

## GERMANY WILL ASK FRANCE TO GIVE UP HER TERRITORIAL PRETENSIONS TO SARRE AND PERMIT CONTROL OVER THE COAL OUTPUT

Will Also Propose that the German Fleet Be Transferred to an International Trust, Managed By the Americans and Controlled By the League of Nations—The Trust Would Be Given the Mercantile Fleets of All Other Maritime Nations, and Every Nation Would Be Represented in the Central Administration in a Manner Corresponding to the Nations' Tonnage—Regarding the Cable Lines, Germany Will Propose a System of Internationalization Which Would Not Prevent Her from Participating in General Traffic of Nations.

(Associated Press Despatch)

PARIS, May 28.—(French Wireless)—A Berlin despatch received in Paris gives in some detail the counter proposals to the peace treaty of the Allied and associated powers which were agreed on at the last conference of the Germans at Spa. The counter proposals will make a volume of respectable dimensions.

Concerning the Sarre region, Germany will ask France to give up her territorial pretensions to this region and permit economic control over all the coal output there.

It is proposed that the German fleet be transferred to an International Trust, managed by the Americans and controlled by the League of Nations. The trust would be given the mercantile fleets of all the other maritime nations, and every nation would be represented in the central administration in a manner corresponding to the nations' tonnage. Germany announces her readiness to deliver up fifty per cent of her mercantile fleet.

Besides, in conformity with a proposition made by the former director of the Hamburg-American line, Germany will pledge herself to build at her own expense in her own dock yards and by her own workmen, the number of ships necessary to compensate for the diminution in the world's tonnage due to Germany's submarine warfare. In return Germany will ask to be allowed large credits for payment for raw materials required to carry out the undertaking and to be allowed to give in payment some of her own raw or manufactured goods.

As regards the cable lines, Germany will suggest a system of internationalization which would not prevent Germany from participating in the general traffic of nations.

Concerning territorial questions in the east of Europe, the counter proposals simply call the attention of the Entente to the state of mind of the German populations in the contested territories of Upper Silesia and East and West Prussia and Danzig. These populations, it says, would be suer to take up arms in their own defence if they were to be annexed to Poland, and that this might lead to other wars.

## COUNCIL OF FOUR ANXIOUS TO SETTLE THE ITALIAN QUESTION TODAY

(Associated Press Despatch)

PARIS, May 28.—The Council of Four of the Peace Conference is making a determined effort to effect a settlement of the Italian question today. Andre Tardieu, of the French delegation, after consultation with the Italian representatives, framed a formula overnight which is understood to follow generally the lines of a compromise. Premier Orlando was present at the council meeting this forenoon and there was said to be a fair chance that an adjustment might be reached this afternoon.

## LABOR FEDERATION HAS LODGED PROTEST RE SECRECY OF TREATY

(Associated Press Despatch)

PARIS, May 28.—The national committee of the General Labor Federation has passed resolutions condemning the secrecy in which the treaty of peace has been framed and protesting against the conditions imposed by an incomplete knowledge of the document.

The resolutions also protest against the denial of the right of self-determination of peoples; disguised annexation; the repudiation of solemn engagements concerning the League of Nations, and the return to the old system of alliances; the absence of an international financial system, and economic organization, and continuation of the economic war, and the failure to incorporate in the treaty a real international labor charter.

## SOUTHERN BOUNDARIES OF AUSTRIA HAVE BEEN UNDER CONSIDERATION

(Associated Press Despatch)

PARIS, May 28.—Although arrangements have been made to present the treaty to the Austrian delegation Friday noon, efforts by the Peace Conference to reach a decision relative to the southern boundary of Austria have been delayed because of the position of the Italian delegation. The Italians are linking questions regarding Austrian boundaries and the Dalmatian coast together, but the Council of Four hopes to have the Dalmatian problem postponed for subsequent settlement. Both the Council of Four and the Council of Ten had the southern boundaries in Austria under consideration yesterday.

## FEARS GERMANS WILL MAKE ATTACK ON POLAND

(Associated Press Despatch)

PARIS, May 28.—Fears of a German attack upon Poland were expressed today by Ignace Jan Paderewski, the Polish Premier, who arrived in Paris from Warsaw last night. He said the Germans were active in a preparatory way and might strike in several places. The report of pogroms in Poland were denied by the Premier. He declared such reports were purely German propaganda. With regard to the Ukrainian situation, the Premier asserted that the recent fighting was brought on by the Ukrainians, who signed the armistice on May 11 and then attacked the Poles at two places on May 12, forcing the Polish troops to defend themselves.

## LABOR MEN UNITE WITH SOLDIERS AT CAPE BRETON

Process of Amalgamation Was Kept More or Less of a Secret.

(Associated Press Despatch.)

HALIFAX, N. S., May 28.—The Herald this morning features the following despatch from its Sydney correspondent:

"That the returned soldiers and the trades unionists of Cape Breton are about to unite in what will be virtually a workmen's and soldiers' council, although far removed in sentiment, motives and methods from the organizations of similar name which have sprung up in Europe, is the significant information gleaned from the most reliable representative here.

In pursuance of this scheme a meeting was held last week between representatives of the local veterans and members of the Sydney Trades and Labor Council, and it is learned that notable progress was made. The Herald is assured that the meeting was of the most friendly character and that all united in declaring against any differences which might give capital an opportunity to play one set of organization against the other.

As a matter of policy, the process of amalgamation was kept more or less of a secret, but sufficient is known to indicate the far-reaching effect which present negotiations may produce upon the future of this important industrial region, and indeed upon the whole of Canada, as there is reason to believe that the local movement is only one phase of a coming Dominion-wide alliance between the war veterans and the laborites.

Whether with justice or otherwise, the impression has gained ground in some quarters that employers hoped, to capitalize the supposed antagonism between returned men and those who have not been there, with the idea of ultimately securing cheaper labor from the ranks of the demobilized army. The labor unions had already taken steps to combat any such move when the veterans themselves forestalled any attempt to use them as wage cutters by proposing an amalgamation, or rather an alliance, with the unions for mutual protection and benefit.

## LEADERS AGREED TO POSTPONE THE GENERAL STRIKE CALLED IN TORONTO FOR COUPLE OF DAYS

Delegation Will Be Sent to Ottawa at Once to Request Premier Borden to Urge Parliament to Pass a Law Making an Eight Hour Day and Forty-four Hour Week the Legal Day and Week Throughout Canada.

TORONTO, May 28.—The general strike in Toronto, which had been decided upon for Wednesday morning at ten o'clock, has been postponed until Friday morning at ten o'clock. This is the outcome of a series of negotiations in Mayor Church's office which were begun yesterday and concluded after one o'clock this morning. The postponement was made in order to give the delegation of intermediaries who worked so hard and unavailingly in the office of the Mayor to effect a settlement, time to go to Ottawa and see Premier Borden and urge the passing of a law by the Dominion Parliament at once to make an eight-hour day and forty-four hour week the legal day and week throughout Canada.

The resolution adopted at the Labor Temple this morning reads: "This committee, appointed by a convention of trade unionists of Toronto, does hereby declare a general strike for Toronto, according to the powers given it, on Friday morning at ten o'clock unless the right of collective bargaining is granted the metal trades workers and the forty-four hour week fixed through the action of Premier Sir Robert Borden."

Mayor Church despatched the following telegram to Sir Robert Borden after the meeting early this morning: "Following your very kind suggestion, long conferences of workers and employers were held this evening. No permanent solution arrived at. Meeting decided to take advantage of your very kind offer of intervention. Deputation of all concerned proceeds to Ottawa Wednesday evening for interview on Thursday. Meantime general strike postponed until Friday morning at ten o'clock, pending the result of negotiations with you. I have assured the employers and the employees that conference with you will take place Thursday without fail. Please confirm appointment."

## GENERAL STRIKE IN CALGARY HAS NOT NOTICEABLY DISLOCATED BUSINESS

(Associated Press Despatch.)

CALGARY, May 28.—Business was not noticeably dislocated today by the general strike. Street cars were stopped, lighting plants, theatres and hotels were closed as normally.

Volunteers are at work in the post office and more will be added, it was announced. About two hundred of the former Governmental employees are on strike. Conditions at Edmonton were reported as more serious. The street cars had stopped, restaurants and hotels were closed or badly crippled, and the electric lighting system shut down. Policemen and firemen were said to be at work under orders from the strike committee.

## HUDSON BAY KNITTING WORKERS WALKED OUT

(Associated Press Despatch.)

MONTREAL, May 28.—Four hundred employees of the Hudson Bay Knitting Company here went out on strike yesterday afternoon against the advice of their leaders, who were trying to negotiate with the company. The workers, over half of whom are girls, were restless over negotiations with their employer, which have been going on since last Thursday. They are asking twenty-five per cent increase in wage, a forty-four hour week and recognition of the union.

## MONTREAL WORKERS IN FAVOR OF ONE UNION

(Associated Press Despatch.)

MONTREAL, May 28.—A crowd of two thousand men, mostly Vickers and Company's employees, met last night under the auspices of the amalgamated society of Engineers and International Association of Machinists, and passed a resolution promising financial and moral support to the strikers in Winnipeg, Calgary, Edmonton and

## FRENCH WILL NOT PURCHASE ENTIRE WHEAT CROP

(Associated Press Despatch.)

PARIS, May 28.—The new finance bill of the French Government foreshadows the early discontinuance of the policy of purchasing the entire French wheat crop. This would eliminate an expenditure of 5,000,000,000 francs, of which 2,000,000,000 francs is a clear loss to the Government.

## NO REDUCTION IN NEWSPRINT THE VERDICT

Mr. Pringle Refuses to Lower the Prices He Fixed Last September.

(Associated Press Despatch.)

OTTAWA, May 28.—In a judgment issued yesterday, R. A. Pringle, K.C., controller of newsprint, confirmed the order he made in September last fixing prices for newsprint. The order in question was appealed to the Government, which created a special tribunal of judges to hear it, and this body ordered new evidence to be taken on certain points. After hearing further evidence as to costs, Mr. Pringle says, in a very brief judgment, that he sees no reason to alter his decision.

It is expected that the argument on the merits will be resumed before the appeal tribunal on June 4. That body has power to confirm or lower or increase the price fixed by the paper controller.

## AMERICAN PLANE IS THE FIRST AIRSHIP OF ANY KIND TO CROSS ATLANTIC UNDER OWN POWER

The N. C. 4 Completed the Trip from Ponta Del Gada to Lisbon Harbor in a Little Over Nine Hours and a Half—Travelled the Eight Hundred Miles at an Average Speed of Eighty Knots an Hour.

(Associated Press Despatch)

WASHINGTON, May 28.—Blazing the way of the first air trial from the Western to the Eastern Hemisphere, the United States Navy seaplane, N.C. 4, under Lieutenant-Commander Read, swept into the harbor at Lisbon, Portugal, today, the first airship of any kind to have crossed the Atlantic Ocean, under its own power and through its natural element.

Taking the air at Ponta Del Gada, Azores, at 6.18 a.m., Washington time, on the last leg of the trans-Atlantic portion of the voyage from Rockaway Beach, Long Island, to Plymouth, England, the N.C. 4, covered the eight hundred miles in nine hours and forty-three minutes, maintaining an average speed of better than eighty knots an hour. The total elapsed flying time from Newfoundland to Lisbon was twenty-six hours and forty-one minutes.

## PLUCKY AVIATORS WERE DECORATED BY KING GEORGE AT BUCKINGHAM PALACE

(Associated Press Despatch.)

LONDON, May 28.—Harry G. Hawker, and Lieutenant-Commander MacKenzie Grieve, who reached here yesterday from Thurso, Scotland, after being rescued in mid-ocean when their airplane in which they were attempting to cross the Atlantic alighted near the Danish steamer Mary, were received by King George at Buckingham Palace this morning.

His Majesty bestowed on Hawker and Grieve the insignia of the air force cross. They are the first actual recipients of this order.

An immense crowd gathered in front of Buckingham Palace to witness the arrival of Hawker and Grieve, who were loudly cheered when they made their appearance. The crowd also gave them an ovation when they left the Palace.

The air force cross with which King George decorated Hawker and Grieve is a new honor which is bestowed for "devotion to duty."

## HAWKER AND GRIEVE GIVE DETAILS OF EXPERIENCES DURING THEIR FLIGHT

(Associated Press Despatch)

LONDON, May 28.—Describing the trip of Hawker and Grieve in their attempt to cross the Atlantic in an airplane, the correspondent of the Daily Mail says that Hawker remained seated the whole time, but that Grieve moved about, kneeling to examine the drift indicator, standing up for observation, or going forward for the wireless. Each of them ate a sandwich and drank four cups of coffee out of a vacuum flask.

"And the next thing I ate," said Hawker, "was about seventy-two hours later," adding with a laugh, "yes, we did not take enough calories. The fact is, I was very seakish when we got down to water, and afterwards for two days in the ship. It was like being in a small motor boat in a heavy sea when we flew down to look for a ship. We were between high waves and were bumped about quite badly."

Describing their position when the plane alighted, Hawker and Grieve said that they were in water up to their knees, and the waves were close to the upper plane at times. The nose of the machine was turned into the wind and now and again a big wave dashed over it.

"I had to laugh," said Hawker, "when one big wave, a real big one, came up under the top plane, which up to that time had been dry and shining. It lifted us right out and I saw the trailing edge of the top plane break clean away."

Hawker said they spent their time discussing how the Mary was handled and whether she could save the machine and its appliances. All this time the little boat carried by the Sopwith machine was afloat beside the plane, dancing about like a cork. "When the ship's boat reached the plane," said Hawker, "she banged right into the machine, and we hopped on board. The ship slung a rope out and hauled the boat back, and we jumped aboard the Mary."

Were Glad to See Ship

"We had been waiting so long that we felt callous to the whole thing. We had a jolly good feeling when we saw the ship missing about. Looking for a ship for two hours and being seakish

Weather Was No Hindrance

Describing the weather conditions into strong northerly winds, Hawker said: "The weather was no hindrance and

Why Can't I Get To Sleep?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quieted except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthen the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peacefully as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N.B., writes: "At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THOUGHT IT WAS A BOIL DOCTOR SAID ABSCESS.

Mr. Gleason R. Young, Kingscroft, N.B., under date of Feb. 9th, 1918, writes as follows:—"About five months ago a lump came on my jaw bone. I thought it was a boil, and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and lanced it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I went and got a bottle, and by the time it was all gone the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers and abscesses, no matter how large or of how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and rich blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Messrs. C. G. Jones and J. P. Drown were in Farnham last week, where Mr. Jones purchased a fine horse. Many attended the dance at Mr.

Gardner Willey's on Friday evening. Mr. and Mrs. C. Jesse and son, Clifton, visited his parents, Mr. and Mrs. Fred Jesse, on Thursday. Mr. and Mrs. Vernal Davis and children visited her parents, Mr. and Mrs. H. Darling, on Sunday. Quite a number celebrated the 24th by fishing at the lake.

WATERLOO

Local automobile dealers claim that thus far this season sales of cars have been few. The two chief reasons for this state of affairs are the late spring and unfavorable weather. There has been no great desire for outdoor amusements such as pleasure riding, and the roads in this district are in such a deplorable state that those who are well able to purchase and pay for a car are not so sure that the investment would be a wise one. All can therefore readily see how important an asset good roads are to the community. It is hoped that every effort will be made to improve the highways in Shefford County within the near future, for so doing life in the rural sections becomes more pleasant and no doubt such a move will help strengthen the "back to the land" movement, which is admitted by all to be so necessary at this particular time of general unrest. The taxpayers of Orford have declared themselves to be in favor of and are willing to bear their share of expense of the proposed highway from Sherbrooke to Montreal, to be built under government supervision and assistance. This district is the connecting link on this road, and it is very satisfactory to Waterloo to know it is to be built. Expressions of satisfaction are heard on all sides, although some were inclined to believe when the proposition was first brought to their attention that the road would benefit the auto owners more than any other class of people. A very prominent farmer was heard to remark recently that with a trunk line through the country, branch roads to connect would no doubt be built each year, and within a short time Shefford County could boast of good highways rather than remain in the present position as the county with the worst roads of any within the Eastern Townships.

CLARENCEVILLE

Mr. Margaret Gallagher has placed her household goods in storage, and has gone to St. Armand, where she will spend the summer with her niece, Mrs. George Bradley. Messies have developed in the families of Charlie Hawley, Guy Miller and J. A. Tipping. Mr. Guy Miller is seriously ill, as is also Miss Laura Hawley.

Miss Lena Derby, of Montreal, spent the week end with her parents, Mr. and Mrs. O. H. Derby, bringing with her two guests, Miss Roy and Miss Galbraith. Mr. and Mrs. Robin Macfie, and their children, of Montreal, are spending a week or two with their parents, Major and Mrs. Macfie. Mr. and Mrs. Perry, Swanton, Vt., motored over and spent Sunday with Mrs. Perry's parents, Mr. and Mrs. A. I. Derick. Mr. and Mrs. F. L. Nunn, and Master Frances, spent the week end in Montreal. Mrs. Herbert Derick, of Rouses Point, N. Y., spent the past week, the guest of Miss Dumberry and Miss Struthers. Several fishing parties were arranged for Victoria Day, but owing to the heavy rains of the preceding day, very few fish were brought home either from the lake or the river. Miss Ruth Jones, of Montreal, spent the holiday week end with her aunt, Mrs. Gardner Sawyer, of Beech Ridge. Mr. and Mrs. Ab Shand, of Richmond, Vt., with a party of friends, motored here on Friday for the holiday dance at Noyan. Both coming and returning they got into difficulty on the Albion-Noyan road, owing to their car being an exceptionally heavy one, but declare their intention of coming again for the Dominion Day party. Mrs. Keith Edwards and baby, of Rouses Point, N. Y., recently spent a day at her parents, Mr. and Mrs. A. T. Hunters. Mrs. C. L. Millard made her first shipment of flowers to Montreal this year, during the past week. They were a case of exceptionally fine pansies. Mr. and Mrs. Lewis Hauser narrowly escaped a serious conflagration in their home on Thursday last. Mr. Hauser and workmen were repairing a roof, and placed a large pot of tar on the kitchen range which boiled over and ignited. The fire was extinguished, but the walls and ceilings of the entire house were blackened, and the curtains ruined. The social dance held in Noyan on Friday night was a most enjoyable affair, and largely attended. The surrounding towns were well represented, and a large number of returned men were present. The programme called for about twenty dances, and was well arranged, the music being furnished by Lynch and Bordeaux, of Plattsburg. Supper was served from 11 to 1 o'clock, and dancing continued until four o'clock. Mr. Thad Seriver, of Montana, is here on a visit to his parents, Mr. and Mrs. James Seriver. Mrs. Seriver and children, have been here for a month, the guests of Major and Mrs. Macfie, and will return to their western home with her husband. Mr. and Mrs. Milo Evans, of Albion, were here on Friday, calling on friends. The Red Cross branch meets the first Tuesday in each month in the Townsend Hall for distribution of work, and the ladies of this parish are asked to remember the date. The work being done now is for the Military Convalescent Hospitals in Quebec Province, and is most important.

almost immediate possession. The present occupant, Mr. Romney Graves, of the C.V.R., has not as yet decided where he will locate, as there is a great shortage of houses in town. ### "KNOW HOW"

It is of vital importance that the man who supplies your glasses knows how. It is a highly technical business—takes years of training and experience. An error of only two degrees may cause very severe trouble. You don't understand this. We do. It is our business to know how. That is why you should come to us to have your eyes examined and glasses fitted.

### MR. A. RAVID PASSED AWAY

The death occurred yesterday afternoon of Mr. Abraham Ravid, at the home of his daughter, Mrs. B. Cohen, Gillespie Street, after an illness of only a few days.

The deceased, whose home was in Chicago, Ill., came to visit his daughter, and was taken ill shortly after his arrival.

The remains were taken to Montreal this morning, where the interment will be made in the family lot.

### TWO MEN RESCUED WHEN BOAT CAPSIZED.

While a party of friends was enjoying a picnic on Victoria Day at the Little Lake, they saw a boat with two returned soldiers, who were fishing suddenly capsized. It seems that a something had gone wrong with the oars and in trying to repair the damage, too much weight was thrown on one side of the boat. Two of the picnic party went to the rescue, and as a medical man was a member of the party, first aid was rendered, otherwise both lives might have been lost.

### CONFIRMATION CEREMONY HELD.

The very imposing ceremony of Confirmation, was administered yesterday, at the Pauline Chapel of St. Michael's Cathedral by Mgr. Paul Larocque, assisted by Rev. Father Jansen, Redemptorist, and the Rev. Abbe Bellehumeur. Two hundred children knelt at the altar, and received the vows of their baptism, the same being very impressive.

The little girls were arranged in white, with flowing veils, and each boy wore a white armlet.

The sermon fraught with kind admonition and advice was preached by Rev. Father Jansen.

### ENTERTAINED BRIDE-TO-BE.

Misses Alice and Marguerite Campbell, Prospect street, entertained Saturday, May 24, in honor of Miss Beatrice, of "Woodhaven," Bromptonville, who is shortly to be married.

The bride-elect was presented with a handsomely-filled motor case, with the joint affectionate wishes of her friends, and her thanks were very gracefully expressed.

The rooms were decorated with snap-dragon and sweet peas, and tea was served, followed by an informal dance.

The guests present included Miss Kathleen Tobin, Misses Carlin, Theresa St. Pierre, Gertrude Walsh, Aurelia and Josephine Godere, Corinne and Adine Denault, Loretta Steele, Lucy and Winifred Mulvena, Mrs. Leonidas Bachand, Mrs. William Veilleux, Misses Marie-Jeanne Genest, Constance Fuller, Juliette Allaire, Bernadette Archambault, Yvonne Olivier, Messrs. H. W. and Hugh Mulvena, T. Hawkins, Jack Steele, Earl Kerr, J. Asselin, Quebec; Dr. Herbert Ernest and George Henry Denault, Mr. Pinsonnault, Maurice DeLottinville and others.

### PRESBYTERY OF QUEBEC MEETS HERE.

The Presbytery of Quebec met yesterday afternoon in St. Andrew's Church Hall for the special purpose of dealing with a situation in the Hampden congregation about the building of a new church. The section of the Hampden congregation living in Milan village is anxious to have a place of worship in the village, notwithstanding the fact that there is already a church—a comparatively new one—at Boston's Corners, only a trifle over a mile from Milan village.

The congregation of Hampden sought advice and authority from the Presbytery as to their procedure in the matter, and after the matter was fully discussed by the Presbytery and representatives from the Hampden congregation, the Presbytery stood by its former decision to allow services to be held on Sabbath afternoon in Milan. The members of the Presbytery made it plain to the Hampden congregation that their action during the past two years had been to promote the best interests of the congregation in the light of the petitions coming from Hampden congregation. The likelihood is that the section of the Hampden congregation living in Milan village will construct a place of worship in the near future.

Those present were Rev. Dr. J. R. MacLeod, Clerk of Presbytery; Rev. Alfred Bright, acting as Moderator; Messrs. Duncan MacLeod, D. H. MacLeod, Malcolm MacLeod, D. L. MacLeod, R. Murray, Angus Morrison, R. Morrison, R. Beaton, J. Macaulay,

CHILD WELFARE TO BE BROUGHT BEFORE CITIZENS

At LANCTOT & FILS CLOTHING STORE

Miss Gladys Lawrence, of the Y.W.C.A., is at her home in Bury for a two weeks' holiday. Miss Jean Stewart and her sisters have returned to the city, after a week-end visit to their home in Richmond. Mrs. Roy Faulkerson has returned to Montreal, after a week-end visit to Miss Beryl Irwin, Montreal street. The beautiful solo recited by Mrs. Faulkerson at the evening service at St. Andrew's Church on Sunday was much enjoyed. Mr. J. Asselin, of the Canadian Bank of Commerce, Quebec, was the guest for the holiday of Mr. and Mrs. E. W. Tobin, "Woodhaven," Bromptonville. Mr. and Mrs. B. C. Howard have been at English Lake for a week, visiting Mr. and Mrs. William Howard. Mr. and Mrs. J. A. Carroll, of Toronto, were in the city yesterday, on their way to Halifax, N.S., to meet their son, who is returning from overseas. Lieut. Roy Foss, who returned a couple of weeks ago from England, has gone to Montreal to take the summer course at McGill University. Miss J. Thomas and Miss M. O'Brien of Montreal, spent the holiday week-end with Mr. and Mrs. W. Davidson, Island street. Mrs. Burley, of Toronto, is spending a few weeks with her daughter, Mrs. W. P. Rapley, Queen street. Mr. and Mrs. A. G. Campbell and Miss Emily Campbell, Queen street, left Monday for Toronto to spend a week. Miss Jessie Hargrave, High street, has returned home from a two months' stay with friends in New York. Mr. L. G. Crevier, of Montreal, was in town last week to attend the funeral of his nephew, Mr. Laurent Crevier. Mr. E. Winn Farwell, of the Canadian Bank of Commerce, is in Montreal for a day or two, on business. Mr. and Mrs. D. F. Donaldson, of Montreal, who have been spending a few days with the Misses Davidson, Prospect Street, expect to leave shortly for Saskatchewan, where they will make their future home. Mr. Donaldson was a passenger on the Royal George, after having served over three years overseas in the Medical Corps.

Mrs. Rose Henderson, of Montreal, Will Address Meeting Here Under Home and School Co-operative League.

"There has not been enough done for the children" was remarked by one of this city's leading teachers at a special meeting of the Executive Board of the Home and School Co-operative League, held yesterday. This has been the keynote of the work taken up by this new organization, and several projects are already under way to keep up in the great scheme of reconstruction, by awakening public interest in the welfare of the children, who have without doubt been neglected during the period of war. Attractive play grounds for the schools was one of the first moves of the League, and which is expected to develop into public play grounds, well equipped gymnasiums for the schools, and a general improvement in the morale of the city schools. Nearly five hundred dollars has been donated to this object, and the Home and School League appreciate the hearty response in this line, but it wants something more, the interest and co-operation of parents, teachers, and every citizen of this city who realize the need of a big change in these matters. To try to awaken interest, the League has accepted the kind offer of Mrs. Rose Henderson, of Montreal, to come to Sherbrooke, and speak on compulsory education and child welfare. Mrs. Henderson, who is a probation officer of the Juvenile Court in Montreal, is not a stranger to this city, as she has addressed a meeting here before, and she is well known as a woman experienced in social reform, and an earnest speaker. Arrangements are being made to have Mrs. Henderson address a public meeting at the regular session of the Home and School Co-operative League next Monday evening, and the committee in charge will make efforts to have a representative audience at this meeting. It is also hoped that this speaker will remain in the city long enough to allow for a meeting with mothers, teachers, and interested friends can meet informally and discuss matters in general.

CITY BRIEFLETS

MR. P. MCGOVERN, WARDEN. The sudden death of Mr. P. McGovern, of Warden, occurred on Monday. He had been in poor health for some years owing to heart trouble, and though going about his duties day by day, had been warned many times by his doctor to be careful. He leaves a widow and several relatives. MRS. SHELDON, FITCH BAY. FITCH BAY, May 28.—(Special)—Mrs. Susan Sheldon, widow of the late U. L. Sheldon, passed away suddenly at her home Wednesday night, May 21. Mrs. Sheldon, who was Susan Hamilton before her marriage, was born in 1860. She had been a lifelong resident of this place and was much respected by all. Deceased is survived by thirteen children, two sisters and two brothers, who have the deep sympathy of the entire community in their bereavement. The funeral services were held on Saturday from the Union Church. Interment was in the Brookside Cemetery. The services were conducted by the Rev. F. S. Waldron, of Magog, assisted by the Rev. Mr. Carter, of this place. The bearers were Messrs. C. A. Dolloff, W. F. Dolloff, S. A. Gustin and Geo. Peebles. citation, Miss A. Tompkins; vocal solo, Mr. E. Armitage; vocal solo, Mrs. G. Ogston; vocal duet, Miss Dempster and Mr. A. Blier, vocal solo, Mr. MacKay. Mrs. J. R. Sangster, Miss Smille and Mr. A. Hurley acted as accompanists. Rev. J. Cormack, of Lake Megantic, and Rev. J. R. MacLeod, of Scottstown, in appropriate speeches proposed a hearty vote of thanks, and a pleasant evening was brought to a close with the National Anthem.

BOYS' AUXILIARY OF ST. PETER'S CLOSES FOR THE SEASON

Much Business is Conducted in Connection With the Final Meeting.

The closing meeting of the year of the Boys' Auxiliary of St. Peter's Church was held last evening in the church hall. Twenty-one members were present, including the superintendent, Mrs. C. H. Bowen; Mrs. Armstrong, Mrs. White, Mr. C. Hall and the rector, Rev. H. Reginald Bigg. The vice-president, Lloyd Bowen, presided, and the meeting opened with a missionary anthem and prayer. The minutes of the last meeting were read and confirmed, and the report of the treasurer given, showing that the sum of \$147.77 had been raised by the Auxiliary since Christmas. The reports of the hospital committee and the rubber committee were received, and the boys were urged to remember their mission boxes during the summer, and to collect as much rubber as possible to replenish the funds in the fall. The rector then, on behalf of the Boys' Auxiliary, presented Mrs. W. Armstrong, treasurer, with a life membership in the W. A. and the little gold pin badge, which accompanied it, expressing his own appreciation and that of the members of the constant interest and energy which Mrs. Armstrong had shown in the work and the help she had given everything undertaken by the boys. Mrs. Armstrong replied with feeling, that though much obliged, she was also greatly pleased and touched by the motives which had prompted the gift. Hearty applause followed from the boys and all present. The superintendent stated that the \$25 for the life membership would be forwarded to the W. A. by the secretary of the junior branch. The resignation of Mrs. Bowen as superintendent came as a great surprise, and it was with deep regret that the assistants and boys realized that owing to the pressing nature of other duties, Mrs. Bowen felt that she would not be able to carry on the work of the B. A. Although Mrs. Bowen said she was giving up responsibility, she was retaining her interest, and would always be ready to assist the boys in any of their enterprises. The rector said that Mrs. Bowen's leadership would be missed, but she had consulted him in regard to giving up some part of her work, and he knew that it was imperative. The Boys' Auxiliary was firmly established, and their mission labors would continue under Mrs. T. Veat, whom he appointed in Mrs. Bowen's place. A letter was read from the Lord Bishop of Algoma, thanking the Auxiliary for a sum of money sent to him for missionary purposes. The following sums were voted: \$50 for the parish appropriation; \$5 for the "Door of Hope"; \$5 for the diocese of Honan, China; \$5 for Kangra, India, \$5 for mid-Japan. It was arranged that the cheque for the appropriation should be given at the offertory next Sunday morning by one of the members who were to attend, if possible, in a body. The secretary was requested to write a letter to Mrs. B. C. Howard, thanking her for the gift of flowers, and also to Mrs. Mever for her kind assistance at the Boys' Auxiliary entertainment given recently. The meeting closed with the benediction.

Woods have moved on to their farm on the lake shore of Ditchfield. Mr. and Mrs. E. A. Connor, having sold their house on First Avenue, have moved to Sherbrooke.

### WHAT IS DOING IN GRANBY TOWN

**OPENING OF THE GOLF CLUB.**  
The formal opening of the Granby Golf Club took place on Victoria Day and was the most enjoyable function in the history of the club. The new tennis court was in readiness, and from early morning until darkness fell it was occupied by lovers of this game, both ladies and gentlemen taking part. The golf course was also in good order, and all day long the gentlemen members could be seen swinging their clubs and striding over the links. At noon luncheon was served in the clubhouse, everybody bringing a basket and partaking of the jolly meal together. In the afternoon tea was served by the wives of the executive members, small tables being placed on the wide veranda. The proceeds of this tea, which was in aid of the Children's Memorial Hospital, amounted to \$26. In the evening there was a "hop," when a merry party of young people danced the light fantastic, refreshments of ice cream and cake being served at 11 o'clock. The weather was beautiful, and when the time came to disperse, all agreed it was "the end of a perfect day."

**SPECIAL SERVICE WAS HELD.**  
There was a special patriotic service in keeping with Victoria Day held in the Methodist Church on Sunday morning last, when the Rev. A. J. H. Strike preached an eloquent sermon, taking as his theme Queen Victoria, in whose memory the day is kept, and speaking of her beautiful Christian character, her devotion to her family and her great love for the nation she represented. Mr. Strike concluded his sermon by extolling the greatest of all sovereigns, whom the world shall crown "lord of all." The choir sang the anthem, "To Thee, Oh Country Great and Free," by Eichburg, and Mr. Charles Hale, tenor soloist of Christ Church Cathedral, Montreal, sang "Resignation," by Caro Roma.

At the evening service Mr. Hale sang, "I Come to Thee," by the same composer, and Mr. Ross Strike sang Kipling's "Recessional." There will be no service in the Methodist Church next Sunday, as the pastor will be attending the annual conference in Montreal, but both the Methodist and Congregational congregations will worship in the church of the latter, and the Rev. A. F. Pollock will have charge of both services.

**BOY SCOUTS HAD GALA TIME.**  
The Granby Boy Scouts, with Scoutmasters MacIndo and Maton, left on the 8.45 a.m. electric cars for Montreal on May 24 to attend the inspection of the Boy Scouts of the province of Quebec by Sir Robert Baden Powell, K.C.B., K.C.V.O., L.L.D., chief scout and founder of the movement. There were nineteen in the Granby troop, and Mr. Charles Fogarty had the honor of leading the King's Scouts, which formed the guard of honor for Sir Robert Baden Powell at the Windsor Hotel, where a luncheon was given to the distinguished guest and his associates on Friday at the lunch hour. The Granby boys returned late Saturday night, tired, but happy, having had a day that will long remain in their memory.

**MEN ARE WAR WEARY.**  
Dr. George Elkins writes that he is now in England, having gone over via Le Havre. He says: "We were in France for five days and found their system wonderful. The housing was good, but the food poor. Everything is much better here in England. You people may think us impatient to get home, but we are just a lot of war-weary, homesick men, and not in the least Bolsheviks, as we are accused of being. We are hoping to leave for Canada about the middle of June. A Coaticook man is with me—his name is Blain. He was educated for a teaching brother and then went to British Columbia. I am no longer with the ambulance, as all Eastern Canadian men were sent to units demobilizing in the East, so I am attached to the Canadian Engineers."

**GENERAL NOTES.**

Mr. and Mrs. A. E. Solomon and family, Mr. and Mrs. C. A. Adams and family, the Misses Skinner, MacKinnon, Duffy, Bradford, Younie and Wiggins were among those who attended a picnic at Abbotsford on Victoria Day. The weather was perfect and the climb to the top of Abbotsford mountain and the magnificent view of the surrounding country was much enjoyed.  
Mr. J. Bruce Payne and fishing party have returned from Labelle, having had their usual good luck.  
Mr. and Mrs. Ellis Horner and party have returned from a motor trip to Plattsburg, N.Y.  
The Rev. W. J. Johnston, of West Shefford, preached in the Congregational Church last Sunday, both morning and evening. During his stay in town Mr. Johnston was the guest of Mr. and Mrs. J. Irving.  
Mr. W. P. Hibbard, who has been in poor health for some time, went to Montreal on Monday and consulted a doctor there, who advised him to go at once to the Royal Victoria Hospital for special treatment. Mrs. Hibbard and son, Mr. Harold Hibbard, left on Monday afternoon to be with him.

Mrs. W. J. Murray and Miss Jessie Murray, of Toronto, Ont., who have been visiting Mrs. Stephen Horner, left for their home on Tuesday.  
Mrs. W. O. Lewis spent Monday in Montreal.

**LIKED 'EM.**  
"William, go down into the library. In back of the top row of books there are—"  
"Cigars, sir?"  
"Yes; how did you find them?"  
"Oh, very good indeed, sir."

### RECONSTRUCTION IN BACK YARD

There's Plenty of Work for the Whole Family—Bring Out Spade and Hoe and Get Busy.

The day of the war garden is over and the era of the peace garden has dawned. In the spring of 1918 people plunged with such energy into the untilled soil around their houses that the whole country seemed to blossom overnight into serried rows of vegetables. They were answering an emergency call. The enthusiasm of patriotic motives lay behind their industry and they achieved their object. By united effort something like \$90,000,000 worth of vegetables was added to the country's food supply.

But much of the energy put into the war gardens was misdirected and futile. It was the first venture on the part of many, and mistakes were made, effort was wasted, results were in some instances discouraging. Now, however, the fever that marked the war gardener has died out and the need for peace gardens as a permanent part of the work of reconstruction becomes apparent.

The peace garden of 1919 and suc-

sary to buy some simple book on this subject. However, all that it is really necessary to know in this connection is that soils are of three general types—light soils which, in the main, consist of sand; good loam soils, which are ideal for gardening purposes; and heavy soils, which consist mostly of clays. If the garden soil is of the loamy type, a very little barnyard manure will enable it to produce good crops and make it retentive of moisture. Should the garden contain a light soil, however, it will require a much larger quantity of manure in order to enable it to produce crops, and if it has a tendency to be heavy the clay can be lightened by the addition of barnyard manure. Lime is also splendid for heavy soils. A bulletin on manures and fertilizers given in the list of free publications contains all the necessary information on this subject.

Tool requirements are of the simplest. A good spade, a digging fork,

ceeding years will be tackled more systematically than the war gardens of 1918. The foundation was laid last year for work that, as the years roll on, will expand and be an ever-increasing source of revenue, health and pleasure to everyone.

The great teacher, experience, has given the war gardener his first lesson. But further guidance is needed before embarking on the peace garden venture.

First Steps for the Gardener.

1. Find out all about the garden—(a) its size; (b) the type of soil; (c) whether it will need manure; (d) whether there are facilities for watering it in dry weather; (e) what tools are likely to be required.

2. Decide what vegetables are most suitable and what quantities will be necessary. Plan garden on paper.

3. (a) Find out what varieties of vegetables are most highly recommended; (b) how much seed of each kind will be required; (c) the dates on which the seeds should be sown. In order to obtain the information suggested in the first three steps it is necessary to secure some gardening bulletins and seedmen's catalogues. A list of free publications on gardening is appended.

The Soil.

1. The fundamental question of soil is referred to in the first step, and to become a skilled gardener it is neces-

sary to have some kind of simple sprayer, particularly if the garden includes potatoes.

2. The second step relates to the crops which are to be grown. Some gardeners make the mistake of growing too much of one kind of vegetable because it happens to be particularly easy to raise. For instance, carrots and beets yield well, and a few rows will supply a household's needs for the winter. Corn is a delicious summer vegetable, but is not very profitable for the small garden. Peas, also, although popular, occupy too much space for the yield they give. Therefore, if one has to cut down on vegetables for lack of space, it is well to remember that there are certain varieties which take up too much room for the returns they give.

3. The third step relates to the best varieties of vegetables. A great deal of experimental work has been undertaken to find out what varieties are best suited to the home garden, and much information on this subject is available in pamphlet form. It is well to remember that there is a vast difference in varieties. Take potatoes, for instance. Some varieties yield twice as much as others, and the householder who fails to plant the right kind may find his supply of potatoes exhausted before the

winter is half over. A good thing to remember in the case of the potato is that the source of the seed is an important factor in the yield. Local seed should never be planted if seed from a more northerly location is obtainable.

Prodigal sowing of seed means a great wastage annually, and the beginner is usually the transgressor in this respect. There is no advantage in sowing seed too thickly if it is bought from a reliable seedman. For instance, carrots and parsnips, if sown profusely, have to be thinned out several times. This only entails additional work.

In the case of beets and onions, however, thick sowing is not so much of a disadvantage, as the beets can be thinned out and used as beet greens, while the onions can be treated similarly and used as small onions. The most important point is to sow the seed at the right date. Too much emphasis cannot be placed on this, and the gardener is referred to the bulletins on this subject for fuller details about sowing.

Practical Preparations.

The practical work, covering a period of from six to eight months, includes: (1) soil preparation; (2) sowing the seed or putting out the plants; (3) subsequent care and

Harvesting the Crop: Some of the root crops have a fine flavor when harvested before they are fully mature. This is especially true of beets. As a rule, however, it is wise to let most of the root crops mature. If they are left in the ground too long, the fibre is apt to become hard and stringy. Exceptions to this rule are parsnips and salsify. These crops may be left in the ground until the following spring, if desired. All roots should be harvested on a dry day and left on the ground for a few hours before they are taken into the cellar. This will prevent taking in too much of the soil which is sure to adhere to them if they are pulled during a wet period. Their keeping qualities are also likely to be enhanced when harvested under proper conditions.

## WILL PROHIBITION DECREASE CRIME?

"For the average drunkard to reform with a saloon on every corner is about as easy as to hoist one's self out of hell by one's bootstraps."

This is a statement made in Hallie Erminie Rives' book, "The Long Lane's Turning," which has been dramatized for Henry B. Walthall.

The question of the saloon or prohibition is one that is dominant at the present time. The country will soon see if the claims of prohibition are justified, but in the meantime the assertion at the head of this column will find many adherents.

The question is treated in "The Long Lane's Turning" in a highly dramatic and original way. How one victim reformed is shown with the highlights of love, honor, blackmail and murder thrown on the screen in a play that will undoubtedly create a lot of discussion.

THIEVES AGAIN AT WORK ON BROMPTON RD.

"Rack-a-Rock" Burglarized in Absence of Caretaker-Robbery Was Well Timed.

What to all appearances seems to have been a well-timed and systematic burglary was performed at Rack-a-Rock, on Brompton Road, yesterday between the hours of three and four in the afternoon, and about \$50 in money and various household articles stolen.

Frank Bradley, caretaker of the place, left the house early in the afternoon, leaving instructions to his wife to meet him at three o'clock, Mrs. Bradley left on time, leaving the house locked.

At four o'clock, Mr. Bradley's boy, returning from school, found the house broken into from a lower window, the burglars evidently having waited until Mrs. Bradley's exit, to get to work.

The stolen goods include a brand new \$35 suit of clothes, several children's banks, a revolver, a razor and a suit case. The latter was found afterwards, broken up, the thieves having evidently carried away the stolen goods in the grip.

Two suspicious looking men are said to have been seen in the section near Rack-a-Rock yesterday, and the Police are working on the case.

LOCAL W. C. T. U. HOLDS ITS FINAL MEETING OF YEAR

Disbands for Season After Appointments are Made and Reports Read.

Closing work for the season and transacting a great amount of business along various lines, the Sherbrooke W.C.T.U. held its final meeting of the year at the residence of Mrs. George Armitage, on Monday last, the gathering being presided over by Mrs. Armitage, and the devotional exercises conducted by Mrs. Perry.

The minutes of the last meeting were read by Mrs. McDonald, retiring secretary, and confirmed, and the report of the Rugg Memorial Fund was given by Mrs. G. E. Hyndman, \$242.25 had been raised in various ways, which was sufficient for the scholarship in the High School, also for the photograph, and accompanying brass plate, to be placed in the school. The report was heard with much satisfaction.

A letter was read from Kitchener, Ont., referring to the establishment of a Travellers' Aid department in connection with the W.C.T.U., and asking for the co-operation of the Union, but as another has undertaken this work in the city, it was not thought advisable to take steps in the matter at present.

Mrs. Hyndman read a letter from Sir Lomer Gouin, Premier of the Province, acknowledging the receipt of a communication from the Sherbrooke W.C.T.U., expressing dissatisfaction with the half-measure of prohibition carried out, and also a response from Mr. E. C. Gatten, city treasurer, to a resolution passed by the Convention.

Mrs. Plav, the newly-elected corresponding secretary, presented an able, well-written and comprehensive report of the County Convention held last week. A very cordial vote of thanks was unanimously passed to Mrs. Philip Hovey, convener of the Entertainment Committee, and her assistants for the excellent luncheon and tea provided on Convention day.

The flower collection was taken up and the meeting closed with the Mizpah benediction.

Superintendents of Departments. The following superintendents of departments were appointed: Missions-Mrs. R. A. Ewing; Evangelistic Work and W.C.T.U. papers, Mrs. Dan; Sunday Schools, Mrs. B. C. Howard; Party meetings - Mrs. Wyatt, Mrs. C. E. Joslin, Mrs. Ward and Mrs. E. G. Pierce; Lord's Day Observance-Mrs. B. A. Doyle and Mrs. Lawrence Cook; Flower Mission-Mrs. G. E. Hyndman, Mrs. B. C. JUDGMENT IS RESERVED IN ASBESTOS CASE

Counsel for Jacobs Mining Co., of Thetford Mines, Says Funds are Available.

MONTREAL, May 28.-Argument was concluded before the Court of Appeal yesterday and judgment reserved on the appeal of Sir Mortimer Davis from a judgment rendered by the Superior Court dismissing appellant's petition for an interlocutory injunction to restrain the Jacobs Asbestos Mining Company of Thetford, Limited, from payment of a ten per cent. dividend in accordance with a resolution of the directors.

The main argument of the petitioner was that as the directors had devoted the major part of the year's profits to other purposes than the dividend, there was not sufficient balance available to meet the dividend payments.

Against this, Aime Geoffrion, K.C., on behalf of the respondents, yesterday stated that the money which the directors had taken out of the company's profits and invested in the manner stated by the respondents, and petitioner in his argument on Monday could always be called back by the directors if the exigencies demanded it to meet the declared dividend. The directors had not impaired the company's capital. Their distribution of profits was only a provisional measure. A good administration should so that the amounts involved should not remain idle during the course of the year. In the circumstances, counsel asked that the appeal be dismissed and the judgment a quo confirmed, with costs.

J. L. Perron, K.C., appeared with Mr. Geoffrion for the respondents, and petitioner's case was supported by J. A. Mann, K.C., with Eugene Lafleur, K.C., and C. H. Cahon, K.C., as counsel.

In the Superior Court yesterday, the Jacobs Asbestos Mining Company of Thetford was defendant in an action commenced before Mr. Justice MacLennan, in which the Ebrat Manufacturing Co. is suing for \$286,893.75 for alleged breach of a contract in which the company defendant undertook to supply 2,550 tons of asbestos of a certain fibre to the plaintiff, in accordance with conditions reported when the case was called in court on Monday.

Evidence was given yesterday by the production of a large volume of correspondence and by testimony of the market price of asbestos at different dates in support of the claim of the plaintiff, the company stating that the amount demanded in the action represented the difference which had actually to be paid for asbestos in the open market after defendant failed to complete the contract and the price agreed upon in the contract.

The defence is that the plaintiff by a variation of the contract, waived the stipulations first agreed upon as to the dates of the delivery of the product, and that, through war and other conditions, failure to comply with the demand of plaintiff when made was force majeure.

Further hearing will go on this morning.

G. H. Montgomery, K.C., N. K. Laflamme, K.C., and Walter Shanko appear for the company plaintiff, and M. Hampton Todd, advocate, of Philadelphia, holds a watching brief; J. L. Perron, K.C., and Aime Geoffrion, K.C., represent the company defendant.

**GREAT DECREASE  
IN DRUNKENNESS  
SINCE MAY FIRST**

**Local Police Records Contradict Pessimistic Prophecies—Only Three Arrests Since May Second.**

"Prohibition, indeed," scoffed the flobby-looking man with the large nose and the string tie in the Pullman car, a few days before May 1. "What good will prohibition do?"

"If they can't get liquor," replied the quiet little man next to him, with the ministerial appearance and the straw suitcase, "they can't get drunk."

"Rot!" sneered the sceptical one, "they'll get it all right; and, believe me, there'll be more drunkenness than ever. It's human nature to want what you're not supposed to have, and they'll get it. Take it from me, they'll get it." And the flobby-looking man, with the red nose and the string tie, laughed again at the unsophistication of his companion.

All of which, an ancient history. Since then partial prohibition, cutting off the sale of anything stronger than the proverbial "light wines and beer," has been put through, and after two or three gloriously illuminated days, things have settled down to an almost Ontario appearance.

And with the coming of the first of May the sceptical individual in the Pullman car—and his numbers were legion—has been contradicted by cold, hard facts—the very coldest and hardest of facts—statistics.

**POLICE RECORD REVEALS TRUTH.**

At the local police station is kept big, flat book, in which is recorded the happenings of the day and the various adventures, captures and reports of the various strong arms of the law. In that book may be seen the records for the past several months, and figures there show the difference.

In April, according to the book, a total of 104 prisoners were handled by the local police, of whom seventy were persons more or less worse for alcohol. In the month of May, which is now drawing to a close, there have been up to date exactly thirty-one prisoners, of whom fifteen have been arrested for drunkenness.

Those figures in themselves are quite remarkable, but when it is found that of the fifteen arrests for drunkenness twelve were made on the first two days of the month, they become a brick wall of contradiction to the pessimistic prophecies.

Since May 2, when the various hangers were disposed of, and the various miscellaneous supplies of hard liquor disposed of, there have been just three arrests for intoxication, an infinitesimal percentage of those in April.

"And if they say that temperance isn't a good thing," said a prominent police official today, "they don't know what they're talking about." Which is just about the way it stands.

**Drifted South of Course**

"We preferred to navigate chiefly by celestial observations, and my position, as worked out by the stars, was virtually correct. I found when picked up. I used a cloud horizon instead of a sea horizon, as the sea was hardly visible any of the time we were in the air. During the first four hours after leaving we passed over banks. The clouds below were like a sea, giving a perfect horizon. I had only to judge our distance above them and take the sun as on a sea horizon. About seven o'clock Greenwich time I saw the sea for a few seconds through a hole in the fog or cloud bank. I thus obtained some idea of the drift of the machine by noting the breaking waves through the drift indicator. We were then at a height of 4,000 feet and climbing, the drift being ten degrees to the right of our course, which I had already allowed for on starting, owing to the northeast wind that was blowing.

"Up to 1:15 o'clock we started to make a true east course, not magnetic east. During that period I took sights every hour. At 1:15 I made out that we were 400 miles from St. John's. We then altered our course to 73 degrees east true, to keep in the track of ships, which we should just have entered at that time. The clouds were further broken up and made sights impossible until about 1:30, when I managed to get the pole star down to a flat piece of cloud and was surprised to find we were about 150 miles south of our course. We immediately altered our course a little to the northward to counteract this drift, but from a further sight obtained half an hour later I found we were still setting southward, and realizing that a very strong northerly gale must have been blowing, made a decided alteration to the northward and worked the machine up to latitude 50 degrees north and into the track followed by ships."

**SIX POUND TROUT.**

Mr. W. H. Lovell returned from the Wolfe County Fish and Game Club this week, with a six pound trout which he caught at the pine tree, Sunday lake. This is the largest trout taken at the club lakes in recent years.

**Publicity Committee of Board of Trade Submits Plan in This Connection—Report Before Council of Board.**

The publicity committee of the Board of Trade met a few days ago to discuss the question of city publicity and has placed before the Council of the Board the following report as embodying the views of the committee.

"To the Council of the Board of Trade.

"Gentlemen—Your Publicity Committee beg to report the following plan, which in its opinion would constitute a comprehensive publicity programme for the city.

"Office Information.—We recommend that the secretary at once proceed to compile complete detailed information on industry, trade and commerce, power, freight rates, electric rates, sites, and all other matters pertaining not only to the city, but to the district, which would be of interest to a manufacturer or commercial house seeking establishments or trade relations with Sherbrooke. We believe the Board of Trade office should be organized as an efficient information bureau with regard to Sherbrooke and district, and that this should form the basis of our publicity.

"Literature.—We do not recommend at present the publication of an expensive booklet, but we believe that striking facts bearing upon Sherbrooke opportunities should be available in attractive printed form, and recommend that such be compiled and printed.

"News Reports.—The best publicity, in our opinion, consists of timely news items published in outside papers. For instance, the passing of a paving by-law, the establishment of a new industry, the construction of a new suburban highway, etc., etc., if reported to Montreal and New England newspapers promptly would be used. In order to take advantage of this opportunity, constant vigilance in the Board of Trade office and close co-operation with local correspondents are necessary.

"Advertising.—We recommend that the City Council be asked to appropriate a sum for paid advertising in a selected list of outside publications, such advertisements being designed to make known Sherbrooke's opportunities in the matter of power, sites and other facilities for the establishment of new industries.

"House Organ or Monthly Bulletin.—We believe the publication of a monthly sheet, somewhat along lines of that issued some time ago, embodying information regarding the city and district and of Board of Trade activities would be a valuable aid to publicity and that it should be undertaken if the finances of the Board permit and the staff has the time to devote to it. Such publication should be sent, we believe, to members of the Board and to a carefully selected list of say two hundred New England industries.

"Correspondence.—"Try out" letters to industrial concerns, with follow-up correspondence where prospects develop, is most effective publicity. The Industrial Committee already very efficiently handles this in the matter of active prospects. We believe the office should systematically send to possible prospects "try out" letters with some printed information sheet or pamphlet enclosed.

"Office on Exhibition Grounds.—We believe the Board should conduct, as it has done in times past, an information office in the Main Building at the Exhibition.

"The above for your consideration is given as an outline of what your committee believes would constitute comprehensive publicity and, if approved, submitted for general guidance of the office."

**GOT AWAY TO A REAL  
FIRST CLASS START**

LONDON, May 28.—In a statement made to the Daily Mail's correspondent at Edinburgh on Tuesday, Harry G. Hawker said regarding his attempt to cross the Atlantic:

"We started because the weather was better and the moon was dying fast, and if we had not started then we might have missed the change of being first across.

"The Americans were off. They were very serious propositions. They had one leg to go, and we had one to go. We knew that one American machine had reached the Azores, and reports came that all were there. That was very serious, and we had decided overnight that we would start if the weather was at all hopeful.

"As a matter of fact we went away on fewer weather reports than we had had any day previously. It was a splendid get off—much better than we had expected.

"We passed over Quivirdi two thousand feet, being six inches from the airframe in a straight line, a jolly good climb with that load. We saw Raynham and his machine, surrounded by a crowd, and kissed him good-bye."

**LOCAL RUBBER  
COMPANY PLANS  
AN EXTENSION**

**Panther Rubber Manufacturing Co. Will Put Water Street Building in Use and Take Up Tire Line.**

That Sherbrooke will soon have a full-fledged tire-manufacturing plant, which intends taking up the manufacture of automobile tubes as soon as suitable machinery can be transported is the announcement made from the Industrial Committee of the Board of Trade, in regard to the long-rumored extension of the Panther Rubber Company.

The company, started here five years ago, has grown steadily, and their present quarters on Jencks Lane are crowded to the limit. Another building which has stood for some time unused on Water Street, will soon be put into use, and will take up the manufacture of tubes and what is known in the rubber trade as "mechanical lines."

For some time, it has been the intention of the company to extend its business, which now covers only the manufacture of rubber soles and heels, and the present extension comes as the result of much planning.

Asked yesterday as to the plans for the new plant, Mr. C. A. Joslin, head of the company, said that the Water street building would be put in use as soon as the machinery, already purchased, should arrive. He had recently returned from Boston, where he interviewed some of the American stock-holders, and said that preparations were already being made for the installation of the new equipment.

Mr. Joslin expressed his opinion that the tire line was the greatest branch of the rubber manufacturing business today, and gave ample room for the expectation that Sherbrooke would soon have a large factory, doing an extensive business in this department of the trade.

**Hon. C. C. Ballantyne Informs Delegation that Government Could Not Give War-Time Prices to Ship-Builders.**

MONTREAL, May 23.—Hon. C. C. Ballantyne, Minister of Marine and Fisheries, met a delegation of the Canadian Marine and Labor Federation, embracing all shipyards east of Port Arthur to the Atlantic, in Ottawa yesterday.

Mr. H. Kerwin, president of the Federation, introduced the delegation, and asked the Minister if the Government contemplated increasing its shipbuilding programme, and if so, to what extent and how soon.

The Minister said the Government was doing all it could to relieve unrest by endeavoring to provide work for the present year and probably part of next, and had forty-five ships in the course of building at a cost of \$53,000,000. He expected to place the Government's shipbuilding programme before the House this week if the business of the Government permitted. He added that the Government could not give wartime prices to shipbuilders, and they would have to reduce their prices. He said that the Government paid no bonuses, and there was no duty on ships. The Government would build ships if the firms would quote fair terms.

**QUALITY  
is of supreme importance in  
these days of reconstruction**

Before the war, during the war, "Quality" was our inspiration; it is our watchword now. One of the great lessons men learned from the war, was a sense of economy, a desire to make every dollar count. Rosenbloom Clothes are a great factor in every family budget, because they wear well and hold their shape. Made for us to our special order from all wool fabrics.

**English Grand Opera Deserves Every Encouragement—A Big Undertaking to Bring Company Here.**

In these days of fox-trots, jazz bands and jaded business men, artists who appeal to the public from a higher plane frequently find that the path of dramatic glory lead but to the financial grave and it is indeed only the fittest who survive. Outside of a few centres on this continent, Grand Opera runs Shakespeare a close second as a hazardous experiment, while to sing in English is to tempt the gods still further.

Why the operatic patron should prefer a libretto of which he can understand nothing to one that enables him to follow the dramatic action of the plot, does not readily appear, unless through a mistaken impression that only second-rate artists condescend to use their mother tongue. If more encouragement were given to English Grand Opera, the result would be to broaden its appeal among many people who shy in alarm at anything "classical" but would quickly lose their prejudices once their ears had been charmed and their senses stirred with the glories of such masterpieces as are to be presented at His Majesty's Theatre this week.

For the reasons indicated, few impresarios have been able to make an enduring success of English Opera, and Joseph Sheehan deserves credit as one of the few.

Mr. Sheehan's personal following and able direction are proved by the fact that he has maintained a permanent organization until this day and built up a galaxy of stars, many of them in the first flush of their promising career. Of late the company has made a practice of alternating entire seasons between Boston and Chicago and it is but little more than a month since a sixteen weeks' engagement was concluded in the western metropolis. Sherbrooke, therefore, may consider itself privileged to enjoy so unusual a treat and should demonstrate its appreciation in a practical manner, in order to encourage further visits by these and other first-rate artists.

In person, John Sheehan is an unaffected, manly man, with a powerful frame that enables him to assume the most exacting roles with a minimum of effort, and a rich, appealing tenor that rivals that of Caruso himself in range. Of his support, their records, coupled with the notices that they have just received from competent reviewers in Montreal, are earnest of their merit, and those who fail to see at least one of their offerings will be depriving themselves of an evening of delight.

**OPERA ENGAGEMENT AP-  
PRECIATED.**

That the engagement of the Boston English Opera Company, at His Majesty's this week is being much looked forward to is evidenced by the large number of applications from outside districts. The following letter, received by Manager Duncan, from a prominent resident of Cookshire, speaks for itself:

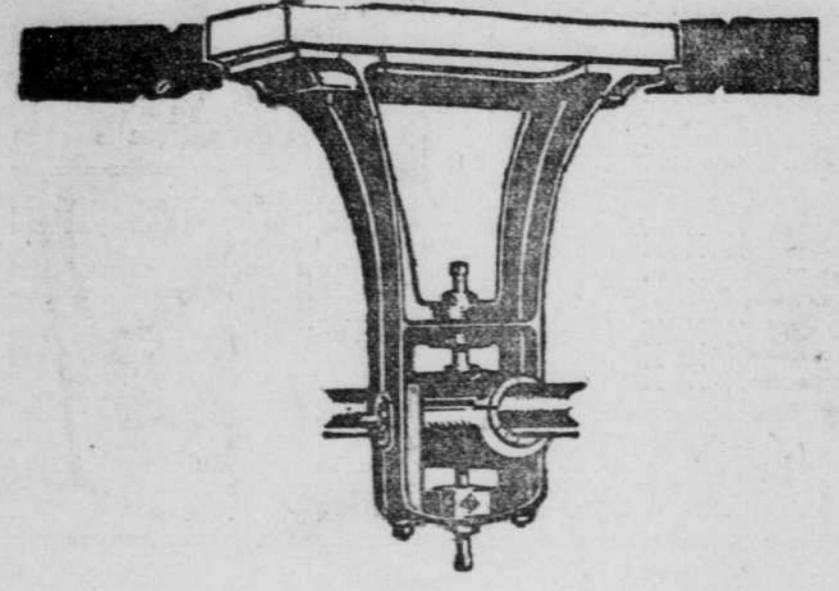

"Dear Sir:—Enclosed please find the sum of ten dollars and sixty cents for two season tickets for the three operas to be given in your Theatre on May 29th, 30th and 31st.

"I leave the selection of seats for my wife and self to your judgment. And here I wish to express my appreciation of your endeavour to give us something real in the musical line. We have too little of this phase of refining education. We are hiring a car to bring us down for the three nights, the car costs \$6.00 a trip. You can see that we realize the pleasure in store for us.

**HORSES for SALE**

On Tuesday, May 26th, I will unload two more cars of horses which have been bought out of the collars from farmers of Western Ontario. This will be without a doubt the best lot of horses and mares which have been unloaded here for some time, and will be sold at very reasonable prices. If you are in need of a horse, you will make no mistake by purchasing from this stable, as every horse will be sold, as my other leads, with a full guarantee to give satisfaction in every way.

**A Plain Statement of Policy**

YOU have seen A.H.M. advertising before. You will see it again. We shall continue our efforts to make it a fit representative of the character of this house, and of the product which we sell.

At the opening of each new season, we will make a plain statement of the conditions which govern the market for shoes, and will endeavour to give you clear and impartial advice as to how you may obtain the best possible value. We will seldom ask you to buy A. H. M. Shoes, being content to leave that to your own good judgment.

In a word, we shall continue in our advertisements, and in such printed matter as we issue, to tell the Canadian public how they may obtain shoes of good quality at fair prices. For the success of this company depends, in the long run, upon that very thing.

Our booklet "How to buy Shoes" will be sent with our compliments to any address in Canada. Please mail requests to our head office at Montreal.
