East Ward Alderman Robert Gauthier was returned to his third term at city hall and Amedee Roy elected to a first term for the centre ward in aldermanic elections held in Sherbrooke yesterday.

Only 40 per cent of eligible voters cast ballots. Ald. Gauthier was re-elected with a majority of 407 votes over his opponent Emile Perron, while Mr. Roy was elected with a majority of 253 votes over his opponent Louis Philippe Duperré.

In advance polls, which were the first to be turned into city hall shortly after 7 p.m., (poll closing time) Ald. Gauthier had 36 votes while Mr. Perron had 6. In the Centre Ward, Mr. Roy received the only six advance votes.

Total votes for Ald. Gauthier were 1,275 while Mr. Perron received 854. In the Centre Ward Mr. Roy received 410 while Mr. Duperré received 157.

Thirty-one votes were rejected in the East Ward while 15 were rejected in the Centre Ward.

Sherbrooke Police reported no signs of trouble at the 20 polls in the Centre and East Ward.

Mayor Armand Nadeau, who addressed the victorious winners at city hall following the announcement of the election results, said "it gives me great pleasure to see a man who has worked so hard for his ward and for the city coming back to council two days after his last meeting."

"Mr. Gauthier has won the confidence of the East Ward, and I am sure he will keep up his good work as in the past," Mayor Nadeau said. In reply to the mayor's statement Mr. Gauthier said he was

To back wage increase demands

Trainmen strike threatened for end of October

OTTAWA (CP) — The Brotherhood of Railroad Trainmen (CLC) set a strike date today for Monday, Oct. 29, to back its demands for an eight per cent wage increase from the Canadian Pacific Railway.

The Brotherhood announced a 98½ per cent vote in favor of the strike. The walk-out would involve about 6,000 train and yard service employees of the CPR.

The decision follows a settlement between the Brotherhood and Canadian National Railways for an eight per cent increase over a 31-month contract, although a majority recommendation of the conciliation board was for a 6½-per-cent increase for a three-year contract.

The Brotherhood also announced today that a similar eight per cent increase has been granted to about 150 trainmen on the Pacific Great Eastern Railway in British Columbia.

Advance suggestions for boosting tourism

WINNIPEG — (CP) — The Canadian Tourist Association convention ended Wednesday amid a welter of suggestions on how to create a new look for the booming travel industry.

More than 200 delegates at the 30th annual meeting heard proposals aimed at boosting the tourist industry which is expected to earn more than \$500,000,000 for the first time this year.

Wilfred Sanders, a Toronto advertising executive, said more research is needed to fill in "vital blank spots" about the industry and act as a guidepost to the future.

Mr. Sanders, general manager of the J. Walter Thompson Company, said much more is known about agriculture and mining and other lesser industries.

Victoria newspaper publisher Stuart Keate, president of the Canadian Daily Newspaper Publishers Association, said more front-line Canadian business executives should join local tourist associations in the light of the industry's growing importance.

Governments have already started to recognize the industry and help it along.

Mr. Keate suggested Canada become the first nation in history to advertise purity of air and water and the "homely virtues" to attract visitors.

The world should be told that Canada is the home of courtesy where "the pace is even and men can take time to smell the flowers." Advertising emphasis now is on scenic grandeur, and Canada, which covered Ontario and Quebec.

World Series opening today

SAN FRANCISCO (AP)—A capacity throng of 42,000 is expected to jam Candlestick Park under blue skies today for the first World Series game ever held in this joyous city by the Golden Gate.

Fair and warm weather, with temperatures in the upper 60s, was the forecast for the opener of the 59th annual baseball classic, matching New York Yankees of the American League and San Francisco Giants of the National League.

The Yankees were 7-5 favorites to win today's game and a 17-0 choice to capture their 20th world series. Veteran Whitey Ford of the Yankees was to oppose the Giants' Billy O'Dell in a battle of lefthanders in today's contest set to begin at 3 p.m. EDT.

Lutheran synod is formed

WATERLOO, Ont. (CP)—Some 350 delegates representing 75,000 members of the Lutheran Church united Wednesday to form the Eastern Canada synod of the Lutheran Church in America.

The new synod stretches from the Lakehead to the Atlantic and brings together 178 congregations.

The area was formerly governed by the Evangelical Lutheran synods of Nova Scotia, which covered the Maritimes, and Canada, which covered Ontario and Quebec.

Plea for law, order at Oxford

By VAN SAVELL

OXFORD, Miss. (AP)—Governor Ross Barnett of Mississippi and Oxford clergymen made separate pleas today for obedience to law and order as federal marshals predicted new incidents at the University of Mississippi.

The fear of new violence in an area where two men died hanged around the football game Saturday between Mississippi and the University of Houston. About 30,000 are expected for the game the focal point of homecoming celebrations.

James H. Meredith, the first Negro knowingly admitted to the university, is not expected to be in Oxford this weekend. The 29-year-old Meredith, officials said, has plans which will take him off the campus.

University officials insisted the game was on. Justice department officials were not so definite.

Socreds in Throne debate

'Drift towards socialism' is hit

OTTAWA (CP)—A Canadian drift toward socialism, abetted by some Crown corporations and particularly the CBC, must be halted, Social Credit whip Guy Marcoux told the Commons Wednesday.

Canada has reached a limit in welfare payments "beyond which it is not safe or wise for us to proceed," said J. Chester MacRae (PC — York-Sunbury), congratulating the government on omitting "handouts" from the throne speech.

Trade Minister Hees said the economy is "moving ahead very strongly indeed" and Walter

Gordon (L—Toronto Davenport) said he isn't impressed by the "rosy optimism" and questionable statistics in the speech from the throne.

In other words, it was parliamentary business as usual Wednesday in the third round of the eight-day debate on the speech from the throne—an all-party affair due to end next Wednesday.

Today, the Commons was voting on the Liberal motion of non-confidence in the minority Progressive Conservative government.

Mr. Marcoux, member for

Quebec Montmorency, said in his mainly-French address, first in his young parliamentary career, that Canada has to halt "this drift toward socialism, toward an ideology that we oppose on the international scene and that we allow to spread on the national scene."

There were certain Crown corporations—and he singled out the CBC which previous Social Credit speakers have attacked a socialist-inclined — contributing to the infiltration of socialism in this country, he said.

Governments should avoid involvement in medical care plans because this infringed on individual freedom.

Mr. MacRae, calling the throne speech the finest "program that has been offered . . . in my time," said he welcomed the proposal for a national welfare council.

"I have never agreed with the principle that voters should be bribed through welfare payments," said the New Brunswick back-bencher, first elected in 1957. "I think that we in this country now have reached the limit beyond which it is not safe or wise for us to proceed."

"I was pleased to see that in the speech from the throne there were no handouts."

Mr. Hees said a clear indication of the economy's health is an increase of 8.6 per cent for the first six months in the gross national product—total of all goods and services produced.

'Unbelievable' disaster

At least 21 killed as boiler blasts loose in NY cafeteria

NEW YORK (AP)—A one-ton steam boiler blasted from its moorings in a telephone company building basement with incredible force Wednesday and rocketed into an adjoining lunchroom, killing at least 21 persons and injuring at least 100. Most of them were women.

An immediate investigation was launched to learn the cause of the disaster, described by one official as "unbelievable."

The explosion occurred at 12:07 p.m. when about 100 employees of the New York Telephone Company's uptown Manhattan Building were crowded in the basement lunchroom.

Without warning, the boiler blew and erupted into the room with the force of a wartime shell. It smashed its way up through the ceiling to the first floor, bounced back into the lunchroom and finally roared

through an opposite wall. It destroyed or killed or maimed everything in its path.

CAUSES CHAOS

Overturned desks, cabinets and bodies fell through the gaping hole left in the ceiling by the boiler's mad course as the basement was engulfed in a deadly embrace of steam, smoke and flames.

For perhaps 30 seconds after the blast there was a stunned silence. Then a lonely cry, uttered in a tone of disbelief, pierced the choking air: "My God, my God."

Area hospitals set up emergency facilities as doctors came from far and near to care for the injured.

Clergymen of various faiths came too, and theirs was the task of ministering to the final needs of the dead and the dying. These littered the sidewalk in grotesque postures of death and made the normally bustling area around the building at 213th Street and Broadway look like a war-torn battlefield.

The boiler that caused the disaster—one of three oil-burning boilers in the two-storey building—had been cleaned last week and placed back into service less than an hour before the tragedy.

Police said the boiler room supervisor, Anthony McCann, 31, of Dumont, N.J., whose duties did not require constant attendance to the boilers, had left the building to cash a cheque, only 10 minutes before the blast.

Fire Commissioner Edward Thompson, who went to the scene, expressed the opinion that the boiler blew because it was superheated.

Men lost

YELLOWKNIFE, N.W.T. (CP)—Four men are on a plane missing since Sunday in the Nahanni Valley region of the Northwest Territories near the Yukon boundary, it was disclosed Wednesday. The Ptarmigan Airways Company plane, piloted by Ken Stockall, had three passengers—Henry Busse, a photographer, and Dick Hudson and Gunther Goertz, both employees of Giant Yellowknife Gold Mines. All are from Yellowknife.

Schirra tells scientific story he was too busy to tell before

CAPE CANAVERAL, Fla. (AP) Walter M. Schirra Jr., 39, hero of Wednesday's dazzling nine-hour satellite flight six times around the earth, tells today the scientific story he was much too busy to relate in space.

After U.S. Navy commander, comfortably lodged in the admiral's cabin of the aircraft carrier Kearsarge, completes his uninterrupted dictaphone accounting, doctors will examine him for possible after-effects. Two doctors on the Kearsarge already have reported he apparently suffered no ill-effects.

No other American has spent so much time—more than nine

hours—weightless and in orbit. But from first appearances, the strain had been no greater than for a jet-plane flight of comparable length.

A motor launch from the Kearsarge towed Schirra—dry and comfortable in his Sigma 7 spacecraft—from mid-Pacific waters less than three miles off the carrier's bow.

Schirra blasted off at 8:15 a.m. and his spacecraft parachuted into the water 250 miles northeast of Midway Island at 5:28 p.m. He was the first astronaut to land in the Pacific. REACHES 174-MILE PEAK

The astronaut attained a peak altitude of 176 miles—higher

than that of any other space traveler except Russia's 187-mile-high Yuri Gagarin.

Schirra drifted, with hands off all controls, for almost two orbits, the longest experiment of its kind.

Said D. Brainerd Holmes, director of the lunar exploration program for the National Aeronautics and Space Administration: "This was a hugely successful flight, magnificently performed."

Walter C. Williams, director of Project Mercury, said that "so far as I am concerned, the mission was perfect."

Williams added that the next Mercury mission would be for 24 hours, and would be attempted early next year.

Astronaut Donald K. Slayton, Cape control communicator for the mission, said: "We learned a lot of things—especially that you can fly this long with a small amount of fuel. Wally did an impressive job of handling the spacecraft and conserving fuel."

Eight of the nine newly-named Project Gemini-Project Apollo astronauts witnessed the launching. Slayton said they were "quite impressed."

As soon as he boarded the carrier, Schirra answered two Washington telephone calls — from President Kennedy and Vice-President Johnson — and one from his wife, Josephine, in Houston.

President Kennedy told him

Reds shunt space shot to their back pages

MOSCOW (AP)—Cmdr. Walter M. Schirra Jr.'s six-orbit flight was shunted to back pages today as the Soviet press hailed this fifth anniversary of the first Russian Sputnik. There were hints new Soviet-manned space flights may be near.

A Moscow radio home service broadcast called Schirra "a courageous son of the American people" but stressed that his feat already had been eclipsed by three Soviet cosmonauts.

The official news agency Tass indicated that one or more of its four veterans of space flights might soon take off on a second orbital flight.

"It is quite likely," said Tass, "that in the comparatively near future some of the present quartet of cosmic brothers will once again join a subgroup of immediate flight readiness."

"A man travelling in outer space for the second time will be able to see and understand there much more than a newcomer."

The official Communist party newspaper Pravda featured a front-page editorial about the first Sputnik launching Oct. 4, 1957, and covered its second page with articles about the Sputnik and the Soviet space program.

Find fish

QUEBEC (CP)—A helicopter equipped with sounding device has been used successfully to locate and determine the depth shoals of fish in the Gulf of St. Lawrence, the Quebec fish and game department said Wednesday. Good results were obtained in the experiment and it seems to indicate a useful new tool in fisheries research.

NEW YORK (AP) — David Brinkley launched the second season of his NBC Journal Tuesday night with a roundup of stories about graft and corruption in the United States highway program, in which he named names and sometimes interviewed men who admitted accepting "gifts" and blinking at specifications.
The program was most interesting and rousing, however, when the cameras showed a road leading to a dead end in the middle of a meadow, a new highway already starting to crumble, and a new bridge with a surface so rough that pay loads of trucks bounced off.
In one case concrete was mixed with sea water for a project because it was more handy than fresh water.

DYNAMIC NEW STYLING IN 1963 CHRYSLER

The Chrysler for 1963 from Chrysler of Canada presents a dynamic and distinguished new trend in styling in the luxury car field. Its traditional engineering features have been improved, providing the dependability, roominess and comfort expected of such a vehicle. Matching Chrysler's 1963 advancements in styling, body design and chassis engineering is the greater emphasis on quality evident in all components. This year Chrysler of Canada will be building the entire Chrysler line for the first time, with the introduction of the high-line New Yorker to its production schedule. The other series retain the identification of Windsor and Saratoga.

Colonization societies federation formed, hold first meeting at St. George's Church

PROTESTANT COLONIZATION GROUPS MEET — Shown at the first meeting of the newly-formed Federation of Quebec Protestant Colonization Societies held at St. George's Church Hall, Lennoxville, Wednesday are, from left: Seated, E. J. Struthers, Stanstead, vice-president; T. G. Sevigny, Montreal, president; Archdeacon T. J. Matthews, Lennoxville, secretary-treasurer, and Owen R. Evans, Montreal, executive secretary. Standing, R. G. McHarg, Ave's Cliff; V. R. Beattie, Richmond; W. J. Denison, Denison's Mills; Thomas Burns, Cookshire, and Dr. J. S. Astbury, Montreal. (Record photo by Gerry Lemay)

The first meeting of Federation of Quebec Protestant Colonization and Settlement Societies was held Wednesday in St. George's Church, Lennoxville, with president T. G. Sevigny in the chair. Organizational business occupied the directors, and plans for the operation of the federation throughout the province were discussed. The federation has been formed from three present colonization societies; the Eastern Townships Colonization Association, the Eastern Townships Settlement Society, and the Protestant Colonization and Land Settlement Society of the District of Montreal, all of which have been in existence upwards of 25 years. With the backing of the Quebec department of agriculture and colonization the federation will encourage the settlement of farmers on Crown lands and elsewhere, and assist the development of new farming areas throughout the province, with special emphasis on the placing of farmers' sons on workable farms. For the present the headquarters of the federation will be in Montreal, with local societies operating out of Sherbrooke, Abitibi, and elsewhere where needed. Immediate aims of the societies are to survey the present situation with regard to Protestant settlement in Quebec and find out what assistance is needed. President of the Federation is T. G. Sevigny, of Montreal, vice-president E. J. Struthers, Stanstead, and Archdeacon Matthews, Lennoxville, secretary-treasurer.

WHITE MAN MUST RESHAPE IMAGE AS A CHRISTIAN

By JAMES DAVIES
(Record Staff Reporter)

He added, "personally I am much more concerned about conditions which make Communism either desirable or possible than I am of Communism itself."

The work of the United Church missionary service throughout the world is very extensive and among the places served by the missionaries are: Angola, Northern Rhodesia, Central India, Hong Kong, Japan, South Korea, Brazil, and Trinidad.

As an indication of the intensity of their work, Dr. Prior outlined some of the missionary activities, concentrating mainly on Africa where he has spent 30 years in the service of the United Church.

Part of the United Church efforts are the operation of hundreds of schools, the training of numerous natives as ministers, providing such medical facilities as clinics, dispensaries, hospitals, the training of men in various trades such as carpentry and furniture making, the improvement of food by the introduction of new varieties of seed, the increasing of the stock of animals, the planning of towns and the employment of such other specialists as are necessary.

Among them was the Canadian immigration policy. "How much longer can they hold the Dominion for 18 million people," the reverend wondered, Japan alone which is half the size of the province of Alberta has 93 million people he said. And to further point out the incongruity of the situation, he mentioned the case of the Chinese. The import restrictions on Japanese textiles also has an adverse effect on the Canadian image abroad, he said.

But the area for which the reverend reserved his strongest criticism was the racial policy of the white man in various parts of the world.

Incidents like the Little Rock affair and the Oxford crisis in America have a tremendous effect on the negroes' view of the Christian world he said, with the modern means of communication and the Communist forces within a country there is certainly no way to prevent the dissemination of such injurious news, he said.

Such situations as exist in Rhodesia where a 6 per cent white population is attempting to retain its hold over the remaining 94 per cent population is ridiculous he said. "It will never work".

Referring to the situation in South Africa, Dr. Prior said that Prime Minister Verwoerd is working contrary to established British policy of "easing the lid off" by his intransigence. To attempt to uphold this archaic idea of the superiority of the white race is sheer insanity, he said.

"By such situations we are blindly perpetuating conditions that permit the breeding of Communism", said Rev. Prior.

Chamber against machinery tax

In a letter to The Record, Wednesday, the Sherbrooke Chamber of Commerce said a story which appeared in Tuesday's issue of the newspaper regarding machinery tax was inaccurate.

The chamber said in the letter it has always been against the levying of such a tax and admitted its application five years ago, only on the basis that it would be for a limited period of five years and not renewable.

Sherbrooke council said Monday, which was reported in Tuesday's Record, the chamber was against the abolishing of the tax because it would cut the school commission income.

Since the first time the tax was imposed, the chamber said in its letter to council, it was against it but accepted it when it was imposed law and only for the fixed period of five years.

Prize cattle show at Winter Fair

The Sherbrooke Winter Fair entered its final day today as livestock breeders early this afternoon gathered in the arena building for the sale of market livestock and the champions.

The sale, which always draws the largest crowd of the week, began at one o'clock and will be continued all afternoon.

On Wednesday, judging was held all day followed in the evening by a parade of prize winning livestock and a square dance competition. Excitement, Wednesday night, ran high among the young Calf Club members as they gathered in the arena building to watch the calf scramble. Winner of the event was Dale Parsons of Island Brook.

The following is a list of prize-winning beef cattle that were in the Sherbrooke Winter Fair parade:

SHORTHORNS: Saraguay Farms, St. Laurent, premier breeder, junior and grand champion male, senior and reserve champion female; 1st prize breeder's herd, C. C. 22 graduate at hospital

A graduating class of 22 nurses from the Sherbrooke Hospital School of Nursing received their diplomas and were urged to maintain their individuality amid hospital routine Wednesday night at Trinity United Church.

Prof. Douglas G. Jones of Bishop's University, whose "own experience was picked up mostly in the maternity ward," said nurses had both special advantages and special disadvantages in resisting the age's pressures to conform.

"There is a profession which deals with people rather than things, but it was also a uniformed profession, and one which did not take initiative for major decisions.

The modern nurse, said the graduation guest speaker, was more a chic young woman with a test-tube than an angelic Florence Nightingale with a lamp.

In his remarks, Dr. Robert Paultic of the Sherbrooke Hospital medical staff said nurses would always be in demand, and would never see their profession taken over by men.

Presiding at the ceremonies was C. Evans Joslin, president of the hospital's board of trustees. The Rev. Graham Barr of Trinity United Church gave the invocation and benediction.

The Florence Nightingale Pledge, in which the nurse promises "to elevate the standard of my profession," was read by the graduates with Miss C. R. Aitkenhead, director of nursing.

Prize winners were Mrs. Arnold Faith of Farnham, the medical staff prize for general proficiency; Miss Veronica Hall of Bulwer, the James MacKinnon Prize for three years' highest marks in theory; Miss Martha Coates of Lennoxville, Ladies' Auxiliary prize for bedside nursing; Miss Marilyn Pugh, Dorothy J. Seivright prize for bedside nursing; Mrs. Alfred Middleton, E. T. Harbert prize for leadership.

Miss Jean Buffet, winner of the Asbestos Corporation Ltd. scholarship for the junior student with the highest standing in both theory and practice, was informed of her honor by telegram. She is now on affiliation in a Montreal hospital.

Also graduating were Mrs. R. Bacon of Stanstead, Mrs. R. Beorworth of Sherbrooke, Mrs. F. McCrea of Lennoxville, Miss Marie Crosby of Lennoxville, Miss Virginia Curran of Derby Line, Miss Barbara Farnham of Danville, Vt.

Miss Margaret Garneau of Sawyerville, Mrs. G. Hurd of Sherbrooke, Miss Donna Learmonth of North Hatley, Miss Aline Litowski of Black Lake, Miss Marie McMurry of Thetford Mines, Miss Audrey Mitchell of Lennoxville, Mrs. R. Sylvester of Waterville, Miss Joyce Turner of Richmond, Miss Bonnie Webb of Rock Island, Miss Judith Wells of Stanstead.

Following the graduation exercises, graduates and families moved to the Norton Residence near the Sherbrooke Hospital for a reception.

Minton church anniversary service Sunday

MINTON — The United Church here will hold an anniversary service again this year marking the 68th year since its founding in 1894.

The Rev. A. B. Lovelace B.A., minister of Lennoxville United Church and chairman of Quebec-Sherbrooke presbytery, will be the guest preacher. The service will be held on Thanksgiving Sunday, at 2:30 p.m.

Dr. C. M. Currie, minister of the Sangster - Minton charge, will also be present, along with the Sangster Memorial church choir under the leadership of Mr. and Mrs. E. Howland. The church itself will be decorated with autumn flowers and vegetables in keeping with the Thanksgiving season.

Minton was settled in the 1820's and 1830's on one of the first roads in the district that served all the area between Lake Massawippi and Little Lake Magog, from Katevale or Ste. Catherine to Sherbrooke. Its centre, where the Minton church now stands, at a five road intersection, was called "Maple Hill."

However, when a post office was located here, the name was changed to Minton, because of another post office of the same name in Leeds, Megantic County. How it came to be thus called no one seems to know or be able to recall. The most likely explanation is that it was named after a place in England of that name, famous for its dinnerware. At the time the church was built there were three houses, one of which contained a store and post office, a school house, blacksmith shop, cheese factory and a small cemetery.

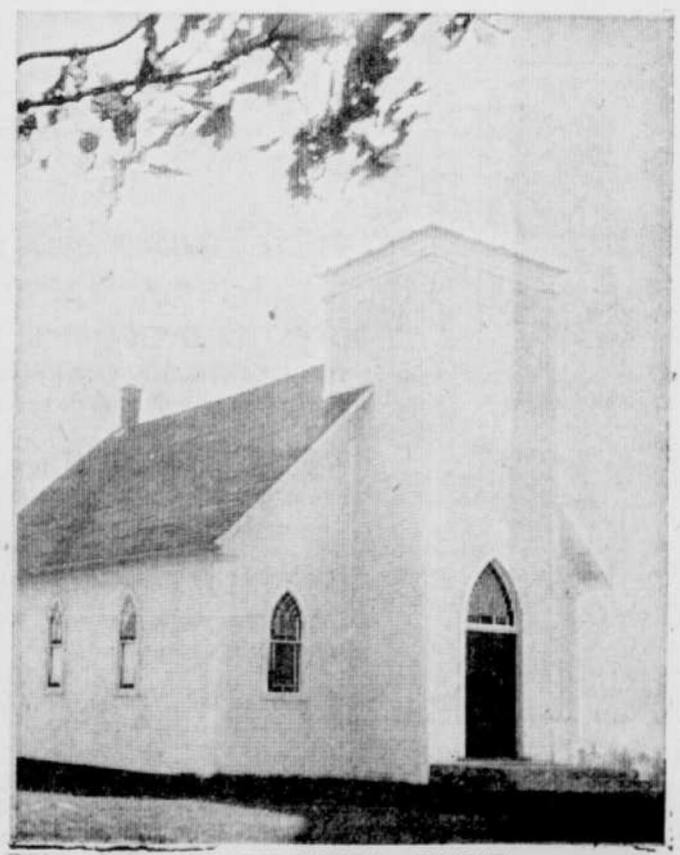

About 1895 the bodies from the cemetery were removed to the site of the present cemetery at North Hatly which was established at that time. Some of the buildings burned, the school house was moved to another site to be used as a house, the remaining ones were demolished until now only the church remains.

The farms of Kenneth Dean and Percy Conner are the only ones in the community still in the same family.

Among the early settlers, who later became connected with Minton Church, was the Sampson family who settled in 1820 on what is now the Carroll Gate farm. At that time there was no road, just a trail. A son, George Sampson, became the first Sunday School superintendent.

In 1825 there was a small log school house situated on what is now the entrance to Mrs. A. R. Virgin's Clematis Farm. The teacher was Lydia Eaton, who later married Veenan Bean and settled what is now the "Lookout." Descendants of these families still return from distant points to attend these anniversary services.

Other pioneer families connected with the church, to mention them only briefly, were Slack, Reed, Webster, Rublee, Morrisette, Fish, Johnson, Bennett, Myers, Jardine and Kay.

Gas Days are record success

The Gas Days held last weekend by the Sherbrooke Y's Men's Club were the most successful yet said Sam Elkas, chairman of the project committee, at Wednesday night's meeting held at the Magog Hotel.

Reports put the results away ahead of the two previous Gas Days held by the club. President Roland Dewar expressed his thanks to the members and friends especially the Hi-Y club and students of the Sherbrooke and Lennoxville High Schools who helped during last Friday and Saturday.

Club members were notified at the meeting of next Wednesday's visit to the Compton Fish and Game Club. Members to meet at the Magog Hotel at 6 p.m. Jim Wray, a new member, was introduced at the meeting. Seated at the head table with President Dewar were Sam Elkas, Dick Woodhurst, Ron Bishop and Warren Lynch.

Municipal election results satisfy

Sherbrooke citizens have every reason to be satisfied with the result of Wednesday's aldermanic elections in the Centre and East Ward.

The return of Ald. Robert Gauthier for another three-year term can be taken as a mark of confidence in the present civic administration.

During his period as an alderman, Ald. Gauthier has headed a number of departments that generally bring little credit and considerable criticism from the committee chairman.

This is especially true of the Welfare Department of which he has been

chairman for several years. The very nature of the work of this service is bound to produce a feeling of grievance, real or imagined, among many of the voters.

The fact Ald. Gauthier was able to surmount this opposition and still register an impressive majority is a tribute to the work he has done and indicates he enjoys the confidence of a large proportion of the electorate.

The election of Amedee Roy, to the Centre Ward seat held for nine years by Ald. Carrier Fortin provides the Council with the services of a man who has proved his ability in the business world.

Improving city ski developments

The improvements contemplated by city council for the municipal ski centre on the slopes of Mount Bellevue in the West Ward will broaden the appeal of the recreational facilities so that the whole family will be able to avail itself of the pleasures of winter sports.

The municipal centre has a special appeal for Sherbrooke residents because of its proximity, the gentleness of its slopes and the low rates of the tow lift. The city plans to extend one trail, hoping no doubt to attract the more adventurous skiers, and to build a toboggan run which is needed to round out the facilities.

Also projected are a chalet and a ski school. The chalet will be especially welcomed by the skiers who forget about

their favorite sport when the temperature drops to sub-zero levels. As for the ski school, parents and more experienced handlers of the hickory slats will be happy at this news. Many of the injuries on the trails are caused by beginners who are not aware of the safety rules or who have not sufficient control over their skis.

The popularity of skiing has grown tremendously over the past few years in the Eastern Townships. There are trails at Mount Orford, Sutton, Knowlton, East Angus, North Hatley, Coaticook, Thetford Mines, Victoriaville and Shefford Mountain.

By improving its centre, Sherbrooke is in step with a trend that promises to make the area one of the finest in the province for skiing.

Sound opinions are fine as long as they are not used to break other people's eardrums.

Tough realities of democratic life

One of the dangers of the way people live in the West is that we run the risk of sublimating our principles to a set of slogans, repeated over and over again with appropriate embellishment, like a television commercial.

We talk of freedom, equality, fair play, helping one's neighbor, but too often, wrap up in these empty phrases what substitutes for involvement.

We subscribe to ideals, but cease to have any attitudes about them, neglecting to think through the implications they carry.

This is a serious neglect, for, as a Rotary meeting was told in Sherbrooke Tuesday, "what we do depends on what our attitude is towards such principles."

The speaker was Milwaukee attorney Clifford A. Randall, a past president of Rotary International, that vast fellowship of businessmen that embraces the whole free world. He was talking specifically about Rotary, but because of the nature of the movement, his remarks apply to everyone.

"Reflect," he said, on racial problems in Mississippi and South Africa. "What do we mean, in relation to these situations, when we say we should resist any tendency to act in terms of racial

superiority?" Does freedom of thought, speech and assembly, he asked, "really mean that we shall advocate freedom for those in our midst who would overthrow our democratic rule to propagate an alien, and to us, repulsive dogma?"

What does it mean, he asked, to help one's neighbor if "you, as a Rotarian, businessman and employer... are already caught up in the struggle to compete with imports of Japanese textiles, or with West German machinery?"

What does it mean to citizens of nations "giving money, material and men to help raise living standards if the receiving nations insist on the right to use these gifts without interference to build up socialistic economic systems with which to compete in the world market?"

It is not the answers to these questions that matter so much as it is that they and similar questions should be asked and weighed. For it is only when one follows high principles through to their logical implications that one realizes what complex issues are at stake.

Out of this realization comes a proper appreciation of how difficult our democracy really is; an attitude that ignores easy catchwords and seeks to grapple with the tough realities of freedom.

Other papers say:

A Parkinson Law for public health?

British Professor Cyril Northcote Parkinson has made a name for himself by formulating Parkinson's Laws, which have helped to clarify public thinking on several massively illogical practices.

The first of these laws concerns bureaucracy: "Work expands so as to fill the time available for its completion."

Law Two, on the same subject: "Expenditures rise to meet income."

Now, although Prof. Parkinson has written a book in which he retires from the field after enunciating several notable new "laws," we hope he will reconsider and formulate yet another universal rule covering the relationship between a nation's health and the amount of health care available.

There is increasing evidence that the more doctors and hospitals available the more people feel the need for medical care and hospitalization.

Dr. Osler L. Peterson told the American Sociological Association in Washington, D.C., that the United States has more doctors and spends more for medical care per person than either Britain or

Sweden. But Americans are not as healthy as Britons or Swedes.

Dr. Peterson says there is "little relationship between health and the amount of medical care in advanced societies." He offered his opinion against a background of a widespread feeling in the U.S. that there is a serious shortage of physicians that is growing worse because of rapid population increases.

Against this, Dr. Peterson reports Britain has only 80 per cent as many doctors per capita as the U.S., and Sweden but 60 per cent.

"The number of physician visits," he says, "shows a suspiciously high correlation with the number of doctors in the U.S." This conclusion is reinforced by the figures from Israel. That country has twice as many physicians per capita as the U.S. and Israelis visit the doctors 2½ times more often than Americans.

And, despite the emphasis on health in the U.S., and the amount spent on it, Americans are not healthy in comparison with some other countries. About a dozen nations have lower infant mor-

tality rates and the U.S. population has the shortest life span among a number of countries.

This is cause for reflection among those who automatically assume that universal medical and hospital care under government auspices are guarantees of a high standard of health for everyone.

The figures quoted by Dr. Peterson suggest that when each individual is ready to assume some responsibility for maintaining his health, instead of expecting it to be the natural by-product of state medical care the national health will be better.

The worst delusion of all for Canada would be to set up elaborate and costly state medicine (which would add heavy burdens to taxpayers) only to find that public health grew worse, instead of better.

There is a great deal of evidence to suggest that ill-health in North America is due more to over-eating and under-exercising than in any deficiency in medical or hospital care.

May mean more than manned shots

Americans praise our Alouette; 'tremendous science investment'

VANDENBERG MISSILE BASE, CALIF.—(TNS)—The scientific facts that will be gathered by Canada's Alouette satellite and similar projects "will mean more in the end than manned shots or anything else," a U.S. space scientist believes.

NASA, the National Aeronautics and Space Administration, is keenly interested in the \$500,000 satellite made in Ottawa and Toronto.

The NASA spokesman said: "This is a tremendous investment in pure science."

"The real scientific facts we get from this kind of thing will mean more in the end than manned shots or anything else."

TERRIFIC GUTS

He praised the plan which launched the Alouette by a U.S. Thor-Agena rocket and probed the upper layers of the ionosphere.

"The Canadians showed a terrific amount of guts in coming into this thing," he said.

"We know the ionosphere is there but that's about all. It reflects radio waves. Waves of higher frequency will pass through it."

It began beeping back complex data on the structure of the ionosphere—a mysterious reflective layer that begins 50 miles above the earth—immediately after its launching September 29.

Early that day, a weary but cheerful band of Canadian scientists heard Dr. Hugh Dryden, deputy director of the American space agency NASA, announce:

"Alouette is successfully located in polar orbit."

"Canada is the first country working with the United States to build a complete satellite."

"This is the result of three year's work."

Added John E. Jackson, American director of the Topside Sounding project: "The Satellite matches in complexity anything the U.S. has launched so far."

"Canada has certainly caught up to us as far as satellite technology is concerned."

"It's results are anxiously awaited by the entire world-wide scientific community."

Canada Dr. John Chapman, the lanky communications expert behind the Alouette, said shyly: "It appears to be a complete success so far."

"It will be weeks or months before we can tell whether it has performed its mission. Scientists may learn what wave-lengths spacecraft can use in communicating with each other."

On September 29th, the Fellowship Group of Grace Chapel, under the direction of Francis Hatch, gathered with friends from far and near to give testimony to the faithfulness of Dr. and Mrs. A. C. Hill over the past twenty-seven years of service in this community.

Trade index notes industry variety

TORONTO — Canadian factories last year further expanded the range and variety of their industrial output. The trend to greater diversification is well-evidenced in the 1962 edition of Canadian Trade Index, publication of which was announced in Toronto today by Carl Pollock president of the Canadian Manufacturers' Association.

First loss in 29 years at Lowney

The Walter M. Lowney Co. Ltd. manufacturers of candies and ice-cream, reported Wednesday a net loss in the year ended June 30 of \$97,253, or 47 cents a share. The loss was the company's first in 29 years.

In Perfect

the country was delighted with his "wonderful job." The flight made a special impact on Europe, where millions on both sides of the Iron Curtain tuned in films on television, shortly after the launch, in a program relayed by the Telstar communications satellite.

Moscow radio called Schirra "a courageous son of the American people." The astronaut apparently felt no ill effects whatever from his working day of weightlessness, or from the acceleration to and deceleration from orbital speed.

ARRIVES DRY

During the half hour in which he floated in the spacecraft while the carrier moved into position to pick him up, Schirra several times asked recovery personnel that he was all right. He could have been picked up by helicopter almost instantly had he elected to leave the capsule. Instead, he preferred to remain dry, and thus to become the first astronaut to be retrieved, in his spacecraft, by a primary recovery vessel.

During orbit, Schirra reported he had "a delightful report for one John Glenn. I too see fire-flies." The astronaut chuckled when he was told that he would henceforth be known as Venus because tracking vessel in the Indian Ocean reported observing Sigma 7 for five minutes in the night sky and that the capsule resembled the bright planet. Sigma 7 was the first U.S. space vehicle to be spotted visually from the earth.

He also reported seeing the lights of Perth, Australia, and asked that the citizens there be given his thanks. He also saw flames sent up from Woomera, Australia, only as a luminous glow beneath the clouds. Schirra will tell Project Mercury officials the details during the carrier trip to Honolulu. Then he will fly to the space flight centre at Houston to answer questions at a press conference Sunday.

cotte, of Richmond; Georges Pellerin, Roland Pouliot and Alfred Laflamme, of Asbestos, and Raynald Frechette, a Sherbrooke attorney. A possible sixth candidate, Osiar Poirier, Asbestos publisher, announced last night he would not seek the UN nomination. Two names have been proposed for the UN candidacy in Megantic, Henri Faquette and Roger Marchand, both of Thetford Mines. Similarly, two candidates are in the running for the Wolfe County UN nomination—Rene Lavoie of Disraeli, unsuccessful candidate in 1960, and Jean Claude Goulet, Mayor of Weedon, and president of the Wolfe County UN Association. Neither major party leader has announced meetings in the Eastern Townships. Opposition Leader Daniel Johnson, who represents the County of Bagot on the western limits of the Townships, will speak twice at that riding over the week-end. Friday night he will be guest at the nominating convention at St. Rosalie and will hold a public meeting at Actonville on Sunday afternoon. Premier Lesage will visit Itherville and St. Johns on Tuesday, Oct. 9, and St. Hyacinthe on Sunday, Oct. 14.

Dismiss charges

TORONTO (CP) — A charge against bookstore operator Gordon Meauslane, 30, and clerk Betty Lynas of having an obscene magazine was dismissed Wednesday when a legal mix-up was discovered. The two had previously been fined a total of \$150 or 45 days in jail when Magistrate D. F. Graham ruled that the magazine Black Garter was obscene. Later it was discovered that the magazine, introduced as an exhibit, was not included in 11 charges before the courts.

Tunnel-bridge

QUEBEC (CP) — Preliminary work may start later this fall on a \$50,000,000 tunnel-bridge across the St. Lawrence River linking Boucherville to the island of Montreal. The announcement was made jointly Wednesday at a press conference by Roads Minister Bernard Pinard and Public Works Minister Rene C. Poirier. Initial work would mean an expenditure of \$4,000,000. The entire project is scheduled for completion in 1967.

News in brief

Lift ban OTTAWA (CP) — Quarantine restrictions on community livestock auction sales, imposed because of hog cholera, have been lifted in all areas of Ontario, the agriculture department announced Wednesday. Restrictions will continue for a little longer in Quebec, where the last case occurred Sept. 14.

Plan merger

MONTREAL (CP) — Two Montreal shirt manufacturing companies, Tooke Bros. Ltd. and Canadian Converters Ltd., announced Wednesday they will merge to form a new company, Tooke-Van Heussen Co. Ltd. The two companies said in a joint announcement the new company will be the largest Canadian-owned shirt manufacturing firm, producing about 175,000 dozen shirts a year.

Montreal livestock market

MONTREAL (CP) — Livestock prices were unchanged at the east-end market this morning. Trading was active and demand good. Receipts at the east-end market were: 110 cattle, 216 calves, 65 hogs and two sheep and lambs. Tuesday's receipts were: 744 cattle, 531 calves, 460 hogs and 146 sheep and lambs. Medium heifers were 18-22.50. No other classes were sold. Medium cows were 16-17, common 14-15.50 and canners and cutters 11-14. Common and medium bulls 15-17.50. Calf prices were not established. There were no sales in sheep and lambs and hogs.

Beebe U.C.W. is planning to serve dinners

BEEBE — The Wesleyan United Church Women met at the summer home of Rev. Ralph and Mrs. Rogers at Lake Park, on Oct. 1 for the regular monthly meeting. The devotional period was conducted by Mrs. H. J. Stubbs. The harvest supper held last month was a decided success. Committees were appointed to plan dinners to be served at the meeting of the Quebec-Sherbrooke Presbytery in Wesley Church on Oct. 9, and at the Regional Rally of United Church Women on Oct. 24. It was decided to again purchase copies of the Upper Room to be placed in the church next year. Two letters were read from Tai Nai Keung, the eight-year-old Chinese boy in Hong Kong, who the church women have adopted in Hong Kong. The date of Jan. 11 was set for a courtship party, plans to be made at a later date. Refreshments were served by Mrs. Rogers, Mrs. W. B. Haselton and Mrs. F. C. Millar.

DANVILLE —

Mr. and Mrs. Russell Morrill, of Lake Worth, Fla., were holiday guests of Mrs. Lyman Morrill, and other relatives. Mr. Morrill returned to Florida. Mrs. Morrill has left for New Brunswick, to visit relatives, before flying home.

RAMBLER ANNOUNCES 'UNISIDE' — AN ENTIRELY NEW WAY OF BUILDING CARS WITH GREATER PRECISION AND DURABILITY

For 1963, Rambler leaps years ahead with 'Uniside' construction to bring striking new beauty to the Rambler Classic

For 1963, Rambler brings you the most revolutionary automotive engineering advance in years — new "Uniside" construction. Twenty-three years ago, Rambler pioneered Single-Unit construction (we welded the entire car into a solid structure). This method gave Ramblers added strength and put an end to body-bolt squeaks and rattles. It made all other assembly methods old fashioned. Remember this was twenty-three years ago, yet the rest of the industry is just beginning to catch up.

Now, Rambler again leaps years ahead! Exclusive new "Uniside" construction is an entirely new way of building cars. This year, we're stamping the complete side out of single sheets of steel! It gives you even greater body strength, longer car life, perfect and uniform door openings with vastly superior weather-sealing. In addition, "Uniside's" outer layer is completely galvanized for increased rust protection. This feature, together with our exclusive Deep Dip process, makes Rambler the world's most completely rustproofed car.

"Uniside" brings yet another bonus to the Rambler Classic Six — striking new beauty! This year, the car is lower, with the same generous interior dimensions. Side windows are now curved to give added spaciousness (a touch of beautiful luxury found on few other cars in the world). Chair-high seats, in a new variety of colours and quality fabrics, are still a major comfort feature. Moulded, one-piece floor cover-

ings have been added, while the Cushioned-Acoustical ceiling remains a Rambler exclusive.

Other new Rambler features include an alternator which charges even while the engine is idling to keep your battery at full-strength for better performance. A new three-point engine mounting eliminates vibration and noise. A longer wheelbase gives an exceptionally smooth and quiet ride. Standard Rambler features that are still exclusive are the improved Ceramic-Armoured muffler (guaranteed for as long as you own the car), a two-year guarantee on both the battery and coolant, and the Double-Safety brake system.

For those who are looking for breath-taking luxury and performance, the new 1963 Rambler Ambassador V8 is an unusual value. With all the features of the Classic Six it has one of the best weight to horsepower ratios in the industry for outstanding performance. And you'll be surprised at its new low price. Once again we've produced a car designed primarily for maximum usefulness to the user — with Rambler's proven performance, dependability and economy. Take a test drive in a new Rambler Classic Six or Ambassador V8 at your Dealer's soon. Prove to yourself that they are the most beautiful, most practical cars ever designed for the Canadian motoring public. And if you're in the market for a compact car, see the new 1963 Rambler American Six — the lowest priced Canadian car you can own.

Guild's summer events reported most successful

NORTH HATLEY — The Ladies Guild of St. Barnabas Anglican Church held a regular meeting in the Community Hall, on Sept. 19, with 19 members and three guests attending.
The president, Mrs. Charles Coleman, welcomed the ladies back after the summer recess. Reports were heard; reviewing the summer activities, the bazaar and luncheon, the garden party, and a tea held at Mrs. Coleman's home, all pleasant and successful events.
Miss H. Ireland gave an interesting report on the W.A. biennial meeting, held in Theford Mines, which she attended.
Mrs. S. Whittaker is in charge of the sale of W.A. calendars for 1963. Five dollars was donated to the Frank Woodard Memorial Fund to supply hot lunches for school children in emergency cases.
At the close of the business meeting, the hostesses, Mrs. L. Taylor and Mrs. C. Guild, served tea.

JACOBY ON BRIDGE

BAD CONTRACT LOSES POINTS
The tension on the last day of the World Championship Match was reflected in the results. We picked up 12 International Match points when the usually conservative Italians allowed themselves to be stamped into a horrible five-diamond contract.
The bidding in the box shows how they got there. The American West's four club bid gave them a problem and they went wrong.
Also, the American defense was perfect. West opened the queen of hearts and shifted to a high club. North might have saved something from the debacle by ducking, but he could not see the eight card club suit and played his ace. East ruffed.
East cashed the ace and king of hearts and led another one. South ruffed high, dre trumps and eventually went after the spades. Since East held both the king and jack there was no way for South to avoid losing to both of them and he was down four tricks for minus 700.
At the other table West opened with three clubs. North

St. Anthony's Ladies' Society

Practicality, simplicity keynotes review

By PHYLLIS PICKFORD (Record Women's Editor)

Practicality and simplicity were the key notes of the outfits, which were presented in the Fashion Review, which took place on Monday evening, October 1, in the St. Anthony's school Auditorium, Lennoxville, sponsored by the St. Anthony's Ladies' Society.

The auditorium, which was gaily decorated with baskets of fall flowers and gladioli, placed in front of the stage, was filled to capacity, for the first fashion show to be presented by the St. Anthony's Ladies' Society.

To the strains of soft music, played on the organ, by Mrs. Doris Jeanson, the curtains rose, revealing the background for the show, which was artistically arranged with a large looking glass, on either side were alabaster pedestals, with large ferns, and around the base of the mirror, had been placed arrangements of yellow chrysanthemums. Seated at the low desk was the commentator, Mrs. Andre Remillard, who very clearly gave the commentary in both languages.

Mrs. Aldo Todi, the convener of the show, dressed in a black two piece ensemble, with a white satin pill box

hat, embroidered with gold metallic threads and tiny red beads, a creation from India, welcomed the guests and introduced Mrs. Gerald Gingras,

who was in charge of the models, and looked charming in a grey paisley designed, double knit suit, with a plain grey wool blouse, with tie at

piete the ensemble she wore a luxurious beaver hat.

Rolande Chailier, modelled an all wool, black faille coat, and to augment the ap-

carried a red rose spray corsage. She was attended by little Miss Barbara Patrick, who wore a frock of blue nylon and carried a small rose corsage.

The clothes worn by the models were supplied by the B and J Ladies' Wear, Queen Street, Lennoxville.

During the intermission the door prizes were drawn, the winners being, Mrs. Iva Saunders, Mrs. Lloyd Hyatt, Mrs. O. Allard, Miss Lorraine Parker and Mrs. John Andrews.

At the close of the show, the name of the winner for the handmade quilt, made and donated by Mrs. Alfred Maurice, Conley Street, Lennoxville, was announced as Jane Vallille, Lennoxville, and the winner of the basket of groceries was "Doheny, B.C.S." The lovely table cloth which was donated by a downtown merchant, was won by Connie Roy, Lennoxville. In charge of the prizes was Mrs. Douglas Patrick.

Through the wonderful cooperation of all the members of the St. Anthony's Ladies' Society, Lennoxville and Sherbrooke merchants and all those who gave their time and efforts, can be well assured that they were rewarded by the fact that this first fashion show was one of the best to be presented for some time.

CONFIDENTIALLY YOURS
—by Byrne Hope Sanders

TORONTO, October 4th—Will your children go beyond high school? For parents with children facing college entrance in two to four years there's good news in the new BANK OF MONTREAL University Education Programme. If financing is a problem with you, here is the ideal way to get your child through college. This programme allows you to spread the future costs of college over periods of up to nine years. Monthly payments are reasonable, and there's no heavy debt left after graduation. So, if you have a child in high school, be sure to ask soon about the life-insured B of M University Education Programme at your nearest B of M branch.

A DESSERT THAT'S EXCITING AND EASY... that's what I like to hear about... and that's why I'm passing this delicious TEA-BISK recipe on to you — 4 Cherry Pinwheel Shortcakes — 2 cups Monarch Tea-Bisk — 3 tbsp. soft butter or margarine — 1 tin (20 oz.) Cherry Pie Filling — Whipped Cream Topping

1/2 cup milk
1/2 cup brown sugar
Add shortening to Monarch Tea-Bisk and cut in finely. Stir milk in briskly with a fork until dough is soft, yet not sticky. Knead gently 8 to 10 times on a lightly-floured surface. Roll out to a rectangle 8" x 10" and spread with a mixture of brown sugar and butter or margarine. Roll as you would a jelly roll, starting with shorter side to make a roll 8" long. Cut in 4 slices and place in greased tins (2" x 12" tins). Bake 10 to 12 minutes in pre-heated 425 deg. oven. Top with cherry pie filling and whipped cream and serve immediately.

Yes, I like to have Tea-Bisk always handy... it's an all-purpose mix that can be used for any number of delightful dishes. Look for the special opportunity now awaiting you at your nearest grocer's.

IT'S NICE TO KNOW there's one margarine that's recommended for modern diets... FLEISCHMANN'S 100% Corn Oil MARGARINE. Because it's made from pure, 100% Corn Oil, it's low, low in saturated fats. Ask your doctor about its benefits in your daily diet. And what's more, you'll love the taste of Fleischmann's Margarine. It has a luxurious flavor all its own... so good, you'll be surprised it's margarine! Here's a happy plus for all busy housewives: Fleischmann's Margarine always spreads smoothly and easily, even when it's just out of the refrigerator. Help yourself to good taste and good health with Fleischmann's 100% Corn Oil Margarine... a 'buy' I sincerely recommend.

ONE OF LIFE'S BIG 'LITTLE' PLEASURES is the delightful good taste of Bright's DUBARRY SPARKLING VIN ROSE. Truly, DuBarry Sparkling Vin Rosé is the life of the party—the sparkling star of many a good meal. You'll agree with me, I know, that its dancing bubbles and fresh, clean taste are irresistible. So next time you're planning a dinner party, get a bottle or two of Bright's DuBarry Sparkling Vin Rosé... in the champagne-type bottle wrapped in party-pink tissue.

HERE'S A SURE CURE for that all-too-familiar 'Laundry Demon'... 'Hangover Dirt'! Add CALGON, the wonder water conditioner, to your laundry water. It conditions water so you need less soap... gets clothes naturally soft and absorbent... really clean. And, best of all, it prevents the soil of minerals, soap or detergent that I think of as 'Hangover Dirt'. (Like the ring you get in the bathtub). Do try Calgon... it never, never leaves clothes stiff or scratchy. Use Calgon—the Water Doctor—you'll see... you'll always have a brighter, cleaner laundry!

HOUSECLEANING ALL OVER AND DONE?... but you ache all over—no fun!... then I recommend BEN-GAY for relief of aches and pains! And now there's NEW BEN-GAY that's both greaseless and scintless, with deep penetrating action that warms and soothes tired muscles. Yes, Ben-Gay, so long famous for relief of muscular pains and chest congestion, is now yours in a brand new form. After a hard day of housework, simply massage New Ben-Gay into the painful spots... it acts fast to relieve the hurt! Ask for New greaseless Ben-Gay with the vanishing cream base.

IT'S REALLY VERY EASY to always enjoy the satisfaction of fast-running, clean and sanitary drains providing you just put 2 tablespoons of GILLETT'S DRAIN CLEANER in every drain, every week. It's dangerous to neglect the germs that lurk in every drain. And I know from experience that liquid disinfectants can't budge the greasy muck these germs breed in. It takes the special churning, boiling action of Gillett's Drain Cleaner to completely scour out every trace of this germ-breeding mess. It's fast, effective, easy to use and right now your grocer is featuring a special low price on Gillett's Drain Cleaner, so do buy now!

GRACE CHAPEL WOMEN'S MISSIONARY PRAYER GROUP

The Women's Missionary Prayer Group of Grace Chapel met at Grace Chapel, recently, and was presided over by Mrs. Hill. Mrs. C. Bowen opened the meeting with prayer.

During the business meeting a letter was read from the Hong Kong child refugee, which has been adopted by this group. Mrs. W. J. Klinek, reported on the work committee and presented plans for the fall activities.

Congo which was followed by a report given by Mrs. W. J. Klinek on the use of radio as a means of spreading the Gospel in this same war torn country. A cheque of \$95 representing the summer offerings, was presented to Grace Christian Home for the purchase of a sterilizer. Miss Sylvia Carson, on behalf of the Home committee, thanked the ladies for their practical and prayer support, and reported on the progress of the new Infirmary wing.

Inspiring personal testimonies were given by Mrs. Rosa Price and Miss Mildred Beck with, after which the meeting was brought to a close with the singing of a hymn and prayer by Mrs. Welch.

Refreshments were served by the hostesses: Mrs. Ruby Cutler, Mrs. Beaudoin and Mrs. Shufelt.

The approaching marriage is announced of Miss Ruby Rodgers, daughter of Mr. and Mrs. Clifford Rodgers, of Richmond, to Mr. Henry Waterhouse, of Montreal, son of Mr. and Mrs. Walter Barrett, of Richmond.

Eleven Models Present Fall Outfits

Modeling the outfits and gowns were the models, Miss Helena Beaudoin, Mrs. Aurele Doiron, Mrs. Henry Snow, Mrs. Gerald Bernard, Mrs. David Gillett, Mrs. C. d'Anjou, Miss Jayne Monte, Miss Jo-Ann Monte, Miss Nicole McMaster Mrs. Roland Chailier, and Mrs. Irene Watkins, whose carriage was graceful and relaxed as they walked down the ramp, which was gaily decorated with autumn leaves.

Jeane Monty looked gay

in a white and black nylon pile ski jacket, with hood, under which she wore a red banlon sweater. Black wool stretchies completed the outfit. Denyse d'Anjou modeled an A line brown faille coat, trimmed with brown Persian lamb and a brown satin three tier hat, trimmed with a bow at the side.

For the grand finale,

Helena Beaudoin, modeled a bridal gown, in satin faille, fashioned with a tight fitted bodice, with nylon lace appliques and seed pearls, the back featuring a row of self covered buttons, and elbow length sleeves, the full skirt over a hooped crinoline, formed a train at the back. Her finger tip veil was held in place by a tiara of seed pearls and rhinestones. She

Jo-Ann Monty looked becoming

in a two piece all wool plaid suit, featuring a side button closing. To complete this outfit she wore a toast colored banlon three-quarter length sleeve sweater. Any young lady would be proud to wear the dark ivory dress that was worn by Helene Beaudoin, fashioned with shoe string straps and a removable bolero. An elegant dress for an engagement or the forthcoming Yuletide season.

Kay Bernard modeled a

Nu-Cord laminated Rain-Maid, with a touch of pile fur and a matching Kilimanjaro hat, its versatility enables one to wear this on a sunny day as well as a rainy day. Irene Watkins looked charming in a blue figured pure silk dress, fashioned with a side panel effect. Ideal for late afternoon or evening.

Waterloo High School issues newsletter

WATERLOO — The first newsletter from the Waterloo High School was published on Sept. 26, with information for parents and friends.

School opened with an enrollment of 456 pupils. Pride was expressed in the new school, which ranks with one of the finest in the Eastern Townships.

The first meeting of the Home and School Association was scheduled for Sept. 27, with the new president Mrs. Coupland, in the chair.

Mid-term reports will go out on Oct. 17. First term examinations will be held in the middle of November.

A letter was printed in full from the W. G. Mann Association, Montreal, with detailed information concerning the vocational testing and counselling project conducted in various schools in the province, usually in groups of 10 to 12 pupils.

The testing is geared to students between Grades 9 to 12 and covers the approximate level of intelligence, learning ability, reading skills, study habits, and in particular, the differential aptitude series of verbal and abstract reasoning, numerical ability and space relations. As a general rule, a test of mechanical reasoning is given to the young men, and a test of clerical aptitude added to the girls' battery.

From these various results it is possible to pinpoint possible trouble spots in a boy or girl's academic work, and give some direction as to the likeliest employment towards gainful employment. The range of interests is also explored, for although these interests fluctuate considerably in young people, testing at this age can give a fair picture. To complete the battery, students are usually asked to complete a personality type questionnaire to see if there are any particular problems that might be holding a youngster back in his school work.

Last year some of the students from W.H.S., took the tests.

59th World Series opens today with Whitey Ford and Billy O'Dell named, Yankees installed favorites

By JOE REICHLER
SAN FRANCISCO (AP)—The 59th World Series opens at Candlestick Park today in a battle of left-handers between New York's Whitey Ford and San Francisco's Billy O'Dell.

San Francisco's joyous citizens appear unimpressed with odds which make the Yankees 7-5 favorites to win the opener and 17-10 choice to win the series. All that mattered was that the Giants had whipped arch-rival Los Angeles Dodgers 6-4 Wednesday in the final playoff game and brought this city its first National League championship.

One reason the Yankees are such prohibitive favorites is their long tradition of series supremacy. The Yankees have won 19 of 26 fall classics—including four of six from the Giants, who haven't beaten them since 1922.

Another reason is the Yankees are well rested after having clinched the American League pennant Sept. 25. The Giants had a hard pull, needing three playoff games to win the National League pennant after trailing the Dodgers since July 8.

Manager Alvin Dark of the Giants did not appear worried over the Yankees' physical and statistical edge.

"The Yankees' rest doesn't make too much of a difference, I don't think," Dark said. "I'm more concerned about my pitching staff. I would have liked for my starting pitchers to have had more rest."

Dark said he plans to use the same line-up that defeated the Dodgers Wednesday.

"If O'Dell says he feels all right, he's my opening pitcher," Dark said. "I want to open with him, then follow with Jack Sanford (a right-hander) here Friday and have Billy Pierce (a left-hander) ready for the third game in Yankee Stadium Sunday."

Dark was asked how many games he expects the World Series to go.

"Well, when we had nine games left in the regular season and we were trailing the Dodgers by four games," answered Dark. "I jokingly told the players we had 19 more games to play . . . nine in the regular schedule, three in the playoffs and seven in the World Series."

"If that's the way it ends, it's okay with me."

The Yankees worked out at San Francisco's Candlestick Park for the first time and reported no problems about the wind or the slow infield—both trouble points for other teams. Manager Ralph Houk said he would go with his usual line-up.

Dressing Room Comments

GIANTS

LOS ANGELES (AP)—"This team kept bouncing back," an exuberant Al Dark shouted through a din in the San Francisco dressing room Wednesday. "They did it all year . . . kept bouncing back, bouncing back. They did it again today."

A bases-loaded walk to Jimmy Davenport by Los Angeles pitcher Stan Williams forced in a run that gave San Francisco a 5-4 lead in the ninth inning of the third playoff game Wednesday, and won the National League pennant for the Giants.

"Davenport was taking all the way except on the two balls and one strike pitch," Dark said.

DODGERS

LOS ANGELES (AP)—Los Angeles Dodgers were so crushed by their defeat in Wednesday's third and decisive National League playoff game that they refused to talk to reporters.

"They want to be by themselves," a club spokesman told newsmen outside the locked Dodgers dressing room. "They won't talk to anyone."

"But one man did come out. Sober but characteristically courteous, Dodger manager Walt Alton accompanied newsmen to a club meeting room and subjected himself as one of the most painful interviews of his career."

"We just came close," Alton said. "Indeed, the Dodgers could hardly have come closer. They held a 4-2 lead after eight innings but the Giants scored four in the ninth and beat them 6-4."

Alton said Ed Roebuck, the relief pitcher who took the loss "did a helluva job as long as he lasted. It's not like him to walk hitlers the way he did there in the last inning."

Alton had a chance to pull Roebuck in the Dodger eighth. It was Roebuck's turn to bat when the Dodgers had the bases loaded with two out. Alton let him take the turn and Roebuck grounded out.

"Ed's a pretty fair hitter," Alton said. "And he was the man I wanted in there to protect the two-run lead in the ninth."

Come up with four runs in final frame for victory, errors hurt Dodgers, Billy Pierce finishes

LOS ANGELES (CP)—San Francisco Giants in a thrilling ninth inning comeback Wednesday spilled Los Angeles Dodgers 6-4 in the final playoff game to take the National League pennant.

The Giants go against New York Yankees today in the World Series opener at San Francisco.

It was a comeback reminiscent of the famous "miracle finish" of 1951, when the Giants of New York defeated the Dodgers of Brooklyn.

Wednesday's win came on a walk delivered up by the Dodgers' Stan Williams with the bases loaded and an error by rookie Larry Burright. The Giants came from behind with four runs in the ninth to overcome a 4-2 Dodger lead.

It seemed the Giants had been beaten by Tommy Davis' two-run homer and a sensational base-stealing display by fleet Maury Wills who rapped out four hits, but they bounced back with the help of a sudden wild streak by Dodger relief hurler Ed Roebuck, the ultimate loser.

In the catastrophic ninth the Dodgers watched some \$10,000 in series money for each player go out the window while the Giants unceremoniously celebrated.

After using eight pitchers in Tuesday's 8-7 loss, Giants' manager Al Dark went through three more Wednesday to bring San Francisco its first major league pennant.

Juan Marichal and Don Larsen had worked the first eight innings, but trailed chiefly because of Davis and Wills.

Pinch hitter Matty Alou opened the incredible ninth with a single. After Harvey Kuenn hit into a force play, Dodger reliever Ed Roebuck walked both Willie McCovey and Felipe Alou, loading the bases. Willie Mays' line single off Roebuck's glove scored one run and Orlando Cepeda's sacrifice fly off Stan Williams, who had relieved Roebuck, tied the score.

Then the Giants walked to the pennant. Williams forced in the tie-breaking run by walking Jim Davenport. An insurance run scored when Dodger rookie Larry Burright muffed Jose Pagan's easy grounder.

Dark was taking no chances with youngsters after his Giants took the lead. He summoned the veteran Billy Pierce from the bullpen and the 35-year-old left-hander sealed the Dodgers' doom in one-two-three fashion in the last of the ninth.

Henry Setlakwe wins Fall Ramble at Orleans with neat 71, 153 take part, Bert Cotterell finished second

Henry Setlakwe of Thetford Mines walked off with the low gross honors in the annual Fall Ramble golf tournament held by the Orleans Country Club on Sunday. One hundred and fifty-three took part.

Setlakwe posted a 71 for the 18-hole event to win the low gross of the field by four strokes over Bert Cotterell of the Mt. Orford Golf and Country Club of Magog. G. Hopkins of St. Albans and A. Lallemand of the host club finished deadlocked for third gross each with 77.

In the net section of the event R. Dudley of Orleans took the first prize with a net of 69. L. Thompson, Orleans, Dr. L. Rose, St. Albans, and R. Garback of Montpelier finished deadlocked with 70's for the next three prizes.

G. Cabana of Barton won class B honors with a gross 80 while G. Wilson, Worthfield, W. Reeves, Orleans, and H. Morse of St. Johnsbury, finished tied with 83 each. The net honors went to G. Smith of St. Johnsbury with 66 followed by G. Leland, Orleans, and L. Blake of Bradford, tied with 63 while C. Polli, Orleans, and R. Dionne, St. Johnsbury, finished tied for fourth with 70 each.

In class C, B. Kellogg of Randolph, Vt., finished the winner for net with 66 while H. Soule and S. Inich of St. Albans each had 70. A flip decided the second spot. The gross honors went to F. Bydlie of Orleans with 86 with C. Whitaker, also of the host club, taking second with 89 and T. Charland of Mt. Orford Golf Club winning third gross with 91.

Kuenn looks for long World Series

This is the first of a series of daily stories on the World Series written exclusively for The Associated Press by the Giants' veteran outfielder-infielder, Harvey Kuenn. Kuenn's comments will be carried each day during the series.

By HARVEY KUENN
SAN FRANCISCO (AP)—Look for a very tough World Series with New York Yankees, but I think we will win.

It may take the full seven games, of course, because the Yankees are always of championship calibre. Then, too, our pitching staff is tired.

I have been asked if I thought the momentum and the enthusiasm we generated in winning the playoff series with the Los Angeles Dodgers will be maintained.

Yes, I definitely think it will, and that final win in Los Angeles was a great boost for our spirits and morale.

There is a contrast between our team, having to go all out and into the playoff games, and the Yankees, who have been able to relax all week after they clinched their pennant. They have problems, too.

LOSE YOUR EDGE
When you sit around for days, with nothing much to do, you are liable to lose your edge. I think it's better to have played every day, even if it has been a long tough season and the strain and tension of these past few days has been immense.

MAKES LIVING A PLEASURE!

Final game gives second-guessers plenty of material to last all winter, walk and error hurts

By TED SMITS
SAN FRANCISCO (AP)—The decisive game of the 1962 National League playoff has provided second-guessers with enough material to last all winter.

San Francisco Giants beat Los Angeles Dodgers 6-4 on a bases-loaded walk and an error—just by way of dramatic contrast with 1951 when the Giants beat the Dodgers in a similar playoff with Bobby Thomson's home run—and the sideline managers immediately took over.

Here are their targets:

- Why didn't the Giants try to punt in the sixth with the bases loaded and no one out and the score only 2-1 in their favor?
- Why did manager Walt Alton of the Dodgers put in defensive players in the seventh after taking only a narrow 3-2 lead, thereby removing veteran Duke Snider from the game. Snider had already hit a double and single and scored twice.
- Why in the fatal ninth, with the score tied at 4-4 and first base open, did Alton have Ed Bailey intentionally walk a lead? (Obviously this was to set up a play at every base, with two out, but it misfired, as Jim Davenport worked Stan Williams for a walk forcing in the winning run).
- Why was relief pitcher Ed Roebuck left in so long for the Dodgers in the ninth when this was his 64th game of the year and he was obviously tired? Taken in order, here are some of the answers.

Red Cross group at Sutton calls for new workers
SUTTON — With summer vacation ended, there are work sessions again every Monday afternoon at the Red Cross rooms in the Baptist hall on Maple Avenue. Last week quilts were tied, swabs made and other work accomplished before tea was served.
All who are interested in this humanitarian work are urged to attend future sessions, as more workers are greatly needed.

Stanstead W.A. members honored at farewell tea
STANSTEAD — Mrs. J. R. S. Scott, president of Christ Church W.A., entertained at a farewell tea on Sept. 28, when the members and a guest bid farewell to Mrs. Herbert Fisher and to Mrs. A. L. Salt.
All gathered around the tea table, attractive with a lace cover and centered with a silver basket of fruits, flanked by candles and flowers in silver holders. Mrs. C. B. Hill poured the refreshments including wedding cake of the Middleton-Hyatt wedding.
On behalf of the group, Mrs. Scott presented a W.A. pin to Mrs. Fisher and wished her happiness at her new home in Lennoxville where the family will be residing. Mrs. A. H. Scarth spoke a few words of farewell to Mrs. Salt, and both speakers expressed the loss the W.A. will feel at the departure of these two very faithful and active members.
Mrs. Fisher voiced her appreciation for the gift and good wishes, with Mrs. Salt also thanking all for their good wishes.

DANVILLE U.C.W. receives letter from Greek boy

DANVILLE — The United Church Women, Unit I, held a regular meeting in the church parlors, on Sept. 27. Mrs. Young read several letters from Christos, the adopted Greek boy, to his foster mothers in the U.C.W., which told of his life at home, his family, customs and activities. He also told of the help received from the group's donations of money and gifts through the Foster Parents Plan.

coming meetings of the Sherbrooke Home and School Association will be the possibility of putting more emphasis on the acquisition of better reading habits, perhaps by the use of phonetics, and an attempt to remove the psychological barrier with which students entering grade 10 are confronted and the resulting high rate of failure at this level. The "slow learner" should also be discussed as well.

FARNAM'S CORNER —

The Farnam's Corner U.C.W. met in the Church Hall on Sept. 26. Following the business meeting, the Ladies hung the new curtains in the hall, for which the material had recently been purchased. Bold Beautiful Buick

LESABRE 2-DOOR HARDTOP 4-window pillarless sedan... one of 7 LeSabre beauties for '63.

The new adjustable tilt steering wheel* locks into any of seven positions to suit your desired driving position. To get in or out, just flip the wheel up. *Optional at extra cost.

Buick is a new breed of beauty for 1963. From its bold new grille to the sleekly handsome rear deck, there's a new, longer silhouette that's distinctively Buick... beautifully Buick. But styling is not the only area of Buick advancement. You'll find luxurious new interiors, with new fabrics and trim, elegantly catering to your comfort. There are newly designed instrument panels, too, that further accentuate Buick's

interior refinement. And just as Buick has set a new standard in styling, Buick's engineering has also gone to greater heights. There are new and mighty Wildcat V8 engines. Unmatched smoothness with exclusive Turbine Drive (standard on most full-size Buicks). Advanced Thrust engineering gives you the maximum car control whether on curves or in crosswinds. Home and School Bedford, opens autumn session

BEDFORD — The opening meeting of the fall session of the Home and School Association was held on Sept. 25, at the High School.

The report of the treasurer, Austin Campbell, showed a balance of \$122.60 in the general fund and \$25.60 in the library fund.

This year the association's dues have been increased to \$2. Mrs. Sinclair McIntosh explained the increase was due to extensive demands on the Quebec Federation of Home and School Associations, as well as an increase in dues to the National Federation. Included in the fees is a subscription to the Provincial Federation's magazine.

Mrs. Alex MacArthur asked that all outstanding library fine boxes be returned, and reported that there are now 4,500 books in the library. All members of the association may obtain books, on Thursday afternoon, when the library is open.

Mrs. Robinson, program convener, advised that programs of meetings for the ensuing year are being printed and, prior to each meeting, teachers will be in their classrooms for half an hour, should parents wish to meet them.

Mrs. Gilman reported that 176 students have taken advantage of the insurance plan to date. Claims were paid last year to eight students, totalling \$300.

Mrs. Stanley Johnson consented to look after the UNICEF Halloween collection.

The president, Fred Gilman, read a letter of thanks from Bruce Martin who received the Home and School scholarship of \$100. Mr. Martin is attending Bishop's University.

The members of the teaching staff were introduced by Principal Kirwin and parents were then invited to visit the classrooms.

The entertainment feature of the evening was the showing of the film, *Destiny of a Nation*.

Mr. Walker explained his physical education program for the coming months, stressing the development of an individual's social, emotional and intellectual, as well as physical needs.

Following the meeting, a social hour was spent, with the members of the executive as hostesses.

Presentation to Mrs. T. Hardy at East Angus

EAST ANGUS — The September meeting of the Women's Auxiliary of Christ Church was held at the home of Mrs. Walter Thornele.

Mrs. Thomas Hardy, who had given such able leadership to the Study Group, expressed regret that she would no longer be associated with the local Auxiliary, due to the fact that Rev. Mr. Hardy and family would be sailing for England at an early date.

The president, Mrs. Rowland, expressed the thanks of the Auxiliary to Mrs. Hardy for her past devoted services and wished her every success in her new endeavor. Mrs. Hardy thanked the members for the parting gift presented to her by the group. The president, Mrs. Alfred Rowland, used the new W. A. books to open the meeting.

A letter was read from Mrs. Parry and one from Mrs. Darker announcing the Deaneery meeting date as Oct. 10 in Cookshire.

The W.A. yearly report and the Little Helpers report were forwarded. The United Thank Offering boxes were turned in, and calendars were ordered by the secretary, Mrs. Leslie Morgan.

The Oct. meeting will be held at the home of Mrs. L. Morgan.

Stanbridge East party honors Miss S. Perry

STANBRIDGE EAST — Miss Sheila Perry was entertained at a going away party on Sept. 28 previous to her departure for Montreal, where she will enter the Catherine Booth Hospital, as nurse-in-training on Oct. 9.

About 35 of her friends and relatives gathered at the home of her uncle and aunt, Mr. and Mrs. Chester Boomhower, where music and dancing were enjoyed by young and old.

Miss Perry was presented with many beautiful and useful gifts including luggage. Later lunch was served.

The same evening Cindy, the youngest daughter of Mr. and Mrs. Boomhower, was celebrating her birthday and some of her little friends were also present to offer good wishes and present her with many lovely gifts.

FURIOUS ST. LAWRENCE — The St. Lawrence River, swept by 53-mile-an-hour gales, pounds a jetty in Quebec Harbor. The fierce waves forced freighters to anchor in the stream rather than tie up at docks. (CP Wirephoto).

W.A. of Dunham and Frelighsburg hold meeting

FRELIGHSBURG — The September meeting of the Dunham-Frelighsburg W.A. was held here at the home of Mrs. William Best. Mrs. Best is noted for her work in foamer craft fairs, and several new designs were displayed.

The meeting opened with prayers led by the president, Mrs. Curtis, assisted by Miss Carolyn Best. A short study, *The True Function of a Parish*, was followed by the minutes of the June meeting, read by the secretary Miss Phyllis Farrar.

The treasurer, Miss Selina Holland, announced that all fees and pledges had been paid, as well as bills for wool supplies and delegate's expenses, etc.

The following items were approved:

BECAUSE YOU'RE A WOMAN...

Because you're a woman you know the cry of the lonely child in the middle of the night-and you comfort him.

Because you're a woman you know the eager grasp of tiny fingers in your hand-and you lend them your strength and courage.

Because you're a woman you are a compassionate being - and understand the hurt, the fright, the shame, of the unfortunate.

Man can't always comprehend the ways of women, but because you're a woman you know - you know the miracle of the gentle touch, the kind, soft spoken word,

the understanding look. And because you are a woman, you are, above all, practical. You know you can't personally reach out and give your love and understanding to all the unfortunate who so desperately need it.

But because you're a woman you'll give from somewhere within your heart - so that others can make your comforting hand reach farther to those who need it so much.

And because you're a woman you'll want to give -- personally - so that you can experience the deep satisfaction of knowing that you gave where the giving does the most good.
