## VERDUN

The City of Verdun is ideally located at the south-western limits of Montreal on the banks of the St. Lawrence River, which is about 8 miles wide at this point. The municipality was incorporated as a village under

the name of Riviere St. Pierre in 1874, changed to the Village of Verdun in 1876, erected into a Town in 1907 and a City in 1912. Since 1901 its population has increased from 1898 to 65,000. Possessing very few industries it is almost entirely composed of homes and stores. Its famous boardwalk is now being replaced by a modern asphalt promenade, brilliantly lighted, along the entire three-mile river front, and banked with attractive lawns and shrubbery. Municipal tennis courts, a bowling green and a dance pavilion are also situated here. In addition a very modern Municipal Auditorium and Hockey Arena has recently been opened, seating 4,500, as well as two magnificent open air municipal swimming pools, both on the river front.

Under the Town Planning and Zoning Commission a determined effort is being made to encourage the building of homes under the National Housing Act, the City offering suitable lots for sale at very low prices.

Educational facilities are excellent, with thirteen Catholic and eight Protestant schools. There are two hospitals and eighteen churches. Services such as public health, police, water and electricity are of the best. Through its Municipal Playgrounds Commission the City Council gives special attention to providing playgrounds for children, and new areas are continually being designated for this purpose.

The form of civil government consists of a mayor and eight aldermen elected every two years. Four aldermen are elected by proprietors only, and the Mayor and four aldermen by all rate payers. The City Manager System has been in force since 1938. The Mayor and four aldermen constitute an Executive Committee. Population, 65,000.

## WESTMOUNT

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the St. Lawrence River, Lake St. Louis and surrounding country is obtained. The city is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 27 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The city owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park and playground spaces owned by the city cover an area of about 77 acres. Twelve greenhouses are maintained. A flower clock has proved to be a novel attraction.

Many municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.

With the purchase of the M.A.A.A. Grounds on St. Catherine Street the playing field activities were much increased. These grounds have an area of 7.8 acres and contain a quarter-mile running track, a field for football, cricket and other sports, sixteen tennis courts, two bowling greens, grand stand and club house. The grounds and buildings are presently leased to the Dept. of National Defence.

The city owns a free public library. During the year 175,340 volumes were circulated for home use.

The Victoria Hall as a community centre is continually in use for church, charitable, educational, fraternal, municipal, political and social activities.

Public education is provided by the school commissioners of Westmount and the school commission of St. Leon de Westmount. In addition there are a number of private schools.

The city is supplied with filtered water and a 98 per cent. efficiency is required. The water is regularly tested to assure that a maximum of purity is maintained. Population about 26,000.

# SUPERFINE

In all the realm of fine paper there is none more beautiful in texture, more distinguished in character and more crisply impressive than Superfine Linen Record, "Canada's Finest Bond".

It has become the accepted stationery of large corporations... the safeguard of millions that are locked in the careful words of deeds, contracts, conveyances, policies and other legal instruments that will affect the lives and fortunes of unborn generations.

## SUPERFINE LINEN RECORD

is a 100% clean, new-rag paper. Specify this superfine bond to your printer, lithographer or engraver.
