Thirty-Fourth Year.

DECLARATION OF MARTIAL LAW IN PESHAWAR NOW BEING CONSIDERED

Despite Rumors from Frontier City that Things Are Decidedly Quieter, Understood that Serious Consideration Is Being Given to Drastic Action—Afridi Tribesmen Who Attacked City Believed to Be Retiring—Women and Children Removed from Danger Zone in British Planes.

SIMLA, India, Aug. 13.—Serious consideration is being given here, it was understood today to possible declaration of martial law of Peshawar despite reports from the Frontier City that things are decidedly quieter there and thereabout. Afridi tribesmen who attacked the city are believed here to be retiring.

Arrival of an armored train and movement of troops at Nowshera seem to have convinced them that reports that the British would remain on the defensive are untrue.

A force of five hundred Khukhs have arrived on Khajuri Plain, however, and one or two sections of the Orakzais are reported to be restless.

The Royal Air Force have remained without casualties during their extensive operations of the past few days. The machines recently have been flying a little higher. Six or seven army casualties have been reported, these being mainly among troops of Poonah Horse who were fired on by Afridis hiding in standing grain.

BRITISH TAKE NO CHANCES OF NEW OUTBREAK

BOMBAY, Aug. 13.—Although Afridi tribesmen, who for a week have engaged in an attack on Peshawar, strategic northwest frontier city, have relaxed their pressure at that immediate area, the British command is taking no chances on the future, but is strengthening its position all along the frontier.

Considerable additions of troops, arms, and war paraphernalia are being sent to the district. There were indications today that the tribesmen, although beaten before Peshawar, are far from quiet, and that further disturbances may be expected.

The Hadi of Turangzai, frequently leader of anti-British movements, and other leaders are reported to be rising the war-like Nohmands, whose strength may be added to that of the Afridis and Orakzais in fresh raids. If this should eventuate the British defenders of the section might find their hands full.

Peshawar itself now, however, is considered as safe since the garrison has been reinforced, it is understood by a full brigade. The censorship continues operative, and there is no late news at all from Parachina and other frontier points to the westward.

WOMEN AND CHILDREN REMOVED IN BRITISH PLANES PESHAWAR, India, Aug. 13.—British airplanes were active this forenoon assisting the land forces to round up and drive out the remaining Afridi stragglers from the Peshawar district.

Seven women and two children were removed from Parachinar to Kohat in Royal Air Force planes.

FORMER KAISER THANKS ITALIAN FOR ARTICLES

GENOVA, Italy, Aug. 13.—Wilhelm Hohenzollern, the former Emperor of Germany, today telegraphed Baron Alberto Lombroso thanking him for copies of his articles on origins of the war. The articles recently were published in Giornale di Genova, and favored Germany's disclaimer of the war guilt.

The former Kaiser praised the Baron's "objectiveness and objectivity," and declared that the Italian nobleman's conclusions "reveal convincingly tendencies leading to confederation of the pre-war policy of Russia, France and England."

He said that he hoped proof of German innocence of war guilt would be attained finally.

THE WEATHER

FAIR AND WARMER

The weather has been for the most part fair throughout the Dominion, with a little higher temperature from the Great Lakes westward and considerably below normal temperatures in Eastern Canada. Pressure is high from the Great Lakes eastward and over the Atlantic States, with low pressure to the northward across Canada and a trough of low extending southward from Eastern Manitoba.

Forecast: Light to moderate southerly winds; fair today and Thursday, becoming a little warmer.

Northern New England: Fair tonight and Thursday; warmer Thursday; light west and southwest winds.

Temperature yesterday: Maximum 59, minimum 48.

Same day last year: Maximum 77, minimum 56.

NO EXCEPTIONS CAN BE MADE, STATES PREMIER.

QUEBEC, Aug. 13.—To officials of the Army and Navy Veterans, headed by Major C. G. Power, M.C., and Lieut. Achille Pettigrew, who waited yesterday on him, Premier Taschereau, acting as Attorney-General, explained that he could not change his attitude regarding the sweepstakes drawings, as under the provisions of the criminal code he was not at liberty to delay action any longer. The Prime Minister explained that for some time there had been some tolerance, but the number of sweepstakes and lotteries had become so considerable that it was impossible not to intervene.

There can be no exception, the Premier stated.

OTTAWA SEEMS RETICENT ON CROP MARKET

Dominion Not to Extend Guarantee—Concerned Only With Banking Act.

OTTAWA, Aug. 13.—The Dominion Government continues to maintain an attitude of reticence on the conference respecting the marketing of the 1930 crop. The meetings, attended by the premiers of the three Prairie Provinces and representatives of the banks, together with officials of the Wheat Pool, concluded yesterday. Following these conferences, Premier J. E. Brownlee, of Alberta, Premier John Bracken, of Manitoba, and representatives of the Canadian Bankers' Association, departed from the capital. The Saskatchewan Premier left for Toronto.

It was made clear by the Government, however, that there was no question of the Dominion authorities extending any guarantee. The pool, three western provinces by virtue of their guarantees to the pool and the bankers, are the chief parties to the marketing of the crop, but the Dominion administration is concerned as administrators of the Canadian Bankers' Act. For this reason, it is understood, the Dominion authorities take the attitude that any statement to be made should come from the provinces or the bankers.

Reports were in circulation yesterday that the parties to the conference had not been able to arrive at an agreement for the financing of the 1930 crop, but the quoted statements of one or two of the western premiers last night that the meetings had been satisfactory lent color to the belief that at least considerable progress for the orderly marketing of this year's crop had been made. Intimation in Government circles here also supported this assumption.

POZZUOLI, Italy, Aug. 13.—A slight earthquake shock of undulatory nature was felt here at 1:05 a.m. today. Residents rushed into the streets and squares and remained there until dawn. There were no casualties and no damage.

OTTAWA, Ont., Aug. 13.—Of the eleven ministers comprising the Premier's Cabinet, five are ex-service men, almost one-third of the entire ministry. Wide and varied have been their experiences, ranging from the battle-front of northern France to the frozen wastes of Siberia—New Minister of National Defence Among Those Who Saw Active Service and Was a Member of Original "Red Chevrons."

WHEN FORMING CABINET PREMIER DID NOT FORGET EX-SERVICE MEN

Almost One-Third of Entire Ministry Comprises Men Who Served Their Country During Dark Days of 1914-18—Wide and Varied Have Been Their Experiences, Ranging from Battle-Front of Northern France to Frozen Wastes of Siberia—New Minister of National Defence Among Those Who Saw Active Service and Was a Member of Original "Red Chevrons."

OTTAWA, Ont., Aug. 13.—Of the eleven ministers comprising the Premier's Cabinet, five are ex-service men, almost one-third of the entire ministry. Wide and varied have been their experiences, ranging from the battle-front of northern France to the frozen wastes of Siberia. Four of this quintette were officers in the Canadian Expeditionary Force, and one achieved the distinction of becoming a sergeant, ascending to that grade from the lowly status of "Rear-Rank Private." Hon. A. G. Murphy, Minister of the Interior, enlisted in the E.F. as a "full buck," and it is he whom the destinies of the war sent to Siberia. Mr. Murphy's first venture in the army was as a member of a field ambulance, but later he transferred to the 25th Battalion, which was one of the two infantry units detached from this country to Vladivostok.

In that expedition were Japanese, French, white Russians, Italians, Chinese and Czech-Slovakians, additional to the British and Canadian troops. Save for sporadic Bolshevik disturbances, the Siberian force saw little action and its experiences were mainly those of policemen, with none of the comforts which such guardians of the law normally enjoy. Many of the troops suffered greatly from exposure in the extreme cold of Vladivostok.

Major Robert Weir, Minister of Agriculture, is a veteran of the 78th Battalion, fourth Canadian division. The minister saw service with the front line troops at Vimy Ridge, Hill 70 and Passchendaele. He was severely wounded in October, 1917, during the Passchendaele operations. Colonel the Hon. D. M. Sutherland,

HUNTINGVILLE SCENE OF FIRE THIS MORNING

Brigade from Sherbrooke Called Out to Combat Flames When Building Owned by Mr. J. B. Bozer Was Burned to the Ground

HUNTINGVILLE, Que., Aug. 13.—A serious fire occurred here this morning, which necessitated the calling of the Sherbrooke fire-brigade, when the house owned by Mr. J. B. Bozer was burned to the ground.

The fire was first noticed early this morning, at about eight o'clock, after the flames had gained considerable headway in the attic of the house. At the time that the fire started, the place was occupied by tenants, but these all got out safely and called for assistance.

Determined residents of Huntingville turned out with large buckets to fight the blaze and prevent it from spreading to neighboring dwellings, and a call was put in to the fire department in Sherbrooke. For about an hour villagers worked hard at their task. The roofs of a couple of nearby houses were ignited by flying sparks. These, however, were soon extinguished and little damage done.

The fire department in Sherbrooke sent out the large Lafrance pumping engine, together with the necessary hands, and arrived upon the scene at about nine o'clock. By that time Mr. Bozer's house was a mass of flames. Precautions were taken by the firemen that the lively blaze did not spread, but little could be done to save the burning dwelling.

The house was a large two-story structure. Part of the furniture within was saved before the fire had gained too great headway. The heavy loss is partially covered by insurance.

The Sherbrooke brigade worked for about an hour and a half at the scene of the fire.

LITTLE VISITOR AWAITED BY DUCHESS OF BRABANT

She and Her Husband, Prince Leopold, Crown Prince of Belgium, Already Have One Child, Born in 1927.

BRUSSELS, Aug. 13.—The Duchess of Brabant, who was the Princess Astrid of Sweden, expects an accouchement about the end of August or the first of September. She and her husband, Prince Leopold, Crown Prince of the Belgians, are already the parents of one child, a girl, Josephine Charlotte, born October 11, 1927.

NEW ENDURANCE FLIGHT RECORD QUITE LIKELY

Dale Jackson and Forest O'Brien This Morning Had Less Than Two Hours to Go to Tie Record of Hunter Brothers.

ST. LOUIS, Aug. 13.—In a threatening cloud-banked sky, Dale Jackson and Forest O'Brien swung their monoplane effort with Premier Bennett and other officials of Canada, Premier Ferguson stated yesterday. There will be no special session called of the Ontario Legislature to deal with the situation.

"We are ready to co-operate with Mr. Bennett as soon as he is ready to answer the question," said Premier Ferguson.

"Will the Ontario Legislature be called to deal with unemployment?" he was asked.

"No," replied Premier Ferguson, "the disposition is to co-ordinate the efforts of everyone—all the provinces—instead of overlapping. Our idea is to have a distinctive programme on the question. As soon as Mr. Bennett is ready we will co-operate with him."

ONE KILLED, TWO INJURED IN AUTOMOBILE ACCIDENT

Mother and Aunt of Well-Known Actress Victims in Smash in New York State.

Dorton-on-Hudson, N.Y., Aug. 13.—One man was killed and two women identified by authorities as the mother and aunt of Helen Morgan, actress, were injured when their motor car crashed into a telephone pole at the bottom of a hill near Croton last night.

Lewis Wilk, 48, of New York, driver of the car, was thrown through the windshield and died with a fractured skull. Mrs. Lulu Morgan and Mrs. Elizabeth Dillon, of Chicago, were treated for cuts and bruises at an Ossining hospital.

Frederick Long, of Chicago, a fourth passenger, escaped injury.

KING AND QUEEN LEFT TODAY FOR SANDRINGHAM

LONDON, Aug. 13.—The King

NOTED JURISTS TO BE HONORED WITH DEGREES

Degree of Doctor of Laws, Honorary Causa, Will Be Conferred at Special Convocation of McGill University This Afternoon Upon European Jurists.

MONTREAL, Aug. 13.—Four noted European jurists will receive the degree of Doctor of Laws, honorary causa, at a special convocation in Moyse Hall at McGill University, at 4:30 o'clock this afternoon. E. W. Beatty, K.C., chancellor of the university, will preside at the ceremony, and Sir Arthur Currie, principal and vice-chancellor, will lead a large number of academic officials and members of the Bar who will attend.

Sir John Simon, former chairman of the famous Indian Statutory Commission and author of the recently issued report that bears his name, will be presented this afternoon by Dean P. E. Corbett, of the Faculty of Law, McGill University. The Right Honorable Hugh Pattison MacMillan, eminent Scottish jurist, will be presented by Mr. Justice E. E. Howard; Sir Frank Boyd Merriam, English barrister, by Dr. A. J. Dear, K.C., of the Faculty of Law, McGill University; and Henri Deguy, leader of the French delegation to the annual meeting of the Canadian Bar Association, by Mr. Justice E. Fabre Surveur.

The first three candidates for these honorary degrees are members of the University party en route to Toronto for the Canadian Bar Association meetings. They are expected at Quebec this morning and will come direct to Montreal, where they will be taken for a tour of the city along with other members of the party.

Teaching McGill for the special convocation. In the evening they will be guests at a dinner to be given by the Bar of Montreal.

All four distinguished recipients of the degrees will be called upon to speak at the convocation ceremony. The opening prayer will be given by Rev. F. Scott-MacKenzie, principal of the Presbyterian College. The degrees will be conferred by Mr. Beatty.

Members of the visiting delegations will attend the ceremony in a body and members of the local Bar and academic authorities at McGill will also attend. There will also be a limited number of seats available for the general public. Among those who are expected to be present are Judge Mignault, John W. Ross, Col. Robert Starke and George Montgomery, K.C., governors of McGill University, and Dr. E. E. Macdonald, of the Faculty of Medicine, Dean I. A. Mackay, of the Faculty of Arts, Dr. A. S. Eve, Dr. A. D. Blackader, and others.

ONTARIO PLANS TO CO-OPERATE WITH PREMIER

Hopes to Relieve Unemployment by Co-operation With Other Provinces and Thus Avoid Overlapping.

TORONTO, Ont., August 13.—The Ontario Government will plan relief for the unemployed through a combined effort with Premier Bennett and other officials of Canada, Premier Ferguson stated yesterday. There will be no special session called of the Ontario Legislature to deal with the situation.

"We are ready to co-operate with Mr. Bennett as soon as he is ready to answer the question," said Premier Ferguson.

"Will the Ontario Legislature be called to deal with unemployment?" he was asked.

"No," replied Premier Ferguson, "the disposition is to co-ordinate the efforts of everyone—all the provinces—instead of overlapping. Our idea is to have a distinctive programme on the question. As soon as Mr. Bennett is ready we will co-operate with him."

CANADIAN PLANS FLIGHT ACROSS PACIFIC OCEAN

Japanese Government Removes All Official Obstacles to Take-Off of Lieut. Harold Bromley.

TOKYO, Aug. 13.—All official obstacles removed, Lieutenant Harold Bromley, Canadian aviator: today said he hoped to start his non-stop trans-Pacific flight from Masumigaura Airfield, near Tokyo, within a week.

Masumigaura field, a naval air base from which the Graf Zeppelin last year started its trans-Pacific flight, has a 1,900 meter runway.

Government officials gave the lie to rumors to fly their plane from Yokohama, where it was unloaded from the steamer President Lincoln to the field of his choice.

and Queen left today for the royal estate at Sandringham. They will remain there until August 22nd, then go to Balmoral in Scotland for the shooting season.

FEARS EXPRESSED THAT NANKING WILL FALL INTO HANDS OF "REDS"

NANKING, Aug. 13.—Fears that Nanking, seat of the Nationalist Government, would fall into the hands of Communist bands arose today with reports from the countryside saying alleged Reds in peasant garb and armed with rifles had appeared in large numbers twenty miles away. Nanking was virtually defenseless because few soldiers remained here.

WINNIPEG, Man., Aug. 13.—Twenty-nine forest fire outbreaks in Manitoba have been reported in the past few days to forestry officials in various parts of the province. Most of these are of minor consequence, and the situation is said to be under control.

UNION STATION FOR MONTREAL IS DISCUSSED

Alternative Plan Provides for Depression of Tracks from Turcot to Bonaventure.

MONTREAL, Aug. 13.—As the municipality of Bury voted in favor of the by-law to permit the sale of beer by the glass and the bottle and beer and wine during meals by a majority of eighty-two votes. Three hundred and fifty-nine voters exercised their right out of a total of four hundred and fifty who had the privilege to cast their ballots. The count showed two hundred and twenty-two votes in favor of the by-law and one hundred and forty against. Seven ballots were rejected.

The by-law on which the electors voted on Monday was passed at a regular meeting of the municipal council on July 7th. The motion was proposed by Councillor A. Brouillette and seconded by Councillor F. J. Pringley. The by-law submitted to the electorate read "Whereas this municipality is under the jurisdiction of the Quebec Alcoholic Liquor Act and that there is no by-law of prohibition in force in this municipality, that for the above reason it is hereby enacted that by the present by-law this municipality prays the Quebec Commission to grant this municipality one permit (tavern and country hotel) for the sale of beer by the glass and the bottle and beer and wine during meals, the whole according to the Alcoholic Liquor Act, and that the present by-law be submitted to the municipal electors of this municipality and that the voting on the present by-law be taken on the eleventh day of August, 1930."

The report in question, according to reliable information, will show how this can be done, first by converting the Windsor Station into a union station for both the C. P. R. and C.N.R. lines, though it is further said that the New York expert will report as an alternative plan the depression of the C.N.R. tracks from Turcot to Bonaventure Station. It is this part of the C.N.R. project for the whole or which the late Government voted \$50,000,000, that was vehemently opposed by Ald. Bray in the recent municipal campaign as it is in this district he represents in the City Council.

SWORDFISH ARE PLENTIFUL GLACE BAY, N.S., August 13.—From now on Glace Bay will be the mecca for swordfishermen along the coast. By Saturday this harbor should be headquarters for at least one hundred fishing craft. The swordfish struck off Glace Bay plentifully Monday, over forty fish being taken by the boats fishing out of this port.

AFTER ANOTHER RECORD

GLENDAL, Cal., Aug. 13.—Frank Hawks, holder of the east-west trans-continental speed mark for airplanes, took off from Grand Central air terminal at 2:16:27 a.m. today in an effort to better the Pacific-to-Atlantic speed record held by Colonel and Mrs. Charles A. Lindbergh.

'JUSTICE, HONESTY AND ECONOMY' POLICY OF POSTMASTER-GENERAL

Hon. Arthur Sauve Says that He Will Follow Policy of an Honest Man and a Good Canadian—Postal Employees Who Have Conformed to Law, Understood Their Duty in Their Observance of Impartiality and Who Have Impartially Shown Respect Due to Their Political Authorities Have Nothing to Fear.

OTTAWA, Ont., Aug. 13.—Hon. Arthur Sauve, Postmaster-General, in a statement issued yesterday, declared that "justice, honesty and economy" would be his policy in administering the Post Office Department.

The text of the statement of the Postmaster-General reads as follows: "Justice, Honesty, Economy, such shall be my policy in the administration of the Post Office Department. The law which governs us shall be respected with discrimination and the regulations shall be observed with the greatest discretion."

"Racial, religious or political fanaticism shall never prevail with us. I shall continue to consider them as the most dangerous enemies of the country."

"I shall follow to the letter the policy of an honest man and a good Canadian, directed by the head of the Government; a policy of peace, concord and of sound protection which will permit the rational development and utilization of all the desirable resources of our country."

"The employees who have, with understanding, conformed to the law, understood their duty in their observance of impartiality and who have impartially shown the respect due to the political authorities or their accredited representatives have nothing to fear from me. I shall make a distinction between the law and those who have constituted themselves the active agents of their party or the carriers of lies and infamous calumnies. It would be unjust and cruel, for instance, to put out on the street, without reason, a good father of a family who has been in office for a number of years and who might find it difficult to work elsewhere."

"It is, I believe, in the Post Office Department that certain classes of employees are the most exposed to indulge in political partisanship."

"A careful inquiry will be made in regard to everything concerning my department, in order to avoid, as far as possible, injustices and errors. I am not infallible but if I should commit an error, I shall do my best to repair it."

"The assurances given to me by the deputy minister, whom I have known for a long time, as well as by the heads of other branches, justify my belief that I shall be able to carry out, with success, the administration of my Department."

"I also greatly appreciated the act of courtesy and deference of my predecessor, Hon. Mr. Veniot, who came loyally to call upon me and to give me certain important information."

NEW FAIR GROUNDS AT WATERLOO OFFICIALLY OPENED YESTERDAY

Notwithstanding Cloudy Weather, a Large Crowd Turned Out for Inauguration of Annual Shefford County Exhibition—Heavy Cattle Entries a Feature of Live Stock Exhibit—New Buildings Nearly Completed on Fine New Site—Many Prominent Visitors Expected to Visit Grounds Today.

MUNICIPALITY OF BURY ADOPTS LIQUOR BY-LAW

Majority of Eighty-Two Votes Recorded in Favor of By-Law Providing for Sale of Beer by Glass and Bottle and Beer and Wine During Meals.

BURY, Aug. 13.—The electors of the municipality of Bury voted in favor of the by-law to permit the sale of beer by the glass and the bottle and beer and wine during meals by a majority of eighty-two votes. Three hundred and fifty-nine voters exercised their right out of a total of four hundred and fifty who had the privilege to cast their ballots. The count showed two hundred and twenty-two votes in favor of the by-law and one hundred and forty against. Seven ballots were rejected.

The by-law on which the electors voted on Monday was passed at a regular meeting of the municipal council on July 7th. The motion was proposed by Councillor A. Brouillette and seconded by Councillor F. J. Pringley. The by-law submitted to the electorate read "Whereas this municipality is under the jurisdiction of the Quebec Alcoholic Liquor Act and that there is no by-law of prohibition in force in this municipality, that for the above reason it is hereby enacted that by the present by-law this municipality prays the Quebec Commission to grant this municipality one permit (tavern and country hotel) for the sale of beer by the glass and the bottle and beer and wine during meals, the whole according to the Alcoholic Liquor Act, and that the present by-law be submitted to the municipal electors of this municipality and that the voting on the present by-law be taken on the eleventh day of August, 1930."

"I also greatly appreciated the act of courtesy and deference of my predecessor, Hon. Mr. Veniot, who came loyally to call upon me and to give me certain important information."

WATERLOO, Aug. 13.—

In spite of the cold wind sweeping across the grounds, hundreds of residents of the County of Shefford turned out yesterday for the official opening of the Shefford County Agricultural Society's new fair grounds at Waterloo, the old site having been disposed of.

When it was realized that the buildings would not be completed in time for the opening of the exhibition, a number of the leading citizens of the community set to work with hammer and saw, and by two o'clock the last nail was driven in the grand stand.

The new Waterloo Fair Grounds hold one of the most attractive positions in the Eastern Townships. Standing on a hill on the northwest side of the village, the grand stand overlooks beautiful Waterloo Lake and the village itself.

The grand stand, occupying approximately the center of the grounds, is of galvanized iron construction. The height of the rear seats is such that it was found possible to have two floors beneath them. The ground floor is occupied by the Association restaurant, while the second storey is used for the floral displays and women's departments. A fine half mile course faces the grand stand.

The main gate and executive office are at the southwest corner of the grounds, and a large automobile parking space is provided immediately inside the enclosure. The field between the parking ground and the grand stand is reserved for the midway and this year the Greater Sheesley Shows have been engaged for the diversion of the public attending the fair.

The poultry show building is on the south side of the plot adjoining the judging ring and cattle sheds, while the horse, sheep and swine sheds are on the south side, in close proximity to the race track.

The people of the county of Shefford are justly proud of their new enterprise, a whole having been completed by the donations and free labor of the residents of the district, not a single dollar in federal or provincial donations having been received for the purpose.

Mr. R. R. Bachand, N.P., the hard working secretary-treasurer, reports that while the sheep and swine entries are not as numerous this year as usual, cattle on exhibition, especially Ayrshire, establish a new record. While judging had not been completed in the Ayrshire division, three outstanding herds have been entered by Mr. James Davidson, H. L. Hastings and Sons, of the Altamont Ayrshire Farms, Swetsburg, and Chapman Brothers, of Fross Village.

The entry of Mr. W. A. Jolley, of West Shefford, swept the prizes in the Brown Swiss class. Mr. F. W. Savage, of Waterloo, with his herd of Jerseys captured the greater part of the trophies in that section. The only entry in the Durhams was a young herd, of considerable promise, owned by Mr. L. J. Gagnon, of North Stukely.

Keen competition was provided in the Canadian cattle classes, Mr. J. Bourassa's herd carrying off the herd prize for aged herd, while Mr. J. B. Dorais' entry took the young herd prize.

Mr. W. W. Phelps' entry took all the firsts for Tamworth swine, with the Yorkshire honors going to Chapman Brothers' pen. Both these pens were also successful in carrying off a number of special prizes.

The sheep prizes were swept by the entries of Mr. G. E. Chapman, which were successful in both registered thoroughbred and grade sheep divisions.

Entries were very heavy in the Women's Departments, all divisions being closely contested. Cut flowers and potted plants vied with butter, cheese, cakes, bread and other edibles, for their share of attention from the public, while great interest was shown in the collection of fancy work entered by the ladies.

Keen contests were provided in the dairy and farm products divisions, the judges being unable to complete their work yesterday.

While the annual fair was billed to officially open yesterday, and to extend to three days, due to the uncompleted nature of the field, very little fair work actually got underway until about three o'clock. The heavy midway wagons got mired frequently in the soft ground, taking all the efforts of men, horses and tractors to free them.

The midway embraces all the usual rides, sideshows, and several new features.

An interesting programme was provided in front of the grand stand by MacDonald's animal troupe of trained ponies, dogs and monkeys.

ST. FRANCIS DISTRICT

DANVILLE

Notice! Dr. H. V. Hight, Chiropractor, will be at Mrs. Bernice Fowler's house, Danville, Que., Thurs., Friday and Sat., Aug. 14, 15, 16. Your foot better feel H. V. Hight, M.C.P.

MILAN

Mr. and Mrs. Malcolm Morrison, of East End, Sask., and Mrs. Catherine Morrison, of Scottstown, were visitors of Mr. and Mrs. P. K. McDonald during the last week in July.

Mr. and Mrs. Malcolm McLeod, of Sabastopol, Calif., who are on a motor trip through this vicinity, were recent guests of Mr. and Mrs. P. K. McDonald and Mrs. M. A. McLeod.

Messrs. J. E. McDonald and F. M. McKenzie spent a couple of days last week in Montreal.

Miss Dolena Nicholson is in Inverness visiting her cousin, Mrs. John McKenzie.

Mr. and Mrs. Dannie Murray and Mr. and Mrs. Muriel Nicholson and daughters, the Misses Eleanor and Jean, returned to their home in Springfield, Mass., on Friday, after a visit with their parents here. Mrs. J. N. McKenzie and daughter, Miss Jean, spent a couple of days at Lake Megantic last week.

Recent visitors at the home of Mrs. Donald Morrison, Tolata, were Mr. George Cruickshank and Mr. John K. Campbell and daughters, the Misses Ethel and Vera Campbell, of Graniteville, Vt.

Miss Christie McIver, of Scottstown, was visiting Mr. and Mrs. K. D. McLeod, on Sunday.

Mr. Angus McKenzie is home from a few weeks' visit with relatives and friends in Portland, Me., and other points in that vicinity.

Miss Kathryn McLennan, of Scottstown, was a recent guest of her friend, Miss Muriel McDonald.

Mr. and Mrs. Donald Murray and daughters, the Misses Ethel and Madelyn, and sons, Masters Russell and Wesley, of Graniteville, Vt., were week-end visitors of the former's parents, Mr. and Mrs. J. N. Murray.

Mrs. Mary Connor spent the week-end in Scottstown.

Miss Lillian C. Graham and Miss Mary Connor spent the week-end, the guests of the former's aunt, Mrs. Malcolm Ross.

Mrs. John Bailey, of Lake Megantic, was a recent visitor in town.

Miss Jessie McLeod, of New Hampshire, and Mrs. K. R. McLeod, of Scottstown, visited the latter's daughter, Mrs. Dan Campbell, last week.

Mrs. Angus A. McLeod, of Marboro, visited her cousin, Mrs. A. F. McKenzie over the week-end.

The Weekly Prayer Meeting will be held in Tolata at two o'clock p.m., Thursday, August 14th.

Miss Lillian Matheson, daughter of Mr. and Mrs. Norman Matheson, of Victoria, is in and under the care of Dr. C. M. Smith.

Mr. and Mrs. Wm. Shaw and Miss Doris Shaw, of Riverbend, Que., are guests at the home of Mrs. Shaw's parents, Mr. and Mrs. J. Molyneux.

Recent visitors at the home of Mr. and Mrs. J. Molyneux.

BURGESS BEDTIME STORIES

The Reward of Patience

By Thornton W. Burgess

The patient gain their ends at last. But often when the need is past. —Mother West Wind.

Peter Rabbit was nothing if not patient. He spent a great deal of time—more than he should have—over by the old stone wall alongside of the Old Orchard. He wanted to see and talk to Striped Chipmunk. And, as he couldn't possibly go where Striped Chipmunk was, he had to wait for Striped Chipmunk to come where he was.

It seemed to him that never in all his life he had been so patient as now.

At last, early one morning, Peter's patience was rewarded. Striped Chipmunk popped out from between the stones of the old wall almost over Peter's head. "Hello, Peter Rabbit!" cried Striped Chipmunk in that sprightly way of his.

"You seem to have been spending a lot of time around here."

Sherbrooke Daily Record

Established Ninth Day of February, 1897.

Published Every Week Day by the Sherbrooke Record Company, Limited, at their publishing house, 69 Wellington Street North, in the City of Sherbrooke, Quebec.

ALFRED WOOD,

President and Editor.
GORDON MILLER,
Managing Editor.

E. G. PIERCE,

Managing Director.
C. P. BUCKLAND,
Advertising Manager.

You build the new from the rock foundation but to rebuild the old you must first knock down the architectural errors of those who lacked vision in the days that have gone by.

ARE YOU COMING TO THE FAIR?

Forty-six years ago the first Sherbrooke Fair was held in the city, and each year since 1884 there has been promised and carried out something bigger and better.

Under the presidency of Col. Harry Blue this year something high in the way of a record attendance will no doubt follow the promise of a broader and wider interest in the general exhibits.

The Sherbrooke Fair is the result of all-year-round preparations. There is at the Arena a regular staff, and no sooner was the 1929 show finished than the executive, under the direction of Col. Sydney Francis, began to prepare for the show of 1930. The continents of America, and of Europe and of Asia and Africa each bring to Sherbrooke some of their interesting lore. The Sherbrooke Fair is international in character, though it may be Eastern Canada in its immediate area of attendance.

Col. Harry Blue says: "During the three years of my tenure of office as President of this Exhibition I have come to a greater realization . . . of the tremendous power and wide-spread energy which is disseminated throughout the Dominion of Canada by the orderly and scientific progress of exhibitions in their encouragement of live stock breeding and agricultural education."

So when we present the show windows of Canada at the Sherbrooke Fair, we want every resident of the Eastern Townships to come and to feel that the town is theirs. We want our readers to come, and we offer them a downstairs office for a parking place for their parcels.

OUR PLACE ON THE MAP.

Within ten years the City of St. Petersburg, known as the "Sunshine City" of Florida, has been advertised by its loving friends as a winter resort. Its growth has been fabulous.

Last year there were \$30,000,000 spent in that city by tourists from the North who were seeking perpetual summer by spending their winters in Florida.

When the editor was in Florida some ten years ago it was a city of 6,000 permanent residents. Now it has ten times that number with a winter population of over 25,000.

What others have done we can do. Tourist travel in Sherbrooke has been at a low ebb this summer. Whilst there have been many contributing causes for the falling off, the chief one has been the state of awfulness of our entering highways from the South and from the West. These are being improved.

So that we can now start to build from the grass roots and make Sherbrooke the real Summer City of the North.

In a city where every prospect pleases, where there are so many delightful spots, so many charming towns and villages, with alluring lakes and rivers, with bathing beaches, with fishing and hunting resorts, with golf links a plenty, and an abounding number of equal attractions, why should we not be the chief place on the map for the millions of motor tourist who would see Canada.

No such admitted center yet exists in Canada.

Historic traditions and scenic grandeur we may not have in the same measure as other cities, but we have that which is far more satisfying to the eye and the senses in the beauties one never wearies of.

GOD HELP THE UNITED STATES IF THEY DEPENDED ON HEARST.

Brisbane, the Hearst editor, who covers a veneer of knowledge without a paucity of words, is advocating that which appeals to the men who cannot analyze facts and figures.

The Hearst chain of yellow journals, with the Katzenjammer type of appeal, advocate the operation of the power dam known as Muscle Shoals by the United States Government.

President Hoover, a civil engineer by profession, who knows the fallacy and foolishness of public ownership and operation, has declared that he is opposed to Government operation of this great power plant.

That seems to settle the farmers' dream of cheap fertilizer from the Muscle Shoals! exclaims Brisbane. "The people built it, but will not run it. No private company will be suspected of producing cheap fertilizer. The private power companies will make plenty of profit, and, after all, what helps one group of American citizens, theoretically helps them all."

Public operation from an economic standpoint ever ends in dreams.

President Hoover adheres to the sound principles of private ownership of industry requiring directing heads interested in proper management. Only through private ownership and personal initiative can any country secure development of its resources. They will be managed more effectively and will better serve the interests of the people as a whole than they could possibly be through the dormant and too often the grafting plans of political operation.

Public ownership is like the Old Man of the Sea on the shoulders of Sinbad the Sailor, and for ten years it has retarded the growth of our city. It may require some keener financial vision than

that possessed by the average disinterested on-looker to see this, but men who have given study and research to the question readily see both cause and effect.

EDITOR'S NOTE BOOK.

Added to our Reference Library this week is the Canadian Gazetteer, a Dominion business book which may at times be of use to our readers, and which is ever at their disposal.

When the manager of the quarries down by the border managed to get away from Sherbrooke and go back home to "break a few stones" he philosophically observed on the island hole, "Usually the man who complains that he never had a chance is the chap who never took one." When his ball dipped into the lakelet he complacently observed, "Nor does the average man know his chance when he meets it on the street and shakes hands with it."

With persistent study of plant life and with constant research work by the Federal Department of Agriculture under the Hon. W. R. Motherwell, the Canadian farmers are today producing as much tobacco as is smoked in Canada. They produce all the fine tobacco required by Canadian manufacturers, but of course much Canadian tobacco leaf is exported, whilst foreign leaf is imported for blending. Dr. Archibald, of the Dominion Experimental Farm, says that the Canadian quality and flavor is now better than that of the imported leaf. The near-tropical climates in Southern Ontario, almost surrounded by Lakes Erie, St. Clair and Ontario, produce the finer grades so much in demand.

Sometimes we hear folks deride the Quebec asbestos industry just because some operators may have hard times or strike a hungry pocket in the rich deposits in and around the Eastern Townships. Yet in the year just passed the asbestos production in Canada set up a new high record. Shipments were 306,055 tons, valued at \$13,172,581, an increase of twelve per cent. in quantity and of seventeen per cent. in value as compared with the year 1928. The price had gone up in 1929 just \$1.84 per ton as compared with the previous year. This is cheering. Now let's all together boost our dairy farms. Drink more milk and pester your grocer for Eastern Townships butter. Take nothing but.

Our correspondent in Philipsburg relates a story of heroism by an employee of the Marble works in that town. Mr. William Leslie. The fire was in a tenement house, and the housewife had gone out on an errand closely, leaving her four children in the little home. When she returned the house was ablaze, and on giving the alarm the men from the works rushed to her assistance. It was impossible to enter the building, from which only the eldest lad had escaped. Two little girls, aged two and three years, perished. Mr. Leslie dashed into the burning house, entered the smoke-filled room and came to the door with one little child in his arms. But his act of heroism was in vain, for the thirteen-month old baby was so badly burned that she died in the hospital. No mode of praise can be subtracted from that due to William Leslie, who endangered his own life to save that of the little Denarzo child.

FRONT WINDOW MUSINGS

Faith is the triumph of sentiment over reason.

There are few mysteries left now except in the spirit world and inside a cantaloupe.

The simple life is much like economy. It's a lot of fun if you know you can quit when you get tired of it.

An old-timer is one who can remember when lightning was considered fast.

Parents: Old Kill-joys who should learn to pay the bills cheerfully and not ask so many questions.

So the Reds should be tolerated because they spend a lot of money. Aren't gangsters good spenders, too?

Nothing but machines in the next war! Won't it be fun to watch the baffled cootie.

"The burglar is afraid," says a gun ad. He knows that at any time he may be mistaken for a returning husband.

Indians can express a sentence with one movement of the hand. And we've seen a thumb say: "You're out, by heck! and it serves you right."

PRESS COMMENT

THE LITTLE THINGS THAT COUNT.

Among the little things that count more than big ones are caddies. They usually count about three strokes more.—San Francisco Chronicle.

REAL KNOWLEDGE IS PRACTICAL.

Comments by many persons of intelligence on the Edison questionnaire are often far from favorable. The desert problem has been singled out for special attack. Here several critics have missed the point by supposing that it has only one correct answer, when as a matter of fact, it offers several possibilities to challenge the reasoning power of the individual and to test his ethical views. Only slowly are we awakening to the fact that knowledge today means more than a feat of memory in storing facts one might find in any reference book. It involves a capacity for right thinking in the application of a principle to a situation never anticipated in any catechetical system of education.—Philadelphia Inquirer.

WISE DECISION.

It is interesting to note that the United States postal service has once again rejected the proposal of advertising interests that unadvised matter be accepted by the department for house-to-house distribution. Some years ago, when the idea was first mooted, it was summarily negatived. The advertising folk, it seemed, just pinger-holed that very definite "No" in the hope of being able to do something about it later on. Householders of the United States, as well as the letter-carriers, will be pleased, of a certainty, to hear that the department has had no change of heart. Even under existing regulations in the United States and Canada, postmen complain that they are but little removed from dodger-distributors.—Hamilton Spectator.

SOCIAL AND PERSONAL

Mrs. and Mrs. J. K. Wilson, of Montreal, were week-end guests of Mr. J. M. Jenckes, Quebec street.

Mr. and Mrs. W. J. Clark, of Hampton, Long Island, are guests of Mr. and Mrs. N. D. Cascaden, Montreal street.

Mr. H. E. Grundy, Portland avenue, is at Ayer's Cliff a guest of Mrs. W. E. Paton at her summer home.

Mr. and Mrs. Francis Clark, Moore street, left today to spend a few days with relatives in Melrose, Mass.

Mr. J. E. Cann, Park Avenue, of Milford's staff, has returned from Montreal, where he attended the annual Florists' Convention.

Mrs. J. M. Jenckes, Quebec street, is returning this evening from Detroit, Mich., where she has been the guest of her daughter, Mrs. W. L. Bones, and Mr. Bones.

Mr. and Mrs. William H. Barnes and family recently motored to Montreal and during their stay saw the R-100 leave St. Hubert en route for Toronto.

Miss Andrea Hyndman entertained at a delightful theatre party on Monday evening in honor of her cousin, Miss Edna Rose, of Montreal, who is her guest at her home on Moore Street.

The engagement is announced of Fern, only daughter of the late W. H. Stacey and Mrs. Stacey, of Lennoxville, Que., to Mr. Charles Edward Parkin, only son of Mr. and Mrs. Fred Parkin, of Sherbrooke, Que. The wedding to take place in September.

Mrs. W. V. Ingram has returned to Garden City, Long Island, after spending some time in Sherbrooke a guest at the Magog House, in order to be near her sister, Miss Rintoul, who is a patient in the Sherbrooke Hospital, as the result of a serious auto accident. Miss Rintoul is now rapidly convalescing.

The ladies of the Sherbrooke Country Club held a very successful driving competition yesterday for classes "A" and "B". There were eleven entries in Class "A". Mrs. Stephen Newton winning out, with Miss Edith Bradford coming second. Mrs. L. A. Darcy carried off the honors in Class "B", with Miss Mona Bigg taking second place out of the nine who entered in this class. On Friday a team from Class "B" will journey to Windsor Mills, and later in the month Class "A" will form a team to go to Thorndown for a friendly match.

Mrs. James Boydell, of Montreal, who has spent the past month in Stanstead and Bury, arrived in Sherbrooke yesterday morning for a short stay with Mr. and Mrs. Arthur Fraser, "Rose Cottage," Portland avenue, en route for Sudbury, Ont. In the latter place Mrs. Boydell will unveil the handsome stained-glass mullioned Gothic window in the chancel above the altar in the Church of the Epiphany. The dedication service will take place on Sunday, August 17th, when the Venerable Archdeacon Burt, of Algoma, will officiate owing to the absence of the Lord Bishop of the Diocese in England. The window has been placed in the Church of the Epiphany as a memorial to the late Reverend James Boydell, M.A., Canon of St. Luke's Cathedral, who for twenty-eight years was rector of the church and under whose supervision it was built. The memorial window is given by the congregation in grateful remembrance of one who ministered among them for so many years.

The Sherbrooke Hospital Ladies' Auxiliary met yesterday afternoon in the assembly hall of the Y.W.C.A., Melbourne street, with Mrs. David Wilson, the president, presiding. The meeting was called to receive the reports of canvassers for the cafeteria at the exhibition, which reports proved to be satisfactory up to date, with further returns to come in later. Plans and arrangements were made for the big annual event, which entails so much work and time for the members before and during exhibition week. With everyone co-operating and doing their bit, it is hoped that the cafeteria will prove an even greater success this year, as the Auxiliary members are sparing no efforts to cater to the comfort and convenience of their patrons. The secretary reported that many letters had been sent to outside places, but that there are still a number who had not replied. These are urged to get in touch with the executive as soon as possible in order that the work may be carried on in an efficient manner.

RECEIVER-GENERAL AND TREASURER OF BAHAMAS HAS ARRIVED IN CANADA

MONTREAL, Aug. 13.—A West Indies trade conference will likely be held in Canada in the near future with representatives of the various islands in attendance. Among the passengers on the Canadian National steamship, "Lady Drake," just arrived at St. John, was Hon. N. S. Solomon, Receiver General and Treasurer of the Bahamas, who has come to Canada in connection with the development of trade between the two countries. Travel between the West Indies and Canada continues to be heavy judging by the passenger list of the Lady Drake.

"TOOSH! TOOSH!" said Uncle Eben, "as sein' too cautious. A certain 'quaintance of mine' 'most lik' himself 'tryin' to swallow chicken feathers, so's to conceal de evidence."

Mrs. W. P. Rapley, of Montreal, is spending a few weeks in Toronto.

Miss E. Fetherston-Haugh Ritchie, R. N., and Miss Jean Helen Dobie, R. N., of Detroit, Mich., are guests of Mr. and Mrs. J. W. Ritchie, Bellevue Apartments, Melbourne street.

Mrs. J. Harry Blue, "Grey Court," Elizabeth Street, entertained yesterday afternoon at a delightful bridge party in honor of Miss Margaret Gould, Miss Isabel Skipwith and Miss Mildred Ryder, of Boston, who are her guests. Bridge was played at seven tables, and the prizes were won by Mrs. Clifford Goodhue, Mrs. Gerald Wiggett, Mrs. W. E. Baker, Mrs. Lennox Wilson, Mrs. W. S. McCutcheon, Mrs. Stephen Newton and Miss Edith Bradford. At the tea hour Mrs. Fergus Dining poured tea, Mrs. S. Newton poured coffee and the ices were cut by Mrs. N. B. Greenleaf. The table was attractively done with phlox in various shades.

The regular monthly meeting of the Child Welfare Clinic of Sherbrooke was held yesterday afternoon in the Red Cross room in the Whiting Block. In the absence of the president, the chair was taken by Mrs. E. W. Jones. The reports for the month of July show a tremendous increase in clinic work, the attendance being the largest since the Clinic was first established. There were five clinics held with a total attendance of 219, with 67 new cases: 15 for nose and throat, 23 for dentistry, three for vaccination and 26 for operations. Yesterday 29 more children were passed for operations, among the number being a tiny baby who, in order to save the sight of one eye, will have to have the other removed or else become totally blind. The case is a most deserving one, the father a returned man being unable to pay for the operation. The executive passed these cases for operations, relying on the support and sympathy which has ever been extended to these unfortunate children, who if it were not for the splendid work accomplished by the Clinic would start life handicapped by ill-health or infirmity. The attendance has increased so rapidly and the work is so urgent and necessary that the members feel confident that financial assistance will be given them in order that the children may at least be given a chance to face life with a fair chance for success.

ANNUAL FAIR AT RICHMOND OPENS MONDAY

Many Novel Features on Programme of Three-Day Event of Richmond County Agricultural Association Next Week.

RICHMOND, August 13.—The seventy-fourth annual fair of Richmond County Agricultural Society will be held here on Monday, Tuesday and Wednesday of next week. The officers and directors are busily engaged in making preparations for this annual event and are determined that no efforts shall be spared to make it one of the best exhibitions ever held here.

The prize list has been revised and has been in the hands of the public for some time. Besides the regular prizes offered by the Society, there is a splendid list of special prizes and valuable silver cups which should prove attractive to intending exhibitors and be an inducement to a large increase in the number of the exhibitors in the different classes of all the departments.

Cups and specials offered in the cattle and poultry departments are an outstanding feature and should tend to give encouragement to those who are engaged in these branches of agricultural enterprise. In the dairy class there are offered as specials a silver cup valued at twenty dollars; one half ton of brewers dried grain and five bags of Union Dairy Feed, while in the class for beef here the most outstanding specials are a silver cup valued at \$25 and a presentation case of cutlery.

The exhibit in the poultry department comes in for ten silver cups in all. Four of these are awarded outright to the winning exhibitor while the other six have to be won three years in succession by the same exhibitor before becoming his property.

In the ladies' departments there is likely to be a large exhibit and keen competition since the secretary reports that already there is a large entry including many persons who have not previously been exhibitors. The Grand Stand attractions include some interesting features. There will be races each afternoon of the fair and Miss Mildred Pomeroy, of Newport, Vt., with her pupils will appear in the unique and refined acts of a dance festival, which is reported to be full of dignity, beauty and grace.

Professor Albert Drapeau, of

BASKET PICNIC WILL BE HELD AT STANSTEAD

Will Be Feature in Connection With Annual Meeting of Stanstead Historical Society on Saturday, August 16, at Dufferin Heights.

STANSTEAD, August 13.—Arrangements have been made to hold the annual meeting of the Township of Stanstead Historical Society at Dufferin Heights on Saturday, August 16, at 2 o'clock in the afternoon, daylight saving time. A basket picnic will be held, and the public generally are cordially invited to attend. Should weather conditions be unfavorable, the affair will take place in the brick schoolhouse at North Stanstead.

GRAND JURY REFUSES TO INDICT CARROLL TROUPE

Carroll Announces that No Further Modification of Vanities to Be Made, Following Court Decision.

NEW YORK, Aug. 13.—Twisting, writhing and squirming to demonstrate to the grand jury how Faith Bacon apparently did the fan dance in the nude, Police Captain J. Coy yesterday failed to convince the grand jury that Earl Carroll's "Vanities" are indecent. The grand jury took just five minutes to decide not to indict Carroll and three of the cast.

His dance imitation over, Coy, according to reports, used a doctored jury in the role of Miss Carroll to show how Jimmy Savo, comedian, dressed her on the stage. That, too, seemed not to go over with the grand jury.

At Carroll's office it was said the show, which was changed in certain particulars after the raid, would remain as it is now.

Quebec, with his acrobatic dogs in a performance of many sensational stunts will be another feature of interest and enjoyment while last but by no means the least in importance will be the stock parade which has for some years proved to be a most interesting feature in the closing events of all agricultural fairs.

MR. H. E. GRUNDY WINS PROVINCE SCHOLARSHIPS

Local Man Selected by Provincial Government for Post-Graduate Study in Europe.

Mr. Harry E. Grundy, of this city, who completed his law course at McGill University in June, has been selected by the Provincial Government as the recipient of one of the bursaries provided for post-graduate study in Europe. Fourteen of these scholarships were awarded this year, three being granted to applicants from McGill University, nine students making application. Mr. Grundy was graduated in Arts from Bishop's University in 1927 and in Law from McGill in 1930 with second class honors. He obtained first class honors in civil procedure and in criminal law and procedure, the A. Mailhot Memorial Prize and the Quebec Bar Association prize for Civil Procedure.

SIR FREDERICK HAULTAIN MENTIONED AS SUCCESSOR

Chief Justice of Saskatchewan May Be Appointed Lieutenant-Governor of Province in Event of Present Governor Resigning.

REGINA, Sask., Aug. 13.—Rumors current in the city a few days ago that His Honor Lieutenant-Governor W. S. Newlands, K.C., was to retire from his vice-regal position, were revived today and the name of Sir Frederick W. Haultain, Chief Justice of Saskatchewan, is mentioned as a probable successor. It is stated that representations have been made to Ottawa that Sir Frederick's appointment would meet with general approval.

BELIEVE SHIP'S CAPTAIN TOOK HIS OWN LIFE

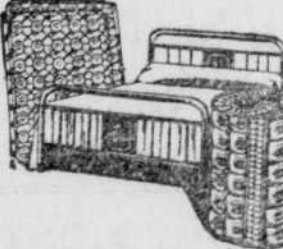

BOSTON, Aug. 13.—The case of the disappearing of acting Captain Leslie E.E. Large, who disappeared from the steamer San Gil while the ship was en route from Cuba to Honduras, was closed today so far as the United Fruit Company, owners of the vessel, was concerned, with an official statement expressing the belief that the captain had committed suicide.

ROTARY CLUB ADDRESSED BY DEAN HAMMOND

Dean of Cornell University
Spoke at Weekly Meeting of
Sherbrooke Rotary Yesterday
—Touched Upon Several Prominent Educational Men.

The Rotary Club had as its weekly speaker yesterday noon, at the New Sherbrooke House, Dean W. Hammond, of Cornell University, New York, who delivered an interesting address touching upon several prominent men in educational circles with whom he had come in contact.

Before speaking of these, Dean Hammond made a few remarks upon the system of education in Canada, claiming that the Canadian elementary system is better than that of the United States. Dean Hammond entered King's College at Windsor, Nova Scotia, forty-five years ago, immediately after receiving his college degree. He has been connected with educational work ever since and naturally has had a great deal of experience. In speaking about education, he remarked that people today consider success too much from a commercial standpoint, and expressed the opinion that college professors are not given sufficient remuneration. "A man who minds the train receives more money than a man who trains the mind," said Dean Hammond.

Dean Hammond then spoke about Dr. J. D. Shourman, whom he met in Germany many years ago, and who was president of Cornell University for over twenty-eight years. Mr. Shourman was a very able man, an outstanding citizen, and served as first commissioner to the Philippine Islands for the United States. He later entered the world of affairs and travelled to China as plenipotentiary minister, after which he went to the Balkan States. He also attained great success in the court of Berlin in Germany as a diplomat.

Dean Hammond also reviewed the life of Goldwin-Smith, who came to Cornell University from Oxford, in 1895, and who was known as one of the most consummate writers of essays during the Victorian era. In speaking about Dr. Farow, Dean Hammond pointed out the fact that he was one of the great men that Canada took away from the United States. Dr. Farow was born in Germany and brought up in the States. He then came to Canada, where he entered the Department of Forestry, where he achieved unusual success. Another world-famous figure was Sir Auckland Geddes, who was an ambassador to the United States from Great Britain.

All these men Dean Hammond came in contact with during the course of his long career. Most of them are connected with Canada. In fact, Dr. Shourman was born in Prince Edward Island and served in Acadia and Dalhousie Colleges, while the noted writer, Charles D. Roberts, also a friend of Dean Hammond was born in Fredericton, N.B. In speaking of Mr. Roberts, Dean Hammond commented upon his prominence as a writer. Before moving to London, Mr. Roberts was first editor of the Toronto Week, and also of a New York paper, and connected with numerous other important phases of literary life.

A vote of thanks was moved the speaker by Rotarian J. W. McKee. President D. T. Diplock advised the members of the club that at the meeting on next Tuesday evening at 6.15 o'clock, Governor Crocker would be present.

THEY DON'T EVEN COUNT NOW
Angry Father—Aren't you ashamed of yourself? You've been learning for three years and you can only count up to ten. What will you do in life if you go on like that?
Smallson—Be a referee at boxing matches.
—Moustique.

ORNAMENTAL LIGHTS BEING PLACED ON FRONTENAC STREET

Ornamental lights, similar to those on Wellington, King, Montreal, Queen and other important streets of the city, are being placed along the length of Frontenac street. The work is already well under way and it will not be long before the general appearance of this street be much improved by the appearance of more attractive lights.

W. G. BASSETT WINNER OF ALUMNI SCHOLARSHIP

The scholarship valued at two hundred dollars per annum donated by the Alumni Association of the University of Bishop's College, Lennoxville, for competition among the students at Bishop's College, was this year awarded to Mr. W. G. Bassett, of Lennoxville.

Mr. Bassett was among this year's graduates in the Arts Faculty at the University.

ACCIDENT VICTIMS SLIGHTLY IMPROVED

The condition of J. A. C. Chamberland, of this city, who is in the St. Vincent de Paul Hospital suffering from a probable fracture of the skull, is reported as slightly improved this morning. The other two victims of the accident, which occurred Monday evening five miles from town on the "Magog highway," namely, O. Desnoyers and C. Nolin, both of Holyoke, Mass., are also progressing favorably. Mr. Desnoyers suffered severe cuts about the face, while Mr. Nolin sustained a broken arm.

MARION DAVIES AT GRANADA THEATRE

Marion Davies is said to reach fresh triumphs in her new Metro-Goldwyn-Mayer talking and singing feature, "The Florodora Girl," which is now playing at the Granada Theatre.

In the new musical romance, Miss Davies brings quaint recollections of those charming days when the famous Florodora girls were holding down the front pages as well as the stage of the old Casino Theatre.

The story, an original by Gene Markey, is endowed with a sweetness distinctly refreshing and replete with comedy that goes back to beer gardens, horseless buggies, roughhouse football matches and Bowery brawls.

Lawrence Gray, who made his

J. A. ROBERT SECURES EXCLUSIVE TIRE PRIZE

"Yes, I know that every garage man in the Eastern Townships has been boosting Dunlop Tires and boasting of his agency in his own district news," said J. A. Robert, 61 Depot street. "And I doubt that they have been getting my trade, for my business has more than doubled this season, and I have been travelling on high."

J. A. Robert is not only a tire specialist, but he is an ignition expert. He has long been an ardent admirer of "Dunlops," and when the new reinforced cable cord idea made Dunlops so desirable to motorists he promptly secured the exclusive agency for Sherbrooke.

debut opposite Miss Davies in "Marionette" again appears in the leading masculine role in her new picture, playing the part of the Fifth Avenue blade who woos the Florodora girl.

INFORMATION REGARDING UNEMPLOYMENT

A telegram has been received at the City Hall from Ottawa in which certain information regarding local unemployment conditions is requested. This is in connection with the action which Premier R. B. Bennett is planning to take in the hope of relieving unemployment throughout Canada. The telegram read as follows:

"For the information of Parliament in connection with special session early next month your cooperation is solicited and we would thank you for an estimate of unemployment presently existing in your city and to what extent you expect it may be accentuated during coming winter. Receipt of this information with any details you may care to add is desired to be available for use at meeting of the Employment Service Council of Canada, to be held at Ottawa, on August twenty-first."

(Signed) G. D. ROBERTSON, Minister of Labor.

In the hope of securing the desired information and having it as accurate as possible, the following questions are also asked: Please estimate the percentage of unemployment; to what extent do you think unemployment will exist during the winter of 1930-31, and what suggestions have you to offer.

Don't neglect to read the Classified Advertisements in this issue. They likely name something you want.

Notice to Creditors of First Meeting Where Assignment Made.

THE BANKRUPTCY ACT

In the Estate of CHARLES L. A. DESAUTELS, Contractor, Sherbrooke, Que., Authorized Assignor.

Notice is hereby given that Charles L. A. Desautels, of the City of Sherbrooke, Que., did, on the 15th day of August, 1930, make an authorized assignment of all his property for the benefit of his creditors, and that Messrs. Leonard & Bachand, Official Receivers, have appointed us to be custodians of the estate of the debtor, until the creditors at their first meeting shall elect a trustee to administer the estate of the debtor.

Notice is further given that the first meeting of creditors in the above estate will be held at the office of Messrs. Leonard & Bachand, Official Receivers, at the Court House, at Sherbrooke, Que., on the 25th day of August, 1930, at 10 o'clock in the forenoon (Advanced Time).

To entitle you to vote thereat, proof of your claim must be lodged with us before the meeting is held.

Proxies to be used at the meeting must be filed with us prior thereto.

And further take notice that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with us within thirty days from the date of this notice, for from and after the expiration of the time fixed by subsection 8, of section 37, of the said Act, we shall distribute the proceeds of the debtor's estate among the parties entitled thereto having regard only to the claims of which we have then notice.

Dated at Sherbrooke, Que., this 12th day of August, 1930.

T. BELANGER, G. E. BEGIN, Custodians.

Office of Belanger & Begin, Accountants and Liquidators, 22 Wellington St. North, Sherbrooke, Que.

Miss Marion Bogle, of Montreal, was calling at the home of Mr. and Mrs. Amos Howard, on Thursday.

Buy advertised goods. They must always give full value.

DEATHS REPORTED

MR. DIEUDONNE BISALLON, ADAMSVILLE, QUE.

On August 11th the funeral service of Mr. Dieudonne Bisallon, aged sixty-eight years, was held by Rev. Father E. Lagace, in the Roman Catholic Church, in the midst of many sorrowing relatives and friends.

The remains were borne to their last resting place by Mr. O. Huot, mayor, as conductor, while Messrs. J. Bruno, L. Coderre, E. St. Jean and A. Bisallon acted as bearers.

The deceased leaves to mourn his loss his wife, Albina Bernard, and children, Gerard, Aline, Honorius, Arthur, Omer, Albert, Alice, Ernest and Jean, aged four years.

MR. T. E. JONES, LUVERNE, MINN.

WATERLOO, Aug. 13.—A recent copy of a paper from Luverne, Minn., contains the following account of the death of Mr. Thomas E. Jones, a former Sherbrooke man, who has many relatives in the surrounding community.

Mr. Thomas E. Jones, for nearly half a century actively identified with the upbuilding and development of Luverne and Rock county, passed away at his home in this city.

While he had been in failing health for more than a year, his last illness was of two weeks' duration, which had its inception in a stroke of paralysis.

Funeral services were held from the Holy Trinity Episcopal church, Rev. F. T. Jackson officiating, and interment was made in Maplewood.

Major E. W. Brown, State Representative John Connell, Messrs. E. A. Hilke, David Stephen, Dr. C. O. Wright and Mr. W. Beck acted as pallbearers, and Mr. Charles Brewer, City Recorder D. W. Campbell, Mr. M. Swedberg, Aldermen Otto Bierkamp, W. F. Finke, Frank Peschorn and W. L. Krug, and City Supt. Geo. DeLata, honorary pallbearers.

Mr. Jones was a son of William and Mary Ann Booth-Jones and was born February 26th, 1853, at Waterloo, Quebec. When he was twelve years old, his father passed away and from that time on he assumed the duties of the head of the family, remaining on the farm with his mother and four brothers and sisters.

Mr. Jones continued to reside in Canada until the spring of 1879, when he came to Luverne, having mastered the trade of bricklayer and stone mason in the meantime. Five years after locating here he engaged in the mercantile business in partnership with his brother, William, who passed away in March, 1886. Mr. Jones remained in business here until 1907. In that year he disposed of his stock of merchandise and had since devoted his time to his farm and town property interests.

He was united in marriage to Miss Agnes R. Rogers, of Greeley, Colo., on December 20th, 1908, and she, with one sister and one brother, survives. The sister is Mrs. Dorothy Ramsey, of Fargo, N.D., and the brother, Mr. John H. Jones, of Seattle, Wash.

Endowed with the old world appreciation of thoroughness of workmanship and a keen mentality that enabled him to quickly detect unsound economic methods of procedure, his assistance and judgment had always been sought and appreciated in building problems in particular, and in commercial projects in general.

It was largely in recognition of his dependable economic views that he was elected a member of the council of the village of Luverne in 1894, and he continued to serve in this capacity for three years. In 1924 he was again elected a member of the council and was re-elected for three successive terms, the last one expiring last April, when, owing to failing health and the demands on his time by private interests, he declined to be a candidate for another term.

Mr. Jones' interests had always been centered in Luverne and Rock county's a community and he took a deep interest in all public affairs and was ever willing to give unparislingly of his time and efforts to promote the welfare of his home community.

At the time he was first elected a member of the village council back in the '90's, in many respects the municipality's standing was at low ebb, but by assisting in injecting business principles into the management of the village's affairs, he was materially instrumental in getting the town back on a sound financial basis.

He was as honorable and self-sacrificing as he was unwavering in his honesty, even to the smallest degree.

His always keen interest in public affairs extended to the public schools and the church. Mr. Jones had long been prominently identified with the Episcopal church of this city, was one of its founders and was senior warden at the time of his death. He had for many years served as the church janitor, without remuneration, and had in addition contributed liberally to its support.

During his long and useful career in this community, Mr. Jones constantly tried to make Luverne and Rock county a better place in which to live and both civil divisions are greatly indebted to him in innumerable ways. He had ever viewed life in a sincere vein and conscientiously sought to discharge every obligation and responsibility in a commendable manner as they confronted him.

ation, and had in addition contributed liberally to its support.

During his long and useful career in this community, Mr. Jones constantly tried to make Luverne and Rock county a better place in which to live and both civil divisions are greatly indebted to him in innumerable ways. He had ever viewed life in a sincere vein and conscientiously sought to discharge every obligation and responsibility in a commendable manner as they confronted him.

REV. A. C. BRYAN, ALTA, RICHMOND, AUG. 13.—Mrs. G. J. Alexander, of Richmond, has received the sad news of the death of her brother-in-law, Rev. A. C. Bryan, late of Calgary, Alta., and who was well and favorably known in this town by many citizens. The message came to the home of Mrs. Alexander while she was in Hailbury attending the funeral of her brother, the late Archie McDonald. She had received a letter from Mr. Bryan a few days previously which had been written only a short time before his death and in which he showed deep interest in the affairs of his town, where he had once been a pupil and afterwards a successful teacher in St. Francis College.

Mr. Bryan's death was not wholly unexpected since he had been in ill health for some time. He was sixty

GOSSIP IN THE WORLD OF FINANCE

Furnished by Johnston & Ward.

LAIDLAW'S LETTER

NEW YORK, Aug. 13.—Laidlaw and Co., says: The unfavorable development in the agricultural situation and unimpressive character of recent rallies caused additional selling during the day that gained momentum later. The mail order, farm implement and motor shares were particularly heavy. The rally also was rather freely offered.

The market closed at practically the low for the day with the Dow Jones industrial average at 217.24, slightly under the previous low on

the current move of 218.82. As we pointed out in a previous letter, the next resistance point after the market has broken through the 230 level was 214. Following that the points are 207 and 198. The prices for leading stocks on the day the market reached the 214 and 207 levels were given in Saturday's letter. The action of the market around these levels appears to be the next important technical indication.

GOOD SIZED RALLY DUE.—NEW YORK, Aug. 13.—The Wall Street Mirror says today: Steady selling pressure has now carried the stock list down to within striking distance of the low points registered in June. The selling at that time met stubborn resistance. The same sort of resistance should be encountered again. The disaster to the crops, which has diminished the buying power

PRICES INCLINED TO SAG ON WALL STREET 'CHANGE

NEW YORK, Aug. 13.—The stock market was again inclined to sag at the opening today, although a few important shares were supported above yesterday's final prices. U. S. Steel and General Electric opened up 1/2, and Standard Oil of New Jersey, Consolidated Gas, Worthington Pump and Corn Products lost a point each, the last named recording a new low. Westinghouse Electric sagged 3/4, and New York Central, Bethlehem Steel and American Can lost about 1/2.

of the agricultural communities is now the main reason behind the selling in the stock market. Furthermore, it has slowed down production in the manufacturing centers and might be said to be backing up all along the line.

Little can be said about the stock market at this time. It is at one of the stages in its flight where it must be allowed to tell its own story. If strong support is encountered, and the feeling is that it will be, the market will be open to a good sized rally. If the June and July advances are not repeated, the year will be seen all along the line. In fact, some issues are daily making new lows for the year.

There is one factor in the Wall Street situation which should not be lost sight of and that is that practically everyone is bearish and is predicting much lower prices for stocks. In the past it was the opinion that when everyone was bearish that it was time to buy stocks. Furthermore, the stock market has never been known to do the thing that everyone predicted for it. Just as the drought proved the unexpected factor in changing sentiment regarding the market it is the feeling in some quarters that some major occurrence of a constructive nature would very well do much to turn sentiment in the opposite direction.

BROKERS' OPINIONS.—Hornblower and Weeks—We believe that the market has probably established the resistance point from which it will definitely tend to rally. J. S. Bach and Co.—A factor that, from a long pull standpoint, is worthy of consideration is the continued decline in the ratio of borrowings by members of the New York Stock Exchange against stock collateral. While this does not, of course, prevent the occurrence of frequent rallies, it does indicate that the market's foundation is steadily being strengthened.

TRADING FORECAST AND FACTORS.—Professional attempts to force liquidation are expected in the early part of today's session, with chances favoring the development of moderate rallying tendencies before the close.

DOW JONES' FINANCIAL NEWS SUMMARY

First National Stores in second quarter earned \$1.33 a share on \$20,700 common shares as against \$1.42 a share on 114,898 shares in June quarter of 1929.

Bethlehem Steel-Youngstown Sheet merger suit adjourned until August 18th, because of difficulties arising from death of Myron C. Wick, Jr., one of the plaintiffs.

Car loadings in U.S. in week ending Aug. 2nd, totalled 518,833 cars, a decrease of 1,014 cars below preceding week, 127,585 cars below like 1929 week and 130,486 cars below like 1928 week.

Shell Union Oil Corporation and subsidiaries June quarter profit \$2,874,081 after interest, depreciation, depletion, etc., but before federal taxes, against net loss of \$3,155,008 in preceding quarter and profit before federal taxes of \$8,051,082 in second quarter of 1929.

Tuesday's range of averages thirty day index high 223.74, low 216.48, last 257.24, off 6.80. Twenty rails, high 127.96, low 126.55, last 126.74, off 1.52.

ALL NEWS BEARISH.—NEW YORK, Aug. 13.—The New York Advisory Service says: Our recommendation to further withhold buying commitments, pending the action of Tuesday's session, has shown itself to be well advised.

The manner in which stocks backed away yesterday cannot help but emphasize the impression that the liquidation movement, which was temporarily checked on Monday, has again begun to gain momentum. Unfortunately almost the entire budget of news is currently of a distinctly bearish nature.

The market for instance was making a fairly valiant stand yesterday when news was flashed of a further decline in steel operations, on top of renewal of price cutting in the auto industry. As it was previously expected that the resumption of activity by auto manufacturers would call for a smart pick-up in steel operations, the unfavorable steel report only tended to heighten the pessimistic atmosphere.

An analysis of the present market action would seem to indicate that the bears, finding the sailing easier than they had anticipated have altered their plans to the extent that they will now attempt to press their advantage to the point of testing the bottom levels of June 24th last, when the Dow Jones industrial averages touched a low of 211.84.

Under the circumstances, we advise continuing a position on the sidelines which policy, incidentally, must have saved our readers considerable money since first advocated on July 31st.

RAIDS AGAINST UTILITIES.—MONTREAL, Aug. 13.—The Montreal Financial Service says today: As the holiday season is nearly over, it is reasonable to look for an early increase in public interest in Canadian stocks, and as offerings of most stocks around recent levels are limited, it would not require a very great increase in volume of buying to move the bulk of the list up to a higher plane. Another favorable market factor is the continued ease of money. In consequence there has been for some

FEW CHANGES

THIS MORNING AT MONTREAL

Montreal Power and Cockshutt Plow Were Only Issues to Record Gains in Early Trading This Morning.

MONTREAL, Aug. 13.—Montreal Power and Cockshutt Plow were the only issues to record gains in the early trading on the Montreal Stock Exchange today. Montreal Power being up one quarter at 55 1/2 and Cockshutt up one eighth at 16 3/4.

Alberta Grain, Canada Car, Gypsum, Industrial Alcohol, McGill-Frontenac, National Breweries, Dominion Textile and Winnipeg Electric were all unchanged from yesterday's close.

CUBS INCREASE THEIR MARGIN OVER ROBINS

Chicago Yesterday Won a Great Pitchers' Battle in Eleventh Inning—Ruth Clouted Out His Forty-Third Homer.

NEW YORK, Aug. 13.—Almost obscured in the struggles of the night around the top positions in the Major League standings, the Detroit Tigers have been putting on a spurt that has carried them almost into the first division of the American League. The Tigers are only one and one half games behind the fourth place Cleveland Indians today, despite their inability to cope with the heroic gestures of "Babe" Ruth in their opening clash with the New York Yankees yesterday.

While the Tigers were losing one game, due to Ruth's demonstration of the reasons for his great reputation, Cleveland was dropping two to the Philadelphia Athletics to make the fourth place struggle more interesting. The Tiger record for the past month has been of first division calibre, eighteen victories and twelve defeats for an average of .600. In the same period, only the rampant Athletics and the Yankees have done better than that.

The Yankees stopped the Detroit climb for a while yesterday, but only after Ruth had put on a great performance to win a six to five decision in a close battle. The "Babe" clouted his forty-third homer in the third inning with his mascot, Jimmy Reese, on base, to climax a big Yankee rally, then drove in the winning run in the ninth at the highly crucial moment when there were two out and two strikes on him.

With "Moss" Grove and Bill Shores pitching a pair of good games, the Athletics twice trounced the Cleveland Indians by scores of nine to one and seven to nothing. Washington held second place a game ahead of the Yankees by scoring four runs off Ted Lyons in the third inning to take a speedy game from the Chicago White Sox by five to four.

The opening of the "crucial" National League series between the Chicago Cubs and Brooklyn Robins fulfilled all advance notices in thrills. A pitching duel between Fred Blake and Darryl Vance, highly productive of hits but not of runs, lasted eleven innings before Chicago gained a three to two victory and increased its lead to a full game.

With New York and Cincinnati idle, the Pittsburgh Pirates registered the big gain in the lower part of the National League standing, and the St. Louis Cardinals made a lesser one. The Pirates downed the Phillies in both halves of a doubleheader. They had to go fourteen innings to win the first game by eight to seven, scoring two runs in their half of the inning on three solid hits after the Phillies had forged ahead, but the second contest produced an easy eight to three victory, as Glenn Spencer allowed Philadelphia only five hits.

MAJOR LEAGUE LEADERS
Major league leaders, including the games of yesterday, are as follows:

National League.—Batting: Terry, Giants, 410; runs, Klein, Phillies, 116; runs batted in, Klein, Phillies, 124; hits, Klein, Phillies, 152; doubles, Klein, Phillies, 40; triples, Comorosky, Pirates, 17; home runs, Wilson, Cubs, 39; stolen bases, Cuyler, Cubs, 27.

American League.—Batting: Gehrig, Yankees, 387; runs, Ruth, Yankees, 129; runs batted in, Gehrig, Yankees, 140; hits, Gehrig, Yankees, 166; doubles, Hodapp, Indians, 36; triples, Combs, Yankees, 16; home runs, Ruth, Yankees, 43; stolen bases, McManus and Gehrig, Tigers, 16.

KEEN CONTESTS IN WRESTLING CHAMPIONSHIPS

Officials Forced to Carry Lengthy Programme Over an Extra Evening—Four Titles Still to Be Settled.

TORONTO, Ont., Aug. 13.—A second night of hectic battles upon the mat, left the third evening's programme of the Dominion Amateur Wrestling Championships with still four battles to be disputed well into the morning.

Tonight will see the award of four more crowns and four more grapplers given the right to enter competition at the British Empire games. That doesn't mean to say, however, that the four champions will be present at Hamilton. For entered in the final of the welterweight class is the wily Charles Humbert, of New York, who tonight will bid for the Canadian

honors against Reg. Priestly, of Toronto. The Toronto boy, however, has overcome his obstacles to reach his present destination more easily than the American, and it is expected the visitor will find the fifteen minute periods a little severe.

The only title holder to enter this year's contests, Howie Thomas, of Montreal, is tonight pitted against Big Jack Herold, Toronto. In his performances of the past two nights the bronzed Montrealer has given no indication that he will relinquish his right to the lightweight throne. Another Montrealer, D. MacCallum, is lined up in the middleweight class against Mike Chepesuk, Toronto, who last night defeated the veteran J. H. Paddison, of Winnipeg. The Manitoba capital and Toronto clash again tonight when Big Bill McIntyre, of the prairie city, and George Smith battle for the title in the light-heavyweight group.

The decision of the other four titles last night ended two nights of hard struggling over rough battlefields. It was a hard blow to some who grappled their way through a long series of preliminaries and then went down in the final round. D'Arcy Hillard, of Kitchener, Ont., who, after scoring impressive victories in his previous bouts, was overwhelmed by the cat-like Harpold Hennessey, Hamilton, who twice downed the doctor in less than

eight minutes to win the 118 pound title. The little Jimmy Trifunov, of Regina, Sask., continued his string of victories to claim the bantamweight title, by gaining a decision in two rounds out of three with Gar Fuller, Toronto.

Wounded by his struggle in the semi-final, R. L. Rowland, of Montreal, lost to Clifford Chicott, brilliant little Toronto physical instructor, who easily conquered everything in the bantamweight ranks.

Lack of entries left W. McCready, of Regina, in possession of the heavyweight crown which last year was held by Big Hans Lindberg, of Port Arthur, Ont.

MINIATURE REGATTA TO BE HELD TOMORROW EVENING.

The events, which time did not permit to be run off when the annual Sherbrooke Canoe Club regatta was held on Saturday, will be staged tomorrow evening on the Magog River in front of Esplanade avenue. Included on the programme will be the two war canoe races, both ladies' and gentlemen's, which proved head-liners on the regular programme, tilting and a diving competition between Mike Farrell, present city diving champion, and Hector DeMers, a champion of twenty-five years ago who is still able to perform in the man-

ner which won him a championship a quarter of a century ago. The fourth event of the evening will be the life saving race for which a cup has been donated by the Teco Store. Several entries are anticipated in this event, and spectators are assured of a profitable and instructive exhibition. The programme tomorrow evening is scheduled to get under way sharp at seven o'clock, instead of eight o'clock as previously stated.
