FIRST TIME-TABLE TRANS-SIBERIAN ROAD

Sixteen Days Consumed Between St. Petersburg and Vladivostock.

DISTANCE IS 10,338 VERSTS

There are Still Gaps in System Which Explain Delays in Transmission.

The first time schedule of the Great Russian trans-Siberian railway has been received by the passenger department of the Canadian Pacific, through the medium of the International Sleeping Car Company, "des wagons lits," of Paris, France, who are agents alike for the trans-Canadian and trans-Siberian roads. The time consumed in the journey from St. Petersburg to Vladivostock is 16 days. The distance is given as 10,338 versts, or about seven thousand miles. Of course, there still remain some gaps in the road, ranging from 1,000 to 1,600 versts, and when the road is completed, it is expected the time will be cut to ten days at first.

The peculiarities of the time card are that the day runs from 6 a. m. to 6 p.m. The length and unpronouncability of the names of the stations are such that the majority of them would consume a single line in any Anglo-Saxon paper.

The gaps are traversed by sleigh and diligence and it will be probably a year yet before the line is complete and the metals laid throughout.

RAILWAY STATION THIEVES CAPTURED AT MASCOUCHE

Judge Taschereau Sentences Two of Them to Twelve Years Each While Third Gets Eight Months.

Chief Special Agent Burns, of the Canadian Pacific Railway, received word to-day, that three men who have been suspected by him of having had a hand in the burglary of some of the stations of the line in the direction of Terrebone have been sentenced by Judge Taschereau, at Ste. Scholastique, and that two of them have received sentences of twelve years each.

The men are James alias John Nelson, a well known crook, who has done already seven years in the penitentiary for burglary, Bonivat alias Giroux, who is not known at all, and a man named Lefebvre alias Gagnon, who only received eight months in gaol, because there was little doubt he was a tool of the others.

The two first named who received twelve years a piece, were long suspected, and finally were caught by a posse collected by Messrs. Bennet and Lajoie, of the Lajoie Manufacturing Company, of Terrebonne, after they had burglarized the shops of the firm. They were caught at Mascouche and taken to Joliette where they were handed over to the Provincial authorities, and were transferred by Chief of Provincial Detectives McCaskill, and Detective Crowe, to Ste. Scholastique, for trial.

INTERESTING DISCOVERY OF REV. FATHER JETTE

In Frozen North of the Yukon Finds Tablets Written in Language of Natives of New Mexico.

A unique discovery, and one that has already aroused the interest of Biblical authorities all over the world, has just been made by Rev. Jules Jette, S.J., son of the Lieutenant-Governor of Quebec. Father Jette, who received his classical education at Montreal college and afterwards entered the Society of Jesus in this city, has been acting during the past three years as missionary among the Nulato Indians in the most northern part of Alaska.

While studying the language of the Nulatos, Father Jette found certain tablets upon which were hieroglyphics similar to those used by the Apache tribe of New Mexico.

What made the discovery of most especial interest was that there had always been a certain amount of doubt as to the truth of the statement made in the Bible, that all peoples were originally of asiatic origin and came down from the north to inhabit the different southern countries of the world. After conferring with the Jesuit Fathers in charge of the Apaches in Mexico, Father Jette found that, although separated from the Nulato Indians by thousands and thousands of miles, both were using the same language.

Bell Telephone Legislation.

To the Editor of the Star:

Sir,—It having been brought to my attention that a statement is being published in the press of Montreal and elsewhere to the effect that the Bell Telephone Co. is applying to Parliament for an Act empowering the company to increase its rates, I beg to say that such statement is untrue. The only legislation which is being sought is an act empowering the company to increase its capital stock in order that it may be in a position to satisfy the demands for telephone facilities made upon the company from various quarters and generally to meet the growing needs of the company's business.

Yours truly,
J. A. RITCHIE,
Solicitor for the Bell Telephone Co.
Ottawa, February 18, 1902.

Change in Central Vermont Service.

Commencing next Sunday, February 23, a change in Central Vermont train service will be effective as follows:

Train now leaving Montreal at 6.45 p.m. daily will leave Montreal at 6.05 p.m., arriving at St. Johns 6.50 p.m., St. Albans, Vt., 8.35 p.m., Burlington, Vt., 9.50 p.m.

Train now leaving Burlington, Vt., at 11.28 a.m. will leave at 11.30 a.m., St. Albans 11.45 a.m., St. Johns 1.00 p.m., arriving Montreal 1.55 p.m.

Train now leaving Burlington, Vt., at 4.25 p.m. will leave St. Albans 5.55 p.m., St. Johns 7.15 p.m., arriving Montreal 8.10 p.m. daily, except Sundays, instead of 7.50 p.m. as heretofore.

Service on Coronation Day.

Preparations are under way for the holding of an elaborate and stately service in Christ Church Cathedral in this city on June 26th next, the coronation day of King Edward VII. The exact form of service to be used on that occasion has not yet been selected, but it will certainly be of an imposing character. Special music will be rendered, and the service will be one that will long be remembered by those who will have been present.

McGovern Honourably Acquitted.

John McGovern was honourably acquitted yesterday by Judge Choquet. He was charged with illegally removing goods under seizure, but it was shown that what he did was not at all contrary to law.

Have You a Pain?

GRIFFITHS' MENTHOL LINIMENT will knock it out. Internal, external, rheumatic, or any kind, they are all alike to this pain-killing liniment. Druggists say it's the biggest seller. Users say it never fails to cure. It's made to cure. 25c and 75c at Druggists.

Dr. Cowan's Intment Cures Piles. 43 1

NO CANADIAN MONEY FOR EUROPEAN WARS

Substance of J. X. Perrault's Chambre de Commerce Resolution

WILL BE DEBATED LATER

Also Held That Britain Should Give Canada a Preference in Home Market.

Mr. J. X. Perrault, former Canadian Commissioner to the Paris Exposition, presented at yesterday's meeting of the Chambre de Commerce, a resolution against the payment of the expenses of the third contingent by the Canadian Government. The motion seemed to meet the approval of many of those present, but the president, Mr. D. Masson, and the vice-president, Mr. Brault, did not believe a resolution on such an important and delicate matter should be adopted by a body like the Chambre without careful consideration. The resolution introduced by Mr. Perrault reads as follows:

"Whereas, the Toronto Imperial League is now earnestly pressing on the Hon. Prime Minister of Canada the urgency of assuming the full expenditure connected with the military contingents lately recruited for the South African war by the Imperial Government, and

"Whereas, the Dominion of Canada, although fully prepared to defend its own territory, is not disposed to expend in European conflicts the millions which we so urgently require to develop in peace the immense resources of our vast territory.

"Resolved, that the Montreal Chambre de Commerce entertains the hope that the Hon. Prime Minister will maintain inviolate the arrangements already concluded with the Imperial Government, and that in future the taxes imposed on the people of Canada will be exclusively appropriated to the defence of its territory and to the peaceful agricultural, commercial and industrial development of our grand and prosperous country."

Mr. J. X. Perrault in introducing the resolution, said he wished to protest thereby in the most solemn manner against the tendencies of a certain group of English Imperialists who wished to see Canada assume the whole cost of the contingents that have been sent to South Africa. If the funds of the Dominion are used for such a purpose they cannot be utilized to deepen the channel, improve the port of Montreal, and improve transportation generally, in this province alone, not to speak of the great improvements necessary in other parts of the Dominion. Canada had already spent millions for the South African war. She had to keep garrisons at Halifax, Esquimalt and Quebec. Large sums have been spent in acquiring the most modern artillery and armament generally, and there is no reason now to break the agreement proposed by the Imperial War Office. In conclusion, Mr. Perrault spoke as follows:

"We have here, on this free soil of America, another mission than that of spending millions in European wars, which do not in any way affect us. We wish to live in peace with all the world, developing the immense resources of our vast territory, and we hope that the experience acquired by the Government in that unfortunate African war, which has spread desolation and ruin everywhere, will cure us forever from that thirst for adventures which has cost the British Empire so many millions in money and over 100,000 men put out of combat."

This motion will come up for discussion at the next meeting of the Chamber, on Wednesday next.

Mr. C. H. Catelli, seconded by Mr. A. Prud'homme, next introduced a resolution to the effect that as the preference given by Canada to Great Britain had been gradually raised until it now reached thirty-three and a third per cent, the Chambre should urge the Government of Canada to insist on the English Government for a return of the favourable treatment given to British goods, as has been consistently urged by the Chambre since 1892. This mutual preference, in the opinion of the movers of the resolution can have only one effect, that of drawing closer the bonds that unite the two countries, as well in a moral as in a material sense.

THE COMMITTEE APPOINTED.

Committees as follows were appointed for 1902:

Auditors—Messrs. Michel Benoit and C. Arthur Gagnon.

Arbitrators—Messrs. Jas. Cochrane, Hon. L. J. Forget, Charles Chaput, Isaie Prefontaine, J. X. Perrault, A. A. Thibaudeau, J. A. Vaillancourt, Felix Sauvageau, Alph. Racine, F. L. Beique, M. J. A. Prendergast, Guil. Boivin.

Legislation and municipal affairs—H. A. A. Brault, Hon. Alph. Desjardins, A. V. Roy, J. L. Coutlee, L. E. Morin, sr., S. Beaudin, C. Lebeuf, Isaie Prefontaine, Damase Parizeau, Guillaume Boivin, J. U. Emard, Jos. Lambert.

Bulletin—H. A. A. Brault, J. X. Perrault, Jos. Contant, Jos. Haynes, Hon. Alph. Desjardins, A. V. Roy, M. J. A. Prendergast.

Agriculture, colonization, mines and forest—H. A. A. Brault, Hon. J. D. Rolland, Felix Sauvageau, Damase Parizeau, J. X. Perrault, L. de G. Beaubien, Hormisdas Laporte, J. P. Mullarkey, A. V. Roy.

Accounts — Ubalde Garand, C. Arthur Gagnon, George Gonthier, Michel Benoit, C. P. Chagnon, Alex. Desmarteau, J. M. Marcotte.

Finances and Administration—L. J. A. Surveyer, C.P.Chagnon, Ubalde Garand, F. J. Granger, M. J. A. Prendergast, Jos. Fortier, L. J. O. Beauchemin.

Iron, metals and hardware—L. J. A. Surveyer, Alex. Prud'homme, J. D. Couture, Olivier Faucher, Frs. Martineau, Alf. Jeannotte, Jos. Letourneux.

Expositions and Amusements—L. E. Morin, sr.; Damase Parizeau, J. X. Perrault, Guillaume Boivin, A. V. Roy, Rodolphe Tourville, L. E. Geoffrion, J. B. Gratton, Thos. Gauthier.

Groceries—C. H. Catelli, D. C. Brosseau, Hormisdas Laporte, Chs. Chaput, Albert Hebert, Edmond Quintal, A. Robitaille.

Industries and manufactures—Hon. J. D. Rolland, I. M. Wilson, L. J. O. Beauchemin, Jos. Lamoureux, S. D. Jobbert, Jos. Fortier, J. B. A. Lanctot.

Novelties—C. P. Chagnon, Alp. Racine, J. B. A. Lanctot, J. D. Couture, Alp. Marcotte, G. Marsolais, Z. Arcand, Remi Gohier, sr., J. O. Careau.

Food products—C. H. Catelli, J. A. Vaillancourt, L. N. St. Arnaud, Chs. Langlois, N. Lapointe, J. B. Bournasa, L. E. Morin.

Hides and pelts—Guil. Boivin, E. Galibert, J. B. A. Lanctot, J. Jeannotte, S. L. Joubert, Geo. Baleer.

Chemical products—Jos. Contant, S. Lachance, Henry Miles, Jos. Lamoureux, Arthur Decary, Dr. Jos. Leduc.

Transports, telegraphs and telephones—H. A. A. Brault, C. H. Catelli, Hormisdas Laporte, L. E. Geoffrion, Armand Lalonde, J. P. Mullarkey, J. Cochrane.

The president will be an ex-officio member of all the committees.

Those present at the meeting, which was the first of the new board, were: President D. Masson, who presided; Messrs. H. A. A. Brault, C. H. Catelli, Sauvageau, G. Boivin, J. X. Perrault, A. V. Roy, C. P. Chagnon, J. B. A. Lanctot, Geo. Gauthier, Hon. Alph. Desjardins, A. Prudhomme, J. B. Gratton, Isaie Prefontaine, Joseph Fortier, S. Lachance, Felix Sauvageau, and Secretary Charles Haynes.

THE U.S. AND THE JAPAN TREATY

The U. S. Practically Becomes a Party to the Alliance.

NOTE TO CHINA AND RUSSIA

Chinese Integrity and the Open Door Will be Insisted on by America.

CHICAGO, February 20. — The Tribune to-day prints the following special cable-gram from Pekin, China, under date of February 19:

A sensation was caused in diplomatic circles here to-day when it became known that the United States, through Secretary of State Hay, had sent a note to the Russian and Chinese Governments following closely along the lines of the Anglo-Japanese treaty of January 30.

The note is interpreted as a distinct warning to both China and Russia that the United States will not permit the integrity of the Empire to be molested in favour of one nation to the detriment of another. The note, which practically endorses the English treaty with Japan, says:

THE MANCHURIAN TREATY.

An agreement whereby China gives any corporation or company the exclusive right or privilege of opening mines, establishing railways, or in any other way industrially developing Manchuria can but be viewed with the gravest concern by the Government of the United States.

"It constitutes a monopoly which is a distinct breach of the stipulations of the treaties concluded between China and foreign powers, and thereby seriously affects the rights of American citizens.

"It restricts their rightful trade, exposing it to being discriminated against, interfered with it or otherwise jeopardized, and strongly tends to permanently impairing China's sovereign rights in this part of the Empire, while it seriously interferes with her attitude to meet her international obligations.

"Furthermore, such a concession on China's part would be undoubtedly followed by demands from other powers for similar equal extensive advantages elsewhere in the Chinese Empire, and the inevitable result must be the complete wreck of the policy of absolute equality of treatment to all nations respecting the navigation and commerce within the Empire's confines.

THE OPEN DOOR.

"On the other hand, the attainment by one power of such exclusive privileges for the commercial organization of its nationality, conflicts with the assurances repeatedly conveyed to this Government by the Russian Minister of Foreign Affairs of the Imperial Government's intention to follow the policy of the open door, as advocated by the Government of the United States and accepted by all the treaty powers having commercial interests in the Empire.

It is for these reasons that the Government of the United States now, as formerly, animated by the sincerest desire of insuring the whole world the benefits of full and fair intercourse between China and the nations on a footing of equal rights and advantages to all, submits the above to the earnest consideration of the Imperial Governments of China and Russia confident that they will give due weight to its importance and they will adopt such measures as will relieve the just and natural anxiety of the United States."

THE POPE'S JUBILEE

Commencement of the Twenty-fifth Year of Leo XIII.'s Pontificate Celebrated in Rome To-day.

ROME, February 20.—The Pope entered on the twenty-fifth year of his pontificate to-day. Although the main celebration of the Jubilee is postponed until March 3, when the combined festivals of the Jubilee and coronation will be observed, to-day was marked by the singing of a Te Deum in St. Peter's, and other observances. The Pontiff, who was the recipient of congratulations from all sides, remarked to one well-wisher that his Jubilee was brightened by the resignation, yesterday, of Count Giusso, the Minister of Public Works, "who left the Government rather than approve of the divorce bill, which the Church holds hurtful to family morality and concord."

The resignation referred to is an indication of the bitterness of the opposition with which the Vatican and the Clerical party intend to fight the proposed law.

THE BEAUHARNOIS ELECTION IS VOIDED

Supreme Court Decides That Mr. Loye is Unseated—Appeal Quashed in the Richelieu Case.

(Special to the Star.)

OTTAWA, February 20.—The Beauharnois election was voided by the dismissal in the Supreme Court this morning of the Appeal of Loye vs. Poirier. Mr. Loye at the trial acknowledged bribery by agents but claimed that the trial proceedings on December 6, were null and void as legal diesnon had not been included in the calculation of the thirty days from the notice. The Supreme Court refused to interfere with the decision of the trial judge, Sir Louis Davies dissenting. This unseats Mr. Loye.

In the Richelieu election petition the court unanimously decided to quash the appeal. The appeal was on preliminary objections and the trail proceeds on the merits of the case. Judgments were also pronounced in appeals of The King vs. Likely. Appeal allowed and damages reduced to the amount of award by the valuators without interest. Costs against the respondent.

Oland vs. McNeil, dismissed with costs.
Hanley vs. Wright dismissed with costs.
Peters vs. Worrell dismissed with costs.
Skinner vs. Farquharson, allowed with costs.
Mr. Justice Sedgewick dissenting.

Prices Fixed for Pig Iron.

CLEVELAND, Ohio, February 20.—The Bessemer Association has fixed the price for bessemer pig iron for the third quarter of the year at $18 a ton at valley furnaces. The association comprises nearly all the merchant blast furnaces of the Shenango and Mahoning Valleys.

Earl of Fitzwilliam Dead.

LONDON, February 20.—William Thomas Spencer Wentworth-Fitzwilliam, sixth Earl of Fitzwilliam, is dead. He was born in 1815.

Qost Asthma Effect.

It took seven bottles of CLARKE'S KOLA COMPOUND to cure Mr. Robt. Crow, of Elmdale. But what's ten times that amount in consideration of the relief he got. You'd give anything, wouldn't you? But that's not necessary. An honest treatment with this wonderful remedy will effect a cure. It's a constitutional treatment. Druggists, or write The G. & M. Co., Limited, 121 Church St., Toronto. 52 1

BOERS CUT UP THE SCOTS GREYS

A Detachment of Hamilton's Force Surrounded.

MAJOR AND CAPTAIN WOUNDED

Two Killed and 46 Captured — The Boers Return the Prisoners.

LONDON, February 20.—A detachment of the Scots Greys, one of Great Britain's crack dragoon regiments, has been cut up by the Boers at Klipdam. Major C. W. M. Feilden and Captain E. Usher were severely wounded; two men were killed, six were wounded and 46 were captured. The news was received to-day from Lord Kitchener in a dispatch dated from Pretoria, February 10. The Scots Greys formed part of General Gilbert Hamilton's column. The latter, while moving on Nigel, on February 18, engaged a force of Boers at Klipdam. The Scots Greys became detached, were surrounded and were cut off. General Hamilton was unable to dislodge the Boers from their position, so he continued his march, towards Nigel. The Boers released the Scots Greys who had been made prisoners.

CARRIED PRO-BOER CLIPPINGS.

(Special to the Star.)

LONDON, February 20.—The Cape Town correspondent of the Times says that the influential rebel Troskie, who has just died from wounds, carried with him in the field clippings from the Review of Reviews and other pro-Boer journals. The correspondent says the clippings were of great service to Troskie's cause.

NEW COLONIAL SECRETARY.

(Special to the Star.)

LONDON, February 20. — A despatch from Cape Town to the Times says Mr. Douglas, who introduced ostrich farming into Cape Colony, has been appointed Colonial Secretary. Colonial Secretary S. L. Graham takes the place of Sir J. Rose-Inness, who has resigned the Attorney-Generalship to go to the Transvaal as Chief Justice.

YUKON CONCESSIONS

Governor Ross, Interviewed at Victoria, Says That They Will be a Benefit to the Country.

(Special to the Star.)

VICTORIA, B.C., February 20.—Governor Ross arrived in the city yesterday from Skagway on the steamer Amur. Interviewed regarding the Treadgold concession, he said: "I have not seen the amended order-in-council concerning the concession to the Treadgold syndicate, but I did see the original order, and unless some very material alterations have been made in the document, nothing but benefit to the Klondike can result from the agreement which has been reached between the Government and the syndicate. Owing to the fact that there are many claims on the creeks in the Klondike which cannot be successfully worked at present on account of the poor water supply, the owners can but await the time when some powerful corporation or syndicate provides a generous water supply. That is what the Treadgold syndicate have contracted with the Government to do, and in return for their cash outlay, the Government will allow them to work claims which have lapsed or which the owners do not care to work. Owners of claims have the privilege of working their properties with the aid of Treadgold water, for which they must pay a reasonable sum to the syndicate, the amount being set by the Government, so no imposition on the part of the syndicate will take place."

BRITISH EMIGRANTS

Three Thousand Leave for Canada Next Month Under a New Scheme of the Dominion Government.

(Special to the Star.)

LONDON, February 20.—The Times prints the details of a new scheme for migration to Western Canada. Nearly 3,000 persons are to leave Liverpool or Glasgow next month in order to settle in the Dominion. Others will follow in April, May and June, at the rate of 4,000 monthly.

The plan grows out of the organized emigration from the North-western United States to Canada begun four years ago. It is stated 50,000 persons have removed in the interim from the States to the Dominion.

The results have been so beneficial, both to Canada and the new-comers, that the Dominion Government has been organizing this new scheme, by which the emigrant will be "personally conducted" from his home to the Far West at a total cost of $40. He receives a grant of 160 acres if he is capable of cultivating it, and is helped with his expenses until he has settled down.

ANARCHISM IN SPAIN

The Barcelona Riots are An Incipient Revolution — Murders by the Strikers — Mob Storms Arsenal.

BARCELONA, February 20.—The strikers murdered three workmen to-day who wished to resume work. The proprietor of a bakery who raised the price of bread was also killed.

It is hourly growing more apparent that anarchists are the prime movers in the incipient revolution. The markets are without provisions and the strikers are preventing the slaughter of animals.

Additional reinforcements of troops are arriving here.

A mob stormed the arsenal at Sabadell, not far from Barcelona and secured forty rifles. The weapons were subsequently recovered by the troops.

Marconi and His System.

LONDON, February 20.—At a general meeting of the Marconi Wireless Telegraph Company to-day, Marconi, who was present, referring to the trans-Atlantic experiments, announced that the next series of tests would include the transmission of words and messages.

Marconi sails for Canada on February 22.

Italian Parliament Opens.

ROME, February 20.—King Victor Emmanuel opened Parliament to-day with considerable ceremonial. In the speech from the Throne he referred to the tranquilizing effect on the country of the Government's liberal policy, and to the friendly relations existing between Italy and all the powers.

HOCKEY.

MONTREAL TEAM WILL BE ALRIGHT

Interest in To-morrow's Match Is Very Great.

THE REFEREE IS NOW CHOSEN

Mr. Percy Quinn of the Shamrocks to Act in the Match Between Montreal and Ottawa.

All those interested in the game, and there are thousands of them in this city alone, are anxiously awaiting the result of to-night's practice at the Arena, after which it will be announced for a certainty who will defend the honours won thus far by Montreal against the Ottawas.

The general opinion seems to be that if the committee looks things over carefully, they will finally come to the conclusion that the present team is about as good a one as they can gather together, and that they can well afford the chances of standing or falling by it.

That the men will play as they have not yet played before this season may be easily imagined, they cannot fail to constantly see Winnipeg and the Stanley Cup at the end of their road, and they will not forgo the opportunity to get closer to these if they can help it.

MR. QUINN REFEREE.

He Will be the Man to Watch Things on Saturday Night and He Ought to Please Both Teams.

Mr. Percy Quinn has been decided upon as referee for the big match in the Arena on Saturday night. He is a good man, who will give both teams a fair field and no favour.

It will be one of the star matches of the season, and he will no doubt have his work cut for him.

MONTREAL LADIES

They Do Not Feel Like Going to Lachute, But May Accept the Three Rivers Invitation.

The Montreal Ladies' Hockey Club have not yet decided to do anything in the way of a match with outside lady clubs, but after the practice to-day, the matter will probably be fully discussed. They have had some correspondence with the Lachute ladies, but it is very unlikely that they will go and play there.

The invitation of the Three Rivers Club seems to have attracted them somewhat, and they may accept this.

The Montreal ladies are about the only ones in the running. The Victoria ladies have given up hockey pretty well in favour of ice tennis, and the Westmount ladies seem to think that inter-club matches are apt to become too rough.

HOCKEY REFEREE FOR QUEBEC.

A Crescent Man Has Been Accepted.

Mr. Nolan, of the Crescent Hockey Club, of Quebec, has been accepted as referee for the Quebec-Shamrock match. Mr. H. J. Trihey, hon. secretary of the Canadian Amateur Hockey League, was notified to that effect to-day.

Shots on Goal.

The Montreal South Juniors defeated the Alerts on the White Star Rink by a score of 8 to 2.

A friendly game of hockey was played on the Minto Rink between the C.P.R. Juniors and the St. Ann's School, resulting in a victory for the C.P.R. The score was 2 to 1.

A friendly game of hockey was played on the Minto Rink between the C. P. R. Junior's and the St. Ann's School, resulting in a victory for the C. P. R. The score was 2 to 1.

A friendly game of hockey was played at Prince Arthur Rink, between teams from Messrs. Henry Birks & Sons and the Star A. A. A., resulting in a victory for the former, by a score of 5 to 0. Mr. Charles Hoerner acted as referee.

The A. R. Williams Company team was defeated by the Frotheringham Workmen team by 3 to 2. The teams were as follows:

Williams Co., A. H. Milroy, F. L. Parker, W. G. Young, M. Bronsetter, W. F. Walsh, A. Gagne, J. McDonnell, T. B. Reid. Umpire: F. and W., A. Archambault, J. Monk, W. McMaster, R. Warren, F. J. Miggins, B. Quesnelle, H. Doucet, W. D. Lewthwaite, Umpire; Referee, J. McEvilla.

On the St. Lawrence Rink, Point St. Charles, Messrs. Lyman, Sons & Co., was beaten by the Canada Paint Company, by twelve goals to four. Geffery and Munroe were the stars of the game. The teams were:

Canada Paint Co.—Stubbs, Milloy, Lemont, Todd, *Munroe, Lawlor, McIntyre.

Lyman, Sons & Co.—Barbeau, Smith, Jeffrey, Heale, Davidson, Gille and A. N. Other.

On the St. Lawrence rink, last night, the General Freight Accountant's office and the Freight Claims' Office, of the G. T.R., played a hockey match, which resulted in a victory for the Freight Claims' Office by six goals to two.

The teams were:

Accountants—W. McGee, A. McKenzie, A. Hall, N. Cowon, R. Ritchie, J. O'Borne, A. Reiffenstein, C. A. Roach.

Freight Claims—A. Hunt, J. Symington, Geo. Adams, J. Hennessy, G. Porteous, W. Denman, D. Walker.

The Victoria Hockey Club, of Cowansville, met defeat, on February 14, to the tune of 6 to 0. While the contest was not as one sided as the score would indicate, yet at no time during the game was the Granby goal in grave danger. Mr. T. A. Hodge, of the Montreal Intermediates, acted as referee to the satisfaction of both clubs. The teams were as follows:

Cowansville—Sayers, McKeown (Capt.), Foster, Kennedy, Sylvestre, Wright, Wood.

Granby — Topp, Johnson, Hungerford, Martin, Kay, McDonald, Longhurst.

Unquestionably the fastest game of hockey ever played in Cornwall was that between the Frontenacs of Kingston, and the Cornwalls, of Cornwall, the winners in their respective sections. There were fourteen hundred spectators present when the men lined up, and the general feeling was with the Factory Town seven.

The play ended with a score of five games to two in favour of Cornwall. The teams were:

Frontenacs—Mills, Murphy, McDowell, Powell, Rogers, Wilson, Welsh.

Cornwall—Hunter, F. Degan, G. Stiles, H. Stiles, Eastwood, McMillan, Allan.

Umpires—Chaucer, Elliott, of Kingston, and H. Gardner of Toronto.

Referee—R. D. Schooley, of Osgoode Hall.

The final intermediate match in Ottawa resulted in the Aberdeens downing the Ottawa seconds, by a score of 12 goals to 1. The game was well contested throughout. The Aberdeens worked with decidedly good combination and had no trouble in tallying. The score at the end of the first half stood 8 to 1. The Ottawas, particularly on the forward line, played well at times, but there were several new men on the team and the consequence was that they could not act satisfactorily together. The match was clean and there were no men ruled off. Pat. Murphy gave general satisfaction as referee. The Aberdeens will now play in the intermediate finals in Montreal.

The teams were:

Aberdeens—D. Finnie, J. McGee, Art. Moore, F. McGee, E. Dey, W. Gilmour, S. Gilmour.

Ottawa, seconds—McKay, A. Chamber, O. McStravick, R. Fields, N. Kimpton, D. Kelly, C. Aumond.

SPORTING CORRESPONDENCE.

Defaulting Clubs.

L. P. E. —Different Leagues as a rule have their own distinct rules to cover matters of that sort, but the rules used by the Canadian Amateur Hockey League reads:

Any team making default shall forfeit its right to compete for the championship for that season, and be required to pay to the opposing team (within thirty days), a fine of a hundred dollars, unless a previous notice of five days be given to the opposing team, and to the League of such club's intention to default. Such notice must be in writing and be signed by the president and secretary of the defaulting club.

All matches played with defaulting clubs shall count, and previous matches be awarded to opposing teams.

NO MONTREALERS

MR. ROLLAND'S STRAINED BACK

And Mr. Miller's Business Prevent Montreal Racket Players Competing in Boston Games.

BOSTON, February 20.—A crowded gallery witnessed the opening match in the American Racket championship series at the B. A. A., between Mr. Larry Waterbury, of the New York Racquet and Tennis Club, and Mr. Q. A. Shaw, jr., of the B. A. A. Mr. Shaw played a fast and accurate game in the first two games, but his opponent came strongly in the last game. The B. A. A. man won three straight games, however, and the score was 15—5, 15—8, 15—10.

Mr. Edgar Scott, of Philadelphia, defeated Mr. W. R. Miller, of Montreal, by default, and Mr. F. F. Rolland, of Montreal, was defaulted to by Mr. Austin Potter, of the B. A. A.

The other contest of the day was between Mr. Clarence H. McKay, of the New York Racquet and Tennis Club, and Mr. E. H. Ray, of the B. A. A., which was won by Mr. McKay, 15—1, 15—4, 15—9.

The above Press Dispatch, is a little misleading. Circumstances, unfortunately, are such, that Montreal will not be actively represented in the championships above mentioned, in which in former years Montreal representatives have done exceedingly well. Mr. W. R. Miller was absolutely prevented by pressure of business from taking part, in fact, from going to Boston at all. Mr. Rolland who severely strained his back the other day will not be able to take advantage of his win by default, because he is not capable of playing, and he only went to Boston as a matter of courtesy.

Sleeplessness

Is akin to insanity. Many a woman realizes this as she lies awake hour by hour, peopling the darkness with phantoms, starting at the creaking of the bed or the rustle of the bedclothes.

Such symptoms in general point to disease of the delicate womanly organs, and a constant drain of the vital and nervous forces. This condition cannot be overcome by sleeping powders. The diseased condition must be cured before the consequences of disease are removed.

Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorants, nourishing the nerves, encouraging the appetite and inducing refreshing sleep. Irregularity, weakening drains, inflammation, ulceration and female weakness are perfectly cured by "Favorite Prescription."

"My wife was sick for over eight years," writes Albert H. Fulks, Esq., of Altamont, Grundy Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's medicines and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her I sent for five more bottles and when she had taken the sixth bottle she was sound and well."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

AQUATICS

THE BIG BOAT RACE.

The Latest Weights of the Light Blues and the Dark Blues as Received Here by Mail.

The latest weights of the Oxford crew, as received by mail, are as follows:

G. C. Drinkwater, Wadham (bow), 11 st. 4½ lb.
2. P. S. Kelly, Balliol, 12 st. 0½ lb.
3. J. Younger, New College, 12 st. 9 lb.
4. H. J. Hale, Balliol, 12 st. 13 lb.
5. J. G. Milburn, Lincoln, 13 st. 3 lb.
6. A. de L. Long, New College, 13 st. 3 lb.
7. H. W. Adams, University, 12 st. 2 lb.
F. O. J. Huntley, University (stroke), 11 st. 6 lb.
G. S. Maclagan, Magdalen (cox.), 8 st. 5 lb.

THE LIGHT BLUE CREW.

The names and latest weights of the Cambridge crew are:

*W. H. Chapman, Third Trinity (bow), 11 st. 4½ lb.
2. T. Drysdale, Jesus, 12 st. 4 lb.
3. J. Edwards-Moss, Third Trinity, 12 st. 9 lb.
*4. C. W. H. Taylor, Third Trinity, 12 st. 15 lb.
5. F. J. Escombe, Trinity Hall, 12 st. 12½ lb.
*6. H. B. Grylls, First Trinity, 12 st. 8 lb.
7. P. H. Thomas, Third Trinity (stroke), 11 st. 5½ lb.
*R. H. Nelson, Third Trinity (stroke), 11 st. 5½ lb.
H. C. S. Washbrough, Trinity Hall (cox.), 8st. 7 lb.
*An Old Blue.

The Point St. Charles Amateur Athletic Association Bowling team was defeated by the Montcalm and Philharmonic teams of St. Hyacinthe, by 477 and 381 points each.

CURLING.

THE HEATHERS WON SEMI-FINALS

The Match Was Played by Preference on Caledonia Ice.

WILL CURL AT RIDEAU HALL

Defeated the Quebecs by Nine Points for the Governor-General's Trophy Here Yesterday.

The Heathers, of Westmount, are going to have the honour of playing off for the Governor-General's trophy, on the Governor-General's rink at Rideau Hall, in Ottawa to-day with the Rideau Curling Club. They defeated the Quebec Club yesterday on Caledonia ice by nine shots.

The match was a most interesting one, the Quebec rink, skipped by Mr. Champion, keeping ahead for a long time of that skipped by Mr. Cornell, but at the end five shots made by the Heathers, put them two ahead on that side.

On the other side, Mr. Hutchison's rink kept well ahead of that skipped by Mr. Rattray, of Quebec.

The original decision of the branch last night, according to the draw, was that the semi-final should be played on Thistle ice, but the skips came together, and decided that they preferred to play it off on Caledonia ice. Mr. W. Wilson was the umpire.

There was a very large crowd present all morning and the part of the afternoon it took to finish the match, to watch the game.

The results were as follows:

Heather No. 1.

D. H. McCallum
G. A. Robertson
A. K. Hutchison,
W. B. Hutchison
(Skip) 0102301031019430—21

SOME OF THE PLAYERS IN THE SEMI-FINALS FOR THE GOVERNOR-GENERAL'S TROPHY.

SNOWSHOEING

NOSEWORTHY'S STORY.

Thinks it is Not Right That He Should be Barred From the Lachine Open Races on Saturday.

Mr. Fred. Noseworthy, who ran second in the Holly Snowshoe Club Steeplechase, and whose medal was held back, feels as stated in the Star, that he has been badly treated.

It has been stated that his entry was not regularly made, but Mr. Noseworthy contends that it was; that it was made on Thursday before the race, and not at four o'clock on the day of the race as was contended. Furthermore he believes that as the race was an open event he had a perfect right to run under the colours of the Montreal Lacrosse Club, of which he is a member in good standing. He states that he has gone to a good deal of trouble getting into shape for the races, and he now finds that he is barred from the Lachine races because he is not a member of a snowshoe club, which to his mind is an unfair deal.

AMALGAMATED TRAMP

There Were Over a Hundred and Fifty Men in Blanket Suits and the Evening Spent Was Delightful.

The Amalgamated Snowshoe Tramp last evening was a great success, and reminded one more than anything else this season, of the days when snowshoeing was the most popular of winter sports.

By the time Lumkins was reached, there was a hundred and fifty in line, and a most delightful evening was spent, speeches and songs being given by the Presidents of the various clubs that participated. These were: Montreal, Holly, St. George, Montagnard, Canadian of St. Henri, and the Y. M. C. A.

A meeting of the executive of the Dominion of Canada Trap Shooting and Game Protective Association, has been called for Saturday, February 22, for the purpose of arranging for the annual tournament, which is to take place in Hamilton, on August 14, 15 and 16. Representatives are expected to be present at the meeting from all over Canada. Thomas A. Duff, Toronto, is president; Chas. Strangman, Montreal, first vice-president, and A. W. Troop, Ottawa, secretary-treasurer, of the association.

A FREE VETERINARY BOOK.

A most useful little Veterinary Book is now attached to every bottle of Condy's Fluid (the great English Veterinary Remedy).

This Veterinary Book contains instructions from eminent Veterinary Surgeons for the cure of Ailments affecting Horses, Dogs, Cats, Poultry, Cattle and Birds.

Condy's Fluid is a speedy and absolutely certain cure for Sore Shoulders, Sore Backs, Broken Knees, Grease, Thrush, and Cracked Heels in Horses.—Distemper, Mange, Canker, and Eczema in Dogs. Condy's Fluid can be obtained through all Chemists and Stores at about 50 cents a bottle. Refuse substitutes, all are inferior and some are poisonous. Insist on having "Condy's Fluid." Condy & Mitchell, of London, England, are the only makers.

BASEBALL

A MASCOTTE LEAVES.

He Will Take a Position With the Concord Club in New England Baseball League.

Miron, one of the prominent players of the Mascotte Baseball Club of this city, has decided to shake the dust of Montreal from his feet, and to take a position with the Concord Club of the New England League.

With him will go O'Brien and Gervais, who played with St. Hyacinthe last year, while McGirley who pitched for St. Hyacinthe will play the coming season with the St. Louis National Club.

ATHLETICS

NATIONALS AT WORK

They Elect the Committee That Will Direct the Lacrosse Team and Their Captain.

The National Amateur Athletic Association, is taking time by the forelock. They do not want to be caught napping, and they have already decided upon the committee that will have charge of all lacrosse matters. It will be composed of Messrs. W. Meloche, Joe Riendeau and Alex. Tellier. Mr. Meloche has had considerable experience in lacrosse matters, and he has been appointed president. "Paddy" Brophy, has again been appointed captain for the coming season.

They feel confident that they will be able to pick a good team from the following men, who all of them, have promised to continue their allegiance to the Association: Joe Valois, L'Heureux, Kavanagh, Blanchard, A. Valois, Marcelin, Lachapelle, Cousineau, Brown, Martin of Caughnawaga, and a few youngsters of great promise.

The committee having charge of the Boxing Championships in Ottawa, are trying to get either Fitzsimmons or McGovern to referee them.

That Spot.

Did you ever have that little tickling spot in your throat? Felt as if you could almost touch it with your finger, didn't it? How hard you tried to reach it, but couldn't! It's easy with Vapo-Cresolene, for you breathe it. There's nothing in the world equal to it for stopping these tickling coughs; and it's so pleasant, too. For asthma, croup, bronchitis, catarrh, and whooping-cough, it's the great remedy. 10

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE Co., 180 Fulton St., New York. U.S.A.

THE TURF

TROTTING AT DELORIMIER

Over 500 Horsemen Braved the Biting Cold.

RACES NOT VERY EXCITING

Looking Glass and Graham Won Too Easily—A Three Cornered Race Between Fast Ones.

Over five hundred enthusiastic horsemen braved the cold and the wind yesterday afternoon and went to Delorimier Park to see the trotting races there. The sport was good, but hardly exciting. The races were won in too easy a style, and Graham and Looking Glass had it all their own way. Following were the results:

Following were the results:

2.29 class, purse $200—

Graham, Dr. A. Cheval, Montreal	1	1	1
Johnny P., C. H. Clark, Prescott	2	2	3
Brown Hill, A. St. Amour, Ottawa	5	3	2
Belle of Vrowski, T. Brisson, Montreal	3	4	4
Maggie Allen, Jos. St. Jean, Montreal	4	5	5

Time—2.35 1-2, 2.37 1-2, 2.35.

2.17 class, purse $200—

Looking Glass, Dr. Forest, Uxbridge, Mass.	1	1	1
Charlie C., C. Charters, Montreal	4	2	2
Valencin Boy, L. N. D. Houde, Nicolet	2	4	4
Sir Knight, W. J. Lyons, Harrowsmith, Ont.	3	3	3

Time—2.32 1-4, 2.28 3-4, 2.30.

Starter—F. G. Smith, Buffalo.

Judges—T. Fuller, N. Bisaillon, A. Leblanc.

Secretary—A. P. Pigeon.

THREE FAST TROTTERS

To Have a Three Cornered Race Shortly for Six Hundred Dollars for Fast Canadian Horses.

(Special to the Star.)

BROCKVILLE, Ont., February 20.—A matched race between Deveras, of Brockville; Sidney Pointer, of Picton, and Looking Glass, of Uxbridge, is being arranged to take place on March 17th at either Brockville, Napanee or Picton, for $600, $200 is to be contributed by each owner. The handlers of Looking Glass and Deveras have consented to the race, but Sidney Pointer's owner has not yet been heard from.

Frank Rice Won a Thousand.

NEW ORLEANS, February 20.—Frank Rice scored an easy victory yesterday in the New Orleans City Railroad Stakes, for two-year-olds, at half a mile, and valued at $1,000. Weather rainy; track sloppy. Summary:

First race, selling, mile—Eugenia S., 108, Lyne, 5 to 1, won; Algie M., 95, Melgeson, 6 to 5, 2; Fleetwing, 97, Boyd, 12 to 1, 3. Time, 1.44. Homage, Dramburg, The Messenger, Crosby and El Moran also ran. Afra fell rounding the first turn.

Second race, selling, mile and 70 yards—Mame Wastell, 92, Boyd, 9 to 2, won; Leroy D., 107, Lyne, 8 to 5, 2; The Wasp, 107, Minder, 9 to 2, 3. Time, 1.50. James Fitz, Kingford, Silver Chimes, Kentucky Muddle also ran.

Third race, handicap steeplechase, full course—Ceylon, 127, Johnson, 5 to 1, won; Mr. Rose, 130, Gaddy, 9 to 2, 2; Bristol, 151, Penn, even, 3. Time, 4.48 3-4. King Elkwood and Fallella also ran.

Fourth race, New Orleans City Railroad Company, selling stakes, 2-year-olds, half-mile—Frank Rice, 107, T. Dean, 3 to 1, won; Bill Nixon, 107, Odom, even, 2; Maverick, 107, Young, 9 to 1, 3. Time, 49 1-2. Modern Competition, Dark Planet and Royal Deceiver also ran.

Fifth race, handicap, 1 1-8 miles—Silver Coin, 90, Loudon, even, won; Star Cotton, 90, Boyd, 12 to 1, 2; Circus, 88, Waldo, 3 to 2, 3. Time, 1.53. Mynheer also ran.

Sixth race, selling, 1 3-16 miles—Garter Ban, 103, Brennan, 7 to 2, won; Joe Doughty, 103, Otis, 15 to 1, 2; Beana, 106, Odom, 7 to 10, 3. Time, 1.58. Deloraine, Paps Harry, Little Tommy Tucker, Reflect and Pinar Del Rio also ran.

At a meeting held at Stratford, Ont., the different turf associations' dates were fixed for the ensuing Canadian racing circuit. Representatives were present from Guelph, New Hamburg, Goderich, Seaforth, Listowel, Wingham and Stratford. The following dates were agreed upon:

Guelph, June 3, 4 and 5.
New Hamburg, June 10, 11 and 12.
Seaforth, June 17, 18 and 19.
Listowel, June 25, 26 and 27.
Stratford, July 1, 2 and 3.
Goderich, July 11 and 12.
Wingham, July 16 and 17.
London, July 22, 23 and 24.

ODDS AND ENDS.

George Little the wrestler, who has returned from his latest trip, is talking of arranging a wrestling match with Gontheir, the French-Canadian.

Mr. Joe Hood, who calls himself the Champion Fancy Pool player of the world will give some exhibition in this city. He has just given a number of exhibitions in Sorel. Among his specialties are to make fourteen balls in one shot, and his blindfolded shots are said to be wonderful.

The Star A. A. A. Tombola was brought to a successful close last Tuesday evening, when the drawing took place in the Standard Hall, in the presence of about two hundred people. Everybody expressed themselves as being satisfied with the manner in which the drawing was conducted. Lists of the winning numbers may be had at the Dominion Sporting Goods Co., 2365 St Catherine street, or from J. Rill, Tobacconist, 2114 St. Catherine street.

No regular round was played yesterday in the chess tournament, but the committee ordered adjourned and drawn games of previous rounds to be concluded and replayed respectively. When the first adjournment took place Pillsbury and Teichmann had drawn, as had also Tschigorin and Maroczy. In the afternoon sitting the following additional results were recorded:

Eisenberg beat Mieses, and Tarrasch and Albin drew. The 11th round will be played to-day.

The first annual dinner and smoker of the Mount Royal Cricket Club of the Canadian Pacific Railway was held in the Invicta Cafe, and was a decided success. A large number of the cricket club members and their friends were present. They sat down to dinner at 8.30 o'clock, and a very pleasant evening was spent, consisting of toasts, songs, speeches, recitations, and music, etc. Mr. W. H. Ford Kent was presented with the cricket cap for the excellent record he had made in bowling during the last cricket season.

The annual bench show of the Westminster Kennel Club was opened yesterday in Madison Square Gardens, when fifty-four more classes than ever were exhibited before, and with $12,000 to be distributed in prizes. A notable feature of the show was the large number of entries of old English sheep dogs, among them Howard Gould's Robin Adair, a dog which was never beaten at any show in England, and which was shown yesterday for the first time in this country. The number of bulldogs on exhibition was large and included C. H. Hopton's champion, L'Ambassadeur; the Vancroft kennels champion Katerfelton; Richard Croker, jr.'s Rodney Stone and his Persimmon.

The classification of prizes for the coming collie show, has been arranged as follows:

Class 1.—Puppy dogs, under three months. 2—Puppy bitches, under three months. 3—Puppy dogs, under six months. 4—Puppy bitches, under six months. 5—Puppy dogs, under nine months. 6—Puppy bitches, under nine months. 7—Puppy dogs, under twelve months. 8—Puppy bitches, under twelve months. 9—Novice dogs (novice dogs or bitches never won prize at any show). 10—Novice dogs or bitches. 11—Open dogs. 12—Open bitches. 13—Winner dogs. 14—Winner bitches. 15—Best in show, dogs or bitch. 16—Litter class—Brood bitch, with litter, pups only to be judged. 17—Selling class. Selling price limit, $25.

VETERANS IN THE FIELD OF CANADIAN SPORTS

MR. G. W. COOK.

Mr. G. W. Cook, although not by any means a veteran in the sense in which the word is generally used has been sufficiently long connected with Canadian sporting matters to be considered so.

He is an enthusiastic partisan of all sorts of sports, but has devoted most of his thought and time in that line to horseracing.

He owns a charming home and fine stables on the bank of the St. Lawrence, his breeding farm being known as Edgehill, and is one of the fortunate winning owners of last year.

MISCELLANEOUS

LADY MACKENZIE BEATS MEN AT POLO

Gives Aiken a Sensation by Riding Astride in Knickerbockers and Short Jacket.

AIKEN, S. C., February 20.—Lady Constance Mackenzie, the athletically "advanced" young woman, who can down a man at a fox hunt or pigeon traps and does not stick at knickerbockers when she rides astride, is the sensation of the hour.

On the polo field yesterday she held her own with the men in a fashion that put them on their mettle and gave the more conservative members of the Aiken winter colony a series of short, sharp shocks. Her mount is a magnificent hunter sixteen hands high, and her Scotch ladyship, in her remarkable nether garments and a short coat of most vivid hue, flying along at a pace that rivals Paul Revere's is a sight to be remembered.

She arrived early in the week at the Sage Cottage, William C. Whitney's winter residence, with the somewhat superfluous adjunct of a chaperon, Mrs. Charles Stuart Dodge, of New York, has assumed the responsibility. Lady Constance brought along a sporting kit that would make a crack shot die of envy, and a host of anecdotes anent her adventures in the metropolis, which would seem to have been varied.

The Department of Trade and Commerce has received an advice through Lord Strathcona for Canadian carriage manufacturers who wish to secure a market in England for their goods. It states that those who would compete for the British trade must manufacture heavy-tired wheeled rigs, with easy means of ingress and egress.

Angier's Petroleum Emulsion

FOR CONSUMPTION

It meets the strongest indications, never fails to relieve the cough and other distressing symptoms, and has undoubted efficacy in checking diarrhœa, fever and night sweats. It supplies the vital elements so much needed by those afflicted with weak lungs and all forms of wasting diseases. Angier's Petroleum Emulsion expels disease by revitalizing the blood and helping build healthy flesh tissue. It agrees with the weakest stomach, is pleasant to take, aids digestion, and soothes and heals all inflamed and irritable conditions of the stomach and bowels. It has been prescribed by the medical profession and used in all the leading hospitals since 1880.

CONSUMPTION:—*I have used Angier's Petroleum Emulsion with grand success. I had several cases of chronic bronchitis which were very greatly benefited by its use. I have also used it in a case of consumption with marked benefit. Another case of a young woman greatly emaciated, etc., appetite gone, enteritis, who was cured by the use of it. I use it in the diseases of children with success. At present I am using it on a young man having tubercular diathesis, who has contracted a very bad cold. He has improved wonderfully since I put him on the treatment. I will continue to prescribe it. DR. J. M. MILLER, Pittsburgh, Pa.*

All druggists sell it. Two sizes, 50 cts. and $1.00 a bottle. Be sure you get ANGIER'S.

YOUR NAME AND ADDRESS on a postal card will bring you a free copy of a valuable booklet entitled, "About Your Throat and Lungs." It tells how to care for the Throat, Lungs, and Digestive Organs. It gives good advice as to Diet and Hygiene, also Exercises, which are illustrated.

ANGIER CHEMICAL COMPANY, BOSTON, MASS

DEATHS REPORTED

At the Star Office To-day.

WINNIPEG.—S. S. Phillips, a pioneer of Regina, formerly of Smith's Falls, Ont., is dead.

LONDON. — Sir William Christopher Long, proprietor and editor of the Sheffield Telegraph, is dead.

NIAGARA FALLS, Ont.—Mr. Richard Coulson, 64, insurance agent, died Wednesday, of pneumonia.

QUEBEC. — Mr. Ovide Picard, a well known plumber, of this city, and head of the firm of O. Picard & Son, died here on Wednesday, aged 68.

A lumberman, named Lambert, was crushed to death at St. Antoine, by a falling tree.

Widow Francoise Belair, died suddenly at Levis, on Wednesday, aged 74.

DETROIT, Mich. — Calvin C. Burt, aged 82 years, a lawyer, well known in Michigan, and at one time private secretary to General Lewis Cass, is dead here.

NEW YORK.—Charles L. Tiffany, senior member of the jewellery firm of Tiffany and Company, died Tuesday at his home in this city of pneumonia, at the age of 90 years.

INGERSOLL, Ont.—R. H. Cotter, late manager of the Noxon Mfg. Co., of this town, died suddenly in Toronto, where he had gone on business.

TORONTO—Abraham Archer, who was one of the first settlers in Yorkville, now the north end of Toronto, is dead in England, aged 86.

At a meeting of the executive of the British Columbia Liberal Association held at Victoria, the leadership of Joe Martin was repudiated.

Get Back Your Strength.

Weak Men, Rheumatics, Nervous People and Those Who Have Lame Backs, Sciatica, Indigestion, Constipation and Kidney and Bladder Troubles.

MAY GET CURED TO STAY CURED.

Any Man or Woman who will Secure Me can have My Appliances and

Pay When Cured.

Give me a man broken down from dissipation, hard work or worry from any cause which has sapped his vitality. Let him follow my advice for three months, and I will make him as vigorous in every respect as any man of his age.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and sturdy. Even that man I can make better than he is, but the man who has been strong and lost his strength I can make as good as he ever was.

I can give back to any man what he has lost by violation of the laws of nature.

A man who is nervous, whose body and brain are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose that by draining the system in any manner my Belt will replace it and will cure you.

My Belt has a wonderful influence upon tired and weak nerves. It braces and invigorates them and stirs up a great force of energy in a man.

I make the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures after everything else has failed are my best arguments.

Give me a man with pains in his back, a dull ache in his muscles or joints, "Come-and-go" pains in his shoulders, chest and sides, Sciatica in his hip, Lumbago, Rheumatism or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn.

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now, what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure, and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself and to those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not to be delayed.

It is as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no sting, no burning, as in old-style belts.

CAUTION. — If you value your health, do not accept an imitation of my Belt. There are many on the market, being offered with a cheap imitation of my Cushion Electrode. But it is a sham. Don't accept it. The best is none too good when you want your health, your vigour, so avoid imitations. The cushion electrode is my special invention. Without it all electric belts blister and burn holes in the flesh, and can do no good. I take the other belts in trade.

FREE BOOK — Every man who admires the perfection of physical strength should read my beautifully illustrated book. It tells how strength is lost and how I restore it with my Electric Belt. I will send this book, closely sealed, free, upon request, if you will send this ad. If you are not the man you should be, write to-day.

COUNT'S IMAGINATION EXCEEDINGLY VIVID

Lautrec Gives in Paris Account of Adventures in Canada.

CLEMENCY OF KING EDWARD

This Was How at the End of Five Months He Obtained His Release.

The Count de Toulouse Lautrec, who created considerable excitement here some months ago, and later, in Toronto, gave the police of that city and of New York some work to do, is now in Paris. There he has been talking to the press; one story gives the following history of the noble convict:

As he was being led to the enquete room of the French Court to answer the interrogatories of the Magistrate, he met Baron d'Infreville, the adopted father of his wife, and assaulted him in a brutal fashion. Then he appeared before Monsieur Scherdelin, the extradition commissioner. In the course of the interrogatory he told the magistrate that he had been born at the chateau of Seretinskoie, near Moscow, his father was the Prince of Savine, a Russian general, who had married a lady of the de Toulouse Lautrec family. Her brother, dying without children, left by authentic documents his title to his nephew the present count, Nicholas, now before the courts.

AFTERWARDS JOINED THE ARMY.

After completing his studies he joined the army, and at the battle of Plevna was twice wounded, and was recommended by General Skobolef for his distinguished bravery. The same general proposed him as a titting candidate for the throne of Bulgaria, but the Sultan objected to the appointment, and it fell through.

When he returned to his domains he found that the poverty of the people was so great that he became a disciple of Tolstoi, and afterwards a Nihilist. He had to flee to France, but was extradited. On the way back to Russia he escaped from the train, breaking his collar bone. He was carried to a Jesuit college in Belgium, where he was nursed until he could go out again. In 1885 he was in Paris without resources, and had recourse to expedients which landed him in gaol for six months. He escaped, and imprudently returned to Russia, where he was sentenced to Siberia. He escaped and got to the United States, where he became an American citizen, while he was employed as a civil engineer by a great Railway Company. During the Spanish American war he fought with Roosevelt in Cuba, taking part in several battles.

MET THE BARONESS.

Having returned to France, he met the Baroness d'Infreville, nee Colmet d'Angard, and by a former marriage the Countess de la Querroniere. She had adopted a young girl, Miss Vervoort, and after a time the Count was admitted as the fiancee of the young lady. At first the baroness was to give her a million as dowry. The more the count fell in love with her, however, the smaller became the promised dowry, until at last, when he swore he could not live without her the dowry disappeared altogether. He married her and came to Canada, where he was employed for a time on some railways as civil engineer. Having negotiated some railway coupons which had been recalled he was condemned to prison for five years.

CLEMENCY OF KING EDWARD VII.

Through the clemency of King Edward VII. he was released at the end of five months' imprisonment. His wife, who had, in the meantime become a mother had left Canada, however, and he was so violently in love with her that he lost no time in following her up. He crossed the ocean and at Bremen, where he landed, he negotiated some stock coupons which have again got him into trouble. As soon as he reached Paris he placed his case in the hands of private detectives and found out that his wife had taken divorce proceedings against him. He secured the services of Mtre. Frederic Allain, and it was while visiting his lawyer that he was arrested.

Those who have followed the history of the Count's adventures in this country, will smile on reading the above account which he gives of his troubles in the courts of this country.

Promotion for Mr. C. W. Spencer.

A circular issued by Mr. D. McNicoll, second vice-president and general manager of the Canadian Pacific, announces that Mr. T. Williams, having resigned, Mr. C. W. Spencer's jurisdiction is extended as General Superintendent over the Lake Superior division. The Eastern Division, of which Mr. Spencer is general superintendent, embraces 1282 miles, while the Lake Superior division extends to 977, making Mr. Spencer's jurisdiction one of the largest and most important in the system. Moreover, he is vice-president and general manager of the Kingston and Pembroke Railway. Today he is on a tour of inspection of his new division. Mr. Spencer is one of the most practical railroad men in Canada. In 1871 he began as an operator in Ottawa, since which time he has held nearly every practical position until appointed superintendend of the old Q. M. & O. Division, and in 1887 general superintendent of the Eastern Division.

Mr Clergue's Return From New York.

Mr. F. H. Clergue, who arrived from New York Tuesday, proceeded direct to Ottawa in the Michipicoten, the official car of the Algoma Central and Hudson's Bay Railway. Mr. Clergue was accompanied by Mr. Drummond, of Drummond, McCall & Co., the selling agents of the Clergue Company in Canada, and by his sister and private secretary. While in the city, Mr. Clergue received a telegram from his manager, announcing that the first test of the new Bessemer converters had been made and was a pronounced success. The Clergue Company has contracted with the Michigan Central to supply the rails for 1902 for the Canada Southern, and hope to be in a position to supply all rails in Western Canada within a few months.

He is Not the Man.

Mr. Henry Armstrong, of 543 Grand Trunk street, locomotive engineer in the employ of the Grand Trunk Railway Company, wishes it known that he is not the Henry Armstrong condemned by Mr. Recorder Weir to six months' imprisonment and a fine of $500 for telegraphing at the recent municipal election in St. Gabriel's Ward.

FIRST ANNUAL FESTIVAL OF MONTREAL DIOCESAN CHORAL ASSOCIATION

Programme to be Followed at the Service in Christ Church Cathedral.

The programmes for the first annual festival of the Montreal Diocesan Choral Association, to be held in Christ Church Cathedral on the evening of May 15th next, have reached the city from the press of Messrs. Novello, Ewer & Co., New York, and are now being distributed among the choirs that are to take part in the festival. The music is bound in pamphlet form, is attractively printed, and the pamphlet is of such a size as to be easily handled. The order of service appears on page 5, and is as follows: Organ Preludes, (a) "Fantasia and Fugue on an English psalm tune," W. T. Best; (b) "Meditation in a Cathedral," E. Silas; Processional hymn, "The God of Abraham praise;" Versicles and responses, Tallis (festal); special psalms 24 and 47 to chant by Barnby in E.; first lesson, the Very Rev. the Dean of Montreal; "Magnificat," Garrett in F.; second lesson, the Ven. the Archdeacon of Montreal;" Nunc Dimittis," Garrett in F.; anthem, "Lift up your Heads," Hopkins; hymn, "Crown Him with Many Crowns;" sermon, the Most Rev. the Lord Archbishop of Montreal and Metropolitan of Canada; Offertory solos (organ): (1) "Andante," (Symphony No. 4) Widor; (2) "Pastorale," (Sonata No. 1) Guilmant; (3) "Cantilene Nuptiale," Alfred Hollins; recessional hymn, "Through the Night of Doubt and Sorrow;" organ solos at close of service: "Postlude in D.," Henry Smart; "Toccata and Fugue in D. minor," J. S. Bach; "March Religieuse," Boellman; "Organ Concerto in F, No. 4, (Allegro, Andante, Adagio and Fugue), Handel;" Pastorale in E, E. H. Lemare; "Chant sans Paroles," E. H. Lemare; "Finale" (2nd Symphony), Widor.

The organ solos before and after the service and at the offertory will be rendered by Mr. P. J. Illsley, F. R. C. O., Mus. Bac., organist of St. George's Church. The accompaniments to the vocal portions of the service will be played by Mr. C. S. Fosbery, A. R. C. O., organist of the Church of S. John the Evangelist. Mr. J. B. Norton, F. R. C. O., Lic. Mus., organist of the cathedral will act as conductor of the festival.

AMUSEMENTS.

Soldiers of Fortune.

"Soldiers of Fortune," a dramatization of Richard Harding Davis' book, by Augustus Thomas, is the attraction at the Academy next week. The company is said to be a good one, with Robert Edeson in the star part. The play is replete with strong dramatic situations and is likely to be interesting in more senses than one.

Hoyt's "A Temperance Town."

Next week the Stock Company at Proctor's will be seen in Hoyt's well known farce "A Temperance Town," which affords opportunity for the delineation of many quaint types of New England character. The cast is so large that the management has been obliged to secure assistance from among some of the young men of Montreal to play small parts. The entire original production, scenery and properties will be shipped direct from New York, and an effort will be made to have the play as well done as it ever was under Mr. Hoyt's personal direction. The specialties will be good, the principal entertainer being Press Eldridge, who has already established a reputation as a fun maker in this city. Another interesting number will be furnished by Miss Dorothy Studebaker, who is said to possess a voice of considerable power and sweetness.

Next Week at Theatre Royal.

The management of the Theatre Royal announces as its attraction next week Rice and Barton's Gaiety Spectacular, Extravaganza. This is said to be one of the largest burlesque organizations before the public and the songs and dances are said to be especially good. The comedians are also stated to be genuine fun makers. The curtain raiser is entitled "Brown among the Daisies," and the finale is "Raiding the Tenderloin," which serves to introduce all members of the company, including ladies of the Turkish harem, Oriental girls, Egyptians and ten Hawaiian maidens from Honolulu, who will present the Honolulu dance.

The Little Minister.

"The Little Minister" will be put on at the Francais next week. The version of Mr. J. M. Barry's great work which will be used is that of Mr. Charles Frohman. The love story of Lady Babbie and the quaintly humorous characters of the village of Thrums are the chief characteristics of the play, and it is promised that the characters will be well put on next week.

Fined for Secreting His Goods.

Albert Bryce, merchant, was Tuesday condemned by Mr. Justice Mathieu to two months in the common gaol on a charge of secreting his goods during the year preceding his assignment. The proceedings leading up to this condemnation were initiated by the curators to the insolvent estate, Messrs. Wilks and Michaud, who contested the bilan or list of assets and liabilities produced by the insolvent, on the ground that he had secreted some of his property. A capias was taken out, and a great number of incidental proceedings were taken, before the final judgment, which took place yesterday.

Age, Quality and Flavor Equalled by none.

THE TURNPIKE HOUSE

By Fergus Hume,

Author of "The Mystery of a Hansom Cab," Etc.

(Published by Special Arrangement.)

CHAPTER XXVI.—Continued.

"Oh, as to that," remarked his sister, shrugging her shoulders, "the creature is dying; he is consumptive, and is drinking himself to death. I have placed him in the Turnpike House—without Mr. Heron's permission, by the way—and I allow him a small sum a week so that he may die in peace."

"So that you may keep your secret, you mean."

"It will soon be a secret no longer. Job, as I say knew me. He told me he had been sleeping behind the hedge—near me, I suppose—and had been aroused by the sound of voices. He recognized Frank's voice; for he had so often spoken to him; but Jenner he did not know, any more than I did."

"Naturally. Jenner was a comparative stranger in these parts. Go on."

"Well, Job had heard all about the red pocket-book and the bill I saw in the twinkling that here was the instrument I required; I promised him twenty pounds if he would get me that red pocket-book."

"Inez! Did you send the man to murder Jenner?"

"No, I did not. I never thought he would go so far as that. And, as a matter of fact, Job has always denied to me that he struck the blow."

"He certainly would tell you that to save his neck!"

"Well, after I had made this arrangement with him and told him that Jenner was at the Turnpike House, I returned home. I entered by the side door and slipped up to my room without anyone being the wiser."

"I certainly was not," said her brother. "You are quite a diplomatist, Inez. What about Job's murdering mission?"

"He did not commit the murder," insisted Mrs. Marshall. "He came next day and brought me the pocket-book. I opened it, but could not find the bill; then I accused Job of having taken it. He grinned, but would say nothing. You understand, Sebastian, he had not got the bill; but he wanted to have me in his power."

"I see; but you could have turned the tables on him by having him arrested for the crime."

"No, he knew of the bill—of Frank's disgrace. I thought, if he were arrested, he would tell all,which he certainly would have done; then Frank would have been prosecuted. Remember I thought, that I had the bill! All these years I have believed he had it in his possession; you do not know the blackmail I have paid that man! He was always worrying me for money. At last, seeing he was ill, I put him into the Turnpike House, and—well, I have told you all that. But now you know why I assisted him."

"Assisted a murderer!"

"Job denied that he had killed the man."

"Then how did he get the pocket-book?"

"He said that he had met Jenner before he got to the Turnpike House, and robbed him of the book." "That is a lie!" cried Mr. Cass; "and a feeble lie to boot. Jenner had the book when he was in that room—before other interesting numbers will be furnished he was killed; Mrs. Jenner said that the book was on the table near the window; and my own opinion is that the blow must have been struck through the window, and the book stolen."

"But why believe Mrs. Jenner more than Job?"

"I will tell you all. The bill was in the pocket-book; you yourself saw Jenner put it there. Well, he thought Marshall might steal that bill, so he sewed it up in the body of a toy horse with which his child was playing. Neil kept the horse, and a short time ago he sent it to George, who cut the animal open. The bill was found, and is now in my possession. So, you see, Job could not have taken the pocket-book which contained the bill before Jenner got to the house. He must have murdered the man and stolen the book after the bill had been placed inside the horse."

"But nothing of all this came out at the trial."

"No one knew anything about it—least of all Mrs. Jenner. But now are you satisfied that Job committed the murder?"

"I suppose so; it looks like it. Oh, the wretch, to let me think all these years that he had the bill, and that he was innocent of killing the man."

"Had you no suspicions of his guilt?"

She thought for a moment. "I confess I had," she said, after a pause. "but, you see, I had to put all such suspicions behind my back. If I had denounced Job, I thought he would have produced the bill and ruined Frank."

"I see. Well, here is the bill. No one knows of it but Heron, and he will say nothing. I thought of keeping it as a useful whip for your husband, should he treat you cruelly. But now that I find you do not care for him, I think it had better be destroyed."

"No," she said, putting it into her pocket, "I will keep it, to hold over Frank myself. I hate him, and would gladly divorce him—which I could easily do. But I am as proud of the family name as you are, and I do not want a scandal. So I shall not separate from him; but now I shall know how to make him behave himself." She tapped her pocket with a grim smile.

"Did you ever speak to him about the red pocket-book?"

"No, he never knew I had it. I put it away, and afterwards sent it up to the garret, where I thought it would be safe. Hardly any one ever goes there but myself. Besides, if I had told Frank, he would have worried Job about giving him the bill, and Heaven only knows what would have happened then. No, I was wrong, I suppose, but I acted for the best. When Frank told me that he had seen you, and that the bill was in your possession, I went up to the garret, intending to find the pocket-book and destroy it. Then I was foolish enough to ask Ruth; she found it by chance — and—well, you know the rest."

"Yes, I know the rest," said Mr. Cass, grimly; "and, among other things, I know that Job Lovel killed Jenner, and that the dead man's unhappy wife has been punished for all these years. Inez, I know you have always hated her, but would you have let her lose her life?"

"No; if she had been in danger of that, I would have come forward and told all I knew, even at the cost of disgrace; I would not have had the blood of a fellow-creature on my soul. But, to tell you the truth, Sebastian, as Mrs. Jenner did not defend herself, I really believed she was guilty, and Job innocent. He confessed to having robbed Jenner; she would say nothing; so of the two, I thought Job the innocent one. Can you blame me?"

"Partly. I blame you for not having told me this long ago. I always suspected your husband. Now I know that he is innocent; and I should have known it all along, seeing that he was in the house — in my house—when the crime was committed. If you had spoken out, I would have managed to get Mrs. Jenner off in some way without exposing the whole of this dreadful story. Job should be punished."

"Think what that would mean to us all," said his sister, warningly.

"I will contrive to evade the worst. But I must have that poor woman released!"

CHAPTER XXVII.

A DOUBTFUL WITNESS.

His sister's attitude puzzled Mr. Cass less than might have been expected.

On leaving her he went straight to the Turnpike House to interview the gipsy.

The first thing was to get the truth out of Job; then he would try to arrive at some settlement of the question which would be satisfactory to the world, to justice, and to his conscience.

The door of the house was closed when he rode up. He dismounted, gave his horse to his groom, and told the man to take him home.

"I have to see this gipsy," he explained. "I find he is here without Mr. Heron's permission. I shall probably remain some time, and I don't want Sultan to get cold. Go home."

"Yes, sir," said the man, and then ventured to add a few words on his own account. "Shan't I wait, sir? Job is a rough customer."

"I know," Mr. Cass said, calmly. "I am prepared for that. I shall return in an hour, more or less. If Mr. Heron should come to Hollyoaks ask him to wait for me."

The man rode off, leading his master's horse. Mr. Cass waited until they were out of sight, then knocked vigorously at the door. There was no response.

A third knock, or, rather, a perfect battery of knocks, proved that Job was at home. From within came the growl of a waking beast—a beast angry at being disturbed; and shortly afterwards the door was wrenched open by no very gentle hand. The gipsy, with his red-rimmed eyes glaring from under a thatch of disordered hair, stood on the threshold. Mr. Cass took in his condition at a glance.

"Are you not ashamed to be drunk at this time of day?" he asked. "What do you mean by it?"

"It is none of your business," growled Job, who had slept off the worst effects of his debauch.

"It is my business. I am Mr. Cass."

"I know you are," retorted the man, still blocking the doorway. "But that doesn't give you the right to come knocking at my door. 'Tisn't your house."

"It is Mr. Heron's house," Mr. Cass said, sharply; "and I have sufficient influence with Mr. Heron to have you kicked out into the cold if you do not behave yourself."

"I shouldn't do that if I were you," said the ruffian, with a sinister smile. "Others may find themselves out in the cold too. Aye, my gorgeous Gentile — bigger folk nor the poor Romany."

This was plainly a threat levelled at Mrs. Marshall, as her brother clearly saw. However, it was not his intention to quarrel with the man until he had got the truth out of him. "You speak in riddles," he said, "but perhaps you will stand aside and let me enter."

"What for?" asked Job, suspiciously.

"You shall hear my business when I am within."

The gipsy began to cough, and the paroxysm was so violent that he had to hold on to the door-post.

"Well, sir," said Jab, at length, somewhat sobered by the fit of coughing; "come in. I ain't the one to keep a Romany Rye out of my tent."

Mr. Cass entered, and followed the man into the sitting-room in which Jenner had been murdered by—so far as Mr. Cass knew—its present occupant. As he entered he became conscious of a strong smell of petroleum, and, making a sudden pause, "Have you been your lamp?" he asked.

"No, I ain't upset anything," said Job, sulkily. "The smell, is it? Oh, that's my business. I've got an idea that ain't nothing to do with you. Sit down and tell me what's the row. I know, though. It's your young lady. Well, I haven't done her no harm; she's a sister to me, because she patters the black lingo. Has she been setting your back up, rye?"

"My visit has nothing to do with Miss Cass," said her father, sharply. "Leave her name out of the question. I know all about her visit to you and how you behaved. I am not blaming you. But my business here has to do with a very serious matter. Perhaps you can guess my errand when I tell you that I come from Mrs. Marshall."

The mere mention of that name drove the remaining fumes of drink from the gipsy's head, and he cast a sharp glance at his visitor. Mr. Cass sustained this scrutiny with the greatest calmness, and, finding the smell of the petroleum quite unbearable, threw open the window and placed his chair close beside it so that he could breathe freely. Then he turned round and looked again at the man. Job, open-mouthed at these liberties taken with his domestic arrangements, stared insolently at Mr. Cass; but at length he found his tongue. "You'll give me my death," he grumbled. "I want that window shut."

"You shall not have it shut, then," said Mr. Cass, coolly. "The air here is horrible with the smell of that petroleum, whatever you are doing with it. Sit down over there, and you will be out of the draught. I have something serious to say to you."

"So you said before," growled Job, surrendering the point of the window and pitching himself on to a broken-backed chair. "What's she up to now?"

"If you are speaking of Mrs. Marshall, be more respectful," Mr. Cass said, angrily. "However you may have intimidated her, you ruffian, you cannot deal with me in the same way. I'll make an example of you!"

"Ha! ha! You touch me at your peril!" rotorted Job, who was getting exasperated.

"At your peril, you mean! Now, then, my man, no equivocation, but a plain confession. Out with it!"

"Confession? What have I to confess, my Gentile cove?"

(To be Continued.)

Severe Pains in Left Kidney

Three Years of Suffering Before a Cure Was Found—All Credit Given to

Dr. Chase's Kidney - Liver Pills.

Before reading Mr. Gallant's letter, which is quoted below, look over these symptoms and see if your kidneys are in a healthy condition. Scores of people attribute their sufferings to stomach troubles or indigestion, when the real cause of the discomfort is in the failure of the kidneys to properly filter the blood.

When poisonous impurities are left lurking in the system, disease of the most painful and dangerous kind is bound to show itself sooner or later. It is possible that you have kidney disease and have not recognized it as such.

The symptoms are, pain in the back and over the kidneys, sediment in the urine after it stands for 24 hours, unusual desire to urinate, pain in passing water, gradual loss of flesh and weight, pains in limbs, not unlike rheumatism, dry, itching skin and brittle hair, fulness under the eyes and dropsical swelling of the legs, sleeplessness, indigestion, and constipation.

If you have any of these indications of kidney disorders, it is time for you to begin the use of Dr. Chase's Kidney-Liver Pills, the most thoroughly reliable treatment for kidney and liver disorders that is known to science. Many of the best known people in the land take a pleasure in recommending this great remedy of the famous doctor, because it has cured them when other remedies failed.

Mr. Ellis Gallant, Paquetville, Gloucester Co., N.B., writes: "I feel it my duty to write you, as I have received much benefit from the use of Dr. Chase's Kidney-Liver Pills. I was taken three years ago with a pain just below the ribs of the left side, and right over the kidney. At first it did not cause me much suffering, but a year ago the pain, at times, was very severe.

"After hearing repeatedly of the value of Dr. Chase's Kidney-Liver Pills, I decided to make a trial, and after using two boxes the pain has completely disappeared, and I am well, thanks to this remedy. I have also used Dr. Chase's Ointment and found it worth its weight in gold. You may publish this letter if you like, as it may induce some other sufferer to profit by my experience."

"You cannot possibly make a mistake in using Dr. Chase's Kidney-Liver Pills for derangements of the kidneys, liver and bowels. It has proven itself worthy of the most hearty endorsement of thousands of people. One pill a dose; 25 cents a box, at all dealers, or Edmanson, Bates and Co., Toronto. 43 1

"The Something Just As Good" Substituted For

PAINE'S CELERY COMPOUND

Beware of Druggists who Sell Imitations Knowing Them to be Such.

"The Something Just as Good" which is a poor and worthless imitation of life-saving Paine's Celery Compound is foisted on many an unsuspecting buyer by dishonest and greedy druggists and dealers, who have not the slightest interest in the welfare of the sick and afflicted. Their thoughts are wholly centred on extra large profits; it is a matter of indifference to them whether you or your friends live or die. We have recently come into possession of one of the imitations referred to; we have had it chemically examined, and find it unfit for human use.

The large majority of our druggists are honest and sympathetic men, and will never condescend to substitution or deception. You should, however, when any one suggests the "Something Just as Good," or offers you a vile imitation for the Paine's Celery Compound which alone can meet your case, at once resent his impertinence, and leave his store. All honest and straightforward druggists gladly recommend Paine's Celery Compound to their customers and speak with pleasure about the wonderful cures it has effected.

Beware of the "Something Just as Good" and all imitations. See that the name PAINE'S is on wrapper and bottle.

CANADIAN WHISKEY

Cannot be Taken Into the United States in Small Packages.

WASHINGTON, February 20.—The Treasury Department has decided a case involving the right of a citizen of the United States to import whiskey from Canada in certain sized packages, Canada prohibits the importation of whiskey into that country in casks of a less capacity than 100 gallons. The tariff act of the United States, approved July 24, 1897, provides that any spirituous liquors imported into the United States in any sized package of or from any country, under whose laws similar sized packages are denied entrance into such country shall be forfeited to the United States. In the case in question a Detroit dealer imported a 20-gallon cask of Scotch whiskey from Ontario province, which was promptly seized by the United States collector at Detroit. The contention was that the act of 1897 applies only to the country of origin, which in this case was Scotland. The department holds to the contrary, and finds that the wording of the act, " of or from any country," etc., makes it apply in this instance to the Dominion of Canada.

Constantinople's Reign of Terror.

CONSTANTINOPLE, February 20.—Fued Pasha, Under Secretary of the Interior, was enticed to the palace yesterday and hurried on board the Imperial yacht as an exile. His crime consists in disobeying the Sultan's orders and thereby preventing a projected massacre of Armenians on the Asiatic shore of the Bosphorus. A veritable reign of terror exists in Constantinople, and events may take a serious turn later.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Upper Salmon River Breakwater," will be received at this office until Monday, 3rd March, inclusively, at Upper Salmon River, Albert County, N. B., according to a plan and specifications to be seen at the offices of Geo A. Day, Esq., Resident Engineer, St. John, N. B., and C. E. W. Dodwell, Esq., Engineer, Halifax, N. S., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six hundred dollars ($600.00), must accompany each tender. The cheque will be forfeited if the party decline the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS, Secretary.

Department of Public Works, Ottawa, 7th February, 1902.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 42 1

THE PRESIDENT'S HORSE SENSE.

President Roosevelt has settled the vexed question, whether Admiral Sampson or Admiral Schley was the hero of Santiago, by declaring most emphatically that there was no hero in the case. He says that Sampson was hardly more than technically in the fight; and that Schley beyond making a few mistakes did nothing of any consequence. It was a captains' fight, says the President and "the actual fact, the important fact is that after the battle was joined, not a helm was shifted, not a gun fired, not a pound of steam was put on in the engine room aboard any ship actively engaged in obedience to the order of either Sampson or Schley, save on their own two vessels." Thus, in a few sensible words does the Rough Rider dispose of a whole heap of hysterical rubbish accumulated by the sensational press of New York. What will the yellow journals do about it? The only course open to them apparently is to point out that President Roosevelt is no lady and that Nelson was not present at the battle of Trafalgar.

A VACCINATION LESSON.

New Bedford, Mass., the erstwhile home of the old black grimy-looking whaler of the sea novel, has a horrible example of the anti-vaccination doctor. Dr. Pfeiffer wanted the public to know that he did not value vaccination, so he went among some smallpox patients in a Boston contagious diseases hospital, and even inhaled their breath, without having been vaccinated. He is now enjoying a first class sample of smallpox in his own person, and if he recover he certainly will be one of the men for whom vaccination is unnecessary. Incidentally, it may be mentioned that the other doctors and nurses at the Boston hospital had all been vaccinated and none of them have taken the disease. One is led to wonder not so much at the idiotic conduct of Dr. Pfieffer as at the kind of management the Boston hospital authorities must have to allow an unvaccinated man to go about the place sampling breaths.

TOLSTOI.

Bulletins of the health of Count Tolstoi are read with eagerness wherever there is civilized humanity to read. His is one of the giant figures that stands out against the horizon of the world from wherever you may look. Quite apart from his marvellous literary ability, his life has been such as must have, in any case, attracted the attention of mankind. A noble, he has lived for years the life of a peasant; a veteran of several wars, he believes in the doctrine of non-resistance; a rich man, he eats the bread of labour and poverty; a dreamer, he has been foremost in practical charity; intensely religious, he has quarrelled with the church; rigidly moral, his books have been excluded from the American mails. It would be difficult to imagine a more complete human paradox, taking his life as a whole.

Yet at every step has sounded the keynote of sincerity. He has been one of the few who have not been content to talk. What he has thought to be right he has done; and whatever we may think of his judgment, no one can withhold praise of his courage and consistency. Nor is it hard to believe that it has not been easy for such a government as that of Russia to get along with him. A man of intense activity and resulting wide influence, he never seems to have learned the handy word "compromise." He is not a half-loaf reformer. And, after all, it is the half-loaf reformers who are seen from time to time with bread in their hands.

His is a life which has seemed half martyrdom as it passed; and when it is over and the world gets distance on it, the martyr element will increase and with it the influence of his teaching and example. With much of that teaching, most of us have been compelled to disagree; but, in some things, he may yet be found to have been a prophet come before his time. Who knows but that swords may yet be beaten into plough-shares?

THE HOSPITAL AND MENTAL DISEASE.

The report which we published recently of the work of the Protestant Hospital for the Insane in 1901, contains a recommendation by the Medical Superintendent which seems well worthy of public attention with a view to an alteration in the law which, as it now exists, not only prevents the shelter of an asylum being voluntarily sought by the person who feels "mentally" ill, but also tends to perpetuate that peculiar dread and horror of the lunatic asylum which modern thought and modern practice are only slowly eradicating from the public mind.

The present law in this province, as in most of the states of America, compels an elaborate machinery to be set in motion with a view to "commit" a person perhaps only temporarily incompetent of self-control to detention in an asylum under conditions which often appear as degrading as the committal to gaol custody. In the case of public patients in this province six forms have to be filled in. 1. That of the relative, guardian or friend of the person. 2 and 3. Medical certificates sworn to by one physician. 4. A form signed by a clergyman. 5. Another by the Mayor or Councillor of nearest municipality and lastly, one by the secretary-treasurer of the same testifying as to the financial means of patient or his friends. In the case of private patients the machinery is somewhat less complicated, but two medical certificates instead of one are necessary.

In his report to the Governors of the Verdun Institution, Dr. Burgess states that he often receives applications for voluntary admission, which the law compels him reluctantly to refuse, because he believes such admission if allowed would do much to remove the unjustifiable dread of the "mental hospital" and would help more than any other means to place any public institution provided for those mentally afflicted on the same plane as the hospitals for general mortal ailments and accidents. There may be many in the community who in the throes of conscious mental depression would voluntarily seek such a shelter which if the same were forced upon them may aggravate their disease and render it less capable of treatment. It would not be difficult to devise a form which such an applicant should sign and a procedure to follow his or her application, which should safeguard both the individual and the community from fraud. For instance, a person might write, "I hereby voluntarily request admission to such and such an asylum for care and treatment," signing the same in the presence of some relative or friend, and the patient and friend present then be distinctly informed that after discharge was requested the person signing should only be detained for such a reasonable time as would enable the friends to be notified to take charge of the case or to have the proper legal papers made out should the medical officer consider that continued and involuntarily incarceration was desirable in the public interest. Among the many social questions which are asserting a claim to public attention, we believe this one of less arbitrary treatment of brain disease is not the least pressing.

RECEIVING PRINCE HENRY.

Madame Democracy is making ready, with considerable bustle, to receive a Prince of the Blood on the "front stoop." Prince Henry is ploughing the raging main on the Kron Prinz Wilhelm, wondering, no doubt, how he can best ingratiate himself with a people who are not accustomed to princely ways, and who, he probably imagines, may take politeness for condescension and who are just as likely to look upon reserve as pride of caste. No doubt, too, he realises fully, the importance of making a success of his mission of amity. The American Republic is a new power in the world; and it behooves even mailed Germany to win, if possible, its friendship. There was a time when the brother of an Emperor would not have troubled very much about how he was regarded by the raw people of a new continent; but that time is as thoroughly dead as it is entirely past. And it is likely that the princely guest is quite as anxious about how he should behave on the American "front stoop," as are his democratic hosts over the details of their conduct.

For if half what we read in the American papers is correct, the said hosts are not without their trepidations. There are those among them who would not wish Prince Henry to imagine that they were not in the habit of receiving Princes every day or two. These people will not be found among Mr. Bryan's constituents in the far west, where Europe is still mainly known as an "effete civilization"; but they, nevertheless, dwell in the land of "the free and equal" and are quite prepared to make an Emperor or a King feel "right at home." They do not grow any crowned heads themselves, but they know how such august personages should be received.

Now these are the people chiefly whom Prince Henry will meet; for it is likely that the stalwarts of the west will be too busy reading Mr. Bryan's editorials to get down to shake hands with him. Prince Henry will lose something on this account; but a still more serious result is likely to flow from it. He will come off the Kron Prinz Wilhelm ready to do the friendly and the democratic on the "front stoop" of the Republic; and he will meet a lot of good-intentioned people who will want to make the Prince think that he is in a community where the proper way to receive royalty is taught in every kindergarten.

Thus may two industriously-prepared ideals clash. The Prince may saunter carelessly down the "gang-plank" with a "glad hand" ready for all and sundry, to be met by a frigid circle of bowing respectability who thank God that they know their proper places.

But, in that case, some one should whisper to the disappointed royal traveller that he may still find a "free and equal citizen," in the uniform of a New York policeman—and at the offices of Mr. Bryan's newspaper. And if he should have any curiosity as to how his more immediate host learned to acknowledge the superiority of any being on earth, he can go out some day incog., and approach the presence of the hotel clerk!

Sir Henry Irving celebrated his 64th birthday at Rochester, N.Y., on the 6th inst., having been on the stage continuously since his debut at Sunderland, in 1856. He started at the age of 22, playing a minor part in Richelieu, and has lived to prove that his profession is one through which a man of talent, resourcefulness and industry may win an honoured and worthy position in the world. No man ever did more to improve the stage.

Some of the New York papers, between political contests, point to America's growing greatness, and cite Messrs. Carnegie, Rockefeller and Morgan, and their operations, as tangible proof that Uncle Sam is "getting there" faster than any other country on the face of the globe. But, alas! when politics is uppermost the illustrious trio figure as "monopolists, millionaires and soulless traffickers in the tears of women and children." For foreign consumption these millionaires are shown as a sort of Dr. Jekyll; for domestic use as terrible specimens of the genus Hyde. Incidentally an up-to-date illustration of "Drag and Bluster" is shown by the newspapers.

An Edinburgh theological student was sentenced yesterday in the Police Court to twelve months' imprisonment for theft. He cannot be said to have made religion a cloak, for he made a specialty of collecting overcoats with religious associations. He stole overcoats from the McGill Y. M. C. A., the University Library, the room under the Molson Hall, Emmanuel Church and St. James Methodist Church, and two of the coats belonged to parsons. It is said that the prisoner was expert at playing the piano and playing ping-pong, but these charges were not pressed against him.

A leading New York paper gives some very clever sketches of prominent people at the murder trial which is the reigning sensation there. Among them we notice a good portrait of the respected Premier of Nova Scotia, labeled "Sir George Murray." Some people achieve greatness, and some have greatness thrust upon them. Premier Laurier went to England and came back with a title cruelly crowded upon him. Now another Liberal Premier appears to have had to yield to the force of circumstances in the United States.

The National Liberal Federation meeting at Leicester yesterday passed a resolution condemning the policy of demanding the unconditional surrender of the Boers and asking for a regular peace on broad, generous lines. The meeting should have gone a little further, and resolved: "and that a copy of this resolution be forwarded to General De Wet for his encouragement."

United States Senator Teller confesses that much as he sympathizes with the Filipinos, he cannot bring himself to wish for disaster to the American arms. No like qualms of conscience disturb the rest of the British pro-Boer as he warms his heart at the news of a successful ambush worked on some stray "Tommies."

Now that the brigands have the ransom and Miss Stone, both, they do not seem in a hurry to deliver the goods. Release the lady like true gentlemen and honourable men—as brigands always are in novels—for the lecture platform awaits its star.

There are many people in Canada who would like to see Canadian interests and Canadian boundary lines firmly upheld if they do not express themselves in exactly as extreme terms as Mr. Gourley, M.P.

Dick Burge, the pugilist convicted of frauds on the Bank of Liverpool, testified that during the last ten years he made £30,000 from boxing. And yet there are people who say that art does not pay.

There was something decaying in the State of Denmark, but it has been handed over to the United States for five million dollars.

THE PASSING HOUR.

It costs some women a blame sight more to fix themselves up for a party than for the life beyond the grave.—Mount Union (O.) Register.

An amateur farmers' club was recently organized here, composed exclusively of young men who are sowing their wild oats. —Waycross (Ga.) News.

The question now agitating the local debating society is: "Should a young man leave his music lessons to split stove wood when his mother is at home in perfect health?"—Lawrence (Kas.) Press.

A young lady recently applied at the local insurance office for a job as solicitor. When asked what her qualifications were she smiled and touched her cheek. She was engaged on the spot.—Tipton (Iowa) Republican.

HER LANGUAGE WHOLLY INADEQUATE.

A revelation of the utter inadequacy of the feminine vocabulary to express deep emotion was given to a crowd waiting for cars at the bridge end the other night. As a car came around the curve and halted, the usual mad rush for seats followed. After the car was crowded to the railing an elderly woman, large of person and heavily laden with bundles emerged from the waiting crowd. She was red in the face and puffing with her exertions, as she hastened toward the car, waving her bundles vigourously to attract the attention of the conductor, and emitting short, sharp shrieks intended to signify that she desired the car to wait for her.

But the conductor stolidly pulled the cord, and just as the weary woman reached the steps the car moved away. On the platform the conductor stood with folded arms and smiled calmly back at her.

For a moment she stood gasping with rage. Then she waved all her bundles viciously in the direction of the rapidly retreating car, and shouted at the offending conductor:

"Oh, you! you! you! you! man, you!" —New York Tribune.

Nothing makes a woman so happy as for you to remember the time when she was a little thing with long, curly hair.

The time to retire from business depends not so much on your age as your dollars.

The real meaning of competition is that somebody is after your scalp and you are trying to keep him from getting it.

No woman would smuggle unless she were coming back from Europe.

Women will never understand that to a man a woman's gown looks pretty if she does, but that if she doesn't he can't see anything pretty in the gown.

"Very interesting scenery, sir," said a Londoner to a grim looking Scot on board the Loch Katrine steamer.

"I'm pleased ye think sae," answered Sawney.

"Replete with historical associations."

"Maybe, but I dinna ken onything about them."

"What! exclaimed the Englishman. "Surely you have read the works of your great countryman, Sir Walter Scott, the 'Wizard of the North'?"

Sir Walter Scott? What was he?"

"Sir, this is perfectly incredible. You a Scotchman, and never heard of the man who wrote the Waverley novels, 'Marmion,' 'The Lady of the Lake,' and all that sort of thing!"

The Scot only shook his head.

The disgusted cockney turned away with an expression of contempt for such gross ignorance, and an individual who had overheard the conversation, blushing for his uninformed compatriot, took an opportunity of asking whether his confession was actually true.

"Toot, man!" was the testy reply. "I didna want to hear ony o' that English idiot's sentimental bletherin'. Heard of Watty Scott? For the last twelve months I've heard enough of Sir Walter Scott, and his novels, too. I'm a printer's reader, and our firm has been printin' a new edition of his works. I'm on my holidays, mon, and canna be bothered speaking about shop!"

On their own merits most men should keep quiet.

Idleness is the incubator of a great many small sins.

Silence is a virtue that is frequently overlooked by fools.

It is easier to start a woman talking than it is to stop her.

A man may be able to laugh at a joke on himself, but he is never able to mean it.

If you want to gain a woman's everlasting friendship, ask her advice, and follow it.

Before marriage a woman thinks of a man. After marriage she frequently thinks for him.

The college football player who is quarter-back on the field is likely to be away back in his class.

Few women are interested in the study of prehistoric man. Their specialty is the man of to-day.

The honest man who pays his rent has to hustle, and the dishonest man who doesn't has to keep moving.

It sometimes happens that after gaining a foothold a man is unable to make headway.

TUSSLE WITH A TELEPHONE.

"Number, please!" The dulcet tones of the invincible "hello" girl trilled the query into the waiting ear of the wag at the other end of the circuit.

"Give me two pairs of aces," came the answer.

"Do you think you're playing draw poker?" interrogated the girl at "Central."

"Certainly not," was the reply. "I'm calling a telephone number. Kindly let me have four ones."

"I'm afraid I don't understand," said the operator. "Can't you make your call clearer?"

"I'm doing the best I know how. Can you connect me with one, one, one, one?"

"Guess you've got the wrong number; try again."

"No, I haven't; it's in the book. Maybe you specify it as eleven, eleven."

"Say, do you think this is a policy shop? What number are you calling?"

"I'm trying to tell you. See if you can give me one hundred, eleven, one."

"No, I can't," came the sharp reply. I have no time to wait. If you cannot be more explicit you had better send a telegram."

"Why do you have such nonsensical numbers in your old book if you can't understand them?" argued the caller. "Here it is as plain as day—four ones in succession."

"Oh, you mean one, one, double one. Why didn't you say so? I'll connect you."

"Don't bother. I just wanted to discover how you called for that strange collection of figures. Good-bye."

THIS DATE 30 YEARS AGO.

(From Star Files of February, 1872.)

Mr. Eastly gives very successful readings at Ottawa.

The assassin of Lord Mayo has been tried, convicted and sentenced to be hanged.

Trial of Ed. Stokes for shooting Fiske in New York, called and postponed for three days.

New York had over three hundred murders and sudden deaths last year, but no executions.

Lord Francis Napier, Governor of Madras, appointed Governor-General of India to succeed Lord Mayo.

Rev. James Carmichael lectures on "Modern Novels" in the Cathedral school room, University street, on behalf of the Cathedral Y.M.C.A.

Second lecture of the Somerville course under the auspices of the Natural History Society, given by Dr. P. P. Carpenter on "A New England Clam Bake."

The investigation into the municipal frauds in New York done by Ross Tweed and others show that the city has been swindled out of twenty million dollars.

A torpedo boat of a new type, to cost $30,000, 170 feet long and 35 wide, with a steel ram and a torpedo on the end of a spar projecting forward, is being built at Boston. It has twin screws, and will be 350 tons burden, drawing 12 feet of water. It is expected to be a terror to a blockading fleet.

CHILDREN MUST BE PROPERLY ESCORTED

When They Attend the Theatre After This, Says Ald. Lebeuf.

POLICE COMMITTEE IS TO ACT

It is Probable That Certain Police Stations Will Presently be Abolished.

The new Police Committee held a short session yesterday afternoon. Ald. Lebeuf was in the chair and there were mutual congratulations all round. At the opening of the meeting the chairman made a few introductory remarks relative to the work done during the past two years and what was intended for the future. He said that all that was wanted was continued improvement. During the last two years, considerable had been done, but there was more yet to do. He explained that at the next meeting of the committee, he would offer a resolution for the appointment of a sub-committee, whose business would be, to investigate all minor differences, disputes, lax of discipline and the like between the men. The object was to keep such matters from gaining an undesired publicity in the press. He thought better results would be obtained by removing such matters from the general committee's attention.

ABOLISH CERTAIN POLICE STATIONS

The speaker added that, at the next meeting a report would be made by Chief Legault, suggesting the abolishment of certain police stations. Everyone knew that last year the chairman had abolished No. 15 station which was in his own ward, and as he had never heard a word of complaint, he felt convinced that the station was not needed. He believed that two or three more stations could be dispensed with. Was it not absurd to see three officers in a station in charge of half a dozen men? A captain ought to have fifty men under him.

There was no discussion on the matter, but a hint was dropped that Nos. 12, 13 and 15 would soon be stations of the past, although it is already known that there will be a fight against the new idea.

CHILDREN AT THE THEATRES.

The chairman referred at length to a proposal he is about to make in connection with an effort to prevent children under a certain age attending the theatre without proper escort. He said some time ago he drafted a by-law which was submitted to the city attorneys. It provided that children under the age of 16 years should not be permitted to attend theatres and places of amusement unless accompanied by their parents, guardians or other responsible persons. At this time it was intended to adopt the by-law at once, but upon legal advice this was deferred, as it was argued the city had no jurisdiction in matters of that sort, and the only thing to do was to induce the Government to pass a legislative act which would then become law. In the course of his remarks Chairman Lebeuf said such was his intention in proposing the by-law to the committee, in the shape of a resolution. It would then go to the council to be discussed by the aldermen, after which, if adopted, it would be introduced in the federal Parliament.

London School Board children used over 4,000,000 exercises and copy books last year.

RICKETY CHILDREN.

Loose joints, bow legs, big head, and soft bones—mean rickets. It is a typical disease for the best workings of Scott's Emulsion.

For the weak bones Scott's Emulsion supplies those powerful tonics the hypophosphites. For the loss of flesh Scott's Emulsion provides the nourishing cod-liver oil.

Scott's Emulsion corrects the effects of imperfect nourishment and brings rapid improvement in every way to rickety children.

FACTS AND FIGURES.

The general elections of 1900 cost the Dominion of Canada $217,834.

Sewing cotton and pocketknives are the only British-made goods that now hold their own in Brazil.

In 1877 there were high schools for 3,626 German pupils in Hungary. To-day all these schools have ceased to exist.

London is still obliged to import polyglot clerks for her mercantile houses, as the English too seldom take the trouble to learn foreign languages.

The trip of Hon. William Mulock to Australia to represent the Dominion at the opening of the first Parliament of the new Commonwealth cost Canada $6,900.

There are 365,000 Englishmen and 22,000 Canadians residing in New York. Out of the entire population of 3,400,000 between the Battery and the Bronx, 1,800,000, or over fifty per cent., are foreign born.

Pittsburg now ranks third among American cities in respect to the value of stock exchange privileges. The highest price ever paid for a seat in its Stock Exchange was recorded recently, when one was sold for $8,000. New York, of course is first, with Boston second, its highest recorded sale being for $22,000, and Philadelphia, Baltimore and Chicago follow in the order named. In Montreal the last seat on the Stock Exchange sold for $15,000.

ASTONISHING PROGRESS

Medical Science has Advanced By Leaps and Bounds.

Now an Absolute Cure for Rheumatism has been Discovered—It is no Experiment, having been Successfully Proven in Many of the Very Worst and Apparently Helpless Cases.

SUNDRIDGE, Ont., February 19.—(Special).—Physicians and others who study the treatment and cure of disease have been greatly interested in the case of Mr. Wm. Doeg, a farmer living in Strong Township, about four miles from here.

Mr. Doeg had rheumatism so bad as to be a cripple for years and was completely cured by Dodd's Kidney Pills.

In order to verify the report he was visited at his home and the following signed statement of the facts secured:

"For four years I suffered excruciating torture. I was scarcely an hour free from pain. The trouble commenced in my back where it often remained stationary for months, and so intense was the pain that I could not lie down or take rest, but had to sit night and day in a chair.

"The pain would then move to other parts of my body and when in my knees I was unable to walk and confined constantly to my room.

"I was treated by several doctors, and also tried many medicines without receiving any benefit. Almost in despair I feared I would never again experience the pleasure of being free from pain.

"My attention was at last directed to some remarkable cures of Rheumatism by Dodd's Kidney Pills. I bought a box and began to use them. I soon found that they were helping me a little, and so I continued the treatment.

"In a few weeks I was well and able to go about my work, which I had not been able to do for over four years.

"This was years ago and I have not since had the slightest return of the trouble. I have worked on the farm steadily ever since and have always felt strong and well.

"I know that Dodd's Kidney Pills saved my life and restored me to health and strength.

"I believe they will cure any case of Rheumatism, for I never knew as bad a case as my own, and they cured me." 43 1

ERA OF ACTIVITY IS AT HAND

Steady Improvement Confidently Expected in Real Estate.

INDICATIONS POINT THAT WAY

In January There Was An Increased Demand for Houses of the Better Class.

The J. Cradock Simpson Real Estate Record says:

The principal features of the real estate market during the month of January were the steady enquiry for houses to rent of the better class, and the improved demand on the part of intending purchasers for houses and business premises. The general business situation seems favourable to a healthy interest in realty improvement, and this with other influences at work that are likely in the next few years to make Montreal a popular centre of commercial endeavour, accounts for the prevalent opinion that an era of activity is at hand.

BOUGHT FOR OCCUPANCY.

The properties transferred have been bought principally for occupancy, and it is altogether probable that the next stir given to the real estate market will be by the speculator—the man who buys solely with the intent of getting rid of his purchases as soon as possible at a profit. The last of all to make an appearance in the market is usually the investor—the man of capital who purchases property for the income he expects to get out of it. As the renting of property is all important, being the basis for values, the decided improvement in renting this season should have a stimulating effect upon the other branch of the market.

REAL ESTATE MORTGAGE RATES.

The rates for real estate mortgage loans continue to be about the same. Five per cent. is the ruling rate for first-class loans and lenders are disposed to be conservative as to the margin of security.

Seventeen building permits were issued in January, and the stated aggregate cost of the work is $32,605.

The sales recorded during the month of January in the undermentioned suburban municipalities amount to $144,067.

There were 134 real estate transfers in the city wards and town of Westmount recorded at the registry offices during the month of January, amounting to $645,648.

Death of Col. Hiram B. Keene.

(Special to the Star.)

OGDENSBURG, N. Y., February 20.—Col. Hiram B. Keene, a prominent resident of Gouverneur, died yesterday, aged 82. Col. Keene was the original promoter and director of the Rome, Watertown and Ogdensburg Railroad. He was a colonel of the 34th Regiment of State Militia.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 ROGERS BROS. TRADE MARK

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made. 43*mtyf

BOYS WERE PUNISHED.—Several boys came before Judge Desnoyers yesterday, and three of them were each sentenced to four years' detention in the Reformatory. Jas. Hayes, 11 years of age, had been released on suspended sentence a year ago, after being found guilty of attempting to set fire to St. Patrick's School. With four other boys, he was now found guilty of stealing a number of syphons from Rowan Bros., Vallee street. All pleaded guilty, and three of the boys were sent home after a lecture. The mother of James Hayes said that she could not do anything with him. The boy told the judge that he had tried to burn down the school because he did not want to go there. After receiving his sentence Hayes remarked that he would rather go to the reformatory than to school. Judge Desnoyers also sentenced two young boys, Francois Brisson and Edward Chalifoux, to four years each in the Reformatory for stealing from a Chinese laundry.

INFLUX OF GALICIANS INTO CANADIAN WEST

Has Awakened Interest of Austro-Hungary in the Country.

HAS APPOINTED CONSUL

To Look After the Galician Immigrants—Interview With New Consul.

"Yes, the relations between Austria-Hungary and Canada have grown so rapidly and extensively during the past few years, that the Austrian Government has decided to take the important step of appointing a Consul General for this country."

The speaker was Mr. F. Freyeslebeu, who has just arrived in the city to take up the duties of acting Consul General for the entire Dominion.

"What has, of course, served most to bring both countries together is the settlement of large colonies of our Galicians in the farming districts of this country, the North-West. Already there are over fifty thousand and there is every possibility of the immigration being still greater during the next few years. The Canadian Government has offered them good inducements, and I am glad to say that the general impression is that they are a very industrious people, and that they are making very satisfactory headway. Now the Austrian Government is anxious to help them too, and after going among them and studying the various conditions I will suggest what will be to their best interest. For instance it has been found difficult to find a sufficient number of missionaries to go among them, and if they are to be enabled to preserve their faith, missionaries will likely be brought from their own country.

"It has been, added Mr. Freyeslebep, in great part due to the many services rendered by Mr. E. Schultze, who has been acting for some years past as honorary consul, that the appointment of a regular consul was rendered necessary. Mr. Schultze is very highly thought of and will shortly be decorated by the Austrian Government.

"And the prospects of trade?"

"For a number of years past I have been acting in different parts of the States and I see no reason whatever why there should not be just as great a trade between Canada and Austria-Hungary, as there is already from the United States. This is, of course, a very important question and one that requires much study before one can state exactly what class of goods could be exported or imported to the best advantage as the case may be. But as Austria-Hungary is an essentially manufacturing country, of course, raw materials of all kinds coming from Canada would obtain quite a sale. In return we would send you manufactured goods of all kinds. Both countries have now started to take an interest in one another, and there is every reason to expect that such an interest will result to the advantage of both countries."

"Would you say that Austria is really prosperous at the present time?"

"Well, there is some little depression, but this is owing in part to the greater depression existing throughout Germany. On the whole Austrians are fairly prosperous. The reason why so many are leaving the country to come to Canada is rather that farm hands have better prospects out here."

ROBILLARD'S TROUBLES

A Demand of Assignment and a Bench Warrant Added to Other Complications.

A demand of assignment has been made on L. G. Robillard, trader, by Mr. Edward H. Barker, advocat, through his attorneys, Messrs. White, O'Halloran and Buchanan. With the demand for assignment has been filed an application to call the debtor and creditors of his estate through the public press, as he is an absentee from the province. The meeting of creditors has been called for February 28.

Mr. Robillard is the founder of L'Union Franco-Canadienne, a benefit society, and the proprietor of a couple of weekly publications, one of which is strongly anti-Imperialist. Of late he has figured in the public eye in connection with a big Sunday mass meeting in the National Theatre, at which Henri Bourassa made a characteristic speech, and in a libel suit taken against him by a Hebrew gentleman who resented a series of attacks upon his race made in one of Robillard's publications. Robillard in turn took actions against some local newspaper men, who, he suspected, were waging war on his benefit society through a rival publication. This latter case culminated in a call by the judge for the society's books; and now the announcement is made that Mr. Robillard is not in Montreal. Judge Choquet has issued a bench warrant against Robillard, as an absentee witness. The statement is made by the officers of L'Union Franco-Canadianne that the affairs of the society are in good shape, despite the demand of assignment made personally upon the president of the society. A seizure before judgment against Mr. Robillard is also another outcome of the trouble.

Barbadoes Molasses Cheap This Season

The market for new crop Barbadoes molasses has opened about 6c below last year's opening, being 12 3-4c f.o.b., or 8c first cost, as against 14c a year ago. There has been little or no business transacted as yet, but should prices remain as at present it is expected that trading will be heavy.

Montgomery, guide; Bro. J. Larrabee, I.W.; Bro. W. Cameron, O.W.; Dr. S. A. Banfill and Dr. J. Poirier, medical examiners; Bro. R. A. Darker, representative to Grand Lodge; Bro. S. Cowper, alternate.

CHATEAUGUAY LODGE, NO. 13, A.O.U.W.—This progressive lodge at Ormstown has elected the following officers for the current year: Bro. Malcolm, M.W.; Bro. the Rev. D. W. Morrison, P.M.W.; Bro. T. A. Cunningham, foreman; Bro. John Armour, overseer; Bro. Matthew Kee, recorder; Bro. David Chambers, financier; Bro. John Ligget, receiver; Bro. James McBain, guide; Bro. Dougald C. Carroll, I.W.; Bro. Thomas J. Moore, O.W.

ST. ARMAND'S LODGE, NO. 62, A.O.U.W.—St. Armand's Lodge, No. 62, A.O.U.W., which has added ten to its membership already this year, held a very successful ball at St. Armand Station, when about one hundred ladies and gentlemen were present. P.M.W. Bro. W. A. Smith has installed the following officers for 1902. Bro. E. P. Luke, M.W.; Bro. H. Symington, foreman; Bro. Andrew Bart, overseer; Bro. F. F. B. Futvoye, recorder; Bro. A. C. McPhee, financier; Bro. George Bradley, receiver; Bro. G. E. W. Blane, guide; Bro. J. R. Chapman, I.W.; Bro. Ernest Phillips, O.W.

PAST MASTERS' NIGHT.—Kilwinning Lodge, No. 26, A. F. and A. M., will hold a past masters' night on Friday evening in the Masonic Temple, Dorchester street.

EMERGENT COMMUNICATION. — Corinthian Lodge, No. 62, A. F. and A. M., will hold an emergent communication this evening at the Masonic Temple, Dorchester street.

MOUNT ROYAL LODGE.—The regular weekly meeting of Mount Royal Lodge, No. 1, I.O.O.F., was held Monday in the Oddfellows' Hall, 251 St. James st. A programme of vocal and instrumental music was rendered.

WILL CONFER DEGREES.—The ranks of page and esquire were conferred last evening on a number of the charter members of the new Holyrood Lodge, No. 6, Knights of Pythias, at the regular meeting of Ivanhoe Lodge at No. 6 Phillips square.

ROYAL ARCH MASONS.—The regular convocation of Carnarvon Chapter, No. 5, Royal Arch Masons, was one of more than passing interest, from the fact that it was made the occasion of the presentation of a very handsome Past Principal Z's jewel to V. E. Comp. D. A. Young on the occasion of his retiring from the first position as presiding officer of the chapter. Bro. Young in acknowledging the gift said, in looking back over the past year he could not help but feel gratified at the fact that the progress made by the chapter during 1901 was greater than that of all the other chapters in the province.

OFFICERS ELECTED.—The annual meeting of the St. Mary's C.Y.M. Society took place in their hall, 1242 Notre Dame street, on Sunday, the 16th inst. The following officers were elected for the ensuing year: T. W. Mitchell, president; Jos. Hanley, secretary; F. E. Phelan, first vice president; P. Doyle, second vice president; F. Ducket, M.D., treasurer; John Kilcullen, financial secretary; P. Killeen, marshall; M. Keany, librarian; James Dower, chairman hall committee; J. Traynor, chairman auditing committee; A. Hinton, chairman membership committee; Rev. P. Brady, P.P., spiritual director.

FORESTERS AT PLAY.—The Canadian Order of Foresters held a jolly time Monday. About a month ago the single men of Court Freedom challenged the married men to play a game of hockey. The Arena was the scene of the battle, and after an exciting struggle, which was witnessed by many members of the order, and on which there was some heavy wagers, the married men were victorious by a score of 5 to 4. The teams lined up as follows: Married—F. Boon, G. James, G. H. Boon, S. Lee, D. Elliott, E. H. Wilson, R. Lang. Single—M. Thacker, F. O'Connor, R. Boon, O. McNeice, D. Inrie, F. Slater, H. Connolly.

GOOD TEMPLARS' ENTERTAINMENT.—The members of Unity Lodge, No. 196, I.O.G.T., turned out in large numbers at the Old Folks' Home at Longue Pointe Tuesday evening, when the inmates were treated to a good concert programme, after which refreshments were served. The chief templar, Bro. James W. Roch, was in the chair, and songs were given by Miss C. Thomas, Miss Matthews and Messrs. Morgin, Brown, Wootton, J. Greenwood and J. Cunningham; mandolin and banjo selections by Messrs. Norwood and Lander; recitations by Miss Janet Ellis and Messrs. Stobo and Cunningham; readings, Messrs. Boone, Roch and A. G. Ellis; habitant impersonations by Mr. F. Sharpe; whistle and banjo selections by Messrs. Riddell and Richards; gramophone selections by Mr. Hunt; negro selections by Mr. Richards, and a piano solo by Mrs. Lamontagne, who also acted as accompanist.

48 1

In the Labour World.

THE ROUGH CARTERS.—A meeting of the Rough Carters was held Monday at 1521 Notre Dame street.

THE SHEET METAL WORKERS.—The Amalgamated Sheet Metal Workers held a meeting Tuesday in St. Joseph's Hall.

THE CARPENTERS.—The Brotherhood of Carpenters and Joiners held a reunion at Blue Label Hall, 660 Dorchester street, Tuesday evening.

THE TRADES COUNCIL.—The regular meeting of the Federated Trades and Labour Council will be held in the Blue Label Hall to-night.

THE BRASS WORKERS.—The regular fortnightly meeting of the Brass Workers' Union was held last night in the Oddfellows' Hall, 251 St. James street.

WANTS MORE WAGES.—The letter carriers of the Dominion will make another effort to have the Postmaster-General grant the 20 per cent. increase in wages asked for last year.

THE IRON MOULDERS.—Mr. Philip Hayes, for many years an active member of the Iron Moulders' Union, has left the city for Ansonia, Conn., where he has accepted a more lucrative position.

A mass meeting will be held to-night at 132 St. James street to discuss municipal affairs.

THE BAKERS—The Journeymen Bakers' and Confectioners' International Union has now a membership of 9885 against 6113 for the previous year. Seventy-two charters were issued during the year and nineteen surrendered.

THE TAILORS.—The Independent Tailors' Union have opened an employment office at 709 Craig street for the purpose of helping all those engaged in the industry to obtain employment. Employers needing help are requested to notify the secretary, Mr. H. Rappaport, who will endeavour to meet their demands in their consecutive order. Mr. A. Cooperman will deliver an address at the next meeting entitled "Single Tax vs. Socialism."

WILL FORM AN ASSOCIATION.—Steps are being taken by the telephone employes to form an association. At an informal meeting held last evening it was stated that the telephone industry, though only about twenty-two years old, has become one of the most important. In the United States alone there are 4,311 exchanges in operation, with 2,278,717 telephones in use. The total capital invested is nearly $500,000,000. One company alone employs 33,000 persons, and handles a total of 2,000,000,000 calls each year.

Societies.

INDUSTRIAL EDUCATION. — Addresses under the auspices of the Educational Commitee of the Young Men's Christian Association will be given in Association Hall on Friday evening by Messrs. E. L. Shuey, of Dayton, Ohio, and G. B. Hodge, of New York. Mr. Shuey, as a manufacturer, will present the question of education for the industrial and commercial classes, and Mr. Hodge, as educational secretary of the international committee of Young Men's Christian Associations, will illustrate with slides the progress of this work on the continent.

COUNCIL OF ARTS.—A meeting of the Council of Arts was held Tuesday. The secretary reported that 913 pupils have followed the classes up to February 1, which means an increase of 100 pupils against the same date last year.

DIVISION NO. 5.—The regular monthly meeting of the Ladies' Auxiliary, No. 5, A.O.H., will be held in St. Patrick's Hall, 92 St. Alexander street, this evening at 8 p.m.

In the Association Hall of the Y.M.C.A., on Friday evening, February 21st, Mr. E. L. Shuey, manufacturer, of Dayton, Ohio, and Mr. G. B. Hodge, educational secretary of the international committee of the Y.M.C.A., will deliver addresses on commercial education. The object of their visit is to stimulate interest in the evening classes of the Y.M.C.A.

Rat Portage Wants An Hotel.

Sir Thomas Shaughnessy was waited upon by a deputation composed of the Mayor and other citizens of Rat Portage, representing the Board of Trade of that place, and urged upon the president of the Canadian Pacific the advisability of building an hotel at that place. Sir Thomas replied he would visit the town in the near future, and go over the matter with the delegation.

The regular meeting of Loyal Lunan Lodge, I.O.O.F., was held in their lodge room, 255 Clarke street, Mile End, last evening.

It probably comes to every thoughtful person at times that there are plenty of common, mediocre people, and that if one determines to, he or she can press to the front, pass the crowd, and win position, fame and gold. It is largely a matter of determination and health. Many a determined character with brilliant possibilities, is held back by ill health. Some find that bright, keen thoughts refuse to come to their brains, and wonder why.

The kind of brain work that makes successful professional men makes heavy draughts on the filling of the minute nerve cells of the body, said filling being composed of a grayish sort of material, which must be replaced day by day, or the brain and other parts of the body will not act properly.

Coffee is a hidden but powerful enemy to one's progress in life. Its subtle, narcotic poison weakens heart, interferes with digestion and has a definite and destructive effect on the nervous system. People who are content to load themselves with impediments to progress, who refuse to supply body with food and drink of the kind needed to make up for the daily disintegration of nerve and tissue, must stand aside in the race for pre-eminence.

The ones who are properly fed, will surely win the laurels.

Postum Food Coffee furnishes the gluten and phosphates of grain needed by Nature to nourish brain and nerves with food. It does not narcotize and tear down. It is frequently misjudged on first trial, because of improper preparation, but it will be found to be a most delicious beverage if, after boiling commences, it be allowed to continue boiling for 15 minutes. This is necessary to extract the food value and flavour.

There are those who are entirely careless as to what goes into the stomach, but the one who would make all his movements tend towards health and possible greatness, cannot afford to risk adulterated food or drink or even coffee. 43 1

Subscription Lists will be open Thursday, Friday, Saturday, Monday and Tuesday, February 20th, 21st, 22nd, 24th and 25th, 1902, and All Applications should be delivered or posted on or before these dates.

OFFERED BY THE DIRECTORS:

$400,000 7 Per Cent. Cumulative Preference Stock at Par,

AND

$100,000 Common Stock at 10 Per Cent. Premium.

The JOHN ABELL ENGINE AND MACHINE CO., Limited,

TORONTO, - - - CANADA.

BOARD OF DIRECTORS

President—W. D. Matthews, President Canada Foundry Co., Director Canadian Pacific Railway.
Vice-Presidents—Robert Kilgour, Carter Crume Co., and Vice-President Canadian Bank of Commerce; John Abell, President John Abell Co.
Frederic Nicholls, Managing Director Canadian General Electric Co.
Hon. Robert Rogers, Minister of Public Works, Manitoba.
W. B. Brock, M.P., President Canadian General Electric Company.
H. P. Dwight, President G.N.W. Telegraph Company.
Edward L. Gould, President Gould, Shapley & Muir Company, Brantford.
Hon. S. C. Wood, Vice-President Toronto General Trusts Corporation.
Clarkson Jones, President Wilkinson Plough Company.
Henry Abell, Manager John Abell Company.

Registrar of Stock and Transfer Agent—National Trust Company, Limited, Toronto, Winnipeg and Montreal.
Bankers—The Canadian Bank of Commerce.
Counsel—Z. A. Lash, Esq., K.C. (Blake, Lash & Cassels).
Solicitors—Messrs. Rowan, Ross & Holmsted, National Trust Chambers, King Street East, Toronto.
Cheques Payable to NATIONAL TRUST COMPANY, Limited.

PROSPECTUS.

The JOHN ABELL ENGINE AND MACHINE COMPANY, LIMITED.

MANUFACTURERS OF

Engines, Boilers, Threshers, Mill Machincry, Etc.

Issue of $400,000.00 7 Per Cent. Cumulative Preference Stock at Par,

AND

$100,000.00 Common Stock at 10 Per Cent. Premium, or $110.00 Per Share.

Subscriptions will be payable as follows:—10 per cent. on application; 40 per cent. on notice of allotment; and 50 per cent. two months thereafter.

The dividend of 7 per cent per annum on the Preference Shares will run from date of payment, and payments may be made in advance.

The Preference Stock will be Preferred both as to CAPITAL and DIVIDENDS, and will be entitled to receive a CUMULATIVE dividend of 7 per cent. per annum.

Application will be made in due course for listing the Stocks of the Company on the Stock Exchange.

The property of the Company, both fixed and movable, is being purchased at a little under its value with the business as a going concern, as determined by six expert valuators, and $250,000 OF COMMON STOCK AT $110 PER SHARE is being TAKEN BY THE VENDORS as a part of the purchase money IN LIEU OF CASH.

WORKING CAPITAL

The vendors will also transfer to the Company outside of the real estate, plant, machinery and business FREE OF DEBT OR ENCUMBRANCE of any kind, the following working capital:—

1. Customers' notes (bearing interest, secured by liens on machines and in most cases by Mortgages on farms) guaranteed by Vendors to be paid during the present three months and to produce cash . . . . . $ 75,000.00
2. Customers' notes (same as above) maturing in 1902, and guaranteed by Vendors to produce in cash 75,000.00
3. Parts of machines and stock-in-trade for use in completing work on hand, guaranteed cash value of material 50,000.00

WORKING CAPITAL PUT IN BY VENDORS, ... $200,000.00

The new Company will begin ENTIRELY FREE OF DEBT and with APPROXIMATELY $350,000 OF WORKING CAPITAL, consisting of the above $200,000 supplied by the vendors and $150,000 the proceeds from the sale of stock.

ASSETS

The Company's assets, consisting of land, buildings, plant, machinery, patents, licenses, stock-in-trade, customers' notes, etc., are valued with the going business as mentioned above at $649,933.10. Including the additional cash from the present sale of stock, the total assets of the new Company will amount to approximately $800,000, or double the issue of Preference Stock.

The real property of the Company will consist of over four and one-half acres of freehold, unencumbered land, close to Abell and Queen streets, in the City of Toronto, and adjoining the Western City Stations of the G. T. R. and C. P. R. Railways. Private switches from both railways enter the shops.

The buildings, which are of the most substantial character, in stone and brick, were built under Mr. John Abell's personal supervision, and are well adapted to the requirements of the business carried on upon the largest scale proposed. The land is sufficient for large additions to the shops when required.

The whole property, including plant and equipment, is in excellent repair and of sufficient capacity to produce several times the present output.

The Directors have quite recently (Feb. 6) secured a further Report from an experienced Expert as to the property, plant, machinery, valuations, etc., which fully bears out the above statements. All Reports and Certificates may be seen by intending subscribers, at the Solicitors' office.

The Abell business is one of the oldest and best known in Canada, having been established by Mr. John Abell in Woodbridge in 1845. The present shops occupy the best site in the City of Toronto for economical manufacture and distribution.

PROFITS

The business, although operated on conservative lines in the past, owing entirely to lack of working capital, has been very profitable, as will be seen from the following Certificate issued by the two well known Auditors, Messrs. John M. Martin and Harry Vigeon:—

To the Board of Directors, the John Abell Engine and Machine Co., Limited:

Gentlemen: We have examined the books of the John Abell Engine and Machine Works Company, Limited, for the four years ending 31st October, 1901, and CERTIFY that the Net Profits (after proper charges for repairs had been made), including interest on borrowed Capital and interest earned on Customers' notes, were as follows;

For the Year ending 31st October, 1898 . . . . . $27,383.07
" " " 1899 . . . . . 28,299.45
" " " 1900 . . . . . 27,468.77
For the Year ending 31st October, 1901 . . . . . $59,647.26

Yours Faithfully,
JOHN M. MARTIN, F.C.A.
HARRY VIGEON, F.C.A.

Toronto, December 23rd, 1901.

Interest paid on borrowed capital has been included in the above statement of profits and its equivalent will, in future, go to the Shareholders who will supply the capital.

The profits of the first three years given would be equal to a DIVIDEND OF 10 PER CENT. IN THE OLD COMPANY, while those of the past year WOULD EXCEED 15 PER CENT.

It is worth while noting particularly that the PROFITS OF THE PAST YEAR would pay very large dividends EVEN IN THE NEW COMPANY—7 PER CENT. ON THE PREFERENCE STOCK issue of $400,000 and MORE THAN 12½ PER CENT. on the Common Stock issue of $250,000.

The reason for anticipating large dividends on the new Stock issue, with ample working capital and capacity to fill all orders, will be clear when it is stated that the ORDERS for equally profitable work left UNFILLED at the END OF THE LAST SEASON were considerably MORE THAN THE ORDERS WHICH WERE FILLED and which produced the large profits of $59,647.26.

A careful analysis of the accounts for several years shows that the net profits increase in much greater proportion than the volume of trade. While this may apply to manufacturing concerns generally, it is more marked in the present case, where the property is already fully equipped for quite four times the past trade, where the superior quality of the product and the reputation of the manufacturers are such that MORE THAN FOUR TIMES THE PAST TRADE IS AVAILABLE with little additional effort, and where there is practically nothing to be added beyond the necessary capital.

On double the average output of the first three years mentioned above it is estimated that the profit and loss charges would increase only about $4,000. On ONLY DOUBLE the average trade, therefore, of these years the profits should exceed $80,000.

This sum, $80,000, would provide the following:—

Dividend on $400,000 Preference Stock at 7 p.c... . . . . $28,000
Dividend on $250,000 Common Stock at 10 p.c. $25,000
Leaving a balance for Reserve Fund, contingencies, dividends, etc.. . $27,000

On double the output of the year 1901, or in other words, upon filling ONLY THE ORDERS ACTUALLY RECEIVED during the year 1901, the Company should make a profit of more than $120,000.

This sum $120,000 would provide the following:—

Dividend on $400,000 Preference Stock 7 per cent . . $28,000
Dividend on $250,000 Common Stock at 10 per cent . $25,000
Balance for Reserve Fund, Contingencies, further dividends, etc $67,000

ATTENTION IS DIRECTED PARTICULARLY TO THE FACT THAT THE ABOVE ESTIMATES ARE BASED ON ACTUAL EXPERIENCE AND ARE NOT THE USUAL MERE GUESSWORK.

That the year 1901 is not very exceptional, and that the trade can be easily more than doubled in ordinary times will be evident from the following fact, namely, that the signed orders unfilled in each of the three years preceding last year were as follows:—1898, $59,819; 1899, $84,220; and 1900, $51,795. IN THE YEAR 1901, AS STATED, THE ORDERS RECEIVED WERE MORE THAN DOUBLE THOSE WHICH WERE FILLED. When the time was reached in each year that no more orders would be received the agents were notified of the fact, or otherwise the amount WOULD HAVE BEEN MORE THAN DOUBLED EACH YEAR. The figures given refer to the Canadian trade alone; but a very profitable foreign trade has been offered and can be obtained if desired.

The Company's property is so well equipped for several lines of staple machinery used in all sections of Canada that the business should be very little affected by local causes.

It will be needless to point out that a large saving will be effected by buying for cash, operating on a larger scale, and by more active and aggressive management, under a Board of Directors composed largely of experienced men connected with our best known and most successful manufacturing industries.

It will be sufficient evidence of the superiority of the Abell Engines and Machinery to say that since 1876 they have been awarded TWENTY-NINE FIRST PRIZES, INCLUDING THIRTEEN GOLD MEDALS—WINNING THE FIRST PLACE IN EVERY CONTESTED TRIAL IN CANADA FOR PORTABLE AND TRACTION ENGINES. They have secured, also, a first position in all foreign competitions entered, including those of the CENTENNIAL EXHIBITION IN 1876, and the WORLD'S FAIR AT CHICAGO IN 1893. (See Catalogue for details.)

The Abell Engines and Machines have been selected by both the Dominion and Ontario Governments for use on their Experimental Farms throughout Canada.

Canada is fast becoming one of the greatest grain growing countries of the world, and as the country advances the Abell business must increase. The entire output consists of staple lines connected with the staple industries of the country—Agriculture, Four-milling, Mining, and Timber.

The Manitoba and North-West trade has proved to be exceedingly profitable, and the grain growing area of these districts is rapidly increasing. The Company has a large share of the best trade of these sections of Canada, and should have no difficulty in holding its position. There is a very profitable agency at the City of Winnipeg, and reliable agents are located at the chief centres in Manitoba and further west.

The Company will own a number of valuable patents and exclusive licenses, covering machines and parts which are almost indispensable to all up-to-date threshing outfits.

Mr. John Abell is a practical machinist, and the originator of the modern Traction and Portable Engine used for Threshing purposes. He is the owner of a large number of Canadian patents, all of which will be turned over to the new Company.

One of Abell's new machines (1898) "The Cock o' the North," is proving to be the best yet produced, and a very large sale is assured, especially in the older sections of Canada.

One of the most profitable machines turned out by the Company is a straw-burning Traction Engine, specially designed for the Manitoba and North-West trade.

The orders coming in for the above Engines and Threshers alone should soon employ more than double the present entire staff of the shops working the whole year.

The Flour Mill Machinery department has proved to be profitable, and can easily be extended.

Some of the best Boilers in the country have been manufactured by the Abells, such as those at the Gooderham and Worts' Distillery, The Ontario Parliament Buildings, and The Crow's Nest Pass Coal Co.'s works, at Fernie, B.C.

The machinery sold by the Company is paid for, as a rule, one-third cash in the first four months, one-third the second season, and the balance during the third season. The contracts are settled by notes, bearing good rates of interest, and liens are held on the machinery until paid for, and as a rule mortgages on farms are obtained also.

In the past, the Company has employed not more than 175 hands during the busy season, while the shops are quite large enough for several times this number.

The above gives only a very imperfect idea of the nature and variety of the Abell manufactures, and of the character of the property. Intending subscribers are referred particularly to the Company's new illustrated Catalogue, which will be forwarded on application.

APPLICATION FOR SHARES MAY BE MADE ON THE ACCOMPANYING FORM AND FORWARDED TO THE COMPANY OR TO THE SOLICITORS OR BANKERS AT ANY OF THEIR BRANCHES IN CANADA, WITH THE DEPOSIT OF 10 PER CENT.

CHEQUES, DRAFTS, MONEY ORDERS, ETC., ARE TO BE MADE PAYABLE TO THE NATIONAL TRUST COMPANY, LIMITED.

The right is reserved to reject or reduce the amount of any application, and subscription carries with it an agreement to accept the reduced amount.

In case of an over-subscription, the Directors reserve the right to make allotments first to subscribers for a small number of shares.

Copies of this Prospectus, and Subscription forms, may be had on application to the Company, or to the Solicitors or Bankers, at any of their branches throughout Canada.

Dated February 15th, 1902.

N. B.—The Directors, after careful consideration of the probability of a large over-subscription for the preference stock and also of the unusual opportunity for the use of further Working capital in meeting the volume of trade offered, have decided to offer now for subscription the balance of the preference stock, making the whole issue of preference stock $500,000.

(Cut out and forward this or copies thereof to the Company or to the Solicitors, Bankers, or National Trust Company).

Application for Preference or Common Stock or Both.

To the Directors, The John Abell Engine and Machine Company, Limited, Toronto, Canada:

Gentlemen,—I hereby apply for and request you to allot me . . . . . Shares of Preference Stock and . . . . . Shares of Common Stock in your Company, and I hereby undertake to accept the same or any lesser number of Shares which may be allotted to me, and to pay therefor 10 per cent herewith, 40 per cent on notice of allotment, and the balance two months thereafter.

Deposit 10 p.c. Herewith.

. . . . . Pref. $10 per share, $ (Name) . . . . . .

. . . . . Com. $11 per share, $ (Address) . . . . . .

Cheque, money order, or cash enclosed $. . . . . .

AFFECTING VITALLY CITY'S PROSPERITY

Montreal's Marriage and Birth Rate Is Steadily Decreasing

WHILE POPULATION GROWS

Remarkable Statistics by Health Department Which Should be Thoroughly Investigated.

What is considered to be the most important annual report issued at the City Hall is that of the Health Department, dealing as it does with the city's death rate, birth rate, marriages, population, etc. The report for 1900 (the last one completed) is now ready to be brought before the attention of the aldermen. It contains some startling figures and shows a peculiar state of affairs in regard to the city marriage, birth and death rate.

Although the population has enormously increased since 1891, there has been a tremendous falling off in the birth rate. In 1891 the birth rate per thousand of population was 48.87; while the rate per thousand for 1900 had sunk to 34.26. In 1891 the rate per thousand, for marriages, was 9.65; while in 1900 it was merely 7.76.

INCREASE IN DEATH RATE.

With a population of 218,268, in 1891, the death rate was 24.24; while in 1900, with a population of 288,658, the rate is 25.46. In 1898, however, the rate was but 20.26. By a table given below it will be seen that the marriage rate, and birth rate, for a number of years past, has been falling off in an incomprehensible manner.

Recently there was quite an animated discussion in Ontario, especially Toronto, over the decrease of the birth and marriage rate. Montreal was pointed to as a model for satisfactory percentages on these two vital questions. By the figures just completed by the Health Department here, matters are reversed. It is expected that there will be a meeting of the Hygiene Committee to investigate this peculiar state of affairs. The officials of the Health Department can throw but little light as to the decrease in the marriages and births. The excuse, of course, cannot be given that there has been a falling off in population.

A VERY STRIKING TABLE.

The following table, taken from the annual report for 1900, gives a very complete review of this whole subject. It gives the exact figures of deaths, marriages, births, etc., since 1884.

Year.	Population.	Deaths.	Rate per 1000 of population.	Births.	Rate per 1000 of population.	Marriages.	Rate per 1000 of population.
'84	162959	4358	26.74	6728	41.28	1513	9.28

'99	280251	6871	24.51	9655	34.45	2277	8.12
1900	288658	7351	25.46	9892	34.26	2440	7.76

DEATH RATE IN OTHER CITIES.

Some statistics have been procured by the Health Department as to the death rate in other cities. Of one hundred cities in America from which statistics could be secured, Three Rivers has the highest death rate, and Hamilton, Ont., the lowest. For nineteen North American cities, it was shown the average death rate was 20.1 per 1000. For seventy-five European cities the average death rate is shown to be 19.7. For six South American cities the rate was shown to be 32.1. The contention is made by the civic officials here that the reason of the death rate being so large in Montreal is due to the heavy mortality among infants.

WORKMAN IS NOW MUCH BETTER TREATED BY HIS EMPLOYER

Mr. E. L. Shuey Speaks of the Change in the Relations Between Capital and Labour.

"The most noticeable change in the relations between capital and labour that has taken place of late years is that the employer is now anxious to do something more for the employe than simply pay him his wages."

So spoke Mr. Edwin L. Shuey, M. A., of Dayton, Ohio, author of such well known books as "Factory People and their Employers," "Industrial Education Necessary," and the successful organizer of the industrial classes now being held in conjunction with all the Young Men's Christian Associations throughout America. Mr. Shuey has been a member of the International Committee of the Association for the past ten years, and a few years ago as a member of the executive of the National Cash Registry Company helped to organize the system of country homes and places of amusement for the employes of the works.

"And this interest is the one great thing," said Mr. Shuey, "that has improved the condition of labour. The better formed the man the better workman you will have, and so right along the line. Then, I always interested myself in the work of the Young Men's Christian Association because I always felt sure that it contained the keynote that would ultimately lead to the successful development of the principle that the better chances you afford the workman the more you will obtain from him. It was with this intention in view that I started the industrial classes in connection with all the Associations in the country and which are already attended by over thirty thousand men. And so far the system has proved to be one of the greatest advantages that education has received, possessing as it does innumerable advantages over school and even over college education."

Mr. Shuey arrived in the city to-day and was accompanied by Mr. G. B. Hodge, of New York, secretary of the International Y. M. C. A. committee.

Must Clear Away the Debris.

At the meeting of the Fire Committee to-day the Building Inspector will report in favour of the adoption of a by-law making it incumbent upon persons who have property burned cleaning away the debris promptly after a fire. It will be shown that it is not an infrequent thing for fires to break out even months after a fire has taken place. In one instance a few weeks ago fire broke out in a ruin that had been burned down a year ago. Damage was done an adjoining property by the water poured into the ruins.

OUR INTELLECTUAL FORMATION.—Mr. L. A. Chauvin, ex-M. P. for Terrebonne, was last night the lecturer at Laval University, on "Our Intellectual Formation." He pointed out that the clergy were the pioneers of intellectual development among the French-Canadians, and that the clergy still remained at the head as educators. Contact with the French masters was advised as a means of intellectual culture. Religious eloquence, higher university education, and the formation, and encouragement of debating societies were pointed out as potent means for the intellectual improvement of youth, and of the people in general.

Monkey Brand cleans and brightens everything, but won't wash clothes. 43 1

BERGERON MAY HAVE MAJORITY IN POLL 37

Electors Continue to Swear That They Voted For Him.

YET BOX CONTAINED BUT FOUR

Judge Choquet Continued Preliminary Enquiry Into Charges Against Hetu and Desy To-day.

"If Bergeron keeps on calling voters of poll No. 37, he will prove that he got the majority of the votes cast, although the return of the deputy returning officer showed only four votes cast for him to ninety for Mr. Brunet," remarked a gentleman who followed the preliminary enquiry into the charges against Rodolphe Hetu and J. M. N. Desy, before Judge Choquet to-day.

The remark appeared justified by the evidence, as voter after voter came up and swore he had voted for Mr. Bergeron, while others whose names appeared on the list as having voted, swore they had voted at other polls. The absence of Edouard Lefebvre, who represented Mr. Bergeron in that poll, could not be obtained, as the young fellow has been spirited away. There is every hope, however, that he will be produced in court on Wednesday next, when the preliminary hearing is to be continued. L. A. Gingras, the poll clerk, cannot be found, and a bench warrant has been issued against him, as well as against Lefebvre.

JOSEPH BRUYERE'S EVIDENCE.

Mr. M. J. F. Quinn, K.C., joined Messrs. Cresse, Descarries and Bastien, in conducting the case for Mr. Bergeron. Mr. Descarries, K.C., continued the examination of Mr. Joseph Bruyere, who was sworn last time. He had voted for Mr. Bergeron at poll 37, and though his name appears twice on the poll book, he voted only once, and was not sworn.

Mr. David David was called but did not respond. He sent a certificate of illness and was excused. Chas. E. A. Houde, music teacher, voted for Bergeron. Knew Hetu well, had voted only once and had not been sworn, although he appears by the poll book to have voted twice, and to have been sworn. Joseph Oscar Dugas also voted for Mr. Bergeron at poll No. 37, and identified the deputy returning officer as the accused. Aurele Maurice also voted for Bergeron at poll 37. Joseph St. Michel voted only once for Bergeron, at poll 37. He knew Hetu intimately before the election, but had never been sworn as appeared on the poll book. He was well known as a Bergeron man.

HE DID NOT VOTE TWICE.

Phileas Chatelle also knew Hetu very well, and did not vote twice, he was never sworn. Edgar David, medical student, whose name appears as having voted at poll 37, testified that he had voted at poll 72, on a permit from the returning officer. Octave Belanger had a right to vote at poll 37, but he had a vote on a poll on St. Catherine street, between Wolfe and Amherst and voted there.

J. A. Catellier, sanitary officer, did not care to say how he had voted, but when ordered by the judge he said he had voted for Mr. Bergeron at poll 37. He had taken no other part in the election.

Alex. Forgue voted at poll 37 for Bergeron. Edouard Dubois voted at poll 37, voted only once and was not sworn, although he appears in the poll book as having voted twice and having been sworn. He knew Hetu very well before voting day.

BENCH WARRANTS WERE ISSUED.

Bench warrants were issued for Lefebvre, Gingras and F. X. Hetu, who failed to answer to their names.

When Mr. Descarries asked for an adjournment, Mr. St. Louis said that next time he would object to further adjournment. He had been here two days and there was nothing against his client.

Judge Choquet — "Nothing but ten or twelve votes too few."

Finally the hearing was suspended until Wednesday, February 26th at 11 a.m.

The New C. P. R. Shops.

Mayor Cook, of Ottawa, has unburdened himself regarding his attempt to secure the C. P. R. shops for the Capital. As announced in the Star, absolutely everything comes to Montreal, the Perth shops included. Mayor Balderson endeavoured to persuade Sir Thomas to leave the Perth shops intact, but without success. The loss will be a very serious one to the town, as many as 700 men being employed there sometimes. Mayor Cook asked if the repair shops between Montreal and Fort William could be located at Ottawa, but the president explained the work could not be divided up. One of the principal reasons Sir Thomas gave Mayors Cook and Balderson for concentrating the shops here was because the men, if temporarily laid off, could secure other work, a condition of affairs which does not exist in Perth or in Ottawa.

Judgment Against Hotel Keeper.

Mr. Justice Loranger gave judgment in favour of the Canadian Breweries Company against H. Allard, hotel keeper for $102. The defendant had agreed with the company in 1900, to buy and dispose of their beer and porter for six years. In May, 1901, he assigned, but afterwards compromised. In the deed of composition the company reserved the right to enforce their contract. This right was disputed by the defendant who sold other beer, but was maintained by the court.

Election Has Been Held.

Mr. Justice Lavergne has granted the motion made on behalf of Mayor Cochrane to add incidental pleadings to the plea produced on his behalf. The incidental pleadings contain the recital of the fact that the election, which it is sought to have carried out in a certain manner, has already been held.

Rudyard Kipling is Coming.

The London office of the Canadian Pacific has notified the passenger department that Rudyard Kipling has taken a ticket round the world, starting via the Suez Canal, and returning by the Canadian Pacific route. This will be the second trip Mr. Kipling has made to Canada.

Damages for Crushed Fingers.

Fred. Robitaille, as tutor to his minor son, Theo. Robitaille, has sued John Jos. Phelan, doing business under the name of John Crowe & Co. The young man had two fingers crushed in a hay press, while at work for the defendant, and his father now claims $1999 damages.

Suit for $6000 Damages.

Mrs. William Rourke has taken an action for $6,000 damages against Mr. C. H. Colson. Some time ago the defendant made a demand of assignment on her which she successfully contested, hence the suit.

FARMER DIED SUDDENLY.—Mr. Luc Vincent, about 50 years of age, a well-known farmer of Back River, dropped dead at his home yesterday. The deceased had been in poor health for some time, but his sudden demise was completely unexpected. Dr. Pelletier was called in, but when he arrived at the house life was extinct. Coroner McMahon was notified and disposed of the case without a jury, giving a certificate of death from natural causes.

DOMINION ALLIANCE.—The twenty-third annual meeting of the Quebec Provincial Branch of the Dominion Alliance will be held on Thursday, February 27th, in the hall of the Young Men's Christian Association. At eight o'clock in the evening the Alliance anniversary meeting will be held, at which the Rev. J. H. Hector will deliver the address.

CRUELTY TO ANIMALS.—A carter was fined $3 and costs in the Westmount Police Court to-day for cruelty to animals.

JANUARY EARNINGS SHOW BIG INCREASE

Montreal Street Railway's Total Earnings For the Last Month

AMOUNTED TO $155,029.78

Showing An Increase of $11,644 Over the Revenue of January 1901.

To-day the Montreal Street Railway issued its comparative statement of earnings and expenses for the month of January, just closed. The total earnings for the month amounted to $155,029.78, an increase of $11,644 over the month of January, 1901. The statement as tabulated is as follows:

JANUARY.

	1902.	1901.	Increase.
Passenger earnings	$153,374.20	$142,886.49	$10,487.71
Miscellaneous earnings	1,655.58	499.01	1,156.57
Tl. earnings	$155,029.78	$143,385.50	$11,644.28
Operating expenses	100,538.82	$94,816.20	$5,722.62
Net earn.	54,490.96	48,569.30	5,921.66
Fix. charges and Int. on loans	15,094.14	9,021.75	3,072.39
Surplus	$39,396.82	$39,547.55	*150.73
Expenses per cent. of car earnings	65.55	66.36	....

*Decrease.

OCT. 1 TO FEB. 1.

	1902.	1901.	Increase.
Passenger earnings	$627,827.46	$596,231.16	$31,596.30
Miscellaneous earnings	6,371.48	2,683.91	3,687.57
Tl. earnings	$634,198.94	$598,915.07	$35,283.87
Operating expenses	$387,845.93	373,621.48	14,224.45
Net earn.	$246,353.01	$225,293.59	$21,059.42
Fix. charges	59,630.20	37,039.54	22,590.66
Surplus	$186,722.81	$188,254.05	*1,531.24
Exp. per cent. of car earnings	61.78	62.66	....

*Decrease.

Interest on the Montreal Park and Island Company's bonds is not included in the above.

THEY WON JUBILEE TROPHY.

The Finals Were Played Off To-day—Ormstown the Victors.

The finals for the Jubilee trophy were played off to-day on Caledonian ice between the Thistles and the Ormstowns, the rinks for the former being skipped by Messrs. D. Kinghorn and W. J. Cleghorn, and for the latter by W. McGerrigle and W. Mulvanie. The Ormstowns won by 6 shots.

Serious Outbreak of Smallpox.

A serious outbreak of smallpox has been discovered at Melocheville, Beauharnois County, and Dr. Bedard, inspector for the Provincial Board of Health, has been sent out to investigate the matter and see about taking the necessary precautions. The latest localities to report outbreaks of smallpox, are New Carlisle, Bonaventure county; Chichester, Pontiac county; and Beauharnois.

FIRE INSURANCE COS. DID NOT MAKE MONEY

Last Year's Record of the Business in Canada Bad.

BRITISH COY'S LOST MOST

Of All the Alliance Was the Greatest Sufferer, Its Losses Totalling $129,000.

The returns from the different fire insurance companies doing business in Canada in the year 1901 indicate that none of the corporations made their fortune, while as a matter of fact many of them lost considerable money during the twelve months. Of the returns so far at hand, the British companies appear to be the heaviest losers, no less than nine fire corporations actually making losses. The Canadian and American companies all escape without making an actual loss, though in most cases they had rather narrow margins.

Of all companies the Alliance seems to be worse off. This company received in premiums during the year 1901 the sum of $112,000, while the actual amount paid out in fire losses was $129,000. Add to this amount the cost of operations and we find the total expense to be $241,000. The London Assurance Company's percentage of expenses and losses to the premiums received amounted to $120.31, while those of the Manchester amounted to $122.50.

The statements of the different companies so far made public give the following result:

	Net Cash received for Premiums.	Total Losses and Expenses.	Per cent. Losses and Expenses to Premiums.

ATMOSPHERIC ELECTRICITY.—A very interesting lecture on "Atmospheric Electricity" was delivered before the members of the Unity Club of the Church of the Messiah last night by Prof. Rutherford, of McGill University. Dr. Howard Barnes presided.

The Outremont School.

To the Editor of the Star:

Sir,—Having noticed in your issue of the 18th inst., headed Outremont School Commissioners taken to task by Ratepayers, a lengthy report of a meeting held by several citizens of Outremont, to protest against the action of the School Trustees in their efforts to build a new school, I happen to be chairman of said School Board, and in justice to its members, beg space to set forth a few plain facts which I think will remove the cloud of doom which the oppositionists seem so sure will befall ill-fated Outremont should the above project be carried out. The present board was unanimously elected into office nineteen months ago, under pledge to the large majority of the proprietors of the town to take active steps forthwith towards purchasing land and erecting a building for the establishment of a model school, to be so built with a view, when the necessity arose, of forming the same into an Academy.

Unfortunately, however, the present board, finding the affairs of the then existing elementary school in such a deplorable condition under the regime of the former board, some of whom, by the way, are prominent among the above oppositionists, were involved in a foolish and useless lawsuit with the Municipal Council, in endeavouring to prove the ownership of the municipal building, which resulted in a loss to the board of three thousand dollars. Also taxes were in arrears for four years. Law costs had to be paid, and the total cash handed over to the present board to meet the above was only twenty-four dollars; thus it was some time before matters were squared up, so that our attention could be given to the new school.

In basing our calculation for a new school it was found there were one hundred and fifty pupils in the town, and in order to meet the future growth, it was decided to build for the accommodation of four hundred pupils, at a cost of $30,000, that is, $22,750 for the building, $4,000 for the land, and the balance for equipment, laying out of the grounds, architect's commission, etc. Plans and specifications were made out by Messrs. Hutchison & Wood, architects, and forwarded to Quebec for the approval of the Superintendent of Public Instruction; but owing to the opposition of a few large proprietors, and in order to meet their views, the Superintendent of Public Instruction advised the board to try and reduce the proposed amount. The trustees then set to work upon the basis of a $20,000 outlay, resulting as follows: $4,000 for the land, $13,720 for the building, and the balance for equipment, laying out of the grounds, drainage, etc. Plans and specifications were made out by Messrs. Hutchison & Wood, adopted by the board, and forwarded to the Superintendent of Public Instruction, with an offer from McGill University to advance the $20,000 at 4½ per cent. to extend over the space of forty years in the form of a mortgage or an annual payment to the lenders of $1,086, covering interest and principal and extinguishing the debt at the end of the 40th year. The whole was promptly approved of by the Superintendent of Public Instruction, and sanctioned by order-in-council. Posters were then put up for thirty days, giving notice in detail of the above undertaking, and after everything had been fully explained to the citizens by the board, and no objections being raised, the above was confirmed by the board and made law. Deeds were made out for the land and the loan, and the same registered; contracts were signed and awarded and all business completed, when, at this juncture, some of the above oppositionists, including one of the former board, already mentioned, only one of whom had children, approached me with a petition of all the oppositionists, asking a meeting to be called by me of all the proprietors in the town to discuss the whole question involved, with a view to reducing the outlay. I replied verbally, and submitted the same in writing, that it was impossible to open up the question at that late hour. Thereupon they called the above meeting themselves, and I will now answer their several alleged grievances which appeared in your issue, none of which are tangible.

Firstly, they say the site is not suitable, being too far from where the prospective increase of population is likely to take place, and where no drainage exists. I reply that the proposed site already purchased is geographically in the centre of the town, and equally advantageous as regards distance to all the pupils who are found in equal proportions at both extremes of the town. The site is one of the best in the town, facing two streets, and the land is such that drainage can easily be made by cess-pool with perfect satisfaction, and without the slightest injury or nuisance to adjoining proprietors, to which Messrs. Hutchison and Wood bear testimony, and I refer also to the Nuns' Building, in Outremont, the Mackay Institute, and the Cote des Neiges College, all of which are drained by cess-pools. The next complaint by the oppositionists is the assessable property, which they claim cannot meet the proposed outlay without being a serious injury to the town. I reply that the total valuation of our assessment roll for school purposes this year, at 50 per cent. of the market value of the property, is $435,000, and the board has made the rate this year four mills. Next year the rate upon the same valuation, calculating to meet the loan, engage a head master, and otherwise support the Model School, will not exceed six mills, which is one mill less than the rate assessed for the support of Montreal Annex School, and one mill less than St. Lambert School. No doubt, in the next year, as the pupils increase, the rate of taxation will decrease, so that there is nothing to warrant the alarm which has been expressed by our oppositionists. Furthermore, the next grievance claimed by the oppositionists is that some large proprietors will withdraw from our board and pay their taxes over to the Roman Catholic Board of School Commissioners, which, it is alleged, they already threaten to do, and leave the burden upon the remaining proprietors. I reply to that disloyal, unfaithful sentiment that they cannot withdraw from the tax which our board will impose upon them to meet the loan which has already been registered against the town, based upon the valuation roll now in force, and I quote as my authority G. W. Parmelee, secretary of the Protestant Board of Public Instruction; M. Hutchinson, K.C., M.P.P., and E. Lafleur, K.C. I beg to state that all who oppose our present school project, with perhaps one or two exceptions, are persons having no children to attend the school, one of whom asked 27 cents per foot for his land, when we advertised for tenders, and we purchased a better site at 10 cents per foot. The oppositionists are only a small minority of the town, although representing large properties, but of whom it is quite evident in calling an indignation meeting, after they had been informed by me that everything pertaining to the completion of the new school was settled according to law, want no school at all, and are only too anxious to get rid of higher taxes at the cost of all other proprietors.

In conclusion, I have the honour to state that last July I was re-elected to the board, upon the issue of the new school project which you have very kindly allowed me space to fully explain; and in my faith of the fact, which history proves, that education is the forerunner of all advancement of prosperity in cities, towns and rural districts, I have no fear for the future of Outremont, for whose good I have stood firm for the proposed school.

I have the honour to be, sir,

Yours faithfully,

L. D. PERHAM,
Chairman.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists. 43 1

CHAMBERLAIN AND WELSH SETTLERS

No Intention to Discrimination Against Canada.

OR TO FAVOUR SOUTH AFRICA

What the Colonial Secretary Really Said—The Canadian Offices in London.

(Special by cable from the special correspondent of the Star in London.)

LONDON, February 20.—Montreal cablegrams published to-day say that Canadian pride is much hurt because of Rt. Hon. Joseph Chamberlain's attitude towards the proposed emigration to Canada of Patagonian Welshmen. I have the best authority to state that Mr. Chamberlain had no wish to dissuade the Welshmen from going to Canada. On the contrary, he told the delegation he believed they would find happy homes there. What he said was that no Imperial money was ever given for emigration, and when money is expended in the case of the Crown Colonies it is paid for out of Crown Colony funds. However, Mr. Chamberlain suggested a subscription list to enable the Patagonian Welshmen to proceed to Canada, which already exceeds $7,500, he himself subscribing $100.

NEW EMIGRATION OFFICE.

Deputy Minister Smart and Inspector White, of the Dominion Immigration Department, expect to sail on Saturday. As a result of their mission, the Emigration Agencies are being reorganized. A Canadian emigration office is being opened in the city near the Canadian Pacific offices. Arrangements have been made that each weekly party of emigrants in April, May and June shall be personally conducted by a Government agent to Winnipeg or their other destinations.

WINDERMERE.

THE PATAGONIAN WELSHMEN.

LONDON, February 20. — There are, it is said, over fifteen hundred Welsh settlers in Patagonia, and their reverses on account of bad weather and loss of crops have induced them to appeal for assistance.

It is understood that Lord Strathcona was unfavourable to asking the Imperial Government for either a transport or financial assistance to aid the Welsh settlers to remove from Patagonia to Canada.

About 1,500 of the Welsh settlers referred to above occupy 70,000 acres, divided into 350 farms, where no produce can be grown without irrigation, and where the recurring floods have proved disastrous. The transporting of this agricultural colony to Canada is advocated strenuously by the Welsh delegation.

The Daily Chronicle yesterday said: "Surely the Canadian Government might advance the money required and take chance of being repaid at a future date."

MARINE DEPARTMENT REPORT

(Special to the Star.)

OTTAWA, February 20. — According to the report of the Marine Department, which Hon. James Sutherland laid on the table of the House yesterday, during the year ended June 30, 1901, there were 136 casualties to British and Canadian vessels in Canadian waters, and to Canadian vessels in other waters. The loss in ships and cargoes was $285,782, and the number of lives lost was 126. The casualties to inland vessels were slight and unimportant.

CAUCUSES IN TORONTO.

(Special to the Star.)

TORONTO, Ont., February 20.—The Toronto Liberal Conservative Association held a meeting here this afternoon preparatory to the Whitney banquet to-night. A number of matters were discussed, including the financial arrangements for the approaching election, the party's attitude on the Ross prohibition referendum bill, and the policy of the Government in regard to the development of electrical power.

Among the prominent Conservatives in town to-day for one or both of the functions are: Messrs. R. L. Borden, F. D. Monk, James Clancy, Sam Hughes, W. B. Northrop, A.W. Carscallen, E. Gus Porter, Geo. McCormick, A. McLeod, H. Lennox, Geo. A. Clare, Richard Blain and, of course, all the members of the legislature.

The Liberals of the legislature held a caucus this afternoon, when one or two proposed amendments to the prohibition bill were discussed.

LOYAL SPEECHES AT EMPIRE LEAGUE

Hon. J. I. Tarte Says That He is a Strong Imperialist.

ADVOCATES CANADIAN CABLE

Hon. Mr. Foster and Col. Denison Speak—Attitude of Americans Towards Canada.

(Special to the Star.)

OTTAWA, February 20. — Col. G. T. Denison presided over the annual meeting of the British Empire League, held in the old Railway Committee Room of the House of Commons this morning.

Col. G. T. Denison, in moving the adoption of the annual report, spoke of past intercolonial conferences, foretelling vast results from the approaching conference in London. He spoke of the duty of Canada as to defence, pointing out that Canada spent more than $2,200,000 on defence, or 40 cents per capita, as against $5.40 per capita spent by Great Britain and the United States. If Canada spent as much in proportion to her other expenditure as did Great Britain, she would spend $16,000,000 per annum, and if as much in proportion as the United States, $28,000,000. The position of the Empire, he said, was not as strong in means of defence, naval and military, as it was fifty years ago. It was lacking in internal trade consolidation.

He went into historic references to justify Kipling's latest poem, "The Islanders." In its reference to Great Britain's false security, he alluded to Great Britain's dependence on foreign countries for her food supplies as a great weakness. He deprecated too great dependence on this position of "Mistress of the Seas." The lack of food was the weakest of all links in the chain of national defence. There was no doubt something would have to be done by which Canada would bear her share of the Imperial defence, and the time was propitious for doing this. These matters, he said, would probably be those discussed at the conference in London next June.

Dr. Russell, M.P., seconded the adoption of the report, which was carried.

HON. MR. TARTE SPEAKS.

Hon. J. I. Tarte appeared as one of the oldest members of the British Empire League. He had not always seen eye to eye with its leaders, but he had remained, and intended to remain, a member. He was convinced that minorities were safer under British than under any other institution. The British Empire was the first in the world. For that reason, French-Canadians were more attached to British institutions than some English-speaking citizens. For these reasons all should work in harmony, and try to build up the greatest Empire in the world. Unity was more than standing armies. The United States professed great friendship, but when they came to discuss boundaries he did not find much evidence of it. He would do all he could to promote British connection. He did not like to be bulldozed by the United States. He advocated a Canadian cable.

He moved a resolution approving the approaching Intercolonial Conference. Dr. Russell seconded this motion also, and it was carried by acclamation.

HON. G. E. FOSTER.

Hon. Geo. E. Foster moved a resolution affirming the opinion that it would be of advantage to the Empire if arrangements were made by which newspapers and periodicals published in various parts of the Empire could be circulated within the Empire at the lowest possible rate of postage. Hon. Donald Ferguson seconded the resolution.

Colonel Denison was re-elected president, and after the other officers had been re-elected the meeting dispersed.

ELECTRICITY AND CRAPS.

Device by Which Bank Cashier Was Ruined.

VINCENNES, Ind., February 20.—O. E. Roberts, an electrician, created a sensation in a suit against Matthew Kelly and Dallas Tyler, charged with causing the downfall of Richard Davis, former bank cashier, by unfair gambling schemes. He testified that, at the direction of Kelly, he placed a new battery in the saloon and adjusted two saucer magnets under the bar, where it is alleged that Davis lost $50,000 throwing craps.

HENRY MORGAN & CO.
MONTREAL.

HEARD AMONG THE BULLS AND BEARS.

It is stated in local stock circles that the Boston Stock Market will list Montreal Light, Heat and Power stock in the near future. Local people interested in the stock are hopeful of a greater amount of interest in it, with something more in the way of price movements. Lack of trading and fluctuations have rendered the stock of less interest of late than was anticipated.

The renewed strength in Dominion Steel shares, more particularly the common, is attributed in some measure to the expectations of developments in connection with the management of that as well as the Dominion Coal Company, which is hoped to eventually prove to the benefit of both concerns. There has been very little trading in the preferred of either Coal or Steel lately, and the benefits to come are supposed to be more directly in the interest of the common shares.

The proposition to exclude all but members from the privileges of the floor of the Stock Exchange has aroused much interest in exchange circles. Under the present rules a member can appoint one of his staff, and give him power of attorney, so that he can go on the board and transact business during his absence. This arrangement is made for the consideration of a nominal amount, something like $100. Each seat held is entitled to one attorney. If the rule is abrogated it is said the value of seats will be enhanced to some extent.

Winnipeg Electric Street Railway Company (owning and operating the electric street railway, gas, lighting and power systems of Winnipeg) earnings:

Gross earnings for January, 1902	$32,059.99
Gross earnings for January, 1901	26,333.09
Increase over January, 1901	$5,726.90

A report received from Sao Paulo gives the net earnings of the Sao Paulo Tramway, Light and Power Company for January to be $51,000, being an increase of $6,000 over the month of December. A cable advice gives the earnings (railway only) for 12th inst., a holiday, as $4,500.

The Denver Oil Exchange will begin calls this morning, having three producing wells and thirteen prospects on the list. None of the producers are located in Boulder Field, which is not looked upon with as much enthusiasm now as two weeks ago, owing to the failure of the wells to develop sufficient oil to pay for working. To-day, after about three weeks' pumping, the first car of oil will be sent to the refinery. The listing rules of the new exchange are so rigid that very few companies will be able to pass.

With printed copies of the annual report in their hands, showing a net profit of $85,000,000 for one year, the stockholders of the United States Steel Corporation were a satisfied-looking lot of men when they met for the first annual meeting. The billion-dollar trust is a year old, and since its establishment, according to the secretary's report, the earnings have been $107,000,000; the net profits, $85,000,000, and the surplus of the corporation and subsidiary companies is $174,344,222.

The securities company idea in the United States is being stretched to cover divergent financial operations, but the plan of forming such a corporation to acquire banks in different parts of the country is an entirely new but a logical phase of development. That a bank stock holding company will be organized is not certain, but the matter is now being discussed in financial circles in New York and has evidently gained some outside circulation. With reference to legality, the powers granted by a state charter would determine, but since one state at least allows the formation of companies to do such business, a corporation to hold bank stocks would be quite as permissible as one authorized to hold railroad or other stocks.

Very few securities on the New York Stock Exchange, even in the wild advance of last year, moved up in price as rapidly, and held the advance as steadily, as did memberships in the New York Stock Exchange itself. On December 26, 1901, these seats sold at $80,000. They have since yielded in price, a sale at $70,000 having been reported on Thursday.

Whether the tendency of their price has really been turned is one of the interesting problems in current values. Brokers report that sales have, as a rule, been made lately by old members who cannot use the privileges, and who believe existing prices to be high enough to compensate for the forfeiture of the $10,000 insurance indemnity which goes to the family of a deceased member. Most of the buyers are young men. The subjoined table will give some idea of the extraordinary rate at which the price has advanced in the last few prosperous years. In the early eighties New York Exchange seats sold at $27,000; they declined rapidly in the hard times, and bad business of the early nineties. The figures are taken at the opening of each year, the last being the present quotation:

1895	$16,000	1899	$40,000
1896	19,000	1900	50,000
1897	20,000	1901	80,000
1898	30,000	1902	70,000

UNION JACK DEDICATED.

Veterans Have Flag Received From Prince of Wales Dedicated.

(Special to the Star.)

BOSTON, Mass., February 20.—The Boston Association of British Naval and Military Veterans last night dedicated the Union Jack presented to the Association by the Prince and Princess of Wales at St John during their visit to the Provinces. More than 200 members of the Association and their friends were present. The dedication service was that of the church of England, changed to allow for the use of the American flag. The service was conducted by Captain-Chaplain F. W. Grant, formerly of the Royal Navy and now a Baptist clergyman in Mansfield, Mass. The chaplain was assisted by a squad under command of Col. A. P. Graham the commander of the Association.

DISENTOMBED ALIVE.

BAKU, Transcaucasia, February 20.—During the course of the search to-day for bodies of victims of the recent earthquake at Shamaka, which is said to have resulted in the loss of about 2,000 lives, thirty-two persons were disentombed alive.

Manitoba Wheat.

ROOSEVELT AND THE SCHLEY AFFAIR

Neither Schley Nor Sampson Entitled to Credit

IT WAS A CAPTAIN'S FIGHT

The Appeal is Not Allowed — McKinley's Action is Sustained.

WASHINGTON, February 20.—President Roosevelt's memorandum upon the appeal of Admiral Schley was made public yesterday. It says in part: "I have received the appeal of Admiral Schley and the answer thereto from the Navy Department. I have examined both with the utmost care, as well as the preceding appeal to the Secretary of the Navy. I have read through all the testimony taken before the court and the statements of the counsel for Admirals Sampson and Schley; have examined all the official reports of every kind in reference to the Santiago naval campaign, copies of the log books and signal books and the testimony before the court of claims, and have also personally had before me the four surviving captains of the five ships, aside from those of the two admirals, which were actively engaged at Santiago.

COURT'S FINDING REVIEWED.

"It appears that the court of enquiry was unanimous in its findings of fact and unanimous in its expressions of opinion on most of its findings of fact. No appeal is made to me from the verdict of the court on these points, where it was unanimous. I have, however, gone carefully over the evidence on these points also. I am satisfied that on the whole the court did substantial justice. It should have specifically condemned the failure to enforce an efficient night blockade at Santiago while Admiral Schley was in command. On the other hand, I feel that there is a reasonable doubt whether he did not move his squadron with sufficient expedition from port to port. The court is a unit in condemning Admiral Schley's action on the point where it seems to me he most gravely erred; his "retrograde movement," when he abandoned the blockade, and his disobedience of orders and mis-statement of facts in relation thereto. It should be remembered, however, that the majority of these actions which the court censures occurred five weeks or more before the fight itself, and it certainly seems that if Admiral Schley's action were censurable he should not have been left as second in command under Admiral Sampson.

WHO WAS IN COMMAND?

"The point raised in the appeal is between Admiral Sampson and Admiral Schley, as to which was in command, and as to which was entitled to the credit, if either of them was really entitled to any unusual and pre-eminent credit by any special exhibition of genius, skill and courage. The court could have considered both of these questions, but as a matter of fact, it unanimously excluded evidence offered upon them, and through its president announced, its refusal to hear Admiral Sampson's side at all, and in view of such exclusion the majority of the court acted with entire propriety in not expressing any opinon on these points. The matter has, however, been raised by the president of the court. Moreover, it is the point upon which Admiral Schley, in his appeal, lays most stress, and which he especially asks me to consider. I have, therefore, carefully investigated this matter also, and have informed myself upon it from the best sources of information at my command.

The President then quotes statements given at various times by the commanders of the five ships (other than the flagships of the two Admirals) which were actively engaged in the fight.

NOMINAL AND TECHNICAL.

Summing up, he said: "The question of command is in this case nominal and technical. Admiral Sampson's ship, the New York, was seen at the outset of the fight from all the other ships, except the Brooklyn. Four of these five ship captains have testified that they regarded him as present, and in command. He signalled "close in" to the fleet as soon as the first Spanish ship appeared, but his signal was not seen by any American vessel. He was actually under fire from the forts, and himself fired a couple of shots at the close of the action with the torpedo boats, in addition to signalling the Indiana just at the close of the action. But, during the action, not a single order from him was received by any of the ships that were actively engaged.

"Admiral Schley at the outset of the action hoisted the two signals of 'clear ship' and 'close in,' which was simply carrying out the standing orders of Admiral Sampson as to what should be done if the enemy's ships attempted to break out of the harbour. Until after the close of the first portion of the fight at the mouth of the harbour, and until after he had made his loop and the Spanish ships were fleeing to the westward, not another American ship noticed a signal from him. When the western pursuit had begun, the Oregon and the Oregon only, noticed and repeated one of his signals of command. The captain of the Oregon then regarded him as in command, but did not in any shape or way execute any movement or any action of any kind whatsoever in accordance with any order from him.

CREDIT DUE THE CAPTAINS.

"In short, the question as to which of the two men, Admiral Sampson or Admiral Schley, was at the time in command, is merely of nominal character. Technically, Admiral Sampson commanded the fleet, and Admiral Schley, as usual, the western division. The actual fact, the important fact, is that, after the battle was joined, not a helm was shifted, not a gun fired, not a pound of steam was put on in the engine-room aboard any ship actively engaged, in obedience to the order of either Sampson or Schley, save on their own two vessels. It was a captain's fight.

"Therefore, the credit to which each of the two is entitled rests on matters apart from the claim of nominal command over the squadron, for so far as the actual fight was concerned, neither one nor the other, in fact, exercised any command. Sampson was hardly more than technically in the fight. His real claim for credit rests upon his work as commander-in-chief; upon the excellence of the blockade; upon the preparedness of the squadron; upon the arrangement of the ships' head on in a semi-circle around the harbour; and the standing orders in accordance with which they instantly moved to the attack of the Spaniards when the latter appeared. For all these things the credit is his.

"Admiral Schley is rightly entitled—as is Captain Cook—to the credit of what the Brooklyn did in the fighting. On the whole she did well; but I agree with the unanimous finding of the three admirals, who composed the court of enquiry, as to the 'loop.' It seriously marred the Brooklyn's otherwise excellent record, being in fact, the one grave mistake made by any American ship that day.

SUSTAINS McKINLEY'S ACTION.

"Under such circumstances it seems to me that the recommendations of President McKinley were eminently proper, and that so far as Admirals Sampson and Schley were concerned it would have been unjust for him to have made other recommendations. Personally, I feel that in view of Capt. Clark's long voyage in the Oregon and the conditions in which he brought her to the scene of service, as well as the way in which he actually managed her before and during the fight, it would have been well to have given him the same advancement that was given Wainwright. But waiving this, it is evident that Wainwright was entitled to reverence more than any of the other commanders; and that it was just to Admiral Sampson that he should receive a greater advance in numbers than Admiral Schley—there was nothing done in the battle that warranted any unusual reward for either. In short as regards Admirals Sampson and Schley, I find that President McKinley did substantial justice and that there would be no warrant for reversing his action.

"Both Admiral Sampson and Admiral Schley are now on the retired list. In concluding the report the members of the Court of Enquiry, Admirals Dewey, Benham and Ramsay, unite in stating that they recommend that no further action be had in the matter. With this recommendation I most heartily concur. There is no excuse whatever from either side for any further agitation of this unhappy controversy. To keep it alive would merely do damage to the navy and to the country."

AN AGRARIAN AMENDMENT.

Proposed Compromise on the German Tariff.

BERLIN, February 20.—Herr von Kardorff, the Agrarian leader, introduced his so-called compromise amendment on the corn duties before the customs tariff committee yesterday. The rates he proposes fix the minimum import duty on wheat and spelt at six marks and the maximum at 7½ marks; the minimum duty on rye, barley and oats at 5½ marks, and the maximum at 7 marks.

Molsons Bank Pension Fund.

(Special to the Star.)

OTTAWA, February 20. — James Elliot, A. D. Durnford, W. H. Draper, H. A. Harris and G. C. Pratt, of Montreal; C. W. Cinch, of Toronto; P. W. D. Broderick, London, and A. B. Broderick, Ottawa, are asking Parliament to incorporate the Molsons Bank Pension Fund.

The Minister of Justice has asked Judge Harvey to make a report on the case of Dr. Harbottle, the Boer sympathizer of Burford, Ont., who was sentenced to one year's imprisonment for shooting at and wounding a young man of that place.

THE LIVERPOOL BANK FORGERIES

The Trial is Exciting Great Interest in London.

CRIMINAL BETTING MANIA

Public Aroused to Need for Reform—Burge Was a Jaunty Witness.

(Special to the Star.)

NEW YORK, February 20.—The London correspondent of the Tribune cables: The trial of Goudie's alleged accomplices in the Bank of Liverpool is exciting more interest than anything going on in public or social life. It is an object lesson on the criminal tendencies of the prevailing mania for betting, more practical than any evidence obtained by the select committee of the House of Lords during somnolent sessions. Whoever was behind the bank clerk, held a club over him through the menace of exposing the forgeries, and directly or indirectly forced him to enlarge his criminal operations. This fact induces many practical reformers to believe that the best method of preventing abuses and excesses in gambling on horse-racing will be to make betting a valid contract, which can be enforced by legal process only within a month and to render it a criminal offence for bookmakers or turf gamblers to attempt to obtain money after that period by threats of exposure or otherwise.

Whether the prosecution succeeds or fails in following up yesterday's conviction of Burge and completing the chain of circumstantial evidence against the two other prisoners remaining under indictment, the case has too direct a bearing upon the morals of bank clerks and men of moderate means trusted by their employers not to leave a permanent impression on future legislation for lessening the evils of turf gambling.

A JAUNTY WITNESS.

Richard Burge was a jaunty witness at the Old Bailey, and under the judicious management of counsel protested himself shrewdly against the charge of complicity with the bank forger. He passed the cross-examination fairly well and commanded the admiration of sporting men for his agility in evading searching questions. The judges summing up bore heavily against him, and the jury convicted him promptly on evidence that he was hand-in-glove with Marks, Mances and Goudie, and received the bulk of the proceeds of the forgeries. The verdict has produced a great sensation among sporting men, and can hardly fail to promote reform in the morals of the turf.

ITALY AND JAPAN TREATY.

Efforts to Induce Italy to Join the Alliance.

ROME, February 20. — It is learned on diplomatic authority that active negotiations are going on to induce Italy to join the Anglo-Japanese alliance in regard to the Far East. Italy, it is said, is holding back, as she is unwilling to displease France and Russia.

BERLIN, February 20. — A despatch from St. Petersburg states that a number of British officers with ten guns have arrived at Seoul for the purpose of training the Corean army. The report is regarded here as interesting in view of the Anglo-Japanese alliance, but it needs confirmation.

Dominion Artillery Association.

(Special to the Star.)

OTTAWA, February 20. — The annual meeting of the Dominion Artillery Association will be held in Ottawa, on the 27th inst. Lieut.-Col. Donaldson, who has held the position of Secretary-Treasurer for 24 years, proposed tendering his resignation, but has been induced to reconsider his decision. He was first appointed on February 22, 1877, and has been re-elected at every ensuing annual meeting.

The Strike at Sherbrooke.

(Special to the Star.)

SHERBROOKE, February 20. — The statement that the weavers of the Paton Mills, who went out on strike for a few hours on Monday, took this action as a result of a difference between the boss of the department and themselves is not correct. The strike was simply for an increase in pay and was settled satisfactorily.

A Trans-Atlantic Contest.

LONDON, February 20. — The story that the steamers Campania, the St. Louis and Kron Prinz Wilhelm are racing seems to be only based upon the fact that the times of their departure accidentally arranged a handicap, which in view of their respective performances is a very fair one. The Campania left Queenstown at 6.45 p.m. Sunday. The St. Louis passed the Lizard at 12.29 a.m. and the Kron Prinz Wilhelm sailed from Cherbourg at 9 p.m. It is pointed out that the efforts the captains are supposed to be making may possibly result in the three steamers arriving within the same hour.

LABOUR TROUBLES.

Plan Formulated to Prevent Strikes in the Future.

WASHINGTON, February 20. — The first meeting of the legislative committee of thirty-six, appointed through the National Civic Federation to arbitrate labour troubles, was held yesterday, with Senator Hanna in the chair. The object of the gathering was to receive a report on a working plan by means of which strikes, lockouts and other forms of disputes between capitalists and the labouring class may be settled. This plan was presented by a sub-committee in the form of a set of by-laws, which provide that the chairman on the legislative committee of federation shall appoint a committee on conciliation, to consist of nine members, three of whom shall be selected from each group of the legislative committee, representing capital, labour and the general public, whose duty it shall be to, at the request of the chairman on information of threatened strike or lockout of more than local magnitude, to use its good offices in restoring harmonious relations, reporting its action to the legislative committee. Should the efforts of the conciliation committee prove ineffective, and should both parties to the dispute desire the service of the legislative committee, it is directed that they may be invited to select two employers and two wage-earners from the legislative committee to serve as an arbitration board.

Should the four find it necessary to appoint an umpire to finally decide the dispute, they may select a fifth member from the division, representing the public. Should a controversy seem of such magnitude as to justify such action, the officers of the legislative committee shall be authorized to call a meeting of the entire legislative committee to consider the situation and take such action as may in its judgment be required. The legislative committee may appoint auxiliary committees to deal with local disturbances, the rules governing the same to be in harmony with the general purpose of the industrial department.

At the close of the meeting Senator Hanna said: "The meeting was very satisfactory. Thirty out of the 35 members were present, and the spirit displayed was splendid. We feel delighted with the results of our efforts toward utter harmony between capital and labour."

Premier Murray is Improving.

(Special to the Star.)

OTTAWA, February 20. — Some uneasiness has been caused by the reports as to the health of Mr. Murray, Premier of Nova Scotia, who is at present in New York, but Mr. Ross, of Sydney, who has reached here from New York, brings the news that Mr. Murray's condition has shown a decided improvement during the past three days. Hon. W. S. Fielding visited Mr. Murray recently, and Messrs. Johnston and McIsaac, M.P.'s, will probably go down to New York to-day. The Premier of Nova Scotia has been suffering from some nervous affection.

Spoke Factory Destroyed.

(Special to the Star.)

MERRITON, Ont., February 20. — Fire last night destroyed the plant of the E. H. Phelps Company's Spoke Factory, with the exception of the store house and offices, causing a loss of $75,000. The insurance is in the neighbourhood of $40,000. The following are some of the companies interested: Western,$6,700; Northern,$8,140; Royal, $6,140; Queens,$5,140; Hartford,$5,140; North British and Mercantile, $2,000. The Phelps Company is one of the oldest firms in this district, and were employing over sixty men.

The Wreck of the Grecian.

(Special to the Star.)

OTTAWA, February 20. — On the recommendation of Hon. James Sutherland the Government has decided to investigate the circumstances attending the wreck of the Allan Liner Grecian, at Halifax. Commander Spain will preside and Captain Douglas, of Halifax, and Captain Murray, of Yarmouth, will act as assessors. The enquiry will begin on Friday at Halifax.

Sentenced to be Hanged.

WINNIPEG, Man., February 20. — Chas. Bullock was found guilty last night of murdering Leon Stanton at Battle River, in April last, and was sentenced to be hanged at Fort Saskatchewan, March 26.

The report that the large steamship companies have advanced their summer rates for passenger traffic is denied.

LIBERALS ADOPT PEACE RESOLUTION

Opposed to Unconditional Surrender of the Boers.

WANT BROAD, GENEROUS LINES

New Chief Justice of the Transvaal—Casualty Department Reports Several Canadian Deaths.

LONDON, February 20. — At the annual meeting of the general committee of the National Liberal Federation, held at Leicester yesterday, after considerable dissent and an animated debate, a resolution was passed condemning the policy of insisting on the unconditional surrender of the Boers in South Africa, affirming that the future contentment and security of South Africa could only be secured by regular peace, on broad, generous lines, welcoming the impetus Lord Rosebery has given to this policy, and calling on all Liberal members of the House of Commons to support the Liberal leader, Sir Henry Campbell-Bannerman, in his advocacy of this policy.

CHIEF JUSTICE ROSE-INNES.

CAPE TOWN, February 20. — R. Rose-Innes has resigned the Attorney-Generalship to become Chief Justice of the Transvaal Colony.

MORE CANADIAN LOSSES.

OTTAWA, February 20. — The casualty department cables the following to Lord Minto: Cape Town, February 18.—Casualties reported to S. A. C., at Uitkyk, February 17: Killed. William James Jones, next of kin, Mrs. Jones, 107 Medill street, Toronto, Ont. Died of enteric fever at Heidelberg, February 15, George Robert Lundy; please inform C. L. Lundy, Innisfail, Alberta.

Orangemen Indignant.

(Special to the Star.)

OTTAWA, February 20.—At the Russell County Loyal Orange Lodge, last evening, a resolution was passed, which, after denouncing the action of those members of Parliament who voted to change the Coronation oath, proceeds: "That we further feel greatly humiliated at the action of the Premier of this Dominion in lunching and fraternizing with Redmond and his associates when in Ottawa, who proudly proclaimed themselves, from public platforms, as the avowed rebels of the British Empire. That the Most Worshipful Grand Lodge of British America, and the several provincial Grand Lodges, are hereby respectfully requested to take cognizance of these matters at their coming annual meetings, in order that means may be taken to punish the weak-kneed and vacillating representatives of Protestant constituencies, and that the British Government, and all others concerned, be informed that the action of these members of Parliament who voted in favour of changing the Coronation oath, and that Sir Wilfrid Laurier in toadying to rebels, do not represent the true feelings of the loyal people of this Dominion."

Thought Papers Should be in Court.

Before Mr. Justice Lavergne Wednesday Mr. Donald Macmaster, K. C., moved to reject from the record in the case of Ryan and McDonald, railway contractors, against Mackenzie and Mann, railway contractors, and the cross demand, certain particulars furnished by the defendants in the main action, which the plaintiffs designate as contrary to the order of the judge, an evasion of the judgment and an encumbrance to the record, and besides asked that the plaintiffs be not obliged to answer the defence or plead to the incidental demand based on such exhibits. Mr. Macdougall, for the defendants, said he had a barrel of papers in his office, but Mr. Macmaster thought the papers should be in Court. The matter was left over until Monday, the 24th, to allow Mr. Macdougall to communicate with his clients in Cape Breton.

Lord Dufferin's Nurse-Daughter.

During his illness Lord Dufferin had the advantage of the presence of a daughter who is a trained nurse. Lady Hermione Blackwood is the second daughter, and was trained at the London Hospital, Whitechapel, and then as a district nurse. Last season she was one of the Queen's Jubilee nurses who appeared in their simple, becoming uniforms at the Queen's garden party at Marlborough House, and received their badges at the hands of Queen Alexandra.

"THE ANCIENT MARINER."—Rev. J. R. Dobson will deliver a lecture on "Coleridge and the Ancient Mariner," illustrated with limelight views, in St. Giles Presbyterian Church, corner Cartier and St. Denis streets, on Friday evening.

MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his Rheumatism Cure will cure rheumatism there isn't any guesswork about it—there isn't any false statement about it. It cures without leaving any ill effects. It is a splendid stomach and nerve tonic, as well as a positive cure for rheumatism.

All the Munyon remedies are just as reliable, as trial. The Guide to Health is free. Munyon, New York and Philadelphia.

MUNYON'S INHALER CURES CATARRH.

The Work Is Better Done By DIAMOND DYES And at a Much Smaller Cost.

Some people still cling to the old but now exploded idea that garments and wool and cotton fabrics can only be well dyed when they are sent to the regular dye-house in the city. Such people should at once give the Diamond Dyes a trial, and they will quickly find that these great home colouring agents give brighter and more enduring colours at one-fourth the cost charged by the dye-house.

Many letters have come from ladies testifying to the fact that Diamond Dyes have done work that the professional dyer failed to do in proper manner. Try one package of Diamond Dyes, observing the simple directions, and you will be surprised with the happy results.

Send your address to The Wells & Richardson Co., Limited, 200 Mountain street, Montreal, P. Q., and you will receive free of cost this season's new designs for the making up of handsome mats and rugs.

43 1

When you examine our new booklet (to be had for the asking) you may find it sufficiently interesting to repay you for having sent your address to the Advertising Department

New York

THE NEW YORK TRAGEDY.

Prosecution Has Little Direct Evidence Against Miss Burns.

(Special to the Star.)

NEW YORK, February 20.—There have been few developments which would tend to establish the guilt of Miss Burns, charged with shooting Walter Brooks in a New York hotel on Friday night last. All the evidence in the possession of the prosecution is circumstantial in character.

Miss Burns had known Brooks less than a year. In that time she had learned to love him passionately. They were devoted to each other, but latterly young Brooks, influenced, it is believed, by his family and friends, sought to end the acquaintance. This was after Miss Burns had been nursed back to health in his parents' home. The young woman spent two weeks there and was tenderly cared for by Mr. and Mrs. Brooks. In a sense, friends say, this was a probationary period, and when it came to an end Walter Brooks was determined not to marry her.

That Mr. and Mrs. Brooks disapproved of their son's marriage to Miss Burns they have never denied. To the District Attorney the father said that his son had told him of threats made by the young woman to induce him to marry her.

"Walter told me," Mr. Brooks said, "that unless he married her she would kill him and then commit suicide. I believe she has fulfilled a portion of this threat."

In a pocket of the coat worn by young Brooks the police found a note signed "Ruth," which bears directly on the tragedy. "Ruth," whose identity is withheld is said to be a stenographer employed in one of the large office buildings downtown. She and Walter Brooks were children together. Later they were sweethearts, but "Ruth's" father met with misfortunes, the family moved to a distant city and the young people were separated until a few months ago, when "Ruth" returned.

Then, it is said, she was encouraged by Walter Brooks's parents to renew her engagement, in the hope that the betrothal would cause an estrangement between their son and Miss Burns. Apparently this plan succeeded, and Miss Burns, her woman's intuition aroused, realized that desperate measures were needed if she wished to retain the affections of the man she loved.

LEIGHTON'S SARCOPHAGUS.

The Celebrated Artist is Honoured in St. Paul's.

(Special to the Star.)

LONDON, February 20.—Thomas Brock's memorial sarcophagus in honour of Lord Leighton, which was unveiled yesterday, is a splendid addition to the sculpture in St. Paul's Cathedral. There was a large attendance of Academicians and literary men, and Sir Edward Poynter's panegyric, delivered in a fine voice, was as ornate and highly polished as Lord Leighton's own rhetorical addresses had been on Academic occasions. The religious service was simple, and the Academicians were allowed to honour their beloved and honoured chief in their own way.

London's Social Season.

(Special to the Star.)

LONDON, February 20.—Several brilliant social functions took place last evening, chief among them being the reception which was given by the Marchioness of Londonderry at Londonderry House, Park Lane. The guests included all the principal leaders of society in London. Social pressure upon court officials for presentations at functions during the Coronation season is unexampled. The Lord Chamberlain is reported to have received over 7,000 applications. While the King has insisted upon avoiding overcrowding drawing rooms, he also seemed anxious to favour tradespeople, whose earnings are dependent upon a brilliant social season. Restrictions upon the attendance at court functions involves reductions in the work of dressmakers and the trading class.

Germany and Sugar Bounties.

(Special to the Star.)

LONDON, February 20.—It is reported in Vienna that Germany is disposed to accept the British proposals with regard to sugar bounties.

Ocean Steamships.

ARRIVED.

Friesland, at New York from Antwerp, Feb. 19.
Astoria, at New York from Glasgow and Moville, Feb. 19.
Rhein, at Bremen from New York, Feb. 19.
Celtic, at Gibraltar from New York, Feb. 19.
Fuerst Bismarck, at Gibraltar from New York, Feb. 19.
Philadelphia, at Southampton from New York, Feb. 19.
Statendam, at Rotterdam from New York, Feb. 19.

SHIPPING NOTES.

Captain Horsburgh and crew of the steamer Alcides will be released from quarantine at St. John, N.B., in time to take charge of the steamship Concordia, to enable her to sail for Glasgow on her scheduled date, which is Saturday.

Mr. Marceau, engineer of canals for Quebec, gives notice that the water will be drawn out of the Lachine Canal on the 1st of April, 1902, and will not be readmitted into it before the 1st of May next.

True economy lies also in wise buying! as you will find if you purchase Blue Ribbon Ceylon Tea.

URIC ACID MAD.

All Physicians Are Waking Up to the Fact That Uric Acid is the One and Greatest Cause of Nearly All Diseases, and Especially Kidney, Mental and Nervous Diseases, including Temporary Insanity.

PREVALENCY OF KIDNEY DISEASE.

At Last a Solvent Found for

URIC ACID.

Most persons do not realize the alarming increase and remarkable commonness of kidney disease. Thousands upon thousands die yearly from some form of it! While kidney disorders are the commonest diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects while the original disease constantly undermines the system.

Though Kidney Trouble is not dangerous at first, the disease advances quickly and is soon in the chronic or advanced stages, which are not only serious, but in a large percentage of cases, unless proper medicine is used, fatal. Kidney trouble seldom progresses without also affecting the Liver and producing some sort of an irritation of the Bladder.

URIC ACID POISON.

Poor Working Kidneys allow an excess of this deadly poison to accumulate in the System, which results in these symptoms.

Do you have a stitch or pain in the small of the back?
Do you get a pain in the kidneys when you take cold?
Is there a sediment in your urine after standing?
Is it highly coloured or is there a scum on it?
Is the sediment like brick dust, sand or gravel?
Is it red, blood like, white and milky or stringy or ropy?
Is albumen, "a white mucus," being lost in the urine?
Is the urine pale and foamy and full of little shreds?
Do you have excessive discharge of pale, sugary urine?
Does the urine stain your clothing?
Do you have to strain or have you a desire to urinate often?
Does the urine scald or burn you when passing it?
Is the supply scanty and does it pain you to hold it?
Is your face pale and wax-like and puffy under the eyes?
Is your skin dry, harsh and burning?
Do you have dark rings or circles under the eyes?
Are you getting thin and losing your strength?
Do you feel drowsy and tired most of the time?
Do you have cold chills in the back and loins?
Are you feverish and want to drink often?
Do your feet and limbs swell and feel heavy?
Is your eyesight failing and not as good as formerly?
Do you have severe headache and backache?
Do you feel stiff and sore across the shoulders?
Do your muscles get stiff, sore and pain you?
Do you have pains in the back, hips, loins and legs?
Do you have shooting pains throughout the body?
Do these pains come near or around the heart?
Do your joints swell and get painful and tender?
Do your hands, feet and limbs draw up and get stiff?
Is your breath short and are you easily fatigued?
Do you start or jump up suddenly in your sleep?
Do you get gloomy, despondent, nervous and fretful?

Any one, young or old, can take Smith's Buchu Lithia Kidney Pills with perfect safety. They will help any one. They will certainly tone up the Kidneys and Bladder, and make new, rich, red blood, making any one feel stronger and better, and will cure any curable case of Rheumatism. They have cured most chronic cases. Buchu and Lithia are long, favourably and well known. Smith's Buchu Lithia Kidney Pills contain the purest and best of Buchu and Lithia, Juniper Berries, Uvi Ursi and five other grand remedies. The price is so reasonable—100 pills for 25 cents—A CURE AT THE PEOPLE'S PRICE—any one can surely afford to try them, and I know for a fact that they are doing great good. They have cured thousands of people. Not a day passes but that some grateful person writes or calls at my office, telling of the great results obtained from Smith's Buchu Lithia Kidney Pills. Most all dealers in medicines keep Smith's Buchu Lithia Kidney Pills on sale; if they do not have them they can easily obtain them for you at any time, or send me 25 cents in one or two cent postage stamps (Canadian or U. S.), and I will send them by mail, postpaid, and free from examination in any way in Canada, with my book, "Help for Sick Kidneys, the Bladder, Rheumatism and the Blood." If you are not ready to try Smith's Buchu Lithia Kidney Pills at once, at least send a postal for my free book; it will be mailed to you at once.

W. F. SMITH, 125 Summer St., Boston.

Smith's Pineapple and Butternut Pills act gently on the Stomach, Liver and Bowels. Nature's easy physic, good for young or old.

100 Pills in Glass Vials only 25 cents. 43eod2

BRONCHITIS

Grandma's Syrup.

For more than 3 years I was suffering from severe Bronchitis, which degenerated in Pneumonia in its first stages. To-day I am perfectly cured thanks to ***Grandma's Syrup***. Three weeks of treatment have been sufficient to effect my cure.

HUGH HATCH, Farmer, Greenfield, Ont.

GRANDMA'S SYRUP is a New Remedy, purely vegetable, which cures Coughs, Asthma, Colds, Hoarseness, Grippe, Bronchitis, Whooping Cough and all affections of the throat and chest, and gives sure relief in all cases of Consumption. For sale at all druggists and grocers, 25c per bottle. 43 1

Piles or Hemorrhoids Cured Without Cutting

The doctor says it is a bad case of Piles and only a Surgical Operation will cure.

Those instruments look cruel. I believe I'll back out. I don't like to be hurt or exposed to danger.

Many people who can have nothing to gain by its sale testify that Pyramid Pile Cure has quickly and permanently cured them even after doctors said only a cruel and dangerous operation would do it.

The Drug Store on the next corner sells Pyramid Pile Cure. A box costs only 50 cts. I will try it anyway. If it does good I get off easy and if it fails I am not much out.

Only two boxes of Pyramid Pile Cure and I am well. Say, but that was a cheap cure, and what is better I have cheated those ugly instruments out of a baptism in my blood.

WHY allow expensive, painful and dangerous operations, when a simple, inexpensive, self-applied home treatment will cure? That Pyramid Pile Cure really cures bad and obstinate cases is proved by the following unsolicited testimonials:

Archie Birkett, Ionia, Mich.—"I had to quit work on account of piles. I suffered terribly all the time. Two applications from a 50 cent box of Pyramid Pile Cure cured me completely."

"Mrs. Aaron Medron, of Savanna, Ga., writes:—"Ever since the birth of my first child, six years ago, I have suffered greatly from piles. I could not bring myself to bear the thought of a surgical operation. Pyramid Pile Cure entirely cured."

Edward Dunellen, Wilkesbarre, Pa.:—"For seven years I was scarcely ever free from the terrible torture of piles. I tried all sorts of remedies. Was told a surgical operation might save. One 50 cent box of Pyramid Pile Cure entirely cured me."

Amos Croker, of Worcester, writes:—"After going through a surgical operation and after trying any number of salves and ointments, one 50 cent box of Pyramid Pile Cure gave speedy relief and it quickly cured me."

Thos. E. Wood, 818 Seventeenth St., Sacramento, Cal.:—"One 50 cent box of Pyramid Pile Cure permanently cured me of Piles. For 30 years I suffered; underwent a frightful operation, nearly died, but it failed to cure. I was unable to walk when I tried Pyramid Pile Cure. The first application relieved me."

Mrs. Hinkley, Indianapolis, writes:—"The doctor said it must be an operation costing $300 and little chance to survive. I chose Pyramid Pile Cure and one 50 cent box made me sound and well."

F. Capps, 216 N. Minnesota Ave., Sioux Falls, S. D., writes:—"For 32 years I suffered constantly from protruding piles and finally had to abandon my trade of stone-mason. Four months ago I began using Pyramid Pile Cure and before I had used up one 50c box the disease had entirely disappeared and there is no sign of its ever returning. I am completely cured."

Mrs. R. T. C. Boylan, Marshall, Mississippi, writes:—"I suffered awful torture for years from piles. I used Pyramid Pile Cure and was well in three days."

Mrs. D. E. Reed, of Albany, says:—"I would not take $500 and be placed back where I was before I used the Pyramid Pile Cure; I suffered for years and it is now 18 months since I used it and not the slightest trace of the trouble has returned."

Mrs. Wm. Kenmore, So. Omaha, writes:—"I suffered many years with protruding piles and dared not risk an operation. My case became desperate. I took Pyramid Pile Cure and in a short time was entirely cured, with no return of the trouble."

Your druggist keeps Pyramid Pile Cure or will get it for you if you will ask him to. Take no substitute. There is no medicine on the market "just as good." Write to the Pyramid Drug Co., Marshall, Mich., for their book, "The Cause and Cure of Piles." It contains much of interest and value to every sufferer and is sent free to all who apply for it.

43 1

IN THE SUPREME COURT.

Appeal in McCleave vs. City of Moncton Dismissed.

(Special to the Star.)

OTTAWA, February 20.—In the Supreme Court yesterday, the appeal in McCleave vs. City of Moncton was heard. The appellant recovered damages at the trial for an irregular seizure and destruction of liquors in the Windsor Hotel at Moncton, N.B., by an officer appointed by the corporation to enforce the provisions of the Canada Temperance Act, which is in force in the County of Westmorland, within which Moncton is situated. The Supreme Court of New Brunswick reversed the verdict of the trial court on the ground that the municipality was not responsible as a wrong-doer on account of any act irregularly committed by the constable, and that the doctrine respondent superior did not apply. The plaintiff contends that the city must bear the consequences of the act of its servant, and cannot avoid paying damages, as it has not pleaded special justification. Teed, K.C., for appellant; Chandler, K.C., for respondent. The appeal was dismissed with costs.

Judgments will be rendered to-morrow morning in the election cases standing.

More Canadians for South Africa.

(Special to the Star.)

OTTAWA, February 20.—The War Office has granted permission for the 14 men of the 2nd C.M.R. left behind in hospital at Halifax to be forwarded to South Africa by any steamer sailing from St. John, N. B. The men are all anxious to go.

At the annual meeting of the Vancouver Liberal-Conservative Association the following officers were elected for the ensuing year: Hon. president, Chas. Wilson, K.C.; president, W. J. Bowner, K.C.; vice-presidents, H. F. Ross, Stuart Livingston, J. W. Hackett, T. H. Boyd, T. Duke, Dr. Lawrence.

Stop incipient hoarseness, it is the first indication of bronchial trouble, by

Dr. Laviolette's Syrup of Turpentine.

Contains no opiates. 25c and 50c sizes. At druggists. 24 6 2aw

Malt Breakfast Food

Breakfast commenced with Malt Breakfast Food means fortifying the body with true sustaining and energizing nutriment that conduces to bodily and mental vigor and general good health. Ask your Grocer for it. 43 1

MISTAKE IN THE CENSUS.

A Whole Township in British Columbia Has Been Omitted.

(Special to the Star.)

OTTAWA, February 20.—It is stated that a very serious mistake has been discovered in the census. The whole township of Cumberland, near Vancouver, B.C., has, it is said, been omitted, and thereby more than 720 souls have been left off the census schedules. It is not known what course will be adopted in the matter.

The Corsicana Cotton Oil Mill, one of the largest in the State of Texas, was destroyed by fire Wednesday night. The loss is estimated at $125,000, fully insured.

Children Cry for CASTORIA.

PRESIDENT MOVES AGAINST MERGER

American Government Is Preparing Case Against Northern Securities Co.

CAUSES FLURRY IN STOCKS

Which Took a Tumble of Several Points on the Market To-day.

NEW YORK, February 20.—Bankers of this city identified with the formation of the Northern Securities Company were greatly surprised to learn, and at first refused to believe, that the United States Attorney-General Knox is preparing a case against the company. They pointed out that a decision on a cognate case from the Supreme Court of the United States is expected on Monday next. They were unable to understand why notice of another action should be given pending this decision. It is stated to be the intention of both the Hill-Morgan and Kuhn-Loeb-Harriman syndicates to fight the case out to the end. All of the bankers who were seen expressed themselves as confident of the ultimate result.

A long legal battle is promised, but it is understood that no matter what the decision may be, the dominating idea which brought the Northern Securities Company into life, will be substantially maintained. A contingency such as has arisen, authorities said, was foreseen by the legal talent, when the last details were arranged some months ago. Provision is made for the carrying out of the community of ownership idea.

Charles Steele, a member of the firm of J. P. Morgan and Company was in conference with Mr. Morgan at his residence, to the effect of the action of Attorney-General Knox.

"This opinion came as a great surprise to all of us," he said, "no such action was expected, and there has been an absolute quiet since the argument of the case of the State of Minnesota before the Supreme Court of the United States."

"After this bill in equity, as suggested by Attorney-General Knox has been filed, we will be prepared to speak of our line of defense. At present we are wholly in the dark, but I will say that a long legal battle will ensue."

Not the slightest rumour of the Attorney-General's action had reached Wall Street before the close of the stock market yesterday.

A FLURRY IN STOCKS.

There was a sensational flurry in the stock market this morning, which proved how disagreeable a surprise President Roosevelt had given the speculative world by his instructions to the Attorney-General to begin proceedings to test the legality of the formation of the Northern Securities Company. The stocks of the trans-Continental Railways bore the chief brunt of the process of unloading stocks, as they are most immediately concerned in the project represented by the formation of the company.

Great Northern, pfd., is the only stock still listed on the exchange which is immediately involved in the company, and the first sale of that was 5 1-2 lower than last night. Union Pacific, St. Paul, North-West and Southern Pacific, however, always show close sympathy with the affairs of the Northern Securities Company. All of them dropped sharply, Union Pacific losing 3 1-8, St. Paul 3 and Southern Pacific 2 5-8, but the weakness was by no means confined to this group. The wide breaches in value amongst the South-westerns and in Reading, as well as in high-priced industrials like sugar, Tennessee coal and the local tractions, was a fair indication of how confident a hope had been cherished that the Supreme Court next Monday would dispose of the Northern Securities uncertainly and relieve the stock market from that repressive influence.

BEARS WERE A FACTOR.

Generally speaking, the first prices were the lowest and the bear party was evidently a factor in offering stocks at as low a level as they dared with the purpose of uncovering margins and dislodging orders. Support for the market was prompt and powerful. The buying on their account had to absorb very heavy offerings for a time without any indication of a check to their flow. The evident fact that confident buying was going on, however, relieved apprehension and the selling became less urgent. The bull interests were then able to bid up prices again and the market rallied. The recoveries by no means restored prices to last night's level, but improvements of from one to two points were scored by some of the principal active stocks. The buying then decreased again and prices yielded, and market became much quieter.

TEH QUEBEC LEGISLATURE.

Remarkable Bill Asked for by the Barbers' Association.

(Special to the Star.)

PRESS GALLERY OF THE LEGISLATURE, QUEBEC, February 20.—At the opening of the House yesterday afternoon, Mr. Chicoyne introduced a bill respecting agricultural syndicates, and Mr. Dupuis that respecting the stenographers of the Superior Court, to which reference has already been made in this correspondence.

Another big batch of petitions for private bills was presented.

St. Cunegonde wants amendments to its charter so that $77,500 of the $400,000 for borrowing, which it passed a by-law last year, may be used to pay existing contracts for public works.

The Montreal Bridge Company asks the passage of an act to provide any municipality which may be benefited by the construction of the said bridge may assist it either by subscribing to its stock or by voting it a bonus.

The Chicoutimi Pulp Company asks authority to issue debentures to the extent of $450,000 to enable the company to extend its operations and mills.

A REMARKABLE BILL.

A remarkable bill is asked by the Barbers' Association of the province of Quebec. It provides that all apprentices shall be under the control of the association, and shall only act as apprentices. The petitioners also want the power to imprison those members of the association who do not pay their dues to the association, even though insolvency be pleaded as an excuse for non-payment.

Notes of the Session.

The various committees of the House met on Wednesday and elected their chairmen as follows: Legislation, Hon. Mr. Duffy; Public Bills, Mr. Hutchinson; Industries, Mr. Smith; Standing Orders, Mr. Allard; Private Bills, Mr. Tessier (Rimouski); Privileges and Elections, Mr. Champagne.

MARTIAL LAW IN SPAIN.

It is Believed a National Crisis Will Follow.

MADRID, February 20.—Premier Sagasta is preparing a decree establishing martial law throughout Spain. The signature of the decree, it is believed, will be followed by an extreme national crisis.

BANK OF LIVERPOOL FRAUDS.

Two More of the Gamblers Plead Guilty.

LONDON, February 20.—At the resumption of the hearing of the charges growing out of the Bank of Liverpool frauds to-day F. T. Kelly, a bookmaker at Bradford, and Stiles, another bookmaker, both charged with complicity in the robberies, pleaded guilty.

In return for a mitigation of the prisoner's sentence, counsel for Kelly promised the restitution of £20,000.

VICTORINE does away with the washboard and cannot injure the clothes. 43 1

SIR THOMAS SHAUGHNESSY AND NEW C. P. R. STOCK

Offers to Refer Question of Issue to Supreme Court in Correspondence to Premier.

(Special to the Star.)

OTTAWA, February 20.—Sir Wilfrid Laurier yesterday laid on the table of the House a return of the correspondence with the C. P. R. and the orders in council respecting the increase in their capital. In this Sir Thomas Shaughnessy expresses his willingness to submit to the Supreme Court of Canada for a determination by that court of the effect, or for the interpretation of section 20 of the company's act of incorporation (being 44, Vic. cap. 1.) our company will join with the Government in the submission and argument of such questions: and if the consent of the company is necessary in order to carry an appeal to the judical committee of the privy council, such consent will be given upon the understanding, of course, that a similar consent will be given by the Crown, if such an appeal is desired by the company.

PERSONALS.

Mr. G. T. Bell, of Montreal, is at the Hotel Imperial, New York.

Mr. and Mrs. Roswell Fisher have returned to town from Ottawa.

Mrs. H. Bethune, Mountain street, gave a small tea yesterday afternoon.

Mr. Arthur Bethune, of the Dominion Bank, has been moved to Toronto.

Mrs. F. L. Cains has returned after a lengthened absence from the city.

Dr. Drummond, of Montreal, will be the guest of Dr. Ami in Ottawa this week.

Dr. John D. Cameron, St. Catherine street, is confined to the house by illness.

Dr. Kerry has purchased 122 Stanley street, the house now occupied by Miss Brown.

Mrs. J. Stratford Dawson will receive on the third and fourth Wednesdays in the month.

Miss Florence Barber, of Toronto, is the guest of Mrs. James Kent, Wood avenue, Westmount.

While in Boston Mr. George Grossmith was entertained at dinner by Mr. and Mrs. Bryce Allan.

Mr. Colin Campbell is to be one of the judges for hunters at the coming Boston Horse Show.

Miss Louise Archbald, Durocher street, entertained a few friends at a pleasant supper party last night.

Mrs. R. Carlyle Jamieson and her son, Mr. Temple Jamieson, have left on a visit to Nassau and the Southern States.

Miss Fitzpatrick, daughter of Hon. C. Fitzpatrick, who has been in the city for the past few days, left last evening for Pinehurst, North Carolina.

Mr. and Mrs. Swinburne, of England, who are the guests of Mr. James A. Gillespie and the Misses Gillespie, Stanley street, will spend the next month in Montreal.

A Japanese tea will be given in the parlours of the Y.M.C.A. on Friday afternoon, February 21st, in aid of the Children's Ward in the Montreal General Hospital.

Mrs. F. W. Borden and Miss E. Borden, who were in town to attend the wedding of Miss Archibald and Mr. Fuller, returned to Ottawa last night. Miss Maud Borden returned home to-day.

Miss Muriel Laing, 133 Mackay street, entertained a number of friends last evening by a drive and dance at the Hunt Club in honour of Miss McCall, of Simcoe, who is her guest.

Rev. J. O. Stringer, of Herschel Island, Arctic Ocean, is the guest of Mrs. John Mitchell, Mance street. Mr. Stringer has spent the last six years as Church of England missionary to the Esquimaux and Indians at Herschel Island and the adjacent northern coast of the continent.

A very enjoyable subscription dance was given at Stanley Hall last night. Mrs. C. Ernest Gault acted as chaperone. Among those present were Miss N. MacLean, Miss Ruby Ramsay, the Misses Hays, Miss Mabel Cassils, Miss M. Stearns, Mrs. Billings, Miss Rawlings, Miss Hoyt (Haverhill, Mass.), Miss C. Gilmour, Miss Maud Baker, Miss Marjory Howard, Miss Phyllis Porteous, Miss Alice Sutherland, Dr. Macrae, Dr. C. Howard, and Messrs. Billings, C. E. Gault, H. Robertson, H. Sims, T. Hart, Hood, Brown, Huntly Davis, Norman Hill, Pavey, Aird, McLaren, and Percival Campbell.

Mrs. E. Munson Hill, 60 McTavish street, was the hostess yesterday at a very largely attended and pleasant tea. The hostess was assisted in receiving by Miss Miner and Mrs. McKechnie, of Granby. The decorations of the drawing room were of white roses, pink carnations and smilax. In the adjoining room, where tea was served, the same colour scheme was carried out, the table being arranged with broad green satin ribbons and a profusion of flowers. Mrs. Charles Cushing and Mrs. H. Creelman presided. They were assisted by Miss Bessie Black, Miss Warriner, Miss Kealey and by four out of town visitors—Miss Harvey, Miss M. Miner, Miss L. Black and Miss Smith.

Among the guests at the marriage of Miss Archibald and Mr. Fuller at St. Paul's yesterday were Lady Van Horne, who was in black, with black bonnet; Miss A. Van Horne, who was in black and blue figured satin, and large hat; Mrs. S. P. Stearns, black tailor-made costume, and black velvet toque; Miss M. Stearns, light fawn silk gown, with touches of pale blue; Mrs. Geo. S. Cantlie, light blue gown with touches of coral pink, and black picture hat, with white feathers; Miss Anna Mackay, green tailor-made costume, and black velvet picture hat; Mrs. Fairie, black satin gown with white yoke, and velvet toque; Miss Greta Finley, purple cloth gown, trimmed with cream lace; Mrs. Botterell, black lace over white silk, and black bonnet with pink roses; Mrs. Geo. Hart, black sequined gown, with touches of white and gold; Mrs. F. D. Adams, blue gown, with lace applique, and mink toque; Miss McMurtry, light gown, covered with a long fur trimmed cloak, and black hat trimmed with plumes. Others present were Sir M. and Lady Tait, Mrs. Anson McKim, Miss Grier, Mr. and Mrs. Drysdale, Mr. and Mrs. Kinloch, Miss K. Finley, Dr. and Mrs. Scrimger, Prof. and Mrs. Moyse, Dr. and Mrs. MacVicar, Mr. and Mrs. T. C. Davidson, Prof. and Mrs. Bovey, Mr. Macfarlane, Mr. H. Mackay, Mr. A. Fairie, Miss Boulter, Miss Burke, and many others.

Patrick is Unconcerned.

NEW YORK, February 20.—Charles F. Jones was the star witness in the Patrick trial again yesterday. There was a mass of evidence concerning Patrick's alleged drawing of Jones into a conspiracy to utter a forged will by which Patrick was to be the principal beneficiary; of Jones's fears of discovery; of Patrick's alleged assurance that the tracks of the two would be well covered; of the doctoring of Mr. Rice's letter book and many other details. During it all Attorney Patrick listened to the witness's story to the jury with what seemed the utmost unconcern.

THE WEATHER

MILDER

Forecast for the next twenty-four hours, as predicted for the Star at 11 a.m. today:

To-day—Moderate winds, fine and a little milder.

Friday fair.

Maximum and minimum temperatures during the past twenty-four hours: Victoria, 52, 48; Kamloops, 46, 40; Barkerville, 36, 32; Calgary, 44, 28; Edmonton, 42, 24; Prince Albert, 36, 6; Qu'Appelle, 34, 14; Winnipeg, 34, 22; Port Arthur, 34, 26; Parry Sound, 18, 6 below; Toronto, 22, 6; Ottawa, 18, 2; Montreal, 16, 6; Quebec, 28, 8; Halifax, 36, 26.

Montreal, February 20.

Readings by Hearn and Harrison's standard barometer at noon yesterday, 29.62; at 8 a.m. to-day, 30.19; at 11 a.m. to-day, 30.19; temperature to-day, maximum 23, minimum 9; yesterday, maximum 20, minimum 12.

Sun rose this morning at 7.10 o'clock; will set this evening at 5.53 o'clock.

BOOM IS RENEWED IN COAL AND STEEL

Local Stocks But Little Affected by Wall Street Break.

PACIFIC THE ONLY SUFFERER

Dominion Coal Rose to a New Price Level and There Was Good Buying of Steel.

The special correspondents of the Star in Wall Street and on the Chicago Board of Trade report that stocks were heavy, while wheat was easier. In the local market prices were strong. Sales on the New York Stock Exchange yesterday were 534,-045 shares.

The break in Wall Street to-day created much interest in the local market, but prices here were not much affected. Canadian Pacific being the only notable case. Twin City was weak at the opening, but later on strengthened above yesterday's final figures.

Canadian Pacific opened at 115, sold up to 115¼, and afterwards declined to 114½. The range in Wall Street was 114¾ to 114⅛, and the weakness was due to the general decline, brought about by the President's decision to probe the Northern Securities Company's right to exist.

The boom in Dominion Coal and Steel was by no means affected, and Coal made another gain, rising to 76⅜, and closed the forenoon at 76, a net gain of one point. Steel common went up to 34⅛, and closed at noon at 34. Many seem to believe that some deal is in process of formation which will enhance the value of the shares of both companies.

The forenoon trading in Coal reached a total of 2,100 shares, and in Steel common 2,900 shares. The preferred took very little part, and the price was steady at 86¾ to 87. The rest of the market was strong, but attracted little attention.

Canadian Pacific was more active in Wall Street yesterday than for some time past, 5,100 shares figuring in the transactions. The market range was a full point, from 116¼, the highest, to 115¼, the lowest, the closing for the day being 115¾.

The heaviness in Wall Street yesterday doubtless accounted for the local depression in Twin City. The price declined from 110¾ there to 110 at the close. The local closing yesterday was 110⅛, and the highest was 111⅛. Sales in Wall Street were 1,900 shares. To-day's lowest local price was 109¾, and highest 110½.

Messrs. L. J. Forget and Co.'s London cable to-day quoted: Grand Trunk first, 99¼; second, 80⅛; third, 28¼; Canadian Pacific, 117¾; Anaconda, £6⅜.

The South African market in London rallied yesterday on the cessation of heavy selling orders from Paris.

The weekly statement of the Bank of England shows the following changes:

Total reserve, increased	£ 809,000
Circulation, decreased	193,000
Bullion, increased	618,068
Other securities, increased	2,124,000
Other deposits, increased	212,000
Public deposits, increased	2,721,000
Notes reserve, increased	756,000
Government securities, unchanged.	

The proportion of the Bank of England's reserve to liability is 47.18 per cent. Last week it was 48.24 per cent. Rate of discount unchanged at 3 per cent.

Among the sales on the Toronto Exchange to-day were: Canadian Pacific, 595 at 114¾ to 115; Canadian General Electric, 25 at 220; Twin City, 180 at 110¼ to 110¾; Dom. Steel com., 360 at 33 to 33¾; Dom. Coal com., 175 at 76½ to 76¾.

The decision of the administration at Washington to test the legality of the Northern Securities Company came up on the New York stock market with a shock. The weakening effect was already manifested in the American department of the London market before the opening in Wall street. The New York stock market opened in a semi-demoralized condition and very large blocks of stocks were unloaded in all directions at acute declines.

Naturally, the stocks of the trans-continental railroads as being immediately interested, were most affected, but large losses were shown in other stocks where speculation for the rise has been extended, the coalers, the high priced industrials and the local tractions all showing sharp losses. Great Northern preferred dropped 5½, Tennessee Coal 4 and Union Pacific, Southern Pacific, St. Paul, Missouri Pacific, Sugar, Metropolitan Street Railway, Reading, and Atchison from 2 to over 3 points. Many stocks in the miscellaneous list, including United States Steel stocks showed losses of a point or more.

The market grew steadier when Sugar and Amalgamated were bid up, the latter selling a shade over last night. U. S. Rubber pfd. and Chicago and Alton scored net gains of 1 to 1½ respectively, and Snuff pfd., of 3. Amongst the leaders the movement was somewhat fitful and not wide either ways until near noon, when there was renewed declines in about the lowest in the transcontinentals. New York Central, C. C. C. and St. Louis and Reading 2nd pfd. dropped 2 each. There was heavy selling of some of the semi-speculative bonds. Wabash debenture B's, Union Pacific convertibles and B. & O. yielding one to two points. The bond market was not much affected.

In New York at noon money on call was steady at 2½ per cent. Prime Mercantile paper 4 to 4½ per cent. Sterling exchange firm at 4.87⅝ to ½ for demand and at 4.84¾ to 4.85 for sixty days. Posted rates 4.85½ and 4.88. Commercial bills 4.84 1-4 to 4.85 1-4. Bar silver 55¼. Mexican dollars 43¾.

Morning Sales.

Canadian Pacific—330 at 115, 50 at 114⅞, 100 at 114¾, 25 at 115⅛, 250 at 114⅝, 100 at 114½, 14 at 115⅛.

Twin City—366 at 109¾, 50 at 110, 50 at 110¼, 50 at 110½.

Steel—625 at 33½, 100 at 33¾, 175 at 33⅝, 50 at 33¼, 100 at 33⅛, 50 at 33 3-8, 200 at 33½, 700 at 33¼, 75 at 33⅞, 700 at 34, 100 at 34⅛, 25 at 34.

Steel bonds—$3000 at 82⅛, $7000 at 82¾.

Steel pref.—50 at 86¾, 25 at 86⅞, 180 at 87.

Bell Telephone—30 at 169.

Dominion Cotton—125 at 56.

Nova Scotia Steel—25 at 68⅜.

Power—25 at 95½.

Dominion Coal—127 at 75, 125 at 75½, 350 at 75¼, 50 at 75¾, 450 at 76, 250 at 76 3-8, 475 at 76⅛, 75 at 76½, 100 at 76.

Halifax Tram—50 at 109½, 75 at 110, 25 at 110½, 25 at 110¼, 50 at 110½.

Cable—50 at 156½, 50 at 156⅜.

Payne—1000 at 25, 200 at 24.

Republic—5000 at 9½.

Quebec Bank—1 at 115.

THE JOHN ABELL CO.

The announcement that the looked-for prospectus of the John Abell business is now out and the stock offered to the public is a fact which attracts no small amount of interest among investors. The feature of the prospectus which will be especially noted, perhaps, is the apparent absence of "water." The concern is capitalized for a sufficient amount to buy out a well-known substantial and established business on a cash basis, hence the smallness of the sum named, $1,000,000. The vendors, who are in a position to know most about the business, show their faith in it by putting in $200,000 of working capital and accepting common stock therefor at a good premium. It is claimed that the John Abell agricultural machinery shops are the finest of the kind in Canada. The impetus which agriculture has received in the Dominion, and the grand prospects for an immediate great development of the farming industry, make the present issue of stock in a big agricultural machinery establishment very opportune.

EXTRAORDINARY MERIT

Of a New Catarrh Cure.

Physicians are slow to take up new and untried remedies, until their value has been established by actual experiment, and they are naturally sceptical of the many new preparations constantly appearing and for which extravagant claims are made.

The most liberal and enlightened physicians are always ready, however, to make a fair trial of any new specific and get at its true medical value.

The new preparation for the cure of catarrh has attracted much attention in the past few months and has met with great favour from the medical profession, not only because it is remarkably successful in the cure of catarrh, but also because it is not a secret patent medicine; any one using it knows just what he is taking into his system.

It is composed of blood root, which acts on the blood and mucous membrane, hydrastin for same purpose to clear the mucus from head and throat, and red gum of eucalyptus tree to destroy catarrhal germs in the blood.

All of these antiseptic remedies are combined in the form of a pleasant-tasting tablet or lozenge, and are sold by druggists, under name of Stuart's Catarrh Tablets, any many recent tests in chronic catarrh cases have established its merit beyond question.

Dr. Sebring states that he has discarded inhalers, sprays and washes, and depends entirely upon Stuart's Catarrh Tablets in treating nasal catarrh. He says: "I have had patients who had lost the sense of smell entirely, and whose hearing was also impaired from nasal catarrh, recover completely after a few weeks' use of Stuart's Catarrh Tablets. I have been equally successful with the remedy in catarrh of the throat and catarrh of stomach. I can only explain it on the principle that catarrh is a constitutional disease, and that the antiseptic properties in these tablets drives the catarrhal poison completely out of the system."

Dr. Odell says: "I have cured many cases of catarrh of stomach in past four months by the use of Stuart's Catarrh Tablets alone without the use of any other remedy and without dieting. The tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes and overcoming the continual hawking, coughing and expectorating, so disgusting and annoying to catarrh sufferers." 43 2 eod

Machinery For Sale.

2 hydraulic elevators, 12 foot lift.
Iron and wood pulleys.
68 feet 2 in. shafting with self-oiling hangers.

EGG MARKET NERVOUS

Prices Unchanged at Recent Decline—English Butter Cable Steady—Local Market is Well Supplied and Active.

BUTTER—Receipts this week have been very heavy for this time of year, but there is reason to suppose that they are coming out of reserve stocks in the country rather than from the churn. If this supposition is correct, receipts should soon begin to show evidence of it, and those for next month should be very small. Otherwise there will be lots of stock to supply the local demand, and unless exports are greater than at present. As a matter of fact, exports are good for this time of year, but not nearly heavy enough to waken the local demand up or advance prices.

In ten package lots and over, finest qualities can be had at 22c, possibly at 21 1-2c, while the best that grocers will pay is 22 1-2 to 23c, according to quality. Finest fresh rolls bring 17 to 18c, and dairies around 15c.

Private cables from England received this morning quote the market unchanged on Danish, at 113s f.o.b., Copenhagen.

EGGS—Receipts were thought to be lighter this morning, but prices were steady at yesterday's decline. There is still a certain amount of candling being done, as occasionally a customer is prepared to pay for selected fresh laid. As a general thing, however, the goods are put out as they are received. Straight receipts of this nature were sold at 30c this morning, but some lots have gone as low as 27 to 28c. At these figures dealers are too nervous to hold stock.

CHEESE—Nothing new is going on in the market, and so far as is known the activity of a week ago has entirely disappeared. Finest qualities are quoted at 10 to 10 1-4c, coloured having a slight preference over white. The Liverpool public cable still quotes 48s 6d to 49s 6d.

POULTRY.—Dealers are not seeing much poultry these days. Unfrozen stock sells as follows: Turkeys, 11 to 13c; chickens, 10 to 11c; ducks, 10 to 11c; geese, 8 to 9c; fowl, 7 to 8c. Good frozen stock is worth about 2c less, and poor grades are selling at anything they will bring.

POTATOES.—Car lots on track are selling at 87 to 90c a bag. Dealers are re-selling and delivering into warehouses from cars at 95c for 50 bags and upwards, and $1.00 for around 20 bags.

HONEY.—White, strained, in 5-lb. tins, 8½ to 9c per lb.; light comb, in 1-lb. sections, is valued at 11 to 12c; dark comb, 8½ to 9c; dark strained, 6 to 7c in kegs.

BEANS.—Dealers report no hand-picked offerings, primes being quoted at $1.30 on track and $1.45 a bushel in jobbing quantities.

MAPLE SYRUP.—Some ample syrup is being offered at 5 to 6c a pound in 70-lb. tins, sugar being valued at 9c.

Trade in Wheat Dull.

(From the Star's Special Correspondent on the Chicago Board of Trade.)

CHICAGO, February 20.—Wheat—Trade was dull, and holders, becoming discouraged, liquidated their lines. Indifferent cables, a slow cash demand and favourable crop conditions all helped to weaken speculative sentiment. The slump in stocks also had a depressing influence on the break. St. Louis was a buyer, but the demand was not urgent.

Corn—Speculative dulness and some hammering by local traders resulted in lower prices. Talk of increased country offerings stimulated bearish sentiment. Cables were higher, but cash bids from abroad were considerably out of line.

The following railways reporting yesterday gross earnings for the second week in February showed increases:

Canadian Pacific	$91,000
Chicago and Eastern Illinois	7,700
Mexican Central	43,737
Mexican National	8,875
Total increase four roads	$151,312
Increase previously reported	40,136
Total increase seven roads	$191,448
The following showed decreases:	
Denver and Rio Grande	$5,600
Hocking Valley	16,693
International and Great Northern	3,587
Iowa Central	990
Minneapolis and St. Louis	9,878
Missouri, Kansas and Texas	22,037
Texas and Pacific	5,126
Total decrease seven roads	$63,861
Net increase	$127,587

THE WHEAT MARKET WAS EASY TO-DAY

Wheat Production of Central Russia is Falling Off—Local Market is Dull and Without Change.

The Liverpool wheat market was weaker to-day, the closing being ¼d lower than last night, March at 6s 1¾d, and May at 6s 1⅝d, buyers. Antwerp was ⅛ up. No. 2 red winter closing at 17½. Paris was easier, February closing 10 down, at 20.95, May and August closing 20 down, at 22.00. London quoted No. 1 stand. Cala., psge., 30s; strs., January, 29s 9d; strs., Walla Walla, February and March, 29s 3d; strs., December, 29s 3d pd. net; Australian, psge., 30s 3d, strs.; February and March, 30s, strs.

Cold and damp in England, and fine in France.

Chicago was weaker to-day, May options being quoted, at noon, as follows: Wheat, ½c down, at 77⅝c; corn, ½c down, at 60¾c; oats, ⅜c down, at 43¼c.

A cable despatch from St. Petersburg reports that Conservatives and Pan-Slavists are enraged at Senator Polenoff for having gathered and having published statistics proving that during the past few years the wheat production of Central Russia has fallen off 40 per cent., and that 30,000,-000 inhabitants in that region have not enough bread for their own wants. The ultra-patriotic party asserts that such disclosures detract from Russia's international prestige.

LOCAL MARKET.—Trade only fair, but the market holds firm all the way around. Quotations were unchanged at 47½c, store, for No. 2 oats, holders asking 1 to 2c above this figure. Peas are quoted at 79c high freights. Buckwheat was quoted at 53½c east freights, C.P.R., and 51c G.T.R. Rye was quoted at 55c, high freights.

FLOUR.—Quotations in car loads on track are: Manitoba spring patents, $4 to $4.30; best strong bakers, $3.80 to $4; winter wheat patents, $3.75 to $4.10; straight rollers, $3.55 to $3.70; in bags, $1.72½ to $1.81½.

FEED.—The market is rather easier. Quotations in car lots on track: Manitoba bran, bags, $20; shorts, bags, $22; Ontario bran, in bulk, $19 to $20; shorts are scarce at $22 to $23 in bulk: middlings, $22 to $23; moullie, $23 to $30, according to quality.

ROLLED OATS.—The market seems to have become easier again, though prices in the west are reported firm. Quotations today were $4.95 to $5.05, in wood, and $2.40 to $2.42½ in bags.

HAY.—Quotations are easy at $9 to $10 for No. 1, $8.50 to $9.50 for No. 2, and $8 to $8.50 for clover and clover mixed.

TORONTO, Ont.—Wheat—Steady. On call red offered 74c, C.P.R. middle freights; 73c bid No. 2 white outside; No. 2 goose quoted 68c bid low freight to New York. Spring 73c for No. 2, and 72c No. 1 east. Manitoba steady. On call No. 1 hard offered 87c, North Bay. No. 1 northern quoted 84c, and No. 2 northern, 81c, Sarnia.

Flour—About steady. 90 per cent. patents sold $2.87, buyers' bags, middle freights. Choice brands held 15 to 20c higher. Manitoba steady. Hungarian patents, $4.20, and strong bakers', $4, car lots, bags included on track, Toronto.

Millfeed—Steady. Ontario shorts, $19, and bran $17 in bulk, middle freights. Manitoba steady. Shorts, $22, and bran $20, car lots, sacks included, Toronto freights.

Barley—Steady. No. 1, 56c. No. 3 extra, 52c, middle freights. On call No. 2 offered 55c, middle freights, and No. 3, 51c, low freights to New York.

Buckwheat—Steady. On call 53c bid, G. T.R. east, and 55c, low freights to New York, with 56c asked.

Rye—Steady. On call offered 60c Toronto, and 55½c, middle freights, with 55c bid.

Corn—Steady. Mixed, 56c bid west. On call 56½c bid, No. 2 yellow outside, with 57½c asked.

Oats—Steady. On call, 40½c bid No. 2 white outside. One car sold G.T.R. low freights to New York at 41c.

Oatmeal—Quiet. Cars of bags, $5.25, and barrels, $5.40 on track, Toronto, and 25c more for broken lots.

Peas—Steady. On call ten cars No. 2 white offered, high freights G.T.R. west, at 80c, and 79c bid.

Canadian Industrial Investments.

"THE ASHNOLA COAL COMPANY, Limited."

I have just received information that a 10 feet seam of bituminous coal underlying a 25 feet seam of lignite has been struck on this property.

In view of this discovery the prospects of the undertaking are greatly enhanced, and its security as a sound and profitable investment firmly established.

The shares are of the par value of $1.00, and are at present offered for 25 cents, but may be raised at any moment without further notice to 35 cents.

This is the most promising proposition ever placed before investors, and recommends itself to the most cautious and conservative.

Coal stocks are held in high estimation at the present time owing to the phenomenal success which has attended the most prominent enterprises in that particular industry. That this is a proposition fully equal to those already established is undoubted, and the opportunity afforded to the investor of thus taking hold of it at the initial stage is one which does not often present itself.

Further it is a Canadian industry, supported by Canadian capital, and officered by Canadian directors.

Full particulars, Engineer's Report, etc., given on application. Also my new publication, "Guide for Industrial Investors." Mailed free.

SUBURBAN NOTES.

A dance was given by the Lansdowne Social Club in Victoria Hall, Westmount, last evening.

The regular meeting of the Melville Literary and Debating Society of Westmount takes place this evening in Victoria Hall.

Rev. W. R. Harvey, of the Point St. Charles Congregational Church, will officiate at the hallelujah wedding to be celebrated this evening at the new Point St. Charles Hall, Rougemont street, when Mr. P. Marshall will be married to Miss L. Edwards. Major Turner will assist.

Mayor Dunlop presided at a special meeting of the Outremont Town Council, held last evening for the purpose of discussing the contract existing between the town and the Montreal Water and Power Company. The council was anxious to discover exactly what it had a right to exact from the company, and with this end in view the town solicitor was instructed to examine the contract carefully and report to the council. The annual account was also received from the Water Company. It was decided to petition the Government to establish a letter delivery system by carrier throughout the town.

The active exchange of real estate in Westmount during the past few months would point to quite a building boom next spring, said a well-known real estate man to a Star representative to-day. Never have there been so many people after houses in the town, and never have there been so few houses to let. All classes of houses are in very large demand, and on this account for the most part very good rents and satisfactory leases have been obtained. Then what will greatly add to the beauty of the streets is that the town council is arranging to have permission to prohibit anything but self-contained houses being erected on the principal streets. Besides, these are the houses that are most in demand, and apart from a few contractors, everyone will be well satisfied with the new by-law. The greatest amount of building will likely take place in the western portion of the town, but there will also be quite a good deal on the different cross streets.

NEW BRANCH.—At a meeting of the directors of the Provincial Bank held yesterday it was decided to open a branch at New Bedford, Que.

ADDED TO DIRECTORATE.—Mr. James Carruthers, the well known grain merchant, has been added to the board of directors of the Sovereign Bank of Canada.

Bronchitis and Lung Troubles.

Japanese Catarrh Cure cures the air passages, and heals throat and lungs. Being placed up the nostrils, where it dissolves slowly, its healing properties are spread through all the breathing organs, lungs, throat and bronchial tubes, every time you take a breath. It acts at the time applied, continuing until time for another application. It's always at work. 50c at Druggists. 42 1

IN AND AROUND THE CITY.

HAD SMALLPOX.—A woman living on upper St. Denis street was removed to the Civic Hospital Wednesday suffering from smallpox.

ENTERTAIN PRESIDENT.—Branch 26 of the C.M.B.A. of Canada will entertain the grand president and other grand officers on Wednesday evening, March 5.

GUSTAVE DORE—In the Academic Hall, Bleury street, this evening Mr. J. B. Legace, president of the Union Catholique, will deliver an illustrated lecture on "Gustave Dore."

VISITOR RETURNS HOME.—Mr. W. F. Leonard, of Leonard Bros., St. John, N. B., and Montreal, leaves for his home in New Brunswick to-night, after a three weeks' visit in Montreal.

ENTERTAINMENT.—The patients of Verdun Hospital were entertained last evening by a number of the members of the choir of Erskine Church. A programme of vocal and instrumental music was rendered.

RETURNED FROM OTTAWA.—Mrs. A. A. Wilson, Dorchester street, and Mrs. William Rodden, Greene avenue, have returned from Ottawa, where they were called by the death of their brother, Mr. Charles Robinson.

READY FOR VISITORS.—Mr. Pinoteau, corporation gardener at Lafontaine Park, invites citizens to call and visit the corporation hothouses at the park. The flowers and plants are now very beautiful and well worth seeing.

ARM INJURED.—A young man named Millar had his arm caught in a printing press while at work Wednesday at ten o'clock in La Presse office. He was taken to the General Hospital and received the necessary medical treatment.

CONSENTED TO ASSIGN.—B. Rosaire Magnan, doing business as a hardware dealer, under the name and style of Magnan Freres, has consented to assign, on demand of Pierre H. Dufresne, accountant, who has been appointed provisional guardian.

INJURIES PROVED FATAL.—Mrs. A. Ferguson, who fell downstairs at 50 Barre street, on the 10th of January, and sustained serious injury, died Wednesday at 10 o'clock in the General Hospital. The coroner has been notified, and an inquest will be held.

HOSPITAL FOR INSANE.—The report of the Protestant Hospital for the Insane for the week ending February 18th shows: Admissions, 6; deaths, 2. The visiting governors for the week commencing 24th inst. are Messrs. W. J. Buchanan, Jonathan Brown, W. F. Borland and Dr. Buller.

FIRST RENDITION IN AMERICA.—The first rendition in America of the oratorio of "Franciscus," by Edgar Tinel, will be given at the Monument National on the 18th of March next by the pupils in the free courses of Solfeggio, under the patronage of the Council of Arts and Manufactures. The event promises to be an important one.

PRESENTATION.—Mr. J. R. Donnelly, locomotive foreman of the Grand Trunk, left last evening to accept the position of superintendent of the mechanical and car department of the Cape Breton Railway Company. Before leaving he was presented with a bronze clock and handsome easy chair by his friends in the various departments of the shops.

TEMPLARS OF TEMPERANCE.—A meeting of the Grand Council of the Royal Templars of Temperance of the Province of Quebec will be held in the York Chambers, 2444a St. Catherine street, next Tuesday and Wednesday. A temperance meeting will also be held Tuesday evening in the lecture hall of Knox Church, which will be addressed by Rev. Dyson Hague, Rev. J. A. Gordon, Rev. J. W. Graham, and Rev. W. D. Reid.

RENTAL ON ROLLER.—The City of Montreal has entered an action in the Superior Court, through its attorneys, Messrs. Coyle and Tetrault, to recover the sum of $162 from the village of Delorimier, as rental for a roller used on the roads of that village.

ELECTED DIRECTORS.—At the annual meeting of the Dominion Burglary Guarantee Company, Limited, held yesterday, the following were elected directors: Messrs. Samuel Finley, Hon. A. W. Ogilvie, E. M. Fortier, F. W. Evans, B. Tooke, E. P. Heaton, W. Hanson. At a subsequent meeting of the directors Mr. S. Finley was elected president, and Hon. A. W. Ogilvie, vice-president.

CAMERA CLUB.—A very successful lecture was given at the rooms of the Montreal Camera Club on Tuesday evening, when Mr. Alex. B. J. Moore demonstrated to a large number of members the uses of gravura paper. At the close of the demonstration a hearty vote of thanks was passed to the lecturer with a request that he should give the members a similar evening at an early date.

ANNUAL MEETING.—At the annual meeting of the Canada Accident Assurance Company yesterday the following directors were elected: Hon. Alph. Desjardins, Messrs. R. Wilson-Smith, J. P. Cleghorn, S. H. Ewing, T. H. Hudson, Montreal; J. J. Kenny, and Hon. S. C. Wood, Toronto. Subsequently the directors met and Mr. R. Wilson-Smith and Hon. Alph. Desjardins were re-elected president and vice-president, respectively.

FINED FOR LOITERING.—In the Recorder's Court Wednesday there were several cases of loitering and driving vehicles without a license. James Clark, a hackman, was fined for loitering and driving without a pocket number. Fines were also imposed on the following for driving without a number: F. Graham, hackman; Joseph Renaud, carter; Ovila Laporte, driver; Victor Forget, driver; Joseph Desjaurier, driver, and Peter Donahue, dealer. Louis Dussault, dealer.

LITERARY SOCIETY.—At the monthly meeting of the Young Irishmen's Literary and Benefit Association held last evening, Mr. M. A. Phelan tendered his resignation as president. Mr. J. P. Cunningham was unanimously chosen to succeed him. The dramatic section will hold its annual entertainment on St. Patrick's night, when the well known drama, "The Colleen Bawn," will be produced. The entertainment will be given in the Victoria Rifles Armoury Hall if it is found impossible to obtain one of the up-town theatres.

NUMISMATIC AND ANTIQUARIAN SOCIETY.—The Numismatic and Antiquarian Society of Montreal held its annual meeting on Tuesday in the Chateau de Ramezay, under the presidency of Mr. Justice Baby. Among those present were Judge Sicotte, Mr. Emmanuel Ohlen, consul for Peru and Nicaragua; S. M. Baylis, C. T. Hart, James Reid, J. E. Bouchervile, Arthur Baby, J. X. Perrault, C. A. Harwood, R. W. McLachlan, secretary, and others. A resolution of regret and condolence with the family of the late Mr. James Ferrier was unanimously adopted and ordered to be sent to the relatives of the deceased. The minutes of the last meeting and the report of the officers showed that several valuable objects had been added to the collection in the museum of the Chateau. About fifty volumes were received during the year from the University of New York State, from Mr. W. T. Ritchie, Mr. Justice Ouimet and Mr. W. D. Lighthall, K.C. Three medals commemorating the visit of the Duke and Duchess of York were presented by Mr. R. W. McLachlan, and a rare coin by the Walkerville Brewing Company. A collection of military buttons, bullets and other military souvenirs, found on l'Ile aux Noix by the Indians, was also added to the collection during the year. Mr. Lewis Sharpe was appointed a director of the society to replace Mr. Rufus Elliott, who has removed from the city.

WILL GUARD CIVIC INTERESTS

Board of Chairmen Appoints Committee to Investigate Private Bills

AT QUEBEC AND OTTAWA

Claimed That There are Several Suspicious Measures Which Should be Investigated.

"We must certainly protect the city in every way against private bills, detrimental to the city's interests, which may be introduced at Ottawa and Quebec."

Such were the words of Ald. Laporte at the meeting of the Board of Chairmen yesterday afternoon.

The Board of Chairmen is composed of all the chairmen of the civic committees. The members of the board showed conclusively that they were going to do their utmost to put an end to the practice of private companies getting valuable civic franchises; procuring exemptions from taxation, and getting free from paying a fair share of street widenings, etc., by running to the Legislature at Quebec, and the Government at Ottawa. Already the Legislature have given to private companies right to tear up the streets of the city, lay pipes in them, string wires over them, etc., without saying "by your leave" to the city. The privileges thus given away are considered to be worth millions.

MANY NEW PRIVATE BILLS.

The president of the Board of Chairmen, Ald. Laporte, pointed out yesterday that there were several private bills now before the Legislature which would most probably effect the city's interests. Some of these bills were from the following parties: Provincial Heat, Light and Power Company, Shawinigan Company, Mutual Insurance Company, of Montreal, which wanted exemption from paying the city certain taxes. Also bills from the towns of St. Cunegonde, St. Henry, Westmount and St. Louis. There was also the bill from the proprietors on Notre Dame street east to make the city pay the whole of the Notre Dame street widening. A bill that also must be watched was one from the Montreal Terminal Company, which would come up at Ottawa and which asked for certain powers. What these powers were there was some haziness about.

STRANGE TREATMENT OF CITY.

"It is very strange," said Ald. Laporte, "the way the Provincial Legislature has of treating the city in regard to these private bills. For instance, I have not yet received the text of the Notre Dame street bill from the Legislature. This places the city in such a position that it does not know what it has to fight. I have scarcely any idea as to the other bills. This is not right. The Legislature, when it gets a private bill, which will affect the interests of this city, should take steps to notify the City Council. We are supposed to get prompt notice of all such bills; yet somehow we only hear of them at the very last moment—when there has already been a lot of lobbying done. Let me cite a case. Last year there was a bill before the Legislature affecting the city's interests in the most drastic way. It would have been an outrage to pass it. No word was sent to the city, and I heard of it by the merest chance two days before the House sat. I got a deputation hurriedly together, and after a long fight the city won—the bill was cast out. I mention this to show how absolutely necessary it is for us to watch these private bills. We must also ask the Legislature to give us prompt warning of all private bills affecting our interests."

THE NOTRE DAME STREET BILL.

Ald. Ekers—"Of course we shall send a deputation to Quebec to fight the bill, asking the city to pay the whole cost of the widening of Notre Dame street, East?"

Ald. Laporte—"It would be a disastrous thing for the city should this bill pass. By all means let us send a strong deputation to fight it. If this goes through it will mean we shall have a deluge of claims from proprietors to be relieved of paying their share of street improvements. The finances of the city would soon be in a bad way again."

Ald. Valliers—"Some steps should be taken at once so the Legislature will see the city, in the future, gets prompt notice of private bills. The deputation, going to Quebec, should see the Premier about the matter."

Al. Martineau—The Premier will be glad to do this I am sure.

It was then decided to appoint the following committee to watch the bills in question at Quebec: Ald. Carter, Lebeuf, Martineau, Laporte and the City Clerk and City Surveyor.

Ald. Laporte said the committee would try and get to Quebec as soon as possible, so the Premier could be seen and his sympathies enlisted for the city.

Ald. Carter—"The importance of fighting these bills cannot be magnified.

THE TERMINAL RAILWAY COMPANY.

The question was now taken up of the application of the Terminal Railway Company to operate electric cars in Montreal. This application was being made to the Government at Ottawa. "The trouble with this bill," said Ald. Laporte, "is that we do not know just what it means. Mr. Mullarkey, manager of the company, may only want the Government to ratify the contract the city gave him. We must see that he does not want enlarged powers. A deputation must also be sent to Ottawa to watch this bill. The city cannot be too careful."

One of the members now said that Mr. Mullarkey did not want the Government to pass an act which would make him keep to the by-law, passed by the corporation, as to the new lines in the city.

Ald. Martineau—"It must be remembered, too, that Mr. Mullarkey has not yet signed the contract he has got from the city."

Ald. Valliers—"Mr. Mullarkey stated to me that he would sign the contract as soon as the Government approved of the by-law the city had given him. There would be no use in signing it till this was done. Moreover, Mr. Mullarkey stated that he was not trying, before the Government, to get out of any of the clauses of this by-law."

Ald. Ekers pointed out it would be a very wise thing to appoint a special committee to go to Ottawa and find out all about this bill. The suggestion met instant approval and the following committee was appointed: Ald. Martineau and Mr. Ethier and Atwater, city attorneys.

Twelve Years of Awful Pile Pain.

A. E. Auringer, Braidwood, Ills., says: "After suffering untold agony for over 12 years from both forms of piles, and trying all sorts of pile remedies without relief, I am completely cured by Pyramid Pile Cure." Sold by all druggists, 50 cents a box. Book, "Piles, Causes and Cure," mailed free. Pyramid Drug Co., Marshall, Mich. 41 3 eod

PROCEEDED TO THE FORMATION OF SUB-COMMITTEES

Question of Transfer of Stalls Also Engaged Attention of Market Committee Yesterday.

The Market Committee held a short meeting yesterday afternoon, when the principal question discussed was the application of Mr. Nicholson to be permitted to transfer his stalls, A. & B. in the Bonsecours market, to the Harris Abattoir Company.

Ald. Chausse, chairman of the committee, called attention to the motion of 4th December, which had unanimously been adopted, to the effect that the clerks of the different markets be instructed to inform tenants that in view of abuses and speculations which had occurred, transfers were to be discontinued.

"After discussion it was decided to rescind the effect of this resolution, and in future when proper reasons are advanced to the committee transfers may be made, as in the case of Mr. Nicholson, a sine qua non being that the first tenant be held responsible for the lease of the stall until the expiration of his lease, that is to say until the first of May each year.

Permission was given to Mr. J. Guerin, one of the Provincial Government colonization agents, to use St. Jean Baptiste Market hall for lecture purposes.

The formation of the sub-committees was then proceeded with as follows:

St. James Market—Aldermen Chausse, Lamarche and Couture.

St. Jean Baptiste—St. Lawrence and St. Denis scales—Aldermen Chausse, Couture and Lapointe.

Western Abattoirs—St. Antoine and St. Gabriel—Aldermen Lapointe and Walsh.

Death of Mr. Robert Duncan.

Mr. Robert Duncan, who founded the Great Western lock and gun store thirty-six years ago, died last evening at his residence, 44 Inspector street, after a long illness. Mr. Duncan, who was a native of Newtownstewart, county Tyrone, Ireland, was 57 years of age, and came to Montreal in 1865. He was a Fenian Raid veteran. Besides his widow, three sons—Robert, David and Samuel Duncan, who live in Montreal—survive. The funeral will take place Saturday at 2 o'clock.

MAY REDUCE THE ENTRANCE FEE

Board of Trade May Take Such Steps to Augment Membership

DISCUSSED IN THE COUNCIL

A Schedule of Rentals for Board's New Building is Being Prepared.

The question of whether it would be best to temporarily reduce the entrance fee in order to induce new members to enter the Board of Trade, is one which came up before the Council yesterday. Memberships in the Board of Trade are traded in privately at practically all figures, ranging from ten to seventy-five dollars, the original fee is one hundred, however, and this is the amount which must be paid for a membership, provided the same is purchased direct from the Board.

A reduction in the entrance fee can only be effected by an amendment of the by-law governing same, and this amendment can only be made at a general meeting of the Board.

The Council asked the president to mention the matter at to-day's general meeting, with a view to obtaining an expression of opinion thereon.

RENTAL OF THE NEW BUILDING.

The president announced that the executive committee had been engaged lately in formulating a schedule of rentals for the Board's new building, and said that he hoped to be able to submit the same at the next meeting of the Council. He added that the reason for thus early considering this matter was that several of the Board's old tenants were anxious to now make arrangements for their return as soon as the building was opened.

Mr. Arthur J. Hodgson, first vice-president, took his seat for the first time this year, having been confined to the house as the result of a severe operation, and received a hearty welcome from the meeting.

Fates Rendered Double Service.

Joseph Moore may thank a fall downstairs for his freedom to-day. He was in a decidedly intoxicated condition yesterday afternoon, and a constable found him at the foot of a long flight of stairs. He was arrested on a charge of drunkenness and taken to the central station where a doctor examined him. It was found that he had suffered no injuries whatever from his fall. "There seems to be a kind Providence watching over such men as you who get drunk," said Mr. Recorder Weir to-day, "and, as the fates have been kind to you, I am disposed to follow in their lead. You can go."

MADAME HUOT'S COFFEE

Is a blend of the finest coffees grown, totally different from all others, so vastly superior. It is pure, creamy, delicious. Sold in 1 lb. and 2 lbs tins only, at 40c and 75c. 197eod

YEAR'S WORK BEAT PREVIOUS RECORDS

What Diocesan Woman's Auxiliary Accomplished in 1901.

MISSIONARY TO JAPAN RESIGNS

Rev. I. Stringer Tells of Eighty-one Day's Sojourn on a Whaler.

At the afternoon session of the Diocesan Woman's Auxiliary, yesterday, it was announced that Miss Jennie Smith, the society's medical missionary in Japan, was compelled to relinquish work through ill-health.

A letter from the Rev. Mr. Marsh, missionary at Hay River, in the diocese of Mackenzie River, was read, descriptive of his work among the Indians, and of the success which was attending Anglican missionary labours in that far-off field.

The Rev. I. Stringer gave an account of his journey from Herschell Island to San Francisco, a trip that lasted from June 16 to November 5, and which involved an eighty-one days' sojourn on a whaler.

Miss McCord reported on the work accomplished by the Auxiliary during the year. Altogether 2736 new articles, 1565 second-hand and 549 miscellaneous things were sent, including 151 quilts, 25 blankets, 236 pairs of socks and stockings, 189 mittens, and 279 yards of uncut material. This, it was said, was the best year's result yet recorded. The value of the bales was $1,385.76, which brought up the total contributions of the Woman's Auxiliary, to missions, for the year, to $5,138.10.

THE TREASURER'S STATEMENT.

The treasurer's statement was read by Mrs. Marling. The following grants were then made:

Thank-offering of........	$166.70
Zenana Bible woman........	30.00
Special appeal diocese of Calgary..	25.00
Rev. I. Stringer........	61.70
The Diocesan Mission Fund.	50.00

The amount of $113.01, refunded by the Government from freight on bales for the Indians, were assigned as follows:

Dorcas secretary for freight........	$23.00
Diocese of Arthabaska for the support of a child in Archdeacon Holmes' Home........	35.00
Diocese of Rupert's Land for support of a nurse in the Dynevor Hospital........	55.00

Sixty-one dollars and ninety-five cents came from unexpended balances of the branches and was devoted to the literature committee, $10, a special diocesan fund for the family of clergymen in distress from sickness or any other unusual cause.

During the afternoon addresses were delivered by the Archbishop, and the Rev. Canon Ker. The Rev. Mr. Stringer addressed a children's meeting on life among the Eskimo.

Special Colonist Trains.

The Canadian Pacific intends running special colonist trains to the Canadian North-West with free sleeping and cooking cars. The first special leaves on the 4th of next month.

Investigated Husband's Conduct.

Eleanor Laforce appeared before Mr. Recorder Weir to-day on a charge of being found on the street dressed in male attire. She had a young child in her arms, and when she told her pitiful story there was universal sympathy in the court room for her. She said she had been troubled much by the conduct of her husband, and she had resolved to find out just where he spent his time and the money which should be used for the support of herself and child. She suspected a certain house, and she put on some of her husband's clothes in order to gain admission. She was successful in her undertaking, but a constable met her on the street and placed her under arrest. His Honour said that he was sorry for her and dismissed the case.

A report that Lord Dundonald, the cavalry leader who led the British forces into Ladysmith, will succeed Major-General O'Grady-Haly in Canada is denied.

Iroquois Chief's Funeral.

The funeral of Joseph Sky, chief of the Iroquois, of Caughnawaga, took place yesterday under the auspices of St. Jean Baptiste Society. Father Forbes, the chaplain of the reserve, who officiated at the mass, walked in front of the procession, followed by the choristers. The braves marched in procession and sang the old death songs of their tribe. The women followed with their shawls drawn about their heads. Miss Jaques, a blind Indian girl, presided at the organ, and a most impressive ceremony took place at the church. Orations were delivered at the grave by other chiefs. The lying in state of the dead chief was a most impressive affair. The braves gathered around, smoked their pipes, and told stories of the prowess of the deceased, and recalled the early history of the tribe.

WILL SEE ALLAN.—Detective Carpenter goes to Toronto to-night to see Lew Allan, the crook, who comes up for sentence to-morrow, after conviction, for sneak-thieving. Mr. Carpenter thinks that Allan can give some information regarding a number of sneak robberies which took place here, hence his trip to Toronto.

Children Cry for CASTORIA.

The Daily Star.

WERE THEY PATRIOTS?

There have been those ready to say, when the young enthusiasm of Canada besieged the recruiting officers and literally begged places on the Contingents, that this was but the out-letting of a spirit of adventure; and that it gave no evidence of a deep and wide-spread patriotic feeling among the people. So superficial and cynical a reading of the universal rising of Canada to the help of the Motherland, will excite only the scorn of the men of to-day who felt the irresistable movement of the nation under the sting of that trying occasion.

But his cynicism has been put in enduring print, and will be read, doubtless, by generations to come; and where are they to get their answer?

They did not live in Canada when Kruger's ultimatum came. They could not hear what our people were saying when there was talk of European coalition against the Empire. They did not feel our anxiety when Buller was beaten back at the Tugela, or our exultation when his advance guard rode into Ladysmith. They would know nothing of our spirit during the war; and they would know that it is ever the instinct of lusty youth to seek adventure.

So the cynicism might find credence.

A generation might arise who would be tempted to believe that our dead at Paardeberg were but sportsmen killed by the human quarry they hunted.

And would we—the stay-at-homes—be in a position to blame them for this, if they should find nowhere any adequate memorial of these heroes who journeyed half-way round the world to meet death under the flag? Would they not be justified in saying—"If there had been much patriotic spirit abroad, would not the people have filled the land with splendid monuments to such magnificent patriotism?"

But if they find some petty thing raised in pitiful commemoration, are they not almost certain to infer that this was but a perfunctory deed which the community reluctantly did because they could do no less, and that this made it quite certain that it was love of adventure and not patriotism which, at that time, drew many of the finest young men of the Dominion into the service of the Empire? Of course, they will have only to read history to find a far different record; but are we entirely certain which they will credit? And if they do believe in the heroism of our young soldiers, what, in such a case, would they think of us?

For the stainless honour of our dead, we must begin here in Montreal with a worthy monument. There must never be the slightest opportunity to question what contemporary Canada thought of their sacrifice. And the representative and popular character of the subscription list—the honour roll of "those who do not forget"—should stamp the effect as a citizens' movement, commanding the eager support of the entire community.

This is a case in which names are almost better than dollars; for if we have the names of all for what they can afford, no one need worry about the dollars.

It should be a universal testimony of what the whole people think of the men who marched out with Canada's honour in their keeping; and who, though many of them will never come back with it in living hands, still guarded it for us and gave it a new lustre and a higher place.

They are going to try a referendum in Manitoba as well as in Ontario on the liquor question. A referendum like a plebiscite is practically neither more nor less than a device for enabling a Government to dodge responsibility for legislation. Theoretically, the difference between a referendum and a plebiscite is about the same as asking a man if he will have a glass of beer and asking him what he is going to have. In the referendum you define the drink and say to the people "Take it or leave it" with a little emphasis on the "leave." In the plebiscite you pretend to consult the popular taste.

The city of New York shows more reluctance to abandon the horse car than any other place in the country. There are still 119 miles of horse car line in New York, and only 107 miles in all the rest of the United States. It has experimented with several other means of getting passengers' money, too, from the elevated railway to compressed air motors. Perhaps the franchise owners are holding out for a bigger price.

All the official proceedings in connection with the visit of Prince Henry to the United States are to be in English, and the idea of having German addresses is laid to one side. Well, the Prince understands English, and it is the language of the country he is visiting. As the hardy husbandman said when offered mashed potatoes by the waiter at the city hotel, "No; we has lots of that home."

ARTS MEN AND FAIR DONALDAS GO A-SLEIGHING AROUND THE MOUNTAIN

A Debate on Friday Evening and An Interesting Meeting of McGill Medical Society.

On Friday evening, February 21, the McGill Literary Society, of Undergraduates will meet in the Art's Building at eight o'clock for the election of officers for the session of 1902-03. An inter-faculty debate between arts and law has also been arranged for the same evening on the following subject: "Resolved that a system of old-age pensions should be adopted by civilized States." The Faculty of Arts will defend the affirmative and the Faculty of Law the Negative. Messrs. Verner Love-lace Plant, Arts, '02, and Talbot Papineau, Arts '04, representing the former, and Messrs. Pope and Phelan, Law '04, the latter.

The McGill Medical Society of Undergraduates will hold their regular meeting Friday night, February 21, in the new lecture theatre of the Medical Building. Four papers will be read as follows: "Pain and its significance in phagnosis," by J. A. E. Campbell, B. A., '02; "On Christian Science," by C. W. Anderson, B. A., '03; "Sketches from the Lives of Some Great English Physicians," by J. A. Nutter, B. A., '04, and "A trip to Trocadie Lazaretto," by F. P. Yorston, '04.

The graduating year of the Faculty of Arts, and the Royal Victoria College indulged in a sleigh-drive around the Two Mountains last night. The large "Kingfisher" had been chartered for the occasion and into this packed some thirty fair Donaldas and as many Art's men.

"NIBBLERS."

Not the Proper Way to Take Food.

Clerks in grocery stores are apt to nibble at this and that article of food, and if they are not careful acquire a "case of stomach." This was the case with L. Shoemaker, Arctic, Ind.

"While I was clerking in a grocery store it was difficult to resist the temptation to eat a little of this and that; a bit of candy, some fruit or crackers, and one thing and another. After about a year I had serious stomach trouble and had run down to 91 pounds, was pale and sallow and poor as a snake. I could sleep but little at night and my distress was terrible.

Finally I was compelled to give up my position and take treatment for my health. I heard of Grape-Nuts Breakfast Food and began to use it regularly. I soon began to recover both health and strength, until at the end of about three months' steady use I was so fat and well that I was weighed and found I weighed 160 pounds, which was a gain of 69 pounds in that time. This may sound a little fishy, but it is the plain truth and can be verified by any one who cares to enquire of my friends who know the facts." 43 1

A TRUNK FULL OF JEWELLERY

This Is What George Savage, Coloured Bell Boy Is Accused of Stealing

VALUE OF ARTICLES IS $10,000

Arrest Made Yesterday, But Prisoner Will Say Nothing About Robbery.

George Savage, a coloured bell boy, who for years worked at the Portland Hotel, Portland, Oregon, was arrested yesterday afternoon by Detectives Lamouche and Riopel, while walking on St. James street, and a few hours later a woman, named Frankie Thomas, known as the wife of Savage, was captured in a boarding house, on Bisson street. The charge made is that Savage stole a trunk containing about $10,000 worth of jewellery and the woman is held as his accomplice.

The theft is alleged to have taken place in Portland, on November 17, of last year. F. Lowenthal, a New York travelling jeweller, was staying at the Portland hotel, and during the evening he had occasion to leave the building for a short time. When he got back he found that the jewellery was gone. He put the case in the hands of the Jewellers' Protective Union and they, in turn, placed the matter in the hands of the Pinkerton Detective Agency.

CIRCULARS SENT BROADCAST.

Circulars were sent broadcast throughout the continent, and investigation was immediately commenced. Savage and another bellboy at the same hotel were under suspicion, but Savage left Portland before sufficient evidence to warrant an arrest could be secured. In the meantime a coloured woman named True Johnston, and a man named Harry Woods were arrested in Omaha, Neb., while attempting to dispose of a portion of the goods. The woman made a confession to the Pinkerton Superintendent and implicated Frankie Thomas, known as Mrs. Savage and Mrs. West. Warrants were then secured for the arrest of Savage and the woman.

TRAVELLED IN SOUTHERN STATES.

After leaving Portland, Savage and the woman travelled through the Southern States and the territory surrounding Hot Springs, but their movements were secluded. Investigating at Hot Springs, it developed that Savage and the woman had apparently left for Canada, and the Montreal office of the Pinkerton agency received instructions to take up the matter.

Superintendent Goodwin saw Chief Carpenter, and, after giving particulars of the case, asked for the assistance of the local detectives. This was given with the result now known.

At Police Headquarters Savage admitted his identity, but refused to say anything about the robbery. Both prisoners will be held until extradition papers are made out to enable the authorities to take the man and woman to Portland.

WILL BE EXTRADITED.

He was brought before Judge Lafontaine to-day and remanded for eight days in order to allow extradition proceedings to be taken.

Chief Carpenter has received a wire from Chief of Police McLaughlan, of Portland, asking that Savage be held until the usual proceedings can be undertaken.

Savage and his wife spent the night at Police Headquarters and when asked this morning how he felt the man replied "fine." Savage is a well built negro and looks to be a pretty strong specimen of his race. He bears a scar across his nose, the result of a shotgun explosion, which occured when he was about eight years of age at his home in Colorado.

He takes his arrest keenly, but his wife holds up well and does her best to cheer up her partner. Savage is anxious to return to Portland and have the matter over as soon as possible.

This is not his first trip to Montreal. He came here about eight years ago with a couple of horses to a race meet at Bel-Air. He has travelled extensively, but mostly throughout the west. When the pair left Portland they made for Hot Springs and spent some four weeks there. Savage says that Hot Springs is a salubrious place, but added that they did altogether "too much shooting" there; eleven men were put under cover during his stay at this winter resort. However, he expressed a great deal of admiration for the Sheriff, "Joe" who is a handy man with a gun. Savage was asked if he was ever shot at and said that it happened once but was an "accident," and was long ago.

WANTS TO GET AWAY.

"Bat" Masterson, the famous sheriff of that name, who has a record of seventeen killings in one year, is staying at Hot Springs, and is looking after a lot of horses, while Hot Springs bears an unpleasant reputation, Savage says that is all right provided one remains quiet.

While in Portland Savage was engaged in various occupations, bell-boy, porter in a barber shop, and ran a dice game, being good at "craps." He saved money, but his wife took sick and it was necessary to perform an operation on her and this broke him up. "I was straight before then" he added in telling his story. He does not want to say anything about the robbery, beyond his expressed desire to get out of here as soon as possible.

The woman has rather pleasant features and is most affectionate towards her partner. She is now engaged in doing some little needlework to keep her mind free, as she says.

THE 24TH ANNIVERSARY OF ELEVATION OF PONTIFF TO CHAIR OF ST. PETER

Special Prayers Will be Said in Roman Catholic Churches All Over the World.

Special prayers will be offered at mass and at evening prayers in all the Roman Catholic churches to-day for Pope Leo XIII., on the occasion of the twenty-fourth anniversary of his elevation to the See of St. Peter. Should he live for two years longer, His Holiness will have occupied the throne for the same length as the first Pope, St. Peter himself. Pius IX., however, occupied the Apostolic See for thirty-one years, while Gregory IX. was ninety-four years of age at the time of his death, and the venerable pontiff who now occupies the throne will be ninety-two years old on March 2. Throughout the whole world to-day prayers will be offered for the preservation of the aged and beloved Supreme Pontiff.

WARLIKE SPEECH IN THE HOUSE

Mr. Gourley Is Ready to Fight Rather Than Give Concessions

TO THE UNITED STATES

Mr. Bourassa Asks for Some Correspondence and a Lively Debate Follows.

(Staff Correspondent of the Star.)

PRESS GALLERY, HOUSE OF COMMONS, OTTAWA, February 20.—Yesterday was Bourassa Day in the House. There was much talk as a consequence, talk of war even, but here was nothing serious about all this. Mr. Bourassa moved for the correspondence relating to the Clayton Bulwer Treaty and the Alaskan Boundary, and was refused by the Premier on the ground that the boundary question was still the subject of negotiations. He was willing to compromise on the Clayton-Bulwer papers, but the Premier said they could not be separated, which is an indication that representations were made in regard to the Alaskan Boundary at the time the abrogation of the Clayton-Bulwer Treaty was being negotiated. Mr. Bourassa made a vigorous protest against Canada's rights being thus set aside and put it that either the Canadian Government had failed in its duty or the British Government had deliberately ignored Canada's interests and left it to the Government to say which was to blame.

Sir Wilfrid Laurier rebuked Mr. Bourassa for his speech, and announced that both the Canadian and British Governments were taking the question up.

After suggestions had been made by Mr. Borden and Mr. Monk, that the Clayton-Bulwer portion of the correspondence might be produced, Mr. Gourley's patriotic soul defined itself and he protested against the surrender of British diplomacy at the expense of Canada in the past.

He also convicted the British House of Commons of imbecility according to his diagnosis and declared himself ready to accept war rather than surrender one foot of Canadian soil.

He also offered to take his wife and family into the trenches and stay there for two years, whereat there was laughter and applause mingled, which punctuated all of Mr. Gourley's speech.

Mr. Bourassa withdrew his motion, and no one taking the proposed war very seriously, the House shortly afterwards adjourned.

MR. BOURASSA'S MOTION.

Mr. Bourassa moved for an address for copies of all papers and correspondence exchanged between the Canadian and British authorities, in relation to the repeal of the Clayton-Bulwer Treaty and the settlement of the Alaskan Boundary.

Sir Wilfrid asked that he should not press the motion as he had already stated that the negotiations were still in progress.

Mr. Bourassa asked if it would not be possible to bring down the papers relating to the repeal of the Clayton-Bulwer Treaty.

Sir Wilfrid Laurier — I am afraid they cannot be separated, which is equivalent to a statement that the Canadian Government had made representations in regard to the bearing of the Alaskan Boundary question on the Clayton-Bulwer Treaty negotiations, but the point was not noticed in the discussion that followed.

Sir Wilfrid again suggested that Mr. Bourassa withdraw his motion, otherwise the Government would be forced to negative it.

Mr. Bourassa asked before he withdrew if the Premier would undertake to make a further statement during the session explaining the situation, but Sir Wilfrid replied that that depended on what turn the negotiations might take. If there was a definite conclusion of the negotiating either one way or the other or if such progress were made as justified it he would make such a statement.

Mr. Bourassa then said that he would not withdraw the motion until he had again stated that the country expected some statement, not so much with regard to the settlemen of the Alaskan Boundary, for that appeared to be farther away than ever, but rather an exposition of the reasons by which the British Government consented to the repeal of the Clayton-Bulwer Treaty without any effort being made to secure any settlement of the Alaskan Boundary question.

He then delivered a somewhat strongly worded speech of protest against what he believed to be a sacrifice of Canada's rights, and said the blame either lay with the Canadian Government which had not availed itself of the opportunity or with the British Government which had deliberately chosen to give away its rights in the Panama Canal without obtaining any recognition of Canada's rights in Alaska or reference even of the points in dispute to arbitration. He left one of the other to bear the onus. When they had a most favourable occasion, and the last of the sort that would occur, to ask the United States in return for the sacrifice of Britain's acknowledged rights in the canal, to make a sacrifice by referring its contentions in regard to Alaska to arbitration, it did not appear that the authorities made even a simple effort to have the interpretation of the existing treaty determined by a judicial tribunal. The situation was most unfair to Canada.

** ** **

He was not in favour of Canada asking favours of Great Britain, but of taking her own risks. Still under a Government that declared its love for its colonies was such that no sacrifice was too great and a Government in Canada that declared that Canada could not do too much for the mother country, when it was only a question of having Canada's rights in the matter in dispute submitted to arbitration, the least that we could expect would be that Canada would at least be treated as a foreign nation would be treated.

Had it come to this that the British Government would not even make an effort to secure our acknowledged rights? It had been stated time after time in the United States press that the only obstacle in the way of the abrogation of the Clayton-Bulwer treaty was the refusal of Canada to consent to it unless the Alaskan boundary question were referred to arbitration. The question was, had Canada given way and consented to sacrifice our rights, or had the British Government sacrificed the treaty without consulting the Canadian Government?

Mr. Bourassa said that the Joint High Commission had sat for six months, and in it were six Canadian plenipotentiaries and one representative of the British Government, who was sent to lend the influence and prestige of the British Empire so that they might secure a settlement on a fair basis. He was not able to say how far the negotiations progressed.

Mr. Cochrane—"We all know that."

Mr. Bourassa said that it was not fair to assume that as there were sixteen questions to adjust a basis of agreement might have been reached on several. The Premier had stated that the Alaskan boundary was the rock on which they split, and it was not fair to assume that no work had been done though a treaty was not reached. Of the Canadian Commissioners, Sir Louis Davies spent two months in London after the Commission ceased sitting, and he had been frank enough to confess that he had to spend months in England in order to convince Mr. Chamberlain's officials that they ought to take sides with Canada, and not with the United States. It was an unfortunate statement, but, perhaps, it was just as well it was made, that they might know where they stood. He went on to say that compliments and fair words had been lavished on Canada in after dinner speeches, and in the press, but all the time the British officials had been siding with a foreign country which was our opponent. They knew this from the admission of the representative of the British Government, and now they knew it by the practical test of the abrogation of the treaty without our interests in any way being conserved. He again quoted the articles of Hon. David Mills, said that Canada had been given compliments, but not acts. He did not blame the Government for withholding the papers. Still the question was when would the negotiations be closed. It was not in the interests of the United States to resume them, for she was in possession of Canadian territory, nor of the British Government, for in this case, like providence, she would side with the big battalions. (Laughter and applause.) They might be sure they would never see the correspondence. They should have the love of the Empire for the colonies expressed not only in the newspapers, but also in a practical way.

** ** **

SIR WILFRID LAURIER.

Sir Wilfrid Laurier—"I will not be drawn into a discussion at this moment of the question that is involved not in the motion, but in the speech of Mr. Bourassa. If he is not satisfied with the condition of the negotiations which have not resulted in a treaty in regard to the Alaskan boundary, and which have resulted in an arrangement in regard to the Clayton-Bulwer treaty, he is quite within his rights in bringing in any motion he pleases of censure on the British or Canadian Government, but on the question of the production of papers, what I have told him about the papers, I repeat that the papers cannot be brought down for the simple and obvious reason that the negotiations are still pending. The speech, to say the least, is out of place. I am not more than he an admirer of British policy in the continent of America. We have heard it before, and for my part I am sorry to say that in many cases Canadians have believed that they have not got their fair due in the past perhaps, but while I make no bones at all about this and while I am quite free to give my own opinion on this question, I hope we have not come to this that we want Great Britain to go to war with the United States if, it may be, negotiations are continued a little longer than we wish them to be on a matter of long pending difficulty. We want to preserve good relations with our friends and neighbours to the south of us, even though on some occasions our patience is sorely tried. I am sure that Mr. Bourassa would be the last man to suggest that the British Government should act like Mr. Kruger and send an ultimatum to the United States. We want to exhaust all means of finding a solution of our difficulties and we do not want to have difficulties with our neighbours. I believe the House will agree with me that we will do better to wait for a few months, or, if need be, one or two years, and try to secure a peaceable settlement of that long-pending question. I am sorry that matters have been so long delayed as they have been, but at all events it is preferable, and I think I am speaking the sense of the House when I say that we should endeavour to have a practical and peaceable solution of this difficulty. The negotiations are still pending. I hope that before the House rises I may make a statement to the House on the question, because I may say that the question has been engaging the attention of the British Government and of the Canadian Government as well."

** ** **

THE OPPOSITION LEADER.

Mr. Borden said that so far as it was necessary to preserve friendly relations with the United States, no one could find fault with what the Premier said, but that settlement of the boundary might be postponed for an indefinite period.

The Government has been dealing with the question for some three or four years now, and since that time last year the Premier informs us that not the slightest progress has been made. This position of affairs may continue for ten, fifteen or twenty years. During the whole of that time, as has been pointed out, the people of the United States are in occupation of territory which we think belongs to Canada, and the simple question is whether or not during all the time that this matter may remain unsettled, without negotiations really being continued at all, are we to be kept out of possession of the papers relating to the Clayton-Bulwer treaty? This is an extraordinary condition of affairs. I do not fully sympathize with everything that Mr. Bourassa has said here to-day, but I do see a great deal of force in the suggestion which he has made. Suppose that negotiations are nominally continued but nothing is done from year to year, during all this doubtful future period are we to be kept out of the papers relating to a treaty which has been abrogated and relating to a transaction which has been closed? He suggested eliminating the portions relating to the Alaskan boundary and bringing down the correspondence.

Mr. Monk suggested eliminating that portion of the motion relating to the Alaskan boundary, but Mr. Bourassa declined to do so.

** ** **

MR. GOURLEY MAKES A WARLIKE SPEECH

He Scores the Imperial Legislators and Says That Canadians Would Fight U. S. on Short Notice.

Mr. Gourley, Colchester, declared that Mr. Bourassa had on many occasions stabbed him to the heart in common with many right-thinking Loyal Britons, but he agreed with Mr. Bourassa that the boundary question must be treated during the session in a substantial manner. "It is," he said, "the most important subject that is to-day before the people. I was glad to hear the Prime Minister criticise the course of the English Government. I am an Imperialist of the strictest sect of the Imperialists. There is enough loyalty and national feeling in this country to have carried us safely over those disastrous negotiations which we have always had with the United States. But we have always found ourselves in the position that the British Government has sold out the interests of the people of Canada for what they supposed to be Imperial interests. I say that it would have paid the Empire a thousand times to have fought the question out, and I can say that, as a Canadian, knowing well that the field of battle would have been on Canadian soil, but, sir, I will go into the trenches and take my wife and family with me and stay there for two years, if need be, to fight for the rights of Canada. (Laughter and cheers.) I would stay in the trenches to fight the men who refuse to treat the people of Canada honestly. The day has gone by, I hope, when there is not a cowardly Canadian on the soil of this country. The older men of the House may fear war, but I think that the younger breed of this country are not frightened of war; I will face the problem of war to-morrow rather than feel my spirits crushed by cowardly concessions. The spirit of manhood is more to me than cowardly concessions for the sake of peace. From 1830 to the day of Fashoda we had nothing all over the world but a series of the most disastrous humiliations, and it got so that no true Englishman dared take up his paper without fearing to read of cowardly concessions in some quarter of the world that would make him blush.

"Old Gladstone gave away the whole Empire of Africa. We would have had every square mile if his Government had not been cowards. It is time for this House to speak out. I claim that hereafter we in Canada will have as much right to discuss the foreign policy of England as has the men gathered in the House of Commons in England.

"What right have these people gathered about the steps of the throne, any more to say than we have here in the discussion of the foreign policy of England. I trust that in ten years the House of Commons of Africa, of Australia and of Canada will, together, control the little blockheads that sit in the great hall of St. Stephen's when they go wrong. I heard a story a few days ago explaining why it was that we had such stupidity in the Commons of England. They say men are examined over there before they are nominated, to see that incipient imbecility is thoroughly well established, and unless it is they cannot be elected. I claim for the House of Commons of Canada a more intelligent grasp of foreign affairs affecting the Empire than they have in England to-day. What we want now is a full discussion in this House so that this ministry will know that the time has come when, if they sacrifice one foot of Canadian soil we will hang them as high as Haman. If it is necessary to fight the Yankees we will fight them within 24 hours and after six months we will capture their capital and annex their country to Canada."

Mr. Bourassa then withdrew his motion and shortly after the House adjourned.

** ** **

Mr. Bourassa also provoked an interesting discussion by moving for copies of all correspondence relating to the embargo on Canadian cattle in England.

Mr. Fisher said there was little correspondence, but when he was in England in the summer he had many personal interviews on the subject with the Minister of Agriculture and the Secretary of State for the Colonies. He laid before them the facts, but was met by the reply that the question was now one of law and not one that might be dealt with by the Department by Order-in-Council.

They did not think they could amend the law. They admitted Canadian cattle were free from disease. Mr. Hanbury afterwards admitted this publicly, but it was argued that if disease should again break out and the law were repealed they could not reimpose the schedule without more demoralization to the trade than keeping the law in force. The exclusion seemed to have been adopted as a definite policy—as a policy of protection.

Mr. Bourassa called on the House to protest and not remain under the unjust imputation that our cattle were diseased. Scotch breeders wanted to get Canadian cattle to improve their stock, and with the characteristic of the race they would keep on hammering. If it were a protective policy the Government should be made to openly avow it.

Mr. Henderson criticized Mr. Fisher for having said in his speeches in Great Britain that Canada did not want any preference when his object was to obtain a preference for our cattle. The motion for papers was adopted.

McB.

THE UPPER CHAMBER.

Debate on the Address Was Adopted on Wednesday.

(Special to the Star.)

OTTAWA, February 20. — In the Senate yesterday the debate on the address was closed, and the address in reply to the speech from the throne adopted without a division. The speakers were Hon. Messrs. McCallum, Casgrain, (De Lanaudiere), Perley, who made a strong plea for further transportation facilities from the North-West; Clemow, McDonald (C.B.), Primrose, Robertson and MacDonald (P.E.I.)

Senator Wark is 98 years old yesterday. The Liberal Senators sent him a telegram of hearty congratulations and wishing him many returns of the day. Senator Wark's home is at Fredericton. The aged Senator replied, thanking them for their good wishes, stating that he was well and hoped to be in Ottawa soon.

Special Notice.

A large number of Pianos and Organs by the following makers: Behr Bros., Steinway, Evans Bros., Craig Bros., Williams, Whaley Royce, Fischer, Kranich, Bach & Co., Haden & Son, Morris, Owen & Frauter, Doherty, Dominion, Uxbridge, Kilgour, Woods, Mason & Hamlin, Barnett & Samuel, etc., etc. These instruments must all be sold, regardless of cost, by March 1st, by which time we expect the first shipment of our Spring Stock. Layton Bros., 144 Peel street.

When having your Piano or Organ tuned or repaired, don't forget that the KARN COMPANY, Karn Hall Building, St. Catherine street, employs a large staff of efficient tuners and repairers. 'Phone, Up 1174 and your order will be promptly attended to..

The Montreal Daily Star is published by Hugh Graham, resident in Montreal. Publishing offices, 103, 165, 167 and 169 St. James st.

BRIGHT'S DISEASE

Of Long Standing, Said to Be Incurable, Completely

CURED

In Four Months —BY—

WARNER'S SAFE CURE.

Alderman Stubig Gratefully Tells How This Wonderful Medicine Cured Him of Bright's Disease.

"144 Roscoe Boulevard, Chicago, October 19, 1900. Gentlemen,—About two years ago I had one foot in the grave, as the saying goes, and life looked pretty black to me. The doctors called it Bright's disease. I would give all I had to be cured, but nothing seemed to do me much good, until a neighbour recommended that I try Warner's Safe Cure. It was with but little hope that I tried it, but within two weeks my general health was improved, and in four months I was completely cured. I hardly dared to believe that such good fortune was mine, but I have not lost a meal nor had an ache or pain since. Words seem but poor to express my gratitude. Yours truly, H. M. STUBIG, Alderman, 27th Ward."

TEST YOUR URINE. Put some morning urine in a glass or bottle, let it stand 24 hours; if there is a reddish sediment in the bottom of the glass, or if the urine is cloudy or milky, or if you see particles or germs floating about in it, your kidneys are diseased, and you should lose no time, but get a bottle of Warner's Safe Cure, as it is dangerous to neglect your kidneys for even one day.

WARNER'S SAFE CURE is the only positive cure for all forms of kidney, liver, bladder and blood diseases, uric acid poison, rheumatic gout, diabetes, pain in the back, scalding and painful passage of urine, frequent desire to urinate, painful periods, bearing down and so-called female weakness.

WARNER'S SAFE CURE is purely vegetable and contains no harmful drugs; it does not constipate; it is now put up in two regular sizes, and is sold by all druggists, or direct, $1.00 A BOTTLE. Less than one cent a dose.

Refuse substitutes. There is none "just as good" as Warner's Safe Cure. It has cured all forms of kidney disease during the last thirty years. It is prescribed by all doctors and used in the leading hospitals as the only absolute cure for all forms of diseases of the kidneys, liver, bladder and blood, and so-called female weakness.

TRIAL BOTTLE FREE.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that Warner's Safe Cure will cure them, a trial bottle will be sent absolutely free to any one who will write Warner's Safe Cure Company, 44 Lombard street, Toronto, Canada, and mention having seen this liberal offer in the Star. The genuineness of this offer is fully guaranteed. Our doctor will send medical booklet, containing symptoms and treatment of each disease, and many convincing testimonials, free, to any one who will write. 43 1

Lazy Liver

When the liver goes wrong, everything is wrong. You have dyspepsia, coated tongue, constipation, biliousness, sick headache, nausea, general debility. One of Ayer's Pills each night, just one, gently starts the liver and removes all trouble.

"I have used Ayer's Pills for liver complaint, and have found them to be the best thing I have ever tried."
E. N. North, Sidell, Ill.
