NAZIS CLAIM CAPTURE OF STRATEGIC MATRUH

British Admit Withdrawal Of Main Strength

Although Refusing to Verify German Claims as to Capture of Outer Alexandria Defence Bastion, British Authorities State that Position Is Critical with 8th Army Avoiding Frontal Clash.

By ROBERT BUNNELLE, Associated Press Staff Writer
London, June 29.—(AP)—The Axis asserted today that Matruh, 130 miles deep in Egypt and a key to Britain's defences, had fallen to their forces pressing eastward toward Alexandria and the Suez.

There was no confirmation in London of the claim, which came from Berlin and Rome, but British reports indicated the situation was perilous, with the 8th Army avoiding any frontal clash with Nazi Field Marshal Erwin Rommel's superior weight of armor.

There was little doubt in London the Axis claims were true, but a British military commentator declared that Matruh was "not the last bastion between Tobruk and Alexandria."

Alexandria, base of the Mediterranean fleet, was bombed during the morning by Axis planes believed to be operating from airdromes only 200 miles away.

The Axis claim that only 6,000 British troops were captured at Matruh—compared with 33,000 arrested at Tobruk—indicated the main British force escaped and fell back, playing for time until the arrival of tank and gun reinforcements.

Headquarters in Cairo, saying that the enemy had advanced to the southeast—that is, to the land inside and beyond the coastal anchor—said the struggle was spreading over a "very large area" and that details were not available.

If Matruh has been abandoned, a British spokesman said, it was to hold a line farther east.

Britain's plan for coping with the Axis drive then would indicate a fluid defence falling farther and farther back in an attempt to absorb the shock of the Axis' mechanized and armored divisions.

When Rommel defeated Britain's armored strength in Libya, and seized Tobruk, British commanders elected to pin its defence on Matruh rather than throw in the main strength on the advance border defences based on exposed Salum.

By dropping back, they apparently hoped to gain time to regroup and replenish manpower and machines and to shorten their own lines of supply while forcing Rommel to lengthen his under constant air assault.

British bombers and fighters kept the advancing Axis columns under heavy attack throughout the weekend and left numerous fires—obviously badly-needed fuel supplies—blazing all the way from Salum, near the Libyan border, to the approaches of Matruh.

Enemy motor transport and tanks likewise were pounded by day and

C.C.F. DEMANDS CONSCRIPTION OF INDUSTRY

Quebec Branch of Co-operative Commonwealth Federation Opposes Draft of Manpower Alone.

Montreal, June 29.—(AP)—A resolution opposing conscription of men for overseas service unless it is accompanied by conscription of wealth and industry, was passed at a session of the 8th annual convention of the Quebec Section C.C.F. yesterday.

The resolution was one of several passed at a closed meeting of the convention, and its text was released later. It said that "partisan political considerations have led the Government to distort the issues before the people of Canada and to attempt to conceal the inadequacy of their war policies by making the matter of conscription of manpower the principal question, hereby gravely endangering the unity of our country."

The resolution said the "conscription solely of manpower for Overseas service is in Chicago, and some here. Those here were believed to have been made from among a group of German people living on Long Island not far from the deserted beach at Amagansett,

Seizure Of Several Associates And Contacts Of Nazi Sabotage Party Announced By F.B.I. Head

New York, June 29.—(AP)—Seizure of "several contacts and associates" of the band of eight Nazi spy-saboteurs landed by U-boats on the United States East Coast was announced last night by the Federal Bureau of Investigation, which promised more arrests within a few days.

New developments in the startling case of the invading saboteurs were disclosed by the discovery of an additional cache of \$20,000, increasing the total of "pay-off money" carried by the saboteurs to \$170,000.

Neither the number nor the names of the persons arrested as aides of the invading saboteurs were disclosed by Carl Conroy, Assistant to J. Edgar Hoover, F.B.I. Director, in announcing the new roundup twenty-four hours after Hoover had revealed the capture of the agents.

Some arrests of the suspected accomplices were made in Chicago, and some here. Those here were believed to have been made from among a group of German people living on Long Island not far from the deserted beach at Amagansett,

GREEK MONARCH CONFIDENT OF GERMAN DEFEAT

Montreal Today Prepares Welcome for King George II of Greece Who Is Visiting Dominion.

Montreal, June 29.—(AP)—King George of Greece will receive a civic welcome to Montreal today to start off a busy day of tours and receptions.

The Greek monarch, who arrived yesterday for a three-day stay, will sign the city's Golden Book at City Hall and will be welcomed by city officials and leaders of the Greek community here. Later he will attend a civic tea at the Chateau, atop Mount Royal, and will be guest at a banquet sponsored by the Greek community in the evening.

King George arrived yesterday, expressing the conviction that the United Nations would gain the final victory in the war. His views were expressed in a statement to newspapermen after he had been

Main German Offensive Launched Along Kursk Sector, London Claims

British Authorities Convinced that New Front Opened by Germans Is Scene of Major Drive—Russians Report Desperate German Efforts to Cut Vital Rail Communications Have Met with Failure.

WESTERN PROVINCES STUDY DEBT PROBLEM

Saskatoon, June 29.—(AP)—Representatives of governments and farm organizations of the Prairie Provinces here today aimed at achieving a common plan for alleviation of the Western farm debt situation for subsequent presentation to the Dominion Government.

The conference was an outgrowth of a meeting held in Edmonton May 18 when delegates from Alberta farmers' groups met on the invitation of the Alberta Government.

Manitoba and Saskatchewan governments have not revealed any specific plans in connection with the conference.

London, June 29.—(AP)—"The main German offensive" in Soviet Russia has opened with the attack launched yesterday in the Kursk area, a military commentator said today.

The full weight of the German attacks is being felt in the Kharkov and Kursk areas as Gen. Fedor von Bock strikes eastward toward crossings of the Don River and Stalingrad, he said.

GERMANS SEEK WEAK SPOT IN RED LINES

By HENRY C. CASSIDY, Associated Press Staff Writer

Moscow, June 29.—(AP)—Probing the long, resilient Russian line for a weakness, the Germans are smashing out from Kursk, about 280 miles South of Moscow, today in a new drive presumably aimed at cutting the vital railway connecting the Southern and Central fronts.

The new offensive—the fourth started by the Germans this spring—came as the battered and weary Soviet defenders of Sevastopol fought off a succession of Axis blows at the Black Sea fortress under attack for the twenty-fifth day. Other Red army units were counter-attacking fiercely in the Kharkov region and winning back some lost ground, front dispatches said.

Today's mid-day Soviet communiqué gave no details of the fighting East of Kursk, saying merely that during the night "in the Kursk and Sevastopol directions our troops engaged the enemy in battle."

A supplement to the communiqué said the Germans had opened 25 field hospitals at Simferopol, Northeast of Sevastopol in the Crimea, to handle the large number of wounded from Sevastopol.

The new blow in the Kursk sector came Sunday and the Russians said the Germans "had gone over to the offensive" there. The drive

ALLIED AIRMEN IN HARASSING RAID ON JAPANESE STATIONS

Allied Headquarters, Australia, June 29.—(AP)—Allied airmen in their most prolonged attack on the Japanese bases at Lae and Salamaua, on the Northeast coast of New Guinea, harassed enemy troops positions for several hours during the night, it was announced today.

A communiqué called the attack "a light, prolonged and harassing raid" and a spokesman added it was the longest raid on that area.

The war bulletin also announced a night attack on the wharf area of Tulagi, in the Solomon Islands, but details were not disclosed.

Churchill Shows Increased Strength In Cabinet Crisis

British Parliamentary Sources Are Convinced that Prime Minister Will Easily Defeat Motion of Censure on His War Leadership—Joint Statement with Roosevelt Materially Improves Position.

London, June 29.—(AP)—Parliamentary sources predicted today that Prime Minister Churchill would weather the political storm over the Libyan setback when the showdown comes in the House of Commons, possibly this week.

They said indications pointed to defeat of a motion of censure on his war leadership and also to failure for attempts to force him to separate the Premiership and the Defence Ministry.

Temper inflamed by the first shock of the sudden Libyan setback has cooled and the general attitude apparently is to get at the root of Britain's failures and apply the cures.

The tactical, backstage political situation also was regarded by observers as turning in the Prime Minister's favor.

His critics lost the first round of the confidence battle when the Prime Minister clinched the right to have the last word before voting on Sir John Wardlaw-Milne's censure motion on the ground that the private life of a minister belonged to the Government in such circumstances.

Mr. Churchill's return from the United States to defend his conduct of the war was regarded by these sources as having taken some of the steam out of his critics' attacks and they said his hand also was strengthened by his joint statement with President Roosevelt predicting operations to take pressure off Russia.

LATER REPORTS SHOW JAP LOSS AROUND MIDWAY

United States Navy Lists Ten Japanese Vessels as Definitely Destroyed in Pacific Battle.

Pearl Harbor, T.H., June 29.—(AP)—Defeat of the Japanese invasion fleet off Midway Island was even worse than first reported.

The United States navy, waiting until it had rounded up all the reports and checked them, flatly wrote off as Japanese losses: the Aircraft Carrier Akagi, 26,900 tons; the Aircraft Carrier Kaga, 26,900 tons; the Aircraft Carrier Soryu, 10,050 tons; two heavy cruisers, probably the 8,500-ton Mogami and the 8,500-ton Mikuma; three destroyers and a cargo or transport vessel.

That added up at least ten ships sunk in the big sea-air battle earlier this month off Midway. The definite report of four carriers sunk contrasted with tentative reports June 19 of "two and possibly three."

The same reports listed only one other Jap ship as definitely sunk, a destroyer.

The loss of ten likewise was in sharp contrast with Japanese admission that only one ship, a carrier, went down.

The navy, summarizing the losses in a communiqué issued yesterday, said that a fourth destroyer probably was sunk and that considerable damage was wrought on two or three battleships, three or four other heavy cruisers, a light cruiser and four transport or cargo vessels, another transport or cargo ship was listed as probably sunk.

On the other side of the ledger, American losses were listed as one destroyer sunk and damage to an aircraft carrier.

GREEKS KILLED AS SABOTEURS IN CRETE AREA

Sixty-Two Slain for Hampering Airport Work as Germans Mass Troops on Small Island.

London, June 29.—(AP)—A spokesman of the Greek Government said today that sixty-two Greeks had been shot in Crete on charges of sabotage by the Germans, who are reported putting thousands of airborne troops on the island and building many airdromes.

The shootings occurred at Candia, he said, and among those put to death were the mayor, the editor of the local newspaper, a bank director and a school teacher.

"The Germans have been taking the male populations of whole villages for forced labor on new airfields," the spokesman said, "and nineteen of those shot were workmen who used the opportunity to sabotage the German air effort."

He said "thousands of air-borne troops" had been moved into Crete this month and that the Nazi air force had been "considerably increased" there.

Where male populations flee villages to avoid labor conscription, the spokesman added, women and children are taken as hostages. From one village, he said, 25 women and children have been put in concentration camps.

Groux, Man., June 29.—(AP)—Adelard Fontaine, forty, wood dealer of St. Boniface, Man., was killed instantly Saturday when his truck collided with a Canadian National Railways freight train and burst into flames. Groux is thirty-five miles Southeast of Winnipeg.

BAN PLACED ON PRODUCTION OF GRASS MOWERS

Both Hand and Power Lawn Mowers Come Under Ban as Industry Is Converted to War Purposes.

Ottawa, June 29.—(AP)—August 31 is the deadline for production of lawn mowers in Canada, under an order by H. H. Foreman, Administrator of Fabricated Steel and Non-Ferrous Metals for the War-time Prices and Trade Board, which prohibits manufacture after that date of both manual and power mowers.

After September 15, no manufacturer may sell, ship or otherwise dispose of any lawn mower except with written permission of the Administrator.

Meantime, parts are not to be made except for uncompleted mowers for which on the date of the order—June 13—at least fifty per cent by number of the necessary parts were on hand, and such repair parts as required for mowers already manufactured, or those completed under the provision mentioned.

"The order represents one more step in conservation of metals required for war production," the Prices Board said. "It has been estimated that the steel in two ordinary lawn mowers is sufficient to make three 25-pound shells."

ANOTHER APPOINTMENT MADE

Ottawa, June 29.—(AP)—The War-time Prices and Trade Board today announced appointment of R. M. Adams, of Toronto, as Director of the Underwear Division in the Knit Goods Administration headed by H. G. Smith, also of Toronto.

Mr. Adams has been in the textile business for thirty years and is head of Adams Knitting Co.

B. K. Gunn, who has been director since the Administration was set up, will continue to act in an advisory capacity.

CHANGE IN VICTORIA APPOINTMENTS

Victoria, B.C., June 29.—(AP)—Col. J. E. Lyon, former Director of Military Operations and Intelligence at Naval Defence Headquarters, and Capt. T. Bee have arrived here from Ottawa to assume staff appointments in the Pacific Command. Col. Lyon succeeds Col. J. F. Preston as General Staff Officer, while Capt. Bee will be aide-de-camp to Lt.-Gen. Kenneth K. Stuart, Chief of the General Staff.

WAR BULLETINS

Gibraltar — Three Axis planes attacked Gibraltar early today. They dropped bombs, during heavy anti-aircraft fire, which caused no damage. There were no casualties reported.

Stockholm, Sweden — In the second anti-Nazi riot within a week in Sweden, more than 1,000 persons broke up an attempt to hold a Nazi meeting in Raetvik, 150 miles Northeast of Stockholm.

Berlin (from German broadcasts) — The German radio claimed today that Axis forces had occupied Matruh, railroad 130 miles East of the Egyptian-Libyan frontier and 160 miles from Alexandria.

(Fall of Matruh was claimed simultaneously in Rome by the Italian high command. There was no immediate confirmation in either London or Cairo.)

GENERAL SEES REINFORCEMENT UNIT TRAINING

Lt.-Gen. A. G. L. McNaughton Makes All-Day Inspection of Canadian Training Centre in England.

By DOUGLAS AMARON, Canadian Press Staff Writer
Somewhere in England, June 29.—(AP)—A whirl of constant motion floated through the pines and Lt. Gen. A. G. L. McNaughton, sniffling approvingly, turned to two white-coated cooks and remarked:

"You keep the boys well fed and you're going a long way towards beating Hitler."

The cooks were Ptes. H. R. Greck of Liverpool, N.S., and Morris Tynes of Halifax, members of the North Nova Scotia Highlanders learning the fundamentals of the army kitchen at a training centre of the Canadian reinforcement units.

The mutton, surrounded by baked potatoes, was dinner for the rest of the class and the pride of the cooks who confessed they never really mastered the problem of frying an egg before joining the army.

This class, from which eighteen to twenty soldiers "graduate" every five weeks, was one of the many phases of training the Canadian Army commander, saw during an all-day inspection of reinforcement units.

The visit, in company with Maj. Gen. P. J. Montague, Senior Officer, Canadian Military Headquarters, took the general to Army Service Corps, engineering, signals, infantry, machine gun and miscellaneous formations, where he saw almost every type of training men of the C.R.U. undergo.

In the R.C.A.S.C. section, "learners" were being put through their paces in motor lorries while maintenance crews were at work underneath trucks.

Engineers were undergoing a variety of courses, from field craft training, in which groups in charge of Lieut. Albert Hanson of Carleton Place leaped over hurdles, climbed fences and crawled through trenches, to advance wet and dry bridging with the latest equipment.

Sigms, Ralph Morton, Belleville, Ont., and James Cliffe, Mayor of Milltown, N.B., in 1937 and 1938, were at opposite ends of telephone poles, stringing wires, when the general passed, and Staff Sgt. Wallace Capers of St. Thomas, Ont., was explaining a new type of instruction.

Machine gunners undergoing their daily battle drill, raced around a course tougher even than that laid

Canadians Today Unite To Honor Members Of Active Service Force

By BOB FRANCIS, Canadian Press Staff Writer
Ottawa, June 29.—(AP)—Canada's soldiers overseas were first to be remembered as today, officially designated "Soldier Day," opened the first Army Week in Canada's history.

Gifts from friends and families and sweethearts were wrapped and on their way to the country's fighting men across the seas—a first manifestation of the Dominion's tribute to her soldier sons.

Set aside by proclamation as a period of appreciation to the soldier for his difficult work and sacrifice, the week June 29 to July 5 opened with flags and bunting flying along city streets from Victoria to Halifax.

Business houses, Government buildings, stores and offices were decorated with bright banners as a tribute to the man in khaki. Many stores displayed special gifts suitable for men in the active forces.

Troops were entertained at special functions arranged by churches, the auxiliary services and civic bodies and many soldiers were invited to private homes for dinner.

cast in which Defence Minister Ralston said:

"Army week has just one purpose, and that is to honor our soldiers, and that includes the women of the nursing service and of the Canadian Women's Army Corps as well as the men."

"We want the soldiers to know that we realize what a long, tough job they have taken on, not for themselves but for all of us. We give time and money and effort. He gives all these and then throws in life itself."

The programme included a message from Lt.-Gen. A. G. L. McNaughton, Canadian Army Commander Overseas, who said the Army had come to represent a major portion of the activities of Canada's national life. He asked support for Army Week to give Canadians the intimate knowledge of their army which is essential for confidence.

Replying to Gen. McNaughton, Lt.-Gen. Kenneth Stuart, Chief of the General Staff, assured the support of the Army in Canada "to the limits of our power."

The week was opened officially by ceremonies in several large cities.

MAJOR M. MOORE NAMED C.O. OF 121ST BATTERY

Stanstead Resident Served During Great War with Royal Flying Corps—Had Commanded 74th Field Battery.

The appointment of Major M. L. Moore, of Stanstead, as Officer Commanding the 121st Battery, and Major A. H. Scott as Officer Commanding the 122nd Battery is announced through the Public Relations Officer of Headquarters, Military District No. 4.

A veteran of the Great War, Major Moore served in the Royal Flying Corps in 1917 and 1918. Upon his return to Canada he enlisted in the old Eastern Townships Mounted Rifles and was a member of the Stanstead Squadron until the disbandment of this regiment in 1936.

Major Moore is Secretary-Treasurer of the Stanstead Granite Quarries Co. Ltd., Beebe, with which he has been associated for eleven years.

Major A. H. Scott is also a veteran of the Great War, having served with the Royal Field Artillery

FORMER 117TH MEMBERS GIVE BREN WEAPON

Substantial Donation to Dominion War Effort as Result of Campaign by Overseas Association.

Members of the 117th Eastern Townships (Quebec) Overseas Battalion Association have scattered far and wide since 1918. Time has thinned their ranks. War wounds and the passing years have put their marks on many others. Still the unit counts sixty-seven members now serving with the armed forces.

The Association is proud of this, but those sixty-seven are not allowed to carry the whole load for the 117th Eastern Townships O.S. Battalion. Recently a call went out to the other members. As a result of the call, President, Lieut. R. D. Farley and Treasurer, R. Bartholomew have forwarded a cheque for \$508.60 to Major-General L. R. LaFleche, Associate Deputy Minister of National War Services, with the request that it be spent for Bren guns, or any other weapon which, Minister of National Defence Col. J. L. Ralston feels, the men on active service could use to better advantage.

LAW PROFESSOR AT LAVAL ENDS CAREER

Quebec, June 29.—Alphonse Pouliot, ninety-one, former clerk of the Court of King's Bench and teacher at the Law Faculty of Laval University for more than thirty years, died at his home here yesterday.

He is survived by two daughters and two sons, all of Quebec, and many nephews, including Jean Francois Pouliot, member of Parliament for Temiscouata.

AUSTRALIAN OUTPUT PROBLEMS STUDIED

Allied Headquarters, Australia, June 27.—Larry Hartnett, Australian Director of Ordnance and Production, has gone to Washington to discuss Australia's war production problems with American industrialists, an announcement said today.

Hartnett is Managing Director of the General Motors Corporation in Australia.

from 1914 to 1920.

Major Scott was made Lieutenant in July 1940 and was promoted Captain in August 1940 at which date he went on active. From September 1940 to March 1941 he was attached to No. 4 District Depot at Longueuil, when he proceeded to Petawawa Training Centre where he took courses and was also instructor.

In civilian life he was an investigator with the Canadian Pacific Railway Company for fourteen years.

GIRLS TELL OF JAP ATTACK ON DUTCH HARBOR

Three Hartford, Conn., Girls Literally Bombed into Transfer by Raid on Alaskan Outpost.

Seattle, June 29.—(AP)—Three Hartford, Conn., girls who were the only civilian women employees in the army post at Dutch Harbor, Alaska, told today how they were literally bombed into a transfer by the Japanese attack on the American outpost.

Barbara Quandt, Harriett Haskell and Helen Beizer—only worked two weeks at Dutch Harbor when the bombing occurred June 3. For the present, they will work at the Seattle port of embarkation. They hope to return to Alaska later.

They were awakened by anti-aircraft firing which shook their building. Knowing what had occurred and not surprised, they calmly started to dress.

"We wore rubber boots all the time because of the mud and ordinarily wore woollen clothing," Miss Quandt said. "But this morning we put on slacks, boots, fur coats, rain coats and rain hats."

"We saw a bomb hit a warehouse just ahead of us, and it broke into flames. Looking up we saw three bombers overhead. We ran from the main street down a side street. Some soldiers called to us to lie down, which we did, close to a building. Pretty soon we started for the shelter again. Some wounded soldiers waved us away as we started to help them. 'Run for it, girls,' one of them said."

"A second bomb hit a building we had intended to enter, and if we had stopped there we should have been in it. We finally made the shelter. We stayed there watching the guns firing until the all clear sounded after about an hour."

Two days later they boarded ship, still wearing the same clothes they donned when the attack started. They had slept in them two nights and were muddy and dirty but undaunted.

Dressed in the khaki of the brigade of the British army, King George said he was kept informed, through underground channels, of conditions in his homeland and added that "considerable" numbers of Greeks had escaped when Germany occupied their country to join those fighting with the Allies.

The Nazis, he said, "haven't been really successful" in their attempts to enlist Greeks in labor battalions for Germany.

THIRTY FLIERS ENTERTAINED AT RICHMOND

Supper Served Boys from Victoriaville in College Street United Church Hall Saturday Night.

Richmond, June 29.—Thirty Royal Canadian Air Force lads from the Initial Training School at Victoriaville were entertained here over the week-end by the "Soldiers' Entertainment Committee."

Met Saturday at the train by D. R. McLaughlin, Chairman of the Committee, and T. L. Tanner, the fliers were given supper in the College Street United Church Hall, the supper being served under the convenship of Mrs. G. Campbell, Mrs. A. Marcotte and Mrs. J. Sinclair.

Following the supper the fliers visited at various homes throughout Richmond and Melbourne. Flight Sergeant H. Clark gave an organ recital for a group of Richmond and Melbourne people in the church following the supper.

After being billeted for the night, the fliers spent Sunday at "Sunnyvale Farm," the home of Mr. McLaughlin.

It was announced, however, that numerous fires were started by the German raiders and some still were burning at dawn today. Two Nazi planes were shot down last night on a Saturday night.

The Government also announced that the famous Cathedral at Canterbury had been damaged, along with several other historic buildings, by German bombers which attacked that cradle of the Anglican Church on June 1st.

The cathedral, which is the residential section of the ancient town, was said to have been laid waste.

Although the Cathedral escaped a direct hit, damage to the structure was estimated at many thousands of dollars. The modern library and school were undamaged. King's School—oldest public school in England—was badly battered.

Another resolution urged that the C.C.F. "continue its policy of uniting Canadians and condemning as anti-social and a betrayal of Canada's interests, the attacks by members of one race upon another, whether English, Jewish, French or any other race."

Earlier in the convention, delegates had been told by Mrs. George MacInnes, C.C.F. Member of the British Columbia Legislature for Vancouver-Burrard, that the C.C.F. is going to prove that it can unify Canada. Other parties call for unity but no one has made any effort to bring about such unity, she said.

General Rationing

Except for four minor items, the Committee's reports said, "all of the amount... has a direct relation to war effort."

Government spending for the fiscal year, the Committee said, is estimated at \$73,000,000,000, which, after considering old and new taxes, would leave a deficit of about \$50,000,000,000.

Elsewhere in its report and published hearings, the Committee made these disclosures: Government expenditures for war purposes soon will reach \$6,000,000,000 a month and require the employment of between sixty and sixty-five per cent of the country's industry.

Production of aviation gasoline is at least 50 per cent higher than the maximum which had been believed possible several months ago.

MINISTER RESIGNS MONTREAL CHURCH

Montreal, June 29.—Lt. Col. J. Bruce Hunter preached his last sermon as Minister of St. James United Church here last night. He is resigning to devote his full time to his duties as Senior Protestant Chaplain for Military District No. 4.

A graduate of Emmanuel College, Toronto, Col. Hunter was Minister at churches in Vancouver, London, Ont., and Toronto before he came to St. James Church seven years ago. He has been senior Protestant chaplain here since November, 1939.

TRAINING FOR LEADERSHIP IS CAMP'S OBJECT

Megantic Advanced Training School Endeavors to Teach About 200 Young Men Monthly Principles of Leadership and Value of Initiative.

The Megantic Advanced Training School is endeavoring to teach approximately two hundred men monthly the principles of leadership, as exemplified in the ability to make decisions, and inspire in men a degree of confidence in their leader, which is necessary to have them follow him wherever he goes.

The Megantic School is the only one of its kind. It is the only Non-Commissioned Officers' School in Canada. It was founded in the course of the summer of 1941, and in September the first candidates joined the school. The candidates are put through severe training, and as a result, the exams are passed with great facility. The discipline is strict, but fair; and the men who follow the courses are always giving favorable comments on the school.

As already mentioned, the aim of the school is to turn out competent and capable leaders, fully equipped to teach any group of men under their command, whether in actual practice or on the battle field itself.

It is necessary that a leader should be able to make a quick decision when facing a perplexing problem.

In order to bring teaching to its highest level, instructors of the best type had to be selected; and, with this end in view, most of them are men who have been Overseas for a length of time.

The instructors, sixty per cent of whom are French-speaking, come from all parts of Canada. The classes are taught in French and English, and the French instructors have perfect mastery of both languages.

The candidates who present themselves at the Megantic School come from the nine Provinces, from the Yukon, the North West Territory and Newfoundland, and most of them belong to different units. On several occasions seventy units were represented at the same course. The candidates are mostly qualified N.C.O.'s who want to achieve promotion in a special branch of training which is being taught there.

Every branch of the army sends representatives, and from 20 to 25 per cent of the candidates are French speaking.

Lieut.-Col. Cliche and his staff deserve congratulations for making of this school a success surpassing all the expectations of military authorities.

Lieut.-Col. Cliche was born in Beauce some forty-three years ago, graduated at Macdonald College and St. Anne-de-la-Pocatiere and received a degree of Agricultural Engineer. He is also associate director of the Seeds and Fertilizers branch in Ottawa in the Agricultural Department.

Lieut.-Col. Cliche has been in the army since he joined the C.O.T.C. of McGill University in 1920. He has already been Brigade Captain and Major in Valcartier, and has followed an M.S.C. course. Since July, 1940, he has been directing the Megantic Training Centre, which the following year, became the school just described.

If the enemy has superior tank strength it is likely that the British forces have avoided engaging the entire force and are seeking to see Field Marshal Erwin Rommel's armored strength by a series of actions in which his tanks can be attacked unit by unit, he said.

Such a manoeuvre may force the British to withdraw further into Egypt, turning at suitable positions to engage advancing German armored units, the commentator added.

Although saying the Germans "succeeded in somewhat pressing our units" in one sector of the bitter siege of Sevastopol, the Russians announced that "on all other sectors the enemy attacks were repulsed with enormous losses to him."

FIVE CHURCHES CO-OPERATE IN ANNUAL PICNIC

Approximately 400 Children and Parents Enjoy Saturday Afternoon Outing at Vacation Colony.

Approximately 400 children and parents enjoyed the annual Sunday School picnic for Protestant churches of the city, held Saturday afternoon at the Vacation Colony on the shore of the Magog River.

Five local churches—St. Peter's, the Church of the Advent, Plymouth and Trinity United Churches and St. Andrew's Presbyterian Church—co-operated, holding a joint picnic instead of separate events, thus continuing a custom started several years ago.

Weather conditions were ideal for the picnic, and the kiddies enjoyed swimming, races and the always-popular refreshments.

Arrangements for the picnic were in the hands of Walter Mutchler and P. M. Robins, and the sports programme was run off under the direction of W. H. Wolter, General Secretary of the Young Men's Christian Association. One of the most popular events was a baseball game.

WOMEN WORKERS IN WAR PLANTS POOR LUNCHERS

Surveys Show Men Better Fed as Experts Draft Plan for Eating Habits to Boost Production.

By MARGARET ECKER Canadian Press Staff Writer Ottawa, June 29.—Canada's nutrition authorities, working on the thesis that the way to a man's morale is through his stomach, hope to obtain more guns and tanks on the productive front with more vitamins and calories on the food front.

To see that the men and women who feed the machines of war are properly fed themselves, the Pension and Health Department is surveying Dominion industrial plants and drafting plans for better wartime eating habits among the workers.

Women are a particular headache to nutritionists. In surveys where lunches were scored good, fair and poor, more women had poor lunches than men. Dr. L. B. Pett, chief of the nutrition branch of the department, said if more women were eating better, the war industry would "be going to have to be educated how to eat."

Dr. Pett is hard at work on the problem for both men and women. His first conclusion is that the nutrition picture as a whole isn't adequate and that workers must eat more protective foods if maximum efficiency in industry is to be obtained.

Surveys, results from 131 industrial plants employed 158,416 men showed only 89 plants had cafeterias. Dr. Pett said in an interview, only eight industries had cafeterias directed by dietitians who could guide the eating habits of the workers while 43 had only canteens which sold chocolate bars and cigarettes.

Twenty-one plants provided mess rooms where employees could eat their own lunches, another eight provided milk bars.

Lunches bought in plant cafeterias were likely to be twice as good as those brought from home. But, said Dr. Pett, in some large plants this is not practical and the workers have to rely on their lunch pails. "Then it's up to the wife, the mother, or the person who packs the lunch to see that nutritious appetizing food is included," he said.

Dr. Pett's recommendations are being published this summer by the Council on Nutrition in a pamphlet "Nutrition in Industry," which will be circulated in war industry plants.

The director suggests that plants assist their workers in obtaining better meals, preferably through a cafeteria system. The cafeteria should be under inspection of Nutrition Services, should operate on a non-profit basis, under a qualified nutritionist or dietitian.

Workers should be given mid-meal breaks and be provided with either food or such beverages as milk, cocoa, fruit or tomato juice.

Mayor A.C. Ross To Open Army Week Observance In Sherbrooke Tonight

Army Week will be opened officially tonight at eight o'clock when Mayor A. C. Ross will read a proclamation at the corner of King and Wellington Streets.

Lowering of the Union Jack will feature a military programme, following the reading of the Army week proclamation, in which the following troops will participate: Les Fusiliers de Sherbrooke, C. (A.) A. and Reserve, Sherbrooke Regiment (N.P.A.M.) Training Camp No. 43.

After the presentation of the programme, the military units will then proceed to Dufresne Park, where a band concert will be held at 8:30 o'clock by the Harmony Band. Under the direction of George Sylvestre, N.P., there will be a French sing-song for the crowd.

Army Week will be observed in Sherbrooke and throughout the Eastern Townships with parades, special services, field days and community entertainment. All places of business have been decorated and the local municipal Council has formed special committees, who have arranged suitable programmes.

"Don't ask soldiers awkward questions," said Antonin Deslauriers, Secretary of the Sherbrooke Army Week Committees, today in explaining "tips" for civilians to observe during Army Week and afterward, following their receipt from Ottawa

Don't refer to his klaki as a "suit." He prefers the term "uniform."

Don't address an officer wearing three stars (pipes) as "captain," without using the rank as a prefix to his name. "Hello, captain" is bad taste. "Hello, Captain Smith" is correct.

Don't expect a soldier to salute a male civilian upon introduction. The compliment is paid only to women.

Don't move about and don't whisper to a soldier companion when the National Anthem is played. It is his duty to stand at attention and remain silent, as you should.

Don't give a soldier impractical presents. In the long run he will appreciate tobacco, razor blades, chocolate, compact toilet case, khaki or black socks, a twenty-four inch swag stick in natural wood finish or leather-covered to carry when his walking out uniform is issued in autumn.

Don't ask a private when he's going to get a stripe. Some men prefer to serve with ranks.

ENLISTMENT IN RESERVE ARMY IS ENCOURAGED

Special Arrangements Being Made by Dawes "Black Horse," Dow, Boswell and Frontenac Breweries for Employees Who Enlist.

The management of The National Breweries, Limited, has announced to members of their office staffs and to plant workers in the Dawes "Black Horse," Dow, Boswell and Frontenac Breweries that the following arrangements will be made for employees who enlist, or who have already enlisted, in the Reserve Army.

So that married men will be able to spend their usual vacation with their families, they will be granted special leave of absence, to attend camp, for two weeks. During this period, they will receive the difference between camp pay and basic Company pay. In addition, they will receive one or two weeks' holiday, with pay, according to status.

Single men will be entitled to take one week's holiday during camp period and they will be granted leave of absence to attend camp for a further week. During this two-week period, the difference between camp pay and Company basic pay will be paid by the Company. Single men who are normally entitled to one week's holiday with pay will be granted leave of absence to attend camp for a second week. During this two-week period, they will receive full Company pay for the first week, and the difference between camp pay and Company pay for the second week.

Special arrangements have been made whereby newly employed men, who attend Reserve Army Camps, and who are not yet entitled to a vacation with pay, will receive the difference between camp pay and their basic Company pay on the completion of three months service with the Company.

Members of the office and plant staffs who are serving in any of the Canadian Active Service Forces are being paid the full difference between their basic Company pay and their service pay and allowances. This policy was inaugurated at the outbreak of the war. On enlistment, these employees are given a full month's salary and an assurance that they will be re-employed on discharge or demobilization.

THREE MISHAPS WERE REPORTED OVER WEEK-END

East Sherbrooke Resident Slightly Hurt as Result of Accident on Depot Street—Two Other Crashes.

Police reported today that three accidents were investigated in different parts of the city during the week-end.

When the truck he was driving apparently got out of control and crashed into the Canadian National Express building on Depot Street, Edward Sayer, 352 Bowen Street South, suffered contusions of the head.

The injured man was rushed in Jalbert's ambulance to the Sherbrooke Hospital, where he was treated by Dr. W. W. Lynch. His condition was reported as satisfactory today.

Police said that the truck, which was damaged, is the property of Allen's Dairy, and was North-bound at the time of the accident.

A taxi, bearing license number T-2803, struck and damaged a light standard at the intersection of Beau-lieu Street and King Street East, according to police. Information given constables investigating the mishap indicated that the cab was making a U-turn when the accident occurred.

A truck and auto figured in a collision in front of the Sherbrooke Service Station on King Street West. The car was damaged.

Police said that Roland Guilmette, 143 Short Street, was the operator of the vehicle, and Adjutor Duquette, 30 Morkill Street, was driving the car. The truck, property of the Sherbrooke Warehouse Company, 33 Belvidere Street, was East-bound on King and the machine was travelling from East to West on King Street.

Army Week Personnel Selection Helps Find Right Jobs For Men In The Army

Modern Method Makes for Better Team Work and Strives to Make Every Soldier More Responsible and Contented Individual—Is One of Chief Reasons for Army's Streamlined Efficiency.

The development of highly modern methods of Personnel Selection is one of the chief reasons for the streamlined efficiency of the Canadian Army, so much in evidence during Army Week.

It not only makes for better teamwork in a fighting force, where victory depends on team-work. But also it strives to make every soldier a more responsible and contented individual. In modern warfare, victory depends on this, too.

What is Personnel Selection? Simply this: finding the right man for the particular job—giving each particular man the job that suits him—helping each man to make a success of his job.

And the Army has a new way of telling whether or not a man will make a good electrician, or a good mechanic, or a good shock-trooper and so on. And this is done by a test, to make sure that a man will not make a good soldier in any capacity unless he is contented with his lot.

ON ROAD TO VICTORY

The Army knows that if you put each and every man in the job which his natural abilities and likes fit him to do well, then you have put him on the straight road to victory in the complicated business of mechanized warfare.

The soldier knows that the Army, to which he is proud to belong, is concerned with his individual, personal success and well-being, as never before.

Of all the things which contribute to this end, Personnel Selection is one of the most important. Here's how it works.

A man enters the Army. Within a very few days he is called into the office of the Personnel Selection Officer in his particular camp, training centre or depot. He is given a test. The test is not merely an aptitude test, or an intelligence test. As a matter of fact it is a little of both, and something more. Following this he has a frank talk with the officer; and he can ask all the questions he wishes. And the officer does his best to get to know each man's interests and capabilities. One man wants to be a despatch rider. Another leans towards radio work. Personnel Selection will help them attain their desired posts provided it is in their interest not only of the man, but of the Army as well.

TREATED AS INDIVIDUALS To be treated as an individual, in this way, is one of the most important factors in the happiness of any soldier. When he leaves the office of the Personnel Selection Officer he should feel assured that, in joining the Canadian Army, he has by no means exchanged his identity for a regimental number. His qualifications have been noted—and his preferences. His scores on the aptitude tests have been recorded. In short, a report is made out with all the particulars of the man on it. The officers doing the work are

LOCAL POLICE DIRECTOR WILL ATTEND PARLEY

Wartime Problems of Canadian Police Departments to Be Discussed at Gathering in Quebec this Week.

Director of Police Percy Donahue will attend several sessions of the Chief Constables' Association of Canada 37th annual conference at the Chateau Frontenac, Quebec City, tomorrow, it was announced today.

Although the parley opens tomorrow and continues until July 3rd, Director Donahue will be unable to remain for the entire conference because of Army Week celebration in Sherbrooke. The President, Chief of Police J. Conrad, of Halifax, will preside.

The main topics to be dealt with will be the wartime problems confronting the Canadian police, especially in municipalities.

Director of Police Donahue said that the following speakers have been invited to give addresses: Premier Adolphe Godbout, Hon. Louis St. Laurent, K.C., H. Royal Gagnon, Superintendent R.C.M.P., Montreal; Charles Barnes, Assistant Director, Montreal Police; Mayor Lucien Hebert, Quebec City; F. H. Wilson, Chief of the United States Secret Service; Arthur Cornelius, Jr., Special Agent in charge of the Federal Bureau of Investigation, Washington; Brigadier G. P. Vanier, Col. P. A. Pluze, Provost Marshal of the Canadian Army Provost Corps; Wing Commander M. M. Asselvy, R.C. A.F. Provost Marshal, Ottawa; Col. L. Lambert, Assistant Director, Quebec Provincial Police, Quebec.

Director of Police Donahue also will attend the tenth annual convention of the Province of Quebec Police and Fire Chiefs Association, which will be held in Montreal July 20 and 23.

AUXILIARY FIREMEN'S DRILL CANCELLED

Drill practice for the Sherbrooke Auxiliary Firemen's unit of the Civilian Protection Committee, scheduled for eight o'clock tonight at the Marquette Street Police Station, has been cancelled, it was announced this morning.

C.P.C. officials decided to cancel the drill due to the Army Week opening observance, scheduled for the same time, it was explained.

It was announced at the same time by C.P.C. officials that the uniforms for the various unit auxiliaries, which were to have been received during the week-end, will not be shipped by the manufacturer until the latter part of July.

GIVES DETAILS OF RATIONING CARD PROBLEMS

Sugar ration cards just are not for cats, but your mother-in-law rates one, Lucien Hebert, in charge of the Sherbrooke War Time Prices and Trade Board office indicated today.

In clarifying several questions concerning ration cards, Mr. Hebert explained queries in particular as well as the answers:

"I have a Persian cat that has bread and milk with sugar on it every morning. Can I get a sugar ration card for Kitty?" That's one type of question. The answer, he said, is: "No."

"One of the most frequent inquiries is: 'My mother-in-law lives with me. Can she get a ration card?' The answer is 'Yes.'"

If the baby is on a special formula that requires an unusually large amount of sugar, an application to the ration office accompanied by a doctor's certificate will receive special consideration.

Permanent residents of hotels are advised to get a ration card, even though they do not buy sugar, it was pointed out.

TO ELIMINATE SMOKE TROUBLE

Necessary steps to eliminate the smoke nuisance at the condensery of the Carnation Milk Company have been taken by officials of the firm, City Clerk Antonin Deslauriers announced today.

He said that the company has installed a "dry-ash-remover" which now is in full operation and should eliminate the smoke nuisance. Since the smoke-abating device has been installed, it has been functioning effectively, according to officials of the firm.

A fortnight ago a petition from ratepayers living in the proximity of the Carnation milk plant was sent to City Council protesting the smoke emitting from the condensery. The petition signed by residents on the hill to the North and West sides of the factory set forth that the smoke was "disagreeable."

Firemen responded to only one other call during the week-end. A blaze believed to have been started by a short circuit in the wiring at the home of Antoine Martel, 23 Morkill Street, was extinguished before any damage resulted.

MOTORCYCLE DAMAGED IN BLAZE

Considerable damage was caused to a motorcycle which caught fire yesterday in an unknown manner at the intersection of Seventh Avenue and Belmont Street, before the blaze was extinguished by the Municipal Fire Department. The motorcycle is owned by A. Desrochers, 37 Tenth

FINAL TRIBUTE YESTERDAY TO MRS. MESSENGER

Large Number Attended Funeral Services Yesterday Afternoon for Mrs. E. E. Messenger.

Largely attended funeral services were held at Blake's Funeral Home yesterday afternoon for Mrs. Edwin Messenger, well-known resident of Sherbrooke, who died early Friday morning at the age of forty-four years following a long illness.

The service was conducted by Rev. Fred Williams. The bearers, all associates of the deceased's husband at the local Superheater Company plant, were Robert Broadbelt, B. J. Thorne, Jack Grime, George Davidson, Alton Bray and Leslie Memory. Burial was made in St. Anne's Cemetery, Richmond.

Attending the service in addition to the many friends were representatives of the Order of the Eastern Star, in which organization she had been a Worthy Matron, and of the ladies' groups of St. Andrew's Presbyterian Church, of which she had been an active and valued member. H. E. Brown, of Montreal, Assistant Vice-President of the Superheater Company, also was present. The many beautiful floral tributes testified to the deep esteem in which the deceased was held.

Daughter of Mrs. Alexander Stewart and the late Mr. Stewart, Mrs. Messenger was born in Richmond. A local resident for about twenty years, she had been employed as Secretary for the firm of Wells and Lynch before being married in 1924.

Mrs. Messenger is survived by her husband; her mother; a twin sister, Ethel, of Toronto, and a brother, Donald, also of Toronto, as well as a half-sister, Jean Abercrombie, also of Lennoxville. Two brothers, Stanley, and Walter, and a sister, Florence, predeceased her.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE BEAUTY GOES DEEPER THAN "SKIN-DEEP" NOW

A day or two ago, your reporter was talking to a Johns-Manville salesman about the astonishing ways in which modern industry makes even the most ordinary products beautiful as well as useful. "Yes," the J-M man said, "now take this new 'Drift-Blend' Asphalt Roofing Shingle. We think it's the most colorful and beautiful shingle ever offered to the public. But the point we emphasize to our customers is that these new shingles, developed by a special J-M color-blending process are 'beauties' all the way through. See these tiny granules coating the surface? They not only provide color, but greatly increase fire-resistance and wearing qualities. And the special rag-felt base is impregnated with a J-M asphalt compound that resists dampness and the drying-out action of the sun's rays equally well." Well, if you would like a color-illustrated folder telling the whole story, and the name of your nearest J-M dealer, call J. S. Mitchell & Co., Ltd., 75 Wellington St. North, Phone 2300, Johns-Manville Service Distributors for the Sherbrooke District.

A HISTORIC WEEK

One can find little reason to quarrel with the predictions by London military experts that the week which opens today bids fair to be one of the most critical of the war for the Allies. In fact some observers go further and say that it will be one of the most fateful for the Axis.

The consensus of military observers is that Hitler must win this year or not at all. His correlated offensives against the British army in Egypt and the Reds at the gateway to the Caucasus represent the beginning of a mighty effort to drive a wedge which will give him victory before winter brings its icy terrors of the Soviet front.

Another week will not see the end of the great battles which now are swelling, but the speeding events of the immediate future are likely to silhouette the climax of Hitler's attempt to dominate the world. The Nazi Fuehrer right now either is building himself a pyramid of triumph, or he is digging his own grave which about the time the first snows sweep the Russian steppes will be ready and waiting for the Allies to push him in.

But it is important to note that while we can see the meaning of this historic moment, there is no assurance that the present offensives will continue to be channels through which our destiny will flow. The Allies must be prepared for a lightning change of tactics by Hitler if things don't go well with his scheme of clamping a great pair of pincers on Egypt from the East and from the West.

That is to say, if Field Marshal Rommel's invasion of Egypt should bog down, or if Field Marshal von Bock should find the going too hard in his efforts to smash through the Red line in the Kharkev sector, we may expect Hitler to shift to a different field. Do not forget that he has only about four months left in which to turn the trick of saving his hide by breaking into the Caucasus or Middle East and securing the oil and other supplies which he must have to keep his war machine going.

Even if things go well for the Germans on the Russian front, it should cause no surprise if Hitler suddenly lashed out at Syria with an attempt to invade that country by air and thus secure a base from which to strike at the Allies both in Egypt and in the countries to the East. Such a move would bolster the operations of both Rommel and Bock and would create a fresh emergency for the Allies.

THE JAPANESE IN THE ALEUTIANS

The continued Japanese occupation of the wind-swept, desolate and fog-bound Outer Aleutian islands may be a preface to a protracted struggle for these barren but strategic Pacific outposts in the opinion of Washington military observers.

The Japanese, some time between June 3 and 7, landed at Attu and Kiska islands, about the time of the hit-and-run raids on Dutch Harbor. It is probable only a few hundred men were landed on the islands but since they have been hidden by fog and reconnaissance planes have been unable to find out exactly what is going on.

It is possible that air power, operating from the nearest American base, Dutch Harbor on Unalaska Island, on the extreme Eastern tip of the chain, may be able to dislodge the Japanese from their foothold but the foggy weather in the North Pacific at this time of the year may prevent success from the air.

It may eventually take a task force to win back the islands, a combined operation necessitating a counter-landing because the Japanese evidently are strengthening their positions there and attempting to develop Kiska harbor into some sort of a fortified base.

The Japanese landed on the rocky islands without opposition and as long as they remain there they constitute a serious menace to the United Nations in the North Pacific, a menace to Russia as well as to North America and a potential menace to shipping and convoy routes.

It is believed here that the rocky, forlorn islands could not be turned into bases for long-range aircraft without protracted effort because of the difficulty of building long runways but enough level ground might be found for short runways for land-based fighters.

Kiska Harbor is an excellent deep-water refuge, despite the fog that enshrouds it so many weeks in the year. It could easily be used by the Japanese as

a base for seaplanes, submarines and small commerce raiders.

The longer the Japanese are permitted to stay in the Outer Aleutians, the more difficult it will be to dislodge them because the industry, resourcefulness and careful preparation of their forces have been demonstrated many times in various parts of the Pacific. As long as they stay there they remain a threat to the Inner Aleutians, particularly the base of Dutch Harbor and serve to check-mate any offensive operations against Japan from that general area.

It is quite probable that the long-range explanation of the Japanese occupation has as much to do with Russia as it has with North America. By occupying the islands the Japanese lie athwart any supply line that might be established to reinforce the Russian naval base of Petropavlovsk on the Kamchatka Peninsula, a likely proposition in the event that Japan strikes at Siberia this summer.

Meanwhile, it is taken for granted here that the Japanese occupation forces will be harassed as much as the weather permits but military experts suggest something like a commando raid may have to be organized to dislodge them.

THIS MAN KNEW HOW

By Grenville Kleiser

Philip D. Reed, 40, climbed to the Chairmanship of the General Electric Company through sheer ability and will-power. His motto has been to concentrate upon the immediate task.

The determination to succeed is what assures success. If a man has this courage, he is certain of winning in the end, even if it be after long and strenuous effort, in the game of life. But it is of little use to possess this great gift of courageous optimism unless one applies it properly.

The will to succeed is like a great natural force, torrent, or electric current, which can overcome the most stubborn obstacles if it is properly applied, but which may be fatal in its results if it is employed recklessly or ignorantly. The engineer who uses dynamite to blast a tunnel through rock knows exactly how, when and where to fire his charge.

So, the man who has the will to succeed must, like the engineer, have a definite aim, a definite world to conquer. He must avoid frittering away the strength of purpose, the force of his will, on insignificant, trivial details. He must have one great, single aim to which he applies all his powers.

Whatever his ambition, whether it be business, politics, art, science, research, he must know definitely what he wants to do, and then apply all his powers to the achievement of his aim. And, since to achieve he must use all his might, he should first make sure that his goal is a worthy one.

For a man to determine, say, to rise in the world of politics, by any means, fair or foul, is a small, an unworthy, a disgraceful thing; but for a man to dedicate his whole physical, mental and moral strength to the realization of a great and pure ideal in politics is a magnificent thing, one that marks him out as a great man.

So, before bringing all your powers to bear on the achievement of a single aim, first make sure what you are seeking is worthy of the effort. Do not, for instance, determine to make a large income without regard to the result to others of your success; money is worth less than affection and respect, worth far less than honor.

Your duty as a citizen, as one of the community, comes first; your duty to yourself comes afterwards. First, then, learn to look at an object thoroughly before you pursue it. Make sure that it is really worth trying for; next, make certain that, if you attain it, it will be honorable—that your success will not be attended by calamity for others; that you can make good and honorable use of it.

Having looked clearly and without prejudice at your aim, and having been able to answer yourself truly, then set out to conquer; as a great soldier might assure himself that his sword is drawn in a worthy cause before throwing himself heart and soul into winning the victory.

"The will to win" is not, as some seem to believe, one single quality. It is composed of many attributes. The first, of course, is courage. It takes a really brave man to determine to do a thing that seems, at first sight, impossible, or even extremely difficult.

Thirty Years Ago

FROM THE RECORD FILES

At a special meeting the Sherbrooke City Council approved the donation of \$500 to the town of Chicoutimi to aid in alleviating the sufferings of the fire victims in the Northern town, more than 1,200 persons being made homeless by the blaze which swept the town.

Among those taking part in an entertainment presented by the members of the Sherbrooke Burns Club were William Mennie, George Dick, Sr., John Taylor, W. Ballantyne, T. Irving, G. Fairbairn and George Dick, Jr.

The clerks in a number of the principal stores of Sherbrooke are petitioning the proprietors for an early closing on Saturday, something that might give them part of the evening off. However, the owners pointed out that the Saturday market day made this impracticable.

Indications are that Woodrow Wilson, college professor and Governor of New Jersey, may receive the Democratic nomination for President of the United States. He would oppose the Republican nominee, President Taft, and the independent Bull Moose party leader, Theodore Roosevelt.

Figures issued by the Dominion Immigration Department indicate that over two million persons have entered Canada during the course of the past eleven years.

FRENCH PRESS

"INITIATIVE WEEKS"

La Presse, Montreal.

The Board of Trade of St. Hyacinthe has recently launched a project which it calls "Initiative Week," to permit business men of the district to study after-war problems together. It is to be hoped that the plan will find imitators in the other regions of the Province. Each city, each village, has its particular difficulties and the people of the district are better placed to deal with them than any person else. Ottawa has created a special organization to open the way to economic reconstruction in our country when peace has returned. The Principal of McGill University has, indeed, invited a number of prominent British businessmen to gather information which may be useful in aiding the builders of the new order. This data will certainly be of great general utility. They will not, however, as a general thing solve local questions. It depends on the interests of the population to see to it that the initiative week at St. Hyacinthe and those of the same kind which it will probably be decided to hold elsewhere should, in any case, help business men to understand that they have an important duty to fulfill in economic re-establishment after the war: that the wisest thing for them to do is to form groups in each district to help as much as possible the passage from war to peace regimes.

POST-WAR COMPROMISE

Le Canada, Montreal.

Great Britain, the United States and, to a lesser degree, China and the United Nations are not waiting for the end of hostilities to work out a new order which will represent a little more justice to the world. The Great Powers today understand their past errors and have set about to remedy them. London and Washington must realize that an exclusively capitalist organization founded wholly on profit is incapable of assuring the peace. Roosevelt, Churchill, Stalin, these three men at present hold the future of the world in their hands, not as the megalomaniac Hitler affirms, for a thousand years but for a generation, which counts for much in the life of a man. We believe that they will show themselves capable of the great responsibilities which are bearing down on them.

"TALKING FOR BUNCOMBE"

L'Information, Montreal.

It is a defect of the democratic and parliamentary system that there is a right to talk about everything and about nothing. As it happens, those who speak oftenest and longest are not always those who know most about their subject. That is probably why they talk so long. The present session has been going on for several months. There was adjournment, it is true for some weeks during the plebiscite campaign, but no one will believe that the work could not have been done more quickly at Ottawa. . . . So far the Journal of the Debates of the House consists of more than 4,000 pages. An idea of what this verbiage represents can be gained when it is realized that this journal is printed in double columned pages and with fairly small type. If all the useless speeches were cut out of this publication the number of pages would be considerably diminished and, it goes without saying, much money would be gained.

THE JAPANESE DRIVE

Le Droit, Ottawa

The latest events to happen in the Pacific constitute a warning to the Canadian people. It will be necessary to organize solidly the defence of the British Columbia coast to be able to resist any possible attack on the part of Japan. The Canadian people will not be contented with words. They demand actions. The Federal members from British Columbia and the West are noted for their spirit of collaboration when they believe their common interests threatened. It is to be expected that they will harass the authorities until they are convinced that the defence of the Pacific Coast is sufficient. The Japanese drive towards Alaska and British Columbia will certainly be invoked by the partisans and the adversaries of the amendment to the mobilization law now under debate. They will point to the Pacific situation, on the one hand, for the transformation of the present law into conscription for service anywhere and, on the other hand, as an argument against such a law.

PRESS COMMENTS

STREAM OF BOMBERS

London Free Press

United States Army authorities announce Henry Ford's new bomber plant at Willow Run, Mich., is in operation—largest airplane-building factory in the world. Rate of production has not been officially disclosed but it is believed to be at least one large four-engine bomber every hour, day and night. Thus our neighboring city of Detroit, in which many former Londoners live and work, becomes a city of first importance in the armament production of the United Nations. The story of Willow Run is interesting from the personal angle of Henry Ford himself who all his life has been an ardent pacifist, who took his "Peace Ship" to Britain in the First World War and not so long since declined to make Rolls Royce engines for British planes. When, however, he came to plan to him that manufacture of warplanes was a matter of urgent national defence, that America had to be saved from the definite threat of war, he put all the traditional Ford initiative, drive and force behind the project.

A few facts of construction at Willow Run show this. The monster of the personal angle of Henry Ford himself who all his life has been an ardent pacifist, who took his "Peace Ship" to Britain in the First World War and not so long since declined to make Rolls Royce engines for British planes. HAVE A SMILE

The Hollywood magnate told an assistant that in his opinion a certain writer was the only man for a film they had under consideration. The assistant was tactfully doubtful.

"Don't you think he's a little too caustic?" he suggested.

"Do I care how much he costs?" demanded the producer. "Get him!"

A wealthy old man with a weakness for gambling called his children round his bedside.

"You must all promise me, he said, 'never to touch a card. Above all, I would warn you against playing baccarat. It is a game which will cost you a fortune, waste your time, ruin your health. Do you all promise never to play baccarat?'"

"Yes, father!" in chorus.

"And remember—if you do play, always take the bank!"

It was early morning, very quiet, and the soldier on sentry was enjoying a pipe.

He spotted the colonel in the distance and put the pipe in his pocket.

"Didn't I see you smoking?" asked the colonel when he came up.

"Let me look at your pipe."

It was cold. The colonel was satisfied.

When he had gone the sentry pulled the still glowing pipe from the other pocket.

"My old dad knew a thing or two when he advised me to have two of everything," he said to himself.

Two young Scotsmen were at loggerheads over the sharing out of the estate which had been left jointly to them in their father's will. As a last resort they agreed to accept the decision of an old friend of the family.

"Boys," said this wise man, "Donald will divide up the estate exactly as he sees fit."

At this Donald's face beamed, but that of Hamish grew visibly longer.

"And then," continued the arbitrator, "Hamish will take whichever half he prefers."

"Yes," continued the loquacious explorer, "when we neared the island we could see the whole place was literally red with lobsters."

"Ha, ha," cried a clubman, who was waiting to trap him, "lobsters are only red after boiling."

"This, sir was a volcanic island."

"Johnny," said the minister reverently, as he met an unshin carrying a string of fish one Sunday afternoon, "did you catch those today?"

"Ye-es, sir," answered Johnny, "that's what they get for chasin' worms on Sunday."

An admiral—a stickler for uniform—stopped opposite a very portly sailor whose medal-ribbon was an inch or so too low.

Fixing the man with his eye, the

On the man replying "No, sir," the admiral rapped out: "Then why the deuce do you wear it on your stomach?"

"By the way, Mrs. Grubb," said the new lodger, "I have a few idiosyncrasies."

"That's all right," replied the landlady, "I'll see that they are dusted regularly."

He sat fidgeting and nervous in the solicitor's waiting-room. A clerk entered.

"I say," said the client, beckoning to him, "I have an appointment with the solicitor at 10 o'clock. It's about a legacy."

"And how long have you been waiting?"

"Twenty years!" replied the other.

IN THE WOMEN'S SPHERE

MARRIAGES

GAULIN-WINGET

A very pretty but quiet wedding took place at two o'clock Saturday afternoon, June 20, in the Church of the Advent when Ruby Vivian, youngest daughter of Mr. and Mrs. E. J. Winget, of Sherbrooke, became the bride of Lloyd George, youngest son of Mr. and Mrs. John Gaulin, of Bury, Reverend E. H. Moffatt officiating.

The bride, who was given in marriage by her father, was becomingly dressed in a rose crepe dress, cut on fitted jacket. She wore a large beige hat, beige shoes, a corsage of yellow roses and a gold necklace, a gift of the groom.

Miss Annie Winget, sister of the bride, acting as bridesmaid, wore a blue crepe dress with a large white hat, white shoes and gloves, a

corsage of red roses and a gold necklace, a gift of the bride. Mr. Albert Ross acted as best man and was presented with a leather bill-fold by the groom.

The bride's mother wore a blue figured sheer dress with a navy blue sash and white gloves. Mrs. Winget wore a corsage bouquet of mauve and sweet peas. Mrs. Gaulin, mother of the groom, was dressed in black satin and black accessories.

Immediately after the wedding a delicious dinner was served at the bride's home, the bride's table being covered with a lace cloth and centered with a beautiful three-tiered wedding cake. The dining room was decorated with pink and white peonies. Mr. and Mrs. Gaulin will reside in Sherbrooke.

Out-of-town guests were Mr. and Mrs. J. Gaulin, Mr. and Mrs. F. Parsons and Mr. and Mrs. F. Gaulin, all of Bury; Mrs. H. McNeely, sister of the bride, and daughter, Barbara Ann, of Dundas, Ont., and Miss B.

Parsons and Miss D. Shattuck, of East Angus.

The church was decorated with pink and white peonies.

DOUBLEDAY-JENNE

Newport, Vt., June 29.—The marriage of Olive MacKinnon, daughter of Mr. and Mrs. Frank Llewellyn Jenne, Newport, Vermont, to Mr. Edward Sherburne Doubleday, Springfield, Vt., son of Mr. and Mrs. G. A. Doubleday, St. Albans, Vermont, took place in St. Mark's Episcopal Church, Newport, at half past four o'clock on Saturday afternoon, June 27th, the Reverend Edward C. Coleford officiating.

Blue delphinium and pink roses were used to decorate the Church, and the guest pews were marked with syringa tied with white moiré ribbon.

Mrs. Lee M. Watson, of Lennoxville, presided at the organ.

The bride was given in marriage by her father and wore a period gown of white taffeta with eyelid

Her imported full length veil of tulle illusion was caught with orange blossoms and she carried a cascade bouquet of white roses and stephanotis.

The maid of honor, Miss Beverley Menzies, of New Haven, Conn., was wearing a lovely dress in shades of pink and yellow.

Mrs. Jenne, the bride's mother, wore a floor length gown of powder blue chiffon, a small hat to match and a corsage of sweetheart roses.

Mrs. Doubleday, mother of the groom, was in a shorter length dress of rose crepe with which she wore a dark blue hat and a corsage of roses and for-get-me-nots.

Mr. Glenn A. Doubleday, Jr., acted as best man for his brother and the ushers were Mr. Douglas Best, St. Albans, and Mr. Frederick Jones, Hartford, Conn.

The reception was held at the home of the bride's parents, where pink roses in silver bowls and white tapers in long silver holders were used to decorate.

Later the bride and groom left on their honeymoon trip, the bride travelling in an aqua covert cloth suit with matching accessories and a corsage of pink roses.

Among the special guests was Mrs. Lewis L. Jenne, of Sutton, Que., grandmother of the bride, who was becomingly escorted in a black chiffon fashioned with a long full skirt. She wore a matching hat and a corsage of pink carnations. Dr. Mary Noble, of Boston, was also a special guest.

The bride attended St. Helen's School, Durham, Que., graduated from Middlebury College in 1940 and from St. Simmons College in 1941, and for the past year has been a member of the staff at Mt. Holyoke College, South Hadley, Mass.

The groom graduated from the University of Maine in 1938 and belonged to Phi Mu Delta and honorary society Xi Sigma Pi.

New Booklet Guide to Commercial Art Field

How to Make Your Talent Pay
Have you a knack for art, a special ambition to learn advertising design?
You may be on the right track, for there's a continuous demand for such work as dramatic posters, smart packaging, booklets.

You may learn much about this commercial art field at home. Study and practise show you how to develop ideas, use principles of design to create an effect.

Perhaps you wish to draw an airplane poster that will give a thrilling effect of speed, action! Then you may base your drawing on oblique lines as in our sketch.

But if you want to show how relaxing air travel can be, you use horizontal lines, restful tones and colors. Or, in picturing the company itself as being dignified and dependable, you'd use vertical lines, strong values.

You enjoy, too, learning how differently the same picture can be drawn with pen, pencil, crayon or brush.

Finally, you learn how to present your sketch to the client. Our new 32-page booklet explains the most important phases of the commercial art field. Describes and illustrates principles of design, techniques. Tells how to sell art work.

Send 15c in coins for your copy of "Advertising Design Self-Taught" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of booklet.

"When I'm out of ICE CREAM . . . this is why!"

TRIP AROUND THE WORLD
1. "In the old days, when I ran short of ice cream, I just phoned J. J. Joubert and a truck would rush over with an extra supply. But last year, just on 'special' deliveries like this, Joubert's trucks travelled what amounted to the distance completely around the world. Well, there's a war on — we've got to save gas and rubber. So Joubert has voluntarily cut out 'special' deliveries — and I can't get you ice cream when my day's supply runs short. But who cares? We're helping an army tank cover extra distances around the world instead!"

SUGAR RATION STARTING JULY 1st!
3. "Let Joubert make more? They can't! Our Government restricts Joubert's to the same amount of ice cream they made last year — plus a further restriction that they can only have 70% of the sugar they used in 1941. Now perhaps you can see why I've been running into these 'ice cream shortages'."

HOT WEATHER DOES A HELP!
4. "Worst part of all, folks, is that we're just coming into the hot summer weather. And when that old sun starts to sizzle, everybody craves more and more ice cream. There will be more days when I run out of ice cream by afternoon. But you'll understand why I just can't pick up the phone and order an extra supply, won't you? I'll save some for you as long as I can. I like it too, you know!"

A National Programme designed to pay tribute to The gentlemen in battledress, and The ladies in khaki and in blue, who are fighting in the cause of civilization and to preserve our liberty and freedom.

"The Canadian Corps is a dagger pointed at the heart of Berlin—don't make any mistake about that."

Lieutenant-General McNaughton knows what he is fighting for and wants every man under his command to know. He hates everything Nazi Germany stands for, and he is fashioning his dagger, pointed at Berlin with an inspiration which has evoked the admiration of British military leaders. Through his qualifications as a leader, organizer and administrator Lieutenant-General McNaughton has come to be regarded as one of the top flight commanders at the call of the British Empire.

Lennoxville Honors

Army Week

JUNE 29 TO JULY 5

It is fitting that the people of Canada have set aside the week of June 29th to July 5th in which to do honor to the Canadian Army—the boys in khaki who will help "finish the job."

Army Week affords the people of Canada a special opportunity to do honor where honor is due. The manpower of Canada has responded nobly to the call of country and Canadian soldiers are today stationed in all theatres of war. Wherever there are United Nations' Canadian soldiers will be found at their side.

The people of Canada have every reason to be proud of its Army and proud of the sturdy lads who fill its ranks.

We salute these lads in khaki. We acclaim their exploits. We admire their determination and readiness to play their part. These Canadian lads shall not fail to show the finest qualities of their race, and to render the highest service to their cause.

AUXILIARY TO WALES HOME AT WATERLOO MET

Annual Meeting Held at Home of Mrs. J. A. Corcoran—Many Items of Business Taken Up.

Waterloo, June 29.—The annual meeting of the Waterloo Auxiliary to the Wales Home was held at the home of Mrs. J. A. Corcoran, under the presidency of Mrs. F. E. Spencer.

The meeting was opened with prayer and a period of silence was observed in memory of the late Mrs. R. P. Shaw, who since the formation of the Auxiliary, had done much to further its interests.

Spencer, Secretary, Mrs. J. A. Corcoran, Treasurer, Mrs. S. J. Irwin, Collectors, Mrs. E. J. McKenna, Mrs. Walter Readshaw, Mrs. W. A. Parkes and Mrs. M. D. Smith.

Y. W. GUILD OF ST. LUKE'S A delightful and highly successful function was held in St. Luke's Church Hall, on June 25, under the auspices of the Young Women's Guild, at their annual sale and tea.

Owing to the uncertainty of the weather the event took place in the Hall instead of on the Rectory lawn as in the two previous years. Baskets of cut bloom beautified the room and the attractive tea tables, where refreshments were served after the sale of useful and fancy articles, which was the chief feature of the afternoon.

During the serving of refreshments, tea was poured by Mrs. Alfred Dix, serving being done by members of the Guild.

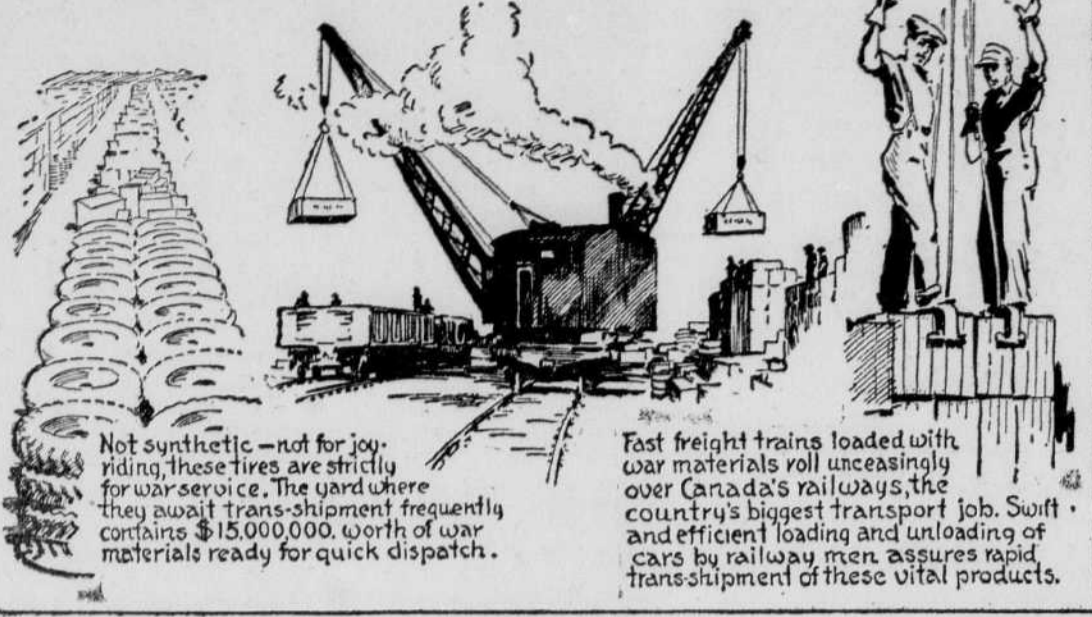

The drawing for the lovely quilt donated by Mrs. Drew and Mrs. Edith Peters, and on which a very gratifying sum had been realized through the sale of tickets, resulted in it going to Mrs. Roy Atkinson, the holder of the lucky number.

Over sixty dollars resulted from the various projects of the afternoon and at a brief meeting of the executive held before disbanding for the summer the sum of \$32.50 was donated to the budget and \$32.50 towards the reduction of the Church debt.

FESTIVAL OF MUSIC STAGED AT RICHMOND

Interesting Programme Put On by Girls' Choirs of Coaticook High and St. Francis College.

Richmond, June 29.—A very enjoyable Musical Festival was held by the Girls' Choirs of Coaticook High School and St. Francis High School in the Richmond Town Hall.

In opening the programme Mr. L. F. Somerville, Principal of St. Francis High School, welcomed the Coaticook Choir and thanked Mr. Havard and Mrs. Bell for their untiring efforts in training the singers.

The success of the evening was due in a large part to the musical directors, Mrs. R. J. Bell and Prof. R. Havard, of Sherbrooke.

The programme opened with the choir singing in unison "Songs of Liberty" and "Fairest Isle." This was followed by a part song "Graceful Swaying Wattle," which the singers repeated by popular request.

The Richmond Choir then contributed to the programme by singing "Little Boy Blue," which was loudly applauded.

General Notes. Mr. and Mrs. James Lowry spent a week-end in Sutton, the guests

of Mr. and Mrs. Rupert Phelps. They also called on Mrs. Nettie Crowhurst and Mr. and Mrs. Stanley Quilman, of Foster. Miss Louise Nozcross, of Ottawa, is spending a few days at the home of the Misses Gouin.

Mr. Gordon McMorine is spending a few days in Windsor Mills, the guest of his sister, Mrs. G. Noble. Miss Mary Jane Le Sauter, of Montreal, who has been attending

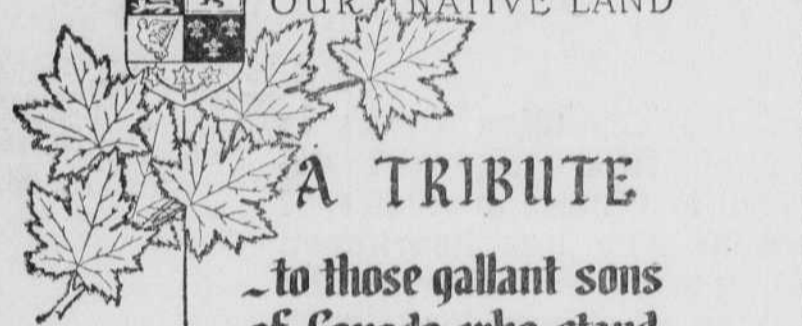

Dunham Ladies' College, is the guest of her aunt, Miss F. Davis. Miss Ada Ross is spending a week with her parents at Birchton.

Mrs. M. Monroe is visiting friends at Gallup Hill. Mr. Errol Hardy, who has been spending his holidays with Mr. and Mrs. Harry Hardy, has returned to Montreal.

The many friends of the late Mr. McLeod Ross wish to extend their sympathy to Mrs. Ross and family.

AYER'S CLIFF GROUP VOTES AID TO CHURCH

Two War Savings Certificates to be Purchased for United Church by Young Women's Association.

Ayer's Cliff, June 29.—Owing to the heavy shower of rain the Young Women's Association meeting at the cottage of Mr. and Mrs. F. A. Johnston at the Lake was cancelled and they were delightfully entertained at the Johnston home on School Street, when the members were well represented. Mrs. Opal Rexford, of Valleyfield, who was visiting Mrs. Willard Rexford, was a welcome visitor. She was a former resident of this place and has many friends here.

Miss Gladys Dustin, Co-President, presided, and the minutes and financial report were heard with considerable interest. It was decided to purchase two War Saving Certificates for the United Church of Canada in answer to the appeal recently made. Miss Dustin reported the Christmas cards had again been ordered from the Messenger Publishing House and they were to arrive in September for distribution.

Ways and means were discussed at some length, and it was decided that teas and food sales were definitely out, owing to the conditions brought about by the war. Suggestions will be received at the next meeting.

An enjoyable social hour was passed. Refreshments were served by the hostess, assisted by Mr. Rexford, Mrs. Astbury and Mrs. Lundberg.

Mr. and Mrs. Johnston were sincerely thanked for their gracious hospitality.

FRENCH PATRON SAINT HONORED AT COATICOOK

Two-Day Celebration Held to Mark Feast of St. Jean Baptiste—Coaticook News Items.

Coaticook, June 29. — The 1942 celebration of St. John the Baptist went over with the usual success in Coaticook, on Tuesday and Wednesday of this week.

Mr. Antoine Daigle, President of the society, and his associates, are to be congratulated upon its efficient conclusion.

On Tuesday evening the traditional St. John's Fire, which burned brightly for upwards of an hour, on Cannon Hill, above the Country Club House, was attended by His Worship Mayor D. B. Hopkins, the Aldermen, officials of the R. C. societies and hundreds of spectators.

The fuel for the conflagration was donated by Mr. D. S. Bachand. A service was held in the early morning on Wednesday, with Rev. Father Letendre, of Sherbrooke, celebrating High Mass, after which the members of the Society, escorted by the Coaticook band, the cadets of the Sacred Heart College and the young son of Mr. M. A. Carbonneau personifying St. John the Baptist, paraded through the streets.

In the afternoon proceedings were continued at the Armory, where Messrs. Leonidas Bachand, Bouchard, Daigle, Ruel and others made patriotic speeches. The cadets also gave a very fine demonstration of their drills.

In the evening the day was climaxed by a musical programme and play at the Brothers' School, where the large hall was filled to capacity. Among the acts were received much applause were the leading lady, Miss Gilberte Boudreau; Mr. Bernard Routhier, the hero; Mr. L. Tremblay, as the villain; Mr. Paul Hamel, a false doctor; Mrs. J. D. Goyette, a rich lady.

A girls' choir, under the direction of Miss Yvette Gray, was much applauded on several numbers.

MUSICAL FESTIVAL

The Musical Festival, long looked forward to by music lovers and friends of the girls of the Coaticook High School choir, was given at the Rivoli Theatre, on Wednesday evening.

The Coaticook choir was augmented by the choir from St. Francis College, in Richmond, about sixty girls taking part.

The concert was most enjoyable. The clear sweet tones of the young girls' voices were very pleasing, particularly in their part songs.

Two numbers received particular applause, "Early One Morning," rendered by the Coaticook choir alone and "Little Boy Blue," given by the Richmond choir.

The electric organ, loaned by King's Hall School, was heard to advantage in organ solos, played by Mrs. R. Bell, of Sherbrooke, who is to be congratulated upon the delightful results as shown by the young ladies, who are under her training and direction of Professor R. Havard, of Sherbrooke.

NEW "CAR-SAVER" SERVICE COMES TO CANADA

TO S-T-R-E-T-C-H THE LIFE OF YOUR CAR

MARFAK

THE SUPER-TOUGH CHASSIS LUBRICANT RESISTS WEAR-OUT, WASH-OUT, SQUEEZE-OUT

The car you own today *must* last for the duration! Why take chances of excess wear from faulty lubrication? Play safe with MARFAK—the super-tough chassis lubricant that has been *thoroughly proved* under all conditions, over a period of years. It is *now available in Canada* at

all McColl-Frontenac dealers. MARFAK gives your car new life — adds miles of worry-free motoring. So don't be satisfied with an ordinary "grease-job". Drive in to your nearest McColl-Frontenac dealer — today — for genuine MARFAK lubrication service!

HERE'S WHY MARFAK MEANS MORE MILES

1. **Sticks to the job.** Unlike ordinary greases, MARFAK *stays put*. It resists wear-out and squeeze-out, protects the vital friction points of your car.
2. **Wash-out proof.** Water won't wash out MARFAK, the super-tough chassis lubricant! MARFAK is made to keep your car operating for many more miles.
3. **Outlasts ordinary grease.** MARFAK means more miles because it sticks to its job — inferior greases squeeze out and wear out.

Mr. Eddie Wilkie spent a day in Brownleigh and attended the funeral of his cousin, Mrs. Noah Perkins.

Miss Mildred Goodenough, of Asbestos, spent the week-end at her home here.

WEST BOLTON

St. Matthew's Guild of South Stukely met with Mrs. F. A. Honey on Wednesday afternoon, with a good attendance. Following a pleasant social period with many doing Red Cross work, the meeting was opened by the President, Mrs. W. Phelps, when all joined her in the Lord's Prayer. The Secretary, Mrs. McClellan, read the minutes of the last meeting and the roll call. There being no further business the meeting adjourned, when the members of the Guild served a delicious tea. As St. Matthew's Church is without a regular minister at present, Rev. Mr. Wood, of Waterloo, is supplying and with Mr. Jenkins, who is spending his holidays in Waterloo, were present at the tea. The proceeds were five dollars.

The Ladies' Association of the Creek Church met with Mrs. M. B. Williams at River View Farm on June 25, when three quilts were tied for the Red Cross. Following the business meeting the hostesses for the day, Mrs. Ray Stowe and Mrs. W. R. Bockus, served an excellent lunch. Mrs. Williams poured tea.

Mr. and Mrs. Stanley Woolley, of Akron, Ohio, arrived on Thursday to spend their holidays at the home of Mrs. Woolley's parents, Mr. and Mrs. J. N. Snodgrass, and with Mr. Woolley's relatives in Cookshire. Sgt. Arthur Snodgrass, of the Medical Corps, and Mr. Lynford Snodgrass, B.A., of Ottawa, are also spending their holidays at their parental home.

The many friends of Mrs. F. C. Marsh, who was operated on for appendicitis in the Homeopathic Hospital, Montreal, will be pleased to learn that she is gaining nicely in the hospital.

Miss Helen Hastings, who has been working in Waterloo at the Flair factory for a long time, has had to take a few weeks' holidays, owing to ill health, and is recuperating at the home of her parents, Mr. and Mrs. M. D. Hastings.

Miss McCaring left for her home in Ormetown, followed by the good wishes of her pupils.

Mr. Kenneth Buzzel has accepted a position in Labrador, where a new airport is being erected.

Mr. and Mrs. Ray Stowe have received letters from their son, Clifton, who is serving Overseas, stating that he and his brother, Charles, had met since his arrival, and were both well, and were having a pleasant time.

H. Q. ATHLETES WIN REGIMENTAL FIELD DAY

Bromptonville Beaten 10-3 By Notre Dame In Local Team's 5th Win

"Lefty" Dube Twirls and Bats Sherbrooke Aggregation to Another Victory in Sherbrooke District Intermediate Baseball League Tilt—Allows Only Six Hits and Clouts Four Himself—Sirois Also Hits Hard.

Bromptonville, June 29.—Gerard "Lefty" Dube, Notre Dame twirler, turned in a brilliant performance here yesterday afternoon, allowing only six hits as the Sherbrooke team defeated the home-town Nationals 10-3 for their fifth straight victory in the Sherbrooke District Intermediate "A" Baseball League.

Dube sent eight batters down swinging, and awarded seven free tickets to first base. In addition to his mound work, he clouted three doubles and a single in five trips to the platter, scoring four of his team's ten runs.

Notre Dame took a one-run lead in the third frame, adding two more tallies in the next inning. Tony Pinardi's boys then waited ahead 9-0 by talking once in the seventh and five times in the first of the eighth before the homers got their three markers in this same frame.

Sherbrooke added another tally in the final count.

Yvon Sirois shared batting honors with Dube, getting a double and three singles in five trips and cranking home four runs. George Phillipon hit three singles, and Gaston Bergeron, Lorenzo Dube and Lucien Nicol two singles each. Roberge and Roy, who shared the Bromptonville mound work, were combed for eighteen pokes in all.

Paul-Henri Martin, Bromptonville catcher, hit a double off Dube, with singles being collected by Adjutor Roy, John Parks, Gerald Perrault, Maurice Morissette and Raoul St. Cyr.

Next game in the circuit will be played Wednesday night under the lights at the Park Avenue Stadium between Notre Dame and the Train-

SHOKES SHAKES HEAVY BAT FOR SYRACUSE CLUB

First Baseman Clouts Two Homers in Split with Newark—Montreal and Rochester Share Points.

International League observers, until a few weeks ago, had tabbed First Baseman Eddie Shokes of Syracuse Chiefs as "good field, no hit." Since then Manager Jewel Ens of the Chiefs has been experimenting with Shokes' stance and now he is hitting as he did at Duke University.

Shokes enjoyed a red letter day as the Chiefs divided a doubleheader with Newark Bears Sunday, winning the first game 5-1 and losing the second 6-5. Eddie hit two home runs in the opener as Ewell Blackwell throttled the league leaders with eight hits to hang up his fourth triumph.

After Buffalo Bisons won the initial contest from Toronto Maple Leafs, 9-5, the Leafs came back to triumph behind the five-hit hurling of Nick Strincevich, 5-2. Floyd Giebel scored the victory in the opener as his mates pounded Jack Hallett and Dick Conger of the Leafs for 12 hits, including round trippers by Mike Rocco and Jimmy Truller.

Baltimore Orioles and Jersey City Giants hooked up in two brilliant battles with the Orioles drawing first blood, 7-5, and the Giants evening matters by taking the finale 2-1. Baltimore was leading, 1-0, in the second game on Bob Lemon's 14th circuit clout of the season until the Giants scored twice in the last frame.

Keeping in step with the rest of the league, Rochester Red Wings and Montreal Royals split their twin bill with the Junior Cards taking the opener in 11 innings, 8-7, and the Royals the second, 4-3.

In Saturday's games, Rochester went 11 innings to turn back To-

Yankees' Lead Shaved To 5 1/2 Games As Chicago Routs Them 6-2 And 13-1

It begins to look as if New York Yankees, expected by many to be naming a starting pitcher for the World Series by the fourth of July, won't even be in first place at that stage of the campaign if they don't pull out of their current spin.

Kicked around at three stops out of four on their two-weeks' swing to the West, the Yanks hit bottom Sunday when Chicago White Sox mauled them twice, 6-2 and 13-1.

As a result, the Yankee American League lead shrank to 5 1/2 games and would have dropped to 4 1/2 if Cleveland Indians had not become fabled up with the treatment they were receiving from the second-place Boston Red Sox and salvaged the final contest of a four-game series.

At Cleveland, the Red Sox took the first game 8-3 by scoring all their runs in the fifth inning, but the Indians halted their three-game losing streak in the second when Pinch-hitter Chubby Dean singled the winning run across for a 3-2 decision.

Detroit Tigers also split a pair with Philadelphia Athletics and missed a chance to climb over the Indians into third place. Hal Newhouser pitched three-hit ball in gaining a 3-2 decision for the Tigers, but Luman Harris blanked them on five hits in the afterpiece, 3-0.

Washington's Senators nosed out St. Louis Browns, 14-13, in a pair of games that saw 13 pitchers bombarded for 60 hits, including 18 doubles, two triples and two home runs.

Brooklyn Dodgers, leaders of the National League, barely escaped the Yankees' fate when Joe Medwick tripped to give them a 2-1 triumph

over Cincinnati in the second game after the Reds had bagged the opener, 6-3.

Seven home runs carried Pittsburgh Pirates to a double victory over New York Giants, 8-7 and 9-3. Elbie Fletcher's four-bagger in the ninth inning decided the first game after the Giants had tied the score four times.

Tommy Hughes pitched Philadelphia Phils to a 2-1 victory over St. Louis Cardinals in 15 innings, going all the way and yielding only 10 hits, but the Cards took the second game, 3-1, behind the five-hit pitching of Lon Warneke and stayed nine games behind the Dodgers.

Jim Tobin tossed a three-hitter as Boston Braves blanked Chicago Cubs for the second straight time, 3-0, but after 21 scoreless innings the Cubs rallied to win the nightcap, 5-1.

Saturday was stockholders' day for the Browns when, whatever they do the rest of the year they usually come through with a victory. Before a turnout of 3,199 of the club's owners and friends (and 1,300 paid admissions) the Browns walloped Washington 8-3, unleashing a 12-hit attack. In other American League games, Roger Crayer doubled in the 13th inning with two out to give Detroit a 6-5 victory over the Athletics, the Yankees topped the White Sox 7-3 and Boston Red Sox won 6-2 over the Indians.

In the National League Cincinnati beat the Dodgers 3-1, the Giants won 5-2 over the Pirates and Al Javery, with a 4 1/2 hours' rest, pitched the 13th inning with two out to give Detroit a 6-5 victory over the Athletics, the Yankees topped the White Sox 7-3 and Boston Red Sox won 6-2 over the Indians.

Huntley Gordon Shows Heels To Pack In 100, 220 And 440-Yard Runs

Headquarters Company Men Collect 23 Points to Beat Out "C" Company by Three Points in Sherbrooke Regiment Sports Events Saturday Afternoon at Parade Grounds—Sgt. Simons Stars for "C" Company, Pte. Farr for Third-Place "A" Company Team.

Athletes in Headquarters Company romped to victory Saturday afternoon at the Parade Grounds in a sports day held by the Sherbrooke Regiment, (R.), C.A., the competitors being run off before a good number of spectators in weather conditions which were ideal.

The H.Q. entrants were led to victory by Pte. Huntley Gordon, who flashed plenty of speed and stamina as he raced to victories in the 100, 220 and 440-yard runs, scoring the only three firsts for his Company.

Besides their three firsts, the H.Q. boys placed second in seven other events for a total of 23 points, three more than the 20 collected by the second-place "C" Company team. "C" Company competitors won six events and placed second in another.

Company Sergeant Major Johnny Gardiner won the broad jump for "C" Company. Sgt. Simons and Bennett captured the V.C. race, Lapointe and Bennett won the three-legged race, Simons and Berwick took the laurels in the cigarette race, Simons captured the Sergeants' race and Lieutenant Lorne Brown won the Officers' race.

"A" Company placed third with eleven points, six of them won by Pte. Francis Farr, who won the high jump and baseball throw, while "B" Company brought up the rear with six points.

"A" Company won the inter-company tug-of-war competition, and then made it a clean sweep by defeating the Officers, who had challenged them after winning their pull against the Sergeants.

The Regiment paraded from the William Street Armoury under the command of Major W. A. Burrell, led by the brass and bugle bands. During the afternoon the brass band played several selections, and they also staged a race with all the musicians blowing and running at the same time. It was a "dead" heat. Capt. the Rev. Fred Williams spoke briefly at the end of the field day, thanking the public for attending in such good numbers.

Detailed results: 100 yards: 1 Gordon, H.Q.; 2 Hobbs, H.Q. Broad jump: 1 Sgt. Gardiner, "C"; 2 Letroy, H.Q. High jump: 1 Farr, "A"; 2 Lieut. Brown, "C". 220 yards: 1 Gordon, H.Q.; 2, 220 yards: 1 Gordon, H.Q.; 2,

Answer the Call!

1,800 MEN WANTED IMMEDIATELY FOR HOME DEFENCE

President, Clerk, Labourer or Executive — whatever your job may be — if you are not qualified for overseas service with the active army, then this call is for YOU.

Today, the threat of invasion is just as real for Canada as it is for Britain and Australia. The recent attacks in the St. Lawrence and on Dutch Harbour are proof that the enemy is at our very gates.

That's why Canada is now building up a Reserve Army — similar to the Home Guard of Britain — where citizens may train, in their spare time, to use the Rifle, Machine Gun, Anti-Aircraft, Tank and other modern weapons of war and so be ready to help defend Canadian Homes and Canadian soil against any invader.

Sherbrooke Units of the Reserve Army are today 1,800 men below strength and as such would be largely ineffective in any such emergency. Volunteers are urgently needed to bring these local units up to full effective fighting strength.

This is a challenge to our city and our citizenship. There is no time to waste. Go to your nearest recruiting office or enrollment centre TODAY and offer your services for Home Defence.

TRAIN AND BE READY TOMORROW MAY BE TOO LATE
