ALLIES SMASH NAZI GRIP ON EASTERN FRANCE, POUR MEN AND GUNS INTO UPPER RHINE VALLEY

French First Army Is Now In Position To Cut Behind Huns Remaining In Vosges Sector

By WILLIAM FRYE,
Associated Press Staff Writer.
London, Nov. 21.—(AP)—Allied
armies shattered the German grip
on Eastern France today by pour-
ing men and guns into the Upper
Rhine Valley through the Belfort
Gap and pursuing the retreating
enemy through the icy Vosges
foothills and Lorraine approaches
to the Saar.

From positions on the Rhine
near the Swiss border, the French
1st Army was in position to cut
behind the Germans remaining in
the Vosges area by driving north
toward Strasbourg along the Alsace
plain. The Paris radio said such
an advance had begun with a
French assault on the fortress city
of Mulhouse, sixteen miles north-
west of Basel in Switzerland.

The Berlin radio said Allied
troops were already fighting in the
streets of Saarebourg, 34 miles
northwest of Strasbourg and 40
miles east of Nancy.

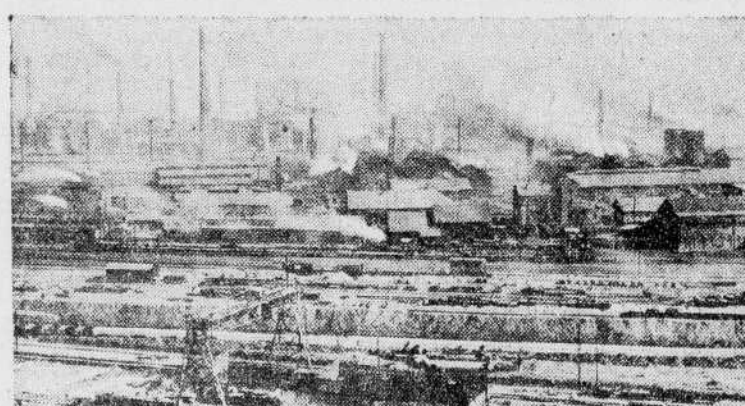

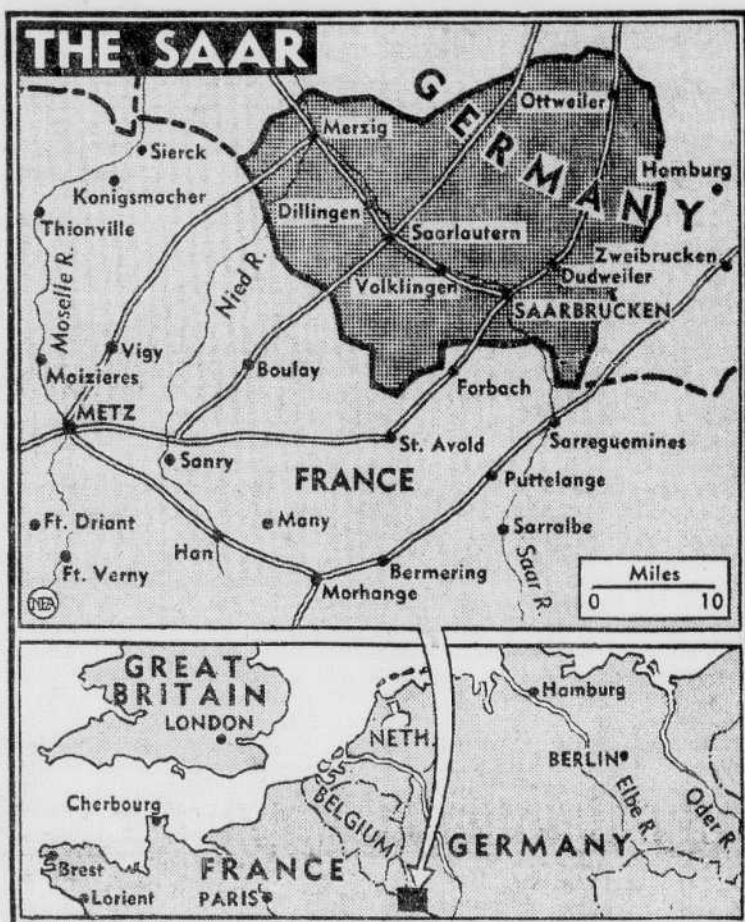

In the battle area east and north-
east of Aachen, the British 2nd and
U. S. 1st and 9th Armies pushed
their lines slowly toward Cologne—
approximately 26 miles beyond the
American vanguards—and the
Rhine against increasingly furious
German resistance marked by tank-
led counterattacks which slowed
but failed to stop the Allied drive
to crack Germany's strongest de-
fences.

Five fortress groups at Metz con-
tinued firing after the German com-
mander within the enemy-held north-
ern portion of the French fortress
city ignored an ultimatum to sur-
render.

A two-mile advance on the U. S.
3rd Army wing east of Metz car-
ried Lt. Gen. Patton's men to points
eight to twelve miles south of the
Saar frontier. Third Army troops
entered the old Maginot Line de-
fences north of Faulquemont, twenty
miles southwest of Saarbrücken, and
took Tilling, nine and a half miles
from the Saar border.

Eyed By Allies

Allied armies, smashing ahead around Metz, are looking ahead toward the Saar River basin, famous as an industrial beehive and a rich mining area. Linked to Germany by important railroads and the Rhine River, the Saar is barely 78 square miles in area with population of about 850,000 people. Map at top is closeup of Saar while smaller map gives Saar's relation to rest of the area. Bottom picture is industrial skyline of Saarbrücken.

TYPHOON HALTS OPERATIONS ON LEYTE ISLAND

Thirty-Five Enemy Planes
Raid American Positions,
Losing Seven Aircraft to
Air Patrols and Ground
Fire.

General MacArthur's Headquar-
ters, Philippines, Nov. 21.—(AP)—
The battle of Leyte had almost
ground to a typhoon-soaked stop
today while Manila recovered from
its fourth major American air raid
of the month.

On Leyte, the typhoon took pre-
cedence over efforts of both sides
on the swaying Limon battle line.
Only in the air was there specta-
cular activity. There, 35 enemy
fighters and dive bombers raided
American positions, losing seven
aircraft to air patrols and ground
fire. American aircraft countered
with attacks on Japanese commu-
nications lines, supply areas and
waterfront targets near Ormoc.

United States carrier planes hit
Manila again Saturday, damaged
airfields, set fires and destroyed 118
Japanese planes. Most of these were
on the ground. Only ten enemy
planes were shot down in the Manila
area and another eight near the
fleet carriers.

WILL DISCUSS PROCEDURE FOR HOUSE MEETING

Two of Three Opposition
Groups Are Holding Cau-
ses in Advance of Wed-
nesday's Opening of Par-
liament.

Ottawa, Nov. 21.—(AP)—Procedure
for one of the most unusual meet-
ings of Parliament ever held in Can-
ada is expected to be discussed to-
day with leaders of the Opposition
parties.

Two of the three Opposition
groups are holding caucuses in ad-
vance of Wednesday's opening of
the Commons, the sitting to decide
their attitude and the third, the
Social Credit group, may caucus
soon.

Progressive Conservative mem-
bers will meet today and the national
leader, John Bracken, is expected
to attend.

Attending the C.C.F. caucus,
along with members of the House,
will be members of the National
Council who are here to complete
arrangements for the organization's
convention which takes place next
week in Montreal.

The session is unusual in that so
far as is known the Government has
no concrete notion or piece of legis-
lation to place before Parliament.
The Government is expected to
seek a vote of confidence in its
policy of the voluntary system to
provide Overseas reinforcements.

The meeting will be out of the
ordinary in that the Minister pri-
marily responsible for carrying out the
policy, Defence Minister McNaughton,
has no seat in the Commons.

To meet this situation it is ex-
pected Members of the House and Sen-
ate will be asked to meet Thursday
in an informal gathering to hear
him make a statement.

It is not known whether Prime
Minister King will introduce any
argument into his statement on the
first day. The first caucus of Liberal
members probably will be called
Thursday after the House generally
has been put in possession of the
facts on which the Government ex-
pects debate to proceed.

Pressure To Be Increased On Western Front Until Germans Are Crushed Says Eisenhower

Allied Supreme Headquarters,
Paris, Nov. 21.—(AP)—Gen. Eisen-
hower declared today his plan
for future operations is to in-
crease pressure all along the
Western Front until the Ger-
mans are crushed.

To do this, greater supplies
are necessary, the Supreme
Commander of the Western
Front said.

"I want more supplies than
we are getting and I think the
soldier wants more than he is
getting, both now and in the
future," he said.

"To get peace, we have got to
fight like hell for it," the Com-
mander said. "Now let's do it."

Eisenhower appeared fit as
ever after a tour of all parts of
the fighting zone, and said he
was especially happy over the

French 1st Army break-through
to the Rhine.

"No single instance has pleased
me so much in a long while as
the capture of Belfort by the
gallant French Army and its
reaching the Rhine," Eisenhower
said.

The General told correspond-
ents that his plans were to hit
and hammer the Germans with
increasing pressure, reaching its
peak on the day the Nazis finally
surrender.

"Unless everyone all the way
through the nations—those at the
fronts and those at home—
keep on the job everlastingly
and with mounting intensity, we
are only postponing the day of
victory," Eisenhower declared.

"The very maximum effort
must be made on the day of sur-
render."

Nazi Retreat From Hungarian City Of Miskolc Is Imminent

London, Nov. 21.—(AP)—Red army
troops closed in today on northern
escape routes for enemy troops
rolled back to the outskirts of Mis-
kolc, Hungary's fifth city, as the
Germans declared the Russians had
opened their winter offensive far
to the north against 300,000 Nazis
pocketed in Western Latvia.

Late from reports said a German
withdrawal from Miskolc appeared
imminent. Escape routes to the
east and west of Miskolc, 85 miles
northwest of besieged Budapest,
already were cut.

One Red Army column had bat-
tled to the outskirts of Eger, 22
miles southwest of Miskolc, Russian
front dispatches said.

Another Soviet armored unit
which had rolled through Duxyorg
(three miles west of Miskolc and
within 20 miles of the pre-war
Czechoslovakian frontier, veered
north to grapple for a hold on road
and rail communications between
Miskolc and the rail hub of Losonc
(Lucence) on the Slovak border.

Units of Marshal Rodion Y. Mal-
inovsky's 2nd Ukrainian Army plun-
ged into the southern outskirts of
Miskolc with the capture of Gacsu
and Szirma, less than one and two
miles south and southeast of the
city.

Berlin reports on the Latvian of-
fensive said the Russians had
22nd huge infantry, tank, plane
and artillery forces against the
Germans on a 30-mile front near
Liepaja, one of the two Baltic es-
cape ports left to the Nazis.

ALLIES FOLLOW UP ON ATTACKS AGAINST NAZIS

Long Procession of Bomb-
ers Crossing Channel Be-
lieved to Be All Three Divi-
sions of 8th Air Force Out
on 1,000-Plane Raid.

London, Nov. 21.—(AP)—The hum of
heavy bombers in the clear, ceiling-
less skies over the Channel today
signalled another step behind Ger-
man lines, slowly yielding to the
Allied six-army offensive on the
Western Front.

Shortly after the long procession
of Allied bombers left the east coast
and headed toward the continent,
Nazi radio stations began tracing
their path across Germany.

Achtung warnings were sounded
in the Magdeburg and Leipzig areas,
less than 100 miles west and south
of Berlin.

Three separate formations were
reported by the German radio pos-
sibly meaning that all three divisions
of U. S. 8th Air Force heavies were

ALL BIG-SCALE RESISTANCE IN METZ OVERCOME

No Formal Surrender of
Famous Fortress City Like-
ly to Take Place for Lack
of German Commander to
Effect It.

Metz, Nov. 21.—(AP)—American
troops have eliminated all large-
scale organized resistance in Metz,
but it appeared today there may be
no formal surrender of the famous
fortress city for lack of a German
commander to effect it.

Remnants of the garrison still
clung to two islands in the city and
five fortress groups continued firing
as the Germans commander within
the northern enemy pocket ignored a
surrender ultimatum.

Maj. Gen. Anton Duncker, Chief
Guard Commander in Metz, was cap-
tured by U. S. 3rd Army forces yester-
day and the last battle was over
by nightfall real battle.

Seldom has Metz succumbed to
siege, and there have been even
fewer occasions when attacking
armies succeeded in taking it by as-
sault as Lt. Gen. Patton's men have
done.

Julius Caesar described the city as
one of the oldest and most impor-
tant in Gaul. Down through the years
various French and German military
leaders have revised and expanded
its fortifications.

In the First Great War American
troops came within reach of the
fortress guns of Metz shortly before
the armistice.

In the present war Metz fell to
the Germans June 17th, 1940, while
France lay crushed.

Metz, Nov. 21.—(AP)—Al-
most the entire business section of
this farming village 30 miles north
of Kirkland Lake, was destroyed to-
day in an early morning fire which
caused damage estimated at \$80,000.

The fire started at 1:30 a.m. in a
general store owned by J. N. Clout-
ier. His store and contents, valued
at \$40,000, were a complete loss. The
Ramore Hotel and several other
nearby buildings were destroyed.
No one was injured in the fire.

The War Today

By DeWITT MACKENZIE,
Associated Press War Analyst.
We are taking our text today
from the Eisenhower commu-
nique which says that Allied
troops on the Cologne Plain east
of captured Geilenkirchen "are
meeting fierce enemy resist-
ance."

With cities, towns and ham-
lets falling like tenpins in va-
rious sectors, and Allied forces
making sensational advances,
we are in danger of slipping into
the over-optimistic class again.
Optimism is warranted, for
things are going well, but we
shall be smart to stick with
facts.

The Geilenkirchen — Aachen
sector, opposite Cologne and
Germany's all-important Ruhr
industrial centre is the crucial
zone of the moment along the
erupting 400-mile battlefront.
Gen. Eisenhower is employing
great striking power there in an
effort to break through to the
Rhine, and naturally that's
where the Nazis have concentra-
ted all the strength they can
spare from their depleted
forces.

This shifting of German
troops was exactly what Eisen-
hower figured on, and his army
commanders are taking advan-
tage of his successful tactics.
Thus we see spectacular Allied
gains at points which we have
come to regard as inland Gibral-
tars, and in fact would be held
in full strength. The Nazis have
been forced to fall back at
numerous places, abandoning
powerful positions—and that's
the point I want to make. Some
of the sensational Allied gains
have been due in part to the
fact that the enemy was retreat-
ing to fresh defences.

That in no way detracts from
the magnificent work done by
the pursuing Allies, for it has
taken bloody fighting and superb
leadership to oust the Germans
from these strongholds, and
drive them into retreat. How-
ever, we should recognize that
he who runs away lives to fight
another day, and the Nazis who
are retreating still must be dealt
with further back. Let's not get
into the frame of mind of some
folk back at the time of the
German retreat from Normandy,
when wishful thinkers were
saying the war would be over
in three weeks.

The Allied armies on the right
flank have been making up sen-
sational. Lt. Gen. Patton's suc-
cess in flanking and capturing
Metz—one of the world's strong-
est fortresses for 2,000 years—
has been followed by the French
capture of Belfort, another
stronghold, and a drive clear to
the Rhine at Kems. This has
had the effect of flanking the
German line and compelling the
enemy to rush back towards the
Rhine to keep from being cut
off.

BIG THREE NOT TO MEET UNTIL EARLY IN 1945

Way in Which European
War Is Having to Be Fought
Full-Scale into Winter Pre-
sumed to Be Reason for
Change.

By JOHN M. HIGHTOWER,
Associated Press Staff Writer
Washington, Nov. 21.—(AP)—
Plans for an early meeting of
Meyers, Churchill, Roosevelt and
Stalin appear to have changed and
the best prospect now is for a parley
early in 1945.

The whole schedule of post-war
conferences and world peace orga-
nization evidently is having to be
revised in consequence. It may have
to be moved two or three months
into the future, which probably
would mean a United Nations
gathering on the Dumbarton Oaks
security plan next spring rather
than in the winter.

However, the whole schedule is
in a state of uncertainty at the mo-
ment. Should it be found that the
problems left over from Dumbarton
Oaks—such as the "veto" voting is-
sue—can be settled without a big-
three meeting the full dress confer-
ence could be held earlier.

Exactly what has happened to the
projected big-three meeting before
the end of this year is not certain.
But presumably the way in which
the European war is having to be
fought full-scale into the winter
and the probability now that it will
last into next spring has had a lot to
do with it.

All three leaders, as President
Roosevelt told reporters a few days
ago, wanted to have the conference.
And Mr. Roosevelt emphasized his
desire for it by saying he thought it
took priority over his invitation to
visit Paris, Prime Minister Church-
ill told Parliament it was "high
time" the trio should get together
again.

From what they said it was clear
that Premier Stalin had expressed
similar views although he confined
his latest public statements to the
necessity for Anglo-Soviet collab-
oration to make a lasting peace.

LIBERAL CANDIDATE FOR DRUMMOND-ARTHABASKA

Victoriaville, Que., Nov. 21.—
Armand Cloutier, Liberal
Member of Parliament for Drum-
mond-Arthabaska, was chosen
yesterday as official candidate for
the Liberal Party in the forth-
coming Federal election.

The convention was held here
under the chairmanship of Hon.
Alphonse Fournier, Federal Min-
ister of Public Works.

By C. R. BLACKBURN,
Canadian Press Staff Writer.
Chicago, Nov. 21.—(AP)—Estab-
lishment of an international civil
aviation authority seemed assured today
with the release of an Anglo-Can-
adian-American agreement on a
partial draft convention, but powers
of the proposed authority remained
subject to further debate.

The partial draft, made public
here late last night after delegates
of the three countries had labored
for ten days in apparent deadlock,
is expected to be studied at a plenary
session of the International Civil
Aviation Conference of 54 countries
not later than tomorrow.

Meanwhile the three countries
who thus reported progress, con-
tinue to grapple with the contro-
versial question of free competition
advocated by the United States, and
controlled allocation of routes and
frequencies demanded by British
authorities and to a lesser degree by
the Canadians.

Representatives of all three coun-
tries took satisfaction from the
partial draft but the important fact
from the Canadian standpoint was
that it recognizes the necessity of
an international authority.

The draft convention, which is
expected to take the form of a
treaty, proposes to set up "the
International Air Administration"
with an assembly of member nation
representatives, a president and
board of 14 directors, and such
other bodies as may be necessary.

Its preamble declares the prin-
ciple that international aviation "be
developed on the basis of equality
of opportunity and that interna-
tional air transport services may be
established and operated soundly
and economically."

To that end it declares as one of
its aims the prevention of "eco-
nomic waste caused by unreasonable
competition."

Establishment Of Air Control Authority Now Seems Assured

This is taken as an acceptance of
the idea that countries wasted by
war and otherwise unprepared may
be provided with an opportunity to
participate in international civil
aviation when they are able to do so.

Without such a principle the
United States, well prepared and
equipped, could enter at once into
all fields of international aviation
and pre-empt the field.

Canadian and British delegates
saw United States adherence to
these principles a partial acceptance
of their plea that world aviation be
not thrown into the confusion of
unbridled competition.

There is provision for supervision
of rates by the board with due
regard to the class and quality of
service provided, costs of operation,
subsidies paid, speed and through
operation as compared with local
services.

But there is no authority to im-
pose such rates except such author-
ity as a member state may possess,
over operators within such states,
which refuse to abide by an order of
the board.

Left undecided also was the
question of the "freedom" of the
air, the extent to which carriers may
operate in a country outside the
state of its origin, and between
states over which it may fly.

The proposed board of directors
will include the president elected by
the whole assembly, and 14 mem-
bers of which seven will automati-
cally come from the seven countries
of chief importance in aviation.

Those countries are expected to
be Canada, the United Kingdom, the
United States, Soviet Russia, France,
The Netherlands, and possibly
China.

In the event of disputes between
states the board may decide the
issue but an appeal may be taken to

Full Generalship To Crerar For "Outstanding Services"

Ottawa, Nov. 21.—(AP)—In recog-
nition to his "outstanding services
to the Allied cause," Lt. Gen. H. D.
G. Crerar, 56, who has directed the
1st Canadian Army in the campaign
through northern France, Belgium
and Holland, has been promoted to
rank of full General, Defence Min-
ister McNaughton announced last
night.

Gen. Crerar, born in Hamilton,
Ont., served with the 1st division in
the First Great War as an artillery
officer, and later was commandant
of Royal Military College, Kingston,
Ont. A month after the outbreak of
the present war he went to Britain
to prepare for the arrival of the
First Canadian contingent.

In announcing Gen. Crerar's pro-
motion, Gen. McNaughton also made
public the promotion of Maj. Gen.
Charles Foulkes, 41, of London,
Ont., recently identified as Com-
mander of the 2nd division of Gen.
Crerar's army, to rank of acting
Lieutenant-General.

Brig. A. E. Matthews, 35, of Ot-
tawa and Toronto appointed Com-
mander of a Canadian Corps Artillery
last March, has been promoted to
rank of acting Major-General. He
is the son of Hon. Albert Mat-
thews, Lieutenant-Governor of On-
tario.

Gen. Crerar, who decided on a
military career after the last war,
has served successively as Vice-
Chief of General Staff, Chief of
General Staff, Divisional Com-
mander, Corps Commander in Britain
and late in Italy, and Army Com-
mander.

During the last war he succeeded
Sir Alan Brooke, now Chief of the
Imperial General Staff, as artillery
staff officer of the Canadian Corps.
Another predecessor of his in the
last war was Gen. McNaughton.
They followed one another in the

corps counter-battery staff officer
post.

Gen. Crerar's son, Peter, graduat-
ed as an officer in 1942 after en-
listing in the ranks. His daughter,
Peggy, was married Overseas to an
artillery officer. Mrs. Crerar lives
in Ottawa.

Gen. Foulkes, who went Overseas
with the 1st Division in this war,
was born in England and educated
in London, Ont. He was commissioned
in the Canadian machine-gun corps
in 1923. In 1939 he was appointed
Brigade Major of an infantry bri-
gade, and after service Overseas re-
turned to Canada to assume an ap-
pointment with a Canadian division,
which he accompanied to England in
1941.

For eight months he commanded
an infantry brigade in the 1st
Division, was appointed Brigadier
in 1943, and promoted Major-General
and appointed to command a Cana-
dian infantry division January 11.
His wife and family live in Victoria.

Gen. Matthews went Overseas as a
Major with the 1st Canadian Divi-
sional Artillery, and after holding
various posts was promoted Brig-
adier in January when he became
Commander of Royal Canadian Ar-
tillery, 1st Canadian Division. His
wife lives in Toronto.

TO NAME SUCCESSOR TO ENGLISH PRIMATE

London, Nov. 21.—(AP)—Prime Min-
ister Churchill soon will recommend
to the King a successor to the Ar-
chbishop of Canterbury, and London
speculated today that the new pri-
mate would be the Rt. Rev. Geoffrey
Francis Fisher, now Bishop of
London.

Among other possible successors
to the late Archbishop (Dr. William
Temple) are the Archbishop of York
and the Bishops of Winchester and
Chester.

U.S. SUPERFORTS HIT TARGETS ON JAPANESE SOIL

Large Force of China-
Based B-29's Carried Out
Raid on Nipponese Indus-
trial Centres on Kyushu
Island.

Washington, Nov. 21.—(AP)—Su-
perfortresses in heavy strength hit
the Japanese homeland island of
Kyushu again today.

Gen. H. H. Arnold, as Command-
ing General of the 20th Air Force,
made the brief announcement with
the promise of more information,
as to results and possible losses of
any of the big bombers, "when fur-
ther details are available."

The first report said merely that
"a large force of B-29 aircraft"
attacked industrial targets on Kyu-
shu, the mission being carried out
from China bases by the 20th
Bomber Command.

Kyushu is the most southern of
the Japanese homeland islands.

San Francisco, Nov. 21.—(AP)—
Tokyo radio reported 70 or more
Superforts struck in two waves at
Nagasaki and Omura areas of West-
ern Kyushu Island in Southern Japan
today.

The broadcast, recorded by the
Federal Communications Commis-
sion, asserted Japanese interceptors
engaged the B-29s in "fierce air
duels that raged from 9:45 a.m. to
11 a.m. (Tokyo time)." Broadcast-
ers asserted eight Superforts were
shot down and another damaged.

A Domei News Agency report
predicted that later Japanese radio
accounts would report higher "en-
emy losses" after an "investigation"
of the air battle.

WAR BULLETINS

London.—The Berlin Radio said today Allied
troops have reached Saarebourg and are fighting in the
streets. The town is 34 miles northwest of Strasbourg
and 40 miles east of Nancy.

New York.—Albanian Partisans who earlier
liberated their country's capital of Tirana have taken
the seaport of Durazzo 20 miles to the west, the Free
Yugoslav Telegraph Service said in a dispatch today
recorded by the F.C.C.

London.—Allied Armies on the Western Front
have captured at least 691,989 prisoners since D-Day,
June 6, the equivalent of 69 German divisions as pre-
sently constituted.

Largely Attended Memorial Service Held For Melbourne War Casualty

Melbourne Ridge, Nov. 21. — A largely attended memorial service was held at the United Church for Ernest S. Smith, who was killed in action on October 27.

Relatives and friends from far and near came to pay tribute to one highly respected and honored and to sympathize with his parents, Mr. and Mrs. C. H. Smith, his brothers and sisters, and Miss Ada Fowler, his fiancée.

The church was beautifully decorated with flowers and flags. The service was conducted by Rev. R. T. Morris, of Upper Melbourne, who spoke words of comfort from the text, "Greater love hath no man than this that a man lay down his life for his friends." The hymns sung were "Abide with Me," "Nearer My God to Thee" and "Onward Christian Soldiers." A solo, "Does Jesus Care?" was sung by Mr. Fife with Mrs. Cecil Johnston as the organist. After the singing of the National Anthem and the pronouncing of the benediction the "Last Post" was played at the church door, which added much to the solemn service.

A large number of members of the local branches of the Canadian Legion attended in a body, also about twenty of Mr. Smith's co-workers of the Atlas Plywood Company of Waterloo, attended, bringing a beautiful wreath of flowers.

Relative, from a distance, Miss Ada Fowler and Mr. Hiram Beauregard, of Waterloo, Mr. T. Davidson, Mr. A. Smith, Mr. and Mrs. W. Smith and Mr. and Mrs. G. Smith, of North Troy, Vt., Mrs. Forest Jones, Mr. and Mrs. McDonald and Miss Edwina Davidson, of Newport, Vt., Pte. Homer Malboeuf, of St. Johns, Mr. and Mrs. C. Dieuze, thirty miles southeast of Metz, was captured. The 3rd Army had patrols at Insweiler, ten miles northeast of Dieuze.

The 10th Armored Division which drove into the Saar—a major German iron and coal region—has deepened its penetration of Germany to three miles in the Metz area. This division encountered heavy enemy fire from east of the Saar river.

Twelve miles to the northwest mechanized cavalry units provided five miles into Germany up to Moselle river valley, ancient gateway to the Rhineland.

British troops beat off two counter-attacks and punched deeper into the Siegfried defenses, reaching the outskirts of Wurm, three and a half miles northeast of Gelnkirchen. Farther north, other units of the British 2nd Army were rapidly completing the job of clearing the enemy out of the Maas bulge in Southeastern Holland, meeting almost no opposition as they neared Venlo.

The Germans threw 20 to 30 tanks against U.S. 9th Army units at Schleiden, seven miles southeast of captured Gelnkirchen, but Lt.-Gen. Simpson's men repulsed this blow and advanced one and a half miles northeast, capturing Aldenhoven on the road to Julich, three miles away.

The 9th Army also captured Praelandhoven, Geronswiller, Nidermerz and Ungershausen. On the 9th's right, the U.S. 1st Army backed new gains out of the stubbornly-defended enemy positions, and captured the village of Wenau on the edge of the Hungen Forest. Heavy fighting was reported in the outskirts of Eschweiler.

The French 1st Army was pouring heavy forces into its expanding positions in the Rhine Valley. Altkirch and several other towns were captured as these units closed in on Mulhouse. There was no Allied confirmation of Swiss reports that the French were attempting to bridge the Rhine itself for an attack on the Siegfried Line near Kembs, three miles north of the enemy fortress of Istein.

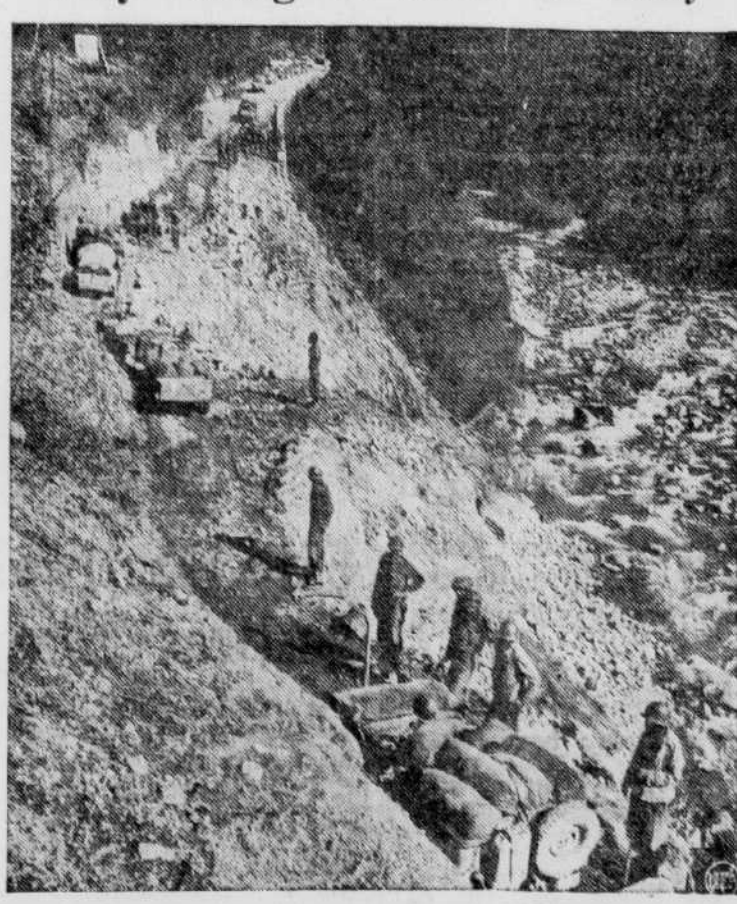

Bad weather hampered air operations in support of the ground offensive yesterday, but the Allied communique reported fighter-bomber attacks on enemy transportation and troops between Metz and St. Die.

Armand Boucher Is Granted Stay Of Execution From Jan. 26 To March 23

Armand Boucher, 20-year-old convicted murderer of George Williams, of Sherbrooke, scheduled to hang on January 26, was this morning granted a stay of execution until March 23 to allow the Court of Appeals to consider the writ filed by Boucher's lawyer, Paul Emile Brazeau, after Mr. Justice Dalma Landry sentenced the murderer to hang.

Hertel O'Bready, Court Clerk, announced today that the postponement had been signed by Mr. Justice Landry.

Boucher is at present in the Sherbrooke Jail where he has been confined since his arrest following the murder of Williams, 30-year-old Sherbrooke, last May 6.

On October 27, Mr. Justice Dalma Landry handed down the death sentence after a jury had brought in a verdict of guilty as charged after only fifty-two minutes of deliberation.

A few days later, Mr. Brazeau, attorney for the defence, filed an appeal to the Court of Appeals in Montreal, claiming that the evidence which had convicted Boucher had been merely circumstantial and of

ferred no conclusive proof of the accused's guilt.

The appeal was scheduled to be heard during the November term of the Court of Appeals, but may not come up for some time yet, depending upon the number of appeals to be heard by the Montreal court.

The proof, offered by joint Crown Prosecutors Roland Dugre and Redford Hayes, showed that Boucher had gone into the woods with Williams on the morning of May 6 and that only Boucher had come back, stating that George had told him he was going to the States to work.

When, a short time later, Williams' body was found with a bullet hole through the head and hidden in a clump of bushes, Provincial Police began a thorough investigation of Boucher's activities and finally served a warrant for his arrest.

Given a preliminary hearing, Boucher was ordered to stand trial at the fall session of the Court of King's Bench, where he was found guilty of the crime.

RETURNS FROM OVERSEAS

Major E. W. Arnold, of Sherbrooke, who was among the group of thirteen officers and one other rank of the Canadian Army who returned to their homes in Military District No. 4 over the week-end, Major Arnold was in France on D-Day with the Sherbrooke Fusilier Regiment.

By-Law Reorganizing Local Fire Department Given Final Approval By City Councillors Last Evening

The laws governing the operation of the Sherbrooke Fire Department, which date back to the year 1851 when the currency of the country was shillings and pence and the approved method of fighting fires was with buckets and barrels, were brought up to date last evening when the City Council gave its approval to by-law 642, which was entitled "By-law concerning the organization and operation of a fire brigade."

No opposition was offered to the third reading of the by-law, sponsored by Ald. Tremblay, Chairman of the Fire and Police Committee. However, on second reading, one amendment to the first clause of the by-law was approved on division.

This was advanced by J. L. Trudeau and seconded by Ald. Bryant, who provided that the man named as Chief of the Fire Brigade could also be Chief of the Police Department and vice-versa. Thus the existing practice will be continued, the present Director, Percy Donahue, holding both posts.

All Aldermen favored the idea of permitting one man to hold both positions, but some felt that no special mention need be made of the principle in the by-law in view of the clause which provided that the City Council shall appoint and provide the rules for the Fire Chief.

However, Ald. Trudeau believed that there should be specific provision for common control to remove any uncertainty and prevent possible causes of friction. Finally

a vote was taken on the amendment which was supported by Aldermen Fiset, Bryant, Hamel, Bishop, Trudeau and Desjardis, with Aldermen Gervais, Lanctot, Rousseau and Tremblay favoring the original motion.

The new by-law provides for the creation of a fire brigade with a Chief, a Deputy Chief and Captains or Lieutenants to command each station, and a number of firemen to be fixed by the Council. Other sections provide for uniforms and salaries for the firemen, the maintenance of discipline, the keeping of permanent records and the making of periodical reports by the Chief to the City Council and other details in connection with the operation of the Department.

The operation of the Fire Department was also discussed in a letter from the Proprietors' League which urged the re-opening of Number Five station in the West Ward in view of the rapid growth of that section of the city. This was referred to Committee.

Approval was also given to the sale of a number of lots owned by the City in the Township of Orford. These lots, acquired in connection with the waterworks, were sold to prospective cottage owners.

Committee reports were also read providing for the purchase of a wide area of land for the Electric and Gas Departments, providing sundry public work projects and governing the admission of a number of indigent citizens into hospitals and other institutions.

An Armistice Day service was held in the Baptist Church on Sunday morning when an appropriate address was given by Pastor W. R. Jackson. Beautiful baskets of yellow-anthemums in shades of yellow, bronze, mauve and white, the gift of Mr. and Mrs. Jackson, were arranged in the front of the church. Another very effective piece was a Red Cross of Poppies on a background of moss.

L.A.C. Guelph E. Parker, of No. 3 Wireless School, R.C.A.F., in Winnipeg, Man., is spending a few days leave at his home here.

John Robinson, was met at the church door by the parish priest, the Rev. John Ford, attended by the wardens, Messrs. Allanson and Oak, and the choir.

The petition was read by the incumbent and accepted by His Grace, the choir and clergy then proceeded to their customary places, singing the appointed psalm.

Then followed the order appointed by the Church of England for the setting apart of a building as a church, which in turn was followed by the service of Holy Communion.

During the service of Holy Communion, at the time appointed for the sermon, His Grace referred to the mission which he had conducted, and brought out several important resolutions that might well be adopted by all who had been associated with it. He also expressed pleasure that a building, which even as yet is looked upon as a temporary one, should be solemnly set apart as a church. Finally he called upon all to re-dedicate themselves to the service of Christ and His Church.

The mission at the Church of Saint Paul the Apostle in West Sherbrooke was marked by one special feature, namely, the confirmation service. At this service twenty-four persons were confirmed and the impressive ceremony was witnessed by a hundred and fifty friends and relatives.

At the children's mission held each afternoon an average of ninety children was noted.

The mission, as a whole, was marked by a very real effort on the part of the membership of Saint Paul the Apostle Church, though, as is usually the case, a fair number attended spasmodically and a number of others were absent throughout. In these days all should endeavor to take advantage of these periods of spiritual refreshment.

7 E.T. Schools Give Report On Education Week

Seven Eastern Townships schools have reported their activities in connection with Education Week to the chairman of the Provincial Association of Protestant Teachers Education Week committee.

Canada's ninth Education Week has been termed a success, with most of the schools of the Province throwing themselves wholeheartedly into the programme of special religious services, visitors' days, special school projects and school assemblies. These activities together with special features in the newspapers, theatres and on the radio placed the needs and importance of education before the public in a very clear manner.

The Danville High School held a social church service, a visitors' day, and school displays.

The Cookshire High School featured a "Book Week" display in the school, along with inter-class debates, films, a visitors' day, and a Junior Red Cross tea.

A Home and School Association was formed in Scotstown in connection with Education Week, and a county inter-school concert was held in the Scotstown High School.

The Bury High School brought out a special edition of the school paper during Education Week, and a public assembly and prize-giving was held in the school. A visitors' day and a special church service were held during the course of the week.

A Community Youth Advisory Group was formed in Coaticook to integrate the work being done for boys and girls in the whole Provincial community during Education Week. Leon Trepanier Believes Draftees Will Volunteer To Fill Gaps Among Canadian Units Fighting Overseas

"We cannot expect the so-called 'Zombies' who have conformed with the law of the land, to enlist for active duty Overseas as long as they are abused and insulted," declared Leon Trepanier, O.B.E., Associate Director of the "Sun Life Revue" which large numbers of French-Canadians are not serving with the Armed Forces Overseas, affirming his belief that when final victory is won, and the efforts of Canadians are weighed in the balance, French-Canadians' part will show itself as deserving a high place in the nation's patriotism.

The speaker was introduced by Mr. Justice J. Dalma Landry and thanked by Lion Albert Charpentier. Lion Colonel Leopold Chevalier announced that a "Midnight Show" featuring the "Sun Life Revue" will take place on December 7, and that preparations are now under way for an interesting evening's entertainment.

Further information was also made public regarding the "Big Raffle" which will be drawn at the Granada Theatre on December 20, when one \$250 grand prize will be awarded, in addition to which one \$100, two \$50, and two \$25 prizes will be presented to the holders of lucky tickets.

Lion Don Elliott presided over the meeting.

The speaker stated that front-line reports indicate a definite need for reinforcements in French-Canadian regiments Overseas, but he expressed his confidence that the several thousand men required to fill these needs will be raised from the ranks of draftees who have already completed their advanced training in Canada, and are fit for active combat in any battle area, without unnecessary agitation.

He pointed to a number of obstacles that are constantly presenting themselves in army recruiting drives, and stressed the importance of treating these factors with understanding and intelligence in order to overcome them satisfactorily.

Mr. Trepanier spoke of the appeal issued by Major-General L. R. LaFleche, M.C., of the Canadian Forces, who have completed their advanced training to come to the aid of their comrades in arms. He further referred to tomorrow's session in the House of Commons, "as the time when a decision will be reached in the military issues at hand, which will result in the mapping of intelligent plans for future recruiting campaigns."

Mr. Trepanier observed that during the last three years he had toured over 615 cities, towns and villages in the Province of Quebec, and had taken part in numerous discussions with civic and military leaders in a variety of communities to the effect that "the many barriers that have presented themselves in our work have been eliminated, and this will further assist us greatly in securing the necessary personnel for active service."

The speaker related that "draftees" are receiving better and more specialized training than any volunteers, in order to instill in them confidence to meet the foe on the field of battle and stressed that every effort is being made to assist the farmers in returning to their land during spring and autumn on "special farm leave," thus boosting morale.

He sketched briefly the land situation now prevailing in the Province of Quebec, among the farmers, that has had its effect on military calls-up, referring to the "Law of the Twelve Living Children," enacted by Prime Minister Honore Mercier in 1890, which granted additional land to any farmer in the Province, who had a family with a minimum of twelve living children, stating that when this act was repealed in 1905, some 5,413 grants had been made. This land was largely distributed among the sons of the French-Canadian farmers' families, with the result that as a farmer's family increased, his acquisition of land increased, for if he had not the land to give to his sons, he bought it so

PREPARING FOR AIR CADET WEEK IN SHERBROOKE

Flight-Lieutenant G. H. Dixon, Command Cadet Officer, arrived this afternoon from Montreal, accompanied by Flying Officer J. N. P. Ouellette, for the completion of plans for the coming Air Cadet Week, to be staged locally by the 67th Sherbrooke (Rotary) Squadron December 15 to 22, inclusive.

Interviewed upon his arrival at the C.P.R. station, Flight-Lieutenant Dixon revealed that "To the best of my knowledge, this will be the first Air Cadet Week to be held in the No. 3 Training Command area and possibly in the Dominion."

Discussing the work being carried on by the 67th Sherbrooke (Rotary) Squadron, Mr. Dixon declared that "AC, Flight-Lieutenant Lee Audet, Commanding Officer, AC, Flying Officer J. A. Archambault, Squadron Adjutant, and the other officers-in-charge, are to be congratulated upon their magnificent effort in the training they have been carrying out."

He spoke briefly concerning the plans being prepared for the Air Cadets, stating that a new syllabus is now being mapped that will include power flying training as well as soaring and gliding. "Canada's future will depend largely upon her airways," he asserted, "and it is only right that the young Canadians of today should be given the opportunity to fly, so that they may have a stake in the future building of these airways."

"It is a duty of every parent to see that his or her son gets out of life that which he desires. The Air Cadets have been organized to give the boys just that. We all want to fly. Some of us were unable to do so for want of facilities, until we were declared. Well, the Air Cadet League wishes to remedy this for the future generations to come. Every boy, whether he plans to go into military life, join a civil airline company, or just belong to a flying club, will benefit greatly from his training with the Air Cadets," he said.

INSURANCE IS ADDRESS TOPIC BY E. GERMAIN

Ernest Germain, Manager of the local office of the Mutual Life Assurance Company, was the guest speaker at the monthly luncheon meeting of the Life Underwriters' Association held yesterday afternoon at the Chateau Frontenac.

Speaking on "Optimism in Relation to Life Underwriting," Mr. Germain stressed the importance of careful planning in making investments, declaring that "Man's every effort is strained towards making sound investments, so that when he enters his period of retirement, he will be able to draw from those financial reserves for his sustenance."

The speaker asserted that there are two ways to ensure the acquisition of the necessities of life, namely by working to earn the required amount of money, or by making sound investments so that the accumulative wealth might be greater increased.

"Day by day, old age creeps up on us, and our ability to work and remain active in the business field decreases, and it is the thought of this that leads men to seek, most vehemently, to acquire as much money as possible in order that they may live with freedom from financial worry in their twilight of life," he said.

Mr. Germain spoke of the introduction of life underwriting in England, in the nineteenth century, and outlined the development of his venture and the stabilization of policies and premiums under governmental control.

He emphasized the value of optimism in the make-up of insurance salesmen, saying that "an optimist is one who sees things in their true light, and continues to carry on, overcoming any obstacle that may present itself in order to achieve his aim."

Mr. Germain repudiated the pessimists as "men with long faces who grope blindly in the dark."

A highlight of the meeting was the presentation by J. A. Vidal, of the Crown Life Assurance Co., of a "Chartered Life Underwriters' Diploma" to H. Trepanier, of the Industrial Life Assurance Co., who has successfully completed a three-year study of life underwriting.

L. F. Jenne, of the Imperial Life Assurance Co., President of the Association, who acted as chairman of the affair, announced that the next meeting, to be held on December 11th, will feature the nomination and election of officers for the coming year, and requested all members to attend. Eddie Caron, of the Manufacturer's Life Assurance Co., and Past President of the Association, was elected as chairman of the Nomination Committee.

Mr. Germain was introduced by Bruce Miller, of the Mutual Life, and thanked by J. A. Rouleau, of the Continental Life Assurance Co.

University Arts-Science Debating Team Maintains Resolution That Conscription Necessary To Canada

Three Arts and Science students were successful in out-arguing a team of three Divinity students to win the unanimous decision of the judges in the first inter-faculty Skinner debate held at Bishop's University last night. Artmen P. J. Beaudry (captain), N. M. Buchanan and J. C. Scarth, upholding the affirmative in the argument "Resolved that conscription is necessary to Canada," defeated Divines W. C. MacVean (captain), T. R. Gibson and S. N. Gooch.

The chairman, Professor J. D. Jeffries, introduced the speakers, making it clear that the views expressed were not necessarily those of the student body as a whole or of the faculty of the University. The judges were the Ven. Archdeacon A. Jones, J. E. Perry, principal of Lennoxville High School, and J. Moffat, of the teaching staff of Bishop's College School. Their final decision was based on the merits of the various arguments and on the delivery with which these arguments were presented.

The debate got under way with P. J. Beaudry, captain of the affirmative, defining the resolution and setting forth the aims of his team. His argument was based around the points that conscription would result in better placement of our military power, that it would make training more uniform, that the three branches of our armed forces would work more smoothly in co-operation with each other and that conscription was a sure way of replacing battle losses.

W. MacVean, leader of the negative, built a strong argument on the two major points that the introduction of conscription at this late stage would disrupt the entire war effort and would even affect Great Britain and the United States. And

secondly that the voluntary system of enlistment for active service has already met with all the demands of the Army, Navy and Air Force. Mr. MacVean was probably the best speaker on the negative side.

The second debater for the affirmative, N. Buchanan, claimed that more national disunity has arisen as a result of the Government's policy than would arise if conscription were put into effect. He stated that the country is in danger of being split into violently disagreeing factions over the question of conscription.

The opposing negative speaker, T. Gibson, insisted that forcing the "Zombie" army to go into active service would only lower the fighting power of the highly trained voluntary soldiers. Said he: "You can send a conscripted man overseas, but you can't make him fight, and a soldier who is unwilling is useless."

J. Scarth, last speaker for the affirmative, claimed that the necessity for Canadian reinforcements was now so great that the overseas armies are using foreigners to fill the ranks. He held that only by conscription could this situation be remedied.

S. Gooch was the last speaker for the negative side. He argued that Canada could equip a large conscripted army only if she were to slacken up her magnificent job of making machines and growing food not only for herself but also for England and even United States.

Each team was given five minutes for rebuttal, the captains having the floor. Both Beaudry and MacVean offered several very good points in refuting their opponents' arguments.

While the judges reached a decision the debate was thrown open to the house and there ensued some highly interesting discussion.

SUN LIFE REVUE TO BE PRESENTED BY LIONS CLUB

The War Services Committee of the Sherbrooke Lions Club, anxious to create more funds for its war work, will present on Friday, Nov. 24, the well-known Sun Life Revue at a midnight show at the Granada.

The Sun Life Revue, a sparkling Troop Show, sponsored under the auspices of the employees of the Sun Life Assurance Company of Canada, Montreal, is a rich production displaying a wealth of talent.

Unlike many other Troop Shows now on the road this group does not depend for its appeal on a series of individual variety turns along the lines of a vaudeville show, but is presented in the traditional fast stepping revue style with lavish production numbers each portrayed in a distinctive manner and telling their own story.

This entire group of over 40 people, which since its inauguration has entertained thousands of members of the Armed Forces, has been trained with one purpose in view, namely an organization, without individual stars, in which all the members combine their efforts to produce a popular and quick action show.

However if individual talent and experience were being sought we would find it in many of the members. First, there is Director-Producer H. J. Ward who has been connected with show business for many years, being most prominent in the writing and stage amusement fields. The comedy is in the capable hands of those experienced troupers David Matheson, Hugh Layhew and Leslie Elvidge, whose smart presentations in the humorous numbers are richly hilarious. In Miss Hilda Grant, the organization is very fortunate in having the assistance of one of Montreal's better known dancers and ballet experts, Mr. Edwyn Wayne, a gentleman who has successfully directed many plays in the humorous numbers, has given valuable assistance in the staging of the production numbers. The Revue is also fortunate in having the services of an accomplished musician in the person of T. W. (Tommy) Simpson, whose compositions and arrangements have done much towards the musical portion of the programme.

MARRIAGES

FORTIER-McCONNELL

A quiet and pretty wedding took place at St. Paul's Church, on Saturday, November 18, when Rosemary Patricia McConnell, daughter of Mr. and Mrs. W. J. McConnell, of Sherbrooke, was united in marriage to Mr. Paul Arthur Fortier, son of the late Cleophas Fortier and Mrs. Arsenase Gagnon, of Danville.

The bride, who was unattended, was given away by her father and wore a slipper length gown of soft pink tulle. Her veil of illusion was arranged in coronet style and held in place with tiny pink flowers. Her only ornament was a pearl necklace and she carried a Colonial bouquet of deep pink carnations.

The Reverend Father Moisan, Parish Priest, celebrated the Nuptial Mass and serving as acolytes in the sanctuary were the brother of the bride, Mr. Robert McConnell, and her cousin, Mr. John McConnell, of Montreal. Mr. J. L. Codere presided at the organ and played the bride's chosen selections during the ceremony. The church was decorated with fern and chrysanthemums.

A reception was held at the home of the bride's parents, where relatives and a few intimate friends gathered to extend their best wishes to the bridal couple. The bride's table, which was covered with a hand-embroidered and Venetian lace-trimmed cloth, was centered with the wedding cake and decorated with fern and white baby's breath and white candles in cut glass candlesticks.

The happy couple left on a honeymoon trip and will visit St. Hyacinthe, Montreal, Ottawa and St. Johns. The bride going away wore an autumn gold two-piece wool dress with top coat and hat in brown and darker brown accessories and a corsage of bronze baby's breath.

On their return Mr. and Mrs. Fortier will take up residence at Danville.

Concentrated Drive For More Women Volunteers Conducted By Red Cross

This week, throughout the Province of Quebec the Canadian Red Cross Society is conducting a concentrated campaign for more women volunteers to ease the critical help shortage which has been curbing production in all provincial workrooms.

Statistics now released from Red Cross Headquarters in Montreal give evidence of the sharp decrease in production figures during the past year. Total output from January to the end of October has been 71,000 articles less than the total for the same period of last year. This figure covers all Red Cross supplies excluding surgical dressings.

Only 30 per cent of the wool quota for the year ending April, 1945, has been completed. Seventy per cent remains to be done in five months, which means that workrooms are far behind schedule. While the quota for surgical dressings was lowered for this year the output in other articles continued to decrease.

The serious falling-off in the number of volunteer workers is attributed to a growing apathy on the part of Canadian women towards certain phases of Red Cross service. Because of the favorable military situation in Europe, many people believe that the war will be over very soon, and that therefore the usefulness of the Canadian Red Cross has come to an end.

Actually, officials point out, the end of the European war will merely open a new phase of Red Cross service. In addition to the war with Japan, the Society must shoulder many responsibilities in the field of rehabilitation, and these activities will call for large quantities of

FOWL NEEDS EXTRA COOKING CARE

BY GAYNOR MADDOX

Turkey, goose or duck, needs special care in cooking. Here are valuable hints for 100 per cent eating results.

If turkey pinfeathers are stubborn, aim a gentle stream of water on the spot and scrape with the "nap," using the back of the knife.

Unless a bird goes straight to the oven, chill all stuffing well before putting in the bird. Handmade drumsticks don't just happen. Tie a cord around the leg end and just above the joint. It keeps the skin from drawing away from the bone. A quick snap when roasting is done and they're ready for paper dolly ruffs.

According to Better Homes and Gardens home economics experts, topside protection is mighty important to your bird's golden-brown beauty. Cover the breast bone with bacon strips or body fat, then a strip over each thigh joint. Fat acts as a self-baster. To keep the ruff of the skin moist put thin white cloth in melted fat, press out and lay over the bird. It should hang down the sides but not touch the rack. If the cloth drips during the roasting, spoon melted fat over it. Don't add water, and don't cover the pan.

To drain off surplus duck or goose fat, prick half a dozen holes into the fatty parts before roasting—over the back, around legs and wings, in the breast and around the tail. But be careful, don't make them too deep.

Twenty minutes before the timetable says your bird should be tender, protect your fingers with a clean cloth or paper napkin and press the thick part of the drumstick. If it's very soft between your fingers, let it rest the full time then try again. Don't spear with a fork; it's not accurate and you lose flavorful juice. Keep the heat low and constant. If drippings burn, the oven is too hot.

When the turkey is out of the oven waiting in a warm spot, to give it a shiny glaze spoon drippings from the bottom of the pan over him several times. Let it stand 10 to 15 minutes before he goes to the table, for extra goodness and easy carving.

BREAKFAST: Ready-to-eat cereal, sliced bananas, chopped bacon or oat, whole wheat toast, jam, coffee, milk.

LUNCHEON: Yankee bean soup, toasted French type bread, raw vegetable salad with chopped egg and mayonnaise, prepared chocolate pudding, tea, milk.

DINNER: Beef pot pie with vegetables, Harard beefs, enriched soft rolls, butter, mixed green salad, stewed fruit, nut cookies, coffee, milk.

Harvard Beets
One tablespoon butter, 4 tablespoons brown sugar or honey, 1½ teaspoons cornstarch, ¾ cup vinegar and water (equal parts), ¼ teaspoon salt and paprika, 2½ cups sliced cooked beets.

Melt butter in double boiler; add sugar and cornstarch mixed with vinegar and water; cook until thick, stirring constantly. Add seasonings and beets; heat thoroughly. Serves six.

CONSIDER THE SHAPE OF YOUR FACE BEFORE CHOOSING CHUNKY JEWELRY

JANET BLAIR: Jewelry perfects shape of her face.

BY ALICIA HART

It's well to know what you're up to when you wear the new jewelry pieces, which, because they are bolder in design and more brilliant in gleam, create dominant lines that can affect the shape of your face.

For expert pointers that will keep your shopping quests for jewelry safe from errors, listen to gem-loving Janet Blair, who passes on tips for choosing them which every movie girl learns from her studio. Janet's advice is to wear dog collar or multiple-strand choker necklaces only if your face is slender. If it's round, she says, your best bets are oval or long necklaces and twin clips or pins placed off center and low down on the neckline of a dress.

"Bold earrings are a face-widening device, too," Janet reminds you, "but if you'll also wear a V-shaped necklace or a big pendant or medallion suspended from a ribbon, you'll direct the onlooker's eyes in a long line down as well as across your face, which creates the impression of an ideal oval shape."

GRANBY

The November meeting of the Women's Missionary Auxiliary of the United Church took place in the lecture hall. The President, Mrs. Fuller, was in the chair and led the devotions assisted by Mrs. F. Lynch, who read the Scripture lesson. Mrs. Thomas Scott and Mrs. Gorge Blake led in prayer on the theme given in the "Missionary Monthly" order of service. Miss Susan Black read "You Can Find it Wherever a Child is Scared or Hungry," by Overstreet, and Mrs. A. Crack read Kipling's patriotic poem, "Land of Our Birth."

Mrs. J. McCurdy and Mrs. J. Gray were appointed to the Nominating Committee to bring in the slate of officers for 1945. The new study book, "West of the Date Line," by Constance Hallowell, was introduced by the President, and deals with the islands of the Pacific which are now the seat of war with Japan.

The Church Woman as Citizen" was brought up and a recommendation was that a "Citizens' Forum" be organized in Granby. Mrs. G. Blake, Temperance Secretary of the W.M.S., read an article on temperance from the "Tidings," an appeal to the "women of the church." Rev. Mr. Scott joined the ladies at the tea hour. The hostesses were Mrs. W. H. Miner, Mrs. G. Shutt, Mrs. M. Berry and Mrs. J. Gray. The December

Inauguration Of Sutton Farm Forum Held With Attendance Of Over 20

Sutton, Nov. 21. — Sutton Farm the President of the Band, Miss Katherine Hawley presented her in this fifth year of activity with fourteen families registered and an attendance of twenty-seven at the meeting on November 13, at Mr. Dave Binning's.

The meeting was presided over by the chairman, Donald Hastings, and after the broadcast a lively discussion brought out the following conclusions:

1. A survey of the soil of our farms should be made, but it is not made because finances are not available to enable the farmer to treat his soil as the survey would indicate.

2. That farmers in our neighbourhood are doing all they can individually, by use of fertilizers and crop rotation, to improve the productivity of their land. But it was felt that by joint action much more could be done, and certainly ought to be done, particularly in the matter of weed control. The members of the group were unanimous in their opinion that the control of weeds should be considered seriously by the government.

3. It was agreed also that certain waste land could be cultivated if it were drained. It was decided that the drainage problem is also one for group or government action and it was evident that this question should be studied more carefully so a request is being sent to the Provincial Farm Forum Office at Macdonald College for literature on this matter.

Mrs. Binning, the hostess, served a delicious lunch, which brought a profitable Farm Forum gathering to a close.

OBITUARIES

MR. THOMAS EWING DRIVER, WINDSOR MILLS.

Windsor Mills, Nov. 21.—The funeral of the late Thomas Ewing Driver, who passed away on November 14 at the home of his sister, Mrs. S. Chapman, in Windsor Mills, was held on Thursday, November 16.

The service at the house was conducted by Rev. V. M. Gilbert. The hymns, "Lead Kindly Light" and "Unto the Hills Around," were sung.

Burial took place in St. Anne's Cemetery, at Richmond, where the St. Francis Lodge, A.F. and A.M., took charge.

The bearers were Messrs. Wilfred and Leonard Driver, Fergus and Stanley Farquhar and George and Rose Ewing.

Mr. Driver was born in New London, Richmond County, on February 4, 1856. He was the son of Aaron Driver and his wife, Nancy Ewing.

In 1891 he married Katherine Kerr, who pre-deceased him eighteen years ago.

Those left to mourn his passing are one son, Carl, of Winnipeg, Man.; two daughters, Grace, Mrs. E. Blackadder, of Quebec City, and Florence, Mrs. Walter Sangster, of McAdam, N.B.; one daughter-in-law; two sons-in-law; eight grandchildren; one sister, Mrs. S. Chapman, of Windsor Mills, and a number of nephews and nieces.

A great many relatives and friends from out-of-town attended the funeral. Among them were Mr. Fred Driver, of Montreal, and his son, Lt.-Col. Harry Driver, Mrs. Norman Way, of Quebec City, and Mrs. Ben Elliott, of Beebe.

MR. E. H. GUILBERT, OF MAGOG.

Magog, Nov. 21.—The funeral of Mrs. E. H. Guilbert took place on Tuesday morning, November 14, at 9 o'clock in St. Patrick's Church. Rev. Father Leon Boucher officiated at the service. Rev. Father A. T. Quinn, of Wolburn, a friend of the family, sang the Requiem Mass.

Mrs. Guilbert, nee Rosa Lefebvre, was born in Coaticook on September 8, 1869. She was united in marriage in Coaticook to Mr. Edward H. Guilbert, a prominent Magog businessman, and came here as a bride, where she spent the remaining sixty-two years of her life. Of this marriage there were born eleven children, of whom eight are still living. Her husband predeceased her thirty-seven years ago.

For seventeen years she had made her home with her daughter, Mrs. A. L. Bibeau, and Mr. Bibeau. She retained all of her faculties up to the time of her death and spent her days in knitting and reading. Although she was in her eighty-third year, she was young in spirit and maintained a constant interest in world affairs, listening to the news broadcasts and reading the daily newspapers.

She enjoyed fairly good health until two months previous to her death. She was taken to La Providence Hospital, Magog three weeks ago, where she passed quietly to her eternal rest on Saturday morning, November 11.

Those left to mourn her passing are five daughters, Mrs. L. L'Esperance, Louise, of Newport, Vt., Mrs. J. R. Wilcox, Antoinette, of Magog, Mrs. A. L. Bibeau, Therese, of Magog, Mrs. Omer Boivin, Jeanne, of Magog, and Mrs. Oscar Lamothe, Rose, of Newport, Vt.; three sons, L. Eugene Guilbert, of Somerville, N. J., Hector J. Guilbert, of Newport, Vt., and Charles E. Guilbert, of Montreal, and several grandchildren.

The town Councillors were the pall-bearers, in memory of the late E. H. Guilbert, who was Mayor of

Magog in 1900, and were as follows: Messrs. Alphonse Pomeroy, Henry Chamberlain, Rouville Baudry, Alphonse Provencal, Ernest St. Jacques and Omar Beaudoin.

The cortege, which was directed by Chief Telephone Lavoie, was preceded by a hearse filled with beautiful flowers, which silently testified to the esteem in which Mrs. Guilbert was held. There was a long procession of cars, bearing the mourners, and close friends of the deceased, as well as numerous

friends and relatives from out of town.

The bearers were Messrs. Calixte Chamberlain, Dr. O. Dionne, Hector Gauvin, Arthur Dion, D. P. Goyette and William Poirier.

Interment was made in the Pine Hill Cemetery.

CANADIENS WILL MEET BRUINS AT BOSTON TONIGHT

By ROBERT NIELSEN
Canadian Press Staff Writer

Art Ross' staggering Boston Bruins will have the comfort of home surroundings when they take on Montreal Canadiens at the Boston Garden in the only National Hockey League game tonight, but the records mean anything it's about the only advantage they'll have.

The Bruins' only other game of the season was a victory, 7-5, over the tall-tied Chicago Black Hawks, the only team they have beaten to date. They have a decision over Hawks in Chicago and a draw with New York Rangers to their credit, giving them five points in 8 games and an uncertain grasp on fourth place, one point ahead of the New Yorkers.

A Boston victory would leave the standings unchanged, with Bruins still four points off the pace of the third-place Detroit Red Wings.

Meanwhile, the front-running Toronto Maple Leafs left their wounds in preparation for a Thursday night bout with the Bruins in Boston. High-scoring Sweeney Schirmer will be out of action another two weeks with a severe charley horse suffered in Saturday's game with Chicago, but centre Gus Bodnar, injured the same night, is expected to be back in action.

ANGOTT KAYOS INDIAN SIGN AND SHEPPARD

By SAMMY ANGOTT
Former Lightweight Champion

In 1936, my first year as a professional, I sign Sheppard gave me two good shellackings.

Two years later, after I'd won 11 in a row, my manager, Charley Jones, remarked casually: "On July 4 you're fighting a guy named Lee Sheppard."

I felt pretty nervous while the referee was giving us instructions in Pittsburgh. It was here I'd taken my beatings from this fellow.

Sheppard socked me on the snoot so hard I saw stars. Then I got mad and we cut loose. We threw so many punches that the crowd stood up and howled.

Sheppard seemed as strong as ever in the seventh, but when I clipped him with a left hook on the chin he straightened up. My right had started and I let it go. The punch caught Sheppard on the jaw and he hit the canvas.

I never felt better in my life when the referee yelled "Ten!"

FIGHTS LAST NIGHT

New York—Phil Terranova, 127½, New York, and Harry Jeffra, 130½, Baltimore, drew, 10.

Boston—Ralph Zanelli, 148½, Providence, knocked out Billy Tordiglione, 148½, Boston, 10.

Holyoke, Mass.—Jeffy Maloni, 155½, Springfield, Mass., knocked out Lige Drew, 150, Los Angeles, 3.

Providence—Louis Long, 192½, Chicago, knocked out Jerry Berthiaume, 177½, Montreal, 10.

ing a dead pan like Firpo, Menichelli's handsome face runs the gamut of all expressions. He has what Firpo never had—a smile. While on blood, he is light complexioned for a South American, fair of skin and blue-eyed.

Fifteen months after being unveiled in Newark, Luis Angel Firpo collected \$94,000 for knocking out Jess Willard, next banked \$175,000 for the thriller with Jack Dempsey and got \$40,000 for losing to O'Har Willis on the way out.

If Fernando Menichelli does half as well, he, too, will be able to eat Maine lobster thermidor with a James Montgomery Flagg painting as a backdrop.

Bodnar, Cowley Tied For N.H.L. Snipers' Lead With 18 Points

Montreal, Nov. 21.—(P)—Boston's perennial Bill Cowley and Toronto's young Gus Bodnar were tied atop the National Hockey League scoring race in official figures released by the league today, with Sweeney Schirmer, of Toronto, close behind the leaders.

The official statistics showed Cowley and Bodnar tied with 18 points each, one more than Schirmer, who is expected to miss the next few games because of injuries. Tied for fourth spot were Lorn Carr of the Leafs and Syd Howe of Detroit with 16 each.

Canadiens' Toe Blake slid into sixth place, with 14 points, one notch lower than he was a week ago. Clint Smith of Chicago and Elmer Lach of Canadiens were tied for seventh spot with 12 each, one ahead of Mud Bruneteau of Detroit.

Schirmer was well out in front among the goal-getters with 11, four more than any other player. In a five-way tie for runner-up honors were Carr, Blake, Jud McAtee of Detroit and Maurice Richard and Buddy O'Connor of Canadiens.

O'Connor made one of the best shows of the week, collecting five points to shoot up from 24th place to 13th.

Bill Ezinicki of Toronto continued at the top of the penalty parade with 17 minutes in majors and minors, one more than Bill Dill of Rangers.
