## AIR LINER COMPLETED JOURNEY TO LAKEHURST Aldermen Do Not Agree - Numerous Hunters Are Caught In Storm

### Police Forced To Charge Crowd As Airship Docked

Largest Dirigible Ever Built, Which Will Shortly Be Eclipsed by Three Other Far Greater Airships, Landed With Crew of Forty and Twenty Passengers on Board at Lakehurst, N.J., Yesterday Evening After Playing Zigzag Course Estimated at 6,500 Miles—Passengers and Crew Grinned Excitedly from Windows as They Thought of Restaurant Dinners and Pleasant Footing on Solid Ground.

(Associated Press Despatch)  
NAVAL AIR STATION, LAKEHURST, N.J., Oct. 16.—The largest airship ever built, the 3,000,000 cubic feet of its silver envelope filled with inflammable hydrogen, was berthed here today after completing the farthest commercial flight from Europe.

There was a definite feeling of tension in the air. Smoking was sternly prohibited, and in certain places no one was allowed except with rubber soled shoes lest so small a thing as a spark from a nailed heel cause a terrific disaster.

The dirigible from across the seas was the mighty Graf Zeppelin, which floated up from the Zeppelin works at Friedrichshafen last Thursday morning with a crew of forty men and passenger list of twenty and landed here at 5:38 o'clock yesterday afternoon after a playing zigzag with the elements of 111 hours and 48 minutes over a zigzag course estimated at six thousand five hundred miles. The Graf Zeppelin arrived just four years to a day after the arrival of the Los Angeles from the same starting point.

Crowds had gathered for three days in hopes of witnessing the arrival. On Sunday at least one hundred thousand persons and perhaps as many as five hundred thousand flocked in from several states to witness the coming of the giant.

#### CROWD BROKE INTO CHEERING AS LINER ARRIVED

Yesterday, however, there were not many more than five thousand on hand when a gray smudge appeared on the darkening north horizon and expanded to the proportions of a gigantic fish that swam the skies with a stupendous majesty. As the great dirigible, now in its infancy the greatest in the world and yet soon to be completely eclipsed by three other far greater ships, crossed the boundary of the air station and dipped toward the flying field the crowd broke into a spontaneous cheering.

With no lights showing but the yellow pane of one cabin window, from which the only man passenger waved a greeting to the groundlings below, the sky-ship moved slowly and almost silently with muted motors to a position almost above the towering mooring-mast.

Then with a roar like the trampling of celestial cavalry and the strength of 2,700 horses represented in the five engines swung in gondolas beneath the silver bag, the motors were cut wide open and the ship was driven downward toward the earth.

#### PASSENGERS ON AIRSHIP WERE HELD FOR HOURS

It was only 5:38 when the ship touched earth and passengers and crew grinned excitedly from the windows as they thought of restaurant dinners and the pleasant footing of solid ground. But they were due for disappointment. Customs inspection and difficulty in handling the crowds resulted in the passengers being held for hours.

#### EVEN IN DARKNESS DAMAGED FIN OF GREAT AIRSHIP WAS PLAINLY OBVIOUS AS THE DIRIGIBLE SETTLED TO EARTH

(Associated Press Despatch)  
LAKEHURST, N.J., Oct. 16.—The German Graf Zeppelin landed on United States soil at 5:33 o'clock yesterday afternoon after a stormy voyage of 111 hours and 46 minutes from Friedrichshafen.

Just as the Graf Zeppelin was pulled to earth, the crowd burst through the police lines, which were guarded by state police, and surged close about the airship, interfering with the work of the landing crew. Police charged into the throng, and there was considerable scuffling and minor personal encounters before the crowd was forced back into place.

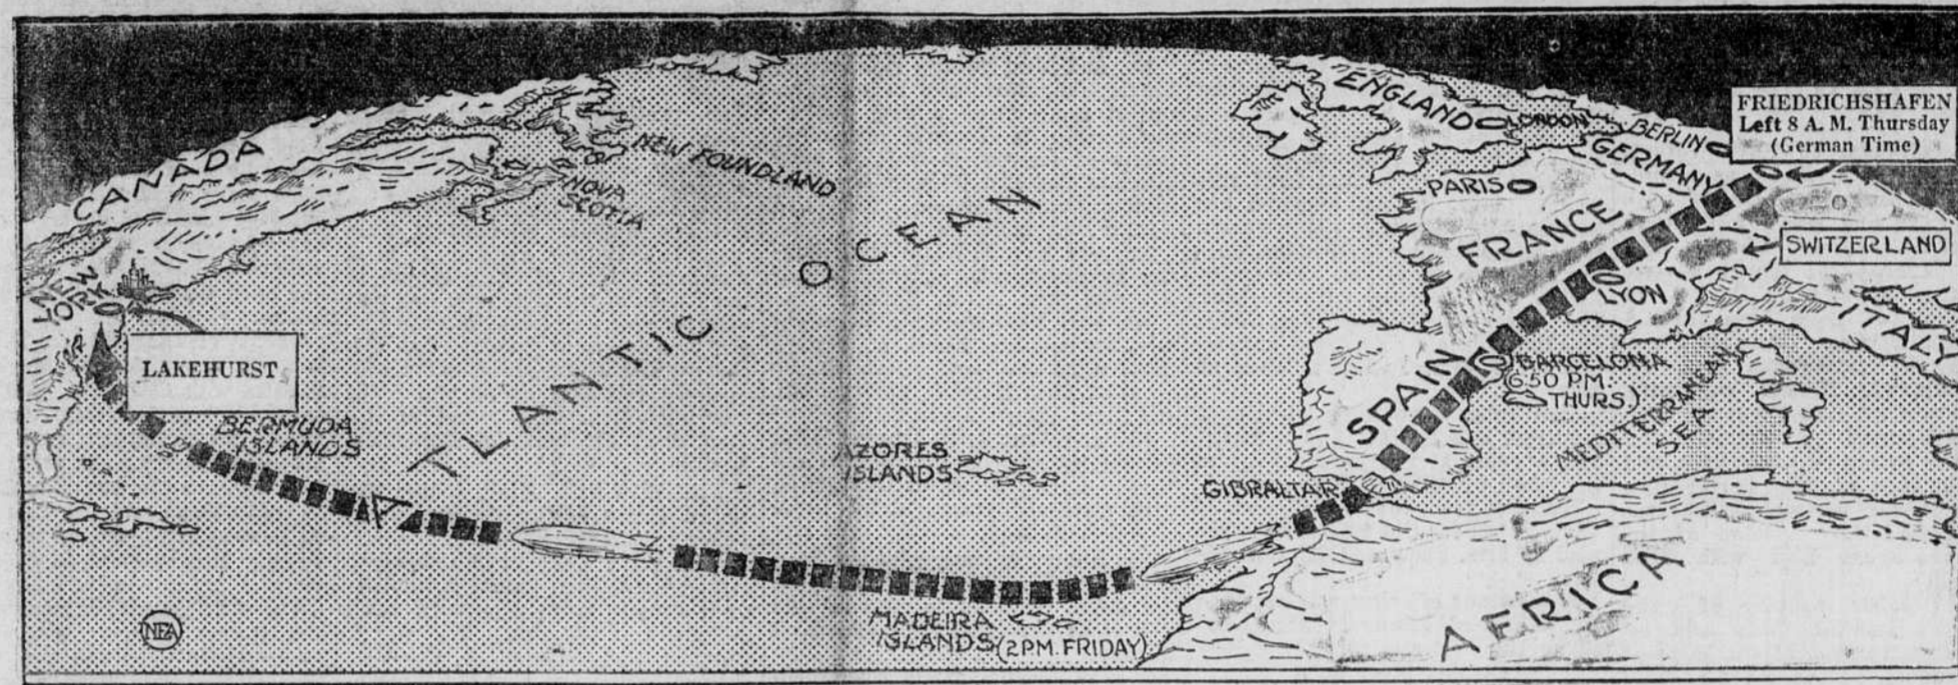

At 5:30 the Graf Zeppelin backed above the northern edge of the air station and swung majestically toward the mooring mast at the western end of the flying field. It dipped sharply toward the ground crew from a height of approximately 500 feet.

What witnesses believed to be an attempt to moor it to the mast turned out to be a prelude to bringing it directly to the ground. This manoeuvre was quickly accomplished, and the great ship was held steady on the earth by the landing crew of 500 men, while others hung countless sandbags on the rails. It was almost dark by this time, and the ship was unlighted except for one flickering spark that was a cabin window.

#### AN OFFICIAL WELCOME AT NEW YORK THIS AFTERNOON

(Associated Press Despatch)  
NEW YORK, Oct. 16.—An official welcome and popular acclaim awaited the crew and passengers of the Graf Zeppelin in New York today. A foretaste of what is in store for the sixty persons who made the air voyage from Germany to Lakehurst, N.J., was given yesterday when the dirigible passed majestically

### MAP SHOWS ROUTE OF ZEPPELIN'S VOYAGE

Distances are: From Friedrichshafen, Germany, to Barcelona, Spain, 642 miles; Barcelona to Gibraltar, 552 miles; Gibraltar to Madeira Islands, 708 miles; Madeira Islands to Bermuda, 2812 miles; Bermuda to New York, 784 miles.  
This map shows the route chosen by the Graf Zeppelin in its long voyage from Friedrichshafen, Germany (near Berlin) to Lakehurst, N. J., where all arrangements had been made for its landing at the naval air station. Originally, it had been planned to fly directly across France and head for Lakehurst via the Azores, but the route was changed to avoid storms.

### Argument In Water Power Case In Court At Ottawa Was Concluded Yesterday

Counsel for Dominion Asserted in His Address that Provinces Had Failed to Show Any Authority in Judicial Opinions for Principles They Enunciated.

#### OTAWA, Oct. 16.—With even more confidence than in his opening argument, Hon. Newton Rowell, counsel for the Dominion, presented to the Supreme Court yesterday the views of the Dominion as to the manner in which the ten questions contained in the reference on the water power dispute should be answered by the court, and more than once asserted that counsel for the provinces had utterly failed to show any authority in judicial opinion for the principles they enunciated.

Mr. Rowell submitted yesterday that ownership of water power was incidental to ownership of the stream, but that ownership of water power went with the riparian ownership. Again, at the opening yesterday morning, in answering the question raised by Mr. Justice L. P. Duff, last Friday, Mr. Rowell held that water power came under the classification in the British North America Act, section 92, sub-section 10, clause C, namely, a work or undertaking wholly within a province that might be declared for the general advantage of Canada and thereby be removed from provincial control.

It was contended by Mr. Rowell that the Dominion only had exclusive control over navigation on navigable streams, the Dominion's view was that it had exclusive control over navigable streams for navigation. This, he declared, was a fundamental difference in the position of the Dominion and the provinces. Further he declared it ridiculous for the counsel for the provinces, notably W. N. Tilley, K.C., of Toronto, for Ontario, that there was no public right to navigation on the Great Lakes or the navigable streams in that province.

### SAFETY FIRST CAMPAIGN IS A NECESSITY

Father of Twelve-Year-Old Mansville Auto Victim, Pleads for Campaign in Country Districts—Danger to Children in Rural Communities Nearly as Great as That in Cities.

MONTREAL, Que., Oct. 16.—"His death will not have been in vain, if it is a warning to others to look both to the right and to the left before crossing the road," said Mr. William Wallace Miltmore, the grief-stricken father of twelve-year-old Sidney Arthur Miltmore, of Mansville, who died after being run down by an automobile Saturday near Cowansville.

The lad, who died en route to Montreal, and whose death forced the father to change his objective from hospital to morgue, was struck as he was crossing the road not far from his home. Two automobiles, running on the main road between Knowlton, Que., and the Vermont line, were approaching from the west. The boy saw both cars, waited at the roadside and let them pass. Then he dashed for the other side; an automobile coming in the opposite direction caught him, and he was severely injured. His father set out for a Montreal hospital with the boy, who, however, succumbed.

### FOUND TRIP VERY INTERESTING AND ENJOYABLE

(Associated Press Despatch)  
LAKEHURST, N.J., Oct. 16.—Lady Grace Drummond Hay, the only woman aboard the Graf Zeppelin on its transatlantic flight, said last night that the trip was "intensely interesting and enjoyable."  
"Not a soul was sick," she said. "We were shaken a bit when the port horizontal was damaged, but that was all."

#### DIRIGIBLE FLIGHTS ACROSS ATLANTIC

Trans-Atlantic dirigible flights to date follow:  
R-34 (British)—Left East Fortune, Scotland, July 2nd, 1919, and arrived Roosevelt Field, Long Island, July 6th, completing 3,200 mile flight in 108 hours of which 59 were over the ocean.

R-34 (British)—Left on return trip on July 13th, and arrived Pulham, July 18th, seventy-five hours in air.

LOS ANGELES (formerly the ZR-3) left Friedrichshafen on October 12th, 1924, and arrived at Lakehurst, N.J., October 15th, completing 5,060 mile journey in eighty-one hours.

GRAF ZEPPELIN left Friedrichshafen on October 11th, 1928, and arrived at Lakehurst, N.J., on October 15th, completing an estimated voyage of 6,500 miles in 111½ hours.

### Milling And Baking Quality Of Wheat Crop Just Harvested Superior To That Of 1927

Report Points Out Especially that Moisture Content of All Grades Is Low in Strength Contrasted to Last Year, and to Date Very Little Tough and No Damp Grain Has Appeared on Markets.

(Canadian Press Despatch)  
WINNIPEG, Man., Oct. 16.—The milling and baking quality grade for grade, of the 1928-29 wheat crop, on the whole, is distinctly superior to that of last year, according to a report issued here last night following tests conducted at the Dominion grain research laboratory of the Board of Grain Commissioners.

The report, which was prepared by F. J. Birchard and T. R. Aiken, chemists for the board, points out especially that the moisture content of all grades is low in strength contrasted to last year and to date very little tough (about one per cent) and no damp grain has appeared on the market; the weight per bushel of each grade is higher than that of last year, particularly the lower grades; protein content of the wheat is higher in each grade; the quality of the protein, particularly lower grades, is superior to that of last year; and that the baking quality of the flour from each grade is decidedly superior to that of last year.

A Testing Feature.  
It is particularly noted, says the report, that the oven-spring of the bread—which is an indication of the strength—is practically the same in the lower as in the higher grades.

"This," states the report, "is a most unusual characteristic of the lower grades, which has not been previously observed in this laboratory in any other year."  
The high milling and baking quality of the commercial grades is attributed to the fact that all the lower grades contain a considerable percentage of hard, plump, sound wheat; the frost damage occurred after the wheat was nearly matured, and the very favorable condition under which most of the wheat was harvested.

Representative of Whole Crop.  
"Consequently," concludes the report, "although the grain is outwardly more or less severely damaged, the actual lowering in value is very much less than its appearance would indicate."  
The tests were conducted on the standard samples as set by the grain standards board on October 9th, and on average samples secured from the office of the chief inspector the day following.

### Of Opinion That Regular Commercial Service Must Follow Southerly Route

Lt.-Commander Charles Burney, in command of British dirigible R-100, Also Believes that Engine Speeds of Dirigibles Must Be Increased if Trans-Atlantic Service Is to Be Practicable Commercial Proposition.

(Associated Press Despatch)  
LONDON, Oct. 16.—Engine speeds of dirigible must be increased if trans-Atlantic service is to be practicable commercial proposition, said Lt.-Commander Charles Burney last night. He is in charge of the British dirigible R100, which also is slated for a trans-Atlantic crossing when it is completed.

Commander Burney broadcast over the radio this opinion that one of the lessons of the flight of the Graf Zeppelin is that regular commercial air service must follow the southerly route. He said that although this involved greater mileage, the direct route would be impracticable with present engine speed in view of prevailing weather conditions.

SPANISH INTERESTS LEASE AIRSHIP FOR TWO YEARS WITH OPTION TO BUY IT

(Associated Press Despatch)  
NAVAL AIR STATION, Lakehurst, N.J., Oct. 16.—Spanish interests have leased the Graf Zeppelin for a period of two years, with an option to buy at the end of that period, Col. Emilio Herrera, of the Royal Spanish Navigation Department, and a passenger on the zeppelin's trans-Atlantic flight, said last night.

Fox Brothers International Corporation on Saturday night issued (continues on page 7)

### Grand Celebration at Birthplace of Airship

(Associated Press Despatch)  
FRIEDRICHSHAFEN, Germany, Oct. 16.—There was a "hot time in the old town" last night, when word came of the safe arrival at Lakehurst of the Graf Zeppelin. All sleep was forgone and virtually the entire populace of this birthplace of the airship was on the streets, celebrating the completion of the voyage.

Directors of the zeppelin works held a banquet at which Dr. Hugo Eckener, his officers and crew and the constructors of the ship were all duly toasted in good German vein. The "hechs" of the diners were punctuated by the clamor of bells from every steeple in town and were almost drowned out by the music of all local bands, reinforced by musicians from nearby communities, who paraded the streets at the head of impromptu processions.

The celebration will be continued today, the outstanding event being a dinner for all employees of the zeppelin works. This will be tendered them by the directors of the concern.

One of the most beaming persons in the joyful town was Ludwig Duerr, chief of construction on the dirigible. He said:  
"This stormy trip by Graf Zeppelin was certainly a matchless achievement in the history of ocean crossings."

### GERMANY ABLE TO KEEP IN TOUCH THROUGH RADIO

(Associated Press Despatch)  
BERLIN, Oct. 16.—Radio owners in Berlin had little difficulty in keeping in constant touch with the ceremonies attending the landing of the Graf Zeppelin through the broadcast relayed at Schenectady last night. They heard the music and announce-

### Mr. Gattien's Appointment Is Opposed

Greater Part of Time Last Evening Spent by Aldermen Behind Closed Doors—Did Not Make Appearance in Council Chamber Until Shortly Before Ten O'Clock—Session Brief One—Appointment of Mr. E. C. Gattien as Secretary to Chief of Police Provided Discussion Matter at Private Meeting—Aldermen Leranger, Lacombe and Labrecque Favor Appointment.

There seems to be considerable opposition among the aldermen regarding the appointment of Mr. E. C. Gattien as secretary of Chief of Police Camirand as suggested by the police committee, and which was incorporated in a report of that committee which was to have been adopted by the Council last night had the plans of the chairman, Alderman M. Loranger, materialized.

In fact, there was such strong opposition to the appointment that the police committee report was not adopted, and after about two hours of heated arguing Alderman Loranger picked up his coat and hat and went home, leaving the remaining members of the Council to argue it out.

The two hours' argument was, of course, behind "closed doors" in the now famous committee room adjoining the Council Chamber, which has been the scene of so many private discussions of late.

At eight o'clock, the time for the council meeting to commence, there were several citizens present expecting to be given the privilege of following the doings of the council. To all outward appearances everything was very peaceful. The mayor and various aldermen had been seen going into the committee room, but they did not appear to be having any difficulty over anything.

However, when eighty-thirty o'clock, then nine and even ninety-three came along, and there was (continues on page 7)

### Concern Felt Today For Over Four Hundred Deer Hunters Believed Marooned By Sudden Severe Blizzard--Relief Parties Start Out

Storm Swept Colorado, Wyoming and Northern New Mexico—Few of Hunters, It Is Believed, Were Equipped With Sufficient Clothing or Provisions to Withstand Storms or Cold.

(Associated Press Despatch)  
DENVER, Colo., Oct. 16.—Concern was felt today for upwards of four hundred deer hunters believed marooned by a sudden severe blizzard which swept Colorado, Wyoming and Northern New Mexico on Sunday and yesterday, bringing a heavy fall of snow to many sections. Relief parties have pushed out from Grand Junction, Colo., in search of small bands of men, who have been lost since Sunday.

Few of the hunters, it is expected were equipped with sufficient clothing or provisions to withstand severe storms or cold.

The blizzard raged in Western Wyoming, bringing heavy snow, which drifted steadily.

SERIOUS DAMAGE FROM FLOODS IN NORTHERN ONTARIO  
(Associated Press Despatch)  
NORTH BAY, Ont., Oct. 16.—Serious damage has been reported from districts in Northern Ontario menaced by flood waters, which have followed heavy rain fall. Many acres of farm lands are covered and scores of farmers have lost their crops. All attempts at fall plowing have been abandoned, and fall operations in lumber camps are being delayed.

Lumbermen on the height of land in the Gowanda district report that rain has fallen every day for fifty days. Some residents have scarcely seen the sun for two months.

MANY FARMERS HAVE LOST THEIR CROPS  
SAULT STE. MARIE, Ont., Oct. 16.—The Gouais river has overflowed its banks and inundated highways between Northland and Glendale. Traffic has been halted. A serious landslide is reported from Bellevue Bridge, and water is high at Bear River. The trunk highway at Worthington is flooded. Heavy rainfall is responsible for the rise of the river, and is seriously damaging crops in many districts. Half of Algonia's grain and root crops are reported unharvested, with cut grain sprouting in the stocks.

THE WEATHER  
Pressure continues high on the Atlantic and Pacific coasts, while a shallow but widespread depression covers the central portion of the continent. The weather has been unsettled with showers from Ontario eastward and fair and mild in the Western Provinces.  
Forecast: Moderate winds, mostly cloudy today and Wednesday; occasional showers.

# Children Need the Real Body-Building Food in Father John's Medicine

Science Proves the Value of this Old-Fashioned Medicine for Youngsters Who Are Pale and Thin

Doctors have known for more than seventy years—that Father John's Medicine was of special value for children who needed building up and who were not getting proper nourishment from their food. It is only in recent years that research has discovered the real reason for this particular value—viz., that Father John's Medicine has always contained cod liver oil, which science now proves to be the richest of all known substances in certain life-giving elements.

Still more recent research indicates elements also present in Father John's Medicine which are of special value to those children who have, or who are threatened with, Rickets—a disease in which the child does not secure from its food the bone-building elements necessary to its proper growth. These elements—so nourishing, so vitally necessary to the health and development of the growing boy and girl—are contained in Father John's Medicine in a form which even the delicate or weakened digestive system can easily digest and use. This is because of the scientific method by which this old prescription is prepared in the modern laboratory where specially designed apparatus are used to properly prepare the ingredients so that they are most effective.

Father John's Medicine has the additional advantage of being absolutely free of alcohol and dangerous drugs.

# W.M.S. MEETINGS AT WATERVILLE WELL ATTENDED

## Two Sessions of Missionary Society of United Church Held—Personals and Other Waterville News.

WATERVILLE, Que., Oct. 16.—On September 18, the Women's Missionary Society of the United Church met at the home of the secretary, Miss Woodside.

The president, Mrs. Pollock, opened the session with the devotional services. Mrs. Pollock reminded the members of the self-denial donation that had been suggested at the presbytery. Several members entertained by relating their individual methods of meeting this claim.

It was suggested by Mrs. H. S. Ball and finally planned to study "The Christ of the Indian Road," as well as the work for the current year, Dr. Tucker's book, "Dreams in the Darkness." Supply work and the other by Miss G. Swanson.

Owing to her removal from this vicinity, Mrs. Pollock tendered her resignation, thanking the women for their helpful co-operation during her term of office. This resignation was accepted with regret. The first vice-president, Mrs. Snow, speaking for all, expressed appreciation for Mrs. Pollock's labor of love.

Two solos were very pleasingly rendered, one by Mr. Leslie Hodgson, a guest at the parsonage, and the other by Miss G. Swanson.

Extracts from the last chapter of "New Paths for Old Purposes" were read by Mrs. Snow and Miss Woodside.

A generous offering was received and dainty refreshments were served by the hostess.

## HATLEY

The induction of Rev. Wallace Westwood Smith, M.A., as incumbent of the Mission of Hatley, with Ayer's Cliff and Way's Mills, took place at St. James' Church, Rev. Canon Murray, of Three Rivers, officiating, assisted by Rev. A. F. G. Nichol, of Lake Megantic. A short homily upon "Christian Stewardship" was afterward given by Canon Murray. Hymns were sung by a choir of mixed voices, with Mrs. McDougall, as organist.

As the extensive alterations and improvements on the Parish Hall have not been completed, the regular fortnightly session of the Guild was again held with Mrs. Hartwell.

The October meeting of the Women's Institute was held on Thursday afternoon at the home of Mrs. Piddock on the old Stanstead road.

Miss Mildred Webster, with a party of friends from Lake Megantic, was a visitor at "The Locusts."

Among recent guests at the home of Mr. and Mrs. G. E. Hartwell, have been Mrs. N. E. Fish, of Boynton; Mr. and Mrs. G. H. White, and children, of Derby, Vt.; Mr. and Mrs. Gilbert, of Bishop's Crossing; and Mrs. McKenzie and Mrs. Webster, of Vermont.

Mr. and Mrs. C. Turner, of Wentworth's Location, have been for a short stay with relatives in this place.

Mr. Thos. Bayley, of East Angus, was a recent business visitor here.

Messrs. P. C. Bowen and J. H. Haines, visited the camp at the Embertown woods during the week.

Mrs. V. B. Emery has been at the home of Mr. and Mrs. W. J. Emery, for the past fortnight.

After a short time at their home here, Mr. and Mrs. H. H. Brown and their daughter, Miss Dorothy Brown, have returned to Barre, Vt.

Mrs. O. H. Parker, with Mr. and Mrs. L. H. Parker, motored to Coaticook on Sunday to the home of Mr. and Mrs. J. Bruhmuller. Mrs. Parker remaining for a time afterward proceeding to the home of her eldest daughter, Mrs. E. J. Astell and Mr. Astell, in Lennoxville.

Mrs. Miles has left for Boston, Vt., after a few days with relatives here.

Mr. and Mrs. Paul Paris have lately been at the home of Mr. and Mrs. M. Dezan.

Mrs. Whitcomb and Miss Stevenson, of Massachusetts, spent Wednesday at "The Bitternuts."

Mr. Wesley Leavitt, who has been at Macdonald College for the past several weeks, spent the week-end with his parents, Mr. and Mrs. C. M. Leavitt.

Mr. Whitcomb, Miss Whitcomb and Mr. E. H. Whitcomb were visitors on Friday at the home of Mr. and Mrs. Claud Whitcomb at Massachusetts.

A farmers' meeting was held in the Municipal Hall on Friday evening by the Inspector of Creameries and was fairly well attended by those most interested.

Eleven tables were filled by devotees of the popular "500" at the Municipal Hall, on Thursday evening, which yielded a substantial return to be applied to the renovation of the hall.

Mr. Raymond Brodie, of Boston, spent a few days lately at the home of Mr. and Mrs. H. L. Moulton.

Mr. Douglas Spafford, of New York, is spending some time with his father, Mr. Dudley Spafford and also paying visits to other friends throughout the vicinity.

## COOKSHIRE

Mr. William Warren is back from his long extended trip to Northern Quebec where he has been with the geographical survey people of Ottawa. He reports a heavy fall of snow three weeks ago.

The many friends of Mrs. Marjorie Kenny are very sorry to hear that she is not so well and all join in wishing her a speedy recovery.

Many of the friends of the little church in Eaton went over and enjoyed the oyster supper there.

St. Peter's Church Guild will meet on Wednesday afternoon next at the home of Mrs. Arthur Bailey.

Children's Day will be observed next Sunday morning at 9.45 o'clock in the church. Parents are invited to come with their children. Morning prayer at eleven o'clock; evening service at seven o'clock. Choir practice Saturday evening. Every member is respectfully asked to be present.

number of items were presented to the council for consideration, chief of which was a report from the chairman of the road committee, Mr. H. Webster, regarding the new piece of road which has been under construction this summer between here and Compton. Reports showed a total expenditure of \$849.50 for the month of September. The accounts were duly considered and ordered paid. The chairman gave it as his opinion that one week's work would complete the construction at a possible expenditure of \$250.

## NEW YORK'S CHINATOWN IS IN STATE OF CONFUSION

Police Guard Doubled and Sightseers Barred Following Shooting Affray.

NEW YORK, Oct. 16.—The police guard in Chinatown was doubled and sightseers were barred last night after a shooting in which one Chinese was killed and another wounded by an assailant who escaped.

Wong Chu, a waiter, was shot to death as he sat in his apartment playing mah jong with twelve other Chinese. Wong Wai, who operates a Long Island laundry, was wounded in the arm.

The other players said the shooting was done by a Chinese who pushed open the door, aimed at Wong Chu and fired four times before turning his pistol on Wong Wai. Police feared the episode might mark the outbreak of a new gang war.

## SHANGHAI, Oct. 16.—The round the world plane Europa of Baron Von Huenefeld arrived here late today from Canton.

Hon. president, Mrs. Ball; president, Olive Dew; vice-president, Bertha Martin; secretary, Peace Longstrong; treasurer, Ruth Gerard. Following the election of officers a number of matters were discussed. It was decided to meet the first Friday of every month at the homes of the members. One new member was welcomed into the Circle. The financial problem was discussed, and a number of ways suggested for earning money. The meeting adjourned to meet in November at the home of Betty McEachin.

The Waterville High School has closed for a few days last week, owing to the fact that the members of the staff were in Montreal to attend the annual teachers' convention. Among those who were away are the principal, Mr. A. E. Bartlett, B.A., Miss E. A. Cloutier, French Specialist, Miss J. P. Donaldson, of the Elementary Department.

## W.M.S. MEETINGS AT WATERVILLE WELL ATTENDED

On Sunday the services at the local United Church were conducted by the Rev. W. T. Tanner. Following the usual order of service, Rev. Tanner read Romans 2:1-16 for the scripture lesson, and psalm 103 was used for the responsive readings. Mr. Tanner based his sermon on the text, "Thou art a despiser though the riches of His goodness and forbearance and long suffering; not knowing that the goodness of God leadeth thee to repentance?" The speaker spoke of the patience of God, and of His way of pointing out to us why He is displeased with sinners.

Miss A. Brown, of Lennoxville, spent the week-end with Miss Grace Parsons.

Mr. and Mrs. Bartley Holtham, of Sherbrooke, who have recently returned home from a two weeks' tour in Europe, were the guests of interest in Ontario, were guests a day last week at the home of the former's parents, Mr. and Mrs. F. E. Holtham.

Mr. and Mrs. J. White spent Sunday in Sherbrooke at the home of Mr. and Mrs. A. H. Baker.

Mrs. D. W. Ayer was in Lennoxville the first of the week a guest of her daughter, Mrs. R. S. Clarke, and Mr. Clark.

Mrs. E. Frost, of Lennoxville, was in town on Wednesday a guest at the home of her parents, Mr. and Mrs. A. J. Wats.

Mrs. C. A. Tucker and daughters, Jean, Claire and Leslie, and Cynthia Libbey were in Coaticook on Friday.

The Mission Circle met for reorganization following the summer recess on Friday afternoon at the home of Mrs. H. S. Ball, the new leader. The results of election of officers by ballot were as follows:

## No Need to Diet at Any Age

PLENTY of people past "three-score-and-ten" eat what they please without penalty. They don't have heartburn, or flatulence, or any distress due to excessive acid. But they do take care of their stomachs—with "Pape's Diapepsin." Thus, their digestive organs are soothed, healed and strengthened in a wonderful way, and normal healthy digestion results.

Because it is so quick, so safe and so sure in ending digestive troubles, millions recommend "Pape's Diapepsin." "Pape's Diapepsin" is unequalled as an indigestion remedy and food corrective, yet it costs only 60 cents a package at all druggists.

If your stomach ever torments you get "Pape's Diapepsin" at once and reap the benefits of a carefree, painless digestion. You may have felt that nothing can help your particular difficulty, but so have others to whom this remedy proved a pleasant surprise.

## SOFT WHITE HANDS in any weather

Protect your skin against cold winds, chapping, roughness and sunburn. Use **Campania's Italian Balm**. Prevents redness, livens dead tissues. Keeps hands lovely to look at and touch. At all druggists.

## HEALTH DIVIDENDS.

If you were condemned to die tomorrow, how much would you give for one more year of health and happiness? You would no doubt give every dollar and every piece of property if, when sick, you could once again regain your health and all of its possibilities of happiness and enjoyment.

Have you, who are go concerned about your investments in real estate and bonds, ever considered what a valuable piece of property you possess in that body of yours, and have you cultivated and improved it to the greatest extent that is possible?

If you had money in the bank and it was only bringing 2½ per cent, and it was possible for you to obtain 6 per cent, you would consider yourself foolish if you did not make a change. Therefore, why be satisfied with obtaining insufficient dividends from your wonderful body, the most complicated mechanism that has ever been created? Our capabilities for accomplishing, and for enjoying ourselves during our lives, depend not only upon the wonderful vision and imagination of the mind, but upon the health of our physical bodies.

The poorest servant who is healthy is much richer than the feeble millionaire with despesia, who cannot enjoy his wealth without health. No wealth we can obtain, or honor we may receive, can make us happy unless we have the health with which to enjoy them, and the value of all we possess diminishes in value to us directly in proportion as we become sick.

The efficiency we develop and our ability to commune with our fellows, depend upon the way we can express ourselves through our physical bodies. All of our ability to learn from the world and all of our power to give in return, depends upon our physical mechanism. We speak with our mouths, we see with our eyes, we hear with our ears, and we move with our muscles. It is only through these definite physical mediums that we are able to make our contact with the world and its people.

Would you take a million dollars for the loss of your eyesight? Probably not. And yet, it is true that every day most of us do things which hurt our eyes. Through bad habits and practices we impair our sight, and in this way limit and cut down our enjoyment of the beautiful things of life which we might see and understand.

When our ears become stuffed from catarrhal diseases, from eating acid forming foods, we cannot hear and enjoy the delicate tones of music, or learn the things which would come to us through the use of our ears.

Health is the capital which bears the greatest interest. It furnishes an income which, when economically used, will support you in comfort. He who is a foolish spendthrift of his health throws away his principal and will soon find himself bankrupt. The more he draws upon his capital, the sooner it will be exhausted, and all over-eating, over working, loss of sleep, improper habits and all the things which injure health will cause one to rapidly expend his fund of health, his reserve of life, and the bankruptcy of death will summon him to a reckoning.

## Can you tell me something to reduce my weight?

Answer—The distress you have in your right side may be due to gall bladder trouble, to stomach irritation, or to colitis, in the hepatic flexure of the colon. As you are overweight, the sensible thing to do is to diet to reduce, and then your symptoms will no doubt disappear while on the diet which is necessary for you to take to bring about a satisfactory weight reduction. Space in this column is limited, but I will be glad to send you complete instructions on how to reduce upon receipt of a self-addressed, stamped, large envelope.

## ANTI-AMERICAN POSTERS GREET U. S. VISITORS

## Members of American Legion in Mexico City Announced as "Assassins, Strike-Breakers and American Fascisti"

(Associated Press Despatch)  
MEXICO CITY, Mex., Oct. 16.—The arrival of 100 members of the American legion in Mexico City was the occasion yesterday of a display of posters announcing them as "assassins, strike breakers and American fascisti." The posters, signed by the artist, Diego Rivera, secretary-general of the Mexican section of the anti-imperialist

organization of Mexico, were stuck up on the walls of the United States consulate and other buildings throughout the city.

The posters urge Mexicans to refrain from greeting the visitors. They said that despite the visit of Colonel Lindbergh and Ambassador Morrow's endeavors, there can be no friendship until the United States takes its hands off Latin America. Among other things the posters said: "Oblige the assassins and strike breakers of the Legion to abandon our territory as soon as possible. Away with the Fascist North American Legionaires. Down with them and he who tried but failed to conquer Mexico—General Pershing."

## TANLAC STOPPED STOMACH PAINS AND BACKACHE

Mr. Joseph Brunet has changed his opinion of Tanlac completely. Before he used it, he did not believe in advertised remedies, because he had tried some which had not done him any good. But when he read in the newspapers what Tanlac had done for so many people, he decided to buy a bottle. "I only wish I had taken Tanlac before, for it did me a world of good," he writes from 2085 Boyer Street, Montreal. "Now I can eat anything I like and never feel a touch of indigestion. The pains in my back and sides, and the heavy distressed feeling in my stomach, have all disappeared. I sleep well at night, and enjoy my work and my evenings of leisure. I gladly recommend Tanlac to anyone suffering with Stomach Trouble, Pain after Eating, or in need of a splendid tonic."

You are not being fair to yourself to say "nothing can help me." Tanlac has helped thousands and thousands of men and women back to health and strength and the enjoyment of the good things of life. Let Tanlac help you. Get a bottle of your druggist's today and start to get well right now. Tanlac costs less than 2c a dose—and your money promptly refunded if you are not perfectly satisfied.

## ASPIRIN

You doubtless depend on Aspirin to make short work of headaches, but remember that it's just as dependable an antidote for many other pains! Neuralgia? Many have found real relief in an Aspirin tablet. Or for toothache; an effective way to relieve it, and the one thing doctors are willing you should give a child—of any age. Whether to break up a cold, or relieve the serious pain from neuritis or deep-seated rheumatism, there's nothing quite like Aspirin. Just make certain it's genuine; it must have Bayer on the box and on every tablet. All druggists, with proven directions.

## Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacturers. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

# COWANSVILLE PEOPLE HEARD CHURCH CHOIR

Members of Choir of Christ Church Cathedral, Montreal, Heard in Concert—Large Number Present—Personals and Other Notes of Interest.

COWANSVILLE, Que., Oct. 16.—The people of this place and vicinity enjoyed a rare musical treat on the occasion of the visit of the choir of Christ Church Cathedral, Saturday afternoon, October 13th. About forty of the choir were present under the personal direction of Dr. Whitehead.

On their arrival at about four o'clock light refreshments were served in the lunch room of the High School and the first part of their programme was given in the Assembly Hall, which was well filled with an appreciative audience.

The first number was an anthem, "Beloved now are we the sons of God" and was splendidly rendered as was also a "Cherubic Hymn" taken from the Russian Liturgy, which was sung without accompaniment. The solo parts were sung by Miss Kelsey, soprano; Miss Baldwin, contralto; Mr. G. Husband, tenor; and Mr. Gould, baritone. Miss Helsey, Mr. Gould and Mr. Husband each contributed a solo and received hearty applause.

A group of three Christmas carols entitled "The Bell Carol," "Slumber Song of the Infant Jesus," and "Good King Wenceslas" were sung and in announcing these numbers Dr. Whitehead said that the choir was noted for its fine rendering of Christmas music. The first number of the group was composed by Mrs. Bowman, Canadian poet, and was part of a commendatory article written after having been charmed by a programme of Christmas music by the choir two years ago.

At the conclusion of the programme Rev. A. T. Love of Trinity Church, expressed his sincere appreciation of the graciousness of the choir and their leader in coming from Montreal to give us this musical treat.

Rev. S. W. Boyd spoke a few words of appreciation in the name of the citizens, who had enjoyed listening to the cultured voices which was a rare treat. He also paid a tribute to Dr. Whitehead, who, he said, "had few equals in the musical world of Canada."

After the concert the choir went to Trinity Church where a choral even-song was held. During the service the choir rendered an anthem entitled "The Wilderness," by Sir John Goss. The solo part was most effectively taken by Mr. Gould, baritone, the male voices predominating throughout the service.

Dr. Whitehead kindly played two numbers the first being "Introduction Minuet and Prayer," by Boellmann, and march from "Athalie." The singing of Miss Kelsie, together with her gracious manners, completely captivated her listeners.

Supper was served to the visitors by the members of the Guild assisted by the Guild of Sweetburg, in the church hall.

Visitors from Sutton, Dunham, and Frelighsburg were noticed in the audience.

## General Notes.

Mr. Wm. Sharples, of Montreal, was a week-end visitor here.

Mrs. A. W. Ross was the hostess at a bridge party on Friday evening. Cards were played at four tables. Mesdames Crepeau and Reginald received prizes for the highest scores. Refreshments were served.

Miss Shirley Fuller, of Montreal, was a week-end guest of her parents, Dr. and Mrs. Fuller.

A very inspiring service was held in the United Church on Sunday, October 14th, on the occasion of Rally Day. A special printed form prepared by the Board of Religious Education was used and proved very helpful. These taking individual parts were Beryl Henry, Myrtle Stowe, Clayton Smith, Kenneth Ford and Miss Ruth Stowe. The latter told the story, "Christ of the Andes," which is a thrilling account of the way war was averted between Chile and Argentina over a disputed boundary line. The good sense of the people came to the rescue for the question was submitted to King George who gave a verdict satisfactory to both parties and as a memorial a huge statue of Christ was set on a high place as a sign of peace between the two countries. Rev. J. D. McFayden, of Stanstead, was the preacher and he took for his theme "The Principle That Makes For Peace."

His remarks were based on the words of Jesus, "If any man compel thee to go a mile, go with him twain." "The principle of the second mile is the only thing that will prevent war," said the preacher, "and it is only then that we experience liberty and joy in Christian service." Continuing, he said that this principle was also the secret of joy in the home, the school and workshop and every circumstance of life, taking the drudgery out of work, and making us partners with God. During the offertory Mr. Max Stober played a violin solo very acceptably. At the evening service Rev. J. Fulcher, of Sutton, was the preacher, and spoke from the words "The love of Christ constraineth us." Mr. Fulcher told many thrilling tales of heroism and sacrifice made by missionaries and others for the love of Christ, and he made a very stirring appeal to the people to bestir themselves and show their appreciation of the love which Christ has showered upon us, by giving his life for our sake. He recommended a re-reading of the 53rd ch. of Isaiah and the scene in the garden of Gethsemane, as typical examples of the sufferings of Christ

# THOS. LANDERS RETIRES FROM C. P. RAILWAY

Farnham Roadmaster Guest of Honor on Occasion of Retirement After Fifty-Two Years of Service—Banquet Attended by Prominent Railway Officials.

FARNHAM, Que., Oct. 16.—A banquet at Martin's Hotel here Friday night marked the closing phase in the official career of Thomas Landers, Canadian Pacific Railway roadmaster at Farnham for many years past. Messrs. Grant Hall, senior vice-president of the railway; J. J. Scully, general manager, and H. J. Humphrey, assistant to the vice-president, travelled down from Montreal to be present at the banquet. Mr. A. Williams, superintendent of the Farnham division, acted as chairman of the function. In the afternoon Mr. Landers was presented with a purse of gold by his colleagues on the division.

Mr. Hall stressed his long acquaintance with and regard for "Tom" Landers, who is universally known in the Farnham district. He recalled that he, Mr. Scully and Mr. Humphrey had all been fellow workers with Mr. Landers in the early days of the railway on the Farnham division and paid a high tribute to his efficiency and devotion to the railway during his long service. His record would, said Mr. Hall, be an inspiration to younger officials.

Messrs. Scully and Humphrey spoke in the same vein and Mr. Williams pointed out that the high regard in which Mr. Landers was held was evidenced by the fact of the presence of outstanding executives of the system at the banquet. About seventy sat down to the banquet, and Mr. G. D. Wadsworth, of Sherbrooke, assistant general manager, Quebec Central Railway, expressed the regret of J. H. Walsh, vice-president of the road, at his inability to be present.

Other speakers were Mr. C. A. Wheeler, master mechanic, of Montreal; Mr. E. Pollock, mayor of Farnham; and Dr. O. Demers, of this place, and many others.

Mr. Landers entered the service in 1876 as a section foreman, was promoted to extra gang foreman in 1881 and to roadmaster on June 1, 1887. He was in June, 1912, promoted to the position of general superintendent at Farnham, which position he held until June 17th, 1917, when he was transferred back to the position of roadmaster at Farnham, which position he held up to the date of his retirement.

The council of the United Church is asking her membership to pray for a great revival of religion in the country. The services of the visiting clergymen were very much appreciated.

Mrs. J. Flegg and the Misses Agnes and Grace Flegg motored to Montreal one day last week.

Mr. Donald Boyd, of Stanstead College, was a week-end guest at his home here.

Mr. Willard McClatchie and Mr. John Phillips have returned from business in the Canadian West.

The Young Ladies' Club of the United Church will be entertained by the president at her home Wednesday evening, October 17th.

Miss Romena Cotton has returned from a visit to Sherbrooke and Ayer's Cliff.

Mr. and Mrs. Hurd, Mr. and Mrs. Pennoyer, of Cookshire, motored here on Sunday and were guests of Miss Florence Hurd.

The home of the late Mr. and Mrs. John Fitchett in the Vail neighborhood was destroyed by fire on Saturday night. The house was unoccupied and the cause of the fire is unknown. Mr. Curtis Fitchett intended to take possession Monday.

Mrs. Percy Smith and daughter, Ruth, spent a few days in Farnham last week.

The ladies' branch of the Golf Club held their annual closing luncheon on noon Friday, October 12th. This was followed by the annual business meeting when the following officers were elected for the ensuing year: President, Mrs. Scarth; vice-president, Miss N. Nesbitt; secretary, Mrs. D. O. Macdonald; treasurer, Miss K. Palmer; team captain, Miss Alice Draper. Miss McIntosh, of Stanstead, who is visiting her sister, Mrs. Scarth, was a visitor at the luncheon.

Mr. and Mrs. Clare Pettes, of Montreal, were week-end guests of Mrs. Ada Pettes and Mrs. West.

Mrs. L. H. Stowe will entertain the Ladies' Aid of Fordyce on Thursday evening, October 18th. All interested are cordially invited.

The annual thanks-offering meeting of the Women's Missionary Society will be held at the home of Miss M. J. Cotton on Thursday, October 18th, at three o'clock. As the end of the year and it is desirable the society should reach our allocation, a large attendance is hoped for. Will those who have articles for the missionary bazaar please bring them to the meeting.

Miss Margaret Draper, nurse-in-training at the Montreal General Hospital, accompanied by Miss McLaren, were week-end guests of Mr. F. E. Draper and family.

The High School re-opened on Monday after having been closed for a few days to allow the teachers to attend their annual convention in Montreal.

## BROME CENTRE

The Ladies' Aid will hold a social at the home of Mrs. Wm. Stafford on Friday evening, October 19. All are cordially invited to attend.

# GLEN ELM MAN CHARGED WITH ALIEN RUNNING

Howard James King Has Obtained Reprieve from Appearing in U.S. Court at Auburn Until October 31—Was Held on \$3,000 Bond—Trouble With Immigration Authorities.

(Canadian Press Despatch.) MONTREAL, Que., Oct. 16.—According to J. A. Sullivan, K. C., local member of counsel for Howard James King, of Glen Elm, Que., charged by United States immigration authorities with alien running, his client has obtained a reprieve from appearing in the United States federal court at Auburn until October 31. King had been ordered to appear yesterday under bond of \$3,000 but at the same time received a communication from the United States immigration authorities forbidding him entry on the other side of the line unless he first appeared before the United States immigration commissioner at Montreal. King did so last Friday but was told he would have to wait until his papers were returned from Washington.

Under danger of losing their client's \$3,000 bond, counsel for the accused obtained the reprieve and have petitioned the federal judge at Auburn to issue an order so that King may cross the border at any time.

# CANADIAN BOYS MUST BE GIVEN CHANCE ON FARM

Minister of Immigration Wants Equal Opportunities for Canadian and English Boys on Farms in This Country.

(Canadian Press Despatch.) REGINA, Sask., Oct. 16.—Hon. Robert Forke, Federal Minister of Immigration, who arrived in Regina Saturday on a two day visit, is in favor of some scheme whereby Canadian boys can get a chance on farms in their own country.

"Some scheme should be worked out to give the Canadian boys the same chance as we are now giving British boys," Mr. Forke said in an interview shortly after his arrival here. This is one of the subjects which he expected would be discussed with the Provincial government.

The complaint which has been raised at different times to the effect that the Canadian government was giving preference to foreign immigrants over British was denied by the federal minister.

## WEST BOLTON

The ladies of the Brill Church are preparing for their annual chicken pie supper to be held in the dining hall of the church on Thursday evening, October 18th. It is hoped that the Rev. J. G. Fulcher of Sutton, will be able to be present, as there will be no regular minister on the circuit.

There is a slight improvement in the condition of Mrs. E. S. Drew, who has been confined to her home for several weeks.

# ANOTHER UNSOLICITED TRIBUTE FOR ALL-BRAN

Good news for sufferers from constipation

Mrs. Kiehl sat down and wrote us a letter when she had proved ALL-BRAN a safe "sure-cure" for constipation. Read her voluntary tribute:

April 4, 1927  
"I have been using Kellogg's ALL-BRAN for quite some time and I want to tell you how much I appreciate it. I have found it a sure-cure for constipation and know it is a remarkable regulator for the stomach. After using it, my family and I certainly will not be without it. I have even gone so far as to send some of it to my mother in Poland, Europe."

Gratefully yours,  
Mrs. ANNA KIEHL.  
(Address on request.)

Perhaps you know what a terrible affliction constipation is. Brightening wherever it thrives. Ruining health. Marring beauty. Causing headaches, back pains, foul breath, loss of sleep—indeed, leading to more than forty serious diseases.

But did you know it can be easily relieved by a pleasant cereal food? Kellogg's ALL-BRAN is guaranteed to bring relief. Eat two table-spoonfuls daily—chronic cases, with every meal. Serve with milk or cream—fruits or honey added. Use in cooking. At grocers. Made by Kellogg in London, Ontario.

**KOTEX**  
The New Sanitary Pad which deodorizes

EVEN among girls who are every frank with each other, there is a question of delicacy, of fastidious personal care that is unfortunately seldom mentioned. Yet many women are unconsciously guilty. At certain times they are seriously offensive to others. With realization comes constant fear and worry.

Today these fears are ended. Science has discovered a way to counteract this offense.

Kotex now completely deodorizes

Kotex has brought a new idea of feminine hygiene to women all over the world. In the past ten years they have learned new comfort, new ease of mind through this sanitary protection. Now, after years of work, a process has been perfected that completely, amazingly ends all odors. In Kotex laboratories the one remaining problem in connection with sanitary pads is solved.

Shaped to fit, too

Because corners of the pad are rounded and tapered, it may be worn without evidence under the most clinging gown. There is none of that conspicuous bulkiness so often associated with old-fashioned methods. And you can adjust the filler, make it thinner, thicker, narrower—to suit your own special needs. It is easily disposed of, no laundering is necessary. A new process makes it softer than ever before.

**'MIGNON' AGAIN PRESENTED BY LOCAL TALENT**

L'Union Musicale de Sherbrooke Repeats Work, Which Won Such Approval in May Last, in Honor of Napoleon Bourassa Centenary.

"Mignon," which was presented with such grace and charm by L'Union Musicale de Sherbrooke at His Majesty's Theatre on May 28th and 29th last, was repeated last evening with the same members in the cast, and again won approval from the large audience, thus adding further laurels to the already fine record of L'Union Musicale, whose efforts to develop musical talent are fully appreciated by all citizens of Sherbrooke, and who are certainly living up to their motto "Cultivons-Nous."

An added feature last night was the specially made scenery and the new and very pretty costumes, which had been received for the repetition. All stage settings were very effective, while the new costumes added in no small way to the success of the play, which is being repeated this evening.

Miss Marie Paule Robitaille, a prodigy of L'Union Musicale, was seen head in the role of "Mignon" and as usual carried out her difficult part in a most satisfactory manner. When Miss Robitaille first appeared in this role she won unanimous approval, and on her second appearance she was none the less pleasing. Her voice last evening was at its best, and she certainly was a very charming little "Mignon."

Mrs. Jeanne Bachand-Dupuis, of Coaticook, in the role of Philine, was again the artist, and, as usual, was the outstanding member of the cast. Mrs. Bachand-Dupuis needs no comment when in Sherbrooke. She has been heard here many times and always makes her way into the hearts of her audience. Miss Marie-Ange Blanchard was very charming again in the part of Frederic, while among the principal male members of the cast each one did his part in a very creditable manner. These were Messrs. Louis Larue, (Wilhelm Meister); C. E. Bachand, (Lohario); A. Vanier, (Larsen); H. Beaudoin, (Jarno). Another principal member of the feminine cast was Mrs. Jeanne Hamel, who ably portrayed the role of Antonia.

While the cast and large chorus were both outstanding, mention must be made of the very fine orchestra, which contributed a very large part to the success achieved. This was under the direction of Mr. Leonidas Bachand, who also directed the singing and who is deserving of much credit for both presentations of "Mignon," as well as for the rapid progress which the L'Union Musicale de Sherbrooke has made.

Others assisting in the presentation of "Mignon" were Prof. E. Havard, Miss Cynthia Adams, Prof. A. S. Bourgeois, Miss Bernadette Beauschene, while special mention should be made of Miss Stella Berari, who acted as accompanist. L'Union Musicale de Sherbrooke repeated "Mignon" as a tribute to the memory of Napoleon Bourassa. From a patriot, artist, architect and gentleman, whose centenary is observed this year.

**LOCAL BRANCH HELD ANNUAL**

(Continued from Page 5)

Jones who, as secretary of the relief committee, has been a capable and dependable officer.

Pleasure was expressed that Sherbrooke was now represented on the Provincial Board, and the president thanked the officers and members for their hearty co-operation and efficient services during the year.

The officers for the ensuing year were unanimously re-elected and are as follows: Honorary President, Mrs. C. H. Jowen; president, Mrs. J. T. Morill; 1st vice-president, Mrs. W. E. Paton; 2nd vice-president, Mrs. W. S. Allen; 3rd vice-president, Mrs. Jas. Johnston; 4th vice-president, Mrs. A. M. Sangster; treasurer, Mrs. S. A. Jones; secretary, Mrs. J. T. Bryant.

Emergency committee: Mrs. Jas. Johnston, Mrs. S. A. Jones, Mrs. A. M. Sangster and Mrs. J. Rosenblom.

Relief committee: Mrs. W. S. Allen, chairman; members, Mrs. Jas. Johnston, Mrs. W. E. Paton, Mrs. A. M. Sangster, Mrs. C. H. Jowen, Mrs. S. A. Jones and Rev. Dr. Read.

Various items connected with the emergency committee were discussed, emphasis being laid upon the need of being prepared, and also upon the fact that the local branch has an excellent equipment. It was decided that the executive would meet and make plans for co-operative work with citizens, that in case of any serious mishap all would be in readiness for action.

It was decided that Mrs. A. M. Sangster would be asked to place the Red Cross wreath on the monument on Armistice Day.

**LENNOXVILLE**

LENNOXVILLE BAND MAY ENTER EASTERN TOWNSHIPS AMALGAMATION.

A good deal of enthusiasm marked the citizens' meeting, adjourned from Monday last week, which was held in the town hall last evening at the call of the official board of the Lennoxville band. In brief addresses, Mayor H. W. S. Downs, several aldermen and other interested in the welfare of the band congratulated Mr. E. L. Bartsch, who presided as chairman, on his report of the financial standing of the band. After a good deal of discussion as to ways and means of securing the necessary funds to carry on the work of the band, it was decided on motion to authorize a personal canvass of the citizens of the town for the purpose and, further, that the band appoint the necessary committee, which should take up the work of canvassing.

During the meeting the chairman stated that an amalgamation of twelve bands in the Eastern Townships was in process and that there was a possibility of the Lennoxville band entering the union. A pro-

gramme of concerts in each town was contemplated, and the winter months would be spent in preparation for the season of out-door concerts. It was agreed that such an amalgamation among the bands of the Townships would be a powerful factor in maintaining the interest in band work, and a stimulus in producing a superior quality of music.

Following is the personnel of the committee chosen by the officers of the band, and authorized by the citizens' meeting to canvass the town for financial support for the band: Dr. J. B. Winder, Messrs. R. McMurray, J. R. Balfour, John Nichol, E. Dundin, D. Martin, Jean Breton and N. W. Lobbb.

Y. P. S. HAD LANTERN TALK

The Young People's Society of the United Church had an interesting meeting last evening, in charge of Miss Edna McCurdy. The topic was a missionary one, and was illustrated by lantern slides on Korea, showing the scenery, natives, their homes, habits and religious customs in a life-like manner. The talk, which accompanied the showing of the slides, was given by Miss Freda Willard. During the evening, Miss Florence Hopkinson, of Sherbrooke, sang two solos, accompanied by Miss Maude Parker, which were greatly appreciated by the society.

**Address to Parents**

In fairness to your child, when he or she brings home a poor report card, have the eyes examined before being too critical of their scholarship.

Many bright children are made to appear stupid in their school work by imperfect eyesight.

If your child is experiencing difficulty in keeping up with the rest of the class, perhaps he or she is being handicapped by defective vision.

An eye examination will answer this question and perhaps save your child from failure and discouragement which often lasts through an entire lifetime.

NEW ERA IN AERIAL TRANSPORTATION

A new era in aerial transportation was established yesterday afternoon with the arrival of the giant dirigible Graf Zeppelin at Lakehurst, N.J., from Friedrichshafen, Germany, after a hard battle against adverse winds all the way and the handicap of a damaged horizontal. In fact, the Graf Zeppelin went through a particularly severe test with flying colors, for the winds and storms encountered forced the big air liner to take a more southerly route than was planned, and not only delayed her considerably, but buffeted her about. If the maximum speed of some eighty miles an hour could have been maintained throughout the journey the dirigible would have arrived at its destination well within the specified time of seventy hours.

However, in being forced to battle the worst imaginable weather, the Graf Zeppelin, not only conclusively demonstrated the practicability of the airship for trans-oceanic communication, in the opinion of experts, but has through the delay set a new world's endurance record for rigid airships.

It was 436 years ago that Christopher Columbus, after a voyage of two months from Spain, discovered the continent of America. Superstition was rife in that age and Columbus had a bitter fight to wage against dissatisfied mariners convinced that the long voyage led to the edge of the world. The journey across the Atlantic was then a journey of months, undertaken with the crudest of navigating instruments. Today the trip is being reckoned in hours, and experts claim that the time is at hand when huge liners of the air will ply forward and backward across the ocean. It is an age of which Columbus and his sailors never dreamed.

CANADA IS PROSPEROUS

Canada is exceedingly prosperous, and is daily making wonderful strides forward. Not only do statistics prove these facts, but Hon. J. A. Robb, Minister of Finance, is so delighted with the financial position of the country that he has seen fit to announce that "we are on easy street."

In making this announcement Mr. Robb points out that there will be some money left over in the treasury after retiring the remainder of the fifty-three million dollars short term notes falling due this week, and at the same time adds that he hopes, if Providence continues kind to us and gives us good crops and business keeps just as good as it is now, without even getting any better, to take care of all maturities coming along from now until 1933.

That is exceedingly encouraging news. And a glance at statistics clearly shows that the Minister of Finance is making no idle prediction. Figures of Canada's wonderful crops have already been published, also the figures for the Canadian railways, etc. Now comes a most encouraging statement regarding the motor car industry.

Canada produced more motor cars and trucks (and of a greater value) in the first eight months of the present year than in the whole of 1927. This country also imported more motor cars and trucks and of a greater value than during the whole of 1927. The prophesied saturation of the market has not come to pass, and one of the signs of this country's prosperous times is her absorption of home-produced and foreign-produced automobiles.

For the eight months ended with August, Canada's production was as follows:

Table with 2 columns: Number, Value. For sale in Canada 129,658 \$94,357,049. For export 51,801 21,852,292.

Total production 181,459 \$116,209,341

Eliminating the automobiles produced for export, and including, instead, those imported for the Canadian market, the number made available in eight months for sale in the Dominion has been as follows:

Table with 2 columns: Number, Value. Produced in Canada for the home market 129,658 \$94,357,049. Imported 38,898 33,042,315.

Available for Canadians 168,556 \$127,399,364

In eight months the Canadian market has been supplied with motor cars and motor trucks to the extent of \$127,000,000—factory valuation. And the market will take them.

WON'T POWER

(By Dr. Frank Crane)

There is a good deal of talk about Will Power, but there is a stronger power than that. It is Won't Power.

There is a good deal more power in holding back than in going forward. A mule can only pull a certain load, but if the mule balks it takes a great deal of power to move him. That is, he has more power in standing still and refusing to go than he has in going forward.

A man who ought to know about autos said one time that an automobile engine has more power in going backwards than forwards.

People are always complaining about their lack of Will Power. There are many books and teachers for the training of the Will. Alcohol and other drugs are supposed to impair the Will Power. A man is presumed to proceed along the downward path because he has no Will Power. That is the reason he cannot resist temptation.

But it does not take Will Power to resist bad habits, or otherwise keep from doing wrong. It takes something else that almost everybody has, even the weaklings. It takes Won't Power. Anybody can be stubborn and mule-like

refuse to move. Some people cannot come to a decision. They are watery and inefficient when it comes to doing a certain thing. But even the most nambypamby and vacillating can refuse to do a thing. It doesn't take Will Power. It doesn't take reason. All it takes is pure stubbornness. And even the weakest can be stubborn.

An old sot once suddenly quit drinking and stayed quit. I asked him how he came to do it. He said: "Well, I just happened to think that I didn't have to make any good resolutions or pray for strength or anything like that. I just didn't have to do it. That's all. Nobody, not even myself could make me drink. I just didn't have to put the stuff in my mouth. I made up my mind that the best way to quit was to quit."

This is a trick worth knowing. We can sometimes do things, or rather refuse to do them, by digging our heels in the sand and refusing to budge, better than by prayer and wrestling.

The first thing anybody wants to do if they have been doing wrong is to quit. Have all the emotions you want to after that, but all reform begins with what Carlyle calls "The Everlasting No."

PARAGRAPHS

"How can we encourage travel?" asks an advertisement. Well, you might persuade doctors to tell all they know.

Birth control is easy enough; the hard part is to control them for fifteen years after birth.

The things commonly used to provide an education late in life are a correspondence course and a set of children.

Everybody can find his own explanation of the country's degeneration. Rome's fall began, you remember, soon after women were given the vote.

Old Dobbin might have wrecked things, too, if the rattled driver had stepped on him instead of saying "Whoa!" when he wished to stop suddenly.

Correct this sentence: "I do not feel important," he said, indignantly, "but I resent having members of the family interrupt when I'm talking."

A HORTICULTURAL ROMANCE. (Calgary Herald) Calgary's horticultural growth is a romance. Not so long ago the common opinion was that only a few hardy flowers and vegetables could be produced in this locality. The Calgary Horticultural Society's show will demonstrate that a surprisingly wide range of beautiful blooms and useful vegetables are being grown here in profusion.

A CANAL ACROSS NICARAGUA. (Christian Science Monitor) When recently Nicaragua and Colombia negotiated a treaty defining the ownership of certain island groups in the Atlantic, which had been in dispute for more than a century, the rights of the United States as to important approaches to the projected interoceanic canal across Nicaragua were considerably clarified. Frank B. Kellogg, United States Secretary of State, acted as intermediary in this Latin-America issue, and thus the United States leasehold of the Mosquito coast and of the Great and Little Corn Islands was at the same time assured undisputed continuance. With regard to another group of islands, over which Colombia was granted absolute sovereignty through the treaty, the situation is somewhat different as it affects the United States. But in the correspondence between Mr. Kellogg and Enrique Olaya, the Colombian Minister at Washington, it is disclosed that, while both the United States and Colombia have claimed ownership, the status quo is to remain to the extent that the United States shall continue the lighthouse service to aid navigation, in return for which Colombian nationals shall have the right to use the surrounding waters for fishing.

It is gratifying to know that in the event of the Nicaraguan canal materializing in the not distant future, some of the more important factors entering into the successful carrying out of that enterprise have been found adjustment. The strategic value of the islands in question cannot be doubted. The western part of the Caribbean Sea constitutes a key to the direct approaches to the contemplated canal, and while the interests of the United States as yet lie primarily in the direction of uninterrupted navigation, as Mr. Kellogg states pointedly, still, the old saying that a stitch in time saves nine may have its proper application here. A tripartite understanding, such as has been consummated in the present instance, ought to prove of satisfaction to all parties interested.

Mr. Reginald Hibbard left today for St. Nicholas Bay, where he has taken a position with the St. Nicholas Pulp Company.

St. Faith's Guild met yesterday afternoon at the regular weekly meeting. Mrs. Harold Goodhue was in the chair. Sewing was continued for the Christmas sale. Mrs. J. W. Hammond and Miss Mary White were hostesses at the tea hour.

The many friends of Mrs. Frank J. Day, wife of Rev. Dr. Day, former minister of Plymouth Church, will be sorry to learn that she is seriously ill in the Toronto General Hospital. Dr. Day is staying at Alexandra Palace, University Avenue, Toronto, Ont.

At a meeting of the St. Patrick Mission Circle held on Monday evening in the Church Hall, a card party was planned for Monday, Oct. 22nd. The conveners appointed were: bridge, Mrs. M. Albert, Misses Evelyn Coogan and Owenie McKeon; "500" Mrs. M. Albert; refreshments, Miss Betty Steele and prizes, Misses Mary McConnell and Albertine Normandin.

It was decided that a prize would be given at each table. Each member was requested to get up at least one table. The annual contribution towards the work of the Sisters of Service was voted, and several matters of routine discussed before the adjournment for refreshments. The hostesses of the evening were Misses Loretta Steele and Geraldine Hebert.

The Young People's Societies of Trinity and Plymouth United Churches held a joint meeting last evening in Plymouth Church Hall, with a good attendance of members and an interesting programme. The meeting was presided over by Mr. Lorne McLean, and the feature of the evening was the address given by Mr. Biswas, Y.M.C.A. secretary from Calcutta, who gave an interesting and challenging account of the missionary work in India. The visiting secretary spoke highly of the work done by the Y.M.C.A. in India; of the strategic position of the Y.M.C.A. in work for social service, and challenged the young people to become interpreters of Christianity in their daily living by following Christ's example. At the conclusion of the helpful address a social hour followed, the hostesses for the evening being Mrs. Lorne McLean, the Misses Morrow and Cook. A sing-song and games under the direction of Mr. Nelson Lohrson, leader of the social committee, were enjoyed, and the meeting was closed with prayer by Rev. Dr. W. S. Lennon and the mishap benediction.

The weekly meeting of the Advent Girls' Guild was held last evening at the home of Mrs. Albert Peak, Second Avenue, and was opened with prayer. The minutes of the previous meeting were read and adopted, after which the evening was spent in completing arrangements for the supper to be given in the Church Hall tomorrow evening, under the auspices of the two Guilds of the church. No new business was taken up, and the remainder of the evening was spent socially, the hostess serving refreshments, assisted by Mrs. K. Kinder and Miss Grace Amy.

FIGURES SHOW SITUATION IN ELECTRIC DEPT.

Ald. Newton, Chairman of Department, Has Report Prepared to Show How Rate Could Be Reduced if Department Did Not Have to Pay for Street Lighting.

Alderman S. R. Newton, chairman of the Gas and Electric committee, has prepared the following statement regarding expenditure and revenue of the electric department with the view of showing that if Sherbrooke charged for street lighting and for lights which now are given free of charge to skating rinks and special exhibition rate electricity could be sold in Sherbrooke for .0246 cents per kilowatt hour and the department still make its same profit. The tax department, however, would have to bear the other expense.

Lighting revenue \$203,975.43 Less discounts .. 15,545.00 Total .. \$188,430.43

Service for which no charge is made: 2,000 street lights \$15,000.00 Free lighting to skating rinks .. 1,000.00 Special rate Exhibition .. 800.00 \$45,800.00

Actually taken from revenue for general purposes other than administration of electric department:

Interest on bonds .. 7,750.00 Gas Dept. .. 47,479.00 Contribution 2 mills to Tax Dept. .. 3,000.00 Office rent in excess of value to aid Tax Dept. .. \$58,229.00 \$105,129.00

Total revenue .. \$188,430.43 Service supplied for which no payment is made and amount taken from revenue for Tax Dept., and other purposes .. 105,129.00

Net revenue of .. \$ 83,301.43

The report states \$83,301.43 is 44 per cent. of \$188,430.43. This means we are giving the taxpayers the equivalent of 56 per cent. of our lighting revenue, or the price of light might be reduced by 56 per cent. and the Electric Department would have as much net revenue as at present, provided the Tax Department paid for street illumination, civic donations of lighting and did not receive any contribution from the Electric Department for tax reductions.

Thus for the owner of real estate in Sherbrooke the lighting rate is equivalent to 44 per cent. of .0246 cents per K.W.H.

Rates for Ottawa and Montreal are given as follows: Montreal—4c. per K.W.H. No discount for one year contract; 12 1/2 c. discount for five year contract. Meter rental 10c. per month.

Ottawa—3c. per month per 100 sq. ft. of floor area, minimum area 1,000 sq. ft., with a meter rate of 2c. per K.W.H. Area charge 30c.; 30 K.W. per 1,000 ft. 60c. Total 90c., divided by 3.00 K.W. gives 3c. per K.W.H.

Mrs. G. P. Hunt, of Marleton, was a guest of Mrs. John Pashley, Queen Street, over the week-end.

Mr. and Mrs. L. D. Gibson, of Norway, Me., were the guests of Mr. and Mrs. J. M. Smith, Laurier avenue, on Sunday.

Mr. and Mrs. E. E. Gilson and Mr. and Mrs. A. L. Vallee, Montreal Street, motored to Montreal on Sunday, and spent the day there.

Miss Mildred Ellis, of Bury, underwent an operation for appendicitis at the Sherbrooke Hospital. Her condition is regarded as satisfactory.

The friends of Miss Greta Clark, Brompton Road, will be pleased to learn that she has returned home from the Sherbrooke Hospital, where she recently underwent an operation for appendicitis.

Mrs. E. I. Dean and Mrs. S. A. Jones are attending the convention of the W. C. T. U., being held at Ayle's Cliff this week. Other members from Sherbrooke will attend the various sessions.

Mr. and Mrs. Sidney Bayless formerly of New York City, are at present in the city, where Mr. Bayless is employed at the Canadian Imperial Bank. Mr. and Mrs. Bayless are at present guests of Mr. and Mrs. John Jencks, Quebec Street.

The weekly meeting of the Advent Girls' Guild was held last evening at the home of Mrs. Albert Peak, Second Avenue, and was opened with prayer. The minutes of the previous meeting were read and adopted, after which the evening was spent in completing arrangements for the supper to be given in the Church Hall tomorrow evening, under the auspices of the two Guilds of the church. No new business was taken up, and the remainder of the evening was spent socially, the hostess serving refreshments, assisted by Mrs. K. Kinder and Miss Grace Amy.

LOCAL BRANCH OF RED CROSS HELD ANNUAL

Reports Given at Business Session Are Proof of Splendid Service Rendered by Sherbrooke Red Cross Society.

The annual meeting of the Sherbrooke Branch of the Canadian Red Cross Society was held yesterday afternoon in the Red Cross rooms, Whiting Block, with the president, Mrs. J. T. Morkill, in the chair, and a good attendance of members present. Mrs. Morkill opened the meeting, and the reading of the secretary's and treasurer's reports followed.

The treasurer's report for year ending September 30th, 1928, follows:

Table with 2 columns: Description, Amount. RECEIPTS: Membership fees \$ 2.00, Repayments 57.07, Interest on bonds 93.79, Provincial Red Cross Society for provin. work 920.56, Withdrawals from Campaign Fund 3,105.28, Contributions for special cases 98.18, \$4,285.84. Add balance carried forward from last year 571.24, \$4,857.08.

DISBURSEMENTS: Relief: Supplies, food, etc. \$ 378.32, Clothing and boots 806.88, Sundries, removals fuel, relief insurance 133.52, Doctor's fees 572.31, Nursing and hospital 189.47, Relief board and rent 391.10, Transportation 218.58, Office: Rent, light and taxes 208.47, Telephone and telegrams 20.30, Postage, express and excise 26.19, Office administration & insurance 685.11, \$3,630.25.

Dominion of Canada bond purchased \$1,048.87, \$4,679.12, \$4,857.08, Balance \$ 177.96, On deposit in Can. Bank of Commerce \$ 182.36, Less cheque outstanding 4.40, \$ 177.96.

Relief Committee. The report of the Red Cross Relief Committee for the years 1927-28 was given by Mrs. S. A. Jones as follows:

During the past year 110 cases have come under our care. Some have been just transients stranded in the city for whom a railway ticket, a meal, and perhaps a pair of clean socks have sufficed. Others, among which are sixteen or seventeen families of new comers to this country, have had to be fed, clothed and provided with warm bedding. Most of these families have little or no capital when they arrive and although they have heard of our old winters have not realized the severity of our climate. The methods of farming in this country are very different from what they are in England so that even experienced men have difficulty in adapting themselves to the change.

The first winter is the most trying as the heating problem is quite new and the necessity of extra warm clothing requires an expenditure which they are unable to meet, and in order to keep hope in these people assistance must be given.

There is another class requiring help, they are our own Canadians who have returned both mentally and physically below par, and yet the weakness cannot be traced directly to war service. When we think of the conditions under which many of the men lived during those terrific years can we wonder at shattered nerves, rheumatism and other ailments.

A number of our cases of unemployment are of the type which sickness ailments appear which had not been suspected and while the father is unemployed help must be given to the wives and children.

Several babies have arrived during the year for whom baby clothes have been provided and assistance given for nurse and doctor, and sometimes both, also extra nourishment for the mother.

Some of our families have required our care for months at a time and our efforts to obtain pensions have in several cases been successful.

A lengthy correspondence was carried on last spring with the Department of Colonization respecting the expenditure for the immigrant families and asking for reimbursement in part, if not entirely. The members of the relief committee expressed their willingness to do the work for this district as Sherbrooke is a convenient centre and they understand conditions in the townships better than officials from Ontario. Another reason is that relief administered by us can be in the homes of families needing it long before the routine of a larger office could provide it.

Two of our cases have been deported; one couple who would have made desirable citizens were sent home on account of the serious illness of the wife; another, a young man fatally unfit for the country, and not at all adaptable was sent home because he had become a public charge.

Several disastrous fires have made work for our committee and last winter we had one family flood victims after the heavy November rains. One great drawback to our work as far as the public is concerned is that we cannot pub-

Relief Committee. The report of the Red Cross Relief Committee for the years 1927-28 was given by Mrs. S. A. Jones as follows:

During the past year 110 cases have come under our care. Some have been just transients stranded in the city for whom a railway ticket, a meal, and perhaps a pair of clean socks have sufficed. Others, among which are sixteen or seventeen families of new comers to this country, have had to be fed, clothed and provided with warm bedding. Most of these families have little or no capital when they arrive and although they have heard of our old winters have not realized the severity of our climate. The methods of farming in this country are very different from what they are in England so that even experienced men have difficulty in adapting themselves to the change.

The first winter is the most trying as the heating problem is quite new and the necessity of extra warm clothing requires an expenditure which they are unable to meet, and in order to keep hope in these people assistance must be given.

There is another class requiring help, they are our own Canadians who have returned both mentally and physically below par, and yet the weakness cannot be traced directly to war service. When we think of the conditions under which many of the men lived during those terrific years can we wonder at shattered nerves, rheumatism and other ailments.

A number of our cases of unemployment are of the type which sickness ailments appear which had not been suspected and while the father is unemployed help must be given to the wives and children.

Several babies have arrived during the year for whom baby clothes have been provided and assistance given for nurse and doctor, and sometimes both, also extra nourishment for the mother.

Some of our families have required our care for months at a time and our efforts to obtain pensions have in several cases been successful.

A lengthy correspondence was carried on last spring with the Department of Colonization respecting the expenditure for the immigrant families and asking for reimbursement in part, if not entirely. The members of the relief committee expressed their willingness to do the work for this district as Sherbrooke is a convenient centre and they understand conditions in the townships better than officials from Ontario. Another reason is that relief administered by us can be in the homes of families needing it long before the routine of a larger office could provide it.

Two of our cases have been deported; one couple who would have made desirable citizens were sent home on account of the serious illness of the wife; another, a young man fatally unfit for the country, and not at all adaptable was sent home because he had become a public charge.

Several disastrous fires have made work for our committee and last winter we had one family flood victims after the heavy November rains. One great drawback to our work as far as the public is concerned is that we cannot pub-

lish details. In order to maintain the self respect of these people the relief must be given quietly, consequently we are often asked: "What is the Red Cross doing?" and surprise expressed that we are carrying on at all. The results of the campaign for funds last year were disappointing. Many people seem to forget what conditions throughout the Empire would have been if our men had not stood bravely at the front, and that we owe them a debt of gratitude for the blessings which we enjoy today.

In order to meet the needs of these cases we have a heavy expenditure for clothing, and we find Mrs. suits one of our most difficult problems. Therefore, if any gentlemen have suits which they want to cast off, or overcoats which although they may not be the latest word in style are still warm and comfortable, we should be pleased to have them; also ladies' coats and serviceable dresses and suits.

Throughout the Dominion a membership campaign has been carried on during the past summer. The Sherbrooke branch did not join, as the time of year was not suitable for this district but in the near future an opportunity of contributing may be given to those desirous of becoming members. The membership fee is one dollar a year.

Although the principal work of the Red Cross Society is to look after ex-service men and their families it is also an emergency

organization and we are prepared to place at the service of the city if required for emergency work twenty-five beds fully equipped which are kept in our store room in this building easy of access, and a committee was appointed to be ready to handle this equipment as an organized body.

The secretary expressed appreciation for the gift from the Maple Cospe Chapter, I.O.D.E., of layette, dainty and useful.

Discussion Followed Reports. Several matters of interest arising from the reports were discussed, Mrs. Bowen making reference to the fact that in many emergency cases the question often arose "Shall we wait, or act?" and the general opinion was in favor of the latter. The Sherbrooke Branch covers a large area, and has done a great deal for those needing its assistance. Letters of appreciation from different ones gave proof of the value of Red Cross work, which is not support, but assistance in emergencies.

President's Address. Mrs. J. T. Morkill, in a few remarks, spoke of the year's work, adding: "It would be superfluous to go over the year's activities again. The secretary's and treasurer's reports, and that of the relief committee have covered everything."

Mrs. Morkill also said: "No one knows how much work is done over the phone, as well as in this room," and she also congratulated Mrs.

Advertisement for Beech-Nut Gum. Text: "What is Your Wife's Salary? Don't think the question absurd. We ask it to emphasize the fact that wives do not get salaries; they just work for their board and clothes. They can't lay aside anything for times of sickness or old age. Their husbands are supposed to do that for them. It is pretty selfish of a man not to make proper provision for his wife in the event of his sudden death. To be sure the law gives her a definite portion of his estate; but supposing he leaves no estate. Business risks, bad investments, hard times, luxuries—these may leave her penniless. An Imperial Life policy will provide the one definite, sure and easily obtained provision for your wife; and she deserves something definite and sure—don't she? ### REAL ESTATE FOR SALE

MR. GATIEN'S APPOINTMENT IS OPPOSED

(Continued from page 1) no sign of the meeting beginning, it was realized that the evening had been taken up with a discussion of some sort and that the aldermen were far from in accord.

At nine-forty o'clock the aldermen entered the council chamber and, after taking their regular places, gave their attention to a number of matters, such as the adoption of committee reports and the reading of correspondence, but his meeting did not produce anything of a sensational nature.

Langis were absent from last night's meeting. Of those present Aldermen Newton, Houlihan, Bradley and Hebert and understood to strongly oppose the appointment. So far as Aldermen Forest and Langis are concerned, they have not yet expressed their opinions on the matter, although the general course of events seem to indicate that Alderman Langis will fall in line with Mr. Gatiens supporters and that Alderman Forest will cast his tent with the other side.

At any rate it is known that at a recent meeting of the police committee, presided over by Alderman Loranger, it was decided to have Mr. Gatiens appointed. Furthermore, it is known that there was strong opposition to the appointment last night, and that after airing his views on the matter Alderman Loranger did not wait for the public meeting, and consequently his committee report was not adopted and Mr. Gatiens not appointed to the post, all of which gives indications that there is trouble somewhere along the line.

Among the few matters which came before the council when the regular meeting was finally called to order was the Civic Hospital by-law, which was referred by Alderman Houlihan, chairman of the Health Committee, to the Finance

Committee for study. According to the newly-prepared by-law, which has been given first and second readings, the estimated cost has been reduced from \$85,000 to \$28,000. The proposed new building will be a two-storey brick building, and will be one hundred and thirty feet long and thirty-one feet wide. The contract has been awarded to Mr. J. R. Royer, whose tender for \$19,400, was accepted with the proviso that the by-law is passed by the council and ratepayers.

The following were the tenders received by the Health Committee in connection with the Civic Hospital: E. Lepage, \$25,900; J. E. St. Pierre, \$28,300; J. R. Royer, \$19,400, and Stewart Construction Company, \$24,942.

The committee recommends that a by-law providing for the borrowing of a sum of \$28,000 be submitted to the ratepayers. This amount will be divided as follows: Contract price \$19,400 Preparation of plans and supervision 1,100 Excavation and foundations 2,000 Oil burner for heating 4,900 Furniture and equipment 4,000 Loss on sale of bonds 300 Total \$28,000

There was little of particular interest in the correspondence. Residents of King Street West objected to signs along the road and also to a certain garage keeper in that vicinity who left cars parked in front of his garage all night and day. The matter has been left in the hands of the police committee for action.

The City Engineer was instructed to look after the request of the Sisters of the Holy Family, who are asking for sewers in connection with the large Mother House which is being erected on Drummond Road.

The "Reid Aircraft" wrote to the Council for information regarding a landing field here. The matter was handed over to the parks and real estate committee for attention.

BRITISH ADMIRALTY TOOK PRECAUTIONS TO ASSURE SAFETY OF PASSENGERS

(Associated Press Despatch) LONDON, Oct. 16.—Now that the Graf Zeppelin has completed her hazardous journey from Germany to the United States, it was made known last night that the British Admiralty took extraordinary precautions to assure the safety of the passengers and crew of the big airship when the first reports came of trouble with the port horizontal.

ANNUAL EVENT AT ST. ANDREWS

(Continued from Page 5.) great plan to suit their county and people.

Musical Programme. The first musical number was a piano solo by Miss Hazel Wade, P.R.A.M., who is a stranger to Sherbrooke, but who won the hearts of her listeners by her fine interpretation of Chopin's C sharp Minor Polonaise, and "The Platterer" (Chamaine). Miss Wade kindly responded to encores, and played all her numbers with expression and excellent technique.

Miss Muriel Heath, who has played in Sherbrooke on former occasions, and delighted her audience with her expressive rendering of "Gardes" by Monetti, "Madrigal" by Simonetti, and for encores played MacDowell's "To A Wild Rose," and "Oriental" (Cui). Miss Heath's interpretation and personality was of a high standard.

Mrs. Seymour Robinson, from Montreal, who was the soloist at the Sunday services, has a soprano voice of fine quality, while her powers of expression give her a place among the concert singers of the metropolis of Canada. Mrs. Robinson sang "Piper of Love" (Carew), and "At Dawning" (Cadmán), in a captivating way, while her charming rendition of Tosti's "Good Bye" was proof of her capabilities. Mrs. Robinson is a singer who will be warmly welcomed to Sherbrooke and those who listened to her last evening will retain her sweet music in memory until she comes again.

Miss Della Wilkie, who is a local favorite, sang "Pale Moon," by Logan, and "All For You," both numbers being rendered with her usual fine expression and pleasing stage appearance.

An orchestra, organized for the occasion, and under the direction of Mr. R. F. Giff, played during the supper hour, and added much to the pleasure of the evening. Mr. Giff's efforts in providing this music was much appreciated by the ladies in charge of the supper and the audience.

AN IRREGULAR TREND NOTED AT MONTREAL

(Canadian Press Despatch) MONTREAL, Oct. 16.—The Montreal stock market presented rather an irregular appearance at the opening this morning. Price changes, however, were mostly fractional, the greatest overnight change occurring in Dominion Bridge, which opened at 97 1/2, up 1 1/2. Fractional gains were recorded by Asbestos, Cocksfoot and Cement, while similar declines were noted in Abitibi, B. C. Power and Canada Brewing. Canada Bronze gained a high point at 127. Massey-Harris, Brazilian and Nickel opened unchanged. Activity was limited.

SPECULATORS FOR ADVANCE IN CONTROL AT NEW YORK

(Associated Press Despatch) NEW YORK, Oct. 16.—Speculators for the advance were still in control of the price movement at the opening of today's stock market. Jewel Tea opened unchanged at 141 and then ran up to a new high record at 146 in a single string of transactions, some of them a point apart. Allied Chemical opened two points higher, and American Can and Greene-Canada each opened a point higher. Lambert opened with a block of 11,200 shares at 133, unchanged, and Packard with a block of 10,000 shares at 98, up 3-8.

SAFETY FIRST CAMPAIGN

"It seems to me," said Mr. Millette, who is of Mansonville, Que., "that someone ought to see to it that Safety First campaigns are carried on in the country districts, just as much as they are in the cities and towns. The country children are just as much exposed to danger as are the little ones in the city, who are on the main roads. For, at times, and especially at week-ends, the traffic on the main highways is almost as thick as it is in a city street."

"Co-operation Necessary." "What we need is a campaign of some kind or the other which will aid in teaching our country children to look both right and left before they cross the road. We have Boy Scouts, church organizations of all kinds, and, above all, we have the schools. I should like to see someone take this whole matter up, and give the country children the same chance of learning Safety First precautions as is given to the children who live in the cities."

PETITION FOR RECEIVER FOR KU KLUX KLAN ASKED

ATLANTA, Ga., Oct. 16.—The Atlanta Constitution today says a receiver for the Ku Klux Klan is asked in a petition presented to Judge Samuel H. Sibley, of the United States Circuit Court, who ordered the suit to be filed today. The petition, filed by C. T. Rice, who said he was a member of the Klan, charges Hiram W. Evans, imperial wizard of the order, and other officials of the secret organization have expended large sums of money in opposition to the candidacy of Governor Alfred E. Smith, Democratic presidential nominee, because of Smith's religion.

**CUBS GET \$1,787.84 A PIECE**  
(Associated Press Despatch)  
CHICAGO, Ill., Oct. 16.—Baseball Commissioner Kenesaw Mountain Landis has mailed each regular Cub player a cheque for \$1,787.84 as his share of the city and world series gate receipts this year.

For finishing third in the National League race each Cub received \$877, and for winning the city title each was rewarded with \$1,090.84. The White Sox have not announced their split.

**COCHRANE MOST VALUABLE PLAYER TO HIS CLUB.**  
(Associated Press Despatch)  
CHICAGO, Ill., Oct. 16.—Gordon "Mickey" Cochrane, twenty-five year old catcher for the Philadelphia Athletics, today was named as the most valuable player to his club in the American League's 1928 season. Cochrane won the award by a

margin of only two points over Heinie Manush, St. Louis outfielder. In addition to the junior circuit's honor roll along with the previous winners, Cochrane will receive \$1,000 in cash. The award was made by a commission of baseball writers from each city in the league.

In the voting, Cochrane received fifty-three points, while Manush, who finished second in the American League's individual batting race, received fifty-one.

There was a tie for third place between first baseman Joe Judge and shortstop Lazzeri, of the Yanks, each receiving twenty-seven votes.

**HORNBY TO PLAY FOR CHICAGO CUBS?**  
(Associated Press Despatch)

(By the Canadian Press.)  
LONDON, Oct. 16.—William Hamer, for thirty-three years a director of the Bolton Wanderers Football Club, has resigned. This is stated to be owing to the fact that he disagrees with his fellow directors on the question of high transfer fees. Mr. Hamer has often stated that ten pounds a week was as much as any professional football player was worth.

## ATHLETIC MEET AT DANVILLE A BIG SUCCESS

Held Between Danville and Richmond High Schools—Richmond Won by Count of 68-67.

DANVILLE, Que., Oct. 16.—A very interesting track meet was held at the Danville High School on Saturday, October 16th, between Richmond High School and the Danville High School. The meet was one of the most interesting ever held in the county. The winners could not be decided until the final race, Richmond being the lucky team to win the meet by a close score of 68 to 67. Then the Danville High School entertained the visitors to lunch. Both teams here wish to thank the officials for their able help.

## GENARO SCORED OVER BELANGER TO HOLD TITLE

French-Canadian Challenger for Flyweight Title Weakened Under Pounding of Rights and Lefts to Head and Body Which Genaro Used Relentlessly.

(Canadian Press Despatch)  
COLISEUM, TORONTO, Oct. 16.—A two-fisted attack with which the challenger could not cope enabled Franky Genaro, of New York, to retain his flyweight championship as recognized by the National Boxing Association in a ten-round bout against Frenchy Belanger, of Toronto, former N.B.A. titleholder, before 12,000 people last night.

Belanger, who returned to the ring after a six months' lay-off, gave a far superior display than he did last February, when he lost the title to the New York Italian six weeks after he won it in an elimination series.

In the elimination series he defeated Genaro, but the French-Canadian's savage attack, started in the first round last night, lost its power midway through the bout as the challenger weakened under a pounding of rights and lefts to the head and body which Genaro used relentlessly.

## BOLD THEFT BY ROBBERS AT FARNHAM

Mr. Romuald Desrosiers Forced to Open Safe of Fortin & Co. Limited—Thieves Got Away With \$800—Personals.

FARNHAM, Que., Oct. 15.—On Sunday night, at about eleven o'clock, when Mr. Romuald Desrosier was returning home after spending the evening with friends, he was suddenly jumped upon and blind folded by two men who appeared from a hedge at the front of the Catholic Hospital.

They then placed him in a car and drove to Fortin & Co. Ltd., where the captured man is employed as book-keeper, and compelled him to open the safe, from which they took \$800.

Before making their escape, the robbers tore sufficient clothing from Mr. Desrosier to tie him to a desk, where he remained until five o'clock, the following morning, when he managed to release himself.

## FUNERAL OF EX-EMPRESS NEXT FRIDAY

Late Empress, Mother of Ill-Fated Nicholas of Russia, Died After Lengthy Illness Saturday in Copenhagen—Military Honors Will Be Accorded.

(Associated Press Despatch)  
COPENHAGEN, Denmark, Oct. 16.—Funeral services for the former Empress Marie of Russia, who died at her residence here Saturday at the age of 81, are being arranged at the Russian church in Copenhagen.

The late Empress, who was the wife of Czar Alexander II, and mother of the ill-fated Nicholas who was killed in 1918, died after a lengthy illness and still apparently firm in the belief that the Royal Russian family was still alive and would some day resume their rule in Russia.

The body of the Empress will lie in state until the funeral on Friday. In addition to the Danish nobility, the services will be attended by King Heakon of Norway and probably the Duke of York, representing King George. Military honors will be accorded.

The Empress, whose great regret was that she could not be buried in Russian soil, will be laid to rest in her father's vault in Roskilde Cathedral. King Christian has ordered the Danish court to remain in mourning for four weeks.

## ANNUAL W.C.T.U. CONVENTION AT AYER'S CLIFF

Provincial Meeting to Be Held in Stanstead County—Opens Today for Three Day Session—Personals and Other Newsy Notes from District.

AYER'S CLIFF, Que., Oct. 16.—The forty-fourth annual convention of the Quebec Provincial W.C.T.U. opens this evening here for a three-day session. The opening programme, which will be held in the United Church, will consist of greetings from Mayor Rexford and Rev. W. H. Thomas, followed by special addresses from Mrs. John Scott, Montreal, and Mrs. Gordon Wright, London, Ont. Special musical numbers will be provided. There will be meetings morning and afternoon of Wednesday and Thursday. On Wednesday evening a play will be given by the young people of Fitch Bay and Ayer's Cliff in Confederation Hall.

As all sessions, both business and social, are open to the public, an urgent and cordial invitation is extended to everyone. It is hoped that by means of the provincial convention being held in Stanstead County that interest will be stimulated and greater activity manifested in the temperance cause.

**RAINNY WEATHER**

What a satisfaction it is to wear shoes that protect your feet in any kind of weather—shoes that are waterproof. That's one reason why so many people insist on **PANCO** soles on the shoes they buy.

**PANCO** soles and heels outwear leather 2 to 1. They are not a substitute for leather but an improvement on it. They are the best wearing material ever produced—flexible, durable and waterproof. What's more they are so long lived that in the hardest wear they outlast leather 2 to 1. Remember **PANCO** when you get your shoes resoled and insist on getting it. If your shoemaker doesn't have it in stock he can easily get it from his jobber. And when it's on your shoe it means real satisfaction, longer wear and greater comfort.

**PANCO** Guaranteed to outwear leather 2 to 1
