## THE EMPRESS CAPTURED ?

### News Agency Hears That She is a Prisoner in the Hands of the Russians at Johol.

## THE PEACE NEGOTIATIONS.

### Does Not Seem Certain That They Will be Fruitful—Minister in London Lacks Power—Italy Takes Steps—Japan Would Withdraw From Pekin But Hold Troops in Readiness to Return.

London, Sept. 11.—(Special)—A news agency despatch says the Empress Dowager has been captured by the Russians at Johol.

London, Sept. 11.—(Special)—It is stated on good authority that the Chinese minister here has not adequate power to negotiate for peace. The prospects for a settlement of the Eastern difficulties do not seem bright.

Rome, Sept. 11.—(Special)—The Italian Cabinet has decided to initiate immediate peace negotiations with China.

Yokohama, Sept. 11.—(Special)—Japan will withdraw her troops from Pekin, but hold them ready to return to China if necessary.

Washington, Sept. 11.—(Special)—American troops when leaving China will be ordered to prepare for an order at any time to return to the far East. This is taken to mean that diplomacy may fail to achieve the desired result.

London, Sept. 11.—(Special)—Dr. Morrison, the Pekin correspondent of the Times, writing August 31, confirms the report of the treachery of the Chinese Government, and the issuing of Imperial decrees ordering the extermination of foreigners.

"The Imperial troops," he says, "marched the British legation, and probably on another day there would have been a terrible explosion.

A similar mine made by the Chinese Imperial troops exploded in the Pao Tang Cathedral, and engulfed 200 native Christians.

"The Shanghai correspondent of the Times, writing Sept. 9, says:

"The Chinese minister at St. Petersburg has telegraphed to Li Hung Chang that the proposal to evacuate Pekin presupposes that satisfactory assurances will be given of the return of the Imperial court to the capital at once. A later message urges Earl Li to endeavor earnestly to bring the powers to agree to evacuate, since if Russia is to reconsider her decision, a loss of prestige is inevitable. Li Hung Chang has memorialized the throne urging the immediate return of the court to Pekin."

JAPAN IS WILLING.

London, Sept. 11.—(Special)—The Tokyo correspondent of the Times, writing Sept. 8th, says:

"Japan has replied that she will not object to the withdrawal of her army from Pekin, and the other measures recommended by the concert of powers, and since her geographical position enables the prompt addition of necessary military measures, she is willing to withdraw her troops."

Secretaries of State of the various countries, or consult the Consul-General at Shanghai. We trust that Li Hung Chang will forward the cause of peace, thereby earning our thanks."

Ching Li has died at Pao Ting Fu.

PEACE NEGOTIATIONS.

London, September 11.—The Chinese minister in London, Sir Chih Chen Lo Feng Luh, is understood to have received from Li Hung Chang a copy of the credentials emanating from the Imperial household, appointing the plenipotentiaries to conduct the negotiations for peace and laying down the conditions in relation thereto.

It is intimated that similar documents have been transmitted to the Chinese ministers at other capitals and that the credentials are such as will satisfy the American and European Governments. The Chinese minister here had a conference with the Foreign Office officials this afternoon when, it is understood, Sir Chih Chen Lo Feng Luh informed a representative of the Associated Press that he has received a decree similar to the one Wu Ting Fang handed to the State Department at Washington, and added that he personally transmitted the decree to the Foreign Office this afternoon.

## LIST GROWS.

### Latest Despatch Says 5000 Dead in Texas.

PROPERTY LOSS \$40,000,000—FIRST REPORTS EVIDENTLY NOT EXAGGERATED.

Houston, Texas, Sept. 11.—(Special)—Noon—Details of the terrible storm were received this morning. They show that probably 5,000 persons are dead, and \$40,000,000 damage done.

Hundreds of bodies are lying in the streets, and hundreds more have been taken out on tugs and buried at sea.

Epidemic of fever is feared from the decaying bodies.

### THE TEXAS DISASTER.

Houston, Texas, Sept. 11.—Morning—Details of the disaster at Galveston are being received; but the reports of the loss of life vary widely. Governor Sayers announces that he has reports indicating that three thousand people were killed, while a later report from New Orleans by a reliable newspaper correspondent places the loss of life at 1,500. Reports received at Dallas at noon yesterday, say that 3,000 were killed, while the relief forces near Galveston on the Missouri, Kansas and Texas telegraph that the loss of life was not less than 5,000 and even predict that it may reach 10,000. The damage to property, it is estimated, is about ten million dollars. In view of the reports received, it is likely to reach fully this amount and probably more. In the highest part of the city of Galveston the water was connecting the city with the mainland are supposed to be destroyed, and many steamships and other vessels are wrecked. One of the saddest incidents in connection with the disaster is the destruction of a hospital and the drowning of many of the patients. Relief for the surviving inhabitants is urgently needed, but damage to railroads tracks running to the city prevents working of trains, and delays the despatch of supplies. National aid will doubtless be required. Many other places in Texas were seriously damaged and many lives lost. The cotton crop in a large territory is doubtless ruined and a serious loss to the peach crop is also reported.

## LETTERS COME BACK.

### Had Been Addressed to Members of Contingents.

OTTAWA, September 11.—(Special)—The militia department has received a huge bundle of letters addressed to members of the Canadian contingents, returned from Africa as impossible to deliver.

The letters will be returned to the D.O.C.'s for distribution to the senders.

## HUGH JOHN'S HOUSE

### WAS VISITED BY BURGLARS YESTERDAY MORNING.

WINNIPEG, September 11.—(Special)—Hon. Hugh John Macdonald's residence was broken into early yesterday morning. The noise of the burglars awaked Mrs. Macdonald, who called her son. The burglars were frightened away.

## A RUNAWAY.

### A BROMPTON RIG MAKES FAST TIME DOWN FACTORY STREET HILL.

AN exciting runaway occurred on Factory street hill yesterday. Gordon Beauchamp, of Brompton falls, was driving down the hill, his wife and young son being in the wagon with him. Near the top of the hill, something about the harness broke and the horse continued down the steep grade at his fastest gait. In rounding the corner on to Commercial street, the wagon was upset and the occupant were thrown violently out in the time and he was dragged to the Magog river bridge, where the horse was stopped. The boy was the only one who appeared to be injured. He was taken into Aspell's drug store and attended by Dr. Egnew. The injuries did not prove so serious, consisting of contusions and bruises and a very bad shaking up.

## OPEN THE CAMPAIGN.

### Conservative Leaders at the Windsor Hall.

SIR CHARLES TUPPER, HON. HUGH JOHN McDONALD AND HON. GEO. E. FOSTER ADDRESS BIG AUDIENCE.

Montreal, September 11.—The Liberal Conservative party of Canada opened the general election campaign in earnest last night, at Windsor Hall.

The leader, Sir Charles Tupper, and the lieutenants, Hon. Hugh John Macdonald and Hon. Geo. E. Foster, were the speakers of the evening.

The loyal followers in the metropolis were out in force and gave the leaders a really magnificent reception. The hall was inadequate to the demands of the occasion.

The hall was richly decorated with flags and coats of arms of the various provinces. The British anthem and the Fleur de Lis sang side by side, and behind and above all "was the motto: 'Welcome to our Chiefs.'" Found the walls were ranged over notices such as "Macdonald Club Welcomes its Founder's Son," "Tupper, Macdonald, Rogers and Foster are with Canada's Grand Old Man."

The chairman, Mr. D. A. McCaskill, with Sir Charles, Hon. Hugh John Macdonald and Hon. Geo. E. Foster, was accompanied by Dr. Roddie, M.P., Dr. F. W. Campbell, R. Stanley Bagg, Jas. Graham, Lieut. Col. Barland, George B. Burdett, Donald MacMaster, Q.C., ex-Ald. Cresse, R. H. Pope, M.P., Mr. Monk, M.P., and Mr. Quinn, M.P., S. Ewing, Prof. Decelles and other prominent Conservatives.

## BADEN-POWELL MADE CHIEF

### Appointed to Command Transvaal Police—Buller and French Rounding Up the Boers.

Pretoria, September 11.—(Special)—Gen. Baden-Powell has been appointed chief of the Transvaal police.

London, September 11.—(Special)—It is evident that while Buller is hammering away at Botha in the stronghold around Lydenburg, French is expected to drive the Boers out of Barberton and clear the railway to the Portuguese frontier.

London, September 11.—A despatch from Bloemfontein, of September 7, says that the British have captured Lydenburg.

The Boers were completely outmanoeuvred. They bolted through the village in the direction of Pilgrim's Rest, Gen. Hamilton outflanked them on the right, causing them to evacuate their strong positions. They abandoned some of their artillery, and shelled Buller's force to cover their retreat.

Their projectiles fell short, and the British sustained no casualties.

Gen. Botha was chagrined over relinquishing the strong position the Boers have held since they kept the British at bay at the Tugela River.

It is reported that ex-President Kruger and Steyn have fled and that Gen. Hamilton is in pursuit.

## COOKSHIRE FAIR.

### Unfavorable Weather For the Opening Day.

DIRECTORS DECIDE TO CONTINUE THE EXHIBITION TILL THURSDAY NIGHT.

Cookshire, Sept. 11.—(Special)—Dull rainy weather mars the opening day of the St. Francis Live Stock Association's 10th annual fair and races. The quantity and quality of exhibits in all departments are fully equal to anything heretofore shown. The judges commenced their duties at 10 a.m. The track will be heavy for racing purposes—this afternoon. Two events are on the programme, 3 minute and 2.30 classes. The entries are numerous in both, and a fast lot of horses will compete for honors. Some special attractions have been secured to enliven the waits between races.

### FAIR ON THURSDAY.

The directors have decided to continue the fair Thursday, owing to the inclement weather to-day.

## NURSES' COTTAGE FUND GROWS.

A public meeting will be held in Plymouth Chapel, Thursday night, for the discussion of matters in connection with Sabbath observance. Mr. J. G. Shearer, who is field secretary of the Dominion Lord's Day Alliance, will deliver an address.

## FIRES STILL RAGING IN MAINE.

Valuable Timber Being Destroyed and Residences Threatened.

Ellsworth, Me., Sept. 11.—The woods in the territory which surrounds this city are on fire in half a dozen localities, and in several instances the fires are raging with such fierceness and over so great areas that property of much value and a number of fine summer residences are threatened. Last week the fire approached so near Ellsworth Falls village that the fire brigade was called out, but a shift in the wind bore the flames off in another direction. The largest of the group of fires is that five miles northeast of Ellsworth, extending from No. 8 plantation well down into the towns of Hancock and Franklin, and is about ten miles long.

## RE-ORGANIZING TRANSVAAL.

### London, September 11.—The Colonial Office says that the British Government issued a notice in South Africa, Saturday, September 8, to the effect that every concession granted by the late Government of the Transvaal Republic will be considered by Her Majesty's Government on its merits, the British Government reserving the right to decline to recognize or to modify any concession. The commission having the matter in charge will begin its sittings on October 1.

The commission having the matter in charge will begin its sittings on October 1.

AUSTRALIA WANTS HER MEN.

Sydney, September 11.—Indignation is felt out to Australian troops to settle in South Africa, and there is continual press comment on the matter. The action of the British authorities is described as an ungrateful effort to denude the colonies of the very men they need, and it is freely said that if the move had been foreseen probably no contingents would have been sent out.

Mr. Sedden, premier of New Zealand, declares that no New Zealander will receive his discharge until his return to the colony.

Sir William Lyne, premier of New South Wales, has been urged to make a protest to the Imperial Government against the efforts to retain the Australian troops in South Africa.

Miss Lillian McKerley, from Montreal, has been the guest of Mrs. E. G. Wiggert.

Mr. Antoine St. Germain and his son, who spent some days in Sherbrooke last week, left for home to-day.

Mr. A. Langevin, from Montreal, has returned, after visiting Sherbrooke for a few days.

Mr. Geo. F. Harris, of Watertown, N. Y., has been visiting friends in town for the last week.

Miss Bayley, from Compton, is the guest of Mrs. L. A. Bayley, Melbourne Street.

WAIT FOR ELECTION.

Advice Given the Rebels in the Philippines.

DECLARES DEMOCRATIC SUCCESS MEANS INDEPENDENCE.

Manila, Sept. 11.—A number of letters written by General Sandico, a rebel leader, have been captured at Nueva Ecija. They show that the writer intends to advise the insurgents to surrender in the event of President McKinley being re-elected, but he urges them to maintain their present opposition until the election in the United States takes place, in the hope that Bryan will be elected. He interprets a Democratic success as equivalent to the independence of the Philippines. David Egan, a deserter, a public land agent, Fourth Infantry, is leading a band of Filipinos in Nueva Ecija. This band is very active in raiding the quartermasters' wagons and in robbing peaceful natives. It is reported that Teason, the rebel leader, who has captured a number of Americans, intends to release them as soon as he finds it impracticable to hold prisoners.

The fine executive action of the Philippine Commission, was the consideration of a bill appropriating \$1,000,000 for the construction and maintenance of high ways and bridges. A public hearing on the question will be held Wednesday, General Pio del Pilar, who was captured some months ago, was arrested while he was returning to the provinces. He is now held incommunicado in the wall-city. The authorities refuse to divulge the reason for his arrest. During the past week there were several small engagements, in which twenty-five Filipinos and two Americans, including Captain Bentley, were killed. It is reported that the rebels in the Canameres are in a demoralized condition. The heaviest storm for years has been prevailing here. The telegraph wires were blown down, done to shipping in the harbor.

The signing of this protocol terminates negotiations which have lasted five or six years. The amount of the claims to be arbitrated is nearly \$400,000."

ENGLAND HOPES FOR PEACE

Plans For Elections in October.

DATE WILL BE ANNOUNCED ON RETURN OF SALISBURY.

London, Sept. 11.—Last week was a week of discussion, but, though the main questions of international and national interest appear to be profiting by the general desire for peace, which remains the strongest factor of international politics and appears to be approaching a solution, they have not yet reached the point of finality, which Great Britain so earnestly desires in order that she may attend to her private concerns. Among the latter stand out most prominently the South African question and the general election. By help of the desire for peace dominating the mind of Great Britain has been obliged to achieve without hindrance the formal annexation of the South African republics, which, as a cabinet minister declared last year, would be an "unmitigated misfortune." Lord Roberts' proclamation, however, has not advanced matters much. The question of the annexation of the Transvaal is tantamount to the end of the South African war, but the Boer view of the question differs and, as a matter of fact, there are no signs that the British are masters of the country anywhere except in the case of strips of land along the Orange River. However, in spite of the disconcerting persistence of the Boers, the British Government, apparently, has determined to carry out the scheme for an early appeal to the country. Every thing appears to be shaping for an October election, and the return to England of Lord Salisbury during the coming week will probably be speedily followed by a definite pronouncement of the date of the dissolution as well as British views on Far Eastern matters. Among the interesting features of the election news is the movement on the part of the Liberal Unionists to return to the Liberal fold and to again what Sir William Vernon-Harcourt described himself to be in his speech of Sept. 4, "Liberals without any adjectives." Mr. Anthony Hope (Hawkins), the novelist, is again a candidate for a seat in Parliament. He has been adopted as the Liberal champion for Falkirk Burghs.

IN SUPERIOR COURT.

BROMPTON FALLS CASE DISPOSED OF.

In the Superior Court, yesterday afternoon, before Hon. Justice White, the case of Tobin vs. Enoch and Chaitou et al., intervenant, was tried at quiete and merits. The contestation was between Qualifoux and Plaintiff, E. W. Tobin, who contested intervention. The intervenant claimed ownership to certain machinery, etc., which had been seized in the hands of defendant, A. F. Fannet, near Brompton. The goods seized were: horse powers separator and sawing machine that had been sold by Qualifoux & Co., of St. Hyacinthe, under special agreement that they should remain owners of it until it was paid for. It was never paid for so he remained owner. Plaintiff contended that it was on property and was liable for rent. The intervenant, however, pleaded that plaintiff had no such privilege inasmuch as he had knowledge given to him in 1895 that property was not the property of Qualifoux & Co. Judgment was rendered in favour of intervenant; Court holding that under evidence plaintiff knew that property did not belong to defendant.

SATAN AN INVALID.

(From D. B. Hill's Labor Day Speech.) There is no excuse, however, for the toleration, anywhere and in whatsoever party it may be found, of what is known as political bossism—usually ignorant, corrupt and arrogant, which tolerates no criticism, knows no prudence, and accepts no suggestions—first first dominates wards, then cities, and afterwards reaches out for the control of States, and governs its cringing sycophants through patronage and the cohesive power of public plunder, while they in turn, acting under the rule of "addition, division and silence," blindly follow whatever they are ordered to do without the exercise of any reason, judgment or discretion. Political parties are a necessity in this country, but offensive and corrupt bossism in party affairs is an exercise on the body politic, and sooner or later it must be shaken off or the party which tolerates it will be destroyed. Opposition to bossism and commercialism in politics may soon become the "paramount" issue before the people.

Both Placer and quartz mining, and a sound enterprise of merit. Money subscribed for stock swells the fund to maintain the works which increases in rapid ratio the value of the properties, and that is what makes the price go up.

Placer mining is the most fascinating—no smelting—no concentrating. Simply dig up the deposit and wash out the gold which is MONEY.
