INSURGENTS RAPIDLY TIGHTENING CHAIN OF STEEL AROUND MADRID

Forces of Gen. Francisco Franco and Gen. Emilio Mola Have Completed Semi-Circular Line Around Madrid from North, West and South—Rebels Claim All Government Counter-Attacks Have Been Repulsed with Heavy Losses—Fight to the Death Being Waged, Declared Government Officials in Rejecting Compromise Proposals.

Burgos, Spain, September 11.—With the forging of the last link by General Francisco Franco's legionnaires and General Emilio Mola's cavalry, the insurgent junta today claimed that its semi-circular chain of steel tightening around Madrid from the north, west and south had been completed.

The capture earlier this week of Arenas de San Pedro by Moors and regulars established the strategic link between the two forces required for the offensive on the capital, headquarters announced.

The liaison between the two forces was effected at the village of Parra after Government troops defending the village had fled in complete disorder, leaving fifty dead and large quantities of supplies and equipment, it was said.

Prisoners captured by the advancing troops were quoted as saying that the confusion reigned in the Government ranks as a result of contradictory orders issued by untrained officers.

General Franco said that a strong attack by Government supporters on the Talavera front had been repulsed with heavy losses, one Madrid column alone leaving 250 dead on the field.

New Government attempts to storm Oviedo likewise have been repulsed, it was said, by an effective sortie from the city by the besieged insurgent garrison.

Insurgent planes launched a heavy bombardment against Trubia and La Felguera, industrial towns in central Spain, the insurgent command announced.

BOMBARDMENT SETS MANY OVIEDO BUILDINGS AFIRE

Madrid, Sept. 11.—Large buildings, including a Carmelite convent, were set afire today in Oviedo, Government sources reported, by an intense bombardment of the northern city.

Government bombers, they said, destroyed the Civil Guards and Civil Government buildings in a rain of shells which scattered flames all through the city.

Insurgents, the report said, attempted to flee the city but were barred by Socialist guns.

Oviedo was said to have lacked water since September 5th.

(The advice from Oviedo coincided with a broadcast from Seville which said the insurgent garrison at Oviedo had driven back Government militiamen in a battle.)

The Government, despite its operations in the north, was reported dumping more and more troops into Toledo province in an effort to drive the insurgents back towards Extremadura, Huelva and Seville, further south and west of the capital.

Newspaper articles, declaring the Government more than ever certain of winning civil war, said the Fascists would be swept back to some southern city, there to await the same fate as the besieged Fascists in the Toledo Alcazar.

Newspaper reports said the apparent insurgent strategy was to reach the town of Alcazar de San Juan in Ciudad Real province in an effort to surround Madrid.

The plan, they said, would be futile because it is already known and orders have been issued to clear the way for military operations in Madrid province and evacuate the towns of San Martin de Valdeiglesias and Naval Carnero.

Huesca, in the northeast, was reported about to surrender. (A few days ago the Government said it had occupied Huesca.)

FOREIGN INDUSTRIES ARE RETURNED TO REAL OWNERS

Madrid, Sept. 11.—Genuinely foreign industries in Spain seized by the Government at the start of the civil war, all have been returned to their owners, a high Spanish official asserted today.

Jose Benito, executive secretary of the Committee for Government Intervention in Industry, said due apologies have been made for "regrettable errors" in confiscating foreign-controlled establishments.

He added that thirty-five foreign factories, stores and steel tightening around Madrid from the north, west and south had been completed.

ALLIANCE WITH COMMUNISM HAS BEEN REJECTED

Trades Union Congress Today Decisively Rejected Proposal for Alliance with Communists in a Popular Front—Disturbance During Secretary's Address.

Plymouth, England, Sept. 11.—The Trades Union Congress today decisively rejected a proposal for an alliance with Communism in a popular front.

The Congress had been asked to approve a united front of all those opposed to Fascism and war. The proposal came before the general council of the Congress, which reported against it. The Congress, meeting here, approved the report of the council with only a few dissentients.

The British Trades Unionists took their stand after a scathing attack on Communism by Sir Walter Citrine, general secretary.

During his speech there was an exciting scene when Sir Walter pointed out that the correspondent for the Moscow newspaper Izvestia was sitting in the body of the hall among the delegates.

The congress was in an immediate uproar. "Get out!" the delegates roared.

The chairman asked the correspondent to leave. The correspondent walked to the side of the hall and returned to the press table where he sat down.

"I imagine," Sir Walter said caustically, "that it is only an attempt to demonstrate the practical working of the united front."

Citrine denounced Communists as under orders from Moscow. Communists in Britain were a negligible quantity as a political party. They were a remote danger in Britain as long as the Trade Unionists kept their heads.

R. J. Crane, of the Amalgamated Engineering Union, Birmingham, who said he had been a member of the Communist party for sixteen years, came to their defence. Communists, Crane declared, were not coming in any cringing, cap-in-hand attitude, but because they believed unity essential.

Three Rivers, Que., Sept. 11.—Albert Plouffe, thirty-eight years of age, city editor of Le Nouvelliste, local newspaper, for ten years, was appointed private secretary to Premier Duplessis, it was announced today.

Plouffe, the father of three children, was born here and educated at La Salle Academy and at St. Joseph Seminary here.

THE WEATHER

SCATTERED THUNDER-SHOWERS.

Pressure is high on the Atlantic coast, and another area of high pressure and cool weather covers the far northwestern portion of the continent with a moderate low area centered over Nebraska. Pressure is also low over Ungava and has decreased rapidly on the northern British Columbia coast. Light showers have occurred in some sections of Saskatchewan and Alberta and the more northern districts of Ontario and Quebec.

Forecast: Moderate southwest to west winds; partly cloudy and warm today and Saturday with scattered thundershowers.

Northern New England: Mostly cloudy, probably light thundershowers tonight and Saturday; slightly warmer tonight.

RUSSIAN MILITARISTS TO SHIFT ATTENTION TO THE FAR EAST

Moscow, Sept. 11.—Russian militarists indicated today they would shift their attention swiftly to the far east when summer army manoeuvres on western frontier end tomorrow. While the Soviet Government pressed Tokyo for the establishment of a joint commission to try to iron out border difficulties, reports from Ulan Bator indicated alarm was felt in Mongolia because of Japanese-Manchurian troop movements which some Russian sources viewed as a possible encircling march.

TOWN FINDS ITSELF WITHOUT PHYSICIAN

Greenville, Me., Sept. 11.—For the first time in its 117 years, this town of seven hundred population found itself without the services of a resident physician. Both doctors were ill and in a hospital. The same day they became ill, two new business establishments located here—both undertakers.

PROSPERITY OF UNITED STATES HAS RETURNED

President Roosevelt Declares that Country Has Turned the "Now Historic Corner" of the Depression—Tells of Better Conditions in Farm and Factory.

Aboard Roosevelt Train En route to Washington, Sept. 11.—President Roosevelt hurried back to Washington today to fill another speaking engagement after projecting a "New Deal" prosperity and states' rights issue before a rain-drenched outdoor audience in Charlotte, N.C. He arranged to address the World Power Conference late today.

En route to the capital by a special train that caught up with him at the North Carolina city after a 155-mile motor dash from Asheville in the western part of the state, he was greeted by after-dark crowds last night at the three star hotel city of Salisbury, Highpoint and Greensboro.

He spoke of having turned that "now historic corner," the depression; of a "definite upturn" in business; of "better conditions" on the farm and in factories and homes; of "back in the black" and of record-breaking low interest rates on borrowings.

SIGN CONTRACT IS REPUDIATED BY GOVERNMENT

Premier Maurice Duplessis Announces Contract of Licence Plates Will Be Changed—Magazine Cut Out as Economy Move.

Quebec, Sept. 11.—Abolition of Le Journal d'Agriculture at a saving of \$100,000 per year, and cancellation of a contract between the former Liberal Government and Signs of Canada, Limited, for manufacture of motor car license plates, were announced today by Premier Duplessis.

Emerging from today's cabinet meeting the Premier said an inquiry "revealed that in 1933, two years before the contract then existing, expired, the former Government, following its policy of granting contracts to favorites of the administration, entered into another contract for the years, 1936, 1937 and 1938."

The contract with the company, headed by Oscar Beriau, former Director of Domestic Arts for the Province, was signed by R. F. Stockwell, former Provincial Treasurer and Mr. Beriau, said the Premier.

"We have given the company formal notice this contract will not be recognized," he added.

Vienna, Sept. 11.—King Edward VIII and Chancellor Kurt Schuschnigg conversed at the British embassy today for nearly an hour.

The King is believed planning to spend several additional days in Austria. Preparations for his departure on Monday have been cancelled.

His Majesty shot a number of partridges while hunting with friends near Trumau, Southern Austria yesterday. Returning to the capital, he again saw Dr. Heinrich Neumann for treatment of his slight ear malady.

Prospective announcement of practical steps to open Anti-Soviet Crusade by Germany Heightens Political Interest in Europe—Presence of Fascist Delegation at German Nazi Conference Lends Weight to Reports that an Alliance Between Two Fascist Powers Will Be Effected Shortly.

Nuremberg, Germany, Sept. 11.—Prospective announcement of practical steps to open a German anti-Bolshevik crusade, which observers believed would climax Nazi declarations against Russia and Jews, heightened political interest here today.

An anti-Bolshevik campaign, begun by Adolf Hitler in his proclamation opening the Nazi party convention and developed in subsequent speeches by German officials, appeared to be leading to systematic action to such action that it was believed widely some definite step was imminent.

In some quarters, Germany and Italy were linked in the predicted crusade toward the establishment of an international bloc opposing Russian governmental practices.

The presence of a Fascist delegation from Italy at the national Socialist meeting and the cordial reception given the visitors was responsible for the forecast of an alliance between Berlin and Rome.

Particular importance was attached to a statement by Dr. Paul Joseph Goebbels, Hitler's Propaganda Minister, warning "sides must be taken for or against Bolshevism with full acceptance of the consequences."

Goebbels signalled the possible opening of a crusade against Jewry and Bolshevism in a denunciatory speech during a convocation of Nazi Labor Corps recruits.

"May the world act before it is too late," he cried to climax his description of Bolshevism as "an infernal world pest which must be rooted out. The Jew created Bolshevism and bears it forward."

"Every inner Bolshevist struggle is a family fight among Jews," Goebbels declared. "Bolshevism could be born only in the brains of Jews, and he who fraternizes with Bolshevism is sure to die from it."

Shanghai, Sept. 11.—Four Japanese fighting vessels—three destroyers and one cruiser—arrived at Shanghai today from Tsingtao en route to Hong Kong to guard Japanese interests in South China.

Nipponese investigators into the reported killing of a Japanese resident of Pakhoi, meanwhile, were expected to arrive at the southern city tonight.

Shigeru Kawagoe, Japanese ambassador to China, disclosed he had received instruction from Tokyo to "warn Nanking Japan will not tolerate further mob violence against Japanese residents of China."

CANADA'S WHEAT CROP 44,000,000 BUSHELS LESS THAN LAST YEAR

Ottawa, Sept. 11.—The first estimate of Canada's 1936 wheat crop report by the Dominion Bureau of Statistics discloses a drop of more than 44,000,000 bushels from last year. The current year's crop is expected to total 222,973,000 bushels, against 277,329,000 for 1935.

The Bureau's report said the drought this summer was evidently more extensive and severe than any previously recorded. Not since 1919 has Canada produced such a small crop, and in that year the seeded acreage was only three-quarters of the 1936 level.

This year's yield per acre is the lowest in twenty-nine years of continuous annual records, but, as a ray of sunshine, the Bureau declared the present crop to be "very high in grade and quality, partially offsetting the diminished production."

Large reductions also are indicated in other grains.

Second Craft Making Trip Via Bermuda as Ten-Ton Flying Boat Makes First Non-Stop Flight from Azores to United States.

New York, Sept. 11.—The thorough-going Germans, with one trans-Atlantic flight record for an east-west crossing stowed away, sought a second mark today with flying boats of the German International Airline, Lufthansa.

The ten-ton flying boat, Zephir landed at Port Washington, N.Y., last night, completing the first non-stop flight between the Azores and the United States. It's time was twenty-one hours and seven minutes for the 2,890-mile trip.

It's sister ship, the Aeolus, was catapulted from the base ship, Schwabenland, off the Azores a few hours later for a second trip between the two points, this one with a scheduled stop at Bermuda.

The Aeolus is scheduled to fly from Bermuda to Port Washington tomorrow. The Zephir's accomplishment and the Aeolus' project are new in aviation history.

The importance of the flight in the aviation world is that air transport men now have added new folios to the fundamental data necessary to the operation of mail and passenger planes between North America and Europe on regular schedules.

SURVEYOR AND H. PREFONTAINE GAINED FINAL

Victories Over Gaetan Cote and Marcel Gregoire, Respectively, Placed Surveyor and Prefontaine in East Sherbrooke Men's Singles Title Round.

Few of the spectators who witnessed the two semi-final matches of the East Sherbrooke tennis championship tournament last night were ready today to hazard a guess about whether Fabre Surveyor or Hector Prefontaine would succeed to the men's singles throne vacated by Paul Biron. Both finalists gave equally brilliant exhibitions as they eliminated their respective opponents to gain the title round of the 1936 tournament.

Surveyor, who bowed to Johnny Hibbard in the recent Eastern Townships final for the Sherbrooke Record Trophy, went four sets to eliminate Gaetan Cote, of the Country Club. The former Montrealer lost but one game in the first two sets, watched Cote rally to save himself from a straight set defeat by taking the third set and then put the finishing touches to his stubborn rival. The scores were 6-0, 6-1, 3-6, 6-4.

Prefontaine was not so hard pressed as he made a 6-4, 6-3, 6-2 conquest of Marcel Gregoire, the promising young player who was ousted by Johnny Hibbard in the penultimate round of the E. T. classic. Gregoire could not cope with Prefontaine's assortment of plays, despite the fact that he called upon all his resources in an effort to turn the tide. Many of the games went to deuce, but Prefontaine, on nearly every occasion, had the shots to achieve the winning points.

The past season's play permits but little ground for comparison between Surveyor and Prefontaine. The latter has made a fine comeback after being eliminated in the first round of the Eastern Townships title play by Sarto Roy to the tune of 10-8, 6-3. Roy advanced to the round of four where he suffered a 6-3, 1-6, 6-3, 5-7, 6-3 setback at Surveyor's hands.

There are only two matches on tonight's programme at the Boisvert court on Murray street. At seven o'clock Miss Mariette Daignault and Miss Pauline Goyette will meet in ladies' singles semi-final, while at eight o'clock Surveyor and Majella Charest will oppose the Gregoire brothers. Connie and Marcel, for the right to advance to the men's doubles final. This latter contest will be a best three-of-five set affair.

NEW HIGH NOTE RECORDED BY BELGIAN OPERA SINGER

Lily Pons Reached High "F" Thirteen Times Before Delicate Recording Instruments Could Capture It.

Hollywood, Sept. 11.—Studio sound technicians claimed a new "high jumping" mark in music recording today, with the aid of Lily Pons, Belgian opera singer.

Miss Pons hit high "F" in a song yesterday for her new picture. That, the sound men said, is the highest note ever recorded on film. The previous top was a high "G" also sung by her, in a previous picture. Singing the aria, "Unva Voce Poco Fa" from "The Barber of Seville," she achieved the high "F" thirteen times before delicate recording instruments could capture it.

FINE SUCCESS CROWNED FAIR AT MARBLETON

Closing Scenes Enacted Early Last Evening After Two Days of Keen Rivalry Among Exhibitors for Coveted Honors in Various Departments.

Marbleton, Sept. 11.—The Marbleton Fair came to a successful conclusion last evening after two days of ceaseless hurry and excitement. The weather was ideal yesterday and the attendance was all that could be desired. From an early hour in the morning until the closing the interested spectators viewed the many and varied exhibits which filled all departments.

With the conclusion of the Marbleton Exhibition the fair season generally throughout the Eastern Townships is drawing to a close.

Each year a large number of people look forward to the Marbleton Fair and this year they were by no means disappointed with the splendid showing which had been prepared for their entertainment.

To H. B. Bishop, president of the Marbleton Fair, and his able assistants is due much credit for the success achieved.

NORWEGIAN SCHOONER IS BELIEVED OCEAN VICTIM

Halifax Agents See Little Probability Lumber Vessel, Month Overdue on Voyage from England, Will Reach Nova Scotia.

Halifax, Sept. 11.—More than a month overdue on a voyage from England, to Halifax, the threatened auxiliary schooner Gad was given up as lost today by her local agents.

Since the 240-ton lumber carrier left Sunderland July 2nd, severe storms have churned the North Atlantic and more than one wooden vessel has gone to the bottom. The eighteen-year-old Gad, owned in Norway, carried a crew of eight or ten men.

Bound for Halifax to load lumber, the auxiliary schooner should have made the crossing in about a month, said George Webb, of I. H. Mathers and Sons, Limited, her Halifax agents.

"In my opinion, if she turns up there will be nothing left of her. She would only carry enough food for about a month, little more. No, I can't see how she could exist after all this time," Mr. Webb said.

COAL CONTRACT AWARDED.
Ottawa, Sept. 11.—The award of a contract to the Independent Coal Company to supply some 24,000 tons of coal of various kinds at a cost of about \$150,000 has been made by the Public Works Department.

The contract is for Dominion public buildings for the ensuing year. It comprises 21,000 tons of Dominion Sydney slack coal from Nova Scotia, 2,400 tons of Dominion Sydney lump coal from Nova Scotia, and 450 tons of coke. The Independent Coal Company submitted the lowest tender.

LABOR STUDIES DIFFICULTY OF ORGANIZATION

Northwestern Ontario Town Held Before Trades and Labor Congress as an Ideal Trade Union Centre with Virtually All Professions Organized.

Montreal, Sept. 11.—The northwestern Ontario town of Fort Frances was held before the Trades and Labor Congress of Canada convention today as an ideal trade union.

Albert Locking, of Fort Frances, told of the high state of labor organization in his hometown and expressed surprise at the lack of organization in Montreal.

Not only factory employees but all retail store, hotel and restaurant employees were members of unions, and practically all employers were committed to closed-shop and wage agreements. Hotels and stores had union cards and higher rates of wages were paid to women workers than those provided in the Ontario minimum wage laws.

Mr. Locking spoke when the Congress turned down a motion from the Montreal Trade Employees' Federation Union that dues and taxes imposed on them should be reduced. He said if Montreal store employees wanted a union they should educate the workers and make sacrifices. A reduction in dues would not help them.

J. Walker, of the Montreal group, said if store employees were not to receive help they could not be expected to continue affiliation with the Congress. P. M. Draper, president of the Congress, said a point had been stratched when the store employees were taken in as a federal union.

Notwithstanding all the help Congress officers could give, the Union had only ten members. This was due to the apathy of the workers and education was the only way to overcome this apathy.

A plea for an active organization department in the Congress was made by J. B. Salberg, of Toronto, who said an organization fund of \$50,000 should be set up and live-wire organizers sent through the country to increase membership from some 100,000 to 500,000. The Congress would not then have to go begging to Parliament and government for action, but would be able to make demands and get action.

President Draper said he doubted if there were 500,000 workers employed in industry in Canada as he had been checking with the bureau of statistics. The first thing to be done before new organizations could be established was to get legislation to assure the workers they would not lose their jobs if they joined a union.

This, the executive proposed to do, as the fear of dismissal was handicapping organizers on every hand.

INSURGENTS RAPIDLY TIGHTENING CHAIN OF STEEL AROUND MADRID

ed with heavy losses, one Madrid column alone leaving 250 dead on the field.

New Government attempts to storm Oviedo likewise have been repulsed, it was said, by an effective sortie from the city by the besieged insurgent garrison.

Insurgent planes launched a heavy bombardment against Tudela and La Felguera, industrial towns in central Spain, the insurgent command announced.

FOREIGN OFFICERS USED TO TRAIN REBEL TROOPS

St. Jean de Luz, France, Sept. 11.—Major credit for superior discipline of the Spanish insurgents was attributed today to alleged training by German reserve officers and regular Spanish army officers during the past year, when plans for the revolt were reportedly already being formulated.

A well-informed Carlist sympathizer described the intensive secret training by the Spanish and German officers to the Havas Correspondent last month. He said that September 15 originally was the date set for uprising by Carlist conspirators, who buried their differences with adherents of former King Alfonso in order to overthrow the radical regime.

A leak in the insurgent plans necessitated a change in the date for the uprising when the insurgents learned that the Government was preparing to act against the conspirators, the Carlist spokesman said.

He added that the "tipoff" was given to Madrid by Gen. Miguel Carrasco, commander of the Logrono garrison and one of the conspirators, who went to the capital and reportedly gave the Government an outline of the insurgent plans.

The insurgents then decided to march on all fronts without further delay. They launched their movement nearly two months in advance of the date originally planned, it was said.

Meanwhile Gen. Carrasco, unaware that his alleged betrayal of the insurgent cause was known to his fellow plotters, returned to his troops at Logrono. He was shot by a firing squad on July 21, the Carlist said.

COMPROMISE PROPOSALS REJECTED BY MINISTERS

Madrid, Sept. 11.—Compromise of a kind with Fascist insurgents is out of the question, officials of the Socialist Spanish Government declared today.

They denied reports the Government and the rebels were attempting to negotiate peace in the civil

WORKERS WOULD SEIZE CONTROL OF MOTOR FIRM

French Leftist Workers Plan to Conduct Renault Automobile Factory as "an Experiment" in "Industrial Sovietization."

Paris, Sept. 11.—Leftist French workers plan to seize the Renault automobile factory outside Paris, the Government was told today, for "an experiment" in "Industrial Sovietization."

A delegation representing 1,500 foremen and technicians in the Renault works, one of the largest industrial plants in France, gave the information to Premier Blum in his office.

The group told Blum the movement was started by Communist employees. They declared they had received information the extremists were planning to take over the plant by force and operate it for themselves temporarily.

The delegation asked Premier Blum for a government guarantee that non-union employees would be assured of the right to work in the event the "experiment" materialized.

The Renault plant, located at Billancourt, a suburb of Paris, employs 34,000 workers to produce army equipment as well as motor vehicles of all kinds.

Fresh labor troubles, linked to workers' demands for reconsideration of France's non-intervention policy in the Spanish civil war, brought new worries to Cabinet officials.

Minister of the Interior Roger Salengro left the capital hurriedly for Lille in an effort to halt the spread of occupational strikes in textile establishments.

Striking bus drivers in Paris and the suburbs took control of garages. Building workers at Metz and all workers at Epinal declared walk-outs.

Farmers in Alsace formed a militant society to prevent the occupation of their land by hired hands.

The Government's neutrality policy, meanwhile, received support from 4,000 Communists of the National Confederation of War Veterans.

The veterans declared full agreement with the "hands off" policy of the Blum Government, throwing their backing against the 5,000,000 members of the General Confederation of Labor which has demanded reconsideration of the neutrality attitude.

A rift in the labor ranks became apparent when the Paris Railway Union protested the action of metal workers in seeking to obtain revision of the neutrality policy before obtaining official approval from the General Confederation.

Catholic war veterans, including a Canadian delegation assembled at Lourdes for a gigantic peace demonstration in the famous grotto and basilica at the shrine of Bernadette Soubirous, reported to have seen an apparition of the Virgin there in 1858.

war which began July 17 with a Fascist uprising in Spanish Morocco against the Madrid administration.

"This is a fight for life or death," the Government spokesmen pronounced. They added that the insurgents held the same view.

FOOD SHORTAGE REARING HEAD IN SAN SEBASTIAN

San Sebastian, Spain, Sept. 11.—Spanish insurgents renewed their military advance on San Sebastian today as pillaging broke out anew inside the besieged resort city.

The booming of Fascist cannon and whistle of shells along Socialist-defended frontiers signalled the end of a forty-eight hour unofficial armistice on the northern battlefield.

Refusal by the Government commanders to surrender unconditionally apparently was the cause of the renewed drive by the insurgent columns, whose armed forces encircle the Basque city in three consolidated positions.

Basque Nationalists inside San Sebastian, attempting to hold the authority they seized from anarchist groups in the Government militia, struggled to maintain order and prevent destruction of property.

By virtue of their numbers, which constitute seventy per cent. of the defending forces, the Basques appeared in control of any future decision concerning the city's surrender or its stand against the advancing insurgents.

Residents of the beleaguered community, meanwhile, scrambled for safety as the fighting began again. In boats and by foot, they streamed toward France and along the coast, seeking shelter from the Fascist assault as the memory of the bombardment of Irun lurked in their minds.

San Sebastian, ringed by the insurgents, felt the strain of water and food shortages as the steel lines of the insurgents prevented fresh supplies from being brought in.

SMALL POND YIELDS SIXTH HEADLESS BODY IN A YEAR

Like the Others, the Body, that of a Man, Had Been Cut by a Skillful Hand and Torso Had Been Sliced in Two Pieces.

Cleveland, Sept. 11.—Kingsbury Run, a small stream which wanders through the southeast section of Cleveland, has yielded the sixth headless body found in the city within the last year.

Like the others, the body—that of a man—had been cut, detectives said, with a skillful hand. The torso had been sliced in two pieces. The head was not found.

Firemen with grappling hooks attempted unsuccessfully to find the missing head in the pond where the

VALUABLE MINE OF MEDICINES IN COKE WASTE

Waste Products of Coke Manufacture Promise to Yield a Number of Important Drugs Used in Battle Against Disease.

Pittsburgh, Pa., Sept. 11.—A valuable untapped mine of medical, insecticidal and other compounds in the present waste products of coke manufacture was suggested today as a fruitful field for investigation by members of the American Chemical Society.

P. J. Wilson, Jr., and J. H. Wells, of the Mellon Institute of Industrial Research, declared such valuable drugs as quinine, strychnine, nicotine and morphine are closely related chemically to the pyridine bases extracted as a by-product from coal tar obtained in the manufacture of coke.

Coal tar already is widely used in making dyes and other products. Wilson said:

"Pyridine has been used medically as a respiratory sedative; and as an antiseptic in a number of diseases, including asthma, angina pectoris (heart oppression), whooping cough, diphtheria and gonorrhea."

"B-lutidine, a homolog of pyridine, has been applied as an antidote for poisoning by strychnine and in tetanic convulsions."

Another possible valuable use of pyridine is in the treatment of glandular deficiencies due to a lack of iodine, it was pointed out. A sodium salt in the drug has been used to inject as much as sixteen grams of iodine into the body.

It also is used to provide a dark contrast in X-ray examinations and arsenic-pyridine compounds have been found effective in destroying syphilis germs in the brain of mice, the Pittsburgh scientist said.

torso was found. A blood-stained shirt, wrapped in a Tuesday morning newspaper, was found on a nearby culvert.

Detective James Hogan said the body bore marks familiar to investigators of the five previous decapitations. Three of the other five bodies were found close to Kingsbury Run.

CITY BRIEFLETS

E. T. BOARDS OF TRADE PREPARE FOR FALL MEETING.
A meeting of the Executive Committee of the Eastern Townships Boards of Trade and the Eastern Townships Settlement Society was held at the Magog House yesterday afternoon under the joint presidency of Jude Thibault, of Danville, and G. W. Murphy, of Sherbrooke.

Several matters of importance were discussed, one of the main items on the agenda being consideration of details in connection with the fall meeting to be held in Magog on Thursday, October 1st. It is hoped to have the Hon. H. L. Auger, Provincial Minister of Colonization, address the afternoon session and the Hon. F. J. Leduc, Provincial Minister of Roads, guest-speaker at the evening meeting.

It was brought to the attention of the meeting that some of the leading highways in the province were badly in need of repairs and that, as a consequence, the tourist traffic is suffering. Dr. G. A. Bowen, of Magog, reported on the progress made in connection with national parks, and it was decided that the request to have the Federal Government take over Orford Mountain for a national park will be one of the main subjects discussed at the Magog meeting.

OPPOSING THEORIES GIVEN AS TO CAUSE OF FATALITY

Young Ontario Woman Died without Being Able to Recall Her Movements for Three Hours Before She Was Picked Up with a Fractured Skull.

Barrie, Ont., Sept. 11.—Just before she died, Charlotte Murtel Sweeney, aged twenty-one, said she was unable to recall her movements for three hours before she was picked up with a fractured skull. It was learned today as Police Chief Alex Stewart and Coroner Dr. E. J. Turnbull offered opposing theories as to the cause of her death.

Both agreed there was no evidence of foul play, but Chief Stewart said he believed she was injured in a fall, whereas Dr. Turnbull said he thought she had been struck by an automobile. Found early Saturday morning, the girl died in hospital yesterday from meningitis resulting from her injuries.

ROOSEVELT TO KEEP U.S. OUT OF NEXT WAR

Democrat Leaders Tell Maine Voters that President Will Maintain Neutrality in Impending World Struggle—Landon Heading for State.

Portland, Me., Sept. 11.—Two Democratic leaders declared today that President Roosevelt is capable of keeping the United States out of impending world conflict was before Maine voters today as the Republican standard-bearer, Alf M. Landon, headed for this State.

Harry H. Woodring, acting War Secretary, and John J. Cudahy, ambassador to Poland, made the assertions to Democrats rallying for Monday's state election.

Woodring, former Kansas Governor, said that even Liberty League members had no desire "to return to the Hoover Days."

"They are the same Du Ponts, Rockefellers and Morgans," he declared, "who were but recently begging President Roosevelt to save them and their wealth from destruction by a Hoover depression."

SABOTAGE IS DISCOVERED ON BOARD U.S. BATTLESHIP

Los Angeles, Sept. 11.—The Times said today a "high naval official" admitted in Washington attempted sabotage had been discovered aboard the new United States 10,000-ton cruiser Indianapolis, now lying in New York harbor.

The Times said it was reported a large number of phonograph needles and tacks were driven into an electric supply cable of the cruiser, apparently in an effort to cause destructive fires by short circuit.

Several minor fires, the paper said, were declared to have actually been started in the Indianapolis before discovery of the steel particles.

The sabotage was said by the paper to be identical with that which caused a \$250,000 fire aboard the battleship Colorado in 1931 and similar to a blaze which swept the new heavy cruiser Quincy in recent months.

GAELIC CHURCH SERVICE HELD AT SCOTSTOWN

Rev. George Murray, of Boston, Special Preacher at St. Paul's Presbyterian Church—Scotstown W.C.T.U. Held Busy Session.

Scotstown, Sept. 11.—On Sunday morning in St. Paul's Presbyterian Church, a Gaelic sermon was preached by Rev. George Murray, of Boston, Mass. In the evening, Mr. Murray's text was taken from Jeremiah 18:4 and "And the vessel that he made of clay, was marred in the hand of the potter so he made it again another vessel, as seemed good to the potter to make it." A duet entitled "I Shall Know Him" was sung by Mr. and Mrs. Mills.

Sunday morning in St. Andrew's United Church, Rev. H. E. Parsons, B.A. B.D., took for his sermon theme, "A man's view of himself and Christ's view of himself" reference to disillusionment of ideals and emphasizing the re-establishment of faith. During the service the Junior choir rendered the anthem, "His Love is Like a Flower." Sunday afternoon a large delegation from the congregation accompanied Mr. Parsons to Macnamee where a praise service was held. In the evening, Mr. Parsons was assisted by Rev. W. Berry, of Montreal, who read the Scripture lesson from Ephesians 2 and led in prayer. "Problems" was the subject of Mr. Parsons' sermon, the text being taken from Philippians 4:8. The solo "Bird with the Broken Pinion" was sung by Mr. A. A. MacKenzie.

A well attended meeting of the Presbyterian Circle was held at the home of Mrs. Dan Murray. The president, Mrs. J. M. MacAulay, presided and opened the meeting. Mrs. E. Helgeson led in prayer. The regular business routine was followed after which Mrs. Mills sang a selection of hymns to her own accompaniment on the mandolin. At the close of the meeting, refreshments were served by the hostess.

A largely attended meeting of the Women's Christian Temperance Union was held at the home of Mrs. W. F. Fowman on Friday afternoon of last week. The president, Mrs. Robert Scott, being absent, Mrs. D. J. Graham presided and opened the meeting. The devotional period was conducted by Rev. H. E. Parsons assisted by Rev. W. Berry, the Scripture lesson being taken from Daniel chapter 1. Several visitors who contributed largely to the afternoon program were present.

Mrs. Bowman, superintendent of lumbermen, reported having received a splendid donation of magazines for that department from Aylmer East and Milby. The Scientific Temperance department reported having sent temperance blotters to a school in Rawdon, Mass. D. J. Graham was appointed vice-president to replace the late Mrs. M. G. MacIver. Articles relating to the temperance work in Canada were read by Mrs. D. J. Graham and Mrs. William Taylor. Rev. H. E. Parsons gave a short talk, speaking words of encouragement and emphasized the need of faithfulness to temperance principles. This was followed by an interesting address from Rev. W. Berry, lately of Oxford, the subject being "Temperance work in England and general conditions of the liquor traffic," in which he stressed the dangers of the moderate drinker to society. A solo entitled "Make Me a Channel of Blessing Today" was pleasingly rendered by Mrs. Mills. The meeting was closed with a hymn, followed by prayer by Rev. H. E. Parsons. Refreshments were served by Mrs. A. A. MacKenzie, daughter of the hostess, assisted by Miss Catherine Van.

Mrs. E. S. McMannis entertained at bridge on Thursday evening. The prizes were won by Miss Bea Cowan and Miss Clara Haight. Refreshments were served by the hostess, assisted by Miss Bea Cowan.

Mrs. N. G. Scott, of Montreal, is a guest of her sister-in-law, Mrs. D. L. MacRitchie, and Mr. MacRitchie. Mr. and Mrs. Raymond Van, and children, of Quebec, are guests of their parents, Mr. and Mrs. R. C. Van.

SHERBROOKE, FRIDAY, SEPTEMBER 11, 1936.

A Wise Appointment.

Of the many appointments made by the Dominion Government in recent weeks, none will meet with greater universal satisfaction than that of S. J. Hungerford, for the past four years the operating head of the road, as chairman of the Board of Directors of the Canadian National Railways. In making this selection, the Government has not only fittingly rewarded a faithful servant, but named the best available man to the post.

Mr. Hungerford, a native son of the Eastern Townships, brings to his new office experience gained through fifty years of service divided almost equally between the two major railway systems of Canada. The new chairman is a railway man in the full sense of the word. When only fourteen years old he entered the shops of the Southeastern Railway at Farnham, a few miles distant from his birthplace. Mystic, and gradually worked his way up in the service of the Canadian Pacific, which absorbed the Southeastern, until in 1910 he transferred his interests to the rapidly expanding Canadian Northern as superintendent of rolling stock for the western lines.

When the dark days of the war took their toll of the Canadian railways and the majority of the systems fell into Government hands, it was to Mr. Hungerford that the Government turned to weld these unrelated and often competitive systems into a single unit. This task completed, Mr. Hungerford carried on as vice-president until 1932, when he was given the nominal title of president. This post he held until yesterday's appointment of chief executive and chief operating official of the Government railways.

Highway Robbery At The Fairs Must Stop.

The Sherbrooke Fair is over, but its memories linger on. And, unfortunately, in spite of the splendid success of the enterprise, one decidedly unpleasant recollection is liable to be retained long after all the Fair's good qualities are forgotten. That is the outright swindling tolerated on the Eastern Townships Agricultural Association's grounds.

It is reasonable to expect a certain number of games of chance or wheels of fortune to be included in every midway, games in which the public has at least a chance to win a prize of more or less worth, but not the fraudulent devices operated at the expense of the public this year. There were booths which made no effort to disguise the fact that they were gambling houses—set-ups to separate the "customer" from his money as quickly as possible.

Tolerance of these swindling games cannot be justly defended. If any individual opened a gambling establishment half as "crude" on private property in the city proper, the aldermen and citizens generally would rightly raise such a protest that the place would be closed up in quick order. Even more important is it that such fraudulent games be kept out of a Fair maintained by public admission fees and grants from the city and governments.

An Important Advance In Colonization

The declaration by Hon. Hector Auger, Minister of Colonization in the new Quebec Government, that for some time to come the attention of the colonization authorities will be essentially devoted to filling up the gaps in the populated areas of the country, rather than in moving settlers from the cities to the New North, is a distinct advance in the back to the land movement programme.

As a result of this move, the Government hopes that the settler will immediately begin to receive some return for his labor, rather than have to spend a considerable period in clearing the land to receive the bare necessities of existence or even less.

In the Eastern Townships and on the plains along both banks of the St. Lawrence River there are thousands of acres of unoccupied farmland on which the ambitious colonist could raise a marketable crop within the first season. These plots are located in the area in which resides practically the entire urban population of the Province, embracing such cities as Montreal, Quebec, Sherbrooke, Three Rivers, Drummondville, St. Hyacinthe, etc.

Here the colonist can find a readily accessible market for his produce, a market crying for fresh fruits and vegetables, a market that is far from saturation as indicated by official statistics that each year the City of Montreal alone purchases millions of dollars worth of produce from other provinces and other countries that could and should

be grown at home. This offers a condition of marked contrast to the north country where the colonist is hundreds of miles from his market.

Another advantage of the older settled areas is that the settler can receive a better living from a small holding. Intensive cultivation of high revenue crops on small acreage is the key to prosperity in the settled areas, rather than the devoting of large acreage to crops which yield a very small margin of profit.

The late Government accomplished a fine work when it undertook a back-to-the-land programme as a means of relieving unemployment, but the new Minister's plan offers a distinct advance over the trial-and-error methods of the earlier days.

It is to be sincerely hoped, however, that in his enthusiasm for the new plan, the Minister will not forget those pioneers who have been already settled in Temiskaming and Abitibi, and that they will receive their share of the good things that the new Government proposes for those who seek to re-establish themselves on the soil.

Editor's Note-Book.

"There are no bad boys; just different varieties of good ones," is the opinion expressed in the Rotarian Magazine by Floyd Starr, who for twenty years has been caring for boys that everyone else thought bad. "The badness is on top," he says. "I must admit that it forms a pretty thick crust sometimes. But when I dig down to the real boy, I find something clean and sweet and good. Sometimes I fail. But that is because I have not been able to read that real boy."

The extremes to which some politicians go indicate that they should be called political block heads.

France, seeking to cement its ties with Poland, is trying to think of something concrete to offer.

What Editors Say

BRITAIN AND THE GAMES.

St. John's, Newfoundland, News.
Many Britons have written their favorite newspapers volumes of bitter criticism of the failure of British athletes in the Olympic Games at Berlin and pointing to it as a sign of Empire decadence.

It is all very silly. Britons play games for the fun of the thing. The countries that take all the Olympic prizes make a business of sport and particularly of the training of their most promising athletes.

If sport were organized in the Empire on the same basis as in Germany, Japan, or even the United States, Imperial representatives would get more than their full share of Olympic triumphs.

Making Olympic champions today is tantamount to building stronger and faster human machines. It may be amateur sport but it is sport with the fun taken out of it.

British entrants in the Olympics may win rarely but they probably get a great deal more satisfaction out of their participation than many of the champions. Meanwhile there are few so foolish as to challenge Britain as a weak and decadent nation ready to fall at the feet of any conqueror simply because her Olympic record is below par.

STRENGTH OF EMPIRE FEELING IN CANADA.

Toronto Mail and Empire.
Some of the politicians at Ottawa, as our correspondent at the Capital points out, may be cold towards the Empire, but that cannot be said of the Canadian people. Mr. Mackenzie King may be inclined to look towards Washington rather than towards London, but this Dominion is still sound at heart. This has been clearly demonstrated by the reaction of the Canadian press to Hon. Ian Mackenzie's attack upon Lord Elphinstone for mentioning the defence problem in Canada. Newspapers from Halifax to Victoria have been almost unanimous in upholding the English visitor and in condemning the Canadian Minister. All across the country it has been admitted that Canada should be more active in her defence preparations against possible attack, and thus in contributing her part in defence of the Empire.

MALE, FEMALE?

New York Post.
To discover if the subject is predominantly masculine or feminine, a new game in Boston calls for the leader to ask each guest to (1) light a match, (2) drink out of a glass, (3) look across the room and (4) look at his or her nails.

One of dominant masculinity will scratch the match toward him, look into the glass while drinking, stare directly when told to look across the room and cup his hand to look at the fingernails.

One dominantly feminine, on the other hand, will scratch the match away from herself, look over the rim of the glass while drinking, let the glance wander when ordered to look at something and raise the whole hand to inspect the fingernails.

CAUSES OF HAY FEVER TOLD TO SCIENCE GROUP

Miscarriage of Defence Mechanism of Human Body Makes People Sensitive to Some Special Food, Drug or Chemical Substance.

Cambridge, Mass., Sept. 11.—Karl Landsteiner, M.D., who received the Nobel Prize for discovery of the blood groups, today gave a new explanation of the cause of hay fever, asthma, and more serious "allergies" by which people become ill because they are sensitive to some special food, drug or chemical substance.

The cause, he said, is a miscarriage of the body's ordinary mechanism against infectious disease. The experiments showing this were made at the Rockefeller Institute. Dr. Landsteiner reported at the biological section of the Harvard Tercentenary Conference of arts and science.

The ills include migraine, mucous-membrane colic, purpura, nutritional eczema, hives, industrial diseases and various skin troubles.

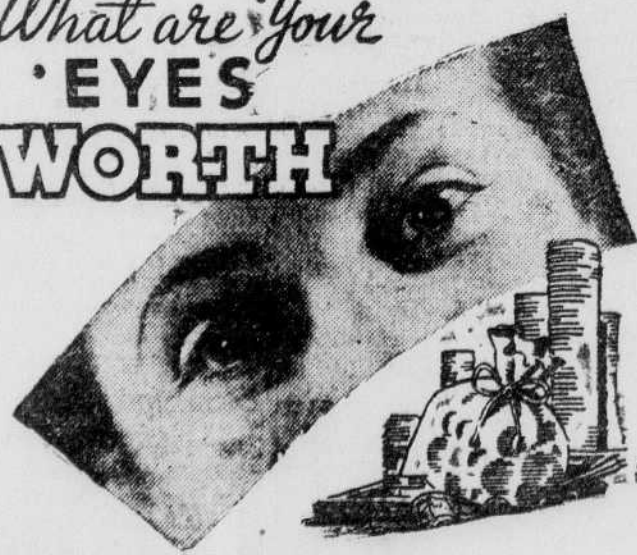

The defence mechanism that may miscarry is the body's production of "antibodies" to produce immunity against infection. Foreign proteins injected into the body rouse this mechanism. If the mechanism fails a person may become "sensitive" to the irritating proteins. There may be more serious results.

Today Dr. Landsteiner showed that the chemicals act the same as foreign proteins. He showed that the chemicals can produce all the reactions known to proteins—a fact not known before. He disclosed that the variety of chemical irritants is virtually endless.

ALBERTA DEBTS CASES STILL PENDING.

Edmonton, Sept. 11.—Thirty-one small debts cases were adjourned in district court here yesterday because counsel said debt legislation passed at the recent special session of the Alberta Legislature might affect the claims and it would be necessary to adjust them to conform with the legislation.

HATLEY COUPLE HONORED UPON ANNIVERSARY

Surprise Dinner Party Held at Home of Mr. and Mrs. W. A. McClary at Hatley on Occasion of Fifty-Fifth Wedding Anniversary.

Hatley, Sept. 11.—Mr. and Mrs. W. A. McClary were given a surprise dinner party at their home by their children to celebrate the fifty-fifth anniversary of their wedding day which occurred on August 30.

The centre-piece on the dining table was a fancy three-storey wedding cake decorated by a daughter-in-law, while dainty and appropriate place cards helped to carry out the decorations.

The company consisted of Mr. and Mrs. McClary's children, Mr. and Mrs. Leslie McClary, Mr. and Mrs. Harold McClary and Mr. and Mrs. Arthur McClary, their grandchildren, Mr. and Mrs. Hugh McClary, Mr. Ronald McClary, Mr. and Mrs. Gerald Haseltine. One granddaughter, Mrs. Donald Markwell, and husband and little son, of Keene, N.H., were unable to be present.

Other guests were Mr. Ephraim Hodges, a brother of Mrs. McClary, Mr. Arley Curtis, Miss Madeline Moulton, of Hatley, Mrs. Carbes, of Pasadena, Calif., Miss Flora Paul, Mrs. Ada Paul, of Ayer's Cliff, and Mr. and Mrs. Alex Kezar, of Massachusetts. The last three mentioned were guests at the wedding fifty-five years ago.

During the afternoon favorite old hymns were sung in which Mr. McClary, who was also celebrating his seventy-ninth birthday, heartily joined.

Mrs. Kezar read an original poem composed especially for the occasion, and Mr. Kezar rendered a solo.

Their many friends congratulate Mr. and Mrs. McClary and wish them many more happy years together.

PUBLIC LIBRARY HAS HAD YEAR OF MARKED GROWTH

Encouraged by Success Achieved, Trustees of Sherbrooke Public Library Are Launching Campaign to Enable Them to Add to Library Shelves.

That the new lease of life which was injected into the Sherbrooke Public Library last year has borne fruit is evident by the much-improved condition in which the Library finds itself at the present time. Progress was very noticeable and encouraging during the past year, more new books being purchased than for many years. These new additions included all the outstanding works of both fiction and non-fiction printed.

Having constantly before them the desirability of moving into larger and better quarters, the trustees of the Library are planning for another active and successful year. In order to achieve their aims it is essential, if the Library is to serve its purpose in the community, that the citizens lend a helping hand and encourage along the work.

With a view to carrying out their plans for the future, the trustees are launching a campaign in aid of the Library. Appeals have been forwarded to all subscribers and also to new prospects setting forth the needs and importance of the Library.

The trustees are revising the lists of prospects and are enlisting several dozen voluntary assistants as canvassers. Last year a considerable number of men and women helped in this work and they and others are being requested to again carry out this task. The long list of people to be approached makes it impossible for the trustees to look after it alone, and any others who are willing to help are urged to do so. All these workers are to meet Monday evening next, September 14th, at the Library, when the cards will be distributed. The campaign, which will continue five days, does not officially open until the following week.

A special names committee will work under the direction of the president, E. J. Page.

The present trustees are: E. J. Page, president; H. E. Grundy, vice-president; A. T. Kraushaar, secretary-treasurer; Mrs. C. J. Rose, president of the Ladies' Committee; Mrs. Francis Hoyer, Miss Grace Jackson, Miss Fannie Becker, Norris W. Robins, Herbert Barclay, L. I. Rosenbloom, Lennox Wilson, Wallace Barrie, Willard Humphrey, Pat Slattery and T. G. Walsh.

G. D. WADSWORTH NAMED TO NEW RAILWAY POST

Succeeds J. H. Walsh as President of Temiscouata Railway — A. H. Bradford Named Vice-President, Replacing Mr. Wadsworth.

At a meeting of the Board of Directors of the Temiscouata Railway held in Quebec yesterday, G. D. Wadsworth, general manager of the Quebec Central Railway, was elected president, succeeding J. H. Walsh, who retires from the position at his own request, but continuing, however, his connection with the company as a member of the Board of Directors.

At the same meeting A. H. Bradford, of Sherbrooke, was elected vice-president, replacing Mr. Wadsworth.

Mr. Wadsworth's connection with the Temiscouata Railway dates back to 1900 when he was elected a director. He was appointed to the position of vice-president in 1901 and president in 1911. Mr. Wadsworth was elected a director of the company in 1923 and assumed the position of vice-president in 1927.

The Temiscouata operates some 113 miles of railway, extending from Rivière du Loup to Edmundston, N. B., and Connors, N.B., through an important lumbering and agricultural district. The road is owned by English capital, represented through the Temiscouata Railway Bondholders' Committee, Limited, of London, England.

C. A. Stewart, of Rivière du Loup, is secretary and general manager and the Board of Directors are Messrs. Wadsworth, Bradford and Walsh, of Sherbrooke, A. C. Dobell, K.C., of Quebec, and L. P. Lizotte, K.C., of Rivière du Loup.

HOLIDAY AFFECTED BANK CLEARINGS

The unusually late Labor Day holiday this year was reflected in the recession in bank clearings for the past week as compared with the corresponding period last year. During the week ending yesterday, the clearings totalled \$548,655.33, or a decline of \$78,149.90 from the total of \$626,805.23 in 1935. Last year, however, the week contained six business days as against five this year.

The clearings for the corresponding week in 1934 totalled \$520,144.17 or \$25,511.16 below last week's figure.

Bank clearings for twenty-eight Canadian cities during the past week amounted to \$290,298,054, a decrease of five per cent. from the aggregate of \$305,376,403 for the same week in 1935.

MRS. SMITH AND MISS MILLS ENTERTAINED ORFORD W. I.

The Orford W. I. held their September meeting at the home of Miss Mary Mills, London street, with Miss Mills and Mrs. Emerson Smith as joint hostesses. There was a large attendance of members and visitors. Mrs. Faith, the president, was in the chair and the roll call was sung, say or pay, the answers causing much merriment.

Mrs. I. W. Browne gave a most interesting account of her trip to Vimy Ridge, London and France.

Following adjournment the hostesses served delicious refreshments, assisted by Miss Geraldine Smith. Tea was poured by Mrs. I. W. Browne and coffee by Mrs. Donigan, and a jolly social hour followed. Mrs. Faith, on behalf of the members, moved a hearty vote of thanks to Miss Mills and Mrs. Smith for their kind hospitality.

LONGUEUIL OFFICIALS VISIT SHERBROOKE

Mayor Paul Pratt, of Longueuil, accompanied by Aldermen John E. Taylor, Paul Carrière and J. A. Garneau and Secretary-Treasurer Denis Viger, of Longueuil, paid a good-will visit to Sherbrooke yesterday.

The visit was quite unexpected, the Longueuil delegation simply "dropping in" for a friendly chat and visit with Sherbrooke's civic officials.

His Worship Mayor Emile Rioux again proved himself to be the host "par excellence" and, with the assistance of several of the aldermen, made the visitors welcome.

Following a visit to the City Hall, where the visitors signed the "Guest Book" in the Council Chamber, the Longueuil officials were taken on a tour of inspection and shown the principal spots of interest in the city.

Mayor Rioux was assisted in his hospitable duties by Aldermen Sangster, Lacroix, Royer, Thibault and Genest.

At the conclusion of the visit, the Mayor of Longueuil extended a most pressing invitation to Sherbrooke's Chief Magistrate and the aldermen to visit Longueuil as soon as it was convenient for them to do so.

LADIES' AUXILIARY PENNY SALE A FINE SUCCESS

Paper pennies turned to gold in an amazingly short time last evening at the successful "Penny Sale" arranged by the Y. M. C. A. Ladies' Auxiliary, with Robert Smith and Hubert Johnston acting as auctioneers. The sale took place in the gymnasium, which was filled throughout the evening with a jolly crowd of generous buyers whose "pennies" mounted up to a goodly sum. This will help to replenish the treasury of the Ladies' Auxiliary, which has been seriously depleted by the cost of the many improvements they have made in the interior of the Y.M.C.A.

The store of goods, all donated, was exceedingly varied, including almost everything from cut flowers to an electric toaster. Under the persuasive salesmanship of Messrs. Smith and Johnston the sale went merrily on and the generous supply was soon disposed of. Members of the Auxiliary, who appreciate very much the splendid support extended by everyone, were in turn congratulated by E. S. Stevens last evening, not only upon the outstanding success attending the "Penny Sale," but upon what they had already done for the Y. M. C. A. The door prize was won by Miss Margaret Forbes, of Lennoxville.

"Thrift shop" to raise money for welfare work and one bargain-hunter obtained a green felt hat for twenty-five cents and a tailored tweed coat for \$1.25.

Long after the unknown shopper disappeared, Mrs. Milton P. Schlesinger, co-chairman of the venture, found her hat and her coat had been sold.

After adjournment, a delightful social hour was spent and delicious refreshments were served by the hostesses of the afternoon, Mrs. Fred Glass, Mrs. Frank Titcomb and Mrs. E. L. Atto.

General Notes.

Mrs. Clifford Waite was hostess last evening to the members of the Past Noble Grand's Bridge Club at

MEMBERS GAVE ADDRESSES ON VARIED TOPICS

Meeting of Lennoxville Women's Institute Featured by Discourse on "Education and the Rural Woman" and Review of Unveiling of Vimy Monument.

Members of the Lennoxville Women's Institute disposed of a considerable amount of business and heard an interesting address on "Education and the Rural Woman" by Mrs. G. G. McCurdy at a well attended monthly meeting in the Town Hall yesterday afternoon. Mrs. A. E. Abercrombie, the president, presided, and the members in responding to the roll call related outstanding school day recollections, some of which proved most amusing.

Plans were made for a rummage sale and an amateur night, the latter under the supervision of Mrs. D. M. Ross, and a resume of the last county meeting was given by Mrs. R. E. Mosher, who informed the members that it had been announced that there was a likelihood of two new W. I. branches being added to the list in this county before very long.

The convenor of "Canadian and National Events," Mrs. Mary Webster, gave a review of the unveiling of the monument in memory of Canadian soldiers at Vimy last July, and Mrs. Kate Reed, the treasurer, reported a substantial balance in the treasury.

After a lengthy discussion, Mrs. A. E. Abercrombie and Mrs. R. E. Mosher were appointed to approach the Bell Telephone Company concerning the extra five cents which the subscribers in Lennoxville are charged if they pay their bills in cash in Lennoxville, the opinion of the members being that a suitable place should be arranged by the company where the Lennoxville subscribers may pay their telephone accounts without any extra charge.

A communication was read from the secretary of the Young Women's Christian Association, Montreal, reviewing the work being done by the Y.W.C.A. for young women and girls, especially those travelling alone and inviting girls and young women to take advantage of their services whenever in need. Mrs. Martin Knutson expressed to the Women's Institute through a letter, her thanks for the flowers sent at the recent passing of her husband.

It was announced that there were 251 entries in the Women's Institute exhibit at the Sherbrooke Fair this year, a gain of 184 over last year. The contest was a close one, the largest number of points in this branch being won by Mrs. Harry Webster and Mrs. John Manes.

Mrs. McCurdy's address on "Education and the Rural Woman" was listened to with interest. The speaker stressed the importance of adult education, pointing out that only ten per cent. of the world's intelligence is being put to use. Mrs. McCurdy urged parents to take a greater interest in the books their children read, declaring that statistics show that ninety per cent. of the world's worst crimes are committed by adolescents between the ages of fourteen and twenty. "Between these ages it is curiosity and love of adventure which prevails, and if adolescents read books on crime they often develop the desire to try these crimes themselves," stated Mrs. McCurdy. Adult education, she told her listeners, originated in Scandinavia, and since then the idea has spread to other countries, England, the United States and Canada. The object of this movement, the speaker pointed out, is to give the underprivileged an opportunity to acquire further knowledge; to develop the interest of all who have least interest; to teach people to adjust themselves to world changes and to create better habits of thinking and living.

A hearty vote of thanks was extended to the speaker for her splendid address.

After adjournment, a delightful social hour was spent and delicious refreshments were served by the hostesses of the afternoon, Mrs. Fred Glass, Mrs. Frank Titcomb and Mrs. E. L. Atto.

Hay Crop Best in Several Years — Yield of Cereals Above Average.

Crop conditions generally in the Province of Quebec are very good, according to the fifth seasonal report issued by the Department of Agriculture today.

The hay crop is superior to that of last year both in volume and quality, while yield of principal cereals is expected to be ahead of last year's crops. Corn, affected by adverse conditions, will show a decrease of about fifteen per cent. compared with a year ago.

Total hay yield this year is provisional at 5,354,000 tons, against 5,087,000 last season; wheat yield is estimated at 1,057,000 bushels compared with 1,130,000 last year; oats 48,476,800 bushels against 45,161,000 last summer; barley 3,924,700 bushels against 3,493,000 in 1935; rye 109,900 bushels against 62,000 last season; flax 28,000 bushels compared with 25,000 last year.

her home on High street, when contract bridge was played at three tables, the prize being won by Mrs. W. J. Lane. During the short business period which preceded the card game the president, Mrs. Rufus Dunn, was in the chair, and more entries were made into the Christmas club fund, delicious refreshments were served at the close of a most enjoyable evening, the hostess being assisted by her daughter, Miss Doris Waite.

Social and Personal

Mr. and Mrs. W. Hetherington and family returned yesterday from Marquette, where they spent the summer, and are again in residence at their home on Queen street.

The many friends of Mr. O. G. C. Webster, of Coaticook, will be pleased to hear that he is now progressing favorably, after undergoing a serious operation at the Montreal General Hospital last Saturday.

Mr. and Mrs. John Maxwell, who have been visiting the former's sisters, Mrs. James Strickland and Mrs. Albert Byham and their families, for the past two weeks, are leaving on Sunday for their home in Miami, Florida.

Mr. and Mrs. J. Edward Johns, Mrs. Howard Rogers, Miss Hazel Gallup and Mr. Raymond Stevenson were among those who attended Mr. and Mrs. Henry Leavitt's sixtieth wedding anniversary on Wednesday evening at Eaton Corner.

Mr. and Mrs. N. E. Walley, Vimy street, returned last night from Montreal, where they spent a few days, leaving their daughter, Miss Buddy Walley, who accompanied them to the metropolis, in Waterloo to continue her studies at the Maple Wood Convent.

Members of the Mirth Christmas Club were pleasantly entertained last evening by Mrs. Frank Ross at her home on Short street. Cards were played at two tables, the prizes being won by Mrs. Annie Sutton and Mrs. Melinda Symons. At the conclusion of the game the hostess served dainty refreshments.

Mrs. Winston Morrow and her children, Virginia, Lee and Myron, have returned to their home in Sawyerville, after spending two weeks visiting the former's sister, Mrs. Ralph Flanders, Prospect street. Mr. and Mrs. Will Hawes and daughters, Geraldine and Lucille, of Asbestos, were also guests at the same home for a few days.

Mrs. L. W. Cook and Mrs. William Jameson were hostesses at the tea hour yesterday afternoon at the close of a largely attended meeting of the Women's Missionary Society in Plymouth United Church hall. Tea was poured by Mrs. Ogilvy, the table being prettily decorated with autumn flowers. Assisting the hostesses were Mrs. Ross Jameson, Mrs. Frank Cameron and Miss Evelyn Ogilvy. Mrs. W. C. Coe, the president, conducted the devotional period, and Mrs. J. G. Ranshouan presided at the piano during the singing of the hymns, Mrs. W. O. Rothney, Mrs. J. A. Bourque, Mrs. L. Ranshouan and Mrs. R. Burroughs presented a short temperance dialogue entitled, "Is Temperance a Lost Cause?"

St. Peter's Church hall was en fête yesterday afternoon for the annual thank offering tea sponsored by the Women's Auxiliary. Mrs. C. H. Bowen, the president, received and Miss Annie Twose acted as treasurer. Afternoon tea was served under the convenship of Mrs. J. Pashley, assisted by Mrs. Fred Wood, Mrs. S. Ward, Mrs. May Perry and Miss Kathleen Munkittrick. The tea table, at which Mrs. L. A. Bayley presided, was attractively centered with double nasturtiums. The same golden blooms also adorned the small tables and together with the other floral decorations formed a lovely setting for the pleasant social gathering. Miss Mary Twose, Mrs. J. R. McGregor and Mrs. Fred Hall were in charge of the table of miscellaneous thank-offerings, while Mrs. W. McFadden, Mrs. Jack Grime, Miss Bernice Fuller and Miss Blanche Woodgate looked after the Girls' Branch offerings.

The church was prettily decorated with autumn flowers. Mrs. M. Shea presided at the organ, Miss Kathleen Shea sang "Ave Maria" and "O Promise Me" and Mr. Maurice Lacroix played two violin solos.

The bride who was given in marriage by her father, looked charming in a white bridal gown of Rupeux crepe, her tulle veil forming a train. She carried a bouquet of Briar Cliff roses.

Mrs. Ernest A. Williams, the bride's mother, was becomingly gowned in mauve figured crepe and matching accessories.

A hot breakfast was served at the home of the bride's parents, the decorations being carried out in pink and white and the table was centered by a large three-storey wedding cake.

Later the bride and groom left by motor for Montreal and Quebec, the bride travelling in a rough crepe brown dress, a rust colored coat with racoon fur collar and brown hat, gloves, shoes and bag.

Upon their return they will take up residence in Sherbrooke. The out-of-town guests were: Mr. and Mrs. Richard Baldwin, of Rouvin, and Mr. and Mrs. Prosper Sergeant, of Rock Island.

Blinding Headaches Made Her Helpless

Forced to Lie Down For Hours at a Time

Other sufferers from headaches will be interested to read this letter:—

"Until last summer I was subject to very bad headaches. While they lasted I seemed to lose my sight and all power in my hands, and was forced to lie down for hours at a time. My aunt (who has taken Kruschen Salts for 12 years with beneficial results) suggested my trying them. I did so, and I've not had any return of those headaches for months, in fact I feel quite better. I shall always take Kruschen regularly in future."—(Mrs.) M. W.

Headaches can frequently be traced to a disordered stomach, and to the unexpended retention in the system of stagnating waste material which poisons the blood. The numerous salts in Kruschen assist in the complete elimination of waste matter, resulting in a purer bloodstream, and thus helping to bring relief from headaches.

HURTLER FROM CLOUDS TO FLAMING DEATH

A "million-dollar thrill for a one-dollar bill"—a nocturnal air-taxi ride over a county fair-grounds at Pittsburgh, Pa.—became a trip of tragedy for eight passengers and the pilot when the plane dived from the scene above—the removal of bodies charred beyond recognition from the blackened wreckage—was witnessed by scores of persons who had been waiting to take "the next ride" in the plane.

DEATHS REPORTED

MRS. WILLIAM BEST, COATICOOK.

Coaticook, September 11.—There entered into rest at the Coaticook Hospital, August 4th, Mrs. Marcia Cummings Best, widow of Mr. William Best, Maple street, Coaticook.

The late Mrs. Best was a highly esteemed citizen, of Coaticook, and will be greatly missed by a large circle of friends as well as by her immediate relatives.

The deceased had attained the advanced age of nearly four score years, and although she had been in failing health for some time, her ever active manner, had kept her hosts of friends from realizing her where she was in the world.

Mrs. Best was the daughter of the late Amos Hubbard Cummings and his wife Hannah Wentworth Cummings. Mrs. Cummings was born at South Durham, Que., while the parental home of Mrs. Cummings was at Kingsley, Que.

During the earlier part of her wedded life, Mrs. Best's parents, Mr. and Mrs. Cummings resided at East Colebrook, N. H., where three daughters, Emily, the late Mrs. Adelbert Bacon, Marcia, the late Mrs. Best, and Mary, Mrs. Walter Wilson, and one son, Melzer, deceased, were born.

In 1864 the late Mr. and Mrs. A. H. Cummings moved from their New Hampshire home to Coaticook, where Mr. Cummings, built and operated a wash and door factory, and at the time of his decease, his son, Melzer became his successor, and conducted the now extensive business under the firm name of A. H. Cummings and son, until his decease, some years past.

About forty years ago, Marcia was married to Mr. William Best, of Loring, who passed away in 1922. In 1927, Mrs. Loring was married to William B. Best, of Winnipeg, Manitoba, and for about two years after their marriage, Mr. and Mrs. Best made their residence in the city of Winnipeg, but owing to the ill health of Mr. Best, they returned to Mrs. Best's residence on Maple street, where, on February 18th, 1934, Mr. Best entered into his last rest after many months of lingering illness and intense suffering, and was so tenderly cared for by the late Mrs. Best.

The deceased was a woman of keen integrity, excellent character, and sterling morals, and was universally revered in all circles of life.

The funeral service was held on August 6th, at two thirty p.m., at her late residence on Maple street. Rev. C. Elery Read, Sherbrooke, officiating.

Favorite hymns of the late Mrs. Best were sung by Mrs. Edwards, Miss A. Tomkins, Messrs. L. G. Moulton and Prof. J. G. Scorer, of the United Church choir, the latter being the organist and the director of the same.

Beautiful floral offerings were massed upon the casket, tributes of the love and esteem in which the deceased was held universally.

The bearers were, Messrs. Eugene Bishop, Henry Snow, Otis Sylvester, George Edrich, H. A. Martin and Ernest Proulx.

Interment was in the Elmwood Cemetery, Sherbrooke.

Among the immediate relatives who are left to mourn are, one sister, Mary, Mrs. Walter Wilson, Hazel street, two nieces, Mrs. A. McCoy, Hazel street, and Miss Ethel Cummings, Child street, one great-niece, Miss Verian McCoy, Hazel street, Coaticook.

Mr. Neil MacIntosh has returned to his home in Waterloo after spending a few days here with Messrs. Stanley and Clarence Copping.

Mr. Arthur Trux visited Mr. and Mrs. Bismark Trux on Sunday.

FLANDERS

On Friday evening, August 28th, twenty-eight older members and friends, of the Flanders Mission Band met at the home of Mr. and Mrs. C. J. Nourse for a social evening, the need having been felt for some time of such a gathering in the neighborhood for the young people. The first part of the evening was spent in games and contests. At ten o'clock, lunch was served and immediately after all gathered in one room where a short devotional meeting was held. Several gospel choruses were sung to open the meeting. Miss Mabel Nourse read the Scripture from John 1, 2, 2, which was followed by prayer. Miss Elena French gave a few words of explanation about the gathering and finished by reading a poem entitled "What Will You Do Without Jesus?" Followed by prayer. After singing more choruses Mr. E. B. Bowker read a short piece, "I Have Christ, What Want I More?" The Misses Elsie and Elena French and Irma Lake sang the hymn "No One Ever Cared For Me Like Jesus". An offering was received which will be used as a "Special Christmas Fund". After singing more choruses, the meeting was brought to a close by singing, "Into My Heart", and Miss Mabel Nourse dismissed the meeting with prayer. All joined in singing, "God Save the King", and in a hearty clap of hands for the home which was so kindly opened for this happy evening together.

VETERAN HAGEN STOLE SHOW IN CANADIAN OPEN

Finishing in Total Darkness, the "Haig" Posted Three-Over-Par Total in Yesterday's Play—Little Led the Field with Record Score for Course.

Toronto, Sept. 11.—As usual in events of this kind, but apparently based on something more than imagery or hope, a call sounded around the St. Andrew's battlefield today to "Watch Hagen" as the field started the second eighteen-hole round of the Canadian Open golf championship.

Old Walter turned night rider last night and ghosted his way around the course in seventy-three, three over par. He finished in total darkness, sinking a six-foot putt on the eighteenth green for a birdie. Today Hagen intends to have a look at St. Andrew's and see what can be done about it.

A sensational sixty-seven by the California rookie pro, Lawson Little, was the highlight of the opening day sniping as far as records are concerned. The "Haig," a post entry, merely stole a gallery of several hundred when he set out in late afternoon and then stole a good part of the show with his after-dark finish.

Perhaps a major golf tournament never saw the like of that before. Hagen had never played St. Andrew's and while there was daylight he did not do any too well. He required thirty-eight strokes to reach the turn. His companion, Orville White, of Olympia Fields, Ill., clicked off a par thirty-five.

Then it got dark. The Old Master, dressed in white from shirt to shoes, became some sort of a golfing ghost that did not need to know where he was shooting. He looked up the yardage of each hole before firing and then let her go. Everything worked. Hagen made the incoming trip in even par.

The youthful White became so distracted in the darkness that he took forty-three strokes getting home for a total of seventy-eight.

His seventy-three left Hagen six strokes off Little's record, record-breaking round which was topped off by a brilliant eagle three on the 455-yard eighteenth hole—just good enough to put the former British and United States amateur champion ahead of the field. Jimmy Thomson, another clouter from California, and veteran Abe Espinosa shot sixty-eights.

Another stroke back and one under par was Gordon Brydon, the Toronto boy who gave up a promising professional hockey career to play and teach golf. Ray Mangrum, of Dayton, O., and Tony Manero, United States Open champion, they had sixty-nines.

Brydon's brilliant round raised hopes that for the first time since the war a Canadian might break through the solid American guard that has protected this title from the homesters. The Toronto youth led the domestic brigade with his fine sub-par, while four others shot their way into contending positions and another dozen or more yielded to par so little that they could not be counted out on the basis of yesterday's scores. Few pre-tournament favorites fell by the wayside in one of the warmest opening-day battles in the champion's history.

Jack Little, of Ottawa, former Quebec pro title holder, and Bob Cunningham, of Toronto, returned cards of seventy and little Jules Huot, of Quebec, 1934 Canadian professional champion, had seventy-two.

Tied at seventy-one were Al Watrous, of Birmingham, Mass.; Leo Diegel, of Philmont, Pa.; Craig Wood, of New York; "Lighthouse" Harry Cooper, of Glen Ellyn, Ill., and Len Dodson, of Springfield, Mo. Dodson, like Hagen, finished in darkness.

Another stroke back were Byron Nelson, of Ridgewood, N.J.; Jake Peszke, of Jackson, Mich.; Horton Smith, of Oak Park, Ill.; Victor Ghezzi, of Deal, N.J.; Dick Metz, of Lake Forest, Ill.; Paul Runyan, of White Plains, N.Y.; Ralph Goldahl, of Hershey, Pa., and the diminutive Huot.

Then came such acts as Hagen, Bill Burke, Mortie Dutra, Ted Turner and Ed Dudley, bracketed at seventy-three.

Top amateurs are Fred Hoblitzel, of Toronto, and Bud Donovan, of Winnipeg, with seventy-four. Phil Farley, of Montreal, and Frank Corrigan, of Ottawa, scored seventy-fives and found themselves in company with Johnny Revolta, curly-haired holder of a tournament that promises the keenest competition in years.

The defending champion, Miss Ada Mackenzie, of Toronto, will not be such a hot favorite this year. It is that kind of play—where a host have a chance and an outstanding United States golfer is the people's choice.

Young Patty Berg, of Minneapolis, third ranking woman player in the United States, has been chosen as the invader to spoil Miss Mackenzie's bid for her sixth open crown and to take the title back to the United States where it has not been since 1931. On form she is the one to beat.

SOMERVILLE IS RANKED HIGHLY IN TITLE PLAY

Steady-Going Canadian Listed with Two British Walker Cup Players as Three Invaders Who Have Definite Chance of Winning United States Amateur Golf Title.

Garden City, L.I., Sept. 11.—The British Walker Cup players pick Albert "Scotty" Campbell over Johnny Goodman as the man to beat in the United States amateur golf championship starting on Monday.

"The extremes of Campbell's game are unusually sound, and if you feel drive and putt here you'll be hard to beat."

This from Jock McLean, the whisky salesman from Glasgow who with Hector Thomson, the British amateur champion, is conceded the best chance among the players from the other side.

The Britons refuse to get into any detailed discussion of the merits and demerits of the outstanding American amateurs, but they have been doubling the praises of Campbell, a double winner of the Canadian title.

Of the nineteen invading players in the field, the experts list three who have a definite chance of taking the title out of the country. They are Thomson, McLean and C. Ross "Sandy" Somerville, the steady-going Canadian.

Everyone knows what Somerville can do. The London, Ont., "rifle" held the American title in 1932 and has put up a great fight every year since. Somerville shot the championship course in 40-31—71 yesterday as invaders dominated the day's practice. Wild with his shots on the outgoing nine, the veteran Canadian scored four pars and five birdies coming home to post a two-under-par total. His scoring exhibition on the back nine was the greatest in the history of the famous course. Starting back by sinking a twenty-foot putt on the tenth for a birdie three, Somerville chipped up and dropped a putt for another birdie on the long thirteenth, hit his second dead for birdies at the fifth and sixteenth, and then hit one in two and got down in two on the long seventeenth.

The London, Ont., star was playing with Dr. William Tweddell, captain of the British Walker Cup forces, who brought his men to the scene of the championship for the first time yesterday. Tweddell, playing with Somerville against George Dunlap, of New York, and Alan Smith, of Asheville, N.C., shot a seventy-six. Dunlap and Smith had cards of seventy-eight.

Somerville's round was the only sub-par reported, though Garden City, which plays hard or easily according to the wind, was calm yesterday. Three players, however, did manage to equal par seventy-three. They were McLean, Campbell and O'Hara Watts, of Wallas.

CANADIAN CLOSED TITLIT WILL NOT DEFEND CROWN

Calgary, Sept. 11.—When Canada's golfers meet at the Beaconsfield course in Montreal on September 21 for the Canadian closed tournament, a new champion will be crowned because Mrs. Roy Horne, of Calgary, will not defend the title she won at Victoria last year.

Mrs. Horne has been kept from the links this year by a recurring illness and during the past few weeks has been forced to use a cane to aid her in walking. She did not play in the Alberta women's championships.

ELLIS COMBINATION TOOK FATHER AND SON TITLE

Montreal, Sept. 11.—J. A. Ellis, of Montreal, and his son, Richard, yesterday won the annual Quebec father and son golf championship at the Kanawaki course, succeeding to the title undefeated by Frank Corrigan, of Ottawa, and his father.

The Ellis pair turned in low gross scores of eighty-nine and seventy-one for a total of 160. Second place went to A. G. Fenwick and Ted Penitence, of Montreal, who were four strokes behind the leaders with 87-77—164. J. I. Rankin and Colin Rankin, of Montreal, placed third with 85-80—165.

until Monday, but the stars from Vancouver to Newfoundland, and some from the United States, came early for a final touching up of their drivers, irons and putters. It is practice time for a tournament that promises the keenest competition in years.

The defending champion, Miss Ada Mackenzie, of Toronto, will not be such a hot favorite this year. It is that kind of play—where a host have a chance and an outstanding United States golfer is the people's choice.

Young Patty Berg, of Minneapolis, third ranking woman player in the United States, has been chosen as the invader to spoil Miss Mackenzie's bid for her sixth open crown and to take the title back to the United States where it has not been since 1931. On form she is the one to beat.

But match play golf seldom runs to form and that is why the young Minneapolis girl is not conceded very much edge. There is another factor across the border—Marion McDougall, of Portland, Ore., twice Pacific Northwest champion—and a score of Canadians capable of upsetting Miss Berg should she have an off day.

Undoubtedly the main Canadian hope is Miss Mackenzie. The long-hitting Torontonian desires what she may do in provincial or club play throughout the year, seems to rise to the heights in the open. A winner five times, she always has been close in her unsuccessful tries.

KAY STAMMERS CONCEDED EVEN CHANCE TO WIN

British Star Opposes Helen Jacobs in Semi-Final of United States Women's Singles Tennis Championship Today—Perry Expected to Repeat Triumph Over Grant.

Forest Hills, N.Y., Sept. 11.—The chips were down today in the United States singles tennis championships with the pressure on the six American survivors.

Barring an upset, Fred Perry, of England, was a top-heavy choice to repeat his recent triumph over Bryan (Betsy) Grant, Jr., of Atlanta, and his compatriot, Kay Stammers, the slashing southpaw, was held on even terms with Helen Jacobs, the four-times titleholder, in the outstanding matches of the four semi-finals.

In the other semi-finals, Don Budge, Oakland, Calif., red-head, will engage Frankie Parker, of Spring Lake, N.J., and Alice Marble, of San Francisco, will oppose Helen Pederson, of Stamford, Conn., Budge and Miss Marble favored to gain the final.

Chief interest in the penultimate contests centred in the Anglo-American meeting between Miss Stammers and Miss Jacobs. Miss Stammers is bothered by a dislocated thumb on her right hand, but the injury did not seem to bother her yesterday when she crushed Gussie Raenger, of San Francisco, by 6-1, 6-0.

Miss Stammers, playing in the championship for the third time, made a big impression on observers two days ago by beating Carol Balcock and it is that performance, plus her two victories over Miss Jacobs in Wightman Cup competition, that are influencing critics to concede an even chance against the veteran champion who wants to win the title just once more to become the first player to triumph five straight years.

Neither of the other semi-finalists are calculated as being capable of beating Miss Jacobs or, for that matter, Miss Stammers. By dogged retrieving and outstaying her rival at critical points, Miss Pederson eliminated husky Dorothy May Sutton Bundy, of Santa Monica, Calif., by 6-3, 4-6, 6-4, ending the championship aspirations of the daughter of the once great May Sutton, first American player to win a British title.

The seven thousand fans who were hungry for an upset of some sort yesterday were let down cold, but they were treated to a most spectacular exhibition of top-flight play by Gregory Mangan, who defeated before young Parker. Younger and stronger, Parker had too much stamina for Mangan, winning at 10-12, 6-0, 4-6, 6-1, 6-3. Budge waded through John McDiarmid in straight sets by a count of 6-4, 6-3, 6-2.

Perry's path to the title seems less hazardous than Miss Jacobs'. Both Grant and Budge appear to be overestimated, what with constant campaigning since February. Perry whipped them both at Wimbledon this year on the way to his third straight all-England title. As for Parker, he looks only a little improved over last year when Perry crushed him here in straight sets with the loss of only six games.

PROVINCIAL PLAYDOWNS TO START THIS WEEK-END

Word was received yesterday from Theo. Mathieu, of Montreal, honorary secretary-treasurer of the Province of Quebec Lawn Tennis Association, that the Sherbrooke Country Club would travel to Drummondville on Sunday to meet the Canadian Celanese aggregation in the first round of the play-offs for the provincial intermediate team championship. The winners of this series will encounter the survivors of the Chicoutimi-Quebec playdows.

Four singles and three doubles events will be played Sunday afternoon. The Celanese squad will meet the Three Rivers district title while the Country Club defeated St. Francis in the Sherbrooke district final.

The local team will be selected from the Dunsmore brothers, Fabre Surveys, and Gaston Bishop, Gaetan Cote and Bill Beck, while the home team will pin their hopes on the Marier brothers, Marcelle Deschamps, Pete Guilmette, and J. Pearman.

RACING

WORLD RACING HONORS WON BY QUEBEC CITY BOAT

Toronto, Sept. 11.—After staying with Harold Wilson, of Ingersoll, Ont., for two years, the world's racing championship for 25-cub-inch powerboats rested with Jack McInnes, of Quebec City, today. McInnes drove his boat into fourth place in the third heat of the Canadian National Exhibition races last night, after placing first in the two opening heats, to win the championship by a substantial margin on a point basis.

McInnes collected a total of 169 points in the three heats, against 925 for R. Campbell, of Toronto, and his Marguerite V in second place. Campbell won last night's event, but could not overcome the point lead piled up by McInnes in the first two heats.

The only entry that could possibly have overcome Miss Quebec II's lead was "Red" Foster and his Atom II, of Toronto. Atom II was forced to the sidelines before last night's race started, however, with engine trouble.

McInnes ran a cagey race as all opposition vanished. Taking no chances on an accident depriving him of his title, he loafed over the course the greater part of the time and only in the last lap did he let Miss Quebec II show some of the

RANGERS BREAK UP NOTED COOK-BOUCHER LINE

Boston Bruins Acquired "Bun" Cook from New York Club Yesterday—Montreal Canadiens Involved in Mass Trade with Boston Aggregation.

New York, Sept. 11.—Those masters of prestidigitation, the brothers Cook and Frankie Boucher, will not terrorize National Hockey League goalies as a unit this winter.

Fred Cook, better known as "Bunny" and who hops about on agile skates not unlike a rabbit, was sold yesterday by the New York Rangers to the Boston Bruins. The deal signalized the break up of a forward line that was one of the most colorful and most effective in the long history of the winter pastime. Boucher, flanked on the wings by "Bun" and his older brother, Bill, stood out as a prime reason why the Rangers were in the championship picture from their first season in the National League until last winter—an unbroken stretch of nine campaigns.

Right from their debut in the National League, the Cooks and "Gentleman" Frankie were stars. The brothers were deft skaters and veritable magicians with the puck, while the stocky Ottawa was still is one of the game's great playmakers.

As Manager Lester Patrick goes about the business of rejuvenating the club that came to be known last winter as the "Old Men of Manhattan" it is reported that Bill Cook will do more master minding than active playing in the approaching campaign, while it has been repeatedly rumored that other Ranger originals, "Ching" Johnson and Murray Murdoch among them, may be sold.

President Charles Adams, of the Bruins, announced the deal along with a mass trade between his club and the Montreal Canadiens.

Adams said that the Bruins sent defencemen "Babe" Seibert and Roger Jenkins to the Habits for wingmen LeRoy Goldsworthy and Sammy McManus and a bag of gold. The amount of cash in the transaction was not revealed, but Adams indicated some of it was used to purchase the younger of the Cook brothers.

Seibert was one of the league's outstanding defencemen last season and Goldsworthy was the leading scorer for the Flying Frenchmen. McManus, with the Philadelphia Ramblers of the Canadian-American League, was sold to the Canadiens by the Montreal Maroons.

Adams has yet to announce his 1936-37 manager, but it is reliably reported that Frank Patrick will not be re-engaged. The Boston manager recently threatened to abandon his club's farm team in the Canadian-American League, the Boston Cubs, and it is suggested that Lionel Hitchman, his minor league manager, will be promoted to boss the Bruins.

MAROONS CONCERNED OVER BOB GRACIE'S HEALTH

Toronto, Sept. 11.—Tommy Gorman, manager of the Montreal Maroons, conferred here today with Bob Gracie, who is so ill that his centre's health would permit him to line up with the National Hockey League team this winter. The former North Bay, Ont., boy has not been in good health this summer and Gorman said that it was impossible to say whether the player would be available for duty at the start of the season. He intimated, however, that Gracie's condition was not as bad as he had been led to believe.

At the same time Gorman announced that the Maroons had secured from the Canadiens the negotiation rights to "Buddy" O'Connell, amateur star with the Montreal Royals. The rights were obtained in return for Sammy McManus, whom the Habits turned over to Boston yesterday.

Gorman's first act when he arrived here was to sign Carl Voss, recently acquired from the New York Americans. Voss, who came to the Maroons last week for Joe Lamb and cash, accepted his contract and Gorman announced that he would replace Hooley Smith between Jimmy Ward and Larry Northcott.

speed that took her to victory in previous heats.

Marguerite V raced beautifully to win the final. Taking the choppy Lake Ontario water in her stride, she averaged 47.4 miles an hour, only a little short of McInnes' new record chalked up the night before. McInnes took the second heat at an average of 47.78 miles an hour and also let a new lap record of 50:08 miles an hour in the same heat.

TOM SUNDBORG CAPTURED BICYCLE FEATURE

Windsor Mills, Sept. 11.—Tom Sundborg finished first in the five-mile bicycle handicap race staged here on Labor Day. Starting from scratch along with C. Jackson, the winner crossed the finishing line four lengths ahead of Charles Tanner. Norman Blair was third—another two lengths behind. Tanner fell exhausted from his wheel after crossing the finishing line but recovered and was able to walk home.

The other competitors in the race were Lloyd McCourt and Jackson, the latter of Bromptonville.

Ted Sundborg acted as starter; Frank Strathearn as scorer, and Walter Greenaway as clerk of the course. After the race all runners were presented to the first three finishers by Constable T. Bolduc.

"Are all the news cameramen ready?" asked the judge. "Yes, your honor." "Lights O.K."

CARDS CLIPPED FULL GAME OFF NEW YORK LEAD

St. Louis Rallied to Nose Out Boston Yesterday while Giants Were Bowing Again to Cincinnati—Chicago Also Gained Ground on National League Pace-Setters.

The pitching problem, which has been the biggest kind of a nightmare to Frankie Frisch all season, has finally caught up with Bill Terry. And now the pilot of the pace-setting New York Giants, whose hurling was the envy of the league for weeks, is in just as much of a hole as his closest rival for the National League flag—Frisch and his Gas-House Gang of St. Louis Cardinals.

The hurling collapse, in which only Carl Hubbell and Freddy Fitzsimmons seem able to hold their nerve, has made anything but a song and dance out of the Giants' current home stand, to which they returned triumphantly only a week ago, and points to the year's most "crucial" series between the New Yorkers and the battling Cards in their three-game set on Sunday and Monday.

The pitching passed out again in the late innings yesterday and the pesky Cincinnati Reds made it two straight over the Giants with a seven to two decision off Gabbo Gabler, heretofore one of the elbowing mainstays. At the same time, the Cards pulled out their second close one in a row over the troublesome Boston Bees, coming through by three to two with a two-run rally in the ninth inning, and the still dangerous Chicago Cubs nosed out the Phillies by the same margin on Stan Hack's eighth-inning homer.

The victory for the Reds was accounted for by Paul Derringer's seven-hit pitching and a fifteen-hit attack on Gabler and Dick Coffman. Featuring the assault were a home run by Ival Goodman in the seventh stanza with two mates on base and another circuit clout by Ernie Lombardi with the bases empty in the sixth frame. At the same time Terry lost a suit of clothes to the Cincinnati pilot, Charlie Dessen. The outfit was at stake in a bet Terry made with Dessen that the Reds would not win nine games from the Giants this year. Yesterday's victory was the ninth.

The Cardinals used twenty players, including Frisch and four pitchers, before three pinch-hitters and a substitute runner came through with the two vital runs in the ninth chapter. "Dizzy" Dean finished the night for St. Louis, and Ed Berger, Cuccinello and Lee in order in the last of the ninth canto. Ed Heusser, who followed Johnson and Haines to the mound, was credited with the triumph.

Hack's four-bagger, his sixth of the campaign, came with two out in the eighth inning and broke up a mound duel between Bill Lee and Bucky Walters.

These developments placed the Cards only three and a half games behind the Giants, who lost their fifth contest in six starts since they returned home from their highly successful road trip, expecting to have things easy in their home lot.

The Pittsburgh Pirates, whose chances to catch up are so slim that they are almost non-existent, finished their season's series at Brooklyn with an eleven to five decision behind Bill Swift's effective hurling. The Bucs clubbed Fred Frankhouse and George Jeffcoat for seven runs in the first two innings, the former unable to get any utter out before he was blasted off the mound in the opening frame. Jeffcoat gave way to "Unknown" Winston in the seventh canto.

Contrary to the general opinion that everything would be cut and dried in the American League now that the New York Yankees have secured up the pennant, the warfare remained plenty hot yesterday in the battling for second and third places. The second-place Chicago White Sox were idle while the Detroit Tigers moved up into a third-place tie with Washington by bowling over the Senators to the tune of five to two. Tommy Bridges hurled five-hit ball for his twentieth victory of the campaign as the two clubs broke even with eleven triumphs each for the season.

Hal Trosky came through with a game-winning homer in the ninth inning to give the Cleveland Indians a five to four verdict over the Yankees. It was Trosky's thirty-seventh round tripper of the year and climaxed a winning three-run rally in the last half of the ninth chapter by the Tribe. Earlier Lou Gehrig had poled out his forty-fifth homer of the season for the American League champions and Bruce Campbell had belted one out for Cleveland.

The Philadelphia Athletics fired sixteen-hit attack at the St. Louis Browns for a twelve to seven victory in the opener of a doubleheader, but the nightcap was called in the ninth inning because of darkness with the count deadlocked at four-all.

SECOND CONSECUTIVE WINS FOR BIRONS AND ORIOLES

Unless they crack up unexpectedly, the champion Buffalo Bisons and the fourth-place Baltimore Orioles seem headed for the final International League play-off for the Governors' Cup and a place in the Little World Series battle.

Each is leading by two to nothing in the opening playoff rounds as a result of brilliant pitching and Baltimore has the added advantage of playing in its home park for the next three games of its series with the Rochester Red Wings, Buffalo, after winning twice at home by scores of six to nothing and seven to one, moves to Newark for the next three games. Each needs two more victories to clinch the series.

After gaining a four to two victory in the opener, Baltimore came back with an even more brilliant

QUEBEC RACES DOMINATED BY E.T. ENTRIES

Henry Ingram's String Gained Further Laurels at Quebec Harness Meet Yesterday—St. Hyacinthe and Thetford Mines Entries Headed Field.

Quebec, Sept. 11.—Eastern Townships horses continued to hold the spotlight at yesterday's trotting meet at the Exhibition grounds. Three of the four events on the day's programme were won by horses from the Townships. Henry Ingram crowned his successes of the previous day when Earl Praught drove Virginia Lassiter to a two-

heat-in-three victory in the 2:26 pace. Victor Direct, owned by H. E. Benoit, of St. Hyacinthe, swept the boards in the 2:18 pace, taking three straight heats, but found keen competition from Nat Volo, entered and driven by C. Taylor, of Cookshire. Please Turn to Page 2.
