ALLIES SEEK TO RE-ESTABLISH NORTHERN LINES

Furious Drive Underway To Relieve Allied Force Caught By Belgian Move

British Army in Belgian Pocket Fighting as a Unit Despite Tremendous Pressure Reports It Had Effectuated a Withdrawal of Several Miles Towards Channel Ports—Believed Allies May Effect Pincer Movement to Catch German Forces in Trap Similar to that Now Surrounding British Troops—Tide of Gigantic Engagement Swirling Rapidly.

(By GUY RHOADES, Canadian Press Staff Writer.)

The strategic Norwegian Arctic iron-ore port of Narvik fell to the Allies today, but main interest centred in furious efforts to rescue roughly 400,000 Allied troops pocketed in Flanders between the English Channel and encircling German forces.

The War Office in London said the British Army in the pocket still fought as a unit despite tremendous pressure and that it had effectuated a withdrawal of several miles. This indicated it was either retreating toward Channel ports in an effort to withdraw by sea or was seeking to establish a new line facing Nazis who swarmed through a great hole left yesterday when the Belgian army capitulated and exposed its flank.

Simultaneously there were indications that the French, seeking either to divert pressure from their Allies or join them, had launched a new attack on the bottleneck of the German salient which reaches its narrowest point along a line running roughly North and South between Arras and Comblès.

The French reported progress in this area, but throughout the whole gigantic engagement the tide swirled so swiftly even the High Command could not keep up with it.

Fighting was furious and the Germans, using the old mass-attack of the First Great War, were believed throwing everything they had into an effort to squeeze tighter the hollow ring the British had formed. The German attacked fiercely, regardless of losses to themselves.

Their losses were believed to be tremendous, for, while the heaviest ground forces gave back their mightiest effort, planes of the Royal Air Force placed a protective ring of bombs and machine-gun fire about them, blasting and scouring the ground over which the Germans were operating.

The outcome was in doubt, for, though the situation looked most critical for the troops in the pocket, there was a renewed possibility that they might turn the tables by nipping off the bottle-neck and holding the Germans in a similar pocket while escaping themselves.

Otherwise their only escape seems to lie to the coast through whatever ports the Allies still hold by the time they reach it. For some time had been reported in distress due to shortage of supplies and ammunition.

Capture of Narvik, effected by British naval, air and land forces, assisted by Norwegian militia troops, gave the Allies at last a good sea and air base in Norway, about 400 miles north of Trondheim which is roughly the same distance from nearest points in the British Isles.

The capture was effected despite German claims, supported by information reaching Stockholm, that they had reinforced their Narvik garrison by sea and air.

However, it seemed probable that the Allies were able to deal with many of the reinforcements before they made contact with the garrison. The latter for some time had been reported in distress due to shortage of supplies and ammunition.

Italian Intervention in Battle Looms As Result Of Belgian Fall

Rome, May 29.—(P)—Italy's war fever heightened today with the Belgian collapse, on the Western Front and active Italian intervention in the conflict seemed to many to be a question of days.

Civilians began today to take over some of the posts left vacant by men called to arms and the Government prepared to make many other such replacements in case a civil mobilization is put into effect.

Young Fascists served as traffic police and women and girls were seen in Rome in uniforms and helmets riding motorcycles equipped for air raid precaution duties.

FLANDERS SITUATION CRITICAL

Quebec Province Studying Care Of Belgian Refugee Children

Quebec, May 29.—(P)—The Quebec Government now is studying plans, advanced by Dominion authorities, whereby Quebec Province would look after some of 10,000 refugee children who would be brought to Canada from the United Kingdom, France and Belgium, it was learned last night.

Approval of the plans has been "practically decided upon," an authoritative source said, and some members of the Quebec Cabinet intend personally to assume responsibility for one or more of the children.

Similar action, it is understood here, also has been suggested to the other provinces. Number of children who would be brought to Quebec is not known but some estimates set the total at 1,000.

Money for Quebec's proposed move has not yet been voted officially, it was learned, but the question has been studied in Council.

BRITAIN NEAR SUPERIORITY IN AIRPLANES

London Times Predicts Spurt in Aviation Manufacture Will Soon Remove Prime British Disadvantage.

London, May 29.—(P)—A spurt in aviation manufacture will soon give the Royal Air Force a numerical edge over the Nazi air arm, The Times predicted today in a review of the situation created by King Leopold's capitulation.

The superiority of the Allied air forces, The Times declared, will be one of the vital factors in obtaining victory. The newspaper emphasized that Allied naval forces are still masters of the seas and are pitilessly hammering at Germany's economic position.

Referring in bitter terms of Belgium's refusal to enter a defensive alliance with the Allies before the war, The Times said: "Nevertheless, when the assault was actually delivered, they (the Belgians) appealed at once to Great Britain and France for help and we could do no other than accord it instantly and endeavor to extemporize for Belgium a defence that might have been systematically planned."

BRITAIN BUYS ALL COLONIAL SUGAR OUTPUT

Canada and New Zealand Join in Co-operative Purchase of Sugar Needs for Duration of War.

London, May 29.—(P)—Robert Boothby, Under-Secretary to the Ministry of Food, announced in the House of Commons today that the United Kingdom will buy the entire sugar export output of Australia, South Africa, the British West Indies, Mauritius and Fiji.

He said that Canada and New Zealand are partners with the United Kingdom in the purchase, involving 1,750,000 tons, of which the United Kingdom will receive 1,250,000 tons.

Mr. Boothby praised Canada and New Zealand, both of whom, he said, have "shown the utmost co-operation." He also referred to the helpful attitude of the exporting Dominions and colonies.

Outnumbered Armies Of Allies Inflicting Big Losses On Reich Force

"Murderous" Battle Being Waged in Flanders Pocket by Allied Forces, French High Command Declares—French Armies South of German Wedge Reported Consolidating Positions for Great Drive to Relieve Tension.

Paris, May 29.—(P)—The Allied armies of the North, fighting fiercely against odds, were reported today to be inflicting heavy casualties on German forces attempting to pinch them off, but their situation was acknowledged to be "very critical."

A "murderous" battle is raging in the Flanders pocket, a War Ministry spokesman said, but he gave no indication of the turn the fighting was taking. The French and British troops were said to be displaying "admirable courage."

Along the front from the Somme to the Aisne the French armies of the centre continued to consolidate their positions, and the situation there was described as "extremely favorable."

The High Command announced that three villages South of the Somme had been recaptured from the Germans, indicating that the Nazis now hold only two bridgeheads on the French side of the river.

The Germans originally established bridgeheads on the South side of the Somme at five points when they drove across the stream to occupy Amiens. The principal portion of the city was said to be now in French hands.

A German raid on French positions in the Ardennes sector near the little town of Chateau Porcien was thrown back by heavy French fire, a communiqué said. The Maginot line area to the East remained quiet.

Along the Channel, it was said, Dunkerque itself "is not directly menaced."

Calais was also still in French hands at the latest reports last night, the sources added.

The Belgian Foreign Minister, Paul Henri Spaak, said in an interview he was "completely without information" on the present whereabouts of King Leopold following the Belgian monarch's capitulation.

Wherever he is, Spaak declared, "he no longer has any power."

Spaak said King Leopold lost his sovereignty and that if he should conclude a peace treaty with the Germans it would not be valid "because we consider that any act he accomplish now will be invalid."

The French and British forces violently attacked fuel reserves at the North German ports of Bremen and Hamburg as well as communication centres and armored columns behind the German lines, according to the War Ministry.

Fighting in the northern sector was described as "extremely violent" on the Lys River, which runs through the area in which the Allied forces have been encircled by the swift German troops and left alone by the surrender of King Leopold's Belgian army.

Along the Shine the French opened a terrific artillery fire which shattered a railway line and an unidentified station, the spokesman said. German troops were said to have been repulsed "without difficulty" when they struck at the French forces along the Aisne in the vicinity of Chateau Porcien.

The high command said that the Germans were "thrown back" at this village, which lies on the river five miles west of Bethel, which for a week has been the southern point of the German drive in this region.

The battle lines of the almost encircled army of the north were re- Continued on page 2, col. 5.

Opposition Members Demand Prime Minister Step Aside

Group of Conservatives Declare that Finance Minister Ralston Is Only Cabinet Minister Enjoying Complete Confidence of Parliament and the People—Minor Party Leaders Confer with Government.

Ottawa, May 29.—(P)—Parliament went ahead with its war work today with leaders of Opposition groups sharing the knowledge of the Government on some points of the war programme.

Prime Minister Mackenzie King and his War Cabinet Committee conferred yesterday with Opposition chiefs both in the House of Commons and the Senate and revealed to them some of the grave matters hitherto known only to the Government.

Decision of the Prime Minister to take his chief opponents into his confidence on the war situation and Canada's steps to meet the changing crisis called a temporary halt to a clamor in both Houses for a secret session at which such vital information might be disclosed.

Another Opposition demand, however, took a new turn. Close on the heels of a cry for a National Government, Conservatives suggested for the second time in two days that Finance Minister Ralston replace Mr. King as wartime Prime Minister.

The spokesman was questioned concerning reports that Foreign Minister Macpherson had called orders to Japanese diplomats abroad instructing them to launch an "offensive" to secure speedy settlement of the "China Incident." He said he was not in position to divulge instructions sent to diplomatic representatives from time to time.

The Foreign Office spokesman said that last night asked General J. C. Pabst, Netherlands Minister to Japan, for information on the present status of the Netherlands East Indies.

The spokesman denied, however, that Pabst had been asked specifically about alleged persecution of German residents of the islands.

NARVIK FALLS BEFORE FRESH BRITISH DRIVE

Admiralty-War Office Communique Announces Far Northern Norwegian Ore Port Has Fallen to Allies.

London, May 29.—(P)—A joint Admiralty-War Office communique announced today that Narvik, Far Northern Norwegian ore port, had been captured from the Germans.

"Information has been received this morning that Narvik was captured last night by Allied forces and Fagernes and Forsneset also are in our hands," the communique said.

Narvik, long of the goal of Allied pressure by land and sea, had been in German hands virtually since the April 9 opening of the German invasion of Norway. Its capture gives the Allies a sea and air base in Norway.

The garrison at one time was said to have numbered three thousand, but in recent days the German high command claimed to have reinforced it with mountain chassours and other troops dropped by parachute.

The strength of the Allied force—Norwegians, British and French—has not been stated.

The region around Narvik remained as the only Allied foothold in Norway following the withdrawal from Namsos and Andalsnes about the first of May.

The capture of Narvik gives the Allies a base on the Norwegian coast, above the Arctic, which compares in proximity to Norway's important German-held cities with the latter's nearness to the British Isles.

For example, Narvik is about 400 miles from Trondheim, which in turn is approximately the same distance from the nearest point in the British Isles.

Eire Summons Army Reserves With Increasingly Grave Developments

Dublin, May 29.—(P)—Eire called up army reserves today and moved swiftly to put her forces on a war footing in the face of the grave situation confronting her neighbor, Britain.

The procedure was strictly along normal lines. At the same time, volunteers began applying for service at recruiting stations; but outwardly Dublin went on about its business pretty much as usual.

Clerks, shopkeepers, laborers and others in the Reserve Corps reported at the Collins barracks and other designated depots for instructions. The newly formed National Defence Committee of representatives of the Government and Opposition parties in Parliament prepared to meet late today in its first session. A session out of which the first of several emergency measures were expected to be proclaimed.

JAPANESE SEEK PRESERVATION OF NEUTRALITY

Foreign Office Spokesman, in Routine Press Statement, Says Country Will Not Take Sides in Struggle.

Tokyo, May 29.—(P)—Japan will not take sides either with Germany or the Allies," the Foreign Office spokesman said today at the regular press conference.

"There is no change of Japanese policy toward the European war," he said, "as well as to the new German Government, notwithstanding rumors to the contrary."

The spokesman was questioned concerning reports that Foreign Minister Machiro Arita called orders to Japanese diplomats abroad instructing them to launch an "offensive" to secure speedy settlement of the "China Incident." Complete Coverage Of Events In Europe Assured Canadian People

Toronto, May 29.—(P)—Complete war coverage was assured the eighty-nine daily newspaper members of The Canadian Press by W. Rupert Davies, Kingston Whig-Standard, in his presidential address today to the annual meeting of the co-operative news-gathering organization.

Mr. Davies said the C. had met the test of war with "vigor and efficiency." The London bureau, strengthened two and a half years ago, was further strengthened on the outbreak of war. Arrangements were complete for coverage from the front and from Parliament, even if it should have to leave London.

The Canadian Press, which created a precedent by attaching a correspondent to the 1st Division, Canadian Active Service Force, when it sailed from Canada, would stay with the Canadian forces in action. No other unit in the Allied armies permitted a war correspondent to live and work with its headquarters staff.

The opinion of such men as Prime Minister Churchill and Premier Reynaud of France was that the war would be a long and hard one and "every ounce of Canada's effort will be needed."

He remarked on the full coverage given the German invasion of Poland, the rape of Finland by Russia and Germany's mechanized marches through Denmark and Norway and across The Netherlands and Belgium into France.

The Canadian Press was built up with the aid of its Allies—Reuters, Havas and The Associated Press. The burden of news coverage was made heavier by the Alberta and

There were strong indications that the French armies massed along the Somme were swinging into action in an effort to relieve the pressure in the north.

The French said they still were in possession of Duquesne and Calais, but declared that the Germans were blasting away at both ports with long range artillery.

In Paris, meanwhile, the refugee Belgian Senate and Chamber last night approved the action of the Belgian Cabinet in disowning King Leopold for his surrender and vowing to continue the fight on the side of the Allies.

The French press bitterly assailed Leopold for ordering his armies to lay down their arms, thus leaving the Allied left flank in the north unprotected.

33-CAR FIELD DOUBTFUL FOR 500-MILE RACE

Qualifying Average Speed at Indianapolis Fraction Under 123 Miles an Hour—French Soldier's Speedster Damaged

Indianapolis, May 29.—(P)—An Italian mechanic worked frantically today to get a French soldier's speedster in shape to have a full 33-car field for the 28th annual 500-mile race at the Indianapolis Motor Speedway tomorrow.

The 33-car field was complete but one of them, an Italian Maserati driven by Rene Lebegue, a Frenchman, after first saying the car was "out of the race" Bernard Musnik, manager of the French team of Lebegue and Rene Dreyfus, said the car could be repaired.

Luigi Ghinetti is the Italian mechanic who came to the United States with Lebegue and Dreyfus.

Thirty-six cars qualified for the race but, since only 33 can start, Dreyfus, Louis Durant of Herrington, Kas., and Tony William of Milwaukee, Wis., were eliminated for having the slowest speeds.

Billy Devore of St. John, Kans., and Floyd David of Springfield, Ill., won starting places yesterday. William eliminated Durant and then was displaced by David, who qualified at 120.77 miles an hour. Devore, driving the car in which Wilbur Shaw of Indianapolis won the race in 1937, took Dreyfus out of the race by qualifying at 122.173 miles an hour.

The qualifying average speed this year was a fraction under 123 miles an hour. Lebegue and Louis Tomei of Van Nuys, Calif., were the only ones of the 33 starters to qualify at less than 120 miles an hour.

London, May 29.—(P)—Waves of Royal Air Force bombers today laid a protective screen of destruction around a large body of the British Expeditionary Force bravely continuing its fight in Flanders against German encirclement as long as the ammunition lasts.

The Royal Air Force sought to relieve pressure on Allied land forces whose left flank was exposed when King Leopold of the Belgians ordered his army to lay down its arms. Relentlessly it smashed at German communications and military objectives in the Reich itself.

In a broadcast to the nation last night Alfred Duff Cooper, Minister of Information, declared "It will be necessary to withdraw our army from the positions they now occupy but it will not be a defeated army that we shall withdraw."

Aged Belgian Poet Attacks King's Action

Lisbon, May 29.—(C.P.-Havas)—"Unthinkable! My spirit and my heart refuse to believe this report," Belgium's man of letters, seventy-eight-year-old Count Maurice Maeterlinck said here last night when he was informed of King Leopold's surrender.

"There has been no treason like this in history," he said. "It is the German blood which suddenly has cropped up in the veins of the King, who is a Belgian only in name. Was this treason premeditated as the circumstances lead us to suppose?"

"In that case what still remains unexplainable is its stupidity, its baseness. How could the Belgian army follow the abominable example of the one who was its leader? Through error?"

"The name of Judas is still too good to describe his act. The Belgian Government by its stand may save the honor and name of Belgium."

done to the Germans in March, 1918.

Both Prime Minister Churchill and Mr. Duff Cooper asked the people to suspend judgment on Leopold's order, surrendering the Belgian army unconditionally, but the man-in-the-street and the popular press denounced him as a traitor and some even accused him of laying a trap for the Allied forces.

It was said here that Leopold's surrender failed to affect the status of the Belgian Congo, a rich source of copper, rubber, cotton and other products.

It was said to remain Belgian, just as The Netherlands rich West Indies have remained Dutch since the invasion of the homeland.

NEW FISHERIES CLUB AWAITING GREAT VICTORY

Gaspe Hunting and Fishing Club Donates Price of New Clubhouse to Speeding Canadian War Effort.

Gaspe, Que., May 29.—The Ladies Monte Hunting and Fishing Club planned to improve its premises this year but hunting game doesn't seem important in these days of total war so the improvements will wait over for the time being.

Meeting recently at this Far Eastern Quebec town, Club members discussed the gravity of the war situation and decided to send the funds set aside for the improvements—a new club house and other projects—to the Finance Minister.

They wanted it used for war purposes, "rather than spend it on our personal pleasures."

EVACUATION OF ALIEN WOMEN STARTS

London, May 29.—Two trains took 1,500 enemy alien women from London to internment camps today. Some had children with them. The women previously had been in "Category B"—aliens restricted in movement.

The Story Behind PICOBAC Canadians should be proud of Picobac—it's more than a tobacco, it's a Canadian achievement! Years ago Ontario growers were raising fine Burley leaf; but they hadn't the market it deserved. So the makers of Picobac decided to show Canadians what a mild, cool, sweet smoke Canadian Burley really is. They took the pick of the crop, named it "Picobac" and put it on sale. Today it's the largest selling brand in Canada because thousands tried it (as you should) and agreed that—"It DOES taste good in a pipe!"

### Metz Is Bound Over To Stand Trial On Manslaughter Count

Was Held Criminally Responsible by Coroner's Jury for Accident that Resulted in Death of Hermenegilde Demers at Corner of King and Queen Streets.

Held criminally responsible for the accident that a month ago resulted in the death of 77-year-old Hermenegilde Demers, Tom Metz, 35, of St. Henry Street, was this morning ordered to stand trial for manslaughter in the next sitting of Court of King's Bench.

Metz was detained by municipal police after an investigation into the hit-and-run accident at the corner of King and Queen Streets where Demers, a resident of Queen Street, was almost instantly killed when struck by a car believed to have been driven by Metz. He was given his freedom on \$2,000 bail after the coroner's inquest and this was renewed today by Judge J. H. Lemay. There was no preliminary hearing in the Metz case and Judge Lemay ordered the Assizes trial after studying the evidence adduced at the inquest when a large number of witnesses rendered testimony. Most important of these were Sergeant-Detective Georges Boudrias, whose investigation led to Metz' detention, Joseph Parisi, to whom the car al-

legedly involved in the accident belonged, and Marcel Baillargeon, Gaston Lebeau, Mary Murchie and Stella and Carmen Mentis, eye-witnesses to the fatality.

This morning's Magistrate's Court session was quite short and William Reedshaw, a resident of the Montreal Road, was the only person arraigned. Reedshaw is charged with the theft of ninety-eight chickens from Richard Dix, of Sherbrooke, and hearing of his case was postponed for a week.

Judge Lemay announced he would render judgment on June 5th in the trial of Onesime Bilodeau, of Assbestos, who is charged with being in the possession of illicit alcohol.

### NEW FIELDMAN IS CHOSEN BY CATTLE GROUP

Leo Caron Named Junior Fieldman for Quebec Branch of Holstein-Friesian Association — To Control Sherbrooke District.

Leo Caron, a graduate of the Oka Agricultural Institute, has been appointed junior fieldman for the Quebec Branch of the Holstein-Friesian Association and will be in charge of the district south of the St. Lawrence River, it was announced today by Henri Pintal, of the Federal Department of Agriculture.

In the district under Mr. Caron's jurisdiction there are eight breeders' clubs—Sherbrooke, Bedford, Huntington, St. Johns, St. Hyacinthe, Victoriaville, Nicolet and Levis. There are also three regional shows at Sherbrooke, Valleyfield and St. Hyacinthe and the Provincial show at Ormstown.

Mr. Caron, who will be located in Montreal at 6750 St. Hubert Street, has bilingual ability and is well-qualified to look after the needs of breeders. H. Lafole will continue as senior fieldman, to be in charge of the district north of the St. Lawrence River.

### LOCAL ROTARY CLUB HOST TO E. T. FARMERS

Illustrated Address on "The Science of Light" Features Rural-Urban Meeting in Gertrude Scott Hall at Lennoxville.

Featured by an illustrated address on "The Science of Light," a rural-urban meeting was held by the Sherbrooke Rotary Club last evening in Gertrude Scott Hall of the United Church at Lennoxville, when a large number of farmers from the surrounding district were guests.

Speaker for the evening was F. E. Rinfret, lighting engineer of the Southern Canada Power Company. Mr. Rinfret told the gathering that the incandescent lamp invented by Thomas Edison in 1879 gave but one-tenth of the illumination produced by the modern bulb of today, with the same wattage, while the newest type of bulb gives from three to four times as much light as the incandescent lamp.

The eyes of the present generation are as good as were those of their forefathers, the speaker submitted, but eye troubles increase with age and the tax placed upon them under the conditions of the modern world. The type of work one does plays an important role in the health of the eyes, Mr. Rinfret explained, adding that light is the one controllable factor.

During his address, which was illustrated with interesting films, Mr. Rinfret demonstrated "black light," produced from a mercury bulb generating ultra-violet radiation, and showed the possibilities of the polaroid screen, invented for use on automobile headlamps.

The speaker was introduced by Past President Douglas Stevenson and thanked at the conclusion of his address by Rotarian Ernest Gibbey. President Gerald Wiggitt presided and extended a welcome to the farmers present at the meeting, also expressing appreciation to Rotarian Norrey Hunting, Chairman of the Rural-Urban Committee, in charge of the arrangements for the evening.

The Rotarians and their guests were welcomed to Lennoxville by Mayor Henry W. S. Downs and the principles and aims of Rotary International were explained briefly to the guests by Past President B. N. Holtham. A highlight of the regular song session under the direction of Rotarian Thomas Keeley was a solo by young Miss Françoise Caron, with Rotarian Wright Gibson at the piano. Appreciation to the members of the Lennoxville Women's Institute who prepared and served the dinner was extended by Past President A. C. Skinner.

Seated at the head table were President Wiggitt, Mr. Rinfret, Mayor Downs, Past President D. J. Salls, Past President F. H. Bradley, Past President D. Stevenson, Past President B. Holtham, Past President A. C. Skinner, Rotarians Bert McKinley and J. K. Flaherty, and Louis Codere, a guest.

Guests introduced by Rotarian Francis Hoye were welcomed to the meeting by Past President Salls.

### Son Of Former Border Resident Held War Captive In Germany

Shook Island, May 29. — After shooting down two German aircraft in fierce fighting over the Western Front, Flying Officer Albert Ransom (Dickie) Ball, son of a former resident of this Eastern Townships community, is being held a prisoner of war in Germany.

Flying Officer Ball is the son of the late Lieut. Sydney Ball, who gave his life in the First Great War. Two great uncles, Dr. E. P. Ball and B. P. Ball, are residing in Rock Island, while the body of an uncle, Lieut. Ransom Ball, also killed in the last conflict, was brought back to Canada and buried in Stanstead.

A twenty-five year old resident of Westmont, the airman was reported missing two weeks ago and his whereabouts were not known until his mother, Mrs. S. H. Ball, received a cablegram from the British Air Ministry, which said "information received from Red Cross in Geneva states your son, Flying Officer Albert Ransom Ball, is now a prisoner of war in Germany."

An airmail letter from another son, Dr. Sydney S. Ball, of London, revealed that the young airman had been ordered to France May 10th and was engaged in two aerial combats almost immediately, in which he downed two Nazi ships. During the battle his own craft was damaged and he became separated from his squadron.

Out of communication with his base in France, Ball decided to return to England, but the wave lengths of the radio communications had been altered and he could find no place to land. The information did not say whether it was day or night.

Mistaking him for an enemy, British anti-aircraft gunners opened fire and shortly afterwards the engine of his plane failed. Ball then bailed out, making a parachute landing on a golf course in the vicinity of Dover.

After two days in England, he was sent back to France May 13th, one of the fiercest days of air fighting in the war to date. When last seen he was in the thick of the action and Dr. Ball was later told by the squadron leader that the Canadian had apparently been forced down in friendly territory.

This "friendly territory" was taken by the Germans in their attack shortly afterwards, however, and it is supposed that Ball's capture followed.

### MANY PRESENT AT FUNERAL OF MAYO THOMPSON

Last Rites for Widely-Known Local Resident Held at Home on Bowen Avenue South with Burial in Elmwood Cemetery.

A large number of friends and relatives paid a last tribute yesterday afternoon to Mayo F. Thompson, who died Sunday in the Sherbrooke Hospital in his 58th year. Mr. Thompson, a life-long resident of Sherbrooke, was a retired wholesale fur dealer, widely known in the Eastern Townships as a sportsman and was a member of the Board of Governors of the Sherbrooke Hospital.

The funeral service was held at the deceased's home, 109 Bowen Avenue South, and was conducted by Rev. Fred Williams, minister of Trinity United Church, who also led in prayer at the grave in Elmwood Cemetery. During the service Mrs. F. H. Bradley sang "Unto the Hills," with Mrs. Bertha Bell as accompanist.

Bearers were Harold Hyndman, Norrey L. Wiggitt, Charles M. Davis, Arthur Farr, F. J. Southwood and H. W. Fuller. There was a large number of varied and beautiful floral tributes.

Mr. Thompson is survived by his wife, the former Rose A. Ricard, a daughter, Mrs. John Hurley, and son-in-law, Mr. Hurley, of Sherbrooke; a granddaughter, Miss Diane Hurley, of Sherbrooke; two brothers, Howard Thompson, of California, and Earl Thompson, of Montreal; five aunts, Mrs. Dennis and Mrs. Anderson, in California, Mrs. H. Nugent, of Portland, Maine, Mrs. George MacLean, of Sherbrooke, and Mrs. C. G. Thompson, in Florida; several cousins, including Allie and Brown Thompson, of Coaticook, Leonard Ferguson, in California, Miss Edna Nugent, of Portland, and Mrs. Philip Brown, of Long Island, N.Y.

Out-of-town residents at the funeral included J. O. Gendron, of Montreal, D. Brown Hopkins and Donald Hopkins, of Coaticook, John Doherty, of Bury, Charles Kinghorn, of Drummondville, Mrs. F. Hurd, of Cookshire, and Thomas Southwood, of Richmond.

Others were Gordon Edwards, Howard Price, Wallace Henslip, D. Deloigne, G. Feltau, J. Wiggitt, Wilfrid Smith, A. Roy, M. A. Lacharite, C. J. Wright, Armand Blais, Roland Berard, Harold A. Hyndman, W. Long, Arthur Edwards, T. G. Edney, Gratton Sheely, A. C. Ross, William McManamy, Raul Blais, T. H. Edney, H. B. Lovell, Norrey Price, P. McCullough, Lester Sangster, A. Alik, J. A. Prunier, Forest T. Keene, J. Leo Foley, Herbert Shaw, T. R. Edney, C. S. Ives, George Stevenson, Willard G. Cross, James H. Wark, Emile Blais, Marcus T. Armitage, A. Smith, N. D. Cassadden, Albert Kouri, W. Lacey and John Fitzgerald.

### DEFENCE HEAD GRATEFUL FOR UNIT'S OFFER

Hon. Norman Rogers Thanks 117th E. T. Overseas Battalion Association for Placing Services at Government's Disposal.

Expressing appreciation for their "splendid offer," a telegram was received yesterday by the 117th Eastern Townships Overseas Battalion Association from the Hon. Norman Rogers, Minister of National Defence, in response to a wire sent him earlier in the day in which the members placed their services for the formation of a Home Guard in this district at the disposal of the Government.

Sent by the President of the Association, A. Whitehead, of Bury, a major with the reserve forces, the telegram was dispatched to the National Defence Minister following several meetings of the veterans.

The reply, received from Ottawa a few hours later, stated as follows: "Deeply appreciate the splendid offer received from 117th Association through yourself. Details of establishment of veterans' Home Guard will be available shortly through all district headquarters, also veterans' companies in N.P. A.M. units."

The message was signed Norman M. Rogers.

Formed in the Eastern Townships during the first two years of World War I, the 117th Eastern Townships Battalion was sent to France in 1917, after which it became absorbed in other Canadian battalions. Veterans of the unit are residing in all sections of the Townships, meeting annually for a reunion.

### ASBESTOS FIRM CALLS TENDERS FOR BUILDINGS

Two Units Will Be Added to Canadian Johns-Manville Plant—Three Local Firms Figuring on General Contract.

With three Sherbrooke companies bidding for the contracts, tenders are being received by the Canadian Johns-Manville Company, Limited, for the construction of two units to the plant at Asbestos, according to a report in the Daily Commercial News. The tenders will be received until tomorrow.

Plans call for the erection of a bag storage building and freight shed, seventy-five feet by ninety-five feet, as an extension to the plant, and for a fibre storage building, 320 by 132 feet. Both buildings are to be of reinforced concrete slab, of structural steel frame and corrugated iron siding construction.

Figuring general contract are the Stewart Construction Company, the Newton Construction Company and MacKinnon Steel Corporation, Limited. Others bidding are Caron and Frechette, Asbestos, Eastern Canada Steel and Iron Works, Limited, Quebec, and the Dominion Bridge Company, Lachine.

### SHERBROOKE BILL BEFORE QUEBEC UPPER HOUSE

The City of Sherbrooke's private bill giving the municipality the right to charge proprietors for a part of the cost of public works completed as relief projects will be presented in the Legislative Council this afternoon. The measure has already been approved by the Private Bills Committee and by the members of the Legislative Assembly.

Mayor Joseph Labrecque, Alderman Eugene Thibault, City Treasurer Maurice Cormier and City Clerk Antonin Deslauriers left for the Ancient Capital this morning and will explain the clauses of the bill to the Councilors if any opposition to its passage is raised.

### PROPERTY OWNERS PLEDGE SUPPORT

London, May 29.—(P) — Captain Montague Evans, addressing the Property Owners' Protective Association today, said he is confident property owners are willing to "put their all into the country's effort," and added with a smile: "The income tax has practically become the main painful form of capital punishment."

### Lennoxville Girl Wins Lieutenant-Governor's Prize for Highest General Proficiency at McGill

Congratulations are being extended today to Miss Rosamond Staples, B.A., only daughter of Mr. and Mrs. James Staples, of Lennoxville, who has been announced as the winner of the Lieutenant-Governor's Silver Medal for highest general proficiency at McGill University.

Miss Staples concluded a four year course at the University of Bishop's College, where she obtained her B.A. degree, and then entered McGill University. In one year she has completed the two year's course for a higher diploma in Physical Education, and will receive this diploma and the Lieutenant-Governor's Silver Medal at the convocation ceremonies taking place at McGill University tomorrow.

Miss Staples' many friends in Lennoxville, and also in Cookshire, where she formerly resided, join in hearty congratulations, and extend their best wishes for her future success in her chosen career.

### Chief Magistrate and City Council Members Received at Belvidere Street Institution

Continuing a custom established several years ago, Mayor Joseph Labrecque yesterday afternoon paid an official visit to the Sacred Heart Hospice, accompanied by Mrs. Labrecque and members of the City Council and their wives.

The municipal party was received by the Sisters in charge of the Belvidere Street institution and a welcome was extended by the orphans who had gathered in the large Hospice hall where a musical programme was presented by the young people.

Mayor Labrecque spoke to the children and told them they were fortunate in the care and love they received at the Hospice and in their education and training for future life. He paid tribute to the work of the Sisters, referring to the troubled European situation, said Canadians can consider themselves privileged to have their less fortunate citizens so well looked after.

Ald. Eugene Thibault, leader of the Council, added his word of praise to that of the Chief Magistrate and promised that the Hospice authorities can be assured of the City Council's entire support in the future as in the past.

Following the addresses, the visitors were shown around the Hospice and a light lunch served by the Sisters. In the party were Mayor Labrecque and Mrs. Labrecque, Ald. Thibault and Mrs. Thibault, Ald. Armand Fiset and Mrs. Fiset, Ald. J. O. Chartier and Mrs. Chartier, City Clerk Antonin Deslauriers and Mrs. Deslauriers, Rev. Canon S. Gervais and Rev. Father E. Lafond.

### Urges To Get Behind Campaign To Sell War Certificates And Stamps

A suggestion that life insurance salesmen get behind the current drive in Canada to sell war savings certificates and stamps was made here yesterday by J. A. McAllister, of Montreal, Superintendent of Agencies for Canada, Sun Life Assurance Company in an address before the monthly meeting of the Sherbrooke branch of the Underwriters' Association of Canada. The luncheon meeting was held at the Chateau Frontenac.

Mr. McAllister pointed out that the sale of the certificates and stamps was in the national interest and believed insurance men could support the movement with no detrimental effect on their own business.

In addition to raising an expected thirty-five to fifty million dollars for the Government within a year, sale of the certificates and stamps will afford an opportunity for everyone to participate in the war effort and, at the same time, will tend to promote thrift, the speaker said.

At the conclusion of Mr. McAllister's address, managers of insurance company branches here met. C. A. Baudet, of Montreal, an official of the National Advisory Council, who outlined the war savings certificates and stamps plan, by which employees of business houses and industrial plants may make purchases through a payroll deduction system, if they desire. The managers, all of whom are giving their services, will contact employers of fifteen persons or over, explaining how the payroll deduction will function.

H. A. Peabody was named President of the local group, with J. A. Rouleau Vice-President and Ernest Germain Secretary-Treasurer. Walter S. Sutherland was named Honorary President.

Expressing confidence that all Canadians were anxious to do their bit towards winning the war, Mr. McAllister said "national strength is our answer to the national problems." He observed that insurance companies are aiding the Government with money and believed their representatives have a splendid opportunity to be a "national asset."

Referring to business conditions in Canada, Mr. McAllister said they had reached an all-time high in recent months, with more men employed in the Dominion last month than in any previous April in the history of the country. Exports are up, he said, adding that the Eastern Townships may benefit from the sale of cheese to Great Britain. Canada's national income has been increasing steadily, he stated, with valuable ship-building contracts plus improved sales in hogs, apples, minerals, lumber and pulp wood.

Visions of a tremendous gain in the population of Canada during the next ten years, Mr. McAllister pointed out that many persons have been entering the country in recent months, bringing large sums of money with them. Canada, in time, will be the industrial centre of the British Empire, Mr. McAllister believed.

The speaker was introduced by R. Becker and thanked on behalf of the members by Mr. Germain, Mr. Sutherland, the President, was in the chair and a resume of Mr. McAllister's address was given in French by Mr. Rouleau, the Vice-President.

Minutes of the previous session were read by the Secretary, Gerard Fortin, while notice of the next meeting to be held June 11 was given by Mr. Peabody, chairman of the speaker's committee. J. A. Vidal, chairman of the membership committee, presented certificates to a number of new members.

### CANADA INCREASES WAR EFFORT

Spurred on by the increasing pressure from the Canadian public and by the ever-heightening crisis in Europe, the Government has at last taken a move to make Canada's war effort to an extent comparable with the resources of the country, although even the increased programme announced in Parliament on Monday can by no means be called excessive when the natural wealth of the country and the gravity of the situation is considered.

The increased effort is to be concentrated on the land and air forces, the Government being apparently satisfied that for the time being at least, the naval expansion programme is adequate for the needs of the times. The formation of the Third Division, announced last week, is to be supplemented by the recruiting of the rifle units required for a Fourth Division, the two moves adding some thirty thousand men to the armed forces. The Government is also prepared to dig deeper into its pocket toward the cost of the Commonwealth Air Training Plan, for which more men than originally planned will be called up, some of them being temporarily assigned to other duties. Reserve units of officers formed from veterans of the First Great War are to be organized while the Veterans' Home Guard may also be expanded.

It is to be hoped that the Canadian Government will not thus rest on its laurels but will continue with an aggressive policy, seeking to keep in advance of developments rather than behind them. The Allied High Command has indicated its intention of taking the offensive despite the Belgian debacle, and the Dominion might well follow this decision.

### THE NEW UNITED STATES ENVOY

The growing importance of Canada in the international situation is reflected in the appointment of J. Pierrepont Moffat, chief of the European Department of the State Department, a career diplomat, as United States Minister to Canada. The appointment will mean the presence in Canada of a technically trained official whose knowledge and tact may be drawn upon heavily, if the fortunes of war project relations between the two countries even more definitely into the forefront of American foreign policy.

Mr. Moffat is thoroughly familiar with all details of United States diplomatic policy toward the war. He entered the diplomatic service in 1917, at the age of twenty-one, as private secretary to the American Minister to The Hague and later served in Warsaw, Tokyo, Constantinople and Berne.

When the United States established diplomatic relations with Canada in 1927 with William Phillips, now Ambassador to Italy, as minister, he was selected by Mr. Phillips as First Secretary of the Legation. From 1933 to 1937 he was Consul-General at Sydney, N.S.W.

In the course of these years, Mr. Moffat also served a number of times in the State Department and at international conferences. At one time in the Coolidge administration he was in charge of protocol for the White House, and from 1932 to 1933 was chief of the old Western European division in the department. He was placed in charge of the present European division in 1937 in view of the gravity of the situation. At the time he was on leave of absence from Sydney.

An expert on armament limitation in the years that subject was uppermost in international relations, Mr. Moffat attended, in official capacities as technical assistant or adviser, meetings of the Preparatory Commission for Disarmament at Geneva in 1927, 1929 and 1930, the Red Cross and Prisoners of War Conference at Geneva in 1929, the special commission for the preparation of a draft convention on the private manufacture of arms and ammunition and implements of war, also at Geneva in 1929. He also attended the conference for the abolition of import and export prohibitions and restrictions in Geneva in 1928.

### EMPLOYMENT CONDITIONS BETTER

Industrial activity at May 1 showed a decidedly upward movement which resulted in a higher level of employment than at the same date in any other year for which statistics are available, with the exception of 1939. The staffs of the 11,970 establishments co-operating with the Dominion Bureau of Statistics in compiling the report aggregated 1,117,347 as compared with 1,094,600 in April. This was an increase of 22,947 persons, or 2.1 per cent, a gain which slightly exceeded the average for May 1 in earlier years of the record. Based on the 1926 average

as 100, the crude index rose from 111.9 at April 1 to 114.3 at May 1. For May 1 last year 11,607 firms had furnished data, showing that they employed 1,030,713 persons, at which time the crude index stood at 106.2.

Manufacturing reported substantial seasonal improvement, which carried the index to a new high level. Standing at 125.7 per cent of the 1926 average, this figure compared favorably with the previous maximum of 123.4 at April 1; in the period from 1920 until the expansion which followed the outbreak of war last autumn, the high indexes had been those of 121.7 at October 1, 1937, and 121.6 at August 1, 1929. The largest increases at the date under review were in the food, lumber, pulp and paper, clay, glass and stone and iron and steel divisions, but many others shared in the upward movement. The exceptions were the leather and tobacco groups.

Following an extremely active winter, logging camps showed seasonal curtailment on a scale that has rarely been exceeded at May 1 in the years since 1920; nearly 8,700 men were laid-off from the co-operating camps. Coal-mining also released a considerable number of workers, although the general loss was below average. The remaining non-manufacturing divisions reported substantial improvement, the most noteworthy being in construction and transportation.

In comparison with April 1 heightened activity was indicated in all provinces except Prince Edward Island, the increase in staff ranging from 0.3 per cent in Nova Scotia to 9.8 per cent in Saskatchewan, while the largest increases in personnel reported were those of 3,850 in British Columbia, 3,000 in Quebec and 8,700 in Ontario. In the Maritime and Western Provinces, the level of employment was higher than at May 1 in any other year since 1930; in Ontario, the favorable comparison goes back to 1929, while the index in Quebec was higher than in any other May for which statistics are available.

### AIDING CIVIC IMPROVEMENTS

Although the officially proclaimed Clean-up Week is now a thing of the past, the average citizen feels that a little extra effort for one week each year is not enough to maintain the city in the condition which its natural surroundings should inspire. Thus they seek to prevent as much as possible the unreasonable collection of rubbish and debris in public places, especially in the squares. During attendance at sporting events, the average onlooker consumes considerable quantities of cigarettes, chocolate bars, peanuts, etc., all of which are wrapped up in paper boxes or packages. Having a desire to dispose of this trash, Mr. Citizen looks around for a receptacle in which to place it, but in all parks they are prominent by their absence. The result is that the packages are thrown to the ground to add to the trash which must gather under the best of conditions.

The cost of placing a few containers in each park of the City would not be excessive and the improvement in the appearances of these public places would more than offset the small cost involved.

Another item which might also receive the attention of the Parks Committee is the more equitable distribution of benches in the parks. At the present time a large number of benches are concentrated in two or three parks and squares while others are deprived of this comfort. Especially is this the case of Stratheona Square. Located in the very centre of the city, it could provide a breathing and resting place for passers-by but, unfortunately, these facilities are lacking.

### EDITOR'S NOTE-BOOK

We must not let developments in Belgium upset us. It is an upset, but the Allies will survive.

After eating a meal, Finnish children shake hands with their parents and thank them for the food. Then, like most children, probably skip out before anyone mentions the dishes.

The British camouflage a retreat in the high-sounding phrase, "readjustment of position." This is also known as having enough sense to come in out of the rain.

### FROM THE RECORD FILES OF THIRTY YEARS AGO

The directors of the Eastern Townships Agricultural Association took umbrage at the declarations of A. J. Gird, M.L.A. for Compton, made in the Legislative Assembly when the gentleman in question opposed a \$5,000 Provincial Government grant for the Association. When interviewed he took refuge behind the declaration that he had been misquoted.

The following were the officers and committeemen selected at the annual meeting of the Granby Fenian Raids Veterans' Association: Major W. H. Robinson, Lt.-Col. W. H. Maynes, Lt.-Col. William Neil, Lt. C. B. Martin, Lt. J. Nicol, H. Rockwell, L. D. Phelps, J. Neil and G. Cook.

The Missisquoi marble quarries were reported very busy with orders from all parts of the continent. More than two hundred men were engaged in its operation. Sir John French, during an inspection tour of the Canadian Militia Services, warned that in any future war an entirely different kind of battle would be fought and urged upon Canadian officers and soldiers to study the new methods of warfare.

Those taking part in a concert presented in the Stansstead Wesleyan College hall were Miss French, Miss Ruth Stevens, Miss McCrea, Mr. A. Blier and Mr. Knight.

The surveying of the proposed extensions of the Sherbrooke Street Railway is now underway.

### DRASTIC ACTION NEEDED

(Vancouver Sun)

War is a wrecker of trade. Also it brings confusion to world markets. Dealings in wheat are in sharp difficulty. Part of the trouble arises from the fact that an artificial position was built up in Canada. It was certain to bring a headache; The Vancouver Sun has contained numerous warnings which events, we regret to say, have now unfortunately justified.

During the first four months of the crop year, August to November, 1939, Argentina was left almost to monopolize the shipment of grain to Britain. The Canadian government had guaranteed the price around 70 cents a bushel. Competitors undersold Canada in the world market. The wheat traders of this country rested easy, failing to push the business of selling abroad. A comparison in this newspaper of April 18, 1940, showed an average price for exports from Canada of 75 cents—but the quantities were lamentably small. In January shipments were ten million bushels, February only six and a half million, March eight and one-half million. April shipments were just over five million.

If the government wishes to legis-

late for the people of Canada and not merely for a group of traders known as the Winnipeg Grain Exchange, it will raise the Exchange for the duration of the war. What has happened in Canada is that a fictitious price position was built up by the traders, and this could not have been brought about unless a minimum price was established to aid the farmers. There is no fault to be found in the government naming this guaranteed price, but having done that the government should have closed the Exchange. The traders ran up the price, failed to push export sales—then at the first crisis in the war, the bottom drops out of the market. Canadian government wheat board owning most of the stocks in behalf of the Canadian people, lost both ways. On high yet hope and encouragement in the immense struggle ahead. But confidence in final victory must not slacken our preparations for a prolonged and intensified fight to wrest from the Germans the triumph which shall be won.

The lesson to the government is that if prices are to be guaranteed to save the producers—and there is good argument in favor of that—then trading should be closed out, because it can not be on any other basis than a false and fictitious one.

### PRESS COMMENTS

#### INVASION?

(St. Catharine Standard) Not for 874 years have the British people thought in terms of possible invasion. Today even a British Beaverbrook paper says it is feasible, but containing the greatest of peril for the invader. It is a situation in which no one should be inclined to sell the British Navy short.

In the East and the West reports have it today that the realm is threatened in the rear, from an Irish republican uprising in Dublin and Belfast. German money makes all things like this possible, and the time may yet come when de Valera will ask the British for help in maintaining peace and order in his country. An I.R.A. Fifth Column, organized and subsidized by Nazis, could account for a lot of destruction in 24 hours.

The fierce tempo of this war has at last been reached. Many were the predictions, unfortunately scoffed at, in recent years, as to the form it would take, embracing every man, woman and child in the nation, and in the Empire. It is not a war of armies or navies, it is a war extending right into the kitchens, the workshops, and everywhere life is centered. Tragic is the thought that even the cradle is not immune. And it may get worse as time goes on.

O Canada! Is this Dominion full of things that are not a serious thing in the life of the present and future generations than consecrated devotion and effort behind this struggle for human rights, elemental rights, as distinguished from the privileges which we enjoy under democracy. The world, in great part, is actually facing the subservience of mankind, serfdom. The threat was when the Hun came to ravage Europe, seems ago, as it were, than it is now. Modern refinements do not make the picture one bit better.

#### A PROBLEM FOR THE BACON BOARD

(Montreal Family Herald and Weekly Star) Everyone immediately presumed that Britain would enlarge its Canadian contract to equal the loss of Danish shipments, but this has not been the case, and today the surplus is forcing the price of hogs down again.

The hope, of course, is that reducing prices of Canadian bacon in the domestic market will help consumers to hold over the surplus to our storage capacity. But stepping up consumption cannot be done easily or quickly. In most Canadian cities bacon prices have stayed comparatively high for many months. In Toronto and Montreal also complaints have been heard that the bacon now being sold is too fat, lacks the nice balance of fat and lean, shrivels away to nothing when fried. Rightly or wrongly they blame it on the influx of American pork which almost disrupted our markets earlier this year.

It is also doubtful whether a reduction in hog prices will have much immediate effect in stemming the flow of pigs to market. When pigs reach proper weights they should be slaughtered if we are to maintain quality. And by the time we have slowed up our marketings, the Old Country will probably be calling for a larger quota.

Early last fall the apple men felt they were facing problems of well-nigh ruinous proportions, but these were at least temporarily solved. It is to be hoped the Bacon Board can do as well.

#### HOPE AND ENCOURAGEMENT

(Daily Express) The Daily Express has never underestimated the strength of the enemy. We do not minimize the brilliant successes the Germans have achieved. They have captured ports which bring them much nearer to this country. They are digging themselves in, strengthening their positions, building new fortifications. They will hold on for a very long time. But however long they hold on, the fortunes of war are bound to go with Britain in the end. Nothing has occurred to weaken the overwhelming resources on which we can count for victory. Our wealth is untouched. The strength of Britain and the British Empire is unimpaired. Our naval supremacy is unimpaired. And, by opening a new theatre of war in Scandinavia, Hitler has given our Navy the chance to strike. There have been setbacks in every war in which we have engaged. There were many gloomy days in

1915. There was April 22, when the Ypres front was broken and the French were in full retreat. The prospect then was more dismal, the outlook more dark with foreboding, than at any time in the present war. The big battles of this war are still to be fought. The Daily Express offers its hope and encouragement in the immense struggle ahead. But confidence in final victory must not slacken our preparations for a prolonged and intensified fight to wrest from the Germans the triumph which shall be won.

#### MR. HITLER OBJECTS

(London Free Press) The Nazis want Miss Dorothy Thompson expelled from Rumania, Miss Thompson noted American Newspaper writer, columnist and commentator on international affairs, is now touring Europe's neutral countries. She is the wife of Sinclair Lewis, well-known American novelist. The attitude of Germany can be understood. Miss Thompson was expelled from Germany in 1935 for writing articles criticizing Hitler. She took the expulsion as an affront and regards the war as a personal quarrel between herself and Der Fuehrer. There is no American writer with a clearer conception of the issues at stake, who has done more to put the viewpoint of the Allies before the American people. She is a powerful writer, and probably no single person has done as much to turn American public opinion in favor of the Allies. The Nazis naturally do not like Miss Thompson and her articles. She is plainly telling the truth as she sees it in Europe and it is not very flattering to Mr. Hitler.

#### CRISIS IS UPON US

(Toronto Globe and Mail) While paying as we go is a correct principle, it fails in an emergency. The Dominion Government should borrow on a large scale without loss of time and purchase all the suitable fighting planes available in the United States. Go out and get the planes and put the pilots to work. In view of what is happening, neither planes nor pilots are likely to be of much help three years hence.

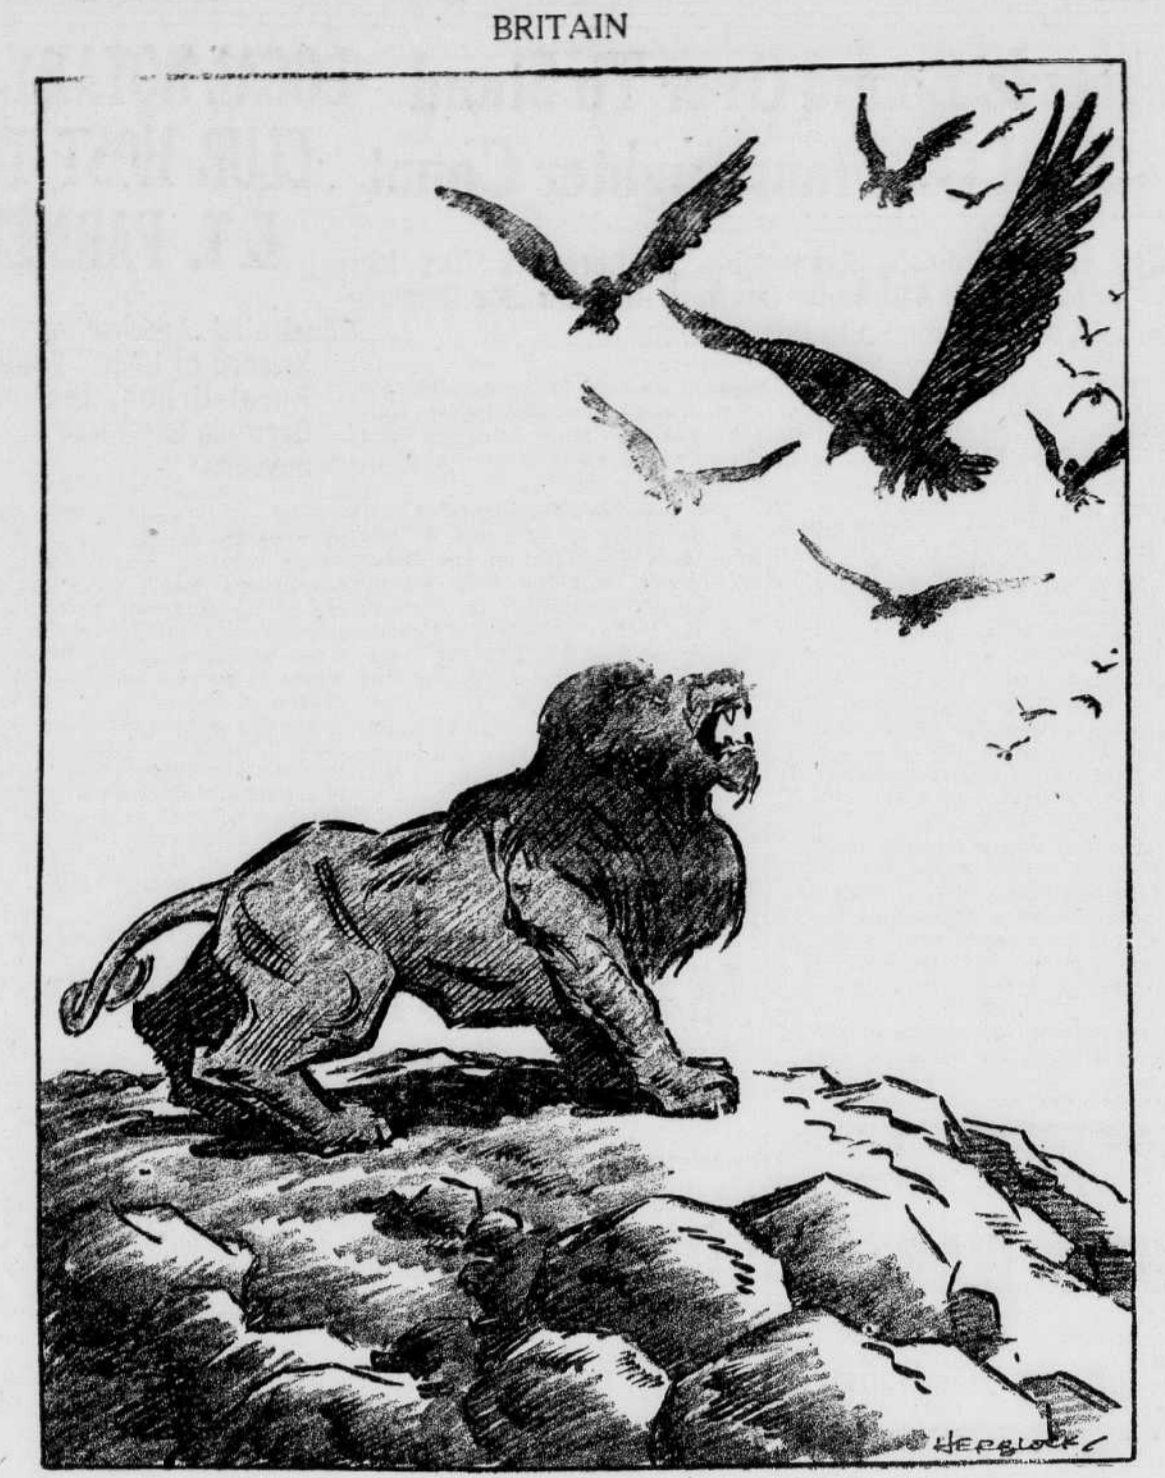

It may be necessary to spend this year three times what was contemplated. In any event, the pyramid programme should be turned upside down, its base the immediate objective. Clearly, with this crisis upon us, what we do now is most important. If the Allies lose, our material resources will be of little value, and we might better use them to win. I we find ourselves overstocked with a billion dollars' worth of aircraft when the war is over because of determination to avoid risks, they will make a glorious business.

The war will not await a methodical accumulation of financial resources by the means originally proposed. It must be won at all costs. Therefore, the Government has no alternative. It must borrow money and buy planes.

#### BRITAIN THOROUGHLY AROUSED

(St. Thomas Times-Journal) The British are always slow starters, but when they are jogged into a state of activity they set about their work with a fury of determination. Perhaps they have been trusting too much to the power of the navy and the naval blockade, to the power of the Maginot Line, and to the theory that "time is on our side." The swift and deadly "blitzkrieg" which has been launched through Holland and Belgium has shaken them out of such complacency as they had, and Wednesday the Government introduced what would in normal times be a revolutionary measure for the conscription of wealth and labor. This bill would have taken weeks or months of debate in a peace session, and perhaps had a negative ending after academic debate between business, professional and labor members in the war cabinet, but there is a Conservative majority and it had their unanimous support because the Government demanded, and obtained, that it pass through both Houses of Parliament in one day. Such is the spirit—the new spirit—of the British people.

The conscription of wealth and labor act will not be used as negatively as the description seems, but it gives the Government valuable powers which will be applied as required. It will totally appropriate excess profits. Perhaps it will do many more things not yet revealed. It calls for 24-hour working of factories, seven days a week, the admission of women into jobs hitherto

**OPENING THREE-BID SHOULD BE USED ONLY IF HAND LACK SIDE STRENGTH**

When you hold a six-card suit headed by the ace-king-queen, or a seven-card suit headed by the ace-king-jack, I recommend an opening three-bid, but not if you have another bid in your hand—in other words, side strength. Three-bids are made to give your partner a perfect picture of your hand and to try to shut the opponents out of the bidding.

Today's hand was played in a recent duplicate game. Most of the East-West players arrived at four hearts, which was defeated, but at one table South opened with the three-diamond bid. I do not care for this three-bid, due to the fact that South holds the king and jack of clubs, and it resulted badly for him. West jumped to three spades and East, with two aces and a spade honor, elected to bid four spades, which was easily made—declarer in fact made five.

At other tables where South opened the bidding with a diamond, West bid a spade, East two hearts and West four hearts.

A symptom of disorder of the thyroid gland is a distaste for meat.

limited to men with trade union tickets. Men may be sent where they are most needed. We called attention some time ago to an apparent slackness in Britain which allowed over one million workers to be idle and draw the unemployment insurance. These, we assume, will be drafted to whatever work they are capable of to make their contribution to the war effort.

There is a kind of totalitarian principle about this measure, but in wartime totalitarian methods pay, whether in the field of economics or the field of battle. The act is a proclamation to Hitler that his drive to the coast instead of creating a defeatist mood in the British people has had the opposite result of making them roll up their sleeves and give their all in order to win the war.

## MARRIAGES

### RANSEHOUSAN-STEWART

Rock Island, May 29.—On Thursday, May 23, at 3.30 p.m., a pretty wedding took place at the home of the bride's parents, Mr. and Mrs. B. F. Stewart, of Rock Island, when their only daughter, Beryl Elizabeth, was married to Mr. Gordon F. Ranshouan, son of the late James G. Ranshouan and Alice Mary Hodgins Ranshouan, of Sherbrooke.

The bride, who was given in marriage by her father, was beautifully gowned in a blue mist crepe frock and wore a corsage of gardenias. She was attended by her sister-in-law, Margaret Ethel Stewart, while Stanley B. Stewart, B.Sc., acted as best man. The bridal party stood between two large urns of magnificent pink gladioli, which gave a tone of beauty and warmth to the room.

The wedding ceremony was performed by Rev. Hermon A. Carson, pastor of St. Andrew's South United Church, of which church the bride had been a Sunday School scholar, then a teacher and member of the church before going to Sherbrooke to train for the nursing profession.

The Stewart home was filled with beautiful flowers. An informal reception immediately followed the ceremony, when a beautiful lace cloth adorned the bride's table, in the centre of which was a prettily decorated and massive wedding cake, while tall white tapers in silver candelabra and cut glass bowls of white sweet peas and baby's breath were gracefully arranged on each side.

Amid showers of confetti the happy couple left on their wedding trip by auto to visit Quebec and other points of interest. On their return Mr. and Mrs. Ranshouan will reside in Sherbrooke.

The best kind of golf ball for use of the beginner is one of very light weight, of standard dimensions, and covered with a crocheted jacket. This retards its speed and renders it less dangerous as a missile when it flies wide of its mark.

## HATLEY LADIES SPONSORED TEA ON EMPIRE DAY

Variety Programme and Social Hour Given Under Auspices of Patriotic Society.

Hatley, May 29.—A programme, sponsored by the Hatley Patriotic Society, was presented in the Community Hall on Empire Day with Mrs. Hugh Bowen acting as chairman and Mrs. J. MacDougall at the piano.

After the singing of "O Canada," Mrs. Bowen outlined the reason for the organization of the Patriotic Society and stated it was intended, through this group, to send different articles to the Hatley boys serving overseas. Mrs. Irving Haines also spoke and told the gathering just what was needed most by the soldiers and how the different articles should be packed and addressed.

Mrs. Delbert Vaughan read a letter from one of the members of the Overseas Contingent in which appreciation for letters from home was expressed. She urged the residents of Hatley to co-operate in writing to the Hatley boys so that each soldier should have at least one letter a week.

The Misses Joyce Haines, Ruth Bowen, Patsy Pidduck and Marion Eickmeier sang a patriotic song which was followed by a vocal solo rendered by Mrs. Vaughan, Rev. H. W. Parry then showed lantern slides and Mrs. Parry explained the pictures as they were flashed on the screen.

At four o'clock all gathered around a radio, loaned for the occasion by Mrs. LeBaron, to listen to the Empire-wide address of His Majesty the King. The National Anthem completed the programme.

Tea was served at small tables decorated with cut flowers. The hall had also been nicely decorated with the national colors, two large baskets of tulips on the stage and bouquets of cut flowers at all the windows.

Guests from Montreal, Coaticook, North Hatley and Massawippi were present and a good sum was realized. An appeal made by Mrs. M. G. Pellerin, President of the Red Cross, for assistance for French refugees received a fine response.

General Notes The annual supper put on at the vestry by the ladies of the United Church was quite successful.

The Misses Clara Seavey, of Granby, and Lucia Graves, of Waterville, were overnight guests of Mr. and Mrs. J. F. Woodman.

Mrs. Randolph Knapp, of Lennoxville, was a recent guest of Miss Margaret Moulton.

Mrs. W. A. Edwards and Mrs. H. R. Ayer, President and Secretary, respectively, of the Hatley W.M.S., attended the Presbyterian meeting at Waterville.

Rev. A. W. Seaton and Mrs. Seaton, of Ulverton, were recent guests of Rev. W. A. Edwards and Mrs. Edwards.

Mr. and Mrs. Fritz Webster, of Bridgewater, Mass., spent several days with Mr. and Mrs. H. F. Webster.

Miss Margaret Moulton accompanied Mrs. Randolph Knapp, of Newport, Vt.

Mrs. Edna Shristie and her sister, Mrs. Elsie Smith, of Montreal, have been guests of Mr. and Mrs. Leon Parke and Mr. and Mrs. Harold McClary and called on other friends.

Mr. John Bruhmuller, of Montreal, is visiting his aunt, Mrs. H. A. McClary, and other relatives.

Rev. Robert Smith, D.D., and his sons, Arthur and Raymond, are spending several days as guests of the Misses Mary and Winnifred.

Miss Berenice Smirle accompanied Miss Violet Tear to her home at Windsor Mills to spend Empire Day and the week-end. The local branch of the Red Cross sent the following articles to the

## KEY TO YOUR GRADUATION GIFT PROBLEM

To make a sweet girl graduate feel like an honest-to-goodness grown-up, a designer of jewelry created this attractive gift—a gold key with a mad-money compartment in its head. A duplicate in gold can be made of any size door key, and the mad-money compartment varies with the size of the key.

On May 8th, they forwarded: seventeen pairs of socks, three helmets, three sweaters, one pair of gloves, five dresses, three skirts, forty triangular handkerchiefs and thirty pillow slips.

Mrs. Cecil Jenkins and son, Robert, who attended the reception for Mr. and Mrs. G. Hodgman, spent a week-end with Mr. and Mrs. George Shanmargy.

Gunner James Townsend, of Sherbrooke, spent a day with Mr. and Mrs. R. R. Whitcomb.

Mrs. J. B. Reed, of North Hatley, was a recent guest of her sister, Mrs. C. P. Young, and Mr. Young.

The many friends of Mrs. H. F. Webster will be sorry to learn that she has been ill and under a doctor's care. All hope for a speedy recovery.

Mr. and Mrs. Cecil Ballrine and son, Douglas, of Montreal, were guests of Mr. and Mrs. J. W. Foyte.

The many friends of Mrs. H. B. Whitcomb will be glad to learn that she is improving after her recent illness.

## SHEFFORD CO. W.I. MEETS AT SOUTH ROXTON

Shefford County Institute Reviews Work of Last Year—Thrift Exhibit to Be Organized—Officers Elected.

South Roxton, May 29.—The annual convention of the Women's Institute of the County of Shefford was held in the Community Hall at South Roxton with twenty-two delegates present.

Mrs. Walter Wallace, of Warden, County President, presided at the meeting, at which many important matters were discussed. A resolution was passed to send a vote of thanks to Premier Adolphe Godbout for extending to the women of Quebec the right to vote.

It was decided to organize a "Thrift Exhibit" at the Provincial convention to be held in June at Macdonald College and the three branches in this County will co-operate to make this an outstanding exhibit.

Reports of the various committees showed that very excellent work has been accomplished during the past year.

The election of officers for the coming year resulted as follows: President, Mrs. Harley Ryder, Granby Hill; Vice-President, Mrs. John Sanborn, South Roxton; Secretary-Treasurer, Mrs. J. Ossington, Granby Hill. Conveners of various committees were also appointed.

Luncheon was served at noon by the South Roxton members.

## ROUND STEAK in Swiss Style HAS "OOMPH"

CUT STEAK into serving pieces. Add flour as you pound it. Then dust with flour and sear the steak—add one small onion—in a very hot, well-greased pan. To a pound of steak use either one-half cup of water or two cups of canned tomatoes. Add salt and pepper and about a teaspoonful of H. P. Sauce. Pour over the steak; cover the pan and cook slowly for two hours. You'll be delighted with the flavour of steak that is cooked in this Swiss style. And you'll conclude that a sauce which can make steak so flavoured must be grand.

So try H. P. Sauce for adding appetizing flavour to soups, stews, gravies, meats, fish, fowl and other good things on your table.

## BABY'S HOT LITTLE HEAD IS A DANGER SIGNAL

WHEN your baby's head feels hot to your hand you must do something. And do it quickly. Read what Mrs. B. . . of Enterprise does and what results she gets. "My baby's cheeks and hands were so hot I was frightened. I gave him a Baby's Own Tablet and soon after supper he was all better."

And Mrs. Francis Carroll, of Midland, has this to say: "My little girl was so feverish I was really alarmed. Then I thought of Baby's Own Tablets, so I gave her three every two hours and by night she was up and around."

Baby's Own Tablets are sweet-tasting, easy to take, absolutely safe. Analyst's certificate on every box. Quickly reduce simple fevers. Equally good for teething fevers, diarrhoea, colds and other minor ailments of baby. Get a box today. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

## WAKE UP YOUR LIVER BILE—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas heats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, lumpy and the world looks puny.

Amere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else, else

### Electric Refrigerator Would Have Made Big Difference In "Gay 90's"

The gay nineties could have been snappier and more zestful had present day conveniences been available in the "good old days." One item alone, the electric refrigerator, would have made an immense difference to the hostess of yesterday.

Those of us who have lived long enough realize that there can be no comparison between the awkward wooden ice box and the modern electric refrigerator. The last named is so designed as to present a most pleasing appearance. Were this the sole feature about it, however, one could easily dispense with what could then rightly be termed a mere ornament. But the electric refrigerator is truly an indispensable adjunct in the home because of its usefulness, its sanitation and its economic value. Electric refrigeration is an assurance against food deterioration.

By maintaining at all times a uniform temperature, it protects perishable goods against the inroads of bacteria. Thus the health of all members of the family is protected. We all know with what frequency medical authorities admonish us in respect to the care which should be exercised in the matter of food.

### HALF CENTURY OF EFFORT BY ELECTRIC FIRM

### Canadian General Electric Has Made Many Comforts and Conveniences Available to All.

"We need look no farther than the modern kitchen for ample evidence that industrial research, in a period marked by economic strain and international unrest, has progressed farther and faster than at any time in history," declared a Canadian General Electric official recently. "It is amazing to note the rapidity with which comforts and conveniences once available only to the few have become necessities, enjoyed by the many."

"For example, your electric refrigerator costs little more than half what it did only ten years ago, and it is far ahead of earlier models in the positive protection it gives to food and the economy of its low current consumption. Consider today's electric range, which enables you to cook your meals at the turn of a switch. This cool, spotless, automatically controlled cooking and baking instrument has helped to make the kitchen the showplace—the most exciting and often the most attractive room—in many a modern home. And so we could go on. You glance for the correct time at an electric clock which never gains or loses. You turn over to electric servants that most boring of household tasks—dishwashing—and the perennial problem of garbage disposal.

### KELVINATOR IS SHOWN HERE BY J. S. MITCHELL

### Modern Refrigeration Plays Vital Role in Important Matter of Health.

Silent, efficient, long-lived, modern home refrigeration units have made possible a new existence for many a wife and mother. With fresh green foods so easy to keep, and with quickly-frozen desserts so easy to make, women save time from the drudgery of the kitchen and are able to devote that time to their leisure pursuits.

In the important matter of health, modern refrigeration plays its part. Contamination of meats and fish is avoided in homes where Kelvinator refrigerators guard the family's foodstuffs. Constant temperatures in the zone of cold that is necessary for safe food storage assures freshness at all times.

No longer is everyday shopping a problem to the housewife. She buys her food in quantity, taking advantage of special prices while they are in effect, and what she does not immediately require she stores on the generous shelves of her refrigerator. In presenting their 1940 line, the Kelvinator Company again features exclusive improvements obtainable in no other electric refrigerator.

### AMATEUR CAST PRESENTS PLAY IN BEEBE HALL

### Capacity Audience Views "Streamlined Sue," Three-Act Comedy.

Beebe, May 29.—"Streamlined Sue," a three-act comedy, was presented in the Town Hall by a cast from the Anglican and United churches to a capacity audience. The play is set in the village of Pine Grove and around the home of Jenny Groves, whose part was played by Mildred Muir. Others in the cast are as follows: Ben Crump, the mayor and aspirant to Jenny's hand; Clayton Beerworth; Lucille Parsons, a pretty neighbor; Betty Gagnon; Clarence Elliott, whom Lucille wants to marry; Joe Bell; Charlie Boon, played by C. Gagnon, who is involved in affairs of the heart with Sue Grey, impersonated by Betty Gagnon; Mrs. Cobb, a small-town would-be aristocrat; Isabel Bullis; Jonathan, the banker chosen by Mrs. Cobb as her prospective husband; Robert Smith; Oscar, the small-town Romeo; George Barrowman, and Bunny—the fluff type, Lillian Morrison.

Each play was well suited to his or her part and much credit is due the coach, Mrs. C. Millar, for her untiring efforts and for the fine presentation. Music was furnished between acts by the Woodard orchestra, and home-made candy was sold.

EMPIRE DAY IS OBSERVED AT KNOWLTON HIGH

Patriotic Programme Given by Pupils Under Supervision of Educational Secretary of I.O.E. Chapter.

Knowlton, May 28.—Empire Day was observed in a most suitable manner at the Knowlton High School when, under the supervision of Mrs. A. C. Carter, Educational Secretary of the Sir John Fisher Chapter, I.O.E., a patriotic programme was presented by the pupils before the members of the Chapter as well as parents and friends of the pupils and teachers.

Principal J. C. Moore welcomed the many guests and introduced Mrs. George H. Robb, Regent of the Chapter, who expressed the pleasure of the entire Chapter at being able to be present at this time.

The programme opened with the singing of "O Canada" in English and French by the School. This was followed by a flag salute by several small boys from the Primary Room, after which, Helena Metevier and Catherine Guillet sang as a duet Rudyard Kipling's "Recessional."

Prizes for the essays, "Canada within the Empire," were then awarded by Mrs. Robb to Eleanor Irwin, Grade VIII, and Ronald Smith, Grade XI. These essays were read by the two successful pupils and each showed that much time and forethought had been put forth to present such interesting papers.

The afternoon closed with the singing of "God Save the King," after which flowers were placed at the cenotaph in memory of fallen heroes in the war of 1914-18.

Y.P.U. ENDS ACTIVITIES

The Young People's Union held their last meeting of the season in the school room of the United Church under the presidency of Mr. Carl Norris, who conducted a short devotional period.

A general business session took place and the funds of the Society were voted to the Church Budget.

DAY OF PRAYER OBSERVED

Special services of prayer were held at the three churches here on Sunday morning. At St. Paul's Anglican Church, the Rev. A. E. Rollet, led in special intercessions for the Empire.

At the United Church a sermon suitable to the occasion was delivered by the Pastor, Rev. E. D. Mitchell, who spoke comforting words reminding the congregation of the Empire Day broadcast message of King George VI. Mr. A. Leroy Bullard sang the solo, "Land of Hope and Glory."

Corpus Christi Day was observed

with an impressive ceremony at the home of Mr. A. Fontaine.

I.O.O.F. LODGE MEETS

Knowlton Lodge No. 28, I.O.O.F., held its regular meeting in the I.O.O.F. Hall with a good attendance of members present.

The Noble Grand, Bro. Donald Martin, was in the chair and following the usual opening ceremony a short business session was held, during which the minutes of the last meeting were read by the Secretary, Mr. J. Harold Dryburgh, and several communications were disposed of.

At the close of the meeting a social hour was enjoyed and refreshments were served.

General Notes

The Circle players, under the direction of Mr. Remi Guillet, presented the play, "Simple Simon Simple," in Bromie Town Hall, which was filled to capacity. Proceeds amounted to \$39. **MONTREAL LIVE STOCK MARKET**

Montreal, May 29.—There were only one cattle, five sheep, seventy hogs and 200 calves for sale on the Montreal livestock markets today.

All classes of livestock were steady.

There were not enough cattle and sheep to make a market.

Calves ranged from \$4.50 for common drinkers to \$8 for top veals. The bulk of the sales were made between \$4.50 and \$5.75. Medium veals sold up to \$6.50.

Hogs were unchanged at \$8.50 for bacon feds and watered. Selects drew \$1 per hog premium with the regular cuts on off grades. Sows were \$4.25 to \$5. Hogs sold on rail grade brought \$11.30 hot weight.

**DEATHS REPORTED**

MRS. ALFRED KERR, MILBY, Milby, May 29.—There passed away after a lingering illness at the home of her son-in-law and daughter, Mr. and Mrs. D. G. Boulter, in Milby, April 23, Grace Louise Colby, beloved wife of Alfred E. Kerr, in her fiftieth year.

The deceased was born at Johnville on March 13, 1890, the daughter of the late William Colby and his wife, Melissa Pope. She was united in marriage on October 14, 1908, to Alfred E. Kerr, of Cookshire. Following their marriage they went to reside in Chesterville, Maine, and came back to Canada in 1911, settling in East Angus and later coming to Sherbrooke.

Three years ago Mrs. Kerr was stricken with an illness from which she never recovered. From that time until nine months ago she resided in Montreal, afterwards coming to live with her daughter in Milby, where she was lovingly cared for. She was a faithful and loving wife and mother and endeared herself to all who were privileged to know her, especially during her illness which she bore with Christian fortitude.

She leaves to mourn her passing her husband, Mr. Alfred Kerr; two sons, Keith of Quebec and Raymond of Sherbrooke; a daughter, Mrs. D. G. Boulter, and son-in-law, Beverly and Dale Boulter, of Milby; her aged mother, Mrs. Melissa Colby; a sister, Mrs. Arthur Fairbrother, and Mr. Fairbrother, of Huntingville, and three brothers, Archie and Clifford, of Huntingville, and Philip, of Sherbrooke. Three brothers and one sister predeceased her.

The funeral service, which was largely attended, was held at St. Barnabas' Church, Milby, on April 25, and was conducted by the Rev. Canon A. B. Keiley, assisted by Rev. F. R. Matthews, of Lennoxville, who spoke comforting words to the bereaved family. Mrs. A. Allen presided at the organ. The choir, composed of members of St. George's Church, Lennoxville, rendered the hymns "Abide With Me," "Peace, Perfect Peace" and "Safe in the Arms of Jesus."

The bearers were Sam McHarg, Johnson Beattie, Ashley Burton, Alvin Allen, Weston Orr and Kenneth Hunting. She was laid to rest in Milby Cemetery.

The floral tributes were numerous and beautiful.

Relatives attending from out of town were Mr. and Mrs. A. Fairbrother and son, Wendell, and Clifford and Archie Colby, of Huntingville; Mr. and Mrs. Chester Colby, of Sherbrooke; Mrs. Clarence Tincare of East Angus; Miss Leona Colby, of Montreal; Mr. Mary Kerr, Mrs. Lyster Wootton and son, Harold, Mr. Jack Drennan and son, Claude, and Mr. and Mrs. W. Drennan, all of Cookshire.

# LOCALS WIN OVER QUEBEC BY 5-1 COUNT

## Maloney Robbed Of No-Hitter Against Tigers

Babe Drisko, Last Man to Face Johnny Maloney, Rookie Right-Hander, Hits Clean Single to Spoil No-Hit Effort as Red Sox Beat Drummondville 3-0—Charlie Mistos Holds Athletics to Four Hits in Ancient Capital.

Maybe there's consolation for Johnny Maloney in the fact that if he comes any closer to a perfect game next time out, his name certainly will go down in baseball's mythical Hall of Fame.

For the rookie Granby Red Sox right-hander came as close as could be last night to hurling a no-hit, no-run, game without doing it. In fact, he needed only one more pitch to end the contest when Babe Drisko of Drummondville spoiled things with a clean single.

That was the only hit of the game, however, and Maloney at least gave Granby a 3-0 shutout over the Tigers by retiring the next man for the final out. The victory kept Granby in a virtual second-place tie with Sherbrooke, who meanwhile whipped Quebec Athletics, 5-1.

Maloney, just up from amateur ranks, was performing before the

hometown Granby fans in his initial start. He retired the first 26 men with no hits and only four walks to save a 3-0 lead which his teammates gave him in the initial inning.

He had two strikes on Drisko, who would have been the final out, when the Drummondville outfielder picked the next one for a clean single through the pitcher's box.

At Quebec, meanwhile, Sherbrooke coupled five hits with five Quebec errors to defeat the Athletics, league champions last year.

Athletics, held to four hits by Charlie Mistos, shoved across their lone run in the eighth when Roland Gladu walked and Frank Mader and Sutfcliffe singled.

Sherbrooke scored two runs in the second inning on a single, a walk and Johnny Spartachino's double and added another in the fourth when Camille Durand walked and sauntered home on Frank Joubert's single.

Two errors, two hits, a base on balls and Spartachino's fly accounted for their final two flyers.

## GALEN SIGNED TO PERFORM IN LOCAL UNIFORM

Peppery Ex-Sorel Catcher Added to Sherbrooke Baseball Nine—Batted at .279 Clip in 72 Games Last Year.

Newest addition to the Sherbrooke entry in the Provincial Baseball League is none other than Art Galen, peppery star of many a Provincial loop campaign with the mighty Sorel nine that ruled the roost for several years until Quebec Athletics knocked them off the top last year.

Galen a flashy catcher has been one of the circuit's most popular players for years. Small in stature he is quick as a cat behind the bat and full poms anywhere near him are tucked away in his glove in a flash.

He has always batted near the top of the list for Sorel, and is noted for his ability to come through with a base hit when it is most needed. He may be used in an outfield position with the local nine when not sharing catching duties.

With Sorel last year Galen hit for .279. At 265 times, he hit safely 74 times and scored 35 runs. Thirteen of his pokes were two-baggers and he also cracked out one triple and one home run. His runs-batted-in numbered 38.

Playing every one of the team's 72 games, Galen made 351 put-outs and had 54 assists, more than any other catcher in the circuit. He figured in five double plays and made only eight errors. His fielding average was .981.

Eddie Albertson was expected to arrive today. It is believed Albertson will take over shortstop duties, with Red Durand shifting over to second base. If Galen and Albertson are not in shape, it will be a few days before they will break into the line-up.

## New Jersey Nightstick K.O.'s Joe Louis And Maxie Baer With Verbal Blasts In Dressing Room Combat

Antonio Dominick Galento Tells Why Galento Is Greatest Fighter in World Chatting with Notables Prior to Refereeing Main Bout on Arena Wrestling Card—Will Knock Out Baer in Two Rounds and "Get Louis Quick Next Time."

(By Allan Bryce) Fortified by a healthy bottle of beer which he waded in his right hand while he prowled around the dressing room taking playful pokes at his manager, Harry Mendel, Yvon Robert, and Leo Lefebvre, Antonio Dominick Galento, leading contender to Joe Louis' heavyweight boxing championship, held open house prior to entering the arena ring to handle the main bout of Albert Kouris' wrestling card.

Tony's big right paw was busy. The New Jersey Nightstick was introduced to all the grappers in the room, to Alderman Alex Ross, of the local Athletic Commission, city Clerk Antonin Deslauriers and Deputy Chief Percy Donahue of the local Police and Fire Department. Others surrounding the portly puncher were Elmer Ferguson, sports editor of the Herald and a member of the Montreal Athletic Commission, and Eddie Quinn, Montreal matchmaker.

A roly-poly giant, Two-Ton Tony was in a talkative mood—as usual—and he told the boys just what he was going to do to Joe Louis and Maxie Baer, gave his opinion of several of the top-rank pugilists and also threw in a crack about the condition of the highway between Sherbrooke and Magog.

Rolling into his dressing room after a hurried dash out from the metropolitan, Signor Antonio proceeded to comb into his refereeing togs. Everything went O.K. until he came to the problem of getting a belt around his massive midriff. A 38" belt absolutely refused to meet around Tony's prominent stomach, but that problem was solved when two belts were tied together.

Yeah, it's wicker then. Rouge 10 in Josey," muttered Galento as he laced up his shoes. Asked by "Fergie" if he'd like to do his roadwork on the Sherbrooke-Magog stretch, Two-Ton segged to be excused.

When the conversation got around to his next opponent, Maxie Baer, against whom he will climb between the ropes on July 2, Galento snorted. "I'll knock dat bum out in a couple rounds." While he wouldn't say that Maxie would be afraid of him before they came to grips, Tony claimed confidently that when he starts throwing leather in the direction of the Californian playboy it will be just too bad. "I'll make him told up, I'll get him in two at the most."

And then Two-Ton trained his verbal artillery on Champion Joe Louis. "I'm going to get Louis quick next time. I had him licked last time we fought. He couldn't hurt me. I had him twice, in the first and the third. Why, I'll molder da bum."

Remembered that Joe had K.O.'d him the last time, Galento said Louis had hit him when he was wide open and off balance. "I got a cut on the eye, and besides about fifteen guys were

## EDDIE COLLINS IN STAR ROLE FOR BALTIMORE

Son of Boston Red Sox' General Manager Hits Two Singles and Makes Spectacular Catch as Orioles Rout Chiefs 7-1.

In looking over the major league prospects on the rosters of the International League baseball clubs this season, don't overlook Edward Trowbridge Collins, Jr., whose dad was some shakes as a ball player a few years back.

Eddie, who is playing centre field for Baltimore Orioles, was a .400 hitter at Yale. Instead of joining up with Boston Red Sox, where Eddie Senior is general manager, he struck out for himself with the Athletics, where his father started. Last season Collins got into 32 games with the A's and hit only .238. So Connie Mack decided to send him to Baltimore this year, where he could get more experience.

Eddie hasn't developed into one of those fence-busting hitters that are a Baltimore specialty, but he's holding his own at bat and doing a bit more in the field. With the aid of two singles he garnered in last night's 7-1 victory over Syracuse Chiefs, he is hitting .296. His principal contribution to last night's game, however, was a spectacular ninth-inning catch that started a double play.

The Birds couldn't gain an inch in the pennant race, for their principal rivals, Rochester and Jersey City, both turned in 7-5 victories. Rochester's league-leading Wings whipped Buffalo Bisons for the third straight time while the Jersey Giants conquered their favorite enemies, Newark Bears.

Toronto and Montreal were idle.

## Robert Flattens Rudy Dusek In Main Bout On Arena Card

Wrestling fans who shelled out a few shekels last night were treated to the best card to hit Sherbrooke for many a moon. They saw four exciting bouts between top-flight figures of the mat world and had as an added attraction Tony Galento, leading contender to the world's heavyweight boxing championship, tossed into the ring to officiate in the main event between Yvon Robert, sunburned Montreal giant, and Rudy of the family Dusek, of Omaha, Nebraska.

If they went to the bouts expecting to see Two-Ton swing out to curb the antics of the badmen, they were disappointed. They did, however, get a good look at the ponderous New Jersey barkeep as he danced about the ring with surprising alacrity although tipping the beam at 248 pounds and waved an admonishing finger at Dusek when the Omaha assassin stepped over the bounds of the elastic rules and regulations governing the game of grunt and groan.

Tony seemed to enjoy the bout. So did Mrs. Galento, who sat in a ringside pew with Harry Mendel, Galento's new manager. The fans enjoyed it too, particularly because Robert, after enduring Dusek's foul tactics for some time, turned on his tormentor and knocked him silly with a series of elbow smashes, falling on him at the 12-minute mark to bring the curtains down on the programme.

In the semi-final, which, like the main attraction was a one-fall to a limit scrap, Leo Numa, blond giant from Seattle, Wash., who yesterday was recognized as world's champion by the Montreal Commission, was carried through 41 minutes of close grappling by Jimmy Coffield, of Kansas City. The boys started off cleanly and obeyed docilely the instructions of Referee Lou Kelly, but as the minutes ticked off the lads forgot their manners and really went to town. Numa finally got the upper hand and rendered his opponent hors de combat.

The second bout of the evening provided the most fireworks, and was the most entertaining on the programme. It brought together "Dynamite" Joe Cox, 235-pound monster from Missouri, and Leo

Yvon Robert, Montreal, threw Rudy Dusek, Omaha, Nebraska, 42 minutes.

Leo Numa, Seattle, Wash., threw Jimmy Coffield, Kansas City, 41 minutes.

Joe Cox, Missouri, and Leo Lefebvre, Montreal, drew, 30 minutes.

Jean Pusie, Montreal, and Maurice Robert, Montreal, drew, 20 minutes.

## YANKEES CRUSH WASHINGTON IN DOUBLEHEADER

Senators Humbled 12-4 and 3-1—Champs Have Won Six of Last Seven Games, Leaping from Cellar to Fourth Place.

Without fanfare or fireworks New York Yankees have arrived back in the first division of the American League and apparently have finally found the trail that can lead to their coveted fifth consecutive world championship.

The Yankees humbled Washington Senators 12-4 and 3-1 in a doubleheader yesterday to attain six victories in their last seven games—in fact, nine victories in 12 games since that demoralizing eight-game losing streak.

Today New York is only 6 1/2 games out of first place and easily can be riding the crest before the Fourth of July if they can maintain a pace resembling their present efforts. They will play three games with the league-leading Boston Red Sox tomorrow and Friday and this series will determine whether the Yankees' advance is to be swift or slow.

In substituting the Senators the McCarmhens tallied 12 runs on 14 hits in the first game with Bill Dickey and Joe Gordon getting home runs. Rookie Marvin Brauer limited Washington to seven scattered hits in the second game.

The Red Sox tightened their hold on first place by beating Philadel-

phia Athletics 4-1 in a night game after the second-place Cleveland Indians had lost to Detroit 8-5.

Boston got six of its 14 hits in the last two frames to break a 1-1 deadlock that Dennis Galehouse and Johnny Babich had pitched at each other. Good relief pitching by Al Benter enabled the Tigers to trim the Indians after Cleveland jumped on Hal Newhouse for four runs in the third.

The Yankees' leap from sixth to fourth place was made possible by Chicago White Sox dropping both ends of a double-header to St. Louis Browns 10-9 and 7-5. Both games were free-hitting affairs with two teams rolling up 50 hits, including seven home runs, during the afternoon. George McQuinn got two of the homers.

In the National League, Cincinnati Reds dropped a 5-2 decision to Pittsburgh, their first loss to the Pirates this year, and slumped into second place. Max Butler held the Reds to five hits.

Chicago Cubs were shut out by St. Louis Cardinals 5-0 on the four-hit hurling of Max Lanier, while Brooklyn Dodgers cut down the Phillies 4-2 for their fifth consecutive victory without defeat. This was a night game.
