Hospital Coverage Stops Plan

OTTAWA — (P) — Disagreement over the number of persons who should be covered at the start apparently is the main stumbling block to Ontario's entry into the Federal Government's proposed hospital insurance plan.

In a lengthy exchange of correspondence on the subject tabled Monday in the Commons and the Ontario legislature, Prime Minister St. Laurent has suggested further discussions and Premier Frost has replied that his officials are prepared "to continue these at once."

On their outcome may depend the time at which the insurance scheme comes into being.

The correspondence—four letters from each side and a telegram Monday from the Premier—shows some hard bargaining by both government heads. But it is difficult to find any major concessions granted by either side so far.

Mr. St. Laurent has indicated he would like Ontario to agree to covering at least 85 per cent of its 5,500,000 population within a relatively short period after the federal-provincial plan starts. Mr. Frost has not given such a commitment, although he repeatedly states that the Ontario proposal envisages 85-to-90-per-cent coverage eventually.

The federal offer to share half the cost of standard hospital care, made in January last year, is contingent upon participation by at least six provinces representing a majority of Canada's population and upon provision of "coverage universally available to all persons in the province."

Since most of Canada's population is in Ontario and Quebec, participation of at least one of them is essential to make the federal plan operational. British Columbia, Alberta and Saskatchewan already have announced approval.

In Winnipeg Premier D. T. Campbell announced in the legislature that Manitoba would enter the proposed hospital insurance plan if Ontario also agreed to join and other provinces came in.

Examining The Loot — Sgt. Detective Yvon Hamel of Asbestos looks over a supply of cigarettes and candy bars recovered from a garage near the Asbestos I.G.A. Store from which they were stolen. It was the third break-in recently in the town. The LaBelle Shoe Store and Mrs. Fernande Proulx' Ladies' Wear, both on Bourbeau Street, were entered and merchandise taken off the shelves but nothing was reported missing. The rear door to J. N. Campeau's 5 to 1.00 Store was forced but failed to open. Constable S. Carignan is assisting Sgt. Detective Hamel in the investigation. (Record photo by Wm. H. Lunan)

Uprising Was Planned To Break Out During Hungarian Revolution

BERLIN — (Reuters-AP) — East Germany's Communist party leader has exposed a plot for an East German "counter-revolution" to break out during the Hungarian uprising.

Walter Ulbricht revealed that the counter-revolution was planned to begin in East Berlin Nov. 2—two days before Soviet troops attacked Budapest and crushed Hungary's fight for freedom.

Leader of the would-be uprising, said Ulbricht, was Wolfgang Harisch, a young university lecturer at present awaiting trial on charges of aiming to restore capitalism.

Harisch and three friends were arrested Nov. 29. All four were accused of having had relations

with anti-Communist Hungarian intellectuals.

And in Budapest, Hungary's Soviet-supported premier warned that a new Hungarian revolt may break out in March.

Premier Janos Kadar said the revolutionary movement has moved from the towns to the villages and farms.

Students returned quietly to classes with a new form of greeting: "Muk." The three letters are the initials of a Hungarian phrase meaning, "We'll start again in March."

Hungarian police arrested eight Budapest men following a gun battle in which a police captain was killed and another knocked unconscious, the Budapest newspaper Esti Hirlap disclosed Monday.

In his speech, Ulbricht admitted Soviet revelations of Stalin's "errors" had caused unrest in the East German party.

Ulbricht said Harisch had organized his group under the influence of the Budapest intellectual circles. Supported by West German Social Democrats and "various agencies," he charged, Harisch and his friends had demanded the removal of Communist leadership and the severance of East Germany's ties with Russia.

Ulbricht said that on Nov. 2 a student demonstration had been organized at Berlin University. The students did not go out on the streets, he added, because they "gradually came to a correct estimate of the relative strengths involved."

Atlantic Takes Toll Of Ships

HALIFAX — (P) — One ship sank, another was damaged by fire and a third ran aground Monday on Canada's Atlantic seaboard.

The loss to owners was high in the three-day battle with ice and sea but no lives were lost.

The Petit Bras d'Or, out of St. Pierre et Miquelon and owned by Paturel and Dagot, was the hardest hit. The 350-ton craft struck heavy ice 50 miles south-east of Louisbourg, N.S., on Cape Breton Island's eastern tip, and sank.

Capt. Jean LeHorne gave orders to abandon ship, after an unsuccessful attempt to reach port 15 miles away, because water was pouring into the engine room.

The Imperial of the stricken vessel but took several hours to reach the Petit Bras d'Or's 10-man crew which had taken to life-boats.

The seven-man crew of the 408-ton Bahaman freighter Maid of LaHave surveyed their burning ship from the rocky shore of Cape Sable Island in southwest Nova Scotia.

The LaHave, sailing from New Haven, Conn., to Halifax with 500 barrels of diesel oil caught fire four miles off the island where she was beached in a calm sea.

The third ship, the 250-ton ferry Kipowa, ran aground at Bell Island, Nfld. But a bulldozer shoved against her side several hours later and sent her into deep water again. All passengers and her nine crew members were taken to safety.

PALM SPRINGS, Calif. (P) — A 76-year-old freelance photographer collapsed and died of a heart attack just as he finished taking a picture of actress Jayne Mansfield. Arthur B. (Conky) Conkwright was taking photos at a charity ball.

Tax Structure Needs Overhauling — Diefenbaker

TORONTO. — (P) — An overhauling of Canada's tax structure was advocated Monday night by John Diefenbaker, national leader of the Progressive Conservative party, in an address to the annual dinner of the Toronto Board of Trade.

He also advocated a national development of resources policy "embracing every part of the country to assure prosperity in Canada;" a national highway policy—"with Canada's north particularly in mind—and with the federal government contributing or sharing costs with the provinces; the processing of raw materials in Canada to "a much greater degree" than is done today; and establishment of a Canadian energy board.

Of immediate conditions, Mr. Diefenbaker said that while he was entirely in accord with the objective of controlling present "strong inflationary trends," he did not believe inflation would be controlled "by driving small businesses into the red or into bankruptcy."

To too great an extent, he added small business men were finding themselves—through recent credit restriction—in a position

UN Seeks New Debate On Israel's Defiance

Election Hint From The PM

OTTAWA — (P) — Prime Minister St. Laurent Monday night gave added weight to reports he will call a federal election this year.

There have been rumors of an election year "and they might well be true," Mr. St. Laurent said during a television broadcast.

The Prime Minister spoke of the federal hospital insurance plan as a great humanitarian project which is "coming nearer to fulfillment."

Mr. St. Laurent said there is danger of inflation, with many capital investment projects planned and not enough money, manpower and material available to do everything at once.

Giant TV Tower Buckles, Falls Killing 4 Workmen

NASHVILLE, Tenn. — (P) — Four construction workers were hurled to their deaths Monday when a nearly-completed, giant television tower buckled and crumbled to the ground.

The new 1,262-foot broadcasting tower, which was to have been 1,379 feet when topped with the antenna, was being built for station WSM-TV.

Officials of the construction firm were at a loss to explain the collapse. A new steel alloy, known as T-1, which officials said was supposed to be three times as strong as regular steel, was being used.

New Seeing Eye For The Blind

EAST ORANGE, N.J. (P) — Dr. John C. Button Jr., a neurologist, claims to have invented a device that will permit a totally blind person to see. Dr. Button says the device will be perfected within five years.

It would be attached to the back of the blind person's brain by magnets which will activate tiny wires implanted in the patient's head. Dr. Button says the device will resemble a miniature television camera.

While Shepherds . . .

DAMASCUS (P) — A Syrian Army spokesman charged that Jewish shepherds opened machine-gun fire on Arab shepherds grazing their flocks near Tarafik on the Syrian-Israeli border Sunday.

U.S. Jury Accuses Three Refugees Of Spying For Reds

NEW YORK — (P) — A federal grand jury Monday accused three European refugees of handing over American defence secrets firsthand to Soviet agents. Conviction could mean death.

Money and "other valuable considerations" were said to have oiled the machinery for a ring that conducted operations in the United States and Europe.

The indictment spelled out details of the government's case against Jack Soble, 53, his wife, Myra, 52, and their European friend, Jacob Albam, 64. They were arrested in New York Jan. 25.

Soble has been pictured by the FBI as the man who took the reins from the shaky fingers of a hard-drinking Russian agent who left the U.S. under an espionage cloud in 1944.

The indictment also contained a mysterious hint of other conspirators "employed by the government of the United States in various capacities and activities in the United States, Germany, Austria and in other places, for the purpose of being in a position to acquire information relating to the national defence of the United States."

As far as is known, neither the Sobles nor Albam ever worked for the U.S. government.

It was the first big American spy case since 1950 when Julius and Ethel Rosenberg were accused of stealing atomic secrets for Russia. They went to the electric chair in 1953 for wartime espionage.

CCCL Invited To Convention Merging Unions

MONTREAL — (P) — President Gerard Picard and Secretary-General Jean Marchand of the Canadian and Catholic Confederation of Labor have been invited to attend a merger convention that will unite all organized labor in Quebec except the CCCL.

The convention, to be held in Quebec City Feb. 13-16, will unite the 60,000-member Quebec Federation of Industrial Unions (CLC) with the 140,000-member Quebec Federation of Labor (CLC).

Talks to affiliate the CCCL with the other union bodies are progressing.

King Saud Told Son Healthy Boy

WASHINGTON — (P) — King Saud got a new pair of glasses Monday and an optimistic report from President Eisenhower's doctors on the paralysis hobbling his favorite son.

The 53-year-old Saudi Arabian monarch left affairs of state to aides for the time being. While they worked out details of a general accord he has reached with Eisenhower on Middle East problems, Saud visited Walter Reed Army Hospital.

At Walter Reed, Saud was told the 3½-year-old Prince Mashhur is "a healthy, normal child" except for "partial spastic paralysis" of the right arm and leg because of cerebral palsy at birth.

All Top Red Brass Show Up

MOSCOW. — (P) — All 11 top-ranking members of the Soviet Communist hierarchy showed up today at the opening of a semi-annual session of Russia's parliament, the Supreme Soviet.

It was thus evident that no top-rank Soviet leader is the mystery patient in a Moscow hospital being treated by a blood specialist. Economic matters and overhaul of the judicial system appeared to be the major business in prospect. No drastic shakeup was expected in the Soviet government leadership.

Premier Nikolai Bulganin, Deputy Premier A. I. Mikoyan and President Klementi Voroshilov, three members of the praesidium of the Communist party central committee, attended the opening of the colorful Soviet of Nationalities in the Kremlin's chamber of the Supreme Soviet.

With Foreign Minister Dmitri Shepilov and others on hand, that house met 13 minutes, just long enough for the reading of an eight-point agenda.

An 18-minute session of the second house, the Soviet of the Union, followed this afternoon. Bulganin and Mikoyan skipped this, but Voroshilov and all the other members of the praesidium formerly known as the politburo, appeared on the platform.

Party secretary Nikita Khrushchev was there, along with deputy premiers Georgi Malenkov, V. M. Molotov, L. M. Kaganovich, M. G. Pervukhin and M. Z. Saburov and Mikhail A. Suslov, a party secretary and theoretician, and Alexei I. Kirichenko, first secretary of the Ukrainian Communist party.

Soldiers Give Own Injections Now

OTTAWA — (P) — Isopropyl methylphosphonofluoridate? Does that word scare you?

It should. It's the name of a typical nerve gas developed by the Germans during the Second World War. Its short name is Sarin.

The antidote for lethal sarin is atropine, though it is not the last word in combatting anticholinesterase-nerve gas poisoning. To be of any use, atropine must be administered within seconds of the appearance of nerve gas symptoms—a tight-

ness in the chest and dimming of vision.

That is why the Canadian Army now is conducting a course for all ranks in self-administered injections of atropine as an antidote for sarin and similar types of nerve gas.

The course now is in progress at army headquarters. It is not unusual these days to see a few generals in a group stabbing themselves with inoculation needles.

Though there is no danger from it, atropine itself is not

used in the course. Instead, officers and men inject themselves in the upper arm with a sterile saline solution.

The dose is contained in a small plastic vial from one end of which protrudes a thin, sharp needle. The soldier merely shoves the needle into his arm and squeezes the vial.

Under combat conditions in which nerve gas was used, the soldier would push the needle through his clothing because there would be no time to roll up his sleeve

Everybody Agrees Fumes Bad

OTTAWA — (P) — Everybody in the Commons agrees that exhaust fumes from diesel engines in buses, trucks and locomotives are a nuisance.

Members were unanimous Monday that the government should continue research on ways to control the fumes, a source of air pollution.

But they disagreed on two things: The degree to which the fumes harm health and whether there now is an effective method of filtering out any harmful elements.

The varied opinions came up as the Commons debated a resolution sponsored by John A. Charlton (PC—Brant Haldimand) a veterinarian, who ventured that the diesel fumes are "a contributory factor in causing lung cancer."

Health Minister Martin, who said studies are being made on the problem, said there is no medical evidence proving that diesel fumes cause cancer. However, they could cause irritation of the eyes, nose and throat.

Mine Probe Begins Into 37-Death Blast

BISHOP, Va. — (P) — Mining experts planned a descent into the Bishop coal mine today in an effort to fix the cause of a gas explosion that brought death to 37 miners.

The miners were entombed Monday in the underground catacombs of the big mine by the explosion which a survivor described as "like a big puff of wind."

The blast occurred less than two hours after 180 miners had gone to work on the midnight shift at the mine straddling the Virginia-West Virginia border.

Thirst Quencher

TORONTO — (P) — Purchases of alcoholic beverages in Ontario for the year ended last March 31 totalled more than \$278,000,000 — \$45,000,000 more than the estimated expenditure for provincial road construction and maintenance in the current fiscal year.

All About Stamps

On the 20th December last year the postal authorities of Trinidad placed a number of 2-cent stamps bearing the locally applied surcharge "one cent" on sale, the use of the one cent value being for Christmas mail. It is reported that within 5 1/2 hours — when the London plane arrived with the fresh supplies of one cent stamps — the surcharged stamps were withdrawn. It is claimed that this emergency issue had one of the shortest lives in philatelic history. The stamps being surcharged locally and in a hurry there are many varieties reported. Some dealers are asking quite high amounts for this stamp and it will perhaps be one of the scarcer stamps from Trinidad.

Collectors of Canadian First Day Covers will have a problem with the next issue of Canadian Commemoratives — the sport issue. The stamps will be printed set-ten and each block of four will have four designs. This means that if you want one cover you will get the four stamps, but if you collect the stamps singly you will need four covers.

The United Nations will issue a set honoring the Emergency Force on the 8th of April, the values will be 3-cents and 8-cents. The two stamps will have the same design, this design features the circular emblem of the UN Emergency Force which the troops wear on armbands and headgear. Incidentally, it is reported that the mail from the Emergency Force bears a special cancellation.

The New Hebrides are an Anglo-French Condominium consisting of the New Hebrides Islands and the Banks and Torres Islands. They lie in the Western Pacific Ocean. The Islands were discovered by the Spanish explorer de Quiros in 1606, and the Banks of Islands were sighted by Lieut. Wm. Bligh during his open boat voyage to Timor following the mutiny on the "Bounty" in 1789. The total area of the Islands is about 5,700 square miles and the population was estimated in 1952 to be about 52,589, of whom about 48,500 were New Hebridean natives. The currency of the Islands is British sterling and French currency, although Australian sterling is the actual British money in use. The values of the stamps are expressed in gold francs and centimes. The first New Hebrides stamps were certain values of the then current Fiji and new Caledonia issued overprinted in two lines "New Hebrides/Condominium." They were placed on sale in 1908 and were replaced by specially prepared British and French series in 1911. The current stamps also comprise two series, British and French, inscribed respectively "New Hebrides," and "Nouvelle Hebrides," though each has the word "Condominium" at the top of the stamps. The commemorative set issued last fall for the fiftieth anniversary of the Condominium is now available from your dealer. This is doubtless one of the most interesting of all British Colonies to collect.

The meeting of the Coaticook Stamp Club last Thursday night was very well attended and the same officers were elected for another term. It is planned to hold a small exhibition in March with exhibits from local collectors. Anyone interested in the exhibition or the Club's activities may obtain details from Mr. George Sarrasin of Coaticook.

Successful Party Held By Asbestos Evening Group

ASBESTOS — A social evening was held in the United Church hall when bridge, 500 and cribbage were played. Following the games, a table of home made pastries were offered for sale.

Mrs. H. K. Conn, president of the Evening Auxiliary thanked everyone for their patronage. Mrs. L. T. Dean presented the Bridge prizes to ladies' first, Mrs. F. J. Hobbs; consolation, Miss M. Eamer; gentlemen's first, Mr. Thorsten Stig; second, Mr. Barron, and consolation, Mr. J. H. Olivier.

Prizes in 500 were won by Mrs. L. Reakes, 1st for ladies; gentlemen's first, Mr. W. Reakes; consolation, Mrs. P. A. Filteau. Cribbage, Mr. A. D. Smith and the door prize, Mrs. E. Stig.

Refreshments were served at a very attractive buffet table centred with green and yellow tapers.

General Notes

Mr. Joe Janvan, of the Hungarian Relief Committee, has a young couple staying with him and Mrs. Janvan, on Webb Avenue. Mr. Janvan asks that anyone having housework that Mrs. Kovacs can do, to please call him. Both Mr. and Mrs. Kovacs are anxious for odd jobs to tide them over until such time as they are settled.

Mrs. Leonard Castonguay, St. Jacques Street, entertained the Overseas Club at her home and after a very pleasant evening, refreshments were served by the hosts.

Farm Forum Activities

HIGH AND LOW FOREST

Mr. W. J. S. Hodgman, of Birchton, past provincial president, was a welcome visitor at the meeting held at the home of Mr. and Mrs. Wendell Ward with 28 present.

The broadcast was listened to but it being 4th night there was no discussion.

The secretary read the Greenleaf also a letter from Mr. Alex Sim of the Department of Citizenship and Immigration extending belated birthday greetings to Miss Ida Mackay, who recently celebrated her 89th birthday. Mr. Sim started the first Forum in this area and also gave the name "Greenleaf" to the Provincial secretary's weekly newsletter.

Mrs. Verne Wilson gave a report of the Farm Radio Forum conference held in Gananoque, also the boat trip through the Thousand Islands which she had enjoyed. She was thanked by Mr. Hodgman, who also spoke a few words of interest to all.

Cards and crokinole were enjoyed and lunch served. The next meeting will be at Harry French on February 4th.

IVES HILL AND DRAPER'S CORNER

The fourth night Forum was an enjoyable event at the Pomeroy Cabin in Compton. The evening being fine, every member and family was represented besides 2 guests, Mrs. R. Gilpin-Brown, of Compton and Miss H. Bishop, of Coaticook.

The broadcast summing up the month's broadcasts on Parity was most helpful.

R. Nichols assistant secretary, read the minutes, Albert Cairns was chairman for the evening.

By request from some outside rate payers, a short discussion on the suggested \$35,000 extension on Waterville school was held. Many thought their taxes at present were more than the average farmer should be demanded to pay.

Cards were played at three tables before lunch was served by Mrs. Pomeroy.

The next meeting will be held at the Nichol home.

Women's Institute Holds Meeting At East Clifton

EAST CLIFTON — The Women's Institute held its monthly meeting at the home of Mrs. Carl Dillon with Mrs. Graydon Montgomery as joint hostess, when dinner was served to eight members and several visitors.

The session was presided over by the 1st vice-president, Mrs. Jas. Bellam and the minutes were read by the secretary-treasurer, Mrs. Jas. Parkinson.

Correspondence consisted of letters of thanks from those who had been remembered at Christmas and donations received.

It was decided to hold the paper drive in the spring and to make a quilt to augment the funds.

Agriculture convener stated she had ordered seeds for the school fair. Home Economics had on display donations from Simpsons-Sears and the Celanese Co., which will be made up for the county project.

Welfare and Health asked for more old cottons for cancer dressing. Citizenship convener gave a reading on "How a new comer can become a Canadian Citizen." Sunshine convener gave a report of the Christmas cheer and greetings sent out.

The Publicity convener, Mrs. Parkinson read a paper on "A Member's Duty," and opened the question box, which brought out many discussions and thoughts to be considered. In closing, Mrs. Parkinson gave a reading "For People Will Talk You Know" and a recitation "Thyself."

IRON HILL —

The annual meeting of Holy Trinity Church took place at the home of Mr. and Mrs. Selwyn Mason with Archdeacon Lidstone of Granby presiding. All officers were re-elected with the exception of the People's Warden, Gordon Swift, replacing Selwyn Mason. Following the business meeting, lunch was served by the hosts assisted by other ladies of the Guild.

Mr. and Mrs. F. Sanborn were in Montreal to accompany their small son Eric, home from Royal Victoria Hospital.

Miss Grenier and Miss Provost of Sherbrooke, spent a few days at the home of Mr. and Mrs. P. Howard.

Safety in the automobile is optional at no extra cost. No mechanical safety device can replace the protection of careful driving.

Last year, traffic accidents claimed the lives of more Canadians than ever before. Someone was injured every 8 minutes. A car was damaged every 48 seconds. Automobile insurance claims rose to more than one hundred million dollars.

One result of this is higher automobile insurance rates — because what is paid out in claims must be brought in by premiums. But even more important is the fact that you hold your life, and the lives of others, in your hands when you get behind the wheel of a car.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.

ENGLISH GHOSTS GO MODERN

With its ancient manors and foggy streets England has always been a HAPPY HAUNTING ground for ghosts.

Today an R.A.F. Canteen stands on the site of a ruined abbey; BBC studios have replaced a haunted house; Scotland Yard trains recruits in an ancient chateau — BUT the ghosts are still there! In fact one has even taken over a subway.

Sherbrooke Anticipates \$1,389 Surplus In Coming Year

Budget Revenues To Surpass \$7,000,000

With estimated revenues reaching an all-time record high of \$7,030,604.11, the City of Sherbrooke plans to operate during the current year with a surplus of \$1,389.07 according to the 1957 budget adopted at last evening's session of the City Council.

The estimated revenues of \$7,030,604.11 compare with an estimate of \$6,508,578.99 contained in the 1956 budget and \$6,555,321.18 revenue anticipated on the basis of incomplete returns for the past year.

With expenditures placed at \$7,029,215.04 during 1957 as compared with 1956 budget estimates of \$6,637,664.95 and actual expenditures of \$6,788,273.46 last year, the surplus this year compares with a deficit of \$129,085.96 budgeted for in 1956 and an actual deficit amounting to \$232,952.39.

The anticipated revenues and expenditures for 1957 for the various departments are estimated as follows:

	Revenue	Expenditure	Surplus or Deficit
Electricity	\$2,454,750.00	\$1,631,201.08	\$823,548.92
Gas	241,725.00	291,596.42	49,873.42 (-)
Brompton Project	36,145.00	36,145.00	-
Total: Gas and elec.	2,732,620.00	1,958,942.50	773,677.50
Waterworks	424,362.50	290,696.25	133,666.25 (1)
Total: Utilities	3,156,982.50	2,249,640.75	907,341.75
General section	2,684,121.61	3,570,074.29	905,952.68 (-)
School taxes	1,189,500.00	1,189,500.00	-
Total	7,030,604.11	7,029,215.04	1,389.07

(-) Deficit.

In 1956, the public utilities accumulated a surplus of \$849,843.75, which fell short of meeting the deficit of \$978,329.71 registered in the general sections by some \$129,085.86.

For the coming year, the real estate tax is expected to produce \$890,000, or slightly less than the estimated profits of \$907,341.75 on the public utilities services, while in 1956 the realty tax revenues amounted to \$832,101.72, still below the profit of \$849,843.75 reported by the utilities services.

Ald. Fortin noted that during its study of the budget, the Council had to consider the economic situation of the Province, especially the restrictions on credit which necessarily produced a drop in sales and consequently a drop in the revenue from sales tax.

Further he said a light increase in revenue was expected because of new laws by both the governments. Construction will probably increase the demands for municipal services in 1957. This will absorb that part of the revenue that could be used for works, such as improvements and decorations, which although not essential, are useful to the community.

Ald. Fortin defined the budget as a resume of ordinary expenses and the payments of obligations which the Council hopes to make during the coming year with the revenues it will receive.

Expenses are divided into three parts: 1—the payment of an annual installment on the debt which are fixed and come under the head of "Debt Service"; 2—essential services to be furnished or operational expenses; 3—capitalization of certain items charged to revenue which should not be part of a loan by-law because of the small amount involved or the nature of the expenditure.

He listed the expenditures under

der the various classifications for 1957, with comparable figures for 1956 in brackets as follows:

Municipal services — \$2,545,526.64 (\$2,465,842).
Debt service — \$1,044,647.65 (\$1,014,406.70).
School purposes — \$1,189,500 (\$1,112,800).
Utilities — \$2,249,640.75 (\$2,044,516.25).

He pointed out that the school tax appears in the budget for accounting purposes only as the City merely collects and remits the taxes levied by the school commissions.

When the utilities operations are removed from the municipal accounts, he continued, the actual expenditures for civic operation and debt services are \$3,590,074.28, Ald. Fortin continues.

Breaking down the expenditures by departments, he gave the following figures:

General Administration Expenditures for 1957 will be \$415,475.64 compared to \$370,490 for 1956. Salaries jump from \$77,000 to \$90,700 because of the annual reclassification. City Hall Maintenance increased from \$2,000 to \$6,000. This includes the painting of the outside of the building. Contributions to the Pension Fund increased from \$13,200 to \$23,500. The City pays \$30 a month to employees who worked for the City for more than 20 years but retired for serious reasons before the Pension Fund was established. This represented a sum of \$17,160.

Grants to various groups are \$60,025, an increase of \$175 over last year.

No budgetary provision is made for the renovation, maintenance and heating of the old post office as the citizens will be called upon to decide whether the municipal library will be maintained by voluntary donations or from the civic treasury.

Industrial Relations. Town Planning and Transport — Expenditure is estimated at \$31,650, a jump of \$2,150, including \$16,000 for the town planning project. Action on naming an industrial commission was deferred pending a decision on the future of the electric system.

Protection, police, fire, street lighting and parking — Total expenditure for 1957, \$898,754 compared with \$862,235 in 1956. By services the cost are, with 1956 in brackets: fire \$368,638 (\$345,900), police, \$430,105 (\$412,555), lighting, \$80,000 (\$80,000) and parking meters, \$20,000 (\$22,800).

In the fire department, \$18,000 is for additional personnel required by the growth of the city. The strength of 77 men is still below that recommended by the Underwriters. Over \$18,000 is set aside for improvements to buildings and equipment.

An additional radio patrol car will be purchased for the police department and five cars and a motorcycle exchanged. As the patrol cars average 60,000 miles a year, it is deemed more economical to exchange them each year.

Hygiene and Garbage Disposal. Budget calculations for 1955 were \$346,000, for 1956, \$325,140 and for 1957 will be \$323,275. This service includes street cleaning.

Ald. Fortin said the expenses of this department decreased despite the increase of the area served. The re-organization of the garbage disposal service has already resulted in a \$45,000 economy. The tax of \$10 a year for garbage removal gives the City about \$135,000, insufficient to meet the expense of \$172,600 for this service.

In this department, \$35,500 Continued on Page 5

Shawinigan Acquires Southern Canada Control

Share Swap Offered Minor Stockholders

MONTREAL — (C) — Shawinigan Water and Power Co. and Power Corporation of Canada, Ltd., announced Monday that agreement has been reached on terms of an offer by Shawinigan to acquire Power Corporation's holdings of 199,575 shares — 49.9 per cent interest — in common stock of Southern Canada Power Co., Ltd., on a share-exchange basis.

The announcement, by President J. A. Fuller of Shawinigan and Board Chairman J. B. Wood-yatt of Power Corporation, said the same exchange offer will be extended shortly to all other Southern Canada common shareholders. The preferred shareholders of Southern Canada will not be affected.

For some years Shawinigan has held a 21-per cent stock interest in Southern Canada. Addition of Power Corporation's holdings will result in ownership by Shawinigan of 70 per cent of Southern Canada's common shares.

The offer is on the basis of one new class A, no par value, common share of Shawinigan for each 1 3/5 common shares of Southern Canada. This is at the rate of five class A Shawinigan shares for eight Southern Canada common.

The class A shares will rank equally in all respects with other Shawinigan common shares except they will carry a cumulative preferential dividend of \$4 a share, or such higher dividend as may be paid on Shawinigan common shares, for seven years to Feb. 15, 1964. Thereafter the preferential dividend will cease; the dividend applicable will be that in effect on Shawinigan common.

Based on the current Southern Canada dividend of \$2.50 per share per annum and on the 5-for-8 exchange ratio, Southern Canada shareholders will therefore receive dividends from Shawinigan Class "A" shares equivalent in amount to the dividends formerly received on their Southern Canada holdings. Conversely, Shawinigan's dividend income from the Southern Canada common shares so acquired will be equivalent in amount to the dividends Shawinigan will be required to pay on the Class "A" shares issued for the purpose of the acquisition.

The offer is subject to the approval of the Provincial Electricity Board and of the holders of the common shares of Shawinigan who, at a special general meeting to be held on Feb. 21, will consider a by-law creating the new Class "A" shares prior to an application by the company for supplementary letters patent.

The announcement stated that the directors of Southern Canada at a meeting held on Feb. 4 had decided to recommend acceptance of Shawinigan's offer by the other Southern Canada shareholders. It is believed that the closer relationship will be of benefit to the territories served by both companies.

The two utilities serve territories which are contiguous over a distance of several hundred miles and while Southern Canada is to continue as a separate entity under its present management, it is expected that the closer co-ordination made possible in the operation of the two large interconnected systems will be beneficial.

Moreover, it is recalled that Shawinigan supplies a large and constantly increasing percentage of Southern Canada's total power requirements, approximately 80 per cent of the total last year. The proposed affiliation will enable more effective planning by both companies to meet the growing demand for power on the Southern Canada system.

Southern Canada will increase the number of its directors for 12 to 15, and the three additional directors will be nominees of The Shawinigan Water and Power Company. Shawinigan will increase the number of its directors to include a nominee of Power Corporation of Canada, who will be chairman Wood-yatt.

SEAKS TONIGHT — J. Stuart Richardson, Public Relations Officer of the Northern Electric Company of Montreal, will be the guest speaker tonight at the meeting of the Sherbrooke Rotary Club. His subject will be "Operation Crossroads". Active in community affairs, Mr. Richardson is a director of the Canadian Paraplegic Association and is chairman of the education week committee of the Province of Quebec. He is also on the Public Relations Committee of C. E. M. A. and C. M. A.

Mayor, Aldermen Are Installed At Lennoxville

The installation of the newly-elected mayor, Ernest Gilbey, and two new aldermen, Norman Welsh and Dominique Duval, and the appointment of committees for the coming year highlighted the regular session of the Lennoxville Town Council last evening.

Following the swearing in ceremony conducted by Secretary Treasurer D. A. Bellam, the following slate of committees was approved:

Finance: Ald. E. A. Lunderville, chairman, Ald. Raycraft and Welsh.
Roads: Ald. A. Raycraft, chairman, Ald. St. Marie and Welsh.
Water: Ald. J. A. St. Marie, chairman, Ald. Raycraft and Lunderville.
Light: Ald. D. Duval, chairman, Ald. Dougherty and St. Marie.
Fire and Police: Ald. C. W. Dougherty, chairman, Ald. Lunderville and Welsh.
Town Hall and Relief: Ald. N. Welsh, chairman, Ald. Dougherty and Duval.
Building: Ald. Dougherty, chairman, Ald. St. Marie and Duval.
Industries: Ald. Raycraft, chairman, Ald. Lunderville and Duval.

Mayor Gilbey in his inaugural address urged that a real effort should be made to keep the municipal expenditures within the budget during the coming year.

Since the Laramee bus service has not fulfilled its contract agreement with the Council it was decided to acquit the Provincial Transportation Commission with the facts of the case. The protest refers particularly to the discontinuance of the East Sherbrooke bus run and the acute overcrowding of the morning school bus.

Approval was given by the Council for the Southern Cam-

Drapeau Trial Underway

Romeo Drapeau, 34-year-old Sherbrooke accountant, went on trial this morning on a charge of murder arising from the slaying of his wife and four young children in their East Sherbrooke home last February 13.

Drapeau, accompanied by his attorney, Maurice Delorme, Q.C., appeared at the opening of the Court of Queen's Bench this morning attired in a grey suit and a striped tie and appears to have gained considerable weight during his confinement at Bordeaux Jail where he had been held since the time of the slayings.

He is charged specifically with the murder of his pregnant wife. The greater part of this morning's session of the criminal assizes, presided over by Mr. Justice Gaston Desmarais, was taken up with the selection of the jury and the introduction of certain formal preliminary evidence. The picking of the jury required barely 15 minutes.

Roland Dugre, Q.C., is conducting the prosecution case.

Mrs. Drapeau and her four children were slain at their Seventh Ave. home on the morning of Monday, Feb. 13, 1956, while she was preparing the older children for school.

According to a police statement at the time, an attempt was later made to set fire to the house. Drapeau was driven to Magog by a taxi-driver and later went to Waterloo where he gave himself up to the parish priest.

Arbitration Asked

MONTREAL — (CP) — The National Syndicate of Municipal Employees (CCLE), representing the city's 3,000 "white collar" workers, Monday asked a permanent arbitration board to hear its case for higher wages and a shorter work week.

The syndicate described as "ridiculous and even insulting" the city's counter-proposal which rejected union demands.

Civic Centre Essential For Youth, Mayor Claims

Mayor Armand Nadeau, speaking before the weekly meeting of the Optimist Club last night, called for a municipal civic centre to be launched by a non-partisan group, which would make no distinction of race or creed.

Such a project in Sherbrooke is of capital importance, declared the mayor, because the youth of today needs something in the form of healthy diversion.

Turning back to 1949, when as Centre Ward alderman, he brought a civic centre project before the council and eventually before the people in the form of a referendum, Mayor Nadeau said that if all Sherbrooke citizens had been consulted on the project it would have been realized.

He said the project at that time would have been financed by a one-per-cent sales tax, which everyone would have had to pay. But only proprietors were consulted on the matter. The mayor said this was a major error committed by the council at that time.

"If that project had been realized," stated the mayor, "the centre would have been paid for by now."

Children today need diversion which was not needed 20 years ago because they have more energy and ambition which has to be released somehow. The mayor said if a civic centre was built it would solve a very great problem in Sherbrooke.

Speaking of what the city had spent on youth in 1956, Mayor Nadeau said a total of \$175,000 was used to give recreational facilities in the form of skating rinks, playgrounds, parks, beaches and by various organizations devoted to youth.

The Mayor congratulated the Optimist Club on the work which it had accomplished in the city and said it was the leading ser-

vice club in their field.

"This club has led the way and has shown that there is great work to be done," he declared.

The speaker was introduced by Henry Crochetiere and thanked Continued on Page 5

Quebec And National Unity

Prime Minister St. Laurent made a stirring appeal for national unity Saturday night. The occasion was the celebration of his 75th birthday which took place in Quebec City.

The fact that representatives of all ten provinces of Canada attended the banquet at which the Prime Minister made his plea would seem to indicate that some degree of national unity is already well established in Canada. That the birthday celebration was also a monster Liberal rally which drew party stalwarts and elected representatives from all provinces to hear their leader is of secondary importance.

At the same time, the Prime Minister undertook to give some advice to his native province of Quebec. He said, in part, "It is perhaps time that we, in Quebec, stopped wondering with too much anxiety about our future. It will be what we ourselves make of it by our work, our perseverance, our confidence that there is a place for us in the Canadian nation."

There can be no difference of opinion with Mr. St. Laurent that the future of this province will depend largely on what the people of Quebec want to make of it. But it will come as a surprise to many to learn that there is any doubt that Quebec has a place in the Canadian nation. Most people, in Quebec and in all the other provinces, have long since come to take it for granted that Quebec, one of the four original provinces of Confederation and with a history and culture going back hundreds of years, had firmly established its position.

Quebec must be careful, of course,

not to cut itself off from the stream of progress and the rest of Canada in its efforts to safeguard its culture and its historic constitutional rights. Undoubtedly there are some who misguidedly interpret actions of the government at Ottawa as acts of treason and threats to French Canadian culture and religion, as the Prime Minister has said. But these people are a minority.

What does concern many people in Quebec, and in other parts of Canada as well, is the trend toward centralization of power at Ottawa which has been fostered under Liberal administration for more than 20 years. When those who oppose the ever-growing, monopolistic and bureaucratic powers of the Ottawa government speak up in defence of provincial rights, they are not necessarily trying to erect a wall around their province to insulate it from outside influence. They are expressing genuine concern at a trend which poses a serious threat to Confederation.

This is the other side of the question of national unity. That sense of unity, and the understanding which has made it possible, is probably greater today than ever before. And Mr. St. Laurent has done a great deal to promote good will among the provinces. But national unity must be more than a pre-election slogan. It must be a vital working partnership of 10 provincial administrations with the central administration, each respecting the rights of the others and not trying to infringe on those rights.

Mollett Holds On

Socialist Premier Guy Mollett has passed a noteworthy landmark in his political career. His government has survived one year in office, and appears to be in sufficiently good shape to survive for some time longer.

This is an achievement in France where there have been 21 governments since the liberation. Only one other has lasted more than 12 months. That was the government of Henri Queuille which stayed in office nearly 13 months. It fell Oct. 6, 1949.

Mollett was voted into office on Feb. 1, 1956. All he has to do to set a postwar record is to stay in power until the end of this month. One of the main reasons for support of Mollett's government is his Algerian policy. He was given rough treatment by the French settlers when he visited Algeria shortly after election to office, and he returned to France convinced that the policy of negotiating immedi-

ately with the insurgents would result in open revolt against Paris by the French in Algeria.

As a result, he has adopted the policy of crushing the insurgent Algerian nationalists first and then introducing political reforms to give the Moslems equal political rights with the Europeans.

In his latest test of strength on another issue that could well break him if mishandled, Mollett won approval "in principle" for French participation in the tariff-free trading area of six Western European nations. France may yet reject participation, but in negotiating with opponents of the move, Mollett has shown great political skill.

He will need all his political skill to keep a majority of the multi-party French National Assembly on his side in the year ahead.

This And That

Fabulously wealthy King Saud of Saudi Arabia distributed about \$50,000 in tips and gifts to the crew of the ship bringing him to the United States. He should be forced to join the tippers' union. The scornful looks we have been putting up with from waiters for years were bad enough before this.

A prominent educationist says that about one in 20 Canadian children

has special mental gifts. Then he goes on to say that many parents don't realize the exceptional potentialities of their children.

We have found just the opposite to be true. Most parents of our acquaintance are only too anxious to relate how smart their children are—and just as we were going to tell them of our budding Einstein's latest bright saying.

PART SCORE ALTERS BID
If you want to get the most out of your part scores you must vary your bidding methods substantially. The next few articles will illustrate these variations.

East held 13 points and a balanced hand opposite his partner's spade opening. With the 60 part score, he responded with merely one no-trump instead of the two no-trump he would have bid with no score.

These are correct tactics. You will miss an occasional slam with this bid, but just look what East picked up this time.

South happened to be a gallant defender. As he did not like the idea of letting East make game at one no-trump, he put his neck in the wringer with a two diamond bid.

West passed. He felt East would know what to do and East did. He doubled.

West opened the ten of diamonds. It is usually good practice to lead trumps any time your partner has doubled a low con-

Prisoner Exchange Big Job

A Canadian Soldier Looks At Gaza

By JACK BRAYLEY

Gaza, No Man's Land—Pte. Don McIntosh leaned on the wheel of his big lorry, pushed back his blue and white United Nations helmet, surveyed the sand and scrub and declared:

"I can't figure why in heck they're fighting over it."

He was looking out over the bleak and desolate panorama of the Gaza strip, waiting for noon and the start of a prisoner-of-war exchange.

In the distance, beyond a roadblock, was a hillside encampment where the Israeli flag rippled in a sharp breeze. Under it, in little dejected knots, squatted the Egyptian prisoners, marshalled by a buxom Israeli provost.

She was the first military policewoman from Hamilton McIntosh had seen. Grinning, he said it might help reduce defaulters if policewomen were introduced in the Canadian Army.

Off to one side, hatless, quiet and seemingly embarrassed, stood two Egyptian colonels. At the road block an Israeli officer with an English accent and wearing British campaign ribbons handed a muster role of the prisoners to Maj. Don Morgan of Vancouver.

The long line of Canadian lorries wheeled into position, nosing into Israeli-held territory to make their turns while Yugoslav armed guards directed the Canadian drivers.

"The only tough part about this deal is we drive all day with the Yugoslavs and can't talk to them because neither of us speaks the other's language," said Pte. Charles Younger of Toronto. He gave his Slavic friend a good-natured dig in the ribs and got a wide grin.

At a safe distance in the scrub stood curious goat-herders, fine featured and looking like Biblical figures in their flowing robes.

Where the UNEF officials, International Red Cross and Israeli officers met, the conversation was stilted and formal—the UNEF wanting to appear properly neutral; the Is-

raelis seeking to be correct and the Egyptian colonels looking as though they just wanted to get it over with.

Then the Israeli major smiled and asked if anybody would like coffee and cakes. The hefty woman provost relaxed. She handed this writer a glass of coffee and a selection of pastry which, when fresh a few days before, would surely have competed with anything in the best bake shop at home.

After the K-rations of this hard-living border area, they hit the spot. The coffee even warmed the Egyptian colonels and one—also with a British accent—pleasantly offered the writer a cigarette.

Then the exchange started. It was a one-sided affair, only four Israelis—three from a 1955 skirmish and one air force pilot from the recent invasion—being handed over by the Egyptians, who received in turn more than 5,000 Egyptians.

The skilled service corps drivers in their big six-wheelers are delivering the Egyptian prisoners at their military authorities at the rate of 500 a day.

The Canadian drivers, based at El Arish, 40 miles west of the exchange site, had a good look at the scorched earth policy of the withdrawing Israelis as the trucks proceeded to the frontier rendez-vous.

Every vestige of any military installation was erased, the road gouged, communication lines cut, rail lines twisted, abandoned Egyptian tanks and transport blown up and air strips pock-marked. No civilian property appeared to be damaged.

The POW exchange is possibly the most spectacular role of the Canadian service corps, the unsung workhouse of the UNEF effort.

At the big UNEF base at Abu Suweir, there are other problems too, involving allies with

completely different customs. They have been solved with typical Canadian logic and enterprise.

For instance, the Indians look

upon the cow as sacred and this rules out beef. So mutton had to be provided in a hurry and on the hoof.

While an Indian butcher and chef were rounded up, a Canadian service corps unit grabbed the only transport it could find—taxis—and moved a block of sheep and goats to the Indian kitchen in time for dinner.

...and seven years ago she was an "ugly duckling"!

Look at her now... smiling, self-assured, the centre of attraction. It wasn't always that way; as a child she had uneven teeth, and was self-conscious about it.

Knowing that she'd need long and expert dental care, her father saved for it through a special account at the "Royal". And when the time came, he had the money to pay for treatment that helped transform a shy little girl into a radiant young woman.

The need for ready cash, often substantial sums, may come unexpectedly. That's why it's wise to form the habit of saving a fixed amount every month through a savings account at the "Royal". After all—There's nothing quite like money in the bank.

Record Set For New Insurance By London Life

The London Life Insurance Company's new insurance in 1956 reached the total of \$513 million, which is 16 per cent higher than the corresponding amount for 1955. This was the first year in which life insurance company's issued business in Canada exceeded the half-billion dollar mark. These and other statements indicative of a year of all-round progress were presented at the Company's annual meeting January 31 by Joseph Jeffery, president, and Robert H. Reid, executive vice-president and managing director.

The total amount of insurance now owned by Canadians in this company exceeds \$3½ billion, not including annuities or business reinsured with other companies. Of this amount, over \$2½ billion, or nearly 70 per cent, is on Ordinary plans of insurance. The life insurance in force has virtually tripled in the last ten years.

The payments in respect of death claims, matured endowments, policy dividends, and surrender values, together with amounts set aside for future policy payments, totalled more than \$74 million.

Total assets now exceed \$568 million, with first mortgages representing nearly \$350 million. During 1956, new mortgages arranged exceeded \$79 million, bringing the number of mortgages on the Company's books to over 46,000.

The Sickness and Accident Branch showed a substantial increase. Benefit payments under these policies approached \$8½ million, for a new high mark, with a total of over 180,000 separate payments during the year.

The Company at its annual meeting announced an increase in the dividend scale applying to all participating policies. Policyholders' dividend payments for 1957 will exceed \$13 million, of which the introduction of the new scale alone accounts for more than \$1½ million.

Missing Since Saturday — Beryl Williams, above, 15, daughter of Mrs. Elaine Williams, of 633 London St., and a girl friend have been missing from Sherbrooke since last Saturday night. The teen-ager and her companion were last known baby-sitting for Mr. and Mrs. David Turnbull, 633 London St. Saturday night. Beryl weighs 114 pounds, is 5' 4", has blue eyes and medium blonde hair. She was last wearing black jeans with gray plaid trim, a blue orlon sweater, a long charcoal gray overcoat, and a colored kerchief. Her companion, 16, is blonde, 5' 7" has blue eyes, and weighs 120 pounds. She was last wearing slacks and a gray tweed coat. Both girls left the Turnbull's apartment Saturday night, and took a taxi to Magog, where they were left at the corner of Main Street. A Magog policeman has reported seeing two girls answering the missing youngsters' description, 3 a.m. Saturday morning leaving the Royal Cafe in Magog, and police there are still searching. A later report from Bromptonville places two teen-agers answering the same description in a Bromptonville hotel Sunday night.

Collections At Revenue Office Show Increase

Following a decline in December, collections at the local office of the Customs and Excise Division of the Department of National Revenue rose by \$47,214.55 during January, 1957, as compared with the same month last year, to bring the cumulative increase for the first ten months of the fiscal year to \$194,982.77.

The total collections for the past month, according to figures released by L. W. Greenland, collector in charge of the local port, were \$299,284.54 as compared with \$252,069.99 in January 1956.

Customs import duties rose from \$84,689.51 last year to \$79,809.94 in January 1957, with excise taxes, principally the sales tax, producing \$219,296.37 in 1957, up sharply from the figure of \$187,100.42 for the corresponding month of 1956.

Excise duties slumped from \$173.26 to \$61.83 but sundry collections rose from \$106.80 to \$117.35.

The total revenues for the first ten months of the 1956-57 fiscal year amounted to \$2,977,967 and for the same period of 1955-56 they were \$2,782,984.23.

England Just Another Colony?

OTTAWA — British parliamentarian Sir Alan P. Herbert Monday told a Canadian Club audience that England has become "a United States colony."

Speaking in semi-humorous vein, he said: "We have their soldiers stationed in our country; we have their instruction on our foreign policy, and their financing and economy. If that isn't colonialism then what bloody well is?"

Haiti Government

PORT AU PRINCE, Haiti — Six of Haiti's seven presidential candidates met Monday with army leaders and decided to set up an interim revolutionary government until a presidential election is held. No election date has been set.

The group demanded that street demonstrations stop and moved to cancel a general strike that paralyzed air transport and closed stores and other businesses.

\$25,000 Pension

WASHINGTON (AP) — The Senate Monday passed and sent to the House of Representatives a bill to pay former presidents \$25,000 a year for life. Identical legislation died in the House last year after having received Senate approval.

BUDGET

Continued from Page 3.

will be included in the budget for the purchase of another garbage truck and for two sweeping machines to clean the streets.

Public Works - Expenditures will amount to \$410,470 compared to \$357,465 for 1956. A sum of \$72,000 was budgeted for the renewal and purchase of equipment. An estimated \$45,000 will be paid for sand, ashes and salt and \$48,000 for the removal of snow during 1957.

Health Conservation — This service is now run by the Health Unit of the Provincial Ministry and the City's contribution is \$17,700.

Public Welfare — 1956 expenditure was \$149,500 but will decrease in 1957 to 127,000 following a change in Provincial legislation.

Parks and Recreation — An amount equal to last year is set aside, that is \$207,650. The City will be unable to open any new parks and any demands by the ratepayers will force the Council to look for additional revenues.

Market and Public Scales — An increase of \$9,700 to \$14,100 is foreseen as a result of increased staff. Since capital expenditures from the market revenue will not be necessary in 1957, the expenses of the department decrease from \$59,525 in 1956 to \$30,690 for 1957.

Debt Service — A fixed charge of \$1,044,547.65 is foreseen for 1957 compared to \$1,014,406.70 for 1956. In this sum of \$1,044,547.65, the amount of \$914,056.86 is for the debenture debt and \$130,490.79 for the interest on temporary loans and other contracts where payments are due.

Debt service probably will slightly increase from now to 1960, unless the City maintains its capital expenditures to a strict minimum, owing to the city's expansion and higher interest rates.

Public Utilities — Expenditures for municipal services are \$3,570,074.25 against a revenue of \$2,664,121.61 received from realty tax, licenses, permits, sales tax etc. This brings a deficit of \$905,952.63. This deficit would require a realty tax of about 10 additional mills to that paid now, if the public utilities service did not contribute its surplus to pay the difference.

For 1957, the gross revenue of the Electricity Service is calculated at \$2,454,750 against an expense of \$1,379,627. The net operational profit before payment of interest and redemption of bonds is \$1,075,123. Deducting \$74,724.08 for interest on bonds and \$156,850 for redemption of bonds a net surplus of \$823,548.92 results.

The sale of electric power was estimated at \$2,454,750 compared to \$2,194,100. The City expects to buy power from the Shawinigan Water and Power Company to the sum of \$732,175 in 1957, an increase of \$144,000 over 1956.

The Brompton project includes an annual charge of at least \$36,145 for payments of water rights to the government, realty tax and the debt service. There is no revenue to meet these expenses. The funds collected from the dam and the plant, \$100,000 up to June, 1956, as well as the sale of land, will rapidly be drained. This property will then become an extra burden to the City.

The Council decided not to renew the lease on the property rented by the Richmond Pulp and Paper Company which expired June 5, 1956.

Gas Service — A profit of \$23,725 is realized in this operation but the annual payments on interest and on capital is \$73,508.42, the deficit being covered by the Electricity Department. Within 10 to 15 years however, the City will gain a profit from this service.

Water Service — The gross revenue is expected to reach \$424,362.50 for 1957 compared to \$396,640 for 1956. Operating costs which in 1956 were \$151,145 are reduced to \$141,077 in 1957. Debt service for the water works jumps from \$126,941.25 to \$149,618.75 because of the expansion of the pipe system and the construction of a new reservoir in the North Ward. The 1957 net profit will be \$133,666.25 of which \$126,000 will go to the General Administration fund.

Bruck Mills Ltd. reports a net loss for the fiscal year ended Oct. 31, 1956 of \$25,719 compared with a net profit of \$128,315 a year earlier.

Gunnar Mines Ltd. in a preliminary statement estimates a net profit for the 10 months ended Dec. 31, 1956 of \$208 a share based on present capitalization.

The Shawinigan Water Power Co. Ltd. has declared a quarterly dividend of .50c. Previously .45c was paid quarterly.

The Quebec Power Co. reports a net profit for the year ended Dec. 31, 1956 of \$1,332,376 or \$1.99 a share compared with \$1,153,382 or \$1.72 a share a year earlier. Earnings per share figures are based on present capitalization.

Shawinigan Water and Power Company Ltd. has acquired Power Corporation holdings of 199,575 shares of the common stock of Southern Canada Power Co. Ltd.

N. Slater Company Ltd. reports a net profit for the fiscal year ended Oct. 31, 1956 of \$484,769 or \$3.10 a share compared with \$311,410 or \$1.94 a share a year earlier. Earnings per share figures have been calculated after allowing for preferred dividends.

The Dominion Bureau of Statistics reports that the Government's consumer price index dropped to 120.3 in January 1957 from 120.4 in the previous month. This is the first slight downward movement noted after rises for three consecutive months.

The International Power Co. will trade ex dividend today.

ada Power Co. to install a third high-tension line for Lennoxville coming from Waterville.

Mention was made by Ald. Dougherty of the high standing of the Lennoxville Fire Department which attained the position of 26th in the North American Safety Record Campaign last year.

Prior to the adjournment of Council, Ald. St. Marie was appointed Pro-Mayor for the coming three months.

In addition to the real estate taxes, estimated at \$890,000, other major sources of revenue for the general fund are: Business tax, \$188,000; rental tax, \$243,000; licenses and permits, \$67,000; permanent works, \$115,000; federal grant, \$35,000; sales tax, \$685,000; garbage removal tax, \$150,000.

No provision is made in the budget for salary increases to municipal employees.

Your family doctor is going to school again!

Hundreds of busy family doctors are now committing themselves to many hours of extra study each year so that their skills and knowledge will keep pace with the latest developments in modern medicine.

Already, over 1400 family doctors throughout the country have pledged themselves to such studies by joining the College of General Practice of Canada—formed only two years ago to help practitioners in this postgraduate work.

This College of General Practice, which can do so much for the health of all Canadians, was founded by the Canadian Medical Association and is being aided in its work by substantial grants from the life insurance companies in Canada.

Family doctors treat four out of five patients themselves. But they must also know when a specialist is needed and how best to work with him for the greatest benefit to the patient. In all these activities, they welcome the guidance of the College.

By aiding in this progressive development — by providing fellowships to train research workers—and by giving financial encouragement to new and valuable medical research — the life insurance companies in Canada are actively helping to create a healthier life for all Canadians.

You can't go ALL-OUT
If you feel ALL-IN

These days most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, lowered resistance, overwork, worry—any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest, that "tired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Ask for Dodd's Kidney Pills at any drug counter.

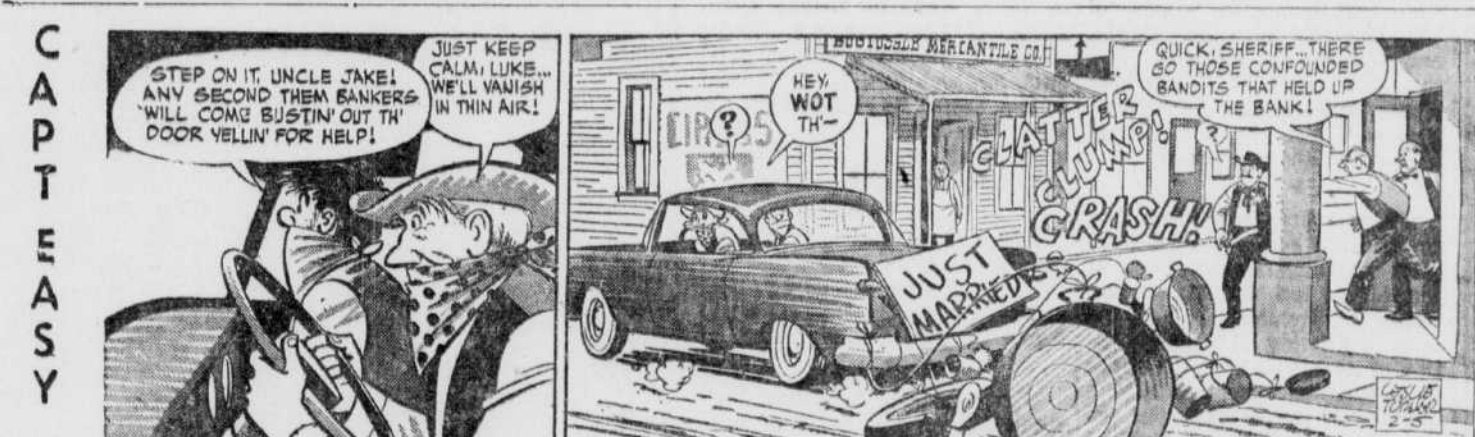

They're Coaching Fun Outa Hockey

Remember the fun you had on the old mill pond—everybody played where he wanted, as long as he wanted!

Today the kids frequently have to rise at 4 a.m. for their turn on the ice and they're rigidly coached to play positions. They learn to get rid of the puck, not keep it.

In this week's issue of the Star Weekly Gordon Campbell, in his controversial article "Give Hockey Back to The Kids" shows why the Russians can beat us at our own national game. Buy your copy of the Star Weekly today.

IN 1956... CANADIANS BOUGHT \$513,000,000 OF LIFE INSURANCE FROM THE LONDON LIFE

... Record Year in Extension of Company's Service to Public

Life Insurance Issued: In 1956, the life insurance purchased from the London Life was, we believe, the highest amount ever bought by Canadians from any company in any one year. The total of \$513,000,000* represents an increase of \$71,000,000 over the 1955 mark. Of the year's new insurance, over \$402,000,000 was on Ordinary plans.

Life Insurance in Force: The Company's life insurance in force increased to \$3,792,000,000*. Well over a million and a quarter Canadians are now insured with the London Life.

Policy Payments: Payments to policyholders, beneficiaries, and annuitants, together with amounts set aside to provide for future policy payments, increased to over \$74,000,000 for the year. Payments to living policyholders, in the form of matured endowments, dividends, and cash surrender values were more than 2½ times the amount paid in death claims.

Assets: Total assets have reached \$568,000,000, of which almost \$350,000,000 is in mortgage loans. In 1956 new mortgages totalling over \$79,000,000 were arranged, principally for the provision of new housing for home owners in Canada. Today more than 46,000 individual mortgage loans are in effect with this Company.

*These amounts do not include annuities or business reinsured with other companies.

POLICY DIVIDENDS INCREASED FOR 1957

London Life participating policyholders, who over the years have benefited from the Company's excellent dividends, will receive further increases in their dividend returns in 1957. The new scale will mean an increase in dividends distributed of more than \$1,500,000, and will bring total payments of dividends in the current year to over \$13,000,000.

Sickness and Accident Insurance: In the Sickness and Accident Branch, benefit payments reached a new high mark of nearly \$8,500,000. Over 180,000 separate payments were made to Sickness and Accident policyholders during the year.

The London Life provides insurance to Canadians through Ordinary, Industrial, and Group Life Insurance plans, Group Sickness and Accident benefits, and Annuities. Income disability benefits on individual policies have been issued continuously since 1918. The Company now has over 80 branch offices across Canada, and a staff of over 1,400 full-time field representatives. With its strong financial position, its record of low cost insurance, and its staff of selected and well trained representatives, the London Life enters its 83rd year fully prepared for further development of its services to the Canadian public.

Elegance, Good Taste, Impeccable Workmanship Feature A.C.C. Spring Collection

MONTREAL. — The national premiere of the spring-summer collection by members of the Association of Canadian Couturiers, seen at the luncheon in the ballroom of the Ritz-Carlton Hotel here today did not bring forth

any novel conversation pieces. The accent was, rather, on elegance, restrained good taste and impeccable workmanship. Wearability, combined with those touches in cut, line and finishing that mark the couturier's

work, seemed uppermost in the Canadian designers' minds. The Canadian fabrics used by the couturiers in their 42 original designs also played a prominent part in the presentation. As in previous collections, all fabrics

used were Canadian-made. Popular with the designers for change-of-season suits and dresses were lightweight wool tweeds in shades of grey with flecks of blue, mauve and white. According to the couturiers,

the big color for spring and summer appears to be blue, in all shades, particularly the deeper tones. Also favored were mauve and purple. Fabrics ranged from frothy chiffons, through satins, summery cottons, linens and flannels to bulky knitted fleeces used in a springweight overcoat. Individual highlights of the show were:

Marie Paule: The president of the couturier association presented a shirtwaist dress in cloud-soft flannel. In daffodil yellow, the dress was cut for an easy fit and featured an unusual shawl-like collar with flap pocket effect.

Raoul-Jean Fouré (Jacques de Montjoye): A magnificent ball gown in black glazed cotton with panels of white lace over the skirt. The sweeping gown was covered with a cloak in nylon organdy.

D'Anjou: A grand ball gown along the swan line that this designer favors. The skirt was made up of layers of plain and permanent-pleated nylon chiffon in white and yellow.

France Davies: Rain ensemble with royal blue poplin coat and hood. Dress in miniature tartan orlon and wool worsted, also used to line the hood. Lining of the coat was brushed knit arnel.

Marie Antoinette: Full-skirted dress in grey tones. Fabric tightly pleated at the hipline and a short bolero was also pleated to fit snugly over the shoulders.

Lore Maria Wiener, of Vancouver: Coats in navy blue shantung, a blend of viscose and nylon. The bodice was simply cut and belted at the waist. The skirt fell free from deep unpressed pleats at the waist.

Bianca Gusmaroli: Short evening gown in nylon organdy, printed in modernistic squares of pale blue and pink. This youthful gown, with flat pyramid front emphasizes fullness towards the back.

Frances Stewart, of Ottawa: Slim evening gown in pale blue with narrow black horizontal stripes. Fitted to the hipline, the skirt then flared to the floor. Bodice decorated with jets across the front and narrow straps over the shoulders.

Olivia, of Hamilton: Suit in silky tweed of acetate and viscose. Jacket came low over the hips over a straight skirt. Bottom of the jacket finished in a cuff effect with a buckle at the front.

Marie France de Paris: Suit in grey tweed, flecked with blue and mauve. Straight skirt with

SHOWN AT PREMIERE: Marie-Paule, president of the Association of Canadian Couturiers, chose cloud-soft wool flannel, by Textile Weavers, for her comfortably-chic shirtwaist dress, left, seen at the national premiere of the Association's Spring collection, in Montreal today. In daffodil yellow, the dress was one of 42 original designs in Canadian fabrics shown. The costume is perfectly completed with a hat by Irene of Montreal. The interesting double-cape effect, at right, is the creation of Jacques Michel for his ensemble in shades of black and natural wool tweed. The longer cape is removable leaving a chic sleeveless sheath with elbow-length cape buttoned at the front. Two-tone tweeds are by Artex Woollens.

fitted jacket coming over the hips. Collar fastened at the jacket side seam and folded over to give the effect of a cape and shawl collar.

Jacques Michel: Ensemble in two colors of tweed—black and natural. Sleeveless sheath in black topped by short cape in natural color buttoned over the front. Under the short cape was a detachable full-length cape in black, lined with natural tweed.

Officers Appointed, Reports Given At East Angus United Church Meeting

EAST ANGUS — The annual meeting of the congregation of Emmanuel United Church was held in the church. Rev. Herbert Hatt opened the meeting with a Scripture reading and prayer.

Mr. J. L. Macdonald was appointed secretary of this meeting.

Rev. H. Hatt gave an account of his ministerial activities during the past year, which included: 12 registrations of birth, 2 marriages, 8 baptisms and 10 burials.

He expressed his pleasure in encountering a spirit of exceptional good-will throughout the congregation, and thanked them for their monetary contributions towards the increased demands, both local and abroad.

Due to the absence of C. Groenwald, D. Ferguson read the report from the committee of stewards. This report showed a satisfactory year with a bank balance. On behalf of the committee, Mr. Ferguson expressed their thanks and appreciation for the efficient manner in which the books and records were kept by Mr. Groenwald.

The missionary and maintenance report was read by W. A. Hall, showing \$788.59 sent to Toronto by the parish. This is an all-time high.

The trustee report was given by R. Cillis, who stated that most items were indirectly recorded in the committee of stewards' report.

Mrs. Chester Damon stated the Woman's Association had an active year, with several projects undertaken and completed.

The Woman's Missionary Society's report, read by Mrs. Frank Dearden, showed several

boxes for overseas relief had been shipped and the required supply work completed.

The Sunday school superintendent gave the total membership as 40, with an average attendance of 32, and receipts of nearly \$200.

The Mission Band report was read by Mrs. H. Hatt, and showed a successful year with an increase over the previous year.

Mrs. H. Hatt also reported the organization of a C.G.I.T. group in November, with 12 members enrolled. Ceramics is being taught, with the assistance of Mrs. W. A. Hall and the Rev. H. Hatt. Interest is very high, with almost 100 per cent of the girls attending.

Reporting on behalf of the nominating committee for the committee of stewards, comprised of D. Ferguson and C. Groenwald, Mr. Ferguson pointed out that four of the committee members had been due to retire at the end of 1956, namely, W. Damon, A. Bellevue, E. Tincaire and B. Le Seilleur. However, Messrs. Damon, Bellevue and Tincaire were willing to carry on for another year.

These three were re-elected, and C. Krom was elected to replace Mr. Le Seilleur. The committee now is comprised of: D. M. Ferguson, C. Groenwald, W. Beattie, F. Forster, R. Cillis, A. Bellevue, C. Bishop, W. Damon, E. Tincaire, M. Labonte, L. Kinnear and C. Krom.

Mr. R. Cillis pointed out that the committee of trustees originally had six members, but that during the past year Mr. C. Cooper had moved away. However, they will carry on with five members — Messrs. Butler, Orr, Planche, Kinnear

and Cillis.

W. A. Hall read a statement covering the St. Thomas and Westbury Cemetery, and, as Mr. Cooper had moved away, he suggested that another be elected to take his place, resulting in M. Sutton being elected. A. Bellevue is secretary-treasurer of the cemetery committee.

E. A. Jeanfave was appointed auditor for the year 1957.

Mr. Hatt thanked the various committees for their fine work and especially the Sunday school superintendent and teachers, and expressed the hope that increased attendance at church, as well as at Sunday school, would be made by the children.

On completion of the business, the Woman's Association served refreshments.

BULWER —

Mrs. William MacElreavy, of Thetford Mines, was a weekend guest of her daughter, Mrs. Alfred Henderson, and Mr. Henderson.

Mr. and Mrs. Kenneth Johnston were guests of Mr. and Mrs. Lloyd Humbert in Sherbrooke.

Miss Dorothy Pinchin, daughter of Mr. and Mrs. George Pinchin, was rushed to the Sherbrooke Hospital, where she underwent an appendectomy. Her friends are pleased that she is improving favorably.

The Fourth Night meeting of the Bulwer Farm Forum was held at the home of Mr. and Mrs. Basil Prescott with a good attendance.

LIBBYTOWN —

Mr. Errol Holmes, of Otterburn Heights, spent the weekend at the home of Mr. and Mrs. B. Holmes.

Mr. Michael Holmes left last week for Florida where he will spend an indefinite time.

Miss Louise Cass spent the

weekend with Miss Jean Curtis in Hatley.

Miss Lois Pope was a recent guest of Miss Shirley Dezan at Ayer's Cliff.

Mr. A. H. Davidson was in Montreal, where he attended a meeting of the Quebec Farm Forum.

The Misses Shirley and Lois Pope were recent weekend guests of their uncle and aunt, Mr. and Mrs. Fritz Pope in Watfloo.

Mr. and Mrs. C. D. Pedersen were visitors of Mr. and Mrs. E. Hyatt in Stanstead.

Magog Aces At Home To Flyers In Important Tilt Tonight; Second Spot At Stake As Teams Hit Home Stretch

Magog Aces and the Brompton-East Angus Flyers square off this evening in a very important tilt in the Massawippi Valley Hockey League in the Textile Town. It is the only game on tap in the O'Donnell circuit.

The Aces will be out to try and retain their hold on second spot in the standing. At present they hold a two-point spurge over the Windsor Paper Makers and a victory this evening would at least ensure them of a tie for second place providing Windsor wins their next two games.

If the Flyers should upset the Aces then the outcome of second position would only be determined in their final game next Sunday when they travel to Waterloo for a Sunday night fixture. The Maroons could move further up the ladder as they have four games left to play.

It looks as though several of the clubs are jockeying around to finish in certain positions but anything could happen if the Maroons continue to win it would change the picture all around. The only certain position at present is the Meteors in first, as they can't be touched.

Richmond Braves could knock the Sherbrooke Beavers out of the final playoff spot as they have three more games to play to one for the Sherbrooke club. The Beavers hold a three-point spread over the Braves and they tangle with Waterloo in their lone tilt next Sunday which will be a must for the local club.

Mickey Mantle Heading Towards \$100,000 Salary Level; Rizzuto Says He's A Steal At \$60,000

By JACK HAND

NEW YORK (AP) — Mickey Mantle is off and running toward the \$100,000 salary level and may wind up the highest paid player in baseball history.

At the age of 25 when most young men are building the first steps of a career the blonde slugger from Commerce, Okla., has just signed a new contract calling for the biggest raise any Yankee ever got in one year.

All concerned figure it isn't good policy to announce that Mickey is getting more than Yogi Berra or that Yogi is getting more than Mickey. But baseball writers have established by various means that Mantle's salary is between \$55,000 and \$60,000, probably \$60,000. Earlier the same system produced a \$58,000 estimate for Berra but now that has been raised a couple of thousand.

Dan Topping, Yankee co-owner, hinted Berra might be making a shade more in a joking reference to Yogi's mythical job as "assistant manager."

"Whatever they both make, they deserve it," said Topping. "Of course Yogi as assistant

manager has to get a little extra."

Mantle earned a boost by leading the American League with 52 homers, a .353 batting average and 130 runs batted in.

His value as a box office draw is recognized by other players, if the opinion of Phil Rizzuto, his former teammate, is any indication. He says Mantle on cold financial value is worth "three times as much."

"No matter what Mickey asked, the Yankees would have had to cough it up," the Scooter said. "He and Ted Williams are the only real drawing cards left in baseball, and I think Mickey ranks second only to Babe Ruth."

Joe DiMaggio dragged down \$100,000 in his heyday and the great Ruth drew \$80,000 when the dollar could buy twice as much as today and when taxes were lower.

"DiMaggio was a fine player," Rizzuto said. "I know, because I played with him just as I have played with Mantle. But he was a drab, unemotional workman. There wasn't much glamor to him."

Miss Guimond's Sudbury Rink Is Only Out-Of-Town Squad To Win In City Of Ottawa Ladies Bospiel

OTTAWA, Ont. — Miss A. Guimond of Sudbury, Ont., was the only out-of-town skip to move into today's third-round play in the City of Ottawa Ladies Bospiel.

The event, which began Monday, ends Thursday.

Her Sudbury bowlers defeated Mrs. C. Wilson of Ottawa 13-9 in their second-round match for the bospiel's top flight Wood Trophy.

In another second-round match Mrs. J. A. Wright of Pointe Claire, Que., lost 9-8 to Mrs. A. M. Grant of Ottawa Glebe.

Mrs. C. N. Taylor of Lachine,

Que., dumped 13-9 by Mrs. H. S. Mussel of Ottawa Rideau in a first-round match for the second flight Dubuc Trophy, defeating Mrs. J. H. Lamke of Ottawa Glebe 11-9.

Mrs. G. Muir of Lachine, Que., defeated Mrs. O. Bride of Ottawa Glebe 11-7 in a first-round Wood meeting.

In other first-round Wood play, Mrs. W. Colquhoun of Valleyfield lost to Mrs. W. S. Gamble of Ottawa 12-4 and Mrs. C. G. McPherson of Valleyfield lost to Mrs. L. A. Devine of Ottawa Rideau 12-9.

Charley Humez's Hopes For Crack At World Middleweight Title Take New Turn Following Win Over McAteer

PARIS (AP) — Charley Humez's hopes for a crack at the world middleweight title were on the rebound today.

The Frenchman, whose 1956

title quest in the United States had to be shelved following two defeats, pounded out a bloody victory over Britisher Pat McAteer here Monday night, scoring a technical knockout in the eighth round of a scheduled 15-rounder.

Humez is the European champion and rated the No. 1 contender for the world title. He now awaits the winner of the April 24 rematch in Chicago between world champion Gene Fullmer and the recently dethroned king, Ray Robinson.

Humez was outpointed by Ralph Tiger Jones and Fullmer in his U.S. invasion last year. McAteer, the British champion, suffered a cut jaw in the fourth round, Humez kept chopping at the jaw and then closed McAteer's left eye with a series of hard rights just before the round ended. Referee Henri Nicole of Switzerland stopped the bout after 1½ minutes of the eighth round.

Hungarian Water Polo Players Return Home

NEW YORK (AP) — Two members of Hungary's Olympic champion water polo team, who sought temporary sanctuary in the United States, have changed their minds and returned home.

They are Gyorgy Karpati, 25, and Laszlo Jeney, 29.

Glover Takes Over In AHL Scoring Race

NEW YORK (AP) — A Sunday night scoring rampage shoved Cleveland's Fred Glover into first place in the American Hockey League's scoring scramble.

The Barons star produced his second three-goal game of the season in Cleveland's 7-0 rout of Springfield. That gave him 35 goals and 39 assists for 74 points.

Last week's leader Paul Larivee of Providence, dropped to a second-place tie with Jimmy Moore of Cleveland at 69 points, one point better than fourth-place Bo Elik, Barons rookie.

A spree by Bronco Horvath gave him a total of eight points for the week, and fifth place with 64 points.

Boy King Wins Miami Race

MIAMI, Fla. — Boy King won his second purse of the Florida season when he annexed \$5,000 Monday at Hialeah Park.

At 46 to 1, the second longest priced horse in a field of 12 three-year-olds took the Fulford purse on the 1 1/16-mile distance.

At Sunshine Park, Jerome Davidson's Monsieur Tiger captured his second straight victory, winning the \$1,300 Casparilla purse by a length over Little Creek.

Boy King paid \$94.30, \$21.40 and \$10.40.

Monsieur Tiger, ridden by Bobby Wall, ran the six furlongs in 1:12 and paid \$10.40 to win.

In other Florida racing news, jockey Walter Blum was suspended 10 days, Feb. 6-15, for fouling riding on Sunningdale in the Bougainville Turf Handicap Saturday. Sunningdale was disqualified from second and placed last by the Hialeah stewards.

Durrelle Fights In Miami Soon

MONCTON, N.B. — Yvon Durrelle, Canadian light-heavyweight from Baie Ste. Anne, N.B., will make his 1957 debut in Miami, Feb. 19, it was announced Monday night by Moncton fight promoter Chris Shaban, who is also Durrelle's manager for out-of-town scrap.

Durrelle's opponent will be fastmoving Clarence Hinnant.

Durrelle and Shaban will leave Moncton Feb. 15 for Miami. The fight is a non-title affair.

Baltimore Signs Two More Players

BALTIMORE (AP) — Veteran right-handed pitcher Sandy Consuegra and Erv Palica have signed 1957 contracts, Baltimore Orioles announced today.

The 36-year-old Consuegra had a 1-1 record with Baltimore last September after being acquired from Havana of the International League.

Palica, starting his third season with the Orioles since being obtained from Brooklyn Dodgers, had a 5-11 mark last season.

Skov Injured, May Miss Game, Breaking Record

CHICAGO (AP) — Centre Glen Skov of Chicago Black Hawks received a severe groin injury Sunday against Toronto Maple Leafs and his string of 422 successive games is in danger.

Boston Bruins Not Fooling In Their Bid To Regain First Place, Hottest Club In NHL; Ted Lindsay Top Scorer

MONTREAL (CP) — Boston Bruins, with a new rookie goalie and without a player among the National Hockey League's top 10 scorers, nevertheless aren't fooling in their bid to regain first place.

Currently the third-place Bruins, who were leading the pack New Year's Day, are the hottest team in the league. With 21 games left this season, they can still make trouble for Detroit Red Wings and Montreal Canadiens.

Since Don Simmons took over the goaltending job, the Bruins have won four of five games. They lost only the rookie's debut. In last week's play they rang up three wins for six points, the only team with a perfect mark.

The tail-end Chicago Black Hawks surprised with the next best performance, two wins, a tie and loss in four starts, collecting five of a possible eight points.

Detroit and Montreal, each with a win, a tie and a loss, are exactly where they were in relative positions a week ago. Detroit leads the league with 65 points; Montreal has 62. The menacing Bruins have 58.

Last week Toronto Maple Leafs played only two games, losing one and tying the other. At that, it was a better job than New York Rangers did. New York lost three games and a chance to regain fourth place. They now have 40 points to the Leafs' 42. Chicago has 31.

In the free-for-all battle for scoring honors, Ted Lindsay of Detroit moved into first place over Montreal's Jean Beliveau. Lindsay collected four assists to take over the lead with 83 points. Beliveau counted one goal and two assists and now has 62 points. Gordie Howe of Detroit, matching Beliveau's output, is only one point back, at 61.

Norm Ullman of Detroit, with a goal and two assists, held to fourth place. He has 47 points. Andy Bathgate of New York broke a fifth-place tie with Maurice Rocket Richard of Montreal by scoring two goals and two assists, leaving him with 45 points. The Rocket, with two goals and no assists, dropped to a seventh-place tie with his 43 points.

Howe still tops the league as goal-scoring with 30. With 40 assists, Lindsay leads in that department.

The leaders: G. A. Pts. Lindsay, Det. 23 40 63 Beliveau, Mtl. 26 36 62 Howe, Det. 30 31 61 Ullman, Det. 13 37 47 Bathgate, N.Y. 19 26 44 Moore, Mtl. 22 21 43 M. Richard, Mtl. 20 23 43 Litzenger, Chi. 20 23 43 H. Richard, Mtl. 13 29 42 Olmstead, Mtl. 13 28 41

NEW YORK (AP) — Joe McCarthy, the manager who led New York Yankees to two heights, without ever playing a game of big league ball, and Samuel (Wahoo Sam) Crawford, one of the great power hitters in the "dead ball" era, were named Sunday to baseball's Hall of Fame.

McCarthy and Crawford were selected by a special 11-man veterans' committee. They will be inducted formally at Cooperstown, N.Y., July 22.

To be selected by the committee, a player must have been in active for 30 years and a manager or umpire must have been in the game for five years.

Crawford finished his 19-year major league career in 1917 and McCarthy retired as Boston manager because of physical exhaustion in 1950.

Baseball fans came to know McCarthy by his "Marse Joe" nickname that dates back to the days when he played and later managed at Louisville in the American Association. In the majors, McCarthy won nine pennants and seven world championships.

His streak of four straight world series victories with the Yankees from 1936 through 1939 wasn't topped until Casey Stengel made it five in a row with the same club, 1949-53.

McCarthy, 69, lives on a farm near Buffalo, N.Y. He retired when poor health made him step out at Boston. He moved to Boston in 1949 after bossing the

Yankees from 1931 to 1946. McCarthy managed Chicago Cubs from 1926 to 1930, winning the pennant in 1929 but losing the world series to Philadelphia.

In 32 years as a manager in the majors and minors, McCarthy's teams finished out of the first division only once, when he was sixth at Louisville in 1922.

Crawford, 76, was born at Wahoo, Neb., and drew his nickname from his home town. He broke in with Cincinnati in 1899 after playing minor league ball the same year. After playing with Cincinnati through 1902, he moved to Detroit where he played until 1917, teaming with the great Ty Cobb in the Tigers' outfield.

Wahoo Sam was the only man ever to lead both majors in home runs although his career total of 96 homers hardly compares with the "lively ball" pace of today. He topped the National League with Cincinnati in 1901 with 16 and led the American League with seven in 1908.

Crawford's lifetime average was .309 for 19 years with a total of 2,964 hits. His lifetime total of 312 triples still is the major league record.

Christ Church Annual Meeting At Sweetsburg

SWEETSBURG — At the annual vestry meeting of Christ Church held in the church parlors, Alfred Forster was chosen as chairman of the Nesbitt Home project, when the campaign for funds commences in the Diocese of Montreal, where it has been suggested that \$18,000 per year be the objective, over a three-year period, for renovating and improving the three-story house known as "Lismore" bequeathed by the former owner, the late Miss Nina M. Nesbitt, of South St., Cowansville, to the Montreal Diocese to be used as a Rest Home for aged Anglicans, either clergy or laity of said Diocese.

Rev. J. O. Peacock presided over the meeting and Mrs. N. M. Ingalls was returned to office as vestry clerk. Mr. Peacock announced the appointment of A. L. Windsor as rector's warden and church treasurer.

Dr. M. C. Mooney was unanimously re-elected as People's Warden with Alfred Forster as deputy warden to act as People's Warden during the temporary absence of Dr. Mooney. Delegates to the Synod were Harry Farr and Major John Sharp; substitutes, Charles Loiselle and Alfred Forster.

In the report of the Sunday School, a marked increase in attendance had been noted during the past year under the able supervision of Mrs. Ernest Scott as superintendent.

The treasurer of the church corporation, A. L. Windsor, reported a balance on hand of \$69.85.

Mrs. W. Austin Lee reviewed the activities of the Parish Guild and Women's Auxiliary and the report of the treasurer, Mrs. N. Ingalls showed a balance of \$176.41. The membership totals 17, fifteen meetings held with an average attendance of ten.

Eugene Hall gave the report of Christ Church Cemetery Fund which has a balance of \$683.50.

E. J. Persons was appointed as delegate to Dunham Ladies' College. Milton Costello was nominated to act as chairman of the Bible Society campaign with F. Gordon Gillespie, of "Brockhaven" as president for 1957.

Mrs. A. L. Windsor, Altar Directress, reported a membership of eight who work in teams of two; also that Mrs. Lloyd Ruitter had made two white smocks for use of Altar workers.

Other appeals for funds were heard from the Montreal Diocesan College; the Canterbury Club and the Montreal Diocesan Training College. To the latter

appeal the sum of \$25 was voted from the church treasury.

A get well card was sent to James Williams, with good wishes of all present, he is a patient in the Broome Missisquoi Perkins Hospital for the third time this winter with virus pneumonia.

The meeting opened with prayer and closed with the Benediction after which lunch was served by ladies of the congregation.

CHRIST CHURCH GUILD AND W. A.

Mrs. Irwin Haines entertained the Parish Guild and Women's Auxiliary to Christ Church in the church parlors with Mrs. N. M. Ingalls presiding. After devotion,

al opening and other matters of interest the ladies decided to hold a Valentine Card Party of Bridge and "500" on the evening of February 14 in the church parlors.

Mrs. A. L. Windsor and Mrs. I. Haines were appointed delegates to attend the annual Conference of Women's Auxiliaries in Montreal the first week in February.

Tea was served by Mrs. Haines at the close of the meeting.

General Notes

Mrs. George Hansen has returned to her home at Fordyce, after undergoing an appendectomy at the B.M.P. Hospital.
