

TAKE SCHOOL CENSUS

Response is urged

R. Steeves, superintendent and secretary-treasurer of the School Commissioners for the Municipality of the City of Westmount, is urging all householders to complete the "school census form" now in the mail, with the least possible delay, and return it, making use of the stamped, return-envelope provided for the purpose.

Annually the board is faced with the task of making a census of the total school population, of all faiths and creeds, and it is essential that all householders complete the form and return it, whether there are children in the household or not.

The information asked for is required by law, Mr. Steeves points out, and the form must not be destroyed.

The form, which is issued un-

Authorities pondering 3-year education plan

Taking a three-year look at education in Westmount and particularly the building phase of it in relation to the possibility of construction of a new 1,200-student high school on the Westmount Athletic Grounds, officials here are doing some long range planning.

The school population of Westmount is comparatively static and no great increase in numbers is anticipated in the near future.

While the question of constructing the new building

is still two or three years away, Quebec province authorities and the Greater Montreal School Board have given their assent in principle to the plan and within the next few days the Westmount board is expected to discuss it again.

With construction of the new high school, it is believed that three buildings, Kings school, Queens school and Argyle will possibly be offered for sale.

Such an eventuality, it is held in some quarters, would offer an opportunity for the city to obtain one of

the structures, perhaps Kings school, for a court and municipal building.

Many consider the present Stanton avenue quarters as entirely inadequate.

Action on this matter is expected without too much delay as certain pressures are being put on the city to pick up such a building.

Next week's weather

By ERIC NEAL

September 13 to 20

Opening mainly sunny, with cool nights, this week will give us samples of all kinds of weather, including rains, wind and some thunder. Some snow in the north, and frosts in the south. Stormy in the Maritimes, Vermont and eastern Quebec regions. Temperature range 30-70°F, with some 40 hours of sunshine.

Many years at this time we have heavy rains, almost cloud-burst conditions in the south and persistent drizzle in mountain regions, with bright intervals, and some wind.

Improving for a bright although cool weekend, with morning frosts or mists. Hunting more encouraging. Fishing fair all day.

Jump from train fatal to worker at station here

Police are continuing an investigation into the death at Westmount station Wednesday afternoon of Tony Ferrara, 29, of 5553 Upper Lachine road, a sweeper at Windsor Station, who apparently attempted to jump from a moving train.

It is believed the victim boarded the train at Windsor Station with a group of Italian immigrants with whom he was seen conversing during the afternoon. At about 4:30 p.m. a man at Westmount station noted a body rolling along the yard surface toward him. Police were called.

It is considered a definite possibility that Ferrara planned to ride with the immigrants to Westmount station and return to Windsor Station by another train for his job which starts at 5 p.m.

The first section of the train doesn't stop until it reaches Ottawa, and police feel the victim jumped as the cars were rolling through the Westmount yard.

Ferrara leaves a wife and 15 months old child.

Jack Victor, 71, buried on Sunday

Jack Victor, of 411 Cote St. Antoine road, died Friday at the Royal Victoria Hospital after a short illness. He was 71. Funeral service was held Sunday at Paperman and Sons Chapel, 5605 Cote des Neiges road.

Born in Roumania, he came to Canada about the turn of the century and was a pioneer in the Montreal clothing industry. He was president and founder of Jack Victor and Sons, Ltd.

Mr. Victor was a past president of the Men's Clothing Manufacturers' Association, a member of the Shaar Hashomayim Congregation, a governor of the Jewish General Hospital and of the Young Men's Hebrew Association, and a member of the Montefiore Club, the Montreal Board of Trade, and the Elm Ridge Golf Club.

He is survived by his wife, the former Sadie Hershorn, a daughter, Gloria (Mrs) Norman Halpern, two sons, Herschel and Norman, a sister, Mrs. F. Wexler, and six grandchildren, all of Montreal.

Burial was in Shaar Hashomayim Cemetery.

A. H. Campbell, 63, buried Tuesday

Alexander Harvey Campbell, of the A. H. Campbell Picture Framing Co., 4150 St. Catherine street west, died Saturday at St. Mary's Hospital at the age of 63. Funeral service took place Tuesday in the Chapel of the Clarke Funeral Home, 5580 Sherbrooke street west.

Born and educated in Truro, N.S., he came to Montreal and worked for a short time in the art and picture framing business before the First World War. He served overseas from 1914 to 1919 with the 13th Battalion Black Watch, and while overseas met and married the former Gwyneth Sarah Heavens in England.

After working for several years in the early 1920's with the Watson Art Galleries, he opened his own business in Verdun. In 1938, he moved his business to Westmount. Keenly interested in Canadian art, Mr. Campbell gave encouragement to local artists.

He was a member of the Black Watch Originals Association.

Surviving him are his wife; three daughters, Dorothy (Mrs. R. Therrien) of Hartford, Conn., Muriel (Mrs. A. Marchuk) of Cap de Madeleine, and Eileen, of Westmount; a son Ian, of Montreal, and five grandchildren. Gary and Ross Therrien, Ian and Peter Marchuk, and Stephen Alexander Campbell.

Burial was in Lakeview Cemetery.

Robert E. Cameron dies in 64th year

Robert Ernest Cameron, of 76 Sommerville avenue, Westmount, died suddenly Sept. 4 in his 64th year. Funeral service was held Monday at Trinity Memorial Church, conducted by Ven. Archdeacon R. K. Naylor.

Mr. Cameron was secretary-treasurer of Webster and Sons Ltd. and subsidiaries. He was born and educated in Montreal, and served in the Royal Flying Corps and the Royal Air Force in World War I.

He was a fellow of the Chartered Institute of Secretaries, honorary secretary of the Builders' Exchange, and director and treasurer of the Building Owners' and Managers' Association. He was also a member of the Montreal Executives' Association and of the Purchasing Agents' Association, and a past president

Westmount Rotarians hear Kitimat story

At Kitimat the whole mountain is really the power house for the huge Aluminum Company of Canada development Franklin T. Matthias, assistant manager of the British Columbia Project, told the Westmount Rotary Club at their regular luncheon meeting Wednesday.

W. Frederick, 67, dies in the U.S.

Word has been received of the death in Hollywood, Florida, of William Frederick, 67, local restaurant proprietor.

Mr. Frederick, in partnership with his son, owned the Marydan Restaurant, on Sherbrooke west at Hingston, which he opened five years ago. Previously he was the proprietor of His Majesty's Sweets, St. Catherine west at Greene avenue, for over 30 years. Mr. Frederick gained his early experience in food catering as a chef for 25 years with the CPR.

Born in Bukovina, in a section of the Ukraine now part of Roumania, he came to Canada at the age of 14. After living in Ottawa for a number of years, he moved to Montreal about 37 years ago. He resided in Westmount.

He is survived by his son, Daniel, his daughter, Mrs. Mary Price, and two grandchildren.

Mrs. R. S. Robson burial today

The death occurred Wednesday afternoon at the Royal Victoria Hospital, following a lengthy illness, of Mrs. Roderick S. Robson, nee Janet Clarice Gordon, of 4479 Western avenue, Westmount, in her 41st year.

Funeral service will be held at Westmount Park-Emmanuel Church, Landsdowne and Western avenues, Westmount, today at 2:00 p.m. Burial will take place at Lachute, Que.

Mrs. Robson was a graduate of the Lachute High School and the Royal Victoria Hospital School of Nursing, Class of '41. She was particularly active in

of the Society for the Protection of Women and Children.

He is survived by his wife, the former Winnifred Ledrew; a son, Ross, of Montreal; and a daughter, Carol (Mrs. Douglas C. Coughtry) of London, England.

Burial was in Mount Royal Cemetery.

* Using slides to illustrate his talk, Mr. Matthias pointed out that prior to 1951 when for the first time construction workers invaded Kitimat, the whole area was an unbroken mountain wilderness. Kitimat is 500 air miles from Vancouver, and direct transportation is by air or boat. There is a railway from Jasper to Prince Rupert and another from Jasper to Vancouver. The towns along these lines are all important to the Aluminum Company. A spur line has been built in to Kitimat. Vancouver and Prince Rupert were previously the only places along the B. C. coast with adequate dock facilities, but now there is a harbor at Kitimat with a draft of 34 ft.

Slides were shown of barges and steamers of the Saguenay fleet following the main supply route from Tacoma to Alaska. Mr. Matthias has flown over Ripple Rock which, of course, is no longer there. He said that a boat trip up the coast is a wonderful experience to be compared to travel among the fiords of Norway.

During the preliminary stages of the project at Kitimat, travel was largely by Beaver air craft. He said that travel plans by bush aircraft were of necessity vague.

The big dam was started in May, 1952. In eight months 4,000,000 cubic yards of material were removed. The dam has a height of 300 feet from the foundation to the top. Sixty miles west is the spillway. The reservoir has been filling up for four years. The power house is one

Westmount author guest as Harvard holds celebration

A Westmount author and public relations counsellor was the only Canadian invited to take part in last weekend's celebration of the founding of Harvard's School of Business Administration.

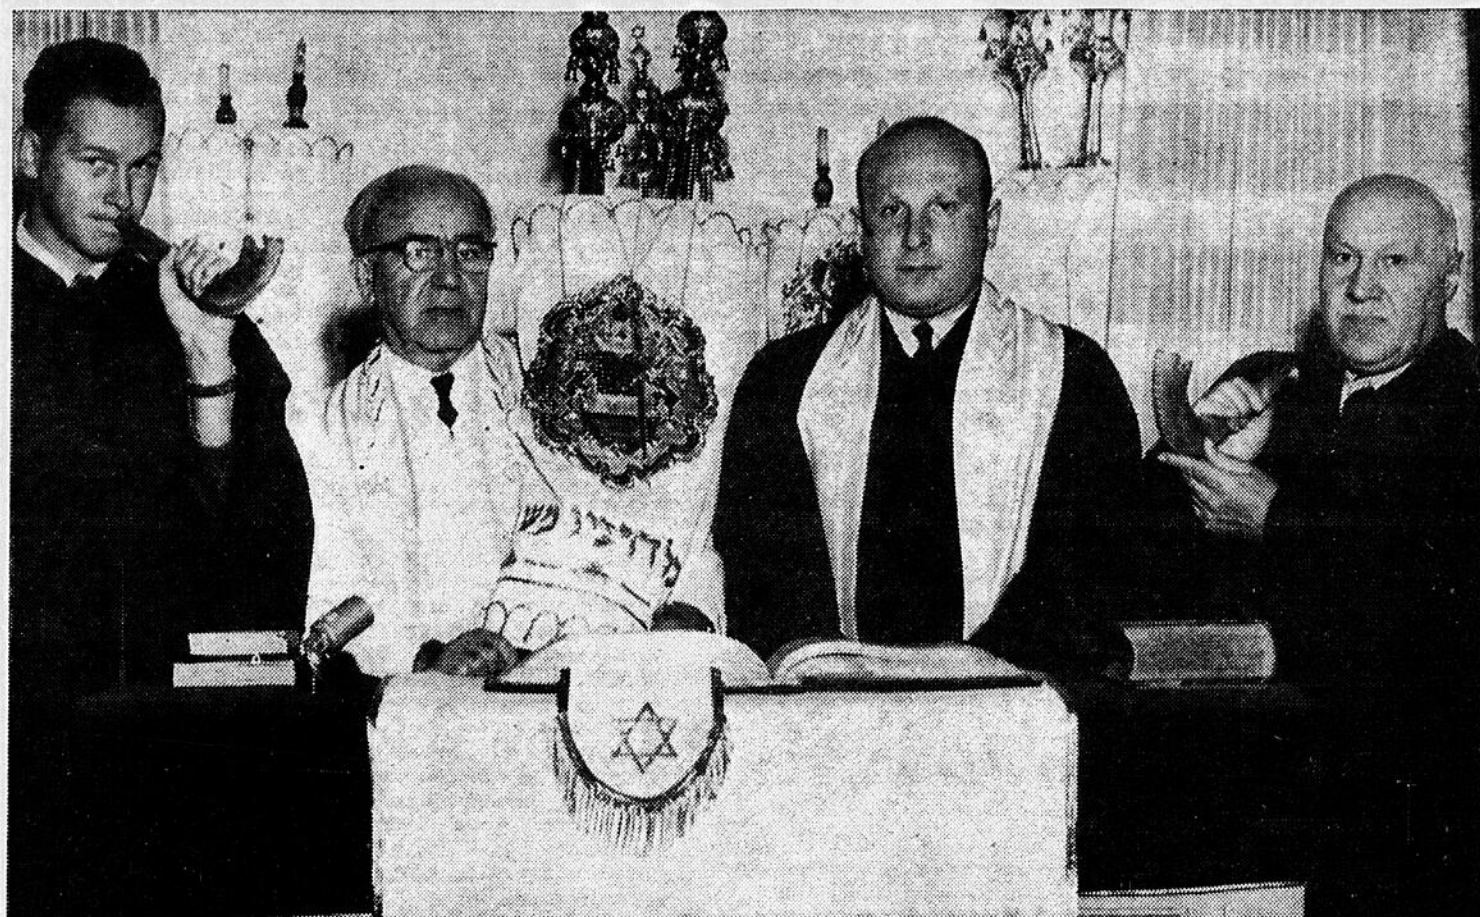

Leonard L. Knott, 346 Olivier Ave., spoke on the same program as The Hon. Richard M. Nixon, vice president of the United States; Arnold J. Toynbee, the historian; John L. Burns, president, Radio Corporation of America, and other leading industrial, political and academic figures.

"Management's Mission in a New Society" was the theme of the two day celebration of the School's 50th anniversary.

Author of "The PR in Profit," "The Children's Guide to Montreal," and other children's books about Canada, Mr. Knott is founder and president of Editorial Associates Ltd., Canada's oldest firm of public relations counsel. He is past president of the Canadian Public Relations Society and is a director of the Public Relations Society of America.

Judge Stalker lifts license for 6 months

Leonard Pursey, 2118 Prudhomme avenue, who was arrested on August 21st, charge with driving a motor vehicle while his senses were impaired by alcohol and also for imprudent driving; (the first charge under the criminal code and the second under the Motor Vehicles Act) pleaded guilty Wednesday to both charges before Westmount's Judge Alex Stalker. After several witnesses were heard, the accused had his license suspended for six months and was fined \$75 and \$20 costs or 15 days in jail on the first charge and costs on the second charge.

Prairie-bred 'Flip' makes out in city despite dog-napping

The story of Flip, a prairie-bred dog who was dog-napped by a couple of big city car thieves while on a visit to Westmount, came to light this week.

Flip, who more or less resembles a beagle hound is the pet of Raymond B. Call of Regina who is visiting his brother, Harold C. Call of 4941 Sherbrooke street west, and Flip, no mean hand when it comes to chasing cats took city lights like a duck to water.

Last week he accompanied his master on a trip to the Queen's Hotel on Peel street. He stayed in the check room while his master visited, and soon won all hearts with his waving tail and and carefree country expression.

The following day he was back again and got to know the gang. Then his master drove up to Ben's Delicatessen on Burnside. This time Flip stayed in the car while his master ate inside. Then two juveniles stole the car. They did not notice him in the back seat.

But Flip made his presence known by setting up a howl when police bullets sang around the car. The thieves found time to heave Flip out about ten blocks from the delicatessen.

Stranded and unnoticed in the excitement, Flip padded about Montreal for 24 hours seeking a friendly face or familiar scene, but without success.

Footsore and dog tired he wandered the long streets and all the familiar lamp posts. Truly a dog's life.

Then he spotted one of the cloakroom attendants from the Queen's and followed her to work. She noticed that Flip looked a bit footsore and weary but thought he was with his master.

Later Mr. Call phoned up on the off chance that Flip might

have found his way back and discovered he had. He joyfully went along and collected him — and brought him back to Westmount where such things just could not happen to nice dogs from out west.

Mrs. Call told the Examiner that Flip is of somewhat under-terminate origins but that the smooth haired beagle side of his ancestry predominates in his appearance. She calls him a "sooner hound" which means he would sooner be lying down snoozing peacefully and dreaming about cats and trees rather than tangle with cops and robbers.

The car's occupants both were captured after a wild chase punctuated by 13 pistol shots.

AUTOS CRASH

Two cars were damaged when a collision occurred Friday between an auto driven by Albert Haskiya, 3469 Addington and a car driven by David Larouche, 4095 St. Catherine. Mr. Haskiya was driving east on Western and Mr. Larouche was swinging out from Wood when the accident occurred.

CARS COLLIDE

Two vehicles were slightly damaged Friday when a car driven by L. Matte, 939 Atwater, collided with another driven by Maurice Felix, 4078 Hingston. The collision occurred at Dorchester and Atwater.

WE SAY

Let's not lose good opportunity

WESTMOUNT'S educational authorities — now that Quebec and the Greater Montreal Protestant School Board have given the green light — are beginning to look seriously at the prospect of building a new high school on the Westmount Athletic Grounds.

They are looking deeply into the problem and are finding that it may well mean the distinct possibility of some surplus school buildings.

Some have gone so far as to suggest that three schools will be available for other purposes — King's School, Queen's School and Argyle.

The former, situated as it is on Western avenue, east of Victoria, is being suggested by residents as an ideal building for a police station and a new municipal court building.

This would appear an excellent suggestion.

Westmount is now a municipality of some 30,000 persons and considered as one of those in the top economic brackets.

The present police station and court setup is a disgrace.

With the construction of the new high school and the freeing of King's school for other purposes — it would appear an excellent building is available.

Let's not lose this opportunity.

Things do not normally move too swiftly at the municipal level, this we know.

But it is admitted that the new high school may not be ready for two or three years. This will

leave ample opportunity for the discussion of such a project as a new police station and municipal court. All the pros and cons can be carefully weighed.

The present quarters are crowded. They are antiquated. They are in an area close to several churches, a synagogue and two schools.

The Western avenue site appears an ideal one. Let's go get it.

By the Way . . .

A correspondent who has made a study of three-legged races has raised the question of a three-legged race in which the two right legs or the two left legs are tied together.

This will be dealt with in a special coloured supplement, with contributions by noted three-legged racers. There will also be an interview with two athletes who claim to be the champion no-legged racers, a branch of the sport in which all four legs are tied together. Mass no-legged racing, in which 40 or more entrants have all their legs tied together, is gaining in popularity. It is a sign of enterprise and initiative among the young.

I AM told that, in a few months' time, the last handful of Montreal buses, each working to its own schedule, will agree not to accept passengers disapproved of by the driver; not to stop until they want to; not to stick to any prescribed route.

In the event of fewer people using the buses, fares will be doubled, and, as a protest against further cuts in the services, the few remaining buses will finally decide not to run at all.

THE theft of a hat, snatched from its owner's head by a man who disappeared in the crowded street, needs looking into.

One way of disconcerting this kind of thief is to copy the slowness, and wear a smaller hat under the larger one. Thinking the second hat to be an optical illusion the thief hesitates, and the victim can offer the smaller one in exchange for the larger one. A more dignified form of protection is to have your hat filled with charcoal, which spills all over the place when the thief snatches, thus distracting his attention while you call for help.

Examiner Profile

He's proud of his 'family'

By CYNTHIA JONES

At the end of cloistered Weredale Square behind the busy intersection of Atwater and Dorchester streets stands an ivy-covered, six-story building called Weredale House. It looks like a boarding school. It is a kind of one, although the 166 boys who live there usually attend Westmount schools though 25 to 30 of them work.

Weredale House is a home for boys whose own homes are broken or disturbed.

In his 42nd year at the Home is Vernon Frederick McAdam who is more than the executive director of Weredale House. Over the years he has been counsellor, friend, confidante to about 4,000 boys, many of whom, grown-up and successes in the world, still keep in touch with him for advice, solace or plain comradeship. Typical of his feeling for all boys in distress or trouble is the fact that Mr. McAdam never refuses a phone call no matter what time of day or night it comes. "You never know that it might be a vital one which may mean a turning point in a boy's or man's life," he said.

Nor are there any set visiting hours at Weredale House. Parents or friends can call on boys there at any time. The boys are allowed to visit their homes during the weekend.

"We haven't any creed or color here," said Mr. McAdam, a tall, slim, quietly friendly man of 59 who looks years younger. "We have some Jewish boys, some Roman Catholic, some French-speaking ones although the majority are Protestant. We don't try to supplant their own home but try to take its place temporarily."

Only 10 per cent of the boys are orphans; 15 per cent half orphans with either mother or father dead. A small percentage are boys whose families appear to be alright but who have failed to adjust to their own homes.

Broken homes

The boys have been removed from their own homes because of drunkenness in the home, crime, immorality, death, sickness or instability. "Most of the boys are from homes which have gradually disintegrated from instability on the part of parents," said Mr. McAdam. "They are potential delinquents because of this instability."

Discipline is never a problem at Weredale House because it is essentially a home. Half of the supervisors are boys who have grown up there, gone to McGill University and now are part of the staff. For 70 hours of work at the home per month they get their room, board and laundry while attending University.

The average stay is a little over two years but many boys grow up there between the ages of 11 and 18. One boy, a half orphan, lived there 11 years, graduated in dentistry, is now enjoying a successful career and is getting married to a nurse this fall. Six brothers were reared there. All be-

came successes in different fields. "We gave 32 years' service to that family whose father walked out, never to be seen again," said Mr. McAdam.

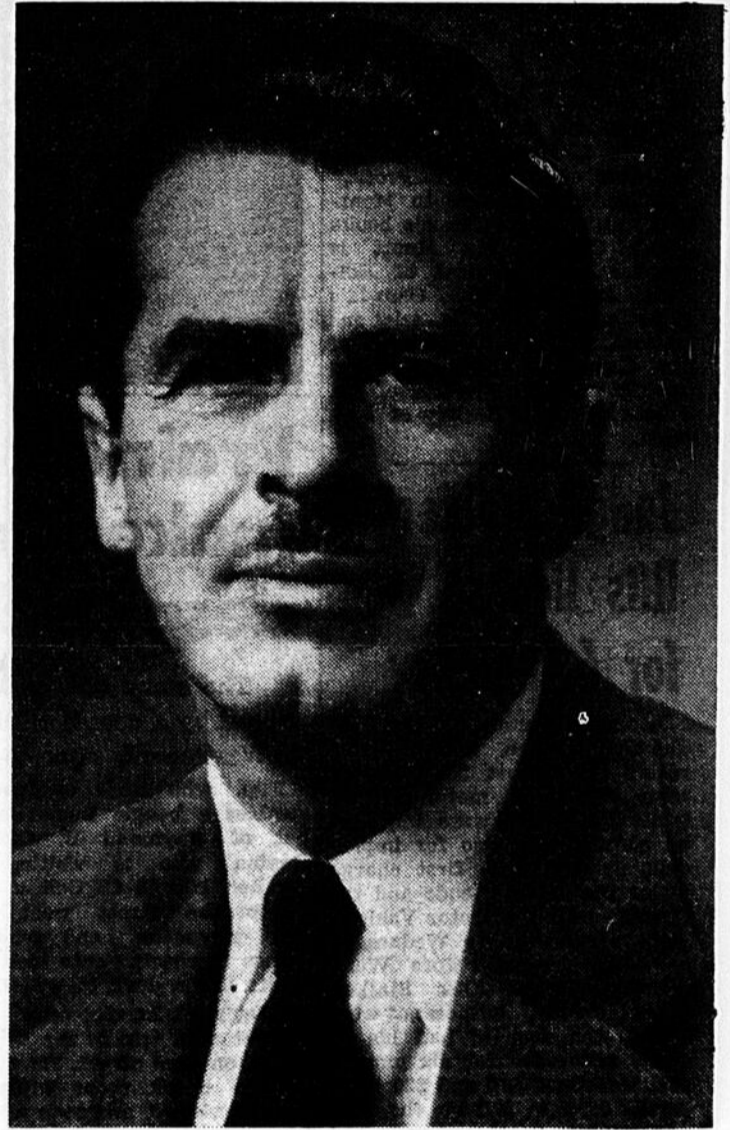

He listed doctors, lawyers, ministers, bankers, an Anglican missionary in the North as "graduates" of Weredale House, built in 1930 with funds largely provided by Rotary and boasts swimming pool, gymnasium, craft shops, four study rooms, two games rooms, hospital, dental room, seven dormitories, cafeteria dining room, auditorium complete with chapel.

In the auditorium is an honor roll of the Second World War bearing 328 names including 78 NCO's and 34 commissioned officers as high in rank as major in the army and squadron leader in the air force. Seventeen received honors including one OBE and five Croix de Guerres. "It is a shame that it takes a war to evaluate one's work," said Mr.

proudly. "It's the Owen Dawson Boys' Club in Verdun. Our national organization encourages the establishment of Boys' Clubs in cities and centers across the land and helps citizens choose sites, in addition to helping with their staffing and program problems. For Verdun, for instance, we made a survey in 1955 and now the Club will be established in 1959."

Mr. McAdam is a Maritimer, born in St. George, New Brunswick, in 1899. In 1911 he moved to busy Amherst where he became interested in playground work. "I was fortunate in meeting one of the big recreational leaders of that time, an American, John Bradford, and I knew then that I wanted to go into youth work," said Mr. McAdam.

He was 13 at the time and the plan was that on leaving high school he should enter

MR. McADAM

McAdam. "Our ratio of those receiving commissions and rank of NCO is higher than average."

In summer for two months the boys move out to Weredale Camp on Lake L'achigan funds for which were donated by the Westmount Rotary Club in 1934.

At Weredale House and Camp the environment is ideal and the staff go to work on providing a new outlook on life.

New outlook

Mr. McAdam himself is indirectly giving a new outlook on life to some 60,000 boys across the country. Besides his Weredale House position he is executive director of the 65 Boys' Clubs of Canada. He has been associated with them since their beginning in 1923, became executive director in 1957. "We have 12 boys' clubs in Montreal and tenders have been opened for the 13th just this week," said Mr. McAdam

the Anglican ministry and go to King's College. But he had to leave school because of the death of his father and older brother. His first job was chipper in a piano factory.

In 1916 he joined the Nova Scotian Scout Council as district scout master. In 1917 he came to Montreal to become assistant superintendent of the Boys' Home in Montreal (established 1870) now Weredale House, through which opportunity he took a three-year course at McGill University which was the forerunner of the McGill School of Social Work. In 1920 he became director of the home as secretary manager which position he still holds. "I have seen the home grow from 30 to 160 boys," he said.

In 1942 to 1947 Mr. McAdam also directed the Boys' Farm and Training School at Shawbridge, Quebec, for delinquent boys. "About two boys a year don't adjust at Weredale and go to Shawbridge," said (Continued on Page 17)

Young PCs gird for action

An open meeting with two cabinet ministers, a membership drive and a blood drive are included on a list of 1958 fall and winter activities made public this week by the St. Antoine - Westmount Young Progressive Conservative Association.

In addition, Association executive members said this week, the group plans to hold its beer and oyster party and is hoping to sponsor a public debate with members of the local Young Liberal Association.

The meeting with two federal cabinet ministers is being held in conjunction with the Association's drive for membership and is to take place September 23 in Westmount Junior high school.

Honorable George Hees minister of transport and Honorable William Hamilton, postmaster-

general have indicated they will be present. Mr. Ross Webster, member of parliament for St. Antoine-Westmount will be present and will speak. Egan Chambers, St. Lawrence-St. George MP and Philippe Gelin, Montreal Young Conservative organizer are also to be at the September 23 meeting.

The meeting is being held in the middle of the membership drive which begins Monday and continues until the beginning or middle of October. During the drive some 3,000 printed pam-

phlets will be sent to "potential Conservatives" in St. Antoine-Westmount and other Montreal island ridings.

Brian Gallery, St. Antoine-Westmount YPC vice-president who is in charge of the membership drive committee said membership in the local Association has now reached 132 and he hopes this will be considerably increased after the drive.

Mr. Gallery said the drive is being held in five island ridings at the same time and members from each riding are working together to co-ordinate drive activities.

He said purpose of the YPC organizations is "to give young people a voice in politics and to give the msome idea of what the government does." He said too membership stimulates interest in politics at a time when politics play an important part in the lives of every citizen.

In announcing its fall and winter activities the Association executive said there are no definite dates set for some of the events but that these would be announced later.

Executive members also said it was hoped the beer and oyster party will be as successful as last year's when a very high

quarter of a mile under ground. Slides were shown of camp no 5, a center of construction from which nine miles of roadway were built to tidewater. It is six miles from the smelter to the townsite.

A series of four pictures showed the progress that has been made since the start of the townsite. This site was chosen as the only suitable one along the coast. The townsite now has a population of 13,000. It has the stores and super-markets and services common to other towns and an endeavour is made to maintain normal conditions and not to have it resemble a "company town."

Kitimat was chosen by the Aluminum Company because of the vast water power that can be developed. There is sufficient water to develop 1,250,000 horsepower.

In answer to questions as to the source of aluminum, Mr. Matthias explained that the bauxite is brought from South America. Bauxite contains about 50% aluminum oxide. Refined aluminum is about 50% of that again. The Kitimat plant has the same functions as the one at Arvida, but has a greater power potential. It takes 1,000,000 kilowatts to produce 10 lbs. of aluminum. A lot of the aluminum is shipped by boat down the west coast but the bulk is shipped by rail. There are no by-products in the manufacture of aluminum. The only salvage is material put back into production.

Mr. Matthias has had a colorful career. Receiving his C. E. degree in 1940, he taught engineering at the University of Wisconsin. He spent some time with the Tennessee Valley Authority on Power Planning and Construction. He held several posts in the U. S. army during the war, including officer-in-charge of construction of the Hanford Engineer Works, Manhattan District Atomic Bomb project as lieutenant colonel. In 1946 he went to Brazil with Brazilian Traction as project manager. He joined the Aluminum Company in February, 1952. For his military service he received the Distinguished Service Medal from the United States Army.

Wm. Wren, a charter member of the Rotary Club and Ex-Chief of the Westmount Fire Department was congratulated on his 86th birthday.

BUSY WEEK REPORTED BY FIRE DEPARTMENT

This has been a busy week for the Westmount Fire Department which has been kept on the run by minor calls. A broken sprinkler, a slight leak in a gas main, smoke from the back draft of a furnace, a flood in a basement, were responsible for some of the calls. Fire in the upholstering of a car at St. Catherine and Abbott streets, caused slight damage. The department is also still plagued by false alarms.

Scientists are certain that the Sahara Desert was fertile and well-populated until about 4000 years ago. Thousands of paintings and engravings discovered on cave walls in French Africa reveal the customs of people who lived in the desert when it was a garden spot.

ESTABLISHED 1922

Dr. Arthur S. Lamb paid last tribute

Dr. Arthur S. Lamb, former director of McGill University's department of physical education, died Sept. 4 at the age of 72, after a long illness. Funeral service was held Monday at the William Wray Chapel, University street.

Born in Ballarat, Victoria, Australia, he came to Canada in 1907, and served with the Canadian Army Medical Corps as captain from 1917 to 1919.

He is survived by his wife, the former Viola Bennetts, and two sons, Dr. Roland Lamb, of N.D.G., and Professor A. Bennetts Lamb of Manitoba.

Burial was in the field of Honor, Pointe Claire.

der Section 285 of the school law of the province which provides that every year during the month of September a census of the children domicile in the school municipality be taken.

Section 289 of the school law reads: "Every head of a family, tutor, curator or guardian who refuses to give the information — or who makes a false declaration — shall be liable to a fine of not less than five or more than twenty-five dollars."

Questions asked on the form include: Names, address, religion, number of children between the ages of five and seventeen years inclusive, sex, details of school attendance and evening courses.

Mr. Steeves, in urging that all householders comply with the law, points out that in cases where forms are not sent in, the commission is faced with the problem of sending census-takers around to the dwellings to pick up the necessary information.

In the past, between five and ten percent of the householders failed to return the forms, and this year superintendent Steeves is hoping for a much better record.

 VISITORS ARE CORDIALLY INVITED

Westmount Baptist

Worshippers flock to the churches the world over to meet the Master through the maze of ritual and tradition and go away disappointed if they have not felt the presence of the living God. Rev. E. J. Bailey of Westmount Baptist Church will preach on "Meet the Master" at the morning service and at night on the timely topic, "Happy Headlines". The church school meets at 11 a.m. each Sunday, the Young People's Society on Friday at 8 p.m., and the choir rehearsal under Galt McDermot Thursday at 8 p.m.

RABBI BERNARD BLOOMSTONE, M.A., who will be associated with Rabbi Dr. Harry J. Stern, in conducting the High Holy Day worship at Temple Emanu-El, beginning Sunday evening, September 14, New Year's Eve. Rabbi Bloomstone, a native Montreale and McGill University graduate, is an instructor of Hebrew at the Hebrew Union College-Institute of Religions, Cincinnati, Ohio.

1958 - V
 By
 The Venerable
 R. Kenneth Naylor, D.D.,
 Rector, Trinity Memorial Church

There is one article that any theologian would be glad to leave out I have tried to establish the normal basis of human living, the way in which a man — not merely a Christian — but any man — should conduct his life, in his relationships with the natural world, the world of man, and God. Yet the simple fact of the matter is that it does not work. I can well imagine any man treating the last three articles with supreme scorn — and all he would say would be — "It doesn't work." No, it doesn't, and that's the tragedy. There is nothing wrong with my argument so far, but I have left out one element, in the total situation, the fact of sin. Again I can imagine someone saying: "I knew he had something up his sleeve all the time. Why can't these theologians put all their cards on the table?" Well, here is the last one: there is the fact of sin.

When God created man he conferred on man His own likeness. He gave to man something or some degree of His own characteristics, and those characteristics included free-will. The higher animals, I believe, have a small degree of freedom. But man has a very much greater degree. I am aware that there are psychologists who deny our free-will, but I am quite sure that they act as though they were free.

Whether one thinks of man as emerging from the animal world, or whether one thinks of man as a special creation, there was the moment when man became aware of a difference between himself and the world around him. He was aware of a world from which he had to extract a living; he was also aware presently of other creatures like himself with whom he had to live; and he was also aware of a Power with which or with whom he was in some relationship. He knew that Power had a claim upon him. That claim is represented as a simple prohibition. There was one thing he was not to do. Then came the moral struggle — was he to obey and admit his dependence on God, or was he to disobey and try to make himself independent of God? He chose — of his own free-will — he chose disobedience and independence. But independence in God's house is rebellion, and a breaking down of the original relationship. Man elected disobedience and weight-ed the scale against the human

race. There has always been an inescapable tendency to disobedience, and disobedience is sin. It is against that background that we must study our problems. There has never been a human problem, a problem of the relationship of man with Nature, with man or with God, that has not been affected by the fact of sin.

St. Andrew's United Church

Rev. David Charles Searfoss, B.A., B.D., will preach his first sermon Sunday morning at the New Assistant Minister of St. Andrew's Church, Westmount, Mr. Searfoss has come to Montreal from Minneapolis, Minnesota, and is a graduate of Princeton Theological Seminary, Princeton, New Jersey. His sermon Sunday morning is entitled, "The Apology of St. Paul". Evening Services of Worship will be resumed Sunday evening (at 7.30 p.m.). The Service will be conducted by the Minister, Rev. D. M. Grant. Dr. Grant's sermon is entitled, "His Hands are Tied". Suitable music and anthems will be provided for both services by Mr. Eric Adams and St. Andrew's Choir.

Following the Evening Service there will be an informal reception in Hutchison Hall for Rev. Mr. Searfoss. Refreshments will be served and everyone will have an opportunity of meeting and welcoming the New Assistant Minister.

Christian Science

The recognition that true substance is spiritual brings individual growth and progress — this fact will be stressed at Christian Science services Sunday.

Bible readings in the Lesson-Sermon on "Substance" will include the following (1 John 2:15) "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him."

C. M. Goddard, accountant at the Westmount branch of the Canadian Bank of Commerce, has been transferred to the downtown Phillips Square branch.

Direct Lines to Montreal

As you like it

By LAURENT PRICE

The week after Labor Day may best be described, we feel, in the memorable words of the great James Durante: "There's been a lull in the joints." (That's not the exact line, but it's close enough.) First, mothers and other such responsible persons, arriving back to the city habitat, have during recent days carefully repaired or adjusted whatever damage father or older brothers unintentionally wrought during — what is laughingly referred to — as her summer vacation. Second, resort and summer cottage owners have carefully counted money, towels and other moveable objects; at the same time categorized various summer guests and families for future "shall we take them again" reference. Third, the restaurant and supper club owners have spent the short period figuring how much money to spend on advertising; what acts to book for the fall season; dreaming up new gimmicks to attract the local trade; and chefs have planned, it is assumed, new and delectable menu items. As this bit goes to publication all things should be resolved and back to normal. AND, we hope nothing strange or startling has developed in China or thereabouts. It is our sincere hope, too, that this department will be able to supply intelligently reportage on the over all resort and restaurant scene to Examiner, Monitor and Guardian readers. This should please the publishers, too.

People and Places

Jack Watmore the nimble-singing and piano-playing Scot at the beautiful Far Hills Inn, Val Morin Station.

Charming Betty Gall, who manages Manley Bourke's smart Far Hills Inn at Val Morin Station, justifiably proud and loquacious about the new paved road leading to the lodge . . . Jack Watmore in the Kelly San Bar at the same place doesn't need any direction on the subject of piano playing or choice of tunes. At Franconia, New Hampshire, chef Eugene Guilmond of the Horse and Hound Inn, still receiving plaudits on the luncheon job he did for the

state's governor atop Mt. Cannon. Being a frustrated piano player all our life (sounds funny in the plural doesn't it, Mr. Editor.) we have to recommend Ben Grange at the famille Cuttle's Tremblant Club's cocktail lounge. Mr. and Mrs. Randolph (Babe) Casgrain dining at the Sepchuk family's Quidi Vidi Restaurant on the Ste. Marguerite road at Ste. Adele. Mrs. Rita La Ferme of Senneville journeying to town with a group of her fascinating relatives for La Fontaine de Trevi's spaghetti. Bill Rickey of ABC studios fast becoming what is termed an ace photographer . . . come to think of it he's one already. Commentary by Brian Cahill on the CEC production about Montreal hotels Friday night first class. Don't know how it happened or why we slipped into the tv section, except that we were in the Chantecler at Ste. Adele the same evening looking at the shows. The mere fact that we were in a resort justifies the words. So we'll add a few more pearls. To wit: Without taking anything from Percy Rodriguez's performance in Charles Cohen's excellent tv play "Trio" the same evening, the very, very professional work of Alan Miller and Phyllis Carter stood out. If you looked fast, Frank Heron, who doubles as restaurateur Tomasso's tub thumper, did a creditable job, too. Next week East Lynne and reviews of Chez Terzi, and Nymarks in the Laurentians; Lovett's and Mittersill's in Franconia; and a couple of restaurants in town. Can you wait without hanging by your heels?

Mr. and Mrs. Rene Gauthier of Montreal at the Chantecler, Ste. Adele.

RUDY VALLEE OPENING AT LEON JEANOTTE'S FAISAN BLEU AT ST. MARTIN MONDAY.

Credited with being the first authentic crooner, and the forerunner of the Crosby-Sinatra-Como type singer, Rudy Vallee has stood the test of time and the fair sex of all age brackets on their respective heads since the late twenties.

Hubert Prior Vallee, to give the star full legal name treatment, was born in Island Pond, Vermont of French Canadian parents.

After a brief stint in the U.S. Navy during World War I (he also served in the Coast Guard in the last one) Vallee studied at the University of Maine, and later enrolled in the class of 1927 at Yale.

The crooning saxophonist, who was later to become known in various Tin Pan Alley circles as the "megaphone or vagabond lover" formed his famous Connecticut Yankee band in 1928, and after touring the coffee and doughnut circuit arrived at New York's Heigh-Ho Club, which inspired his familiar opening salute.

Moving to the Villa Vallee, a carriage trade Manhattan spot especially designed as a personal showcase, Rudy also made his radio debut which was to be fantastically successful. The first to introduce guest performers regularly, many of the current show business greats owe their start to his discriminating and knowledgeable taste in talent.

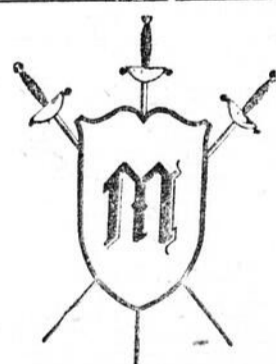

Stage and screen appearances followed, and record breaking disc sales.

Ever youthful in appearance, Rudy Vallee belies his fifty odd years, and has as much appeal today as ever. —L. P.

National Council Jewish Women sample 15 courses of Roman meals

First the Feast and then the fashion show, this was the schedule for the Montreal Section of the National Council of Jewish Women meeting held aboard the SS Homeric on September 4. This event was convened by Mrs. A. Rittenberg, 400 Kensington avenue.

A fifteen course Roman feast from the famed cuisines of the liner, accompanied by imported wines was followed by a parade of the newest fashion collections from Montreal salons.

The Homeric orchestra rendered a background of Italian airs throughout the luncheon and fashion showing.

In this pleasurable way substantial funds were raised to support the expanding community projects that lie ahead for Council in the coming year.

President of the Council for the forthcoming year is Mrs. Philip Vineberg, 637 7Murray Hill.

Among the Council's community projects are the following: **THREE GOLDEN AGE CLUBS**

The first Golden Age Club in Canada under the auspices of the National Council of Jewish Women was opened in Montreal in 1951 with the co-operation of

the YM, YWHA. From a club of eight aging men and women, the present membership has grown to an attendance of over 900 per month. In conjunction with Shaare Zion Sisterhood, another Golden Age Club, known as the Friendly Club, was organized in 1952. Today there are close to 100 members in this group. The newest Club for Senior Citizens was launched on June 2, 1958 under the joint auspices of Council and the Sisterhood of the Spanish and Portuguese Synagogue.

THRIFT SHOP

The Thrift Shop, located on Sherbrooke street, went into business in 1949 and had become the financial mainstay of the Montreal section. One of the principal of the Thrift Shop is that members give of their merchandise and obtain gifts from others for sale.

Scholarships: One of the oldest and most continuous projects is the Scholarship Fund for college students which was created in 1932. About 50 students each year receive either awards, bursaries or loans totalling almost \$5,000. These scholarships are granted to students on a non-sectarian basis towards the payment of their tuition fees.

Children's Library: The first free non-sectarian library for children was opened in 1945. Over 6,000 books are available, and more than 100 children come to the library every afternoon. Close to 3,000 boys and girls between the ages of 3 and 16 years are registered members.

Ship-A-Box: Council's "Ship-a-Box" program began in Europe after the war. Members sent parcels to youngsters starved for school and play materials and clothing. When the Iron Curtain rang down on many of the East European countries, and as Western Europe began its recovery,

The Plains of Peace

Above the city's clang,
Its endless noise and strife,
Above all petty grief and fear
Of this discordant life,
There is a peaceful realm,
Our paths were meant to trace,
As stars that march across the sky,
In their appointed place.
Could we but see, with faith's true sight,
Might we not mirror their true light?

IODE announces bursary winners

Of interest to all local members of the Imperial Order Daughters of the Empire is the announcement from Mrs. R. E. Bradley, provincial publicity convener, that Phyllis Carolyn Wells of Sherbrooke has been the successful Province of Quebec applicant to be awarded an IODE Second War Memorial Bursary for study in a Canadian University. Miss Wells is a graduate of Sherbrooke High School who intends to continue her studies at Bishop's University.

Twenty such bursaries, each valued at \$1,600 were awarded in Canada this year. They are one of the most important projects of all chapters and local units do much towards providing the funds for them. They are given to the "sons and daughters who are resident in Canada whose father (or mother) served in His Majesty's forces (Navy, Army, Airforce or Merchant Navy) during World War II and who during such service or as a result of such service suffered death or permanent and serious disability".

Each year graduating students across Canada who fit the above classification and who have obtained a high academic standing upon graduation from high school are invited to apply, through their school principals, for these Second War Memorial Bursaries. The Second War Memorial Fund was raised by the IO DE members throughout Canada during the War as a practical tribute to the Canadian men and women who gave their lives in defence of freedom.

Mrs. A. K. Richardson, Na-

tional President, has announced the names of the other recipients of 1958 Second War Memorial Bursaries, as follows: British Columbia, Marilyn F. Treleven, William H. White, Sandra J. Frisby; Alberta, John L. Bishop, Richard D. Tingle, Loretta A. Payne; Saskatchewan, Shirley A. McIlvenna, Ian F. Blake; Manitoba, Judith Cox; Ontario, Lillias M. Worling, John Gell; New Brunswick, Sharon E. Green, Harry D. Campbell, Thomas L. Pollock; Nova Scotia, Frederick W. J. Bowdridge; Nova Scotia, Maurice Dahr, Elsa P. Bacon; Prince Edward Island, Paul E. Batchilder.

This week and next — Unity Boys' Club

(Continued from Page 2)

other season the Boys' Club is in need of volunteer assistance. Like other Clubs throughout Canada and the United States, the Unity Boys' Club cannot carry on or increase its activities unless volunteer leadership is available.

CRAFTS, TOO

It was pointed out that instructors were needed in Crafts of all kinds, such as leatherwork, plastics, woodwork while others were needed for special hobby groups, such as, stamp collecting, model aircraft and sewing and knitting classes for girls.

In addition to this, the Club is hoping to gain leaders in dramatics, team coaches in basketball and hockey and also as games room attendants. With regard to hockey for the forthcoming season, it is expected that the Club will enter teams in the QAHA thus requiring experienced hockey coaches.

In outlining the requirements necessary for volunteer service, all applicants are advised that on being accepted each volunteer would receive an adult membership on a complimentary basis, providing they would teach a class, group or individual at least once a week for at least a two hour class. In addition to this the volunteer must keep an accurate record of the group attendance and show an interest in other activities of the Club as well as those of his particular group.

The securing of personnel for teaching various activities being the main problem of the Club at the moment, the Club Director Mr. Mariasine is appealing to the citizens of Westmount and St. Henry to offer their services so that collectively we might help the youth of our community keep occupied during their leisure hours.

Anyone interested in this fine work should contact the Unity Boys' Club, 1090 Green avenue or phone for an appointment with Mr. Mariasine at WE 2-5506.

STAFF NOTES

It was announced this week by Mr. Mariasine that the full time staff for the forthcoming season is complete—and this year with an additional full time worker. Pat Kearney, who this past summer assisted with the Summer Program has been retained and has been appointed as the Club's Physical Director. Mr. Kearney hails from the West having been employed in Dauphin, Manitoba as Athletic Director and in a similar capacity at the Winnipeg YMCA.

Program Supervisor, Ron Harvard in his third year at the Club is back and Crystal Cunningham, last year's Girls' Work Supervisor who recently returned from Europe will resume her duties in the same capacity. Victoria Cunningham continues as Club Secretary and Michael Cooney also continues his third year as Caretaker. Mrs. Cooney will replace Matthew "Pop" Coleman in the Snack Bar. Mr. Coleman retired last June.

It looks like a big year for Unity, this of course providing that sufficient volunteers come forward to render service. The Club is particularly anxious for all former volunteers to resume their services.

CLUB NOTES

All basketball players have a surprise in store for them. The Gym floor has been tiled and gives every indication of an excellent playing surface.

A big basketball program has been planned. It is expected that teams in the following categories will be organized: Biddy, bantam, midget, juvenile, junior and senior for boys. And for the girls, teams in Biddy, Midget, Juvenile and senior will also be formed.

In hockey as mentioned earlier, the Club will compete with other City League teams via the QAHA.

A Gymnastic Instructor has been secured and it is expected that the gymnasts will conduct a period a week in the Gym.

Fred Pennell's Talent Club commences operation on Tuesday, September 16 at 7 p. m. Auditions for new talent will be held. The Unity Cuties begin rehearsals at the same time.

Mona O'Briens' Baton Twirling Group, the Majorettes will also return to the regular weekly routine.

The Movies will have September 25 as the opening date this year. Herbert Davies and Lorne Barnwell return for their eighth consecutive year.

Nearly 200 boys and girls have renewed their memberships to date.

Major and Mrs. Ian Morgan head St. John drive here

Canvassing began in the City of Westmount this week for the St. John Ambulance's annual appeal for funds. Co-chairmen of the appeal in Westmount are Maj. and Mrs. Ian Morgan.

The organization seeks \$250,000 to finance its vital first aid and home nursing work in Montreal and the rest of the province for the coming year. St. John Ambulance Brigade members are all volunteers, who receive no pay for their services. But funds are needed to buy medical supplies maintain ambulances and finance vital instructional and administrative work.

In a statement marking the opening of the campaign, Maj. Morgan pointed out that although St. John is entirely supported by public donations, it is a service body, rather than a charity. Its members stand by wherever there is a chance of people being injured, ready to give skilled first aid assistance.

In addition, St. John Ambulance runs many free first aid and home nursing courses for the public, and each spring conducts "Save-a-Life Week" to warn the public of the hazards of swimming and boating and to train as many people as possible in the technique of artificial respiration.

"Demands being made on St. John Ambulance this year are running higher than ever," said Maj. Morgan. "Also, more people than ever are attending our first aid and nursing classes. It is to be hoped that Westmounters will rally round to enable these increased demands to be met in the same way that St. John has always met its responsibilities during the many centuries since it was founded."

Mr. McAdam who stressed that 90 per cent of the youngsters in trouble or in training schools are products of broken homes. "It all starts in the home," he said. "Sometimes parents aren't to blame. I'd say the percentage is the remaining ten per cent and we put it down to heredity when psychiatric treatment fails to show the cause."

Always busy

Mr. McAdam, a bachelor, a non-smoker, non-drinker, who lives on the job, says he has been too busy raising other peoples' children to marry and raise his own. "On the whole it has been a happy experience," he said. "There are lots of disappointments but it is amazing how many men whom we have thought would not amount to much have succeeded. When I visit boys' clubs around the country I have many reunions with old boys from Weredale. Only recently I spied seven old boys in the audience at the Vancouver Boys' Club Association."

Mr. McAdam is president of the Rotary Club of Montreal with a membership of 400. He is a 32nd degree Mason, former vice-president of the Boys' Club Professional Association

Dr. H. Guilbert opens hospital on Decarie

How big is a small animal?

"A very big dog" . . . perhaps a 200 lb. St. Bernard . . . "is the biggest of the small animals," according to Dr. H. Guilbert, DVM, proprietor of the newly opened Montreal Small Animal Hospital at 6400 Decarie. And a "very big dog" is about the biggest animal that Dr. Guilbert will accept at his hospital which is equipped to handle 145 "small animals" from turtles, budgies, canaries and cats to all types of dogs.

and a charter member of the Canadian Association of Social Workers.

He built the first summer camp for underprivileged boys in 1918, then known as "Camp Boy" at Lac Masson. This became Camp Lewis the following year named in memory of Major John Lewis who was killed in action. Camp Lewis was given by Weredale House to the Montreal Boys' Association when Camp Weredale was established in 1934.

Mr. McAdam has high praise for his executive staff which has been with him for years. Second in command is Mrs. Mary Craig, beloved house mother of Weredale House since 1918 when she joined as a volunteer in the flu epidemic in 1918. Mr. McAdam's able assistant for 25 years has been George Bruggman and camp director for the past 24 years has been Norman J. Kneeland, vice-rector of the Montreal High School. "They are the backbone of Weredale," said Mr. McAdam.

Built especially for small animals, the Montreal hospital contains an examination and X-ray room, four kennel rooms, a drug room and lab room, a surgery room and facilities for clipping and bathing small animals. There is an isolation room for contagious cases, Dr. Guilbert said, and facilities for analyzing illnesses.

The hospital is also equipped to board small animals. Open weekdays from 10-12 a.m., 2-5 p.m. and 7-8 p.m., the hospital is open Saturdays from 10-12 a.m. and 2-7 p.m. and Sundays from 3-4 p.m.

Dr. Guilbert, who graduated from the Ontario Veterinary College at Guelph in 1952, has recently returned from Boston where he studied for five months at the Angell Memorial Animal Hospital, the largest small animal hospital in the world.

While a student at Guelph, Dr. Guilbert won a gold medal in 1952 as the best graduating veterinary from OVC, the Rosafe award for cattle diseases and the Montreal SPCA award in 1950 as the best Quebec student at OVC.

Star gazing in Westmount Sept. 18

Astronomical addicts and even the mildly curious are invited to peep at the stars through powerful telescopes Thursday, Sept. 18th, at 8 p.m. at Westmount park, during the twelfth annual Star Night being presented by

the Royal Astronomical Society of Canada.

Six different types of celestial objects have been selected for observation: a satellite, a planet, a double star, an open star cluster, a globular cluster and an external galaxy.

Following the observation period, an illustrated talk on "The Planet Saturn" will be given by Frank J. DeKinder, and two movies will be shown: "A is for Atom" and "The Solar Family". A question and answer period will be conducted by Dr. Henry F. Hall, principal of Sir George Williams College, where the audience will be given the opportunity of handing in written questions which will be answered from the platform.

The entire program is free of charge.

Dr. E. F. Crutchlow brings new news of athletic aid

Dr. E. F. Crutchlow, local resident and consultant physician to the athletic department of McGill University is working on a plan that may soon develop a new lightweight mouthpiece to prevent certain facial injuries for athletes engaged in heavy sports.

Dr. Crutchlow has recommended the device, which is now being perfected in Texas and is not yet available in this country. He heard of it recently while attending a conference on the prevention and management of athletic injuries at the University of Colorado in Denver. The sessions were attended by orthopaedic surgeons, trainers and athletics doctors.

Also introduced at the conference was a new-type helmet developed at Cornell University. The mouthpiece which Dr. Crutchlow believes will cut down certain injuries, is softened in hot water and then moulded to fit the individual player's mouth.

The conference sessions also stressed the advisability of more attention to the possibility of injuries in sports at the high school level; ruled against the use of the trampoline — a canvas stretched between steel posts for bouncing and somersaulting — because of the high injury rate; and urged a complete checkup for athletes who had suffered any illness before they are allowed to participate again in active sports.

H. Fowlis, Molson golf cup winner

Harry Fowlis of Massawippi won the top professional prize in the Eastern Townships Open Golf Championship at the Sherbrooke Golf Club but a Class A amateur had the lowest score.

In a field of 71 professionals, Gerry Bernier of East Angus fired a one under par 70 to set the pace.

Fowlis won the Molson's Trophy and \$400 prize money. Allan Johnston of Kanawaki was second with a 73. At 74 were six pros. They were Jim Westwell, Roland Brault, Roland Huot,

Rodolphe Huot, Jack Archer and Joe Leblanc.

Class A net winner was Dr. M. Hicks of Sherbrooke with 69. In Class B, Jack Houston of St. Hyacinthe was gross winner with 80. F. Delisle of Sherbrooke won the net award.

Class C honors went to P. Doucet of Windsor Mills and N. Darche of Sherbrooke.

Barbs, Wanderers score wins in opening rugby league tilts

THE opening day of the Quebec Rugby League schedule saw six of the nine teams in action playing in the rain and mud, unusual conditions for the first day of the fall season often featured by hard grounds and warm sunshine.

Last year's champions, Montreal Barbarians showed much of their vaunted power as they blanked a new entry in the league, Canadair, 23-0 at the West Hill High School grounds. Despite the adverse conditions the champs, obviously intent on another title, gave the ball lots of air and several of their seven tries came after many players had handled the greasy ball.

In this week's Quebec Rugby league action, Wanderers looking for upset number two tangle with the Barbarians at West Hill High School.

We have picked them—how do you?

THEY say it is crazy to bet on any kind of a game of sport, and more so in football, but everywhere sportsmen gather, the talk is football, and the boys in our pant from top brass to office boy are no different.

Most of the boys are Alouettes supporters, and so on the usual Monday morning they do their mourning or groaning, it depends on the game or the score.

So was started a little guessing game of "who are you picking this week".

Of the eight games played in the Big Four (we were out of town for two of them, week of Aug. 22) we have managed to pick five winners of the six games. We missed when we called Ottawa to beat Montreal but the latter won 11-9.

For the coming weekend our choice is: Hamilton over Ottawa in the game that will be played in United States and Montreal over Toronto.

Good scores at Hampstead tourney

Judy Darling of Whitlock and Janet McWha of Country Club won the CLGU two-ball foursome at the Hampstead Golf Club with a 42-40-82.

Other gross winners were: Mrs. G. Petterson, Kanawaki, Mrs. Graeme Pyke, Whitlock, 45-39-84; Mrs. A. B. Darling, Miss Mary Darling, Whitlock 46-42-88; Mrs. Robert Lyle, Mrs. H. L. Mussells, Kanawaki 43-45-88; Mrs. D. Cross, Mrs. W. Kerr, Beaconsfield 45-45-90; Miss J. Gossage, LaSalle, Mrs. R. Pilon, St. Jean 47-43-90; Mrs. R. Staniforth, Kanawaki, Mrs. J. Dodds, Elm Ridge 48-42-92.

Marlborough Dubiel shoots 66 round

Henry Dubiel of Marlborough shot a four-under-par 66 to lead assistant golf professionals at the St. Hyacinthe Golf Club.

The assistant pros were trying for places in the Professional Match Play Championship at St. Hyacinthe Sept. 12-13-14 for the O'Keefe Trophy. Eighteen qualified.

Dubiel had nines of 33 on the 34-36-70 layout.

Four shots back of the leader was John Davies of Beaconsfield with 36-34-70.

Raoul Roy of Beloeil started like a house on fire with a 31 but could do no better than 41 on the back side for a 72.

St. Hubert and the Irish who were idle last week have their first action of the new season. The Irish host the surprising Ottawa side at Northmount High School while the Air Force boys go to the Town of Mount Royal. Canadair entertain the winless Westmount team at Barre Park, Saint Laurent.

WESTMOUNT LOSES

In another game Wanderers were carving an upset out of their match against the Westmount team who finished runners-up for provincial honors last fall. The Wanderers' pack laid the foundation for the win with a fine display against the heavier Westie forwards who seemed to bog down in the heavy footing while the lighter Wanderers were on the loose ball continually.

John Davis vaulted the home side into a quick lead as he kicked a penalty goal from under the posts in the second minute. Continued pressure by the Wanderers brought its reward as Robin Rugg tallied a try following a loose scrum near the line.

Westmount started the second half with many attacks which the fine Wanderers defence were able to stop. However, 15 minutes from the end a neat 20-yard drop goal by stand-off Alister Wittet reduced the margin to 6-3.

This spurred the Wanderers on to greater efforts and John Davis after missing an easy kick booted over a much more difficult penalty award for a 9-3 lead.

The upset team put the game right out of reach as poor defence by the Westies allowed Roy Tanner to go over for a try, John Davis rounded out a fine kicking display by converting from far out.

The Wanderers adapted themselves to the conditions much better than their opponents and kept the ball in the forwards throughout the game while the backs were superb in defence snuffing out any threats from the powerful Westmount back-line.

Ray Smith at hooker and pack leader was the inspiration behind the fine display by the pack. John Davis, besides adding the scoring punch with his kicking was prominent all through the piece with Roy Tanner and Dick Johnson in fine form in the back row of the scrum.

EARLY LEAD

Bertie McConnell, the veteran hooker had the honor of scoring the first try for his club following loose play near the visitor's line. Two more touchdowns were added before the interval as Cliff Davidson counted a typical score after a corkscrew run, Jim Kennedy added the other.

The Barbs turned round leading 9-0 and additional pressure in the second stanza brought four more major scores. Speedy Freddie Foster went over in the corner right at the start of the second half.

O'Keefe final golf on weekend

Pairings and starting times have been announced for the \$4,500 O'Keefe Trophy Match Play Championship to be held at the St. Hyacinthe Golf Club Friday, Saturday and Sunday.

The tourney, Quebec's biggest money event and one of Canada's two major match play competitions, is open to the pros having competed in two of four O'Keefe preliminary events this summer and to the assistant pros who qualified in a special tournament last Friday.

A field of 64, playing by twosomes, will play an 18-hole round Friday morning. Only 32 will be left to play the second round, to start at 12:30 p.m.

First to tee-off at 8 a.m. will be veteran Jules Huot, pro, Laval, and young George Arnold, pro, Sorel.

Saturday morning, 16 will play the first round, to start at 9:15 a.m., with only eight left for the second round, starting at 2:15 p.m. Sunday morning four players will fight it out on the 6,015 yard course, with the two best to play again in the afternoon.

Four teams split cricket honors as schedule closes

The two clubs who won the Montreal Cricket league "A" and "B" division crowns did not win league cups. Adastrians won the Davidson and West Indians captured the Rubenstein cup offered to the second division team.

The titles this year were won by Rolls Royce in the "B" and West Indians for the "A".

The Adastrians, who scored 325 runs two weeks ago in the Davidson cup match, beat out the second half of the match Westmount, who scored 273 in the second half of the match played last Sunday.

In winning their title Rolls crew drew with Westmount in their last league game and West Indians defeated Adastrians.

Four wickets had fallen for 146. The fifth went down for 165, with B. Creber being run out for six. A sixth wicket stand of 42 brought the score to 207 with P. Chappell making 33.

With Lawless making no mistakes and hitting loose and free Westmount hopes rose. They believed they had a fighting chance. Hopes fell when Eric Branker was run out for two and Rilstone retired H. Hollands for one, and eight were down for 243.

The Adastrians took the new ball and Rennie was successful in taking the wickets of George Duncan and N. Stanford to close the innings at 273 with Lawless undefeated with 121.

The big feature for the Westmount team was Dave Lawless who batted 121 runs not out.

In the Davidson Cup match Saturday Westmount opened its innings with Dick Groal and Vere Lewis facing the bowling of Ian Rennie and Ted Farnan. Mel Rilstone quickly relieved Rennie and in his first four overs dismissed Groal for 10 and Lewis for 21.

Two wickets had fallen for 38, and the third went down at 43 when Rilstone bowled Dick Cro-

ney for two. Farnan was bowling exceptionally well, delivering six overs for eight runs and a little unfortunate in not being able to secure a wicket.

Lawless and Ken Branker were on top of the bowling at the luncheon adjournment and carried the score to 11 without further loss.

On resumption they soon settled down and together shared in a partnership of 103 when Branker was bowled by Rilstone for a chanceless 53.
