Mrs Edgar Hodgins honored for 50 years devoted service

A very significant occasion in the life of Shawville United Church took place on Wednesday, January 29th. A large number of friends gathered at a reception in the United Church Hall to honor Mrs C. Edgar Hodgins, who has been the Church Organist for the past fifty years.

Rev Alistair J Macintosh, Minister of the Church, presided and extended a welcome to all who had come to share in this special event. Following his remarks, everyone joined in the singing of Psalm 100 (to the tune of Old Hundreth) and this was followed by prayer. Mr Macintosh then briefly expressed his own tribute to Mrs Hodgins, and thereafter, the program of a varied nature proceeded, beginning with selections from the Senior Choir under the direction of Mrs George Campbell, with accompaniment by Mr Campbell. Two excellent trumpet solos contributed by Douglas Rowat, then delighted all present. A long time member of the Choir, Miss Kay Woodley, rendered a very fine so!

Archdeacon, M.K. Roberts, St Paul's Anglican C...ch was then introduced, and made appropriate remarks bringing also greetings and good wishes from his parishioners.

Members of the CGIT with their leaders, recognized the occasion and extended their own wishes, at which time, Miss Lynn Wentworth, President, made a presentation to Mrs Hodgins. Mrs George Campbell then led in a Sing-a-long of old favorites, and this was enthusiastically shared by all present.

A piano duet by Mrs Harland Rowat and Mrs Everett McDowell was then featured and much appreciated. Mr Clifford Force rendered a solo from the Musical, "Sound of Music" and thrilled all present with his fine singing.

Four Choir Members, popular for quartet singing, Kay Woodley, Eleanor Hayes, Glen Hodgins and Wilmer Hodgins, offered an appropriate selection.

Mrs Margaret Campbell, Head of the English Department, Pontiac High School, was introduced, and in her own inimitable way, expressed her appreciation of Mrs Hodgins and her contribution to music, and her particular role as Church Organist. A lovely gesture then followed, when Miss Ruth Hodgins, the youngest grand-daughter of the Honored Guest, presented Mrs Hodgins with a beautiful bouquet of red roses.

Mrs Campbell and Clifford Force joined together in a duet to the delight of all. Miss Kay Woodley, then was introduced to represent the Choir and pay tribute to Mrs Hodgins. She very fittingly addressed herself to all present, and recalled many happy and wonderful experiences shared by herself and others through the years, under the capable leadership of the Church Organist. Miss Woodley made a presentation on behalf of the Choir Members. Senior Choir again rendered special music greatly appreciated. To conclude the musical part of the program, Mrs Cheryl Campbell sang a lovely solo, and as always, pleased her audience.

To climax the occasion, Mr Walter Kilgour, representing the Congregation, and as Clerk of the Session, was called upon to speak, and to present Mrs Hodgins with a valuable token of esteem, a beautiful Birk's Regency silver tray, suitably engraved.

Mrs Hodgins, in her own very gracious manner, replied in a speech which expressed her deep appreciation for an evening in her honor that will long be remembered.

Mr Macintosh then called on Mrs Raymond Rowat to express votes of thanks to all who had participated, and who in any way contributed to the success of a very special evening in the life and history of Shawville United Church Congregation. All joined in singing the Doxology, and delicious refreshments, catered to by Units two and three of our UCW under the able convenorship of Mrs Kenneth Smith and Mrs Mary Russell, were enjoyed by all.

Of the 47 starters, all but three finished the whole tour.

Prizes for the youngest finisher, Barry Bean, the oldest, Keith Bean, and the one with the most pledges, Jill McDougall, were presented during the dinner. Among those present at the wind-up dinner were the Administrator of the Hospital, Jack Russell, and Mrs Russell.

Changes in subsidy for Dairy-Beef Calves

By D MacMillan

The Quebec Department of Agriculture program for dairy-beef calves has been altered to include dairy and beef farmers.

This program covers dairy type calves purchased as dropped calves or up to one month of age and are raised to 400 lbs.

Originally dairy and beef farmers were not included in this program. Any farmer who has purchased and raised to 400 pounds at least 25 dairy type calves as already indicated should contact the Shawville office of the Quebec Department of Agriculture.

News for Farmers requiring Lime

by D MacMillan

The Regional office of the Quebec Department of Agriculture is attempting to assure that all farmers requiring lime next summer will be assured of having their orders filled. In order to organize delivery schedules, farmers have been sent a questionaire asking them to indicate the amount of lime they will required next summer and on the crops that will be grown. With this information a delivery schedule will be drawn up.

It is important that farmers requiring lime next summer complete and return the questionaire as deliveries will be made only to farmers who have replied to the questionaire.

Lime is important for crops such as corn, alfalfa and barley but should be applied only if required. Only orders for lime will be accepted where a soil test has been taken and recommended. Farmers may bring soil samples for analysis to the Quebec Department of Agriculture office in Shawville. Recommendations are made for every farmer who brings in soil samples.

Lt Colonel Carl Bertrand Commandant of the 433 rd Combat Squadron

by Mrs Anne Fumerton
Correspondent

The 433rd combat squadron flight has a new commandant, the Lt Colonel Carl Bertrand well known in the district. The command of the famous air squadron has been transferred to him by colonel Roger Lacroix acting commander of the 10th (tactique) air-base of St-Hubert, who especially came for the event.

Colonel Bertrand succeeds major Rudy Parent who was temporary head of the 433 rd since last July accepting his new post. Colonel Bertrand has noticed that the 433 rd squadron fulfills one of the most difficult tasks in the Canadian forces, thanks to its facilities to supply itself while flying, the 433 rd squadron is able to go anywhere in the world in less than 24 hours. After six hours flying recently, it was in Norway, a distance of 2,400 miles from its home base.

Colonel Bertrand, after inspecting three companies of his squadron declared the 433 rd bears an excellent character in the air as on the ground and soon it will be sent to perform more difficult missions. He has no doubt his staff will keep the reputation of being entirely French-Canadian.

The new Commanding officer of the 433 rd already has a remarkable career; well known in Bagotville where he was monitor on C.F. 101 Voodoo from 1966 to 1970, pilot of the Sabre during four years in Marville, France, and was recruiting officer in Montreal from 1963 to 1966 before coming to Bagotville. In the academic year 1970-71 he was a student (au collège de L'Etat-Major at Kingston). He is a member of the 433 rd squadron since June 1974, squadron in which he became last month, the commanding-officer.

Mr Bertrand is a son of Mr and Mrs Felix Bertrand of Davidson, Quebec. All his friends wish him well in his new promotion.

Blowing in the Sun

Photography by Eva Andai
Poetry by Phoebe McCord.

The flags are flying here on the line,
O Canada! snow and sun like wine!
And the signal clear for all to see
A proud housekeeper indeed you be!

And you hang them straight, and you
hang them true,
And the white sails dazzle on frosty
blue,
And the heart lifts up with the climbing sun,
For the day's yet morning, and washing's done!

We hymn the great and their works enscrolled,
And we gaze at the strange and weird and old,
Yet here, plain, plain, to the artist's eye,
Is symmetry flapping against the sky.

Symmetry, colour, a world in tune -
[While the soup-pot bubbles for wash-day noon]
Beauty, proportion - a mind at ease
For the wash that sweetens in winter breeze.

O happy woman in any clime,
Creator of beauty, near sublime,
Keeper of hearts- the world may run-
She joys that again the washing's done!

JOINING UP

The Minister of Agriculture, The Hon. Eugene Whelan, speaking recently to a Chamber of Commerce in one of Canada's industrial cities, said last week that farmers have become one of this country's endangered species.

Each day for the past 20 years an average of 31 farmers have gone out of business.

This is alarming because more than a third of all the jobs in Canada are directly or indirectly tied to farming and the food system.

Last year farmers paid nearly six billion dollars in operating costs; more than one and a half billion of this on feed, more than a billion on machinery, more than $370 million on fuel and half a billion goes as interest on debts and another half a billion on wages to hired help.

As big consumers farmers are anything but the self-contained units that some people think they are.

As specialists, more farmers are consumers of everything except their own specialty, and pay the same for milk, eggs, lumber, meat and everything else as non-farmers do. This is why they need incomes comparable with non-farmers.

To attain this farmers are realizing more and more that they must organize in the same way as other interest groups do.

As Mr Whelan says, factory works have unions, lawyers have the market for their services so tight in their fists that a lawyer from one province is not allowed to practice in another, teachers have a powerful federation, and in each case their own pressure group ensures them a realistic wage.

Farmers, says the Minister, are one step behind. Although there has been a start with some marketing boards, the large majority of farmers is still behind the times.

It aggravates the Minister of Agriculture to hear businessmen, factory workers or professional people knocking the marketing boards. But knocked or not, the farmer has discovered that he must organize.

This year, 1975, there will be renewed efforts in this area to organize the farmers into various united groups. Joining up might be the only way to avoid being one of those 31 farmers who will go out of business today.

"I wonder why we never got any criticism from that article attacking the bricklayers."

Pontiac Agricultural Society Division A meeting

The 1975 Board of Directors of Pontiac Agricultural Society Division met last Wednesday night in the office of the Dept of Agriculture in Shawville to get organized for the 119th Shawville Fair which is to be held September 11 to 14, this year.

The new Directors for 1975 were welcomed by the President, Clarence Knox, and business arising from the minutes of the last Directors meeting in 1974 was discussed. It was noted that although the ball club had been given permission to set up a snack bar this was not to be operated during the Shawville Fair, and only during ball tournaments.

Also the ball club was not to be given permission to erect any fence until the Directors of the Pontiac Agricultural Society had given specific permission with regard to position of the fence.

The Board decided to send a delegation to meet with the Chapeau Division of the Agricultural Society with a view to co-operation for mutual benefit.

The corresponding secretary was requested to write to obtain specific information about the requirements for auditing of the books of the Society from the Dept of Agriculture.

Grist and miscellaneous items

The Social Service people who were approached for help with the old blind man from Quyon last week were able to find a temporary bed for him at St Joseph's Manor, Campbell's Bay. The Manor had even made up a room for him; it was a spare spot usually used by nurses. But since a more permanent arrangement was made at Mosgrove's nursing home in Shawville, they didn't use the one in Campbell's Bay. This information is just being made public to show that both the Social Service and the Manor were ready to act in the emergency.

Hockey jackets for the Minor Hockey players must be ordered by Friday, February 14th. Contact Keith Harris, 647-2696 to place your order or ask information.

Randy Burman, Gordie Black and Gerry Armstrong, all local boys, will be playing on Saturday night at 7:30 at the Nepean Sportsplex. Rockland vs Nepean. If you want to reserve a seat for $1.00 contact Doreen Armstrong, 647-3186 or Lois Findlay, 647-2103. (See coming events for details)

St Joseph's Convent in Campbell's Bay is a large building with complete kitchen and laundry facilities and room for a dozen residents, including a beautiful chapel. It will be vacated in June and now the question is, what will the building be used for next? Any ideas?

Local History Lore

JAMES PRENDERGAST OF CLARENDON. CONTINUED

From Pontiac Historical Society Archives

By Lloyd Armstrong

James' father, John Prendergast, probably died before James returned to Ireland in 1818, since James seems to have lived at or near Rock Corry Castle, with his mother over the period 1819 to 1825 inclusive, writing several letters from there and the nearby town of Cootehill. He was thinking about returning to Canada as early as 1821 because on October 30th of that year, he persuaded his cousin, the Hon T.C.S. Corry, to write to Lord Bathurst requesting a special land grant (including some islands) in Canada for James. Lord Bathurst refused but wrote that he would be hapy to direct the Governor of Canada to make a grant of land to Ensign Prendergast under the usual terms and conditions. This failure to obtain the land he wanted may have delayed James' plans and it was not until 1825 that he and "some of his people", presumably relatives and possibly friends , came to Canada" and arranged to draw his half pay through the Commissary General at Quebec from the 25th of June, 1825. He arrived at Quebec in July or August 1825, probably with all of his family except Robert, the brother who came over in 1837.

James wasted no time in applying for a land grant and on October 8, ?èé,` he petitioned Governor Dalhousie from Quebec as follows:- "That your Petitioner having determined to settle in Lower Canada as an agriculturist applied through the medium of his cousin to the Colonial Office in London for land and received from Lord Bathurst a letter, which with other documents are humbly submitted to your Excellency.
That it appears by the annexed certificate of the Surveyor General of this Province that the Township of Clarendon on the North side of the Ottawa River is vacant and ungranted.

Wherefore your Petitioner humbly prays your Excellency will be pleased to grant him under the usual restrictions and conditions the quantity of twelve hundred acres of land in the said Township of Clarendon, your Petitioner engaging to cause one fourth of the said Township to be surveyed provided that persons settling hereafter on that part of the said Township so surveyed shall pay their share of the expenses of surveying."

The petition was referred to the Government Council at Quebec which, on Oct. 24th, 1825, made the recommendation to Governor Dalhousie that "the Petitioner obtain a grant of five hundred acres on the usual Military Conditions in any township that has been surveyed". A 500 acre grant was the regular one for an office of his rank so apparently the Council was not persuaded to treat James differently from any other officer.

James did not let this rebuff discourage him and either by force of circumstance or persuasion or both, he made an arrangement with the Government which eventually got him more land than he originally petitioned for. Unfortunately, he did not live to enjoy it.

Esso wins over Muskrats

On Saturday, February 1 the Esso Pee Wee House League team travelled to Forrester's Falls to participate in their Winter Carnival. They were made welcome with true community spirit that exists mainly in small towns.

The boys found a big change from indoor artificial ice to natural ice out-of-doors and it took a period for them to find their legs.

The first period went scoreless with good goaltending from both teams.

In the second the Muskrats took the lead but it was short lived as Esso came right back to tie it 1 - 1.

Midway through the third period, Esso tallied again to take the lead two to one and held it until the final whistle.

After the game, the team and coach were treated to a light lunch courtesy of the Recreation Association of Forrester's Falls.

Three parents, Bill Racine, Glen Morrison and Don Letts made this trip possible for the team.

SUMMER PROGRAMS FOR STUDENTS

The Summer '75 Program (Student Summer Employment and Activities Program) sponsored by the federal government, is designed to augment the effort the private sector puts into providing meaningful employment and activity opportunities for Canada's youth in summer.

The major objective of Summer '75 is to provide Canadian students with more extensive work opportunities and to co-ordinate all major federal government activities for greater effectiveness.

Four basic strategies govern the many diversified program: the facilitation of employment of students by matching them with the manpower needs of key areas in the private sector; the direct hiring of students in federal government departments, some in career-oriented positions; job creation, through programs such as Opportunities for Youth; and non-salaried activities such as the Secretary of State's Hostel Program. To fulfill these objectives, the federal government will be spending $67.1 million for Summer '75. Of this amount, $19.1 million will provide for the direct hiring of students by federal departments.

The 1975 Opportunities for Youth Program, funded at $27.5 million, will provide over 20,000 jobs for young people. Areas where severe shortages of jobs are anticipated and where the private sector cannot meet student employment needs will have highest priority in the allocation of OFY funds. Applications are now available and the deadline for submission of project proposals is February 21. One change in this year's program is the salary range for participants. Maximum salaries will be $80 per week for high school students and $110 for post-secondary students and other youth.

Other programs and departments forming part of Summer '75 are: Parks Canada, the Indian High School program, Native Summer and Northern programs through Indian Affairs and Northern Development; Student Community Services, Youth Hostels, and Traval and Exchange through the Secretary of State; Cadet Activities, Reserve Training, and the Community Assistance Program through National Defence; Public Service Employment, including career-oriented programs, through the Public Service Commission; Drug Research and Community Agencies program through Health and Welfare; Tourist Survey Project through Transport Canada; The Improvement Agriculture program through Agriculture Canada; special research projects under the auspices of Revenue Canada Customs and Excise; ongoing scientific and administrative activities through Energy, Mines and Resources; support for the Fifth United Nations Congress on the Prevention of Crime and Treatment of Offenders through the Solicitor General.

Work experience is important for Canada's students. It helps give them confidence and develop expertise, and the money they earn will help take them back to their studies in the fall. Employers might find some very valuable and reliable young people to fit into their future plans. This summer, hire a student.

TEXT Luke 18:1 Power

There was a specific reason for Jesus saying that He wished that all men would pray and continue in that atmosphere. Christ knew, that through the resources of prayer there is POWER.

Now this is something that a lot of people would like —Power. And often people go to extemes to attain the power they so desire. The fact is, the world is going power mad. It is a known fact that millions are being spent in developing power for war. But much of this power being produced tod ay is for destruction.

I am not talking about power for destruction, but I am talking about the power that cannot be compared with any power being wielded in the world today. If you so desire, you can have this power in your life today.

I remind you that prayer is not just a routine chore that you schedule during your day. Prayer is not just a way to release your emotions to make you feel better. If you think prayer consists of just this, then you have practically no understanding of the reality of prayer. You simply do not know about the power of prayer.

There is one who recognizes the potential and the power that there is in prayer. And this is Satan, who along with the demons, use all their power in every way to keep us from praying. Prayer is difficult for it does not always come easy. Satan does not want men to pray, for prayer destroys his power. Prayer is powerful because it is so silent and secret. The power through prayer is available to all who would claim it for their lives.

Some quotes from a sermon on alcholism by Rev Alistair Macintosh

"Alcohol as indicated a moment ago, is a depressant drug and it is often taken by those who seek escape. There is no known guaranteed scientific method of avoiding alcoholism except by avoiding alcohol."

"We need greatly increased and improved education in our schools and our Churches to bring about a better understanding of ourselves and our society, as well as of alcohol. I strongly believe we need consistent deglamorization of the drinking act and the part alcohol plays in our social patterns."

"The thing to remember however, is that laws will not solve problems ... people solve problems."

"The average life of an alcoholic is fifty-one years in the U.S. The average longevity of the remainder of the population is close to seventy. This is the price you may have to pay if you take that first drink."

"I was shocked when I learned recently of the proposition to initiate a beer garden as an additional convenience to be incorporated into our local Fair. However, I was happy to learn of those who had the courage to stand up and be counted on this issue, and has the motion defeated."

"Evangeline Booth, that saint of the Salvation Army, who through her fine organization, has gathered up human wreckage from the streets and alleys of the world, never spoke truer words than when she said: "Drink has drained more blood, hung more crepe, sold more homes, plunged more people into bankruptcy, armed more villains, slain moe children, snapped more wedding rings, defiled more innocence, blinded more eyes, twisted more limbs, dethroned more reason, wrecked more manhood, dishonored more womanhood, broken more hearts, blasted more lives, driven more to suicide, and dug more graves, than any other poisonous scourge that ever swept its death dealing waves across the world."

"Said the glass of beer to the bottle of gin- "I'm not much of a mathematician, but I can: Add to a man's nervous troubles; Substract cash from his pocket book; multiply his aches and pains; divide his property with liquor sellers, so that FRACTIONS only remain for him. Moreover, I take interest from his work, and discount his chances for health and success.".

"Statistics show that 10,000 people are killed by liquor where only one is killed by a mad dog; yet we shoot the dog and license the liquor."

QUÉBEC DISTRICT 9061 P.S.B.

TELEBEC LTÉE, 1122 Chemin St-Louis, Sillery, Québec applicant,

Notice is hereby given that Télébec Ltée has filed an application with the Public Service Board, for improvement of the tariff structure and revision of the rates charged for exchange service, certain auxiliary services and certain toll services, all of which are to be effective on January 1st 1975 or as soon thereafter as may be possible.

PUBLIC AND SEMI-PUBLIC TELEPHONES

The local message rate is increased from 10 cents to 25 cents.

TOLL RATES

The proposed long distance rate revision is designed to encourage communications within the Province of Québec and facilitate the understanding of toll rate tables, thus enabling customers to derive the best advantage from toll services:

— By the creation of a QUÉBEC rate table applicable, at all time, to long distance calls made between the territory of Télébec Ltée and any part of the Québec territory, including Iles-de-la-Madeleine, and replacing the present ONTARIO-QUÉBEC rate table and, as it regards Iles-de-la-Madeleine, the TRANS-CANADA rate table.

— For a better understanding of the proposed revisions, the following table provides examples of comparative costs for a customer-dialed three-minute call, placed at various times during the week.

	PRESENT			PROPOSED		
	Day Rate during the week	Sat. Night Rate	Sunday Day Rate	Day Rate during the week	Sat. Night Rate	Sunday Day Rate
Mont-Laurier — Montréal[1]	$0.83	$0.55	$0.21	$1.00	$0.33	$0.33
Cap-aux-Meules — Québec[2]	2.70	1.95	1.95	2.63	0.88	0.88
La Tuque — Trois-Rivières[1]	0.71	0.47	0.18	0.80	0.27	0.27
Princeville — Sherbrooke[1]	0.65	0.43	0.16	0.73	0.25[3]	0.25[3]
Shawville — Hull[1]	0.59	0.39	0.15	0.66	0.25[3]	0.25[3]

NOTE: (1) The proposed rate revision increases the discount rate, on Saturday night calls, from ⅓ to ⅔, and reduces the discount rate on Sunday day calls from ¾ to ⅔.

(2) In the future, calls originating from Iles-de-la-Madeleine will be billed according to the QUÉBEC rate table.

(3) The minimum rate for any long distance call will be 25 cents.

— By the creation of an INTERPROVINCIAL rate table applicable to long distance calls made within Canada, with the exception of Québec and the territories covered by the CANADA-NORTH-WEST rate table.

Among other changes, this table makes it possible to reduce the initial three-minute period to one minute for customer-dialed calls.

MURPHY- In loving memory of a dear nephew, Ralph Murphy who was accidently killed February 7, 1974.
He little thought when leaving home
That he would not return
That he in death so soon would come to leave his Mother, Dad and Brothers with friends to mourn.
We do not know what pain he bore,
We did not see him die,
We only know he passed away
And never said good-bye.
Our hearts still ache with sadness
And secret tears till flow.
What it meant to loose him
Only his Mom, Dad, Brothers and friends will ever know.
When days are long and lonely
And everything goes wrong
W seem to hear him whisper
Cheer up Mom and Dad and carry on.
And when we look at his portrait
He seems to smile and say,
Don't cry Mom, I am only sleeping
And we will meet again some day.
Sadly missed and always remembered, Uncle Leo, Aunt Frances and Kevin.

No eyes may see us weep
But many silent tears are shed
When others are asleep.
Sadly missed by daughter Hazel and son-in-law Eddy.
