World News In Brief

London, Jan. 30. — A gale of 82 miles an hour swept Britain today, causing two deaths and forcing Channel ships into shelter.
The wind, which the Air Ministry said was the strongest in a year, felled trees, damaged buildings and disrupted transportation. Two soldiers were killed and two injured when a large oak tree fell on an army hut.

Tokyo, Jan. 30. — (AP) — Allied occupation of Japan should continue for 10 to 20 years to insure full democratization and a peaceful future for Nippon, some members of the Far Eastern Commission said today.
"I believe the occupation should last 20 years," said Col. L. M. Cosgrave, Canada's chief delegate, as the commission prepared to sail Friday on the Mount McKinley after a three weeks' survey of Japan. "If we pull out before that, we will have a little Balkans."

Nuernberg, Jan. 30. — (AP) — The 1944 bomb plot against Hitler was known to the late President Roosevelt, Winston Churchill, high Vatican officials and a number of other persons outside Germany months before the unsuccessful coup, according to hitherto unpublished documents.

President Roosevelt was said to have received progress reports of "Plan Valkyrie" — the code name for the July 20 assassination attempt — from operations of the United States Office of Strategic Services in Switzerland, who were informed by an anti-Nazi member of the German diplomatic corps.

London, Jan. 30. — (Reuters) — Norwegian Foreign Minister Trygve Lie's acceptance of the post of Secretary General of the United Nations Organization was received in London today. He was unanimously nominated last night.

A cable from Oslo reported that Mr. Lie had left Oslo by air today for London.

Philadelphia, Jan. — (AP) — The helicopter may provide commuter air line service for metropolitan New York.

J. L. Fitzmaurice, associate examiner for the civil aeronautics board, today announced that Air Commuting, Incorporated, proposed to give suburban residents in New Jersey, Pennsylvania, New York and Connecticut regular air transportation to Manhattan.

Until helicopters are available, Air Commuting proposes to use an amphibious air service. It was pointed out that the United States navy plans to release its contracts for 12-passenger helicopters in October, making those aircraft available to the public.

Vatican City, Jan. 30. — (AP) — Archbishop J. C. McGuigan of Toronto was received by the Pope in a 20-minute audience today as the first of a group of Cardinals designated to arrive in Rome for elevation to the sacred college of cardinals at a consistory February 18.

National Health Insurance Plan Likely To Be Shelved

By D'ARCY O'DONNELL

Canadian Press Staff Writer
Ottawa, Jan. 30. — The Federal Government's proposed national health insurance plan appeared today as one of the things which may be shelved temporarily by the co-ordinating committee of the Dominion-Provincial Conference as it seeks to find a common basis for discussion on taxation agreement.

It was understood the shelving of the plan has not yet been formally suggested to the committee, but such a move was in prospect before the meeting adjourned, possibly at the end of this week.
One provincial premier — and he believed there were others who agreed with him — said he felt the \$250,000,000 health plan should be given more thorough study before the provinces commit themselves to pay \$100,000,000 of the costs.

The Ontario Government said in its counter-proposals that the Federal Government had indicated that it planned to pay its \$150,000,000 share of the plan through a five per cent tax on all incomes and suggested the provinces pay their share partly through a registration fee.
Premier George Drew has stated that such a system of raising the funds for the plan would only complicate an already complicated tax picture.

It was understood that yesterday the conference discussed what effect delay in reaching taxation agreements was having on provincial re-conversion plans. The Dominion on

Steel Industry Advised Of Top Price Increases To Be Allowed To Settle Dispute

Advance of Approximately Four Dollars a Ton, Believed Maximum Government Will Approve, Will Not Be Adequate to Approximate Workers' Demand for Wage Hike — Negotiations to Begin in Detroit to End G.-M. Strike.

New York, Jan. 30. — (AP) — The United States Government today was reported to have given its "last word" to the steel industry on what price increases it will approve in the interests of settling the re-conversion crippling steel strike.

What this "last word" contained was not disclosed, but a person close to the industry said President Benjamin Fairless of the United States Steel Corporation carried it back to New York to discuss with other steel leaders.

There was no indication here that any major change had occurred in the government position regarding price relief for steel. An advance of approximately \$4 a ton is reported to be the maximum the administration will approve.

However, United States Steel Corporation said yesterday that an increase of much more than \$4 would be necessary even to approximate its workers' demand for wage increases.

URGENT RESULT OF ATOM BOMB TEST BE KEPT SECRET

U.S. Has Already Tentatively Decided to Allow Atomic Energy Commission to Watch Atomic Blasts 10 Miles Away.

Washington, Jan. 30. — (AP) — Demands for a law that would forbid cutting other countries in on results of the coming atomic bomb tests gathered steam today.

Members of the House of Representatives naval committee said they intend to write the top secret idea into a pending bill by Chairman Carl Vinson (Dem.-Ga.) and send the measure to the House floor for a quick vote.

"I've talked it over with some of the others on the committee and I'm convinced almost all of them favor the secrecy requirement," Rep. R. A. Grant (Rep.-Ind.) told a reporter. "I am quite certain they want it."

Mr. Vinson has asked Vice-Admiral W. H. P. Bligh to have a suggested draft of the bill ready for committee action today. Mr. Vinson's bill will make the tests fully legal by providing specific congressional permission to destroy ships chosen for the experiment.

The joint chiefs-of-staff have put Admiral Bligh in charge of the Bikini atoll in the Marshall Islands.

Mr. Grant got the committee interested in his idea after State Secretary Byrnes told reporters yesterday that the United States already tentatively has decided to allow the United Nations atomic energy commission to watch the atomic blasts.

But even the "ringside" seats probably will be up to 10 miles away for safety's sake. Hence few results will be discernible to the eye-witnesses.

Meanwhile, the latest effort to settle the General Motors strike was scheduled to get off to a fast start either this afternoon or tomorrow when C. E. Wilson, G. M. president, and R. J. Thomas, chief of the C.I.O. United Auto Workers, begin negotiations in Detroit with James F. Dwyer, special federal mediator.

Mr. Dwyer, who went into action after getting Labor Secretary Lewis B. Schwelb's orders to take over in the 71-day dispute involving 175,000 G. M. employees, held a series of informal conferences yesterday with both management and labor and then announced the joint meeting.

It is the first negotiating session for Mr. Wilson since discussions began last September, and Mr. Thomas, too, is taking a more active part than he has played during most of the strike.

Union arguments both before and after the Nov. 21 walkout have been led by Vice-President Walter P. Reuther, also taking part in Mr. Dwyer's session.

Mr. Dwyer expected to run into the wage increase demand that has been the major issue in the long strike. The union originally asked a 30-per-cent raise, later brought its figure in line with a governmental board's recommendation for 1944, 25 per cent, and then reinstated the higher demand when the corporation did not agree to the compromise.

Last Saturday the U.A.W. agreed to raises of 18 per cent from the Ford Motor Company and 18½ per cent from Chrysler Corporation, but Mr. Reuther said G. M. would have to pay a higher boost to compensate for "hardships" suffered by its striking employees.

The mediation plans were responsible for adjournment until Feb. 11 of a National Labor Relations Board hearing charging General Motors with unfair labor practices. Trial Examiner Gerard D. Reilly, who conducted the first two days' session, said both G. M. and the U.A.W. had asked adjournment yesterday to avoid hampering conciliation efforts.

Mr. Reuther, chief N.L.R.B. witness in both sessions, testified yesterday that General Motors failed to bargain in good faith by refusing to open its books to prove ability or inability to pay the 30-per-cent increase demanded.

The measure was offered as a substitute for fact-finding legislation on which the rules committee scheduled a meeting today to clear the way for House debate beginning tomorrow.

It contains several restrictive provisions calling for a national labor management mediation board.

Republican spokesmen told reporters nearly all their members will support the plan. And southern Democratic leaders said in interviews that members from their section will back it nearly 100 per cent.

Among restrictive sections of the case bill are ones which would:

1—Provide civil liability for unions or employers violating contracts.

2—Deny collective bargaining or re-employment rights to individuals or unions using violence in picketing or organized boycotts to force management to come to terms.

3—Give no status to unions of supervisory employees, such as foremen and

4—Repeat many of the present anti-injunction laws, by permitting issuance of injunctions in certain cases of labor unrest.

GOVIN GIVEN STRONG VOTE OF CONFIDENCE

Paris, Jan. 30. — (AP) — Felix Guoin, newly-elected president of France, was given an overwhelming vote of confidence by the Constituent Assembly last night after an address in which he outlined his government's policy in domestic and foreign affairs.

The vote was 514 to 51, with Rightist members casting all the negative ballots.

U.S. Strikes At A Glance

By The Canadian Press
Continuing labor disputes throughout the United States keep idle approximately 1,390,000 workers.

Major developments:

Automotive — Top officials of General Motors and C.I.O. United Automobile Workers plan to begin wage negotiations with special federal mediator as Government attempts to end 71-day-old strike of 175,000 employees in G.M. plants.

Steel — Government reported to have proposed "last word" to steel industry on what price increases it will approve in interests of settling strike of nearly 750,000 C.I.O. steelworkers; more than 43,000 workers in allied industries made idle by 10-day walkout.

Shipping — Tie-up of nearly all shipping in New York Harbor threatened by strike Monday by 3,500 A.F.L. tugboat workers in support of wage-hour demands.

Utilities — Scheduled strike of 3,500 C.I.O. electric power workers in Ohio averted as Federal Labor Department arranged conference between union leaders and officials of three companies involved in wage dispute.

Farming — Officials of major farm organizations evince little enthusiasm to proposals by midwestern farmers for county-wide marketing holiday by farmers against industrial walkouts.

Transportation — 5,000 of 9,174 C.I.O. employees of Philadelphia Transportation Company approved strike on February 11 to enforce demand for \$2 a day wage increase; other employees vote on issue today.

Nurse Amazed At Wermuth's Denial

By JOHN GROVER

Manila, Jan. 30. — (AP) — Olivia Josephine Oswald Wermuth, who sued yesterday for annulment of a marriage she said she contracted with Maj. Arthur Wermuth, Bataan's "one-man army," today characterized as fantastic his statement that he does not know her.

Too many people knew us together on Bataan. Too many people saw us together when he came back from prison camp last September," said Miss Oswald, a civilian nurse.

"It certainly is one of the most peculiar cases of amnesia I ever heard of."

"However, group pictures made on our wedding day and other pictures of us together may bring back Arthur's memory."

Miss Oswald's suit, asking annulment on the ground that Wermuth had been married in 1935 to a Chicago girl, stated she and the United States army hero were wed here Dec. 7, 1941, and that she followed him to Bataan after war broke out the next day.

Rand Rules Ford Union Dues Compulsory For All Workers

Toronto, Jan. 30. — (AP) — A formula designed to give both union and company security yesterday was laid down by Mr. Justice Ivan C. Rand of the Supreme Court of Canada as the basis for relations between the Ford Motor Co. of Canada at Windsor, Ont., and its employees, members of the United Automobile Workers Union (C.I.O.).

Mr. Rand, whose decision was final under an agreement reached at the end of a 100-day strike, ruled that all employees should pay union dues to be collected by the company. Actual membership in the union, accompanied by payment of an initiation fee, would be voluntary.

The findings were given in a 6,000-word statement which dealt with the position of unions in general and of the relations of the U.A.W. and the Ford Company in particular.

As protection to the company against improper work stoppage the formula provided a vote for every employee, regardless whether or not he was a member of the union, before the union could call a strike and penalties for the union or individuals in the case of illegal strikes.

The report was the final settlement plan for a dispute extending over almost two years in which the union had sought a union shop, compelling every employee to join the union within a specified time, and collection of union dues by a check-off—payroll deductions. The decision of Mr. Justice Rand differed from a major respects from what the union had sought. It applied the check-off to all employees instead of just to union members, and it

Fire Damage Exceeds Million

Air view of fire in Charleston, W.Va., which was fanned by strong wind and destroyed an entire block of warehouses, office buildings and stores. Blaze spread to one of city's largest hotels, driving its patrons into streets. Fire departments from communities outside Charleston were called in to help battle blaze in freezing weather. Damage to buildings alone totals \$1,000,000, and no estimate was put on their contents.

FARMERS STAGE STRIKE, HOLD MARKET GOODS

Nebraska Farmers Aim to Withhold Products From Market Until Industrial Disputes Finally Settled.

Edgar, Neb., January 30. — (AP) — A country-wide farmers' "strike against strikes" is the object of Clay County farmers who voted to withhold their products from market until industrial disputes are settled, a spokesman said today.

"That's what we're working for," said W. Hubert Johnson, Edgar farmer who helped organize a meeting at which 271 farmers of this dairy and livestock farming area voted the action last night.

"You might say we've got our Irish up," the 48-year-old farmer declared. "We need farm tools and machinery, bathtubs and refrigerators. Why, you can't even buy a pair of overalls out here."

"We're going to have another meeting soon. After that we figure we'll make it statewide, then national."

Responsibility for fixing the date for the Clay County farm strike was placed in a committee headed by Mr. Johnson, who said "we've been talking about February 1 or 15."

Although a resolution adopted at the meeting said "we are not taking sides in the industrial battles," Mr. Johnson said today that most farmers here blame labor rather than management for industrial disputes.

He added that "our sons coming back from service feel pretty strongly about it."

"When we shut off sources of food, strikers will work or starve."

Youths Released In Kidnap Probe

Chicago, Jan. 30. — (AP) — Investigation into the Degnan kidnap-killing continued today and State's Attorney William J. Tuohy said two youths, who he said made telephone calls to the Degnan home, had been absolved of any connection with the crime.

Mr. Tuohy said that one of the youths, Theodore Campbell, 18, had been released and that the second, Vincent Costello, 18, was being held pending his appearance before a state parole board. Costello had been on parole from the Illinois state training school, police said.

GEN. MORGAN IS REINSTATED TO UNRRA POSITION

Confidence in General's Ability and Religious Impartiality Voiced by Herbert Lehman in Reversal of UNRRA Attitude.

Washington, Jan. 30. — (AP) — The United Nations Relief and Rehabilitation Administration completely reversed itself today on the projected ouster of Lt. Gen. Sir Frederick Morgan as U.N.R.R.A. chief in Germany for remarks he

made about the movement of Jews from Poland into the United States occupation zone.

Instead the British officer was formally reinstated in his post and given a public vote of confidence by Herbert Lehman, U.N.R.R.A. Director General.

Mr. Lehman's action contrasted sharply with the position taken by U.N.R.R.A. January 4 when public announcement was made that it "felt obliged to call for his resignation" because of the general's assertions that a secret Jewish organization was promoting a mass exodus of Polish Jews from their homeland.

Gen. Morgan touched off the tempest at a press conference January 2 when he said he was satisfied the influx of Jews into the United States was part of a "well organized, positive plan to get out of Europe."

His remarks brought a storm of protest from Jewish organizations and individuals, and he was accused of anti-Semitism.

However, Mr. Lehman announced yesterday that Gen. Morgan was to be reinstated and voiced his confidence in the general's ability and religious impartiality.

Although the government said five persons were killed in the shooting, which followed last night's labor meeting, Federation leaders said six, and perhaps eight, of their members were slain.

A C.T.C.H. spokesman said the

GOV'T AND REDS DEADLOCKED IN UNITY PARLEY

Impasse Over Composition of National Assembly Persists as Neither Side Will Budge in Demands.

Chungking, Jan. 30. — (AP) — The deadlock over composition of the National Assembly persisted today at a meeting of the subcommittee of the political consultation (unity) conference handling this question.

Both the Government and Communists refused to budge from their demands and the meeting broke up without any progress having been made.

Failure of the subcommittee came amid rumors that Communist headquarters at Yenan had failed to ratify some decisions reached by other unity conference subcommittees. These rumors said party headquarters had given Gen. Chou En-Lai, leader of the communist delegation, a number of new demands to present.

A Chinese Communist demand that the Kuomintang (National) Party retain only half the Assembly seats, with one-fourth assigned to the Communists and the remaining 25 per cent to other parties, was rejected by government committee-men.

It was reliably reported that a government counter-proposal to give the Kuomintang a sizable majority met opposition from the Communists and Democratic League representatives.

If the subcommittee fails to break this stalemate the problem probably will be left for the parties to negotiate.

This procedure was followed when another subcommittee dealing with government reorganization was unable to agree on distribution of seats in the executive Yuan, or cabinet.

On the eve of the council's meeting, the new Iranian premier, Ahmad Gavan, in a message to Prime Minister Attlee, repeated Iran's friendship with Britain and said he was "certain" Britain would help the "Iranian people to achieve its just and legitimate aspirations."

While the Iranian dispute held the spotlight, the U.N.O. moved ahead with its final organizational problems.

One of the major issues was removed yesterday by the nomination of Trygve Lie, Norwegian Foreign Minister, for the key post of secretary-general.

Bevin Claims Russians Use War Of Nerves

By JACK SMITH

London, Jan. 30. — (AP) — Foreign Secretary Ernest Bevin of Britain charged today that Russia had conducted what appeared to be a "war of nerves" in Iran and he endorsed an Iranian demand, opposed by Russia, for the Security Council to take control of the Soviet-Iranian dispute.

Edward R. Stettinius, United States member of the Council, supported the British view as expressed by Mr. Bevin. Mr. Stettinius said he believed the Council should keep the Iranian case on its agenda and retain jurisdiction over it.

"Cannot the Council agree to admit the two parties to voluntary negotiations and (to have Iran and Russia) keep the Council informed until a mutually satisfactory solution is found in accordance with justice?" Mr. Stettinius asked.

The Iran position was stated shortly after it was announced in Teheran that Russia was returning key railway lines in the northern part of the country to control of the Iran State Railways.

Iranian officials said privately the Russian move should bring a prompt and basic improvement in the relations between the two countries and might affect significantly the case that is pending before the U.N.O.

Some Council members were talking of the possibility of a compromise decision between the two countries, but the line which a compromise might take was not clear.

Iranian officials expressed the hope that the railway action foreshadowed Russia's withdrawal of her troops from the country.

Russia told the council that the dispute could be settled by direct negotiations between Moscow and Teheran and, therefore, should be put aside by the council. Iran, however, pressed for intervention.

Discussions among the delegates centered on the possibility of a promise by which the council would leave the issue to bi-lateral negotiation with the provision that the disputing nations report back to the security body on the progress of their discussions.

It was uncertain whether Russia would waive the council's role even though that much jurisdiction. However, Council Chairman Norman J. O. Minkin of Australia ruled Monday that Russia, as a party to the dispute, could not vote on such procedural matters.

The Soviet member could exercise the veto power only to prevent final council action against Russia.

Meanwhile, delegates studied closely an apparent bid by Iran for British help in the dispute, which grew out of Iran's demand for Russian evacuation of the Iranian Province of Azerbaijan.

On the eve of the council's meeting, the new Iranian premier, Ahmad Gavan, in a message to Prime Minister Attlee, repeated Iran's friendship with Britain and said he was "certain" Britain would help the "Iranian people to achieve its just and legitimate aspirations."

While the Iranian dispute held the spotlight, the U.N.O. moved ahead with its final organizational problems.

One of the major issues was removed yesterday by the nomination of Trygve Lie, Norwegian Foreign Minister, for the key post of secretary-general.

Chilean Army Will Operate Trains If Workers Walk Out

By VAUGHAN M. BRYANT

Santiago, Chile, Jan. 30. — (AP) — The Chilean Government took steps today to assure continuation of public services during a 24-hour, country-wide strike threatened by 300,000 members of the Chilean Workers' Federation protesting Monday's bloody police-labor clash.

Admiral Vicente Merino Biedich, Interior Minister, said communications and supply lines would be kept open and it was expected the army would run the trains, at least on necessary supply schedules. It also was believed the army might take over the street railways, light power and water companies.

Bus line operators yesterday informed the Interior Minister they would be willing to remain on the job to prevent a complete transportation breakdown if given necessary protection. Police guards stood by ready to provide such protection.

Federation leaders said 50,000 coal and copper miners, nitrate workers and railroaders ceased operations last night without waiting for the general work stoppage deadline (6 a.m. E.S.T.—7 a.m. A.S.T.) as C.T.C.H. (Federation) members paved by the biers of their fallen comrades.

Although the government said five persons were killed in the shooting, which followed last night's labor meeting, Federation leaders said six, and perhaps eight, of their members were slain.

A C.T.C.H. spokesman said the

government had ordered the arrest of the labor organization's leaders but that only two—both directors in the province of Santiago—thus far had been taken into custody. The arrest of workers from the government about such an order.

The spokesman described as "very improbable" a report that Bernardo Ibanez had turned over his duties as general secretary of the Federation to Communist Senator Salvador Ocampo in order to go into hiding. It was Ibanez who originally called the general strike as "a day of protest and mourning" as well as Monday's meeting which resulted in the fatal clash.

The Interior Minister said the 60-day state of siege declared by the government following the Monday incident would not interfere with the Federation's plans to hold a public funeral for their dead so long as no banners were carried in the mourning parade.

HOTEL VANCOUVER AS VETERANS' HOSTEL

Vancouver, Jan. 30. — (AP) — The 535-room old Hotel Vancouver will be operated as a veterans' hostel by the city's Rehabilitation Council, it was decided last night at a special meeting of the Council's executive.

War veterans who walked into the downtown Vancouver structure last Saturday will stay until the Council is ready to begin "cleanup" work prior to taking over the hotel.

The Canadian Army has control of the building until midnight Thursday when its lease expires.

C. E. AUDET IS ELECTED MAYOR AT COATICOOK

Coaticook, Jan. 30. — Charles-Emile Audet, merchant, was elected by acclamation here this week to the top municipal post to replace retiring Mayor Denis Gerin. Two new councillors were assured two-yearly berths on the council: Willie Paquette, seat No. 3, and Albert Le-

GRANBY MAN IS QUESTIONED IN STABBING CASE

Mrs. Joseph St. Amant, 64 Years Old, Found on Kitchen Floor With Knife Wound Through Breast.

Granby, Que., Jan. 30. — Hormidas St. Amant, 34, of Granby, was taken into custody by Provincial Police for investigation into the stabbing of his step-mother, Mrs. Joseph St. Amant, 64, who was found by neighbors on her kitchen floor with a wound through the breast and a butcher knife lying near her. She was taken to hospital where two blood transfusions and emergency treatments were given. Police reported that the alleged attacker, who was living with his step-mother, had complained repeatedly of persecution by various persons. Police also reported that motive of the attack was not robbery. Police officials said St. Amant's foster-mother was sharpening the butcher knife in the kitchen when the alleged attacker seized it and stabbed her through the breast.

clerk, seat No. 1 (Coaticook North). Mr. Paquette placed his deposit at the last minute to contest the seat formerly held by Hubert Rousseau, who did not seek re-election.

Mr. Leclerc replaces George Beaulieu. There will be an election on February 4 for seat No. 4, formerly held by J. M. Martineau. Contestants are Fernand Riendeau and Joseph Desrosiers.

The new Mayor is a native of Coaticook. He received his education at the Sacred Heart Academy in Coaticook. He received his education in Sherbrooke, and at the Victoria College. The son of Mr. and Mrs. Joseph Audet, one of Coaticook's oldest families, Mayor Audet has three children: Jeanne, 15, Jean, 10, and Robert, 9.

GUILD MEETING AT LENNOXVILLE HEARS REPORTS

The sixty-third annual meeting of St. George's Guild was held in the Parish Hall with Archdeacon A. Jones presiding.

The following officers were elected: Honorary president, Mrs. A. Jones; president, Mrs. W. H. Fisher; first vice-president, Mrs. E. Deacon; second vice-president, Miss E. Perry; treasurer, Mrs. M. Roberts; secretary, Mrs. E. L. Atto and the following conveners, fancy work, Mrs. A. Jones; aprons, Mrs. F. Spry; food, Mrs. A. Burbridge and tea, Mrs. F. Glass.

Mrs. E. L. Atto gave a report of the work done which showed a splendid year. Mrs. Roberts, in her treasurer's report, stated that over \$1,162 had been raised, making this a banner year financially.

Donations during the year included sums to the church wardens, Red Cross, Polish Relief, Mine Sweepers, T.B. Campaign, Queen's Canadian Fund and for cigarettes for servicemen overseas.

Letters of thanks were read from those who had received plants, flowers, cards or letters from the Guild as Christmas.

Mrs. Fisher, in taking the chair, thanked Archdeacon Jones for presiding and thanked the members for her re-election. She asked for their support in this year's work and expressed her thanks to the orchestra which furnished the music for the party which followed the supper given the choir members and returned men. She also thanked all who had helped in any way in the year's work and at the supper.

General Notes
Week-end guests at the home of Mr. and Mrs. H. L. Wallace, Main Street, were Mr. Richard Wallace and little daughter, Sandra, Mr. and Mrs. Robert H. Wallace and Mr. Russell Wallace, of Stanstead.

1,000 Coats Sent To Dutch Nurses

One thousand coats and four hundred capes have been sent by the nurses of Canada to nurses in Holland.

Receipt of this generous gift has just been acknowledged in a letter received by Miss Fanny Munroe, President of the Canadian Nurses' Association, from Miss C. H. Menaldi, President of the Nurses' Association of The Netherlands. The clothing was collected under the direction of the Nurses' Associations of the provinces and shipped by the Canadian Nurses' Association to Holland.

GRANBY

The directors, employees and friends of N. Mitchell and Company's store gathered at the Granby Hotel to celebrate the anniversary of Mr. L. Gemme's services to this firm. Mr. Gemme, who is now the manager of the Mitchell and Company has been employed by the firm for twenty-five years and his administration was publicly acknowledged by the firm as admirable. Mitchell's store is one of the oldest established business houses in Granby and has had excellent men as managers. In 1900, Mr. Thomas Davidson was named manager. Mr. Edmund Dextrader succeeded him in 1912, when the late Mr. Eugene Tetreault replaced him. In 1930 Messrs. O'Leary, Mercure and Homer Cabana shared the administration. In 1933 Mr. L. Gemme became manager, a post which he has occupied to the satisfaction of all.

Mrs. W. H. Solomon was hostess at a delightful luncheon at the Windsor Hotel in honor of Miss H. Legge, whose marriage takes place shortly to Mr. John Freeman. The table looked beautiful with an embroidered cloth and a centre piece of yellow and white mums flanked with all white tapers. After a delicious lunch, a huge bundle containing wrapped parcels all tied together with white satin ribbon was placed before the guest of honor. The many

RESUMES POST

Lieutenant Anne d'Halewyn, N/S has returned to the medical service of The National Breweries, Limited, in Montreal, following her discharge after nearly four years in the Canadian Army. She enlisted on July 6, 1942, in the R.C.A.M.C. and served overseas in Italy, the United Kingdom, from August 1942, until September 1944. From August, 1945, until she was placed on the retired list, on January 22, she served aboard the first Canadian Hospital Ship "Leticia."

COWANSVILLE

Dance, Memorial Hall, Stanbridge East, Fri., Feb. 1st. Farnham Orch.

Gifts were greatly admired and the bride-to-be graciously thanked her friends and hostess for their useful remembrances.

The date for the next community concert has been changed from January 30, to January 31. This has been made possible through the kindness of the St. John's Association, which had booked the supper artists and agreed to change the date so that the date in Granby would not conflict with the Canadian Hockey game here on January 30. The artist for this concert will be Igor Gorin.

The Young People's Society of St. George's Church held regularly on Friday evenings will be cancelled on account of the prevalent epidemic.

The many Granby friends of Mr. Charles T. Tenny, of Waterloo, are congratulating him on his ninety-third birthday.

Mr. W. G. Simpson has been elected President of the Granby Kiwanis Club and was installed by Lieutenant Governor Edgar Tolhurst, of the Montreal Kiwanis Club.

Mr. and Mrs. Fred Lynch have left for Glendale, Calif., to spend the winter. Mr. Lynch's sister, Mrs. Kent, of Montreal, accompanied them.

The Sunshine Club of the United Church was entertained at the home of Mr. and Mrs. Fred Sweet. Mrs. John Gray was elected president for 1946. The club voted \$15 for prizes to be given to the Temperance Study Course taken up in the High School.

"Yes, yes, of course I'm glad to see you—who's your cute friend with the crisp, crunchy, delicious Grape-Nuts Flakes?"

"Ha! Ha!—I fooled you Jim! That's our new cove. She won't serve anything but malty-rich, sweet-as-a-nut Post's Grape-Nuts Flakes for breakfast."

"Well what are we waiting for? Let's get home quick and dig into that giant economy package."

BUGBEE BUSINESS COLLEGE

School opened at the New Year with an increased attendance. Three students withdrew at Christmas to take up office work. Jewel Trotty, in Montreal, Gascans Gauthier in Quebec, and Nan Donaldson, in her father's office. The new students are Contarone Bowen, of Hatley; William Pope, of Stanstead; Charles Keeler, of Stanstead; and Garth Dean, of Cowansville. The rapid passing of the first half of the year has added stimulus to study and the school is humming with interested students.

The passing of Dr. R. O. Ross, cast a gloom over the College, as the "Doctor" lived next door, and was familiarly known to many of the staff and students. The sympathy of all here is extended to the family.

So far this term the half hour, usually taken up by the Literary Society, is occupied in the presentation of business principles not covered in the regular course. The first talk was on "Finding Yourself,"—the second on "Being Afraid of Oneself." These talks were interesting and should prove profitable.

Mr. McFadyen, Director of B. C., visited Montreal to attend a Masonic service at Calvary United Church where Dr. T. W. Jones preached an eloquent sermon to a large congregation of Masons.

A number of the S. W. C. staff attended the funeral of Dr. G. Elery Read in Sherbrooke.

BOY SCOUT NEWS

St. Andrew's Troop met under their new leader, Stan Levesque, with an attendance of fourteen boys. The troop has taken on five new scouts since the first of the year. A scavenger hunt was the main item of the evening and the scouts enjoyed it thoroughly. A visitor at the meeting was Peter Blake of Lennoxville. Two boys have passed their tenderfoot badges, Ronny Enair and Norman Burne.

The Lennoxville Troop held their usual meeting under S. M. Spanswick and A. S. M. McKindsey. Gymnastics, signalling and games comprised their programme.

5th Sherbrooke Troop under S. M. E. Turner met as usual with a good attendance of boys present.

St. Patrick's Troop, on their regular meeting, picked out the team that was to represent them in the Hockey League. Interesting games and badge work constituted the evening's activities.

The 5th Sherbrooke Troop held a dedication of flags at St. Peter's Church on Sunday. Rev. R. Brown officiated. Bearers were David McIntyre and Kent Smith and Guards Barry Holt, Bob Chapman Arden Sears and Doug Smith.

HOCKEY

The Scotch Hockey League standings are as follows:
Lennoxville 5 St. Pat's 6
St. Peter's 3 St. Andrew's 2
St. Peter's 1 St. Pat's 4

The next games will be on February 21 at Parade Grounds when Lennoxville will meet St. Peter's and St. Pat's clash with St. Andrew's.

SOUTH STUKELY

The annual Vestry meeting of St. Matthew's Church was held on Sunday, after the service, which was held at the home of Mr. and Mrs. H. Savage. The meeting was opened with prayer by Rev. S. Wood. The minutes of the last meeting were read by the vestry clerk, Mrs. Henry Bowering, and accepted. The financial report was read by the churchwarden, Mr. J. J. Savage. Rev. S. Wood appointed Mr. J. J. Savage for his wardenship. The following officers were elected for the year: Mr. Cecil W. McLellan, re-elected, for people's warden; Sidemans, Messrs. Fred Honey, Bruce Berwick and Cpl. Henry Bowering; envelope secretary, Miss Marjorie Sweet, re-elected. Rev. Wood expressed his thanks to the wardens, the organist, Mrs. Henry Bowering, and all those who had helped during the past year. Mr. Henry H. Savage extended a vote of thanks to Rev. Mr. Wood for his services during the year.

Mr. George Courville has been spending several days in Montreal where he received his discharge from the army.

Cpl. Henry Bowering and Mr. Arthur Bowering have been ill. Mr. William P. Dimick has been confined to his room.

Mr. and Mrs. Howard Bowering and their daughter, Miss Beth Bowering, of Richmond, were the guests of Mrs. Arthur Bowering, Cpl. Henry Bowering, Mrs. Bowering and Mr. Arthur Bowering.

Mrs. Fred Marsh has been spending several days in Montreal, with friends.

Mrs. W. C. Courville has been spending several days in Montreal, with friends.

Mr. P. Boucher, of Cowansville, has been visiting Mr. and Mrs. A. Guertin.

Mr. and Mrs. Harvey Comeau have been the guests of Mrs. Mary Comeau, Mr. and Mrs. Albert Comeau and daughter, Miss Linda Mary Comeau, in Magog.

Mrs. Hector Pelier is a patient in the St. Vincent de Paul Hospital, Sherbrooke. Her daughter, Miss Rita Pelier, spent the week-end with her.

Recount Reverses Result Of Filtration Plant Ballot

Filtration Plant Project Is Now Approved By 22 Majority

Sherbrooke's recent referendum on the question of a filtration plant stood approved early this afternoon by a majority of twenty-two votes, the judicial recount held at the Court House by Mr. Justice Dalma Landry having reversed the result of the balloting as announced at the close of the polls on January 22nd. At that time the project was defeated by a majority of two.

The reversal was brought about by the Court's acceptance of a number of ballots that had been rejected.

Mayor J. W. Genest stated to the Record immediately after the result of the recount had been announced that he believed the Council should

now go ahead with a referendum to their ratepayers asking for authorization to float a loan for construction of the filtration plant.

"I will certainly bring all possible pressure to bear on the Council to act at once," he said.

Alderman Guy Bryant, chairman of the Finance Committee, declared to a Record reporter: "With this majority in favor, the aldermen will probably bring the subject before the proprietors after a by-law has been drawn up."

Alderman Guy Bishop, to whom the reversal of the referendum vote on the filter project came as a surprise at 12:30 today, said that he believed an immediate council meeting would be called to discuss the matter. He added that a good-sized majority would be required in the City Council itself before further plans on the scheme could be made.

In the opinion of Alderman Alphonse Trudeau, Chairman of the Waterworks Committee, a by-law covering the affair will come before Council deliberations at an early date. He said that the reversed vote presents to the council a better idea of what action to take on the filtration scheme.

The recount was held today on petition of Romeo Duford, secretary of the Sherbrooke Chamber of Commerce, and took place after a writ protesting against the procedure had been rejected.

Proceedings opened this morning at ten-thirty, with Antonin Deslauriers, returning officer and Eudore Vaillancourt, secretary for the referendum, present. Two tellers did the actual recount.

Earlier, Cesar Gervais, acting for Paul Leclerc, president of the Sherbrooke Proprietors' League, presented a writ protesting against the judicial recount on the grounds that the statute under which it was ordered by Justice Landry could not be applied in the case of a referendum, but only where an aldermanic contest was concerned.

This was rejected by Mr. Justice C. D. White.

During the preamble to the recount, Mr. Justice Landry rejected motions of Mr. Gervais along the same lines.

MODERATOR TO BE HEARD HERE NEXT WEEK-END

The Moderator of the General Assembly of the Presbyterian Church in Canada, Rev. J. M. MacGillivray, D.D., of Sarnia, Ont., will be in Sherbrooke this week-end to address a congregational meeting at St. Andrew's Presbyterian Church here on Friday night and to be special preacher at both services in the church on Sunday, February 3.

The congregation is invited to attend a supper at the church hall on Friday at 6:30 to be given by the Session and the Board of Managers. The supper has a double purpose: to show the appreciation of the two bodies for the work of the ladies in the church during the past few years and to meet and hear the Moderator, Dr. MacGillivray.

On Sunday, the morning service will be broadcast and at both there will be special music by the choir, under the direction of Wright W. Gibson. The Rev. E. A. Wright, minister of St. Andrew's, will conduct the services.

Radar Most Versatile Weapon Of War And As Important As Atomic Power, Rotarians Told

"Radar was the most versatile weapon of the war and as important as atomic power," declared William S. Emery, of Montreal, superintendent of communications, Canadian Pacific Railways, in an address to the local Rotary Club last night at the New Sherbrooke House.

Mr. Emery, a past president of the Montreal Rotary Club and the Canadian Railway Club, was speaking on "How Radar Helped to Win the War," and he described at length how radar location, or as it is more familiarly known, radar, was put to military use at sea, on land and in the air.

Explaining briefly that radar is radio energy, which when directed at a target receives its own reflection and translates it into a blip of light on a fluorescent screen, including the target's distance, Mr. Emery stated that radar can watch the flight of a shell, the wake of a ship or the fall of an aircraft.

The possibilities of radar location were realized before the First World War, but it was not until the development of high frequency energy, highly sensitive receiving sets and improved techniques that it could be put to full use, the speaker said. These developments, he went on, were introduced by the British, and between 1934 and 1937 ground radar sets were installed on the south and east coasts of Britain. Thus the United Kingdom was not entirely unprotected when the Luftwaffe began its raids, though even the English did not realize the fact so well kept was the secret.

Radar's first triumph was in the Battle of Britain, Mr. Emery said. "Winston Churchill's immortal 'few' would have been too few to save England without the aid of radar," he stated, explaining that standing patrols were made unnecessary because of radar's ability to judge accurately the place, number, height, speed and direction of enemy raiders, and to distinguish between friend and foe.

After September 15, 1940, when the Luftwaffe lost 155 aircraft over England, the Germans turned to night bombing, and radar took to the air in R.A.F. night-fighters. In January, 1941, night-fighters knocked down only four enemy bombers; in May of the same year, with the help of radar, they accounted for 102, the speaker said. When Allied airmen began to hit back at the enemy with mass raids, radar aided in the location of the target and some time later came the development of H2S, a cathode ray tube, or screen, which presented to the navigator a picture of the terrain comparable to a relief map, he explained, stating that at close range river fronts, streets and even buildings could be discerned.

But radar as used by the Air Force was only one part of its wide field, Mr. Emery said. He attributed to radar location a large measure of the success in sinking of the Bismarck and the Scharnhorst and in the war against the U-boats, for it

could spot periscopes and conning towers, in darkness or in fog. Thus radar carried by escort ships and aircraft deprived submarines from being able to surface without risk, to recharge batteries or to overtake convoys. So great was its success, the speaker said, that Grand Admiral Karl Doenitz at one point declared, "The enemy has deprived the submarine of its surprise by the use of radio waves. He has conquered the U-boat."

Used by anti-aircraft batteries radar in 1944 was so accurate in aiming a gun, Mr. Emery said, that "its error was less than the ballistic error of the gun itself." Though radar's combat uses are still being developed, Mr. Emery pointed out that it has its limitations—it cannot "see" beyond the horizon or through solid objects; thus it cannot "look into" our homes.

Such was the importance of radar during the war that Britain spent millions of pounds upon its development and production and the United States half as much again as upon the atomic bomb, the speaker said, going on to mention that radar alone is six times as big as the pre-war radio business. In spite of this, the necessary use of substitutes and deployed production radar leapt to a 480 million dollar industry in England as compared to \$18 millions at the start of the war. The first factory to produce radar equipment outside of the United Kingdom was built in Canada, it was stated by Mr. Emery, and early in the war a training school was established in Ontario to turn out radar mechanics and operators.

Mr. Emery, a native of Saint John, N.B., who began work for the C.P.R. at the age of 13, was introduced by J. G. Pouliot and thanked by Eugene Lalonde, President J. A. Archambault, who in the chair and others at the head table were D. Brundage, J. Gordon Armitage, B. Hoxham, E. Goodenough and guests Maurice Gignies, M.P., Rev. Canon H. R. Bigg and Lieut. John Wiggett and Pte. Arthur Hall, both recently returned from overseas. Other guests were Captain Fred Simpson, L.A.C. J. R. Mooney, W. S. Roy, E. Lafontaine, E. Jones, J. L. Pinard, D. Armitage, L. Hebert, J. Codere, J. O. Matte and J. Letellier, all of Sherbrooke and J. Laberge, A. Banfill and J. H. Freniere, all of Montreal.

On Monday, February 4, G. Pouliot, member of the local Rotary Club, will be the guest speaker at the weekly meeting of the Thetford Mines Rotary Club.

The educational branch of the boys' work committee of the Rotary Club is making plans for its annual public speaking contest, to be held on March 28. Any Eastern Townships schools interested in entering contestants are asked to communicate with Wright Gibson, supervisor of Protestant schools in Sherbrooke. Winner of the contest will go to Montreal to take part in the provincial contest there.

MRS. T. FLAHERTY PASSED AWAY IN HER 84TH YEAR

Death this morning removed a venerable and well known resident of Sherbrooke in the person of Mrs. Thomas Flaherty, who passed away at her home on Mezig Street at the age of 83 years.

A native of Richmond, Mrs. Flaherty had resided in Sherbrooke since 1912 and had won the friendship and affection of all with whom she had come in contact through her charm, her gentle nature and her great friendliness. She was a prominent member of Sherbrooke's Irish community and had been a very active worker in behalf of all church affairs and in the activities of the Church Guild and the Catholic Women's League.

Mrs. Flaherty was the former Eliza Dearden, daughter of the late W. F. Dearden, for many years Grand Trunk roadmaster between Richmond and Quebec, and his wife, the late Honora O'Donnell Dearden. She was educated in Richmond. Thomas Flaherty, who predeceased her in November, 1901, after her marriage, Mrs. Flaherty resided in Montreal for some time and followed the death of her husband she went to Windsor Mills, where she remained until 1912 when she moved to Sherbrooke. One of six children, she was the last of her family.

Mrs. Flaherty leaves a son, J. K. Flaherty, and a daughter, Mrs. A. S. Cleary, both of Sherbrooke; a granddaughter, Mrs. W. O. Taylor, of Arvida; three grandsons, Thomas George Flaherty, of Ottawa, Thomas Albert Chadey, of Cowansville, and Robert Chadey, of Montreal; two sons-in-law, A. S. Cleary, of Sherbrooke, and E. A. Chadey, of Ayer's Cliff, and five great-grandchildren. A son, Thomas George, and a daughter, Mrs. E. A. Chadey, predeceased her.

The funeral service will be held Friday morning at 9 o'clock at St. Patrick's Church from the late residence, 43 Mezig Street, with interment in the Roman Catholic Cemetery at Richmond.

DEATH CLAIMS G. TURCOTTE IN HIS 57TH YEAR

The death occurred at his home, 14 Victoria Street, early today of George Turcotte, manager of the Nicolet-Northeast mine and a resident of Sherbrooke for the past 25 years, at the age of 56 years. Mr. Turcotte had been in failing health since last September, but was about as usual until yesterday.

Born in Thetford Mines, Mr. Turcotte worked for Martin and Bennett in that city for a number of years, operated a general store in Vimy Ridge, Coleraine, and entered the employ of the Nicolet-Northeast Mine some 16 years ago.

He leaves his wife, the former Ann Seigny; four children, Jeanne, Mrs. Jerry Mathieu, Sherbrooke, Laurette, Mrs. Peter Christensen, of Montreal, Georgette, Mrs. Babe Haas, of Sherbrooke, and Rachel, student nurse at the Hotel Dieu; four brothers, Arthur, Montreal, Lucien, Hartford, Conn., Philias, of Timewick, and Rev. Father Wilfred Turcotte, of Waterville, Me.; and four sisters, Rose, Mrs. Octave Bernard, of Sanford, Me., Laura, Mrs. Donat Desrochers, Sanford, Me., Medora, Mrs. Lionel Gosselin, Sanford, and Miss Blanche Turcotte. Mr. and Mrs. Turcotte would have celebrated their silver wedding on Saturday.

The funeral will be held Saturday morning.

BROTHER LOCATED THROUGH APPEAL IN PAPERS

Edouard Moreau, Chief of Police, said today that the brother of Henry Roy (King), who is seriously ill in the St. Joseph Hospital at North Bay, Ont., has been located through the appeal which appeared in yesterday's papers.

Czech Pianist Appreciated In Fine Concert At University

Rudolph Firkusny, the Czech pianist, gave a recital before a large audience in Bishop's Convocation Hall last evening. The programme was varied and sound in its choice, and the performance marked by exceptionally careful and sensitive musicianship.

The programme opened with two Bach-Busoni chorale preludes. In the first, "Now Comes the Gentiles' Saviour," Mr. Firkusny, by his control of cantabile tone, explored fully the spiritual and contemplative qualities of the main theme and its quiet counter-point. "Rejoice, Beloved Christians" developed and augmented theme under a connecting thread of fluent and joyous passage work.

Beethoven's "Waldstein" sonata (Op. 53), a work too rarely performed, was played with quiet perfection. Making no capital of the technical difficulties of the work, Mr. Firkusny allowed the delicate and meditative qualities of the music to speak for themselves. That the movements were not interspersed with applause, made it possible to appreciate how intimately the movements grew out of each other.

The Chopin group showed beyond question the sincerity of Mr. Firkusny's performance. The pieces had been chosen for their musical qualities rather than for their virtuosity; and the pianist's unobtrusive but flawless technique gave a quality of lightness and restraint to these works that is too rarely heard in the performance of Chopin. The morbid element was suitably suppressed, so that the romantic beauty of the themes and the sudden flashes of harmonic and textural invention could be fully enjoyed. The Barcarole (Op. 60), was played with a quiet lyricism lacking bombast. The performance of the B flat minor Waltz, so much played by amateurs, was a sharp lesson in restraint and lightness of touch. Two Etudes were played, and the group closed with the large and rhapsodic, but decidedly unjocular Scherzo in B flat minor, Op. 31.

The two Debussy Preludes, La puerta del vino and La Terrasse des audiences au clair de lune, were both quiet atmospheric pieces. Mr. Firkusny's sense of relative tonal values within the limited mezzo-forte range gave this music a haunting and distant beauty. Stravinsky's flinty and exciting Russian Dance from "Petrouschka" showed the increased harmonic and technical scope of 20th century piano music. The three Smetana compositions, also in the modern idiom, contrasted

firm and ambiguous rhythmic effects, Medved (bear) and the Polka both derive from traditional Czech material. The Etude de Concert, an early more Lascian work, was less characteristic. All three works were performed with assurance and sympathy by a musician imbued with the spirit of his national music.

Mr. Firkusny's playing was marked by restraint, technical perfection and sincere musicianship. His one concern was to reflect faithfully the composer's music rather than to give a personal "interpretation" as a display of virtuosity. At all times completely master of his instrument, he was able to devote himself entirely to the sensitive and faithful expression of his programme. It is rarely that one has the opportunity to hear as polished a performance or as sincere musicianship.

Mr. Firkusny generously played two Chopin pieces and a Smetana Polka as encores. The audience by their attentive listening and enthusiastic applause made a real contribution to the performance.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE HOW'S THE ROOF OVER YOUR HEAD?

That seems like a simple question. But it is surprising how few people could give the right answer. You see, roof trouble is hard to detect. At Johns-Manville, tests show that a roof can be leaking and the homeowner doesn't even know it.

URGES CENTRE FOR ASCOT AND LENNOXVILLE

The formation of a community association for Lennoxville and Ascot to co-relate existing organizations and to attend to new communal needs as they arise, was urged by Professor Elton Scott in a radio address to the citizens of Lennoxville and Ascot.

Prof. Scott pointed out that community efforts are promoted by various bodies working entirely separately from one another and advised the co-ordination of these groups under a community centre organization. Other benefits, he said, would be to create informed public opinion on matters of concern to the community and added assistance to municipal councils.

First steps along these lines have already been taken, the speaker said. Representatives of nearly all existing organizations in Lennoxville and Ascot met recently and decided unanimously that a community association should be formed. However, no permanent officers were elected, as it was felt that every citizen should be first informed of the project. An organizing committee was set up under the chairmanship of Dr. A. N. Langford of Bishop's University for the purpose of informing the public and a membership drive will be carried out throughout the entire district.

WILL NOT SAY HOW LOCAL P.O.W. CAMP AFFECTED

Major A. R. Turner, Commandant of the Sherbrooke (No. 42) Internment Camp, in a telephone conversation with a Record reporter this morning, could offer no information whatsoever on how the Canadian External Affairs Department order announced yesterday concerning the shipment of German prisoners of war to Britain would affect the local P.O.W. Camp.

The some 34,000 unhappy and unwelcome wartime guests will be taking their leave shortly, probably next month, escorted beyond the Dominion borders by members of the armed forces. The movement will cover several months.

The announcement stirred speculation the Nazis might be used as a labor corps to help rebuild British cities burned and blasted by the German air force in the Great Blitz of 1941. British officials recently in Canada have stressed Britain's acute labor shortage.

Perhaps one of the biggest factors preventing the return of prisoners to Germany is the acute shortage of housing, food and other commodities which is trying the best efforts of Allied officials seeking to keep peace in a restless, conquered land. Movement of the prisoners to Germany would only complicate a difficult situation. With their departure from Canadian shores, the Nazis will leave behind them nine escaped fellow-prisoners still at large or unaccounted for and the bodies of three others, now buried in Canadian soil, who fell before the guns of searching parties when they resisted recapture.

In all, 500 attempted to flee Canadian camps, but only few stayed at liberty more than a few minutes or a few hours.

You can see the declarer's only hope with this combination is to lead over to the king, play a small card back and finesse the jack. If West holds the queen, declarer can pick up the suit. However, in Memphis is a very elderly gentleman playing these cards against me, and he led the jack of spades. I made the mistake of covering with the queen, as this is a mistake. Because ordinarily you will lead the jack only if he holds the jack-ten. If the jack is not covered, he will go with dummy's king and finesse the ten on the way back. Of course, if South holds the ace-jack-ten and east covers with the queen, he has no problem whatever. Never before in my life have I been so humiliated when it was not backed up by the

ten, and through my mistake covering with the queen, my partner and I made a spade trick.

A week later at the Florida tournament at Delray I picked the same combination of cards. At the time I was declared, playing a Peter Leventritt, who had been my team in Memphis. I led the ace of spades and Leventritt did make the mistake of covering with the queen, so I played low dummy and picked up the spade suit.

Danville Women's Association Hears Financial Report At Annual Meeting

Danville, Jan. 30.—The annual meeting of the W.A. of St. Augustine's Anglican Church was held at the home of Mrs. David Parmelee. The meeting was conducted by the president, Mrs. Robins.

Rev. George Robins opened the meeting with the W.A. Litany, the prayer for the Quebec Diocese and the prayer partner prayer being said in unison.

The roll was called and the minutes of the last meeting were read and accepted. The report of the treasurer, Miss Laura Gibson, showed,

with last year's balance, receipts of \$84.35, expenditures of \$67.69, leaving a balance of \$16.66. In addition, there remained \$3.95 in the "Five Cent Fund."

The report of the visiting committee, read by Mrs. Parmelee, told the number of visits made and cards sent and thanked Miss Laura Gibson for making possible several calls in the country and a visit to the Wales Home, Richmond.

The secretary's report, read by Miss Hunter, reported a "Butterfly" quilt in process of being made, a donation of clothing and bedding to the National Clothing Relief Drive, a bale sent to Kinross, Man., participation in the World Day of Prayer, the observance of St. Andrew's Day by the holding of a corporate Communion and the assignment to the branch of a new prayer partner, Mrs. Helen MacFarlane, now working on Gordon's Indian Reserve, Sask.

The report of the Dorcas secretary gave a list of the articles sent away and their value. Mrs. Robins thanked everyone for their cooperation.

Rev. Mr. Robins was chairman for the election. The officers, all re-elected by acclamation, are as follows: President, Mrs. George Robins; vice-president, Mrs. David Parmelee; secretary, Miss Laura Gibson; treasurer, Mrs. Helen MacFarlane; Dorcas secretary-treasurer, Mrs. Herbert Brown; thank-offering secretary, Mrs. George Johnston; "Living Message" secretary, Mrs. John Philbrick; visiting committee, Mrs. Parmelee and Mrs. Carmichael.

Mrs. Parmelee read an article from the "Living Message," which characterized the W.A. of the M.S.C.C. as a praying, a learning and a working army. Rev. Mr. Robins then paid tribute to the supreme value of the work being done by the W.A., and the meeting closed with the members' prayer and the blessing. Delicious refreshments were then served by the hostess.

LADIES' AUXILIARY OF THE CANADIAN LEGION

The members of the Ladies' Auxiliary of the Canadian Legion, B.E.S.L., of the Danville-Ashcroft Branch, No. 41, met in the Town Hall for a banquet on the evening of January 9.

The regular monthly business meeting was then held in the Armory, when three new members were admitted into the Auxiliary, Mrs. Clifford Gregory, Mrs. Robert Thompson and Mrs. Allan Fuller.

Mrs. Boyd, the president of the Auxiliary, presented Mrs. Jennie Smith with a bouquet of dark red roses, the gift of Mrs. Smith's three daughters, Mrs. Arthur Paige, Mrs. William Greer and Mrs. Vrbia, in honor of Mrs. Smith's eighty-fourth birthday.

Later bridge was played, Mrs. Wil-

SCHUBERT CLUB GUEST RECITAL OPENED SEASON

Prospects for the Schubert Music Club loom brightly and Monday evening's largely attended recital at the MacKinnon Memorial augured well for its continued success as one of Sherbrooke's leading musical organizations.

The members and their guests were cordially received at the entrance to the Club Room by Mrs. A. Norman Flint, President, assisted by Mrs. George Ogston, Mrs. Wright Gibson, Mrs. David Trudel and Mr. Adrien LeBlanc, acting hostesses and hosts, for the season's delightful inaugural party.

Starting Miss Rejeanne Marcotte, solo pianist, Mr. D. B. McPherson, bass, and Miss Mimi Bachand soprano, with Mrs. L. P. Leveque and Mr. Wright Gibson acting as accompanists, the carefully planned program was most enjoyable throughout, the grand finale being Haydn's Symphony No. 2; the four movements as played by Mrs. Mildred Lague Sampson and Mrs. Sylvia Gervais, leaving nothing to be desired, their brilliant and soul-satisfying interpretation revealed so fully the majesty and grandeur of the master's music, that all music lovers were spellbound.

On behalf of the Schubert Club Mrs. O. Leveque gracefully voiced thanks and appreciation to the artists, whose contributions to the evening's success, all members gratefully acknowledged.

The programme follows: "King Henry's Prayer," Wagner-Lohengrin, and recitative for bass, "For, behold darkness shall cover the earth," air, "The people that walked in darkness," from the Messiah, Handel, by D. B. McPherson; suite, "Sonate du mineur," "Sonate sol majeur," and "sonate do majeur," by Mimi Bachand; "Sol Minneur," Brahms, Rejeanne Marcotte; "Les Oiseaux dans le Soir," Coates, and "L'Heure Exquise," Hahn, by Mimi Bachand; "Goin' Home," Dvorak, and "Father O'Flynn," Stanford, by D. B. McPherson; cor doba, "Chant d'Espagne," Albeniz, and "Squidille," Albeniz, by Rejeanne Marcotte; "Loch Lomond," and "None But the Lonely Heart," Tchaikovsky, by Mimi Bachand; "Symphony No. 2," Haydn, Adagio-Allegro, Andante, Menuetto-Allegro, Allegro Spiritoso, by Mildred Sampson and Sylvia Gervais.

Later, delicious refreshments were served, Mrs. W. G. Cross and Mrs. R. Tait doing the honors at the lace covered table, on which spring flowers and lighted tapers were effectively arranged.

Several club members assisted the hostesses and hosts, whose delightful hospitality, together with the very enjoyable music provided, made quite complete all arrangements planned for the Schubert Music Club's premiere for 1946.

WOMEN'S CLUBS

BELVIDERE W. I.

The January meeting of Belvedere W.I. was held at the home of Mrs. H. H. Ross, on Drummond Road, with Mrs. John Ross assisting. The president opened the meeting with the collect and the minutes were read by Miss Eulah Wells and approved. Some small bills were ordered paid.

Letters of thanks were read from Mrs. Webster, R.R. 3, North Hatley, and from recipients of Christmas parcels sent overseas. The changes in sugar rationing were discussed, also the W.P.T.B. recommendations about prunes and raisins, the shortening shortage and other matters of interest to housekeepers.

A knitting bag donated by Mrs. Stuart Wells, was won by Mrs. Dawson Savage.

Three new knitters for the Red Cross, Mrs. Albert Gilles, Mrs. John Ross and Mrs. Kenneth Price, were allotted wool.

Mrs. M. Price and Miss Ruby Price presided at the candle lit table, and Mrs. Dawson Savage and Miss Mary Savage assisted in serving refreshments.

REBEKAH LODGE

The installation of officers of Princess Rebekah Lodge No. 4 was held in the I.O.O.F. Hall, where Sister Elizabeth Morgan, District Deputy President of District No. 6, and suite installed the officers of Princess Rebekah Lodge for the ensuing term as follows:

J.P.N.G., Sister E. Twyman; N.G., Sister A. Baker; V.G., Sister I. Kendall; recording secretary, Sister M. Pearson; financial secretary, Sister V. Nicholls; treasurer, Sister M. Mandigo; chaplain, Sister J. Hodgie; R.S.N.G., Sister M. Norris; L.S.N.G., Sister V. Davy; warden, Sister M. Broadbelt; conductress, Sister E. Reed; R.A.S., Sister L. Smith; L.A.S., Sister A. Whitley; O.G., Brother S. Cascard; I.G., Sister V. Somers; pianist, Sister R. Bachelder; R.S.V.G., Sister M. Thomas; L.S.V.G., Sister M. Howcroft; flag bearer, Sister M. Brygion.

Sister Morgan, D.D.P., presented a Past Noble Grand's pin to Sister Twyman, P.N.G., and Certificate of Perfection to Sister Mary Thomas and Sister Vera Davy. Assembly officers present were President Sister Luna Bean, Past President Sister Gladys Dawson, Treasurer Sister Lottie Lohrop, and Marshall Sister Ruby Bachelder.

The president congratulated the installing team on their work, expressed thanks to Sister Morgan, D.D.P., for her work, and wished the new officers success for the coming term.

Refreshments were served after the meeting had adjourned.

LEGION AUXILIARY BRANCH, NO. 10, B.E.S.L.

Mrs. F. Shorten, president of the Ladies' Auxiliary, presided at the regular semi-monthly meeting, held at 98 Woodward Avenue, which she opened in the customary manner. The minutes of the last meeting were read, also correspondence, by the secretary, Mrs. A. Trussler.

A letter from the Membership Committee of the Quebec Provincial Command, Ladies' Auxiliary, asked that the members make a special effort to enroll as many mothers, wives, daughters and sisters of service men as possible, to help carry on the large amount of assistance which the Auxiliary will have to give to ex-servicemen and their families.

Each member was asked to bring in at least one member.

The treasurer, Mrs. A. Robinson, was authorized to pay all bills due.

Mrs. E. Buck, past president, gave a splendid report on the banquet and dance which was held at the Chateau Frontenac, and asked that letters of thanks be sent to those who had helped her in any way.

The ways and means convener, Mrs. Gosselin, suggested a card party, to be held at her home on January 24.

This kind offer was accepted, and the social convener, Mrs. V. Dixon, was asked to take charge of this event.

Two new members were initiated and welcomed, and six applica-

DOROTHY DIX

Marrying Money

Young Woman Pays High Price By Marrying Old Man

DEAR MISS DIX: I am going with a nice-looking man who is 30 years older than I am and who wants to marry me. I love a boy of my own age, but he gets only a small salary, while the old man can feather my nest. The old man thinks I am crazy about him because I've got him fooled, but do you think that if I marry him I will be able to keep it up? In business he is smart and keen. It is only with young women that he is an easy mark.

Do you advise me to hang on to the old man, or marry the poor boy?

DOROTHY DIX

ANSWER: What price love and self-respect and happiness? If you sell yourself to the old man, you throw them into the trade and, it seems to me, a few pretty clothes and perhaps a car are a poor exchange for all you give.

SERIOUS STEP
Many poor girls are tempted, as you are, to marry for money. They are tired of standing behind a counter or pounding a typewriter. They long for fine clothes and the new gowns that will set off their beauty. They yearn for swanky night clubs and gay parties, and think that they will be perfectly happy if they have the things that money buys.

But the irony of the thing is that the luxuries they buy with their bodies and their souls turn to dead sea fruit in their hands. They find that having nothing to do is the most boring thing in the world; that they can get surfeited with clothes until they loathe them; just as they can lose their appetites when they are gorged on food; that people do not look with envy upon the young wife of a rich old man, for they know she is his only by right of purchase, and they have pity and scorn for her.

So that is where you will be if you sell yourself to your rich man. You won't get the happiness you think you will out of money. And you will find it a weary job to keep an old man entertained and amused. My earnest advice to you is to call the sale off. Wait for your young man and help him make his fortune.

DEAR DOROTHY DIX: My husband has just come back from Belgium. He tells me that he found a woman over there whom he really loves. He hasn't asked for a divorce and he doesn't want me to leave him because he says he can't get over there anyway, and she can't come here for a long time. He also says he is too old to start a new home and a family. He admits that after a long time he might feel differently about this woman, but how can he when they are writing back and forth all the time? I am tired of having their letters thrown in my face and hearing about her constantly. What shall I do?

A VERY UNHAPPY WIFE.
ANSWER: Your husband is evidently a polygamist in temperament. He wants to hold on to you as a good everyday wife who will cook and clean and mend and make a comfortable home for him and to keep the Belgium charmer as a sort of Sunday wife, so to speak. I think you are foolish to stand for any such treatment. Tell him he has to put up or shut up, and that you are not going to stand around humbly waiting for him to throw the handkerchief to you when he gets tired of waiting for the other woman.

What he needs is a good, stiff jar that will shake him out of his content that he is one of the lady-killers who can have any woman he wants.

DEAR DOROTHY DIX: I am a girl of 19 and my trouble is that I seem to giggle at all times, no matter whether there is anything to giggle about or not. Very often I am overcome by my giggles and I have to leave the room, which is very embarrassing. Also, it annoys my fiancé. What can I do about it?

A GIGGLER.
ANSWER: Giggling is just a matter of nerves, but it does make anyone seem silly, and I advise you to try to do something about it. Go and take the matter over with your doctor and he may be able to suggest a remedy.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

Applications for membership were accepted by the delegate to the Provincial Auxiliary, Mrs. E. Buck, will leave Friday morning to attend a meeting of "God Save the King."

ing being held at the Queen's Hotel, Montreal. There being no further business, the meeting closed with the singing of "God Save the King."

and Scott, of Leeds Village, and Mr. and Mrs. Arthur McKee, of Fitch Bay.

The pall bearers were Messrs. Herbert Cooper, C. T. George, Lloyd MacKenzie, William Nutbrown, Charles Robertson and Howard Scott.

The casket was conveyed to the Cookshire Cemetery and placed in the vault. Later it is to be interred in the cemetery at Leeds.

The floral tributes were many and beautiful, testifying to the high esteem in which the deceased was held by her many friends and relatives.

The flowers and cards which she

received, and the many friends who visited her during her illness were evidences of her popularity.

Miss Agnes C. MacKenzie, of East Angus, formerly of Leeds Village

East Angus, January 30. — Miss
Agnes C. MacKenzie, a native of
Leeds Village, and daughter of the
late Malcolm and Janet MacKenzie,
passed away on January 31, in the
Sherbrooke Hospital, after a brief
illness.

Miss MacKenzie entered the
teaching profession, after gradua-
tion from school. After teaching in
a number of district schools, she was
engaged as assistant to the Prin-
cipal of the Leeds Intermediate
School, which position she held until
her retirement from the profession.

The funeral service, conducted by
Rev. J. C. Gustafson, was held at the
Emmanuel United Church, East
Angus, where she resided. A large
number of her relatives and friends
were assembled at the church to
pay their respects to one whom they
had admired during her lifetime.

One of her favorite hymns, "Jesus
Saviour Pilot Me," was sung during
the service.

The deceased is survived by one
brother, Mr. Charles MacKenzie,
and a number of nieces and ne-
phews.

Two brothers, William and James,
and three sisters, Mrs. Koester, Mrs.
Cameron and Mrs. Dean, predece-
ased her.

Relatives present at the funeral
were her nieces, Mrs. Bertha Clem-
ent, of Pembroke, Ont., Mrs. Ar-
thur McKee, of Fitch Bay, Mrs.
Dora Laxon, of Danville, Mrs. Ralph
Wilson, of Asbestos, and Mrs. Wil-
liam Nutbrown, of Milby; her grand-
nieces, Misses Pearl and Audrey
Hall, of East Angus; her nephew,
Mr. Lloyd MacKenzie, of Beche, and
her grand-nephews, Messrs. Elwin
and Jack Hall, of East Angus.

Among the friends from a dis-
tance attending the funeral were
Mrs. F. Burbank, Mr. and Mrs. Har-
old Robertson, Mr. and Mrs. Charles
T. George and Miss Clem
George, of Lennoxville, Mr. Charles
Robertson and Mr. and Mrs. How-

ard Scott, of Leeds Village, and
Mr. and Mrs. Arthur McKee, of
Fitch Bay.

NATIONAL LEAGUE SUSPENDS BABE PRATT FOR GAMBLING

Hart Trophy Winner Of 1944 Season Will Be Allowed To Appeal Decision

By ALAN RANDAL
Toronto, Jan. 30.—The National Hockey League and Toronto Maple Leafs jettisoned Walter (Babe) Pratt because he persisted in betting on the outcome of league games and whether the colorful, ambulatory defenceman ever plays again under hockey's big top depends now on his appeal to the board of governors.

Announcement of Pratt's expulsion—two years ago he was the league's most valuable player—came late yesterday from league president Mervyn (Red) Dutton in Montreal. He made clear there was no suggestion of scandal in connection with the expelling of hockey's "honest brakeman," that there was no evidence he was against his own team but that Pratt, in gambling, had flouted league rules and there was no other course than to discipline him.

Dutton's statement was brief: "Player Walter (Babe) Pratt of the Toronto Maple Leafs hockey club has been expelled by the National Hockey League and the Toronto Maple Leafs hockey club for conduct prejudicial to the welfare of hockey."

In his later amplification of the statement for newspapermen Dutton mentioned gambling but the fact that he said the expulsion was a form of discipline left room for belief that Pratt will be back in the league.

Pratt, native of Stony Mountain, Man., and a railway worker when not playing hockey, declined to discuss the news but said he would seek a hearing of his case at the next N.H.L. governor's meeting which is in New York, February 15.

Few defencemen in N.H.L. history have gained greater stardom than this gangle-shanked man from the prairies, described sometimes as a throw-back to another hockey era, amiable, easy-going and equipped with natural ability. At six feet 2 1/2 inches Pratt himself has expressed belief he is among the last of the big N.H.L. rearguards.

He was 20 when he came down the pike to the N.H.L. with an impressive

junior record with Kenora, Ont. Thistles to play for New York Rangers and, since 1941-42, for Leafs. Since 1936-36 he scored 77 goals, 196 assists and spent 461 minutes in the penalty box.

In 1943-44 Pratt scored 57 points, more than any other defenceman in a single season; gained a defence spot on the Canadian Press all-star team and won the Hart Trophy as the league's most valuable player.

Said Dutton: "I have evidence that Pratt gambled on hockey games. He had been warned by the Toronto club about gambling before. In fact all Toronto players had been warned. So had clubs of the league."

"I was faced with reports that Pratt was gambling. I appointed an investigator who brought me the evidence. When confronted with this evidence Pratt admitted he had been gambling."

"There is no evidence whatsoever that Pratt has ever wagered against his own team. Nevertheless he has ignored warnings against wagering."

Dutton said the original information came to him from New York and he carried out his investigation in Toronto. He would not disclose the contents of a signed statement from Pratt.

"I want to emphasize the fact that there is no scandal in connection with the case," the league president added. "Pratt is being disciplined for violating rules against gambling but, in fairness to the Toronto player, it should be kept in mind there is no evidence he was betting against his own team."

For Leafs, the expulsion of this happy-go-lucky veteran of 10 seasons in the N.H.L. was a blow. First they lost Ted Kennedy through injuries, and then Syl Apps the same way. And now Pratt, one of their most potent playoff threats.

Dutton said a committee of three governors would hear Pratt's appeal—but he is determined to keep our game clean and if Pratt's appeal fails, it may serve to impress other players that we intend to enforce the anti-gambling rules."

Y.W.C.A. TO MEET UNBOWED CIRCO TONIGHT AT "Y"

The highlight of the ladies' basketball schedule will take place tonight at the Y.W.C.A. when the league-leading Circoettes visit the powerful "Y" girls in a regular game of the E.T.B.A.

The Circo lassies have won all of their six games to date and will be out to beat their opponents and thus strengthen their hold on first place. The Mullin crew have been defeated only once this season and that was when L.H.S. scored a surprise 14-13 win over them at the beginning of the season. A win for the homesters tonight will put them two points behind the leading Circoettes.

Doreen Ross, who sprained her ankle in Saturday night's tilt against the Telford will be a doubtful starter, but the Rand girls feel that they can make up for the loss. Shirley Ward will take her place at centre and Peggy Wilcox and Muriel Mandigo on the flanks.

June Neil will centre the second line with Jean Beattie and Margaret Dawson while Caroline MacRae will play as the spare guard.

For the "Y", Margaret Dean will centre the first line with Florence Martin and Pat Humphries as the other forwards while Dot Twyman and Rose Fountain do the guarding. On the second line will be Ethelene Martin at centre supported by Evelyn Shufelt and Myrtle Northey with Evelyn Tindale and Helen Wells at guard.

Both squads have been holding heavy workouts this week in preparation for this game with Coaches Ossie Clark and Moon Mullins adding the final touches to their respective fives in practice last night.

A spirit of keen rivalry exists between these two squads and local fans are sure to be treated to some top-notch basketball when they meet off at 7:30.

The contender for the heavyweight boxing crown now weighs 192 pounds, but plans to trim down to 183, which will be eight pounds more than he weighed when Louis knocked him out in the 13th round of their only previous meeting June 18, 1941.

"I had him beat in that bout until I got over-ambitious," said Conn. "I really hurt him near the end of the twelfth round, so I got careless. He caught me with one of his best punches and it was curtains. This time I'll stick with boxing and I'll beat him."

Indianapolis, Jan. 30.—(AP)—Joe Louis told reporters yesterday he would begin preliminary training at French Lick March 1 for defence of his heavyweight boxing championship against Billy Conn at Yankee Stadium, June 19.

Louis, in Indianapolis on a personal appearance tour with a dance orchestra, said he would work out for two months at the Indiana resort, going to Pompton Lakes, N.J., for final conditioning.

The Brown Bomber, said Marshall Miles of Buffalo, N.Y., would be his manager for the title bout.

The see-saw struggle between Boston Bruins and Chicago Black Hawks for leadership of the National Hockey League resumes in Boston tonight in the league's only mid-week game.

And if Boston should win and reverse the first and second place order of things it would only be a return to the status of these teams after Saturday night's game when Boston led the league by one point for 24 hours—until Chicago beat Bruins 4-2.

As things stand now Johnny Gottsgall's speed merchants are out front by one point with 39, Boston has 38 points and Canadiens 37 and these three teams are regarded as a shoe-in for the first three play-off spots with the real struggle being waged for the fourth-place playoff position between Toronto and Detroit.

For everybody but Chicago and Boston the week is one of rest and practice and recuperation from injuries.

Next Saturday Boston moves in to Toronto while Detroit plays Canadiens at Montreal and in Sunday games Toronto plays Rangers at New York, Canadiens go to Detroit and Boston has another Sunday night game in Chicago.

Canadian Sport Snapshots

New York, Jan. 30.—(AP)—Frank Boucher's scheme of using three sets of defencemen and only two forward lines underlines a glaring weakness in New York Rangers' old age. Coach Frank himself admits that with the Rangers definitely out of the National Hockey League play-off race, he's moving forward starting forwards back "to prolong their hockey life."

Neil Colville was the first Ranger forward to duck back behind the blue line upon his return from service. Now brother Mac has joined him along with left-wing Lynn Patrick. Neither has gone well this season on front.

Boucher, however, has another reason—he says—to keep in step with hockey's modern "game-play" trend. Frank comments: "In these days of five-men rushes, a one-way forward or a strictly defensive defenceman is not too effective. If the five men on a team, exclusive of the goalie, can be trained to operate as a cohesive defensive unit, with forwards knowing how to check and counter-check and defencemen knowing how to wind up and let fly with a goal-mouth rush, a club will be in far better shape than one organized on traditional lines."

Basketball is reaching its peak in New York these days as witness the following notice in the World-Telegram:

Stampede fans attention: There'll be a dandy at Madison Square Garden Wednesday. Check weapons at 50th St. box office. Post time, 9 a.m.

At that hour, 3,500 N.Y.U.-Notre Dame basketball tickets will go on public sale.

Members of the various riding stables in Sherbrooke joined the members of the Fairplay Riding School in a sleigh-ride held Sunday afternoon. A group of some thirty sleighs participated besides several members on horseback.

E. W. Gibeley of Lennoxville acted as captain of the ride assisted by Aime and Robert Choquette. On the return of the group a supper was served in the Arena where some one hundred and fifteen members and friends were gathered.

Following the supper, president Frank Gravel welcomed the guests and thanked the members for their wholehearted support. Roland Dugre, president of the Sherbrooke Riding and Driving Club, thanked the members of the Fairplay Riding School in the name of the members he represented. Various representatives then voiced their appreciation as follows: C. W. Dunn representing the members of the Fairplay Riding School, E. W. Gibeley, Lennoxville, Ferdinand Stegmayer, S.M.S. Stables, Donat Jacques representing the guests, and H. Guertin of the Mount Pleasant Stables in the future.

Mr. Guertin extended a cordial invitation to all present to assist at the sleigh ride to be given by the Mount Pleasant Stables in the near future.

In conclusion Aime Choquette, co-proprietor of the Fairplay Riding Stables congratulated the committee on the success of their first enterprise and wished them equal success in the future.

Bedford I.O.D.E. Group Held Busy Meeting At The Masonic Building

Bedford, Jan. 30.—The monthly meeting of Missisquoi Chapter, I.O.D.E., for January was held one evening in the Masonic Hall, with time, has been a more pressing need for sustenance and help to be given to the peoples of Europe than at the present time. Many are faced with the prospect of death from cold and starvation if the help is not forthcoming. Mention was made of the great generosity of the English people, who after all that they have been called upon to endure through the war years, still are able from their meagre stores to render assistance to their neighbors across the Channel.

The report of the education secretary, Mrs. Clarence Collins, regarding calendars, showed that I.O.D.E. calendars had been sent to schools in Phillipsburg, Stanbridge East, Pigeon Hill and to the local schools.

The report of the child and family welfare convener, Mrs. Eric Kemp, showed that the child for whom assistance had been asked recently had been taken to the hospital, together with her mother, would receive aid. The treasurer, Mrs. Bradshaw, was instructed to forward the necessary funds.

Letters regarding the second war memorial fund were read. This will be educational in purpose, and will be of a character somewhat similar to the war memorial established at the close of the First World War. To raise funds for this very worthwhile object, which is for the sons and daughters of men who were killed or permanently disabled in this war. It has been decided to launch the campaign on Founders' Day, February 13. Mrs. W. B. Horne, of Toronto, Ont., formerly national president of the I.O.D.E., has been appointed the national campaign chairman. The objective of \$500,000 was decided upon, this sum being the same as the amount raised for the last war memorial, when the Order was less than half as large as it is today. The quota for the Province of Quebec has been set at \$79,000. The National President and Messrs. Brockington and Matthew Hallon, the last-named a past Overseas post-graduate scholar under the first war memorial, will speak over the radio in February over a coast-to-coast network on the very important phase of the Order's work. A letter was read from Mrs. H. T. Hamon, provincial treasurer of the Quebec I.O.D.E., stating that the quota for Missisquoi Chapter, I.O.D.E., had been set at \$1,000. The matter of raising the funds and the period necessary for this project, after discussion, was laid over for the February meeting for final decision.

This was the nomination meeting, and a nominating committee was appointed, comprising Mrs. William Taylor, Mrs. Sinclair McIntosh and Mrs. F. N. Williams. The resignations of the following members of the executive were given in: Mrs. Richard Craighead, regent; Mrs. Hannibal Sheltis, first vice-regent; Mrs. William Taylor, secretary; Mrs. W. B. Bradshaw, treasurer.

It was decided that the regular February meeting be combined with the annual meeting, which will be held on Monday evening, February 11, at a quarter to eight in the Masonic Hall.

The hostesses for the evening were Mrs. R. St. Jean and Mrs. Charles Pontaine. The meeting closed with the singing of the National Anthem.

General Notes.

Bridge was played at nine tables at the weekly meeting of the Social Club, in the Masonic Hall. The hostesses were Mrs. F. N. VITAMINS INEFFECTIVE IN PREVENTING COLDS

By William A. O'Brien, M.D.

Some people insist that if we take the proper vitamins our colds will be a thing of the past. They imply that physicians recommend vitamins as cold preventives. These statements are misleading as vitamins are not of proved benefit as cold preventives. The only known way of preventing colds is to avoid contact with infected persons.

Vitamin A deficiency in animals increases susceptibility to infections. But in man, vitamin A is less apt to be deficient than in other animals, as it is not destroyed by heat, is readily stored in the body, only small amounts are necessary to avoid deficiency states, and usually it is present in excess in the tissues.

Vitamin D For Colds
Vitamin D has been suggested as a cold preventive, because children

who have rickets, a form of vitamin D deficiency, are unusually susceptible to respiratory infections. A group of children was given various vitamin D preparations throughout one winter, and they had just as many colds as children who did not receive it.

Vitamins B, C, D, and E have been tried as cold preventives because animals on diets deficient in these vitamins are unduly susceptible to infections. But such experimental animals are in a grossly weakened condition, and their increased susceptibility to infection cannot be accepted as evidence that the addition of these vitamins to an adequate diet will prevent infection in man.

H. S. Diehl, M.D., and his group of cold researchers, carried out controlled experiments on University of Minnesota students to test the value of vitamins in the prevention of colds. One group of students was given vitamin C alone, another group was given large doses of multiple vitamins, and the control group was given sugar and milk capsules which were identical in appearance to vitamin capsules. Neither the students nor their physicians knew which preparation they had been given.

No Benefit Shown
If a cold developed, the students reported the attack on a special card and the study was carried on throughout the year. It was found that neither vitamin C nor multiple vitamins had any effect on the number or severity of infections. The Minnesota researchers found that sugar or milk, which does not have any merit as a preventive, was just as effective as vitamins in "preventing" colds.

HARDWOOD FLAT

The Farm Forum met at the home of Mr. and Mrs. S. G. Semple, The subject for discussion was "Are National Farm Organizations Effective?" The individual farmer can have an effective voice in shaping the policy of the Canadian Federation of Agriculture through the Farm Forum. The National farm organization has been effective by the results shown in the past four years and efforts should be made to continue its expansion. If rural folks are ever going to get their just right it will be through united effort and here in Farm Forum groups is the foundation of such unity. The Blue Cross Hospitalization plan was discussed and studied. This group is interested in this plan. Rural electrification was also discussed. Refreshments were served by the hostess. Mrs. J. D. Harrison spent a day in Bury with Mrs. Germaine Kerr.

ASBESTOS

—VS—

INTERNATIONAL ASBESTOS COMPANY LTD.

It is an uncontested fact today, which is recognized the world over, that along the southern region of the Province of Quebec, between a belt extending from about the town of Danville to that of Broughton, there exists a formidable deposit of asbestos ore which for the last 25 years especially has astonished the commercial world as it is now producing more than 75% of its supply and demand.

In the past, along this asbestos bearing belt, several industries have surged, exploiting this ore with profits but, in all cases, most of the raw material was and is still being exported to foreign lands leaving in the country of its origin but a meagre percentage of it. Yet, in both instances, it has served to give to this province a unique place among the markets of the world, as well as contributing to the progressive growth of our Eastern Townships, not omitting the enormous profits accumulated by the asbestos industry.

It was only fair and logical to presume that somewhere along this asbestos bearing belt there should have been some other deposits found outside the bounds of the present existing and producing mines, which, let us mention here, were and are still being exploited with foreign capital and therefore, we, the original possessors are the losers in the profits and this, we must admit, through our own fault.

Having considered thoroughly the past results of the asbestos industry in general and chiefly foreseeing its possibilities, plus an unshakable faith, the INTERNATIONAL ASBESTOS COMPANY Ltd. was formed in July, 1943, sponsored by a group of local citizens, after having studied the matter with thoroughness.

This new mining company was incorporated under the rigid laws of this province and as soon as their charter was secured, proceeded at once to explore that portion which it was anticipated would prove to be asbestos bearing and this was carried on until the end of 1945 under the supervision of a well known and capable engineer.

THESE EXPLORATIONS WERE CARRIED ON AT MONT ST. ADRIEN, IN THE TOWNSHIP OF HAM, WHERE THE INTERNATIONAL ASBESTOS CO. LTD. HOLDS SOME 600 ACRES AND AS THE MAP CLEARLY SHOWS, IS LOCATED IN THE CENTRE OF THE LARGEST ASBESTOS PRODUCING MINES IN THE WORLD.

During this period of exploration, it was always noted with great satisfaction that the asbestos bearing deposits seemed to be deeper and deeper, consequently, under the ever scrutinizing eye of the engineer in charge, the explorations proceeded

day by day. Telephone and electrical lines were installed, buildings for workers, stores, office, equipment, necessary in the general procedures, were erected.

It is rather difficult to give at length and in detail here in this article all the minute phases of the explorations proceeded into but, it can be proudly stated that the INTERNATIONAL ASBESTOS CO. LTD. has disbursed a large amount of money to find out, establish and prove in the most up to date scientific manner a large reserve of asbestos bearing ore. To the credit of the company, it can also be said, that NEVER BEFORE, in the history of the asbestos industry have such early explorations proving a reserve deposit been accomplished in a scientific way.

To the average reader, any statement is more or less vague and indefinite. Then, the authority of one possessing experience and expert knowledge in the matter involved is necessary to assure to one and all, that which is exposed or stated is the truth. Therefore, the INTERNATIONAL ASBESTOS CO. LTD., realizing this fact, not only expose herein the results secured from two years explorations, which results are certified by the engineer in charge, but gladly invite any interested party to verify same.

At the early stage of the venture, the engineer reported the following in the Fall of 1943 after having thoroughly analyzed the case:—"The asbestos found on your property is of good quality. Considering that the property is located along the serpentine belt of asbestos of Quebec South, we can hope to have on hand high value. However, before I can pronounce myself any deeper, I must wait for the results as the work of exploration will be further advanced."

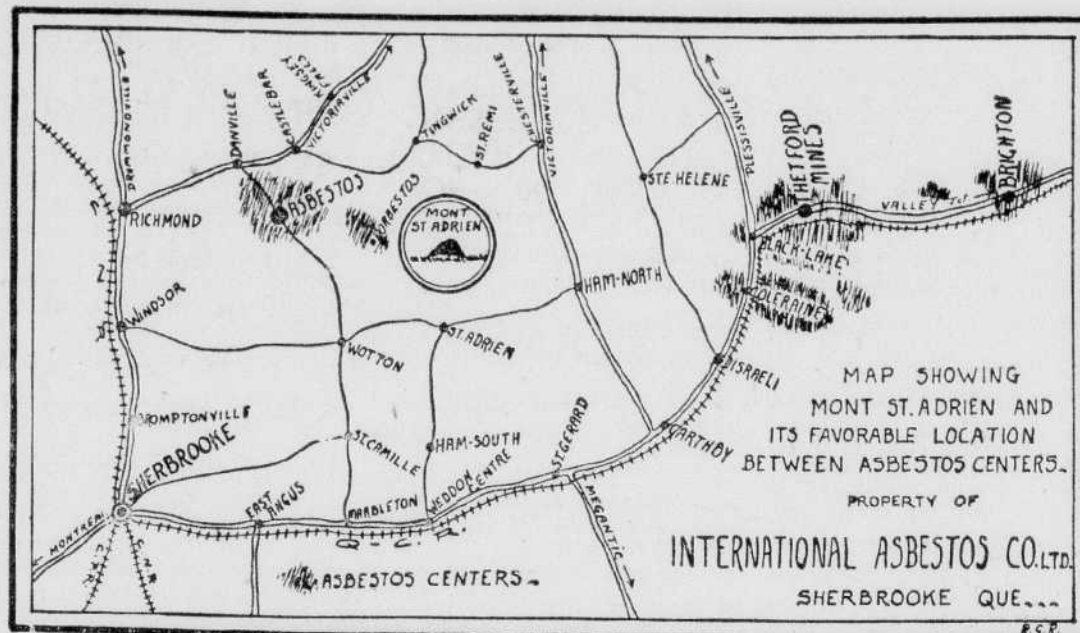

The INTERNATIONAL ASBESTOS CO. LTD. being satisfied with the report of its engineer, proceeded right then and there diamond drilling in order to discover and establish the volume of asbestos in the explored deposit. As the drilling advanced, assays were periodically made by the engineer and the results secured were of such a high value that, after two years of exploration work from the surface and underground, he was able to report thus: That more than 60 holes of diamond drilling totalling nearly 8,000 feet had been done. That this drilling had conclusively proven an asbestos bearing deposit of 1600 feet long by 600 feet wide and that certain holes drilled were still in the asbestos ore at more than 350 feet deep. That from these results and figures, he estimated the zone as capable of producing 35,000 tons of ore for each vertical foot of the deposit found. That a tunnel extending 1485 feet underground had been pierced in order to verify the diamond drilling done from the surface. That from the results secured from certain holes drilled, there were possibilities of establishing another large asbestos ore deposit which would be located some 1600 feet east of the present proven deposit.

In his last report to the Company, the engineer in charge, satisfied with the work and results obtained during the two year period of explorations, concluded his report with the following words: "ASSUMING AN EXPLOITATION AT THE RATE OF 1,000 TONS PER DAY, 300 DAYS PER YEAR, THIS DEPOSIT WOULD GIVE SOME RESERVES FOR ABOUT 40 YEARS TO COME AND THE YEARLY PROFITS THEN AROUND \$240,000.00."

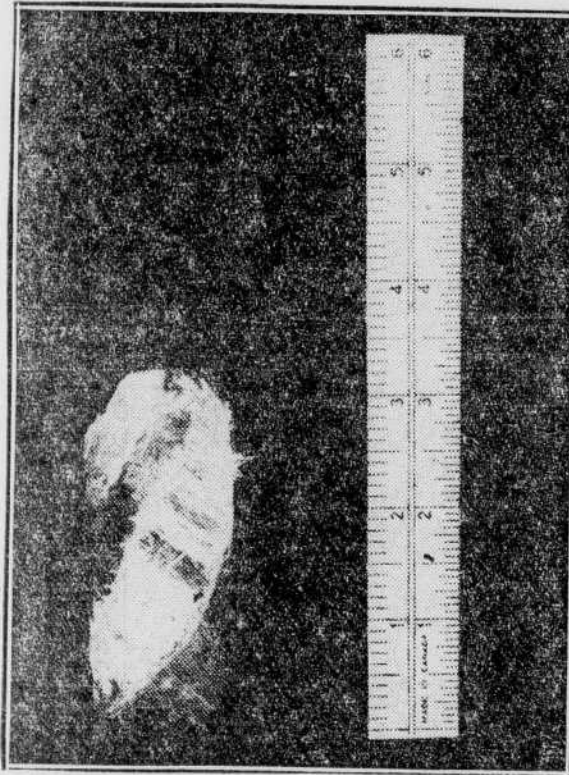

The above proves conclusively that the enterprise of the INTERNATIONAL ASBESTOS CO. LTD. cannot now be considered as a "prospect." Because, presently at this stage, it is a PROVEN AND CERTIFIED FACT that a large deposit of asbestos bearing ore does exist, it has been measured and the volume of the reserve known and the latter will no doubt increase as more work is done. In order to continue the exploration work and eventually the erection of a first mill, The INTERNATIONAL ASBESTOS CO. LTD. offers for the first time to the public in general a limited issue of its capital stock, at the present rate of only Seventy-Five cents (.75) per share.

IN CONSIDERATION THEREFORE OF THE WORK DONE TO DATE, OF THE RESULTS SECURED, OF THE KNOWN RESERVES OF ASBESTOS ORE FOR YEARS TO COME, OF THE PREPONDERANCE THAT ASBESTOS OCCUPIES IN THE INDUSTRIAL WORLD AND OF ITS LARGE POSSIBILITIES, THE OFFICERS AND DIRECTORS OF THE INTERNATIONAL ASBESTOS CO. LTD. FEEL THAT THE INVESTMENT IN THEIR CAPITAL STOCK IS A UNIQUE AND EXCEPTIONAL OPPORTUNITY IN THE SPECULATIVE DOMAIN, DESERVING THE ATTENTION OF ALL SERIOUS MINDED CANADIANS AND IN PARTICULAR, THOSE OF THE EASTERN TOWNSHIPS.

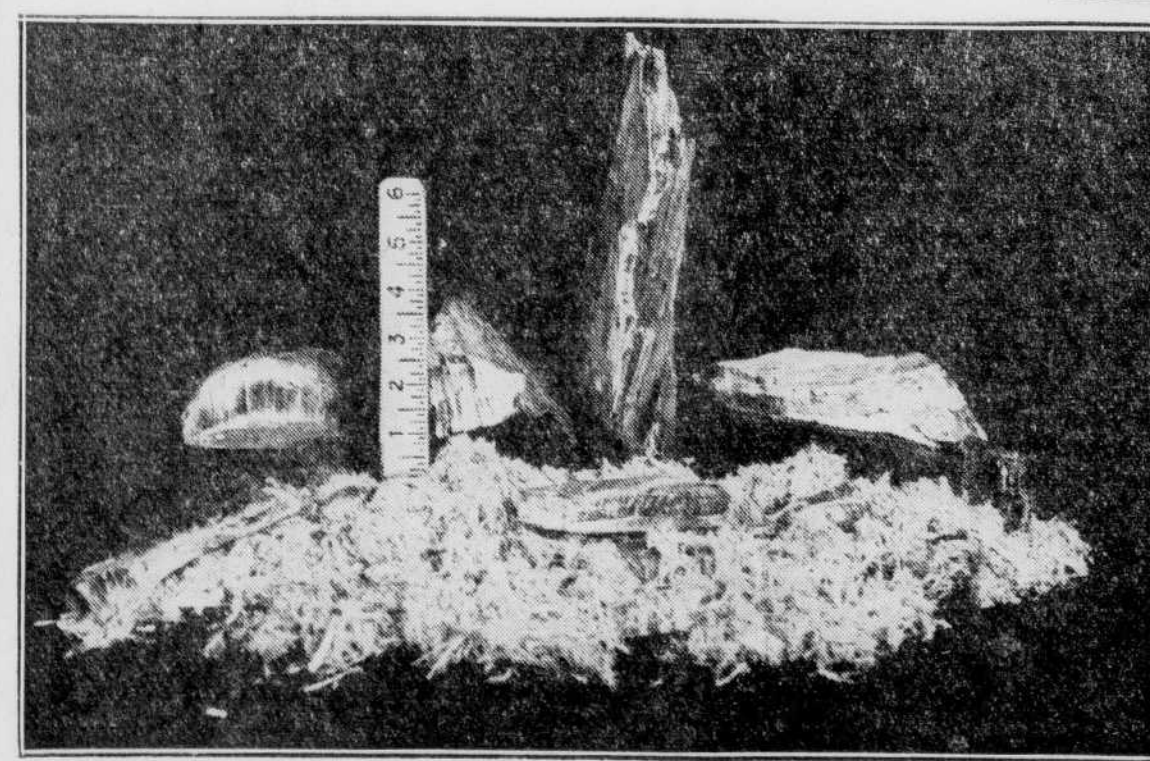

This map shows the ideal location of the Asbestos bearing ore property of the INTERNATIONAL ASBESTOS Company Limited, located at Mont St. Adrien and where successful and extensive explorations have taken place.

This photograph shows one of the veins from a sample core while Diamond-drilling.

This picture demonstrates very clearly samples of crude ore and loose fibre as well as a portion (left of scale) of a rich vein of ASBESTOS secured from the property of the INTERNATIONAL ASBESTOS COMPANY Limited.
