FAKE DUMMY AND NEEDLE MAN; IS WRONG PARTY NOW ON TRIAL?

Defence Trying to Prove an Alibi in Case of Man Now Accused.

WOULD PROVE THAT HE WAS IN MONTREAL.

When Man Who Committed Thefts Was in Sherbrooke—Two Victims Identify Prisoner as Man—Others Testify That Wicked Dummy "Looked" Like Prisoner—Sub-Chief's Experience.

The case of the King vs. Adolph Hueglovitz, alias Ancholovitch, charged with stealing a reading glass from Mrs. Octave Fisette, Alexander street, on the 13th February last, was heard before Judge Mulvena yesterday. Late in the afternoon the hearing of further evidence was adjourned until next Monday at the request of L. C. Belanger, K.C., on behalf of the accused to enable the defence to bring Dr. Sheerer, of Montreal, and other witnesses forward to testify. The defence seeks to prove an alibi, and that the accused was not in Sherbrooke at all during the month of February last. There are four charges of theft against the accused, all of which are alleged to have been committed in the month of February. The hearing of the evidence in the other three charges also stand adjourned until Monday. This case has created a good deal of interest throughout the city, as at the time numerous complaints were heard of a certain individual who stood not upon ceremony in this entry into dwelling houses, working the deaf mute game, and offering needles, court plaster, etc., for sale.

MRS. FISETTE'S EVIDENCE.

The first witness in the case yesterday afternoon was Mrs. Octave Fisette. She stated that she recognized the man now at the bar as being the person who entered her house on the 12th of February last. She had never seen him before that date, but she was positive that the accused was the man. It was about eleven o'clock in the forenoon, she said, and while she was at work in the kitchen the accused entered the house and came right through to where she was. Her son, who was not at work that day was in an adjoining room. The accused had a package of needles in his hand, and also presented her with a card which stated in both French and English that he was deaf and dumb, and that it would be an act of charity to purchase from him. Witness looked at the card and then returned it to him, and the accused then went out. The reading glass was hanging near the kitchen window, and she noticed almost as soon as the accused had left the house that it had gone. Her boy saw him take it. It was worth $1.50. After the accused left the house her son came to the kitchen and said, "Mother, he has taken something." It was then she missed the glass. He was the only one who came into the house that day.

SON OF MRS. FISETTE GIVES EVIDENCE.

Pierre Fisette, son of the former witness, stated that on the day in question, he was sitting in an adjoining room when the accused entered. His back was towards the accused but soon he heard his entry into the kitchen, he turned round and saw a man ordering something for sale. He did not get a clear view of the man's face, but from what he did see he thought the accused was the man. His general build and appearance corresponded with the one he saw. When his mother turned her back he saw the accused take something that was hanging near the window. When the man left the house he asked his mather what it was that was hanging near the window, because he saw the party that was in the house take something. She looked and immediately replied, "He has stolen the reading glass." Witness ran out of the house, but the man had disappeared. He did not examine him very closely. He did not hear any conversation, but he was a little hard of hearing. He would not swear positively that the accused was the man that entered the house on that day.

GAVE SUB-CHIEF "DEAF AND DUMB" CARD.

Sub-Chief Couture next took the stand and deponed how he had arrested the accused on the 10th of March last. There had been several complaints lodged at headquarters about a man going around selling needles and stealing things. Witness arrested accused on Windsor street on a charge of selling goods without a license from the city. Accused then had a large number of packages of needles on his person. When he placed the accused under arrest he presented the Sub-Chief with a card which stated that he was deaf and dumb. When brought to police headquarters he read the card after the accused had been searched. It was in French and English and the substance of it was, "I am a deaf and dumb and sell needles to support my family. Kindly assist me by buying." The accused could not speak although witness spoke to him several times. On the way to the station and as they came up to L. Smith's store, accused pulled out a pad of paper and pencil and wanted to write on it.

SUDDENLY FOUND HIS TONGUE.

About three hours after his arrest he found his tongue and said to the Sub-Chief that he would pay the fine for selling without a license. Witness told him that other charges had been laid against him. About the 15th of February, Mr. Pepin had spoken to him verbally about the theft in his house and described the man. He was on the lookout for such a person.

MRS. CUSTEAU IDENTIFIED HIM.

Mrs. Custeau, Alexander street, was positive that the accused was the man who entered her house without ceremony on the 13th February and offered to sell needles, and at the same time presented a card stating that he was deaf and dumb. He entered the house about two o'clock in the afternoon. She was just as positive of the date as she was that the accused was the man. She wrote on the pad presented to her by accused that she had only 12 cents in change, and the accused then pointed to the sideboard. After he left she sat at the window sewing and saw him enter the neighbors' houses, and it was through that she was so positive as to his identity. On Sunday—it was a Thursday he entered the house—her husband missed his gold chain which was in his vest hanging in the passage way.

GOLD CHAIN GONE.

Sunday was the only day on which this particular vest was worn, and no one had been in the house in the interval but accused.

WITNESS FOR DEFENCE.

H. L'Archeveque, clerk in Vineburg's store, was the first witness for the defence. He stated that he had never seen the accused before that morning. About the 15th of February a man entered the store and represented that he was deaf and dumb and wanted to buy shoe laces, so that he could retail them. He resembled the accused somewhat, but the latter was not the man.

FAKE DUMMIES HAVE DISAPPEARED.

In connection with the case of the dummy needle man, it will be remembered that during February men of this description appeared not only in Sherbrooke, but Richmond, Granby and other places in the Eastern Townships.

Some carried needles, some court plaster, some pencils and others shoe strings. So numerous were these individuals that the impression grew that some Montreal organization was sending a band of fakirs into the Townships to prey upon the public through their false plea for charity or even by theft where opportunity occurred.

Some of these individuals would boldly enter a house. If confronted by the mistress, they would humbly touch their lips and present their cards, telling of their affliction and then offer their wares for sale, needles, court plaster, etc. If not observed they would lay their hands on anything in sight and then walk out.

At last an arrest was made in Sherbrooke. The man is now on trial. The defence claims that the authorities have the wrong man and are endeavoring to prove an alibi.

The arrest at least has frightened away the band of fakirs who were operating in the Townships. Nothing has been heard of them since publicity was given to their actions.

The innocence or guilt of the party on trial will doubtless be declared when the Court resumes to hear the additional evidence which the defence promises to produce.

TALKED WITH ACCUSED ON MARCH 7TH.

Moses Echenberg deponed that while on his way to Montreal on the 7th of March he was introduced to the accused on the train and talked with him from Richmond to Montreal. About three or four weeks before the 10th of March he saw a man who pretended to be deaf and dumb, selling pencils. He was about the same age and complexion as the accused.

Samuel Mosel said that the accused was in his store in January last. The next day he went into S. Cohen's place and telephoned to Montreal. During February he saw a man that resembled the accused peddling pencils.

Sub-Chief Couture was called and stated that he saw a card when accused was arrested; that that it could not now be found.

THE ACCUSED TELLS HIS STORY.

The accused then gave evidence, and Mr. T. Vineberg was called in to in-

PASSED RESTFUL NIGHT BUT WEAKNESS HAS INCREASED.

London, April 10.—(Special.)—The condition of former Premier Sir Henry Campbell-Bannerman has undergone a serious change during the past twenty-four hours, and is now the cause of the gravest anxiety.

He said he had every intention of killing Chief Carpenter and Chief of Police Campeau.

He said he watched the police squad that came with the warrant and he had no intention of allowing himself to be taken.

He was sorry that he did not know Campeau by sight as he might then have succeeded in picking him off.

BUSY SESSION OF THE CITY COUNCIL.

Variety of Business Was Transacted Last Evening.

PETITION RE EARLY CLOSING OF BARS — LICENSE APPLICATIONS—E. T. EXHIBITION MATTER — TO CLOSE CANDY STORES ON SUNDAY.

The April session of the City Council was held, last night, with a full board present, Mayor Dr. Bachand presiding.

A variety of business was transacted.

THE TEMPERANCE PETITION.

Alderman Howard presented the petition asking that the bars for sale of liquor be closed at 7 p.m., on Saturdays, and at 7 p.m., on the evenings before holidays, and on such holidays. There were twelve pages of names attached.

On motion of Alderman Howard, seconded by Alderman Lanctot, the petition was referred to the Police Committee.

ALD. McMANAMY FOR E. T. A. A. BOARD.

A letter was read from the Eastern Townships Agricultural Association, suggesting that the Council appoint one of its members to represent the city on the board of the Association. This would enable the Council to keep more closely in touch with the Association, and on behalf of the city advise regarding financial and other matters.

Alderman McCrea moved, seconded by Alderman Armitage, that Alderman McManamy be appointed to represent the Council on the E. T. A. A. Board. This was carried, Alderman McManamy mildly protesting, and Alderman Howard voting no, on the ground that representation was unnecessary, and would only prove as a wedge to obtain increased city grants.

A FINANCE COMMITTEE REPORT WITHOUT CONCLUSIONS.

Alderman Denault read a report from the Finance Committee touching upon three matters.

A letter had been received from the Montreal Canadian Club asking for assistance in connection with the tercentenary celebration. The Finance Committee would consider this further.

A delegation had waited upon the committee asking for a grant of $3,000 to the E. T. Exhibition. The committee would report its recommendation at a later date.

A delegation had, also, interviewed the committee on behalf of the Sherbrooke Library, asking that the present grant of $1,000 be continued. The committee was not yet prepared to report on this matter.

An alderman remarked jokingly that the members of the Finance Committee fought so like the d—— when they got together that they never reached any agreement.

ALD. DENAULT'S OWN REPORT.

Ald. Denault, chairman of the Finance Committee, read a report which he had himself drafted in connection with the estimates. It was merely a suggestion, he said, and had not been passed upon by the Committee.

The estimated revenue was $82,336.50. The fixed expenditure was $34,804.04. After allowing for the 5 p. c. contingent, fixed expenditure, etc., Ald. Denault figured that $48,332.20 remained available for the business of the year. The department estimates called for $51,295.20, or $2,963 in excess of the estimated revenue.

He would suggest that the estimates of the following departments be reduced as follows: Road, by $1,000; Fire and Police, by $1,100; Parks, by $600, and Expense, by $270—a total of $2,970—leaving an estimated surplus of $7.

He would recommend that the salary of Chief Davidson be charged to Expense, that salaries and other certain expenses in connection with the Police and Fire Departments be divided between the two. Further, that owing to the present financial depression there be no increase in salaries of Fire and Police men.

He would recommend that a special tax of 1-2 mill be levied for the E.T. Exhibition grant, a reduction of 1-2 mill being made from the present real estate tax. The 1-2 mill would yield $2,800.

This report on the part of the Finance chairman caused some lively discussion.

Ald. McCrea, himself a member of the Finance Committee, protested against the chairman taking upon himself to make such a report. What was the use of a Finance Committee when one man undertook to get up the report and present it to the Council? If Ald. Denault had brains enough to run the whole show, let him run it, and the others might get out.

Ald. Denault blandly replied that it was merely a suggestion he was giving.

THE PROPOSED E. T. A.A. GRANT.

The suggested tax of 1-2 mill for Exhibition grant caused a good deal of discussion.

Ald. Howard said this was useless. Half a mill was being put on the taxes and half a mill was being taken off and the city was just where it was before except that it was giving $2,800, which was too much.

Ald. McManamy—Make it 3-8 mill, which would yield $2,100.

Ald. Denault said that with a definite tax the people would understand better just what they were paying in support of the Exhibition.

Ald. McCrea said the Association would be satisfied with $2,000, with the provision that if bad weather resulted in a deficit the city would come

WILL INVESTIGATE RESULTS.

Granby, April 10. — (Special) — At the adjourned meeting of the Council on Wednesday evening, the electric light question was first taken up, and it was decided to send a committee of three, namely, Councillors Payne, Kent and Mr. Chas. Booth as experts, to North Troy and other towns in order to investigate results of gasoline engines as motive power for electric light plant, with a view of purchasing.

ST. JOSEPH'S CONVENT SOLD.

Clarenceville, April 10, (Special) — On Monday at ten o'clock a.m., the convent of St. Joseph was sold to Mr. U. T. Chilton, for seven hundred and seven dollars. The large building which has served as a schoolhouse for several years, is now not large enough to accommodate the increasing attendance, and is soon to be replaced by a larger and a more beautiful structure, that shall be open to students, not only from Clarenceville, but from the outside world. It is for this reason that the present building was sold. The purchaser will not come into possession until autumn, when he will have it moved to the plot of ground, situated between the furniture store and the Manning residence, on South Main St. Meantime the convent will be moved from its foundation a little to the west, where school will be conducted until its regular closing in the summer. Work on the new structure will begin at once and it will be erected near to the site of the present school house.

Mr. D. L. Herbert was appointed a councillor in the place of the late Mr. Henry.

Mr. D. J. Ayer made application to occupy the tenement over their factory without prejudice to existing arrangement of exemption of the property from municipal taxation on payment of a rental tax, based on an annual rental of $120, which request was granted.

At the adjourned meeting held on the 8th inst., William H. Wood was elected Mayor to complete the term of the late Mayor Henry, and Councillor Orr was appointed Pro-Mayor.

WANTED

Every Person in Sherb[illegible] Should Know What Vinol is and How it is Made.

For sometime we have received letters from Vinol to the people of Sherbrooke asking the best cod liver preparation and tonic reconstructor we have ever sold.

To prove the reliability and [illegible]ess of this successful remedy, we state that it is in no sense a patent medicine, the people of Sherbrooke may buy on every package of Vinol my personal statement of the ingredients it contains, but an illustration showing just how Vinol is made, from fresh cods' livers and pepsin and iron, which is a needful constituent of the blood.

This proves in a very convincing manner to the people of Sherbrooke the origin from which Vinol is made, its wonderful curative power and why it is a real cod liver preparation prepared by a scientific process which extracts the useless oil and retains all the active medicinal principles.

As a body builder and strengthener for old people, delicate children, weak, run-down persons, after severe colds and for chronic coughs, colds, bronchitis and all throat and lung troubles, Vinol is unexcelled.

Try it on our offer to return your money if it fails. W. H. Griffin, Druggist, Sherbrooke.

ABSENCE OF KING EDWARD.

Holiday Taken on Strong Advice of Physicians.

DAILY NEWS SAYS MR. MORLEY WILL ACCEPT A PEERAGE—LORD CURZON FOR FISCAL REFORM.

London, April 10.—The King's absence during the Cabinet crisis has provoked much comment and criticism as well as suspicion, that there may be some underlying reason connected with His Majesty's health that a semi-official explanation was issued last night to the effect that his visit to Biarritz was undertaken as a holiday in conformity with the strong opinion of His Majesty's medical advisers, owing to repeated attacks of influenza to which the King has been subject during the spring, for a number of years past.

Mr. Asquith, the new Premier, spent the night in Paris, and has kept secret the composition of his new Cabinet. For the time being speculation on the Cabinet has practically ceased.

The Daily News makes the highly interesting announcement that John Morley, while retaining the office of secretary for India, will accept a peerage, his reason being declining health and a throat affection that makes the strain of the work in the House of Commons too great. He was faced with the alternative of resigning or retaining office in the exacting atmosphere of the House of Lords.

The Unionist leaders are making an active platform stump of the country, with a view to influencing the bye-elections, which will result from the Cabinet reconstruction. The Unionist morning papers are rejoicing over the pronouncement of Lord Curzon in favor of fiscal reform. Lord Curzon hitherto was considered to have free trade sympathies, but in an address last night at Basingstoke, he said he saw no reason why the tariff should not be employed to strengthen the imperial tie, and he believed that Mr. Balfour's fiscal platform was one on which all sections of the Unionist party could unite.

Lee Holmes will give a brief address on the life of Rev. Jason Lee, who was born in this place. A silver collection will be taken, the proceeds of which are to be sent to Blackfoot, Idaho, at the request of the pastor of the Methodist Church in that place. The contribution will be used towards erecting a $400 memorial window in honor of Mr. Lee, who, as a missionary to the Indians, preached in 1834, the first Protestant sermon west of the Rocky Mountains at that place where the Church now stands.

Mr. and Mrs. Wilbur Pierce, who have been visiting relatives in Lennoxville and Sherbrooke, are in town the guests of Mr. and Mrs. H. F. Pierce, en route to their home in New Hampshire.

HITCH YOUR HORSES AT COATICOOK.

By-Law Which is Intended to Prevent Runrways.

A FINE AND THEN IMPRISONMENT IS PROVIDED AS PENALTY.

Coaticook, April 10.—(Special.) — The opinion has been expressed that Coaticook has more runaways than any place of its size in the Eastern Townships. Be that as it may, hardly a week passes during which there are not one or more runaways. In most cases these have been without serious results. It has sometimes seemed remarkable that a team of horses could run through the principal streets of the town without doing damage to pedestrians. True, a couple of years ago an old gentleman met his death by a runaway team. Beyond this there has been no injury to persons. Last week, however, a serious runaway occurred which resulted in the demolition of the show window of one of the traders. As a result of this the Council decided that a by-law should be passed, compelling persons to hitch their horses before leaving them in the streets. In the course of a couple of weeks this by-law will go into force, and under its provisions no person can allow a horse or horses in his charge or under his control to remain alone or unattended in any street of the town without first securely hitching it to a weight, post or other substance. The penalty for each infraction of the by-law is a fine of not less than one or more than ten dollars, with three months' imprisonment, provided the fine and costs are not paid.

On Tuesday evening a very enjoyable social was given at the Baptist church under the auspices of the Baptist Young People's Union. The platform displayed the colors of the union, blue and white, and the brightly lighted church looked very attractive. Mr. John Brown, the chairman, in his opening remarks, alluded to the progress of the society, which, organized only a few months ago, with a membership of five, now numbers thirty. A brief but good programme was carried out as follows: Recitation, "The Changed Cross," Miss K. Keenan; song, "Tell Mother I'll be There," Miss Keenan; song, "Little Black Me," Miss Bassett; duet, Misses Alice Therrien and Jenny Brown; recitation, "A Boyless Town," Master Harold Drew; comic readings, "The Baldheaded Man," and "The Little Hatchet Story," by Mr. W. Gill; comic reading, "How We Hunted a Mouse"; and recitation, "The Wood Box," Mr. Willie Atkinson; duet, Mrs. A. W. Porter and Miss E. Bubar; reading, H. W. Chick. Refreshments, sandwiches, cakes, tea and coffee were served by the members and much appreciated. After the hymn, "God be With You," the social closed with prayer. The receipts, which were very satisfactory, will be devoted to defraying the expenses of two delegates to the convention of the B.Y.P.A., to be held in Brockville, Ont., April 15th—17th. The Union wishes to thank all those who so kindly assisted in making the social a success.

KINGSEY.

Mrs. F. Wadleigh, Melbourne, was the guest of Mrs. Sykes on Monday.

Mr. W. Beard, L'Avenir, is spending a few days here on business.

The Ladies' Guild, which has recently been organized by Mrs. Pye, which meets once a month alternately at the parsonage and at Mrs. Sykes's, was held on Tuesday at Mrs. Pye's.

FAKE DUMMY AND NEEDLE MAN.

(Continued from page one.)

Gagnon. The accused stated that he came to this country about two years ago. He was employed as a pedler in Montreal. He first came to Sherbrooke on the 21st of January last, and started out to sell needles. He swore positively that he never had any card stating that he was deaf and dumb. He was in Sherbrooke but a few days when he received a post card stating that his baby was sick and he immediately returned and remained in Montreal all the month of February. Dr. Sherer was in the house nearly every day during that period and he saw him. He did not give Couture a card stating that he was deaf and dumb, nor did he see one on the table. He was not allowed near the table, nor was he allowed to count his money. The reason why he pretended that he was deaf and dumb to the Sub-Chief was because he thought he would arrest him for selling without a license. He did not speak at the station for two hours, and he supposed they thought he was deaf and dumb. He might have seen Mrs. Custeau before. He had seen lots of women, but he never paid enough attention to their appearance so that he could tell them again.

FURTHER WITNESSES FOR DEFENCE.

Lyon Sainstein, who also had to give his evidence translated, stated that he had known the accused for about a year in Montreal previous to witness' coming to Sherbrooke. Accused stayed at his home two or three days in January and did not see him again for about eight weeks. He never saw any reading glass, chain, etc., with accused, who was recognized as an honest man.

Klara Schawitz, wife of the accused, said her husband was a pedlar in Montreal, and he was only a few days in Sherbrooke in January when he returned on account of the sickness of their baby. He returned from Sherbrooke on the 7th of January and remained at home four Sabbaths. The doctor and others could prove that her husband was in Montreal during February.

As stated above the case was adjourned until Monday to allow these witnesses an opportunity to give their testimony.

Much interest was centered in the case, the Court room being crowded throughout the entire day.

RELIGIOUS ROIT IN ITALY.

MOB STORMED BISHOP'S PALACE AND TRIED TO BURN CATHEDRAL.

Rome, April 10.—A fierce religious riot occurred yesterday at Troia, province of Puglia, arising in resentment against the Vatican for amalgamating the diocese of Troia with that of Lucera. A mob attacked the palace of the bishop who favors the amalgamation, and smashed all the windows. It then stormed the cathedral, where the canons were assembled for service, and wrecked the bishop's throne. The incensed people piled up the furniture and set it on fire in an attempt to burn the cathedral. Infantry was hastily summoned and the troops cleared the cathedral at the point of the bayonet.

Arbitration Treaty Between The States and Great Britain.

A SELF-GOVERNING DOMINION'S CONCURRENCE MUST BE OBTAINED IN ANY AGREEMENT AFFECTING IT.

London, April 10—The arbitration treaty between America and Great Britain, the text of which has been cabled over here from America, has been well received here. Politicians, particularly those interested in colonial affairs, welcome the clause under which Great Britain reserves the right, before concluding an agreement on any matter affecting a self-governing dominion, to obtain the concurrence therein of this dominion. This clause, it is pointed out by colonial officials, is a tardy acknowledgment of the importance of the colonies, and a wise departure from the old method of negotiating with respect to colonial affairs without consulting the interests of the colonies, a course which heretofore has led to dissatisfaction on the part of the colonies. There is also favorable comment on the reservation that agreement made under this treaty shall not be binding until they have been confirmed by the two Governments concerned by an exchange of notes; this clause is considered necessary in view of the obligation to submit American agreements to the Senate for ratification.

TO-DAY'S WIRE GOSSIP.

DISCUSSION OF THE STATE OF THE MARKET — YESTERDAY'S ADVANCE.

New York, April 10, (Special)—Men who had been looking for and predicting a rise of several points in the active issues were surprised that such movement did not start earlier in the day yesterday. In fact they believed that the tendency to recover which was noticeable in the latter of Wednesday and yesterday afternoon would become more pronounced at the opening yesterday. As the day advanced they were at a loss to understand the halting tendency of the market. These same interests are disposed to believe in spite of lower London prices this morning that recovery will be carried somewhat further today. It is assumed that the professional element will to some extent turn to the long side and take stock for which they will not be required to pay until next Monday. Even the most optimistic interests do not look for the market to reach a higher level at this time than that from which it eased off following the three weeks of genuine activity and sharp advances.

PREMIER RECEIVED HUGE PETITIONS.

Regarding License Law Containing Thousands of Names.

PREMIER PROMISES LIQUOR MEN "CONSIDERATION" AND ANTI-ALCOHOLIC PEOPLE, "SERIOUS CONSIDERATION."

Quebec, April 10.—Premier Gouin looked worried yesterday. On the head of the recent appearance of an anti- of an anti-alcoholic bill, the presentation of an anti-alcoholic petition, signed by 100,000 people, the appearance of an "alcoholic" deputation, and the presentation of an alcoholic measure, there came yesterday morning another petition and another deputation. The officers of the Montreal Licensed Victuallers Association were early on the scene at the Parliament building yesterday morning, bearing in their arms a huge roll of paper resembling a moving picture reel. As this immense piece of paper was gradually unrolled it proved to be a petition asking that the license laws remain as they are, and a list of names, said to be 70,000 in number. The Premier did not count them, as he was too busy getting ready for prorogation. The petition was in one continuous scroll. Interesting statistics afterwards furnished by the delegation showed that before being rolled up in Montreal for shipment to Quebec, the petition was of sufficient length to stretch from the Licensed Victuallers' office to Place Viger station, and that it took fifteen days steady flow of ink to get all the names down on the list.

This roll had hardly been deposited in the Premier's apartment and the delegates sent on their way, happy under the assurance that Hon. Mr. Gouin was "considering" their representations, before, with his usually suavity, the Premier had to turn around and welcome another Montreal delegation, this of ladies charged with the mission of outlining the designs of those who preceded them.

These ladies could also boast of a petition, said to bear 60,000 signatures. This time also, the Premier refused to verify by a count, stating that he would take their word for it and that he would give the matter his "serious consideration."

In the meantime in batches of forties and fifties, anti-alcoholic petitions from rural parishes are inundating the table of the House, and are being carried away to be deposited in the archives. There is yet no evidence of the materialization of the Government measure by which it will be attempted to satisfy all concerned. Altogether, the situation is one of the most remarkable that a Quebec Government has ever had to face.

OPENING OF THE NEW Y.M.C.A.

Building Will be Taken Over by Association Soon.

MASS MEETING IN GYMNASIUM NEXT SUNDAY AFTERNOON.

The Young Men's Christian Association building is now almost completed and will be taken over for the work of the Association in a few days. The character of the opening has now been definitely decided upon and only the details have to be worked out.

A large mass meeting for men will be held in the gymnasium next Sunday afternoon at 4 o'clock. Rev. Hugh Pedley, D.D., of Emmanuel Church, Montreal, will be the speaker. His subject will be "Canada, a Heritage and a Challenge." He is a speaker of great ability and it is expected that many men will hear him on this occasion. Special music will be provided and everything possible is being done to make the meeting one which will attract all the young men in the city.

During the following week the new part of the building will be put into shape for use. The furnishings will be installed and everything made ready.

The formal opening will be Sunday, April 19, and Monday, the 20th. On that Sunday there will be another mass meeting for men. The veteran general secretary of the Montreal association, Mr. D. A. Budge, will be the speaker, and again every effort will be put forward to make the meeting attractive.

On Monday evening, April 20, there will be a public reception and inspection of the buildings.

There will be a platform meeting at 8 o'clock with services appropriate to the occasion. Addresses will be made by Mr. Budge and local men.

At the close of the meeting the public will be invited to visit and inspect every part of the building.

There will be a special "opening" for the boys between 12 and 17, on Tuesday evening, April 21, when all the boys of the city will be invited to the building and will be entertained by the Board of Managers.

On Friday, April 24, an extensive membership canvass will be made to secure a large number of members to enjoy the privileges the Association will offer. It will be an anniversary campaign, run similar to the Building Fund canvass of just one year ago. A hundred men working on ten teams, each with its captain, will call on all the young men of the city and endeavor to secure their membership. The leaders for the contest are already chosen, and they are now securing their teams.

ROSS RIFLE RETURN.

ADDITIONAL ORDER FOR 10,000 GIVEN ON THE 17TH OF LAST.

Ottawa, April 10—Correspondence in reference to the Ross rifle was presented to the House yesterday in three separate returns. From the papers, it appears that an additional order for 10,000 rifles was given to Sir Charles Ross on the 17th of March last. The question of the sight had been carefully considered, and upon the advice of the Militia Council, it was decided to continue to accept the present mark III. sight until a satisfactory new sight can be determined upon. On March 25 an additional payment of $1,473 was passed to the company, this being the balance of an advance of seventy-five per cent. on 52,000 Ross rifles, the orders for which have been placed with the company. In connection with these payments there is a letter dated September 13, 1907, from the manager of the Bank of Montreal at Quebec to the Auditor-General, which states that for some years the bank has been making advances to Sir Charles Ross in connection with his contract with the Government, the moneys received by him under the contract being assigned to the bank as security for the advances.

Several pages of the return are taken up with the result of enquiries into alleged defective rifles.

A similar loan a year ago was issued at 97, and then it was covered about twentyfold.

HAND TERRIBLY MANGLED.

Doctor Withdrew his Remedies in favor of Zam-Buk.

MR. AB. WHEELER, BELLEVILLE

Mr. Ab. Wheeler, Marine and Stationary Engineer, of 145 Front St., Belleville, Ont., says: "Two months ago, while employed in a steam laundry in this city, my left hand became caught and was accidently drawn into a hot mangle. As soon as possible the machinery was stopped and my hand was extricated, but not before the flesh on the palm of the hand was literally cooked to the bone and the fingers flattened out of shape. However, quite soon after the accident my hand and arm became frightfully swollen to the elbow and the hand presented a shocking sight. No one can imagine what I now suffered and endured. Not only was it hard to bear on account of the cruel pains, but it was a great shock to my nervous system. It was some time after the injury before the cooked flesh could be removed from the palm and then only a very little at a time. As soon as all this had been well removed, healing balms were applied, but as the improvement was so slow I obtained permission from the Doctor for Zam-Buk to be used exclusively, as several of my men friends (having previously used it for severe injuries) spoke in the highest terms of its unusual healing qualities and urged me to give it a trial. From the commencement Zam-Buk soothed and relieved the pains and drew out the soreness. I now began to enjoy a good night's rest and sleep. In about three weeks time the palm of my hand was nicely healed over thro' daily application of this wonderful remedy Zam-Buk, and all inflammation and swelling was thoroughly banished from both hand and arm."

TWO LICENSES CUT OFF AT WINDSOR MILLS.

Windsor Mills, April 10.—(Special.)—The temperance sentiment struck here pretty heavily this week, two licenses being cut off at the Council meeting held on Monday night.

The only licenses granted were to Mr. T. Costello, of the Sherbrooke House, and Mr. G. Roy, of the Chateau Windsor.

A good deal of hard feeling is aroused in town over the action of the Council in cutting of the license of the River View Hotel, owned by Mr. A. M. Meigs.

LEMONS MATURED IN SUTTON.

Sutton, April 10.—(Special.)—A ripe lemon was picked from a lemon tree grown by Postmaster H. G. Bates, of Alva, the present week, that measured 12¼ inches by 14 inches. The lemon was ripe, of extra quality and Mrs. Bates made two pies from the same that have been tested and complimented by many persons.

The climate seems to be becoming tropical, as No. 1 lemons can be grown here as proven by Mr. Bates, and also the past year by Dr. F. A. Cutter, who also succeeded in bringing a fine specimen to maturity.

MARRIAGES.

O'HEARN—JOYAL.

Bondville, April 10, (Special)—In the Church of the Good Shepherd, Bondville, Que., on Tuesday evening, April 7th, Miss Katie May, eldest daughter of John Joyal, Esq., of Bondville, Que., was united in marriage to Mr. John O'Hearn, of Brattleboro, Vt. The pretty little church was filled to overflowing with friends and relatives of the contracting parties. Miss Evelyn Miltimore, eldest daughter of Mr. Arthur Miltimore, of Granby, was bridesmaid and Mr. George McClay, of Bondville, acted as best man. The ushers were Mr. Walter Seymour and Mr. O. W. Streeter. The Rev. J. W. Martin, incumbent of the parish, officiated. The Rev. G. A. Mason, of West Shefford, was expected to assist, but was unavoidably absent through serious illness of a parishioner. The choir of the church sang the 351st hymn and the special psalm appointed for the occasion in the marriage service, most creditably. Mrs. (Rev.) Martin played the wedding march at the close of the service. The bride who was given away by her father, was gowned in white muslin, over pink silk, with bridal veil. The bridesmaid was attired in pure white and both carried bouquets of white carnations and maiden hair fern.

Immediately after the ceremony a reception was tendered the newly wedded pair at "Brome Lake Villa," which will be their home for some time to come.

The wedding presents were numerous and of a most useful character.

Mr. and Mrs. O'Hearn have the best wishes of all in this vicinity for their future happiness and prosperity.

The Foundation of a Good Bed

The foundation is the most important part of a building. It is on the foundation that the whole weight of the structure rests. A fault in the foundation means the entire building at fault.

$8 - A "Banner" Spring Bed - $8

is the foundation of a good bed. A "BANNER" Bed is the right principle to begin with, because spiral springs are the only ones which will not sag in the middle—will not stretch out of shape—will not lose their springiness.

The "BANNER" is the perfect spiral spring bed. It is made of best quality 100 spiral springs. These are oil tempered, like a razor blade—japanned to prevent rust—and rigidly attached to flat steel bands which in turn are riveted to angle iron sides. This method of construction also enables the "Banner" to fit any iron bed without the use of slats.

If you want a bed that is noiseless—that will hold its shape—that will always be easy and comfortable—and that is guaranteed for a lifetime—you should certainly buy the "BANNER" Spring Bed. The price is $8.—anywhere.

MONUMENT NATIONAL LIBRARY.

The following petition from the Monument National was read.

The undersigned, members of the National Library, of Sherbrooke, respectfully represent:

That they have formed an association in the public interest for the public instruction.

To this end, they have organized the Monument National, with a public library, whose operations are known to your Council;

That this library, which is known as the National Library of Sherbrooke, possesses a good number of books, which are already insufficient to meet public demands.

It is for this reason that we are asking the Council for $500, to buy books and put the Library on a better footing, in a word to increase its efficiency.

AGAINST THE PEDLARS.

Ald. Olivier stated that he would prepare a by-law to raise the license fee for pedlars, going from house to house, from $50 to $100.

Ald. McManamy thought that was going it pretty strong. Men were making their living in that business, and the license fee would be prohibitory.

Both Aldermen Olivier and Lanctot thought such pedlars were not wanted in the city.

Ald. McManamy—Is it to protect the public or the trade?

Alderman Olivier—Both.

Alderman Howard thought they were very undesirable.

TO CLOSE STORES SUNDAY.

Ald. Thompson said he thought something should be done to close the candy and other stores on Sunday.

Ald. Olivier said steps were already being taken in this direction.

APPLICATIONS FOR LICENSES.

The applications for liquor licenses were fyled.

There were no new applications.

All were referred to the Police Committee.

The firm of Panneton & Leblanc, city solicitors, apply for an increase in their annual retainer to $1,000.—Referred to Finance Committee.

Jos. Beaulien, who is establishing a business on an unnamed street in East Sherbrooke, asks that the city name the street and number the houses. As the street was on private property, it was recommended that Mr. Beaulien give the street a name himself, which Ald. Desaulniers said he no doubt would do.

A letter was read from a Montreal broker, asking what inducement the city would offer a tool manufactory, employing 50 to 100 hands, to locate in Sherbrooke.

The Water Committee has finally ordered the purchase of the Goold pump for the new water works. There was some criticism of this last night, as the pump offered by the Fairbanks Co. is $1,000 cheaper and guaranteed to do the same work. Ald. Lanctot explained that it was impossible to see the Fairbanks pump in operation at any place nearer than Texas. Ald. Howard, also, supported the action of the Committee in finally deciding upon the Goold pump.

TheWater Committee recommends that the salary of the City Engineer, Mr. Tremblay, be raised $500, namely, to $2,500, and that the salary of Mr. McCaw be increased $100. This recommendation has been referred to the Finance Committee.

SPORTING NEWS.

THE CURLING RINK PROJECT.

Will Come up at Meeting on 14th

IF ACTION IS NOT TAKEN PROPOSAL WILL LIKELY BE DROPPED.

The annual general meeting of the Sherbrooke Curling Club will be held at the Magog House, Tuesday evening, April 14th, 1908, at 8 p.m.

In addition to the usual business the question of the new rink will be brought up.

Matters are not progressing very favorably towards a new curling rink. In August last Messrs. F. N. McCrea and C. W. Cate, secured an option on a property on Water street.

They have been prepared and are still prepared to turn it over for this purpose.

Several plans have been discussed in connection with a new curling rink, one that the rink should be constructed by an association composed of members and leased to the club.

The matter has dragged on, however, and little enthusiasm has been manifested in connection with the project.

The option on the property expires on the 14th.

If definite action is not taken at the meeting on the 14th, it is probable that the matter will be finally dropped and the proposed site disposed of for other purposes.

SMOKER AT METROPOLITAN.

A successful smoker was held at the Metropolitan Club last night. The musical programme included piano selections by Messrs. Steele and Sampson; solos by Messrs. Scott Gilbert, Edwards, Dinning, Edney, McDonald, Jones, Watson and Harkness.

The President, H. A. Hyndman, and Vice-President V. Spearing, gave short speeches. Mr. J. Ross McLeod's address on "Why the saloons should close at seven o'clock," was extremely interesting.
