The City of Verdun is ideally located at
 the south-western limits of Montreal on the
 banks of the St. Lawrence River, which is
 about 8 miles wide at this point. The mun-
 icipality was incorporated as a village under
 the name of Riviere St. Pierre in 1874,

erected into a Town in 1907 and a City in
 1912. Since 1901 its population has increased
 from 1898 to 75,450. Possessing few
 large industries it is mostly composed
 of homes and stores. Its famous
 boardwalk is now being replaced by a
 modern asphalt promenade, brilliantly light-
 ed, along the entire three-mile river front,
 and banked with attractive lawns and
 shrubbery. Municipal tennis courts, a bow-
 ling green, a yacht club and a motor boat
 club are also situated here. In addition a
 very modern Municipal Auditorium and Hoc-
 key Arena seating 4,500, and a municipal
 natatorium consisting of two magnificent
 open air swimming pools are located on
 the river front.

Great success has been achieved in the
 building of homes under the National
 Housing Act, the City offering suitable lots
 for sale at very low prices. On this plan a
 small model village is being constructed.
 Educational facilities are excellent, with
 thirteen Catholic and eight Protestant
 schools and three commercial colleges.
 There are two hospitals and nineteen
 churches. Public services such as health,
 police, fire, water and electricity are of
 the best. The City Council gives special
 attention to providing and supervising play-
 grounds for children, and the Municipal
 Playground Commission operates all sports
 on the numerous playing fields.

A comprehensive juvenile library is also
 operated by the City.

 situated on the western slope of Mount
 Royal, and from the upper level a magni-
 ficent view of the St. Lawrence River, Lake
 St. Louis and surrounding country is ob-
 tained. The city is almost exclusively
 residential and may be designated a "city
 of homes." The city is governed by a
 mayor and five aldermen, elected for a
 term of two years by the city at large. The
 city manager form of government has been
 in vogue for 35 years, and the city's pro-
 gress is evidence of the wisdom of the
 adoption of this system of government.

The city owns and operates in a very
 efficient manner an electric light and power
 plant and garbage destructor plant.

 Catherine Street, containing an area of 7.8
 acres, are being reconditioned after their
 use by the Army.

 is continually in use for church, charitable,
 educational, fraternal, municipal, political
 and social activities.
