Air controllers threaten illegal strike in bilingualism dispute

OTTAWA (CP) — Air traffic controllers tried to put Transport Minister Jean Marchand in the hot seat Thursday, threatening an illegal strike at 3:30 a.m. Sunday unless the government backs down on a plan to give some control work to members of another union.

Mr. Marchand responded with a proposal that the 2,200 controllers hold their strike off until at least next week when the cabinet will be available in Ottawa to hear the dispute. Most ministers are away on holiday.

But he also warned the controllers, members of the Canadian Air Traffic Control Association, that the government would take legal steps to end any strike.

Jim Livingston, association president, announced the planned strike saying that the controllers would remain off work until the dispute with the government was resolved.

A strike by the controllers would virtually halt all commercial air travel in the country although the union has offered to provide

emergency services.

A department spokesman at Toronto International Airport said a strike could affect about 20,000 passengers a day during the Labor Day holiday weekend.

WOULD DIVERT

A British Airways spokesman at Toronto said his airline was preparing to divert its flights to a U.S. airport near the border. Incoming and outgoing travellers would be transferred by bus to the alternate airport, likely Detroit.

Mr. Livingston said the government plan to transfer three specified duties to the controllers to assistants posed safety hazard to the public.

The government plans a five-week training period for the assistants, members of the Public Service Alliance, but the controllers feel the training is not sufficient.

The duties to be handed over to assistants at 19 of the country's 625 work stations include collection of time and altitude information of incoming flights, pre-taxi clearance and flight data plotting.

The controllers would be responsible to check the work of the assistants to make sure it is correct.

Mr. Livingston said recently there have been several cases of errors made by the assistants — who are classified as clerks under their collective agreement — one of which posed the possibility of four mid-air collisions at Toronto.

A federal official later denied the incident had occurred.

The government plan was developed after years of complaints by the 350 assistants that their jobs were not classified high enough and that they had no prospect of career progression.

The assistants had an illegal strike on the issue last fall.

Mr. Marchand told a news conference that a special study done by a Montreal consulting firm indicated there would be no reduction of the number of controllers and no harmful effects on safety.

About 40 of the assistants represented by the alliance would have their jobs affected by the increase in duties. Jim Wylie, an alliance vice-president, said assistants in Vancouver already were performing the duties.

The alliance had spent a great deal of time negotiating the new duties for the assistants. Mr. Wylie said, adding that the alliance was satisfied the additional duties for the assistants did not pose a potential hazard.

DRESSED head-to-toe in white coveralls, helmet and kerchief, Queen Elizabeth tours the Silverwood Colliery in Rotherham, England where she and Prince Phillip chatted informally with miners.

Quebec group won't protest

MONTREAL (CP) — An association representing 125 of 300 Quebec air traffic controllers vowed Thursday not to take part in any protest against bilingualism at provincial airports.

The Quebec Air Traffic Controllers Association (QATCA) also said that opponents of the federal government's efforts to extend bilingual air traffic control are "hysterical extremists".

The Canadian Airline Pilots Association (CALPA) has come out against bilingual air traffic control in Canada and has threatened a one-day strike for Oct. 17 if the federal government does not back down on its plan to extend the use of French to two more Quebec province

airports.

Air traffic control now is available in both French and English on an experimental basis at five Quebec airports—Quebec City, Sept-Îles, Baie-Comeau, St. Jean and St. Honoré. The government plans to introduce limited bilingual services at St. Hubert and Val d'Or airports.

QATCA vice-president Pierre Beaudry said at a news conference that his group wants Ottawa to extend bilingual service to all Quebec airports.

DISPUTES CALPA CLAIMS

He said the use of both languages can only add to safety at Quebec airports, contrary to claims by CALPA.

"Comprehension between pilot and tower is the key to

air safety," said Mr. Beaudry, "and there is a maximum of understanding when the pilot can choose the language in which he wishes to receive his air control directives."

Mr. Beaudry cited a recent published report which quoted CALPA president Ken Maley as saying that if the pilots win their struggle against French, the repercussions will be felt throughout the civil service "where this bilingualism and biculturalism thing has gone too far."

Mr. Beaudry said: "That's the real reason some CALPA members—not all of them—are against the extension of bilingualism. It has nothing to do with air safety. "Air traffic is not the place to fight political battles."

Mr. Marchand told a news conference that a special study done by a Montreal consulting firm indicated there would be no reduction of the number of controllers and no harmful effects on safety.

About 40 of the assistants represented by the alliance would have their jobs affected by the increase in duties. Jim Wylie, an alliance vice-president, said assistants in Vancouver already were performing the duties.

The alliance had spent a great deal of time negotiating the new duties for the assistants. Mr. Wylie said, adding that the alliance was satisfied the additional duties for the assistants did not pose a potential hazard.

Gloomy picture is painted of inflation, unemployment

OTTAWA (CP) — Joe Morris, president of the Canadian Labor Congress, painted a gloomy picture of continuing high inflation and unemployment in the next year in a Labor Day message released today.

Mr. Morris said the jobs

Alastair Gillespie has been one of the recent proponents of that view.

Mr. Morris said the price performance of Canadian goods compares favorably with that of the country's largest trading partners, while wage and salary

No Record Monday

The Sherbrooke Record will not be published Labor Day, September 1, 1975. Publication will resume Tuesday, September 2.

Bar Association urges stand on death penalty

QUEBEC (CP) — The Canadian Bar Association urged the federal government to clarify its stand on capital punishment Thursday during the last day of a week-long annual meeting.

In a mildly worded resolution citing "confusion in the public mind," the lawyers called on the cabinet either to abolish capital punishment or to specify grounds for commutation.

Acceptance of the resolution followed sharp debate on another proposal which would have urged the government to commute a death sentence "only on the merits of each individual case."

That resolution, submitted by the association's national council earlier this week, implied the federal government was contravening Criminal Code provisions through a consistent granting of clemency.

The national council resolution also implied that Solicitor-General Warren Allmand's stand against capital punishment contributes to fears that current legislation is not being ap-

By ALEX RADMANOVICH

Delegates voted 132-104 to defeat the resolution and promptly accepted the milder version without debate in a show-of-hands vote.

SUPPORT FOR CABINET

During debate on the defeated proposal, several delegates voiced strong support for cabinet policy since the time the death penalty became applicable only to the murderers of prison guards and policemen.

Lawyer Harry Walsh of Winnipeg argued that in each case of clemency since 1968, the government had acted under the provisions of the Criminal Code.

He pointed out that cabinet enjoyed the prerogative of commutation and was therefore acting within the law.

Mr. Walsh was supported by Harvey Yarosky of Montreal who disagreed with suggestions that there has been a general policy of commutation since the Criminal Code was amended.

Mr. Yarosky noted that since 1968 only five sentences had been commuted and in three of those cases the jury had recommended clemency.

At this point outgoing association president William Somerville, chairman of the meeting, pointed out that three cases were currently under consideration and another four were under appeal.

Ship may become casino

MONTREAL (CP) — A final decision on whether to allow Montreal to buy the luxury liner France and turn it into a floating casino will be taken in mid-September, an aide to Premier Robert Bourassa said Thursday.

Charles Denis, the premier's press attaché, told reporters in Quebec City that published reports claiming the city has been given the green light to purchase the vessel were "premature."

Mr. Denis added "the formula—and above all its feasibility—is still under study by the interested parties."

"The way the investigation is proceeding, a decision won't be taken until mid-September," added Mr. Denis.

Meanwhile, the Liberal member of the national

assembly for Charlevoix, Raymond Mailloux, said the Montreal plan does not dispel long-standing hopes for a casino in his constituency.

Published reports have often speculated that Quebec's first casino would be located in the riding of Charlevoix, about 75 miles northeast of Quebec City.

Mr. Mailloux, who is also transport minister in the Bourassa government, said in a telephone interview

from his home in Baie-Saint-Paul, Que., two casinos could co-exist in the province.

The transport minister said any casino in his riding would likely operate in the summer months only while Montreal's would be a year-long operation.

Earlier Thursday, a spokesman for the National Harbors Board said the French superliner would not be too large to be brought into Montreal harbor if necessary.

earnings were getting a smaller share of the gross national product.

"Any moderating trend that had been evident in the rate of increase of the cost of living has been eliminated by the federal government's decision to increase oil and gasoline prices," Mr. Morris said. In the June 23 budget the government raised gas prices by 10 cents with another five-cent increase yet to come.

"The real earnings of Canadian working people continue to be eroded by the ravages of inflation."

Mr. Morris said the congress would be willing to continue discussions with the federal government on ways to stop inflation but asked that a nine-point program submitted to the government last spring be included on the agenda.

De Valera dies

DUBLIN (AP) — Eamon de Valera, former president of the Irish Republic, died today in a Dublin nursing home. He was 92 and his health had been failing for several years.

Beginning with the Easter rebellion in 1916, De Valera fought with single-minded determination to forge an independent Ireland. He became its first prime minister in 1937 and its president in 1959.

After 14 years in the presidency, he retired in 1973 at the age of 90, and left public life. Though his gaunt, 6-foot-3 frame was ramrod straight and his mind was still quick, he was almost totally blind.

De Valera's wife, Sinead, died on Jan. 7 their 65th wedding anniversary, at the age of 97. They had been living in separate nursing homes since last year.

The De Valeras had seven children. One died in a riding accident in the 1930s. The other six — and 17 grand-

children — were all present for the couple's golden wedding anniversary celebration in January, 1960.

Magog rail line cleared of debris

MONTREAL (CP) — A section of the rail line between Montreal and Saint John, N.B., closed since Tuesday morning following the derailment of a Canadian Pacific freight train, was scheduled to reopen today.

A CP spokesman said debris from the derailment at a level crossing near Magog, 90 miles east of Montreal, was to be cleared by noon and service on the line would be resumed shortly afterwards.

Meanwhile, CP continued to provide bus service Thursday for passengers

destined for points between Montreal and Sherbrooke. Passengers for points east boarded CP trains at Sherbrooke station.

Freight trains using the line were being rerouted through Vermont.

The derailment, which involved 16 cars of the 76-car train, ripped up a section of the track and caused extensive damage to the crossing and the highway. No injuries were reported.

The spokesman said the cause of the derailment was being investigated.

SPACE AGE GIZMO on table beside TV viewer is called a videodisc system which "plays" a grooveless record by laser beam and projects a video image, accompanied by a soundtrack, on any modified TV set. This revolutionary entertainment device will be available to the public next year. Also available will be over 200 discs offering movies and musicals.

Quebec in focus

Pratt strike over

MONTREAL (CP) — The strike at Pratt and Whitney Aircraft of Canada Ltd., ended Thursday with the official signing of a collective agreement by officials of the company and local 510 of the United Auto Workers UAW.

The violence-plagued strike which began Jan. 7, 1974, was the longest in Quebec's post-war history.

Thor Stephenson, Pratt and Whitney president, said: "We'll never have another one like this, that's for sure."

As many as 850 strikers who held on to the end are eligible to return to work, although not necessarily to their former jobs and classifications.

James Bay talks

MONTREAL (CP) — The Quebec Federation of Labor QFL will stress job safety and living conditions at the James Bay hydroelectric project in upcoming contract negotiations for the province's construction workers, a spokesman said Thursday.

After returning from a three-day visit this week to the hydroelectric project in north-western Quebec QFL president Louis Laberge and Secretary-General Fernand Daoust said at a news conference that the \$14-billion project was "a far cry from the project of the century in human relations."

The QFL leaders said they met with many of the 2,500 workers they represent at James Bay and said they felt the lack of a full-time union co-ordinator at the project hampered their efforts to follow up on workers' grievances.

Full-time co-ordinators have been banned from the site since March 1974, when an outbreak of violence at the LG-2 campsite caused millions of dollars damage.

Useless forest

QUEBEC (CP) — An opposition member in the national assembly said Thursday the government plans to spend more than \$2 million to repurchase useless forest land from Canadian International Paper Co. (CIP).

Lucien Lessard, Parti Quebecois member for Saguenay, said CIP had systematically exploited the land to such an extent that it no longer had any value.

Mr. Lessard also said the government was contravening provincial law by reimbursing CIP for secondary roads the company had built to the tracts of land—both in northern Quebec.

The opposition member said that under Bill 27, passed last December, the \$2-million payment is illegal.

The Quebec cabinet authorized repurchase of the land June 4 but the decision was not made public until Mr. Lessard announced the move June 20.

Transit strike

MONTREAL (CP) — Defiant bus and subway drivers rejected the latest offer from the city's transit commission Thursday and voted to continue their 10-day-old walkout until their contract dispute is settled.

About 2,000 drivers booted and jeered the new offer, the result of two days of hard bargaining between city and union officials, when it was presented at a union meeting during the morning.

In a unanimous show-of-hands vote, the men rejected the offer.

Based on recommendations of government mediator Andre Courchesne, the proposal called for a top hourly pay rate of \$6.75, or 22 cents more than the commission's previous offer of \$6.53, over a two-year contract.

Normand Hamelin, president of the 3,400-member Brotherhood of Bus Drivers, Metro Operators and Allied Services, said after the meeting that "without new offers from the transit commission, especially concerning working conditions, there is no chance of a resumption of work."

The members voted last week to extend their "study session" by 10 days if negotiations failed to resolve the dispute by Thursday.

C of C backs mayor

SHERBROOKE — The Sherbrooke Chamber of Commerce approves without reserve the declaration made by Mayor Jacques O'Bready in Thursday's issue of La Tribune and is sorry that a certain reporter has let himself be used to further the political ambitions of certain irresponsible people who wish to discredit our public servants, a Chamber of Commerce press release states.

Wanting to make over the counter sales a reason for disqualification is to attack without legal reason the reputation of a public figure and to violate the fundamental principles of justice.

To put the integrity of a public figure in doubt before competent authorities have had a chance to render a verdict is uncalled for. The Chamber deplores sensationalism that discredits, without sufficient reason, men who need the public's confidence and asks the newspaper to reconsider its position.

business and finance

Montreal

MONTREAL (CP) — Prices were higher in all sectors in moderate trading Thursday on the Montreal Stock Exchange.

Volume at the close was 335,200 shares, compared with 352,700 shares traded Wednesday.

The composite index was up 2.92 to 189.66. Industrials rose 3.56 to 194.42, banks 2.35 to 275.89, papers 1.57 to 111.64 and utilities 0.97 to 128.74.

What stocks did:

	Thurs.	Wed.
Advances:	89	54
Declines:	51	78
Unchanged:	32	51
Totals:	172	183

Bank of Montreal led industrials, up 3/8 to \$17 7/8 on a volume of 29,255 shares traded. Dynamic Mining Exploration Ltd. led mines, up 16 cents to \$1.11 on a volume of 23,000 shares traded.

Oils were higher, with Dome Petroleum up 1 to \$30 3/4.

Imperial Oil A 7/8 to \$26 1/4, Pacific Petroleum 3/4 to \$23 3/4, Shell Canada 1/2 to \$16 3/8, PanCanadian Petroleum 3/8 to \$15 5/8 and Pan Ocean Oil 1/8 to \$10 1/4.

Stelco A gained 1 to \$31 1/4, Alcan Aluminium 3/8 to \$24 1/4, Mercantile Bank of Canada 1/2 to \$19 1/2, Zeller's 1/2 to \$6 1/4.

MacMillan Bloedel 1/2 to \$20 3/8, Dominion Stores 3/8 to \$18 1/8, Massey-Ferguson 3/8 to \$17.

MONTREAL (CP) — Eric Kierans, a McGill University economics professor, is continuing his criticism against the proposed share issue of the Canada Development Corp. (CDC) next month.

In a letter to A. S. Pattillo, chairman of the Ontario Securities Commission, Mr. Kierans suggested that the share issue's prospectus be "written in language that can be clearly understood by the ordinary citizen."

The letter, dated Friday and released to the news media Monday, stated the preliminary prospectus filed by the CDC "presents some information and omits other material that must be considered vital to a proper investment decision."

Mr. Kierans's public criticism of the prospectus and the share issue began last week when Montreal newspapers published detailed articles on Mr. Kierans' negative views.

A spokesman for the CDC, currently 100-per-cent owned by the federal government, expected Mr. Kierans' remarks would do a great deal of harm to the share issue.

Professor criticizes CDC share issue

WAS CABINET MINISTER

Mr. Kierans was a cabinet minister in both the federal and Quebec government and a former president of the Montreal Stock Exchange.

When Mr. Kierans suggested last week the wording of the preliminary prospectus was not comprehensible to the general public, which is being encouraged to buy CDC shares, the corporation's vice-president, Don Morrison, said great pains had been taken to make the prospectus easily understood and that some minor changes would be made.

Mr. Kierans's letter also attacked the CDC usage of equity accounting.

"The current fad in accounting is equity accounting, a device which enables the world of conglomerates and holding companies to look better than they actually are," Mr. Kierans wrote.

Mr. Morrison said equity accounting is an acceptable method and that Mr. Kierans should know better than to criticize it.

Toronto

TORONTO (CP) — Western oil shares recorded their largest gains in more than two months amid a strong advance on the Toronto stock market Thursday. Trading remained light.

The western oil index rose 3.82, its sharpest rise since June 26, to 188.20. The widely-based industrial index gained 2.06, its largest daily advance since July 15, to 187.93. Golds were up 2.27 to 350.38 and base metals .80 to 78.86.

Analysts said the advance was in response to figures released Wednesday indicating that Canada is emerging from the recession coupled with sharply higher prices recorded at New York. The Dow Jones industrial average gained more than 22 points, its biggest rise since January.

Volume was 1.35 million shares valued at \$12.10 million, up from 1.14 million and \$10.96 million Wednesday.

What stocks did:

	Thurs.	Wed.
Advances:	264	172
Declines:	128	178
Unchanged:	193	229
Total:	585	579

Toronto Star B rose 7/8 to \$14 1/2, Harlequin Enterprises was unchanged at \$9 3/4 and Western Broadcasting A was unchanged at \$9 1/2. Toronto Star announced Wednesday that it has reached an agreement to buy controlling interest in Harlequin Enterprises. Western Broadcasting is the major shareholder with 35-per-cent interest in Harlequin.

Inland Natural Gas, which reported higher net earnings for the fiscal year ended June 30, gained 1/4 to \$9 1/2.

Toronto Dominion Bank rose 3/8 to \$42 1/2. The bank reported a higher balance of revenue for the third quarter ended July 31.

Hudson's Bay Oil was up 1 3/8 to \$31 3/4, Cominco 1 1/8 to \$34 1/4, Stelco A 7/8 to \$31 1/4, International Telephone and Telegraph Corp. 3/8 to \$20 1/2 and Imperial Oil A 3/8 to \$26 1/4.

Huron and Erie Mortgage Corp. fell 3/4 to \$24 1/4 and Headway Corp. 25 cents to \$1.75.

Denison gained 2 to \$58, McIntyre 1 1/2 to \$49 1/2 and Roman Corp. 3/4 to \$14 3/4. Sherritt Gordon A slipped 1/4 to \$7 1/2.

Among oils, Chieftain Development rose 7/8 to \$8 1/4, PanCanadian Pete 1/2 to \$15 1/8 and Ranger 3/8 to \$16 3/8.

EDMONTON (CP) — The prospect of future energy shortages has raised critical challenges for Canada's metallurgists, say the officers of the profession's association.

"We are very concerned about the energy situation," said Michel Rigaud, incoming president of the Metallurgical Society of the Canadian Institute of Mining and Metallurgy.

Shortages of coal or natural gas will have serious consequences for the central-Canada-based steel industry, said Mr. Rigaud as the society opened its 14th annual conference here Monday.

He said his own employer, Sidbec-Dosco, the Quebec government-owned steel company, depends on Alberta natural gas at its Montreal smelting operation.

Almost every company is seeking methods to conserve energy, reduce the amount of energy required in the production of a ton of steel and overcome environmental problems, he said.

Future energy shortages raise critical challenges

Demand soars

At one of Monday's sessions, Vernon Millard of the Alberta Energy Resources Conservation Board told delegates Canada's energy requirements are expected to increase four times between 1970 and 2000.

By the turn of the century, he said, 57 per cent of the country's energy demands will still be met by oil and gas, 20 per cent by nuclear power, and 13 per cent by hydroelectric power.

Canada has the resources to meet the demand, said Mr. Millard, but serious financial, technical, and physical challenges will have to be met to increase energy production.

New York

NEW YORK (AP) — The stock market ran up its second biggest gain of the year Thursday with a broadly based rally touched off by hopes for a letup in the rise of interest rates.

The Dow Jones average of 30 industrials jumped 22.45 to 829.47 for its largest advance since January.

What stocks did:

	Thurs.	Wed.
Advances:	1,258	684
Declines:	185	604
Unchanged:	323	453
Total:	1,766	1,741

Volume accelerated to 14.53 million shares from 11.11 million Wednesday.

The NYSE's composite index climbed 1.05 to 45.99, and Standard and Poor's 500-stock index showed a 1.97 gain at 86.40.

The upswing had begun in the closing minutes of trading Wednesday after a letter from Arthur F. Burns, chairman of the Federal Reserve Board, to House Banking Committee Chairman Henry S. Reuss (Dem. Wisc.) was made public.

In it Burns said the Fed would continue giving active consideration to buying long-term debt securities—a step the committee had urged with the aim of lowering interest rates in that sector of the credit markets.

Burns said he thought such purchases would have only a modest impact at best.

But analysts said investors were nevertheless drawing the inference that the Fed would not pursue policies that would push interest rates back to the lofty levels of last year.

All 30 of the stocks in the Dow posted gains, and 16 picked up a point or more.

Sears, Roebuck was up 2 1/2 at 64 1/2 after a 1 1/2-point rise Wednesday, when the company reported that its business was picking up.

Other substantial contributors to the average's gain included Du Pont, up 3 1/2 at 122 1/2; Eastman Kodak, ahead 2 1/8 at 92 1/4, and General Electric, 2 1/2 higher at 47.

IBM was up 5 1/4 at 186 1/4; Texas Instruments climbed 3 1/8 to 95 1/8 and Burroughs rose 3 3/8 to 92 1/2.

Walter Kidde, the most active issue, dipped 1/8 to 19 3/8. A 199,900-share block moved at 13 3/8.

Among Canadian issues on the New York stock exchange, Alcan and Dome Mines gained 3/8 each to \$23 1/2 and \$43 3/8 respectively.

Canadian Pacific rose to \$14 3/8, Inco to \$26 3/8, Massey-Ferguson to 16 3/8 and Seagram to \$30 1/4. All were up 1/4.

TORONTO (CP) — Officials of the four private mints in Canada say their business has increased this year.

Orazio Lombardo, president of Lombardo Mint in Sherbrooke, Que., said a growing number of governments and organizations are commemorating events by issuing medals or medallions.

Business is 15 to 20 per cent more than last year, he said.

Victor Wheeler, executive vice-president of Jacques Cartier Mint of Canada Ltd., Toronto, said the company had \$2.5 million in sales in 1974 and business has risen more than 10 per cent this year.

Many successful premium and ad people want a prestigious gift, something the recipient won't throw in the back of his drawer," Mr. Wheeler said. "We can give them the company logo in one ounce of pure silver, stamped and numbered on the back by the mint."

Private mint business up

RISES 25 per cent

Rex Pearce, marketing manager of the Sherritt Mint division of Sherritt Gordon Mines Ltd. of Toronto, said that "our medal business is up by 25 per cent in 1975."

The mint division makes coins for four overseas countries and sells metal blanks and strips to various national mints, including Canada's Revenue was \$11.7 million last year.

Dollar Close

MONTREAL (CP) — U.S. dollar in terms of Canadian funds closed Thursday down 4-25 at \$1.0324. Pound sterling was down 9-50 at \$2.1174.

In New York, the Canadian dollar was up 3-20 at \$0.9686. Pound sterling was up 3-20 at \$2.1110.

EAST ANGLUS
Mrs. Murray Labonte
832-2397

Mr. and Mrs. William Jones and daughter Angele of Tomifobia, spent the weekend guests of Mr. and Mrs. Richard Parsons and attended the Bernard-Andrews wedding in Sawyerville on Saturday evening.

Weekend guests of Mrs. Ralph Luxford were Mrs. Doris Devenish and Mr. William Gould, Montreal.

Mr. and Mrs. Murray Labonte spent the weekend guests of Mr. and Mrs. Douglas MacLeod and family in Milton, Vt.

Callers at the home of Mr. and Mrs. Murray Labonte were Mr. and Mrs. Victor Cletheroe, Hamilton, Ont.

Mrs. Roy Morin, Burlington, Vt., Mr. and Mrs. Ian Gregory and family of Quebec City were recent guests of Mrs. Ransome Hayes Sr.

Mr. and Mrs. Murray Labonte spent a weekend in Lyndonville, Vt., and attended a gathering of the Chester family at the home of Mr. and Mrs. Tom Ingram in St. Johnsbury. Mr. and Mrs. Graydon Chester of Reedsport, Oregon, were present.

Mrs. A. Rowland spent a weekend with Mr. and Mrs. Edward Rowland at Dollard Des Ormeaux and attended a tea for Miss Judy Rowland, whose marriage to Mr. Nelson Fee took place at the church of St. Michael and All Angels on August 16. The couple left that night for a honeymoon in England and Scotland.

Mrs. Cecil McLellan, South Stukely, spent a day with her sister, Mrs. A. Rowland and also called on Mr. and Mrs. Cunningham.

Mrs. A. Rowland, Mr. John Cruickshank, Mrs. T. Brady, Miss Ruth Stoddard and Mrs. T. McLeod of Lennoxville attended a meeting of the Northeast Association held at Camp Neofa at Monteville, Maine.

Overnight guests of Mrs. Thomas Rowland and Miss Margaret Rowland were Mr. and Mrs. Arnold Price, Chateaugay, Que.

Mrs. Nelson Potter, Toronto, Ont., spent a week with her parents Mr. and Mrs. Gerald Gaulin.

Mr. and Mrs. Bob Leroux of Dorval, spent the weekend guests of Mr. and Mrs. Rodger Heatherington. A guest at the same home was Mr. Barry Nadeau of St. Paul's River.

Several from town attended the wedding of Mr. Morris Andrews to Miss Betty Bernard held in the United Church, Sawyerville, on Aug. 23rd.

The Inflation Fighter

Stop running water!

When shaving, washing dishes, brushing your teeth or inserting contact lenses, don't leave the water running. Fill the basin for the former two, fill a glass for your teeth, and make the extra effort with your lenses.

—I.P., Arcadia, Ind.

Dress it yourself

Flavored, dressed-up rice dishes are a great boon to a varied menu, but do it yourself and save a bit instead of resorting to ready-made mixes. Just adding a bouillon cube instead of salt makes a major difference, and adding mushrooms, onions, chopped peppers, etc. will work wonders for you.

—D.X., Akron, O.

Soybean savings

If you add soybean extender granules to hamburgers you can reduce the price of the meat by perhaps 50 cents a pound while maintaining its nutritional quality. With the usual hamburger decorations of catsup, mustard and relish, who'll notice?

—M.S., Dunning, R.I.

Warming up

Warm up left-over casseroles, vegetables, soups, etc. in the top of a double-boiler over boiling water, rather than by lighting the oven. It takes only a low flame to keep the water boiling once it comes to a boil. It's also an excellent way to "hold" supper for a late-comer.

—T.D., Burlington, Vt.

Educational tools

If there's a college in your town, check their campus paper for help when you have home repairs that don't necessarily require a professional.

—M.O., Trumble, Conn.

"Have you a clever way to save energy or fight inflation? Send your idea to The Inflation Fighter in care of this newspaper. The best ideas will be used in future columns, and their authors will be rewarded with a free copy of the \$1.50 book 'Save Money-Save Gas'."

dominion textile limited

Dominion Textile's management pays a tribute to all the workers of this region and particularly to its own employees who by their daily efforts and their competence have helped to create the success of the pass.

On the occasion of Labor Day, we would like to express the belief that a well accomplished job in either labour or management helps to foster the aspirations and ambitions of all.

May the Labor Day holiday be safe and pleasant for all workers and their family.

Canada Manpower courses available

SHERBROOKE (RH) — The Canada Manpower Centre has revealed its list of adult extension courses available through fall and winter months.

Adults who wish to complete their high school education can register for courses at the Sherbrooke Canada Manpower location. Two courses will be offered—the first covering high school levels one and two, and the second covering levels three and four. The first course begins on October 6, 1975, while the second starts

Centre on January 12. All of the above are subject to change.

French courses on a variety of topics are also available. High School courses in French will be held at Danville and Sherbrooke on a continuous basis for an indeterminate period of time, and courses in automobile mechanics, painting, cooking, truck driving, hotel service, and large machine operating will be held in Sherbrooke starting in the middle of

Those lazy, hazy, crazy days of summer are fast coming to a close and thoughts are turning to winter activities. The Record today begins a series on education and hobby courses given by various organizations in the Eastern Townships.

November 3, 1975.

Other English language courses offered by Canada Manpower will include Agricultural training. A 50 day course in upgrading agricultural techniques is tentatively scheduled at the Richmond Manpower Centre beginning January 5, 1976. A 10-day farm bookkeeping and management course will get underway on the same day at Sawyerville Manpower and a farm machinery repairs course is scheduled to begin at the Richmond

September, while a course in sewing machine operation will be held in Asbestos beginning September 15.

Agricultural courses in French will be held throughout the Eastern Townships beginning in October on such topics as maple syrup, dairy farming, cattle farming, tree farming, farm machinery and animal feeding.

For further information telephone 569-9761 or write: Courses, 639 Vingt Quatre Jun St., Sherbrooke, Que.

Sweetsburg Court

SWEETSBURG WARD (JM) — Danny Westover, Waterloo, was cited to the next term of the local assizes by virtue of article 476 of the criminal code. Westover is charged with two counts of possession of stolen goods valued at more than \$200.

Robert Allan Kerr, Hatboro, Pa., pleaded guilty to a charge of having entered Canada illegally. Judge Bernard Legare fined Kerr \$50 and costs, in default one month, the minimum penalty, which was suggested by special prosecutor Robert Brisebois.

Bobby Ray Jordan, New York City, pleaded guilty to having entered Canada illegally August 19. He vehemently denied he had been deported from Canada June 28, 1972, and also said he had never resided at 828-8th Avenue, New York.

He was remanded to cells pending proof of recidivism August 28.

Denis Raymond, a Bedford and Venise police officer, was acquitted on a charge of simple assault.

Pauline Ouellette, Granby, changed her option and pleaded guilty to a charge of willful property damage in the Township of Granby. Her lawyer, Guy Arseneault, told the court his client had taken a windshield wiper from an automobile as the result of a fight between two women.

"She has no prior record and I feel a minimum fine will satisfy the interests of justice." Crown attorney Claude Noiseux made no objection to the remarks of the defence.

Judge Legare fined Ms. Ouellette \$25 and costs, in default two weeks, and allowed her one month to pay the fine and costs. Her trial on a count of impaired driving in Cowansville was adjourned to October 18.

Gilles Martin, Roxton Pond, and Bernard Bourassa, Granby, pleaded not guilty to counts of breaking, entering and theft of hi-fi equipment, and willful property damage, to a trailer in Granby April 24. Their lawyer, Louis Grignon, chose trial before a magistrate alone which were set to September 18.

Daniel Brunelle, Granby, pleaded not guilty to a charge of theft of dresses valued at under \$200 in Granby, May 12. His trial was set to September 8.

Daniel Gagnon, Granby, pleaded not guilty to two counts of theft of hi-fi

FIDDLERS CONTEST — August 24th was old time fiddlers night at the Ayer's Fair. Winners of the event are seen above.

HORSE-PULLING, one of the county fairs' most popular events, was held recently at the Ayer's Cliff Fair. Dollard Pelletier, right, is presented with the Molson's trophy for his winning team which he is holding. At the left presenting the trophy is Ken Blake.

At Ayer's Cliff Fair Fiddlers' contest, horse-pulling held

AYER'S CLIFF (IH) — Sunday night, August 24, at Ayer's Cliff Fair, the evening entertainment was the annual old time fiddlers contest on the grandstand stage.

This was in charge of Fair Director Edward Hyatt assisted by Mrs. Hyatt for registrations.

As Mrs. Hyatt registered the players she presented each with a red ribbon rosette. To the judges, Mrs.

Harold Church and Mrs. Roy Parrish, she presented floral corsages and Warren Soutiere, a boutonniere. Mr. Hyatt was MC for the program.

After the fiddlers had completed their program and judges were making their decisions several of the musicians played selections in groups. All the fiddlers played together and a youngster sang selections in

French to add to the pleasant program.

The judges decision were: Junior class, Scott Lowd of Martinville, in first place, with Marlene Harvey, Cookshire, second. These two youngsters were presented with trophies and cash prizes. They also delighted the listeners with duets.

In the Senior class Eddie Custeau of Lennoxville took

first place, Mrs. Daisy Johnston of Brome, second, and Edward Poulin of Magog, third.

In the Open Class, Lenard Girard of Katevale was first, Terry Howell, Cookshire, second, and Christopher O'Reilly, Montreal, third.

There were also trophies, compliments of Molson's, for other fiddlers who played, along with a cash prize for everyone.

Mr. Hyatt presented gifts to each of the three judges and to Bruce Patton, the pianist, for those who wished him to play for them.

After the show, the musicians played for some stage square dancing by people on the grandstand.

HORSE PULLING

Judging from the large attendance on the grandstand Sunday afternoon, horse pulling is a popular attraction. Surely none were disappointed for there were several beautiful teams pulling weights near 9,500 pounds and that is quite a haul, even for only a few inches.

Prior to the horse pulling, pony pulling was held. In two classes they put on a good show. Molson's trophies were presented the two top winners. In Class Light ponies, Gerard Lachance of Sherbrooke placed first, with Francis McElvey in second place. In the heavy class, Marcel Lachance of Sherbrooke placed in top place and Fernand Breese, second.

The results of the heavy horse class are Germain Cournoyer, 1; Real Poulin, 2; Mark Blackwood, 3.

In the light team class first was Dollard Pelletier; 2, Paul Lachance; 3, Yvon Salouin; 4, Francis McElvey; 5, Gordon French; 6, Antonio Boutin.

Auctioneer Art Bennett was M.C. in charge of this entertainment.

Waterloo receives budget

WATERLOO (JB) — The budget report to July 31, 1975 was presented by secretary-treasurer Remi Bellefeuille at the Waterloo council meeting held August 25.

The secretary outlined the departments that had exceeded their budget and it is intended that no other expenditures will be made by these departments without authorization from council.

By a unanimous vote, the council decided to ask the Municipal Commission of Quebec to authorize a temporary loan for \$74,266.32. This loan will facilitate repayment of the balance of a renewable loan for the rest of the term authorized by regulations 242, 317, 327 and 329.

The Council has asked the G.G. Construction Company to furnish a price for the widening of Beaulac St. The price will be presented at the next council meeting. A resolution was adopted allowing Bell Canada to displace several posts on Beaulac St.

Three bids were received concerning a garage on 6114 Foster St. Council voted unanimously to sell the garage to Luc Sheppard of Waterloo for \$52.00. The new proprietor will have fifteen days to move the garage to make room for construction of a new dam on Allen St.

The Ministry of Natural Resources is not yet ready to begin work on the dam. The council agreed that the Ministry of the Environment could occupy the lower story of the building until the date of demolition. It is intended

that they leave within a week of the date work begins.

The council authorized the municipal garage to make repairs on a 1974 Pontiac patrol car. Under the same by-law, the police department was authorized to rent a car while their patrol car is in the repair shop.

After a discussion concerning the use of the arena by people who don't live in Waterloo, it was decided to have the surrounding municipalities enter contracts giving their citizens the right to use the arena.

Autoroute tolls up for trucks, buses

QUEBEC (JB) — The Quebec Autoroute Office has announced that tolls for buses and trucks using Quebec's autoroutes will be revised, beginning on October 2.

The new tolls for trucks will be as follows: two axles, double wheels, 50 cents; 3 axles, 75 cents; 4 axles, \$1.00; and 5 axles or more, \$1.25. Buses will pay a 75 cent toll.

These changes have been made in accordance with Article 22 of the Autoroute Law, which gives the Autoroute Office the authority to fix tolls on Quebec's autoroute.

Those present included Mr. and Mrs. Howard K. Kerbaugh, Keene, N.H., Mr. and Mrs. Edward Miller, Farmington, Me., Mrs. Madeline Beloff and daughter Mary, Miami, Fla., Mr. and Mrs. Duncan McLeod, Milan; Mrs. John E. MacDonald, Mrs. Albert Murray, Mr. Daniel MacRae, Mr. and Mrs. D.P.

Donald Morrisons host a "ceilidh"

MILAN — On Sunday afternoon, August 17, Mr. and Mrs. Donald D. Morrison were hosts at an afternoon "ceilidh" at their summer cottage on Lake Megantic, near Piopolis.

The afternoon was cloudy and the warmth of the sunny weather of the past weeks was missing but there was no lack of warmth in the friendship extended to the neighboring cottagers, and other friends who arrived from far and near.

Soon the skirl of the pipes could be heard as Duncan and Daniel Morrison of Sherbrooke arrived to entertain the Morrisons and their guests with some Scottish tunes which were ably played by these two lads and which were especially enjoyed by those of Scottish ancestry.

Mr. Harold Hanna of Warwick R.I. spent a couple of days here with his aunts, Miss Edith Hanna and Mrs. A. Hanna.

Mrs. W. Parkes is now settled in an apartment at Villa Joie. Mrs. Gertie Carter will also be moving into one at the same place on Sept. 1st.

Mr. Richard Moyssey and two sons of Arvida, Mrs. John Layne and son Andrew of Islington, Ont., Mrs. J. de la Mare, the Misses Helen and May Scott of Cowansville and Rev. and Mrs. Peter Blunt of St. Jean were recent callers of Miss E. Hanna and Mrs. Hanna.

Parole Boards

Attacks on parole boards and the parole system are growing stronger as the public and some criminologists come to realize that the abolition of the entire system would benefit not only society but criminals themselves.

This was underscored by two addresses to the annual meeting of the American Bar Association in Montreal; one by the dean of the University of Chicago Law School, the other by an ex-convict who is now a member of the New York City Board of Corrections.

The Chicago criminologist, Norval Morris, said that current parole systems are fraudulent. He urged that parole boards be abolished and control over length of prison sentences be returned to the judiciary. Under this system judges would impose fixed-term sentences which would be reviewable only by a court of appeal and which could be reduced only by time off for good behavior. Mr. Morris charged that the traditional reason for operating parole boards is impossible to justify. Parole boards have proved that they are no better than anyone else in their ability to predict future criminal behavior, a charge that is supported by the frequent failure — often with disastrous results — of parole boards in Canada to judge correctly. It is a false presumption that behavior in prison is an indicator of social behavior after release, he says.

Mr. Morris believes that only judges should have the right to determine the state's power over an individual's liberty. "A man has a right to know exactly how long he'll be caged. Only when he knows that is he free to change himself." This belief was echoed by Kenneth Jackson, the corrections officer from New York. Mr. Jackson was first arrested when he was nine years old and consequently should have a certain understanding of how convicts think. He urged that the prison system abandon the myth of rehabilitation and recognize that the main function of prisons is punishment. Most parole agencies, he said, are inefficient, and require parolees to live by rules that "even God can't abide by." Parole agencies serve only as window-dressing to criminal justice, which would be better served if they were eliminated and replaced by fixed terms.

Supporters of the parole system regard its opponents as reactionary, and to think of proposals that it be abolished as akin to demands for the return of the lash and the branding iron. There are serious doubts, however, whether the parole system has served the purpose for which it was intended, whether it is an aid to rehabilitation and whether it is in fact as humane as its proponents claim. It has been abused both by the prisoners who have learned how to manipulate parole boards and by the prisons themselves, which can use the indefinite nature which the possibility of paroles gives to any sentence to coerce prisoners into taking part in modern rehabilitation schemes involving behavior modification, as has been done in some United States prisons.

Letters to the Editor

Why can't graduates get work?

To the Editor:

I have a few questions that I would like answered, and I thought that possibly a letter to your paper might get me the answers.

I would like to know why the young girls that graduate today are having a problem getting work. We put them through school and they have a four year commercial course but when they apply for a job they are told that they want someone with two or three years experience. How are they to get experience if they can't find work? I have one that has applied at about twenty-five places and she can't get anything.

Also another thing is these advertisements for girls to join an air school. Well, my other one has applied at three different ones and has never received an answer from any of them. She is interested in Air Communications.

We bring them up and put

them through school and then have to support them. I think that if some of the women that have worked for twenty years or so and their husbands are bringing in good pay should quit and give the young people a chance in the world. I am sure that two people living alone with no family don't need two or three hundred dollars a week to keep them.

A Concerned Mother

English rights are threatened

To the Editor:

One might wonder why the Canadian government does not take the same stand with other nations as it does with South Africa because of its support of apartheid.

Consider: —
(a) the internal policies of Russia, — treatment of its dissidents, its concentration camps of Siberia, its Jewish minority group.

(b) Uganda's treatment of

its Asian citizens who were expelled, and of Mr. Hill who was given a death sentence for referring to its president as a village tyrant in a book.

(c) the terrorist Palestine Liberation Organization's eradication of Israel's athletes at the Munich Olympics, and who engage in hijacking and murder throughout the world.

Could it be that the crimes of one nation is considered greater than that of others because it is an English-speaking nation? Does Ottawa condemn the internal policies of one of these nations and not the others because anything English goes against today's trend in Ottawa? If South Africa were a French-speaking nation, would it be accorded the same treatment as Russia, Uganda, and the Palestine Liberation Organization? Would South Africa then be welcomed to participate in athletic events in the World Masters Amateur track meet? Why doesn't the Federal Government cut off financial aid to any sports event in Canada which includes Russia, the P.L.O. or Uganda? Why is the exception made in the case of South Africa alone?

We have seen Bill 22 not being sent immediately to the Supreme Court of Canada, but put through slow procedures. Is it that Ottawa is in cahoots with Quebec, and wants the million or more English in Quebec to lose their right of free speech, education, and the right to express themselves in their own written language? Racial discrimination towards this vast minority group, who pay taxes, prevents them from participating in tendering for Quebec government jobs or to receive government contracts, which is unjustifiable.

I sincerely hope that the next step will not be to allow Quebec to control communications. Anyone can foresee why this power is desired by the Quebec government. It wouldn't take them long to eliminate English radio and television programmes in their drive to eradicate all rights of this huge minority group of over a million.

Why doesn't Montreal, Canada's third largest English-speaking city, have adequate English personnel to serve the English in the Federal Unemployment offices? In a city that is over

forty-five per cent English, why should conditions be such that a group of bilingual employees can refuse to serve English residents as they don't want to work in their second language? Why is this area not allotted forty-

five per cent English employees? Why do we not have English representation according to population in all Federal offices?

K.R. Ritchie,
Montreal, Quebec

Record Yester Years 20 Years Ago

MONTREAL — Quebec will veto any attempt by the federal government to amend the British North American Act to facilitate the proposed federal health insurance scheme, it was reported yesterday.

Premier Duplessis, it is understood, has already made Quebec's position on the matter clear during the behind-the-door negotiations of the Dominion-provincial tax conference last April.

Premier Duplessis has repeatedly said the government should not be called upon to do everything. The health insurance scheme is held to be a further step by the federal government along the road of socialism. Quebec already spends more than \$70,000,000 annually for hospitalization and medical care for the poor under provisions of the Quebec Public Charities Act, and believes there is no pressing need for any health insurance plan.

45 Years Ago

OTTAWA — Extensive improvements to navigation facilities on the St. Lawrence River and the development of the Richelieu River are in prospect following the inspection trip down the St. Lawrence made recently by Hon. Alfred Duranleau, Minister of Marine.

The present high rates demanded by insurance companies for shipping along the St. Lawrence route are a handicap to navigation, Mr. Duranleau said today, adding that he hopes to convince the Government of the need of widening and deepening the channel. At present, the minimum width between Montreal and Three Rivers is 450 feet and the minimum depth, thirty-five feet. In a short time he hopes to have a channel with a minimum width of 550 feet. The width of the channel at curves, which is now as small as 650 feet, will be increased to eight hundred or one thousand feet.

Dredges are now at work on the river but the minister intends to strive to carry out the whole programme as speedily as possible.

"If you just look my way, you'll see everything is looking better!"

State department study warns of terrorists with 'fright' weapons

WASHINGTON — The State Department sees a "clear possibility that terrorists will use 'fright weapons,' such as lasers, chemicals, biologicals, radiation and nuclear arms, to blackmail and perhaps destroy nations.

Although "such use is not inevitable," according to a State Department study, the technology is available to develop scare weapons and terrorists have the ability to steal them.

Still, the State Department holds out hope that "small radical groups" cannot acquire the hideous weapons and that "larger terrorist organizations" will be deterred from using them "by what would be an extremely severe response by the world community."

World opinion, however, has not deterred terrorists from committing small-scale outrages. Since 1968, terrorists have killed 500 people and have wounded another 600 to 800. Among the victims, 16 U.S. officials have been murdered and 32 have been wounded.

The terrorists have also managed to arm themselves with deadly, sophisticated weapons, including shoulder-fired Soviet missiles capable of knocking down airliners.

The State Department study confirms our past reports that Libya has been an important source of weapons for terrorist groups. On May 25, 1974, we called Libya's Muammar Qaddafi one of the world's most irresponsible leaders for arming terrorists, without much thought for the consequences.

The Soviets have sent huge arms shipments to Qaddafi who has supplied terrorist groups from Ireland to the Philippines. Meanwhile, he is trying to get his hands on tactical nuclear weapons.

Apparently, terrorist organizations work together through an international radical underground. "We have seen

Jack Anderson's

Washington

cooperation among terrorist groups in Latin America," states the study. "Additionally, there are indications of increasing cooperation among the Baader-Meinhof gang in West Germany, the so-called Japanese Red Army and Palestinian terrorist groups, particularly the Popular Front for the Liberation of Palestine."

Kidnaping has become a favorite terrorist tactic. The State Department cites a Rand Corporation study of 63 major diplomatic kidnaping efforts. In 87 per cent of the cases, the hostages were seized successfully. In 79 per cent of the cases, the kidnapers escaped punishment.

There have also been ominous intelligence reports that the international terrorists are plotting to zero in on the United States.

Footnote: The State Department conducted the study in response to questions from the Senate Internal Security subcommittee, which will publish the results shortly.

Soviet Grain Controversy: The Soviets have asked Washington for permission to purchase another 11 million tons of grain. This would more than double the 9.8 million tons that have already been sold to Russia.

The total sale, if the new request is approved, would come close to 21 million tons — almost two million tons more than the controversial 1972 wheat deal.

Farm organizations are for approval of the Soviet request. The farmers contend

that the government encouraged them to increase their planting this spring. The American wheat crop, therefore, is expected to surpass two billion bushels this year. Two-thirds of this must be sold overseas, the farmers claim. Otherwise, they will be stuck with huge surplus stocks and the bottom will fall out of the market.

The sale of another 11 million tons to Russia, on the other hand, will push up grain prices. One possibility, which the diplomats are trying to work out, is to exchange American grain for Soviet oil. Our sources say the U.S. might be able to import about eight per cent of its oil requirements from the Soviet Union.

Washington Whirl: Rep. Joe Evins, D-Tenn., submitted a bill to grant the Energy Research and Development Administration \$15,000 for entertainment. As if anticipating the bill's success, ERDA threw a luxury bash five days later at Washington's stylish Mayflower hotel. Cost to the taxpayers: \$2,344,499. The Transportation Department proudly announced a contract awarding \$570,240 to the State of California to study motorcycle safety. Six days later, the department announced it might revoke federal highway safety grants to California because of its horrendous motorcycle safety laws.

In previous columns, we reported the disappearance of 14 experimental aluminum pennies from the Senate and House banking committees. Since no one has seen the valuable coins since 1973, we concluded that some distinguished thieves had quietly lifted them. But the U.S. Mint's deputy director, Frank MacDonald, fearful of offending the light-fingered legislators, is pretending the coins "remain in the custody of the committees and will presumably be returned to the (Mint) once the committees no longer have any need for these sample pieces."

THE LABOR FORCE HAS ITS DAY — For most of the year, workmen like these are busy keeping Canada running smoothly, but once annually, just before the autumn and winter grind, everyone has a chance to sit back and relax.

Safety Council urges caution while driving this weekend

SHERBROOKE (JB) — Monday will be Labor Day, a last chance for many people to take a weekend off during the summer, and before schools open for another winter of education.

It is expected that many families will be taking their last outings of summer over the long weekend, and all drivers are urged to pay special attention while on the nation's highways.

The Canada Safety Council fears that between 84 and 94 Canadians could lose their lives in traffic accidents during the long Labor Day weekend running from 6 p.m. August 29 to midnight September 1.

Recent years have seen a slight downward trend in

Labor Day weekend traffic deaths, with 91 in 1972, 88 in 1973 and 79 in 1974. The worst year on record was 1966, when the traffic death toll was 102.

The Council urges special attention be paid when driving in the early evening, when a low setting sun can severely hamper visibility.

As the weekend also signifies the beginning of a new school year, the Canada Safety Council also reminds drivers to be on the watch for children playing on the way to and from school, and to allow extra time when travelling to adjust to the fact that with most vacations over, there will be more vehicles on the road in urban areas.

City Hall closed on Labor Day

SHERBROOKE (JB) — All departments will be closed at Sherbrooke's City Hall on Labor Day, Monday, September 1, to give city employees a chance to observe the Labor Day holiday.

Police and fire protection will continue normally, but only emergency crews will be available at the public works department.

The municipal library will be closed for the day. At the Post Office, counter service, rural routes, and the lock box lobby services will be suspended for the day.

Local banks, stores, and most other businesses will be closed Monday.

Three-day labor dispute settled

ALLAGASH, Me. (AP) — Maine woodsmen and Irving Pulp and Paper Ltd. officials ended a three-day labor dispute here Wednesday night with both sides agreeing that the company's logging operation in the Maine woods would resume Thursday.

It was reported that the border station at Estcourt, which was closed when loggers seized two Irving camps in the area Monday, would be reopened to bonded Canadian woodcutters yesterday morning.

John LaPoint of the federal mediation board said the company agreed during the meeting to take steps to hire additional American wood crews for its operation. He said other actions to prevent a recurrence of the problems this week are under consideration and further meetings are scheduled.

LaPoint also said Irving has agreed to drop trespassing charges against two American cutters and will allow the pair to return to work today.

HAS MEETING
Gov. James Longley met with the woodsmen in this town near the Canadian border.

Longley said he will take any steps necessary to maintain "happy, mutually beneficial working conditions in the woods industry."

The governor warned, however, that he would not tolerate anyone "taking the

law into his own hands." Longley said that if he finds inequities exist he will order a complete study of state laws affecting the industry and will ask for federal legislation to correct the problems.

IN FOR THE SEASON — This boat has probably provided many hours of pleasure, but the time is rapidly approaching when it will be too cold to enjoy a jaunt on the lake. The craft is about to be put away for the winter in someone's lonely garage.

A LABOR DAY Message

Thanks to each worker:
The service worker, the man on the assembly line, the man who uses his muscles and sweats, the artisan, the craftsman and all the others.

BEST WISHES TO THEM ALL

Ont., Mr. and Mrs. Herman Dougherty and daughters, Harmony, Diane and Sheila and Mr. and Mrs. John Heegsma and children, Conrad and Angie of London, Ont. Mr. and Mrs. P. Heegsma were visitors at the home of Mrs. Marjorie Dougherty recently.

SALUTE TO LABOR

The Spirit Of Work Is Part of Our Canadian Heritage

Hard-working pioneers have left us many remembrances of their labor. They have bestowed on us a nation... founded on physical and mental work. They tamed a wilderness... farmed virgin soil... laid the foundations of our great cities. Like us, they had chosen vocations, and like us, they had set goals. Monday, as we celebrate Labor Day, let's remember how essential each one of us is in the further development of our country. Through our love, dedication and toil, we have maintained its greatness. Let's work together with a sense of achievement.

LABOR DAY

September 1st

"Blessed is he who has found his work; let him ask no other blessedness. His is the greatest of all."

—THOMAS CARLYLE

Labor, said a wise man, preserves us from three great evils... weariness, vice and want. It also serves as an excellent measure of strength and prosperity ... especially when a nation's people are independent and proud of earning a fair day's wage for a fair day's work. Monday, we take time from our daily jobs to pay our grateful tribute to the Canadian ethic that dignifies honest labor and knows that work is love made visible.

Wednesday, Sept. 17: Chicken noodle soup, crackers, meat sandwiches, peanut butter sandwiches, white milk and ice cream.

Lahue-Nadeau wed

ABERCORN — The marriage of Danielle, daughter of Champlain and Reine Blanche Nadeau of Glen Sutton to Ralph, the eldest son of Rolland and Patricia Lahue, of Abercorn, took place at 7 p.m. in St. Simone Church, Abercorn, on July 26.

The wedding party arrived en masse from the bride's home with the groom and his father arriving first driven by the bride's brother Andre Nadeau, then the bride and her father driven by Jacques Nadeau, brother of the bride, then the two mothers driven by Paul Grondin, uncle of the bride. The groom and his father were met at the door by Rev. Lucien Girard. Then all entered the church for the marriage service. The church was decorated with baskets of summer flowers from the gardens of Pauline Wilkins and Patricia Lahue.

A very lovely bilingual service was performed with each exchanging their vows in their mother tongue. After receiving their rings they took communion. After the service, all guests motored to the L'Escale in Sutton for an evening of dancing.

As the night progressed, the groom's tie was sold, the winning ticket was held by the groom's grandmother, Mrs. Perley Lahue. A special dance where you pay the bride and groom for the privilege was enjoyed by all. At the close of the evening the Nadeaus invited the guests to a buffet lunch at the community hall in Glen Sutton. So in the early hours of the morning all enjoyed a most delicious lunch.

Helping with the preparation and serving were two sisters of the bride, Mrs. Ghislaine Burham and Mrs. Angele LaPlume.

During the wedding ceremony the bride wore a long gown of white satin with trim of white lace with placed blue flowers. She carried a basket of summer flowers. For the lunch she wore a red and white pant suit.

The bride's mother wore a lovely full length gown of pale blue while the groom's mother wore a white floral lace of a tangerine undershirt.

Immediate family of the groom attending the wedding were his brother Lee and grandparents Mr. and Mrs. Perley Lahue. Other relatives were Mr. and Mrs. Donald Neil of Granby, Mr. and Mrs. William Tracey and family of South Stukely, Mr. and Mrs. Wilbur Cook and family of West Brome, Mrs. Harley Lahue and Mr. and Mrs. James Boule of Sutton, and Mr. Leonard Derby of Waterloo.

Close relatives of the bride were her brothers Andre and Jacques, sister and brother-in-law Mr. and Mrs. Eric Burham, also Mr. and Mrs. Girard LaPlume and two younger sisters, Liette and Christine.

The happy couple left for a camping vacation in Maine, first stopping in St. Prosper to visit her grandmother Mrs. Lydia Dostie, who was unable to attend the wedding.

Birthday Party

DERBY LINE — The home of Mr. and Mrs. Edward Gosselin, Jr. of Derby Line was on Saturday afternoon, August 23, the scene of a happy occasion when relatives and friends came to help their daughter, Susan, celebrate her 3rd birthday.

Attending were Susan's cousins, Monica, Laurie, Leo Jr., Gosselin, Jennifer Lynn, Alain Gosselin, Louise, Theresa and Mary Couture, Bill Gosselin, Jr., Lisa and

Silver Wedding anniversary celebrated

BULWER — On August 16, 1975, the families and friends of Mr. and Mrs. Bryce Smith of Lennoxville gathered at the Bulwer Community Centre to honor them on the occasion of their silver wedding anniversary.

On arrival, Mr. and Mrs. Gerald Lowd pinned corsages on Mrs. Smith, her daughter Donna, her mother, Mrs. Wm Bowman and Mrs. Murray MacDonald and boutonnières on Mr. Smith and Mr. Murray MacDonald.

Bryce and Dorothy were married in the Sawyerville United Church on Aug. 16, 1950 and their attendants on

that day were Gwen Bellam Diamond and John Smith. As they were unable to attend the celebrations, Mr. and Mrs. Murray MacDonald stood proxy for them and were part of the receiving line as the bride and groom of 25 years received the congratulations from assembled guests.

After an enjoyable evening of dancing to the music supplied by the Nugent Orchestra, Scott Lowd on the violin and Craig Drew on the accordion entertained the group by playing several favorite numbers of the celebrants. Lunch was served buffet style with Dorothy and

Bryce, their daughter Donna, Mr. and Mrs. MacDonald, Mrs. Wm Bowman and Mr. E. Smith seated at the head table, which was centred with a three tiered cake made by Mrs. G. Smith and Mrs. Bowman and decorated by Mrs. F. Bain. It was flanked on either side by silver tapers and beautiful floral arrangements.

In a few well chosen words, Mr. Lloyd Morrison presented the anniversary couple with the best wishes of the group and a gift of money. Donna's gift to her parents was a silver wall plaque, with the praying hands, entwined wedding bands, her parents' names

and their wedding date, engraved on it. Mrs. Smith chose a floor length blue gown for the occasion and with it she wore her pearls given to her by her husband on their wedding day.

The hall was very tastefully decorated with streamers, wedding bells, silver 25s and beautiful arrangements of summer flowers.

The party was hosted by the families of the happy couple assisted by Mr. and Mrs. D. Drew and other friends.

The guest book was in charge of Donna Smith, Scott Lowd and Craig Drew.

Klinck-Spauling united in marriage

A very pretty summer wedding took place in the Huntingville Community Church on Saturday, August 2, 1975 at 11 a.m. when Sandra Lillian Jane, only daughter of Mr. and Mrs. Clifford Spaulding, became the bride of William John Klinck, son of Dr. and Mrs. W.J. Klinck of Lennoxville. Summer flowers were used to decorate the church and white satin bows were used to mark the guest pews.

Mr. Robert Seale officiated at the double ring ceremony assisted by Mr. H.A. Welch, uncle of the groom. Mrs. Gerald Heeney of Ingersoll, Ont., cousin of the groom, was organist and played a medley of hymns chosen by the bride. Mr. David Heath, a friend of the bride and groom as soloist, sang the "Lord's Prayer" during the ceremony and "Amazing Grace" during the signing of the Register.

The bride, who was given in marriage by her father, was wearing a white princess-style dress of polyester and nylon sheer with a softly ruffled edged train, a stand-up collar and short cape sleeves. She wore a white hat with a ripple brim and a short gathered veil. She carried a colonial bouquet of pink sweetheart roses and daisies with baby's breath and pink streamers.

Miss Kimberly Spaulding, cousin of the bride, of

Brownsville, Ont., as maid-of-honor, wore a dress of pink polyester with small blue flowers styled on the same lines as the bride. She wore a white picture hat and carried a nosegay of pink carnations and baby's breath. Little Alison Krentel, niece of the groom, was flower girl and wore a matching dress and bonnet of pale pink dotted swiss and carried a basket of carnations.

Master Randy Spaulding, nephew of the bride was the ring bearer and carried the rings on a white satin pillow.

Mr. Stephen Klinck, brother of the groom, was the best man and the ushers were Mr. Howard Spaulding and Mr. Donald Spaulding, brothers of the bride and Mr. Charles Cowhard and Mr. Michael O'Donnell, friends of the bride and groom.

Mrs. Clifford Spaulding, mother of the bride, was wearing a floor length dress of pink polyester with a matching coat in a sheer floral pattern. Her corsage was a white cymbidien orchid.

Mrs. W.J. Klinck, mother of the groom, wore a floor-length dress of turquoise polyester with a matching sheer cape. She was wearing a pale pink cymbidien orchid.

Following the wedding ceremony, the bridal party

visited in the Grace Christian Home.

The wedding reception was held in St. Andrew's Presbyterian Church, Frontenac St., Sherbrooke where a buffet lunch was served by St. Andrew's Guild.

The bride's table was centred with a floral centerpiece of pink and white flowers and white candles. The tables for the guests were decorated with miniature roses and baby's breath and pink candles. The wedding cake was on a small round table with an heirloom cloth. This was made by the bride's mother and decorated by Mrs. Allan Goodfellow. It was decorated in white with a winding staircase of pink rosebuds and small white candles which were lit prior to the cake cutting ceremony. The cake was topped with a miniature bride and groom under a tiny wedding bell.

Mrs. Donald Spaulding and Master Steven Spaulding were in charge of the guest book.

Mr. Robert Seale was asked to say grace prior to the luncheon.

Mr. Lynn Taylor was Master of Ceremonies and read several messages of congratulations. Mr. A.H. Banks, uncle of the bride, proposed the toast to the bride, to which the groom responded.

Mr. Stephen Klinck proposed a toast to the maid-of-honor. Mr. Donald Spaulding proposed a toast to the parents of the bride and groom.

Following the luncheon Mr. Scott Lowd, cousin of the bride, accompanied by Murray Ward, played several violin selections.

For travelling the bride wore a peasant style dress of floral cotton with a white bodice and long sleeves. She wore a corsage of dried flowers. Following a brief honeymoon in Vermont, Mr. and Mrs. Klinck left for Vancouver, B.C. where they will both be attending university.

Among those who entertained for the bride prior to the wedding were Mrs. A.H. Banks at a kitchen shower, Miss Doris Banfill and Mrs. Gerald Lowd at a miscellaneous shower. Mrs. D. Spaulding at a miscellaneous shower and there was also a community shower in the Huntingville Church. Mrs. C. Spaulding, mother of the bride, entertained at a trousseau tea on July 23.

Following the wedding rehearsal Dr. and Mrs. A.C. Hill, aunt and uncle of the groom, entertained the wedding party at their home in Sherbrooke.

Ann Landers says:

An embarrassment of riches

Dear Ann Landers: I'm a girl in my early teens. This is not an easy letter to write. Every now and then somebody complains about being flat as a board. When they ask about exercises or creams to enlarge their bustlines I get green with envy. Don't the "Flat Florences" of this world know they can buy padded bras?

What help is there for us "Busty Barbaras"? I'm only 16, weigh 110 lbs. and already I'm a 40-D cup. Normally I would wear a size 10 dress, but I must buy

a 12 because anything smaller is too tight across the bust.

My shoulders are always sore from the bra straps digging in. It's too heavy a load for those one-inch straps. Please help me — and others who are — **Over-Endowed**

Dear O.E.: An embarrassment of riches, one might say — but fret not. You can be helped. Please note: This advice is NOT for women who are simply full-busted. It's for those who have a tremendous excess. Plastic surgery can relieve you of the burden. But 16 is quite young for this operation. Check with two good doctors, then get a third opinion to be on the safe side.

Dear Ann Landers: We bought a turtle from a pet store last week for our son, age 7. Bill had been wanting a turtle for a year but we wanted to make sure he was old enough to take care of it properly.

The man who sold us

"Blue Eyes" said he could eat anything and suggested we keep him in a cool place.

At 7:00 this morning Billy came racing into our bedroom screaming, "Blue Eyes is dead."

We rushed the turtle to the small-animal hospital. He wasn't dead but he had a bad case of pneumonia. We were told turtles should be kept in temperatures between 75 and 80 degrees. "Blue Eyes" died that afternoon.

Tell your readers that just because a person works in a pet store doesn't mean he knows much about animals. The man who sold us the turtle was obviously a nincompoop.

All libraries have excellent information on how to care for pets. Warn your readers not to take the word of employees, but to read up on the subject themselves. — **Learned the Hard Way**

Dear Learned: Thanks for the tip-off. I hope you returned to the pet store and gave the nincompoop a good what-for to listen to.

Dear Ann Landers: It's amazing how many people think real estate agents draw a salary, drive company cars with paid-for gas and make a load of money. The truth is, we are self-employed and work strictly on commission.

First we must study for the Real Estate Board, pass tests, buy our own licenses and pay fees to local, state and national boards so we can legally act as real estate agents.

You wouldn't believe the dirty tricks people play to get us out of our commissions. It's maddening to spend hours with prospects, show them house after house, drive their friends and relatives back time after time to see the places, and then discover we've been cut out altogether.

A word from you would help educate the public. Thanks, friend. — **Tired and Mad**

Dear T and M: You don't need a word from me. You said it loud and clear. I hope your letter helps the hard-working agents get a better shake.

61st Anniversary

MANSONVILLE — Mr. and Mrs. C.R. Tinker celebrated their 61st wedding anniversary in their home on August 19 with some

of their family coming from North Troy, Vt.

Congratulations are extended to this lovely couple.

Bridal Shower

STANSTEAD — Miss Wendy Winter of Stanstead was the surprised guest of honor at a shower honoring her forthcoming marriage to Andre Boutin of Island Pond, held on Wednesday evening, August 20 in the Beige Room of the Royal Canadian Legion Home, Stanstead.

Wendy arrived with her future sister-in-law, Mrs. Monique Belley and was, upon entering the hall, presented with a corsage of small kitchen items against a holder background, made by Mrs. Steve Slack. Wendy was escorted to a chair placed between her mother, Mrs. Lawrence Winter and her future mother-in-law, Mrs. Alexander Boutin, the latter of Island Pond. Both were presented with corsages of flowers, made by Mrs. Richard Wallace. The decor was carried out in marine blue and gold with garlands from a marine blue table cover, piled with gifts that overflowed to the floor. An inverted umbrella was over Wendy's chair.

The gifts were opened to reveal a wide selection of beautiful and useful items for their new home in Beebe

including linens, electrical items, kitchen ware and many others. After all had been circulated among the 70 guests attending, Wendy voiced her thanks for everything. There were several gifts from friends unable to attend.

From the ribbons and bows, Mrs. Rita Rivers of Island Pond, a sister of the prospective groom, made a chapeau which was later placed on Wendy's head and several pictures of her wearing it were taken.

The hostesses Mrs. Richard Wallace, Mrs. Floyd Young, Mrs. Arthur Langevin, Mrs. Stephen Slack, Mrs. Frances Sisco, assisted by others, served buffet refreshments. The shower cake, made and decorated by Mrs. Horace Doyon was round, iced in white with garlands of daisies and daisies encircling the base, while on top were roses, daisies and a tiny bride standing in front of a lacy plastic umbrella with a wedding bell base.

Guests attended from Island Pond, Ayer's Cliff and Boundary communities.

RIGHT IN style for back-to-school are patchwork print dresses. Little sister (left) wears a puffed sleeve apron dress by Don's Korner and big sister's version has rick-rack trim and patched-up pockets styled by Ruth of Carolina. Both dresses are printed broadcloth of cotton and Avril rayon.

Astro-Graph

Bernice Bede Osol

For Saturday, Aug. 30, 1975

ARIES (March 21-April 19) This is one of those days when you'll be far more adept at handling larger issues than smaller ones. Think big.

TAURUS (April 20-May 20) You will benefit today from a confidential arrangement well-screened from persons not directly involved.

GEMINI (May 21-June 20) Yesterday you couldn't rely upon friends to back you. Today, your influence with your peer group is very strong.

CANCER (June 21-July 22) One who is important to something you're involved in will be looking out for your welfare today. Relax. The bases are covered.

LEO (July 23-Aug. 23) A friend has some valuable information for you today. However, when you first hear it you won't fully appreciate its worth.

VIRGO (Aug. 23-Sept. 22) Today will work out very advantageously for you, materially and reputationwise. Luck is acting for you behind the scenes.

LIBRA (Sept. 23-Oct. 23) Something worthwhile is to be gained today from an enterprise you'll share with a cohort. Just be sure your aims are synchronized.

SCORPIO (Oct. 24-Nov. 22) Your hardness can save you a fair piece of change today. You'll salvage something others might have thrown away.

SAGITTARIUS (Nov. 23-Dec. 21) You're lucky today through persons with whom you share a close one-to-one relationship, especially in your social life.

CAPRICORN (Dec. 22-Jan. 19) Help will arrive in the nick of time, so don't fret. You won't be stuck with a chore you weren't looking forward to doing alone.

AQUARIUS (Jan. 20-Feb. 19) You'll be in a very sociable frame of mind today, especially toward evening. Bright lights, music and activity will be your cup of tea.

PISCES (Feb. 20-March 20) You're going to dig into your purse today for something for the family. The money will bring pleasure to all.

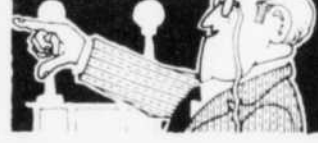

Your Birthday
 Aug. 30, 1975

Your career prospects are extremely promising this coming year. A rise in position is likely to be accompanied by many important fringe benefits. (NEWSPAPER ENTERPRISE ASSN.)

Barbs

By PHIL PASTORET
 Go bankrupt and watch the vultures gather, bankrupt a railroad and they'll buy you a new one.

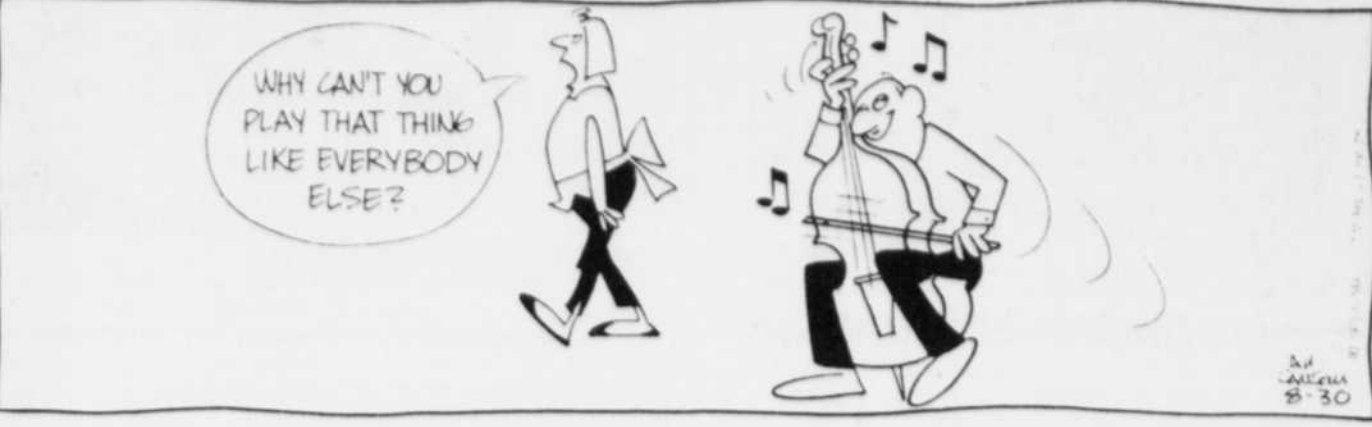

The guy who says only Martinis make him drunk just drinks less of anything else.

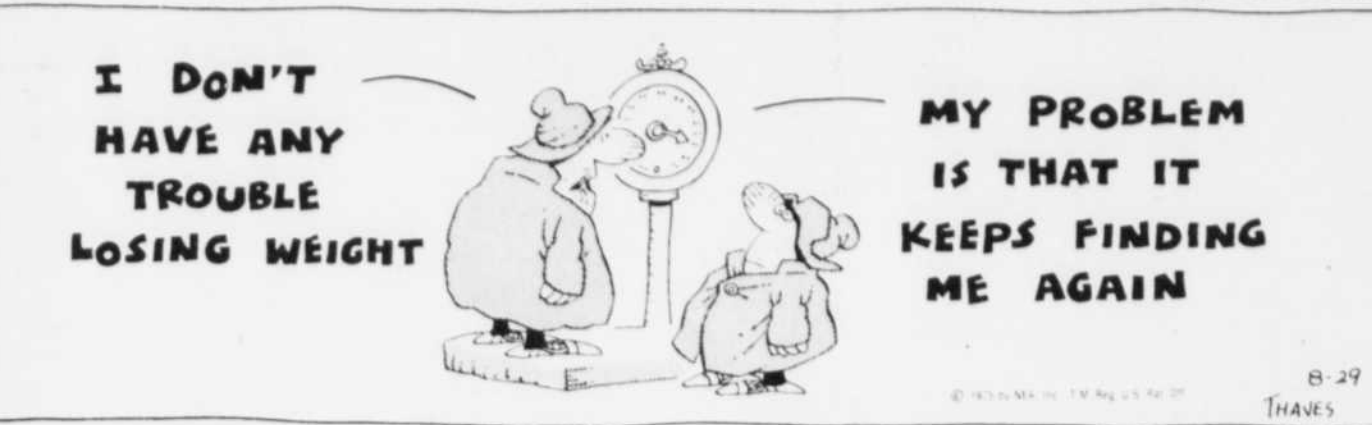

Lawyers who practice before the bar are apt to go farther than those who practice after the bar.

Earth Heat
 Geothermal energy literally means "earth-heat" energy, and geothermal areas are those areas where the heat is great enough and close enough to the surface to provide a heat source. In addition, the heat source must be in or near an area of permeable rocks which contain enough water to transfer the heat to the surface — either along fractures or through drill holes.

Passport
 Passport derives from two French words: "passer," to pass, and "port," meaning a harbor. Originally granting permission to enter a nation's ports, the documents were issued to ships as well as to people. The earliest passports were "letters of transit" written by rulers or other authorities to identify prominent individuals who carried them. The letters requested that their bearers be assured safe passage and courteous treatment. They were a convenience when traveling, not a requirement.

Jacoby's bridge

Vienna Coup punishes double

equally obvious that the way to squeeze him out of another trick was by means of a Vienna coup. So at the next trick, South established the Vienna coup situation by cashing his ace of clubs. This set up West's king as the high card in the suit — Oswald — Then South ran off all of dummy's spades while discarding down to the ace-queen of diamonds in his hand. Dummy's last two cards were a low diamond and the jack of clubs. Jim West couldn't throw his king of clubs. He had to unguard his king of diamonds and the ace-queen of diamonds took the last two tricks.

ASK THE JACOBY'S

What if anything is your opening bid with ♠ J x x x ♥ A K x ♦ K x x x x ♣ ?

The first part of our answer is that we definitely open. We have 15 high-card points, which is exactly one ace and jack above the average hand. When you pass that much in high cards you are playing losing bridge. Our choice to open is one diamond, but we would not criticize a club opening. We would really criticize a spade or notrump call.

— Do you have a question for the Jacobys? Write "Ask the Jacobys" care of this newspaper. The most interesting questions will be used in this column and writers will receive copies of JACOBY MODERN.

A CAREER IN REAL ESTATE

Superior Revenues — Freedom of Action — Personal Satisfaction and Enrichment —

Memorial service held at renovated cemetery

ASCOT CORNER — An impressive memorial service was held Sunday afternoon, August 17th, at the Ascot Corner Protestant Cemetery.

The president of the Association, Charles Rolfe, opened the service by introducing the clergymen who officiated.

Rev. G. Lokhorst of East Angus was in charge. He was assisted by Rev. Canon J. Franklin of Sherbrooke.

Rev. Father Fernand Pouliot of Ascot Corner, who spoke in French, and Rev. D. Fearon, of Sudbury, Ont.

The cemetery was nicely decorated with numerous baskets of flowers and wreaths, placed there in memory of loved ones.

Sixty people were in attendance from the local area, and some were present from as far away as Florida, New Hampshire, Vermont, Ontario and Montreal, Que.

service as the cemetery has been renovated in the past year.

Rev. G. Lokhorst spoke of the tremendous work accomplished by a few dedicated men, and the generous support of others, which made the project so successful.

After the service, old friends and relatives gathered in groups for a great get-together in both languages.

Church marks anniversary with singalong gathering

MANSONVILLE (MB) — The Special 50th Anniversary Banner greeted over 40 who attended the United Church Bon Fire and Singalong, held recently in the Brown gravel pit situated between Mansonville and Vale Perkins. Due to the very dry weather conditions of late, the torrential downpour two hours before

and leader's choice. The sing-along was led by Mrs. Edith McLean and Bruce Nichols played the clarinet. Two favorites, Jesus Loves Me and Jewels, were sung in "rounds." Guest vocalists for the evening were Mr. and Mrs. Alan Aiken and their sons, Gregory and Matthew, of North Troy, Vt. and Bevann Skarratt of Montreal.

Earlier in the day, Mrs. Brown, in her 82nd year, phoned her best wishes for the event and continued good works of the United Church, at which she had been an organist for many years.

Acknowledgements were made of the oldest participant, Hazel Jones (85), the youngest, Matthew Aiken (six); the farthest traveller, Kathleen Masse of Essex Junction, Bevan Skarratt of Montreal, and a further acknowledgement was made to Mrs. Margaret Brown, whose childhood was spent on this homestead at the site of the Bon Fire. Birthday greetings were sung to Ron Coughlin, the United Church minister who welcomed all and bade God-speed at the conclusion. The hymn book, Old Favorites, was presented to Edith McLean, "Our Aaron of the Evening."

The L.H. and M.M. Jewetts who had arranged the event, felt heartily thanked, when each who had signed the guest list, stressed the enjoyment and fellowship of the evening and this milestone of the United Church of Canada 50th Anniversary activities.

The Church

The event set everyone's mind at ease as the huge Bon Fire was torch-lighted by Mrs. Levi Masse of Essex Junction, Vt., in honor of her mother, Mrs. Ray (Dorothy) Brown of New Westminster, B.C., and all members of the community 80 years and older.

All hymns sung by the gathering were taken from copies of the hymn book, "Old Favorites", used 50 years ago at the Vale Perkins No. 6 School House where church services and Union Sunday School were held. Selections were announced by charades, games

A pool surrounded by evergreens and cat-tails represented "The Sea of Galilee" and was the setting for a special children's hymn, A Little Ship was on the Sea, telling the Biblical story of Christ calming the raging waters. The backdrop was a huge rug of a sailing ship at sea, made some years ago by the late Avis Jewett. At the close of the hymn-story, the young and young-at-heart launched little sailboats especially made for the evening, each flying 50th Anniversary emblems with lighted candles at the stern.

Chaplain officiated. Cremation followed and the remains will be interred in the family plot in Crystal Lake Cemetery.

There were several floral pieces and many contributions to the Sherbrooke Hospital Memorial Fund given in his name by relatives, comrades and friends and co-workers of the Canadian Customs and Immigration.

Mr. Heald is survived by his wife, Helen, their three children, Gary of Vancouver, B.C., Patricia of Sherbrooke and Billy of Vancouver, B.C., also a sister, Mrs. Mary Meigs of Montreal.

To attend the funeral with Mrs. Heald were Patricia and Billy, Mrs. Meigs, Mr. and Mrs. James Yule, of Ottawa, (Mrs. Heald's sister); Stuart McDermid, Huntingdon (a brother-in-law of the deceased); and nephews, Howard Deacon, Lennoxville, James Meigs and Mrs. Meigs and son Danny of Coaticook and others from many points and the Boundary Communities.

Mr. Heald was Patricia and Billy, Mrs. Meigs, Mr. and Mrs. James Yule, of Ottawa, (Mrs. Heald's sister); Stuart McDermid, Huntingdon (a brother-in-law of the deceased); and nephews, Howard Deacon, Lennoxville, James Meigs and Mrs. Meigs and son Danny of Coaticook and others from many points and the Boundary Communities.

Obituaries

was honorably discharged and returned to Huntingdon. In 1954 he entered the employment of the Government as an Immigration officer at Blackpool, Que., and a year later was transferred to Rock Island Port.

Jack was a dedicated worker of the Royal Canadian Legion which he joined at Huntingdon in 1946 and was later transferred to Stanstead Frontier Branch No. 5. He had served as president of the Huntingdon and of the Stanstead Branch and as Commander for St. Francis District. He was a leader and under his supervision July 1 celebrations were held here.

Mr. and Mrs. Gilbert Wintle and family were weekend guests of Mr. Wintle's brother, Mr. Norman Wintle and Mrs. Wintle in Ayer's Cliff. They were accompanied back by their nieces the Misses Diane and Susan Wintle, while their daughters, Melanie and Gayle remained in Ayer's Cliff for a few days.

Mrs. Stearns Morrison was an overnight guest of her grandson, Mr. Jay Morrison and Mrs. Morrison in Brossard, en route to Alexander Bay, N.Y., where she will be visiting Mr. and Mrs. R. Brown. Mrs. Stanley MacDonald, Mrs. Brown's mother, of Kingston, Ont., will also be a guest at the same home.

Mr. and Mrs. Artie Beaton of Lennoxville, accompanied by the Misses Wanda and Liana Sanifort, of Brantford, Ont., were visiting Mr. and Mrs. Byron Beaton at their home on North Hill.

Guests of Mr. and Mrs. Sydney Wintle were Mrs. O. Loubier, Mr. Oscar Wintle and Mrs. C. Foster of St. George de Beauce.

Others visiting at the Wintle home were Mr. and Mrs. Ernest Wintle and family of Ayer's Cliff and Mr. and Mrs. Donald Melver of Sherbrooke.

Sherbrooke Royals down Ste. Foy to win junior soccer title as Beaconsfield wins Kiwanis Cup

Sherbrooke soccer teams came through the Provincial Tournament held in Sherbrooke over the weekend by winning one and losing the other in the finals.

Yves Bouchard paced the Sherbrooke Juniors to a 3-1 win over Ste. Foy club with two goals. In the Atom section, played at St. Alphonse Park, Beaconsfield A.C. eked out a close 3-2 decision over the Sherbrooke Royals to win the Kiwanis Cup.

Christian Beauchemin played a big part in his team's victory helping to set up two goals within a minute and this was sufficient to settle the outcome. Jacques Desruisseaux also set up Buffard and a minute later Normand Bergeron put Buffard in the clear and the Sherbrooke Club went ahead.

Ste. Foy tried their best to beat the local crew of defensemen but to no avail. Michael Charest, Claude Labrie, Mario Evangelho, Camille Gilbert and Pierre Guimond held their ground and kept the visitors at bay.

Rain fell during the second half but this didn't bother the players. Finally after 63 minutes of play Ste. Foy managed to get on the score sheet. Pierre Scallon managed to head-one into the net but that was all.

TRACK IMPROVED
 WATKINS GLEN, N.Y. (AP) — Nearly \$75,000 in improvements at the Watkins Glen Grand Prix racing track are almost completed, it was announced Wednesday. The track will be the scene of the United States Grand Prix for Formula I cars Oct. 5.

Orr negotiations continue

NHL approves sale of Boston Bruins to Sportsystems Inc.

TORONTO (CP) — The National Hockey League's board of governors approved Thursday the sale of Boston Bruins to a new group of owners, continuing the negotiations to keep superstar defenceman Bobby Orr from jumping to Minnesota Fighting Saints of the World Hockey Association.

The board of governors officially accepted the sale of the Bruins and Boston Garden by Storer Broadcasting Corp., to Sportsystems Inc., a multi-faceted international firm based in Buffalo, N.Y.

Storer made the announcement of the sale from Miami Beach, Fla., earlier in the day. Sportsystems is controlled by the Jacobs brothers, Jeremy, Max and Lawrence.

The Jacobs said they now will try to renegotiate a contract with Orr's lawyer and agent, Alan Eagleson. On Wednesday, Eagleson said that the Bruins' final contract offer—thought to be \$350,000 a year for seven years—had been turned down and that unless the

Bruins were sold, Orr would sign with Minnesota for a reported \$6.5 million, including a \$1.5-million signing bonus. **SEEK EARLY ACCORD**

Eagleson said the matter has to be resolved by midnight of Sept. 15. The Bruins training camp opens the next day and Orr has asked Eagleson to settle the matter before then.

"I don't expect the new owners to match the Minnesota offer, but the offer will have to be substantially more than the final Storer offer," Eagleson said. "I think we're looking at a 10-year deal pre-paid so we can invest the entire thing."

Jeremy Jacobs said he doesn't plan any immediate changes in the Bruins' non-playing personnel, but has contemplated building a new arena to replace the Boston Garden.

Sportsystems Inc. is a subsidiary of Emprise Corp. of Buffalo, a family-owned business that has 16 subsidiaries in 39 states and employs 6,000 salesmen. Emprise also owns Dominion Sportservice of

This weekend

Sherbrooke holding provincial amateur baseball championships

SHERBROOKE — Host city Sherbrooke will be represented by a bantam 'A' minor baseball club in this weekend's Quebec amateur championships.

Some 32 teams in mosquito, pee-wee, bantam and midget classes will play this weekend at one of three Sherbrooke parks, while another 10 or so will play on Sept. 5-7 the junior and senior categories. Parks to be used are the Amedee Roy Stadium, St. Alphonse and the Parade Grounds.

Championship president Rene Pepin said city council was very helpful in granting an appreciable amount of money to help host the finals, as well as members of the Sherbrooke Recreation Service.

More than 100 people have given their time voluntarily to assist local organizers, along with 40 others who are working on committees.

The Sherbrooke bantam 'A' team will oppose St. Sacrement at 6:30 p.m. tonight at Amedee Roy Stadium in the opening game of the Quebec Amateur Baseball Championships. Competitions will continue throughout the weekend at the parks, with Sunday morning at 8 a.m. being the starting time for one of the final matches.

Connors wins in first round

FOREST HILLS, N.Y. (AP) — Jimmy Connors opened defence of his men's title in the United States Open tennis championships with a centre court victory Thursday.

The world's No. 1 ranked player zeroed in on Geoff Masters of Australia, winning 6-3, 6-3.

At one stage, leading 3-0 in the second set, Connors blew three successive games.

"It didn't bother me," he said. "I just decided to concentrate twice as hard. Points don't come cheaply on this new clay surface."

The top-ranked Connors was joined in the second round by Argentina's Guillermo Vilas, No. 2; Manuel Orantes of Spain, No. 3; Sweden's Bjorn Borg, No. 5; and the veteran Rod Laver, No. 9.

57 minutes to dispose of Sandy Mayer of Wayne, N.J., also 6-2, 6-2.

In women's play, Marina Kroshina of the Soviet Union ousted Rosemary Casals of San Francisco 6-4, 6-2. Evonne Goolagong defeated Peggy Michel of Pacific Palisades, Calif., 6-0, 6-0.

Martina Navratilova of Czechoslovakia, No. 3, beat Sue Mappin of Britain 6-3, 6-3. Francoise Durr of France upheld her No. 7 seeding with a 6-1, 6-1 triumph over Renata Tomanova of Czechoslovakia.

In another opening-round match, Chris Evert crushed Lesley Hunt of Australia 6-1, 6-0.

Miss Evert extended her claycourt winning streak to 76 matches, covering 15 tournament successes. She last lost a match on clay in August, 1973.

Charges filed over Ellis' suspension

PITTSBURGH (AP) — The Major League Baseball Players' Association has filed charges with the

national labor relations board over Pittsburgh Pirates' suspension of pitcher Dock Ellis.

Expos beat Padres 10-8

SAN DIEGO (AP) — Tim Lincecum's tie-breaking single highlighted a three-run sixth inning Thursday that carried Montreal Expos to a 10-8 National League victory over San Diego Padres.

The Expos spotted San Diego's ace left-hander, Randy Jones, a 7-2 lead through four innings, then pounced on him for four runs in the fifth and chased him in the sixth, tagging him with his eighth loss against 17 victories.

Bob Bailey's sacrifice fly tied it 7-7 in the sixth, then Foli and Gary Carter followed with run-scoring singles. Reliever Bill Greif walked home Montreal's final run in the seventh.

Montreal scored two runs in the second on Nate Colbert's fourth homer of the year, but the Padres got one back in the bottom of the

inning on Fred Kendall's RBI double, then tied it in the third on Willie McCovey's double and Dave Winfield's single.

San Diego erupted for five runs in the fourth, three of them on McCovey's 15th homer. Jose Morales, Carter and Larry Parrish had RBI singles in the four-run fifth that began Montreal's comeback.

Marvin Miller, director of the association, said Murtaugh originally gave permission to player representative Jim Rooker to hold the session.

It was expected Ellis would use the meeting to apologize to Murtaugh and the team for refusing to pitch in relief. While the Pirates haven't disclosed what Ellis said, Murtaugh has said he was personally criticized and that Ellis used curse words.

Maple King to be chosen

By MARIA BRAY (Record Correspondent)

MANSONVILLE — Fall County Fairs by first or second prize winners. The list (taken from the 1971-74 Premium List) of Maple Kings since 1950 is as follows: 1950 - Mr. O.A. Fowler, Kingsbury (Richmond); 1952 - Mr. Roy F. Harrison, Bury (Compton); 1954 - Mr. Albani Cousineau, St. Scholastique (Deux Montagnes); 1956 - Mr. C.N. Curtis, Hatley (Stanstead); 1958 - Mr. J. Emile Plante, Lac Bowker (Shefford); 1959 - Mr. Fernand Plante, Bonsecours (Shefford); 1960 - Mr. Alcide Garrow, Roxton Pond (Shefford); 1961 - Mr. Albert Dumas, St. Michel (Bellechasse); 1962-65-69 - Mr. Roland A. B. Owen, Hatley (Stanstead); 1963 -

Mr. Onesime Napert, St. Sylvestre (Lotbiniere); 1964 - Mrs. G.P. Gagnon, St. Justin (Maskinonge); 1966-67-68-70 - Mr. Joseph G. MacKay, Marbleton (Wolfe); 1971 - Mr. L.H. Jewett, Mansonville (Brome); 1972 - Mr. Gerard Napert, St. Sylvestre (Lotbiniere); 1973 - Mr. Clifford Curtis, Hatley (Stanstead); 1974 - Mr. L.H. Jewett, Mansonville (Brome).

One must appreciate the work and enthusiasm that must be exercised to make the Maple Exhibitions such a huge success as it normally has been at the Big Brome Fair — in both Agricultural and Horticultural Buildings. Early springtime is the starting point for maple producers, and although each sugar bush works much the same as every other, bush methods do vary. For instance, when there is a lull in "gathering activities", replacing the wood supply is a chore. At best, it is a tiring job, but with the aid of a "splitter" assembled by Conrad, eldest son of the L.H. Jewetts, the job has been much more interesting at Hill Haven. Friends and relatives from far and near have made the trek to the bush to see that splitter in action. Questions are answered by these congenial folk, and cameras record, so

it is expected to hear of more such splitters in the near future. Hill Haven Sugar Bush has been one of seven in Southern Quebec and Maine to have been under governmental experimentation for the past three years. Inspectors and technicians have made extensive study of soil, foliage, sap and syrup in the process of setting up new norms for the unique industry. Quite possibly, altitude plays a role in the grades of syrup. One Ontario technician humorously accredited the light grade at Hill Haven, to it being made up in the clouds. A forthcoming report will be made on the above research.

It is interesting to note that Brome County has made a substantial impression in the Maple Industry and at all levels of Fairs and Exhibitions.

Plow Match — This year the Provincial Plowing Match will be held at the Lennoxville Experimental

Farm. Activities at last year's event are seen above in St. Hyacinthe.

Plow match to be held in Lennoxville

LENNOXVILLE — Farmers will have a chance to observe and ask questions about the latest in farm equipment at the 21st Provincial Plowing Match at the Agricultural Research Station in Lennoxville, September 16, 17 and 18.

The Research Station will hold an open house during

the competition and will present farm displays and demonstrations. Commercial farm equipment exhibitors will present actual field demonstrations of their latest equipment lines.

A special ladies' program has been prepared by the Quebec Ministry of

Agriculture. This year's competition will include the five regular classes of Utility, Visitor, Intercollegiate, Junior Provincial and Senior Provincial. The local Sherbrooke Plowmen's Association will also hold its 96th local contest. All events begin at 9:30

a.m. and last through the day. The competition will end Friday with the awarding of the Quebec Champion and Reserve Champion who will represent Quebec at the Canadian Plowing Match which will be held at MacDonald College in 1976.

SPLITTER — A wood splitter is seen above in operation by Charlie, Conrad and Leverett Jewett, seen from left to right. It finds much use during maple sugaring.

Pet show held at fair

AYER'S CLIFF (IH) — There was a great deal of interest by youngsters in a pet show held for the first time at Ayer's Cliff Fair this year. This was in charge of a committee composed of Mrs. David Macdivitt, Miss Ruth Greer and Mrs. Alex Casgrain assisted by members of the SPCA.

Friday afternoon, children's day, youngsters came on the grandstand with their pet dogs, cats or rabbits and these were judged by Mr. and Mrs. O'Donnell of Quebec City with trophies and ribbons given the winners.

The winners were as follows: Class 1, Dogs Mixed breeds, Puppies, age 6 to 12 months: Molly owned by Cathy Little; 2, Smiley by Sheri Campbell.

Sec. 2, Dogs, 12 mths. and over: 1, Barney by Allen Cass; 2, Elsa, Kathy Cass; 3, Chum by Brian Dumoulin. Sec. 3, Purebred puppies: 6 to 12 mos., Scoyt, Penny Mosher; 2, Cyclops, Troy Dumoulin; 3, Amy, Dorothy Babbin; 4, Scotty, Billy McComb.

Sec. 4, Dogs, 12 mos. and over: 1, Pebbles, Robyn Keeble; 2, Fifi, Susie Goddard; 3, Lisa, Kathy Cass; 4, Sophia, Tracy Keeble.

Sec. 5: Best trained dog or puppy: Elsa, Kathy Cass. CLASS 2: CATS

Sec. 1, Kittens, six to 12 mos.: 1, Benji, Sheri Campbell; 2, Flossie, Sandy Campbell.

Sec. 2, 12 mos. and over: 1, Buttons, Lisa Morrison; 2, Sousi, Terri Keeble; 3, Lefty, Lisa Morrison; 4, Pepper Jack, Kathy Cass.

CLASS 3: RABBITS Sec. 1, 6 to 12 mos.: 1, Walter, Todd Mosher; 2, Ann, Casey Mosher. Sec. 2, 12 mos. and over: 1, Midnight, John Cote; 2, Whitey, Susan Cunningham; 3, Downey, Marc Cote.

Best cat handler: Sheri Campbell with Benji; Best dog handler: Allen Cass with Barney; Best rabbit handler: Marc Cote with Downey.

After the pet show there were foot races and the winners were:

Under six: 1, Tina Smith; 2, Leandre St-Onge.

Boys under 6 years: 1, Billy McComb; 2, Pierre Benoit and tied for third place, Brian Martin and Andrew Bradley.

6 to 8 years: 1, Camille Roy; 2, Claudine Benoit; 3, Glen Dezan.

8 to 10 boys: 1, Renald Viens; 2, Scott Baldwin; 3, John Cowling; 4, Billy Fisher

Livestock Market

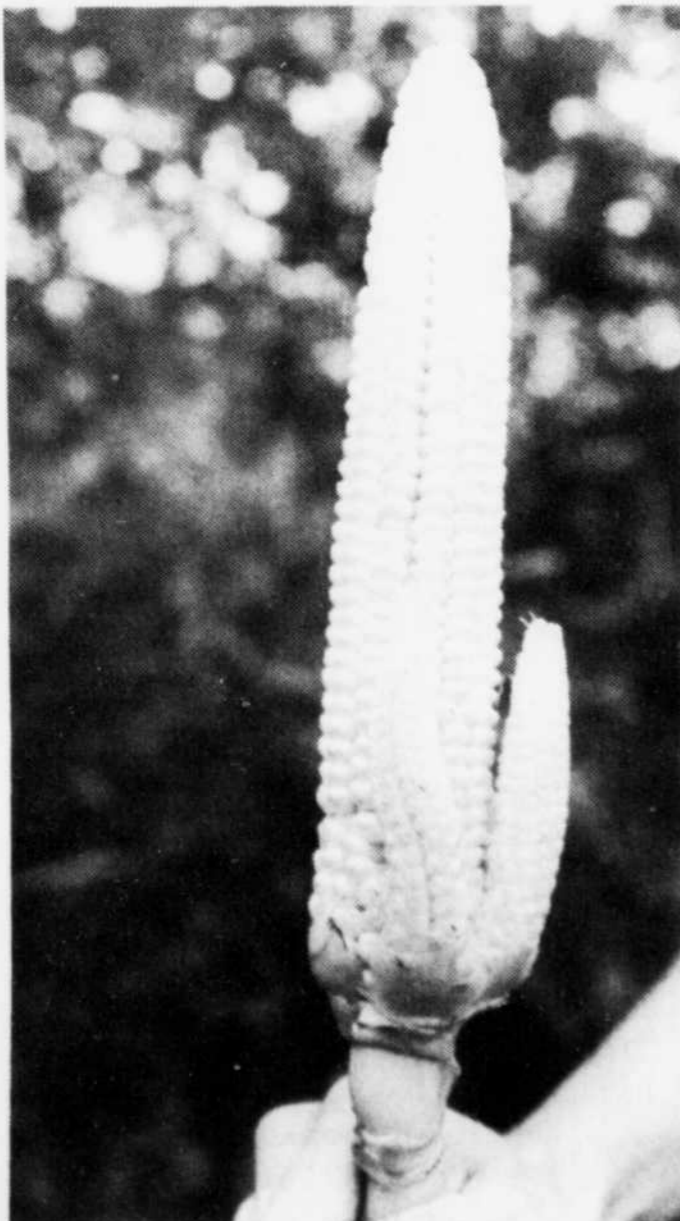

Receipts Tuesday at the Montreal Livestock Market totalled 215 head of cattle and 256 calves. Cattle receipts were inferior to those of last Tuesday, and were composed mainly of dairy calves of diverse quality. The market was active and the demand, good. Steers, heifers and bulls carried stable prices while cows earned 50 cents less per hundredweight compared to Monday's market. Too few steers were received to establish a price.

Calf receipts were greater than those of last Tuesday and were generally of common and medium quality. After a good demand the market was moderately active. Good calves gained more or less stable prices, whereas common and medium quality calves earned a price varying from \$3.00 to \$5.00 less compared to last week. Replacement calf prices remained stable.

Prices are as follows: Commercial heifers: \$24.75 to \$29.50; Cows, D-1, D-2: \$20 to \$23; D-3: \$17.50 to \$19.75; D-4: \$12 to \$17.25; heifers: \$18.50 to \$27.

Good dairy calves: \$41.50 to \$54.50; medium: \$31 to \$41; common: \$15 to \$30.75; replacement calves: \$26.50 to \$40.

The price of pork in Ontario Monday was \$84.40 compared to last week's price per hundredweight of \$81.23.

DOUBLE-PRONGED CORN — An unusual cob of corn was discovered by Mr. and Mrs. Real Laroche of Richmond in their vegetable garden. Besides the usual cob, two tiny cobs are growing from the same.
