SHERBROOKE, QUEBEC, FRIDAY, MARCH 15, 1963

Sixty-Sixth Year

Channel finished tonight

The making of a channel through the snow on the St. Francis River should be completed by tonight, according to city hall officials.

Services director Charles Langlois said that Canadian Army experts visited the site of the work Thursday afternoon and approved the method being used by the city employees making the trench.

The army officials from Montreal, among them explosives experts, made known to city officials that if any advice was needed, a telephone call would bring a prompt reply.

The big snowpile on the St. Francis River near the Joffe Bridge is composed of snow from the city streets. Public works employees have used the river as a dumping grounds throughout the winter.

Quash conviction

TORONTO (CP) — An Ontario Supreme Court judge ruled Thursday that election signs may be placed on lawns and verandas despite municipal bylaws that forbid them.

Protest wage claim sidetracking

French railways are paralyzed by 24-hour walkout

RUSSIAN SEAMAN DEFECTS FROM FISHING VESSEL

OTTAWA (CP) — A 27-year-old Russian seaman has deserted from one of the Soviet fishing trawlers operating in the Atlantic Ocean off Canada's east coast, immigration officials said here today.

The immigration department said today that seaman Peter Iliw has asked to be admitted to Canada and that his application will be studied by an immigration board of inquiry in Halifax.

Iliw was a member of the crew of the Russian trawler Severodvinsk, one of the Soviet fishing vessels making up the trawler fleet from Murmansk of the Soviet Union.

He deserted from the trawler while she was in port at Sydney, N.S., March 13. Iliw was on shore leave at the time he decided to seek political asylum in Canada.

Iliw now is being held by immigration authorities in Halifax.

The immigration department said the board of inquiry will determine whether Iliw is admissible to Canada.

PARIS (Reuters) — A 24-hour strike by railroad workers today almost paralyzed transportation in France, already hard hit by long walkouts of miners and gas workers and lightning work stoppages in other industries.

The rail strike, which began at 4 a.m., was reported between 80- and 100-per-cent effective in various parts of the country.

The stoppage by the 350,000 railroad workers brought the number of Frenchmen on strike to more than 600,000.

Hardest hit was Paris where big traffic jams built up as commuters headed for work by car instead of rail.

The rail strike was called in protest against a government decision to send claims for higher wages and shorter work weeks to a newly established committee of "wise men" overseeing wages in state-run industries.

The new committee also has been charged with negotiating with 240,000 striking coal miners, now in the 15th day of a strike for higher wages.

Thousands of engineering and chemical workers stopped work Thursday to express solidarity with the miners as well as to press their own claims for higher wages.

The rail workers are seeking pay increases to make up a 10-per-cent lag behind private industry, a two-hour cut in their present 46-hour work week and improved pensions.

LIBERAL CANDIDATE — Cecil W. Dougherty, of Lennoxville, centre, is congratulated on his selection as Liberal candidate in Compton-Frontenac, by his two opponents, Roger Gauthier, of Sherbrooke, left, and Marc Lemieux, of Lake Megantic, right. The selection was made at a convention in Bury Thursday night. (Record photo by Gerry Lemay)

Compton-Frontenac candidate is named by district Liberals

BURY — Liberals last night completed their list of candidates for Eastern Townships seats in the April 8 federal elections with the selection of Cecil Dougherty of Lennoxville as standard bearer in Compton-Frontenac. Mr. Dougherty was named on the first ballot over two other opponents at a convention held at the local Town Hall.

Other candidates were Marc Lemieux, a Lake Megantic attorney, and Roger Gauthier, a Sherbrooke businessman. A fourth candidate, Art Bennett, of Sawyerville, was nominated but withdrew before the balloting was started.

If attendance and high spirits make a successful convention, last night's gathering was one of the most successful held in an Eastern Townships riding in recent years. Of 230 delegates accredited to the convention from the sprawling riding, 224 turned up at the meeting to register their votes.

This is no mean accomplishment as roads in many sections

By CUTHBERT JONES
(Record staff writer)

virtues of their candidate until the convention actually opened when all signs were banned from the hall.

Unfortunately for Mr. Gauthier his most militant supporters were not resident of the constituency and thus were unable to give him anything more than moral support. According to unofficial sources, 11 votes were received by the Sherbrooke man as compared with 132 given Mr. Dougherty and 81 to Marc Lemieux.

The arrival of another large Sherbrooke delegation, with Jean Louis Poliquin, who had been designated by Liberal headquarters to preside over the selection of a candidate, also brought rumblings from county residents.

Some delegates expressed the fear that there would be an attempt to railroad some outsider into the candidacy. As a result credentials establishing the right of a delegate to vote were subjected to unusually close scrutiny, which delayed proceedings. The convention was called for 7:30 p.m. and while some delegates arrived in advance of this hour, the call for the nomination of candidates did not take place until 10 o'clock.

With each candidate allowed 10 minutes to present his case to the convention, it was almost an hour later when the voting started and the result was not announced until nearly midnight.

During his remarks which preceded his announcement

Networks sign agreement for football TV

OTTAWA (CP) — A five-year agreement for sharing television broadcasting of Canadian professional football has been signed by the publicly owned CBC and the privately owned CTV Television Network Limited, it was announced today.

A joint statement by the two networks, issued here by the CBC, said the agreement which covers the 1963-67 football seasons provides "a long-term solution to the problems of television coverage of Canadian football and will ensure service to viewers in all parts of Canada."

In summary, the agreement calls for sharing of the televising of the Canadian Football League's Eastern and Western Conference games with the CBC carrying Saturday games during the regular season and the CTV broadcasting games played on other days of the week.

The Grey Cup, cause of a major television controversy last year, will be carried by both networks as will "crucial final games" in the conference playoffs. A formula has been worked out for sharing coverage of other playoff games.

The statement says the networks will act jointly in seeking and accepting advertising sponsorship.

MAY SHARE GAMES

During the regular season when there are two games at different times on the same day provision is made that one network may broadcast one game and the other may televise the other contest.

If it is a Saturday game, CBC has first pick; if it's on any other day, CTV has first choice.

The sharing arrangement provides that the holder of the TV rights for the Eastern Conference will broadcast the first game of the Western semi-final playoffs and the first game of the Eastern final.

The other party will broadcast the Eastern semi-final and the first game of the Western final.

The holder of Western rights will allocate the broadcast of the second Western semi-final game.

Outbreak stops

FORT MACLEOD, Alta. (CP) — Dr. Kurt Adler, medical health officer, said Thursday "everything is under control" in an outbreak of diphtheria which has struck 14 persons in this area in the last month and caused two deaths. At McGrath, 25 miles to the south-east, the total of five cases January remained unchanged. Of the 14 afflicted, five remained in hospital here. About 15 persons were under quarantine in their homes.

One killed at level crossing

DRUMMONDVILLE — (Staff) — A non-time level-crossing accident in clear weather Thursday took the life of a Drummondville merchant, and sent his two sons and another youth to hospital.

Investigating provincial police could offer no explanation Friday how Julien Benoit, 44, managed to drive his car between the two leading engines of the moving Montreal-Halifax train at a crossing about two miles from Drummondville on the road to St. Germain.

Mr. Benoit was killed instantly and the three youths were taken to St. Croix Hospital, where their condition was described as not serious. They were Mr. Benoit's sons, Claude, 18, and Gerard, 15, along with Gerard Boisclair, 15.

Police say the accident happened at 12:15. The road was very narrow at the crossing, bordered by snowbanks two to four feet high, but not slippery.

The road was well-known to Mr. Benoit, who lived in St. Germain and owned a furniture store in Drummondville. He was driving his large 1963 car from Drummondville towards St. Germain when the accident occurred.

Salaries rise

OTTAWA (CP) — The median salary for full-time university teachers during the current academic year is 6.6 per cent higher than last year and 50.4 per cent higher than in 1956-57, the bureau of statistics reported Thursday. The bureau survey, covering 7,441 persons in 60 universities and colleges, showed the median salary for 1962-63 at \$8,685. The median for the Atlantic provinces was \$7,339.

SNOW TUNNEL — More than 160 inches of snow have fallen on the Quebec district this winter, making tunnels like this one on the historic Ile d'Orleans near Quebec City necessary. Drifts that bury garages and other low buildings aren't unusual. (CP Wirephoto)

EASTERN TOWNSHIPS SKI REPORT

(Data supplied by spokesmen for the area concerned through the Sherbrooke tourist bureau.)

Sherbrooke: Total of 53 to 59 inches of snow. No new snowfall. Powdered snow over solid base. Tows in operation. Slopes excellent. Temperature, 19 above.

North Hatley (Hillcrest): Total of 60 to 78 inches of snow. No new snowfall. Powdered snow over so-

lided snow. Tows in operation. Slopes excellent. Temperature, 19 above.

Magog (Mt. Orford): Total of 41 to 75 inches of snow. No new snowfall. Powdered snow over solid base. Tows in operation. Slopes excellent. Temperature, 19 above.

Thetford Mines (Mt. Adstock): Total of 60 to 65 inches of snow. No new snowfall. Powdered snow over so-

lid, packed base. Tows in operation. Slopes excellent. Temperature, 12 above.

Sutton: Total of 61 to 75 inches of snow. No new snowfall. Light, granular snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 18 above.

East Angus: Total of 57 to 63 inches of snow. No new snowfall. Packed snow. Tows in operation. Slopes excellent. Temperature, 20 above. Closed on Monday.

Knowlton (Glen Mountain): Total of 48 to 60 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Slopes excellent. Temperature, 18 above.

Brompton Lake: Total of 36 to 50 inches of snow. No new snowfall. Powdered snow over solid packed base. Tows in operation. Night skiing every evening 7 to 10 p.m. Slopes excellent. Temperature, 10 above.

Shefford Valley (Mt. Shefford): Total of 44 to 52 inches of snow. 3 inch snowfall. Powdered, packed snow. Tows in operation. Slopes excellent. Temperature, 15 above.

Watch lesson over radio

ALICE SPRINGS, Australia (AP) — Queen Elizabeth and Prince Philip, continuing their tour of outback Australia, watched the northern territory's unique "school of the air" in action today.

The Royal Couple listened while the teacher, Mrs. Nance Barrett, gave a lesson by radio to 30 pupils scattered over more than 100,000 square miles.

Then the Queen spoke over the royal "flying doctor service" radio network to cattlemen and miners in the far outback. Her voice reached as far as re-

mote Hidden Valley Station, 500 miles from Alice Springs.

The Queen told the outback radio audience statistics could not reflect the true value of the flying doctor service to settlers cut off by distance from normal medical aid.

"I have a family myself and I fully understand what this mantle of safety must mean to mothers and the encouragement it must give to pioneers to go into outback areas," she said.

Later the Queen and her husband met veteran bush artist Tex Battarbee and six native painters at his Alice Springs home.

Russians falling behind in removing Cuba troops

WASHINGTON (AP) — The Soviet Union appears to have fallen behind in fulfillment of its promise to get several thousand troops out of Cuba by mid-March but indications are that a large group will be leaving Havana this weekend.

The U.S. government is keeping a close watch on the situation. For the last several days normally well-informed officials have declined to discuss numbers of troops have left Cuba so far. The problem appears to be one of analyzing and checking intelligence reports to determine exactly what has happened.

New Democratic Party Leader Douglas, occupied Thursday with travelling from Vancouver Island to Toronto, campaigns today in Toronto and Oshawa, Ont.

In Quebec City Thursday night, the New Democrats' Gerard Picard told a rally that his

was made to the United States Feb. 18, about 1,800 or 1,900 persons have left Cuba on four Soviet ships.

Another Soviet ship, the 15,286-ton Admiral Najimov, is in Havana harbor and there are reports in the Cuban capital it will depart this weekend with about 2,000 Russian military specialists.

U.S. authorities say the number of people who have sailed on Soviet ships during the last four weeks — around 1,800 or 1,900 — is considered fairly definite but identification of those departing is not certain. It is assumed many undoubtedly were Russians, but some could have been Cubans going to the Soviet Union.

ALMOST HOT DOGS — Charles Shore, 9, saved eight Chihuahua pups from the flaming kennel owned by Mr. and Mrs. Alvin McKnight of Wallaceburg, Ontario, parents of Alana (left) who held one armful of the dogs while Charles made a second trip into the building. (CP Wirephoto)

About Telev'sion

By CYNTHIA LOWRY

NEW YORK (AP)—There is very old movies—Mary Pickford and her curls and Charlie Chaplin eating an old bone as if it were roast chicken. But there still is real glamor and romance about the great movie stars, a breed which has just about died out.

Wednesday night's ABC's Hollywood: The Great Stars focused on those larger-than-life creatures—Garbo, Crawford, Bette Davis, Gary Cooper, Jean Harlow, Clark Gable, Humphrey Bogart and many others—for a warm, witty and thoroughly entertaining hour. Many of their old films still are around on the late, late shows, but Wednesday night's treatment—using short film clips, bits from old newsreels and still photographs—had style and a point of view.

JACOBY ON BRIDGE

EXPERT GETS BAD CONTRACT

If you labor under the apprehension that experts never get into bad contracts, take a look at the seven no-trump I had to play.

Part of the fault lay with my opening bid and rebid, but I

NORTH 15		EAST	
♠ A Q J		♠ 9 6 3 2	
♥ A Q J 6		♥ 7 5 4	
♦ Q		♦ 4 3 2	
♣ A Q 9 5 2		♣ 10 6 4	
WEST		SOUTH (D)	
♠ K 5 4		♠ 10 8 7	
♥ K 10 8 2		♥ 9 3	
♦ J 10 9 7		♦ A K 8 6 5

3NT Pass	7NT Pass	Pass	Pass
Opening lead—♦ J			

still feel that my partner could have been a trifle less ambitious.

Anyway, there I was flying blind in a fog at seven no-trump. I did not really expect to make it, but intended to try and there was a slight chance.

I let dummy's queen of diamonds hold the first trick. Then I led the nine of clubs and overtook with my jack. For that nine of clubs play there was a reason.

A heart finesse succeeded and I led another club toward my hand and finessed my eight spot. I needed three entries. Now I tried the spade finesse which also worked. Back to my hand with the king of clubs in order to discard the six of hearts and queen of spades on my ace and king of diamonds and a second heart finesse was all I needed to wrap up my nice contract.

What was so important about the nine of clubs lead at trick two? Suppose I had led the deuce and won with the jack. When I led the clubs again if I had played the five East could stick in the ten and kill the third entry to my hand since dummy's nine would shut out my eight.

Goulet playing that medic with the open-throated white gown. The middle commercial of the show hit a new high of some sort. The sponsor had a watch tied to a clay pigeon and a marksman shot it down. It got the biggest laugh of the hour in my living room.

CARD SENSE

Q—The bidding has been:
West North East South
1 Dmd. Dble. 2 Dmds. 2 spades
Pass 3 Dmds. Pass ?
You, South, hold:
Spades 8-7-6-5, Hearts K-4-2,
Diamonds A-J-9, Clubs 8-4-2.
What do you do?
A—Bid three no-trump. Your partner has forced you to bid.

TODAY'S QUESTION
Your partner continues with four spades. What do you do now?
Answer Tomorrow

ABBOTSFORD —

Flying Officer Peige Whitney, of Portage - La Prairie, Man., spent the weekend with his parents, Mr. and Mrs. S. A. Whitney.

Mr. K. Bennett, of Sawyerville, and Miss Sandra Coates, of Sherbrooke, spent the weekend at the Gordon Coates home.

Miss Estalene Davis spent March 8, with relatives in Knowlton.

Mr. Peter Thomson, of Edmonton, Alta., is the guest of his parents, Mr. and Mrs. R. Thomson.

SAWYERVILLE —

Miss Ruth Riddell of King's Hall, Compton, spent a week end at her home.

Mrs. Roger Darling and daughter, Kelly, and Miss Ruby Graham spent a few days in Ottawa, visiting friends.

PROVINCE OF QUEBEC CITY OF SHERBROOKE

PUBLIC NOTICE By-Law No. 1285

PUBLIC NOTICE is hereby given that on the 25th day of February 1963, the Municipal Council of the City of Sherbrooke has adopted by-law No. 1285 of the Municipal by-laws of the City of Sherbrooke, amending zoning by-law No. 1071, concerning parking on the land in front of private property.

That the original of said by-law No. 1285 is kept at the City Hall, in the Municipal Archives, where everybody can take communication.

The by-law will take effect on March 29, 1963.

Given at Sherbrooke, this 12th day of March, 1963.
H. P. Emond,
City Clerk.

NOTICE

TO OUR CUSTOMERS AND ALL FUEL OIL USERS

You have no doubt heard of current offerings of Free Service plus a guaranteed Parts Plan, designed to improve the service of other oil companies.

THIS IS NOT A NEW IDEA!

For the past 15 years our firm has provided Free Service for all our customers, charging only for major replacement parts.

FURTHERMORE when price reductions entered the picture some months ago we met these prices and still maintained our Free Service. Others charged extra!

FREE SERVICE THEREFORE IS NOT AN INNOVATION!

NEITHER IS THE GUARANTEED PARTS PLAN!

In the summer of 1962 we offered our customers a plan in addition to our normal cleaning, adjusting and servicing whereby we would replace all worn parts during the current year at a reasonable cost to our customers.

Hundreds of our customers accepted our plan. Nine out of ten felt it was an easy way to insure major replacement of parts and guarantee trouble-free heating.

Our customers are reminded of the leadership we have given in free service over the years and in the guaranteed parts plan . . . our automatic delivery system . . . the faithful service provided by our drivers and servicemen regardless of the hour of your call.

As specialists in fuel oil heating with many years experience we would like to thank our numerous satisfied customers for their patronage and invite new customers to phone us at LO. 9-6558 or to drop in at our offices at 119 Queen Street, Lennoxville.

Henry Taylor, Manager

Slight decrease

Richmond-Wolfe has 28,390 on vote list

By Wm. H. LUNAN
(Special to the Record)

ASBESTOS — The electoral list for the counties of Richmond-Wolfe has been prepared and it is reported that 28,390 persons are eligible to vote in the federal elections of April 8.

In the years 1958 to 1962 there were 29,305 eligible voters. There was an increase in voters in Richmond with a decrease in Wolfe county.

Richmond county, last year registered 19,847 persons, with 20,289 registered in 1962. Asbestos and Danville showed a decrease while Bromptonville, Melbourn, Richmond, St. Francis and St. Denis de Brompton, show an increase in registration. Asbestos shows forty-seven less than in 1962.

The St. John Ambulance Brigade, branch 418, Asbestos, reported an active month for February. It put in 68 hours of service at the Recreation Centre; 76 hours for miscellaneous calls and 26 hours for the administration and secretary; 22 persons were given first-aid treatment, all of which were minor cases.

The brigade is at the service of the public and any group or organization requesting their services are asked to contact, Miss J. A. Laroche, 879-2419; Mr. Paul Emile Dion, 879-2957 or Mr. Denis Leclerc at 879-2856.

Fire, on the property of Eulide Lacerte of St. George de Windsor, on the range at the Asbestos town limits, last week, destroyed the barn with fifty head of cattle and a snow blower.

Help was called from the village of Wottonville but by the time the volunteer firemen arrived the blaze was out of control. Firemen and neighbors concentrated on saving the farm house.

Part of the damage was covered by insurance. No estimate was given.

Snow removal has cost the town to date, \$32,933. This figure is \$4,433 over the budgeted amount.

The town has re-negotiated its contract to purchase power for the forthcoming year, from the Shawinigan Water and Power Company. The town operates its own electrical department and sells power to the consumers.

Conrad Tourigny, C.A., of Asbestos, has been appointed to audit the town books, for the year ending.

Alderman Leo Dussault, made a motion that a by-law be passed to authorize the town to borrow \$20,000, to make payments on machinery purchased.

Grants approved at the council table were: \$5 for the C.N.I.B. \$50 for the 4-H club; \$200 for the recreation club; and \$25 for the Red Cross Association.

The Knights of Columbus have made an appeal to the public, requesting that anyone having a propane gas stove, bedroom set, washing machine and or beds, which they do not need, that the organization have names of needy families who require such items.

For pick-up, call Mr. Ronald Boudreau, 879-5769.

BURY PUBLIC-SPEAKING CONTEST — Marilyn Fraser, grade 10 student at Cookshire High School, has been chosen to attend the United Nations Youth Philharmonic at New York June 23 to June 29 after winning the public-speaking contest at Pope Memorial High School, Bury, Thursday night sponsored by Rebekah and Oddfellow lodges in districts 3 and 5. Shown above, left to right, are the contestants, Brian Heath of Cookshire who placed second; Barbara French of Sawyerville, Marilyn Fraser; Mr. Irwin Watson of the Lewis Lodge 100F, Scotstown who was an interviewer; Jean Dougherty, Bury, Ann Morrison, Bury and Glen Currier, Sawyerville. Freedom from Hunger drive

Bread and water only at banquet

A group of Sherbrooke citizens will sit down to a banquet of bread and water March 28 to remind themselves of the hunger that afflicts a large part of the world's population.

The Breaking of Bread will be the principal event in the city in the worldwide Freedom from Hunger campaign being promoted by the Food and Agriculture Organization of the United Nations.

The austere banquet will be addressed by Prof. Pierre-Yves Paradis, University of Sherbrooke philosopher, who has entitled his talk "Hunger and us."

The event will take place at St. Therese d'Avila Hall on Victoria Street, Dr. Rosario Gregoire, chairman of World Freedom from Hunger Week March 21-28 in Sherbrooke has announced.

Dr. Gregoire has issued a general invitation to the banquet, which begins at 3.30 p.m. A showing of slides on Latin-American poverty will follow Prof. Paradis' talk.

Signs princess

ROME (Reuters) — Italian film producer Dino de Laurentiis announced Thursday night he had signed ex-empress Soraya of Iran for a star role in a film yet to be decided on. A screen test was held in secret to guard against any premature news leak that might embarrass Princess Soraya. Soraya displayed "natural acting ability as well as great warmth and charm, and comes through very well on the screen," the producer said.

St. Elie fires snow contractor

ST. ELIE D'ORFORD — (Staff) — This municipality has dismissed the contractor it hired to clear its roads of snow for failure to get the job done promptly, and the municipal works foreman is authorized to hire new trucks and equipment for future storms.

This was the report from Mayor Delphis Trepanier Friday morning following a special meeting of council Thursday night attended by 125 St. Elie citizens.

The municipality has not received any official word of the legal action threatened by contractor Gerald Gosselin to enforce the completion of his three-year contract, the mayor said.

All St. Elie roads are now open, the mayor added.

SPORTSMAN'S SHOW OPENS — Gustave Bedard, information officer with the Quebec fish and game department, cuts the ribbon to open the Eastern Townships Conservation Clubs Association's sportsman's show Thursday at the Belvedere Street Armory in Sherbrooke. Left to right, front row: G. B. S. Huard of La Tribune, Jean Duguay, chief of protection for the Quebec fish and game department, Mr. Bedard doing the cutting, Rouville Daigneault, president of the E. T. Conservation Clubs group, and Clement Bouchard, district game warden. (Record photo by Gerry Lemay)

Windsor - Brompton

School board to seek union

WINDSOR — (Staff) — The Windsor-Brompton Protestant School Board has unanimously resolved to seek union with the Richmond Protestant School Board.

A resolution passed by the board's monthly meeting Wednesday night at the

Windsor and Brompton Consolidated School reads: "Resolved that this board request, under article 71 of the Education Act, formation of a new school municipality to comprise the territory in this school municipality and that of the Richmond Protestant school municipality, for Protestant purposes only, and that the new school municipality be divided into seats, one of which will be the present school municipality of Windsor-Brompton."

Mover was Mrs. Jessie Mason. Also present at the board meeting was Kenneth Dowd of the Richmond-Drummond-Arthabaska Central School Board, a senior body under which both Windsor and Richmond boards fell.

He had told an earlier meeting of parents that the move would give them a voice in running St. Francis High School, where their children already attend senior grades, but might mean a fraction-of-a-mill tax hike.

Board Chairman Michael Plandin stressed that the move concerned mainly the future of secondary education in the district, now suffering a 50 per cent drop-out. It was a step toward a technical academic high school up to urban standards.

It would not, he said, mean closing the elementary grades at the Windsor-Brompton school.

Shipton refuses to pay \$30 bill of toll group

SHIPTON — (Special) — The town council refused this week to pay an account of \$30, which they received recently from a committee which was working to abolish toll charges on the bridges leading into Montreal. The council took the same stand, in bringing down this decision, as had been taken by other municipalities in this county.

A letter was received from the Minister of Roads advising the council that they could be held responsible for damage caused by spring runoff, if the ditches were not properly cleared, and damage was caused to government roadways.

A delegation from Tingwick, comprising of the town council and members of the school commission, met with the local council to discuss the possibility of making improvements to the routing named La Grande Ligne, in Shipton county.

The subject will be studied after the roads are clear of snow and ice.

COATCOOK —

Mr. Wayne Bishop was a weekend guest of Mr. and Mrs. Stanley Beerworth and family. Mr. Robert Beerworth and Miss Irene Cromwell accompanied him back to his home in Rock Island, on March 10.

Prompt action on snow dump danger

The city's prompt attention to the snowpile blocking the main channel of the St. Francis River near the Joffre Street bridge is to be commended.

The delay that seemed inevitable following arguments over who should work on the problem has not materialized. The mayor appears to have carried the day. A power shovel is busily carving a channel through the snow dump.

There is probably still disagreement among council members as to whether or not this method will prove successful. It will be remembered that prior to this Monday's meeting the best technical advice that could be obtained held that the city was not equipped to do the job properly. Mayor Nadeau disagreed, and is now in the process of proving his point.

The important thing for the moment is that a constructive approach to the problem has been adopted. Now, it is

important that properly qualified personnel keep a close watch on the situation. There may yet be need to call in outside experts to prevent large-scale flooding during the spring breakup.

If, as the days go by, it becomes apparent that what the city is doing will not be enough to eliminate the danger, there should be no hesitation in requesting and accepting aid from other experienced and qualified sources.

This is not a matter of prestige, though some councillors may think it is. It is a simple matter of safeguarding the property and perhaps the lives of Sherbrooke citizens.

Council discharges its responsibilities properly when it adopts a course of action — whatever that course may be — that achieves this goal with efficiency and with despatch.

Too often an ulcer joins the worry and overwork that leads to financial success.

Off-beat tactics revive old doubts

Every time someone begins to suspect that perhaps Mr. Pearson is a good political leader after all, something happens that revives old doubts.

Last June, there were those grandiose pie-in-the-sky promises enshrined in party leaflets.

This time, Mr. Pearson appears to be avoiding this approach, stumping the country instead with some straightforward talk and not a few common sense ideas.

But other things have appeared that give rise to the same old doubts.

There are those coloring books, for example, borrowed from a not-too-amusing fad now sweeping the United States. They poke fun at Prime Minister Diefenbaker in that type of humorous vein that can be most kindly described as "sick."

In this school of comedy, "color him dead" is the caption under a picture of a defeated candidate.

And then there is the "truth squad" which made its debut in Moncton this week. It follows the Prime Minister around, attends his rallies, listens to his speeches, and as the rallies break up,

distributes copies of allegedly truthful versions of what the Prime Minister has just said.

It is not the tactics themselves that are so disturbing. It is what they do to Mr. Pearson's image. Neither the coloring books nor the "truth squad," we would hazard, are Mr. Pearson's ideas, unless the country has been sadly hoodwinked as to Mr. Pearson's real character.

Rather, they are the creations of those who have a flair for the flamboyant sales technique.

Nor, we would suggest, have these innovations the approval of Mr. Pearson. He has doubtless been convinced by someone that however distasteful they might be, they are necessary to success at the polls.

Whatever the merits of this argument might be, these tactics appear to indicate again a sometimes distressing campaign tendency for Mr. Pearson to bow to other advice instead of using his own good sense. It would be better in this case if Mr. Pearson were to follow his own conscience.

It's easy to get a well-done steak—just order it rare.

This is one way to keep Dad fit

Senator George McGovern of South Dakota probably rates some kind of citation for physical fitness.

Every day the senator arises at 5 a.m. and walks a brisk two miles. This unusual enthusiasm for hikes was not motivated strictly by health reasons. It's all his son's fault.

The youngster caught the flu and was unable to keep up his paper route. And because replacements were hard to find, the senator decided it was his fatherly duty to go ahead with the work himself.

President Kennedy has been urging the American people to do regular exercises to keep trim. This has resulted in a spite

of 50-mile walking marathons with the president's own press secretary Pierre Salinger leading the walkers in at least one outing.

Senator McGovern's abbreviated version of the hike has several advantages for people who have their newspaper delivered at home. It is unlikely that the senator is trying out for a Little League team, so he won't be pitching the paper from the sidewalk to the front porch to get the kinks out of his arm.

It's just possible that middle-aged newspaper carrier boys will become a common sight.

SHAKE!

The readers say:

Essay writer worthy representative

Dear Sir:
On Tuesday, March 12, you published a letter from Mr. H. Holt of Windsor which criticized the "generalities, half and quarter truths" contained in an essay written by Roger Dougherty, one of our students.

Several weeks ago a representative of the Sherbrooke Daily Record contacted me and asked if an essay written by one of our students could be included in a series of students essays to be published during Education Week. Our English teacher assigned a 300-word competition to be written in class by grade 10 and 11 students. Four were selected as being best suited for the general readers. I picked this particular composition because of

the inspiration Roger's many friends would derive.

On January 11, our community was shocked to learn of the tragic death of Roger's father, Mr. Osborne Dougherty had parked his truck, with its signals flashing, when a small car crashed into the back. While Mr. Dougherty struggled to ex-

Letters to the Editor must bear the signature and address of the writer. If a nom de plume is desired, the identity of the writer will be kept confidential.

tricate the driver, a second automobile crashed at high speed, demolishing the first vehicle, killing Mr. Dougherty.

Those of us who have lost a member of the immediate family know how difficult it is to maintain our courage and sense of justice. How greatly this is aggravated when death is tragic and, to our understanding, needless. Frequently we retreat from, or evade confronting, or shirk our responsibilities, for the cause of disaster. Were I in Roger's position, thinking of what happened, pondering

"WHY," I hope I would be man enough to stem self-pity and write as reasonably in an attempt to spare someone else similar tragedy.

The teachers of Pope Memorial feel a pupil has matured when he accepts responsibility for his goals and the work necessary to achieve these ends. Several years ago I was amazed to learn that Roger drove a tractor for having and had full care of a flock of hens. This winter Roger had to leave school temporarily when one of his sows gave birth to a litter of 20, making a total of 140 from this proud mother. Money from the sale of the weaned piglets is deposited in a special bank account for Roger's education; e.g., money handles his current expenses.

As principal, I am pleased to have Roger's composition represent our school. As a man who admires good citizenship, I am proud to have my name associated with Roger Dougherty.

Yours very truly,
A. N. Sutherland,
principal.

Pope Memorial School, Bury.
(ED. NOTE: Correspondence on this subject is now closed).

Correction

Dear Sir:
In reference to the letter I wrote you in answer to the letter signed (Reader) the price I quoted was 2 cents per lb. which was \$4.00 each for 200 lb. pigs. Please correct this.

Yours truly,
Isaac Burns,
Ottawa, Ont.

Parents should teach good manners

Dear Sir:
I burned up when I read the reason given for the dismissal of Chief Andre Bessette, of North Hatley.

When I read the part about the foul language at the rink well, I think the parents, not the policeman, are to blame for that.

If those same teenagers were properly disciplined at home, these would be an ingrained sense of decency that would prevent them from acting up and using such talk.

Come on, parents, instead of passing the buck to the policeman, hunt up your old,

flat backed hair brush and teach those teenagers some manners.

For it seems their lack of respect and nasty talk is all you have against Chief Bessette.

Thank you,
Mrs. A. Marchant,
Sherbrooke.

Use windstorm as a weapon

Try to slash imports of lumber

WASHINGTON (CP) — Using the ravages of a costly windstorm as a weapon, a group of U.S. legislators is attempting to slash imports of Canadian softwood lumber through a series of legislative proposals now piling up in congressional committees.

Because of tax and other issues getting priority attention, it may be months before the congressional showdown stage. But there is a fear among some Canadian authorities that one or two elements of the restrictive proposals may slip through Congress.

for the platforms. Reporters covering meetings of the various parties will do so with an impartiality rivalled only by that of their copy editors.

In most cases the editorial pages will carefully deal with issues as they come up but unless there are some unusual developments in this election most of the newspapers will not even attempt in their editorial columns to influence voters.

On the other hand, most newspapers in Canada are anxious to see strong government restored at Ottawa and a great deal less of the political skirmishing which went on in the 25th Parliament. It was in that parliament where Mr. Berger and the other members made a remarkably poor showing for the national good.

Sarnia Observer

gress, pinned to some other approved measure.

In that case President Kennedy can block protectionism by exercising a legislative veto. There is a large measure of opinion—on both sides of the lumber issue—that Kennedy would do exactly that.

Canadian lumber exporters sell about \$200,000,000 worth of softwood in the U.S. annually, accounting for about 15 per cent of the American market. American producers, seeking curbs on imports, appealed to the tariff commission for help but the commission found its hands were tied under Kennedy's new Trade Expansion Act.

Domestic pressure then switched to Congress and within a few weeks more than a dozen resolutions blossomed—most of them patterned on similar lines—calling for a slash on imports to a limit of six per cent of U.S. consumption. This would cut Canada's share of the U.S. market to about two-fifths of the present flow.

This squeeze on imports would be maintained, under the resolutions, for a period of three years to rid the U.S. of a huge timber surplus suddenly arising in the Pacific northwest through a disastrous windstorm last Oct. 12 which ripped through forestry reserves in three states.

An estimated 11,600,000,000 board feet of timber was blown down in that storm. If this is not harvested in the next two years, large forestry holdings

may become infested by beetles, feeding on rotting timber.

While the demand for a six-per-cent import quota forms the bulk of the resolutions, others would force importers, by law, to stamp softwood imported from Canada as "made in Canada" so that the U.S. government could impose "buy American" restrictions on the use of Canadian lumber in government operations.

One proposal would ban the use of Canadian lumber in all U.S. housing financed by federal housing loans.

LOST THEIR HEADS

Among the treasures of New York's American Museum of Natural History are 35 smoked human heads "lavishly tattooed."

Militant separatists

A rendezvous with Suicide Commandos

By JOHN WALSH

MONTREAL — (TNS) — I had a shadow rendezvous here with the self-styled Suicide Commandos of the Front de Liberation du Quebec.

It was a real life cloak-and-dagger effort: I didn't know where I was going, who I was to meet. I was warned beforehand that if I behaved as an "enemy" I'd have to take the consequences.

The Front de Liberation du Quebec, for the sake of the record, is Quebec's militant group of separatists.

They claim credit for the Molotov cocktail assault on three Montreal military armories and have gone on record as saying that they will liberate Quebec from British colonialism "to the last drop of Quebec blood."

The relatively minor uprisings, in relation to damages, is a cause of deep concern to the Royal Canadian Mounted Police and other security forces.

While police believe the organization is relatively small and are of the opinion that their do-or-die promises are vastly exaggerated, they want to stamp it out now.

They fear it could snowball through the actions of groups of irresponsible youths or radicals and eventually pose a larger problem.

It took more than a week to line up the meeting with the leaders of the FLQ.

For three days I sat in cocktail bars, beer parlors and restaurants waiting for my contact to arrange things.

The FLQ granted me the privilege of writing down a series of questions regarding their activity: this questionnaire would be transmitted to them by a runner and I subsequently would be called to a meeting place where I would get my answers.

AT LAST

I got them finally after a taxi ride in which the driver was told where to go, street by street, to the rendezvous point in the city's central east end.

The driver was ordered to stop. My guide got out—after first warning me to remain where I was—and walked to the nearest intersection where he met a man.

My guide was handed an envelope and returned to the cab. The envelope contained answers to 15 of my 16 questions. It also contained a card identifying the carrier as a saboteur in the ranks of the Army of La Republique du Quebec.

The only question ignored concerned the number of active members in the party.

'AT WAR'

The commando - saboteur FLQ believes: Quebec is at war and occupied by Anglo-Saxon forces.

The only solution to Quebec's eventual political and economic liberation is by direct force.

Hostilities have already begun; example, the assaults (by Molotov cocktails) on the Canadian armories. The FLQ insists its com-

mandos are perfectly trained and equipped for action. Its members are sworn to fight to the death.

Members claim that most of them are born of Catholic parents: "We are motivated solely by the domination of the Anglo-Saxon on the political, social and economic conditions of Quebecers."

A DENIAL

The FLQ is emphatic in denying outside interference or sympathy with rebel movements in other countries.

But, it added, it was happy to see that General de Gaulle is not allowing the Anglo-Saxons to dominate him.

The flag of La Republique du Quebec to be hoisted by the militant commando-saboteurs after the liberation will contain the basic tricolor of France—red, white and blue.

The FLQ says the blue symbolizes the French origin of the Quebecer. The white is for the purity of the movement's motives in its fight for liberty. And the red star for "la revolution."

'A PASSPORT'

The FLQ saboteur's ID card, which the movement labels a passport, is headed by "Republique du Quebec" and bears a replica of the flag on the right hand corner.

It lists the passport number, the name of the holder, his civil and professional status and his residence.

It carries all other pertinent information regarding his operational area, and his functions.

Bygone days

TWENTY YEARS AGO
(From the Record of Monday, March 15, 1943)

The Sawyerville Women's Institute met at the home of Mrs. J. V. Staggs for its annual meeting. Mrs. Hunt took the chair and read the slate of officers for the ensuing year, which was accepted as follows: President, Mrs. Ben Neil; first vice-president Mrs. Charles Burns; second vice-president, Mrs. George Halliday; secretary, Mrs. George Stainthorpe; treasurer, Mrs. V. Hurley.

FIFTEEN YEARS AGO
(From the Record of Monday, March 15, 1948)

At the annual meeting of the Stanbridge East Branch of the Canadian Red Cross Society, the following slate of officers and conveners were duly elected: Rev. W. J. White, honorary president; Mrs. C. Thornton, honorary vice-president; Mrs. F. L. Corey, president; Mrs. Donald Blinn, first vice-president; Mrs. J. O. Larocque, second vice-president; Mrs. C. S. Moore, third vice-president; Miss Henry, fourth vice-president; Mme. George Tremblay, treasurer. Conveners, Miss Brenda Henev, Mrs. Harold Blinn, Mrs. Stephen Davitt.

TEN YEARS AGO
March 15, 1953, fell on a Sunday.

TODAY IN HISTORY

By THE CANADIAN PRESS
March 15, 1963 . . .

French navigator and pioneer Samuel de Champlain sailed from France 360 years ago today—in 1603—to visit Canada and make a reconnaissance trip up the St. Lawrence as far as the Lachine Rapids. In 1604 he took part in the founding of Ste. Croix and the following year was among the founders of Port Royal. He explored and mapped the Acadian and New England coasts and in 1607 returned to France. In 1608 he founded Quebec and spent the rest of his life developing and strengthening the colony there. He died at Quebec City in 1635.

1917 — Czar Nicholas II of Russia abdicated.

1843 — Father Bolduc landed on Vancouver Island to become the first priest there.

Bishop's University,
Lennoxville, Que.

of the Official Board of the United Church, held in the hall of Beulah United Church, and presided over by Rev. G. Joyce.

Friends of Miss Florence Gooey will be pleased to learn that she is home again, after a stay in hospital for treatment. Mr. and Mrs. Jack Turnbull, Mr. and Mrs. Stanley Cromwell, Mr. Stanley Beerworth and Sandra, were in Sherbrooke calling on Mr. Gordon Beerworth, a patient in the Sherbrooke Hospital. Mrs. Gordon Beerworth, Mr. Stanley Beerworth and Mr. Hubert Grenier, were also callers on Mr. Beerworth on Sunday afternoon.

Men given suspended sentences

Two brothers were given suspended sentences Tuesday on charges of assault with violence after they admitted beating up a man who had been following them everywhere they went and provoking them. Judge Evender Veilleux imposed the suspended sentence Jean-Louis Oumet, 23, and Jean-Louis Oumet, 20, both living near Dixville, after leniency had been suggested by both the defence and Crown attorneys. They were charged with beating Jean-Yves Saucier of Coaticook.

Eaton

Mr. and Mrs. Douglas Grimes of Winnipeg, Man., accompanied by the former's parents, Mr. and Mrs. James Grimes, of Montreal, were visitors of Mrs. Charles Picard and Mr. Picard.

Mr. and Mrs. Guy Locke, of Pittsburg, N.H., were guests of the latter's father and brother, Mr. Bert Harrison and Mr. Gordon Harrison, and Mr. and Mrs. Harrison and family. Mr. and Mrs. Mota and family, children of Scotland, are spending an indefinite time at the home of Mrs. Mota's sister, Miss Doris Lake.

Mr. and Mrs. Clyde Taylor were weekend guests of their son, Mr. Robert Taylor, in Montreal. They also visited Mrs. R. Taylor and their first grandchild, James Scott.

Sympathy is being extended to Mrs. E. Lowry and Mrs. John Bain, of Birchton, in the death of their aunt and sister, Mrs. Edwin Quint, of Scotstown.

Friends of Mr. Geo. Marner and Mrs. Robert Harbinson Jr.'s

Council decides builder must have required parking

Sherbrooke council decided Monday night that if a 15-unit apartment building is to be built with less parking space than is stipulated in a city bylaw then the builders must obtain the consent of the people in the affected area.

A 15-unit building in construction at the corner of Sanborn and Gordon Streets will be provided with parking space for only 13 vehicles if the city council authorizes the action.

The municipal bylaw compels people who build houses that they be provided with parking space equal to the number of rooms in the building, and council decided to abide by it.

According to Aldermen Gerard Berard and Paul Gervais if European cars (smaller than the average car) were to be parked here there would be plenty of space in the parking garage.

Furthermore the Aldermen added, not everyone has a car. Alderman Amedee Roy commented that the city has passed a bylaw that necessitated a 300 square foot area for every room in any structure and the bylaw should be adhered to.

mother, Mrs. Gammon, will be sorry to learn that they are patients in the Sherbrooke Hospital.

The Misses Patricia and Sharon Hodge, of Sherbrooke, were weekend guests of their parents, Mr. and Mrs. Kenneth Hodge.

William Pitt, the 18th-century prime minister of Britain, is reputed to have wished for a meat pie in his last words on his death bed.

Windsor hires chief for a 3 month tryout

WINDSOR — (Special) — Marcel Lavigne, a sergeant with the Asbestos police department, has been hired by the Windsor municipality, on a three month trial basis, to serve as chief of police of that town. He started his term Thursday.

Mr. Lavigne who had been with the Asbestos police force since April 19, 1951, held the rank of sergeant from 1954. He has the qualifications of detective, and has worked on many cases in Asbestos. His training in firefighting excelled when battling the fire in May 1962, when eight persons lost their lives in a gas explosion, here.

The Asbestos town council has granted Mr. Lavigne a leave-of-absence, to permit him to try-out the new assignment.

MARCEL LAVIGNE

A. Robert is appointed Stanstead area warden

STANSTEAD — (Special) — Antoine Robert, mayor of the Village of St. Hermengilde, was appointed warden of the County of Stanstead at the March meeting of the county council, held on Wednesday at Ayer's Cliff.

Other appointments were Mayor Raymond Bachelier, of Ogdenville, and Mayor Kenneth Little, of West Hatley, and Roland Giroux, of Barnston Township, with the warden, as members of the board of delegates. Robert Brelaut continues

as secretary-treasurer of the county.

The 1962 financial statement was adopted and as it showed a surplus of \$1,540.15, the tax rate for 1963 was lowered from 35 cents per \$1,000, to 30 cents per \$1,000, with the special rate for County Health Unit remaining at 15 cents per \$1,000.

A finance committee, consisting of former warden, Ed. Struthers, of Stanstead, Mayor Hugo LaPenna of Beebe, and Ernest Gauthier Mayor of Ste. Catherine de Hatley, recommended that grants to the several county associations be continued as in 1962, and this was approved.

COMPTON-FRONTENAC Continued From Page 1

that he was withdrawing from the race in favor of Mr. Dougherty, Art Bennett "got several things off his chest." He was particularly critical of the disinterest shown by many of the party supporters in the riding and was bitter over the poor showing made by Compton-Frontenac Liberals in attending the Pearson rally in Sherbrooke Tuesday night.

Other candidates for the nomination limited their remarks to the need of selecting a candidate capable of defeating Henri Latulippe who carried the riding for the Social Credit forces in the June, 1962, election.

While the voting for candidate was underway in the lower hall, Liberal policies were explained to the non-delegates upstairs by Fernand Joyal, Liberal candidate for Sherbrooke in 1962.

Already nominated to contest Compton-Frontenac were Henri Latulippe, Social Credit, and Mrs. Lionel Gobeil, Progressive Conservative.

STANBURY —

Mrs. Florence Hunter has returned home after spending the winter with her son-in-law and daughter, Mr. and Mrs. Patrick Fee, in Branchton, Ont. Mrs. Hunter is now much improved in health, after undergoing surgery in a Hamilton, Ont. hospital.

Mr. Douglas Crosby is recovering nicely from his recent injuries.

Richmond

Mr. and Mrs. Bothwell Skilken, of New London, Conn., and Mr. and Mrs. Norman Skilken, of Covansville, were weekend guests of Mr. and Mrs. Harry Rick, while here to attend the funeral of Mrs. Kenneth Skilken. Mr. and Mrs. Arnold Tibbitts, Peter and Lynn, of Sherbrooke were guests at the same home.

Mrs. Harry Rick accompanied Mr. and Mrs. Skilken home to New London, to spend a few days.

Friends of Mrs. Frederick Driver will be sorry to learn that she is ill at her home.

Miss Judy Henderson, of Montreal, spent the weekend with her mother, Mrs. J. E. Henderson.

Friends will regret to learn that Mrs. Ira Patrick is a patient in the Sherbrooke Hospital.

Mr. and Mrs. Paul Menard spent the weekend in Montreal, guests of Mrs. R. G. Scott and also visited Mr. Scott, who is quite ill, in the St. Charles Borromeo Hospital.

Rev. John McCaffrey, of St. Willibrod's Church, Verdun, will be the guest speaker at St. Patrick's banquet, being held at the Brunswick Hotel on Mar. 16, at 7 p.m.

JEWELLED PAGODA
The Shwe Dagon pagoda in Rangoon, Burma, is topped by a crown studded with \$150,000 worth of gold, rubies, emeralds and diamonds.

GLEN MURRAY —

Mr. Donald Graham and Mr. Ron Augustine, of Macdonald College, were weekend guests of Mr. and Mrs. Weston Graham.

In Memoriam

ROUTIN — In loving memory of our dear little daughter and granddaughter, Carol Routin, who left us two years ago on March 15th, 1961.

March comes with deep regret, it brings back a memory we will never forget.

Life goes on and years pass by but treasured memories never die. Many a lonely heartache, often a silent tear.

Always a beautiful memory of one we loved so dear, fondly remembered and sadly missed by.

MUMMY AND DADDY MARCEL, ROBERT AND JOANNE GRANDPA AND GRANDMA BURGESS

CHARBON, CHARLES — In fond memory of our loved one, who passed away, March 15th, 1961.

No matter where we are, no matter what we do, to us, "dear pop," you are not far.

Remembered by, CLIFF, LIL, WAYNE & SHERRY

CHARBON — In loving memory of my husband, Charlie, who passed away, March 15th, 1961.

I have thought of you so much today, but then that's nothing new, I thought about you yesterday, and the day before that too.

Things have changed in many ways, in the two years since you've been gone.

To me it seems like ages, time has been so long, somewhere back of the sunset, where loveliness never dies.

You dwell in the land of Glory, midst the blue and the gold of the skies, Someday when life's journey is over, I'll follow the path you trod, And join you back of the sunset, O'er the beautiful hill with God.

Always remembered by, Your wife FLORENCE

DAMON — In loving memory of our mother, Mrs. Martha Lowry Damon, who passed away March 12th, 1961, and our sister Mrs. Ethel Lowry MacNabb, who passed away February 26th, 1959.

Always remembered by, THE FAMILY

Card of Thanks
BURBANK — I would like to express my sincere appreciation to all those who called on me, sent flowers, cards, letters and gifts during my stay at the Sherbrooke Hospital. I especially want to thank Dr. MacLeod, Dr. Smart, the nurses and nurses-aides on the 4th floor for being so kind and thoughtful. Thank you.
MRS. HOWARD BURBANK
Waterloo, P.Q.

EAST ANGUS —
Mr. and Mrs. Brenton Westgate, David and Judy, of Ville St. Laurent, were weekend guests of Mr. Westgate's parents, Mr. and Mrs. J. Westgate. Weekend guests of Mr. and Mrs. Murray Labonte were, Miss Karen Labonte, Miss Rita Kahn and Messrs. Jimmie and William Hutchinson, Montreal.

Friends of Mr. Raymond Campbell, will be sorry to hear that he is a patient in the Sherbrooke Hospital. Mrs. Campbell has returned home, after spending ten days in hospital, following an accident.

The island continent of Australia was claimed for Britain in 1770 by Capt. James Cook during his circumnavigation of the globe.

Births

Interviews by appointment only.

Women's group in the news

TRINITY U.C.W.
The United Church Women of Trinity United Church held its regular monthly meeting in Wesley Hall on Tuesday, March 12, with the president, Mrs. George Hall, in the chair.

The devotions were conducted by Mrs. J. Burnell, assisted by Mrs. F. Falconer and Mrs. B. Hyatt, with Mrs. G. Barr at the piano. Routine business was conducted with the various standing chairmen giving their reports.

It was decided to provide a Mother and Daughter Banquet

on April 9.

The president announced that the April meeting would be the occasion for a Thank Offering and that Miss Sandell, a returned missionary would be the special speaker.

Mrs. R. Bauman of the Social Committee announced that the annual Spring Tea would be held on Thursday, May 2.

Miss Bessie Hess was in charge of the program which took the form of a Spring Hat Showing. The modish and becoming hats were presented by Mrs. M. Math and Mrs. Vallee. The models were Mrs. J. Allen, Mrs. G. Armitage, Mrs. K. Broadbelt, Mrs. G. Parenteau, Mrs. L. Curtis and Miss Frances Allen.

Miss Verna Hatch acted as commentator with Mrs. A. St. Onge playing suitable music at the piano.

At the conclusion of the presentation, Mrs. Bauman expressed the thanks of those present and to all who had helped in any way.

During the showing of the hats refreshments were served by the hostesses, Mrs. B. Crawford, Mrs. W. Curtis and Mrs. T. Cadman. The guests were seated at small tables tastefully decorated in honor of St. Patrick.

PHILATHEA UNIT
L'VILLE U.C.W.

The Philathea Unit of the Lennoxville United Church women, made plans for the annual Sugar On Snow and Crockinole Party to be held in the Scott Hall on March 30, at their regular meeting held in Douglas Hall, Queen Street, with the leader, Mrs. Hugh L. Wallace presiding.

Mrs. Lyman Rothney, opened the meeting with a Bible reading and prayer and read an article outlining the difference in marriage laws between India and Canada.

Plans for the Sugar Party were completed. The menu to be as usual sugar on snow, coffee, doughnuts and pickles. Crockinole and games will be played with supervised entertainment for the younger children and the usual door prizes. Reports showed that mem-

bers had assisted with an evening church service and with the Girl Guide Mother and Daughter banquet. Several visits had been made to sick and shut-ins and newcomers.

Mrs. Douglas Baldwin, was a guest at this meeting and outlined the use made of the missionary givings and the allocation, and stated that the Annual Silver Tea had been cancelled for this year and that voluntary donations were being solicited to replace this with the hope that it would be put back on the agenda for another year. Envelopes were distributed for these donations.

Mrs. M. Sewell was welcomed as a new member.

Donations were brought in for the baby and children's table for the June Bazaar and novelties and fancy work solicited for the next meeting which will also be Secret Pal Night.

Refreshments were served at the close, and guests welcomed by the hostesses, Mrs. Harold W. Worster, Mrs. Harold Robertson, Mrs. Lorne Butler and Mrs. Hugh L. Wallace.

Mrs. Roy Suitor poured at the lace covered tea table centered with a St. Patrick's arrangement of green candles in milk glass holders, complete with a dainty music making Colleen on a matching pedestal.

BETA SIGMA PHI EXEMPLAR CHAPTER

The first of two meetings to be held during the month of March took place at the home of Mrs. R. H. Blackmore.

After the Opening Ritual the secretary Mrs. N. F. Labarge called the Roll.

The president, Mrs. W. Richardson, asked for the minutes of the last meeting which were read by the secretary.

Mrs. Richardson then asked for a full report on the plans for Beta Sigma Phi's Art Exhibition to be held at Howardene, with permission of the Sherbrooke Council.

Mrs. Ken Herring, co-convenor of the Art Exhibition reported plans were running smoothly for the exhibition which would be held on April 6 and 7 from 2:00 - 9:00 p.m. on Saturday and 11:30-5:00 p.m. Sunday.

Over 100 invitations to exhibit had been sent out to local painters and immediate response was very encouraging.

Mrs. Herring pointed out that a Trophy and cash prize would be presented for the best paintings submitted by students between the ages of 16 and 21 years, from local Schools and Colleges. Art Teachers in the area had been contacted and were co-operating in this project.

Mrs. Richardson distributed tickets for the Art Exhibition to members and asked for their co-operation towards the success of the Exhibition, which is the Chapter's main source of funds to keep up the work of the Child Welfare Clinic. Tea will be served during the Exhibition at a nominal charge.

After the business meeting, Miss Madeleine Beaudry presented an excellent paper entitled "Emotions and Thinking" which described how it was possible to minimize the fears, irritations and frustrations of daily living by coming to grips with one's emotions and by practising the art of positive thinking and physical relaxation which made for perfect coordination between mind and body.

Mrs. F. White, program chairman, thanked Madeleine and gave a short introduction to a future paper comparing the authors' styles in two short stories both of which, although belonging to different centuries preserved the ageless quality of humor.

The evening concluded with a social period and refreshments.

Polly's pointers

by Polly Cramer

DEAR POLLY — After having antifreeze put into your car, a tag containing all the pertinent information (date, quarts, etc.) should be securely fastened to the car's sun visor. By keeping up with the weather reports, a quick glance will determine whether additional antifreeze is needed. Your wife will certainly appreciate this. — E.C.

Another of our boy friends ready to help the girls. —

POLLY

DEAR POLLY — Make a bulletin board for the children's room from a large cardboard box. Simply staple two large sections together to give it thickness and then cover the edges with cloth or plastic tape in a color to harmonize with the room. Thumbtacks will hold in this cardboard as well as in a regular bulletin board.

— Mrs. J. F. H.

DEAR POLLY — To prevent soap from dropping to the bottom of the tub when you're taking a shower, bore a hole through a bar of soap, put a

string through the hole and hang the soap around your neck. Or, tie the string around one of the water faucet knobs in a shower stall. — ANNE.

GIRLS — I think the boys in your households will love that one. An orange stick is good for punching the hole. —

POLLY

DEAR POLLY — If paper is stuck to a varnished tabletop, do not try to scrape it off with a knife. Pour on olive oil, a few drops at a time, and rub with a soft cloth. Repeat until the paper is all off.

— Mrs. L. C. B.

DEAR POLLY — That ring in the bathtub is less of a problem when a fair-sized piece of light-colored nylon net is used to wash the sides of the tub while emptying bath water. This eliminates the necessity of using cleansers so often. —

MRS. H. S.

GIRLS — I like a nylon net scrubbing rag, made of two thicknesses sewn together, when cleansers are used, too. —

POLLY.

Ruth Millett

Art of second thinking

After using a desk calendar for some time, I happened to notice in fine print a "thought for each week that gave me a few second thoughts. (The second thought are in parentheses)."

"The best time to put the children to bed is when you can." (Or when you can't stand them any longer.)

"A good idea that is shared with others will live forever." (Especially if you can make others think it was their idea.)

"People who live in glass houses are interesting neighbors." (Better draw the draperies on that picture window.)

"When all is said and done, it's best to leave it that way." (Also, it's time to say "good

night" and go home.)

"The wise can learn by listening to the ignorant." (But vice versa is safer.)

"About the time you catch up with the Joneses, they re-finance." (But, that's one thing you've probably already beat them to.)

"Men do not stumble over mountains, but over mole-hills." (And, also their kids' roller skates and toys.)

"Few men have ever repented of silence." (But their wives have sure been bored.)

"Morning comes long before you are ready for it." (And that goes double for Mondays.)

"A contented man can't be sold a thing." (Who's that contented?)

"A bachelor is a man who thinks twice before saying anything." (Except, "Well, I'll be seeing you around.")

"The person who has everything should be quarantined." (But you'd still have to try to figure out what to give him for Christmas.)

"Budgets are not merely affairs of arithmetic." (They're also something nobody seems able to stay within.)

Personals

Mrs. Wilfred Laurison, Lennoxville has returned from Valois where she was the guest of Mr. and Mrs. Donald Cathcart over the weekend. She also attended the Tuesday session of the Montreal-Ottawa Synodical held in Melville Presbyterian Church, Westmount.

Tea wagon visits city

A spotless, gleaming white tea wagon passed through Sherbrooke, Wednesday morning, during a goodwill tour of the Eastern Townships and the St. Lawrence Valley areas.

The tea wagon, visited residents as well as press, radio and television personnel, to serve them with refreshing cups of hot tea.

Staffed by three charming hostesses, Helen Polissier, Audrey Donovan and Ghislaine Trudeau, this 3½ ton mobile unit will be the attraction wherever it goes. This modern kitchen on wheels has travelled to many places in Quebec, attending church and charitable functions, winter carnivals, sports events and other affairs, serving complimentary cups of delicious tea.

SPOTLESS KITCHEN

The unit is capable of serving some 300 cups per hour. Within its spotless interior, the hostesses are able to work with modern conveniences in preparing tea as it should be prepared. Equipped with its own power plant, refrigerator and public address system, the unit is completely self-contained. Pleasant music can be provided by a compact three speed record player within the Tea Wagon.

On its current goodwill tour, the Tea Wagon will provide a relaxing and refreshing interlude on its many stops.

GOOD FOR BLOOD

Almost all kinds of seafood are rich in iron—needed to produce rich, healthy blood.

Today's recipe

CHOCOLATE BREAD PUDDING

Heat 2½ cups milk to scalding and pour over 1½ cups soft bread crumbs. Mix 4 tbsp. cocoa with ¼ cup hot or cold milk until smoothly blended and add to bread mixture.

Stir in ½ cup of firmly packed brown sugar — more if you like a sweeter pudding, 2 tbsp. butter, 1 tbsp. vanilla and ¼ tsp. salt. Mix together lightly and cool.

Stir in the yolks of 3 beaten eggs and then fold in the stiffly beaten whites of eggs. Pour into buttered pudding dish, set in pan of hot water and bake in moderate oven (350 d. F.) about 45 minutes or until knife comes out clean when inserted in middle of pudding. Serve with cream.

BLACK BOTTOM PIE

Combine ½ cup sugar with 1 tbsp. cornstarch and blend. Slowly add 2 cups scalded milk to 4 beaten egg yolks and then stir into sugar mixture. Cook in top of double boiler stirring over hot water until mixture coats a spoon — do not have water boiling but just hot.

Remove from heat and add 1 tsp. vanilla. To 1 cup of the

mixture add 1 6-ounce package (1 cup) semi-sweet chocolate pieces. Stir until melted.

Four into bottom of cooled baked 9 inch pie shell. Chill.

Meanwhile soften 1 envelope unflavored gelatine (1 tbsp.) in ¼ cup cold water; add to remaining hot custard mixture and stir until dissolved. Chill until slightly thickened.

Beat 4 egg whites till soft-peaks form. Gradually beat in ½ cup sugar and continue beating until stiff peaks form.

Fold into custard - gelatine mixture. Then pour over chocolate layer and chill until set.

Garnish with unsweetened shaved chocolate and if you wish add slices of bananas cut on the bias.

Let young daughter try her hand at making these simple.

CHOCOLATE NUGGETS

Combine 1 package semi-

sweet chocolate chips, 2 cups coconut, ½ tsp. baking powder and ¼ tsp. salt. Add 1 tsp. vanilla and ½ cup sweetened condensed milk.

Drop from teaspoon onto lightly greased baking sheet and bake in slow oven (325F.) 12 minutes or until delicately browned.

Makes 26 macaroons. (TNS)

Beat 4 egg whites till soft-peaks form. Gradually beat in ½ cup sugar and continue beating until stiff peaks form.

THE WORLD OF SPORTS

Coach Bobby Kromm feels team is at last rolling, confident they can beat Sweden despite injuries

STOCKHOLM (CP) — Ailing once tied, has nine points. The but happy after their 12-2 romp over Finland, Trail Smoke Eaters lay their third chances on the line tonight against defending champion Sweden in a vital game of the world hockey championships that has been sold out for weeks.

The Smoke Eaters trail the first-place Swedes by a single point and must win their two remaining games to nail down the title. The Canadians play Russia in the final game of the 10-day tournament Sunday.

Two more wins would give the Trail club 13 points, a winning total even if Sweden should win its last game against Czechoslovakia Sunday. In that event, Sweden would finish with 12 points.

Coach Bobby Kromm feels that after the way the Smoke Eaters clicked against Finland Thursday, they can't be stopped.

"We're really rolling along and I don't think anything can stop us now," he told reporters after the game.

VICTORY SWEET

A victory over Sweden would be especially sweet for the Canadian team. During their stay in Sweden, Canadian players have been insulted, spat at and ridiculed in the Swedish press.

An official of the Swedish Ice Hockey Federation said he personally had "great respect" for the Canadians and that they showed "real courage" against the Finns because of their injuries.

Forward Hugh McIntyre is lost to the team for the remainder of the tournament due to a leg injury, goalie Seth Martin has a shoulder and back trouble and veteran Jack McLeod had a high fever when he played Thursday. He refused a doctor's advice to remain inactive and collected three assists.

In the top bracket, two other fifth-round games were played. Once-beaten Russia upset Czechoslovakia 3-1 Thursday night after the United States won its first game of the tournament, defeating West Germany 8-4. But the West Germans were without the services of both their regular goalies due to injuries and had to substitute a forward who never played goal before.

The Swedes, idle Thursday, have won all five starts and lead the championship group A with 10 points. Canada, unbeaten but

once tied, has nine points. The Canadians have won four and tied the Czechs 4-4. Russia is third with four wins and one loss for eight points and Czechoslovakia dropped to fourth place with three wins, one loss and one tie for seven points.

Today's group A schedule (times EST): Czechoslovakia vs. Finland 6 a.m. Russia vs. United States 10 a.m. Canada vs. Sweden 2 p.m.

FORHAN IS STAR

Bob Forhan was the scoring star against Finland with four goals. Harold Jones picked up three goals and an assist. Gerry Penner and Don Fletcher with two apiece and Norm Lenardon were the other Canadian scorers.

McLeod, the beefy right winger who has played in the last three world tournaments, is the leading individual point-getter here with four goals and eight assists for 12 points. The Smoke Eaters rank one-two-three in the individual scoring statistics, and centre Jones has the most goals—seven.

Jones also has four assists for 11 points and is tied for second place in the scoring race with teammate Addy Tambellini, who has six goals and five assists. The Canadian margin of victory over the Finns was much wider than the Russians and Swedes. Russia defeated Finland 6-1 while Sweden didn't look so hot in beating Finland 4-0.

Canada's other tournament victories were over West Germany 6-0, East Germany 11-5 and the United States 10-4. In addition to the Finns, Sweden has defeated Russia 2-1, East Germany 5-1, the United States 17-2 and West Germany 10-2.

Russia has defeated West Germany 15-3 and East Germany 12-0 as well as the Finns and Czechs. The Czechs trounced West Germany 10-1, the United States 10-1 and East Germany 8-3 before tying Canada.

Trail had little trouble with Sweden in 1961 when the Smoke Eaters won the world title for the second time. The Canadians pulled off a 6-1 victory but the Swedes had lost some of their best players, including Nils Nilsson for the entire tournament.

Nilsson broke his jaw in a pre-tournament exhibition with the Smoke Eaters and the Swedes have never forgiven the Canadians for this.

Visser Trophy playdowns open tonight at Bishop's

Canadiens tie Leafs 3-3 on Armstrong's goal

BIG CHANCE — Toronto's Bob Nevin muffed this chance to be a hero when Jacques Plante crept out of the Montreal net to clear the puck in Thursday's National Hockey League game at Montreal. (CP Wirephoto)

George Armstrong would have become a 20-goal scorer Thursday night if the puck had only gone into the right net.

The Toronto Maple Leafs captain, who has 19 goals so far this season, scored one all right, but it was against his own team as the Leafs struggled to a 3-3 tie with Montreal Canadiens.

The single point they earned in Montreal dropped the Leafs back to second place in the National Hockey League behind Chicago Black Hawks.

The Hawks and Detroit Red Wings had little trouble pushing around the NHL's surplus teams in other games Thursday. Goaler Glenn Hall chalked up his fifth shutout of the season as Chicago beat Boston Bruins 2-0 and Wings Norm Ullman scored three goals leading Detroit to a 9-4 pasting of New York Rangers.

The Rangers and Bruins, in fifth and sixth place respectively, are beyond redemption this season and will sit out the Stanley Cup playoffs.

CANADIENS OUTPLAYED

Toronto was tied with Chicago for first place, but ranked ahead on the strength of a better games-won record, going into Thursday's game.

The Leafs clearly outplayed Canadiens in most of the bruising, close-checking game, but were stymied by acrobatic goaler Jacques Plante.

They went ahead 2-0 on early first-period goals by defenceman Kent Douglas and Johnny MacMillan, but Henri Richard cut the lead to 2-1 at 18:33 of the period.

Armstrong tied it for Montreal when he tried to clear the puck during a power play scramble. He banged it past his

own goaler, Don Simmons, and Montreal's team captain Jean Beliveau was given credit for the goal.

Ralph Backstrom's goal only 13 seconds after the opening of the third period gave Montreal the lead for the first time, but Dave Keon annulled it almost immediately by breaking away to tie the game.

Leafs now have 76 points, Chicago 77, and Montreal 73. In Detroit, the Red Wings blew a 2-0 lead before they collected their strength and bounced in five consecutive goals.

Aside from Ullman's three, they got two goals from Andre Pronovost, who scored one by the unusual method of shooting from behind the New York net and bouncing the puck off the seat of goaler Gump Worsley's pants.

HOWE ON TOP

Parker MacDonald, Alex Delvecchio, Val Fonteyne and Doug Barkley scored the other Detroit goals. Earl Ingarfield got two for New York and Jim Neilson and Ken Schinkel one each.

The incomparable Gordie Howe, bidding for a record six scoring championships, collected two assists and has a total of 78 points. Closest to him in the race for the crown is New York's Andy Bathgate, who assisted on one goal and has 74 points.

At Boston, shifty Chicago centre Stan Mikita joined the select circle of 30-goal scorers this season by potting the first of the Hawks goals. Chico Maki added the other, in the last period.

Hall was at his best in the opening period when he held up the Hawks for two minutes while they played two men short. He made 26 saves in the shutout.

University of Sherbrooke meets UBC tonight in hockey semi-finals as Intercollegiate tourney opens

TORONTO (CP) — Like the lowly substitute who suddenly finds himself dressed for the big game, five Canadian colleges are out to prove themselves tonight.

For years they have had to swallow the fact they were considered second-raters to teams in the Ontario-Quebec Athletic Association.

Better known as the Senior Intercollegiate League, the OQAA has been considered the pinnacle of Canadian college sports.

The basketball champs of the country's four major college conferences open the first annual Canadian Intercollegiate Athletic Union tournament tonight at Windsor, Ont. And their hockey counterparts meet in a similar tournament at Kingston, Ont.

Assumption Lancers, playing host to the basketball championships, are strong favorites as OQAA representatives. And McMaster Marliners, also from the OQAA, are favored to take the hockey title.

ACADIA GOOD CHANCE

The five colleges out to prove a point are the University of British Columbia, St. Francis Xavier University of Antigonish, N.S., Acadia University of Wolfville, N.S., Loyola College of Montreal and the University of Sherbrooke from Sherbrooke, Que.

UBC Thunderbirds, hockey and basketball versions, are in both tournaments. Acadia has the best chance to pull a basketball upset. The team, with a strong American flavor, has height and experience. Six of Acadia's 10 regulars are United States players. Acadia had an 18-4 win-loss record this season and goes into the tournament on a 15-game winning streak. Charles Thomas of Baltimore, who stands six feet, 10 inches, is their big man. They also have Jim Kreutz of Buffalo and Pete Simmonds of Halifax, each standing six feet, five inches.

Sunnyside in Provincial cage playoffs

Sunnyside's Juvenile girls will represent the Eastern Townships at the Province of Quebec Amateur Basketball Association Championships to be held on March 16 at the Maisonneuve Sports Center in Montreal.

Other teams that made it to the provincial finals are, St. Lambert's, Southshore winners and the winners of the Montreal League. Sunnyside will play Southshore at 1:45 p.m. and M.L.B.L. at 5:30 p.m. Highest total points will win the series and become the Provincial Champions for 1963.

In the Juvenile boys' section Sunnyside represented all districts off the island to play Montreal's winning team for the Provincial Championship on March 2, at which they were defeated. Sunnyside won Off the Island crown with University Settlement taking the Provincial championship.

RUSSIA UPSETS CZECHS

STOCKHOLM (CP) — Russia upset Czechoslovakia 3-1 Thursday night and dealt the Czech chances for the title a severe blow in the world hockey championships.

Eight schools competing in 17th annual tourney, all games played at LHS and Bishop's University

The 17th annual Visser Trophy playdown will be held this evening and all day Saturday at Bishop's University and Lennoxville High School Gymnasiums.

Eight High School Senior boys teams, representing eight zones of the Province off the Island of Montreal, will compete in the playdowns which was won last year by Sherbrooke High School.

Teams in the event this year are Rosemere, Three Rivers, Buckingham, Thetford, Sherbrooke, Sunnyside of Stanstead, Knowlton and either Lemoine or Chateauguy.

Each squad is guaranteed at least two games. If a team wins its first tilt, it advances in the competition for the Visser Trophy but, if it loses its first fixture, it reverts to the Consolation round.

Action starts tonight with Rosemere slated to meet Three Rivers at 7:30 p.m. and Buckingham taking on Thetford at 9:00 p.m., both games being at Bishop's University.

At Lennoxville High Friday Sherbrooke meets Sunnyside at 7:30 p.m. while Knowlton takes on either Lemoine or Chateauguy depending on the outcome of the elimination series between those two schools.

Saturday morning, two games are scheduled at Lennoxville.

Camille Henry smallest man in NHL but rated as one of the smartest, has set 200 goals as his objective

NEW YORK (CP) — Little man, take heart!

Camille Henry, skinniest player in the National Hockey League, is again demonstrating that there's a place in the rugged professional game for the lightweight performer—provided he's smart.

The 30-year-old left winger with New York Rangers has passed the 20-goal mark in scoring for the fifth time in six years—and for the sixth time in his NHL career. This is no mean achievement for a man who has a perpetual weight problem—how to keep his weight above 145 pounds.

In games through March 6 Henry had scored 31 goals this season for an NHL career total of 192. He has said that 200 goals is his minimum objective before retiring from the NHL grind. He has also been credited with 21 assists this season.

Camille Henry is not the shortest NHL player, standing five feet nine inches. But he's certainly the lightest. He reported last fall at 150 pounds and he says his best playing weight is 147. But he has trouble keeping it up to 145. Below that weight he feels fatigued, a problem that put him out of the lineup for brief periods two winters in a row.

SQUEEZES IN

It's a combination of hockey brains and nimble body that enables him to be a scoring standout in a league which increasingly demands big, strong players.

"I think being a lightweight helps me," says Camille. "Sometimes I can squeeze in among the biggest fellows, get my stick on the puck and put it past the goalie."

Right there he spotlighted his longtime specialty—hovering near the goal and darting in to put the puck past the opposing goalie.

In his first NHL season, 1953-54, when he was used almost exclusively on power plays while the opponents were short-handed, Henry scored 24 goals and had 15 assists. That record by the lad then just out of Quebec junior hockey ranks earned him the Calder Memorial Trophy as best rookie of the year.

Now he not only performs on power plays, but patrols left wing as a regular. Brains and experience won him the spot.

NATURAL TALENT

"He's got it up there," says Ranger general manager Muzz Patrick. "He knows the game inside out. He has a natural feeling for doing the right thing."

And Emile Francis, assistant general manager, adds:

"He's one of the canniest players around the net I've ever seen."

Francis has a natural admiration for Henry, because he too was a little man when he was goaltending in the NHL. But Francis never had to skate into the corners and battle the big men for the puck.

NHL STARS

Norm Ullman, who scored three goals for Detroit when the Red Wings swamped New York 9-4.

Glenn Hall, who got his fifth shutout of the season when Chicago beat Boston 2-0.

Dave Keon, whose third-period goal gave Toronto a 3-3 tie with Montreal.

Knowlton High School Senior and Intermediate boys win cage titles, both squads have undefeated season

COWANSVILLE — Knowlton High School Senior boys won the Vilas Trophy for the 10th consecutive year and the right to represent the league in the Visser Trophy playoffs which opens this evening at Bishop's University in Lennoxville. Knowlton finished their schedule without a loss and posted ten straight wins in coping the league title. Cowansville finished second while the other clubs all completed for the berth in the Visser play-downs. Bedford, Cowansville, Granby, Knowlton, Sutton and Waterloo were in the loop. Knowlton Intermediates won the Heath Trophy for the seventh straight year. They also finished the season without a setback while Cowansville finished in the runner-up spot.

Knowlton Seniors were invited to compete in the Referees' Invitational Tournament in Montreal and played some of the best high schools in Montreal. They won the consolation section of the tourney.

The success of the teams in a large way is due to the untiring efforts of the coaches, M. Munkittrick and H. Northrup, who devoted hours of work in developing the team spirit which carried them through the season.

Sandy Koufax's arm seems to be in pink, stops Yanks on five hits as Dodgers win 5-2, Orioles win

FORT LAUDERDALE, Fla. (AP)—A winter's rest seems to have worked a miracle on the index finger that tarnished Sandy Koufax's golden arm.

The 27-year-old fireballer left-hander with the amazing strikeout record had everyone wondering what all the concern was about as he pitched five innings and allowed only three hits and an unearned run in the Los Angeles Dodgers' 5-2 victory over the New York Yankees Thursday.

Koufax's performance in the exhibition game at the Yankees' Fort Lauderdale, Fla., home base, marked the first time any Dodger pitcher had attempted to go five innings. It was Koufax's second spring workout. He allowed a run and four hits in a previous three-inning stint.

"I had a little trouble getting loose," said Koufax after the game, "but I felt great the last two innings."

The circulatory ailment that numbed Koufax's finger last year generally is considered the major reason the Dodgers lost the pennant. Before he was sidelined July 17, Koufax had won 14 games, pitched a no-hitter against New York Mets and struck out 18 batters against the Chicago Cubs.

Elsewhere Baltimore Orioles remained the lone unbeaten team with a 15-hit attack that subdued Minnesota 11-7 at Miami. It was the Orioles' fifth victory.

125 to compete in skiing classic, downhill slated Saturday with slalom Sunday on Mount Giroux

MT. ORFORD — It's Adams Memorial time at Orford this week-end.

The Mount Orford Ski Club is presenting for the 12th consecutive year on the slopes of Mt. Orford the Adams Memorial. This race which was of a rather limited character at its beginning has with the years become a national classic now leveling with the well known Kandahar and Ryan races.

The Adams Memorial which will be disputed on March 16 and 17 will consist of a Downhill on the Three-Creeks trail of a mile and one-tenth, with a vertical drop 1,500 feet. This trail is considered as one of the faster downhill runs in Eastern Canada. Aside from the Downhill, there will be two slalom runs on Mt. Giroux the following day.

Most of the well known figures of Canadian Amateur skiing will be present for the Adams Memorial. Jean-Guy Brunet, last year's champion, will be back at Mt. Orford to defend his title, and he remains a great favorite to keep the trophy. Amongst the other entries one can find Peter Duncan, another member of the Canadian A Team, who will give Jean-Guy something to work for.

In the ladies class such names as Nancy Holland, Linda Crutchfield and Nancy Greene, all members of the National A Team, will be top contenders. The names listed above have this year participated in different Europe competitions.

The Mt. Orford classic will complete this year's Pre-Olympic races in Eastern Canada. The Kandahar and Canadian Championships which were held at Mt. Tremblant were of the same category. Most of the racers will spend the week previous to the race practising at Orford.

The organizers of this year's classic are of the opinion that the 1963 race will be a success without precedent for snow conditions.

Swedes, Czechs agree to play in Canada

STOCKHOLM (CP)—Art Potter, president of the Canadian Amateur Hockey Association, announced Thursday that the Swedish and Czechoslovakian national teams have agreed to go to Canada next winter to take part in a series for the CAHA International Anniversary Trophy.

One other team, possibly the United States or a Russian team, will take part along with Canada's Olympic team from the University of British Columbia, Potter said.

Prominent Skiers Usually Rally At The Lantern Inn

SKIERS FAVOR ATMOSPHERE AT LANTERN INN — Extensive renovations and additions to the Lantern Inn, which is located little more than a mile south of Magog on the Georgeville road, has resulted in the hotel's overwhelming popularity among sportsmen, and particularly skiers. Pictured above, left to right, Jacques Boisvert, senior official of the Lantern Inn; Toni Sailer of Austria, the world's foremost skier; and Heli Summerau, head of the Mt. Orford Ski School enjoy a quiet chat at one of the Lantern Inn's bars. The resort hotel is noted for its charcoal-B.Q. and the rustic decor of its famous lounge and diningroom, known as the Cedar Bar. Many of the skiers participating in this weekend's Adams Memorial Races as well as other skiers and spectators are expected to rally at the Lantern, where a typical European after-ski atmosphere is prevalent.

MT. GIROUX SLALOM COURSE — The famous '45 on Mt. Giroux at the Orford Ski Centre will be the site of Sunday's slalom races. (Record photo by Charles Catchpaugh)

SKI Orford

SPORTSMEN of the TOWNSHIPS

We, the executive and members of the Magog-Mount Orford Ski Club are fortunate, being within a few minutes of our provincial park, and wonderful skiing, but we ask you to realize, the mountain and its facilities are there for all in this region to enjoy. Join us at Mount Orford regularly, for the best skiing in southern Quebec.

By taking an interest in our provincial government's Mount Orford project, and trying to interest others, you will be doing your part to promote the tourist trade of the Eastern Townships. It's a project that needs everybody's support... especially yours!

Adams Memorial races

Jean-Guy Brunet — defending champion

ADAMS MEMORIAL TROPHY — Pictured above is the famous Adams Memorial Trophy, which was first placed in competition in 1952. The winners over the past 11 years have been: 1952, Bob Bousquet, Magog; 1953, Jean Lessard, Hillcrest; 1954, Roland Lessard, Hillcrest; 1955, Jean Lessard, Hillcrest; 1956, Jean Lessard, Hillcrest; 1957, Jean Lessard, Hillcrest; 1958, Andre Bertrand, Laval; 1959, Les Streeter, Eastern Slopes; 1960, Franz Tritscher, Austria; 1961, Jean-Guy Brunet, Ste. Agathe, and in 1962 it was won again by Jean-Guy Brunet. (Record photo by Charles Catchpaugh)

JACQUES AUDETTE, sponsor of this weekend's Adams Memorial Races.

Sweden's new Stadium lacks dressing rooms

STOCKHOLM (CP) — Sweden's ultra-modern, ultra-efficient new Ice Stadium here, is something like a posh gambling casino without a powder room.

Sitting on a hill a 10-minute subway ride from downtown Stockholm, the stadium, with a capacity for 16,000 spectators, resembles a small-scale United Nations building.

In an arch in front of the aluminum-glass-concrete building fly the flags of the 21 nations competing in the 1963 world hockey championships.

The one big drawback—there are no dressing rooms. The players change into their uniforms in their hotel, tramp past fashionably dressed guests lounging in the lobby, and ride by bus to the stadium where they don their skates in a small locker room. After the game they return to their hotel to shower and change.

Only the teams in Group A—the United States, Canada, Russia, Sweden, East Germany, West Germany, Czechoslovakia and Finland—play at the stadium. The others in groups B and C play at the older Olympic Stadium.

DUNDEE WINS
DUNDEE Reuters — Dundee of Scotland qualified for the semi-finals of the European Cup soccer tournament here Wednesday night by beating Anderlecht of Belgium 2-1 in their quarter-final, second-leg match.

Skier of the year trophies to be won

The ski runs thronged by thousands of amateur skiers, the numerous ski competitions and the ever increasing crowds who watch the major events are a tangible proof of the growing popularity of this sport.

It is due mainly to several undertakings such as the one whose purpose it is to award a Skier of the Year trophy to each ski club in Quebec. This trophy goes to the skier who, by his sportsmanship, his administrative ability, his dedication and his victories in competitive ski has most contributed to the success of his club.

The election of 131 Skiers of the Year will shortly take place all over the province.

The Quebec Division of the Canadian Amateur Ski Association numbers 131 clubs with some 35,000 members. The manager of each club will select one of its members for this distinction.

Mr. Pierre Alain, president of the Quebec Division, emphasized the role played by Dow Brewery, which only recently donated a \$1,000 cheque to the association and has now agreed to assist in this worthwhile undertaking.

"The skiers chosen to receive the Kingsbeer Trophy, added Mr. Alain, "will be those who contributed most to the advancement of ski".

While mentioning that the number of trophy winners went up from 115 last year to 131 this year, Mr. Alain explained: "No doubt that last year's venture helped to further the development of a sport steadily growing in popularity. The increasing number of Skiers of the Year who will be awarded the Kingsbeer Trophy is a sure sign of this popularity."

The seven zones of Quebec Province forming the Quebec Division of this amateur organization are giving their full support to the project and each of the zones and club presidents is presently helping in the preparations for the presentation of one of the most important awards a skier can attain.

Canada wins two in curling championships

PERTH, Scotland (CP) — Canada edged Scotland 7-6 and then beat Sweden 14-8 Thursday to draw even with the United States at the top of the standings in the international curling championship.

Ernie Richardson's Regina rink came through with a delicate clutch shot with the last rock of the game to salvage the victory over Scotland. Then the Canadians handled Sweden with relative ease.

The United States, meanwhile, suffered its first defeat, losing to Scotland 10-8 after defeating Sweden 18-3 in the lop-sided opening match of the day. Both Canada and the U.S. now have six points from four matches.

The Richardson's victory over Scotland was a big one for the four-time Canadian champions.

It was a dramatic finale as the youthful Scots rink had made a courageous comeback against the defending champion Canadians in the third round of play and had encountered a bit of bad luck as well as skip Richardson's deadly shooting.

The bad luck hit the Scots in the third end. With Canada leading 2-1 and lying two Scottish skip Chuck Hay was drawing in to count one when his rock picked up a piece of straw and ground to a stop a foot short of its mark.

The two teams exchanged single points for the next four ends and blanked the eighth. Then the Scots started to apply tremendous pressure. With near perfect curling they scored two in the ninth and had a well-guarded three in the 10th until Ernie Richardson played a perfect chip and roll end with his last stone to count one.

Undaunted the Scots counted three in the 11th and had three unguarded stones in the house when Richardson played his last perfect shot.

Moncton Hawks confident of winning title

A confident band of Moncton Hawks, a fast-skating hard-checking crew, climb aboard a plane today confident they are on the threshold of the Maritime senior hockey championship.

Hawks, champions of the Nova Scotia Senior Hockey League and fresh from a four-game sweep against Halifax Tartans in the NSSHL finals, will meet the Cape Breton Senior League champion Glace Bay Miners tonight in the third game of a best-of-five series to decide the Maritime title.

Moncton, oozing confidence and holding a commanding 2-0 lead in games in the round, already have signed two players to bolster the team on the Allan Cup trail.

Hawks have to get by Glace Bay, of course, before meeting Prescott-Kemptville Combines from Ontario in the first round of Allan Cup play.

But the team management is confident Glace Bay will fall and they showed it by signing defenceman George Roy and forward Simon Nolet, both of Windsor Maple Leafs. The Leafs finished last in the NSSHL but Nolet had 108 points and Roy is a belting checker with professional schooling.

RAMSEY CONFIDENT
Moncton has had little trouble with the Cape Bretoners. Hawks won the first game 10-2 and the second 5-1.

Hawks manager Don Ramsey says he's confident this club will get by Glace Bay. Playing-coach Doug McPhee was just as confident.

"If they play the rough game in Glace Bay that we expect them to, I feel we'll get the breaks and score goals."

The late Dr. George A. Bowen, who is credited with having conceived the idea of turning the Mt. Orford area into a provincial park. A trophy is also at stake in honour of Dr. Bowen.

IT'S THE LUCK O' THE IRISH (FOR EVERYONE)

ST. PATRICK'S DAY

St. Patrick's Day, like many of our Christian celebrations, is steeped in tradition and mystery.

Some historians claim March 17 is the birth date of the Irish Saint while others claim the date as the anniversary of his death.

Even his place of birth is disputed.

Scotland, England, France and Wales all lay claim to this distinction.

Historical records of the era are all but impossible to obtain, but the most prevalent belief is that he was born of a Royal Family in England near the Severn River, somewhere between 389 and 372 AD.

Though Britain was at the time a Roman Province, his early education was probably Christian.

When he was about 16 he was kidnapped and held in bondage by a band of marauders. He was sold into slavery in Ireland and became a swineherd, gaining knowledge of Irish customs and the people during his seven year stay before he escaped.

He made his way to Gaul and then to the monastery at Lerins where he spent a few years. He then returned to his home and became a deacon, a priest and finally a bishop.

However, he was eager to do missionary work in Ireland and was finally granted authority to do so by Pope Celestine. His first action returning to Ireland was to find his old master and buy his freedom. He also converted him.

His life in Erin was said to have been full of labor and strife as he tried to overthrow the Druidical priests, reorganize the church to Christianity and help eliminate disease and unsanitary conditions.

Legends say he was finally forced to put a curse on the fertile lands of the Druids. The lands became bogs, with sterile rivers lacking fish. It was said a Druid's kettle never boiled and the bogs finally swallowed the Druids themselves.

He is credited with several miracles. One legend tells of the saint and his followers on a cold mountain with no fire. St. Patrick told his disciples to gather a pile of ice and snow balls. He breathed on them and they burst into a blazing fire.

The symbolism of the shamrock is another antiquity from the life of the Saint. It is said he used the plant when preaching to the Pagan Irish. The three leaves represent the Trinity.

St. Patrick's Day ceremonies were first held in 1737 by a Charitable Irish Society. The Friendly Sons of St. Patrick began observing the day in 1780 and it was first celebrated by expatriate Irishmen in New York in 1784.

Incidentally, the first president of the Friendly Sons of St. Patrick in New York was a Presbyterian.

Richmond to hold parade and service March 17

RICHMOND — (Special) — The Irish of Richmond and vicinity are preparing for their annual banquet and parade to honor their patron saint, Saint Patrick. The banquet will be held Saturday night, March 16th, at the Brunswick Hotel from 7 p.m. Guest speaker on this occasion is Rev. Father John McCaffrey of St. Willibrodus, Verdun, Montreal.

President Jerome V. Hayes has also announced that a parade will be held on Sunday, 17th, when the local Irish march through town, to Holy Family Church, where the sermon and benediction will be given by Father McCaffrey at 3 p.m.

Richmond to hold parade and service March 17

RICHMOND — (Special) — The Irish of Richmond and vicinity are preparing for their annual banquet and parade to honor their patron saint, Saint Patrick. The banquet will be held Saturday night, March 16th, at the Brunswick Hotel from 7 p.m. Guest speaker on this occasion is Rev. Father John McCaffrey of St. Willibrodus, Verdun, Montreal.

President Jerome V. Hayes has also announced that a parade will be held on Sunday, 17th, when the local Irish march through town, to Holy Family Church, where the sermon and benediction will be given by Father McCaffrey at 3 p.m.

Delegate reports on meeting to Sulton Group

SUTTON — A highlight of the Red Cross March 11 work session was the report of Mrs. William Bergeron, on the Divisional meeting held at the organization's Montreal headquarters on Dorchester Street.

Mrs. Bergeron, delegate, was accompanied to the city by Mrs. Arthur Demers, also a Sulton member. They spent the day listening to addresses, inspecting work of the various branches and touring the headquarters' workrooms. They also attended the luncheon for delegates, at the cafeteria in the building.

By viewing the work of cutting out flannelette and other materials with electrical machines, and also by seeing the many kinds of finished articles of sewing and knitting displayed, many helpful things were learned.

Before hearing the report at tea-time, the members spent much time sewing and working on aid articles.

There will be another work session March 18.

Education Week held at school in Fitch Bay

FITCH BAY — March 7 was visiting day of Education Week at the consolidated school, with a good number attending. Public speaking for Grade 4 was held in Mrs. Roger's room, the judges being Rev. T. Westman, Mrs. Howard Rollins and chairman of the school board, Jack Aktins.

Prizes were won by the following students: first, Don Hamilton; second, Malcolm Flinders; fourth, Laura Keefe; fifth, Ella Hamilton.

Mrs. L. G. Westman, teacher of the primary grades, entertained the visitors with a French program, given by her pupils in Grade 2 and 3.

Lunch was served by the girls of the school, and tea poured by Mrs. Jack Aktins and Mrs. P. M. Adams.

GENERAL NOTES

Mr. Leslie Webster and his mother were in Magog to attend the funeral of Mr. Philip Stebbene.

BEEBE —

Mr. and Mrs. Bernard Laberee and daughter, Letitia, spent the weekend in London, Ont., as guests of Mr. and Mrs. Bruce Laberee and daughter, Mrs. Gordon Laberee accompanied them as far as Whitby, Ont., where she was a weekend guest of Mr. and Mrs. Cecil Jordison.

Mrs. Norman Somerville and Mrs. Emma Reid were visitors of Miss Mildred Paul in Ayer's Cliff on Monday.

Recent visitors of Mrs. C. B. Crook and Mr. and Mrs. Lee Brown were Mr. and Mrs. Charles Sjoland and children, of Echo Lake, Vt.

John Stratton of the University of Vermont, Burlington, spent the weekend with his parents, Mr. and Mrs. Clinton Stratton.

Cuttings add gay bloom

By MARGARET E. DOVE

A pre-season display of flowering branches and tender new growth of foliage is a welcome treat during March.

Forcing branches is not a complicated process and it is surprising how soon an apparently dormant branch will burst into bloom once it receives moisture and warmth.

Varieties that bloom earliest outdoors, in blossom before their leaves appear, force more quickly than do the later-blooming trees and shrubs whose leaves appear first.

It is, of course, well known that when cutting is done near the natural outdoor flowering time less time is required for bringing into bloom indoors.

TIPS ON CUTTING

For best results when forcing branches take fairly long cuttings on a mild day around mid-day. Use a sharp cutting tool and prune the shrub or tree judiciously.

Crush or split the stem ends about two inches to aid water intake. Then completely immerse the branches in tepid water for 24 hours.

After this place them in a container of deep water in the light, but out of direct sun until the buds swell and break.

For good color in the flowers they can then be given some sun. A temperature of 72°F by day and 50-60°F by night is about right for forcing most branches.

As they come into leaf or bloom they can be recut to desired lengths for arranging.

FORSYTHIA GOOD

In many homes forsythia has

provided bright yellow color accents ever since Christmas. Almost ready to burst into bloom at the first hint of spring, it will force indoors now in about one week.

Kerria japonica forces in about two weeks at this season, flower buds continue to open as the foliage appears.

If you are the fortunate owner of a redbud tree (cercis canadensis) branches cut now will force in 2 to 3 weeks; as the pink blossoms fade attractive leaves follow.

Flowering Japanese quince (chaenomeles lagenaria) forces beautifully. Although buds and blossoms are somewhat paler than when blooming in the garden, they are of normal size and last well, providing material for interesting line arrangements.

HAWTHORN

Hawthorn (crataegus) blooms in the garden in May; cut now it will force in 4 or 5 weeks.

(TNS)

Boundary Guides and Girls Scouts attend services

ROCK ISLAND — A large number of girls on the Derby Line Girls Scouts, and the Stansford — Rock Island Girl Guide and Brownie troops were guests for the morning worship service at Stansford South Church on March 10, which marked the beginning of Girl Scout week in America.

The colors were advanced by Miss Ruth Darby, bearing the Stars and Stripes and Miss Carole Dewey, the Union Jack. Rev. Carl Gustafson, spoke to the youth on the blessing and importance of eyesight, and later, in his sermon choose the theme, When Given to Jesus.

A group of young boys of the Junior choir sang, The Garden of Peace, the Scouts, Guides and Brownies sang, the Scout hymn, and the church choir of adult voices rendered an anthem.

Mrs. Alan Greer was the organist.

Earlier in the day, the Girl Scouts attended Mass in a group, at St. Edward's Parish Church.

WANTED IMMEDIATELY CEDAR POSTS

All lengths.

CANADIAN SNOW FENCE LTD.

We guarantee the best prices on the market.
P. O. Box 643—SHERBROOKE—LO. 7-7711

Letter to our Suppliers:

The items and premium prices shown in the advertisement are the same as those set forth in our Market Price List No. 4, dated Feb. 5, 1963. This price list goes into effect on February 23, 1963. It will remain in effect as long as possible. We can see no reason for a change until the end of June in as much as we shall be needing about 2,000,000 feet of Cedar between now and then, at the rate of 500,000 feet per month. Our requirements should continue at least at the same rate after July 1st.

All of you who have been cutting Cedar for us and using our Market Price List No. 1, 2, or 3 should try to bring your Cedar in to us before February 23, 1963. If this is not possible, please notify us so that we can scale it in the woods. In most cases this price list carries the same or higher prices than those previously issued. There is no objection to anyone holding back his Cedar and taking advantage of the new prices.

Sincerely yours,
CONCORD WOODWORKING CO., LTD.
James A. McVetty, Manager.

Dear Mr. McVetty,

We are very pleased that your company chose the town of Bury in which to locate your Cedar Fence Plant. We are sure that you will like our town and the area around it. There is a great deal of Cedar in and about Bury and for many years there has been very small demand for it.

We have studied the schedule of Cedar that you plan to purchase as well as the prices you plan to pay for it. They are fair and should yield a good return to timber owners and wood operators. Therefore, we know that you will have a great many people wanting to furnish you with Cedar according to your requirements.

You can depend on us as well as the people of this area to cooperate and work with you. The fact that your company is located here should do a great deal for the local economy.

Very truly yours,
INDUSTRIAL COMMITTEE OF BURY
Chairman, Raoul Turcotte.

The Record's Farm Report

Beef Exports Threatened By Label Pressure

Continued criticism that imports of frozen beef are not identified as New Zealand or Australian products when they are graded in Canada have had a recent parallel in the U.S. When the question of Canadian lumber imports came before the U.S. tariff commission a few months ago, U.S. lumbermen asked that Canadian lumber be labelled as made in Canada. The tariff commission rejected this request and refused to raise the duties against imports of Canadian lumber.

The Canadian lumbermen's case would have been weakened if Canada had been labelling imports of beef with the country of origin. But Canadian cattlemen could also be jeopardizing their own markets by asking restrictions on these New Zealand and Australian beef imports. Ottawa is now concerned that Canadian cattle producers may have forgotten that a substantial part of their slaughter cattle (about 1,000 head a week) are now being exported to the U.S. and are subject to having similar restrictions applied there.

Beef Outlook World Offset Temporary Loss

Prospects of losses on some lots of cattle now in feedlots plus the increase in beef cow

numbers in Canada and the U.S. indicated by recent statistics have some cattlemen worried. But long run prospects still appear sound. Rising incomes and a preference for beef have resulted in the consumption of beef increasing at a faster rate than the population. USDA estimates indicate that beef output can increase at a rate of 3.5 per cent annually without undue pressure on prices, although population is increasing at only 1.6 per cent per year.

More cattle on feed in the U.S. and Canada than a year ago and competition from other meats will maintain downward pressure on feed cattle prices through to mid-summer. With prices for good steers now around \$22 at Toronto this could mean prices not much better than 1961 in Canada.

But there are indications that feed cattle prices in the U.S. may have over-adjusted to the present increase in supply and may not be due for such a great adjustment when marketings increase in the next few months. With feed cattle in Canada now on an export basis, prices here will follow the U.S. pattern.

Although feed lot operators who put cattle in at high prices last fall are likely to suffer this year, this is only the other side of a speculative business that gave them unusually high

profits last year. USDA expects substantially stronger prices for fed beef next fall. For producers of feeders and for livestock men producing and feeding out their own cattle, profit margins may be slimmer but aren't likely to be eliminated.

New Strength Shows In Egg Market

Outlook is for a strong stable market for eggs until fall. The higher percentage of fall hatched pullets was largely required to bring a depleted flock up to normal. Heavy culling of old hens in the first two months has slowed down to below last year's level. About 11 per cent fewer eggs have been placed in incubators for egg production pullets than last year to date.

A reduction of five per cent in egg grading has firmed markets. Toronto market was steady at 48 cents for Grade A large this week. There is the possibility of high prices causing many producers to throw old hens into moult and hold them over for egg production later. This has been discounted to some extent by the heavy fowl marketings. United States has about the same number of hens as last year and are culling heavily so no serious break in the market is expected there this spring.

Farm Forum Activities in the E.T.

COOKSHIRE

Miss Lucy Hodge entertained farm forum this week with an attendance of 23 members.

The Co-operative Idea was the subject of the radio broadcast. The broadcast said that an English social reformer named Robert Owen organized the first co-operatives in Britain in 1844. One of these at a place called Rochdale gave its name to the Rochdale principles, the bible of co-operative students and still the basis of rules for operating co-operatives.

Since then, this manner of doing business has spread to many parts of the world including Canada and as a result there is the Co-operative Federee de Quebec, one of the largest of its kind in North America.

English-speaking farmers can now observe her French-speaking neighbors doing much of their farm business with their great co-op and no doubt with benefit to themselves or it would not have grown and progressed as it has.

In spite of this, forums observations and the efforts of many to promote co-operation in buying and selling, the idea has not seemed to catch on to any appreciable extent with the English-speaking farmers of Quebec.

The reasons for this, this forum thinks, are threefold: (1) As it is now, English-speaking farmers are getting good service from most of their independent dealers or they can deal with the co-op if they choose thus creating competition between the two. (2) English-speaking farmers are so few and scattered to make English-speaking co-operatives a feasible operation. (3) Even if

they are sold on co-operatives. However this forum thinks this feeling will disappear and they may hesitate to join an organization in which they would have little if anything to say. Members have become bilingual that come by the Co-op Federee.

Do-it-yourself

Winter's ravages pile up spring repair job

By MR. FIX

With the past winter one of the worst on record, the ravages of weather are likely to be greater this spring than ever before.

Spring repairs may be more extensive and time-consuming. Start as early as possible, whether you do all the work yourself or have part of it done.

Examine the trees on your lot just as soon as you can. Broken or weakened limbs should be removed. Call in an expert if it's a large tree.

Masonry may be in poor condition considering the severe freezing temperatures. Check drive, apron, sidewalk, brick steps and chimneys. Concrete may have cracks and need repairing. Brickwork may likely have loose mortar.

It Must Be Warm

You will need a fairly warm day for those repairs. Don't attempt to work with concrete or mortar when temperatures drop below 50 degrees.

Gutters and downspouts should be put in shape before spring rains begin. Ice may have weakened them. Make certain that hangers are secure. Sweep out accumulations of the gutter to check for proper pitch. Repair holes with asphalt leaves and dirt. Pour water in cement and a metal patch of the same type of metal or one of glass fiber.

Examine the roof or have it

examined. Shingles have torn loose and need replacing. Re-nailing and placing a dab of roofing cement over the nail hole may be all that is needed to check a leak.

Flashings along roof lines

and around chimney should be checked for leaks.

Check Calk

You probably calked your house last fall in preparation for winter. Check all calking again and renew it where needed.

When it gets warm enough so that you don't need the furnace, clean it or have it clean-

ed and repaired if needed.

When you do take down the storms, make sure they are numbered so that you can get them back in the same frames again. Paint them if necessary and put them away clean. Keep them covered so they stay clean.

Get your power mower out

Phil Goyette is now a victim of the disease.

Last weekend was one of the busiest of the winter to date at the ski resort. Hundreds of cars came from Montreal and other points.

The weather has been discouraging for sugarcane operators. The snow is still very deep in the sugar groves. At one place other horses had to be used to pull an exhausted one out after it had been used to break roads out.

STANBRIDGE RIDGE —

Mr. and Mrs. Philip Rubin

and Mr. and Mrs. A. Pillozzi, of Montreal, were guests of Mr. and Mrs. Clifford Vaughan on March 10.

Mr. and Mrs. Maurice Montagne, Miss Livienne Montagne and Mr. Arthur Montagne, were in Montreal to attend the funeral of Mr. Romuald Montagne.

Mr. and Mrs. Arthur Stearns, Swanton, Vt., and Mr. Charles McGovern visited Mrs. Frank Corey recently.

CECEDAR SPECIFICATIONS

CECEDAR POSTS: All Cedar Posts must be "sound at both ends" and "reasonably straight". The Top diameter of each post is measured the small way of the post and inside the bark. It is necessary that each post be cut at least 3 inches longer than the post length to allow for trimming. All branches must be cut close to the bark. Root swells must be cut off and other defects eliminated.

CECEDAR LOGS: All Cedar Logs must be "reasonably sound at both ends". Also, all logs must have a 7 inches or greater diameters, inside the bark. An extra 3 inches must be allowed on all lengths for trimming.

The management and scalers at our plant will be pleased to answer any questions that a Supplier may have relative to our specifications for the various items we purchase.

Phil Goyette is now a victim of the disease.

Last weekend was one of the busiest of the winter to date at the ski resort. Hundreds of cars came from Montreal and other points.

The weather has been discouraging for sugarcane operators. The snow is still very deep in the sugar groves. At one place other horses had to be used to pull an exhausted one out after it had been used to break roads out.

STANBRIDGE RIDGE —

Mr. and Mrs. Philip Rubin and Mr. and Mrs. A. Pillozzi, of Montreal, were guests of Mr. and Mrs. Clifford Vaughan on March 10.

Mr. and Mrs. Maurice Montagne, Miss Livienne Montagne and Mr. Arthur Montagne, were in Montreal to attend the funeral of Mr. Romuald Montagne.

Mr. and Mrs. Arthur Stearns, Swanton, Vt., and Mr. Charles McGovern visited Mrs. Frank Corey recently.

CECEDAR SPECIFICATIONS

CECEDAR POSTS: All Cedar Posts must be "sound at both ends" and "reasonably straight". The Top diameter of each post is measured the small way of the post and inside the bark. It is necessary that each post be cut at least 3 inches longer than the post length to allow for trimming. All branches must be cut close to the bark. Root swells must be cut off and other defects eliminated.

CECEDAR LOGS: All Cedar Logs must be "reasonably sound at both ends". Also, all logs must have a 7 inches or greater diameters, inside the bark. An extra 3 inches must be allowed on all lengths for trimming.

The management and scalers at our plant will be pleased to answer any questions that a Supplier may have relative to our specifications for the various items we purchase.
