

BOLSHEVIST PROBLEM IS DISCUSSED BY COUNCIL

REAL DIFFICULTY OF THE RUSSIAN SITUATION, RECOGNITION OF THE SOVIET REPUBLIC, HAS NOT BEEN SOLVED BY THE SUPREME COUNCIL

Premier Millerand Voiced Fear of France that United Russia Might Be a Serious Menace to Western Europe, but Premiers Lloyd George and Nitti Take the View that Russia Has Been Broken Up and Is Not Dangerous — Poland Is Said to Have Been Won Over to the British View.

(Associated Press Despatch)
LONDON, February 24.—Agreements of considerable were reached at yesterday's session of the Supreme Allied Council, and immediate announcement is expected, according to some morning newspapers. Resumption of trade relations with Russia, says the Mail, was decided upon in principle, though with important reservations. The Soviet Government will be asked, on its part, to abandon propaganda and recognize existing loans, while the Allies do not propose to encourage border states to make war on the Bolsheviks.

It is understood the agreement received the assent of Premier Millerand of France. Resumption of political relations between the Allies and Russia was not pressed, the Mail understands, so the real difficulty of the Russian situation, recognition of the Soviet Republic, remains unsolved.

Premier Millerand is understood to have voiced the fear of France that United Russia might be a serious menace to Western Europe, while Premiers Lloyd George and Nitti have taken the view that Russia has been broken up and is not dangerous. Reports, therefore, that Premier Millerand has agreed to decisions reached by the Council are taken to mean that a middle ground has been found on which the Allies can stand until developments show true conditions.

Poland is said to have been won over to the British view, but Rumania is reported to have asked guarantees from the Allies relative to the risks involved in direct negotiations with the Bolsheviks. Representatives of the Baltic States and Finland are also said to have been promised support should there be further aggression on the part of the Soviet Government.

REPARATIONS COMMISSION SESSION YESTERDAY

(Associated Press Despatch)
PARIS, Feb. 24.—(Havas)—The Reparations Commission of the Peace Conference met yesterday afternoon. Charles C. Jonnart, who recently resigned from the commission, handed over to former President Poincare his credentials as French representative in the body. M. Poincare was chosen as chairman of the commission.

PRES. WILSON APPROVES OF REPLY TO ALLIES

(Associated Press Despatch)
WASHINGTON, Feb. 24.—President Wilson gave final approval yesterday to draft of reply to Entente Premiers on the Adriatic situation.

BLAMES PRESIDENT WILSON FOR THE TREATY DELAY

(Associated Press Despatch)
COLUMBUS, Ohio, Feb. 24.—Full responsibility for delay in ratification of the peace treaty was attributed to President Wilson by United States Senator Warren, candidate for the Republican Presidential nomination, addressing a state gathering of Republicans here yesterday. He said the Republican party would "welcome the responsibility of Americanizing the treaty."

WOULD NOT ADVISE THE BORDER STATES TO CONTINUE THE WAR

(Associated Press Despatch)
The decision of the Supreme Council, it was recognized, precludes diplomatic relations between the Allied Governments and the Moscow Administration in the immediate future. The council expressed itself as pleased that the International labor bureau had decided to send a delegate to Russia to study conditions, but it stated its belief that supervision of the delegation should be under the council of the League of Nations, giving the investigators greater authority.

The Council, it was stated, decided that the Allies could not accept the responsibility of advising the border states to continue war against the Bolsheviks, which course by such states might be injurious to their interests. If the Bolsheviks attack within the territory of the border states, however, the Allies promise "every possible support."

THE WEATHER

GENERALLY FAIR AND MODERATELY COLD.

Pressure is relatively low along the United States Atlantic coast and in the Ottawa Valley and highest in British Columbia and the North Pacific States.

Light snowfalls have occurred from Ontario to New Brunswick. The weather in Canada on the whole has been moderately cold.

Moderate to fresh west to north-west winds, local snow flurries but generally fair and moderately cold today and on Wednesday.

LOSSES AT MURMANSK WERE VERY LIGHT

(Associated Press Despatch)
CHRISTIANIA, Norway, Feb. 24.—Refugees arriving at Vardo, from Murmansk, state that the Bolshevik forces which assaulted and captured the latter port numbered only 5,000 strong, and assert that losses on both sides were slight. Two Russian steamers and several small boats succeeded in escaping with refugees.

CONSIDERS THE EXPELLING OF TURKS SERIOUS

London Newspapers Contend that This Must Be Left to the Deliberation of Supreme Allied Council.

(Associated Press Despatch)
LONDON, Feb. 24.—Agitation in favor of expelling the Turks from Constantinople, which has been a conspicuous feature in one section of the press during the last few days, and which has had the support of religious and philanthropic bodies, met a counter blast from another section of the London newspaper world today, which contended the question was one of such importance that it could not be settled on sentimental considerations, but must be left to the matured deliberation of the Supreme Allied Council.

RAILROAD BILL IS MODIFIED
(Associated Press Despatch)
WASHINGTON, Feb. 24.—By a vote of nearly three to one, the Senate last night passed and sent to the President a modified railroad reorganization bill.

It Is Stated That The Supreme Allied Council Has Reached The Decision To Treat With Russian Soviet Officials

Stated that James O'Grady Will Return to Copenhagen to Resume Negotiations with Soviet Government Officials — Claimed Premiers Lloyd George and Nitti Favor Policy of Treating with Soviet Government, but that Premier Millerand is Opposed to Such a Move.

(Associated Press Despatch)
PARIS, Feb. 24.—Decision to treat with the Russian Soviets has been reached by the Supreme Allied Council at London, in effect, although perhaps in a roundabout manner, out of deference to the French and other "susceptibles," according to foreign editors of Parisian newspapers, who are at present in London.

Premier Lloyd George has been pushing opinion along that line with an elaborate apparatus of Red Cross workers, prisoner relief organizations, and revictualing machinery to cover it over," says Pertinax.

"Yesterday he added to existing camouflage—he induced his colleagues to call a meeting of finance ministers to consider problems relating to the high cost of living."

"Opposition by conservatives, especially the French, towards the new Russian policy continues. Therefore, it is announced that trade exchanges with Russia would bring down the cost of living. Premier Millerand has resisted, but Mr. Lloyd George and Signor Nitti have favored this policy. We do not know, but in any case it seems certain an agreement is almost reached," the paper continues.

As to what the agreement may be, Pertinax hints it will be to enter into unofficial relations with all existing revolutionary governments, that of Lenin as much as that of Denikine. St. Brice, of the Journal, is even more categorical, and says it has been decided first to suspend supplies of arms and money to anti-Bolshevik parties; second, to advise Poland carefully to avoid any offence against Bolshevism; third, to promise Poland and the Baltic States, as well as Finland, that they will be supported in the event of Bolshevik aggression; fourth, to treat with Soviet agents for a resumption of commercial relations through the Russian Co-operative Societies; and, fifth, to avoid, in conversations touching on the question, official recognition of the Soviet Government.

James O'Grady, the writer adds, will return to Copenhagen to resume negotiations with Maxim Litvinoff on these bases.

WASHINGTON, Feb. 24.—The body of Rear Admiral Peary was laid to rest yesterday with full naval and military honors.

THE ABOLITION OF IMPRISONMENT IN FAVOR OF AGRICULTURAL AND INDUSTRIAL WORK NOW PLANNED

Bill Presented in Italian Parliament Would Make Work Compulsory, and the Earnings of the Prisoners Would Be Used to Support Themselves and to Indemnify Such Persons as They Had Injured in the Commission of Their Crimes.

(Associated Press Despatch)
ROME, Feb. 24.—Deputy Lombardi yesterday presented a bill in Parliament calling for the abolition of life imprisonment and also solitary confinement. Agricultural or industrial work would be substituted for imprisonment. This work would be compulsory and the earnings of the men would be used to support themselves and to indemnify such persons as they had injured in the commission of their crimes. Prisoners would be used only for persons under arrest and awaiting trial. Trials would be compulsory, not later than six months after a person was arrested. Even in these prisons work would be compulsory.

Under the bill separate establishments would be provided for women and children. In all the establishments schools would be maintained.

SOME DAY, PERHAPS.

PRINCIPAL OF SCHOOL DIED AT MONTREAL

Mr. Irving Vincent, Former Principal of Local High School, Was a Strong Advocate of Compulsory Education.

(Associated Press Despatch)
MONTREAL, Feb. 24.—In the death of Irving Vincent here yesterday of pneumonia, after a fortnight's illness, the Province of Quebec loses a strong advocate of education. He was Principal of King Edward VII school in Montreal, and though only thirty-five years of age, had already taken a prominent part in educational movements in this Province, where he had always consistently advocated compulsory education.

The late Mr. Vincent was born at St. Armand, in the Eastern Townships. He is survived by a widow and an infant daughter.

LAD IS KILLED WHEN CAUGHT IN REVOLVING SHAFT

A. Morin, Employed at Brompton Paper Plant, Caught in Belt Which He Was Trying to Replace.

(Associated Press Despatch)
EAST ANGUS, Feb. 24.—While trying to replace a loose belt on the pulley at the plant of the Brompton Pulp and Paper Company, at East Angus, yesterday morning, Areadius Morin, a lad eighteen years of age, employed in the shop, was caught in the belt and carried to the main shaft. His body revolved several times before the machinery could be stopped, breaking his neck, arms and legs. He lived only a few minutes after being taken down.

District Coroner L. C. Bachand, of Sherbrooke, held the inquest at East Angus, and after several witnesses had been heard, the jury, under the presidency of Notary Powell, brought in a verdict of accidental death.

Young Morin, whose home was in East Angus, was the support of a widowed mother.

THE 'GET-TOGETHER' BANQUET OF UNDERWRITERS' ASSOCIATION WAS A REAL FIRST-CLASS SUCCESS

Visiting Officers of Life Underwriters' Association Addressed Large Gathering at Chateau Frontenac Last Evening — Excellent Programme Thoroughly Enjoyed — District Has High Showing in the Insurance Work in Dominion — Mr. Miller, President of Dominion Association, Gave an Interesting Talk.

ENTHUSIASM in its highest possible degree, coupled with merited, good music and a universal expression of good-fellowship marked the Life Insurance Underwriters' Association banquet which was held last evening at the Chateau Frontenac. Over sixty were present, including many from a distance, and the consensus of opinion is that the "get-together" was a huge success.

The dining room was tastefully draped with flags of the Allies, and the guests of honor and officers of the Association were seated at a special table. These were: Messrs. E. Miller, President of the Dominion Underwriters' Association, Regina, Sask.; Geo. Hunt, Dominion Inspector for the Imperial Life, Toronto; C. O. Palmer, President of the Life Underwriters' Association, of Sherbrooke; Geo. A. Symons, secretary-treasurer of the Association; H. W. Reynolds, E. W. Farwell, President of the Eastern Townships Board of Trade; Mr. Fortin, H. St. C. Clayton, T. J. Parkes, J. O. Vaillancourt and E. S. Baker.

An excellent programme was rendered by the Lennoxville quartet, which delighted the guests with several much appreciated numbers. The quartet was composed of Messrs. A. Carr, T. J. Harding, Chas. Davis, and J. T. Matthews. LeBaron's Orchestra was in attendance and contributed to a great extent to the conviviality.

ATTEMPTED TO BLOW UP THE BARRACKS

(Associated Press Despatch)
DUBLIN, Feb. 24.—An attempt was made to blow up the constabulary barracks at Ballyninch last night, but failed when the bomb failed to explode.

the country to-day.

The men owed it to their profession to combat the destructive influences of Bolshevism that were at work to-day, and the spreading of the doctrine of insurance was a sure method of crushing the attempts to subvert responsible authority.

The speaker then read several opinions of Presidents of the United States recommending insurance and quoted statistics to show the good effects of the business.

"Every representative of a company must have the confidence of his profession, as well as aggressive ability, and integrity, required of all servants of the people," continued the speaker. "Insurance," said Mr. Miller, "is one of the three biggest lines of business in the world to-day, and in point of service, it is second to none."

As to the Association, it would be useless to enumerate the benefits it had accomplished. It had raised the status of the representative, and, if no other object had been attained, the bond of good-fellowship established would be a sufficient reason of being. Numerous abuses had been stamped out, and legislation had been introduced to benefit agent and policy-holder. The Dominion Association had been instrumental in preventing the passing of laws detrimental to the profession, and would continue to do so in the future, explained Mr. Miller.

In closing, the speaker urged all to belong to their local Association, and to illuminate each other by their error-prone conduct and experience in the profession.

MR. GEO. HUNT, TORONTO.

The next speaker was Mr. Geo. Hunt, of Toronto, Dominion Inspector for the Imperial Life, and Honorary Secretary of the Underwriters' Association. As he arose, he was greeted with "For He's a Jolly Good Fellow." After expressing his pleasure at having been enabled to be present, the speaker immediately launched into his subject, which was the good accomplished by the Association. He enumerated instances in the profession where the Association had rendered invaluable assistance to the business and to the individual representatives. A great move had been made, and this was the urgent need in

**COMB SAGE TEA
INTO GRAY HAIR**

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrant and you appear years younger.

**To Relieve Catarrh,
Catarrhal Deafness
And Head Noises**

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from the other ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

Mr. J. F. Tuck went recently to Sherbrooke for a few days.

Miss Mildred Hall has returned to her school duties after spending a week at her home in East Farnham.

Mrs. Mary Cumming has returned to her home in Montreal after spending the past two months with her son, Mr. V. G. Cumming.

Mr. L. P. Knowlton, Miss Merle Knowlton and Master Porter Knowlton went to Magog on Saturday.

Many in this vicinity are suffering from bad colds.

FARNHAM

A series of showers have been held in honor of Miss Gladys Wright, on the occasion of her approaching marriage. One was held at the home of Mrs. Carrie Williams, recently, and on February 13th, about thirty-five Rebekah's gathered at Miss Wright's home, and gave her a miscellaneous shower, after which cards and music were indulged in. At midnight dainty refreshments were served by the ladies. On Friday evening, February 20th, Mrs. Wright gave a linen shower. About twenty were present, and a very enjoyable evening was spent.

It is rumored that the District Court will in the near future, be moved from Sweetburg to Farnham.

The Methodist Forward Movement co-operators gathered the sum of \$1,245, in this town, being about seventy dollars over the objective.

Mr. A. and J. Lapointe were called home by the death of their father, Mr. Felix Lapointe, of Lake Megantic.

Mr. D. McKenna has returned home from Vancouver, B. C., where he has been visiting his daughter for the past months.

M. and Mrs. Dixon, of Havelock, Ont. were in town to attend the marriage of their son.

Mr. Hector Choquette, of the Bank of Hochelaga, is improving after his recent illness.

Miss Jean Lorimer has returned home from Sherbrooke, after spending the week-end with Miss T. Kees.

Miss Isabelle Decker spent the past week in Sherbrooke, the guest of friends.

Master Carl Bradlock, while playing with one of his school-mates, had the misfortune to break his leg.

Lenten services will be held every Wednesday evening at eight o'clock in the St. James church during Lent.

Mr. F. Spencer returned from Enosburg Falls on Wednesday and was accompanied by his mother, Mrs. Spencer of British Columbia, who has been spending the winter amongst her relatives and friends here.

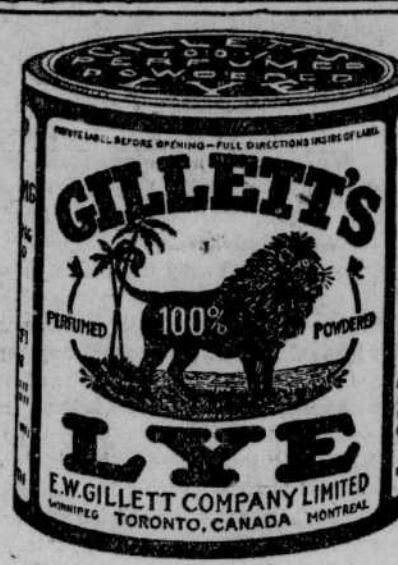

Mrs. Carl Miller and Mr. D. Miller, of Knowlton, were guests at Mr. M. Miller's on Sunday.

Mr. T. D. Frizzle and family spent Saturday at Errol Marsh's.

Mr. Ernest Worden and his mother, Mrs. Nancy Worden, of Sutton, were week-end guests of Mr. John Worden.

Mrs. G. Teel suffered a shock during the past week and is in a very serious condition.

The friends of Mr. Albert St. Martin, a former resident of this place, but now of K. Knowlton, were shocked to hear of the death of his wife from pneumonia.

**GRANBY TO HELP
BUILDING IN
CENTRAL AFRICA**

Forward Movement Meets with Phenomenal Success in Granby—Real Estate Deals—General News.

GRANBY, Feb. 24.—All the Granby churches are giving a good account of themselves in connection with the Forward Movement. As already reported in these columns, the Anglican's exceeded their objective of \$4,500.00, by over \$3,000.00. The Methodists, whose objective was \$2,500.00, have raised over \$3,100.00. As far as the Congregational Church is concerned, they have assumed the responsibility of providing the necessary funds for the erection of a "trades building" in connection with the Dondi Institute, in West Central Africa, where the Congregational denomination is doing aggressive missionary work. As one of the particular objects to which a portion of funds raised in this Forward Movement will be devoted, is the development and extension of the work of the Dondi Institute, the Granby Church thought the erection of this needed building would be a suitable and fitting memorial of the 90th anniversary of the church. The amount required is \$7,500.00, the greater portion of which is already subscribed, and the indications are that the total subscriptions will considerably exceed this amount.

An important deal of considerable size was closed this week, when the "Varieties Theatre" changed hands. The new proprietors are Messrs. Sheridan Brothers and John Costis, who acquired the property from Mrs. Ernest Tarte. The purchase price is reported to be \$22,000. As a sort of house warming, the new proprietors gave a free show on Thursday evening.

Mr. A. E. Solomon, proprietor of the Kent Lumber Company, has completed the construction of his new saw and door factory, on Elgin Street. The machinery is now being installed, and it is expected the plant will be in operation about March 1.

Messrs. MacDonald Brothers, are erecting a brick building about 70 x 40 feet along side the block they recently purchased from the Oddfellows. The first floor will be utilized by MacDonald Brothers in their maple sugar and syrup business, which has outgrown their present quarters. The two upper floors of the building have been rented to a Montreal clothing manufacturing concern.

General News Items.

Mr. William Smithson, Mus. Bac., organist of the Congregational Church will hold his second Sacred Recital on Saturday afternoon, March 7, at 3 o'clock. The assisting artist on this occasion will be Mr. H. J. Stephenson, baritone, of Montreal. This gentleman has the reputation of being one of the first baritone singers in Canada, and Granby people will look forward with much pleasure to hearing him.

The Literary and Social Club of the Methodist Church will meet at the home of Mr. Raymond Wiggins, on Tuesday evening next.

The Women's Missionary Society of the Congregational Church held a prayer meeting at the home of their president, Mrs. Charles Aitchison, on Friday afternoon, when special prayers were offered for missions.

On account of there being so much sickness in town this week, the Women's Missionary Society of the Methodist Church have postponed their regular monthly meeting until February 27.

A special business meeting of the Ladies' Aid Society of the Congregational Church will be held on Wednesday next, February 25, in the Primary Room, at 3 o'clock.

Miss Anna Stockwell, of Stansfield, is visiting her sister, Mrs. A. F. Pollock, at the Congregational Parsonage.

WASHINGTON.

Yesterday, the anniversary of
Washington's birth, was celebrated in
the republic to the south, from bound-
ary to boundary. The American peo-
ple appreciate wholeheartedly their
three great presidents, Washington,
Lincoln and Roosevelt. And of Wash-
ington, it is said, that he died, child-
less, "that his country might have a
father."

Guizot, the French historian, wrote
of Washington, thus: "Of all great
men, he was the most virtuous, and the
most happy. God has not on this earth,
higher favors to accord to any man."

At one time Washington was offered
a crown, and had he yielded to the
importunities and ambitions of his
solidarity might have held a very dif-
ferent place in the history of his coun-
try. But he refused with an indigna-
tion worthy of a true republican, and
made his way to that highest of hon-
ors, which his grateful country finally
bestowed on him, the office of first
president.

Even Washington's enemies ever
conceded the high estimate of his
character, given him by his country-
men. He was an honorable and brave
man, without personal ambition save
to discharge his duties rightly, and
desiring otherwise to live a life of
freedom and happiness, like his fel-
lows. In his private life his character
was irreproachable. He freed all his
slaves at his death, an act prophetic of
the next great president who should
free them all. No oration was need-
ed at his funeral. None was need-
ed! He was "first in war, first in
peace, and first in the hearts of his
countrymen," then, as now.

THE JUGO-SLAVIA ARGUMENT.

The Belgrade government, in its re-
fusal to compromise with Italy, gave
its own case a careful and compre-
hensive review for the perusal of the Al-
lied Conference. From the capital of
the new kingdom of the Serbs, Croats
and Slovenes, comes determined pro-
test against practically all the claims
of Italy. Both the Treaty of London
and the Italian compromise are defini-
tely refused acceptance.

The text of the reply covers nine im-
portant points.
The port of Fiume is to be an in-
dependent state, under the sovereignty
of the League of Nations, and the ad-
ministration of the Jugo-Slavs, for the
combined advantage of Jugo-Slavia,
Roumania, Czechoslovakia and Hun-
gary, as an Adriatic port, the port of
Baros to be attached to the kingdom of
Jugo-Slavia.

The frontier line to be followed
shall be the Wilson line.
Zara is to be independent, under the
League of Nations.

Albania shall be allowed to exercise
the independence of autonomous pro-
vinces.
Jugo-Slavia concedes the demilitariza-
tion of the Adriatic islands, the
rights of Italian subjects to Dalmatia;
but demands a recognition of the
rights of Jugo-Slavs in Italian ter-
ritory, and the division of the ships of
Austro-Hungary between Italy and
Jugo-Slavia.

These are the conditions laid down
by the new state, and supported by the
United States, as against the London
Treaty, which gave to Italy the city of
Fiume, Dalmatia, a protectorate over
Albania, and several of the Adriatic
Islands.

The Allied Conference supports the
demands of Italy. Wilson supports the
claims of Jugo-Slavia—and is said to
have the sympathy of his government.

POLAR EXPLORATION.

The death of Rear-Admiral Robert
E. Peary closes a life of activity, ad-
venture and achievement, which led
him to that goal of dozens of intrepid
explorers—the North Pole. For many
decades the North and South poles
were the guiding stars of a contin-
uous though not numerous, procession
of courageous men.

Within the last twelve years the
two poles have been reached three
times, the South Pole by Amundsen
and Scott, and the North Pole by
Peary. Yet the quest of the northern
axis has taken nearly four hundred
years, for it was quite as long ago
that England sent out the first record-
ed expedition. The north polar explora-
tions were at first pre-eminently Brit-
ish. Hudson, Davis, Baffin, Ross,
Parry, Franklin, McClintock, these
men gave Great Britain the farthest
north record up to the latter half of
the nineteenth century. In 1882 Lock-
wood and Brainerd of the United
States won the farthest north record,
from Great Britain. Then came Nan-
sen, Amundsen and Peary. In brief,
Markham held the record for Great

Britain, in 1882. Lockwood and Brainerd took it from Great Britain, for the
United States, in that year. In 1895,
Nansen, for Norway, went ahead of
Lockwood and Brainerd's record. In
1900, the Duke of Abruzzi, for Italy,
went farther than all competitors. In
1906, Peary took the lead for the
United States, and held it to 1909,
when he reached the Pole.

Rear-Admiral Peary spent his boy-
hood in Portland, Me., and received his
education at Bowdoin College. He was
29 years of age when he first became
interested in polar exploration, and it
was twenty-three years before he
reached the Pole.

"But now," wrote Peary, in his de-
scription of the discovery of the North
Pole, "while quivering the ice in var-
ious directions from our camp, I tried
to realize that, after twenty-three
years of struggles and discouragement
I had at last succeeded in placing the
flag of my country at the goal of the
world's desire."

Peary was awarded the premier
medal of every geographical society in
the world, for his achievement, and
honored by the government of his
country.

The discovery of the North Pole,
though it had its irritating climax for
Peary, in the discovery of Cook's im-
position, had attached to it no tragedy,
such as that enacted in the Antarctic
regions. Amundsen, the discoverer of
the North West Passage, and the first
to reach the South Pole, got there
only previous to the coming of the
young Britisher, Scott. When the lat-
ter reached the goal of his ambitions
he found that the Norwegian had come
up to the spot, before him. And before
Scott and his party could reach civiliza-
tion, they died of exposure and star-
vation, leaving one of the bravest re-
cords of heroism in the history of
polar exploration. Scott's last message
contained this passage: "For my own
sake I do not regret this journey . . .
We took risks. We knew we took them.
Things have come out against us . . ."

The spirit of courage was in the
one, who lost, as well as with him who
won. If ever there was a sporting race
of men it was individualized by the in-
trepid explorers of Arctic and Antarc-
tic.

PRESS COMMENT

A NEW ENTENTE.

(Christian Science Monitor.)
The news that Tzecho-Slovakia,
Rumania, and Jugo-Slavia have come
to an understanding, with a view to
common action in all matters relating
to Hungary, will surprise no one in
any way acquainted with the past his-
tory of these countries. The leopard,
in the form of the Magyar, has not
changed his spots, and nowhere is
this fact better realized than in Prague,
in Belgrade, and in Bucharest.
In the days before the war, the greater
part of the present Tzecho-Slavia
were, it is true, under the dominion
of Austria rather than Hungary. But
the Czech, the Serb, and the Ruman-
ian are well enough aware that for
many years prior to 1914, and right
down to the downfall of 1918, whilst
the Ball Platz was undoubtedly in
Vienna, its voice was the voice of
Budapest. Berchold, Burian, and Tisza
all, in turn, held high office under
the dual monarchy, but their first
allegiance was ever to the Kingdom
rather than to the Empire.

It was, therefore, the Magyar policy
which, Austria-Hungary always
stood for, and the Magyar policy has
always been one of sheer domination.
Although in a minority of one to two
in the old Hungary, the Magyars
were, none the less, the absolute rul-
ers, and the great aim and object of
the Hungarian statesman was to see
that this oligarchy was maintained.
If a reform was wrung from him
which accorded additional liberties to
any of the subject peoples, then the
great purpose of the Magyar was to
render the reform a dead letter, or to
stir up such "rebellion" amongst the
peoples concerned as to bring about
its abolition. The modern history of
Croatia and Transylvania afford abun-
dant instances of this policy. The
Magyar adopted very wholeheartedly
the Hapsburg motto, "Divide and
Rule," and he improved upon it.

Now the despatch from London
which reports the formation of the
new entente quotes reliable author-
ity for the statements that all the
vicissitudes of the past five years have
not sufficed to alter, in the least, the
Magyar standpoint and the Magyar
program; that, today as yesterday,
the Magyar proclaims the superiority
of his race over its neighbors, and
demands, as an unquestioned right,
the territorial integrity of the old
Hungary. This authority, however,
goes further, and insists that not only
are the Magyar emissaries carrying
on the usual vigorous propaganda in
allied countries, but are seriously un-
der suspicion of a desire to take by
force what they may not be able to
secure by negotiation, and to con-
front the Allies with an accomplished
fact in the form of a reconquered
Slovakia, Croatia, and Transylvania.
Only a short time ago specific plans
for the enterprise were actually for-
mulated, including an army 300,000
strong, and there is much reason to
believe that the plans are still going
forward. Moreover, whilst Budapest
is, as usual, in the van, Vienna is
crowded with adherents of the old
regime, only waiting to be assured of
a Hungarian "start" to raise the old
standards in their own country.

In these circumstances, it is no
wonder that the three liberated peo-
ples have begun to take matters to
a certain extent, into their own hands.

HOLDING A MIRROR TO UNCLE

SAM.

(New Commonwealth, London.)
Mexico is as much of a problem to
America as Ireland is to Great Brit-
ain; and there are points of similarity
in both difficulties which are not
flattering to either country. While
Europe is pleading for the councils
of America, America herself is tangl-
ed in the domestic maze which is con-
cerned with Mexico. Two more United
States subjects, agents of the Inter-

U. S. Political Chorus—"If You Don't Want It, Woodrow, for Heaven's Sake Give Someone Else a Chance!"

national Petroleum Company, have been
murdered by brigands in that
country, bringing the danger of ac-
tual conflict between the two nations
much nearer. Mexico is fighting for
self-determination, and she is receiv-
ing precisely that treatment at the
hands of the United States that the
United States has condemned with
such Pecksniffian outcry when the
scene has been Europe and not Ameri-
ca. We must also really set forth in
an early number the history of Nica-
ragua. It is more than Pecksniffian;
it is cynically sardonic.

UTILIZING OUR RESOURCES.

(Quebec Telegraph.)
It is almost impossible to overesti-
mate the value to this province of the
policy of Sir Lomer Gouin which gave
us the bulk of our vast pulp and pa-
per industry, by the wise legislation
making it a condition of the cutting
of pulpwood on Crown Lands that it
must be manufactured in Canada.
What additional wealth might have
been reserved to Canada had this far-
sighted policy been universal in Cana-
da is shown by the fact that \$66,
500,000 was lost to Canada last year
in the export of 1,300,000 cords of
pulpwood from the other provinces
and from other than Crown Lands in
Quebec, valued at \$8,500,000. Manu-
factured into paper at home, this
pulpwood would have represented
more than \$78,000,000, and provided
an additional \$25,000,000 for wages
for Canadian workers.

The necessity of completing all
processes of manufacture, as far as
possible in the Dominion is emphasize-
d by the tremendous increase in na-
tional financial obligations during the
war period. Millions of dollars are
being lost to Canada as just shown
through the export of raw pulp and
pulpwood which is not compulsorily
held here till finished as is the case in
the greater part of that cut in Que-
bec, and the same is true of the ex-
port of leather, asbestos and other
materials. For the fiscal year ended
March 31st, 1918, Canada exported
more than eleven million pounds of
unmanufactured leather valued at
\$3,412,060, and imported manufactur-
ed leather products to the value of
\$4,066,869. If the raw leather, instead
of being exported had been utilized in
final processes of manufacture in
Canada an additional value of some
\$6,000,000 would have been created,
much of which would have been spent
in wages to Canadian operatives and
the encouragement of secondary lea-
ther industries. As it was, the coun-
tries to which Canada sent its un-
manufactured product secured all the
benefits of final processes of manu-
facture, while more than \$4,000,000
worth of Canadian money was spent
upon imported boots and shoes and
other leather products.

CHINA AND SHANTUNG'S FATE.

(Boston Transcript.)

The simultaneous resignation of
the Chinese Minister of Foreign Af-
fairs, and the Chinese Vice Foreign
Minister, reported in a despatch from
Washington today, indicates that a
new crisis over the fate of Shantung
has been precipitated in the Chinese
republic. According to the news des-
patch, the two Chinese officials have
resigned because they disapproved
the policy of the Conservative party,
to deal directly with Japan on the sub-
ject of Shantung. The tide of popular
feeling has for many months run
high against the Japanese demands.
The Chinese nationalists have de-
manded that the settlement of the
Shantung problem be referred to the
League of Nations, and taken out of
the hands of the diplomats of the Pe-
king and Tokio foreign offices. To give
point to this feeling, popular meet-
ings of protests have been recently
held in many parts of Canada. The
popular interest, and the wide dis-
tribution of these meetings evidence
how fast is crystallizing the senti-
ment amongst the Chinese people
against Japanese encroachments.

NEW YORK SAYS CENSUS WILL BE WORLD'S LARGEST

Report Claims New York Will Ex-
ceed Population of London when
Census is Made This Year.

(Associated Press Despatch)
NEW YORK, Feb. 24.—The 1920
census will show New York to be the
biggest city in the world, it is claim-
ed. The results of the census, which
will be available about March 15th,
will give the New York metropolitan
district a population of 8,500,000, as
against an estimated population of
7,500,000 for the metropolitan district
of London. The population of New
York proper will be shown to be be-
tween 6,500,000 and 7,000,000, as
against 4,500,000 in 1919.

facturers in building materials. Trade
letters are quoted which declare pre-
sent prices too high and which give
warning of how, by undue inflation, a
half-decade of prospering business
may be narrowed to a fitful construc-
tion period of a year or a year and a
half.

The same principle applies to the
matter of renting dwellings. Pri-
vileging in this direction is peculiarly
offensive and conscienceless. From be-
ing oppressive to the individual it
passes easily to the stage of being
prejudicial to the public good. It adds
itself as a powerful promoter of dis-
content to a list of agencies for popu-
lar unrest already far too long and
active.

THE TRAINING OF GARDNERS.

(Toronto Globe.)

Our cities are suffering from a
dearth of trained horticulturists. This
was a dominant note in the recent
convention of the Ontario Horticultu-
ral Association.
Canada's agricultural heritage has
been so great that her industrial
wealth and the affairs of her cities
have up the present been dwarfed in
comparison. It is natural that during
the youth of the nation the aim of
horticultural education should have
been directed especially toward add-
ing to the usefulness and beauty of
the farm home. The result has been
that training in this art in Canada
has been almost exclusively connect-
ed with our Agricultural Colleges
and Experimental Farms.

The policy in the past has been a
wise one. The time has come, how-
ever, when, if Canada is not to fall
behind, we must supplement it by pro-
viding facilities for the adequate
training of those who would spend
their lives in adding to the natural
beauties of our industrial centres.

Apt Reminder.

"Come upstairs and let me wash
your hands," said Winnie's mother.
"I don't want to go up!" wailed Win-
nie, aged three. "Let her wash them
down here," called grandmother; "she
can do it just as well." "No," her
mother said firmly, "I want her to
come up with me!" Winnie came up-
stairs as slowly as possible. "Oh,"
she said, turning a wrathfully tearful
face to her mother, "why don't you
obey your mother?"

A 15 YEARS' FIRE

Just think! That is the time through which Mr. H. C. Buckley endured all the fiery tortures of itching, burning eczema. His life was a perfect misery until Zam-Buk—the great herbal skin cure—brought complete relief.

Mr. Buckley, who lives at 461 East Broadway, Portland, Oregon, writes:—"For fifteen years I suffered with eczema, and although I tried many so-called 'eczema cures,' nothing seemed capable of dealing with a case like mine. It was not until I had Zam-Buk recommended to me that I began to have hope. This wonderful skin healer soon brought about a change for the better. As I persevered with Zam-Buk the burning sensation got less. I found Zam-Buk wonderfully soothing. Gradually the patches of soreness and the inflammation were reduced, and complete and permanent cure finally resulted. I would strongly advise all afflicted with eczema to give Zam-Buk a trial. It will give them satisfaction. They will not be disappointed."

No skin disease can resist the potent healing forces stored up in Zam-Buk, which is unequalled for old wounds, ulcers, abscesses, bad legs, scalp sores, blood-poisoning, piles, scalds, burns, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box.

ERASMIC SHAVING STICK BRITISH AND BEST

WORK IS MOTTO OF ALL WORKMEN IN BELGIUM

The Whole Belgian Nation is inspired with the Wish to Efface All Traces of War.

(Christian Science Monitor)

BRUSSELS, Belgium.—According to an inquiry made in Belgian economic and industrial circles, it appears that Belgium is accomplishing her economic reconstitution with more rapidity than France.

It is only fair to state that the situation of the two countries differs widely. Belgium has suffered far less materially than France from the war. Only a limited part of her territory was submitted to the horrors of devastations as compared to the regions of France. Her mines have been, on the whole, untouched, and although a large number of her factories and industrial concerns have suffered important reparations, they were not like the factories of the north and east of France, absolutely destroyed.

Nor has Belgium suffered in proportion to her population from so heavy a loss as that endured by France. Her labor is thus almost untouched. Moreover, the very smallness of the country facilitates both the control of its needs and the exploitation of its resources. Nevertheless, when all these facts have been taken into account, one cannot but recognize that the whole Belgian Nation is inspired with the unanimous wish to efface all traces of war, and resume work so as to recover its former prosperity; and this desire is shown in the relentless efforts of all classes in the country.

According to information gathered from different sources, it appears that the Belgian Government must be warmly congratulated for the energy, methods and foresight with which it has faced the economic situation confronting it. Belgian commerce and industry, feeling sure of governmental support, started to work again with redoubled energy. It is interesting to note that in Brussels in 1917 a clandestine organization actively prepared measures to be applied after the war, and this association established in what order the different industries should be revived to the best interest of the country after the war.

Indeed, hardly was the war over than work became into motto of all Belgian. The workman recognized the imperative necessity of work as much as his employers. One and all realized that national life and production depends upon the intensification of production, by which all foreign economic dominations will be successfully avoided. The result speaks for itself. In September, Belgium exported totalled the sum of 265,848,934 francs. A month later an increase of 90,000,000 francs could be noted, and out of 800,000 workmen unemployed in January, 1919, 770,000 have resumed work.

PARIS NOW HAS TWO CAKELESS DAYS A WEEK

Scarcity of Sugar Forces City Noted for its Cakes to Forego Even Bread and Jam.

(Associated Press Despatch) PARIS, Feb. 24.—The prefect, in an announcement making Tuesday and Wednesday of each week days on which cakes may not be sold or eaten, points out that persons who infringe the regulations render themselves liable to fines ranging as high as one thousand francs, and prison sentences of from one week to two months. The announcement says that even bread with jam or other substance in which sugar is used, is prohibited in restaurants or tea houses on cakeless days.

CANADA'S PORK AND BEEF TRADE MUST INCREASE

Canadian Farmers Raised Over \$80,000,000 Worth of Hogs Last Year.

Hogs sold off Canadian farms in 1919 exceeded \$80,000,000 in value. More than forty per cent went direct from the farm to the packing plant. Canada exported to Great Britain in 1918 only about 2 1/2 per cent of the total importation of beef there. During the past six months there has been practically no export of beef, a fact touching production and marketing that should receive the joint attention of farmer and packer.

Singlehanded, neither the farmer nor the packer can expect to enter the vast field for exports; only by the united efforts of both can it be done. Recently 2,332,400 hogs were slaughtered at Government inspected packing houses last year. The increase of 72,000 on the previous year came wholly from Ontario and Quebec. Numbers from the West dropped.

The Minister of Agriculture, Hon. Dr. S. F. Tolmie, in an effort to encourage the raising of more live-stock, points out that the export of Canadian meats must help to pay the nation's war bill.

A cent up or down in the wholesale price of hides makes a difference of fourteen cents a hundredweight for the beef. In old fashioned butchering hides were often partly spoiled. In modern packing eight or ten experts take off each hide. This specialization gives a better grade leather and enables the farmer to get a better price for livestock than the local butcher can pay.

The Borrowing Neighbor

By MARVIN DRAKE WHARTON

"Our new neighbors been over to day?" asked Jerome Barton of his wife.

"Yes, twice," replied his rather reserved and uncommunicative helpmeet, and her lips met close and she declined to further discuss the subject.

Martha Barton was not so reticent, however, with her widowed sister who lived with them. When Mrs. Dymart propounded the same query, adding: "And what did they come over for this time?" Mrs. Barton replied:

"Why, it was the daughter who came—she had run out of mustard."

"Borrowing again, as usual? Tell you, Martha, to my way of thinking those Thorpes are becoming a nuisance."

"Don't be uncharitable, Anna," chided Mrs. Barton gently. "I like the girl, she is so pretty and modest. I fancy her mother is a confirmed invalid. The father seems to be away in the city most of the time. I understand he has a law suit there, and he can't be earning anything, for they live very poorly."

"They must be!" observed Mrs. Dymart in her snappy, censorious way. "To my certain knowledge they have been over here on a borrowing expedition every day since they moved here a week ago."

"Perhaps," admitted Mr. Barton quietly, "I imagine they have few supplies and little money. I told the girl Crystal that I would get over to call on her mother soon as my week's baking was done."

"And cart over half of it, I suppose—your usual way!"

"Perhaps," again replied Mrs. Barton. She knew how to do things gracefully, and she did not make her neighbors feel under obligations when she went over to the Thorpe home two days later, and told how inconvenient it always was when a person moved, how difficult to become familiar with a new routine. She carried with her a freshly baked loaf and some cookies and doughnuts wrapped up in a towel. Then as she saw how pale and ill Mrs. Thorpe looked, she abruptly recalled that everything that her daughter had borrowed had been articles for that mother's comfort.

Mrs. Thorpe sent her little son to Mrs. Barton before the week was out, asking her to come and see her. The daughter was absent and the mother had seized the occasion to see Mrs. Barton alone. With tears in her eyes she asked her to loan her two dollars until her husband returned, Saturday night. It meant a depletion of hoarded pin money of light volume, but with entire cheerfulness the kind-hearted Mrs. Barton contributed the amount asked for.

"We are in a very unfortunate condition," Mrs. Thorpe confessed, "but it can't last long. My husband for two years has been prosecuting a law suit he must certainly win, and a decision of the judge is expected any day now."

Mrs. Barton noticed Mr. Thorpe, a serious faced, dignified appearing old man, about the place over Sunday, and the next day the two dollars was returned with thanks. That week Adrian Barton, the son, came home from the city on his vacation. He had been working there for nearly a year and was not entirely satisfied with his success. His great ambition was to start in business for himself in a small way in automobile supplies and repairs, a line in which he was proficient, but his father could not spare the capital required, even for a limited experiment.

Naturally Adrian Barton met Crystal Thorpe, and quite as naturally they became mutually attracted. It was a royal week for the city three young men, roving in the woods, fishing, boating, and he and "the neighbor's girl," as Mr. Barton designated Crystal, shared in these enjoyments. Mrs. Thorpe had again drawn upon her new friend for a few dollars, had been accommodated, and Mrs. Barton, learning the full details of the suit at law, became greatly interested. In fact, one day when Mrs. Thorpe told of a small amount of final fees needed in the suit her husband must pay, Mrs. Barton advanced the same.

Adrian met Mr. Thorpe when he returned to the city and called upon him. Adrian was free and open to confess to the father of Crystal that he had fallen in love with his daughter. These two became close friends and one day both returned unexpectedly home.

It was to bring glad news. The suit at law had been decided in the favor of Mr. Thorpe, a large amount being awarded him. His first move was to summon Mrs. Barton to his home.

"You have been a true friend," he said. "We have been troublesome borrowers, but now I am in the position of the lender. Dear madam, and true woman that you are, your son will tell you that he and I start in business next week as partners, with ample capital to insure success in our undertaking."

"And I hope that you will feel as happy as ourselves," added Mrs. Thorpe. "In knowing that your son and our daughter are engaged."

"Why! they've wound up by borrowing your son!" observed Mrs. Dymart, upon hearing the news, but when Adrian and Crystal settled down a year later directly between the two houses, Mrs. Barton felt that her bread cast upon the waters had returned to her many fold.

PEACE TREATY RESERVATION RE-ADOPTED

(Associated Press Despatch)

WASHINGTON, Feb. 24.—The first of the reservations attached to the peace treaty last November was re-adopted unchanged and by an increased majority in the Senate Saturday, after the "irreconcilables" who held the balance of power had prevented the efforts of Republican and Democratic leaders to secure modification in the interests of compromise.

This result is generally taken to indicate that the deadlock on the treaty is tightening, and that treaty ratification is becoming inextricably tangled in Presidential campaign issues. Utterances during the debate Saturday indicated that the treaty was becoming a first class election issue.

An address made in New York by Elihu Root, in which the latter urged immediate entry by the United States into the League of Nations with amendments to be made later, was bitterly attacked in the debate by Republican leaders. Senator Johnson, of California, a candidate for the presidential nomination, declared this plan "utterly silly." Senator Lodge, of Massachusetts, said it was "practically impossible."

The reservation on which the Senate acted relates to withdrawal by the United States from membership in the League, providing that the

United States shall be the sole judge fulfilled in case she desires to withdraw and that notice of withdrawal may be given by a concurrent resolution of Congress.

Home Protection Policy for \$5,000

This plan is the basis of all life insurance.

It provides an "Estate" at the lowest net outlay it is possible to obtain.

Experience has proven that it offers maximum insurance at minimum cost.

The annual outlay is comparatively small, being only a moderate rate per cent on the capital "estate" created, according to age. The average is about 3%.

Even these small payments are reduced by dividends.

Many policyholders in the Canada Life have lived to draw large sums from this form of policy for their own personal use.

Cash values are guaranteed—a fund for emergencies.

A monthly income of \$50 is paid if you become totally and permanently disabled before reaching age sixty.

Policy continues in force while any cash value remains, thus preventing lapse and loss of protection.

If it is desired to stop paying premiums any time after the third year, a "paid for" policy is issued for a proportionate amount, on which no further premiums are required.

Remember:

A policy on your life may do much that you intend to do, if you live. It may pay off the mortgage, supply food and clothing for your family, keep the children at school and prevent a forced sale of your other property.

It may be all that is left of your life work—to keep you in comfort in your old age.

This should prove an interesting issue of the Record to those who will be looking to buy farms, and it will be wise to keep that paper for reference in your scrap book, to show to your friends. This will be an important issue of the Sherbrooke Record, something like a Christmas Number. To those who have farms for sale we'd advise listing them as soon as possible for thousands of buyers will be looking for that issue of the Daily Record. Already we have prospective buyers in the Spring and Summer from as far as Beauce, in one direction, and as far as Saskatchewan and Alberta, who are going to return to the Eastern Townships. They write to us and tell us their tale of woe. How much the Record will increase in circulation on the strength of this particular issue may be announced later, that is, if the Record will publish it gratis.

LENNOXVILLE

Citizens of Lennoxville are urgently requested to attend the meeting in the Town Hall, on Thursday, at 8 p. m., in connection with the Boy Scouts.

Mr. Jack Nutter, of McGill College, spent the week-end at his home.

Mrs. Chas. Dandin has returned from the Sherbrooke Hospital and is improving nicely from her recent illness.

At the regular meeting of Myrtle Rebekah Lodge held recently, arrangements were made to have a tea on St. Patrick's Day.

The Philathea Class met at the home of Miss Doris Wark last evening with a good attendance, and the principal feature of the evening was the packing of a box to be sent to Miss Anne Crawford, a former member of the class who is now in Western Canada. Refreshments and social chat concluded a pleasant evening.

It has been decided to hold the annual Farmers' Supper on March 4th, and also to have the supper in St. Anthony's Church Hall, as the facilities are better than in the Town Hall. The Homemaker's Club will cater for the supper as on former occasions. An interesting after-supper programme is being arranged, which will include addresses by prominent speakers.

Sherbrooke, and for the groom, Mr. M. Laine, Mr. and Mrs. Poisson left immediately for a wedding trip to Rochester and returned yesterday. They were met on their arrival in the city by the crushing news that the bride's young brother, Arcadius Morin, had been accidentally killed at East Angus, where he had just started to work. Mrs. Poisson took the early train this morning for St. Gerard, her home, where the funeral will be held.

DR. LAING TO LECTURE AT BISHOP'S COLLEGE

The University of Bishop's College has been most fortunate in having secured, for the first of its winter course of Extension Lectures, the services of the well-known and popular lecturer, Dr. Gordon Laing, formerly Professor in the University of California, and at present Professor of Latin, in the University of Chicago.

The lecture will be given in the College Library, on Wednesday next, 25th February, at 8 o'clock in the evening, the subject being:—"Roman Africa, an account of the Buried Cities of Algeria and Tunisia." Special reference will be made to the Roman city of Timgad, the Pompeii of North Africa, lately excavated by the French Government. The lecture will be illustrated by lantern slides, representing the results of the lecturer's own observation. The public is cordially invited to be present.

STANLEY FOSS PASSED AWAY YESTERDAY

Stanley Foss, third son of Mr. and Mrs. Harry J. Foss passed away early yesterday morning at the home of his father in Pittsfield, Mass., after a severe illness of scarlet fever. He was the grandson of the late E. S. Foss, and Mrs. Foss, of Court street, Sherbrooke. A pretty, bright, lovable boy nine years of age, his death is a sad blow to his family, who have the sympathy of their friends both in this city, and Pittsfield, in their bereavement.

THE FIRST EXCLUSIVE SPARK PLUG FACTORY OPENED AT WINDSOR, ONT.

Canada's first factory for the exclusive manufacture of spark plugs has been opened at Windsor, Ont., by the Champion Spark Plug Company of Canada, Limited. The Mayor of Windsor, Mr. E. B. Winter, officiated and set the machinery in motion.

Building operations began last June, when Mayor Winter turned the first sod. The building, which has a frontage of about seventy-five feet, with a depth of about 150 feet, is of cement and steel, and is thoroughly up-to-date, with an abundance of light and air.

With the exception of the porcelain, each part of the spark plug is manufactured and all assembling is done at the new plant. The capacity is estimated at 40,000 complete plugs a day and will employ 150 persons.

The opening ceremony, which took place at the factory, was followed by a luncheon at the Essex County Golf Club, when Mr. F. B. Caswell, vice-president and general manager of the company, presided. An address of welcome was made by Mayor Winter, who wished the venture every success. Dinner was served in the evening at the Detroit Athletic Club, the guests being entertained afterwards at the theatre.

RETEAT LAGELY ATTENDED

DIFFICULT CASE FOR COURT AT THETFORD MINES

Case of Alleged Non-Support Taken on Deliberate Pending Consideration of Technical Points.

After two motions by defense had been supported by the Court for the dismissal of the case, and after a third had been presented but refused, Judge Mulvena, sitting at Thetford, yesterday, heard lengthy evidence in the case of Luma Boutillier, charging her husband, A. Metivier, both of Thetford Mines, with non-support.

Defendant pleaded not guilty to the

charge on being arraigned, and counsel presented a motion to dismiss the complaint on the ground that it had been signed by a local justice as a "Justice for the County of Megantic," which signature invalidated the warrant, as in this province justices are not appointed for the county. This motion was allowed, and another complaint laid. A second motion was presented by defense asking for dismissal on the grounds that, in the complaint, no mention is made of the place in which the alleged offence was committed. This motion was also maintained and the charge was dismissed.

A third complaint was made and allowed to stand. A great deal of evidence was heard, after which the Court took the case on deliberation until Monday, March 8th.

The case presents several difficulties, among which are the legal significance of the words "destitute," and "necessitous circumstances," upon which it depends.

The charge against Joseph Turcotte,

laid by the City of Thetford, alleging that he had kept intoxicating liquor on his premises, a restaurant, contrary to law, was dismissed on the grounds that accused had already been fined after pleading guilty to another charge of selling. As his was a second complaint based on the same case, Justice Mulvena dismissed it, after application had been presented by counsel for its withdrawal.

ST. PATRICK

Social and Personal

Mrs. T. C. Hurn has returned from a business trip to Montreal.

Mr. A. B. Copping, of Montreal, was in town over the week end on business.

Miss A. Codere returned yesterday from a three weeks' visit to friends in Montreal.

Mr. Norris E. Weston, of Lyndonville, Vt., was in town yesterday on business.

Mrs. R. Stanley Weir, of Westmount, has returned to Montreal, after spending a week with her sister, Mrs. Edwin S. Baker.

Mrs. Leon Bonnevillie, Marquette street, received yesterday news of the death of her mother, Mrs. Potvin at Knowlton.

Mr. James J. Marshall, of Lowell, Mass., spent the week end in the city, and left today for Toronto and points farther west, on business.

Mr. W. H. Libby, who underwent a serious operation at the Sherbrooke Hospital on Saturday last, is progressing very favorably.

The many friends of Mrs. Middleton will be pleased to hear that she is recovering from a serious attack of la grippe.

Mr. J. A. Boulanger has been confined to his home through illness for the past fortnight, but has sufficiently recovered to resume his work.

Miss Gertrude Holyon, who has been seriously ill at her home, 268 Wellington Street, is progressing favorably toward recovery, and is now able to leave her room.

Misses Corinne and Josephine Codere, and Miss Hermine Ledoux returned last evening from a three weeks' stay in Boston, Lowell and Manchester, N. H., where they visited friends.

Mr. John Reid, of Drummondville, who underwent an operation at the Sherbrooke Hospital, has returned to his home accompanied by his daughter Miss Leta Reid.

Major A. P. Lomas, of Montreal, who has just returned from a trip of several weeks to the West Indies, is the guest of his mother, Mrs. Lomas, Court Street.

Mr. Lewis Dunsmore, Portland Ave., returned last week from a two months' business trip in the Province of Ontario, and left again yesterday for Port Arthur, Ont., where he will be stationed for some time.

The friends of Mr. Gerald Emtage will hear with concern that he is seriously ill with influenza at his mother's home in Philadelphia. Mr. Emtage had been spending a three months' furlough at his old home, Barbadoes, was married there, and on his way back to Canada with his bride, stopped to visit his mother, who now resides in Philadelphia. It was badly gassed during the overseas, which makes his condition more critical.

Miss J. H. McKinstry, who arrived from England on the S.S. Saxonia, some two weeks ago, after a rather stormy voyage, is spending a month in Lennoxville, the guest of Mrs. William Morgan and Mrs. Alfred Wilkinson. Miss McKinstry, who expects to make her home in Canada for the future, will shortly join her cousins, Mr. and Mrs. L. Herbert, at Georgetown, Ont.

Miss Gwendoline Fraser, Travelling Secretary for the Forward Movement in Colleges, especially in connection with volunteer work in the mission field, was in the city the guest of Miss Huntley, General Secretary of the W. C. A., at the Association Building. Miss Fraser spent the week end in Stanstead, and spoke to the students at the College, and has also visited Toronto and Montreal. She left last evening for Mount Allison College, Sackville, N.B., to continue her work.

On Saturday evening, Mr. Ashford Stewart, Hall Avenue, was pleasantly surprised by about thirty young friends who came in to spend the evening in honor of his twenty-third birthday. A short tramp on snowshoes was enjoyed, and on returning to the house, dancing, music and refreshments made the hours pass quickly. Mr. G. Liddell, on behalf of the visitors, presented Mr. Stewart with an auto razor shaving set, accompanied by their best wishes for many happy returns, and a "bounce."

The regular weekly meeting of the Young Peoples' Society of St. Andrew's Church took the form of a very enjoyable sleigh drive, which was participated in by some seventy-two members. Three large conveyances were sufficiently roomy to accommodate the merry party, who were in the best of spirits. Returning to the hall, a pleasant address of welcome was given by Rev. Alfred Bright, and the following musical program was carried out with many marks of appreciation: Violin solos by Mr. Jacob Dick, accompanied by Miss Slack on the piano; Piano solo, Mr. J. Gelineau; Vocal duet, Mr. Stanley Davis and Mr. R. Smith. In an amusing Donkey Contest the prizes were won by Miss May Merrill and Mr. C. Johnston. Excellent refreshments were provided at the close of the evening.

PAUL DUFALT, VOCAL ARTIST, COMING HERE

The noted Canadian tenor, Paul Dufault, who will give a recital at His Majesty's on Monday, March 2, is reputed to be one of the most famous dramatic artists of the day. Known formerly as a lyric tenor, Mr. Dufault has reached the pinnacle of vocal art, and broadened his style to embrace the best compositions of the world's masters.

Mr. Dufault has unfailing skill, combined with faultless pronunciation and a characteristic rhythmic motion of which the enhancing effect is at once apparent. His conformity to style and taste give to his programme an air of distinction, and his resourcefulness is certainly remarkable.

Adaptability to the required mood of each of his numbers is another quality which places Mr. Dufault in a position of high esteem among his hearers.

At his Sherbrooke recital, Mr. Dufault will be accompanied by the accomplished violinist, Miss Ruth Price.

G.W.V.A. BAND IS TO HAVE CLASS NAME OFFICERS

Class Opened for Players in New Band—New Officers Elected—Meeting Well Attended.

Numerous matters were brought up for discussion last evening at a well attended meeting of the local branch of the G. W. V. A., Comrade E. H. Bowen occupying the chair.

The resignations of the second Vice-President, Comrade W. H. McRobbie, and the Treasurer, Comrade C. Robertson, were accepted. Comrade Max Long was appointed second Vice-President, and Comrade Echenberg, the present secretary, was appointed Secretary Treasurer.

To fill vacancies in the executive committee, the following were appointed: Comrades E. Worthington, C. J. Penhale, A. H. Dixon, G. Ford, H. Banks and T. Jones, and it was decided that the executive committee meet, the first and third Monday of each month, at seven-thirty p. m.

An invitation from the Soldiers and Sailors Committee of the Methodist Church to attend the unveiling of their Honor Tablet, on March 7th, was accepted and it was decided that the band of the G. W. V. A. attend this ceremony in a body.

As the Association has increased very rapidly in membership and has undertaken so many new activities, it was decided to appoint an assistant secretary. Comrade A. H. Dixon was appointed unanimously.

The report of the auditor, Comrade S. F. Francis was read and found to be satisfactory.

A committee, consisting of Col. Penhale, Col. Worthington and Comrade W. A. Hale, was appointed to approach the city council with a view to obtaining a grant for the band of the G. W. V. A. Through the kindness of the Officer-Commanding the late 117th Battalion, who donated the instruments of the 117th. Band to that of the G. W. V. A., and through the generous efforts of Mr. J. A. Barrie, Prof. F. Badin and other local musicians, this band has become one of the leading organizations of its kind in the city, and all signs point towards a banner season this spring and summer.

Comrade J. Byrd, a member of the G. W. V. A. Band, and for a long time Sergeant of the Bugle Corp of the 53rd Regiment, offered to conduct a class for all those members of the Veterans who are desirous of learning to become bandmen. All members who wish to learn playing band instruments (free of charge) fill please report to Comrade Byrd, at the G. W. V. A. rooms, on Wednesday evening. A good turn-out is hoped for, especially as those who prove proficient will join the G. W. V. A. Band, which is an organization of which the local Veterans are justly proud.

A Few Alterations in Architects' Plans Needed Before Housing Company Begins Operations.

At the last meeting of the Sherbrooke Housing Company, the architects' plans were submitted for examination, and approval, but it was decided to have them returned for a few needed alterations. This will hold up the work for a short time, but these changes were necessary in order to have the houses suitable for working men's homes.

The landscape plans have been accepted, and the work on the grounds and sewerage can be commenced without further delay.

MADE IN CANADA MUST BE SLOGAN FOR OUR MARKET

In the National Interest Canada Must Attain a Larger Measure of Economic Independence.

There has been an immediate and gratifying response from Canadian municipalities to the appeal of the Canadian Reconstruction Association that public supplies should be purchased in Canada whenever they can be secured from Canadian factories at reasonable prices. In this appeal the Reconstruction Association pointed out that the heavy discount on Canadian exchange was a symptom of an unhealthy national condition, that during the first seven months of the current fiscal year 79.2 per cent. of all imports into Canada for consumption came from the United States, and that the exchange was now costing the Canadian people more than \$60,000,000 a year. The Association urged that the situation demanded national co-operation, and contended that apparently the only permanent, effective remedies were an increase in production in the Dominion, development of export trade, curtailment of unnecessary imports, and substitution to the largest possible extent of Canadian products for imported commodities. "In the national interest," it argued, "Canada must attain a larger measure of economic independence. It can do so by developing the home market. A pronounced demand for Made in Canada goods would constitute a guarantee of sales which would encourage factory expansion. By such expansion, new wealth would be created through increased production, and steady and profitable employment would be provided for new industrial populations. Any substantial increase in industrial workers would create bigger and better markets for all kinds of farm produce. New factories, expansion of old factories, greater production, more workers, and better agricultural markets mean national progress."

Replying to this appeal for support of the home market, the Woodstock City Council has urged its citizens "to purchase only Made in Canada goods in view of Germany endeavoring to import goods at lower prices into our markets." Notifying the Association of the adoption of its resolution, the town clerk of Sudbury says: "The Council are very much in sympathy with the movement and they requested the reporters of the local press who were present, to circulate the contents of your letter to the utmost." He hopes that the adoption of the resolution may strengthen the Association in the good work which it is doing.

Other letters of a similar nature have been received by the Association, and purchase of Made in Canada goods has already been endorsed by the following municipalities: Waterloo, Brockville, Peterborough, Stratford, Port Arthur, North Bay, Niagara Falls, Campbellford, Strathroy, Dundas, Picton, Bala, Niagara, Hawke, Wheatley, and Canoe Bay, Ontario; Truro and Lunenburg, Nova Scotia; and St. John, New Brunswick.

LOCAL NEED OF TUBERCULOSIS SANITARIUM

Record Secures Interview with
Mrs. Hume, Who Explains Why
I.O.D.E. Have Undertaken Matter
— Site Chosen Suitable.

The proposed Tuberculosis Hospital in Sherbrooke has created considerable discussion, and some objection to the site chosen has been lodged with the City Council by property-owners in the vicinity.

The undertaking was inaugurated by the I.O.D.E. The Record, in an interview with Mrs. Hume, the regent, inquired first as to the need of the proposed institution in Sherbrooke, Mrs. Hume replied:

"The question naturally arises: Why do we need a tuberculosis sanitarium here, when there are institutions elsewhere for the care of tuberculosis patients? Just at the present time it is impossible to procure a bed for such a patient in any of those institutions. Then, you say, the Government is extending and enlarging the buildings at Ste. Agathe; won't that cover the need? You must remember that large bodies move slowly. It may be two or three years before these buildings are ready. In the meantime the necessity becomes more urgent. The danger is spreading unchecked. Can you picture a family of five or six growing children, the mother in their midst, a victim of this disease. Does she realize the need of care, and if so, does she know what precautions to take? Providing she does know, what chance has she to follow them out, and what chance have those children to escape, and other children who sit beside and play with them in the public schools? We would like to make our local institution educational, where people can be treated and instructed. In many cases the patients remain only long enough to receive this instruction, following it out in their own homes. It is not to be a charitable institution entirely. When patients are able, they pay as in other sanitariums; but we hope to take, free of charge, any patients who cannot afford to pay. We feel there is great need for such an institution in our city."

Continuing, Mrs. Hume said: "We have secured the Woodward property, which seems in every way suitable for such work, being situated on a high, dry knoll, 650 feet above the sea level, equally as high or higher than the Sherbrooke Hospital. The soil is productive, being remembered by many of the older inhabitants for its beautiful gardens, both vegetables and fruits. The isolation is perfect. The nearest neighbor is 250 feet away. We have nine acres of land, so that we feel we need never be crowded, and could be no menace to any residents; in fact, would be more of a safeguard for them. The city water and sewerage is connected. The buildings will all be renovated and equipped along sanitary lines, and will be in charge of a graduate nurse superintendent with special training in tuberculosis work."

"Should any question arise as to the suitability of this location, the Daughters of the Empire stand ready to bring on an expert on these locations and abide by his report. We do not expect to be able to accommodate many patients at first, but if the need becomes greater we will hope to extend our buildings, as we are able to financially. This matter was twice brought up before the Sherbrooke Hospital medical board, each time it met with their unanimous approval and promise of support, and at the last meeting a resolution was passed to that effect and a copy sent to the I.O.D.E."

Mrs. Hume's statement to the Record, as given above, will be read with interest by the general public.

DEATHS REPORTED

MRS. ST. MARTIN, KNOWLTON
KNOWLTON, Que., Feb. 24.—Mrs. Ernest St. Martin passed away at her home here on Saturday morning, after a short illness with pneumonia. She leaves a husband and two small children. The funeral was held in St. Edward's Church on Monday, the Rev. Father La Rose officiating. The interment was in the Roman Catholic cemetery.

MR. V. FERGUSON, HUNTINGTON
COWANSVILLE, Feb. 24.—Mr. V. F. Ferguson, a former resident, died at his home in Huntington, last Thursday. Interment was made in Mount Royal Cemetery. Mr. Ferguson had reached the ripe age of eighty-five. He is survived by his widow and son, Percy, Principal of Buckingham Academy, also a stepson, Mr. Hammond, of Toronto.

MR. LAPOINTE, MEGANTIC
MEGANTIC, Feb. 24.—Mr. Felix Lapointe, one of the oldest residents of Megantic, died last Saturday at his home in Agnes, from pneumonia, at the age of seventy-five years.

The funeral service was held on Tuesday in St. Agnes' Catholic church and was largely attended. The remains were then taken to the cemetery on Ness Hill, and laid in the vault.

Mr. Lapointe has been a resident of Agnes since 1879, having come from Lambton.

Mr. Lapointe leaves a widow and a large family of sons and daughters, all grown up.

The funeral was postponed until Tuesday awaiting the arrival of some members of the family living at a distance.

MR. WESTOVER, SUTTON JUNCTION
SUTTON JUNCTION, Feb. 24.—Mr. John Solomon Westover, who died on February 15, was the only surviving son of the late John W. Westover, and his wife, Lydia Emerson. He was born in 1832, and had spent his entire life in this neighborhood.

The funeral was held in St. Aidan's Church, the Rev. Mr. Irving officiating, and the interment was made in the Westover cemetery, beside the remains of his wife and only daughter, who predeceased him several years.

He is survived by his son, Mr. A. W. Westover, and one grand daughter, Miss Frances Westover, besides several cousins.

MR. MCLEOD, LAKE MEGANTIC
LAKE MEGANTIC, Feb. 24.—The death of Mr. Kenneth McLeod, Senior, recently of Drum-a-Vack, occurred on Sunday, February 15th, at the home of his son, Murdoch in Springfield, Mass., from an attack of the "flu."

The remains were brought here by his son, Mr. M. McLeod, but did not arrive until Friday night. The service was held on Saturday morning in Knox Presbyterian Church, whence the funeral took place to the Echo Vale Cemetery, and was attended by quite a number of relatives and friends.

Mr. McLeod was a brother of Mr. John F. McLeod and the late Alex McLeod, of Drum-a-Vack, and Sault Ste. Marie, Mich.

He was about eighty-one years of age, and has been a resident of Drum-a-Vack Hill, since 1857, having been among the earliest settlers in the Lake Megantic district. He was a good citizen, upright in all his dealings and a member of the Marshboro Galtic Church. He was predeceased by his wife several years ago. The farm was sold only last summer, when the family removed to Springfield, Mass.

Mr. Murdoch McLeod will remain here with his relatives for a few weeks before returning home.

Mrs. Angus R. McLeod, of Agnes, went to Milan last week, to visit her

parents, Mr. and Mrs. John D. Morrison, and her brother, Johnnie, who is reported ill.

MRS. KNOWLTON, KNOWLTON
LANDING.

KNOWLTON LANDING, Feb. 24.—Mrs. Lyman Knowlton passed away at the home of her son, Mr. L. P. Knowlton, on February 14th, in her eighty-seventh year.

She had been living by herself until January 16th, when she suffered a fall, fracturing her hip. She was then removed to the home of her son, where she passed away after four weeks' illness.

Mrs. Knowlton, whose maiden name was Sarah Maria Potter, was born in Meriden, Conn., and moved to Georgetown when a child. She was married to Lyman Knowlton, of Knowlton Landing, sixty-three years ago, and had resided here since then until her death. Her husband having predeceased her by sixteen years.

The funeral services were held at the home of her son, Rev. Mr. Darlington officiating.

She leaves to mourn her, one son and family. The bearers were her son, Mr. L. P. Knowlton, and grandsons, Messrs. J. M. Knowlton, L. P. Knowlton and F. C. Knowlton.

MRS. HAYES, WEST SHEFFORD
WEST SHEFFORD, Que., Feb. 24.—This community was shocked to hear of the death of an old resident in the person of Mrs. M. H. Hayes. Mrs. Hayes had been spending the winter in Montreal with her daughter, Mrs. R. E. Scott and until a short time before her death was in fairly good health. The end came quickly and quite unexpectedly. The remains were brought to West Shefford on Saturday for interment beside her late husband, George Hayes, who predeceased her by a few years.

Rev. F. W. Schaffter, of Waterloo, officiated. Mrs. Hayes' maiden name was Missouri Higgins. She leaves to mourn her loss, one daughter, Mrs. R. E. Scott, of Montreal; one son, Mr. Horace E. Hayes, of Foster; and their families. Those from a distance attending the funeral were: Mr. and Mrs. R. E. Scott, Miss Tessie Scott and Mrs. Reginald Scott, all of Montreal; Mrs. A. E. Hayes, of Waterloo; Mr. and Mrs. J. Williams, Mrs. H. E. Hayes, Miss Ernestine and Mr. Garnet Hayes, of Foster.

CROSSBURY
Mr. and Mrs. J. Doherty and little daughter, of Hardwood Flat, were guests of her mother, Mrs. C. A. Locke, on Sunday.

Mr. and Mrs. F. W. Barter and Master Holland Ross were visiting with Mrs. S. Aulis recently.

Mr. and Mrs. Willie Ross and son, of Foster, have been visiting at Mr. Frank Maskell's.

Mrs. A. Worby, of Brookbury, was the week-end guest of Mr. and Mrs. F. I. Turner.

Mr. and Mrs. T. Ross and family, visited with Mr. and Mrs. A. Sylvester on Sunday.

Miss Lena Ellis returned home recently.

Messrs. Reggie and William Aulis, have been guests at Mr. John Quinn's. Mr. John Nicholson was at home over Sunday.

Mr. and Mrs. W. Baxter, Mr. Leon Coby and Miss Herring, of Bulwer, were guests of Mr. and Mrs. T. I. Turner recently.

Girls! Have the Long Beautiful Hair that is Rightfully Yours

Short, scraggy, unsightly hair is more of a habit than anything else.

Hair must have intelligent care. Merely combing and washing will not keep it in a healthy condition, and give you the abundance of hair nature intended you should have.

Newbro's Herpicide

should be used at frequent intervals, because it keeps the scalp free from dandruff and harmful matter due to perspiration. Herpicide keeps the scalp in a healthy condition permitting the hair to have its normal growth and sheen.

It is astounding how many men and women will go through life with little or no hair and with what they have in a very unhealthy condition, when at a very small cost, they could get Newbro's Herpicide and save and beautify their hair.

Herpicide is sold and guaranteed at drug and department stores everywhere. Applications at barber shops.

Send 10 cents in stamps or coin today for sample and booklet on the care of the hair. Address: The Herpicide Co., Dept. 180-B, Detroit, U. S. A.

FORMER CITIZEN IN CONVENTION AT LONDON, ENG.

Mrs. C. E. Enright, Who Lived Here at One Time, to Attend W.C.T.U. Convention in London.

The delegates to the convention of the World's W.C.T.U., which opens in the Central Hall, Westminster, London, on April 14, are expecting to sail on the Melita for Liverpool, leaving St. John on April 2. The following delegates are known to have booked their passage: Mrs. S. R. Wright, president of the Dominion W.C.T.U., accompanied by her husband; Mrs. Stevens, president of Ontario Provincial W.C.T.U.; Mrs. C. E. Enright, Montreal; Dominion Superintendent of Health and Heredity; Mrs. A. F. Leggatt, Ottawa; Mrs. F. A. Cutler, Sutton, and Mrs. R. M. Cushing, "Y" Secretary of Hochelaga County, Montreal.

Shakespeare tells us there is a tide in the affairs of men. Certainly there is a tide in the minds of men. He must be very unobservant of himself who does not know that the mind rises and falls, that it swells into fullness and strength and then fades into emptiness and weakness. We know not how, we know not why.—Theophilus Parsons.

Little Helen's Idea.
Helen had a good imagination. One day, when playing blind man's buff, she was seen crawling on all fours. The "blind man" stumbled over her and when she uncovered her eyes and asked why Helen was down on her knees, Helen replied: "I thought you would think it was a dog."

YOUNG SOLDIER WAS VICTIM OF IRATE PARENT

Twice Cited for Bravery while Overseas, Then Figures in a Shooting Affair at His Home.

MORRISVILLE, Feb. 24.—It appears that Robert Whittemore, a Yankee division man, who was twice cited for bravery in the great war, bears a charmed life, for he was shot at twice at close range, in a neighborhood quarrel, and is still alive.

One shot missed its mark, and the other, hitting the right breast, struck a bone and came out a few inches from where it entered, making two holes, which deceived the doctor for a time. It is expected that Whittemore will recover from this slight flesh wound.

Henry Gagnon did the shooting, which was the result of a bitter feeling existing between the two men over the attentions of Whittemore's daughter, an eighteen-year-old daughter. The father went to the Whittemore home and demanded that the girl return home, but she refused and after words with the family Gagnon was ordered from the house. Whittemore followed, and after more words and blows Gagnon drew a 32 calibre revolver and shot at the young man twice, but who was able to assist his parents in binding his assailant with a clothes line. Gagnon was taken to the county jail at Hyde Park.

The Gagnon girl had been working in the village, but left her place, saying she was going home, but went to the Whittemore house instead, and the father hearing of this went to the Whittemore house where the shooting took place.

Whittemore is twenty years old, and served two years in France.

He was married just before going overseas, but was separated from his wife, though not divorced.

LOCAL CURLERS WERE DEFEATED AT MONTREAL

Bob McMurray's Rink Played an Excellent Game and Won by Margin of Four Shots in Their Match.

(Associated Press Despatch)

MONTREAL, Feb. 24.—Montreal curlers successfully defended the Quebec Challenger Cup against Sherbrooke last night, beating them by 31 to 27.

One rink from each club was victorious. W. W. Walker won his game from J. P. Watson, of Sherbrooke, by 18 to 10; while R. McMurray, of Sherbrooke, beat H. M. Suckling, of Montreal, by four points.

The McMurray rink carried off the honors for scoring big ends. McMurray scored four on the third end and another four on the thirteenth.

The rinks and scores: Sherbrooke: W. R. Moore, Ed. Darling, J. Beach, Jas. Craig, J. P. Watson, R. McMurray (Skip 10). Montreal: L. W. Barker, F. C. Nash, G. W. Tyne, H. M. Suckling, W. W. Walker (Skip 13). Total 27—Total 31.

GRANBY CURLERS GO TO MONTREAL

GRANBY, Feb. 24.—Two rinks of Granby Curlers went to Montreal, on Saturday last, to play the first half of the District Medal Competition with the St. Lawrence Curling Club in that city. The Granby players were not strong enough for their opponents and they were defeated by a total score of 34 to 14. There will be a chance, however, of reversing this score when the second half of the match is played, which will probably be on Saturday, and will be on Granby ice.

which had to do with betting. No names were mentioned for obvious reasons, but it is understood that contracts were sent to these players, offering for sums much less than they received a year ago and there is little or no chance of their signing. Rumors of this came out at the baseball meeting in Chicago two or three weeks ago, but from what could be learned today the matter has now come to a head.

ST. PATS COPPED INTERMEDIATE HOCKEY TITLE

Nosed Out St. Regis Once More Last Night — Bishop's College Boys Furnish Surprise.

The St. Patrick's earned the right to make the attempt this year to bring the Deery Challenge Cup to Sherbrooke last night when they clinched the championship title of the Intermediate League by registering another victory over the St. Regis boys by the count of 2 goals to 1 in the feature game of the series at the Stadium Rink. The Irishmen only needed to win one of their remaining two games to capture the pennant and they landed the title hook, sinker and bait last night.

There was quite a crowd of fans on hand to witness the Intermediate League contests last night and they were treated to two very interesting contests. The St. Regis—St. Patrick's game, of course, was the feature and developed into a regular battle royal. The teams cut out a very fast pace at the start, but the checking was very close and the goal-tending of a rather sensational variety, with the result that the end of the first period found the score sheet blank.

Not long after the start of the second period the St. Regis boys took the lead when Burk landed the "rubber" in the nets behind Workman, after receiving a clean pass from Robertson. This set-back only served to spur the Irishmen on and it was not long before Ray Hawkins nursed the discs through the opposing defence and evened up matters. With the score tied the two teams set out to fight it out nip and tuck once again, but it was not many minutes before "Mickey" Hawkins tallied what proved to be the winning goal for the St. Patrick's.

In the final stanza the St. Regis players made desperate attempts to even up the count, but the St. Patrick's managed to hold their opponents in check and maintained their small lead of one goal.

BISHOP'S FURNISH SURPRISE

The second contest brought about, not only an interesting contest, but a real surprise, when the Bishop's College boys trounced the Dollards by a score of 5 goals to 3. The College boys showed great improvement in their play. During the first period the Frenchmen ran up a lead of three goals to one, but this did not discourage the College team. In fact, they came back real strong in the second frame and by scoring the only two goals registered tied the score. In the final period the Bishop's College representatives came into their own and tallied two more counters, which gave them the verdict.

The teams lined up as follows: St. Regis: Bonner, Goal; Workman, Point; Wolfe, Cover Point; Skales, Robinson, Center; R. Hawkins, Murphy, Left Wing; Kenalty, Burk, Right Wing; M. Hawkins, P. Dean, Spare; Steele, Arnold, Sub. Bishop's College: Moore, Goal; Asselin, MacDonald, Point; Trudeau, Kelley, Cover Point; Jutras, Bartlett, Center; Langis, O'Donnell, Left Wing; Olivier, McKendsey, Right Wing; Lasalle, Referee—Mr. Gordon Maguire. Judge of Play—Mr. Claud Atto.

STANDING OF LEAGUE

The following is the official standing of the Intermediate Hockey League of Sherbrooke:

St. Patrick's	5	0	1
Dollards	2	3	1
St. Regis	2	3	1
Bishop's College	1	4	1

K. of C. OUT FOR PRACTICE TONIGHT

Every member and player of the Knights of Columbus Hockey team are asked to report at the Stadium tonight for a first class work out, from 6 until 7, and it is hoped that every player of the above team will be on hand.

ST. JOHNS BEAT FARNHAM

FARNHAM, Feb. 24.—An interesting game of hockey was played on the rink here on Sunday afternoon between the All-Stars of St. Johns and the Farnham Seniors. Although the ice was not in very good condition, a fairly fast game was played, St. Johns winning by a score of 2 to 1. The line-up was as follows: St. Johns: G. Murray, goal; G. Pendleton, J. Maynard, point; F. Landers, J. Camarier, cover; F. Burnett, G. Mobeau, centre; J. Buchanan, A. Roy, right wing; S. O'Hara, J. Lefebvre, left wing; P. Comeau, Adam and Robert, Smith and Liffins, subs.

WATERVILLE TEAM WINNERS.

CAPELTON, Feb. 24.—Capelton suffered their second defeat of the season at the hands of the fast Waterville team on Wednesday night on the local rink. The game opened very fast and in the first period neither team scored. In the second period Waterville started scoring two minutes after the start and the score stood 4 to 0 in their favor at the end of this period. In the last period Waterville by again scoring four goals won the game by 8 to 0. Although the score would show a one-sided game, Capelton displayed some good hockey especially in the first period when the work of the Waterville goal tender saved on several occasions. The stars of the Capelton team were Workman in goal and G. Giroux at point. McCabe on left wing played a steady. The game was very ably handled by G. B. Maguire, of Sherbrooke, only one minor penalty being given. The Capelton team lined up as follows: Workman, goal; G. Giroux, point; Capt. P. B. McVeigh, cover point; O. Giroux, right wing; McCabe, left wing; Harvey, centre; Ingham, Timmons, H. Carbonneau and G. Carbonneau, spares.

CAPELTON TEAMS CHALK UP WINS.

CAPELTON, Feb. 24.—During the past week the Capelton Hockey team met and defeated North Hatley by 10 to 5 and Ayer's Cliff by 11 to 4 on the

SPANISH INFLUENZA

How to protect yourself against it and check an attack. . .

- 1—Do not alarm yourself needlessly, but be careful: follow as much as possible the elementary rules of hygiene. Treat a common cold as if it was a serious ailment, and on the appearance of the first signs of fever, call in the doctor.
- 2—Avoid crowds, meetings, etc., as they favor contamination.
- 3—Breathe pure air as much as possible; breathe through the nose and not through your mouth. Seek the sun rays—they kill the germs—and walk to and from your place of business every day.
- 4—Keep the windows of your bedroom open at night and in daytime those of your office as much as possible, avoiding however, draughts.
- 5—Eat nourishing and easily digested foods and chew them well and completely.
- 6—Always wash your hands before meals.
- 7—Use saline mouth washes and gargles morning and evening. (Riga Water, rich in salts is indicated in these cases), use also vaporizations of liquid petroleum containing Camphor, Menthol and Eucalyptol.
- 8—Keep the alimentary tract clean and healthy by taking every morning a glassful of Riga Purgative Water which insures, without griping or nauseating, the regular and normal action of the bowels, the best protection against disease, the best insurance of health.

Spanish Influenza is a contagious disease caused by a germ found especially in the saliva and secretions of the nose, throat and bronchi. The above advice followed faithfully will reduce to the minimum the chances of being overcome by the disease.

The celebrated Dr. Metchnikoff has proven conclusively, that Influenza like all other contagious diseases find its greatest number of victims among people habitually constipated.—During epidemics he advises to keep the bowels free by the use of a saline purgative water like Riga Purgative Water.—Follow his advice, you will never have to regret it.

You will be Wise to Act Promptly

EVERYWHERE, there is a grave shortage just now of telephone material.

In order to utilize our equipment to the best advantage and to avoid denying service to anyone, we recommend our two-party line service. With the central energy system in use in Sherbrooke, the operator can ring either of the telephones on a two-party line without disturbing the other. Indeed, the two-party line for residence purposes is a thoroughly satisfactory type of service and costs twenty per cent. less than individual line service.

In spite of everything we can do, the difficult situation caused by the shortage of material is sure to be greatly aggravated by the heavy demands of the Spring moving period.

If you are moving, therefore, please notify us just as soon as you decide on your new location.

By acting promptly, you will be co-operating with us in a difficult situation and will save yourself annoyance and delay.

JEWISH EDITOR AND ASSISTANT WERE MURDERED

Organizations Disband Through Fear that Leaders May Meet a Similar Fate.

(Associated Press Despatch) BUDAPEST, Feb. 23.—The murder of the Jewish editor Somozyi of the newspaper Pepsyava, and two of his employees, a subeditor and a poet, named Adelbert Vasco, has created a sensation here. The bodies were found in the Danube River, weighted with rocks. No clue to the murderers has yet been obtained. Regret at the murders has been expressed by the National Assembly. Socialistic organizations are disbanding, fearing that a similar fate will be dealt out to their leaders by secret terrorist societies.

REFUGEES ARRIVE AT CARIO. CARIO, Feb. 23.—Two thousand five hundred refugees from Russia have arrived here completely destitute. Aid has been extended to them by military authorities and the British Red Cross.

MACASKILL.—At his home in Gould, Que., February 19, 1920, Malcolm R. Macaskill, aged 28 years and 4 months.

Sadly we hear the tidings dead. Another cherished friend is dead, O. Reaper pale, why lay him low, Causing our grief to overflow.

We may not deeply mourn and weep When our friends take their last sleep, Leaving their weary years on earth, To enter on the grand new birth.

But when in noble manhood's prime, The promising and hopeful time, Death comes and takes a friend away, We well may mourn for many a day.

The earthly life of this dear friend, Too soon, it seemeth, found its end, We bow submissive to God's will, And in bereavement trust Him still.

Be this our consolation sweet, That we again our friend shall meet, Where death and partings are unknown And love doth reign supreme alone.

Get All the Rest Possible. Remember always to relax when no activity is required of you. When you sit down rest all over—do not choose a rocker and waste your energy propelling it to an inevitable destruction; nor tap your fingers on the chairman, nor finger the buckle at your waist or the chain about your throat; nor tie your feet up in bow-knots, when they should rest easily on the floor. If you think about it you will be amazed to find how much real rest time you have always wasted.

Pulque Trains in Mexico. Pulque, the national drink of Mexico, is made from the juice of the maguey plant, large tracts of which are cultivated outside the City of Mexico. As a rule there are about eight hundred plants to the acre. The juice is extracted by the peons. It is shipped into town in long trains much like our milk trains here. The white liquid tastes like yeast and the consumption is so great that it is equivalent to two quarts a day for each person.

Silverite a New Metal. A new development in the alloying of aluminum with other metals has just been accomplished by the production of "silverite." This metal is something entirely new and is composed of a mixture of aluminum and copper, zinc and steel in varying proportions, according to requirements. The alloying of steel with aluminum is somewhat startling and at first thought seems to be impossible, yet it is successful.

Exceeds the Nightingale. The hermit thrush is declared to be the most talented and brilliant singer in the world, not even excepting the nightingale, says the American Forestry association. The tail of this little bird is of a reddish brown, much brighter than the back and head, while the breast is quite heavily spotted with black. It winters in the Gulf states.

Ports on Chilean Coast Line. Chile has a long coast line which extends from about 18 degrees to 56 degrees south latitude. The so-called continental section of Chile extends from approximately the eighteenth to the forty-second parallel, while the insular or archipelago section extends from the forty-second to the fifty-sixth parallel. In this long stretch of coast there are numerous ports.

When the schooner's rudder was carried away the crew tried vainly to signal passing vessels, but lacking effective means of communication their efforts were futile. Storm after storm menaced the vessel, carrying away the sails and part of the deck fittings, but the crew stuck grimly to their task until the Deepwater hove in sight and took them off. A dog and a goat, which shared their tribulations, were taken off with them. The Deepwater was bound here from Genoa.

**THE GOVERNMENT GET-TOGETHER
UNABLE TO AGREE
ON APPOINTMENT**

Opposition to Appointment of Arthur Godbout as Successor to Late Judge Langelier.

(Associated Press Despatch.)
QUEBEC, Feb. 24.—It is frankly admitted here that the Provincial cabinet and many of the members of the Government are divided over the appointment of a successor to the late Mr. Justice Langelier, as magistrate of the session of the peace. A few days after the death of Judge Langelier, it was commonly reported that Arthur Godbout, member for Beauce, would be appointed, but later it developed that there was opposition to this and that several members of the cabinet favored the nomination of Arthur Lachance, a former member of the House of Commons for Quebec centre and Crown Prosecutor.

**FINED HUNDRED
AND COSTS FOR
HAVING LIQUOR**

Max Donner was fined one hundred dollars and costs by Judge Mulvica this morning for keeping liquor in his place of business, on Depot Street. Donner pleaded guilty to the charge which was preferred by Bissonnet and Oughtred, Collectors of Provincial Revenue. Two other charges, one against Harry Lazarovitch and one against Sam Donner, in connection with the same offense were withdrawn.

"Soldier" Jones, who came down from Toronto to bluff a boxing match with Leonard Dumoulin on Saturday and who was arrested at the instance of Patsy Dillon for the alleged theft of a bag and contents valued at fifty dollars, faced the Magistrate this morning and put up a better fight in court than in the ring.

On application of his counsel that sufficient proof had not been adduced to convict him, defendant was dismissed.

A fine of fifty dollars and costs was imposed on Adelard Rodrigue, of Dorchester, who was charged by J. Boud-

started in the West, where a whole page of the newspapers was devoted to the advertising of insurance in general, each month. Meetings of the public had been called, and at the conference held at London recently, hundreds had availed themselves of the opportunity of becoming better acquainted with the principles and workings of the business. Queen's University, Kingston, Ontario, was considering the establishment of a course in insurance salesmanship, and this would be started as soon as students were guaranteed. He prophesied that before the end of this year, institutional advertising would be an accomplished fact in Canada. The speaker then read a telegram regarding the membership drive, and as the average increase throughout Canada had been of two hundred per cent, he complimented Sherbrooke, amidst the cheers of all present, on its showing of an increase of four hundred twenty per cent.

MANY OTHER ADDRESSES.

At the close of Mr. Hunt's speech, Mr. J. G. Watson rendered a vocal solo, accompanied by Mr. Gault Parker.

Mr. F. Fortin, was then introduced, and in a well-worded address, thanked the Association for the honor of having been invited to take part in the gathering, and after an apology for unpreparedness, gave a stirring address on the qualities that make for success in any line of business. To resume, these are, ambition, enthusiasm, will-power, initiative and hard work. These were all exemplified in such men as Georges Clemenceau and Lloyd George, and were the secret to advancement.

Others speakers of the evening were: Messrs. E. W. Farwell, President of the Eastern Townships Board of Trade; T. J. Parks; Mr. L'Evesque and H. St. C. Clayton.

Mr. Palmer moved a vote of thanks to all the speakers, and to the musical artists of the evening, which was seconded by Mr. Clayton.

The trial of Octave Caouette, of Barford, who was accused by J. Tanquay, of assault causing grievous bodily injury and with intent to disfigure, was fixed for March the second.

**LABOR PARTY TO

IN INDIANA**

Samuel Gompers is informed that a Labor Party Ticket Will Be in Political Field in Indiana.

(Associated Press Despatch)
TERRE HAUTE, IND., Feb. 24.—Declaring that the laboring people believe their leader so far removed that he does not understand their desires, William Mitch, secretary of District No. 11, United Mine Workers of America, yesterday telegraphed Samuel Gompers, President of the American Federation of Labor, asserting that a Labor party ticket would be in the political field in Indiana.

(Associated Press Despatch)
NEW YORK, N.Y., Feb. 24.—The American Labor party will place a full state ticket in the field next fall, Secretary Ernest Bohm announced today.

**MUCH BETTER
PROTECTION OF
FISH AND GAME**

Association for Protection of Fish and Game is in Need of Financial Assistance.

(Associated Press Despatch)
MONTREAL, Feb. 24.—"Game and fish of all kinds and wild birds, others than game birds, received better protection during the last year than ever before in the Province of Quebec" was the statement made last night at the sixty-third annual meeting of the Province of Quebec Association for the protection of Fish and Game.

The report stated, that in view of the immensity of the territory covered, it was not surprising that there should still be a considerable amount of poaching in certain localities. Unfavorable financial conditions being touched upon, an offer was made on behalf of the Canada Steamship Lines to make up a third of a thousand dollars on condition that the other two thirds were made up by the Canadian Pacific Railway and Grand Trunk.

In reference to recent legislation, the chairman, Mr. L. A. Amos, mentioned that the Government had agreed with the suggestion of the Association to make the opening of the season for big game, September 20, and closing date December 1.

Officers were elected and included Hon. President L. H. Stearns; President, L. A. Amos; Vice-President, R. S. Kinghorn; Hon. Treasurer, K. Dawes and Secretary J. R. Innes. An executive committee was also elected.

**QUESTION TO BE
ASKED IN HOUSE
RE BANK NOTES**

(Associated Press Despatch)
OTTAWA, Feb. 24.—J. H. Sinclair, M. P., will ask in Commons if it is the intention of the Government to restore the law making bank notes redeemable in gold. He also inquires who is Col. John A. Cooper, who in interview purporting to have been given by him to a Boston paper, claim to have been the first representative of the Canadian Government ever sent to a foreign country.

**LARGE MAJORITY
OF DELEGATES
FOR SOCIALISTS**

PARIS, Feb. 24.—Socialists of the most extreme faction will hold a large majority of the delegates sent from

the Seine Federation to the National Congress to be held at Strasbourg this week. The conservative wing of the party is greatly in the minority, as the result of an election of delegates held by the Federation on Sunday. Of the twenty-four delegates, fifteen will be under the leadership of M. Lorient, who is in favor of the immediate seizure of capitalistic power and its replacement by Soviets or something similar to them. The reconstructionist Socialists, led by Paul Faure, will have nine delegates, while the Conservatives will have but one.

LAZY BOYS AND GIRLS

Don't scold them—the chances are they are undernourished. They have plenty to eat, but not enough real food—the kind that builds bone, tissue and brain. Shredded Wheat Biscuit is all food. It is 100 per cent whole wheat, nothing wasted or thrown away. It is a food that gives strength and health to youngsters and grown-ups. A boon to mothers because so easy to serve. Two of these little loaves of baked wheat with hot milk make a nourishing meal.
