TORNADO TAKES HEAVY TOLL OF LIFE, PROPERTY

World News In Brief

Athens, June 18.—(P)—A 24-hour general strike proclaimed by the Leftist General Confederation of Labor to protest emergency measures of the Right Wing government, went into effect this morning one hour before Parliament formally approved the drastic new laws after an all-night session.

Only 25 dissenting votes were cast against the measure, which invokes the death penalty for action against the state and establishes summary civil and military courts to stamp out disorders. One hundred and thirty-four voted in favor.

Buenos Aires, June 18.—(Reuters)—A report published in Brazilian newspapers that the defence of the western hemisphere would be entrusted to Canada, the United States and Argentina, has caused "a painful surprise" to the Argentine government, Dr. Juan Atilio Barmuglia, Argentine Foreign Minister, said at a press conference last night.

Gen. Carlos von der Becker, Argentine chief of staff, was quoted as formulating this defence plan in a report to General Eisenhower, United States Army chief of staff.

Dr. Barmuglia emphasized that Gen. von der Becker had no official mission and that hemisphere defence could not be carried out without the active participation of a country like Brazil.

Ottawa, June 18.—(C.P.)—The integrated housing plan, under which financial assistance is provided to builders for construction of low-cost houses for sale has been extended by Order-in-Council to include duplexes, Central Mortgage and Housing Corporation announced today.

Revision of the plan is intended further to encourage new residential construction, particularly in the province of Quebec where houses containing two family units, built one above the other with separate entrances, are popular.

A specialized application of the National Housing Act, the integrated housing plan provides for pre-determined maximum sales price, materials assistance, a Dominion government guarantee to purchase in the event of non-sale, and sales preference to veterans.

Reviewing progress under the plan, Central Mortgage and Housing Corporation today reported it has completed 27 projects, involving the construction of 1,942 units, have been approved. Of these, work has been started on 14 projects calling for 1,274 units. Nine other projects, with 219 units, are under consideration, making a total of 36 active projects, calling for 2,161 houses.

London, June 18.—(C.P.)—The British Communist Party, in a statement yesterday, pledged itself "to rally the people to reverse the government's present policy before it is too late."

Higher Food Prices Face United States Housewives

Washington, June 18.—(P)—Housewives in the United States are confronted with higher prices for butter, cheese and evaporated milk and prospects of slightly smaller supplies of meat, poultry, eggs, wheat products and dried fruits.

The higher prices were set by the Office of Price Administration, following earlier increases on milk, bread and other food.

The shorter supplies of other items during the next 12 months were forecast in a report by Agriculture Secretary Anderson.

It is said, however, that canned fruits and vegetables will be more plentiful than during the year ending June 30. Supplies of other foods will be about the same.

The price increases are 11 cents a pound for butter, six cents for Cheddar cheese and one cent on a 14-ounce can of evaporated milk.

Price of butter has varied between 45 and 55 cents a pound in many large communities with Cheddar cheese varying widely in price according to grade of produce and area in which consumers are located. Standard cost of evaporated milk now is 10 cents a 14 1/2 ounce can.

The retail increases go into effect, the O.P.A. announced, with

Windsor - Detroit District Hard Hit By Violent Storm

Windsor, Ont., Lightless and Powerless Today, With Scores of Its Homes Wrecked, Many Dead and Injured — Search for Victims Carried on in Rubble of Suburban Homes.

By FRASER MacDOUGALL, Canadian Press Staff Writer
Windsor, Ont., June 18.—(P)—This Western Ontario centre, home of more than 120,000 people, was a paralyzed city today, lightless and powerless, scores of its homes wrecked, perhaps a score of its people dead, and unknown numbers injured.

Through its western areas of Ojibway and Sandwich, Windsor was struck last night—struck with almost atomic suddenness—by a tornado that whirled in from the north over the Detroit river, flattened a fatal track through Ojibway and Sandwich, travelled in an arc around the southern outskirts of the city, and vanished over Lake St. Clair.

Central Windsor itself was not touched. The funnel of atmospheric violence, a pure freak in these northern temperate latitudes, swirled across the river and circled the city. But 13 dead had been identified from Sandwich and Ojibway—as well as a lesser number on the American side in Detroit's River Rouge—more than 100 were under treatment in Windsor's hospitals, and the search for the dead and the injured went on in the rubble of suburban homes.

Red Cross Rushes Aid To Storm Area

London, Ont., June 18.—(CP)—Officials of the Ontario Government and many municipalities with the Red Cross today combined to rush aid to the tornado-stricken Windsor area where more than a score of persons lost their lives last night.

The tornado with its tragic toll added millions of dollars in property damage to the \$1,000,000 damage estimated to have resulted from two severe electrical storms that earlier swept wide areas of farmland not far north of the tornado area. Three had been listed as dead in the earlier, less violent storms, which chiefly damaged the rich Erieau onion-growing territory.

The Canadian Red Cross marshalled all its forces to pour aid to the area where American Red Cross and Michigan State agencies also were working.

Ontario Deputy Health Minister, Dr. J. T. Phair, said that anti-tetanus serum and typhoid vaccines were sent to the Windsor area last night and a district engineer was ordered to report on the condition of the water supply.

Dr. Phair said he had talked to Windsor's medical officer—Dr. John Howey—and had been informed that while things were "under control," there was only a limited supply of water in the reservoir at Windsor. Nevertheless, there was no intention of proclaiming a state of emergency.

SEVEN GRANBY MEN REMANDED

Sweetsburg, June 18.—(P)—Preliminary hearing for seven Granby men, former employees of Shefford Woollens, Ltd., on charges arising from the abduction a week ago of Ben Hecht, plant manager, was set for June 21 when they appeared in Magistrate's Court here today before Judge Anatole Gaudet, of Sherbrooke.

The accused are Real Noel, Antonio Dextradeur, Roger Paquette, Oliver Brault, Claude Levesseur, Jean-Louis Jacques and Adrien Lussier.

The British Army, meanwhile, continued to question the 62 male residents of the village of Beth Haavara, on the Dead Sea, in connection with the wrecking of the bridges. Twelve other men and two women, one of them with a bullet wound in her chest, also were under arrest.

Police dogs led troops to the villages, which they entered only after forcibly moving the male residents at bayonet point. Workshops in the Haifa Railroad

Chetnik Army Head Admits Collaboration

Radio Confesses Guilt Before Yugoslav Military Court But Claims He Had No Alternative.

By WILLIAM B. KING
Belgrade, June 18.—(P)—Radoslav-Rade Radic, former commander of a Bosnian Chetnik army unit, told a Yugoslav military court today that he collaborated with the Ustashi, Quisling army of wartime Croatia, but said he had no alternative.

Radic, who with Draza Mihailovic and 22 others is being tried on charges of collaboration and other war crimes, said the Chetniks "recognized the independent state of Croatia, but we knew it would not last long and we did it to gain time."

"I made an agreement not because I liked the Fascists and Germany but because I could not do anything else."

He later said that Uros Demovic, a Chetnik commander subsequently killed by Allied planes, actually made the agreement.

The court, however, read a document purportedly signed by Radic and the Ustashi commander agreeing to a joint fight against communism and Bolshevik bands.

Radic said he sent a letter to Mihailovic informing him he had organized the Chetniks in central Bosnia and asking instructions.

Q: Did you inform him of the agreement with the Ustashi?
A: Yes.
Q: Did he answer?
A: He said it was good that we made the agreement but we should beware of the Croats that they don't deceive us. He said he approved the fight against the Communists.

Radic said he started as a partisan but switched to the Mihailovic group when the two forces split into rival groups.

Q: Did you actively fight with the Ustashi and the Germans against the National Liberation Army?
A: Yes, but not under German command and not with them.

U.K. Officers Are Abducted By Terrorists

Nine Jews Killed in Pitched Battle With British Troops in Holy Land Riots — Explosives Used.

Jerusalem, June 18.—(P)—A reliable informant said four British officers were kidnapped today from an officers club at Tel Aviv by a dozen Jewish extremists armed with tommy-guns.

Jerusalem, June 18.—(P)—The government announced that nine Jews were killed last night in a pitched battle with British troops at the central railway shops in Haifa, raising to 18 the number of deaths in the spreading wave of terrorism in Palestine.

The raiders set off 15 explosions in the rail yards and escaped over heavily mined roads.

The official announcement said five persons, including two women, were injured seriously and that 14 men and a woman were arrested.

Five of the Jews were killed when a civilian truck carrying a road block in the Haifa Bay area. No casualties were reported among British army personnel.

Previously, the government announced that six Jews were slain Sunday night in attacks during which all Palestine's frontier bridges were wrecked. A British officer and two British soldiers also died, the officer while dismantling a mine under a bridge and the two soldiers in a clash with Arabs.

The British Army, meanwhile, continued to question the 62 male residents of the village of Beth Haavara, on the Dead Sea, in connection with the wrecking of the bridges. Twelve other men and two women, one of them with a bullet wound in her chest, also were under arrest.

Police dogs led troops to the villages, which they entered only after forcibly moving the male residents at bayonet point. Workshops in the Haifa Railroad

U.N. Powers Disagree On Spain Move

Australia Seeks Aid of Russia and United States in Opposing U.K. Effort to Halt Diplomatic Break.

New York, June 18.—(P)—Australia turned to Russia and the United States today for support in opposing a British effort to knock out a majority-approved recommendation of the United Nations Security Council for a collective diplomatic break with Franco Spain.

Britain urged Monday that the council send a report on Spain without recommendation to the general assembly in September and suggested that the court of international justice be consulted on the legality of any action against the Franco regime.

The proposal, laid before the council by British delegate Sir Alexander Cadogan, met immediate opposition from Australia, France and Mexico. When the council reconvenes today, United States delegate Herschel V. Johnson is expected to add his voice to those who already have spoken against the British plan. His position was affirmed by an American spokesman.

In the face of continuing Russian impatience with any move which would delay action against the Franco regime, Australian delegate Dr. Herbert V. Evatt appealed to Russian delegate Andrei A. Gromyko to go along with the council's "democratic majority" and withhold his power of veto.

Either Britain or Russia—for reasons at opposite extremes—could knock out further consideration of Spain by exercising the Big Power veto against a nine-power majority lineup already committed to approval of a United States compromise proposal for submitting the Spanish issue to a general assembly with a conditional recommendation for a break with Madrid.

Dr. Jose Giral, premier of the exiled Spanish Republican leadership who attended the debate as an observer, assailed Sir Alexander's plan as "absurd and contradictory" and said it was "hypocritical British double-talk."

Britain had declared that the Franco issue appeared to be an internal matter for the Spanish people to settle rather than a case for the United Nations.

The British position was sharply attacked by Dr. Evatt, the Australian Foreign Minister and chairman of the council subcommittee which investigated Spain.

Dominion's Labor Troubles Are Reviewed Before House

Ottawa, June 18.—(P)—A brisk debate on Canada's labor troubles, highlighted by requests for government intervention in the lake strike and the British Columbia lumber dispute, held the spotlight in Commons discussions yesterday.

The debate developed on a government motion to go into supply and British Columbia members on both sides of the House took the opportunity to call for appointment of a government controller to reopen British Columbia container factories forced to close because of the lumber tie-up.

C.C.F. members focused attention on the lake dispute and urged similar action to bring that walk-out to an end.

Labor Minister Mitchell reiterated his contention that "given the right degree of conciliation" neither of the disputes would have started and stressed that there was no short cut to settlement of disputes. It was impossible for him to be responsible for every labor dispute in the country.

While he made no definite commitment, Mr. Mitchell said he had not closed the door on the possibility of a controller to reopen the

B.C. box factories, which members said were urgently needed if vast food wastage was to be avoided.

Clarence Gillis (C.C.F.—Cape Breton South) brought the seamen's strike into the debate, charging that Montreal detectives hired by the shipping companies had wrecked poolrooms and restaurants in Cornwall, Ont., and placed the blame on the strikers.

Mr. Gillis said he had affidavits proving the detectives had been paid \$10 a day and were transported to Cornwall in trucks with instructions to wreck the poolrooms and restaurants and get out of the city as fast as they could.

He termed this the type of "invisible" government controlling shipping, packing and other industries which dictated financial policy and threatened to retard production if its wishes were not granted. The employers were protected by "barbed wire" while their gang wrecked property.

When the debate concluded, the house resumed discussion of Health Department estimates, which included an increase of \$1,100,000.

Ship-Owners Meeting May End Stoppage

Speculate as to Whether Government Will Take Over Strike-Bound Lake Vessels if Operators Reject Settlement Formula.

Toronto, June 18.—(P)—All along the St. Lawrence River and Great Lakes today seamen were awaiting results of a ship-owners' meeting here which might bring the 23-day-old lake shipping strike to an immediate end.

The operators were scheduled to meet to consider Federal Government proposals for settling the strike. The Canadian Seamen's Union had already accepted the proposals, put forward last Thursday by the Dominion Labor Department.

Speculation was rife as to whether the government would take over the strike-bound lake vessels if the operators failed to accept the settlement formula.

The proposals are: Inauguration of the eight hour day (four hours on and eight hours off) on lake vessels; rehiring all C.S.U. members employed prior to the strike; determination of a collective bargaining agency by a vote of crew members on all ships without C.S.U. contracts; and a government commissioner to act as a conciliator in negotiations for a new contract after the present one expires Aug. 1.

Three times during the strike, representatives of both parties have conferred with Dominion Labor Minister Mitchell at Ottawa, but none of the meetings has produced agreement.

Issuing of a summons against C.S.U. Vice-President Dewar Ferguson is under consideration following a charge against Mr. Ferguson by officials of the Canada Steamship Lines alleging violation of the Canada Shipping Act. The C.S.L. said Ferguson, a Toronto-aidman, attempted to persuade the crew of the C.S.L. passenger vessel Kingston to strike last Saturday during a waterfront appeal.

New Demands Made By B.C. Lumbermen

Immediate Hope of Settling 35-Day-Old Strike Fades as Loggers Seek Additional Benefits.

Vancouver, June 18.—(P)—Immediate hope of settling the 35-day-old strike of 35,000 British Columbia loggers and mill-workers faded today following new union demands which were promptly rejected by operators.

The International Woodworkers of America (I.W.A.—C.C.L.) executive council last night announced it would recommend immediate return to work on the basis of the Sloan report, providing two conditions were met:

1.—The Federal and Provincial government agree to conduct a referendum vote of the I.W.A. membership on a proposed "modified union maintenance clause";

2.—The employers agree to accept "the democratic decision of our membership" as expressed in a referendum.

"The I. W. A. decision settles nothing and merely prolongs the strike which could be so simply terminated by acceptance of the Sloan recommendations," said R. V. Stuart, spokesman for the operators.

"The operators have flatly rejected the principle of compulsory union membership."

The new clause which the I.W.A. proposed would require that the union be represented by an official from its Washington headquarters, the company was understood to be willing to sign an agreement. This was provided the two leaders remained out of future dealings with the company.

Anthony Valente, U.T.W.A. international president, was expected to arrive here from Washington some day this week, when it was believed he will be invited to the group conference.

Picketing, meanwhile, was maintained at the four Montreal plants involved, and at the Valleyfield, Que., plant of the subsidiary Montreal Cottons Limited—employing a total of 6,000 workers. A company spokesman said there was production on a small scale in Montreal, and that a few workers had reported at Valleyfield.

The union is asking a labor court, and committed to the institute, to order a shorter work week.

Textile Men Will Convene In Peace Try

Montreal, June 18.—(P)—Although no perceptible step towards settlement of the 17-day-old strike at five Dominion Textile Company mills was evident last night, Labor Minister Barrett was reported making efforts to bring together company representatives and international officers of the United Textile Workers of America (U.T.W.A.) some time this week.

With the two union leaders to whom the company objects—R. Kent Rowley, Canadian representative, and Madeleine Parent, organizer for the U.T.W.A.—prepared to withdraw from preliminary negotiations and permit the union to be represented by an official from its Washington headquarters, the company was understood to be willing to sign an agreement. This was provided the two leaders remained out of future dealings with the company.

Prosecution Ends Murder Hearing

Vegreville, Alta., June 18.—(P)—The Crown yesterday rested its case in the murder trial of Harry Shire, 41-year-old farmer of the Vegreville district, 67 miles east of Edmonton, when he appeared before Mr. Justice G. B. O'Connor and a six-man jury for the slaying eight years ago of his son and a niece, Florence Wasalasko.

Shire, who was released early this month from an Alberta mental institute to face trial, was arrested in Killam, Alta., in July, 1938, four days after the alleged slaying in which his wife, Florence, and a brother-in-law, Peter Antonuk, were seriously wounded. In August, 1938, he was declared insane and committed to the institute.

The operators were scheduled to meet to consider Federal Government proposals for settling the strike. The Canadian Seamen's Union had already accepted the proposals, put forward last Thursday by the Dominion Labor Department.

Developing Fantastic Weapon As Defence Against A-Rocket

Washington, June 18.—(P)—The United States Army lifted the edge of a blueprint today to disclose a fantastic weapon that may develop into a defence against atomic rockets or armored space ships laden with A-bombs.

It is a jet of molten metal which has an initial velocity of almost five miles a second.

Although still in the research and planning stages, the possibility of the horrendous new weapon has experts in the army ordnance department enthusiastic. They concede that adapting it to a robot anti-atomic sky defence is going to take a bit of doing, however.

Maj.-Gen. Everett S. Hughes, chief of ordnance, is of the opinion the high explosive bullets and projectiles that fighter pilots pumped into enemy aircraft probably will be replaced in a few years by the new high speed metallic jet, traveling at an initial velocity of 25,000 feet a second.

This molten metal jet—comparable in a way to what jumps out of a tooth paste tube when squeezed, a patient ordnance

spokesman explained—would travel at such a high speed that it couldn't be deflected. That is, it would go right through the armor plate of a plane flying an atomic bomb. Or it could punch an atomic rocket right on the nose.

If the jet travels at 25,000 feet a second—and that speed is known to be possible—the spurting flash of molten metal could catch up with a V-2, for it travels at only 5,000 feet a second. A bullet lags at 3,000 feet a second. Sound drags along at 1,200 feet a second.

Col. Leslie E. Simon, director of the Ordnance Department's ballistic research laboratory at the Aberdeen proving ground in Maryland, said rapid strides are expected in the immediate future toward an understanding of the possibilities of "high speed metallic jets produced by shaped charges."

The jet-firing mechanism is envisioned as an airplane weapon. First, it would hurl out a rocket to be guided by radar or drawn by electronics to its skyborne enemy target. As it closed in, it would let go with a stream of molten metal.

'BlueFlashes' Like Bombs, Pilot Says

Cleveland, June 18.—(AP)—Ray Milner, airline pilot, who first reported the tornado which cut through Sandwich in the City of Windsor, after striking at River Rouge, Mich., a Detroit suburb, killing at least 20 persons and injuring more than 100, declared early today that the "twister" covered the ground "with blue flashes like the pictures of bombs bursting."

"It was ripping through power lines and the ground was covered with blue flashes like the pictures of bombs bursting," he said.

"I could see it crumble buildings when it hit the ground, and it would pick up other objects and whirl them around."

The course of the P.C.A. airliner would have crossed the path of the tornado but Milner saw another thunderstorm and changed his course, he said.

"The twister was moving with terrific speed," he said. "I have seen tornadoes in West Texas where we really have them, but this was the worst I have ever seen."

SHERBROOKE, QUEBEC, TUESDAY, JUNE 18, 1946.

New Industry Will Establish Plant On Training Camp Site

A new industry for Sherbrooke, manufacturing synthetic leather and plastic articles and providing employment for an original twenty to thirty hands, will be established on a part of the present site of the Lord Sherbrooke Training Camp on the Drummond Road as soon as the City of Sherbrooke has purchased the buildings from the War Assets Corporation.

The Bemis Associates Inc., of Watertown, Mass., have agreed to establish a factory on a lot 263 feet wide on Drummond Street, by about 535 feet in depth and take over the buildings already erected for a sum equal to eight per cent of the cost of the buildings, as established by War Assets Corporation.

At last night's council meeting, Mayor Bryant and City Clerk Antonin Deslauriers were authorized to sign the deed of sale as soon as a representative of War Assets Corporation arrives to accept the

RATEPAYERS TO BE ASKED BOND ISSUE APPROVAL

Sherbrooke ratepayers will be asked shortly to go to the polls to approve renewal of a bond issue of \$434,000 on the original \$475,000 sold in New York in 1918, as the result of a motion passed at last night's City Council meeting.

The motion asked that the City fathers fix a date for voting, decision likely to be made at the next committee meeting.

The bonds are payable in American funds and the aldermen are asking a two-year renewal to become effective August 1, 1948, interest at two per cent payable semi-annually. The original issue became due in 1943, at which time a renewal was taken out for an additional three years.

At a committee meeting prior to the open session, the city fathers voted \$5,500 for leveling and grading of St. Denis, St. Jean and Denaut streets in the West Ward and a petition signed by a number of residents in the vicinity of McManamy and Fabre streets requesting that Fabre Street be made commercial, was presented by Alderman Paul Hamel.

Must Be Individual Effort If World To Stay At Peace

A resolution supporting the plan to set aside June 26 each year as a "Day of Peace" and pledging the local organization to devote its efforts to the promotion of world peace was passed last night at the regular meeting of the Lions Club at the New Sherbrooke Hotel, and will be forwarded to headquarters of Lions International.

Theme of the meeting was "Peace," and the club heard a guest speaker Major John Bassett, Jr., who voiced the thoughts of ex-servicemen on the subject so dear to the hearts of Canadians and of all peoples of the world.

Willingness on the part of individuals to accept responsibilities in the interests of securing world peace, as they had accepted them to assure victory of the United Nations in World War II, and the application of the rules laid down in the Sermon on the Mount by the Prince of Peace were termed the surest ways to bring about a lasting peace, which, Major Bassett declared to be desired sincerely by people in all countries of the world.

Major Bassett said that among the veterans of the war there is an awareness that the conditions which will lead to another conflict are in existence, and a realization that their task was not ended when they laid down their arms. "If peace is to be attained permanently, our job is a continuing one," the speaker stated.

RAINFALL PUT 'PHONE CABLE OUT OF ORDER

For several hours this morning a number of local residents found their telephones "dead" when they lifted the receivers to make calls.

Flooding of a Bell Telephone Company cable because of a blocked sewer on Wellington Street opposite the Court House was learned to be the cause of the interruption of the usually good service.

A. J. Whalen, local Bell manager, said that the subscribers on a 200-pair cable were without service from shortly after two o'clock this morning until approximately nine o'clock, when the system was again placed in running order.

Last night's rainfall was measured at 1.57 inches on instruments at the Dominion Experimental Station, Lennoxville, and was termed one of the heaviest falls in some time.

There were no reports received of damage because of lightning, and officials of the Experimental Station did not expect that crops would be damaged to any great extent, although it was possible that grain seeds which had just been planted on some farms might be washed out if located on sloping ground.

Sherbrooke's fire signal system weathered last night's electrical storm without a hitch, Director of the Fire Department Percy Donahue stated this morning.

Quite often a severe storm will disrupt the delicate connections, creating a fire hazard since sunbombs for fire trucks are not then received, he noted, but there was no stoppage at all during the heavy disturbance early this morning.

By-Law Providing For Pay For City Council Members Will Be Submitted To Ratepayers Soon

Two by-laws, one providing for \$12,000 remuneration to members of the City Council, the other involving \$300,000 to be used for permanent works and purchase of road machinery, will be presented at a future session of the city fathers and later be put to a plebiscite. These facts were contained in notices of motions presented at last night's meeting of the council by Ald. Armand Fiset, chairman of the finance committee and general administration.

Both amounts are provided for in the annual municipal budget approved on April 15, the \$12,000 "for indemnity" to the council members being further prepared for by an amendment to the city charter a few years ago. At that time a clause in the charter provided such payments, but it was replaced by a provision for the payment on condition that it was passed by the council and then approved by the voters.

Although no member of the administration will comment on the appropriation, the general belief is

WILL ADDRESS FARM FORUMS

HON. A. C. TAYLOR, New Brunswick Minister of Agriculture, who will be the special speaker at the annual meeting of the Quebec Council of Farm Forums to be held at Macdonald College June 22.

Delegates from all sections of the Eastern Townships are expected to attend the rally, which will start at ten o'clock Saturday morning. Ralph Staples, secretary National Farm Radio Forum, will also address the gathering, and Dr. W. H. Brittain, vice-principal of Macdonald College, will give the speech of welcome.

NECESSITY OF REVISING OLD POLICIES SEEN

Warning to the public to check and revise fire, automobile and casualty insurance policies, in order to be sure that they are adequate in the light of increased and increasing prices and costs, was issued today by R. de Grandpre, of Montreal, president of the Canadian Underwriters' Association.

"I believe it to be my duty to draw attention to a serious situation of which the public appears to be unaware, though we who see insurance claims everyday, are constantly reminded of it," said Mr. de Grandpre. "Insurance, to fulfill its true function, must be sound protection from the eventualities against which it is written. What I have to say is said essentially as a public service."

"Fire, automobile and casualty insurance policies, unless they have been very recently reviewed, will not provide sufficient money for the insured, when a claim is made, to enable him to do the things he planned when the insurance was placed," he continued.

"The reason for this is very simple. Purchasing prices and replacement costs have risen and are still rising. The man who insured his home for \$5,000 may find that it would cost him \$8,000 to replace it today on account of the advance in construction costs, which is common throughout Canada. This may vary, fractionally, in various areas, but it is safe to say that many Canadian properties are under insured by as much as 45 per cent."

BOY SCOUT NEWS

FIFTH SHERBROOKE TROOP
 Under their skipper, Earl Turner, the 5th Troop met on Friday evening on Mitchell Street. Twenty-two boys were present at the meeting. The program included Relay games and instruction in 1st Class, height and distance judging, Tenderfoot, signalling, Morse by lamp, trail laying, etc. An investiture was held in which four boys were admitted into the brotherhood of scouts, Dick Varney, Roger Neilson, Doug Knox, Charlie Buckland. Also present at the meeting was Scouter Dick Pearson.

Also on Friday, the Mother's Auxiliary and Group Committee held a joint meeting to discuss camp and their part in it. On Wednesday night a special meeting of the camp committee was held at the home of the Skipper. The committee consists of P. L. Kent Smith, P. L. Bob Chapman, P. L. Dave MacIntyre and P. L. Jim Flinders and Akela Dick Pearson.

Their report is that arrangements are going ahead very satisfactorily for camp.

BOY SCOUT NEWS

SIXTH SHERBROOKE SCOTCH TROOP
 The regular meeting of the 6th Troop was held on Friday, June 14th, with an attendance of fifteen boys. A fine turnout was had and every boy was in full uniform. The meeting was under Scoutmaster Stan Loke and Assistant Scoutmaster Les Marshall. Games and instruction were featured on the program as well as a long discussion on camp. The main feature of the evening was a coming up ceremony in which Don Griffiths was welcomed into the troop. Former Scoutmaster George Loke, who has just recently been discharged from the forces, was a guest for the evening and gave the troop an interesting talk on camping. Two scouts passed their Second Class Badges, namely Donald and Norman Burns. The troop mascot was also present at the meeting.

After the meeting a court of honor was held in the troop den under the president, John Turnbull. Much business was discussed and camp played an important part in the discussion. Also on the list were the final plans for the forthcoming rally for Lady Baden-Powell. Another visitor for the evening was Merrill Smith.

CONTRIBUTIONS REQUESTED FOR CLOTHING DRIVE

The problem of the children in France, as well as in other countries of Europe that were ravaged by war and left in a state of hopeless chaos, is one of the most urgent that it is being sought to solve. Not only is there malnutrition everywhere, but the lack of clothing not only endangers their health but prevents them from attending school, or participating in any of the things that children in normal surroundings enjoy.

Letters being received from France give poignant force to the appeal which is being made by those organizing the National Clothing Collection to the Canadian people to include as many children's garments as possible in their donations.

The drive opened today and will run through until the 29th. The quota is one article from every man, woman and child in the district. Citizens of Sherbrooke and Lennoxville may have contributions picked up by telephoning Keene's Garage, 2820, Sherbrooke Laundry, 169, Hunting's Dairy, Lennoxville 235. Those in outlying points may bring in bundles to any one of these depots.

Committee in charge includes Forest T. Keene, chairman, Nelson Lothrop, Norrey Hunting, Lewis Rosenbloom, Bud Belmont and Eugene Lalonde.

"The shortage of children's clothing is appalling," wrote one correspondent. "It need not matter about sizes. We are able to alter or turn clothing so that it will be suitable for the children. Wool is almost non-existent. Shoes, underclothing, coats are needed most."

"Could you send flannellette or something to make night clothing and diapers for the baby?" pleads another. "We do no longer possess night clothing ourselves from which to make these things and the child is still wrapped in an old shawl at night."

"Could you get someone to help this family," writes one who is seeking to help those around her. "There are five children. The father was one of the hostages shot while the Allies were approaching Paris. He had worked for four years in the underground. The mother is ill with tuberculosis and the two older children are suspects. They literally are without clothing. The eldest boy is wearing a suit made out of an old army blanket which had worn thin, what was left of the father's clothing has been made over for the children."

ARRANGEMENTS FOR RECEPTION ARE COMPLETED

Final arrangements have been made for the ceremony at the Parade Grounds tomorrow night in honor of Lady Baden-Powell, Dame of the British Empire and World Chief Girl Guide, and the reception to follow in the officers' mess of the Sherbrooke Regiment at the William Street armory.

District Boy Scouts, Girl Guides, Cubs and Brownies will go on parade at seven o'clock, and Lady Baden-Powell will arrive at the Parade Grounds at seven-thirty, accompanied by Mrs. Ross Macdonald, Commissioner of Girl Guides, of Montreal.

Introduced by Mayor Guy Bryant, Lady Baden-Powell will speak briefly, and others who will speak are Mrs. L. Maskell, president of the local Girl Guides Association, Mrs. W. J. Johnston, divisional commissioner of the Guides Catholic Federation, Canadianne-Francaise, Clarence Blake, district scout commissioner, and J. O. Dube, Catholic scout commissioner.

A feature of the evening will be the presentation by the scout and guide organizations of money to Lady Baden-Powell for assistance to scouts and guides in the liberated countries of Europe.

French and English-speaking Cubs will give the Grand Howl, and songs will be sung in French and English by the Brownies. The march past will conclude the ceremony, with music being provided by the Harmony Band, and the parade will move off to the Armory.

HONORED BY U.S. ARMY
 Lt.-Col. T. L. Bullock, of Montreal, formerly of Sherbrooke, has been awarded the U.S. Medal of Freedom, according to an announcement by the Department of National Defence yesterday. Son of the late Hon. W. S. Bullock, M.C. of Roston Falls, Col. Bullock received the award for exceptional meritorious conduct in the performance of service in Italy from September, 1943, to October, 1945.

C.P.R. TRESTLE IS DESTROYED NEAR ORFORD

Orford, Que., June 18—A Canadian Pacific Railway wooden trestle over a ravine on the outskirts of this village caught fire shortly after the 11:30 a.m. train passed over it yesterday. It was believed that the fire was caused by a spark from the engine.

A Bell Telephone construction crew, stringing wires in the vicinity, noticed a spark smouldering after the train had crossed the bridge and put it out. Coming back from their lunch the men saw the trestle in flames and aided in extinguishing the blaze.

Trains were stopped and service disrupted until 3:30 p.m. yesterday as heat twisted rails and burned beams were replaced. Although the train schedule was continued in the afternoon, a C.P.R. section gang were still working on the scene last evening, it was reported.

TEACHERS ARE APPOINTED FOR E.T. DISTRICTS

Of the six helping teachers, first to be appointed in the Protestant schools of the Province of Quebec, two will serve in the Eastern Townships: Marguerite Brayne, of Macdonald College, has been appointed to Sherbrooke, and May Hexall, of Knowlton, to various schools of the district.

Duties of the teachers will be to go to schools and remain there for a week or two at the direction of the inspector in order to give whatever help and advice they can to teachers in the various inspectorates. One helping teacher has been appointed for each inspectorial district, with appointments dating from September 1, 1946.

Miss Ruth M. Low, who is at present with the Canadian Women's Army Corps, has been appointed assistant supervisor of English in the Protestant schools of the province. She will assist C. Wayne Hall, of Lennoxville, who has been supervisor of English since 1940.

Corriveau, future mother-in-law, and Mrs. J. Cardell, grandmother of the bride-elect presided at the tea table which was covered with a hand-embroidered linen cloth and centered with lilies-of-the-valley in a hand-painted china bowl and pink tapers in crystal holders.

The christening of the infant son of Mr. and Mrs. Herbert W. Coates, of Lennoxville, took place at the morning service at the Lennoxville United Church on Sunday, June 16, the Rev. Norman MacLeod officiating. The baby received the names, Leslie Allan. Later, Mr. and Mrs. Coates entertained at a luncheon party for relatives, and in the afternoon entertained at a tea for friends.

WOMEN'S CLUBS

ST. PETER'S JUNIOR W. A.

The final meeting for the season of St. Peter's Junior W. A. was highlighted by a missionary exhibit and program, with Africa, a topic of Junior study for the year, being one of the main subjects of interest.

The Juniors, under the leadership of Deaconess Christobel Bendall, made fine progress during the year. Among the exhibits were a large pictorial map of Africa, drawn and painted by the Juniors, a spatter painting of an African boy climbing a hill, a model of an African village, the Lord's prayer printed by hand in Hausa, the language of Nigeria, a missionary wall picture, "I wonder who He is?" and pictures of African animals and birds, also drawn by the Juniors.

The handicraft exhibition of articles made by the Juniors during the year included plastic and woven table napkin rings, match strikers, waffle weaving (mats), hand-painted flower vases and finger-woven purses.

During the exhibition, Pauline Saunders and Lorna Ross enacted the meeting of two African women and exchanged brief remarks in Yoruba (West Africa). The Leader, Deaconess Bendall, then gave a highly interesting talk on African customs. This was followed by the recitation of two poems by Anne Savage, "The Little Negro Girl" and an Ashanti chant. The program concluded with the Juniors singing an Africa hymn in English to a Yoruba melody.

Tea was served by the Juniors. Mrs. W. J. Northey presiding at the lace-covered tea table, which was centered with a crystal vase of spring flowers.

DOROTHY DIX Environment and Children

Parents Accord Nice Homes, But Children Require Happiness

Out of the mouths of babes and sucklings proceedeth wisdom. A girl, who at the tender age of 18 is getting her first divorce, said to me the other day: "If our parents wish to keep us teenagers from marrying too young, they should make our homes happy so that we will want to stay in them. We know that we are not old enough to really know what love is. We know we are not fitted for the responsibilities of marriage, and we would like to wait and see something of the world and have some fun playing about, but we just get so fed up on being nagged by our parents, and being spied upon and denied all freedom, that we rush into marriage in the hope that it will be a way out."

"Some of us live in homes where our fathers and mothers are always fighting and screaming at each other, so that we are ashamed to have anyone come to our houses. Some of us are never permitted to have any company, and if anyone does come to see our parents sit where they can eavesdrop all the conversation, and they twist what they overhear into jokes with which to ridicule us."

PRYING MOTHERS

"Some of us have mothers who open our letters and read them before we ever see them, and just parties, or even to the movies unless they go with us and who force us to keep our dates at the drug stores and lie about where we have been."

"Sociologists are always asking why girls leave home, and parents think their daughters are crazy when they leave their big, comfortable houses to go and live with some other girl in a little two-by-four, miserable flat, and nobody can understand why the bobby-soxers can't even wait to get out of the school room to get married. But the answer is that they are trying to break out of homes that are jails. You never hear of girls who have peaceful, cheerful homes and cooperative parents who are not content to stay at home."

So said this girl, and she stated a truth that all too many parents completely ignore, and that is that if they wish to keep their little lambs safe in the fold and protect them from the wolves, they have got to make it a pleasant place in which to abide. It is the only way to keep them from jumping the fence in search of greener fields and pastures newer. It isn't enough to give children a good home. It has to be an entertaining and amusing place that can set up a fair competition with night clubs and bars.

What parents, strangely enough, seem not to appreciate is that their attitude towards family life makes the atmosphere of the home. If a father and mother love each other and are tender and considerate towards each other, it makes a wholesome climate in which the children grow up into being fine men and women. But if the father and mother quarrel like cats and dogs and say mean and cruel things to each other, it makes an air of strife and gloom out of which the children try to escape as soon as possible, or else become delinquents that are the great problem of our day. For it is easier to be good when we are happy.

Certainly for a teen-age girl to rush into marriage with a man she scarcely knows by sight, in order to escape tyrannical parents and get out of an unhappy home, is jumping from the frying pan into the fire; but it is what has brought a vast number of juvenile marriages and the subsequent divorces with which the courts are wrestling. And the message to fathers and mothers is plain: Make your home a happy one if you want to keep your children in it.

WHERE SMART YOUNG WOMEN SHOP

Bride-To-Be Given Kitchen Set At Young Women's Association Meeting

Waterville, June 18.—A pyrex shower was held at the home of Mrs. Fred Bell, with Mrs. Bell, Mrs. Celon Ball, Mrs. Mahlon Sutton and Mrs. Reynolds Westman as the joint hostesses, in honor of Miss June Reed, a bride-elect.

Upwards of twenty-five guests were present. After a social evening, featuring songs with Mrs. Arthur Bell at the piano, Mrs. Reynolds Westman presented Miss Reed with a gaily decorated basket of gifts for which she graciously thanked the guests.

Mrs. Robert Reed, mother of the bride-elect, poured tea at an attractive table decorated in yellow and white.

Delicious refreshments were served by the hostesses.

The out-of-town guests included Mrs. Annie Kelly, Mrs. Ernest Johnson and Mrs. Mahlon Sutton, of East Angus; Mrs. Louis Baratin, of Sherbrooke; Mrs. Reynolds Westman, of Bishopton, and Mrs. John Cowan, of Ives Hill.

A PRESENTATION

The Friendly Christmas Club met at the home of Mrs. Floyd Lowery. Five hundred was played at three tables, the prizes being won by Mrs. W. Davis, Mrs. Carl Ball, Mrs. Thomas Smith and Mrs. Raymond Fowler.

Mrs. Carl Ball on behalf of the members presented Mrs. Layton Dalton, who is leaving town shortly, with a sandwich tray and expressed regret at her departure.

Mrs. Dalton graciously thanked the members and wished the club every success.

Delicious refreshments were served by the hostess, assisted by Mrs. Serrisin.

The August meeting will be held at the home of Mrs. W. Davis.

General Notes

OBITUARIES

MR. ELE WHITURST PUGH, OF WATERLOO.

Waterloo, June 18 — Death removed one of Waterloo's well-known citizens, Mr. Ele Whiturst Pugh, familiarly known to his friends as Jack, on June 2, after a short illness.

The deceased was born in Part-ridge, Bishop's Castle, Shropshire, England, on February 6, 1889, coming to Canada about thirty-five years ago, and living in Danville, Drummondville and coming to Waterloo eighteen years ago in August.

He married Miss Gladys A. Cleveland, of Danville, and one son, Cleve, was born of this union.

Mr. Pugh was an employee of Mr. Joseph Macdonald, of Macdonald Metals and Plastics, and held the longest record of service of manufacturing concern.

The funeral service was held on Tuesday, June 18, in St. Luke's Anglican Church, with Rev. Sidney Wood, of Ville Emard, conducting the service. The choir, under the direction of the organist, Mrs. Murdoch MacIntosh, led in the singing of the two hymns, "Peace, Perfect Peace" and "Lead Kindly Light."

The casket, covered with the Union Jack and his Legion cap and medals was borne by six fellow members of the Waterloo Division of the Canadian Legion, of which the deceased was Sergeant-at-Arms, to the grave, where the Legion form of burial service was read by the president, Walter Readshaw, and every member dropped a poppy on the casket. Chester Mc-

Rergow played "The Last Post" followed by "Reveille."

The bearers included Messrs. J. S. MacDonald, Donald Macdonald, Harry Davis, R. B. Moyses, A. Victor Beale and Pete Ross. Interment took place in the Waterloo Cemetery.

Mr. Pugh leaves to mourn his loss his wife; his son; a brother, Harry, of Montreal; a sister and brother-in-law, Mr. and Mrs. A. Heroux, of Montreal; a niece, Mrs. Paul Pullum, of Montreal; a sister and brother-in-law, Mr. and Mrs. Alfred Gauthier, of Drummondville; a brother-in-law, Mr. Ralph Cleveland, of Drummondville, and an uncle, Mr. C. McKeage, of Melbourne.

MRS. MARION HULBURD OF EAST FARNHAM

East Farnham, June 18 — The death occurred at the Brome-Missisquoi-Perkins Hospital, Sweetburg, on Thursday, May 30, of Mrs. Marion Hulburd, widow of Mr. Frank Hulburd, who predeceased her a little over a year ago.

Mrs. Hulburd was the eldest daughter of Jacob and Maria Ellison and was born on April 2, 1866, in East Farnham, where she spent the greater part of her life.

She leaves to mourn her loss, one son, Mr. W. C. Hulburd, of Montreal; one daughter, Mrs. H. H. Henderson, of Coronach, Sask.; one brother, Mr. Fred Ellison, of Brigham; one sister, Mrs. Clara Armstrong, of East Farnham; and four grandchildren.

A short funeral service was held at her home on Saturday afternoon, June 1, at which Dr. S. W. Boyd, officiated.

The bearers were Messrs. William Beach, William McCulloch, Raymond Hall and Stewart Hawke. Interment took place at Riverside Cemetery, beside her husband.

MR. ARTHUR PAINCHAUD, OF MONTREAL, FORMERLY OF KINGSEY

Kingsley, June 18 — Mr. Arthur Painchaud, of Montreal, passed away at his home in Montreal. He was sixty-two years of age. Mr. Painchaud was a member of a large family of lumber merchants and for twenty years he was the managing director of the Canada Flooring Company, Ltd., and a short time before his death he was appointed president of the company.

He spent his entire life in the lumber business, being a former president of Lavolette-Barbeau Ltd., and a former partner of Painchaud and Freres.

He is survived by six brothers, George, of Las Saguenay; Rodolphe, of Shawinigan Falls; Elphège, of Estouville; Julien, of Cabano; Nestor, of St. Felix de Kingsley; and Henri, of Montreal; and two sisters, Mrs. E. Lebel, of Montreal, and Mrs. R. A. Marcotte, of Richmond.

His wife, who predeceased him, was the former Almea Fredette. The funeral service was held at Notre Dame de Grace Church, with burial at St. Felix de Kingsley, his birthplace.

MR. JOHN FRANCIS PORTER, OF OTTAWA, ONT.

Richmond, June 18 — Mr. John Francis Porter, 49 years old, died in the Ottawa Civic Hospital.

Mr. Porter was born in Scotland and came to Canada when only seven years of age. He was educated at the Montreal High School and took a position as junior clerk in the Royal Bank of Canada, in Montreal. Later he was appointed assistant head of the Capital Stock Transfer Department at the head office of the bank. He then joined the staff of McDougall and Cowan, Montreal stock brokers.

Five years ago Mr. Porter moved to Ottawa to act as accountant with the Canadian Legion war services. He was later named Canadian representative of the India Supply Mission.

Mr. Porter was a member of Prince of Wales Lodge, A.F. and A.M., Ottawa, and of the Remembrance Branch of the Canadian Legion, Montreal. He was a veteran of the Great War.

He also was an active leader of the Boy Scouts of Montreal, being scout master for several years, as well as being superintendent of the Sunday School at St. Matthew's Church, Ottawa, for some time.

He leaves to mourn his passing, his wife, the former Annie Elizabeth Price, whose early home was in Richmond.

The Masonic funeral service was held at St. Matthias' Church, Ottawa, Ont., with Rev. Mr. Roach officiating.

The remains were brought to Richmond and rested at St. Ann's Church, where a funeral service was conducted by the rector, Rev. George Harrington. Hymns were rendered by the choir.

The mourners were Mrs. J. F. Porter and Mr. and Mrs. George Coles, of Montreal; Mr. and Mrs. W. Smith and Mr. and Mrs. G. Price, of Melbourne.

Mr. Porter was a son-in-law of Mr. and Mrs. G. G. Price, of Melbourne.

MR. ALBERT JACOBS, OF BROME.

Brome, June 18 — The funeral of Mr. Albert Jacobs took place on Saturday afternoon, June 1, from his late residence at Brome. His death occurred on Thursday, May 30, at the home of Mr. Walter Sweet at Knowlton, following an illness of one week's duration. He was in his ninety-second year. Rev. F. W. Geide, of St. John's Anglican Church, conducted the service.

The bearers were Messrs. Albert Beaton, E. W. Ray, David Tracey and M. E. Hastings.

Burial was made in the Anglican Church Cemetery at Brome, in the family lot. Floral tributes were numerous and beautiful.

He was the second son of Peter Jacobs and his wife, Julia Royea, and was born at Gilman's Corner on May 20, 1855.

He was first married to Miss Doris Soules and after her death he married Miss Della Copeland, of Brome, and the remaining years of his life were spent in Brome. Mrs. Jacobs predeceased her husband in 1944.

Although in his ninety-second year, the deceased enjoyed all his faculties. His keen memory and bright intellect never failed him. He was always present at the events of the day and enjoyed visiting and chatting with old neighbors and friends. He had always followed the carpentry trade and had many fine buildings to his credit both in Brome and the surrounding towns. He also excelled in finer work and made many beautiful pieces of house furniture and desks.

He was wonderfully blessed with good health until recent years.

Mr. Jacobs was of a quiet and retiring disposition and was active and industrious. He was a kind and beloved neighbor and a friend to all.

PTE. RONALD R. KIRBY, OF SUTTON JUNCTION.

Knowlton, June 17 — A military funeral was held in the United Church here on Thursday, June 6, at 2 p.m., for Pte. Ronald R. Kirby, son of Mr. and Mrs. Roy Kirby, of Sutton Junction.

The Rev. R. A. Mitchell was assisted in the service by Rev. Mr. Andrews, major and chaplain of the Canadian Forestry Corps.

Lieut. Riell, of Montreal, arrived in Knowlton on Wednesday, June 5, to make preliminary arrangements for a military funeral, which was attended by a detachment from M.D. No. 4, consisting of twelve men of a firing squad, six pall bearers and a bugler and the local Legion members and veterans.

The cortege to the Knowlton Cemetery, was one of the longest seen here in many years. After the committal service, a salute was fired followed by the "Last Post" and "Reveille."

MR. PIERRE MARQUIS, OF RICHMOND.

Richmond, June 18 — The funeral of Mr. Pierre Marquis was held at the church of St. Famille, Richmond.

The deceased died at his home on College street, at the age of seventy-two years. Rev. J. Lavallee, Rev. J. H. Coiteux, Rev. Racine and Rev. Tremblay officiated

MR. BERNARD MCKENNA, OF COOKSHIRE

Cookshire, June 18 — Many relatives and friends paid a last tribute of respect to Mr. Bernard "Barney" McKenna, who passed away on May 15, after an illness of three weeks.

Mr. McKenna was in his ninety-first year and was born in South Durham on September 4, 1855, a son of the late John McKenna.

He leaves to mourn his passing his wife, one daughter, Eva, Mrs. Stanley Wilson, of Sherbrooke; two sons, John, of Cookshire, and Edward, of Red Rock, Ont.; three sisters, Mrs. Belle Johnson, of Winnipeg, Man.; Mrs. Kate Murphy, of Boston, Mass.; and Miss Alice McKenna, of California.

One daughter, Mamie, passed away in July, 1943; also his sisters, Mrs. John Lane and Mrs. Edward Dyson, and Miss Jane Mc-

ed to her home and will be greatly missed by a large circle of friends.

The hymn, "The Lord Is My Shepherd," a favorite of the deceased, was sung, and the Psalm LXXIII, also a favorite, was sung in Gaelic by Mr. Angus A. MacIver, and Mr. Murdo Murray.

The bearers were her grandsons, Messrs. Raymond and Daniel Smith, and neighboring friends, Messrs. John C. Morrison, Angus A. MacIver, Hector MacIver and

MRS. MALCOLM SMITH, OF SCOTSTOWN

Scotstown, June 18 — Sympathy is extended to the family of Mrs. Malcolm Smith, one of the older and highly esteemed local residents, who passed away on Wednesday, May 15, after a brief illness, at her home here, at the age of eighty-five years.

The funeral service was held on Friday, May 18, at her late residence, which was filled with relatives, neighbors and friends to pay their last tribute of respect to the departed.

Rev. J. W. Smith, of St. Paul's Presbyterian Church, of which the deceased was a faithful member, conducted the simple but impressive service, basing his remarks on the text, "So teach us to number our days, that we may apply our hearts unto wisdom." Psalm XC-12, and paid tribute to one, who was of a quiet disposition and unselfish character and who possessed the happy faculty of making friends and retaining their love and trust. She was a good neighbor, a loving mother, devoted

Women's Church Association Meets At Private Residence In Danville

Danville, June 18.—The Women's Church Association of Trinity United Church met at the home of Mrs. Clement Leith with an attendance of forty. Due to illness the president, Mrs. Douglas Riddle, was absent and Mrs. A. W. Bishop, past president, was in the chair and conducted the meeting.

The meeting opened with the singing of "Just As I Am," followed by Scripture reading by Mrs. Bishop and prayer offered by Mrs. Mills. The minutes of previous meeting were read by the secretary, Mrs. Frank Perkins.

At the close of the business session, a hymn was sung with Mrs. Eunice Smith presiding at the piano. All joined in singing "For She's a Jolly Good Fellow," as Mrs. Bishop presented Miss Eva Johnston, a popular bride of the month, with a handsome end table with best wishes of the ladies of Trinity Church.

Miss Johnston though taken by surprise expressed her thanks in a gracious manner. The meeting closed with the Mizpah Benediction.

At this time a shower was held in honor of Mrs. Foggo. Mrs. R. H. Stevenson presented her with two large containers filled with overflowing with handsome useful gifts. Mrs. Foggo opened other gifts and after they were passed around so all could admire them, she thanked everyone in her charming manner for their gifts and kindness, not only at this time, but on previous occasions.

A dainty tea was then served by the following hostesses: Mrs. Lyman Morrill, Mrs. Arthur Denison, Mrs. Howard Laxson, Mrs. W. S. Hamilton and Miss Marjorie Denison, assisted by Mrs. Clement Leith, Miss Mary Leith and Mrs. Harold Snaden.

LADIES' AUXILIARY SPONSOR CARD PARTY

The Ladies' Auxiliary of the Canadian Legion, R.E.S.L., Branch 41, held an enjoyable card party at the home of Mr. and Mrs. Charles Webb on June 12th. Cards were played at twelve tables.

Each member asked her own guests and served refreshments at her table.

The first ladies' prize in bridge went to Mrs. Lorne Mitchell, and the gentleman's prize to Mr. Douglas McDonald, and the consolation prize went to Mrs. C. Gregory. The lucky chair prizes were awarded to Mrs. H. Gregory and Mr. Albert Olney. Five hundred

first lady's prize, Mrs. Arthur Paige, first gentleman's prize, Mr. Charles Webb, consolation, Mrs. Thompson. Lucky chair prizes went to Mrs. George Morrill and Mrs. Jennie Smith.

SHIPTON W. I.

Shipton Women's Institute met at the home of Mrs. A. C. Webb, Crown Street.

The president, Mrs. Paige, was in the chair and opened the meeting by all repeating the Mary Stewart Collect. The roll call was answered by "Naming a favorite book or magazine." Twenty-four members and three visitors were present. The minutes of the last meeting were read and approved.

The members decided to hold their annual picnic on July 20th at the home of Mrs. Curtis Leet. Those wishing to attend are to meet at Bunny's Restaurant at 2 p.m., each member taking a basket of refreshments.

The semi-annual meeting is to be held in Richmond at the Memorial Hall at 2 p.m. on July 13th. This branch has been asked to make salads and bring dish towels. It was decided that each member would give a donation of money to raise funds for the W.I. Mrs. A. C. Webb was appointed to collect. A donation of five dollars was given to the Red Cross Society.

Mrs. F. Perkins, convener of publicity, gave a short report. After which a basket laden with gifts for a kitchen, was presented to Mrs. D. Andrews, whose home was destroyed by fire recently. KNOW QUEBEC BETTER...

Two that Didn't Get Away Photo Courtesy Service de Cine-Photographie, Province of Quebec

Do you know Quebec? Do you know, for example, that our province is considered an angler's paradise? Atlantic Salmon, Sebago Salmon, Ouananiche, brown, rainbow, speckled, sea, red and grey trout, bass, dore, Muskalonge and Northern Pike... these fighters abound in countless lakes and streams within Quebec's four hundred million acre area!

Such superlative fishing is the gift of a bountiful nature plus a keen sense of trusteeship on the part of the people of Quebec who, by far-seeing legislation and individual example, practice true conservation.

Quebec is developing her many other rich resources with equal shrewdness. She leads in lumbering, pulp and paper, electric power and many essential industries. Agriculture, stimulated

by scientific education is expanding quickly. Canada depends on the people and facilities of Quebec as a source of the kind of co-operation that will make Canada great!

QUEBEC BUILDS FOR THE FUTURE

In 1608 Champlain brought the first colonists to Quebec. Today, Quebec's population is 3,000,000, her retail trade \$800,000,000.00 per year. She leads all Provinces in the production of hydro-electric power, textiles, lumber, newsprint, footwear, processed tobacco, asbestos and aluminum. Natural resources, agriculture and transportation are being developed wisely. And now, Quebec, her people deep-rooted in the love of their homeland, prepares to share with her sister Provinces, Canada's bright and glorious future!

Behind the Scenes

WAR ate up a lot of cotton—in military clothing, tents, tarpaulins, a thousand war uses—millions of yards of fabric, millions of pounds of yarn.

And, of course, war needs had to be served first.

Now that the war is over, it's the civilian market that's hungry for cotton—cotton for sheets and shirts, for dresses and underwear and for dozens of industrial uses.

The gap between supply and demand is world-wide. In Canada, though our mills are doing their utmost, it will take months for the cotton industry to catch up.

WE shall continue to distribute our production on a quota basis, playing no favourites.

WHY MUST YOU FIND A JOB, MOM?

WHEN a bereaved family is left without income, someone must find the means of paying for food, clothing and shelter. Often this responsibility falls on shoulders quite unfitted to carry it.

Life Insurance is a sure answer to the problem of providing a continuance of income. It enables a breadwinner to provide out of his current earnings for a guaranteed monthly income to replace those earnings in case of need. If he lives long, the same Life Insurance will provide an income for his retiring years.

There is no substitute for Life Insurance for the man who wants security for his loved ones and for himself.

WASH TUBS

How Do You Figure

BY LESLIE CURRIE

COAL IMPORTANT NOTICE TO ALL HOUSEHOLDERS

Owing to the protracted strikes in the United States mines, and also to strikes affecting Canadian Lake Ships, supplies of coal and coke for domestic use have been seriously curtailed. In order that there shall be a fair and equitable distribution to all householders, Order No. Coal 25 has been issued. This order covers the distribution to domestic consumers in Ontario, Quebec and the Maritime Provinces, and restricts use of coals of domestic quality by larger consumers. The most important clauses of this order are as follows:

1. CLASSIFICATION OF FUEL

For the purpose of this Order fuel is classified as follows:

CLASS "A" FUEL

I. United States anthracite coal in the following sizes—grate (broken) egg, stove, chestnut and pea;

II. Welsh anthracite coal—cobble, French nuts, stove nuts;

III. Any sized coke (except Bechive Coke), the largest (top) size of which will not pass through an inch and one-eighth screen;

IV. Low Volatile Coal—nut size and larger;

V. Briquettes—all kinds.

CLASS "C" FUEL

Any fuel which is not Class "A" fuel.

2. CONSUMER'S PURCHASE ORDERS FOR FUEL

I. During the period March 31st, 1946, to April 1, 1947, a consumer must not place purchase orders with coal dealers for more fuel for consumption in any premises than the total quantity of fuel consumed in the premises during the standard period, unless he has no knowledge of the total quantity of fuel consumed in the premises during the standard period, April 1, 1945, to March 31, 1946, in which case he must give the coal dealer with whom he places his order all the information the coal dealer may require to estimate the quantity of fuel needed for consumption in the premises until April 1, 1947; and the consumer may place purchase orders for a quantity of fuel not exceeding such estimate.

II. A consumer must give, for the use or information of the Coal Controller, to any coal dealer with whom the consumer places a purchase order for fuel, any information the coal dealer requires with respect to the following matters:

(a) the quantity of fuel consumed during the standard period in the premises to which the fuel is to be delivered;

(b) whether or not the consumer has any other purchase order or orders for fuel for the same premises placed with other coal dealers;

(c) if there are any such orders, the quantity of each class of fuel which has been delivered since March 31st, 1946, against such purchase orders and the dates of such deliveries, and the quantity of each class of fuel (if any) which remains to be delivered against such orders;

(d) the quantity of fuel the consumer has on hand;

(e) the type of burning equipment in use in the premises to which the fuel is to be delivered.

III. If required by the coal dealer, the consumer must give in writing over his signature the information set out in subsection (2) of this Section.

IV. A consumer who places purchase orders for fuel with more than one coal dealer must arrange with each coal dealer with whom such orders are placed for the fuel ordered to be delivered in quantities not exceeding those set out in Section 4 of this Order.

3. DELIVERY OF FUEL BY COAL DEALERS

QUANTITIES OF FUEL AUTHORIZED FOR DELIVERY. Until November 1, 1946, a coal dealer must not deliver to any consumer and a consumer must not accept delivery of, for use in any premises any more fuel of all kinds than the quantity which, when added to any fuel delivered since March 31, 1946, equals 80% of the normal annual requirements. Of this 80% there shall be no more Class A fuel than the quantity which, when added to any Class A fuel delivered since March 31, 1946, equals 60% of the normal annual requirements.

For Example: If you burn 10 tons of fuel, you may take delivery before November 1st of not more than 8 tons, of which 6 tons can be class "A" fuel.

4. SPECIAL RESTRICTIONS ON DELIVERIES OF Class "A" Fuel to Large Consumers

Without a permit in writing from the Controller, a coal dealer must not deliver and a consumer must not accept delivery of any Class "A" fuel (whether rescreened or unscreened) for use in space heating any premises where the normal annual requirements exceed thirty tons, unless the premises are heated by a stove or a hot air furnace.

5. EXCEPTIONS TO ORDER

Nothing in this Order shall apply to any purchase order for fuel of, or to the delivery of fuel to, any person for use in—

(a) cooking or baking food products for sale; (c) a hospital;

(b) an industrial plant, for purposes other than space heating; (d) poultry brooders or hatcheries;

(e) commercial fishing vessels and/or other mercantile vessels engaged in the commercial transportation of cargo or passengers.

While it is hoped that sufficient fuel will be available to allow everyone to purchase and take delivery by November 1st, 1946, of the quantities authorized, unless the situation improves it may not be possible during the winter to permit more than 80% of normal amounts required. Consumers should take the following steps immediately for their own protection:

(a) Place your order with your Coal Dealer. (c) Conserve fuel in every possible way.

(b) Accept delivery of whatever fuel your dealer has available when the dealer is able to make delivery. (d) Do not try to obtain more fuel than you are entitled to receive for so doing you may run a neighbour short and cause needless hardship.

IF YOU NEGLECT TO TAKE THE ACTION RECOMMENDED ABOVE, YOU MAY JEOPARDIZE THE HEALTH AND WELL-BEING OF YOUR FAMILY NEXT WINTER.

Bride-To-Be Was Guest Of Honor At Ayer's Cliff Community Shower

Ayer's Cliff, June 18.—Miss Beverly Tyler, bride-elect, was the guest of honor in the United Hall when the Associations of the church entertained at a "Community Shower."

The large number of guests were received by the two presidents, Mrs. M. H. Sanderson and Mrs. R. G. McHarg, and at the appointed hour, the bride-elect, accompanied by her mother, Mrs. Cecil L. Tyler, her sister, Miss Lois Tyler, and the groom's mother, Mrs. James B. Robinson, were escorted to the special chairs at one side of the hall which was banked with tall and graceful ferns and bouquets of mauve and white lilies.

The fun started when Mrs. McHarg announced that a "Mock Marriage" was to take place from which Miss Tyler might be able to gather a bit of advice. With Mrs. Rexford at the organ playing the wedding music, "The Campbells are Coming," the wedding party entered the hall from the church. The bride's mother, Mrs. Walter S. Keeler, was feeling badly to see her daughter take the "fatal" step; the groom's father and mother were Mrs. Harold E. Waite and Mrs. John Saunum; Mrs. J. A. Lundberg acted as maid of honor, and Mrs. Claude Whitcomb as the bridesmaid; the bride, Mrs. Leonard Martin, entered on the arm of her father, Mrs. Glen Little; the groom was Miss Marguerite Gill, his attendant, Mrs. S. R. True, and Mrs. C. T. Adams the officiating clergyman. During the signing of the register, Mrs. Lysle R. Thompson sang "off key," "I Love You Truly," Mrs. R. V. Merrill and Mrs. Sidney Baldwin were the ushers. This ceremony was hilarious and afforded much amusement and was thoroughly enjoyed.

Then a scene, "one year later," was enacted with the bride and groom rocking the cradle and reading the day's paper.

Between these scenes two readings were given by Mrs. McHarg, "How to Manage a Husband" and "Advice." Mrs. H. Nelson Pierce was enjoyed in two solos.

Following the program, Mrs. M. H. Sanderson in well chosen words made the presentation wishing the bride-to-be and her husband-elect, who had arrived home after service overseas in the R.C.A.F., every happiness in their future years to

gether. She spoke of having worked with Miss Tyler in the Sunday School, and of her good work at the local telephone office here and at Rock Island. Then Mrs. Pierce appeared with the tea wagon bearing the gift from the community, which she was asked to accept with the love of all.

Miss Irene Orcutt, who was transferred from the local telephone office here to replace Miss Tyler at Rock Island, was the bearer of the gift from the "Girls."

After admiring the gifts, Miss Tyler thanked the members of the community for their gift, which was a lovely set of Wedgewood dishes, and asked Miss Orcutt to convey her thanks to the friends from Rock Island for their gift.

Mrs. S. R. True and Miss Marguerite Gill were in charge of the serving of the refreshments, which were delicious and were served from the attractively appointed table, which was centered with a large bouquet of pink tulips and white lilies in silver bowl and corner silver flower holders with pink honeysuckle and white lilies. Tapers of pink and green in silver holders lighted the table, and pink ribbon bows helped to carry out the attractiveness of the arrangements. The bride's mother and groom's mother, Mrs. Tyler and Mrs. Robinson, presided over the silver tea services.

Those assisting with the serving were Miss Dorothy Adams, Miss Evelyn Standish, Miss Margaret Bell, Mrs. J. A. Lundberg, Miss Mildred Paul, Mrs. J. Saunum, Mrs. Pierce and Mrs. H. E. Waite.

The kitchen committee included Mrs. Glen Little, Mrs. Merrill, Mrs. Sidney Baldwin and Miss Lena Gustin.

The decorations were in charge of Miss Mildred Paul, Mrs. Willard Rexford and Mrs. S. R. True and they were most ably assisted by Mr. Winston Keeler, whose service was indispensable as he dug and potted the beautiful ferns, which were used in profusion about the hall and stage, and also furnished a greater part of the lilies, which added so much to the appearance of the hall.

The committee greatly appreciated the time spent on this work and the donations from the Keeler garden.

Before leaving for their various homes all extended "best wishes" to Miss Tyler for years of happiness.

Among those from out-of-town were Mrs. Idale Tyler and Mrs. Stuart Cass, of Montreal; Mrs. W. F. Wiggert and Mrs. Cushing, of Dixville; Mrs. J. Brown, of Coaticook; Mrs. Norman Somerville, of Beebe; and Miss Irene Orcutt, of Rock Island.

RESERVE ORGANS HELP BODY MEET CRISES

By William A. O'Brien, M.D.

Prisoners who survived confinement in concentration camps under conditions which would cause ordinary men to falter and drop by the wayside had that reserve power which, for want of a better name, is known as the "will to live." The body also is fortified physically by extra organ structure which can be called on in time of need. This reserve corresponds to the factors of safety which are built into engines and bridges to meet unusual strains, according to the Journal of the American Association.

Dr. O'Brien.

Paired organs (kidneys, lungs, eyes, ears etc.) represent excess of tissues for safety purposes and for greater efficiency. (It is possible to get along with one organ of a pair.)

Three-fourths of all kidney tissue can be destroyed before difficulty is experienced. If a kidney is removed in early life, the opposite kidney enlarges, and if the operation is performed in later life, the remaining kidney develops a more efficient manner of utilizing its available structures.

Gallbladder Unnecessary When the gallbladder is removed, the bile ducts from the liver can enlarge and act as a reservoir for the bile, replacing the gallbladder, whose main function is storing bile and concentrating it for future use. Many animals do not have a gallbladder, and it is not an organ essential for life.

The spleen is part of a general system of the body in which identical tissues are found in the bone marrow and lymph nodes. The spleen can be removed because of disease or injury and the individual will not suffer any loss, as the other tissues in the body which perform the same function then take over.

The heart has great reserve power. At one time, it was believed that circulation through the heart muscles (coronary arteries) was not connected through the various branches of the system. The recovery of patients who develop clots in the circulation (coronary thrombosis) is brought about by the better utilization of existing, or development of new channels.

Heart is Adaptable The heart also has the power to become stronger in athletes, and larger and heavier in persons suffering with high blood pressure, thus meeting the demands of the body.

Certain cells in the body have a great capacity to develop new cells. The liver cells grow like wildfire when a portion of the liver is destroyed. The outer skin cells develop from the body's response to routine loss on the surface or destruction following injuries.

When cellular growth is kept in line and develops in response to a need, it stops when the needs of the body are served. But when the growth is limitless, a cancer is formed.

Question: I have heard that people with allergy do not live as long as others. Is this true? Answer: On the contrary, allergic individuals as a group suffer less from diabetes, high blood pressure, cancer, and tuberculosis than do others. The life span of the allergic individual is as long as that of the non-allergic, unless he develops complications of asthma.

In the interval between attacks, the average allergic victim is normal.

Hollywood Highlights

By Bob Thomas

By BOB THOMAS Hollywood, June 18.—(AP)—The odds are dead against a movie actress having a successful marriage, says Evelyn Keyes.

"An actress doesn't have any time for marriage," she said, pausing from her labor in "Thrill of Brazil." "For instance, I come home tired from the studio at 6:30, eat, study my lines and get to sleep at nine because I have to be up at six in the morning."

Evelyn, who is divorced from Director Charles Vidor, says it would be difficult to find a husband who would understand the demands on an actress' time.

"Her best chance for success would be to marry an actor," she observed, "because he would have the same kind of hours and would realize how she worked. Or maybe she should marry a doctor; he works under similar conditions."

I inquired if all this discussion indicated that Evelyn wouldn't marry again.

"I probably will," she said. "Girls have a habit of doing that."

"But the trouble is that I want a husband who doesn't do anything but be there when I get home."

Perry Como is almost glad to be on his way back to New York. Reason: That takes his six-year-old son, Ronnie, out of St. John's Military Academy and away from the influence of four Crosby sons.

Ronnie reported to his father that Phillip Crosby had asked him who the best singer was. His choice—1, Bing; 2, Perry. "After all, Pop," said Ronnie, "there are four of them and only one of me."

STREET SCENE - 1946. Government cheques come to this street every month. The Fosters, for instance—he was wounded at Vimy. Now his Veteran son is taking technical training on re-establishment grants. Other families receive Family Allowances. It's so easy—and private—to take cheques to the bank around the corner.

AN EXTRA cheque every second. You may receive Government cheques. You can cash them without charge at any branch of any chartered bank in Canada. In one year some thirty-six million cheques were issued for Family Allowances, the Armed Services, their dependents, Pensioners, employees of Crown Companies and the like. More than one for every second of the day and night! Can you imagine the expense to taxpayers if this money had to be distributed in cash through thousands of special pay offices... and the inconvenience of having to go to such offices to get your money? Taken in Stride. Your bank performed many such public services throughout the war and is continuing to do so. Canadians In Drab Performance In 10-1 Loss To Auburn Outfit

Canadians committed four errors, put only nine men on base and got only five hits last night in a convincing display of futility as they absorbed a 10-1 drubbing from the Auburn Baseball League-leading Auburn Cayugas before 350 fans at the Park Avenue stadium.

Sherbrooke were retired one, two, three, in the first two innings, got two men on in the third via the free ticket-route, then put a man on in the third who was erased, promptly, by a double play. In the fifth and sixth they were out one, two, three. The seventh saw two hits, with an infield out sandwiched between, produced one marker. A single and walk put two men on in the eighth, but they died there, and in the ninth one man got on via a hit, but died at first base.

On the other hand, the Cayugas

amassed a total of 16 safeties, including two-base swats by first baseman Atkins and left fielder Barney Hearn, scoring single tallies in the first and second, a brace in the third, two in the fifth, two in the seventh and another pair in the eighth.

Joe Thompson fumbled a ground ball to right field for an error, Gene Flaugharty dropped a fly ball in centre, Zimmerman threw wild past first base, and Joe Bellamy dropped a pop foul ball for the four miscues.

Auburn played errorless ball. "Chief" St. Denis gave up eight hits in four and one-third innings, with Ross Knight allowing the same number for the rest of the game while achieving five strikeouts.

COLLIN HANDS RAND SHUTOUT FOR LETENDRE

Johnny Collin turned in a four-hit pitching effort last night at Dufresne Park to lead the Letendre team to a 6-0 victory over the Rand in an Industrial "A" Softball League fixture. Collin has been a steady winner in this circuit, and his having is doing much to keep his club in the thick of the race for first place.

Lessard, the league-leader, had a close shave in the other game of the regular twin bill, but scraped past Savard by a 6-5 score behind Harry Kouri to record their eighth straight victory.

The pace-setters had scored twice in the first frame and three times in the third for a 5-0 lead when Savard hit their stride and put two runners across in the fourth and another in the fifth. Lessard got one run in the sixth, and it proved to be the winner as Savard got two more in the last of the sixth.

"Canter, the Rand pitcher, had his 'bad inning,' which seems to be a failing of local veterans in the Border League also, in the third, Letendre landed on him heavily and piled up five runs. In the fourth they got another for good measure.

Singles by Lefebvre and Coriveau, home runs by Collin and Dussault, a free ticket to Trepanier and a triple by Bouchard accounted for the five-run rally. Lefebvre and Coriveau put together singles for the other marker in the fourth.

Rousseau, Ossie Carnegie, Don McIntyre and Laplante each got a hit for the Rand against Collin's deliveries. As usual, smart fielding helped Collin turn the opposition back with little trouble.

TWO ST. LOUIS SQUADS CHALK UP VICTORIES

Throwing the ball over the grandstand is suggested as a healthy exercise for all American League pitchers. Ever since Jack Kramer of St. Louis climaxed a bumping bout with umpire Hal Weaver by heaving the pill out of Fenway Park, the young gentleman has been nothing short of terrific.

After shutting out Washington in an extra-inning game and downing the Yankees in a relief chore, Kramer took the hill last night to prolong the Boston Red Sox "stump" with a 7-1 triumph.

Joe Cronin's gang who have been setting a fantastic pace were smothered with only five hits by Kramer who hung up his seventh triumph of the season against one defeat.

Luke Sewell's Brownies didn't give the Sox much chance last night, belting Mickey Harris for five runs in the fourth inning with the help of homers by Johnny Berardino and Vern Stephens. Harris, trying for his 10th win, suffered his second loss.

With the rest of the league unscheduled, the Sox lost a half game of their previous eight-game American League lead.

It was a great day for St. Louis with the Cardinals picking up a full game on the idle Dodgers by belting Boston Braves twice, 9-6 and 1-0. Five runs in the first inning sewed up the first game despite an uphill scrap by the Braves and Pollock shut the door on the Boston club in the finale, outdueling Bill Lee.

Ben Chapman's Phillies are knocking on the cellar door again, only .006 behind the seventh-place New York Giants and in a virtual non-and-lose tie for seventh. A four-run cluster in the second inning doomed Pittsburgh, 7-3, although Dick Mauney had to come to the relief of Charlie Schanz, the Phil starter.

All other clubs were not scheduled.

Bill Conn Runs Out Of Gas After Leading Up To 13th In '41 Fight

Louis' crashing right to the jaw drops Conn flat on his face.

(Last of a series) By BILLY ROCHE The Referee

New York, June 18.—(NEA)—Billy Conn fights Joe Louis tonight, June 18, 1941, and 60,071 fans crowd the Polo Grounds to see it. The gate totals \$451,743. This is the night Conn is stopped in 13.

The handsome Pittsburgh lad yokes to say the Irish got the better of him as an explanation of his being nailed, but he takes a lot of punishment in the early going. When he wins the 12th by his widest margin, the Collier Ad is carrying the fight out of desperation. He runs out of gas. Naturally, when he loses his speed the Adonis of the coal country is clipped.

Conn, 23, pale but outwardly calm, looks almost alongside Louis, though his 6-1 height is only half an inch less than the champion's. Billy the Kid weighs 174, a real light-heavyweight spotting the 27-year-old 199½-pound Brown Bomber 25½ pounds. Reminds me of Carpenter and Dempsey at Boyle's 30 Acres.

Louis comes in swathed in two bathrobes, evidence that he did a warm-up job in his dressing room.

Louis comes out fast, presses Conn toward his corner, where the challenger almost slips. The one-time cotton picker lands a light left to the forehead. Conn, backpedaling, slips to the floor without being hit but gets up at one. The Alabama-born Negro smashes a right to the kidney, raising a welt. Conn's nose and forehead are reddened in a mix-up. His seconds scream: "Move, Billy, move!"

Staking his man, Louis picks off Conn's lefts, hooks his own to cheek and Billy the Kid goes on the defensive.

Conn makes Louis miss in the second, but is badly punished with heavy lefts to body and mounts his bicycle. Smoky Joe chases him, takes a left hook in exchange for a one-two punch, which staggers the Celt. Joe spins his man with a left to the jaw, almost drops him with two more wallops to the head. Billy absorbs a heavy body beating on the ropes, but lands a left to head as the round ends, bringing cheers from the crowd.

The challenger continues his run-away tactics in the third, but after taking some heavy blows puts on a flashy finish, bruising Joe's left eye and scoring with ripping uppercuts to win the round. Billy also takes the fourth, though he absorbs a few more body belts while outboxing the champion.

Louis rallies to take the fifth and sixth, the seventh is even and Conn grabs the next two by right margins. After an even 10th, Billy the Kid comes out dancing sideways and proceeds to give the champion a boxing lesson. He even has the edge at infighting, does a beautiful paint job on Joe's countenance and goes to his corner grinning and holding his right hand aloft.

The twelfth is Conn's biggest round. He takes a jab that opens a cut under his right eye to crash a left to the body and hook two lefts to the head. Billy beats a tattoo on Smoky Joe's torso, sends him staggering into the ropes with a right to the chin.

The champion is on rocky legs. Conn hits rights and lefts, at most dropping Louis with a right to the button. The bell comes to Joe's rescue. The crowd goes into a frenzy.

Conn continues the assault in the 13th with a right to the whiskers. The Mick slams a right to the heart, puts the champion on his heels with a left to the head.

Joe gathers himself, bores in and slows Billy to a walk with a sizzling right to head.

The fans scream hysterically as Conn mixes. A right to the head dazes him.

Louis shoots two hard uppercuts to the chin, topples Conn with a crashing right to the jaw. The

Final Light Workouts Today For Ring King And Young Challenger

New York, June 18.—(AP)—The long weeks of sweaty, monotonous training behind them, heavy-weight champion Joe Louis and his challenger, Billy Conn, of Pittsburgh, took final light workouts today, just sufficient to keep their red corpses stirring.

Both concluded their boxing yesterday, the big Negro stepping four rounds against his sparmates and Conn dancing through a final two. If utter confidence means anything, each of them should score a smashing victory tomorrow night.

The two former soldiers, who made a sensational scrap in their other meeting five summers ago, will see each other once before they square off under the lights at Yankee Stadium—when they

appear at Madison Square Garden tomorrow for the official weigh-in.

Prospects are that Conn, the 23-year-old former light-heavyweight king, will balance the bar at around 182 pounds. Louis, the big man with the mule's kick in his fists, is expected to smash the scale down to around 206 or 208, giving him a tremendous pull in the weights.

It might be significant that Louis, before he began training for the 22nd defence of his crown, chose 208 as the weight to which he expected to scale himself down. With 144 rounds of boxing and 466 miles of road work to his credit, he began his grind, the big champion is precisely where he wanted to be.

Where Joe stuck exactly to his planned schedule yesterday, boxing four rounds against two mates, the fine-drawn challenger limited himself to a couple of short stanzas against a lightweight named Sammy Schipani. Billy, as is well known, reached fighting pitch a week ago and has been taking it very easy since.

Philip Carey Tumbles To Third In Sherbrooke - Lennoxville Loop

Meeting last night, officials and team representatives of the Sherbrooke-Lennoxville Industrial Softball League voted for a replay of last week's game between Philip Carey and the Record, which went into the records as a 16-15 win for the Lennoxville club and which resulted in a protest by the newspapermen.

This ruling, plus a 3-2 setback at the hands of Brakeshoe, knocked the Careymen out of a first-place tie down into third position. In other games last night Sherbrooke Machineryes trimmed the Record 12-7 and the front-running Fairbanks forces registered a decision over Union Screen Plate.

Fairbanks now have a six and two record for twelve points, with

the Brakeshoe boys in the runner-up spot with ten points. Carey have won four and dropped two for eight points.

Cote, the Sherbrooke Machineryes moundsman, had a big night at the expense of the Record outfit, chalking up no less than ten strikeouts while his team-mates were blasting the offerings of Warren Berwick, the newspapermen's heavier, for nineteen hits. Graham, Machineryes centre fielder, poled out a home run to aid the cause.

The Record established a short-lived lead by scoring once in the initial stanza, but Machineryes rolled into high gear to send five runners across the slab in the second and three more in the third. McLeod pasted a circuit clout for the Record in the fourth.

Quebec Claims To Be Sports Hub of Canada

Quebec, June 18.—(C)—After successfully eliminating the Atlantic Ocean, Casablanca and Teheran for the title of "favorite meeting spot of world leaders," Quebec City is now claiming another title—that of one of Canada's most sports-minded cities.

In our books, any city with a population of 175,000 where 4,000 fans see a baseball game Sunday afternoon, 6,000 watch a lacrosse contest at night and 5,000 turn out for wrestling the following night, can well qualify for that title.

Quebec is also praised by many athletes for the grand welcome and hospitality visiting teams are given when they visit "the old capital." For example, there was the time in the 1943 Allan Cup finals when the Sudbury Froid Miners were greeted by the Mayor and were given the keys of the city as they arrived to tackle Quebec Aces.

They were taken on a tour of the city in horse-drawn caeleches and later were honored at a banquet. But by the way the Aces trimmed the Sudbury team in four straight games to take the cup, some of the Miners are still wondering whether to call this wonderful reception hospitality or strategy!

However, Quebec sportsmen not only go out of their way to welcome visiting athletes, sometimes they just go out of their way! Take J. Emile Dion for example. He's the name of a guy who thinks nothing of hopping into a cab here and telling the startled operator that he wants to drive 42½ miles away to a baseball game in Rome, N.Y.

In fact he did just that recently, leaving Quebec at 5:30 some Sunday morning and arriving at Rome at 2:30 in the afternoon, just in time to see a doubleheader between his Quebec Alouettes and Rome Colonels of the Canadian-American Baseball League.

Dion is the sparkling behind the professional baseball movement in Quebec where he is general manager of the club and one of its four owners. He thinks that all sports, but particularly baseball, are valuable mediums for understanding and he has fought to keep Quebec and its sister club Three Rivers in the Canam circuit when the conservative elements within the league would just as soon have written their northern neighbors out of the loop.

Dion's Alouettes, while entrenched in the cellar, are drawing well and the team's opening game here against Rome set a new Canam attendance record of 6,738 paid admissions.

Dion, a provincial government employee who looks upon baseball as a hobby, has been associated with the game for many years and once had Popper Martin playing for him in Quebec. He sold Martin to Chicago White Sox in 1924 for \$2,500.

Orioles to a three-hit 8-0 victory over Rochester Red Wings in the only other contest of the day.

Bob Repass led the Orioles' 12-hit assault against three Red Wing hurlers with a homer and two singles.

Jersey City's scheduled contest with the Bisons in Buffalo was postponed because of threatening weather while Syracuse and Montreal were idle.

SHERBROOKE HORSES WIN

Owned by Eddy Blouin, Sherbrooke horses won two main harness racing classes at the Lachute Fair.

Max Hanover, driven by Charlie Bouchard, took the 2:20 Trot in 2:12. Louis Praught drove Dale Whitney to win in the 2:25 Pace in 2:15. Dale Whitney, a 7-year-old, proved the surprise horse of the class.

TWO TIE FOR LENNOXVILLE STAKES WIN

Jack McNight, with a gross \$2 and net 71, and Will McCabe, with a gross \$7 and a net 71, tied for top honors in a net sweepstake played Sunday at the Lennoxville Golf Club, while on Saturday in another sweepstake R. Blake took the honors with a gross \$5 and a net 65.

Qualifying round for the H. W. S. Downs Handicap Trophy for Class "B" and "C" players was also run off yesterday, with eighteen players getting in under the wire instead of the usual sixteen because of a last-place tie involving Frank Simms, Frank Norcross and Eddie McIntyre.
