THE TROUBLE AT ANTICOSTI.

Marchand Government Goes to the Assistance of Mr. Menier's Tenants

AND WILL PAY COST OF LITIGATION.

The Provincial Government has assumed the cost of contesting the rights of the Fox Bay settlers against the legal proceedings instituted by Mr. Menier for ejectment. It seems that when the Government sent the Provincial Police to Anticosti to assist in the ejectment of the people there, it acted under a misapprehension. According to a statement which the Chronicle publishes this morning, the Government was led to believe that the parties to be ejected were recent intruders.

The Minister of Public Works, Mr. Duffy, had a consultation yesterday with Rev. E. J. Stobo, the Treasurer of the fund to test the rights of the Fox Bay settlers. The result of the consultation was that Rev. Mr. Stobo communicated the following statement to the Chronicle:—

After having conferred with the Hon. H. T. Duffy, I am at liberty to make the following statement:—

1. That the sending of a Provincial Police force to Anticosti, to evict the Fox Bay settlers, was due to misrepresentation, as the Government was given to understand that a number of men had come over from Newfoundland, who were dangerous characters, were trespassing upon Mr. Menier's land, and endangering life and property. The Government did not know that these men had been occupants of the said lands for a quarter of a century, and were persons whose moral probity could be vouched for.

2. As soon as it was made known to the Government, Mr. Menier was given to understand that the document signed by the settlers at Fox Bay, under intimidation, was null and void, and that the said persons could only be moved by legal process, which process is now in course, in the Superior Court, Murray Bay.

3. That from the outset, that is since July, the Government has been disposed to deal liberally with the Fox Bay settlers, and in the event of eviction by law, or even of a compromise of the case, to move them free of all charge, and locate them on other lands where they would be free to make a living undisturbed by landlordism.

4. That now by an Order-in-Council, and also by a letter furnished to Mr. W. H. Davidson, advocate, and attorney for the settlers, the Government engages to defray the expenses of a test case in the Superior Court, up to a certain amount, to be agreed upon between settlers' counsel and the Government, which we deem a very fair and liberal arrangement on the Government's part.

5. Having been pressed to act as Treasurer of a "Legal Defense Fund," the above named arrangement between Mr. W. H. Davidson and the Government makes it no longer necessary for me to push the subscription list, but only to hold in bank the sums already subscribed against eventualities, as it is unknown how far the case may go, or what may be the needs of the settlers.

I may say that so far as I have any connection with the Fox Bay settlers, I sincerely thank the Government in their name, for the present satisfactory arrangements for a test case. I think it is due also to the public that the above should have publicity, in order to quiet unnecessary agitation.

GIBSON GETS A SEAT.

He Carries East Wellington Easily.

HON. MR. HARTY MAY RESIGN.

Toronto, Oct. 27.—Lt.-Col. Gibson, the Minister of Crown Lands in the Hardy Government, carried East Wellington to-day by a majority of 400. The constituency was Liberal in the general election, so that this is not a gain for the Government, except that Mr. Gibson, who has hitherto held his portfolio without a constituency, now gets a seat. The other member of the Cabinet who was defeated in the last election, Mr. Dryden, is fighting hard in South Ontario, where polling will take place next Tuesday.

An evening paper says:—"The rumor that Hon. William Harty is to resign is again revived and this time the rumor seems to be somewhat definite. When Mr. Harty leaves his office and is free from work his health improves in a marked degree. When he returns he gets worse. It is stated that his physicians say he must give up work entirely if he wishes to improve."

"In connection with this rumor is another that Mr. Frank Latchford, of Ottawa, will be taken into the Cabinet. The Roman Catholics of Ottawa are not pleased because the protest against Mr. Powell, the Conservative member, was not pressed. This this the first time that they have not had one member in Parliament. Mr. Lumsden, the present member, does not care much for political life."

A PRESIDENTIAL EDICT.

Which Will Involve Several Thousand Dismissals.

Washington, Oct. 27.—It is understood that a Presidential edict, removing a large number of Government officers from the Civil Service, will probably be promulgated shortly before Thanksgiving Day. The order is one which has been in contemplation for many months, having been deferred from time to time owing to pressure of war business. As at present determined upon, the order will affect upwards of 6,000 places. It will include deputy collectors of internal revenue. There are about 2,000 of these deputies. The largest class affected is the corps of examining surgeons of pension bureaus, of whom there are in all over 4,100.

Clarke Wallace Going to Washington.

Toronto, Oct. 27—The Executive Committee of the Canadian Manufacturers' Association met this afternoon and appointed Hon. N. C. Wallace to go to Washington when the International Conference resumes its sittings shortly, and watch the interests of the Canadian manufacturers, with special instructions, so far as possible, to prevent any legislation which the Manufacturers' Association will regard as unfavorable to their interests being incorporated into the prospective treaty. Mr. Wallace represented the Association while the International Conference was in session at Quebec.

Dr. Ireland Not on Board S.S. Scotsman.

Montreal, Oct. 27—A special cable received here states that Dr. Ireland, who disappeared some time ago from Montreal, is not on the passenger list of the s.s. Scotsman, as supposed, and that nobody answering his description was on board the vessel when it arrived at the other side.

CHIEF JUSTICE STRONG'S AWARD.

Decision in a Dispute Between the United States and Peru.

Washington, Oct. 27—The award of the Chief Justice of Canada, to whose arbitration was submitted the claim of Victor H. McCord against the Government of Peru for damages sustained by reason of imprisonment during one of the revolutionary outbreaks there, has been received at the State Department. McCord is awarded $40,000. The payment of this amount will close a diplomatic controversy which has been in progress between the United States and Peru for some years, the United States having persistently, but fruitlessly heretofore, urged reparation for McCord.

THE U. S. AND PHILIPPINES.

Spain Cannot Yet Believe She Must Give Them Up.

London Oct. 28—The Madrid correspondent of the Standard says:—"The Government has good reason to believe the United States intend to retain the Philippines on the ground that President McKinley must satisfy public opinion. The Government believes that the American Commissioners will argue the necessity of thus deviating from the spirit and text of the protocol on the ground that the condition of things on the Island of Luzon and the Archipelago renders it impossible for America to abandon her natives allies or for Spain to re-establish her rule without heavy sacrifices of men and money, and finally because Spain could not be allowed to retain possession except under conditions unpalatable to Spaniards and to their colonial traditions. Spain, however, cannot yet believe she will be deprived of the Philippines without some pecuniary compensation in addition to a recognition of the Philippine loan of 1896. Therefore, upon the question of the Philippines, the Spanish Commissioners will make even a stronger resistance than they have made over the Cuban debt.

Saw Mill Burned.

Bracebridge, Ont., Oct. 27—This evening at 6.15 J. D. Shield's lumber mill was discovered to be on fire and before assistance could be obtained the mill was enveloped in flames. The building is a total loss, estimated at $5,000, fully insured. The lumber and shingles were all saved. The fire is supposed to have originated from friction of the band saws.

Earthquake at Ottawa.

Ottawa, Oct. 27—About one o'clock this morning, an earthquake passed over the city. The shock was felt distinctly on Sandy Hill and also in the vicinity of Gilmour street. On the latter street several of the houses were shaken, awakening the inmates and causing great alarm. The shock was only slightly felt in the vicinity of Sparks street. Its duration was about ten seconds.

An Inter-Oceanic Canal.

Managua, Nicaragua, Oct. 27—Mr. Edward F. Cragin, the Chicago contractor and engineer, with Messrs. Edward Eyre and Frank S. Washburn, of New York City, have made an agreement with President Zelaya to construct an inter-Oceanic canal. Under the terms of concession they are authorized to negotiate with the Maritime Canal Company, whose concession will lapse next October

NO TREASON BY DREYFUS.

Court of Cassation May Decide in this Sense.

AND QUASH THE COURT MARTIAL.

Revelations of the Part Played by Members of the General Staff, Likely to Produce a Reaction.

Paris, Oct. 27—The Court of Cassation, which is to decide upon the question of re-opening the case of Alfred Dreyfus, the prisoner of Devil's Island, who is alleged to have been illegally convicted of selling important military plans to agents of a foreign Power, opened at noon to-day. The hall was very full of people, but there was no demonstration around the Palace of Justice. The gates, however, were closed as a matter of precaution and only the ticket holders were admitted. The few spectators about the Palace were kept moving by the police and inside the building Municipal Guards were stationed in all the corridors leading to the Court room.

Maitre Labori, who was counsel for M. Zola during the latter's famous trial, was seated among the lawyers occupying the first row. Madame Dreyfus, wife of the prisoner, was provided with a seat in a corner. She was represented by Maitre Mornard.

The Dreyfus appeal case was called immediately after the opening of the Court.

Reporter Bard opened the proceedings by referring to the excitement and scandals caused by the case, even before the appeal for a revision of the trial was lodged. He then reviewed the history of the case from the arrest of Dreyfus and said his condemnation was for one of the crimes which inspire universal horror and it struck one of those in whom the country had the most confidence. Continuing M. Bard spoke of the efforts made to obtain a revision of the case. He referred to the denunciation of Major Esterhazy and reviewed Mme. Dreyfus' appeal for a revision of the case. In so doing M. Bard said this appeal was based on the assumption that the bordereau was written by Major Esterhazy. He then pointed out that there were suspicious facts which justified the request for a revision. Mme. Dreyfus contended that her husband did not write the bordereau which all the experts reported he did write. The Court, therefore, would have to examine these facts and decide whether a revision was justified. M. Bard added that the appeal for a revision was decided upon in consequence of the late Lt.-Col. Henry's confession that he had forged a document in the case, but M. Bard said this forgery was committed in 1896 and could not be alone regarded as ground for a revision or for an annulment of the judgment rendered in 1894.

THE HENRY FORGERY.

Nevertheless, M. Bard then said, Lt.-Col. Henry had committed suicide. His evidence was not crushing against Dreyfus, and, he continued, the evidence of a forger is open to suspicion. There was therefore the presumption of innocence, based upon fresh facts, which led to the appeal for a revision of the case, and there was also ground to ask whether another new fact has not been brought to light and if Dreyfus was really the author of the bordereau and note written to Major Esterhazy and found in the apartments of Mlle. Pays, in which the writer asked what he should do respecting the bordereau. M. Bard next read Col. Du Paty de Clam's report of the arrest of Dreyfus, then a Captain of the French Artillery doing staff duty, in which Col. Clam said M. Dreyfus, while writing to his dictation, "betrayed intense excitement."

TELL TALE PHOTOGRAPHS.

M. Bard added, amid the surprise of his hearers:—"The photograph taken of this writing does not give the slightest indication that Dreyfus was laboring under excitement." Dreyfus, M. Bard also said, denied to Col. Du Paty de Clam that he ever had relations, directly or indirectly, with foreign Powers. Col. Du Paty de Clam's report further showed that Dreyfus had to write the incriminating documents in ten different ways, sitting and standing, with and without gloves, and with ordinary and broad pointed pens. Later, M. Bard cited further facts favorable to revision, and expressed astonishment at the manner in which the whole affair had been conducted. He referred to the fact that the residence of Colonel Picquart had been searched, while the residence of Major Esterhazy, who was directly accused, was not searched. The Reporter also severely criticized Major Ravary's report on the charges against Major Esterhazy, and he further said that the handwriting experts, Delhomme and Virniard, were lunatics, whose testimony was unreliable. After referring to the fact that the experts who examined the bordereau differed widely in opinion, M. Bard concluded with expressing the belief that if the bordereau was the principal factor in the condemnation of Dreyfus on the testimony of the experts, his condemnation ought to be revoked.

During the session of the Court an anti-revisionist mob, numbering about 100 persons and headed by M.M. Drumont, Millevoye and Lasies, shouting "Vive l'armee" and "A mort les Juifs" (death to the Jews), attempted to enter the Court of Cassation, but the passage of the mob was barred by the police and large reinforcements were sent to guard the approaches to the Court.

COL. PICQUART'S LETTER.

Great stress was laid by M. Bard on Col. Picquart's letter of July 14, 1898, to the Minister of Justice, in which he gave seven principal arguments against the probability of the guilt of Dreyfus, including the impossibility of Dreyfus procuring the plans of fortresses and projects for movements of troops undetected, whereas Major Esterhazy had free access thereto. This letter also cites interviews which Col. Piquart had with Generals Ballot and Gonze, and says:—"With the proofs in my hands I have established the innocence of Dreyfus."

To this General Gonze replied, according to the letter to the Minister of Justice: "What is it to you if Dreyfus is on Devil's Island?" Col. Picquart—"But he is innocent." General Gonze—"You know Mercier (former Minister of War) and Sausier (former Military Governor of Paris) are mixed up in this affair. Do you wish to compromise them?" The letter then continued that on leaving Gen. Gouze, Col. Picquart declared he was convinced of the innocence of Dreyfus and he proposed to fight the matter out and reveal what he knew.

A SENSATION IN COURT.

These statements upon the part of Reporter Bard caused a sensation in Court.

After further reference to Col. Picquart's charge that the Minister of War and the General Staff had tampered with documents and had manufactured evidence in the Dreyfus case, and a presentation of contradictory statements of Col. Picquart and the Minister of War relative to the secret documents said to have been communicated to the court martial, the hearing of the case was adjourned until to-morrow.

The belief is general to-night that the Court of Cassation will pronounce neither for revision nor for annulment of the decision in the Dreyfus case, as either course would entail awkward consequences.

HAS BEEN NO TREASON.

To avoid this it is expected the Court will decide that as the affair now presents itself there has been no treason and that therefore the condemnation pronounced upon Capt. Dreyfus by the court martial cannot be upheld.

The Courier du Soir says that the revelations in the report of M. Bard before the Court of Cassation as to the part played by some members of the General Staff have produced a strong effect in military circles and are likely to result in a reaction tending to put an end to the antagonism between the civil and military authorities.

COL. HENRY'S CONFESSION.

The sensation of M. Bard's report was the shorthand notes of the late Lieut.-Col. Henry by M. Godfrey Cavaignac, then Minister of War. After Henry's forgery had been discovered, those notes showed that the confession of forgery was only obtained with the utmost difficulty, Henry stoutly denying and then prevaricating to the effect that he only added one phrase to the genuine letter, and then, when driven to the last corner, protesting that he acted for the country's good. The drift of M. Bard's conclusion was that Comte Esterhazy was the real culprit, but that his condemnation would have meant the ruin of the Intelligence Department.

M. Bard animadverted severely on the withholding of the secret dossier from Dreyfus himself, as the presenting of the documents to Dreyfus could not have compromised the national interests, he said, and the course adopted was in flagrant violation of the rights of French citizenship since 1780.

TO STIFLE THE TRUTH.

Although the proceedings thus far are so favorable to Dreyfus, it must not be assumed that there will be any real clearing up of the mystery. It looks rather as though an attempt is being made to stifle the real truth by liberating Dreyfus without a new trial.

It is asked by Dreyfusites if the secret dossier exists, as alleged, what good purpose can be served by the Court of Cassation giving a decision without seeing it, since that is the only real proof, if any, of the guilt of Dreyfus.

To-morrow's sitting of the Court of Cassation is awaited with intense anxiety.

London, Oct. 28—According to the National Review, Emperor Nicholas of Russia has become an advocate of the Dreyfus revision.

THE SECRET DOSSIER.

General Chanoine's resignation was timed to prevent the civil power getting hold of the Dreyfus dossier. It was calculated that if he went out slamming the door, that the Government would be beaten by a Parliament afraid of having the army and the people against it. The coup was fixed for to-day (Thursday), but M. Deroulede's sting provoked Chanoine to precipitate the matter. However, the desired object has been accomplished. M. Brisson was unable, during the suspension of the sitting of the Chamber on Tuesday, to obtain M. Faure's signature for the nomination of a new Minister for War. Had he succeeded the secret dossier would now be before the Court of Cassation, but M. Lockroy, as an ad interim War Minister, cannot take the initative. The custodians of the dossier can refuse to let him see it. General Chanoine is one of the few Generals in the active service who was closely linked with the army of the Empire. He is a son-in-law of General Froissart, the late Prince Imperial's tutor. M. Brisson probably chose him for the War portfolio because he was on excellent terms with the Russian Court and the general French staff.

LADIES IN COURT.

The Court of Cassation seldom draws ladies. To-day many richly dressed women were there. The sitting of the Court resembles a chapter meeting in a cathedral, where passions can have no place as they have in other Courts. Nevertheless, M. Bard's report was listened to with breathless interest and a child could understand it. There were no legal technicalities, the facts were all made to speak for themselves. No conclusion was suggested, but there were conclusions to which one could not help coming. M. Bard's report cannot be otherwise than favorable to Dreyfus.

ENGLAND'S GRIP TIGHTENS.

Rumoured British Protectorate Over Egypt.

Paris, Oct. 27—It is reported here this evening that the British Cabinet at to-day's session decided to proclaim the protectorate of Great Britain over Egypt.

ARRESTED IN THE STATES

He Was a Fugitive From St. Pierre, Miquelon.

Boston, Oct. 27—At the instigation of Duncan Bailey-Blanchard, French Consul in Boston, Albert Emile Caste was arrested by Deputy United States Marshal Waters to-day and brought before United States Commissioner Fiske on a complaint charging him with being a fugitive from justice. M. Caste is wanted by the French authorities. Up to a year ago he was employed as a receiver in the Post Office on the Island of St. Pierre, off Newfoundland. This position is similar to the office of Postmaster in the United States. The defendant came to Boston to evade arrest on the charge of embezzling several thousand dollars from the French Government funds entrusted to his care. M. Caste was tried and convicted and before sentence was passed he escaped from the Island. Since then the officers were ignorant of his whereabouts.

The Goderich Murder Case.

Goderich, Ont., Oct. 27—The Coroner's inquest in the Cox-Beatty murder, which took place in Goderich Township yesterday, began here this afternoon before Coroner Holmes. The Crown was represented by E. N. Lewis and the prisoner's case was handled by Philip Holt. The prisoner was deeply affected, as were the others interested. A number of witnesses testified as to their knowledge of the case and the family relations of the parties implicated, after which the inquest was adjourned until to-morrow, at Goderich, there being several witnesses still to examine.

SPLENDID DEMONSTRATION

In Honor of Kitchener's Home-Coming.

CHEERS FOR GORDON'S AVENGER.

Guardsmen Wanted to Shoulder Him —Police Unable to Clear a Way —Had to be Smuggled Away.

Dover, England, Oct. 27—General Lord Kitchener of Khartoum, arrived at Dover this afternoon from Paris and was frantically cheered by enthusiastic crowds of people assembled to welcome him home. He was met at the landing place by Major-General Sir William Francis Butler, the Military Commander of this District, and by the Mayor, the Corporation and local functionaries. Later General Kitchener was presented with an address of congratulation.

KITCHENER IN LONDON.

London, Oct. 27—General Kitchener arrived here this evening and was greeted by the Commander-in-Chief of the British forces, General Lord Wolseley and other high military officers. The Grenadiers formed a guard of honor at the railroad station, and General Kitchener received an ovation from enormous throngs of people assembled to welcome him back from Egypt. The scene of enthusiasm was almost unprecedented.

POLICE UNABLE TO CLEAR A WAY.

The crowds at the Victoria Station of the London, Chatham & Dover Railroad were so dense that the police were unable to cope with them. The barriers and the police cordon were carried away together and the multitude surged into the reserved portion of the station. As the Sirdar issued from the Royal waiting room, expecting to step into his carriage, he found himself confronted with an impenetrable mass, cheering, gesticulating and shouting "Bravo Herbert, God bless you, my boy," "Cheers for the avenger of Gordon," and kindred cries. His face beamed with pleasure at the popular greeting.

When he attempted to make his way through the crowd his hat was smashed in and the police had to save him forcibly from the attentions of enthusiastic Guardsmen, who desired to carry him on their shoulders through the throng. All attempts to clear a passage were futile. The Sirdar was forced to retire and was finally smuggled out of the station through a distant corner of the building.

GENEROUS PRAISE FOR MARCHAND.

Paris, Oct. 27.—The Evenement this morning publishes an interview with Gen. Kitchener, during the course of which the British officer is quoted as saying:—"I am only a soldier and I am ignorant of diplomacy, which is not my business. I hope the diplomatists will succeed in settling amicably the difficulty. I can only praise the French, particularly Major Marchand, who received me at Fashoda with charming cordiality. I shall always retain a pleasant souvenir of that reception. The situation is rightly regarded as most critical; but, I cannot approve of those who say war is the only solution. A calm, courteous discussion will give a solution acceptable to both nations. I have the greatest confidence in diplomacy, and perhaps my opinion of Major Marchand's exploit may contribute to the result which we all desire.'

THE MARCHAND GOVERNMENT

Arraigned by Hon. Mr. Flynn in a Speech in Montreal.

Montreal, Oct. 27—Hon. E. J. Flynn addressed a large Conservative meeting here to-night. The meeting, which was held by the new French Conservative Association, was attended by many prominent Conservatives. Mr. Flynn, in his address, arraigned the Marchand Government. Addresses were also delivered by ex-Premier Taillon, Speaker Leblanc and others.

Street Car Strike.

London, Ont., Oct. 27—The trouble between the Street Railway Company and their motormen and conductors culminated in a strike at 4.30 this afternoon. At that hour the motormen headed their cars for the barns from all parts of the city and within three-quarters of an heur every car was off the streets. The Company has made no attempt to take the cars out, but will do so to-morrow morning, when trouble will doubtless ensue.

A Disgusted Woman.

It isn't any wonder that some women get disgusted with medicine and lose faith in the doctors. When a woman complains of feeling weak, nervous and despondent, and suffers from headaches, pains in the back and stitches in the sides and burning, dragging-down sensations, the average physician will attribute these feelings to heart, stomach or liver trouble. For years, possibly, she takes their prescriptions for these ailments without receiving any benefit, then, in final disgust, she throws away drugs, and hopelessly lets matters take their course. A woman who suffers in this way is almost invariably a sufferer from weakness and disease of the internal organism. There is an distinctly feminine organism. There is an unfailing and inexpensive cure for all troubles of this description. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs concerned, making them well and strong. It heals all internal ulceration and stops debilitating drains. It takes the pressure off the nerves and makes them strong and steady. Under its marvelous merits thousands of women have been made healthy, happy and robust. The "Favorite Prescription" restores weak, nervous, pain-racked women and makes them strong, healthy, capable wives and mothers. With its use all pain and suffering disappear. All good medicine stores sell it and have nothing else "just as good."

Constipation and torpid liver will make the most ambitious man or woman utterly good for nothing. Dr. Pierce's Pleasant Pellets cure them. One little "Pellet" is a gentle laxative and two a mild cathartic.

Dr. Pierce's illustrated book, "People's Medical Adviser" sent, paper-bound, free for cost of customs and mailing only, 21 one-cent stamps; or, cloth-bound 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

HALIFAX SAFELY DEFENDED.

The Attacking Force Worsted in Yesterday's Sham Fight.

Halifax, Oct. 27—The mobilization of the regulars of the Halifax garrison and the local militia forces which took place to-day was made uncomfortable for the participants by the prevalence of bad weather. The exercises consisted of the landing of an attacking party at Herring Cove and the defence of the approaches to the city. The attacking force consisted of a number of companies from the Leinster Regiment and the defending force consisted of militia. The harbor forts were all manned but the men in the fortifications had nothing to do. The attacking party were caught by ambush before they had advanced more than two miles and after that their progress towards the city was accompanied by repeated disasters. The result of the day's operations is considered a complete triumph over the enemy. The warships did not take part in the fighting.

LOOKS NOW LIKE PEACE.

All Danger of Friction With France Said to be Removed.

MARCHAND'S REPORT.

A Much Better Feeling in England—The Marseillaise Cheered.

London, Oct. 28—Although nothing official has transpired regarding the deliberations of the Cabinet Council yesterday, the Times says it may be taken for granted that the decisions reached are in full agreement with the policy formulated in the recently published blue book.

The Daily Mail understands that an agreement has been arrived at which removes all danger of friction with France.

Paris, Oct. 27—President Faure received M. Delcasse to-day and had a long conference with the Minister of Foreign Affairs.

MAJOR MARCHAND'S REPORT.

M. Delcasse had a long talk this evening with Captain Baratier, the French officer sent to Paris by Major Marchand with the latter's report of his explorations and arrival at Fashoda.

London, Oct. 27—Speaking at Huddersfield this evening, Sir Edward Grey, Liberal member of Parliament for Berwick-on-Tweed, who was Under-Secretary of State for Foreign Affairs in the Cabinet of Lord Rosebery in 1895, and announced in the House of Commons the policy of the Rosebery Government regarding Egypt, strongly endorsed the policy of the present Government regarding the Fashoda question.

A BETTER FEELING.

The absence of anti-French feeling among Englishmen was demonstrated at the Empire Theatre in Birmingham last evening. The orchestra played "The Marseillaise," whereupon a great majority of the audience threw up their hats and cheered loudly, completely drowning the few hisses which the music elicited from the minority.

VISITORS IN THE CITY.

Some of Those Registered at Leading Hotels.

Amongst yesterday's arrivals at the Chateau were:—H. Gallert, New York; Wm. Hanson, Montreal; Rev. Th. F. Letourneau, Penetanguishene, Ont.; J. M. Court of Review.

The Court of Review opened in this city yesterday under the presidency of Chief Justice Sir L. N. Casault, and Judges Routhier, Caron and Andrews. Only one Quebec case was inscribed for hearing, that of Cantin vs. Belleau. Mr. A. Corriveau appeared for plaintiff and Mr. Lane for defendant. Messrs. Drouin, Pelletier and Fiset appear for defendant in continuance of suit. To-day is reserved for cases from other districts, of which there are nine, viz:—Two from the district of Montmagny, four from Arthabaska, one from Three Rivers and two from Gaspe.

Mgr. Begin's Anniversary.

To-day is the tenth anniversary of His Grace Mgr. Begin's consecration by the late lamented Cardinal Taschereau. Over a hundred priests from Quebec and the surrounding parishes paid their respects yesterday to His Grace in the Palace. Mgr. Marois read an address, to which Mgr. Begin responded. There will be a Grand Mass, at 9 a.m. to-day, in the Basilica, for which a special musical service has been prepared. It will be followed by a Te Deum. At noon there will be a large dinner at the Palace.

Wanted on Another Charge.

The prisoner Martin, who was acquitted at the Court of Queen's Bench yesterday, is to appear at the Police Court to-day. Martin is wanted by His Honor Judge Chauveau on two different charges. Two parties have appeared before the Court accused of having, together with Martin, appropriated the rigging and gear of a schooner which had been stranded, valued at about $100, and the two individuals claimed that they had purchased it in good faith from Martin for $20. They were discharged until to-day, as Martin was on his trial in the other Court at the time.

Death from Heart Disease.

Marie Rosalie Baulay, aged 70 years, widow of the late Jos. Davignon, who lived alone in complete seclusion, was recently found dead upon the floor of her house at St. Mathias. She was fully dressed at the time and a lighted lamp was on the table beside her. The Coroner's Jury found that death was due to heart disease caused by indigestion.

NEW PREMIER IN FRANCE.

M. Dupuy Invited by M. Faure to Form a Cabinet.

FORECAST OF THE NEW MINISTRY.

M. Delcasse to Remain Minister of Foreign Affairs, and Many Other Strong Names Mentioned.

Paris, Oct. 27.—President Faure, at nine o'clock this evening, asked M. Dupuy to form a Cabinet in succession to the Brisson Ministry, which resigned on Tuesday.

Later.—It is thought that the new Cabinet will be composed as follows:—M. Dupuy, Premier and Minister of the Interior; M. Defreycinet, Minister of War; M. Constans, Minister of Justice; M. Delcasse, Minister of Foreign Affairs; M. Ribot, Minister of Finance; M. Bourgeois, Minister of Public Instruction. M. Dupuy has asked until to-morrow to decide, but he will doubtless accept the task unless unforeseen difficulties arise.

THE BRISSON GOVERNMENT'S FALL.

London, Oct. 28—The Paris correspondent of the Daily News says:—"The Brisson Cabinet was overturned ostensibly because it failed to protect the army from slander. The real facts are that the Ministry constantly but vainly urged the slandered staff officers to take proceedings against their slanderers. General Morier, General Zurlinden and General Chanoine, all declined to assist the Government to vindicate the army's honor, on the plea that it was useless to proceed against 'filthy newspaper rags.'"

TURF EVENTS IN ENGLAND.

London, Oct. 27—At the third day's racing of the Newmarket-Houghton meeting to-day, Mr. Leopold de Rothschild's three-year-old brown colt Vatel won the Houghton Handicap. Mr. D. Seymour's bay filly, Rosey O'More, ridden by Sloan, finished second. Fourteen horses ran over the two-year-old course. Mr. J. L. Duggal's five-year-old Sulks was third. The betting was 5 to 3 against Rosey O'More.

The Bretby Nursery Handicap was won by Mr. W. E. Oakley's two-year-old chestnut colt Doddington. Morgante, the property of Lord Durham, ridden by Sloan, finished third. Mr. Simson Jay's b. f. Madame Roberts was second. Nine horses ran. Betting was 100 to 30 against Morgante.

London, Oct. 28—The third welter handicap was won by Lord Dunraven's three-year-old bay gelding Seafog, ridden by Sloan. Mr. W. M. Low's three-year-old Hermiston was second, and The Reeve third. The betting was 7 to 1 against Seafog.

Seventeen horses ran over the Bretby stakes course.

The Domhurst plate was won by the Duke of Westminster's chestnut colt Frontier. The Lorrillard-Beresford stables chestnut colt Oarman, ridden by Sloan, finished second. The Duke of Devonshire's Varal was third. Seven horses ran over the last seven furlongs of the Rowley Mile. The betting was 11 to 8 on Oarman.

A two-year-old selling plate was won by Lord Durham's chestnut filly Wellhope, by Kendal, out of Weardale. Sir R. Walde Griffith's bay filly Madame Delicieuse, ridden by Sloan, was unplaced in a field of ten horses. The betting was 5 to 1 against Madame Delicieuse.

A free hand handicap was won by Sir M. Fitzgerald's three-year-old chestnut colt Heirmal. The Lorrillard-Beresford stables' bay colt Elfin, ridden by Sloan, was among the nine starters but was unplaced. The betting was 11 to 10 against Elfin.

At what Hour Most People Die

The popular notion as to the hour of day at which dying people are most likely to breathe their last has not, it need hardly be said, any scientific basis. The prevailing idea in this part of the world is that people are most apt to "pass away" at the "turn of the night," that is, about midnight. This is not borne out by the result of an analysis made by Dr. Raseri of 25,000 cases when the exact hour of death had been noted. He found that the greatest number of deaths occurred in the early afternoon, 2 to 7 o'clock, and the smallest number in the hours immediately before midnight.

The trial of the Halton election petition took place yesterday before Justice Osler and Mr. McLennan. The petitioner was Jno. Adams and the respondent Mr. Jno. R. Barker, the Reform member-elect, who was unseated after the hearing of evidence.

The Fast Service.

The Government of Sir Wilfrid Laurier is engaged at the present time, according to advices that reach us from Ottawa, in completing the details of the specifications for the Fast Atlantic Service. It is sincerely to be hoped that there will be open competition in this matter all along the line. On business grounds it is better that every interest which desires to bid for the subsidy should have an opportunity to do so. From a political standpoint the Government has everything to lose by making a private arrangement. In Opposition the Liberals maintained that all important contracts should be let by tender. Most of the assaults that have come upon them in office have arisen from departures, real or supposed, from this wholesome principle. If they are wise in their generation they will make no more mistakes of that kind. The competition for the subsidy should not only be an open one as regards those who are to carry it out, but also so far as the terminal points are concerned. In other words the Government should give the investors an opportunity of saying what subsidy would be required for a weekly service from England to Montreal, and what subsidy would be asked for a similar service to Quebec. The Government, in fact, should allow Quebec and Montreal to compete for the service, so that the public may know precisely from which port it will be more profitable to do the business. In the opinion of many it would be possible to establish a service to this port for three-fourths of the outlay that would be required to carry it a day's journey further inland. It is believed that three vessels would give a weekly service to Quebec, whereas four are required to carry it to the city of Montreal. In addition to that saving, the fact that the open season here is longer and may perhaps be maintained all the year round, is an important consideration. Over and over again Governments, both Conservative and Liberal, have essayed in vain to establish a fast line to Canada with Montreal as the summer terminus. It is time that the shorter and cheaper route was tried. At all events there ought to be, in addition to the proposals made by the Quebec Board of Trade, open competition between the two cities, as also between the several prospective tenderers.

A Canadian Mint.

Mr. D. R. Wilkie, the Manager of the Imperial Bank of Canada and President of the Canadian Bankers' Association, is a Quebec man. He was born and educated here. His onward and upward progress in his profession has been a matter of gratification to his many Quebec friends. The Presidential address delivered by him the other day is one of the most interesting that has ever been listened to by the members of the Bankers' Association. One of the matters discussed by Mr. Wilkie is that of the proposed establishment of a Canadian mint. In support of his suggestion to this effect, Mr. Wilkie drew attention to the fact that the gold production of 1899 would probably amount to eighteen million dollars, including the output of the Klondike, and that Canadians were throwing away their opportunities and underrating their importance in sending their bankers and miners to Seattle, San Francisco or New York, to exchange their gold dust for foreign coin. This is a subject which has already engaged attention, but which has never been seriously taken up. As Canada is a nation, for Sir Wilfrid Laurier has told us so, we should have the equipment of a nation. One of these, as Mr. Wilkie points out, is a mint.

The Chronicle does not take notice of anonymous communications. If the writer of a letter signed Irish Liberal, which reached this office yesterday, complaining of the conduct of a contemporary, will give us his name, not necessarily for publication, but as a guarantee of good faith, his complaint will be laid before the public. The same applies to a letter signed Reader, complaining of the case of imported boiler plate by a contemporary which professes to be the organ of Quebec Labor Unions. For the protection of the public and itself, the Chronicle proposes to adhere to the rule that it must know the source of all communications intended for publication.

Quebec has reason to feel honored in the selection of Mr. Thos. McDougall as the new President of the Canadian Bankers' Association. The General Manager of the Quebec Bank will receive the hearty congratulations of his fellow-citizens upon his well-merited promotion at the hands of the members of his own profession. It speaks well for Quebec that Mr. McDougall's immediate predecessor in the Presidency was a native of this city and that his immediate predecessor in the management of the Quebec Bank,—the late Mr. James Stevenson, was also a President of the Association.

THE WAYSIDE CROSS.

A wayside cross at set of day,
Unto my spirit thus did say:

"O soul, my branching arms you see,
Point four ways to infinity.

"One points to infinite above,
To show the height of Heavenly Love.

"Two points to infinite width, which shows
That Heavenly Love no limit knows.

"One points to infinite beneath,
To show God's love is under death.

"The four arms join, an emblem sweet,
That in God's Heart all loves will meet.

I thanked the Cross, as I turned away,
For such sweet thoughts in the twilight grey.
—Frederick George Scott.

FOR THE FAIR SEX.

Pointers About Ornaments for the Hair and Neck.

The modern girl of fashion has a new delight. She is now collecting bows—bows of satin, velvet, chenille or chiffon. With every one of her new gowns three or four bows are ordered. They are all attached to hair pins and have been made to wear in her hair. The well dressed girl does not consider her costume complete unless her coiffure is decorated with an upstanding, pert little bow.

The bows are all wired and are made in many curious shapes. For day wear they are generally of velvet, and sometimes two are worn in preference to one.

It is with the evening gowns that the bows are most fetching. Many are of satin, hand embroidered, and made to represent a butterfly. Others are just a soft little choux of chiffon to be tucked coquettishly close to a knot of hair.

Ornaments for the hair are all the vogue this season, but they have the redeeming quality of being light and airy. Heavy jet and gold and silver ornaments are not nearly so fashionable as those made of some filmy fabric-like gauze.

Feathers and pompons are also the rage. Some of the newest and most effective are white pompons which look not unlike fluffy snowballs; but the hair ornaments are glistening with bits of silver or specks of gold. Feathers for the hair are more in fashion than they have been for several years past. Two small curly tips are worn and the newest are shaded to blend with the gown.

It is also fashionable to wear turtles or lizards in the hair. The turtle ornaments are many of them most costly. They come elaborately studded with jewels.

Jewelled combs are almost relics of the past, chaplets and hair wreaths having so largely taken their place, but delicate diamond ornaments, set on shell prongs, are still in evidence. For instance, nothing could be more lovely than a tuft of fuchsia blossoms in brilliants, or a head of clematis, simulated by silver wires encrusted with diamond dust. Among the pretty throat ornaments is a very narrow, perfectly flexible ribbon of diamonds that passes about the base of the neck and fastens under the chin by a small, neat bow knot. Sometimes the ribbon is made of black enamel, edged with diamonds, and again a black velvet bebe ribbon is drawn about the throat and made fast in front by a tiny bow knot pin of diamonds. Such a jeweled device is supposed to be suitable for debutantes, while the handsomest of the elaborate novelties is of three large linked rings of diamonds that fasten in front of the neck by ribbons that pass on around to the rear and knot snugly. The ribbons for some distance are punctured with bright studs of diamonds, and by the use of much larger links and longer ribbons, a superb belt is made to be worn with evening dresses.

* * *

The true lover's knot in English millinery has taken possession of the feminine heart. There are no more erect loops, nor flat bows slightly drawn in the centre, but there is a great and unexpected demand for the dainty trifles just mentioned.

Palpitation of the heart, nervousness, trembling, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made specially for the blood, nerves and complexion.

An Invitation From Jonathan.

The richest part of the world for Great Britain and the United States to develop trade with is Central and South America. Whatever may be the result of the present flare-up at Pekin, it is plain that the combinations of Europe will keep crowding John Bull. If he will come over to this side of the pond, he will find an "open door" in South and Central America, lots of stuff at our ports to load his ships with, and plenty of demand here for a vast amount and goodly number of South and Central American raw products. There's money in it, John, and if anybody tries to fool with the door we will make them absquatulate.—Philadelphia Commercial.

A MINT FOR CANADA.

Urged by Mr. D. R. Wilkie Before the Bankers.

PRESIDENTIAL ADDRESS.

Very Brilliant Review of the Condition of Canadian Trade.

Toronto, Oct. 27—The leading event of yesterday at the Canadian Bankers' Association was the address of the President, which Mr. D. R. Wilkie delivered in the afternoon. Mr. Wilkie spoke of the revival of trade that had been especially notable during the last year and the continued development of the mines of Kootenay and West Ontario. The Dominion, he said, had shaken itself free from the depression that followed upon a succession of years of low prices and poor markets. The average public deposits in the banks had increased greatly during the last year, loans and discounts had done the same, failures had decreased and averaged in 1896 and 1897 about half the total value of 20 years ago. After discussing the growing mineral production of the Dominion, Mr. Wilkie proceeded to advocate the establishment of a Canadian mint. The gold production of 1899 would probably amount to $18,000,000, including the output of the Klondike, and we were throwing away our opportunities and underrating our importance in sending our bankers and miners to Seattle, San Francisco or New York to exchange their gold dust for foreign coin. An immense volume of trade was being lost to Canada through the returning miners being compelled to take their clean up to a foreign mint.

RESULTS OF THE WAR.

Speaking of the Spanish-American war, Mr. Wilkie said it was impossible not to realize that great changes in the foreign policy of the United States would be a result of the war. Another result, he predicted, would be the establishment of a bond of sympathy and good-fellowship between the United States and the Mother Country. Going on to speak of Imperialism, Mr. Wilkie asked what Canada was doing to share in the greatness of the British Empire. The preferential tariff, which Sir Wilfrid Laurier had granted the Mother Country, was the first practical attempt on the part of either to create a union of commercial interests. Should we rest satisfied with that, and should we look for reciprocal action throughout the Empire. Referring to the dependence of Great Britain on foreign nations for her food supply, Mr. Wilkie mentioned that England had in the recent war declared coal contraband of war and asked if it was not possible that other countries would declare food contraband of war. What a position would England then be in. A slight duty on imports of foreign grain into England would bring with it a substantial revenue and would stimulate the settlement of our untilled land, and within a few years more the food supply of England from within the Empire would soon be delivered.

FREE CANALS WANTED.

Mr. Wilkie spoke with gratification of the commercial results expected from the deepening of the canals, but favored free canals, which, he said, would encourage shipbuilding in Canada, and divert to the St. Lawrence a very large proportion of the grain now forced to find an outlet by way of Buffalo. On the subject of education, Mr. Wilkie said much has been said lately regarding the useless and extravagant system of education in vogue throughout the greater part of Canada. Boys and girls are being trained by tens of thousands to occupy positions in life that will never come within their grasp, and by this very attainments are being forced to leave the country and seek their fortunes elsewhere. Canada is essentially an agricultural country and one would look for at least an elementary course in agriculture in our public schools, giving the youth of the country an inclination toward the development of the countless riches of the soil, but instead of such a policy we find days and months wasted in the indiscriminate study of algebra and mathematics and the dead languages. We are turning out schoolmasters and doctors for the Western United States and are robbing our own country of its bone and sinew. A number of interesting papers on technical subjects were read during the afternoon and evening.

OFFICERS ELECTED.

The Bankers' Association this morning elected officers as follows:—Hon. Presidents, Lord Strathcona of Mount Royal, Geo. Hague, General Manager Merchants' Bank of Canada; F. Wolferstan Thomas, General Manager Molsons Bank of Canada. President, Thomas McDougall, General Manager Quebec Bank. Vice-Presidents, D. Coulson, General Manager Bank of Toronto; B. Stikeman, General Manager Bank of British North America; George Burn, General Manager Bank of Ottawa. Executive Committee—E. S. Clouston, General Manager Bank of Montreal; B. E. Walker, General Manager Bank of Commerce; Thos. Fysche, Joint General Manager Merchants Bank; D. R. Wilkie, General Manager Imperial Bank; G. A. Schofield, General Manager Bank of New Brunswick; J. A. Prendergast, General Manager La Banque de Hochelaga; D. H. Duncan, Cashier Merchants Bank of Halifax; W. Farewell, General Manager Eastern Townships' Bank; J. Turnbull, Cashier Bank of Hamilton; H. S. Strathy, General Manager Traders' Bank; G. Gillespie, Victoria, B.C.; R.D. Gamble, General Manager Dominion Bank; E.E. Webb, General Manager Union Bank; T. Bienvenu, General Manager Jacques Cartier Bank; Secretary Treasurer, A. Weir; Auditors, T. Bienvenu and G. Muir.

Toronto, Oct. 27—The annual banquet of the Bankers' Association, held this evening at the Horticultural Pavilion, was a brilliant success. Mr. D.R. Wilkie, presided. The Pavillion was beautifully decorated and the galleries were filled with ladies. About 300 guests were present. At the guests' table overlooking the hall sat the Chairman, Mr. D. R. Wilkie; to his right Lieutenant-Governor Patterson, of Manitoba; Hon. David Mills, Hon. Clifford Sifton, Hon. R.R. Dobell, Hon. Geo. A. Cox, Hon. Clarke Wallace, M.P., Mr. A. F. MacLean, M.P., Hon. E.J. Davis, Mr. Elias Rogers and Mr. H. S. Howland. At the Chairman's left were Bishop Sweatman, Hon. William Paterson, Hon. G. W. Allan, Mayor Shaw, Hon. George W. Ross, Lord Ava, Col. Otter, Mr. George Hague and Vicar-General McCann.

The Chairman, in proposing the toast of the Governor-General and Lieutenant-Governors, made pleasant reference to the fact that Lord Ava, a son of a distinguished former Governor-General, was present. He expressed regret at the approaching departure of Lord Aberdeen.

Lieutenant-Governor Patterson, of Manitoba, replied. He said, speaking of Lord Aberdeen, the more people learned of the Governor-General's regime the more excellent and faultless they would find it had been. Hon. Clifford Sifton and Hon. Wm. Paterson replied for the Dominion Government. Mr. Sifton spoke of the non-contention character of the banquet, a very different gathering, he said, from that which he had last addressed there shortly before the general election. He referred to the excellencies of the Canadian banking systemand to the high esteem in which they were held by those competent to judge in other countries. At the same time Mr. Sifton said this system would be a hideous failure, if it were not for the excellent capacity of the men who were called upon to administer it. As a member of the Government and Parliament, he appreciated what the Bankers did for the country and congratulated the members of the Association on the excellent manner in which they discharged their trust of the financial interests of the Dominion. The Parliament of Canada and the people of Canada, Mr. Sifton said, deserved some credit, he thought, in that there had been no such currency agitation in the Dominion as they had seen in the United States. This was owing to the soundness of our financial institutions and open currency system. But the time would no doubt come when the same arguments put forward there would confront us here, and the future of the country would lie in the hands of those who had the finances of the country in their care.

LONDON STOCKS.

New York, Oct 27—The Evening Post's financial cable from London says:—The cheerful tone in the stock markets here at the close yesterday was maintained to-day. the rise was most marked in Americans and in Kaffirs, the former closing quiet at the best, chiefly on New York support. The one small failure at the settlement to-day is of no significance, but the recovery in prices is timely, as there are some weak spots. Consols closed under the best, and should there be any renewal of political alarms there is now only a small bear account to support prices. The best informed operators in the city do not consider the Fashoda question as settled yet. The very sharp drop in Paris exchange to-day is partly attributed to the completion of payments due from French interests in connection with our stock exchange settlement. Russian exchange is rising and sterling at Vienna also advanced to-day. In the weekly statement of the Bank of England coin and bullion shows an increase of £465,000, of which £191,000 was net gold imported for the week. The chief feature of the return is the increase of over £2,000,000 in other deposits, showing that the market supplies of cash were increased by borrowings from the bank. The movement of Government and other securities are not capable of precipitating the precise interpretation, because the bank both borrowed and lent during the same week. The reserve increased £60,000. The return is stronger than had been expected. Details of the gold movements for the week show that £216,000 in bar gold and in foreign coin was bought, that £25,000 was received from Australia, and £50,000 was sent to Egypt. The Paris Bourse was good.

THE STOCK MARKET STRONG.

New York, Oct 27—The stock market showed a continuation of yesterday's strength to-day, and the speculative activity broadened out considerably in addition. There was not quite such a congestion of trading in Tobacco and Sugar, although those stocks continued to be leaders of the market, the elimination of the short interest, the covering of which caused yesterday's rise in sugar left that stock weak again, and the extreme decline from the high point was 3½. A rally at the close leaves the net loss only 1½. Tobacco was under pressure on the supposition that the recently incorporated company is destined to be a powerful competitor and on denials of accessions to the American Company of outside plug tobacco companies. The stock was at one time off 2⅞, but closed with a small net gain. In the market for railroad securities the continued dullness and hesitation on foreign exchanges was without effect. There was a large demand for quite an extensive list of railroad stocks, the Grangers leading, but pretty much all western and the south-western roads showing a good tone. Eastern Trunk lines continued to lag on account of the admittedly bad rate war in that territory which nullifies the benefit of the exceptionally large tonnage which is being moved. St Paul was the leader in the railroad list and the movement of the stock was supposed to foreshadow a good September statement due to-morrow. The easier tone to-day of Sterling Exchange was the direct result of calmer feeling in Paris. There was a heavy demand for Sterling Exchange in this market yesterday for Paris account, which sprang from the same cause as that which lifted exchange on London in Paris above the gold export point, namely, the pressure to transfer funds from Paris to London. It is now known that the violent recovery in British consols was partly due to buying for the account of timid Paris capital, because of domestic disquiet and not altogether to the relief of the Anglo-French tension over Fashoda. Prices closed as follows:—American Cotton Oil Co, 37⅞; American Tobacco Co, 129; American Sugar Refining Co, 113¼; American Spirits Manufacturing Co, 12⅞; Atchison, Topeka & Santa Fe, 12⅞; do preferred, 36; Canadian Pacific, 81¼; Ches & Ohio, 21⅞; Chicago, B & Q, 116⅞; Chicago Gas, 103⅞; Chicago & North-Western, 131⅞; Chicago, R I & Pacific, 103⅜; Chicago, Mil & St Paul, 109⅞; Consolidated Gas, N Y, not quoted; Cleveland C C & St Louis, 39⅞; Delaware & Hudson, 102½; Denver & Rio Grande, preferred, 55½; General Electric, 83½; Louisville & Nashville, 56½; Manhattan Elevated, 96½; Missouri Pacific, 33⅜; National Lead Co, 33½; Northern Pacific, Com new, 40⅜; do preferred, 75⅛; New York Central and Hudson, 114⅞; New York, Lake Erie & West, 12½; do first preferred, 32⅜; New York, Ontario and Western, 14½; Omaha Commercial, 82; Pacific Mail, 33; Philadelphia & Reading, all paid, 16⅞; Pullman, 196½; Tenn Coal and Iron, 28; U S Leather Co, preferred, 64⅞; U S Rubber Co, 44½; do preferred, 103½; Union Pacific receipts, 32⅞; Wabash, preferred, 20⅞; Wheeling and Lake Erie, 92½; Metropolitan Trading, 159⅞; Brooklyn Rapid Transit, 65½; Commercial Cable, 181; C P R, London, 84½.

MONTREAL STOCK MARKET.

Montreal, Oct. 27—The strength which developed in the tone of the stock markets during the last two days was accentuated this morning in the principal markets. Consols and International Society advanced in London, while New York manifested a firm tone locally. Montreal Street and Gas were the features and made notable advances. Street went up to 279 and Gas to 192 at the close, having touched 192½. The foreign situation is no longer regarded as giving cause for serious alarm, though the susceptibility of the money market is not lost sight of. The quotations for stock were: Money at 4 o'clock, 109 1-16; account, 109⅛. This showed an increase of ⅛ for money consols during the day and of 1-16 from the day before. International securities also strenghtened, Canadian Pacific going as high as 84 during the day and Grand Trunk first preferences gaining a full point. Cable gave London figures as follows:—Grand Trunk first preferences at 62⅞; thirds, at 17⅜; Canadian Pacific at 83⅞; Hudson Bay at 19½. The strength on the local market was concentrated in the Street Railway and Gas. The former made a gain of 2½ points on sales of 2,825 shares. It started out at 277½, an advance of 1¼ from the close, sold up to 279¼ and closed at 278½. The strength was attributed to the understanding that the annual statement would be favorable. This is the highest figure reached for months, as the present sales are ex-dividend. It is understoood that the statement will show that the net earnings amounted to 13 per cent on the capital of $4,700,000 and after dividends of 10 per cent $138,000 was carried to the rest account. The net earnings were $601,704.18, as against $507,855.60 last year. The takings on Wednesday were $4,125, an increase of $549. The movement in Gas which commenced yesterday was continued, there being considerable activity between 12 and 12.30, some 800 shares were sold and the price went up from 187½, yesterday's close, to 191 at the opening, it quickly climbed to 192½ and closed at 192½. This is a gain of 2⅝ in one day, a remarkable showing. By many the movement was attributed to manipulation, but others consider the conditions justify the move. The stock is paying 10 per cent they point out and business has been good this year. Toronto Gas, which pays the same dividend, sells at 220. Royal Electric sold to 186½ and Toronto Rails see-sawed between 103½ and 103⅜. Colored Cotton bonds sold at 97½.

BRIG CENTURY WRECKED.

Special to the Chronicle.

Gaspe, Que., Oct. 27—During a heavy southerly gale the brig Century, of Jersey, loading fish for Chas. Robin, Callas & Co., went ashore this morning at Malbay. It is likely that it will be a total wreck. One man jumped overboard to save himself and was drowned. Others were rescued by a boat from shore.

ADRIFT WITH ITS CREW.

Milwaukee, Oct 27—The steamer George Gebic ran into port last night. Her Captain reports that while off the Two Rivers point, 100 miles north of Milwaukee, the tow barge Biwaoik broke her tow line and is adrift with its crew of seven.

PURCHASED BY TORONTONIANS.

Toronto, Ont, Oct 27—The steamer Rosedale, that went ashore last year near Kingston, in one of the severe gales of last fall and was abandoned by her owners to the insurance companies, and which was afterwards sold to Dr Reid, of the Edwardsburg Starch Company, has been purchased by Messrs Haggarty & Crangle, of this city. The price paid is said to be $55,000. The Rosedale is at present carrying grain from Chicago to Kingston.

ALL HANDS LOST BUT THE CAPTAIN.

Sodus, N.Y., Oct 27—A terrible catastrophe occurred this noon, about five miles north-west of Sodus, on Lake Ontario, when the three-masted schooner St. Peter, of Cape Vincent, sank with all on board save the Captain, who was rescued in an unconscious condition. The schooner showed signals of distress early this morning as she drifted past Charlotte. The tug Proctor, after a little delay, put out after her, but after cruising about for four hours returned without getting a glimpse of the distressed vessel. During the forenoon people at Pultneyville sighted the St. Peter and immediately telegraphed to Sodus Point, that help be offered. The tug Cornelia, Captain Henry Buys, started for the rescue, but great seas nearly swamped the boat and the Cornelia was finally compelled to return to the harbor. Word was sent to Charlotte that the distressed vessel had been sighted near Pultneyville, and the tug Proctor started with the life saving crew for the second time. Within half a mile of the St. Peter the crew on the Proctor was horrified to see the distressed ship sink. In ten minutes the tug was cruising about the spot where she went down. The Captain of the St. Peter was picked up in an unconscious condition. After spending half an hour looking for the other members of the ill-fated crew, the tug started for Sodus Point, where medical assistance was secured for the Captain. At the time of writing he is still unconscious, so it is impossible to learn the number of men who met death. It is known, however, that the wife of the captain met a watery grave. Eight or ten persons at least, perished. The captain will recover. Jolley and Jacob Vosburg, of this town, were standing on the shore when the St. Peter went down. They saw two men standing at the mast when the water swallowed them. The two gentlemen claim that the boat was not more than a half mile from shore. It is thought that the St. Peter lost her rudder and that the heavy seas caused her to spring a leak.

NOTES.

The time used is Eastern Standard, or the 5th meridian; or five hours slower than Greenwich Mean Time. It is counted from 0 to 24 hours, from midnight to midnight.

The height is measured from the datum plane of the Admiralty Chart of Quebec Harbour, which is the level of low water at ordinary spring tides.

Levis Dry Dock—To find the depth of water on the Sill of this dock at any tide, add 7.7 feet to the height of high water as above given.

It is now recognized that the epidemic prevailing at Samarkand is the true plague.

COLONIZATION WORK.

Done by a Local Repatriation Society.

A THOUSAND NEW SETTLERS.

A meeting of the Directors of the Quebec & Lake St. John Colonization & Repatriation Society was held at the Company's office, in the station of the Q. & L. St. J. Railway Company, yesterday afternoon. Mr. Beaudet presided and there were present Messrs. T. A. Piddington, U. Barthe, B. A. Scott (Roberval), Alexander Hardy and Rene Dupont.

A letter was read from the Hon. Mr. Tessier, President of the Society, regretting that he was unable to be present owing to illness. The Society decided to send 1,200 pounds of provisions to the Revd. Cure Lizotte, of Roberval, for distribution amongst the new settlers at Peribonca, these provisions to be purchased out of the receipts of the Carnival of Nations, which was given at the Academy of Music in June last.

A copy of an Order-in-Council was read and laid on the table, granting 115 lots to the Society, for the purpose of building up the new parish of Honfleur, which the Society has undertaken to settle.

It was decided, on motion of Mr. Beaudet, seconded by Mr. Barthe, that a letter of thanks be sent to the Hon. S. N. Parent, Minister of Crown Lands, for this grant of 115 lots for the new parish.

It was moved by Mr. B. A. Scott, seconded by Mr. T. A. Piddington, and resolved, that a Committee be appointed for the purpose of distributing these lots to the new settlers.

On motion of Mr. Barthe, seconded by Mr. Hardy, it was decided that the Company should be represented at the coming grand colonization meeting to be held in Montreal on the 22nd of November next.

It was decided, on motion of Mr. Barthe, that an official letter be sent to His Honor Lieutenant-Governor Jette, asking him to become Patron of the Society, to succeed the late Hon. Mr. Chapleau.

The report of the Colonization Agent, Mr. René Dupont, was presented. In it he says, amongst other things:—

"I gave 23 lectures on Lake St. John, in the United States and Canada, and I am now preparing for a new tour through the Western States.

One hundred and seventy-three delegates went to visit Lake St. John on free colonization delegates' passes, representing 54 parishes and cities in Canada and United States; situated in 23 Counties and 4 States.

One thousand and twenty-nine new settlers went to settle in the Lake St. John district as follows:—578 from the United States, 451 from Canada.

I have organized five farmers' excursions already, and 259 intending settlers took advantage of same to visit the country. Two more excursions are to take place, one on Wednesday next, 28th inst. and one on Saturday, 15th October next.

As you will remark, there is already a fair increase over last year in the number of new settlers from the United States, and this is due to the fact that we have principally directed our efforts to that side of the line during the present year.

A whole parish from northern Maine is soon expected to move to the newly opened parish of Honfleur, on the Peribonca river (9 miles north of the old Peribonca settlement, opened last year by the Detroit people). This movement has at its head the parish priest and the Mayor of Acadia, Mo."

The Directors expressed their great satisfaction at the good results obtained by the Society during the first months it has been in operation, i. e., from January 1st, 1898, to September the 15th last, and the meeting adjourned.

Shooting Under Difficulties.

The R.C.A. held their annual open match yesterday afternoon on the St. Joseph Ranges. The weather was very bad, there being a gale of wind from the west, with sleet and snow. The scoring was fair considering the condition of the weather. The ranges were 500 and 600 yards; 7 shots at each range, with a sighter, the possible being 70 points. Pte. J. Smith, 8th R. R. was first, with 65 points, $7; Sgt. W. Pugh, 58, $5; Pte. J. G. Goudie, 8th R. R., 56, $4; Gr. Proctor, 56, $3; Sgt. T. Pugh, jr., 54, $3; Br. McNamee, 53, $2; Maj. Dunbar, 8th R. R., 51, $2; Sgt. Ins. Bridgeford, 51, $2; Sgt. Weatherby, 50, $2; Sgt.-Major Reinbault, 50, $1; Gr. St. John, 49, $1; Lt. R. J. Davidson, 8th R. R., 47, $1; Pte. Douglas, 8th R. R., 47, $1; Sgt. Sellwood, 45, $1.

Programme.

More New Settlers.

Four families of settlers left via the Quebec and Lake St. John Railway yesterday morning to take up land at Normand and Peribonca. The family which is to settle at the former place comes from France, and bears the name of Grand Adam. Those to settle at Peribonca come from Cape Breton. Two of them are named Chiesson, and the other Terrier.

Books That Sell.

BURGLARY AT DUQUET'S.

A St. Roch's Dry Goods Store Also Victimized.

SHOP WINDOWS SMASHED AT NIGHT.

The Robbers Secured Fur Caps in St. Roch's, and Relieved Mr. Duquet of Jewellery Valued at $400.

"Another daring robbery!" Such was the news that spread through town yesterday morning, as crowd after crowd gathered round the Chronicle bulletin boards and read the details of two more outrages committed about the hour this paper went to press. Now shopkeepers are suffering from what is almost a reign of terror, and dare not leave their goods in their windows overnight, for these new depredations bear all the earmarks of being committed by the same gang who robbed Mr. Bolduc's jewellery store two or three weeks ago, and who before and since that date have been guilty of other similar operations. So far the police and detectives have been unable to make any arrests, though all their machinery has been set at work, and the unknown parties have proved themselves skilful criminals by the precautions they took to avoid detection.

STOLE SOME FUR CAPS.

The first of yesterday morning's robberies occurred at the dry goods store of Messrs. Pelletier & Jolicœur, No. 29 St. Joseph street, at 4 o'clock. Here they broke in the lower part of a show window and made off with a few articles, including some creamer caps, etc., the total value of which will probably not exceed $50.

Then, in search of richer booty, the thieves turned their attention to Upper Town and fixed upon the jewellery store of Mr. Cyr. Duquet as a fit object for their purpose. Here they practiced exactly the same tactics as in the case of Mr. Bolduc's store, giving the policemen who passed about 4.30 a.m. time to reach the furthest end of their beat before they struck. With some heavy object they smashed in the heavy plate glass, three-eighths of an inch thick, and hurriedly abstracted all they could therefrom, rushing off as soon as they had done so. What they secured was about $400 worth of valuable watches and other jewellery. There were objects of very much greater value in the window, but they were heavy and difficult of access, and moreover the hole in the glass was not more than a foot in diameter.

SAW THE BURGLARS.

Mr. Duquet was awakened by the crash, and so was Mr. Montminy, photographer, who lives opposite to him, and who got to his window soon enough to see the men beat a hurried retreat and turn down Collins street in the direction of St. Roch's. Mr. Montminy at once telephoned to Mr. Duquet, who was also astir, and who both summoned the police and hastened to the broken window only to find everything quiet. Some souvenir spoons, which were among the robbers' booty, were dropped in their flight and were restored to their rightful owner. The broken window is the eastern one in Mr. Duquet's store and is within a stone's throw of the Central Police Station.

SERIES OF RUNAWAYS.

A Lot of Spilt Milk and Other Excitement.

There was quite a fall in milk yesterday morning, when a horse, the property of the Good Shepherd Convent, took fright and ran out of the yard, dashing into the milk cart of Mr. George Marmion, on St. Amable street, upsetting the cans of milk and smashing the axle and springs of the cart. Not satisfied with that, it continued along as far as St. Augustin street, and turning down it collided with another milkman's vehicle, throwing the seat out of the vehicle to which it was attached, spilling the milk in the other vehicle and starting off the other horse. The two steeds raced down St. Augustin Hill at a reckless speed. At the corner of St. Augustin and St. Patrick streets the horse which was the cause of all the damage tore a wheel off the vehicle to which it was attached and continued on its mad course as far as D'Aiguillon street, where it was eventually captured. The other horse continued and dashed along Cote d'Abraham, where it left one wheel of its vehicle behind it, and took along Ste. Cecile street, where it was finally caught.

AT THE CRIMINAL COURT.

Arthur Martin Acquitted of the Charge of Robbery

The Court of Queen's Bench resumed its sittings yesterday morning at 10.15 with Judge Langelier on the Bench. Both the morning and afternoon sessions were taken up in hearing the case of Arthur alias Pacome Martin, who was accused of assault upon and forcible theft from the person of Pierre Thibault. The crime is alleged to have been committed in March, 1896, near the St. Charles Cemetery. The accused, his brother and a third party started off towards St. Charles Cemetery, where Thibault was assaulted by Martin's brother, Joseph, and some $60 was taken from him. Joseph Martin was found guilty and sentenced to seven years' penitentiary for the offence. Audibert, the third party who was present, stood his trial as an accomplice and was remanded, but the accused went to parts unknown. On returning to town he was arrested as an accomplice, hence the trial. Mr. Taschereau represented the accused and Mr. Malouin the Crown. The jury being charged, retired about half-past four in the afternoon, and returning in the course of five minutes, rendered a verdict of Not Guilty. Mr. Dunbar, Q.C., rose and informed the Court that the prisoner was wanted on another charge at the Police Court. The Court then adjourned until this morning at the usual hour.

NEW OFFICERS ELECTED.

At St. Andrew's Society Meeting Last Night.

MEMBERSHIP SHOWS AN INCREASE.

The Sum of $267 Expended During the Year for Purposes of Relief. A Good Balance in Hand.

Members of St. Andrew's Society met last night in Morrin College for their annual gathering, to elect their officers and receive reports. Mr. W. C. Scott, President, occupied the chair, the following members being also present:—Messrs. F. Glass, D. Rattray, W. Sutherland, P. Johnston, A. Miller, A. Hyde, R. Stuart, W. Waddell, J. Leitch, D. R. MacLeod, J. Muir, J. Bain, Revd. D. Tait, A. Robertson and J. Strachan.

Mr. D. J. Rattray, Secretary, read the annual report, from which the following are extracts:—

"To celebrate St. Andrew's Day, 1897, a grand concert was held on the 2nd December, it being impossible to hold the same on the day itself, and the usual anniversary was held and the sermon preached by the Revd. D. Tait.

Since the last annual meeting we have lost one member by death, but three new names have been added to our roll, which now numbers 76.

During the year $267.11 has been expended for relief, against $269.03 last year. Particulars of the relief extended will be given in the report of the Charitable Committee.

We are pleased to report that the Treasurer's statement shows a cash balance on hand of $443.57.

The Treasurer, Mr. Frank Glass, read his report, which showed the receipts to be $746.04, and, after all expenses had been met, there remained on hand a balance of $443.57.

Both reports were received and adopted.

The Secretary announced the receipt of a box of heather from the editor of the Weekly Scotsman, Edinburgh.

ELECTION OF OFFICERS.

Messrs. Hyde and Waddell were appointed scrutineers, when the election of officers was proceeded with and resulted as follows:—

President—Mr. W. C. Scott.
First Vice-President—Mr. J. T. Ross.
Second Vice-President—Mr. James Brodie.
Secretary—Mr. D. J. Rattray.
Treasurer—Mr. Frank Glass.
Charitable Committee—Messrs. W. Sutherland, A. Miller, R. Stuart, W. Brodie and P. Johnston.
Chaplains—Revds. D. Tait and A. T. Love.
Physician—Dr. Blair.
Auditors—J. Bain and Amos Campbell.

A Committee was appointed to decide upon the manner in which the Society should celebrate the coming festival of St. Andrew.

It was also resolved to present a farewell address to the Earl of Aberdeen, and one of welcome to the Earl of Minto.

After votes of thanks to the Revd. D. Tait for his sermon before the Society last year, to the Richelieu and Ontario Navigation Company, to the Chairman of the Charitable Committee and to the editor of the Weekly Scotsman, the meeting adjourned.

"Are you sure you know all the rocks in the harbor?" he asked for the second time as the ship gathered speed. "Sure an' I do, yer 'auner," said the pilot, "ivery wan of them. That's wan now!" as, with a loud crash, the Mary Jane ran hard and fast aground.

SPOTLESS LINEN

Is the crowning feature of evening dress. It is unmistakable evidence of self respect and refinement. The "Frontenac Electric Laundry finish" is the top notch of HIGH ART in laundering. The Immaculate Linen for which this laundry is famous speaks plainly of painstaking care in every detail. Our operators are people of experience; our machinery is of the newest and most approved type. We show our patrons little courtesies that help to make them feel friendly toward us. One of these courtesies is the ironing of soft, "anti-swear" buttonholes in all collars; they save temper and finger nails. The rough edges of collars and cuffs are smoothed by special machinery. There's no extra cost for these services. Our deliveries are PROMPT—and if you are in a hurry—SAY SO—and we'll hurry. We want your bundle—want you to telephone us your address—TO-DAY. Will you DO IT?

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.
CHLORODYNE effectually checks and arrests those too often fatal diseases:—Diphtheria, Fever, Croup, Ague.
CHLORODYNE acts like a charm in Diarrhœa and is the only specific in Cholera and Dysentery.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout Cancer, Toothache, Meningitis, &c.

From W. Vesalius Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London.—"I have no hesitation in stating that I have never met with any medicine so efficacious as an Anti-spasmodic and Sedative. I have used it in Consumption, Asthma, Diarrhœa, and other diseases; and am perfectly satisfied with the results."

"Earl Russell communicated to the College of Physicians that he received a dispatch from Her Majesty's Consul at Manilla to the effect that cholera has been raging fearfully, and that the only *remedy* of any service was CHLORODYNE."—See *Lancet*, 1st December, 1864.

Caution—Beware of Piracy and Imitations.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that DR. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the story of the defendant Freeman was deliberately untrue; which, he regretted to say, had been sworn to.—See *Times*, 13th July, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d. and 11s each. None is genuine without the words "DR. J. COLLIS BROWNE'S CHLORODYNE" on the Government Stamp. Overwhelming Medical Testimony accompanies each bottle.
