THE "MAYFLOWER'S" VICTORY.

The "Galatea" Defeated by Twenty-nine Minutes Nine Seconds, Corrected Time.

NEW YORK, September 11.—To-day's race has decided upon which side of the Atlantic the American's cup shall stay, for at least another year. It resulted in a glorious victory for the sloop "Mayflower." When she finished, this evening, at 6h. 1m. 40s, the "Galatea" was nearly two miles astern. The course was twenty miles to leeward from Scotland lightship. The race was sailed in a breeze that blew fresh from the North-West, for three hours, then canting two points to the westward it fell lightly, the last hour of the contest being little better than a drift. The "Mayflower" only had 8 minutes 20 seconds to spare when she crossed the finish line, as the time limit of the race was seven hours. The "Galatea" was defeated on every point of sailing by the "Mayflower." In the run out to the outer mark with spinnakers set she was beaten 13 min. 45 sec.; and in the winward work over half an hour. There is great rejoicing among the yachtsmen here to-night, and the Bostonians are fairly wild with delight.

LIEUT. HENN WAS VERY SICK

in the cabin during the race.

When the starting signal was given, at 11.20, the "Mayflower" was in an excellent condition. Her spinnaker-boom was down to port, and 30 seconds after the signal her great sail blossomed out amid wild cheers from thousands on the excursion boats. With main-boom broad off starboard, her pyramid of snowy duck gleaming in the sunlight and a smother of foam at her sides, the Boston beauty dashed across the line well in the lead. The cutter was a full quarter of a mile to the westward when the whistle blew. She came along with the wind abeam till she crossed the bow of the lightship close aboard, then "squaring away" her spinnaker was sheeted out exactly on the line, and the third day's battle had begun. The cutter was 11 min. 30 sec. in the sloop's wake. With a twenty mile run before them there was an excellent opportunity to test their speed in a steady breeze, and with very little sea to impede their progress. That a "stern chase" is a long one was never better illustrated than in that 20 mile race. For about 20 minutes the "Galatea" held her own with the sloop, but after that she was

PRACTICALLY OUT OF THE RACE,

for the "Mayflower" was leading her nearly a mile, when half the distance to the outer mark was covered. The schooner yachts "Dauntless," "Tidalwave," "Wavecrest" and "Miranda," and the sloops "Beatrice" and "Priscilla" accompanied the racers. The performance of the "Priscilla" was looked forward to with interest, for she came out in "fighting trim," and although she crossed to the westward of the lightship she started on about even terms with the "Mayflower." At 12.50 the outer mark hove in sight and in half an hour the fleet of steamers, numbering 31 in all, had gathered around it to await the coming of the yachts. The wind had fallen light, and had canted a point to the westward. Down came the trio like white winged birds before the wind. The "Mayflower's" balloon jib topsail came in at 1.41.30; four minutes later in came her spinnaker, and at 1.53 she gibed to port and came for the mark, closehauled on the starboard tack, luffing grandly around it. A few minutes later, amid a serenade of steam whistles, the pride of Boston, under three lower sails and club topsail, began her windward work with a lead of nearly one mile. The "Galatea" gibed at 1.52.30, having doused her spinnaker three minutes before the time of rounding the outer mark. The time was: "Mayflower" — Turn, 1.55.05; elapsed time, 2.32.25. "Galatea" — Turn, 2.10.20; elapsed time, 2.46.10. The sloop had beaten the cutter 13 minutes 43 seconds. The "Priscilla" luffed around the mark only three minutes after the "Mayflower," and sloop off on the port tack. The "Galatea" made a very pretty picture as she lay down to her scuppers and began her chase to windward after the sloop. Both had about all the wind they wanted to carry club topsails in. Captain Stone put the "Mayflower" about at 1.55, and stood to the northward.

BEAVER WEBB WAS SAILING THE "GALATEA."

He refused to tack, so at 2.22 Captain Stone brought the Boston sloop around again. She was then over a mile on the cutter's weather beam. Two minutes before going about the "Mayflower" took in her club topsail. She carried her working topsail for an hour, when the wind, having lightened considerably, she set the club topsail, also her baby jib to sail. The "Galatea" had set hers shortly before. Both yachts went about at 4.20 and stood to the northward. They were off Deal beach at this time and the wind was growing lighter every moment. The "Mayflower" was lucky enough to hold a light air under the land, while the "Galatea" lay almost balanced for twenty minutes. The cutter tacked at 4.37 and made a short board in shore, going about again at 4.45. From here the sail up the New Jersey beach was little better than a drift. As the "Mayflower" slowly approached the finish the excitement became intense among the passengers on board the steamers There was no longer any fear that the "Mayflower" would be defeated, but the limit of time had almost expired, and there was fear that after being so near the goal the Boston sloop might not be able to finish. Just as all hope was dying out the breeze freshened, and with only 8 minutes 26 seconds to spare, the "Mayflower" shot across the finish line, close hauled on the port tack just as the sun sank behind Sandy Hook. The cheering and whistling and waving of thousands of handkerchiefs lasted for fully ten minutes, the crew of the victorious sloop waving and cheering themselves till the yacht was long past the finish. The "Galatea" finished 31 minutes 18 seconds after the "Mayflower." As she came to anchor the "Mayflower's crew gave her three rousing cheers, which the Englishmen answered.

The following shows the record of the race: "Mayflower's" start 11.22.40, finish 6.11.40, elapsed time 6.50.00, corrected time 6.49.00; "Galatea's" start 11.24.10, finish 6.42.68; elapsed time 7.18.48, corrected time 7.18.09. Thus the "Galatea" is defeated by twenty-nine minutes and forty-eight seconds actual, and twenty-nine minutes nine seconds corrected time. Fireworks are displayed to-night on all the yachts at Bay Ridge.

The official statement is that the editor is decorated "in reward for educating the people of Russia to a clear conception of the true foundation of the Russian political constitution."

Elaborate precautions were taken to protect the Czar during his journey to Poland to witness the army manœuvres. Soldiers armed with loaded rifles lined the railway. The train was divided into three sections. When passing stations the windows were closed and the blinds drawn down in order to prevent the discovery of the carriage occupied by the Czar. After the manœuvres the Czar will go to Spala, Poland, where similar precautions will be taken for his protection, 50,000 soldiers being utilized for his service.

The United States Government has not yet replied to the protests of the Armenians whose American citizenship Turkey refuses to recognize.

A battle has taken place at Broenderslev in North Jutland between two thousand peasants armed with sticks and stones and sixty gendarmes, the latter being beaten. It is feared this may lead to revolutionary outbreaks in other parts of the kingdom, and the Government is concentrating troops at strategic points. Estrup's Ministry a few months ago created, contrary to the expressed will of the Danish House of Representatives, a large corps of gendarmes, who in gaudy blue and silver uniforms patrol the country as if it were a conquered province. A most bitter feeling prevails between the population and the gendarmes.

The grand concert of the Six Nation Indians was held at Southampton, Ont., on Saturday. The greater part of the day being occupied with discussion of the Franchise act. Considerable objection was taken to sub-section C, section 11, of the Dominion Franchise act, it appearing that many Indians have been disfranchised by not being occupants, though possessed of the requisite property, and a resolution was passed favoring the striking out of the words "and occupation" in the third line of the section regarding Indians.

SEIZED FOR SMUGGLING.

HALIFAX, September 12.—The American schooner "Everett Steele," seized at Shelburne for violating customs laws last March, has been released. At Port Mulgrave last night Collector Bourinot seized the American seiner "Mono Castle," Captain Joyce, for violating customs laws and smuggling. This is the third Yankee nabbed this week. The Customs department left the case of the "Everett Steele," seized at Shelburne, to the discretion of Captain Quigley and Collector Atwood, who, in view of the trivial nature of the offence, and the captain's ignorance of the law, decided to release the vessel.

AUSTRIAN OPPOSITION.

The Hungarians will not Consent to Russian occupation of Bulgaria.—Austrian Newspapers talk of War.—Activity in the British Naval Yards.

LONDON, September 13.—Herr von Tisza recently informed Count Kalnoky, the Austrian prime minister, that he was unable, as Hungarian Premier, to consent to a Russian occupation of Bulgaria. The *Morning Post's* Berlin correspondent says Austria has formally notified Germany that Austria will oppose any attempt by Russia to encroach upon the liberties of the Balkans. The Austrian newspapers, while deploring the possible necessity of war, agree that it must be cheerfully resorted to and it will prevent greater calamities in the future.

ACTIVITY IN THE BRITISH NAVY YARDS.

LONDON, September 13.—Nothing is known in official circles in regard to Prince Alexander's visit to England. The Prince will remain at Jugenheim for the present, his health being shattered. Great excitement has been caused at Chatham by the unexpected receipt of urgent orders from the Admiralty to expedite the completion of men-of-war. Relays of workmen are to be employed day and night if necessary. This activity is regarded as indicating possible complications.

HONORING ALEXANDER.

LONDON, September 12.—Alexander's fete day was the occasion of great rejoicings at Philippopolis. The festivities were continued throughout the night. Bodies of troops, headed by bands, paraded through the town, and the streets resounded with the cheers of the populace. In the evening a brilliant display of fireworks was made. At Varna prayers for Alexander were offered in the churches. The *Te Deum* was sung at the Russian consulate in honor of the Czar. Only fifteen persons were present. Troops were stationed around the consulate to prevent disorder. At Sofia six Roumelian regiments were presented with new colors. The colors bore at the top the Bulgarian lion, on the borders the motto "God with Us," and on the corners Alexander's monogram. After the presentation of the colors the troops were reviewed. They made a splendid appearance. The *Novoe Vremya*, of St. Petersburg, says a great mistake has been committed if the double celebration of Alexander's and the Czar's fete day contained an *arriere-pensee*, or if the presentation of the colors to the Roumelian regiments was intended to flatter Alexander. Russia, it says, will indicate her position precisely to the Sobranje at the decisive moment.

BULGARIA'S ASSEMBLY TO MEET TO-DAY.

SOFIA, September 11.—The regency has issued a decree convoking the national assembly for the 13th inst. The following despatch has been sent to Prince Alexander, signed by 200 deputies: "We deeply grieve over your absence from your beloved country. We earnestly desire to see among us our hero-prince, the defender of our national liberty and independence." The officers of all the garrisons have telegraphed similar messages to the Prince. Metropolitan Clement and M. Bankoff are detained under guard in their houses, but are permitted to see friends.

A GERMAN NEWSPAPER'S OPINION.

BERLIN, September 12.—The *North German Gazette* says there is no prospect of the reenthronement of Prince Alexander; that even if the Sobranje re-elects Alexander the signers of the Berlin treaty will hardly consent to his return. It is not likely, the *Gazette* adds, that Russia and England will come to an agreement very soon regarding the throne of Bulgaria.

RUSSIAN OFFICERS FOR BULGARIA.

LONDON, September 12.—The Cologne *Gazette* says that twenty Russian officers are going to Bulgaria to occupy the highest military posts.

THE BRITISH ORDNANCE.

Stockholders in the Ordnance Factory of Sir William Armstrong, Mitchell & Co.

LONDON, September 12.—The *Chronicle* of this morning publishes a partial list of the stockholders in the ordnance factory of Sir William Armstrong, Mitchell & Co., in proof of the charge that the army and navy officers are pecuniarily interested in the contracts of that firm with the Government. In its introduction the *Chronicle* remarks, with some irony, that the facts are doubtless merely coincidental. There may be, and probably there is, a perfectly complete and satisfactory explanation of them, but the public would like to know what that explanation is. The first name on the list is that of Sir Frederic A. Abel, K. C. B. and F. R. S., Principal Chemist to the War Department at the Woolwich Arsenal, and a member of the Royal Engineering Committee. He is represented as holding fifteen shares of $500 each in the Armstrong - Mitchell Company. Colonel Charles B. Brackenbury, R. A., late superintendent of the gunpowder factory at Waltham Abbey, is also put down for fifteen similar shares. Vice-Admiral Henry Boys, late a member of the Ordnance Committee, holds six shares. Mr. O. N. Brooker, a Chief Inspector of Machinery afloat, is represented as holding thirty shares. Lieut.-Gen. H. Hope Crealocke, lately retired, has to his credit twenty-nine shares. Major Jasper G. Davies, R. E., Assistant Director of Works at the War Office, Pall Mall, stands for five shares. Mr. H. C. S. Xyer, who appears on the list as engineer of the Armstrong Works, has 220 shares, or an interest in the company of $115,000. Major-Gen. F. W. Hastings, late R. A., has twenty shares, but his inferior in rank, Major C. Jones, retired R. A., and late Assistant Superintendent of the Royal Gun Factory at Woolwich, has two hundred shares, and Mrs. Jones has ten shares. Major Jones is further interested in thirty-one other shares, so that he has in reality 241 shares, value $120,500. The Marquis of Lansdowne, Governor-General of Canada and late Under-secretary for War, is the owner of 200 shares. The Right Hon. G. J. Shaw-Lefevre, M. P., formerly Postmaster-General, and late Secretary of the Admiralty, has ten shares. Lord Alcester, G. C. B., who was one of the sea lords at the Admiralty, holds twenty shares, value, $10,000; the Rendel family, to which belongs Mr. George Wightwick Rendel, who was lent by the Elswick Company, as a great favor and with great flourish of trumpets, to the Admiralty as Second Civil Lord for two or three years at a salary of $10,000 a year, is well represented on the share list, Mr. Stuart Rendel alone being down for $803,000 in 1607 shares. Lord Sudely, a man of much influence, and late a Lord-in-Waiting to the Queen, has 440 shares of $230,000 against his name, and a further share in sixty shares more. Lord Thurlow, also a former Lord-in-Waiting to Her Majesty, likewise has 200 shares of $500 each, while Lord Sudely's brother has 140 shares, representing $70,000. Lieut.-Gen. C. W. Younghusband, C. B., late R. A., and late Superintendent of the Royal Gun Factory, holds just 100 shares or $50,000 worth. Capt. Noble, C. B., late R. A., is one of the most largely interested persons in the Elswick Works, for he holds 2485 shares (valued at $1,242,500), beside sixty-eight held by relatives.

There is every prospect of a very great scandal developing from the investigations now being made into contracts made for supplying the army and navy with ordnance, arms and ammunition during the last few years. Superhuman efforts are being made to keep back the facts, but public opinion is thoroughly aroused, and the truth is demanded, no matter who may be affected thereby.

THE PROVINCIAL SYNOD.

Fourth Day's Session—The Reply to the Methodists' Greeting—The Delegates to the United States Convention—The Diocesan College Question Shelved for three Years—Other Business Transacted.

The fourth day of the session of the Provincial Synod was opened Saturday morning in St. George's school room shortly after ten o'clock, the Prolocutor, the Rev. John Langtry, of Toronto, presiding.

After the reading of minutes, a memorial was read from Ven. Archdeacon Lindsay, who has lately visited the North-West, recommending the appointment of a special committee to consider the immigration and Indian question in the North-West. Judge Macdonald, of Brockville, on behalf of the special committee appointed to draft a reply to the greetings of the general conference of the Methodist Church, reported to instruct the Prolocutor to acknowledge receipt of the greeting and to express on behalf of the Synod its earnest hope that its deliberations would conduce to greater unity among the different Christian churches. A discussion followed as to whether the draft should be sent to the House of Bishops, which was done, but a message was afterwards read from their Lordships stating they had received and replied to special greetings sent them.

The committee's report was adopted.

The committee named to select the delegates to the several conferences of the church in the United States to be held at Chicago in October, recommended the following names:

CLERICAL: The Rev. the Prolocutor, the Very Rev the Dean of Montreal, the Ven. Archdeacon of Niagara, Rev. Canon Medley.

Lay: Messrs. B. R. Stevenson, C. J. Campbell, T. Walkem and E. Baynes Reed. Rural Dean Moore gave notice of motion that he would move for the appointment of a committee to arrange for the celebration of the centenary of the consecration of the first Colonial Bishop.

A long discussion then took place upon the proposition to restore religious education in schools. Senator Allan, Rev. Mr. Ford and Mr. Elliott, who had presented motions in the subject, agreed to a joint resolution which covered the ground and pledged the delegates of the different dioceses to use their efforts with the Government and legislatures to obtain legislation in this matter and also to communicate with the different Protestant bodies to secure their co-operation.

The House of Bishops reported that they had re-elected the Bishops of Nova Scotia and Toronto as delegates to the Chicago Convention.

A message was read from the House of Bishops, stating that the Bishop of Montreal had promised not to allow any further application to the Legislature in the Diocesan College question until the next triennial Synod, and recommending the appointment of a committee to report on the matter.

On motion of Mr. R. W. Heneker, a special committee, composing all the Principals and Chancellors of the different universities and colleges, was appointed.

A motion for a special committee on church schools was carried by 60 to 55.

The Rt. Rev. Bishop of Michigan and the Rev. Mr. Converse, the delegates from the United States, then took an affectionate farewell, after which the Synod took recess.

AFTERNOON SESSION.

On the opening of the afternoon session on Saturday, a number of delegates wished to change their votes on the resolution to appoint a committee on church schools, but the Prolocutor said that this could not be done.

Mr. W. C. Silver, Halifax, moved: "That the Upper House be requested to appoint a committee to act with a committee of this House, to be appointed by the Prolocutor, on the relative rights and duties of bishops, rectors and churchwardens in this ecclesiastical province, to report at the next regular session of this Synod."

Mr. Weldon, M. P., moved in amendment: "That the memorial of the rector, churchwarden and vestry of St. Paul's church, Portland, in the diocese of Fredericton, presented to the Synod, be referred to committee of this House to report at this present session."

Mr. Weldon, in speaking to his amendment, presented a lengthy memorial from St. Paul's Church setting forth the difficulty and asking for such action in the premises as may, while preserving the authority of the diocesan, secure to rectors their rights and privileges.

Mr. Walkem suggested that the matter be referred to a committee.

Mr. Hodgson, of Prince Edward Island, protested against this course being adopted, as it would be unfair to the Bishop.

After some further discussion Mr. Silver's motion was put and carried unanimously.

Mr. Weldon's motion was again brought forward and discussed at length by Rev. Canon Brigstocke, Judge Armstrong, Judge Irvine, Mr. Bayley, Canon Medley and others, after which the debate was adjourned.

The following committees were appointed:

On Church Schools — Rev. Canon Innes, Huron; Rev. Dr. Bethune, Toronto; Rev. J. S. Bogert, Ontario; Rev. Mr. Iffland, Quebec; Mr. S. Bethune, Q. C., Montreal; Mr. Macklem, Niagara; Mr. H. Hodgson, Nova Scotia, and the mover and seconder of the resolution for the appointment of the committee, Rev. O. P. Ford and Rev. W. B. Carey.

On the Year Book—Rev. Dr. Carry, Rev. Canon Innes, Archdeacon Lindsay, Rev. S. Jones, Rev. Dr. Mockeridge, Archdeacon Jones, Rev. Canon Brigstocke, Rev. J. D. Cayley, Rev. Dr. Smyth, Rev. A. Spencer and Mr. E. Baynes Reed.

On the Centennial of the First Colonial Bishop—Rev. Canon Brock, Rev. D.C. Moore, Rev. Dr. Roe, Rev. Canon Medley, Rev. Canon Ellegood, Rev. Canon Innes, Archdeacon Innes, Rev. R. H. Sutherland, Hon. Thomas White, Hon. J. B. Plumb, Chancellor R. W. Heneker, Chancellor Henderson, Messrs. H. W. Frith, R. T. Clinch and E. Baynes Reed.

The Synod then adjourned until this morning.

MONDAY, SEPTEMBER 13, 1886.

THE Rev. Edgar Hill declares himself emphatically a believer in the practicability of the union of the Protestant Churches of Canada. The idea has been in his mind ever since he came to Canada and he believes that in this question the national religious well-being is at state.

MRS. SCHELLING, who has recently been the object of more public notice than either her merits or demerits entitled her to, has returned to her father's home. Now it is announced in the most matter of fact fashion, that the lady will procure a divorce. No grounds for a divorce have yet been alleged, it seems to be taken for granted that a millionaire's daughter should have no difficulty in getting a divorce if her husband is guilty of being a coachman.

ANOTHER terrible tale of destitution present and prospective comes from Newfoundland and the Labrador coast. It may be true, but bearing in mind a recent tale of similar character, it should be received with caution. The official denial of the former yarn was very complete and emphatic, and it is difficult to realize that since that date it has become apparent that a hundred and forty thousand people are about to become partially or entirely dependent upon the Government.

ACCORDING to the London *Standard* a report is being prepared to show that under the Home Rule Bill patronage to the extent of six million dollars a year, would have been transferred to Mr. Parnell, or more strictly to the new Irish local government. Presumably the object of this report is to suggest a possible unworthy motive for the Home Rule agitation. Does it not, however, rather suggest the possibility of unworthy motives in some of the opposition to Home Rule? Certainly it is altogether probable that when the Irish patronage is administered by men directly responsible to the Irish taxpayers it will amount to considerably less than at present.

THE Bulgarian National Assembly meets to-day and it is not unlikely that it will re-elect Prince Alexander, reigning Prince. The choice of the assembly is however little more than a nomination, as the Treaty of Berlin provides that "The Prince of Bulgaria shall be freely elected by the population and confirmed by the Sublime Porte, with the consent of the Powers." This applied not only to the first election to the throne, but in case of a vacancy the new Prince has to be elected under the same conditions. Freedom of election as enjoyed by the Bulgarians, *i.e.*, qualified by the necessity of the approval of all the great powers, does not amount to much.

TWO French-Canadian communities in Massachusetts are reported to be returning to Canada *en masse*. It is said that 25,000 or 50,000 acres of land will be prepared for them in La Lievre and La Rouge valleys by clearing, building, planting and sowing, and that then they will all return together, farmers, doctors, merchants, traders, etc., forming complete communities to take possession of their new home in their old country. This interesting experiment is full of promise for this Province. We can imagine nothing more likely to promote the progress of our own province than a large influx into the Province of French-Canadians who have resided for some time in the United States.

THE United States Government has, it is thought, abandoned, for the present at least, its claim to Behring Sea as an American lake; and the sealing vessels seized off the Aleutian Islands (sixty miles off) will be released on their arrival at San Francisco. The Hon. Mr. Foster explains that the American Government has claimed territorial rights to all the waters of the Pacific above 51 degrees north latitude, by purchase from Russia, the Czar having asserted the same claim previous to the sale of Alaska to the United States, on the ground that Behring Sea then lay completely within Russian territory. The American Government then disputed the validity of this modest claim, but nevertheless after purchasing Alaska granted a fishing monopoly of these waters to a private company. Russian claims are always on a magnificent scale; for instance the Czar now claims to be Emperor of Asia. At any rate Behring Sea has never been completely within American territory.

MR. A. BOISSEAU, formerly librarian of L'Institut Canadien, suggests that the Fraser Institute should allow its books to be borrowed on deposit of a sufficient sum to cover the value of each book, and on payment of one cent a day for the use of each book. Under this system the Institute would be at no risk and would make a considerable profit. Either this should be done or readers might be allowed to borrow books on making a deposit, and fined if they keep a book beyond a week or other specified time. We are convinced the Institute will not be a success—that the public will never take enough interest in it—until it becomes a circulating library. Thousands would be glad of the privilege of borrowing good books gratis or at a cheap rate to read in their homes. Comparatively few can afford the time to read to any great extent at the Institute. At present a man who wants to avail himself of the library must absent himself from the family circle more than he cares to do or he must take the family with him to the Fraser Institute. Reading in a public institution is not half so good as reading at home.

GARRISON ARTILLERY.

The Marksmen of the Montreal Brigade at the Ranges.

The annual rifle matches of the Brigade of the Montreal Garrison Artillery took place on Saturday afternoon at the Point St. Charles Ranges. The weather was delightful and there was a large attendance of members of the Brigade including many of the officers. In the afternoon the band of the Brigade was present and performed in front of the marquee, where the officers right royally entertained visitors from sister corps.

The following were the results of the shooting:—

Lacrosse.

Montreal vs. Cornwall.

There was a large gathering at Cornwall on Saturday to witness the Lacrosse match between the Montreals and Cornwalls. The visitors were accompanied by a good number of friends who received a most cordial welcome. The following were the teams in order:

Cornwalls, Carpenter, goal; Lally, point; Lewis, coverpoint; and Adams, Crites, Sullivan, McAteer, Smith, Grant, field; Broderick, Macdonald and Black, home; Mr. Angus S. McDonell captained the team and did well; Montreal—W. Aird, goal; Cleghorn, point-Louson, cover point; Sheppard, Elliott, Car, lind, D. Patterson, Geraghty, McNaughton field; Hodgson, Paton and J. Grant, home. Mr. Learmonth captained the Montreal men.

Referee, T. Polan. Umpires, J. W. McGillis and James Harper.

The match was signalized by excellent play totally free from roughness. The Cornwalls during the first game played with the greatest spirit, and the Montreal men had all they could do to hold their own. After 27 minutes' play however, a hot shot at goal struck Carpenter, the Cornwall goal keeper, on the breast, and, before he could get the ball away again, Paton was on it and swiped it through, scoring for Montreal. The second and third games, although well contested, were less exciting, as the Cornwall men had had the steam taken out of them by their splendid work in the first round, and the Montreals won both games in eight minutes each. The Montrealers played a very strong game all round.

Sixth Fusiliers.

The 6th Fusiliers having received a cordial invitation from the Mayor and Corporation of Belleville to visit that city, it has been decided by the regiment to put in three days' camp at the pretty Ontario city towards the end of the month. The regiment has obtained permission to hold its inspection at Belleville, and the staff officers of the district will accompany the regiment for the purpose. The corps will leave here on the evening of Thursday, 23rd, and spend the 24th, 25th and 26th under canvas. The regiment will put in some heavy drilling before leaving on the trip, as it is determined to maintain its reputation as one of the best disciplined corps of the Canadian militia.

American Presbyterian Church Re-opened.

The Rev. Geo. H. Wells, pastor of the American Presbyterian Church, preached at both services yesterday to large congregations. This was the re-opening of the church, after having been closed for two months, during which period the exterior of the church has been renovated and the interior thoroughly beautified and tinted.

The American Churchmen.

The Right Rev. Bishop Harris, of Michigan, and the Rev. G. S. Converse, Rector of St. John's Church, Boston Highlands, are the preachers in St. Stephen's Church tomorrow, the Bishop preaching in the evening, and Mr. Converse in the morning.

PROVINCIAL ELECTIONS.

The Polling Day said to be on the 14th October instead of the 12th, as Reported.

[SPECIAL TO THE STAR.]

QUEBEC, September 11.—Nomination day for the Provincial elections is fixed for Thursday, the 7th October, and voting for Thursday, the 14th. The official announcement will probably appear in to-night's *Official Gazette*. Tessier in Portneuf and Turcott in Montmorency are selected as opposition candidates.

THE METHODISTS.

Continuation of the Report of Saturday Morning's Proceedings.

[SPECIAL TO THE STAR.]

TORONTO, September 12.—At the Methodist Conference on Saturday, several notices of motion were given, one of which recommending the use of non-alcoholic wine was sent to the committee on temperance. Another by Dr. Eby recommending the committee on missions to make some regulations respecting foreign missions and mission conferences was referred to a committee. Rev. W. Galbraith recommended that certain paragraphs from the ritual on baptism be eliminated. Mr. Irvine recommended that there shall be children's sacramental services held in all our churches.

On motion it was resolved that the report of the committee on the general superintendency be considered *seriatim*. The first item was for the appointment of only one general superintendent, which gave rise to a lengthened discussion, in which the Rev. Job Shenton, James Curts, Judge Deacon, Dr. Harper and Dr. Sanderson took part, after which Mr. J. J. MacLaren, Q. C., moved an amendment that the duties of the general superintendencies shall be defined before it be decided as to the number to be elected. This discussion was further continued and the following members took part: Mr. J. Macdonald, Dr. W. J. Hunter.

Rev. A. Cummings, D. D., from Wellsville, New York, was introduced. Dr. Cummings was formerly connected with Methodism in Canada.

The subject of college federation has been much investigated, and it has been ascertained that the total ministerial vote was 66 for and 67 against. The total lay vote was 72 for and 26 against. The five conferences which constitute the constituency of Victoria College give a ministerial majority of 7 and laymen majority of 27 for confederation.

A Racket 40 Years Ago.

In David Crawford's window, on St. James street, is a report of a meeting held at Orr's Hotel, on the 20th March, 1847. At this meeting it was unanimously resolved that a list for the names of gentlemen favorable to the erection of a racket court be opened in accordance with the 2nd resolution which provides that the joint stock be divided into 50 shares of £12.10. The names are: Fred. Gates, Frs. Brown, E. Lamontagne, W. M. Robertson, T. D. Harrington, Grant Powell, T. A. Cary, H. L. MacDougall, J. H. Conally, Capt. Jones, 23rd, F. J. Hornly, R. E. C. S. Burroughs, J. W. Travers, Mr. Hutchison, Augustus Heward, Geo. Moffatt, jr., Peter Dease, jr., F. Noad, C. Drolet, Mr. Castle, Mr. Greenshields, Mr. Egerton, Roch Rolland, Fred. Bostwick, Geo. Desbarats, Thos. Ryan, Lord Mark Kin, Ed. J. Meredith, Jno. Gordon and a few others.

Complimentary Address to Judge Wurtele.

At the opening of the Court at Aylmer on Friday an address of congratulation was presented to Hon. Judge Wurtele by the Members of the Bar of the Ottawa district. It was very numerously signed and very complimentary.

A Strong Endowment

is conferred upon that magnificent institution, the human system, by Dr. Pierce's "Golden Medical Discovery" that fortifies it against the encroachments of disease. It is *the* great blood purifier and alterative, and as a remedy for consumption, bronchitis, and all diseases of a wasting nature, its influence is rapid, efficacious and permanent. Sold everywhere.

The Allans Mail SS. "Caspian," from Baltimore for Liverpool via Halifax, St. John's, N. F., arrived at Halifax at 10 a. m., Saturday.

Advice to Mothers.

Mrs. Winslow's soothing syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhœa. 25 cents a bottle.

The Dominion Line Royal Mail Steamship "Vancouver" sailed from Liverpool to-day (Thursday), for Quebec, with 127 cabin, 80 intermediate and 130 steerage passengers.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.

The Allans SS. "Canadian," from Boston, arrived at Glasgow on Thursday and landed her 266 oxen in good condition with the exception of one, which died on the passage.

A lady writes: "I was enabled to remove the corns, root and branch, by the use of Holloway's Corn Cure." Others who have tried it have the same experience.

Rev. M. G. Thompson has been appointed rector of Levis.

Furred tongue and impure breath are two concomitants of biliousness remedied by Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Heartburn, which harasses the dyspeptic after meals, and all the perplexing and changeful symptoms of established indigestion, are dispersed by this salutary corrective tonic and celebrated blood purifier.

The Allan SS. "Lucerne," from Montreal, arrived at London on Friday and landed her live stock shipment of 117 oxen in good order.

It is a remarkable fact that Dr. Thomas' Eclectric Oil is as good for internal as external use. For disease of the lungs and throat, and for rheumatism, neuralgia, crick in the back, wounds and sores, it is the best known remedy, and much trouble is saved by having it always on hand.

Jacob Loockman, Buffalo, says he has been using it for rheumatism. He had such a lame back that he could do nothing; but one bottle entirely cured him.

Special Notice.

THE COMBINATION

COOKING STOVE

This stove has been extensively introduced and thoroughly tested during the past three years; has given universal satisfaction and found to be the best Cooking Stove ever introduced to the public.

It is constructed on an entirely different principle to the ordinary cook stove, having a circular fire-pot and grate as an ordinary hall stove, having no dead corners as in a square or oblong fire place.

Great saving of fuel is effected, and a uniform continuous heat can be retained for twenty-four hours without attention.

For hot water to baths it surpasses any cooking range.

REAL ESTATE AT AUCTION.

Property owners who wish to sell by this method, would consult their own interests by giving me an early call. The entries already made in my diary for September and October, and the number of enquiries from intending buyers, portend an active season. My long experience and unequalled success at this important specialty are well known, and afford a sure guarantee to owners that their interests will be well looked after.

I shall be happy as heretofore, to confer with those intending to sell, and give reliable estimates of market price, cost of advertising, &c., and all necessary information.

Real Estate sales need to be managed from beginning to end with energy, ability, and tact, backed by experience. Advertisements should be well written, and nothing left undone to put each parcel well before the public, both in the newspapers and in the auction room. The Conditions of Sale, both written and verbal, must be so explicit and plainly set forth as to make disputes impossible, so that no "hitch" will occur in having deeds passed promptly. Neglect or lack of experience has often caused serious loss and expensive law suits.

FURNITURE!

As water always finds its level, so will a discerning public find where to go for the BEST VALUE for their money. In every line of trade such has been our experience for the past 41 years, but more especially so during the past ten years. Since then a great change has taken place—from MEDIUM and COMMON GOODS to the VERY BEST and MEDIUM CLASS. We have the finest and most elaborate selection of Parlor, Dining Room, Library and Chamber Furniture, with the most varied stock and styles of Parlor Easels, Inlaid and Plush-top centre, side, and Card Tables, Parlor Cabinets, in Rosewood, Black Walnut, Cherry and Mahogany, Gilt Chairs, Ottomans, Piano Stools and Music Stands, with every style of Easy, Reclining, and Rocking Chairs, finished in various styles, and covered in the newest shades of SILK PLUSH. We are also showing a very large assortment of the Finest Rattan and Reed Furniture of various kinds, consisting of Parlor and Chamber Sets (complete), Children's Swing Cots, Cribs and High, Low and Rocking Chairs, as well as a complete assortment of the finest Baby Carriages yet offered to the public in Rattan, Reed and the so much admired High Chair and House Carriage. As we pay cash for all our stock, thereby enabling the very best discount and pay no commission for getting customers through a class of men known as drummers, or friends in disguise who claim 10 per cent. for all customers they bring, we take such 10 or more per cent. off the price of our goods and give our customers the benefit thereof, together with a guarantee for two years of every article we recommend. Such a course has secured for us, even in the dullest seasons, the largest sales yet made in our line in the Dominion. Our wholesale department being kept entirely separate contains also a very full stock; 10,000 to 20,000 Chairs and Bedsteads of the various kinds, ready for delivery at a few days' notice.

An extra large discount is allowed for all supplies required by the trade at

PURE WINES vs. INTOXICATION.

We beg to announce that we are appointed agents in Montreal for the celebrated Ontario Grape Growing and Wine Manufacturing Company, of St. Catharines, Ont.

Previous to our accepting the agency of those celebrated wines, we explained our ideas to the manufacturers, stating that our object was to give the public a first-class article, delightful in taste, made from the PURE JUICE OF THE GRAPE, superior in quality to the imported wine, and at one-third the cost, thereby discouraging the use of strong drinks as a beverage. They understood our "aim" immediately by adopting the "motto" Large Sales and Small Profits, an agreement which they have faithfully carried out. Since we have placed this article before our customers we are constantly in receipt of the highest testimonials from them who are delighted at our success.

DRESS GOODS. DRESS GOODS.

The Fall trade for Dress Goods is fairly open with me, and judging from the quantity we are selling now, I will do an immense trade in this line. There seems to be a tendency for high priced Dress Goods this Season, and I had anticipated this and laid in a very large stock of them.

OLD PRICES.

I see several firms advertising Dress Goods at old prices, that is the least the public can expect, because if these merchants had not taken advantage of the low prices some months ago, when there was sure to be a rise of fully 25 per cent on them, it would no have spoken much in their favor. But what the public should expect, is lower prices than last Fall for same goods. for this reason, if trade is increasing with those firms they ought to be able to sell cheaper, according to the increase of business; however, this is my case. I anticipated doing double the business I did last Fall in these goods, and have bought extensively accordingly, and it stands to reason I bought much cheaper than last Fall. The trade I am doing in Dress Goods, Black Goods and Silks, would do honor to houses who carry four times the general stock I carry, and this enables me to sell at a mere percentage on the cost, and my Cash System is not a drawback to the above advances.

AN INDIAN BATTLE.

Rumors of a Bloody Fight Between Bloods and Crows—Indians Leaving Reserves.

[SPECIAL TO THE STAR.]

WINNIPEG, September 13.—Seventy Indians have left a large reserve near Battleford and started for Edmonton and the police are in pursuit. Trouble is feared.

The Lethbridge *News* says: "The rumor is current in town that a party of six Blood Indians who left the reserve some time ago and crossed the line on a horse stealing expedition fell in with a party of Crows with whom they had a fight. Five Bloods fell victims to the superior numbers of the Crows. One escaped and returned to camp. Another party of 75 who left here about the same time have not been heard from and it is feared they have also been annihilated. It is understood that as soon as the treaty payments are over, which will be the latter part of this week, a party of Bloods intend leaving for the scene of the late fight to have revenge. We got this information from a man just in from the Bloods' camp and give it for what it is worth, as we're a unable at present writing to find out anything further."

THE SEIZURE OF THE "MORO CASTLE."

[SPECIAL TO THE STAR.]

PORT MULGRAVE, N. S., September 13.—The third seizure of last week and the sixteenth to date was made at Port Mulgrave Saturday night. The American schooner "Moro Castle" had anchored here on her way home from North Bay with forty barrels of mackerel. During the evening a boat from the cruiser "Howett" with Collector Bourmot on board rowed up the Strait of Canso from Port Hawkesbury and the collector seized the "Moro Castle" for smuggling at Chester in 1884, and other violations of Customs. She was commanded by different captains then but the vessel herself is liable for the offence. The collector and an armed guard remained on board all night and yesterday morning took the vessel across to Hawkesbury. She is owned by Capt. Nauss who is now in Mulgrave on his schooner "Belle A. Nauss" on his third trip to Prince Edward Island for mackerel.

ATTEMPTED ASSASSINATION.

[SPECIAL TO THE STAR.]

BELFAST, September 13.—A desperate attempt was made last evening to assassinate District Inspector Cosgrove at the corner of Percy street and Shanknill. Two detectives were knocked down and kicked, but not seriously injured, while dispersing a crowd. Cosgrove ran up the street after a young fellow who had been the only member of the crowd who used bad language to the police. As soon as the fellow saw that he had separated Cosgrove from the patrol of police he turned and levelled a revolver over his left arm as a rest, and snapped it three times at Cosgrove. The caps exploded each time, but the priming was apparently damp as the pistol did not go off. A lunge of Cosgrove's sword prevented a fourth attempt, but did not disable the ruffian, who escaped.

WHAT ARE FRESH FISH.

[SPECIAL TO THE STAR.]

WASHINGTON, September 11.—In regard to the quantity in which fresh fish can be imported free of duty, the Treasury Department holds that no possible rule can be established for the guidance of Customs officials. They must in each case be governed by the facts surrounding each importation and the practice of the importers. The Department, however, is of the opinion that where fish cannot be utilized in quantities imported for food purposes without salting or some process of preserving, which will take from them their distinctive character as fresh fish, duty should be assessed. Under such conditions they are not "fish fresh for immediate consumption."

BEACH, ROSS AND HANLAN.

[SPECIAL TO THE STAR.]

LONDON, September 13.—Deeble, the Australian hotelkeeper, who is backing Beach in his coming race with Wallace Ross, offered to-night to bet £1000 to £800 that the Australian would win. The offer met with no takers. Deeble subsequently offered six to four on his man, at which odds several bets were booked. In conversation respecting the merits of Hanlan, said: "Hanlan is a very good man in a boat, but a very big fool out of it. He won't come here to row against me. You may depend upon that, nor will anything induce him to row me on the Paramatta. I don't regard a match with him as among the possibilities."

THE ALASKA FISHERY SEIZURES.

[SPECIAL TO THE STAR.]

OTTAWA, September 13.—The Fisheries Department have been engaged for some days in preparing a statement of their case in the matter of the seizure of Canadian vessels taken by a United States cruiser off the Alaska coast, charged with sealing in American waters. A demand will be made upon the proper authorities at once for the unconditional release of the vessels so seized.

Lacrosse.

TORONTOS VS. ONTARIOS.

About 1,000 people assembled at the Toronto grounds to witness the lacrosse match between the Torontos and Ontarios. The play was very rough, and slugging and fouling pretty frequent. After half an hour's play a serious disturbance took place. O'Neil of the Torontos accused Garvin of the Ontarios of striking him, and retaliated with a blow from his lacrosse. Bonnell of the Torontos knocked O'Neil down, and O'Neil's brother, one of the spectators, immediately rushed into the field and went for Bonnell. The officials soon stopped the trouble and play was resumed. The first game was taken by the Torontos in 47 minutes; the second in 1¾ minutes by the Torontos; the third in 9 minutes by the Ontarios; and the 4th by the Torontos in 33 minutes.

Third Edition.

STARVING NEWFOUNDLAND.

At Least 65,000 People Directly Depending on the Labrador Fisheries Said to be in Destitution and Many More in Need of Relief—Failure of the Newfoundland Shore Fisheries.

[SPECIAL TO THE STAR.]

HALIFAX, September 13. — All reports from Newfoundland confirm the intelligence of the utter failure of both the Labrador and Newfoundland shore fisheries. Newfoundland's fisheries have been going from bad to worse for many years and this year is declared to be the worst season experienced for the third of a century. In some places the catch has been so small that the men will not average $30 each for the whole year's work. This succession of bad seasons has brought affairs to a crisis, and the ancient colony is now on the

EVE OF A CATASTROPHE,

which was thus pictured to the STAR correspondent by Alf. B. Morine, a member of the Newfoundland Legislature for Bonavista, who has just arrived from St. John's. He says the Labrador fishery is an entire failure, the vessels which went there not averaging more than 200 quintals of fish as compared with 500 quintals for a fair catch. Thirty thousand people go down to Labrador from Newfoundland every year. As their best the Labrador fisheries afford but a bare existence and this year the failure has been so great that these 30,000 people have not caught enough fish to pay the cost of transportation and supplies. At least another 30,000 people are dependent upon the success of those who go to Labrador. Then there are 15,000 residents of the Labrador coasts who are in a similar position. These people exist solely by the fisheries. They don't know how to do anything else.

FARMING IS UNKNOWN

along these rockbound coasts. They make out an existence in huts and shanties. At least 65,000 people depending on the Labrador fisheries are to-day practically in a state of destitution, and during the Autumn and Winter will be entirely dependent upon the Government for subsistence. The deplorable condition of the fish market after a succession of bad years will make it next to impossible for the fish merchants to render much assistance. Then these 55,000 people are scattered over 3000 miles of coast, though 50,000 are within 500 miles, so that it will be exceedingly difficult, if not impossible, to reach them by relief steamers during the Winter months, and unless immediate steps are taken to provide for their sustenance there is nothing left but inevitable starvation. This

SEEMS HIGHLY COLORED,

especially after the recent fabrication of starvation among the Esquimaux at Labrador, but it is simply the plain English of the actual fact and inevitable consequences. The foregoing refers exclusively to the people depending on the Labador fisheries. Besides these there are one hundred thousand other people directly and indirectly depending upon the Newfoundland shore and Bank fisheries. 90,000 on the former and 10,000 on the latter. The Bank fishing industry is rapidly increasing and our fishermen regard it as our only hope for the future. This little glow of hope disappears and burns into a cloud of almost impenetrable darkness when one turns to consider the condition of Newfoundland's shore fishery. Of the 90,000 people dependent on that

SPECIAL BRANCH OF INDUSTRY

only about 20,000 will be at all adequately provided for the Winter by proceeds of this season's catch. The remaining 70,000 have been rendered destitute by the total failure of that fishery also. The chief districts of the island are inhabited by people who possess barely enough to meet their present necessities and who have not the means of earning a single dollar outside of the fisheries and are therefore without any means whatever of providing for their existence during the coming Autumn and Winter. In some sections this terrible black picture is only relieved by the fact that the potato crop is turning out very well. Potatoes are the only crop they raise and the potato crop of Newfoundland is not more than equal to one peck per head of the people. He fears the Government will not realize the gravity of the situation in time to take adequate relief measures.

ANOTHER TEST.

Possibility of Another Race Between the "Mayflower" and "Galatea"—English Opinion.

NEW YORK, September 13.—Lt. Henn is loth to admit defeat. With a stiff breeze and choppy sea he still thinks he can beat the "Mayflower" yet. The proposal of a cruise around the Bermudas and the counter proposal of a run across Massachusetts Bay in the next convenient gale are no longer under consideration. Thinking it had stood unaccepted long enough, Lt. Henn windrew his Bermuda challenge. General Paine, too, seems to have agreed to forego his heroic project of trying the merits of the sloop and cutter in one of the savage northeasters that blow clear into Boston harbor, and the conditions of a new and perhaps final test have been talked over informally by the owners of the two racers. Nothing has been definitely fixed upon, but every thing points to a coutest in the near future. Gen. Paine has gone to Newport, where the "Mayflower" will meet him in a day or two. The "Galatea" is also booked for Newport; the Challenge Cup race and the details of what ought to be the crowning yacht race of the season will doubtless be given out there. Lt. Henn trusts this race will be his opportunity. It was the general opinion among yachtsmen yesterday that the victory of the "Mayflower" demonstrated her superiority not only to the "Galatea" but to all other British yachts. In two international races it was conclusively proved that in windward work the English boat could not point with the "Mayflower" without being so pinched that she was almost hove to. The "Mayflower" was able to hold her windward position to a great deal better advantage than her antagonist. The race on Saturday also proved that in a good whole sail breeze the "Mayflower" could out run the "Galatea." The races of the "Galatea" in England are matters of record and prove that the boasted "Irex" is not capable of beating her as badly as the "Mayflower" can. In running the "Irex" may be the equal of the "Mayflower" but probably not. Her windward work in the "Mayflower" is undoubtedly the superior of the "Irex." It is not likely that another challenge will come from England for the America's cup soon.

ENGLISH OPINION.

LONDON, September 13.—The *Daily Telegraph* in commenting on the yacht race says: "We may from a patriotic point of view regret that the old country has not carried its colors to the front. On the other hand it is satisfactory to see the craft of yachtsmenship so thoroughly understood in the United States. There seems to us something strange in the idea of Americans, whose navy is subject to gentle ridicule even by themselves, being able to turn out and handle a yacht which in a good honest race over thirty or forty miles of sea can beat the best vessel that can be sent out against her from these shores. Every one of sensible in England can never forget how the Americans taught us almost our earliest lesson as to the faults to be found in our existing type of vessels, when, in 1851, they sent over a yacht which outraced our cracks. The America was the name of a yacht which then created something like consternation in English clubs, but we do not fail to see the superiority of our rival's build and to imitate her good points. The British yachts have since that date undoubtedly altered in construction, but the defeat of the "Genesta" and "Galatea" makes it seem doubtful if they have been altered enough. The members of the New York Yacht Club are indefatigable in bringing out yachts with every improvement that science can suggest. It is plain from the late contest that we shall have to take one or two leaves out of the book of our victors if we are to regain for England the championship of the world in the matter of pleasure sailing.

SOCIALISTS DRILLING.

NEW YORK, September 13.—It is stated that a band of Socialists have been drilling on the banks of the Jno Kensack river every Sunday since last May. During March and April quite a number of Socialists from Germany and Chicago secured work in the silk mills at West Hoboken and Homestead. They had not been long at work before they began to sow the seed of discontent. A union was formed and a strike followed. The men say they are organizing for rebellion.

Do not despair of curing your sick-headache, when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

LIVING OR DEAD.

By Hugh Conway (F. J. Fargus).

CHAPTER XXVIII.—*Continued.*

I was very anxious to see Rothwell alone and hear his opinion of my father's state of health. On some points it reassured me, on others left me uneasy.

"There is little amiss bodily," he said. "In a day or two I believe he will be up again, as strong as ever. But so far as I can see, there is something strange, mentally. He seems to have adopted the idea that since he parted with your mother, she has been kept from him against his will. At times he speaks as if he had been a prisoner—only now released. He begs me never to speak of the dark past during which he was so unhappy. He wishes to blame no one, he says; but he has been cruelly treated. As soon as his wife returned he would forget it all. However, in a few days we shall see how he is."

"But Chesham—Monaco—the duel, does he say nothing of these?"

"Not a word; I believe all that was done in a kind of dream, and is now forgotten. He seems to infer that he left Torwood, fled secretly at night, and came straight here to find his wife. His recollection of what has really happened is, I am sure, quite distorted."

"It may be so much the better," I said.

"We will hope so, that he will recommence life as one emerging from a long illness. Any way, we can hope for the best, and trust your mother to forgive and let things be as he wishes to think them, or as they seem to him."

We sat talking for an hour

MASKED ROBBERS

Waylaying Travellers on the Back River Road—Two Farmers Robbed Within a Few Minutes of Each Other—Excitement at the Sault.

An outrageous case of highway robbery took place on the road to the Back River last Saturday evening. Two farmers of that locality, named Brunet and Lebrun, were quietly wending their way homewards seated in their waggons. They were about a quarter of a mile apart, and it was when both arrived in turn at the first bend of the road opposite the route leading to Bord à Plouffe that the robbery occurred. Brunet was the first to meet with the miscreants, and he only learned of their presence when his horse was suddenly caught by the bridle and brought to a standstill. At the same moment two masked men leaped into the vehicle and drawing revolvers pointed them straight into his face, with the time-honored demand: "Your money or your life!" Brunet demurred at first, but seeing that the men were determined to do their murderous work if he delayed much longer, he pulled out his purse, containing $20, and handed it over to them. They grasped it eagerly, and leaping from the waggon disappeared into the bush. A few minutes after the same fate befel Lebrun, who gave up to the men five dollars, which was all the money he had. The news of the deed spread about the Sault like wildfire, and all the inhabitants of that usually quiet little village were thrown into great excitement. The police were immediately telephoned for from Peloquin's, but even until late this afternoon no officer had appeared upon the scene.

THE LABBE CASE.

Mr. Labbe's Attorney Presents a Motion in the Court of Queen's Bench to Quash the Indictment and Judge Baby Takes the Matter en Delibere.

Another issue was arrived at in the Court of Queen's Bench this morning in the case of Mr. Napoleon E. Labbé, who is accused of conspiracy by the authorities of La Banque Nationale, when Mr. E. Guerin argued a motion to quash the indictment on the ground that it does not disclose the commission of any offence recognizable by penal law. He quoted from precedents laid down by Judges Drummond, Dorion and Ramsay. Mr. C. P. Davidson, Q. C., on behalf of the Bank, contended for the sufficiency of the indictment as laid. Judge Baby has taken the matter *en délibéré*.

It appears the prosecution was represented in the grand jury room, during the examination of the witnesses, by Mr. C. A. Geoffrion, Q. C., whereas the defence had no right to appear, not even to examine the witnesses. The Crown prosecutor took no part in the proceedings, as it was a private case, but left the whole matter in the hands of the attorney of the bank. After deliberating, the jury was polled four times and finally brought in a true bill by a majority of one, and a strong minority sought to bring the matter before the Judge on the ground that the bank's lawyers and some of its officials had been heard, whereas the defence had not been allowed the same rights.

It is now said that a number of the jurymen desired to have other parties examined, but that this was not allowed.

The Fire Record.

The Fire Brigade were kept very busy on Saturday night, being called out four fires. The first alarm was sounded from box 235 for a fire in Mr. Walter Paul's stables, off Stanley street, in rear of 5 and 7 Drummond. The horses were got out and the fire was extinguished before it did any damage to the adjoining tenements. The people who lived next door were very much frightened, but their house was saved through the promptitude of the firemen. Damage, several hundred dollars.

At 10.20 a serious fire occurred at 379 St. James street, in the premises owned by Messrs. Robb and Black, which are fully insured.

The carpenter's shop occupied by I. Cocks, and the secondhand store by Mrs. Pratt were entirely destroyed with their contents, and the cigar store of Mrs. Johnson suffered serious damage. The latter had all her furniture, bedding and clothes belonging to the family completely destroyed.

At 1.30 an alarm from box 54 brought out the western section of the brigade for a fire in the grocery store of Mr. T. Brisebois, at the corner of Workman and Fulford streets. The fire extended to the roof and the whole building was soon a mass of flames. Nos. 3, 9, 10 and 12 were soon playing on it, but it was fully two hours before the fire was under control. The damage is estimated at $1500, partly covered by insurance.

While the firemen were engaged at the above conflagration another broke out at 195 and 197, dwelling houses on Dorchester. The remainder of the brigade immediately proceeded there and streams from Nos. 2, 5, 6, 7 and 8 were soon laid on. It took the firemen an hour and a half to combat the flames. The damage will amount to about $1500.

An incipient fire occurred at the Turkish Baths yesterday (Sunday) afternoon, owing to a pot of grease which had boiled over. It was extinguished by a babcock.

At 10 o'clock last night the brigade was again called out for a fire in the basement of Best's lathe shop, off Rogers & King's yard, St. George street. Owing to the prompt action of the firemen the blaze was put out before much damage was done.

OCEAN PASSENGERS.

List of Passengers by the Dominion Line Steamer "Toronto."

List of passengers per Dominion Line SS. "Toronto," Capt. McAuley, from Liverpool 3rd inst., and Belfast 4th inst., for Quebec: Miss E. P. Adams, Mr. Broadwood, Mr. G. Carter, Rev. T. E. Dowling, Mrs. Dowling, Rev. W. J. Faulconer, Mrs. Faulconer, Master W. J. Faulconer, Master B. E. Faulconer, Mr. J. Fitzgerald, Mr. G. Galbraith, Mr. E. F. Hall, Mr. J. Jeffrey, Mr. A. E. Murray, Mr. William Ryder, Mrs. Ryder, Miss Susie Ryder, Master Arnold Ryder, Mr. G. Robinson, Mr. W. Scott, Mrs. A. C. Smith, Mr. H. C. Warner, 24 intermediate and 60 saloon passengers.

The $1000 Challenge.

The challenge of *La Presse* of $1000 to G. W. Stephens, M. P. P., to argue the question of the sale of the North Shore Railway before a jury of business men has attracted a certain amount of attention, in spite of its ironical character. Some surprise is expressed amongst politicians that Mr. Stephens has made no reply to it. The truth is, he is out of the city and is probably unaware of the challenge issued since his departure. He has gone to his lake north of Three Rivers, and is not likely to receive any mail while absent. *La Presse* should await his return.

A Week's Deaths.

Last week's interment returns show that during the week 92 persons who died in the city were buried in Cote des Neiges Cemetery and 14 in the Mount Royal Cemetery. Of the former, one died from croup and three from typhoid fever, and of the latter typhoid fever was the cause of death in two cases, as was also diphtheria.

The New C. P. R. Sleeping Cars.

Two new sleeping cars for the Toronto section of the C. P. R. named the "Montreal" and "Toronto" are now at Dalhousie Square, open to the inspection of the public. They are constructed on the same principles as the former new ones and contain the same elaborate equipments.

Drowned During the Storm.

At Valleyfield, on Friday night during the storm, two barges in the canal suddenly parted causing a collision, and one of the mates named Alfred Coté, of Montreal, was so frightened that he fell from the mast into the canal and was drowned before he could be rescued.

Had His Hand Blown Off.

On Sunday afternoon, a man named James Barker went shooting small birds at Elmwood Grove. In the act of firing the barrel exploded, blowing his left hand completely off. He was taken to the General Hospital where it was found necessary to amputate it at the middle of the forearm. To-day he was progressing favorably.

PROVINCIAL SYNOD.

Fifth Day's Session—An Address to Her Majesty—An Animated Debate on the St. Paul (Portland) Church Question—The Synod Decides Not to Interfere.

The fifth day's session of the Provincial Synod of the Church of England was opened this morning at ten o'clock in St. George's school room, Stanley street, the Rev. Mr. Langtry, Prolocutor, presiding.

Rev. Canon Norman read the minutes of the last meeting, which were adopted.

Judge Macdonald moved for the formation of a special committee composed of two clerical and two lay delegates to draft an address to be presented to Her Majesty the Queen, on the occasion of the 50th anniversary of her reign. Carried.

Mr. George Elliott moved for the appointment of a small committee by the Prolocutor to prepare an address to the late Prolocutor on his elevation to the Episcopate. Carried.

The debate was then resumed upon the memorial presented by St. Paul's church, Portland, regarding its difficulty with the Bishop of Fredericton.

Mr. George Macrae, Q. C., held that the matter was a parochial one and not within the province of the Synod, though he believed that the action of the Bishop of Fredericton had been a very arbitrary one.

Mr. W. M. Jarvis, of St. John, N. B., held that the subject should be referred to a special committee for careful study and report, as the question involved a great principle which should be decided only after the fullest consideration. Since a move would certainly prevent litigation in the civil courts which was now threatened.

Judge Macdonald, of Brockville, held that the Synod had nothing to do in the matter and he would be obliged to vote against the memorial much as he might regret such action.

Chief Justice Allan thought that the question should have been settled by the Diocesan Synod; but at the same time he believed that the memorialists had a perfect right to come before the Provincial Synod to obtain its opinion upon it. He held that the Metropolitan had made a mistake in point of law in this matter and that no slight or reflection was intended. He trusted that there would be no objection to referring the memorial to a committee as the memorialists have a right to demand that it should be. The Metropolitan overreached the law when he appointed a clergyman, to act as curate within the limits of the parish of St. Paul.

The Rural Dean Nesbitt thought that the question was a local one and it should be settled in the diocese of Fredericton to which he belonged.

Dr. Henderson, of Kingston, moved a resolution to the effect that the Provincial Synod do not interfere in the matter for the simple reason that it had no power to enforce any decision to which it might come to, and that the question of law which was involved had not clearly been defined.

The Prolocutor held that all churchmen had a right to ask for the opinion of the Synod upon any question. In the meantime he thought that the memorialists should withdraw the memorial and that the matter should be referred to a special committee appointed for the purpose.

Mr. H. W. Frith, of Portland N. B., defended the course pursued by the memorialists, who had shown a most sincere desire to have the matter held out of the court of law. The memorialists had no intention whatever of closing the church, but only have a question of church government decided. Mr. R. T. Clinch spoke strongly in favor of not dealing with the case and claimed that the matter should be referred back to the Diocesan Synod.

Mr C. W. Weldon, M. P., defended the action taken by St. Paul's Church of Portland, claiming that they had a right to have the matter decided by the Synod. The matter was not brought before the Synod as a court of appeal, but, before it, because they were a body of churchmen interested in the general welfare of the church.

Dr. Henderson's amendment was then put to the Synod, and carried by a vote of 16 to 42.

A message was read from the House of Bishops placing upon record their deep sense of regret at the great loss sustained by the Church in Western Canada by the death of Bishop Fuller, first Bishop of Niagara.

The House concurred unanimously in the message.

Another message was read from the Bishops recommending that the Synod urge upon the different Diocesan Synods the necessity of renewing their pledges for the stipends of the diocese of Algoma which expire in July, 1887.

The Synod then took recess for lunch.

Political Notes.

The candidates in St. Maurice county addressed the electors at St. Barnabé yesterday.

Mr. Geo. Duhamel has called a meeting of the electors of Laprairie, to be held at St. Philippe on Thursday.

A meeting of the *Parti National* is to be held on the 18th inst., to select candidates for Chambly and Two Mountains counties.

A meeting of the electors of Berthier county is being held to-day at Lanoraie, and another meeting is to be held at Lavaltrie to-morrow.

Mr. Ph. Pelletier has been asked to oppose Hon. Mr. Marchand, in St Johns county. He has not as yet made up his mind whether to accept or not.

Hon. Mr. Mercier, and Messrs. Bergeron, M. P., and H. J. Cloran left this morning for Shefford county, where a meeting of Liberals is being held.

A meeting in the interest of Mr. C. J. Doherty's candidature in Montreal Centre will be held this evening at 186 Ottawa street, corner of Murray street. All friendly to the cause he represents are invited to attend.

Capt. Labelle, managing director of the Richelieu and Ontario Navigation Company, has been asked to stand for Richelieu county in the coming contest against Mr. Leduc, the Ministerial candidate. It is probable that he will accept.

The *Quebec Official Gazette* of Saturday announces the dissolution of the Legislature, and the date of the elections are fixed as follows: nominations, Tuesday, October 7th; polling, Tuesday, October 14th. The writs are returnable on the 25th of October and on the 10th of November for the counties of Gaspé, Chicoutimi and Saguenay.

Mr. J. B. A. Mongenais, of Rigaud, who has been asked by a large number of influential electors of Vaudreuil county to stand as a candidate at the coming Provincial elections, request us to inform these gentlemen, that owing to present important enterprises, in which he is engaged, requiring his personal attention, he is forced, with regret, to decline the honor they wished to confer upon him, and thank them sincerely for the support they were willing to accord him.

The Cricket Match.

The Cricket match between the English Gentlemen and the Montreal club was continued this afternoon under very favorable circumstances. The English Gentlemen went to bat at 1.30 having a score of 212 and five wickets to fall. Following is this afternoon's score:

Cobb, 14 b Savage.
Cottrell, 2 c and b Savage.
Rotherham, 2 b Stancliffe.
Saunders, 3 not out.
Wellman, o c Lacey b Goff.

English Gentlemen, making 257 runs in the innings.

The Canadian Pacific's Telegraph.

The Canadian Pacific's Telegraph service opened to-day, and Mr. C. R. Hosmer, the Manager, informed a STAR reporter that the number of messages offering for the first day is very gratifying. The Company's messengers are attired in a very neat blue black livery with red trimmings.

Court of Review.

The Court of Review will sit on the 21st, 22nd, 23rd, and 24th instant at halfpast ten a. m. Country cases to be heard on the 22nd inst.

THE SPROULE MURDER CASE.

[SPECIAL TO THE STAR.]

OTTAWA, Ont., September 13.—In the Supreme Court this morning the appeal case of Sproule, of British Columbia, who was convicted of murder, came up for judgment. The motion before the Court was to quash the writ of *habeas corpus* issued by Justice Henry, and stay all proceedings under it. Chief Justice Ritchie said that for a single judge in Chambers to issue a writ of *habeas corpus* under such circumstances was to paralyze the administration of justice not alone in British Columbia, but throughout the other provinces. All the Court assented to Chief Justice Ritchie's views except Justice Henry, who disputed Chief Justice Ritchie's authority for calling this special meeting of the Supreme Court to review his action in this respect in Chambers. The motion then prevailed, the effect of which is that the death sentence stands.

THE METHODISTS.

The Question of the General Superintendency Discussed—A Committee on French Missions Appointed.

[SPECIAL TO THE STAR.]

TORONTO, September 13.—The Methodist general conference minutes of Saturday's session were read and confirmed this morning after the devotional exercises. Rev. Dr. Morrow, from Philadelphia, was introduced and cordially received by the conference. Rev. Dr. Sprague was granted leave of absence in consequence of personal illness. Rev. B. F. Stratten was granted a similar request in consequence of the dangerous illness of his daughter. The order of the day was taken up, which was the discussion of the question of the general superintendency as to whether there should be one or two such officers. Rev. S. F. Hurstis argued strongly in favor of continuing two. Dr. Griffin opposed the appointment to two in consequence of the expense, as at present the liabilities of the church are very great, and require the utmost economy in the administration of affairs. Rev. R. Stewart was in favor of two, as he had not heard any reason assigned in favor of reducing the number to one. Rev. Dr. Stone and Rev. J. McDougall defended the appointment of Mr. White. Rev. G. Webber opposed, taking the same views as Dr. Griffin, which Mr. James Mills earnestly opposed. At the close of each address there were sometimes as many as six persons ready to take the floor, so that the presiding officer had much trouble in deciding as to who should

OCCUPY THE FLOOR.

All were however, very obedient to the decisions of the chair. Rev. John MacDougall spoke earnestly in favor of two such officers and created amusement by speaking occasionally in Cree. Some points of order were raised by Mr. K. K. McLaren which the church overruled. One member wanted the speakers to be confined to five minutes, but the conference would not sanction the motion. The debate was continued by Dr. Pickard who argued strongly in favor of not two but three general superintendents. Dr. Sutherland in favoring the appointment of another general superintendent said that it was indispensably necessary ... should be maintained to avoid disintegration which he thought was one of the rocks on which the church is in danger of becoming a wreck. He stated that the increasing work of the church demanded a larger degree of officiary. In respect to his own office, in three weeks 75 persons called at his office for business relating to the missionary work, who required from 20 minutes to two hours of time. Hence he argued for an increase rather than a decrease of the number for the better working of the missionary, the educational and all the other departments of the church. Dr. Eby said he had travelled some 13,000 miles during the past year and had visited several annual conferences and thought he saw great

DANGER OF DISINTEGRATION.

as sometimes the presidents of annual conferences gave opposite decisions. Dr. Ryckman took the floor and wanted the work of the general superintendents to be first pointed out.

The previous question was called for but the call was not sustained and Rev. W. C. Henderson took the floor. He said that the reports of the conference funds should first be presented before the question of the superintendency. Loud calls were made for Dr. Douglas and on taking the floor he was loudly cheered. He said he wanted the church to have a rest. As he had sat in the conference he felt some degree of alarm at the revolutionary measures which were being initiated. He would favor continuing the present state of things. The previous question was again called for, but the call was not sustained and Rev. T. G. Williams took the floor. The call for the vote was again made and sustained. The amendment to the amendment for defining the duties of the general superintendency was carried unanimously. Dr. Sutherland read a paper defining the duties of the general superintendency.

Dr. Stephenson said farewell to the general conference, and thanked them for the kind manner in which he had been received. He was also pleased with the orderly manner in which the business had been conducted. He said the conference would be delighted to hear that the Rev. M. G. Pearce was likely to visit Canada during the year.

Dr. Potts intimated that Dr. Rose was 80 years of age to-day and he was introduced to the conference and was received most cordially. He delivered a very facetious address which contained many pleasant reminiscences.

Dr. Potts, Messrs. Chown, Holtby and Dawson were appointed a committee on leave of absence. Large committees on evangelistic work and revision of the discipline were appointed. The following special committee was appointed on French missions, Rev. C. W. Galbraith, Professor Shaw, Dr. Shaw, W. Jackson, Dr. Hunter, J. Pitcher and Messrs. Beatty, Macdonald, Ferrier, Tipon, Irvine, Lambly, Judge and Deacon.

The conference adjourned at 12.40.

KINGSTON NOTES.

Political Jottings—Gifts to Catholic Priests—Military News.

[SPECIAL TO THE STAR.]

KINGSTON, September 13.—Mayor Uriah Wilson, Napanee, will probably be the Conservative candidate for the House of Commons for Lennox County. Robert Clapp, Picton, will carry the Conservative standard in Prince Edward for the Local Legislature. Several aspirants in Kingston are after the candidature for both parties in the Local House. It is generally considered that A. Gunn, M. P., will be opposed at the next elections by J. H. Metcalfe, M. P. P. Hon. G. A. Kirkpatrick will most assuredly have a strong opponent in Frontenac. It is reported that Sir John Macdonald is to be asked to contest Prince Edward County at the next election.

Safe blowers, supposed to have been the gang who went through Kingston houses recently, have been arrested at Lindsay. One has been recognized as Kenny, a professional burglar who was recently released from the Penitentiary.

The Catholic clergy who have been appointed to new fields of labor in this diocese have been generously treated by their former parishioners. Father McCarthy on leaving Brockville received a gift of $495; Rev. Father Gauthier, Williamstown, was handed $600; Rev. Father Hogan, Erinsville, over $175 and Rev. Father Cicolari, Lochiel, over $100.

Capt. Maine is on his way to Canada to take the professorship of Military Topography in the Royal Military College, the subject formerly taught by Col. Oliver. Capt Davidson will perform the duties of Major Raban. The college opened to-day with 73 cadets. The crack corps in the volunteer camps is a detachment of the 14th P. W. O. Rifles. Major General Middleton told Capt. Murray in command that the men were fit to parade before Her Majesty. The whole force looked well at inspection. Colonels Cubitt and Deacon of the 45th Battalion have been 47 years in Her Majesty's service. They intend retiring from the militia this year.

Fredericks, an engineer on the Grand junction railway, Belleville, was killed last night by a train striking a trestle. He jumped and went under the wheel.

NOTES FROM SOREL.

[SPECIAL TO THE STAR.]

SOREL, September 13.—At the opening of the Superior Court at eleven o'clock this morning, before the Hon. Judge Oulmet took his seat, Mr. Germain, senior member of the Sorel bar, presented him with a complimentary address to which the newly appointed judge replied in the most eloquent terms. He regretted that owing to his duties as president of the North-West Commission he had not been able to come to Sorel before and said that as the commission would probably be dissolved within the next few months he would then come to reside at Sorel and would thereafter devote all his time and interest to satisfy the requirements of this important district. Among others several of our leading citizens attended the presentation.

This morning, as the mixed train was proceeding through the sand cut about one mile from the station, Mr. Geo. Nelson, son of Captain Nelson, of the steamer "Quebec," who was just crossing the track with his team, was overtaken by it and barely escaped being killed. The carriage was smashed to atoms and the horse, a valuable one, cannot recover from the injuries received. The place is a very awkward one as from neither side can the approach of trains be seen so as to give vehicles sufficient time to clear the railway track.

A RUMORED LAKE DISASTER.

CHICAGO, September 13.—A special despatch published here this morning, says it is rumored that the barge "Gracie Barker," with a large number of passengers on board has sunk somewhere south of Grand Haven, Michigan. The report is not generally believed, but some anxiety is felt regarding the safety of the barge.

AN HISTORIC FIGURE GONE.

[SPECIAL TO THE STAR.]

YARMOUTH, N. S., September 13.—The death of Simon Dentremont at Pubnico, aged 98 years, removes one of Nova Scotias historic landmarks. He was a direct descendent of the scion of the Royal House of Bourbon who was created Baron Pabomcoup and Duke of Pubnico and married a daughter of Latour so famed in Nova Scotian history. Simon Dentremont's grandfather and family were exiled from Nova Scotia in 1757, but returned in 1768 as the leader of the straggling band of French-Acadians who settled Pubnico. The deceased at one time represented Yarmouth county in the Nova Scotia legislature and was the first Acadian who ever sat in an English parliament. He was the oldest Acadian in Canada and leaves 136 children, grandchildren and great-grandchildren.

HUDSON BAY NAVIGATION.

Capt. Markham, of the "Alert," Arrives in Winnipeg—A Boy's Suicide.

[SPECIAL TO THE STAR.]

WINNIPEG, Man., September 13.—Captain Markham, of the "Alert" expedition, arrived yesterday overland from Hudson Bay. The western end of Hudson Straits was reached by the "Alert" on July 20th, ice being encountered for nine days in the straits. It was ascertained that a whaler had passed up the Straits a month previous without being seriously impeded by ice. Capt. Markham says the Straits are navigable at least four months in the year. The Straits are open to navigation in June.

Wm. Gordon, a boy aged 12, committed suicide, Saturday, with strychnine to escape punishment for a misdemeanor.

EARTHQUAKE IN OHIO.

AKRON, Ohio, September, 13.—People living in the coal mining regions embracing four towns and quite a large range of country were awakened at 3 o'clock Sunday morning by a low rumbling sound accompanied by shocks of earthquake so distinct that houses were terribly shaken. Several years ago the earth settled several feet without apparent cause and the people are now badly frightened fearing they will be swallowed up. A very large meteor yesterday morning passed over the shaken up portion of the country, travelling close to the earth and throwing off heated particles every few feet. The meteor illuminated the country for a great distance and is supposed to have struck the earth near the eastern part of the city, as a shock in that locality was distinctly felt immediately after the great fire ball passed. Sunday was one of special prayer here by many people.

Church Unity.

The Rev. J. Edgar Hill in his sermon at Erskine church yesterday morning used as his topic "Christian Unity." He referred to the wise, brave words of the Bishop of Algoma on the subject of a great national Protestant church in the Dominion. The Rev. Mr. Hill said the same idea had been in his mind ever since he came to Canada, and he had given public expression to it several times. He continued: "It is the highest conception of the Christian church; and if the Protestantism of this Dominion is not equal to the solution of this problem and to the sacrifice on the part of individuals which might have to be made for the national good and the cause of Christ it is a poor affair. But I believe it is equal to that union, and a great deal more; and I do trust that the Bishop's words, so eminently catholic and Christian, will not pass away without some fruit. It is the national religious well-being that is at stake."

Sir Charles Tupper in Ottawa.

Sir Charles Tupper, High Commissioner for Canada in England, is at present at Ottawa. He states the object of his visit is to confer with the Premier on the subject of making the "Colinderies" a permanent exhibition. He had been asked in England for information about the Island of Anticosti, saying in reply that he had no information to corroborate the prospectus of the company. The stockholders are making an investigation. Sir Charles had seen the Secretary of State for War and the Colonial Minister of the new Government and both expressed a hope to be able to obtain from Parliament a subsidy for a Pacific line of steamers before the close of the present session.

Changes Amongst the R. C. City Clergy.

Some important changes have just been made in the clergy of the city. Rev. Abbés Guillot and Duckett, of Notre Dame have been transferred to the parish of St. James, and Rev. Abbés Bardy and Desmazures of the latter parish to that of Notre Dame. Rev. Abbé Leclair of Oka, replaces Rev. Abbé Desauiniers at Bonsecours church and Rev. Abbé Trauchermontague of St. James parish replaces Rev. Abbé Leclair. Rev. Abbé Desauiniers has been granted a much needed rest. Archbishop Fabre has also decided to include hereafter in the parish of Notre Dame, that portion of the city bounded by St. Elizabeth, Amherst, Lagauchetiere and Craig streets.

The ladies' attention is directed to the advertisement of H. Morgan & Co. in to-day's issue. Alexandre gloves have been the great favorite in this make since 30 years, and are without exception the best. In buying an Alexandre glove you are sure of getting a real kid glove, and as so many lambskin gloves are nowadays sold for kid, Alexandre name is a sure guarantee of getting a genuine article.

NEW YORK STOCKS BY MEREDITH & MONK.—The settlement of the Western Railroad pool matters was looked upon as removing the only obstacle in the way of an immediate advance, and as a consequence the market commenced to advance on Saturday, and the feeling was further strengthened this morning by higher prices in London. The market opened strong, and has continued so all day; the talk is very bullish, and higher prices are predicted all round, especially for the good stocks, such as Missouri Pacific, North-West, Atchison, Chicago, Burlington & Quincy, Omaha and the transcontinentals.

A bull pool has been formed in St. Louis and San Francisco.

New York specials reported for THE STAR by Brais & Jackson, Brokers, 57 St. Francis Xavier street, at 3 p. m., Sept. 13th. Canada Pacific closed at 66¾ bid and 66⅞ asked; St. Paul & Man., at 114 bid and 115 asked.

CHICAGO MARKETS, by Doran & Wright Co. Wheat acted heavy and dull until near close when it hardened ⅛ to ⅜, closing at 77¼ bid October. The fractional advance was caused by a rumor of decline in Consols. Corn firmer on small increase in visible supply and cooler weather. Business restricted here and waiting on outside news.

Wholesale Produce, Provisions, Etc.

CHEESE.—There are no new features to note in the cheese market, which is very quiet. Buyers do not show much desire to operate heavily, while holders manifest more willingness to sell even at slightly lower figures. The New York market is quoted weaker, while the Northern N. Y. State markets just about hold their own, at 9¾ to 10c, the latter figure being about ⅜c above the outside price in New York city. At Ogdensburg on the 11th, 8500 boxes were offered, and 2400 sold at 9¾ to 10c, at Canton, 2400 were offered and 2100 sold at 10c. At Gouverneur, 2000 were offered, none sold, held at 10c. Exports from New York last week were 23,682 boxes, and from here 36,875, making a total for the week from the two ports of 95,557 boxes. We repeat quotations as follows: fine to finest August, 9¾ to 10c; finest July, 9 to 9½c; medium to fine, 8 to 8¾c; lower grades, 7 to 7½c.

BUTTER.—The market continues quiet, export enquiry is very light, and trade is chiefly confined to wants of local jobbers, choice creamery and E. T. dairy selections are in light supply and command full prices for small lots, other grades are dull. We quote: Creamery, 19 to 20½c; Townships, 15 to 1..; Morrisburg and Brockville, 13 to 15½c; Western, 12 to 15c.

EGGS, ETC.—Receipts are decreasing, and stocks are lighter, which has made prices a shade stiffer. New York markets are also higher, the demand is fairly active. Fresh laid eggs in case lots bring 14c, and ordinary 13c per dozen.

SALT FISH.—We quote: Labrador salmon, No. 1, $13; do No. 2, $12; do No. 3, $11; do British Columbia, $11; dry cod, $3 to 3 50; Labrador herrings, per brl, $3 25 to 3 50; lake trout, half brl, $3 75.

ASHES.—The market is firm at the recent advance, with no stocks in first hands. We quote: First pots, $3 50 to 3 75; second, do, $3 25; and pearls, $5 40 to 5 50 per cwt.

TALLOW.—4½ to 4¾c.

LARD—Market is firm; a steady local jobbing trade is reported at quotations. We quote: Fairbanks at 10c, and Canadian 8¾ to 9c in pails.

PORK.—Hog products generally, are firm; Canada short cut mess, is scarce; cut meats are in fair enquiry; a fair, steady business is doing in the several lines. We quote: Chicago mess pork new, $14 to $14 50; Canada short cut mess, $15 to 15 50; Western short cut clear, $14 50 to $15; smoked hams, 12 to 13c; do canvassed, 12¼ to 14c; breakfast bacon, 10½ to 11c.

FRUITS.—The market is unchanged, a steady fair trade in the seasonable lines is reported and supplies are ample for the demand. We quote: Apples, $2 to $3 per brl; Messina and Palermo lemons, $9 50 to $10 per box; Naples lemons, $12 50 to $13 per case; yellow bananas, Jamaica, $1 50 to $2; red do, 50c to $1 50 per bunch; dried apples, 5c per lb; Spanish onions, $5 per case; California grapes, $3 50 per case; Jersey peaches, $2 75 to 3 50 per crate; do. in carriers, $3 50 to $5; do, $1 25 to 1 50 per basket; Canadian plums, 70 to 90c per basket; Quebec Damson plums, $10 per brl; Southern grapes 6 to 8c per lb; Delaware grapes, 15c; Bartlett pears, $6 to $8 per brl; New York do do, $3 to $4 per keg and $6 to $8 per brl; cocoanuts, $6 per 100.

Toronto Produce Market.

TORONTO, September 13.—The market is dull. Sales made of Superior extra flour at $3 70; extra, $3 60; No. 2 Autumn wheat at 78 to 79c; No. 2 Spring wheat at 79c, and oats at 33 to 34c. Barley, no movement reported. Autumn Wheat, No. 2, 78 to 79c; Spring, No. 2, 78 to 79c; Winter red, 80c; peas, No. 2, 57 to 58c. Oats, No. 2, 33 to 34c. Flour, Superior, $3 70; extra, $3 60; Spring extra, $3 30 to 3 40.
