GENERAL OPINION IS CONFERENCE IS NOW FACING CRUCIAL PERIOD

Canadian Prime Minister Effectively Dispels Rumors of Sharp Verbal Combats and General Disagreement Which Had Developed Last Week, But Is Non-Committal as to What He Expects from Conference—Many Bi-Lateral Trade Treaties Believed Under Negotiation.

Ottawa, August 3.—The general feeling in Ottawa is that the Imperial Economic Conference has now entered its crucial period, and that this week should determine its success or failure. The constituents of success and of failure are, however, difficult to define. Before the Conference opened, Rt. Hon. J. H. Thomas advised newspapermen, who asked of him a definition, to "come a month hence," and yesterday Rt. Hon. R. B. Bennett was equally non-committal.

What seems to emerge, however, is that the various delegations are engaged in negotiating bi-lateral trade agreements among themselves, and that, in the end, the Conference will in a general way give these its blessing. The nature of these pacts may or may not be announced. Yesterday the Prime Minister took pains to explain that publication of such was dependent upon the constitutional practice of the countries concerned.

To a superficial observer an atmosphere of listlessness seems to have enveloped the Conference, for the hurrying and scurrying of the opening days are now absent. The actual work of the delegations is being labored over in private conclaves—not in the committees, whose function is to do the spade work, but in the privacy of hotel rooms and at unheard of hours. Conversations are endless, and their nature is open to all manner of interpretation.

It is certain that proposals and counter-proposals are being submitted, analyzed and decided upon right along. The difficulty is to know the where, the when and the what. Speculation, most of it quite reasonable, has displaced official declaration. How near to the mark that speculation is will be disclosed only by time. Yesterday, the Prime Minister made it clear that, in fairness to the high contracting parties, he had no intention of trumpeting the particulars of any negotiations.

Interest has centered on what concessions Canada is prepared to make for reciprocal advantages. Reports that Mr. Bennett was prepared to "ditch" this and that industry in order to promote some other have not been confirmed. The Premier has emphasized that no "efficient" industry will be injured by any extension of preferences; but yesterday he could not be drawn into defining efficiency, or into declaring what were the industries which he regarded as efficient.

He did emphasize that while there had been certain inevitable lines of disagreement among the national groups, there had been no discord. The Conference, he said, had been conducted in a manner than which he could have desired nothing better had he had the direction of it himself. This effectively dispelled rumors of sharp verbal combats and general disagreement which had developed in the last week.

ALL AGREEMENTS MUST BE RATIFIED BY PARLIAMENTS

Ottawa, August 3.—All agreements negotiated at the Imperial Economic Conference will be subject to ratification by the parliaments of the different countries concerned, Premier R. B. Bennett, Canadian chairman of the Conference, informed a press conference yesterday.

BRITAIN AND AUSTRALIA APPROACHING AGREEMENT

Ottawa, August 3.—Great Britain and Australia are approaching the first agreement of the Empire Conference. Their cards on the table, British and Australian delegations today opened their bargaining discussions.

Australia particularly wants a tariff preference in the British market on meat. She wants new or increased preferences on canned and dried fruits, butter, wines, barley and other grains, and dairy products, including cheese.

For Australia, the important items are meat, butter and fruit.

(1) Maintenance and widening of existing tariff preferences on imports from Great Britain.

(2) Reclassification of the Australian tariff so as to make certain protected areas in Australian industry available in a preferential way to Great Britain.

(3) Stimulus of British trade by admission under by-law.

(4) Removal, with slight exceptions, of the remaining prohibitions and surcharges imposed on imports for financial reasons two years ago.

DIVERGENT STAGE PAST, SAYS PRIME MINISTER

Ottawa, August 3.—The stage of the conference is past and the delegates are dealing with actualities, Premier R. B. Bennett told the members of the press gallery at the Imperial Conference yesterday.

Although there have been differences of view, as is inevitable when men representing countries of diverse interests and resources gather, the Conference has been featured by good will and a desire to promote pacts of mutual advantage.

Discussing Canadian wheat and lumber, the Prime Minister stated that Canada's desire was for a tariff preference on the British market for wheat and some protection against unfair Russian competition, either by tariffs, bonus or embargo, for Canadian lumber.

The Premier also hinted that the signing of further bi-lateral pacts might be expected shortly.

UNITED STATES DEFICIT INCREASED LAST MONTH.

Washington, August 3.—The United States Government ended the first month of the present (1933) fiscal year with a deficit of \$268,290,620, which was \$62,000,000 greater than for July a year ago.

Though the deficit for the first month was larger, \$100,000,000 of it was due to money paid to the adjusted service certificate fund from which war veterans draw their bonus.

During the month, the Government collected from all sources \$87,764,208 and spent \$351,054,827.

The public debt at the end of July amounted to \$19,611,765,838 as compared with \$19,487,002,444 at the end of June.

FOSTER YOUTH LOST HIS LIFE LAST EVENING

Emile Gagne, Jr., 20, Victim of Drowning Accident at Brom Lake—Had Gone in Bathing Too Soon After Eating Hearty Meal—Artificial Respiration Attempted.

Foster, August 3.—Going into the water too soon after eating a hearty meal was the indirect cause of the drowning of Emile Gagne, Jr., who met his death last evening in the waters of Brom Lake opposite the Brom Lake Lodge. The twenty-year-old youth, who had been in the employ of William Young for the past few months, was bathing with some companions when the mishap occurred. Immediately on being missed, his friends started a search and recovered the body shortly after the disappearance. Dr. Larose, of Waterloo, was on the scene and practiced artificial respiration for four hours before life was pronounced extinct.

Gagne was the younger son of Louis Gagne, of Granby, and the late Mrs. Gagne. The body was removed to the home of the young man's uncle, Mr. Emile Gagne, Sr., where the funeral will take place tomorrow morning to the Waterloo Roman Catholic Church.

Notified of the fatality, Coroner Rummels, of Granby, was summoned and returned a verdict of accidental death, drowning being caused by acute indigestion, according to the coroner's report.

Shortly after the victim had been removed from the water, his father, brother and sister, who had moved to Granby from here about one month ago, exchanging their farm with Mr. J. Racicot for a butcher shop, arrived, but were unable to render any assistance.

BONUS SEEKERS DEMAND ACTION FROM LEADERS

Hived in Unsanitary Quarters, Remnant of Great Army Becoming Disgruntled at Delay of Staff.

Johnstown, Pa., Aug. 3.—The shabby barn and file of the bonus-seeking United States war veterans today demanded a decision from the high command as to whether attempts will be made to disband the army of more than 7,000 veterans camping just outside Johnstown.

A disgruntled contingent filed in and out of the field headquarters in City Hall, asking an explanation of statements credited to their leader, W. W. Waters.

The staff itself is in a state of confusion and said Waters is being urged to come back here to address the army.

Despades from Washington early today quoted Waters as advising the veterans to return to their home states to form organizations there. Earlier the commander was reported to have said in Annapolis that he is convinced the proposed camp near Laurel, Md., is not advisable because of sanitary conditions and that the army should disband until definite plans are laid for the future.

Thousands at the camp refused to believe the reports.

A short time later the field staff announced Waters had said to tell them to "stick it out until we formulate new plans."

C.N.R. CUTS CAPITAL EXPENSES UNTIL REPORT READY

London, Ont., August 3.—No capital expenditures of any sort are to be made by the Canadian National Railways until after the report of the Royal Commission on Transportation is presented to the Government, probably on August 16th, Mayor Hayman declared today. He was informed by Hon. Dr. R. J. Manion, Minister of Railways.

CANADIAN WAGE SCALES STILL AT HIGH LEVEL

Despite Reduced Activity, Wage Cutting Has Been Only of Slight Proportions.

Quebec, August 3.—The wage scales generally throughout Canada have been well maintained, the Association of Workmen's Compensation Boards was informed at its opening meeting here yesterday. Accidents dealt with by the different boards have decreased materially, due possibly to the reduced employment. N. R. Craig, president of the Saskatchewan Board, is presiding.

"The Conference is for the purpose of considering administrative problems, with a view to obtaining uniformity where possible," the chairman said. "We are comparing methods of procedure and possible beneficial policies which might be established and to which all provinces might conform."

V. A. Sinclair, Ontario, on whose act the Quebec law is largely patterned, stated that his board has established a rehabilitation scheme for injured workmen which is so far proving satisfactory. It consists of a medical clinic in Toronto with physicians and trained nurses in attendance and the use of diathermy treatment whereby workmen are enabled to overcome the apathy of various injuries and thus able to get back into the ranks of the employed earlier.

The Conference has decided to have a meeting of all the medical officers of the boards at the next convention to take place a year hence, possibly at Regina.

A decreasing number of accidents was reported, due to some extent to the prevalence of unemployment. Ontario alone shows a decrease in the payroll of the Workmen's Compensation Board to the extent of \$138,000,000 in two years, while accidents dropped from 87,000 to 53,000 in the same period.

Asked if the association would take any steps relative to the recent judgment of Judge Delorme at Montreal, in which the Quebec Board was held to be ultra vires, Chairman Craig stated that while the delegates had considered the matter, it was not within its jurisdiction to discuss it. "That is a matter for the judiciary to deal with," he said.

UNITED STATES WILL JOIN IN THE WORLD PARLEY

Invitation of League of Nations Accepted, But Discussion on Debts and Specific Tariff Rates Forbidden.

Washington, Aug. 3.—The United States is willing to join a world economic conference that will ignore debts and specific tariff rates, but it has left open the possibility of debt discussions with individual nations.

An invitation to the economic meeting sponsored by the League of Nations was accepted yesterday. The American note, delivered to the British embassy, was not made public, but it outlined reasons for acceptance and said representatives would be named later.

The request to join stipulated that individual tariffs, reparations and debts would not be on the agenda for discussion. It specified that general tariff policy and silver would, and that representatives of the participating nations be designated to three committees—one on economic and one on financial problems.

By accepting this invitation, the State Department ignored a suggestion by Senator W. E. Borah, Idaho Independent Republican, that war debts and reparations should be considered at the meeting along with disarmament. But debts and reparations can be got at in another way.

TO CALL TENDERS FOR THE NEW CAUGHNAWAGA BRIDGE

Premier Taschereau Announces Early Start on Fourth Bridge Connecting Montreal With South Shore.

Montreal, August 3.—Tenders for construction of the Caughnawaga bridge to link the Island of Montreal with the south shore of the St. Lawrence River will be called within a few days, Premier L. A. Taschereau has announced.

The bridge will form the fourth bridge across the river and the third to carry private vehicles, one of the four being solely a railway bridge. Its construction will provide work for a number of men both directly and in steel construction. It will be built from the City of Lacine to the Village of Caughnawaga.

THIRD RAIDER OF STANBRIDGE STORE IN JAIL

Man Giving Name as Alexander Evans Arrested by Bedford Police Yesterday Afternoon.

Sweetsburg, Aug. 3.—Believed to be the third member of the trio responsible for the entry into the store of Edmund Hodge at Stanbridge East early yesterday morning, a man giving the name of Alexander Evans, of Montreal, is lodged in the local jail.

Evans' arrest took place yesterday afternoon as the result of quick thinking on the part of Dr. F. E. Draper, of that town. The doctor was proceeding along the road towards Bedford when a man asked him for a lift. Dr. Draper obliged and after the man, who seemed to be tired out, had entered the machine, the doctor was struck by his close resemblance to the man whom Mr. Hodge had described as the third intruder.

Dr. Draper, without saying anything to his passenger, drove him directly to Constable Falcon, of Bedford, and calling the constable to one side explained his suspicions. The constable, who had been investigating the case, was duly impressed. He placed the man under arrest and took him to the Sweetsburg jail.

The other two men, Lucien Manville and Paul Durocher, who were shot by Mr. Hodge and his sons when attempting to break into the store of Mr. Hodge, are still in the local hospital. Last night they underwent operations, the bullets being removed by Dr. George Fuller, assisted by Dr. Draper.

The men, who are under guard, are well on the road to recovery, and it is expected that they will be removed to the jail shortly to await trial.

FREIGHT EXCHANGE RATE

Ottawa, August 3.—The rate of exchange for New York funds, governing international freight and passenger traffic, will be 14 3/4 per cent. premium, the board of railway commissioners has announced. This will be the rate from August 1st to August 14th, inclusive.

During this period, the rate of surcharge on international freight and express shipments will be nine per cent. The passenger surcharge will be based on a fifteen per cent. exchange.

FOURTEEN REDS JAILED AFTER OTTAWA RIOTS

Drastic Action Taken to Break Communist Galling in Dominion Capital Following Conference With Premier.

Ottawa, August 3.—Staged as a counter-attraction to the Imperial Conference, the Workers' Empire Conference is over. Half of the five hundred delegates who gathered here had departed from the city today, leaving fourteen of their number in jail cells.

Following their demonstration near Parliament Hill yesterday when five hundred men and women sang the Red Flag and cheered Soviet Russia, the two day workers' conference was concluded with a meeting at which the delegates were advised to leave the city and the eight Communist who are serving in Portmouthe penitentiary. The remainder of the delegates are expected to depart from Ottawa today.

Ottawa saw a scene novel for the Capital when police used fists, batons and boots in preventing the demonstrators from gathering yesterday. Previous gatherings of unemployed in the Capital have been quiet affairs with the police keeping at a distance to see order was kept.

FIVE HUNDRED MONTREAL FAMILIES OFFERED FARMS

City Executive and Provincial Premier Reach Agreement on the "Back to the Land" Movement.

Montreal, August 3.—Five hundred families will be sent from Montreal back to the land, provided the City Council accepts a decision of its executive committee, was announced yesterday after a conference between Premier L. A. Taschereau and Alderman J. Maurice Gahies, chairman of the executive.

The city will be pledged to a maximum contribution of \$100,000 on colonization, the city's share per family being, under the scheme, \$200 per unit, the Provincial and Dominion Governments contributing a like amount each.

The people will be chosen from a class that can colonize and can be depended upon to remain in the country even though "boom" days return, it was stated.

CONFERENCE, TO WIND UP ON AUGUST 16TH, LOOKS LIKE ALL-ROUNDER SUCCESS.

Ottawa, Aug. 3.—It is planned to wind up the Imperial Economic Conference on Tuesday, August 16th, just short of a month from the opening. It looks like an all-rounder success, as a visiting London journalist puts it: "The Conference, in spite of many traps, seems to be moving towards a successful issue."

The British delegation, headed by Rt. Hon. Stanley Baldwin, is booked to sail on the Empress of Britain on August 20th.

PROBE REVEALS DEATH OF MAN WAS NATURAL

Frank Wheeler, 32, Passed Away Near Mansonville After Three Days' Illness—Inquest into Death of Mrs. Wilkinson Page Will Reopen on Friday.

Granby, August 3.—A verdict of death by natural causes was returned by Dr. Rummels, who probed the death of Frank Wheeler, a farm hand residing with John W. Wheeler near Mansonville. The deceased had come to the Wheeler farm last May from Vermont, and had been employed by the John Wheeler family.

Three days ago Wheeler, who was thirty-two years of age, took to his bed. The Wheeler family notified the coroner of his death, and the subsequent investigation revealed that the deceased had died a natural death. Dr. Rummels has received word from the provincial authorities at Montreal that a report of the autopsy performed on the body of Mrs. Page Wilkinson by Dr. Rosario Fontaine, medico-legal expert, would be ready for Friday. The re-opening of the probe was accordingly fixed for that date.

Mrs. Wilkinson, according to information received by Coroner Rummels, had been separated from her husband for many years and had been residing with her daughter, Mrs. Charles Duprais, four miles from Sweetsburg, for the past six months. According to the authorities, Mr. and Mrs. Duprais stated that the fifty-four-year-old woman had passed away Sunday night after an illness of two weeks.

It was allegedly revealed, however, that the deceased had been dead longer than that, and an inquest was ordered. Investigations by Coroner Rummels and High Constable St. Martin of Sweetsburg, disclosed that the woman's body lay on a bed in the lone room of the top floor of the house inhabited by eight persons.

AVIATRIX WILL TAKE STAND IN MURDER CASE

Prosecution to Rely Upon Story of Woman's Love for Two Men in Its Attempt to Convict Captain Lancaster.

Miami, Fla., Aug. 3.—The story of a woman flyer's love for two men was relied upon today by the prosecution in its attempt to convict Captain W. N. Lancaster, former British Army aviator, of the murder of Haden Clarke, young American writer.

James M. Carson, chief of defense counsel, told the jurors he hoped to prove that only circumstantial evidence could be produced against Lancaster, and that the state could not weave a web sufficiently strong to be accepted without reasonable doubt.

State Attorney Hawthorne said he planned to call Mrs. Jessie M. Keith-Miller, Australian aviatrix, as one of his first and principal witnesses.

The trial opened yesterday with selection of a jury, made up of married real estate men, merchants, contractors and salesmen.

Hawthorne's opening argument told of his plan to attempt to show that Lancaster frequently threatened Clarke's life after he learned that the author, who was writing Mrs. Keith-Miller's life story, had become engaged to the aviatrix during Lancaster's absence on a business trip. She once was Lancaster's fiancée.

The state attorney said testimony of state witnesses would show that Clarke, fatally shot on April 21st in the bedroom he and Lancaster occupied in the Keith-Miller home here, was murdered after quarrels between the two men.

ing a like amount each.

The people will be chosen from a class that can colonize and can be depended upon to remain in the country even though "boom" days return, it was stated.

PARAGUAYAN WOMEN ASK RIGHT TO ARM AS STORM CLOUDS GATHER

Government Officials Attempting to Dissuade Women from Active Service in Chaco Wilderness—President Calls on Paraguayans to Mobilize Troops for War With Bolivia—Services of League of Nations Demanded by Bolivia.

Asuncion, Paraguay, August 3.—Hundreds of excited Paraguayan women—society belles, debutantes and broad-shouldered farm wives—besieged the government today, demanding the right to go to war.

They came by dozens, hanging on trucks and wagons, crowding out of trains, and rushed for the stadium where recruiting activities looking toward war with Bolivia were centered.

The women demanded active service on the battle front. This the government regarded as impossible out in the deep Chaco wilderness where even the mildest non-combatant service is considered too severe for women.

The beleaguered officials tried to suggest service in civilian capacities at home, filling positions vacated by the men. But the women scoffed. If Paraguay goes to war, they shouted, their place would be in the Chaco, not the home.

In a proclamation President Guggiari called upon the army to prepare to achieve "deeds of prowess."

"As before," he said, "when Paraguayans gave the world an example of astonishing vigor and valor which commanded the world's admiration, so now we must demonstrate that our race retains these virtues of our fighting forefathers and we must repeat history."

BOLIVIA MOBILIZES ALL ITS FIRST CLASS TROOPS

La Paz, Bolivia, August 3.—The Ministry of War ordered today a mobilization of all classes of youths between twenty-two and twenty-nine years old, in anticipation of war with Paraguay in the Chaco region.

The order also included all retired army officers between twenty and fifty.

A high official said Bolivia will inform the League of Nations that an immediate settlement of the Chaco dispute must be effected or she will go to war.

FATAL RIOTING FLARED ANEW IN GERMANY TODAY

Three Men Are Dead and Several Others Severely Injured as Result of Latest Uprising.

Berlin, August 3.—Rioting, with guns, knives and clubs for weapons, has suddenly flared anew in Germany. Three men in Berlin and several others severely injured.

At Koenigsberg, Communists retaliated for the attacks by National Socialists last Monday which resulted in the death of the Communist leader and another man in the party council. They fired a volley into a Nazi meeting, killing one. Four were stabbed or shot during the riot which followed.

General Kurt Von Schleicher, Minister of Defense, and credited with being the real power behind the Von Papen Government in order to operate the newspaper Zwoelf Uhr Abendblatt today as expressing a frank admiration for Adolf Hitler, Nazi leader, and declaring Hitler's movement must be used "because it is fired with faith."

INSURANCE TO BE CARRIED BY MONTREAL TAXI-OWNERS

New By-Law Requiring Public Liability Coverage Will Become Effective September 1.

Montreal, August 31.—After September 1st, all taxicabs and motor vehicles requiring for public hire will be required to carry public liability insurance in order to operate in Montreal. The city by-law will be adopted by then, its foundation being the law adopted at the last session of the Quebec Legislature.

Notice of motion of the by-law will be given to the City Council today by Ald. Leo Tremblay, leader of Council, and that will allow by-law machinery to revolve in time for the new legislation to become effective in Montreal by September 1st.

Provisions will be that the proprietors of every such vehicle must carry insurance for \$1,000 for property damage, \$5,000 to cover risks to one passenger, and \$10,000 for more than one passenger. His insurance, too, must be framed so that he will be covered for accident to passengers in other automobiles in case of collision.

September 1st has already been set as the zero hour for the taxiproprietors in Montreal not now carrying the insurance. Those who do protect their passengers have protested to the City Hall against allowing others to operate their cabs, but the aldermen pointed out that the provincial law had no effect until implemented by a by-law, and September 1st was set as the date for the by-law to apply.

SENATOR AND MRS. GRAHAM OBSERVE GOLDEN WEDDING

Brookville, August 3.—Rt. Hon. Senator George P. Graham, former Minister of Railways and Canadian Minister of the Interior, yesterday quietly celebrated the thirtieth anniversary of their marriage, which took place on August 2, 1882.

The old bay line steamer State of Maryland was in collision with the schooner Milton S. Lankford in Chesapeake Bay last night, it was announced when the Maryland arrived here from Baltimore today.

The schooner, according to first reports, sank after the collision. No definite information was immediately available as to possible loss of life.

At the Old Bay Line office here it was said the Maryland was not damaged, and that additional information had not yet been received from the captain of the steamer.

The home port of the schooner was Elizabeth City, N.C.

UNDERTONE IS FAIRLY FIRM AT MONTREAL

Some of Leading Issues Partially Recovered Yesterday's Losses—Banks Continued Strong.

Montreal, August 3.—The Montreal Stock Exchange continued irregular course today, although a firm undertone was in evidence with some leading issues partially recovering yesterday's losses. Banks continued strong. Trading was quiet.

Montreal Power shares regained 1-2 to sell at 33, while the debentures were off 1-4 at 89 1-4. International Nickel, which has displayed considerable activity in the past few sessions, held steady at 7 1-4. Canadian Pacific at 14 3-8 and Brazilian Traction at 9 1-2 lost 1-8 each. Shawinigan Power at 18 1-2 was unchanged.

Dominion Bridge was a strong spot and gained 1-8 at 16. National Breweries and Canada Cement were up 1-4 each at 16 3-4 and 5 respectively, while McColl-Frontenac at 9 3-4 and Dominion Steel and Coal "B" at 1 3-4 both were off 1-8.

Bank of Montreal was five points higher at 208, a new high for the year, and Royal Bank was up two points at 151.

HEAVY TRADING REPORTED FROM FRUIT MARKETS

Montreal Fruit Markets Well Supplied Despite Light Arrivals During Past Week.

Montreal, Aug. 3.—The following cars of fruits and vegetables arrived in Montreal for the week ending August 2nd: apples 10; other fruit 37; bananas 10; other tropical fruit 31; potatoes 6; onions 9; other vegetables 13. Total 165 cars. The weather this week has been good and trading has been fairly active.

Although no cars of apples have arrived this week, the market is still well supplied. B.C. winesaps are no longer on the market but Washington stock is offering at \$1.75 per extra fancy box. Imported transparents are at \$2 per No. 1 hamper while Red Williams are selling at \$1.25 to \$1.50 per hamper.

Domestic old potatoes and imported new stock are no longer in any demand and any stock on the market at present cannot be moved. The entire potato market is being met at present by local new stock which is selling at fifty cents per eighty pound bag.

PRICES MOVED UPWARD TODAY ON WALL STREET

New York, Aug. 3.—After some early hesitancy, the stock market started upward again today, and a wide assortment of leading issues showed advances of fractions to more than a point toward mid-day. Issues up or about or included Santa Fe, Union Pacific, Pennsylvania, American Telephone, People's Gas, Allied Chemical, Drug, Baldwin, Case, Hudson and Manhattan, and United States Steel preferred. Trading quickened on the advance. Call money renewed at two per cent.

MONTREAL LIVE STOCK MARKET

Montreal, August 3.—There were 251 cattle, 523 hogs and 31 calves for sale on the two Montreal markets today, including 125 common cattle held over from Monday and Tuesday.

A total of 432 cattle were received for export, leaving Montreal on the Manchester Producer on Thursday, August 4.

There were no early sales of fresh cattle and no bids on common thin cattle and bulls.

The egg market was unchanged. Prices ranged from 19c to 19 1-2c for common, 20c to 20 1-2c for medium quality.

A few hogs were weighed on former contract at \$5.50 to \$5.65 fed and watered, and a few fresh sales were made at \$5.50. Buyers were well stocked for the moment and trading was a little draggy.

Country and Dairy Produce Prices

Montreal, August 3.—The cheese market was unchanged at 9 3-8c to 1-2c for Ontario, and 9c to 9 1-8c for Quebec, but, having regard to the statistics, some dealers were quoting only the maximum levels of the range.

The egg market was unchanged. Prevailing quotations on graded eggs ranged from 19c to 19 1-2c for extras, with some fresh arriving Ontario selling up to 20c a dozen; firsts, 16c to 16 1-2c; seconds, 15c to 15 1-2c. Prices to retail on small lots, as quoted by jobbing houses, were as follows:

Per Dozen—
Special brands 27-28c 26-27c
Fresh extras 25-26c 24-25c
Fresh firsts 21c 20c
Fresh seconds 17c 16c

The potato market held at 40c per 80-lb. bag for new Montreal grown stock, which represents bulk of the trading.

Quotations to retailers for jobbing houses on dressed poultry, per lb., follow:

"A" "B"
Boiling fowl 18-22c 16-20c
Roasting chickens 20-26c 18-24c
Milked chickens 28-30c 26-28c
Frying chickens 20-21c 18-19c
Broiling chickens 22-24c 20-22c
Squab broilers 25-26c 23-24c
Roasting turkeys 24-26c 22-24c
Baby ducklings 20c 20c
Ducks 19c 14c
Geese 16c 13c
Goslings 16c 13c

CANADA DOING ALL POSSIBLE TO AID NEEDY

Prime Minister Refuses to Consider Dole in Telling Unemployment Delegation that Sovietism Does Not Provide a Solution for Situation.

Ottawa, Aug. 3.—"We are doing everything that this country can stand to assist the needy, which is primarily the duty of the provinces, and maintain our national life," This statement was made by Prime Minister R. B. Bennett yesterday to a delegation from the National Conference of Unemployment Councils.

The programme of the delegation, the Prime Minister considered, would not achieve the desired aims. Sovietism, he told the delegation, presented unfair competition to Canadian labor, and he illustrated this point by referring to the disastrous results brought about by Russia under Sovietism to Canadian wheat, lumber, asbestos and other lines of industry.

While the Canadian Government was doing its utmost in world-wide economic conditions—and the situation was much worse in other countries than in Canada—law and order must be preserved, Mr. Bennett emphasized.

Friendly but firmly, the Prime Minister received representations from the seven delegates, headed by George Winslade, Toronto, on a variety of subjects ranging from a demand for non-contributory unemployment insurance and other demands for Canada to the question of exports to Japan, and the release of 55,000 political prisoners in India, and independence for India. With Hon. W. A. Gordon, Minister of Labor, and Hon. Hugh Guthrie, Minister of Justice, present, the discussion between the Government and the delegates broke up in the middle of lunch hour after fifty minutes' duration.

Tim Buck and other jailed communists would not be released until they had served their terms, Mr. Bennett stated. These men had been found guilty, the Prime Minister said, before the Supreme Court of Ontario on their own statements that they had been taking direction from Moscow, and had been supplied with money from Soviet Russia. These men had sought to destroy the state, he emphasized.

Section 98 of the Criminal Code would not be repealed, Mr. Bennett said. "We will continue so far as we can to aid and assist those in need and who honestly want employment," Mr. Bennett stated.

"We expect criticism, but we will continue to give our aid. To those who criticize and are not doing anything in our power. But to those who seek to set at naught and defiance the law and order of this country, the whole machinery of justice will be used to smash such an effort."

The laws of the country under democracy represented the will of the people expressed through their duly elected representatives. By these laws every one was governed.

One of the delegates styled their delegation as Workers Economic Conference and demanded a hearing before the Imperial Conference. Mr. Bennett answered that the "fixed" rule was that Imperial Conferences did not receive delegations and this would have to be adhered to at the Ottawa meeting.

The programme of the delegation was put forward on each subject as a demand. "The Prime Minister," he said, "might possibly be changed to 'request.' The spokesman 'demanded' and continued to 'demand' and Mr. Bennett observed 'Very well then.'"

He was sure, Mr. Bennett said, that the lady member and the gentlemen comprising the delegation could not help but be aware of the fact that conditions were much worse in other parts of the world than in Canada. The delegation had expressed themselves in a very outspoken manner in their demands and criticism personally and otherwise. Under Russia's Sovietism, which had been espoused by spokesmen of the delegation, the same freedom was not permitted. This illustrated the democracy of this country.

The complaint against Soviet Russia was its unfair competition against the world. "Do you believe in unfair competition?" Mr. Bennett asked the delegation. "Do you believe workers of this country should not have a fair chance in honest competition?" He mentioned the action of Russia in "dumping" asbestos on the world's market under the Soviet labor system, resulting in the practical closing down of a Canadian asbestos mine at Asbestos, Que., throwing Canadian workmen out of employment. Again, the Prime Minister commented on the loss of the lumber market which Canada had had in England by the product of Russia under Soviet regime. Russia also had "dumped" wheat into Liverpool to the detriment of the Canadian wheat producer. The actions of Soviet Russia were a menace to world civilization.

"I do not think," Mr. Bennett said, "that any one could believe in the destruction of the means by which you may obtain employment, if you want employment, for yourselves and your fellow men." He did not agree with the remarks of Mr. Winslade on child labor in Canada, although this was a matter for the provinces. The question of a seven-hour day was another matter for the provinces. The delegation had asked for non-contributory unemployment insurance. The claims of the delegation agreed on the taking away of wealth, and at the same time not affording the opportunity to create wealth.

CANADIAN AND UNITED STATES VESSELS DRAWN

Invader II, of Toronto, Had a Margin of Fifty-Seven Seconds in Second International Yacht Race.

Rochester, N.Y., August 3.—Canada and the United States were all even today after the second in a three out of five series for Canada's Cup, emblem of supremacy in freshwater yachting and now held by Rochester.

In the lead from start to finish, Invader II of the Royal Canadian Yacht Club, Toronto, finished a twenty-one mile triangular course with an advantage of fifty-seven seconds over the defending Conewago.

A good breeze of about ten knots blew out of the northeast. A short chop changed to long rollers before the race was over.

Yesterday's race was really decided on the first leg of the first round of the course. Walter Windyver, skipper of the Invader II, elected to make his thrust to windward with regular working jib, as Conewago raised an intermediate Genoa jib. Not only did Invader II hold higher into the wind than the United States boat, but she footed just as fast.

At the end of the leg of windward work Invader II had a lead of one minute and twelve seconds, a tremendous advantage in the face of the freshening breeze out of the northeast.

The second leg was a broad reach with both yachts carrying balloons. The Invader II added slightly to her lead. The third leg also was across the wind, sheets again being fairly well eased. The relative positions were again unaffected, and the Canadian yacht started out on the second round of the course with more than a minute's lead.

Skipper Wilmet Castle of the Conewago clung to his intermediate Genoa jib for the second leg of windward work, while Windyver returned to the little working jib.

The Invader II responded tack for tack to the Conewago and matched the American craft in speed. Conewago must have come about thirteen or more times during the course of the three-and-a-half-mile leg. The American boat lost ten seconds on the leg.

The last two legs the lead of Invader II was too great to overcome and she kept well in the lead.

SWEDEN LEADS IN MODERN PENTATHLON COMPETITION

Los Angeles, August 3.—Bo Lindman, of Sweden, led in the modern pentathlon competition today after the first event of the five-day programme, a 3,000 metre steeplechase. While more than twenty falls were recorded by the entrants, all but one drawn from the military of the eleven nations represented only one serious injury marred

PLAN REGATTA AT WATERLOO; GENERAL NEWS

Officials of Committee Named at Meeting in Waterloo—News Items and Personals from Vicinity.

Waterloo, Aug. 3.—On Friday evening, July 29th, a meeting was held for the purpose of organizing the second annual regatta at the Waterloo Bathing Beach. Mr. S. J. Bloomberg was elected chairman, with Mr. Gilbert R. Clark as secretary. It was decided to hold the regatta on Saturday, August 13th. A committee was appointed to arrange a fine programme of events, including the greased pole, canoe tilting and many other features to provide an entertaining and interesting day. The committees are as follows: decorating, George Young, R. A. Hanson and Charles Boright; programme, J. G. McKersy, R. A. Hanson, R. C. Boright and Gilbert Clark; refreshments, Mrs. M. D. Moyse, Mrs. J. S. Macdonald, Miss Madeline Poirer and Miss Marie Gingras; prizes, Mrs. A. J. Suckland and Rev. N. Egerton.

A vote of thanks was given Mr. A. F. Robinson and Mr. J. J. Irwin, who have done so much towards founding the beach. It is the only beach, we believe, in the Eastern Townships where the public is invited to come and bathe free. As there is a slight expense in keeping the beach house and lockers in good condition, supporting this project will provide a means to that end. The next regular executive meeting will be held in the town hall on Tuesday evening, August 2nd, at 8:30 o'clock.

TURRET CAR-A-WEEK CONTEST

"I never thought my Handwriting would win a Car"..... said

MAJOR R. SELLAR, M.C. Manager, Dining Hall, C.P.R. Shops, Winnipeg, Manitoba.

WINNER OF THE NINTH TURRET CAR-A-WEEK CONTEST!

YOUR Writing has an equal chance to Win!

Give your handwriting a good chance by entering each of these weekly contests. There is a new contest each week and a new winner of a car each week—you might win any week's contest. Your chance of winning is just as good if you are a poor writer as if you are a good writer—it is the character or interesting features of your writing that count—not the fact of your being a good or bad penman. The committee of judges which selects the winner is headed by Mr. Frederic D. Jacob, for fifteen years Dominion Government Graphologist. Every week 100 other contestants receive an analysis of their handwriting.

The car will be delivered the day the winner is announced.

WHERE PROSPECTS ARE PLEASING.

There is a general feeling that the worst is over and the best is yet to come as far as Canada and the Empire is concerned.

Cloaked in cloistered conference, more to hide their inadequacies, and much to impress the people, the reports of the Imperial Conference are inadequate and yet hopeful. So many people see safety to themselves in secrecy from the public that we can readily forgive the conferees, and accept with confidence their public declarations of earnest faith and decisive desire to cement a trade unity within the Commonwealth.

But beyond all this Canada has now the assurance of a bountiful crop in all its vast farm acreage. There will be a bumper wheat crop in the West, and in the East the acres are rich and smiling wherever they have been cultivated with care.

With these harvests now assured, with a year of plenty nearing its season's Harvest Home and Thanksgiving Day there can be no thought of want or starvation for those with the courage to glean.

So that we in Canada, in this month of August, nineteen-thirty-two, can cheerily say, "God's in His heaven; all's well with the world."

FINANCING WHICH OTHER TREASURERS MARVEL AT.

The portfolio of finance in any ministry, or in any municipality, is an important one; and the public today call for probity and economy.

Realizing the gravity of the period, Premier Taschereau has for a long time held in his own name the Provincial Treasurership, though for a time he had the assistance of one of Quebec's ablest financial minds in the Hon. Gordon Scott.

Without complaint the Premier has headed the Treasury and two other executive portfolios, thus essaying a task which would tax the powers of the most vigorous and robust man. His friends, who sincerely wish him well, advise Mr. Taschereau that he should lighten his load, and rid himself of at least one of the departments.

Through the Provincial Treasury he has not only been able to enforce desired economies by holding each governmental department to its quota, but he has directly saved to the people the salary of a Minister. This may be a minor thought, but it is a saving which should not be forgotten, and the Premier should be accorded credit for it.

The Deputy Minister of the Treasury Department, A. P. B. Williams, has been an able coadjutor of his chief. With the highest credit in the land the policy put in force by the Premier of paying accounts when the money was available, has been ably carried out by Mr. Williams, and without any impairment of the provincial credit.

In a tight money market, where high rates of interest are being paid by Federal and provincial governments, no public loan has been floated.

Other provincial governments are envious of the steady payment of expenditures out of income, and they marvel at it, especially when they know that, under the close supervision of the Hon. J. E. Perrault, so many stretches of good roads have been added to the mileage of fine highways through the province.

COULD SAVE CANADA A MILLION A DAY.

The simple plan is to cut expenses and increase revenue.

Let us start with government. We are over-governed in too much quantity; and governments have contracted the habit of increasing taxes and exhausting revenues.

We wield the curative scepter, each one of us. We could reduce by many millions a year the cost of government by closing worthless and unprofitable bureaus and putting a stop to useless activities of a horde of ventures into paternalism.

We would have the feeling that with one bold stroke we were doing something which would not affect in the slightest degree the welfare of the people.

Abolish the departments, for instance, which maternally inform us how to keep the cow from catching the measles. The farmers are hounded to death by an army of inspectors.

Every industry is paternalized and nursed by government bureaus, where each and everyone of them would make better progress if it were left to its own devices.

The salaries of the meat and canned goods

division in the Department of Agriculture measure up to the salaries paid in the whole active industry in Canada.

Entomology, pathology, cow croup—everything is studied, researched, analyzed and paternalized with no thought of the relative proportion of expense to utility.

There are government departments which we could well do without and suffer no loss.

We have about as many people looking after the Indians as there are pure Indians in Canada. They cost us \$3,000,000 a year.

Legislation costs us \$3,000,000 a year—that is the House of Commons and the Senate in their annual sessions at Ottawa. It could be cut in half.

National Defence costs \$20,000,000 a year, yet we have never felt in jeopardy.

It costs us \$14,000,000 a year to collect our taxes.

Pensions cost us \$1,000,000 a week.

Our government railway ventures loses us \$2,000,000 a week.

In one year our canals and railways cost us \$1,000,000 each week.

Scientific institutions tap the public chest for over a million a year.

Our bill for interest on what the Federal Government owes is over \$2,000,000 a week.

We can stagger along for a few years, impatiently, of course, but can we not demand that there shall be no more improvident and untimely ventures into further government expenditures?

President Hoover is satisfied with the gesture of a signed Seaway Treaty. But his defeat will save Canada from any thought of our being held to it; for Candidate Roosevelt is opposed to it. And it is a Roosevelt year.

A good economist could save Canada a million a day in 1932.

EDITOR'S NOTE BOOK.

O, hi, hum! Our haying is all done! Nix Dean, his trusty three huskymen, and the Editor, gave three hearty cheers as the last load came in at 3:30 daylight saving time on Tuesday evening; together with 132 other tons this one-ton jag of hay will prove such fodder for the thirty golden Guernsey cows that they will give cream all the winter long. Between showers and on long rainy days, and whilst the wholesale vegetable houses were crying for truckloads of Nixdean lettuce, we managed to get the hay crop in the mow, all matured so well that it will be a breath of summer on a zero day. As Harry Lauder would sing, "It's nice to be a farmer, but it's nicer to stay out of the rain." Nixon Dean, who works that farm 364 days in the year, and follows my advice on the 365th, says that if Charlie Howard would give him some personal tuition on farming he might vote against him, but run against him he wouldna, for he says he cannot afford the high price of politics. He sells vegetables in the farmyard, but the viands in the editorial garden cost extra.

Ten Canadian Senators, ten out of the twenty-four allotted to Quebec, reside in the City of Montreal, whilst five of Ontario's quota of twenty-four Senators live in Toronto. This makes up somewhat for the fact that it takes two city votes to weigh as much as one rural vote. It's a long, long time since Sherbrooke had a resident Senator.

Wherever there is unrest the wild-eyed Communist appears from the void with vulturean swiftness ready to offer his panaceas for a world which has gotten along very well for thousands of years, but which has never been without its ne'er-do-wells.

South Stukely, long in the dark, emerges this month as an electrically lighted village on the Sherbrooke-Montreal highway, and will now hold its place in the sun even after sunset. A sub-station and distribution system has been installed.

Whilst we are on the last lap of the detour around Depression, and are in sight of the smooth highway, let us not forget the high cost of politics in business. It appears in your tax bill, and we have it in our hands to correct it.

They have had a wolf week at the Zoo, and so many wild animals were on exhibition that we can change the spelling of the young city to the Zoo.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. August 3rd, 1902.

L. A. Taschereau, Quebec attorney, was among the visitors to the city for the day.

Members of the Harmony Band were entertained by their honorary president, L. H. Olivier at his summer home at Little Lake.

Sherbrooke guests of friends at Marbleton included Miss Alice Griggs, Mrs. Andrew McDonald and Masters Raymond and Harold.

The monthly report of the Police Department stated that during July only eleven arrests were made, ten of which were for drunkenness.

The North Hatley correspondent reported over 800 summer guests in the village, the largest number in the history of the popular vacation resort.

Mrs. E. Winn Farwell entertained the Ladies' Whist Club at "Parkwood," the prizes of the afternoon being won by Miss Clarke and Mrs. Brundage, a Minneapolis visitor to the city.

The City Council turned down a proposal to change the name of Little Wolfe street to "Cabana" street, as such a move would necessitate a change in the deeds of all properties located on the street.

A London, England, firm of solicitors informed A. Stacey, of Asot Corner, that he and four other members of the family had been left \$10,000 each by the will of the late John Stacey, of England.

The directors of the Gas and Water Company again deferred action on the offer of \$75 a share for the company's stock, not being in a position to deliver the 1,600 shares required by the syndicate making the offer.

LOONBEAMS

by Ted Bullock.

From Wisconsin comes a new tale of aldermanic cunning which I hasten to pass on in its essentials. Edward Robert Branigan, city father, grew weary of attacks on the Council, which had been coming thick and fast from press and pulpit in his native town of Beloit.

He found it hard to silence the editors. They did not seem to mind when he cancelled his subscription.

So he thought up a way to get even with the preachers. He went to one of the churches, dropped a dollar into the collection plate and, when the sermon was over, demanded his dollar back.

The minister had declared from the pulpit that the city was in the hands of unscrupulous men, and called for the election of honest men.

The church refused to refund the dollar.

Now Branigan is suing the minister for obtaining money under false pretences.

"He made a political speech," claims the irate alderman, "when the congregation were led to expect a sermon. When a minister of the gospel inveigles me into his church to hear the word of God, which undoubtedly my soul needs very much, and then delivers a political oration, I feel he has obtained my money under false pretences."

The impression is growing in Canada that, if the Imperial Economic Conference does nothing else, it will, at least, attract scores of American industrialists to the Dominion.

From panic-stricken United States to Empire-trading Canada, anxious to crawl under our tariff walls, they will come with their branch plants and their capital.

Montreal, always alert to business opportunities, is beginning to bid strongly for those American plants.

The Board of Trade, the power companies, the railways, are uniting with the press in a flaming campaign to attract attention to Montreal's advantages as a manufacturing centre.

What is to prevent Sherbrooke from getting a share of that new business?

For every advantage Montreal can show, Sherbrooke can show at least one, equally tempting.

If Sherbrooke will forget the depression for just one week, if the Chamber of Commerce will hold an emergency meeting right away and formulate an aggressive, trenchant factory-getting campaign, and decide to put it across, summer holidays or no summer holidays, slump or no slump, we'll all be so busy that depression will automatically scare itself to death.

I have amused myself, in the last fortnight, gathering statistics on Eastern Townships business and Eastern Townships resources.

I have a lot more to get.

You cannot build up an accurate picture of as varied and as rich a district as this overnight.

But I have enough now to pop indifferent eyes pretty wide open to what the Eastern Townships are and what they can become.

I offer my statistics and a few scattered ideas to the Chamber of Commerce and the City Hall, if those institutions want them.

I challenge Sherbrooke to forget its private feuds and to get down to the business of making this region show the rest of Canada how a self-respecting, intelligent, potentially rich district can yank itself out of the hole by its own bootstraps.

And anything I can do to help, in working hours or out, as a columnist, or as a citizen of Sherbrooke, is at your disposal.

Any takers?

PRESS COMMENT

AT LAST THE HONEST LAD HAS BEEN FOUND IN TOWN.

The honest actions of one transient have temporarily restored one Lindsay newspaperman's shattered faith in humanity. While cutting the grass on his lawn the other night, a nice-looking young fellow asked him for a job. The writer contracted with him to cut the lawn for 25 cents. Sall the young fellow, "Well, two bits isn't to be scoffed at these days." He was paid in advance and was also given a meal as he had had no supper. Before he had cut the grass for five minutes, it started to rain hard, and the newspaperman had to call him off the job. "I'll return your 25 cents," said the boy. "No," insisted the newspaperman. "Well, I'll come back in the morning and cut the grass," promised the boy. "So be it," concluded the newspaperman, trying vainly to imagine anyone coming back to cut a lawn after he had gone away. But, lo and behold when he had returned from work at noon the next day the grass was nicely cut. "I'll be darned," the newspaperman grudgingly admitted, "there must be honest people in this world after all."

WORLD'S GREATEST.

A recent County of London census reveals that while the population of the City of London and the twenty-eight Metropolitan boroughs which comprise the administrative county had declined by 87,520, and was now 4,387,068, the area of Greater London, occupying roughly a circle of fifteen miles radius based upon Charing Cross as a centre, increased by 723,741, comparable in magnitude with the populations of Liverpool and Manchester.

Greater London's population is returned at 8,203,942.

Lewisham has increased by 26.3 per cent., Woolwich 4.5 per cent., Hammersmith 4.0 per cent., and Hampstead 3.2 per cent.

Dwellings in the county number 748,930, compared with 720,004 in 1921, an increase of 28,926, or 4.0 per cent. Of the total, 18,302 have been returned as vacant. There were 47,290 vacant in 1921.

The average size of a family has been reduced from 3.79 in 1921 to 3.46 in 1931. The decline is as great as in the preceding ten years, when the population was depleted by the loss of men killed in the war.

Males in the county of London numbered 2,044,108 and females 2,352,835.

The proportion of females to one thousand males has fallen from 1.165 in 1921 to 1.151 in 1931.

Exceptionally interesting figures—and proof of the position of London as the greatest city in the world.

NEW CHIEF OF POLICE NAMED AT ST. JOHNS

Joseph Morin, Who Has Been Associated With Department for Past Seven Years, Succeeds Late Chief Turgeon.

St. Johns, Que., August 3.—The announcement was made at last night's meeting of the St. Johns City Council of the appointment of Joseph Morin, a member of the local police and fire department during the past seven years, to that of Chief of the department. Chief Morin succeeds the late Chief Joseph Turgeon, who died at the end of May.

The appointment of the new chief was made at the inaugurating meeting of the new city hall, the construction of which was recently terminated. The meeting was presided over by Mayor Georges St. Germain and all the aldermen were present, together with Secretary Hormidas Morais and Municipal Engineer Oscar Bessette.

A sum of \$300 was voted as the

annual grant to the Ste. Therese Orphanage. A letter signed by Ivan Sabourin, who acts on behalf of the federal Government, was read at the meeting in regard to proposed dredging operations to take place in the Richelieu River, at the mouth of the Jackwood Creek, here. The council had previously communicated with the federal Government in the matter and had been informed that the operations would cost the city of St. Johns a sum of \$40 per day, and an additional sum of \$10 per day, should the services of a diver be requested. The matter is now being studied by the members of the council and nothing was definitely decided in the matter during last night's session.

Alderman A. E. Gregoire gave a report of the past activities of the St. Johns' Relief Committee since the early days of its foundation. Andrew McCutcheon, A. E. Talbot and A. E. Gregoire requested that a new committee be formed. They asked the council to be replaced by new members and were thanked for their past activities by members of the council headed by Mayor St. Germain.

New York, August 3.—The Canadian dollar was steady, with the pound sterling fractionally easier in early trading on foreign exchange markets here today. The dollar opened unchanged at 87 cents, and the pound was off one-eighth of a cent at \$3.51½.

FAIR FEATURES WILL BE NOVEL AND NUMEROUS

Effort Has Been Made to Provide Something Which Will Have Special Feature for Every Visitor Entering Gates of Sherbrooke's 1932 Exhibition.

It hardly seems possible that the Sherbrooke Exhibition will be in full swing in twenty-six days, but time and tide wait for no man. Today is August 3rd, and the Exhibition opens its 1932 gates for a bumper week on Sunday, August 28th.

The elaborate preparations which are being made and the usual interest manifest in all quarters is ample proof that the 1932 Exhibition will be the unexcelled achievement of the Eastern Townships Agricultural Association. During the last week in August and the first three days of September all highways and byways will lead to Sherbrooke.

Greater than before is the interest shown in the exhibition throughout the Eastern Townships. This is due largely to the policy of keeping the \$20,000 offered in prize money in the twelve counties of the Eastern Townships and also to the numerous community events which will be an important feature of the great attraction. Every inducement is being offered to bonafide residents of the Eastern Townships to support their own people and products. All they have to do is take advantage of the occasion.

The five-mile race, sponsored by the Sherbrooke Record, has been widely heralded in amateur athletic circles. It is predicted that the number of those who will face the starter's gun in this event alone will reach the century mark and La Tribune's tag-o-war contest has awakened most satisfactory enthusiasm. Twelve teams have announced their intention of striving for the gold watches which will go to members of the winning team, or the silver watches for the runners-up.

No less than \$300 in prizes will be available for participants in the "strong man" event, of which \$125 in cash will go to the winner.

This contest of prowess will recall the pioneers of the Eastern Townships, who carried on their backs heavy sacks of wheat, bearing their burdens for many miles between their farms and the grist-mill. In the 1932 version of this old-time feat a 200 pound bag of sand will replace the wheat. This "strong man" event is not in the nature of a race, but rather a trial of strength. The contestants will start from Wellington street, walking from there to the race track at the Fair Grounds, where each man will carry his load as far as he possibly can. First prize will go to the man who bears the burden of his load the longest. All the prizes in this event have been donated by the hotel-keepers of Sherbrooke.

As important as are all its other products, none have brought such great renown to the Eastern Townships as the children born here. Numerous positions of great prominence in the outside world are held by men and women who first saw the light of day in this district. Therefore, the Baby Show of the Sherbrooke Fair will be an event of pre-eminence. Needless to say the Baby Show office in the Stork Shop is a busy place where entries are pouring in continually.

The hearts of many young Eastern Townships ladies are doubtless fluttering as they eagerly prepare for the "Miss Eastern Townships" contest. Since this is not a beauty contest, but rather a matter of popularity, this event will have a wide appeal. To the girl who makes the best impression on the spectators in the grand stand and receives the most votes will go the title of "Miss Eastern Townships," as well as a generous prize.

An amateur boxing tournament will be held in the Arena, and for this event ten silver cups have been donated. The tournament will be divided into two sections, one for "green" boxers who have never appeared in a public ring, and the second for the more experienced amateurs. Each section is itself to be divided into classes for the various weights. Elimination bouts will be staged on Monday evening, August 28th, and on Tuesday the finals will take place. The winners in each class are to be declared "Champion of the Eastern Townships," and will receive one of the silver cups.

The "Birthdays Party" to be given by the directors to all those whose birth coincides with the inauguration of Sherbrooke Fair, August 28th to September 2nd, 1885, will be a novel feature. Already many ladies, some of whom have not divulged their age for years, have written in for invitations. The men are, of course, also being invited.

On Thursday, "Eastern Townships Day," designated also as "Old Timers' Day," every person over seventy-five years of age, born in the Eastern Townships or Beauce County, will be given the freedom of the Fair. An official invitation must be obtained by writing to the Fair Manager.

Parents of large families will be interested in the daily prize which is to be given to the largest family attending.

It is expected that fifteen thousand children will draw for the pony, which will be given away on "Children's Day," August 30th.

The parade committee, consisting of Mayor L. Forest and Messrs. Ralph Webster and Leo Laliberte, promise a parade such as Sherbrooke has never seen before. Every attraction will be represented from the dancers in the grand stand review to the Indians in the wild west show. The citizens will be asked to decorate their homes and business places, and the civic authorities have promised a novel electric display on the city's main thoroughfare.

That there will be greater crowds than ever at this year's Fair is evidenced by the results of the advance sale of tickets. Thousands are taking advantage of the savings thus offered, which will also keep them out of the last minute rush.

ABOUT A NEW DISCOVERY WHICH REJUVENATES ONE

When you get up in the morning and exclaim with joy that "I am fifty years young!" thus is life worth living. "Juvenile" will make you do just that, for it has a rapidly beneficial effect on anyone who may suffer from high blood pressure or any of the kindred ailments. "Juvenile" is a new scientific discovery which has had a tremendous sale in England, and the exact preparation is now compounded in the laboratories of the Kennedy Manufacturing Company, chemists and distributors. Alan Kennedy, the president, will be glad to send full particulars to any person who addresses him at 112 McGill street, Montreal. Should a sample bottle be required he will for \$1.50 send postpaid 125 Juvenile tablets to any reader of the Record.

Church Cleaner (to parson): "There's bin two gentlemen to see the church, sir—priests I think they was, as they both had tonsils on the back of their heads."

DISTINGUISHED PARTY TOURING THIS DISTRICT

Everything Tends to Very Successful and Interesting Day for Empire Farmers Group Spending Day in Eastern Townships.

After having been received by Their Excellencies the Governor-General and the Countess of Bessborough at Rideau Hall and royally welcomed in whatever part of Canada they have appeared, the members of the party of the British National Union of the Empire Farmers' Tour today turned their steps towards the Eastern Townships.

In this interesting section of historic old Quebec Province they were assured of a kindly welcome, a cordial reception and a day of interest and profit.

Since it became known that this important group would spend a day in the Eastern Townships, the Eastern Townships Settlement Society officials have left nothing undone to make their visit a pleasant and memorable one. Their tour of this district will of necessity be brief but every minute of the day is being put to good advantage so that the visitors may acquaint themselves with one of the most interesting sections, not only of the province, but of Canada.

The party which is today enjoying the beautiful scenery of the Eastern Townships number thirty.

The British National Union, has as Chairman the Right Hon. L. S. Amery, M.P. Its object is the promotion of good relations between the people of the different parts of His Majesty's Dominions and Colonies by means of organized tours; the encouragement of a spirit of patriotism and a sense of genuine partnership throughout the Empire by means of the personal touch created by such tours; and the stimulation of a greater demand by the people of the Empire for Empire products. It also aims at further-

ing and maintaining in every possible way the general welfare of the British Empire.

Leaving Magog shortly before noon, the party, which had been greatly augmented by prominent residents of Sherbrooke and other sections of the Eastern Townships, began their day's journey. Every place of interest along the route, which will take the visitors to North Hatley, Ayer's Cliff, Rock Island, Dufferin Heights, Coaticook, Compton, Lennoxville and then Sherbrooke, will be pointed out.

They will have an opportunity of visiting several farms, including, of course, the Lennoxville Experimental Farm, and will also be told much about the history, development and present favorable position of this unexcelled farming section of Canada's oldest province.

One of the pleasing features of the day was the luncheon at Ayer's Cliff. This was in the capable hands of the Women's Institute, which organization is famed far and wide for its ability in providing an inviting table.

There was little doubt but that the visit of this outstanding group would prove beneficial to all concerned. Anyone who is interested in Canada should visit the Eastern Townships, and anyone who is closely identified with farming cannot in the whole of the Dominion find a spot which has more to offer along those lines. Members of the Empire group today the guests of the Dominion are vitally keen about Canada and deeply interested in agriculture, so they should have a thoroughly delightful time in the Eastern Townships.

Y. M. C. A. FINANCES UNDER STUDY

The finances of the Association engaged the attention of the monthly meeting of the Board of Directors of the local Y. M. C. A. last evening. With expenditures running \$500 per month in excess of receipts, a programme of drastic economy was decided on. A general salary cut was suggested by the finance committee, ranging from seventeen to eleven per cent, and after considerable discussion, this recommendation was accepted.

W. Mutchler resigned his position as treasurer to take the chairmanship of the finance committee, and A. H. Bradford was selected to suc-

ceed him. The following committee chairman were named at the meeting: Finance, W. Mutchler; house, R. Larabee; boys, H. Griffith; membership, G. M. Dick; religious, W. G. MacDougall; foreign work, A. C. Stevens, and physical, W. W. Murray.

A letter was read from T. D. Patton, of Toronto, requesting that the local association forward a historical record of its activities in Sherbrooke since its foundation fifty-seven years ago. A committee consisting of J. R. Sanger, R. E. Richardson and D. J. Salls was appointed to gather this data.

TRUCK AND CAR MET ON BROMPTON ROAD

As Alfred Bolduc, of 145 Sherbrooke Street West, Montreal, was driving towards Bromontville yesterday afternoon, he ran into a heavy oil truck driven by Rene Nadeau and belonging to the Canadian Oil Companies' Sherbrooke depot. The accident occurred just three hundred feet beyond the city limits. Although no one was injured, both machines were damaged considerably, while a five gallon tank of coal oil attached to the truck was torn away and the oil distributed over the roadway.

LENOXVILLE

MARKET REPORT

A very attractive display of garden produce greeted the visitor at Lennoxville market yesterday when practically all of the summer varieties were offered at rock bottom prices.

The potatoes sold at one dollar a bushel, cabbage at fifteen cents a head, lettuce, onions, beets and carrots at five cents a bunch, green peas at twelve and a half cents a measure, butter beans at fifteen cents a measure, celery at fifteen cents a head, ripe tomatoes at twenty to twenty-five cents a pound and turnips at three for five cents. An attractive display of young beef sold at from five to sixteen cents a pound, lamb at twenty-five cents and fowl at twenty cents a pound.

Eggs came under the grading regulations for the first time, selling at from twenty-three to twenty-eight cents a dozen, according to

grade. Butter sold at eighteen cents a pound, cream at thirty-five cents a quart and home-made cheese at thirty-five cents each.

A large quantity of wild raspberries were on sale, selling at twelve to fifteen cents a basket. English cherries at ten cents a basket and red currants at ten cents a basket.

Home cooking was again a feature of the market.

A DANGEROUS PRACTICE Reports are heard to the effect that some of the children who make a playground of Lennoxville park have been known to start a fire there during the past weeks. Parents will do well to remember that

a fire in the soft wood trees which comprise the park would be a most dangerous thing, and very hard to control as a strong wind would inevitably scatter such a fire over the greater part of the town.

General Notes. Mrs. Sterling and Miss Della Sterling are spending some weeks at their cottage near Lake Park. Mr. and Mrs. Floyd Arkley, of

Mother Mab Says:

"I have been told that British Columbia roses are bigger and lovelier to look at than Quebec roses; but that they have little perfume."

"British Columbia fruit is said to be more attractive to the eye but less delicious than ours."

"I do know definitely that Pacific Coast salmon is not in it for a moment with Gaspe salmon for flavour, firmness and grain."

"It is too bad the season for Gaspe salmon is drawing to a close. Served cold, with mayonnaise, on lettuce, it is one of the most superb summer dishes I know."

This is the last week for Gaspe salmon. Buy it fresh, in all its quality, Wednesday, Thursday or Friday of this week, from

Stenson's

Tested Quality, 100 by 60-weave Broadcloth.

Tested—Guaranteed Non-Run Colors.

The "Warrendale" Label on each Shirt Assures Satisfaction.

We decided to surprise our customers with a value so stupendous that Zellers would be the talk of the town! . . . We selected a product of proven merit and national reputation—a line of men's shirts, acknowledged \$1.49 value, which we sell regularly for \$1.00.

Could we sell them for less, we wondered?

"Give us an order for 24,000 shirts," said the manufacturer, "and we'll quote you a special price." They quoted . . . The special price was acceptable—but not quite good enough for a Big Surprise Offer . . . So we sliced our profits!

Result: First quality broadcloth shirts—brand new fast colors—brand new styles—with collar attached or 2 separate collars (many wrapped in Cellophane)—the equal of \$1.49 shirts—at the surprisingly low price of 77c.

NOTICE!

The entire shipment of 24,000 shirts goes on sale at our stores in Sherbrooke, Quebec City and Three Rivers, Que.; London, St. Catharines, Fort William, Niagara Falls, Guelph, Hamilton and Ottawa, Ont.; and St. John, N.B. When the quota allotted to THIS STORE is sold, Warrendale Shirts will again be \$1.00.

MANY CHANGES
BROUGHT ABOUT
IN NEW TURKEY

A Nation Dropping the Sword for the Pen Is Always Interesting, Even When It Is the Ottoman Empire.

The terrible Turk, once a menace to Europe, who in the olden days captured Hungary and knocked loudly at the gates of Vienna, has turned to peaceful pursuits by taking up the study of the new Latin alphabet. A nation dropping the sword for the pen is always an interesting spectacle, even when it is the Ottoman Empire, whose aggrandizement of territory at the expense of European states was permanently checked as long ago as 1871 at the naval engagement of Lepanto, heroically fought with combined Christian fleets under the command of Don John of Austria.

The Turk, who has always shown himself to be an incurable Asiatic, apparently stood in danger of being pushed out of Europe for keeps at the close of the World War, but he was saved again by diplomacy, and it was feared—so it was said—such a course might arouse the antagonism of the sixty-odd millions of Moslems in India. He is now coming into the limelight again, not as a fierce soldier, but as a man of peace, willing to remove the stigma of illiteracy from his name. All this sounds a bit like an idle tale from the Thousand-and-One told on a summer afternoon. Yet it seems to be true. The thirst for learning has seized the Turk, too, like a fever; perhaps it has given him a new dream of conquest, a new ideal, a new goal of knowledge late in life, by which he hopes to make up for a great deal of lost time for having tied himself to an antiquated civilization.

Mr. Wallace Murray, chief of the division of Near Eastern Affairs, Department of State, Washington, supplies data to show that the expression "the unchanging East" would not be applicable to the Near-East today, if for no other reason than the establishment of the mandated states of Iraq, Syria, Palestine, and Transjordan, which constitute an entirely new experiment in international law. Iraq, in the brief space of ten years has evolved from a neglected province of the sprawling Ottoman Empire into an orderly modern state, fitted for admission to the League of Nations. The present indications are that Syria will soon follow suit.

"The changes which have occurred in Turkey during the past few years are without doubt the most remarkable and far-reaching of all. The leaders of present-day Turkey voluntarily relinquished sovereignty over all non-Turkish portions of the old Ottoman Empire and concentrated on the development of a purely Turkish state in the Anatolian peninsula. Almost overnight a theocratic empire was transformed into a modern secular state, modeled after the nationalist states of Europe. The old slogans of Pan-Turanism and Pan-Islamism were forgotten; the new slogan was 'Turkey for the Turks.' Turkey is ready to sever the ties which bound her for centuries to the East and to embrace western civilization."

"In less than six years a series of reforms had been completed that left Europe gasping with astonishment. The years from 1922 to 1928 saw the abolition of the Sultanate, the declaration of the Republic, the abolition of the Caliphate after the adoption of Moslem religious schools, the adoption of the new constitution, the abolition of the tithe system, the abolition of dervish orders, the adoption of a new law school at Ankara, the adoption of the Swiss civil code, the adoption of the Italian criminal code, the adoption of a new commercial code based on the German, the abandonment of Islam as the state religion, the adoption of the western or so-called Arabic numeral, and the adoption of the Latin alphabet.

"It seems unnecessary to discuss in detail the majority of these reforms. They have been given an adequate and deserved publicity, and their influence on the status of the Turkish people has been duly recognized. It would seem, however, that due weight has not been given to the significance of the reform of the alphabet, and it is my intention, therefore, to discuss in somewhat greater detail this important phase of the Turkish reformation."

"It was quite natural that with the spread of Islam the Arabic language, and particularly the Arabic characters, should gain a foothold among the people converted to the new faith, regardless of their origin or language. With the adoption of an all-absorbing religion as Islam and the absolute necessity of praying in Arabic, and, among the literate, of reading the Koran in the original, the wholesale introduction of Arabic words into Turkish and Persian, and the adoption of the sacred script, was a matter of course. The results were none the less unfortunate in both cases, since neither of them is a Semitic language, and their phonetic systems are wholly unadapted to the Arabic alphabet. Particularly was this true of the Turkish, whereas Arabic has a wealth of consonants and a peculiar grammatical system which permits it largely to dispense with the clear indication of vowels, the Turkish language is richly endowed with vowel sounds and has few consonants."

"In addition to the large admixture of Arabic words in Turkish, the language had borrowed considerably from the Persian. Just as Arabic was regarded as the proper medium for religion, law, and abstract discussion, so Persian furnished the vehicle for poetry and belles-lettres."

Sir Charles Elliott, writing in 1896, is then quoted: "No Turk is in the least astonished if he does not understand a composition written in Turkish. He merely respects the author as having a command of choice expressions. He hardly regards literature or writing as a normal part of life. He expects to understand a story when it is told to him, or a business transaction when it is explained to him verbally, but he regards a book or a letter much as an Englishman regards a technical legal document, as a thing he could not possibly write himself, and of which he can only be expected to understand the general drift."

Mr. Murray continues: "In view of the above situation, it is not surprising that the Turks, after discarding so much else that they regarded as antiquated in their country, turned their attention to their language and alphabet." Reference is then made that the reform of the Turkish script had been discussed ever before the Young Turk movement in 1908 and probably some progress might have been made therein had Turkey not become embroiled in a series of wars. It seems probable that the latter-day interest of the Turkish people in their language was a movement in Russia in 1921 to introduce a new Turkish alphabet in the Turkish-speaking parts of the Union. Added stimulus appears to have been furnished in the movement by the conference of Turco-logists at Baku in 1926. At about the same time a new issue of Turkish postage stamps bore the inscription "Turk Postolari" and it was announced that the new currency issue would follow a similar practice. At this moment also Mustafa Kemal was reported to have expressed a desire to see the even characters adopted in Turkey and a committee was appointed by the Ministry of Public Instruction to study the question. Little was heard of the matter till the summer of 1928, when events began to develop rapidly. The government appointed in 1928 held daily sessions, and there was no recess until the reform was accomplished. The manner in which the new alphabet was promulgated was quite as dramatic as the circumstances attending the abolition of the fez in 1925. On both occasions the Gazi inaugurated the new reforms by a ringing address to his people, and bade them at once proceed to carry out his will. While with a party of friends

Mr. Murray continues: "In view of the above situation, it is not surprising that the Turks, after discarding so much else that they regarded as antiquated in their country, turned their attention to their language and alphabet." Reference is then made that the reform of the Turkish script had been discussed ever before the Young Turk movement in 1908 and probably some progress might have been made therein had Turkey not become embroiled in a series of wars. The government appointed in 1928 held daily sessions, and there was no recess until the reform was accomplished. The manner in which the new alphabet was promulgated was quite as dramatic as the circumstances attending the abolition of the fez in 1925. On both occasions the Gazi inaugurated the new reforms by a ringing address to his people, and bade them at once proceed to carry out his will. While with a party of friends

in a casino in 1928, the Gazi drew from his pocket an address written in the new characters. Some of the thoughts expressed were: "We are adopting new letters to express our beautiful language. . . . We must free ourselves from the shackles of letters which have imprisoned our brains for centuries—letters which we could not understand. But we are determined to understand our language, and we shall certainly understand it quickly by means of these new letters. . . . Make haste and learn these new Turkish letters. Teach them to the whole nation, to the peasant, to the shepherd, to the porter, to the boatman. . . . Remember, it is shameful for a nation to be illiterate. Such a situation makes one blush. Well, this nation was not created to be ashamed. It was created for glory, and its history has been glorious."

The effect of the Gazi's words on his listeners is described as being profound, and the Turkish people before the meeting of the National Assembly, accepted the change as an accomplished fact. The Gazi became the first schoolmaster of the land. Courses of instruction in the new script were opened, first for deputies and functionaries, and later people's schools were opened, designed to teach everyone in the country, between the ages of sixteen and forty-five, how to write in the new fashion. Legislation quickly followed, making the use of the new script obligatory, as for example, in January, 1929, when it must be used in all state matters, with certain exceptions.

Continuing, Mr. Murray says: "Thus was accomplished what was without doubt the most remarkable phase of the Turkish reformation. Before considering the significance of this reform, it may be of interest to hear what one of the leaders in the movement has to say on the subject:

"It is not a matter of passing from one alphabet to another. We are passing from one culture to another. The writing which we have just adopted is, for our souls as well as our brains, the key to a new world. . . . If Arabic science were not merely a legend, and if Persian poetry were other than a palace set in a desert, the generation of Turks who have followed both for centuries would certainly have attained some positive goal. If, despite the qualities of our race and all its capacities, the Turkish people does not today occupy the place in western civilization to which they are entitled, the sole reason is because it has remained for centuries mired in the sloughs of more than one decadent civilization."

"These are harsh words, but they reflect faithfully the views of Turkey's rulers, and these views have been accepted without question by the mass of the population. Thus has passed away unregretted an institution borrowed by the Turks when they embraced Islam and which seemed to be inseparably associated with their language. The future results can hardly be overestimated."

QUEBEC PATOIS
IS RELATED TO
FORMAL FRENCH

Protest Made Against Notion that So-Called Patois of Quebec Is an Argot, a Slang or a Dialect.

In Queen's Quarterly, the Rev. Canon Emile Chartier, Ph. D., vice-rector of the University of Montreal, makes a dignified and reasoned protest against the notion, fairly prevalent in English-speaking Canada, that the so-called patois of Quebec is an argot, a slang, or a dialect. He points out that it bears the same relation to the formal French of the academy that the English spoken generally by Ontario or Western farmers bears to the more fluted accents of Oxford. It is not a debased jargon; it remains for the most part true to the laws of the classical French. The habitant uses the same language that Rabelais and Montaigne used, and that is used today by such distinguished regional writers as Mistral. This being true the habitant has no more reason for blushing about it than the Albertan farmer who uses the language of Shakespeare. In fact, after having read the reverend canon's article, we come to the conclusion that an

INSTALLATION OF OFFICERS AT DANVILLE

Grand Lodge Officers Visited Danville Encampment to Install Officers—Newsy Notes from Vicinity.

Danville, Que., August 3.—D.D.G. Patriarch D. MacLean and suite, of Sherbrooke, installed the officers of the Golden Link Encampment No. 18, of Danville, Que., on Friday evening, July 22nd. The following Grand Lodge officers were present from Sherbrooke: Past Grand Patriarchs Batchelder, Lothrop and Johnson and past chief Patriarchs Laporte, Meade, Wilcox, Ross and Campbell. After the meeting a social hour was spent, Golden Link serving ice cream and cake.

General Notes

On Tuesday, July 27, a tea and miscellaneous shower was given in honor of Miss Kathleen Armstrong by Mrs. George Buchanan, Mrs. Harold Perkins and Miss M. D. Buchanan at the residence of the latter. At the tea hour the guests were served tea in the dining room where the color scheme was beautifully carried out in pink and mauve. The table was attractively arranged with center piece in the form of a large flower under which the gifts were concealed. Miss Armstrong received many useful and lovely gifts and many good wishes for her future happiness.

Miss Lois Paul, who has been the guest of Mr. and Mrs. J. R. MacLeod and other relatives, has returned to Montreal. She was accompanied by her cousin, Miss Mary MacLeod.

The members of St. Augustine Sunday school enjoyed a pleasant afternoon at Nicolet Lake. Mr. Sherman Smith kindly loaned his cottage and a programme of sports was carried out. Mrs. E. K. Wilson, Mrs. John Philbrick, Mrs. J. D. McLeod and Mrs. H. H. Cleveland were largely responsible for the success of the picnic.

Mr. and Mrs. William Murray and little son, Billy, were the guests of Mrs. Murray's mother, Mrs. Charles Webb on Sunday.

Mr. and Mrs. Kenneth Mackay, of Montreal, were the guests of Mrs. A. Buchanan on Tuesday.

Mrs. R. H. Stevenson and Miss Janet Stevenson have returned from Portland, Maine, accompanied by Miss Charlotte Roche.

Mr. F. E. Barron, of Melbourne, was in town recently.

Mrs. D. H. Parmelee is spending a few days in Newport, Vt., visiting friends.

Mrs. Harry Stockwell motored to Montreal on Tuesday with Mrs. Charles Brown.

Mr. and Mrs. Percy Carson and Miss Muriel Carson, of Melbourne, were guests of Mr. and Mrs. George McKeage, Marian and Doris McKeage and Miss Irene Church were the guests of Mr. and Mrs. Vernon Carson on Sunday.

Mrs. Holden and family, of Bury, Vt., is occupying Mrs. J. Wadleigh's cottage at Nicolet Lake while Mrs. J. Huling and children, of Drummondville, are occupying Mr. Herb. Brown's cottage.

Mr. David Parmelee and Miss Doris Parmelee are spending a few days with Mrs. Watson, at Lake Memphremagog.

It was with deep regret that the community learned of the death of Mrs. Walter Scott, which took place at her home on Tuesday, July 27, after a long and painful illness. Mrs. Scott has been a resident of Danville for some years and sincere sympathy is extended to her only daughter, Mrs. Velma Miller and other relatives.

Mrs. Fergus Dinning, Neil and Katharine Dinning, and Mr. Robert Kaiser, of Lake Scawanneepus, were the guests of Mrs. Chas. Webb on Thursday.

BRITISH SCHOOLMASTER SMASHES ALL RECORDS FOR 800-METRE RUN

Tom Hampson Collapsed Across Line as He Set New World and Olympic Mark—Hilda Strike, of Montreal, Finished Second to Stella Walsh in Women's 100-Metre Final—Bert Pearson, of Hamilton, and Harold Wright, of Edmonton, Impressive in 200-Metre Preliminaries.

Los Angeles, Cal., Aug. 3.—Two of the greatest middle distance runners in track history are Canadians, and king of them all is a British schoolmaster with only four years of competitive experience. The Olympic games here brought out these facts yesterday when the teacher, tall Tom Hampson, shattered every sort of 800-metre record in existence to win a breath-taking race from Alex Wilson, of Montreal, and Phil Edwards, British Guianan negro from Hamilton, Ont. Hampson set up a new world and a new Olympic mark for the distance of one minute and 49.8-10 seconds when he collapsed across the finish line a foot ahead of Wilson and only four feet in front of Edwards, the veteran whose pace forced Hampson to record-breaking time to beat him.

Los Angeles hailed Hampson as the best of all half-milers and Wilson as the best ever developed on this continent. Wilson's time yesterday was 1:49.9-10, never approached before in any meet. And if Edwards had been clocked, his time would not have been worse than 1:50-1-5 compared with the former world record of 1:50-3-5. Hampson, who took up track athletics in 1928 after watching the British-American games at Stamford Bridge following the London Olympics, began his first British 800-yard championship two years later, and in the same year won the British Empire title at Hamilton, Ont., in 1:52.

Yesterday was the second time the Briton conquered Wilson. At the Empire games he flashed to victory by no more than he had to spare yesterday over the Montrealer.

The 800-metre field got away after two false starts and was paced from the out set by Edwards, followed by Eddie Genuin, Seattle. Then came Wilson, J. V. Powell, of England, and Hampson. Dr. Otto Peltzer, German veteran, was last on the getaway and eliminated then and there. Edwards, with long strides, increased his lead as the field passed the 400-metre pole. He had about four yards on Genuin. Wilson was the first to challenge Edwards and quickly passed Genuin as he raced into second place. Coming around the last turn, Wilson moved in front for the first time, but Hampson came up fast and was soon at his shoulder. Down the stretch Wilson and Hampson staged a terrific duel, but the Briton had enough stamina to forge ahead of the slim Canadian just at the finish.

Hilda Strike, fleet Montreal girl, placed the Maple Leaf well to the fore in the women's 100-metre final by finishing second, a foot behind Stella Walsh, Polish star, who again equalled the world record mark of 11.9 seconds she established in the two preliminary heats.

Easing up after bagging a qualifying position in the 5,000 metres trials, Robert Rankin, of Preston, finished fifth behind J. Burns, England, in 15:35.3 and appears good enough to spare a point or so in the final heat.

The opposition in the 110-metre hurdles proved too strong for Art Ravensdale, of Coburg, and he was eliminated in the preliminary heat won by the United States star, Percy Beard, R. Harper, England, was second to Beard, who covered the route in 14.7 seconds.

With the withdrawal of Percy Williams from the 200-metre in order to compete in the relay, Ralph Cates and Eddie Toland, dusky United States stars, are favored to win the Vancouver athlete's title, won four years ago at Amsterdam. Yesterday this pair demonstrated they are as dangerous over the longer route as at 100 metres, the championship won by Toland, Metcalfe, in winning his quarter-final, bettered the Olympic record by covering the route in 21.5. This mark was equalled later by Toland and beaten by Carlos Luth, of the Argentine, who lowered it to 21.4. Luth's mark was tied by Arthur Janitz, of Germany, Bert Pearson, of Hamilton, and Harold Wright, of Edmonton, Alta., Canadian representatives in the 200-metre, gave impressive performances too. Both won their qualifying heat. Pearson then finished second to Toland in the quarter-finals and Wright was second in the heat won by the German.

Edwards will have another chance to show his speed today in the trials of the 1,600 metres, with Eddie King, of Hamilton, and Les Wade, of Montreal, and Len Henry Ciesman, of Toronto, goes to the post as one of the favorites in the 5,000 metres walk.

Canada's last wrestler to survive the trials, Danny McDonald, of Toronto, had his first "bad marks" chalked up when he lost to Van Beber, of the United States. McDonald, however, is still in the running for Olympic honors.

At Pasadena, the Italians pedaled off with the first cycling trial of the games, the 4,000-metre pursuit race, defeating France's four-man team in the final.

The following is the summary of yesterday's events:

Men's track and field events:

800-metre run final—won by Tom Hampson, Great Britain. Time 1 minute 49.8 seconds, new world and Olympic records. Former world record 1:50.6, set by Sera Martin, France, in 1928.

100-metre final—won by Hilda Strike, Montreal, Canada. Time 11.9 seconds, new world and Olympic records. Former world record 12.2, set by Stella Walsh, Poland, in 1928.

200-metre preliminary—won by Bert Pearson, Hamilton, Canada. Time 21.5 seconds, new world and Olympic records. Former world record 22.0, set by Eddie King, Hamilton, Canada, in 1928.

400-metre preliminary—won by Percy Beard, R. Harper, England. Time 14.7 seconds, new world and Olympic records. Former world record 15.0, set by Alex Wilson, Montreal, Canada, in 1928.

BROOKLYN TEAM TRAVELLING AT A GREAT CLIP

Dodgers Have Taken Nine of Their Last Eleven Games—Philadelphia Made It Four Straight Over League-Leading Pittsburgh Pirates.

New York, August 3.—Playing the ball Brooklyn's fans expected of them at the start of the season, Max Carey's Brooklyn Dodgers are soaring toward a first division berth in the National League's pennant fight.

Victors in nine of their last eleven games, the Dodgers were in fifth place today, only a game and a half behind the fourth place Boston Braves.

Their latest triumph, a four to two verdict over the Chicago Cubs, was gained at the expense of the Sensational rookie right-hander Lon Warneke. It was Warneke's fifth defeat against sixteen victories. Three of his losses have been credited to Brooklyn.

Warneke held a two to one lead going into the last half of the eighth, after a great duel with Freddy Heilmann, but the Dodgers got to him for the runs and the ball game. Johnny Frederick's pinch double drove in the winning runs.

The Cubs lost no ground in the pennant chase, however, for the league-leading Pittsburgh Pirates accepted their fourth straight defeat at Philadelphia by eleven to six as Chuck Klein cracked his thirty-first homer of the season.

The Phillies now trail Chicago by only one game and Pittsburgh by six.

Boston rallied for one run in the ninth off Dizzy Dean to turn back the St. Louis Cardinals by four to three, while Waite Hoyt scattered eleven hits to give the New York Giants a three to two decision over the Cincinnati Reds.

In the American League, Washington whipped the Chicago White Sox by four to one behind Alvin Crowder's six-hit pitching. Young Bill Chamberlain made his debut for the White Sox and allowed the Senator's only five hits, but his teammates' three errors cost him the game.

The St. Louis Browns made it three in a row over the Boston Red Sox by six to four, bunching five hits for four runs off Bob Weiland in the second inning. Ed Durham went in and held the Browns to one hit for the next five and one-third innings before retiring for a pinch hitter. The Browns' last brace tallies were scored off Boonin. George Blaeholder pitched effectively until the ninth when the Red Sox rallied for three runs.

YESTERDAY'S INTERNATIONAL LEAGUE RESULTS

Broad jump—Edward Gordon, United States.

CANADIAN CYCLISTS WERE BEATEN BY BRITISH TEAM

Olympic Auditorium, Calif., August 3.—Canada's 4,000 metre pursuit team was eliminated in semi-finals of the Olympic cycling event at the rose bowl here by Great Britain, who won a great duel with four Canuck riders in the sensational time of four minutes and 54 seconds. Italy won the event at the Amsterdam Olympics four years ago in time nearly eight seconds slower than the British team recorded.

Russell Hunt, of Toronto, Lew Rush and Glen Robbins, of Victoria, and Frank Elliot, of Vancouver, rode in the Canadian team, and their time was 4:54.4.

In the previous round the Canadian quartette defeated France in 4:53.4. Marchiori, Vancouver, was beaten in quarter finals of 1,000 metre event by Chailiot, of France, and eliminated.

MAC DUNSMORE QUALIFIES FOR SINGLES FINAL

Sixteen-Year-Old Performer Defeated Brother, Bob, in Three Gruelling Sets for Right to Challenge Raoul Gagne—Gregoire and Bertrand Advance to Final.

Mac Dunsmore, sixteen year old local tennis star, last evening qualified to meet Raoul Gagne, defending champion, for the men's singles championship in the Sixth Annual City Tournament by defeating his brother, Bob, in a gruelling three-set match which lasted almost two hours. A remarkable steadiness, mingled with occasional sharp placements which the conqueror of Dick Rouleau, ex-city champion, and Connie Gregoire, Eastern Townships title holder, was unable to cope with, gave the young sensation a well-earned victory. In the remaining match played last evening, Guy Bertrand and Connie Gregoire, defending the men's doubles crown they have won two years in succession, reached the final bracket with a straight set victory over Lennie Wolfe and Earl Hall.

In the opening set of the feature singles duel there was every indication that the older player would breeze through the game with ease. He won the first three games and after the youngster had squared matters at three-all, Bob put on pressure and ran out the initial set at six to three.

The story was reserved in the second game with Bob fighting an uphill battle after Mac had amused a three to two margin. Bob broke through Mac's service in the sixth game and the points were even. However, two games in a row sent Mac into a five to three lead, and at one juncture he had set point, only to have Bob rally and prolong the contest. A love game against Bob on his own service helped Mac, who captured his own service with the loss of two points to win the second set at 8-6.

Bob inaugurated the third set with a love game, only to be unable to prevent Mac smashing through to a three to one lead. Mac loosed some of the drives in his bag of tricks and had his brother on the run. And his steadiness was almost exasperating as he returned every variety of stroke shoved over by Bob. Bob won the fifth game, but Mac took the sixth hit and had a four to two advantage. Each player won his service from this point and Mac smashed through the tenth game, only losing one point, to win the set and match.

The finals will be contested on Saturday afternoon, but the scene of action has not yet been definitely established. Both players are members of the St. Francis Club and have expressed the desire to decide matters on the Park Avenue surface. The matter has been placed in the hands of the president of the Sherbrooke Tennis Association and a decision is awaited momentarily.

Lennie Wolfe and Earl Hall put up a stubborn fight in their semi-finals match against Connie Gregoire and Guy Bertrand, but their best efforts failed before the smoother-working defending combination. In the first set Wolfe and Hall showed up to best advantage when they sent the set to twelve games before being forced to admit defeat.

In the second set Gregoire and Bertrand exerted stronger pressure and earned the right to meet Bob and Mac Dunsmore in the final by winning six games to three obtained by their opponents.

This evening the final in ladies' doubles will be contested at the Country Club between Mrs. L. Lowe and Miss H. Wolfe, defending title holders, representing the St. Francis Club, and the Misses Freddie Bradley and Sylvia Loomis, upholding the Country Club. Only one match is carded for decision tomorrow evening at the St. Francis courts at five o'clock, when Bob Dunsmore and Miss Freddie Bradley will oppose Lennie Wolfe and Miss Eileen Barlow for the right to meet Connie Gregoire and Mrs. Lowe in the mixed double final which will be played Friday evening at five o'clock at the Country Club.

No official decision has been received as to the venue of Saturday afternoon's men's singles, while the men's doubles on Sunday afternoon have been slated for the St. Francis Club courts at three o'clock.

The detailed results of yesterday's matches are as follows:

Men's singles semi-finals—Mac Dunsmore defeated Bob Dunsmore, 3-6, 8-6, 6-4.

Men's doubles semi-finals—C. Gregoire and G. Bertrand defeated L. Wolfe and E. Hall, 7-5, 6-3.

COUNTRY CLUB JUNIORS DEFEATED BY Y.M.C.A.

Playing on their home courts yesterday, the Y.M.C.A. junior tennis team captured their six match against the Country Club Juniors. The friendly inter-club competition consisted of six matches, four singles and two doubles, the home team registering victory in each and every event.

Billy Hammond was forced to three sets by Marcel Gregoire before winning by scores of 6-4, 4-6, 6-4, while Dan Heilig took the measure of Trevor Stevens in straight sets at 6-4, 6-4. Paul McKenna extended Syd Ball to an extra set, the final giving Ball a 6-2, 2-6, 6-2 victory, and Harry Gray allowed D. LeBaron but three games capturing his match by scores of 6-1, 6-2.

Hammond teamed with Heilig to oust Gregoire and Stevens, encountering stiffer opposition in the second set, which they won at 7-5 after taking the opening set at 6-2. Gray and Ball proved too strong a combination for McKenna and LeBaron, winning by 6-1, 6-4, to give the "Y" a clean sweep of the series.

The young lady of Niger who smiled as she rode on the tiger is acclaimed the best limerick, with the man from Nantucket who kept all his cash in a bucket coming second. There was another which went the rounds some years ago that wasn't half bad:

There was a man in Acheson, Whose trousers had rough patches. He found them great, He'd often state, To scratch his smoker's matchboxes.

HORNBSBY DEPOSED AS MANAGER OF CHICAGO CUBS

Chicago, Aug. 3.—Baseball's most famous nomad, Rogers Hornsby, was on his way again today—deposed as manager of the Chicago Cubs.

The announcement of Hornsby's dismissal came last night. In making it, William L. Veeck, president of the club, said, without elaboration: "It was to the best interests of the club that Hornsby retire at this time."

Not only is the Rajah all through as manager of the club—the third to be placed in his charge—but he is no longer a member of the club, having also been released as a player.

Hornsby, manager of the Cubs since the last four days of the 1930 season, when he replaced Joe McCarthy, will be succeeded by Charlie Grimm, first baseman of the club since 1925. He also has been team captain.

Hornsby's only comment before leaving the club at Philadelphia for his home in Robertson, Mo., was that Veeck had wanted to make the move and "it's perfectly all right with me." His salary, said to be \$40,000 annually, will be paid to the end of his contract, which expires December 31, 1932.

NO DECISION IN LAST NIGHT'S SOCCER TILT

Rand and Queen's Park Battled to One-All Deadlock in Opening Game of Second Section of City Soccer League—Fair Crowd in Attendance.

The opening fixture of the second section of the City Soccer League at the Parade Grounds last night between the Rand, champions of the first schedule, and Queen's Park, the runners-up, ended in a one-all deadlock. The interesting battle was keen and hard-fought, and the outcome indicated the trend of the play throughout and the even strength of both squads.

Defensive tactics were adopted by both aggregations from the opening whistle, and for the first ten minutes play centered in midfield. At this stage, Queen's Park opened up a strong attack and Len Taylor drew first blood. Dribbling down the left wing after accepting a perfect pass, the young player dribbled in to give Gellinas little chance of saving his goal. Until the interval, Queen's Park protected their slim margin, and the teams crossed at half-time with the Rand striving to score the equalizer.

Queen's Park attempted to increase their lead as the whistle announced the beginning of the second half, but the Rand defence was not to be caught napping again. Forging steadily down the field, the Rand changed the tide of battle, and as the ten-minute mark was reached, Duffy waited a beautiful pass to Elford. The latter cut on a shot which breezed over Lougheed's head, a few inches under the cross bar. Poor finishing by both forward lines was not to be caught in strategic positions for scoring helped the work of the respective net minders. As the first whistle ended hostilities, two tired teams trooped off the field content to leave matters at a draw.

The game was well handled by Fred Twyman and was witnessed by a fairly good crowd.

TURNBULL SETS NEW MARK FOR LOCAL COURSE

Negotiated Sherbrooke Country Club Course in Sixty-Nine Yesterday Afternoon—Registered Three Birdies.

The Olympic Stadium at Los Angeles is not the only place where record shattering is the vogue. Right in this city a mark which, notwithstanding the numerous onslaughts made against it, has held its fort for several years was lowered yesterday afternoon, when Dave Turnbull negotiated the difficult Country Club course with a brilliant sixty-nine.

The local professional several years ago set up a record of seventy for the eighteen holes, and previous to yesterday had equalled the mark four times, but he was never able to improve his total. Yesterday Dave's dream came true. Hitting the ball straight down the fairways, pitching nicely to the greens and putting well, he made the turn in thirty-three, one under par, and came home in par thirty-six, for his new low card of sixty-nine.

Dave, who was playing with Dr. Warren Lynch, Philip Robins and Albert LeMay, registered birdies on the third, sixth and seventeenth holes, while he was one over par on the short seventh and thirteenth.

The latest record for the local eighteen-hole course is as follows:

Out: . . . 4 3 3 3 4 3 4 5 4—33

In: . . . 5 4 3 3 3 4 4 4 4—36—69

MRS. K. B. JENCKES LEADS QUALIFYING ROUND FOR CLUB CHAMPIONSHIP

The qualifying round for the ladies' championship of the Sherbrooke Country Club, was played yesterday, eight ladies graduating into the next round, with scores ranging from 103 to 122. Mrs. K. B. Jenckes led the field with a card of 107, seven strokes ahead of her nearest rival, Mrs. P. J. Robins.

Mrs. J. T. Hawkins was victorious in a beginners' competition also played yesterday.

The eight ladies qualifying and their scores are as follows:

Mrs. K. B. Jenckes . . . 103

Mrs. P. J. Robins . . . 110

Mrs. L. R. McKee . . . 111
