Tigers Cruising High

The Shawville Tigers have taken a 2 game lead in the Upper Ottawa Valley Baseball League on the strength of a 6-2 decision handed to Vinton.

Murray Wins His Sixth Gam

Brian Murray was again on the mound and won his sixth league game of the year against one loss. He gave up 9 hits, one walk and hit one batter while striking out 10 batters in a steady mound performance. Jerry Hearty went all the way for Vinton allowing 13 hits while walking only two. He allowed only three earned runs and only some poor Vinton fielding and smart Shawville baserunning gave the Tigers their extra runs.

Harvey Smith lead the Shawville assault with a homer, a double and a single, giving three round-trippers for the season.

Brian Murray smashed a pair of doubles to help his own cause and Harvey Sweetman drove in a run with a long double in the third. Royce Richardson had an effective day at the plate as he collected three singles while Bert Murphy chipped in with a pair.

The win puts Shawville 4 points ahead of Vinton as they head into the final half of the season. Once again they came up with a fine game defensively, as they made only one error.

Next Sunday the Tigers head for Fort Coulonge to play what should be a thriller. Game time is 2 pm.

Fire Damages Trailer at Bay

The Sadowski Bros. from Penn. U. S. A. parked their late model Chrysler with trailer and boat, on the main street in Campbell's Bay in front of The Ottawa House where they were spending the night. About 10.45 Mrs. Eugene Bertrand, wife of the proprietor noticed a little ball of fire on the trailer and thought she was imagining things but when it began to grow larger she informed her husband and they quickly called the fire department and aroused the owners who had retired for the night. No great damage was done and the fire was believed to have been caused by a cigarette butt carelessly tossed aside by a passerby on Saturday night.

A Third Party Is Revived in Pontiac

This week in Ottawa the Soical Credit Convention gets down to the business of preparing to put up a strong front in the next election and Monday night at Campbell's Bay a lively meeting put Pontiac-Temiscamingue in the picture.

The man picked to represent this constituency is Lorrain Legault who owns a transport business in Rouyn and has been working for Social Credit for an even twenty years. Irvine Brownlee of Shawville was also nominated but retired his name because, as he said, he lacked the language necessary to win an election in this riding.

So its bound to be a french language campaign for the most part what with the Paul's of the two major parties (Goulet is our guess for the Liberals and of course Martineau for the Conservatives) and the new emphasis on language in this Province.

And Monday night's Social Credit do at Top Hat was very french. For the first time ever we heard O Canada sung in french loudly and clearly by several hundred people all of whom knew all the words. It was beautiful and heartwarming, as was the preliminary sing-song when everyone joined in the choruses of well known traditional and popular songs — all in french of course.

The members of this Social Credit convention, were not for the most part from around here. Those few local people there wandered through the crowd looking for a familiar face and found about six. There were some from Hull and lots from the Rouyn district which used to be part of this constituency when Pontiac was the largest electoral district in Canada. But in 1949 Pontiac was split up into two ridings, Villeneuve and Pontiac-Temis-

A Fine Trophy!

Bobby Hodgins, 16 year old son of Mr. and Mrs. John S. Hodgins of Shawville, proudly displays the 40 inch pike he took at Brule Lake recently.

Bobby caught the big fish while visiting Silverston Fish and Game Club with his father, who is club president. He made the catch using a five lb. test line. The pike took half an hour to bring alongside the boat (Bobby did it all by himself), and in that time towed the boat half a mile. The fish is now in the Hodgins freezer, waiting to be mounted. THE TAX

On the front page of last week's Equity there appeared a notice in large type about the increase in retail sales tax from the previous 2% to the present 4%. The reason this notice was placed in such a conspicuous place was that it had come to our attention that the increase would take effect on July 1 and we were afraid that some retailers might not have realized this. If they were not collecting the tax they would have to absorb it and this could be quite expensive. To save Pontiac retailers this possible expense we passed on what information we had about the increase.

Another reason for printing the information was so consumers would be forwarned about the increase and be more understanding when salesclerks added the tax to their bills.

Having performed this public service, The Equity was immediately besieged with complaints. It would appear that some readers take the attitude that we are imposing the tax. They claim that they know nothing of this tax because they have not received personal and official notice thereof from the Minister of Revenue in Quebec. This is a point well taken for, as one of our major merchants points out, he cannot collect the increased tax until he has a written authority to do so.

Meanwhile it is anybody's guess what will happen when the tax inspectors come around. Ray Johnston, who is still our Member of Parliament for Quebec, tells us that it is a fact that in accordance with the Act to assist school boards to meet their obligations adopted on the 10th of June 1961, the provincial sales tax is set at 4% everywhere in the Province. Consequently as of the 1st of July 1961, the rate of the tax exigible in Pontiac County is 4%.

Paid advertisements to this effect have been appearing in the Montreal newspapers signed by G. H. Shink, Deputy Minister of Revenue. Some of the local confusion would have been avoided if Mr. Shink had also placed early advertisements in Pontiac's newspaper. However, we've done what we could to make things clear. If anyone is still in doubt he might write to Mr. Shink.

UNCOMFORTABLE MUGWUMPS

Fence sitting is the prerogative of mugwumps. They can be facing in either direction, the only requirement being that their mugs are on one side of the fence and their wumps on the other.

Politically speaking, (and this week we are politically speaking) this could mean dandling between the premises of Liberals and Conservatives except that now, (hot on the heels of the Social Credit Convention) we have yet another premise to consider.

Now, our fence must divide three ways which puts it more in the nature of a corner post and makes for even more uncomfortable sitting than before.

There are readers who, despite the fact that The Equity has been boldly battling the monetary reforms advocated by Social Credit on this page for years, will read this week's enthusiastic report of the Social Credit Convention and go away sure that we are now not only Social Creditors but Creditistes.

We are enthusiastic about the Convention. The French language as spoken by some well educated orators is beautiful and as sung by some is friendly and rousing. The new look at political issues, the missionery zeal displayed, the confidence in the face of mountainous odds, the hall full of people who drove hundreds of miles to attend the Convention — all these things promote enthusiasm.

We would have been more enthusiastic still had there been a few more Pontiac people present but wherever they came from, the Social Credit assembly at Top Hat was an interesting addition to the local political scene.

The Equity, although blasted by some for liking the Liberals and damned by others for associating with the PC's will proceed as always — considering individual issues and trying to report the sense of each meeting as it comes up. We want those of our readers who can't get to meetings to get the feeling they were there through The Equity and those who were there to enjoy comparing their impressions with ours.

We have never tried to give all parties the same amount of space but merely to do our best to cover all activities of all parties. Now with three to keep up with the job gets more difficult but more interesting though sitting on the corner post will undoubtedly get more and more uncomfortable.

Letters To The Editor

A Tree Nursing

Bryson, Que., July 3, 1961.
The Equity,
Shawville, Quebec.

Dear Sir:-

A resolution re local provision of Red & White Pine and Spruce trees submitted by this committee to Pontiac County Council at its June meeting was unanimously adopted by that body.

The resolution is very clear and if carried out will be a boon to this County. Immediate results came from its reception at Quebec. We received word June 28th that Mr. Roch Delisle F. E. and Director of the Forestry Extension Service (Reforestation Branch) would be here in July to look over Mr. Andy Floods' plant with a view of providing more trees for Pontiac.

A tree nursery and the preparing of wasted lands for replanting. Gathering and caring for Cones, raising of Seedlings, will give much needed work to many men and women alike.

It will be well to keep in mind that this is an official visit, and any recommendation on our Pontiac's behalf will meet with stiff opposition from another strong organization in Hull who are determined to have a show place in Hull. To date no other Nursery exists that has the potential of our Nursery in Pontiac.

When we are advised of the date of Mr. Delisle's visit an invitation will go out to all Public Service organizations to have a represntative on hand to meet Mr. Delisle.

This is Pontiac's chance so make it good.

J. C. McCuaig, Secretary
Pontiac County Council's Com.
on Forestry & Conservation.

20 Yrs. On Board

Lower Litchfield, Quebec,
July 4, 1961.
The Editor, The Equity,

Dear Sir,

If space permits, I would like through The Equity to extend my appreciation to the ratepayers of Lower Litchfield for the confidence they have placed in me by giving me the privilege of serving on their school board for the past 20 years.

I have always enjoyed working with the school board members and ratepayers, although during these last few years as chairman, I have been accused of working against some ratepayers re annexation. If so I deemed it best to do so for the Educational benefits of the children of this district.

As this Lower Litchfield Protestant School District has been officially annexed to the Campbell's Bay Protestant school district on July 1, 1961. I trust this decision will prove itself very beneficial to everyone in the near future.

Thanking all for their support.

Yours truly,
Loren B. Hodgins

Further to our article about the late Dr. J.W.A. Armstrong some interesting additional information has come in this week from Montreal. Following his retiremnt Dr. Armstrong devoted a great deal of his time to his hobby of planting and cultivating trees on his farm on the shore of the Ottawa River. As an amateur silviculturist he planted oak, cedar, maple and other varieties but mainly pine, which grew well in the sandy soil of his farm.

Dr. Armstrong personally followed the development of every tree with interest and observed their progress with satisfaction. His friends frequently said he treated his trees like friends.

William F. Roberts killed a wolf at his farm in Charteris at dusk on Tuesday night with one shot of his 250. The horses heard the wolf first and warned Roberts who dropped on the ground, aimed and fired. It was 9:30 and the wild animal could hardly be distinguished from the surrounding bush but one shot downed him. With a little luck we'll have a picture of William and his wolf next week. He says there are many wolves in that district.

Pentecostal Picnic

A large crowd of happy carefree youngsters last Saturday celbrated Canada's birthday at Sand Bay. The event was the annual Shawville Pentecostal Church and Sunday School picnic. The committee in charge spared no effort to make the program a great success. The day started off with a swim and water sports in the morning followed by hot dogs and chips. In the afternoon the races, contests ,and sports gave enjoyment to young and old alike. Three sittings were required to feed the crowd later in the afternoon.

The Sunday School is outgrowing their present quarters making it necessary to embark on an extension program to enlarge the church. A start on the building this year is expected.

Poet's Corner

by "CAMBRIAN"

Alfred, Lord Tennyson, could, perhaps, be described as the workman, if not the master craftsman, of his poetic era. His contribution to our literature was immense both in quality and quantity and his reign as Poet Laureate was both long and benign.

It is by no means casting a reflection to state that Tennyson's poetry was almost devoid of inspiration. His genuis was of that most rare type that can be called on at will and at a moment's notice and our literature is vastly the richer for some of his work that was compiled in a very short period of time to a theme suggested by a scource other than its author. Recognition during his lifetime, so rarely afforded to such artists, enabled Tennyson to maintain a constant and even flow of poetry of a quality that serves to ensure his status as one of our great classical poets.

Our selection, due to space restrictions, is confined to the opening lines of one of his earlier works, much beloved by many of us and a schoolroom stalwart.

"The Lady of Shalott" (an extract)

On either side of the river lie,
Long fields of barley and of rye,
That clothe the world and meet the sky
And thro' the field the road runs by
to many-tow'rd Camelot.
And up and down the people go,
Gazing where the lilies blow,
Round an island there blow
The island of Shalott.
Willows whiten, aspens quiver,
Little breezes dusk and shiver,
Thro' the wave that runs forever,
By the island in the river
Flowing down to Camelot.
Four grey walls and four grey towers.
Overlook a space of flowers,
And the silent isle imbowers
The Lady of Shalott.

Red Sox Afire Double Sheen Score

The Campbell's Bay Red Sox showed some of their old fire in a 4-2 victory over Sheen on Sunday, July 2. E. Belanger pitcher for the Red Sox was the outstanding player of the game. He pitched a no-hit game, striking out 13 batters and allowing two runs which were no fault of his. It was a scoreless tie to the bottom of the 4th inning when B. Beland opened the game with a short single, to be followed quickly by Belanger, Therien and J. Ranger, each scoring a run on hits and errors by the Sheen boys.

The Red Sox threatened again in the fifth but failed to score. Sheen rallied in the top of the seventh and D. Retty scored their first run on errors by the Bay. Belanger then pulled out of a tight spot with three strike outs. J. Michaud scored Sheen's second and last run in the eighth.

E. Belanger finished the game with a colorful flourish as he struck out the last three men to face him.

A. Pennule went all the way for Sheen with J. Michaud as his mate allowing six hits and striking out 6. Therien caught the whole game for E. Belanger.

The Red Sox are playing under a severe handicap this year, they have lost seven of their regulars from last year. In the game against the Tigers there was only one of last years players on the field but the new players are showing very good spirit and some look very promising.

Sheen: A. Lapierre, J. Michaud, D. Retty, E. Walker, G. Tallon, I. Tallon, J. McGuire, M. Berrigan and A. Pennule.

Campbell's Bay: W. Devlin, B. Belland, C. Vibert, E Belanger, D. Therien, J. Ranger, L. Belland, P. Moorehead, R. Shea, R. Chase, M. Ranger.

Social Credit

(Continued from Page One)

camingue. Rouyn is in Villeneuve, and, just to fill you in on the situation, Villeneuve is represented in Social Credit circles by Real Caouette who was MP for the larger constituency of Pontiac when it included Villeneuve. Caouette sat in Parliament from 1946 to 1949 as the only Social Credit Member from Quebec, in fact he was the only Social Credit Member outside Alberta's 13. Villeneuve's current MP is Liberal Armand Dupuis of Malartic.

Since Real Caouette was our Member for three years, he says he knows this area well and so does the new nominee, Lorrain Legault. But the Social Credit line does not so much involve the personalities of the nominees as it does their principles.

There are four main ones, as set forth Monday night at Top Hat. The first is respect for the individual, his needs and wishes. The second is the obligation of an elected government to do the will of the people in public affairs. Third is the principle of security with freedom and fourth is that what is physically possible should also be financially possible.

These were described in action in Alberta by Alberta Provincial Secretary A. Russell Patrick who is also Minister of Industry and Development and whose grandmother was a Hodgins from Shawville. (She married Duncan Ross of Ladysmith and they and their eight daughters and baby son went west to Lacombe Alberta sixty years ago.)

Mr. Patrick gave the following enthusiastic report of what Social Credit has meant to Alberta, ever since it evolved from study groups in the depression ridden thirties. In 1935 Alberta elected itself a Social Credit Government and Mr. Patrick, who was a school principal, later became interested — not in politics — but in Social Credit.

Alberta paid off its 169 million dollar debt, established treasury offices everywhere to avoid paying bank interests, eliminated all government patronage. Now it has highest pensions in Canada, has established old age lodges where elderly citizens can live in surroundings "as luxurious as any Ottawa hotel" well within their pension means and still have money left over, free medicine for those on supplementary pensions, free maternity care, highest widows pensions and disabled pensions for those who can't qualify for Federal disabled pensions, mothers allowances for widows, the greatest university building program in Canada, lowest tuition fees in Canada, money to lend at 2% to municipalities for water and sewers and at 3% for sidewalk construction.

Social Credit cooperates closely with the co-operative movement, pays all municipalities except Edmonton & Calgary $10 per capita for recreational programs and has in this way assisted in the building of 100 skating rinks, many curling rinks, swimming pools and other facilities. The reason for not including the two big cities in this plan is that Alberta has built in each of them a civic auditorium unsurpassed in the world.

And then there is education — Alberta's schools are all centralized fine modern institutions. In five years they built 100 complete multimillion dollar schools. Their teachers are the highest paid in Canada. Everybody whether they live in city or country, pays a fixed school mill rate so every child has the same opportunity for a good education, the same for catholic schools as protestant with no double taxation anywhere. In this way the Alberta farmer is not driven off his land by ever increasing school costs.

There is also a library service through the whole province and leadership schools everywhere to develop community recreation.

The people of Canada, said Patrick, are completely bewildered with both old line parties. "We are on the brink of disaster and now is the time to do something about it. Communism and Democracy are in a death struggle and Social Credit is the only hope."

Real Caouette's mastered oratory and eloquent delivery overshadowed his actual message but the forceful gestures, the stunning similes all spelled out the contention that until there is a drastic change in the monetary system it doesn't mater whether we vote Liberal or Progressive Conservative. Both old line parties, according to Caouette, lead to doom.

There should be enough money in circulation to buy available goods and services in Canada, said Caouette, and he proposed that to start in the elimination of unemployment a hundred dollars be given to everyone in Canada. This he feels would increase demand for goods and services and also get a lot of people out of debt and wouldn't cost as much for instance as the experimenting now going on with useless aircraft.

The dream of Social Credit on a Federal basis was obviously exciting to these speakers. They see Alberta with its "finest roads in Canada", "all paid for", "lowest gasoline tax in Canada with half returned to the municipalities', "finest hospitals in Canada with the lowest bed rate at 3 mills on property tax plus $1.50 a day for patients" and so forth and they envisage even greater wonders for all Canada if the monetary system could be corrected.

Going over everything in English as a courtesy to the visiting Minister from Alberta, and the handful of local listeners doubled the length of each speech but nevertheless the late starting meeting closed early. As far as Pontiac County proper was concerned the representation was negligable and one member wondered outloud why there was no advance publicity of the meeting. However, it is unlikely that a more dedicated candidate could have been chosen under any circumstances and that was the purpose of the convention.

One small innovation for this district was the renaming of the riding. To the Social Crediters it is Temiscamingue-Pontiac.

Liberal

(Continued from Page One)

said Robichaud, "it has smelled like an election. I want to tell Mr. Pearson tomorrow that Pontiac knows what is going on — that this County is prepared".

Wallace McDonald also felt there is no doubt that when the election is called, Pontiac-Temiscamingue will have a Liberal representative in Ottawa.

He answered many charges recently made by Ray Johnston at the Shawville PC meeting, insisting that contracts are awarded to the lowest eligible bidder, and citing examples. He denied patronage, in the Liberal government, claimed that all was well in the Hospital setup and that all they have to do is submit a budget to cure the hospital deficit problems.

As for the 2% education tax, said Mr. McDonald, this was requested by the school boards.

The road budget for Pontiac this year will pave the highway to the bridge at Allumette Island, and Wallace claimed this was a large amount, considering our member is in Opposition. He said that when the late E. C. Lawn was in Opposition with the Duplessis forces in power, Pontiac never got five cents for roads.

Wallace reminded his audience of the enquiries now going on into corrupt practices of the previous government. He said 75% of the promises made by Lesage have been accomplished and the Liberals have done more in twelve months than the UN did in 16 years.

"Jean Lesage", said McDonald, "is one of the brightest men of the century. We are fortunate to have him for a leader".

Mrs. O'Regan gave the ladies great encouragement, asking them not only to co-operate but to co-ordinate. She also begged them to conduct their discussions in the meetings, not afterwards in the hallways.

"It is only by unity that we can achieve a victory in this beautiful Pontiac County" said the lady alderman.

The hall was well filled with an excellent representation from the entire County, with an unusually strong contingent of ladies.

Wallace McDonald accompanied the singing of O Canada to close the meeting.

Onslow Intermediate School Nominees

On Monday morning a meeting of Real Estate owners was held in the Onslow Intermediate School to nominate two School Commissions to replace James Horner and Lawson Stanley whose terms of office had expired.

Mr. James Horner was nominated for re-election. There being no other nomination for that seat Mr. Horner was declared elected by acclamation.

For the other seat Mr. Lawson Stanley and Mr. R. Nugent were nominated and an election was ordered for next Monday. Mrs. Helen P Campbell Secretary Treasurer requested the Rev. R. S. Smith to chair the meeting.

Everyone left the school, with the feeling of a well earned Holiday.

Grade IX To Shawville

A school choir under the direction of Miss Doreen Beattie sang several selections during the evening. Mr. Andrews, the principal announced that the reason Gr. 8 were included in the Exercises was that they would be going to Shawville next year as Gr. 9 would not be taught at Campbell's Bay.

Mr. David Little introduced the Graduating classes and Mr. Asa M. Smith welcomed everyone present on behalf of the Board. Mr. Smith then presented the Diplomas.

Class Historian for Gr. 9 was Ruth Peever, Valedictorian for Gr. 9 was Dean Moodie, Class Prophecy was by Margaret Martin. Grade 8, Class Historian, Peggy Stewart, Valedictory by Linda Fairfield and Class Prophecy John Bradshaw.

Mr. Little was presented with a travelling bag from the Students and Staff and best wishes for a successful future.

The Historians were very informative, the Valedictorians inspiring and the Prophecys extremely amusing.

John Lunam introduced Mr. Paul Martineau the guest speaker and he was thanked by Gillis Letts.

Mr. Martineau told the graduates that this was an hour of triumph a moment to be cherished in the years to come. Many people were responsible for this moment, the parents, the members of the school board as much work and responsibility goes into the operation of a school, and to the careful and persistent hard work of the staff in preparing the students for this day. He congratulated those who were successful in their years work and told them not to forget the basic truth that you get from whatever pursuit you endeavour only what you put into it. What kind of world are we facing? A world of ever shrinking distance a world of specialization, an intensely competitive world a world of space travel and in the next 20 or 30 years visits to far away planets is not improbable. Our population is increasing at a rapidly augmenting pace and we must prepare ourselves for the future, to take our place in this changing world. Our country is the richest in the world and its opportunities are boundless. No doors are closed to those who aspire to greatness. The late Hon. Sidney Smith at one time President of the University of Toronto said in an address to the Student Body on the subject of EDUCATION.

"If you choose to work you will succeed; if you don't you will fail.

If you neglect your work, you will dislike it, if you do it well, you will enjoy it.

If you join little cliques, you will be self-satisfied.

If you make friends widely you will be interesting.

If you gossip, you will be slandered; if you mind your own business, you will be liked.

If you act like a boor, you will be despised; if you act like a human being you will be respected.

If you spurn wisdom, wise people will spurn you; If you seek wisdom, they will seek you.

If you adopt a pose of boredom, you will be a bore; if you show vitality, you will be alive.

If you spend your free time playing bridge, you will be a good bridge player; if you spend it in reading, discussing and thinking of things that matter, you will be an educated person."

Thirteen Collisions Or Was It Fourteen?

A seemingly endless series of collisions marred the weekend on roads throughout Pontiac Nobody was killed but thousands of dollars will be required to repair the damage done to vehicles, and lots of personal injury resulted from the mishaps.

William Hearty of Chapeau collided into a tree at Sheenboro rebounding out of a ditch on a curve in the road. Octave Grenier and Cletus Nadeau of Fort Coulonge collided in that town on Saturday.

Secil Kay Gladman of Ottawa and Brent Elliott of RR 2 Shawville met in collision on the Ladysmith Road in Thorne and another collision was reported between Wayne Weidmark of Beachburg and Joseph Brosseau of Portage du Fort on the Portage road.

Garfield Murch of Montreal and William G. Svab of Ottawa met head on in South Onslow Saturday afternoon on Highway 8. Mr. and Mrs. Wallace Scarf of Ottawa were injured and so were Sylvio Tourangeau and his passengers Philip and Paddy Beaudoin of Otter Lake when the Scarf's car and Sylvio's were wrecked in collision at the Danford Lake cut off n Otter Lake.

On the Hayes Line between Campbell's Bay and Charteris in Litchfield William Percy Brown of Ottawa flipped near Black's farm. Barry McCoy was a passenger. Fred Ellis of Ottawa and Lucien Chartrand of Gatineau met unexpectedly on the gravel Masham Road to damage their cars but suffering no injury.

Murray Callahan and Rene Belanger collided on the corner where the Liquor store is in Campbells Bay.

And then there was that most confusing early morning schimozzle at Demers Centre in the wee hours of Sunday. It's hard to know where to start in describing the affair and it's our bet that nobody has the story straight but here's the general idea:

Somebody was on the way back from an accident which had occurred in Ladysmith and turned up near Demers around 2:30 am. Somebody was stalled in the middle of the road. Someone stopped to render assistance to the stalled vehicle. Someone else also stopped to see what was going on. Someone else coming down the road in the other direction had his bright lights on and still another car, blinded by the lights, ploughed into the whole scene hitting the third car on the scene which hit the second car on the scene which then, it is alleged, hit the originally stalled car. Some of the cars involved belonged to Frank Spagnola of Camp Petawawa, Lynwood Christie Jones of Pembroke and an unnamed Ontario driver.

Then Milton James Buske of Pemboroke came along and he too came into collision with something which was parked in the middle of the road and took the ditch hitting a man beside another car on the shoulder. There must be a way to prevent this sort of thing and if this were an editorial instead of a news article we would suggest the carrying of warning lights in all vehicles and the strategic placing of these far enough down the road to warn oncoming drivers when a car is stopped.

However this is not an editorial but merely a report culled catch as catch can from various sources because by order of the Provincial Police the information gained by their official investigations is not to be made available to the press. (Feeling that a good purpose can be achieved by publishing the causes of accidents, The Equity will continue to do this where possible and will welcome the assistance of any witnesses to accidents who are not forbidden to give us information.)

Women's Institute 50th Jubilee

About 80 ladies of local Institutes attended the 50th Jubilee Clebration of the Quebec Women's Institute at Ste Anne de Bellevue Thursday, June 29. Although everyone was aware that it was a very humid day, the ladies were quite comfortable on the two air conditioned buses which they chartered from Pontiac Bus Lines. They were very capably operated by Messrs Leo Donnelly and Mervin Baird of Campbell's Bay. The ladies, which included several from Clarendon, Bristol and Shawville boarded the buses at the High School, Shawville and left at 7:15 a.m. Other ladies joined them at Wyman, Quyon, Luskville and Hull. At 10:30 a. m. the buses stopped at Hawkesbury Bus Terminal Restaurant for a pick-me-up second breakfast was enjoyed by all.

At 11:55 a.m. they arrived at the gate of Macdonald College and after circling the beautiful grounds arrived at the Main building at exactly noon. After luncheon in the new dining hall ,many of the ladies renewed acquaintances or met new friends. Next they proceeded to the Assembly Hall for the 2 p.m. program. Here 600 or more ladies were not to say in the least a bit "cool' but of course on the second floor of a building on a humid day with no air-conditioning what could be expected. However a very worthwhile pageant entitled 'Doings at Dunham' portrayed a very great resemblance to the first Women's Institute meeting ever held. The ladies were gay, a bit humorous, but serious in their business and costumes of 1912. Respect and honor was paid to the first presidents of each district and a short history of their life was read. Mrs. R. W. Hodgins was honored by playing a part in the program.

At the close of the afternoon program, many strolled among the trees and through the grounds, while others walked uptown or maybe just rested and visited under the shade trees. The banquet which was scheduled for 6:30 and at which over 700 were seated, did not commence till nearly 8 p.m. which meant those travelling a considerable distance had to leave before the guest speaker was heard or the presentation made to the winners of the Tweedsmuir competition. There was a shortage of banquet tickets and the six ladies of the Shawville W. I. who did receive these on arrival at the College would like to thank the ladies (including the President) for their very unselfish act of relinquishing their tickets to these members so that they might enjoy the evening.

Mr. Glen Brown, MLA, Brome County and secretary to the Quebec Minister of Agriculture was guest speaker. Among those attending was Mr. Harold Dodd, the familiar face on CBC's Sunday afternoon program "Country Calendar'.

Leaving the college about 9:30 p. m. the group started their trip home. Quite a different group from the supposedly same group of the morning! Vibrant and talkative were they on leaving in the morning but not so on returning. What an exhausted group! One lady complained that she could find only two ladies awarke on the bus she was travelling on, and after talking to these two for a while they fell asleep while she visited with them. Two o'clock found almost everyone at home and all in all, it was a lovely day!

B of M Scholarships

Quebec Ahead Of All Other Provinces

Six of Quebec's most outstanding students have been of Montreal

awarded second - phase Bank of Montreal Canada Centennial Scholarships, worth $1,500 a year for three years, the bank has announced.

The winners are: Gilles Beaudry of Three Rivers, a science student at St. Joseph's Seminary there; Elainn Cardueci of Monrteal who is taking an arts course at the University of Montreal; Serge Laplante of Montreal U of M arts; Gary Luxton, of Montreal, McGill, science; Dorothy Jean Milne of St. Laurent, McGill, science; and Ralph C. S. Walker of Montreal, McGill, arts.

Last year ,the six Quebec students each received one of the 13 first year $750 scholarships for this province — one of 48 in Canada. Choice of the 16 second phase winners has now been made from these 48 by a national selection committee made up of leading Canadian educators.

Ability Alone

Ability only, rather than geographical location, governed the second-phase selection and Quebec led all other provinces with its six winners. Ontario had four, British Columbia had two, and Alberta, Saskatchewan, Manitoba and Newfoundland had one winner each.

The scholarships will be worth $1,500 to each student during the 1961-62 university year; and provided they maintain good grades, they will also be financed to the same extent through third and fourth year studies to graduation.

Dr. Philippe Garique, dean and director of studies, faculty of social, economic and political sciences, University of Montreal, was Quebec representative on the B of Ms national selection committee.

Other members were Dr. Frank Wetmore, associate dean of arts, University of Toronto, chairman; Dean C. W. Argue, dean of scence, University of New Brunswick; Dr. Douglas E. Smith, dean of arts and science, University of Alberta; Professor Harry L. Logan, University of British Columbia.

In addition, Dr. Lucien Piche attended the meetings as secretary. Dr. Piche is vice-rector of the University of Montreal and administrator of the B of M plan.

Selection Difficult

Commenting on the work of his committee, Dr. Wetmore said "It was clear we were dealing with a select group of the best young scholars in the country, all of whom have the promise of a brilliant future. Their records of achievement were so high that we were faced with many decisions of narrow margin."

The current 16 awards form the second phase of the B of M's sevenyear plan to provide bank aided university study to outstanding Canadian students.

The plan will develop progressively each year, culminating in 1967, the year of the centenary of Canadian Confederation and the 150th anniversary of the foundation of the bank in 1817.

In all, the scheme provides for a total of 124 awards, ranging upwards from last year's $750 scholarships for freshmen year study.

8 Fellowships

Thus at the conclusion of the present three-year phase in 1964, eight of the 16 B of M sponsored graduates will be chosen for three year fellowships of $3,000 a year for postgraduate study anywhere in Canada or abroad.

Then ,in 1967, the two final Canada Centennial awards will be made — one in arts and one in science. These two awards will be in the amount of $5,000 to be used for further study anywhere in the world.

For this final contest all students who received B of M scholarships in 1960 will be eligible.

Sunday School Picnic At Norway Bay

The United Church Sunday School Picnic was held on Monday. At two o'clock in the afternoon a number of cars picked up the scholars and the picnic was on.

The plans for games and races were spoiled by a thunder storm and intermittant rain showers, but the youngsters were out for a picnic and although their clothes were wet it did not seem that their spirits were dampened in the least.

At tea time Mrs. Wyman McKechnie kindly insisted that we should eat supper in her cottage, and there generous helpings of all sorts of good things to eat and drink were served.

The rain outside was forgotten as the boys and girls led by Rev. F. Elson, enjoyed themselves with their folk songs. The Superintendent, Mr. George Pickles, was assisted by Mrs. Pickles and Mrs. Elson and a full complement of teachers and friends for the occasion. Among those present were Mr. Cecil Shennette, a former Sunday School Superintendent, and Mrs. Shennette and their daughters Sandra and Susan, and their young son Peter.

St. Johns Annual Picnic

The Annual Picnic of St. John's Anglican Sunday School was held at Camp Pontiac on Tues. June 27/61, with almost 100% attendance of parents and children. The weather was perfect and the youngsters enjoyed an hours fun in the water before adjourning to the Pine Grove where races and games were held. Following these, a delicious picnic lunch was served and gallons of "Freshie" and countless ice cream cones were consumed.

The results of the races were as follows,-

9-11 yrs. — 1st. Frances Young, 2nd., Gary Mulligan, 3rd Neil McColl.

7-9 yrs. — 1st. Dianne Ross, 2nd Marilyn Young, 3rd. Linda Huckabone.

5-6 yrs. — Tie, Elaine Dowdall — Elizabeth McColl.

Under 5 — 1st. Calvin Johnson, 2nd. Douglas Smith, 3rd. Dorothy McColl.

In the Pine Cone races the various winners were — Neil McColl, Frances Young, Marilyn Young, Elizabeth Bronson, Elizabeth McColl, Elaine Dowdall, Dorothy McColl and Lou Ann Young.

Fort Coulonge Closing Exercises

On Thursday evening, June 29th, the Chairman of the Mansfield School Board, Mr. G. E. Colton, welcomed a large gathering of parents, ratepayers, and children to the Fort Coulonge School closing exercises. Rev. S. M. Cramar pronounced the Invocation. The Principal, Mr. R. Scobie, extended a message to the group expressing his hope that such a gathering might take place more often than once a year. Prizes donated by the Women's Institute and Miss Jean Neville were then presented by the President of the Institute, Mrs. G. E. Colton, assisted by Mrs. Martha Duke Mrs. Anne Fumerton and Mrs. Anne Fumerton and Mrs. Howard Smith. Miss Elliot, the Primary Class Teacher, also made a presentation of prizes .A duet was sung by Miss Elliott and Miss Beattie, with Mrs. Anne Fumerton at the piano. The guest speaker, Mr. Wyman MacKechnie, was introduced by Mr. H. Proudfoot. Mr. MacKechnie emphasized the importance of education to the boys and girls, and stressed the necessity of their going on to high school to further their education, mentioning how much easier it was to do this today than it was some years ago. He urged the parents to encourage this need of education to their children, to see that the town offered the necessary education opportunities to their boys and girls, and to consider well any demands placed on them for centralization of education. Mr. Doug Campbell extended a vote of thanks to Mr. MacKechnie, and Miss Janet Rabb presented Mr. MacKechnie with an electric clock. Mr. Lloyd Neville expressed the Boards regret of Miss Elliott leaving the Fort Coulonge School and thanked her for her fine services. Miss Elliot received a gift from both the Mansfield School Board and the pupils of her class. At the close of the programme, the ladies of the Institute assisted by many of the parents served a delicious lunch to all. Mr. William Lough expressed the appreciation of all to the Ladies for their fine lunch.
