MR. H. B. AMES ON OUR WESTERN HERITAGE

Addressed Large Audience at Clement Theatre.

SETS FORTH HIS CHARGES OF MAL-ADMINISTRATION OF WESTERN LANDS BY THE GOVERNMENT.

The lecture given by Mr. H. B. Ames on "Our Western Lands," in the Clement Theatre last night was largely attended and was listened to by a very appreciative audience.

Dr. Camirand acted as chairman and in a few words introduced Mr. Ames as a man who had fought for good government, better government, and now he was fighting for the best government.

Mr. Ames opened up his lecture with a few words by way of introduction and then proceeded to give his various instances where the Laurier Government as trustees of the people, had been guilty of maladministration in connection with the sales of lands in the Western Provinces.

"We all have a personal interest," said Mr. Ames, "in our Western heritage. It cost us vast sums to acquire and develop it. In 1870 we bought out the interests of the Hudson Bay Company, giving them about $1,500,000 for the interest. Since that time in order to keep faith with British Columbia we have spent vast sums of money, to open up this country, to explore, survey, develop and govern these territories we have spent over $100,000,000. We have taxed ourselves and strained our credit in order to do this, for we realized that the hope of the Dominion was in the West. The great lands represented homes for our sons. They would furnish, as population increases, an excellent home market. For these reasons we developed the West at such a great cost, not that it should be divided up among a few favored speculators.

"The administration of these public lands rests in the hands of the Federal authorities at Ottawa. The Government acts as trustees for the people of Canada. We, as the Conservative opposition in the House of Commons, have criticised the Liberal party of the day on the ground that they have not properly managed these assets. We assert that they have permitted vast fortunes to be made at the expense of the public by favored individuals; that they have neglected to consider the interest of the settler. This has been our contention. It is not mere assertion, we have produced proof which I proposed to lay before you to-night.

"We will now take up one by one the natural resources of this Western land dealing with the timber, the agricultural and the grazing lands, the coal areas, the water powers, the fisheries of the Western Provinces, all of which are administered by the Ottawa Government, and we will show why in our opinion the present administration should be condemned for their action in dealing with each of these."

THE TIMBER LANDS.

"As is well known the prairie for the most part is comparatively treeless. Here and there are small areas of poplar and spruce, but the trees are rarely of sufficient size or quality to furnish building material. The farmer must look elsewhere for the lumber with which he shall build.

"Prior to 1900 little was known regarding the great northern forest. Manitoba's demand for lumber was supplied from Western Ontario, the Alberta demand from the Rocky Mountains, and there were few settlers between. As the prairies began to fill with population a vast amount of timber was required for railway building and for settlers' houses. A line of railway had been pushed north to Prince Albert, and it was found that there existed immense areas of fine spruce timber in the regions drained by the North Saskatchewan river."

Mr. Ames contended that the Government should have explored and valued these areas before parting with them. Instead of doing this the Government had parted with the land to speculators before they had any idea as to their value. "These limits," said the lecturer, "are worth from $1000 to $3000 per mile to-day. The men who secured these limits for practically nothing are now multi-millionaires. The Government claims that before 1896 a large area had passed permanently out of the hands of the Government of that time. It is true that the Conservatives leased extensive timber tracts, but under such conditions from the operators that no less than 94 per cent. of the area came back to the Crown.

"Prior to 1903 the Minister of the Interior was under no obligation to renew a license from year to year if the land was required for settlement or other purposes. Mr. Sifton altered this, and by Order-in-Council in April, 1903, it was decreed that "so long as the licensee complies with the conditions of his license and of the regulations, he shall be entitled to a renewal of his license from year to year while merchantable timber remains upon the area licensed." This change makes the list practically perpetual, and adds greatly to the value of the berth and has doubtless stimulated speculation to a marked degree.

Continuing, Mr. Ames said:

"Within the comparatively short period of three and a half years, between 1902 and 1905, more than three thousand square miles of selected timber, that is to say about one-half of the entire area under lease in the western provinces fell into the hands, not of operators but of speculators. One-half of this amount, comprising 25 p.c. of the timber of the three provinces, Manitoba, Saskatchewan and Alberta was acquired by a group, which may be called the Burrows-Fraser combination, of which the brother-in-law of

GRANBY HAS A MYSTERY.

Strange Disappearance of Young Man Some Time Ago.

HIS FATHER UNABLE TO FIND ANY TRACE OF HIM.

Granby, Oct. 15. — (Special)— A story has been going the rounds of the mysterious disappearance of a man named St. John, which, although a satisfactory explanation may yet be given, is worthy of notice.

St. John, a young man of 27, lived here when a boy and has relatives in Granby and vicinity. On the 7th of July he came here from a lumbering town in Ontario, where he had been working for eight years river driving, at good wages. He was well dressed, rather tall, with a dark moustache. On the 9th he stopped over night with his uncle, Jos. Catudel, dit St. John, and in the morning said he was going to visit an aunt in Mawcook. In the afternoon of the same day he was seen with two men in a boat on the river, which was the last that has been seen of him. His uncle has been investigating and has written to the young man's father who resides in Fall River, Mass., and to relatives in Roxton Pond and Ely, but has received no tidings of the missing man.

Learning that a body had been recently found at Echo Vale, near Megantic, Mr. St. John, accompanied by Constable Ball visited Sherbrooke on Saturday and interviewed the Chief of Police, who stated that the remains could not have been those of the missing man as only the skeleton remained. Decomposition could be hastened by the use of lime, but of this no proof had been given. All sorts of stories bearing upon the disappearance of the young man have been circulating. These stories may be with or without foundation, but the facts as far as known are as stated.

DISTRICT ST. FRANCIS MEDICAL ASSOCIATION

Annual Meeting Held Yesterday in Monument National.

INTERESTING PAPER BY DR. BANFILL, EAST ANGUS.

The regular meeting of the St. Francis Medical Association was held in the Monument National yesterday afternoon. The following members were present: Dr. E. J. Williams, President, in the chair; Drs. MacKay, (Windsor Mills), Henry and Browning (Lennoxville), Johnston (Richmond), Lambly, (Cookshire), Darche, Banfill (East Angus), Rioux, Camirand, Lamy, Bertrand, Ethier (Sherbrooke), and Ross (Stanstead).

Dr. Comptois, Coaticook, was elected a member of the Association.

Dr. S. A. Banfill presented a very interesting paper on "Fractures of the neck of the femur," The subject was taken up in a most thorough manner, particular interest being evoked as the doctor related no less than five cases in succession which he had been called upon to treat during the past three years, a most unusual occurrence in the practice of one man. The good results following treatment called forth congratulations from many of the members.

Dr. J. O. Camirand led in the discussion and pointed out the change in methods of treatment which had taken place in the past fifteen or twenty years, citing cases in his own practice as illustrations.

A lengthy discussion followed, in which each member took part, particular reference being made to a certain class in the laity who were ever waiting for a chance to take a legal action against a physician for malpractice in the case of a broken bone which to them did not appear to be "set" rightly. The work of the Medical Protective Association was spoken of in this connection.

Dr. Williams announced that the paper for the next meeting would be given by Dr. J. A. Darche on "Headaches of Ocular Origin," and the discussion will be led by Drs. Farwell and Bachand.

INDUSTRY WITH AN OBJECT.

(From Tit-Bits.)

"You have turned very industrious lately, Tim," said one Tipperary man to another.

"That I have, bedad," replied the other. "I was up before the magistrate last week for assaulting Cassidy, and the magistrate said that if I came back on the same charge he would fine me £2."

"Did he?" said the first speaker. "And you're working hard so as to keep your hands off Cassidy?"

"Don't believe it," said the industrious man. "I'm working hard to save up the forty shillings."

NEWS OF FEDERAL ELECTION CAMPAIGN.

Nominations Took Place Yesterday in Gaspe County.

PREMIER SPOKE AT ORMSTOWN AND OPPOSITION LEADER AT BROCKVILLE.

Nomination took place yesterday at Perce, the chef lieu of the county of Gaspe, where Hon. Rodolphe Lemieux was nominated as the Liberal candidate, while Mr. W. Flynn was nominated as the Conservative standard-bearer. Polling takes place on October 29.

Hon. Sydney Fisher, who was to speak at Compton this afternoon, and at Bury to-night missed his train this morning and consequently will be unable to attend these meetings.

Reports from Brome and Missisquoi indicate that the contests in both these counties will actually be "three-cornered." Mr. W. U. Cotton again declares his intention to run in Brome as "Independent-Liberal-Prohibitionist" provided he says, that the requisite number of signatures is forthcoming to his nomination. Mr. Ford is to run in Missisquoi as the farmers' candidate.

A good deal of interest is already being manifested in the Daily Record's announcement that arrangements are being made to give the election returns at Clement Theatre with summaries of results at the Record office. At the last general election a very large number of people obtained the election results from the Record bulletons.

Cowansville, Oct. 15.—(Special.) — The Liberal and Conservative committee rooms are booming these days with signs and evidences of life and something doing. There is sure to be busy times for the campaigners from now out. Messrs. McKeown and Boivin are active in their support of Mr. Meigs and Messrs. Westover and Barker are straining every muscle for Dr. Pickel's candidature. The fact that Mr. Westover is a former Liberal lends interest to his movements as a supporter of Dr. Pickel, and of Mr. Olmstead, for he also speaks frequently in the Conservative interests in Brome, against the Hon. Minister of Agriculture. The latter is using his best energies to assist all his friends in the Townships and Montreal, and will only put in the time from nomination day till polling day in his own county.

Ayer's Cliff, Oct. 15.—(Special.) — The Conservative meeting held in the hall here Monday night was very well attended and was very interesting.

South Stukely, Oct. 15.—(Special.) —The Liberals held a political meeting in Association Hall on Tuesday evening last. The principal speakers of the evening were Mr. H. E. Allen, candidate for Shefford County, and Mr. C. H. Parmelee, King's Printer, of Waterloo.

Belleville, Ont., October 15. —There is no truth in the report that Mr. E. Gus Porter, Conservative candidate in Hastings, and late member, will retire from the contest.

Dr. Dussault has accepted the Conservative nomination in the county of Levis against Mr. A. L. Carrier, who represents the Liberal cause.

SIR WILFRID AT ORMSTOWN.

Ormstown, Que., October 15. — The Scotch-Canadians of Huntingdon turned out in force yesterday to welcome Sir Wilfrid Laurier, while there was also a strong delegation of French-Canadians from Chateauguay and Beauharnois counties to add a typically cosmopolitan touch to the demonstration. There was a big turnout, probably five thousand people flocking into the little town.

The Premier in the course of his remarks took up the Saskatchewan land deals, which he declared had been in accordance with the Liberal doctrine of the land for the settler. The Liberals, he said, had not given a single acre of land to any but actual settlers. As to the Saskatchewan land deal, this concerned 250,000 acres along the Regina, Qu'Appelle and Long Lake Railway, which was so poor that scarcely anybody settled on it, despite the railway. The Government tried to get the railway to take this land as part of their subsidy, but they refused, and tried to compromise at $1.50 an acre, which the Government declined to do. Then the Government found an American syndicate which offered to take the land at $1 an acre, and settle it with at least 32 settlers per township. They knew their business and brought settlers from the "dry" districts of the United States, with the result that now the country flourished like a garden. "Could anything be more criminal?" asked Sir Wilfrid, "than to brand such an arrangement as a scandal?

MR. BORDEN AT BROCKVILLE.

Brockville, Oct. 15.—The Conservative leader addressed a big gathering at Brockville yesterday.

Mr. Borden was received with great cheers by the audience, and attention was maintained throughout. He spoke under great physical strain, covering much of the same ground and in his previous speeches, emphasizing the point that the real issue of the campaign was whether the people of Canada shall have honest and efficient government, and whether the resources shall be preserved for the people in preference to the grafter, middleman and party heelers. He also enlarged upon the individual responsibility for clean and honest administration. He held that Sir Wilfrid Laurier had been

FATAL ACCIDENT NEAR GRANBY.

Man Fell From Waggon and Broke His Neck.

DECEASED MAN LEAVES A WIFE AND FAMILY.

Granby, Oct. 15. — (Special)—Jules Bedard, a man 38 years of age, was driving towards Abbottsford with a companion on Tuesday when near the Slate Quarry Hill, about three miles west of the village, he fell from his wagon and was killed, his neck being broken.

An inquest was held and the medical testimony went to show that he died from heart disease before falling from the wagon, and a verdict was rendered accordingly.

He was a member of the St. Jean Baptiste Society and leaves a family.

PENSIONS FOR WOMEN TEACHERS.

Amendment to Pension Act is Demanded.

THE PRESENT ARRANGEMENT IS VERY MUCH TO THE ADVANTAGE OF MALE TEACHERS.

There is perhaps no subject which will be discussed at the Convention of the Provincial Teachers' Association, in Montreal, which will be of greater interest to the teachers in the Townships than the proposed amendments to the Pension Act. A resolution will be moved that the education authorities of the Province be requested to procure such amendments to the present Act as will make it of greater benefit to officers of primary instruction. The female teachers feel that they have a grievance under the present law. They claim that comparatively few women ever benefit by the present Act and that the pensions of those who do are in most cases insufficient to provide the necessaries of life. Statistics show that although males form but 5.09 per cent. of the active teaching body of the province, and contribute but 19.5 per cent. of the total amount of stoppages of salaries, still they draw almost as much from the fund as do females who form 94.9 per cent. of the teaching body of the province and contribute 80.5 per cent. of the total stoppages on salaries.

Under the present law the retiring age is 56 with at least twenty years of service. The female teachers claim that the age limit practically prevents them from benefitting from the fund, and cite as proof the fact that of the pensioners over 56 years, 84 are males and only 276 are females.

It is proposed that in the case of women the retiring age be reduced to 50 years after at least twenty years' service, and that after 25 years' service, irrespective of age, a woman shall be entitled to a pension, based, as under the present Act, on the number of years which she has taught. The pension is based on the average salary. At present it is based on the average for the entire term of service. Female teachers usually begin with small salaries and only those who prove their value attain to higher salaries. The average for the entire term of service must therefore be small. It is proposed that the average for pension should be based on the highest aggregate salary received during, say five consecutive years of their term of service. Whatever may be the outcome of these proposed amendments they are likely to provide a serious discussion in convention.

WAGE A HOLY WAR AGAINST SERVIANS.

Montenegrine Assembly Sends a Fiery Message.

LIKELY TO BE MEETING OF POWERS FOR RATIFICATION OF PREVIOUSLY MADE COMPACTS.

Belgrade, October 15.—Inspired by the bloodthirsty verbiage of their princelet, the Montenegrin Shupshtina has sent an emulative reply to the Servian Skupshtina including a declaration that the time has come for Servia and Montenegro to raise a common standard in defence of the sacred ideals of the Serbs. It adds: "Know that no single Montenegrin fears death. Let us wage war together, shoulder to shoulder, for it will be a holy war."

Although the Government has ceased showing anger against Austria the populace continues to make demonstrations of hostility. A mob of enthusiasts yesterday paraded the streets, carrying Turkish and Servian flags. They cheered the British legation. Aus-

FINE CROP OF POTATOES.

Baldwin's Mills, Oct. 15.—(Special) —Some farmers in this section report a fine crop of potatoes. Mr. John Markwell weighed a few of his raising and found one to tip the scales at 3 lbs. and 2 ounces, and another at 4 1-16 lbs.

WATER IN LAKE MEMPHREMAGOG VERY LOW.

Rock Island, Oct. 15.—(Special.) — An old resident of Cedarville says that he has never seen the water as low in Lake Memphremagog, as it is at the present time. He has lived on the lake shore for the past forty-two years.

REPAIRING THE DAM.

Coaticook, Oct. 15. — (Special) — The gate went out again at the big dam on Tuesday and the water had to be let out in order to repair it. Those having lights on the upper station, were in darkness as far as electric light was concerned on Tuesday evening, but the lower station was all right and supplied lights on the water that came through in emptying the pond. Repairs were being executed yesterday and lights will be supplied as soon as the pond fills.

SCHOOLS STRIVE FOR VALUABLE WORK OF ART.

Windsor Mills, Oct. 15.—(Special) — The contest between Laval University, Villa Maria and other Catholic educational houses of Canada for the possession of the collection of art of the Countess de Boishebert. Gaste de Tilly, Marquise de Blaru, is soon to be very interesting as the pupils will work hard for their respective institutions, and subscriptions are generously given by our most prominent men, both English and French alike.

The collection is at present in the vaults of Laval University in Quebec, and the contest finishes on the 15th of January. The minimum value of this collection is one hundred thousand dollars.

WATERVILLE ODD FELLOWS.

Waterville, Oct. 15.—(Special.)—Concord Lodge, No. 48, I.O.O.F., received an official visit last evening from the Grand Master of Quebec Jurisdiction, who was accompanied by D.D.G.M., Bro. Dr. Spencer, Sherbrooke, D.D.G.M., Bro. J. N. White, Coaticook, and Past Grand Master, Bro. W. B. McCutcheon, Coaticook.

There was a large attendance of members for Concord Lodge is one of the most flourishing of the younger members of the order in the jurisdiction. Though only instituted last year, its membership now numbers 56.

The members have taken great interest in degree work. Next week they will visit Coaticook and exemplify one of the degrees in Victoria lodge room.

Lately the members of Concord Lodge have been preparing the first degree and are now in a position to exemplify it in very creditable manner.

Bro. R. J. Walsh, who was instrumental in organization of Concord Lodge, though belonging himself to one of the New England lodges, gave an interesting account of the progress of Concord lodge since its institution, which was received with much satisfaction by the visiting Grand Lodge officers.

At the close of the regular meeting adjournment was made to the Waterville hotel, where supper was served, followed by a toast list, in which many of those present participated.

The toasts were: "The King," "The Grand Lodge," responded to by Bro. V. E. Morrill; "Sister Lodges," responded to by Bros. White and Spencer; "Concord Lodge," responded to by Bros. Burton, Thompson, Imms, Bray and Anderson; and "The Ladies," responded to by Bro. R. L. Adamson. Afterwards Auld Lang Syne was sung, and the gathering broke up.

DUNHAM TOWNSHIP COUNCIL.

Dunham, Oct. 15. — (Special) — The regular monthly session of the Township Council took place on Monday the 5th instant, at the Town Hall here with Mayor Jas. E. Millar in the chair and Councillors Martin E. Baker, A. J. Longeway, Miles Hunt, T. Noiseux and George Doherty in attendance.

The Secretary was instructed to make arrangements for the housing, this coming winter, of the road-machine and rooter-plow now being used on the way from here to Cowansville in the manufacture of permanent road by Mr. P. A. Ruiter, as these articles belong to the Council.

Several bills were passed and ordered paid and the duties assigned, at the September session, to Mr. Arthur E. Bell, as road officer at Farnham Centre, namely, the installing of a water-way near Mr. H. B. Buck's place, was given for completion into the hands of Mr. Buck, on account of the absence and consequent inability of Mr. Bell to perform the duties asked of him.

A by-law was ordered framed up, laying a tax of $2,416.95 on this Township, being a rate of assessment of three mills on each dollar of taxable property, payable within twenty days from the posting of notices that the collection roll of the Council was prepared.

The Council then adjourned till the 13th inst., when they re-assembled in the afternoon (Tuesday) with Mayor Millar presiding and Councillors Lee, Hunt, Longeway, Noiseux, Doherty and Baker to revise and homologate the Voters' List according to presentation of the same by the Secretary, and according to the complaints lodged thereagainst by Messrs. Heman, Green and H. J. Drew, W. G. Miltimore and others. The meeting was very quiet and amicable and about one hundred changes were made, counting both names to go on as additions and those to be erased as having not the proper qualification.

DUNHAM VILLAGE COUNCIL.

Dunham, Oct. 15. — (Special) — The regular October session of the Village Council took place in the Village Hall on the evening of Monday, the 5th inst., with Mayor J. G. Selby in the chair and Councillors R. P. Small, F. T. Curley, J. F. Yeats and Jos. S. Baker in attendance. Several bills were ordered paid and the application of A. M. Meigs for a license to keep an inn in this village, in the stand, The Park House, which he has just bought, was granted without opposition, he to continue out the term of Mr. Chas. Duchesneau from whom he bought and secured a transfer of the license. He appeared before the Council and asserted his intention of keeping a good, respectable house. No fee was charged for certifying the application, as Mr. Duchesneau had already paid for the whole year.

The rate of taxation for the current year was imposed as one-half mill higher than last year, in order to pay off the money borrowed for sidewalk construction, namely three mills per dollar. Trade licenses will cost the same fee of $4.00 and the dog tax is the same as last year, $1.00 and $2.00.

A petition was presented, signed by 95 per cent. of the ratepayers of the village outside of the Council, asking for the security of authority to go upon the land where certain springs are located, belonging to Mrs. Stevens and to ascertain if these springs are sufficient to supply this village for all time with good drinking-water, and, if so, to proceed to the acquisition of these springs and the installation of a good water system in this village.

This petition caused a lot of discussion. Councillor Small thought the signers of the petition considered it only a beginning of necessary formalities. Councillor Yeats, who had seen many of the signers, stated that he was of the opinion that every signer would be willing to vote for the by-law to raise the necessary money to install the system. He believed $7,500 an ample amount of money and showed a rough sketch of the probable expenses in connection. The Mayor thought these figures too low. All agreed that, before proceeding to a vote, an absolutely reliable estimate of expense should be had.

It was shown that, if the expense of the system amounted to $7,500, the rate of 7 mills on the dollar for 20 years would pay the interest and pay the debt.

The points adduced in urging waterworks was fire protection, and public health and the benefits and incomparable boon of an unlimited supply of spring water. Sutton's sad experience of being burned out in the spring of 1898 was brought up by Councillor Curley. That village had had its lesson, suffered its great loss and had then gone to work and installed waterworks thus suffering a double cost. Dunham should profit by the lesson of others. Dr. Yeats declared the drinking water of Dunham, at the present time, to be of a dangerous nature. It would be easy to tell the cost of digging the ditches and getting the cost of iron pipe.

The proposition was finally considered too momentuous to dispose of off-hand, so it was laid over till the November meeting. Councillors Curley and Yeats were named a committee to secure accurate estimates. Mr. Edwards, a practical engineer from Boston, who has spent his summer here, had agreed to assist them very materially by forwarding the results of the experience of small New England towns and villages situated similarly to Dunham.

COWANSVILLE VILLAGE COUNCIL.

Cowansville, Oct. 15. — (Special) — The regular October session of the Village Council was held in the Fire Station, Monday evening, the 5th inst., with Mayor W. G. Brown in the chair and Councillors John McCabe, W. H. Fuller, William Oliver, C. E. Lavery and R. H. Strange in attendance.

The sum of $102 in small bills were passed and ordered paid, on the authority of Councillors Strange and Oliver, Road Committee.

The Council then adjourned until Saturday evening, the 10th, to consider Mr. T. W. Dunn's bill for pumping water from the river into the reservoir during the past dry season. All things considered, this expedient rendered Cowansville as well supplied with water as nearly any E.T. village. It has cost Mr. Dunn a great deal of wear and tear on his engine and boiler, running it night and day and has also cost him his entire supply of wood secured for next season. He has had to buy coal, which does not serve his purpose as well as wood. The bill was $512 and, in reading the items, one cannot find fault.

A special session of the Council was held on Monday evening to homologate the Voters' List for the village, and the result was the addition of about 23 names and the erasure of 21. Mayor Brown presided at this session and Councillors R. H. Strange, C. E. Lavery, W. H. Fuller and John McCabe, as well as several interested ratepayers were in attendance. The meeting was harmonious. The Liberal petitions were signed by Mr. T. H. Halladay, and the Conservative ones by Mr. J. J. Barker.

PRAISE FRENCH ROADS.

AMERICAN DELEGATE TO THE GOOD ROADS CONGRESS IN PARIS SPEAKS.

Paris, Oct. 15.—Before a gathering which filled the main hall of the Sorbonne, the International Roads Congress formally was opened Monday. M. Barthou, the Minister of Public Works, welcomed the delegates of the many nations represented, and the presidents of the various delegates seated on the rostrum. M. Lethier, of the Department of Ponts et Chaussees, presided. In reference to M. Barthou's address of welcome replies were made by the chief delegates of Great Britain, the United States, Belgium, Germany and Russia. Mr. L. W. Page spoke for the United States and said:

"The nation which called this congress is one whose roads furnish an example to the world, and the old saying that the civilization of a country can be judged by the condition of its highways is certainly true of France. It is peculiarly appropriate that we should all meet for the first time in a country which gave birth to the author of the first treatise on modern highway construction and maintenance, the great engineer Tresaguet."

JAPANESE SLAY KOREANS.

TWENTY-TWO OF SOCIETY FAVORABLE TO JAPANESE SLAIN BY GENDARMES.

Seoul, Oct. 15.—It has just been learned that twenty-two members of the "Ichin Hoi," an organization of Koreans favorable to Japan were killed by Japanese gendarmes at Cholado a few days ago. The matter has been reported by Marquis Ito, resident general of Korea, who is now in Tokio. The report is widely circulated that the Japanese Government has decided immediately to annex Korea. The Associated Press, however, is assured that this is absolutely untrue. The explanation advanced of the killing of the members of the "Ichin Hoi" shows that forty "Ichin Hoi" were marching in a body to visit a shrine when the Japanese gendarmes met them and mistaking them for a band of insurgents attacked the party, killing twenty-two.

ROOSEVELT ACCUSED.

DEMOCRATIC NATIONAL COMMITTEE SAYS HE BRIBED A LABOR LEADER.

New York, October 15.—The Democratic National Committee, through John J. Gordon, acting chief of the Press Bureau,, last night made public the following statement:

"It was stated at the National Democratic Committee headquarters that President Roosevelt, by promise of office, had succeeded in having one of the big men of the American Federation of Labor desert President Gompers in his advocacy of the election of Mr. Bryan for the presidency.

"The labor leader in question is Daniel J. Keefe, of Detroit, president of the International Order of Longshoremen, and one of the vice-presidents of the Federation of Labor.

"The Democratic Committee alleges that Keefe and the president were closeted for several hours in Washington on Saturday, October 3, and the offer of being named commissioner of immigration, made vacant by the death of Commissioner Sargent, was made by Mr. Keefe repudiating Mr. Gompers and the executive committee.

"Keefe on Saturday last issued a statement in which he said: 'I am going to vote for William H. Taft.'

"It is pointed out that on September 28 last, the executive committee of the American Federation of Labor issued a circular calling on all organizations of labor to work for the defeat of Mr. Taft, and Republican congressman seeking re-election, and Mr. Keefe authorized his signature to be attached to it.

"The source of the Democratic Committee's information was not divulged last night, but the information was offered that if Mr. Keefe or President Roosevelt deny the charge another big leader, now in New York, will come forward with facts to prove that the offer was made, and Mr. Keefe accepted it, and has commenced to make good his part of the deal."

Detroit, Mich., October 15.—President Keefe, of the Longshoremen's Union, last night categorically denounced the statement issuing from Democratic headquarters in New York that he had been offered the position of commissioner of immigration in return for his support of William H. Taft.

Letters to the Editor.

CONSIDER THAT THEY HAVE BEEN BADLY USED.

Editor of Record:

Sir,—Judgment was rendered on the 5th of October last in a case which involved the the Sunday observance law and two citizens of Sherbrooke were condemned to pay a fine. The two defendants in this case had already paid a fine for the same offence before the District Magistrate, but after having paid this fine they made a request and presented it to the City Council asking the latter to allow them to keep open on Sunday from noon until 5 o'clock. The councillors, not wishing to consider the said request, told the defendants, at least so they understood, that they would close their eyes and let them keep open on Sunday.

Confident in this promise, the defendants opened their stores the Sunday following the meeting of the Council and the following day Pierre Couture, in his capacity as Sub-Chief of Police, laid a complaint against the defendants and it was on this last complaint that they were condemned. During the whole summer, with the exception of the two defendants who were fined on the 5th of October, all of the other fruit stores kept open and continued to sell, which fact was known to the police and Council.

Be it true that the two defendants are foreigners, British law and British fair play should exist for all those who live in our city, without regard for nationality. The costs each one of the defendants had to pay was $209.05. That is what they are obliged to pay for trusting the City Council to protect them.

E. S. GLEASON, Principal.

MR. H. B. AMES ON OUR WESTERN HERITAGE

(Continued from page 1.)

the then Minister of the Interior, Mr. Sifton, was the central figure, under circumstances so peculiar as to have excited general comment.

"An analysis of the holdings of this group shows T. A. Burrows as having secured 549 square miles, the Imperial Pulp Company 417 square miles, the Big River Lumber Company 250 square miles, A. W. Fraser, alias Jno. McBean, 250 square miles, A. W. Fraser, for himself, 120 square miles— in all 1,586 square miles of selected timber, only 109 square miles of which are being operated, the remainder held, presumably for speculation.

"The extent of the holdings of this favored group may be illustrated: Were these selected blocks, nearly 250 in numbers out of an area many times their size, placed end to end, they would form a continuous strip of thick timber, one mile wide, stretching from Montreal to Winnipeg, or, putting it another way, they would be equivalent of a strip half a mile in width clear across the continent.

"In the acquisition of these limits, under the quasi, form of competition then followed by this government, the members of the "Inner Circle" have been remarkably successful. T. A. Burrows, brother-in-law to the ex-Minister of the Interior, owned in 1901 three limits. Between June of 1902 and June of 1905 Mr. Burrows bid, directly or indirectly, nineteen times for timber berths. He succeeded 18 times. He failed once.

"Such success is quite out of the ordinary. For example, take the experience of Messrs. H. & K. McDonald, Mr. Burrows' most active competitors, who stand second on the list by way of extent of holdings. The McDonalds were shrewd bidders. Kenneth McDonald was a practical lumberman, and explored the timbered regions of the West. Hector McDonald, his brother, looked after the Ottawa end of the timber speculation business. During the period of Mr. Burrows' wondrous success the McDonalds bid on thirty occasions. They were successful fourteen times; they failed sixteen times. For the limits which they secured they paid in the aggregate three times the next highest bidder; for the limits they cost they averaged 62 per cent. of highest bids. Burrows almost never failed.

"Whenever the holdings of Mr. Burrows are criticized the argument is always advanced in defence that these limits were obtained at public competition, and that they went to the highest bidder. I propose to give the history of these so-called public competitions."

Mr. Ames said he would demonstrate that the claim of the Government that these lands were disposed of by public competition was little better than a travesty. Not only was the system wholly bad but there were strong reasons to believe that fraud and imposition were practiced. He would discuss some of these transactions.

First, the Cedar Lake limit. One advertisement and one only appeared in the Manitoba Free Press and in the Dauphin Press. The limits could not be reached after the first of November. The advertisements did not appear till the 20th October, when it was quite impossible for anyone to visit the limits, examine them, put in a bid with a cash deposit, and have the same reach Ottawa by Dec. 2. As no doubt expected, there was but one bid. Mr. Fraser offered $500. Shortly after this acquisition the area of the berth was increased to 90 square miles without additional bonus, so that Mr. Fraser secured his limit at the rate of $5.56 per square mile, or at a little less than one cent an acre.

Mr. Ames next took up the Moose Lake limit. "There was the same insufficiency of advertisement and opportunity for competition," said Mr. Ames. "Mr. Fraser, apparently expecting to have it all his own way, put in a nominal bid of $1,000. But there was a surprise in store for him, for, late in the morning of the day on which bids were to be opened, a tender reached the department from Jas. Currie, associated with the McDonalds, who offered $6,420 for the limit. Then a third appeared in the name of W. H. Nolan, containing a $7,000 cheque and this last offer captured the limit."

These three tenders were the "original documents" over which there was so much discussion in the House. The Opposition were given typewritten copies which did not contain all the required information. Finally the originals were secured and showed that the tenders of A. W. Fraser and W. H. Nolan were in the same handwriting. Mr. Ames threw the various letters on the screen. This timber berth finally passed into the hands of the Imperial Pulp Company whose operations became the subject of an investigation on the part of the Opposition.

Mr. Ames followed the history of the Imperial Pulp Company, its only office being a Winnipeg post box, and its only object land speculation. "This mysterious company that possessed no domicile, whose home was a Winnipeg post office box, whose communications had to pass through an Ottawa lawyer or banker, acquired for less than $55,000 during these three years 417 square miles of timber limits that must have a value to-day exceeding $1,000,000," said the speaker.

The lecturer proceeded to offer further details of the land deals, the questionable circumstances of the tenders, etc.

He then touched upon the "Prince Albert deal" and the history of the "Big River Lumber Company," and of the "McBain-Fraser-Munson combination."

"The brother-in-law of the ex-Minister of the Interior was not content," he said, "to secure limits for himself but he found it profitable to lend his influence for a consideration. No better illustration of this can be given than to repeat the story of the Prince Albert deal which discloses at the same time a betrayal of public trust without parallel even among these remarkable transactions."

Again sales were without competition and valuable limits went at 2 cents per acre.

"Finally," said Mr. Ames, "Burrows, the middleman, whose pull worked the department, pocketed $74,000 net cash for his influence."

Mr. Ames gave figures to show the actual values of these timber limits.

On the subject of "restitution" Mr. Ames said:

"In the House of Commons the Opposition moved on the 19th of May, 1908, that a "full and unrestricted investigation be made and such available proceedings taken as may be necessary to revest in the Crown any timber lands in respect of which fraud or imposition has been practiced.' We believed then as we believe now that in taking up this fight we were making a just demand, not only for investigation but for restitution. If these timber areas have been acquired by fraud or imposition the holders of them are the possessors of stolen goods and should be made to relinquish them for the benefit of the state. If the Conservatives come into power there will be such an investigation and if, what we believe to be true, can be proven, the people of this country will become richer by many millions through the recovery of natural wealth which has been wrongfully taken from them."

GRAZING LEASES.

Mr. Ames next took up the question of the grazing leases.

Mr. Sifton, like William the Conqueror, he said, after the election of 1904, sat down to parcel out his domain among the electoral barons who had rendered service in conquering the West at the ballot box.

"In the early months of 1905," said Mr. Ames, "eight grazing leases were granted to friends and supporters of the administration, from which was purposely omitted the 'revocable' clause. These leases covered an aggregate area of 516 square miles, the rental being 2c. per acre per annum.

Mr. Ames proceeded to refer to these particularly, concluding, "Thus it is that Liberal members from the West secured concessions, hawk them about the country and finally sell like merchandize privileges which a bona fide rancher cannot obtain."

THE IRRIGATION AREAS.

The irrigation areas next came in for attention.

He took up the Robins Irrigation contract. He said:

"The circumstances were these: Guy Tracy Robins, an Englishman, visited this country in the fall of 1905. He secured from the government an irrigation contract whereby his company should obtain 380,000 acres of land at $1 an acre, provided one-fourth thereof was put under irrigation. This tract included the Grand Forks Cattle Company leasehold, so this organization had to be brought into the deal, including Messrs. McGregor and Hitchcock. The next that was heard of this transaction was that the Southern Alberta Land Company, a London corporation had purchased the Robins contract and the assets of the Grand Forks Cattle Company for $1,500,000. Upon examination we found that the Robins Irrigation Company consisted of Messrs. Hitchcock and McGregor, Mr. Sifton's familiar friends, and that Guy Tracy Robins had no interest whatever.

"Now, the sale to the English company at this enormous figure meant that half of the sum paid went for promoters' profits."

He then gave the story of the Galway Horse and Cattle Company, a somewhat similar transaction.

INLAND FISHERIES.

Continuing, Mr. Ames said:

"Even if we go up to the far north, we find that the fishing of the large inland lakes has also been given away to speculators for a bagatelle.

"F. Markey, a Montreal Liberal lawyer, secured by Order in Council a twenty-one year lease of extensive waters for a bagatelle. Listen to the listen: Nelson River and tributaries from West River to Hudson Bay; Nelson River Bay, 100 miles of shore line; Hays and Pigeon rivers, their entire length, and Great Slave Lake, a body of water, with an area of 10,710 square miles—all of this for $10 a year.

"A large American corporation is shipping out fish from these lakes and rivers, and depleting the waters for the future.

"I. M. McKenzie secured the fishing rights of Lake Athabasca with an area of 2,842 square miles, and of Lesser Slave Lake, covering 480 square miles—exclusive privileges for nine years renewable for 9 years more —at $10 per year; and there are other cases quite as outrageous."

Mr. Ames illustrated his lecture by many stereopticon views bearing upon his subject and on the Northwest in general.

At the conclusion of Mr. Ames' lecture Mr. O'Bready spoke a few works in French and announced that a meeting would be held in Murray's Hall on Thursday evening, and moved a vote of sincere thanks to Mr. Ames for the interesting and instructive lecture he had given.

DR. WORTHINGTON SPOKE BRIEFLY.

Dr. Worthington then addressed a few words to the gathering, stating that on the 26th day of October the electors of Sherbrooke would show where another Liberal promise had been broken and that was the statement made by Sir Wilfrid Laurier last Saturday night, when he said that we would hear no more of the Ross rifle because Dr. Worthington would not be in Parliament. He took great pleasure in seconding the motion made by Mr. O'Bready.

DISINFECTING SEWER GAS.

(From the Pathfinder.)

The city of Winnipeg announces that it has discovered a way to render sewer gas harmless, the escaping of which is such a great cause of disease. The plan adopted at Winnipeg is a simple one, and consists of a device by which the street gas lamps are made to burn the bacteria which exists in the sewer gas. Lamps were put up beside manholes and a pipe from the sewer was extended up to the mantle of the burner; when the gas was lighted the sewer gas was turned on and, as it passed through the flame, was disinfected. It was examined before it reached the burner, and the plates exposed to it were found to contain more than three hundred dangerous germs, but on the plates exposed to the disinfected gas not a germ was found. The plan appears feasible so far as it goes, but as it does not provide for the disinfection of the gas during the day much of the danger from the sewer gas remains.

DAY OF THE WOMAN GARDENER.

(From the Estates Gazette.)

The modern lady gardener is a young person with a lot of energy, and one who shows a greater desire to learn than some of the male members of the fraternity, while she certainly shows considerable aptitude for her calling. Females have played an important part in horticulture throughout all ages, and they were never so much to the front as at the present time.

COMMENTS ON EASTERN TOWNSHIPS HAPPENINGS.

Medical School Inspection.

There is a good deal to be said in favor of medical school inspection. The reasons given for it by Dr. Williams in a recent address were weighty ones. It is one of the advance movements in educational matters. While outside of the cities it has not become an established fact to any extent in this province it is likely to be so in the not very distant future. In some schools where there is no medical examination strictly speaking, there is, nevertheless, an examination of the eyes. Scholars are very often handicapped in their work through some defect of the eyes which is perhaps not suspected until examination proves the condition. The apparatus for such testing of the eyes is simple and need not necessarily require the attendance of a professional. While this one thing is desirable the all round inspection urged by Dr. Williams in his address is to be commended to the serious consideration of school boards.

Stanstead Election Case.

The ending of the Stanstead election case was similar to most election trials. A small percentage of these cases are ever heard on their merits. It is often not even the intention that they should be heard on their merits when they are taken. They are brought a good deal on the principle that money is paid for votes. One side does it so the other thinks it is obliged to follow the same course of action. Petitions are brought by one side, and the other side to protect itself and be in a position to saw-off, brings similar suits. It is human nature when two men on opposite sides of politics can get rid of election petitions and be secure in their seats to secure this security by a saw-off when it can be brought about. At the same time such an ending of election suits is not conducive to purity in elections. If these actions were continued to a finish there would be very much less corruption in the Dominion and that very soon.

A Magistrate Investigates Zam-Buk

Says it is a wonderful Healer and does more than is Claimed for it.

No household remedy in existence has won such glowing tributes from people in high places as Zam-Buk. Mr. Roger F. Perry, Justice of the Peace for British Columbia, tested this famous balm, and this is what he says of it:

"The Pavilion,
"Goldfields, B.C.

"To the Zam-Buk Co.,

"Gentlemen,— After a very fair trial I have proved Zam-Buk eminently satisfactory. In my case it cured a skin rash of five years standing which no doctor had been able to do any good for.

"I would certainly encourage any person to keep Zam-Buk in their home. It truly does even more than you claim for it. For my own part I would not now be without it in the house. Yours very truly,

(Signed) "Roger F. Perry,
"Justice of the Peace for B.C."

Zam-Buk differs from ordinary salves and embrocations, for while these mostly contain animal oils and fat, Zam-Buk is purely herbal. It soothes and heals cuts, sores ulcers, eruptions, boils, eczema, chafing sores, etc. In the household it is the handiest possible remedy for burns, scalds, children's injuries. It instantly cleanses any wound to which it is applied; prevents festering, inflammation or blood poisoning. It cures piles, varicose ulcers, and fistula. All druggists and stores sell at 50 cents a box, or from the Zam-Buk Co., Toronto, for price, 6 boxes for $2.50.

MANSONVILLE.

The annual anniversary supper and lecture was held in the Methodist church on Tuesday evening. Rev. Mr. Jamieson, of Stanstead, gave the address of the evening. The proceeds amounted to about $35.

Mrs. A. Miller, who came home for the week end, returned to Sutton Junction Tuesday morning.

Miss Garner, of Toronto, is the guest of her mother, Mrs. Garner.

Mr. W. F. Vilas, M.L.A., of Brome, was in town Friday calling on his friends.

Mr. F. Olmstead, of Sutton, held political meetings in the town of Potton last week.

Mrs. Dushneau and son have returned from Worcester, Mass., where they have spent the summer.

Mrs. Thickness and daughter, were in town last week on their way to Boston.

ROCK ISLAND AND DERBY LINE.

Several of the young people took in the social dance which was given by Messrs. Cowans and Moulton. Excellent music was furnished by the harpers.

Rev. J. G. Hindley and Mr. Clark Hopkins are attending a Congregational convention, which is in session at Sherbrooke.

Mrs. Theodore Smith and little son are progressing nicely.

The Rock Island Overall Co. is making extensive repairs in their power plant. They are now building a new bulkhead and will build a wooden penstock from it to the wheel.

Mine Host Baxter, of the Derby Line Hotel, is certainly having a good business so far and all wish him success in his new undertaking.

Mrs. A. T. Foster and Miss Mary Foster are both reported much better.

Messrs. Didas and D. H. Beauchein, of Lawrenceville, are doing the repairs on the bulkhead and flume of the Rock Island Overall Co.

The front part of Gobeille's tailor shop has been enlarged and new plate glass windows put in which is certainly a great improvement.

Mrs. Elymer Speer and Mrs. Jason Heath, who have been spending the past two months in Minnesota, has returned home after a delightful trip.

Mr. George W. Hall has been in Montreal buying equipment for his livery stable.

Mrs. Davidson, of Georgeville, spent Wednesday at Derby Line.

Mrs. Fred. T. Caswell entertained a party of ladies at cards on Wednesday afternoon and an unusually pleasant afternoon was spent. At the close most delicious refreshments were served.

Deaths Reported.

MRS. H. E. CAIRNS.

East Clifton, Oct. 15.—(Special.) — Mrs. H. E. Cairns, a former resident of this place, passed away on Oct. 11th, at Newport, Vt., at the home of her daughter, Mrs. Byron Curtis. The remains were brought here for burial.

MRS. ROBERT SEALE.

Granby, Oct. 15. — (Special)—Emily Ferguson, wife of Robert Seale, died at her residence, Granby, on Oct. 12th.

The deceased had been in poor health for about five years and for the past year had been confined to her bed a greater part of the time.

She leaves a husband and three children who have the sympathy of many friends in their bereavement.

The funeral was held at St. George's Chapel on Tuesday. Rev. Canon Longhurst conducting the services.

LEON ROYER.

Lake Megantic, Oct. 15.—(Special)—Mr. Leon Royer, a butcher on Main street, and a prominent resident of Megantic, died last Sunday morning, Oct. 11th, at his home.

The funeral which was held on Wednesday morning, was conducted by the I.O.F., of which deceased was a member, and the members of the order marched with the body to the R. C. cemetery on Ness Hill, where the interment took place.

NEWS OF FEDERAL ELECTION CAMPAIGN.

(Continued from page 1.)

recreant to his trust in departing from his platform of purity of administration upon which he was returned to power in 1896.

MAYES REPLIES TO PUGSLEY.

St. John, N.B., October 15.—Counter affidavits in reply to Hon. Wm. Pugsley's speech denying charges made by G. S. Mayes, dredging contractor, and replying to George McAvity's affidavit, were read last night at a Conservative meeting in Keith's assembly rooms by Mr. Mayes, who took the platform for the first time in the campaign, and by Ald. J. B. M. Baxter, who has been his counsel.

He gives further details of his dredge offer and gives the lie to Mr. Pugsley. He swears that he never offered or caused to be offered a rebate for election purposes.

Writs have been issued at the instance of Mr. Gershon S. Mayes, and served in suits against Hon. Dr. Pugsley for $2,000 and George McAvity for $35,933 for money obtained by them under the circumstances set out in the writ.

Coaticook, Oct. 15.—(Special.)— The first meeting of the Liberals of Stanstead began this week (Tuesday night). Mead's Hall at North Coaticook, was filled to hear Mr. Lovell and Mr. Rider.

Mr. Lovell said he was the chosen standard-bearer of Sir Wilfrid Laurier's Government in Stanstead county and hoped to merit their support in the future as he felt he had in the past and that he was proud to say he was in sympathy with the present Government, knowing it to be a good government for the people of Canada. It had administered the affairs of the country well, and had turned a continual deficit in the Post Office Department to a surplus for each and every year for the 10 out of eleven years of administration, and now were in a position to think favorably of rural delivery, notwithstanding the reduction of 33 1-3 p. c. in postal rates.

He also was favorable to the proposed construction of the G.T.P. and hoped the electors would unite with him in giving Sir Wilfrid Laurier the mandate to continue with his work already begun and also to assist him in putting into force the good measures already contemplated, such as the Hudson Bay Railway and the short route by that great outlet to the mother country.

Mr. T. B. Rider, ex-M.P., next spoke. He took up the questions of the day. He referred to the charges which were being made by Mr. Ames and his deciples, which were of such flagrant proportions as to cause the present Laurier Administration to call for investigation, when it was found they were totally unfounded. Dealing with the utterances of Conservative speakers, who quoted the Government as saying that they were going to build the G.T.R. for 30 millions, and were claiming it now had cost $200,000,000. He said this was untrue and unfounded in fact, as the Government were not to build this road, but were furnishing substantial backing and carrying the loan for seven years. This loan would only have cost the country a sum less than 30 millions, when the G.T.P. repaid this loan to the Dominion Government. He was proud of Sir Wilfrid Laurier as a leader and proud of his cabinet ministers, men of integrity and honor and against none of whom a Conservative member in the House would place his seat at stake and challenge, by any of the unfounded scandals now scattered through the country. He considered that the G.T.P. was a power for Canada and was going to be the means of giving the home market all that could be asked for, and that the mills would be taxed to the fullest capacity to fill the demands during the next ten years owing entirely to the progressive policy of the present Administration. He could not see why a prohibitive export duty on wool would benefit the mills in Coaticook, as Mr. Paige would wish to impose. An export duty on pulp would be questionable if it were in the policy of the Government, and he sincerely hoped the electors on the 26th would prove that Mr. Lovell was the good and proper man to return to aid the Laurier Administration.

Mr. Rider then spoke at some length in French.

POLITICS AND PROSPERITY.

THE LATTER NOT SO DEPENDENT UPON THE FORMER AS POLITICIANS PRETEND.

(From the New York Journal of Commerce and Commercial Bulletin, Ind't.)

Mr. Bryan is confidentiy promising a prompt return of prosperity if he is elected President, but he can hardly say that the election of his opponent would prevent or delay the same result. The opponent, on the other hand, or his chief supporters on the stump are declaring that there will be no end of bad times if Bryan is elected, while the assurance of a return of prosperity really lies in the election of Taft. We suspect that the matter is not so simple and easy as all that, and that the might of personality in the presidential chair has been greatly magnified of late. If the people rule in this country, as the principle of our Government assumes, they will probably manage to control their affairs through those whom they elect to office and not depend upon the will of these agents as an omnipotent power for good or evil. Our hopes do not depend upon campaign promises or our fears upon campaign threats.

When these threats and promises are made by private employers, however, they may have a sinister significance and are certainly to be deprecated. The head of a large industrial corporation at West Chester, Pa., who has posted a placard in his works that the hour he is convinced that the "dire calamity" of Bryan election will occur or has occurred those works will have to close down as a "matter of self preservation," may be so violently partisan in his feelings as to believe what he says, but his language is naturally construed as a threat of discharge for the workmen and an attempt to coerce their political action. Such use of threats or of promises to affect votes is, without justification. Confidence will no doubt be affected by the result of the election, and it will have an influence upon the course of after events, but the idea that prosperity and well-being of the country depends upon the ascendency of one political party or the election of any particular candidate to office has been fostered to a pernicious degree.

ENGLISH COMPOSERS' LIMITATIONS.

(From the Musical Standard.)

The number of composers of the younger school in England who can produce a well-written and interesting original piano piece is ridiculously small compared with, for instance, what is done by their Russian contemporaries.

Woman, After Years of Miserable Existence from Ill Health Finds Help in Vinol.

"After years of miserable existence on account of my health, I was getting more discouraged every day, as I had tried nearly everything, without success, to build me up. At last I heard of Vinol. I have taken three bottles and have gained in health and strength every week. I sincerely recommend it to all who suffer from weakness and cough or any disease of the lungs." Mrs. A. Savard Warden, Waterloo, Quebec.

This is because Vinol is a genuine tonic and body-builder which contains peptonate of iron together with every one of the body-building medicinal elements of cod liver oil but without one drop of oil to upset the stomach and retard its work. Vinol acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements from the food eaten to make rich, red blood, healthy flesh and muscle tissue and create strength.

Your money back if Vinol fails to benefit. W. H. Griffith, Druggist, Sherbrooke.

Confirmation services were held in St. John's and St. Saviour's Churches on Monday last when the Bishop of Quebec confirmed 13 persons. In the afternoon the Bishop dedicated the beautiful stained glass window given by the children of the late Mr. and Mrs. Frazer of Fontenoy in memory of their parents. The Bishop spoke in highest terms of such thoughtfulness and love on the part of children and also congratulated the congregation upon the very extensive and marvellous improvements made to St. John's Church under the guidance of their clergyman, the Rev. C. T. Lewis.

G. T. P. FOR VICTORIA.

ANNOUNCEMENT BY PRESIDENT HAYS, IN INTERVIEW.

Victoria, B.C., Oct. 14.—President Hays, of the G.T.P., announced in an interview that the new transcontinental line would come into Victoria. The details have not yet altogether been worked out.

A STRAW.

(From the Springfield Republican.)

A postal card canvass of ten sample assembly districts in Greater New York by the World reveals for President considerable gains to Taft from the Parker vote of four years ago, and much larger gains to Bryan from the Roosevelt vote of four years ago. Thus, of 4969 persons expressing a preference for Taft 4024 voted for Roosevelt in 1904, 520 for Parker and ten for Debs; while of the 3112 persons preferring Bryan only 1692 voted for Parker, no less than 1037 voted for Roosevelt and thirty for Debs. On the basis of these returns, and estimates from up-State counties a plurality of above 15,000 is figured out for Taft in New York State. The shifting of votes in the gubernatorial canvass is made to appear much greater than the above, and an indicated plurality of 195,660 is figured out for Chanler, Democrat, in the entire State. That is sufficiently impressive. One result of the postcard canvass is that both the Debs and Hisgen vote is being drawn more largely from the Republicans than the Democrats. But it is well to remember that a similar canvass by the Brooklyn Eagle four years ago indicated the overwhelming election of Parker.

BRITISH AND FOREIGN BIBLE SOCIETY MEETING.

A meeting was held last night in the Baptist church of the British and Foreign Bible Society, under the Rev. Thomas Bennett, Secretary.

The Rev. Chas. Duncan was chairman, and the proceedings opened with a hymn, "Nearer, my God to thee," sung from behind the screen. Prayer was offered by Rev. C. S. Deeprose, pastor of the Methodist church. The election of officers followed, Mr. J. P. Watson being appointed President, and Mr. C. J. Wright, Secretary; Executive, the officers and pastor; Depository, Mr. F. T. Ansell. A vote of thanks was unanimously carried to Mr. Price, the retiring Secretary.

Rev. G. Ellery Read and Rev. C. W. Nicol sent their regrets at not being able to be present on the occasion. After another hymn, "Beautiful wonders of life," the Rev. Mr. Bennett made a brief address, expressing his pleasure at the good attendance, and at meeting the pastor, Mr. Duncan, as well as the Rev. Mr. Deeprose, and went on to speak of "Love" as shown to us in the Bible.

A great number of interesting pictures were thrown upon the screen, comprising views in our own and in foreign lands, and scenes in the early days of Christianity, etc.

A hearty vote of thanks was given to Mr. Bennett, and after a hymn the benediction was pronounced and the pleasant and profitable evening came to an end.

The collection amounted to $4.68.

PUSHING ALONG PLANT OF NEW ASBESTOS CO.

The D'Israeli Asbestos Co., at D'Israeli, are pushing the plant along as fast as man and labor will do it. They have just completed the four miles of grading from the mine down to the Q.C.R., and in a few days will be laying the rails and ties to the mine. This speaks well for the management of the Company as this was an exceptionally quick piece of work. The Company are clearing away at present for the foundation of their mill. They claim this will be erected in another two months. The property has been showing some splendid specimens of asbestos, and appears to be immensely rich in ore.

THE MEETING OF CONGREGATIONALISTS.

Annual Meeting of the Quebec Association Concluded.

REV. F. J. DAY ELECTED MODERATOR — SUMMARY OF YESTERDAY'S BUSINESS.

The morning session of the Congregational Association of Quebec opened yesterday with a devotional service, led by Rev. E.C. Woodley, M.A., B.D.

A very practical and forceful sermon was preached by Rev. J. G. Hindley, M.A., B.D., on "True Worship."

At the business session which followed, the Business Committee reported on the necessity of a deeper interest in the work of the Association, and the Business Membership Committee recommended the acceptance to membership of Rev. J. R. Unsworth, from the Western Association, the Rev. E. C. Woodley, of Danville, and Rev. Prof. Cooke, Ph. D., of the State Association of Kentucky. Letters of transfer were granted to Rev. A. F. Pollock, late of Danville, to the Toronto Association, and Rev. H. G. Rice to the Western. The Membership Committee also recommended that the Scribe communicate with all non-resident members of the Association, with a view to transferring their membership to the associations within their localities.

Upon the election of officers, the Rev. F. J. Day, of Montreal, was elected Moderator, and the Rev. J. G. Hindley, of Rock Island, was elected Scribe.

The various churches represented reported hopefully of the work being carried on within their bounds.

Rev. Prof. Cooke, Ph. D., of the Congregational College, Montreal, read a paper on "Some reasons why a carefully trained ministry is needed to-day." In the course of his paper he referred to the challenge given by science to religion and the transitional condition of theology, as well as the wide range of human needs, as calling for a vitalized interest in the work of the institution, and the churches' support for educational purposes. The churches fail to supply a large enough number of students to meet the demands of to-day, a fact which seriously menaces denominational expansion. The small number entering the ministry is due in part, to a misapprehension of what constitutes a call to the ministry.

The remainder of the morning was devoted to the consideration of the proposed new constitution.

The Revs. J. L. Alexander, Rev. G. Ellery Read and Rev. Dr. Warriner were appointed on the Advisory Committee, and Rev. Hugh Pedley elected as representative on the Home Missionary Society.

Luncheon was served by the Ladies' Aid Society.

After luncheon short speeches were made by Mr. A. S. Hurd, K.C., Rev. C. S. Deeprose, Rev. J. R. Unsworth, and Rev. F. J. Day.

At the afternoon session, Mr. Thos. Moodie, of Montreal, gave a short address on the Layman's Missionary Movement, which aims at the evangelization of the world within the present generation.

The Rev. J. Lambert Alexander reported the work of his department, and indicated methods of deepening the interest of the young people of the churches in Home and Foreign Missions.

Rev. E. C. Woodley read a paper on "The results of Christian Missions, with especial reference to India." Mr. Woodley, who has spent several years in India, engaged in educational work, quoted statistics showing the increase of the Christian population during 1,800 years, and its comparative strength numerically, with the great ethnic religions. These statistics are so encouraging as to justify a strong optimism concerning the growth and triumph of Christianity as a universal religion.

Rev. Rufus Flagg, D.D., of Newport, Vt., delivered an address on "The organization of men in Congregational Churches." These men he divided into four classes—communicants, adherents, accessories and outsiders.

Under the head of unfinished business, the subject of Church Union was taken up by Rev. J. R. Unsworth, closing the session.

WEDNESDAY EVENING MEETING.

At the meeting on Wednesday evening, after the devotional exercises, conducted by the pastor, Rev. G. E. Read, the Rev. E. H. Tippett, of Calvary Church, Montreal, gave a most interesting adddress on "Ancient Faith and Modern Thought." Mr. Tippett said that in speaking of ancient faith he was referring to the faith of our fathers, the fundamental truths that have prevailed since Christ was on earth, the belief in a personal God. The modern thought, of which he wished to speak specially was not the latest theories advanced by scientists, but the thoughts and perplexities of the average man. There are many men, perhaps not highly educated, who are doing a great deal of thinking; they read Socialistic papers, books written by scholars whose conception of the universe seems to be in direct antagonism to the Christian religion, and they ask themselves the question, "Can the ancient faith held by our fathers be accepted in the light of personal knowledge?" The Church should be prepared to answer these questions, should invite men of this class to discuss them. If it is explained to them that "evolution" means an unfolding, a development, that it would be impossible to unfold nothing, if nothing were there; that as many scientific men believe in the theory of "mutual aid" as in the "survival of the fittest," that mutual aid is a law of nature, and the chief factor in progressive evolution. They ask, how can we know that God is near, or if he is near, are we not too small, too insignificant to feel that He notices each individual, and it can be shown them that if the telescope has revealed much to man, the microscope has done as much, and that the very atoms have a system of motion as complete as that of the largest worlds.

The Rev. F. J. Day was then called upon to speak on "The Church and Social Reconstruction," and was listened to with the greatest attention.

A vote of thanks was moved by the Rev. Mr. E. C. Woodley, to the Sherbrooke Congregational Church and its members for their kind hospitality, to the choir and organist, for their many well rendered programmes; to the speakers, especially Dr. Williams, and all who had in any way contributed to the success of the Association's meetings, and after this was seconded and carried unanimously, the singing of a hymn and the benediction by the pastor, closed the meetings for the year.

AHEAD OF THE TIMES

"Disappointments defer hope." We are disappointed in not getting fall weather so as to sell Fall Footwear, of which we have such an abundance. We are, therefore, ahead of the times, but wet weather is coming, and then this waterproof wear without rubbers will be in demand.

We are ready also to repair all sorts of half wornout shoes, artistically, for our shoemaker, as you already know, is an artist on the last.

DAILY NEWS FROM TOWNSHIPS.

(Continued from page 1.)

Canadian lady, Miss Gladys Dale, who has been travelling for the past year in Europe with her aunt, Mrs. W. F. Williams, and her cousins, the Misses Castle, Williams and Bacon. Referring to the Canadian exhibit at the Franco-British Exposition, Miss Dale says: "The Canadian exhibit is one of the best colonial exhibits. They have beavers at work and the crowds that gather around this exhibit are astonishing. The butter exhibit is the centre of attraction. They have a life size figure of King Edward and the President of France shaking hands. There is also, a woodland scene showing Jacques Cartier in a canoe. These are all made out of butter and the people who look at them can hardly believe their eyes."

MARRIAGES.

BLAKE—DAVIS.

Richmond. Oct. 15. — (Special) — At St. Anne's Church, Richmond, on Wednesday afternoon, at three o'clock the marriage took place of Miss E. Davis to Mr. W. Blake, both of Melbourne. The ceremony was performed by Rev. Rural Dean Hepburn.

STAPLES—WESTON.

Marbleton, Oct. 15.—(Special.) —On Tuesday evening, the 13th inst., at 6 o'clock a quiet but pretty wedding took place in St. Paul's church, when Mr. Henry Staples and Miss Anna Weston, both of this place, were the contracting parties, Rev. I. N. Kerr officiating.

The bride was dressed in brown, with hat to match, and white silk blouse, and looked very nice, and was given away by her brother-in-law, Mr. Cyril Weyland. After the ceremony the wedding supper was served at the home of Mr. and Mrs. Cyril Weyland. We wish them much happiness.

BROADBELT—FATHERS.

A very quiet wedding took place last evening at the home of Mrs. E. Maskell, 24a Aberdeen avenue, when her niece, Miss Kate Fathers, was united in marriage to Mr. Alfred Broadbelt by the Rev. Mr. Nicol. The bride wore her travelling suit of navy blue ladies' cloth with silk blouse. She was given away by her uncle, Mr. E. Maskell, and was attended by her cousin, Miss E. Maskell, who also wore a suit of navy blue. The bride was the recipient of many very useful presents, including silverware, china, glassware and linen. Mr. and Mrs. Broadbelt left last night for St. Johnsbury to spend their honeymoon. They will reside in Sherbrooke on their return.

ABERCORN.

Mr. Sawyer has his house nearly ready to occupy. He had the electric light fixtures put in on Saturday, also one street light in front of his residence. If each person who uses electric lights would add one street light it would be a great improvement to our village.

The Conservatives have rented a room from Miss Helen Shephard for their committee to meet in.

Miss Pansey Bowker has returned to Ottawa for another school year.

Mr. and Mrs. Herbert Lahue of Maine are visiting relatives here.

Mr. and Mrs. H. H. Barnes and Mildred attended the 20th anniversary of Mr. and Mrs. L. R. Smith's marriage at North Pinnacle on Oct. 10th.

Mrs. H. C. Barnes of Burlington, who has been the guest of Mr. J. Dunn, has returned home.

GOULD.

A twice-daily mail service began on Monday between here and Scotstown.

Mr. Laronger of Scotstown is moving the old school building down the hill to the village to the corner opposite A. A. MacAulay's store.

The new school is about completed. The seats are being put in this week.

Arrivals include: Mrs. MacDonald and son Angus Smith, of South Rhygate, Vt., visiting friends in vicinity; Mrs. Murdock Morrison, of Scotstown, spending a few days with friends; Mrs. A. G. Sherman and daughter, Christina, and son George, of Scotstown, attending the Sacrament.

The Rev. Mr. McLean, of Cape Breton is still with us and his able and interesting services were much enjoyed and appreciated during the recent Dacrament.

A number of young gentlemen from Sherbrooke are camping at McGill Lake.

Mr. Geo. Cowan's mill has started to work this week.

Mr. and Mrs. J. Armstrong of Scotstown have moved into town and are living in Mr. Cowan's house.

HUNTINGVILLE.

The Rev. I. W. McLaughlin, of Lyndonville, Vt., will hold an all-day service in the church at Huntingville, Oct. 25th in exchange with the Rev. F. E. Adams. Refreshments will be served in the vestry of the church at the noon hour. All are cordially invited to attend.

Our school commenced last Monday with Miss M. McKee as teacher.

Mr. and Mrs. C. Hurlbut who have been guests at Mr. E. Libbey's have gone to Moe's River the guests of Mr. B. Harran and family.

Mr. and Mrs. W. Farnham and two children visited at Martinville last Monday.

The subject for Rev. F. E. Adams' sermon Oct. 18th will be "The Law of Service."

Mrs. S. A. Hunting of Sherbrooke, also Mr. S. Dundin and Mrs. H. Dundin, were recent guests at E. I. Hunting's.

NO DOUBT OF IT.

The enderly lady who was looking through the shop of a dealer in nicknacks picked up a small handbag. "Are you sure," she inquired, "that this is a real crocodile skin?"

"Absolutely certain, madam," replied the dealer. "I shot that crocodile myself."

"It looks rather soiled," observed his customer.

"Naturally, madam," explained the salesman. "That is where it struck the ground when it tumbled off the tree."

RICHMOND.

Mrs. C. B. Caswell and Miss Pearl Sheppard have returned from a visit to Montreal.

Messrs. R. L. Cross and T. McCourt were at South Dunham Wednesday, on business.

Mr. Telfer Thomas, manager of the E. T. Bank at Waterville, was in town Wednesday the guest of his father.

Rev. L. M. England was at Knowlton to attend the funeral of his sister, the late Mrs. M. H. Bedee, who died on Tuesday last.

Mrs. Bowden has returned to Ottawa after visiting her father, Mr. W.E. Jones.

STUDENTS ON A TEAR.

SMASHED STORE WINDOWS AND UPSET WAGONS IN TORONTO.

Toronto, October 15.—In their parade of the town preceding the games today, 'Varsity students were responsible for some disorder and damage. Several store windows were smashed and a farmer's wagon, with a load of garden stuff, was overturned. The students will be assessed by the various faculties for their share of the damage.

CITY NEWS

The Rev. Canon F. G. Scott, of Quebec, who attended the meeting of the Corporation of Bishop's College, yesterday, was a guest of Mr. and Mrs. F. W. Frith while in Lennoxville.

The annual ploughing matches of the Sherbrooke Ploughmen's Association are taking place to-day at the farm of Mr. J. H. M. Parker, Lennoxville. The matches of the Sherbrooke and Belvidere Ploughmen's Association will be held on Tuesday next at the farm of Mr. R. F. Collins.

Driver L'Heureux, of the Imperial Oil Co., met with a shooting accident a couple of days ago which will lay him up for some time. He had taken a gun in the wagon with him on his route. This jolted from the wagon and fell to the ground, the cartridge exploding and the charge striking him in the chest. His injuries were attended to by Drs. Finnie and Landry, and the patient is now making good recovery.

A double wedding took place Tuesday morning at Stoke, when Mr. A. Plante and Miss Odille Guilmette were united in marriage, the wedding of Mr. P. Guilmette, father of Miss Guilmette to Sarah Legare, aunt of Mr. Plante, taking place at the same time. The Rev. Father Martel performed the double ceremony. A wedding breakfast was afterwards served at the home of Mr. Jos. Plante, followed by a supper at the home of Mr. Jos. Guilmette. Abouy thirty guests were present, and both happy couples were the recipients of many useful and handsome gifts.

Mrs. Ready, Lennoxville, was the hostess at a large and very enjoyable tea Tuesday afternoon in honor of Miss Mona Molson, who has been her guest for the past week. Mrs. Ready was assisted in receiving by her daughter, Mrs. F. G. Vial and Mrs. Molson. The tea table, which was beautifully arranged with pink carnations on a lace centre piece, was in charge of Mrs. Holt and Miss Gill, who poured tea and coffee respectfully. Among those present were the Hon. Mrs. Henry Aylmer, Mrs. Parrock, Mrs. F. W. Frith, Mrs. Hudspeth, Mrs. Crosby, and Miss Crosby (New York), Mrs. Wm. Morris (Sherbrooke), Miss Burrage, Mrs. Wright, Miss Gill, Miss Jeffrey, Mrs. Alcock, Mrs. LeRoy, Mrs. E. B. Bell, Mrs. Hale, Misses Gladys and Mary Hale (Sherbrooke), Mrs. Bidwell, Rev. Dr. Allnatt, Mr. Bell and others.

RURAL MAIL DELIVERY.

The Post Office Department, Ottawa, are now sending out boxes to the different provinces to establish the rural mail delivery system. The first to be put in operation was between Hamilton, Ont., and the outlying village of Lancaster. The system, we understand is to be extended gradually to take in all principal routes, where stage lines now run. One is to be established on the stage line between Sherbrooke and Stoke Centre, at an early date, the boxes for which have already been received.

SOUTH AFRICAN UNITY.

BUNKERS AHEAD, SAYS LORD SELBORNE—BOTH IN JOCULAR VEIN.

London, October 15.—A despatch from South Africa says that at Durban at the dinner of the delegates of the Union convention, Lord Selborne said, using a golf smile, they must expect to encounter numerous difficult bunkers, but he had no doubt the ball would be skilfully extricated.

Premier Botha, speaking in Dutch, created amusement and enthusiasm by his references to Sir P. Scott, who was present. He said Scott had sent naval guns to the front "when we were trying to get Ladysmith, and they were too much for us. Sir P. Scott disappointed our young Boers, who were looking forward to sea-bathing and banana-eating on the coast."

It is expected the conference will last three months, the Natalians wishing to give it every chance. Probably the chief point will be whether the representation proposal for union will be on the basis of voters or population. The latter would discriminate against the pioneering population of Rhodesia and the Transvaal.

A BOOM OUTRAGE.

HURLED INTO TAXICAB STORAGE BY STRIKER OR SYMPATHIZER.

New York, October 15.—The bomb made its first appearance yesterday in the struggle between the New York Taxicab Company and its striking chauffeurs, which has been in progress for more than a week. While no one was injured and no serious damage was done, still the controversy, which, from the first, has been marked with violent disorders, has by this fact reached a stage where it is likely that the sternest repressive measures will be required. Both the company and the strikers plead innocence in connection with the outrage, the company declaring that a deliberate attempt was made by strikers to destroy the property of their former employers, and the strikers maintaining that the deadly missile was hurled in an attempt to turn public sympathy against them or by some misguided sympathizers. The bomb was thrown early today into the big enclosure in Eighth avenue between 56th and 57th streets, where 250 taxicabs belonging to the New York Taxicab Company were stored for the night.

BISHOP'S COLLEGE SCHOOL.

The annual meeting of the directors of Bishop's College School, Lennoxville, was held at Lennoxville on Monday, October 12, when there were present Col. H. R. Fraser, K.C. (Chairman); Messrs. R. Campbell, K.C., J. A. Cochrane, John Hamilton, D.C.L.; C. M. Holt, K.C.; W. Morris, K.C.; H. M. Price, A. F. Simpson, Major G. R. Hooper, and the Very Rev. the Dean of Quebec. Mr. J. Jackson, Mr. J. MacKinnon, Mr. R. T. Heneker, and Mr. E. Joly de Lotbiniere were unavoidably absent. A large amount of important business was transacted.

At a meeting of shareholders held at the same time the old board of directors was elected, with the addition of the names of Sir Montagu Allan, and Mr. E. Cochrane.

The school football team expects to play the return match with St. John's School, Montreal, on Friday next, and the High School the following morning, both matches in Montreal.

A design of the handsome tablet to be erected in the chapel in memoriam of Lawrence Price by his father and others has been submitted to the authorities, and met with full approval.

The headmaster, Rev. Dr. Bidwell, has been invited to address the Provincial Association of Protestant Teachers of Quebec, at their annual convention on Thursday evening. His subject will be "Ethics in Education."

MYSTIC.

Arrivals include: Mrs. S. B. Palmer, of Sutton visiting her mother, Mrs. C. Stone; Mr. L. Smith of Clarenceville, the guest of Mr. W. L. Smith over Sunday; Mr. John Ewing, of Pike River.

Departures: Mr. Irwin Unwin to visit friends in Lowell, and Lawrence, Mass.; Mr. Arnold E. Bockus to Hartford.

Mr. Clark Stone is suffering from an attack of asthma.

WAGE A HOLY WAR AGAINST SERVIANS.

(Continued from page 1.)

trian flags were burned in the streets. Other similar gatherings are announced. A committee has been formed to compel Austrian shopkeepers to remove their signs. A supposed Austrian spy was nearly lynched in the street. The police arrested him to save his life.

NEGOTIATIONS HANG FIRE.

London, October 15.—Although the complete solidarity of Great Britain, Russia and France is now assured, negotiations on the terms of the prospective international congress are hanging fire, and it is understood that M. Isvolsky, the Russian foreign minister, who intended leaving England to-day, will prolong his stay. Efforts are now being made to settle various points by separate private agreements between the nations immediately interested, and if this can be effected, the congress, when it is held, will not be a conference in the originally intended sense, but a meeting of the powers for the ratification of these previously-made compacts.

A YEAR'S EARTHQUAKES.

At Shide Observatory, in the Isle of Wight, there were recorded, according to Dr. Milne's annual report, 43 large earthquakes, against 76 in 1906, and 46 in 1905. The East Indian Archipelago and the adjoining Himalayan district were, says Engineering, most disturbed, the west side of South America least. Since 1902 seismic frequency has fluctuated similarly on the two sides of the Pacific, which indicates general, not local, influences. Most of the after-shocks of the Jamaica earthquakes have been recorded at Shide, but not at Strassburg, Gottingen and Laibach, which are only a little further away, and this shows that the British Association instrument is not to be put aside as a pioneer instrument. Mr. Milne, continues Engineering, discusses the time intervals of the after-shocks, and the dissipation of earthquake motion as measured by amplitude and duration. Up to a certain distance from the origin amplitude is inversely proportional to the distance; the amplitude curve afterwards becomes less steep and asymptotic to the distance ordinate. Some earthquakes are not recorded in their quadrantal regions, but are recorded in antipodean regions. One conclusion in connection with this problem is that a greater number of earthquakes travel farther west (against the motion of the earth) than east, and also, that the range of recorded motion across the equator to the south is shorter than it is towards the east or west.

WANTED TO MEET ATTELL.

BUT EDMUNDS, CANADIAN FIGHTER, MUST WAIT UNTIL JANUARY.

Toronto, October 15.—Artie Edmunds, the Canadian wrestler and boxer, is very much disappointed over the refusal of Abe Attell, American featherweight champion, to give him a match before January. Edmunds had been promised a match with Attell the latter part of this month before the National Club in New York, but the champion now refuses to meet him before the latter part of January. The Canadian will put in the time appearing in Peterboro, Belleville and Ottawa with lightweight boxers and may accept a bout in Detroit for Thanksgiving Day.

CAPITALS TRIP PAID.

MOST SUCCESSFUL THE CLUB HAS EVER UNDERTAKEN.

Ottawa, Oct. 15.—Dave Mulligan, who managed the western tour of the Capital lacrosse team, gave an answer Tuesday night to stories that the trip had not been a success financially.

According to Mr. Mulligan, who should know, the tour was the most successful from a financial standpoint the club has ever undertaken. The party went out under a substantial guarantee and for the second match the crowd numbered 12,000 people. The attendance at the extra game was small, but results fully warranted Capitals' decision in staying over. They also made good financially in the Winnipeg game and came home with a good balance.

WORLD'S CHAMPIONS.

CHICAGO NATIONALS, FOR SECOND TIME, WIN HONOR FROM AMERICAN LEAGUE CHAMPIONS.

Detroit, October 15.—By defeating Detroit yesterday afternoon, 2 to 0, the Chicago team of the National League retained its title as the champion baseball team of the world. The present series differed but little from that of last year. In the previous series Detroit managed to get one tie game and then went down in four straight defeats. In the present series Detroit snatched one victory out of the five games played.

The Chicago team, according to the critics, showed superiority in every department of the game in the series as a whole, although this superiority was not so apparent on the day that Detroit battled a victory off Pfeister's curves. Detroit was handicaped by Schmidt's inability to cut down runners at second and by the failure of her heavy hitting outfield to bat at critical moments when hits meant runs. None of the Detroit pitchers secured to puzzle the Chicago batsmen, tor even Mullin, who pitched Detroit's only victory, was found for seven hits. Throughout the series Chicago's hitting was opportune.

Score by innings:

Detroit	0	0	0	0	0	0	0	0	0	—0
Chicago	1	0	0	0	1	0	0	0	0	—2

Batteries: Chicago—Overall and Kling. Detroit—Donovan and Schmidt.

SPORTING NOTES.

Bishop's College School rugby team will play the St. John School team in Montreal to-morrow and on Saturday they will play the Montreal High School.

The M. A. A. Club held a basketball practice in the Y. M. C. A. gymnasium last night.

The newly organized High School rugby team held a practice last night.

Bishop's College will meet the McGill II. on Saturday next on the College Campus. The last game was won by McGill by a margin of two points. This time Bishop's intend to reverse the position by a larger score.

CHAFIN A REFORMER.

IF ELECTED PRESIDENT HE WILL WIPE OUT ALL DISTILLERIES AND BREWERIES WITHIN A YEAR.

Madison, Wis., Oct. 14.—Eugene W. Chafin, prohibition nominee for president, in a speech last night, declared that the loss of negro votes in several Southern border states would mean defeat for Taft.

"If I go to the White House," said Mr. Chafin, "the first thing my wife and I would do would be to clean up all the whiskey bottles. I would also call a special session of Congress on March 6, and I assure you that within twelve months afterwards there would be no more distilleries or breweries in the United States."

A BEGGAR'S REBUKE.

Perhaps the ablest rebuke ever addressed to a miser was that of a beggar who derisively offered Lord Braco, an ancestor of the present British Duke of Fife, a little silver coin just to get a sight of his lordship's hoarded gold and silver. Now, Lord Braco was of true miser breed, and the mere sight of the silver tempted him to open his chests, whereupon the beggar remarked quietly:

"After all, I'm as rich as you, my lord. I can see your gold, and even you have not heart to do any more with it."

DUNHAM.

The Centenary Services on Sunday, Oct. 11th, at All Saint's Church were beautiful and uplifting. Despite somewhat unfavourable weather, especially in the evening, large and devoted congregations gathered for the worship of the Lord of the Harvest, and the "Potentate of Time." Liberal offerings were made for the Centenary Fund, a large number of communicants gathered round the Lords' Table and attentive congregation both morning and evening, listened to Ven. Archdeacon Ker's fitting and encouraging sermons which included the Historical Element blended with that which was most devotional.

Rev. R. D. Miles, who was Rector of the Parish in the years 1878-9, took part in the services. He and Archdeacon Ker being the administrants in the Holy Communion service. Among the congregation was noticed the venerable face of Mr. Thomas Cotton, only surviving son of Rev. Charles C. Cotton, the first Rector of the Parish in 1808-1848.

FINANCIAL AND MARKET NEWS

MONTREAL LIVE STOCK MARKET

FEW PRIME BEEVES ON MARKET—SUMMARY OF SALES.

Montreal, Oct. 15.

About 1,340 butchers' cattle, 20 milch cows and springers, 300 calves, 950 sheep and lambs and 1,200 fat hogs were offered for sale at the East End Abattoir yesterday. There were very few prime beeves on the market, and some of the best of these sold up to 5c per lb.; pretty good animals sold at 3½c to 4¼c and the common stock at 2c to 3c per lb. A lot of 28 thin, old cows, averaging 946 lbs., each, were sold at a little over 1½c per lb. Milch cows sold at $30 to $55 each. The calves were nearly all grassers, which sold at 2½c to 3½c per lb.; good veals sell at 4c to 5c per lb. Sheep sold at about 3½c per lb.; Lambs at 4½c to a little over 5c lb. Fat hogs sold at from 6c to 6¼c per lb.

CHEESE MARKET DULL WITH LOWER PRICES.

Montreal, Oct. 15.

Local cheese prices have a lower tendency following in decline in the country, and there is no improvement in business. Nobody seems to want to buy on a falling market, and still less do holders want to sell at the present quotations. It is said that the shipment will be very light this week, and this reflects the condition of the export trade with fair accuracy.

Western cheese are quoted at 12¼c for white and 12⅝c for colored. Townships at 12c to 12¼c, and Quebec at 11⅞c to 11¾c.

Butter values are unchanged, and a fair jobbing trade is passing at 26½c to 27c.

LIGHT HOGS SOLD AS LOW AS $6.00 A 100 POUNDS.

Montreal, Oct. 15.

The high prices that have been ruling for live hogs, and the fear that values would be down to a normal level before their stock was ready, evidently induced a good many farmers to send in small, light hogs to the market yesterday morning. The high price of feed may also have been a consideration but the result is only another demonstration of the fact that it is no use sending light stock to this market. The price was cut from ½c to ¾c a pound on these hogs, many of them selling at $6. Good lots of selects brought $6.50 to $6.75 a hundred pounds. Abattoir dressed hogs are quoted at $9.50 and a good demand is reported. Cured and smoked meats are selling very freely, and prices are firm on account of the lightness of the tocks in store.

Do You Belong to the Want-Advertising

"FOUR HUNDRED"

In This City?

If you could make a list, in this city, of the four hundred people who make the most effective uses of the want ads., you would have a list of the most alert, thrifty practical, up-to-date, prosperous people in town. No other test would so surely include the people who have most to do with the practical things of the city's daily life—who promote its activities—who boost and boom it—who create all about them that optimism which makes for healthful activity in all lines of business.

If YOU belong, already, to the city's "want ad. four hundred," you are prosperous, enthusiastic about life and the business of the day, and are "making money." You are in touch with all of the little opportunities to "earn a dollar" (or a hundred dollars) which come to the careful reader and answerer of the classified ads., and you turn naturally and quickly to the use of the small ads. whenever you want anything, or have anything to sell.

As in New York society, the "400" consists of at least a thousand people, so in this city, the "want ad. four hundred" may be stretched into an indefinite number. Perhaps, if you "wake up" promptly you may become the four hundred and first member of the "want ad. 400."
