THE MONTREAL ACADEMY.

HEAD MASTER—MR. JAMES BELDEN,

Late of Hull College, England, &c. &c.

ASSISTED BY SEVERAL TEACHERS.

The system of Education is similar to that pursued at the most approved Schools in Great Britain, with some suggestions from those on the Continent of Europe.

The course of Instruction includes the Classics, Mathematics, and French, and the branches comprised in an extensive Commercial Education, besides Drawing and Athletic Exercises.

School Fee for the whole course—£5, £8, or £10 a year, according to the age of the Pupil—payable half yearly in advance.

Montreal June, 1850.

MONTREAL, June, 1850.

COMMERCIAL SCHOOL,

MANSION HOUSE, COLLEGE STREET.

CHARLES P. WATSON, Principal,

Formerly of the Grammar School, Hull, England,

THE course of Instruction in this School is eminently practical, and comprises, with the exception of the classics, all those studies which are essential in order to acquire a *sound* and an *accomplished* education.

Particular attention is paid to the *moral training* of the pupils; and in the religious instructions which are communicated, sectarian views are avoided.

The School premises are fully equal, if not superior, to any in this City.

TERMS, from 5s. to 10s. per month.

Full particulars may be known at the School, or at the residence of the Principal, next door.

Montreal, June 1850.

A trial of these and other Safes was made before a Committee of eminent Merchants in New York, and the following extract from their Certificate speaks conclusively upon the subject:—

EXTRACT.

“The above was a fair trial, and was to us a convincing proof
 “of the superiority of *this Salamander Safe* over all others; and
 “considering that it was exposed to an intense heat for a period
 “of *eight hours*, while each of the others was destroyed by the
 “same heat in less than *two hours*, we have no hesitation in
 “saying, that we consider *this Salamander Safe really fire-proof*,
 “and affording perfect security to books and papers in case of
 “fire.”

CALEDONIA SPRINGS DEPOT,

No. 9 corner Place d'Armes, and Great St. James Street,
MONTREAL.

The Proprietor of these justly celebrated Mineral Waters, now so long and favourably known to the public of Canada and the United States, has established a Depot for their sale as above, where the Waters of the Intermittent, Saline, Sulphur and Gas Springs will constantly be received fresh from the Springs.

The following certificates of the efficacy of these Waters are respectfully submitted to the public. Here follows a certificate from the late Dr. Robertson to the Proprietor, which is entitled to the careful perusal of every person, coming as it does from so eminent a Physician:—

“Having derived much benefit from drinking the Waters of the Caledonia Springs, last summer, I have only to add that the favourable opinion I then entertained of their efficacy is more and more confirmed, from the favourable reports of persons who have also experienced relief from the use of the different Springs. The complaints, as far as my experience extends, in which they prove most beneficial, are Dyspepsia, affections of the Urinary Organs, and some diseases of the Skin.

But the disease, above all others, in which their good effects are most decided, is *Rheumatism*. Some cases of this complaint came under my observation within the last few years, in which the benefit derived from the use of the Caledonia Water, was extraordinary. I have also known a few individuals who suffered from the improper use of Mercury and the effects of disease, for the cure of which this medicine is generally administered, who were restored to health, by the use of these Waters. Several cases of the disease designated *Chlorosis*, (a disease of young females) have been perfectly cured. Pulmonary diseases are not benefited by these Waters.”

I remain, Dear Sir, your obdt. servant,
WM. ROBERTSON, M. D.”

To WM. PARKER, Esq. Caledonia Springs.
Montreal, June, 1839.

Dr. Douglas of Grosse Isle says:—

“I use a bottle every morning, and so does Dr. Jacques my assistant. Whether the Water may be a preservative against Typhus, by keeping the general health in good order, or whether it possesses specific powers of its own, I do not pretend to say; but this I can say, that Dr. Jacques and myself are the only two, out of fourteen medical men who were in June, on duty, that have escaped the pestilence. All took fever, and two have died, and the others remain very ill. I have already had the fever, the first season of my arrival. Our duties expose us more than any

others to infection, for not only do we visit the Hospitals on shore, but every floating pesthouse on arrival, when the vessel reeks with filth and abomination, and through which we have to wade ankle-deep into the hold, to seek out the sick and dying. I feel convinced that the Waters possess wonderful healing properties, by improving the digestion and general health, and that they are also a *Prophylactic* against disease."

James R. Chilton, M. D., of New York, writes thus, with regard to those waters:—

"The Waters of the Caledonia Springs will prove highly serviceable in the treatment of various Chronic diseases.

They possess those happy natural combinations of Medical ingredients which are almost universally acknowledged by Medical men, to be more beneficial as remedial agents than any imitation of them which we are capable of forming.

It affords me great pleasure to hear that they are becoming extensively known, and that many invalids have already received signal benefit from their use.

New York, July 10, 1837.

PLANTAGENET WATER DEPOT,

ANDREW MANN AGENT,

No. 4 Place d'Armes, Montreal.

The proprietor of this highly salubrious water would respectfully call attention to the following certificates of its efficacy, being a few out of hundreds of a similar nature which he has received.

MONTREAL, *March 23, 1850.*

MY DEAR SIR,—I have pleasure in complying with your request, that I should inform you of my opinion in regard to the medical value of the Plantagenet Spring Water.

It is now about twelve months since I became familiar with its employment in practice, and my observation of its effects fully confirms the accuracy of the opinion which I expressed to you in April, 1849, and which I based at the time upon its chemical composition, as revealed by the analysis of Mr. Hunt.

I have used the water rather freely, and have never been disappointed in my expected result. It has gently operated on the bowels, freely relieving them, and this more or less actively, in accordance with the quantity used. It is emphatically an antacid laxative of value, and will be found serviceable in all cases; especially requiring that indication to be fulfilled.

My experience of it, in cutaneous affections is more limited; too limited indeed to permit me to offer any positive opinion of curative efficacy. I do not doubt, from the presence of Iodine and Bromine in the water associated with Magnesia, that it will prove serviceable in these cases also. It would require a more extended observation than that of a few months to confirm this opinion.

As an ordinary laxative in pregnancy, I know of none safer, more palatable, or more generally acceptable to patients.

I remain,

Yours, very truly,

A. HALL, M. D.,
Lecturer on Materia Medica,
M'Gill College.

MONTREAL, *12th February, 1850.*

SIR,—It is now nearly ten months since I commenced using the Plantagenet Waters in my practice; and I have now to state, that the high expectations I then formed of them, from the publication of Hunt's Analysis have been fully confirmed by my experience of their beneficial effects.

I have found them a most agreeable and efficacious antacid laxative, and their continued use seems to answer the purposes of a tonic, by improving the digestive powers, and increasing the appetite.

I remain, Sir.

Your obedient servant,
 GEORGE W. CAMPBELL, M. D.,
 Lecturer of Surgery, McGill College.

Montreal

To Mr. Larocque.

MONTREAL, April 10, 1850.

Sir,—I have now prescribed this Plantagenet Water for upwards of a year, and I am very happy in being able to state to you, that the opinion which I formed of their probable usefulness based on Mr. Hunt's Analysis, at the time of my commencing, to use them, has been fully and satisfactorily verified by subsequent experience. I now recommend them extensively, and I have frequent opportunities of hearing from my patients that their employment has been attended with all the beneficial results for which they were prescribed.

I am, Sir.

Your obedient servant,

FRANCIS BADGLY, M. D.,
 Lecturer on Med. Juris., McGill College.

To Mr. C. Larocque, Agent.

I, the Mayor of the City of Montreal in Canada, certify and attest, as being within my own knowledge the facts hereafter mentioned;—

1, The physicians who have given certificates setting forth the virtues of the Plantagenet Water are well known to me, as enjoying a large practice, and occupying a distinguished rank among the members of the profession.

2. On my own behalf, I may say that I have used the Plantagenet Water, and know by experience its beneficial effects during the intense summer heats. I have often preferred this natural fluid to the Soda Waters and refreshing syrups commonly used in hot climates.

I think myself fortunate in being able to add my disinterested testimony to that of the physicians of this city, and confidently recommend to the public the use of the Plantagenet Mineral Waters. In doing so, I believe that I fulfil a duty imposed on all good citizens, that of assisting in the maintenance of the public health.

E. R. FARRÉ, Mayor.
