91ST YEAR. NO. 132. MONTREAL, TUESDAY, JUNE 7, 1898. PRICE ONE CENT.

Library of Parliament 31Dec8

CARRANZA AND DU BOSC ARRESTED.

Bailiff Lafontaine Takes Them From "Right Under the Spanish Flag," the Consul Says.

MR. KELLERT'S SUIT

For Damages the Cause of the Arrest—How the Bailiff Got Along With the Job.

ARE RELEASED ON $1,000 BAIL.

Spanish Consul Vehemently Protests Against the Action of the Bailiff in Taking His Guests Away.

Mr. Robert Greenshields, acting for Dectective Kellert, kept his threat.

Senors Du Bosc and Carranza's actions yesterday were, it is alleged, such as to lead to the belief that they might at any moment leave town so the writ of capias was served on them at 5 o'clock last night and they were both placed under arrest by Bailiff Lafontaine.

Earlier in the day they were served with the papers in the suit instituted by Mr. Kellert for $26,000 severally and jointly for false imprisonment and defamation of character, and, in order to take no chances, a seizure before judgment was placed on whatever money the Bank of Montreal may have belonging to the Spanish gentlemen. Just how much this is only known to the Senors themselves who naturally decline to discuss the matter.

Arrested at the Consul's.

The most interesting feature of the arrest is that it was accomplished in the house of the Spanish Consul of Senor de Bonilla y Martel, 1248 Dorchester street, and, as he put it himself, "right under the Spanish flag."

"I cannot help what flag you have," said the bailiff in answer to the consul, "I am here to make an arrest and they must go with me," and they went.

The story is entertaining. Yesterday The Herald told how Lieut. Carranza outwitted the "shadows" which surrounded his house and drawn by a good horse was soon out of sight. The news that he had left town naturally spread very quickly and the writ of capias was at once granted by Mr. Justice Mathieu.

In the meantime the suit for damages had been formally entered and the seizure before judgment of the money was made. Bailiff Lafantaine with two detectives were all in readiness for word to start. Momentarily they expected news of the whereabouts of the two Spaniards. The news came at 4.30. Senor Du Bosc had taken a cab and had driven to the consul's house.

Bailiff Was Mixed.

Lafontaine was told at first that Du Bosc and Carranza were not there. The servant who answered the door was quite sure of this, but not nearly as sure when Du Bosc himself came from the sitting room to the front door. He had hardly time to reply to the bailiff's first words: "You must consider yourself under arrest," when the consul joined the little party. He was fairly calm at first and said:

"This gentleman is my guest. He is from Spain. He is in the Spanish Consulate, and under the protection of the Spanish flag. You cannot arrest him."

Politely, but with an ever greater degree of firmness, the bailiff replied that it was his duty to take him. The flag did not count with him. "I am here to take him, and he must go wiith me."

"But you shall not!" stormed the Consul. "From out my house; from under our flag! Jamais! Jamais!! Jamais!!!"

"Keep cool," said the ever-suave and polite Du Bosc; "if these gentlemen really must take me, I am willing, but I must have a cab." He went inside to get his hat, and this started the Consul again. His rage knew no bounds. It was evident that the strangers had considered themselves quite safe in the Consulate, and when it became evident that Senor Du Bosc was really to be arrested, Senor Martel was well nigh beside himself.

Thought There Was Only One.

Some how or other the bailiff seemed to have forgotten that there were two arrests to make. He had the idea that in Senor Du Bosc he had Lieut. Carranza, and as the former reached the street, one of the detectives drolly remarked:—"Wouldn't it be just as good to take them both at once?" You should have seen Lafontaine. "Where's Mr. Du Bosc?" he asked. "I'm here," replied that gentleman. "No, you're not." "Yes, I am." "You're Mr. Carranza," with the accent on the z, and if there's anything these Spanish diplomats dislike it is a wrong pronunciation of their names. Senor Carranza's name is pronounced "Carrantha." "I am not Mr. Carranza. I am Mr. Du Bosc," said the Senor. "You're not the man who lost the letter?" "No." "Where is he?" The "man who lost the letter" was comfortably seated in a hack. So, leaving Senor Du Bosc in charge of the detectives, the bailiff started into the house again.

The Consul Protests.

"I call upon you all," loudly spoke the Consul, "to bear witness that I protest against the arrest of these gentlemen while they are under the protection of the flag of the Kingdom of Spain."

Lafontaine had to go over the same battle ground as formerly before he reached Lieut. Carranza. Both gentlemen now announced their willingness to accompany the officers, a cab was secured, and they were driven to the sheriff's office. This was closed, and at the request of the Spaniards, they were taken to Mr. St. Pierre's office. Later in the evening Deputy Sheriff Franchere was found, and, on the order of Mr. Justice Mathieu, he accepted bail in $1,000 each.

The gentlemen then returned to their home and passed a quiet evening. They decline to further discuss the matter until it comes into court.

Quick Action Asked.

Mr. St. Pierre has asked that the case shall be discussed on its merits immediately. He will, in the Superior Court to-morrow morning, move to quash the capias.

International Law.

The question as to the breaking of international law, unwritten or otherwise, in the arrest of the two defendants in the consulate, is being discussed pretty freely on the street to-day.

The two gentlemen are not here as the accredited agents of the Spanish Government; they are confessedly travelling for pleasure. As ordinary citizens or visitors, then, they are amenable to the laws of the land, and no embassy, to say nothing of consulate, can give them a privilege unenjoyed by other citizens.

Before the House.

Before the adjournment of the House Mr. Clarke asked if the Government had received any information within the last 48 hours requesting the deportation of Lieut. Carranza and Senor Du Bosc. Sir Wilfrid Laurier said: "My hon. friend will understand that any negotiations that may have taken place on this matter are not in a condition to be given to the public."

GOOD FRIENDS OF THE LITTLE ONES

Annual Meeting of the Jones Convalescent Home for Children.

The Robert Jones' Convalescent Hospital for Children held its third annual meeting yesterday at Mr. A. F. Gault's office, among those present being Venerable Archdeacon Mills, in the chair, and Rev. J. F. Renaud, Dr. Alex. Johnson, Messrs. A. F. Gault, George Hague, D. M. Ryder, and George E. Drummond.

The annual financial report was submitted by the treasurer, Mr. A. F. Gault. It gave flattering proof of a successful year, showing that the substantial surplus of $750 remained in the treasury. It was duly adopted.

Miss Burridge, teh matron, made a report which showed the good work accomplished by this institution among the sick little ones during the past year. It pointed out that the Convalescent Hospital is a real need, that is being used more and more, as the institution becomes better known and appreciated.

The election of officers resulted in the selection of the same board as that of last year, and is as follows: President the Lord Bishop of Montreal; vice-president, Very Rev. Dean Carmichael; hon. treas., Mr. E. F. Gault; hon. secretary, Mr. George E. Drummond. The members of the corporations are Messrs. R. A. A. Jones, Richard White, George Hague, E. Goff Penny, D. M. Ryder, Dr. Alex. Johnson, LL.D., Ven. Archdeacon Mills, Ven. Archdeacon Evans, Rev. Messrs. J. G. Norton, J. F. Renaud and G. F. C. Smith.

BISHOP'S COLLEGE.

Annual Meeting of the Corporation and Statement of a Year's Financial Gifts.

On Friday, June 3rd, the annual meeting of the corporation of Bishop's College took place at Lennoxville, the Bishop of Quebec occupying the chair. The gift was announced of one thousand pounds sterling from the Society for the Propagation of Christian Knowledge.

This gift has enabled the corporation to complete for the present two endowments (1) the principalship, which has thus been raised from $10,000 to $20,000 or thereabouts; (2) the Mountain professorship of Pastoral Theology, which has been raised from $15,000 to $25,000 or thereabouts.

Besides these additions the Jubilee Fund (1895-8) has enabled the corporation to do the following in the way of endowment and extension: (3) Endow the head mastership with $25,000, of which $10,000 was a legacy from Mr. J. H. R. Molson and $5,000 from the same benefactor is represented by the head master's residence. (4) To give $10,000 for the endowment of the classical professorship. (5) To spend $6,000 on the restoration and adornment of the chapel. (6) To spend $4,000 on the building of a gymnasium.

In addition to the above there is a legacy for scholarships from the late A. D. Nicolls, and $8,200, the fund of the Doolittle Scholarships, the interest of which will be available in 1899.

A resolution was adopted appointing a committee to investigate college extension and another to investigate and report on the training of teachers. Additional accommodation is now necessary, and a new residential building may be erected in the near future.

ACTOR WILLARD IN TOWN

Accompanied by His Wife and His Niece—He is Touring Canada and the United States.

Mr. E. S. Willard, the English actor, accompanied by Mrs. Willard, and her niece, Miss Florence Stowe, arrived in Montreal on Saturday night and are staying at the Windsor Hotel.

Mr. Willard is completely recovered from his recent long illness, and is making a short tour of the United States and Canada, in order to show Mrs. Willard some of their various beauties before she returns with him to England.

His plans for next season are still held in abeyance, as the typhoid fever left him very weak, and it is not at all certain that he will act at all during the season of 1898-99. Should he decide to take a complete rest, he will probably spend his holiday in Italy and the South of France. Meantime he retires for the present to the seclusion of his country cottage at Benstead, in Surrey, England, where the health-giving breezes which sweep over the great North Downs will doubtless soon restore his strength and his desire for work.

It is noteworthy that during a theatrical career of over a quarter of a century, Mr. Willard has never, until this season, missed one performance for which he contracted or was announced, and has never been compelled to spend a day in bed on account of sickness.

CITY LOSES TWO MORE

Judgment for Goods Ordered by Polic Department Without Authority.

Two more judgments have gone against the city for goods ordered by the Police Department, and supplied, without appropriations, or authority of council. The plaintiffs, were Alfred Pelletier and others for $119.62, and Paul Pepin, for $317. Judge Curran, in ordering the city to pay, said that the coal which had been supplied had been needed, and the prices were reasonable. The question of the validity of the contracts had already been disposed of by Judge Gill.

PREPARING FOR THE PLEBISCITE

The Methodist Conference Commends the Action of the Government Regarding the Bill.

TIMELY AID FOR ST. JAMES.

The Members of the Conference Subscribe Four Thousand Six Hundred Dollars.

PRECEDENCE AT STATE AFFAIRS.

St. James' Church debt occupied the greatest part of the time of the Montreal Conference yesterday afternoon. In the forenoon the delegates, ministerial and lay, did the talking, and in the afternoon they took up a more practical hold of the difficulty and opened a subscription list. The Montreal Conference has undertaken to raise $50,000 within three years, payable in equal instalments, semi-annually. During a short lull in the proceedings yesterday afternoon, Rev. Dr. Ryckman suggested that subscription lists be opened and the members of the Conference asked to subscribe, on the understanding that the amount subscribed by each delegate should be credited to the circuit to which he belonged. The suggestion caught at once, and Dr. Williams took charge of the meeting. The list was swelled very rapidly until it reached the sum of $4,610, made up of the following subscriptions: Rev. F. H. Bland, $100; Rev. Dr. Ryckman, $100; Rev. Dr. Williams, $100; Rev. Dr. Morrison, $100, Rev. E. B. Lanceley, $100; Mr. Robert Booth, $100; Rev. F. A. Read, $100; Rev. T. J. Mansell, $100; Rev. Jas. Simpson, $100; Rev. Wm. Henderson, $50; Rev. Dr. Griffith, $50; Rev. C. E. Bland, $50; Rev. Paul Pergan, $50; Rev. Dr. Shaw, $50; Rev. C. S. Deeprose, $50; Rev. W. H. Rosenear, $50; Rev. A. B. Johnston, $50; Edwin Chown & Son, $75; Rev. John Armstrong, $50; Wm. Mussell, $50; Rev. E. DeGruchy, $60; Rev. John Grenfell, $50; S. J. Carter, $50; Mr. J. J. Cramer, $50; Rev. W. H. Raney, $50; Rev. W. Rilance, $50; Joseph Moorhouse, $50; Rev. F. G. Lett, $50; C. C. Knight, $50; Rev. Jno. Scanlon, $50.

Rev. R. G. Peever, $30; Rev. Ernest Thomas, $30; Rev. J. M. Tredrea, $30; Rev. F. W. Varley, $30; Rev. W. Timberlake, $30; Rev. J. Pinel, $30; Rev. S. J. Hughes, $30; Rev. Thos. McAmmond, $30; Rev. D. C. Sanderson, $30; Rev. G. C. Poyser, $30; Rev. Geo. McRitchie, $30; Rev. G. G. Huxtable, $30; Rev. F. H. Richards, $30; Rev. W. Service, $30; Rev. Geo. Edwards, $30; Rev. G. W. Snell, $30; W. R. Allison, $30; Rev. J. T. Pitcher, $30; M. H. Temple, $30; Rev. F. B. Conley, $30; Rev. W. F. Purley, $30; Rev. F. Tripp, $30; Rev. Johnson Sellers, $30; Rev. W. F. Smith, $30; W. W. Stumble, $30; Rev. F. W. A. Meyer, $40; John Cunningham, $30; Rev. Wm. Delong, $30; Rev. F. G. Reynolds, $30; Samuel Mann, $30; Rev. Melvin Taylor, $35; Rev. S. G. Bland, $30; Rev. F. Chisholm, $30; Rev. W. G. Henderson, $30; Rev. W. Blair, $30; Rev. Eber Crummy, $30; J. D. Van Camp, $30; Thos. Shellington, $30; Rev. John Garvin, $30; H. A. Moulton, $30; Rev. W. A. Pyke, $30; W. Bow, $30; W. W. Dagleish, $30; Rev. D. T. Cummings, $30; Rev. W. P. Bishart, $25; Rev. J. E. Mavity, $25; Rev. E. W. Crane, $25; Robt. Irwin, $25; Rev. J. E. Lidstone, $25; Rev. A. E. Pates, $25; Rev. A. G. Robins, $25; Rev. H. Walker, $25; Rev. Isaac Hall, $25; Rev. B. Pierce, $25; Rev. W. A. Wilson, $25; Rev. A. Wilkinson, $25; Rev. P. H. Allin, $25; Rev. Isaac Nelson, $25; Rev. Hugh Cairns, $25; W. H. Lambly, $25; Rev. L. E. Roy, $25; Rev. W. W. Ryan, $25; Rev. Dr. Jackson, $25; Rev. P. A. Jourdan, $25; Rev. W. Knox, $25; F. S. Proper, $25; M. Hamilton, $20; W. A. Whitney, $20; Rev. F. Delong, $20; Rev. Thomas Burke, $20; Rev. Charles Huxtable, $20; W. Beach, $20; Rev. D. Mick, $20; Tobias Lester, $20; Rev. Samuel Turner, $20; Rev. S. Keson, $20; Rev. Mr. Fowkes, $20; Rev. G. S. Clendinnen, $20; Rev. Thomas Brown, $20; Rev. J. Roadhouse, $20; A. Tattersall, $20; Rev. J. H. Hodgson, $20; C. P. England, $20; R. Janson, $20; Mrs. M. Morrison, $20; J. P. Rowley, $20; Rev. Manly Brundage, $20; Rev. H. Hill, $20; Rev. Geo. A. Bell, $20; Rev. S. H. Jones, $15; Rev. J. Wright, $15; Samuel Wright, $15; Rev. Elisha Tennant, $15; Rev. Hugh G. Cairns, $15; W. G. Bradford, $15; Joseph Boyd, $10; Rev. J. A. Quincey, $10; Rev. W. Beamish, $10; Rev. Silas Huntingdon, $10; D. H. Howard, $10; E. E. Howard, $10; Rev. R. Eagleson, $10; S. J. Faught, $10; Rev. J. B. Robertson, $10; Rev. Jas. Lawson, $10. Total, $4,610.

Precedence at State Functions.

Rev. Dr. Shaw, seconded by Judge Deacon, moved as follows: "That we hereby request the General Conference to memorialize the Right Honorable the Secretary of State for the Colonies praying Her Majesty's Government to abolish the present order of precedence for the clergy in state fuctions in Canada. That we request the General Conference to direct its special committee to proceed with all diligence in the premises, obtaining, if possible, the co-operation of the General Assembly of the Presbyterian Church and the chief ecclesiastical courts of other denominations in the proposed memorial, and to press for the removal of a procedure which is offensive in its unjust discrimination, and is utterly opposed to the constitutional relations of Church and State in this Dominion."

Speaking to his motion, Dr. Shaw said that the practice was unjust, and could not be defended upon any grounds. The law was such that the Methodist and Presbyterian clergymen were always discriminated against and relegated to inferior positions. These two bodies exerted the widest and most salutary effect upon the morals of the people of Canada, and the present regulations were, to them, most offensive and most unjustifiable. In Canada every connection between Church and State should be abolished. That was the spirit of the country, thanks to the efforts of the late Dr. Ryerson. At the last General Conference, Sir Mackenzie Bowell, then Premier, voluntarily offered to ask the Imperial Government for the removal of the discrimination against Methodist, Presbyterian, and other bodies, which did not have archbishops and bishops, but the people of Canada soon afterwards relieved him of that responsibility. The party now in power should act, as it was against all their traditions as a party to allow any such measure to remain in force. If any precedence were given at State functions, he held that it should be by numerical strength. Then the Roman Catholic Church would be first, the Methodists second, the Presbyterians third, and the Anglicans fourth.

Epworth League Work.

Rev. G. S. Clendinnen reported on behalf of the Epworth League that the senior department shows an increase of fifteen societies, or a membership of 6[illegible]2. The Junior League returns were practically the same as last year. The sum of $5,841.18 was raised by the young people during the year, an increase of $789 over the preceding year.

A special commendation was made that the League contributes $1,617.09 for the benefit of the missions, an increase of nearly 50 per cent. There was one thing to deplore, however, which was the smallness of the contribution to the General Epworth League Fund, amounting to only $125, or $14 less than the year previous.

Rev. J. D. Ellis read the interim report of the Contingent Fund, showing that the total receipts of the Conference year were $1,142.20, while expenses were $883.94, leaving a balance of $228.26, and against this was a claim of $574.75 for medical expenses.

Delegates to General Conference.

The following lay delegates to the General Conference were appointed by the Lay Association:—John Torrance, Charles Morton, J. Macdonald Oxley, Samuel Finley, J. H. Carson, J. W. Knox, S. J. Carter, Montreal; A. Shaw, Dr. Lavell, M. B. Button, Q.C., M.P., Kingston; J. Bissell, Brockville; W. A. Whitney, M.A., Iroquois; J. R. Lovell, Smith's Falls; Hon. Judge John Deacon, Pembroke; W. W. Stumbly, W. Gliddon, Ottawa; W. H. Lambly, Inverness; Col. Moorehouse, Sherbrooke; W. W. Dalgleish, Huntingdon; J. Trennaman, Prescott; H. Hughes, Hexton; J. A. Tomkins, Granby. Reserves—E. Seybold, Ottawa; W. Arglin, Kingston; W. R. Allison, Dunbar.

The ministerial delegates appointed were: Rev. Dr. Ryckman, Rev. Dr. Williams, Rev. Dr. Griffith, Rev. Dr. Rose, Rev. Dr. Courtice, Rev. Wm. Timberlake, Rev. James Elliott, Rev. W. H. Emsley, Rev. Dr. Jackson, Rev. Hugh Cairns, Rev. Dr. Shaw, Rev. J. E. Mavety, Rev. F. Chisholm, Rev. D. Winter, Rev. J. J. Monsell, Rev. Wm. Blair, Rev. Dr. Hunter, Rev. S. G. Bland, Rev. G. F. Lett.

Mr. W. H. Lambly was appointed to the General Board of Missions.

The Plebiscite Considered.

The evening session was taken up entirely by a consideration of the report of the Temperance Committee, special reference being made to the proposed plebiscite. The report of the committee was as follows:

"Having considered the request of the Committee of the Gothenburg System for the control of the liquor traffic and asking our co-operation we recommend that this Conference re-affirms its former declarations and standing upon the principle that the liquor traffic can not be licensed without sin, cannot recommend to our people any system which perpetuates the traffic in strong drink; we seek, work and agitate for its entire annihilation. Having considered the request of the Dominion Alliance that four persons be appointed by this Conference to act as members of the Council of the Dominion Alliance which meets in Toronto, July 6, '98, we recommend that W. H. Lambly, Esq., G. M. Webster, Esq., Rev. A. C. Countice, D. D., and Jas. Elliott, B.A., be appointed.

"Having considered the request of the Prisoners' Aid Association of Canada, asking for our sympathy and co-operation in prison reform, we heartily approve the object of this Association and urge upon our people to do all they can to bring about the reforms advocated by the Association.

"We further recommend that this Conference place on record its appreciation of the Government and Parliament of Canada in passing the plebiscite bill providing therein that the question of the prohibition of the liquor traffic be submitted to the vote of the electorate upon that single issue untrammelled by any other consideration or question.

"That this conference now assembled prays that the Government will not allow the action of the Senate in connection with the Franchise Bill to prevent the fulfillment of its promise to submit the question of the prohibition of the liquor traffic to the vote of the people at the earliest possible amount in voters' lists made and revised up-to-date and that a copy of this resolution be forwarded to the Honorable the Prime Minister and the Honorable Minister of Agriculture.

"That a collection be taken up in each congregation to aid the work of the plebiscite campaign, the contributions to be sent to the respect Provincial treasurers of plebiscite executive and that the second Sunday in July be the date for that purpose.

"That we pledge ourselves to carry out the plan of campaign as suggested by the Dominion Alliance and take the initiative where necessary."

The committee also recommended church members to discourage the use of tobacco, and expressed their appreciation of news papers which refused advertisements from liquor firms.

The Nation's Liquor Bill.

The reception of the report was moved by H. H. Lambly. The Methodist Church, he said, did not want to control the liquor traffic; they sought to annihilate it. They sought this end on two grounds, financial and moral grounds. The speaker commended the Premier for keeping his promise to pass a plebiscite bill, and he hoped that the action of the Senate would not be permitted to kill the bill entirely. He urged upon the people the necessity for keeping politics out of the question. A man had told him that he would not vote for the plebiscite bill beacuse it was a Liberal measure. A man who would be influenced to that extent by politics was not worthy of his citizenship. In closing his address Mr. Lambly made a strong plea for united action in the campaign.

In a speech in which he reviewed the history of temperance legislation in Canada and charged the Governments with being far behind public opinion, Rev. G. G. Huxtable seconded the motion for the reception of the report. He paid some attention to Principal Grant, and cast ridicule upon the theory that the perpetuation of the liquor traffic was necessary for attracting a population to the country. He was not inclined to worship the plebiscite, as it would have been better to have brought in a prohibition bill. However, as they had the plebiscite, he urged them to roll up a tremendous majority.

The report was received and taken up seriatum. No objections or amendments were offered until the clause commending the Government for submitting the straight question, without reference to other issues, was reached. Conference appeared to be in doubt as to whetehr the bill had passed, as it lacked the Governor-General's signature, which, owing to the action of the Senate regarding the Franchise Bill, might not be attached. The clause was finally amended so as to commend the Parliament for passing the bill through its three readings, free from encumbrances or entanglements.

The Merits of Cider Discussed.

Dr. Hunter then wanted an amendment requesting the Government to eliminate the words "wine and cider" from the ballot paper. These words might beconstrued to refer to the fresh juice of the apple or the unfermented juice of the grape. He was afraid that these unfortunate words would wreck the bill, as it would lose votes for the prohibitionists in rural districts, where the people would be confused. One Government had humbugged them with the Royal Commission, and he was afraid that these words would be a humbug to the temperance people again.

Rev. Salem Bland pointed out that these wines and cider that were intoxicating, and these were what the plebiscite bill was aimed at. New cider was a wholesome drink, but there was nothing more intoxicating than good, old, hard cider.

His brethren caught the word "good," and there was a hearty laugh at Mr. Bland's expense.

Continuing, Mr. Bland said that the bill was so worded that it was quite clear that only intoxicating wines and cider were prohibited.

Mr. J. H. Carson consulted a copy of the bill which he had in his possession, and he found that Mr. Bland was right.

When that particular clause of the bill had been read, Dr. Hunter withdrew what he had said.

All the clauses of the report were passed, but when the motion was made to adopt the report as a whole, Rev. Dr. Hunter asked Conference to add a clause expressing regret that the Government had not made the ballot to read, "Are you in favor of the prohibition of the manufacture, importation and sale of intoxicating liquors as a beverage?"

Mr. S. A. Carter seconded the motion, arguing that the inclusion of cider in the ballot would militate against the success of the measure in the apple-growing districts of Canada, such as Western Ontario and Nova Scotia.

Rev. Mr. Huxtable thought they had better leave well enough alone. If the Conference should express discontent on that point it might have a bad moral effect. Enemies of the plebiscite might then quote them as having opposed the plebiscite bill, and in some way misinterpret their action to defeat the ends of the measure.

The majority of Conference agreed with Mr. Huxtable, and Dr. Hunter withdrew his motion.

The report was then unanimously adopted, and Conference adjourned until this morning.

SAID MR. DOZOIS WAS GUILTY OF BRIBERY

And Mr. Pouliot Wanted $200 From Him as the Law Provides.

But the Court Ruled the Case Out as the Six Months' Time Limit Was Up.

An interesting election case was nipped in the bud this morning, when the action was dismissed by Judge Doherty, by which L. Z. Pouliot sought to recover from J. L. Dozois the penalty of $200 provided by law for offences such as that alleged, namely, that Mr. Dozois had, illegally, in violation of the provisions of the electoral law, paid a sum of fifty dollars for the services of men whom he had engaged to shout, and, if necessary, to fight, for Mr. O. M. Auge at a meeting held at Sohmer Park during the late provincial elections; that he gave thirty dollars to one Bruno Lafontaine to distribute among these men, and that the other twenty was given to other persons.

Mr. Dozois denied all this, and further pleaded prescription of six months. This plea was maintained, and the case was not heard on its merits.

BOARD HAD NO RIGHT TO CENSURE.

Pilot Arcand's Appeal to Have the Harbor Commissioners' Act Quashed Upheld.

Judge Mathieu this morning decided that, in censuring the pilot, Arcand, who had touched ground with the Vancouver at Cap a la Roche, last October, the Harbor Commissioners had acted irregularly, pronouncing upon a charge against which Arcand had not had a proper opportunity of defending himself. On the 16th of October, 1897, Arcand had undertaken to pilot the Vancouver from Montreal to Quebec, and, passing Cap a la Roche, the vessel had touched ground. No damage had been done to the ship, but Messrs. Torrance had laid a complaint against Arcand before the Harbor Commissioners. That board had dismissed the complaint as unfounded, but had proceeded to censure Arcand severely for having passed the black buoy opposite St. Jean de Chaillons at a distance incompatible with safe navigation. Thus, the complaint had been dismissed, and, at the same time, a censure pronounced. Arcand had appealed to the courts to have the censure quashed. The court maintained his appeal. He had been censured on a matter not contained in the complaint, and had had no opportunity of defending himself. The writ of certiorari issued by order of Judge Archibald was therefore confirmed.

AFTER MR. BRITTAIN.

Ald. Ouimet and Wilson Want an Old and Faithful Civic Employe Dismissed.

Two aldermen attacked Mr. Brittain, assistant city surveyor, at a Road Committee meeting yesterday and demanded his dismissal. Mr. Brittain has been absent for some time on sick leave, and Ald. Ouimet and Wilson objected to his being paid his salary, and stated that he was not competent.

Mr. St. George, who is Mr. Brittain's superior, ventured to remark, from his personal and official knowledge, that Mr. Brittain was competent; that he was an old faithful employee, and deserving of every consideration. Ald. Ouimet told Mr. St. George that when the committee wanted his advice it would ask for it. The motion to discharge Mr. Brittain was not pressed.

A Shovel Factory Burned.

Kingston, Ont., June 7.—(Special.)—A special despatch from Gananoque reports that the roller shovel shop of D. F. Jones, manufacturing company, was destroyed by fire this morning. The twelve ton fly wheel flew into pieces. One piece smashed the petroleum tank and scattered the oil over the building, the furnace set the oil ablaze and the firemen could not subdue the flames. The works will close down. There was insurance on building and plant.

SANTIAGO RIDDLED WITH YANKEE LEAD

For Three Hours on Monday Shot and Shells Were Poured into the Fortifications.

CRUISER WENT TO BOTTOM

A Report Says That the Maria Teresa Was Destroyed by the American Guns.

A LAND FORCE ALSO ENGAGED

The Dons Admit That They Sustained Quite a Loss—The Fortifications Were Ruined.

Cape Haytien, Hayti, June 7.—9.05 a.m.—The bombardment of the forts of Santiago de Cuba, it appears, from information obtainable here lasted from 8 a.m., until 11, inflicting immense damage on the fortifications, which are riddled and shattered by the American shells.

The fighting before and in the vicinity of Santiago de Cuba continued together part of yesterday, from 7.45 a.m., until nearly 10 o'clock. Ten of the American warships maintained a steady and carefully directed fire against El Morro Castle and the batteries at Punta Gorda, Zocapa, and Cincoreales, in addition to bombarding the Spanish fleet in the harbor. The percentage of effective projectiles was very large.

Did Immense Damage.

It appears from the best information obtainable at this place the cable station connecting with Santiago de Cuba, that immense damage was inflicted on the enemy. The Spaniards admit that the bombardment from the American fleet was most destructive. About 1,600 projectiles are said to have been fired by the American warships and it seems that the responsive fire from the Spanish forts and ships was scarcely felt at all by the Americans.

The fortifications near the entrance to the harbor are described as being riddled with solid shot and shattered by the explosion of the immense shells fired by the American battleships. The Spanish batteries are understood to have been virtually silenced and El Morro and the fortifications at Zocapa and Punta Gorda are reported to have been demolished by the three hours' uninterrupted hammering of the American fleet, but the American attack is next said to have been specially directed against Aguadores, a small coast town a little to the esat of the entrance of Santiago Bay. The idea of the American Admiral, it appears, was to land troops and siege guns there, after reducing the defences of the place, and thence make a determined and closer assault upon Santiago de Cuba, which, in view of the present condition of its fortifications may be expected to yield very soon after the beginning of such an attack. Heavy cannonading was opened upon Aguadores about mid-day yesterday. The latest advices received here from Spanish sources do not indicate the duration of the fire or whether American troops and siege guns were landed at Aguadores, but it cannot be doubted that the net result of Monday's fighting was extremely disastrous to the Spanish defences.

The Cubans Assisted.

It is also understood here that the Cuban troops maintained throughout the greater part of yesterday an attack by land on Santiago de Cuba and the Spanish reports say the garrison lost heavily in killed and wounded.

The military commander of Santiago de Cuba acknowledges the following casualties among the land forces: Colonel Ordonez, Captain Sanchez, Lieutenant Yrizar, of the artilley, and Perez and Garcia, both Spanish officers. Their rank is not mentioned, however.

American Land Forces Engaged.

Cape Haytien, Hayti, June 7.—A landing of American troops is reported to have taken place yesterday near Daiquiri, some distance east of Aguadores, and near the railroad connecting with Santiago de Cuba. Later there was severe fighting with a Spanish force on land, in which the Americans were victorious. The Spaniards admit the loss of twenty-one infantry soldiers severely wounded, and say one soldier was killed. It is believed the losses of the Spaniards were much more heavy.

In the naval force, the Spaniards say that the officer who was second in command of the partly dismantled Spanish cruiser Reina Mercedes and five sailors and an ensign were killed. The Spanish sailors wounded, it is asserted, number sixteen men.

The loss on the American side, the Saniago de Cuba reports say, is not known.

The Spanish acknowledge that a great deal of damage was inflicted on the Spanish cruiser Reina Mercedes, and they say Morro Castle shows great gaping breaches in its walls.

Later in the day, it appears, a landing of American troops was effected near Daiquiri, some distance east of Aguadores and near the railroad station connecting with Santiago de Cuba. Later, an engagement took place between the American forces and a column of Spanish troops which had been sent against the landing party. The accounts of the battle obtainable here, being from Spanish sources, do not set forth the result. Therefore, it is to be inferred, that the Americans were victorious, and that is the belief which prevails here.

A Spanish Cruiser Sunk.

Finally, there is a report current at Cape Haytien that the first-class armored Spanish cruiser Maria Teresa was sunk yesterday by the fire of the American ships.

It is said that only five hundred American troops were landed at Daiquiri or possibly at Aguadores, the two places being mixed up in the reports received here. But it seems to be admitted that fire of the American soldiers was so effective that the Spaniards were compelled to flee from the fortifications they were defending.

Claim a Victory.

Havana, June 6.—The Spaniards claim to have repulsed two American attacks to-day at Santiago de Cuba, and General Blanco has congratulated the Spanish commander for the heroism of the Spanish forces. Other reports point to brilliant American victories.

MR. KINNESTON MUST TELL

What He Knows About Ald. Gallery's Alleged Corrupt Acts During the Last Municipal Election.

In Ald. Gallery's action for damages against Mr. Kinneston, who, it will be remembered, contested Ald. Gallery's election recently, Judge Mathieu this morning ordered Mr. Kinneston to furnish particulars. In this case Ald. Gallery seeks damages for libel, on the ground that, in his petition to unseat him, Mr. Kinneston alleged that he, Ald. Gallery, had been guilty of corruption. In his plea to Ald. Gallery's action, Mr. Kinneston alleged that his statements were true. Ald. Gallery's counsel then moved for particulars, and Judge Mathieu this morning granted the motion, holding that, if Mr. Kinneston knew of any acts of corruption by Ald. Gallery, he ought to be able to specify the place, time and manner in which they had been committed, and Ald. Gallery was entitled to this information, in order to enable him properly to prepare his case.

THE GUINANE FAILURE.

The Statement of Assets and Liabilities Show a Total Deficit of $28,059.78.

Toronto, Ont., June 7.—(Special.)—A meeting of the creditors of W. J. Guinane was held yesterday at the office of Mr. E. R. C. Clarkson. Following is a summary of the statement presented: Liabilities, direct, $54,-510.87; secured, $7,068.05; preferred, $1,315.74; total, $62,894.66. Assets, retail stock in Yonge Street store, $11,770.26; wholesale stock, $9,-240.33; sundries, $1,407.39; Queen Street stock, $3,262.80; total, $25,680.78; nominal surplus in hypothecated goods, $7,226.53; fittings, $1,536.17 book accounts, $391.40; total assets, $34,834.88. Showing a deficit of $28,059.78.

Mr. Clarkson explained the various items. No discussion followed, and on motion of Mr. James Robinson, of Montreal, the following were appointed inspectors: Messrs. M. H. Ludwig, J. A. McIntosh, C. D. Scott, L. McKellar and James Robinson, with power to deal with the assets after such investigation into the affairs of the estate as they may deem necessary.

$1,000 WORTH OF LEAD PIPE STOLEN

Police Make a Round of the Second hand Stores Yesterday With Startling Results.

The arrest of young Chipchase and his youthful band of accomplices, some few days ago, does not seem to have been a sufficient warning to the gangs of men and boys who, for some time, have been engaged in stealing the lead pipe and other fixtures from vacant houses in the north and centre portions of the city.

A visit was paid, yesterday, to the different junk stores in the city, by the detectives, and over $1,000 worth of lead pipe, gas fixtures, door knobs, etc., were found there. Warrants were issued for the arrest of the following: Arthur Fiset, aged 17, 309 Drolet Street; Emile David, aged 15, painter, St. Hubert Street; Wilfrid Bourgignon, Montana Street; Ernest Cousineau, aged 15, 50 Church Street. Their homes were searched, and it is alleged that there was found a quantity of lead pipe and copper wire, similar to that which was found in the junk stores, and corresponding with the piping, etc., missing from vacant houses on St. Denis, Sherbrooke, Guilbault, Laval Avenue and Berri Streets.

They all pleaded not guilty this morning before acting-Magistrate Lafontaine and were remanded till to-morrow.

THE TESLIN ROAD.

A Meeting Will Be Held Soon to Decide if the All Canadian Line Will Be Built.

Vancouver, B.C., June 7.—(Special.)—D. D. Mann, of the firm of Mackenzie and Mann, the Teslin Lake railway contractors, has arrived in the city. He was asked to deny the statement wired from Ottawa that his firm had obtained the contract for building the railway from Robson to Penticoten. He said: "I do not deny it, the despatch is correct. The exact date for commencing operations, however, is not fixed."

Mr. Mann said he was going to Victoria to-morrow, and would there meet Premier Turner, of British Columbia, and Mr. Shaughnessy, vice-president of the Canadian Pacific Railway. Mr. Mann stated that this interview had nothing to do with the Teslin Lake Railway. On his return from Victoria he could say definitely whether the Teslin Lake Railway would be built this year. As a matter of fact, Wednesday's meeting will decide the fate of the all-Canadian route.

HAD NO LICENSES.

Many Carters Fined, and Bicyclists Still Continue to Ride Without Lights.

It is quite evident that drivers and bicyclists and those generally, who are supposed to have licenses, or carry lights, must either do so or pay an unwelcome visit to the Recorder.

Now that bicyclists have been called to time, carters and hackmen will come in for their share of attention on the part of the police.

This morning the following persons were fined and told to take out a license as soon as they could: Jas. Guernon, Geo. Lebel, Damase Chaput, T. Rouselle, Tom Raffin, John Bennett, Alex. Desjardins, Thomas Gamble, O. Desjardins, Louis Lafond, R. Cyr, Samuel Johnson, Joseph Hatte, Geo. Cunningham, Horace Parent, Geo. Barket, Jos. Dwyer, Michael O'Hara, Francis Desauteis, Roch Goulet, Joseph Giadu, Hubert Lavoie, J. B. Lebeau, D. Roy, Louis Payette, Albert Clare, Louis Quillivon, Henry Poirier, Henry Bourassa, Charles Begin.

The following were fined for riding a bicycle without a light: Charles Brousseau, Danson Stewart, Fred Moreau, Joseph Gaudet, John Brennan, Arthur Evans, William Gunlack, Alex. Farras.

VICTORIA RIFLES' CUPS AWARDED.

The Company and Section Competition Results Were Posted Yesterday.

The results of the company and section competitions in the Victoria Rifles have been announced officially. The Simms' Cup was won by No. 5 Company, Capt. Wilson, and the Hamilton Cup by No. 1 Section of No. 4 Company. Color-Sergeant Robinson is in command of this section.

CIVIC HOLIDAY, JUNE 24.

Mayor Prefontaine Authorized to Proclaim St. Jean Baptiste Day a Holiday.

It was decided that the Mayor be authorized to issue a proclamation declaring the 24th of June (St. Jean Baptiste day) a civic holiday.

Mortality Statistics.

There were 102 interments in the city cemeteries last week—92 in the Catholic, 7 in the Protestant and three in the Jewish burial ground. This is a slight increase over the returns for last week. The causes of death were as under:—Diphtheria, 3; diphtheritic croup, 1; measles, 1; whooping cough, 1; consumption, 18; bronchitis, 3; broncho-pneumonia, 4; congestion of the lungs, 2; pneumonia, 3; infantile debility, 28.

Steamship Arrivals.

June 6.	At	From

MEMBERS HARD ON THE RAILWAY.

Mr. Robertson Holds C.P.R. Directors Responsible for Cruelty to Men on the Crow's Nest.

MAKES A BITTER SPEECH.

Says They Should be Brought Before the Bar of the Parliament of Canada.

THE HARBOR BILL IS THROUGH

It Was Given Its Third Reading This Morning—A Late Sitting Last Night.

Ottawa, Ont., June 7.—(Special).—The House of Commons did not adjourn until nearly three o'clock this morning. Sharp at 11 o'clock it was again busy at work. The attendance was not large, but both leaders, Sir Wilfrid and Mr. Foster were in their places. The routine business did not take ten minutes, after which the Montreal Harbor bill was read a third time and passed. Supply was then proceeded with, and Mr. Tarte had the balance of his items in the supplementaries for 1898 sent through with a rush.

An Attack on the C.P.R.

On an item of $6,500 to provide for the expenses of the Crow's Nest Pass commission, Mr. J. Ross Robertson made a bitter attack on the Canadian Pacific Railway and whitewashed Mr. Haney. He looked on the outrages committed not as accidental but as incidents in a conspiracy to steal the labor of hundreds of men for the C.P.R. apologists, for the company could talk as they liked about Haney and his understrappers, but the real authors of that conspiracy were the rulers of the Canadian Pacific at Montreal.

The Government did not deal with Haney, but with Sir William Van Horne and Mr. Vice-President Shaughnessy. Parliament should insist that these gentlemen and all the directors of the C.P.R. should accept responsibility for the crimes and outrages that followed their cruel misuse of the country's money. The men were starved, abused and died was not the fault of Mr. Haney, but originated in the greed of the C.P.R.

A Ready-Made System.

Mr. Haney had to accept a ready-made system of tyranny, cruelty and oppression. The report showed that the C.P.R. proposed to take the labor of human beings at wages that would only pay a man's own way. The Crow's Nest Pass bargain should have satisfied even the gluttons of the C.P.R., a company which was big enough to take the country's millions and mean enough and despicable enough to steal the pennies of the workingman.

The report showed that plunder and oppression was part of the programme for the building of the railway. There was no limit to the grasping greed of the company, which seemed to be accumulating riches and the power to murder the people of Canada.

Ought to Appear in the House.

Mr. Robertson said that the directors of the C.P.R. ought to be made to answer at the bar of the House of Commons why the country's children should be murdered in the way they were.

Sir Richard Cartwright—"A director of the C. P. R. sits beside the hon. gentleman and he should begin by taking him."

What They Did in England.

Mr. Robertson proceeded to show how the British House of Commons had dealt with a somewhat similar case. In 1891 a stationmaster had gave evidence that he had beeen at work 36 hours when an accident took place on the Cambria Railway. For giving such evidence he was dismissed by the company. In 1892 the chairman of the committee reported to the House that the conduct of the company in dismissing the agent was a contempt of Parliament, and therefore the directors should be summoned to the bar of the House. If is was not possible to bring the perpetrators to criminals cells then they ought to be brought to the bar of the House. The Dominion ought to have something to say for the robbery, death and murder of these employes.

Mr. Clarke, of Toronto, said that the treatment of the men was the most disgraceful in the history of the country.

If any officer of the Government had prevented justice being done then he shoul be dealt with.

Mr. Clarke Wallace blamed the Government for not acting promptly when they got the report.

Directors Not Cognizant.

Mr. McMullin agreed that the men had been treated in a barbarous way, but in justice to the C. P. R., he thought it right to say that he did not think the C. P. R. officials were cognizant of all the wrong done. Certainly the guilty man should be punished.

Dr. Rutherford MacDonald said that if there was no legal penalty the guilty persons would be held up and pilloried before all the people of Canada.

The Premier's Promise.

Sir Wilfrid Laurier explained how the commission came to be formed. The pressure of business incident on the closing of the session prevented the Government taking action on the report, but it would be one of the first things done in recess. The Government would carefully consider the report and see what was best to forward the interests of justice. Unfortunately, there were wrongs which must always stand against the good name of Canada, for which there was no remedy, but if any of the guilty parties could be punished, the Government would spare no pains to take that step. If any Government officer was to blame he could expect no mercy. He would be treated as he had treated others.

Mr. Clarke pointed out that in the case of the two young Nova Scotians an officer of the Justice Department was blamed.

Continued on page 8.

GENERAL ASSEMBLY OPENS TO-MORROW.

The Attendance Will Be the Largest in the History of the Presbyterian Church.

THE QUESTIONS TO BE DISCUSSED.

Who Will Be Moderator?—Drs, Campbell, Torrance, Bryce, Murray, Carmichael and Gregg in Nomination and Their Supporters—The Ministers Who Will Attend and Where They Will Stay:

The General Assembly of the Presbyterian Church in Canada, which meets in Knox Church on Wednesday evening, is a representative body. The Church consists of six synods, included in which are fifty presbyteries, extending from Newfoundland in the East to Vancouver in the West. In addition to these, there are three foreign mission presbyteries—Indore in Central India, Honan in China, and Trinidad. Each presbytery of the Church is entitled to send one-fourth of its ministers to the General Assembly, together with a corresponding number of elders. The membership of the present Assembly is 602, one-half of whom are ministers, and the other half elders; there are thus 1,200 ministers on the rolls of Presbytery. The attendance at the meeting is expected to be the largest in the history of the church, owing, not to any burning questions to be discussed, but largely to the cut rates in connection with the railways. Not only will all the presbyteries in the Dominion be largely represented, but from the Presbytery of Indore, Central India, there will be two ministers present, Rev. N. H. Russell and Rev. W. J. Jamieson, with two elders; and from Honan, in China, Rev. D. MacGillivray and Dr. Wm. Malcolm.

The Assembly has only two permanent officials, namely, the clerks, the Rev. Dr. Campbell, of St. Gabriel Church, Montreal, who takes the minutes, and the Rev. Dr. Warden, of Toronto, general agent of the Church, who takes charge of the business.

Who Will Be Moderator?

The Moderator of Assembly is appointed annually, and holds office for one year. At the opening meeting, on Wednesday evening, the retiring moderator, Rev. Dr. Moore, Ottawa, conducts the service. Immediately after the sermon, the Assembly is formally constituted and the new moderator is elected. Every presbytery in the Church is entitled to nominate someone for the position of moderator. Most of the presbyteries are known to have done so this year, but reports have only been received from twenty-one, as follows:—The Presbyteries of Pictou, Montreal, Ottawa, Lanark and Renfrew, Kingston, Edmonton, Honan and Indore, have nominated the Rev. Dr. Campbell, of Renfrew. The Presbyteries of Truro, Winnipeg, and Glenboro have nominated the Rev. Dr. Bryce, of Winnipeg; the Presbyteries of Sydney, Quebec, Glengarry, Barrie, Huron, and Guelph have nominated the Rev. Dr. Torrance, of Guelph; the Presbytery of Stratford has nominated the Rev. Dr. J. L. Murray, of Kincardine; the Presbyteries of Toronto and Miramichi have nominated the Rev. Dr. Carmichael, of King; and the Presbytery of Peterborough the Rev. Prof. Gregg. While presbyteries have the right to nominate, any member of Assembly can move for the appointment of a moderator outside of those nominated by presbyteries. The office of moderator is the highest position in the gift of the Presbyterian Church. While it is valued by all, there is no such thing as canvassing for it; "the office seeks the man, not the man the office," and were anyone known to put forth efforts to secure the position, he would at once defeat the object he had in view.

The Missions.

The Presbyterian Church in Canada carries on extensive mission work under four or five different committees, namely:—Home missions, augmentation of stipends, French evangelization, special mission to the lumbermen, and foreign missions. The foreign mission fields embrace China, Japan, Korea, Trinidad, Demerara, Central India and New Hebrides. In addition, work is carried on extensively among the Indians in Canada, and among the Chinese of the Pacific Coast, as also in Montreal and other cities.

The Colleges.

The Church has six theological colleges, namely: Presbyterian College, Halifax; Morrin College, Quebec; Presbyterian College, Montreal; Queen's University and College, Kingston; Knox College, Toronto; and Manitoba College, Winnipeg. It also has two colleges for the higher education of women, namely: The Presbyterian Ladies' College, Ottawa, and the Ladies' College, Brantford. In addition to these, the Church maintains a college for the education of a native ministry in Indore, Central India. Reports from all these missions and colleges will be presented to the General Assembly, as also reports from the other benevolent schemes of the Church, such as the aged and infirm ministers', widows and orphans', church and manse building, etc.

The Hymnal.

The report of the Hymnal Committee will be of more than usual interest from the fact that the new hymnal prepared by the church was issued during the year, out of the profits of which the committee propose to give $6,000 to two of the benevolent funds of the Church. The reports of the committees on Sabbath schools, Young People's Societies, and on Church Life and word, (including temperance) are always of spiritual interest, indicating the real state of the church.

Figures Encouraging.

The report of the Statistical Committee, which gives very full information regarding every congregation of the Church shows encouraging progress. The reports of the Finance Committee are also most encouraging. In the Toronto office alone, there was received during the year nearly half a million dollars. In addition to the ordinary routine business, many matters of importance will come before the Assembly. There are applications from 13 ministers of other churches to be received as ministers of the Presbyterian Church, and 11 applications from ministers to be allowed to retire from active duty on account of age. There are also a number of overtures to be submitted, one from the Synod of British Columbia, regarding the administration of home mission work and another from the same synod on foreign work. The Synod of Toronto and Kingston have forwarded an overture asking the appointment of a Board for the examination of all students desiring licensure. The Presbytery of Montreal overtures the Assembly for a change in the regulations affecting the Ministers' Widows and Orphans' fund and from other presbyteries there are overtures regarding representation in the General Assembly; the payment of members expenses; the supply of vacant congregations; and one from the Presbytery of Maitland concerning inefficient pastorates, etc. There is only to be one appeal case before the Assembly, namely, an appeal by the Presbytery of Toronto from the decision of the Synod of Toronto and Kingston regarding the site of a church building in Toronto.

The Alliance.

The next meeting of the Alliance of all the Presbyterian Churches throughout the world is to be held in Washington. The Canadian Church is entitled to 20 delegates. The appointment of these will be made by the Assembly.

From the above it will be seen that the Assembly has a large amount of business before it. It holds three sessions daily, the evening meetings being of a more popular nature. All the sessions are open to the public.

The Reports.

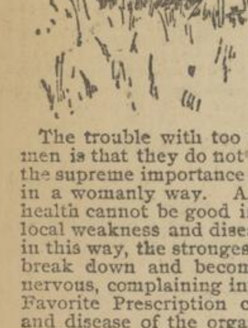

The reports to be submitted to the General Assembly have already been printed and stitched together in heavy manilla covers. Dr. Warden has had these reports consecutively paged from the beginning to the end and an index made on the title-page. This is the first year in which this has been done and the improvement will be appreciated by members of the Assembly. The volume consists of between five and six hundred pages. Included in the volume is the roll of Assembly for the present year, together with the minutes of last year.

Foreign Mission Committee.

The Foreign Mission Committee of the Presbyterian Church, (Eastern and Western Sections) are to meet in Erskine Church lecture room, to-morrow, Wednesday morning at 10 o'clock. The ladies of Erskine Church are to entertain the members of the committee at lunch.

Woman's Missionary Society.

The monthly meeting of the Montreal Presbyterian Woman's Missionary Society is to be held in St. John's Church, corner St. Catherine and Elizabeth Streets on Friday afternoon at three o'clock. This meeting will be of special interest because of the attendance of Miss Dr. McKellar and Miss Dr. O'Hara, two of the lady medical missionaries in India, home on furlough. The meeting is open to all ladies.

The country woman is usually healthy and robust. If she isn't it is generally because of her own ignorance or neglect. She is a hard working woman, but her surroundings are healthy, and unless she has some local weakness, she bears her heavy burden without serious inconvenience.

The trouble with too many country women is that they do not sufficiently realize the supreme importance of keeping healthy in a womanly way. A woman's general health cannot be good if she suffers from local weakness and disease. If she suffers in this way, the strongest woman will soon break down and become a weak, sickly, nervous, complaining invalid. Dr. Pierce's Favorite Prescription cures all weakness and disease of the organs distinctly feminine. It acts directly on these organs, making them strong, healthy and vigorous. It cures all weakness, disorders and displacements of the delicate internal organs. It is the greatest of all nerve tonics. It banishes the discomforts of the period of solicitude, and makes baby's advent easy and almost painless. It positively insures the little new-comer's health and an ample supply of nourishment. Thousands of women have testified to its wonderful merits, and many of them have cheerfully permitted their experiences, names, addresses and photographs to be printed in Doctor Pierce's Common Sense Medical Adviser. The "Favorite Prescription" is sold by all good medicine stores, and a paper-covered "Medical Adviser" of 1008 pages is mailed free on receipt of 31 one-cent stamps to cover cost of customs and mailing. Cloth-bound 50 stamps. Address Dr. R.V. Pierce, Buffalo, N. Y.

Mrs. Frank Camfield, of East Dickinson, Franklin Co., N. Y., writes: "I deem it my duty to express my deep, heart-felt gratitude to you for having been the means of restoring me to health. My troubles were of the womb—inflammatory and bearing-down sensations."

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

THE BILLETING LIST.

The Names of the Ministers Who Will be Present and Where They Will Stay.

Members of the General Assembly and those entertaining them in the city:

Ministers.

Abraham, R. H., W. Davidson, Westmount.
Adam, W. P., Mrs. F. Hyde, 110 Park Ave., Annex.
Amaron, C. E., 115 Elgin St.
Anderson, P. W., Mrs. Jacobs, 138 Peel St.
Archibald, A. D., Mrs. Teskey, 219 Stanley St.

FOR WEAKNESS AND DEBILITY.

Consumption is often caused by a weak state of the blood, permitting the germs to obtain a foothold. That Dr. Ward's Blood and Nerve Pills cure disease and make the system safe, the following evidence amply proves:

I suffered for two years with what the family doctor claimed was an incurable case of consumption and debility, telling me that my life was but for a few months at the best. As I was about to give up, I picked up your advertisement and resolved thereupon to give Dr. Ward's Blood and Nerve Pills a trial. The first box of them worked such a wonderful change I felt that at last I had struck a medicine that would help me. I continued the use of the Pills, receiving from them day by day flesh, strength and vigor, in fact friends of mine that had not seen me for some time hardly knew me, so great was the change that Dr. Ward's Pills worked. Out of the fullness of my heart in the joy of my being rescued from the grave, comes this testimonial. I shall, as long as God permits me to live, herald forth their usefulness and life-saving power to all afflicted by that monster of disease that almost claimed me for its victim, thereby repaying you in a small measure for the grand, new lease of life Dr. Ward's Blood and Nerve Pills have given me. Yours truly, JOHN P. THORP, Cork St., Guelph, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00, at druggists, or mailed on receipt of price by THE DR. WARD CO., 71 Victoria St., Toronto. Book of Information free.

A Wonderful Letter

From a Grateful Man

Paine's Celery Compound Saved His Life.

Physicians, Medicines and Mineral Springs Failed Him in His Time of Need.

A Prominent Druggist Vouches for the Truth of Every Statement.

Wells & Richardson Co.,

Gentlemen,—I think it my duty, without solicitation from any one, to write in the interests of other sufferers, and give you a testimonial in favor of your (to me) almost miraculous remedy, Paine's Celery Compound. For more than a year I was suffering from the agonizing pains of sciatica, and after trying all that medical skill could devise, and using many remedies, patent and otherwise, I concluded to try the Hot Springs at Banff. I took the treatment thoroughly and carefully for six weeks, and came home at the end of that time racked with pain and weighing 43 pounds less. At this juncture, when hope had almost fled, I heard of Paine's Celery Compound. It seemed suited to my case, and I sent to my druggist, Mr. J. W. Higginbotham, of this place, and asked about it. He recommended it to me, and I took a bottle. I soon began to feel better, and after taking the second bottle, I was a cured man and threw away my crutches.

I keep a bottle on hand in case of any return of the complaint. I am now 58 years old, and I feel as spry and healthy and free from pain as I ever did in my life. I was born in Norfolk, England, and came to Canada when only three years old. I was brought up in the township of Cornwall, Ontario, and came to Manitoba eight years ago. Have always been a farmer, and am as able to do hard work now as ever I was.

With a heart full of gratitude for the benefits derived from the use of your remedy, and a wish to influence others who may suffer, I gladly and freely indite this letter.

Yours gratefully,
JAMES LEVERINGTON,
Virden, Man.

Mr. J. W. Higgingotham, the successful and extremely popular druggist of Virden, vouches for Mr. Leverington's statements, as follows:

I have known Mr. Leverington for two years or more, and can confirm what he says in regard to his cure by Paine's Celery Compound. Ever since his cure he has been sounding its praises, and he is a perfect enthusiast on the subject of Paine's Celery Compound. I believe him to be thoroughly reliable.

J. W. HIGGINBOTHAM,
Druggist.

THE CARRANZA LETTER.

Action by the Officials at Washington Has Been Delayed for a Short Time.

Washington, D.C., June 7.—Lieut. Carranza and Senor du Bosc, who are conducting their Spanish operations from Montreal, have succeeded in obtaining a brief respite from expulsion, through the denial by Carranza of the accuracy of certain features of the letter attributed to him. The British authorities acted on the assumption that the translation of the Carranza letter was correct and that thus there was no doubt that the Spanish officials were using Canada as a base for hostile action against the United States, but, since a question is raised as to the accuracy of the translation no step is likely to be taken toward a forcible expulsion until the translation is established as correct.

The British authorities have been ready from the outset to act on any well established case, but the expulsion of a foreigner is such a serious matter that it is said no such step would be proper while the evidence was open to question. The Carranza denial raised a question of veracity which can be readily settled by the production of the original letter. This is not in the possession of the State Department, but it is understood to be in the hands of the Secret Service branch of the treasury. When the accuracy of the translation is established the British authorities will act promptly.

PROVINCE OF QUEBEC.

DEPARTMENT OF LANDS, FORESTS AND FISHERIES.

WOODS AND FORESTS.

Quebec, 7th May, 1898.

CONDITIONS OF SALE.

No limit will be adjudged at less than the minimum price fixed by the department.

The limits will be adjudged to the highest bidder on payment of the purchase price in cash or by cheque accepted by a duly incorporated bank. Failing payment, they will be immediately re-offered for sale.

The annual ground rent of three dollars per mile, with fire tax, is also payable immediately.

Those timber limits, when adjudged, will be subject to the provisions of all timber regulations now in force or which may be enacted hereafter.

Plans of limits offered for sale are opened for inspection in the Department of Lands, Forests and Fisheries, in this city, and at the office of the Crown Lands and Timber Agents in the different agencies in which said limits are situated, up to the day of sale.

N.B.—No account for publication of this notice will be recognized, if such publication has not been expressly authorized by the department.

S. N. PARENT.
1992 Commissioner of Lands, Forests and Fisheries.

THE KIND YOU NEED.

The True, Reliable and Easy Working Diamond Dyes.

When the Diamond Dyes are used the work of home dyeing is a pleasure to every woman. Doubts and fears regarding results are never entertained. There is a confidence in every woman's heart that perfect work will crown her efforts. It is an established fact that all colors of the Diamond Dyes come out in fulness, richness and beauty.

For long, long years Diamond Dyes have been the favorite family dyes in every civilized country, and although imitation package dyes are now being offered for sale by dealers who think more of big profits than of giving satisfaction to the public, the great inferiority of these imitation dyes in strength, fastness, beauty and brilliancy was soon discovered, and they are now avoided and condemned by all who prize good, bright and durable colors.

Thousands of testimonials are coming in from all parts of the country testifying to the excellence and vast superiority of the Diamond Dyes.

Refuse all poor, worthless and imitation dyes when they are offered to you. Ask for the "Diamond," and see that the name is on each packet.

Book of directions and card of 48 colors free to any address. Write to Wells & Richardson Co., Montreal, P.Q.

BANK OF MONTREAL

Proceedings of the Eightieth Annual Meeting.

THE DIRECTORS' REPORT

Hon. G. A. Drummond and Mr. Clouston Speak of the Condition and Prospects of Trade.

The eightieth annual meeting of the Shareholders of the Bank of Montreal was held in the Board Room at 1 o'clock yesterday.

There were present Hon. George A. Drummond, vice-president; Messrs. Hector Mackenzie, Hugh McLennan, W. W. Ogilvie, W. C. McDonald, A. T. Paterson, G. F. C. Smith, M. Burke, Henry Mason, John Crawford, W. J. Buchanan, F. S. Lyman, Q. C., G. A. Green, John Morrison, James Shearer, J. P. Scott, Richard White, James Wilson, James Tasker, A. T. Taylor, M. S. Foley, B. A. Boas, H. Morton, and F. T. Judah, Q.C.

On moton of Mr. John Crawford, Hon. George A Drummond, vice-president, was unanimously voted to the chair, in the absence of the president, The Right Hon. Lord Strathcona and Mount Royal.

On motion of Mr. Hector Mackenzie, seconded by Mr. F. T. Judah, Q.C., it was agreed:—"That the following gentlemen be appointed to act as scrutineers:—Messrs. F. S. Lyman, Q.C., and W. J. Buchanan, and that Mr. James Aird be the secretary of this meeting."

THE REPORT.

The report of the Directors to the Shareholders at their 80th annual general meeting, was read by Mr. Clouston, general manager, as follows:—

The Directors have pleasure in presenting the 80th annual report showing the result of the Bank's business of the year ended 30th April, 1898:—

Balance of Profit and Loss Account, 30th April, 1897 ..	$ 886,909.98	
Profits for the year ended 30th April, 1898, after deducting charges of management, and making full provision for all bad and doubtful debts..	1,265,300.09	
	$2,152,210.07	
Divided 5 per cent., paid 1st December, 1897....	$600,000	
Dividend 5 per cent., payable 1st June, 1898..	600,000	
	1,200,000.00	
Balance of Profit and Loss Account carried forward ..	$ 952,210.07	

Since the last annual meeting of the Shareholders a branch of the Bank has been opened at Lethbridge, N.W.T., and a sub-agency to the Toronto branch has been opened in premises on Yonge Street in the city of Toronto.

All the offices of the bank, including the head office, have been inspected during the past year.

STRATHCONA AND MOUNT ROYAL,
President.

Bank of Montreal, Head Office, 6th June, 1898.

Bank of Montreal,
Montreal, 30th April, 1898.

E. S. CLOUSTON,
General Manager.

THE GENERAL MANAGER.

Mr. Clouston said: There are only a few items in our statement this year which call for special explanation. In our liabilities there is an increase in the circulation of $1,000,000, caused partly by increased expenditure in railroad building, the influx into the Yukon district, and partly by the general expansion in business. Our deposits have increased $600,000. Without explanation this would not show their true condition. I referred last year to a large increase over the previous year, and stated that, in my opinion, it lacked permanency. We have probably had withdrawn from us $3,000,000 of special deposits of large amounts, and they have been replaced by deposits of smaller sums from the public of a more permanent and therefore more satisfactory character. In our assets, the funds readily available have been reduced $800,000, from $26,545,256 to $25,703,869, chiefly in our Dominion and Provincial securities. The discounts have increased $2,600,000, partly from the general expansion in business which will probably be closed out in the next few months. The overdue debts show a reduction of $90,000. Our profits for the year, as shown in the statement, are $35,000 greater, derived chiefly from the enhanced value of money in the European markets; and it is a curious condition of affairs that at one period of the year we were receiving more for short loans in Germany than could have been obtained here in Montreal. In London the bank rate advanced to 2½ per cent. on the 23rd September, 3 per cent. on the 14th October, 4 per cent. on the 7th April, where it remained till 26th May.

Up to the time that war seemed inevitable, the rate for call money in the United States ruled low, and even then it only advanced to firmness for a short time, as the credit balances established in Europe by the immense balance of trade in its favor, prevented any great stringency. It is worth while noting the figures of this balance of trade. On the 30th April the balance of trade for ten months in favor of the United States amounted to the enormous sum of $514,000,000, whereas in no previous full fiscal year in its history had they attained $300,000,000. At present the rate for call money in the United States is merely nominal, though it remains to be seen what effect the replenishing of the coffers of the treasury, drained by the expense of the war, will have on the market.

With reference to trade conditions in Canada, it is difficult to estimate the great boon the enhanced value of grain has been to this country. It has enabled the farmers to reduce their mortgage indebtedness, and it has increased their purchasing power, stimulating trade in all directions, giving more freight to the railways, their traffic returns showing large gains. The prophets who last year were predicting that the low price of grain had come to stay, must feel that they have mistaken their vocation. The export of provisions and eggs is steadily increasing. The supply of cheese, unfortunately, has been in excess of the demand, and prices are unsatisfactory, but it is hoped that, with the cessation of strikes and the increase in field work in England, there may be an improvement. The demand for merchandise and manufactures of all sorts is very satisfactory. In the Territories, ranchers have received highly remunerative prices for cattle and horses, and, with additional markets opening up in the mining districts, they have every reason to feel hopeful. In British Columbia there has been a great impetus to trade, by the migration to the gold fields of the Yukon, and in the Kootenay, mines are gradually passing from the chrysalis and chromo stage into actual development and production. In the Maritime Provinces trade has been rather dull, owing to depressed markets for lumber, both in England and the United States, while the demand for fish, one of the chief staples of the Lower Provinces, has been seriously affected by the war.

The worst feature in the present situation in Canada is the condition of the lumber market, owing to the overstocked condition of the foreign markets and the cessation of the demand in the United States. Considerable stocks were carried over from last year, and I am afraid the year's cut has not been sufficiently curtailed. Locally, however, the demand has been very good. Generally speaking, business is good and the outlook promising.

In the United States the year commenced with the same promising conditions as in Canada, possibly more strongly established, but the war has rather checked some enterprises and industries, but we hope, for a short period only.

In this resume of the business of the country I have refrained from statistics, as I consider I am doing all you desire of me in restricting myself to the figures in our statement.

There is one matter I will refer to. The action of the Government in taking power to reduce the rate of Government Savings Bank deposits this session to 2½ per cent. was a wise and business-like one, and should commend itself to those who take a business point of view. If there is one department of a Government which should be conducted entirely apart from politics and strictly on business lines, it is the Department of Finance, and there would have been no excuse if they continued to pay as much for a temporary deposit, such as a savings bank deposit is, as for loans running for a long period, particularly when ordinary municipalities can borrow now at 3½ to 3¾ per cent. If it is considered the duty of a Government to furnish a safer place of deposit for the public than that furnished by banks, the axiom should never be lost sight of that "the greater the safety, the smaller the return for your money:" and the Government showed a sense of what was due to themselves and to the public, who have to pay for the increased interest, which, after all, benefits only a very small proportion of the people. You will notice that I said it was right to take the power, for it is quite possible that before the time arrives to exercise it circumstances may render it injudicious to put it into effect. With a war on hand in the neighboring country, and with the uncertainty as to the period when it will cease, serious consideration should be given before taking any definite step towards fixing a value for money in the future.

If there are any questions in connection with the business of the bank I will be happy to reply to them.

The Vice-President.

Hon. George A. Drummond said:—It seems almost superfluous to add anything to the full statements now laid before you, and the remarks of the general manager, but, in accordance with precedent, I will ask your attention for a few moments. You will, I think, agree with the directors in regarding the results of the year's business and the position of the bank's affairs as eminently satisfactory.

The statement in the accounts that "full allowance has been made for bad or doubtful debts," is, in the view of the directors, fully justified. The directors are pleased to express their recognition of the ability and prudence displayed by the management, and the loyalty and devotion to the interests of the bank on the part of the large and increasing staff.

Early in the past indications were not wanting that the country had entered on the long-deferred era of better times. Confidence was returning, and the general anticipations of improvement were reflected in the great commercial barometer, the Stock Exchange, by a steady advance in the value of securities. A rude shock was given when, on the 25th of April, 1898, war against Spain was proclaimed by the United States. Vague expectations had been hazarded that in some way or other the derangement of affairs in the neighboring Republic would result in benefit to ourselves. So far I fail to see any. The established channels of trade and finance in the neighboring States have not been materially affected. We can only express the sincere hope and desire for the speedy restoration of the blessings of peace.

It is impossible to avoid noting, with satisfaction, the growth of a kindlier feeling towards the Mother Country among our friends and neighbors.

The general and remarkable advance in the value of most farm produce is eminently satisfactory. The farming community has long suffered from an unnatural depression, and may be congratulated on the improvement which, to a country like ours, exporting a large share of its products, is of enormous and widespread importance. Calculations by experts go to prove that during the past six months, at the very least, seven to eight millions of dollars extra has been realized on cereal deliveries in the advance in values, while, since the opening of navigation, the exports of wheat, corn, rye, peas, oats, buckwheat, barley and flour have nearly doubled as compared with those of the corresponding period last year. Cheese has been depressed and unremunerative in consequence of overproducton. Butter and eggs have been produced in rapidly increasing volumes, and there seems to be no limit to the possibilities of this trade, due regard being had to quality. In general business it is reported that there is a marked increase in volume, if not in prices, in many departments, such as dry goods, hardware, leather, paints and oils, and in many branches of manufacturing industry.

The curtailment of excessive terms of credit in many branches of business must be regarded as satisfactory, for while credit is of the very essence of modern business, too extended terms are a fruitful source of mischief both to the giver and the receiver. In this connection the failure record of the year deserves attention. The number of failures is smaller than for a number of years, and the amount involved is moderate.

The steamship lines report a large business at fair rates. Ships during the winter from Portland and St. John have been full, and since the opening of navigation, inward cargoes have been larger than usual and outward full. The proposed fast line of Atlantic steamers for passengers and mail is not yet apparently secured, but as such a line is of vital importance, not only to the trunk lines of railway, but to the Dominion, the hope is expressed that it may speedily be brought to a successful realization.

The great lumber interest must be reported in less satisfactory terms. While the cut of logs has been restricted, and the output of deals will be smaller than for years past, prices for both have not improved.

At the last annual meeting reference was made to the menace of the possible adoption of free coinage of silver by our neighbors; of that we hear little at the moment; but it is conceivable that in the grave financial adjustments entailed by the vast expenditures now going on by the United States, another opportunity may be afforded for the agitation of such a question as this. However, as all these expenditures are well within the resources of the nation, I confidently believe that sound principles of finance will prevail.

In Canada no event has excited more interest than the gold discoveries in the Yukon, and the rush to that district. The continued progress and extension of mining in British Columbia is a satisfactory circumstance.

Projects of railway extension have been mainly directed to these districts, and the construction of the Crow's Nest Pass line, by the Canadian Pacific Railway Company, is the most important work in progress.

As a whole, then, the symptoms of returning prosperity are in the ascendant and the shareholders may rely that the Bank of Montreal will be prepared to meet increased responsibilities should they arise, and to maintain its position among the financial institutions of the Dominion.

I will move: "That the report of the Directors now read be adopted and printed for distribution among the shareholders."

The motion was seconded by Mr. A. T. Paterson.

THE DISCUSSION.

Mr. John Morrison, having made a few remarks in reference to the report, Mr. John Crawford alluded to the fact that the deposits had increased to the extent of $2,000,000, or thereabouts. He wished to know whether the interest on deposits had been paid up to the 1st June or had it only been paid up to the 30th April.

The General Manager—It has been estimated up to the 30th April.

Mr. Crawford—I see that you have reduced your Dominion and Provincial Government securities. Were you dissatisfied with them, or was it to establish a profit, or what was the object in diminishing the Dominion and Provincial Government securities $800,000?

The General Manager—This will nearly always be a fluctuating amount, as we are dealing in them continually, buying and selling. I think since then we have increased the amount.

Mr. Crawford remarked upon the large amount at the credit of current loans, and expressed a desire to see published, as was the practice in London, the amount reserved for rebate on interest, etc. Touching on the bank premises, he noted that they were placed at the same amount, viz., $600,000. He understood that a considerable amount had been expended in building branches in the West, at Vancouver, Winnipeg and elsewhere. He wished to know to what item the expenditure upon these buildings had been put, or whether it had been paid out of the profits of the Bank.

The Chairman—You speak about Bank premises; I think I may say the General Manager will answer your questions generally, but in regard to that point, I think I can answer myself. If we kept an account of the expenditure on the Bank premises, we would have to exert our judgment in writing off any depreciation, and a host of other things. As you are very well aware, whatever you don't see in the statement is not lost to the Bank. It is far better the Bank premises should remain at a moderate amount and not be added to or balanced every year; in my opinion, it is infinitely better in the interests of the Bank.

Mr. Crawford—You have not said anything about our highly esteemed though absent President. For the last two years, I think, he has not been here, and I think it would be in the interests of the shareholders, and it would probably be your desire to explain to them the present position of affairs—to give them some intimation as to whether it is likely we shall have the honor of his return here as President or not. I am sure there is not a Shareholder who would not like to see him back again. Hold the office open for him as long as you think proper, but I just suggest that it would be a frankness on the part of the chair to say: "Gentlemen, you need not be astonished that your President has not been here, or that you have not heard from him for two years." I think it would be in the interests of the President himself; and I would be delighted to hear you say that he was coming back in one, two or five years.

The Chairman—I would very gladly give any information on that point, if I possessed it; but I don't. I have no knowledge of the intentions of Lord Strathcona, but I may point out to you that he is a member of the London Board, and his abilities are at the service of the Bank in all matters, and there are many important ones that turn up in London; so that he is not lost to us.

Mr. Crawford—That is quite satisfactory, Mr. Chairman, and I am quite sure that the prestige of his name, whether he is present here in person or at the branch in London, is of vast importance to this Bank.

The Chairman—There certainly was an omission in not referring to something of that sort, but it really was an inadvertance.

Mr. Crawford enquired when the proposed revision of the Banking Act was to take place, and he was informed by the Chairman that the present act expired in 1901, so that the revision would probably be considered in 1900, the Parliament after next.

Mr. Crawford then asked if there was any limit to the amount that the Bank could loan to a customer.

The chairman replied that there was no fixed amount that he knew of.

Mr. Crawford then proceeded to speak in favor of comparative columns being published in the annual statement, after which the chairman said:—I will ask the general manager to reply to anything that happens to occur to him with reference to your inquiries, but I may remark that I have before me now the annual reports of a great number of banks, amongst them the largest and most important in England, the National Provincial Bank, and they give no more information in their statements than we give—no double columns—and, with the exception of one bank in the Dominion, no other bank, I think, gives it. I think you must have forgotten also that a much better thing than that is given to you every year. A large part of the remarks just made by the general manager was an explanation of the points wherein the present condition of things differed from last year's. He explained to you how the deposits compared, and why they were so and so, on throughout the whole statement. As to the mere fact of having parallel columns, we are all in possession of the annual statement; it is well known to everybody, and while it is conceivable to a person who knows accurately what took place last year, to those who know the parallel columns might be of some use; but that is not the body of shareholders.

The chairman then put the motion for the adoption of the report, and it was carried unanimously.

Votes of Thanks.

Mr. G. F. C. Smith moved—

That the thanks of the meeting be presented to the president, vice-president and directors for their attention to the interests of the bank.

This was seconded by Mr. J. Philip Scott, and adopted.

Mr. Hugh McLennan moved:—

That the thanks of the meeting be given to the general manager, the inspector, the managers and other officers of the bank for their services during the past year.

In making the motion he, on behalf of the directors, congratulated the bank, which had over 500 employes, on the faithful manner in which these employes discharged their duties. So far, he remarked, as he heard from those having business at the bank, in no case had he heard any expression unfavorable to any employe of the bank in the discharge of his duties.

Mr. W. W. Ogilvie seconded the motion, and spoke of the loyalty of the employes to the institution. They appeared to be proud of it. He had known many instances in which they had been offered double the salary they were receiving to go elsewhere, but there was something they valued as much as money, and that was being connected with the Bank of Montreal. So long as that loyalty prevailed among the employes of the bank, it would be a great source of strength. (Hear, hear.)

The motion was unanimously concurred in.

The General Manager—I have to thank you, on behalf of myself and my fellow-workers, for the kind expressions that have fallen from Mr. McLennan and Mr. Ogilvie. I have no doubt these expressions will stimulate the staff to further efforts on behalf of the bank. As to what was said about the loyalty of our clerks, I can only say that it was perfectly correct.

Mr. B. A. Boas moved:—

That the ballot now open for the election of directors be kept open until three o'clock, unless fifteen minutes elapse without a vote being cast, when it shall be closed, and until that time, and for that purpose only, this meeting be continued.

This was seconded by Mr. A. T. Taylor, and unanimously agreed to.

Mr. John Crawford moved:—

That the directors consider favorably the expediency of publishing the comparative columns in the report at the annual meetings.

Mr. James Wilson seconded the motion, which was adopted.

On the motion of Mr. John Morrison, a hearty vote of thanks was accorded the chairman, who acknowledged the same.

The Directors.

The ballot resulted in the election of the following gentlemen:—

R. B. Angus, Esq.
Hon. G. A. Drummond,
A. F. Gault, Esq.
E. B. Greenshields, Esq.
W. C. McDonald, Esq.
Hugh McLennan, Esq.
W. W. Ogilvy, Esq.
A. T. Paterson, Esq.
Right Hon. Lord Strathcona and Mount Royal, G.C.M.G.

The president and vice-president will in the ordinary course of business be elected at to-day's meeting of the board of directors.

SHOCKING REVELATIONS.

The report of Judge Dugas and Messrs. Frank Pedley and John Appleton, who were appointed to investigate the complaints of ill-treatment of the men employed on the Crow's Nest Pass extension of the C.P.R. reveals a condition of affairs that can only be described as scandalous. The evidence revealed the fact that men were taken across the continent to work who found that after paying all the charges forced upon them, they could not possibly get any money ahead. Every cent the company's contractors were obliged to pay out with one hand they took back with the other. The men had no recourse. They had to pay the charges demanded or starve. If they quit work, instructions were forwarded to camps through which they must pass to refuse them food. Some subsisted upon such waste as might be flung from car windows and which they were lucky enough to find. It was very in all essentials. To turn men adrift in such a section of the world as that meant certain and almost unendurable privation.

The report makes a very strong presentiment and the company cannot escape its share of responsibility. Some of the camps were filthy and over-run with vermin; in others there was no water for washing; in some cases the men were kept without artificial heat until January, sleeping sometimes in tents, sometimes on the bare rock, often without even a blanket. There was no adequate medical attendance, and two men died of diphtheria, after the most shameful and wanton neglect, which the Nova Scotian member of Parliament who so designated it will be excused for calling murder. The agreements upon which men began work were broken; they were charged outrageous prices for the necessaries of life, immense profits being made by contractors on the commonest articles of food and apparel; men were forbidden to converse under pain of dismissal, and dismissal meant an absolutely helpless and hopeless condition; they were made to pay for transportation to and from their work, and for meals they never received; they were made to work for less wages than had been agreed upon; they were refused food, to say nothing of attendance during illness, and in some cases arrests were made without shadow of right. And all this by contractors doing the work of a company which owes its existence to the munificence of the people of Canada, and which, for this very work is receiving a most handsome subsidy from the public treasury.

The matter, it is said, was brought to the notice of the chief officials of the C.P.R., and a message of half a dozen words would have put a stop to the outrages in a single day. Evidently the thing necessary was not done. The scandal is not likely soon to be forgotten, and the company cannot afford to let the matter remain in its present light.

THE BASIS OF AN ALLIANCE.

On Saturday The Herald printed portions of a speech made by Sir Richard Cartwright in 1888, at the outset of the movement for better trade relations with the United States. In that speech are clearly outlined the true relations of Britain and Canada to the United States, and so happily do the views of this veteran statesman fit in with the trend of events today that one might very well believe that the comments had been made after the delivery of Mr. Chamberlain's Birmingham speech and when all the world was talking of an Anglo-American alliance instead of ten years ago, when such a project would have been received with very ill grace by the Conservatives of this country and, it is to be feared, by many of those Americans who are now much in its favor.

That a speech delivered ten years ago should prove so apposite to present circumstances only goes to show that the present rapprochement is not merely the outcome of events more or less transient in their nature, but has its real basis in a set of conditions that are not easily disturbed. It is no new discovery that the United States and Great Britain are bound by ties that, while sometimes overlooked, are never absent. "The Pilgrims," said one who truly represented the best that is in American citizenship, "came to plant a purer England and their descendants took up arms to maintain a truer England, but an England still. Their victory left them the advanced outpost of English political progress and civilization. The great muniments of individual liberty in every degree descended to us from our fathers. The principles we most proudly maintain are English traditions." But this is not all; of late there has been so marvellous an expansion of production and commerce in both the mother country and the oldest colony that a new element has entered into the field for consideration. As the situation develops it becomes clearer every year that Britain and the United States must stand together for the peace of the world or stand opposed to each other in conflicts in many parts of the globe. There is no middle ground, and the lamentable fact has been that until very recently the growing disposition in the United States at least has been the reverse of what all friends of humanity could wish. Sir Richard Cartwright has always maintained that both can find more profit in recognizing the identity of their interests, where there is that identity, than in continually looking for grounds of antagonism. That the peace and prosperity of Canada are vitally concerned in the issue there can be no question, although Sir Richard Cartwright has not always been able to induce his countrymen to frankly accommodate themselves to that view.

If there is to be an alliance, it must be, as Mr. J. S. Willison made clear at Toronto the other night, upon the basis of common interest rather than upon sentiment. In matters of trade the forces are all working in the direction of rivalry rather than friendship, excepting only the fact that Britain is the ever-open market for those articles of food that have as yet been the chief surplus product of the United States. The present is an anxious time for all that concerns the progress of civilization, and those who would reunite the peoples that speak the English tongue upon a basis of accord have a noble, but not an easy task before them.

THE BANK OF MONTREAL.

Yesterday's meeting of the Bank of Montreal shareholders was treated to very optimistic addresses by Hon. George A. Drummond, vice-president, and Mr. E. S. Clouston, general manager. According to these gentlemen, who occupy excellent positions for arriving at sound conclusions in such matters, the business of the country is in excellent condition, all industries having shared in the revival attendant upon the receipt of increased prices for last year's harvest. The lumber trade, it is regrettable to observe, constitutes a sole exception to this statement. Mr. Clouston's address indicates that the development of the mining regions of the West, which is now passing "from the chrysalis stage into actual development and production, has furnished a new market which has made possible a largely increased output in many lines of industry." Senator Drummond lays stress upon the need of a fast line of steamships, "as such a line is of vital importance not only to the trunk lines of railway, but to the Dominion." The comments made at the annual meeting of the Bank of Montreal are always looked for in Canada as a guide to business men. It may safely be said that not for a long time has there been so evident a feeling of confidence in the business outlook as appears in the addresses of the vice-president and general manager at this year's meeting.

The new franchise scheme which the Government is pushing through Parliament is a very unjust measure. It is bad because it introduces a system of varied franchises."—The Toronto Mail and Empire.

The fact is that the bill makes one franchise for both provincial and federal elections.

The question of the revenue and expenditure of the harbor has naturally been raised in connection with the discussion over improvements. The following paragraph is from the president's address at the close of the year 1897: "The total revenue for the year was $255,416.86 as compared with $258,131.76 in 1896. The small apparent decrease is accounted for by the higher tariff of May and June, 1896, and with the same tariff for both years the figures would have shown an increase of about $10,000 last year. The cost of management, maintenance and repairs, apart from expenditure on capital account was $81,463.11. The interest was $140,738.56, showing a surplus as between ordinary revenue and ordinary expenditure of $33,391-.34."

ST. PATRICK'S LAWN PARTY.

Fifteen Hundred People Attended the Opening of the Function Last Evening.

St. Patrick's lawn party, in aid of the proposed Catholic High School, was attended by fifteen hundred people last night. The entertainment included a cake walk, led by Dr. Nichol, which will be repeated on Thursday.

The directors of the lawn party are issuing an evening paper, the Gleaner, devoted to explaining the numerous attractions presented to visitors, and giving an account, each day, of the entertainments of the preceding evening.

The board of management of the lawn party is as follows:

Ladies Committee—Lady Hingston, Mrs. Menzies, Mrs. John McCrory, Miss Darragh. General refreshments—Mrs. Menzies, Mrs. Burns, Mrs. Ireland. Ice cream and cake—Mrs. Reynolds, Mrs. Love. Cigars and soft drinks—Mrs. John McCrory, Mrs. P. McCrory. Candy and fruit—Mrs. Boud, Miss Coleman. Ice cream parlor—Mrs. Jos. McCrory, Mrs. Nicholson. Store room—The Misses Conway.

Booths—Flowers—Mrs. P. S. Doyle, Miss Feron. Guessers' Booth—Mrs. James, Mrs. Love, Mrs. Kelly. Grab bag—Misses Farrell and Madden.

Amusements—Maze—Mrs. Harding. Graphophone—Mrs. Costigan, Mrs. Griffin. Optical illusion—Mrs. T. Collins. Trip to Chicago—Mrs. C. O'Brien. Shooting gallery—Mrs. Duffey, Miss McGrath. Cinematograph—Mrs. T. McKenna, Mrs. M. Eagan. Cloak room—Miss McCurragh, Miss Downey.

Box office, Amusement hall—Mrs. P. McDermott.

The following gentlemen took part in the cake walk: H. English and B. Giles. A. Stewart and B. Kilby, E. Cadieux and H. Ibbotson, Bob White and Jack McCaragh, B. Grant and T. Grant, Frank Irwin and H. McDonald. The prize, two fine umbrellas, was awarded to Messrs. Grant. The cakewalk committee were: H. Hart, J. Caswell, P. McCoffey, C. F. Smith, jr.; master of ceremonies, Dr. Stewart Nichol; judges, C. F. Smith, F. J. Hart, Hon. Dr. Guerin.

A Contraband Cargo.

Hawkesbury, C.B., June 7.—(Special.)—The cruiser Stanley arrived here at daylight this morning with the French schooner Marie Eugenie, of St. Pierre Miquelon, in tow, she having been seized Sunday by Inspector Jones off Margee Island, with contraband cargo on board. The Stanley has been two days in commission, having been transferred to the Customs service on Saturday. The cargo consisted of brandy, gin and tobacco.

CANON ELLEGOOD'S GOLDEN JUBILEE

Last Evening Many Prominent Citizens Gathered at St. James the Apostle to Do Him Honor.

A PORTRAIT PRESENTED.

Addresses from the Congregation, the Sunday School and the King's Daughters Were Read.

LIST OF THE GUESTS PRESENT.

Joy must have filled the heart of Canon Ellegood last night, when he saw the Parochial Hall of St. James the Apostle packed to the doors with those who had come to do him honor and to extend congratulations on the fiftieth anniversary of his ordination. The hall had previously received the attention of the ladies of the congregation, and was prettily decorated with flowers. On the stroke of eight o'clock the people began to appear, and were received by Canon Ellegood in the hearty manner so characteristic of him.

The programme began at nine o'clock, and till that time the guests moved round and met their friends, while an orchestra played a number of appropriate selections. Mr. E. P. Hannaford then took the chair, and called on Mr. S. O. Shorey to read letters of regret from those who could not be present. The list included His Excellency the Governor-General, the Lord Bishop of Montreal, Mgr. Bruchesi, Archbishop of Montreal, the Lord Bishop of Quebec, His Worship the Mayor, Sir William Dawson, Rev. A. B. Mackay, Rabbi de Sola, Mr. John Crawford, Dr. Barclay.

After vocal solos by Miss Shorey and Mr. J. C. Barlow, Mr. S. O. Shorey stepped forward and read the following address, which he presented, on behalf of the congregation :—

From the Congregation.

Dear Canon Ellegood,—

In this the jubilee year of your entrance upon the sacred ministry of the Church, we, your loving parishioners, hasten to greet you, and to give expression to the fulness of our hearts.

To few, indeed, is it given to serve as a clergyman for a full half-century, and it is a joy and pride to us that our venerable rector has attained the rare privilege and distinction.

Before our parish church was built, and long before a majority of us were born, you had made for yourself in this city a record written indelibly in the hearts and lives of the many whom you succored in "the pestilence that walketh in darkness" and in "the sickness that destroyeth in the noonday."

Since the building of the Church of St. James the Apostle, a period of thirty-four years, you have gone in and out amongst us as the faithful pastor and the true friend. Many of us you have admitted into the Christian covenant by baptism, at your hands we have received the Bread of Life, you have blessed us in the bands of holy matrimony, and over the ashes of our loved ones you have spoken the inspired words of Christian hope.

Further, we feel that in you we have a personal friend, for, while you have never failed us in sympathy and helpfulness in time of trouble, you have always been ready to rejoice with us in the hour of brightness, and to add to our happiness by your sunny smile and cheery voice.

In material progress your work has borne the conspicuous fruit of five churches, three school buildings, and two parsonages, erected for the Master's cause; but those are small when compared with the more subtle and lasting fruits of the spirit which God alone can measure, and which your life has so abundantly brought forth.

Your loving congregation in commemoration of your Jubilee year, and the foregoing events, have had your portrait painted, which will be placed in the school hall as a memorial of this unique event in a rector's life. We are pleased to be able to state that the contributions in connection therewith were given in the most willing and hearty manner, and also that some of the offerings for this purpose were presented by former members of the congregation and others, and accepted at their earnest request.

May God spare you to His Church and to your parishioners for many a happy year.

And when the end comes to you, as it must to all of us, our prayer for our beloved pastor will be—

"Grant to life's day a calm, unclouded ending,
An eve untouched with shadows of decay.
The brightness of a holy death-bed blending
With dawning glories of the Eternal Day."

Signed on behalf of the congregation,
Jubilee Committee:
E. P. Hannaford,
G. J. Crowdy,
R. H. Buchanan,
S. O. Shorey,
Wardens:
G. J. Crowdy,
E. J. Coyle.
Montreal, 6th June, 1898.

Rev. G. Abbott-Smith then tendered the congratulations of the Ladies' Aid Society, and presented the address of the King's Daughters, which was as follows :—

From the King's Daughters.

To the Rev. Canon Ellegood, M.A., rector of the Church of St. James the Apostle.

Dear Rector,—On the occasion of the fiftieth anniversary of your ministerial career, we, the King's Daughters of the Church of St. James the Apostle, desire, as a circle of church workers, to convey to you our warm congratulations upon the completion of your jubilee year, and our assurance of the high esteem and regard in which you are held by us in common with all your parishioners and friends.

We join most heartily in this commemoration of your jubilee, with fervent thanks to Him in whose name we serve for having spared you through such a long and active life, and with earnest prayers that He may grant you yet many years of health, peace and usefulness.

Signed on behalf of the Circle,
L. F. Reddy, leader.
6th June, 1898.

An address was also presented by Mr. R. F. Buchanan, on behalf of the teachers and pupils of the Sunday school.

Canon Ellegood's Reply.

In reply, Canon Ellegood thanked the parishioners for their loving words, and for the valuable memorial of his jubilee. He then continued :—"Your decision that it should take the form of my portrait seems to me a very fitting one, for it will serve to perpetuate the memory of him who has been so long and so intimately associated with you in the honored capacity of rector. I am deeply sensible of the munificence of the gift, the kind thoughts that prompted it, and the unanimous feeling of good will which has characterized the whole proceedings. I desire also to return my very sincere thanks for the loving sentiments, far too flattering, embodied in your jubilee address, now presented to me. It will be treasured most preciously by me, emanating, as it evidently does, from affectionate hearts and kind friends. I have no children to whom to bequeath it, but it can be kept as a memento for succeeding rectors of the loving-kindness and generous consideration of devoted parishioners."

"In the address you state that to few indeed is it given to serve as a clergyman for a full half century. I heartily realize this unique distinction to which you refer, and I earnestly pray that I may be commensurately thankful for the great gift of protracted work in our Master's vineyard which has been graciously vouchsafed to me. To have had the inestimable opportunity of being allowed to minister to parishioners so loving and appreciative of my imperfect services for such a lengthened period, is indeed a boon and a blessing. And, in addition to this boon and blessing, you were always cordially desirous of providing for all my temporal wants, and in many ways promoting my happiness. You notice in touching and sympathetic terms my labors among the immigrants who were sufferers in "the pestilence that walketh in darkness, and in the sickness that destroyeth in the noonday.' It was indeed a time when the clergy of our Church gave an unselfish and untiring devotion to succor the brethren, mostly from Ireland, who sought a welcome in our land. In ministering to their spiritual wants, seven of our clergy heroically gave their lives for the stranger and the friendless thus cast in their midst. Among this noble band, no one worked more faithfully than the late Dr. George Jehoshaphat Mountain, for years Bishop of Quebec, and by whom I was ordained deacon on Trinity Sunday in the year 1848. In looking backward to the time of my ordination, and the commencement of my ministerial work in Montreal, I do not find or recognize any one living now who was engaged in ministerial work then. This statement takes cognizance of all religious bodies then existing in the city. The feeling which it engenders is one of sadness and extreme loneliness. To have outlived all my contemporaries brings before my mind the fact and presses the thought upon me that I have been mercifully spared, and, further, that there may be, in the providence of God, some special work yet assigned to me to accomplish."

Canon Ellegood then concluded his address by again expressing his gratitude.

He then briefly addressed Rev. E. Abbott-Smith for the King's Daughters and Ladies' Aid Society, and Mr. R. F. Buchanan for the Sunday school.

The Presentation.

Dean Carmichael then presented the venerable canon with a large oil painting of himself. In doing so the Dean gave an address in his usual happy style, and called to mind the first time he had met Canon Ellegood. He would never forget the kind grasp of Canon Ellegood's hand, and the cheery ring of Canon Ellegood's voice. For him at least these had never changed. But he thought that if Canon Ellegood was not affected by all the spoiling he had been getting these last few weeks he was a remarkable and a wonderful man, which the speaker always believed he was. As the curtain fell from the portrait the orchestra struck up "For he's a jolly good fellow." Dean Carmichael closed his address with Shakespeare's words: "Look here, upon this picture, and on this," pointing one hand towards the portrait and one towards the venerable original.

Mr. J. G. Crowdy and Mr. E. T. Coyle, wardens, received the picture on behalf of the congregation.

Congratulatory addresses were also made by Rev. Dr. Robert Campbell, of St. Gabriel's Church; Rev. Dr. Shaw, principal of the Wesleyan College; Rev. Canon Norton, Rabbi Veld, Rev. Dr. Ker, Principal Adams, of Bishop's College, Lennoxville; Mr. George Hague.

Vocal solos were rendered by Miss Marie Hollinshead, Dr. A. F. Ibbotson, Miss Boas and Mr. John Williamson. Refreshments were served after the programme was finished, and Canon Ellegood went round among the guests with a pleasant word for everyone, as he thanked them for their good wishes.

Those who were Present.

The list of invitations to the "At Home" was as follows:

Rev. Dr. and Mrs. Adams, Lennoxville; Mr. and Mrs. A. A. Ayer, Mr. J. D. L. and Mrs. Ambrose; Mr. and Mrs. James Aird, Mrs. Anderson, Mrs. R. Acton, Miss Alger, Rev. G. Abbott Smith, B.A., and Mrs. Abbott-Smith, Miss Addie, Hon. A. W. Atwater, Q.C.; Mr. and Mrs. Austin, Mrs. Ahern and familty, the Hon. Mr. and Mrs. Aylmer, Canon Anderson, Mr. and Mrs. Hugh A. Allan.

Mr. J. and Mrs. Barrett, Right Rev. Wm. Bond, Lord Bishop of Montreal; Rev. A. Baldwin, D.D., Lord Bishop of Huron, and Mrs. Baldwin; Rev. James Barclay, M.A., D.D., and Mrs. Barclay, Rev. W. S. Barnes and Mrs. Barnes, Lt.-Col. Busteed, and officers Victoria Rifles, J. C. Baker, Mrs. Bowie, Mr. and Mrs. S. A. Beard, Mr. and Mrs. F. C. Barlow, Mr. and Mrs. G. H. Balfour, Mr. and Mrs. J. M. Brayley, Mr. and Mrs. E. W. Barlow, Mr. and Mrs. G. H. Bishop, Mr. and Mrs. J. T. Barlow, Mrs. Battersby, Mr. and Mrs. W. H. Benyon, Mr. and Mrs. J. G. Bird, Mr. and Mrs. G. Badgley, Mrs. L. S. Black, Mr. and Mrs. J. A. Bulmer, Miss Brown, Mr. and Mrs. R. H. Buchannan, Rev. E. Bushell, M.A., and Mrs. Bushell, the Misses Bowman, Miss Baynes, Mrs. Buller and family, Mr. and Mrs. Bennett and family, Lyman Beard, Mr. and Mrs. Butt and family, Miss Brice, Mr. Bogart, Mr. and Mrs. W. O. Buchanan, Rev. J. D. Borthwick and Mrs. Borthwick, Mrs. Henry Buckland (Barnston), Hermon Buckland, Mr. and Mrs. Stanley R. Bagg.

Mr. J. G. and Mrs. Crowdy, Judge Clark E. J. Coyle and Mrs. Coyle, Jas. Cleghorn and Mrs. Cleghorn, E. L. Curry, A. M. Crombie, Mrs. Chaffle, C. C. Corneille, Mrs. Cooke and Miss G Cooke, J. C. Caverhill and Mrs. Caverhill, C. B. Carter, Mrs. Coghlin, J. V. Calcutt and Mrs. Calcutt, Very Rev. Dean Carmichael and Mrs. Carmichael, Rev. M. A. Cunningham and Mrs. Cunningham, Rev. Frank Charters, Mr. and Mrs. Craig, Rev. R. Campbell, M. A., D. D., and Mrs. Campbell, J. M. Courtney and Mrs. Courtney (Ottawa), Jas Crathern, John Crawford and Mrs. Crawford and family, Lieut.-Col. Crawford and Mrs. Crawford, Mr. and Mrs. Caverhill, Lieut.-Col. Cole and Miss Cole, Mrs. Thomas Cramp, Miss Cramp, Chas. Coristine, Miss Coristine, Miss Caverhill, Miss Cameron, Mrs. Cairns, Mr. and Mrs. Crierie, Mr. and Mrs. W. R. Coysh, Hays Crawford, W. J. Cleghorn and Mrs. Cleghorn, H. Cleghorn and Mrs. Cleghorn, Mr. Cleaveland, Mr. and Mrs. Coysh.

A St. Thomas Fatality.

St. Thomas, Ont., June 7.—(Special.)—A sad fatality took place yesterday. Mrs. Elmer, widow of Thomas Elmer, book-keeper, who died four years ago, being burned to death. The deceased was subject to fits, and when going into a small closet with a lighted lamp in her hand, fell forward in a fit. The exploding lamp set fire to the building, and when the flames were extinguished the dead body of Mrs. Elmer was found in the closet. The clothing was almost entirely consumed and there was a sickening odor of burning flesh. The deceased was 42 years of age.

An Orillian Badly Mangled.

Toronto, Ont., June 7.—(Special.)—The body of Albert Fowler, of Orillia, was found fearfully mangled by a passing train on the railway track near Severn Bridge, on Saturday morning. About forty feet from the body was a revolver, and it is said that several pistol shots were heard in the vicinity. The remains were taken to Orillia and buried there on Sunday morning. No inquest has yet been ordered, and this fact has caused comment in the neighborhood. Mr. Fowler, who was well insured, was clerk and treasurer for the Township of Orillia, and leaves a widow and grown up family.

MILLION OF MONEY FOR METHODISM

Rev. Dr. Potts Outlines the Proposed Plan to Raise a Twentieth Century Fund.

AN AMERICAN VISITOR.

Anglo-American Sentiments Loudly Applauded by Methodist Ministers and Laymen.

THE LAY ASSOCIATION REPORT.

The first order of the day at the Methodist Conference this morning was the reception of the report of the Lay Association, the principal clauses of which were as follows:—

"That it be a recommendation to the Conference that the practice adopted at this session of changing the anniversary platform meetings to evening sessions of the Conference for the reception and discussion of reports of conventional interests such as educational, missionary, Sunday-school and temperance be made an order of proceedings.

"The Association would also recommend the Conference to memorialize the General Conference to enact that the Educational Society's Funds be divided as follows:—One-third as a loan fund for helping our probationers, the balance to the various colleges on the basis only of theological students in attendance. Also that the re-funds be added to the loan fund.

"The Association would emphasie the resolution passed at the Stanstead Conference in reference to the training and better equipment of theological students in Sunday-school methods. It is earnestly hoped that the Wesleyan Theological College will make provisions so that the work may be carried on there during next session.

"It was also resolved to ask the Conference to memorialize the General Conference to enact such legislation as will provide in the curriculum for a course which shall be adopted in the various theological colleges of the church.

"That this Conference be asked to memorialize the General Conference to make the limit of the ministerial term three years without any proviso."

Rev. Dr. Shaw thought that the report should be inserted in the minutes and allow it to go before the General Conference without any formal recommendation. The subjects were so full of interest, it would require two days for its discussion, and the Conference had not time for that.

Supplementary Report.

The following supplementary report was also presented by Mr. Charles Morton, secretary of the Lay Association, and entered in the minutes of Conference :—

"I beg leave to report that besides the matters reported this morning, the Lay Assocaition considered the following subjects:—

"They re-affirmed their resolution passed at the Conference of 1896, against invitations being given to ministers by quarterly boards ;

"They recommend that greater care should be observed in opening new stations. But that when a station or mission is opened, it shall be considered a solemn duty to see that the minister sent to that station is adequately supported, and that in all our churches the subject of missions, both home and foreign, be brought more frequently before the people.

"They earnestly recommend to each circuit of the Montreal Conference that the minister's salary be made the first charge on the ordinary revenue of the circuit, in order that it be paid promptly, and it practicable that the salaries be paid monthly."

The officers elected for this year are W. H. Lambly, president; A. Shaw, vice-president; C. Morton, secretary-treasurer; J. W. Knox, Col. Moorehouse, A. O. Dawson, E. Seybold and S. J. Carter, on the executive committee.

Rev. Hugh Cairns was elected ministerial delegate to the General Mission Board.

The following additional ministerial delegates to General Conference were appointed :—Rev. W. H. Sparling, Rev. Wm. Pearson.

An American Visitor.

While the Conference was engaged in balloting for representatives, Rev. Dr. Shaw introduced Rev. Mr. Nutter, pastor of the M. E. Church at St. Albans, Vt. In doing so he alluded to the friendly relations existing between the British Empire and the American nation.

Rev. Mr. Nutter thanked the Conference for the welcome accorded him. When he picked up the hymn book in the church and read Rev. Charles Wesley's anniversary hymn, "O, for a thousand tongues," he felt that he was quite at home. That hymn had led the procession on both sides of the water for the past 100 years and it would continue to do so, as no man cared to move it and no man dared to move it. He was glad that the relations between the mother country and the daughters had been referred to. The American people rejoiced that these relations were so cordial (applause), and he hoped that they would over remain so. They were having a little trouble and the Canadians understood it well. The American people did not need the assistance of the British Empire, but they did appreciate the sympathy extended to them.

Rev. Archibald Bowman, a Presbyterian divine who is now supplying the pulpit of St. Andrew's church, this city, was introduced by Rev. Dr. Jackson. Mr. Bowman was glad to have the opportunity, as a Scotchman, to join with Canadians in extending British greetings to an American brother. It was his pleasure to entertain the most sacred memories of his experiences in attending Methodist watch-night services, with which he had begun every year for four years past.

The Million Dollar Scheme.

At eleven o'clock Rev. Dr. Potts, superintendent of education, presented his report. He gave to the president as a Conference motto the words of a British president to the body he presided over, "Salvation in every home and a revival in every circuit." Dr. Burwash's report of Victoria University, which he read, stated that this year they had an enrollment of 315 students, 200 in arts and 115 in theology. This was an increase of 33 over the previous year. The one great hindrance to the university was financial embarrassment, but a university with a surplus would be a decadent university. Dr. Potts here reminded the Conference that he was reading Dr. Burwash's words. For his part, he would like to see a little of the decay which would be indicated by a surplus. The previous year the deficit had been $8,758, but this, owing thanks to an increase of $1,100 in fees paid by students, the deficit had been reduced to $7,878. The only method by which this deficit could be overcome was by increasing the endowment fund of the university. A large amount of the endowment money promised had not been received, and the interest on that which they had was falling. The honor work in the arts course was very expensive, but the opinion of the Board of Regents was that if the honor work was dropped the university might just as well give up the arts work altogether.

Speaking for the Educational Society, Dr. Potts said that during the year $2,581 had been paid by former students in redemption of notes given by them for the loans made to assist them through college. The society still held $36,482 in notes made by students. It had been proposed to change the method of payment of these notes so as to have them redeemed in seven years instead of ten, having the payments made in seven equal annual instalments.

The education fund, he thought, was not receiving the support it should in the churches. The methods of raising it were varied and often ineffective. The weekly envelope system had been a splendid thing locally, but from a connexional point of view it was not so good. He suggested also that the sympathies of the Epworth League be enlisted in the work more than they are at present.

The twentieth century million dollar plan was explained. The idea originated in the mind of a prominent layman in England, where they now proposed to raise one million guineas for Methodist church work, to mark the opening of the twentieth century. It was the idea of the speaker that of the fund raised by Canadian Methodists $100,000 should be devoted to the superannuation fund, the educational institutions of the church would be placed upon a better foooting and a goodly sum would be devoted to the relief of St. James Church.

The Methodists of Canada were better off than the Methodists of England and he was sure the money could be raised. To accomplish it, however, would require the heroic and combined efforts of all officials and all members of the church. It was proposed to have the fund completed by Jan. 1st, 1901, the first day of the new century. The Methodist church of Canada would then sweep into the twentieth century magnificently equipped for her great work. The St. James church would, he was sure, receive the most generous consideration on the part of the trustees of the fund. It had a chosen and better claim upon the connexion than any other church in Canada. The royal road to success for the St. James Church was in the $1,000,000 scheme.

Rev. Dr. Rose, seconded by Rev. Dr. Shaw, submitted a motion expressing the thanks of the Conference to Dr. Potts for outlining the scheme and asking for its practical endorsation by the Canadian Methodists. He was quite sure that St. James Church would be treated generously by those who had the apportionment of that fund. Had he thought otherwise he would have hesitated in giving support to the million dollar scheme.

Dr. Shaw, in seconding the motion, said that he hoped St. James Church would get at least $75,000 from the fund.

Dr. Potts—"I hope so."

Rev. Ernest Thomas was afraid that the million dollar scheme would interfere with the success of the St. James Church debt fund.

Rev. James Elliott took the opposite view. The surest way to swamp St. James was to oppose the plan outlined by Dr. Potts. At the same time he asked Dr. Potts to make a note of the fact that the educational fund would never be built up by injuring the students. "Treat the boys justly," he said, "but don't introduce that scheme for seven annual payments you have hinted at here."

The motion endorsing the million dollar scheme passed without dissent.

THE PILGRIMAGE TO IRELAND.

First Steamer Leaves Montreal With Centenary Tourists on June 18.

A grand pilgrimage to Ireland, under Irish auspices, is contemplated in connection with the '98 centuary celebrations in New Ross, Belfast, Dublin and other places. The first steamer leaves Montreal on June 18th. Preparations are now being made to have a full band accompany the excursionists to the old country.

WILL USE THE LAPRAIRIE RANGES

The Montreal Amalgamated Rifle Association is making arrangements to use Laprairie ranges for their regular matches. The ranges are first-class, up to 600 yards, and the association matches call for 200, 300, 500 and 600 yards. It is understood that the first shoot will be a week from Saturday.

Couldn't Use the Evidence.

In the case of R. J. Demers against G. E. Matthew and others, Judge Davidson this afternoon dismissed a motion to dismiss an opposition to a seizure, because the proof upon which the motion was based had been obtained during an examination on discovery, and such proof could only be utilized when such party had left the province.

Smith-Durnford.

An exceedingly pretty wedding took place last Saturday afternoon in the Church of the Advent, Westmount, the occasion being the marriage of Mr. Pemberton Smith, of Montreal, to Miss Gwendoline Durnford, daughter of Mr. Geo. D. Durnford, of the same place. The church was prettily decorated for the ceremony, and a full choral service was rendered by the choir. The Rev. Mr. Smith, father of the groom, officiated, assisted by the Rev. Meredith Smith and the Rev. Mr. Kittson.

The bridesmaids were: Miss Esther Durnford, sister; Miss Georgie Smith and little Miss Sybil Ross-Ross, neice of the bride. The bride wore a gown faultless in its simplicity, of white mull muslin, trimmed with Valenciennes lace and insertion. A wide sash of white watered silk ribbon encircled the waist and fell in graceful loops to the hem of the skirt.

Dr. D. H. Hamilton aced as best man, and the ushers were Dr. Anderson, Mr. Woodburn, Dr. Church and Mr. Austin. At the conclusion of the ceremony the wedding party repaired to the residence of the bride's parents, Dorchester street, where a reception was held.

THE CLUSTER

is a style of ring that has steadily remained in fashion since the time of our great grandmother. The simple row of diamonds encircling the centre Ruby, Sapphire, Pearl, or Opal, brings out the beauty of the fancy stone to greater advantage than any other style of setting.

See our New Cluster Rings.

PHILLIPS SQUARE.

WHAT SHIPPING MEN HAVE TO SAY

Regarding Mr. Tarte's Criticism of the Montreal Board of Harbor Commissioners.

DO NOT AGREE WITH HIM.

No Objection to a Dry Dock Except That the Port Should Not Have to Pay for it.

SOME INTERESTING VIEWS.

The Herald interviewed several shipping men this morning regarding Hon. Mr. Tarte's remarks in the House yesterday regarding the improvement of the harbor here, and his criticism of some members of the harbor board.

Mr. Allan's Opinion.

Mr. Hugh A. Allan had something to say about Mr. Tarte's reference to his firm, and about his attitude in regard to the harbor question in general.

"We are not opposed to harbor improvement," said Mr. Allan, "nor are we opposed to having a dry dock at Montreal. On the contrary, we want the harbor accommodation improved as soon as possible. We have had delay enough. But the point we insist on, and will continue to insist on, is that no unnecessary tax be laid on the harbor and on the shipping. Why should the shipping pay for a dry dock? The Government votes the money for other dry docks. Then why should the Harbor Commissioners build a dry dock at Montreal and have the shipping interests of the port saddled with the expense? I am not opposed to a dry dock. In 1894 the shipping men petitioned the Government to build one. But the Harbor Board should not pay for it. Mr. Tarte will not keep to the point. The question is simply whether we are to get the docks improved immediately or not. Mr. Tarte obscures the issue by talking scandal.

"But to come again to the question of unnecessary expense on the harbor. The rates are high enough now, and if money is spent unnecessarily, it will add to the burden. The only result can be that trade will be driven from this port, and will go elsewhere. I am in no way opposed to building docks in the east, but build them only when they are necessitated by the amount of traffic. Mr. Tarte is attempting to saddle the port with an expenditure for so-called improvements which are not needed or should be paid for by the Government."

Mr. D. G. Thomson.

Mr. D. G. Thomson had some pronounced views on Mr. Tarte and the statements he made in the House last night, and consented to answer the questions put to him this morning by The Herald reporter.

"Mr. Tarte stated," said the reporter, "that you were a party in the construction of the Windmill basin as a Harbor Commissioner in 1890. Is that correct?"

Mr. Thomson replied : "I was not a commissioner in 1890, and only for a little over a year past have I represented the Board of Trade on the Harbor Board. I have no personal interest of any kind that could possibly be benefited by the construction of the Windmill basin or any other basin in the harbor from Point St. Charles to Longue Point."

"Mr. Tarte states then," said the reporter, "that when Hr. Ogilvie and Mr. McLennan were not Harbor Commissioners, you were still there fighting the battles of the past."

"I have been fighting," was the reply, "ever since I ahve been represented the Board of Trade on the commission, for honest administration of the harbor funds, and to see that the expenditure is of such a nature that it is in the interest of the harbor trust, and that such expenditure is warranted."

"What do you think about Mr. Tarte's statement that the harbor of Montreal is one of the worst in the world?"

"I made the statement over a year ago in the presence of Sir Wilfrid Laurier and Hon. Mr. Tarte at a meeting of the Board of Trade, Chambre of Commerce, City Council, Harbor Commissioners and the shipping interests that the harbor of Montreal, with its equipment at that time, could double the business it was then doing, and to show that I knew what I was talking about in 1897 there was 4,000,000 bushels of grain handled through the port in the month of May, and during the season of 1897 27,000,000 bushels. In 1898 during May 8,000,000 bushels were handled and passed through the port, just double what was done in May, 1897, and I am prepared to make the assertion today that we can add largely to that quantity if we can only get the ships to carry the grain away."

"There seems to be an impression, Mr. Thomson, that you are opposed to any improvements in the East End of the harbor?"

"It is not correct. It is a mis-statment which has been given to the public by such gentlemen as Mr. Tarte and his confreres. The east or any other section of the harbor where facilities are wanted have no greater advocate than I. I have contended all along, ever since I have had a seat at the Harbor Board, that we should encourage in every way the erection and construction of such wharves and docks as can be shown to be necessary for the advancement of the port of Montreal. I am also in favor of giving every reasonable inducement to all railways to come into this city, and give them every way possible at the lowest possible cost, what accommodation is necessary for them to profitably and economically carry on their business."

"Then you are not opposed to the erection of elevators in the eastern portion of the harbor?"

"On the contrary, I am in favor of elevators being erected anywhere they are required. If, as I understand, the Canada Atlantic or any other railway wishes to enter the city at the eastern end, as long as I am a Harbor Commissioner they will find that I will be ready at all times to assist them, consistently with my oath of office as a Commissioner."

"Do you approve of the construction of a dry dock, Mr. Thomson?"

"I am of the same opinion as the gentlemen representing the shipping interests as regarding a dry dock. I would like to see one constructed, and the Harbor Commissioners have many favorable locations for its construction without purchasing land. I have this information from no less an authority than Mr. Coste, chief engineer of the Public Works Department at Ottawa."

Regarding Mr. Tarte's statement that Mr. Thomson was manager of an old-fashioned floating elevator company, Mr. Thomson said :

"I never was the manager of an old or new elevator company, and am not so now. I never had one dollar invested in a floating elevator company. If Mr. Tarte's statements generally are as little to be relied upon as his statements regarding myself made in the House at Ottawa, they are of very little value."

FOUR PER CENT. BONDS TO ISSUE.

The M. P. I. Co. Shareholders Met at Noon Today and So Decided.

A special meeting of the shareholders of the Montreal Park and Island Railway Company was held at noon to-day, to discuss the financial position of the company. Mr. H. S. Holt presided, and there were also present the Hon. A. Boyer, the Hon. A. A. Thibaudeau, the Hon. Louis Beaubien, the Hon. C. A. Geoffrion, and Messrs. F. L. Beique, H. Hogan, Miller of R. Moat & Co., M. Connolly, Jeremie Decary, M.L.A., Wm. Strachan and others. It was decided to make an effort to replace the six per cent. bonds by bonds bearing four per cent., it being understood that the consent of the bondholders may possibly be obtained. Messrs. Beique, Geoffrion, Strachan and Holt were named a committee to confer with the bondholders and make other arrangements. A statement of receipts since January last was read, showing an increase of 15½ per cent. over the corresponding period last year.

Assigned.

Alfred Powers, Hamilton, Ont., has made a demand of assignment upon Lightbound, Ralston & Co., who have consented to assign.

THE BLUE WON FROM THE RED.

A young man dressed in Her Majesty's uniform, lay sprawling on the asphalt on St. James street, last night, and, as he picked himself up, a constable laid the heavy hand of the law on his shoulder.

The young man, who belonged to the Prince of Wales Fusiliers, had been riding a bicycle without a light, and, as he came howling along the street, the officer called a halt. The youth made a flippant reply and attempted to dodge past.

It was no use, however. Like a flash, the policeman sprang into the roadway, and, catching the handle-bar, turned it swiftly. The youth flew over the wheel far out into the sreet; it was thought a momen that he was killed or badly hurt, bu he staggered to his feet only to find himself in the officer's grasp. He struggled violently to free himself, and called loudly for his sergeant.

"I am in the Queen's uniform," he said in a voice that could be heard blocks away, "and I decline to be arrested."

"You had no light on your bicycle, and you must go to the Central Police Station," replied the officer. In vain the youth protested that he was a soldier, and could not be arrested except by his sergeant. Finally, he as persuaded to go peaceably.

At the station Captain Beatty locked him up. "Do you not tae the wheel as security and let the men go?" I asked him, and he replied "No, we must have cash before they get out."

By and by Captain Muir and Paymaster David Seath arrived at the station and put up the necessary bail. The young man's wheel was badly damaged and his uniform blackened.

About fifty other bicyclists were arrested last night for not having their lamps lighted.

SILVER WEDDING YESTERDAY.

Mr. and Mrs. Archambault Have an Interesting Celebration.

Mr. J. S. Archambault, assictant City Attorney, and Mrs. Archambault, celebrated their silver wedding last night. Their residence on Berrie street, was for the occasion, magnificently illuminated, and presented a most charming appearance. Mr. and Mrs. Archambault were the recipients of many hearty congratulations from their many friends on the completion of their twenty-fifth year of wedded life. The sons and daughters read an address expressing their devoted and filial attachment, and presented their parents with a beautiful silver table ornament. A great many friends and relations of Mr. and Mrs. Archambault were present. Among them were: His Worship Mayor Prefontaine and Mrs. Prefontaine, Mr. and Mrs. Damien Rolland and daughters, S. G. Rolland, Mayor of St. Jerome, Dr. and Mrs. Faucher, Mr. A. Rolland, Mr. P. D. Rolland, Dr. and Mrs. Mercier, Mr. Letondal, Mrs. and Miss Dupuis, Mr. Ethier, City Attorney, and Mrs. Ethier, Mr. and Mrs. Brais, Dr. and Mrs. O'Leary.

CITY ADDRESS:

24 HOSPITAL ST.

A Year of Carpet Selling.

A little while ago we finished our first year of Carpet Selling. It has been a year of success. The business principle of this store, which will not permit a poor or worthless article within its doors, no matter how low the price, has enlisted the confidence of the public in our year-old Carpet Department. Exclusiveness of Color and Design are combined with reasonableness of price. Handsome Wilton and Axminster Carpets in large variety. A special line of Axminster squares ready to suit rooms of any size. We purchased a large line of good quality English Brussels, in many handsome designs; on account of a peculiar trade condition we got them at a low price. They were originally worth $1.10 a yd. We shall clear the lot out at 89c a yd. We should like to have you call in and see our Carpet Department. We'll spread out roll after roll of beauty before you. No trouble to us. A good resting place for you. Third floor.

Curtains

We have a screen in our Curtain Department on third floor. All you have to do is sit down and we change the feast of loveliness before you. You'll see the handsomest range of Lace Curtains in White, Opal and Ecru, in Irish Point, Roccoco, Swiss, Tambour and Renaissance designs. Come to day, any day.

Separate Skirts

We never had better reason for asking you to come and look. Generously cut, carefully made Skirts. For the warm days wear a skirt of Duck, Pique or Linen Crash. We have them in all sizes, ready-to-wear, or will make them to order at from $1.75 to $2.25.

Black and Colored Dress Skirts, in plain and fancy Lustre, $3.50 to $7.50. Handsome Cloth Skirts in latest styles and many plain colors, $2.25 to $8.00.

MISS LIZZIE V. DONAHUE

For Many Years She Endured Torture Caused by Female Weakness and Headache.

BEST DOCTORS TREATED HER, BUT COULD NOT CURE HER—SHE TOOK DR. CODERRE'S RED PILLS AND THEY HAVE MADE HER A NEW WOMAN.

All Weak, Nerveless and Suffering Women Can Obtain Bright Eyes, Rosy Cheeks and Perfect Health by Taking Dr. Coderre's Red Pills.

MISS LIZZIE V. DONAHUE.

Anaemia—in other words poverty of the blood—is for women, one of the most prevalent troubles of the present day. It affects the young and aged women, but more especially girls between the ages of 13 and 20 years. Are you pale or sallow? Are your lips and gums bloodless instead of pink? Is your appetite variable and feeble? Do you suffer from dizziness and headaches? Are you tired and breathless after slight exertion? Does your heart palpitate violently if you walk briskly? Are you low spirited, despondent, weak? These are the signs of anaemia, and if neglected, it means consumption and death. Dr. Coderre's Red Pills cure anaemia by making rich, red, energy-giving blood. Read the following testimony, it will convince you of the great efficacy of Dr. Coderre's Red Pills: "For the past two month, I have been taking your Dr. Coderre's Red Pills, and am so gratified with the result, that I feel that I must write you out of pure joy of heart, with the hope that others may be benefited in like manner. For a long time I had been in failing health. There seemed to be a growing lack of vitality. Each day I was painfully conscious that I was growing weaker. My face was colorless, and my aching head and back rendered life a constant season of torture. I was compelled to go to bed and summon a physician. His efforts to cure me were without success. At last I was persuaded to try Dr. Coderre's Red Pills, and the result has surpassed all my expectations. I am to-day feeling like a new woman. I shall gladly recommend this remedy at every opportunity, and you have my consent to the publishing of this testimony." (Signed), Miss Lizzie V. Donahue, 67 Pleasant Street, Lowell, Mass.

The addresses that we publish are always those given to us with the testimony from ladies who have been cured. If you cannot find those ladies when you call on them or in writing to them, please be kind enough to let us know, and we will do our best to put you in communication with them. We act honestly and our desire is to give satisfaction to all those who have doubts.

Dr. Coderre's Red Pills is the best and most reliable remedy for female weakness. It is not a case of try and see if it will help you—but buy it, take it and it will cure you. Dr. Coderre's Red Pills cure the mose severe and obstinate diseases. They cure female weakness, irregularities, leucorrhea, painful periods, constipation, bearing down pains, side and back ache, pain between the shoulders, palpitation of the heart, fainting spells, indigestion, dizziness, nervousness, headache, swelling of the hands and feet, coldness of the feet and hands; they help in the development of young ladies; they cure women of diseses peculiar to the turn of life; they will keep women in a strong and healthy condition at times when they are specially liable to weakness and disease. Dr. Coderre's Red Pills will give the expectant mother strength that will permit her to escape all the danger and most of the pain incident to the coming of baby; they will build her up rapidly and completely to full strength and vigor. Dr. Coderre's Red Pills restore the glow of health to pale and sallow cheeks, invigorate the whole system and make life a blessing instead of a burden.

Do not forget that you can consult without any charge our most successful physician specialist. We wish that you all that makes you suffer. Address your letter to "Medical Department, Box 2306 Montreal," our physician himself will open your letter and keep it confidential. He will answer every one of your letters after having carefully studied your case. All consultations are absolutely free.

BE CAREFUL not to buy red pills by the dozen, the hundred or at 25 cents a a box. Those red pills are only an imitation of them. Do not accept them because they always contain arsenic, strychine or morphine, and are very dangerous to your health. REMEMBER that our Dr. Coderre's Red Pills are always sold in little round wooden boxes of 50 Red Pills each. If your druggist does not have them, send us 50 cents in stamps for one box or $2.50 by registered letter or money order for six boxes. One box of Dr. Coderre's Red Pills lasts langer than any liquid remedy that you pay one dollar for. We send Dr. Coderre's Red Pills to any part of Canada and the United States—no duty to pay. Always give your full name and address, to prevent all delays of shipment. ADDRESS: "FRANCO AMERICAN CHEMICAL COMPANY, BOX 2306, MONTREAL, CAN.

GLORIOUS START; WRETCHED END.

Montreal Made Nine Runs in the First Innings Yesterday and Then Lost the Game.

SCORE, ELEVEN TO NINE.

Providence Was Presented With the Game—Montreal Maintains Its Lead.

THE STANDING OF THE CLUBS

Club.	Won.	Lost.	Per cent.
Montreal	17	12	.586
Providence	15	11	.577
Syracuse	17	14	.548
Toronto	17	14	.548
Wilkesbarre	14	12	.538
Rochester	14	17	.452
Buffalo	16	20	.444
Springfield	7	17	.292

No, we can't say that we have seen anything like it before.

It was unique, it stands alone, and ought to live in history. A. G. Spalding will hera of it and make suitable comments for his next guide book. And this is what he will sum up the story from:

Providence ....211000160—11
Montreal ....900000000— 9

Had any well balanced fan intimated that such a thing were possible—nine runs in the first innings and then drop the game, his friends would make a reach for him and bundle him off to Verdun, with the same rapidity that a man steals bases. His case would have been considered serious.

And yet the poor fan would only be talking about something that was highly probable, particularly when the Rainmakers, the coming champions, you know, had one of their off days. For when they do have an off day, it's the real thing; they don't make any foolish bluff about it.

The cigar man still persisted in calling Butler cigars at the top of his lungs, and put the kybosh on the ceremonies at the start off. Butler made two errors, which let in a couple of runs, but, had he made 6 errors and let in as many runs, there would have been no occasion for the team losing the game.

An Awful Slaughter.

The opening circus is given in detail. Providence was first to bat. With two out, Lynch got his base on a scratch hit, and Crisham followed with a clean single. Crisham started to steal second, and Butler threw to Henry at third. Lynch was within two feet of the base at the time, and here was no use whatever for the throw. It was a wild one, too, and when Tommy Bannon had recovered the ball both Lynch and Crisham had scored. This was Butler's first break, but the fans immediately forgot it in the splendid exhibition of batting that followed, after Drauby had been retired on a little pop fly. Hodson was in the box for Providence, and Montreal immediately went after him in much the same style as they did in Sunday's game. Barry singled, Shearon singled, Bannon singled and Barry scored. Dooley singled and Shearon scored, Henry was out, Scheibeck made a pretty three-base hit, and Bannon and Dooley scored. Smink made another three-bagger, and Scheibeck scored. Butler fouled out, McFarlan singled and Smink scored, Barry made a home run over the left field fence, driving in McFarlan ahead of him, and incidentally winning the box of cigars offered by the Herald to the first man succeeding in getting it over. Shearon knocked out a pretty home run, Bannon singled, and Captain Dooley retired the side by forcing Bannon at second.

Only Nine Runs

for ten hits, with a total of twenty bases! In our supreme and blissful ignorance of what was going to happen later, we cheered, whooped and had a lovely time generally.

Every hit was clean, and perhaps Hodson wasn't a pretty weary man after it was all over. But Manager Murray and his men apparently hadn't given up the game, for Murray trotted out his white-haired boy. Braun pitched good ball for the remainder of the game, but he didn't win out on his merits. The Montreal team gave him that.

In the second, Leahy knocked one ball over the left field fence for a homer, and in the third Canavan and Lyons brought in another run on a couple of two-baggers. For the next three innings, McFarlan had the Clam-diggers going easy. In the seventh Butler gave them another run, when, with Braun on third, he made a bad throw to first. That made three runs he had presented to Providence.

They Hit Mac.

In the eighth Providence got onto McFarlan good and hard, and the Montreal pitcher took a little ascension. It began, as McFarlan's infrequent ascensions usually do, with an error. Henry dropped a pretty hot one from Crisham's bat. Then Drauby and Weigand singled, filling the bases. Cooney put up a nice little pass fly which Barry took care of. Then McFarlan gave Leahy a base on balls, forcing in Crisham. After that it was all up with McFarlan.

A single meant two more runs, and Braun singled and they came in. Then Canavan followed suit, Leahy crossing the plate and tying the score. Crisham stole second and went to third on a wild pitch. Lyons singled, and Canavan scored. Lyons stole second and third, and then Lynch hit to McFarlan. He threw to Dooley, who returned to Butler, catching Lyons at the plate, and Providence was out with six runs for the innings, and a total of eleven runs to Montreal's nine.

Montreal was unable to score in the eighth or ninth.

The fans assumed dark brown looks, which have never been equalled, and went home.

Providence.

Montreal..........900000000— 9

Summary.

Stolen bases, Canavan, Lyons (2), Crisham, Shearon, Bannon; two-base hits, Canavan, Lyons, Bannon; three-base hits, Schiebeck, Smink; home runs, Barry, Shearon; double plays, Cooney to Drauby to Weigand; Dooley to Schiebeck to Dooley; McFarlan to Dooley to Butler; first base on balls, Braun 2, McFarlan 2; hit by pitched ball, Braun 2, McFarlan 1; struck out, Braun 2, McFarlan 1; wild pitches, McFarlan 1; left on bases, Providence 5, Montreal 11; time, 2.20. Umpire, Doescher.

TODAY'S GAME.

The last game of the Providence series will be played at 4 this afternoon. Souders and Jacklitz will be the home battery and Egan or Rudderham will pitch for Providence.

SYRACUSE BEATEN.

Buffalo, N.Y., June 6.—To-day's game was a pitchers' battle between Gray and Blackburn, in which the Buffalo man had the best of it. The fielding on both sides was of the gilt-edged order. Score:—

		R.	H.	E.
Buffalo	02000000x	2	6	0
Syracuse	000001000	1	3	1

Batteries—Gray and Urquhart; Blackburn and Burrill.

ROCHESTER WON.

Rochester, N.Y., June 6.—Errors made by Jamieson and Goeckel after two singles had been made, were responsible for four runs by Rochester in the first innings today. After that the Barons played good ball, except in the sixth, when Richter's error let Shaefer score. In the seventh a home run and a triple yielded a run, and in the eighth a triple and two singles yielded another. Score:—

		R.	H.	E.
Rochester	40000111x	7	10	0
Wilkesbarre	001100000	2	6	3

Batteries Yerkes and Boyd; Jamieson and Smith.

SPRINGFIELD BEAT TORONTO.

Toronto, Ont. June 6.—Springfield got their runs today in bunches and won. Gatins' error in the fifth, when two men were out was serious, as Massey made a home run, bringing two men in. Score by innings:—

		R.	H.	E.
Toronto	003004000	7	9	2
Springfield	13013002x	10	9	0

Batteries—Williams, Reisling and Casey; Hemmings and Nichols.

NATIONAL LEAGUE GAMES.

At Brooklyn—

		R.	H.	E.
Chicago	106012032	15	21	4
Brooklyn	000200000	2	6	3

Batteries—Stein, Dunn and Ryan; Woods and Donahue.

At Washington—

		R.	H.	E.
Washington	10312100x	8	13	1
Louisville	004000010	5	9	1

Batteries—Weything and McGuire; Frazier and Snyder.

At Boston (first game)—

		R.	H.	E.
Boston	20050002x	9	10	4
Cleveland	300000200	5	5	2

Batteries—Klobendanz and Bergen; Powell, Cuppy and O'Connor.

At Boston (second game)—

		R.	H.	E.
Cleveland	020000000	2	6	1
Boston	000000000	0	7	2

Batteries—Young and Zimmer; Lewis and Bergen.

At Baltimore—

		R.	H.	E.
Baltimore	111000000	3	12	4
St. Louis	400002000	6	12	1

Batteries—Hughes and Robinson; Hughey and Clements.

At New York—

		R.	H.	E.
New York	000000010	1	4	5
Cincinnati	520000300	10	5	2

Batteries—Meekin and Grady; Breitenstein and Peitz.

At Philadelphia—

		R.	H.	E.
Pittsburg	300000020	5	8	4
Philadelphia	30102001x	7	10	1

Batteries—Hastings, Killen and Schriver; Donahue and Fisher.

MAGOG VICTORIOUS.

Magog, June 6.—(Special.)—The baseball season was opened here on Saturday, when the home team defeated Waterville by 14 to 6 runs. Johnson, who started in to pitch for the visitors, was batted out of the box in the fourth, and was replaced by Swanson, who pitched a steady game. Score by innings:—

Waterville..........200200110— 6
Magog..........20750000x—14

Batteries—Johnson and Fortin, Swanson and Woolsey; Jackson and Lavoie.

Umpire—Mr. R. Vreeland.

WANT TO PLAY.

The Rose Baseball Club would like to arrange a match with any club under 15 years, Brittanias or Heralds preferred. Address Sam Mendlesohnn, 165 Cadieux street.

CHESS.

A GREAT FEAT.

Last Saturday Jasnogrodsky was invited to Beaurepaire to visit Mr. Power and his family at their beautiful summer residence, where he was very hospitably entertained by the whole family. Miss Gertie Power introduced him for the first time to a canoe trip on Lake St. Louis, guided by herself. She is perhaps one of the best canoeists on the lake. On the train Miss Power and the professor met, and although they had neither board or men they utilized the time by playing the following game, which showed that Miss Power possesses more than average chess ability, and, as the professor says, "will soon rank as the champion lady chess player of America." Although the game was not finished when the station was reached, Jasnogrodsky's fair adversary had the best of it, and the professor resigned in "a graceful manner." The following is the game:—

White. Jasnogrodsky.	Black. Miss Gertie Power.
1. P—K4.	1. P—K4.
2. Kt—KB3.	2. Kt—QB3.
3. P—Q4.	3. P x P.
4. B—KB4.	4. Kt—KB3 !
5. P—K5.	5. P—Q4 !
6. P x Kt.	6. P x B.
7. Q—K2.	7. B—K3.
8. P x P.	8. B x P.
9. Castles.	9. P—Q6.
10. P x P.	10. P x P.
11. Q—Q2.	11. Q—Q2.
12. R—Q.	12. Castles QR
13. Kt—Q3.	13. Kt—K4.
14. Kt x Kt.	14. B x Kt.
15. Q—K3.	15. B—Q5.
16. Q x P.	16. B x P ch
17. K x B.	17. Q x Q.
18. R x Q.	18. R x R.

Miss Power having the exchange has the winning advantage.

VIENNA CHESS TOURNAMENT.

Vienna, June 6.—Play in the International masters chess tournament was resumed in this city at the locad chess club this morning. Play began at 10 o'clock, and when an adjournment was made at 2 o'clock none of the games was finished.

When the players sat down to resume play at 5 o'clock in the afternoon, Marco and Schlechter agreed to call their game a draw and it was also announced that the game left unfinished from the second round between Baird and Schliffers had been won yesterday by the latter. Here follow the results of to-day's play:

Trenchard and Walbrodt adjourned their games for a second time this evening, much in favor of the latter; Baird lost to Alapin; Caro and Tarrasch had also to adjourn their contest for a second time this evening; Lipke beat Schiffers; Janowski defeated Schwarz; Pillsbury was too good for Halprin, who lost; Maroczy lowered Blackburne's colors; Stenitz beat Schowalter; Tschigorin defeated Burn. Pillsbury has now a lead of one-half point over Steinitz.

ST. GEORGE'S CLUB HOUSE

The Beautiful Home of the Snowshoe Club Will be Open to Members Throughout the Summer.

The directors of the St. George Snowshoe Club have made a very sensible move. There is nothing in this fact alone to make it worth comment for they have, in their time, made many sensible moves. That they should move at all in summer is something out of the ordinary, so it is only to be expected that the result of their deliberations during the hot weather would be of great interest to the members. And so it is.

The handsome home of the club on the mountain side in Westmount is never more beautiful than in summer. There were many who thought it was too bad that the pretty club house was closed during the summer months so that the decision of the directors to keep it open during the hot weather, which may be expected for the next few months will meet with the approval of all the members of Old St. George. A landscape gardener is at work beautifying the premises and everything will soon look so decidedly artistic that the home of the club will be one of the most popular resorts around the city. The club house, too, is being renovated.

It should be decidedly comfortable and cooling on a sweltering hot day to seek the shade of the St. George grounds and wander through the club house, gazing at pictures of snowshoers in uniform. The interior of the house has such a wintry appearance that it should temper the heat of summer.

FOOTBALLERS TRAVEL.

Manitoba's Association Champions Will Leave This Week for a Trip to Montreal in Quest of Fresh Laurels.

Winnipeg, Man., June 6.—The Carberry Association Football team start on Saturday next for St. Paul and Chicago, to play matches with clubs there. They will then visit Ontario and Quebec, matches having been arranged with teams at London, Seaforth, Berlin, Toronto, Burlington, Montreal and Ottawa. The Carberry's are the champions of Manitoba in the Association series.

Mr. E. Herbert Brown, secretary of the M.A.A.A. received a letter from the Carberry club asking for a match with a Montreal team. The Manitobans play the Association game and would like to arrange a couple of matches in and around Montreal. Any Associaton clubs willing to give the tourists a game should communicate at once with Mr. Brown or the Sporting Editor of The Herald.

VALLEYFIELD VS. ALEXANDRA.

Valleyfield, June 6.—(Special.)—The above Association football teams met on the Queen's Park grounds here on Saturday afternoon. There were no less than four changes on the team from the one that played last season and in the opening game two weeks ago. The visitors won the toss and played with a strong wind behind them, but the Valleyfield youngsters had matters all their own way, and ten minutes from the start were leading by two goals, both of which were scored by H. Robinson, not a bad start for a youngster who was playing his first match, and both were to a large extent individual efforts. This was all the scoring in the first half; the Valleyfield team had had the game to themselves, Philbin, in goal, only having one shot to stop. The second half was more even, and when Dwyer scored for the visitors, it improved matters some. Valleyfield added another, and then Dwyer rubbed off the second goal, and though both teams strove hard to improve their totals, neither was able to do so, and Valleyfield retired winners by 3 goals to 2.

The teams were:

Alexandra.		Valleyfield.
McKinnon	Goal	Philbin
Dwyer	Backs	Kitchen
McGregor	"	Marriot
Markson	Half-backs	Lamport
Cattanach	"	Butterworth
McKenzie	"	G. Robinson
N. McNaughton	Forwards	H. Robinson
W. McNaughton	"	J. Doig
A. McKinnon	"	J. McMeekin
McMillan	"	J. Brittain
Dease	"	E. Dearden
J. Lothian	Linesmen	T. Kitchen

Referee—T. Crook.

ATHLETICS.

M.A.A.A. GAMES.

Entries are coming in rapidly for the spring games of the M.A.A.A. which take place at the grounds on St. Catherine Street next Saturday afternoon. Every event will be well filled so keen competitions can be expected. Culver, the big Ottawa policeman, who is an adept at throwing the 16-poun dhammer, has entered that event and will give the local men a hard contest. Altogether an afternoon of good sport is promised.

SWIMMING.

THE MONTREAL SWIMMING CLUB.

The annual meeting of the Montreal Swimming Club has been postponed until next Monday evening at 8 o'clock, at the M.A.A.A. rooms, Mansfield street, when it is particularly requested that all members will be present.

CRICKET.

ST. JOHN'S TOWN C.C. VS. ST. JOHN'S SCHOOL OLD BOYS.

This proved a very interesting and exciting game, St. John's Town winning by the narrow margin of two wickets. The Old Boys were treated in splendid style. Score:—

Old Boys.

TURF.

GRAVESEND RACES.

New York, June 6.—There was a fair attendance at Gravesend to-day, although the card was only moderately attractive. The Bedford stakes was the feature race of the day, and Autumn was the favorite, with Sir Hubert a well-backed second choice, but neither won the race. After a poor start Larva went on alone and won easily by a couple of lengths, the other horses quitting him. Summary:

First race, five furlongs—Jack Point, 107, Maher, 6 to 5 and 1 to 2, won by a length; Mr. Clay, 115, Taral, 7 to 2 and even, second; Muggins, 107, Simms, 9 to 2 and 7 to 5, third. Time, 1.02½. Sparrow Wing, Morning, Al Reeves, Chopin and Pirate M. also ran.

Second race, one mile—Intrusive, 115, Taral, 7 to 2 and even, won by two lengths; Laudeman, 115, Simms, 6 to 5 and 1 to 2, second by two lengths; Merlin, 115, Spencer, 15 to 1 and 6 to 1, third. Time, 1.41½. Harry Crawford, Slasher, Chalmers, Syrinx, Siffleur, Lew Ryan, Tillie W. Hearsay, Napoleon Bonaparte, John Morrell and Sedan also ran.

Third race, Bedford Stakes, 4½ furlongs, selling—Larva, 113, Taral, 15 to 1 and 6 to 1, won by two lengths; Chemisette, 107, Hirsch, 5 to 1 and 5 to 2, second; Autumn, 102, Maher, 9 to 5 and 7 to 10, third. Time, 56¾. Tyrba, Imitation, Sir Hubert, Dr. Parker, Clap Trap, Oration, Hilee, also ran.

Fourth race, 1⅛ miles—Ben Ronald, 125, Simms, 8 to 5 and 1 to 2, won by one and a half lengths; Howard S., 116, Taral, 8 to 5 and 1 to 2, second; Filament, 99, Maher, 15 to 1 and 3 to 1, third. Time, 1.57¾. Howard Mann also ran.

Fifth race, selling, 6 furlongs—Miss Tenny, 92, O'Connor, 6 to 1 and 2 to 1, won by one and a half lengths; Delando, 109, Sloan, 7 to 10 and out, second by one and a half lengths; Continental, 107, Doggett, 3 to 1 and even, third. Time, 1.15¾. Dr. Sharp, Imperator, Tinge, Nick, Her Own, Ten Spot, and Sir Gawain also ran.

Sixth race, 1 1-16 miles—Ogden, 104, Sloan, 4 to 1 and 4 to 5, won by four lengths; Tillo, 121, Simms, 2 to 5 and out, second by a length; Semner Ego, 111, Taral, 6 to 1 and even, third. Time, 1.48. Ortoland and Bannock also ran.

To-day's Entries.

New York, June 6.—Following are the entries for the races at Gravesend to-morrow:—

First race, five furlongs—Whip Lash, 118; Lepida, 113; Harmonica, Charmante, Althea, Theory, Miriam, Claire, Royal Maiden, Lady Sneerwell, Rose May, Dragon Fly, Elithyka, 106.

Second race, 1 1-16 miles—Previous, 126; Sanders, 112; George Boyd, 106; Nuto, Whistling Coon, 102; Sensational, 100.

Third race, three-quarters of a mile—Imperator, 116; Peat, 114; Leedsville, 111; Cleophus, 110; Irish Reel, 109; George Keene, 108; Sanders, 108; Van Antwerp, 100; Hand Press, First Fruit, 98.

Fourth race, mile and an eighth—Miss Miriam, Kite Foot, Sagacity, Geisha, L'Aloutte, Miss Tenny, 112.

Fifth race, five-eighths of a mile—Compensation, 106; King's Prince, 104; Alphen, 102; Diminutive, 101; Stamina, 97; Miriam Claire, Loiter, 94.

Sixth race, mile and a sixteenth—Ben Ronald, 115; Thomas Cat, 110; Doggett, Belmar, 109; Knight of the Garter, 101; Refugee, 100; Louise N., 98; Gen. Macco, 84.

THE RING.

DIXON GOT THE DECISION.

New York, June 6.—George Dixon, the hardy colored boxer, gained a well-earned decision over Eddie Santry, of Chicago, in the arena of the Lenox Athletic Club tonight. They fought twenty very clean and scientific rounds and Santry proved himself to be a clever ring general. Both were comparatively fresh when the twentieth round broke up, and the decision of Referee Charly White, while not giving general satisfaction, was a just one.

WANT TO HEAR FROM DWYER.

Routhier, of Ottawa, is anxiously waiting to hear from Jimmy Dwyer, of Montreal, whom the former challenged some time ago. There would be an interesting bout if the men came together.

LACROSSE.

WESTMOUNT CLUB'S MEETING.

There will be a general meeting of the Westmount Lacrosse Club in the W.A.A.A. Club rooms this evening at 8.15 sharp. All members are requested to be on hand. Business of importance requiring a vote of the members is to be transacted, etc.

THE WHEEL.

THE WANDERERS' BICYCLE CLUB.

The Wanderers will ride to the Back River on Wednesday evening, leaving 48 Beaver Hall hill at 8 o'clock sharp. Captain L. D. Robertson wishes all members to be present and show that they take an interest in the club rides.

Wanderers need not make any engagement for 1st of July, as there is a fine ride in view.

$100.00 BICYCLE for $35.00

We don't do it, we do not insult you by telling you such a Cock and Bull story. But we will sell you $45.00 worth of BICYCLE for $45.00. We pay no duty See the point? Repairing.

MENAGH & COOPER,
756 St. Lawrence Street.

CITY GIVES THE G.T. ST. ANN'S MARKET

Donates 28,300 Feet to be Used as a Site for the City Offices of the Railway.

HOW THE VOTES STOOD

Company to Put Up a Building Worth $250,000—Some Objection to Giving Away the Property.

ALD. AMES TRIES TO LIMIT AREA.

The City Council practically settled the question of the Grand Trunk site yesterday, and that in a manner which will no doubt be satisfactory to the company. Ald. Martineau made one last effort in favor of the principle of not giving public property to private commercial corporations, and pointed out how the very report granting the land to the Grand Trunk at the same time condemned the principle of doing so.

Ald. Ames endeavored to have the area of the grant to the company limited to twenty-five thousand feet, but he was defeated by 13 to 11. Later on he moved to give the company no exemption from taxation whatever; but the vote of 12 for and 12 against gave the Mayor an opportunity of voting agaisnt the proposition.

Got Down to Business.

When the Mayor took the chair the report of the Finance Committee recommending the adoption of the report of the special committee was presented by Ald. Rainville, who moved to strike out paragraph four and adopt the report thus amended. He explained that this would meet the views expressed in Mr. Wainwright's letter.

Ald. Jacques moved, seconded by Ald. Turner, that the report be adopted without amendment.

Ald. Ames moved, in sub-amendment, seconded by Ald. Gagnon, that the report be considered clause by clause.

Ald. Martineau suggested that there was a doubt as to the legality of clause four. This clause reads as follows:—

"And, as an additional obligation upon the company, your committee feel that the latter should be held to give its consent to the crossing of its track by the city, if it may be deemed advisable to establish communication between Jardin and Magdalen streets, which both end at the G.T.R. track, in St. Gabriel Ward; the company should also be held to place at that point suitable gates, as well as a guardian, in order that there may not be more danger for the public at that point than at the other level crossings in the city."

Ald. Jacques made a strong plea for the retention of this clause.

The Mayor thought the easiest way would be to adopt Ald. Ames' motion and proceed clause by clause.

Considered Clause by Clause.

Ald. Ames moved to amend the first clause to limit the area of the property ceded to the Grand Trunk to twenty-five thousand square feet. He showed that, as the clause stood, the company would get some twenty-eight thousand feet, fronting on William street, with rear on St. Paul. Now, in order to make the remainder of the city's property at this point valuable, it would be necessary to run a street from William to St. Paul street. Ald. Ames was anxious that the civic property, amounting to some thirty thousand feet, should have some value. It should be worth $2 a foot if properly looked after. Otherwise the company would approach the Council again, speak of the valueless nature of the property, and ask that also as a free gift.

Ald. Laporte thought Ald. Ames' proposed amendment might be modified to meet the views of the Grand Trunk.

Wrong in Principle.

Ald. Martineau briefly condemned the principle of granting public property to the Grand Trunk or any other company. It was not a question of east or west; it was a plain question of principle. The citizens as a whole, would derive no benefit from the removal of the Grand Trunk offices into the city. The report said that this was to be the last time that such a gift would be made. That was itself a condemnation of the principle. If the thing would be wrong to-morrow, it was wrong to-day. If the Grand Trunk had made a mistake in building at Point St. Charles in the first instance, there was no reason why the city should be the sufferer. It was ridiculous to have a great corporation like the Grand Trunk coming to beg land of the city. In conclusion Ald. Martineau move the following resolution, seconded by Ald. Roy:

Whereas the finances of the city do not even permit the council to vote money for the most urgent needs:

"Whereas the McGill Street property could easily be sold, and the price of it, with the authorization of the Legislature, applied to repair our roads, our markets and our fire stations,

"Resolved, that this council refuse to give the McGill Street property to the G. T. R., the said company being a purely commercial corporation, well able to buy any land it may need, but offer it for sale to the company at the assessors' valuation, and that the said report be therefore rejected."

Ald. Roy and Marsolais spoke in support of Ald. Martineau's resolution.

It was an Eyesore.

Ald. Sadler was not in favor of giving anything of the city's property; but the piece of land now in question had always been an eyesore to the city. It was true it yielded a certain amount of revenue at present; but it was occupied by stores of an undesirable description, whose presence depreciated the adjoining property. Ald. Sadler thought the result of the gift would be a distinct gain to the city as well as to the Grand Trunk.

Ald. Lareau was opposed to making the Grand Trunk a present of a hundred thousand dollars, which was what the adoption of the report amounted to

Ald. Stevenson said that, as to its being a gift, Ald. Martineau could not have well understood what he had been saying. The city had tried over and over again to sell the McGill Street property without obtaining an acceptable offer.

A Formidable Objection.

Ald. Rainville pointed out what he considered a considerable objection to Ald. Martineau's motion. The motion spoke of improvements to streets, etc. The fact was that, if the city could get a million dollars for the property, it could not employ one cent of that for street improvements. It could only be employed as an asset, in the reduction of the city's debt. Ald. Rainville did not believe in giving anything for nothing; but the present circumstances were exceptional.

Ald. Ames said that the normal revenue from the McGill street property was $3,000. If half the property were given to the company, and that company erected a building worth a quarter of a million dollars thereon, the revenue in taxes would be more than $3,000.

Ald. Marsolais—"Suppose the company buys the land?"

Ald. Ames—"Well, suppose we sell it to the company for, say $75,000, the taxes will only amount to about seven or eight hundred dollars. But the company would never purchase it."

Ald. Martineau's motion was then put and defeated, as follows:—

To Sell the Property.

For—Roy, Clearihue, Lareau, Wilson, Dupre, Martineau, Ouimet, Prenoveau, Marsolais—9.

Against—Dufresne, Gagnon, Paquette, Ekers, Gallery, Archambault, Sadler, Laporte, Turner, McBride, Beausoleil, Ames, Jacques, Kinsella, Stevenson, Brunet, Rainville—17.

Ald. Ames' motion was next considered. Ald. Laporte moved an amendment slightly increasing the grant of land to the Grand Trunk, when Ald. Beausoleil raised a point of order. Council could not dispose of public property without approval of the Finance Committee.

The point of order was maintained, and Ald. Laporte presented another amendment simply giving the Grand Trunk an area of 25,500 feet, instead of 25,000, to which figure Ald. Ames proposed to reduce the grant.

Ald. Stevenson explained why the Grand Trunk wanted more land on this site than it had asked on Victoria Square. It was on account of the difference in situation.

On Laporte's Motion.

Ald. Laporte's amendment was defeated as follows:—

For—Dufresne, Gagnon, Archambault, Laporte, McBride, Beausoleil, Stevenson, Brunet, Rainville—9.

Against—Roy, Paquette, Ekers, Clearihue, Gallery, Martineau, Ouimet, Wilson, Sadler, Dupre, Turner, Ames, Jacques, Kinsella, Marsolais—15.

Refused to Reduce the Area.

Ald. Ames' motion was then defeated as follows:—

For—Dufresne, Gagnon, Paquette, Ekers, Gallery, Martineau, Sadler, Dupre, McBride, Ames, Kinsella—11.

Against—Wilson, Roy, Clearihue, Ouimet, Archambault, Laporte, Turner, Beausoleil, Jacques, Stevenson, Marsolais, Brunet, Rainville—13.

Will Give 28,300 Feet.

On motion of Ald. Rainville, seconded by Ald. McBride, the original clause, which gives the Grand Trunk some 28,300 feet, was adopted as follows:—

For—Dufresne, Gagnon, Pauquette, Ekers, Gallery, Archambault, Sadler, Laporte, Turner, Ames, Jacques, Stevenson, Burnet, Rainville—14.

Against—Clearihue, Roy, Lareau, Ouimet, Wilson, Dupre, Martineau, Beausoleil, Marsolais—9.

Might Put Up Cheap Building.

Proceeding to the next clause, Ald. Ames then moved that the proviso for a building of $250,000 with twenty years' exemption from taxation over and above that sum be struck out.

Ald. Laporte and Ald. Sadler feared that this would tempt the Grand Trunk to put up cheap buildings. It was the interest of the city that a fine edifice should be erected.

Ald. Ames' motion was defeated on the Mayor's casting vote, as follows:—

For—Roy, Dufresne, Clearihue, Lareau, Martineau, Ouimet, Wilson, Dupre, McBride, Beausoleil, Ames, Marsolais—12.

Against—Gagnon, Paquette, Ekers, Gallery, Archambault, Sadler, Laporte, Turner, Jacques, Stevenson, Brunet, Rainville, the Mayor—13.

The other clauses were quickly passed until clause four in the Finance Committee's report, quoted above, was reached.

Of Level Crossings.

Ald. Sadler raised a point of order. The question of level crossings was in the hands of a special committee. They were trying to get rid of level crossings. They should not ask the Grand Trunk to make new crossings.

The Mayor said that if the clause was not out of order, it was certainly illegal. Under the Railway Act, no level crossings could be made without the approval and sanction of the Railway Committee of the Privy Council.

Ald. Jacques would be satisfied if he got some kind of crossing, and an amendment to meet his views was drawn up and adopted. A similar amendment regarding Dominion street was also inserted, and finally the report was adopted, so that the Council approves the gift to the Grand Trunk of 28,300 feet of the city's property on McGill street, the company to erect thereon a building costing not less than $250,000, the nominal value of which, for taxation purposes, will for twenty years be placed at that figure.

Water and Power Co. Accept.

The City Clerk read a letter from the Montreal Water and Power Company, accepting the resolution of Council of the 30th of May last.

A Mysterious Death.

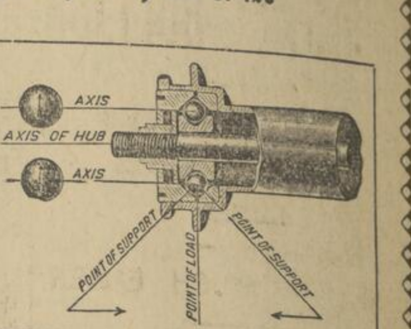

Hamilton, Ont. June 7.—(Special.)—The authorities at Grimsby are trying to solve the mysterious death of an unknown man. The man was found in an unconscious condition on Samuel Anderson's property, and although Doctors Alexander and Millward tried to revive him, they were unable to do so and he died about two o'clock. Nobody has been able to identify him. In his pocket was found a slip of paper with this address on it, "James Doyle, 583 Bay Street." Mr. Doyle was seen by a reporter, but he knows nothing about the man. The mysterious man was seen about the village on Friday night. He went into a barber's shop and had his whiskers shaved off. He was anxious to know when he could get to Hamilton. The authorities suspect that the man committed suicide, because a bottle containing morphine and a bottle of liquor were found on the grass.

TO LOOK FOR ANDREE.

Eminent Balloonists Reach Vancouver Whence They Depart to Look For the Daring Æronaut.

Vancouver, B.C., June 7.—(Special.)—Dr. A. J. Terwagne, Edward Feret and Louis Niccolas, who are to look for Andree by balloon, are here. Dr. Terwagne says their leader, M. Vericle, is in Paris for the purpose of bringing out balloons for the United States Navy Department. Terwagne says he is a personal friend of Andree, and saw him start at Spitzbergen. Andree was only a professor in a college, and had not the experience necessary for a successful trip. His companions were of no assistance to him. Andree had too many drag ropes. When he started they got tangled and all were cut but one, consequently he rose to an enormous height and lost control of his balloon. He could only live in the air a certain time. Providing winds would land Andree in Alaska, he had guns and ammunition, and could live easily once safely landed. Our balloon will be similar to Andree's, but we will drag over the surface of the ground with a heavy hemp rope 150 yards long. As we descend the rope becomes lighter, and vice versa. Prof. Terwagne is an experienced balloonist, and claims to have recently travelled from New York to Havana and return, and to be in possession of valuable information regarding the coast defences of Cuba, he having taken ample notes as he drifted over the fortifications.

1,800 DONS TAKEN.

The Insurgents Have Won a Series of Victories in the Philippine Islands.

Washington, June 7.—The Navy Department says Dewey reports that the insurgents have won several victories over the Spanish in Cavite province, and have taken 50 officers and 1,800 men prisoners.

Manila, May 27, via Hong Kong, June 6.—Reports are rife of treachery among the rebels. The origin of the reports may be Spanish, but it is believed many of the ex-rebels are anxious to gain the sum of twenty-five thousand dollars which has been offered by the Spanish for Aginaldo dead or alive.

The rebel leader, Jokson, was betrayed by his party and shot. The excuse was they suspected Jokson of being a Spanish spy. Trias, formerly secretary of Aguinaldo, is now a major in the native militia, which is loyal to Spain. He has promised to capture Aguinaldo dead or alive. The American admiral and general had better rely on their own resources.

After the first success the natives will flock to their banner.

The riots continue in the provinces of Pagasinan, Zambales, and La Union. The rebels have burned many convents and churches, and killed four Spaniards, one a priest.

In La Union ex-Rebel Daldemeho Aguinaldo was shot by Trias for refusing to operate against his cousin, Emilio Baldemero, a former active rebel.

Bicycle Livery.

We have just opened the only first-class bicycle livery in Montreal. Heretofore if you wanted to rent a wheel you were forced to be content with some old, second-hand rattle-trap, which endangered your life. We have just put in at 838 Dorchester Street

100 New Wheels,

including Humbers, Triumphs, Skylarks, Leaders and other first-class mounts. Our rates are as low as usually charged for old wheels. Telephone to 5320, and we'll send a wheel to your house and send after it again when you are through with it.

A full stock of Bicycle Supplies always on hand.

The Griffiths Cycle Corp'n Limited,

828 DORCHESTER ST. (OPPOSITE ST. JAMES CLUB.)

The Harbor Improvements will be a grand thing for the city, and our Scotch Tweed Suits at $22.50 are grand also, as they cannot be equalled elsewhere for less than $30. You want one. Hugh Ross, 206 St. James street, Mechanics' Institute.

THE CALL COMES QUICK.

Diarrhœa, Dysentery, Cramps and Colic Come on Without a Moment's Warning.

Keep on Hand Dr. Fowler's Extract of Wild Strawberry and be Prepared to Check Them at Once.

There is no disease overtakes one so quickly and with so little warning as Colic or Diarrhoea. You are attacked, perhaps, when you least expect it.

You retire at night feeling in the best of health and before morning you may be seized with cramps and be prostrated with Diarrhoea or Dysentery.

Everybody should be prepared for such an emergency as this with a bottle of Dr. Fowler's Extract of Wild Strawberry. You cannot tell when you yourself or some member of your household may need its timely assistance.

Mrs. Geo. West, Huntsville, Ont., speaking of this great remedy says: "I have used Dr. Fowler's Extract of Wild Strawberry in my family for years and can highly recommend it for Summer Complaint, Diarrhoea, Cramps, etc."

That is the universal note of praise that comes from thousands of Canadian homes where Dr. Fowler's Strawberry is always kept and recognized as a remedy that can be relied on to promptly check and cure Diarrhoea, Dysentery, Cholera Morbus, Cholera Infantum, Cramps, Colic and Summer Complaint. Sold by medicine dealers everywhere at 35c a bottle.

BELFAST RIOTERS.

Several Thousand Orangemen Attack and Overpower the Police—Troops Called Out.

Belfast, June 7.—During the celebrations of the anniversary of June 6, 1886, when seven civilians were shot on Shank Hill road by the constabulary, the Nationalist procession, while returning this evening from Hannanstown, was broken up in a riot. Several thousand Orangemen in the Shank Hill road attacked and overpowered the police and chased them back into the Brow square barracks. Several mounted constables were severely injured, and one had his leg broken.

The police reinforcements which arrived were compelled to threaten the crowds with their revolvers before they were able to rescue their comrades from the fury of the mob, which tore up the street for missiles.

The troops were then called out, but the mob cheered them, and sang "Rule Britannia."

At a late hour last evening there was renewed rioting and the troops were compelled to charge the mob, numbering several thousand. The rioters stoned the police and troops. One constable, who fell from his horse, was savagely beaten with stones.

When Shank Hill was cleared the crowds gathered in the side streets. Altogether this was the worst rioting that has occurred here since 1886. It was prolonged until midnight, and at this hour the city is still in a dangerous state of excitement.

Over fifty policemen have been injured; and twenty-four have been taken to the hospitals with fractured skulls and severe scalp wounds.

Many civilians were injured in the military charges, some dangerously. The constable who was thrown from his horse is not expected to recover from his injuries.

The military are now in practical occupation of Shank Hill

The new Hotel Carslake is the largest, best and most central European Hotel in the city. All street cars pass the door. Electric light in every room. Cuisine and cafe not excelled by any hotel in America. Open from 6 a.m. to 12 p.m.

Trestle Gave Way.

Ottawa, June 7.—A freight train on the O., A. & P. S. Railway, Saturday afternoon, went through a trestle between Brule Lake and Rainy Lake, sixty miles west of Madawaska. Engineer Bearley, of Depot Harbor, had a leg broken and Fireman Albert White and Conductor M. Gourlay, of Ottawa, were severely shaken. The passenger trains are running to-day on the line, but the freight trains will be delayed several days.

STOCKS ARE STILL BULLISH

With Some Fractional Gains on the Local Market This Morning.

MONEY IS MUCH EASIER.

Nearly Three Thousand Shares of War Eagle Change Hands at $2.00.

STREET RY. EARNINGS KEEP BIG.

Everything considered there was a pretty strong tone to the stock market this morning, and perhaps it was a little broader than the day before. The news was not important but the tendency in the leading markets was quite bullish. In London there seems to be a good deal of firmness to prices, and while Wall Street was not remarkably strong prices were steady and the market was moderately active. There was a report that the American fleet at Santiago had sunk the Maria Teresa, but the "street" didn't know whether to believe it or not, and for that reason its influence on prices was not marked.

The money markets are still on the easy side and with the market here shaping a good deal easier, the effect will likely be seen on the Exchange.

L. J. Forget's cable gave the following quotations ruling for Canadian securities in London. Grand Trunk first preference at 76 1-2, third do. 26 1-2, Pacific 87 5-8, Hudson Bays 21 1-4.

The Local Trading.

One cable gave the opening figure for Pacific in London as 88, and that created firmness here, the first sale on the market being made at 86. Later business, however, was on the basis of 85 7-8 and afterwards 85 5-8. Montreal Street Railway sold at 257 3-4, and Heat and Light at 35 to 36 1-8. Toronto Railway was a shade firmer than yesterday at 98 to 98 1-4 and Dominion Coal preferred sold at $1.12 1-2. Notwithstanding the much better earnings Duluth is easy, 200 shares selling at 3.

War Eagle was in demand again, and at the morning session 2,850 shares sold at $2.

Montreal Street Railway earnings yesterday amounted to $4,304.24, an increase over the same day last year of $415.03.

In Wall Street.

Mr. J. S. Bache & Co. wired the following messages to Mr. C. D. Monk:

Flower bought 5,000 B. R. T.

A Key West special says that the Maria Teresa was sunk by the American fleet at Santiago.

London is a large seller.

Bacon and traders rallied the market. Sell the market the big fellows are out. A reaction is due, we have been bullish right along, but not now.

There are a lot of tips out to buy People's Gas.

London cables just now show the markets all better on peace reports.

Housenan and Moore and Schley bought 2,000 U. P. pfd., Keep & Keene 1,000, Hollins and Moore and Schley sold, Housman bought C. G. W. Bourier bought 1,000 P.O. London sold L. & N.

Lieut.-Governor Will Be Welcomed.

Winnipeg, Man., June 7.—(Special.)—The Regina Leader says: "The announcement of the appointment of Mr. M. C. Cameron, of Goderich, to be Lieutenant-Governor of the Territories, is eminently satisfactory, not only to the people of the Northwest, but to the people of the Dominion generally. Mr. Cameron's long service to Canada, in and out of Parliament, well entitles him to this position of honor in his declining years, and his career and character afford ample warrant that he will fulfil the duties and represent the traditions of the office in a loyal and becoming fashion. Lieut.-Governor Cameron will receive a cordial welcome in the Territories, of which Regina is the capital."

Brockville Residents Dead.

Brockville, June 7.—(Special.)—Two old residents died here yesterday. They were Mrs. Alex. Wright, aged 98, and John Simons, who was in his 74th year.

CLARENCE A. BOGERT, Manager.

STREET GOSSIP OF THE DAY

There were some good-sized sales of Manitoba wheat for export yesterday, aggregating probably 250,000 bushels. Most of the wheat was purchased equal to about $1.22 at Fort William, which shows quite a meterial decline from the figures realized when business was active some time ago. There were sales of 25,000 bushels of Ontario red wheat at 98c.

* * *

As recorded in the Herald yesterday, the money market is a good deal easier, and the banks are now quoting 4 1-2 per cent. all round.

* * *

The U. S. Government has made a contract for 300,000 barrels of flour in New York. The flour is intended for the army, and is for prompt delivery. The grade is what is known in the flour trade as winter wheat straights, and the contract price is $3.33 per half-barrel, the flour being packed in half-barrels.

* * *

At a meeting of the board of directors of the Commercial Cable Company, held in New York yesterday, the regular quarterly dividend of one and three-quarters per cent. was declared payable July 1st. Transfer books close June 20th, and reopen July 2nd.

* * *

Here is the showing made by the Canadian Pacific so far this year:

	1898.	1897.	Increase.
4th week May ..	$ 710,000	$ 608,000	$ 102,000
Month	2,229,000	1,948,000	281,000
From Jan. 1	9,434,166	7,679,822	1,754,344

* * *

The London Economist, discussing the reduction in the Bank of England discount rate, says that any further call for gold for the United States would cause a very sharp recovery in the London money market. There is also a possibility of a demand for gold for shipment to India, which is largely increasing exports.

* * *

There has not been any marked amount of activity in the local stock market lately, and it has inclined somewhat to narrowness. Trading, though, seems to have been moderately well distributed, and the tendency of prices in sympathy with firmness in the leading markets of the world has been generally upward. The easiness in money is quite a bull card, and ought to help the market quite a little.

* * *

The feature of the Wall street market has been the accentuation of the policy which has led to the shifting of activity from the high-priced shares to the second-rate stocks. The market seems to be displaying a broadening tendency. It is said that, while many commission houses deny that their business has increased much, and evidences of manipulation were not wanting in many of the specialties, there has been more public buying than for some time past.

CANADIAN PRODUCE;

Not Very Much Demand for Cheese in Liverpool—There Is Also a Limited Demand for Butter.

Speaking of the produce situation in Liverpool, Hodgson Bros. write: "Cheese has been in very small demand and holders becoming more anxious to sell are making further reductions. We quote finest colored Canadian, 39s to 40s; white, 38s to 40s; States colored and white, 38s to 40s; summer goods, ripe, dull, from 30s to 34s, and low grades offered from 10s to 15s are difficult to sell.

"Butter.—Finest qualities are in limited request. Medium qualities in fair demand. We quote: Finest Canadian (fresh-made) creamery, in boxes, 80s to 82s; States (none); medium qualities, 65s to 72s. Finest Danish, 84s to 92s; Irish creamery, 76s to 86s; Cork firsts, 75s; seconds, 73s; thirds, 72s per cwt."

GRAIN UP WEST.

Very Little Doing in Wheat in Ontario Markets—Oats Show an Easy Tendency.

Toronto, nt., June 7.—Market quiet. Flour dull; straight rollers, in barrels, middle freights, quoted at $4.75 to $4.85.

Wheat very dull; No. 2 red Ontario selling sluggishly at 94c middle freights. White is at 91c to 92c west, and goose at 92c on Midland.

Barley, nothing doing and prices nominal.

Oats easy, at 30 1-2c north and west.

Bran sells at $10 to $10.30 west, and shorts at $11 to $12 west.

Corn, Canadian, 34 1-2c west, and 41c on track here.

Rye, nominal, at 55c east.

Buckwheat, nominal, at 46c to 48c west.

Peas, dull around 56c north and west.

Oatmeal, car lots of rolled oats in bags, on track, at Toronto, $4.20; in barrels, $4.30.

CORN EXCHANGE.

There was a meeting of the Corn Exchange Committee of Management yesterday, and several matters of importance, including the attempt to reduce telegraph rates, were discussed.

Left $5,000 to a Priest.

Hamilton, Ont., June 7.—(Special.)—Mrs. Thomas Jones, of Burlington Street, has died of paralysis in St. Joseph's Hospital. She left $5,000 to Rev. Father Brady, of St. Lawrence Church, to build a presbytery, and a legacy of $1 a day to her aged husband.

WHEAT IS ON THE DOWN GRADE

Owing Mainly, it is Said, to the Brighter Prospects for the Crop.

BULLS TRIED BAD NEWS,

But it Had Little or No Effect on the Market, Not Being Credited.

THE GOSSIP OF THE "STREET."

There was not much snap to the wheat market again this morning, and prices sagged off from the closing figures of last night. July opened at 86 against 88 1-4 last night, and although it showed an early tendency towards recovery, and went up to 87, it failed to hold that figure very long, and went to 86 1-4, where it stood at 12.30. September wheat opened 1 1-4 lower than last night at 74 3-4, and improved, being quoted at 75 3-8 at 12.30. December at the same time was quoted at 74 3-8, and June at $1.06. Liverpool wheat closed steadier 3 5-8 lower, and corn 1 1-2 lower than yesterday's close. A message said: "Wheat is on the down grade on bright crop prospects, and the bull crowd tried to stop the decline by giving out bad crop news from South-West, but it had no effect, as it was not credited."

TRADE UNPROFITABLE.

No Money to be Made in Shipping Cattle at Present Prices.

Shippers Say that Advices From the Other Side Are Very Discouraging.

The looked for improvement in the cattle markets has failed to materialize, and cables yesterday were again discouraging. A London cable said: "The trade in cattle was slow, and the course of prices was somewhat irregular. As compared with this day week, values for choice States cattle show a decline of 1-4c to 10 3-4c, while those for choice Canadians are quoted 1-4c higher, at 10 1-2c, and Argentines unchanged at 9c. The market for sheep was firmer, and prices 1-2c higher, choice Argentines being quoted at 9 1-2c for clipped and 10c for wooled."

A private cable from Liverpool quoted choice Canadian cattle at 10 1-4c.

The Local Situation.

Cables from London reported sales which will not let shippers out even, notwithstanding the fact that the rate of freight to this port is lower than any other. The exports from the opening of navigation to date have been 17,858 cattle, 1,048 sheep, and 2,044 horses. In regard to ocean freights, there is nothing new to note. The demand for space is fair and rates are unchanged. Liverpool, 42s 6d; London, 30s to 35s; Glasgow, 47s 6d to 50s; and Bristol, 35s.

The offerings of live stock at the East End Abattoir market yesterday morning were 450 cattle, 150 sheep, 50 lambs, and 400 calves. Owing to the small run of cattle of late for this season of the year, and the improved quality and condition of the same, there was a stronger undertone to the market to-day, and prices show an advance of fully 10c to 20c per 100 lbs. over those paid last Thursday. The receipts of common and inferior stock have fallen off considerably, owing to the fact that the pasturing throughout the country is good, and farmers in consequence are turning their young stock out to grass, and finishing them off some before marketing them. There was a good demand to-day from local buyers, and an active trade was done at the above advance. Choice steers and heifers sold at $4.50 to $4.60; good, at $4 to $4.25; fair, at $3.25 to $3.75, and common at $2.50 to $3 per 100 lbs. live weight. Sheep as yet are coming forward in very limited numbers, consequently little trade on export account is doing. A few were picked up to-day at 3 1-4c to 3 1-2c, but local buyers for picked ones paid as high as 3 3-4c to 4c per lb. live weight. The demand for lambs was active, and as the supply was small, prices ruled higher at from $2.75 to $3.75 each. There was also a good demand for choice calves, and prices for such were also higher, sales being made at $7 to $8 each; good, at $4 to $6 each, and common at from $1.50 to $3.50.

The G. T. R. Yards.

At the Grand Trunk Stock Yards, at Point St. Charles, yesterday, the receipts of live stock were 250 cattle, 100 sheep and lambs, and 400 hogs. Trade in cattle was slow, owing to the fact that local dealers had ample supplies on hand and exporters were not disposed to operate, consequently no sales were made, and holders forwarded their stock to the above market. The demand for sheep and lambs was ample to absorb all offerings, and prices ruled steady. Shippers paid 3 1-4c to 3 1-2c for good sheep, and lambs sold from $2.50 to $3.50 each. The supply of hogs was only fair, for which the demand was good and prices show no change, sales being made at $5 to $5.10 per 100 lbs., live weight.

VISIBLE SUPPLY.

Stocks of Wheat, Corn, Oats and Barley According to the Chicago Board of Trade.

The Chicago visible supply of wheat for this continent shows a decrease of 1,085,000 bushels compared with a week ago, and a decrease of 1,863,000 with a year ago. Corn shows an increase of 1,044,000 compared with a week ago, and an increase of 7,159,000 with a year ago. Oats show an increase of 672,000 bushels compared with a week ago, and a decrease of 1,560,000 with a year ago. Barley shows an increase of 20,000 bushels compared with a week ago, and a decrease of 774,000 with a year ago.

The following is the visible supply of wheat in Chicago on the dates mentioned:—

	June 6, 1898.	May 30, 1898.	June 7, 1897.
Wheat	22,587,000	23,672,000	24,450,000
Corn	21,159,000	20,115,000	14,000,000
Oats	7,869,000	7,197,000	9,429,000
Barley	583,000	563,000	1,357,000

PRODUCE MARKETS.

In Sympathy With the Country the Feeling Here Is Rather Firmer—Butter is Quiet.

The tone of the local cheese market is firmer in sympathy with the fractionally higher prices which ruled in the country markets at the close of last week. The wharf cheese yesterday, 3,000 boxes in all, was placed at 6 3-4c, and the idea for finest westerns on spot is about 7 1-8c to 7 1-4c. The cable is the same and local receipts are heavy.

There is no material change in the position of the local butter market, and finest creamery is still quoted on the basis of 16c to 16 3-4c.

Utica, N.Y., June 6.—At the Utica Board of Trade today, the following sales of cheeese were made—1,243 boxes large and small, at 6 3-8c; 4,962 boxes, large and small, at 6 1-2c; 170 boxes, large, colored, at 6 5-8c; 200 boxes, large, colored, at 6 7-8c; 73 packages creamery butter, at 16c; 40 packages prints at 17 1-2c to 18c. Cheese advanced 1-4 over last week, and market strong.

The egg market is without material change. There is a demand for small lots at 9c to 10c.

Beans are quiet at $1 for primes and $1.10 to $1.15 for hand picked.

There is a steady feeling in maple products, syrup in wood being quoted at 4 1-2c to 4 3-4c, and in tins at 45c to 50c as to size.

WHEAT IN SIGHT.

Sixty-Nine Million Bushels, Compared With Only Forty-Three Millions a Year Ago.

The visible supply of wheat in the United States and Canada shows a decrease of 1,085,000 bushels compared with a week ago, and a decrease of 1,863,000 with a year ago. The amount on passeage to the United Kingdom shows an increase of 640,000 bushels compared with a week ago, and an increase of 12,320,000 with a year ago. The amount on passage to the continent shows an increase of 640,000 bushels compared with a week ago, and an increase of 16,000,000 with a year ago. The total amount of wheat in sight shows an increase of 195,000 bushels compared with a week ago, and an increase of 26,457,000 with a year ago.

The wheat in sight, with comparisons, is as follows:—

	June 6, 1898.	May 30, 1898.	June 7, 1897.
Visible supply U. S. and Canada	22,587,000	23,672,000	24,450,000
On passage to U. K..	22,960,000	22,320,000	10,640,000
On passage to continent	23,920,000	23,280,000	7,920,000
Total in sight .	69,467,000	69,272,000	43,010,000

MONTREAL GRAIN.

A Better Demand for Manitoba Flour on the Other Side—Flour Remains Unchanged.

There has been quite an appreciable improvement in the demand for Manitoba wheat, and sales aggregating about 250,000 bushels of No. 1 hard have been made at equal to about $1.22 afloat Fort William. There has also been a little more enquiry for Ontario wheat, and business has been done in red at 98c, about 25,000 bushels being involved. Oats are weaker, if anything, at 35 1-2c to 36c afloat, but in other lines there is no material change.

The flour market fails to show any particular change at present, and the situation on the whole is rather uninteresting. The demand does not amount to a great deal, and, although wheat is lower, prices hold fairly steady. Winter wheat patents, $6.00 to $6.15; straight rollers, $5.50 to $5.75; bags, $2.60 to $2.75; Manitoba patents, $6.90, and strong bakers', $6.50; extra, in bags, $2.40 to $2.50.

Feed is in pretty good demand, and steady. Ontario bran, $13.50 to $14; shorts, $61; Manitoba bran, $14; shorts, $16.

Hay is moderately active at $10 for No. 1, and $8 to $8.50 for No. 2 in car lots.

OPENED FIRE AGAIN.

Twenty-four Vessels Pounded the Santiago Fortifications Yesterday.

It Is Believed that the Prisoners of War Are Being Treated Well by the Dons.

Havana, June 6.—6 p.m.—At eight o'clock this morning twenty-four vessels of the American fleet opened fire on the fortifications at the entrance to Santiago harbor and along the coast line. The firing ceased about eleven o'clock. Further details are not yet known here.

Col. Alden, with a Spanish force, sustained a fire near Punta Cabrosa from the insurgents on the land, and from the American warships. The Spanish forces are well entrenched on the line from Siboney to Aguadores, and to-day they checked an attempt of the American forces to land and repelled them.

It is understood that the members of the Merrimac crew, who are imprisoned at Santiago, are well treated by the Spanish commander.

On board the Herald despatch boat, off Santiago de Cuba, via Kingston, Jamaica, June 6.—When I left the squadron under Rear Admiral Sampson, in front of Santiago de Cuba, yesterday, plans had been made for an attack on the town to-day. The assault was to have taken place yesterday, but was postponed.

"We were billed to smash the Cuban outfit," Captain Bob Evans, of the Iowa, told me. "All plans for the bombardment had been made. The ships were cleared for action, and everything was ready, when a delay was ordered."

This delay was probably due to the appearance of a Spanish launch bearing a flag of truce, which started from the cruiser Almirante Oquendo just about the time the order for the bombardment was to have been given. The Spanish officer in command of the launch said it was thought on the Oquendo that a signal flag had been displayed on the Iowa. As soon as he learned his mistake he returned to his ship.

The Resolute has reached the fleet with ammunition and supplies. There is no doubt among the officers of the squadron that a Spanish torpedo boat destroyer was sunk last night.

Pain Around the Heart,

AND ALL OTHER SYMPTOMS OF HEART DISEASE ARE TOO DANGEROUS TO NEGLECT.

An Ingersoll, Ont., Man tells how Milburn's Heart and Nerve Pills Restored his Heart to Healthy Action.

SOMETIMES a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it will burst. Once and a while you have a dizzy or faint spell, feel weak, nervous, irritable and depressed. There is no other remedy will do you so much good, restore your heart to a natural condition, build up your strength and give you back vigor and vitality as Milburn's Heart and Nerve Pills. Here's what Mr. Hugh Moore, Ingersoll, Ont., says about them: "Last year I was sick with Malaria. Since then I have had serious heart trouble, such as sharp pains beneath the heart, violent palpitation, shortness of breath, smothering spells on going to bed, etc. My rest was broken and disturbed, and I often woke up gasping for breath, while my heart beat so violently as to make me fear sudden death.

"I heard that Milburn's Heart and Nerve Pills were a good remedy for heart troubles and therefore got a box from Mr. G. A. Ionson's Drug Store, and to my surprise and delight obtained almost instant relief. My heart is now all right, the pain is gone, the heart beat is natural, the shortness of breath has vanished, and I have had no attack of smothering since beginning their use. I now get unbroken, restful sleep, so that I am feeling strong and well. Milburn's Heart and Nerve Pills have wrought this gratifying change, and I heartily recommend them to all sufferers."

Price 50c. a box, or 3 for $1.25, at all druggists. T. Milburn & Co., Toronto, Ont.

LAXA-LIVER PILLS are purely vegetable. Never gripe, sicken nor weaken. Cure Constipation, Biliousness, Sick Headache and Dyspepsia. Price 25c.

AMONG THE SHIPS.

In and Out of Montreal.

Arrived—June 6 and 7.

Steamship Oakmore, Campbell, Liverpool, W. Johnson & Co., general.

Steamship Teelin Head, Arthurs, Belfast, McLean, Kennedy & Co., general.

Steamship Campana, Demers, Pictou, J. G. Brock, general.

Steamship Fram, Pictou, Intercolonial Coal Co., coal.

Sailed—June 6 and 7.

Steamship Cairo, Rowe, Newport, T. R. McCarthy, general.

Steamship Truma, Morgensen, Sydney, Kingman & Co., light.

Steamship Iorwent Holme, Holmes, Glasgow, McLean, Kennedy & Co., general.

Steamship Greta Holme, Ritchie, London, McLean, Kennedy & Co., general, sails to-morrow.

Steamship Krim, Irgens, Sydney, Kingman & Co., general.

Vessels in Port.

Arrived, steamship Ladoga (Br.), Hartlepool, for Montreal.

Steamer Simonside (Br.), Sunderland, for Quebec.

Steamship Turret Bell (Br.), Sydney, for Montreal.

Barque Guldregn (Nor.), Sharples, for St. Thomas, Q.

MUSIC AND DRAMA.

The Jaxon Opera Company.

Last evening the Jaxon Opera Company opened their engagement in Montreal by singing Donizetti's "Lucia di Lammermoor" and Mascogni's "Cavalleria Rusticana." That it was a mistake to jam the two operas into one evening's performance was rather peculiarly demonstrated by the manner in which the audience began to filter away as time approached the midnight hour. In grand opera the demarcation between pathos and bathos, the line that separates the sublime from the ridiculous, is not always a broad one. Last evening it was at times altogether lost sight of, particularly in Donizetti's dangerously sincere "Lucia di Lammermoor." The redeeming feature in the Jaxon Company is the dash, the vigor with which they go through their lines. They give one volume, even though it be at a sacrifice of those opportunities for delicate phrasing which Mascogni so persistently presents. There are times when this failing is almost lost sight of, but during most of the evening it was painfully apparent. The beautiful intermezzo of "Cavalleria Rusticana" was one of the most worthy performances of the entire evening. It received a well-deserved encore. Mlle. Diard's voice is thin, but fluent. Mr. Winfred Goff has a strong, full and slightly inflexible voice, while Mr. C. M. Holly sang with more feeling but less power. In the chorus the male voices were easily the more excellent. Fortunately, however, the average summer audience is not a critical one, and the applause during the evening was generously unrestrained.

Theatre Francais.

The Francais entered on the last week of its season last night, and the bill which Mr. Phillips has prepared is a good one. The Metropolitan trio of singers and humorists are clever and very entertaining. Prof. Doherty's twelve white poodles do the prettiest act of its kind ever seen in Montreal. The dogs seem to possess almost human intelligence. The Meeker Mack trio of acrobats are clever; the forward somersaults being worthy of special notice. M'lle. Flora is a decided novelty in her wire act, preceded by a bit of good fun. The Valmore sisters are capital dancers, and Miss St. John dances nicely. Mites and Ireland and the Koynes are splendid entertainers, but little Chip has lost his grip. Taking it all in all, the performance is a really splendid vaudeville bill, and a worthy wind-up to a long and successful season.

The Queen's.

The Queen's Theatre again has the biograph this week, but it has added the Hungarian Band to the vaudeville programme. Some of the pictures are new, but the majority were seen and enjoyed last week. The entertainment is certainly an enjoyable one, and deserves much better patronage than that which it is receiving.

At the Royal.

This week's performance at the Royal should prove a good drawing card for lovers of burlesque. A large house attended last night's performance which was fairly good. The show begins with a comedy "A Hot Old Time." The specialties introduced last night were novel and interesting.

Sohmer Park.

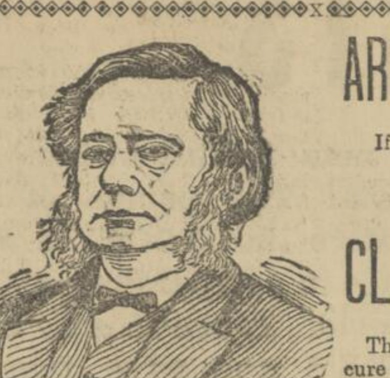

This enjoyable resort entertained thousands of people yesterday, and the new programme proved the most acceptable of the season. No better music has been heard in Montreal for some time than the singing of "The Daughter of the Drum Major." The finest selections were taken from the pretty opera, and sung in a manner worthy of the Park, its fine orchestra and its management. The "Bowery Girls" made lots of fun, but the premier humorous act was that of Hector and Lauraine, the grotesque acrobats. They are the most remarkable men in the world in their own particular line, and the management scored one in getting them over from Paris. The sextette from "Lucia de Lammermoor" was much enjoyed. Sohmer Park has a grand entertainment.

Jewellers Will Organize.

Farnham, June 7.—(Special.)—A meeting of those interested in the proposed formation of an Eastern Townships Jewellers' Association has been called to be held at the Revere House, Farnham, on Wednesday, June 22.

Will Give a Bonus.

Kingston, Ont., June 7.—(Special.)—The civic committee on finance will recommend that a by-law be submitted to the taxpayers granting the Kingston Cotton Mill a bonus of $25,000 and exemption from taxes for twenty years.

Some Bank Transfers.

Toronto, Ont., June 7.—(Special).—Mr. H. J. Grassett, manager of the Bank of Commerce, Waterloo, has been transferred to Barrie. Mr. W. A. Roberts, of Montreal, takes his place at Waterloo.

SUMMER SHIRTS.

The selling of Summer Shirts is now in full swing. Each day we are showing something new. The people of Montreal know better now than ever before that TOOKE'S SHIRT DEPARTMENT takes no second place in comparsion with any shirt stock in any market in the world. Prove this by investigation. Buy your shirts at TOOKE'S and save twenty to twenty-five per cent.

Good quality, perfect fitting, tailor-made Shirts, $1.00.

R. J. TOOKE, 177 St. James Street. 2387 St. Catherine St., West, 1553 St. Catherine St., East.

SHIPOWNERS WERE SCORED.

TOLD THEY ARE BEHIND THE TIMES

Hon. Mr. Tarte Discussed the Question of Harbor Improvements in the House Yesterday.

A FEW RUN THINGS, HE SAYS

The Premier Announces That it is Imperative There Should be no Further Delay.

DRUMMOND COUNTY DEAL

The Opposition, Realizing That They Made a Mistake, Are Anxious to Cover Matters Up.

Ottawa, Ont., June 7.—(Special.)—The Conservative party does not want the report of the Drummond County Railway committee of investigation to be discussed this session, and, evidently, hopes that next session no one will wish to revive the matter. Coming on the heels of the backdown of the Conservative members of the committee, this is exceedingly suggestive. Seeing that a great mistake was made in opposing the proposition introduced last session to purchase the road, and in making such extravagant charges of corruption, the policy now seems to be to try to have the whole thing hushed up.

Drummond County Report.

Mr. Lister, at the opening of the House, gave notice that he would to-day move the adoption of the report of the Drummond County Committee.

Dr. Montague enquired, with an air of astonishment, if there was not an understanding that the matter should not be discussed just now.

Mr. Lister pointed out that the report would have to be taken up at once.

Mr. Borden (Halifax) said it was not desirable that any discussion should take place at this late date, as the debate would extend over a considerable period.

The Premier doubted whether the House could take up the report at next session, but if the Opposition objected the notice of motion could be received, and meanwhile a private conference could be held.

A Private Letter.

Mr. McDougall (Cape Breton) asked the Premier to say if he had written a certain letter to Cardinal Rampolla, of which he quoted a portion.

Sir Wilfrid Laurier—"I beg to say, in reply to my hon. friend, that I have no answer to make to any inquiries as to private and confidential correspondence not on public matters. I will further say to my hon. friend that if he wants to know if I wrote any such letter he should produce the letter in its entirety. In the copy of the letter there is a line of asterisks, showing that a part has been suppressed and the letter garbled."

Montreal Harbor Works.

Mr. Foster, on motion to go into committee on the Montreal Harbor bill, asked what principle the Government was going on. Mr. Tarte urged the practical agreement on plan 12a as a reason for going on with that part of the works. Then he decided, what the Harbor Commissioners and no one else had thought of, that $750,000 of the proposed loan should be devoted to carrying out another work in a different part of the city. The hon gentleman read from the last report of the Council of the Montreal Board of Trade, and from the reports of Messrs. Hugh McLennan and D. G. Thomson, representing them on the Harbor Board, showing their position. The Harbor Commissioners and the Board of Trade had accepted plan 12a because they believed the Government was going to bear the cost, and expressed that understanding in several resolutions.

The Board of Trade could not be said to be a clique, animated by narrow motives, coincident as their views were with those of the Harbor Commissioners and Corn Exchange. It would be thus seen that the compromise on 12a was a compromise induced by the belief that the work was to be done by the Government. What the business men of Montreal objected to was being compelled, after getting a loan at a higher rate of interest than the Government paid, to expend $750,000 in a work the Harbor Commissioners were not prepared to carry out at present, and which they believed the harbor revenue would not stand. What Montreal was suffering for was the central works, not the east end works. The Witness had returned to its proposition and the Gazette had letters from men who were not nobodies. It was almost political indecency that the House should be asked to vote two millions when the state of divided opinion in the district interested was such as it is. The Harbor Commissioners had been forced to adopt a pet scheme of the minister's own.

"Will he deny," continued Mr. Foster, "that there is a large and influential body of speculators interested in this matter which is following this with the keenest eye, backing it with the strongest arguments, pulling every political wire that can be pulled? Will he deny that when the Government comes down, and in advance of having a single plan, estimate or preparation made as to the cost of expropriation of land and construction, with that advertisement that they are going to make it incumbent on the Harbor Commissioners to put certain works in a certain place, that they are not taking the best plan to make speculation rife in the district?"

HON. MR. TARTE GIVES SOME FACTS

Montreal Harbor Belongs to Canada, He Says, and Should Be Dealt With From That Standpoint.

Mr. Tarte—The opposition that is manifested to-day comes from men who shelter themselves under one pretext or another, but who, in the bottom of their hearts, do not want any improvements in the port of Montreal. The best evidence of the truth of what I say is that plan No. 6, approved in 1890, has never been carried out, and these men have been the real masters of the harbor of Montreal during that time. They do not realize that there has been a change. They believe that they are still the masters, that the same Government over which they had such influence is in power. They are making a mistake. The Harbor Commissioners came to the department in 1890 and asked to be authorized to carry out Plan No. 6, but instead of carrying it out Messrs. McLennan, Thomson and Ogilvie simply built, with the funds of the Harbor Commission, in their own personal interest, the Windmill basin which, when it is completed, will cost a million dollars. Everybody in Montreal knows that and that they dare not speak of speculation. Let any member of the House come to Montreal and he will find that that Windmille basin has been built simply with the object of digging a canal in the interest of Messrs. Ogilvie and McLennan. These men were members of the Harbor Commission. Mr. Thomson is still there, but this is fighting the battles of the past. There has been a change and this Government is bound to no clique and to no personal interest.

After reading a petition from the Harbor Board in 1874, in which it was admitted that the conditions had changed, Mr. Tarte protested agains the selfishness of some people in Montreal, who believed that the trade of the whole Dominion could be locked in 3,600 feet of the harbor of Montreal.

A Very Poor Harbor.

He continued: The harbor of Montreal is one of the worst in the world, and they would like us to starve still—plan No. 12A is the result of long negotiation. Of course those who do not want any improvement will oppose any plan, and they will oppose 12A. But we are not bound to stand idle when we see the trade coming down to our port. Mr. Foster is under a great misapprehension if he thinks that it has been intimated to the Harbor Commissioners that if they accepted this plan No. 12A it would be constructed out of the public funds. Why should any member of this Government take such a position? Those gentlemen were ready, as they said in 1896, to have plan No. 6 constructed with the funds of the Harbor Commissioners. Here is a plan which is much less expensive. Trade has vastly increased. Why should we ask the people of Canada to take the burden of carrying out this plan at the public expense. Does my hon. friend advocate such a policy? I am sure he will not. But I am surprised to hear Mr. Foster say: "Well, you are simply loading Montreal with the interest on that sum of money." The harbor of Montreal does not belong to the City of Montreal, to the few people who live in that city, the harbor of Montreal belongs to this great Dominion. It is the trade of Canada which pays the interest on every cent which is spent there. I do not see why half a dozen men should have the right to dictate to this Parliament what we should do. I am always ready to listen to representations made to us by business men of standing, but when we are threatened, when we are told what we must do, and we must not do that, there I draw the line.

Improvements in the East.

I say that the improvements in the eastern part of the harbor of Montreal are just as important as those in the centre of the harbor. What we are aiming at is to carry out a plan which will give satisfaction to all parties concerned and which will give the needed accommodation to trade—wharves built in the centre of the city would be of great importance and would be very useful, but if we want accommodation for the grain trade, and we expect next year to ship 100,000,000 bushels of grain from Montreal, we must necessarily equip the eastern part of the city. I am told that we are loading the port of Montreal with a debt she will not be able to pay. I am surprised to hear such language.

The harbor of Montreal has always had a pretty large revenue, although I am bound to say there is no corporation which has been administered in a more loose way than the port of Montreal. Since the new commissioners took office they have decreased the expenditure, but all those who know the state of affairs are justified in saying that $20,000 or $25,000 a year could be saved by making reforms.

Trade Is Increasing.

Moreover, trade is increasing every year. As to the dry dock, I make this prophecy that it will be the best paying business of the whole harbor of Montreal. We have a dry dock in Levis, and in looking at the result of its operations last year I find that my department has realized a revenue of $6,000 a year over and above expenditures. I do not see why a dry dock located in the port of Montreal should not more than pay its expenses. Mr. Foster has insisted very strongly that there is a large speculative interest which is waiting the result of this bill. Well, Montreal is a city where large speculation is carried on, both in the east and west ends of the city. The virtuous commercial gentlemen who caused Windmill Basin to be constructed in their personal interest at a cost of over $1,000,000, had the element of speculation in them.

There has not been an inch of land bought for carrying out the work in the eastern part of the city from the syndicate consisting of men of both political parties.

Mr. Foster—I did not say there was.

Mr. Tarte—There was the insinuation.

Mr. Foster—I neither said it nor insinuated. I suppose the quantity of land required is not more than sixteen or seventeen acres. The purchase of that small quantity of land from the syndicate is not what will assist the syndicate. It is the appreciation of property in the vicinity of these public works there.

Mr. Tarte—According to that argument, because some men, of both political parties, bought property there ten years ago, there should never be any improvement in that part of the city. That is a fine argument, that is a broad argument for Mr. Foster to use. If he would do me the pleasure of visiting the harbor of Montreal after the session I prophesy that when he returns he will be of my own opinion. Where would he establish grain elevators except in the eastern part of the harbor? There is no other locality suitable.

A Reference to Montreal Shippers.

"Mr. Thompson is well known as being the manager of a fleet of old-fashioned floating elevators in Montreal, elevators twenty and twenty-five years old. Mr. Thomson understands right well that if permanent elevators are built his small fleet of old-fashioned elevators are done. The Allans have rendered very great service to the trade of Canada in the past, but they have allowed themselves to be outdistanced in the race for trade. I am very sorry, indeed, that the old spirit of Sir Hugh Allan is now no more in some of the representatives of the Allan Company, and I trust that the young element in the company will go back to the old traditions. Business men who have followed carefully the movements of the trade in Montreal are not surprised at the opposition which is raised against these harbor improvements. Last year, to control the freight rates for the trade of the lakes, some of the men who are opposing the improvements in this port of Montreal managed to exclude from being insured what are called "pinflats,"—and why? Because these pinflats were competing with them. They have played the very same game now. They are fighting everyone who comes into the race of trade against them. When the Prescott elevator was built some of these men that are opposing the improvement in the harbor of Montreal did everything they could to prevent Mr. Hutcheson and his friends carrying their grain to Montreal at reasonable rates, and the Prescott Elevator Company have been forced to be somewhat backward in bringing their grain to Montreal. It is time that that monopoly which has retarded the progress of the port of Montreal should be broke ndown.

They are Powerful.

I know that I have been taking great risks. Those men are strong and powerful, but the people of the country are stronger than any monopoly. Sir, I stand here as representing the interests of Canada. We are deepening our canals, we are going to spend ten or twelve millions in this great work, and while we are providing all the necessary means for bringing the trade of the west by the St. Lawrence route, these men are trying to prevent Montreal improvements, which are absolutely necessary for the accommodation of that great trade. I protest against their action. I protest against it in the interest of Canada. It is not very surprising indeed, to find that Mr. Allan and Mr. Torrance do not want any improvements. It is not surprising to those of us who know how things are handled in the port of Montreal. These companies, the Allan and the Dominion, have monopolized two-thirds of the speace in the port of Montreal. They are very well provided for and they do not care for others. So much so is this the case that three years ago when the Elder-Dempster line came to Montreal with their ships they had any amount of trouble to find accommodation, and last summer, when the same company had sixteen ships they had more trouble because these two companies, who have the control of the Harbor Commissioners and who exert a great influence in the Board of Trade, have monopolized so much of the harbor. I do not blame them; they are working in their own interest, but it seems to me they should have more reason, they should allow everybody to live, and they should not set themselves against progress. The only place where permanent grain elevators and warehouses can be erected is in the eastern part of the city. That is the reason why in 1894, when the Harbor Commission applied for additional aid they insisted that $1,000,000 should be spent in the eastern part of the city, but now that famous Windmill basin is built they do not want any more improvements. Now that they have provided for themselves they do not want anybody else to live.

As to the Finances.

Perhaps I should say one word on the financial aspect of the scheme. The harbor of Montreal has always had a large surplus. In spite of the fact that two years ago the commissioners reduced their rates by 25 per cent. they had a surplus last year of $30,000. Is there any man in this House who will say that the trade will not increase and largely increase in the coming years? These very works will help to increase that trade, and increase of trade means increase of revenue. It seems to me that there is no ground for fear on that point. The improvements that will be made will result in bringing to the port the largest class of ships. Last year I had correspondence with Sir William Van Horne. After having gone over the lakes, after having inspected the St. Lawrence, and after having found that so small a proportion of the western trade was coming by the St. Lawrence, I wrote to Sir William Van Horne and asked him, "How is it that the people of Canada, who have spent so many millions in building the Canadian Pacific Railway, and in deepening the canals, have got so small a return?" Sir William answered in a letter which was published in the press. "Bring to the harbor of Montreal large ships, which mean cheap rates, and you will have any amount of freight. What has been lacking in the harbor of Montreal has been ships." Well, I want to deepen the St. Lawrence so as to secure the coming of ships the whole year round, with Halifax and St. John as winter ports. In what condition are we to-day? During the summer months one company will not send its ships to Montreal. Even the Dominion line do not send us their best ships. In the winter months the Allan Company are fighting for an American port against the Canadian ports. I say let us equip the port of Montreal, of Quebec, of St. John, of Halifax. Let us then secure the presence in Canadian waters of ships which will carry our trade. That is the object I have in view. You cannot break a monopoly without fighting hard. I have fought to the best of my ability. In a few months even those who have opposed these plans will be obliged to come to reason. They are not a majority.

Will Help the East End.

Mr. Foster has spoken with disdain of the land that is going to be sold in the East End. I make this prophecy, that on the land of which he spoke with such disdain, before a few years have passed, there will be an immense trade, elevators to handle that trade and large wharves and ships such as there is in Boston and other rival ports. I do not see any reason why every bushel of grain raised in the West should not be taken by the St. Lawrence route; and the cheapest rate that will be secured in the port of Montreal will mean the best price for the producers of the West. (Applause.)

Dr. Sproule Objects.

Dr. Sproule read a letter signed by all the steamship companies protesting against the cost of the dry dock being put on the port. For himself he objected to the loan as an increase of the debt.

PREMIER SAYS THERE IS NO TIME TO LOSE.

Sir Wilfrid Declares That the Talk of Undue Speculation is all in the Air.

Sir Wilfrid Laurier could not see where there was any increase in the debt when the Government got bonds for two million dollars for the loan. The only objection he could see that was urged against the dry dock works was not that it was not required or would not be beneficial to the city and the country—because again and again it had been petitioned for—but that the character of the work was such that the national exchequer instead of the harbor of Montreal should be burdened.

The ex-Finance Ministed had spoken of speculation being rife in the vicinity where the dock would be. If there was speculation rife to take advantage of the works, there would be no less speculation if the Government did the work instead of the Harbor Commissioners. The charges of boodle and speculation were all in the air; there was no foundation for them. That the work should not be carried out because some people would benefit by it was a ridiculous argument. If some people wished to have the work done and others not, what was the Government to do? It would ignore the jarring differences exsiting in Montreal and do what was best for the city and country. While this discord lasted time was being lost. Not a single minute more should be lost. He hoped the works would commence within a month. Better make a mistake than do nothing, as in the past; better make a mistake than lose another year. The policy of activity inaugurated by the Government would be endorsed by the people of Montreal.

The bill was passed in committee, and now stands for a third reading.

MEMBERS HARD ON THE RAILWAY.

Continued from page 1.

Charges Against a Deputy.

Mr. Oliver said, to set the matter at rest, he would state—and he would do so with full responsibility of a member of the House—that the reason in his opinion that justice was not done in the case of the two men who lost their lives was because the Deputy Minister of Justice, Mr. Newcombe, refused to put the machinery of justice in motion when he was requested to do so by himself.

Sir Wilfrid Laurier—The matter was too important to be dealt with now, more especially the serious charge laid against the Deputy Minister of Justice by a member of the House. But the whole subject would be enquired into.

W. D. & H. O. WILLS,

Bristol, Eng. Their entire better makes of tobaccos, such as "Capstan Navy Cut," "Gold Flake Honey Dew," "Traveller," "Bristol Bird's-Eye," and others always to be had at E. A. Gerth's, agent, 2335, St. Catherine street. Queen's Block.

SAVOY HOTEL.

Nos. 10, 12, 14 and 16 Victoria Street

Conducted entirely on the European plan. The best furnished bedrooms in the city, $1 to $2 per day. All meals a la carte. Dining rooms open nightly until one o'clock for theatre parties. Private rooms reserved for parties of four or more on order by telephone 4276.

A special rate will be given for permanent guests.

Sixty 'Used' and Second Hand Pianos.—To make room for new stock coming in daily, Knabe, Bell and Williams Pianos, we offer for immediate sale at sacrifice prices 60 pianos, many of them only rented a few months or lent at concerts. Also second hand pianos, grand, square and upright, of every known make of Canada and the United States. Willis & Co., 1824 Notre Dame street, (near McGill street), Montreal.

HERALD BULLETIN

ANNOUNCEMENTS.

CARRIAGES.

We have a $20,000 Bankrupt Stock which must be cleared out at once.

590 St. Paul Street.

PERSONALS.

Mr. J. N. Greenshields, Q.C., is confined to his bed by illness.

Mr. J. C. Higham, a well-known produce man of New York, is in the city.

Rev. Dr. Adams, principal of Lennoxville College, is staying at the Carslake.

Rev. Dr. Adams, principal of Lennoxville College, is stopping at the Hotel Carslake.

Hon. Senator Macfarlane, of Wallace, is in Montreal, a guest of Mr. D. M. Kerr, Cadieux street.

Miss Rogers, of New York, who is among the recent arrivals in town, is the guest of Mrs. G. W. Stephens, Dorchester street.

Mr. Edward H. Felleros and Mrs. Felleros, who have been making a short stay in town, left for England on Saturday by the Scotsman.

Mr. A. Gunys, Brantford; E. J. Sparkman, Exeter; Thos. Cole, London; S. H. Foster, Toronto; W. H. Henderson, London, and W. H. Young, Galt, are at the Balmoral.

Dr. H. Ami, of the Geological Survey, Ottawa, and Mrs. Ami are spending a few days in town on a visit to Mr. and Mrs. G. B. Burland.

Mr. C. W. Spencer, general superintendent of the C.P.R., and Mr. J. B. Elliott, master mechanic, have gone to Quebec on a tour of inspection.

Lieut.-Col. John Bayne MacLean has just returned from Toronto, where he was attending the cavalry school, and has taken a cavalry certificate.

Mrs. Jos. C. Vibert, Hutchison street, has left on a visit to her sister, Mrs. A. C. Weir, of "Hazelwood," Bridge of Weir, near Glasgow, Scotland.

Mr. G. F. Frankland, accompanied by Mrs. and Miss Frankland, passed through town on Saturday from Toronto, on his way to England, by the Scotsman.

Rev. Mr. Gordon-Smith, of Lancaster, father of Mr. Charles Gordon-Smith, city editor of the Star, is in town. He is a visitor to the Presbyterian Assembly.

Mr. Mortimer Davis has taken the handsome residence of Mrs. R. L. Gault, 906 Sherbrooke street, of which he will take possession upon Mrs. Gault's departure for England on a lengthened absence.

Mr. and Mrs. J. Turner Routledge, of Belmere, Georgeville, have been spending a few days in town at the Windsor, accompanied by Miss Routledge, of London, England, who has been making them a visit.

Mrs. Boswell, who has been the guest of Mrs. William McLennan for some weeks, during which she suffered from a severe attack of illness, has sufficiently recovered to return to Quebec, accompanied by her daughter, Miss Boswell.

Mrs. Robert Dalglish, who, with her daughter, Miss Blanche Dalglish and Miss Lily Dalglish, is about to spend the summer in England, visiting relatives and friends, was among the departures on Saturday morning by the Numidian.

Prof. Frank D. Adams, professor of geology and palaeontology in McGill University, has been offered the position of provincial mineralogist of British Columbia. He has declined the offer, however, at the wish of the university, and will remain in Montreal.

Amongst the passengers on the steamship Parisian are Lieut.-Col. Henshaw, Surgeon-Major G. K. Poole, Staff Paymaster W. G. Penfold, Col. H. B. Kingscote, Major H. H. Smythe, Lieut. R. M. Macroy, Hon. Thomas Playford, Mrs. Playford, and Miss Playford, Captain J. A. Benyon and Mrs. Benyon and child.

The following Montrealers are staying at New York hotels:—Mrs. J. C. Allen, at the Grand Union; J. C. Kayser, at the St. Cloud; J. Thorpe, at the Murray Hill; W. J. Tabb, at the Broadway Central; J. M. Fortier, at the Manhattan; W. D. Ramsay, at the Cosmopolitan, and W. A. Edwards, at the Vendome.

Among the 140 cabin passengers per steamship Parisian, due here Saturday, are General Lord William Seymour, Lady Seymour, four daughters and four servants. Lord Seymour comes out to relieve General Moore as commander of the British forces in Canada. Lieut.-General Moore, with Mrs. Moore and the chief of staff, will be passengers per steamship Californian, sailing 30th inst. Among the other passengers on the steamship Parisian are Colonel Henshaw, Surgeon-Major G. K. Poole, Staff Paymaster W. G. Penfold, Col. H. B. Kingscote, Major H. H. Smythe, Lieut. R. M. Macrory, Hon. Thomas Playford, M.P., Mrs. Playford and Miss Playford, Captain J. A. Benyon, Mrs. Benyon, child and maid are also passengers by this steamer.

Among the prominent medical men who propose being present at the coming meeting of the British Medical Association in Edinburgh are:—Dr. T. G. Roddick, M.P., the retiring president; Dr. James Stewart, Dr. F. J. Shepherd, Dr. Armstrong, and Dr. H. G. Birkett. The visit of these gentlemen is eagerly looked forward to by their British confreres, who were the recipients of their hospitality when attending the meeting of the British Medical Association in Montreal last August. Dr. Roddick will be the guest of Sir William Grainger Stewart, president of the association for this year, during his stay in Edinburgh.

The first out-of-town match of the season to be played by the Ladies' Royal Montreal Golf Club will take place on Wednesday, June 8. The match will be played in Quebec, and a selected team of the members of the R.M.G.C. will play their sisters of the Quebec Ladies' Golf Club on their own links. The match is looked forward to with much pleasurable interest, and is creating no little excitement. The party of Montreal ladies, numbering about fifteen, leave this evening for Quebec. The party comprises Mrs. John Turnbull, Miss Cassils, Miss Bond, Mrs. Macdonald, Miss Lambe, Miss Ferrier, Miss Macpherson, Miss Linton, Mrs. Macpherson, Miss Towne, Miss Green and Mrs. Linton.

The Beaver Line R.M.S. Lake Winnipeg passed Martin River inward at 5 o'clock this morning witih the following saloon passengers:—Mr. Allan and child, Mr. G. J. Goodwin, Lieut. E. Reed, R.N.R.

The Beaver Line R.M.S. Lake Ontario sails to-morrow morning with the following saloon passengers:—Mr. W. Anderson, Mr. A. F. Brooks, Mr. F. R. F. Brown, Mr. W. H. Brown, Mr. C. Caldwell, Mr. Hill Campbell, Mrs. Campbell, Miss Constantine, Mrs. R. W. Craig, Mr. John Elliott, Mrs. Elliott, two children and nurse; Dr. Alex. Johnson, Mrs. Johnson, Mr. A. Morris, Miss Mudie, Miss Elsie Murray, Mr. A. McGoun, Era McGoun, Mrs. S. Rough, Mrs. Sargood, Mrs. C. A. Stayner, Miss Swan, Mr. Harold Thomas, Major Vereker.

The Bell Telephone Co. Loses.

Judge Doherty yesterday gave judgment in favor of Matthew Dineen for $242 in his suit against the Bell Telephone Company for excavations made and clearing away of debris for the building at the corner of St. John and Notre Dame streets. The company had pleaded that Mr. Dineen's recourse was against the subcontractors, who had employed him; but the court held that the work had been performed for the company directly.

SHIRT EASE.

There is no ease in an ill-fitting shirt. There is no ill-fit in our comfortable One Dollar Shirt.

Munroe Bros.,

2246 ST. CATHERINE ST.

CITY NEWS

Must Restore or Pay

Judge Curran has ordered R. J. Badger to restore to J. S. Badger the piano claimed by the latter, or pay its value.

Fell on a Hook.

Arthur Beardy, 35 Breboeuf Street, had his knee cut yesterday by falling on an iron hook. He was taken to the Notre Dame Hospital for treatment.

Rail Fell on His Foot.

On Saturday afternoon, Edward Mallory, of No. 1 Frontenac lane, had his foot badly crushed by a falling rail at the C.P.R. tracks, corner of St. Denis street, Mile End.

Grocers' Clerks Meet.

The Society of Grocers' Clerks held a regular meeting Sunday at two o'clock. It was then decided to attend service at the Church of St. Louis de France at 1.30 p.m. on the 12th inst.

The Scottish Clans.

The fourth annual picnic and games, under the auspices of Clan McLennan, No. 46, Order of Scottish Clans, will take place to Ormstown, P. Q., on Dominion Day, Friday, July 1.

An Infant's Body Found.

The body of a new-born infant was found lying in a field, the property of Mr. Viau's at Maisonneuve, Sunday morning. The body was wrapped in a paper parcel, and was found by Chief Farrel, of Maisonneuve. It was taken to the morgue, where an autopsy will be performed and probably an inquest will be held.

Couldn't Tell Who Was Responsible.

Judge Doherty this morning dismissed the actions of Pierre Malo against Alderic Bleau and Adelard Carriere for $399 damages each for the death of his little daughter, killed by being struck by a horse and waggon, owned by Bleau and driven by Carriere. His Honor found that it was impossible to tell from the evidence that the accident had been due to the fault of the defendants.

Mr. Robertson Appointed.

Mr. W. F. Robertson, a mining engineer, who graduated at McGill University in 1880, has just been appointed provincial mineralogist of British Columbia, in succession to Mr. W. A. Carlyle, resigned. He has been practising his profession in New York. Dr. Dawson, director of the Canadian Geological Survey, strongly recommended him for the position, for which there were numerous applicants.

Assumed the Habit.

The following have assumed the religious habit at the Mother House of the Order of Providence, Rev. Canon Vaillant, presiding:—Misses Georgiana Poirier, Helene Daignault, Georgiana Leroux, M. Anna Hudon, Angelina Ste. Marie, M. Rose Therien, Rose Anna Goyet, Angelina Hudon, Leona Brosseau, Emma Lantier, Honorine Renaud, Alice David, M. Anne Guilbault, Maria Langlais, Clara Blain, Zephirina Raymond, Alexina Lefebvre and M. Anne Massicotte.

His Grace's Movements.

His Grace Archbishop Bruchesi, held confirmation service at St. Mary's College, Sunday morning. The programme of His Grace's festival visits for the following week is as follows. Tuesday, St. Cleophas and St. Gabriel; Thursday, St. Damien; Friday, St. Jean de Mantha; Saturday, Ste. Emmalie. It is announced that Catholics will not be required under obligation to attend mass on Thursday, June 9, the feast of Corpus Christi, but the archbishop has decreed that they must either attend mass on that day to recite five Paters and five Aves.

The Lake Champlain Canal.

The Council of the Chamber of Commerce held a special meeting yesterday, at which the following resolution was passed: "Considering that it is urgent to direct the commerce of the western part of the American continent by the way of the St. Lawrence river, and that a channel connecting Montreal with Lake Champlain would enable shippers to forward their cargoes either by the gulf or by way of New York, it is resolved that this chamber favors any plan of canalization from Montreal to Lake Champlain proposed by the Federal Government or by any company, incorporated, and whose charter will authorize the Government to take at any time possession of the company's work, on conditions stipulated in advance in the interest of the public."

Business Notes.

Want Higher Wages.

Trainmen and railway employes seem to be taking advantage of the present busy and profitable times for their companies to secure increases in wages. As a result of the Ontario deputation of the Brotherhood of Railway Trainmen's visit to Toronto last week, it is just announced that the Canadian Pacific Railway Company has granted the request of the trainmen, and that hereafter they will receive an increase in wages amounting to about ten per cent.

At present a deputation representing the trackmen of the Grand Trunk is in the city awaiting the answer of the management to a request for an increase in their wages, which was submitted to the general superintendent, Mr. F. H. McGuigan, on Friday. The men have been getting one dollar a day. This, with their insurance deducted, brings their wages down to ninety-seven cents per day, which they claim is not a fair living wage, and not commensurate with the importance of the duties they are called upon to perform. The men also claim that the employes of other roads are better treated in the matter of wages than they.

"Raised on it"

NESTLE'S FOOD is a complete and entire diet for Babies and closely resembles Mother's Milk. Over all the world Nestle's Food has been recognized for more than thirty years as possessing great value. Your physician will confirm the statement.

NESTLE'S FOOD is safe. It requires only the addition of water to prepare it for use. The great danger attendant on the use of cow's milk is thus avoided.

Consult your doctor about Nestle's Food and send to us for a large sample can and our book, "The Baby," both of which will be sent free on application. Also ask for "Baby's Birthday Jewel Book."
