A New Shape to Shawville's Skyline

Rising almost transparently on the hill above Shawville is the plastic covered plant factory to be known as "Hardy Plants".

"Hardy Plants" opens Shawville Greenhouse

Hundreds of Poinsettias will bloom on Christmas day, Shamrocks, will be ready on March 17th, Easter lilies will open their trumpets on Easter and on Mother's Day the geraniums will be at their peak at Hardy Argue's greenhouse on the hill above Shawville.

This all takes planning, a lot of work and a great deal of experience to pull off on schedule, and all these things have combined to make the new nursery a success in its first week of operation. The business will be known as "Hardy Plants" and plans for expansion are already underway in anticipation of a great local reception of what it has to offer.

The green house is built 100 feet by 30 feet of local cedar, California redwood and B. C. fir, covered with Mylar plastic instead of the conventional glass. Heat from a 285,000 BTU oil furnace is blown through plastic ducts and two four foot blades in a giant fan ventilate the whole area.

The green house is divided into two sections to further con-

trol the temperature and an automatic device rings a bell in the Argue's home if there should be a breakdown which would allow the temperature to fall. Temperature and chemical fertilizers play an important part in ascertaining that the right plant will bloom at the right moment.

Work on the building started in July and has been done mainly by Hardy Argue and Charlie Chamberlin under the supervision of Gordon Ferguson who is manager of Charles Craig and Sons Florist in Ottawa, with 43 years experience in nursery work.

Hardy's only product is plants and as well as his cyclamen, mums, azaleas, and so forth for use now, he has thousands of seedlings started to provide for the same blooms fifteen months from now. In the most humid part of the green house, Hardy has started a collection of tropical plants including palm trees and other exotic varieties.

Supplying various local stores with plants for resale, Hardy also will be selling them right from the shelves. He has invited the general public to come in and

CNR freight derailed

A CNR freight train was derailed Tuesday evening shortly before 9 p.m. on the CNR main line at mile 43 between Bristol and Pontiac Station. The line was still blocked at mid morning Wednesday, and Neil Thomas, the station agent at Portage du Fort, was unable to say when normal service on the line would be resumed. In the meantime CNR trains are using CPR lines on the Ontario side into Ottawa.

browse around and pick out their own plants while they are on the growing racks.

Table, centers and special hospital bedside arrangements of plants are being made up regularly and for this Hardy has sweet peas, dwarf mums and other special centerpiece varieties. The work at the nursery starts before daylight and continues until almost midnight daily and has become a family project with his wife, Marion taking part in the retail sales end of the business as well as various other aspects.

The Hardy Plants greenhouse is just off Centre Street, first turn above the CPR tracks — you can't miss it — and the welcome mat is out, visitors are welcome.

Fire leaves fifteen homeless

Fire left 15 people homeless in a stubborn blaze at 82-84 Albert Street Aylmer on Wednesday afternoon. The home of Albert Foley, 84 Albert St., was completely gutted and the adjoining home of Mr. Foley's son in law, George O'Dwyer suffered severe smoke and water damage. Although members of the Aylmer Volunteer Fire Brigade were on the scene within moments after the blaze, and reinforcements were called out from their various offices in Ottawa, the blaze was not fully under control until nearly three hours after it started. Firemen finally packed up their equipment at 10:15 p. m. 7½ hours after the fire alarm was sounded. Reason for the difficulty encountered by the fire men was paradoxically in the sound construction of the homes, among the oldest in Aylmer. Underneath the modern feather-edge firemen found 35" square hand-

Was anything accomplished Friday afternoon at Coulonge?

Since last Friday's meeting on education in Fort Coulonge, the view has been expressed by many of those present that nothing new was learned and, that the meeting had been a waste of time.

What, we may wonder, actually happened at that meeting? At least, surely, a clarification of facts which previously were obscure:

1. The Catholic and the Protestant boards are to be kept separate, each with their own schools, but with the possibility of some sharing of facilities. This means that present departmental policy rules out the formation of a single secondary school board for Pontiac.

2. Federal assistance for the construction of vocational schools will cease in 1967 in the province of Quebec. When Mr. Lesage announced this decision, the department of Education instituted a crash program to obtain the maximum cost advantage to the province. This program is Operation 55 which separates the province into 55 regionals, each of which is intended to include all the secondary schools within its

boundaries. Each region then identifies its needs as to school buildings (amongst other things) and applies to the department for approval. Approval being granted the building program goes ahead fast — so that the federal grants will be available. It is clear then that there cannot possibly be any building program in any area which has not affiliated itself with a regional organization. In Pontiac this means we cannot have a vocational school by 1967 unless we join the Regional. The Minister pointed out that schools would continue to be built in the years following 1967 in the province of Quebec, but there is nothing firm in departmental policy on this subject. In other words we might wait for years after 1967 to get a vocational school here if we don't get into the regional now. It remains true of course that we might conceivably not even get one now if we do join the regional. It would depend on whether it were considered feasible and desirable by the regional planning board, by the regional school board and by the department of Education.

3. The warning light was turned on regarding the fate of normal schools in the province. It seems highly probable that all normal schools will be closed and their responsibilities transferred to the universities of the province.

4. From the viewpoint of the Minister and of his departmental officials, the meeting was most useful for the reason that they were all informed, at first hand, that Pontiac parents would have no part of hostelling or of extremely long bus rides for their children in the junior high school grades.

Consolidated in the news

The largest donation to the Pontiac Centennial Museum Building Fund thus far is from the E. B. Eddy Company and this week, the second largest contribution has been received in the amount of \$150 from the Consolidated Paper Corporation.

We have been interested to read that Consolidated Paper's largest single project currently proposed is the \$35 to \$50 million kraft pulp and paper mill in Pontiac County. The company is now conducting a world-wide market study and engineering plans for the mill near Portage du Fort are expected to start soon, probably next summer. Meanwhile Consolidated Pontiac Ltd. has been incorporated as a wholly-owned subsidiary to operate the mill.

Shawville C of C announces competition

The Shawville and District Chamber of Commerce Christmas decoration judging committee was set up at a special Directors meeting Tuesday evening and will do its judging during the week of Christmas between Monday, December 21 and Friday, Dec. 25th.

Certificates of merit will be awarded to the best decorated homes and business places in the Bristol, Portage du Fort, Lady-smith, Clarendon and Shawville areas.

The choosing of the Citizen of the Year for 1964 will be done on the evening of Tuesday, January 29th. Suggestions from C of C members and from anyone else will be welcomed by the committee and should be addressed to the Chamber of Commerce secretary, Ernie Dean, Shawville.

Standard Church breaks ground for new building

Due to nearly a foot of frost and cold weather the sod turning ceremony was dispensed with as the people of the Standard Church in Shawville launched their building program.

The new church which is to be finished on or before May 1st 1965, will be a brick building and of a laminated construction, 72 feet in length, 32 feet wide with Sunday School facilities downstairs.

The site chosen is on Main St. running through to King St. between Glendale Ave. and Rectory Road, next door to the old Tanner Welding Shop.

The architect is Mr. Clem Hobin of Ottawa who also is supervising the construction. Mr. Russell Judd of the village of Shawville has been given the contract.

The Standard Church was first started in the area about the year 1918. It is Methodist in doctrine, and a member of the Canadian Holiness Federation of Churches. Emphasis is placed upon the doctrines of Pardon, Regeneration, Entire Sanctification and the Anointing of the Holy Spirit. The Church teaches that it is the privilege of every Christian to know within himself that God for Christ's sake forgives actual transgressions.

More Horses Than Cars

There were horses as far as the eye could see and all decked out in ribbons and bells at Shawville's Santa Claus parade Saturday. Leading the Shawville Pony Club entry above is Earl Bean and Son driving a team from the buckboard of the club's little covered wagon. Directly behind are about twenty boys and girls riding mounts all the way from tiny Shetlands to heavy

hunters and a number of pony carts and cutters. Several other entries included horses. Most notable among these was the Diamond T. Ranch wagon, team drawn and with five outriders, four carrying banners on matched riding horses and little Garry Thompson leading off on his miniature pony.

ALL FOR THE CHILDREN, OF COURSE

As the new plan for education in the Province of Quebec unfolds; as the Parent Commission reports are studied, adopted, rejected or adapted; as our Department of Education allocates public funds for the building of various new institutions, it is required of us all that we have faith in the ministry in Quebec. This may be difficult for us because plans seem to fluctuate like the weather and change according to the language being spoken.

The Minister has urged everyone to read the Parent report for themselves and we can assure anyone who does so that they will see the logic in the new form education will take in this Province. Education here will be as good as in the rest of Canada. This will be a welcome change, especially for those in the categories which have been so far behind school-wise, for so long. Protestant education in Quebec has been very good for a long time — now it will be even better and Catholic education will be exactly as good, if the Parent Commission proposals are adopted.

Revolutionizing education on a province-wide basis, particularly in such a diverse province as ours, is a gigantic problem. This will take a big man and more than that it will take a man who can so direct his departmental officials that they will work along with him. The Hon. Paul Gérin-Lajoie is very likely the man who will be able to do this.

This great task though, will also take the kind of a man who trusts the motives of the people he is setting out to serve. He, himself, who must command so great a trust — should discipline himself to reciprocate that trust.

When our Minister of Education met the people of Pontiac last week, he inferred several times that parents had selfish motives for wanting to keep their families together while the children were young. He repeatedly insisted that HE was thinking of the children. Regardless of anything he has been told or dreamed up, if there's one thing we would like the Minister to know as a result of having come here it is that **WE TOO ARE THINKING OF OUR CHILDREN.**

We hope the message got across.

Aylmer Jottings

By Fran O'Malley

A tip of the toque to Fred Ladouceur who moved quickly to have accommodation made ready for the unfortunate victims of Wednesdays fire. Before the blaze was even under control, Fred had the water turned on and the lights connected so that the folks would at least have some place warm and dry to spend the night. Congratulations too to the town officials who helped out with the moving in a hurry.

Christmas must be getting closer — signs are up warning of the impending sale of Christmas trees at Glenwood for the Boy Scouts — and some of the young people in the town are busy trying to round up enough trees, of the right sizes, to fill orders for such distant points as the New England States. Somehow, I doubt if Mac and Gerry Throp are going to be able to work up much enthusiasm for dressing their own Christmas tree this year — as of yesterday, they have to cut at least 3,000 trees to be shipped this week to Massachusetts!

In a more serious vein, how many area farmers are losing out on a good bet by not getting into the tree-farming business? From all indications, the market for trees is going to increase — and even though a seven-year starting period is minimal for this type of industry, it would seem that it could be a very

worth-while investment for anyone with a few acres of otherwise unworkable land. Dealers are hunting trees up to sixty miles away from the capital right now, and plenty of information on this cash crop is available from the Department of Agriculture, or from the Department of Forestry. There are secondary benefits to be derived from tree-planting programs as well — they help to control run-off and consequently build up water reserves in an area where water supply is becoming critical.

Moe Bergeron and Norm Pharrand have moved up one notch in the post office scale — they are now letter carrier supervisors. In addition to a slight increase in salary — the new posts also mean a lot more work. Just incidentally, the Post Office is bracing for an avalanche of Christmas mail — most of which will probably have to be re-addressed unless the Bell Telephone gets its new edition of the phone book out quickly. Despite the fact that the telephone book is supposed to be for convenience in finding phone numbers, it's surprising how many people use it as an address book. Just ask the post office department! Incidentally, don't forget that Christmas cards this year means 3c postage — and to mark the occasion, an attractive 3-center is available for the Christmas season! Another small item to remember is that air mail to the U. S. takes 8 cents — for the cards you don't get off quickly enough! Might be a good idea to

Anyone expecting some great pronouncement to come out of the Friday visit from the Minister of Education was bitterly disappointed. As he was meeting first with the Catholic Boards, then with the Protestant Boards and then with the public there were some who hoped he was going to arrange for Pontiac County to have the sort of composite non-denominational school, which many have been dreaming of lately. However, the Minister said no.

That inch thick paper back book Mr. Gérin-Lajoie has asked us all to read is the report of the Parent Commission on Education. It's in French. It costs \$2.00. It can be obtained from the Queen's Printer, Quebec City. An English translation is being prepared.

The recent death of Mr. Romuald Levesque has removed one of Aylmer's most dedicated school commissioners from the scene. He served on the local board for 17 years and as his fellow commissioners have pointed out, that kind of experience is not easily replaced now — particularly in the face of the present upheaval in education in Quebec. It's going to be imperative that his replacement be chosen with a great deal of care — certainly someone with an awareness of what is going on — and what is about to happen — will have to be found... but replacing "Rome" isn't going to be easy.

Education Minister meets school boards and the public at Fort Coulonge open meeting

Mr. Paul Gérin-Lajoie was in Fort Coulonge Friday afternoon. During his visit many matters were straightened out.

The R. C. Boards

First he met with the Roman Catholic School Boards who have been wishing they had representation on the Regionale which they had joined a few months ago. He suggested they adopt a resolution requesting this representation and it turned out that most of them had, all but Chapeau, and until Chapeau adopted a similar resolution, it could not be considered. Chapeau representatives Friday afternoon told the Minister that their resolution was in the mail. This cleared up a major matter as representation on the Regionale of which our Catholic Boards are members has been of grave concern locally.

A problem of curriculum changes in Calumet Island was presented at great length and the Minister suggested this matter could be handled privately as it was not particularly of concern to the large group there assembled. Andrew Daley of Chichester proposed that all education be given over to the Federal Government!

Other questions and answers revealed that the Minister actually was aware of the problems of distance in this County and he said that he would not make any decision without taking into consideration the situation here. He said he would certainly not impose long trips or inconvenience to students just for the sake of centralization.

The Protestant Boards

Mr. Gérin-Lajoie next met the Protestant Board members.

The Minister said he wanted to keep the denominational schools separate but insisted this did not preclude cooperation between the two groups. He reiterated that though amalgamation would be impossible, cooperation was greatly to be desired and said he would be happy to hear Pontiac's proposition of cooperation between the Protestant and Roman Catholic Boards.

suggestions will be welcomed by the Shawville and District Chamber of Commerce secretary Ernie Dean. The decision will be made at an early meeting of the directors and suggestions should be submitted immediately. Be sure to mention the reasons for choosing each name suggested.

Dear Mr. Editor:-

The members of the Clarendon & District Ministerial Association would have me express to you their thanks for the full co-operation you have given to us during the past year.

All have appreciated the opportunities afforded us, not only in the reports of our activities but in our efforts at religious journalism.

We wish you and your staff every blessing at this Christmas Season and in the year 1965.

Faithfully yours,

The subsidies

December 4, 1964

Dear Sir,

I read your article on the front page regarding the bad behaviour of some of our Pontiac farmers. My husband is a Pontiac farmer and let me tell you that subsidy or no subsidy he just didn't have the money to buy that hay much as he would have liked to. Instead he sold his cows. Why? Because even if he'd had the money for the hay it would have cost him too much to feed the cows. He'd have made no profit. There's little enough money in farming without buying hay and fertilizer on top of it.

The subsidy is for the farmer who can afford it and takes advantage of it! Lots of luck to him but lets not run down the farmer who hasn't got his half of the percentage to put up.

I'm very glad you put the 15% rebate on gasoline for the farmer right on the front page, as I always thought it was a state secret as so many farmers have never heard about it. Lets see more items like this helpful to the farmers who are in financial difficulties.

Remember the farmer who sold his beef at eleven cents a pound had to do so to meet the cost of living which never goes down. There is someone though who never complains,

The packer is the man who gains. Farmer's Wife.

Editors Note: The words "bad behaviour" are yours, not ours and who's running down the farmer? Certainly not The Equity. As for information, please direct your requests to your local agronomist's office which knows it can count on 100% cooperation from this paper for any information it wants published for the benefit of farmers.)

ups and interests. Asked from the floor who was Pontiac's member of this planning board, the Minister was unable to answer and also the chairman of the Regionale was unable to answer. This chairman said he did not know who the members of the board were nor where they came from. The information was later supplied by another member of the audience. Our 'round-the-clock burner service keeps your heating system at peak efficiency

BURNER SERVICE:

Can save you as much as **2¢** on
every gallon of oil you use

AN efficiently-operating heating system can save you as much as 2¢ on every gallon of oil you use. We offer you burner service protection to keep your heating system working at peak efficiency.

Even the busiest family car does not put in as many hours of work in a year as the average heating system. Like a car engine, your heating system must be checked regularly, and adjusted when necessary. Otherwise it will waste fuel. Parts will also wear out more quickly.

Our 24 hour burner service guarantees you top performance all winter long. And it saves you money these three important ways:

1. By making sure your burner is cleaned and adjusted for peak efficiency—to give you maximum heat from every gallon of fuel.
2. By catching little troubles before they become big ones. (A small adjustment or repair now may save you many dollars later.)
3. By insuring you against unexpected repair bills—and by keeping your furnace in working order.

Now, with Shell Heating Oil and 24 hour burner service working together, we can take care of all your heating problems.

Holstein Club holds annual banquet

The Western Quebec Holstein Club held their annual banquet at the United Church Hall, Shawville, on Tuesday evening, Dec. 1st. Rev. Snowden offered prayer and seventy five guests sat down to a beautiful dinner served by the ladies of the church.

Keith Brownlee, Club President, welcomed the guests and proposed a toast to the Queen. Robinson Hodgins in his very capable manner and well chosen expressions of gratitude and praise for the work done by the Farmers' wives, proposed the toast to the ladies. Mrs. Donald Duff very fittingly replied and complimented the husbands for their many kindnesses too. Arthur Kilgour thanked the ladies of the church for the delicious dinner which they had prepared and served.

Dalton Hodgins, Past President of the Club and a leader of the Shawville Calf Club introduced Chris Judd and Jack Lang. These two 4H club members had attended the Sherbrooke Winter Fair and had won, along with other prizes, a trip to the annual 4H Club conference. Chris gave a detailed outline of the first part of their trip and Jack completed it. This was a very interesting and is indeed a wonderful experience for these boys to meet other 4H members all across Canada and some from the Eastern U. S. as well as the places they visited and the Very Important People they were presented to and met with.

Hillis Connolly was in charge of the formal presentation of the trophies which had been won at Shawville Black & White Day and the Quaker Oat Co. of Canada Trophy which was won by Arthur Kilgour for the best Under Cow at Ottawa Winter Fair. He also won the W. A. Hodgins trophy for the Grand Champion Bull and the H. I. Hobbs trophy for the Grand Champion Female at Shawville B & W Show. E. Pirie and Son won the Premier Breeder and Premier Exhibitor Awards at Shawville Black and White Day and the Creamery Trophy for the Four Best Females. Kenneth Eckford of Forrester Falls presented his Trophy to Mr. E. Pirie & Son for the Best

Fire leaves

(Continued from Page One) hewn timber walls and once roared in these old cedar walls, the fire smouldered and flared up spasmodically despite all efforts to drown out the blaze. Twenty-one members of the Brigade, under the direction of Captain Maurice Martel, finally succeeded in extinguishing it.

The Foleys, with their nine children ranging in ages from one to twenty years, and the O'Dwyer's and their two children, were housed in a vacant house at 16 Harvey Street, owned by Fred Ladouceur, even before the firemen had left the scene. The town truck was used to transport the families to their temporary shelter, together with whatever belongings had been saved from the smoke-filled double.

Cause of the fire is unknown, but it is believed to have started in the kitchen of the Foley home and spread from there up through the walls into the attic. Damage has been tentatively set at \$10,000. Investigation into the cause is continuing.

Dam and Daughter Class. Arthur Kilgour and Sons also won the Tucker trophy for the best kept stalls during the exhibition at Shawville. The president thanked Hillis for arranging to have the trophies on hand and congratulated Donald Duff for having won the Four-year old in Milk class at Ottawa Winter Fair.

Mr. N. A. Drummond complimented the breeders for their work and fine showing at the fairs and spoke of the many changes in farming over the years.

Mr. Pierre Leonard, Holstein Fieldman for Quebec, presented certificates of longtime production and Star brood cow certificates to the breeders whose animals had earned them during the past year. He also mentioned that the Western Quebec Club continues to have the highest BCA average for Milk and Fat in the province.

George Pirie then introduced Mr. Allan MacIntosh of Almonte Ontario who was an exchange Junior Farmer to Great Britain about six years ago. Allan showed a number of slides and told many interesting things about their ways of farming and presenting their animals at the fairs in Great Britain which were very interesting to farmers here.

The president thanked Mr. and

The Christmas Theme

On the front of the Pontiac Dry Cleaners truck in Shawville's Santa Claus Parade Saturday was re-enacted the story of the first Christmas. Maydon Dods was the angel watching over Gordon Black as Joseph and Brenda Strutt as Mary, with the baby Jesus in a basket before them all. The parade included a number of intricate floats arranged by the various businessmen and clubs in the district. The Hilton Mine Trophy for the best float went to the Pontiac Community Hospital float depicting an accident victim under traction and receiving transfusions and attention from two beautiful nurses. The Hilton Mine float was a crane dropping wrapped candy on the children along the parade. Santa Claus rode on the Lions Club float and gave out bags of candy to children after the parade wound up in school gym. A tiny make believe Santa rode on the Pontiac shop float with eight shiny reindeer taking off skyward, dressed with Christmas ribbons. The parade was planned and scored by Shawville Lions Club.

Rotary Club fêtes ladies

Monday night in Shawville the Rotary Club entertained wives and guests at a pre-Christmas party in the United Church Hall. Guest speaker Harland Rowat gave a most amusing and interesting talk about the work of the Rotary in a small town such as Shawville. In the same jovial mood, Neil Drummond thanked the speaker and Hosmer Turner conducted a Chinese Auction which was won by Laurie Moore.

A highlight of the evening was a vocal rendition by Mrs. S. E. McDowell accompanied on the piano by Mrs. Harland Rowat. Mrs. Rowat also accompanied the singing of carols, led by Rotary President Edgar Schwartz.

The same versatile accompanist played march music while the ladies present, led by Mrs. Hosmer Turner, paraded around the room thanking each and every gentleman at the banquet and wishing him compliments of the season. This was in reply to the toast to the ladies offered by Orla Young.

President Edgar also introduced the head table which included Lions President Bob Carswell and Mrs. Carswell, Mayor and Mrs. Orla Young, Mr. and Mrs. David R. Dickson, Mr. and Mrs. Harland Rowat, Rev. and Mrs. Snowden and the president's wife, Mrs. Schwartz. Rev. Snowden asked the blessing.

A door prize was won by Rolly Wickens, a guest of his father-in-law, Rotarian Claude Elliott. Organizers of the banquet which was beautifully prepared and served on tastefully decorated tables by candlelight, were Ernie Stranacher, Edgar Schwartz and Kenneth Smith. Flowers for every

In THE EQUITY

The Presbyterian congregation of Bristol Corners, Stark's and Shawville extended a call to Rev. Mr. McCallum, which was accepted. Mr. McCallum hailed from Nova Scotia.

At Girvan, Sask., on November 16, a son was born to Mr. and Mrs. Jas. C. Knox.

Mr. Hilliard Hodgins purchased a house from Mr. George Smith of the 8th line which he pulled down and hauled to Shawville and rebuilt on the site along side Mr. T Shore's residence on Main Street.

Mr. Erwin, son of W. E. Hodgins of Yarm, returned home from the West, where he had been for the past year.

Mr. Geo. Cuthbertson of Bristol accompanied by his daughter, Mrs. Thos. L. Clarke, and two children, arrived from Foxwarren, Manitoba.

Men's Coon Coats were selling from \$38.00 to \$95.00 at Archie Dover's store.

Mrs. W. J. Skelton and Mrs. J. W. Burgess, both of Weston, Ont., were summoned to the bedside of their father, Mr. Noble Armstrong, who became seriously ill, with heart trouble and other complications.

Automobile insurance increasing

Automobile insurance rates in the County of Pontiac will be from 15% to 20% higher during 1965 than they were during 1964, depending on the driving situation, according to information received from Bud Rowat this week.

The Canadian Underwriters Association has announced an increase in automobile insurance premiums during 1965 because of a general increase in the cost of accidents. Policies renewed & new policies issued after January will be affected by the rise.

The amount of increase will vary according to area for instance in the Sherbrooke and Lennoxville there will be an increase of about 7% while the average increase in Montreal and Quebec City will be 16%. The increase will be slightest in the case of people who don't drive to work. It will also not be great in the case of under 25 owners whose rate will still be higher than any other group, but the increase fractionally less.

Drivers with good driving records will continue to pay less than those with bad records.

COURT REPORT

Appearing December 2nd at Campbell's Bay, Que. before District Judge Arthur Labbe, Leo Twolan, 24, of Bristol Mines, P. Q. pleaded guilty on a charge of impaired driving. He was fined \$100. and ordered to pay the court costs. He also was prohibited to drive a motor vehicle in Canada for a period of 3 months.

For taking a motor vehicle without the owner's consent, Marcel Lalonde, 21, of 287 Clarence St., Ottawa, Ont. was given the time already spent in jail since his arrest, namely 8 days.

The court was told Lalonde took a car from Mrs. Thomas Fortune's store parking lot, drove it for a few miles, lost control and landed it on its side in a deep ditch along the highway, causing approximately \$100.00 damages.

Cyril Jolicoeur, 17, of Fort Coulonge, landed in jail for 4 days when he was caught causing a disturbance on the Main St. of Fort Coulonge. Judge Labbe besides giving him a severe lecture, ordered him to furnish a personal bail bond of \$100.00 to keep the peace for a period of twelve months.

For an assault causing bodily harm to Elwood Lepine, a car salesman of Renfrew, Thomas Blimkie, 20, of 179 Blake St. also of Renfrew, Ont. paid a \$25 fine and the court costs.

Apparently Blimkie who had a bone to pick with the victim, took the occasion that was offered to him in Portage du Fort, P. Q. where he was drinking in a hotel, to make his point clear by giving a good black eye to Lepine and a few minor cuts in his face, even though the latter did not reciprocate, and who had to receive medical care for his wounds.

Pastoral comment...

Rev. F. Breard, Calumet Island

When we witness an accident, it is our duty to come forward and to declare just what we saw and all the circumstances we can remember. We are witnesses of this accident, perhaps unwilling witnesses, but we must speak the truth, even if it should entail our going into court to do so or, if what we must say would not be in the best interests of a friend or neighbour.

By being Christians and thus taught the wonderful secrets of God and the marvelous sacrifices made by Christ to bring about our salvation, we have become witnesses, witnesses of Christ. It is again our duty to come forward and without shyness or fear to pass on this important information to others, to those who did not have the privilege to see and to hear, that we had. "Go and relate to John what you have heard and seen. The blind see, the lame walk, the lepers. . ."

Once the light of faith has been enkindled in our souls, we must be as lamps to reflect the "true light that enlightens every man coming into this world", or as St. Paul puts it, we must spread the fragrance of incense to reveal God's knowledge. "We are indeed the incense offered by Christ to God. . . a vital fragrance that brings life."

We can be witnesses for Christ in two ways. Actively, by word or deed; Passively, giving good example, exhibiting in ourselves the image of Christ showing others how a true christian should live, avoiding sin and all that might lead to sin, with real christian charity towards men. This witnessing strikes home. Even the pagans, in the time of the apostles, said to each other: "See how these Christians love one another".

The words of Christ to Ananias, regarding the kind of a witness he wanted Paul to be, after he had blinded him with a flash of light on the road to Damascus, clearly shows that besides passing on to others what Christ has given us, we must be ready to suffer as well. Christ's words were: "to carry my name among nations and kings and the children of Israel. For I will show him how much he must suffer for my name". Those therefore who bear witness for Christ can expect to meet with criticism or other kinds of suffering. St. Paul passed on this message to Timothy: "Be an example to the faithful in speech, in conduct, in charity, in faith, in charity. . . be diligent in reading, in exhortation and in teaching. Take heed to thyself and to the teaching". Paul feared two obstacles in being real witnesses of Christ; lack of personal sanity and error in doctrine.

Fellow witnesses, lay or cleric of all Christian churches, here is what is asked of us. Let us fulfill our duty as best we can.

District ministers study prison work

The annual meeting of the Clarendon & District Ministerial Association was held in the St. Andrews-Knox United Church, Maryland, with the Rev. and Mrs. E. Bruce Small as hosts. The president, the Rev. R. S. Smith was in the chair.

A paper was given by the Rev. Donald Rutherford on "Prison Work". In addition to several years in this kind of work, Mr. Rutherford recently was appointed Chaplain to the jail in Campbell's Bay.

The Treasurer's Report showed a favourable balance on hand, in addition to a bursary to be used for any student of Pontiac County studying for the ministry.

Those elected to the executive for 1965 are as follows:

President, The Rev. V. O'Brien
Immediate Past President, The Rev. R. S. Smith; Vice-President The Rev. A. H. Perry; Secretary The Rev. E. N. McColl; Treasurer, The Rev. L. Emard.

The Benevolent Committee, The Revs. R. S. Smith, chairman; A. E. Clayton; E. N. McColl; D. Rutherford, J. Maracle.

The Education Committee, The Revs. M. Swarn, J. Pearce, K. Cooney, F. Kennedy.

The Rev. E. N. McColl reported on the Annual Meeting of the Hull Social Service, Inc. which he attended recently.

He added that he had asked a question on the establishment of a Half-way House in Western Quebec for released prisoners and met an interested response.

Mr. Kennedy and Mr. Perry moved a word of appreciation to Mr. O'Brien said the closing prayer. Afterwards the hosts entertained at a social hour.

IN MEMORIAM

BRONSON — In loving memory of a dear father Harry Bronson who passed away, Dec. 10, 1943.

As we gaze on your picture
That hangs on the wall,
Your smiles and your welcome
We often recall,
We miss you and mourn
You in silence unseen,
And dwell on the memories of
Days that have been,
Dear is the grave where father is
Laid,
Sweet is the memory that never
Will fade;
Flowers may wither, leaves fade
and die;
Though some may forget you,
Never will I.

Sadly missed by
Bronson Family x

RUSSELL — In loving memory of a dear husband and father, H. Dalton Russell who passed away December 12, 1959. No need for formal tribute, For one who was so dear; But, first a word of thanks, dear Lord,

For the years we had him here.
—Wife Marjorie
and family. x

SMITH — In loving memory of our dear mother and grandmother, Mrs. Lottie Smith who departed this life December 15, 1963.

The dearest mother, the kindest friend,
One of the best whom God could
lend,

Loving, thoughtful, gentle and true,
Always willing a kind act to do.
Sadly missed
