Ce croquis de la Place Ville-Marie vue du Square Dominion a été exécuté par R. D. Wilson à la demande de la Banque Royale. Le complexe de la Place Ville-Marie, dont l'édifice de la Banque Royale constitue le centre, se compose de boutiques, bureaux, restaurants et lieux de divertissement. Chaque jour, des milliers de personnes y viennent travailler et se promener dans "cette cité au coeur de la cité". Nombreux sont ceux qui se rendent dans l'une des deux succursales de la Banque Royale pour effectuer leurs transactions bancaires. Vous apprécierez vous aussi faire affaire avec l'une de ces succursales où vous attend un personnel amical prêt à vous offrir les services bancaires dont vous avez besoin.

This R. D. Wilson sketch of Place Ville Marie as seen across Dominion Square, was commissioned by the Royal Bank. The Place Ville Marie complex revolves around the Royal Bank Building and is composed of shops, offices, dining and entertainment facilities. Thousands of people work and stroll daily through this city within city. Many do their banking at one of the two Royal Bank branches in the building. You too will find these branches convenient, with friendly staff to take care of your banking needs.
