

# RINK SITE GOES SOUTH

## Lowest Tender Is \$643,200

The site of the artificial ice rink for the city of Westmount has moved still further south, according to a release from the city hall, this time by the full length of a tennis court.

## Mayor Bruneau Gets A Letter From Taxpayer

Mayor A. S. Bruneau received a letter this week from a resident. It arrived on Monday and began "This being the day for the opening of tenders for the Westmount Rink, I am taking the liberty as a taxpayer, of writing to you."

The writer, among other things, pointed out: the annual report last issued showed the city with \$19,000 excess of revenues over expenditure while in 1955 the excess was over \$98,000. The rink will cost a half million with no return on the investment.

Design of the rink is criticized in the letter as being fine for Toronto, Hamilton or London, but not so good here. An open rink, the writer says, will let in drifting snow. Westmount, the writer adds, requires a closed rink with a standard ice surface and 3,000 to 4,000 seating capacity. This could bring revenue.

The rink, according to this writer, should be built on St. Catherine street, and the Athletic Grounds clubhouse used for dressing rooms, etc. He admits there is a proposal to build a school on the Athletic Grounds site but says "This is some years away, so let's develop the WAA grounds for recreation."

The closed rink, the writer concludes, can be built for half the price of the semi-enclosed job, with enough left over for a swimming pool.

Also, the release said, construction tenders will be held in abeyance, for possible modification to the building. Lowest tender from Douglas Bremner Construction Limited, is \$643,200. This is more than somewhat higher than City Manager Hughes has estimated.

Latest move to the south is being read by between-the-lines experts as a modicum of appeasement for the ruffled feathers of the 1,000-odd members and adherents of Westmount Park Emmanuel Church who fear the noise from the rink — but if it was offered in a pipe-of-piece attitude it has drawn a blank.

Says Rev. Callum Thompson: "The least my congregation will accept is that the city build the rink below the cement wall bounding the tennis courts."

The city's announcement says the rink will be built 168 feet south of the south curb of Western and Lansdowne and that one group of tennis courts will be retained.

The Bremner tender was lowest of 10, the city has announced but it was decided that no tender be accepted until "architects fully explore the possibility of modifying plans so that the cost may be reduced substantially."

Estimated time for completion of the building is 28 weeks from the awarding of the contract.

## September 3 Is Date Set For 'Beefs'

Tuesday, September 3, is the date set for local 'beefs'.

This is the night set apart when the taxpayer — if he knows about it — can get up in the august council chamber and offer reasons why he thinks his assessment is too large.

This year, with the date set the day after Labor Day, it may be that the administration might anticipate a small attendance — but a check reveals that such will not be the case.

In fact there are some residents so keen to get a crack at the council that they are foregoing a Labor Day holiday, just to be sure and be on deck for the fireworks.

While this have-your-say session usually passes in Westmount with very little fanfare, it is expected that the reverse will be the order of the day September 3.

With the controversial question of the artificial ice rink site still uppermost in the minds of many, the stage will be set for action.

## Next Week's Weather

By ERIC NEAL

August 17 to 24

Blue sky and relatively warm days, cool nights and only occasional thunder showers, then sunny again with morning fog or dews. Temperature range 35-75°F.

Wet mists or short showers mid-week, with thunderstorms south of the St. Lawrence.

Warming again and generally fair for the end of the week. Morning fishing best.

## Rink Site Opinions Vary — Most Favor Good Clean Fun

The Examiner's roving photographer ran round the municipality this week buttonholing residents and asking a pertinent question.

The question: "What is your opinion of the site chosen by the Westmount City Council for the public artificial ice rink?"

Here is how he made out: Jacob Elkin, 581 Lansdowne, 17, immediate past president Westmount High School Student Council, now at McGill: "I think it is a very good site. It's near a park, school, and is in the residential area. You can't please

everyone. The Council was chosen to represent the people and they must have understood the situation before making a decision. As for the minister's statement, if the children are going to skip Sunday School to go skating, they would do it anyway, no matter where the rink was."

Dr. J. P. Labrecque, 9 Braeside Place, Doctor, "I think that the present site is good; but the first choice (in the Park) makes me think that the Authority has no respect for nature. In Paris, when

a tree is to be cut down it is a municipal affair, here the only ones who are interested are the children who watch the workers. I am glad that enough people have shown interest to have moved it to this site."

Charles Lyons, 438 Mount Stephen, retired: "I think it should be by the Armoury. I think this is a good thing that you are doing, getting these opinions. I have lived here for 49 years. I'd rather not see it near the church."

Vladimir Rahr, 4560 St. Catherine St. W., age 18, student: "I think the site is a good one. It has more advantages than the others. I think the City should have held a vote on the issue. As for the noise that the Church is complaining about. They must have an organ in there, but in all the years that I have been passing that church I have never heard it, therefore how will the church hear any noise from the Rink?"

it, but I think we have been waiting long enough to have a rink in Westmount. It's a step in the right direction, and let's have a swimming pool next."

Heather Johnston, 6 Park Place, age 13, student: "I don't like it there because I want the tennis courts to be there. I don't see why they can't have it on Melville and Sherbrooke or on the RMR lot."

Local anglers are having a very successful season. Now is the time to have a final go for bass and muskie. The bass will grab at anything that looks edible while the muskie continues to be the most contrary and fastidious fish in the waters. Some days they will go baldheaded for meat and spoons near the surface while the next day you have to troll deep with a lure to get any response.

One reader this week writes in to ask if a year round open season on otters would help fishing in this province. I do not think so. Game fish are only a small part of an otter's diet. It would help fishing a lot more if an open season were declared on human fish hogs who do far more damage, or on lampreys for that matter.

Another reader enquires if the handle of a single action fly reel should be to the right or left of the rod. Well this is purely a matter of personal preference although it is possible to buy rods that can be changed to either. Personally I favour the left hand side. The reader who enquires how to straighten out

a monofilament fly leader that is inclined to coil has a very simple remedy on hand. All you have to do is run it through a piece of rubber coiled in the hand. Keep running it through and the coil will gradually be straightened out.

Back to the subject of shooting again. This year moose-hunting will be allowed in Quebec from the 18th to the 28th of October inclusive. It will be possible to hunt moose all over the province except of course the Parks and other sanctuaries. Two new clauses have been added to the fishing and hunting leases signed between the Fish and Game Department and the Province of Quebec. The first one states that the lessee will be held responsible for all damage to the forests caused by himself or his associates and employees. In the case of fire he will have to prove that every possible effort was made to bring it under control.

The lessee will also be obliged to keep a chemical fire extinguisher on hand in each camp.

## BULLETINS FROM BIRDLAND

BY WINIFRED E. WILSON

### AERIAL MANOEUVRES

Barn Swallows are especially equipped for aerial manoeuvres, having flattened heads, very long, pointed wings, and tiny feet for light weight. No doubt you have watched these masters of stunt flying turning and twisting far above the earth, then dipping down to just touch the surface of a quiet lake so as to form little ripples. Swallow's wings seem to flip around in all directions, yet each beat ends with the tips pointed almost straight back. Their manner of flight is exactly the opposite to that of Loons, which take the straightest possible course, and move their small wings regularly up and down.

Flying is no trouble at all to Swallows — they never land on the ground except to pick up nesting material, and do everything on the wing except sleep. Everything includes eating, drinking, courting, and mating. Those huge mouths of their's with the enormous gape are used to scoop up flying insects, which constitute their entire food, and also water as they sweep over lakes and ponds. Indeed they barely stop when gathering mud for those small "bricks" that they use to build their homes, just grab a mouthful of mud in passing, or a few straws to hold the pellets together.

It is because of all this that Barn Swallows are able to migrate with ease particularly long distances. Even those that breed in the Yukon and Alaska spend the winter in Argentina — 7,000 miles away. Over cities and farmland, over mountains and seas, over jungles of the southern continent they sail. They are not worried about speed; they progress in a leisurely manner. Unlike the great majority of birds, they are able to take the hours of darkness for resting because they feed as they fly. Swallows capture certain flying insects that no other birds get. That deviating flight which you must have noticed means that a fly is being chased — up and down, to the right or to the left.

Of course more miles are thus added to the already lengthy journey to South America. They travel the same route, but with characteristic zig-zagging, as do many other species: following the coast lines and rivers, flying over the West Indies. Most kinds of birds find the 350 mile crossing of the Caribbean Sea a long non-stop flight; but not the Barn Swallows. They can easily keep to the air, and are not obliged to fast while far

and he will also have to keep sufficient tools on hand to help, in fire fighting. These changes were recommended by the Quebec Forestry Association and the Federation of Fish and Game Clubs. I am sure they will be welcomed by all true lovers of the great outdoors.

Cats and kittens have an infinite capacity for getting electric shocks.

Apart from the fact that there is usually a lot of static electricity in the fur of a cat, rub the fur in the wrong direction in the dark and you will see what I mean, but with their sharp claws and teeth they can easily bite through insulated flex and other wires. Where there are cats and kittens electric wires should be so arranged that they cannot easily be reached.

Cats love to play with loose

flex. If it receives a shock it will become paralysed and unable to let go. You must rescue your cat immediately. This is usually possible by simply switching off the current. If this cannot be done you must remove it forcibly. Use rubber gloves and rubber soled shoes to ensure that you are not shocked also. If these are not available push the cat away with a broom.

If it is still alive, place it in a basket and comfort with artificial heat. Drinks should be given and the best is glucose in water, or a generous amount of white Karo syrup in milk. A badly shocked cat normally recovers in 24 hours. If there are burns they must be treated in the normal way.

Fever is also a common ailment among cats. Sometimes this is merely a symptom of many diseases. When a cat has a slight temperature there is no necessity for any special remedies. If, however, the temperature is found to be as high as 104 then give a five grain tablet of aspirin two to three times daily. This will do no harm and will help to lower the temperature. It also acts as a mild sedative. Feverish cats should be persuaded to rest.

When there is a bad fever and the cat is obviously ill this must be taken that a visit to the vet. is indicated. Home treatment is only justifiable when professional help is unavailable.

## Richard H. Nash Buried Monday

Final tribute was paid Monday to Richard Harold Nash, 25 Staynor ave., who died Thursday at the Montreal General Hospital. He was 79.

Born in Bristol, England, he came to Canada in 1900, where he became associated with the well-known G. Sully Ltd., Printers and Bookbinders, Montreal. Sometime later he became owner and president of the firm. Due to ill health he retired 15 years ago.

Mr. Nash an active sportsman was a member of the Summerlea Golf club, and a chartered member of the Cartierville Boating club. He was also a member of the Masonic order; Worshipful Master of Westmount lodge no. 76, (1937); companion of the Royal Arch Masons of Quebec; member of the Ancient and Accepted Scottish rites; and a founder of the Masonic study club.

Mr. Nash is the husband of the former Mary Elizabeth Sully who predeceased him in January of this year. He is survived by his brother, Charles, of Vancouver, and sisters, Mrs. S. Baker, of Hove Suffolk, and Mrs. H. Mann, of Coulsden, Surrey.

Services were held at the Wm. Wray chapel and burial took place in the Mount Royal Cemetery.

## COLLECTOR'S ITEMS

By  
 Phil Atelay

This week we go to Europe for our collectors items. Switzerland and France have recently issued some very pretty and colorful stamps. Austria has issued a new commemorative and a new scenic series. The one schilling stamp marks the fiftieth anniversary of postal bus service in Austria. In dark grey it contrasts a 1957 bus with the old type that was in use in 1907.

The other schilling stamp is one of a series that depicts

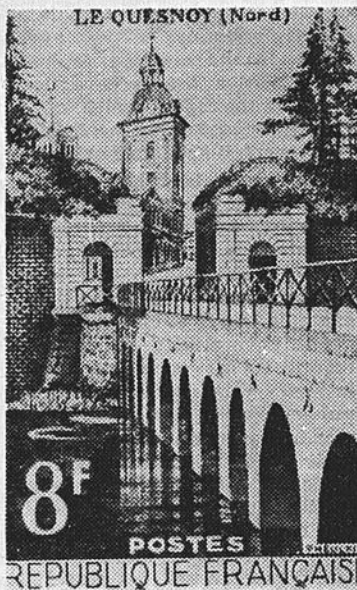

famous towers, many of them designed by the mad King Ludwig. This one shows the basilica of Mariazell founded 800 years ago. It is near Vienna.

Our French stamp this week portrays a peaceful village street scene. It was issued to honor the City of Le Quesnoy in Northern France. The stamp which is

an eight franc issue is printed in dark green. It was released in June.

By September a new issue of Malayan stamps will be coming out. The Country gets its independence at the end of this month. Up to now the stamps of the various Malay states have carried portraits of the Sultans. There were nine such states and it is expected that the

new nation will issue stamps portraying landscape scenes and a portrait of the Sultan of Negri Sembilan who will be the monarch of the new country.

## Camp Weredale Reports Success At Field Events

The twenty-fourth Annual Field Day at Camp Weredale, sponsored by the Rotary Club of Westmount, was held yesterday with a large delegation from the Club attending under the leadership of its President, Wm. Tawse. Camp Weredale is a summer home for the boys who are resident at Weredale House and is located at Lac L'achigan, Quebec, the Camp being established for the boys of Weredale by the Rotary Club of Westmount in 1934.

Following an afternoon of land and water sports, there was the annual baseball game between the Rotarians and the boys, the boys keeping up their unbeaten winning streak against their older opponents. John M. Rudel, President of Weredale House, welcomed the Rotarians at the dinner meeting and thanked them for their continued interest and support and Mr. Tawse spoke briefly to the boys, expressing the gratitude of the Rotarians on the excellent condition of the Camp and the spirit shown by the boys in their participation in the Camp programme. The Camp is under the direction of Norman J. Kneeland, Director, Mrs. M. Craig, Lady Superintendent as Group Mother, with Joseph G. Leach and Howard Paul as assistant directors.

Prize winners in the sports events were: Senior — Frank Maighan, Robert Ferland, Walter Pankiw; Intermediate — Bernard Kelly, Philip Scott, John McDermott; Junior — Ray dePierre, Fred Pharoah, Peter Parr; Pee-Wee — George Keerewer, Philip Whitehouse, Gary Duncan.

This article on "Stamps" for this paper, Margaret plans to continue her studies for her Senior Matriculation at West Hill High School.

## No Star Night, Moon Too Full

Local members of the Royal Astronomical Society are burning the midnight oil this week as they study a new comet, 1957 D, discovered in Czechoslovakia last week, according to Frank DeKinder, director of observations.

Sky observation equipment has not been set up in Westmount Park for the display of perseids, or shooting stars, this week because of "unfavorable circumstances provided by a full moon which reduces visibility," Mr. De Kinder told the Examiner.

Although there will be no 'star night' in Westmount this summer, the society does plan to organize this activity in the future.

The new comet that astronomers are studying may be seen in this district by the naked eye in the north east sky below the big dipper. Mr. De Kinder recommends looking for the comet about 8:30 p.m.

## Band Concert

The Royal Montreal Regiment will give a concert, Monday, Aug. 19, at 8:30 p.m. at Westmount Park.

Bandmaster WO2 A. Fleming will conduct in the first part of the concert; a March, "Entry of the Gladiators"; Overture, Poet and Peasant; Novelty, "Prairie Lament"; Selection, "Sullivan's Operatic Gems", and Descriptive, "Down South".

There will be a short intermission following the playing of the above pieces. The concert will resume and the band will play; March, "My Hero", Waltz, "Amoretanze", Pot Pourri, "Melodious Memories", Sacred, "Ave Maria", and March, "Bombasto".

Finally the Regimental March and the concert will close with the playing of "God save the Queen".

### Commission Idea Good

Judge Bernard Rose, who speaks from the experience of a long career in the practice and administration of the law, has declared that "the more efficient and feared the police force, the fewer the number of law breakers." He believes that the solution to the unprecedented lawlessness that presently plagues the city is more police on patrol duty. "The criminal aware that at any moment a highly intelligent, brave and determined police officer would be around the corner would hardly risk capture".

Judge Rose advocates the formation of a commission, composed of representatives of business and the law, to take over administration of the police. This commission would be independent of all political considerations, and in addition to determining larger questions of policy would have the authority to set qualification standards for applicants, their compensation, and promotion. It would eliminate the friction between the force and the civic administration that has hampered the police for some years past. It would definitely put the administration of the police force beyond any suspicion of influence on the part of those engaged in illegal or borderline activities, no matter how powerful or far-reaching

such activities might be. We believe Judge Rose's proposal has a great deal of merit, and we hope it will receive consideration when the Provincial Legislature discusses its new plan for a Greater Montreal authority.

### Metropolitan Government

It seems a certainty now that Montreal will soon have some type of overall administration to look after essential services common to all of the island's municipalities. Mr. Duplessis has announced that the matter will be introduced at the coming session of the Legislature. He has invited all those interested to make whatever submissions they feel might help in devising a system as satisfactory as possible.

The municipalities who are neighbor to the metropolis are vitally concerned in this. Many of their taxpayers are worried lest a new arrangement will mean heavier taxes and a deterioration in services. Most realize, however, that some revision of the present system is inevitable if the Greater Montreal area is to continue its progress.

Now is the time to begin preparation of briefs. It is to be hoped that all the municipalities to be affected by the new authority will make a study of similar authorities in other cities, and make recommendations based

### Teach Civics Suggests Rose

Editor, Examiner, Dear Sir:

"Since municipal government affects the comfort, health and well being of the citizen and his family to a larger degree than government on the federal and provincial levels our growing youth should be given opportunities to learn something of its purpose, structure and function. This applies particularly to the pupils of high school who would undoubtedly be receptive to the information or knowledge they would acquire through attending lectures once a week given by competent persons who could explain to them in simple language the actual working of the municipal administration.

They would learn why it is necessary to elect a city council and mayor. Why a police department must be established to protect the life and property of the citizen; why a building department must exercise supervision in the erection of buildings; why a health department must protect the health of the citizen by enforcing health laws to prevent illness and epidemics.

They could be taken on a tour of the civic buildings and meet officials who are entrusted with the carrying out of the municipal and other laws. No city in the province can serve as a better example and object lesson of good government than Westmount. Its mayor and council are in every way representative and public spirited in a measure that merits the warm appreciation of their fellow citizens. They take pride in their city and gladly render service that is honourable and constructive. They cooperate with the highly competent General Manager and his staff. The citizen knows that any complaint receives prompt attention. The members of the Police department are courteous and well trained. At times in the fulfilling of their difficult duties they may incur the temporary displeasure of an offender against the municipal or other laws, but they act with that judgment ex-

pected from well trained police officers. In learning something of the art of municipal government the high school pupil would, when he or she became adult be more inclined to cooperate than criticise those who administer the city's affairs. They would realize how important it is to maintain law and order and how deeply interested the citizen is in good government. What may be taught in the schools or in text books relating to civics cannot for a moment be compared with the profitable instruction they would get from lecturers who politically or administratively are concerned with municipal government. At the conclusion of a series of lectures such as suggested, prizes could be given to the

pupils who showed a keen interest in the subject and could with a brief report or summary, or orally answer questions.

In order to induce youngsters to attend these lectures a generous citizen could make provision for light refreshment at the conclusion of the address.

Only in the measure that we educate our growing youth in the responsibilities that will one day be their's is it possible to secure that respect for authority that is essential to good government. Beginning with municipal government which is the basis of our democracy there would then come the added incentive or ambition to serve in larger fields.

Happy indeed are the people who dwell in a well and efficiently administered municipality.

Our teenagers are generally intelligent and would quickly absorb the facts in all that relates to municipal government.

The several aldermen who

head the different departments are well qualified to explain their work. General Manager Hughes who is a recognized authority on municipal administration would make his subject as interesting as anything shown upon the T.V. screen.

Officers of the political department could describe the procedure followed in the arrest, detention and conviction of those who violate municipal, provincial or federal laws.

I discussed the suggestion contained in this communication with Mr. Leon Trepanier the former leader of the Montreal City Council and a distinguished journalist and historian. He thought it was well worth giving a trial. He expressed regret that so few citizens take an active interest in municipal affairs.

Teaching youth something of municipal government would make for better citizenship. If Westmount adopted this suggestion other cities might be influenced to follow example."

### How Many Would Skate?

Editor, Westmount Examiner. Dear Sir:

I have refrained from making any comments in writing with regard to the controversy over the site of the proposed new rink in Westmount, as I found myself in the position of agreeing with a great many of the arguments of both the "pros" and the "cons." However, through it all, I have had one question, and it is:

"Have the authorities taken any kind of a survey to ascertain that this rink will be used by a sufficient number of children to warrant the expense put out on its building?"

My reason for the above question is that living opposite two open-air rinks on Academy Road for several years, and with the exception of a school game held on Saturday mornings, I have been simply amazed at how little they are used. Night after night, those rinks, with the lights burning overhead, are empty, or with one or two children on them.

Yours very truly, Lois M. Rowe

By Gad, Sir! Another dirty Tory trick to pretend they're more radical than the Socialists!

Pneumatic drills? No, that's just some old English aristocrats turning in their graves. . . .

I know I'm only a deb, Lord Altrincham, but no horse-whipping could hurt you as much as you're hurting my toes.

There was a second reason why Our Lord taught the people in parables. It is the reason which He Himself emphasized and which the Evangelists report. St. Mark records Our Lord's explanation of His use of parables: "Unto you it is given to know the mystery of the kingdom of God: but unto them that are without, all these things are done in parables: that seeing they may see, and not perceive; and hearing they may hear, and not understand; lest at any time they should be converted, and their sins should be forgiven them."  subject of the Lesson-Sermon is  
 "Soul".

From "Science and Health  
 with Key to the Scriptures" by  
 Mary Baker Eddy the following  
 will be read (210:11-16): "Know-  
 ing that Soul and its attributes  
 were forever manifested through  
 man, the Master healed the sick,  
 gave sight to the blind, hearing  
 to the deaf, feet to the lame,  
 thus bringing to light the scien-  
 tific action of the divine Mind on  
 human minds and bodies and giv-  
 ing a better understanding of  
 Soul and salvation."

## Roche-Grant

The marriage of Mary Carmelita Pauline, youngest daughter of Mrs. J. J. Grant and the late Mr. Grant to Mr. Charles Ernest Roche, son of Mr. and Mrs. John Roche, took place on Saturday morning at St. Raphael the Archangel Church. The Rev. Father Louis P. Murphy, who is a life long friend of the Grant family, officiated and celebrated the nuptial Mass. The music was by Miss Pauline Martin, and singer for the occasion was Mr. Rudy Fournier.

The bride, who was given away by her eldest brother, Mr. Raymond Grant, was in a gown of white lace embroidered with seed pearls. Her shoulder length veil of tulle trimmed with sequins was held by a coronet of tiny pearls and she carried a bouquet of red carnations.

Miss Gabrielle Grant, sister of the bride, as bridesmaid, was dressed in yellow with champagne colored accessories, and carried a bouquet of small yellow pompons.

Mr. Robert Roche acted as best man for his brother, and the ushers were Mr. Gordon Roche and Mr. Thomas Grant.

The reception was held at the home of the bride at 119 Lewis avenue, Westmount, for the immediate family only owing to the recent bereavement of Mr. Grant.

The couple left by car for different points in the Eastern States. On their return they will take up residence in the city.

Out-of-town guests were: Mr. and Mrs. John Roche Jr. Lachine, Que., Mr. and Mrs. B. C. Allan and family and Mr. and Mrs. Joseph Grant and family of Ottawa, Ont., and Mr. and Mrs. Michael Rafferty, Brooklyn, N.Y.

Volunteer workers of the Canadian Red Cross served 768,825 meals and snacks at eight Red Cross Lodges in 1956.

demand for family counselling has grown markedly in recent years, the social worker said. and the counsellors on the staff have the services of a psychiatric consultant to deal with really complicated problems.

Difficulties between parents and their children also bring a number of West End families to the Family Welfare branch and finding the root of these emotional tangles requires all the skill that the trained workers can muster.

The giving of financial assist-

ance for short term emergencies or for longer periods is still a factor in the branch's work. "Even in the West End, there are different economic levels, as well as all the other problems that beset families these days," Miss Crafter said.

Every day is "Ladies' Day"  
at Le Pavillon

Ladies who lunch in Le Pavillon of the Hotel de LaSalle tell us they find the atmosphere "Delightful," the decor "so charming" and the food "absolutely divine!" Well, we admire them too . . . their pretty chatter that enlivens the midday hours.

While everybody features a "Businessmen's Special," Le Pavillon, with you in mind, prepares a "Special Light Luncheon" and that is why, for a relaxing interlude in a shopping day, or a business day — for a place to meet good friends — the quiet luxury of Le Pavillon is a fashionable choice with the ladies.

Like all the famous restaurants of the Hotel de LaSalle, Le Pavillon is air-conditioned and, for dining room guests, parking is complimentary.

Every day a Special  
Ladies' Luncheon

With a rare appreciation of feminine tastes, our chef features a "Special Light Luncheon" in the regular menu in Le Pavillon. It is changed each day, but a typical menu is shown at left.

**Farmers-Attention**  
 Wanted—a number of progressive farmers in eastern districts who would like to set out a commercial block of red raspberries either for your local trade or for shipping to recommended city dealers. Recent Ontario and Quebec prices at 40-to-60¢ per quart and dealers report would indicate short supplies everywhere.

To encourage a limited planting of new high yielding patches, a nurseryman with many years experience in commercial production will personally interview and educate interested farmers in raspberry culture. This should result in higher unit yield, longer patch life, less hand labour and when translated into dollars at normal prices relatively higher ratio of profit is assured.

If genuinely interested in berry growing as a sideline to farming, write on or before Aug. 27th to, Meadowbrooke Nursery, Box 357, Trenton, Ont., giving location of your farm. We will call later and completely analyze the business, soil requirements and complete preparations up-to-date cultural practices. Home markets and surplus shipping, cost of planting, estimated yields and profits per acre later. Replies can not be covered.

## Tight Tilts In Opening Draw Play

NOTRE Dame de Grace Lawn Bowling opened their 32nd running of their mixed tournament with 40 entries from all over the island of Montreal.

President John Hamilton along with members of his committee, other rinks and provincial officials rolled the first "jack" to get the tourney underway on the Cote St. Antoine avenue greens.

Play will continue through the week until the finals which are set for next Wednesday. In the case of bad weather, the tourney will be pushed ahead to next Thursday or as many nights as it will take to complete.

Among the competitors are John Linford, single Provincial winner who will skip his Lachine rink. With him from Lachine on another team is Tom Hunter, who with Linford won the Governor General's trophy last week.

Members of the rink from St. Lambert, provincial champions,

are also competing in this N.D.G. tourney. Bob Fender, member of the Verdun Provincial pair along with Chris Childs is also out to win the rink title.

This will be the last major tournament as the big one of the year, Dominion Championships will be staged at Westmount for three days. Opening 26 until August 27.

Last night's results: Hotchkiss, N.D.G. 13; Heggie, Westmount 8; Weeks, Mount Royal 9; Franklin, CNR 10; Jones, Mt. Royal 4; Douglas, Westmount 13; Bishop, N.D.G. 11; Eaves, St. Lambert 10; Leone, N.D.G. 8; Porter, Verdun 15; McGee, Mt. Royal 12; Keyes, Westmount 11; Wise, N.D.G. 5; LeBlanc, CNR 19; Hamilton, Mt. ## Old Caddies' Tourney Goes To Al. Johnson

Alan Johnston of Kanawaki, Jack Archer, unattached professional, and Herb Butt of LaSalle Golf Club shared honors Sunday in the Old Caddies Golf Tournament at the LaSalle Golf Club.

Johnston paced the assistant professionals in the area with 70-72-142 for \$75.00 top prize and an all-expenses paid trip to the Bing Crosby Golf Tournament.

Back of Johnston were Andre Bigras, Islesmere 147; John Davis, Beaconsfield 147; Andre Gagne, Municipal 148; Eddie Eustace, Summerlea 150; Jean Gicoux, Marlborough, 150; Jean Guy Gendron, Municipal 153; and Ray Haines, Elm Ridge 154.

Archer paced the professionals with a 69. He won \$75.00 prize

money. Jim Seoney of St. Andrews was second at 75, Jean Guy Periard, Municipal and Jack Bissegger, Val Morin 76; Jules Huot, Laval 77; and Gerry Proulx, Gouffard, 78.

Butt took the George Boothman Memorial Trophy with his 74. He edged Jacques Barrett, Ray Getliffe and F. Delisle, who finished at 75.

At 76 were Jean Alepin, A. P. Cross, H. Harding, A. Spiers, A. Smith, and P. L. Douglas. R. Lefebvre, G. Legault, J. Diabox and P. S. Ross were tied at 77.

The women's division prize was won by Joan Gossage of LaSalle with 80. Mrs. B. Hefferman was 90, Alberta Godsell and Mrs. E. Sparks were 95.

The father and Son Trophy was won by Leo Jean Yves Gosselin.

## Strong Canadian Canoe Team Set For North American Races Sunday

CANADIANS and Americans will battle again on the shores of the St. Lawrence River but it is a different kind of battle that will be fought on Sunday at Gananoque Canoe Club where the 5th annual North American Canoe Racing Championships will be competed for, the third time in Canada.

Six official races, three in each of the single and the double blades plus several exhibition events are scheduled. The Canadian entries were the winners of the Dominions held at Ottawa two weeks ago, and the second and third place crews.

In the last four years, the American Canoe Association crews have been able to win once in 1953 and again in 1956. Canadian paddlers have won 22 titles since the competition started.

Several local veterans of the Canadian team who have been members since 1953 will again carry the burden.

They are Bob Smith, Lachine, twice single blade single champion; Les Melia, Lachine, double blade champion who will team up with Wally Harris in the 5th running on Sunday; Don Stringer, member of the Lachine single blade four; Lou Lukanovitch, formerly of Sudbury now of Cartierville.

George Bossy will carry Cartierville's honors at Gananoque in

the senior single. Allan McCleery, Carts is also a member of the Canadian team.

# FBI's Holden Gives Up Three Hits For 2-1 Loss

NO matter how you look at the Snowdon Major Fastball League 1957 playoffs they should be some surprises, which is not unlikely when you have four good teams, strong pitching, good batting. It will be tight and careful ball for every error proves costly.

## Loop Finish Shows Class

DOW Brewery's final playoff drive in their final four games of the Snowdon Major Fastball League schedule paid off to such an extent that they almost took over second place from Snowdon Combines.

But when the games were all played, Grocers beat out Dow in the final game Monday night, 3-1, Atchison's crew were still in front of the pack by 14 points over Combines.

Dow came up with a third place berth with 30 points while FBI dropped to fourth with 29 points. Pepsi Cola whose fight was in vain finished fifth with 24 points and Verdun landed in the cellar with 13 points.

But it was quite a race, especially at the end. Pepsi saw their playoff chance blew out of the window when Verdun's ninth inning efforts gave them a 9-4 win. Pepsi needed every two points as they never knew what was going to happen to their

## Tomlinson, Leader Of Snowdon Batting

Rickey Tomlinson, Grocers, is the new batting leader of the Snowdon Major Fastball League and with the schedule complete but the final figures still to come on the week-end by Ron Young, league scorer, Tomlinson battles it out with teammate Buddy Atchison.

Tomlinson has 38 hits in 97 appearances for a .392 mark. Atchison is seven points back with .385. He has 40 hits in 105 at bats. Leon Blackman of Snowdon Combines is third with .361. Tomlinson, Steinberg's 97 17 38 .392 Atchison, Steinberg's 104 25 40 .385 Blackman, Snowdon 97 18 35 .361 Barnard, Dow 95 14 33 .347 Rasantti, Pepsi Cola 95 16 31 .323 Pepin, Dow 79 5 24 .304 J. O'Reilly, Verdun 89 14 27 .303

rival playoff teams.

The Brewers came up with a big win on Sunday, going 14 innings to turn back FBI 6-5. This was an uncompleted game from last month. But FBI came back in the next game and beat Dow 7-3.

Pepsi suffered another defeat when Combines beat them 8-6. Combines in a uncompleted game with Verdun won it 12-6.

No matter if Dow did finish in second place they would have drawn Combines in the semi-final playoffs. The main objective was to stay out of fourth place, for FBI will have a tough nut to beat, Steinberg's. Most likely Dow figure that meeting Combines were a little easier and a better chance to reach the finals.

### HOW THEY FINISHED

Team	Won	Tied	Lost	Pts.
Steinberg's	24	5	1	49
Snowdon	17	12	1	35
Dow	14	14	2	30
FBI	14	15	1	29
Pepsi	11	17	2	24
Verdun	6	23	1	13

## Inter-Playground Ball Loop Results, Standing

Team	P	W	L	Pts.
Stayner	8	5	3	10
Westmount	6	3	3	6
Prince Albert	6	2	4	4

GAMES PLAYED  
Westmount 21, Stayner 20 (8 innings), Prince Albert 17, Westmount 1.

The first game of series "A" has proved that point. Steinberg's won 2-1 over FBI but they never worked harder for their first win of the playoffs.

FBI hit Percy McCracken for four hits and Grocers hit Ace Holden for three. It was one of Holden's better games this year, in fact Holden deserved to have the victory instead of the loss.

Grocers scored their two runs in the eighth: McCracken single and after two men were out, he scored on Atchison's single for the first run.

Lapointe crossed the plate for run No. 2 when Tomlinson's hard hit ball got stuck in the glove of Ray Boulter and Lapointe went home.

In the ninth, Wesolowski scored when Homer McCracken

## Snowdon Loop Playoff Tilts

Following are the semi-final, series A' and B' playoff series of the Snowdon Major Fastball League.

SUNDAY: Grocers at FBI, Trenholme Park, 2.00 p.m.; Combines at Dow, Trenholme Park, 8.00 p.m.

MONDAY: FBI at Grocers, Trenholme Park, 8.00 p.m.

TUESDAY: Dow at Combines, Willibrord Park, Verdun, 8.00 p.m.

errored on Holden's single. There was two out at the time.

Andre Corriveau was the big man at the plate for FBI getting three of the four hits.

It was estimated that the crowd was over 6,000, largest ever to see a senior ball game.

### TIGHT SERIES

To pick a winner in series "B" is going to a hard one for any of the two clubs, Combines or Dow could pick up all the marbles.

Dow has shown classy ball in their final schedule drive and could play that same type in the playoffs. The teams will clash in their second game Sunday, at Trenholme park, starting at 8.00 p.m. Their third meeting is set for Tuesday at Willibrord park, Verdun, with game time set for eight.

Grocers, pennant winners and league champions defend their title against FBI, former champions. They will tee off in their second game Sunday afternoon at Trenholme starting at two. The third game has been slated for Monday night at Trenholme.

It was decided at a league meeting on Monday that the semi-finals would be best of seven. They were previously announced as best of five. No reason was given for the change.

## Toppin Takes Tennis Title

The Westmount Inter-playground Boys' Table Tennis Tournament held at Westmount Athletic Grounds saw Eddie Toppin of Westmount Park turn aside Bobby Carter, Stayner Park's, in a closely fought final by scores of 21-15; 16-21; 22-20.

Tournament scores are as follows:

### FIRST ROUND

Eddie Toppin defeated Chuck Burton 21-13; 21-12. Bob Carter defeated Frank Robinson 18-21, 21-8, 21-10.

### SEMI-FINAL

Eddie Toppin defeated Vince McNally 21-17, 22-20; Bob Carter defeated George Shaw 21-15, 23-21.

### FINAL

Eddie Toppin defeated Bob Carter 21-15, 16-21, 22-20.

CANADA'S TOP ranking player, Bob Bedard has had one close call in the Monkland club championships but is still expected to push his way to the finals.

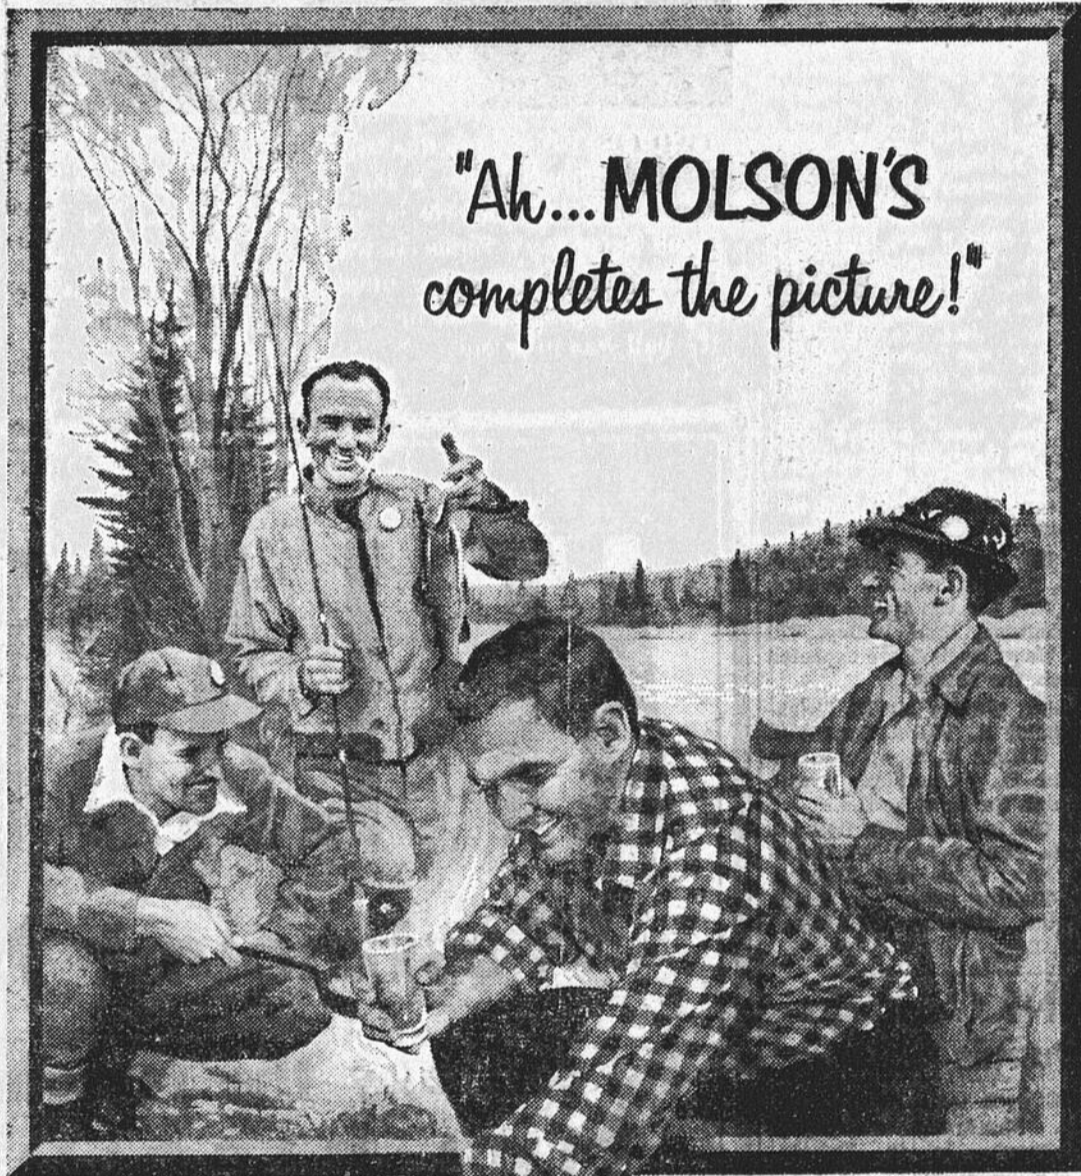

## Linford, Hunter Win G. G. Trophy

Lachine Lawn Bowling Club paced by Jack Linford, the provincial singles champ, and T. Hunter swept to the Governor General's Trophy at the Verdun Greens.

The Lachine bowlers defeated Westmount, with Linford scoring a 21-20 triumph over J. Douglas and Hunter beating J. Henderson 25-17.

Semi-finals saw J. Henderson of Westmount defeat C. Allan of Mount Royal 23-15 and J. Douglas scored a 20-14 victory over D. Nelson of Mount Royal.

T. Hunter from Lachine, defeated A. Young of Riverside 25-15, and Linford knocked off Riverside's T. Cruickshank 24-21.

## Monkland Tennis Tourney Reaches Climax With Finals On Saturday

THE Canadian Lawn Tennis championships which started last week at Monkland Club will reach its climax tomorrow when the semi-finals will be staged. The finals are set for Saturday.

Co-chairman Johnny Parker and Frank Hay are keeping their fingers crossed for good weather. In the case that bad weather does postpone the semis and the finals, the dates will be moved ahead, semis on Saturday and finals, Sunday.

Tomorrow the semis will start about three o'clock while the finals are to be staged at one on Saturday. In the case of bad weather, Saturday and Sunday games will both commence at one o'clock.

Chairman Parker remarked as he looked at a mixed double match on Tuesday night with a large gallery, that it was tough going to arrange such a tourney as the Canadian titles. But to date they are a success.

"There were a few snags but you can't run a tournament as large as the Canadian titles and not run into a little trouble. But considering that we have 200 players in the tourney everything has gone very well," said Mr. Parker.

It has been decided the semis and finals will be staged in daylight, which should see the semis finish about 7.30 tomorrow night.

In the men's singles such seeded players as Bob Bedard, No. 1, and the remaining places, Don Fontana, Paul Willey, Val Harit, Henri Rochon are expected to reach the finals.

Visiting players as R. Krishnan, India; A. Vieira, Brazil; S. Clark, U.S.A.; R. Howe, Australia and C. Fernandez, Brazil, rank high for final berths.

For the ladies, favourites are Mrs. L. Brown, Mrs. H. Doleschell, Mrs. Senn and Miss S. Butt. Visiting favourites are S. M. Tuber, Miss P. Miller and Mrs. J. Lee.

### CNR Captures Dupuis Shield

THE CNR team skipped by T. A. MacAnlay won the 26th running of the Dupuis Shield competition at the Verdun Lawn Bowling Club on Saturday. The Railway team came up with three wins and a 19 plus.

The Ottawa team skipped by M. A. Atkinson was second with three wins and a 14 plus. W. Eaves, St. Lambert, three wins, plus 11 for third place. Fourth went to G. McGee, Mt. Royal with three wins, plus nine.

In the two win class, Wm. Tait, Caledonia, plus 30. The one game high was won by

### Wanderers Start Rugger Practices

The Wanderers have commenced training in preparation for the forthcoming Quebec Rugger Union season. The club is working out at Monkland High School grounds.

The seven-team league will open Sept. 7 when Wanderers meet Westmount. The Wanderers home grounds will be Trenholme Park.

Anyone interested in joining the club is asked to turn out or contact the team secretary at VI. 5-7871.

Practices will be held every Thursday at 6.30 p.m. and every Saturday at 2.30 p.m.

**TWO-FISTED** grip competitor in the Monkland Tennis championships is a lad from down-under, **Bob Howe** of Australia. He is one of the top seeded to reach Saturday's finals. It was Howe who raised the point of not having line umpires, so that the player could worry about his opponent and not see whether the ball was in or out.

A total of 2,294 births were nurses at Outpost Hospitals and attended by Canadian Red Cross Nursing Stations in 1956.
