PROVINCIAL SYNOD

OF THE

United Church of England and Ireland in Canada.

(Reported for the MONTREAL HERALD.)

SEVENTH DAY.

The Lower House of Synod met at ten o'clock yesterday morning. After prayer by the Prolocutor, Rev. Canon Bancroft read the minutes of the previous day's Synod, which on being corrected were approved.

The PROLOCUTOR announced that the Bishop of Quebec was expected to leave this afternoon, and that it was desired by the Upper House that the business of the Lower House should terminate this forenoon.

PRAYER FOR THE GOVERNOR GENERAL.

The PROLOCUTOR stated he had received a message from the Upper House respecting the amendments sent up by the Lower House the day before, relative to the prayer for the Governor General and Parliament. Objection had been taken to the prayer for the Governor General coming in after that for Parliament. The Metropolitan had suggested as an amendment that the following words be inserted in the motion:—"except during the Session of Parliament, when it shall be read immediately before the prayer for Parliament." The House agreed to His Lordship's amendment.

Archdeacon BROUGH said he would wish to press his motion for the substitution of some other word, such as "power," for the word "sword," in the prayer for the Governor General. Lost after some discussion.

ELECTION OF A METROPOLITAN.

The PROLOCUTOR announced that he had another message from the Upper House, stating that their lordships had concurred in the resolution sent there from the Lower House the previous day, on the subject of the succession to the Metropolitan See, and that their lordships the Bishops of Huron and Ontario had been nominated on the Committee, and adding the following amendment to the motion of the Lower House:—"that in the second line of the third page the words 'and in the meantime,' be left out, and those words substituted: 'until such amendment may be agreed upon and adopted by this Synod as shall do justice to the claims of the Diocese of Montreal as well as to those of the other Dioceses in this Province, the election of Metropolitan be vested provisionally in the House of Bishops.'"

The DEAN OF MONTREAL moved, seconded by the Rev. Mr. ROE, That the House do concur in the amendment of their lordships of the Upper House. Carried unanimously.

The concurrence of the Lower House in their lordships' amendment was then reported to the Upper House.

ADDRESS TO THE PROTESTANT EPISCOPAL CHURCH IN THE UNITED STATES.

Rev. Canon BANCROFT read a letter from the Rev. Dr. Howe, Secretary to the General Convention of the American Episcopal Church, acknowledging the reception of the address to the American Church, unanimously agreed to at the first Provincial Synod of the Church of England and Ireland in Canada, and stating that he (Rev. Dr. Howe) would have great pleasure in laying it before the General Convention of the American Church at its first meeting.

Rev. Mr. GIVINS moved, seconded by the Rev. Dr. FULLER, "That the Rt. Rev. the Metropolitan be respectfully requested to convey to the American Church the assurance of the deep sympathy of this Synod in the calamity with which she is now visited, and that we, the members of this Provincial Synod, shall not cease to pray for the speedy restoration of peace to that afflicted land."

Hon. Mr. CAMERON did not concur in the propriety of adopting this resolution. A large portion of the people of the United States had for certain good reasons seceded from their Northern brethern, and in the present state of affairs, while both sections were engaged in war, it would probably lead to serious misapprehension on the part of the Northern branch of the Church if such motion were passed at present. There was no reason why they should express sympathy with the section of the Episcopal Church in the Northern States without at the same time expressing sympathy with that in the Southern States. (Hear, hear.) It would be better, then, to let the matter drop.

Rev. Mr. BOND and other members requested the mover to withdraw his motion.

The subject then dropped.

ASYLUM FOR INEBRIATES.

Dr. BOVELL then moved, seconded by the Rev. Dr. Fuller, the following motion:

"Whereas the evils arising from the widespread vice of intemperance are so many and great, it is necessary that measures be taken to mitigate them; and as a means towards this desirable end, it is resolved by this Provincial Synod that a respectful memorial be presented to the three branches of the Legislature, praying that they would, with as little delay as possible, cause to be erected in the Capital Cities of Canada, *i.e.*, Montreal and Toronto, two institutions capable of accommodating about thirty patients each, with a view to test the applicability and utility of such institutions, and, assuming that their usefulness will be the same here as in the United States of America, to encourage the erection of such institutions in municipal divisions, furnishing (on the scale, and after the plan proposed) models, on which such institutions may be erected."

The mover who had devoted a great deal of time and attention to the subject, and had collected much valuable information relating thereto, was unfortunately prevented, owing to the lateness of the Session, from addressing the House in illustration and support of his motion. The resolution, however, was carried unanimously.

Rev. Mr. ROE'S motion, that the resolutions moved and seconded at the last meeting of Synod, and which, on amendment, were lost, be placed on the minutes, &c., was withdrawn, it being understood that all motions hereafter be put on the minutes.

COMPELLING ATTENDANCE OF WITNESSES.

Hon. Mr. CAMERON moved, seconded by the ARCHDEACON OF ONTARIO,—That the mover receive leave to introduce a petition to the Legislature on the subject of the confirmation of the Canon on the Court of Appeal, and to enforce the attendance of witnesses before the Synodical Court. Carried. It was agreed the resolution should be sent to the Upper House for its approval.

Archdeacon BROUGH wished to know was it intended to compel the attendance of members of other denominations at this Court.

Hon. Mr. CAMERON said, certainly. Other churches would have the same privilege. It did seem to him that if a member of this Church could bring up a member of any other Church to testify against a party for shaking his fist in his face,—that when the character, good standing and living of any clergyman were at stake, we ought really to have the power to bring up and examine witnesses. (Hear, hear.)

Hon. Mr. CAMERON afterwards drew up and submitted a petition for the above purpose, which was agreed to by the Lower House.

EXPENSES OF SYNOD.

Moved by Hon. Mr. MOFFAT, seconded by the Rev. Mr. FOTHERGILL,—"That in place of a yearly contribution to defray the contingent expenses of the session, the contributions shall be for each session of the Synod, and that the amount shall be $100 per session, to be transmitted to the Treasurer one month before the meeting of the Synod; and that as regards the present session the amount be transmitted to the Treasurer two months from the day of prorogation."—Carried.

The PROLOCUTOR now stated he had received a message from the Metropolitan, informing them that their lordships had agreed to the amendments made in the prayer for the Governor-General and Parliament, by the Lower House.

Several motions were withdrawn, and the following were disposed of without discussion.

CANDIDATES FOR HOLY ORDERS.

On motion of the Rev. Dr. NICOLLS, it was resolved:—

That the supply and selection of Candidates for Holy Orders are matters of the utmost importance to the cause of our holy religion, and that it is desirable that the attention of all Congregations in the Church be called to the first of these points, regularly and systematically, by the Clergy; and also, that the Upper House be requested to prepare a Canon (if possible during the present session) for the guidance of the Church with regard to the second object.

MESSAGE FROM THE UPPER HOUSE.

The Rev. PROLOCUTOR then read the following message sent down from the Upper House:—The Metropolitan begs to inform the Prolocutor that the Upper House have agreed to the Petition to the Legislature respecting attendance of witnesses.

POWERS OF THE METROPOLITAN.

Hon. J. H. CAMERON moved, seconded by the Rev. Mr. ARMSTRONG, that a Committee be appointed to draw up a statement of the powers that, in their opinion, ought to be vested in the Metropolitan Bishop, such statement when prepared to be transmitted to the Prolocutor, to be by him sent to the Bishop of each Diocese, to be laid before his Diocesan Synod for their consideration, with the request that the result of such consideration shall be communicated to the Prolocutor; and that the Committee be composed of the Archdeacon of Toronto, and the Rev. Dr. Fuller, the Archdeacons of Ottawa and Ontario, the Dean of Montreal and the Rev. Canon Bancroft, Archdeacon Brough, Rev Mr. Marsh, Rev. Dr. Nicolls, Rev. Mr. Roe, and Messrs. Irving, Steele, Carter, Morris, Henderson, Scott, Laurason, Roe, Bovel, and the mover.—Carried.

PARAGRAPH BIBLES.

The Rev. Dr. NICOLLS moved, seconded by the Rev. Dr. BANCROFT,—

That in the judgment of this Synod, it is desirable that the Church should have authorized editions of the Holy Bible, which, while they retain the existing divisions into chapters and verses, shall be arranged in paragraphs, with headings to each paragraph. That the foregoing resolution be respectfully communicated to the Convocations of the Provinces of Canterbury and York.

Rev. Dr. NICOLLS thought that this would lead to a more intelligent understanding of the Bible. Owing to the present arrangement, and the manner in which some Clergymen read certain passages, they appeared to be without meaning.

The motion was put and lost.

MOTIONS POSTPONED.

Several motions of which notice had been given, were here read, but the consideration of them was postponed.

REPORT ON MARRIAGE LICENSES.

EDWARD CARTER, Esq., here read the Report of the Committee appointed by the Provincial Synod to take into consideration the subject of Marriage Licenses. The Committee state that they have given their consideration to the subject and find that there exists no Provincial enactment regulating the issuing of Marriage Licenses, and the only provision of law relating thereto is one which appropriates the fund arising from marriage licenses towards the payment of the principle and interest of the Rebellion losses debentures. The power of issuing marriage licenses has been exercised by the Governor General, as the representative of the Sovereign in this Province, in virtue of the power in him vested by his Patent; and in the exercise of that power, persons were named to issue marriage licenses, receiving certain fees for so doing. That the Legislature has conferred upon the several Dioceses in this Province, the exercise of Ecclesiastical jurisdiction which includes the power of issuing marriage licenses; but a restriction being contained in the proviso to the said Act, that nothing in the constitution and regulations to be adopted by the Synod should be contrary to any law or statute in force in this Province, it is necessary to the validity of any rule, regulation or canon to be adopted relating thereto, that the Legislature should be solicited to repeal the law so appropriating that fund in so far as the United Church of England and Ireland is concerned, and thus leave the action of Diocesan Synods unfettered by any Legislative enactment. It is therefore recommended by this Committee that the accompanying Petition to the Legislature be engrossed, and submitted to his Lordship the Metropolitan for his approval.

The petition to the above effect was also read, and on motion of Mr. Carter, seconded by the Rev. Mr. Scott, the Report was adopted.

ORDER OF PROCEEDINGS.

On motion of the Rev. H. Holland, it was resolved,—

That in the Rules of Order adopted by the Lower House (p 76), to the order of Proceedings, be added the following:

(9.) And, before the final adjournment of the Synod, reading, correcting, and approving the Minutes of the last day's proceedings.

SOCIETY FOR THE PROPAGATION OF THE GOSPEL.

It was moved by the Rev. G. SLACK, seconded by the Ven. Archdeacon of Ontario, and resolved,—that a Committee be appointed to draw up an address to the S. P. G. acknowledging the just obligations we are under to that Society for the liberal aid which it has given to the Church in this Province: And also to impress upon the Society (since the support is now being gradually withdrawn,) the vital importance of encouraging by some specified plan local endowments for the permanent maintenance of the clergy.

MESSAGE FROM THE UPPER HOUSE.

The PROLOCUTOR read the following message sent down from the Upper House:—"The Metropolitan begs to inform the Prolocutor of the Lower House that the House of Bishops have concurred in the Resolution respeeting the supply and selection of Candidates for Holy orders."

ASYLUM FOR INEBRIATES.

On motion of the Rev. Dr. FULLER, seconded by the Rev. C. P. REID, the following committee was appointed on the Asylum for inebriates:—Rev. C. P. Reid, Rev. H. H. Scott, Rev. Dr. Short, Dr. Bovell, Rev. G. Slack, Mr. Justice McCord, Rev. Mr. Flood, P. Roe, Esq., Rev. Mr. Mullock, Mr. Steele and the mover.

GENERAL OR IMPERIAL SYNOD.

It was moved by the Rev. Mr. DARLING, seconded by Dr. BOVELL, and resolved,—That the House of Bishops be respectfully requested to concur in the Resolution referring to the possible future convocation of a General or Imperial Synod of the United Church of England and Ireland, and in the event of their concurrence, to communicate the same to the Archbishops of Canterbury, York, Armagh and Dublin.

MESSAGE FROM THE UPPER HOUSE.

The Upper House concurred in the appointment of a Joint Committee (on the subject of an address to the S. P. G.), and named the Bishops of Montreal, Quebec and Huron as members of that Committee.

PROPOSED AMENDMENT TO THE CONSTITUTION.

The Rev. H. HOLLAND moved, seconded by the Rev Mr. Armstrong,—That in order to bring the 20th Act of the Constitution into agreement with the Synod Act, it be amended by the introduction of the words, "or appointment," after the word "election," at the beginning and end of the said article.

TOTAL ABSTINENCE.

The Rev. Dr. SHORT moved, seconded by the Rev. Mr. GIVINS,—That this Synod considers that the practice of total abstinence from the use of intoxicating liquors as an article of ordinary diet, or a means of hospitality, is one which deserves careful and conscientious consideration. Lost.

Rev Mr. FOTHERGILL moved, seconded by the Rev. Mr. DARLING, that the House of Bishops be respectfully requested to revise the prayer appointed to be used during the meeting of this Synod, and that a copy of the prayers so revised be forwarded by the Secretaries to each Delegate, and also three copies to each clergyman in the several Dioceses, in order to its being read in the churches on the two Sundays preceeding the meeting and during the Session of this Synod; and that the prayer for the Governor-General be likewise printed and forwarded in like manner. Carried.

CANON.

On motion of the Rev. HENRY HOLLAND, seconded by the Rev. Mr. DARLING, a canon providing for the obtaining, from time to time, of a full and accurate statistical view of the state of the Church in this Province, was submitted to the Committee on Canons.

MESSAGE FROM THE UPPER HOUSE.

A message from the Upper House stated that the prayers for the Synod, the Governor General, and the Provincial Parliament, had been received, and care would be taken to give effect to the same.

THANKS TO THE DEAN.

Rev. Dr. NICOLLS moved, seconded by the Rev. Mr. HOLLAND,—That the thanks of this House are hereby tendered to the Very Rev. the Dean, for his courtesy in allowing the Synod the use of the Cathedral; and that the Treasurer be requested to defray any expenses arising out of the said use. Carried

CLOSE OF THE SESSION.

There being no further business to bring before the House, the minutes of the day's proceedings were read, and approved after a few alterations had been made.

SYNOD PROROGUED.

The Rev. PROLOCUTOR then intimated that His Lordship the METROPOLITAN was prepared to prorogue the Synod. The members of the Lower House accordingly adjourned to the House of Bishops, when His Lordship the METROPOLITAN prorogued the Synod, having first read the following Address, and Schedule of Acts passed during the Session:

Reverend Brethren, and Brethren of the Laity,—After a long session and patient and able discussions on many most important questions, which have been brought before you, it is my duty to declare the state, in which each matter now stands, which has been brought before this House and to certify in writing, as to what business, having received the sanction of both Houses, has been passed by the Synod. Independently then of what may have been transacted separately by the Lower House, the business, which having been brought before the Upper House, and which having been concurred in by that and the Lower House, I hereby declare to have passed the Synod, is, as follows:

1. An Address to Her Majesty.
2. A Canon for the appointment of the Court of Appeal of the Metropolitan.
3. A Form of Petition to Her Majesty to be recommended for adoption by the Synods of the several Dioceses of this Province, to be used on the election of Bishops to any vacant Sees in future.
4. A resolution declaring that the next regular Triennial Meeting of the Provincial Synod shall be reckoned from the date of this meeting and not from the first meeting held in September last year.
5. Amended forms of Prayer for the Governor General and Provincial Parliament.
6. A resolution respecting the future succession to the office of Metropolitan.
7. A Petition to the Legislature respecting the attendance of witnesses at the Diocesan and Metropolitan Courts.
8. A Resolution respecting the supply and selection of Candidates for Holy Orders
9. A Resolution respecting a memorial to the S. P. G.
10. A Resolution respecting the representation of the ecclesiastical Provinces of the colonies in a general or imperial Synod.
11. A Petition to the Legislature respecting the issue of Marriage Licenses.
12. A Resolution respecting the contributions to the expenses of the Synod.

We have had a conference with a Committee of the Lower House, respecting the discrepancies in the manner of performing Divine Service in this Province, and having received from them a list of several particular points in which such differences are alleged to exist, we shall give the matter our best consideration, and endeavour to make such provision for remedying these descrepancies, as we shall judge to be best for purpose.

We have also received a memorial from the Lower House respecting the power vested in the Bishop of any Diocese to withdraw, at his discretion, any license granted by him to any clergyman within his jurisdiction, and praying that we will originate, or concur in, some Canon to be proposed at the next session, for making some alteration in the law on this subject. We hope to give the memorial so presented our careful consideration.

The question as to the future succession to the office of Metropolitan is left still unsettled; but we may hope that the debates which have taken place, and the arrangements now agreed upon for the more complete solution of the difficulties attending this important matter, will have been very useful in preparing the way for the eventual adoption of such a plan, as shall be satisfactory to the several Dioceses of the Province, and beneficial for the Church at large.

There is no unfinished business before us in the upper House for me to report, as reserved to our next Session; and it only remains for me to congratulate you on the termination of your labors, and to declare that this Synod is now prorogued.

(Signed,) F. MONTREAL, Metropolitan, President.

His LORDSHIP then pronounced the Apostolic benediction, and the meeting separated.

WHY ARE WE SICK?

If people would exercise a little caution, combined with judgment, there would be far less sickness among us. There is no disease either simple or malignant, malarious or otherwise, but gives due warning of its approach; and if, when these are exhibited, RADWAY'S READY RELIEF is freely administered, the threatened disease will be successfully repulsed. If seized with head ache, cold chills, nausea at stomach, pain in the bowels, dryness in the mouth, feverishness, pain in the joints, back, along the spine, legs, &c., if RADWAY'S READY RELIEF is used, these symptoms will quickly disappear, and a serious illness prevented. There is no occasion for the prevalence of yellow fever, typhoid fever, ague, pneumonia, bilious fever, cholera, small pox, scarlet fever, &c., for these diseases give fair warning of their approach, and if on the first indication of pain, discomfort, or uneasiness, RADWAY'S READY RELIEF is used, the system will be so charged with the electric power of health, as to successfully resist their attacks. Do not wait until the disease becomes entrenched within your system before resorting to Medication. This delay may prove fatal. If on all occasions, when pain is experienced RADWAY'S READY RELIEF is used, no serious illness will occur.

RADWAY'S READY RELIEF AS A PREVENTIVE

Dr. Frederick B. Bage, of Mississippi, in his report to the Medical Society of Lousiana, in regard to the most efficient treatment of yellow, typhoid, and intermittent fevers, says:

There is a popular remedy, now in use, called RADWAY'S READY RELIEF. I have used it with great success in all varieties of fevers, especially the yellow fever. As a preventive of contagion, it far excels the celebrated waters of Raspail; and as a remedial agent, in the treatment of fevers, it can in all cases be relied upon as an absolute certainty. Every hospital should be supplied with this remedy; and every family keeping a supply at their homes will be the means of saving a multitude of lives.

BOGLE'S

AMERICAN ELECTRIC HAIR DYE

Is as superior to all others as the Meridian Sun to a Candle. All imitate Bogle even to his style of advertisements, which for years have been headed

The Best Hair Dye in the World.

Now others without brains steal and copy this. Their Dyes are as miserable as their invention is contemptible. Avoid them all! Bogle's has been awarded Medals and Diplomas over them all, and to their confusion pronounced "The only Hair Dye fit to be used." No rainbow tints a la "Tittlebat Titmouse." No smut! no skin staining! no humbug, but reliable, safe and sure.

The distinctive advantages of this over all other Hair Dyes, are,—1st. It is entirely free from all ingredients which can injure the Hair. 2nd. It does not stain the skin. 3rd. It is easier of application, as the Hair can be dyed by it in any weather, whether cloudy, rain, or sunshine. 4th. It acts like magic and is instantaneous in its effect, as the Hair can be washed with Soap and Water almost immediately after application, when it assumes a beautiful silky lustre, and has the most natural and life-like appearance. 5th. It is the most permanent and natural Hair Dye ever invented, and neither washing, nor the effects of the Sun or weather destroys its color.

UNITED STATES.—Our telegraphic intelligence from the United States, is as it has been for many days past, of a kind which hardly offers ground for any definite conclusion. It appears that fighting has been going on simultaneously in several places covering a considerable portion of the Maryland territory including Harper's Ferry. What is plain and admits of no question is that this place has been captured, and with it several thousand Federal troops, while the guns of these troops were only saved from falling into the hands of the enemy by being destroyed. What is asserted, but not in such a manner as to remove all doubt is, that Harper's Ferry has been again retaken, though without any spoil; and that various divisions of McClellan's army have met and repulsed the main body of the Confederates, taking two batteries, eight thousand prisoners, and one General, while another Confederate General of note has been killed. It is also stated that while the main body of McClellan's army is in hot pursuit, another is making for the Potomac with the intention of preventing the Confederates from crossing and so bringing them to bay. As we have said none of these reports can be implicitly believed. It is certain that nothing r ally decisive has occurred and any partial success, if such there has been, may be again lost. It cannot, however, be long before we hear of something of more definite character.

RUMOURED MINISTERIAL CHANGES.—It is rumoured that the recent determinations of the Ministry in the Quebec Convention have not been unanimous, and that they may lead to a prominent Lower Canadian member of the Ministry resigning his place in it. We have reason to believe that these rumours are not wholly without foundation.

THE CLOSE OF THE ANGLICAN PROVINCIAL SYNOD.—We perhaps owe an apology to a portion of our readers for having for some days occupied a disproportionate space in our columns with the debates of this body. Our excuse must be the desire we have to present a thorough record of all sides of our local daily history. It may happen that in doing so we are sometimes obliged to print a paper of less varied contents than we could wish; but on the other hand it is important that correct information should be given on the movements of all influential bodies. We are happy to say that we to-day report the last of the Provincial Synod, probably for three years, and hope to bring up some leeway at once.

THE LATE HON. MR. DEBLEURY.—Among the deaths published in the paper two days ago was that of the late Hon. C. S. De Bleury, whose departure from among us should not be suffered to go wholly without remark. Mr. DeBleury was one of the best known of our fellow citizens; being at the time of his decease the oldest member of the Bar in Lower Canada. We may add that apart from political considerations few men were more generally popular, for he was a true Frenchman for gaiety and politesse. No one could help being won by his agreeable manner; which even at the tolerably advanced age to which he lived had lost none of its grace. In politics Mr. De Bleury took a remarkable part; for he was at once warmly attached to liberal institutions and to the British connection. In his prime of life there came evil times, and it fell out, that those with whom he was most disposed to act on questions of internal policy, at last found themselves arrayed in arms against the Metropolitan authority. When this time came Mr. DeBleury did not hesitate to leave Mr. Papineau and his friends; and he threw himself heart and soul into the struggle on the loyalist side. We believe that he expended considerable sums of money in various ways in the promotion of the cause, which he thought best. Personally, too, he served as a member of the Special Council, which was charged with the duty of legislation *ad interim*, and he commanded as Colonel a regiment of loyal volunteers. Like most of those who took that course Mr. DeBleury was forgotten when the occasion was over, and he had the satisfaction of seeing himself excluded from any share in public life, or its rewards under the very government which he had sacrificed so much to maintain. Of course he was not popular with that party which, under Mr. Lafontaine came into power, after Lord Metcalfe's departure from the country, and the last public functions which Mr. DeBleury performed were in the House of Assembly as the colleague of the Hon. Geo. Moffatt, during that noble Lord's administration of he Government. Since that time he has steadily voted with the liberal party in Lower Canada, which developed itself out of the solid body led by Mr. Lafontaine on his first taking office; but he has done no more than his duty as a private citizen, eschewing all ostentatious participation in politics. Whilst he continued to practice his profession to a moderate extent, he enjoyed his repose on his pleasant farm near St Vincent de Paul. On Friday last, while at his office, corner St. Lambert Hill and Craig Street, he was taken ill suddenly of inflammation of the bowels. Being conveyed to the residence of his nephew, Dr, D'Orsennen's, St. Lawrence Main Street, he remained there without any relief to his disease, until yesterday morning, when he expired.

Out of respect to the memory of the deceased, his Honor Mr. Justice Badgley adjourned the Circuit Court on Monday last.

THE LAST EMBEZZLING CASE.—We mentioned yesterday that two young men named Grant and Wilson, had been arrested in this city on a charge of obtaining goods from the Express Company, Toronto, under false pretences. They were the same, who under another name, were brought before the Police Court last week for endeavoring to pass bad money while making a bet. They left yesterday morning for Toronto, where other charges are pending against them.

PICK-POCKETS.—A number of pick-pockets appear to be operating in this city at present, and our readers will do well to look after their valuables when in mixed assemblies. Several watches are reported as having been stolen at the exhibition that has been here since Monday, and yesterday a lady had $8 taken from her pocket while at St. Anne's Market.

The London *Times* of the 2nd instant, in its city article, announces the following result of British trading with the American rebels:—For some days past it has been known that the house of Mr. Z. C. Pearson, shipowner, of Hull, was in embarrassment, and this (1st) afternoon the announcement has been formally made of his inability to meet his acceptances. The difficulty has been occasioned by large ventures to the Southern ports of America. Some of the ships despatched have been captured, while in the case of those that have succeeded in running the blockade and realizing heavy profits the agents find difficulty in transmitting the proceeds with safety and punctuality. As soon as these can be obtained there will, it is said, be a good surplus. The total liabilities are supposed to be large, but the major portion is secured. The liabilities of Mr. Pearson were stated at four hundred thousand pounds sterling ($2,000,000) when the Bohemian sailed.

POLICE COURT.—At the Police Court yesterday morning, a man named Louis Monette was found guilty of keeping a house of ill-fame in St. Charles Barromee Street, and was sent to gaol for three months. Two women were sent to gaol for two months for being inmates of the same place.

Principal Dawson, of McGill College, will deliver a lecture on Ocean Currents at the Sailors' Home, foot of McGill Street, this (Thursday) evening, at eight o'clock. Admission free.

PEEP O' DAY.—This very attractive piece will be played for most positively the last time to-night. It has had an excellent run of ten nights, which is a long time in Montreal, and has drawn some of the largest houses of the season. The applause never flagging. To-morrow Mr. J. H. Allen will take his Benefit, when the play of Ingomar, and the Farce of Love and Champagne, will be played.

We direct attention to the Sale at Dr. Tusons, 53 Champ de Mars street, this morning. The "Broadwood" Piano is a splendid instrument of the finest tone. The patent Iron Bedstead, with the Brocoline Mattress, is an invaluable article for invalids. The horse, family carriage, harness, "Peats'" saddlery, buffalo robes, &c., will be sold at twelve o'clock.

ADDRESS FROM THE PROVINCIAL SYNOD
TO THE RIGHT REVEREND THE LORD BISHOP OF MONTREAL AND METROPOLITAN.

The following address is in course of signature, and will be transmitted to his Lordship on his departure to England:—

To the Most Reverend Father in God, Francis, by Divine appointment, Metropolitan of the Church of England in Canada.

May it please your Lordship,—We, the undersigned Bishops, Clerical and Lay members of the Provincial Synod of the United Church of England and Ireland in Canada, and others, gladly avail ourselves of the occasion, presented by your Lordship's departure from this country on a visit to England, to convey to you, as our Metropolitan, the expression of our heartfelt esteem and affection.

We gratefully acknowledge that, amid all the difficulties attendant on the erection of a dignity which we consider to be most essential to the welfare of the Church, your Lordship has invariably displayed a disinterested anxiety for the general good and a noble superiority to personal considerations, which we cannot but regard with affectionate admiration.

Although it is not within our province to *dwell on the advantages which your Lordship's* zeal and prudence have secured to your own Diocese, we may yet be permitted, those of us who are guests of the Church in this city, thankfully to acknowledge that we have been collected to hold our deliberations under circumstances which forcibly remind us of the holy order and beauty which pertains to our Church at home.

We rejoice that our Provincial Synod has been permitted to assemble in such a house of prayer as the Cathedral Church of this Diocese, and to enjoy, during its session, the hallowing influence of the services of the Church; and we cannot forget that these advantages are, under God, due in a large degree to your Lordship.

We pray, for your Lordship, and for her whom God has given you, to share and to solace your labours for the good of His Church, a prosperous voyage, a happy meeting with distant friends, and a safe return to this country.

We pray also that your Lordship may long be spared to occupy your exalted station, and that your heart may be gladdened by the continued growth and development of the portion of the Church Catholic committed to your charge; united, as we trust it ever will be, in the closest bonds of faith and discipline with the Church of the mother country, and thus prepared, with her, in times of doubt and disorder, to lift up an ensign to the scattered children of God, as well as to those who are not yet called by his name.

CORRESPONDENCE.

To the Editor of the MONTREAL HERALD.

SIR,—Will you allow me make *three* slight corrections in your report of the first day's proceedings of the Synod, in so far as I myself am concerned? My name is not now and never has been "Penton." I never stated that the Queen had erected an Ecclesiastical Court of Appeal in Canada, but that she had reserved her right so to do. I am not "in orders" in the Church, and consequently have no right to the title of Reverend.

Yours truly,
E. J. HEMMING.

Montreal, Sept. 17, 1862.

To the Editor of the "MONTREAL HERALD."

SIR,—A series of letters have just been published in the Gazette on "The Necessity of a Law at this Port for the compulsory inspection of Pickled Fish and Oils." The importance of these letters cannot be overestimated. The writer deserves much at the hands of not only dealers, but consumers also, for bringing so prominently before them the tricks and frauds they are exposed to. It is a well known fact that few of the best quali ies of fish ever reach this market, and these find their way to Boston and New York, and it is not unfrequently ungodly consumers as a reproach to retail dealers that they do not secure an article of Fish for their customers equal to what may be obtained in the retail stores of the United States. Shippe s of Fish admit freely that they do not send their best qualities here; giving as their reason, that they cannot get sufficiently remunerating prices. Now this is a libel on our city, that is not deserved, for I venture to say that nowhere are good Goods better appreciated than in Montreal. I have been for many years in the retail trade—and my experience is that; while there is seldom any difficulty in selling good goods at remunerating prices, it is next to impossible to sell a bad article at any price; and if this is applicable to any one article more than another, it is to fish. The whole trouble, I am persuaded, lies in the want of a proper inspection law. The trade here are so much accustomed to buy fish from a sample of one or two barrels—examined only on the top rows—and knowing well that no confidence can be placed on the certainty of the sample being an honest one, that they regulate their prices accordingly; and even with this precaution they are often cheated to an extent that is not only provoking, but almost impels them to give up dealing in this article in perfect disgust. If a proper inspection law were enacted, the trade would buy with confidence, and it would soon be ascertained by packers and shippers that a good article was as much appreciated here as elsewhere, and that it is *their interests* to send such to our markets. As I said before, too much importance cannot be attached to this subject; and it is to be hoped that the very excellent letters which appeared in the *Gazette* have not been written in vain. They are addressed to the President of the Board of Trade, and I am sure he will not fail to see how important it is to have the matter brought before the Legislature, with a view of accomplishing the end desired.

Yours truly,
A RETAIL GROCER.

THE PRESERVATION OF GAME.

"What a country! how very few birds to be heard or seen!" Such is one of the commonest exclamations which escapes from a stranger travelling through the country parts of Canada. How often Audubon's marvellous plates of American birds are laid before him, even when he is told that Naturalists have ascertained the existence of no less than seven hundred and sixteen different species of the feathered tribe, in North America, (some four or five hundred of which visit Canada) even then he feels disinclined to believe what he considers the testimony of his own senses; and truly, for the admirer of nature, what can be more incomplete than green fields and luxuriant forests without birds? What more loathsome than the absence of melodious songsters, than the solituded which poachers, pot hunters or pseudo-sportsmen are fast creating through the length and breadth of this fair country! There is a passage in an old Canadian writer on Natural History, which has always struck me from the painful contrast it furnishes between the past and the present time. Pierre Boucher, Governor of Three Rivers, in those *days one of the leading men in Canada*, in his *Histoire Naturelle de la Nouvelle France*, published in 1663, discourses thus: "I shall not set out in detail the name of all the birds which one meets in the Gulf (of St. Lawrence) such as cormorants; geese, which *they call oies*, &c., which seem to belong to the sea more than to the land, but I will mention those in our own neighborhood, and *which we shoot daily*, such as swans, Canada geese, green geese, wild white geese, Cranes, ducks, teal, divers of more than ten kinds, loons, bitterns, herons, woodcock, snipe, plover of several kinds, sea snipe, &c, &c., all the country swarms with this game in the spring and in the fall." I shall not enlarge on what the worthy old Governor wrote. I shall now ask where, in the vicinity of Three Rivers or of Quebec, are we to find those birds which our fathers used *to shoot daily*, such as *swans, and cranes*? Why the very name of them raises a smile! There have you now to go, in order to get a glimpse of the friend of Virgil, of the snowy swan? Why, in the far west, on the St. Clair flats, on the great lakes of Western Canada. As to cranes, who were also here shot daily, and from whom that Island derives its name, Crane Island, has taken its name, seldom indeed do they now alight on its swampy beaches. How account for their scarcity? Are we to believe that another old French Governor, *le Chevalier de Montmagny*, who leased the place from the French crown in 1646 as his shooting box, are we to believe that he was such a crack shot, such a mighty Nimrod that he bagged the whole of the game? No, certainly not; for history tells us that the Governor of Canada in those days was bad enough to do to keep the savage Iroquois out of his capital, and had but a very few days to devote to the shrine of St. Hubert, the patron saint of sportsmen. Where also are gone those droves of wild turkeys, which formerly made the Ottawa valley vocal with their gobblings? Where! Ask the pot-hunter where. Ask that cowardly sneak, who shoots the old bird on her eggs steals the half fledged young ones, pours in a deadly volley on a flock of unsuspecting birds on their feeding ground in the dead of night. Ask also the lawless, the lazy Indian who slays by the hundreds our noblest game, the moose, the deer, merely for the skin. What has become of the countless herds of those fine animals which formerly roamed our forest wild. I do think the present an opportune time for all lovers of Nature, all History, for all those who take an interest in the preservation of the game of Canada, to speak out. I for one, do so the more readily, from the fact that efforts are now made to mar the usefulness of a patriotic association, to which the country and the Legislature have confided the important, the sacred trust of preserving the game. My only answer to demagogues who are striving to make the million believe that the indiscriminate slaughter, at all times, of wild fowl, birds and animals generally, is one of their rights; my answer is, that in this country as elsewhere, the whole question lies in a nut shell. Do you wish to have game in the country? Then do as is done in France, in England and elsewhere and protect it. I shall the more freely speak in favor of the Game Club that I am not, nor have ever been a member; merely from the interest I take in the cause of Natural History.

J. M. LEMOINE.

WRECK OF THE "VERMONT."—CREW AND PASSENGERS SUPPOSED TO BE DROWNED.—The propeller Empire, of the N. Y. & C's line, which passed through the canal last night, reports having fallen in with pieces of the wreck of the "Vermont," of the same line, near the 18 miles Creek, South shore of Lake Ontario. The "Vermont" left the canal on the 1st inst., (Monday night,) and it is supposed that she either foundered in the storm or burst her boiler, and all on board were drowned. She had seven passengers, five of whom were shipped here for Oswego, where they resided, and a crew of from 12 to 15 persons. She had also a heavy cargo. Of the loss of the propeller there seems to be no doubt, as portions of the wreck are reported to have been seen by several vessels, but it may be that some of the unfortunate passengers or crew may have escaped and we shall then be able to obtain the particulars of the wreck. The vessels of this line are generally well commanded, and great care is taken in regard to the machinery, and it may therefore be taken for granted that the casuality was the result of the severe weather and not brought about by carelessness.—*St. Catherines Journal.*

A DYING CHARGE AGAINST MCDOWELL TO POPE. The following is the letter alluded to in General McDowell's reply to the charge preferred against him by Gen. Pope. It was written when Col. Broshead was dying from wounds received in the battle near Centreville, on the 30th ult. It was covered with blood:—

"*Dear Brother and Sister*,—I am passing now from earth, but send you my love from a dying couch. For all your love and kindness may you be rewarded. I have fought manfully, and now die fearlessly. I am one of the victims of Pope's imbecility and McDowell's treason. Tell the President, would he save the country, he must not give our hallowed flag into such hands. But the old flag will triumph yet. The soldiers will regild its poles, now polluted by imbecility and treason. John, you owe a duty to your country. Show up Pope's imbecility and McDowell's infamy, and force them from places where they can send brave men to assured destruction. I had hoped to live longer, but I die amidst the clamor of battle, as I could wish. Farewell! To you and the noble officers of my regiment, I confide my wife and children."

In Freights we have to notice that the "Copercicus" is taken up at 10s for Wheat. We do not know the exact rate at which the "Mavrocordatos" steamship to London has been taken up. There is undoubtedly a downward tendency in freights at present.

We notice the ship "Thames" for Glasgow, is ashore off St. Flavie and full of water, her cargo consists of 1299 brls. Ashes, 4054 brls. Flour, 10197 bus. Corn. This is the largest quantity of Ashes shipped by one vessel.

There is nothing to report in Produce.

In Groceries, Messrs. Cuvillier & Co. had a large sale by auction to-day, but the attendance was small, and although a fair amount was sold till prices were not satisfactory. No change in prices of Grain.

Respecting the New York money and freight market we quote from the *Tribune* of yesterday:

The market is quiet and unsettled for Exchange to-day. Sterling is held in some cases at 130½, but buyers generally decline to pay over 129¼. Messrs. Ward and Brandt quote:—London, 60 days' sight, 129¼ per cent; do, 3 do do, 130½.
