

## VILLA WILL NOT JOIN FORCES WITH HUERTA AGAINST U. S.

### Says he Will Not be Dragged Into a War With Americans For Anybody Not Consulted by Carranza Before Sending Ultimatum to President Wilson. Much Depends on Attitude of Constitutional Leaders Over Placing of Troops at Boundary and Enforcing Embargo on Arms and Ammunition. Carranza Wants to be Recognized as, de Facto, President of Mexico, and That Punishment of Huerta and Other Offenders Should be Left to Rebels

Washington, April 24.—(Special)—What effect the movement of land troops to Vera Cruz and to the Mexican border, coupled with the renewal of the embargo on the shipment of munitions of war into Mexico, will have on the attitude of the Constitutionalists, was one of the chief questions which confronted the Washington administration today. The answer to this question was awaited with the keenest interest in official circles.

It was realized that upon the attitude of the Constitutional leader, Carranza, to a great extent, hinged the action of the American military operations in the country. Meantime officials were without any definite information regarding the plans of General Huerta, although there were rumors as to intentions of General Maas, the Federal commander who evacuated Vera Cruz, to attack that city.

### THREE DEAD AND TWENTY-THREE WOUNDED IN YESTERDAY'S FIGHTING

Washington, April 24.—(Special)—Three dead and 23 wounded were the reports of the fighting in Vera Cruz yesterday. This makes fifteen Americans who have been killed and 74 wounded in the three days fighting.

### FIFTH BRIGADE ON MOVE.

Galveston, Texas, April 24.—(Special)—The reinforced fifth brigade, the army's first expeditionary force for Mexico, broke camp during the night at Fort Crockett here and at daybreak moved to the transports waiting to take them to Vera Cruz. They were not expected to sail before late this afternoon. This camp contains the regiments, fourth, seventh, nineteenth and 28th infantry, comprising about 3,000 men and forming the bulk of the brigade, were largely veterans, all having seen service in the Philippines.

### KING ALFONSO WOULD BE ARBITRATOR.

Madrid, April 24.—(Special)—King Alfonso of Spain, it is said, has expressed his willingness to act as arbitrator between the United States and Provisional President Huerta, if agreeable to both sides.

### VILLA WILL NOT BE DRAGGED INTO FIGHT.

El Paso, Texas, April 24.—General Francisco Villa, head of the rebel military forces, informed George C. Carothers, special agent of the State Department, that he will decline to be dragged into a war with the United States by anybody.

"Why," he smiled, "all Europe would laugh at us if we went to war with you. They would say: 'Little drunkard Huerta has drawn them into a tangle at last.'"

Villa said he was not consulted in the drafting of the Carranza note transmitted to Secretary Bryan Wednesday night and which was regarded as somewhat hostile in tone.

The rebel leader told Carothers, who reported the interview to the State Department last night, that one of the chief reasons he came to Juarez was to show the American people that his attitude was friendly and that he did not fear to trust himself on the border without a military escort behind him.

Carothers took supper with Villa and canvassed the situation thoroughly.

"Honest," said the rebel general, "I hope the Americans bottle up Vera Cruz so tight they can't ever get water into it. Your admiral is doing something it would have taken us a long time to accomplish, if we could have accomplished it at all."

The general brought with him a hundred woven rugs of the softest lambs' wool as a present for General Scott, who recently left Fort Bliss to become assistant chief of staff at Washington. Carothers promised to forward it along with Villa's congratulations to the recipient of promotion.

Villa said he had arranged with all foreigners except Spaniards to ship

out their cotton from Torreon on paying a war tax, to which the foreigners had agreed. He said Spanish cotton was not included in the arrangement, having been confiscated. There are 75,000 bales there, valued at \$450,000.

Robert V. Pesquera, Carranza's confidential agent here, insisted yesterday that the note of the chief of Secretary Bryan was not hostile, but was intended as a basis for further negotiations. He was expecting a reply from Mr. Bryan setting forth the views of the State Department.

The rebel position is that the American troops should be withdrawn from Mexican soil, Carranza recognized as de facto president, or at least as a belligerent, and the punishment of the individual Huerta and other individual offenders left to the rebels.

Carranza, if recognized, would not hesitate to apologize and disavow the acts of one whom he considers a traitor.

"I think his statement was fair and frank," said Pesquera, "and by no means a threat of war."

### UNCLE SAM CALLS HALT.

Washington, April 24.—United States troops moved last night to reinforce the American navy at Vera Cruz; the embargo on arms was formally restored, and troops were ordered to the Mexican border, primarily to relieve uneasiness among border residents, but also as a precaution against hostile military operations along the international line.

Secretary Garrison announced that a brigade of infantry and some artillery under Brig.-General Frederick Funston had been ordered to embark on the four army transports at Galveston for Vera Cruz to support the expeditionary forces of marines and blue-jackets there. The chance that General Maas, the Federal general, might make a return attack on Vera Cruz with reinforcements, and the possible necessity of a forward movement toward Mexico City to protect fleeing Americans and the Vera Cruz railroad, were the underlying reasons for the military movement.

The restoration of the embargo on arms was officially announced after the pronouncement of General Carranza, the Constitutional chief, that he regarded the seizure of Vera Cruz as a violation of Mexican sovereignty had been considered by the Administration. While Mexican Constitutionalists here protested that Carranza's real attitude was friendly to the American Government decided to take no chances and abruptly stopped the shipment of all arms into Mexico.

President Wilson earlier in the day had issued a statement warning General Carranza, the Constitutional chief, that the United States was dealing now and would continue to deal with those whom Huerta commands and "those who come to his support."

The United States has chosen Brazil to look after its interests in Mexico. Where there are no Brazilian consuls French consuls will act for the United States.

During the day a special reserve fleet, ranging from dreadnoughts to tiny gunboats, was ordered to the Atlantic coast of Mexico. No fighting of any consequence was reported from Vera Cruz, the American land forces pushing their way inland to some important breastworks to make their position secure. Rear-Admiral Fletcher and American Constabulary were occupied most of the day in Vera Cruz handling hundreds of American refugees. British and German vessels took off more than twelve hundred refugees at Tampico and a general exodus of Americans from Mexican cities was reported.

Rear-Admiral Fletcher requested permission to capture all Mexican gunboats and vessels carrying troops or ammunition for the aid of the Mexicans around Vera Cruz.

These were the outstanding developments which came in dramatic sequence throughout the day of extreme tension. The national capital was nervous with excitement, while the diplomatic relations of the Huerta government and the United States were being finally severed and the army and navy continued to put themselves on a war basis.

### NOT ON THE OFFENSIVE.

Revelation of the purposes of Carranza and Huerta are being awaited before a complete military campaign is developed. The United States intends to take no offensive steps, for the present preferring to hold Vera Cruz until the situation in Mexico

City and elsewhere in the southern republic crystallizes.

### MEXICANS INDIGNANT.

London, April 24.—A Mexico City despatch to the Daily Telegraph, dated April 22, describing the events at Vera Cruz, says: "The manner of the Americans' landing has increased Mexican indignation. Not the least intimation had been given, and the sailors were allowed to land as they had done daily in numbers to bathe on the shore or stroll about the town. This time, however, they were armed and they occupied the customs and other buildings before the Mexicans were aware that the town was being invaded."

The correspondent further describes how all parties in Mexico are offering their services to the Mexican Government, including the revolutionary chief, Zapata, who, he says, "has submitted to the Governor of Guernavaca in order to fight the invader and has offered to lead his men to Vera Cruz."

The correspondent also gives reports that the adherents of Carranza and Villa are joining the Government in its resistance, and concludes, "If all these reports are true and the revolutionists, inured to war, combine against the United States, it will be a terrible, dogged and cruel struggle."

### SENATE PASSES VOTE FOR \$500,000 FUND.

Washington, April 24.—The Senate late yesterday after considerable debate, passed the emergency resolution giving President Wilson \$500,000 to be used in his discretion for the removal of American citizens from Mexico. The resolution which passed the House yesterday will go to the President for his signature.

### SPANISH PAPERS FRIENDLY.

Madrid, April 24.—The leading newspapers of Spain have adopted a friendly attitude towards the United States in commenting on the Mexican situation. El Liberal expresses the belief that Mexican independence will be respected by the United States although General Huerta brought intervention upon himself. It says it would be well for the United States to intervene also in the Mexican provinces where Carranza and Villa exercise authority. El Imparcial regards the Muro Doctrine as now being modified to mean "America for the North Americans." It predicts that the war with Mexico will end in the adoption of an imperialistic policy by the United States.

### CANNOT FIGHT LONG.

Montreal, April 24.—In the opinion of Charles Lawrence, Mexico cannot fight the United States very long. Mr. Lawrence has just returned from Mexico with his wife. He is the manager of some oil properties in Mexico. On April 4th he left Tampico. Fighting was going on there at that time. On April 11th he sailed from Vera Cruz.

"Will this be a long struggle?" he was asked.

"A long struggle? Why, it will be like taking candy away from a baby," he replied. "Suppose the United States warships blockade the ports of Mexico—it would bottle them up completely. They could get no supplies, and the country is completely exhausted now, for there are no crops this year and there is no money. They have no way of manufacturing gunpowder."

### WOULD SEND NOIBE TO MEXICO

CANADIAN FIRST LORD OF THE ADMIRALTY WILL BE CONSULTED IN MATTER

Ottawa, April 24.—In the Senate yesterday afternoon Senator Poirier called attention to the risk of Canadian property and the lives of Canadians in Mexico and the statement of the Government made by Premier Borden yesterday that they were giving the matter attention.

He asked if the Niobe and the Rainbow were to be sent to Mexico to protect Canada's rights.

Hon. Mr. Loughheed—"I will call the attention of the First Lord of the Admiralty to the matter."

### BIG STEAMERS FOR PANAMA.

Hamburg, Germany, April 24.—Two new steamers, each of 16,000 displacement and to be used in the Panama Canal service, were ordered yesterday by the Hamburg-American line.

## CITY COUNCIL AND RAILWAY CO.

### Joint Meeting Held to Try and Come to Some Amicable Arrangement

#### COMPANY WILL SUBMIT ANOTHER PROPOSITION RELATIVE TO THE OPERATION OF STREET CARS.

In accordance with the resolution, passed by the City Council on Monday night, the Mayor and Aldermen met Mr. C. J. McCuaig, President of the Street Railway Co., and Mr. N. C. Pilcher, General Manager, to discuss the whole question of the operation of the street railway from both points of view.

It will be remembered that the Company addressed a letter to the Mayor and Aldermen on February 15, embodying certain conditions which they submitted were absolutely necessary to the successful operation of the lines. The Council could not however, see its way to agree to the proposals of the Company.

The Company later informed the Council it was impossible to modify the proposals contained in the above mentioned communication, and also again expressed regret that the Council had not obtained a report from an independent engineer upon the feasibility of carrying out the terms of the franchise.

At the Conference with the representatives of the Street Railway Co., yesterday afternoon, the Mayor and Aldermen went over all the various points raised with the object of endeavoring to reach an agreement but no definite conclusion was arrived at. It was felt that this is largely a question of "give and take," and it is understood that the Company will submit another letter to the Council on the subject, based upon the suggestions discussed at the informal meeting.

The joint meeting held yesterday was a step in the right direction and although nothing has yet been settled it is hoped that the conference will materially assist in the solution of the tramway problem.

## SENATOR DENNIS STRUCK ON FACE

### Assault Was Committed by Member of the Legislature of Nova Scotia

#### COMMITTEE WAS IN SESSION MAKING INQUIRY INTO ALLEGED BREACH OF PRIVILEGE.

Halifax, April 24.—Senator William Dennis was struck in the face by R. H. Butts, member of the Assembly for Cape Breton, while the committee was assembling last night to take evidence in the inquiry into an alleged breach of privilege by the Evening Mail in the publication of an article last week. Mr. Butts is a member of this committee. Without saying a word he advanced towards Senator Dennis as the latter entered the committee room, and struck him.

The blow amounted to nothing, and the crowd at once broke in and pushed Mr. Butts away, that gentleman immediately afterwards taking his place on the committee.

Mr. Butts is said to have been angry at the publication in the Mail last night of an article describing his appearance Wednesday evening when, at a meeting of the committee on that occasion he said the action of Senator Dennis in certain proceedings in connection with the matter had been cowardly.

## REIGN OF TERROR IN TRINIDAD

### 500 State Militia Arrive in Zone Where Miners Have Been Fighting

#### ONE TOWN OF 2,000 INHABITANTS HAS BEEN DEPOPULATED ON ACCOUNT OF RECENT EVENTS

Trinidad, Col., April 24.—(Special)—About 500 State militia arrived at Walsenburg early today and at daybreak began to move southward into the zone where the coal miners are on strike and where fighting has occurred between miners and militia with loss of life during the last five days.

Agular, normally a thriving mine and agricultural town of 2,000 population, is almost depopulated today, terrorized by the events of the last four days, during which the strikers' colony at Ludlow was wiped out in a battle between strikers and militia, and the mining camps of Empire, Southwestern, Borden and Toyal were wrecked or burned. The citizens have fled in all directions.

## OFFICERS SEND TOASTS BY CABLE

### Officers in Toronto and Fermo, Ireland, Exchange Greetings Last Night

#### QUEEN'S OWN OFFICERS HELD THEIR BANQUET IN THE MILITARY INSTITUTE, TORONTO

Toronto, April 24.—(Special)—The officers of the Buffs sat at table until four o'clock this morning in their mess room at Fermo, Ireland, while toasts and congratulations were exchanged with the officers of the Queen's Own Rifles banqueting at the Military Institute in Toronto over the C.P.R. telegraph wires and commercial cable.

Sir Henry Pellatt proposed a toast to the Buffs and his remarks were simultaneously cabled to them, after which Lieutenant Colhill, commanding the Buffs, replied, reviewing the circumstances which had established the close association existing between the Buffs and the Queen's Own and at the conclusion of his remarks formally ordered unveiling of a statue to Sir Henry in the Buff's quarters.

## GOVERNMENT MAJORITY 42

### Division in the House of Commons on Laurier's Amendment to the Budget

#### ASKED THAT WHEAT AND AGRICULTURAL IMPLEMENTS SHOULD BE PLACED ON THE FREE LIST.

Ottawa, April 24.—By a vote of 88 to 46, giving the Government a majority of 42, the Laurier amendment to the budget of Hon. W. T. White was defeated at 1 o'clock this morning. The amendment to the budget yesterday afternoon moved by the leader of the Opposition was as follows:

"That this House is of opinion that in view of the prevailing economic conditions of the country it is advisable to place wheat, wheat products and agricultural implements on the free list, and that without doing injustice to any class steps should be taken to alleviate the high cost of living by considerable removal of taxation."

## ATTACK MADE ON IRISH CATHOLICS

### La Verite of Quebec Deals With Recent Events at Ottawa College

#### ADVISES THEM THAT IT WOULD BE WELL FOR THEM TO STUDY CANADIAN HISTORY.

Quebec, April 24.—A bitter attack on the Irish Catholics of Canada is made by La Verite of Quebec, in connection with the recent events at Ottawa College. Speaking of the "disgraceful demonstrations" of the Irish students, it says that it is painful to think these "young fanatics" will one day be the ruling class among the Irish Catholics of Canada.

The prejudices against the French Catholics are not being dissipated, it contends, and in order to remedy this condition of affairs it suggests that the Irish students should take a course of lessons in the respective histories of Ireland and Canada.

### GENEROSITY OF THE FRENCH.

"They will then learn," it says, "what Protestant England has done against Catholic Ireland to humiliate her, to ruin her, to persecute her with kicks and sword thrusts. On the other hand, a short course in the history of Canada will make these young Irishmen reflect on the generous treatment accorded by the French to the poor typhus-stricken exiles of Ireland who landed on the shores of our country and were received like brothers."

### THE WEATHER

Moderate winds; fine, with a little higher temperature.

Stanbridge East, April 24.—(Special)—Messrs. T. Holloway, M. N. Harris and E. Gage, who have had a large number of traps set for muskrats, have been successful in catching 125 rats.

### EXTENSION TO FACTORY BUILDING.

Rock Island, April 24.—(Special)—A new building is to be erected during the coming summer at Rock Island by the Union Twist and Drill Co., who bought out Butterfield & Co. The plan is for a building with 170 feet frontage on Railroad street and 62 feet deep, with three floors.

### AT OTTAWA ON BUSINESS.

Lake Megantic, April 24.—The Mayor, Mr. A. B. Gendreau, and Mr. Lemieux, left town for Ottawa, on Wednesday evening, to interview the Government in connection with affairs at Lake Megantic.

### MARBLE QUARRIES CLOSED DOWN.

South Stukely, April 24.—The marble quarry has again suspended operations. We hope it may only be temporary, as it throws out of employment many who have families and need the work.

### FREIGHT CARS WERE DERAILED.

Dixville, April 24.—(Special)—A freight wreck occurred here early on Tuesday morning near the upper switch, when six cars of pulpwood were derailed. The wrecking train was called and during the forenoon had the track cleared for traffic.

### NO BUSINESS STAGNATION.

Kirkdale, April 24.—(Special)—With cows selling at \$75 to \$80; beef cattle at 7c. to 8c. per pound; pork at \$12 to \$13 per hundred; ordinary horses at \$150 to \$200; everything at the same proportion, with plenty of money in circulation, farmers with their help fully employed, business was never brisker. The country never offered a greater contrast to the city as an opportunity for lucrative employment than it does today. The "Rube" may be a "hayseed," but he is the mainstay of the country.

### WATER UP IN LAKE MEGANTIC.

Lake Megantic, April 24.—(Special)—The water in Lake Megantic is now up to four feet on the gauge, having risen five feet from extreme low water two weeks ago. The drivers for the different lumber companies, have been sent to the head waters of the rivers to commence the drives. It is anticipated that there will be no trouble with the logs this spring as the rivers are now full of water, and any amount of snow in the roads and mountains.

### MAIN ROAD DRYING UP.

Kirkdale, April 24.—(Special)—The last three days with its high winds, although not favorable to the farmer, has been a boon to the traveler as it has dried up the mud on the main road, which has settled back to its former level. The frost being all out and the quagmires having been absent this year good wheeling is assured. This condition of affairs is due to two causes: 1st, Broad rounding roadbed; ditches with an average depth of one inch to the foot of road width; 2nd, The worst spots are well gravelled, therefore, the frost had no chance to penetrate the road very deeply. On the other hand, the back roads are either a mass of ice or a narrow quaking bog. The back roads are built on different systems from the main road.

### VESTRY MEETING AT FOSTER.

Foster, April 24.—(Special)—The annual vestry meeting in connection with the Bishop Carmichael Memorial Church was held in the Parsonage on Tuesday evening, when the following officers were elected: Mr. H. H. Allen, clergyman's warden; Mr. H. Weston Park, people's warden; in place of Mr. A. M. Hunter, resigned; delegates to Synod, Messrs. W. D. Inglis and A. M. Hunter; sidesmen, Messrs. W. A. Dixon, W. E. Phelps, Jas. Nicol and Edw. Gibbs; vestry clerk, Mr. A. M. Hunter.

The financial statement, although not quite enough to meet all the demands of the parish, was quite satisfactory considering that the parish has but lately organized. The increase in amount raised during the past year was nearly 50 per cent. over the previous year. Matters in general were discussed and the incoming wardens decided to get a good supply of water at the Parsonage at once, regardless of cost.

Mr. A. M. Hunter was requested to act for the time being as Sec.-Treas. of the parsonage building fund, as the people's warden could not attend to that part of his duties at present.

It was also decided to solicit subscriptions for a pulpit, to be placed in the church in memory of the late Rev. R. D. Mills. This fund will be in charge of the incumbent, Rev. R. S. Booy.

### MILLS START UP AGAIN.

Scotstown, April 24.—(Special)—The Guelph Patent Cask Co.'s Vener Mill has started up again, now that the water has gone down. The mill was only closed one day. The Scotstown Saw Mill Company's mill is also now in full operation.

### RIVER CLEAR OF ICE AT BISHOP'S CROSSING.

Bishop's Crossing, April 24.—(Special)—The ice went out of the St. Francis river here on Wednesday. The high water has brought a large quantity of pulpwood on to the meadows and Mr. D. A. Matheson has several men engaged in clearing it off.

### SEASON ABOVE THE AVERAGE.

Cowansville, April 24.—(Special)—The sugar season in this section has been above the average, both as to quantity made and quality which held good until the last. Some have gathered their buckets while others claim we will have one more good run of sap.

### FARMERS ARE BEGINNING THE SPRING WORK.

Kirkdale, April 24.—(Special)—Several farmers who have been plowing along the valley report no frost in the ground. It is expected that by next week spring plowing will be general. As soon as the atmosphere conditions permit seeding will be general.

### RECOVERING FROM SERIOUS ILLNESS.

Farnham, April 24.—(Special)—Mr. James Sterling, who was so seriously scalded, in the engine collision, at Outremont yard, and has since been in the Royal Victoria Hospital, at Montreal, for the past eight weeks, has arrived home here.

Mr. Sterling is making a steady recovery, but is yet far from well, and will not be able to report for duty for a considerable time yet.

### ST. STEPHEN'S CHURCH, COATICOOK.

Coaticook, April 24.—(Special)—The annual vestry meeting of St. Stephen's Church, was held on Monday evening in the Guild Room. Notwithstanding the rail, an average number were present.

Mr. C. A. Fox was appointed Rector's Warden, and Mr. D. Moyle re-elected People's Warden. Mr. E. N. Robinson elected as delegate to the Synod and Mr. L. M. Thomas as substitute. Mr. L. M. Thomas was elected Treasurer, Mr. O. G. Webster and Mr. E. E. Wetherell, auditors. The Rector reported that there were connected with both congregations 104 families, with a Church population of 378 souls, of these 195 are Communicants.

The financial report showed that of the Church at home and abroad, for all purposes \$289.30 had been raised during the year of which \$264.00 was given for the Missionary work.

### ANNUAL VESTRY MEETING AT ABERCORN.

Abercorn, April 24.—(Special)—The Annual Vestry Meeting of All Saints' Church, Abercorn, took place in the Church Hall, at 2.30 p.m. Monday. Those present were: Rev. H. Charters, in the chair; Messrs. C.M. Bowker, Clark Hall, James England, J. A. Payne and A. F. Holmes, who acted as secretary. The reports of the Rector and People's Wardens, Messrs. F. F. Fyles and John A. Payne, were read and proved the affairs of the congregation to be in a very satisfactory condition. Total

### NEWTON THEORY DOUBTFUL

Lecturer's New Idea of the Earth's Rotation

Mr. Joseph L. Garvin, B.A., Inspector of Public Schools, Barrie, Ont., read a remarkable paper before the Toronto Branch of the Royal Astronomical Society of Canada.

Mr. Garvin challenged the truth of the Newtonian Theory of Gravitation, viz: "Every particle with a force that varies directly as the product of the masses and inversely as the square of the distance between them."

Mr. Garvin gave considerable data in support of his theory that a heavenly body rotates on its axis through its own inherent gravity, and that the rotation lessens as its heat radiates from the surface. Hence if this theory be true, a body that has lost all its heat has lost all its gravity, and no longer rotates, and he contends that our moon and the planet Mercury supply confirmation of this.

It follows also that a heavenly body that has lost its gravity will begin to disintegrate, and all loose particles at once be drawn to the parent body by the gravity or attraction of the latter. In the case of the moon, he said, its air and ice, soil and boulders, long since struck the earth with mighty force and caused the glacial period; and as the moon goes on disintegrating the particles come to earth as meteors and dust.

Mr. Garvin firmly believes in the Nebular Hypothesis, and contends that every planet was originally a comet, and that every comet in our planetary system will ultimately become a planet with attendant moon or moons.

**"SYRUP OF FIGS" FOR CONSTIPATED CHILD**

DELICIOUS "FRUIT LAXATIVE" CAN'T HARM STOMACH, LIVER AND BOWELS.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic — remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a child sick to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

**WHY WE GUARANTEE THIS STOMACH REMEDY**

If there are one hundred people in this town who suffer from indigestion, dyspepsia, or any other form of stomach complaint, we believe we can suggest a remedy that will relieve at least ninety-eight of them, and perhaps every one of the hundred. We'll do more than suggest the remedy—we'll promise to give back the money to each and every one of the hundred that are not relieved. That's how much faith we have in Rexall Dyspepsia Tablets.

Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, as well as other necessary ingredients, Rexall Dyspepsia Tablets soothe the inflamed stomach lining, aid the secretion of gastric juice, check distress and heartburn, promote regular bowel action and make it possible for you to eat what you like and as much as you like without fear of consequences. Don't suffer any longer from dyspepsia or indigestion. Use Rexall Dyspepsia Tablets and you will be just as enthusiastic about them as we are, and just as ready to urge them on your friends. Sold only at the Rexall Stores, and in these towns only on sale. Three sizes, 25c., 50c. and \$1.00.

After one suffers for months from acid dyspepsia, sour stomach, and then finds the remedy is in getting the right kind of food, it is something to speak about.

An Eastern lady and her young son had such an experience that she wants others to know how to get relief. She writes:

"For about fifteen months my little boy and myself had suffered with sour stomach. We were unable to retain much of anything we ate.

"After suffering in this way for so long I decided to consult a specialist in stomach diseases. Instead of prescribing drugs, he put us both on Grape-Nuts and we began to improve immediately.

"It was the key to a new life. I found we had been eating too much heavy food which we could not digest. In a few weeks after commencing Grape-Nuts, I was able to do my house work. I wake in the morning with a clear head and feel rested and have no sour stomach. My boy sleeps well and wakes with a laugh.

"We have regained our lost weight and continue to eat Grape-Nuts for both the morning and evening meals. We are well and happy and owe it to Grape-Nuts."

POWER OF A PLAY Laurence Irving Would Keep the Stage From Derogating

"It was in the person of my father that the drama received the highest recognition that had ever been bestowed upon it. He was the first actor to receive the honor of Knighthood, and he was the second—Garrick was the first—whose honored bones were laid to rest in Westminster Abbey. Therefore, one may truly say that the art of the actor has been honored by the Sovereign and sanctioned, or it might be said hallowed, by the Church," said Mr. Laurence Irving, the famous English actor, in an address. It behooves the stage and the public, he said, to see that it did not derogate from the eminence on which it had been placed.

Referring to the power for good wielded by the stage, Mr. Irving quoted the name of the play, "Everyman," which was a beautiful expression of truly catholic faith. When that play was presented in Canada, he said, he had heard that there were two Cabinet Ministers present. Before the performance was half-way through its course both rose and left the theatre. In two months from that date both were disgraced and ruined. "The lesson bad struck them to the heart and they found it too hard to endure," said the speaker. He appealed to business men to support and uphold the stage, for they were a great element in the furtherance of dramatic art. There was to him something intensely romantic in controlling a great business. The drama was clearing away the jungle and quagmire that was polluting to a great extent our modern life.

Not at Home A young 'edy reporter on a country paper was sent out to interview leading citizens as to their politics. "May I see the gentleman of the house?" she asked of a large woman who opened the door at one residence. "No, you can't!" answered the woman decisively.

"But I want to know what party he belongs to," pleaded the girl. "Well, take a good look at me," she said sternly. "I'm the party he belongs to."

Highlander Dupe! At Glasgow John Uffin was sent to prison for six months for defrauding a seaman by pretending that he would gain for him a larger amount by betting on horses. The accused made up to a simple Highlander sailor who had come off ship, and induced him first of all to part with \$5. They then went to a public-house to await the result of the horse race, and while there the sailor took out his pocket-book to get some money to pay for drink. Accused snatched the pocket-book and attempted to get off, but the Highlander seized him.

### ROYAL TEMPLARS HOLD SUPPER

After the recent membership contest in the Royal Templars of Temperance, a supper was given by the Blue Ribboners, the losing side, to the Purple Ribboners who won the contest, at which about one hundred of the members sat down. The two long tables were decorated with tulips and filled with good things to eat, and the occasion was a most enjoyable one. After supper, two of the Grand Council officers from Montreal, Mr. Isaac Collins and Mr. R. J. Latimer, the latter a former resident of Sherbrooke, spoke of the great work that had been done in the Sherbrooke branch of the R.T. of T., and of the greatly increased membership, and urged them to start a branch in Lennoxville, and to encourage outside towns and villages to form branches.

Mr. Latimer also discussed the subject of insurance which he said should have the attention of all the members, and especially the young men.

During the evening some of the musical members of the R.T. of T. gave some delightful musical selections, Miss Lamont and Mr. Archie Stimpson, piano solos, and Miss Pritchard a couple of songs. In the interval, Mr. Henry Bartlett, Past Councilor was called upon to make some remarks. Mr. Bartlett said he wished to call upon the platform, to support him on either side, two of the leading members of the R.T. of T., Mrs. Geo. Phelps, Financial Secretary and Miss Ada Yates, Recording Secretary. He referred specially to the good work done by these two ladies, who when the Council was only beginning had never failed to attend, no matter what the weather was nor the distance to cover. He then presented them each on behalf of the Purple Ribboners, with a handsome silver-mounted umbrella. Though much surprised and very much touched by this attention on the part of their fellow members, Mrs. Phelps and Miss Yates both responded suitably, and expressed their thanks for the beautiful gifts. Everyone joined in singing "She's a jolly good fellow." After social intercourse and the singing of God Save the King, the meeting adjourned.

### SHERBROOKE LADY WRITES FROM INDIA

The following are extracts from a letter written by Miss Idonea Nourse, who is at the Women's Christian Medical College, Ludhiana, Punjab, to the members of the Young Ladies' Guild of the Congregational Church. "If this letter feels gritty to the touch, you must attribute it to the fact that we have been having a dust storm all day, and it is no use to ask an ayah to dust, because everything will be covered again in a very short time. Even with the doors and windows closed, the air is full of dust. They tell me we shall have much worse storms than this, when it will be necessary to have the lamps lighted, but fortunately they do not often last all day. I have just returned from dinner, where I counted eight lizards on the walls of the dining room. I do not object to them except when they drop down on me, and they have their use, being fond of mosquitoes, which are quite a trial here during the summer, and which bring malaria as you know. They are not very plentiful just yet. "I am going to Lucknow this week

for three or four days to see the sights and shall visit Miss Manarey, who came out to India at the same time I did. She has been at the Language School there ever since, and is going to her work in Indore at the end of the month. I shall be so glad when I get the language; from now on, I expect to get some time to study, but have had little or no time for it until recently. I intend spending my six weeks holidays in Mussoorie in the Hills, studying.

"The hospital is about three minutes walk from the College, and is on the opposite side of the road. The compound next to ours is that occupied by the American Presbyterian Church (Indian Christian Church owns the building). There is a Boys' High School (boarding) run by the A.P.C., and numerous bungalows on the compound. Our girls attend Sunday School there every Sunday morning, and the senior girls return here for the Bible lesson after opening exercises. That service and the 4 P. M. church service are in Urdu. An English service is held at 6 p.m., the choir consisting of some of our girls.

"Ludhiana has a population of about 29,000. The country is very flat and the scenery nothing to speak of in this vicinity. These two compounds, the homes of the better off, and the public buildings are about the only places where trees are growing. There are no sidewalks even in the middle of the road, and when one drives the car is usually obliged to get down from the gear and walk at the horse's head, shouting to the people to get out of the way, which they do very leisurely. It would be a most remarkable thing to see an Indian hurrying. The sacred bull also wanders along the road and gets in one's way. I wish I had time to describe the bazaar, but will do so in a later letter.

"Dr. Brown, our principal, is on furlough. She is at present in Palestine, and will stop a week or so in Switzerland before reaching England, her home. She will be in Toronto the last part of May, as the guest of our Canadian committee, and while there hopes to interest the graduate doctors in this place, as we need more helpers. She expects to return here by Nov. 1st, and during her absence has asked me to occupy her rooms, with which my office is connected. I saw the snow-capped Himalayas for the first time the other day, while driving on the Grand Trunk Road and shall not soon forget the beautiful picture.

"As it would take two long months to get your consent, I have undertaken to buy in your name a large lamp for the dining room at a cost of \$3.84 in Canadian money. The larger section of this room was lighted by only one lamp, which was not even in the centre, as it had to be near the entrance doors, and as this room had to be used for a study for the larger number of the girls, it has been most trying for their eyes, and the new lamp has been the greatest help to them. Do you think the Guild will be willing to give this? If not, it will be all right. We are badly in need of more hymn books, and if you send us some we should be very grateful. I am the librarian here as well as secretary treasurer, which is one reason I am especially interested in the hymn book question. Our book is called "Hymns of Worship and Service" (Chapel Edition, published by the Century Co., of New York. The books are in use three times a day, sometimes oftener. Two dozen, or even one dozen, would be most acceptable, if you could possibly raise the amount. I promise you I will not ask again for twelve months."

Miss Nourse's letter was read at the meeting of the Y.L. Guild on Tuesday afternoon, with the result that in spite of the many calls upon them and the work already undertaken, the Guild agreed to buy one dozen hymn books and send to Ludhiana, and a Sherbrooke lady interested in Mission work—not a member of the Guild—has offered to bear the expense of the lamp which Miss Nourse had purchased.

### JAPANESE WOULD PRESS THE ISSUE

Tokio, Japan, April 24.—Most of the leading newspapers of Japan are moderate and reserved in their attitude regarding the Mexican situation. One or two of the less responsible journals however, yesterday suggested that advantage be taken of the present embarrassment of Washington to press the issues outstanding between Japan and the United States.

### FIRE LOSSES IN CANADA LARGE

Ottawa, April 24.—William Walker, Secretary of the Ontario Fire Prevention Association, stated yesterday that Canada's fire loss was twice too large, and adds that Ontario leads all the provinces in the matter of fire loss and deaths through fire. The fire loss since 1914 began is \$5,000,000 for the Dominion and \$2,000,000 of it was in Ontario. Up to 31st of March there had been 44 deaths from fire, 22 in Ontario. During March there were 27 deaths from fire—20 in Ontario.

"Joe" Shears is Confident he Will Outpoint Mike White

FLEMING A GREAT FAVORITE WITH LOCAL FOLLOWERS OF THE RING WHO THINK HE WILL MAKE A NAME FOR HIMSELF

Local followers of boxing game are pleased that they will get an opportunity of seeing the Laprarie boy who is a great favorite in this section, in action. During the last few years Fleming has come steadily before the eye of the sporting public, as one of the best featherweights at the game. It will probably be the only time he will appear here, as he has a busy season ahead of him. He will take part in the Canadian championship bouts at the Redscope, Montreal, shortly, and afterwards intends to make a trip to Europe, where he has several engagements ahead of him.

All those present at last Friday's bouts clamored for a return fixture between White and Shears. Everybody agreed that this bout was first class until Shears, unfortunately, fouled White. The former was sorry that the foul occurred, which he

VISIT OF KING AND QUEEN OVER

Will Leave Paris For London To-Day After a Very Busy Time

KING GEORGE HAS GIVEN HANDSOME CHEQUE TO THE CHARITABLE ORGANIZATIONS OF PARIS

Paris, April 24—Their Majesties King George and Queen Mary yesterday put in another busy day and were everywhere received with immense popular enthusiasm, especially at the race course at Auteuil, where society and the masses gathered in their thousands to witness "the sport of kings" and to do honor to King George and his Consort and cheer for the entente cordiale.

In the morning Their Majesties visited the British hospital and the British art exhibition in company with President and Mrs. Poincare, and the two rulers and their wives exchanged gifts. King George has given a handsome cheque to the charities of Paris.

Last night the King and Queen dined as the guests of the French Premier and the French Foreign Minister at the Quai d'Orsay.

The visit comes to an end today and Their Majesties will be in London again this evening.

BLACK SHEEP FOR CANADA London, April 23—"I don't know what the people of Canada would say to that," remarked Justice Bray, at the Liverpool Assizes, when a lenient sentence was suggested for a defaulting bank clerk because his friends were prepared to ship him to the Dominion. The prisoner got eight months.

claimed was accidental, and asked for a chance to vindicate himself, which he will get tonight.

Kid Abels and Kid Harris and two local boys will also box in the preliminaries which will commence at 9 o'clock sharp.

All the boxers arrived in town to-day on the noon train.

BIG LEAGUE NOTES

Montreal Royals have shown poor form, as usual, since the opening of the International.

Toronto Leafs are much stronger than was expected early in the season.

Baltimore International League team is getting very little support from the fans, now that they have a Federal League outfit. Baltimore always had a feeling that it ought to be in the "big show."

Gilhooley, who played in Montreal outfield last year, and later was picked up by the New York Americans, has been secured by Buffalo Internationals.

Duchessin, the French-Canadian who pitched in the Montreal City League, is now on the roster of the Rochester Club, Duchessin trained in the South with the Boston Braves.

Cornell and Lafayette played seventeen scoreless innings in a recent collegiate fixture.

Cravath, of Philadelphia Nationals, has not forgotten how to drive out home runs, if reports are true.

Boston and Philadelphia American League teams have played two tie games already this season.

Cleveland has lost eight straight games since the season opened.

Frank Smith, a former Royal, now pitching for Baltimore Feds, was batted out of the box by Brooklyn on his first appearance.

St. Louis has a winning team at last—in the Federal League—but will it last?

Montreal defeated Jersey City yesterday by 8 to 3. Outfielder Kippert, who recently joined the club, starting at bat and in the field.

Boston defeated Washington yesterday, A. Johnson, a recruit, outpitching his famous namesake, Walter Johnson. The score was 5 to 0.

International League: Montreal 8, Jersey City 3; Providence 13, Toronto 11; Newark 2, Rochester 1; Buffalo 5, Baltimore 3.

National League: New York 12, Philadelphia 4; Boston 9, Brooklyn 1; Pittsburgh 5, St. Louis 1; Chicago 2, Cincinnati 1.

American League: New York, 5, Philadelphia 3; Boston 5, Washington 0; Cleveland 4, Chicago 1; Detroit 3, St. Louis 1.

Federal League: Chicago 9, Kansas City 1; St. Louis 3, Indianapolis 0; Pittsburgh 6, Brooklyn 5; Baltimore 4, Buffalo 2.

SOCCER CLUB PRACTICES

The Baracas will practice on the Parade Grounds tomorrow afternoon. Any players in the city not connected with other clubs are invited to the practice.

The Y.M.C.A. team will practice at Athletic Park to-morrow afternoon.

CITY NEWS

Mr. L. J. Donnelly, agent of the American Express Co., is in Burlington, Vt., for a few days on business.

On the 19th of May next, a popular euchre will be held for the benefit of the Hospital General St. Vincent de Paul, at the Armory, at 8 o'clock in the evening. Preparations are being made to make it an agreeable evening for the attendants, a musical programme will be executed comprising orchestra, band and vocal music.

In a recent Canadian supplement to the "Illustrated London News," there appears an article entitled "Farming in Canada" illustrated by a group of views of farming scenes in Saskatchewan, Alberta, New Brunswick, and Quebec. One of these is a view of "Broadview," Mr. E. V. Norton's Stock farm for Shortborns, at Coaticook.

THE QUAKER GIRL.

A large audience enjoyed the production of "The Quaker Girl," at His Majesty's Theatre, last evening. The seats were \$1.50 each instead of \$2 the general verdict would have been that the production was equally as good as other similar plays seen here. The fact, however, that the seats were more expensive led the public to expect something far better than usual, and it was in this that many were disappointed.

The failure of the electric lights in the final act robbed the hall room of its brilliancy, and thus detracted very materially from the pleasure of the evening.

The principals were all artists of repute, and sustained their parts well, and while the chorus selections were not as hilarious as Sherbrooke audiences demand, they were quite in keeping with the "Quaker" atmosphere which permeated the performance.

FULL DRESS DEBATE ON ULSTER PLOT

Premier Asquith Has Set Aside Two Days of Next Week For Purpose

UNIONIST RESOLUTION TO BE SUBMITTED WILL RAISE QUESTION OF PREMIER'S VERACITY.

London, April 24.—In the House of Commons yesterday afternoon Premier Asquith granted Tuesday and Wednesday next for a full dress debate on the "Ulster plot." Mr. Bonar Law said that the Opposition's motion would be in general terms, and would call for impartial enquiry into, an announcement which was greeted with ironical Ministerial cheers.

Political temper is again approaching fever heat. The tardy acceptance by the Unionists of the challenge to a debate on a vote of censure over the "Ulster plot" annoys the Ministerialists, who resent the waste of time involved in this exhibition of what the Daily News dubs "blind malice."

It is believed that the terms of the resolution to be moved by Mr. Austin Chamberlain, and not by Bonar Law himself, will raise the issue of the Premier's veracity and result in possibly the bitterest debate yet respecting Ulster.

MAPLE PRODUCT MUST BE PURE

BILL TO PREVENT ADULTERATION PASSED BY AGRICULTURAL COMMITTEE.

Ottawa, April 24.—The Agricultural Committee reported Hon. Bruno Nantel's bill to prevent the adulteration of maple syrup or maple sugar, and it being sold as the real article.

Some slight amendments were made, otherwise the bill passed as it stood and will come into force on January 1, 1915, if the committee's recommendation is followed.

By the bill it is forbidden to use the word "maple" in connection with any article of food resembling maple syrup or maple sugar which is not actually pure maple syrup or maple sugar and standards as set as to what constitutes purity in these articles.

A representative of a Toronto firm which styles itself "Maples, Limited" appeared to urge that the bill should not prevent the continued use of this firm name, but the committee was of the opinion that the use even of this firm name would constitute an attempt to deceive and it will consequently be prohibited except in connection with maple sugar and maple syrup that are the pure article.

The same objection was raised by representatives of the Canadian Maple Exchange, a Quebec concern, but their objections too were overruled.

"Nothing that is not pure maple sugar or pure maple syrup shall be so labelled," was the slogan of the committee, and they showed scant sympathy for the companies that came making objections.

BRYSON VILLAGE FIRE SWEEP. Ottawa, April 24.—The business section of Bryson, Que., county seat for Pontiac, was wiped out yesterday by a conflagration which started in Godard's Hotel at the end of Main St., swept the entire street, destroying twenty-eight stores and dwellings and entailing a loss of \$65,000.

Over thirty families have been rendered homeless.

OUT PLUMES FROM LADY'S HAT. London, April 24.—A lady visitor from Chicago is mourning the loss of several beautiful birds of paradise plumes, which were clipped off her hat in a picture theatre by a man who sat behind her, and whose request for the removal of her hat she had ignored. The loss was not discovered until the lady reached home.

DAIRY PRODUCE

IMPROVEMENT IN BUTTER MARKET

Montreal, April 24.—There was a slight improvement in the demand from local buyers for fancy creamery and sales of some fair sized lots were made at 26c. Supplies coming forward are more than ample to fill the daily requirements of the trade and in consequence the feeling is that prices will reach a lower level in the near future.

We quote prices as follows: Finest creamery 25c to 26c; Fine creamery 24c to 25c; Seconds 23c. to 24c.

CHEESE MARKET WEAKER

Montreal, April 24.—The cheese market is weaker owing to the increased offerings and sales of finest western colored were made for local account at 12c. to 13c. There is practically no demand for white and prices are nominally quoted at 11c. to 12c.

GOOD EGG TRADE.

Montreal, April 24.—A good egg trade continues to be done, and the market is fairly active with no change in prices to note.

We quote prices as follows: Straight receipts, round lots 22c to 22c; Straight receipts, single lots 20c to 23c; Selected stock, single cases 00c to 25c; No. 1. stock, single cases 00c to 21c.

FAIR DEMAND FOR MAPLE PRODUCT

Montreal, April 24.—There continues to be a good steady demand for pure maple product, and as supplies coming forward are ample to fill all requirements the market is fairly active with a steady undertone.

We quote prices as follows: Pure maple syrup, 8 lb. tins, 70c; Pure maple syrup, 10 lb. tins, 85c; Pure maple syrup, 11 lb. tins, 90c; Pure maple sugar, per lb., 11c. to 11c.

HONEY MARKET STEADY

Montreal, April 24.—The tone of the market for honey remains steady, but the volume of business doing is rather small owing to the somewhat limited demand.

We quote prices as follows: Clover, white honey 15c to 15c; Dark grades 13c to 14c; White extracted, 16c to 11c; Buckwheat honey 7c to 8c.

POTATO PRICES ADVANCE.

Montreal, April 24.—A stronger feeling developed in the market for potatoes, and prices scored a further advance of 5c per bag, which is attributed chiefly to the increased demand.

We quote prices as follows: Green Mountains, car lots 90 to 95c; Quebec white, car lots 80 to 85c; Green Mountains, small lots \$1.10 to \$1.15; Quebec white, small lots 90c. to 95c.

E.T. LIVE STOCK

DROP IN PRICE OF HOGS.

Stanbridge East, April 24.—(Special)—One car of stock was loaded here on Tuesday by Mr. John Harvey. The price of pork had dropped 25c per cwt. from last shipment. Mr. Harvey bought this week for \$9.00 cwt. Carves sold at from \$3 to \$10.

ELECTIONS IN VENEZUELA

BUSTILLOS IS PRESIDENT, AND GOMEZ COMMANDER-IN-CHIEF OF ARMY.

Caracas, Venezuela, April 24.—General W. Marquez Bustillos, secretary of war, was chosen on Sunday as provisional president of Venezuela in place of President Juan Vicente Gomez, who was made commander-in-chief of the army. Dr. Jesus Rojas Fernandez was elected vice-president.

The special plenipotentiaries from the Legislatures of the States of the Union met in the capital, where President Gomez, the retiring president, transmitted his powers to them.

It is said that after the lapse of a year General Gomez will again stand for the presidency, having complied with the terms of the Constitution, which does not allow a president to serve two consecutive terms. The plenipotentiaries continued in session for the framing of a new Constitution.

Town Sues Another

An action for "damages caused by loss of dignity" has been brought on behalf of the town of Tarnopol, Austria, against the City of Vienna. Austria considers itself insulted by the following words used by a Vienna councillor during a debate: "You should go to Tarnopol, where you belong. You are out of place in a civilized city."

## MEGANTIC CO. HAPPENINGS

### Budget of News From Various Sections of Country

**HENDERSON VALE**  
Arrivals and departures: Mr. and Mrs. George Sutor, to their home in Leeds after a few days with Mr. and Mrs. Wm. Wright, and Mrs. Forbes; the Misses Ethelwyn and Margaret Little, and their brother, Walter, to Inverness, after the week-end with relatives in this place.

Mr. and Mrs. John K. Little entertained quite a number of young people to a sugar party on Saturday evening, which was very much enjoyed.

Mr. Henry Little, who has been ill, has so far recovered as to be up and around again.

The farmers are complaining that this is a very poor sugar season as very little sugar has been made yet.

**INVERNESS WEST**  
Arrivals and departures: Masters John and Macbeth Miller, of Inverness, guests of their friend, Mr. Benjamin Wotton, at a supper off on Saturday; Miss Elsie Devaney of Inverness, the guest of her friend, Miss Maria Samson, on Sunday; Mr. and Mrs. H. Marois, guests of Mr. and Mrs. O. Bergeron recently; Mr. James McKinnon of Millanville, visiting Mr. and Mrs. W. H. Murchie, recently.

Mr. Joseph Samson gave a sugaring off to a number of young people on Sunday last.

Sugar makers have not made the average quantity in this vicinity owing to the continued cold weather, but the sugar and syrup is of a better quality than last year.

**LOWER IRELAND**  
Arrivals and departures: Mrs. Jos. Bullard of Thetford Mines, visiting friends; Mr. John Nelson accompanied by his sister, Mrs. Hardy, of Cranberry; Mrs. F. W. Wight, to her home here after a few weeks with her brothers at Clapham.

Log "driving" is the order of the day here at present. Messrs. Moore and McGill have a large crew of men putting the drive through the Bullard's Brook.

Mrs. Geo. E. Davidson, who has been on the sick list is able to drive out again.

**ADDERLEY.**  
The snow is nearly all gone and the roads are in a bad shape.

There was no service here on Sunday owing to the condition of the roads.

Recent arrivals and departures: Mr. Peter Hamilton from Montreal having disposed of his car load of cattle; Mr. John McKinnon, of Pengarth, Sask., who spent the winter in Lowell, Mass., arrived at his brother's, Mr. A. McKinnon on Thursday, accompanied by his brother-in-law, Mr. David Common, of Lowell, Mass., who returned home Saturday; Miss A.M. McKinnon, of Montreal to resume her duties in the Technical High School, after the holidays at her home.

**JUSTIFIED IN KILLING FATHER**  
Sensational Ending to an Irish Murder Trial

There was a remarkable ending to a trial on the capital charge at the Monaghan Assizes.

After deliberating for fifteen minutes, the jury returned a verdict of "Not guilty" in the case of Francis King, aged eighteen, who was indicted for killing his father, a Carrickmacross farmer.

Lord Chief Justice Cherry said he entirely agreed with the verdict.

## WOMEN IN ENGLAND

### English Property Laws Are Favorable to Women

According to the laws of Great Britain when a woman marries she automatically becomes entitled to a certain portion of her husband's property. In the case of wives without children the courts usually allow them one-third of the husband's estate should he die without making a will. Nor is he allowed to disinherit his wife. She must have her dower. He cannot sell his real estate without her consent. On the other hand, the husband does not automatically enter into any joint possession of his wife's estate upon marriage. She can will every cent she owns to any object, no matter how fantastic, and he cannot claim it. He is obliged to support her, even should she have an income of \$10,000 a year and he an income of \$1,000. It is true that if he goes to the workhouse and the wife is in possession of means she is obliged to pay for his maintenance. She can contract debts and make him pay them. So can grown-up daughters living at home. The law will put him in jail if he refuses to pay his wife's just debts. If she slanders anyone she cannot be prosecuted. He must answer to the law for her, and if there is to be any punishment he must bear it.

### FIRST TEMPERANCE SOCIETY

No Organization Formed in Canada Till 1827

Canada's first known temperance society was organized at West River, N.S., in 1827 and the next year another was formed at Beaver River, N.S. These were both total abstinence bodies. The first temperance convention in the Dominion was held at Halifax in 1834. In 1840 the first non-drinking organization to be known as a "Temperance Society" was formed among Roman Catholics in the city of Montreal.

England felt the strength of the temperance movement to a greater extent than before when in 1832 the first organized movement was started by Joseph Livesy, who organized a band of workers at Preston, Eng.

Up to the present day the Church of England in Canada has moderation pledges which restrict only the use of ardent spirits.

The progress of temperance, in the United States was more or less sporadic outcroppings of sentiment until in 1838 when Dr. Benjamin Rush of Philadelphia took a firm stand and so earnest was his work that the feeling against liquor gradually grew until it reached proportions great enough to secure legislation.

## NATIONAL FLAT CABLE

### LIGHTNING CONDUCTORS

The Only Lightning Conductor Made that Never Lost a Building

WE CHALLENGE any or all of our competitors to disprove a single one of our statements. We are prepared to substantiate every assertion made by us in this or any other advertisement.

We guarantee that National Flat Cable is made of the purest, softest and most expensive copper obtainable and agrees to pay the sum of One Hundred Dollars (\$100) in gold for one foot of National Flat Cable of our manufacture taken from any spool any where in the hands of any of our dealers providing same shall be found by any responsible chemist to contain one ounce of iron, steel or any other foreign element.

We guarantee that we are a thoroughly reliable, financially responsible concern, whose record for honesty, integrity and square dealing has never been even questioned by anyone, anywhere excepting only one bitter and vindictive competitor.

We are not, as stated by this competitor, "likely to fail in a short time." Our business in Canada is NOT for sale and our branch at Windsor has been maintained for the past two years and will be continued there permanently.

We are recognized by the leading insurance companies and the latest instruction book sent out by the National Board of Underwriters specifically mentions flat cable and gives the exact dimensions of same as being an approved form of lightning conductor. The March number of "Fire Protection," the official insurance paper in the United States, on page three has the following to say regarding the views of the various state fire marshals:

"It is the consensus of fire marshal opinion that a flat woven wire conductor is more effective than solid copper tape because of its greater conducting surface."

Note that there is ONLY ONE conductor that the above description can apply to and that is National Flat Cable.

Under date of March 15th, 1914, we were advised that Professor Day, of the Ontario Agricultural College, has examined our flat cable, has compared same with other makes and finds that our conductor upholds our claims for same.

We are prepared to prove, if necessary, that the particular competitor, who seems to feel that we have no right to do business or to offer our superior goods on a most favorable basis to the trade and property owners throughout Canada, wrote us only a few months ago making the proposition that we withdraw all our sales force from Canada and enter into a contract whereby the salesmen representing said competitor might have the exclusive privilege of selling National Flat Cable.

We believe in doing business in an honorable, upright and straight forward manner and do not approve of resorting to underhand methods and false statements to sell our goods.

We are prepared to supply all dealers with all the flat cable they desire NOT ONLY THIS YEAR BUT FOR YEARS TO COME, the ONLY lightning conductor on the market to-day with a perfect record.

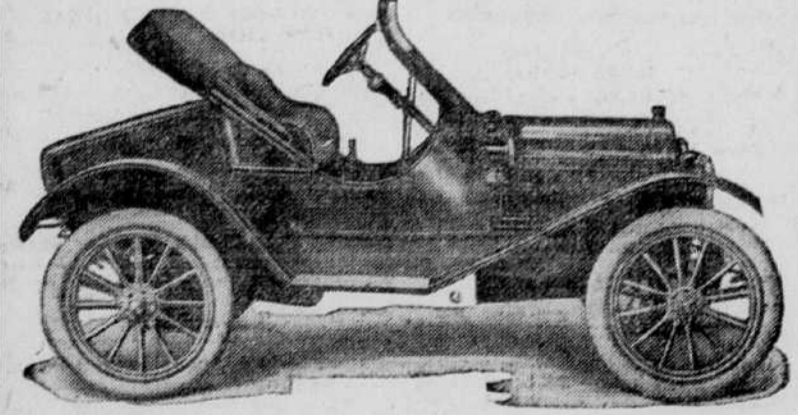

Good Live Agents wanted in all unoccupied territory.

## You Touch a Magic Button When You Become a "Want Advertiser"

Our day is the day of "touching buttons." A President presses a button in Washington, and a titanic explosion, thousands of miles away, welds the two great seas.

We are fond, nowadays, of accomplishing big effects with simple processes. And so the "button-pressing" magic applies to the "little things" of life, as well as to the big episodes.

When you become a "want advertiser" you press a MAGIC BUTTON—and the influence is felt in the homes and offices and business places of the city.

Your quest becomes of interest to the people who are able to help you accomplish it. If you seek work, and "press the button" of want-advertising publicity, your quest becomes one of personal interest to the people who need you. The same law operates in the working out of every "want ad task."

For classified advertising makes the whole city your market; makes the right people your audience; delivers your message to all people to whom it could have any interest or importance.

MARRIAGES. WEBB—HEWETT. A quiet but pretty wedding took place on Wednesday evening, April 22nd, in St. Peter's Church, at seven o'clock, when Miss Martha Hewett, daughter of Mr. and Mrs. G. H. Hewett was married to Mr. Charles Webb.

The ceremony was performed by the Rev. Canon Shreve, Rector. The bride was given away by Mr. Hewett, brother, and was attended by her sister, Miss K. Hewett. Mr. C. E. Akhurst, of Coaticook, acted as best man.

After the ceremony supper was served at the home of Mr. and Mrs. Webb, 15 Kingston Ave.

Many beautiful presents were received by the bride, showing the respect in which the couple are held. Among those present were Mr. Hewett, Mrs. G. H. Hewett, Miss R. Hewett, Mr. and Mrs. E. A. McGee, Mr. and Mrs. John Chesley, Coaticook; Mr. C. E. Akhurst and Miss Iida Akhurst, Coaticook.

BENNETT—McWILLIAMS. Danville, April 24. (Special)—A very quiet and pretty wedding took place at the residence of Mr. and Mrs. George McCracken on Wednesday evening. The contracting parties were Miss Agnes McWilliams and Mr. Frederick G. Bennett, sons of Mr. Chas. Bennett.

The ceremony was performed by Rev. Mr. Maclean, of the Federated Church.

The bride was given away by Mr. McCracken, while the bridesmaid and best man were Miss Alice Burnett and Mr. John McKenzie, respectively. Mr. David Houston, of the Canadian Bank of Commerce, played the Wedding March. The ceremony took place in the large parlor of the residence, which had been decorated for the occasion. After the ceremony congratulations were in order. Delicious refreshments were served during the evening.

The bride was the recipient of many beautiful and valuable presents. Mr. and Mrs. Bennett will take up their residence on the homestead in Danville. They left for their home amid showers of confetti and hearty good wishes.

**SWEETSBURG COURT NEWS**  
Case as to Disposition of Policy on Life of the Late Ernest Tartre  
COURT HELD THAT DECEASED WAS QUITE COMPETENT TO MAKE TRANSFER TO WIFE PRIOR TO DEATH.  
Sweetzburg, April 24.—(Special)—The second term of April has just been closed, and the following judgments, among others, have been rendered during the month by Mr. Justice Lynch:  
**PAGE VS. TARTRE.**  
The difficulty between the parties arose from the disposition of an insurance policy upon the life of the late Ernest Tartre, notary, of Granby, in the Société des Artisans Canadiens-Français. By its terms, the insurance had been made payable to his father and mother. That was before his marriage to plaintiff. At the end of the year 1912, and about two weeks before his death, Mr. Tartre changed the beneficiary by directing the insurance to be paid to his wife, according to the rules and regulations of the benefit society in question.  
She accordingly made application for the payment of the insurance after the death of her husband, but the defendants filed a counter claim. The company deposited the money with the Provincial Treasurer, and Mrs. Tartre then took action against the two defendants, original beneficiaries, with notice to the Société des Artisans Canadiens-Français. The defendants raised several grounds arising from matters of form and law, and also pleaded that at the time of the transfer the late Ernest Tartre was not in a position mentally and physically to make a valid transfer. After a good deal of evidence, expert and otherwise, had been adduced, the Court came to the conclusion that the late Ernest Tartre was in a position to make said transfer and that the same was good and valid, and upheld the contentions of plaintiff.  
It is understood that the case will be appealed to the Court of Review in Montreal.

**COUSINEAU VS. AUCLAIR.**  
The subject matter of this litigation is a mill in the village of Valcourt, in the county of Shefford.  
Plaintiff sold his mill and property generally to the defendant in the summer of 1911. Possession was given immediately, although the real deed was only passed and signed during the next winter, with that particular clause that the mill property was supposed to be in good order and good state of repair at the time of the sale, about six months before.  
Afterwards, when plaintiff sought to recover one of the instalments, defendant met him by a large claim for damages arising out of the bad state of the mill and machinery, and also for the value of some lumber in the yard which had been taken away and which he claimed had not been reserved. After a good deal of skirmishing the case was heard upon its merits, and the Court came to the conclusion that the claim for damages was invalid, in great part, and that plaintiff had neglected to protect defendant in good season, and that he was too late to complain, more particularly on account of the unsatisfactory nature of the proof of the damages. A small amount, however, was granted him, but he was condemned to pay the difference of about \$400 to the plaintiff, with costs according to each party's pretensions, or rather, their success before the Court.  
This case will also be appealed.

**INSOLVENCY CASE.**  
On the 22nd inst a meeting of creditors of Edwin L. Robinson, of Waterloo, baker, was held at the Court House, when L. J. Jodoin

**FIFTY YEARS OF MARRIED LIFE**  
Mr and Mr Daniel Gilson, Dixville, Celebrated This Interesting Event  
WORTHY COUPLE, WHO ARE STILL IN GOOD HEALTH, ARE VERY HIGHLY RESPECTED.

Dixville, April 24.—(Special)—A very pleasant family gathering and one of unusual interest was held at the home of Mr. and Mrs. Daniel Gilson in this village on Monday afternoon and evening, April 20. The occasion was the celebration of the fiftieth anniversary of the marriage of Mr. and Mrs. Gilson.  
The guests invited included the children of Mr. and Mrs. Gilson with their families, namely, Mr. and Mrs. Samuel Gilson and family, Mr. and Mrs. Leonard Lorimer and family, Mr. and Mrs. Wm. L. Gilson and family, of Waterville; Mr. and Mrs. E. Gilson, of Sherbrooke; Mr. and Mrs. Benj. Gilson, of Malden, Mass.; Mr. and Mrs. E. A. Martin, Mr. and Mrs. John A. Gilson and daughter, Gladys, Mr. A. Erwin Gilson, of Dixville; Rev. C. P. and Mrs. England, also Mr. and Mrs. Geo. W. Mayhew, Mr. and Mrs. Allison Mayhew, Mr. and Mrs. W. T. Mayhew, Mr. and Mrs. Horace Mayhew, Mrs. Aphie McCoy, Mrs. John Gilson, of Dixville; Mrs. Mary Gill, of Coaticook, and Miss Frances Mayhew, of Island Pond, Vt.  
The time was most pleasantly spent by those in social intercourse and in enjoyment of the bountiful feast which was spread. Mr. and Mrs. Gilson were the recipients of gifts of gold from their children, also of some beautiful flowers.  
Mr. Gilson was born in Barnston 78 years ago. Mrs. Gilson, who was Ann Mayhew, was born in Barford ten years later, and they were united in marriage at the bride's home in Barford on April 20, 1864. They have had ten children, eight of whom are still living. One died in infancy, and Miss Mary Gilson, who passed away several years ago.  
This worthy couple have spent nearly the whole of their married life in this vicinity and are very highly respected by all. Both have been blessed with good health, and their many friends hope they may be spared to enjoy many more years together.

**SITE FOR TOWN HALL AT COMPTON**  
Building Committee Has Things Well Under Way for a New Building  
WILL BE ERECTED ON ONE OF THE MOST DESIRABLE SITES IN THE VILLAGE.  
Compton, April 24.—(Special)—Compton's new Town Building will be erected on the corner lot in the village square on which stands what was formerly known as the old Stinson store. This has been purchased from Mr. R. Lakeman, of Sherbrooke, for the sum of \$1,000. The Building Committee comprising Mayor W. W. Paige, Messrs. E. Dawson, P. Doyon, W. Sharnan, Parsons and Boivin have things well under way with plans and specifications drawn up. Tenders for the erection of the building are being advertised for. The site is the best that could possibly be secured. The old building which has been vacant for many months will be demolished and a new one will arise in its place.

**OTHER REAL ESTATE CHANGES.**  
Mr. L. A. Davis has sold his village property here, known as the old hotel to Mr. Marcoux, of Martinville for the sum of \$400, to take possession in May.  
Mr. Thivierge has purchased the property next to the old hotel known as the old Gilbert store and will remove his family there. Mr. Thivierge has sold his property on the Sherbrooke road to Mr. L. A. Davis.  
The price of sale of the Lougee property to Mr. Ashby, of Hatley, was \$700 and not \$100 as appeared in a recent issue of the Record.

**NOTES.**  
The announcement cards have been received here of the marriage in Jefferson, N.H., on April 22nd, of Miss Nellie Shutt, formerly of this place, to Mr. Chas. Wilbur Elliott.  
Mrs. Fuller has returned to her home in Capelton after a couple of weeks' stay here with her sister, Miss Fleming. The latter is being cared for now by Mrs. Fox, of Huntingville.  
Miss Ruth Pomeroy is confined to the house with illness.  
Mrs. J. S. Brewer who was removed to the Sherbrooke Hospital on Sunday, is progressing favorably.  
Mrs. J. A. Dufort was accompanied to Sherbrooke on Thursday by Dr. Morin, where she underwent quite a serious nasal operation, performed by Dr. Darche.  
Mr. and Mrs. Fowler have not as yet removed to Hatley, but will do so in the near future.

**BRITAIN AND HER POSSESSIONS**  
Mr Justice Hutchinson Gave an Interesting Address Before Daughters of Empire  
DOMINIONS ARE FREE TO MAKE THEIR OWN LAWS AND LEVY REVENUES.

The regular meeting of King George V. Chapter, Daughters of the Empire, was held yesterday in the D. O. E. club room, the regent, Mrs. T. Malcolm Craig, presiding.  
The report of Mrs. Jenckes, convener of the Programme Committee, was particularly interesting. Well-known lecturers and speakers have been secured who will give papers or addresses on topics of special interest during the year.  
A letter was read from Mrs. Clarke Murray in regard to the use of films dealing with subjects more suitable for the United States than Canada, and after discussion it was resolved to ask Mrs. Murray for a more definite expression of her views.  
Mrs. Jones spoke of the movement set on foot by the W.C.T.U. to procure a woman police officer for the city, which had been endorsed by many of the women's societies, and asked for the support and approval of the chapters of the Daughters of the Empire. It was decided to lay the matter before the other chapters and report at the May meeting.  
The speaker of the afternoon, Hon. Justice Hutchinson, of Sherbrooke, was then introduced by the regent in a few cordial words, and a remarkably able and inspiring paper given on the subject of "How England Governs Her Possessions Beyond the Seas." It was in part as follows:  
Perhaps in place of the term "England" I should say "Great Britain," but the difference is more sentimental than real, more in the word than in the meaning.  
The classification of British possessions beyond the seas is: Colonies, Dependencies and Protectorates. These may be divided as follows:  
(1) Colonies, having a full constitution, with responsible government. Some of these, such as Canada, prefer to be known as Dominions.  
(2) Colonies in which the legislature is partly dependent upon election and partly controlled by the Governor, called "representative government."  
(3) Crown colonies, ruled by the Imperial Government direct, through their respective governors.  
(4) Dependencies subject to the government of other colonies.  
(5) Protectorates ruled by native chiefs, but under British control.  
(6) Places nominally belonging to Great Britain, but under no recognized authority, or unoccupied.  
There are in addition several small islands and rocks throughout the world, owned by Great Britain, but which are not included in any colony or protectorate. These have been acquired by lease at different periods for the purpose of collecting guano, planting coconuts, trees, the erection of lighthouses, or for electric telegraph stations.  
The first of the colonies above mentioned have a full constitution, with responsible government. These colonies are the several provinces which together form the Dominion of Canada, the Australian Commonwealth, South Africa, New Zealand, Tasmania, and Newfoundland.  
The question therefore arises: "What is responsible government?" In other words, "What is the nature of the government of Canada today?" Previous to the year 1837, when Lord Durham was Governor, the Constitutional Act of 1791 was in force. The provinces of Upper and Lower Canada had each a constitution of its own. The House of Assembly was elected by the people, and the members of the Upper House were appointed by the Crown.  
The government spent the money of the provinces, and not a single representative of the people was in the Cabinet. The consequence was that there was constant disturbance between the executive and legislative bodies.  
The executive had control of the revenues, and although they had lost the confidence of the people, still remained in office. They were not responsible to the people.  
But after the union of the two Canadas in 1840, the revenues of the province were conceded to the House of Assembly, and the majority of the Cabinet were taken from the representatives of the people, consequently the government became directly responsible to the people. This form of government we have to-day, both for the Dominion and for each of the provinces.  
There is a third principle which has had an important bearing upon England's successful administration of her colonies. It is not exclusively colonial, but it is essentially British. It is the glory and pride of every British subject, at home and abroad, that is, her administration of justice. British justice and British sense of fair play are known and recognized the world over. Under ordinary circumstances, there is no consideration that weighs so much with an intending immigrant in making his choice of his adopted country, and selecting a new home for himself and his children, as the consideration of the administration of justice. Every emigrant, before leaving home for a British colony, knows that he is going to a country where exists a good system of laws, and where these laws are enforced, and where even-handed justice is meted out between man and man, without fear and without favor; that human life is held sacred, and the rights of property are respected and kept inviolate, and where every man is free to think, speak and publish what he regards as just and right, so long as he does not interfere with or encroach upon the rights of his fellow-citizens.  
Under these circumstances and for these reasons, Great Britain has succeeded in establishing and maintaining her colonies, not only to her own but to their satisfaction. And is she not deserving of success? Her system and policy are unique and without a parallel in the history of the world. They are founded upon right and upon principles that will endure.  
Enthusiastic applause denoted the appreciation of the paper, and a

receipts for the year amounting to over \$550.00. Messrs. F. F. Fyles and B. P. Spencer were elected delegates to Synod. The Rector appointed E. P. Spencer Clergyman's Warden. J. A. Payne was re-elected People's Warden.

The only benefit that Great Britain derives from her colonies is the opening up of new avenues for her trade, new markets for her manufactures, and new fields of enterprise for her surplus population. It is true that during the late South African War the colonies contributed in men and money, but this was purely voluntary on their part.  
We, in common with the other colonies, are certainly a favored people. We enjoy the protection of a great Empire, with her powerful navy, and we escape the cost of a consular service, and of maintaining representatives at foreign courts. We are free to make and execute our own laws, impose and collect what taxes, every dollar of which is expended for our own needs and for our own benefit, and every citizen, through his elected representative, has a voice in the government of his country.  
There is a third principle which has had an important bearing upon England's successful administration of her colonies. It is not exclusively colonial, but it is essentially British. It is the glory and pride of every British subject, at home and abroad, that is, her administration of justice. British justice and British sense of fair play are known and recognized the world over. Every emigrant, before leaving home for a British colony, knows that he is going to a country where exists a good system of laws, and where these laws are enforced, and where even-handed justice is meted out between man and man, without fear and without favor; that human life is held sacred, and the rights of property are respected and kept inviolate, and where every man is free to think, speak and publish what he regards as just and right, so long as he does not interfere with or encroach upon the rights of his fellow-citizens.  
Under these circumstances and for these reasons, Great Britain has succeeded in establishing and maintaining her colonies, not only to her own but to their satisfaction. And is she not deserving of success? Her system and policy are unique and without a parallel in the history of the world. They are founded upon right and upon principles that will endure.  
Enthusiastic applause denoted the appreciation of the paper, and a

**ATTACK THE TOLLS REPEAL**  
REPUBLICANS IN SESSION SAY THIS WAS DONE AT BRITAIN'S BEHEST.  
Indianapolis, April 24.—Though denouncing the Mexican policy of the National Administration, the platform adopted by the Republican State convention here yesterday pledges the undivided support of the Republican party to the Government in whatever "it may undertake for the vindication of the nation's honor or the nation's rights in Mexico or elsewhere."  
The platform further asserts that the Democratic tariff policy has disturbed business and reduced the prices of farm products; that the diplomatic service has been stripped of its trained experts and made a means of paying personal and political obligations; that promises of economy and retrenchment and of freedom of debate in Congress have been broken, and that the proposal to repeal the Panama free tolls regulations is "at the behest of Great Britain."

**MAGOG BOARD OF TRADE MEETS**  
The Membership of This Young Organization is Between 80 and 90  
WILL AFFILIATE WITH THE E.T. BOARDS OF TRADE—WILL ADVERTISE PLACE AS A SUMMER RESORT.  
Magog, April 24.—(Special)—The first meeting of the Magog Board of Trade since its formation last week was held in the Council Room in the Town Hall on Wednesday. Vice-President L. A. Audet was in the chair.  
The members of the various committees were also present.  
There were a number of important items of business transacted, chief among which was the fixing of the membership fee at \$2.00.  
The adoption of a constitution and by-laws, which were worded along the lines of those used by neighboring Boards. It was also decided to become affiliated with the E. T. Boards of Trade at their next meeting to be held in Hatley early next month.  
A committee was also appointed to select some good photos suggestive of the unexcelled scenery in and around Magog and also a suitable heading for the Board of Trade stationery.  
A large number of those who signified their intention of joining were present and paid up their dues. The membership is now between 80 and 90—not a bad showing for an existence of only two weeks.  
It was also decided to become incorporated but this was left over until next meeting to be held May 6th.  
The regular meeting will in the future be held the last Wednesday in the month.  
A women's football club has been formed at Burnley. It is the intention to run two teams, who will take part in matches in mid-week. The players will wear white jerseys and short navy blue skirts over knickerbockers. The ground of a Sunday School club has been rented, and a ball with the initials "B.L.F.C." has been purchased. This will not be the first time that women have played football in the town, for many years ago a team of professional women footballers opposed the town club.
