

HUNTING ANARCHISTS.

Public Excitement Over Yesterday's Battle Still at Fever Heat.

DETECTIVES PURSUED INVESTIGATION INTO RUSSIAN ANARCHIST COLONY.

London, Jan. 4.—(Special)—Public excitement over the hunting down of the anarchist burglar gang continues at fever heat. Today great crowds swarmed about the dingy east end street which yesterday was the scene of battle, the like of which has not been known in the history of London's police department.

The police, who have been greatly overworked during the past forty-eight hours, had their hands full in keeping the streets open to traffic, while the detective department pursued its investigations into the Russian anarchist colony with unremitting energy.

During the night the police thoroughly overhauled the ruins of the tenement house in Sydney Street, where the outlaws made their last stand and were shot or burned to death in the fight with the police. The officers discovered part of another body. While little except the head and neck was intact the authorities have no doubt that the parts were from the body of Peter, "the painter," who last night was believed to have been still at large.

The claim is established apparently that the building was fired by desperadoes.

FOUND BOMBS IN RUINS.

Not since the news of the British disasters at the opening of the South African campaign has this country been so aroused as by yesterday's scenes at Steyne. The newspapers call loudly for a more effective means of dealing with the growing terrors of alien immigration, no doubt being held that the desperadoes who fell to-day were anarchists. A search of the besieged house after the ruins had cooled a little revealed in a cupboard a large number of what appeared to be dynamite bombs in an unfinished state. At present there is no evidence that the house held any other occupants than the two whose charred bodies were found. Several others, police and civilians, received minor injuries.

POLICE ANGRY AT SOLDIERS.

The police officials show aggravation at the calling out of the soldiers. They express confidence that they could have handled the affair without the help of the military. The last occasion on which the military was so employed was at the time of the notorious Trafalgar Square riots, when John Burns was arrested. Even then the soldiers did not fire.

According to the Daily Telegraph, the police are in possession of information concerning a widespread anarchist plot, which is regarded as one of great gravity. The details are being kept secret.

THIRD BODY FOUND.

(British & Colonial Service.)

London, Jan. 4.—(Special)—The charred body of "Peter, the painter" was taken from the Sydney Street house today. This is the third body recovered from the ruins. The newspapers are demanding that anarchists be no longer allowed to use London as a rendezvous. It is believed legislation to this effect will be introduced into Parliament.

LET CONTRACT FOR DROP OFF.

Awarded to Morrow and Beattie, of Peterboro, Ont. For \$51,220.

STREET RAILWAY MUST RUN ON KING ST.—SESSION OF COUNCIL LAST NIGHT.

The City Fathers began the New Year well, every member of the Council being present at last night's meeting. Mayor Cate presided.

Considerable business was transacted, the most important being the letting of the contract for the development of the Drop Off Power to Messrs. Morrow and Beattie, of Peterboro, Ont. This contract was only for the construction of the dam and power house, and did not include the hydraulic and electrical machinery. The price was \$51,220. The resolution passed covering the letting of the contract provided that it must be satisfactory to the Board of Control, City Attorney and the Engineer.

A second resolution was passed authorizing the payment of \$2,500 to Messrs. Ross & Holgate for services up to date. They also, offered to supervise the construction of the plant until completed for an additional sum of \$2,500, which offer was accepted.

In the discussion which followed it was the general opinion of the Council that the City required this power at the present time. During the past year the Department had been supplying 1,900 h.p. daily. They had been able to do this because the flow of water in the river had been unusually large. Had the water been low this could not have been supplied.

Ald. Thompson stated that on the 26th of November, 1908 the Department supplied 982 h.p. in 1909 over 1,380 h.p. and on November 26th, 1910 they had supplied 1832 h.p. This showed that in three years the demand for power had more than doubled. Two years ago the water was low in the Marging River and the Department could not supply the demand there was then. Suppose there should be a shortage of water at present, when the demand is double what it was then, what would be the result?

Ald. White asked if the City was justified in developing this power to compete with the Sherbrooke Railway and Power Co. who had spent \$700,000 in the City and who were willing to supply power. Ald. McManamy replied that with the growth of Sherbrooke there would come demands for power at low cost for new industries. Unless the city had this power they could not offer it at reduced rates.

In reply to a question from Ald. McManamy, Mr. Andrew Sangster stated that the city needed more power than they had at present.

The motion to secure Ross & Holgate to look after the installation of the hydraulic and electrical machinery was carried. Ald. White voting no.

It was also decided that the contractors should proceed at once with the work.

RAILWAY AND POWER COMPANY BOUND TO RUN STREET CARS ON KING HILL.

The City Attorney reported that according to the terms of the contract between the Sherbrooke Railway and Power Co. and the City, the Company was bound to run their line on King Hill. They had either to run

JUDGMENTS ISSUED AT COURT HOUSE.

Several Were Given By Mr. Justice Hutchinson This Forenoon.

PROPERTY IN HEREFORD WAS TRANSFERRED TO TWO DIFFERENT PARTIES.

Mr. Justice Hutchinson rendered judgment in a number of Superior Court cases this forenoon.

John Heked in connection with a mortgage which he had given to one Frank Haynes, of Hereford, for \$1,000. In security for the payment of this amount Haynes gave a mortgage on certain property which he possessed. That was on the 23rd day of May, 1904. In July, 1906, the said Frank Haynes sold and transferred to the defendants the same property, and the defendants took possession of the same. The Court declared that the Court declare the said property to be hypothecated to and in his favor, and that the same be sold to satisfy the said claim.

The Court maintained the action with costs.

WILL GET PART OF JUDGMENT.

In the case of L. C. Belanger, K. C., against G. E. Hott, and Hon. P. S. G. Mackenzie as garnishee, the Court found for the plaintiff. The plaintiff had secured a judgment against the defendant for the sum of \$17.29, and he asked that the writ of seizure on certain moneys in the hands of the garnishee in his quality as Provincial Treasurer of the Province be declared good and valid.

The Court held that the plaintiff was entitled to the amount in the hands of the garnishee, and ordered that the same—\$132.25—be paid to the plaintiff, the whole with costs.

LEASE CANCELLED.

Dame Louisa E. Andrews vs. Ovide Morel.—This was an action in connection with the purchase of a piece of land in St. Francois Xavier de Brompton for which the defendant agreed to pay \$725 within a period of five years from the 18th November, 1905. With the principal and interest there was now due the sum of \$978.75, and the plaintiff asked that the writ of seizure in this case be maintained and that the lease be re-validated and annulled.

The Court declared the seizure good and valid, and cancelled and annulled the lease in question, and condemned the defendant to pay the said sum of \$978.75, the whole with costs.

ACTION AS TO REPAIRS.

Arthur Blais sued T. Delisle for the sum of \$143 for repairs which he had to do on a house which he bought from the defendant, on Wellington street. The plaintiff contended that when the sale was made the defendant had promised to do certain work on the building, but that he had failed to do so, and the plaintiff had to do the work himself, and he now sued for the amount expended. The defendant pleaded that he had carried out the terms of the agreement entered into between them, with the exception of a small piece of work, and to cover this he had deposited in Court the sum of \$35.

After reviewing the evidence, the Court held that this tender more than covered the amount of the work which the defendant had not completed, and gave judgment accordingly, the whole with costs.

IMMIGRATION AND EASTERN CANADA.

Toronto Publication Claims That Department is Not Doing Enough.

MR. SCOTT IN REPLY GIVES INFORMATION RELATIVE TO WORK IN THE EAST.

The Canadian Courier suggests that the Canadian Immigration Department be divided into two sections, one to deal with immigration for the West and one with immigration for the East. The Courier remarks: "The appeal is different in each case. In the West there is the lure of free lands. In the East there is the lure of low-priced lands, and a closer contact with older, well-developed communities. Because of this difference it might be wise to have a sub-department to deal with each."

DEVELOPMENT OF EAST REQUIRES ATTENTION.

The Courier in the course of its article says: "During the year 1910 there has been an immigration rush amounting to 350,000 persons, of whom more than one-half have gone West. In addition the movement of Canadians from the East to the West continues at a fairly rapid rate. Is it wise that the growth in population shall be confined to one portion of Canada instead of to the whole Dominion? Next year, the immigration will amount to half a million. Shall the larger number again be given to the West or shall they be distributed proportionately over all the provinces? Is the country as a whole to take the attitude that a new citizen settled in the West is more valuable as an asset than a new citizen settled in the East?"

"The Maritime Provinces are especially interested in this problem. These provinces came into Confederation somewhat reluctantly. They felt that their interests were not identified with those of Ontario and Quebec and that if left alone they would be in a better position to work out their future. But they ultimately submitted to the broad national and imperial appeal and joined in with the two middle provinces in building up the new nation. During the later years, the West has also scored a phenomenal success as compared with the East. Is it strange that the Maritime Provinces should begin to wonder if their turn will ever come?"

"The problem is primarily one for the Parliament of Canada. This body of legislators and administrators represents the whole of the Dominion and it is its duty to see that when a lopsided growth is avoided, if the Maritime Provinces are not growing in population and commercial importance, it is the business of Parliament to adopt such measures as will restore the balance. Twenty years ago the West needed all the efforts on its behalf that might be mustered and Parliament was wise in taking thorough and energetic measures to develop that portion of Canada. But the necessity of twenty years ago, does not exist today. If the New York Commercial is correct, if the predictions of many statesmen and publicists are correct, then the West is well able to look after itself for a time. It is the development of the East that requires attention."

"Let Canada keep on booming the West, but let us not overlook the same duty toward the East."

"All the blame does not rest upon the Dominion authorities. The Eastern provincial governments must shoulder the major portion of it. They are largely responsible for the lack of development. Ontario might have a million more inhabitants today, had the various administrations been less concerned with holding office and more concerned with the patronage Ontario is wealthy and could spend as much annually on immigration as does the Dominion Government if it so desired."

"Perhaps what is most needed is a revival of Eastern ambition. But in that revival, the Dominion Government must take a prominent part. The fisheries, the pulp and paper trade, the ocean-going traffic, railway facilities and the revival of agriculture in the East must be part of a new national policy. It is in the interest of the Dominion as a whole that this revival shall occur immediately."

MR. SCOTT'S REPLY.

Mr. W. D. Scott, Dominion Superintendent of Immigration comes forward with a reply to the Courier's position in which he points out what is being done in the East and refers to the Eastern Townships.

Mr. Scott in his letter says:

Ottawa, Dec. 5, 1910

Editor Canadian Courier.

Sir,—In an editorial in the Courier of the 26th ultimo under the caption, "Enlarged Immigration Policy," I note that it is represented that this department is concerned only with bringing new settlers into the Western Provinces, and the reason given for this is said to be the fact that in none of the other provinces of the Dominion has the Federal Govern-

QUESTION AS TO LEGALITY OF HOLIDAY.

Coaticook, Jan. 4.—(Special)—There seemed to be something of a question as to whether Monday was a legal holiday or not. This led to some questioning around town as to whether the public offices should be kept open. It appears that the law makes no provision for Monday being a public holiday when the preceding day is either Christmas or New Year's. The law does, however, allow the Governor-General or Lieutenant-Governor to issue a proclamation making any day a holiday. Some enquiry led to the information that the Dominion Government had done this and had instructed its officers to observe the Monday following New Year's a public holiday just as had been done the week before in the case of Christmas. This settled the question, and all the public offices in Coaticook were closed on Monday.

He was discharged the last of July 1865 being mustered out at Washington, D. C. Mr. Nodding is a member of the G. A. R. Post No. 7, John G. Foster, Nashua, N.H.

In dropping from his own train, he discovered that another train was coming on the track on to which he had stepped. Early in the spring the construction will be begun of the new wing for the Seminary of St. Charles Borromeo, rendered necessary by the large increase during the past two years of the pupils. The plans have been prepared by Mr. J. W. Gregoire and call for an addition of 50 feet in length by 120 in depth, and five stories in height, situated at the east end, near the Convent St. Famille. The cost will amount to some \$75,000, and when finished will make the Seminary one of the largest and most imposing structures in the city.

THE MUSICAL FOUR.

The third number of the Y.M.C.A. Concert Course was not in the same class as the previous numbers. This was made unfortunate by the management of the Y.M.C.A. have written the Booking Bureau scoring them for recommending this company so highly. This was the only number on the course not personally known to Mr. Reid, and he engaged it on the recommendation of Mr. White of the White Entertainment Bureau.

The remaining numbers of the Course are touched for by Mr. Reid, and will no doubt make up for the inferiority of last night's concert.

Although every member of the company was musical they seemed to lack the finish necessary to suit the somewhat critical requirements of a Sherbrooke audience.

DANCE AT THE EAST SHERBROOKE SNOWSHOE CLUB.

The informal dance given at the East Sherbrooke Snowshoe Club house on Monday night was a great success, and was largely attended. The guests were received by the patronesses, Mrs. J. Harkness, Mrs. J. H. Bryant and Mrs. W. B. Murray. The interior of the Club House was prettily decorated, and presented a most attractive appearance.

The floor was in excellent condition and with music furnished by Turcotte's Orchestra, the evening was spent very pleasantly. Delicious refreshments were served by the ladies in charge, who spared no time nor effort to make the affair the success which it was.

Teams were provided to convey the guests from the street cars to the Club House and back after the dance.

The ladies of the Club deserve great credit for the very successful manner in which they handled this pleasant function.

LATE MRS. JOHN BLUE, EUSTIS.

Mrs. John Blue, widow of the late John Blue, for many years superintendent of the Eustis Mines, passed away in the old home on Sunday morning, January 1st, after a long and distressing illness. Since the death of her husband amid such tragic circumstances, three years ago, Mrs. Blue, whose health had been failing for some time previous to her bereavement, has lived in strict retirement, and the beneficial activities that made her such a beloved character in the community in earlier years, have since been necessarily discontinued, but they can never be forgotten by those who knew her in those days, for there was a charm about the character of her life which will long compel the effort to keep her memory green. A gentle and loving wife, a ready and skillful nurse, a tender and devoted mother, a warm hearted, helpful friend—it is not too much to say that all who were brought within the sphere of her influence were helped, strengthened and elevated. For nearly thirty years, whatever ill befell, Mrs. Blue was the common friend and counselor of the whole community. Many a sick child, since grown to rugged manhood, will remember that it was her kindly hand that soothed his pain, and many a mother, distraught with domestic cares and anxieties, reflects the sympathy, encouragement and help Mrs. Blue graciously and readily rendered, but the extent of the manifestations of her goodness "Unto the least of these," will not be known until that day on which such acts as she daily unostentatiously performed shall receive their just reward.

The funeral, which took place yesterday afternoon, was largely attended. A service was conducted in the old home by the Rev. G. Ellery Read, of Sherbrooke, who made touching allusion to the life and works of the late Mrs. Blue. Her favorite hymns were sympathetically rendered by Sherbrooke friends. Interment took place in Elmwood Cemetery, Sherbrooke, the bearers being Messrs. C. N. Martin, Hy. Martin, Captain Jas. Veer, and Walter Odell. The chief mourners were: Sons, Messrs. Allan and James Blue; brother, Mr. McClymont; sons-in-law, Messrs. Clifford Wiggett, Ashley Jackson and Harold Hyndman; nephews, Messrs. Alex and Harry Blue, Fred Baldwin, Alex. McClymont.

Beautiful floral tributes were received from relatives and friends: The Family, Gates & the Blue family; cross; The Eustis Mining Co. pillow; Mrs. John Wiggett, sickle; Mr. and Mrs. Dresser, roses; Mr. and Mrs. Adsit, pillow; Mrs. Craig, carnations; Mr. and Mrs. C. N. Martin, carnations; the Ladies' Aid, wreath; Mr. and Mrs. G. Davis and family, wreath; Mr. and Mrs. J. S. Mitchell, wreath; Mr. and Mrs. Robt. Veer, wreath; Mr. and Mrs. W. Wiggett, sheaf; Mr. and Mrs. J. H. Veer, roses and carnations; Mr. Bert Beattie, roses and carnations; Mr. and Mrs. Franklin Pearce, wreath; Mrs. Rankin and family, cross, the Burgoyne family, wreath; Mr. and Mrs. T. Murphy, carnations; Mr. J. McCabe, carnations; Mr. Willie Green, carnations; Mr. and Mrs. J. H. Veer, cross; Mr. and Mrs. Odell, carnations.

IMMIGRATION AND EASTERN CANADA

(Continued from Page 1.)

ment control of the ungranted lands. The facts are scarcely as represented in this editorial. For some years now we have been making a strong effort to provide farm help and domestic for the farmers of Ontario and the Eastern Townships of Quebec, as these seem to be the parts of Older Canada most affected by migration of farmers to the West. At the present time we are distributing in the Old Country pamphlets relating to every one of the Eastern Provinces, including Quebec and Ontario. We publish a pamphlet dealing especially with the settlement of Northern Ontario; and, while it is true that the Federal Government has no control of ungranted lands in provinces east of Manitoba, yet this does not prevent our effort to bring to the notice of intending settlers the advantages of settlement in the Eastern Provinces.

We have now ninety employment agents scattered throughout Ontario, engaged in placin' farm laborers and domestic servants. Each of these agents is put in touch with the steamship booking-agents in the British Isles, in order that they may the more easily secure the desired amount of help. Employment agents in Ontario are paid a commission by the Federal Government on all immigrants, agriculturists and domestic so placed; in addition to which the Dominion Government pays the steamship booking-agents in the Old Country a bonus upon farm laborers and domestics coming to the Eastern as well as the Western Provinces, so that there is no special advantage to the booking agents to send immigrants to the West rather than to the East.

That our efforts have been productive of some results I may point out to you that for ten years, July 1st, 1900, to March 31st, 1910, Ontario received 323,864 immigrants, which was far in excess of the number received during the same period by any other Province in Canada. During the same period Quebec received 215,906, and the Maritime Provinces 60,265, a total for the Eastern Provinces, including Ontario, of 600,035. Manitoba, Saskatchewan and Alberta received during the same period a total of 706,275.

In the Eastern Townships of Quebec we also have quite a number of employment agents, who do their work and are paid in the same way as similar agents in Ontario.

In addition to the efforts made by this department to advertise each province, most of the provincial governments have representatives in the British Isles, who co-operate with our agents in every possible way. Not only do we distribute literature, but we have frequently sent special delegates from the Eastern Provinces of Canada to the British Isles. We have now over there or going over, three or four representing the Province of Ontario, and at least one representing the Eastern Townships of Quebec. We have also one representing Prince Edward Island.

Much more might be said along the same line, but I think from the above you will see that your criticism of our policy is scarcely in accordance with the actual facts of the case.

Yours very truly,
W. D. SCOTT.

LATE CANON ISAAC BROCK.

The Rev. Canon Isaac Brock, whose death occurred at Kentville, N.S., on the first day of the year, was well-known in Sherbrooke and his death will be much regretted by old residents of the city. The late Canon Brock was born in England in 1825, and was educated at Oxford, graduating in 1868. He came to Canada as Principal of Huron Theological College, London, Ont., and later became assistant to the late Rev. Dr. C. P. Reid, Rector of St. Peter's Church, Sherbrooke, succeeding Dr. Reid on the latter's retirement. He was a man of profound knowledge and scholarly attainments, a sound Churchman, and an able preacher. He resigned from the Rectorship of St. Peter's Church to become Headmaster of Bishop's College School, Lennoxville, but he only held this position a short time, and in the year 1883 removed to Nova Scotia and was made President of King's College, Windsor, a position he filled until he went to Kentville, N.S., as Rector of St. James Church. Eight years ago he sustained a paralytic stroke and since that period has been a semi-invalid.

Rev. Canon Brock is survived by six children, three sons: Messrs. C. Brock, of Omassee, Neb.; Arthur and Alfred Brock; and three daughters, Gertrude (Mrs. Raymond of Woodstock N.B.); Miss Kathleen Brock, trained nurse in Montreal and Edith, with whom he has made his home for several years. His wife predeceased him some time ago.

He had let the mare to a couple of young men to go into the country. While driving they saw another team approaching them at a furious rate. It was soon manifest that the driver of the team was drunk, so these two pulled out and gave the man the wheel of the road, but not sufficient to successfully pass. The shaft of his sleigh came in contact with Mr. Smith's horse, driving it into the shoulder for a sufficient distance to threaten the life of the animal. FLYNN—MORRISON. Scotland, Jan. 4.—(Special)—A very charming and pretty wedding took place at the home of Mr. Norman Morrison, when his sister, Miss Jane Catherine was united in marriage to Mr. Wm. Flynn, of Toronto, Ont. The bride, who was given away by her brother, Mr. N. Morrison, looked very charming in a dress of white messaline silk with yoke and undersleeves of white silk embroidered net, the bodice and tunic trimmed with silk embroidered insertion. She wore the regulation veil caught with a coronet of lilies of the valley and carried a bouquet of white roses and lilies of the valley tied with large bows of white satin ribbon. The maid of honor, Miss Sarah Mayhew, cousin of the bride, looked very pretty and girlish in pale blue embroidered silk mull with corsage bow and trimmings of blue taffeta of same shade, and carried a bouquet of white carnations. The bridesmaid, Miss Mackenzie, of Red Mountain, looked very nice in white net with Valenciennes trimming over yellow and carried pink carnations. The little ring bearer, Miss Enid Morrison, niece of the bride, looked very dainty in pink silk with pearl trimmings and carried the ring on a white satin cushion. The groom was supported by Mr. Alex. Morrison, brother of the bride. Precisely at the hour of six the bridal party entered the parlor, took their places beneath a beautiful arch of evergreens trimmed with tinsel and white roses to the strains of Mendelssohn's Wedding March played by Mrs. Arthur MacAulay of Gould who was gowned in white silk with mauve satin trimmings. The ceremony was performed by the Rev. W. T. Mackenzie, of Scotland. Immediately after the ceremony the bride and groom were hidden in the arch, were rung and after congratulations the party and guests to the number of 80 repaired to the dining room where a sumptuous supper was served. Among the guests from out of town were Mr. and Mrs. Angus Morrison, Megantic, Que.; Mrs. Wm. Barlow and Mrs. Bowler, St. Lomas, Que.; Messrs. A. and W. McArthur, D. Gillies, W. Young, H. Mevler, D. BACHELOR—ALLEN. Georgeville, Jan. 4.—(Special)—On the stroke of 12 o'clock on Wednesday, December 28, a very pretty wedding ceremony began at Bay View Farm, the residence of Mr. James Allen, three miles north of Georgeville, Que., when by the services of the Rev. John Fowkes, Methodist minister, Miss Rachel Helen Allen, and Mr. Leland W. Bachelor were made man and wife. There was a large gathering, chiefly the relatives of the contracting parties, all the way down from dear old Grandma Bachelor, who can also boast of being a great-grandmother, to the bride in arms of several of the brothers and sisters of the groom. The parlor was prettily decorated and an arch of evergreens was made under which the bridal party stood. The guests were seated in a semi-circle, the usher being the groom's father. The bride was gowned in a very pretty dress of white mull and carried a bouquet of carnations. She was attended by her sister, Miss E. Allen, who wore a dress of white lawn and who also carried carnations. The groom was attended by his brother. The bridal party marched into the parlor to the strains of Mendelssohn's Wedding March played by Miss Eva Bachelor. After the ceremony the giving and receiving of congratulations, and good wishes all sat down to a bountiful wedding supper, and soon after Mr. and Mrs. Bachelor set out for Magog, there to board the train for Sherbrooke, where they stayed till Friday evening, when they returned to the home of the groom's father, where a reception was held for them. The many and useful presents bestowed on the bride and groom were held by Mr. and Mrs. Bachelor with their uncle, Mr. Patterson, of Bolton, during the winter.

FLYNN—MORRISON. Scotland, Jan. 4.—(Special)—A very charming and pretty wedding took place at the home of Mr. Norman Morrison, when his sister, Miss Jane Catherine was united in marriage to Mr. Wm. Flynn, of Toronto, Ont. The bride, who was given away by her brother, Mr. N. Morrison, looked very charming in a dress of white messaline silk with yoke and undersleeves of white silk embroidered net, the bodice and tunic trimmed with silk embroidered insertion. She wore the regulation veil caught with a coronet of lilies of the valley and carried a bouquet of white roses and lilies of the valley tied with large bows of white satin ribbon. The maid of honor, Miss Sarah Mayhew, cousin of the bride, looked very pretty and girlish in pale blue embroidered silk mull with corsage bow and trimmings of blue taffeta of same shade, and carried a bouquet of white carnations. The bridesmaid, Miss Mackenzie, of Red Mountain, looked very nice in white net with Valenciennes trimming over yellow and carried pink carnations. The little ring bearer, Miss Enid Morrison, niece of the bride, looked very dainty in pink silk with pearl trimmings and carried the ring on a white satin cushion. The groom was supported by Mr. Alex. Morrison, brother of the bride. Precisely at the hour of six the bridal party entered the parlor, took their places beneath a beautiful arch of evergreens trimmed with tinsel and white roses to the strains of Mendelssohn's Wedding March played by Mrs. Arthur MacAulay of Gould who was gowned in white silk with mauve satin trimmings. The ceremony was performed by the Rev. W. T. Mackenzie, of Scotland. Mr. Arthur Blakeley, a celebrated organist, of one of the Toronto Churches, assisted by a lady soloist from Montreal, will furnish the music. "LADY WILKES" INJURED. Coaticook, Jan. 4.—(Special)—Mr. William Smith came very near losing his trotting mare, Lady Wilkes, this week. He had let the mare to a couple of young men to go into the country. While driving they saw another team approaching them at a furious rate. It was soon manifest that the driver of the team was drunk, so these two pulled out and gave the man the wheel of the road, but not sufficient to successfully pass. The shaft of his sleigh came in contact with Mr. Smith's horse, driving it into the shoulder for a sufficient distance to threaten the life of the animal. The young man driving the other rig did as some automobilists do in case of accident. He drove right on without even stopping to see what injury he had done.

THE SAW MILL BRIDGE.

The report of Messrs. Duckworth & Boyer, the engineers in charge of the erection of the Saw Mill Bridge, reported that the structure was now almost completed.

Messrs. Ross & Holgate, who had charge of the inspection of the famous Pier No. 3 advised that the city pay Mr. Wolfe the sum now due him. A resolution was passed leaving the matter of the settlement with Mr. Wolfe in the hands of the City Attorney, the engineers and the Road Committee.

THE \$2000 GRANT TO THE BOARD OF TRADE.

The City Attorney reported that the City had no right to vote the sum of \$2000 to the Board of Trade, under the present Charter. Mayor Cate intimated that when the resolution granting this sum was passed it was added that if the Charter did not give the power, it should be changed.

Ald. Jencks moved that the City Attorney take up the matter of having the Charter amended. The motion was seconded by Ald. White and carried. Ald. McManamy voted no, adding that he was bound to defeat it.

"VICIOUS RETALIATION" SAYS AID. McMANAMY.

A letter was read from Ald. McManamy, in which he complained of the building now being erected between his store and the Grand Trunk by the Grand Trunk. In this letter Ald. McManamy drew the attention of the Council to the fact that the Company was building, in the heart of the city, a building that would certainly not be a credit to that part of the city.

Ald. Denault explained that the Grand Trunk had heard he intended building an elevator on the C. P. R. and to retain his business had offered to build him the one now under construction.

bring it to the attention of the Council. He suggested that a committee be appointed to look into the matter. The Aldermen present did not seem anxious to take hold of the matter and ordered the letter filed.

Ald. Denault replied that Ald. McManamy's reference to his dealings in connection with the bed of the river case were false. McManamy, Denault, J.A. Gauthier and Dr. Pelletier had made application for these rights. If there was any hold up Ald. McManamy's application was there with the rest of them.
