GOUIN GOVERNMENT DOOMED TO MEET DEFEAT AT THE POLLS

A Landslide in Favor of the Opposition Candidates a Foregone Conclusion--Even
Liberals Realize the Inevitable

WEDNESDAY, 15TH, WILL TELL THE TALE

Only two days left for the Gouin Government to enjoy the sweets of office. On Wednesday evening next, when the electors will have cast their votes, and the count of the ballot boxes made, the Liberal candidates will have the surprise of their lives. This is not the mere opinion from Opposition sources, but from the firm conviction of a careful canvass of all the constituencies involved in the contest. Even many electors who returned from the rural constituencies late last night admit that the fight not only was serious but looked black for the Government candidates.

The change of sentiment in every section of the Province is now very apparent that the Gouin Government is doomed, not by a small majority, but by an avalanche of public opinion, and on Thursday next Mr. J. M. Teller, the present leader of the Opposition, will change places with Sir Lomer Gouin, the former being called to form a Conservative administration, while the latter will be returned to private life.

In the meantime the Government candidates are putting up a desperate, though losing battle, resorting to every conceivable device to reach the electors favor, but in vain. They seem to have money in abundance and whiskey galore to bribe and demoralize the electors in the rural districts, but will find to their cost that temperance is a better argument to secure success these days than the means of bribery and debauchery. The electors in several of the constituencies who had the poisonous liquid thrown upon them by the so-called temperance government, have emptied some barrels of beer and gallons of highwines into the gutters. The writer spent yesterday in the County of Quebec, where the Opposition candidate, Mr. Allyn Taschereau, is destined to defeat the Government candidate, Mr. Delage, and was surprised to observe the abundance of liquor stored in various houses by the friends of the Government candidate to intoxicate the electors and persuade them to vote against their conscience. The electors of Quebec County are, however, wise to the game, and even old and staunch supporters of Mr. Delage in former days, are deserting the sinking ship, and flocking to the side of the Opposition standard bearer. It is no longer a question of Mr. Allyn Taschereau's victory, but the size of the majority that will be accorded him on Wednesday next, and this result is certain, notwithstanding the scurrilous slanders that are being spread broadcast over the county to blacken his character, and the lying productions of the Soleil, in their villanous attempt to check the tide of electors in his favor. Mr. Taschereau is in the meantime zealously attending to his campaign interests. He will take care of his slanderous foes after the election in the courts of justice.

From the numerous reports received at the Opposition headquarters in Quebec city, which all predict an inevitable landslide in favor of the Opposition, it is estimated that the defeat of the Gouin Government will even be more pronounced than the defeat of the Laurier administration on the 21st September last.

PORTNEUF COUNTY.

The contest in Portneuf County, where the Prime Minister, Sir Lomer Gouin, is opposed by the young newspaper reporter, Mr. Edmond Chasse, is a surprise. Mr. Chasse is making a vigorous fight, and is meeting with good receptions in every parish of the

county he visits to convince and address meetings. Yesterday afternoon Sir Lomer Gouin, accompanied by Mr. A. Marchand, advocate, encountered Messrs. Chasse and L. Stafford, advocate, in a joint meeting at St. Casimir. At this meeting Mr. Stafford referred to Premier Gouin's pretended espousal of the cause of temperance, while he had under consideration the building of a restaurant in the inner court yard of the Parliament House. In the afternoon the same candidates addressed a large meeting at St. Alban, where Sir Lomer insisted on the privilege of a reply. The speeches were extremely vigorous, especially on the part of Mr. Stafford, who severely arraigned Premier Gouin's extravagance. In his reply Sir Lomer lost his temper and spoke wildly. Mr. Chasse has already addressed 30 meetings, and will address seven more in various parts of his county to-day and to-morrow, and will remain in the county until after the close of the polls.

QUEBEC WEST.
Mr. Chas. Smith is meeting with phenomenal success in Quebec West, and is sure to defeat the Government candidate, Mr. Kaine, by 300 votes. On Saturday evening last he held a meeting at the St. Lawrence Club rooms, Champlain street, which was the largest meeting of electors witnessed in Champlain street in twelve years. Mr. John O'Connor, President of the Club, presided, and in a short appropriate speech introduced the candidate, who made an eloquent speech, that was received with enthusiasm. He outlined his policy, and assured the electors of Quebec West that he would fulfill his promises to the latter if elected. He also gave the electors to understand in emphatic language that he was not the candidate of any nationality, but the candidate of the electors irrespective of nationality or creed, and if honored by election would use all his energies to the best of his ability to further the interests of progress, especially in the city of Quebec, with a careful eye to the interests of his constituency.

Mr. Elz. Fiset, advocate, followed in an eloquent speech, during which he discussed the political issues of the campaign, and also made an earnest appeal for the electors to support Mr. Smith at the polls, and thus elect a man to represent the constituency who was worthy of their confidence, and would work in their interests with the Government in power at Ottawa. Mr. Alf. E. Dobell, the next speaker, extolled the merits of Mr. Smith as a gentleman of ability and character, who would be a credit to the division. He also expatiated on the importance to the public works to be undertaken by the Borden Government to rebuild the port of Quebec, the Transcontinental terminals, elevators, etc., and said the electors would be wise in their interests to elect a representative who would be in sympathy with the Ottawa Government.

Hon. E. J. Flynn, also spoke in behalf of Mr. Smith's candidature, and the eloquence of his appeal aroused the most intense enthusiasm. He made a review of the Provincial financial position, and strongly arraigned the Gouin Government for its extravagance, and falsification of the public accounts. He specially dwelt upon the condition of the finances when the Conservative regime in 1897 handed over the administration of affairs to the late Marchand Government, when the debt of the Province was at that

OFFICERS DECEIVED AND ASSASSINATED

Marshal and Deputy Sheriff
Were Killed by Negroes in
Florida.

Gainesville, Fla., May 12.—Marshal G. H. Slaughter and Deputy Sheriff Charles White of Archer, Fla., were decoyed to a lonely spot near there at 3 o'clock this morning and were assassinated.

J. A. Manning, another deputy, feigned death and escaped after being wounded. He shot one of the murderers, capturing him and his three sons, who are now in jail.

Shortly after midnight Marshal Slaughter received a message that there was a gambling game in progress among negroes on the outskirts of the town. He deputized White and Manning, and started for the scene. Everything seemed to be quiet, but when the officers started to reconnoiter they were greeted with a volley of shots.

Marshal Slaughter and Deputy White fell at the first fire. Both were dead when aid arrived. Manning also fell with a wound in his abdomen. He feigned death, and as the negro assailants started away, shot Cain Perry, one of the number, and at the point of a pistol captured Perry's three sons, who were alleged to have been implicated in the shooting.

The four negroes were placed in jail. Possible violence to them is feared.

Ben Stokes, a notorious "blind tiger" operator, was shot and killed by Marshal Slaughter several months ago. Slaughter, it was declared, was forced to shoot in self-defense.

FORMER QUEBEC CHRISTIAN BROTHER

Funeral Services Will Be Held
in New York To-Day Over
His Body.

New York, May 12.—Funeral services over the body of the Rev. Brother Christian, formerly provincial of the Christian Brothers in Montreal, Baltimore and New York, will be held in Uccantico Hills tomorrow morning at 10 o'clock. Brother Christian died in De La Salle Academy, this city, on Friday night last. Before becoming a member of the teaching order he was known as Joseph Panetton. He was born in Yamachiche, Que., in 1844.

Brother Christian taught in Quebec for five years, and for 11 years was master of novices in the head house of the order in Montreal. He was provincial of Baltimore from 1878 to 1886, and of New York from 1891 to 1896, when he again went to Baltimore. He afterward was in Belgium and San Francisco, and for the last 10 years was director of the bureau of school supplies in New York, business adviser for the province and trustee of Manhattan College.

period \$24,000,000 and showed that notwithstanding the doubling of the burdens of commercial taxation the Gouin Government had not reduced the debt, though they claimed they had, but the proof was the public debt remained at the same figure, \$24,000,000. Hon. Mr. Flynn made a masterly speech, which was punctuated repeatedly with applause, and when the meeting closed cheers were given for the candidate and Mr. Flynn.

To-night Mr. Smith will hold a meeting at Cap Blanc, and will be accompanied by the same speakers, together with Mr. Simard, Secretary of the Trades and Labor Union.

VALCARTIER.

On Saturday afternoon Mr. Allyn Taschereau, accompanied by Mr. J. J. O'Flaherty, proceeded to Valcartier parish, County of Quebec, and addressed a large and enthusiastic meeting of the electors. Mr. Taschereau, after making the acquaintance of the electors, left to address a meeting at Montmorency. Yesterday afternoon Mr. Taschereau met Charles Power, advocate, and Mr. Shee in a controversial debate. Valcartier will give the Opposition candidate a substantial majority at the polls.

CHICAGO PRINTERS WILL
NOT STRIKE IN SYMPATHY

Chicago, May 12.—By a vote of 1,099 to 655 members of the Typographical Union to-day voted not to go on strike in sympathy with the pressmen, who are now out in all Chicago daily newspaper offices.

ANSWERING THE FOOLISH.

Jones came down to town recently with a somewhat bruised and swollen forehead. His friend Briggs viewed the confusion with interest and asked:

"How did it happen, old man?"

"Collided with the hatrack last night," said Jones shortly.

"Accidentally?" asked Briggs.

"No, Briggs," replied Jones, sweetly. "I have every reason to suspect that it attacked me purposely."

MANY MEETINGS HELD IN COUNTRY YESTERDAY

Trouble Was, as Usual, Evident in Beauport--
Scandalous Conduct of Gang of Hood-
lums Damages the Liberal Cause

MR. ALLEYN TASCHEREAU WON SUCCESS

Yesterday, being the last Sunday before polling day, political meetings were held in nearly every county in the province, and in this district, in almost every case, these meetings were of a contradictory nature. Unfortunately, rain began to fall in most places about noon and had a certain effect in reducing the attendance, but the great majority of those present remained to the end of the meetings. The results as received last evening from this district is most encouraging for the opposition party, which has been daily gaining ground in the different constituencies.

County of Quebec.

The candidates had arranged three meetings for yesterday, Beauport after mass, Silly after vespers and at Ancienne Lorette in the evening, all meetings being largely attended. The parish of Beauport, which is the largest in the county, is a Liberal stronghold, and as a rule when candidates meet there is a certain amount of trouble. Yesterday's meeting was no exception to this rule, and as a free train carried about 800 Quebecers to the parish, it was surmised that something unusual was going to happen, and the 3000 spectators present were in no way disappointed.

As it was reported that Hon. L. P. Pelletier, postmaster-general, was going to be present, a regularly organized gang of hoodlums was ready to receive him with interruptions and in this they were successful to a certain extent, as Hon. Mr. Pelletier had to cut his speech short. The conduct of the crowd was at times most scandalous, and has done considerable harm to the success of the Liberal candidate, who, however, cannot be directly blamed for what occurred, in particular with the discharge of arms in a nearby barn, by a gang of young men who apparently had received orders from some leader. Messrs. Taschereau and Cannon were also interrupted during their addresses.

As stated before, this meeting was attended by several thousand people from all over the county and city of Quebec, and besides those carried by trains there were over 100 vehicles and automobiles on the main road. The meeting was started about 11 o'clock, the mayor of the parish presiding and announcing that both parties would be allowed on hour and a quarter each, with 10 minutes' reply for Mr. Delage.

The latter opened the meeting, speaking for half an hour, and was quietly listened to, and occasionally applauded by his friends. He strongly eulogized the Gouin administration for what they had done for the farmers and laboring classes, spoke of the good roads scheme, while at the same time objecting to Hon. Mr. Pelletier, the federal minister, interfering in the present election, which should be left to be fought out between Mr. Allyn Taschereau and himself.

Mr. Allyn Taschereau followed and began by referring to the lying attacks upon Mr. Laverne and himself in Le Soleil and other Liberal organs, a special denial being made to the declaration of Mrs. Guimont, of Cap St. Ignace against Mr. Laverne himself, which was read by Mr. Patry, advocate, on Friday last, in Montmagny, and which appeared in Saturday's Le Soleil. Mr. Taschereau explained the transaction to the satisfaction of the electors, who received his statement with considerable applause. He charged these Liberal organs with calumniating and making false statements against their opponents just two days before the election when they were aware that it was almost too late to bring them to time. Le Soleil makes it a business to probe the private life of anyone who is opposing the Gouin candidates and if the Liberal organ did not cease spreading out their slanderous and lying reports he would also take a hand in the game and make certain charges against two very prominent people, high up in government circles.

The opposition candidate then spoke on the provincial issues of the day, being frequently interrupted by a couple of gangs who remained together in front of the gallery, from which the speakers addressed the meeting, and among whom several well-known St. Roch's Liberals were seen to take an important part. However, notwithstanding these interruptions, Mr. Taschereau had a very large number of sympathizers present, who did not fail to give him a most hearty reception.

The next speaker was Mr. Lucien Cannon, advocate, who spent most of the 40 minutes allotted to him in speaking on federal politics and charging Hon. Mr. Pelletier and the Borden government with not having repealed the navy law, which Mr. Pelletier promised the electors to have repealed during the last electoral campaign. He then accused the postmaster-general of not having any particular party and being a traitor to

his fellow countrymen and political friends, and did not even forget to refer to Hon. Mr. Mercier and Louis Reil's death. He got his share of applause, but as Mr. Taschereau had been interrupted by Mr. Delage's sympathizers from the city, Mr. Cannon's death. He got his share of these interruptions, and he was frequently reminded to leave federal politics alone and to limit his remarks to the provincial issues. This advice from a large number of voters did not appear to please Mr. Cannon, who at times got mad and told the interruptors that whether they interrupted him or not he would take up his 40 minutes' time limit.

Hon. Mr. Pelletier then advanced and got a most enthusiastic reception, the cheering and applause lasting a few minutes. The postmaster-general by thanking his friends for their hearty reception and remarked that if he had taken off his hat it was not to the impudent beardless youth, barely out of college, who is sent around this district by the Liberal party to insult public men. (Prolonged applause.) He (Mr. Cannon) was sent out specially for that object and was like Senator Choquette, who had attacked him at Lorette on Wednesday last, but as the senator had received such a calling down on that occasion he was not anxious to meet the speaker again, and Mr. Cannon had been sent along to do the dirty work of him party. He (Mr. Pelletier) was present to approve of the candidature of Mr. Allyn Taschereau, and predicted a victory for him on Wednesday next, when the Gouin administration would be knocked out of existence. The young speaker who had preceded him, had made several charges against him and had even referred to Louis Reil and the late Hon. Mercier. He had even found fault with the present administration for not having repealed the navy act, when he was well aware that nothing could be done with the Niobe and Rainbow, which had been bought and paid for, and he well knew that Premier Borden had informed the House that nothing would be done until the navy act would be submitted to the people.

Just then a discharge of a rifle, closely followed by several others, was heard in a barn a few yards away. The gang cried out, "Here comes the Niobe." The speaker interrupted his speech and remarked, "Wait a few minutes and I will tell you all about the navy." This remark brought considerable applause from the crowd, and the postmaster-general proceeded to refer to the fact that Mr. Delage found fault with him for talking on federal matters, when his friend Cannon had not done anything else. Bang! Bang! again came from the barn, which again caused Mr. Pelletier to stop his remarks as the gang in front of the stand applauded the actions of the firing party. The mayor of the parish several times called for order, as he had done when the other speakers were interrupted, but it was all to no avail.

Finally, Hon. Mr. Pelletier intimated that Mr. Delage was aware that gangs had been organized to prevent him speaking, and that they were afraid that he would carry the meeting. Mr. Delage denied the charge, remarking that he and Mr. Alfred Robitaille, one of Mr. Taschereau's supporters, would go to the barn and have a parley with the intruders. This was done and both Messrs. Delage and Robitaille immediately advised the firing party, which was composed of young men, apparently from the county, to desist from their actions and close the barn door. The latter followed the advice given, but refused to close the barn door, claiming they wanted to be sheltered from the rain. However, as soon as Mr. Pelletier resumed his remarks the barn gang started singing, and convinced that the latter and the Quebec city crowd would keep up the noise, informed the meeting that he would not continue owing to these interruptions, and hoped that the electors on Wednesday next would not forget that Mr. Delage's friends did not want the truth to be made known.

As Mr. Pelletier was retiring, the mayor announced that Mr. Delage was entitled to ten minutes' reply, but the latter refused to speak any more, while a large number of the electors informed him that they would not allow him to speak if Hon. Mr. Pelletier did not finish his address. Thus one of the most scandalous meetings of the present campaign was brought to a close, after a few blows were exchanged among the opposing parties and the general opinion, among those who were present to hear both sides, was that the effect that the meeting would be disastrous to the Liberal candidate.

The same speakers spoke at Silly in the afternoon, when about 1,200

spectators were present. At this meeting, which was strongly favorable to Mr. Taschereau, Mr. Cannon was frequently interrupted.

In the evening another meeting was held at Ancienne Lorette, when Mr. Taschereau again met with considerable success.

Quebec East.

Between six and seven hundred electors attended an Opposition meeting at Limoulin after mass yesterday, when Mr. Huard, the candidate, and Messrs. Aime Dion, Cloutier and Gaudin, students, addressed the electors of that ward. The meeting was very enthusiastic for the Opposition candidate, who made a serious charge against Mr. Letourneau, the Government candidate, which was supported by an affidavit of a jeweller named Antouin Hamel.

St. Sauveur.

Mr. Huard, the Opposition candidate in St. Sauveur, held a very successful meeting in St. Peter's Market last evening, when about 1,000 spectators were present. Ex-Ald. Shink presided, and among the speakers were Mr. Simard, Ald. Lockwell, Ald. Fiset and Hon. E. J. Flynn, all of whom were the object of a very flattering reception. In his remarks, Ald. Fiset drew particular attention to the Federal works which were about to be started in this city and that every workman should support candidates who worked hand-in-hand with the present Federal administration.

County of Lewis.

The three candidates in this county—Messrs. Roy and Guay, Liberals, and Mayor Bernier, Oppositionist, addressed very large meetings yesterday at Notre Dame, after mass, St. Joseph de Lewis, after vespers, and at St. David in the evening. Mr. Bernier's candidature is meeting with considerable success and his election seems now to be an assured fact.

County of Montmorency.

Ald. Fiset and Ald. Lockwell looked after the interests of Mr. Laverne at St. Joachim yesterday and addressed a meeting of the residents of that parish. A workman in the employ of the Provincial Government interrupted the meeting and Messrs. Fiset and Lockwell addressed the meeting from an adjoining house.

BRITAIN WILL SAVE MONUMENTS

No More Historical Marks of
Interest Can Be Exported to
America.

London, May 12.—The House of Lords has taken effective measures to prevent the removal of further historical monuments to America.

Aroused by the many recent purchases by Americans of interior decorations of old castles and homes, the Government, through Earl Beauchamp, First Commissioner of Works, has introduced and passed to a second reading a bill entitled "Ancient Monuments Protection Bill." The bill gives the Government the right of pre-emption for the purchase from a private owner of monuments of interest, which otherwise might be sold and sent out of the country.

QUEBEC, MAY 13, 1912.

AN IMPORTANT VISIT.

Canada will during the months of June and July receive a visit from one of the most important bodies of business men and manufacturers which has ever left Great Britain on a visit to any of the self-governing dominions. The party will consist of some sixty representatives of many of the largest business and manufacturing firms of Great Britain, and will represent a capitalization of some \$250,000,000 of money. The tour is due to the enterprise of the Financial News of London, England, which of late years has devoted marked attention to Canadian affairs, and is the result of several tours of the Dominion made by Mr. W. Leonard Palmer, of the Financial News staff. Mr. Palmer was so deeply impressed during his tours by the opportunities that existed in Canada that he determined to have as many as possible of the leading business men and manufacturers of Great Britain visit the Dominion and see for themselves the possibilities that exist in Canada for commercial expansion and the establishment of branch industries.

The Dominion Government has given its warm approval and support to the undertaking. Hon. George E. Foster, the Minister of Trade and Commerce, realizing that the visit of such a representative gathering of business men from Great Britain cannot fail to prove of the most marked benefit to the Dominion and also tend to strengthen the commercial ties between Canada and the Mother Country.

The party which is accordingly coming out under the auspices of the Canadian Government will sail from Liverpool on May 31st, and will arrive at Quebec on June 6th, when they will be officially welcomed to the Dominion. From Quebec the party will proceed by a special train on their tour of the Dominion, first visiting the Maritime Provinces and subsequently the Provinces of Quebec, Ontario, the Western Provinces and British Columbia.

Such a tour as this will be a real Imperial mission and cannot fail to do an immense amount of good. It has long been a matter for comment that while we get enormous sums out of the British Isles for the development of this country, the British investor usually sends his money over but does not come over to see what is being done with it. He leaves it in our hands. On the other hand, the American investor usually comes over with his money and uses his own brains and his own hands to make it profitable.

This is evidently going to be changed, now, thanks to the initiative of the Financial News and the assent of the Dominion Government as represented by Mr. Foster. These men who are coming will see Canada from the Atlantic to the Pacific. They will be eye-witnesses of its progress and prosperity and its illimitable capacity. No doubt they will return home impressed with the knowledge that Canada is their best market and that she will buy from them when they give a little more attention to her needs. Not that she is not buying largely of her already, but the sales will be far greater if the salesman studies the opinions of his customers.

COSTLY PRAISES.

It costs the Province large sums that the Ministerial organs such as Le Soleil, the Daily Telegraph and La Vie of Quebec or the Herald and Le Canada of Montreal may be enabled to keep on singing the praises of the Gouin outfit and deceiving the public.

Perhaps—we hardly believe it though—there still linger a few anti-diluvian specimens who really do think that these papers are publishing the kind of stuff that has filled their columns lately because they think it is in the public interest.

Let them, however, consult the documents of the session of 1911 and they will there find out what has been paid by the Government to these sheets since July 1, 1905, up till March 24, 1911. They will find the following sums:

Soleil \$211,602.56
Canada 136,258.45
Daily Telegraph 70,114.76
Montreal Herald \$1,290.22

These are the big drums. Let us take the smaller ones.

La Vie, the organ of Mr. Taschereau, the Minister of Public Works, had received \$26,794 for four years' work.

Hon. Mr. Allard's organ, Le Courrier de Sorel, had received \$24,326.

Hon. Mr. Decarie's Bulletin had raked in nearly \$4,000.

Le Canada Français de St. John had \$14,783.

L'Union de Ste. Hyacinthe had received \$2,361.

L'Union des Cantons de l'Est, Hon.

NOT SALTS, OIL OR PILLS BUT CASCARETS

No Odds How Sick Your Stomach; How Hard Your Head Aches or How Bilious—Cascarets Make You Feel Great.

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

A Cascaret at night will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

Mr. Mackenzie's organ, had been paid \$2,567 for two years' praise.

Le Progrès, de l'Est had \$1,653. The saintly Witness had received \$4,871.

To sum up, we learn from the document in question that the King's printer had within these four or five years paid out the stupendous sum of \$550,615 to these political sheets.

They have received more than half a million in that period for boosting the Gouin Government. Is it likely they are going to tell the truth when they are paid such sums as these to do otherwise?

STICKS AT "ADJUNCT."

The Hamilton Herald was one of the late campaign champions of the Taft-Fielding reciprocity pact.

But that journal has received new light on the subject from the statement in Taft's letter to Roosevelt that the purpose of the pact was to make Canada an adjunct of the United States.

It manages, however, to extract a little comfort from the revelation or exposure because it recognizes that the whole scheme is now dead and buried.

In this connection it says: "It may be to reconcile ardent Canadian advocates of reciprocity to the death and burial of the reciprocity pact. There is not much chance of its revival, and it is well that its friends should cease to waste energy in efforts to revive it."

That is the view taken as to the meaning and force of Taft's "adjunct" letter by a journal whose reason is not overborne by prejudice and which does not seek to bolster up a bad cause at the expense of truth.

THE MONTREAL PRISON.

One of the pieces of work that shows up the incompetency and extravagance of the Gouin regime is the unfinished Montreal prison.

This was begun in 1907 and goodness knows what it will have cost by the time it is completed.

I that year Sir Lomer asked to be authorized to pay for the work by an issue of bonds that should not exceed \$750,000.

In 1907 he asked that this sum should be doubled. At the present time more than two millions has already been spent on this contractor's palace.

Why is this prison so costly. Because it is fitted out with marble halls and all that kind of apparatus. One might almost think it was being prepared for the Governor General.

If the prison, when completed, costs three millions, and it certainly will not cost less, this means a sum of \$120,000 interest annually. Besides this there are the salaries of officials, the cost of maintenance, heating, lighting, etc., or something like a sum of \$220,000 per annum. Put the average number of prisoners at 500 and it will be seen that each one will cost the province \$440. That is a big sum to pay for the upkeep of jail-birds.

CANADA'S DAIRY INDUSTRY.

The statistics of Canada's dairy industry for 1910 have just been issued and are particularly interesting, especially those relating to butter, cheese and condensed milk.

There were 3,628 factories in operation last year. The quantity of butter made was 59,875,097 pounds, valued at \$15,682,564. That was 23,818,358 pounds more than in 1900, and \$8,441,592 more in value. The quantity of cheese produced in 1910 was 231,012,798 pounds, which was also 10,179,529 pounds more than in 1900, but the value was \$600,776 less. Adding the condensed milk made in 1900 the total value (of butter, cheese and milk) was \$39,143,069, against \$29,731,

922, showing an increase and \$9,411,167 in the ten years.

The product of butter alone in 1900 was valued at \$7,240,972, against \$15,682,564 in 1910, and the cheese alone produced in 1900 was valued at \$22,221,430, and in 1910 \$21,620,654. The average price of factory butter was in 1900 20 cents per pound, and of cheese 10 cents per pound, while in 1910 it was, respectively, 26.2 cents and 9 cents.

Quebec takes the lead of the provinces in producing factory butter. In 1911 it produced 24,625,000 pounds, valued at \$4,916,766, against 37,346,107 pounds, valued at \$9,895,043, in 1910. Ontario, in 1911, produced 13,699,153 pounds of factory butter, valued at \$3,482,171, against 7,559,542, worth \$1,527,935, in 1910, but in 1911 Ontario produced 42 million pounds more than all the other provinces combined, its product of cheese that year being 131,967,612 pounds, valued at \$13,440,987.

GERMANY'S LATEST MOVE.

Thoughtful Europeans are looking upon the withdrawal of the German Ambassador, Baron von Biebertstein, from the ticklish post at Constantinople and his probable mission to the Court of St. James as events of vast significance in continental politics. This is the master mind of modern German diplomacy and in recognition of this fact his task for the past fifteen years has been to secure and maintain the all-important German dominance in Turkish affairs. His release in the present crisis is believed to be due not so much to an abandonment of the policy which he has been carrying out as to the greater need for his services in London.

For several years there has been a growing sourness in the relations between the two great Empires of Europe. War has been an ever-present possibility. Each nation has sought to avoid war by arming itself more terribly than the other. Lord Haldane's forceful reiteration of British policy in naval armaments seems to have complicated matters rather than to have settled the difficulty.

Both nations are eager for domination in European affairs, but they are averse to war since a great war might weaken both so badly as to leave them only second or third rate powers.

FORWARD, QUEBEC.

There is no use in denying it, the old city of Champlain is now in an era of progress.

This progress is specially noticed in St. Roch's and amongst those who are principally working for the interests of the city, is Mr. Nap. Bedard, the popular proprietor of the Merchants' Club, which is now an up-to-date restaurant. As a matter of fact, Mr. Bedard has established a cafe-restaurant, second to none in this country, as he has transformed the second story of his building into one of the finest and most luxurious dining rooms, where at least seventy-five guests can partake of a most sumptuous meal.

Mr. Bedard has secured the services of two well known chefs, who have been engaged at considerable cost by Mr. Bedard, who wishes to give entire satisfaction to the travelling public and to his local guests.

The guests will be attended to by waiters in uniform and anybody wishing to be served a la carte will have all their orders attended to.

Mr. Bedard's long experience in this line of business is sufficient guarantee for the public and there is no doubt that business men, travellers and those who cannot afford the time to take their meals at their own homes, will take an exceptional opportunity offered to them by Mr. Bedard, who is catering to a long desired want.

It is useless to insist any further upon the advantages offered by Mr. Bedard, who always succeeds in anything he undertakes and the new cafe is bound to be up to the mark.

Mr. Bedard deserves the congratulations of the public and particularly the population of St. Roch's. Bravo and success.

BY-LAW.

Concerning the Assessment on Taxable Immovables in the City of Quebec, and to Amend By-Law No. 2, Concerning Certain Personal Taxes and Others.

(Drawn up in the French Language.)

At a meeting of the City Council of Quebec held at the City Hall, on the nineteenth day of April, one thousand nine hundred and twelve (1912), in conformity to law, and in virtue of a By-law passed by this Council pursuant thereto, and after the due observance of all the formalities prescribed by the Statute in such case made and provided, at which meeting were present two-thirds of the members composing the Council of the City of Quebec, that is to say:

Present:—His Worship the Mayor, Aldermen Berube, Campbell, Cannon, Collier, Cote, Dinan, Dussault, Fiset, Emond, Gauvin, Gosselin, Guillot, Lantier, Lavigne, Lockwell, Madden, Martin, Plamondon, Pouliot, Trudel, Verret.

It is ordained and enacted by the Municipal Council of the City of Quebec as follows, to wit:

1. To contribute to the payment of the annual expenses for the use of the civic service, it is hereby imposed upon each taxable immovable property in the City of Quebec, an annual tax of one cent per dollar of the real actual value, commercial or real value of each immovable.

2. For immovables in which water from the city water works is not used, the tax for said water is of one eighth of one cent per dollar on the real annual value of each immovable.

3. For immovables in which the water works water is used, the tax for said water is one half cent per dollar on the real value.

BUSINESS TAX ON RENTAL VALUE.

Article 1 of By-law No. 2, passed by this Council on the 24th of March, 1911, is repealed and replaced as follows:

An annual tax is hereby imposed on, and shall be paid, for each person, firm or company of persons or corporations, doing or exercising in the City of Quebec, or as agent for others, any trade or business, or exercising an art or a trade, or work whatever, or profession, occupation, for profit or gain, or means of livelihood, at the rates of seven and one half per cent for every dollar of the annual assessed rental value of the house or ground occupied and employed for the above mentioned ends.

5. It is hereby imposed, and there shall be levied on the immovable property in this City, a tax of one quarter of one per cent of the annual assessed value of said property, to recover the sums payable every year by the City of Quebec in the offices of the Catholic and Protestant School Commissioners, for the keeping of schools in the City, in conformity with the law established to that effect.

6. Article 2 of By-law No. 2 is replaced by the following:

ANNUAL PERSONAL TAX FOR HOTELKEEPERS, RESTAURANT AND TAVERN KEEPERS.

2. An annual personal tax, in addition to the rates imposed by law, is hereby imposed on, and shall be paid, by every person, or company, or firm, or corporation, doing or exercising in said City, for itself, or as agent for others, the business of tavern keeper, hotel keeper, or restaurant keeper, according to the annual assessable value assessed on the place used to such end, as follows:

Of thirty-six dollars, when the assessed value of the place does not exceed two hundred and forty dollars;

Of forty-five dollars when said value exceeds two hundred and forty dollars, but does not exceed three hundred and twenty dollars;

Of fifty-six dollars and twenty-five cents when the said value exceeds three hundred and twenty dollars, but does not exceed four hundred dollars;

Of sixty-seven dollars and fifty cents when said value exceeds four hundred dollars, but does not exceed five hundred dollars;

Of seventy-eight dollars and seventy-five cents when said value exceeds five hundred dollars, but does not exceed six hundred dollars;

Of one hundred and one dollar and twenty-five cents, when said value exceeds six hundred dollars, but does not exceed seven hundred dollars;

Of one hundred and twenty-three dollars and seventy-five cents, when said value exceeds seven hundred dollars, but does not exceed eight hundred dollars;

Of one hundred and thirty-five dollars, when said value exceeds eight hundred dollars, but does not exceed nine hundred dollars;

Of one hundred and fifty-seven dollars and fifty cents, when said value exceeds nine hundred dollars, but does not exceed one thousand dollars;

Of one hundred and seventy-five dollars, when said value exceeds one thousand dollars, but does not exceed one thousand and one hundred dollars;

Of one hundred and ninety-seven dollars and fifty cents, when said value exceeds one thousand and one hundred dollars, but does not exceed one thousand and two hundred dollars;

Of one hundred and twenty dollars, when said value exceeds one thousand and two hundred dollars, but does not exceed one thousand and three hundred dollars;

dollars, when said value exceeds two thousand dollars, but does not exceed two thousand four hundred dollars;

Of two hundred dollars, when said value exceeds two thousand four hundred dollars; and for every hundred dollars over two thousand four hundred dollars;

Of two hundred dollars, when said value exceeds two thousand four hundred dollars; and for every hundred dollars over two thousand four hundred dollars an additional sum of five dollars.

7. The following article is added after article 2:

ANNUAL PERSONAL TAX FOR RETAILERS OF SPIRITUOUS LIQUORS.

An annual personal tax in addition to the rates imposed by law is hereby imposed, and shall be paid, by every person, or company, or firm of persons, or corporation, doing or exercising in this city, for itself or as agent for others, the business of retailing spirituous liquors, according to the annual assessed rental value of the place used for said ends, as follows:

Of twenty-four dollars, when the assessed value of said place does not exceed two hundred and forty dollars;

Of thirty dollars, when said value exceeds two hundred and forty dollars, but does not exceed three hundred dollars;

Of thirty-six dollars, when said value exceeds three hundred dollars, but does not exceed four hundred dollars;

Of three hundred and ten dollars, when said value exceeds five thousand six hundred dollars, but does not exceed five thousand eight hundred dollars;

Of three hundred and fifteen dollars, when said value exceeds five thousand eight hundred dollars, but does not exceed six thousand dollars;

between this city and the Dorchester Electric Company, it was stipulated that if the city decided to erect or place itself and at her own expense in certain streets, or in other parts of the city, certain metallic poles and electric wires to install certain lights, the said Dorchester Electric Company bound itself to supply to the city the electric power or current for the said light at certain specific prices, which contract was declared valid by the Act of Legislature of this Province, 2 George the Fifth, chapter 55.

Considering that by the article 6 of the last mentioned statute, this city is authorized to make special loans by means of bonds issued according to the dispositions of the said Act.

Considering that this Council deems it useful and advantageous to order at once the establishment of a partial system of said lighting by erecting in certain portions of the city poles and electric wires supplied with the electric current furnished by the said Dorchester Electric Company.

It is in consequence ordered and enacted by the Municipal Council of the City of Quebec, and the said Council orders and enacts as follows, to wit:

1. This Council hereby authorizes the purchase and the erection in the streets and public places of this city of poles and metallic wires supplied with the necessary and useful apparatus and accessories for the establishment, under city control, of a system of lighting with electric power or current supplied by the Dorchester Electric Company, at the prices agreed upon between the city and the said company, as per contract between the city and company bearing date the 28th of January, 1912, before Joseph Allaire, notary.

2. In order to provide payment of the cost of material and works for the establishment of the said system of lighting, this Council hereby authorizes the issue, as fast as necessary, of bills of the municipal treasury of the city in conformity with the said statute, 2 George the Fifth, article 6, up to a sum not exceeding thirty-five thousand dollars.

3. The City Engineer is authorized to call for tenders for the supply of materials and the execution of the works for the purposes above mentioned, in order to establish the said system of lighting in such portions of the city which shall be mentioned in the call for tenders, the whole subject to the approval of this Council, as in the case of other public works ordered and regulated by this Council, in conformity with the law and with the by-laws of this Council.

4. When the apparatus for the said lighting shall be placed in certain places where they may be exposed to damages through the fall of ice or snow coming from the roofs of buildings, the proprietor of said building shall place on the edge of the roof of said building a snow fender or an appropriate and convenient protection bar to prevent the fall on the said lighting apparatus of any snow or ice or objects of a similar nature to damage the said lighting apparatus.

5. If the owner of a building in this city omits or neglects to place on the edge of the roof of his building a snow fender sufficient to prevent the fall on the said electric lighting apparatus of snow or ice or other objects liable to damage the said lighting apparatus, such proprietor shall be liable to a fine not exceeding forty dollars, and in default of payment of the said fine and costs, to an imprisonment for a space of time not exceeding two months.

6. Every doctor must pay an annual tax of two dollars and fifty cents for each and every horse he possesses and he habitually employs for his visits to his patients.

10. An annual tax is imposed and shall be paid, by every person residing in the City, possessing, keeping or employing vehicles for his pleasure or for amusement, at the following rates, to wit:

For one or more vehicles, four wheels, drawn by two horses, twenty dollars—and with said tax said person may possess for their pleasure four wheel and two wheel vehicles drawn by one horse.

When said person has no four-wheel vehicle, drawn by two horses, but possesses one or more four-wheel vehicles, drawn by one horse, said tax is of eight dollars, and with said tax the said person can also possess other two wheel vehicles.

When said person has no four-wheel vehicles, but only one or more two wheel vehicles, said tax is of six dollars.

11. In consequence of the preceding article, article 32 of said by-law No. 2 is hereby repealed.

12. Article 24 of said by-law No. 2 is repealed, and replaced as follows: The price for licenses to keep stalls outside of the markets, to therein sell butchers meat and other provisions which are ordinary sold in market halls and public markets, in the City, is of thirty dollars, if the stall is situated outside Limoilou ward.

It is also of thirty dollars of the stall if situated in Limoilou ward on third street of same ward, or on Beauport road in said ward.

13. The present by-law shall be enacted on the first day of May, 1912.)

BY-LAW NO. 23.
Concerning the Lighting of Certain Portions of the City.

(Drawn up in the French Language.)

At a meeting of the Municipal Council of the City of Quebec, held on the twenty-sixth day of April, one thousand nine hundred and twelve, the following by-law was read for the first time:

Considering that by the Act of Incorporation of this city, 29 Victoria, chapter 54, article 29, paragraph 34, this Council is authorized to make by-laws to light the city all over, or in certain portions thereof.

Considering that in a contract made and passed on the 28th of January, 1912, before Joseph Allaire, notary,

MEETING OF SCOTTISH RITE MASONS

Large and Distinguished Gathering Took Place in Quebec On Saturday.

A memorable Masonic function took place on Saturday when Quebec Grand Lodge of Perfection, A. & A. S. Rite, was visited by a number of distinguished brethren, including Illustrations Bro. Chas. Hagar, 33, Provincial Deputy Ill. Bro. Benjamin Allen 33, and Ill. Bro. McDougall 33, members of the Supreme Council, Ill. Bro. Walter Hagar 33, Ill. Bro. W. McCombe 32, and Ill. Bro. Hall 33.

A class of candidates received the degree at the hands of the officers of the local lodge in impressive style, the attendance at the meeting being a large one.

After the degree work a most enjoyable social gathering was held when several speeches of a high order of merit were delivered.

GLAD HE WENT TO PRISON.

Peter Muller, aged 20, self-confessed safe-blower, is grateful to everyone who had any part in sending him to the reformatory at Boonville, Mo.

He has a regular berth on the reformatory baseball team, is rapidly learning his trade as a bricklayer, is attending church every Sunday and getting the rudiments of an education. For these things he writes Butler Disband, assistant United States attorney, that he is grateful.

Muller was sentenced to the reformatory by Federal Judge Lewis for taking part in the robbery of the postoffice at Bellevue, near Fort Collins. George McWilliams and Wayne Douglas, his companions, were given three and five years, respectively.

Muller writes that he is glad he is in jail, says that he is making a fine record and feels that he had not been arrested and sent to Boonville he would have become a social outcast and made safe-cracking his life business. The Bellevue robbery was his first offense.—Philadelphia Inquirer.

STATES BAN SCHOOL FRATS.

Crusade Against Them Becomes Country-Wide.

An effort is being made by school authorities throughout the United States to break up or restrict high school fraternities. Twenty-five states are in a crusade which the law-makers and school officials of the country are waging. Thirteen states have passed legislation hostile to secret orders, while school boards of leading cities in 12 other states have adopted like measures. This is the information received by the bureau of education.

The courts have upheld the school authorities in dealing rigorously with the high school fraternities. Offending pupils, the courts hold, cannot be barred from participating in classroom exercises, but can be barred from all athletic or other contests.—Philadelphia Record.

ELEPHANTS CLEVER WORKERS

Those in Siam Perform Immense Amount of Labor.

An immense amount of labor is accomplished by the clever elephants in the Siamese timber yards. In handling the lumber the elephant, it has been estimated, does the work of 25 men. Many of the big pachyderms do their work with human intelligence. They draw large logs from distant parts of the yard to the saw mill and place them without assistance just where the men can most conveniently adjust them to the saw. Each log has to be lifted to a platform. The elephant first lifts one end to its place and then the other end, after which he surveys it carefully to ascertain whether it lies just as it should. If it does not, he continues to push and work it until it is exactly right.

He lifts a huge log by thrusting his tusks under it, and when he lifts he keeps it steady with his trunk. A big elephant will lift in this way a log that would be a good load for 20 men.

Other elephants will at the same time be piling up boards in square, even piles. They survey them by the knowing look of the carpenter and continue to push and arrange until they have made the heap perfectly square and regular.

Perhaps the most curious sight in a Siamese timber yard is that of young elephants learning to do these things. The youngster walks alongside of an old one at work and learns his future trade by merely looking on and observing the various processes. After a while he feels the stirrings of youthful ambition within him and tries his own tusks upon a log of moderate size. He lives and learns like an apprentice in a shipyard.

Each elephant has its keeper, who, with his family, lives close to its stable. The elephant is as much a member of the keeper's family as is the Irishman's pig, "the gentleman who pays the rent." The children play about the elephant's enormous legs, get under his body, and take hold of his trunk. When he is fed of them he pushes them away gently, but never hurts them.—Harper's Weekly.

WELSHMEN OF BALTIMORE lately organized an "old sod" society, which leads the American of that city to remark that "Wales comes quite as near having a living language of its own as does either Scotland or Ireland." Well, yes, considering that the Welsh language has never ceased to be spoken in Wales and is understood by all native Welsh people, while the Celtic tongue is practically dead in Scotland and is a "revival" in Ireland.

GRAND MASTER WILL BE PREACHER

Annual Masonic Service Will Be Held at the Cathedral On the 22nd Instant.

The Masonic church service, which has now come to be one of the most eagerly anticipated functions of its kind held annually, will take place on Wednesday, May 22, at 8 p.m., in the Cathedral of the Holy Trinity, by kind permission of the Very Revd. Dean Williams and the other Cathedral authorities.

Those who were privileged to attend last year's service will recollect what a treat was provided musically and otherwise on that occasion, and may look forward to an equal one on this one.

A rather remarkable feature of it will be that the sermon will be preached by the Revd. Frank Charters, Grand Master of the Grand Lodge of Quebec, who is an earnest and convincing pulpit orator. All visiting brethren will be welcomed, and the final arrangements will be announced in an early issue of the Chronicle.

ENTIRE SKY PHOTOGRAPHED.

Put Together, Map of the Heavens Would Cover Five-Acre Lot.

A photographic map of the entire sky showing about 1,500,000 stars has been prepared in sections by the Harvard University astronomers. Placed together, the map sections would cover more than five acres. They measure approximately 440 by 550 feet.

According to the annual report of the director of the observatory just issued, 3,796 photographs of stars were made there during the year ended Sept. 30.

The report says that as a result of 30 years' work and the expenditure of \$1,000,000 the observatory is to-day ahead of all other similar institutions in the world in the matter of photography and spectroscopy.

THEY ARE MOLLYCODDLES.

Chicago Boys Couldn't Name Best Batter in National League.

Who were the 12 disciples? This easy question put 100 boys of Lake Forest Academy in profound perplexity. They were undergoing their yearly knowledge test. Hundreds of questions were in the examination. When the papers were turned in, one by one, by the puzzled young men, Headmaster William Mather Leeds observed that the only question that none had answered correctly or even passably was, "Who were the 12 disciples?"

The next query that was "muffed" the oftener was "Who led the batting list in the National League last season?"

"As Chicago didn't have a winning team last year, we can't blame the boys for forgetting such ephemeral things as names of ball players," Headmaster Leeds said.

THE SELFISH BRUTE.

The usual large crowd was gathered at the New York end of the Brooklyn Bridge waiting for trolley cars. An elderly lady, red in the face, flustered and fussy, dug her elbows into convenient ribs, irrespective of owners.

A fat man on her left was the recipient of a particularly vicious jab. She yelled at him: "Say!"

He winced slightly and moved to one side.

She, too, sidestepped and thumped him vigorously on the back.

"Say!" she persisted, "Does it make any difference which of these cars I take to Greenwood Cemetery?"

"Not to me, madam," he answered, slipping through an opening in the crowd.

Stick to
The Old Habits
If you are perfectly well.
If not, Change

(See any fault in that philosophy?)

Thousands continue to "coddle" to old habits such as coffee and tea drinking; refusing to believe their aches and ills are largely due to CAFFEINE poisoning. (CAFFEINE is the DRUG in coffee and tea.)

Many are awakening to the TRUTH about coffee and tea, and change to—

POSTUM

It is made of wheat, and is a rich, palatable food-drink—free from CAFFEINE or any other drug.

Tenders for cutting through a block of houses bought by the city to prolong Bagot street from Demers street to St. Joseph street.

CITY HALL.

Quebec, May 2, 1912.

Public Notice is hereby given that sealed tenders endorsed "Tender for demolishing," and addressed to the undersigned will be received up to the eighth instant at 4 o'clock p. m.

The tenderer will be obliged to cut through the buildings a width of 40 feet more or less as shown on plans prepared to that effect, said forty feet to be used as a street.

All materials will become the property of the tenderer.

The work to be begun on the day following the signing of the contract and completed three weeks from that date.

The contractor to assume all risks in carrying out the work, to retain all the materials when he shall have filled the cellars and levelled the entire ground according to the city engineer's orders.

The cartage of all materials, the filling and levelling to be done by the contractor at his own expense.

After signing the contract the tenderer shall be considered the sole proprietor of all materials contained on said strip of 40 feet.

The contractor shall be held responsible for any damages caused to the walls of the house adjoining and to the east of the property to be demolished and belonging to Mr. Vailancourt, marked A on the plan; in cutting through the house situated on the west side and marked B on the plan, the contractor will be bound to support the house from the cellar to the roof and do it in a workmanlike manner to ensure its solidity for the time being.

The contractor will not be called to cut through the old house marked C on the plan, but will be allowed to demolish it and remove it for his benefit.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's Office.

LULLABIES FOR HORSES.

Blacksmith Curls Fractious Animals With Songs.

Frank Sefung, a local blacksmith, is rapidly gaining prestige as the champion shoer of fractious horses in Redwood county.

He does not use straps and ropes to hold the ill-tempered animals while he performs his work. Instead he merely begins to sing weird, strange German songs, which have a hypnotic influence.

Unruly horses from all parts of the county are brought to this artisan to be shod. It is said that Sefung has potent influence to produce artificial sleep on all animals, but cannot hypnotize a human being.

RUSSIAN BALLET SALARIES.

Since the success of the Russian ballet dancers abroad their salaries and emoluments in Russia itself have considerably increased. The latest budget of the Imperial theatres shows that Mme. Kshesinskaya receives \$250 a performance, and Mlle. Preobrajenskaya \$150. Mlle. Karsavina is engaged for the season at a salary of \$3,000, increasing during the next two years to \$3,500 and \$4,000. M. Chaliapin is the

IN AND ABOUT TOWN

DEATH OF MR.
E. J. HALEWell-Known and Esteemed
Citizen of Quebec Passed
Away Yesterday.

The death took place yesterday of a well-known and highly-esteemed citizen of Quebec in the person of Mr. E. J. Hale. The deceased had been ill only for a short period, and the news of his passing away will be received with widespread regret. He was born in Quebec in 1833, being a son of the late Hon. Edward Hale. He married in 1866 Miss Sewell, of this city, now deceased, and leaves one son, Capt. R. Hale. The late Mr. Hale was educated at Bishop's College School, Lennoxville.

He removed to Sherbrooke with his parents in early childhood. Later he went to Boston, Mass., and in 1853 entered the office of J. M. Forbes & Co., china merchants, as junior clerk. He returned to Quebec in 1875 and became executor of his father's estate. He was a director of the Union Bank, and held prominent offices in connection with the Finlay Asylum, St. George's Society and other organizations for many years past. The deceased was fond of boating, fishing and shooting. He was a member of the Garrison Club and of the Stadacona Fish and Game Club.

His death will cause the disappearance of a prominent figure in local circles. His funeral will take place on Tuesday.

8TH ROYAL RIFLES

MARKSMEN.
The left half of the 8th Royal Rifles had to practice at the ranges at St. Joseph de Levis on Saturday. There was a good attendance and some excellent scores put on.

YOUNG BOY

ARRESTED FOR THEFT
Constable Frank O'Byrne, of No. 6 Station, arrested a young lad on Saturday afternoon for stealing \$8 from his mother. The lad was taken to the Central. Some \$3 of the stolen money was recovered.

YESTERDAY WAS

"MOTHER'S DAY"
Throughout Canada, and, in fact, in very many lands, but its celebration in this country is far more prominent than in any other. A white flower in memory of a mother who sleeps forever and a colored one for living mothers is expected to be worn by sons and daughters.
There were quite a number of roses to be seen in Quebec yesterday.

"THE GAY MUSICIAN."

One of the biggest musical attractions to appear in Quebec this season will be M. J. Kavanagh's presentation of Julian Edwards' famous musical comedy "The Gay Musician," which will be the attraction at the Auditorium. "The Gay Musician" has been presented in the leading cities of the country at the principal theatres and everywhere it met with lavish praise from both press and public. The charm of "The Gay Musician" is that it is of a neat and most refined order, and vulgarly finds no place in its presentation. In New York, Boston, Philadelphia, St. Louis and other large cities, "The Gay Musician" proved to be the musical hit of the season. Among the principals may be mentioned Gertrude Taylor, Lottie Kendall, Maude Miller, Fritz Klingel, Roger Grey, Harold Rehill, Hayden Clifford, Roy Torrey and other as equally well known. A feature of the production is the powerful singing chorus. "The Gay Musician" will be at the Auditorium for one week commencing May 20th. Seats on sale Wednesday.

DR. J. DOBBIN REINSTATED.

Dr. J. Dobbin, one of the medical inspectors, in connection with the arrival of immigrants at the Port of Quebec, who was given his commission along with four other medical officers in April last, has been reinstated through combined efforts of Hon. L. P. Pelletier and Mr. Charles Smith, the Opposition candidate in Quebec West. The dismissal of Dr. Dobbin in fact was a mistake and as soon as the Minister of the Interior, Hon. R. Rogers, learned from the Postmaster General and Mr. Smith that Dr. Dobbin had not taken any part in politics or was partisan to the least extent in the last Dominion general elections, Hon. M. Rogers immediately ordered his reinstatement, and Dr. Dobbin, in response to a telegram to that effect, went on duty on Wednesday last, when he proceeded to Rimouski to meet the steamer Empress of Ireland, due to arrive in port this morning.
The day following the official document, confirming his reinstatement, arrived in Quebec from Ottawa.CHURCH PARADE
OF THE GARRISONFine Turn Out of the Local
Regiments Took Place Yesterday.

The annual garrison church parade which took place yesterday morning was a large and imposing one, and was witnessed by great crowds of people all along the route of march. The Protestant members of the garrison proceeded to St. Matthews' church and the Roman Catholics to St. Jean Baptiste church. At the former, Rev. Canon Scott, one of the chaplains of the 8th Royal Rifles, officiated, and at the latter, Rev. Father O'Leary, the Catholic chaplain.

The parade was in command of Lieut.-Col. J. P. Landry, who was accompanied by a large and brilliant staff.

The regiments and units which took part in the parade were the Royal Canadian Garrison artillery, Royal Canadian Rifles, Royal Canadian engineers, 8th Royal Rifles, 8th regiment Voltigeurs de Quebec, permanent army service corps, permanent army medical corps, ordnance corps.

The route followed by the parade was: Grande Allee, St. Louis street, Du Fort street, Buade street, Fabrique street, St. John street. The parade returned from church via the same route.

All the corps paraded in full strength and presented a fine appearance, being soldierly and smart, and marching well. The neighborhood of the Drill Hall was crowded with people, who watched with interest the preliminary inspection of the corps, which were drawn up in column on the square. The R. C. G. A. band supplied the music for the inspection.

All along the route of march crowds of people watched the troops, and expressed warm admiration at their marching and appearance.

At St. Matthews church, the service was conducted by Rev. Canon Scott, assisted by Rev. A. R. Kelly, the sacred edifice being crowded. The service was a very hearty one, the hymns being taken up with a great swing by the large congregation of men. An eloquent sermon was preached by Canon Scott.

At St. Jean Baptiste church, mass was celebrated by Rev. Father O'Leary and an appropriate sermon preached by Rev. Father Beaudoin. The offertories taken up at the church services were in aid of the fund for the Titanic survivors.

The parade was somewhat marred on its return by the heavy fall of rain which had set in, but the men marched bravely through it all.

MONTREAL OPERA

COMPANY ENGAGED
A cable received by Lieut. Colonel Frank S. Meighen, president of the Montreal Grand Opera Company, from Mr. Albert Clerk-Jeanotte, at Paris, states that he has succeeded in engaging an excellent company for next season, both for the French and Italian wings, while the German operas will be sung in French. The orchestra, which was such a strong feature of last year's season, will be little changed. The conductors will again be Signor Paechia and M. Haselmanns, while most of the players will return.

BUILDING FOOD.

To Bring the Babies Around.

When a little human machine (or a large one) goes wrong, nothing is so important as the selection of food to bring it around again.
"My little baby boy fifteen months old had pneumonia, then came brain fever, and no sooner had he got over these than he began to cut teeth and, being so weak, he was frequently thrown into convulsions," says a Colorado mother.

"I decided a change might help, so took him to Kansas City for a visit. When we got there he was so very weak when he would cry he would sink away and seemed like he would die."

"When I reached my sister's home she said immediately that we must feed him Grape-Nuts and, although I had never used the food, we got some and for a few days just gave him the juice of Grape-Nuts and milk. He got stronger so quickly we were soon feeding him the Grape-Nuts itself in a wonderfully short time he fattened right up and became strong and well."
"That showed me something worth knowing and, when later on my little girl came, I raised her on Grape-Nuts and she is a strong, healthy baby and has been. You will see from the little photograph I send you what a strong, chubby youngster the boy is now, but he didn't look anything like that before we found this nourishing food. Grape-Nuts nourished him back to strength when he was so weak he couldn't keep any other food on his stomach." Name given by Canadian Postum Co., Windsor, Ont.

All children can be built to a more sturdy and healthy condition upon Grape-Nuts and cream. The food contains the elements nature demands, from which to make the soft gray filling in the nerve centres and brain. A well fed brain and strong, sturdy nerves absolutely insure a healthy body.

Read the little book, "The Road to Wellville," in pkgs. "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

NATIONALS DEFEATED

THE TECUMSEHS

Montreal, Que., May 12—Nationals and Tecumsehs yesterday gave Montrealers their first exhibition of D. L. A. Lacrosse. As both teams lined up as much as in 1911 there was little difference between it and the N. L. U. brand of last year. Charlie Querrie did not line up with his Indians, and they evidently missed him for the score was seven to three for the Frenchmen when the whistle blew for the last time. In fact, Nationals got all seven before the visitors started scoring. Pitre, Gauthier and Lamoureux, who had been spoken of as hold-outs, were all in line and each got two goals. Boudaine got the seventh. Durkin and Hope were the pick of the visiting team, but even they were ineffective until toward the close of the game, when the Nationals tried out three new men—Sarazin, Cadotte and Dussault. The lineup: Nationals—L'Heureux, Cattarini, Duckett, Decarie, Clement, Lachapelle, C. Degan, Dulude, Gauthier, Pitre, Lamoureux, Boudaine. Tecumsehs—Kinsman, Green, Yeaman, Graydon, McKenzie, Rountree, Felker, Gorman, Goddard, Smith, Durkin, Hope. Officials: John Brennan and Jack Tucker.

WATCHES FOR WORLD'S CHAMPIONS

Members of Quebec Team Were Presented Them On Saturday Afternoon.

The members of the Quebec hockey team, champions of the world, were the recipients of handsome gold watches on Saturday afternoon in recognition of their having brought the premier honors to the city of Quebec. The presentation was made in the mayor's room, the ceremony being a very interesting one. Each watch bears the initials of the player receiving it, as well as the following inscription:

Presented by the City of Quebec to the
Champion Hockey Players
of the World.
Holders of the Stanley Cup,
1911-12.

In making the presentation, Mayor Drouin complimented the players on the splendid showing which they had made and on the great honor which they had won, not only for themselves but for the ancient capital. Alderman L. A. Cannon, chairman of the finance committee also added some appropriate remarks.

Those who received watches were: P. Moran, goal.
George Procter, point.
Joe Hall, cover point.
Joe Malone, centre, captain.
Ed. Oatman, right wing.
Jack McDonald, left wing.
Jack Marks, utility.
M. J. Quinn, vice-president and manager.

D. Beland, trainer.
The recipients each thanked the mayor for the recognition of their services, and they hoped that they would be able to repeat their triumph next winter in winning another championship.

Senator Choquette, president of the club, made a fitting speech and touched on the arena question.

Mr. M. J. Quinn, vice-president and manager of the club, on behalf of the players, made some fitting remarks of how grateful the players, trainer and himself were to the city for their handsome presents, and he felt sure that next season would not be less successful.

PRACTICE SOCCER GAME SATURDAY

There was an interesting soccer game on the Plains on Saturday afternoon, when the Corinthians and Chateau Frontenacs had a practice game. The Corinthians put it all over the Chateaux and won by a score of 7 to 0.

RESULTS AT

PIMLICO SATURDAY

Baltimore, May 11—About 10,000 persons were at the Pimlico track today, the program being specially attractive and the weather delightful. The most interesting feature of the day was the Pimlico Nursery, at 4½ furlongs. Half a dozen horses went to the post, and the favorite, Ral Parr's Lace, met with her first defeat of the season. Rock View, a son of Rock Sand, belonging to August Belmont, won in a gallop, Parr's second string, Little Hugh, finishing second. Lace was pulled up in the race, and it was found she had bucked badly in running.

TREMBLAY DEFEATED

YOUNG GOTCH.

Ottawa, May 12—Eugene Tremblay, of Montreal, successfully defended the lightweight wrestling championship of Canada against "Young" Gotch, of England, Saturday night at the Arena. Tremblay did not pin Gotch to the canvas, but forced the holder of the British title to give in on two occasions. Tremblay was awarded the first fall in 52 minutes and the second in 15, the toehold proving the undoing of the English champion in both cases.

The bout was witnessed by about 1,500 spectators and was one of the best ever seen in the Capital. Both were lightning fast and Gotch gave Tremblay a far harder struggle than the French-Canadian had anticipated. The Britisher had a greater variety of holds and often had Tremblay all but down, but Tremblay appeared to have too much strength and always managed to break away though the referee was on the verge of slapping Gotch on the back two or three times. Honors were even until they had wrestled 45 minutes, when Tremblay nailed with the toehold and forced him to give in. Gotch fought and struggled unsuccessfully for five minutes but failed to break away. He refused to give in until he could stand the pain no longer and Tremblay was given the first fall and Gotch sighed in relief as Tremblay released his grip.

The second bout was good, but Gotch was all in and after 15 minutes tugging and twisting he again surrendered a victim to the deadly toehold which has made both Tremblay and Frank Gotch what they are in the wrestling world. The crowd cheered the gameness of the Englishman and called to Tremblay to "cut out the toehold."

At the close of the match Gotch stepped to the front of the stage and offered to put his belt against Tremblay's that he could beat the Montrealer with the toehold barred. Tremblay accepted the challenge providing Gotch would weigh in at 133 rills and it is probable that they will be brought together in the same ring next Saturday night. Gotch was a local favorite, having decided to make Ottawa his home town.

WORTH WON BIG KENTUCKY DERBY

Never Headed During the Whole Contest—30,000 People Saw the Race.

Louisville, Ky., May 11—Worth, away in front and never headed, lasted just long enough to win the Kentucky Derby at the opening of the spring race meet at Churchill Downs today. The great Hallebeck three-year-old kept ahead of six contenders, each of which was second at some time in the mile and a quarter route, and won from Duval in the last jump. Had the race been 10 yards longer the odds-on favorite would have lost, for he was fast tiring at the wire and Duval was coming with a rush. Flamma, after acting badly at the post and getting away last closed a big gap and finished third. The time was 2:39 2-5, four and two-fifths seconds slower than the track record for the event made by Medidan a year ago.

The race was run on a sloppy track and in a spitting rain. The contention of many turf followers that Worth could not go the distance and especially on a sloppy track, did not deter the public from making him the big favorite, two dollar mutuels paying only \$3.60 to win. Duval was not considered an important factor and had he come up in the last jump it is believed his price would have been from 20 to 25 to 1.

When the horses passed the grandstand in review a cheer went up from 30,000 persons. Even then Flamma acted badly and as they turned to go to the post she tried to break and run. The horses were at the post five minutes and when the barrier went up Worth was out ahead with Free Lance, the second choice in the betting, second, and Wheelwright third.

At the three quarters Free Lance gave up the second place to Wheelwright and the others were bunched close behind. In the next quarter Flamma, Guaranola and Sonado each were second but the terrific pace was too much and they dropped back.

Coming into the stretch, Worth was pressed by Duval two lengths behind and Flamma a length behind Duval. Then came the great test of the thoroughbreds. Which could last to the wire? Jockey Shilling on Worth, realizing this: rush with which Duval was coming, started to drive. Duval kept steadily gaining and with Fain on Duval and Shilling driving for every ounce of strength left in their mounts the two horses came under the wire. Worth a neck to the good, and Flamma two lengths behind Duval.

Worth seemed to be pretty much out when Shilling brought him back into the coveted ring before the judges. Gathering clouds and flashes of lightning already were driving people from the stands and the formality of putting the wreath on the neck of the winner and handing the jockey a bunch of American Beauties was cut short that all might escape the downpour that followed quickly.

AD WOLGAST HAD

A HARD TIME.

Ringside, San Francisco, Cal., May 11—Ad Wolgast was forced to extend himself to the limit to get a newspaper draw in his four round bout with Willie Ritchie here to-day. For the first two rounds Ritchie kept the champion on the defence. The champion was staggered in the second round by a long range stab to the chin but recovered quickly. Ritchie took the count twice in the third, although he came back strong and carried the fight to Wolgast in the fourth when the latter was bleeding profusely from cuts in the face and mouth. The general opinion of the fight fans seems to be that Wolgast had failed to extend himself or that he has gone back somewhat as a result of his operation for appendicitis.

UMPIRE O'LOUGHLIN

WAS ATTACKED

New York, May 11—In one of the wildest games played in American League Park, Detroit defeated the Highlanders by a score of 9 to 5. The largest crowd of the season was out, and early in the game began to growl at O'Loughlin's umpiring. Wolverton was put out of the grounds in the seventh, and when Quinn was put out in the eighth for throwing his glove away, pop bottles and glasses were thrown at O'Loughlin. A fresh volley was hurled at the umpire when he ousted Street for protesting at a ball. Daniels was also put off the field by Umpire Westervelt.

O'Loughlin had a hard time getting off the field without incurring personal violence, but a crowd of special policemen surrounded him and assisted him out of the grounds while bottles and other missiles were being fired at him.

The game was one of the most spectacular played in New York this year, some of the fielding being superlative. Ford was taken out of the box with the visitors leading 2 to 1, two on bases, two out and with one strike on Crawford. Vaughn then gave passes to Crawford, Delehanty, Moriarty and Bauman, throwing 13 balls before putting over a strike and forcing in three runs. Quinn went in and the first ball he pitched was a wild pitch, giving Detroit five runs for the inning, and the game. Before the game Ty Cobb was presented with a living cup by admirers here for being "the best batsman in the country." He responded by getting only one scratch hit.

BANK OF ENGLAND.
London, May 11—Bullion amounting to £31,000 was taken into the Bank of England on balance today.

TO THE ELECTORS —OF— QUEBEC WEST

Gentlemen.

Having the honor to be chosen as the Opposition candidate by a convention of duly qualified electors in the Parliamentary division of Quebec West, I take the liberty, through the medium of the Chronicle, to solicit your respective suffrages in my behalf on Election Day, arranged to take place on Wednesday, May 15th.

I have endeavored to call and personally solicit the votes of as many of the electors in the various sections of the division as I possibly could. But owing to the size of the constituency, and the numerous electors residing therein, I regret to state that I found it a physical impossibility to make a complete personal canvass. Therefore, gentlemen, and electors of Quebec West, I will take it as a personal compliment, if you should honor me with your confidence, by casting your votes in favor of my candidature at the polls on Election Day.

It will, I hope, be realized by the electors of Quebec West that before making this appeal for your support, that I have exerted myself to the utmost of my physical ability, to personally call and solicit your votes. I have, it is true, paid my respects to many of the electors, but was unable to meet all, and those I have unavoidably omitted, I now desire to reach through the available source of the Chronicle to respectfully solicit your votes.

I would also like to impress upon all the electors of Quebec West that should I have the honor to be elected to represent the division as a member of the Provincial Legislature, I will honestly and faithfully engage myself to carefully safeguard the interests of Quebec City in general and Quebec West in particular.

I also beg to emphasize that I will use my position as member of the Legislature to support the cause of good government in all measures of legislation, and above all things, use my influence and vote in the interest of progress, within the bounds of the Provincial income, without recourse to increased taxation.

In conclusion, I desire to emphatically emphasize that in case I am honored by election, I not only will put forth all my energy and the best of my humble ability to serve my constituents and city in and out of the Legislature, but will represent all creeds and nationalities alike, with impartial justice. This rule I am bound to faithfully observe, having in mind that I am a Canadian without prejudice, and a Quebecker in respect and affiliation with all my fellow-citizens without distinction. I mean to be consistent in principal and promise, so that when the term of my Parliamentary representation shall expire, I can again come before the electors of Quebec West and render the account of my stewardship with the proud, conscientious feeling that I have honestly performed my duty.

Thanking the electors of Quebec West in advance for the support you will give me to assure my election at the polls on Wednesday, May 15th, I have the honor to remain, your obedient servant,

CHARLES SMITH.

FOUR PASSENGER STEAMERS TODAY

From Europe—Accident to the Empress of Ireland—Delayed Two Days.

The C.P.R. Co.'s R.M.S. Empress of Ireland, Lieut. Forster, R.N.R., two days beyond her usual time from Liverpool, is expected in this port about six o'clock this morning. It is said that besides detention by fog the Empress has suffered delay by an accident to her machinery, which left her the use of only her port engine. It appears that one of the cylinders of her starboard engine is injured, and although efforts were made to repair it the steamer's speed was reduced. On Saturday night knots an hour. On Saturday afternoon, Captain Walsh, Marine Superintendent of the Line, arrived by train from Montreal and subsequently left by the steamer Lake Champlain (outbound) to meet the Empress of Ireland, and will return with her to Quebec. The company's tug Cruiser, which was on the way from St. John, N.B., to Montreal, was stopped at Father Point to await the Empress and render aid, if any should be needed. All on board the big liner is well, and the passengers are reported to be in the best of spirits notwithstanding the unavoidable delay on the passage.

STEAMERS DUE TO-DAY.

The White Star-Dominion line SS. Teutonic, from Liverpool, with passengers and general cargo, passed Cape Salmon (82 miles from Quebec) at 6 p.m. and is due here this morning.

The Allan steamer Corsican, also from Liverpool, with passengers and general cargo, passed Cape Salmon at 6.50 p.m. yesterday, and is due here this morning.

The C.P.R. steamer Monmouth, from London and Antwerp, with passengers and general cargo, passed Father Point at 1.10 p.m. yesterday, and is due here this morning.

There was considerable fog on the river last night.

ALLAN LINE.

Steamer Hesperian, Capt. Main, F. G. S., arrived from Montreal at 4.15 p.m., on Saturday and after embarking Quebec passengers, proceeded for Glasgow.

Steamer Ionian, Captain Eastaway, arrived from Montreal at 2.30 p.m. yesterday, and having embarked Quebec passengers proceeded for London and Havre.

Steamer Scotian, Captain Mear, left London, on the 9th instant, with passengers and general cargo for Quebec and Montreal.

BAIE DES CHALEURS LINE.

Steamer Gaspesien, Capt. Blouin, from Baie des Chaleurs ports, arrived here on Saturday, mooring at the Pointe a Carey wharf. After landing Quebec passengers and cargo she left for Montreal.

C.P.R. LINE.

Steamer Lake Champlain, Captain Kendall, arrived from Montreal at 4.30 p.m. on Saturday and proceeded for Glasgow.

R.M.S. Empress of Britain, Captain Murray, from St. John, N.B., arrived at Liverpool on Saturday with passengers and general cargo.

CUNARD LINE.

Steamer Ultonia, Captain Prothera, from Southampton, with a loss of a propeller, arrived here on Saturday evening in company with C. G. S. Druid, and left for Montreal in tow of tug Sin-Mac yesterday morning.

DONALDSON LINE.

Steamer Athenia, Captain Black, arrived from Montreal at 4.30 p.m. yesterday, embarked Quebec passengers and proceeded for Glasgow.

DOMINION LINE.

Steamer Cornishman, Captain Kelk, left Bristol on the 8th instant for Quebec.

GASPE LINE.

Steamer Lady of Gaspe, Captain Vezina, arrived from Montreal yesterday, and moored in the Custom House pond.

QUEBEC STEAMSHIP CO.

Steamer Korona sailed from New York for West Indies at 2 p.m. last Saturday.

THOMSON LINE.

Steamer Devona, Captain Murray, arrived from Montreal on Saturday and proceeded for London.

WHITE STAR-DOMINION LINE.

R.M.S. Megantic, Captain David, R.N.R., arrived from Montreal on Saturday evening, embarked Quebec passengers, and mails, and proceeded for Liverpool.

SS. Laurentine left Liverpool on the 11th with 130 first, 491 second and 881 third class passengers, a total of 502.

SS. Teutonic, due this morning, has 547 cabin and 726 third class passengers.

MONTREAL WON FROM JERSEY CITY

Montreal, Que., May 11—Montreal batsmen bunched all five hits which Mason allowed them in the fourth inning today, and this coupled with errors by Roach and Green gave them six runs. Jersey City got two in the fourth before Carroll was taken out, but Dummy Taylor showed unexpected form when he succeeded him with the bases full and only one out and the Sketers lost their chance. The visitors scored also in the fifth and ninth, bringing their total to four.

MONTREAL HORSE SHOW RECORD

Montreal, Que., May 12—The Montreal Horse Show record for the high jump, made by Mr. George Pepper's Pearl some few years ago, still stands as the high mark despite the efforts of succeeding years to surpass it. Last year The Wasp came within an inch of the seven feet four mark, but last night in the final and what is ordinarily the feature performance of the week, the winner, Hercules, also of the Sifton string, was declared the winner after the seven feet mark had been successfully negotiated by himself and his two stable mates.

The fact of all three being of the same stable brought the competition to a rather unsatisfactory conclusion, for the owners refused to allow their horses to proceed in order to decide the winners on height. The ribbon had then to be conferred on the basis of style, as all had got over the same height.

Five horses were entered for the competition, three of them being of the Sifton string, namely, The Wasp, Hercules and Confidence. The two other entries were Flying Fox and Skyscraper, both of the Crow and Murray stable, Toronto. Skyscraper received the highly commended.

While not entirely successful in the result, the competition was full of incident. The Crow and Murray rider was thrown twice but was not hurt. Their Royal Highnesses, the Duke and Duchess, and Princess Patricia attended the children's performance in the morning and were also present in the evening. In the afternoon the duke reviewed the Boy Scout parade.

DIVER'S REMARKABLE FEAT.

He Patched Crippled Ship in Heavy Sea, With Sharks Near.....

One of the most remarkable feats ever performed by a diver is related by the officers and crew of the British sloop-of-war Shearwater, which is undergoing repairs at the Union Iron Works. J. P. Lingane, a young Irish shipwright, boarded the propeller well while the vessel was rolling in heavy seas and so enabled her to make the voyage to this port.

The Shearwater was cruising off the coast of Mexico when, in a storm, she lost her propeller. Resort was immediately had to her sails, but it was found that steering was almost impossible because the big arch or well under the stern in which the propeller had revolved made the rudder's work ineffectual. The officers decided that if they were to bring the ship to port this well must be boarded up.

Lingane was sent down to do the work. Though hampered by his heavy diving suit and by the weight of the water, he was able to adjust himself to the bad rolling of the ship and to handle the heavy timbers that were passed to him. He fastened the boards so securely that they had only shifted in one place when the Shearwater reached this port, even though she had been battered by heavy seas on the way. Naval men have given high praise to the young man for what he did and a special report on it has been sent to the British admiralty.

HAS JUDGED 29,000 CASES.

Ald. Walter L. Jones, of Allentown, Pa., the Nestor of political campaigners, of Lehigh county, recently celebrated his 72nd birthday anniversary. 37 years, having been elected eight times in succession from the Third ward, Allentown.

During his career as an alderman he has handled in round numbers on his docket 29,000 cases, and has given advice in thousands more.

While few magistrates have had as many cases before them, still fewer have returned such a small number to court.

He makes it a habit to sift evidence thoroughly, and whenever possible, he makes the litigants settle. On this account he has been called "The Great Pacifier."

CORPORATION OF QUEBEC.

City Engineer's Office.

Tenders for Sidewalks and Curbs.

Quebec, May 9th, 1912.

PUBLIC NOTICE is hereby given that sealed tenders, endorsed Tender for Sidewalks and Curbs, and addressed to the undersigned, will be received up to Tuesday, the 21st instant, at 4 p.m. for paving certain streets in the city of Quebec.

Interest at the rate of 4 per cent annually will be allowed on the 10 per cent of the amount of the contract, which will remain in the hands of the city till the guarantee expires.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

To determine the number of yards of paving laid, the measurement will only include the roadway proper without taking in account the curbstone, the cost of which is included in the price of the paving.

The tenderer will mention whether their price is for artificial or rock asphalt.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

Each tenderer shall deposit in the hands of the City Treasurer the sum of 5 per cent of the total price of the works tendered for, to be confiscated by any one refusing to sign the contract.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

In the selection of workmen the contractor shall give preference to city taxpayers and pay current wages.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof.

NOTICE.

The Assessors are beginning to prepare their valuation roll.

As it often happens that many persons willingly deceive the Assessors by giving them erroneous and false information, I DRAW, IN A PARTICULAR MANNER, the attention of the taxpayers to the following clause of Act 33, Vie. chap. 46:

"Any person who shall refuse to reply to the questions which are put to him by any Assessor in the discharge of the duties imposed upon him by law, or who shall give information to the said Assessor which he knows to be false, or who shall verbally insult or slander or strike such Assessor, or who shall refuse to allow any such Assessor, in the discharge of his said duties, to enter in and upon his property or the localities occupied

DESTROY THE DEMAND FOR LIQUOR AND YOU STOP THE SALE

This is good reasoning, and points to the only solution of the temperance question. DESTROY THE DEMAND FOR DRINK AND YOU STOP THE SALE, GOOD FELLOWS. Take your pencils and figure ten men you knew ten years ago who drank. Where are they to-day? Figure ten men you knew ten years ago who did not drink, and note where they are to-day. THAT'S ALL.

There is an institute, located at 11 Haldimand street, in this city, that is doing more with less fuss and noise for the cause of temperance than all these organized temperance societies combined. The name of this unique silent worker is the NEAL INSTITUTE. There men and women who have become slaves to the liquor habit are relieved of all craving, desire and appetite for liquor in THREE DAYS, no matter how much they drink or how long they have been drinking. The wonderful part of it is that the work is accomplished in THREE DAYS, and the percentage of patients who return to drink is the smallest of any institute of the kind in the world, the difference between this company's cures are successful. Those desiring to rid themselves of the curse of drink should investigate at once. THE NEAL WAY IS THE ONLY WAY. Call or write Mr. Hepburn, Manager, 11 Haldimand street, or phone 1356 for booklet and all information.

OFFERS ONE THOUSAND DOLLARS TO ANY CHARITABLE ORGANIZATION.

With fifty-two institutes in the United States and eight in Canada, treating 20,000 drinkers last year, without a failure in any case, this company will donate one thousand dollars to any charitable organization in Quebec if the Neal drink habit treatment fails to take from the drinker all inclination to drink, all desire, craving and appetite for liquor in three days, in any case treated at the Quebec Neal Institute.

NEW YORK STOCK MARKET.

McDonald & Lesperance, stock brokers, private wire to New York and Montreal, Hochelaga Bank Building, Telephone 1227.
(Canadian Press Service.)
New York, May 11.—Although much of the activity of today's stock market centered about the minor specialties, the movement was at all times broad and the undertone distinctly strong. Lehigh Valley was the most prominent feature of the standard railway group, opening with a point rise, which it soon increased to two points and before the end of the first hour had extended to three. Some of the old rumors affecting Lehigh Valley were in circulation. For example, one to the effect that the directors would before long decide upon another issue of valuable "rights." This report, like many that have preceded it, found no countenance in official quarters. Reading, which at first was inclined to lag, soon took its part in the rise, though at no time so conspicuous as Lehigh Valley. Union Pacific and a few other high grade railway securities advanced to higher prices, but the entire movement was overshadowed by Lehigh Valley.
In the industrial division United States Steel was the most active issue, reflecting by its strength yesterday's announcement of another rise in prices of finished products, the second of the week and its unexpectedly good showing of unfilled orders as of May 1. Other industrials that advanced from 1 to 2 points included International Harvester, American Tobacco, General Electric, Westinghouse, North American and American Writing Paper preferred. American Can common and preferred repeated their now familiar feat of advancing to higher prices than before, a fact which may not have been unrelated to the strength of the asphaltic coals. Coppers were firm on some slight renewal of foreign demand, but the market as a whole derived much of its bullish impulse from the optimistic views as to general conditions expressed by a recognized leader of the steel and iron industry.
The movement gathered great force and strength in the second hour, Lehigh Valley rising over four points and Reading 2, while a score of ordinarily dormant industrials were advanced from 1 to almost 3 points. The one-sided character of the market was demonstrated in the fact that aside from the coals, stocks shared in the rise. Prices fell back here and there in the final dealings, but the closing, while less active, was very strong. Total dealings of the two hours aggregated 475,000 shares, almost as much as the turnover of some of the full five-hour sessions of the early week.
Our securities made a creditable showing in London, where United States Steel was the leader, and later operations for foreign account in that stock were continued here. Purchases for London in this market were estimated at over 20,000 shares. The Paris bourse was steady, with dullness in Berlin.
Domestic trade conditions, according to the mercantile agencies, continue somewhat irregular, but business in general is on a larger scale than at this period last year. Adverse crop prospects and the severe floods in the South are among the militating factors, but confidence, be-

gotten of more reasonable weather, is reported from other active centers.

An actual loan increase of practically \$23,000,000 by local banks may reasonably be attributed to the recent New York city \$65,000,000 bond sale. The actual cash gain was \$3,364,000, compared with an inconceivable average gain. The actual surplus was reduced by \$2,365,450, leaving the excess cash reserves at approximately \$12,000,000.

Bonds were fairly active, with a degree of firmness. Total sales, par value, \$2,103,000.

United States government bonds were unchanged on call throughout the week.

CLOSING LETTER.

Received over the private wire of Neuville, Bellevue & Co., 93 St. Peter street, Quebec. Phones 946 and 4076.
New York, May 11.—The market opened strong and higher, but London had no influence, being dull and irregular.

In the first hour there was some realizing and the market was simply steady, while this was going on, but later, under the lead of the Reid-Moore stocks, the market advanced rapidly.

Lehigh Valley gained 4 1/2 points, to 175 1/2, Reading 2 points to 177, and the American Can issues made new high records. General Electric sold at 120 and is worth it and more. Steel touched 69 1/2. Car and Foundry advanced on expectation of forthcoming excellent statement, indicating earnings of 10 per cent on the common shares. The Paper stocks were stronger. International Paper preferred is said to be earning 10 per cent and is at paying two per cent.

American Writing Paper preferred is being held on better management and prospective business. Wabash 4's sold above 70 and the New York Sun financial article states that the condition of the Wabash company warrants the bonds in making any demand in reason for their securities under the reorganization. The coals were strong, it was said, in anticipation of settlement of the hard coal strike next Tuesday. Mr. Charles M. Schwab gave an extremely bullish interview to the papers on the Steel situation in general and United States Steel in particular.

The closing prices were at a reaction from the highest, but the market shows every indication of making higher prices than ever next week.

INSPECTION OF 8TH SIGNAL CORPS

Major Robertson Paid a High Tribute to the Corps.

The inspection of the Signal Corps of the 8th Royal Rifles, which took place on the Citadel on Friday night, was a most successful one, and they were highly complimented by Major Robertson, the inspecting officer. The members of the corps exemplified their proficiency in sending and receiving messages with the Morse and semaphore. Another test was the work of sending and receiving messages via transmitting stations. The manner in which the youthful signallers performed their duties, after two hours' inspection, greatly pleased Major Robertson, who said he was proud to see such a fine corps attached to the 8th Royal Rifles, and it would give him the greatest satisfaction in reporting to headquarters at Ottawa the splendid inspection which they had passed. He also highly complimented Lieut. M. Slater at the fine body of young men which he had under his command, and the manner in which they had worked. He hoped to have an opportunity of making use of them at the inspections on Thursday next.

To the Electors of Quebec Centre

GENTLEMEN:

A considerable number of electors of the Conservative and Liberal parties have offered me the candidature of Quebec Centre, which I have accepted with pleasure. This is a token of confidence which I hope to become worthy of.

I am a Conservative, but independent, too much so, perhaps, for my own good, as I will follow my own opinion as well as yours and that will prevent me from becoming a voting machine.

I admire and love the working classes, the small proprietor and also the laboring man. Whenever I took an interest in public questions it was to work for their benefit, as was the case in the matter of civic taxes.

Brought up in the country, and being the son of a merchant farmer, I have been taught both commerce and agriculture.

Ever since I have been in Quebec, I have taken an interest in all sorts of industries. I know, consequently, all the needs and requirements of the commercial, industrial and working classes; I condemn the scandals of the Gouin administration, more especially those which came out of the construction of costly buildings and of the extravagant expenditure on the Bordeaux prison, the technical school, and school for higher commercial studies, the Kelly and Lanctot scandals, etc., etc.

I want an honest and progressive administration, which will not deceive the public nor conceal its loans, and which will give a true statement of the finances of the Province.

I call for a system of education which will be more complete, better developed and in touch with the aspirations of our children, and which will render all, rich and poor, apt to succeed in their enterprises.

I am in favor of reasonable salaries being paid to our female school teachers and of the construction of a larger number of houses of education for the poor and workmen. I shall help to make Quebec a real capital city and to obtain from the Government subsidies towards its improvements, as is the case in the other capitals in each Province in this country, as also in the United States and Europe, with a view to render Quebec the finest city in the Dominion.

I do not consider the present law concerning labor accidents effective and in proportion to the value of the laborers' work, and of the high price of living.

I am of the opinion that the workingman should be well paid if we desire him to work well and that the public employees are not sufficiently paid in proportion with the cost of living.

I will announce my programme everywhere at public meetings, when you will be at liberty to pass judgment on it. I am sincere, and I pray you to give me your support.

For four years I have lived in the centre of the division, at No. 25 St. Oliver street, where I will, at any time, be at your disposal.

Our Province is one of the finest, greatest and richest of this Dominion. I call on all races and all classes to unite with me in the project of developing it in the best possible manner, to introduce into it new industries; to increase its trade and place it at the head of the Confederation.

Yours truly,
ROMEO LANGLAIS.

BEATTIE NESBITT BACK IN TORONTO

Toronto, May 12.—Dr. Wm. Beattie Nesbitt, wanted on charges of fraud and forgery in connection with the wrecking of the Farmers' Bank, was brought back to Toronto this morning and is now lodged in the county jail. The same secrecy which surrounded his departure from Chicago yesterday marked his arrival here. While a dozen newspaper men and press photographers waited on the depot platform of the Grand Trunk Railway at North Parkdale, Provincial Inspector A. C. Boyd conducted his prisoner off the opposite side of the train and down a stairway into the Queen street subway, where a taxicab was waiting. The arrangements for spiriting Dr. Nesbitt out of Chicago were made with the same care and caution.

Boyd and the doctor were driven first to Superintendent Rogers' residence, in Parkdale, and then accompanied by them was taken to jail, where Governor Chambers was enjoined to let the prisoner have no communication with W. R. Travers, the convicted bank manager brought from Kingston penitentiary to give evidence during the extradition proceedings and the court hearings which will follow. Tomorrow Dr. Nesbitt will formally be handed over to the Toronto police and will be arraigned in the morning police court.

LATE MADAME ELZEAR LEPINAY

The announcement of the death of Madame Lepinay (formerly Elodie Bazi), wife of Mr. Elzear Lepinay, of the firm Faguy, Lepinay & Frere, which took place on Saturday, was received with deep regret by a large circle of friends and acquaintances. The deceased lady had been ill only a few days. She was 48 years of age and was highly esteemed by all who knew her. With her bereaved husband and family there will be sincere and universal sympathy.

ELEPHANT IN CRAPS GAME.

Thinks Dice are Sugar Plums and Terrifies Negroes.

Myrtle, a high elephant with a small circus which is wintering in Fort Worth, broke up a craps game and caused terror among a dozen negroes because she took the "bones" for sugar lumps.

QUEBEC VICE-REGAL RESIDENCE

Undergoing Thorough Overhauling and Renovation for Reception of the Duke.

The vice-regal residence on the citadel is undergoing a complete overhauling and redecoration for the reception of H. R. H. the Duke of Connaught, Governor-General of Canada, and his household, due to arrive in Quebec June 24.

Some forty mechanics representing the various branches of the building trades, have been engaged for the past month renovating the vice-regal residence into a regular palace. The whole inside of the citadel structure has been demolished and rebuilt, and besides the enlargement of the entire premises rooms, a number of suits have been arranged and the newest sanitary arrangements installed. The ball room, parlors, dining room, in fact, the entire interior of the citadel residence, is being redecorated with superb taste, and the entire work, including the installation of new elegant furniture, is to be completed by the 28th inst.

DEATH OF MR. CHARLES WOOD IN LONDON.

The death is announced from London, England, of Mr. Charles Wood, late Mayor of Bethnal Green. The deceased, who was 71 years of age, was an uncle of Conductor John H. Wood, Conductor of the Ordnance Corps in this city. The late Mr. Wood paid a visit to Canada a couple of years ago, and made many friends in Quebec.

Mr. W. R. Wilkinson, of the Mechanics' Supply Co., returned to town yesterday from a trip to the United States.
