## LAPRAIRIE.

An extensive municipal village and parish of the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seigniory and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1870. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also partly made up. The aqueduct is now giving a very good service to the village, and the work of putting up pipes it being done very rapidly in the different streets. The pressure of water in case of fire is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North-Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of village about 1,800; of parish 2,200.

## CITY OF ST. CUNEGONDE OF MONTREAL.

Incorporated in 1876.

A city adjoining the city limits of Montreal, district of Montreal. This municipality is governed by a mayor and corporation. A permanent fire and police force is maintained; it is lighted with incandescent electric light, and possesses first-class water works. The corporation purchased the old St. Jude's Church, which they have converted into a handsome town hall with commodious offices and court room, fire station and a large hall, for public meeting, as well as a private residence for the Chief of Police. The Jacques Cartier Bank has also opened a branch in the building, with Mr. G. N. Ducharme as manager. The Post office has been lately transported into the Hall. The city contains two churches: one Roman Catholic and one Protestant; two convents, one under the St. Ann's sisters and one under the control of the school commissioners; an asylum under the supervision of the Grey Nuns; one college, and two schools—one Protestant and one Catholic. It possesses some extensive industries, the most important of which are the Montreal Rolling mills, the Mona Saw mills, Davidson's Stamping works, Luttrell's cracker factory, Findlay's foundry, Henault Ice house, Robert Mitchell's Brass foundry, Leroux's Ice house, T. Prefontaine, lumber merchant, Aquin & Itzwire, door and sash factory; Wm. Rutherford & Son, sash and door factory; Dominion Wadding Co.; McCaskill Varnish factory; Singer Manufacturing Co., Craig & Sons' Electric works. ### ST LAMBERT.\*

A village on the south shore of the river St. Lawrence, between Longueuil and Laprairie, directly opposite Montreal, partly in the seigniory of Laprairie, partly in the barony of Longueuil, parish of Longueuil, county of Chambly, district of Montreal. There is here a station of the Grand Trunk railway, with branch to St Johns and Rouses Point, situated at the east end of

the Victoria bridge. The terminus of the Champlain, Shefford and Chambly railway is located here. From the favorable situation of this village, and its excellent means of communication, at all seasons, with Montreal and the neighboring places, it promises to become the centre of considerable business. Montreal, Dominion and Great North-Western Telegraph Co. has an office here. Communication is had with Montreal by Grand Trunk Railway mail trains, and also by suburban trains, which make 6 trips daily, fare 25c. return tickets. ## TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limits of Montreal, and formed by the amalgamation of the former villages of Tannery West and Coteau St. Augustin. The Town

of St. Henry is situated in the seigniority of Montreal, county of Hochelaga and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the Notre Dame street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of Notre Dame and St James streets, at the cost of \$25,000. Building is being prosecuted briskly, and the town bids fair to rise into some importance, having Fire and Police system of alarm telegraph. The town is now lighted by gas and oil lamps. Distance from Bonaventure depot 2½ miles, from Lachine 6 miles. Population about 10,500.
