Stiff Kennedy warning

US to retaliate if Cuba repeats attack on ships

WASHINGTON (AP) — President Kennedy has warned that U.S. firepower will blast any Cuban-based warships or planes that attack U.S. vessels or aircraft.

But Kennedy indicated Thursday that, for the time being at least, U.S. jet fighters and navy craft will be restrained from chasing attackers back to Cuba to punish them.

If Wednesday's MiG strafing of a disabled shrimp boat develops into a pattern of attacks, the president may then give the signal for "hot pursuit."

Several hours after Kennedy made the warning public at a press conference, the Cuban government "rejected and denied categorically" the charge that its jets fired near the disabled shrimp boat Ala in the Florida Straits Wednesday afternoon.

Premier Fidel Castro was expected to have something to say about it in a televised address tonight.

Once before, when a U-2 was shot down at the height of the Cuban crisis last fall, a U.S. warning apparently deterred any more anti-aircraft missile firing on U.S. reconnaissance planes operating over Cuba.

Congressional critics were not stilled by Kennedy's orders that "all necessary action" be taken by the military forces to prevent any more attacks like the strafing of the shrimp boat.

Several suggested the incident discredited the administration's contention that the Russian-built MiGs are in Cuba for defensive, rather than offensive, operations against the United States.

Kennedy said he saw no reason to change his view.

Kennedy said he had instructed the Pentagon to make "any necessary revisions in standing orders so as to ensure that action will be taken against any vessel or aircraft" which strikes at a U.S. ship or plane in Caribbean international waters.

He didn't elaborate, and defence officials refused to discuss either the standing orders or the changes.

Asked at his press conference if an assault similar to the one on the shrimp boat might have been responsible for the disappearance earlier this month of the U.S. tanker Marine Sulphur Queen, Kennedy said he had no information indicating this.

"But certainly we would examine it," he said.

The Sulphur Queen disappeared with 39 crew members aboard.

There is much the United States is not sure of—and may never know—about the attack on the shrimp boat.

"I don't think we know the full reasons behind this attack on this vessel, whether it was a deliberate decision by the Cuban government or a decision by the pilots involved," Kennedy said.

He noted that the 67-foot boat was lying in the water without flying any flag.

Some military officials suggested the MiGs flying at perhaps 400 or 500 miles an hour may have taken the drifting boat for a derelict and aimed

Woman says

Accused admitted killings

MONTREAL (CP) — A 26-year-old readhead testified Thursday that Georges Marcotte told her: "I have just killed two policemen."

Mrs. Real Fournel, mother of three, said she was stunned when Marcotte told her of the killings and she did not want to listen.

She was testifying at the murder trial of Marcotte, 34, accused of being the man in the Santa Claus suit who sprayed two policemen with bullets from an automatic rifle Dec. 14 when a bank in suburban St. Laurent was robbed.

Mrs. Fournel is the sister-in-law of Jean-Paul Fournel, 40, who was charged with the killing.

TOWNSHIPS SKI REPORT

(Data supplied by spokesmen for the area concerned through the Sherbrooke tourist bureau.)

Sherbrooke: Total of 43 to 48 inches of snow. No new snowfall. Powdered snow over solid base. Tows in operation. Slopes excellent. Temperature, 13 below.

North Hatley (Hillcrest): Total of 50 to 58 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 10 below.

Magog (Mt. Orford): Total of 35 to 60 inches of snow. 1 inch new snowfall. Powder packed snow. Tows in operation. Slopes excellent. Temperature, 15 below.

Theftford Mines (Mt. Adstock): Total of 55 to 60 inches of snow. No new snowfall. Powder snow over solid packed base. Tow in operation. Slopes excellent. Tem-

perature, 12 below.

Sutton: Total of 44 to 58 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 13 below.

East Angus: Total of 53 to 57 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 19 below. Closed on Monday.

Knowlton (Glen Mountain): Total of 48 to 60 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 10 below.

Brompton Lake: Total of 36 to 43 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Night skiing every evening 7 to 10 p.m. Slopes excellent. Temperature, 10 below.

BISHOP'S CARNIVAL QUEEN CROWNED — Miss Cydney Brown, last year's Bishop's Carnival Queen, places the crown on this year's queen, Miss Joanne Albright, a native of Otterburn Heights, and a third-year arts student studying psychology and history was crowned Thursday night, opening night of Bishop's carnival, at Scott Rink. Other contestants were Priscilla Macey and Mary Anne Carswell. (Record photo by Gerry Lemay)

Warns against anti-Americanism

Would destroy PCs, Thompson declares

LONDON, Ont. (CP)—Social Credit Leader Robert Thompson predicted Thursday that if Prime Minister Diefenbaker uses nuclear arms and anti-Americanism as a federal election issue, "he's not going to go down by just half; he'll go down even further than that."

Mr. Thompson, in a press conference which kicked off a series of four speeches, criticized Mr. Diefenbaker's Toronto statement that the Bomarc missile has lost its effectiveness.

Western areas of Canada place their defence dependence on United States missile bases and the U.S., although the Bomarc might be outdated soon, is depending on it at present.

In an address to the University of Western Ontario's United Nations Society, Mr. Thompson, who says he has yet to open his April 8 election campaign formally, attacked "shameful cries of anti-Americanism."

Responsible co-operation with neighbors and friends was necessary for Canada to provide leadership in the development of the world for freedom-loving peoples. Responsibility included joining the Organization of American States, in which the U.S. is the leading voice.

URGES TRADING GROUP
Mr. Thompson said Canada should take the lead in establishing a Commonwealth trading community. The community would be centered around a "Commonwealth settlements bank," the functions of which he did not define.

Trade among Commonwealth countries would be financed "without the barriers of gold and foreign exchange crises, especially with Great Britain, in the past."

He said trade with the Communist bloc will eventually weaken the West. The Communist strategy of peaceful co-existence was being helped by "naive pacifists, ban-the-bombs and naive idealists who work diligently to weaken the

1896 crisis recalled

Seven ministers deserted

Bowell on schools issue

OTTAWA (CP)—This month's cabinet crisis, in which three ministers resigned on a matter of principle, started political observers talking about 1896.

In that year, seven senior ministers quit the Conservative cabinet of Sir Mackenzie Bowell and later were described by Bowell as a nest of traitors.

In his reminiscences, Lord Aberdeen, then governor general, says that after the seven announced their resignations in the Commons Bowell crossed the floor to shake hands with opposition members and was heard to say:

"It is such a comfort to shake hands with honest men after being in company with traitors for months."

Bowell had been government leader in the Senate when Sir John Thompson, the prime minister, died suddenly in England. Thompson's political legacy to Bowell, who succeeded him, was the Manitoba school question.

Manitoba has done away with the province's separate schools and Bowell was under pressure from his Quebec ministers to pass legislation through Parliament re-establishing them. Exasperated by Bowell's delays in this, a Quebec minister, A. R. Angers, resigned.

SECOND MINISTER QUILTS
This left Bowell with an additional problem — a ministry with inadequate Quebec representation. Also quitting the cabinet at the time was an Ontario minister, Clarke Wallace, who was grand master of the Orange Association of British North America.

In the memoirs of one of the leading figures of Bowell's cabinet, this resignation was attributed to reluctance by Wallace to defend in the powerful Orange Lodges of Ontario federal legislation to settle the Manitoba school question.

While Bowell unsuccessfully

offered the vacant Quebec post to several men, his English-speaking ministers pressed for federal legislation on the Manitoba school question and were under the impression that such legislation and the gap in cabinet ranks would be taken care of by Jan. 2, 1896, the opening day of a new session of Parliament.

When neither problem had been solved, seven ministers, led by Finance Minister George E. Foster, quit the cabinet. In a statement in the Commons, they said they were doing so in hopes of forcing Bowell's resignation and the formation of a new government under another leader.

RESIGNATION REFUSED
Twice in the next 48 hours, Lord Aberdeen says, Bowell offered his resignation but Aberdeen expressed the view there were insufficient grounds for it.

There followed a period in which Bowell sought to fill the vacant cabinet posts, only to be blocked by the seven renegade ministers on every man he approached.

The final compromise was that the seven ministers returned to the fold, Bowell remained prime minister and Sir Charles Tupper entered the cabinet as secretary of state. Tupper was earmarked as Bowell's successor. The Quebec cabinet gap was filled by appointment of Alphonse Desjardins.

An attempt was made to solve the Manitoba school question with a bill introduced by Tupper but a combination of opposition and renegade government supporters launched a filibuster which blocked its passage.

Parliament was prorogued, Bowell resigned and Tupper became prime minister. Tupper then called an election on the issue of the Manitoba school remedial bill but was defeated by the Liberals under Sir Wilfrid Laurier.

Libyan city wrecked

Hundreds die in quake disaster

BENGASI, Libya (Reuters) — More than 500 persons were killed and more than 12,000 left homeless by an earthquake that shattered the town of Barce, 60 miles from here, Thursday night.

Latest reports from the scene said hundreds of injured were being attended by U.S. Air Force, British Army and Libyan doctors.

Emergency hospitals have been set up and the homeless housed in buildings still standing. Roads were littered with rubble and cut by deep ruts.

The death toll mounted to about 500 as more bodies were found in the rubble of the town of more than 10,000 people.

One report reaching Tunis in neighboring Tunisia said a state of emergency had been declared in Libya.

People fled into the streets in pouring rain when the earthquake shook the town and the surrounding area which has a

population of about 50,000, the report said.

FLY IN MEDICAL AID
Eleven U.S. transport planes from Wheelus base took off for Barce loaded with food, medicine, doctors, two ambulances and a 36-bed field hospital as soon as news of the disaster reached the base.

From Nicosia, Cyprus, the RAF flew a load of medical supplies and personnel to Barce and a similar team was dispatched from El Adem in Libya.

A series of earth tremors accompanied by torrential rain hit the town as its Moslem population was breaking the day's fast of Ramadan.

Libya's health services were mobilized for rescue and relief work.

Barce was an Italian base during the Second World War and changed hands several

times in the desert fighting between the British 8th Army and Axis forces.

The town, with a population

of 10,740, is on a high desert plateau crossed by a mountain range. It is a resort and agricultural centre.

Reds refuse compromise

Insist on limit for on-site inspections

GENEVA (AP)—The Soviet Union held fast today to its "take it or leave it" offer of three on-site inspections a year and moved to block direct negotiations on a nuclear test ban at this time.

Vasily V. Kuznetsov, Soviet deputy foreign minister, accused the United States of bad faith by suggesting two to four on-site inspections a year at on-site and then reneging on this offer.

The American and British delegates at the 17-nation disarmament conference have denied repeatedly that any such offer was ever made by the Western side.

Kuznetsov brushed aside the American offer earlier this week to negotiate the number of on-site inspections if the discussions were broadened to include the entire control arrangements.

This would sidetrack the conference into secondary issues, Kuznetsov declared, adding: "If we cannot get agreement on the main issues, discussion of secondary matters will prolong reaching an agreement."

Canada and Italy called on the disarmament conference to take immediate action to reach an early nuclear test ban agreement.

Italian Delegate Francesco Cavalletti called for a meeting this week if possible of the three-power test ban subcommittee of the conference.

The subcommittee has not met since the conference resumed Feb. 12 after a two-month recess. The United States and the Soviet Union have shown no eagerness to revive the subcommittee without a prior understanding of the number of on-site inspections and other control issues.

Canadian Chief Delegate Lt. Gen. E. L. M. Burns urged Russia to outline its basic requirements for a test ban agreement so negotiations can proceed.

Burns also demanded that overriding priority be given to a test ban treaty.

"The Canadian delegation strongly objects to any suggestion that this conference turn to the discussion of any matter except a test ban until we are as-

sure that the negotiation of this subject has been seriously undertaken and is being conducted in a manner which promises to yield concrete results."

Burns said the conference has a grave moral responsibility to stop nuclear testing in accordance with "an unambiguous mandate from world opinion" as expressed by the UN General Assembly.

"All the nations of the world are united in calling for the early conclusion of an agreement to ban tests. At this moment, when the obstacles which have blocked the negotiations on a treaty have been so substantially reduced, world opinion will not understand any slackening in our efforts to resolve this issue."

Burns suggested that the United States and Russia should each submit a complete draft treaty, leaving blank the number of on-site inspections and black boxes (robot detection stations). In this way, each side would understand the other's thinking on inspection procedures before making a final commitment on numbers.

The Canadian delegate praised the American willingness to negotiate on the number of inspections and said this proved that the present difference over numbers was not an insuperable obstacle.

He also welcomed the Soviet concession in offering any on-site inspections at all, and declared:

"The Canadian delegation is grateful for this step forward. But how is the other side to assess the value of this concession until it has a more precise idea of what the Soviet Union understand these on-site inspections would involve?"

Threat against Queen

ADELAIDE (AP) — A bomb threat was made against the Queen when she arrived in Adelaide Tuesday during her Australian tour, the Adelaide News reports.

The Queen and Prince Philip left Adelaide today aboard the royal yacht Britannia for Melbourne.

The newspaper says it complied with a police request not to publish word of the threat until she had left the state.

The newspaper says an unidentified man phoned one of its senior executives Tuesday and said: "There is a bomb planted at Holdens." Holdens is a large motor works outside Adelaide.

The News says three detectives investigated. The visit by the Queen and Philip to the plant went off without a hitch Thursday.

The News says police also investigated reports that three men were overheard plotting to open the Weir gates and drain Adelaide's River Torrens on which the Queen sailed to hear a concert Tuesday night.

Police kept the Torrens Weir and its approaches under close guard, the newspaper adds.

To speed payments on wheat

OTTAWA (CP)—Before federal election day rolls round April 8, Prairie grain growers may well be informed of a whopping final payment on their 1961-62 wheat pool account.

Such timing would coincide with the 1962 pattern.

The payment, known to exceed \$100,000,000, is strictly the farmers' own money. It will go directly to the farmer from the Canadian Wheat Board, the Crown agency that has served since the 1930s as the compulsory marketing outlet for all Prairie wheat, oats and barley sold commercially.

However, the federal government can be expected to claim some of the credit on grounds of promotion of wheat exports and prices increased by the devaluation of the Canadian dollar last May in terms of United States currency.

It tends to be a political maxim that the government of the day does itself no harm when money flows — whatever the source.

ACCOUNTS CLOSED EARLY
Just a year ago today, Prime Minister Diefenbaker told the Commons that the previous wheat pool account—for 1960-61—was being closed out six days later. This was earlier than usual and he credited brisk exports.

March 30, Agriculture Minister Hamilton announced a final wheat payment totalling a record \$125,088,385 or a record average of nearly 32 cents a bushel.

The payment this time may exceed that, although sales have slowed in the current crop year begun Aug. 1.

Await election outcome

US suspends nuclear arms talks

WASHINGTON (CP)—An informed source says the United States government has decided to await the outcome of the April 8 Canadian election before entering into any serious new negotiations on the provision of U.S. nuclear warheads for Canadian troops.

This, it was stated, is the government's reaction to reported overtures by Canadian Ambassador Charles Ritchie, who conferred with State Secretary Dean Rusk for 30 minutes Thursday.

Ritchie was understood to have conveyed a request by Prime Minister Diefenbaker for resumption of the nuclear negotiations that collapsed when Diefenbaker's previous proposals were found unacceptable by the Kennedy administration.

While the U.S. government still believes the question of getting U.S. warheads into the hands of Canadian defence troops is a matter of some urgency, it is reluctant to become enmeshed in what has developed into a major election issue.

Diefenbaker said in a Toronto speech last Tuesday that "we're negotiating to make readily available and accessible atomic warheads if and where an emergency takes place."

Perhaps indicating continued coolness between the two governments, the state department turned down press photographers' requests that Rusk pose with Ritchie. The department said Rusk didn't have time.

Ritchie was called to Ottawa Jan. 31 for consultations after Diefenbaker described a state department statement taking issue with his nuclear policies as an unwarranted intrusion in Canadian affairs. The ambassador returned Feb. 5.

Diefenbaker was reported to have proposed at one stage that the U.S. store warheads suitable for Canada's jet fighters and Bomarc missiles on the U.S. side of the border, to be hauled into Canadian bases if a war breaks out.

This, it is reported, is what the state department had in mind when it said Jan. 30 that Canadian government proposals were impractical and ineffective.

While neither side would disclose details of Thursday's meeting, the Canadian embassy and state department said that along with North American defence, Cuba and Laos were discussed.

The Cuban discussion was reported to have covered the Caribbean shrimp boat incident where two Cuban MiG fighters sprayed the waters near the disabled boat with machine-gun fire.

The Laotian discussion was more definitive. Canada, along with India and Poland, is a member of the international control commission delegated to investigate alleged truce violations in Laos. The U.S. has maintained the commission hasn't worked well mainly because of obstruction by Poland.

The U.S. maintains that while it has aided by pulling its troops out of Laos, the Communist North Vietnamese have not and that a number of peace violations have taken place.

About Television

By CYNTHIA LOWRY

NEW YORK (AP)—Some Victor Borge fans wish he'd stop fooling around with long-hair music and stick to the comedy. Some Borge fans deplore that such a fine pianist wastes all that time on funny stuff. Borge doesn't mind the wails. He realizes that both groups like to watch him. He also realizes that the largest group of all — between the extremes — thinks his curious, special blend of good music and comedy is just great.

"You can't satisfy everybody," he shrugs. "And I have to do what I feel happy and comfortable doing."

Borge, who has been through the television mill, will be seen in one of his infrequent specials Sunday night on ABC.

TALENT WASTED
"Television uses up talents and too many talents have fallen by the wayside," the Danish-born performer says. "Some things remain the same—the sponsors, first and last, the westerns and the comedy, unless somebody finds a way to handle it differently."

"Most comedians develop a television speciality and the public always expects them to do the thing that made them famous in the first place. And then the public complains the comedian is 'always the same.'"

"I don't want that. I'd rather wait, and do a special television show that is a real special — something that's cooked up in a week."

Borge's Sunday special is unique. It was taped in Philadelphia at the Lincoln Centre — first time the precincts have been used for anything approaching comedy, and it enlists

Show Business

By BOB THOMAS

HOLLYWOOD (AP) — "My life has no pattern, and that's the way I like it," says Anne Baxter.

Here is a patternless life in feed, and a unique one for a movie star or anyone, for that matter. She alternates between the career of an actress in Hollywood and the pioneer existence at Giro station on the Australian plain.

"I think I've managed quite a bit in the last three years," she commented. "I've travelled 45,000 miles, had three pregnancies (one miscarriage), made three and I won't say dead-end — I won't say dead-end — Europe and spent a large part of each year doing all the household work on our ranch."

Anne was here to await the birth of her third child, an event that may happen at any hour. Having had two difficult deliveries, she chose to return here to be attended by the same doctor.

BACK TO THE RANCH
In a month or two she expects to be returning to Giro, where her husband Randolph Galt raises Hereford cattle on a 34,000-acre ranch.

"There is no such thing as help in Australia," she explained. "A man would rather wash a car for nothing and join the owner afterwards for a beer than be paid for the job. That's the way the Australians are."

And I mean everything. I wash a mean diaper, I'll have you know. When I hang out the wash, you'd better put on your lark glasses."

What does she like about the frontier life?
"The freedom. There is something wonderful about being by yourself. If anyone comes to call on you, you can see them coming 20 miles away."

But she admitted that after four or five months the ranch life begins to pall.
"By that time I get pretty tired of mental work," she said. "Also, we have the desire to see old friends and familiar places. We have made many good friends in Australia. But no matter how much you like your new friends, there is always that urge to see and talk to people you have known for years."

On one subject Anne is something of a zealot: The position of the Australian woman.
"I have the greatest admiration for them," she commented. "Out on the ranches they do everything, from boiling laundry in a copper kettle to educating their own children."

"But I cannot get used to the way they are treated by their husbands. The average Australian has only two relations with women: domestic and sex."

JACOBY ON BRIDGE

CORRECT PLAY GAINS TRICK

Study the bidding, then look at the East hand only. Your partner opens the four of diamonds against South's three no-trump contract. If South would be generous enough to play dummy's jack you would have no problem, but South plays the six.

Should you go up with the king or should you play the eight?
The first step in your reasoning should be to count a few points. Dummy has eight. You have 11. Probably South has 17 since he rebid to three no-trump. That leaves exactly four points for your partner. Some of those points will be in diamonds since he probably has

led from something. If he has the queen of diamonds and another queer, a little study will show that you aren't likely to beat the hand under any circumstances.

Suppose West holds the ace of diamonds? If he also holds the ten, you can play the king and return the eight after the king holds. Then if your partner ducks you will get in with one of your aces and give him two diamond tricks. You note that the eight spot play will be equally effective in this case.

Suppose he holds ace-nine of diamonds. If you play the king declarer will have two diamond stoppers. Suppose you play the eight? Declarer will win with the queen or ten. You will gain the lead with an ace and lay Pass 2 Spades Pass 3 Dmds, down the king of diamonds to drop North's jack. Then a third diamond lead will make your partner's king and nine both good so the eight spot is your correct play.

BISHOPTON
The Brownies and their mothers held the first Mother and Daughter banquet at the Rebekah Hall on Feb. 9, with Maxwell Lodge catering for the dinner.

Mrs. G. Lokhorst thanked the leaders for their work with the girls during the past year. A short ceremony followed at which the following Brownies were presented with the second year service stars: Carolyn Downes, Carol Harrison, and Linda Ainsworth. Two Tweenies were welcomed into the group - Helene Cloutier and Ellen Bennett.

Plans were made for the Rally in Sherbrooke on the 23; and a Church Parade at the Bishop-ton United Church on the 24.

A GENERAL MOTORS VALUE

HOW MANY FAMILIES WILL LOVE THIS CAR?

Four. Five. Six. Perhaps even more. For the typical Cadillac is so long-lived and so enduring in its charms that it serves a succession of fine families. This, of course, is the result of many great and unique motoring qualities—masterful engineering and design... advanced, trend-setting styling... and superb craftsmanship. And it promises one of the greatest of all satisfactions in ownership of a Cadillac: the car's predictably high resale value. For a car with such lasting appeal is always in active demand in the market place. And if all this has been true of Cadillacs in the past—imagine how doubly true it will be of the magnificent 1963 "car of cars." For here is the greatest Cadillac of all time. Extraordinarily beautiful in its styling. Exceptionally thrilling in its performance. Wondrously gracious in its luxury. This is also the most popular Cadillac ever built— attracting both owners and admirers in unprecedented numbers. Visit your dealer soon to learn about the twelve 1963 models and for a close look at your favorite. It's a great year to let your family fall in love with a Cadillac!

SILVER ACORN — The badge representing the highest award in Scouting is presented to Harry Grundy, Q.C., Sherbrooke lawyer who has been active in the movement since he joined the 5th Sherbrooke Troop as a boy, by Warren Sanderson, 16, a Queen's Scout in the same troop today. The ceremony took place in Mr. Grundy's law office Thursday in the presence of Scouting colleagues and friends. He will go to Ottawa to receive the real 'Silver Acorn' from Governor-General George P. Vanier, Canadian Chief Scout. Mr. Grundy has most recently been chairman of the provincial Scouts' honors and awards board, but this is one award which he didn't learn of until the presentation. (Record photo by Gerry Lemay)

Police car equipment discussed

By IVY HATCH
(Record Correspondent)

STANSTEAD — A joint meeting of the councils of Stanstead, Rock Island and Beebe took place on Monday evening, February 18, at the Stanstead County Court Building with Stanstead's mayor, E. J. Struthers presiding.

A report on the joint police force which came into effect in 1962 was heard.

According to the feelings of the three councils the joint police set up is working out fine. The car is in operation and is equipped with short wave radio for quicker response when the police are needed. It was also felt the police car should carry small tools handy in case of an accident, as well as a fire extinguisher which can be used for a chimney fire.

A resolution by the three municipalities and town will be sent to George Vaillancourt, M.P., requesting consideration of a new highway on the former Quebec Central road bed in the West section of Rock Island through to Stanstead. This is a subject which has been talked about at individual council meetings for some years back, and it is considered that it would go through and be built it would cut off traffic considerably on Foundry Hill. It is also felt the cost of the road would not be too excessive.

It was noted that although

a 6 percent sales tax is effective in most township centers, it is not the case at the Boundary and is not favored at the present by the councils.

Snow removal on sidewalks is presenting a problem for all three councils this year because of such an abundance of snow. The person hired by Stanstead and Rock Island has not been able to fulfill his duties, Beebe has their main street sidewalk open but not all the side street sidewalks.

This was discussed and it was felt that perhaps before another winter something like a snow blower could be purchased.

Mr. Struthers and L. E. Roberge, of Rock Island Council, spoke on a Civil Defence meeting they had attended at Amnrior, Ont., last year. It was suggested that in connection with Civil Defence here at the Boundary, possibly a St. John Ambulance course could be given before the end of 1963.

The question of mobile homes in the three municipalities came up for discussion. Stanstead and Rock Island have a notice of motion before their councils on this matter and at the next meeting one will be made at the Beebe meeting. This is a subject that

will be further discussed at future meetings of the Joint Councils for a definite and uniform decision.

Other matters brought up for future meetings, discussions, and uniform decisions are the matter of charitable donations of money for communities support, International Water Company bonds issued in 1923 are due on March 1st, this is an investment of Stanstead, Rock Island and Derby Line, Sewers and water pollution, agreement in valuation, and working together of all fire departments.

The questions of street paving and sewers came up and this too will be discussed at future meetings for it is the feeling that each council has gained knowledge from past experience and this should be put on the table to help each other as all three councils are faced with sewer installations.

Mr. Struthers noted he is to head a committee of the Boundary Rotary Club for the opening ceremonies of the new Rock Island Customs. It is expected this will be officially opened in May.

The call of the next joint meeting will be made by the Rock Island Council and will tentatively take place in mid-March.

After storm

Schools closed, roads blocked

The three successive days of snowfall which opened the week left two area schools closed Friday, and all major roads in Megantic county blocked.

Both Pope Memorial School in Bury and Cookshire High School closed their doors because of snow conditions Friday.

The Quebec roads department in Sherbrooke reported that all roads in its territory, Richmond, Sherbrooke and Stanstead, were open to traffic, but that routes 23, 24 and 28 in Megantic County were

blocked. The Lennoxville Experimental Farm summarized the week's storms this way: 2.2 inches of snow fell Monday; 5.4 inches fell Tuesday; 3.7 inches Wednesday, and none Thursday.

Even when not forced to close down all classes, schools sent children home early in some localities. Pope Memorial's students went home at 2.30 p.m. Thursday, and Asbestos-Danville-Shipton High School, which has managed to stay open, ended classes early Thursday.

Knowlton High School was closed Thursday, but open again Friday.

Faces break in charge, allowed bail by judge

A 25-year-old man being held on a charge of theft by breaking and entering a Sherbrooke jewellery store, Thursday asked Judge Evender Veilleux to set bail for his release until time for his trial.

Roger Pigeon of Warwick and Sherbrooke, had been arrested at the same time as Raymond Goulet, who is awaiting sentence after having pleaded guilty to the same break-in with which Pigeon is charged, at Bijouterie Bolduc, 15 Windsor Street.

The judge set bail for Pigeon at \$1,500 cash, or \$3,000 property.

There is, however, another warrant issued for his arrest by the police of Quebec City, in connection with a \$7,000 theft.

Artisans to hold apple sale

RICHMOND — (Special) — The Richmond Society of Artisans will hold a different kind of sale on February 23 from 6 to 9 p.m. The difference here is in the sale of 'mystery apples', not tags as have other various groups done in the past.

Sale of these apples will help the students of Richmond in what the group calls a 'college fund'. A drawing will be held on Shrove Tuesday in the Richmond Cabaret Feb. 26th. There will be prizes valued up to \$200 given to lucky winners in the 'Soiree Canadienne' to be held after a delicious bean supper which takes place at 7 p.m. As to the 'Magic Apple' sale, members of the local majorities and cadets will approach the Richmond citizens and sell the apples.

HELD TOP LAY POST

PETER BOROUGH, Ont. (CP)—James Dutton, 85, chairman of the board of administration of the Presbyterian Church in Canada from 1933 to 1936 and 1958 to 1960 died Thursday. The post is the highest open to laymen. Death occurred in a home for the aged.

Pair given 3 months for thefts

Two young Asbestos men pleaded guilty before Judge Evender Veilleux Thursday to four charges of theft by breaking and entering.

The men, Gaston Boisard and Jean-Marie Goulet, were each sentenced to three months in jail, to run concurrently with three-month sentences they were given earlier in Drummondville for a series of seven break-ins they had admitted committing in that city.

Other break-ins by the pair were in Asbestos, Danville and Richmond.

Boy's death ruled accident

RICHMOND — (Special) — A coroner's jury ruled Thursday that 13-year-old Richard Mallette's death was accidental. The son of Mr. and Mrs. Omer Mallette of Kirkdale, Richard died in Montreal's Royal Victoria Hospital, Feb. 10, after having been struck by a car driven by Roland Dugre on Feb. 9, on R.R. 1, Melbourne.

RICHARD MALLETTE

The funeral was in Ulverton United Church, Feb. 15, with Rev. Eleanor Carr officiating. Born in Kingsbury on November 2, 1949, Richard was in his seventh year at St. Francis High School. He had a perfect attendance at the Ulverton United Church and was to be presented with a two-year pin by the Sunday School.

A large delegation of pupils from St. Francis High School attended the funeral service.

Richard, it was learned from his parents, had wanted to become a minister.

Bearers were members of the Royal Canadian Legion, Branch 15 of which the boy's father is a member. They were Robert 'Bob' Heale, Jack Cunningham, Harold Kydd and Basil Hay-

ward. Burial was in the old Methodist Cemetery near the church.

He is survived by his parents, three brothers, Morris 20, Charles 9 and Dennis 7; three sisters, Virginia, Jean, (Mrs. Arthur Morin) of Kingsbury, Karen 14 and Helen 4. Several cousins and other relatives.

Attending the funeral were friends and relatives from Richmond, Melbourne, Montreal, Ulverton and nearby district.

FIND REMAINS

VATICAN CITY (AP)—The Vatican newspaper l'Osservatore Romano said Thursday a coffin containing remains of St. Benedict and his sister, St. Scholastica, was found in a benedictine monastery at Subiaco, in the Sabine Mountains 30 miles east of Rome. St. Benedict was the founder of the Benedictine order in the sixth century. St. Scholastica was the first Benedictine nun.

GUEST SPEAKER — Howard I. Ross, C.A., centre, partner in a Montreal Accounting firm and also in a management consultants company from the same city, is seen prior to the meeting of the Eastern Townships Society of Industrial Cost Accountants which he addressed Thursday evening at the King George Hotel. Mr. Ross's subject was The Nature of Financial Reporting. With Mr. Ross in the picture are (at left) Jean Lanctot Chairman of the E.T.S.I.C.A. and Pierre Bachand of the Council of Industrial Cost Accountants of Quebec. (Record photo by Gerry Lemay)

Want fixed insurance rate

Townships truckers to attend convention in Montreal Monday

Real Veilleux of Sherbrooke, president of the Eastern Townships section of the Trucking Association of Quebec, will

head a delegation from this region to the association's convention at Montreal's Queen Elizabeth Hotel next Monday, Tuesday and Wednesday.

On the agenda for discussion is a proposed resolution asking the province to hold a governmental inquiry into the manner in which railroads dispose of their public grants. This will be considered in the light of a recent study which shows, according to the association, that three American railroads have received benefits from Canadian railway subsidies.

Another request which may be sent to the provincial government will be for a fixed auto-insurance rate. The truckers maintain that following the adoption of Quebec's indemnity scheme for auto insurance victims, the number of insured vehicles rose from 45 per cent to 87 per cent.

The trucking association, in a news release, says, "It is curious that, in spite of this legislation, and the greater velocity of the courts and the policy, canvassers, automobile insurance premiums

have not diminished. The professional users of the roads would like to know the reason."

Other questions on the agenda are suggestions that the government adopt laws requiring certain qualifications of road contractors, and requiring all vehicles to carry trouble warning lights, and a recommendation that a traffic authority be established on the Island of Montreal to co-ordinate traffic laws in the different municipalities.

Addressing the meeting, which will be under the chairmanship of president Georges Gouin of Three Rivers, will be Quebec's transport and communications minister Gerard Cournoyer who will speak on transport and the 1967 world's fair.

Red Cross in Quebec

Unless 1963 drive successful, may reduce services

"Red Cross financial campaigns across the province will have to produce enough money for the 1963 budget, or services will have to be cut," said the organization's provincial field director, Laurent Morin, speaking Thursday evening in Sherbrooke before an executive meeting of Red Cross officers of the Eastern Townships

Branches. "We operated at a deficit last year," he said, quoting figures which placed Quebec almost at the bottom in per capita contributions throughout Canada. He said Quebec residents had contributed 21.6 cents per capita to the Red Cross, compared to Manitoba's 46 cents and Ontario's 42 cents.

Only two provinces were lower, he said. They were New Brunswick and Newfoundland, "hardly our richest provinces." To meet the budget this year, at least 27 cents per capita must be collected in Quebec, he said. "The situation is very very serious. Last year's deficit meant that other provinces,

poorer than ours, had to contribute to our welfare."

Adding to the problem were the greater number of contributions asked by church and other organizations in Quebec, the fact that there are fewer breadwinners per capita be-

cause of the larger families, and local problems caused by campaigns coinciding with strikes, shutdowns and slack seasons.

The amount budgeted for the Junior Red Cross had increased by more than 30 per cent to

\$96,306 as a result of the grant,

ing, last year, of authority to organize in French Roman Catholic schools for the first time. This has produced an extra 350,000 potential members of the Junior Red Cross.

An eventual secondary result

of this will be the education of a large segment of Quebec's population to the aims and needs of the Red Cross, Mr. Morin said.

Other resolutions to the problem are better organization of campaigns and more extensive campaigning.

Fund drives in most Eastern Townships areas will start at the beginning of March. In Sherbrooke the kick-off date is March 3. Some rural areas will hold their campaigns later when milder weather and better roads make it easier for canvassers.

RED CROSS PLANS CAMPAIGN — Laurent Morin, right, provincial field director of the Red Cross spoke Thursday evening to a meeting of Red Cross officials from branches throughout the Eastern Townships. He noted that more money was desperately needed in the province if services were not to be cut. Seen with Mr. Morin are, from left, Mrs. Leonard Curtis and Mrs. Marcel Savard, co-chairmen of the Sherbrooke fund campaign, and Mrs. Bruce Bishop, campaign chairman for the North Hatley branch. "A House Divided Against Itself Cannot Stand . . ."

Curbing minority government danger

Tommy Douglas, New Democratic party leader, obviously is seeking to strengthen the position of his own party in the minds of the electors when he declares that Canada need not suffer if another minority government emerges from the April 8 election. But in his defence of the multiplicity of parties he has advanced one concrete suggestion for the effective administration of the country in the event the electors decide to continue the bloc system of representation.

His proposals would require certain changes in present parliamentary procedure and would be feasible only if the cabinet was prepared to give strong leadership to Parliament.

While Mr. Douglas did not give exact details as to how the smaller parties could assure the continuity of the Government this could be accomplished by changes in the present system of no-confidence votes on individual issues which present a minority administration from advancing really effective legislation.

This could be accomplished by the Government presenting a definite list of bills in the early days of the session. The

House could be asked to accept or reject the principles of the legislation submitted, the Opposition parties being enabled to vote or sustain the administration at this stage of proceedings. If, however, the principle of the bills received approval they could be referred to the appropriate committees for detailed study and amendment. Changes could be made in individual sections without involving the defeat of the Government unless such amendments were so drastic that they reversed the very purpose of the bill.

Not only would this procedure speed up House business but it would restore a degree of independent thinking for the individual Member of Parliament. At present the back-bencher must remain silent if he differs from the accepted views of his party on an individual issue. As a result the rank-and-file members resemble a troupe of trained seals, snapping to attention at a sign from the party whip.

Nothing in this proposal would present the Opposition parties from moving non-confidence motions if they considered the Government derelict in its duty on matters of national importance.

A pessimist is any person who must appear to be unhappy in order to be happy.

Berlin solution depends on Russia

French opposition to new talks between the Western allies and the Russians on the problem of the divided city of Berlin is understandable.

Berlin has been exploited as tool in the Cold War by the Soviet Union since the lines of occupation were drawn after World War Two. After countless blockades, the Russians topped their campaign of nerves by erecting the infamous Wall.

But now the U.S.S.R. wants to resume discussions which came to halt nearly a year ago. It has proposed that a new attempt be made to find a solution. The United States has set machinery in motion to feel out its allies on the question.

The French, however, say there is nothing to be gained by further negotiations and their stand has caused a division in the Western camp. It is difficult not to agree with France which is a eager as Britain and West Germany to remove the threat of Russian troops a

few hundred miles from its borders.

No doubt, the French want something more concrete than an inclination on the part of the Russians to review the situation again, as helpful as this might be. After past failures stemming from Soviet refusal to make concessions, there seems little point apparently in going through the wasted motions of trying to find a way out of the tragic human situation which is Berlin today.

The United States which is acting as peace maker among its allies is more optimistic, although it is not placing it hopes too high on the outcome of the talks if they do materialize.

What is needed is proof that the Soviets are not just acting out another scene in the tense drama in which they have forced the world to participate. The negotiations could be fruitful undertakings and Russia could show its goodwill by removing something which should never have existed — the Berlin Wall.

You can be judged by the company you keep—or keep out of.

Canada has become toast of the world

It is a compliment of sorts to learn that Canada is enjoying a vogue as a conversation piece at cocktail parties abroad.

Tucked away at the top of the North American continent, buried most of the year under snow, Canada can be easily missed geographically and dismissed mentally. Foreigners usually confuse the climate of our country with our temperament, not realizing that deep-down we are seething volcanoes of emotions, able, under the slightest provocation—the nuclear arms issue, for instance—to boil over.

For the moment, we are the toast of the world's capitals. In Paris, they read about our mass resignation of federal ministers, our four parties vying for the leadership, our decapitated Bomarc missiles and their eyes are clouded with a certain nostalgia, a longing for the pre-De Gaulle days when even a back-bench-

er could aspire, with an excellent chance of success, to the premiership.

Washington, of course, is buzzing with talk about President Kennedy's handling of the "neighbor to the north." The Republicans charge — and Canadians will agree — that the U.S. state department was firm on the nuclear arms issue to the point of insult. The Democrats, and some Republicans for that matter, are saying that Canada, like several of the U.S.'s allies, is welching on the commitments.

As for London, the gossip is probably as juicy. What about New Delhi, Cairo, Moscow, Peking, and Nairobi?

The federal election on April 8 could be disastrous to Canada's newly-gained popularity. But, if another minority government takes office, the immigration department won't be able to handle the influx of visitors to this country. The 1967 World's Fair will be a record success.

The readers say:

There's no such thing as a defence

The Editor Sherbrooke Daily Record Dear Sir,

Thank you once more for some of the editorials you have published also for the publication of letters like the ones from Ted Wright.

History proves that all down through the ages the disintegration of almost every nation has come from within. Where does the decline of morals start? It is the result of common people being ruled by fear in different forms, economic, political and religious.

There is a difference between fear and caution. With the human race looking down the crater of a volcano, and the leaders of society trying to coax us to jump into it, it is time we became a little more cautious than we have been.

melting pot of the nations. Nationalism, with a lot of other things, will need to be discarded for that broader conception, for that which is known as the oneness of it all.

Over 40 years ago, J. R. Mott, after having spent several years in China, declared that the peace of the world depended on China.

There are more people in China of one nationality than there are in the British empire. They were one of the most peaceful nations in the world, but when you abuse a man or a beast enough you may get a come-back.

It has been a favorite expression of some of the American politicians to say we lost China. They never had China to lose, but they did have Cuba.

as president of the Royal Bank of Canada on his return from China was of the opinion that we were hurting ourselves more than we were them by refusing to trade with them, and yet we had to turn down the sale of 500 trucks and 500 cars because our good neighbors to the south of us said no.

The people in this country have a fine collection of leaders to choose from. We have Honest John with his anti-Americanism. We have Mike Pearson with his "We will and we won't." We have a lot of Social Credit confusion without any leadership. The NDP is the only political party at Ottawa that has taken one position on the policy of defence. They all know there is no such thing as defence.

Little sympathy

Quebec is becoming a new home for hundreds of 'Black Feet'

MONTREAL (CP) — Hundreds of Black Feet—the Arabs' name for the French in Algeria—have come to Quebec to start new lives and to forget the troubles there. Another 1,000 are expected in the spring.

Says Hubert du Crest, president of L'Association Francaise du Maroc in Montreal: "It's hard for us to tell these people not to come here expecting to be welcomed with open arms. But French-Canadians have shown little sympathy, if any, towards these people without a country."

Mr. du Crest, who came here five years ago from Morocco and now is an insurance agent, says there are understanding and generous French-Canadians who have helped "tremendously."

"But for the great majority, the Black Feet are just that bunch of OAS killers who spent their time shooting down defenceless Moslems."

For seven years the Black Feet lived through "bombings, shootings and throat-cuttings . . . and these are things they want to forget."

WANT A HOME
"All they want now is a place to live where they can have

enough security to face the future with confidence—a place to call home."

So far immigration of the Black Feet has been satisfactory, says Mr. du Crest. "Only 10 families out of 300 we know have gone back to Europe."

Describing L'Association Francaise du Maroc, Mr. du Crest says at first they were only a "handful of Moroccans who set up the association to keep in touch with those in need." Then some Tunisians arrived and now the Algerians.

The 1,000 Algerians expected in the spring will be a big problem for the association. "Through our contacts we will be able to help a few, but for the others it will be tough—especially finding jobs," Mr. du Crest says.

Although most speak three or four languages fluently, English is seldom one of them.

Mr. du Crest says the Black Feet, named after French colonial army officers who wore black boots, had the choice of remaining in an independent Algeria in the face of difficulties or returning to France to "start from scratch."

From 1956 Moroccan and Tunisian Frenchmen began pour-

ing into France to settle along the Mediterranean coast where the climate is the same as North Africa.

The local French did not mind the invasion at first, says Mr. du Crest, but later they became "sick and tired of a war which appeared endless and were irritated by the Black Feet revolts which at one time almost caused civil war in France itself."

Today shiploads of Algerians continue to arrive in Marseilles. Many of the people are penniless and some "swallowed their pride and returned to North Africa."

Others looked for other refuges. "This brought Canada into the picture," Mr. du Crest said.

The association receives an average of 50 letters a week from France and North Africa asking for information on Canada.

The Algerians arriving in Canada are being selected by Canadian immigration officers touring the south of France. "We will only get those who do have a chance of succeeding here," says Mr. du Crest. "Nonetheless, jobs are not easy to get. Not even in the spring."

Sees a responsibility

Promotes proper French language

PARIS (CP)—Publisher Jean Marie Domenach says the French language is the common responsibility of every one who speaks it, and he goes out of his way to prove his point.

He engaged a French-speaking Canadian to write the lead article for a special issue of his Paris publication *Esprit* on "French the Living Language."

To complete the cultural exchange, he undertook to write a monthly column for Canada's *Le Magazine MacLean* entitled "Jean-Marie Domenach Vous Parle de Paris."

These are not the only ties between *Esprit*, its staff and Canada.

"There is a kindred spirit between us and a certain Catholic elite in your country," the publisher explained in an interview.

"Because our founder, Emmanuel Mounier, worked hard to create a difference between the terms 'spiritual' and 'reactionary', a certain milieu of intellectual Roman Catholic youth in Canada feels itself related to this attempt."

"You might say the Montreal magazine *Cite Libre* is the spiritual child of Mounier."

Intellectual links with Canada, Domenach said, have been

strengthened by an exchange of visits.

"We have numerous friends over there, among them Gerard Pelletier editor-in-chief of *Montreal La Presse* and many others. Our relations with your country are profound, lively and anything but academic."

"Although Mounier didn't go, many of our writers and editors have visited the province of Quebec. Albert Beguin, who succeeded Mounier as publisher of our magazine, loved Canada. This sentiment was sharpened by his hatred of the American rhythm of life."

"For my own part, I have visited your country twice, the first time after a two-month stay in the United States. How moving it was to fall among men who, despite a different rhythm of life, knew how to laugh and to live life with freshness."

The publisher said he would like to see more Canadians writing in France.

"I would like nothing better than to give French-Canadians greater participation in our magazine," he said. "But you know your countrymen. What an effort it takes to get them moving, to make them determined to submit an article in time."

Domenach had high praise, however, for Canada's freedom of speech.

"When I'm given freedom, I take advantage of it, I'm

happy," he said.

"In your country I could express myself freely. I used the rostrums of radio and television, which in France are barred to such magazines as ours, whose positions are not aligned with that of the government."

Press Comment

If Mr. Thompson's political convictions were to be judged solely on his statements as head of the national Social Credit party, we would have to brand him a fake and opportunist of the rankest stamp for attempting to drop his bone the moment a larger one appeared in the water. But it is our view that Mr. Thompson is a politician first, and a Social Creditor only incidentally. Can it be that Mr. Thompson never was a Social Creditor, that like British Columbia's Premier Bennett, Mr. Thompson saw Social Credit merely as a vehicle for his more conservative political ambitions? If so, Mr. Thompson, unlike Mr. Bennett, has found himself unable to convert the party to his own needs—simply because the elections of 1962 took the party effectively from his hands.

What has happened, in our estimation, is that Mr. Thompson has grown tired of having to make gestures in obedience to doctrinaire Social Credit policies. He is likely tired of playing straight man to the unpredictable Mr. Real Caouette, and he has wearied of the circus atmosphere which his colleagues have managed to impart to national politics. Mr. Thompson, we feel, would like to be back in the fold, back among people who talk his language, people who proceed from political premises which he recognizes.

Fast-growing group

What makes Unitarians tick?

By RON POLLTON
A story goes the rounds about a researcher who once found all religious books in the Cornell University library under "myths and superstitions." The librarian was thought to be a Unitarian.

Too pat to be true perhaps, but the story introduces a group (about 150,000 strong in North America) regarded as the fastest growing religious denomination in Canada.

The label, based on a percentage-of-population increase, was fixed by the Dominion Bureau of Statistics which listed 3,517 Unitarians in 1951 and 15,062 in 1961.

Not much of an advance considering that Unitarianism is centuries old. But its beliefs are so divergent and individualistic that there is room to doubt that an absolute individualist would have any need to bundle beneath them.

Unitarian congregations contain so many personal opinions that many people wouldn't know a Unitarian if they met one and some might well be Unitarians without knowing it, themselves.

Dr. A. C. Forrest, editor of the *United Church Observer*, who has occasionally complimented their work, has also said: "I've never been able to find out what local Unitarians do believe."

It has no theology
Confusion exists because it is much easier to discover what a Unitarian does not believe. It seems more a philosophy than a religion.

Adherents call it a religion but it has no theology. Some are theists but many are atheists. Most regard the Biblical miracles as myths. Few believe Jesus was the son of God and some do not believe He ever existed.

This refusal to hew to a party line has caused many critics to dismiss Unitarians as mere intellectual exercisers. If he has been said they study God and address their prayers to whom it may concern.

Their creed — predicated on a search for truth among man's works, whatever truth may be — once prompted Dr. Forrest to name Doubting Thomas as their patron saint. Unitarian ministers do not give sermons, which — considering some sermons — is one of Unitarianism's chief attractions. They address their congregations.

And when a youth conference was held in the United States four years ago delegates meditated to the accompaniment of a recording of crickets singing.

Dr. Charles Elliot, the late Unitarian president of Harvard, defined it as "the cheerful religion." Thomas Jefferson, Henry David Thoreau and Oliver Wendell Holmes were members.

Some (like Charles Dickens) drifted into Unitarianism, and then—being too individualistic to bear any kind of organization—have drifted out again.

It attracts people who have found traditional churches either non-committal or too dogmatic. It speaks on leading issues like medicare, nuclear disarmament and birth control. It has a benevolent attitude toward alcohol and gambling.

Yet some who have turned to it for these reasons have turned away again, likening

its direction to that of a wheel with a strong rim but no hub.

One couple, who were married in a Unitarian church, left it later because it "left us to wobble along in our own way. It neither taught nor guided. It merely stimulated us intellectually. It seemed aimless and goalless."

They miss religion. They have not joined another church. They underline a contention of Dr. John Morgan, of the First Unitarian Congregation in Toronto.

He said: "We are not in competition with other religious denominations because our people were not practising members of other denominations, anyway. If they did not come here they wouldn't go anywhere else."

He describes Unitarianism as "a society without a creed, banded together to think and to enrich life . . . a fellowship of friends."

As for guidance: "All Unitarians have a common meeting ground in that they share a belief in the church as a process in which there is freedom of thought."

"When you get to the edge of knowledge where you are guessing, our people are free to go the way of their choice — toward faith in a Supreme Being or toward a continuing search for truth."

This, he says, is why some Unitarians believe in a Supreme Being and an after life and in Jesus as the Son of God while others do not.

Decide for themselves
If this leaves an interrogator up in the air, he adds that his church "allows wide tolerance in areas not subject to proof or disproof. All Unitarians share a broad humanistic outlook which requires non-acceptance of beliefs about the universe based strictly on faith."

Dr. Morgan has 1,500 families in his 117-year-old congregation. It is one of five Unitarian groups across Canada. A lack of ministers makes it "mainly a lay organization."

A graduate of Harvard, he was born in Indiana and came to Toronto four years ago. He does not believe in God, regards the Bible as valuable for study "but not necessarily superior to Hindu and Moslem scriptures."

Like many Unitarians, he does not subscribe to the commandments as much as he does to "standards which must apply to modern society."

He thinks Unitarianism is growing because World War II shook many people into believing that if they did not do something about the atomic bomb "a deity would not." He, himself, is chairman of the Toronto Campaign For Nuclear Disarmament.

Year Round Market For

CEDAR

Premium Prices For Cedar Delivered To Our Plant

CEDAR POSTS

Post Lengths	Top of Post Diameters			
	2 1/4" to 3"	3" to 4"	4" to 5"	5" to 6"

CEDAR LOGS

\$40.00 per Thousand.
Logs must have a minimum diameter of 7" and be 10', 12', 14' and 16' long.

Contact the
CONCORD WOODWORKING CO. LTD.
Bury, Quebec. Tel. 872-3308

CEDAR SPECIFICATIONS
CEDAR POSTS: All Cedar Posts must be "sound at both ends" and "reasonably straight". The Top diameter of each post is measured the small way of the post and inside the bark. It is necessary that each post be cut at least 3 inches longer than the post length to allow for trimming. All branches must be cut close to the bark. Root swells must be cut off and other defects eliminated.

CEDAR LOGS: All Cedar Logs must be "reasonably sound at both ends". Also, all logs must have a 7 inches or greater diameter, inside the bark. An extra 3 inches must be allowed on all lengths for trimming.

The management and scalers at our plant will be pleased to answer any questions that a Supplier may have relative to our specifications for the various items we purchase.

Letter to our Suppliers:

The items and premium prices shown in the advertisement are the same as those set forth in our Market Price List No. 4, dated Feb. 5, 1963. This price list goes into effect on February 23, 1963. It will remain in effect as long as possible. We can see no reason for a change until the end of June in as much as we shall be needing about 2,000,000 feet of Cedar between now and then, at the rate of 500,000 feet per month. Our requirements should continue at least at the same rate after July 1st.

All of you who have been cutting Cedar for us and using our Market Price List No. 1, 2, or 3 should try to bring your Cedar in to us before February 23, 1963. If this is not possible, please notify us so that we can scale it in the woods. In most cases this price list carries the same or higher prices than those previously issued. There is no objection to anyone holding back his Cedar and taking advantage of the new prices.

Sincerely yours,
CONCORD WOODWORKING CO., LTD.
James A. McVetty, Manager.

Dear Mr. McVetty,

We are very pleased that your company chose the town of Bury in which to locate your Cedar Fence Plant. We are sure that you will like our town and the area around it. There is a great deal of Cedar in and about Bury and for many years there has been very small demand for it.

We have studied the schedule of Cedar that you plan to purchase as well as the prices you plan to pay for it. They are fair and should yield a good return to timber owners and woods operators. Therefore, we know that you will have a great many people wanting to furnish you with Cedar according to your requirements.

You can depend on us as well as the people of this area to cooperate and work with you. The fact that your company is located here should do a great deal for the local economy.

Very truly yours,
INDUSTRIAL COMMITTEE OF BURY
Chairman, Raoul Turcotte.

Three sentenced for store theft

Three Sherbrooke men pleaded guilty Wednesday to breaking and entering Gaston Labbe's East Angus jewellery store during the weekend. The men, Roland Paris, Jacques Lalonde and Raymond Goulet, were convicted following a swift investigation by East Angus police chief Andre Phaneuf and Cpl. Raymond Bellemare of the Cookshire QPP detachment. Paris was sentenced to three months imprisonment. Lalonde and Goulet had already been taken into custody in connection with the Bolduc jewellery store robbery in Sherbrooke. Lalonde had been sentenced last week to two months in connection with the Sherbrooke robbery. For his part in the East Angus offence he received a three-month term. Goulet, convicted of both offences, will be sentenced March 14.

NEW MINISTER INDUCTED — Rev. Alex McCombie was inducted Thursday evening as minister for St. Andrew's Presbyterian Church in Sherbrooke. Rev. McCombie, left, is seen above with his wife and their son Stephen. To the right of Mrs. McCombie is Rev. Jacques Smith, moderator of the Presbytery of Quebec and Rev. Charles Cheesman, president of the Sherbrooke and district Ministerial Association. (Record photo by Gerry Lemay)

Border Rebekahs continue parties

ROCK ISLAND — A flower garden whist card party took place in the I.O.O.F. Hall on Feb. 18, sponsored by Crystal Rebekah Lodge. Five tables played the exciting game. Top winners were Mr. and Mrs. Lawrence Dubois and Mr. and Mrs. George Warren. The consolation went to Mrs. Roland Major, the Misses Betty and Gail Major and Andrew Davis. Refreshments were served by the committee in charge. The next party will be held at the I.O.O.F. Hall on Feb. 25.

Coaticook area health clinics

COATICOOK — (Special) — The Stanstead County Health Unit will hold free clinics in the Coaticook area as follows. Feb. 28: 10-11 a.m., St. Marc Church basement; 2-4 p.m., Coaticook Armouries. Feb. 27: 2-4 p.m., St. Edmond Church.

WOMAN SAYS

Continued From Page 1

the Crown's main witness. Fournel and Jules Reeves, 29, are also accused of capital murder in the case and their trial is scheduled for March 29. Fournel in earlier testimony identified Marcotte as the man who fired the shots that killed the policeman. Mrs. Fournel said Marcotte called her at her home about noon the day of the holdup and told her to come to Fournel's apartment because something had happened to Fournel. She said she found only Reeves and Marcotte in Fournel's apartment and that Marcotte pointed a machine gun at her. Marcotte then showed her a bag containing money and pieces of glass and told her: "I have just killed two policemen." He appeared to be under tension, she said. She quoted him as saying: "There was one who got up again and grabbed his stomach. I was not going to allow him to run after us." The two policemen, Denis Brabant, 31, and Claude Marneau, 34, were riddled as they

approached the bank to answer the alarm. Police said their killer, after wounding them, stepped closer to finish them off with extra bursts of rifle fire. Earlier, Mr. Justice Roger Quimet suggested the defence lawyer Tragan Constantin that "in all decency" he should withdraw from the case. He said Mr. Constantin had been Fournel's lawyer and now was acting for Marcotte. Fournel testified Wednesday that Mr. Constantin "instigated" a robbery last September at the same bank to obtain money to buy a bankrupt restaurant. The same bank was robbed three times, with the policemen being killed the last time. Mr. Constantin did not withdraw, but said he plans to testify to contradict the charges.

Card party, drawing winners announced

The Holy Name Society of St. Patrick's Church held a very successful card party and drawing in the Church Hall on Wednesday night. Cards were played at 22 tables and the winners are as follows: Miss Vina Brownlow, Miss Irene Dube, Miss Valerie Brunelle, Miss Eva McConnell, Mrs. G. Winslow, Mrs. Germaine Cormier, Mrs. Aime Morin, James B. Mathieu, Miss Caroline Bush, Miss J. Crochetiere, Mrs. Rita Milton, Mrs. Gordon Dougel, Reginald Jackson, Miss M. Ferguson, R. J. McVeigh, Gordon Fortier, Miss Nancy Dundin, Mrs. A. LeProhon, Mrs. J. Beaudreux, Mrs. R. Lemieux, Miss Denise Gervais, Mrs. Violet McCone, Marcel Bousada. Door prize winners were: Gordon Fortier, Jacques Lussard and Mrs. I. Metivier. Mr. R. Finn, president of the Holy Name Society then called upon Rev. J. Clark to draw the winning ticket for \$100. The ticket was in the name of Mrs. Stanley Sharpe, two wardens then drew the next tickets, the one for \$50.00 held by J. G. Gregoire, and the \$25.00 by J. J. Duford. This card party and drawing was held for the benefit of Brazilian Missions and Mr. Finn expressed thanks to all who had helped in this endeavor.

MORGAN & CO. LTD. APPOINTMENT

BRUCE A. MacPHADYEN, B. Comm.
Guy L. Hudon, President of Morgan & Co. Ltd., announces the appointment of Bruce A. MacPhadyen as area representative for the company. Mr. MacPhadyen, who brings with him extensive experience in the investment field will be attached to the company's Sherbrooke office.

66th anniversary is celebrated by Knowlton couple

KNOWLTON — Mr. and Mrs. Walter J. Taylor quietly celebrated the 66th anniversary of their wedding at their home here on Feb. 10, when friends and relatives called throughout the afternoon and evening to extend congratulations. Tea was served by their daughters. Both Mr. and Mrs. Taylor are enjoying very good health. The honored couple received many cards, and other gifts including flowers.

Pancake supper set for Feb. 26

BURY — (Special) — The men of the Anglican Church are making plans for the annual pancake supper Feb. 26. The men have been responsible for this celebration for some years, doing all the work themselves.

Windsor U.C.W. plans food sale

WINDSOR — The monthly meeting of the betty group of the U.C.W. was held Feb. 12, at the home of Mrs. D. Force. The worship service was conducted by Mrs. A. Bell. The newly formed committee reported several donations had been received. Mrs. F. Doyle was appointed to the soliciting committee. The food sale to be held at the Canada Paper Club House on Feb. 26, at 3 p.m. was further discussed. Talent money will be the project for the month of March. Mrs. R. Dubuc, was in charge of the program, dealing with the first chapter of the study book, *The Word and the Way*. Mrs. P. Lemine will have charge of the program for March.

Smoking cause of bronchitis

NEW DELHI (AP) — Smoking is a major cause, but not the only one, of chronic bronchitis, an international meeting of doctors agreed Thursday. A panel at the seventh International Congress on Chest Diseases was told that industrial smog could cause chronic bronchitis. An Indian study showed that cooking over smoky fires using cow dung or other poor fuels caused bronchitis among housewives, virtually none of whom smoked, the panel was told. But the same study, in men and women, showed two thirds of bronchitis victims were tobacco smokers.

Richmond

Mr. and Mrs. Henry Healy and sons, Trenholm and Lynn, have left to reside in Cornwall, Ont., where Mr. Healy has accepted a position.

Mr. Vincent McGovern of St. Lambert, spent the weekend with his mother, Mrs. E. T. McGovern, and aunt, Miss Evelyn McGovern.

Mrs. K. G. Nourse spent the weekend in Montreal with her son-in-law and daughter, Mr. and Mrs. Douglas Lightfoot, and sister, Mrs. S. J. Jennings.

News has been received by Mrs. E. T. McGovern, of the sudden death of her son-in-law, Mr. William Flavell, in Montreal, on Feb. 17. Mrs. R. N. Quinn, who spent a few days in St. Lambert with Mr. and Mrs. Vincent McGovern, attended the funeral of Mr. Flavell in Montreal on Feb. 19.

Mr. Grant Campbell was called to Montreal by the death of his cousin, Miss Alice Fletcher.

Sand Hill WA branch meets

SAND HILL — The first meeting of the year of St. Luke's Jubilee Branch of the Woman's Auxiliary was held in Lennoxville, at the home of Archdeacon and Mrs. T. J. Matthews.

The financial statement for 1962 was presented. Plans were made for the purchase of wool. Mrs. Eunice Findlay and Mrs. Mary Brazel were appointed to bring in nominations for officers at the March 7 meeting, at Mrs. Sylvia Winget, 52 Warren Street, Lennoxville. All members are requested to attend.

WINDSOR

Weekend guests at the home of Mr. and Mrs. F. Harper were Mr. and Mrs. Al Davidson, of Gatineau and Mr. and Mrs. E. Morel and family, of Sherbrooke. Mr. and Mrs. H. Robinson and son Jackie, of Foster, were weekend guests of their parents, Mr. and Mrs. F. Robinson, and Mr. and Mrs. J. Butler.

Montreal livestock market

MONTREAL (CP) — Calves were steady to \$1 lower and sows were \$1 lower on the Montreal livestock markets this week. Trading was slower under a fair demand. Receipts were 1,412 cattle, 939 calves, 663 hogs and six sheep and lambs. Choice steers were 24-50, good 23.35-24, medium 20-23.35 and common 14.75-20. Good heifers were 20-21, medium 18.25-19.75 and common 14.50-18. Good cows sold at 17-19.25, medium 16-17.25, common 13-16.25 and canners and cutters 8.25-14.25. Good bulls were 20-21 and common and medium 15-19.75. Good vealers were 30-36, medium 22-30, common 15-22, grassers 16-19 and feeders 20-50-21. Grade A hogs were 29 and sows 21-22 on the west-end market. At the east-end market, grade A hogs were 28-28.50 with most 28 plus 80 cents each, each, while sows were 21-22 with most 21 plus 80 cents each. Lambs were 18-20 and sheep 10.

Marriages

JEFFRIES-MOORE — Mr. and Mrs. Stanley Moore of Lennoxville, Que., announce the marriage of their only daughter, Nina Elizabeth, to Roger Charles Jeffries son of Mr. and Mrs. Ernest Jeffries, of Lansdowne, Ont. The wedding took place at the First Baptist Church, Kingston, Ont., on February 14th, 1963. Rev. Fred Jillard, Pastor, officiated.

Births

JUBY — At the Sherbrooke Hospital, on Wednesday, February 20th, 1963, to Malcolm and Beatrice (nee Royce), a daughter, sister for Fletcher and Carl.

Deaths

DUNSMORE, Charles — Suddenly at his residence, 180 Goodhue St., Sherbrooke, Que., on Thursday, February 21, 1963, Charles Dunsmore, beloved husband, and father of Emily Watts, Wilbert Smith, of Richmond, Que. and Allan, of Sherbrooke, and brother of Mrs. Jean Langlois, of Sherbrooke, Que., in his 86th year. Funeral service from the R. L. Bishop Funeral Chapel, 300 Quebec Blvd. N., on Saturday, February 23rd, at 2 p.m. Rev. M. W. Williams officiating. Interment in Elmwood Cemetery.

In Memoriam
PEASE — In ever loving memory of a dear mother and grandmother, who passed away a year ago today, on February 22, 1962. The golden gates stood open one year ago today. With farewells left unspoken you suddenly slipped away. God knew that you were weary, the hill too steep to climb, He gently took your hand in His and whispered "Peace be thine." Now looking back in memory Along the path she trod, We bless the years we shared with her. And leave the rest to God. Lovingly remembered and sadly missed by, LORNE AND MILDRED (son) ALEX AND ALTA (daughter) DAISY (daughter) RONALD AND BRUCE (grandsons)

Good pay and training provided to the right party. Mail complete resume immediately to: Box 95 — SHERBROOKE DAILY RECORD.

Supports NATO

LONDON (Reuters) — Harold Wilson, leader of the Labor party, reaffirmed his party's support of NATO and opposed Polish nuclear submarine bases under U.S. controls in Britain in a television broadcast Thursday night. "We take the view that as loyal members of NATO we must accept the obligations placed upon us by NATO but this (the Polish bases) is not a NATO obligation," he said.

A MORTGAGE LOAN

may help to solve your problems in financing proposed renovations to your present home or in assisting you to purchase a new property. Our rate of interest is 7% and you will find upon enquiring from our Loan and Real Estate Department that we offer reasonable conditions and terms of repayment.

JLVERTON
 The Young Adult group, held its Valentine box social in the Church Hall, F.b. 14, when cards were played at six tables. Miss Diana Cripps, of Montreal, is the guest of her parents, Mr. and Mrs. Wm. Cripps and Miss Betty Mason, of Richmond, was a guest at the same home. Rev. Dr. W. B. Perry, of Trinity Church, Drummondville, conducted the evening service in the United Church here, while Rev. B. Carr held service at East Angus.

Miss Betty Demerse spent a weekend in Montreal, where she attended the Ice Follies. Mr. and Mrs. R. Chappel, of Swanton, Vt., visited Mr. and Mrs. W. Crawford on Feb. 17, on their way home from visiting Mrs. John Duval, at the Regal Nursing Home, Cowansville.

More than \$250,000 was paid out to shepherds and Bedouins who found the Dead Sea Scrolls.

Rebekah head visits Richmond Olive Lodge

RICHMOND — Sister Doris Drouyn, president of the Rebekah Assembly of Quebec, made her official visit to Olive Branch Rebekah Lodge No. 9, on Feb. 13, in the Masonic Hall. She was accompanied by her husband, Mr. Drouyn.

Miss Sultia Sage, delegate to the United Nations Pilgrimage in New York City, gave an account of her trip last July.

At the conclusion of Miss Sage's address, the Noble Grand, Sister Marion Blemings, opened the meeting.

The conductor, Sister Doreen Findlay, was then asked to introduce the following visitors: Sister Doris Drouyn, president of the Rebekah Assembly; Sister Gladys Galbraith, vice-president of the Rebekah Assembly; Sister Viola Noble, secretary of the Rebekah Assembly; also Brother Drouyn and Burezyk.

Sister Viola Noble gave Sister Drouyn a corsage, she was later presented with a gift from the Noble Grand, Sister Marion Blemings, in remembrance of her visit to Olive Branch No. 9.

Near the close of the meeting, Sister Drouyn addressed the members.

Sister Gladys Galbraith, vice-president, Brother Drouyn, Brother Burezyk, Sister Burt, of Lennoxville, and Sister Brieler, of Charlotte Lodge in Dawson Creek each spoke briefly.

A social evening was followed by lunch which was served by the hostesses Sisters Blemings, Hills, Galbraith, M. Waterhouse, F. Waterhouse and M. Blanchette.

BRIGHAM —

Miss Betty Demerse spent a weekend in Montreal, where she attended the Ice Follies. Mr. and Mrs. R. Chappel, of Swanton, Vt., visited Mr. and Mrs. W. Crawford on Feb. 17, on their way home from visiting Mrs. John Duval, at the Regal Nursing Home, Cowansville.

More than \$250,000 was paid out to shepherds and Bedouins who found the Dead Sea Scrolls.

TITLE DERIVATIVE

The name bourgeoisie comes from the word burgensis. In the late middle ages burgensis were the inhabitants of a walled town.

MOTHER AND DAUGHTER BANQUET — The 1st Sherbrooke Brownies and Guides Parents Committee, sponsored their annual Mother and Daughter banquet, in the Trinity United Church hall, on Wednesday evening, February 20. Photographed from left to right are: Mrs. R. Echenberg, president of the Committee; her daughter Havi, Miss H. Edmond, Guide Captain; Mrs. D. Ward, Tawney Owl; Sheryl Foley and her mother Mrs. C. Foley past president. (Record photo by Gerry Lemay)

Polly's pointers

by Polly Cramer

DEAR POLLY — I save cardboard rolls from the center of toilet tissue and on holidays or for children's parties. I put candy, whistles and other small trinkets inside. Wrap the trinkets in paper appropriate to the occasion and tie with ribbon at each end.

H.T.L.

DEAR POLLY — When pin-curling my hair, either wet or dry, I place a small piece of cotton over each curl before putting the bobby pin or clip on the curl. This holds it securely. This is especially helpful at the neckline where hair is thin.

To prevent wax paper from slipping and wrinkling when rolling out pie crust or biscuit dough, moisten the countertop underneath the paper with a damp cloth.

MRS. V.B.S.

DEAR POLLY — When taking ashes out of the fireplace, dampen a folded newspaper on one side and turn face down over the scuttle or bucket. Simply lift a corner of the paper as you put in each shovelful of ashes and the damp paper will catch the flying dust. I find the cardboard that comes in a laundered shirt to be a more satisfactory "picker upper" than a shovel.

M. M.

DEAR POLLY — Do not frost the tops of cup cakes baked to be packed in lunch boxes. Split the cakes, spread with frosting and put together sandwich fashion. Really works fine as the frosting does not pull off on the waxed paper wrapping.

MRS. R. M.

This I like. If the frosting is gone, you may keep my cake.

MRS. P. L.

DEAR POLLY — Your pointer about using stale beer for setting hair is true but I want to tell you to use it only in winter or if you stay indoors. In the warm months when you are out-of-doors, the beer attracts some insects and a certain bee will just love you. It is not worth the sting.

EXPERIENCED

GIRLS — Now that the beehive hairdo have flown out of the fashion picture, perhaps the bees will not be as attracted to our beer-dampened locks. Seriously, why not tie a scarf around your head if you must go outside and be exposed to the pests and the public?

POLLY

DEAR POLLY — I liked the idea someone sent in for teasing the hair with a toothbrush and want to share with you my uses for a toothbrush. I have found it is very handy for plumping up the pile on "fur" hats and collars because it pulls out less than a regular clothes brush. Toothbrushes also are great for "combing" stuffed animals so that they look like new.

If you carry a toothbrush in your purse or the glove compartment of the car, it will serve nicely as a small area clothes brush. You could use another one for a shoe brush for suede or corduroy shoes. They take up little space.

MRS. J. D.

DEAR POLLY — I have discovered that a spice rack, with pretty bottles, makes a wonderful first floor medicine chest. The bottles can hold aspirin, vitamins, adhesive, bandages, cotton swabs, etc. Saves me many trips to the bathroom upstairs.

Carole Thompson weds Ronald Bishop

The marriage of Carole M. Thompson, daughter of Mr. and Mrs. John J. Thompson, of Sherbrooke to Ronald B. Bishop, son of Mr. and Mrs. Dean R. Bishop, also of Sherbrooke, took place on February 9, 1963, at 10 o'clock in St. Patrick's Church, Rev. Gordon Carroll, uncle of the bride, officiated at the double ring ceremony. The organist was Mr. John Codere. Baskets of white snapdragons and greenery were used to decorate the church.

The bride, given in marriage by her father, wore a street-length, white French velvet dress, fashioned with a fitted bodice, having a Sweetheart neckline and long sleeves ending in points over the hands, the skirt was styled with unpressed pleats and handmade roses accentuating the waistline. Her tulle illusion veil was held in place by a white French velvet bell-shaped hat. She carried a prayer book, adorned with a white orchid and hyacinth streamers. Her only jewellery was a diamond shaped heart pendant, a gift of the groom.

Miss Dorothy Thompson, sister of the bride, wore a street-length Magenta red velvet dress, fashioned with a bell-shaped skirt, the fitted bodice having a scooped neckline and elbow length

the bride wearing for traveling a two-piece blue and white wool suit, under a black Italian coat. She wore a blue flowered hat, black accessories and a white orchid corsage.

Mr. and Mrs. Ronald B. Bishop (Photo by Gistan)

ther of the groom, acted as best man and the ushers were, Messrs. Ronald J. Thompson, brother of the bride and Peter N. Welsh, cousin of the groom.

The bride's mother was attired in a Sea blue velvet two-piece ensemble and pillbox hat to match, black accessories and a corsage of yellow carnations and white hyacinth pinned to her purse. Mrs. Bishop, the groom's mother, wore a Bermuda coral two-piece double knit ensemble, with a French alpaca straw hat, black accessories and a corsage of white pompons attached to her purse.

Following the ceremony, a reception was held at the St. George's Club, the bride's table being centered with the three-tier wedding cake, yellow Sweetheart roses and fern completed the decor. Later the couple left for a trip to Nassau and Florida,

Personals

Friends of Mr. Richard Wright, will regret to learn he is a surgical patient in the Sherbrooke Hospital.

Mrs. Mary E. Raymond is a patient in the Youville Hospital, Room 408.

Homemaking

Toothsome Tile Tattle

No matter how often the tiles in a bathroom are scrubbed, there often appears to be some residue. This usually is dirt accumulation where ceramic tiles join. This is easily cleaned and whitened by scrubbing with a well-lathered toothbrush. A little bleach may be added to the suds.

The Natural Look

A noted team of interior decorators points out that plants look more natural and add more true decorating sophistication to a room when displayed in their uncovered pots. It is "not correct," these decorators say, "to hide the clay pot in cute holders."

Activities of local women's groups

MUNICIPAL CHAPTER I.O.D.E.

The February meeting of Municipal Chapter of Sherbrooke I.O.D.E. was held at I.O.D.E. House, Moore St., on Tuesday, February 19 at 8 p.m., with a good attendance of members.

This was nomination meeting and was chaired by the regent, Mrs. R. L. Bishop.

Miss Jean Irving, secretary, read the minutes of the last meeting which were approved, as also was the treasurers report, presented by Mrs. Glen Bennett. All outstanding bills were ordered paid.

Mrs. George McClintock, educational secretary reported that calendars have to be ordered by March 15, also that magazines will be sent to adopted schools as usual.

Mrs. R. M. Loughheed, Services at Home and Abroad Secretary, gave a comprehensive report on Christmas baskets and reported that many letters had been received from grateful recipients, several of which were read.

Skates were also donated to the Children's Home in Cookshire, and food parcels and clothing had been sent to needy families. A sum of money was voted to purchase further supplies. Thanks from the chair were accorded Mrs. Loughheed for her unflinching interest in this important office.

Mrs. George Smith, general convener for activities in connection with Provincial Annual, which will convene in Sherbrooke on April 17 and 18, checked with the various regents regarding duties assigned their Chapters in this connection. Mrs. Glen Bennett named several members to duties relevant to the success of this important occasion.

Luncheon will be served at Plymouth Church, and dinner at St. Peter's Church Hall on April 17. On April 18 the 53rd Chapter will serve a luncheon to the Provincial Executive Committee.

A cocktail party will precede

the dinner on April 18. Scrutineers for the nomination of officers for the ensuing year were Mrs. Glen Bennett, Miss Francis Macdonald, Mrs. George Smith and Mrs. Paul Janson.

Coming events are: 53 Regiment Chapter, Social Evening, February 28; Aldershot Chapter, Spring Dance, Country Club, March 30.

The meeting was adjourned when a social hour was spent, and refreshments were served by the Duke of Wellington Chapter.

Hostess Chapter for the March meeting will be 53rd Regiment.

L'VILLE W. I.

At the regular meeting of the Lennoxville Women's Institute which was held in the club room of the Town Hall, Queen Street, recently, guests were members from East Angus Institute and Mrs. Roy Sultor, Sherbrooke County president, who brought greetings.

The roll call was answered by giving a new idea for the program for the coming year. Mrs. Roland Maurice and Mrs. Gerald Cascadden were named to head a committee to draw up this program.

Mrs. Harrison Wright distributed price lists for bulbs and shrubs and members were asked to send orders promptly. She also read an article regarding a suggested botanical garden for Sherbrooke.

REPORTS GIVEN

Mrs. Gerald Cascadden, told of the Certificate of Merit presented to Women's Institutes for the compiling of histories.

Mrs. Rupert Porter reported a most successful course completed in French conversation for adults.

Mrs. Warren Ross, gave notice of an invitation from the Belvidere Branch to join them at a course in ceramic tile to be held February 25 to March 2, and took the names of all wishing to enroll. Sixty six knitted squares were forwarded to the Save the Children work.

Mrs. George Povey reported members giving 14½ hours making 690, 4x4 Cancer dressings and read a humorous poem entitled, Domestic Pioneer.

Mrs. Hugh L. Wallace president reminded all conveners and officers to have their reports completed for the annual meeting in March and extended congratulations to Mrs. Warren Ross and Mrs. Rupert Porter for their success in winning first and second prizes in the county contest on making something new from something old. These two exhibits were on display.

Mrs. Wilson Beattie gave the

highlights of the quarterly county meeting held here recently and many phases were discussed.

The matter of Christmas Stockings from Canada, was decided upon and the work will be taken up shortly.

This branch accompanied by the Belvidere branch, enjoyed a tour of Lowney's plant, recently.

The mystery parcel and the guest attendance gift, donated by the president, were won by Mrs. Lawrence Parker and Mrs. Roy Sultor.

Mrs. Rupert Porter conducted an occupation quiz with the winners being, Mrs. Wells Coates East Angus, Mrs. Roland Maurice and Mrs. Wilson Beattie, consolation.

A highlight of the tea hour was the presentation of a small gift and lighted birthday cake to the treasurer, Mrs. Lawrence Parker who was observing her birthday decorations were in keeping with the Valentine season.

Hostesses were Mrs. Grant Taylor, Mrs. George Povey, Mrs. Warren Ross and Mrs. Hugh L. Wallace.

UNIT V L'VILLE U.C.W.

Unit V of the Lennoxville United Church Women held

their regular meeting at the Parsonage, Church Street, where Mrs. Rupert Porter opened the meeting with devotions.

Mrs. Allan Mack of the Christian Education and Missionary Education Committee gave a short talk on the two adoptees of the Church Women.

This unit catered to the supper for the Quebec-Sherbrooke Presbytery, who met here and a vote of thanks was extended to all who helped to make this so successful.

Food was again solicited for the forthcoming Guide, Mother and Daughter banquet.

Notice was given of the Women's World Day of Prayer, March 1. Membership fees were now due.

This Unit donated a blanket to the Mapiemount Home in Cookshire.

It was decided that the Children's Bazaar will be held again this year, with Mrs. Malcolm Hodge as chairman.

Mrs. William Van Horn gave an outline of the work for supply and social assistance.

On March 22 this unit will cater for a tea for the Messenger group.

Following adjournment the hostesses, Miss Esther Bassett, Mrs. Donald Cathcart and Mrs. Leo Forcier served refreshments.

MISS NANCY GRACE SMILLIE NOURSE, daughter of Mrs. Kenneth G. Nourse and the late Mr. Nourse of Richmond, and MR. JAMES PETER RUDDERHAM, son of Rev. and Mrs. J. Franklin Rudderham of Whitman, Mass., whose engagement is announced. Miss Nourse is a graduate of the Montreal General Hospital School of Nursing, and Mr. Rudderham is a graduate of Mount Allison University. The wedding has been arranged to take place May 18, in Richmond.

Today's recipe

SWEET CHOCOLATE FRUIT CAKE

1½ cups unsifted all-purpose flour
1 teaspoon soda
½ teaspoon salt
½ cup shortening
4 eggs
½ cup applesauce
1 teaspoon orange extract (optional)
2 cups cut-up pitted dates (about 1 pound)
½ pound candied green pineapple, cut in narrow strips

½ pound whole red candied cherries

1 pound (4 cups) coarsely chopped walnuts
½ package (4 squares) sweet chocolate, chopped.

Line two 8x4x3-inch loaf pans with triple thickness of waxed paper. Grease well.

Measure 1½ cups of the flour into bowl, stir in soda and salt. Cream shortening, add sugar gradually, and cream until light and fluffy. Add eggs, one at a time, beating well. Then add flour mixture, alternately with applesauce in small amount, beating after each addition until smooth. Add orange extract.

Combine fruit, nuts and chopped chocolate; mix well with remaining ¼ cup flour. Stir into batter. Pour batter into pans. Bake in very slow oven (275°F.) about 2½

hours or until cake tester inserted only in cake (not fruit) comes out clean.

Cool cakes in pans on cake racks until thoroughly cold. Remove from pans, leaving paper attached to cakes. Wrap cakes and store in refrigerator until ready to use. (Or wrap cakes tightly in moisture-proof cellophane, ployfilm, or aluminum foil and store in freezer until ready to use.) Cakes should be stored for 2 to 4 weeks before using to allow fruits to mellow and flavors to blend.

If desired, cakes may be glazed with a chocolate glaze just before serving.

THE WORLD OF SPORTS

Stan Mikita paces Hawks to 5-3 win over Wings with hat-trick, extend lead to six big points

Chicago Black Hawks' National Hockey League opposition is finding out it can stop Stan Mikita or Bobby Hull some of the time but it can't stop both of them all of the time.

Mikita and Hull, with some strong support from goaltender Glenn Hall, ganged up on the Red Wings at Detroit last night and led the first-place Hawks to a 5-3 victory in the lone game played. The win gave Chicago 70 points, five more than the second-place Toronto Maple Leafs, who lead Montreal Canadiens by a point. Detroit is fourth with 59.

Mikita, the centre whom Chicago coach Rudy Pilous calls the dynamo that keeps the Hawks churning, scored three goals and assisted on another. Hull scored twice—his 18th and 19th in the last 17 games—and also had an assist. And Hall kicked out 42 shots, the most saves he's made in a game this season.

The scoring output by the two Hawks twisted the NHL's individual race into a tiger knot with only two points separating the top seven players. Gordie Howe scored one of Detroit's goals—Val Fonteyne and Andre Pronovost added the others—and picked up an assist to take the lead with 60 points, including 29 goals.

CLOSELY PURSUED
But six players are snapping at Howe's heels, Hull, who moved into a tie with Frank Mahovlich of Toronto Maple Leafs for the goal-scoring lead with 30 goals, Mikita and Boston Bruins' Murray Oliver and Johnny Bucyk each have 29 points.

Mahovlich and Jean Beliveau are tied with 58.
Until last night's game, Detroit had held Mikita to only one goal in 10 games. And in the four wins and three ties the Wings have against Chicago this season, neither Hull nor Mikita had scored a goal. Conversely, Hull has scored at least once in each of the four victories Chicago has against the Wings.

Detroit grabbed the lead at 14:49 of the first period, just 10 seconds after Chicago's Bill Hay had been sent to the penalty box. But less than two minutes later the Hawks were ahead 2-1 on goals by Mikita

GETS TWO MORE

Mikita made it 3-1 early in the second period and, after Pronovost's goal 78 seconds later, completed his second three-goal performance of the season. Howe narrowed the margin to 4-3 a minute later.

The Red Wings benched goalie Hank Bassen in the last minute of play for an extra forward but the strategy backfired when Hull drilled a puck into the empty goal at 19:19.

While Detroit is 11 points behind the Hawks, it has two games in hand over each of the first three teams. The Wings get a chance to move up on Montreal and Toronto this weekend when they play twice at Chicago and New York while Canadiens and Leafs have only one game each.

Both Montreal and Toronto have doubtful starters for their Saturday night games.
Defenceman J an-Guy Talbot of Canadiens has a charleyhorse and bruised right knee, which he suffered Wednesday night at Toronto when Leafs defeated Montreal 2-1. Club doctors have listed Talbot as a doubtful starter for the game Saturday at Montreal against the fifth-place New York Rangers.

Canadians, however, hope to have centre Henri Richard back in action. Richard missed the last three games because of pulled groin muscles.

Players from the box then spilled onto the ice and three different fights broke out. It was a case of everybody for himself. Following this a fight broke out between some fans and St. Francis players.

Jacques Seminaro, the Maroon's goalie, was hit on the side of the head with a flying puck and the game was held up for thirty minutes to allow him time to go to the hospital for stitches to close the gap. He returned to play and despite his injury finished the game.

Labarr opened the scoring in the first frame when he was left uncovered in front of Seminaro. The second goal was a repetition of the first and the Maroon's defense was the fault of the marker, Jean-Rene Denis.

Labarr opened the scoring in the first frame when he was left uncovered in front of Seminaro. The second goal was a repetition of the first and the Maroon's defense was the fault of the marker, Jean-Rene Denis.

St. Francis wins penalty-studded opener

St. Francis pulled out with a 4-1 win last night over the Maroons in the first game of a two-out-of-three finals in the Sherbrooke Junior Hockey League at the Arena in a hard-hitting battle.

Jean-Marc Goyette paced the attack for Mutt Dussault's team with two goals while Jimmy Labarr and Andre Jutras accounted for the others. For the Maroons Jean-Rene Denis registered the lone tally.

It was a hard-hitting battle in which a lot of infractions were committed but went unnoticed. Finally in the second frame it broke wide-open when Desruisseaux of St. Francis hit Jeff Mills of the Maroons across the side of the face with his stick. Both players were in the penalty-box at the time.

Players from the box then spilled onto the ice and three different fights broke out. It was a case of everybody for himself. Following this a fight broke out between some fans and St. Francis players.

Jacques Seminaro, the Maroon's goalie, was hit on the side of the head with a flying puck and the game was held up for thirty minutes to allow him time to go to the hospital for stitches to close the gap. He returned to play and despite his injury finished the game.

Labarr opened the scoring in the first frame when he was left uncovered in front of Seminaro. The second goal was a repetition of the first and the Maroon's defense was the fault of the marker, Jean-Rene Denis.

John Hammond keeps his Montreal rink right in thick of battle for high school curling title

GUELPH, Ont. (CP)—Is Quebec on a hot streak—or is John Hammond a super skip?
This is the question asked most often at the Canadian schoolboy curling championship. And the rink wanting the answer most is a classy quartet from Alberta.

It was boiled down to two rinks Thursday—unbeaten Quebec and Alberta—and they meet tonight.
Alberta was expected to be strong but the Quebec boys are trying to dispel a feeling that luck has carried them this far.

"Sure we're lucky," said the Quebec skip Hammond. "But we also play for lucky shots. If you make those it's the best way to demoralize your opposition."
People had charged that the Montreal High School rink was undefeated only because it hadn't met another rink of consequence.

But the Montrealers have beaten them all — except the Alberta foursome, a precision rink from Bonnie Doon Composite High School at Edmonton.
In a three-round day in the round-robin competition Thursday the toughest day of the week-long schedule Quebec defeated Ontario 10-9, Manitoba 14-8 and toyed with mighty Saskatchewan, winning 13-7.

Alberta protected its record with a 12-4 win over British Columbia, a 12-4 win over Nova Scotia and an 8-7 win over Prince Edward Island.
Quebec was to face winless Newfoundland in this afternoon's draw and Alberta was scheduled to play Northern Ontario.

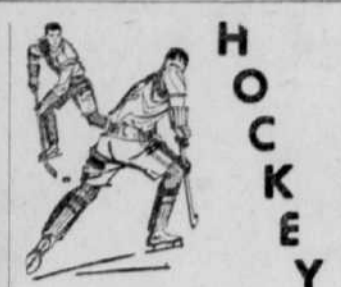

No matter what happens in their afternoon games, the leaders will have to settle it tonight. The big thing seems to be the ice.
The championships are being played on comparatively new ice in Guelph Memorial Gardens and temperatures tonight are expected to play a big part in the game.

"If the ice is hard and fast," said one rival coach, "Alberta will win it. Quebec's front end can't make a takeout shot. But if the ice is warm and suitable to draw curlers—watch out for Quebec."
WONT PREDICT RESULT
Hammond seemed reluctant to comment on his chances. His rink has already eclipsed anything done by former Quebec representatives.

"But we love to beat those western teams," he said.
In other games Thursday morning, Manitoba edged Northern Ontario 6-5, Nova Scotia downed Newfoundland 11-5 and Saskatchewan took a 10-6 win over Prince Edward Island.

In the afternoon rounds, it was Prince Edward Island 10 Newfoundland 4, New Brunswick 9 Ontario 8, and Northern Ontario 10 Saskatchewan 6 in an upset.
In this afternoon's round, starting at 2 p.m. EST Prince Edward Island meets British Columbia, New Brunswick faces Saskatchewan, and Manitoba meets Ontario.

Canadian schoolboy curling after ninth round Thursday night:
Quebec 8 8 0
Alberta 8 8 0
Nova Scotia 9 6 3
P. E. I. 8 5 3
Northern Ontario 8 4 4
Saskatchewan 8 4 4
British Columbia 8 4 4
Manitoba 9 4 5
New Brunswick 8 1 7
Ontario 8 1 7
Newfoundland 8 0 8

Smoke Eaters belt Czechs

PRAGUE (CP) — Canada's Trail Smoke Eaters broke loose in the second period last night to wallopp Czechoslovakia's national B team 9-3 in an exhibition hockey game.

The Smoke's, warming up for the world championships, scored two unanswered goals in the first period and outscored the Czechs 6-2 in the second. Both teams scored a goal each in the final period.

Walt Peacosh and Russ Kowalchuk had a hot night for the touring Smoke's. Peacosh scored four goals, while Kowalchuk picked up four assists. Howie Hornby, with two, and Andy Tambellini, Gerry Penner and Harold Jones added the other Trail goals.

Twelve penalties were handed out—all but two of them to Trail.

Defensive play big factor in outcome of game, teams meet in Drummondville Sunday afternoon

GRANBY — Granby Vics last night downed the Drummondville Rockets by a 5-2 count before a packed Granby Arena crowd of 1,500 people. The win, by the Vics, caused a three way tie in the semi-finals series—each team having won three games and lost two.

However the Vics are officially the leaders since they have scored four more goals than the Rockets, and five more than the Sherbrooke Beavers. It would not be surprising that the choice of the two top teams be determined on the basis of the number of goals scored for each team.

The next game in this Eastern Provincial Hockey League semi-final series will be played in Drummondville, their last home game in the series, against the Granby Vics on Sunday. The last home game for the Sherbrooke Beavers will be on Tuesday when they receive the Rockets.

The semi-final series will come to a close on Thursday when the Sherbrooke squad visit the Granby team.
Drummondville was not at full strength last night when they clashed with the Vics, as missing from the lineup was classy forward Fernand Lemay—this undoubtedly made a difference.

Other players who were unable to take part in the entire game, for one reason or another were: Jacques Morin and Claude Aubry who arrived late because of the bad condition of the roads; Bob Chevater was also absent—the result of a suspension in an earlier game.

On the other hand the Vics were deprived of the services of their team captain Roland Rousseau who was laid up with a cold.
Scoring in the first period was limited to two goals—one by each team. Picking up the marker for his team was Samson, while Racette scored the lone goal for the Rockets.

The game was not an exceptionally rough one as only six penalties were called — four against the Rockets, but they proved costly to both clubs as two goals were scored while

the opposition had a man in the cooler.
It was in the second period that the Granby team ran away with the game managing to rap in three unanswered goals to bring the score up to 4-1 in their favor. The last period was a draw as far as goal getting was concerned as both clubs picked up one marker each.

Andre Samson, John Mentis, R. Averill, Guy Charbonneau and Gilles Bedard picked up the markers for the Vics while Ronnie Racette and Claude Aubry scored for the Rockets.
The game on the whole was typical of playoff hockey as both clubs tightened up on defence, making the occasional rush to try and break the game open.

Junior Olympics Day featured Saturday at Mt. Orford

MAGOG — (Special) — Junior Olympics Day to be held Saturday, is the highlight event of the ski season for some two hundred boys and girls who follow the Mt. Orford Ski Club's annual junior program.

The plan, introduced almost 10 years ago has grown tremendously in scope, today being regarded in Magog as one of the principal contributions to youth instruction made each winter.

Members of the ski club appoint officials each year, their main standbys being Ernest Fields, who is also the Mt. Orford Ski Patrol, Cecil Gaunt, Miss Jeannine Gagne, also a patroller and some twenty other club members. Their main task each fall is to organize transportation, then to line up a training program. By mid-February the boys and girls who follow the instruction are ready to show what they have learned, and what a better way than to hold a juniors' racing event. Jacques Audette, former president of the club, and staunch supporter of skiing in Magog and district named the annual event as "Junior Olympics Day" several years ago, the title it has since held.

has been the generous sponsor of the event for the past several years. In exhibiting his attitude toward youth-welfare, Mr. Lavigne awards prizes besides giving refreshments to all taking part in the event each Junior Olympics Day.

The Compagnie Gestion d'Orford also make a generous contribution to the Mt. Orford Ski Club's junior program each ski season, by allowing free use of conveyances every Saturday morning for the boys and girls following instruction, and their instructors.

The most rewarding results of this popular plan, is the fact that most of Mt. Orford's top competitors were once members of the training program, and now some of these racers in turn lend their assistance in instructing other youngsters who are making their bid to master the art of skiing.

Heads Orford resort

André Noel

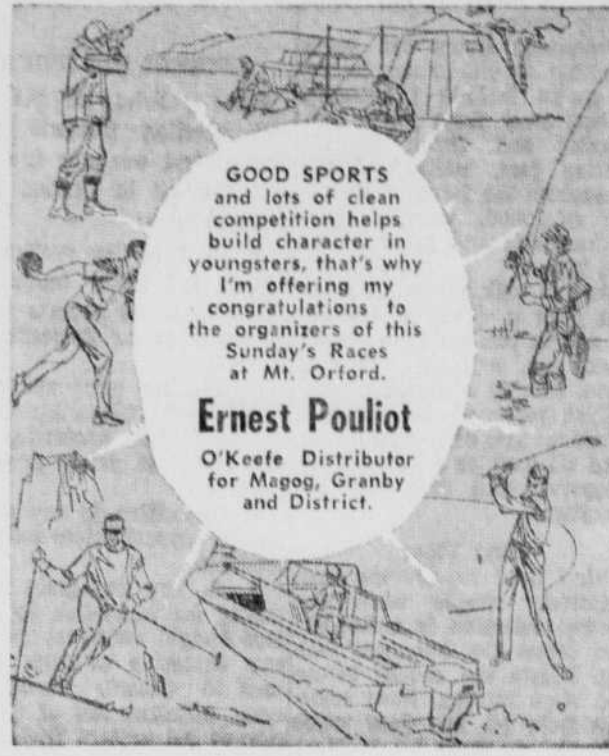

Regarded as an efficient ski instructor and authority on skiing, André Noel holds the post of manager of the Mt. Orford Ski Centre's conveyances operated by the Compagnie Gestion d'Orford. Formerly as district manager for an oil company, Mr. Noel gained valuable experience in employee management, and customer relations. Once a member of the Canadian Ski Patrol System, he also takes a very keen interest in the Mt. Orford Ski Patrol, and offers the group his full cooperation, realizing that an efficient patrol is a great complement to a resort such as he manages.

BUSLOADS OF YOUTHFUL SKIERS — The above picture is typical of scenes throughout Magog and at the Mt. Orford Ski Centre each Saturday, when local school children are picked up and taken to the resort area for ski lessons and fun on the slopes. Approximately 150 boys and girls are taken to the centre by bus, while many more have automobile conveyance. (Record photo by Charles Catchpaugh)

MIGHTY RIVER
Africa's Congo River pours more than 1,000,000 cubic feet of water into the Atlantic every second.

REINDEER CAME
Reindeer were first introduced to North America in the 1880s when Alaska's caribou were virtually depleted.

GOOD SPORTS and lots of clean competition helps build character in youngsters, that's why I'm offering my congratulations to the organizers of this Sunday's Races at Mt. Orford.

Ernest Pouliot
O'Keefe Distributor for Magog, Granby and District.

IF IT'S SKIING

chances are that I have something to do with it!

As the former president of the Mt. Orford Ski Club, sponsor of several annual ski projects and the Annual Adams Races, and long time official of the Canadian Amateur Ski Association it is rare that I am not involved when it comes to ski events, but helping young sportsmen gives me pleasure and a feeling of accomplishment.

Jacques Audette

Can you guess Renault's Prices?

(Our competitors can't match them!)

The Renault R-8 costs _____
The world's first luxury compact with disc brakes on all four wheels!

The Renault R-4 costs _____
The Compact-Wagon that needs no lubrication, no water and very little gas!

The Renault Dauphine/Gordini costs _____
The economy car winner of more International and Canadian car rallies!

The Renault Caravelle costs _____
The first hardtop convertible that really converts!

A: \$1645
B: \$1875
C: \$2098
D: \$2450
E: \$3165
F: \$3775

Renault Gives You a Choice of Quality Cars at The Lowest Possible Prices

Shopping for a car? The place to start is at your Renault dealer. He knows his Renaults from top to bottom. He knows the competition too. You can sit down with him and get a full, honest rundown of the new car field. He'll tell you about Renault quality features and compare them with competitively priced cars. Features like disc brakes on all four wheels for safer, surer braking...sealed-for-life cooling system that means less maintenance and less expense...five main bearing engine that gives a smoother ride and longer engine life...superior suspension system, and many, many other engineering advances that make each Renault the top quality car in its price range. See your Renault dealer. He's got a Renault car for every driving need—all with a 12 month or 12,000 mile warranty. And if you didn't guess the prices, here they are: the Renault R-8 costs: \$2098; the R-4 costs: \$1645; the Dauphine/Gordini costs: \$1875; the Caravelle 'S' costs: \$3165. (prices quoted are port of entry). Test drive one or all four at your Renault dealer today.

The Record's Farm Report

LIBERAL PLATFORM

Farm policies for the Liberal election platform were drafted last week by the Liberal Council in Ottawa. Main features were:

- A two-price system for wheat, apparently meaning a world price for exports and a higher price for domestic consumers.
- \$2 floor price under the international wheat agreement. It was a little uncertain what this meant in prices to wheat farmers.
- Opposition to any reduction in support prices for dairy products.
- A new feed-grain policy calling for legislation to make feed freight assistance permanent; extension of such assistance to Ontario wheat and corn; efficient use of eastern storage for western feed grains required in the East; adequate feed grain stocks at Lakehead prior to closing of navigation; federal payment of 5 months' winter storage on carryover of assisted feed grains in eastern Canada; and federal payment of storage on a feed grain re-

serve at the Lakehead.

It seemed clear that the Liberal farm policy committee was anxious to promise the farmer what they thought he wanted. But it was also evident that they did not understand, particularly on the feed grain plan, how it would work out in practice. Criticisms by Alberta's Roy Marler that the party was trying to buy votes with its two-price system and \$2 minimum for wheat were set aside with the statement that these were Mr. Pearson's approved policies. Criticisms of maintaining present high butter supports were similarly dealt with.

BUTTER PROSPECTS

Possibilities for working out solutions for the butter surplus at next week's national dairy conference have been weakened by the recent turn in political events.

With an election to face on April 8, all political parties are likely to feel it is undesirable to reduce butter support from the present 64 cents a pound. The Liberals, meeting in national council in Ottawa this

week, led the way in opposing and reduction in dairy price supports. This will make it difficult for the other parties to do otherwise.

Yet this week's dairy conference should yield some useful results in spite of this. A full discussion of butter and other dairy problems by all interested groups should bring a better understanding of what needs to be done eventually. Dairy people, in addition to suggesting price support for skim milk powder at 12 cents a pound, while reducing butterfat support to 60 cents, are now talking about quotas to restrict cream marketings. Neither plan seems likely to solve the problem—or to be accepted as government policy.

Recently, Agriculture Minister Hamilton, speaking at Campbellford, Ontario, called for a better understanding between urban and farm people on the dairy problem. Urban people needed to see that agriculture was going through a major revolution, he said. The minister suggested that the key facts showed the prospects of a solution to the butter problem were in sight.

These key facts were: 1) the surplus in milk was only 6 to 7 per cent but this, going all into butter, seemed large; 2) technology advances resulted in more milk being produced by fewer cows; 3) federal-provincial jurisdiction and many different dairy products complicated the dairy problem; but 4) dairy farmers, governments and others were in a new mood to deal with the dairy problem.

Mr. Hamilton added that the solution would not be easy but he hoped the general public would support constructive moves to help the dairy industry to adjust.

Meanwhile, government butter stocks were declining as reduced winter production took effect. By Jan. 1, 1963, butter stocks, including oil equivalent, were 220.5 million pounds, 34.7 million pounds above a year earlier. By April 1, prospects are that stocks will be down to about 25 million pounds above April 1, 1962.

SMALLWOOD POLICY

Last week in Ottawa Premier J. R. Smallwood of Newfoundland presented a plan for a national fisheries development program to Fisheries Minister MacLean and Agriculture Minister Hamilton. It included a comprehensive survey of the basic problems in agriculture and of the federal measures that had been instituted to solve these farm problems. Premier Smallwood requested that a similar comprehensive national development policy be established for the fisheries in Canada. Copies of his report are available from the Premier's office, St. John's, Newfoundland.

WHEAT FIELD

In the Prairies, 83 per cent of the wheat is now grown on summerfallow. DBS reported this week that only 17 per cent of the wheat acreage was on stubble in 1962. Average wheat yield on summerfallow last year was 21.5 bushels per acre against 15.4 bushels on stubble land.

Pruning is vital factor

Pruning is an important aspect of clematis culture. Some varieties require severe pruning to promote new flowering growth, others do not.

Spring pruning destroys early summer bloom on the varieties which produce bloom on old wood. The removal of dead wood and weak branches is sufficient for this group.

Large-flowering clematis are horticulturally classified in the following groups: Jackmani group; Lanuginosa; Viticella; Patens; Florida. Many varieties are within each group.

The Jackmani group flowers in July and August with some varieties blooming until frost. All growth should be pruned back to within two feet of the ground in early spring as buds begin to swell on the old growth.

LARGE FLOWERING Varieties available in Ontario include clematis jackmani, clematis jackmani rubra, compesce de Bouchard, Madame Baron Veillard, Crimson Star.

The Lanuginosa group includes some of the loveliest of the hybrid large-flowering clematis. Bloom will appear in June if not all of the previous year's growth is cut back.

If this group is cut back hard in the spring to within four feet of the ground new shoots, growing quickly, provide an abundance of later bloom.

The varieties usually available in Ontario include Crimson King, Edward VII, Ramona, W. E. Gladstone.

SUMMER GROUP The Viticella group is essentially a summer flowering group and can be pruned back hard two feet from the

Sherbrooke Daily Record HOUSE PLAN OF THE WEEK

DESIGN C-2086. This is a house designed for a nice front view and for a family who want a lot of living in moderate space. The plan has 978 square feet, but still offers three good bedrooms, all at the back for privacy and easy handling. There are folding-door closets in each plus linen and towel closets near the compact family bathroom. The kitchen and dinette are at the front with big windows to face the view. The dinette corner windows are magnificent full-length and make a lovely feature at the front of the house. The living room is at the left, with a handsome clear picture window and a fine fireplace. The front entry porch serves as a shield for the living room and the service entry is via the big two-car garage making excellent circulation possible through the house. For further information about Design C-2086 write to Illustrated Publications, Inc., 117 West 48th St., New York 36, N.Y.

Farm Forum Activities

COOKSHIRE

Mr. and Mrs. Pat Cassidy entertained the Farm Forum this week with an attendance of 19. The broadcast was on Prospects for Farmers and the discussion centered on the standard of living of the rural dwellers as compared to the city dweller, plans and progress necessary to improve farm life and putting them into effect.

Since the electrification of rural areas, the forum thinks that the standard of living, so far as the essential conveniences of life are concerned of the fairly well to do farmer is possibly on a level with the middleclass city worker.

However, when it comes to leisure time to enjoy other things in life the position of the city dwellers is undoubtedly better. On the other hand this may be compensated for in part by the independence of farm life, variety of work, etc.

Slum conditions are not despicable wherever found. They are generally associated in our minds with the cities but it is also true that in many rural areas the same condition does exist.

In respect to improving farm conditions, few areas are doing much about it through farm organization, it is left to the individual, many of whom are improving their farm properties in a variety of ways, and steadily becoming more mechanized and specialized in their farm operations.

In seeking to improve farm life, we think it would pay dividends if farmers were more cooperative in dealing with their neighbors and give more support and take more interest in their farm organizations.

Most of the legislation of benefit to rural people in connection with farm life has come through the prompting of farm organizations which in turn have been supported by comparatively few of the farmers. What would be the result if 50 per cent of farmers gave wholehearted support to one or two of the good farm organizations now in existence?

FOSTER

The regular meeting of the Creek Farm Forum met on Feb. 4, at the home of Mr. and

Mrs. Robert Hastings, Knowledge, when Percy Honey was discussion leader. The topic, Canada's World Obligations.

1. ACWW has status as a consultant with the Economic and Social Organization of United Nations: Q. Have you been aware of this?

A. No, we were not aware of that fact.

Q. How can local groups make full use of this affiliation?

A. Through CARE, UNISCO, F.A.O. school children collect for UNICEF at Hallowe'en and local W.I. groups are affiliated with A.C.W.W., and also with United Nations agencies dealing with social economics and cultural matters.

2. Q. What help can Canadian women give to people in other lands?

A. Provide bursaries to educate people from underprivileged countries.

Q. What do men in your group think?

A. The men are willing to help the ladies carry out their projects.
