

OPENING DAY AT CANADA'S GREAT EASTERN EXHIBITION

Geo. H. Perley, Canadian High Commissioner Guest of Directors to-Day. President Morris Optimistic as to The Result. Programme of Sports This Afternoon. Many Recruiting Squads on the Grounds. Record Attendance is Expected. Large Number of Racing Horses Entered for Various Events. Fine Quality of Stock on Exhibition.

The 32nd Annual Exhibition of the Eastern Townships Agricultural Association opened at noon today in rather dull and cool weather. All the trains arriving in the city since Saturday are crowded with visitors and the streets and thoroughfares again show that Sherbrooke's great annual event is now on. Special excursions with low fares will be run by the different railway companies on Wednesday and Thursday.

An attractive programme of sports with special attractions in honor of Labor Day, is the principal feature this afternoon. This is a new de-

parture from previous years and if it proves successful will be made a permanent part of the programme for future years.

SIR GEORGE PERLEY TODAY'S GUEST

Sir Geo. H. Perley, High Commissioner for Canada in London arrived at noon and was entertained to luncheon on the grounds by the directors. Sir George is addressing a recruiting rally on the Exhibition grounds this afternoon. At five o'clock he will be the guest of the Board of Trade.

PRESIDENT'S OPTIMISTIC OUT-LOOK

Mr. W. Morris, president, says: "From all appearances we will have the best Fair we ever had."

"All the departments—Livestock, Agricultural, Poultry, Horticultural, Machinery, Main Building, Dairy, Ladies and Arts, are filled to the limit. The management were reluctantly compelled to refuse several entries for want of space in the main buildings. All indications point to a record Fair. Horses are well up to the mark, sheep and swine entries are very good. The live stock and agricultural entries are still coming in and promise to be exceptional."

MR. E. W. FARWELL, Vice-President of E.T.A.A.

ly good. We have two new herds of cattle from Ontario and one from Quebec.

In the Dairy Department the entries are better and larger than for many years and the same thing applies to the poultry exhibits. The sections are filled with exceedingly fine displays. The attractions and the midway are the finest going.

"After many years of work the Exhibition authorities are looking to a broader field. They have launched fourth to endeavor to attract people from Montreal and other large cities and have received a large number of very encouraging letters. They believe their efforts to enlarge the scope of the Fair to bring visitors from a longer distance will eventuate in now in its 32nd year, it has in the past been appealing largely to the Eastern Townships people, but the Board felt it had now reached a stage when its field and influences should be extended. The directors are extremely gratified with the response their efforts have met in this direction."

"Recognizing the importance of the Eastern Townships Associated Boards of Trade and the fact that the interests and aims of this im-

and families will make full use of it.

"Despite the fact that the shortage of labor is very keenly felt generally, and that all the exhibitors and contractors have found it very difficult to procure the necessary help for themselves, the Exhibition authorities have been able to meet the situation as far as their own help is concerned, and have been successful in procuring all the officials and workmen required."

RACES AT THE SHERBROOKE FAIR

The racing begins on Tuesday, and should be one of the best race meetings of the year in this northern country, and some of the very best stake horses of the year will compete along with the best class horses of the season. The classes are all well filled. There will be a good field of horses in each event. All that is needed is good weather to make it one of the best if not the very best ever held in Sherbrooke. The track was never faster than now and fast time may be looked for in each race. Friday will be one of the best race days of the meeting with three races and any unfinished races held over.

Below is a programme for each day:

Tuesday, Sept. 5th—2.35 Class Pace \$300.00; 2.27 Class Trot—\$400.00.

GREAT STRIKE CALLED OFF

President Wilson Signed Measure Averting Walk-out on Board Car.

NATION-WIDE RAILWAY STRIKE WAS SET FOR THIS MORNING.

Washington, Sept. 4.—(Special)—Seated in his private car, the "Federal," at the Union Station, President Wilson signed the railroad eight-hour bill at 9.11 o'clock yesterday morning, consummating the successful effort of the Government to avert a national railroad strike, which had been set for seven o'clock this morning. The only persons who saw the signing of the measure were Mrs. Wilson, her brother, John R. Bolding, and Rudolph Foster, the White House executive clerk. The President used four pens to write across the bill: "Approved, 3rd September, 1916.—Woodrow Wilson."

VOTE WAS PARTY ONE. The pens were presented to the four heads of the railway brotherhoods. To meet any question of the legality of the act being signed on Sunday, the President will sign it again when he returns to Washington on Tuesday.

The legislative expedient to avert the strike was passed in the Senate by a vote of 43 to 28—almost a strict party vote.

PRES. WILSON REVIEWS RECORD

Accepts Nomination and Says His Foreign Policy Straight and Simple.

Shadow Lawn, N.J., Sept. 4.—President Wilson formally accepted his renomination Saturday afternoon, with an address recounting the legislative record of the Democratic party, a defence of his Mexican policy, his dealings with the European belligerents and an outline of his view of America's obligations for the future.

Speaking of his diplomatic negotiations with the European belligerents the President followed a declaration that while property rights might be vindicated by claims for damages, the loss of life and the fundamental rights of humanity never could be, with this statement:

"The record is clear and consistent throughout and stands distinct and definite for anyone to judge who wishes to know the truth about it."

Immediately afterward he said: "I am the candidate of a party, but I am above all things else an American citizen. I neither seek the favor nor fear the displeasure of that small alien element amongst us which puts loyalty to any foreign Power before loyalty to the United States."

Regarding his Mexican policy, the President reiterated that the people of Mexico were struggling "blindly it may be—and as yet ineffectually"—to free themselves from alien interests, "some of them Americans pressing for things they could never have got in their own country," and that he would do everything in his power to prevent anyone standing in their way.

"It is hard doctrine," said he, "only for those who wish to get something for themselves out of Mexico." At another point the President said:

"Mistakes I have no doubt made in this perplexing business, but not in purpose or object." He declared at another point:

"I am more interested in the fortunes of oppressed men and pitiful women and children than in any property rights whatever."

CANNOT INTERFERE WITH RECRUITING

ORDER-IN-COUNCIL PASSED PROVIDING FOR PUNISHMENT.

Ottawa, Sept. 4.—The Government has taken action to prevent any recurrence of such interference with recruiting meetings as recently occurred in Montreal. An order-in-council has been passed, expressly legalizing present recruiting meetings and providing penalties and punishments for those who seek to hinder them.

DROWNED AT LENNOXVILLE

Body of Unknown Woman Recovered From River Yesterday

INQUEST AT TOWN HALL TONIGHT.—DECEASED WAS SEEN IN VILLAGE ON SATURDAY.

Lennoxville was thrown into a state of excitement yesterday afternoon when it became known that the body of a woman apparently between 40 and 45 years of age had been taken from the St. Francis River, a short distance below the long bridge. One of the residents Cedric Bailey who was passing by at four o'clock saw the body floating in the water and informed Constable Dundin who hurried to the spot took the body from the river and removed it to the Town Hall.

Coroner Bachard has been notified and will hold an inquest at the Town Hall at 7.30 to-night.

DESCRIPTION OF WOMAN. The description of the woman furnished by Dr. Henry is as follows: Dark brown hair commencing to turn grey, light brownish eyes, small round face, height 5 ft. 1 in. Deceased wore a dark blue velvet dress with buttons of the same material, tanned mohair toque trimmed with brown silk, pale white cotton roses in front of torso and a wing of dark brown silk on each side. She had false teeth, right eye tooth capped with gold, and wore a wedding ring on left hand.

A brown gilt trimmed handbag was found on the river bank, also a set of false teeth and a gold collar pin.

NOT IDENTIFIED.

Up to noon to-day deceased had not been identified. The coroner would be glad of any information which would lead to identification. Constable Dundin gave it as his opinion from the appearance of the body that the woman had been in the water sometime, probably since Saturday afternoon. She was seen round the village on Saturday.

UNREST AMONG RAILWAY MEN

British Workmen Want More Wages Owing to Increase in Cost of Living

London, Sept. 4.—Addressing a meeting of railway men at Derby yesterday, James Henry Thomas, M.P. for that constituency, and secretary of the Amalgamated Society of Railway Servants, referred to the unrest of the railway world arising from the new demands for increased wages owing to the high cost of food. He declared that the Government's intervention had failed to bring the two parties together to discuss the situation. Some of the railway workers had threatened to cease work immediately unless satisfactory assurances were given and he appealed to them not to precipitate matters, although he declared that the situation was becoming dangerous.

HUNGARY IS SHORT OF MEN

Could Not Send an Adequate Force to Defend Transylvania

Budapest, via Amsterdam to London, September 4.—In reply to questions regarding the reason Rumanian troops were allowed to penetrate Hungarian territory count Stephen Tisza, the Hungarian Premier, speaking in the Upper Chamber, said: "The long Hungarian boundary at many points offered openings to the Rumanians, and so long as no great forces are at the disposal of the defenders, Hungary is always exposed to the danger of being surprised by a superior enemy. When Rumania's military activity was observed at the frontier it was impossible to send adequate forces to defend Transylvania owing to the Russian offensive further north. We had only men enough to delay the Rumanian advance, and this our troops accomplished most heroically."

INFANTILE PARALYSIS AT SARNIA, ONT.

Sarnia, Ont., Sept. 4.—(Special)—The second case of infantile paralysis to develop in Sarnia was reported to the health office here to-day. The patient is the three-year-old child of Charles Cole, whose residence has been placed under the strictest quarantine.

St. Thomas, Ont., Sept. 4.—The sixth case of infantile paralysis to develop in St. Thomas came to the attention of the health authorities here yesterday.

KING OF GREECE STILL HOLDS OUT

Roumania's Entry Has No Effect in Changing Greek Policy.

London, Sept. 4.—(Special)—A despatch to the Times from Athens states that King Constantine has informed the Entente Allied ministers that he is not inclined to reconsider the Greek policy, notwithstanding Roumania's entry into the war.

DEMAND CONTROL OF POSTS AND TELEGRAPHS.

Athens, Sept. 2, via London, Sept. 4.—(Special)—Representatives at Athens of Great Britain and France this evening presented to the Greek Government a note demanding control over the Greek posts and telegraphs, and insisting on the deportation from Greece of agents of the Central Powers.

GERMAN PROPAGANDA LEADER NOW IN ATHENS.

London, Sept. 4.—(Special)—According to press despatches received here from Athens, Baron von Celenk, director of German propaganda in Greece, has returned to Athens and barricaded himself in his house, which he surrounded by a score of Arab guards for the purpose of protecting him against molestation.

AIR SQUADRON MAKES RAID ON ENGLAND

Two Killed and Thirteen Injured by Bombs Dropped From Hun Zeppelin

London, Sept. 4.—A squadron of thirteen German Zeppelins raided England shortly before eleven o'clock Saturday night, with London and the Eastern Counties apparently as their objective. An official statement announces that one of the raiders was brought down in flames. The following communication describing the raid was issued by the Field Marshal, Commander-in-Chief of the Home Forces, at six o'clock last evening:

"Careful inquiries show that the casualties and damage caused by the air raid last night were quite disproportionate to the number of ships employed. The number of casualties which have been reported are as follows:

"Killed—One man and one woman.

"Injured—Eleven men and women and two children.

"No casualties occurred in the Metropolitan Police district; twenty-five houses and some outbuildings were slightly damaged; two water mains were cut, and three horses were killed.

"Elsewhere the damage was very slight, a certain number of cottages being damaged, as well as a church, while a fire occurred at some gas works.

"There was no military damage of any sort."

ONE WRECKED, TWO DRIVEN OFF

An earlier statement says: "Three airships only were able to approach the outskirts of London. One of them appeared over the northern district about 2.15 in the morning, where she was picked up by searchlights and heavily engaged by anti-aircraft guns and aeroplanes. After a few minutes the airship was seen to burst into flames and fall rapidly towards the earth.

"The ship was destroyed, the wreckage, engines and half-burned bodies of the crew being found at Oufey, near Enfield. Experts hope to reconstruct certain portions of the framework. The large amount of wood employed in the framework of the Zeppelin is startling, and would seem to point to a shortage of aluminium in Germany.

"The other two ships which approached London were driven off by the defences without being able to approach the centre of the city."

GERMAN SUB. SUNK SHIPS OF ALLIED FLEET

Athens, Sept. 2, via London, Sept. 4.—Ships of the Entente Allied fleet sank a German submarine this morning off Phaleron.

The Weather

Generally fair and a little warmer, a few local showers by night.

BRITISH AND FRENCH GAIN GROUND ON SOMME FRONT

Advance of Allies Closing in on Combles. In Various Attacks About 3000 Prisoners Were Taken Together With Large Number of Guns. Furious Battles Raging Between Russian and Austro-German Forces in Galicia, South East of Lemberg. Berlin Says Main Pressure of Russians Being Exerted Against Kovel

London, Sept. 4.—(Special)—A combined attack by French and British forces on the Somme front, on Sunday, resulted in an important gain of ground between the villages of Forest and Clerly, which lie to the south of Combles and the east of Maurepas, over an extent of nearly four miles. These two places were occupied by the French, while the British captured a part of the village of Gluchy and gained total possession of Guillemont. Thus the advance of the Allies is closing in on Combles, which at present is a powerfully fortified German stronghold.

3,000 PRISONERS.

In the various attacks launched by the British and French upwards of three thousand prisoners were taken, together with a large number of guns. The artillery action prior to the infantry attacks was of great intensity along the Forest-Clerly sector, while both British and French inaugurated further attacks at various other points.

FRENCH TAKE TRENCHES.

The German positions east of the village of Fleury were also overrun by the French, who carried several trenches and organized works. The Germans returned to their attacks in the Verdun sector, sending large forces of infantry against the French positions at Vaux and Chaptre, and after heavy fighting gained a foothold in one of the French salients. At points the fighting apparently continues with the utmost severity.

TRUONS TRY TO STEM RUSSIAN ADVANCE.

In the Balkans, German and Bulgarian troops have already crossed the Dobruja front in Southeastern Roumania, doubtless with the object of preventing the advance of the Russians through that territory into Bulgaria, and possibly to Constantinople. "Killed—One man and one woman. "Injured—Eleven men and women and two children. "No casualties occurred in the Metropolitan Police district; twenty-five houses and some outbuildings were slightly damaged; two water mains were cut, and three horses were killed. "Elsewhere the damage was very slight, a certain number of cottages being damaged, as well as a church, while a fire occurred at some gas works. "There was no military damage of any sort."

FIGHTING FIERCE IN GALICIA.

Furious battles are in progress between Russian and Austro-German forces in Galicia east and southeast of Lemberg. Berlin reports the repulse of the Russians, but Petrograd declares that the Teutons have been driven from fortified positions, and that several heights have been captured.

SHOT DOWN ZEPPELIN.

The shooting down of a Zeppelin, one of a large number of German raiders, on the east coast of England, has caused much enthusiasm among the British because of the indication thus given of the efficacy of the air defences protecting London.

The airships, although they dropped many bombs, did very little damage. Unofficial reports from the Greek

PIRATES ARE ACTIVE AGAIN

Several Unarmed British Steamships Reported Sunk.

London, Sept. 4.—(Special)—Lloyds' shipping agency to-day reported that the following British steamships had been sunk: Duart, 3,108 tons, unarmed; Strathallan, 4,140 tons, unarmed; Kelvinia, 3,140 tons, unarmed, crew and passengers saved; Mascotte, 1,097 tons, of Leith.

A Reuter's despatch from Amsterdam states that the Dutch steamer Zeerarend, 462 tons, has been torpedoed. The crew was saved.

SHACKLETON RESCUES MEMBERS OF THE EXPEDITION

Punta Arenas, Chile, Sept. 4.—Lieut. Sir Ernest H. Shackleton has rescued the members of his Antarctic expedition who were marooned on Elephant Island. Shackleton returned here to-day with his men safe and well on board the rescue ship Yelcho.

FURIOUS BATTLES RAGING S. EAST OF LEMBERG

Petrograd, Sept. 4, via London.—(Special). Unofficial statement.—Furious battles are being fought by Russian and Austro-German forces near Zloczoff and Halicz, to the east and southeast of Lemberg, in Galicia, according to yesterday's Russian official statement. South of Rafailov, in the Carpathians, and in the region of Dornavatra, on the Bukovina-Roumanian border, Russian troops, the announcement says, have driven the Teutons from fortified positions and have captured several heights, taking three hundred prisoners.

RUSSIANS PRESS AGAINST KOVEL

Berlin, Sept. 4.—(Special)—Not unexpectedly, General Brusiloff has started a fresh general offensive on the whole line from the Pripiet swamps to Bukovina, following close and logically on the heels of the Roumanian invasion of Transylvania. The Russian commander-in-chief has used the past three weeks to bring up fresh masses of human reserves and ammunition, and the early developments indicate that the main pressure is again being exerted against Kovel, between Brody and Tarnopol, on both sides of the Dniester, and in the Carpathians. Closely co-ordinated with the Roumanian offensive into Transylvania, the new Brusiloff offensive must again be characterized as constituting the world-war's greatest offensive, the long battle rolling from the Pripiet to the Danube.

GERMANS LOST ABOUT 8000 MEN BEYOND DELVILLE

With the British Army in France, via London, September 4.—Some details are now available concerning the German counter-attack on Thursday night last against the British positions beyond Delville, or Devil's Wood, which was the most desperate attempt participated in by the largest force and supported by the heaviest artillery fire, that the Germans have made since the British offensive began. The time chosen was in the midst of a heavy rainstorm when the British were drenched and their trenches were running with water. Against a mile and a half front the Germans sent forward the 150th Division of about 10,000 men. Of these it is estimated that about 2,000 men survived.

DUNHAM NOTES OF NEWS

SERGT. SYLVESTRE, WOUNDED SOLDIER, TELLS OF NEED FOR MORE MEN AT FRONT.

Dunham, Sept. 4.—(Special).—Sergeant Sylvestre was wounded by a bursting mine and was invalided home in the early part of last March. He has been at the Khaki Club, Montreal, during his convalescing, and speaks in warmest terms of the noble work of that branch of Red Cross work. Sergt. Sylvestre says there is great need of more men at the seat of war. Of the battalion to which Sergt. Sylvestre was attached there are only twenty-two men left out of 1,400. He has been honorably discharged from active service, but will, no doubt, do his part toward helping to set before the minds of men the urgent need of reinforcements.

Sergt. Sylvestre was at one time attached to the old 52nd, the Brome county regiment.

RECEIVED GREAT SUCCESS. The recital given by Mr. W. Lynwood Farnam in the Town Hall on Thursday evening, under the auspices of the Dunham Women's Patriotic Association, was a great success. The hall was decorated with flags, and cut flowers formed a bank at the front of the stage. Mr. Farnam, as usual, gave to his friends a most delightful programme, and the pleasure of listening to the music will long be remembered. The programme will speak for itself. His many friends and many from the adjoining towns availed themselves of the opportunity of listening to this gifted musician. The proceeds amounted to \$74 for Red Cross work.

DEATHS REPORTED

HUGH BENNETT, WATERLOO.

Waterloo, Sept. 4.—(Special).—Mr. Hugh Bennett died Saturday morning. Mr. Bennett, who had been ailing for a long time, came to Waterloo about 45 years ago, and was engaged in the Blake & Frost Shoe factory, after which he worked on his own account. The late Mr. Bennett was a consistent member of St. Luke's Church, and well known and respected by all his neighbors. He leaves to mourn his loss three daughters, one of whom was for years devoted to his care; four sons, one of whom is at the front in France, and a number of friends. His quiet unassuming life gained him the good will and esteem of those who knew him best. The funeral will take place today (Monday) at St. Luke's Church. The remains will be buried in the family lot in the Waterloo cemetery.

WHAT IS DOING IN GRANBY TOWN

Presentation to Miss Julia Wallace on Occasion of Leaving for Montreal

Granby, Sept. 4.—(Special).—The Sunshine Club of the Congregational Church presented Miss Julia Wallace with a pearl pendant on her departure for Montreal. Miss Wallace has been a most efficient worker and Secretary-Treasurer of the Society since its formation nearly three years ago. Following is the address which accompanied the gift:

"Dear Miss Wallace:—The Sunshine Club feels it cannot let you give up your office as Secretary-Treasurer in the Society and go from us without telling you what it has meant to us to have you fill that office and to be found always in your place with us. We are certain that the usefulness of the Society and its effectiveness has been largely enhanced by your efforts and to its Social life you have fully contributed.

"Like the oil in the Widow's cruse the funds entrusted to your care have seemed to be renewed, so that we have frequently been surprised by our own opulence.

"We wish for you large success in the work to which you are going, and ask that you will accept as a token of our love and good will this little gift.

Signed by the members of the S.S. Club."

BEST ROUTE FOR AUTOISTS TO TAKE BETWEEN SHERBROOKE AND QUEBEC.

Mr. D. J. Salls and family returned on Friday last from St. George, Beauce, where they spent the past three weeks with Mrs. Salls' mother, Mrs. J. Pozer. In speaking to the Record, Mr. Salls said that the shortest and best road between Sherbrooke and Quebec is via Cookshire, Bury, Gould, Lingwick, Winslow, St. Roman, Lambton, St. Evariste Station, Shenley, St. George, then on the new Jackson to Lewis highway to Quebec. The mileage is 153 miles, with about 70 miles in all of good gravel and macadam road. Work is going on this year between Lambton and St. Evariste and between Winslow and Lingwick. Mr. Salls left St. George Station at 8.20 a.m., pulling out the same time as the Quebec Central passenger train for Sherbrooke, and arrived at the station here at 1.20 p.m., at exactly the same time as the train. Fifteen minutes was lost in changing a tire, making the running time 4 hours and 45 minutes, a distance of 93 miles. The only really rough part of the trip was from the city limits to Quebec street. Another ad. for Sherbrooke streets!

SHKODAH CAMP FIRE GIRLS TAKE AN OUTING.

Beebe, Sept. 4.—(Special.)—The Camp Fire Girls of Shkodah Camp, Beebe, returned on Tuesday evening, August 22nd, from their annual camping trip at Cedarville on Lake Memphremagog. Nearly the full camp of twenty members were able to be present for a greater part of the time, one coming from Montreal and another from Barton, Vt., to be present for this occasion. The girls had with them again this year little Eileen Kane, of Pt. St. Charles, Montreal, to whom they gave the pleasure of a week's outing in the country, thus carrying out the spirit of the camp fire by sharing their pleasure with others. Miss M. Gage of Hatley, was also a guest at the camp for the week. As the weather was ideal the time was practically all spent out of doors, most of the girls even sleeping in the open. To avoid confusion in the culinary ar-

rangements, two girls were appointed as cooks for each day, the others serving themselves and washing their dishes in the lake. Friday evening was gentlemen's night, and a jolly party gathered around the camp fire. The gentlemen were initiated into the mysteries of a "Bacon Bat." The time was spent in games, songs and social chat. Dainty refreshments were served near the close of the evening. Saturday afternoon the entire camp went by motor boat to Newport, where an exceedingly pleasant afternoon was spent. Saturday evening a good number of the neighboring campers gathered to witness a public ceremonial meeting given around a bonfire in a neighboring field. The girls in their quaint ceremonial dresses and bright beads made an extremely pretty picture on the dancing fire light. One new member was taken into the camp and two members became "Woodgatherers" and received the "Woodgatherers' ring" from Miss Akin, the Guardian, at this meeting. Sunday evening a song service was given by the girls around the fire, and was attended by a number of friends from nearby cottages. Monday evening was the occasion of a jolly marshmallow toast. Tuesday the Guardian and a number of the girls accepted the kind invitation of Professor Hayes, to visit his beautiful island, where an exceedingly pleasant half-hour was spent. Tuesday afternoon the company bid a regretful good-bye to the cottage and the lake until next year. Shkodah Camp was one of the first camp fire organizations in Canada, and has proved a great blessing in many ways to the young girls who compose it. There are now over 80,000 members of this organization in the United States and Canada.

BOYS AND GIRLS AND PARENTS.

Two school fairs will be held in Compton County again this year. Last spring upwards of five hundred children within the County received material from Macdonald College. During the summer they have been doing their best to make a success of whatever they undertook, and now the time is coming when we shall

Patriotic Work In Sherbrooke

FOR BENEFIT OF ALLIED SOLDIERS.

Miss Elizabeth Banks the charming American Writer who is now touring Canada is using her talent for the benefit of the Soldiers of the Allied Countries, and is placing on sale in the Main Building of the Exhibition Grounds, the delightful Dog stories which are now being sold for the first time in Canada.

"The Sergt. Major of Canada, and why he went to the front," holds the interest of the reader from start to finish, and is the real story of a real dog, only slightly embellished in fiction.

"Dis a dog of Belgium" belongs to the Red Cross service of the Belgium Army. A graphic account of the training of these dogs and the wonderful service they render in the hours of darkness amongst the wounded, is woven throughout the narrative in most interesting detail.

"Captain Jinks" of French and Russian descent has his own thrilling story of adventure and service and is especially decorated to please the children.

These little booklets are now on sale at the Fairbanks Scale Booth, Main Building, Exhibition Grounds.

SHERBROOKE PATRIOTIC ASSOCIATION.

The first meeting of the season of the Sherbrooke Patriotic Association was held Friday evening in the Art Building, Mrs. C. H. Bowen and Mrs. De Lottinville presiding. The treasurer's report showed a good balance on hand with which to begin the winter's work.

A letter was read from Mrs. N. O. Pilcher, acknowledging the warm sympathy, in her bereavement of the Association, of which she had been a prominent member, expressed through the secretary.

A resolution was moved by Mrs. E. C. Fraser, seconded by Mrs. F. W. E. Bowen, that a vote of thanks be given to the St. Patrick's Minstrel Troupe and Dramatic Club, for the work that they had undertaken and successfully accomplished in giving entertainments in various places in the Townships in aid of the Serbian Relief Fund. Their holidays had been put to a good use and they had shown sympathy and kindness to the distressed and real patriotism. The treasurer was authorized to send the sum raised to the Canadian Bank of Commerce, the manager of which had kindly offered to send all contributions to the headquarters of the Fund in London, Eng.

The report of the Work Committee was submitted. The usual consignments of socks, etc., had been forwarded for the months of July and August. The rooms had been open every Monday afternoon for the giving out of supplies of materials and so far, remember that we have the school fair to which to look forward

see who has done the best with his or her seeds or eggs.

The fairs will be held in Cookshire on Tuesday, September 19th, and in Scottstown on Wednesday, September 20th. It is sincerely hoped that every boy and girl will do his and her part and not only that, but that the parents will co-operate most heartily to make both fairs a success. Announcements have been mailed to the children. It is intended that they should keep these little folders carefully as they will be of value to them long after the fair.

This year, because of a serious lack of organization, and of men, it has been found impossible to visit all the plots. Those in the vicinity of Cookshire have been visited, and prizes will be awarded for the best kept plots. In other years the County demonstrator was able to do this in connection with his other work, but this year the work has come under the care of a department that is not in a position to take it all under its control. Thus it is that the plots in the Scottstown district, have not been visited. It was very difficult to decide in which district the time available should be spent. What seemed a fair solution of the difficulty was that the plots belonging to the largest fair should be visited.

There was not enough time to go over any two districts. Consequently the Cookshire district has been inspected. It is to be hoped that in another year the work will be well organized and centralized and that no more disappointments will be in store for the children.

Wonderful Bilious Remedy Actually Prevents Attacks

There are two great causes of biliousness,—they are constipation and defective liver action. When Dr. Hamilton's Pills are taken, they not only correct constipated bowels, but act upon the liver as well. Quite unlike ordinary medicines which purge and give temporary relief, Dr. Hamilton's Pills remove the conditions which cause biliousness, and thus permanent cures are effected. No person who occasionally suffers from the headache, bad stomach, or bilious complaint. Get a 25c. box today.

the reception of finished articles. An appeal had been received for socks for the 117th Battalion, but as the box had just been despatched, few remained on hand, and the applicant was advised to apply to the Canadian War Contingent, London, while the secretary, Mrs. Eleanor McClaren Brown, was communicated with and requested to fill any requisition made by the officers of the 117th Battalion from the Sherbrooke contingent, as this unit had been recruited from the Eastern Townships.

Wednesday, September 6, in Exhibition Week, was referred to as "Tag Day" for the Sherbrooke Patriotic Association, and the president expressed the hope that it would be successful, and that the sum of money raised would be sufficient for patriotic purposes during the winter.

A committee was appointed of women connected with or especially interested in the 117th Regiment, to work under the auspices of the Sherbrooke Patriotic Association. Mrs. J. E. Smith was appointed convener and it was decided that any funds collected or donations given for this regiment be marked with their destination and sent to Mrs. T.M. Craig, treasurer of the Association. It was moved by Miss McWilliams, seconded by Mrs. M. J. Smith, that the sum of \$25 be given to the secretary of the Work Committee for the purchase of tobacco for the soldiers, to be sent in the next box packed.

An appeal from Capt. Oliver for tobacco for men in hospital was brought forward and laid over for consideration till the next meeting.

The secretary was instructed to write to Mr. Engel, a merchant of this city, declining a proposition made by him as not possible for the Patriotic Association to enter into. No further business being on hand, the meeting closed with the National Anthem.

As an illustration, we would refer you to the sworn statement of Mrs. Bergland. It is just such experiences as this that have made so many thousands of people enthusiastic about Dr. Chase's Kidney-Liver Pills. This is why they are to be found in the great majority of homes.

Mrs. O. Bergland, Dunkirk, Sask., writes: "I can highly recommend Dr. Chase's Kidney-Liver Pills to all who are suffering from weak kidneys. I suffered from headache and backache, had heart fluttering and my sleep was so broken and unrefreshing that it was with difficulty that I could get any rest. I had rheumatism and always had a heavy feeling in the region of my kidneys. I was nervous and often dizzy. Reading about Dr. Chase's Kidney-Liver Pills led me to use them, and with the most highly satisfactory results, and I can recommend them to everyone who wants to be cured of kidney troubles."

DRUMMOND CO. ANNUAL FAIR

Exhibition at L'Avenir Promises to Surpass That of Former Years

Kirkdale, Sept. 4—(Special)—The Drummond County Agricultural Society have issued an artistic booklet containing prize list for their annual fair to be held at L'Avenir, September 21st. The officers of the society are: hon. president, H. M. Marler, N.P.; President, Nap. Proulx; vice-president, Mr. James Gallagher; secretary-treasurer, J. C. St. Amant, N.P.

The directors who are prominent farmers of the county, are men of conspicuous ability in their respective districts. The prize list is a very large one covering every branch of agriculture. There are also 26 special prizes, given by the business men of the county, for the purpose of encouraging the farmers in raising the best stock possible.

The Drummond County Fair has been held at L'Avenir for nearly 20 years. The society have several up-to-date buildings with also a large dining hall, horse barns with stalls so that drivers find every convenience for horse as well as themselves. Being the centre of a large and fertile district, the farmers have been famous for their large herds of Durham cattle, and Percheron horses, for which Drummond County grangers have taken many prizes at outside fairs for many years past. It is fully anticipated that this year's fair will be up to the average in both quality and quantity. The society has received a great deal of help from Mr. H. M. Marler, of Grantham Hall, Drummondville, who has given the sum of \$250 for the best kept farms in the county in 1916. The county is divided into five districts for the purposes of the competition,

HAPPENINGS AT AYER'S CLIFF

Mrs. Wallace Libby, an Old Resident, Passes Away. Summer Visitors Leave.

Ayer's Cliff, Sept. 4.—(Special).—Mrs. Wallace Libby passed to her final rest last Sunday morning. She had been in poor health for some time. In fact, she had never enjoyed her usual good health since her fall two years ago, when her hip was broken, and had been confined to her room more or less ever since. During all this time she was tenderly cared for by her daughter-in-law, Mrs. U. G. Libby. Everything that could be done for her comfort was done. The funeral service was held at the house, Rev. Mr. Moore officiating. Mrs. F. A. Johnston sang "Crossing the Bar." It was the wish of the deceased that she be laid to rest in the Ayer's Cliff cemetery. Mrs. Libby was 83 years of age and had many friends who will miss her from her accustomed corner in her home. She leaves to mourn their loss a husband and two sons, Mr. Frank Jones and Gaylor, with whom she lived; two grandsons and two granddaughters.

REST CORNER APPRECIATED. The county superintendent of the W.C.T.U. has extended thanks to all those who assisted in arranging the rest corner in the main building at the fair, also for the assistance with "vote dry" automobile, which followed in the parade.

LONDON PORT PROSPERS.

London Telegraph. There is no dock authority in the world which does as much for its customers as the new body which controls the fortunes of the Port of London. That its efforts are appreciated is attested by the fact that it is now receiving in its warehouses fifty per cent more goods than in the "hiring times of peace." Its multifarious activities include operations so dissimilar as the loading and unloading of transports and the blending, packing and despatching of tea in tins for the use of the troops. Practically all the articles which an army requires pass through the Port of London, and in addition, vast quantities of wheat, sugar, and rum have to be dealt with. Londoners, in particular, will feel a sense of pride in the manner in which their Port Authority has grappled with a situation complicated, confusing, and unexpected. Lord Devonport and all associated with him are to be congratulated. It would be a happy circumstance if the success of this representative body were to encourage a movement for co-ordinating and developing, under business management, our almost derelict canals. In Germany these means of communication have contributed in no slight degree to the commercial progress of that country in the past. On this side of the North Sea we have much to learn as to the advantage of cheap inland water-carriage, with through rates, and the manner in which the business men of the Port of London Authority have prevailed over difficulties will suggest to many persons that similar methods might be applied with national advantage to our neglected and little-used waterways.

BUDGET OF NEWS FROM SUTTON

Large Barn Set on Fire by Spontaneous Combustion
Loss \$6,000

Sutton, Sept. 4.—(Special).—The big barn on the Steve Smith farm between here and Abercorn went up about 5 p.m. on Thursday, burning over 30 tons of hay and grain and many farming utensils. The horses, cattle and hogs were got out in time. The farm was purchased some year or two ago by Mr. Narcisse Guertin. The loss will be heavy; it is estimated at least from \$5,000 to \$6,000. It is thought that the hay had heated in the mows, causing spontaneous combustion. Mr. and Mrs. H.C. Reed were passing the barn with a rig at the moment when flames burst through on the west side, reaching out 20 feet or more instantly, scaring their horse so he overturned the wagon, injuring Mrs. Reid considerably. There was no insurance on a great part of his burned products and his loss will be heavy. The barn was one of the largest in the township and was recently covered with a new iron roof. The milking machine and engine were also destroyed.

STEPHEN RHICARD, DROWNED IN LAKE CHAMPLAIN

Stephen Rhicard, aged 18 years, an employee of the St. Albans Grain Co., was drowned Sunday afternoon, August 13th, while bathing near Shanty Point. Rhicard, who was out in a row boat with some girls, dove off the boat. He was unable to swim, but evidently had misjudged the depth of the water which at that point was nine or ten feet deep. Mr. A.B. Royce, of Cambridge, Mass., who is visiting relatives in St. Albans, and who was with a party at Samson's Lake View House, arrived on the scene shortly after the young man was drowned. Mr. Royce went down several times, unsuccessful in locating the body, which was finally recovered with grappling hooks after it remained in the water nearly an hour and a quarter.

The young man is survived by his father, John McCarthy, of Burlington, and his foster-mother, Mrs. F. Rhicard, of North Sutton, Que.

THE LATE MRS. ROSS DOZOIS.

The funeral of the late Mrs. Ross Dozois, of Granby, whose sudden death in a Montreal hospital was previously reported, will take place on Tuesday afternoon at 2 o'clock when the Rev. J. Mr. and Mrs. Dozois were married three years ago and lived in the west, where he was employed as a surveyor. He and his sudden passing of his wife caused much grief here where she was well and favorably known. Mrs. Dozois was around thirty years of age and her death was caused by acute diabetes. The sister, Bella, went on to Iowa without knowing of her sister's illness and death.

AMUSEMENTS

It is a well known theatrical belief that one song can make a play. In "Maid to Order" the rapid-fire comedy with music, which Castle Producing Company, will present at His Majesty's on next Thursday there are at least a dozen distinctive hits, including the various types of musical numbers that are popular at the present time. "Mary Ann Montague," "A Little Girl Like Me," "Oh! Happy Day," "Movie Mag," "Travelling Uncle Tom," "U. S. Regiment," "Love's Wireless," "Poroza," and "The Bumble Bee's Heart" are a few of the songs that are destined to be sung and whistled all over the country.

PYE—PATRICK.

South Durham, Sept. 4 (Special).—The home of Mr. John Patrick of So. Rev. G. H. Craik of Melbourn was the officiating clergyman assisted by Rev. S. H. Coleman. Both the bride and groom were unattended and only the immediate relatives were present. The bride looked very pretty gowned in her travelling suit of navy blue serge with white Georgette Crepe waist and black velvet gainsborough hat, she wore a corsage bouquet of large pink and white roses. At the close of the ceremony congratulations were extended to the happy couple, after which a dainty buffet luncheon was served. The bride was the recipient of many useful and pretty gifts and several cheques. The gift of the groom being a diamond and pearl pendant. HOLDEN—WELLS.

West Brom, Sept. 4 (Special).—A very pretty wedding took place Wednesday at four o'clock at the home of Mr. and Mrs. A. W. Holden when their second daughter, Ada Irene, was united in marriage to Mr. Wallace Lee Wells by the Rev. Mr. Lewis of Sweetburg. The bridal party entered the parlors to the strains of Lohengrin's Bridal Chorus, the groom entering first with the best man, Mr. Horace Wells, then came the bridesmaid Miss Inza Westover followed by the bride with her father, who gave her in marriage. The bride looked very nice in a dainty dress of white crepe de chene trimmed with white net and carried pink and white sweet peas with asparagus fern. The bridesmaid was gowned in pink mull and carried pink and white asters. After the ceremony the guests entered the dining room where they partook of an elegant lunch which Mrs. Holden had prepared and Mrs. F. J. Westover and Mrs. Carl Lamory assisted in serving. Many useful and beautiful presents consisting of silverware, furniture, linen and china showed the high esteem in which the bride was held by her many friends. Mr. and Mrs. Wells left for the 7.20 Express at Cowansville for a week's stay in Montreal after which they will make their home at West Brom. Only a few of the relatives and near friends of the bride and groom were present to witness the ceremony. Among those from out of town were Mr. and Mrs. F. J. MANY RECRUITING SQUADS.

The military are very much in evidence. The exhibition authorities are giving every facility to aid the recruiting movement, the directors are thoroughly imbued with a patriotic spirit and have given booths on the grounds to all the regiments represented. PRESIDENT OF MONTREAL BOARD OF TRADE EXPECTED

The President of the Montreal Board of Trade will in all probability visit the Exhibition this week.

EXHIBIT OF HIGH EXPLOSIVE SHELLS FOR THE GERMAN

The Steel Company of Canada, Montreal, have promised a very interesting exhibit at the Exhibition this year. In addition to their display of "Invincible" Fencing and Gates, there will also be an exhibit of High Explosive and 18 lb. Shrapnel Shells, which this Company is making for the Germans via England.

The display will be attractive, and will show an assortment from the 18 lb. Shrapnel to the mighty 9.2 inch which are now being used by the British in the great offensive. At a recent display of these shells with an announcement "Shells for the Germans," a visitor with a Hun accent asked the representative in a confidential and secretive manner, "How do the Germans do?" When told it was no secret, that they were shipped to England and the English "shoot em over," he vanished like a shot.

As an additional special attraction at the Fair exhibit there will also be a Farmer's Free Guessing Contest, open to Farmers only. This will consist of a glass box filled with "Invincible" Fence Locks, farmers to guess the number of locks in the box. There will be 10 prizes made up with rolls of fence, gates and fence tools to the value of \$100. Every farmer visiting the Exhibition is invited to register his guess. The contest is entirely free with no obligation whatever from the Farmers. One guess only allowed to each person. The box will be opened Friday afternoon and Locks counted by Wm. Morris, K.C., President Eastern Townships Agricultural Association, who will also act as Judge in the Contest. Prizes will be shipped direct to winners on Saturday, freight charges paid.

The purpose of these special attractions is to advertise "Invincible" Open Heart Steel Fencing and Gates. All are invited to visit this Exhibit and view the large display of Fencing and Gates. There will be an assortment of various styles of fence for all purposes including Lawn Fence and Lawn Gates. The representatives will be very pleased to give full information regarding the various styles of Fence and their uses, and cordially invite all those attending the Fair to visit these attractions.

KITCHENER'S OWN AT SHERBROOKE

Strong Effort Being Made to Have Complete E. T. Company.

Lieut. J. Milton State, assistant chief recruiting officer from the 4th divisional headquarters, who is attached to the 244th Battalion, Kitchener's Own, is in Sherbrooke for the purpose of attending the exhibition and opening up the recruiting bureau at 110 Wellington street.

Col. F. M. Roble is particularly desirous of having a complete Eastern Townships company in his battalion, and as he trained the officers of the 117th he is more or less familiar as one of the most efficient officers in Canada to-day.

The detachment of buglers and drummers which Col. McRoble has sent to Sherbrooke to represent Kitchener's Own at the exhibition, has won a splendid reputation in Montreal, where the battalion already has proved its attractiveness for the best class of men joining the colors. At Bedford Fair the detachment turned out to be such an asset to the directors that the directors of Waterloo have made arrangements to have Kitchener's Own bugle band attend during this fair.

Capt. Richardson is in charge of the detachment, and has only recently returned from France, where he served in the 14th Battalion. He is accompanied by Lieuts. Ball and Shuter, who are both Eastern Townships boys, born and raised in this locality.

The evidence of equality to-day consists in signing the attestation papers for service in some unit of the Dominion forces, and if you are a Townships man it will mean joining the Eastern Townships Company of Kitchener's Own.

Sherbrooke is really interested in this battalion under Lt.-Col. F. M. McRoble.

CHURCH PARADE TO ST. PETER'S

Forcible Address to Men Who Are at Present on Recruiting Work.

Last evening a detachment from the soldiers that are to be engaged in recruiting duties at the Exhibition Grounds this week paraded to St. Peter's Church for the service at seven o'clock. The units represented were the 171st Highlanders, the 199th Irish Canadian Rangers, and the 244th, "Kitchener's Own." The parade was led by the Bugle Band of the 244th and mustered about fifty officers and men.

The Rev. H. R. Bigg, rector of the parish, conducted the service and the preacher was Major (Rev.) A. H. Moore, recruiting officer from the headquarters staff of Military District No. 4, who has the supervision of recruiting work at the Exhibition.

Speaking from II Tim., 11-3, on "A good soldier," Major Moore, at the outset, expressed satisfaction at the size of the voluntary parade of soldiers and saw in the presence of so many soldiers a guarantee that they were doing, what the Hon. C. J. Doherty recently styled "the most sacred and important work developing upon Canadians today," viz., recruiting, in the spirit of earnest and sober determination which alone assures success in any work.

He affirmed that the military phraseology of Scripture must take on a new meaning in these days when we learn anew what it means to be "a good soldier."

Three characteristics were named, devotion to the cause, devotion to his leaders and devotion to his comrades. The preacher cited telling instances from the annals of Canada's army to show how these features are being exemplified. Speaking of our cause, he said it was so supremely the defence of right and all that true men hold dearest that if a man won't fight today then, in heaven's name, for what and when will he fight?

Canada's soldiers glory in their officers and the spirit of comradeship is so fine that those who seek recruits can offer them the warmest and richest comradeship and that love, than which is none greater, for it risks and gives all for another.

Major Moore concluded a forceful sermon by turning all this to illustrate the campaign of the Christian life. The needs of the church are supremely devoted to the cause of God and righteousness, devotion to Jesus Christ, the Captain of our salvation, and more and deeper devotion to each other in the ranks of the church of Christ militant. St. Paul says to Timothy, "Endure hardship together with me as a good soldier of Jesus Christ," and the

preacher said it would only be through a recovery of that warm and fervent comradeship in the church that we can go forth, devoted to our Leader and our cause.

"Strong in will, to strive, to seek, to find, but not to yield!"

SIR SAM HUGHES WILL RETURN TO OTTAWA SHORTLY

UNEXPECTED RETURN OF MINISTER OF MILITIA AROUSES MUCH INTEREST.

Ottawa, Sept. 4.—General Sir Sam Hughes, according to reports received here, will return to Canada within a month. He will resume the administration of the Militia Department and relieve Parliamentary Secretary McCurdy, who has been in control since the departure of Sir Sam.

The return of General Hughes so soon was not anticipated by the other members of the government, who do not to any great extent share the confidence of the Minister of Militia. There is much interest in the attitude which General Hughes will adopt toward departures in policy made since he left.

It is expected that when General Hughes returns after his British and continental experience he will take hold of the Canadian military situation with even more firmness than he held it on his departure.

NATIONALS ARE IN LEAD

DEFEATED SHAMROCKS ON SATURDAY BY SCORE OF 10 TO 5.

Montreal, Sept. 4.—Nationals defeated Shamrocks Saturday, 10 to 5, thereby assuming the lead in the race for the championship. The former played brilliantly in flashes. Secours was put out of the game for attacking Judge of Play Denny and may possibly be further punished.

Cornwall defeated Ottawa, 15 to 8 at Cornwall in a game game.

AUSTRIA PUTS TAX ON MATCHES.

London, Sept. 4.—An increase in Austrian taxes for the purpose of covering the interest on the war loans is reported by Reuter's correspondent at Amsterdam. Under imperial ordinances published in Vienna virtually all direct and stamp taxes are increased. New taxes are imposed on the receipts of racetrack betting and on matches and other articles.

"What I propose," said the man who gets very much in earnest, "is a political organization that will be free from all selfish interest, laboring only for the highest ideals."

"I know," interrupted the rude person. "You're going to start one of those sea-serpent parties."

"Why do you refer to it as a sea-serpent party?"

"Because, there ain't no such animal."—Washington Star.
