GREAT FIRE IN CONSTANTINOPLE.

More Than 2000 Buildings Destroyed

WOODEN HOUSES PROVED AN EASY PREY FOR THE FLAMES.

Constantinople, Aug. 24.—(Special.)—A fire which broke out in Stamboul quarter of Constantinople yesterday was extinguished at midnight.

Houses in this quarter were mostly built of wood and proved an easy prey for the flames carried by a high wind.

It is estimated that more than 2000 buildings were destroyed.

SIX MONTHS IS THE SENTENCE.

Both Sillitoe and Moisan Serving Term.

DEPRIVED RICHMOND MAN OF HIS WATCH AND ROBBED HIM OF HIS TROUSERS.

Jos. Sillitoe, who was committed for trial on a charge of stealing a watch, a sum of money, a pair of pants and other articles from one Abercromby, of Richmond, appeared before Judge Mulvena this morning, having made option for a speedy trial. The return of High Constable Moe showed that the original complainant could not be found and the other witnesses for the prosecution were examined. The prisoner, Moison, who is now serving a term of six months in connection with the same offence, gave evidence against the accused. The accused also gave evidence and tried to explain how he came into possession of the trousers and tobacco pouch found in his possession, and denied the statement of Moison that he Stilletoe, had given Moison the watch on the morning following the robbery. The Court found the accused guilty and in view of the fact that it was his first serious offence sentenced the accused to six months at hard labor.

It will be remembered that some weeks ago the complainant in this case on awaking in the morning found that his trousers had been changed and his watch, etc., stolen.

His companions of the night before were looked up, arrested and as stated above have been convicted and sentenced.

NOT CARUSO'S WIFE.

MILAN SAYS WOMAN WHO LEFT SINGER HAD NEVER MARRIED HIM.

Milan, Aug. 24.—What is said to be the inside history of the domestic troubles o Caruso is told here as follows:

The woman whose shortcomings Caruso affects to deplore was not his wife but a beautiful singer who years ago left home and husband. Caruso bought for her a beautiful villa near Florence. Last winter the husband threatened divorce proceedings, so Caruso and his innamorata planned to take up American citizenship in order to allow the latter to obtain a divorce and marry the tenor.

When the opera season finished in New York Caruso went on tour and the woman went to London. There the tenor was to rejoin her later. However, she fell madly in love with the tenor's chauffeur, but when Caruso arrived in London for the opera season she went to live with him.

Caruso was at that time negotiating for the purchase of a beautiful place at Nice. Caruso had to remain in London for private concerts, and the woman went to the Florentine villa; but soon afterwards fled with the chauffeur to Nice, taking with her jewelry to the value of $160,000.

Caruso went post haste after the fugitive. He obtained possession of his two sons, but failed in his efforts to induce the woman to abandon the chauffeur.

It is said that Caruso, in his despair, appealed to the legitimate husband of the woman, asking him to intervene his conjugal authority and convince the wife that she had gone too far in preferring an obscure chauffeur to the celebrated singer.

Advices from Rome add a piquant touch to the tale, which recalls an episode in Daudet's "Femmes d'Artists." It is that the woman, whose name is Gilda Giachetti, was actually kidnapped by her own husband, who for several months had been a member of the Caruso household disguised as a chauffeur.

STEAMER GOES TO BOTTOM.

FORTY PERSONS BELIEVED TO HAVE PERISHED IN NORWEGIAN WRECK.

Bergen, Norway, August 24. — The Norwegian steamer Foigefonden, on the west coast of Norway, was wrecked Saturday night near Skoneviks and sank in three minutes. The steamer carried 70 passengers and it is believed that 40 of them were drowned. Fifteen bodies have been recovered. The captain of the steamer was among those saved.

Mr. and Mrs. Arthur Dorey, who have spent the holidays in England, returned to Canada on the S.S. Cassandra, of the Donaldson Line.

IZZET PASHA IN ENGLAND.

His Return to Country He Once Ruled Impossible

DENIES HIS IDENTITY TO KIAMIL BEY.

London, August 24.—Izzet Pasha, the Macchiavelli of Turkey, proposes to escape the vengeance of his enemies as well as to conceal his identity while living in a comfortable suite in a well known London hotel. This, too, despite a startling espionage. On the first evening of his arrival he ventured into the hotel restaurant, and, as luck would have it, he was placed at a table adjoining one where Ismail Kaimil Bey, who fled from Constantinople ten years ago to save his life and has since been an exile in London was dining. Kaimil stared astonishment at his neighbor and the recognition was mutual. Kiamil accosted Izzett and they shook hands, but the Sultan's ex-favorite was so demoralized by the unexpected encounter that he denied his ideotity and Kiamil apologized and withdrew.

He arrived here with only one attendant, but he has plenty of this world's goods. His account of events at the culmination of the revolutionary crisis is unsatisfactory. Izzet represents the Sultan and himself as sincerely sympathetic with Liberal ideas and constitutional government, an averment too childishly mendacious for serious consideration. One does not converse five minutes with this dark, alert, little man without realizing his intense cleverness, not to say cunning. Moreover, there is nothing in his manner to indicate that he is one of the greatest scoundrels of the modern world. He is an entertaining companion, full of good spirits and the bonhomme of the accomplished man of the world. Yet for ten years he was the real ruler of Turkey and he ruled solely for what there was in it for himself. No ambassador could see the Sultan, no foreigner could obtain a concession except through Izzet.

The officials of the International Brotherhood of Carpenters and Joiners as well as the members of the Montreal Trades and Labor Council, are up in arms against the doctor. His statements will be attacked in his own town in a few days, and it is understood other enemies of organized labor in the Gouin Government will also be brought to book by the labor leaders."

COLE BROS. CIRCUS IN VERMONT.

ONE PARTY LOST $1,500, BUT RECOVERED $900.

Patrick C. Berry, of St. Albans, Vt., who was buncoed out of $1,500 while attending the Cole Bros. circus, that exhibited there recently, has received $900 in payment of the release of the attachment on the circus property that was served late that day. The suit against the circus company was under the special statute which provides that money paid in a game of chance can be recovered if suit is brought within 30 days. Cole Brothers claim that they were not responsible but paid the money rather than spend the time to fight the case. The circus train and the large tent on the Central Vermont railroad was trusteed, tieing up the circus here temporarily.

A Vermont paper says: "Mr. and Mrs. G. B. Andrews and Mr. and Mrs. C. L. Slack, of Northfield, were the victims of an accident in East Montpelier on the 16th, caused by a large touring car from New York. The latter was behind the smaller Northfield machine, and its occupants complained because the Vermonters did not hurry faster and give room for them to pass. As soon as the road permitted, Mr. Andrews started to turn out and then the big car bumped in and threw the four from their machine. Two were slightly injured. At St. Johnsbury an effort was made to secure damages from the New Yorkers, but without success, and the road hogs proceeded to the White Mountains.

BROME COUNTY HISTORICAL SOCIETY.

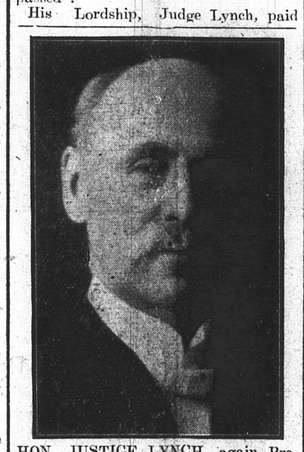

Annual Meeting Was Held on Saturday.

OFFICERS RE-ELECTED — WILL HOLD OLD BOY'S RE-UNION IN 1909.

Knowlton, August 24th.—(Special)—The annual meeting of the Brome Co. Historical Society, which was organized in 1897, eleven years ago, was held Saturday, Hon. Judge Lynch presiding. Among those present were Sir Melbourne Tait, George G. Foster, K. C., Mayor E. Fleury, D. Cousens, Mrs. D. Cousens, Mrs. Mitzener, R. N. England and Mrs. England, Judge and Mrs. Foster, Mrs. R. P. James Carmichael, Lester Ball, who lives in New York City, but who has always attended the annual meeting, though 93 years of age, having beenborn in 1815. Others were also present.

A resolution of condolence with the family of the late Cyrus Thomas was passed.

His Lordship, Judge Lynch, paid

HON. JUSTICE LYNCH, again President Brome County Historical Society.

a tribute to the faithful work of the Secretary, the Rev. E. M. Taylor, and the Curator, Miss Helen E. Taylor. Judge Foster made an earnest appeal for the retention of office by Judge Lynch and Mr. Taylor and they consented to continue. The officers were then re-elected. Mr. Bedee, as auditor, reported the accounts correct. There is a small debt against the property. Mr. G. G. Foster made a pithy speech in which he nominated a committee and promised that the debt should be extinguished before the next annual meeting.

Mr. Rufus W. England was elected secretary of the woman's committee, in place of Miss Helen E. Taylor, who has removed to Montreal. The society took steps to unite with the Dominion society. As no definite action had been taken during the year to get up the "Old Boys' Re-union of the Knowlton Academy," on motion of Mr. G. G. Foster, the following committee was appointed: L. E. Martin Chicago, President, G. G. Foster, vice-President, H. S. Williams, Secretary-R. N. England, Treasurer.

The company spent some time at the close of the meeting viewing the relics in the museum.

The large circular bed of flowers in front of the door of the Historical Building is particularly attractive at the present time.

MAY REMOVE REMAINS TO ELMWOOD CEMETERY.

Proposal Regarding Belvidere St. Burying Ground.

OLD CEMETERY NO LONGER SUITABLE AS RESTING PLACE FOR THE DEAD.

It is understood that a movement is on foot to bring about the removal of the remains of those buried in the old cemetery, Belvedere St., to the more peaceful shades of Elmwood Cemetery.

The Belvidere St., locality is fast becoming a manufacturing centre and, therefore, with each added industry more unsuitable as a locality for a burying ground of the dead.

There are some difficulties in the way of the carrying out of the proposal. The lots in the old cemetery were sold outright to individuals, many of these are since dead and others have moved away and cannot be located. The proposal, as outlined, however, cannot fail to meet the approval of any who have relatives resting in the old burying ground. The proposal is to buy a block of land in Elmwood Cemetery and to remove the remains to that attractive spot. Those having lots in the old cemetery would be at no expense or trouble. Lots at Elmwood of the size of those surrendered would be provided, the remains removed and interred in the new lots, the gravestones removed and re-set, and provision made for permanent maintenance.

It is understood that the plan in this connection has been already considerably advanced.

The City Council, however, would probably have to be the actual mediator in the matter and actually undertake the execution of the proposal.

Finally an act of Parliament would be required before the old cemetery could be formally transferred and deeded for other purposes, as it is not possible to reach the owners of the lots.

Many of those owning lots in the old cemetery are actually supporting the proposal, appreciating the superior attractiveness of Elmwood Cemetery as a resting place for Sherbrooke's early dead.

COLOR LINE DRAWN.

C.P.R. TELEGRAPH OPERATORS QUIT WORK RATHER THAN ACCEPT COLORED CHIEF.

Montreal, August 24.—In the Canadian Pacific Telegraph offices on Saturday afternoon some operators failed to show up for business as a result of the introduction of the color line where it does not belong. It is not expected that the trouble will spread, or that it will amount to anything except loss of employment for the men who objected.

The trouble originated from the promotion of a telegrapher named Medley to be assistant traffic chief. Medley is a West Indian and has negro blood in his veins. He has been in the employ of the C.P.R. for nearly twenty years, and his complexion has not been found any drawback to the manner in which he did his duty. As a result he, being next in seniority for promotion, was made assistant traffic chief when a vacancy occurred.

The promotion, however, was not viewed with favor by other telegraphers, some of whom objected to working under a colored man, even though his "color was not very pronounced.

TRIAL OF HAINS BROTHERS.

WILL NOT BEGIN BEFORE MIDDLE OF NOVEMBER.

New York, August 24.—All hope of bringing the Hains brothers to a speedy trial for the killing of Wm. E. Annis has been given up by District Attorney Darrin, of Queen's County. John F. McIntyre, chief counsel for the defence, declaring that he was making announcement with the concurrence of Mr. Darrin, said Saturday that the trial will not begin before the middle of November. No attempt will be made for release on bail in the meanwhile, nor will the Hains brothers ask for a change of venue. At their hearing next Thursday they will not waive examinatian. A conference was held Sunday regarding a plan of defence, and it may be decided then whether or not to ask for separate trials. At a conference held Saturday the prevailing sentiment favored basing the defence on the confession which Mrs. Hains is alleged to have made to her husband, but which she says she was forced to sign. Mr. McIntyre said he had no doubt that he will be able to get that statement before a jury.

Counsel for the accused brothers are not disposed to make overtures to Mrs. Hains in order to obtain her assistance at the trial. They hold that if called upon she will be compelled to repeat in court what she said in this alleged confession.

DEATH OF BARON STEINBURG.

WAS AMBASSADOR TO UNITED STATES SINCE 1903.

Heidelburg, Germany, August 24. — (Special.)—Baron Van Speck Steinburg, German Ambassador to United States since 1903, died here to-day after a long illness. He was married to an American woman.

A man may stop a foaming horse that's tearing down the street,
May stop an enemy's advance, amid the battle's heat;
In fact, stop almost anything in situations trying;
But not a single man alive can stop a baby crying.

THE SCOTTISH AGRICULTURALISTS.

Are Visiting Experimental Farm To-Day

ON SATURDAY PAID A VISIT TO McDONALD COLLEGE.

Ottawa, August 24.—The Scottish Agricultural Commission, which to the number of 22. is touring Canada this year, arrived in Ottawa on Saturday night from the Maritime Provinces. To-day the members of the commission who are all scientific farmers, will visit the Central Experimental Farm, leaving in the evening for Brockville. After seeing Guelph, Stratford and other Ontario towns, the party will attend the Toronto exhibition for a couple of days, and on September 2 will depart for Manitoba and the Northwestern provinces.

VISITED McDONALD COLLEGE.

Montreal, August 24.—Unreserved surprise was expressed by the visiting Scottish agriculturists during their inspection of the buildings and outside departments of the Macdonald College at Ste. Anne de Bellevue on Saturday.

Members of the commission, who have travelled a great deal in the interests of agriculture, remarked that they had never before seen such a completely equipped series of buildings so well adapted for the improvement of rural conditions. Not even in Germany, the visitors believed, was there a similar institution of equal equipment.

Under the guidance of Professor Robertson, of the Macdonald College, the visitors were shown through each building and were also driven to the horticultural, poultry, live stock and other outside departments.

TOO MANY HARVEST HANDS IN WEST.

HUNDREDS OF THEM IDLE AT POINTS IN THE WEST.

Winnipeg, August 24.—From all indications it would appear that the West is to have not only a sufficiency but a redundance of farm help this season. There are already almost as many men in the country as the demand calls for, and when the last of the specials from the East has arrived all placed will be well filled. Hundreds of harvesters are idle at Moose Jaw, Saskatoon, Deloraine and Manitou.

SPIRITS STILL UNSUBDUED.

Suffragettes Undaunted by Their Term in Holloway Jail

WERE WELCOMED ON THEIR RELEASE BY 500 PEOPLE.

London, August 24.—Two unrepentant but attractive "criminals" came out of Holloway Jail Saturday morning into the midst of a crowd of 500 persons, who cheered them vociferously. They were the Misses New and Leigh, who a short time ago broke Prime Minister Asquith's windows with stones, and announced when they were arrested that they would use bombs next time. The five hundred persons in waiting were mostly women. Some of them assisted the released prisoners into a much-decorated brougham and then disposed themselves in omnibuses and formed a procession which drove to Queen's Hall, where a breakfast was served in honor of the martyrs to the woman suffrage cause. Miss Chrystabel Pankhurst, said, in a speech, that their imprisonment had been made much more uncomfortable for these suffragettes than it had been for others. Undoubtedly an attempt had been made to crush the spirit of Misses New and Leigh, but that was impossible. Miss Pankhurst also stated that the autumn campaign of the suffragettes would be more determined than any that had gone before. The honored guests both made short speeches, but did not complain of their treatment while in prison. Miss Leigh states that in a short time she expected Prime Minister Asquith to say: "Sigh no more, ladies, the vote is yours."

MONTREAL AND QUEBEC HARRIERS.

FORM AN ALLIANCE FOR THE PROMOTION OF INTER-CITY SPORT.

(Quebec Chronicle.)

An alliance between the Montreal and District Harrier League and the Quebec City Harrier League, representing in all twenty-four clubs, was definitely decided upon on Tuesday night at a harrier league meeting held in the M.A.A.A. club house and attended by 25 delegates from different clubs.

Negotiations for the alliance were conclusion last week between Presidents Roland Gomery and Napoleon Belleau of the two leagues. The Quebec League approved of it at a meeting on Monday night and the Montreal clubs assented at last night's gathering.

The object of the alliance between the two clubs is that of assuring that only strictly amateur competitors shall enter in the different competitions in the Province, and it forms a board of union for the purpose of arranging harrier meetings between the two cities.

Besides the discussion of this alliance, applications at the Montreal meeting were received and accepted from seven new harrier clubs, consisting of the following: Notre Dame de Grace A. A. A., Longueuil, A. A. A. Elmore Harrier Club, the Duke A. A. A. and Orioles, Arthabaska, and Rocket clubs.

THE TENEMENT DWELLER AS A GOOD CITIZEN.

Careless writers are responsible for the erroneous impression that men of the tenements and men of the lodging houses belong in the same category. Nothing could be further from the truth. Oil and water would mix more easily than the worker of the tenement and the idler of the lodging house. There is a schism of caste between the two which will never be bridged.

The man of the tenement, no matter how small his income, is a worker, a legal resident, a taxpayer and citizen. The man of the lodging house is, in ninety-nine cases out of a hundred, the black sheep of some estimable family, the outcast of respectability, a drone and a sponger on universal kindness. The money of the tenement worker is put into circulation among the legitimate merchants of the district; the begged or pilfered pennies of the Bowery creature are spent in eating and drinking places, not to mention others, more vile, which darkly blur our civilization and whose existence is only permitted by the gross indifference and proverbial crookedness of the authorities.

The crucial point of indifference between the honest poor man and the malignant pauper of the lodging house is the fact that one is a father of future citizens, a man with ties of blood and kinship among his people, while that useless being of the lodging house is like a barren, rotting branch on the stanch oak of our Commonwealth. To be classed, as he always is, with the human junk is not relished by the men of the tenement. His class distinction is not based on genealogical claims, but on the immovable difference that always exists between the toiler and the idler. — From "The Wail of the Underdog," by Owen Kildare, in The Bohemian Magazine for September.

Use Jessop's Steel in the beginning and save the cost of the education which users of cheap steel inevitably pay for, and pay dearly. If 75 per cent. of the value of your tools is represented by labor, and 25 per cent. by material, is it wiser to economize on the steel or on the labor?

ALWAYS, EVERYWHERE IN CANADA, ASK FOR EDDY'S MATCHES

WAR NOT ALWAYS PATRIOTISM.

(Catholic Register.)

The advice of Lord Roberts in his farewell to Canada roused considerable comment, inasmuch as that his words advising that the whole male population should be trained to the use of arms, seems to have been understood as meaning that the entire population of Canada should live hereafter in a continual state of aggression. Is it not possible that the old soldier, when proposing a military training, had in view a time of peace rather than war and a reduction of, rather than an addition to, the public expenditure? In Great Britain a standing army has to be maintained at an enormous expense. If the men and the youth of the nation had all a certain amount of millitary service, the standing could be greatly diminished if not altogether abolished. Thus one expense would ofset the other. An entire nation ready to meet a foe would militate against the approach of that foe. A seeming preparation for war might serve as a potential factor in the cause of peace. War is barbarous and always to be deplored. A dissemination of the spirit of patriotism and a knowledge of the means of protecting home and country are not necessarily followed by a conflict. This known readiness might serve as a preventive in which case there would be no occasion for a practical application of the training received. If the carrying out of Lord Robert's suggestion would serve in this way it may have something in it, for "prevention is always better than cure."

LANGUAGE UTILITY.

(St John Globe.)

Edward Everett Hale thinks that there should be some effort made to keep alive a knowledge of the Indian languages in the United States. A good deal can be said in favor of any proposition of this kind in regard to any "dead" language. But on the ground of utility little can be said. Language is an important tool in the business of life. A particular language serves its purpose in its day and time amd it is superceeded by another language, or by improvements, which render the original out of late and practically useless. It is of far greater importance to study living languages.

We are referring to the matter entirely from the utilitarian standpoint. No doubt there is a study of language which is of great benefit to the scholar; pure and simple; and some of the old languages are not yet sufficiently old to be entirely rejected. But they are growing older very rapidly in an age which has little use for things that are not practically useful.

R. S. STEBBINS, KNOWLTON.

Knowlton, August 24.—(Special.)—The remains of one of Knowlton's oldest inhabitants, R. S. Stebbins, were brought from Salem, Mass., to Knowlton for burial on Saturday morning. His three sons, and several of the near relatives were in attendance. The deceased was 85 years o. age, having lived for many years in Knowlton. He moved to Farnham, where he was in the employ of the C.P.R. for several years, in fact as long as he was able to follow his work as one of the first working wood workers. He was a life long member of the Methodist church, and he was a most enthusiastic Odd Fellow, having been a member of Missisquoi Lodge, Farnham, the past 15 years. Deputy Grand Master MrCorkill came to Knowlton to attend the funeral. The burial service was under direction of Knowlton Lodge, No. 28, Rev. Mr. Schagel acting as chaplain and Bro. McCorkill acting as N.G. There was quite a goodly number of brothers in attendance.

WILLIAM R. BRESEE, FORMERLY OF SUTTON.

Sutton, August 24.—(Special.)—Mr. William R. Bresee, a former Sutton boy, died at his home in Howard, R. I., on August 12th. Mr. Bresee was born in Sutton thirty years ago the 20th of May last and only went to the States some 10 or 12 years ago. He was sick only eight days with typhoid fever, and being thus so quickly cut down in the prime of life is a grevious blow to his many relatives and friends in this section. The funeral was held at the Episcopal church, West Brome on Sunday, August 16th, Rev. Martin, of this place, officiating. The bearers were four brothers of deceased. They were L. S. Bresee, Howard H. Bresee and Percy Bresee, of Sutton, and Nelson Bresee, of Kingsbury. Mr. Bresee's mother, Mrs. Helen Bresee, lives at North Sutton, but his father died some 15 years ago. For a time deceased lived at West Brome and there several of the family are interred. A peculiar sad thing regarding deceased was the blow to his affianced, who is the head nurse in the Howard, R.I., hospital, which is six miles from Providence, R.I. They were to be married the coming October. Deceased was employed as foreman on the State farm at a lucrative salary, where he was much prized for his steady habits and sterling worth generally. His many friends in Sutton and Brome deeply sympathize with the afflicted relatives and friends.

THE SEPTEMBER ROD AND GUN.

Duck shooting has a mighty fascination in September and Rod and Gun and Motor Sports in Canada, published by W. J. Taylor, Woodstock, Ont., deals in a generous manner with the duck hunter in its September issue. Eastern, Central and Western Canada contributes duck hunting stories, and the differences in the conditions under which the sport is pursued in various parts of the country are well brought out. Every duck hunter will sympathize with the work of Brandon people in making a collection of the native wild fowl and trust their example will be followed in various parts of the Dominion. Fishing and big game hunting expeditions and accounts of a chain-man in "Helping to make a Railway," and the story of "The Royal Nova Scotia Yacht Squadron" are articles to which particular attention may be directed. The story of "The Alpine Club's Third Annual Camp" is told in an article by a special representative and care is taken that those interested in out-door life in any of its phases are not neglected. There is plenty of variety scattered through the pages of an excellent number, not only in the departments but also in the numerous articles and stories making up the issue.

Do not let the difference in price—a few dollars at the most—stand between you and a Gourlay piano—because you will find on investigation that the Gourlay is well worth the added price.

A visit to the banks of the Magog river in the vicinity of the boat houses has a tendency to confirm the opinions of Citizen, writing in Saturday's Record. It is doubtful if the water was ever so low before. The Magog river mill pond resembles a stream along some tidal river, from which the tide has receded. The situation at the foot of John street and in the vicinity of the ice houses is one demanding the prompt attention of the authorities. The health officers state that there is no unusual amount of sickness in the city. This is gratifying. "An ounce of prevention is worth a pound of cure." It may not be too late to act, and it certainly is not too early.

The ecclesiastical retreat of the diocese of Sherbrooke, closed on Saturday with mass, which was celebrated by Mgr. Paul LaRocque, in the chapel of St. Charles Borromee. PROUD TO HAVE COME FROM COMPTON COUNTY.

Mr. A. N. McCaskill, now of Orville, Wash., in sending his subscription to the Daily Record, writes:

In the afternoon the members of the lodge assembled at 2.15 and marched to the English cemetery on Prospect street and thence to Elmwood cemetery. Wreaths were placed upon the graves and at the Odd Fellows' monument the regular memorial service was held, the Noble Grand of Unity Lodge, Bro. Wm. Lord, and the chaplain, Bro. Graham, officiating.

There was a large turnout of members, several from other lodges in the Townships joining.

AT THE CONSECRATION OF WATER POWER.

The water power of the River Shipshow, in Chicoutimi County, was solemnly consecrated last week in the presence of a large number of the residents of Ste. Anne and the County of Chicoutimi.

The waterfall on the river is the property of the Saguenay Hydraulic Company, and is destined to be of immense benefit to that section of Canada. An eloquent sermon was delivered on the occasion by Rev. Alexander Maltais, of the Seminary St. Charles, Sherbrooke, who took for his text, "Except the Lord build the house then labor is but vain that build it," pointing out the object of the church in thus bestowing its benediction and the spiritual and material advantages to be derived from the Divine favor. This water power, which was to furnish force for different industries, was in God's hands and under his protection and favor.

BAND EXCURSION TO THETFORD LARGELY ATTENDED.

The Harmony Band held a very successful excursion to Thetford Mines yesterday. From Sherbrooke and intermediate points fully 300 boarded the special train which left Sherbrooke at 11 a.m.

The party arrived in time for dinner. At 1.30 the band serenaded the parish priest who addressed a few words to them at the close.

The band then proceeded to the ball grounds, where a keen contest was on between Mascots of Montreal and Thetford Mines teams, the latter winning 1 to 0. The band played at intervals.

The band left on the New York train to return as far as D'Israeli, where a concert was given in the hall and attended by about 200 persons.

They returned to Sherbrooke on the excursion train which left Thetford about 10.30 arriving home about 1 a.m.

It was at first proposed to give the concert at Thetford Mines, but learning that this was not in accord with the rules of the parish, the band readily acquesced and on invitation gave its concert programme at D'Israeli.

At D'Israeli members of the band were entertained by L'Harmony of D'Israeli.

Letters to the Editor.

LABOR SAVING IN DAIRY.

Editor of Record:

Sir,—One of the recent regular monthly tests in the Innerkip, Ont. cow testing association showed that 169 cows gave an average yield of 853 lbs. milk, testing 3.4 thus containing 34.6 lb. fat. One excellent herd average is from 10 cows each giving 1390 lbs. milk, 3.3 test. The highest yield in this herd was 1850 lbs. milk for the month. In all but one of the 12 herds recorded are single cows giving 100 lb. milk or more.

Another district averaged only 664 lbs milk per cow, while in a third district the average was 562 lbs. Some herds were as low as 412 lbs. milk, 13½ lbs. fat as an average of 9 cows. This is less than one third of the yield of the herd noted above at Innerkip. Three times the labour, nearly three times the feed, three times the stable room for no more profit. As I have frequently remarked before this cow testing work is the best labour saving proposition yet placed before the farmers of Canada. Better cows mean less work and more income. Find out the poor cows by this individual testing, get rid of them, then give that feed saved to the better cows and watch the bank balance grow.

Headaches Are Danger Signals

They Tell Us Plainly That Something is Wrong Inside.

There are tablets and powders that will stop a headache promptly—but removing a danger signal does not take away the danger.

In nearly every case a headache—of whatever kind—is a symptom of poisoned blood, due to Bowels, Kidneys and Skin failing to thoroughly remove indigestible food and waste, worn-out tissue from the body. Then digestion is poor, causing sick headaches, or uric acid is formed and deposited on the nerves, causing neuralgia.

Not only the danger signal, but the danger itself as well, is quickly removed by "Fruit-a-tives".

"Fruit-a-tives" are tablets made of the combined juices of oranges, apples, figs and prunes, containing all their medicinal properties, concentrated and intensified. They cause the liver to secrete more bile, which moves the bowels freely and regularly, and cures the most obstinate cases of Constipation. They stir up kidneys and skin to throw off all the urea, or dead tissue, which has been poisoning the system. They sweeten the stomach, improve digestion and tone up the whole body. The headaches disappear—because the source is removed. 50c a box—6 for $2.50 Trial size, 25c. Fruit-a-tives Limited, Ottawa.

SPORTING NEWS.

SATURDAY'S MATCH WAS EXCITING.

Keen Contest Between East Sherbrooke and Crescents.

THE FORMER WON BY A SCORE OF 3 TO 2 — NOTES OF THE GAME.

Saturday afternoon's match between the East Sherbrookes and Crescents, proved to be the most interesting match yet played in the City League series and was attended by a record-breaking crowd. Play commenced about 3.30 and in a few minutes Hawkins of the Crescents found the net, scoring the first goal for the Crescents. After about three minutes play Beauchesne, of the East Sherbrookes, also succeeded in scoring for the East Sherbrookes, followed shortly by another by N. Price, making the score at the end of the first quarter 2 to 1 in favor of the East Sherbrookes.

In the second quarter both teams seemed to realize the situation and some fast play was indulged in, N. Price finally scored again for the East Sherbrookes, which was the only goal scored during this quarter. The third quarter opened with a rush on the East Sherbrookes' goal, but was met by their defence, and after 16 minutes' play Griffith scored for the Crescents, making 3 to 2, in favor of the East Sherbrookes. During this quarter Campbell received a blow in the hip, making it necessary for him to retire for the remainder of the game. In the fourth quarter both teams played a defence game the play at times being somewhat slow and although several attempts were made neither team was able to locate the nets, thus leaving the game 3 to 2 in favor of the East Sherbrookes.

Mr. George Johnston acted as referee to the entire satisfaction of both teams.

The East Sherbrookes, under the captaincy of Mr. P. J. Slattery, have made great progress during the past few weeks and no little credit for their success was due to his good work Saturday.

The following was the line-up :

East Sherbrookes.		Crescents.
P. Loranger	goal	J. Camirand
F. Byrd	point	N.Wiggett
R. Price	c.point	A. Hallett
W. Maguire	1st def.	G. McAllister
D. French	2nd def.	E. Fuller
J. Branswell	3rd def.	M. Thompson
W. Campbell	centre	J. Smith
W. Bartlett	3rd home	C. Dunsmore
E. Beauchesne	2nd home	B. Grant
W. Major	1st home	C. Atto
N. Price	o.h.	G. Griffith
M. Price	i.h.	R. Hawkins

Umpires—G. Parsons, J. Shaw.
Timekeepers—R. Bartlett, W. Brent.
Referee—George Johnston.
Captains—P. Slattery, G. Povey.

NOTES OF THE GAME.

Wiggett, of the Crescents, played his usual game. and saved many a close one.

Maguire. for East Sherbrooke, played the game of his life.

Hawkins was always in the right place and seemed to keep them guessing.

During the third quarter Branswell and Maguire indulged in a little toss and catch game all to themselves.

Very little rough play was indulged in by either team, which was much appreciated by the crowd present.

Atto was always there and proved that size does not always count, even in lacrosse.

The Crescents and East Sherbrookes are now a tie for first place.

The Stadium Band was present and played several selections during the afternoon.

The gate receipts Saturday amounted to upwards of $70—the largest of the season.

LOOKS WELL FOR NEW CURLING RINK.

Canvassing Committee Has Been Successful

MONEY FOR CONSTRUCTION OF NEW RINK APPEARS TO BE IN SIGHT.

Subscription lists in connection with the proposed new curling rink have been circulated during the past week or two and liberal amounts have been subscribed.

The Record is informed that sufficient has been subscribed to ensure the building of the new rink.

A meeting of the club will be held to receive a report of the canvassing committee, and it is probable that authority will be given for the letting of contract and construction of rink, to be ready for the coming winter.

FOOTBALL

SHERBROOKE, 1—WATERVILLE, 4.

The Sherbrooke Football team took a very much weakened team to Waterville on Saturday to play the return game with the latter. As the visitors were without the assistance of at least half their regular players the defeat which they sustained was not unexpected.

The game opened in sensational fashion, Waterville putting on two goals in the first few minutes, the first being scored by Newland and the second by Wicks. From this until half-time the game was hard fought, with Waterville exerting considerable pressure, but Sherbrooke reduced the deficit by means of a goal scored by Gregory, after good work between him, Hatch, Morrison and Smith. The score at half-time was 2 to 1 in favor of Waterville.

In the second half the visitors had the worst of the game, although by re-arranging the team they tried to improve matters. Waterville succeeded in adding two more goals to their score, whilst the Sherbrooke boys were unable to net the ball. For the visitors, Morrison and Hurn made several good runs, but were met by a resolute defence. A number of corner kicks were gained by Waterville in this half but all were well cleared by the visitors for whom Sangster at half-back put in a tremendous amount of hard work. Waterville's two goals were scored by Cater, one from a penalty kick. Although handicapped by having such a weak team, Sherbrooke played a plucky uphill game and in the circumstances the defeat by four goals to one was no disgrace.

The teams lined up as follows :

Sherbrooke.		Waterville.
Dennis	goal	Luckman
Pearson	l.b.	Gibson
Foulds	r.b	Cater
Plummer	l.h.b.	Beaumont
Sangster	c.h.b.	McCann
Jones	r.h.b.	Vigus
Smith	o.r.	Newland
Hatch	i.r.	Wiffin
Gregory	c.f.	Baratgin
Hurn	i.l.	Wicks
Morrison	o.l.	Waites

For Waterville, Cater, Baratgin, Wicks and Vigus especially distinguished themselves.

Sherbrooke was best represented by Morrison, Gregoty, Jones (who is a new hand at football), Sangster, Hurn and Smith.

This is only the second defeat sustained by Sherbrooke since the club was organized.

THE DAILY RECORD'S ROAD RACE.

YOUNG MEN IN DIFFERENT PARTS OF THE TOWNSHIPS TRAINING FOR EVENT.

Melbourne, August 24.—(Special.) — The Record Road Race is arousing considerable interest among the local runners here. A few have gone into training for the coming event on Thanksgiving Day. One young man sprinted a distance of three miles on an evening (just for fun), covering the ground in twenty minutes. There is not doubt but that Melbourne will be strongly represented in the race held in October.

RAN OVER DAILY RECORD COURSE

Mr. Hubert Johnston, of Lennoxville, took a run last week over the course of the coming Daily Record road race. He covered the distance, it is understood, in fifty-three minutes.

The ladies' driving contest was won by Miss Freda Sunbury. The prize was a golf ball. Mrs. Cowling won the putting contest, the prize being a box of candy.

Mr. Sinclair comes very highly recommended as a teacher, and has a through knowledge of the game, and will also be prepared to repair clubs etc.

A team from the Old Pine Club of St. Johnsbury will play a match on the St. Francis Links to-morrow, Tuesday, afternoon. The ladies will serve tea from four to six, and it is hoped there will be a large attendance of the members of the St. Francis Club.

ROYALS DROP TWO.

BEATEN BY JERSEY CITY AFTER A LOSS AND A DRAW WITH PROVIDENCE.

Montreal, Aug. 24.—In a double-header with Providence at Atwater Park Saturday, Montreal was beaten 5 to 3 in the first game, while darkness and rain stopped the second game in the sixth inning, when the count stood 1 to 1.

Yesterday the Skeeters, who won 4 out of 5 games in Toronto, arrived and took a fall out of Casey's team on the Shamrock grounds.

Montreal Aug. 24.—Before one of the smallest crowds that has ever seen the Shamrock and Montreal teams engage in a championship lacrosse struggle, the Irishmen won from the winged wheel team on Saturday, on the Mile End ground, by a score of 7 to 4.

The Shamrocks showed a big improvement over their early season form while Montreal did not appear to have the same snap and ginger as earlier in the year.

WON IN OVERTIME.

TWO EXTRA PERIODS OF TWENTY MINUTES EACH PLAYED BEFORE CAPITALS BEAT TORONTO.

Toronto, Aug. 24.—The struggle, which the Toronto and Capital teams furnished at Rosedale Saturday, will go down on record as one of the most exciting of the season's lacrosse. Capitals eventually emerged victorious by a score of 8 to 5, but while they had the better of play throughout, Capitals were not declared winners until forty minutes' overtime had been played.

KERR BEAT RECORD AGAIN.

BUT 21 SECS. FOR 220 WAS MADE WITH GALE AT HIS BACK—LONGBOAT BEAT SELLEN.

Hamilton, Aug. 24.—Five thousand people turned out at the Jockey Club course Saturday afternoon to witness the sports promoted by Miss Lewis in aid of the Sick Children's Hospital fund.

Bobby Kerr ran 100 yards against a strong wind in 10 3-5 seconds, and established a new world's record for the 220 yards, doing the distance in 21 seconds flat. The time, however, will not stand as he ran with the wind, which was blowing a gale.

Chuck Skene the former Canadian walking champion, ran a mile in the mile handicap from scratch in 4 minutes and 35 seconds.

Mike Creed, of the I. C. A. C., won the broad jump, with 18 feet 10 inches, and the high jump with six feet.

Tom Longboat and Percy Sellen, of the I. C. A. C., met again in the five-mile handicap. History did not repeat itself, however, Longboat winning by 20 yards in 27.25. Jack Caffery also entered and ran a good race, finishing well up with the leaders.

W. Woods, the Brantford man, who was the first Canadian to finish in the Marathon, made one lap of the track, 1 1-16 miles, in 5.35.

BEATEN BY CORNWALL, 1 TO 0, IN CLEAN GAME.

Cornwall, August 24.—The Cornwall lacrosse team put the Nationals out of the running for the N. L. U. championship Saturday, when they beat the French-Canadian team by a score of one goal to nil, the smallest score made in a championship lacrosse match for a long time. The match was played before a crowd of about 3,000 people, 1,000 of whom came from Montreal on the Nationals' excursion, and over 300 on the excursion run from points on the C. A. R., under the auspices of the Alexandria Lacrosse Club.

PINKOLA WON AGAIN.

THIS TIME THE CRACK EASTERN COLT CAPTURED $15,000 EMPIRE CITY HANDICAP.

New York, August 24.—Pinkola, an added starter, ridden by J. Butler, won the $15,000 Empire City Handicap 1½ miles, at Empire City Saturday, defeating a fine field of handicappers. Pinkola ran and won Friday, and made a new track record for the distance, and his victory Saturday stamps him as a high-class colt. Frank Gill was second, with King James third. The race was run over a muddy track, and the time 1.54 4-5, was very good, Jack Atkin and King James went out to make the pace and opened up a lead of four lengths in the first quarter, with the rest of the field well bunched behind. Jack Atkin, with a wonderful burst of speed, outran King James in the run down the back stretch, and was leading by one length, at the far turn. Here Pinkola began to move up, and at the turn into the stretch Pinkola showed in front by a head. It was not a terrific drive, and Pinkola standing in gamely, won by 1½ lengths. Frank Gill beat King James a length for the place.

CHESS.

BEAT LASKER IN THIRD.

Duesseldrof, August 24.—Dr. Tarrasch, the Nuremburg master, scored his first win in the chess match for the championship of the world against Dr. Emanuel Lasker, of New York, by a brilliant victory in the third game Saturday night, after forty-five moves. Dr. Lasker has won two games in the match.
