Playground for Kids and Clowns Canadian Theatre-on-Wheels

A flick of mascara, a dab of colour, and the artist steps from reality into the fanciful world of make-believe. This summer, *La Roulotte* (The Show Wagon) will begin its

5th season of open-air theatre in Montreal's playgrounds with a repertoire of comic pantomime especially designed to delight the young.

La Roulotte carries an imposing array of equipment. Recordings are made on magnetic sound track; loud speakers bring voice and music to outdoor audience.

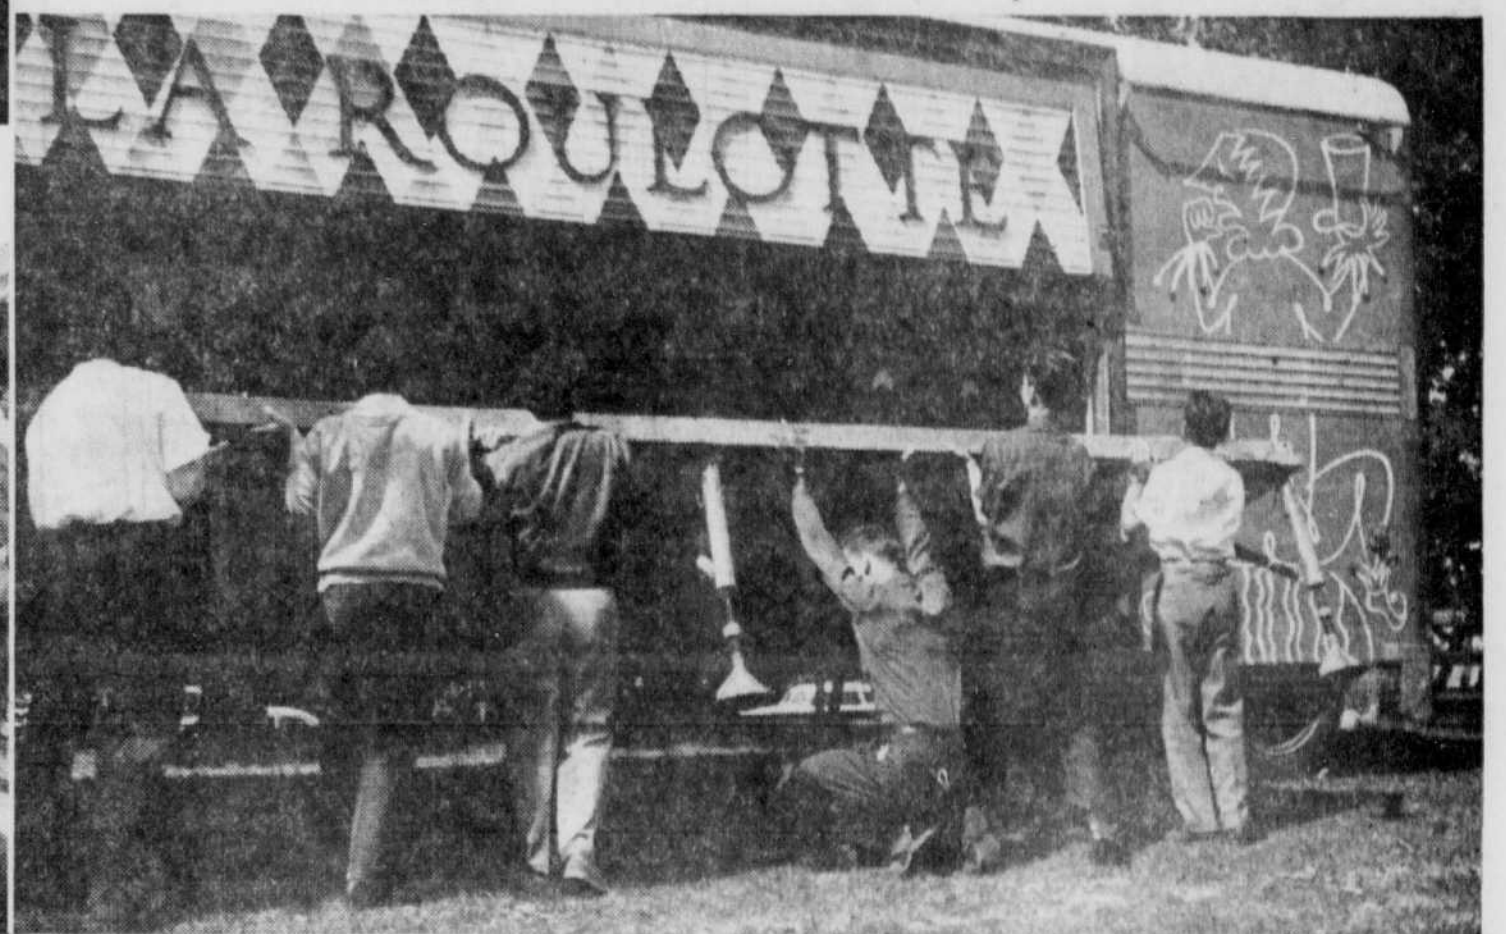

Created especially for children, the show attracts many adults on its tour of the city's playgrounds. Performances are given 5 nights a week for 10 weeks.

The clown plays a major role in the company's hour-long performance. Yves Gelinas, son of the well-known Canadian actor, is one of the show's attractions.

Director Paul Buissonneau has ingeniously met the problems faced by a show-on-wheels. Scenery is changed in seconds, with sets painted on venetian blinds.

The sides of the trailer-truck go up as the company prepares to move to a new location. The big van carries in addition to its large stage, a sound booth, make-up

rooms and a complete system of lights for evening performances.

Power IS HIS BUSINESS

You won't hear of him setting a new world weightlifting record or beating the fabulous feats of Louis Cyr, yet the power in his hands is tremendous. For he is a Shawinigan powerhouse operator and controls the power developed by our gigantic hydro-electric generators.

Every hour of the day and night the powerhouses at Shawinigan Falls, Tremche, La Tuque, Rapide Blanc, Grand Mere and La Gabelle are producing the electric power necessary to the life of our modern society — power to cook your meals... light your office... work

your lathe... or help you run your farm. The powerhouse operator works with a battery of knobs, panels, dials and switches to control the output of power from each station. Electric power cannot be stored, so production must be adjusted to the constantly changing rate of consumption.

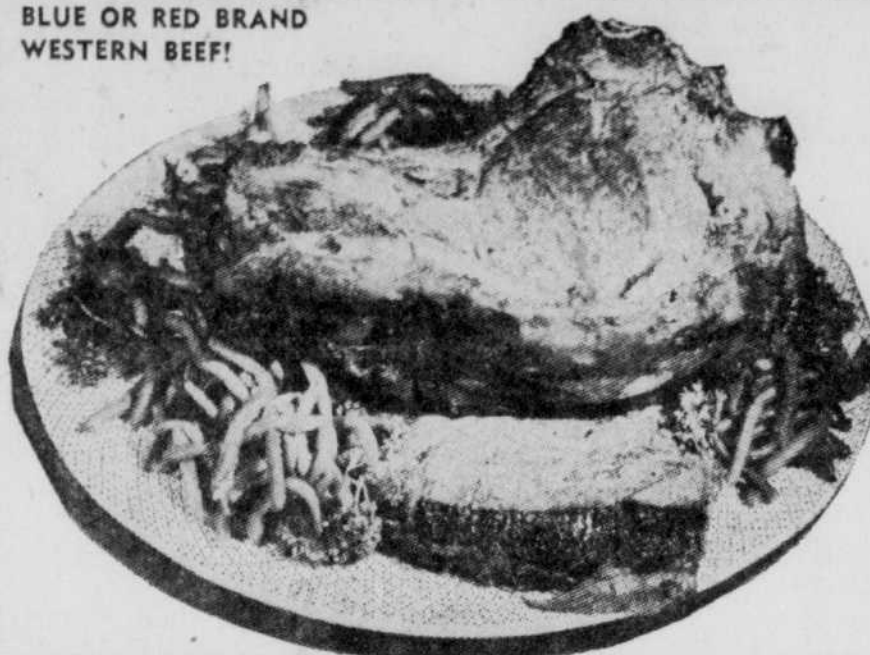

Our powerhouse operators, together with 2,400 other Shawinigan employees, contribute their skill and energy to provide the people of Quebec with an electric service second to none — at the lowest possible rates.

Thetford Mines Graduation Dance Held In Gaily Decorated Gymnasium

THETFORD MINES — The graduation dance was held in the handsomely decorated gymnasium of the Andrew S. Johnson Memorial High School. The high ceiling of the room was virtually hidden by colored streamers and a tiered centre light arrangement gave a soft glow to the interior of the hall and brought out the multi-colored tones of the graduation gowns. The wishing well, in a small greenery nook complete with flowers, moss and shrubbery arranged by Mr. J. Visser of the teaching staff, was the delight of every viewer.

Refreshments were served at midnight after which Mr. William J. Johnson, representing the School Board summoned the graduating class to the platform and presented them with their diplomas. The class included Catherine Wayland, Peggy Johnson, Charlotte Moore, David Foster, Donald Smith, George Malone, Lyie Cruickshank and

Arnold Nugent. Valedictorian of the class was Catherine Wayland, who spoke warmly of the school, their teachers and their high school memories on behalf of her classmates. Following this she went on to adjure her fellow students to face the future with optimism, courage and determination, reminding them, that no obstacle was proof against those three.

Mr. S. L. Hodge presented Miss Wayland with a bouquet of roses at the close of her speech. George Malone was presented with the honor award from MacLean's Magazine as the student with the highest marks.

Organization Of Farmers Stressed At Farm Forum Rally At Birchton

BIRCHTON — With a singing led by Rev. Canon Dunn, the Compton Co. Farm Forum Spring rally held in Birchton community Hall opened under the chairmanship of E. MacAuley of Bishopton.

The need of encouraging old members in returning to Farm Forums and adding new ones not alone in the interest of Farm Forum, but to the benefit of each individual farmer was stressed by Mr. MacAuley. The farmer has become organized to protect his interests through the Quebec Farmers' Association and the Milk Producers Syndicate, yet the need of every farmer taking his rightful place as an agriculturist must be shown by his membership if he is to progress.

Mr. R. G. Hodge and Col. Wells Bishop reported on the meeting of Farm Forums and Milk Producers held at Nick Dean's Barn, Huntingville urging those present to reply immediately to the mail to be sent out as a result of this meeting also to see that their neighbours did the same.

Mr. W. Hodgeman gave the report on the Quebec Farm Radio Forum and Farmers' Association Annual Meeting held at Macdonald College. Members elected to the Provincial Farm Radio Forum Board are: Mr. R. G. Hodge, past president; Mrs. Anderson, president; Mr. Ross Oswald, vice-president; Mr. E. MacAuley, director for zone 5 with alternate Mr. Wells Bishop; Mr. Bishop representing zone 5 on the Quebec Farmers' Association Board with Mr. D. McElrae, Sherbrooke County as alternate. Mr. Hodgeman displayed the pen and pencil set given to him there on his retirement as past

president of the Quebec Farm Radio Forum.

interesting reports were given by all forums. High-Low Forest reported a membership of 19 families, a Christmas party, entertained for chairman and bride monthly film showings and stated that they met once a month from March to November with the exceptions of July and August.

Bishopton has a membership of 13 families, assisted the Women's Institute with the purchase of a television set given to a disabled youth; donated a wheel chair to an invalid and provided a second wheel chair for the use of the community.

Sawyer, though a small Forum, entertained all the Forums of the County at a Sugar-Off.

Bulwer stated many acts of community welfare and a Turkey Dinner held in February.

Cookshire had inquired into the distribution of milk to school children but as a cafeteria had recently been added to the school it was not advised to carry on this project. High-Low Forest, Sawyer and East Clifton had also met with defeat when approaching the school as to the distribution of milk.

Professor Jones, of Macdonald College introduced by R. G. Hodge showed the film "Spruce Bog" on evolution of plant life.

Professor Jones then continued with instructive information on the "Care of the Woodlot" illustrating his descriptions by lantern slides taken in the Morgan Arboretum at Macdonald College, Harrington Forest Farm, Ontario and Mr. Delisle's sugar maples at Bulwer. He also stressed

the importance of thinning saplings in thick growths, the removal of sucker trees and spraying for disease.

Mr. Jones was thanked by Col. Wells Bishop and during lunch served by the ladies of the County pamphlets were distributed on "Woodlot Care."

Decision regarding a picnic at the Experimental Farm, Lennoxville is to be reached by each group and forwarded by secretaries to Mr. MacAuley, Bishopton.

Guests included a visitor from the United States and members of the Third Range Farm Forum

Bible Society Meeting Held At Coaticook

COATICOOK — The annual meeting of the Coaticook Branch of the British and Foreign Bible Society was held in the Guild Hall of St. Stephen's Anglican Church. Rev. N. Tucker extended a welcome to all present, especially those from the other two churches.

The president, S. A. Meade, took the chair for the business period. Minutes were read by the secretary, Stanley Beerworth, and a financial report was given.

Mr. Tucker presided over the election of officers, the present slate being returned for another year: S. A. Meade, president; William Wallace, vice-president and S. Beerworth, secretary.

treasurer. Three members, one from each church will be added to the executive to plan the annual canvass. These will be chosen at a later date. Mr. Tucker is the honorary president for the coming year.

Rev. E. Ralph Adye, of Montreal, district secretary of the Society addressed the gathering, stressing the urgent need for funds to carry out the important task of distributing the Bible throughout the world. He noted that returns from the Coaticook branch had fallen down last year and expressed the hope that

Mrs. B. W. Brown, convener of home economics, announced details of the handicraft course. On June 13 a tea, films and dis-

play of completed handicrafts will be held in the Stanstead Municipal Hall. Mrs. Brown also read an article on "Distribution centre of Fruits."

Miss Ruth Hetherington, convener of welfare and health, read an article on "Dietary use of bananas."

Mrs. Ivar Lemon, convener of citizenship recommended that

side School and in its place give a sum of money each year towards the graduating class trip, the branch discontinue awarding prizes for citizenship at Sunny. All present unanimously voted \$25 for this project.

Mrs. Edgar Hill, delegate to the recent annual County Convention, held at Tomifobia, gave a detailed account of activities at the convention.

Final plans were made for this group to join other County branches on a trip to the Provincial Convention at Macdonald College June 27. The bus leaves Rock Island around six a.m.

Miss Norma Holmes reported on the latest developments on the School Fair. It was decided to place a picnic table and benches on the school house grounds as a memorial to Miss C. L. Mackenzie, Mrs. Edgar Hill and Mrs. Ruth Curtis to attend to this project.

It was suggested that a request be sent to the Rock Island Town Council for erection of a sign at the Riverside Ave. entrance noting the public picnic facilities available in the park.

Mrs. George Hatch was the winner of the mystery parcel. The next meeting will be held at the Red school house on July 4, when an auction of home cooking will be conducted, and hostesses will be Mrs. H. Curtis, Miss Mary Flint and Mrs. Ivar

Lemon.

The meeting adjourned and tea was served by Mrs. Douglas Mayhew and Mrs. Douglas Johnston.

UNITED CHURCH GROUP
The meeting of the United

Organizations of Centenary United church, Stanstead, was held at the home of Mrs. C. Lee Jenkins, Rock Island with Mrs. Archie Grady, as co-hostess. The attendance was increased by the return after a length of time of a group of faithful members, including, Miss Jessie Colby, O.B.E., Mrs. A. Gibson, Mrs. A. E. Curtis, Mrs. Mabel Drew and Mrs. T. Goodsell. The usual worship service was conducted by the president, Mrs. E. J. Curtis, followed by a program on the work in progress across Canada in the United Church Mission Fields.

The treasurer's report showed a good balance on hand and reports of the various groups contained the information that all the branches of the work and activity of the church was progressing favourably. A donation of money was voted towards the parsonage fund.

The session closed by the Mirpah Benediction, after which refreshments were served by the hostesses, Mrs. R. W. Cairns poured. The next meeting will be on June 19 at the home of Mrs. W. J. C. Sutton with Mrs. L. C. McGilton, assisting.

Church Groups Attend Rally At Asbestos

ASBESTOS. — The annual rally of Quebec Presbyterial of the Presbyterian Church was held in St. Andrew's Church, Asbestos, when in the absence of the president, Mrs. Iver D. MacIver, the meeting was presided over by the vice-president, Mrs. Raymond Smith.

At the morning session, devotions were in charge of the Asbestos Auxiliary, who also gave the words of welcome. The Sherbrooke Evening Auxiliary responded.

The minutes read by the secretary, Mrs. A. W. Murray and Mrs. Burns Macdonald, treasurer, read the financial statement.

The corresponding secretary, Mrs. W. G. MacLeod, read condensed reports of the various departments covering the past year's work.

The sectional vice-presidents, Mrs. G. Macdonald, Mrs. W. A. Johnstone, and Mrs. G. Stevenson reported for their Auxiliaries. The executive report was given by the secretary.

The report of the annual Synodical Society of Montreal and Ottawa, which was held in Ottawa was given by one of the delegates, Mrs. A. W. Murray. This was followed by the report of the annual council meeting held in Toronto by Mrs. Raymond Smith.

Mrs. Johnstone told of the books now available through the Library Department. Mrs. P. Boy gave instructions concerning supplies, and Mrs. H. K. Mayhew spoke about the Summer Camp at Lancaster. Mrs. D. P. Murray conducted a Question-Box period from which considerable information was gathered.

The morning session was adjourned and the members enjoyed a luncheon served by the Danville Asbestos Auxiliary.

The afternoon session was with prayer by Mrs. R. Smith, and the devotions were in charge of the Richmond-Melbourne Auxiliary. The Memorial Service was conducted by the Scottown Afternoon Auxiliary, and this was followed by a duet, "Speak Thou to me, Lord" sung by Mrs. Webb and Mrs. Lockwood.

Mrs. R. Smith then introduced the guest speaker, Miss Louise Reith, National Secretary for Adult Work, who spoke on the work for which members of W. M. S. are responsible.

The Registration Committee reported that thirty-eight members and four visitors were registered. Regret at the illness of the Honorary President was expressed, and also at the news that Miss Ruby Walker will no longer work in this Presbyterial. She is being replaced by Miss Frances D. Clark.

A Leadership Training School will be held in Belleville, Ont., in July, and it is hoped one or more members of Quebec Presbyterial will attend. This Presbyterial has eight auxiliaries, two of these being evening groups.

Ways and means of raising money to replace the annual Synodical grant toward travel expenses were discussed. One which met approval was to use plain stationery when the present supply of letterhead paper is exhausted.

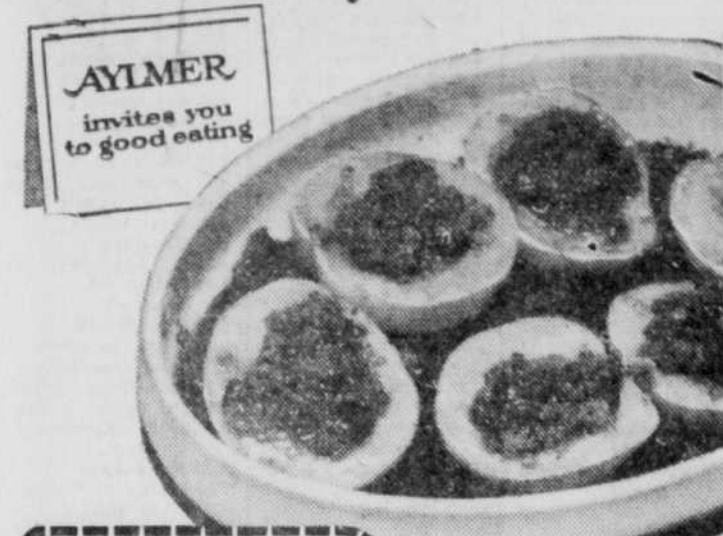

The Sherbrooke Afternoon Auxiliary extended an invitation to the Presbyterial Society to meet in St. Andrew's Church, Sherbrooke, for the 1958 Rally. The resolutions and courtesies were given by the Quebec Auxiliary, and the Rally was then brought to a close with prayer by Mrs. G. Stevenson, of Sherbrooke.

Afternoon tea was served before the members left the church, and a very pleasant hour of fellowship was enjoyed.

Another Pontiac just moved in!

Meet the Dugans... brand-new to the neighbourhood. But we'd guess that their car—so distinctive, even among other Pontiacs—will soon make them well-known to everyone. Mrs. Dugan likes the style and comfort. Mr. Dugan absolutely revels in Pontiac's thrilling V8 performance. Altogether, a very happy combination. You'd like it, too.

1st Boy: What's your name? Are you gonna live here? How old are you? I'm three feet, two inches tall.
2nd Boy: I'm Jimmy Dugan. I'm nine. I'm taller'n you. I like our Pontiac.
1st Boy: Betcha our Pontiac is prettier'n yours.
2nd Boy: Betcha 'tian't.
1st Boy: 'Tis so! (And so on... and on.)

These are the neighbours. They came over to sneak a look at the furniture, but got carried away by the trim good looks of the car. That's something Pontiac has really earned this year... its reputation for the neatest, sleekest style on the road. It's easy to see that this foursome will get along fine together. After all, anyone with that kind of taste in cars...

1st Mover: If they'd cut the cackle and show us where to put this stuff...
2nd Mover: They're talking about that sweet Pontiac out there. That baby looks a block long. Boy, what a car!
1st Mover: Which reminds me—I'm supposed to take the wife and kids for a drive in our Pontiac tonight. Mine's a '67. It's great!
2nd Mover: Well let's get started. We'll catch up with them later.

**FIRST SUDS THAT STAY UNDERWATER
WORK WONDERS IN ALL WASHERS**

"CONTROLLED SUDS" of all are the only suds that stay underwater. Picture above shows how "controlled suds" focus cleansing power on the clothes underwater instead of dissipating this power in frothy suds that ride on top of the water. Exclusive non-ionic formula makes wash water wetter, better

IT'S CONCENTRATED for greater economy. One cup of all gives water greater washability—greater cleansing power—than three cups of products that make thick suds. Measure the exact amount of all by the cup instead of pouring—and save on every load you wash.

**Cleaner clothes
whiter clothes**

Washing action loosens dirt and rinsing action removes it. That's the "basic law" of laundering, and never the twain shall part!

The only way you can wash clothes cleaner than you now wash them is to improve the washing action, the rinsing action—or both. That's exactly what all the first detergent to make suds that stay underwater does—improves both the washing and rinsing action of any washer—automatic or wringer.

Clothes wash cleaner and whiter in "controlled suds" because more dirt rinses out. Use all in your washer and see how it can wash your clothes cleaner, your whites whiter.

MOTHERS!

Here's why your children should...

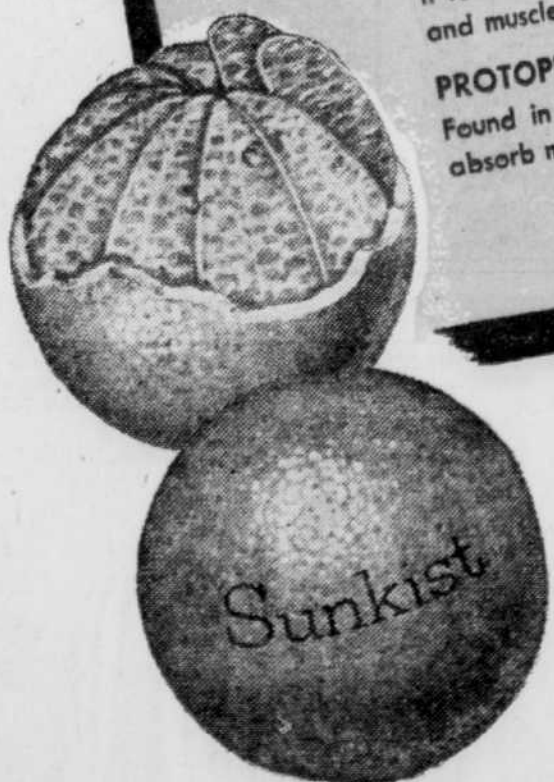

1 EAT WHOLE FRESH ORANGES

When children eat the whole fresh orange they get all the VITAMIN C that nature put there, as well as other important elements found only in the fresh fruit.

Get the Valuable BIO-FLAVONOIDS
The BIO-FLAVONOIDS found in the "meat" of the fresh orange actually boost the efficiency of VITAMIN C, allowing it to do a better job for children of building bones and muscles, sound teeth and gums.

PROTOPECTINS, too!
Found in the fresh orange... they help children absorb more nourishment from other foods they eat.

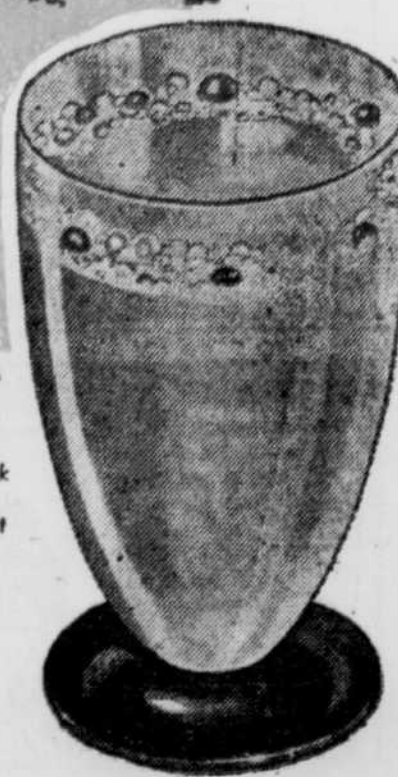

2 DRINK WHOLE FRESH ORANGE JUICE

The delicious meaty solids left in tangy, home-squeezed juice provide greater nutritive value.

Don't Strain Out The Solids
When you squeeze fresh orange juice, don't (except for baby) strain out the solids that contain the important BIO-FLAVONOIDS. Teamed with VITAMIN C, these factors in the meat of fresh oranges help keep capillary walls strong, elastic and efficient.

It's one of the reasons freshly squeezed Sunkist Orange Juice is so good for you and your children.
