the younger sister of the bride, who made a pretty picture in a cream-colored dress with blue cuffs and collar. The bride herself, looking very winsome and girlish, was dressed in a blue travelling costume with Bulgarian collar and wore a Panama hat. She comes from Sullivan, Indiana, and her husband from Bloomingdale, Michigan.

The wedding took place on a raised dais which was decorated with the Stars and Stripes and the Union Jack. Below the dais and in front was a table draped with bunting and covered with handsome presents from friends and other departments of the circus, their number and variety being an eloquent testimony to the popularity which the happy couple enjoy among their comrades.

A Novel Spectacle.

It was a novel and impressive spectacle and such as rarely occurs in circus life. Hundreds of fellow-performers and show attendants, taken out of themselves by what was the unusual for them, formed a cosmopolitan crowd where every race, creed and color was represented but where all followed or tried to follow with the same intent eagerness the words which Dr. Love used as he pronounced the two participants man and wife. From time to time the deep-throated roaring of the lions caged in a neighboring tent broke loudly into the quiet service as if even the animals, too, were interested in the event.

After the ceremony was over the register was signed in an impromptu vestry and several of those present observed the time-honored tradition of kissing the bride. A move was then made to the dining tent, where an ample wedding breakfast had been prepared and where many friends of Mr. and Mrs. Langer sat down with the newly married couple. Speeches were delivered in a very happy vein by Dr. Love, the groom, the father of the bride and other members of the show.

There had been some difficulty in obtaining a license in the morning, but Major W. H. Petry came to the rescue and everything went "merry as a marriage bell, he and Mr. J. Mullaly being witnesses.

Mr. James E. Orr, the 24-hour man of the show, who is called so because he travels a day ahead of the circus to prepare the way for it, had a lot to do with fixing up the preliminaries. Mr. Fred Asell, superintendent of the show, gave a lot of assistance, and Mr. H. L. Kelly, the steward, was responsible for the excellent banquet. Mr. Will Mitchell, the publicity agent of the circus, also helped considerably.

Mr. and Mrs. Langer will spend their honeymoon with the show and both will appear in today's performances.

GULF TERMINAL TRAIN OFF RAIL, NOBODY HURT.

A Gulf Terminal Railway passenger train went off the track Saturday between Riviere Blanche and Matane, which resulted in damage to two coaches. Fortunately none of the passengers or train hands were injured.

LEANDER WINS THE GRAND CHALLENGE CUP.

Henley, England, July 6—The Leander Boat Club yesterday won the Grand Challenge Cup for eight-oared crews, by beating Jesus College, Cambridge. Leander's time was 7 minutes, 11 seconds. Yesterday was the last day of the Royal Regatta.

C. McVilly, of the Derwent Rowing Club, Tasmania, won the Diamond Sculls, by defeating E. D. Pinks, of the London Rowing Club. Time: 8 minutes, 49 seconds.

TECUMSEH'S BEAT IRISH-CANADIANS

ONTARIO LACROSSE TEAM
PUTS OVER SURPRISE, WIN-
NING SIX TO THREE.

Toronto, July 6.—Tecumseh pulled over a real surprise on Saturday when they defeated the Irish-Canadians by 6 to 3. It was one of the fastest lacrosse matches seen here this season, and both teams gave an excellent exhibition. It was pretty rough all through, and the referees were kept busy.

First Quarter.

First quarter: The Indians secured on the face-off and pressed, but lost before getting a chance to shoot. The Irish-Canadians rushed it down and H. Scott had a side shot, while Graydon intercepted. Tecumseh forced the play and bombarded the Irish nets. The ball traveled up and down the field at a tremendous clip and the crowd was given many a chance to applaud. Brennan saved the Irish bacon several times by stopping very difficult shots, especially from McGregor and Querrie. The Irish got first blood, Kane shooting from far out and fooling Kinsman. The Irish again rushed on the Indians, but Green broke up their combination and carried the ball back. The playing was very fast, the ball going back and forth at a lightning rate. Aided by Green and Rowntree the Tecumsehs made a hot onslaught on the Irish flags. Practically every man took a shot at Brennan, but to avail until Felker managed to slip one by. Tecumseh again secured the ball and bored in. The fans were treated to some speedy foot-work and snappy passing. Time and again the Indians shot, but there was nothing doing. Rough work was common and the referee had a difficult job. The quarter ended.

Second Quarter.

Second quarter: Tecumsehs made things decidedly warm for the Irish defence after the face-off, but the playing was well out. Tecumsehs defence had the Irish well in hand. Querrie took the ball to the Irish end and after some clever passing on the part of the warriors, Guy Smith tallied. Irish-Canadians secured on the face-off and passed, but did not even get a shot. There was nothing but Tecumsehs having the edge on the Irish, the Indians played a much superior game, greatly surprising the fans. MacKenzie intercepting a pass, dodged Cameron and scored. Tecumsehs again secured on the face-off and swooped down on the Irish nets. McDougal shot, Querrie helping the ball along by a backward scoop and scored.

Tecumsehs, ... 4
Irish-Canadians, ... 1

Third Quarter.

Third quarter: One minute after the face-off Scott scored for the Irish-Canadians. Tecumsehs, 4; Irish-Canadians, 2. The Irish rushed again and McIntyre got a clear shot on Kinsman, who saved. Smith brought the ball back and the Indians had several chances, but Brennan was always in front. The Irish then rushed on the Tecumsehs nets but Graydon saved. Cameron relieved the situation for the Irish and carried the ball down. C. George got a pass and scored. Guy Smith, who without doubt was playing the best game on the field, was seized with a cramp in his leg and was replaced by Carmichael, who right off the bat was given a chance to wake up Brennan, with a speedy shot, which the reliable goaltender saved nicely. The Irish again pressed on the Tecumsehs nets. They worked steadily and took no chances, but Felker and MacKenzie managed to get it away from George. But when they had possession the Indians lost it before they had an opening. The Irish took nine men down to the Islanders territory, but there was nothing stirring. Green intercepted a pass from George to Roberts and brought the ball to the Irish end and passed to Querrie, who returned it with the result that he scored.

Tecumsehs, ... 5
Irish-Canadians, ... 3

Fourth Quarter.

Fourth quarter: Tecumsehs slackened up a little with an effort to hold the ball as long as possible, while the Irish never let up an inch. Felker secured and passed to Querrie, who in turn ripped it over to Carmichael, resulting in another score. Querrie received a nasty wallop from Munday and was put out of commission for a moment, but he resumed playing. McGregor rushed straight into the goal crease and shot, but Brennan's body was in the way. The Irish then rushed in on the Tecumsehs flags and did some of their dishing and snappy passing, but Kinsman rushed out of his goal again and scooped the ball from Scott's stick into Graydon's. Felker carried the ball down and passed to McGregor, who, in attempting to pass Aspell, was knocked cold.

IRISH-AMERICANS WIN A. A. U. MEET

THREE SENIOR RECORDS, ONE
THIRTY YEARS OLD, WERE
BROKEN AT CHICAGO.

Chicago, July 6.—The Irish-American Athletic Club of New York won a hard fought victory in the national senior A. A. U. meet in Grant Park yesterday. The Irishmen scored 44 points. H. P. Drew, the colored athlete from Springfield, Mass., High School, won the 100 and 220 yard dashes. Three senior A. A. U. records were broken.

A new mark in the pole vault was made by S. B. Waggoner, the Yale athlete, who competed under the colors of the Missouri A. C. of St. Louis, with a leap of 13 feet. The old record was 12 feet 6 inches, held jointly by E. T. Cooke, Cleveland A. C.; H. Coyle, University of Chicago and S. Dellah, of the Olympic Club.

Dan Ahearn, I. A. C., holder of the world's record in the hop, step and jump, set a new senior A. A. U. record by covering 50 feet. The old record, made by E. B. Bloss, was 48 feet 6 inches and had stood for 20 years. The third mark to fall was that of the hammer throw, which was won by P. Ryan of the Irish-Americans, with 177 feet 7 3/4 inches. The old record was 177 feet 6 1/2 inches made by C. Walsh, N. Y. A. C., in 1911.

Superiority in the weight events, which wound up the program, gave the victory to the Irishmen. They scored a slam in the 56-pound weight event, which was won by Matt McGrath; scored eight in the hammer throw and five in the discus throw. Up to that time the race for team honors had been close between the Chicago Athletic Association and the Boston Athletic Association.

The meet was well contested and the marks were generally good though a north-west wind swept a blinding cloud of dust across the arena and blew directly in the faces of the dashmen and hurdlers.

Surprises were numerous, among them being the defeat of such men as Halpin, of the Boston A. C., in the quarter and Mel Sheppard in the half. Halpin fell a victim to a well run race by Hoff, the Michigan star wearing the cherry circle, and Sheppard was beaten by Baker and De Eruchy of the N. Y. A. C.

AT THE RANGES.
The St. Joseph Ranges were finally opened Saturday for the first time this season. A large number of local marksmen were on hand to get in their usual practice. A number of the Empire crack shots were on hand, apparently enjoyed themselves.

The Eight Royal Rifle Association shot their first Canadian Rifle League match, as well as the first stage of the Best-Shot's Badge match.

This match is only open to N. C. O's and men, officers not being allowed to compete. The following are the scores in the league shoot:

If the public were aware of the great advantage of Toric Lenses over the ordinary kind, Torics would be the only kind in demand. The focus of those glasses is absolute, while in the ordinary flat glasses it exists in a limited space only. These are recommended by oculists as the only lens to prescribe.

Sporting Notes

RAIN PREVENTS CITY LEAGUE DOUBLEHEADERS
The heavy rain of yesterday caused the postponement of the City Baseball League doubleheader at the Exhibition Grounds. It cleared off nicely in the afternoon, so far as overhead conditions went, but the diamond was a sea of mud and made play impossible.

FRENCH RUNNER BEATS SHRUBB'S HOUR RECORD
Stockholm, July 6.—Jean Bouin, the French Runner, in the one-hour race at the Stadium today covered 19,021.93 metres (11 miles 1443 yards). This beats the world's record of 11 miles 1136 yards made by Alfred Shubb, the English champion, 1904 by 307 yards.

OLD ROSEBUD WINS CINCINNATI TROPHY
Latonia, Ky., July 6.—Old Rosebud, piloted by McCabe, captured the Cincinnati Trophy, the feature of get-away day at this track yesterday. There were only four entries and they included some of the best of the two-year-old performers of the season. McCabe piloted the winner, Coy Lad, at almost 13 to 1 carried off the mile condition race, in which some of the best entries were away at the tail end of the parade under the wire.

PREDICATEUR WINS PRIX DU PRESIDENT
Paris, July 6.—The Prix de President de la Republique was run at Maisons-Lafitte today and won by J. C. Watson's chestnut colt Predicateur. Vicomte de D'Harcourt's Ecouen was second and the same owner's Amadou third.
The race was at one mile four and one-half furlongs and was valued this year at \$20,000. Predicateur was 24 to 10 in the betting; Ecouen 28 to 10 and Amadou 28 to 10.
Nine horses went to the post, including Bruleur, winner of the Grand Prix de Paris. Herman B. Duryea's Banshee ran unplaced. Predicateur won by three-quarters of a length.

YOUNG ST. PATS WIN.
An exciting game of baseball was played on the Esplanade yesterday afternoon between the Young St. Patricks and Maple Leafs. The St. Patricks succeeded in winning in the 10th inning by a score of 14 to 13. For St. Patricks H. Coleman and G. Pelletier played splendid ball. Pelletier making the winning run for his team. The teams were:
St. Patricks—G. Pelletier, c.; H. Coleman, p.; H. Kelly, 1b.; G. Lafrance, 2b.; J. Dempsey, 3b.; W. Byrne, ss.; J. Coleman, rf.; P. Lawless, cf.; J. Lawless, lf.
Maple Leaf—W. Paquet, c.; J. Gignac, p.; A. Morin, 1b.; G. Alexander, 2b.; L. Delisle, 3b.; J. B. Sylvain, ss.; Robt. Fanning, rf.; L. Paquet, cf.; P. Butler, lf.

STAKE AND CAP WINS KEENE MEMORIAL STAKES
Belmont Park, July 6.—Stake and Cap, Thomas F. Ryan's two-year-old Ellendale filly yesterday made a sensational finish and won the Keene Memorial Stakes, the most valuable fixture of the day. At the quarter the Ryan filly seemed hopelessly beaten, as she had a good field of youngsters going strong ahead of her among them Cooney's Punch Bowl. McCahey knew that he had a good mount, however, and the furious rainstorm had made the going heavy, which was to Stake and Cap's advantage. In the last furlong she came on with a great burst of speed from almost last place until she wore down all before her and finished half a length ahead of Holland's Gainer.
The closest finish of the day was negotiated by Butwell when he landed F. Johnson's Cock O' The Walk a short head ahead of G. M. Miller in the handicap. A protest by the loser's jockey, Right Mire, was dismissed.

ST. PATS WIN AGAIN AT LACROSSE, BEAT NATIONALS

The St. Patrick's Lacrosse Club continued its winning streak on Saturday, when it whitewashed the Nationals of St. Roch by a score of four goals to nothing.
The line-up was as follows:
St. Pats. Goal. Nationals.
Lyons Miller
Hugill Denechaud
Lambkin Waters
Hughes Doherty
Riely Berube
Wilson Rouleau
Crothy Normand
Aubin Ampleman
Lockwell Allain
Lepinay Fiset
Walsh Thibault
McElroy Gingras
D. Beland Fortier
Fuller replaced Lepinay in the 2nd quarter. Frenette replaced Ampleman.

GRAND CIRCUIT STARTS TODAY

FIRST OF TWELVE GREAT HARNESS MEETINGS TO OPEN AT CLEVELAND.

Cleveland, July 6.—The first of the twelve meetings in which the kings of the harness horse world will contest, begins at North Randall track tomorrow, the opening day of the opening meeting of the 1913 Grand Circuit.
Following in order the trotters and pacers will travel to Pittsburg, Buffalo, Grand Rapids, Kalamazoo, Detroit, Salem, N. H.; New York City, Hartford, Syracuse, Detroit, Columbus and Lexington, a swing of over 3000 miles.
Nearly all of the horses which have made for themselves a name on the Grand Circuit, and many being brought out this year, are now quartered at the North Randall track.

Almost ideal racing conditions for the past few weeks have given trainers an opportunity to prepare their protégés for a season to which all look forward with hope. Recent workouts at North Randall have shown an early season form that is unusual. Braden Direct, the Denver pacer, is the only one of the more noted horses who is likely to be kept out of the opening meet by injury. A strained tendon has kept him off the track for several days.
Five stake races, eight class races, the three-year-old sweepstakes and the pacing and trotting championship sweepstakes make up the program for the opening meeting. The \$3200 Edwards 2:12 pace; the \$2000 Forest City 2:05 pace; the \$2000 Pasig 2:07 trot; the \$5000 Ohio 2:10 trot, and the \$5000 Tavern "steak" 2:10 trot are the richest purses. For the sweepstakes \$1000 is added for each race. The fields in the class races are offered \$1200 purses.
Tomorrow Uhlman, the world's champion trotter, will endeavor to lower the world's record of a mile in two minutes to wagon, held jointly by himself and Lou Dillon.

Frank B. Walker will give the word and H. K. Devereux, president of the Grand Circuit, will act as presiding judge.

HAWAIIAN FASTEST SPRINT SWIMMER

DUKE KAHANAMOKU SETS NEW WORLD'S MARKS FOR 100 AND 75 YARDS.

San Francisco, July 6.—Duke Kahanamoku, the Olympic champion, proved yesterday that he is the greatest short distance swimmer the world has ever seen. Entered from Hui Nalu Club of the Hawaiian Islands in the Pacific Coast championships of the A. A. U., he broke all records in the 100 and 75 yard dashes.
The three timers' watches caught it alike. For the 100 his time was 54.3-5 seconds. Daniels of New York held the previous record of 54.4-3 for a course with four turns. As is well known, the swimmer gains speed kicking himself away from the boundary walls, and the more turns the faster the course. At Sauto today the course was 75 yards straightaway, turn and 25 yards on the home stretch. For a straightaway course the record is 56.4-5. The Hawaiian's own Olympic record, which he bettered today, was 55.1-5. Ernest Smith of San Francisco, unattached, was second with 59 seconds flat, which beats the previous Pacific Coast record of one minute flat. Smith led by two yards at the half way mark, but there the Hawaiian turned loose his full power and at the turn he was in the lead with a new world's record for 75 yards. His time was 39.4-5 seconds.
Daniels best time, the former world's record for a course with two turns, was 40.1-5. Kahanamoku swam straightaway.
In a 300 yard relay race later in the evening Kahanamoku, who took the last lap, was snapped by two of the official timers who clocked the lap out of curiosity at 38 second flat. This will not be accepted on official records.

ALL RECORDS BROKEN FOR COMMERCE THROUGH 800

Sault Ste. Marie, Mich., July 6.—
For the second time this year all pre-
vious records for one month's com-
merce through the American and
Canadian canals at Sault Ste. Marie
is broken by the showing made in
June, when freight carried through
the waterways aggregated 12,113,613
tons.

These figures given in the statistical
report compiled by Superintendent L.
C. Sabin, under direction of Lt. Col.
Mason M. Patrick, district engineer,
compare with a freight movement of
11,376,195 tons in May this year and
with 10,747,159 tons in June, 1912. The
amount is nearly as great as the
freight movement for the entire season
of 1894, when the total traffic
through the canals was 13,195,860
tons.

OUT SUFFRAGETTES WHO INTERRUPT LLOYD GEORGE

London, July 6.—Seven suffragettes
and their six male champions, one of
whom was a clergyman, were ejected
for raising a disturbance during the
course of the speech yesterday after-
noon of Chancellor Lloyd George at
a garden party organized by the
Radicals at West Islington. Despite
the Chancellor's plea that the re-
moval of the disturbers be done gen-
tly, one woman was so badly mauled
that she had to receive medical treat-
ment. From that on Mr. Lloyd
George's speech was without interrup-
tion.

expected to make their own arrange-
ments for cartage.

It is stated that this action on the
part of the transportation companies is
the result of the failure to renew
existing contracts with the cartage
companies at present prices, the latter
claiming that owing to increased
cost of supplies, labor and other mat-
ters entering into the performance of
the service, they must have increased
compensation. On the other hand,
the railways contend that it is im-
possible to increase their burden of
such extra expenses for the very rea-
son given by the cartage companies—
namely, increased expenses.

The change in conditions at car-
tage points in Canada, it is pointed
out, is in line with practices which
have long prevailed at American
cities, where the public are obliged to
make their own arrangements with
the cartage companies for deliveries
to or from the railway terminal.

LT. COL. LOWTHER WILL NOT RETURN TO CANADA.

Ottawa, July 6.—Lieutenant-Colonel
Lowther, C.M.G., D.S.O., who cam-
to Canada with the Duke of Con-
naught as military secretary, will not
be able to remain in this country dur-
ing the continued term of His Royal
Highness.

He was granted leave of absence
to accompany the Duke to Canada.
He succeeds to the command of his
regiment, the Scots Guards, in April
next, and he has been ordered to re-
join his regiment in October of this
year.

The name of Major F. D. Farquar,

tioned as the possible successor of
Colonel Lowther in the office of mili-
tary secretary to the Duke of Con-
naught.

BANKING IN GREECE.

Greece is entering now upon a new
phase. Her horizons broaden; cap-
ital commences to flow to her; for-
eign languages begin to play an im-
portant part in the development of
the national economy. Numerous
branches of our financial establish-
ments are appearing on all sides. An
army of bank employees will be need-
ed, and the question cannot be avoid-
ed as to whether they will be up to
the level of their task. We believe
that there is a great deficiency to be
met, and that the necessity is upon
us to give to these employees a higher
grade of instruction.

For this instruction Greece pos-
sesses but one inadequate commercial
school. Her bank clerks can pursue
there no serious studies correspond-
ing to the new needs of the country.
They are ignorant, among other
things, of the practical methods of
banking, for which they had no im-
mediate use, the bankers themselves
having taken no pains to instruct
their assistants. A few years ago
some bank employees tried to organize
a club for instruction and to gather
a technical library for their use. It
was an initiative full of promise, not
only for the education of the mem-
bers, but also for the adulation and
security of their position. But the
formal opposition of the directors of
the banks put a stop to the movement.

But what was not accomplished
there may be realized now with the ap-
proval of the bank managers, who
will find it to their interest to have
in their establishments a select class of
employees, intelligently concerned in
their work and interested in the pros-
perity of the house to which they be-
long—Athens (Greece) Presse.

INSPECTION AND MASS FOR 65TH

**MONTREAL FRENCH REGT.
GUESTS OF SIR RODOLPHE
FORGET AT ST. IRENEE.**

St. Irene, Que., July 6.—The
grounds of the beautiful summer
home of Sir Rodolphe Forget, hono-
rary colonel of the 65th Regiment,
Montreal, formed a setting for a pic-
turesque and striking scene which
took place here today. Montreal's
only French regiment is in camp on
the grounds of the estate of Sir Ro-
dolphe as his guests, and it was vis-
ited to by General Sir Ian Hamilton,
Inspector General of the Overseas
Forces, and Col. the Hon. Sam
Hughes, Minister of Militia and De-
fence, with their staffs, on their way
to the Maritime Provinces.

The scene combined both military
and religious features, the former
consisting of an inspection of the re-
giment, which was drawn up on the
grounds overlooking the broad waters
of the St. Lawrence by Sir Ian Ham-
ilton. The men presented a smart
appearance and had a muster of 287
men with 40 officers. Sir Rodolphe
Forget accompanied the general.

Mass In Open Air.

At the conclusion of the inspection
a solemn open air mass was celebra-
ted. An altar of evergreens banked
with roses had been erected at the
base of the flagpole which flew the
Union Jack. The band of the re-
giment, preceded by the officers with
drawn swords, marched to Sir Ro-
dolphe's home a few yards away and
formed a guard of honor for the
chaplain of the regiment in full cano-
nicals, Rev. Father Deschamps, who
holds the title of captain in the 65th.

The service was simple but impres-
sive. The sun shone brightly on the
terraced lawns and forming a back-
ground to the lines of the military
were groups of the habitants, who
bowed in worship. In the front of
the regiment stood General Sir Ian
Hamilton, Col. the Hon. Sam Hughes
and Sir Rodolphe Forget and Colonel
Victor Williams, adjutant general,
and their staffs.

Mass was said in the presence of
the distinguished military visitors, all
of whom without exception were
Protestants. The visitors stood at at-
tention during the whole service,
which was military in its significance.

As the host was elevated by Father
Deschamps a gun boomed out in sa-
lute thereby bringing again into use
an old French custom in the early
days of the history of the Province
of Quebec, when mass had to be said
in the open air.

Father Deschamps in an eloquent
sermon dwelt upon the necessity of
virtue by soldiers. He touched upon
the devotion and pride which all Can-
adians had for the Empire, which
stood for a still greater Heavenly
Empire. His whole sermon was a
call to arms in the battle for good
against evil.

The regiment, under the command
of Lieut. Col. Ostell, then marched
back to the camp, which is situated a
short distance from Sir Rodolphe's
house on a hill commanding a splen-
did situation. The camp was inspec-
ted by Sir Ian Hamilton and the min-
ister, who expressed themselves well
pleased with its conduct.

Leave For Home Today.

Since their arrival on Friday the
65th has been hard at work and will
entertain for home tomorrow night on
the conclusion of manoeuvring opera-
tions, which will take place in the
vicinity of Malbaie. The regiment
will be divided into two forces, the
Brown and the Red, and war opera-
tions will be carried on from early
morning until late in the evening.

The French regiment is being gen-
erously treated by its honorary
colonel. The magnificent swimming
baths, the spacious grounds and the
many outdoor attractions offered by
the country home of Sir Rodolphe
Forget have been placed at the dis-
posal of the men. This afternoon a
baseball match was played on the
lawns by the officers. Last night
Lady Forget entertained all the of-
ficers at dinner.

Before Sir Ian Hamilton, Colonel
Hughes and party left St. Irene for
Fredericton this afternoon they were
entertained at luncheon by Sir Ro-
dolphe Forget at his home. Those
present were General Sir Ian Ham-
ilton, Col. the Hon. Sam Hughes, Sir
Adolphe Routhier, Hon. Jeremie De-
carie, L'Abbe Paquette, Quebec,
L'Abbe Tremblay, St. Agnes, L'Abbe
Deschamps, Montreal, Colonel Victor
Williams, Adjutant-General, D. O.
Lesperance, M.P., Montmagny, Lt.-
Col. Ostell, Montreal, Major Ma-
dock, A.D.C., Col. Staunton, Major
Leduc, Montreal, Lt.-Col. McKay,
Montreal, Major Panet, Quebec, Lt.
Bassett, A.D.C., and Maurice Rou-
seau, Montmagny.

In the course of the speeches made
both Sir Ian Hamilton and the Min-
ister of Militia replied in French. At
four o'clock they left by special train
for the Maritime Provinces and were
escorted to the boat by Sir Rodolphe
Forget and Col. Ostell and Mr. D. O.
Lesperance, M.P.

MONTREAL MAN GOLF CHAMPION

**G. H. TURPIN WINS FINAL 36
HOLES FROM GERALD LEES
AT TORONTO.**

Toronto, July 6.—G. H. Turpin of
the Royal Montreal Golf Club is the
amateur golf champion of Canada.
He won his right to the title on Sat-
urday, when he defeated Gerald Lees,
the Ottawa expert, in the finals over
the Toronto Club links by one up.

From the first teeing ground till
the thirty-sixth green was reached
the match was keenly contested, and
the struggle was productive of some
excellent golf. The men were evenly
matched. On the one hand Turpin
was stronger in his driving, while on
the other his opponent was more
deadly in his approach shots. Neither,
however, could be said to have
shown overwhelming strength in their
lawn play. Perhaps over-eagerness,
or the presence of an exceptionally
large gallery, had something to do
with this weakness with the putting
iron. At any rate, whatever the
cause, there were not a few occasions
when comparatively easy putts were
missed by both players. In at least
two instances Lees failed at efforts
well under the four-foot mark.

The match itself was one of those
see-saw, ding-dong contests which
afford the keenest excitement to fol-
lowers of the game and tax the play-
ers' powers of endurance to the ut-
most. There was never a time dur-
ing the struggle, save perhaps imme-
diately after the twenty-third hole,
when either man seemed a certain
winner. It was at this hole, where
Turpin, after being behind practically
throughout the game, forged ahead
for the first time. He had commenced
the afternoon round two down, but
by winning three out of the first five
holes and halving the other two he
had turned the tables on his opponent.
Had he continued in the same vein
for the next hole it might have been
that his ultimate victory would have
come earlier and have been more pro-
nounced.

But golf is a peculiar game, and
just as the young Montrealese seemed
to be pulling away from the Ottawa
man, things broke badly, and he lost
the next two holes and was again one
down. That was his position at the
turn, but he won the next two holes
and at the thirty-second increased his
lead to two. Here Lees' experience
and fighting qualities came into evi-
dence and he squarred the match at
the 34th green. Turpin made no mis-
take at the next, where his opponent
failed at a four-foot putt and, as most
golfers will admit, there is much
moral comfort in being dormy one in
a thirty-six hole contest, particularly
if the fortunate player has just won
the preceding hole. So it was in this
case, for Lees, whose only hope was
in negotiating a long putt, failed, and
the match and championship went to
his opponent.

The consolation final also was won
by a Montreal player, Mr. T. B. Reith
defeating Mr. H. J. Martin of Lamb-
ton by five to four.

CANAL HONOR FOR SPANISH SHIP

**UNITED STATES MAY GIVE
ENEMY OF 1898 THE COVET-
ET PLACE.**

Washington, July 6.—Consideration
is being given in Washington to a
suggestion that the first ship to pass
through the Panama Canal should be
one flying the flag of Spain, instead of
one carrying the Star Spangled Ban-
ner. In official circles, where this
proposal has been set forth, it has met
with enthusiastic approval, and steps
are being taken to procure a favorable
decision in the matter.

It is pointed out here that to invite
the Spanish government to furnish a
vessel for this great honor would be a
beautiful and graceful tribute to that
nation and to the heroic Spanish ex-
plorers who discovered not only the
Pacific Ocean, but also most of the
civilized world.

There is no question that such a
step would be highly appreciated in
Spain, and it would be quite in line
with the policy of the government of
entering into closer relations with
Madrid, which has been recently ex-
emplified in the proposal to raise the
diplomatic mission there from a lega-
tion to an embassy. But most of all
it is considered that this act would be
a tribute to all Latin America, which
would deeply appreciate it.

CATHOLIC DEAF TO MEET.

The Knights of De l'Epee, a national
organization of the Catholic deaf,
will hold its second convention in
New York city this summer. The
convention will open with mass in
Our Lady's Chapel in St. Patrick's
Cathedral on the morning of July 16.
Cardinal Farley may address the con-
vention, if he is in the city on that
date. It is expected that the mass
will be celebrated by the Rev. Ferdi-
