'Normal' vote expected in Westmount-St. George

A total of 32,826 voters will next Wednesday have the right to exercise their democratic prerogative and select a representative for the riding of Westmount-St. George in the Provincial Parliament.

Returning officer Edwin L. Murphy told The Examiner he expects a "normal vote." (In 1956, at the last Provincial election, there were 34,099 eligible voters. Of these, 7,245 cast their votes. The near-50 per cent figure is considered the normal vote.)

A total of 177 polls are located throughout the riding with advance polls to be located at 4023 Tupper street (for Westmount) and 2211 Dorchester street west (for St. George). The advance polls will be open Saturday, June 18, and Monday, June 22 from 2 p.m. to 10 p.m.

Persons who wish to vote at advance polls must contact the returning officer, Mr. Murphy, or the election secretary, Jacques Loranger, to obtain vote. Reasons for advance vote must be given these officials.

Shortly after 7 p.m. Wednesday, June 22, one of two candidates will represent the riding in Provincial Government for the next four years. The candidates are:

John Richard Hyde, Liberal, a lawyer and retired army brigadier, who has represented the riding for the last three terms.

Murray Hayes, National Union, vice-chairman of the City of Montreal Executive Committee and chairman of the committee on capital expenditures.

Local librarians will attend local conference

Following a most successful Canadian Library Week, Montreal is now going to play host to the American Library Association and the Canadian Library Association when they meet June 18 to 24 for a joint conference. This is one of the largest conferences to be held in Montreal, with some 4,500 librarians attending from Canada and the United States. The theme of the conference is "Breaking Barriers—An Inquiry Into the Forces That Affect the Flow and Utilization of Knowledge".

One of the many topics under discussion will be a publication of the American Library Association entitled "Studying the Community". This is a practical, step-by-step guide which presents the methods for gathering and organizing the varied information needed if a really effective library adult education program suited to the needs and interests of the individual community is to be built — in short, how to study the community.

Material in the book is based on the experience of eight public librarians who participated in the Library Community Project of the American Library Association over a period of five years.

Written in non-technical language and addressed to the public library, its methods can be easily utilized by other types of agencies concerned with adult education, or by the library in determining other areas of useful service.

Attending the conference from

this community will be the following staff members from the Mechanics Institute — Miss S. Grimson, chief librarian; Miss E. Davis, Miss A. Vipond, Mrs. M. Nagy, Miss J. Borden, Miss E. Yeung, and Mrs. E. Bédard.

The Westmount Public Library intends to close on Saturday, June 18, and on Tuesday and Wednesday, June 21-22, in order to allow staff members to attend as many meetings as possible. Included among those attending are: Miss K. Jenkins, chief librarian; Miss M. Good, Miss C. Fraser, Mrs. H. Clayton, Mrs. M. Rollit, Miss Nicholls, Miss N. Bryant, Miss M. Martne, and Miss M. Brown.

Immigrant gets two-month term for watch theft

A 29-year-old Hungarian immigrant, given the option by a municipal court judge of a \$100 fine with costs or two months in jail, after he was found guilty of stealing a watch, chose the latter, and is now serving his sentence in Bordeaux.

Identified as Joseph Tregar, the man was arrested June 6 by Sgt. Det. A. E. Jones of the Westmount Police Department.

In the Indians-Orioles game, Dalton Barnoff at the mound went the distance in winning his second game of the season, giving up seven hits, one a three run triple by M. Savage. Mietek Raddoman of the Unity nine, starred at the plate, hitting a three-run homer a triple, a double and a single.

'I need Murray Hayes,' Barrette tells large Victoria Hall rally

By MARK P. DANIELS

"I need Murray Hayes." With these four words and a solemn promise to give Quebec honest government, Premier Antonio Barrette Tuesday became the first premier in 40 years to pay an official visit to Westmount.

He called at Westmount City Hall, where he was greeted by Mayor John C. Cushing and members of the council, before addressing an enthusiastic rally of some 500 persons at Victoria Hall. The reception was tendered by Mr. Hayes, National Union standard-bearer in Westmount-St. George in the June 22 provincial general elections.

Mr. Barrette, who was accompanied by his wife, became the second dignitary to sign Westmount's distinguished visitors' book. It was specially purchased last year for the visit of Queen Elizabeth and Prince Philip.

At the reception, Premier Barrette said he would lead "a sane and honest" administration and he warned that those who "are not honest will not stay in the government."

He said he had personally invited Mr. Hayes, vice-chairman of the city's executive committee, to be his candidate in Westmount-St. George because "I need his experience, his knowledge and his advice."

Mr. and Mrs. Barrette arrived at City Hall, decorated with Union Jacks, Canadian Ensigns and the provincial fleur-de-lis, at 7:55 p.m. Mayor Cushing, wearing the golden chain of office, was waiting on the steps to greet the premier and first lady.

In the council chamber, Mayor Cushing said it was a "great honor and privilege" to welcome Mr. Barrette. He noted that the last premier to visit Westmount officially was the late Louis Alexandre Taschereau, back in 1921.

"We appreciate your taking time out from a very busy schedule to come here," Mayor Cushing declared. "Our only regret is that we didn't have more notice so that we could have given you a more fitting reception."

The mayor paid tribute to Mr. Barrette's government, saying: "We appreciate the very sympathetic consideration given us, to Westmount and to its needs. We hope it will not be another 40 years before we have the pleasure of another visit."

Trial set in \$6,000 housebreak

A 30-year-old New York City man, arrested last Friday by members of the Westmount Police Department Detective Bureau, is awaiting a jury trial on a charge of brea'y and entry in which he was alleged to have stolen goods totalling \$6,000 from a Western avenue apartment flat.

According to police, the man, identified as John Eugene Urgo, was arrested by Westmount Sergeants-Detective H. Ward and L. Lauzon following a tip from the RCMP. The latter had been informed of the man's whereabouts by the Montreal Police Department on a notice from the Federal Bureau of Investigation.

Lock your bike

With a rash on bicycle thefts reported in Westmount, bike-owners are again warned to lock the wheels of their bikes or lock the bikes to stationary objects whenever vehicles are not being used.

Eight bicycles were reported stolen this week and last from the school yard of Westmount Junior High School. Police said the bikes, which had been placed in special parking racks, had not been locked to the racks.

Reports of bike thefts in other areas of Westmount were reported and in almost all cases, the bikes were not locked.

'Got It Made'

Sister, brother team play important roles

Sister and brother Nina and Dave Mayerovitch, residents at 4840 Westmount avenue, each have a hand in "Got It Made", McGill University's hit musical comedy now in its second month at the Moyse Hall Theatre on the McGill campus.

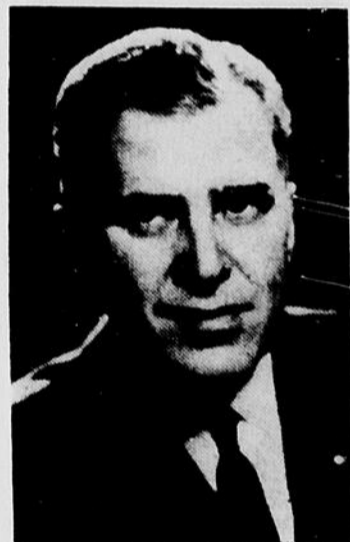

Nina is featured on stage as a member of a dancing teenage fan club, the Benedictees, worshippers of singing idol Benedict Jones. Dave is the author of a large part of the book and lyrics of the show.

Nina, 17, is a first year science student at McGill, and Dave, 19, is in third year science. Both are graduates of Westmount High.

At Westmount High, Nina was associated with the productions of "Pirates of Penzance" and "The Mikado". She has studied ballet in New York and as a member of Eleanor Moore Ashton's Montreal Ballet Company. She has appeared in many productions of that group, and in the Montreal Opera Guild's "Falstaff". She has taught ballet in various Montreal schools, and has been accepted for the Sadlers Wells ballet school. At McGill she is a member of the Modern Dance Club.

Dave has held the post of News Editor of the McGill Daily, and "Got It Made" is his first venture in writing for the stage. The show tells the story of the rise of Benedict Jones, an obscure psychology student who is transformed into a nationwide sex idol by a crew of high-pressure advertising men. When Jones turns against the admen and renounces love and sex, the nation is thrown into confusion. Teenagers everywhere stop buying lipstick and jewelry. Millions

are thrown out of work and Canadian politics is turned upside down. The admen call on the prime minister to save the country, and the show reaches its climax in an election battle between "The Chief" and the teenage idol.

RONALD E. MACKAY, 4925 Hampton avenue, N.D.G., newly-elected president of the Rotary Club of Westmount, who will take office July 1. Other members of the executive are vice-president, J. B. Burrows; honorary treasurer, Harry Huston; honorary secretary, W. T. H. Clark. The new board of directors includes W. W. Allison, C. J. Denny, R. G. M. Gammel, E. E. Mills, C. H. Simpkin, J. B. Sparling, J. A. Spiers, C. W. Wright and immediate past president Frank E. L. Sharpe.

Death of Claxton is loss felt here

THE death in Ottawa this week of the Honorable Brooke Claxton is a national loss.

He was probably the best known Minister of National Defence. Few business executives could outstrip him for energy, drive and endurance on the job, whether it be for the big insurance company he latterly managed in Canada or as head of the Canada Council. And he could be a human and warm person.

The Examiner takes note of his sad passing, at an early 61 years, because he was a longtime resident of Westmount — even if his MP's representation was that of neighboring St. Lawrence-St. George.

The loss by his passing will be felt here particularly.

Dr. Gerald Halpenny next CMA president

ELECTION of Dr. Gerald W. Halpenny as president-elect of the Canadian Medical Association honors a popular Westmounter (616 Grosvenor avenue), prominent physician (senior at the Montreal General Hospital), and leader of his profession (long active in the CMA).

Dr. Halpenny, when he takes office in 1961, will be one of the best suited men for the job. The calling he pursues long has had a most peculiar view of its own public relations. Its ancient ethical code imposes so often either confusion or silence when a clear professional position is indicated.

Dr. Halpenny has a strong sense of the need for doctors to assume the correct posture in the public eye and, in this part of the country, has done much to foster, for both the profession's and the public's benefit, a healthier attitude between the two.

As CMA president we can expect more leadership in this direction.

THEY SAY

Every great man is always being helped by everybody; for his gift is to get good out of all things and all persons.

— John Ruskin

ada's first citizen to visit the United States?

The obsessed Marxian reasoning of Russia's principal and subordinate leaders makes it difficult for them to appreciate the mentality and outlook of Western political military leaders. The population of Canada is largely made up of the descendants of two great fighting nations — the French and the English, and I, of course, include the Scotch, the Irish, and the Welsh. They are not accustomed to and resent being told how to behave. They have confidence in the leaders they freely elect to represent them and abhor any undue limitation of their freedom and opportunities. Our geographical situation is such that we must necessarily be concerned with the safety and defence of the North American Continent.

The belligerent tone of the Investia editorial is another example of Russian cheek and braggadocio. It will not serve in the slightest degree to have our so-called "ruling circles" modify their stand. Prime Minister Diefenbaker's bluntness of speech should impress both Khrushchev and his servile press that far from in any way influencing the fighting Canadian statesman, who is a war veteran, it will make him and the Canadian people more determined to do everything possible to take the necessary precautions against a possible Russian attack.

We are reminded by the Russian dictator that it is only a question of time before communism conquers the world and liquidates capitalism. That hope is contained in the Communist Manifesto — it is a vain one, since the proud and defiant democracies — not the least Canada, will never allow themselves to become the victims of a totalitarian state that ignores human values.

Bernard Rose.

Minister bids adieu to friends

Sir: I am sorry to say au revoir to all my good friends in Westmount. It has been a great privilege to live here, make so many wonderful friends and share in the responsibility of good government and administration of our city.

Because I left for Africa on Sunday night and go to Woodbury, Ontario, upon my return in September, I would like to express my thanks and appreciation for the wonderful job your paper, and all those working with you, have done toward the democratic well-being of our city.

You have done good service to the cause of freedom and liberty and those high principles of human dignity and honor which are the keystones of our western democratic way of life, and which are so threatened today.

May your paper and all the citizens of Westmount ever defend these sacred and basic human rights which have been won at so bitter a cost, and can only be kept at the price of constant use and vigilant defence.

The Royal Bank Newsletter you published last month was a masterpiece as to the blueprint of good and happy government. I handed in twenty questions to be answered at the last municipal meeting. They were not even read out, yet the mayor spoke for about one hour.

May the murky clouds of fear, seecery, suspicion, cultivated apathy and misrepresentation be blown away by open, free and democratic procedure which brings honor and dignity and a happy spirit to all.

May God richly bless Westmount to the end that God is glorified, His will is done and his Kingdom of love and righteousness come on earth as in heaven, and may Westmount be an example in all things to all people.

Yours sincerely,

Rev. Wm. Morris

You Say

Citizen interested in good government

Sir: As a businessman I am principally interested as a citizen in good Government. I am of course opposed to those radicalisms which would substitute the State for the individual employer. Like most businessmen I am convinced that "free enterprise" has and can do more to contribute to human welfare than any other system of production and distribution.

The present provincial election is really a test as to whether we favor a Government that protects free enterprise and encourages financiers and outside capitalists to provide the necessary funds to develop our enormous natural resources. In this respect the Union Nationale has been considerably in advance of previous administrations. Scores of new industries have been established giving employment to thousands of wage earners and salaried employees.

The exodus of Quebec workers to the United States and the sister Provinces has been effectively halted. The Province's progress within the last decade has been phenomenal and is proof that the Government in office was concerned with the real welfare of the Province and its people. The business enterprise that is fortunate in having trusted, competent and experienced employees is anxious to retain them. The same principle applies to Government.

Regardless of what its critics may say, I think that the Union Nationale has a lot to its credit. The new Prime Minister who graduated from the ranks of the workers has administrative ability of a high order and enjoys the confidence of both labor and management. He has a wider experience as a businessman than the leader of the opposing party. No intelligent citizen will pay the slightest attention to the accusations and insinuations directed against the Hon. Antonio Barrette and his colleagues.

The lavish promises contained in the Liberal pamphlet are as close to Utopia as a vivid imagination can create. One reading

RED FEATHER CHAIRMAN: E. C. M. Pratt of 1, Parkman Place, Westmount, has been named District Chairman for Delormier South in the 1960 Red Feather campaign which opens September 26. Mr. Pratt, manager of the Bank of Montreal's Papineau and St. Catherine branch, was named to the important drive post by J. David Molson, Territorial Division Chairman. The appeal has a goal of \$1,930,000.

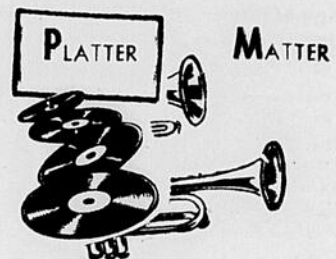

it will ask where is the money to come from.

No Government can be perfect, but where it has shown a readiness to plan and legislate within the measures of its revenues so progressively initiate and carry out needed reforms and projects, it should be supported by the electorate.

We should beware of promises politicians, particularly those who have had no previous provincial experience.

In my humble opinion the choice of the Hon. Antonio Barrette was an excellent one since he is a loyal son of his native Province and can be relied upon to continue as his predecessors, the policies that have given Quebec the prestige and prosperity it now enjoys.

London: Some wonderfully bright, light music on the London label this week leading off with pianist Winifred Atwell on LL 3074, **Around The World In Eighty Tunes**. This great artist with the exciting brittle touch, gives us eight medleys of favorite standards descriptive of all corners of the globe, far too numerous to attempt to list here. Winifred dresses them up appropriately, some in straight fashion, a goodly number of her dazzling boogie woogie technique, and quite a few in between.

A new Mantovani disc is always a welcome addition whether it be for sober listening or for soothing background music. Monty's latest is **Songs To Remember** on LL 3149 and consists of eight numbers well suited to the dreamy reminiscent style emphasized on the record. The programme 'With These Hands,' 'Far Away Places,' 'A Very Precious Love,' 'Jamaica Farewell,' 'Tenderly,' 'Blue Star,' 'Gigi,' 'When I Fall In Love,' 'No Other Love,' 'Vaya Con Dios,' 'Two Different Worlds,' and 'Tonight.'

Nice to hear some good Canadian talent on records, and a nod to this label for their continued efforts in this direction. **Dance Date With Dal** on EB 12 features Dal Richards and His Hotel Vancouver Orchestra who have often been heard on CBC radio. The Richards orchestra has a big band sound with a pleasant up-beat, spiced with solos from capable lead men. There are some fine medleys: 'Charley My Boy,' 'Crazy Rhythm,' 'Somebody Stole My Gal,' 'Varsity Drag,' 'In A Little Spanish Town,' 'Cocktails For Two,' 'Isle Of Capri,' 'Linger A While,' 'Scatterbrain,' etc., and smoothly played ballads: 'Tammy,' 'All Or Nothing At All,' 'Smoke Gets In Your Eyes,' 'Speak Low,' etc., in which TV personality Lorraine McAllister gives out with some very listenable lyrics one of the vocal highlights being a duet with hubby Dal in 'Hawaiian Wedding Song.' Recommended.

FINAL PLANS: — Richard Hyde, seated second from right, Liberal candidate in Westmount-St. George irons out plans for the final week of the campaign with committee room workers.

Richard Hyde predicts 'crushing NU defeat'

Addressing a large group of supporters on Wednesday, Richard Hyde, the official Liberal candidate in Westmount-St. George, predicted a "crushing defeat" for the Union Nationale on June 22.

"I have just returned from a trip to Seven Islands and Schefferville," said Mr. Hyde, "and in the past few weeks I have visited a dozen other counties nearer Montreal. The long standing fear of the Union Nationale has been replaced by a sense of desperation and out-right terror within the ranks of the party itself. The proof of this is seen in its mass publicity which is appearing daily in our newspapers, and which, incidentally, is paid for out of the tax-payers money."

"My opponent in Westmount-St. George recently spoke of a visit he made to Seven Islands two years ago," he continued, "I want to tell him what I saw two days ago."

Mr. Hyde stated "the people in this new county — which, incidentally, is called Duplessis County — rightfully feel

the credit for building up the new iron-ore development is due to those who have worked on the project, and to those who supplied the initiative and capital. To hear the representatives of the Union Nationale," he said, "one would think that the party itself was responsible for these developments. The only thing the Union Nationale did was to have the Quebec Government grant leases, at a price which deprives the people of the province of any reasonable return for the exploitation of its natural resources."

"The people of Schefferville," Mr. Hyde stated, "remember all too well that they were refused the right to vote in 1956, although the Union Nationale made certain that they collected all of their various 18 taxes from these same people. This year," he added, "they will vote against the regime which stands for more taxation but no representation."

"The same situation," the Liberal candidate continued, "exists in Montreal where half the electors of the province elect less than 20 of the 95 Members of the Quebec Legislature."

"We are looking forward to greeting the first Liberal Member for Duplessis in the Quebec Legislature," said Mr. Hyde.

"We see," he continued, "the same wave of enthusiasm in favor of the Liberal party through-

Halpenny named CMA president

Dr. Gerald W. Halpenny, 616 Grosvenor avenue, Westmount, president of the Quebec Division of the Canadian Medical Association and national honorary treasurer for the last three years, was named national president of the CMA at the annual meeting in Banff, Alberta, Tuesday. His office will take effect at next year's annual meeting.

Dr. George E. Wodehouse of Toronto succeeded Dr. Halpenny as national treasurer.

An associate professor in the Faculty of Medicine at McGill University, Dr. Halpenny is senior physician at the Montreal General Hospital and chief of service at the Queen Mary Veterans' Hospital.

Church music director to speak at Trinity

Gerald H. Knight, M.A., Mus. B., F.R.C.O., director of the Royal School of Church Music with headquarters at Addington Palace, Croydon, Surrey, England, since 1952, has been visiting affiliated choirs in South America, the West Indies, the U.S.A. and Canada, giving addresses and instruction.

The R.S.C.M. now has nearly 6,000 affiliated choirs in every part of the world. Its aim is to raise the standard of music in Churches.

Mr. Knight will speak at Trinity Memorial Church on Sunday night, June 19.

out the province. The cry 'It's Time For A Change' is on the lips of men, women, and children everywhere."

Mr. Hyde concluded with a reference to the "rumoured imminent announcement by Mr. Barrette that the province would undertake to pay a part of the cost of the Metropolitan Boulevard." He described this as "another proof of the despair which has taken hold of the Union Nationale. As recently as last February," he said, "all members of the Union Nationale had voted against a motion that the Government should consider such financial help for the Montreal Metropolitan Corporation toward the building of this highway. A change in attitude at this late date will not fool the electors," Mr. Hyde stated.

Steiner recital on Wednesday

The annual recital of the pupils of Karl Steiner will again take place at Channing Hall, 3415 Simpson Street, corner Sherbrooke. The public will be admitted free of charge for this event, scheduled for Wednesday, June 22 at 8 p.m.

Dagmar Norak, Rebekah Mendelson, Victor Fascio, Karen Coshof, Leah Mendelson, Robert Malen, Paul Becker, Liisa Botten, Sam Wainer, Donna Salonin, Louis Wiener, Louise Caplan, Gail Malen, Tova Wisenthal, Davis Joachim, Stephanie Bruker, Hugh Danford, Peter Shizgal, Reena Kronitz, Elsa Ivry, Elizabeth Bruker, and Eli Gorn will be among others to perform works of J. S. Bach, Handel, Kirnberger, Beethoven, Schubert, Schumann, Chopin, Tschai-kowsky, Debussy, Bartok, Milhaud, Prokofieff, as well as 12 tone compositions of Hanns Jelinek and Julius Schloss as special features.

Of particular interest should be some excerpts from the "Twelve Tone method for piano" of Hanns Jelinek, one of the

leading Viennese composers and Professor for composition at the Vienna State Academy of Music, which Mr. Steiner has introduced in Montreal. These works show a successful transformation of established forms into an advanced modern idiom, such as valses in classical Viennese style, inventions, inspired by the famous creations named so by Bach and pieces, expressing different moods, reminiscent in a way of compositions of the romantic period, but all expressed in 20th century language.

Norman L. Courey awarded top honors at LCC Founder's Day

Norman L. Courey, 12th Form LCC student, son of Mr. and Mrs. P. Haddad, was awarded top honors at the Lower Canada College Founder's Day Ceremonies, fiftieth in its history, held in the College skating rink yesterday afternoon.

As the student with highest all-round achievement record, Norman was presented with the Governor General's Medal, and for the highest scholastic standing in the senior school he captured the Lieutenant Governor's Silver Medal.

Peter Eddison, son of Mr. and Mrs. Edwin Eddison, 4834 King Edward avenue, was awarded the Lieutenant Governor's Bronze Medal as the student with the highest scholastic standing in the junior school.

In an opening address to the Lower Canada College staff, student body and more than 500 friends and relatives, Headmaster D. S. Penton, MA, LL.D., declared "universities everywhere are raising their standards and as the object of our academic training here is to prepare boys for university, we must raise our standards too." Dr. Penton named two Old Boys who had made distinguished contributions to the school, Mr. Brooke Claxton who died this week, and the late Mr. Chilion Heward, QC.

"Brooke Claxton was the first chairman of the board," he added, "and maintained a warm affection for the school all his life."

Speaking about athletic achievements, Dr. Penton mentioned that the senior hockey team won the Martlet Foundation Trophy for the second year in succession, and also Ashbury Old Boys Trophy, with the junior team winning the City Championship in hockey. In skiing the school won all four classes in the GMIAA, gaining the Cochand and Sutherland trophies.

Two teachers are leaving this year, Mr. Barclay for a year to study Biology in Philadelphia, and Tom Gartshore to study for his degree at Queen's. They will be replaced by John Brown, BA, and Jim Keith, BA.

Dr. Penton mentioned 'one name, that of Norman Courey, whom the boys themselves always elected as class captain or team captain when they had the chance. He was our head prefect this year, stood first in his class, was captain of football and hockey and second in command of the cadet corps. He has been a fine leader who has brought out the best in his contemporaries."

Six senior boys at LCC were accepted in top-flight American Universities: Robert Scott, Warren Hilder, Tony Wright, Bill Wood, Doug Johnston and Mark Larratt-Smith.

Dr. Penton welcomed the Lieutenant Governor of the Province, Hon. Onesime Gagnon and Mrs. Gagnon to the Founder's Day ceremonies.

The Lieutenant-Governor commended the school for continued

interest in sports and in scholastic activities, and wished all students future success.

A special presentation of an engraved silver tray was made to each of two staff members, Dr. Penton the headmaster and Mrs. Walter McBroon, by chairman of the Board of Governors, A. P. Coupey, N. L. Courey, W. R. Smibert, as a tribute for 25 years of service. Mr. Smibert spoke of the "deepest gratitude of all who had been privileged to attend LCC during these years." A bouquet of red roses was given Mrs. McRobie, M. H. Penton, A. Robertson, and Mr. Smibert announced that a set of the Encyclopedia Britannica had been given to the school in Dr. Penton's honor.

Awards were given to the following:

The Baillie Trophy and Harrower Trophy, M. A. P. Beck; Chambers Cup in senior golf, R. A. Bengough; Junior golf, A. J. Moreland; Champion House,

HAVING QUALIFICATIONS is necessary for a profession but producing results is what counts. A resident of Notre Dame de Grace, who has just received a new appointment, Edward Duplantis, has long been identified as important in music education circles and as a choir director of distinction.

HIS NEW POSITION is Supervisor in charge of the teaching of music in the Elementary and High Schools under the direction of the Pointe Claire and Beaconsfield Catholic School Commission.

MR. DUPLANTIS is equally at home instructing youngsters or adults. The Children's Choir of St. Ignatius has always been outstanding under his direction and the St. Monica's High School Glee Club, which he presently teaches is a splendid aggregation of well-trained teen-age voices. His background is a thorough musical education for he possesses (1) The Catholic Choirmaster Certificate and Bachelor of Music Degree, Gregorian Institute of America (University of Mont-

real) . . . (2) Diploma in Solfege from Conservatoire de Musique et d'Art Dramatique de la Province de Quebec . . . (3) Diploma in Gregorian Chant from the Thomas More Institute.

This well-known N.D.G. resident has directed choirs of St. Willibrord's Church, Verdun . . . St. Thomas More Church, Verdun . . . St. Monica's Church in N.D.G.

A COMPETENT LECTURER, Mr. Duplantis has been heard at Parent-teacher Groups and The Piano Clinic and has acted as a Music Adjudicator for the Notre Dame de Grace Arts and Letters Festival.

HIS LOVE OF CHOIR WORK prompted him to found three choirs that have become well-known . . . (1) St. Willibrord Choral Society . . . (2) The Caecilian Singers (remembered for their work on the annual radio novena from Ste. Anne de Beaufre) and (3) The Allegro Singers of Montreal.

A MONTREALER BY BIRTH, Edward Duplantis is married, the father of two sons and a daughter and lives on MacMahon avenue.

Splendors of Taj Mahal easy on pocketbook

By NAT BERNSTEIN

AS FAR BACK as I can remember, I have always associated the Taj Mahal — that famous mausoleum at Agra, India, built in the mid-17th Century by the Shah Jehan for his favorite wife — with the more exotic and, in terms of my pocketbook, less attainable splendors of this world.

I was, then, quite startled to discover the Taj Mahal, through private enterprise, had found its way onto Greene avenue in Westmount; and its splendors, I was told, were readily available — and at pocketbook prices.

Spurred by an overwhelming sense of curiosity (and the rather half-hearted hope that I would at last come face to face with one of the seven wonders of the world), I found myself at the front of an unimposing structure

far as North Americans are concerned, the food presents a "something different" challenge, he said.

A member of the agricultural sect — the Jai Sikhs — of the Punjab region, Mr. Singh, who is 42, told me through a liberal mustache and a rather undernourished vandyke he'd completed the equivalent to a senior matriculation, spent "eight happy years" in the army and finally came to Canada to make a new life for himself and his family.

The realization of the Taj Mahal — a name chosen "because it is most representative of India" — appears to be the ultimate of his desires. He had, he said, always had a fondness, and what might be described a knack, for cooking; and what could be more certain a venture than a restaurant unique in its service and atmosphere.

I didn't know at the time.

The food of India, Mr. Singh stated, is not very hot. The liberal use of spices make it appear to be. In answer to a query, he replied the Indian people have the least heart trouble of any peoples in the world. I thought for a moment he was making jest of our ulcer-ridden Western intestines.

Mr. Singh stated due to climatic conditions the chief food of India was the vegetable. Meat and milk are rarely eaten and often difficult to obtain.

Though the foods which he prepares here are basically the same, though the spices are fundamentally the same, the finished product is reputed to be different.

I was invited to embark upon an adventure in taste. It was more a matter of semi-starvation rather than a sense of adventure which led me to agree.

Within a relatively short time, I found before me on the white tablecloth a plate of lamb curry — chunks of lamb bathed in a liberal quantity of sauce, green peas, rice. It was much like a stew, a word I discovered not popular with Indian chefs.

Several moments later, surrounding my main dish, were three medium-sized saucers and two which, for lack of definition, I call toothpick plates. In one appeared a boiled potato and boiled cauliflower in a brown sauce; another contained a mustard-colored sauce; yet another held what appeared to be the peas without the pod and thin slices of onion green in a watery sauce; the fourth contained chili and the last boasted what seemed an ochre-

RESTAURATEURS — Mrs. Gulzar Singh, left, wife of the co-owner of the newly-opened Taj Mahal restaurant on Green avenue, chats with Mr. and Mrs. Daliph Singh amid the many artifices, etchings and woodcarvings of India found in the store, believed to be the only one in Montreal which serves Indian food exclusively.

at 1358 Greene avenue. And through a large plate-glass window, peered into a world half-exotic and half-restaurant.

Another bubble had burst. And, admittedly, I was quite disappointed. But my inquisitive nature (and the thought of an angry managing editor should I return empty-handed) prevailed, and gingerly making my way down eight stairs, found myself in India's Taj Mahal Restaurant. My spirits improved consider-

ably as I followed the every move of a light-skinned attractive woman draped in a flashing red sari. I discovered later she was Mrs. Daliph Singh, wife of one of the owners.

The interior of the restaurant was simple and faintly impressive. Intricate brassworks, samovars, etchings, artifices of India, wood carvings and trinkets en-masse, as well as a scale model of the Taj Mahal adorned the room. It was, I found, a Mecca frequented by Indians, but more often than not, by white-skinned North Americans seeking a change from the humdrum monotony of Western living.

Daliph Singh, a tall, dark-complected veteran of eight years in the India Army Medical Corps, told me he and his wife, have been in Canada eight years, and prior to opening the Taj Mahal about two weeks ago, had operated concessions in night clubs.

Apparently the desire to become his own master overtook Mr. Singh and he, together with Gulzar Singh — who he claims is no relation — opened the Taj Mahal Restaurant.

Mr. Singh told me there were no other Indian restaurants in Montreal. He added an enquiry had been made which disclosed a great demand for India foods. As

Courage gave him opportunity of painting Cardinal's portrait

By WANDA BOYTSCHA

When Jonas Norkus, 1214 Greene avenue, a portrait-painter, who was born in St. Petersburg, Russia, of Lithuanian parents, presented himself at the palace of the Archbishop of Montreal with a painting of Cardinal Leger, he didn't expect that it could result in an hour and a half sitting with the eminent prelate.

Why a sitting? — on wonders, since the artist had a portrait with him. The answer is that Norkus brought with him a canvass, on which the image of the Cardinal was painted, but it was not done after the original model. Norkus used photographs and films to paint this one and used it as a sort of door-opener, hoping to get the Cardinal to pose for him eventually. Now everyone knows that it was the most difficult thing on earth. The Cardinal sternly refused any proposals to sit for a portrait. Yet, that fact did not put our painter off, and taking the courage in both hands he rang the palace bell.

One of the secretaries looked at the picture and commented that the likeness was remarkable indeed, but the eyes were not 'quite, quite right.' After a moment's hesitation he told the hopeful painter, 'Wait here, I'll try to obtain an audience for you.' This is how, a month later the painter was summoned before His Eminence who granted him only 15 minutes of his time. It was the first of July and a hot, sweltering day. Cardinal Leger became so interested in the changes being made on the spot by the artist that he consented to sit for him quite a while longer.

"I admired His Eminence —" recalls Norkus. "It was so warm, that if it were any other subject, I would have asked for postponement, for it was trying even for me. Yet I was lightly dressed, while the Cardinal wore an ermine cape and his clothes were thick and heavy. He was a perfect model though, never fretted or complained, and I could do a good job."

The portrait, completed after another sitting, hangs now in the Rectory of the Church of the Ascension of Our Lord on Sherbrooke street west, along with that of Monsignor Lapointe, whom the artist painted as well.

It was a great triumph, for it was a cherished ambition of Jonas Norkus to paint the Cardinal. At that time he was a resident of Canada for over six years, and he fulfilled his dream a year ago.

Soon afterwards, the Cardinal told the painter that he would sit for him again, wanting this time to pose from the beginning of the sketches. In the meantime, Norkus presented him with a portrait of His Holiness Pope John the 23rd, which adorns now the walls of the Audience Room. The Cardinal said only one thing about the painting: 'it is just perfect.'

Referring to the second portrait of Cardinal Leger, I am inclined to believe that it is a better piece of work than the first one, although the first one is excellent, they say. The artist has a special way with the eyes, they seem to reflect the depth of one's soul and it is as if a live person was looking at us. Maybe because the Cardinal posed for the other one from the very beginning, the artist was better acquainted with him, and could depict his personality in a better, more profound way.

Some of Norkus' works are already quite well-known in Montreal, for instance the centre-piece of the new Russian-Catholic Church. It is an 'icon' of the Immaculate Heart of Mary, while another one, that of St. Jerome is hanging in the Greek-Orthodox Church.

First years in Canada were difficult for Jonas Norkus. His life story is so interesting that it could easily be made into a sensational film.

At the age of eight, after the revolution he went with his pa-

rents to Krasnoyarsk in Siberia, where the famous Russian historical painter Surikoff came from. There he finished his studies and took up painting. He was often hungry, for the Russian economic plan did not provide enough for the people and at one time his widowed mother travelled as far as the Ural to recover her belongings lost during the revolution in order to sell them for food.

During the second world war, Jonas, separated from his mother and sister arrived in Denmark, after innumerable adventures in labor and refugee camps, his itinerary taking him from one country to another. There in Copenhagen he was placed in a camp, from where after a while Russian subjects were sent back to their 'happy and wonderful country.' The trouble was that many of the former citizens of

that 'terrestrial paradise' hadn't the slightest desire to return to their motherland. The forced 'invitation to return' resulted in many tragedies and numerous suicides. The commander of the camp was a Lutheran minister, Rev. E. Andersen, with whom Jonas developed a close friendship.

One day, knowing that there is no other way, he left the camp and hid in the home of his friend. He stayed there for many months, until all was well again, and that is where he met his future wife, the sister of the Reverend, charming Ethly, who was back at home because of war. She was Prima Ballerina in the Municipal Opera House in Dijon, France. They were married and lived in a charming little house near the sea, but Jonas was uneasy about

being too close to his former country, so selling everything, they emigrated.

At first the painter was here alone, working as a bus boy in a cafeteria, but later when his wife and daughter joined him he was able to obtain employment in the Die-Plast factory, where his spouse worked as a secretary. It was more in his line, he did some sculpturing and painting.

During that time he was exploited by dishonest agents who made him paint landscapes for about \$25, to which they would put their own signatures, and sell them for three or four times as much. Later he was allowed to sign his pictures, but then the agents would borrow his name to do business with the naive buyers.

One day however, two J. Norkuses showed up in the same town at the same time and were caught. Since that incident, the real J. Norkus, the painter noticed that his career is going upwards and now he is getting to be quite famous. He and his family dwell in a two storey house in Westmount and it is his studio and art gallery as well. Many prominent people have already commissioned him and right at this moment one can ad-

quire his portraits at the Cafe des Artistes, among which the portrait of the wife of the owner, the beautiful, elegant Madame J. W. Tellier attracts particular attention.

EXPERT PLUMBING

At Your Service . . . With A Record of Achievement

The old saying has it that "There is no substitute for experience" and, in the plumbing and heating business, this is especially true for no one can do a job better than an expert. For this reason, we are listing here some of the outstanding projects that we have handled during our 46 years in business:

At the present time, we are nearing completion of a job of installing all plumbing and heating equipment in 63 houses for the Quebec Cartier Mining Company at Lake Barbel, a few miles from the town of Gagnon which was in the news recently when threatened by forest fires. This job is scheduled to be completed by August 1st.

Two years ago we did the same job for the Iron Ore Company of Canada in 200 houses at Knob Lake.

Recently we completed work on the installation of the plumbing and heating equipment in the mechanical building at the new BP refinery at Ville d'Anjou.

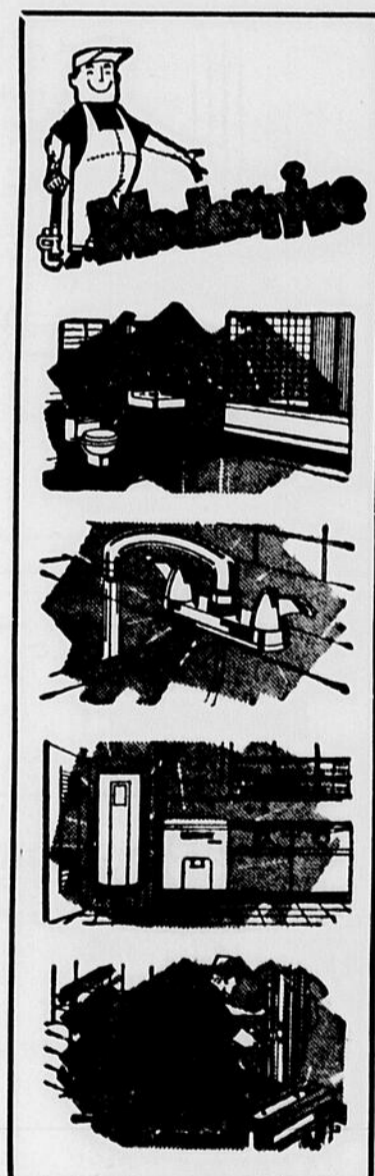

Also, we have just finished remodelling and modernizing all the bathroom facilities in the nurses' home at the Queen Mary Veterans Hospital.

And we are now busily engaged in installing new showers and toilets and a new heating system in the Montreal Badminton Club on Atwater Ave.

These achievements are not being listed here in a spirit of boastfulness but rather to show you that we are capable and experienced enough to handle your requirements, whether the job is large or small.

Installation of quality plumbing is our job and this is the time of the year to modernize the plumbing or heating system of your home. A home is only as modern as its plumbing! Whether it is a complete renovation job, installing a water heater or only fixing a faucet, our work is guaranteed to be the finest. And . . . we leave no mess behind!

Call us today and let us worry about your problems!

QUEBEC'S NEW LOOK

THE MONTREAL DAILY STAR in a special 112-page supplement has taken a long, hard look at the position of the province of Quebec at this juncture in history . . . and the consensus is that Quebec is prosperous and progressive . . . to a degree that would have been unbelievable even a quarter of a century ago.

In a word-picture of modern Quebec staff members of the Star and other writers have spelled out the progress story to indicate the size of the heritage and the promise it holds.

Truly the growth of Quebec, in every way, is remarkable — and just as certainly the confidence afforded by the National Union government of Quebec has provided an important phase of the financial climate so essential to the investment that has opened the way to the present-day progress and prosperity, of which every citizen of this great province is so much a part.

"QUEBEC has come a long way — and is now in a better position than ever to make a valuable contribution to the Canadian economy as well as the advancement of North American civilization."

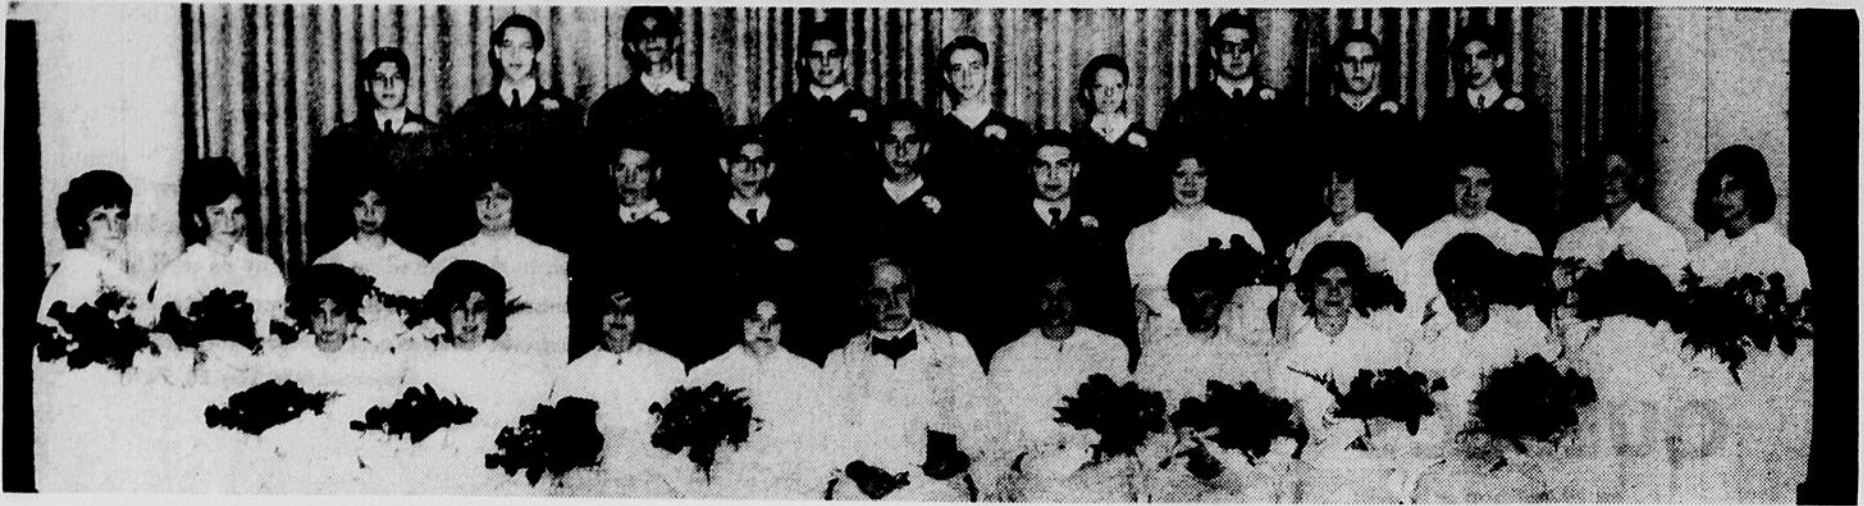

— Hon. Antonio Barrette, Premier of Quebec.
(Montreal Star, May 28, 1960)

THE PROGRESS STORY . . .

(a few quotations from the pages of THE STAR'S searching review of the amazing development of Quebec as milestone 1960 is passed)

- "Today Quebec accounts for over 30% of the value of Manufactured goods in all Canada" — H. W. Joly, Chairman of the Quebec Division of the Canadian Manufacturers Ass'n.
- "The inhabitants of Quebec are the richest people in the world, rich in the most precious commodity of this modern age—electricity" — Ian McNaughton, technical coordinator of the Canadian Electrical Ass'n.
- "Quebecers buy a higher proportion of premium gasoline than motorists in other provinces" — James Stewart, Star staff member and former oil industry writer.
- "Daily, Quebec mills produce some 14,000 tons of pulp and paper, enough to fill a 500-car freight train" — Michael Sinclair, career writer on pulp and paper.
- "In 1945 Quebec boasted 65 motor vehicles per 1,000 population, today this figure has trebled to 195" — J. W. McGiffin, vice-president, Kingsway Transports.
- "Quebec has the greatest percentage of paved roads in Canada — 24%, as against a figure of 19% for Ontario" — Charles Lazarus, Star staff member and roads specialist.
- "Quebec's new premier has something the National Union has lacked for many years; a solid appeal to the labor vote" — John Maffre, associate editor of The Star.
- "Today more than one-third of the aggregate revenues of all institutions (of learning) in the province are derived from government grants" — Dr. F. Cyril James, principal and vice-chancellor of McGill University.
- "The real explosion in hospital construction all over the province has taken place since the last war. This expansion represents nearly \$200,000,000 in provincial grants alone." — Fred Poland, Star medical writer.
- "The Province of Quebec has been making very striking progress in economic development in recent years, particularly since the end of the Second World War" — J. H. Goldsmith, Star financial editor.
- "Shortly before prorogation of the last session of the provincial legislature, Premier Barrette's government introduced legislation authorizing Quebec's universities to transfer the \$25,000,000 held in trust for them by the Canadian Universities Conference" — Fernand Renault, head of the Star's Quebec City bureau and chief correspondent in the Legislature.

Elections

By

The Venerable
R. Kenneth Naylor, D.D.,
Rector, Trinity Memorial Church

AS elections come near I begin to think about our Quebec scene, and I feel a very considerable perturbation. I have just read again that courageous manifesto put out after the last election by the two Laval professors, Abbé Dion and Abbé O'Neil. I put beside that manifesto stories I hear from friends of shady practices carried on in Quebec elections.

The strange thing is that our leaders seem to be honorable men. All of them belong to some Church, and their intentions seem to be most commendable. Yet they seem to allow shady characters and crooked ways to dominate the elections. It is to be hoped that the publicity given to some of these practices by the two pro-

fessors will prevent a repetition.

Apart from public bribery the professors had some very hard things to say about the corruption of the minds and conscience of the electorate. There is the technique that Hitler employed which meant the continuous repetition of a known lie until at least part of the electorate fell for it. Or there is the use of a myth. Hitler's appeal to blood and soil was another of his techniques. It has been used over and over in Quebec politics till it is very difficult for me as a Quebecker to think honestly about my own Province. Autonomy is a case in point — bound to win votes for any party. Calling an opponent a Communist is another favorite election dodge which can be classed as a myth because in nine cases out of ten it has no basis in fact. The professors say "Cultivation of myths is immoral because it destroys truth, mind's most important asset. It degrades the intelligent, enslaves man, canalizes the blind energy of mobs and renders them dangerously tractable in the hands of agitators and demagogues."

What can we do about all this in our Province? For one thing we could work towards the break up of our over-large city constituencies. The country constituencies are not too small, but it is absurd that the man representing 5,000 voters should be on a level with a man representing 25,000. If our voting units were smaller we might get to know the men who represent us. A second line of attack is to attend political rallies and ask intelligent questions. A citizen is one who is as well informed about public affairs as about his own. The English word "idiot" is derived from a Greek word which means "a man who takes no interest in public affairs." Perhaps part of the fault lies in the apathy of our Churches, the members of our congregations.

For the present election we can do little to inform ourselves; and I am afraid when the election is over we shall sink back into the apathy of the past. One hopeful sign is that the two professors have written another book on the Christian and the elections and that 30,000 copies have been sold. One of my French friends proposes to express his disapproval of Quebec politics by turning in a ballot marked "Non".

Hebrew-Religious school closing slated Sunday

Eighth Annual Torah Institute—The aims and purposes of the Torah Institute are to sponsor a cultural and spiritual programme for our members under inspiring leadership, in a congenial and relaxed atmosphere, close to the beauties of nature. It is also to foster a warmer spirit of fellowship amongst the members of our congregation and to stimulate the desire for a more meaningful and effective Jewish thought and life.

A cordial invitation is extended to members of the Men's Association and their wives to make every effort to attend the Institute in the Laurentians.

Dr. Selig Adler, Professor of History at the University of Buffalo will be the Faculty guest. Dr. Adler will develop the theme "The Unity of World Jewry, Division and Reunion" in a series of talks. A stimulating experience is in store for those who seek to deepen the knowledge of Judaism in the atmosphere of the Institute.

The group, representing USY chapters in Conservative congregations from across the United States and Canada, will be taken on an instructive six-week tour of the country, departing July 7 from Idlewild Airport.

Local participants are Vivien Gold 4582 Stanley Weir; Joseph S. Litner, 4012 Marlowe avenue; Anthony Rubin, 4666 Victoria avenue; Marilyn Poznansky, 3575 St. Lawrence street and Rebecca Mendelson of 617 Victoria avenue. Miss Mendelson is the daughter of Cantor Mendelson of the Shaar Hashomayim Congregation.

Dr. Morton Siegel, director of the United Synagogue's Department of Youth Activities and leader of the Pilgrimage, reported that "the youngsters will be given the unusual opportunity to experience directly a singular aspect of Israeli life. For a period of two weeks they will participate actively in the work program of a Kibbutz, a cooperative agricultural settlement." The tour will include visits to Jerusalem, Tel Aviv, the Negev, Haifa, the Emek, Jordan Valley and Galilee. A lecture program will provide instruction in Jewish history, language, music and dance.

Dr. Siegel expressed the feeling that "the cultural and educational opportunities offered by this tour as well as its variety and excitement are most unusual, and will undoubtedly make a deep impression upon the lives of the young people fortunate enough to participate."

The group, representing an increase of thirty-two participating teenagers over last year's figure of 88, will depart on two separate flights, with stop-overs in Brussels and Amsterdam, respectively.

The United Synagogue's Department of Youth Activities is also sponsoring, for the first time this year, an additional tour to include extended visits to Europe as well as Israel.

Dan Freedman elected Peretz Schools prexy

Dan Freedman was elected president of the Jewish Peretz School at the annual meeting, held recently. Mr. Freedman is the president of Ideal Plumbing Supplies Ltd. He has been a governor of the YMHA for many years and is chairman of the building committee of Camp Wooden Acres, which is supported by the Federation of Jewish Charities, as well as chairman of the building committee of the Neighborhood House.

Mr. Freedman has always been interested in youth groups, in both education and athletic fields. Prior to being elected president of the Jewish Peretz Schools, he was co-chairman of the L. Zuker Jubilee Building fund.

Also at the same meeting Michael Solomon was elected chairman of the Administrative Board.

Mr. Solomon joined the army in 1939. From 1943 to 1945 he was in Counter Intelligence, completed service in Canada, England, France, Belgium, Holland, Germany ending up in his post at the time of the Potsdam conference in Berlin with Churchill, Stalin, and Truman.

After the war, Mr. Solomon started business in the photographic industry under the name of N.D.G. Photo Suuly Inc., and continued to give series of lectures to schools and youth and adult groups in photography. He is presently conducting classes at the Marionopolis Girls' College teaching photography as an extra-curricular activity in the school. Mr. Solomon also lectures and demonstrates eye movement photography, which is the analytical part of a reading program.

WRY to end on June 30

"World Refugee Year will officially draw to a close in Canada at the end of the month," David Owen, president of the United Nations Association in Montreal, said today. "Business firms and individuals who are considering donating are urged to send in their contributions before them if possible."

"The efforts of many suburban groups to sponsor refugee families and help get them settled has been most praiseworthy," declared Mr. Owen. "However, this sponsorship of refugees is practical for only a few communities and should not be confused with the broad attempt to resolve the refugee problem with financial assistance. In the interests of the Montreal public, it would be well to define these two separate levels of WRY operations. If the many refugees are to be rescued from the hopelessness of camp life and resettled in Europe and elsewhere, money is urgently needed."

Mr. Owen noted that a variety of activities were still in full swing. The round robin teas launched by Mayor Sarto Fournier in the Hall of Honor, as well as coffee parties and luncheons, have met with generous response. Many women are still initiating these events in which the hostess invites four guests, who carry on the chain with a contribution of one dollar from each.

Another activity popular with children and families is that of the austerity purses. They have been successfully filled by many school children and can be had upon request.

The Montreal public has responded generously to this one-time effort of the World Refugee Year Campaign, he said. There have been no canvassers. Requests for information and contributions should be addressed to World Refugee Year, 2130 Mountain street.

Four Westmounters were among the 3,000 students who received academic degrees yesterday at the 309th Commencement of Harvard University. Nearly 1,000 of these were young men just completing college, who received Bachelor of Arts degrees.

The four local students are: Louis A. Donolo, Jr., 307 Carlyle avenue, MBA; Richard O. Freedman, 658 Murray Hill, MBA; Gilda F. Hymer, 651 Lansdowne avenue, EdM; Jacek Makowski, 374 Clarke avenue, MBA.

The emotions of being a father...

The world is a scene of many changes. Every day fresh knowledge extends our horizons. New inventions create fresh wonders. New discoveries shape new opinions.

But some things are little affected by external changes. The emotions of being a father, for example, stay constant through the ages.

The hopes and fears... the wishes and apprehensions. The humbling realization that no other task in all the world carries with it so grave a responsibility, so rewarding a victory as that of being a father.

For where else does a boy look...

...for light which will lead to sure places for young feet to stand?

...for guidance through the great continent of the mind?

...for strength of will and love of goodness?

...for those words and teachings that will open wisdom's way?

...for a held-out hand, a haven in every sudden storm?

Where else but to a father, who knows that every son is a miracle, like daily light.

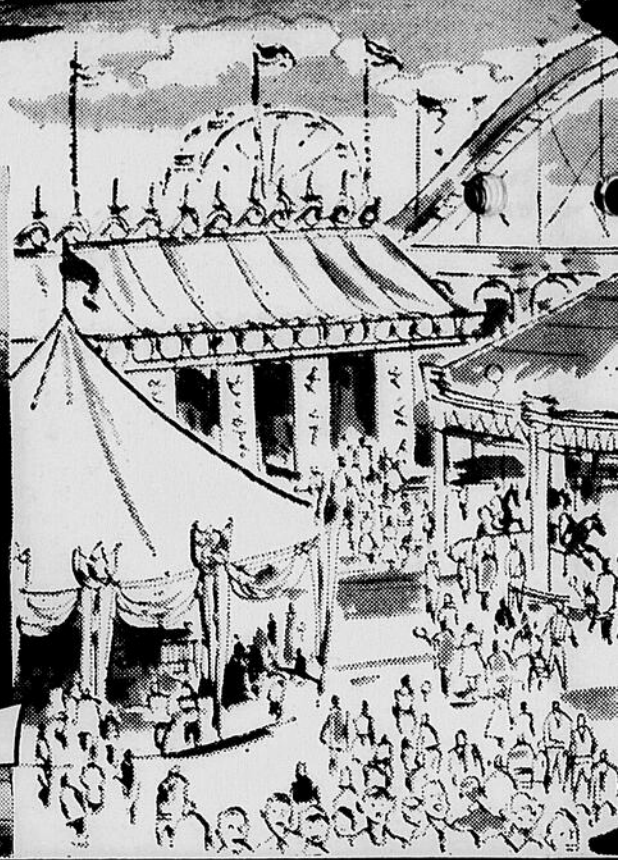

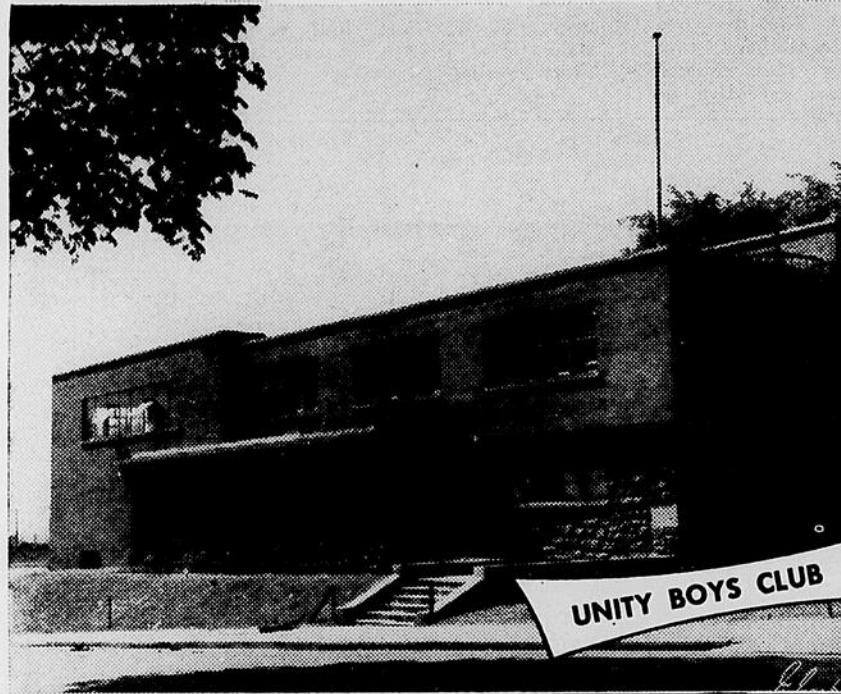

The emotions of being a father never change. They flow from well-springs deep within us, as old and changeless as instinct itself. More than anything else Fatherhood is guidance and wisdom — the wisdom of setting a good example in thought, in word, in deed. And one principle that surely deserves to be exemplified is the practice of Moderation in all things, including the use of whisky. It is this thought which The House of Seagram wishes to leave with you on this Father's Day, 1960. May it enrich your life with happiness, and your son's thereafter.

Catherine Booth Maternity Hospital studying expansion plans

TOUR OF INSPECTION: — Salvation Army and Catherine Booth Hospital officials discuss plans for the projected extension at the hospital with City Councillors Ross Davidson and George

Brown, NU candidate in N.D.G. Left to right: Dr. R. M. Parsons, medical director of the hospital; Brig. A. Dale, PRO; Brig. N. Jolly, administrator; and Brig. W. Ross.

A citizens' advisory committee has been set up to study the need for and the possibility of expansion of the Salvation Army's Catherine Booth Maternity Hospital, it was announced by top Salvation Army and hospital personnel.

N.D.G. Councillor Ross Davidson disclosed the need for hospital expansion was impressed upon Salvation Army officials a year ago by the hospital medical board, West End residents and councillors. A decision is expected in September.

Described as "old and overcrowded," the hospital, which is located on Walkley avenue, has a 64-bed capacity.

Dr. R. M. Parsons, Medical Superintendent of the Catherine Booth Hospital, said there was an apparent lack of space for the modern equipment needed for efficient hospital operation.

He added 2,700 patients were admitted in 1959 and the mortality rate was nil. "The only way to increase facilities is by taking more space," Dr. Parsons continued; "but this is not available."

"In a maternity hospital," he explained, "you must not only treat the patients for their condition, you must also be prepared to treat them for the complications which may arise from the pregnancy, such as a miscarriage." The doctor intimated such services require sufficient space and equipment.

Salvation Army Brigadier, W. Ross, stated an expansion program cannot go ahead without the green light from the advisory committee. He added, however, should the committee decide that a program of expansion is necessary, the Salvation Army will not be governed by the committee's decision but guided by it.

"Before committing ourselves to any definite statements on expansion," the Brigadier continued, "we will await the findings of the committee." He added the advisory group "may come up with any number of recommendations." Brig. Ross said the current study has a corporate stamp of approval and added the final decision will be made on corporate levels.

George Brown, member of the Board of Health and National Union candidate in the N.D.G. riding who was present at the meeting, stated that in the event that the need for expansion be established, he would seek grants from the Federal and Provincial Governments for the hospital program — if he is elected.

Contrary to public opinion, the number of unwed mothers in the Catherine Booth Hospital was placed at less than one per cent of the total number of patients admitted. Councillor Davidson stated the popular, though misguided, conception of the hospital was that it served only unwed mothers.

Museum Ladies' Committee reports active year

Chief source of revenue was the 'Fete des Fleurs'

The Ladies' Committee of the Museum was directly responsible for over 30,000 visitors to the Montreal Museum of Fine Arts, the members were told at the annual meeting held recently.

Mrs. Charles Taschereau, presenting the annual report of the co-chairman, noted that the Committee had six sources of revenue. Some 2,300 people were served at the Wednesday afternoon teas which were preceded by short lectures and gallery talks. Another source of revenue was the operation of a bar at the evening vernissages.

During the year six lunches were served and the chairman in charge of extra mural relations organized four receptions.

The chief source of revenue for the year was the Fete des Fleurs which in 1959 brought in \$8,429. More than 6,000 people attended. The annual dues from the active and associate members of the committee are the sixth source of revenue.

Total revenue for the year was \$12,608 from which the Ladies' Committee made several gifts to the museum. The sum of \$1,000 was voted for the purchase of books for the library, and \$1,500 was donated to the Art Centre. The committee also awarded a prize of \$500 for the best sculpture in the Spring Exhibition.

Another project was the Wednesday evening films which some 26,300 people attended. "The re-

sponse has been so great that we now have two showings an evening and have added a second projector, a slide projector and a portable mike to the Museum's equipment," Mrs. Taschereau said.

Seven "Collector's Choice" exhibits were arranged during the year from private collections in the city.

The Ladies' Committee also added a refrigerator, new cupboards, new dishes, cutlery and clothes to the kitchen and donated \$500 towards the equipment needed for the restaurant opened by the Junior Associates of the Montreal Museum in the Stable Gallery.

OFFICERS ELECTED

Mrs. Stirling Maxwell and Mrs. Antonio Cantero were elected co-chairmen for the coming year. Vice-presidents are Mrs. J. Archibald Hodgson, Mrs. Joseph Connolly, Mrs. Guy Panet Raymond, Mrs. Roger Beullac, Mrs. Leo Thibault, and Mrs. Bartlett Morgan. The honorary secretaries are Mrs. Malcolm McDougall and Mrs. Jacques Hebert and the honorary treasurer is Mrs. Heward Strikeman.

Head table guests at dinner meeting

The annual dinner meeting of the Concert Society of the Jewish People's Schools, will take place on June 15, at 7 p.m. at Desjardins.

Reports of the season's activities will be given by Mrs. Harry Baker, and a separate slate of officers for the coming year will be presented by Mrs. Hyman Singer. Mrs. Charles Balinsky will preside.

Amongst the head table guests will be Mr. and Mrs. Samuel Harvey, Mr. and Mrs. Harry Baker, Mrs. M. Dickstein, Mr. and Mrs. Hyman Singer, Madame Sarah Fischer, Mrs. Jacob Elkin, Mr. and Mrs. Charles Balinsky, Dr. Pauline Donalda, Dr. and Mrs. Wolfe Light, Mr. and Mrs. H. Pepper, Mr. and Mrs. P. T. Laufer.

Doctors gauge the success of cancer treatment by the number of patients who are alive five years after completion of their treatment. The best overall picture of improvement comes from the province of Saskatchewan where all new cases are registered. Recent figures from Saskatchewan (other provinces undoubtedly indicate the same trend) show that the five year survival rate of all cases is 53%. Ten years earlier it was 49%.

NEWLY ELECTED CO-CHAIRMEN of the Ladies' Committee of the Montreal Museum of Fine Arts are Mrs. Stirling Maxwell, left, and Mrs. Antonio Cantero, right. They were elected at the annual meeting recently.

Homes for colored children increasingly hard to find

Foster homes are urgently needed for 33 colored children who are wards of the Children's Service Centre.

Home-finding supervisor for the Red Feather agency, which has 1208 children in foster care, Mrs. Jessie Dorrien said that the agency faces a serious shortage of foster homes for colored children.

Mrs. Dorrien said the agency has no difficulty in obtaining suitable foster homes for white children but accommodation for colored children is increasingly hard to find. "We have on our lists at the moment a number of excellent homes—both colored and white—that take these children, but unfortunately not nearly enough," she noted.

Of the 180 colored children currently in the agency's care 32 are under two and 72 between two and six.

TEMPORARY CARE

Foster homes give temporary or long-term care for children separated from their parents by force of circumstances or awaiting adoption. All expenses are borne by the Children's Service Centre.

Urgently in need of a home at the moment, for instance, are Eddie, 5, and Peter 2. These children have been cared for since babyhood by Mrs. Gordon Smith, 1472 Hays street in Longue Pointe. Regretfully this year she must return them to the agency as she is taking an extended trip to England. "They are lovely children," says Mrs. Smith, who has been a foster mother on the agency's books since 1947, "very happy and easy to get along with."

Another child who is returning to the agency for replacement is two-year-old Johnnie. A big handsome child with a lively smile, he is advanced mentally. His foster parents are heartbroken that he is leaving them but, since he joined their family as a baby, they have had two children of their own. Now in their small apartment there is no room for Johnnie.

UP FOR ADOPTION

"Many of these children are adoptable but adopting homes for colored children are very hard to find," Mrs. Dorrien said. "For white children we have three possible homes for every child for whom we arrange adoption." For colored children, long-term placement in a foster home is frequently the only solution possible.

Mrs. Dorrien described many of the agency's colored children as "attractive and highly intelligent". Few find adopting colored homes, she said, because few colored families apply for babies. She credited the Open Door Society, an organization formed by white parents with adopted children of mixed racial background, for chalking up a new agency record in the first half of this year — seven negro children placed in adopting homes.

The Greater Good

If we could push aside, the gates of life,
And for each mystery, provide a key,
We might interpret what is meant by loss,
And then the greater gain, be made to see.

God's purpose, through the years, will be fulfilled,
It matters not, how deep entrenched the wrong,
There is no time for grief, — put sadness by,
New joys await, meet sorrows with a song.

Lost Weight, Looks 10 Years Younger

COBALT, ONT. "Seven weeks ago I started the Naran Plan and have lost an average of 4 lbs. a week since. I have lost 28 lbs. and it has not left me weakened or nervous. I can now work all day and still feel good. My friends say I look ten years younger and I feel that way too. I have taken off 6 inches around the waist.

I have recommended the Naran Plan to my friends and anyone who has had to give up on other reducing plans. With the Naran Plan you take the weight off where you want it to come off." F. A. Desjardins, Cobalt, Ont.

Don't let excessive weight tire you out, make you feel run down and older than you are. Your entire outlook on life will improve if you lose excess weight, you will look younger, feel younger and regain the enthusiasm that comes with good health. Why let anything as vitally important as your health and appearance be hurt by neglecting to lose excess weight. Try the Naran Plan today, it is sold on a money back guarantee. What can you lose? Nothing but weight.

EASTERN TOWNSHIPS

Norman L. Courey . . .

(Continued from page 6)

He said that by coming to Mayor Cushing at the signing of the Golden Book.

Then, Mr. Barrette expressed his appreciation for being received in "this elegant and distinguished manner." He called Mayor Cushing "an old friend of mine."

The premier said he had been visiting the province from east to west and north to south during the electoral campaign, "and I looked forward to this visit as soon as it was decided. Westmount is indeed a beautiful and distinguished city."

He said that during his provincial tour, he had had an occasion to hear the views of all classes of society and to express his own.

Referring to Mr. Taschereau's visit in 1921, he said: "The party I lead is made up of the best elements of his party and the Quebec Conservative party."

The National Union, he said, is "really the spirit of the day. It is fitting that it should be so, for we are trying to accomplish our duty, and do the best pos-

sible for everyone."

Westmount City Hall, he was paying his respects to all the citizens of the community as well as to its leaders.

Before leaving City Hall, he met a group of distinguished citizens waiting in the ante-room.

At Victoria Hall, hundreds of people waited inside the building as well as on the steps.

Mr. and Mrs. Hayes greeted the Barrettes.

On the stage, in a brief address, Mr. Hayes declared:

"I'm Antonio Barrette's candidate and I'm proud of it."

He repeated this in French and someone in the audience shouted: "Tres bien dit."

Mr. Barrette, speaking in English for about 20 minutes, said he was pleased to be back in the centre of the province.

"I am pleased to be at the side of my good friend Murray Hayes to tell you that I need him as your representative because he knows the needs of Westmount and metropolitan Montreal."

"I ask the people to give him their support, to delegate him

to Quebec. I may say that I personally asked him to be my candidate."

Mr. Barrette estimated that he had met about 200,000 people during the past six weeks.

"I know the needs of all the regions of our wonderful province," he declared. "And I think Greater Montreal and Westmount-St. George should be represented in the provincial government by a member of the government, rather than by someone opposed to the provincial government."

"I think everyone agrees," he went on, "that the National Union government will be returned to power. Then, why not send a representative who will work with the government, a man who will express your thoughts and your needs. It is important not only for you but for the entire province."

Mr. Barrette said he is trying to "bring in something new in the political climate of the province."

Speaking of his recent trip to Toronto, where he was the first Quebec premier to address the Ontario Legislature, he said Ontario and Quebec "had always been" partners and friends, even when we didn't know it.

"We cannot be separated by barriers," he affirmed.

"Why not give me a man I need," he said. "Nobody will regret having voted for the National Union."

"We will have a clean government. Those who practised mud-slinging in the last few weeks will regret it. They'll be thrown out and that sort of thing will become a thing of the past in Quebec."

He said his government's achievements of the last session alone were sufficient to warrant its reelection.

"I negotiated with the federal government — I didn't go to Ottawa with a chip on my shoulder — and I settled by new methods an old problem that everyone regretted," he went on. "As a result, \$25,000,000 has come to Quebec to aid our universities."

"We also have an additional \$10,000,000 by reclaiming part of the corporation tax from Ottawa."

"Indeed, there is a new atmosphere and there are new methods. To go along with this, I need new men like Murray Hayes."

"He is a man of wide experience. He is the man who is

capable of expressing your views. He has taken a major part in municipal and metropolitan government."

Discussing other facets of his legislation, he said money had been voted for school and public libraries, better salaries for teachers, better pensions for teachers, \$35,000,000 to school boards and school commissions.

"It has been called the session of education," Mr. Barrette went on. "It could also be called the session of agriculture, the session of labor relations — in fact, it covered every walk of life. We did more for all classes in the last session than in the past decade. It was a special session for every class of the population."

He said he had had no ambition to become premier of Quebec. He had been in public life for 25 years and felt he had done his share. He had accepted the post of "enormous responsibility" because he had been asked to do so un-animously by the members of the provincial parliament — "your spokesmen."

"I have tried to give Quebec something fresh, something new."

"We will have honest and sane government, and those who are not honest will not stay in the government."

"We want the ministers to be in a house of glass and we'll take the means to do this."

"During my tour, I have thought of many improvements that could be made. They will be made. The people will be able to have full confidence."

After the address, Mr. Barrette spent about a half hour meeting the people individually.

Splendors of . . .

(Continued from page 8)

colored tomato sprinkled with spices.

My final conclusion?

1) The lamb was not quite as soft as mother's; 2) the rice with its exotic tang, and the peas, went down quite well; 3) the potato I ate from a sense of politeness, but I could not be induced to touch the cauliflower which I have never found palatable; 4) the spices were not as hot as I had anticipated and 5) the sauces were not quite as liberal as those mother doles out.

And so, having completed my adventure in this one-faceted simile of exotic India, I paid my bill and headed home for some of mother's lamb chops and quite unequalled sauce.

YM-YWHA plans Urban Camp at Shaare Zedek

The opening date for the YM-YWHA of Montreal Urban Camp is rapidly approaching. To meet the great demand, the Camp's capacity has been increased and because of the movement of young families to the Western districts of Montreal, several extension camps have been opened, one operating from the Shaare Zedek Synagogue building at 6805 Chester.

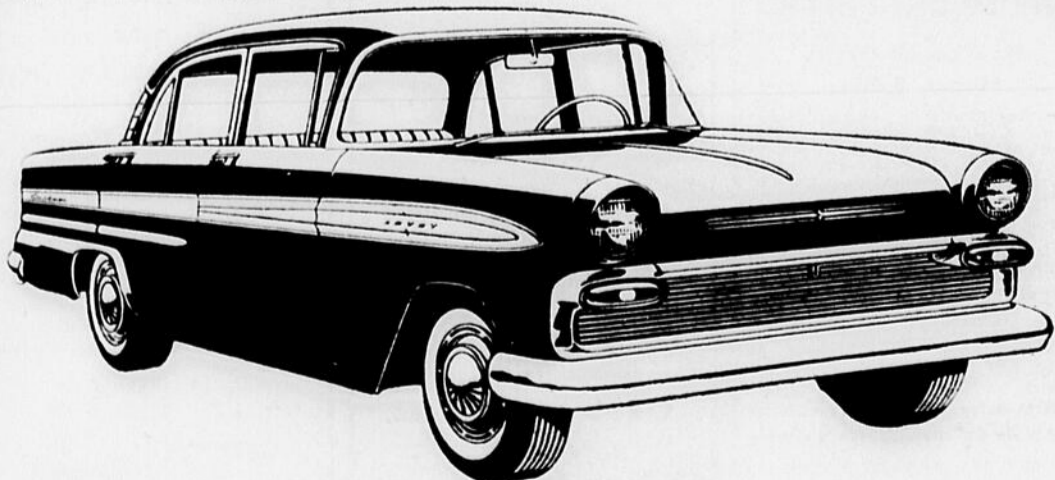

These camps are an extension of the "Y" Urban Camps and the same excellent programs and standards are observed. YM-YWHA personnel direct the camps, and staff hiring and programming is directed and supervised by the experienced camp directors of the YM-YWHA Urban Camp.

The Urban Camp has a most important function. Keeping city-bound youngsters happy and profitably occupied through the summer months is a problem almost impossible to solve on an individual basis. Children require playmates, organized activities, intelligent direction to develop their potential interests and lead their energies to safe, wise outlets. The "Y" Urban Camp provides this group leadership.

There are still some places available at the "Y" Shaare Zedek Camp and detailed information may be had by phoning Mrs. Rosenberg at KE. 7-6551.

Ontario, Quebec bowlers annual match at Lachine

The Province of Quebec Lawn Bowling Association will be the host to the Provincial Lawn Bowling Association of Ontario, Saturday, June 18, on the occasion of the 11th Inter-Provincial Goodwill Match, which is to take place at the Lachine Lawn Bowling Club.

The goodwill match, which takes place annually, was inaugurated in 1950 by H. C. Argue, then president of the Provincial Lawn Bowling Association of Ontario. Last year, the match was held in Ottawa.

Mr. Argue, who is widely known in lawn bowling circles as Cliff Argue, when presenting the Trophy

at the first match, which was held at the Verdun Lawn Bowling Club, stated:

"It is my wish that the hopes, aims and aspirations of each province will be cemented by mutual understanding from friendly meetings on the green. It is predicted that Canada is a nation that holds a great future. Where Canada is concerned the best is yet to be. Meeting on the green will help to assure this future."

The Ontario Association, comprising six teams of four men each, will be headed by its president W. LeBarr, Toronto, and the Quebec delegation by John Henderson,

Mr. LeBarr will be accompanied by W. D. Connor, Hamilton, president of the Canadian Lawn Bowling Council, controlling body for lawn bowling in Canada; Harry C. Baillie, past president of the Ontario Association, and Ray R. Knight, Hon. secretary-treasurer, Ontario Association.

J. G. Brodie, vice-president, and O. T. LeBlanc, secretary-treasurer, both of the Province of Quebec Lawn Bowling Association, will be in attendance, as will James S. Riley, vice-president of the Canadian Lawn Bowling Council.

The time table: 1:30 p.m. — Players to assemble; 1:50 p.m. — Opening ceremonies; 2:00 p.m. — Commencement of play, 21 ends; 4:00 p.m. — Refreshments of play; 7:00 p.m. — Dinner; 8:30 p.m. — Social evening.

Kinsmen benefit ball tilt on June 22

The third annual Kinsmen benefit fastball games, featuring the Montreal Canadiens, will be played at Delorimier Stadium Wednesday, June 22, at 8.00 p.m.

This year the NHL Stanley Cup champions will renew an old rivalry when they take on the Big Four Alouettes. Proceeds will go to retarded children fund.

Doug Harvey, who has devoted much of his spare time over the years in helping the retarded children, is the guiding force behind this fastball game.

He announced that Toe Blake would coach the NHL Canadiens fastball crew.

Blake has an unblemished

record in games played against the Als. The Habs have beaten the local Big Four club twice in two contests.

Harvey said that he will have 14 or 15 players from the Canadiens regular lineup. The Habs have always fielded a potent fastball club. The Canadiens have started their workouts.

Harvey also stated that many surprises have been planned for the contest. There will be valuable door prizes.

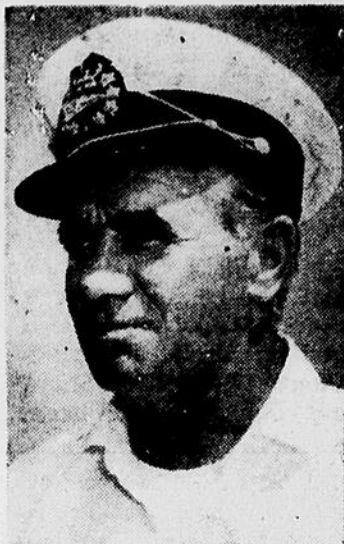

Tickets are on sale at various outlets throughout the city. They can also be picked up at the ball park or Forum box office.

Chats open '60 paddling season Saturday, June 18

THE opening Eastern division, Canadian Canoe Association regatta is slated for Saturday afternoon at Chateaugay starting at 12 noon.

Most of the clubs report good progress at their training sessions but the eyes will be upon Cartierville Boating Club who have set the division afire for the past two years, winning the National twice.

Other clubs such as Grand Trunk, Otterburn, even Lachine,

W. J. (Bill) Colligan
... division commodore

Three Rivers and the host club, Chateaugay have many juveniles, young paddlers with not more than two years under their belts, but will put up a good fight against the strong and healthy carts.

Next week, Monday and Tuesday, at Otterburn Park, the Otterburn club will be hosts to the division Olympic trials in four classes, single and tandem Canadian boat and single and tandem in the kayak.

The winners will move into Ottawa a week from Saturday and compete with the best in the Dominion for a chance to make a berth on the Canoe team for the Summer Games at Rome in August.

Mount Royal tourneys take over in June

A heavy schedule of events are planned for the Mount Royal Tennis Club, Grey avenue for the balance of the month of June. The mixed double tournament which opens Friday, June 17, will see its final played, June 19.

The swimming pool is now open and lesson will be given by Mike Yull.

A new system of court booking is now in operation. Instead of only being able to play one set at a time, irrespective of its length, members will now be allowed to play a full half hour.

In addition, as an experiment, the old court priorities for singles and doubles have been cancelled, which means that neither doubles or singles have advantage over each other in the booking of courts. The priorities under the old system for the club professional, tournament players and juniors will however, still hold good.

Members are requested to make up doubles as much as possible at times when the courts are heavily booked.

With \$19,000 at stake Canada's finest trotters in special BB race on Sunday

The finest trotting field ever assembled in Canada has been lined up for a special invitation race at Blue Bonnets Raceway this Sunday afternoon, June 19.

The race, to be known as the Continental Trot, will be for a purse of \$15,000 and will feature the best trotters in the business from both the United States and Canada.

In releasing the list of starters, racing secretary Lucien Bombardier said the field reads like a who's who of the trotting world.

Representing the United States will be Senator Frost, Trader Horn, Darn Safe, Steamin' Demon and Silver Song. The Canadian starter will be Tie Silk and two other horses to be selected within the next few days.

Senator Frost is a five-year-old horse considered by many

horsemen to be the best trotter in the world at the moment. He has won six of 10 starts this year and earned close to \$50,000. Last season, he amassed \$80,775 and spun off a mile in 1:57.3 at Hollywood Park. Dick Buxton is his driver.

Trader Horn is already well-known to local fans. Winner of \$144,419 last year, this eight-year-old horse still holds the track trotting record at Blue Bonnets. He set the mark of 2:02.3 in 1957.

Trader Horn has rated as one of the United States' finest trotters for the past several years. Last season, he represented the U.S. in the first International Trot at Roosevelt Raceway in which he finished third to the French sensation, Jamin. Bill Houghton will handle him.

Darn Safe is a nine-year-old

horse owned by the Hayes Acre Farm of DuQuoin, Ill. This veteran campaigner holds the Canadian mile trotting record. He turned the trick at Montreal's Richelieu Park with a 2:01.2 performance. Del Miller is his regular driver.

Steamin' Demon and Silver Song made the racing headlines only last Friday night at Yonkers Raceway in New York where they finished in a dead-heat in world record time. The pair was caught in 2:02.4 in a race where Senator Frost finished fifth.

Steamin' Demon, a seven-year-old horse, holds two world's records for double-gaited performers. On a mile track, he paced the distance in 1:58.4 at Lexington and trotted in 1:59.4 at Inglewood, Calif., for a combined record of 3:58.

AT SOUTH LANCASTER, the fish were biting. Reports were good on Friday evening and all day Saturday. Dore, bass, pike and plenty of perch. You caught them on the troll, casting and still fishing. The weather was good. Cool evenings and early morning but hot mid-day. The water was just right, not rough as Lake St. Francois is known. Dore we got none, but saw many good catches. Pike, bass and perch our bag along with the son. For awhile the son was ahead of the old man. In the evening he had five perch against our two.

Dan Flaro, owner Dan's Place as you proceed over the bridge on the way to Cornwall is the center for most fishermen. There was not a boat to be rented by 10 in the morning on Saturday. With one of Dan's boats and a rented 5½ Johnson we moved out from Dan's wharf about 7.10 a.m. We never touched land until around two, but called it a weekend at four. It seems that fishing was good from other points as well. Scotty Bowman, who made up this trip had to head for Ontario for a hockey meeting, but another is planned for the summer before he hits for hockey training camps.

was never seen on the Lake on Saturday.

Chic Fitzhugh is still a resident of Lancaster, where he is in the transport business and is tied up with the local garage. He tells that Howard Fuller is the manager of the Cornwall unemployment office. Chappy Fuller is somewhere in Toronto. Jerry Marcoux, a summer citizen of Lancaster was seen in town on Friday night, but raced home to take in the fight on TV, but
