## ROYAL SOCIETY OF CANADA.

**Annual Meeting in Ottawa Yesterday.**

### THE HON. SECRETARY'S REPORT.

IT RECOMMENDS THE PURCHASE OF THE PLAINS OF ABRAHAM —FAVORS MONUMENTS TO DISTINGUISHED MEN OF CANADA — MEMORIALS FOR CANADIAN VICTORIES — CONDEMNS THE MONTGOMERY MONUMENT IDEA.

Ottawa, May 23. —The Royal Society met in annual session this morning, Mr. T. C. Keefer, C. E., in the chair. Sir John Bourinot, Hon. Secretary, read an elaborate report of the Council, in which reference was made to matters of scientific, literary and historical interest. Small sums of money are now annually granted to scientific workers for special investigations in various departments of science. Gold medals are also to be given every two years for the best book or monograph, in French and English, on some period or epoch of Canadian history, and the competition is not confined to the Fellows of the Society. The work must be distinguished for original research and literary style, and submitted as published in Canada or any other country, and not in manuscript, to a committee of each section. The Society has chosen a seal with the Royal Arms encircled by those of the provinces, a wreath of maple leaves, and the motto in Latin "The steersman guides the ship by wisdom, not by valor."

SECRETARY'S REPORT.

The Hon. Secretary, in a letter to the Council, presses upon the Society the advisability of adding five members to each section, making thereby a total membership of 120 Fellows —with the object of bringing in as many workers as possible in science and letters, and placing the Society abreast of the rapid intellectual development of the country. Canvassing for membership on the part of candidates is severely censured. Reference is made to several additions to scientific and historical societies —one of them the Ottawa Women's Historical Association, which has commenced its work with much energy and ability. The earnest hope is expressed that the Government of Canada will be able to purchase the famous Plains of Abraham and prevent their desecration by a division into building lots. Special attention is directed to the growth of a national spirit by the rising of monuments to Canada's famous men, and of memorials of famous events in history. The hope is expressed that we shall see year by year other noteworthy examples of this patriotic spirit that has already raised in public places monuments to Champlain, Sir John Macdonald, Sir George Cartier, George Brown, and memorials of the battles of Chateauguay, Chrysler's Farm and Lundy's Lane. Above all the Canadian people should remember Laura Secord, Guy Carleton, Joseph Howe, and the "Loyalist Makers" of Canada. It was satisfactory, however, to find that the attempt to place a monument in Quebec in honor of Brigadier-General Montgomery has not been again renewed in the face of the determined opposition that it has evoked from all true Canadians, and especially from the women of Canada. Canadians should at all times be governed by a sense of national respect and dignity, and never forget that memorable past in which they repelled Montgomery and Arnold, and remained faithful to the Crown and Empire—That past from which has sprung the most loyal dominion of the Empire. An effort should be made to decorate our public buildings by tablets and paintings commemorative of events in Canadian history, and in this connection reference is made to the gift by the Canadian artist, Mr. C. A. Reid, of paintings of the Pioneers to the new civic and county buildings in Toronto. With respect to the proposed national museum in this city, the hope is expressed that it will be conspicuous for its artistic beauty. It is suggested that the Government have now an admirable opportunity for giving the "Washington of the North" some of the aspects of the "Washington of the South," where Sir Wilfrid Laurier has had so much time for studying its most notable characteristics. Canadian architects should be asked to compete for a design, and in this way stimulated to give us a work worthy of the country.

A short review is given of the useful work which is being done in connection with the archives under the superintendence of Dr. Brymner. The diminished grant for tidal surveys is regretted, and an appeal is made to Sir Louis Davies to encourage a work of national interest, supported by the ablest scientists and navigators of the Dominion. Attention is called to the generous assistance given by the Dominion Government to the establishment of a Biological Station in the Gulf of St. Lawrence for the purpose of investigating the food supplies and the general conditions of the life of fishes, oysters and lobsters, under the management of scientific men elected by the leading universities. Attention is again called to the advisability of our Government co-operating with the Washington Government in the measurement of the 98th meridan across the North American continent. The report concludes with a grateful tribute to the memory of the poet Lampman and the historian Kingsford, both of whom have made an impress on Canadian literature. "Everywhere do we find in Lampman's poems the flavor of his own native soil, his deep love of the trees, flowers and varied aspects of Canadian scenery. Dr. Kingsford's work is, on the whole, despite its diffuseness, a fair dispassionate review of the two great periods of Canadian history, extending from the foundations of Quebec by Champlain down to the union of the Canadas in 1841." "All of us," to quote the conclusion, "are ever ready to worship success in material things, and sometimes forget that the ideas of the poet or the wisdom of the historian, or the elevating romance of the story tellers, may have at times as much influence on the development of our country as the speeches of the statesman or the sermons of the preacher."

### CONDITION OF THE PARIS.

A DIVER REPOFTS THAT SHE HAS SUSTAINED HEAVY DAMAGE FROM THE BOWS TO SEVENTY FEET AFT.

Falmouth, England, May 23—A diver reported to-day that the Paris had sustained heavy damage from her bows to a point seventy feet aft, but he thought the principal damage was inside the double bottom.

A BLUE LOOKOUT.

Falmouth, Eng., May 23. — A leading Cornish diver, who returned to-night from the Paris, takes a very pessimistic view of the prospects of saving the liner. To the correspondent of the Associated Press he said: "I do not anticipate that the Paris will ever be refloated. She is pierced by rocks amidships, and her foreholds are badly damaged. The bulkheads are practically useless, and even if she was got off the rocks I believe she would sink. In my opinion the only remedy is a false bottom, which it would take a month to complete, and I believe that even moderately rough weather in the meantime would break up the ship."

Everything is in readiness for to-morrow's efforts to refloat the vessel if the weather continues favorable.

## VICTORIA--QUEEN AND EMPRESS.

**Begins Her Eighteenth Year To-Day.**

SIXTY-TWO YEARS A QUEEN.

VICTORIA THE GOOD.

"Stronger than her generals, wiser than her statesmen, further seeing than her diplomats, more heroic of soul than all combined, she was the saviour of her age, and has shed lustre on womanhood for all succeeding ages.

With what pride then should we view the expansive Empire of the British—an empire lifted out of the seas. No land is so fair to the Sons of England as the land of the rose, to the sons of Erin, as the land of the Shamrock, or the hardy Scot, as the land of the thistle and the heather, yet these men have gone out to conquer, purchase, protect and colonize in all continents of the earth. Victoria now bears sway over ten million square miles of territory, and 350 millions of people, or about one in every four of the population of the world. This fair heritage, that was won for us by heroes and martyrs, which has been developed by the most acute and progressive generations of men, whien affords the largest liberty compatible with security, the highest culture, the most prgressive science and art, and the highest type of moral and religious life the world has ever seen. This glorious inheritance is ours.

OUR QUEEN.

For 62 years she has been the foremost woman in the world. She has formed a character as pure as it is exalted; she merits fully all the homage of her loving subjects, and holds the respect of the entire civilized world.

We honor her womanly virtues, the purity of her Court—she is a woman at her best—a woman beneficent and divine.

We honor her for her sympathetic co-operation with her people in developing the resources of her Empire,

We honor her benenolent and philanthropic spirit. In the last 62 years there has been more done for the alleviation of human suffering than for centuries before. Look at our hospitals, our benevolent institutions, and the phenominal growth of medical science.

We honor her for her heroic defence of our nation in perilous times. Although ever an advocate of peace, yet when war came, she stood as the rock to the billow which dashed itself to foam at her feet.

We honor her for her consistent confession of her faith in God, and her help in the spread of the Gospel in the world.

So large a liberty, such national progress, such benevolent designs, such extensive resources, such national, moral, and religious progress as the Empire possesses, we owe to Victoria the Good,

Our banner flutters proudly on the heights of every continent, and the roll of our drumbeat re-echoes around the world. On this the 80th anniversary of the birth of our sovereign we may well sing with loyal and patriotic hearts our inspiring and glorious national anthem

GOD SAVE THE QUEEN.

The above is a digest of a sermon delivered by the Rev. Dr. Griffith in the Methodist Church, Quebec, on Sunday evening last, May 21st, 1899.

## QUEEN'S BIRTHDAY IN NEW YORK.

**How it Will be Celebrated There.**

### DISTINGUISHED DINNER PARTY.

THE GUESTS WILL INCLUDE ADMIRAL SAMPSON AND OTHER WELL-KNOWN OFFICERS OF THE UNITED STATES NAVY --PATRIOTIC LIST OF TOASTS —SOME ELOQUENT SPEECHES EXPECTED.

New York, May 23—The fourth annual dinner of the British Schools and Universities Club will be held tomorrow night at the Brevoort House and Queen Victoria's 80th birthday will then be celebrated by Britishers of this and other kindred societies in New York. Admiral Sampson will be the guest of the honor. The United States Navy will also be represented by Captains Chadwick and Taylor and Flag Secretary Bennett. Admiral Sampson will reply to the toast "The Fraternal Bond of Sea Power," Former United States Minister to Siam, John Barrett, who has just returned from the Far East by way of England, will speak on "Great Britain and the United States— Friendly Rivals in the Far East." The Rev. Dr. Perrera Mendez will read an original poem, entitled "Saxondom," and "The Britan Abroad" will be responded to by the Presidents or delegates of the St. George's, St. Andrew's, St. David's and Canadian societies. "Her Majesty's Representatives" will be answered for by Olive Bagley, the British Consul in this city, while John Foord will toast "The Day We Celebrate."

### OTTAWA NOTES.

Empire Day — No Birthday Honors. —Mr. Tarte in His Office.

Special to the Chronicle.

Ottawa, May 23. — Empire Day celebration by the school children was a great success. Hon. Mr. Ross, Minister of Education, attended the Normal school, where the principal entertainment was given, but the day was observed in every school.

NO HONORS.

There are no announcements here of birthday honors for Canadians. It is understood there are not any.

Hon. Mr. Tarte was in his office to-day for the first time since his illness.

NEW RAILWAY.

Halifax, N.S., May 23—D. D. Mann, of McKenzie & Mann, to-day signed a contract with the Nova Scotia Government to construct the Inverness Railway from Port Hastings to Broad Cove, C.B., a distance of 75 miles. This line will be the first to draw the increased railway subsidy of $4,000 per mile granted by the Province under an Act passed at the last session of the Provincial Legislature. The Company has already entered into an agreement with the Federal Government, under which it will secure the Dominion subsidy of $3,200 per mile.

## MEDICOS MEET IN NEW YORK.

A PAPER READ BY A CANADIAN GIVES RISE TO A CONSIDERABLE AMOUNT OF DISCUSSION.

New York, May 23. — The 55th annual meeting of the American Medico Psychological Association was commenced here to-day. This body is composed of the medical superintendents and the medical assistants in the insane asylums throughout the United States and Canada. President Hurd made the annual address. A paper on the role of wound infection as a factor in the causation of insanity, read by Dr. A. T. Hobbs, of the asylum at London, Ont., created considerable discussion.

## THE HERRING CAUSE TROUBLE.

NEWFOUNDLANDERS SAY THAT THE FRENCH MUST PAY THE SAME PRICE FOR THE FISH AS CANADIANS AND AMERICANS.

St. John's, Nfld., May 23—The Colonial Government is rigidly enforcing the fishing laws on the west coast against the French, who have been demanding herring at their own prices instead of $1.25 per barrel, as enforced against the Canadians and the Americans. The Colonial revenue cutter Fiona was despatched to Bay of Islands to compel respect for the regulations, and the French, who threatened to appeal to their own warships, finally agreed to accept the Colonial terms.

### HER MAJESTY AT HOME.

A Great Family Reunion at Windsor Castle.

London, May 23. — The gathering of the Royal Family at Windsor Castle to-morrow to celebrate the 80th birthday of Queen Victoria will be the largest with the exception of the Jubilee gathering, that has assembled there in many years. Not only will four generations in succession be present, but there will be a great gathering of children and grandchildren of Her Majesty. The return of sunshine to-day is a happy augury of the success of the gathering. The royal borough is already in gala dress, the country itself is brilliant with lilac, chestnut and laburnum blossoms, while the grey old castle is gay with the Royal Standard and British flags and everything points to the success of a gorgeous pageant of military Knights, choral societies and holiday-makers.

THE BEST RECORD.

The firm of Faguy, Lepinay & Frere is certainly that where you can find the greatest choice of carpets, oilcloths, curtains, brocatelles, etc., at warranted prices.

## CHRISTIAN SCIENTISTS

AGAIN IN TROUBLE — TWO OF THEM ARRESTED IN BUFFALO ON A CHARGE OF MANSLAUGHTER — THE PARENTS OF THE VICTIM TO BE ARRESTED.

Buffalo, N. Y., May 23—Geo. H. Kinter and Elizabeth L. Kinter, his wife, well known in Christian Science circles in this city, were arrested this morning on a warrant charging them with manslaughter in causing the death of Ralph L. Saunders, 9 years old, who, with his parents, had been visiting at Fort Portier. Warrants on the same charge were also issued for Mr. and Mrs. James O. Saunders, the parents of the child. It is alleged in the complaint which was sworn out against Mr. and Mrs. Kinter, and Mr. and Mrs. Saunders, that the death of little Ralph was caused from double pneumonia, and that criminal negligence was committed by those in charge of the boy. It is said that Ralph was taken sick three weeks ago and grew rapidly worse. Mr. and Mrs. Kinter were called in, and the parents of the sick child absolutely refused to have the services of a physician.

### CRICKET MATCHES IN ENGLAND.

**Rain Stops an Australian-Yorkshire Game.**

### MIDDLESEX AND SOMERSET

TERRIBLE BOWLING BY THE FORMER—SOMERSET SCORES ONLY THIRTY-FIVE IN AN INNING — BASEBALL NOTES — OTHER SPORTING EVENTS.

Sheffield, England, May 23—In the cricket match to-day between the visiting Australian eleven and an eleven representing Yorkshire, about 15,000 spectators were present. Rain stopped the play when Yorkshire had scored 83 runs for three wickets down.

MIDDLESEX vs. SOMERSET.

London, May 23—Some sensational cricket playing was witnessed today at Lords, in the match between Middlesex and Somerset. The latter were despatched for the ludricious total of 35 runs, Herne, a Middlesex bowler, taking five wickets for 14 runs. Finally Middlesex won by an innings and seven runs. Messrs. Hilton Tate, Earl of Chelsea, Melville, Balfour, and all the other cracks got into the second round, Trott, another of the Middlesex bowlers, took seven of the Somerset wickets in the second innings for 18 runs.

BOXING MATCH.

Over 2000 people were present in Jacques Cartier Hall last night to witness a ten-round boxing contest between Prof. Lachance and Billy White. It is a long time since such a tremendous crowd has been seen in the St. Roch hall. The men filled the aisles, hung over the gallery railings, and even sat on the stage. Everyone was good-humored, and the crowd was fairly orderly. Prof. Brown, of "Brown Shag" fame, regaled the audience with a few songs and then the preliminary bout was called. Gagne and Valbois, two likely looking lightweights, went four rounds to a draw. The match was fairly interesting, although the boys seemed tired towards the end. Then Mr. E. Fleming, caretaker of the Q.A.A.A. grounds, gave a very fine exhibition of club swinging and lightning rifle drill, after which the main bout of the evening was called. The referee, Mr. Langlois, in introducing the men, stated that they would go ten rounds, and if a decision could not be reached then they would go five more. This caught the crowd, and the referee was cheered heartily. It was decided that the men were to break clean. Both men looked well, but Lachance was a little taller, and had perhaps a longer reach than White. The first round was tame, the men merely sparring for an opening and judging each other's strength. From the second the work was a little warmer, although throughout the entire contest the men were cautious. White showed his quickness in dodging numerous hard swings from Lachance and clinched frequently after the dodge. In the 5th round Lachance struck White in the clinch. The crowd yelled foul, and Lachance was warned by the referee. This was repeated in the seventh round. In the sixth White landed a hard jab on Lachance's eye, which puffed up considerably in a few moments. However, at the end of the ten rounds neither man showed any signs of weakness, so the referee announced that they would go five rounds more. Some rather warm mix-ups occurred during the latter part of the fight, but neither man had the advantage, and at the close of the fight the referee decided that the result was a draw. The decision was highly satisfactory. The bout was a fine exhibition of scientific boxing and was most enjoyable.

CRICKET.

The following members of the Quebec Cricket Club left last evening for Montreal, where they will meet the McGill club on the latter's grounds, to-day: Messrs. C. N Godwin, captain; W. Price, H. Price, G. W. Parmelee, J. Burstall, A. C. Smith, H. White, A. W. Colley, W. M. Massey, Torrens and Suckling.

GOLF.

A number of the Royal Montreal Golf Team arrived yesterday and had a practice on the links preparatory for the match to-day with the Quebecers. The team this year appears to be a very strong one, and no doubt the match will be hotly contested from the leading couple right down to the end of the list. Play will begin at 9.30 o'clock this morning.

## OUR BOYS IN MONTREAL.

THEY ONLY ARRIVED AT NOON YESTERDAY—HAD A PARADE OR THE CHAMP DE MARS—MADE A GOOD IMPRESSION.

Special to the Chronicle.

Montreal, May 23—The 8th Royal Rifles arrived about noon to-day from Quebec on the Richelieu & Ontario steamer Three Rivers. The regiment, about three hundred strong, under command of Lieut.-Col. Jones, will take part in the review to-morrow. A large crowd of people were down to the Jacques Cartier wharf to welcome them on their arrival. Shortly after arriving the regiment, headed by the band, marched in column of fours from the wharf up to the Champs de Mars, where they paraded, showing very good form. They afterwards marched through the principal streets. The men will doubtless give a good account of themselves to-morrow. The 8th Royals will remain here till to-morrow evening and the steamer Three Rivers will be their headquarters during that time. Visitors may go on board when the regiment is not on parade.

## THE BRITISH FLAG WAS HOIST

TO PROTECT THE INHABITANTS AFTER THE SPANIARDS HAD WITHDRAWN — THE PEOPLE WERE IN A STATE OF CONSTERNATION.

London, May 23—Particulars have just been received in London regarding the incident of the hoisting of the British flag over Port Royalist, Island of Palawan, of the Philippines group, by Capt. P. Fort, of the British steamer Labuan. He reports that he visited the Island on February 1st, and found the people in a state of consternation. The Spaniards, it appears, had left three months previously, after saying the Americans would take over the Government in three days. The Spaniards, it is added, turned the native soldiery adrift, and liberated the convicts. The Headman, it is further asserted, asked Captain P. Fort to secure protection from the Governor of Sandakan, and the captain gave them a British merchant ensign, with instructions for the people to say if they were molested, that they were under British protection, also handing the Headman a letter in this sense, and claiming a British protectorate over Palawan. On reporting the matter to Sir Charles Mitchell, Governor of the Straits Settlement, the latter communicated with the British Foreign Office, who cabled orders to Singapore to haul down the British flag. The British third-class cruiser Archer was despatched to haul down the flag, the officials of the Foreign Office saying that Palawan and the adjacent Islands being portions of the Philippines group, became by virtue of conquest American territory.

## HER MAJESTY'S EYESIGHT.

SHE WILL HAVE TO UNDERGO AN OPERATION FOR CATARACT—SUCCESS OF THE OPERATION ASSURED BY A GERMAN PROFESSOR.

London, May 23—Truth, to-day, in spite of semi-official statements to the contrary, insists that an operation for cataract on the Queen's eyes is inevitable. It says the Queen has just consulted Prof. Pagensteecker of Wiesbaden, who guarantees the success of the operation, and opines the Queen will entirely regain the excellent sight she possessed until recently.

### KINGSTON INVADED

By United States Soldiers, Who Will Celebrate the Queen's Birthday.

Kingston, Ont., May 23—The first Company of United States soldiers to assemble here for the Queen's Birthday celebration arrived at 7 o'clock this evening from Watertown, N. Y. The force is in command of Major Boyer. They were welcomed in a hearty manner, though ahead of the time arranged. At 11.30 the Auburn, N. Y., Company arrived. They were given a stirring reception. The 14th band, batterymen and volunteer, as well as the Watertown corps, receiving them and conducting them to headquarters. At six o'clock to-morrow morning 500 soldiers and cadets will arrive from Syracuse, Rochester, Elmira and Oswego. They will be greeted with a salute from Fort Henry, ordered by the Minister of Militia. A grand military review will take place to-morrow forenoon.

### MORE LOCOMOTIVES

For England—The Grand Central Railway Orders Twenty.

Philadelphia, May 23—The Grand Central Railway of England has placed an order for 20 locomotives with the Baldwin works of this city. They are to be freight engines of the same character and design as those now under construction at Baldwin's for the Midland Railway of England. Another English railway, the Great Northern, recently ordered a number of engines from the Baldwin works.

PEACE JUBILEE.

Washington, May 23—Washington's Peace Jubilee was inaugusated at sunrise to-day, by a national salute of 21 guns from the Dolphin, anchored off the navy yard, and by the chime of bells and the sound of steam whistles all over the city.

# The Quebec Chronicle

QUEBEC, MAY 24, 1899.

### THE QUEEN--GOD BLESS HER

Her Majesty begins to-day her eightieth year. Though she has passed the allotted span of life by a decade she is in the enjoyment of fair ly good health, and may occupy the throne for several years to come. Her Majesty will shortly complete the sixty-second year of her reign. As each anniversary of her birthday comes around we are reminded that never did sovereign occupy a larger place in the affections and good will of her people than does Victoria.

So far as the popular choice of a ruler is concerned, Great Britain is to-day a Republic. There is not a sane man or woman who would venture to deny that the Queen's authority is "broad, based upon the people's will." Few of us stop to consider the extent of the authority of a British sovereign and the way it is exerted. In theory and in practice the people rule under our institutions. But the Queen may, if she chose, interpret the will of the people differently from her advisers. In that event a sagacious sovereign like Victoria argues and remonstrates with the Government of the day, and, if unable to agree with them, urges delay and reconsideration, or suggests a compromise.

The Queen, in a quiet, unostentatious way, does a great deal towards moulding the foreign policy of Great Britain and, when popular passions are uppermost, deferring action till the sober second thought of the nation assrets itself. It has been no secret that Her Majesty has of late years thrown the whole weight of her influence against the universally admitted curse of war. Her personal prestige among the rulers of Europe has exercised a restraining effect, and if to-day, as appears to be the case, the great powers are preparing the way for the reign of peace, the fact is largely due to the character of Britain's sovereign. Hence it is not surprising that the birthday jubilations are no longer confined to British soil, and that the entire Anglo-Saxon race, whether under the Union Jack or the Stars and Stripes, join in congratulating Her Majesty and wishing her long life and many years of happy useful service to Great Britain and to civilization.

### EARTH'S GREATEST POWER.

In a recent speech Lord Salisbury spoke of Russia as "the nation that, in material respects, is the most powerful nation on earth." Such a statement coming from the Premier of Great Britain was bound to challenge attention and criticism. In some quarters it has been accepted as a mere compliment to Russia, while in others it is regarded as a note of warning to Great Britain. Still the fact that, in material respects, Russia is very powerful is unassailable. The Czar's empire, extending over 8,644,100 miles, is a world within itself far more compact than the scattered British possessions, which are three million square miles greater in extent. It is, however, in the material for an army the Czar holds the preeminence. Out of a population of nearly 130,000,000 Russia has, it is estimated, 11,000,000 fighting men. It can put into the field 1,355,000 fully equipped combatants at short notice, with another army of 1,100,000 almost as well accoutred. Thus Russia presents to the world to-day a force of nearly two and a half million fighting men, with 497,415 horses and 1846 heavy guns. If this entire body of regular troops were overcome, there would still be a reserve of nine million men in Russia.

It is true that the Czar's fleet falls far short of that of Great Britain in strength, but it is being developed so rapidly as to demonstrate that the day is not far distant when it will have to be reckoned with seriously. The weakness of Russia's naval equipment is compensated for by the fact that the country is not dependant upon outside sources for food. After feeding its vast population the Russian Empire exported, last year, 300,000,000 quarters of cereal crops. Lord Salisbury was, therefore, speaking by the book when he accorded to Russia a very important place among the world's powers in material respects. Numbers do not always indicate strength, for if that were the case it would be easy to show that China is the dominent power. A nation requires, besides men, that intangible force called protection which makes them heroes.

### NORTH WATERLOO ELECTION.

The Liberal Candidate Elected by a Majority of 116.

Berlin, Ont., May 23. — This has been one of the hottest elections the riding of North Waterloo has ever witnessed, and a sigh of relief is expressive of the public mind that the contest is over. Probably never in its history has there been such a fight, and it is doubtful if such a crowd ever gathered in Berlin as there was this evening when the Liberals, in celebrating their victory, formed a torch-light procession and accompanied by the band, marched up to Mr. L. J. Breithaupt's residence, on Queen street, where they serenaded and cheered the newly elected member until he responded to their clamor and delivered a speech thanking them all for their labors in his behalf. Following are complete returns :

| Place. | Lackner. | Breithaupt. |
|---|---|---|
| Berlin | 1094 | 754 |
| Waterloo Town | 413 | 288 |
| Elmira | 130 | 95 |
| Woolwich Township | 276 | 648 |
| Wellesley Township | 495 | 620 |
| Waterloo Township | 297 | 416 |
| Totals | 2705 | 2821 |

Majority for Breithaupt, 116.

### CUSTOMS INSPECTORS.

The Men Who Took Tips are Suspended From Duty.

Washington, D. C., May 23—In the cases of the 22 Customs Inspectors, at New York, who were recently suspended upon charges of neglect of duty, and of accepting tips from incoming steamship passengers, the collector and surveyor of the port, who conducted an investigation into the charges, have reported as to 10 of the men charges were not sustained, and as to the remaining twelve, it was found that facts warranted their suspension from duty. The recommendations have been approved.

## Mainly About Persons.

Mr. A. A. Charlebois, Manager of the Academy of Music, left last evening for New York. This is the booking season in New York, and Mr Charlebois intends booking some fine attractions for the Academy.

The many friends of Mr. B. Verret will be very sorry to hear that his health is so much worse that his physicians, Drs. Ahern and Catellier, have advised the family to see that he receive the last rites of the Church, which were given last night.

Mr. Max. Frankenburg, of the Globe Rubber Company, left for Montreal and the West last night via C.P.R., and will be absent from the city for a week or ten days.

The many friends in this city of Mr. Eugene Crepeau, L.C., of Arthabaska will regret to learn of the death of his wife, which sad event occurred at her late residence on Tuesday last.

Mgr. Marois left yesterday for Kamouraska.

Mgr. Laflamme left yesterday for Arthabaska, where he will act as expert in a case in that district.

Hon. E. J. Price and the Misses Price left by steamer New England for Quebec on Thursday last.

## *RAILWAY CONDUCTORS.*

ANOTHER DIVISION ARRIVES IN THE ROCK CITY—THE MEMBERS CALL UPON HIS WORSHIP THE MAYOR AND VISIT STE. ANNE.

The second excursion of members of the semi-annual convention of the Order of Railroad Conductors of America, Chicago Division No. 1, which was held at Detroit, Michigan, from the 9th to the 19th instant, arrived in the city via C. P. R. yesterday morning. The party, which consisted of 125 members, with their wives and families, had previously visited Toronto, Niagara Falls, Ottawa and Montreal. They stopped at the Victoria Hotel.

The following is a list of the excursionists :—A. J. Deegan, T. M. Kiley and wife, J. R. Munn, R. Prichett, H. C. Kenworthy and sister, F. A. Mali and wife, H. Orill and wife, K. W. Carruthers, Baldwin and wife, T. J. Keefe and wife, Van Vleck and wife, A. Hart and wife, H. A. Smith and wife, A. E. Landon and wife, Whalen and wife Washburn and wife, Stewart, wife and daughter, Hawthorne and wife, H. Burgess, wife and son, Payne and wife, Lexicon and wife, F. H. Malin, wife and daughter, R. P. Canfield and wife, Talbert and wife, Mr. H. P. Maglin, Mr. Foote, J. M. Whitmoor, K. N. Smith and wife, B. O. Brock, J. W. Fairman and wife, S. Crowley and family, Dezotell and wife, D. M. Fitzgerald, Eagy and wife, R. W. Sims and wife, J. W. Doyle, W. C. Oliver, F. L. James, Goodrich and wife, F. W. Burns, Shenkel and wife, M. L. Town and wife, Winslow and wife, M. N. Gross and wife, R. W. Connors and wife, W. Kilpatrick and wife, C. H. Warren and wife, C. X. Rexinger and wife, J. E. Kimball, Dooley, J. E. Sanderson and wife, J. M. Sewell and wife, Ben Cole and wife, B. Cavanagh and niece, Wm. Crumley, Kiefe and wife, O. F. Taintor and wife, P. L. Mullen and wife.

At ten o'clock yesterday morning a carriage drive was indulged in around the city to the points of interest, and at eleven o'clock they were tendered a reception at the City Hall by His Worship Mayor Parent. After lunch the excursionists left by special train over the Q. M. & C. Railway for Ste. Anne de Beaupre, where the celebrated shrine was visited, to return about five o'clock. Last evening an electric car drive around the city was taken.

The party were met by Alderman Reynolds, Mr. Eugene McKenna and Mr. C Cloutier, who did all in their power for the enjoyment of the visitors

Chief Dorval was extremely courteous to the party, showing them his fine office, the oln pictures hanging on the walls, some of them very rare, and a large collection of American fire chiefs, whom he had the pleasure of meeting in his long career as Chief of the Quebec Fire Brigade. He also handed around cigars to the visitors, whom he speaks of as "jolly good fellows."

The visitors were shown through the City Hall and were received by His Worship Mayor Parent in his reception room, when he welcomed them to the city formally, to which Mr. Wm. Kirpatrick, the influential Secretary of the Board of Railway Conductors, made an appropriate reply, in the course of which he stated that it was quite probable that the Brotherhood of Railroad Conductors would meet in the Old Rock City for their convention within the next couple of years. Mr. Kirkpatrick is looked upon as one of the best orators which the Brotherhood has in its ranks. He is of Scottish descent and resided in Canada for some years after his arrival in America in the year 1862. He then worked on the Gatineau Railway and enjoys to relate his experiences with the snowshoes and moccasin, about two weeks after striking "The Lady of the Snow." Mr. Glass, Chief of Police at St. Paul, Minn., accompanied the visitors, and passed considerable time with Captain Pennee.

The party left town last night at eleven o'clock for Montreal, Boston and New York, en route for their respective homes. They all seem to be well satisfied with their visit to the Ancient Capital, and many of them will probably storm the Fortress City at a later date.

All cases of weak or lame back, backache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

## SLIGHT REACTION IN MONTREAL.

### Trading Was Light and Some Stocks Advanced.

### LONDON MARKET WAS HEAVY.

AMERICANS OPENED FLAT AND REMAINED STEADY ABOUT PARITY — NEW YORK STOCK MARKET WAS NEGLECTED BY OUTSIDE PARTIES — DEALINGS CONFINED TO PROFESSIONALS.

Montreal, May 23—The reaction from the decline in the stock market prices engaged attention this morning, the question being whether bottom had been reached. The street did not know just what to make of the situation, the majority of opinions being that the stoppage of the drop was merely temporary. Street Railway went back to 309½, closing at 309, after opening at 307. New Stock opened at 307, but could not hold its own at these figures, and went off to 305½, closing at 306. Yesterday's lowest figures were 303 for old and 300 for new. Canadian Pacific opened at 99⅞ in London this morning after the holidays and sold at the opening in the local market at 96¾, selling up to 97⅛. A fair amount of trading was done between these figures. Toronto rails closed at 115¼. Royal Electric opened at 182 and sold up a point. Small trading in Richelieu & Ontario at 112, Dominion Cotton at 109, Cable at 184 and Bell Telephone at 181 practically completed the morning's operations outside of mining shares. In that line War Eagle and Republic alone were sold, the former from $3.72 to $3.73 and Republic at 129. A London cable to-day quoted Grand Trunk Railway firsts at 79⅝, seconds at 53⅛, thirds at 22½, Canadian Pacific at 99⅞, Hudson Bay at 24, Anaconda at £12 3s. 4d.

LONDON STOCKS.

New York, May 23. — The Commercial Advertiser's financial cable from London says: The holiday feeling continues here. The tone of today's market was heavy on foreign prices. Americans opened flat and remained steady at about parity. The volume of buying is much reduced. New York allowed prices to slide, but a slight rally occurred in the street, and the close was about the opening level. Coppers were strong early, but the finish was weaker. Tintos were 50½ to 50⅝. Anacondas 12¾ to 13. Utahs 9¼ to 9½, Boston 2½. Spanish fours were flat at 64 on the announcement that all the coupons after July 1 would be postponed until the Cortes approves of the budget. £11,000 gold arrived on Saturday from Australia. Silver was firm on the closing of cash contracts. The Japanese loan of £10,000,000 at 4 per cent., which was to be offered at 90 next week, has been taken "firm" by four leading banks.

NEW YORK STOCK MARKET.

New York, May 23—Neglect of the Stock Exchange by the outside public continued to be the marked feature of the trading, and as is usual in a narrow market, prices drifted uneasily up and down, following the erratic movements of special stocks. Dealings were evidently almost wholly confined to the professional element, who seek profits on a day's turn in prices. Yesterday's late upward movement was followed by a realizing this morning and later by a sharp advance, which was practically wiped out before the close. Sugar was the centre of interest in the market and rebounded quite strongly from the early pressure, together with the affiliated glucose stocks. But realizing took off all the early gains and left it at the last five points below the highest and near the low point of the day. The early rise in Sugar was accompanied by a strong rally in the New York municipal stocks, Consolidated Gas, Manhattan, Brooklyn Transit and Metropolitan rising from two to four points. This concurrent movement in the leading specialties gave quite an appearance of strength to the market, for active and railroad stocks joined in the upward movement. Weakness in wheat and especially the reported selling from the North-West, helped this movement, but the persistent reports of insect damage and news from abroad that American wheat was practically unsaleable at present prices helped to the late break in the Grangers and South-Westerns. There was a growth of uneasiness also over the persistent hardening tendency of foreign exchange. The rate for demand sterling touched 4.87¾ to-day, which is near the gold export point. Exchange on Berlin also hardened a fraction to-day, although that money centre was reported to be buying American stocks from London. The newly floated industrial stocks continued rather conspicuously weak. Anaconda broke two points, and in the outside market Amalgamated Copper, the payment subscriptions for which was completed yesterday, fell to par, which is the subscription price. The close on the Exchange was easy in tone, though rather dull, and showed net losses in all but a few cases.

The closing prices at the Stock Exchange were as follows:—

NEW YORK PRODUCE MARKET.

New York, May 23. — Flour, receipts, 22,037 barrels; exports, 21,194 barrels; sales, 4750 packages. Market moderately active but weaker. Rye flour steady. Cornmeal easy. Rye easy. Barley quiet. Barley malt dull. Wheat, receipts, 72,150 bushels; exports, 58,023 bushels; sales, 1,905,000 bushels futures, 48,000 spot and outports. Spot weak. Options opened firm on a little foreign demand, but developed sudden weakness and ruled heavy until the last hour, when active covering inspired a sharp rally. The depression at noon was aggravated by light export trade, general realizing and declines in southwest markets. After two o'clock prices had a second collapse under a bear raid, and closed weak at ⅝ to 1c net loss. Corn, receipts, 136,500 bushels; exports, 32,666 bushels; sales, 75,000 bushels futures, 40,000 bushels spot and outports. Options opened steady with wheat, afterward declining under liquidation and big country offerings. Closed weak at ⅛ to ⅜c net decline. Oats, receipts, 355,300 bushels; exports, 114,214 bushels. Spot dull. Options quiet. Butter steady. Eggs firm. Molasses steady. Coffee options quiet and unchanged to five points lower. Spot coffee dull. Sugar, raw and refined, quiet and firm.

**Free Medical Treatment For Weak Men**

Who are Willing to Pay When Convinced of Cure.

A SCIENTIFIC combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remedies and appliance—without advance payment—to any honest man. If not all that is claimed—all you wish—send it back—that ends it—pay nothing.

This combined treatment creates health, strength, vitality, sustaining powers, and restores weak and undeveloped portions to natural functions.

There is no C. O. D. extortion, no deception of any nature in this offer.

*HIGH PRICED HACKNEYS.*

SOME OF THE PRINCE OF WALES' HORSES SOLD — A LARGE COMPANY PRESENT — KEEN COMPETITION.

London, May 23—The annual sale of the Prince of Wales' hackneys took place to-day at Wolforton, near Sandingham House, the seat of the Prince of Wales, in Norfolk, and was successful. There was a large attendance, including the Duke of York, the Duke of Marlborough, the Earl of Coventry, Lord Iveagh, Lord Marcus Beresford, Sir Edward Sassoon and Sir Thomas Lipton. The Prince of Wales presided at the luncheon, at which 1,200 persons were seated. Lord Iveagh paid 1,050 guineas for a pair of bay geldings. There was keen competition between Sir Thomas Lipton, the Earl of Coventry and Sir Edgar Vincent for the chestnut gelding Coup de Grace, which was finally secured by Sir Edgar for 925 guineas. Sir Thomas Lipton subsequently bought a mare for 683 guineas. Altogether 66 horses were sold, and the total sum realized was upwards of 12,060 guineas.

FINANCIAL DIFFICULTIES.

J. N. O. Gagnon, of Quebec, lumber merchant, has made a demand of assignment upon Narcisse Jobidon, contractor, of this city. His assets are placed at $4,570 and liabilities at $4,578.

Mr. Georges Lefebvre, accountant, was named provisional guardian, and a meeting of the creditors is ordered for the 31st instant.

For carpets at lowest prices, go to Glover, Fry & Co.

A QUEER VERDICT.

Fredericton, N.B., May 23—The inquest to-day on William McLean, who was killed at Stanley several days ago, was concluded, when the jury rendered this somewhat remarkable verdict: "We, the undersigned jurors, find that William McLean came to his death by the stab of a knife." Coroner Moore told the jury that he was surprised at the verdict, and that they might just as well have ignored all the evidence as to refuse to state by whose hand the deed was committed. The evidence was strongly against the prisoner Gover.

NO NEED TO SEARCH.

THE SPRING FISHING.

All the trains on the line of the Quebec and Lake St. John Railway are carrying large numbers of fishermen who are after the speckled beauties or the gamy ouananiche. Mr. Frank Ross, jr., left town yesterday morning with a guest for his pools at the mouth of the Ouiatchouan, where he has a famous preserve. Mr. Gaspard Lemoine, of J. B. Renaud & Co., and a friend, have returned home with a good catch of ouananiche from the Metabetchouan, where the fish are now taking well in the mouth of the river, and where good sport may be had during the next few weeks. Mr. W. F. McCormick, who was here the other day, and reports having had fine trout fishing with the fly in the preserved lakes and rivers recently recently leased by Mr. Robert Rowley, of the Laurentides House, from the Government. Mr. R. Tallet has secured some very large red trout in Lake Edward itself. Hon. Mr. Dechene and party, who are again up the country upon a trout fishing expedition, are expected home to-night. Another party of eight or ten members of the Triton Fish and Game Club left here yesterday morning for their preserve, headed by Mr. Gregory, of Syracuse, President. Members of the Nonautum Fish and Game Club are expected here in a few days from their limits, and last night several parties of this city left for Lakes Beauport, St. Joseph and St. Charles, where they will be joined by others to-day.

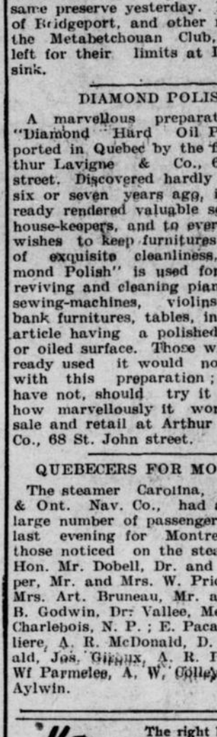

Mr. George Garneau, President of the Laurentides Fish and Game Club, and a party of friends, returned from their lakes on Monday night, after enjoying very good sport, and Mr. E. B. Garneau and party left for the same preserve yesterday. Dr. Porter, of Bridgeport, and other members of the Metabetchouan Club, have also left for their limits at Lake Kiskisink.

DIAMOND POLISH.

A marvellous preparation is the "Diamond Hard Oil Polish," imported in Quebec by the firm of Arthur Lavigne & Co., 68 St. John street. Discovered hardly more than six or seven years ago, it has already rendered valuable services to house-keepers, and to every one who wishes to keep furnitures in a state of exquisite cleanliness. The Diamond Polish" is used for polishing, reviving and cleaning pianos, organs, sewing-machines, violins, guitars, bank furnitures, tables, in fact any article having a polished, varnished or oiled surface. Those who have already used it would not dispense with this preparation; those who have not, should try it and realize how marvellously it works. Wholesale and retail at Arthur Lavigne & Co., 68 St. John street.

QUEBECERS FOR MONTREAL.

The steamer Carolina, of the R. & Ont. Nav. Co., had an unusual large number of passengers on board last evening for Montreal. Among those noticed on the steamer were: Hon. Mr. Dobell, Dr. and Mrs. Harper, Mr. and Mrs. W. Price, Mr. and Mrs. Art. Bruneau, Mr. and Mrs. C. B. Godwin, Drs Vallee, Messrs. J. A. Charlebois, N. P.; E. Pacaud, P. Valliere, A. R. McDonald, D. R. McDonald, Jos. Giroux, A. R. Pruneau, G. W. Parmelee, A. W. Colley and T. C. Aylwin.

The right kind of flesh means health. Nearly all sick people lose flesh; and Dr. Pierce's Golden Medical Discovery restores it with wonderful rapidity. But it does not make flabby fat; it will not increase the weight of corpulent people; it gives the substantial healthy muscular tissue that is accompanied by strength and vitality.

"I am thankful to say I am feeling entirely well once more," writes Mrs. Hannah J. Watkins, of Raccoon, Laurel Co., Ky., "after unfavorable letter to Dr. R. V. Pierce, of Buffalo, N. Y. "When I wrote you first I was feeling very badly, and the reason I want this published is because I think it may induce some poor suffering one to try Dr. Pierce's medicines and get well.

"But I can only give you a small idea of how I was suffering with what doctors pronounced indigestion and womb trouble. I had been troubled with my stomach for four years and with womb trouble about thirteen years, or ever since my first baby was born. When I wrote to Dr. Pierce I had such terrible misery I could not tell how I was suffering.

"Sometimes I felt that I would rather die than live. My stomach was all out of order and I would belch nearly all the time; nothing I ate agreed with me. I was sick at my stomach half the time, my shoulders ached, my sides hurt, my legs and arms ached, and I was tired and sick all over. My bowels were either too loose or bound up all the time. I have taken in all seven bottles of Dr. Pierce's Golden Medical Discovery, and five of Favorite Prescription, also I followed the advice I found in the little book called 'Woman and Her Diseases.' Now dear Doctor, I am so thankful I wrote you, and for your kind advice. You were so kind to write me and not charge me anything for consultation. When I commenced taking your medicine I weighed one hundred and four pounds and now I weigh one hundred and sixteen, and I am gaining all the time."

If constipation is also present, Dr. Pierce's Pleasant Pellets should be taken. They never fail; they never gripe. Medicine dealers sell Dr. Pierce's medicines.

*HOW EMPIRE DAY WAS*

CELEBRATED AT THE QUEBEC HIGH SCHOOL, THE GIRLS HIGH SCHOOL AND THE CENTRAL SCHOOLS YESTERDAY.

Empire Day was celebrated in the city yesterday at the High School of Quebec, the Girls' High School and at the Central or Elgin street school. Flags floated gaily from the various buildings. At the High School special pains were taken to impress upon the minds of the boys the vast size, importance and grandeur of the British Empire. Geographical and historical reviews were made, illustrating the enormous area of the grand Empire, and the battles fought on the same.

At two o'clock in the afternoon Mr. P. Johnston and the Rev. Messrs. A. T. Love and D. Tait visited High School, where the boys were all formed up in the large class room. Mr. Johnston, who occupied the chair, addressed the pupils and their teachers. He referred to the extensive possessions of the British Empire, upon which the sun ever shone, reminding them that they belonged to the greatest Empire which the world has ever seen. The country to which they belonged, this Canada of ours, was portrayed with all its beauties. Mr. Johnston went on to show the population of the Empire, taking Canada and the other colonies.

The Rev. Mr. Love then addressed the gathering. The rev. gentleman, in referring to Empire Day, informed them that the movement had been first introduced into the department of education in the Province of Quebec by the Hon. Mr. Ross about three months ago, and that it has been observed for some time in Ontario. The day chosen by Ontario and the Maritime Provinces for the celebration of Empire Day also falls upon the 23rd of May. The reverend gentleman went on to say that he had been struck by the patriotism of the boys and girls of the United States, in comparison to that of Canadians. He would not infer that Canadians were not loyal, but they did not give way to their feelings to the same extent as the Americans. British Columbia has not yet observed the day, but will probably do so in the near future. The object is love, devotion and patriotism, and the proposition is that while the forenoon should be taken up with discussion and song, the afternoon should be observed as holiday.

The Rev. Donald Tait, who also addressed the assembly on patriotism, stated that while the Americans carried it to the extreme, showing too much feeling, we in Canada here were inclined to carry it to the other extreme. The rev. gentleman went into the derivation of the word patriotism, showing how it had originally sprung from the Latin word Pater, a father. Patriotism, he said, was not hatred for other countries, but love of your own land first. No matter how humble, we should all love our native land. The speaker took for example such men as Bruce, Wallace and others.. There was special reason for loving Canada with all her beauties, the Rocky Mountains and great lakes and the view from our own Terrace was unexcelled He then quoted the words of Princess Louise, in which she spoke of the splendid view from the Terrace. He compared the St. Lawrence with the Hudson; which is called the Rhine of America. The St. Lawrence could indeed compare favorably with the Rhine and the Amazon. The advantages of religion and education were nowhere greater than in Canada. Some people had said that Canada had no history. Canada has a history, and is proud of it. It will also grow in years to come. Canada and the whole of the British Empire is reigned over by one of the greatest and best ladies who ever ruled.

Mr. Johnston excused Mr. G. W. Parmelee and the Rev. Dean Lennox W. Williams, who were unable to attend.

The National Anthem was sung in chorus, Mr. O. McCutchen presiding at the piano.

Three rousing cheers were then given for each of the following: The Queen, our Empire, Canada, the Directors, the Rector and staff.

The pupils were then dismissed for the remainder of the afternoon.

GIRLS' HIGH SCHOOL.

The Rev. Dr. MacRae and Messrs. G. W. Parmelee, P. Johnston and E. H. Taylor visited the Girls' High School at 11 a.m. A special programme had been drawn up for the occasion, and several speeches were delivered. At the conclusion the young ladies were dismissed for the afternoon.

The celebration was a loyal one, the girls, being formed up on the play ground in rear of the building, were marched into the structure, where they assembled in the large class room, headed by two little tots, each bearing a Union Jack. After the chorus "Land of the Maple," by the pupils, Dr. MacRae delivered an interesting address, appropriate to the occasion, after which he called for the song "The Red, White and Blue," which was rendered in a very creditable manner by a number of young ladies. Mr. George W. Parmelee followed in an eloquent address, in which he portrayed in choice language the significance of the days exercises. The "Maple Leaf" then being sung by St. John, Mr. Johnston made a brief but appropriate address, which was followed by cheers and handclapping. Cheers were given for the Commissioners, Miss Macdonald and the teachers, after which the National Anthem was sung.

CENTRAL SCHOOL.

At two o'clock Dr. J. M. Harper, Mr. F. C. Wurtele, Rev. Dr. MacRae and Messrs. Peter Johnston and E. H. Taylor visited the Central School, where the pupils and their nine teachers were assembled to receive them.

Sir James LeMoine was also present and occupied a seat on the dais.

Dr. MacRae occupied the chair, and the following programme was carried out:

Introductory remarks—Rev. Dr. MacRae.

Opening Lines— Master Roland Woodley.

Recitation—Primary Department.

Song—"Our Flag and Empire," pupils of school.

Recitation—Love of Country, Miss Florence Medley.

Song—Pupils of Primary Department.

Recitation—"The Colors of the Flag." Masters N. Copeman, N. Smith, Bradley and Stewart Petrie.

Address—Dr. J. M. Harper.

Address—Rev. Dr. MacRae.

"God Save the Queen."

The opening lines recited by Master Roland Woodley were composed by Mr. John Sangster, Rector of the school, and ran as follows:

"We celebrate our Empire Day with speeches and with song,
We love our dear old Mother-land, God grant we love her long;
This dauntless flag we foster much, has always fought for right,
With it we sail around the world and share in Britain's might."

The song, "Our Flag and Empire" which was sung in a chorus by the pupils, is wholly Canadian, the words being composed by Dr. J. M. Harper and the music set by Mr. Budden, of Ontario.

Sir James LeMoine related in glowing terms some of the ancient tales pertaining to Quebec. He related how General Montcalm came back through St. Louis street to die at Dr. Arnoux's house. Dr. Arnoux's house is now occupied by Campbell's livery office, and not No. 49 Rampart street, as supposed by some.

At the conclusion of the programme cheers were given for the Queen, the Commissioners, the speakers and the teachers.

The pupils were then dismissed for the remainder of the day.

Notwithstanding that yesterday's celebration was the first held in the Old Rock City, a deep impression of true patriotism has been left on the young minds for their beloved sovereign, country and Empire.

THE DAY AT HALIFAX.

Halifax, N.S., May 23—The Halifax Public School celebrated Empire Day with great enthusiasm. One of the features of the day was an address by the United States Consul, General Foster, at the County Academy. The Consul-General eulogised the British Empire, and told the boys and girls they ought to be proud to belong to the nation over which Queen Victoria reigned. He referred to the new American policy of expansion, and claimed that it really meant Anglo-American expansion, for hence for the interests of the two nations to be identical. The situation was emphasized in far-away Samoa, where the tars of Great Britain and the United States fought side by side and died like men, descendants of the noble Anglo-Saxon race.

IN MONTREAL.

Montreal, May 23—Empire Day was generally observed in the Protestant schools of the city to-day, appropriate exercises being conducted at the High School before a large gathering. Dr. Kelly delivered an address on the expansion of the British Empire. The British flag was raised on all the schools.

AT TORONTO.

Toronto, Ont., May 23—Empire Day was celebrated in the Public Schools of the city to-day in a most enthusiastic manner. The school trustees attended the schools in their respective districts, and with other prominent persons made addresses appropriate to the occasion. Songs expressive of loyalty to Canada and the Empire were sung by the scholars, and other exercises of a patriotic natuse were gone through with.

ELSEWHERE.

Celebrations were also held at Ottawa, London, Hamilton, Kingston, Winnipeg, St. John, Charlottetown, and many other cities and towns and villages.
