PRESENTATION OF GOLDEN MEDAL UNIQUE EVENT AT FAIR TONIGHT

Alfred Wood, President and Editor of the Sherbrooke Daily Record, Will Present Memento to Venerable Old Gentleman Who Attended Sherbrooke Exhibition Fifty Years Ago—Hon. R. F. Stockwell, Provincial Treasurer, and Hon. Adelard Godbout, Provincial Minister of Agriculture, Expected to Be Present Today or Tomorrow—Record Crowd on Grounds Yesterday.

A memorable and unusual event will take place at Canada's Great Eastern Exhibition this evening, when Alfred Wood, President and Editor of the Sherbrooke Daily Record, will present a gold medal to Sydney L. Clough, of Lennoxville, the venerable and genial old gentleman who was the first to present authentic proof that he was an attendant at the Sherbrooke Fair when it was inaugurated fifty years ago, and has been present at every fair since. The presentation will be made by Mr. Wood in front of the grandstand before the performance this evening.

With the Calf Club Judging Competition practically completed, the performances on the grandstand and the midway at their zenith, and every phase of the "Big Show" now operating faultlessly, the curtain rose this morning on the most important day of the Sherbrooke Fair.

It was considered probable this morning that Hon. R. F. Stockwell, Provincial Treasurer, would arrive in Sherbrooke this afternoon to visit the exhibition, and that he would remain over until tomorrow. Hon. Adelard Godbout, Provincial Minister of Agriculture, is expected to attend the Fair tomorrow.

To the unobserving person all fairs are alike—milling throngs; men and women and children jostling one another, struggling through crowds; bright lights; noise and an incomparable glamor in the midway area; jolly boys and girls walking through the crowds arm in arm.

But this year the people have entered into the celebration of the Exhibition's golden jubilee with a zest and spirit not noticed in past years. Coming from the four corners of the Eastern Townships, thousands of people have poured through the turnstiles at the main gate—enthusiastic about "their own fair," behind which lies fifty years of history. "It's a grand exhibition," is the opinion from the "old timer" who has a keen eye to the quality of the livestock and other exhibits, to the youngster who attends the Fair for the fun and excitement that it provides.

Yesterday's attendance surpassed by far that of last year. There was an immense crowd, thousands of people—comprising for the better part happy, bright-eyed youngsters, for yesterday was their day and everything that could be done for their amusement the directors saw to.

A Record reporter encountered Charles B. Howard, M.P., president of the Eastern Townships Agricultural Association, in the Arena building.

"And how goes it?" the scribe asked.

"How goes it?" exclaimed the smiling president—"The best show we ever had, the finest weather we ever had, and the biggest crowd we ever had. What more do you want?"

There is no gainsaying the fact that to date the exhibition has been an unqualified success. The exhibits in every department, in which judging is still in progress, are numerous and of a fine quality.

Particular importance is attached this year to the work being carried on by the calf clubs of the province. These calf clubs, which have been in existence for only a few years, have enjoyed a spectacular growth and now hold an important place in the activities of the young Quebec farmers—the smart youngsters who will one day be responsible for the agricultural industry of the Province of Quebec.

Edgar Mulligan and George Stephens, of Quyon, County of Pontiac, have been declared winners of the beef cattle judging contest for the province, and will go to Toronto in the fall to represent Quebec at the Royal Winter Fair. The winners of the dairy cattle judging competition and of the swine judging competition have not yet been announced.

Last year the winners of the beef cattle judging competition were Continued on Page 2.

FRENCH FINANCE MINISTER HITS AT SYSTEM OF MANAGED CURRENCY

Declares Action of Great Britain and United States in Abandoning Gold Will Only Prolong and Aggravate Trade Contraction—Regards Proposals to Devalue Gold as Abuse of Confidence Reposed in France by Foreign Investors.

Paris, August 29.—A savage attack on the managed currencies of Great Britain and the United States and a trenchant defence of the franc and the gold standard was made by Louis Germain-Martin, French Minister of Finance, in the newspaper Excelsior today.

"Experience proves that exports are not aided by devaluation of currency," he wrote. "It is not the stability of the franc and the currencies of the gold bloc but the unsteadiness of the Anglo-Saxon currencies which prolong and aggravate the contraction in international trade."

"Devaluation of the franc will only tend to increase the general disorder. Our security is based on gold. There exists a bloc of countries loyal to the gold standard and grouped around France. If she should be deserted it will result in dangerous moral, material and social ruin. The devalued franc will become the tributary of the pound sterling, which in turn is a tributary of the dollar."

"It is thus a paradox to speak of devaluation with 80,000,000,000 francs gold in our banks. This gold represents not only the security for the franc but also the funds entrusted to us by foreigners, earnest in their faith of our honesty."

"Devaluation with standstill of the gold will be a veritable abuse of that confidence."

ADVANCING SEA OF FLAMING OIL MENACING CITY

Five Killed and Many Injured when Fire in Campana, Argentina, Caused Twelve Giant Oil Tanks to Explode—Terror-Stricken Citizens Flee City.

Campana, Argentina, Aug. 29.—Residents fled in terror today as a sea of flaming oil and gasoline rolled toward explosion-racked Campana.

A change in wind early this morning sent the fire licking toward the city, after giant oil tanks had gone up like firecrackers. More than a score of them are burning, along with numerous smaller ones.

Five are known dead in the catastrophe, with others missing. The list of injured is in the hundreds and property damage runs into the millions.

A fire yesterday caused twelve tanks to explode, shaking a wide area, and shortly after midnight fourteen other huge containers exploded. More than 100,000,000 gallons of gasoline of the National Oil Company, a Standard Oil subsidiary, spread over the territory.

Evacuation of Campana was speeded under the direction of marines and police. Hardly a house in the city of several thousand was left standing. The explosions were felt in Montevideo and other Uruguayan cities, some as far as sixty miles away.

Trans-Atlantic freighters were menaced. There is much traffic on the Parana River near the city and it could easily be covered by burning oil, now pouring from the tanks and spreading freely. A shift in wind would put boats in the path of the fire, spreading by land and on parts of the river.

Fire departments from Buenos Aires, forty miles away, and other nearby cities waged a desperate fight against the advancing rings of flame and to defend other tanks.

Damage to the refining plant of the National Oil Company was placed at \$2,800,000. The first series of shocks caused nearly \$500,000 damage in Campana.

Officials of the company said they did not know how the fire started.

Some pillaging was reported in Campana. Shattered windows and cracked walls were everywhere.

A witness said the panic populace scurried into the country, though the world were ending amid the weird reflection of the flames in the sky overcast by smoke.

HEPBURN MAKES FURTHER CUTS IN OFFICIALS

Agriculture, Censorship and Municipal Control Latest Services to Feel Wielding of Economy Axe.

Toronto, Aug. 29.—The Ontario Government's programme of cutting expenditures and re-organizing departments extended into the agricultural department, censor board and supervisors' boards today in removal of these boards made and it is expected the resignations of nineteen municipal boards of supervisors would be asked for shortly.

These boards of supervisors have been administering affairs of municipalities which have defaulted on debenture payments and were appointed by the former Conservative Government. It is expected Hon. David A. Croll, Minister of Welfare and Municipal Affairs, will make the announcement today that will result in the abolition of these boards which have been protested by various municipalities. The new Department of Municipal Affairs, it is understood, contains the necessary machinery to handle the situation which will arise from abolition of the boards.

SEEKS CURE FOR LONG HEAD-ACHE

Rochester, Minn., August 29.—Ralph Harrison, aged forty-eight, came here by plane for possible treatment at the Mayo clinic for a headache which has persisted two weeks—ever since a friend jerked away a chair as he was about to sit down. He struck the back of his neck in the fall.

Ottawa, Aug. 29.—The export of lead in July rose to 254,585 cwt. at \$472.939, compared with 154,317 cwt. at \$322.783 a year ago, the Dominion Bureau of Statistics reports.

The twelve months export was 2,795,911 cwt. at \$5,584,404 as against 2,646,275 cwt. at \$3,901,192 in the previous twelve months.

but it ignores the all-important fact that, while we have increased our debt, we have also increased our assets, many of them in realizable form. By this I mean assets which in due time the government will turn into cash, thereby making them available for reduction of the national debt."

AUSTRIA FACES NEW DANGER IN HEIMWEHR ARMY

Threat of Internal Outbreaks, This Time in Pro-Government Forces, Hung Once More Over Austria Today—Friction in Ranks of Heimwehmen.

Vienna, Aug. 29.—The threat of internal outbreaks hung once more over Austria today and this time it was in pro-government forces.

Busy for months in stamping out Nazis, the Fascist cabinet of Chancellor Schuschnigg suddenly found danger from another source—friction in the ranks of the Heimwehr, or Fascist Home Guard, headed by Vice-Chancellor Ernst von Starheimberg.

A number of Heimwehmen were arrested yesterday by police. Guards were placed about barracks of the organization in the Floridsdorf section.

Jealousy between Vienna Heimwehr detachments and their brothers in provinces of lower Austria, private sources said, led to the unexpected raid by emergency police. Reports spread that certain Heimwehmen had been called "untrustworthy and traitors."

The situation brought speculation whether Vienna faced another putsch—this time by the Heimwehr.

Heimwehr forces are regarded as the right arm of Schuschnigg's government—so long as Prince Von Starheimberg, their leader, is vice-chancellor.

In a sensational interview at Praha, Czechoslovakia, Dr. Franz Winkler, former Austrian Vice-Chancellor, said the late Dollfus paid him to work against Von Starheimberg, who Dollfus said "had brought all the misery of civil war upon Austria."

NEWS RECORDS SEVERAL DEATHS

The following deaths were recorded in today's press despatches. Ottawa—John Sylvain, 57, for the past thirteen years chief translator in the Interior Department who was mentioned for the appointment of chief of the new Federal Translation Bureau.

Ogdensburg, N.Y.—C. Everett Nelson, 53, widely-known throughout northern New York and eastern Ontario as a baseball umpire.

Boston—Rev. Frederick Arthur Reeve, 56, long identified with the Episcopal Church in Massachusetts and Connecticut.

Quebec—Hubert Cimon, 69, a prominent member of the Quebec Bar.

PLAYS LACK OF OTTAWA ACTION ON SWEATSHOPS

Ontario Attorney-General Charges that Cabinet Should Have Taken Action to Remedy Conditions Exposed.

Toronto, Aug. 29.—Conditions have been uncovered by the Stevens Mass buying Committee that called for immediate action but the Dominion Government had done nothing, is the charge of W. Arthur Roebuck, K.C., Attorney-General of Ontario. A million dollars, he said, had been spent on the investigation but no indications of remedial measures had appeared.

Before a Liberal convention in Toronto last night when Major Harold P. Snelgrove was chosen to carry the Liberal banner in the Federal bye-election on September 24th, the Attorney-General declared there had been "no suggestion from either Mr. Stevens or Premier Bennett of any practical remedy for these abuses." Hon. H. H. Stevens, Minister of Trade and Commerce, is chairman of the Mass Buying Committee.

Ontario would put sweatshop employers out of business, he continued, unless fair wages and proper working conditions were inaugurated. Sweatshop employers were largely responsible for the unrest that was resulting in needle trade industries moving from Toronto to Montreal and other Quebec centres, where labor was "more docile and not so impudently independent as you are in Toronto," he said.

GREAT CRISIS FACED BY SPANISH CABINET TODAY

Madrid, August 29.—With the Basque provinces openly defying the Madrid administration, and autonomous Catalonia—already under strain—relations over its land laws—openly supporting the Basques' autonomous demands, the Spanish cabinet today faced a crisis which well-informed observers predict may overthrow the government within the next two weeks.

The Basques desire removal of the provincial governors appointed by Madrid and right to supervise their own affairs with an inter-provincial economic committee, already formed despite Madrid's point-blank opposition.

LEADING CANADIAN RAIL- ROADER PASSES

Possibly the best known of Canada's practical railroaders, Grant Hall, vice-president of the Canadian Pacific Railway since 1918, passed away in Montreal this morning after an illness of three weeks.

SOUNDS LIKE A FLORIDA LAND BOOM

Riverhead, N.Y., August 29.—After a four-year search for three lots which he bought for \$32.38 at the Suffolk County sale in 1930, Andrew Anderson reported the lots have vanished.

The Board of Supervisors authorized the county treasurer to refund the purchase price. It was not explained why the previous owner paid taxes on apparently imaginary property.

FRENCH NEWSPAPERMEN TO CLOSE CONFERENCE TODAY

Quebec, Aug. 29.—The business of their conference nearly completed, French and Canadian newspapermen attending the French Press Congress here prepared today to bring their meeting to a close and move on to Montreal tomorrow in company with the visiting French delegates to the Jacques Cartier quinqucentenary celebrations. But before closing the congress the delegates were to hear several prominent newspapermen from North American and European cities.

SALE OF FRUIT IS CONTROLLED BY NEW EDICTS

Regulations Govern Operations of Commission Agents, Dealers and Brokers Who Engage in Inter-Provincial or Foreign Trade.

Ottawa, Aug. 29.—In conformity with the provisions of the Fruit and Honey Act, passed by Parliament last session, Hon. Robert Weir, Minister of Agriculture, has issued regulations governing the operations of commission agents, dealers and brokers who engage in inter-provincial or foreign trade. The regulations, reflecting the object of the statute, are designed to "control the sale of fruit and vegetables in inter-provincial and foreign trade, and to safeguard to the producer the monies realized in the sale of his produce."

They provide for the licensing of all commission agents, dealers and brokers whose business comes within the jurisdiction of the act and departmental officials said here today, they have substantially the same effect as the perishable agricultural products act of the United States. The difference is that the Canadian regulations are not written into the statute.

Licenses maintaining more than one branch are required to take out a license for each branch. This is valid until March 31 following the date of issue and costs twenty-five dollars. However, a person shipping produce of his own growing is required to pay a fee of only five dollars.

The regulations provide for strict care of perishable goods in transit, with particular regard to the conveyance of fruit and vegetables during periods of varying and variable temperatures.

JAPAN DETERMINED TO ABROGATE TREATIES ON NAVAL LIMITATION

Foreign Office Declares London and Washington Agreements Must Be Replaced with Limitation Pact on a Drastically Changed Basis if Japanese Co-Operation Is to Be Assured—Refuses to Consider Extension of Agreements for Two Years.

Tokyo, August 29.—Japan is determined that neither the Washington nor the London naval treaties, including their fundamental principles, shall bind her beyond December 31st, 1936, the date of their expiration, a Foreign Office spokesman made clear today.

She is prepared to join other powers in a scheme of naval limitation on a drastically changed basis which she intends to propose at preliminary conversations this autumn in London.

But if the powers show a determination to extend essentials of present compacts, including Japan's position of inferiority to Great Britain and United States, Tokyo is ready to withdraw from the entire naval limitation scheme, just as she withdrew from the League of Nations eighteen months ago.

If London talks do not satisfy her she will notify other nations that she is abrogating the Washington Treaty at the first possible date.

Details of the plan for limitation were not disclosed. Japanese newspapers and many observers said failure of the Conference next year is inevitable unless the present 3-5-3 ratio system is abolished and more equality in armaments recognized.

While reports reaching Tokyo said other powers favor postponing the hour of a decision in putting off the 1935 conference or extending present treaties for two years, the Japanese Government evidenced a determination to call for an early showdown.

Her envoys to London this fall will offer drastic proposals designed to compel other nations to show acceptance or rejection of Japan's claims for a new and brighter place in the naval sun, including something like parity.

In the event of rejection, the spokesman indicated, Japan will act to free herself from limitations of the present treaties and will take her own road.

Big navy advocates here are already contemplating this prospect and counting the cost, preaching to the nation that Japan need not fear a naval race.

Despite this stand, the spokesman asserted, "Our proposals will be drafted in accordance with the spirit of disarmament and for the purpose of curtailment of armaments."

"We hope other powers likewise will present proposals at London which can be discussed equally with ours," the official continued.

Nevertheless, whether Japan abrogates the Washington Treaty depends upon how our proposals are received. If favorably, indicating the powers are ready to replace the Washington Treaty with a new and radically different compact, abrogation may be necessary.

"If they are hostilely received, Japan must abrogate. That will be decided after the results of the London talks are known."

The spokesman refused to reveal whether the programme included the principle of equality in tonnage among the powers, asserting "that is a card we must keep up our sleeves."

THE WEATHER

FAIR AND COOL.

High pressure and cool weather covers Ontario and Quebec while pressure is low off the Atlantic coast and over Saskatchewan and northern Manitoba. Showers have occurred in some parts of the Maritimes and in Northern Quebec though in other districts the weather has been for the most part fair. It was decidedly warm yesterday in the far West but it has now become cooler again in Alberta and northwest Saskatchewan.

Forecast: Moderate northeast and north winds; fair today and Thursday; quite cool tonight.

Northern New England: Fair and continued cool tonight and Saturday; light to moderate north and east winds.

Temperatures yesterday: Maximum, 66; minimum, 45.

Same day last year: Maximum, 74; minimum, 53.

BOTH SIDES REFUSE COMPROMISE IN U. S. TEXTILE STRIKE CRISIS

Two Serious Storm Clouds Gather as Leaders of Labor and Industry Strive to Prevent Walk-Out of Cotton Mill Workers—Mill Owners Reported Ready to Close Factories if Strike Materializes—Fear Sympathy Strike by Silk, Rayon and Wool Workers.

Washington, Aug. 29.—On the one hand a peace conference called to prevent a strike from crippling the United States textile industry, union leaders and employers stuck to their guns today.

As the National Labor Relations Board threw all its influence behind the peace move, these storm clouds hovered:

1—Francis J. Gorman, chairman of the United Textile Workers strike board, accused employers of trying to depict the workers as striking against the government.

2—Some cotton mill managers were reported ready to close their factories if the strike materializes next Tuesday as planned.

The union leaders have accepted the Labor Board's invitation to a "round table" talk tomorrow and to making preparations, though reports of the strike, are expected to attend also. Chairman Lloyd Garrison, of issue and costs twenty-five dol-

noted mediator, will preside.

Gorman accused George A. Sloan, head of the Cotton Textile Institute, of trying to put strike leaders in the plight of striking against the cotton textile code, or the government.

He said Sloan was trying to get code authority members to come to the peace conference.

The executive council of the U.T. W. meets tomorrow to decide whether to call out silk, rayon and woolen workers as well as cotton operatives. The union leaders say that if this is done, the strike will involve between 700,000 and 800,000 persons.

Omaha, Neb., August 29.—A newspaper editor, who apparently was confused with the strike, received this note in childish scribble: "I wish to have a baby with brown hair, blue eyes, and I hope you send me a baby I like. Please send me a girl."

NOW EATS ANY KIND OF FOOD, AND NO CONSTIPATION

Mr. Durigan Finds Relief in Kellogg's ALL-BRAN

Here is his enthusiastic letter: "Am 70 years of age, and for 40 of these years there never was a week but what I had to take a pill or some kind of cathartic."

"I took everything, but gained only temporary relief. Until last spring my daughter, who is a nurse in a hospital, brought me some Kellogg's ALL-BRAN."

"At the end of the week, I knew I had something that was it, and I kept on taking it. I haven't taken a cathartic since. I can eat meat any time, as often as I like, or any other kind of food, and no constipation."—Mr. L. M. Durigan (address furnished upon request).

Laboratory tests show Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to help muscle tone. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

How much safer than patent medicines. Two tablespoonfuls daily are usually sufficient. With each meal in serious cases. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

THE THIEF.

Grenville Kleiser.

Into my room he stole,
Where I lay sound asleep,
In search of blood, intent was he,
Assassin, vile and deep!
I suddenly awoke,
Struck him a mighty blow;
The vile mosquito in his tracks
Forever was laid low.

THE RECORD GOES ON RECORD.

The British Constitution is an heirloom of freedom which only the bold man would bravely trifle with.

Canada's Constitution—known as the British North America Act—cannot be mauled or soiled by political meddlers without a mandate from the people.

What we hold in veneration we may criticize and comment upon, but he is a daring and a fearless chap who will tinker with that which we have and hold in high regard.

The Canadian Constitution may be added to and not taken away from—any single clause—without unanimous consent. Such authorization is likely to be withheld if any proposed change has not been turned over in our minds for a long period of thought.

Hardy, indeed, would such changes be mooted by man in the last session of any administration. It would be insensate folly to spring upon the people any suggestion which would measure up with the socialistic inroads already made by a so-called conservative body.

Neglect of the Railway problem and the C.N.R. losses of a hundred millions a year now stands prominently in the way of permit for an incursion on the Magna Charta of Canada.

It would be audacious, shameless and impudent for any Prime Minister to hope for any assent by the people of a revision of the Constitution when so much has been left undone, so many things to right which had but required courage and earnest purpose.

Without some display of boldness in the past we would consider any deathbed legislation as being merely bold-faced, the definition of which means impudent or without shame.

We cannot accept the brazen or the impudent from whence has come only the craven, the timid and the vindictive.

THIS MIDWAY IS CLEAN.

In one obscure corner of the grounds is the office of the general officer in command of the Midway, from whence go and come the lieutenants who reach all individuals who comprise the force of operators who conduct the show. It is a clean show, with people who can look visitors straight in the eye.

It is so different from the midways we have had, and has so clear an atmosphere of orderliness and decency, that we rise to congratulate Mr. Conklin and his British Columbia aides in his all-Canadian show. Never have we had so good and so attractive a show on the Midway of the Sherbrooke Fair. The youngsters of this large bit of Quebec swarmed all over the place, and record crowds repaid the sponsors for their unique and distinctive displays. The President and Directors of the Great Eastern Exhibition, who are rejoicing over a record attendance, assign some of the credit to a clean and healthy Midway.

ONE MORE SUGGESTION OF ECONOMY IN COST OF GOVERNMENT.

The Toronto Star scouts the suggestion that in Canada the consolidation of the criminal department in the nine provinces would be practical, economical and more efficacious.

Instead of nine Attorney-Generals, and a Solicitor-General, as in Canada, at salaries totalling \$30,000 a year, and with a retinue of officials in each province, the suggestion was made that we adopt the English system and have one Home Secretary who could direct the forces of law and order.

There is more than a germ of good sense in the idea, for the same consolidation of many other departments would meet with cheers from the groaning taxpayers.

Crime is not a matter of provincial concern alone. Criminal catching is not just a matter of provincial concern, and the erring rascal is a public enemy.

English justice is swift and impartial, and the cost of their department per capita is less than it is in Canada.

We are advised that we can centralize our money banks, so that the Federal Government can get more

of it without taking any advice from mere bankers, then surely we can centralize our judiciary and our policing system.

Not an unselfish word can be said against any plan which lessens the cost of government without impairing the service.

Recently in Ontario we have had the spectacle of two judges, men who were rabid partisans in their political days, hearing evidence on a question with deep political angles. They permitted the government counsel to indulge in hustings oratory. Such jurists can only work harm to their former affiliation.

Civil law cases could not as easily be decentralized, but there can be no logical excuse for not reorganizing the hearing of all criminal cases under the one jurisdiction, thus saving millions to the taxpayers.

QUESTION AND ANSWER.

Grenville P. Kleiser, a master of English diction, and at one time a university professor, addresses this letter to the Editor, and requests an answer, as he directs his Record to be sent to his summer abiding place at Saratoga Springs:

"Dear Mr. Wood,—Anyone in the neighbourhood of Sherbrooke, in quest of good phrases, should read your daily Editorials as I do. You are always facile and trenchant, but never obtuse.

"I am sure your admiring readers would be pleased to know to what influence, principally, you owe your facile English style, your ability to use the right word always. Very sincerely,

"Grenville Kleiser."

Leaving school at twelve years of age, working in a sawmill or on a farm during my school vacations for three years before that, I had the advantage of sitting at table for breakfast, dinner and supper, with the most talented and well-read man I have ever known—my father—an Englishman who thought a family of eleven children was worth while boasting about. He did not debate with us, but he encouraged us to talk and to discuss. He was well-read, had travelled the world over, and had that kindly inspirational talent of imparting to others what he knew. That is all. I lost him after his eighty-fifth year.

EDITOR'S NOTE BOOK.

England lost the test match with Australia literally with one hand tied behind her back. The timid committee of selection were careful to select bowlers with prowess of the common garden variety. They were afraid that good bowlers like Larwood would offend the Australians. It is not recalled that England ever objected to Spofford, who had a pace, a speed so incomparably swift that he was called "the demon bowler." In those days of yore England took her medicine and waited until age slowed up old Spofford. But at cricket the committee of selection was dominated by the man who owned the Boy and the Donkey, and essayed to please everybody.

They still charge half a dollar over the Caughnawaga bridge, with all the extras, despite loud protest. The ferries are still crossing close by, and competing very successfully, whilst many cars circle the Laprairie basin to save a quarter. The rural company formed did not invest a cent and because of the government guarantee of their bonds, they have not absorbed the business sense of individual incentive. They sold bonds sufficient to pay the cost of the bridge, and are sitting pretty, on the backs of the residents of the three counties.

About a year ago this paper announced that there would be no general election on Federal issues until the latter months of 1935. The obvious reasons for the present administration going its full five-year limit have now penetrated the domes of Ottawa: correspondents, and they relay the news to their newspapers. Politically, the Record is usually a year ahead of Ottawa, for we can perceive and interpret the result of all measures enacted. Hindsight is better than foresight, but you must have both for deduction.

Naturally, we are all proud of the Lennoxville citizen who gave the bank burglars what they would merrily have given to him. All the banks in this district have now the hidden guards, for they must meet the gunman with guns.

We all have our own faults, but it is so much easier to see others' Tom Barnes' specs that most folk are blind to their own.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
August 29th, 1904.

Prof. Jenks, of Cornell, heading a party of self-styled economists, opened a propaganda campaign to have China adopt the gold standard. When thirty years of argument failed, the professors are now seeking to have the rest of the world go on a silver basis.

Marriages: At Moberly, Miss, Miss Katherine MacBridge to Mr. David Connolly Hall, of Sherbrooke; At Sherbrooke, Miss Mary Dickson to Mr. Andrew G. Hodgman.

British warships were ordered to round up two Russian vessels which insisted on molesting neutral ships on the high seas despite an earlier Russian promise to desist from this practice.

The little son of Mrs. Frank Thomas suffered a broken leg when he fell from a counter in the Main Building at the Fair grounds.

G. Kay, manager of the Canada Paper Company at Windsor Mills, accepted a position in Antioch, California.

The Bedford Academy opened with the following staff: Nelson O. Davis, Miss Lizzie Bockus, and Miss Hattie Jones.

Mr. Robert MacIntosh and Miss Jean MacIntosh, Stanstead Plain, entertained their friends at a musical evening.

Births: At Fairfax, a daughter to Mr. and Mrs. S. B. Wheeler.

Mr. and Mrs. S. W. Jencks, Sherbrooke, left for a holiday trip to Niagara Falls.

What Editors Say

CANADA LEADS.

St. Catharines Standard.
As an exporting nation Canada leads the world in four products. In other things she stands well up on the lists. The National Revenue Review declares:

"In export trade the Dominion led the world in 1933 in the exports of wheat, printing paper, nickel and asbestos, occupied second place in the exports of wheat flour, Australia being in first place, and the United States in third place.

"She occupied fourth place in the exports of automobiles and wood pulp, being exceeded in the exports of automobiles by the United States, the United Kingdom and France, and in the exports of wood pulp by Sweden, Norway and Finland.

"She occupied sixth place in the exports of rubber tires, being exceeded by the United States, the United Kingdom, France, Belgium and Italy.

"Canada also ranks high in the world's exports of many other staple products such as lumber and timber, fish, copper, barley, cheese, raw furs, whisky, meats, farm implements, pulp wood, cattle, raw gold, silver, rye, oats, rubber footwear, leather and hides."

That is a pretty good record for a nation of just over 10,000,000 people.

THE BENEFACTORS.

Halifax Herald
The honor of the first corporate protest in England against slavery, according to the London Times, belongs to the Society of Friends. John Wesley also made a notable literary contribution to the movement. The strongest impulse, however, came from within the Established Church and from the little group of evangelicals who were nicknamed "The Clapham Sect". Yet, it is improbable that their object would have been attained in their own generation if they had not won the support and accepted the leadership of that man of genius, William Wilberforce, who stepped aside from the path that led to high public office in order to lead a body of obscure and unpopular men against one of the most powerful vested interests of the time.

In middle life Wilberforce carried the first of his objectives, the abolition of the trade itself—one of the major benefactions that have been conferred on the human race. And he lived to see his disciple, Thomas F. Buxton, trained by him and guided from his retirement, victorious in the final assault which set 800,000 humans free.

TOURIST FOUND UNUSUAL DIFFICULTY IN NEW YORK

Jackson, Miss., Man Had Tongue Become Caught in Bridgework While Eating an Ice Cream Cone.

New York, Aug. 29.—This is the saga of a tourist abroad in New York, Samuel Milstein, who drove up from Jackson, Miss., to visit the metropolis and, incidentally, Long Beach.

It was there, while he was lapping on an ice cream cone, that it happened—his tongue was caught in his bridgework.

He approached a policeman on the boardwalk, pointed to his mouth and said something like "nyah, nyah." The officer hooked a finger experimentally under the tongue and pulled. No use. So he called an ambulance.

A doctor pried loose the bridge-work, freed the tongue and told Milstein the tongue would be all right.

Balanced Food Combinations

Lots of folks balk at picking out things to eat a-la-carte. They'd rather just take a seat in the Cozy Diner and say: "Stuart, my lad, just bring me a real good dinner, and go the limit." By "the limit" they mean about 35c for they know they can't pay much even if they try! Not at the Cozy Diner anyway.

Stuart will probably bring them something like this:
Chicken Soup au riz.
Roast Veal.
Potatoes, Creamed Cauliflower.
Blueberry Pie.
Coffee.

This is only one of a dozen combinations and comes to thirty-five cents. Others are less.

Many ladies who used to hesitate about leaving their husbands to fend for themselves, now feel quite safe in turning them over to Stuart's care before going away for a holiday.

RETURNING OFFICERS APPOINTED.

Secretary of State, Hon. C. H. Cahane, has appointed the following returning officers in the Eastern Townships, giving to each of these a full twelve months in order to learn their duties.

Brome-Missisquoi: Joseph A. LeFebvre, Knowlton.

Chateauguay-Huntingdon: Louis Maheu, St. Martin.

Compton: Anselme Tourigny, East Angus.

Drummond-Arthabaska: Peter Anthony Bennett Feeney, Princeville, Que.

Megantic-Frontenac: Joseph Maurice Boissoneault, Thetford Mines.

Richmond-Wolf: Joseph Hilaire Cote, Asbestos.

Sherbrooke: Eugene St. Pierre, Sherbrooke.

Stanstead: Olivier Tourigny, Magog.

Though the general elections may not be held until a year from now, it would be well for deputy returning officers and clerks to get their applications on file. One may have a little pressure on the sitting member or the defeated Conservative candidate. As the choice of Mr. Cahane is all one way, it may be

Social and Personal

Miss Katherine Dart, of Montreal, is a guest of Dr. and Mrs. W. S. Allen, Quebec street.

Mr. W. E. Frankish, of Montreal, is a guest of his sister, Mrs. T. S. Somers, and Col. Somers, Montreal street.

Miss Alberta Gough has returned from Ile Aux Cerfs on the Richelieu where she spent the summer at "Camp Minot".

Mr. and Mrs. E. E. Braithwaite and family, of Three Rivers, are guests of their aunt, Miss Eleanor Van Vleet, London street.

Major and Mrs. R. S. Armitage, of Dolbeau, Lake St. John, have arrived in Sherbrooke to spend a few weeks with the former's parents, Mr. and Mrs. W. S. Armitage, "Mountain View," Belvidere Road.

Mrs. Mitchell, "Elmhurst," Dufferin avenue, and her son, Mr. Malcolm W. Mitchell, returned yesterday from a delightful motor trip to the Gaspe Coast, returning via the Matapedia Valley.

Mrs. J. B. Beach, who has been a guest a few days of Mrs. H. E. Macfarlane, Melbourne street, is returning today to her summer home at Knowlton's Landing, Lake Memphremagog.

A pleasing event took place last evening at the Nurses' Residence at the Sherbrooke Hospital, when Miss Marjorie Carr, whose marriage takes place early in October, was presented with a dinner set in the Lady Hamilton pattern, a gift from the Superintendent, her staff and student nurses of the School.

The drawing room was colorful with garden bloom in mauve, yellow and white, streamers carrying out the same color scheme being suspended from the chandelier to the four corners of the table. Covered with an exquisite Cluney lace dinner cloth, the table on which the china was placed was centered with a dainty miniature bride. As the bride-elect entered the room where Miss V. Beane, her staff and the student nurses were assembled, Miss Helen Turner played the wedding march from Lohengrin. Miss E. M. McDowell made the presentation on behalf of the donors, and Miss Carr responded. Soles were charmingly rendered by the Misses Helen Turner, Evelyn Laduke and Elizabeth Watson, and afterwards a delicious buffet supper was served.

BABY SHOW CANCELLED FOR LACK OF BABIES

Arden, Del., August 29.—The annual baby show has been called off for lack of babies. After a house-to-house search in vain for infants, Mrs. Levine, an official of the community fair, decided sadly to substitute a parade of older children.

DEATHS REPORTED

MRS. LEVI SHUFELT, EAST FARNHAM.

East Farnham, August 29.—After a long illness, Elizabeth Ann Shufelt, beloved wife of Mr. Levi H. Shufelt, passed away at her home here on August 11th. The community mourns the death of Mrs. Shufelt, who was so well and favorably known by a large circle of friends and highly respected by everyone. Her illness, which extended over three years, was born with great Christian patience and everything was done by her family and doctor to alleviate her suffering. Mrs. Shufelt was a life-long resident of East Farnham.

She was married in 1893. Of this union seven children were born: Rupert H., C. Grace, Marion Elizabeth, Guy E., Gordon W., Frederick H. and Harriet E., and three grandchildren. The family mourn the loss of a loving mother and a faithful and devoted wife and have the deep sympathy of all. Two sisters, Mrs. M. J. Vachon, of Nauset, N.H., and Mrs. A. W. Putnam, of South Lyndeboro, N.H., also three brothers, Mr. David L. Daniels, of Milford, N.H., Mr. Charles Daniels, of Hudson, N.H., and Mr. Frederick H. Daniels of Riverside, R.I., also survive.

The funeral service was conducted at her home on August 14th. Rev. Mr. Carleton, of Dunham, officiated, as her pastor, Dr. S. W. Boyd, was unable to present, and was very largely attended. His message was one of comfort and consolation to the bereaved family. At the close of the service a favorite selection of the deceased was read by Mr. Carleton.

Relatives from a distance who attended were: Mr. and Mrs. E. E. Underwood, of Nashua, N.H.; Mr. David Daniels, Mr. and Mrs. Harriet Daniels, of Milford, N.H.; Mrs. A. W. Putnam, of South Lyndeboro, N.H.; Mrs. E. E. Shufelt, Mr. and Mrs. John Shufelt and Mrs. Nellie Brimmer, all of Montreal.

Beautiful floral tributes were on the casket showing the respect and esteem in which deceased was held by her relatives and friends, also from church organizations of which she was a member.

The funeral cortege proceeded to Riverside Cemetery, where interment took place.

The bearers were Messrs. Stewart and Reginald Hawke, Hugh Sweet and Lawrence Horner.

MRS. M. W. BARD, GRANBY

Granby, August 29.—Mildred Wagner, wife of Mr. M. William Bard, passed away at her late residence, 72 Elgin street, Granby on Thursday, August 16, at the age of sixty-one years. The deceased was formerly of Aurora, Ill., but resided in Farnham for some time. Six years ago on the retirement of Mr. Bard from active life, they came to Granby and in this short time had made a host of friends who deeply regret her death.

Besides her husband three daughters survive, Mrs. E. J. Babbitt, Mildred, Mrs. E. F. R. Brown, Jean, of Montreal, and Mrs. C. E. Savage, Leah, of Granby, and five grandchildren, Jean Babbitt, Billie and Wayne Savage and Audrey Jean and Marlene Brown, all of whom have sincere sympathy in their bereavement.

The funeral was held at the residence of Mr. and Mrs. C. E. Savage, 50 Dufferin street, Rev. Thos. Scott conducted the service and the bearers were Messrs. A. D. McKenna, E. A. Graham, Dr. Craig Watson, F. E. Horner, O. R. Jackson and J. M. Horner.

The burial was in Pinewood Cemetery.

Among those from out-of-town who attended the funeral were Dr. and Mrs. Hudson, Montreal; Mr. and Mrs. Frank Brown, Sutton; Mr. and Mrs. Carl Meade, Mrs. Muriel Gray, Montreal, and Mr. and Mrs. Clare Brown, Farnham.

that the returning officer has been instructed to appoint his deputies fifty-fifty.

QUEBEC CENTRAL MOURNS PASSING OF GRANT HALL.

The flag on the Quebec Central Railway head offices here is at half mast today as a mark of respect to the late president of the Road, Mr. Grant Hall, who passed away this morning in Montreal. Mr. Hall was very well-known in the Eastern Townships, especially in Sherbrooke where he had many personal friends and where he was a frequent visitor, especially in connection with the Sherbrooke Fair, Bishop's University and Bishop's College School in addition to affairs of the railway.

URGES GREATER DIVISION FOR PARTY POLICY

Dangers of Socialism Pointed Out in Latest Publication of British Liberal Party.

London, Aug. 29.—A desire for a greater line of demarcation between Liberals and Laborites was seen in the issuing of a little brochure entitled "The Liberal Way" published by the National Liberal Federation under Sir Herbert Samuel.

Regarded as a Liberal bid for existence distinct from that of the Labor party, the brochure warned against the evils of Socialism while adopting some of its tenets.

"We know the evils that spring from capitalism. We have not experienced those that spring from state control on Socialism," the pamphlet stated.

"But the former can be checked or amended by wise laws. The latter cannot, for in Socialism the state is identified with the management of industry."

At the same time the "Liberal Way" demanded:

Minimum wages for workers by agreement between employers and employees, to be enforced by law.

Participation by workers in the profits of the industry after deduction of a reasonable sum as the income of capital.

Setting up of workers' councils having a consultative voice in all questions arising out of relations between employees and employers.

The brochure called for closer ties between Britain and its dominions on the issue of war. "If any of the agreements into which Britain has entered should lead to war," it said, "the dominions would be involved unless they chose to withdraw from the Empire to avoid commitment."

The latter stand was in direct opposition to the speech made by General Smuts recently affirming the Dominions' freedom of decision and action.

PAY TRIBUTE TO FOUNDER OF THE ANCIENT CAPITAL

Quebec, Aug. 29.—Visiting French delegates to the quarter-century Jacques Cartier celebrations were preparing today to cut short their stay in Quebec's historic capital and proceed to Montreal and Ottawa.

After a visit of several days in which they were guests at numerous receptions and were treated with typical French-Canadian hospitality, the delegates will proceed to Montreal tomorrow, leaving for Ottawa on Sunday night.

Yesterday, delegate paid homage

to Samuel de Champlain, founder of Quebec city, by placing a wreath at the foot of his monument on Dufferin Terrace. With sailors from the liner Champlain, which bore the French officials from France to the scene of Jacques Cartier's triumphs, Captain Victor Barthelemy, of the liner, and Mayor J. E. Gregoire deposited the floral tribute.

Later in the afternoon, the Duke

de Levis-Mirepoix laid a wreath on the monument erected to the memory of General Montcalm, the heroic French soldier who died defending the Plains of Abraham against the English in 1759.

Last night a grand ball was held aboard the French warship Vanquelin and was attended by prominent Quebec citizens, as well as by the French delegates.

QUEBEC GIVES WARM WELCOME TO DELEGATION

Premier Bennett Principal Speaker as French Party to Jacques Cartier Celebrations Land at Quebec.

Quebec, Aug. 29.—French delegates to the Jacques Cartier quarter-century celebration visited many historic spots in this district and attended a number of receptions in their honor as Quebec continued to play the host in typical French-Canadian fashion.

The delegates were greeted by sereches from the sirens and whistles of ships in the harbor as they steamed into port aboard the S.S. Champlain which carried them from Gaspé, where they witnessed the unveiling of the huge stone cross in honor of Jacques Cartier, their famed countryman who made history four hundred years ago.

with his discovery of the St. Lawrence River. Official welcome was tendered by Mayor J. E. Gauthier, K.C., when delegates visited the City Hall shortly after their arrival. At the harbor they had been greeted by a committee headed by Mayor Gauthier, Hon. Athanasius David, Quebec Provincial Secretary, Judge Albert Séguin, and Senator C. P. Beaudin, representing the All-Canada Jacques Cartier Celebrations' Committee.

Tribute was paid to the French-Canadian race for its "noble contribution to Canadian development" by Prime Minister R. B. Bennett, who was chief speaker at a banquet tendered the visitors by the Province of Quebec.

The Premier described French-Canadians as a "hardy, industrious and loyal people and I count it a privilege, not only as Prime Minister of Canada but as one of the country's citizens, to vaunt their homely virtues."

Mr. Bennett was thanked by Premier L. A. Taschereau, Prime Minister of Quebec, whom he had described as "my personal friend and worthy opponent."

The French-Canadian, Quebec's Premier stated, would always be proud and willing to lend his shoulder to the wheel of Canadian government. They had unwavering

LUMBER SHIPMENTS FROM BRITISH COLUMBIA GROW

Exports for July Fifteen Per Cent. Above Those of June—Great Britain Proves Best Customer.

Victoria, Aug. 29.—British Columbia's export lumber shipments for July showed a gain of around fifteen per cent., rising from 68,700,000 board feet in June to 77,900,000 board feet in July in the waterborne trade, provincial reports revealed today. Domestic exports by water were 4,167,619 board feet, most of which went to Eastern Canadian points.

Great Britain was the best customer taking 45,600,000 feet; Japan was next with 10,000,080 feet; China 8,000,000 feet; Australia 7,000,000 feet; South Africa 4,800,000 feet, and British West Indies 1,500,000 feet.

British Columbia operators shipped the lion's share of all waterborne lumber from the Pacific northwest during the month, approximately 10,500,000 board feet being supplied from Washington and Oregon points.

CLAIM TRENCH WAR MOVEMENTS NOW OBSOLETE

New Rapidity in Troop Movements Due Partly to Greatly Increased Use of Tanks Has Altered Method of Conducting Wars, Italian Military Authorities Declare.

Rome, August 29.—Italian military authorities, calculating the results of the recent army manoeuvres, declared that trench warfare was obsolete.

This conclusion, they said, results from their observations of the new rapidity in troop movements due partly to the greatly increased use of tanks.

They declared the first onslaught of tanks and fast moving troops would break through a line of trenches and force fighting out into the open. The movement would then become so rapid that there would be no opportunity to dig trenches nor would there be anything gained by digging them.

Contrasting the eventual war with the last, they said that on the western front, when troops broke through, they entrenched themselves in numerous positions, as they came up against machine gun fire. The opposing forces then counter-attacked on the basis of the "inverted V" and forced the original attackers' retirement.

In the eventual war, the Italian experts said, the attacking forces, after breaking through their enemy's lines, will not entrench but will continue to push forward with tanks. Consequently the eventual war will be the opposing forces moving back and forth much more rapidly over the battle territory with the gains and losses around much more considerable.

The experts said they also expected to fight the eventual war with much fewer men at the front, one reason being a greater use of mechanical weapons and another the difficulty of maintaining a service of supplies owing to enemy aircraft.

MEGANTIC CO. HAPPENINGS

ADDERLEY

Messrs. Reed, Albert and Douglas Carroll, of Montreal, were guests at the home of Mr. and Mrs. J. H. Wright recently.

Rev. and Mrs. Flint and son, Donald, of Inverness, were guests one evening recently at the home of Mr. C. McGillivray.

Miss Elva Wright is spending a few days with her grandmother, Mrs. John Currie.

Mrs. S. J. Caswell was the hostess for a second time Wednesday when several former friends of Mrs. T. Baxter gathered to renew acquaintance which had been severed by her removal to Victoria, B.C., some years ago. Mr. J. N. Caswell, on behalf of the guests, presented her with a silver memento and a silver comfort. Mrs. Baxter, to whom the whole affair was a complete surprise, nevertheless expressed her deep pleasure in a friendly manner and the evening was spent in a social way. Other out-of-town guests were Mrs. Barry Martin, of Lynn, Mass., and Mrs. G. Coughlan, of Montreal.

Recent guests of Mrs. G. Andre and her son, Emil Andre, were Mr. Alfred Forest, Mrs. Charles Jondreville, Mrs. Armen Goudreau,

LITTLE ENTENTE FEARS THREAT OF NEW AUSTRIAN EMPIRE

The Austro-Hungarian empire, which conceivably could be re-established by the ascension of Archduke Otto, upper left, to the Austrian throne, is shown, as it existed in pre-war years, by the black border drawn over the present-day map of south central Europe. The restoration of the monarchy is the unending dream of ex-Empress Zita, upper right.

JAPANESE NEWS ORGANS ATTACK RAIL OFFICERS

Further Arrests of Soviet Officials of Manchukuan Road Demanded by Newspapers.

Moscow, August 29.—Excerpts from the Manchukuan and Japanese press published in Moscow as specimens of the alleged newspaper campaign against the Soviet Union which is being carried on in the Japanese dominated territory included the following:

Shokureia of Harbin reported that the Manchukuan police very often search the homes of Soviet citizens while the latter were absent.

Other Harbin newspapers urged the Japanese military authorities to make further arrests.

Nichi Nichi of Harbin said: "This wave will spread from the Chinese border to Harbin where mass arrests will be made."

The Harbin Shimbuu urged that it was "necessary to expel all Soviet citizens and to place the railway at the disposition of the central administration of the Manchukuo railways."

Manchu Nippon of Dairen asserted: "Following the rupture of the negotiations for the purchase of the Chinese Eastern Railway, Manchukuo must use every means and even force in order to make operation of the railway difficult when the Soviet authorities will be compelled to close the line."

Miss Antoinette Grignon, Mr. Raoul Grignon and Mr. Roger Grignon, all of Montreal, were guests at the home of host and hostess visited Sherbrooke, Brompton Lake and other points of interest during their stay here. Judge Forest is at present on a trip to Europe.

DRUMMONDVILLE TOWN COUNCIL HELD SESSION

Rent Problems and Unemployment Relief Matters Debated by Drummondville Council—Changes in Charter Rejected.

Drummondville, Aug. 29.—The Regular meeting of the Town Council was held on Tuesday evening presided over by His Worship Mayor Nolin and attended by seven of the aldermen, Mr. J. B. Bergeron being absent due to illness.

The first question to come up for discussion was the suggestion of the Proprietors' League to change the method of electing the Town Council. The League suggested that the tenant of practically all his power in the municipal elections and it was therefore decided to leave the matter as it is for the present.

A request was received from Premier Taschereau that a report be submitted stating approximately how much will be needed for direct relief during the coming winter. Should the public works legislation materialize, a grant will be requested for the continuance of the sewer construction work.

Complaints were received from a number of the town residents regarding the price of rent. The residents stated that although they were working, the low wages received would not allow them to pay the sum demanded and they petitioned the Council to take some steps to furnish dwellings for which a rental of from ten dollars to twelve dollars a month would be charged. As a remedy it was suggested that the town build small houses to be sold to the tenants who would pay for them through rent at the suggested rates.

It was decided that Messrs. James Marier and Dr. E. Helle would be the official representatives of the Council at the Congress of Municipalities to be held at Gaspé. They left on board the Richelieu on Thursday and on his return Dr. Helle stopped off at Quebec to attend the Congress of French-speaking Doctors of North America.

Shufelt, the genial host, and which is overshadowed by lordly pine trees which follow the line between the MacMillan and Shufelt estates. The weather was ideal for such an event. The tea tables were prettily decorated with flowers of golden color, centred with a handsome basket and around it were gold tassels and silver bonbon dishes with candies. Presiding at this table were Mrs. C. B. Jameson and Mrs. C. E. Cady, president and vice-president of the Parish Guild of Christ Church

of which bride-elect was a member and will be much missed in many ways in the work of the church and its organizations. She was presented with a silver rose bowl and bouquet of flowers for which she heartily thanked her friends. The gift was presented by Mrs. Jameson and the flowers by little Kathleen Cousins, of St. Laurent, Que. Rev. Mr. Reed expressing the good wishes of everyone present. Assisting the hostesses in serving a delicious tea were the Misses Madeline McCabe, of Sherbrooke, Lora Robinson, Joyce and Allison Ashness-Wellis, of Sweetburg.

The little girl was crying bitterly as she walked about, her head bent, and the kindly old gentleman was deeply touched by the sight.

"What have you lost, my dear?" he asked.

"I lost my penny," she sobbed. Moved by her grief, the old gentleman took a penny out of his pocket and said: "There, there, little one! Don't cry any more. Here's your penny. Now run along and spend it."

To his surprise she looked up and smiled: "Why, you wicked old man! Wait till I tell my papa. You had my penny all the time!"

THE SIGN OF A GOOD DEALER

Good dealers know that it is good business to sell Imperial Oil products. First of all they are sure of Imperial quality—and a dealer is known by the quality of product he sells. They know, too, that all Imperial Oil products are made under desirable working conditions—that every Imperial Oil employee (there are 7,000 of them in Canada) is well paid and justly treated.

10,000 red-white-and-blue Imperial Oval signs identify Imperial Oil dealers everywhere in Canada. The Imperial sign stands for a good dealer, for good products, for reasonable prices and for a square deal to Canadian labor.

GIANTS HALTED CHICAGO'S BID FOR THIRD WIN

Bud Parmelee Carried New York to First Triumph Over Cubs in Three Games by Hurling Seven-Hit Ball and Smashing Second Homer of Season to Decide Issue.

The results of the western tour of the New York Giants and of the Detroit Tigers' jaunt through the east could be marked up as successful today regardless of the outcome of the final contests of the trip and of the success or failure of "Schoolboy" Rowe's effort to shatter the American League record for consecutive victories today.

Each team had a four and a half game lead when it took the road and hoped for little more than to hold it until the final home stand after Labor Day. Today the Giants, after turning back the Chicago threat by three to one yesterday in the third game of their series, were five and a half games in the van. Detroit, rained out at Philadelphia, still had its four and a half game margin going into the closing doubleheader in the east, one game of which was to provide the opportunity for Rowe to make his record effort.

It was Bud Parmelee, whose pitching lately has been of the in-and-out variety, who carried the Giants to their first triumph over Chicago in three games. Parmelee allowed seven hits and topped off his fine mound performance by belting his second home run of the season to break a tie score in the fifth inning. Jim Weaver limited the Giants to five blows.

The defeat left the Cubs only one game ahead of the third-place St. Louis Cardinals, who defeated Brooklyn by five to three in spite of Ray Benge's four-hit hurling. Paul Dean gave up eight singles but kept them scattered to earn his fourteenth victory of the season.

The last-place Cincinnati Reds ran their winning streak to four games, their longest of the season, by taking their second straight doubleheader from the Philadelphia Phillies by eight to six and by two to one.

The Boston Braves knocked Burrell Grimes out with three runs in the first inning and defeated Pittsburgh by five to three in what started out to be a doubleheader but was cut to one game by rain.

With the New York Yankees and the Chicago White Sox rained out as well as the Tigers and the A's, developments in the American League were confined to the St. Louis Browns' four to nothing triumph over Washington, which left the clubs tied for fifth place, and Boston's eight to two decision over Cleveland, leaving them all square in their third-place struggle.

THREE PLAY-OFF ASPIRANTS ENCOUNTERED DEFEATS

The fact that the Albany Senators today had lost no part of their lead in the race for the International League's fourth play-off berth could be traced directly to the efforts of the Toronto Maple Leafs and the Rochester Red Wings.

The Senators, holding fourth place by a margin of two and a half games, dropped an eight to one decision to the pace-setting Newark Bears yesterday but their closest rivals, the Buffalo Bisons and the Montreal Royals, obliged by accepting beatings from the Red Wing and the Leafs, respectively.

Rochester rallied for three runs in the ninth inning to top Buffalo by four to three after the Bisons had put on a three-run spurge in the first half of the same frame to take a three to one lead. Norbert Kleinke held the Bisons to five hits, three in the ninth stanza, in winning his seventeenth victory.

Four runs in the seventh chapter gave Toronto an eight to seven victory over Montreal, thus leaving the Royals still a game and a half behind Buffalo and four games behind Albany. It was a wild and woolly game in which Toronto used fourteen and Montreal sixteen men. The Baltimore Orioles observed "Guy Sturdy Night" by whipping Syracuse twice by four to nothing.

TENNIS ROYALTY REMINISCES

A king and queen of tennis met at Germantown, Pa., where the national doubles championships were being played, and talked over their 1934 conquests. They were the Englishman, Fred Perry, Wimbledon singles champion and rated top internationalist, and Helen Jacobs, Californian who recently won the U. S. women's singles title for the third time. They are shown above watching the action from the clubhouse steps.

KAYSER GIRLS KEPT VICTORY COLUMN INTACT

Eastern Townships Ladies' Softball League Leaders Awarded Eight to One Win After Royals Had Tied Score in First Half of Incomplete Fifth Inning.

The Julius Kayser girls came within inches of having their string of consecutive victories interrupted last evening when they clashed with the Royals in a scheduled Eastern Townships Ladies' Softball League fixture. Darkness prevented the pace-setters from going to bat in the last half of the fifth inning after the Royals had tied the score in their part of the same frame. The score accordingly reverted to the last completed chapter, the fourth, at which stage the Kayserites were leading by a count of eight to one.

The defending champions were in no danger of losing their second consecutive title even had they dropped last night's contest to the Royals. But they were intent on keeping their record intact and twilight came to their rescue when their opponents rallied to register seven points in the opening half of the fifth canto and deadlock the issue at eight-all.

Dot Miller, although physically unfit to pitch, deserted a sick bed to take her place on the Kayser mound. Until the disastrous fifth chukker Miss Miller toyed with her opposition, allowing but one unearned run over the four-inning route. In the fifth frame she weakened and two walks, an error, a double and three singles resulted in seven markers for the Royals. The analysis, however, revealed that the Kayser hurler had struck out nine, walked two and allowed but four hits, all of which were recorded in the unfinished canto.

Besides pitching a good game Miss Miller led her team at the plate with three doubles to her credit. In the opening chapter her two-bagger accounted for a pair of tallies after Rejane Drapeau and Beryl Mandigo had drawn free tickets to first base. In the third chapter a second double sent Martha Bourguignon and Miss Mandigo across the plate after they had reached first base safely on two errors committed by the Royals' infield.

and by six to two. Beryl Richmond allowed the Chiefs only three singles in the opener and fanned eight. Bill Lohman scattered eight Syracuse hits in the nightcap. Sturdy signed a one-year contract to manage Baltimore in 1935 before the game.

FOUR "BIG SIX" AVERAGES SUFFERED LOSSES

Four members of the "Big Six" got into action and of the quartette only Paul Waner could get a hit. The leader had to make five visits to the plate for that blow and as a result his average dropped two points to .367. Heinie Manush, who had only one time at bat, advanced to third place when his average went down only one point, while Bill Terry, who had three times up, lost three. Mel Ott also suffered a three-point loss.

The standing at date follows:
Players G. AB. R. H. P.C.
P. Waner 119 493 101 181 367
Gehrig, Yankees 124 483 107 175 363

MEN'S DOUBLES TITLE HOLDERS WERE DEFEATED

Dunsmore Brothers, Seeking Championship which Would Have Given Them Permanent Possession of Eastern Townships Trophy, Downed by Hibbard Boys Yesterday.

Uneasy lies the head that wears a crown. This saying is as true in sport as it is when applied to countries where monarchs are in constant danger of being dethroned. From the moment a champion is crowned in any branch of sport, players and spectators alike anxiously await the moment when the mantle of supremacy is lifted to be placed on the shoulders of other contenders. This spirit is the flame which keeps interest in sport at fever heat.

Last evening a championship team, Bob and Mac Dunsmore, was eliminated in the Eastern Townships tennis championships tournament. The defeat was administered by another family tandem, Ashley and Johnny Hibbard, and the setback was more stinging to the losers owing to the fact that they were gunning for their third straight men's doubles title—a feat which would have given them permanent possession of the trophy emblematic of supremacy in this division. Last week the Dunsmore boys retired the City men's doubles trophy from further competition with their third straight annual victory and apparently were well on their way towards duplicating Eastern Townships play when they encountered their Waterloo.

The Hibbard victory was convincing. It was achieved in straight sets, both at scores of 7-5. Johnny Hibbard's fine net playing and his older brother's steadiness in the back court overcame the resistance of the defending titlists, whose effectiveness was weakened by Mac Dunsmore's inability to bring his usual driving into use.

The only other match on yesterday's programme resulted in victory for the third-seeded men's doubles entry, Armand Ledoux and Paul Biron. Following their victory and the defeat of the Dunsmore team, top favorites in this year's seeding, Ledoux and Biron established themselves as co-favorites with "Bill" Beck and Connie Greigore.

By reason of their straight set victory over Leo Gagne and Henry Goyette, Ledoux and Biron became the second pair to gain a semi-final berth. This afternoon a third semi-final candidate will be determined when Paul Courchesne and Rene Robert tackle Charlie Audet and Albert Gosselin of Castelnau, while the bracket will be closed by the survivor of the match between the Hibbard pair and the Crocheteire brothers.

The detailed results of yesterday's games follow:

Men's doubles: A. Hibbard and J. Hibbard defeated R. Dunsmore and M. Dunsmore, 7-5, 7-5; A. Ledoux and P. Biron defeated L. Gagne and H. Goyette, 6-1, 6-4.

The matches scheduled for tomorrow afternoon are:

At the Country Club, 3 o'clock, M. Dunsmore will play winner of J. Hibbard vs. C. E. Audet; 4 o'clock, W. Hammond will play winner of T. Bolly vs. E. Girard.

At St. Francis, 6 o'clock, Hibbard brothers vs. Crocheteire brothers.

Other games will be arranged according to the results of today's contests.

MISS BRADLEY SCORED EASY VICTORY

Montreal, August 29.—Playing in her second provincial junior women's tennis tournament, Miss Frederica Bradley, Sherbrooke

ladies' singles champion, yesterday experienced the minimum of difficulty in her first-round match. Miss Bradley reached the quarter-final round in last year's play and her improved game this summer indicates that she will be a strong contender for the Quebec crown. Yesterday the lone Eastern Townships entry in the 1934 classic won a two-love set victory over Miss A. E. Adams to qualify for a second-round match with Miss L. Ouimet.

YESTERDAY'S STARS
Max Bishop, Red Sox: Scored three runs against the Indians on a single and two walks.

Paul Dean, Cardinals: Shut out the Dodgers with eight hits in mound duel with Ray Benge.

Chick Hafey, Reds: Led attack on the Phillies, making four hits and driving in three runs in doubleheader.

Buck Newsom, Browns: Blanked the Senators with three singles.

Bud Parmelee, Giants: Limited the Cubs to seven hits, fanned seven and hit a homer, to win own game.

Ed Brandt, Braves: Scattered twelve Pirate hits to win by five to three.

DISMISSAL AXE FALLS ON MORE AUSTRIAN OFFICIALS

Many Other Dismissals in Government Service Expected as Drive Continues Against Nazi Sympathizers.

Vienna, Aug. 29.—The dismissal axe has fallen on more public servants today as a part of the government's campaign to rid Austria of all Nazi sympathizers.

Baron Friedrich D'Elvert, assistant director of public security in the federal chancellery, was fired for allegedly suppressing information respecting Nazi activities.

Simultaneously Dr. Franzelin, acting chief of municipal police at Innsbruck, and Dr. Kapferer, police commissar there, were discharged for alleged failure to disclose advance knowledge of the July 25 Nazi revolt which resulted in the assassination of Innsbruck's chief of police.

Many other dismissals in the government service are expected.
