

Truckers demand action

Stukely tunnel may be replaced by new viaduct

New census figures for E. T.

Drummond riding is most populous

Drummond-Arthabaska continues as the most populous of the eight federal constituencies in the Eastern Townships with a population of 89,851 persons, the 1961 census figures released by the Dominion Bureau of Statistics Friday morning revealed.

The 1956 census placed the Drummond-Arthabaska population at 83,407. Sherbrooke County moved into second place with 73,417 inhabitants at the time the 1961 census was taken as compared with 64,463 in 1956 when it ranked third.

Former holder of second place, Megantic, dropped to third position with 70,064 in 1961 compared with 64,958 in 1956.

Fourth position went to Sherbrooke with 67,992 last year and 80,383 in 1956, when it was also fourth.

Richmond-Wolfe again ranked fifth with 60,534, up somewhat from the 1956 total of 57,993.

The only constituency to register a decline in population was Compton-Frontenac which dropped from sixth spot in 1956 to eighth in 1961, the drop in inhabitants being 44,048 in 1956 to 42,366 last year.

Quickly controlled

Downtown building is hit by blaze

A two-alarm fire broke out shortly before 11 a.m. today in a four-storey building in the heart of the city opposite city hall. The fire is believed to have started in the elevator shaft on the top floor of the building, 144 Wellington Street and quickly spread to the roof.

A city fireman told The Record that offices on the top floor of the building suffered only slight fire damage but other offices in the 35-year-old building would suffer heavy water and smoke damages.

Billows of smoke rose from the roof of the building and at one time flames could be seen rising about 15 feet from the roof top.

A crowd of over 200 downtown office workers and shoppers quickly grew as firemen from two stations worked to control the blaze.

Eight pieces of fire equipment, an ambulance and city's electrical department team along with 20 firemen and extra police men were called to the fire.

Fire department headquarters said they received a telephone call about 10:45 a.m. saying that smoke was coming from the roof of the building.

Firemen had to call for booster service from a nearby garage when batteries on their aerial ladder truck could not provide enough power to start the motor to raise the ladder to the roof of the building.

Fire director Percy Donahue and police chief Edouard Moreau were attending a police and fire meeting at city hall when the fire broke out.

By DAVID TODD
(Record staff reporter)

EASTMAN — The South Stukely tunnel, known to many as the Route No. 1 death trap may be replaced by a viaduct, it was announced yesterday by Camille Archambault, president of the Quebec Trucking Association.

Mr. Archambault made the announcement at a press conference held at Eastman at which were present representatives of the Sherbrooke Proprietor's League and the Sherbrooke Citizen's League.

Mr. Archambault said that he had received a letter from the Provincial Roads Minister Pinard stating that everything would be done to have the viaduct built during the summer of 1962.

However, the letter added that permission had to be received from the federal Department of Transport as the new viaduct would pass directly over the CPR railroad trestle.

"I received this letter January 19," said Mr. Archambault, "and it stated that a letter had been sent to the department of transport requesting their permission. It added that plans for the viaduct had been completed and were ready to be swung into operation. I contacted the department of transport this morning and they told me that they received no such letter."

"We can wait no longer. This tunnel is a death trap, it is costly to the trucking business and will eventually be costly to the public," he said.

Mr. Archambault said that it costs every trucking company that has a regular run that carries them through the tunnel, \$2,000 to \$3,000 per year for repairs to the tops of their vans.

"Eventually we will have to raise our trucking rates because of the money we lose. We are the only ones affected now but if the tunnel is allowed to stand, the trucking rates of the province will be raised considerably in the very near future," he said.

Mr. Archambault said: "Five years ago we sent a request to the government asking that the road be lowered two feet to allow our trucks to pass. We heard nothing and our request was put somewhere in a corner to gather dust."

The sign at the top of the tunnel indicates a 13 ft. 4 in. clearance. "The tunnel is rounded off and therefore even trucks with a height of 12 ft. 4 in. can't get through," Mr. Archambault said.

Forty-one nuns of the Sister of the Precious Blood order on Dufferin Street are praying that the city will change its mind about building a bridge across the St. Francis River between Montreal and Dufferin Streets.

Like nearly everyone else in the area in the North Ward where opposition to the bridge is building up, they do not want the increased heavy traffic they believe the bridge will bring.

Nor do they want their park and cemetery at the rear of the Convent to be

gobbled up for a traffic circle.

Sister St. Catherine Sienne told The Record Thursday that for the past week Sisters of the convent have been making special novenas and praying to St. Joseph that the city may change their minds and build the project elsewhere.

"We are in favor of progress for the city, but would also like the bridge to be built further away from the convent because if the bridge is built at the rear of our property it will bring us into

Nuns pray to block project

By BERNARD BROWNRIGG
(Record staff reporter)

The view of the public and we will be forced to stop our outdoor activities and stay in the convent more often," Sister St. Catherine said.

Opposition to the building of the bridge is strong and almost unanimous on the North Ward side.

This week, The Record conducted a survey of twelve people who either live in the area or are intimately connected with the buildings there.

Eight of them said the bridge should be built elsewhere.

Only two of them thought the city should go ahead with its plan to build the bridge there but none were in favor of turning Mitchell Park into a traffic circle.

Most of those in the area affected by the project believe that traffic circles are a thing of the past and also dangerous to people crossing the streets.

Eleven were opposed to the project being built near the churches and taking up property of the Sisters of the Precious Blood.

Rev. John D. R. Franklin Rector of St. Peter's Church and Rev. M. W. Williams Rector of Plymouth Church both said the project would hinder their church work and services.

Mrs. M. McKeage told The Record the project would be bad for the residents of the McKeage Rest Home because Mitchell Park

is the only place where they can go and if it is turned into a traffic circle there will be a danger of them getting struck by traffic.

Those opposed were agreed on one thing — if a bridge is needed, it should be built at the foot of Queen and Prospect Streets, away from the centre of the city.

As the bridge controversy boiled, these were the reactions:

F. W. S. Webster whose property on Dufferin faces Mitchell Park said:

"I am not in favor of the bridge being built from Montreal Street to Terrill in the East Ward."

"A petition presented by the Chamber of Commerce three years ago to the city council was signed by over 100 residents from Wellington North to Frontenac, Dufferin, Prospect, Queen North, and Portland Streets asking for the bridge to be built near the Brompton Road where all the trouble starts and that all trucks be rerouted so as not to come into the city's main streets at all."

Rev. John D. R. Franklin, Rector of St. Peter's Church said:

"I dislike this jargon of main arteries and traffic circles because I have always thought the City of Sherbrooke deserves the name of the Queen of the Eastern Townships, and this old part of the North Ward with its old houses and historic churches, has a peculiar charm and dignity for Sherbrooke."

DAMAGE TO BUILDINGS

"As rector of St. Peter's Church I would be most concerned if this scheme becomes a reality because heavy traffic will cause damage to the surrounding buildings and churches, not to mention the difficulties of noise, dust and fumes during divine services."

"Neither do I suppose that in a few years time the City Council will make good the damage to sagging foundations and cracked walls in our buildings."

"If we want to be forward-looking then the right approach to the problem is for all heavy traffic to bypass the city entirely. The present scheme will add to the confusion rather than present a solution."

Rev. M. W. Williams, rector of Plymouth Church said:

"I am not against progress in the city if it must go on but I do feel the bridge project should be built further on near Queen Street because I don't think it is a good location for it."

"What I am against is what will come after the construction—heavy traffic, dust, fumes and noise, which will effect our services, not to mention our building."

"Our church, along with St. Peter's is one of the oldest and first churches in the area and I would not like to see them destroyed by the passing of heavy traffic along these streets."

Mrs. M. McKeage of the McKeage Rest Home in the west side of Mitchell Park said:

"What use will the park be with a traffic circle around it? I for one am against the project in every manner, shape and form. We need a bridge but not so badly that we have to sacrifice a beautiful park, and destroy two churches and the property of religious orders."

"From two to two hundred children, most of them retarded play in Mitchell Park."

See "Nuns Pray" Page 5

BRIDGE APPROACH — Above is the approach site to the proposed Montreal Street - Terrill Street bridge looking down Montreal Street towards the St. Francis River. Arrow shows how approach will have to be bent around the corner of Plymouth Church (background of picture). On the right is St. Peter's Church, and in the foreground, left, is the McKeage Rest Home. Immediately behind the rest home is Mitchell Park, around which it is proposed to construct a traffic circle.

Success near in Algerian talks?

PARIS (Reuters) — Success seemed in sight at the Algerian peace talks today but there was rising apprehension over right-wing terrorism in Algeria itself.

French and Moslem negotiators went into their 10th straight days of talks at Evian near the Swiss border with expectations that a cease-fire might be signed Saturday.

But in Algeria about 500 Moslem insurgent "protectors" moved into Algiers and Oran as the European Secret Army Organization stepped up its terrorist campaign to scuttle a peace agreement and keep Algeria French.

The insurgent agents were sent in to protect the Moslems from secret army raiders and also to prevent the Moslems from staging retaliatory action.

41 KILLED Thursday the North African territory was chilled by the cold-blooded execution of six welfare workers and the machine-gunning of 11 Moslems in a bus lineup. A total of 41 persons were killed and 45 wounded in what was perhaps Algeria's worst day of terrorism.

Third worst disaster

Plane, 107 passengers missing; no traces found by searchers

MANILA The Philippines name. Four women were (AP)—An armada of U.S. ships among the crew.

It was the third major air mishap this month. The loss of 600 square miles of the western Pacific, today reported no trace all aboard would be the third of a chartered American airliner missing with 107 persons aboard.

The four-engined Super-Cond at 8:57 p.m. Thursday night stellation of the California-based Flying Tiger Line disappeared between Guam and the Philippines on a flight from California to South Viet Nam. Traves Air Force Base in California said the plane carried a crew of 11 Americans, 93 U.S. Army personnel and three South Viet-

namese. Four women were among the crew.

It was the third major air mishap this month. The loss of 600 square miles of the western Pacific, today reported no trace all aboard would be the third of a chartered American airliner missing with 107 persons aboard.

The plane took off from Guam at 8:57 p.m. Thursday night carrying fuel for about nine hours flying for the 1,600-mile, eight-hour hop to Clark Air Force Base, north of Manila. It was last heard from 80 minutes later when the pilot sent a routine radio message to Guam from about 270 miles west of U.S. island base.

The Clark field rescue coordinating centre declared the airliner missing this morning. A U.S. Navy spokesman said it was believed the plane went down closer to Guam than to the Philippines.

U.S. base in the western Pacific marshalled a task force of surface ships and air force, navy, marine and coast guard planes.

Seven ships led by the destroyer escort Brister and 15 aircraft were dispatched from Guam, Clark Field, the U.S. 7th Fleet and the air force at kinawa sent additional planes.

Bulletin

MOSCOW (Reuters) — Soviet Premier Khrushchev said today Russian scientists had developed a new "global rocket" which could not be stopped by any anti-missile missile, the Soviet news agency Tass reported.

Russia's answer to Kennedy's test ban proposal was given Thursday night by Soviet Ambassador Semion Tsarapkin. The U.S. president announced two weeks ago he had ordered a new atmospheric test series to begin in late April but would cancel it if Russia would agree to ban all tests under an international inspection system.

Tsarapkin met with U.S. negotiator Arthur Dean and British delegate Joseph Godber. Later

They appeared certain to maintain this opposition to international inspection where all other disarmament measures were concerned.

The Western powers were just as adamant in their refusal to disarm without international inspection of the Russians. Without a break in the East-West deadlock over inspection measures, top Western diplomats saw no hope for progress—but they intended to keep on trying, for weeks or months, if necessary.

Russia's answer to Kennedy's test ban proposal was given Thursday night by Soviet Ambassador Semion Tsarapkin. The U.S. president announced two weeks ago he had ordered a new atmospheric test series to begin in late April but would cancel it if Russia would agree to ban all tests under an international inspection system.

Tsarapkin met with U.S. negotiator Arthur Dean and British delegate Joseph Godber. Later

India proposes disarmament negotiations

Rusk and Gromyko urged to begin informal talks

GENEVA (AP)—The 17-nation disarmament conference called on U.S. State Secretary Rusk and Soviet Foreign Minister Andrei Gromyko today to start prompt informal negotiations in their rival disarmament plans.

The move, proposed by India, came in the third session of the conference after Brazilian Foreign Minister Francisco San Thiago Dantas urged the nuclear powers to carry out negotiations to the extreme limit of

compromise. He said the smaller nations can play an important role in seeking compromise by negotiation.

With such formal speech-making remaining and the foreign ministers expected to be in Geneva only about a week more, Indian Defence Minister V. K. Krishna Menon urged that Rusk and Gromyko as well as other delegation leaders waste no time in getting together for informal talks.

Rusk, who supported Menon's suggestion, met with the Indian delegation head immediately after the conference session. Conference prospects suffered a blow Thursday night when the Soviet Union rejected U.S. terms for a test ban. Resumption of U.S. nuclear weapon tests in the atmosphere next month appeared inevitable as a result.

The Russians once more refused to accept foreign inspectors on their territory to check against violations of a test ban.

an American spokesman announced the Russian had turned down Kennedy's proposal abruptly and completely—without qualification. Tsarapkin declared Russia would accept a ban only with a national inspection system—each of the nuclear powers policing its own pledge.

The Soviets for months have contended that detection instruments are so far advanced that a sneak nuclear blast can be detected from thousands of miles away.

CITY FIRE — Smoke billows from a four storey building, 144 Wellington Street North, owned by Eddie Blouin, shortly after a fire broke out in the elevator shaft at about 10:45 this morning. The fire was under control a half hour later.

PROVINCE OF QUEBEC
CITY OF SHERBROOKE

PUBLIC NOTICE
By-Law No. 1183

PUBLIC NOTICE is hereby given that on the 12th day of February 1962, the Municipal Council of the City of Sherbrooke has adopted By-Law No. 1183 of the Municipal By-Laws of the City of Sherbrooke, amending By-Law No. 1071, establishing at 25 feet the distance of the construction line in zone J-15.

That the original of said By-Law No. 1183 is kept at the City Hall, in the Municipal Archives, where everybody can take communication thereof.

The By-Law will take effect on March 30, 1962.

Given at Sherbrooke, this 13th day of March 1962.
H. P. EMOND,
City Clerk.

ten of spades. Harry won with the ace in dummy and led a diamond. East ruffed. Harry overruffed and led a trump to dummy. Two more trump leads pulled the rest of the trumps and now Harry played dummy's last diamond.

This last diamond lead squeezed West. He had to unguard his king of clubs in order to hang on to the high spade and Harry made the last two tricks with the ace and queen of clubs.

JACOBY ON BRIDGE
SOUTH PASSES BOUNCE TEST
The test of a great card player is his ability to bounce back after bad breaks have changed a lay down contract to an almost impossible one.

Harry Harkavy of Miami is particularly adept at this phase of play. If he had been looking at all the cards he would have played the ace of clubs at trick two, ruffed a club, led a diamond from dummy and stuck in the jack whereupon since West was void of trumps there would have been no way to beat him.

Harry did take the first spade at trick one, but he continued by playing the ace and jack of diamonds, whereupon East took his king and led the ace and another heart.

Harry won in dummy and proceeded to make the hand anyway. He led the ten of diamonds and discarded a spade. West took his queen and led the

DANVILLE —
Mr. and Mrs. James Dalgaard of Elyria, Ohio, are guests of the latter's parents, Mr. and Mrs. J. Visser.

Mr. and Mrs. H. W. Adams, Montreal, and Mrs. Bruce Gardiner, Greenfield Park, were guests of Mr. and Mrs. Harold Mayhew.

Mrs. Van der Mark, who has been visiting her son, Mr. Gerrit Van der Mark, for several months, plans to return this week to her home in Holland.

Mrs. Frank Peters pleasantly entertained eight members of the Coaticook Birthday Club recently.

Guests of Mr. and Mrs. Peters for the weekend included Mr. and Mrs. Norman Lucier and son, Rodney, Richmond, Vt., Mr. and Mrs. J. H. Glendhill, Coaticook.

Mrs. Ethel Wiggitt has returned from the Hotel Dieu Hospital, in Sherbrooke, having undergone minor surgery.

Mr. and Mrs. F. W. French, Michael and Lorraine, of Richmond, visited Mr. and Mrs. W. E. Lepitre.

FOSTER —
Mr. and Mrs. George Streeter, of Newport, Vt., were guests of Mr. Streeter's mother, Mrs. O. W. Streeter, and also visited their aunt, Mrs. J. O'Hearn.

Mrs. Maurice Williams suffered torn ligaments in her ankle and shoulder, as well as face injuries when she fell from a stepladder while painting in their new bungalow. She is convalescing at home after X-rays and treatment at the B.M.P. Hospital, Sherbrooke.

VALE PERKINS —
Dwayne Cote, 12-year-old son of Mr. and Mrs. Ed. Cote, suffered a double fracture of his ankle while skating near his home. He was taken to the B.M.P. Hospital by his father.

EAST CLIFTON —
Mr. and Mrs. Jack Garneau, Valleyfield, were weekend guests of Mr. and Mrs. Lucius Gilbert, Mr. Gerald Gilbert accompanied them home.

Miss Darlene Bain returned to O'Sullivan's College, Sherbrooke, after a month's absence because of illness.

Mrs. Jack Colby and children, Eustis, are spending a few days with Mr. and Mrs. Gordon French.

Miss Barbara Blair, Sherbrooke, spent the weekend with her parents, Mr. and Mrs. Clayton Blair.

NEW YORK (AP)—A combination of ratings rivalry with NBC and a recent change in top management in the news department probably is the cause of CBS' decision to put Walter Cronkite in Douglas Edwards' seat on its early evening news show.

Edwards, on the air at the dinner hour for almost 14 years, is a steady, unemotional type of reporter.

Cronkite recently has been attracting critical bouquets on "location" assignments. He was CBS' key reporter covering John Glenn's space trip, and was also praised highly for his thoughtful, well-prepared interviews with former president Eisen-

hower in a recent three-part CBS reports series.

CBS, since it took a bad licking on U.S. political convention coverage two summers back, Edward R. Murrow, has been lying to find a way back to its former news pre-eminence.

Edwards, whose CBS contract still has 4½ years to run, wanted to leave the network, which offered him only a five-minute mid-afternoon news show to replace the prime-time plum it is taking away. He has received a good offer elsewhere.

His request, however, was turned down on the simple ground that "Doug opposite our

show on another network would be harmful to CBS."

Actually, the shift may not be all bad for Doug. It will give him a chance to get back into real reporting for the first time since 1948. A daily network news program does confine a man—even if the cocoon is mink-lined.

New all-vegetable baby powder

**NO TALC, NO MINERALS OF ANY KIND
MORE SOOTHING, SOFTER, LIGHTER**

**New SLS Baby Powder Helps Protect
Against Diaper Rash, Absorbs Moisture,
Soothes Irritated Skin—a Unique
All-Purpose Dusting Powder**

What makes SLS unique? Just this—SLS has already proven its value! Many years ago our grandmothers discovered that corn starch was the finest type of powder for dusting baby. It was soothing to tender skin and helped prevent diaper burn.

Now, for the first time, you are able to buy a baby powder and all 'round dusting powder of pure vegetable origin. That's what SLS is—a highly refined, sterile corn starch, its soothing properties enhanced by "T4", a proven skin purifier.

In the attractive turquoise and white plastic squeeze-or-shake bottle. Mildly perfumed.

Asbestos

Regional Chamber of Commerce to hold convention on May 20

ASBESTOS — (Special) — The Regional Chamber of Commerce convention will be held here on May 20. Nine chambers from the Bois-Francs and Eastern division will be represented by some 200 members under the presidency of Guy Blanchet.

A general meeting will be held in the morning while the ladies will be entertained by a show and reception.

A buffet lunch will be served at noon, for the men. An industrial visit will be organized for the ladies, in the afternoon while the men hold another meeting. A civic reception will be given by the town, followed

by a banquet and the evening will close with a dance.

The Larochelle Dart Club came-up Regional Champions, when they won the Trophy this past week at games held at Bromptonville. They won-out over a Magog team.

Asbestos Police and officers of the Provincial Police forces are keeping a "watch" over the juveniles who frequent the local pool-halls and hotels.

Chief Adrien Larivee has warned residents that a by-law forbids anyone under 16 years of age from entering the pool rooms and those under 20 years

from entering the hotels and grills. Those caught will be severely dealt with and will face charges before the Welfare Courts, he said.

The regional public speaking contest sponsored by the Junior Chamber of Commerce will be held here on April 1. Mr. Huges Savoie, vice-president of the Chamber will officiate.

Contestants are expected to enter from Richmond, Plessisville, Victoriaville, Princeville, Drummondville, St. Germain, Disraeli, Lyster, Danville and Asbestos.

April 11 and 12

Danville ratepayers ask for vote on salary issue

DANVILLE — (Staff) — A referendum will be held at the Danville city hall on April 11 and 12, to decide if the town's mayor and aldermen will receive salaries.

Town clerk Maurice

Champagne told the Record 22 persons signed a petition calling for a referendum at a council meeting Thursday night.

The mayor is asking for salary of \$600 and each alderman \$300.

At present, the mayor and aldermen are not receiving salaries for their work.

Twenty persons were required to force a referendum and 22 signed the petition.

International Understanding Week

Local Rotary Club to welcome foreign university students

Members of the Sherbrooke Rotary Club will observe International Understanding Week, sponsored by Rotary, by inviting some 20 foreign students who are studying at the University of Sherbrooke and Bishop's University to be their guests at their next regular meeting, March 20.

Next week, the Sherbrooke Rotarians will be joining more than 500,000 men in more than 11,000 Rotary clubs in 124 countries in observing World Understanding Week.

Rotary international, now in its 57th year, has pioneered in numerous activities to create world understanding.

In 1947-48 the international exchange fellowship program was established by the Rotary Foundation for the purpose of giving outstanding graduates a year of study abroad. Since then 1,432 students from 71 countries have studied in 50 countries.

Similarly, individual Rotary Clubs, such as the Sherbrooke

Rotary Club, have initiated their own international exchange programs.

Some 10,000 secondary and graduate students are sponsored annually by clubs around the world for some kind of inter-

national travel or study.

Rotarians themselves contribute to world understanding by exchanging pictures, slides, tape recordings, books, magazines and newspapers on a world wide basis.

Community concerts will feature ballet

Members of the Ballet Espanol-Ximenez-Vargas.

The Ballet Espanol Ximenez-Vargas will perform here Oct. 16 at the Granada Theatre as part of the Sherbrooke Community Concerts series.

A membership drive by the local branch of the Community Concerts concludes tomorrow. Prior to their first U.S. Tour during the Fall of 1960, the Ballet Espanol Ximenez-Vargas had already been seen at the dance festivals in Jacobs Pillow, Vancouver and San Diego.

According to Ted Shawn, America's first dancer and the director of the celebrated Jacob's Pillow Dance Festival in the Berkshires:

"In the seventeen years of the Ted Shawn Theatre we have never had any company which has been so ecostatically received by our audiences. I commend them to the gracious people of America for whom I have danced for 50 years."

In 1955, when Roberto Ximenez and Manolo Vargas created Ballet Espanol Ximenez-Vargas, they realized they had more than the average number of ob-

stacles to overcome.

Any newly formed company can expect problems in establishing a reputation and in breaking into the night club and concert line-up. However, Ximenez and Vargas were determined to attain and keep their high artistic standards - even though this meant loss of revenue. They knew financial success meant playing the clubs with a reduced company and commercial numbers. They knew this, but yet, disregarded it. After initial performances in Madrid, Barcelona and Valen-

cia, the company went to Italy. Then there followed a successful tour of Japan, where several performances were honored by the presence of His Majesty, the Emperor Hirohito and members of the Imperial family.

In 1956 the Ballet Espanol Ximenez-Vargas was featured at the Dublin Festival, appeared for the first time on BBC-TV in London, and danced its premiere performance in Stockholm.

Gov. Holmes guest of Y's Men

District Governor Bob Holmes, of the Quebec Y's Men's Club, was the guest of honor at the weekly supper meeting of the Sherbrooke Y's Men's Club held this week at the Magog Hotel.

Accompanying Mr. Holmes on his visit to Sherbrooke were Keith Turnbull, President Elect of the Verdun Y's Men's Club and Barry Holmes.

The meeting also saw the induction of four new members into the club. They were Warren Lynch, Dick Woodhurst, George Bishop and Jack Jauniaux.

The district governor spoke on the advancement of Y's Men's Club in the district and said that all clubs are in the process of a drive for new members.

He praised the local club for their work among the young men in this city and that he was looking forward to attend the Y's Men's Track Meet which is being held in May.

Taking part in the induction ceremony along with the district governor were President Earl Gaunter, Keith Turnbull, Jim MacKinnon and Rollie Dewar.

Guests at the meeting included Vincent O'Connor, Keith Turnbull, Barry Holmes and Luc Bousquet.

By CHARLES CATCHPAUGH

Besides 35 all ranks from each of 9 Militia Group's two armoured regiments, The Sherbrookes and 7/XI Hussars, the same number of militiamen from the 27th Field and 46th Field Artillery Regiments will go to Petawawa on the weekend of March 24th, 25th for range practice. The soldiers will travel to the Petawawa Camp by army buses.

Last Wednesday evening Brig. J. P. Gautier, Commander of 9 Militia Group, accompanied by officers of his headquarters inspected the Sorel Company of the 6th Battalion, Royal 22nd Regiment, RCIC.

It has been announced that

this summer's CWAC camp will be conducted at Val Cartier from July 7th till 21st. Most women attending will be at the centre for one week only. Courses to be run will include lieutenant qualifying, recruit instruction, junior and senior NCO courses, administration instruction, besides other phases of military teachings.

Officers of the Sherbrookes and 8th Medical Company will hold a ball-dance in their mess Saturday evening. An orchestra will be in attendance to provide music for dancing.

Mr. Edgar Kingsland, secretary of the 117th Eastern Townships Overseas Battalion (1914-18) wrote to this col-

Sherbrooke Court

Judge fines youth total of \$35 for causing public disturbance

Donald Gosselin, 22, of Bromptonville, was fined a total of \$35 and costs in Sherbrooke District Court Thursday morning following a guilty plea he entered in connection with three criminal offences.

The youth admitted before Judge Redmond Hayes that he had willfully obstructed a Sherbrooke constable in the execution of his duty, had caused a disturbance in a public place and had fraudulently obtained a \$1.75 meal from the Cafe Royal, in Windsor. The three offences were committed last March 3, in Windsor.

Defence counsel Claude Bedard told the court that his client was arrested before he could pay the meal, and that following his release on bail, he had done so. He added that his client had recently signed up with the Royal 22nd Regiment, and asked a suspended sentence.

Crown Attorney Benoit Turmel however said that Gosselin had a record.

"He believes," said the crown attorney, "that he can impose himself everywhere he goes. I think that the court should at least order him to keep the peace for several months."

Judge Redmond Hayes fined the accused \$10 and costs on the first offence, \$25 and costs on the second, and imposed a suspended sentence on the third offence. However, he ordered the accused to post a \$200 bond to keep the peace for one year.

Passing of sentence against a 19-year old Sherbrooke youth

was remanded to March 22 in Sherbrooke District Court Thursday morning after he guilty to two counts of theft.

Jean-Pierre Patry admitted breaking and entering into the Thibault Drug Store on two occasions during the night of February 17 to 18, and absconding \$59 on the first theft, and \$410 on the second.

Passing of sentence was also deferred to March 22 against Rene Dolbec, 31, of Garthby, who pleaded guilty to a charge of car-theft.

Dolbec admitted stealing a \$2,200 car last March 14 in Sherbrooke, from Gilles Robert.

Crown Attorney Benoit Turmel told the court that the accused had a criminal record dating back to 1956.

Judge Redmond Hayes remanded passing of sentence so as to further study the accused's record.

A 24-year old former St. Praxedes man, serving a one-year prison sentence in Bordenau, was ordered imprisoned for two years Wednesday morning following a guilty plea he entered in connection with a car theft he perpetrated during the night of February 2 to 3, in Sherbrooke.

Odilon Laflamme was imposed the two year penitentiary term on his own request. He asked Judge Redmond Hayes to send him to the Pavillon Laval because he wanted to learn a trade.

Laflamme admitted stealing the car from Raul Beaulieu as it was parked on a Sherbrooke side street in the early hours of February 3.

For the 17th

To perform skits, songs and dances

Skits, singing and dancing will be featured at the annual St. Patrick's Day variety show to be presented Saturday in St. Patrick's Church Hall at 8:15 p.m. The program as released by H. Simms president of the St. Patrick's Parish Society is as follows:

Skit and Singing by students of St. Patrick High School; Organ selections by Miss Christine Connors; Tap Dancing by Miss Mary Broadbent, accompanied on the piano by Miss Maura McKen.

Intermission will be held during which candy will be sold by the Guides and Brownies.

An Irish song-song will be led by J. Maher. This will be followed by the Singing Girls of Sherbrooke directed by Mrs. Lois Blanchette.

Mrs. Alberie Julien will play Irish Airs on the piano at the beginning of the entertainment.

English - section Junior Chamber names officers

Officers of the newly-formed English speaking Junior Chamber of Commerce of Sherbrooke were named at a meeting of the group at the King George Hotel Thursday night.

Keith Morgan was elected as interim president and Sam Elkas as secretary.

The officers will hold office until March 26 when the club will hold a meeting to elect permanent officers.

Parliament at a glance

By THE CANADIAN PRESS
THURSDAY, March 15, 1962
Finance Minister Fleming appealed to the Commons to speed passage of supplementary spending estimates, warning cheques are overdue.
Prime Minister Diefenbaker, peppered with questions from opposition MPs, denied any federal deal to build a wharf for a Quebec corporation.
Walter Pitman (NDP—Peterborough) said the federal vocational training plan is a "fantastically misdirected program" with much waste.
Senator Thomas Crerar (L—Manitoba) said it would be a mistake to grant the franchise to "ignorant" Eskimos in two eastern Arctic areas.
FRIDAY, March 16
The Commons met at 11 a.m. to continue study of a labor department spending item. The Senate stands adjourned to March 20.

CHANGED ECONOMY
Mineral production for the first time exceeded food production in value in the Northwest Territories in 1959.

WINS SAFETY TROPHY — The Sherbrooke branch office of the Quebec Central Railway has been awarded the Vice President's Region Safety trophy for the Atlantic Region for the division or subsidiary, which achieved the best record in the prevention of personal injuries. Pictured above at the presentation at the Sherbrooke QCR office Thursday were R. B. Scott, superintendent of motive power and rolling stock division, Montreal; G. E. Benoit, manager of the Sherbrooke branch of QCR; and J. U. Brazeau, assistant general manager of the CPR, Atlantic Region, Montreal. (Record Photo by Gerry Lemay)

NUNS PRAY

Continued from Page 1

during summer afternoons and you can just imagine the trouble it would be having to watch them don't get hit by passing cars and heavy trucks while crossing the street to and from the Park. Mrs. H. Bruce Fletcher daughter of Mrs. Mitchell who donated the park to the city providing it would be used as a park, said:

"I have been very disappointed throughout the years because the city didn't do anything to the fountain in Mitchell Park and beautify it, now I'm not going to worry myself about what they are going to do anymore because I'm getting too old. I think they should do what they think best as I believe in progress in the City of Sherbrooke."

Senator C. B. Howard who bought a house on Moore Street at the corner of Prospect said:

"I am all for the progress in Sherbrooke and I believe the plan is an excellent one except for the fact they will turn Mitchell Park into a traffic circle. The city knows what it is doing but I also think it would be an excellent idea if they would build the bridge on Queen Street near the Brompton Road and have a road so traffic could

think they should do what they think best, as I believe bypass the downtown area."

Mrs. I. Sims administrator of the YWCA opposite Mitchell Park said: "I think the traffic circles are outdated and the one around Mitchell Park will not only destroy the park but will destroy the only beautiful green piece of land in the North Ward."

"I also think they should build the project further up near Brompton Road as it would be more useful and cost much less."

Don Johnston owner of the Johnston's Funeral Home on Prospect Street near Mitchell Park said:

"I think the bridge should be built at Queen Street near the Brompton Road because the heavy traffic would not be desirable for church services and residents in that area."

"I believe traffic conditions in the area would be worse than they are now if the present plan is constructed."

Mrs. Francis Larkin whose property is behind the YWCA on Dufferin Street said:

"I am not against the project but I do feel it would be better if it were built near the Brompton Road to allow traffic to bypass the city's main streets."

"I am not in favor of the Mitchell Park circle because

it was donated to the city to be used as a park for the little ones and if it is turned into a traffic circle the children and old folks who enjoy it so much during the summer will be taking chances of being hit by the heavy flow of traffic around the circle."

Dr. Gordon B. Loomis whose property will be affected at the rear by the project said:

"I am in favor of the project because I think it will relieve traffic on the Dufferin Street bridge which is one of the oldest bridges in the city and almost ready to fall down. The plan is a good one because it will re-route traffic directly onto the Quebec City highway instead of coming through the city's main streets."

THE MARKET TODAY

(Greenshields Ltd.)

The average yield of 91 day treasury bills following yesterday's sale of \$95 million in three months bills was 3.08% unchanged from the previous week on a bid of 99.238. The Bank of Canada's discount rate which is calculated at 0.25% in excess of this rate now stands at 3.33%.

Northern Ontario Natural Gas Co. reports earnings for the year ended Dec. 31, 1961 of 82 cents a share as compared with 58 cents in 1960.

Canadian Salt Co. reports earnings for the year ended Dec. 31, 1961 of \$1.53 per share as against \$2.02 in 1960. Share earnings are on the basis of 750,000 new shares outstanding for both years. Old shares were split three for one in November last year.

Mr. F. G. Rutley, chairman of the Board of Foundation Co. of Canada, has announced that the directors of the company do not intend to accept the offer of \$14.75 for their shares made by National Trust Co. for an unidentified client and do not recommend its acceptance by shareholders. It was also announced that several of the larger and most influential shareholders have indicated that they too do not intend to accept it.

AS YOU WERE

Continued from Page 3

umn, emphasizing the apparent shrinking in number of First World War veterans. This grand old soldier said in part, "The number of World War I survivors are fast diminishing in number. One unit alone, our 117th Eastern Townships Battalion at the annual association reunion, hear reports that an average of ten of the Battalion have passed away the preceding year. This year to date, ten deaths in our ranks have been reported, and we've learned that several members have been permanently hospitalized in Veterans hospitals across Canada, with three hospitalized in the United States. As Cromwell said to his Veterans: "We are indeed but a sickly and feeble company, yet we shall still work the time that is appointed to us, and after that, rest in peace!"

Births

BLAKE — To Joe and Jean (nee Mappin) on Sunday, March 11th, 1962, a daughter, Kimberley Susan, at the Sherbrooke Hospital. Sister for Jeffrey and Debbie.

WOODARD — Danny, son of Mr. and Mrs. Wayne Woodard (nee Ling), of Waterloo, wishes to announce the arrival of his baby brother at the Granby Hospital, March 15th, weight 6 lbs. 15 oz. Both well.

Deaths

HARVEY, Cora F. — At the Wales Home, Richmond, Que., on Thursday, March 15th, 1962, Cora F. Abercrombie, in her 94th year, beloved wife of the late Alfred A. Harvey, of Kingsville, Que. Resting at the Lockwood Funeral Home, Danville, where the funeral service will be held, Saturday, March 17th at 2 p.m., Rev. T. W. Tyson officiating, assisted by Rev. W. E. Long. Visiting hours, Friday, 3 to 5 p.m. Interment in Cassidy's Cemetery, Kingsley, Que.

MORGAN, Edwin James — At Knowlton, Que., on March 15th, 1962, Edwin James Morgan, beloved husband of the late Ellen Stone, in his 72nd year, dear father of Charles, of Wells-ville, Ohio, Catherine and Beverly, of the late John Morgan and Elizabeth Steele. Remains will rest from Saturday evening, 7 p.m. at the Bedford Funeral Home, 102 William St. Cowansville. Funeral service will be held at Adamsville Catholic Church, Monday, at 10 a.m. Burial in the Adamsville Catholic Cemetery.

MURPHY, Grace Alice (Miss) — At Springfield, Mass., on March 14th, 1962, Grace Alice Murphy, in her 67th year, daughter of the late John Murphy and Elizabeth Steele. Remains will rest from Saturday evening, 7 p.m. at the Bedford Funeral Home, 102 William St. Cowansville. Funeral service will be held at Adamsville Catholic Church, Monday, at 10 a.m. Burial in the Adamsville Catholic Cemetery.

In Memoriam

HOVER — In loving memory of a dear husband, father and grandfather, Philip Hoyer, who passed away March 16th, 1953. "No length of time can take away. Our thoughts of you from day to day."

Always remembered by, MARGARET (wife), DONALD and LILLIAN, (son-in-law and daughter), DALE (son), VERA (daughter), HARLEY and BONNIE, (Grandchildren).

KING — Treasured memories of our dear parents, Mr. and Mrs. Ben King, also sister, Alice, who entered into rest March 16th, 1917, Mother, October 16th, 1936, and Father, March 16th, 1958. A cluster of beautiful memories. Sprinkled with love and tears, Entwined in our loved ones remembrance. For we once we loved so dear. Lovingly remembered by, THE FAMILY.

MacDONALD — In ever loving memory of William MacDonald, who passed away March 16th, 1958, and Margaret Parley, who passed away December 8th, 1958. "Oh, for the touch of a vanished hand, And the sound of a voice that is still. Oh, for the sight of a face unseen, And the vacant chair to be filled." Ever remembered by, MRS. W. F. MAJOR (sister), MRS. W. SMITH (niece).

WATT — In loving memory of our dear father, Wilfred Reginald Watt, who departed this life, March 16th, 1952. He would not ask for grieving, He would not ask for tears, But just to be remembered Through the passing years. Always remembered by, MURIEL, HOWARD, SHIRLEY and CHRISTINE, DOROTHY and LESLIE LYNCH, LORNA and FLOYD WALKER, (daughters, son, sons-in-law)

Card of Thanks

GLEN — I wish to extend my sincere thanks to my relatives and friends, who visited me and sent flowers, cards and gifts while I was a patient in the Sherbrooke Hospital. Thanks to Dr. John MacLeod, also the nurses and aides on the third floor. MRS. I. O. GLEN, Eaton, Que.

Do You Remember...

spring days of a few years ago? March brought windy weather and played havoc with inadequate home heating systems. It just wasn't possible to be warm and comfortable at home.

March, however, also brings warmer days... days when it's a pleasure to walk in the out of doors... it's also a pleasure to get home again, because March weather is very changeable. To enjoy this comfort at home, you need oil heat. And to get the most out of your oil heating system, you need the superior stove oil supplied by the firm of W. H. ADAM LIMITED. This oil is clean burning, and gives you your "money's worth" in heat.

AND DON'T FORGET THE BONUS... W. H. ADAM CUSTOMERS TAKE PART IN MONTHLY DRAWINGS FOR MORE THAN 2,000 GALLONS OF STOVE OIL! SAVE YOUR DELIVERY SLIPS; YOU COULD BE A WINNER! THERE'S ALSO A DRAWING, AT THE END OF THE SEASON, FOR \$500 IN CASH!

W. H. ADAM Ltd.

22 Windsor Street, Sherbrooke, LO. 2-3816

W. H. ADAM

PROVINCE OF QUEBEC CITY OF SHERBROOKE

PUBLIC NOTICE By-Law No. 1187

PUBLIC NOTICE is hereby given that on the 19th day of February 1962, the Municipal Council of the City of Sherbrooke has adopted By-Law No. 1187 of the Municipal By-Laws of the City of Sherbrooke, amending By-Law No. 1071, including in zone B-15 (2 tenements) lots situated at the eastern limit of Ceen Street.

That the original of said By-Law No. 1187 is kept at the City Hall, in the Municipal Archives, where everybody can take communication thereof.

The By-Law will take effect on March 30, 1962.

Given at Sherbrooke, this 13th day of March, 1962.
H. P. Emond,
City Clerk.

For and about Women

A sundress which illustrates the trend to more decorative and feminine fashions is made in a new pink and white baby cord weave of Arnel and cotton, its texture enhanced by white piping and lace butterfly appliques. This easy care Canadian fashion was photographed in Barbados.

A beautifully ladylike Canadian fashion, this coat dress of Arnel and viscose fabric is perfectly at home on the terrace of Sam Lord's in Barbados. The checked fabric illustrates the trend to decorative and textured fabrics for summer.

Women's groups

L'VILLE W. A. ST. GEORGE'S CHURCH
St. George's Women's Auxiliary held their regular monthly meeting in the parish hall with twenty members present. The president, Mrs. L. V. Parent, was in the chair.

The meeting opened with a hymn and a short introduction to the Litany given by Mrs. L. Hewitt preceded the devotional period.

A most interesting Bible Study was conducted by Mrs. S. Jellicoe on Study One, The Glory of God, taken from the Study Book "Jesus Christ the Light of the World." Texts were Ezekiel 1 and Genesis 1-4. Explanations of passages were read previous to the scripture by Mrs. J. Morrison and Mrs. R. McFadden. Bible readings were by Miss D. Sterling, Miss E. Taylor and Miss G. Stevens. Three versions of John 1: 1-9 were read and compared from the Authorized King James Version, Modern Language and the New English Bible.

It was decided to send the quarterly Pledge Money to Quebec. To remind members of their dues a notice is to be put in the Church Bulletin.

Mrs. Blachford, Social Welfare secretary, reported 41 cards sent out, "thank you" notes received and numerous phone calls made. Visits to shut-ins were reported by Mrs. Morrison. A request for clothing for two small boys was answered.

Mrs. L. M. Watson, Educational secretary, reminded the members that the April roll call would be the name of an Anglican missionary.

Mrs. T. J. Matthews, Girls' secretary, stated that a quiz on the Church calendar was to be the feature of the G. A. Festival this year.

The president also called attention to an article in the Living Message by Mrs. Ruth Soward concerning the World Day of Prayer.

The meeting adjourned and tea was served in the Lower hall with Mrs. J. Morrison and Miss Ellen Rothera as hostesses.

sale will be Mrs. Howard Woolferton and Mrs. Archie Kyle. A request was made for used greeting cards.

Plans were drawn up to hold a bridge and 500 marathon with Mrs. Roy Clarke in charge and those wishing to play are asked to contact Mrs. Clarke.

Mrs. John Andrews was presented with a silver baby spoon for her baby daughter.

Archdeacon Matthews introduced his warden Mr. Herbert Simons, who spoke briefly by complementing the ladies on their work and wishing them success in their future undertakings.

Mrs. Smith thanked Archdeacon and Mrs. Matthews for opening the parsonage to the members and Mrs. Matthews expressed her appreciation for the work done by this Guild, who have the responsibility of the upkeep of the parsonage.

At the close, refreshments were served by the hostesses Miss Olive Harvey, Mrs. George May, Mrs. Archie Kyle and Mrs. Henry Hunting.

ST. ANDREW'S MISSIONARY SOCIETY

The March meeting of the Women's Missionary Society of St. Andrew's Presbyterian Church was held at the home of the president, on March 13, with Mrs. George Stevenson presiding and Mrs. E. T. Jones conducting the devotions.

Correspondence included a letter from Rev. S. G. Garland, expressing his gratitude for the tribute paid to the memory of his late wife.

Plans were discussed for the Easter meeting to be held in the church hall April 3, at 8 o'clock, with Rev. Eleanor Carr of Ulverton United Church as guest speaker. All ladies invited to attend.

The roll call was answered with a verse of Scripture. Mrs. H. H. Laurison read an interesting account of the discovery of British Guiana and the coming of the first Dutch and British settlers and the first missionaries.

After the singing of a hymn, Mrs. Stevenson brought the meeting to a close with prayer. Mrs. Howard Thompson then served refreshments.

53RD REGIMENT CHAPTER L.O.D.E.
The 53rd Regiment Chapter of the L.O.D.E. held their monthly meeting recently at the L.O.D.E. House on Moore Street. The regent Mrs. F. Varney presiding.

The meeting opened in regular form, routine business being disposed of.

The regent read a speech made by the National president, Mrs. Peter Robinson, in Montreal on Founders Day. This was most inspiring to all members of the Order.

Mrs. F. Varney was chosen as the Chapter's delegate to the Provincial Annual meetings to be held in Montreal in April.

Mrs. M. McHarg was elected as Sick Committee convener.

It was decided to hold a social evening some time in March.

Owing to the date of the next business meeting conflicting with the Provincial Annual meetings the date was changed to April 26. It was also decided to have a drawing in May.

At the close of the meeting refreshments were served by Mrs. R. M. Loughheed, assisted by Mrs. C. Jackson.

TRINITY U.C.W.

The regular monthly meeting of the Trinity United Church Women met Tuesday evening in the ladies' parlor, with Mrs. B. E. Jarvis, the president in charge.

Mrs. J. B. Burnell was in charge of the devotional period, the topic being, Lent. Mrs. B. Carr was at the piano and the collection was taken by Mrs. L. Humphries.

The minutes were read by Mrs. L. Curtis and the financial report was given by Miss L. Farnsworth.

A report was given on Stewardship and Recruiting, by Miss D. Knapp. Easter envelopes will be mailed to the members.

Many calls were made to hospitals and shut-ins, and the nominating committee reported that Miss Bessie Bryce and Mrs. D. Howard have been added to the M. and M. committee.

A musical festival will be held in May and the United Church moderator, Dr. McLeod.

THE LOOK FOR SPRING is uncluttered and sophisticated. Pillboxes are a touch higher, and this year, they are worn so well with the new "Canadiana" theme in sportswear. Straws are interestingly textured, colours are sparkling and vivid.

will be at Trinity United church on May 1.

There will also be a Spring tea.

At the April meeting, Miss Eleanor Carr, pastor of the Ulverton church will show pictures and give a talk entitled, Dawn in the heart of Africa.

Mrs. B. Carr, head of the Literature committee gave a review of some of the outstanding books on hand, also the literature always on hand in the foyer of the church. Mrs. Carr especially mentioned the book, Signal for the '60's, urging members to avail themselves of this free lending library. Mrs. R. Gittel gave a review of the book, Split in the Sky, this book was written about the Canadian Indians. Another book was, Hasten the Day.

Mrs. G. Hall outlined the laws and customs of people of other lands and Mrs. M. Fuller outlined the book, The Light Shines On, this is a very special book, very heart searching.

L'VILLE WOMEN'S LEAGUE OF ST. ANDREW'S
Lennoxville Women's League of St. Andrew's Church in Sherbrooke held their regular monthly meeting at the home of Mrs. Johnston Beattie, Queen Street, with Mrs. Gerald Cascaden as co-hostess.

Mrs. George MacDonald opened the meeting with scripture reading and prayer. Mrs. Gerald Cascaden president chaired the meeting and extended an invitation from St. Andrew's Auxiliary of the Women's Missionary Society to attend the Easter meeting to be held in St. Andrew's Church Hall on April 3 at 8 p.m. when Rev.

will be at Trinity United church on May 1.

Eleanor Carr will be the guest speaker and present slides of her trip to Africa.

Business included plans for rummage sales in April and September in St. Andrew's church hall and a Spring tea around the middle of May in Lennoxville and the annual St. Andrew's bazaar towards the end of November and other plans and tentative dates were discussed.

The meeting was closed with prayer and the hostesses served refreshments.

The next meeting is to be held at the home of Mrs. W. Gregor MacDougall, Church Street.

MARRIAGE RECORD
Mrs. Beverly Nina O'Mally of Los Angeles, Calif., in 1955 obtained her 13th divorce to marry Gabriel Avery.

EDUCATION GAIN
Illiteracy among Canadian children of school age was reduced to 166,000 from 309,000 between 1931 and 1951.

Social and Personal

The Ladies Sherbrooke Curling Club will be holding their weekly tea in the Club Room on Tuesday, March 20 and the convener will be Mrs. J. Lacroix. The pourers for the afternoon are: Mrs. D. O'Keefe, Mrs. A. Wright, Mrs. P. Mathias and Mrs. S. Cohen. Hostesses are: Mrs. G. Stewart, Mrs. E. Singleton, Mrs. R. Lemieux, Mrs. E. Edney, Mrs. R. Jackson, Mrs. W. Mutchler, Miss B. McPherson and Miss M. Pollock.

Mrs. A. J. MacIntosh of Lennoxville left on Wednesday for Alymer, where she will be a guest at the home of her son and daughter-in-law, Major and Mrs. W. A. MacIntosh.

Mrs. Arthur Coates of East Angus and Miss Ruth Runnells of Macdonald College were guests of Mrs. William T. Pearson, Wilson Street, Lennoxville.

Ruth Millett

Time was when age was honored but now ...

One of the worst things about being old, says a man who is young for his years, is knowing that younger people are going to blame everything about you that does not please them on your age.

Are some of the neighborhood children brats? If you're old you don't dare say so—or you'll be marked down as an "old grouch" by all the young parents in the neighborhood.

Are you honestly appalled at teen-age vandalism? You had better not voice your feelings too strongly or parents of teenagers will think your age is making you overly critical of the young.

Are you pessimistic about the state of the world? It's all right for "angry young men" to voice their dissatisfaction with things as they are, but the pessimism of the old is blamed on their age.

Do you wish to have your say in community affairs? Then keep your remarks brief or you'll be regarded as a garrulous old bore—no matter how much sense your words make.

Do you see in the past lessons for the future? Point them out and you will surely be accused of living in the past.

Tell a story more than once—which anyone might do at any age—and you're getting

MUST VOTE
Women have voted since 1950 in Belgium, where universal suffrage is in force and those who fail to cast a vote are fined.

E. T. Farm Forum activities

THIRD RANGE

The Third Range Farm Forum met at the home of Mr. and Mrs. Ritchie Harrison March 12 with a good attendance.

After a very interesting broadcast listened to on Taxation for Education and the Greenleaf was read, the following questions were discussed.

Do you think the present property tax works fairly in the costs of education?

There was a lively discussion on property taxation and the rising costs of taxation. This community is near the city and many properties within the city limits are faced with very high tax rates. Education facilities have advanced greatly, and with more modern schools and the costly problem of transportation, in assessing the cost it seems like a financial burden for the rate payers and it was felt that some other means of help must be found. One view was that land alone be taxed to encourage property owners to keep buildings up, an asset to any community.

How do you suggest that further education costs be met in your community?

This Forum would suggest that further education costs be met by income taxation, seems fairest since it places more of the burden of education on those who have derived material benefits and are best able to pay.

Following the discussion per-

iod a questionnaire was partly filled, the rest to be completed next week.

Cards were played at three tables after which lunch was served.

The next meeting will be held at Mr. and Mrs. Murdoch MacDonald's on March 19th.

COOKSHIRE

The Cookshire Farm Forum met this week with Miss Lucy Hodge with 13 attending.

Taxation for education was the subject of the broadcast and the discussion centered around the question as to whether present property taxes work fairly in distributing costs of education and as to the means we would suggest for meeting the ever increasing costs.

Speaking for the farmers paying school taxes for Protestant education in this area, this Forum is of the opinion that property taxes are essential if we are to retain some control of our educational facilities.

However, it is also felt that this system which has been in effect for almost 100 years is now outdated and ineffectual in distributing the costs equally or shall it be said according to ability to pay.

For instance, farmers are assessed not only on the house in which they live but also on the land and buildings required for making their living.

Even, if they are not making an income liable for Federal or Provincial tax they are,

nevertheless, paying a species of income tax to their local administration.

On the other hand, the town or city dweller pays only on the apartment or house where he lives through rent or direct tax if he owns the property while his income is exempt.

An income, which if we can go by statistics issued from time to time is very much higher than that of the farming population.

In regard to the higher education costs which we may rest assured will come, it was thought that property taxes for rural areas have reached their limit unless there is a considerable increase in rural income.

Therefore, higher education costs will have to be met elsewhere and since the Provincial Government has jurisdiction over education and is unwilling to accept Federal contributions for that purpose it seems as though they are the logical people to meet the cost.

They are at least, the only ones in a position to tax through incomes those who may not at the present time be paying a fair share of education costs in our public schools today.

PIONEER PREACHER

Ebenezer Moulton, pioneer Baptist preacher in Nova Scotia, lived at Yarmouth, N.S., from 1761 to 1771 and died in Massachusetts in 1783.

Symptoms, prevention of rabies related by vet

By GERAUD JOLICOEUR
Federal Department of Agriculture

Rabies is a fatal infectious disease primarily of dogs, foxes and wolves.

It is caused by a specific organism known as a virus. When the virus is introduced into the tissues and favorable conditions exist it multiplies and causes injury to certain parts of the nervous system. From the time the virus enters the tissues until the nervous system becomes affected there may be an interval of 15 days to as long as a year.

All species of animals are susceptible some in greater degree than others; the dog, wolf and fox being the most susceptible.

TRANSMISSION
The usual means is by a bite. Animals possessing a natural instinct to bite as a means of defence are the most dangerous.

SYMPTOMS
There are two forms of the disease, the acute or furious form and a form usually called "dumb rabies". (In the furious form there is a period of depression and the disposition of the animal alters. Its behavior becomes peculiar, often completely reversed. Thus quiet animals may become shy and quarrelsome, hide in dark places, resent attention and snap if touched.)

On the other hand the shy or snarly dog may become exceptionally friendly and seek companionship. During this period of change the voice becomes hoarse and the appetite lessens. Perverted appetite is frequently present in which animals eat foreign objects such as wood and stone, then there follows a highly nervous or excitable state. The eyes become starey, the animal barks and bites at imaginary objects.

It appears to be afraid and attempts to run away from imaginary danger. It is in this stage that infected animals break out of enclosures or run away from home. They travel great distances, usually keeping up a dog trot without cessation, biting and fighting as they go along. Saliva drools from the partly open mouth. At in-

tervals there may be exhaustion or even convulsions.

Generally complete paralysis sets in and the legs cease to function. Death follows a period of unconsciousness or a violent convulsion. From the onset of visible symptoms to death is usually from four to seven days.

In the dumb form the vicious symptoms are less noticeable but otherwise the course of the disease is practically the same.

In the case of larger animals there is a similar change of disposition but in general they are not so aggressive and particularly do not seek other animals to attack. Horses however will bite and kick violently, while cattle often assume a strained position, with the back arched.

CONTROL
In well settled districts where the wild animal population is negligible the elimination of rabies can be efficiently carried out by controlling dogs that have been known to have been exposed to infected individuals. Thus animals must be securely tied up for several months so that if they develop symptoms they do not travel and form new centers of infection.

The common sense of the people must be depended upon and every means taken to prevent domestic dogs being exposed to wild animals that may be carriers. This requires that persons realize fully that the chief reservoirs of the virus are in wild animals.

Much has been written about the value of vaccines in the suppression of rabies. The fact remains however that in no country where this has been depended upon has the disease been eliminated. Vaccines are agents which reduce the incidence of rabies without absolute control. It is however they should not replace but simply supplement old tried and proven control measures.

At the same time it should be remembered that this will not give complete protection.

OWNER'S RESPONSIBILITY

When rabies is found present in a district, owners of dogs, cats and farm animals must cooperate enthusiastically with the authorities if the disease is to be eliminated quickly. Too often owners will object to confining, muzzling or maintaining dogs on a leash apparently under the supposition that nothing can happen to their animals. It is this false kindness and lack of consideration of others that perpetuates rabies in a district and lengthens the time of eradication. Therefore it cannot be over emphasized that owners must give every assistance to the authorities in charge if a district is to be quickly cleared of rabies.

It must also be remembered that vaccination against rabies does not necessarily mean an animal will not develop the disease. Consequently an animal that has been exposed to the disease, whether it has been vaccinated or not, should be kept under control until the danger period has passed.

In a district where rabies is known to exist care should be taken in the handling of animals that are ill from an undetermined cause. A veterinarian should always be called.

CARE OF EXPOSED PERSONS

When a person is known to have been bitten or scratched by an animal that may be affected with rabies the family physician should be called promptly. When a physician becomes available he will determine other steps necessary.

DIAGNOSIS
In general, symptoms of rabies infection are characteristic and recognizable by a competent person. This does not apply in the early and late stages of the disease, nor of course when the animal has died without being observed. In such instances the diagnosis must be made by laboratory study of the animal's brain.

QUESTIONS AND ANSWERS

1. — Q. Does hot weather cause rabies?

A. — Neither weather, food nor location have anything to do with causing rabies. Only the specific virus is responsible.

2. — Q. If a female with a litter dies, will the young also be infected?

A. — Not necessarily, but as there is no way of knowing whether or not infection has actually entered their bodies it is better to destroy the young.

3. — Q. Are the quarters of a rabid dog likely to become infected?

A. — Yes. The quarters, bedding and utensils will have been smeared with virus contaminated saliva. Everything pertaining to the animal must be cleaned and thoroughly disinfected before they are used again.

4. — Q. If an infected male has been used for breeding purposes will the female be infected?

A. — An exposed animal should not be used for breeding purposes, because virus is present in certain body fluids approximately a week before an animal becomes visibly ill with rabies.

5. — Q. Are milk and flesh from an infected cow dangerous for food purposes?

A. — Yes. Both these products are dangerous because virus is present in the milk and flesh approximately a week before the cow becomes visibly ill and also during the period of illness. Care should be taken in handling them, owing to the possibility of the virus gaining entrance to the body through cuts and skin scratches.

Every owner of animals and every breeder of or dealer in animals shall on perceiving the appearance of infectious or contagious disease among the animals owned by him or under his special care, give immediate notice to the nearest Veterinary Inspector of the Federal Department of Agriculture of the facts discovered by him as aforesaid.

If the disease is noticed or symptoms are found, notify the Federal Veterinary in this region:

Do-it-yourself

Locate trouble spots around home now for spring fixing

By MR. FIX

Newspaper Enterprise Assn.

Spring may be welcome for many reasons, but when the break in the weather reveals the damage that winter has caused you may have mixed feelings about the coming of warm weather.

Check the ground around your foundation where wash-outs may have left large holes. These holes will fill with water every time it rains. Inspect trees and shrubs. Surface soil may have washed away, leaving roots exposed.

Build Lows
Build up low spots in lawns and around plants with top soil and peat moss. Holes around the foundation should be filled with alternate layers of sand and gravel, finishing with clay or sod above grade level.

Masonry suffers from the alternate thawing and freezing temperatures through the winter. Hairline cracks last fall, if not taken care of then, have become good size openings by now.

Use ready-mix patching materials for mortar joints and cracks in concrete unless the damage is extensive enough to make mixing your own worth the effort. Clean out loose material and soak well before applying the patch. Keep moist for several days so it will harden.

Without cracking.

Tighten Hangers
A severe winter may have left gutters and downspouts loose or weakened. With more rain to come, better tighten up hangers, re-nailing where it is necessary.

Loosened roof shingles should be nailed down and the nail heads covered with roofing asphalt. Use asphalt to cover cracked shingles. Replace badly damaged shingles.

While the weather may not be right for painting for some time, note where surfaces have

begin to peel or crack. If the boards underneath have been affected, this is the time to replace them.

Warped Stairs
Outdoor wooden stairs are often damaged during the winter. A warped board can sometimes be corrected by turning it over and re-nailing.

When you take down storm windows mark them so you know which windows they were on. Clean them, repaint if necessary and store them covered in a clean, dry place. Get screens ready now for putting up when warm weather comes.

I tell yah, it's the luck o' the Irish, me arrivin' here in these Eastern Townships and findin' an artesian well drillor and a water pump service mon like thar are at

U.S. - Canada Tariff Deal Opens Trade

Finance minister Fleming tabled in the Commons the interim GATT agreement signed recently in Geneva by Canada and the U.S. This agreement, the result of negotiations begun in September, 1960, gives Canada some important tariff concessions in the U.S. market.

Canada, in turn, has given concessions on an equivalent value of imports from the U.S. The trade involved, both ways, amounts to almost \$140 million.

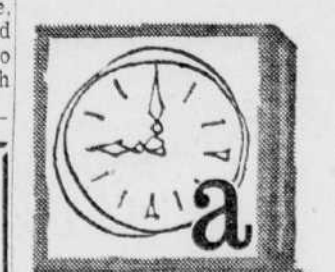

In addition to these direct U.S. tariff concessions, Canadian exports will benefit under the most-favored nation clause, from similar U.S. agreements signed or to be signed with other countries. Overall concessions to date include lower U.S. duties on agricultural, fisheries and wood products; base metals and metal manufactures; pulp and paper and some other manufactures.

Agricultural exports to the U.S. that will benefit are: blueberries (fresh, frozen and preserved), linseed oil cake and meal, flaxseed screenings, sunflower seed, edible sunflower oil, rapeseed oil, soybeans certified seed, grass seeds and forage crop seeds, hay, fruit trees, tree and shrub seeds, dog foods, edible offal, certain dyed and dressed furs, cedar leaf oil and malt vinegar.

To compensate for these U.S. concessions, Canada has agreed to reduce some duties and bind others against future increases. Reductions will be made in Canadian import duties on bread, hay, grapefruit juice, pecan nuts and grass and forage seeds (the latter two to be identical in most cases with

Olympics reinforced with six players from Vics and Rockets meet Amherst Sunday in Montreal

MONTREAL (CP)—Montreal Gagner, Michel Labrosse and Yvon Trudelle.

The second and third games of the series are scheduled for March 19 and 21. The two other games, if needed, will be played March 23 and 25.

The winner of this series will meet the OHA champion for the Eastern Canada title and the right to represent the East in the Allan Cup, emblematic of Canadian senior amateur hockey supremacy.

The Olympics, a first-year entry in the Eastern Townships Senior Hockey League, surprised hockey experts by dumping Granby Vics, last year's titleholders, in the semi-final series and edging Drummondville in the best-of-seven final.

Gilles Pichet, general manager of the Olympics, says he has asked for the services of six players to strengthen his squad for the series against Amherst. He expects to add Johnny Meints, Jean-Guy Charbonneau and Roland Rousseau of Granby. Roland Rousseau of Drummondville and Bert Bourassa of Sherbrooke to his team's lineup.

SCORED 3 GOALS
Centre Phil Latreille, who scored three goals in Montreal's 7-1 victory over Drummondville Wednesday, is expected to spearhead the Montreal attack against Amherst.

Other players include Claude Richard, brother of Maurice Richard, and Henri Richard of National Hockey League fame, Jacques

'THIS IS SUPPOSED TO BE A NEW BABY?'

Galt challenges Sweden in special game

COLORADO SPRINGS, Colo. (CP)—Len Gaudette, general manager of the Galt entry in the world hockey tournament, says he will challenge unbeaten Sweden to a winner-take-all exhibition in Canada next week.

Gaudette announced the move Thursday night following receipt of offers from four different Canadian centres to stage the game.

Officials of the championship-bound Swedish national team did not comment immediately. Sweden scored 17 goals in one game for the second time in the tournament to crush Britain 17-0 Thursday night at Denver. Four players each scored three goals—Nils Nilsson, Per-Olov Hardin, Uno Ohrlund and Leif Andersson.

Two each were tallied by Sven (Tumba) Johansson and Ulf Sterner, who also assisted on five goals. Andersson had a goal and three assists in the shot-a-minute onslaught that left British goalie Ray Partridge utterly exhausted at the end.

COMES FROM BEHIND
Finland came from behind with five goals in the second period to beat West Germany 9-3 here in the other game scheduled in the championships division. Forward Heino Pulli scored three goals for the Finnish team which is coached by a Canadian, Viljo Wirkkunen of Port Arthur, Ont.

Australia completed its consolation schedule with a 6-2 triumph over Denmark that marked Australia's first international hockey victory ever. In another consolation game France sailed by The Netherlands 6-2.

Sweden has victories over Canada and the United States, the other contenders for the title, in its string of five straight wins and needs but one more victory and a tie in its two remaining games to clinch the championship.

Gaudette has received telegrams from Vancouver, Winnipeg, Port Arthur and Toronto extending invitations to stage a rematch of Canada's tournament game with Sweden here Tuesday night. Sweden emerged

Hull - Ottawa stop Birds to extend lead

Hull - Ottawa Canadiens defeated Sault Ste. Marie Thunderbirds 4-2, boosting their Eastern Professional Hockey League point total to 77, three points ahead of second-place Kitchener-Waterloo Beavers. Both clubs have played 65 games.

The Thunderbirds took a 1-0 lead early in the game, but Hull-Ottawa bounced back to tie it up and go ahead 2-1. The Sault tied it 2-2 by the end of the second period.

But the Thunderbirds couldn't match the two-goal performance of Canadiens in the third period and the Sault had recorded its 37th loss of the season.

Rob Ellett, Keith McCreary, Brian Smith and Fred Hillis scored for Hull-Ottawa. Merv Kuryluk and Doug Robinson got the Sault goals.

FIGHTS LAST NIGHT

Philadelphia — Dick Turner, 147, Philadelphia, outpointed Gaylord Barnes, 155, Valley Stream, N.Y., 8.

Miami, Fla. — Sammy Burgess, 135, Miami Beach, Fla., outpointed Joe Merchison, 139, Jacksonville, Fla., 8.

ENDS SUNDAY

The world tournament ends here Sunday with Canada and the U.S., now tied for second place, battling in the feature game that will be televised by the CBS and CBC. Both teams were idle Thursday. The Canadians also have another open date today. They play Britain Saturday night.

The U.S. meets Switzerland tonight while Sweden plays Norway, trounced 14-0 by Canada Wednesday night. The Swedes wind up their schedule Saturday night against West Germany.

Sweden moved to the top of the standings in championship play with 10 points. Three more points would put the title beyond the reach of either Canada or the U.S.

Swedish coach Arne Stromberg said he feels West Germany, despite its loss to Finland, is the biggest remaining threat to the championship. The Finnish victory gives Norway an opportunity to finish fourth if it should beat Finland Saturday.

Sweden put on a dazzling display of power and polish in whipping Britain. The Swedes fired 61 shots with Partridge stopping 47. Britain had only 12 shots against Kjell Svensson, who relieved Lennart Hagroth, the star of the wins over Canada and the U.S.

PILES UP MARGIN
Sweden piled up a 6-0 margin in the first period and built it to 14-0 by the end of the second period.

Finland overcame a 3-2 German lead midway in the second period when Rauno Lehtio, Mauno Nurmi, Matti Keinonen, Pulli and Jouni Seistamo scored in succession. Nurmi and Seistamo had two apiece. Ernst Kopf, Georg Eberl and Josef Reif scored for Germany.

Andre Longuet scored three goals and Maurice Chappot had two while leading France to its win over The Netherlands.

The Aussies swept to victory with four goals in the second period, Peter Parrott getting two of them. Australia and Denmark both are coached by Canadians. Russ Carson, formerly of Kenora, Ont., is the coach for Australia while Montrealer Freddy Bond runs the Danish team.

Meanwhile, claims that the Galt club is the worst to represent Canada in world competition in several years were denied by Canadian officials.

"Galt is as good as Trail Smoke Eaters if not a little better," said Jack Roxburgh, president of the Canadian Amateur Hockey Association.

"I can't take anything away from the Swedish club. They're a good club and on that one night they won the game. But I think Canada could win eight out of 10 games against them."

Roxburgh said he was disturbed and disappointed by the number of penalties the Canadian club absorbed against the Swedes and the conduct of a few of the players. Canada had seven of the 11 penalties handed out and twice had two men in the penalty box when Sweden scored important goals—including what proved to be the winning one.

Braves rally to register two late third-period goals to win close battle, Michel Sawyer gets winner

WINDSOR — (Staff) — Richmond Braves banged home two late third period goals here last night to defeat Windsor Paper Makers 2-1 and win the St-Francis Intermediate semi-final playoffs 4 games to 1.

The Braves will now play Rock Island Jets for the championship. They clash in the first game in Rock Island on Sunday.

Three things prevented Windsor from defeating the Braves last night, a young goaler by the name of Gilbert Sawyer and two goal posts. The Paper Makers took a one goal lead in the first period on a goal by "Red" Dubois and from that point on they were forever rattling their shots off goal posts or pushing them by open corners when they had Sawyer at their mercy.

Windsor outplayed the Braves and had an advantage 75 per cent of the time but they couldn't put the puck in the net. Richmond was glad and happy to go home with a 2-1 victory.

Magella Dubois put the Paper Makers in front at 10:03 of the first period. A clearing shot by Lapierre hit the boards behind Sawyer and bounced in front of the goal. Dubois faked the young netminder before lobbing it into the open net. The goal came while Desautels was sitting out a penalty for Richmond.

Nine penalties were handed out in the period with five of them going to the Braves.

Neither team scored in the second period. Windsor had numerous chances to increase their lead but were time and again turned away by Sawyer.

The third period saw Windsor settle down to play fine defensive hockey until the disastrous last two minutes of the game. At 18:15 St-Laurent picked up a loose puck on a fore-checking effort and drilled one to the upper left hand corner from an almost impossible angle.

With a minute and a half to go, the crowd was silent, some how they knew that the game

Bishop's edge Lenn. Grads in ETABA playoffs

Bishop's Seconds captured their ETABA semi-final against Lennoxville Grads with a 93-87 total-point tally even though the University squad dropped their second game of the two-game, total-point series 44-41 to the Grads at Bishop's University.

In the first tilt of the semi-final, Bishop's won 52-43 and as Lennoxville only won by three points, the University club wins by a six-point margin.

Bishop's now are slated to meet the winner of the St. Pat's Molson's Independents semi-final series with the last game in that playoff being slated for Sunday, March 18 at Bishop's University.

Close action was featured throughout the tilt with Lennoxville getting a 23-22 edge on the Seconds by the halfway mark of the fixture.

The Grads maintained pressure on the University crew in the latter stages of the game and came up with the 44-41 victory, even though it was not enough to take the series.

Art Mandigo paced the Grads with 19 points while Jim Finley tallied 11 and Doug Sullivan eight. For Bishop's, Pete Crosby with 12 and Peter Campbell with 10 paced the club while Bristowe with seven was the playmaker for the squad and set up numerous winning combinations.

Lennoxville Grads: A. Mandigo (19), J. Finley (11), D. Sullivan (8), R. Bowers (3), R. Jenne (2), E. Gillam (1), R. Stafford, J. Burt, C. Stronach, D. Crosby. Total - 44.

Bishop's Seconds: P. Crosby (12), P. Campbell (10), B. Bristowe (7), Mills (5), J. Silver (4), S. Douglas (2), R. Barr (1), N. Nicolaiczuk, D. Prowse. Total - 41.

REMEMBER WHEN

Mik McTigue, world light - heavyweight champion from 1923 to 1925, was knocked out for the first time in his 15-year ring career 36 years ago tonight at New York by Jack Delaney, who punched the Irish ex-champ at will before the fight was stopped in the fourth round.

MOTORISTS IN THE KNOW RIDE ON DOMINION ROYAL TIRES

Mr. Hal Cotton hockey scout. Has keen eye for talent. Combs the country for players with the master touch. Needs a car that will stand up to 25,000 miles each year. He is a man who must have tires with "extra" performance.

The Master Touch

You can tell a master of the game by the way he performs when the heat's on. "So-so" players wilt under pressure. Same with tires. When the heat's on during hours of high-speed driving, Low Profile Dominion Royal Masters run cooler... last longer because they flex to a lesser degree.

You enjoy greater stability, easier steering. Premium quality Dominion Royal Masters give you premium mileage, traction and braking power. And elegant styling gives your car a "Gran Turismo" flair.

If your business or pleasure calls for extra long mileage or if you just want the safest, best looking tire you can buy—don't settle for less... give your car the "master touch"... buy

INTRODUCING the new O'Keefe label. Nobody, but nobody, changed our mild, natural flavour.

SAY OK FOR O'Keefe THE Mild ALE!

Canadiens edge Chicago while Bruins whitewash Red Wings 4-0, Leafs nail down second spot in loop

Toronto Maple Leafs, who didn't even play, nailed down second place in the National Hockey League Thursday night and Chicago Black Hawks, who lost, are sure of third.

But the night's action, in which the Hawks bowed 6-5 to Montreal's league-leading Canadiens and the inoffensive Boston Bruins suddenly turned ferocious and blanked Detroit Red Wings 4-0 in their own rink, left one or two questions unanswered.

The Wings were left with the problem of catching New York Rangers, currently two points ahead of them in the battle for fourth place and the NHL's last playoff berth. And an assortment of right wingers were trying to figure out how to check Bobby Hull closely enough to stop him from scoring 50 goals or more.

The Hawks' blonde bomber went into Montreal needing six goals to reach 50—the record held jointly by Maurice Richard and Bernie Geoffrion of the Canadiens—and with six games to play.

HULL SCORES TWO
Under close escort practically all evening, he still managed to score twice, something he had never done before at the Forum, and left himself five games in which to get the four goals he needs to tie the record.

Boston's victory meant that Boston won't be the losingest

team in NHL history. It snapped their 20-game winless streak and left that record safe with the New York Rangers of 1946-47 and the Black Hawks of 1950-51.

Chicago's loss left the Hawks with 71 points and five games to play. They can no longer overtake the second-place Leafs, who have 83. But coach Rudy Pilous said in an interview before the game stated that all the Hawks wanted now was to give Hull the scoring record.

NEAR ANOTHER MARK

If he gets a goal in his next game—at Toronto Saturday—Hull will also equal the Geoffrion-Richard record of having scored in nine straight games. Reg Fleming of the Hawks got two goals and Murray Balfour one.

Dickie Moore scored two goals for Montreal, including the winner in the third period. Jean Beliveau added another two and Geoffrion and Claude Provost the rest.

In Detroit, goaler Bruce Gamble came up with a 31-save effort for his first NHL shutout. Johnny Bucyk and Murray Oliver, one-time Detroit players, got the first and last goals of the game respectively.

Oliver also contributed towards goals by Wayne Connelly and Doug Mohs.

The loss, Detroit's second in two nights, abruptly shifted the odds in their battle with the Rangers. Instead of being on

Sunnyside High sets record in downing Cliff

AYER'S CLIFF—Sunnyside High School downed Ayer's Cliff High School 72-17 to take the final game in the junior girls series in Stanstead County. This puts Sunnyside at the top of the league without a chance for defeat.

While taking the victory Sunnyside set a new record in junior girls team scoring with 72 points. Nancy Smith of Sunnyside sank 48 which breaks the old record by 11 points, and establishes a new one for Stanstead County which will be hard to beat.

Scoring was slow in the first half with a score of 22-10 being recorded. In the second half Sunnyside put on a strong press which turned out to be a success in the shape of 50-7 score for the second half. The final count was 72-17.

Sunnyside: Nancy Smith (48), Gail Major (14), Penny Miller (10), Barbara Sherman, Louis Warner, Heather Leslie, Phillis Parish, Judy Comstock. Total—72.

Ayer's Cliff—Ina Dezan (9), Nancy Lyford (8), J. Depres, P. Cass, S. Waite, Linda Turner, Turner, Debbie McVeay, and Dyanne McComb. Total 17.

FIGHTS LAST NIGHT

level terms with a game in hand, the Wings now are two points down and both have four games left to play.

Yankees stretch winning streak to six straight over Redlegs, Mantle belts three-run homer, Red Sox win

NEW YORK (AP)—New York Yankees have stretched their winning streak to four over Cincinnati Reds by beating the National League pennant-winners in their first meeting since the 1961 world series.

Mickey Mantle provided an early lead with a three-run homer in the first inning as the world champion Yankees boosted their unbeaten streak to six games Thursday with an 8-3 victory over the Reds.

It was the Yankees first victory over National League competition and maintained the only unblemished record in the exhibition standings, while pushing the Reds into last place among National League clubs with a 1-5 mark.

The Yankees collected nine hits, rookie shortstop Phil Linz stroking three for two runs batted in, while Bud Daley, Rolie Sheldon and former Red Marshall Bridges checked Cincinnati at six hits. Frank Robinson's double was the Reds' only extra-base blow.

RIGHT BEHIND YANKS

Chicago White Sox remained right behind the Yanks in the American League standings, winning their third straight game for a 5-1 record by edging Detroit Tigers 4-3 in 10 innings.

Boston Red Sox beat San Francisco Giants 7-6 in 11 innings. Washington Senators walked, the Wings now are two points down and both have four games left to play.

New ski trail to be opened on Mt. Orford

MAGOG—(Special)—A new 8,000 foot intermediate ski trail will be officially opened on Mount Orford this weekend. The run to be known as Grande Coulee commences at the Orford summit, and bears to the north at first, swinging into the valley separating the main mountain peak from the range that extends onward for several miles. In the summer a stream follows this valley, which has a long history as a lumber hauling route.

Before the turn of the century, the valley was used by loggers who cut timbers off Mt. Orford, and hauled them to Lake Memphremagog, where they were either sawn into building lengths, or floated to Newport, Vermont, from where they were shipped south. Following the cut of soft wood, a second growth of deciduous trees were stripped off Mt. Orford and the adjoining highland. Since the 1920's, very little lumbering activity has been seen in the area and what was once a well cleared lumbering road again assumed its native forested appearance.

Last fall work on the new trail was commenced, and has reached a point that allows the run to be used.

The Athletics struck for five runs in the second-inning—three on a Manny Jimenez homer—as they handed the winless Twins their sixth defeat.

Home runs by Bob Will and Ken Hubbs carried the Cubs to their triumph over the Angels as Glenn Hobbie became the first Chicago pitcher to go five

North Hatley High girls down Ayer's Cliff

North Hatley Senior girlsFor Ayer's Cliff, F. Mosher set the pace with nine while D. Gomez, M. Nutbrown, E. Hirtle, G. Hatrick. Total — 33.
