MENNONITES TO GO TO PARAGUAY

Option On Three Million Acres Of Land There Is Obtained

Winnipeg, July 16.—An option from the Government of Paraguay on 3,000,000 acres of land in that country has been obtained for Mennonites who wish to emigrate from Canada and the United States, according to information received here from Fred Engan, a Minnesotan acting as a representative of the sect.

It is also declared that the Paraguayan Government on Friday passed a law exempting sons of the Mennonites from military service. The territory upon which an option has been granted has been visited by representatives of the Mennonites. At present it is inhabited by Indians and some portions of it have not been visited by the whites since 1855 when the Spaniards crossed from Buenos Aires.

The Mennonites' representatives say they intend to build ships and obtain an outlet for their produce through the Paraguay River.

It is reported that they are backed by the National City Bank of New York.

SECOND TRIAL SAW "NOT GUILTY" VERDICT

O. Gaius Steeves Discharged After Jury Had Deliberated For Over Hour

Moncton, N.B., July 17.—After deliberating one hour and eight minutes, the jury on Saturday in the second trial of O. Gaius Steeves at Hopewell Cape, before Chief Justice McKeown, charged with the murder of his wife, Lucy Steeves, at Pine Glen, Albert County, on February 15 last returned a verdict of not guilty. The accused was thereupon given his freedom, the jury discharged and court adjourned.

The Weather.

Toronto, July 17.—Pressure is lowest to-night over the Upper Lake region and no where much above the normal. Rain has fallen in many parts of the Western Provinces and thunderstorms have occurred over Lake Superior and at a few places in the Ottawa and St. Lawrence valleys.

STEAMER BROKE RUDDER CHAIN IN THE RAPIDS

C.S.L. Rapids King Laying Disabled In Long Sault Rapids

LANDING PASSENGERS

Work Being Accomplished By Means Of Boat Attached To Cable

Ogdensburg, N.Y., July 17.—Passengers were being landed slowly today and to-night from the steamer Rapids King of the Canada Steamship Line, which was disabled in Long Sault Rapids in the St. Lawrence River yesterday. Because of the dangerous current the passengers were being taken off in a small boat attached to a strong cable at the rate of only twenty an hour. It was not expected early to-night that the work of rescue would be completed until after midnight as the steamer had on board 380 passengers and a large crew. No lives have been lost.

The accident, said by old river men to be the first of its kind in the Long Sault rapids in more than fifty years, occurred yesterday afternoon when the Rapids King, bound from Prescott, Ont., to Montreal, broke her rudder chain. With much difficulty the crew, by means of the tiller, managed to beach the vessel 75 feet from Barnhardt's Island.

When the rudder chain broke the steamer had just passed through what is known as the "Cauldron" of the rapids.

The current was so strong that it was estimated at sixteen miles an hour and the big boat was turned completely around and a hole torn in a forward compartment before she was beached. The steamer listed slightly to starboard.

Captain Batten of the Rapids King, one of the oldest pilots on the river, had a small boat launched with two sailors as companions and personally undertook to make a landing and send for relief. Persons aboard the steamer, shrieked as the tiny craft was tossed about by the eddies but finally a safe landing was made on the Canadian shore. The wreck was at a point partly inhabited and it was not until late in the evening that the news of the accident reached here.

Passengers Panic-Stricken

Passengers, the majority of whom were tourists, including several newly married couples, were thrown into a small panic when the accident occurred. Captain Batten and members of the crew, assisted by two Sisters of Charity who were passengers, were prompt to quiet and reassure them.

Passengers spent an anxious night and few even attempted to procure any sleep.

At a late hour several large searchlights were arranged on shore and played on the stranded vessel. The same lights were used to-night in assisting the work of disembarking the passengers.

As soon as word was received that the steamer was in distress farmers for miles around hurried to the scene and attempted to reach the vessel by small boats but their efforts were unsuccessful. Late last night, a line was thrown from Barnhardt's Island aboard the steamer and a heavy cable stretched from the ship to the shore. Work of rescue began at 8 o'clock this morning.

Lifeboat On Cable

A lifeboat capable of holding 7 passengers, the captain and two members of the crew, was attached to the cable, the boat then was hauled ashore by twenty men and then back by a winchless aboard the steamer. Not more than three days an hour were made and for a long time Captain Batten insisted on making every trip.

At the point on the Island where the landing was made shore line is so precipitous that it was necessary to cut steps in the bank and erect a temporary landing.

As soon as passengers were landed on the Island, which is about six miles long, three wide and uninhabited, they were taken by automobiles to the lower end and ferried across to Cornwall, Ont., where some boarded the Rapids Queen, a sister ship to the disabled boat, but the majority apparently preferred to complete their journey by rail.

The Rapids King, which representatives of owners said today would be abandoned, was built especially for use on the St. Lawrence and running the rapids. She had a wide beam and a small draught and was equipped with powerful engines. The steamer was a three decker and built to accommodate 400 passengers and a large crew.

Hundreds of persons in this city which is about thirty five miles from the rapids, motored down the United States side of the river today in an effort to view the wreck. Newspapermen who made the trip by motor boat narrowly escaped drowning when the engine stalled while in the rapids.

Proceeded Under Own Steam

Cornwall, Ont., July 17.—The Canada Steamship Lines vessel Rapids King, which lost control of her steering gear Saturday afternoon and was driven on the rocks of Barnhardt's Island in the Long

JAPAN TODAY IS EMPIRE DIVIDED ON CONFERENCE

Bureaucrats Fear Anglo-Saxon Domination, Liberals Urged Participation

COUNCIL PESSIMISTIC

Invitation To China Regarded As Evidence Of Secret Purpose

Tokio, July 16.—Japan today seems an Empire divided on the great issues created by the summons of President Harding to a conference on a disarmament and Far Eastern problems. On one side, largely in the ranks of the bureaucrats, there is fear that the proposed conference will be dominated by the Anglo-Saxons and may result in strangling Japan's political and economic development in Asia.

On the other side is a powerful Liberal group, which demands that Japan enter into the deliberations fearlessly, submitting her wants resolutely, combatting for them with confidence and not opposing just claims. Hagglings and bickering, they insist, will ruin the cause of Japan.

Both camps agree that Japan is facing a crisis, requiring tact and largeness of vision. Many members of the Privy Council, according to the well-informed Chugai Shogyo Shimpo, are pessimistic about the conference; they contend that the proposal to discuss problems and policies of the Far East indicates cooperation between the United States and Great Britain in an attempt to settle international questions favorably for themselves, an indication of which was to be seen in the attitude of the English toward the Anglo-Japanese Alliance.

The invitation to China to join in the conference, it is further urged, is additional evidence in support of the theory of a secret purpose on the part of the Anglo-Saxon nations in calling the conference.

They argue that China doubtless will strive, with the support of Great Britain and the United States, for settlement of questions in her favor realizing in injury to Japanese interests in China.

The Councilors are quoted as saying:

"Japan should make participation conditional on the settlement of all questions between Japan and the United States including opening the economic door of all territories in the Pacific to Orientals."

EX-SERVICE MEN'S AND UNIVERSAL DISARMAMENT

Views Will Be Placed Before Washington Conference If Suggestion Acted Upon

Ottawa, July 17.—The views of the 7,000,000 ex-soldiers and sailors of the British Empire on the question of universal disarmament will be placed before the proposed Washington conference if a suggestion from the Dominion command of the G. W. V. A. is acted upon.

The proposal is that Field Marshal Earl Haig, president of the British Empire Service League, should clearly place before the Washington representatives that the ex-service men are in favor of disarmament consistent with the provisions for the defence of the Empire in case of emergency. The suggestion that the views of the veterans should be presented to the British representatives to the Washington conference was first put forward by David Lough, an editor of the Veteran, who cabled Earl Haig.

BRITISH STEAMER SANK

London, July 17.—A despatch to Lloyds from Kustendje, Rumania, says the British steamer General Turner, bound from the Danube to Rotterdam with grain and cattle, struck a mine on July 13 off Gallak and sank. The members of the crew were saved.

BRITISH STEAMER SANK

London, July 17.—A despatch to Lloyds from Kustendje, Rumania, says the British steamer General Turner, bound from the Danube to Rotterdam with grain and cattle, struck a mine on July 13 off Gallak and sank. The members of the crew were saved.

Southern Rapids, St. Lawrence River, about ten miles west of Cornwall, was gotten off the rocks at 6:30 this evening and went down the river under her own steam.

All of her 325 tourist passengers were removed from the ship by the middle of the afternoon. They had been detained on board the vessel from the time she ran aground.

When the passengers and baggage had been removed it was found that the boat could be worked off the rocks and she was safely turned around. The steering gear had been fixed during the day.

The damage sustained by the ship was not ascertainable today but it is presumed not to be great. Most of the passengers were from the United States and were bound for Quebec and the Saguenay.

DISCUSSIONS IN LONDON WILL BE RESUMED TODAY

Lloyd George And De Valera To Meet In Downing Street

NO TRIANGULAR MEETING

Member Of De Valera Party Says Such Reports "All Moonshine"

London, July 17.—The discussions between Lloyd George and Eamon De Valera with the object of finding a basis for a general conference on the Irish situation will be resumed to-morrow. It is probable also that Sir James Craig, the Ulster Premier, will confer with the Prime Minister.

But whether Mr. Lloyd George, Mr. De Valera and the Ulster Premier will meet together for a general exchange of views, is not known. A spokesman of the Sinn Fein has said that this is not possible as the head of the Ulster Government is considered by Mr. De Valera as outside the pale of the present negotiations so far as the representation of Southern Ireland is concerned. This has been the quietest week-end in Irish annals since January, 1919, when the extremist Sinn Fein campaign began.

There was no hint of disorder, even in Belfast, where, according to the Associated Press correspondent, Colonel Duffy Republican liaison officer for Ulster has put a stop to Sinn Fein activities. Troops, however, are still patrolling the streets and the police are carrying revolvers.

A New Manifesto

The Prime Minister spent Sunday at his country residence, Chequers Court, where it is presumed, he was in consultation with members of his Cabinet and other advisers. The Irish Republican leader, who had a comparative day of rest, issued a new manifesto, insisting upon adherence to self-determination. In his declaration he says:

"I have made no demand but one, the only one I am entitled to make. That is that the self-determination of the Irish nation shall be recognized."

Mr. De Valera has already said that as he had received a mandate for a Republic from the Irish people he could not withdraw from that position unless so instructed by the people themselves. It is considered possible that he may receive the Government's proposals, modified by his own views, conditional on their submission later to the Irish people for either decision.

When he attended mass at Southwark Cathedral today the Republican leader had another ovation at the hands of Irish sympathizers.

No Triangular Conference

Newspaper statements of a triangular conference between David Lloyd George, Sir James Craig and Eamon De Valera to be instituted probably to-morrow, were characterized today by the spokesman for the De Valera party as "all moonshine."

He added that such reports might completely be disregarded.

Asked whether this statement meant that the time was not ripe for such three party discussions the spokesman said: "I don't wish to say that for it would imply that the time might become ripe, and we don't know that it will. We do not know what Sir James Craig is doing or what he may do. The British Government is dealing with him."

The Catholic members of the delegation, including Mr. De Valera, attended high mass today at the Southwark Cathedral, where there was a large congregation. The Protestant members of the party, including Erskine Childers, Mr. Robinson and Robert Barton, attended morning services in St. Paul's Cathedral and then the entire party went to Nazareth House, where Archbishop Mannix of Australia stayed during his visit to England.

There they were shown round by the principal. After luncheon they motored into the country.

Entirely Problematical

"We are expecting word from Downing Street to-night announcing the time for to-morrow's meeting between Mr. De Valera and Mr. Lloyd George," said one member of the De Valera party. "What will happen afterwards is entirely problematical."

Mr. De Valera this evening issued the following statement: "The press gives the impression that I have been making certain compromise demands. I have made no demands but one, the only one I am entitled to make. That is that the self-determination of the Irish nation shall be recognized."

The issuance of this statement is believed to have been directly due to reports in Paris and London claiming authority for the statement that Mr. De Valera was shelving the independent Republic claim on the understanding that he would be offered what was termed "a practical equivalent." Exactly what equivalent was meant was not explained.

City Farmer—Indeed? Why my poultry book says emphatically to set them in a dry place.

GOVERNOR OF METZ IS DEAD

General De Maudhuy Had Brilliant Record In Recent World War

Paris, July 17.—General L. E. De Maudhuy, military governor of Metz died yesterday.

General de Maudhuy was born in Lorraine. As a child he witnessed the capitulation of Metz to the Germans and thereafter consecrated himself to the task of aiding in the restoration of his province to France. At the age of 14 he left Lorraine for France, entered the St. Cyr military school at seventeen and graduated at twenty among the first of his class.

At the outbreak of the war he was in temporary command of the 16th division at Dijon, forming part of the Eighth Corps and the armies of Lorraine. He marched on Sarrebourg, personally led a night attack upon the heights dominating Biarron and entered Sarrebourg on August 18, 1914. The second army under General De Castelnau marching on Morhange having been obliged to retire, the division of General Maudhuy was obliged to follow, but retreated only under formal superior orders. His masterly conduct of this retreat and his successful execution of orders to throw the Germans back across the Mortagne during the battle of the Grande Couronne de Nancy, earned him the command of the Eighteenth Army Corps, at the head of which he faced the Germans in the Battle of the Marne. On September 29 he was called to the command of the tenth army and between October 2 and 10 his men checked the attack of five German corps and permitted the movement of the British troops toward the North in the race of the belligerents to the sea.

Among the best known exploits of the tenth army while under General Maudhuy's command was the capture of the heights at Notre Dame de Lorette, dominating the industrial center of Lens.

EIGHTH ROUND OF CHESS TOURNAMENT COMPLETED

Atlantic City, N.J., July 17.—Three contests adjourned yesterday from the eighth of the chess masters tournament, were concluded to-day. I. S. Turover, Washington, defeated N. T. Whitaker, Baltimore after 46 moves. David Janowski, champion of France and M. D. Hago, Washington drew after 44 moves. E. S. Jackson of Philadelphia and V. Sourin, Washington, drew after 36 moves.

Charles Jaffe of New York leads with six points while Janowski has 5 1-2 points and Whitaker and Samuel actor, Chicago, each five. The ninth round will be played to-morrow.

FIVE INJURED AT TORONTO

Toronto, July 17.—Five persons were injured yesterday afternoon when a westbound Lake Shore electrical radial car, crowded with passengers, derailed at a rather sharp curve on the Lake Shore.

VERDICT OF DEATH FROM NATURAL CAUSES

An inquest was held on the body of an eight-year-old boy named Leopold Maheux, at Laval, on Saturday by Deputy Coroner Bedard, a verdict of death from natural causes being returned.

TEMPERAMENT IS BIG OBSTACLE

Individual Americans Trying To Help Russians Often Give Job Up

Constantinople July 17 — The Russian temperament is proving a serious obstacle to American and other relief and charitable organizations here. Individual Americans trying to help Russian refugees often give up in despair.

The Russian may be described as money blind. He is careless with his own money and with that of others. Thousands of Russian refugees arrived here with plenty of gold money, furs, jewels and valuable values. Without a thought for the future, they lived for a time in the best hotels until the money was exhausted and the valuables pawned.

Then the hotel proprietors asked them to leave and they went cheerfully to live in a squalid back-street, not only expectant but confident that the Americans or some other good souls would care for them. And often it is done.

One of the tragedy-comedies of the foreign colony here is the story of the attempt of a Russian general to get his seven daughters to Paris. Dozens of persons have spent much time and money in his effort and so far three of the daughters are here and starving. The father has himself spent 75,000 francs trying. The general, a good and capable father, got himself as far as Paris through the kind offices of the United States Council General Moser, then in Tiflis.

In Paris the father mortgaged his estates for 100,000 francs and sent 25,000 francs to his wife and seven daughters to join him. They got as far as Constantinople, bought a lot of new dresses, attended the season's dances, loaned the rest of their money to needy friends and asked father for more.

The general sent another 25,000 francs and after various difficulties about passports, the mother and four of the daughters departed. New loans and expenditures made it impossible to take three of the daughters. Another 25,000 francs was sent to the three daughters by the father through a Russian general who pocketed it, or thoughtlessly spent it, and the daughters are still here, their clothes held for board and lodgings and they and their family in Paris are cheerfully waiting until the American relief organizations do something about it.

A certain baron member of the Imperial Guard, 11 times wounded during the war, was all but adopted by a Chicago dentist who met him in Russia. The latter arranged for his passage to the United States, sent funds for travel expenses and waited. The handsome baron pocketed the funds and turned up at the American Embassy within a few days describing how his pocket had been picked. A cable was sent the dentist and fresh funds arrived. These funds were dissipated and still the baron did not sail. He is now waiting more funds from Chicago.

An American navy officer on station here was told by his Russian friends of their difficulties with the cruel landlord who was about to eject them. The dinner was splendidly served, including champagne. The landlord had to renew his threats, but in vain. The rent money had paid for the dinner.

All Americans here love the Russians and do much to help them but those with experience, have ceased making heavy sacrifices to do so. The incurable optimism of the Russian leads him to build air castles and into foolish acts that have to be paid for in cold cash. When his optimism is exhausted, the Russian is so pessimistic he takes to the river. Many young men have committed suicide here. Their families in France and England and Italy send them money to join them, they spend the money for champagne or silk socks, or what not, and when the money is exhausted they shoot or drown themselves.

The devotion and the childlike cheerfulness of the Russian women here is a source of constant wonder to Americans. Many of them have forgotten they are countesses or princesses and gone to work. Their charity to one another surpasses belief. They will pawn their last jewel to help a friend. The correspondent found one woman selling her eyeglasses to help a friend, and doing it without thought of making a special sacrifice.

ASPIRIN

"Bayer" only is Genuine

Warning! Take no chances with substitutes for genuine "Bayer" Tablets of Aspirin. Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuritis, Rheumatism, Diarrhea, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoacetic acid ester of Salicylic acid.

MANY STILL OPERATING.

San Juan, P. R., July 16.—There are 10,000 adults in operation in the island, in violation of the Volstead act and local laws, in the opinion of the prohibition director's staff. This opinion is substantiated by a recent statement of Antonio R. Barcelo, president of the Senate. The prohibition director's office holds that so long as light fine and sentences are imposed, rum-making in the island cannot be suppressed.

It Took All the Grit Mason Had To Stick It Out

"Every time I go out on a run now, I feel thankful to Tanlac for I'm convinced it kept me on the job," said William W. Mason, 1924 McClellan St., Philadelphia, for the past nine years a motorman for the Rapid Transit Co.

"I had stomach trouble in a bad form for three years and was going down hill fast. Nothing I ate agreed with me and after every meal I was sure to have heartburn, dizziness and sometimes awful cramps. I got in such a nervous condition my hand shook like a man with the palsy and at nights my sleep was broken and restless. In the mornings I felt so miserable I used to dread the time to come for me to take out my car and it took every ounce of grit I could muster to stick until quitting time. Finally I got so weak and was so discouraged I was ready to give up."

"This was my condition when I started taking Tanlac and I owe all my present good health to this wonderful medicine and to nothing else. The first thing it did for me was to whet my appetite and I soon found I could eat anything without fear of bad after-effects. It's a fact, four bottles made a new man out of me. My nerves are quiet, I sleep like a log and wake up in the morning feeling fine. Then I eat a big breakfast and go to work whistling like I used to long ago. If people knew Tanlac like I do the clerks in the drug stores couldn't wrap it up fast enough to supply the demand. It's great."

PRACTICAL JOKE ENDS IN CELL

American Started To Roll Telephone Cable Bobbin Down Hill In Paris

Paris, July 17.—Sigmund Thayer, 24 years old, nephew of Mrs. Van Rensselaer Thayer of New York, and holder of university honors in both the United States and England, is in the hands of the police as a result of the climax last night of what was intended to be a practical joke while he was with some friends in Montmartre.

After spending the night in a cell, Thayer was released today provisionally, pending the outcome of the injuries sustained by a cafe waiter who was an innocent bystander when Thayer started a half ton telephone bobbin rolling down the Rue des Trois Freres.

Out to See Sights.

Thayer had been stopping at the Hotel Burgundy for several months, and has engaged more or less in journalistic work in Paris for the last two years. Ordinarily a serious youth he accepted an invitation from friends to investigate the mysteries and beauties of the Montmartre district. When he party reached Rue des Trois Freres Thayer noticed an innocent bobbin at the top of the incline.

The young man's pent up spirit, sought a joyful outlet. While his companions stood laughing, Thayer was said to have kicked away a stone which held the bobbin in place, and with a mighty effort started it careening down the hill. Two hundred meters down was a cafe with crowds of patrons sitting drinking on the terrace. They scattered in all directions before the huge wooden bobbin crashed into the entrance smashing the plate glass windows and splintering the tables and chairs.

One lone waiter was floored and one of his legs so badly crushed that he had to have hospital treatment. Thayer, taken to the Montmartre police station was unable to furnish a sufficient explanation for his act.

Taken to Prison.

He was forwarded to the Central Prison, while his "previous record" was investigated. Meanwhile the injured waiter had been ordered to take a complete rest with medical treatment for a fortnight at the end of which time Thayer will be made to understand that the Montmartre police will not stand for practical joking.

When the police sought Thayer's companions they had disappeared, but the bobbin today was still where it stopped at the cafe entrance.

THE NEW EXCUSE.

Horried Old Lady (sympathizing with crippled beggar)—Mercy sakes! How 'd you ever happen to become so disabled?

The Object of Her Inspection (good naturedly)—I ran me legs off, mum, lookin' fer 'n apartment.

Do not suffer another day with itching, bleeding, or protruding Piles. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 50c a box; all dealers, or Edman, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp for postage.

STORE OPENS AT 9 O'CLOCK A.M. AND CLOSSES AT 5 O'CLOCK P.M.

Continuation Of Our Great MID-SUMMER SALE

You should not fail to profit by the bargains offered during this sale if you have not already visited our store, you should do so without delay, for every day new bargains are offered you.

Another Special In Footwear

Here is still another bargain offered you by the Shoe Department. This great sale will add another record to the already famous "Paquet" shoe prices.

1,200 pairs of Shoes, in laced or pump design, in black or brown dongola or patent leather, high heels, pointed toes, all sizes, but not in each line, sizes 2 1-2 to 7, for ladies; regular \$5.00 to \$9.00. Special \$1.49

APPREHENSIVE

She had just received a proposal of marriage from a man she had always regarded more in the light of a brother than of a lover. "Janet," he began, "you know I have always turned to you; that I

have always thought of you. May I—that is—oh, will you be my wife?" "What a start you gave me, Henry," said Janet at last. "Do you know, I thought from your manner that you were going to ask me to lend you some money."

ALBERTA HOLDS ELECTION TODAY

Liberals Or Farmers May Be
Returned Or Confusion Re-
sult

Calgary, July 17.—With the con-
test ended, it remains now only for
Alberta to-morrow to render its de-
cision and to choose out of 168 can-
didates, the sixty one who will com-
pose the fifth Legislature of this
Province. The list of starters in-
cludes Liberals, Conservatives, Uni-
ted Farmers, Labor men and Inde-
pendents, but since only the Liberals
have sufficient candidates to make a
possible a majority for them in the
Legislature, there are three possible
results of to-morrow's polling:
The Stewart Administration may
be returned; the Farmers may elect
a majority of the House; several
groups may be returned, no one of
them having a majority over a com-
bination of the other groups, thus
duplicating the situation which ex-
ists in Manitoba.

Experienced politicians refuse to
go far in the way of opinion. Ed-
monton and Calgary are staging a
free-for-all in which anything may
happen. Five candidates in each
city are to be elected out of 24
starters respectively, without pre-
ferred representation in the vari-
ous constituencies, the fight having
been between Farmers and
Liberals. Government circles claim
that the Administration will go back
with a working majority and they
base this claim on alleged differ-
ences of opinion in the ranks of the
organized farmers on the question
of the attempt which is being made
by the U.F.A. to turn out the Stew-
art Cabinet.

President H. W. Wood, of the
U.F.A., and his associates are confi-
dent that victory will be theirs.
The present is the first venture
of the U.F.A. in a political contest
on a large scale. They have to
their credit two by-election victo-
ries: one in Cochrane, in the Provin-
cial field and the recent Federal con-
test in Medicine Hat.

YOUNG WOMAN ROUGHLY HANDLED

Was Stripped, Tarred And
Feathered By Masked Men
In Uniforms

Shreveport, La. July 17.—Mrs.
Beulah Johnson was taken from the
porch of a hotel at Tenaha, Texas,
stripped, tarred and feathered,
according to advices reaching
here today.

The attack on Mrs. Johnson,
which occurred last night, was said
to have been made by masked men
wearing white uniforms. They are
said to have driven up to the hotel
in three automobiles and filed out
displaying firearms and to have
taken the young woman into one
of the cars. The automobiles pro-
ceeded to a point several miles into
the country where Mrs. Johnson's
clothing was removed and she was
given a coat of tar and feathers.

She was then placed in the auto-
mobile and returned to the town.
Mrs. Johnson, who claims to have
been working at a time when a maid
and cook, says she did not know
any of the men in the party.
Late advices are that Mrs. John-
son has been arrested on a charge
of bigamy in Shelby County, Texas,
and taken to jail at Center, Texas.

Beating of a man named
McKnight of Nacogdoches, Texas,
by masked men, was reported here
by town is reported here as other
Saturday development in border
towns.

SCOTTISH TEAM WON
Philadelphia, July 17.—The Scot-
tish soccer team now touring the
United States defeated an all-
Philadelphia eleven 3-1 in a game
played just before sunset last even-
ing.

SHIPPING MOVEMENTS.

Arrivals at Montreal, July 16 and
17: Sts. Neumass from Rotter-
dam; Hastings County from Ber-
gen; Manchester Port from Man-
chester; Clared. Sts. Megantic

Gibraltar; Ansaldo VI for Gibrat-
ar; Mercer Victory for Rotterdam;
Lord Dufferin for Rotterdam; Por-
sanger for London; Bollingbroke for
London; Gracia for Glasgow; Con-
cordia for Liverpool; Vindilla for
London; Holby for Queenstown.
Steamer Arrivals, July 17: Sax-
onia at London from New York;
Mount Carrol at Hamburg from
New York; Mongolia at New York
from Hamburg; Providence at New
York from Naples and Marseilles.

THE OFFENSIVE IS PROCEEDING

In Direction Of Kutala Says
Greek War Office Com-
munique

Athens, July 17.—The Greek of-
fensive in the direction of Kutala,
says an official communique issued
by the War Office to-day is proceed-
ing normally. On July 13 the
Greeks repulsed violent attacks at
Karalissas, and it is declared the
Turks left on the field one hundred
and twenty men killed and a num-
ber of rifles of Russian model.

Retreat Admitted.
Constantinople, July 17.—The de-
velopment of the Greek offensive in
Asia Minor in four directions is re-
ported. The forces of Mustafa Kemal
are said to be retreating over the
whole front, but are de-
fending their ground spiritedly and
are keeping contact with the enemy.

CITIES SWELTER IN THE HEAT

St. Andrews Has Delightful
Breeze Blowing All Day—
Temperature Sixty Eight

(Special to The Chronicle.)

St. Andrews, N.B. July 17.—To-
day the thermometer stands at sixty
eight while a delightful breeze blows
from the South-west. It seems almost
unbelievable that the cities are still
suffering from the heat showing
temperatures: At London, 89, Otta-
wa, 88, Montreal 88, Quebec 87, Tor-
onto 89.

Today has been especially good
for motoring. The showers of yester-
day have put the roads into ex-
cellent condition. There is practi-
cally no dust and foliage and fields
look fresh and green. This week
the drive serves so that the tourist
may drive across the bar to Minis-
ters Island and enjoy the beauties
of "Coven Haven," the estate of
Miss Adeline Van Horne. The well
filled flower beds are a delight in
their harmonious arrangement.
While view across Passamaquoddy
Bay cannot be surpassed. Another
farming drive is through "Clifton"
the estate of Mrs. Robert Loring.
A long avenue winds through the
heart of the wood, passes over a
rustic bridge at the Duck Ponds, and
sweeps to the summit of a hill from
which there is a superb view.
Another favorite drive is around
the estate of Mrs. Robert Loring.
A long avenue winds through the
heart of the wood, passes over a
rustic bridge at the Duck Ponds, and
sweeps to the summit of a hill from
which there is a superb view.

FEMALE "RAFFLES" MAKES CONFESSION

Stole \$50,000 Worth Of
Jewels For Her Lover—He
Married Another

New York, N.Y., July 16.—Finding
that she had been scorned and
tricked by the man for whom she
stole jewelry worth more than \$50-
000, while she posed as a governess
in the homes of wealthy stock brok-
ers, Jean Cunningham, 25 years old,
confessed to the police today that
she had systematically robbed her
employers and turned the loot over
to her lover.

She also told the police that for
all the jewelry stolen by her in New
York, Philadelphia and Ashbury
Park, N.J., she had received only
\$100, which had been doled out to
her by the man for whom she stole.
When asked what she had done
with the diamonds and other valu-
ables stolen the girl at first refused
to tell and swore that she had no
idea where it was here that the
detective Jere Trincall, of a jewelry
insurance corporation, who has been
on the trail of the girl for three
months, played his trump card. He
placed on the table at police head-
quarters a clipping from a news-
paper which told of the recent
marriage of the girl's sweetheart
and her hated rival.

"You see," said Trincall, "your
supposed lover has double-crossed
you. He has taken the jewels you
gave him to furnish a magnificent
home for another girl."
The girl seemed frozen with hor-
ror. She grabbed the clipping and
greedily devoured its laconic mes-
sage. Then she broke down and
confessed.

ATHLETICS WON AND SO DID INDIANS.

Montreal, July 17.—Saturday's
games in the Atwater Park baseball
league here resulted in Athletics de-
feating St. Arsene and Indians de-
feating Crescents. Athletics scored
home runs in first and eighth in-
nings, while a pitchers' battle between
Justin and Evans featured the In-
dians-Crescents games.

HEAT WAS CAUSE OF DROWNINGS

Hot Spell Again Gripped New
York And Chicago Yester-
day

New York, N.Y., July 16.—Five
persons seeking relief from the heat
which gripped New York today were
drowned at adjacent beaches. They
were Cornelius F. Cleary, a nephew of
Former Congressman W. E. Cleary;
Israel Gachman, Salvatore Delleri,
Thomas Gray and John Johnson.

Raymond Burns, a barge captain,
was also drowned when he fell be-
tween the craft he commanded and
a Jersey City pier.

It is estimated that nearly 1,000-
000 persons passed the day at the
various beaches within a twenty mile
radius of the city. In some instances
bath houses charged as much as \$4.
to accommodate a single bather in
a room.

The maximum temperature was
83 degrees, with a humidity of 50
percent.

Chicago Record.
Chicago, Ill., July 17.—A return
of the heat wave today after a two
day break in the blistering weather,
drove thousands of persons into the
parks and lake for relief. While the
highest official temperature was
given as 97, street thermometers
registered over 100 in the
shade, the highest temperature re-
corded since 1916.

While no deaths attributed to the
heat were reported, several persons
were drowned while seeking relief
from the high temperature and sev-
eral others were kill in automobile
accidents.

REITERATES STATEMENT

Sauve Tells Berthierville Au-
dience Government Owes
Money To Municipalities

Montreal, July 17.—Speaking at
Berthierville this afternoon, Arthur
Sauve, leader of the Quebec Opposi-
tion, reiterated his statement that
the Provincial Administration had
failed to observe the provisions of
its own Good Roads Act by fail-
ing to pay to municipalities the propo-
sitional share in support of the cost of
road construction and dated Hon.
L. A. Taschereau, Premier of the
Province, to prove that his Govern-
ment was in good standing in this
respect with the municipalities.

He gave instances of belated ac-
tion on the part of the Government
and losses sustained by municipali-
ties.

One such was, said Mr. Sauve,
that of St. Hyacinthe in which place
he was the other day when the Sec-
retary Treasurer of the municipali-
ty received payment of \$36,000 in
interest coupons on Provincial de-
bentures. In payment of Provincial
obligations for road building which
had been outstanding for a year.

Speaking of the taxation policy of
the Quebec Government, Mr. Sauve
said that in 1927 money raised by
taxation amounted to only \$4,000,000;
nowadays it totalled \$14,000,000.
He claimed there was at the present
time a debt balance against the
Province of \$35,900,000.

Mr. Sauve also attacked the state
charity provisions of the Municipal
Assistance Law and the various
liquor regulations of the Province.

Hon. E. L. Patenaude, former Sec-
retary of State in the Borden Gov-
ernment, also spoke at the meeting
and touched on alleged abuses of
the colonization programme of the
Provincial Administration, making
special reference to the case of Dr.
Parrot who recently resigned fol-
lowing charges of irregularity in
colonization matters.

SUDDEN STROKE OF PARALYSIS

Due To Spinal Disease
Caused Hawker To Crash
To Death

London, July 17.—Harry G. Haw-
ker, the famous aviator, who was
killed on Tuesday last probably suf-
fered a sudden stroke of paralysis
due to spinal disease which caused
him to lose control of the machine
in which he was flying and crash to
the earth, according to testimony
introduced at the inquest over the
body today. That Hawker did lose
control of his machine was estab-
lished, and testimony was given
concerning his physical condition
which came as a surprise in view
of the fact that he was entered in
the 100 miles aerial derby around
London today.

A physician stated that Hawker
had tuberculosis of the spine and
that the disease had progressed so
far that a very slight movement or
strain would be sufficient to cause
a rupture. The physician said he
thought Hawker was seized with
paralysis. The aviator had been
advised to go to bed eighteen months
ago, he asserted, but he continued
flying.

SENSATIONAL DEVELOPMENTS

In Family Quarrel Between
Berthiaume Heirs Over La
Presse

Montreal, July 17.—(By Canadian
Press)—New and sensational de-
velopments in the family quarrel be-
tween the heirs of the late Hon.
Trefle Berthiaume for control of
La Presse, the most important
French-Canadian paper of the Dom-
inion, will, it is understood, take
place on Monday.

Since the first developments on
Thursday last, when a new Board of
Directors of La Presse Publishing
Company, Limited, was elected,
matters have moved rapidly. When
this was done Arthur Berthiaume,
President and General Manager of
the Company, summoned the heads
of all Department of the paper and
issued orders that henceforth they
could receive instructions only from
him or from Mr. Fontaine, a Direc-
tor, in his absence.

Following this, new locks were
placed on the offices formerly oc-
cupied by Messrs. Eugene and Ed-
ouard Berthiaume, brothers of the
President now on bail under charges
of \$50,000,000 and \$40,000,000 mis-
appropriations respectively. La
Presse building was guarded by a
squad of police and when Eugene
Berthiaume called on Friday he was
denied entrance and through his
lawyers issued a protest that the
city police were being used to pre-
vent him entering his own offices.

Thereupon the police were with-
drawn and private detectives em-
ployed who, finding Eugene Ber-
thiaume in occupation of an office
in La Presse building, threatened to
remove him by force, if he did not
vacate the offices. This he finally
did under strong protest. After one
o'clock Saturday afternoon, the
building was locked up and no one
is admitted unless bearing an au-
thorization signed by either Arthur
Berthiaume or Messrs. Fontaine or
Du Tremblay. City police are also
guarding the outside of the build-
ing.

GREAT TRAPEZE ACT AT MONTMORENCY FALLS

Fifteen Thousand Interested
Spectators Enjoyed Free
Show Yesterday Afternoon

What is described as the highest
priced trapeze act ever seen, the
Seven Loretas, opened a two weeks
engagement at the Kent House yester-
day afternoon. The event at-
tracted quite a crowd of people, it
being estimated that in the vicinity
of fifteen thousand crowded the
way to the Falls to get a glimpse at
the free show that was provided for
them by the management of Kent
House.

There were four performers yester-
day, and the same four will be
seen swinging on the trapeze and
doing other hazardous stunts twice
a day for the remainder of the week.

Yesterday afternoon's stunts pulled
off by the intrepid performers
caused many a gasp from the in-
terested throng of onlookers and
the two men, with the same number
of female performers, created quite
a sensation as they swung calmly
through the air, forty feet from the
ground.

The trapeze upon which they do
their stunts is forty feet high, and
seventy five feet long. The perfor-
mers are attractive, and go through
their various stunts with a polish
and neatness that bespeaks long
training, and everything points to
their scoring one of the biggest suc-
cesses that has been scored by any
act that has ever played in Quebec
or the vicinity.

C. N. R. NOT HOLDING BACK MEN'S AY CHECKS

Toronto, July 17.—Mr. D. B. Han-
na, President of the C. N. R., con-
tradicted emphatically to-night a re-
port that the company was holding
back the half monthly pay, due on
July 15th, in order to enforce the
proposed wage cut.

"There is absolutely no truth in
the report. It is absurd," he said.
It was rumored in local labor cir-
cles that the half-monthly pay
checks of the employees in the C.
N. R. operating department, due on
July 15, had been held back or de-
layed, and, failing explanations, the
men were apprehensive as to what
this might mean.

THREE DROWNED UNDER MYSTERIOUS CIRCUMSTANCES

Ottawa, July 17.—Alice Roy, aged
24, and her two cousins, Annette
and Yvette Chailion, aged six and
eight years respectively, were
drowned in the Ottawa River yester-
day under tragically mysterious
circumstances.

The three girls left their parents'
summer cottage yesterday to pick
flowers and were not seen again un-
til their bodies were recovered this
morning.

SCOTS BEAT NEW YORK

New York, July 17.—The Third
Lanark, professional soccer team of
Scotland defeated the New York
Football Club eleven today, 2 goals
to 1. It was the twenty third
straight victory for the Scotch team
in the tour of Canada and the
United States. Two more games re-
main to be played at Fall River and
Boston.

A DECLINE FOR TRADE VOLUME

But May Total Higher Than
April Following The Usual
Trend

Ottawa, July 16.—The outstand-
ing fact in the trade returns for May
is that our foreign commerce is be-
ing conducted on a lower level than
it was one year ago. This is true
of both imports and exports. May
shows an increase over April; but
there is nothing unusual in this. The
same turn-upward of the trade
figures at this time of year has
taken place for some years, at least.
This too has been true of both ex-
ports and imports.

This tendency in trade may be il-
lustrated by the figures for the last
three years. In each of 1918, 1919
there has been a falling off in April
from the March figures, while May
has risen above the April figures but
has not reached the March standard.
The other is that in each month the
1920 figure was higher than that of
the year previous; while the current
year runs lower.

Exports and Imports
Turning from general trade fig-
ures to the relation between exports
and imports, it is noticeable that the
balance is steadily becoming closer.
This is particularly evident as com-
pared with the same period last
year. In May, 1920, the imports
were \$113,000,000 and the exports
only \$77,000,000; in this May, the
imports had sunk to \$59,000,000
while the exports were \$59,000,000.
The same tendency is also observ-
able during the present year. In
March the imports were \$92,000,000
as compared with \$68,000,000 ex-
ports were \$65,000,000 as compared
with \$43,000,000; and in May the
imports went up 3,000,000 to \$68-
00,000, while the exports rose by
\$16,000,000 to \$59,000,000.

As the greater anxiety in regard
to imports has been felt in connec-
tion with our purchases from the
United States, it is interesting to
point out that our imports from
that country come nearer
to balancing today than they did be-
fore the war. This is true even
absolutely while comparatively our
sales to the United States have in
the interval grown much more
rapidly than our purchases in that
market. In 1918 our imports from
the United States were \$48,000,000
as compared with exports to that
country of \$139,000,000. In the fiscal
year just closed the imports had
risen to \$86,000,000, but the ex-
ports had gone up to \$86,000,000.
Thus, while our import trade with
the United States has not doubled,
our exports to that market have
quadrupled. There still remains an
excess of imports over exports of
around \$300,000,000; but this is pre-
paring the American loan market
for us at a time when the English
market is practically closed to us.

Trade In Foodstuffs.

In the statement given out by the
Department of Customs and Inland
Revenue, both imports and exports
are divided into ten classes. Of
these ten classes there is only one
which has increased over the tend-
ency to lower values in both exports
and imports. This one is "agricul-
tural and vegetable products, main-
ly foods." Even this class shows a
partial increase only as regards im-
ports. The import of dutiable
foods is a shorter title, rose from
\$1,566,000 in May, 1920, to \$12-
207,000 in May, 1921; but the im-
port of free foods fell from \$4,133-
000 to \$2,312,000 in the same inter-
val. In exports, however, the in-
crease is substantial and large.
The export of foods rose from \$19-
722,000 in May, 1920, to \$26,417,000
in the month just closed.

There is one other class of imports
which showed an increase over May
of last year. This is "non-metallic
minerals and products." In this
case, it was the free goods which in-
creased, while the dutiable fell off,
though not so much as the free
goods increased. In May, 1920, the
import of free goods under this class
was worth \$4,327,000; and in May,
1921, it was \$7,139,000. No details
are available as yet, so that an ex-
act explanation of this increase can-
not be given. An examination of the
latest figures available, however,
indicates that the two chief items
are anthracite and petroleum.

HONOLULU SWIMMER WON MILE SENIOR EVENT

Philadelphia, July 17.—Ludy Len-
ger, of Honolulu, won the United
States national one mile senior
championship swim held on a 220
yard course on the Schuylkill River
here yesterday. His time was 24
minutes and 13 seconds; he finish-
ed ten yards ahead of Eugene Bolden,
of the Illinois A.C. whose time was
24:18 2-5. Carl Urban of Phila-
delphia was third.

FATHER AND TWO DAUGHTERS DROWNED

Pennyan, N.J., July 17.—Ray
Rodger and two of his daughters,
Ruth, 10, and Helen, 13, were
drowned today while swimming in
Lake Keuka. Mrs. Rodger and an-
other daughter looked on as the
three sank out of sight, presumably
because they stepped off a ledge
knowing to be at the bottom of the
beach.

CANADIAN PACIFIC WON

Montreal, July 17.—Players re-
presenting the Canadian Pacific rail-
way soccer club won the first of a
two-game series from Halifax Sat-
urday in the Inter-Provincial
semi-final of the Connaught cup
games by a score of 3-1.

LIGHTS SCARE SUPERSTITIOUS

Weird Glimmer On Church
Tower Thought To Portend
Doom In N.J.

New York, July 17.—Such of the
residents of Jersey City as are ad-
dicted to the habit of expecting the
end of the world at any old time
had a weight taken off their minds
yesterday when it developed that a
weird red light which had flickered
from the belfry of St. Joseph's Cath-
olic Church in that city on four
successive nights was traceable to
natural causes and was not a por-
tent of judgment day.

First Seen Sunday

It appeared first last Sunday just
after evening devotions in the
church and attracted little attention
then because it was assumed to be
part of the lighting of the building
and probably devotional in charac-
ter. Then when it reappeared on
Monday night some alarmist who
had seen it Sunday night as well
stood looking at it until a small
crowd had gathered about him,
when he announced his opinion that
punishment from on high was about
to descend on a city so wicked as
to have been the scene of the Demp-
sey-Carpenter fight. Most of the
people who heard him laughed at
this but a few braced their heads.
Then one of those who took the
light seriously suggested to the
scotters that they call at the church
rectory and inquire whether there
was a real light in the belfry or not.

No Light in Church

Upon inquiry the sexton denied
bravely there was any light about
the building of which he lacked
information, and was invited
promptly to come out on the street
and take a look. He looked, and
after turning several shades had a
couple of policemen accompany him
while he went to the top of the bell
tower and made a thorough exami-
nation. There was no light there
and nothing which by any possibi-
lity could be used to light a light.

Cause Discovered

By the next night some one had
thought of the expedient of sifting
flour on the steps leading up to the
belfry, but this developed nothing
either. And by Wednesday night
the light still flickered intermittently
where it had been visible for the
three nights preceding, and a crowd
that had grown too big for com-
fort had possession of the street.
But the phenomenon was solved
yesterday and now the wonder is
over. A man who is in the engineering
department of the Hudson tubes
system wrote to Jersey City Police
Headquarters explaining that he
had seen the crowd about the
church the night before and was
amazed that people could be so
worked up over the reflections of
lights cast by trains running in a
"deep cut" near the church.

ON A BAMBOO BRIDGE

Described As A Narrow, Tet-
tering Structure, Open At
Sides

An American tells of crossing the
Teesta river, in the Himalayan re-
gion, on a rickety bamboo bridge.
The bridge, always dangerous, was
at that time a mere ragged skeleton
of itself, and to make matters worse
was slippery with green slime. Such
bridges are usually rebuilt once in
two years, but this one had evidently
not been touched for much longer
than that. On this narrow, totter-
ing structure, open at the sides, the
American had to cross over the tur-
bulent, rapid, river, 300 feet wide
and 70 feet below the bridge.

The instant one steps on such
bridges they recoil from him and
swing and shake in an alarming
way, rolling from side to side and
pitching like a ship in a storm. They
swerve with a sudden jerk every
time one lifts his foot; not only side
ways and lengthwise, but downward
and forward, as one's weight de-
presses the bridge. This goes on
until one passes the middle of the
bridge, after which oscillating struc-
ture kicks up behind one as he as-
cends.

Now this American got on fairly
well as long as he could see the bam-
boo rod on which he had to walk,
although the open sides heightened
the sense of insecurity. But away
from the bank if one looks down to
see where to place his foot, the rush
of leaping water in the current be-
low gives him the giddy sensation
that both he and the bridge are
running swiftly up stream.

Yet one must keep his eye upon
the single bamboo overhanging the
abyss and find a shaky footing upon
it, since to miss it means certain
death.

The American was a quarter of
the way over, perhaps, when as he
stepped from one bamboo to the
next it tilted up and he could see
most of those in front were lying
loose and disjointed in their vi-
cinity. They had been broken away
by the passing of persons who had
preceded him. He could not swing
round to go back; forward was his
only course.
He went on with long strides to
get a foothold on this shaking,
swinging knee of slimy bamboo.
After each step he had to half close
his eyes to counteract the giddy
feeling of the upward rush of the
bridge. It was a creepy, ghastly
experience. At last, however, death
in the raging gulf below. After
what seemed an age he reached the
opposite bank.

MANY STUDENTS PASSED EXAMS.

Twenty Eight Were Admitted
To Notarial Profession On
Saturday

Twenty-eight students were ad-
mitted to the notarial profession last
week, it was disclosed at the close
of the meeting of the Board of No-
taries, which lasted over three days
in the local Court House and
which came to a close on Saturday
morning.
An important matter that came up
was the question of limiting the
number of lawyers to be admitted to
practice in the Province of Quebec.
The reason that this matter was
brought up was that too many were
entering the legal profession, and
then leaving it, to seek employment
in other spheres of life.

One of the advocates of the pro-
posed change said that in France
there were only a certain number
of candidates who were allowed to
present themselves for examination,
and that as a result, there had been
a great improvement in the profes-
sion.

DIED.

AHERN—At the Jeffrey Hale Hospital on Saturday, July 16th, 1921, Eliza Jane Ahern, daughter of the late Edward Ahern of Quebec. Funeral private.

FLEMING—On Sunday, July 17, Edward Fleming, 58 years of age, husband of M. A. Tobin. Notice of interment later. Montreal and Troy papers please Copy.

Build Now!

Own Your Own Home

Mr. Renter, this is addressed to you. No
doubt you have often looked forward to the time
when you could own a little home of your very
own, a place on which every dollar expended is
a dollar earned rather than a dollar wasted. In
other words, a home that means more to you
than merely a roof over your head.

Fall into line with the rest of the former rent payers.
The opportunity to build at pre-war prices was never bet-
ter. So why hesitate? Consult us today. Our advice and
estimates cost nothing. We will gladly furnish you with
all the information you require.

KENT HOUSE

HAS MARVELOUS
ATTRACTION

To all its natural and other at-
tractions as a summer resort, the
Kent House yesterday inaugurated
an additional tide to its popularity
by the performances that were given
in open air and without charge
whatever to spectators of what is
considered the best aerial artists in
the world. The troupe is composed
of seven marvellous acrobats, the
Loretas who arrived direct from
New York after a successful tour of
the West Indies.

The act of aerial acrobatics, surely
is wonderful. It is one of the
most thrilling performances ever
attempted in mid-air, and the light-
ning-like humans dashing to and
from above the ground is simply
astounding. Thousands of Que-
becers and suburbanites saw the
two performances yesterday and all
cheered lustily the remarkable per-
formances of the Seven Loretas.

This same act will be given every
day this week free to spectators, in
front of the Kent House grounds,
both in the afternoon at 4.30 and in
the evening at 9.30.
The Kent House is licensed to
serve beer and wines to its patrons
and the enchanting environment of
attractive scenery is assuredly a big
incentive to all who wish to get
away from the stifling heat of the
town to motor or ride to the Kent
for a few hours of enjoyable outing.

FIRST ROUND OF
HAMILTON CUP

Played On Saturday After-
noon On The Montmorency
Links—Other Matches

The qualifying round of the Ham-
ilton Cup match was played Sat-
urday at the Quebec Golf Club
links, some 22 members competing
the game being match play.
The following were the couples
who took part:—
H. A. Ralph vs. J. A. McRae.
H. F. Mills vs. J. A. Bellisle.
J. E. MacManamy vs. John Levis.
J. E. Boudreau vs. G. Van. Fel-
son.
E. Brassard vs. H. A. Harding.
H. Staveley vs. A. Dery.
C. Pilon vs. R. S. Benoit.
F. E. Gendron vs. W. J. D. Le-
moine.
Ivan Boase vs. Sir George Gar-
neau.
B. Spencer vs. F. Mungall.
M. L'Abbe vs. Geo. Parent.
The following winners will play
off:—
Byes: Harding, McManamy, Gen-
dron, Ralph, and Staveley.
First Round, Mungall vs. Pilon.
Boudreau vs. Parent. Mills vs.
Boase.

Several Ties resulted in extra
holes being played and some good
scores turned in.
To-morrow (Tuesday) there will
be a match between Orleans vs.
Quebec on Quebec Links and on
Saturday 25rd instant a match will
be played between Grande Mere vs.
Quebec on Quebec Links both these
events will bring out numerous
players and keen competitions will
be in order.

CALLS SCHEME
MENACE TO CANADA

Warning Note Sounded By
Canon Scott Re Deep-
Waterways Project

Canon Scott in an interview last
evening, sounded a warning note
with reference to the scheme for
damming the St. Lawrence in order
to develop electric power and turn
the river into a deep water way to
the Great Lakes.

"The scheme," said Canon Scott,
"though expensive, is feasible, and
at first sight seems attractive, but
Canadian must wake up to the fact
that the internationalizing of our
great water way is fraught with the
most momentous consequences to our
National life. While we wish to
live on the most harmonious terms
with our neighbors to the south, we
must remember that there is one
thing of even greater importance to
us as a growing nation and that is
the unifying and intensifying of our
Canadian individualism. As a nation
just starting on our course, we
find ourselves burdened by a heavy
war debt and hampered for the time
being by both lack of means and
lack of population. As Premier
Meighen said the other day in Lon-
don, we have to face the fact that
we have as rival a great colossus
for our only neighbor on this con-
tinent. The United States have
Great Lakes and great Western cit-
ies and for them an open waterway
through Canada would be a tremen-
dous advantage.

"But what would the internation-
alizing of our great and distinctive
Canadian river mean to Canada?
The St. Lawrence, with the excep-
tion of something less than one
hundred miles lies wholly in Canada.
It is a gigantic asset for this country
what part it will have to play in
the development of Canada in the
future no one can say. It is not
merely a Canadian asset it is an im-
perial one and must be wholly under
our control. At some future time,
the Empire might be at war with a
foreign power with which the United
States were at peace and it might be
necessary for us to close the river
by mines or in other ways. It is
the very spinal marrow of Canada
and on its shores and the shores of
its tributaries lie the cities and vil-
lages of a large part of Quebec and
Ontario.

"The internationalizing of the St.
Lawrence would cut us off both
really and sentimentally from the
Lower Provinces. The thing is un-
thinkable. Would the Americans
consent to the internationalizing of
the Panama Canal or the Mississippi?
Our great river must be ours,
and ours alone. Canadians must
face the fact that the joint stock
management of the St. Lawrence
would be the first step to annexa-
tion. In fact, it would be practi-
cally the moving of the boundary
line northward to the St. Lawrence.
We might find ourselves at any time
in a most helpless national position.
"But quite apart from these
larger considerations, we must re-
member that if Canada has any
money to invest two or three hun-
dred million dollars spent on our
rich water powers of Quebec and
Labrador would give us all the
electricity we need and would leave
our great water way untouched.
The Americans have most of the
world's gold in their possession and
could put the scheme through to-
morrow, but are Canadians willing
to endanger for a specious scheme
the integrity of that great country
for which our men have died, and
that independent nationalism which
alone can enable us to achieve our
great destiny in the future.
"Firmly and politely, let us tell
the two hundred and fifty members
of the American Congress who late-
ly visited us that the St. Lawrence
is ours, and not for sale."

QUEBEC PUPILS

MATRICULATED
The following pupils of the Com-
missioners' High School were suc-
cessful in passing their Matricu-
lation Examination.
Max. Marks 1000
* Sylvia Schwartz, 837, 3rd (In Prov-
ince of Quebec), out of 502 candi-
dates.
* Gertrude Silverman, 797, 11th (In
Province of Quebec), out of 502
candidates.
* Bertha Fish, 691, 55th. (In Province
of Quebec), out of 502 candidates.
* Frances Ford, 605, 118th. (In Prov-
ince of Quebec), out of 502 candi-
dates.
* Angus Macdonald, 567, 149th. (In
Province of Quebec), out of 502
candidates.
General percentage of successful
candidates in the province, 71.5 per
cent, general percentage from Com-
missioners' High School.

FROM NEW YORK TO

QUEBEC BY CANOE
Two hardy spirits in the persons
of Messrs. Childs and McCoy of New
York arrived in this city on Friday
night having made the trip from
their home town all the way by
water, in a canoe.
The two gentlemen in question
made their stay in Quebec a very
brief one, as they arrived here on
Friday night, and after resting up
all day Saturday, and a part of
yesterday, left for Sorel by boat
from which point they will go
straight to their home town by
canoe.

HEAD-ON COLLISION

Pottstown, Pa., July 17—Three
persons are dead and between 35
and 40 others injured as the result
of a head-on collision early today
between two trolley cars on the
Pottstown and Phoenixville electric
Railway at Rhans Hills, a quarter of
a mile east of this borough. Some
of the injured were said at the hos-
pital to be in a serious condition.

GOOD TIME AT
Y.M.C.A. CAMP

Members Spent Two Very
Pleasant Weeks While On
Vacation This Month

The Y.M.C.A. who set out for a
2-week vacation on the Sixteen
Island Y.M.C.A. Camp arrived there
on July 1st and started to prospect
for a camping ground. They didn't
find one that day, so they just
wrapped themselves up in blankets
and slept on the ground. An ideal
spot was found the next day on Al-
bert Island and not a minute was
lost getting tents up and balsam
boughs for beds.

They hired a motor boat, which
was called "Puffing Billy" and soon
were speeding on the lake.
After service quite a number of
people were introduced, and one lady
Mrs. Jeffrey, invited all the boys in
the camp over to supper. The boys
went on several hikes, and also
went fishing in Black Lake, where
they fished for about an hour and a
half, being obliged to leave on ac-
count of a heavy thunderstorm.
Trips to Balsam Lake, Silver Lake,
Long Lake, and Pine Lake.

The boys conducted a trial by
judge and jury on three delinquent
members of the camp, and while
they were deciding what the sentence
was to be, the trio escaped in a row-
boat. Chase was immediately given
in the motor boat, and the three ma-
troned on an island where they had
taken refuge.

After a very delightful two weeks,
the boys regrettably broke up camp
on Wednesday afternoon, and got
all their goods and chattels ready
so as to save time the following
morning. Mrs. Jeffrey invited the
whole bunch to stay at her place on
the last evening, but were up bright
and early the next morning. After
breakfast they all boarded the motor
boat, and slowly wended their way
to the railroad station, arriving
there just before the train.
The train journey was uneventful,
on arrival at St. Martin's Junction,
three of the party continuing on to
Quebec, while the remainder went
home to Montreal.

The members of the party all wish
to express their appreciation to the
following ladies, who contributed to
make their stay at the island so
pleasant: Mrs. Jeffrey, Mrs. Cook,
Mrs. Ludington, Mrs. Rodgers, Mrs.
Henderson, Mrs. Bieler, Mrs. Mac-
Laren.

PLAYGROUNDS
ARE APPRECIATED

Many Children Patronizing
Them—Generous Subscrip-
tion From Lieut.-Governor

There were quite a number of
children on the Esplanade Play-
grounds on Saturday afternoon,
when Mr. Ducreux was on hand to
instruct the youngsters in various
games. The Misses Marie Green
and Laura Thomson took the little
girls in charge and initiated them
into various group games.

Mr. O'Regan, the Secretary of the
Playgrounds Committee would be
pleased if young ladies desirous of
giving their services in entertaining
the children would communicate
with him by telephone No. 8661W).

This week the instructor will be
as usual on the Esplanade on Mon-
day and Saturday; The Battellfield
Tuesday and Saturday and in Vic-
toria Park, Wednesday, Friday and
Saturday.

As many request have been re-
ceived for a girls' swimming class,
an effort will be made shortly to
provide such in Victoria Park
Baths, under a qualified instructor
and a team of certificated girl swim-
mers.

CHILDREN'S SUMMER

CAMP AT PORTNEUF

Twenty-three little visitors ar-
rived on Wednesday morning, last
at the I.O.D.E. Fresh Air Home at
Portneuf. Seventeen children
have returned to town, three
remaining over a week longer owing
to the illness of their mothers, as
the fathers of these three children
have died of tuberculosis contract-
ed in the Siberian Expedition, they
have been the special care of the
I.O.D.E. during the last two Sum-
mers.

The children thoroughly enjoy the
outing and appreciate to the fullest
extent the good time provided for
them through the generosity of the
I.O.D.E.

57TH BATTERY LEAVES

TODAY FOR PETAWAWA

The 57th Battery returned to
town Saturday afternoon after a
strenuous week's work at Valcartier,
and this morning at 10:30 o'clock,
they will leave the Drill Hall to en-
train for Petawawa where they will
undergo gunnery practice.
It is expected that the Battery
will return to town by the end of
the week.

PHARMACEUTICAL
EXAMINATIONS

Large Number Of Students
Passed At Semi-Annual Ex-
amination Recently

The preliminary board of exam-
iners of the Pharmaceutical Asso-
ciation of the Province of Quebec
held their semi-annual examinations
in Montreal and Quebec recently,
when a large number faced the ex-
aminers.

The following shows just how the
students fare, by order of merit:
Admitted as Student of Pharmacy
—B. Crepeault, J. L. Gosselin, H. Le-
febvre, D. Caplan, W. Johnson,
Eug. Caouette, H. J. Tanenbaum,
Roger Girard, A. R. Archambault,
R. Beaudot, Oscar Pelletier, L. Mon-
dor, Marc Morin, J. A. E. Brault,
Jean Ethier, R. Duval, M. Schach-
ter, Emilie Leduc, N. Viau, Eug.
Bernier, P. Chopin, R. Lafamme,
Leonide Dupont, Palmer Derrars.

Passed on Letters—Paul Dion,
Ray Balleit, Paul Brunet, Ph.
O'Brien, E. Lavallee-Smith, W. H.
Tabb, M. Morency, R. Maillet, A.
Rudman, H. Shmerling, G. L. Pou-
liot, L. Bedard, Alcide Dupras, J. M.
L'Heureux, E. R. Dube, J. Ball-
lardon, Eug. Havard, L. Poissant,
J. E. Choquette, E. Elie, Donat Ber-
geron.

Passed on Sciences—Robert Bar-
ry, Germain McAvoy, E. Dubuc, F.
Champane, E. Rosen, S. Mazur.

The following passed on all sub-
jects but one and will have to
present themselves at the next ex-
amination: Robert Roberge, Paul
Brunelle, E. Archambault, G.
L'Heureux, A. Lavoie, J. P. Denys,
H. Gelinas, E. Dubuc, E. Lambert,
R. Coupal, A. Millman, Paul Ar-
cand, S. Mazur, Ph. Hebert, L.
Royer, R. Moquin, G. Leblanc, J.
M. L'Heureux, L. A. Francoeur, A.
Theriot, E. A. Reed.

The examiners were Professors I.
Gammell of the Montreal High
School, J. P. Labarre, H. La-
plante-Courville, and J. A. Goyer, as
supervisor, J. A. Leclerc supervisor
for Quebec and vicinity, H. J. Pilon
secretary-registrar.

The final and Primary examina-
tions will take place on September
19th next at Laval University, Que-
bec.

CONVENTION OF
BOARD OF HEALTH

To Be Held By Province At
Chicoutimi, July 28 And
29

The Superior Board of Health of
the Province of Quebec will hold a
Convention at Chicoutimi on the 28th
and 29th of July, which will be pre-
sided over by Dr. M. Archambault,
of Hull, with Dr. Joseph de Varen-
nes of Quebec as grand Secretary,
and Dr. Delisle of Chicoutimi as lo-
cal secretary.

The officers of the Superior
Board of Health are now engaged on
preparing the programme which,
though not completed, shows that
quite a number of contributions
have been promised from medical
men throughout the Province. Dr.
H. Palardy will speak on trouble and
causes; Dr. Thomas Savary, on Drain-
age of the Farm House; Dr. L. A.
Chabot on Animal Tuberculosis
Transmissible to Man; Dr. A. A. La-
pierre on Organization of Municipal
Sanitation; Dr. Edgar Couillard on
Municipal Hygienic Service; Dr. El-
zear Pelletier on the Evolution of
Health Administration in Rural
Municipalities; Dr. E. M. A. Savard
on Conditions Necessary in Combat-
ing Infant Mortality; Dr. J. A. Bau-
doux on Infant Mortality and Tu-
berculosis, with slides; Mr. M. H.
McCreary, chemist, on Country
Water Supplies; Mr. V. A. Fournier
sanitary engineer, on Drainage in
the Country; Dr. J. W. Bonnier on
The Benefit of Registration of Births
and Death; Dr. Edouard Laberge on
Disinfection by Iodo; Mr. Theo J.
Lafreniere, sanitary engineer on the
Efficacy of Water Filtration; Mr.
Maurice Olivier, advocate on The
Workman's Dwelling; Dr. S. Bouch-
er, on Control of Infectious Diseases
in Montreal; Dr. J. A. Ranger, on
the Campaign against Venereal Dis-
eases in the Provinces; Dr. A. Cor-
sin, on Tuberculosis in the School;
Dr. Joseph de Varennes, on Sanitary
Regulation With Respect to Small-
pox and Whooping Cough; Dr. A.
Bernier on The Opportunity for the
Establishment of a Prophylactic
Laboratory for Diseases in the Pro-
vince of Quebec; Dr. Leon Houde
on Health Conditions Among Fish-
ermen; Dr. Henri Samson on Hy-
giene of the Mouth.

It is expected that there will be
a large attendance at the conven-
tion, delegates being looked for from
the municipalities generally.

OWEN MOORE MARRIED

TO KATHRYN PERRY

New York, July 17—The mar-
riage of Owen Moore motion pic-
ture actor, to Miss Kathryn Perry,
his leading woman in several pic-
tures, was announced today. Mr.
Moore recently was divorced by
Mary Pickford who later married
Douglas Fairbanks. Mr. and Mrs.
Moore were married in Greenwich,
Conn., Saturday.

Ben Loring has some "new
ones" for the new show at the
Fine Arts Building, Exhibi-
tion, tonight. Only 25 cents
admission.

HIS EXCELLENCY
SAILS TOMORROW

Lord Byng To Reach Canada
On Return Trip Of Empress
Of France

His Excellency the Governor-
General will sail for England to-
morrow afternoon by the C.P.O.S.
steamer Empress of France, accom-
panied by the Duchess of Devon-
shire, Lady Ann Cavendish, Miss
Elsie Saunders, Miss Emily McCul-
lough, Capt. the Hon. P. Kinnaid,
Capt. J. Lloyd, Messrs. A. Crockett,
E. Hurstall and R. Bradley, who will
be given a send-off by Sir Charles
and Lady Fitzpatrick and Miss Fitz-
patrick, Sir George and Lady For-
ster, Col. and Mrs. Blonin, Mr. and
Mrs. Doherty, Premier Taschereau,
members of the Quebec Cabinet and
many others. On arriving at the
wharf, His Excellency will inspect
the guard of honor, composed of
members of the 22nd Regiment, and
the R. C. G. A. Band.

The new Governor-General, Lord
Byng, will sail for Quebec on the
return trip of the Empress of
France. Their Excellencies Lord and
Lady Byng, with their household
staff, leaving Liverpool on August
4th. On the voyage to Canada they
will receive messages of welcome
from the Federal and Provincial
Governments, and from superior
officers of the Navy and Army and
from the various cities of the Domi-
nion. Should the Empress of
France dock late on August 16th, the
Governor-General and party will re-
main on board until the following
morning, when they will disembark
and drive to the Parliament Build-
ings where the official welcome of
the City and Governments will be
tendered.

Springtime Follies Co. in
complete change of show at
Fine Arts Building, Exhibi-
tion, tonight.

DO ALL MY HOUSE WORK

Before I Took Lydia E. Pinkham's Vegetable Compound I Could Hardly Get About

Cobourg, Ont.—"For many years I have had trouble with my nerves and have been in a general run down condition for some time. I could not do any work half of the time because of the trouble with my monthly sickness. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good, and I strongly recommend it. Since I have taken it I have been able to do all my own work, and I also know friends who have found it good. You can use these facts as a testimonial."—MRS. ELLEN FLATTERS, Box 761, Cobourg, Ont.

Why will women continue to suffer so long as there is no one to help them when they can find health in Lydia E. Pinkham's Vegetable Compound?

For forty years this good old-fashioned root and herb remedy, which contains no narcotics or harmful drugs, has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PEOPLE STILL LIVING

IN THE STONE AGE

London, July 17—People who are still living in the manner of Stone Age are found on Rannell Island in the Solomon Group, Melanesia, according to Dr. Northcote Deck, a missionary.

Dr. Deck says there are only about 500 inhabitants, and because of their isolation, through lack of ships' anchors, even their dialect has never been studied.

The natives only had implements and weapons of stone and wood when Dr. Deck first visited the island. They showed great eagerness to barter home-made articles for anything made of iron.

"The men are great fighters and wrestlers. Their throwing spears have points made of human leg and arm bones, and tipped with a bone splinter designed to break off in the wound," says Dr. Deck.

"They seemed to feel keenly the monotony of their isolation and showed a settled melancholy, both in their faces and the cadence of their voices. Their only sort of music to which they danced, consisted in the tuneless beating of a log."

The teeth of flying foxes which swarm in the caves on the island seem to be the only form of currency known there.

CRENS WOULDN'T PUT FIRES OUT

Report States Train Crews Failed To Make Any Effort At Makwa

Ottawa, July 17—(By Canadian Press)—In regard to the report from Sudbury that train crews on the C. N. line at Makwa failed to make any effort to extinguish bush fires which burned up trains and did other damage the fire inspection department of the Railway Commission here states that such inaction on part of railway employees would be very surprising.

The railway company provides that railway employees definitely instruct all employees that in case of fires on or near the right of way, they must independently or at the request of any authorized forestry officer immediately proceed to the scene and make every effort to extinguish it.

The board has a co-operative arrangement with the Ontario forestry branch and forestry organizations of the other provinces under which selected officers of such organizations are designated as field officers, to take charge in just such emergencies as that in question. According to Inspector Duval had every right to call upon the trainmen to assist him in fighting the fire. A formal report of the affair will be made to the commission in due course.

LORD QUEENBOROUGH TO MARRY IN NEW YORK

New York, July 17—A marriage license was issued yesterday to Lord Queenborough, British peer and Miss Edith Starr Miller, daughter of Mr. and Mrs. William Starr Miller of this city and Newport, R. I. The wedding will take place on Tuesday.

Lord Queenborough who is a son-in-law of the late William C. Whitney, gave his occupation as a director and his age as sixty.

Miss Miller is 33 years old. His first wife was Pauline Whitney who died in 1916.

U. S. SHOES FOR RUSSIAN FIRMS

European Industrial Conditions Have Improved—All Orders Paid in Gold

Boston, July 17—Massachusetts shoe manufacturers are trading with Russia.

Secretary of Commerce, Hoover, who is here to address delegates to the National Shoe and Leather exposition stated that Massachusetts is the only section of the country trading with Russia and that he knows of several orders totalling 10,000,000 pairs of shoes, which reached Russia by way of Riga. The orders were paid for in Russian gold which was shipped to Sweden and outside countries to agents who negotiated for the orders, Hoover said.

No individual is barred from carrying on business with Russia, Hoover pointed out.

"All of the European countries except Bolshevik Russia," Secretary Hoover continued, "have accomplished an improvement in their industrial situations."

Trade Improves.

There has been a steady increase in the foreign trade of every country in Europe, Belgium heading the list.

"The German foreign trade is kept up on an artificial basis," declared the secretary. "They are unable to meet expenditures, under their present system of taxation and are bound to suffer a greater loss because the future, upon which they rely, will find them with a cost expense for products which will force them away past the margin which is now maintained by them in international markets."

Building prices, Hoover said, have not yet reached their proper level. He stated that both labor and materials have to make further readjustment.

Farm Situation.

Hoover emphasized the situation of the farmers in this country, stating that the greater portion of those engaged in agricultural pursuits are now living under conditions that are far below the pre-war standard. He estimated that nearly all of this class, comprising about 40 per cent. of the entire population, have incomes that are but 67 per cent. of pre-war levels. This section, he said, "must go up or the rest will go down."

WRONG AGAIN.

Wife (as she and hubby leave house)—Is my hat on straight, Ferdinand?

Ferdinand—Yes! Yes! It's on perfectly straight.

Wife—Then we'll have to go back again; this style of hat is not supposed to be worn straight.

The Quebec Liquor Commission

A Synopsis of the Quebec Liquor Act

THE following synopsis of the Alcoholic Liquor Act of the Province of Quebec is not intended to cover every feature of this Act, but deals more particularly with the portions that affect the public interest. It tells you briefly where, how and when you can buy Beer, Wine and other Liquors. Therefore we ask you to read carefully the following synopsis of the Alcoholic Liquor Act so that you may fully acquaint yourself with the requirements of this Law.

Purchases made only at the Commission's Store.

At Hotels, Restaurants, Steamboats, Dining Cars and Clubs recognized by the Commission.

At Stores.

At Taverns.

Hours of Sales at Commission Stores.

Hours of Sales at Taverns, Groceries and Stores.

Hours of Sales at Hotels, Restaurants, Steamboats, Dining Cars and Clubs.

Holidays.

Alcoholic Liquors, including Alcohol, Brandy, Rum, Whiskey, Gin, and Liquors can only be purchased at the Commission's Establishments. Any sale made at any of the Commission's Establishments, or to be delivered to any point in the Province of Quebec by parcel post common carrier or express, must be restricted to one bottle.

Hotels, Restaurants, Steamboats, Dining Cars and Clubs having secured a license from the Commission, may serve and sell Wine and Beer by the glass or bottle, but these must be consumed on the premises during a meal, in the Dining-Room only.

Groceries and other Stores having secured a License from the Commission, may sell Beer in any quantity, but not less than one bottle. It must not be consumed on the premises nor in adjoining buildings. It may be delivered either at the store, or at any place within the Municipality in which the store is located, or in an adjoining Municipality, excepting where a prohibitory by-law is in force.

In a City or Town, Beer may be sold by the glass in any "tavern" having secured a license, but it must be consumed on the premises. The word "tavern" means an establishment specially adapted for the sale of Beer by the glass, or an Hotel room specially adapted for the purpose.

The sales at Commission's Stores must be made between the hours of 9 o'clock in the morning and 6 o'clock in the evening (Standard Time), on any day, and on Saturdays until 1 o'clock noon (Standard Time). On holidays the stores will be closed.

Beer may be sold by a store and "tavern" on any day except holidays between the hours of 9 o'clock in the morning and 10 o'clock in the evening (Standard Time).

Beer and Wine may be served during meals and in the Dining-Room only at Hotels, Restaurants, Steamboats, Dining Cars or Clubs between the hours of 9 o'clock in the morning and 10 o'clock in the evening of any day.

The following days shall be considered as holidays: Sundays; New Year's Day; Epiphany; Ash Wednesday; Good Friday; Ascension Day; All Saints Day; Conception Day and Christmas; and any Polling day in any territory where any Municipal election or election of a member of the Canadian House of Commons or of Legislative Assembly is being held.

A permit or authorisation for the sale of Beer and Wine cannot be granted in a Municipality where a prohibitory by-law is in force.

To avoid any error, Municipalities are bound to let the Commission know if any prohibitory by-law exists.

The above gives a general outline of the requirements of the Quebec Liquor Law, which the Commission has been called upon to put into force, with the loyal and active co-operation of every citizen who considers the honor of the Province and his own freedom.

The Quebec Liquor Commission

This advertisement is not being published to advance the sale of Beer, Wine or Alcoholic Spirits, but to acquaint the people of Quebec with the "Liquor Law" and secure their co-operation in its successful enactment.

MANY ATTENDED "THE MASTER DRAUGHT"

Thousands Gathered At Rothenburg To Witness The Historical Festival

Rothenburg, Bavaria, July 17—Thousands of visitors gathered at Rothenburg this year to attend the historical festival, "The Master Draught", which is given annually in celebration of the preservation of the historic old town from destruction when Tilly captured it in 1631, after the surrender and retirement of Gustavus Adolphus' forces which cooperated with the villagers.

After the Passion Play, which is given every ten years at Oberammergau, the Rothenburg festival is probably the best-known of all the Bavarian folkplays. Nearly all the 7,000 inhabitants of the picturesque walled town participate in the brilliant festival, which continues throughout most of the day.

WHAT TO WEAR DOESN'T COUNT HERE.

Constantinople, July 17—What to wear isn't counted among New Year problems. Recently an American, newly arrived, made the round of the local stores for a bathing suit. Finally he found a pair of briefs. When he complained that he wanted a two-piece suit, the merchant answered: "We can't afford to carry dead stock. Most people are satisfied without that much."

At the American Embassy there is one "high" or top silk hat which is at the common disposition of those civil officials who are obliged to have such an article on rare occasions, such as funerals of local dignitaries. The hat was discarded by a pre-war official.

The crowds at Kent House yesterday afternoon and last night were amazed at the wonderful presentation of the Loretas. See this big aerial act either this afternoon or tonight.

The East in the West

If we were only visiting the East—my wife and I—we would probably say nothing. First, because there are certain conventions which even we Westerners recall, but more likely because the East would still be showing us that mask of smiling indulgence which it wears for the benefit of the plainsman—and we should never have guessed its real forbearance underneath.

But having been brought here, so to speak, by royal command of an Eastern head office, and having been given the inestimable boon of an Eastern police and the most acquiescent criminal police in the world, we are accepted as Easterners! There is no longer any mask. This enables us to speak, as it were, within the family circle, with the mask hanging on a peg behind the door. Eastern uniformity of feeling just a little dismayed at the irreverence with which the Western student addresses himself to some of the age-old problems of metaphysics or natural science, and the breeziness with which he takes off his coat, makes his rough personal remarks, and proceeds to deal with that problem cheerfully as though nobody had ever tried it before and failed! Undoubtedly this is a little crude, and the boy will probably fall and never have so much courage again. But this way, this Western way, will ultimately solve more problems of the way of the head shaker and the doubt-doubter who cherish as holy relics the traditions of other men's failures.

Among bank people here in the East there is an attitude of restrained wonder. Well, well! What will the West do next? Three-quarters admiring—and a little bit afraid!

And in railway circles I know high officers with whom, after a conversation at Saturday lunch, I have been invited back to empty offices to be shown colossal secret books that showed—there was no doubting it—how poor Billy Langley's head for figures had gone wrong again! How Bill, in public addresses before the Railway Commission, solemnly swore that he had shipped—let me see—1,200 bushels of oats, and only made \$250 because, forsooth, the railway rates had gobbled up the rest! Well, the railway rates hadn't done this gobbling it seemed. There were the books, and there were the pages, and there were the columns—there the figures! If Bill's oats had been of the lowest grade, and if they had been shipped on the longest haul at the highest rate and sold for the lowest price in the year he was talking about—well, Bill must have made \$250 for his 1,200 bushels instead of the \$250 which he told the world about. And if his oats had been high-priced oats, he would have had nearer \$700. But he said, said the railwaymen, that he got only \$250 and that the railway had taken the rest.

I could have told these Eastern railway officials even worse examples of election-time arithmetic than this one. There is far more careless addition and subtraction right here in the East. But if they wanted Western cases—there was

that farmer mentioned by Bill Langley, who claimed that 6,000 bushels of oats on which he paid 18c a bushel freight rate, would not net him more than 11c after paying for the shipping. Well, if his oats had been of the lowest grade, and sold at the lowest price that is 42c, he must still have had 18c a bushel with which to pay the freight. Of course every farmer knows that no thrasherman ever got 18c a bushel. The inference in this case was that once more the railways were getting it.

There was also the case of a Mr. Brown, of the United Farmers of Manitoba who says that the cost of a binder laid down at Pilot Mound, Manitoba, is now \$48 higher than it was last year, and that the railway rates are to blame for \$22 out of the \$48. I happen to know from an implement manufacturer that the entire freight costs of a five-foot binder if shipped in carloads from Hamilton or Toronto to Pilot Mound in the spring of 1920 was \$12.16; in April, 1921, \$16.40, an actual difference of \$4.24. If carried in carloads to Winnipeg and re-shipped as an individual binder from that point to Pilot Mound the total freight cost in 1920 was \$12.25, and in 1921, \$25.25, a difference of \$13. Mr. Brown's estimate of the increase alone was greater than the entire cost.

But could you explain to Eastern railway officials that poor Bill Langley's figures, and poor Mr. Brown's figures, must not be mistaken for Western arithmetic! That because Langley was a cabinet minister the Western farmer was not fooled into thinking that two and two make five, simple because Bill sometimes thinks so. Surely the East has seen just such foolish examples of arithmetic in the strain of fighting elections. There is no higher level of native intelligence anywhere in this world than among the people I come from, the kind that had the courage to march up to a new country and say "Here! I am going to tame you!" and stick to it, although that country might still send all its forces of snow and wind and old-time loneliness to try to drive them back. As proof of the fact Langley was defeated in the Saskatchewan elections re-elected along with his arithmetic.

But leave the railways out of it. Among the small Eastern investors—the kind with whom my business brings me in frequent contact—I find what I might almost call sublime conceits in supposing that they can see through the charlatans and discover the fraud out West twice as quickly as the West itself. "No," quavers one of these very nice people with perhaps \$1,000 to invest. "I don't think I care to hold any more Western shares—bonds, or city bonds, or whatever it is—until I see. There is a bit too much demagoguery out there! Too many young lawyers strutting around and flitting with parlor Bolshevism. Not just the O. B. U. strike in Winnipeg though that was bad enough—but I read of a case, etc., etc." I wonder how many of the well-informed easterners know the amount of buncombe of that kind is talked among the little investors in the East, and in England, timid people to whom the loss of the interest on

even one debenture would mean some bill unpaid, some comfort done without?

The West is just as sane as the East. It sees through its own demagogues just as quickly and perhaps a little more quickly than the easterner. The western farmer is the last man in the world to tolerate Bolshevism. If, as I suppose, the basis of this eastern distrust is due to sometimes extravagant attacks on the railways by western orators, the East should remember that one of the surest ways a young lawyer can take for getting into the public eye out West, and winning a good constituency is to quote Scripture and rag the railways. It is always better for a family doctor to tell a lady patient she has XXZ-ism of the ABC than to tell her the truth that she is really suffering from run-down nerves, unwise eating, late hours, too much coffee, worry over her children, and acidosis of the temper. She would never recover.

So these popular and wise young doctors of state flourish the sword of scriptural quotation and about "have you troubles dear people?" Stop worrying. Your public ailments are really very simple. You really think you have many, but you really have only one railway rate! "The East should remember that one of the surest ways a young lawyer can take for getting into the public eye out West, and winning a good constituency is to quote Scripture and rag the railways. It is always better for a family doctor to tell a lady patient she has XXZ-ism of the ABC than to tell her the truth that she is really suffering from run-down nerves, unwise eating, late hours, too much coffee, worry over her children, and acidosis of the temper. She would never recover."

Of course it is foolish to pretend that demagoguery is not dangerous. It is. Fragments of rash speeches, traversing wires and cables, have often frightened about the pocket-books of people who have never seen a prairie sunrise over the harvest fields. But Westerners are no more given to this vice than anyone else. It is up to the intelligent Easterner or old countryman to make enquiries or to suspend judgment before deciding that the West intends to wreck the C. P. R. in order to get ails to build fences. (Signed) A WESTERNER. (From the Montreal Gazette.)

Advs.

For September term.
 of Seven Falls, County Mont-
 gomery. Salary \$100.00 per year.
 giving full particulars to the

CITY ENGINEER'S OFFICE.

Tenders for Permanent Sidewalks

in certain streets of this city.

CITY HALL.

Quebec, July 15th 1921.

PUBLIC NOTICE is hereby given that sealed tenders endorsed "Tenders for Side Walks" and addressed to His Worship the Mayor of Quebec, will be received at his office, up to Thursday the 21st of July, 1921, at 4 p.m. for laying permanent sidewalk in certain streets of this city, in accordance with specifications prepared to that effect; the whole with a five years guarantee.

Tenders must be made on the printed blank forms and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's office, and the City will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

Each tender shall deposit in the hands of the City Treasurer an accepted cheque equal to 5 per cent. of the total amount of his tender.

Should any tenderer refuse to sign the contract, his deposit will be forfeited by the City. This deposit will be returned to non-contractors after contracts will have been signed. Deposits of successful tenderers will be kept by the City until all works contracted for will have been completed to the entire satisfaction of the City.

The City will withhold on each estimate twenty per cent, which shall be paid back to the contractors as follows: 10 per cent at the acceptance of the works by the City; and the other ten per cent at the expiration of the period of guarantee exacted by the City.

The Corporation does not bind itself to accept the lowest or even any tender. The contractor to pay for drawing up the contract and supply the City Engineer with a certified copy thereof.

W. D. BAILLAIRGE,

City Engineer.

July 16th 1921.

HETHERINGTON'S BAKERY.

Every variety of high-grade Bakery Goods delivered to all parts of the City, daily.

ACCOUNTS FOR ALL THE FAMILY

Even The Baby's Name Should Be On The Savings Ledger

Human nature is a queer thing. And all of us, whether children have our full share of that characteristic. Whether it is a ten year old boy who has to be forced into eating whole wheat bread and prunes when he wants two heaped-up dishes of ice-cream and plenty of rich cake; or the girl who is made to go to church when she is crazy to go for a long ride with her latest beau; or the grown man who has to be urged and coaxed and persuaded to lay aside a little of his money for old age and the rainy day when he would much rather spend it all for a good time as he goes along—we are all cast in the same mould.

But sometimes the whole-wheat bread is made into a pudding, with raisins and a custard sauce and the little boy decides he likes it and asks for more. So if we want to get the people of our community to make a place in line before our savings window, we shall have to make the game of saving, very attractive to them, and we are here today to discuss ways in which we can do that.

Mr. Moneybags may be one of your best customers, he may do a profitable checking business, and patronize every other department, but he does not qualify as a 100 per cent. customer unless Mrs. Moneybags, son Jack, and baby Dorothy have savings accounts, and it is our business to get these accounts.

Family Banking Department

The Savings Department has really become "The Family Banking Department" and the training school for future bank customers. And why not? In this day when mothers allow the smallest children to go alone every Saturday to the picture theatre and vaudeville, select their own shows and buy their own tickets why not train them to become just as familiar with the teller's window? Why wouldn't a good slogan for a Savings Department be "A bank book for every member of every family?"

Recently several classes of school pupils inspected our bank. It was a surprise to learn that almost every one had a bank account in his own name, and many of them were our own bank customers. One boy swelling with importance, would say to another, "Shucks, I know all about this bank already. I've got an account here". And the other with a shrug of his shoulders would say, "Huh, you've got nothing on me. Guess I've got one too. And besides that, I do all daddy's banking for him". Good training, isn't it? Don't you wish your parents had started a Savings Account for you at your birth and kept it up regularly until you were grown? How much better off you would have been when you entered the business world. Then let's put it up to the parents in just that way. "Give your children the opportunities you longed for and didn't have. The children of today are the business men and women of to-morrow and they are very likely to keep their accounts where they were first opened."

It is true that a good many people have had to withdraw their savings accounts during the past few months. But how fortunate is the man who had a saving account to draw upon. We recently ran an ad headed "When the Shops Closed Down". Just at that time that a direct message to that man in many a city. The illustration was a man showing a bank book and saying, "If it hadn't been for that Savings Pass Book in my vest pocket, I couldn't have faced Bess and the kiddies. I certainly feel sorry for the fellows who spent all their money". This message reached the shop employees at just the psychological time.

Christmas Savings Clubs

The Christmas Savings Clubs have been the means of both opening and increasing many regular savings accounts. People who had never saved a dollar in their lives have taken these club memberships had never been inside a bank before but they form the habit of coming in once a week or once a month to make their payments and naturally when they have any other banking business, they take it to what has become "their bank".

Instead of mailing out the cheques at the end of the Club year, we ask the members to call for them. The crowds at the bank during the days we are paying off, give us a great deal of publicity, both by word of mouth and through the newspapers, for it has become such a popular thing that the papers have several articles about it each year.

The best phase of the Club is that a very large percentage of the members transfer all or a portion of their cheques to a regular savings account. This doesn't just happen. They are encouraged to do so by those who deliver the cheques. It has been suggested in all the newspapers and each member has received a personal letter urging that he do so.

Mailing Lists

Carefully prepared and maintained mailing lists are very necessary toward securing new savings accounts. It is not well to have any one mailing list cover too much ground, for it takes a different appeal to reach the different groups of people. For instance a 4-page illustrated letter brought as many new savings accounts. It is a letter and circular in one with the pictures telling most of the story. The first page shows a pay-envelope being emptied, part into living expenses and luxuries and part into the bank. There was one letter to teachers, one to salaried men, and one to salaried women, each letter with a different appeal.

(By Brunneau & Co.)

New York, July 16—The market has simply drifted through the day without any definite tendency. The recent sagging in steel does not help the market as this is regarded as a basic industry and the course of the stocks barometer of conditions. There are some who believe that the turn is about to hand in this trade but much will depend upon whether the railroads are put in shape to commence buying again. There is a slightly better tone in some of the sugar shares based on the hope that the Cuban Government will succeed in placing a loan to carry the surplus stocks of sugar. In the general aspect of affairs important developments are pending throughout the world which may have a helpful influence on sentiment and consequently prices in the course of a month or so. For the moment we are in the mid-summer dullness as to trade and the security markets. Sales 117,200.

(By Breen, Gourdeau & Charlebois.)

New York, July 16—Today's two hours session of the stock market was a strictly nominal affair. Prices fluctuated within narrow limits for the entire time, were, on the whole, meaningless, and virtually represented the efforts of a small floor clique to scalp fractional profits. Transactions were highly professional in character and decidedly small in volume.

Briefly, the market today was without important features and offered little upon which to base the future course of prices.

Sales, stocks, 117,200; bonds \$4,500,000.

Egg Market

Ottawa, July 16—The Dominion bureau of Statistics reported 307,545 cases of eggs in storage July first, compared with 377,705 cases July first, 1920.

The egg situation is slightly easier. Difficulty is being experienced in moving a large percent of seconds, and many of these are being sold at 25c to 26c, while a great many are being broken into bulk stock for freezing.

Toronto jobbing prices unchanged. Straight receipts costing 25c to 26c country points. Some Ontario egg circles are receiving 33c. Montreal specials 43c, extras 30c to 40c, firsts 34c; seconds 30c.

different appeal. Many accounts will come through your present customers, either voluntarily, or at your request for their help. Your employees, if their interest is aroused, can greatly swell your list of savings customers.

In an Employees New Account Campaign on our bank, one young lady in addition to her regular office duties which were by no means light, brought in 276 accounts during one month. Of these 213 were savings accounts.

There is enough money hidden around the homes and carried in the pockets of the people of the United States and the double and treble our savings deposits if we could only get the people to realize and act upon the realization that this money is safer and more profitable in the banks. The daily papers furnish quantities of material which may be used in advertising this point.

A Rocking-Chair Bank

For instance, in our city there lived a family that did not believe in banks. They kept their savings of years hidden in an old rocking chair and trained a dog to sleep in the chair and guard the money. One night recently on returning from a picture show, they found that their home, their rocking-chair bank and their \$1,800 had been destroyed by fire.

We reproduced a part of the newspaper story in an ad and showed how the money would not only have been safe in a bank, but in a savings account drawing 4 per cent. interest, would have earned \$72 per year. With that \$72 they could have bought a Victrola, a sewing machine, a bicycle for the boy, or a cow, and yet not have touched a single dollar of the \$1,800.

But when you have succeeded in getting a name on a savings pass book, your work has just begun. One dollar, or five dollars, or ten dollars does not make a savings account any more than one snowflake makes a blizzard. But, unless the bank is very careful to help the matter along, many small savings accounts are going to be opened and promptly forgotten. They need as much nursing and cultivation as flowers, prize pigs and babies.

Keep a Savings Account Growing. The first step toward helping the savings account to grow may be taken at the time it is opened. The letter of acknowledgment sent out over the signature of an officer, might contain a suggestion that the savings account that proves of value is the one that grows regularly. Letters sent at intervals during the year, either to all customers in the Savings Department or to those whose accounts are inactive, will also bring results.

(By Canadian Press)

New York, July 16—Barely 115,000 shares were turned over in today's stock market, the smallest daily total of the year. Price movements were in keeping. Standard shares drifted idly within a fractional limit. Short covering retrieved most small losses, except in the case of Atlantic Gulf, common and preferred.

The day's new indicated additional industrial readjustment. The International Harvest Company announced another cut in prices of tractors. Tool steel schedules also were revised downward. Trade reviews by commercial agencies emphasized cautious buying for immediate needs, pending more light on crop prospects. Wholesale distribution of merchandise increased with better collections.

Clearing houses banks for the week contracted slightly more than \$55,000,000. Net demand deposits increased \$35,000,000 and cash holdings were reduced by almost \$21,000,000, leaving excess reserves at little more than \$13,000,000.

Government bonds, including Liberty issues were steady, but rails, industrials and internationals were featureless on nominal dealings. Total sales par value, were \$3,125,000.

Bebe Daniels in "The Peppiest"
Comedy at The Classic Theatre

J. R. Young and his orchestra will play a programme in harmony with the picture.
A naughty girl who just would flirt, a worried guardian who just had to get the naughty girl married and settled down, a fiancé who realized that he just had to cure the girl of flirting before he married her, and a plot blood-curdling enough to cure any girl of most anything, these are the ingredients of Bebe Daniels' newest comedy "Ducks and Drakes," the peppiest, jazziest, funniest picture in which this dashing star has ever seen.

"A Small Town Idol" Put Dimples
in The Cheeks Of All at Empire

Shakespeare's assertion that "the play's the thing," seems to have been one of the guiding principles for Mack Sennett when he produced "A Small Town Idol," his newest super-production which opened at the Empire Theatre. The other stellar light upon which he had one eye focussed was, of course comedy. There is an harmonious blending of every interest and humor which stamps this production as the comedy king's supreme creation. It is easily discernible that Sennett is making a successful effort toward development of plot purpose in his big productions.

"A Small Town Idol" has all the well-known Sennett players in its cast, including Ben Turpin, Phyllis Haver, Marie Prevost, Charlie Murray and James Finlayson in the leading roles. It is the first six-reel production Sennett has turned out. Empire audiences during the opening day's performances found that their attention was sustained throughout the showing of the film. No doubt this is due to the fact that Mr. Sennett has provided authentic interest in addition to his comedy situations.

Spectacle and thrills add their attractions to "A Small Town Idol" It is one of the funniest and best pictures yet shown here.

Crowds See Dempsey-Carpentier
Fight Picture at The Canadian

The fight picture is a remarkable representation of the contest. It shows the swiftness of Carpentier and the relentless and powerful fighting of Dempsey. It shows the challenger's attack on the champion in the second round, and you can see what an electric effect this had upon the vast arena, for you see the entire audience, so far as it is in view, rise to its feet in amazement. Also you see the manner in which Dempsey's strength wore down Carpentier, and the final knock-out blow. Consider the constancy of the atmosphere at Jersey City when the fight took place, the pictures are much clearer than anybody expected they would be. They constitute an important record of the memorable event.

The picture runs to-day and every day this week.

Alice Calhoun at The Victoria in
Fine Society Drama "Closed Doors"

Alice Calhoun who promises to be one of the most popular young actresses of the day appears in a splendid picture at the Victoria Theatre to-day. It is entitled "Closed Doors" and has a fascinating story. Other fine subjects on same bill.

100 Years Ago

New Instrument.

Mr. Collin, a Swede, and by profession a mathematical instrument maker, has constructed an instrument calculated to discover any object at the bottom of the sea to a considerable depth. A piece of metal may be seen 53 feet from the surface of the water, and dark objects 27 feet. And from a peculiar mode in the construction of this instrument there is no difference in its discovery of objects under the water, either in clear or cloudy weather. Neither is the wind any hindrance to this operation and it is so portable and convenient that it may be managed by one person only. It has been proved at Stockholm and its utility defined.

25 Years Ago

Drugged and Robbed.

It is reported that a Quebecer was drugged and robbed near Three Rivers while returning from Montreal by train. As the story goes two strangers offered the victim a drink, which he, not wishing to appear unfriendly, accepted. After this he remembered nothing until he awoke some hours later at Deschambault Woods, having on only his flannel shirt, trousers and shoes, and being minus his coat, travelling bag, \$11 in money, his watch and some small articles. He had to borrow a coat, hat etc., to return home with, as well as the money for his ticket. The victim does not remember the men in question and is said to bear the marks of violence on his face.

Legal.

Mr. Henri Menier, Proprietor of the Island of Anticosti, has appointed

BLUEJACKETS LANDED

Kobe, July 17—Two hundred armed bluejackets were landed here today to co-operate with 3,000 police and a company of infantry who are protecting naval property as a result of the strike of dockyard workers. One hundred leaders of the strike movement have been arrested.

FIRST LEG OF VOYAGE

TO BAFFIN LAND

East Booth Bay, Maine, July 17—The schooner Bowdoin, which left Wiscasset yesterday on the first leg of a voyage to Baffin Land with Dr. Donald E. McMillan's exploring party, anchored in the harbor, her last night. She will leave early tomorrow for Sydney, N.S. Dr. McMillan is spending the week end at his home in Freeport.

The explorer and his six adventurous followers sailed down the St. Lawrence River yesterday from Wiscasset amid the cheers of friends and admirers, including Governor Baxter who was a class mate of Dr. McMillan at Bowdoin College.

The spectators held their breath at Kent House yesterday and last night during the performance of the Loretas. It's some aerial act. See it today or tonight.

ed Mr. G. F. Gibsons, advocate, of this city, his lawyer.

The Wheel.

Three members of the Quebec Bicycle Club, Messrs F. S. Stocking, A. D. Scott and P. McNaughton, who are touring "down by the sea," are apparently doing well. Last night they took the train from Little Metis to Campbellton, where they expect to start on a beautiful trip in a lovely country.

Social and Personal

Mr. and Mrs. J. D. Fitzsimmons of Toronto are in town.

Mr. and Mrs. Charles E. Alleyne and Mr. and Mrs. Paul Samson spent the week-end at Kamouraska.

Mrs. P. P. Boulanger and Miss Germaine Boulanger are spending a few days at Riviere du Loup.

Colonel and Mrs. Leslie of Kingston, Ont., arrived in town yesterday and are staying at the Chateau.

Messrs. F. Sullivan and M. Montague, Directors of the Quebec Hunt Club are at present in Montreal.

Mrs. Arthur Staden, of Ottawa, is the guest of Their Excellencies, the Duke and Duchess of Devonshire.

The Misses Corinne, Deronie and Laurette Braun have left for Sandy Beach, where they will spend a month.

Hon. Judge and Mrs. Archer and Miss Pauline Archer of Montreal, are spending a few weeks at Murray Bay.

Miss Therese Cannon left Saturday for The Pointe, Riviere du Loup where she will be the guest of Mrs. Simon Lapointe.

Mrs. Montague who has been spending the past month a guest at the Chateau Frontenac, returned home yesterday.

Mr. Wilfrid Dugal, of Chicoutimi, is spending a couple of weeks at Bois Chatel, with his parents, Mr. and Mrs. P. W. Dugal.

Miss Elizabeth Blanchet has returned from Warwick, where she spent a few weeks, the guest of her sister, Mrs. L. H. Pepin.

The Misses Marie and Alice Hamel are spending some time at Pointe au Pic, the guests of their sister, Mrs. L. J. A. Amyot.

Mrs. Montague and the Misses Barbara and Patricia Bate, are staying with the former's parents, Sir Charles and Lady Fitzpatrick.

Mr. and Mrs. Hugh Fleming of Ottawa, who have been spending a few days in Quebec, the guests of Sir Charles and Lady Fitzpatrick, left Saturday for Murray Bay.

The discovery of another musical protegee by Dame Nellie Melba is reported from Vancouver. While staying in that city on her way to her old home in Australia, Madame Melba chanced to meet Miss Flora Russell at a tea and to hear her sing. Later Miss Russell was invited to sing for the prima donna in her apartments. It is stated that Madame Melba will take Miss Russell to Paris in September, and will supervise her musical studies.

It will interest those who met Lady Markham, twice of Admiral Sir Albert Hastings Markham, when she visited in Canada for several months a year or two ago, to learn that she has married again. Her marriage with Lieutenant J. Knell, of the Royal Netherlands Hussars, took place in London, at St. Stephen's Church, on June 27th. Rev. Lord Victor Seymour was the officiating clergyman and assisting was the Rev. A. McGee, M.C. Captain to the Canadian forces and formerly of Montreal. Lady Markham (who was escorted by her father Mr. F. T. Gervers, of Arday, Ross-shire) departed from the usual custom of widows, which is to have grey or lavender for their second wedding gown. She chose instead an amber colored dress, with train of amber charmeuse and lace, and wore a gold lace cap wreathed with yellow flowers. To complete the scheme, her bouquet was of yellow arum lilies. Her daughter, Mrs. McCann, who is married to a Canadian, walked beside the bride.

A GOOD ANSWER

One of the few recorded occasions when Whistler was "floored" is mentioned in a magazine article about the artist. He once said to an inquisitive model who had asked him where he was born (he was secretive as to the date and place of his birth), "My child, I was not born. I came from on high."

And the model answered, with a wit as keen as Whistler's "I should have supposed you came from below."

At The Theatres

Chronicle's Review

THE CANADIAN.

The picture of the Dempsey-Carpentier championship bout which are now showing at the Canadian Theatre give one and all an excellent opportunity of witnessing the "Battle of the Century." The pictures are very clear, every blow struck being plainly visible. The film consists of over five reels and in opening shows the training camps chosen by Dempsey and Carpentier, as well as the strenuous work they underwent to get in the best physical condition.

The pictures of the big bout are particularly clear, the audience viewing each round twice, first from a distance and then a close-up view is flashed on the screen. Carpentier is seen landing the first blow of the bout in the first round, while the second round it is clearly noticed that the Frenchman did his best fighting in that stanza, landing a succession of rights to Dempsey's jaw, which brought the enormous crowds in the Amphitheatre to their feet. It is here the audience can form their opinion as to what effect the challenger's blows had on the champion.

The fourth fatal and last round, Carpentier is seen sent to the canvass, to arise at the count of nine, only to be knocked down for the count with a right hook. The film is very good and often makes one feel like rising in his seat to cheer his favorite on to victory.

GREAT LAKE CRUISES

A voyage over Lakes Huron and Superior, those great fresh water seas, makes one of the most popular of vacation trips. The fleet of the Northern Navigation Company (Grand Trunk route) sailing from Sarnia to Sault Ste. Marie, Port Arthur, Port William and Duluth, offers the maximum in comfort, service and safety. From Toronto special Grand Trunk steamboat trains made direct rail connection with the vessels of Sarnia, Ont. The round trip over the Great Lakes occupies six days. The traveller finds each hour filled with ever changing interests. There is the charm of the daily life on ship-board, the thrilling experience of passing through the locks at Sault Ste. Marie, the day ashore at Canada's Twin Cities, Port William and Port Arthur, and the visit to Duluth, the city built upon the mountain side. For all information apply to Grand Trunk agents or to S. J. Nestor, City Passenger Agent, 10 St. Ann Street, Quebec, Que.

ANTI-REDS BEATEN

London, July 17—According to a Moscow report received in Riga, says a despatch to the Exchange Telegraph, the army of General Makno, the anti-Bolshevik leader in the Ukraine, has been hopelessly beaten. The despatch adds that a number of the leaders in the Makno movement surrendered.

JUST THE THING.

Young wife (talking over coming away at the shore)—And John, dear, I think it would be nice to get one of those sea cows I've heard mentioned. Baby might thrive on the milk.

NOTICE

In order to attend the Photographers' Association of America Convention at Buffalo, N.Y., our Studio will be closed from the 18th to the 23rd of this month.
